The provisions of this Act shall be construed to apply to every person, agent, receiver, trustee, firm, corporation, co-partnership, or association, either domestic or foreign, which is controlled or held with others by majority stock ownership, or ultimately controlled or directed by one management or association of ultimate management.

(b) General Distributor's License: A General Distributor's License shall authorize the holder thereof to distribute or to sell beer to other General Distributors, Local Distributors, Retail Dealers, and others only in the unbroken original packages in which it is received by him from the manufacturer or other General Distributor, and not to be consumed on the premises where sold. Annual State fee for a General Distributor's License shall be Two Hundred Dollars (\$200).

(c) Local Distributor's License: A Local Distributor's License shall authorize the holder thereof to sell and distribute beer to Retail Dealers, ultimate consumers and others in the county of his residence only in the unbroken original packages in which it is received by him not to be consumed on the premises where sold; and such sales may be made to other local distributors licensed to sell beer only in the county of the selling distributor's residence. (d) Retail Dealer's On-Premise License: A Retail Dealer's On-Premise License shall authorize the holder thereof to sell beer, for consumption on or off the premises where sold, in or from any lawful container to the ultimate consumer, but not for resale. Annual State fee for a Retail Dealer On-Premise License shall be Twenty-five Dollars (\$25).

(e) Retail Dealer's Off-Premise License: A Retail Dealer's Off-Premise License shall authorize the holder thereof to sell beer in bottles or other lawful container direct to the consumer, but not for resale, and not to be opened or consumed on the premises where sold. Any warehouse in which sales orders for beer are taken or money therefor collected shall be deemed a separate place of business for which a license is required. The sale and delivery of beer from a truck of a licensed Manufacturer or Distributor to a licensed retail dealer at the latter's place of business shall not constitute such truck to be a separate place of business. The Board shall govern by rule and regulation, the transportation of such beer, the sale of which is to be consummated at the licensed Retailer's place of business. As amended Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 11.

Any such Temporary License shall expire at the end of the fourth day after the date the same is issued. Fees collected upon the issuance of such Temporary Licenses shall be retained by the county, and no other fees shall be charged for such licenses; and no refund shall be allowed upon the surrender of nonuse of any such license. The County Judge shall issue such licenses only for the sale of beer at picnics, celebrations, or similar events, and may refuse to issue such licenses if in his judgment the issuance of the license would in any manner be detrimental to the public. #### Art. 667—6. Hearing upon application

The application of any person desiring to be licensed to manufacture, distribute, or sell beer shall be filed in duplicate with the County Judge, who shall set same for a hearing at a date not less than five (5) nor more than ten (10) days from the filing of same.

Upon the filing of any application for a license, the County Clerk shall give notice thereof by posting at the courthouse door a written notice of the filing of such petition, and the substance thereof, and the date of hearing upon such petition. Any citizen shall be permitted to contest the facts stated in said petition and the applicant's right to secure license upon giving security for all costs which may be incurred in such contest should this case be decided in favor of the applicant; provided, however, no officer of a county or any incorporated city or town shall be required to give bond for such costs.

If upon hearing upon the petition of any applicant for a license, the County Judge finds the facts stated therein to be true and has no other lawful reason for denying the application, he shall enter an order so certifying, and a copy of said order shall be delivered to the applicant; applicant shall thereupon present the same to the Assessor and Collector of Taxes of the county wherein the application is made and shall pay to the Assessor and Collector of Taxes the fee specified in this Article for the class of license applied for; the Assessor and Col-

lector of taxes shall thereupon report to the Texas Liquor Control Board upon a form prescribed by said Board certifying that the application for license has been approved and all required fees paid, and such other information as may be required by the Board, and to such certificate shall be attached a copy of the original application for license. Upon receiving such report or certification from the Assessor and Collector of Taxes, it shall be the duty of the Board or Administrator to issue the license accordingly, if it is found that the applicant is entitled to a license and there are no legal reasons why a license should not be issued, which license shall show the class of business the applicant is authorized to conduct, amount of fees paid, date, correct address of the place of business, and date of expiration, and such other information as the Board shall deem proper; provided, however, that the Board or Administrator may refuse to issue any such license if in possession of information from which it is determined that any statement contained in the application therefor is false, untrue, or misleading. Upon any such refusal by the Board or Administrator, applicant shall be entitled to refund of any license fee paid to the County Assessor and Collector of Taxes at the time of filing his application.

