**CONSTITUTION
OF THE
STATE OF TEXAS 1876
PROPOSED AMENDMENTS**

ARTICLE III

LEGISLATIVE DEPARTMENT

§ 9. President pro tempore of the Senate; election of Senator to perform duties of Lieutenant Governor when office vacant; Speaker of House of Representatives

Sec. 9. (a) The Senate shall, at the beginning and close of each session, and at such other times as may be necessary, elect one of its members President pro tempore, who shall perform the duties of the Lieutenant Governor in any case of absence or disability of that officer. If the said office of Lieutenant Governor becomes vacant, the President pro tempore of the Senate shall convene the Committee of the Whole Senate within 30 days after the vacancy occurs. The Committee of the Whole shall elect one of its members to perform the duties of the Lieutenant Governor in addition to his duties as Senator until the next general election. If the Senator so elected ceases to be a Senator before the election of a new Lieutenant Governor, another Senator shall be elected in the same manner to perform the duties of the Lieutenant Governor until the next general election. Until the Committee of the Whole elects one of its members for this purpose, the President pro tempore shall perform the duties of the Lieutenant Governor as provided by this subsection.

(b) The House of Representatives shall, when it first assembles, organize temporarily, and thereupon proceed to the election of a Speaker from its own members.

(c) Each House shall choose its other officers.

Proposed by Senate Joint Resolution No. 22, Acts 1983, 68th Leg., p. 6692. For submission to the people in November, 1984.

§ 24. Compensation and expenses of members of Legislature; duration of sessions

Sec. 24. (a) Members of the Legislature shall receive from the Public Treasury a salary of Six Hundred Dollars (\$600) per month. Each member shall also receive a per diem for each day during each Regular and Special Session of the Legislature. The per diem allowed during a calendar year is in an amount equal to the maximum daily amount allowed as of January 1 of that year for federal income tax purposes as a deduction for ordinary and necessary business expenses incurred by a state

legislator, disregarding any exception in federal law for legislators residing near the capitol.

(b) No Regular Session shall be of longer duration than one hundred and forty (140) days.

(c) In addition to the per diem the Members of each House shall be entitled to mileage at the same rate as prescribed by law for employees of the State of Texas. This amendment takes effect on January 8, 1985.

Proposed by House Joint Resolution No. 22, Acts 1983, 68th Leg., p. 6713. For submission to the people in November, 1984.

§ 51-d. Payment of assistance to survivors of law enforcement officers

Sec. 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse, minor children, and surviving dependent parents, brothers, and sisters of officers, employees, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units with authority to make an arrest, of the state or of any city, county, district, or other political subdivision who, because of the hazardous nature of their duties, suffer death in the course of the performance of those official duties. Should the Legislature enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature.

Proposed by House Joint Resolution No. 65, Acts 1983, 68th Leg., p. 6718. For submission to the people in November, 1984.

§ 52. Counties, cities, towns or other political corporations or subdivisions; lending credit; grants

(a) Except as otherwise provided by this section, the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company. However, this section does not prohibit the use of public funds or credit for the payment of premiums on nonassessable life, health, or accident insurance policies and annuity contracts

issued by a mutual insurance company authorized to do business in this State.

Proposed by House Joint Resolution No. 73, Acts 1983, 68th Leg., p. 6720. For submission to the people in November, 1984.

ARTICLE V
JUDICIAL DEPARTMENT

§ 1-a. Retirement, censure, removal and compensation of justices and judges; State Commission on Judicial Conduct; procedure

(2) The name of the State Judicial Qualifications Commission is changed to the State Commission on Judicial Conduct. The Commission consists of eleven (11) members, to wit: (i) one (1) Justice of a Court of Appeals; (ii) one (1) District Judge; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iiii) four (4) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; (v) one (1) Justice of the Peace; (vi) one (1) Judge of a Municipal Court; and, (vii) one (1) Judge of a County Court at Law; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership, except that the Justice of the Peace and the Judges of a Municipal Court and or a County Court at Law shall be selected at large without regard to whether they reside or hold a judgeship in the same Supreme Judicial District as another member of the Commission. Commissioners of classes (i), (ii), and (vii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, those of class (iiii) by appointment of the Governor with advice and consent of the Senate, and the commissioners of classes (v) and (vi) by appointment of the Supreme Court as provided by law, with the advice and consent of the Senate.

(6) A. Any Justice or Judge of the courts established by this Constitution or created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent violation of rules promulgated by the Supreme Court of Texas, incompetence in performing the duties of the office, willful violation of the Code of Judicial Conduct, or willful or persistent conduct that is clearly inconsistent with the proper perform-

ance of his duties or casts public discredit upon the judiciary or administration of justice. Any person holding such office may be disciplined or censured, in lieu of removal from office, as provided by this section. Any person holding an office specified in this subsection may be suspended from office with or without pay by the Commission immediately on being indicted by a State or Federal grand jury for a felony offense or charged with a misdemeanor involving official misconduct. On the filing of a sworn complaint charging a person holding such office with willful or persistent violation of rules promulgated by the Supreme Court of Texas, incompetence in performing the duties of the office, willful violation of the Code of Judicial Conduct, or willful and persistent conduct that is clearly inconsistent with the proper performance of his duties or casts public discredit on the judiciary or on the administration of justice, the Commission, after giving the person notice and an opportunity to appear and be heard before the Commission, may recommend to the Supreme Court the suspension of such person from office. The Supreme Court, after considering the record of such appearance and the recommendation of the Commission, may suspend the person from office with or without pay, pending final disposition of the charge.

C. The law relating to the removal, discipline, suspension, or censure of a Justice or Judge of the courts established by this Constitution or created by the Legislature as provided in this Constitution applies to a master or magistrate appointed as provided by law to serve a trial court of this State and to a retired or former Judge who continues as a judicial officer subject to an assignment to sit on a court of this State. Under the law relating to the removal of an active Justice or Judge, the Commission and the review tribunal may prohibit a retired or former Judge from holding judicial office in the future or from sitting on a court of this State by assignment.

(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private or public admonition, warning, reprimand, or requirement that the person obtain additional training or education, or if the Commission determines that the situation merits such action, it may institute formal proceedings and order a formal hearing to be held before it concerning the public censure, removal, or retirement of a person holding an office or position specified in Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Appeals, or retired Judge or Justice of the Court of Criminal Appeals or the Supreme Court, as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. The Master shall have all the power of a District Judge in the enforcement of orders pertaining to witnesses, evidence, and procedure. If, after formal hearing, or after considering

the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to a review tribunal the removal or retirement, as the case may be, of the person in question holding an office or position specified in Subsection (6) of this Section and shall thereupon file with the tribunal the entire record before the Commission.

(9) A tribunal to review the Commission's recommendation for the removal or retirement of a person holding an office or position specified in Subsection (6) of this Section is composed of seven (7) Justices or Judges of the Court of Appeals who are selected by lot by the Chief Justice of the Supreme Court. Each Court of Appeals shall designate one of its members for inclusion in the list from which the selection is made. Service on the tribunal shall be considered part of the official duties of a judge, and no additional compensation may be paid for such service. The review tribunal shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence. Within 90 days after the date on which the record is filed with the review tribunal, it shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the recommendation. A Justice, Judge, Master, or Magistrate may appeal a decision of the review tribunal to the Supreme Court under the substantial evidence rule. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The review tribunal, in an order for involuntary retirement for disability or an order for removal, may prohibit such person from holding judicial office in the future. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, unless otherwise provided by law, and the filing of papers with, and the giving of testimony before the Commission or a Master shall be privileged, unless otherwise provided by law. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters, review tribunal, and the Supreme Court. Such rule shall provide the right of discovery of evidence to a Justice, Judge, Master, or Magistrate after formal proceedings are instituted and shall afford to any person holding an office or position specified in Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure be-

fore the Commission, Masters, review tribunal, and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office or position specified in Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

(12) No person holding an office specified in Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, discipline, censure, retirement or removal.

(14) The Legislature may promulgate laws in furtherance of this Section that are not inconsistent with its provisions.

Proposed by House Joint Resolution No. 4, §§ 1 to 4, Acts 1983, 68th Leg., p. 6694. For submission to the people in November, 1984.

ARTICLE VII EDUCATION

§ 14. Prairie View A&M University

Sec. 14. Prairie View A&M University in Waller County is an institution of the first class under the direction of the same governing board as Texas A&M University referred to in Article VII, Section 13, of this constitution as the Agricultural and Mechanical College of Texas.

Proposed by House Joint Resolution No. 19, § 2, Acts 1983, 68th Leg., p. 6707. For submission to the people in November, 1984.

§ 17. Higher education; appropriations and funding

Sec. 17. (a) In the fiscal year beginning September 1, 1985, and each fiscal year thereafter, there is hereby appropriated out of the first money coming into the state treasury not otherwise appropriated by the constitution \$100 million to be used by eligible agencies and institutions of higher education for the purpose of acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, major repair or rehabilitation of buildings or other permanent improvements, and acquisition of capital equipment, library books and library materials. During the regular session of the legislature that is nearest, but preceding, the beginning of each fifth fiscal year dating from September 1, 1985, the legislature may by two-thirds vote of the membership of each house adjust the amount of the constitutional appropriation for the ensuing five years but may not adjust the appropriation in such a way as to impair any obligation created by the issuance of bonds or notes in accordance with this section.

(b) The funds appropriated under Subsection (a) of this section shall be for the use of the following eligible agencies and institutions of higher education (even though their names may be changed):

- (1) East Texas State University including East Texas State University at Texarkana;
- (2) Lamar University including Lamar University at Orange and Lamar University at Port Arthur;
- (3) Midwestern State University;
- (4) North Texas State University;
- (5) Pan American University including Pan American University at Brownsville;
- (6) Stephen F. Austin State University;
- (7) Texas College of Osteopathic Medicine;
- (8) Texas State University System Administration and the following component institutions:
 - (9) Angelo State University;
 - (10) Sam Houston State University;
 - (11) Southwest Texas State University;
 - (12) Sul Ross State University including Uvalde Study Center;
 - (13) Texas Southern University;
 - (14) Texas Tech University;
 - (15) Texas Tech University Health Sciences Center;
 - (16) Texas Woman's University;
 - (17) University of Houston System Administration and the following component institutions:
 - (18) University of Houston—University Park;
 - (19) University of Houston—Victoria;
 - (20) University of Houston—Clear Lake;
 - (21) University of Houston—Downtown;

(22) University System of South Texas System Administration and the following component institutions:

- (23) Corpus Christi State University;
- (24) Laredo State University;
- (25) Texas A&I University; and
- (26) West Texas State University.

(c) Pursuant to a two-thirds vote of the membership of each house of the legislature, institutions of higher education may be created at a later date by general law, and, when created, such an institution shall be entitled to participate in the funding provided by this section if it is not created as a part of The University of Texas System or The Texas A&M University System. An institution that is entitled to participate in dedicated funding provided by Article VII, Section 18, of this constitution may not be entitled to participate in the funding provided by this section.

(d) In the year 1985 and every 10 years thereafter, the legislature or an agency designated by the legislature no later than August 31 of such year shall allocate by equitable formula the annual appropriations made under Subsection (a) of this section to the governing boards of eligible agencies and institutions of higher education. The legislature shall review, or provide for a review, of the allocation formula at the end of the fifth year of each 10-year allocation period. At that time adjustments may be made in the allocation formula, but no adjustment that will prevent the payment of outstanding bonds and notes, both principal and interest, may be made.

(e) Each governing board authorized to participate in the distribution of money under this section is authorized to expend all money distributed to it for any of the purposes enumerated in Subsection (a). In addition, unless a single bonding agency is designated as hereinafter provided, such governing board may issue bonds and notes for the purposes of refunding bonds or notes issued under this section or prior law, acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, and for major repair and rehabilitation of buildings or other permanent improvements, and may pledge up to 50 percent of the money allocated to such governing board pursuant to this section to secure the payment of the principal and interest of such bonds or notes. Proceeds from the issuance of bonds or notes under this subsection shall be maintained in a local depository selected by the governing board issuing the bonds or notes. The bonds and notes issued under this subsection shall be payable solely out of the money appropriated by this section and shall mature serially or otherwise in not more than 10 years from their respective dates. All bonds issued under this section shall be sold only through competitive bidding and are subject to approval by the attorney general. Bonds approved by the attorney general shall be incontestable. The

permanent university fund may be invested in the bonds and notes issued under this section. In lieu of the authority granted to each governing board herein, the legislature by general law may designate a single agency to issue bonds and notes authorized under this section and transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes for the purposes, to the extent, and subject to the restrictions of this section. Provided, that such agency shall be authorized to issue such bonds and notes for the benefit of an eligible institution and pledge money collected hereunder only as directed by the governing board of each eligible institution.

(f) The funds appropriated by this section may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent improvements that are to be used for student housing, intercollegiate athletics, or auxiliary enterprises.

(g) Except for that portion of the allocated funds that may be required to be transferred to a single bonding agency, if one is created, the comptroller of public accounts shall make annual transfers of the funds allocated pursuant to Subsection (d) directly to the governing boards of the eligible institutions.

(h) To assure efficient use of construction funds and the orderly development of physical plants to accommodate the state's real need, the legislature may provide for the approval or disapproval of all new construction projects at the eligible agencies and institutions entitled to participate in the funding provided by this section.

(i) The legislature by general law may dedicate portions of the state's revenues to the creation of a dedicated fund ("the higher education fund") for the purposes expressed in Subsection (a) of this section. The legislature shall provide for administration of the fund, which shall be invested in the manner provided for investment of the permanent university fund. The income from the investment of the higher education fund shall be credited to the higher education fund until such time as the fund totals \$2 billion. The principal of the higher education fund shall never be expended. At the beginning of the fiscal year after the fund reaches \$2 billion, as certified by the comptroller of public accounts, the dedication of general revenue funds provided for in Subsection (a) of this section shall cease. At the beginning of the fiscal year after the fund reaches \$2 billion, and each year thereafter, 10 percent of the interest, dividends, and other income accruing from the investments of the higher education fund during the previous fiscal year shall be deposited and become part of the principal of the fund, and out of the remainder of the annual income from the investment of the principal of the fund there shall be appropriated an annual sum sufficient to pay the principal and interest due on the bonds and notes issued under this section and the balance of the income shall be allocated, distributed, and expended

as provided for the appropriations made under Subsection (a).

(j) The state systems and institutions of higher education designated in this section may not receive any additional funds from the general revenue of the state for acquiring land with or without permanent improvements, for constructing or equipping buildings or other permanent improvements, or for major repair and rehabilitation of buildings or other permanent improvements except that:

(1) in the case of fire or natural disaster the legislature may appropriate from the general revenue an amount sufficient to replace the uninsured loss of any building or other permanent improvement; and

(2) the legislature, by two-thirds vote of each house, may, in cases of demonstrated need, which need must be clearly expressed in the body of the act, appropriate additional general revenue funds for acquiring land with or without permanent improvements, for constructing or equipping buildings or other permanent improvements, or for major repair and rehabilitation of buildings or other permanent improvements.

This subsection does not apply to legislative appropriations made prior to the adoption of this amendment.

(k) Without the prior approval of the legislature, appropriations under this section may not be expended for acquiring land with or without permanent improvements, or for constructing and equipping buildings or other permanent improvements, for a branch campus or educational center that is not a separate degree-granting institution created by general law.

(l) This section is self-enacting upon the issuance of the governor's proclamation declaring the adoption of the amendment, and the state comptroller of public accounts and the state treasurer shall do all things necessary to effectuate this section. This section does not impair any obligation created by the issuance of any bonds and notes in accordance with prior law, and all outstanding bonds and notes shall be paid in full, both principal and interest, in accordance with their terms. If the provisions of this section conflict with any other provisions of this constitution, then the provisions of this section shall prevail, notwithstanding all such conflicting provisions.

Proposed by House Joint Resolution No. 19, § 1, Acts 1983, 68th Leg., p. 6701. For submission to the people in November, 1984.

§ 18. Texas A&M University System; University of Texas System; bonds and notes payable out of the available university fund

Sec. 18. (a) The Board of Regents of the Texas A&M University System may issue bonds and notes not to exceed a total amount of 10 percent of the cost value of the investments and other assets of the permanent university fund (exclusive of real estate) at the time of the issuance thereof, and may

pledge all or any part of its one-third interest in the available university fund to secure the payment of the principal and interest of those bonds and notes, for the purpose of acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of buildings and other permanent improvements, acquiring capital equipment and library books and library materials, and refunding bonds or notes issued under this Section or prior law, at or for The Texas A&M University System administration and the following component institutions of the system:

- (1) Texas A&M University, including its medical college which the legislature may authorize as a separate medical institution;
- (2) Prairie View A&M University, including its nursing school in Houston;
- (3) Tarleton State University;
- (4) Texas A&M University at Galveston;
- (5) Texas Forest Service;
- (6) Texas Agricultural Experiment Stations;
- (7) Texas Agricultural Extension Service;
- (8) Texas Engineering Experiment Stations;
- (9) Texas Transportation Institute; and
- (10) Texas Engineering Extension Service.

(b) The Board of Regents of The University of Texas System may issue bonds and notes not to exceed a total amount of 20 percent of the cost value of investments and other assets of the permanent university fund (exclusive of real estate) at the time of issuance thereof, and may pledge all or any part of its two-thirds interest in the available university fund to secure the payment of the principal and interest of those bonds and notes, for the purpose of acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of buildings and other permanent improvements, acquiring capital equipment and library books and library materials, and refunding bonds or notes issued under this section or prior law, at or for The University of Texas System administration and the following component institutions of the system:

- (1) The University of Texas at Arlington;
- (2) The University of Texas at Austin;
- (3) The University of Texas at Dallas;
- (4) The University of Texas at El Paso;
- (5) The University of Texas of the Permian Basin;
- (6) The University of Texas at San Antonio;
- (7) The University of Texas at Tyler;
- (8) The University of Texas Health Science Center at Dallas;

(9) The University of Texas Medical Branch at Galveston;

(10) The University of Texas Health Science Center at Houston;

(11) The University of Texas Health Science Center at San Antonio;

(12) The University of Texas System Cancer Center;

(13) The University of Texas Health Center at Tyler; and

(14) The University of Texas Institute of Texan Cultures at San Antonio.

(c) Pursuant to a two-thirds vote of the membership of each house of the legislature, institutions of higher education may be created at a later date as a part of The University of Texas System or The Texas A&M University System by general law, and, when created, such an institution shall be entitled to participate in the funding provided by this section for the system in which it is created. An institution that is entitled to participate in dedicated funding provided by Article VII, Section 17, of this constitution may not be entitled to participate in the funding provided by this section.

(d) The proceeds of the bonds or notes issued under Subsection (a) or (b) of this section may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent improvements that are to be used for student housing, intercollegiate athletics, or auxiliary enterprises.

(e) The available university fund consists of the dividends, interest and other income from the permanent university fund (less administrative expenses) including the net income attributable to the surface of permanent university fund land. Out of one-third of the available university fund, there shall be appropriated an annual sum sufficient to pay the principal and interest due on the bonds and notes issued by the Board of Regents of The Texas A&M University System under this section and prior law, and the remainder of that one-third of the available university fund shall be appropriated to the Board of Regents of The Texas A&M University System which shall have the authority and duty in turn to appropriate an equitable portion of the same for the support and maintenance of The Texas A&M University System administration, Texas A&M University, and Prairie View A&M University. The Board of Regents of The Texas A&M University System, in making just and equitable appropriations to Texas A&M University and Prairie View A&M University, shall exercise its discretion with due regard to such criteria as the board may deem appropriate from year to year, taking into account all amounts appropriated from Subsection (f) of this section. Out of the other two-thirds of the available university fund there shall be appropriated an annual sum sufficient to pay the principal and interest due on the bonds and notes issued by the Board of

Regents of The University of Texas System under this section and prior law, and the remainder of such two-thirds of the available university fund, shall be appropriated for the support and maintenance of The University of Texas at Austin and The University of Texas System administration.

(f) It is provided, however, that, for 10 years beginning upon the adoption of this amendment, before any other allocation is made of The University of Texas System's two-thirds share of the available university fund, remaining after payment of principal and interest on its bonds and notes issued under this section and prior law, \$6 million per year shall be appropriated out of that share to the Board of Regents of The Texas A&M University System for said board's use in making appropriations to Prairie View A&M University. This subsection expires and is deleted from this constitution 10 years from the adoption of this amendment.

(g) The bonds and notes issued under this section shall be payable solely out of the available university fund, mature serially or otherwise in not more than 30 years from their respective dates, and, except for refunding bonds, be sold only through competitive bidding. All of these bonds and notes are subject to approval by the attorney general and when so approved are incontestable. The permanent university fund may be invested in these bonds and notes.

(h) To assure efficient use of construction funds and the orderly development of physical plants to accommodate the state's real need, the legislature may provide for the approval or disapproval of all new construction projects at the eligible agencies and institutions entitled to participate in the funding provided by this section except The University of Texas at Austin, Texas A&M University in College Station, and Prairie View A&M University.

(i) The state systems and institutions of higher education designated in this section may not receive any funds from the general revenue of the state for acquiring land with or without permanent improvements, for constructing or equipping buildings or other permanent improvements, or for major repair and rehabilitation of buildings or other permanent improvements except that:

(1) in the case of fire or natural disaster the legislature may appropriate from the general revenue an amount sufficient to replace the uninsured loss of any building or other permanent improvement; and

(2) the legislature, by two-thirds vote of each house, may, in cases of demonstrated need, which need must be clearly expressed in the body of the act, appropriate general revenue funds for acquiring land with or without permanent improvements, for constructing or equipping buildings or other permanent improvements, or for major repair and rehabilitation of buildings or other permanent improvements.

This subsection does not apply to legislative appropriations made prior to the adoption of this amendment.

(j) This section is self-enacting on the issuance of the governor's proclamation declaring the adoption of this amendment, and the state comptroller of public accounts and the state treasurer shall do all things necessary to effectuate this section. This section does not impair any obligation created by the issuance of bonds or notes in accordance with prior law, and all outstanding bonds and notes shall be paid in full, both principal and interest, in accordance with their terms, and the changes herein made in the allocation of the available university fund shall not affect the pledges thereof made in connection with such bonds or notes heretofore issued. If the provisions of this section conflict with any other provision of this constitution, then the provisions of this section shall prevail, notwithstanding any such conflicting provisions.

Proposed by House Joint Resolution No. 19, § 3, Acts 1983, 68th Leg., p. 6707. To be submitted to the people in November, 1984.

§ 1. Freedom and sovereignty of state

Section 1. Texas is a free and independent State, subject only to the Constitution of the United

States, and the maintenance of our free institutions and the perpetuity of the Union depend upon the preservation of the right of local self-government, unimpaired to all the States.

§ 2. Inherent political power; republican form of government

Sec. 2. All political power is inherent in the people, and all free governments are founded on their authority, and instituted for their benefit. The faith of the people of Texas stands pledged to the preservation of a republican form of government, and, subject to this limitation only, they have at all times the inalienable right to alter, reform or abolish their government in such manner as they may think expedient.

§ 3. Equal rights

Sec. 3. All free men, when they form a social compact, have equal rights, and no man, or set of men, is entitled to exclusive separate public emoluments, or privileges, but in consideration of public services.

§ 3a. Equality under the law

Sec. 3a. Equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin. This amendment is self-operative.

Adopted Nov. 7, 1972.

§ 4. Religious tests

Sec. 4. No religious test shall ever be required as a qualification to any office, or public trust, in this State; nor shall any one be excluded from holding office on account of his religious sentiments, provided he acknowledge the existence of a Supreme Being.

§ 5. Witnesses not disqualified by religious beliefs; oaths and affirmations

Sec. 5. No person shall be disqualified to give evidence in any of the Courts of this State on account of his religious opinions, or for the want of any religious belief, but all oaths or affirmations shall be administered in the mode most binding upon the conscience, and shall be taken subject to the pains and penalties of perjury.

§ 6. Freedom of worship

Sec. 6. All men have a natural and indefeasible right to worship Almighty God according to the dictates of their own consciences. No man shall be compelled to attend, erect or support any place of worship, or to maintain any ministry against his consent. No human authority ought, in any case whatever, to control or interfere with the rights of conscience in matters of religion, and no preference shall ever be given by law to any religious society or mode of worship. But it shall be the duty of the Legislature to pass such laws as may be necessary to protect equally every religious denomination in

the peaceable enjoyment of its own mode of public worship.

§ 7. Appropriations for sectarian purposes

Sec. 7. No money shall be appropriated, or drawn from the Treasury for the benefit of any sect, or religious society, theological or religious seminary; nor shall property belonging to the State be appropriated for any such purposes.

§ 8. Freedom of speech and press; libel

Sec. 8. Every person shall be at liberty to speak, write or publish his opinions on any subject, being responsible for the abuse of that privilege; and no law shall ever be passed curtailing the liberty of speech or of the press. In prosecutions for the publication of papers, investigating the conduct of officers, or men in public capacity, or when the matter published is proper for public information, the truth thereof may be given in evidence. And in all indictments for libels, the jury shall have the right to determine the law and the facts, under the direction of the court, as in other cases.

§ 9. Searches and seizures

Sec. 9. The people shall be secure in their persons, houses, papers and possessions, from all unreasonable seizures or searches, and no warrant to search any place, or to seize any person or thing, shall issue without describing them as near as may be, nor without probable cause, supported by oath or affirmation.

§ 10. Rights of accused in criminal prosecutions

Sec. 10. In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him, and to have a copy thereof. He shall not be compelled to give evidence against himself, and shall have the right of being heard by himself or counsel, or both, shall be confronted by the witnesses against him and shall have compulsory process for obtaining witnesses in his favor, except that when the witness resides out of the State and the offense charged is a violation of any of the anti-trust laws of this State, the defendant and the State shall have the right to produce and have the evidence admitted by deposition, under such rules and laws as the Legislature may hereafter provide; and no person shall be held to answer for a criminal offense, unless on an indictment of a grand jury, except in cases in which the punishment is by fine or imprisonment, otherwise than in the penitentiary, in cases of impeachment, and in cases arising in the army or navy, or in the militia, when in actual service in time of war or public danger.

Amended Nov. 5, 1918.

§ 11. Bail

Sec. 11. All prisoners shall be bailable by sufficient sureties, unless for capital offenses, when the

proof is evident; but this provision shall not be so construed as to prevent bail after indictment found upon examination of the evidence, in such manner as may be prescribed by law.

§ 11a. Multiple convictions; denial of bail

Sec. 11a. Any person (1) accused of a felony less than capital in this State, who has been theretofore twice convicted of a felony, the second conviction being subsequent to the first, both in point of time of commission of the offense and conviction therefor, (2) accused of a felony less than capital in this State, committed while on bail for a prior felony for which he has been indicted, or (3) accused of a felony less than capital in this State involving the use of a deadly weapon after being convicted of a prior felony, after a hearing, and upon evidence substantially showing the guilt of the accused of the offense in (1) or (3) above or of the offense committed while on bail in (2) above, may be denied bail pending trial, by a district judge in this State, if said order denying bail pending trial is issued within seven calendar days subsequent to the time of incarceration of the accused; provided, however, that if the accused is not accorded a trial upon the accusation under (1) or (3) above or the accusation and indictment used under (2) above within sixty (60) days from the time of his incarceration upon the accusation, the order denying bail shall be automatically set aside, unless a continuance is obtained upon the motion or request of the accused; provided, further, that the right of appeal to the Court of Criminal Appeals of this State is expressly accorded the accused for a review of any judgment or order made hereunder, and said appeal shall be given preference by the Court of Criminal Appeals.

Adopted Nov. 6, 1956. Amended Nov. 8, 1977.

§ 14. Double jeopardy

Sec. 14. No person, for the same offense, shall be twice put in jeopardy of life or liberty, nor shall a person be again put upon trial for the same offense, after a verdict of not guilty in a court of competent jurisdiction.

§ 15. Right of trial by jury

Sec. 15. The right of trial by jury shall remain inviolate. The Legislature shall pass such laws as may be needed to regulate the same, and to maintain its purity and efficiency. Provided, that the Legislature may provide for the temporary commitment, for observation and/or treatment, of mentally ill persons not charged with a criminal offense, for a period of time not to exceed ninety (90) days, by order of the County Court without the necessity of a trial by jury.

Amended Aug. 24, 1935.

§ 15-a. Commitment of persons of unsound mind

Sec. 15-a. No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held; and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury.

Adopted Nov. 6, 1956.

§ 16. Bills of attainder; ex post facto or retroactive laws; impairing obligation of contracts

Sec. 16. No bill of attainder, ex post facto law, retroactive law, or any law impairing the obligation of contracts, shall be made.

There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses

his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date.

Adopted Nov. 3, 1942.

§ 49-b. Veterans' Land Board; bond issue; Veterans' Land Fund; purchase of lands and resale to Texas veterans

Sec. 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman

of said Board with the same duties and powers that said Commissioner would have if present.