If upon hearing upon the petition of any applicant for a license the County Judge finds any facts stated therein to be untrue, the application shall be denied; and it shall be sufficient cause for the County Judge to refuse to grant any license when he has reason to believe that the applicant will conduct his business of selling beer at retail in a manner contrary to law or in any place or manner conducive to violation of the law, or likely to result in any jeopardy to the peace, morals, health, or safety of the general public. In the granting or withholding of any license to sell beer at retail, the County Judge in forming his conclusions shall give due and proper consideration to any recommendations made by the District or County Attorney or the Sheriff of the county, and the Mayor and Chief of Police of any incorporated city or town wherein the applicant proposes to conduct his business and to any recommendations made by representatives of the Board.

In the event the County Judge, Texas Liquor Control Board or Administrator denies the application for a license, he shall enter his judgment accordingly, and the applicant may within thirty (30) days thereafter appeal to the District Court of the county where such application is made, and such District Court may hear and determine such appeal in termtime or vacation in a trial de novo. It shall be incumbent upon the applicant to make the same showing in all matters to the District Judge that he is required by this Article to make to the County Judge, and the District Judge in hearing upon the appeal shall hear the cause and render judgment in like manner as required of the County Judge. Judgment of the District Court shall be final, and if the application shall be granted by final judgment, a certified copy of the judgment shall be presented to the Assessor and Collector of Taxes who shall thereupon accept the fees required and make report to the Board in the manner required upon like orders issued by the County Judge. Any person appealing from the judgment of the County Judge shall give bond for all costs incident to such appeal and shall be required to pay such costs if the judgment on appeal is unfavorable to the applicant but not otherwise.

Every person making application for an original license of any class herein provided, except Branch Licenses and Temporary Licenses, shall be subject at the time of the hearing thereon to a fee of Five Dollars (\$5), which fee shall, by the County Clerk, be deposited in the County

Treasury, and the applicant shall be liable for no other fees except said application fee and the annual license fee required of him by this Act.

No person shall be authorized to sell beer during the pendency of his original application for a license, and no official shall advise or suggest that such action would be lawful or permitted. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

Art. 667—7. Expiration and renewal of licenses

(a) Any license issued under the terms of this Article, except Branch Licenses and Temporary Licenses specifically provided for, shall terminate one year from the date issued, and no license shall be issued for a longer term than one year. Any person now holding a license to manufacture or sell beer in this State and desiring to renew the same shall before expiration of his present license, and not more than thirty (30) days prior to such expiration date, be required to make application in the manner herein provided for the primary issuance of any class of license; and when it is desired to renew any license obtained under the procedure provided in this Article, the holder of such license shall make written application to the Assessor and Collector of Taxes of the county of the Licensee's residence not more than thirty (30) days prior to the date of expiration of the license held by him. Such application for renewal shall be signed by the applicant and contain full and complete information as set out and required in any application for original license, and applicant shall pay to the Assessor and Collector of Taxes the appropriate license fee for the class of license sought to be renewed. The Assessor and Collector of Taxes shall thereupon transmit to the Board a copy of said application for renewal together with the certification that all required fees have been paid for the ensuing license period; and upon receiving the copy of said application and certification as to the payment of fees, the Board or Administrator may in its discretion issue the license applied for, or may within five (5) days after receipt of such application reject the same and require that the applicant for renewal file application with the County Judge and submit to hearing before such County Judge in the manner required of any applicant for the primary or original license. Any applicant for renewal when such renewal is rejected by the Board or Administrator shall be entitled to refund of any license fee paid to the County Assessor and Collector of Taxes at the time of filing his application for renewal.

(b) Any application for renewal shall be accompanied by a fee of Two Dollars (\$2), which sum shall be in addition to the amount required by law to be paid for annual license fees, as a renewal fee charge. Any renewal fee charges collected by the County Assessor and Collector of Taxes shall be deposited in the County Treasury as fees of office and be so accounted for by him. No applicant for renewal of license shall be required to pay any fees other than the renewal fee charge and license fees herein provided, except when required by action of the Board or Administrator to submit to hearing upon such renewal before the County Judge.

(c) A separate license fee shall be required for every place of business where the business of manufacturing, importing, or selling beer is conducted.

(d) No license issued under the provisions of this Article shall be assignable by the holder thereof to any other person; provided, that should any holder of a license desire to change the place of business designated in such license, he may do so by applying to the County Judge and receiving his consent or approval as in the case of original applica-

tion for license as herein provided and without being required to pay additional license fees for the remaining unexpired term of the license held by him. As amended Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 13.

(e). No licensee shall obtain any refund upon the surrender or non-use of any license for the manufacture, distribution, importation, or sale of beer except as provided in Section 18<sup>1</sup> of this Article. As amended Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 14.