The Veterans' Land Board may provide for, issue and sell not to exceed Nine Hundred Fifty Million Dollars (\$950,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Seven Hundred Million Dollars (\$700,000,000) of which have heretofore been authorized. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed the rate specified in Section 65 of this Article. All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the

purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board; at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter pur-

chased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application, and provided that in the event of the death of an eligible Texas Veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction. The unmarried surviving spouses of veterans who died in the line of duty may also apply to purchase a tract through the Board provided the deceased veterans meet the requirements set out in this Article with the exception that the deceased veterans need not have served ninety (90) continuous days and provided further that the deceased veterans were bona fide residents of the State of Texas at the time of enlistment, induction, commissioning, or drafting. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose

of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

Adopted Nov. 13, 1951. Amended Nov. 6, 1956, eff. Jan. 1, 1957; Nov. 8, 1960; Nov. 6, 1962; Nov. 11, 1967; Nov. 6, 1973; Nov. 8, 1977; Nov. 3, 1981.

§ 49-b-1. Bonds issued to augment Veterans' Land Fund and for Veterans' Housing Assistance Fund; appropriation when money in either fund not available.

Sec. 49-b-1. (a) In addition to the general obligation bonds authorized to be issued and to be sold by the Veterans' Land Board by Section 49-b of this article, the Veterans' Land Board may provide for, issue, and sell not to exceed \$800 million in bonds of the State of Texas to provide financing to veterans of the state in recognition of their service to their state and country.

(b) For purposes of this section, "veteran" means a person who served not less than 90 continuous days, unless sooner discharged by reason of a ser-

vice connected disability, on active duty in the Army, Navy, Air Force, Coast Guard, or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application for financial assistance under this section is a citizen of the United States, is a bona fide resident of the State of Texas, and was discharged from military service under honorable conditions from any branch of the above-named Armed Forces and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas or who has resided in Texas at least five years immediately before the date of filing his or her application. In the event of the death of an eligible Texas veteran after the veteran has filed an application, the veteran's surviving spouse may complete the transaction. The term veteran also includes the unmarried surviving spouse of a veteran who died in the line of duty, if the deceased veteran meets the requirements set out in this section with the exception that the deceased veteran need not have served 90 continuous days and if the deceased veteran was a bona fide resident of the State of Texas at the time of enlistment, induction, commissioning, or drafting.

(c) The bonds shall be sold for not less than par value and accrued interest; shall be issued in such forms and denominations, upon such terms, at such times and places, and in such installments as may be determined by the board; and, notwithstanding the rate of interest specified by any other provision of this constitution, shall bear a rate or rates of interest fixed by the board. All bonds issued and sold pursuant to Subsections (a) through (f) of this section shall, after execution by the board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the state under the Constitution of Texas.

(d) Three hundred million dollars of the state bonds authorized by this section shall be used to augment the Veterans' Land Fund. The Veterans' Land Fund shall be used by the board for the purpose of purchasing lands situated in the State of Texas owned by the United States government or any agency thereof, the State of Texas or any subdivision or agency thereof, or any person, firm, or corporation. The lands shall be sold to veterans in such quantities, on such terms, at such prices, at such rates of interest, and under such rules and regulations as may be authorized by law. The expenses of the board in connection with the issuance of the bonds and the purchase and sale of the lands may be paid from money in the fund. The Veterans' Land Fund shall continue to consist of any lands purchased by the board until the sale price therefor, together with any interest and penalties due, have been received by the board (although nothing herein shall prevent the board from accepting full payment for a portion of any tract) and of the money attributable to any bonds issued and sold

by the board for the Veterans' Land Fund, which money so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the money received from the sale or resale of any lands, or rights therein, purchased from such proceeds; the money received from the sale or resale of any lands, or rights therein, purchased with other money attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by the board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of the fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such money. The principal of and interest on the general obligation bonds previously authorized by Section 49-b of this constitution shall be paid out of the money of the fund in conformance with the constitutional provisions authorizing such bonds. The principal of and interest on the general obligation bonds authorized by this section for the benefit of the Veterans' Land Fund shall be paid out of the money of the fund, but the money of the fund which is not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until the money is needed for such purposes.

(e) The Veterans' Housing Assistance Fund is created, and \$500 million of the state bonds authorized by this section shall be used for the Veterans' Housing Assistance Fund. Money in the Veterans' Housing Assistance Fund shall be administered by the Veterans' Land Board and shall be used for the purpose of making home mortgage loans to veterans for housing within the State of Texas in such quantities, on such terms, at such rates of interest, and under such rules and regulations as may be authorized by law. The expenses of the board in connection with the issuance of the bonds and the making of the loans may be paid from money in the fund. The Veterans' Housing Assistance Fund shall consist of any interest of the board in all home mortgage loans made to veterans by the board pursuant to a Veterans' Housing Assistance Program which the legislature may establish by appropriate legislation until, with respect to any such home mortgage loan, the principal amount, together with any interest and penalties due, have been received by the board; the money attributable to any bonds issued and sold by the board to provide money for the fund, which money so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; income, rents, and any other pecuniary benefit received by the board as a result of making such loans; sums received by way of indemnity or forfeiture for the

failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds; and interest received from investments of any such money. The principal of and interest on the general obligation bonds authorized by this section for the benefit of the Veterans' Housing Assistance Fund shall be paid out of the money of the fund, but the money of the fund which is not immediately committed to the payment of principal and interest on such bonds, the making of home mortgage loans as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until the money is needed for such purposes.

(f) To the extent there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund as the case may be, available for payment of principal of and interest on the general obligation bonds authorized by this section to provide money for either of the funds, there is hereby appropriated out of the first money coming into the treasury in each fiscal year, not otherwise appropriated by this constitution, an amount which is sufficient to pay the principal of and interest on such general obligation bonds that mature or become due during that fiscal year.

(g) Receipt of all kinds of the funds determined by the board not to be required for the payment of principal of and interest on the general obligation bonds herein authorized, heretofore authorized, or hereafter authorized by this constitution to be issued by the board to provide money for either of the funds may be used by the board, to the extent not inconsistent with the proceedings authorizing such bonds, to pay the principal of and interest on general obligation bonds issued to provide money for the other fund, or to pay the principal of and interest on revenue bonds of the board issued for the purposes of providing funds for the purchasing of lands and making the sale thereof to veterans or making home mortgage loans to veterans as provided by this section. The revenue bonds shall be special obligations and payable only from the receipt of the funds and shall not constitute indebtedness of the state or the Veterans' Land Board. The board is authorized to issue such revenue bonds from time to time which shall not exceed an aggregate principal amount that can be fully retired from the receipts of the funds and other revenues pledged to the retirement of the revenue bonds. The revenue bonds shall be issued in such forms and denominations, upon such terms, at such times and places, and in such installments as may be determined by the board; and, notwithstanding the rate of interest specified by any other provision of the constitution, shall bear a rate or rates of interest fixed by the board.

Adopted Nov. 8, 1933.

§ 49-c. Texas Water Development Board; bond issue; Texas Water Development Fund

Sec. 49-c. There is hereby created as an agency of the State of Texas the Texas Water Development

Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law. They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

The Texas Water Development Board shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars (\$100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars (\$100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called "Texas Water Development Bonds," shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

All moneys received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

Such fund shall be used only for the purpose of aiding or making funds available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article XVI, Section 59 or Article III, Section 52, of this Constitution, interstate compact commissions to which the State of Texas is a party and municipal corporations, in the conservation and development of the water resources of this State, including the control, storing and preservation of its storm and flood waters and the waters of its rivers and streams, for all useful and lawful purposes by the acquisition, improvement, extension, or construction of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods.

Any or all financial assistance as provided herein shall be repaid with interest upon such terms, conditions and manner of repayment as may be provided by law.

While any of the bonds authorized by this provision or while any of the bonds that may be authoriz-

ed by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

The Legislature may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board. Income from such investment shall be used for the purposes prescribed by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this Section. If any year prior to December 31, 1982 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water Development Fund, and may be used for administrative expenses of the Board and for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1982, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the interest and sinking fund for the State bonds; except that such amount as may be required to meet the administrative expenses of the Board may be annually set aside; and provided, that after all State bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the General Revenue Fund.

All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such

acts shall not be void by reason of their anticipatory nature.

Adopted Nov. 5, 1957.

§ 49-d. Acquisition and development of water storage facilities; filtration, treatment and transportation of water; enlargement of reservoirs

Sec. 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works which the

Texas Water Development Board has financed in whole or in part.

Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance

nance of acquired facilities, and for the payment of principal and interest on debt incurred.

Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character.

Adopted Nov. 6, 1962. Amended Nov. 8, 1966.

§ 49-d-1. Additional Texas Water Development Bonds

Sec. 49-d-1. (a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of \$200,000,000 to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article III, Section 52, of this Constitution, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. The bonds shall be issued for such terms, in such denominations, form and installments, and upon such conditions as the Legislature may authorize.

(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund to be invested and administered as prescribed by law.

(c) The bonds authorized in this Section 49-d-1 and all bonds authorized by Sections 49-c and 49-d of Article III shall bear interest at not more than 6% per annum and mature as the Texas Water Development Board shall prescribe, subject to the limitations as may be imposed by the Legislature.

(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by, and subject to the limitations in Sections 49-c, 49-d and 49-d-1; provided, however, that the financial assistance may be made pursuant to the provisions of Sections 49-c, 49-d and 49-d-1 subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

(e) Texas Water Development Bonds are secured by the general credit of the State and shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character.

Adopted May 18, 1971. Amended Nov. 2, 1976.

§ 49-e. Texas Park Development Fund

Sec. 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature.

§ 62. Continuity of state and local governmental operations

Sec. 62. (a) The Legislature, in order to insure continuity of state and local governmental operations in periods of emergency resulting from disasters caused by enemy attack, shall have the power and the immediate duty to provide for prompt and temporary succession to the powers and duties of public offices, of whatever nature and whether filled by election or appointment, the incumbents of which may become unavailable for carrying on the powers and duties of such offices. Provided, however, that Article I of the Constitution of Texas, known as the "Bill of Rights" shall not be in any

manner affected, amended, impaired, suspended, repealed or suspended hereby.

(b) When such a period of emergency or the immediate threat of enemy attack exists, the Legislature may suspend procedural rules imposed by this Constitution that relate to:

- (1) the order of business of the Legislature;
- (2) the percentage of each house of the Legislature necessary to constitute a quorum;
- (3) the requirement that a bill must be read on three days in each house before it has the force of law;
- (4) the requirement that a bill must be referred to and reported from committee before its consideration; and
- (5) the date on which laws passed by the Legislature take effect.

(c) When such a period of emergency or the immediate threat of enemy attack exists, the Governor, after consulting with the Lieutenant Governor and the Speaker of the House of Representatives, may suspend the constitutional requirement that the Legislature hold its sessions in Austin, the seat of government. When this requirement has been suspended, the Governor shall determine a place other than Austin at which the Legislature will hold its sessions during such period of emergency or immediate threat of enemy attack. The Governor shall notify the Lieutenant Governor and the Speaker of the House of Representatives of the place and time at which the Legislature will meet. (d) To suspend the constitutional rules specified by Subsection (b) of this section, the Governor must issue a proclamation and the House of Representatives and the Senate must concur in the proclamation as provided by this section.

(e) The Governor's proclamation must declare that a period of emergency resulting from disasters caused by enemy attack exists, or that the immediate threat of enemy attack exists, and that suspension of constitutional rules relating to legislative procedure is necessary to assure continuity of state government. The proclamation must specify the period, not to exceed two years, during which the constitutional rules specified by Subsection (b) of this section are suspended.

(f) The House of Representatives and the Senate, by concurrent resolution approved by the majority of the members present, must concur in the Governor's proclamation. A resolution of the House of Representatives and the Senate concurring in the Governor's proclamation suspends the constitutional rules specified by Subsection (b) of this section for the period of time specified by the Governor's proclamation.

(g) The constitutional rules specified by Subsection (b) of this section may not be suspended for more than two years under a single proclamation. A suspension may be renewed, however, if the Governor issues another proclamation as provided by Subsection (e) of this section and the House of Representatives and the Senate, by concurrent resolution, concur in that proclamation.

Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

(2) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions required or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. The term "governmental functions," as it relates to counties, includes all duties, activities and operations of state-wide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State.

§ 65. Public bonds; interest rate; conflicting rates repealed

Sec. 65. (a) Wherever the Constitution authorizes an agency, instrumentality, or subdivision of the State to issue bonds and specifies the maximum rate of interest which may be paid on such bonds issued pursuant to such constitutional authority, such bonds may bear interest at rates not to exceed a weighted average annual interest rate of 12% unless otherwise provided by Subsection (b) of this section. If made during the recess of the Senate, the said appointee, or some other person to fill such vacancy, shall be nominated to the Senate during the first ten days of its session. If rejected, said office shall immediately become vacant, and the Governor shall, without delay, make further nominations, until a confirmation takes place. But should there be no confirmation during the session of the Senate, the Governor shall not thereafter appoint any person to fill such vacancy who has been rejected by the Senate; but may appoint some other person to fill the vacancy until the next session of the Senate or until the regular election to said office, should it sooner occur. If he approve he shall sign it; but if he disapprove it, he shall return it, with his objections, to the House in which it originated, which House shall enter the objections at

large upon its journal, and proceed to reconsider it. If after such reconsideration, two-thirds of the members present agree to pass the bill, it shall be sent, with the objections, to the other House, by which likewise it shall be reconsidered; and, if approved by two-thirds of the members of that House, it shall become a law; but in such cases the votes of both Houses shall be determined by yeas and nays, and the names of the members voting for and against the bill shall be entered on the journal of each House respectively. If any bill shall not be returned by the Governor with his objections within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law, in like manner as if he had signed it, unless the Legislature, by its adjournment, prevent its return, in which case it shall be a law, unless he shall file the same, with his objections, in the office of the Secretary of State and give notice thereof by public proclamation within twenty days after such adjournment. If any bill presented to the Governor contains several items of appropriation he may object to one or more of such items, and approve the other portion of the bill. In such case he shall append to the bill, at the time of signing it, a statement of the items to which he objects, and no item so objected to shall take effect. If the Legislature be in session, he shall transmit to the House in which the bill originated a copy of such statement and the items objected to shall be separately considered. If, on reconsideration, one or more of such items be approved by two-thirds of the members present of each House, the same shall be part of the law, notwithstanding the objections of the Governor. If any such bill, containing several items of appropriation, not having been presented to the Governor ten days (Sundays excepted) prior to adjournment, be in the hands of the Governor at the time of adjournment, he shall have twenty days from such adjournment within which to file objections to any items thereof and make proclamation of the same, and such item or items shall not take effect.