(h). Should the license of any licensee become mutilated or destroyed the Board or Administrator may issue another license by way of replacement in any manner deemed appropriate by the Board or Administrator. As amended Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

(c) On beer imported into this State the duty of payment of the tax and affixing and cancelling the stamp as required herein shall rest primarily upon the importer, and it is hereby declared to be unlawful to import beer into this State unless and until said tax has first been paid and the stamp evidencing such payment has been first affixed and cancelled as required by this Act. It is provided, however, that a holder of a manufacturer's license who imports beer into this State for re-bottling purposes shall not be required to affix the State tax stamps to the container in which he receives the same, and that the same may be transported, delivered and stored by him without the State tax stamps being affixed to the containers thereof, but in all instances where beer

is imported into this State for rebottling purposes the importer thereof shall be required by rule and regulation of the Board to make and keep such records and submit such reports as may be required, to the end that it will preclude any person from evading the payment of the proper tax.

(d) On beer manufactured in this State the duty of paying the tax and affixing and cancelling the stamp as required herein shall rest primarily upon the manufacturer, and it is hereby declared to be unlawful for any manufacturer to transport any beer or to deliver to any person any beer to be transported away from the brewery of said manufacturer unless and until tax has first been paid and the tax stamp evidencing such payment has been first affixed and cancelled as required by this Act; provided, however, that no person holding a Manufacturer's License in this State shall be required to affix stamps on any containers of beer stored in the brewery where same is brewed or being transported therefrom to a point outside of this State.

(e) Tax stamp of proper denominations shall be placed on each original package as herein defined upon which the stamp is required to be affixed, in such a way that the original package cannot be conveniently and practically opened without mutilating or defacing said stamp; provided, however, that as to packages where this requirement is in the judgment of the Board impractical the Board shall have authority by regulation to require the affixing of the stamp in any manner it may deem necessary for the protection of the revenue due to the State.

(f) It shall be unlawful to transport to destinations in this State any beer upon which tax has not been paid and such payment evidenced by stamps affixed and cancelled as required by law.

(g) If any person has paid the tax on any beer and affixed tax stamps to the containers thereof and thereafter said beer is shipped out of Texas for consumption, a claim for refund may be made upon paying a fee of Five Dollars (\$5) to the Board at the time and in the manner prescribed by the Board or Administrator. So much of any funds derived hereunder as may be necessary, not to exceed two (2) per cent thereof, is hereby appropriated for such purpose. The Board may promulgate rules and regulations generally for the enforcement of this provision.

(h) No bottled beer shall be stored in this State except it be in a container or original package bearing the proper tax stamp, unless the same is exposed for sale by a retailer or is being cooled for sale by a retailer, except when the same is legally in the possession of the ultimate consumer.

(i) Except as may be otherwise provided by rule and regulation of the Board no person shall be authorized to purchase any beer tax stamps herein provided unless he is the holder of a Manufacturer's or Distributor's License; provided however, that the holder of a Manufacturer's or Distributor's License may designate as his agent for the purchase of stamps any manufacturer or wholesaler located outside the State whose products are imported into this State by the holder of such license; and the State Treasurer shall make no sale of beer tax stamps to any person not authorized to purchase same.

(j) The Board shall from time to time inspect the records of manufacturers, importers, or distributors to ascertain whether there has occurred any evasion of the tax imposed by this Article upon beer sold, stored, distributed, transported, or held for the purpose of sale in this State. It is hereby declared to be the law that as to all beer sold, stored, distributed, transported or held for the purpose of sale in this State and for which the tax has not been paid and evidenced as required by law

prior to the first such act, the tax hereby imposed shall be double the amount of tax required to be paid upon beer that is stamped before its first sale, storage, distribution, or transportation in this State; and any person who shall sell, store, distribute, transport, or hold for purpose of sale any unstamped beer shall be in violation of the law and may be held liable for the tax that may be found to be due to the State. Any receipts or sales or record of receipt or sales of beer by any person in quantity exceeding the amount of beer for which tax stamps have been purchased by such person from the Board shall be prima facie evidence of the sale of beer without payment of the tax thereon.

(k) It shall be unlawful for any person to open any container of beer having a stamp thereon without then and there mutilating or otherwise defacing such stamp so that it cannot be again used; and

(l) It shall be a violation of law for any person to attach to any container of beer or to possess any stamp that has been theretofore attached to a different container, or to use for the packing of beer or to possess for such purpose any container bearing a stamp that has theretofore been used for the delivery of beer unless the stamp required by law to cover the previous sale or delivery has thereafter been defaced, mutilated, or removed.

(m) Any payment of taxes upon beer found to have been sold, stored, or transported before payment thereof, voluntarily or as a result of seizure and sale shall not excuse any person from penalties provided for failure to pay taxes and evidence such payment by the application of stamps as required in this Article. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 2, § 23, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

#### Art. 667—24. Marketing practices

(1) It shall be unlawful for any manufacturer or distributor directly or indirectly or through a subsidiary or affiliate, any agent or any employee, or by any officer, director, or firm member:

(a) Ownership of Interest or Real Estate: To own any interest in the business of any retail dealer in beer, or any interest of any kind in the premises in which any such retail dealer conducts his or its business.

(b) Retail licenses: To hold the ownership or any interest in any license to sell brewery products for consumption on the premises covered by such license, except the license of manufacturers to dispense their own products on the brewery premises.

(c) Loans and Guaranties: To furnish, give or lend any money or other thing of value, except signs, or to extend unusual credit terms, to any person engaged in selling brewery products for consumption on or off the premises where sold, or to any person for the use, benefit, or relief of said person engaged in selling as above or to guarantee the repayment of any loan or the fulfillment of any financial obligation of any person engaged in selling beer at retail. The extension of credit for longer period of time than is generally extended to regular customers of a manufacturer or distributor covering the purchase of brewery products from such manufacturer or distributor shall be deemed unusual credit terms.

(d) Consignment Sales: To make any delivery of beer under any agreement, arrangement, condition, or system whereby the person receiving the same has the right at any time to relinquish possession to or return same to the shipper, or whereby the title to such beer remains in the shipper; or to make any delivery of beer under any agreement,

arrangement, condition, or system whereby the person designated as the receiver merely acts as an intermediary for the shipper or seller and the actual receiver, including any delivery of beer to a factor or broker; or to employ any other method whereby any person is placed in actual or constructive possession of beer without acquiring title thereto, or whereby any person designated by the shipper or seller as the purchaser did not in fact purchase the same, or to make any other kind of transaction which in law may be construed as a consignment sale.

(e) Equipment and Fixtures: To furnish, give, rent, lend, or sell any equipment, fixtures, or supplies to any person engaged in selling brewery products for consumption on the premises where sold. This Subsection does not apply to such equipment, fixtures, or supplies furnished, given, loaned, rented, or sold prior to November 16, 1935, except that such transactions made prior to this date are not to be used as a consideration for an agreement thereafter made respecting the purchase of brewery products; provided that equipment, fixtures, or supplies furnished, given, rented loaned, or sold to any person engaged in selling brewery products for consumption on the premises where sold, prior to November 16, 1935, when removed from the premises of such person or repossessed by any manufacturer or distributor of brewery products or by his agents or employees, shall not again be furnished, given, rented, loaned, or sold to any person engaged in the sale of brewery products for consumption on the premises where sold.

(f) Allowances and Rebates for Advertising and Distribution Service: To pay or to make any allowance to any buyer for a special advertising or distribution service, (1) unless in pursuance of a written contract defining the service to be rendered and the payment therefor; and (2) unless such service is rendered and the payment is reasonable and not excessive in amount; and (3) unless such contract is separate and distinct from any sales contract; and (4) unless such payment is equally available for the same service to all competitive buyers in the same class in the same trade area; or (5) where the result of any allowance, rebate, or payment results in the retailer giving to any manufacturer or distributor any advantage as to the sale of beer distributed by such manufacturer or distributor.

(g) Prizes and Premiums: To offer any prize, premium, gift, or other similar inducement, except advertising novelties of nominal value, to any dealer in or consumer of brewery products.

(h) Advertising: To publish or disseminate or cause to be published or disseminated by radio broadcast, or in any newspaper, periodical, or other publication or by any sign or outdoor advertisement or any other printed or graphic matter, any advertisement of any brewery product, if such advertisement causes, or is reasonably calculated to cause, deception of the consumer with respect to the product advertised. An advertisement shall be deemed misleading if it is untrue in any particular or if directly or by ambiguity, omission, or inference, it tends to create a misleading impression. Any advertisement of or reference to alcoholic content of any brewery product or any advertisement disparaging of a competitor's products, or that is obscene or indecent, shall be unlawful.

(i) Misbranding: To sell or otherwise introduce into commerce any brewery product that is misbranded. A product is misbranded:

(3) Standards of Quality—If it misrepresents the standard of quality of products in the branded container.

(4) Labels—If it is so labeled that it purports to be any product other than is actually in the container.

(j) Exclusive Outlet: To require, by agreement or otherwise, that any retailer engaged in the sale of brewery products shall purchase any such products from such persons to the exclusion in whole or in part, of the products sold or offered for sale by any other person engaged in the manufacture or distribution of brewery products, or to require the retailer to take or dispose of a certain quota of any such product.