§ 15. Approval or disapproval of orders, resolutions or votes

Sec. 15. Every order, resolution or vote to which the concurrence of both Houses of the Legislature may be necessary, except on questions of adjournment, shall be presented to the Governor, and, before it shall take effect, shall be approved by him; or, being disapproved, shall be repassed by both Houses, and all the rules, provisions and limitations shall apply thereto as prescribed in the last preceding section in the case of a bill.

§ 16. Lieutenant Governor

Sec. 16. There shall also be a Lieutenant Governor, who shall be chosen at every election for Governor by the same electors, in the same manner, continue in office for the same time, and possess the same qualifications. The electors shall distinguish for whom they vote as Governor and for whom as Lieutenant Governor. The Lieutenant Governor,

shall by virtue of his office, be President of the Senate, and shall have, when in Committee of the Whole, a right to debate and vote on all questions; and when the Senate is equally divided to give the casting vote. In case of the death, resignation, removal from office, inability or refusal of the Governor to serve, or of his impeachment or absence from the State, the Lieutenant Governor shall exercise the powers and authority appertaining to the office of Governor until another be chosen at the periodical election, and be duly qualified; or until the Governor impeached, absent or disabled, shall be acquitted, return, or his disability be removed.

§ 17. Death, resignation, refusal to serve, removal, inability to serve, impeachment or absence; compensation

Sec. 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services the same compensation and mileage which shall be allowed to the members of the Senate, and no more; and during the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office.

Amended Aug. 11, 1891, proclamation Sept. 22, 1891; Nov. 8, 1977; Nov. 4, 1980, eff. Sept. 1, 1981.

§ 1-a. Retirement, censure, removal and compensation of justices and judges; State Commission on Judicial Conduct; procedure

Sec. 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges

of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

(2) The name of the State Judicial Qualifications Commission is changed to the State Commission on Judicial Conduct. The Commission consists of eleven (11) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) four (4) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; and (v) one (1) Justice of the Peace; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership, except that the Justice of the Peace shall be selected at large without regard to whether he resides or holds a judgeship in the same Supreme Judicial District as another member of the Commission. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, those of class (iii) by appointment of the Governor with advice and consent of the Senate, and the commissioner of class (v) by appointment of the Supreme Court from a list of five (5) names submitted by the executive committee of the Justice of the Peace and Constables Association of Texas, with the advice and consent of the Senate. The initial term of the commissioner of class (v) and the fourth commissioner of class (iii) added by this amendment terminates on November 19, 1979. Each person holding office as a member of the Commission on the effective date of this amendment continues to hold the office for the term for which he was appointed.

(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim

vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of six (6) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, suspension, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least six (6) members.

(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, and any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature. Any person holding an office named in this subsection may be suspended from office with or without pay by the Commission immediately on being indicted by a State or Federal grand jury for a felony offense; or, on the filing of a sworn complaint charging a person holding such office with willful and persistent conduct which is clearly inconsistent with the proper performance of his duties or which casts public discredit on the judiciary or on the administration of justice, the Commission, after giving the person notice and an opportunity to appear before the Commission, may recommend to the Supreme Court the suspension of such person from office. The Supreme Court, after considering the record of such appearance and the recommendation of the Commission, may suspend the person from office with or without pay, pending final disposition of the charge.

B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement bene-

fits under such laws may be removed from office, for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court or by a Master.

(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private or public reprimand, or if the Commission determines that the situation merits such action, it may institute formal proceedings and order a formal hearing to be held before it concerning the public censure, removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals, or retired Judge or Justice of the Court of Criminal Appeals or the Supreme Court, as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. The Master shall have all the power of a District Judge in the enforcement of orders pertaining to witnesses, evidence, and procedure. If, after formal hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The Supreme Court, in an order for involuntary retirement for disability or an order for removal, may prohibit such person from holding judicial office in the future. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, unless otherwise provided by law, and the filing of

papers with, and the giving of testimony before, the Commission, Master or the Supreme Court shall be privileged, unless otherwise provided by law; provided that upon being filed in the Supreme Court the record loses its confidential character. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office named in Paragraph A of Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, censure, retirement or removal. A recommendation of the Commission for the suspension, censure, retirement, or removal of a Justice of the Supreme Court shall be determined by a tribunal of seven (7) Court of Civil Appeals Justices selected by lot to serve in place of the Supreme Court.

(13) This Section 1-a is alternative to and cumulative of, the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution.

Section 1. Taxation shall be equal and uniform. All real property and tangible personal property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may provide for the taxation of intangible property and may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing any business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax. The Legislature by general law shall exempt household goods not held or used for the production of income and personal effects not held or used for the production of income, and the Legislature by general law may exempt all or part of the personal property homestead of a family or single adult, "personal property homestead" meaning that personal property exempt by law from forced sale for debt, from ad valorem taxation. The occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one half of the tax levied by the State for the same period on such profession or business.

Amended Nov. 7, 1978, eff. Jan. 1, 1979.

§ 1-a. No State ad valorem tax levy; county levy for roads and flood control; tax donations

Sec. 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars (\$3,000) value of residential homesteads of married or unmarried adults, male or female, including those living alone, not to exceed thirty cents (30¢) on each One Hundred Dollars (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of Farm to Market Roads or for Flood Control, except as herein otherwise provided.

Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such

donation to any such county or political subdivision is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision.

Adopted Nov. 8, 1932. Amended Aug. 26, 1933; Nov. 2, 1948; Nov. 6, 1973.

§ 1-b. Residence homestead exemption

Sec. 1-b. (a) Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads of married or unmarried adults, male or female, including those living alone, shall be exempt from all taxation for all State purposes.

(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the market value of residence homesteads of persons, married or unmarried, including those living alone, who are under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance or its successor or of married or unmarried persons sixty-five (65) years of age or older, including those living alone, from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the market value of residence homesteads of disabled persons or of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from the same political subdivision in the same year but may choose either if the subdivision has adopted both. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created. An exemption adopted under this subsection based on assessed value is increased, effective January 1, 1979, to an amount that, when converted to market value, provides the same reduction in taxes, except that the market value exemption shall be rounded to the nearest \$100.

(c) Five Thousand Dollars (\$5,000) of the market value of the residence homestead of a married or unmarried adult, including one living alone, is exempt from ad valorem taxation for general elementary and secondary public school purposes. In addition to this exemption, the legislature by general

law may exempt an amount not to exceed Ten Thousand Dollars (\$10,000) of the market value of the residence homestead of a person who is disabled as defined in Subsection (b) of this section and of a person sixty-five (65) years of age or older from ad valorem taxation for general elementary and secondary public school purposes. The legislature by general law may base the amount of and condition eligibility for the additional exemption authorized by this subsection for disabled persons and for persons sixty-five (65) years of age or older on economic need. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from a school district but may choose either. An eligible person is entitled to receive both the exemption required by this subsection for all residence homesteads and any exemption adopted pursuant to Subsection (b) of this section, but the legislature shall provide by general law whether an eligible disabled or elderly person may receive both the additional exemption for the elderly and disabled authorized by this subsection and any exemption for the elderly or disabled adopted pursuant to Subsection (b) of this section. Where ad valorem tax has previously been pledged for the payment of debt, the taxing officers of a school district may continue to levy and collect the tax against the value of homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature shall provide for formulas to protect school districts against all or part of the revenue loss incurred by the implementation of Article VIII, Sections 1-b(c), 1-b(d), and 1-d-1, of this constitution. The legislature by general law may define residence homestead for purposes of this section.

(d) Except as otherwise provided by this subsection, if a person receives the residence homestead exemption prescribed by Subsection (c) of this section for homesteads of persons sixty-five (65) years of age or older, the total amount of ad valorem taxes imposed on that homestead for general elementary and secondary public school purposes may not be increased while it remains the residence homestead of that person or that person's spouse who receives the exemption. However, those taxes may be increased to the extent the value of the homestead is increased by improvements other than repairs or improvements made to comply with governmental requirements.

(e) The governing body of a political subdivision may exempt from ad valorem taxation a percentage of the market value of the residence homestead of a married or unmarried adult, including one living alone. The percentage may not exceed forty percent (40%) for the years 1982 through 1984, thirty percent (30%) for the years 1985 through 1987, and twenty percent (20%) in 1988 and each subsequent year. However, the amount of an exemption authorized pursuant to this subsection may not be less than Five Thousand Dollars (\$5,000) unless the leg-

islature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is entitled to receive other applicable exemptions provided by law. Where ad valorem tax has previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect the tax against the value of the homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature by general law may prescribe procedures for the administration of residence homestead exemptions.

² Proposing amendment of § 1-a of this Article, which was adopted Nov. 2, 1948.

§ 1-d. Assessment of lands designated for agricultural use

Sec. 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. "Agricultural use" means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

(e) No land may qualify for the designation provided for in this Act unless for at least three (3)

successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section.

Adopted Nov. 8, 1966.

§ 1-d-1. Open-space land

Sec. 1-d-1. (a) To promote the preservation of open-space land, the legislature shall provide by general law for taxation of open-space land devoted to farm or ranch purposes on the basis of its productive capacity and may provide by general law for taxation of open-space land devoted to timber production on the basis of its productive capacity. The legislature by general law may provide eligibility limitations under this section and may impose sanctions in furtherance of the taxation policy of this section.

(b) If a property owner qualifies his land for designation for agricultural use under Section 1-d of this article, the land is subject to the provisions of Section 1-d for the year in which the designation is effective and is not subject to a law enacted under this Section 1-d-1 in that year.

Adopted Nov. 7, 1978, eff. Jan. 1, 1979.

§ 1-e. Abolition of ad valorem property taxes

Sec. 1-e. 1. No State ad valorem taxes shall be levied upon any property within this State.

2. All receipts from previously authorized State ad valorem taxes that are collected on or after the effective date of the 1982 amendment to this section shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Receipts from taxes collected before that date shall be distributed by the legislature among institutions eligible to receive distributions under prior law. Those receipts and receipts distributed under prior law may be expended for the purposes provided under prior law or for repair and renovation of existing permanent improvements.

(1) granting exemptions or other relief from state ad valorem taxes on appropriate property so designated in the manner prescribed by law; and

(2) authorizing political subdivisions to grant exemptions or other relief from ad valorem taxes on appropriate property so designated by the political subdivision in the manner prescribed by general law.

Adopted Nov. 8, 1977.

§ 1-g. Development or redevelopment of property; ad valorem tax relief and issuance of bonds and notes

Sec. 1-g. (a) The legislature by general law may authorize cities, towns, and other taxing units to grant exemptions or other relief from ad valorem taxes on property located in a reinvestment zone for the purpose of encouraging development or redevelopment and improvement of the property.

(b) The legislature by general law may authorize an incorporated city or town to issue bonds or notes to finance the development or redevelopment of an unproductive, underdeveloped, or blighted area within the city or town and to pledge for repayment of those bonds or notes increases in ad valorem tax revenues imposed on property in the area by the city or town and other political subdivisions.

Adopted Nov. 3, 1981.

§ 2. Occupation taxes; equality and uniformity; exemptions from taxation

Sec. 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; solar or wind-powered energy devices; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion

not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void.

(b) The Legislature may, by general law, exempt property owned by a disabled veteran or by the surviving spouse and surviving minor children of a disabled veteran. A veteran having a disability rating of more than 30 percent but not more than 50 percent may be granted an exemption from taxation for property valued at up to \$2,000. A veteran having a disability rating of more than 50 percent but not more than 70 percent may be granted an exemption from taxation for property valued at up to \$2,500. The spouse and children of any member of the United States Armed Forces who loses his life while on active duty will be granted an exemption from taxation for property valued at up to \$2,500. If a majority of such voters voting in such election shall approve of adding an Assessor-Collector of Taxes to such list, then such official shall be elected at the next General Election for such Constitutional term of office as is provided for other Tax Assessor-Collectors in this State.

Adopted Nov. 2, 1954.

§ 17. Specification of subjects not limitation of Legislature's power

Sec. 17. The specification of the objects and subjects of taxation shall not deprive the Legislature of the power to require other subjects or objects to be

§ 18. Equalization of valuations; classification of lands; single appraisal and single board of equalization

Sec. 18. (a) The Legislature shall provide for equalizing, as near as may be, the valuation of all property subject to or rendered for taxation, and may also provide for the classification of all lands with reference to their value in the several counties.

Sec. 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value nor shall any Board of Equalization of any governmental or political subdivision or taxing district within this State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed

by the State and all governmental and political subdivisions and taxing districts of the State a three per cent (3%) discount on ad valorem taxes due the State or due any governmental or political subdivision or taxing district of the State if such taxes are paid ninety (90) days before the date when they would otherwise become delinquent; and the taxpayer shall be allowed a two per cent (2%) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1%) discount if said taxes are paid thirty (30) days before they would otherwise become delinquent. (c) The legislature by general law shall require that, subject to reasonable exceptions, a property owner be given notice of a revaluation of his property and a reasonable estimate of the amount of taxes that would be imposed on his property if the total amount of property taxes for the subdivision were not increased according to any law enacted pursuant to Subsection (a) of this section. The notice must be given before the procedures required in Subsection (a) are instituted.

Adopted Nov. 7, 1978, eff. Jan. 1, 1979. Amended Nov. 3, 1981.

§ 22. Appropriations from state tax revenues; rate of growth

Sec. 22. (a) In no biennium shall the rate of growth of appropriations from state tax revenues not dedicated by this constitution exceed the esti-

§ 1. Creation of counties

Section 1. The Legislature shall have power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new counties shall be created with a less area than nine hundred square miles, in a square form, unless prevented by pre-existing boundary lines. Should the State lines render this impracticable in border counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient organized county or counties.

Second. Within the territory of any county or counties now existing, no new county shall be created with a less area than seven hundred square miles, nor shall any such county now existing be reduced to a less area than seven hundred square miles. No new counties shall be created so as to approach nearer than twelve miles of the county seat of any county from which it may in whole or in part be taken. Counties of a less area than nine hundred, but of seven hundred or more square miles, within counties now existing, may be created by a two-thirds vote of each House of the Legislature, taken by yeas and nays and entered on the journals. Third. No part of any existing county shall be detached from it and attached to another existing county until the proposition for such change shall have been submitted, in such manner as may be provided by law, to a vote of the electors of both counties, and shall have received a majority of those voting on the question in each.

§ 1-A. Counties bordering on Gulf of Mexico or tidewater limits thereof; regulation of motor vehicles on beaches

Sec. 1-A. The Legislature may authorize the governing body of any county bordering on the Gulf of Mexico or the tidewater limits thereof to regulate and restrict the speed, parking and travel of motor

vehicles on beaches available to the public by virtue of public right and the littering of such beaches.