(k) Commercial Bribery: To give or permit to be given money or anything of value in an effort to induce agents, employers, or representatives of customers or prospective customers to influence their employers or principals to purchase or contract to purchase brewery products from the maker of such gift, or to influence such employers or principals to refrain from dealing or contracting with competitors.

(l) Returnable Container: It shall be unlawful for any manufacturer to accept as a return or to purchase or use any barrel, half-barrel, keg, case, or bottle permanently branded or imprinted with the name of another manufacturer.

(m) Labeling: To manufacture or sell or otherwise introduce into commerce in this State any brewery product unless it bear a label showing in plain, legible type the name and address of the manufacturer and the name of the distributor for whom any special brand is manufactured, the brand or trade name, and the net content of the bottle in terms of United States liquid measure; or to manufacture or sell, or otherwise introduce into commerce in this State any beer or container or dispensing equipment, carton, or case for beer bearing a label or imprint which by wording, lettering, numbering, or illustration, or in any other manner carries any reference or illusion or suggestion to the alcoholic strength of the product or to any manufacturing process, ageing, analysis, or scientific matter or fact, or upon which appears any such words or combination of words or abbreviations thereof, as "strong," "full strength," "extra strength," "high test," "high proof," "prewar strength," "full old time alcoholic strength," or any words or figures or other marks or characters alluding or relating to "proof," "balling" or "extract," contents of the product, or which bears a label that is untrue in any particular or which directly or by ambiguity, omission, or inference tends to create a misleading impression or causes, or is reasonably calculated to cause deception of the consumer or buyer with respect to the product.

(2) It shall be unlawful for any retail dealer to dispense any draft beer unless each faucet or other dispensing apparatus is equipped with a sign clearly indicating the name or the brand of the particular product being at the time dispensed through each faucet or other apparatus, which sign shall be in legible lettering and in full sight of the purchaser.

(3) In addition to other power and authority granted by this Act to the Board or Administrator, said Board shall have the power and authority upon finding it necessary to effectuate the purposes of this Article to adopt rules and regulations to provide a schedule of deposits required to be obtained on any beer containers delivered by any licensee, and any violation of any such regulation shall be unlawful.

(4) Provided that if any provision of this Section 24 is for any reason held unconstitutional and invalid, such decision shall not affect the validity of the remaining portions, and the Legislature hereby declares that it would have passed this Section, and each subsection, provision, sentence, clause, or phrase thereof, irrespective of the fact that any provision is declared unconstitutional. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 2, § 24, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

#### Art. 667—25. Transportation of beer

(a) It is hereby declared to be lawful to transport beer, as herein defined, and upon which the tax has been paid and evidenced by stamps as required by law, from any place in this State where the sale, manufacture, and distribution of said beer is authorized by law to any other place within this State where the same may be lawfully manufactured, sold, or distributed; and from the State boundary to any such place, even though in the course of such transportation the route over which the same is being transported may traverse local option territory in which the manufacture, sale, and distribution of said beer is prohibited. Provided, however, that any such shipments must be accompanied by a written statement furnished and signed by the shipper, showing the name and address of the consignor and the consignee, the origin and destination of such shipment, and such other information as may be required by the Board or Administrator; and it shall be the duty of the person in charge of such cargo while it is being so transported to exhibit such written statement to any representative of the Board or any peace officer making demand therefor, and said statement shall be accepted by such officer as prima facie evidence of the lawful right to transport such beer. The transportation of beer not accompanied by statement herein required, or failure to exhibit the same upon lawful demand, shall be a violation of this Act, and any beer being transported in violation hereof shall be subject to seizure without warrant.

(b) Possession by any person in any dry area of beer in any quantity exceeding twenty-four (24) bottles having a capacity of twelve (12) ounces each shall be prima facie evidence of possession for the purpose of sale in a dry area. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 2, § 25, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 49.

#### Art. 667—26. Penalty

Any person who violates any provision of this Article shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than Twenty-five (\$25.00) Dollars nor more than Five Hundred (\$500.00) Dollars or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment.

It is provided, however, that in cases where the Administrator or the Board in writing recommends acceptance of a plea of guilty, and such plea is accepted, the decree of the court and assessment of penalty shall not require cancellation of a license as provided in Section 19(p)<sup>1</sup> of this Article, but shall leave the question of cancellation of license in such cases to the discretion of the Board or Administrator, having in mind the purposes of this Act. Acts 1935, 44th Leg., 2nd C.S., p. 1795, ch. 467, Art. 2, § 26, as added Acts 1937, 45th Leg., p. 1053, ch. 448, § 49; Acts 1937, 45th Leg., 1st C.S., p. 1760, ch. 13, § 20.

Upon any judgment of the Court that violation of any restraining order or injunction issued hereunder has occurred, such judgment shall operate to cancel without further proceedings, any license or permit held by the person who is defendant in the proceedings, and no license or permit shall be reissued to any person whose license or permit has been so cancelled, revoked, or forfeited within one year next preceding the filing of his application for a new license or permit. **Failure to display certificate**

Sec. 4. The failure of any person, firm, corporation, common carrier or association engaged in any of the businesses described in this Act, to display at the place where any of the operations of such businesses are being conducted, a valid health or registration certificate, as required by this Act, for each person employed in, on, or about such place, shall be prima facie evidence that the said person, firm, corporation, common carrier or association, in violation of requirements called for by this Act, failed to require the exhibition of the pre-employment health certificate, of such person and failed to institute and have made of such person, actual and thorough examinations necessary to the findings of freedom from communicable diseases at intervals of time not exceeding six months.

(c) "Coloring matter" means and includes any dye or any liquid or concentrate, or material containing a dye, or materials which react to form a dye, used or intended to be used for the purpose of enhancing the color of citrus fruit by the addition of artificial color to the peel thereof; provided that said term shall not include any process or treatment of fruit which merely brings out or accelerates the natural color of fruit.

(d) "Commissioner" shall mean the Commissioner of Agriculture of the State of Texas.

The Commissioner shall cause the said formula to be examined, and the said sample to be analyzed, and if there shall be found in either any ingredient prohibited under Section 2 hereof, or any other ingredient known to be dangerous to health under the conditions of its use, or if the said coloring matter shall vary in any material or substantial degree from the formula so furnished, then such coloring matter shall not be used on citrus fruits, and the manufacturer shall be denied the license hereinafter required. If such coloring matter is found suitable for use in food under the provisions of this and Section 2 hereof, then the coloring matter shall be authorized for use on citrus fruits, and the manufacturer shall be licensed as hereinafter provided. #### Revocation, cancellation, or suspension of license

Sec. 4. The State Board of Dental Examiners shall be, and it shall be their duty, and they are hereby authorized to revoke, cancel or suspend any license or licenses that may have been issued by such Board, if in the opinion of a majority of such Board, any person or persons to whom a license has been issued by said Board to practice dentistry in this State, shall have, after the issuance of such license, violated any of the provisions of the Statutes of the State of Texas relating to the practice of dentistry in this State, or any of the provisions of Chapter 7, Title 12 of the Penal Code of the State of Texas, or any amendments that may hereafter be made thereto. Provided, however, that if a majority of such Board shall be of the opinion that any person or persons to whom a license has been issued by said Board shall have violated any of the provisions of said Statutes or Penal Code, such Board shall first have an order entered in the Records of said Board declaring it to be the opinion of the majority of such Board that such person or persons have so violated the provisions of said Statutes or Penal Code, within twelve (12) months prior to the date of such order, and shall mail by registered mail to the last known address of such person or persons a copy of such order, together with

notice that if such alleged violations of said Statutes and Penal Code are not discontinued by such person or persons within ten (10) days after the mailing of such notice, or satisfactory evidence produced showing such alleged violations did not occur, that such Board will proceed to revoke, cancel or suspend the license of such person or persons alleged to have violated said Statutes and Penal Code. Such order and such notice shall state the alleged violations of such Statutes and Penal Code as are to be relied upon by said Board as grounds for the cancellation of such license. If, from and after ten (10) days from the mailing of such notice, the person or persons to whom such notice or notices have been sent shall in the opinion of said Board have failed and refused to desist from the violation complained of and set out in said order and said notice, or failed to show satisfactory evidence that such violations did not occur, said Board shall proceed to set a time and place, not less than ten (10) nor more than thirty (30) days, for a hearing to consider the revocation, cancellation or suspension of such license or licenses; and a copy of such order shall be sent by registered mail to the person or persons alleged to have violated the provisions of said Statutes and Penal Code, not less than five (5) days prior to the date set for the hearing thereon. Such order and such notice shall likewise state the grounds alleged to have been violated, as provided in the first order herein. At the time and date set in said order and said notice for such hearing, the person or persons alleged to have violated the provisions of the Statutes of the State of Texas relating to dentistry, or the provisions of said Chapter 7, of Title 12 of the Penal Code, may appear before said Board and show cause, if any he has, why said license should not be revoked, cancelled, or suspended. Such hearing shall be governed by such rules and regulations as may be prescribed by the Board. After such hearing, the Board shall enter an order in its minutes dismissing such charges or revoking, cancelling or suspending for a time to be fixed by the Board, not to exceed twelve (12) months, the license or licenses of the person or persons accused, as in the opinion of the Board the facts brought out at such hearing justify and require. Provided, however, that any order cancelling or revoking or suspending such license or licenses shall be signed by a majority of such Board and by all the members of such Board present at such hearing. Provided that when the license of such licensee is revoked or cancelled he shall be allowed to continue the practice of his profession pending appeal upon his giving a supersedeas bond in such amount as shall be set by the District Court, conditioned to faithfully observe the law.