Nothing in this amendment shall increase the rights of any riparian or littoral landowner with regard to beaches available to the public by virtue of public right or submerged lands.

The Legislature may enact any laws not inconsistent with this Section which it may deem necessary to permit said counties to implement, enforce and administer the provisions contained herein.

Should the Legislature enact legislation in anticipation of the adoption of this amendment, such legislation shall not be invalid by reason of its anticipatory character.

A majority of such electors, however, voting at such election, may remove a county seat from a point more than five miles from the geographical centre of the county to a point within five miles of such centre, in either case the centre to be determined by a certificate from the Commissioner of the General Land Office.

HOSPITAL DISTRICTS

§ 4. County-wide Hospital Districts

Sec. 4. The Legislature may by law authorize the creation of county-wide Hospital Districts in counties having a population in excess of 190,000 and in Galveston County, with power to issue bonds for the purchase, acquisition, construction, maintenance and operation of any county owned hospital, or where the hospital system is jointly operated by a county and city within the county, and to provide for the transfer to the county-wide Hospital District of the title to any land, buildings or equipment, jointly or separately owned, and for the assumption by the district of any outstanding bonded indebtedness theretofore issued by any county or city for the establishment of hospitals or hospital facilities; to levy a tax not to exceed seventy-five (\$.75) cents on the One Hundred (\$100.00) Dollars valuation of all taxable property within such district, provided, however, that such district shall be approved at an election held for that purpose, and that only qualified, property taxpaying voters in such county shall vote therein; provided further, that such Hospital District shall assume full responsibility for provid-

ing medical and hospital care to needy inhabitants of the county, and thereafter such county and cities therein shall not levy any other tax for hospital purposes; and provided further that should such Hospital District construct, maintain and support a hospital or hospital system, that the same shall never become a charge against the State of Texas, nor shall any direct appropriation ever be made by the Legislature for the construction, maintenance or improvement of the said hospital or hospitals. Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character.

Adopted Nov. 2, 1954.

§ 5. City of Amarillo; Wichita County; Jefferson County; creation of hospital districts

Sec. 5. (a) The Legislature may by law authorize the creation of two hospital districts, one to be coextensive with and have the same boundaries as the incorporated City of Amarillo, as such boundaries now exist or as they may hereafter be lawfully extended, and the other to be coextensive with Wichita County.

If such district or districts are created, they may be authorized to levy a tax not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars (\$100.00) valuation of taxable property within the district; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpaying voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of Seventy-five Cents (75¢) per One Hundred Dollars (\$100.00) valuation, and no election shall be required by subsequent changes in the boundaries of the City of Amarillo.

If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the district may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the district shall be resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cents (75¢) tax. The Legislature shall provide for transfer of title to properties to the district.

(b) The Legislature may by law permit the County of Potter (in which the City of Amarillo is partial-

ly located) to render financial aid to that district by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the district (whether assumed or created by the district) and may authorize the levy of a tax not to exceed Ten Cents (10¢) per One Hundred Dollars (\$100.00) valuation (in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the time such levy is made for such purposes. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the county.

(c) The Legislature may by law authorize the creation of a hospital district within Jefferson County, the boundaries of which shall include only the area comprising the Jefferson County Drainage District No. 7 and the Port Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with the power to issue bonds for the sole purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax of not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars (\$100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

The creation of such hospital district shall not be final until approved at an election by a majority of the resident property taxpaying voters voting at said election who have duly rendered their property for taxation upon the tax rolls of either said Drainage or said School District, nor shall such bonds be issued or such tax be levied until so approved by such voters.

The district shall not have the power to levy any tax for maintenance or operation of the hospital or facilities, but shall contract with other political subdivisions of the state or private individuals, associations, or corporations for such purposes.

If the district hereinabove authorized is finally created, no other hospital district may be created embracing any part of the territory within its boundaries, but the Legislature by law may authorize the creation of a hospital district incorporating therein the remainder of Jefferson County, having the powers and duties and with the limitations presently provided by Article IX, Section 4, of the Constitution of Texas, except that such district shall be confirmed at an election wherein the resident qualified property taxpaying voters who have duly rendered their property within such proposed district for taxation on the county rolls, shall be authorized to vote. A majority of those participating in the election voting in favor of the district shall be

necessary for its confirmation and for bonds to be issued.

(d) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character.

Adopted Nov. 4, 1958.

§ 6. Lamar County Hospital District; abolition; transfer of assets

Sec. 6. On the effective date of this Amendment, the Lamar County Hospital District is abolished. The Commissioners Court of Lamar County may provide for the transfer or for the disposition of the assets of the Lamar County Hospital District.

Adopted Nov. 8, 1960. Amended Nov. 7, 1972.

§ 7. Hidalgo County; Hospital District; creation; tax rate

Sec. 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10¢) per One Hundred Dollars (\$100) valuation of taxable property within the District subject to district taxation.

Adopted Nov. 8, 1960.

§ 8. County Commissioners Precinct No. 4 of Comanche County; Hospital District; creation; tax rate

Sec. 8. The Legislature may by law authorize the creation of a Hospital District to be co-extensive with the limits of County Commissioners Precinct No. 4 of Comanche County, Texas.

If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollar (\$100) valuation of taxable property within the District; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpaying voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation, and no election shall be required by subsequent changes in the boundaries of the Commissioners Precinct No. 4 of Comanche County.

If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the District may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the District shall by resolution assume all such responsibilities

and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the District to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said seventy-five cent (75¢) tax. The Legislature shall provide for transfer of title to properties to the District.

(b) The Legislature may by law permit the County of Comanche to render financial aid to that District by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the District (whether assumed or created by the District) and may authorize the levy of a tax not to exceed ten cents (10¢) per One Hundred Dollar (\$100) valuation (in addition to other taxes permitted by this Constitution) upon all property within the County but without the County Commissioners Precinct No. 4 of Comanche County at the time such levy is made for such purposes. If such tax is authorized, the District shall by resolution assume the responsibilities, obligations, and liabilities of the County in the manner and to the extent hereinabove provided for political subdivisions having boundaries co-extensive with the District, and the County shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the County.

(c) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character.

Adopted Nov. 8, 1960.

§ 9. Hospital districts; creation, operation, powers, duties and dissolution

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxpaying voters in the district concerned.

Transfer of service credit between the Employees Retirement System of Texas and the Teacher Retirement System of Texas also may be authorized by law.

The amount contributed by the state may not be less than six percent nor more than 10 percent of the aggregate compensation paid to individuals participating in the system. In an emergency, as determined by the governor, the legislature may appropriate such additional sums as are actuarially determined to be required to fund benefits authorized by law.

(c) Local Retirement Systems. (1) The legislature shall provide by law for:

(A) the creation by any city or county of a system of benefits for its officers and employees;

(B) a statewide system of benefits for the officers and employees of counties or other political subdivisions of the state in which counties or other political subdivisions may voluntarily participate; and

Amended Nov. 7, 1972.

§ 2. Constitutional revision commission; establishment; report; 1974 constitutional convention

Sec. 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission.

(b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973.

(c) The members of the 63rd Legislature shall be convened as a constitutional convention at noon on the second Tuesday in January, 1974. The lieutenant governor shall preside until a chairman of the convention is elected. The convention shall elect other officers it deems necessary, adopt temporary and permanent rules, and publish a journal of its proceedings. A person elected to fill a vacancy in the 63rd Legislature before dissolution of the convention becomes a member of the convention on taking office as a member of the legislature.

(d) Members of the convention shall receive compensation, mileage, per diem as determined by a five member committee, to be composed of the Governor, Lieutenant Governor, Speaker of the House, Chief Justice of the Supreme Court, and Chief Justice of the Court of Criminal Appeals. This shall not be held in conflict with Article XVI, Section 33 of the Texas Constitution. The convention may provide for the expenses of its members and for the employment of a staff for the convention, and for these purposes may by resolution appropriate money from the general revenue fund of the state treasury. Warrants shall be drawn pursuant to vouchers signed by the chairman or by a person authorized by him in writing to sign them.

(e) The convention, by resolution adopted on the vote of at least two-thirds of its members, may submit for a vote of the qualified electors of this state a new constitution which may contain alternative articles or sections, or may submit revisions of the existing constitution which may contain alternative articles or sections. Each resolution shall specify the date of the election, the form of the ballots, and the method of publicizing the proposals to be voted on. To be adopted, each proposal must receive the favorable vote of the majority of those voting on the proposal. The conduct of the election, the canvassing of the votes, and the reporting of the returns shall be as provided for elections under Section 1 of this article.

(f) The convention may be dissolved by resolution adopted on the vote of at least two-thirds of its members; but it is automatically dissolved at 11:59 p.m. on May 31, 1974, unless its duration is extended for a period not to exceed 60 days by resolution

adopted on the vote of at least two-thirds of its members.

(g) The Bill of Rights of the present Texas Constitution shall be retained in full.

[Acts 1925, S.B. 84.]

Art. 1a. Emergency Care; Relief from Liability for Civil Damages

No person shall be liable in civil damages who administers emergency care in good faith:

(1) at the scene of an emergency or in a hospital for acts performed during the emergency unless such acts are wilfully or wantonly negligent; provided that nothing herein shall apply to the administering of such care where the same is rendered for remuneration or with the expectation of remuneration or is rendered by any person or agent of a principal who was at the scene of the accident or emergency because he or his principal was soliciting business or seeking to perform some services for remuneration; and further provided that this section shall not apply to a person who regularly administers care in a hospital emergency room or to an admitting physician, or to a treating physician associated by the admitting physician, of the patient bringing a health care liability claim;

Art. 1b. Liability of Real Property Owner Permitting Persons to Enter for Recreational Purposes

Sec. 1. If any owner, lessee or occupant of real property gives permission to another to enter the premises for recreational purposes, he does not thereby

(1) extend any assurance that the premises are safe for such purposes, or

(2) constitute the person to whom permission is granted one to whom a greater degree of care is owed than that owed to a trespasser on the premises, or

(3) assume responsibility for or incur liability for any injury to persons or property caused by any act of persons to whom permission is granted.

Sec. 2. The provisions of this Act shall not relieve any owner, lessee or occupant of real property of any liability which would otherwise exist for deliberate, willful or malicious injury to persons or property, nor does it create any liability where such liability does not now exist.

Sec. 3. The provisions of this Act shall not modify, extend or change in any way the doctrine of attractive nuisance as interpreted and applied by the courts of Texas.

Sec. 4. The provisions of this Act shall not be interpreted to limit, restrict, modify or change in any way the liability which would otherwise apply to any owner, lessee or occupant of real property who

(1) uses the premises or any part thereof, or permits the use of the premises or any part thereof, as a commercial recreational enterprise for purposes of profit, or

(2) makes a charge for permission to enter the premises, other than that levied against those who remove game from the premises in such sum as may reasonably be required for the replacement of such game.

Sec. 5. The provisions of this Act shall not be interpreted to create any liability where such liability does not now exist.

Sec. 6. (a) The word "premises," as used in this Act, shall include lands, roads, waters, water courses, and private ways, together with all buildings, structures, machinery or equipment attached thereto or located thereon.

(b) The term "recreational purposes," as used in this Act, means activities such as hunting, fishing, swimming, boating, camping, picnicking, hiking, pleasure driving, nature study, water skiing and water sports.

Any person intending to apply for the passage of any local or special law shall give notice of such intention by having a statement of the substance of such law published once in some newspaper published in the county embracing the locality to be affected by said law, at least thirty days prior to the introduction into the Legislature of such contemplated law.

[Acts 1925, S.B. 84. Amended by Acts 1977, 65th Leg., p. 1406, ch. 569, § 1, eff. Aug. 29, 1977.]

Art. 3. If No Newspaper Published

If no newspaper is published in said county, a written copy of such statement shall be posted at the court house door and in five other public places in the immediate locality to be affected thereby in said county, for thirty days, and such notice shall accurately define the locality to be affected by said law.

[Acts 1925, S.B. 84.]

Art. 4. Notice for Each County

Where the locality to be affected by said law shall extend beyond the limits of any one county, such notice shall be given for each county to be affected.

[Acts 1925, S.B. 84.]

Art. 5. Affecting Persons

Whenever any person intends applying for the passage of a special law which shall affect persons chiefly, and not directly affect any particular locality more than others, such persons, if residing in this State, shall make publication of notice of such intention in the county of the residence of such person in the same manner as if the said law was to affect such locality.

[Acts 1925, S.B. 84.]

Art. 6. Where Applicant is a Non-Resident

If the applicant is a non-resident of this State, said publication need only be made in a newspaper published at the Capital, in like manner as if such person resided at the seat of government.

[Acts 1925, S.B. 84.]

[Acts 1925, S.B. 84; Acts 1927, 40th Leg., p. 42, ch. 29, § 1.]

CONSTRUCTION OF LAWS**Art. 10. General Rules**

The following rules shall govern in the construction of all civil statutory enactments:

1. The ordinary signification shall be applied to words, except words of art or words connected with a particular trade or subject matter, when they shall have the signification attached to them by experts in such art or trade, with reference to such subject matter.

2. The present or past tense shall include the future.

3. The masculine gender shall include the feminine and neuter.

4. The singular and plural number shall each include the other, unless otherwise expressly provided.

7. Whenever one law which shall have repealed another shall itself be repealed, the former law shall not be thereby revived without express words to that effect.

8. The rule of the common law that statutes in derogation thereof shall be strictly construed shall have no application to the Revised Statutes; but the said statutes shall constitute the law of this State respecting the subjects to which they relate; and the provisions thereof shall be liberally construed with a view to effect their objects and to promote justice.

[Acts 1925, S.B. 84.]

Art. 11. Grammatical Errors

Grammatical errors shall not vitiate a law, and a transposition of words and clauses may be resorted to when the sentence or clause is without meaning as it stands. In no case shall the punctuation of a law control or affect the intention of the Legislature in the enactment thereof.

[Acts 1925, S.B. 84.]

Art. 11a. Severability of Statutes

Sec. 1. Except to the extent otherwise specifically provided in a statute enacted previously or in the future, if any provision of a statute or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the statute which can be given effect without the invalid provision or application, and to this end the provisions of each statute are declared to be severable.

Sec. 2. Nothing in this Act affects the power or the duty of a court in an appropriate case to ascertain and effectuate the intent of the legislature with regard to the severability of a statute.

[Acts 1973, 63rd Leg., p. 69, ch. 45, eff. April 18, 1973.]

Sec. 2. [Amends art. 6701m-1]

Sec. 3. It is the intent of the legislature that references in law to a specific article of the General Appropriations Act should be by article title only.