#### Appeal to court

Sec. 5. If said Board shall make and enter any order cancelling or suspending any license or licenses as hereinabove provided, the person or persons whose license shall have been so cancelled and revoked or suspended may, within thirty (30) days after the making and entering of such order, take an appeal to the District Court of the county in which the alleged offense occurred by filing an appropriate petition for such purpose. Said cause shall be placed on the docket of said Court in the name of the party or parties filing same, as plaintiff, and the State Board of Dental Examiners, as defendant. It shall be the duty of said Board, upon the filing of a petition asking for an appeal and review of such proceedings of said Board by the person or persons accused, and after citation in such cause has been issued and served as in other civil cases, to prepare and transmit to such District Court upon notice from such Court a transcript of the orders hereinabove provided for, the same to be certified as true and correct by the Secretary of said Board. Such District Court shall thereafter and under the rules of procedure applicable to other civil cases,

proceed to set such cause for hearing as in other civil cases. Upon the hearing of such cause, if such Court shall find that the action of such Board, in cancelling or revoking or suspending such license or licenses is not well taken or that same would or might deprive such licensee unjustly of his license to practice dentistry in this State, such Court shall by appropriate order and judgment set aside such action of said Board; but if such Court shall sustain such action of said Board in cancelling and revoking or suspending such license or licenses, an order shall be made and entered in appropriate form sustaining and affirming the action of such Board, from which order an appeal may be taken to the Court of Civil Appeals, as in other civil causes. If no appeal be taken from such order of such Court within thirty (30) days, the same shall become final. If an appeal be taken from the District Court to a Court of Civil Appeals, the order of such Court shall become final within thirty (30) days after the making and entry of such order by such Court of Appeals. Provided in all such cases of appeal that the Court shall give preference to same, and advance them on the docket of said Court so that speedy action may be had; providing also that trial in the District Court shall be de novo.

#### Additional offices

Sec. 6. This Act shall not be intended to prohibit any duly authorized, licensed and registered dentist from maintaining one additional office in any town or city other than the town of his residence.

#### Penalty

Sec. 7. If any person or persons shall practice or offer to practice dentistry in this State, or hold himself out as practicing dentistry in this State after such order revoking or cancelling his license to practice dentistry shall have become final, as herein provided, or during the period of the suspension of such license after such suspension has become final, he shall be punished by fine in any sum not less than One Hundred Dollars (\$100) nor more than Five Hundred Dollars (\$500), or by imprisonment in the county jail for not less than thirty (30) days nor more than six (6) months, or by both such fine and imprisonment.

#### Provisions cumulative; conflicting laws repealed

Sec. 8. This Act shall be cumulative of all laws now in effect providing for the revoking, cancelling or suspending of licenses for the practice of dentistry or dental surgery in this State, except in so far as the provisions hereof may conflict with other laws now in effect. And all laws or parts of laws in conflict herewith are hereby repealed. [Acts 1937, 45th Leg., p. 1346, ch. 501.]

“Person” includes a corporation, copartnership, or a joint association.

“Employer” means any person who, directly or indirectly or through an employee, agent, independent contractor, or any other person, delivers to another person any materials or articles to be manufactured in a home and thereafter to be returned to him, not for the personal use of himself or of a member of his family.

Sec. 2. No permit or certificate shall be issued under this Act to authorize the manufacture or the delivery of materials for the manufacture of articles, the manufacture of which by industrial homework is determined by the Board to be injurious to the health or welfare of the industrial homeworkers within the industry, or to the general public, or to render unduly difficult the maintenance of existing health standards or the enforcement of health standards established by law or regulation for factory workers in the industry.

**Power to prohibit**

Sec. 3. The State Board shall have the power to make an investigation of any industry which employs industrial homeworkers, in order to determine if conditions of employment of industrial homeworkers in such industry are injurious to their health and welfare. If, on the basis of information in its possession, after an investigation, as provided in this Section, the Board shall find that industrial homework cannot be continued within an industry without injuring the health and welfare of the industrial homeworkers within that industry, or the general public, the Board of Health shall by order declare such industrial homework unlawful as provided in Section 2 and require all employers in such industry to discontinue the furnishing within this State of material for industrial homework, and no permit issued under this Act shall be deemed thereafter to authorize the furnishing of materials for industrial homework prohibited by such order.