Sec. 4. If a statute enacted or last amended before 1982 refers by number to an article of the General Appropriations Act, the reference shall be construed as meaning the article of the current General Appropriations Act, regardless of numerical designation, that corresponds in substance to the numerically cited article as it existed on the date of the enactment or most recent amendment of the statutory citation.

[Acts 1981, 67th Leg., p. 1006, ch. 383, §§ 3, 4, eff. Aug. 31, 1981.]

See, now, art. 41a-1.

Art. 41a-1. Public Accountancy Act of 1979

Policy and Purpose

Sec. 1. The practice of public accountancy is in all respects a learned profession having specialized educational and experience requirements. The terms "accountant" and "auditor" and the derivations, combinations, and abbreviations of those terms carry with them an implication of competence in the profession of public accountancy on which the public relies in personal, business, and public activities and enterprises. It is the policy of this state and the purpose of this Act that the admission of persons to practice public accountancy depends on education and experience commensurate with and required by the exigencies of the profession, that persons professing to practice public accountancy be qualified to do so, that the persons continue to maintain high standards of professional competence, integrity, and learning, that areas of specialized practice require special training, and that the activities and competitive practices of those practicing public accountancy be regulated to be free of commercial exploitation toward the end that the public will be provided with a high level of professional competence at reasonable fees by independent, qualified persons.

Short Title

Sec. 1A. This Act may be cited as the Public Accountancy Act of 1979.

Definitions

Sec. 2. In this Act:

(1) "Board" means the Texas State Board of Public Accountancy.

(2) "Person" means an individual, partnership, or corporation.

(3) "State" includes any state, territory, or insular possession of the United States and the District of Columbia.

(4) "Corporation" means a professional public accounting corporation organized under The Texas Professional Corporation Act, as amended (Article 1528e, Vernon's Texas Civil Statutes), or an equivalent law of another state, territory, or foreign country.

(5) "Financial statement" means a statement and related footnotes that purport to show financial position at a specified time or changes in financial position during a specified period of time, including a statement that uses the cash or other incomplete basis of accounting. The term includes a balance sheet, statement of income, statement of retained earnings, statement of changes in financial position, and statement of changes in owners' equity or any combination thereof, but does not include incidental financial data included in a management advisory or consulting services report to support recommendations to a client, nor does it include a tax return and supporting schedules.

Acts Not Restricted

Sec. 3. (a) Nothing contained in this Act shall be construed as applying to restrict any official act of any county auditor or other officer of the state, county, municipality, or other political subdivision or any officer of a federal department or agency or of their assistants, deputies, or employees while working in their official capacities.

(b) Nothing contained in this Act shall prohibit any person not a certified public accountant or public accountant from serving as an employee of a certified public accountant or public accountant, partnership, or corporation composed of certified public accountants and/or public accountants holding a license or licenses to practice issued by the board; provided, however, that such employee shall not issue any accounting or financial statement over his own name.

(c) Nothing contained in this Act shall prohibit a certified public accountant or a registered public accountant of another state or any accountant who holds a certificate, degree, or license in a foreign country, constituting a recognized qualification for the practice of public accountancy in such country, from temporarily practicing in this state on professional business incident to his regular practice outside this state; provided that such temporary practice is conducted in conformity with the laws of Texas and the regulations and rules of professional conduct promulgated by the board. The person coming into this state shall notify the board of his incidental, temporary practice in the state and shall

pay to the board a fee set by the board, not to exceed \$10.

State Board of Public Accountancy

Sec. 4. (a) The Texas State Board of Public Accountancy shall consist of 12 members, each of whom shall be a citizen of the United States and a resident of this state. Members of the board and their successors shall be appointed by the governor with the advice and consent of the senate. At least seven members shall be certified public accountants in public practice. Two members shall be certified public accountants or public accountants. The remaining three members shall be public representatives who are not licensed under this Act and who are not financially involved in an organization subject to regulation by the board. The term of office of each member of the board shall be six years and each member shall continue until a successor is appointed. Members of the present board shall continue in office until their respective terms have expired or until their successors have been appointed.

(b) A member of the board may not be an officer, employee, or paid consultant of a trade association of the public accountancy profession.

(c) A member or employee of the board may not be related within the second degree of affinity or within the second degree of consanguinity to a person who is an officer, employee, or paid consultant of a trade association of the profession of public accountancy.

(d) A board member who has served as a member for six consecutive years shall not be eligible for reappointment until two years shall have elapsed between the end of the term of his last prior appointment and the beginning of the term of a new appointment.

(e) Each member of the board is entitled to reimbursement for actual and necessary expenses incurred in performing the functions of the board and to \$100 for each day on which the member attends an official meeting of the board or assists in the administration of an examination under this Act.

(f) Appointments to the board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

(g) Each member of the board shall be present for at least one-half of the regularly scheduled board meetings held each year. Failure of a board member to meet this requirement automatically removes the member from the board and creates a vacancy on the board.

(h) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as a general counsel to the board or serve as a member of the board.

Powers and Duties of Board

Sec. 5. (a) The board shall administer and carry out this Act and shall:

(1) elect from its members a chairman, secretary, treasurer, and other officers as the board considers necessary;

(2) keep records of all proceedings and actions by and before the board;

(3) keep a seal which shall be judicially noticed; and

(4) employ personnel and independent contractors necessary to assist it in the performance of its duties.

(b) A majority of the board constitutes a quorum for the transaction of business. The members of the board who are not certified public accountants have all the authority, responsibility, and duties of any other member of the board.

(c) The board shall keep an information file about each complaint filed with the board. If a written complaint is filed with the board relating to a licensee under this Act, the board, at least as frequently as quarterly and until the complaint is finally disposed of, shall notify the complainant of the status of the complaint.

Rulemaking

Sec. 6. (a) The board shall promulgate rules deemed necessary or advisable to effectuate this Act, including the promulgation of rules of professional conduct in order to establish and maintain high standards of competence and integrity in the practice of public accountancy and to insure that the conduct and competitive practices of licensees serve the purposes of this Act and the best interest of the public. The board in its rules of professional conduct shall not restrict advertising or competitive bidding by licensees except if necessary to:

(1) insure that advertising, price information, and other communications from licensees are informative, free of deception, and consistent with the professionalism expected and deserved by the public from those engaged in the practice of public accountancy;

(2) insure that the conduct and dealings of licensees are free from fraud, undue influence, deception, intimidation, overreaching, harassment, and other forms of vexatious conduct, including uninvited solicitations to perform professional accounting services; provided, however, that the term "uninvited solicitation" shall not be deemed to include advertising in print, radio, motion pictures, and television media; or

(3) regulate the competitive practices of licensees to the extent necessary to insure that:

(A) contracts or engagements between a licensee and any state agency, political subdivision, county, municipality, district, authority, or publicly owned

utility for the performance of professional accounting services are not solicited or awarded on the basis of competitive bids submitted for such contracts or engagements in violation of law;

(B) contracts or engagements for the preparation of or opinion on any financial statement which is or can be used by or given to a person or entity not a party to the contract or engagement for the purpose of inducing reliance thereon are not entered into on the basis of competitive bids; this paragraph shall not apply to any tax or consulting services; further, this paragraph shall not apply to any accounting services or any contracts or engagements for or opinion on any financial statement of any sole proprietorship, partnership, or corporation whose sales or other revenues did not exceed \$300,000 for the latest complete fiscal year; however, the \$300,000 amount provided in this paragraph shall be adjusted proportionately upward or downward on the first day of each calendar year according to changes from January 1, 1979, in the Consumer Price Index for all Urban Consumers published by the United States Department of Labor; or

(C) no licensee engages in any competitive practice which would impair the independence or quality of services rendered by any licensee or which would impair or restrict the opportunity for members of the public to seek and secure high quality professional accounting services at reasonable prices or which would unreasonably restrict competition among licensees.

The board may adopt a system of required annual continuing education for licensees to assure that the licensees remain informed of changes in the field of accountancy. The board may recognize areas of specialization in the field of accountancy and may recognize alternate ways by which licensees may demonstrate acceptable levels of competency.

(b) If the appropriate standing committees of both houses of the legislature acting under Section 5(g), Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that section, the rule may not take effect or, if the rule has already taken effect, the rule is repealed effective on the date the board receives the committees' statements.

Expenses of Board

Sec. 7. (a) The fees and other money received by the board under this Act shall be deposited in the state treasury to the credit of a special fund to be known as the public accountancy fund and may be used only for the administration of this Act.

(b) The board shall file an annual report of its activities with the governor and the Legislative Budget Board. The report shall include a summary statement of all receipts and disbursements of the board for each calendar year. The board's funds shall be audited each fiscal year by the state auditor.

(b) No partnership or corporation shall assume or use the title or designation "Certified Public Accountant" or the abbreviation "CPA" or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that such partnership or corporation is composed of certified public accountants unless such partnership or corporation is registered as a partnership or corporation of certified public accountants under this or prior Acts, holds a license issued under Section 9 of this Act, and all of such partnership's or corporation's offices in this state for the practice of public accountancy are maintained and registered as required under Section 10 of this Act.

(e) No person shall assume or use the title or designation "certified accountant," "chartered accountant," "enrolled accountant," "licensed accountant," or any other title or designation likely to be confused with "certified public accountant" or "public accountant," or any of the abbreviations, "CA," "PA," "EA," "RA," or "LA," or similar abbreviations likely to be confused with "CPA"; provided, however, that only a person holding a license issued under Section 9 of this Act and all of whose offices in this state for the practice of public accountancy are maintained and registered as required under Section 10 of this Act may hold himself out to the public as an "accountant" or "auditor" or any combination of said terms; and provided further that a foreign accountant registered under this or prior Acts who holds a license issued under Section 9 of this Act and all of whose offices in this state for the practice of public accountancy are maintained and registered as required under Section 10 of this Act, may use the title under which he is generally known in his state or country, followed by the name of the state or country from which he received his certificate, license, or degree.

No trade name or descriptive words indicating character or grade of service offered may be used or included except as authorized by rules promulgated by the board.

(h) No licensee shall assume or use the designation "and Company" or "and Associates" or abbreviations thereof in designating a firm in the practice of public accountancy unless there are at least two persons holding licenses under this Act involved in the practice of the firm.

• Annual Licenses to Practice

Sec. 9. (a) Licenses shall be issued by the board to the following upon the payment of fees hereinafter specified:

(1) holders of the certificate of "Certified Public Accountant" issued under this or prior Acts; and

(2) such persons as are registered with the board under the provisions of this or prior Acts.

There shall be paid to the Texas State Board of Public Accountancy by all persons referred to in Subdivisions (1) and (2) of this subsection an annual license fee not to exceed \$60. All licenses shall expire on the 31st day of December of each year or on such other date or dates as set by the board pursuant to Subsection (b) of this section, but shall annually be renewed for a period of one year upon the payment of a fee of not more than \$60, the board being hereby given the authority and duty to determine the amount of such renewal fee not less than 30 days prior to the beginning of the year to which it applies and to mail notices thereof each year by that date.

Failure of any licensee to pay the annual license renewal fee on or before the date it is due shall automatically cancel his license. Any licensee whose license shall have been canceled because of failure to pay the annual license renewal fee may secure reinstatement of his license at any time within that license year upon payment of the delinquent fee together with a penalty of \$20. After expiration of the license year for which the license fee was not paid, no license shall be reinstated except upon application and examination satisfactory to the board and payment of delinquent fees and a penalty to be assessed by the board. The board shall have no authority to waive the collection of any fee or penalty.

(b) The board by rule may adopt a system under which licenses expire on various dates during the year. Dates relating to cancellation and reinstatement of licenses shall be adjusted accordingly. For the year in which the license expiration date is changed, license fees shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee shall be payable.

(c) The board by rule may adopt a system by which individual licensees over age 65 may qualify for a reduced license fee.

Registration With the Board

Sec. 10. The following persons shall be registered with the board for the practice of public accountancy in this state:

Each such office shall be under the direct supervision of a resident manager who may be either a principal or a staff employee holding a license issued by the board which is in full force and effect; provided that the title or designation "Certified Public Accountant" or the abbreviation "CPA" shall not be used in connection with such office unless such resident manager is the holder of a certificate as a certified public accountant and a license issued by the board, both of which are in full force and effect. Such resident manager may serve in such capacity only in one office at the same time except as authorized by rule of the board. The board shall by regulation prescribe the procedure to be followed in effecting such registrations. The board may by rule require that a sign notifying consumers that complaints may be directed to the board be prominently displayed in each office registered under the provisions of this section and may prescribe the size and contents of such sign.

All applicants for registration shall furnish satisfactory evidence of eligibility for registration. The board shall have power to examine such applications and may refuse registration to any applicant who is unable to meet the standards imposed by this Act.

(5) who meets the requirements of education and experience as hereinafter provided:

(A) the experience requirements shall be for the number of years as provided in Paragraph (B) or (C) below and shall be in public practice under the supervision of a certified public accountant or public accountant or in an activity comparable thereto or in any combination of such types of experience in work of a nonroutine accounting nature which continually requires independent thought and judgment on important accounting matters; and all such experience must be satisfactory to the board;

(C) the experience requirement shall be only one year of the experience described in Paragraph (A) above for any candidate holding a master's degree in accounting or business administration from a college or university recognized by the board or

Any candidate who meets the education requirements under Paragraph (B) or (C) of Subdivision (5) above and who is duly enrolled as an attorney by the Supreme Court of Texas shall be given credit for commercial law without taking the written examination on commercial law.

The board may by written regulations provide for granting credit to a candidate for his satisfactory completion of a written examination in any of the subjects specified in Subdivision (6) above given by the licensing authority in any other state. None of the education or experience requirements specified above shall apply to a candidate who is registered as a public accountant under The Public Accountancy Act of 1945, as amended (Article 41a, Vernon's Texas Civil Statutes), and holds a license issued under this Act.

The applicable education and experience requirements under this Act shall be those in effect on the

Any person qualified to sit under The Public Accountancy Act of 1945, as amended (Article 41a, Vernon's Texas Civil Statutes), shall continue to qualify to sit for the examination as long as the initial qualifications are met.

Any person who at the effective date of this Act has entered a program to meet the education and experience requirements of The Public Accountancy Act of 1945, as amended and as in force immediately prior to the effective date of this Act, shall file with the board within 180 days after the effective date of this Act a written declaration thereof and submit such proof thereof as the board may require. After the filing of such declaration and proof under rules and regulations prescribed by the board, a person shall be allowed the time reasonably required to complete his program to meet the education requirements in force immediately prior to the effective date of this Act, but no more than four years following the effective date of this Act to meet such education requirements in force immediately prior to the effective date of this Act. Upon completion of such requirements, if otherwise qualified to take the examination, he shall be permitted to make his application and take the examination under such education requirements.

Every person who has met the requirements of Subdivisions (1), (2), (3), (4), (5), and (6) of this section and is ready to receive his certificate as a "Certified Public Accountant" shall before receiving such certificate take an oath that he will support the Constitution of the United States and of this state and the laws thereof and will comply with the rules of professional conduct promulgated under this Act. This oath shall be administered by a member of the board or by such other person as may be authorized by law to administer oaths.

Reciprocity

Sec. 13. The board may in its discretion waive the examination of and may issue a certificate of "Certified Public Accountant" to any person possessing the other qualifications mentioned in Section 12 of this Act who is the holder of a certificate as certified public accountant issued under the laws of any state or territory or the equivalent thereof issued in any foreign country, provided the requirements for such certificate in the state or territory or foreign country which has granted it to the applicant were in the opinion of the board at least equivalent to those required in this state at the time the applicant's original certificate was issued. The board shall charge for the issuance of such a certificate as a "Certified Public Accountant" under this section a fee of not more than \$100.

Registration of Certified Public Accountants of Other States and Persons Holding Similar Titles in Foreign Countries

Sec. 14. A certified public accountant of another state or territory or the holder of a certificate, license, or degree authorizing him to practice public accountancy in a foreign country may register with the board as a certified public accountant of such other state or territory or as holding such certificate, license, or degree of a foreign country, if the board determines that the standards under which the applicant became a certified public accountant or received such certificate, license, or degree were as high as the standards of this state at the same time for granting the certificate of certified public accountant. A person so registered may describe himself as a certified public accountant of the state or territory which issued his certificate or may use the title held by him in a foreign country; provided that the country of its origin is indicated. The registered person must pay the license fee provided in Section 9 of this Act and a processing fee set by the board of not more than \$100.

Examinations, Reexaminations, and Fees

Sec. 15. All examinations provided for under this Act shall be conducted by the board. The examination for the certificate of "Certified Public Accountant" shall take place as often as the board deems necessary, but not less frequently than once each year. The board as it considers appropriate may use all or part of the Uniform CPA Examination and any related service available from the American Institute of Certified Public Accountants or the National Association of State Boards of Accountancy. The board by rule may adopt a system for the maintenance of the security and integrity of the examination process.

Not later than the 30th day after the day on which the board receives an individual's examination results, the board shall send to the individual the examination results.

A candidate who fails shall have the right to apply for additional examinations, subject to the satisfaction of the board that the candidate continues to meet requirements of Subdivisions (1), (2), and (4) of Section 12 of this Act.

Any candidate who at the time of filing his application to take the examination or reexamination provided for herein had prior to the effective date of this Act any examination credits or who after the effective date of this Act shall pass in a single examination two or more subjects (accounting practice counting as two subjects), or who is registered as a public accountant under The Public Accountancy Act of 1945, as amended (Article 41a, Vernon's Texas Civil Statutes), and who shall pass one or more subjects after the effective date of this Act shall have the right, subject to the approval of his application for reexamination under the provisions of the preceding paragraph, to be reexamined in the

remaining subjects only at subsequent examinations held by the board, except that the candidate must pass the remaining subjects within the next 10 consecutive examinations, and the candidate may receive credit for one or more subjects in any subsequent examination. When the candidate shall have received credit for all subjects, the candidate shall then be considered to have passed the examination. A candidate having two or more credits on September 1, 1979, is entitled to an unlimited number of reexaminations on the remaining parts of the examination.

The board shall charge for the first examination of a candidate for certification as a "Certified Public Accountant" a fee of not more than \$150, which shall be payable by the applicant at the time of making the initial application. For each subsequent examination or reexamination, the fee shall not exceed for each subject for which the candidate is eligible \$60 for accounting practice and \$30 for each of theory of accounts, auditing, and commercial law, which shall be payable by the applicant at the time of making the application for the subsequent examination or reexamination. Where the applicant fails to be present for the examination and shows to the board satisfactory reason for such failure, the board may in its discretion refund any fee so paid.

All fees provided for herein shall be paid to the Texas State Board of Public Accountancy.

It is further provided that any applicant who has failed any such examination or reexaminations shall have a right to request a copy of the questions and the answers thereto made by him upon any such examination with the grade clearly shown, together with a copy of solutions to such questions; and the board shall forthwith comply with such request by delivering by registered or certified mail to such applicant a true copy of the questions and his answers thereto, together with a copy of solutions to such questions. The board may charge such applicant a reasonable fee therefor, and such request by the candidate shall be made within six months after the grades are mailed to said candidate and not thereafter.

(3) each partner must be a certified public accountant or a public accountant of some state in good standing; and

(4) each resident manager in charge of an office of a firm in this state must be a certified public accountant or a public accountant of this state in good standing.

Application for such registration must be made upon the affidavit of a general partner of such partnership who holds a license to practice in this state as a certified public accountant or as a public

accountant. Such affidavit must set forth the partnership name, the post office address within the state, and the address of the principal office of the partnership wherever it is located, together with the name, residence, and post office address of each general partner of the partnership. The board shall in each case determine whether the applicant is eligible for registration. A partnership which is so registered and which holds a partnership license issued under Section 9 of this Act may use the words "Public Accountants" in connection with its partnership name. Notification shall be given the board within one month after the admission or withdrawal of a partner to or from any partnership so registered.

Practice of Public Accountancy by Corporations

Sec. 20. A corporation authorized to engage in the practice of public accountancy in this state may register with the board as a corporation engaged in the practice of public accountancy. Application for such registration must be made upon the affidavit of an officer of such corporation. The affidavit must set out the corporate name, the post office address within the state, and the address of the principal office of the corporation. The board shall in each case determine whether the applicant is eligible for registration. A corporation which is so registered and which holds a license issued under this Act may practice public accountancy under a corporate name indicating that it is engaged in such practice. Licensing provisions and procedures applicable to partnerships under Sections 17 and 19 of this Act are also applicable to corporations.

Resignation, Revocation, or Suspension of Certificate or License

Sec. 21. (a) Any individual holding a certificate or registration issued by the board may, at any time and for any reason, subject to the approval of the board, resign and surrender that certificate or registration to the board. An individual who has resigned and surrendered a certificate or registration may not apply for reinstatement of the certificate or registration but may be issued a new certificate or registration upon completion of all requirements for the issuance of a certificate or registration. No certificate shall be issued to any person who has previously resigned a certificate unless that person shall have successfully completed the examination requirement for a new certificate between the time of resignation and the issuance of a new certificate unless, upon application, the examination requirement is waived by the board. If any individual shall resign and surrender a certificate or registration during the course of a disciplinary investigation or proceeding conducted by the board, this fact shall be disclosed in any later application for a new certificate or registration, and the board shall consider this fact in determining whether to issue a new certificate or registration.

(b) After notice and hearing as provided in Section 22 of this Act, the board may revoke or may suspend for a period not to exceed five years any certificate issued under this or any prior Acts or any registration granted under this or any prior Acts or may revoke, suspend, or refuse to renew any license issued under Sections 9 or 13 of this Act or may reprimand the holder of any such license for any one or more of the following causes:

(1) fraud or deceit in obtaining a certificate as certified public accountant or in obtaining registration under this or any prior Acts or in obtaining a license to practice public accountancy under this Act;

(2) dishonesty, fraud, or gross negligence in the practice of public accountancy;

(3) violation of any of the provisions of Section 8 of this Act;

(4) violation of a rule of professional conduct promulgated by the board under the authority granted by law;

(5) final conviction of a felony under the laws of any state or of the United States;

(6) final conviction of any crime, an element of which is dishonesty or fraud, under the laws of any state or of the United States;

(7) cancellation, revocation, suspension, or refusal to renew authority to practice as a certified public accountant or a public accountant by any other state for any cause other than failure to pay an annual registration fee in such other states;

(8) suspension or revocation of the right to practice before any state or federal agency for a cause which in the opinion of the board warrants its action;

(9) failure of a certificate holder or registrant to obtain an annual license under Section 9 of this Act within either (A) three years from the expiration date of the license to practice last obtained or renewed by said certificate holder or registrant or (B) three years from the date upon which the certificate holder or registrant was granted his certificate or registration, if no license was ever issued to him, unless such failure shall be excused by the board pursuant to the provisions of Section 9 of this Act; or

(10) conduct indicating lack of fitness to serve the public as a professional accountant.

(c) Upon conviction by any court of original jurisdiction of a felony under the laws of any state or of the United States or of any crime, an element of which is dishonesty or fraud, under the laws of any state or the United States and after notice and hearing as provided in Section 22 of this Act, the board may suspend any certificate issued under this or prior Acts, any registration granted under this or prior Acts, or may suspend or refuse to renew any license issued under this Act for the period between the date of such conviction and the date such conviction

becomes final or set aside. If such conviction becomes final whether by passage of time, exhaustion of appeal, or otherwise, the board may without further notice and hearing take any action authorized in Subsection (b) of this section. If such conviction is reversed, set aside, or modified so that it no longer constitutes a conviction of a felony or of a crime of which an element is dishonesty or fraud, the board shall reinstate any license, registration, or certificate suspended under this subsection; provided, however, that such reinstatement shall be without prejudice to the rights of the board to invoke any other applicable provisions of this section.

(d) After notice and hearing as provided in Section 22 of this Act, the board shall revoke the registration and license to practice of a partnership or corporation which does not meet all the qualifications for registration prescribed by this Act.

After notice and hearing as provided in Section 22 of this Act, the board may revoke or suspend the registration of a partnership or corporation or may revoke, suspend, or refuse to renew its license under Section 9 of this Act to practice or may reprimand the holder of any such license for any of the causes enumerated in Subsection (b) of this section or for any of the following additional causes:

(1) the revocation or suspension of the certificate or registration or the revocation or suspension or refusal to renew the license to practice of any partner or shareholder;

(2) the cancellation, revocation, suspension, or refusal to renew the authority of the partnership or corporation or any partner or shareholder thereof to practice public accountancy in any other state for any cause other than failure to pay an annual registration fee in such other state; or

(3) the suspension or revocation of the right of any partner or shareholder to practice before any state or federal agency for a cause which in the opinion of the board warrants its action.

Hearing and Review Procedure

Sec. 22. (a) The board may, on its own motion or on the complaint of any person, initiate proceedings to determine the eligibility of any person for examination, registration, and certification under this Act.

(b) The board may initiate disciplinary proceedings under this Act either on its own motion or on the complaint of any person.

(1) A written notice stating the nature of the charge or charges against the accused and the time and place of the hearing before the board on such charges shall be served on the accused not less than 20 days prior to the date of said hearing either personally or by mailing a copy thereof by registered or certified mail to the last known address of the accused.

(2) At any hearing the accused may appear in person and by counsel, produce evidence and wit-

nesses on his own behalf, cross-examine witnesses, and examine such evidence as may be produced against him. The accused shall be entitled on application to the board to the issuance of subpoenas to compel the attendance of witnesses on his behalf.

(3) The board or any member thereof may issue subpoenas to compel the attendance of witnesses and the production of documents and may administer oaths, take testimony, hear proofs, and receive exhibits in evidence in connection with or upon hearings under this Act. In cases of disobedience to a subpoena, the board may invoke the aid of any court of this state in requiring the attendance and testimony of witnesses and the production of documentary evidence.

(4) If, after having been served with the notice of hearing as provided for herein, the accused fails to appear at said hearing, the board may proceed to hear evidence against him and may enter such order as shall be justified by the evidence, and a copy of such order shall be mailed by registered or certified mail to the last known address of the accused. The board is hereby authorized to grant continuances upon written request and upon a showing of good cause for failure to appear at such hearing, set out in writing, signed by the accused, and filed with the board. The board may reopen said proceedings and permit the accused to submit evidence in his behalf; provided further that said written request to reopen is filed with the board within 20 days after the date a copy of said order has been mailed to the accused.

(c) A stenographic record of the hearings shall be kept, and if deemed necessary by the board, a transcript shall be ordered.

(d) At all hearings the attorney general or one of his assistants or such other legal counsel as may be employed shall appear and represent the board.

(e) The decision of the board shall be by majority vote.

(f)(1) Any person, firm, or corporation aggrieved by any order, ruling, or decision of the board may file a motion for rehearing. Such a motion must be filed within 15 days of the rendition of the order, ruling, or decision complained of. Replies to motions for rehearings must be filed within 25 days after the rendition of the order, ruling, or decision. Unless the board has acted upon a motion for rehearing within 45 days from the time it is filed, the motion shall be overruled as a matter of law. The board may extend the time for filing of motions for rehearings and replies, but in no event shall the board extend the period within which it may act to more than 90 days from the date of rendition of the order, ruling, or decision. Any motion for rehearing pending after the expiration of 90 days from the date of rendition of the order, ruling, or decision complained of shall be overruled as a matter of law.

(2) An order, ruling, or decision is final and appealable when the motion for rehearing is overruled

or when the time for filing a motion has expired and no motion has been filed.

(3) Any party aggrieved by a final order, ruling, or decision of the board shall be entitled to judicial review under the substantial evidence rule. Proceedings for review shall be initiated by the filing of a petition in the District Court of Travis County, Texas, setting forth the particular objection to such decision, ruling, or order against the Texas State Board of Public Accountancy as defendant, such petition to be filed within 30 days after the decision, ruling, or order complained of is final and appealable. Service of citation on the board may be had by delivery of a copy of the petition to the board at its offices in Austin, Travis County, Texas. The board shall not be required to give any bond in any cause or appeal arising hereunder. Neither the board nor any member thereof shall be liable to any person, firm, or corporation charged or investigated by the board for any damages incident to such investigation or any complaint, charge, prosecution, proceeding, or trial of the results thereof.

(g) Upon application in writing and after hearing pursuant to notice, the board may issue a new certificate to a certified public accountant whose certificate shall have been revoked or may permit the reregistration of anyone whose registration has been revoked or may reissue or modify the suspension of any license to practice public accountancy which has been revoked or suspended.

(h) None of the provisions of this Section 22 shall apply to persons who have not applied to the board to take the Uniform CPA Examination or who have not applied for a license, registration, or certificate under the provisions of this Act.

Penalties

Sec. 23. (a) Whenever in the judgment of the board any person who is not the holder of a license to practice public accountancy in this state has engaged in any act or practices which constitute the practice of public accountancy within this state, the board may apply to the district court of the county in which such person resides or has an office to enjoin such person from engaging in the practice of public accountancy, and in such cases the board shall not be required to give bond as a condition precedent to the issuance of such injunctive relief.