Sec. 4. Before making such order the Board shall hold a public hearing or hearings at which an opportunity to be heard shall be afforded to any employer, or representative of employers, and any industrial homemaker or representative of industrial homeworkers, and any other person or persons having an interest in the subject matter of hearing. A public notice of such hearing shall be given at least thirty (30) days before the hearing is held and in such manner as may be determined by the Board. Such hearing or hearings shall be in such place or places as the Board deems most convenient to the employer and industrial homeworkers to be affected by such order. **Employer's permit**

Sec. 5. No materials for manufacture by industrial homework shall be delivered to any person in this State unless the employer so delivering them or his agent, if the employer is not a resident of this State, has obtained a valid employer's permit from the Board. Such permit shall be issued upon payment of a fee of Fifty Dollars (\$50), and shall be valid for a period of one year from the date of its issuance, unless sooner revoked or suspended. The Board may revoke or suspend any homeworker's certificate if it finds that the industrial homeworker is performing industrial homework contrary to the conditions under which the certificate was issued or in violation of this Act or has permitted any person not holding a valid homeworker's certificate to assist him in performing his industrial homework.

**Labels required**

Sec. 7. No employer shall deliver or cause to be delivered to any person any materials or articles to be manufactured by industrial homework unless there has been conspicuously affixed to each article or, if this is impossible, to the package or other container in which such goods are delivered or are to be kept, a label or other trade-mark of identification bearing the employer's name and address, printed or written legibly in English.

**Unlawfully manufactured articles**

Sec. 8. Any article which is being manufactured in a home in violation of any provision of this Act may be removed by the Board and may be retained until claimed by the employer. The Board shall by registered mail give notice of such removal to the person whose name and address are affixed to the article as provided in Section 7. Unless the Article so removed is claimed within thirty (30) days thereafter, it may be destroyed or otherwise disposed of.

**Records to be kept**

Such payment shall be made on order of the Commissioners Court and only on satisfactory proof. But if there be no newspaper in the English language and of general circulation published in said county, then such proclamation shall be posted at the courthouse door.

(c) That the registration of the vehicle stands suspended or revoked.

(d) That the required fee has not been paid.

Sec. 39. Any person interested in a motor vehicle to which the Department has refused to issue a certificate of title or has suspended or revoked the certificate of title, feeling aggrieved, may apply to the designated agent of the county of such interested person's domicile for a hearing, whereupon such designated agent shall, on the same day such application for hearing is received by him, notify the Department of the date of the hearing, which shall not be less than ten (10) days nor more than fifteen (15) days, and at such hearing such applicant and the Department may submit evidence, and a ruling of the designated agent shall bind both parties as to whether or not the Department has acted justly in the premises.

(a) Such applicant feeling aggrieved with the ruling of the designated agent, may, within five (5) days and not thereafter, appeal to the County Court of the county of the applicant's residence, who shall proceed to try the issues as in other civil cases, and all rights and immunities granted in the trial of civil cases shall be available to the interested parties.

(b) If the action of the Department complained of is sustained, a certificate of title for the particular motor vehicle involved shall only be issued upon such reasonable rules and regulations as the Department may prescribe.

Sec. 42. No lien on any motor vehicle shall be valid as against third parties without actual knowledge thereof or enforceable against the motor vehicle of any such third parties as the issuance of a certificate of title thereof, unless an application for a new title is made as prescribed in this Act and all first and subsequent liens noted by the Department thereon.

Sec. 43. All liens on motor vehicles shall take priority according to the order of time the same are recorded on the receipt or certificate of title of all such recordings to be made by the Department.

Sec. 44. No lien on any motor vehicle to which a receipt or certificate of title has been issued shall be valid as against third parties without actual knowledge thereof, or enforceable against the motor vehicle of any such third parties, unless the notation of said lien shall have been caused to be made on receipts and certificates of title on said motor vehicle, as provided in this Act.

Sec. 45. Exposure for sale of any motor vehicle by the owner thereof with the knowledge or consent of any mortgagee shall not affect the rights of any mortgagee as against all third parties.

Sec. 46. Only liens noted on a receipt or certificate of title shall be valid as against creditors of the mortgagor in so far as concerns the motor vehicle.

Sec. 47. When a lien is discharged, the holder thereof shall, on demand of the owner, execute and acknowledge before a Notary Public the

discharge of the lien upon such form as may be prescribed by the Department, and upon presentation of such evidence, the owner may present the certificate of title to the designated agent in the county together with application for title as prescribed in this Act and shall receive from the Department a new title.