A candidate, licensee, or former licensee may by written communication authorize the board to make any information about that candidate, licensee, or former licensee available for inspection by designated persons or available for inspection by the public at large. Except upon such written authorization, all information received or gathered by the board concerning the qualifications of any licensee or candidate to register as a public accountant or to receive a certificate as a certified public accountant and all information received or gathered by the board concerning a disciplinary proceeding against a licensee under Section 22 of this Act prior to a public hearing on the matter shall be confidential and shall not be subject to disclosure under Chapter 424, Acts of the 63rd Legislature, 1973, as amended (Article 6252-17a, Vernon's Texas Civil Statutes).

Art. 46c-4. Organization, Meetings, Reports

(a) The Commission shall adopt a seal, and make such rules and regulations for its administration, not inconsistent with this Act, as hereby amended, as in its judgment it may deem advisable or necessary, and may from time to time amend such rules and regulations. It shall elect from among its members a chairman, a vice chairman, and a secretary, to serve for one year and annually thereafter shall elect such officers all to serve until their successors are appointed and qualified. It shall fix the date and place for its regular meetings. Four members shall constitute a quorum, and except as hereafter provided, no action shall be taken by less than a majority of the Commission members present. Special meetings may be called as provided by its rules and regulations. All regular and special Commission meetings shall be open to the public. Funds received by the Commission under this Act shall be deposited in the State Treasury to the credit of the General Revenue Fund. The state auditor shall audit the financial transactions of the Commission during each fiscal biennium. Not later than December 1 each year, it shall report in writing to the governor detailed and itemized statements of all revenues and of all expenditures made by or in behalf of the Commission, and shall furnish such other information as it may deem necessary or useful or which may be requested by the Governor. The fiscal year of the Commission shall conform to the fiscal year of the state.

(b) The Commission is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(c) If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Com-

mission statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the Commission receives the committee's statements.

Art. 46c-5. Office and Expense—Employees

Suitable offices and office equipment shall be provided by the state for the Commission in the City of Austin; and it may maintain temporary offices in any other place in the state that it may designate and may incur the necessary expense for office furniture, stationery, printing, incidental expenses, and other expenses necessary for the enforcement of this Act and the general promotion of aeronautics within the state. Regular meetings shall be held at its offices at Austin, but, whenever the convenience of the public or of the parties may be promoted, or delay or expense may be prevented, it may hold hearings or proceedings at any other place designated by it. The Commission may employ such clerical and other employees and assistants as it may deem necessary for the proper transaction of its business and shall fix their salaries. Provided that the Commission shall not make any obligations or expend any state moneys unless and until an appropriation by the Legislature is made therefor. The Executive Director or his designee shall develop a system of annual performance evaluations based on measurable job tasks. All merit pay authorized by the Executive Director must be based on the system established under this section. The Commission shall maintain an information file about each complaint filed with the Commission. If a written complaint is filed with the Commission, the Commission, at least as frequently as quarterly, shall notify the parties to the complaint of the status of the complaint until final disposition unless the notification would jeopardize an undercover investigation.

[Acts 1945, 49th Leg., p. 580, ch. 344, § 5. Amended by Acts 1969, 61st Leg., p. 1394, ch. 424, § 1, eff. Sept. 1, 1969; Acts 1981, 67th Leg., p. 2858, ch. 767, § 2, eff. Sept. 1, 1981.]

Section 7(b) of the 1981 amendatory act provides:

"The requirement under Section 5, Chapter 344, Acts of the 49th Legislature, Regular Session, 1945 (Article 46c-5, Vernon's Texas Civil Statutes), as amended by this Act, that the executive director of the commission develop a system of annual performance evaluation shall be implemented before September 1, 1982. The requirement under Section 5 that merit pay be based on the performance evaluation system shall be implemented before September 1, 1983."

Art. 46c-6. Commission Powers and Duties

Subd. 1. General. The Commission, and its Executive Director acting under its authority, is empowered and directed to encourage, foster, and assist in the development of aeronautics in this state and to encourage, aid and assist in the establish-

ment of airports and airstrips and air navigational facilities in this state, and, as to lands, or portions thereof, or navigational aids or facilities donated or given to the state, or to the Texas Aeronautics Commission to be held by it in trust for the state, the Texas Aeronautics Commission may control, administer, and have jurisdiction thereover, and may lease the same on the terms hereafter provided. The Commission and its Executive Director may cooperate with and assist the United States, municipalities or other governmental subdivisions of this state, or persons engaged in aeronautics or in the development of aeronautics, and may endeavor to coordinate the aeronautical activities of such others, and, municipalities and governmental subdivisions are authorized to cooperate with the Commission in the development of aeronautics and aeronautical navigational facilities or aids in this state.

Subd. 2. Authority to Contract. The Commission may enter into contracts which it deems necessary or advisable in conformity with and in the execution of the powers granted it by this Act, as amended. However, the Commission shall have no power to enter into any contract or agreement binding on the State of Texas for the payment of any moneys which have not been authorized by appropriation of the Legislature from the general revenues or from the Texas Aeronautics Commission Fund. All contracts entered into by the Commission shall be submitted to the attorney general for the approval as to form. The Commission shall not enter into any contract binding the State of Texas in excess of the power granted in this Act.

Subd. 3. Air Carriers. (a) The Commission is hereby granted and vested with the right, power and authority to promulgate and administer economic rules and regulations over air carriers. The Commission shall promulgate and administer rules providing for the safety of air carriers subject to the requirements of this Act. The Commission shall be vested with broad discretion in promulgating such rules and regulations. Without limiting the right, power and authority of the Commission, to the extent necessary to enable it to perform its functions, it shall determine the financial, managerial, and equipment fitness and operational capability of each air carrier, require filing of such reports and other data of air carriers as the Commission may deem necessary, inspect air carrier facilities and equipment, and adopt a program, rules and regulations necessary to effectuate its duties hereunder to the extent that its rules and regulations do not conflict with federal rules and legislation concerning functions within the jurisdiction of federal agencies.

(b) No air carrier shall operate as such, after this Act goes into effect, without having first obtained from the Commission a certificate; provided, however, that all operating rights and privileges granted to any air carrier by the Commission prior to the passage of this Act shall continue in effect, authorizing the same service under the same terms and

conditions as previously granted by the Commission. Upon notice and hearing, certificates shall be subject to revocation or suspension for violation of the Commission's regulations, the provisions of this Act or the regulations or laws of the United States or any authorized agency or board thereof. Proceedings for the refusal, suspension, or revocation of a certificate are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). Any such certificates so revoked or suspended may be reinstated upon order of the Commission on its own motion or upon application of the air carrier, when the Commission finds reinstatement to be in the public interest. Prior to issuing or amending a certificate of public convenience and necessity or a certificate of operating authority, the Commission shall consider the encouragement and development of an intrastate air transportation system properly adapted to the present and future needs of the State of Texas, and in addition shall consider the financial responsibility of the air carrier, its proposed points of service or routes and rates or charges, the effect, if any, upon existing air carriers and CAB certificated carriers, and any other factors similarly related to the interest and safety of the public. Nothing in this Act affects any litigation pending on the effective date of this Act.

(b-1) The Commission by rule may establish reasonable classifications of air carriers. In the interest of limiting the scope of regulation, the Commission by rule may exempt any class of air carriers from any or all of the requirements of this Act or from any or all rules promulgated pursuant to this Act if the exemption is just and reasonable and is in the public interest.

(c) No application for a certificate shall be received and filed by the Commission unless the same shall be in writing under oath in original and six copies filed with the Executive Director of the Commission and contain the following information:

(1) The name and address of the applicant and the names and addresses of its officers, if any, and full information concerning the financial condition and physical properties of the applicant.

(2) The complete route or routes over which the applicant desires to operate or intended points of service, together with the description of each aircraft which the applicant intends to use.

(3) A proposed schedule of service and schedule of rates to be charged between the several points or localities to be served.

(4) It shall be accompanied by plats or maps showing the route or routes over which the applicant desires to operate, on which plats or maps shall be delineated the line or lines of any existing air carrier or airlines, whether or not subject to this Act, serving such territory, and shall point out the need for additional air service.

(5) Such other information, exhibits and other data in regard to the application as may be required by duly promulgated rules and regulations of the Commission.

(6) Every application filed with the Commission for a certificate shall be accompanied by a filing fee in an amount determined by the Commission, but not less than \$200, which fee shall be in addition to any other fees and taxes and shall be retained by the Commission, whether the application is approved or not, to defray operating expenses.

Copies of such application shall be transmitted contemporaneously by certified mail, return receipt requested, to the Civil Aeronautics Board, the Federal Aviation Administration and to any air carrier or CAB certificated carrier, which serves, or is authorized to serve, over the routes or to the service points proposed to be served by the applicant. Upon receipt of such application in proper form, the Commission shall set a date for public hearing which may be conducted by the Commission, or at its discretion, by the Executive Director, or any staff member of the Commission.

Any other provision of this Act notwithstanding, carriers certificated by the Civil Aeronautics Board pursuant to the Federal Aviation Act of 1958, as now or hereafter amended,¹ together with any other interested party shall be afforded the right to appear and present evidence and arguments at such hearing on all issues involved in any such hearing. The final determination of such application shall be made by the Commission by written order setting forth its findings and served upon the parties in such manner as the Commission shall specify, and such application may be granted or denied, in whole, or in part. The order of the Commission granting any application and the certificate issued thereunder shall be voidable upon appeal unless the Commission shall set forth in its order full and complete findings of fact pointing out in detail the basis on which it made each of its findings on the factors related to the interest and safety of the public as provided in Subsection (b) of this Subdivision.

(d) Any certificate held, owned or obtained by any air carrier operating under the provisions of this Act may be sold, assigned, leased, transferred or inherited; provided, however, that any proposed sale, lease, assignment or transfer shall be first presented in writing to the Commission for its approval or disapproval and after public notice and public hearing the Commission may disapprove such proposed sale, assignment, lease or transfer if it is found and determined by the Commission that such proposed sale, assignment, lease or transfer is not in good faith or that the proposed purchaser, assignee, lessee or transferee is not in good faith or that the proposed purchaser, assignee, lessee or transferee is not able or capable of continuing the operation of the equipment proposed to be sold, assigned, leased or transferred in such manner as to render the services required by the certificate held, or that

the proposed sale, assignment, lease or transfer is not in the best public interest. The Commission in approving or disapproving any sale, assignment, lease or transfer of any certificate may take into consideration all the requirements and qualifications of a regular applicant required in this Act and apply the same as necessary qualifications of any proposed purchaser, assignee, lessee or transferee. Every application filed with the Commission for an order approving the lease, sale or transfer of any certificate of convenience and necessity shall be accompanied by a filing fee in an amount equal to one-half of the application fee required for a certificate, which fee shall be in addition to any other fees and taxes and shall be retained by the Commission whether the lease, sale or transfer of the certificate is approved or not.

(e) If any air carrier, or other party in interest be adversely affected by any decision, rate, charge, order, rule, act or regulation adopted by the Commission, that party, after failing to get relief from the Commission, may file a petition setting forth its particular objections to the action of the Commission in the District Court of Travis County, Texas, against the Commission as defendant. This action shall have precedence over all other causes on the docket of a different nature. In an appeal of a Commission action other than revocation or suspension of a certificate, the Commission action shall be sustained unless there is no substantial evidence to support it. An appeal of the revocation or suspension of a certificate shall be tried in the same manner as appeals from justice court to the county court. Appeals from any final judgment of the District Court may be taken by any party to the cause in the manner provided for in civil actions generally, but no appeal bond shall be required of the Commission.

(f) Every officer, agent, servant, or employee of any corporation and every other person who violates or fails to comply with or procures, aids or abets in the violation of any provision of this Act or who violates or fails to obey, observe or comply with any lawful order, decision, rule or regulation, direction, demand or requirement of the Commission shall be subject to and shall pay a penalty not exceeding \$100 for each and every day of such violation. The penalty shall be recovered in any court of competent jurisdiction in the county in which the violation occurs. Suit for the penalty or penalties shall be instituted and conducted by the Attorney General of the State of Texas, or by the county or district attorney in the county in which the violation occurs in the name of the State of Texas. Upon violation of any provision of this Act, or upon the violation of any rule, regulation, order or decree of the Commission promulgated under the terms of this Act, any district court of any county where such violation occurs shall have the power to restrain and enjoin the person, firm or corporation so offending from further violating the provisions of this Act or from further violating any of the rules, regulations, or

ders, and decrees of the Commission. Such injunctive relief may be granted upon the application of the Commission, the attorney general, or any district or county attorney or competing air carrier. No bond shall be required when such injunctive relief is sought upon the application of the Commission, attorney general or any district or county attorney. Such relief may be granted in suits for penalties as provided in this section, but suit for penalties shall not be a condition precedent to the injunctive relief provided hereby.

(g) No carrier may limit its liability for loss of or damage to freight or baggage unless the carrier files a limiting tariff with the Commission before the claimed loss or damage. The Commission shall establish specific liability limits under its rule-making authority.

Subd. 4. Cooperation with the United States. The Commission shall work with the agencies of the United States in enforcing the statutes, directives, rules and regulations of the United States. It is authorized to report to the appropriate federal agencies and agencies of other states all proceedings instituted charging violations of this Act or of federal statutes. It is authorized to receive reports of penalties and other data from agencies of the United States and other states, and when necessary, to enter into agreements, approved by the Attorney General of Texas as to form, with the United States and the agencies of other states governing the delivery, receipt, exchange and use of reports and data. The commission may make such reports, with or without request therefor, to any officer of the state or of a municipality authorized by the commission or by the United States to enforce the aeronautics laws, but such reports shall not constitute evidence of any violation nor shall the same be received as evidence by any court.

Subd. 5. Aircraft Operation. Aircraft shall be operated in and over the state in a safe manner. Operation shall be deemed safe if conducted in compliance with the United States laws and regulations governing air traffic and aeronautical operation, now in existence or hereafter enacted.

Subd. 6. Airports and Navigation Aids, Gifts, Leases. (a) To develop aeronautics for the common good, benefit, and safety of the citizens of Texas, and to provide for catastrophe, disaster, or state or national emergency, the state, or the Texas Aeronautics Commission on behalf of the state, is granted the right, under its police power, to accept gifts or donations of all or any parts of lands on, adjacent to, or utilizable as, airports or airstrips, or utilizable as a navigational aid, in the judgment of the Texas Aeronautics Commission, from the United States or any agency thereof or from any governmental, municipal, or other political subdivision of this state, or from any other person, firm, association, group, or corporation. The same shall be administered by the Texas Aeronautics Commission and shall be and remain under its control and jurisdiction. The Tex-

as Aeronautics Commission is hereby granted the right to utilize such portion of the Texas Aeronautics Commission Fund, or other moneys appropriated to it by the Legislature, to construct improvements, facilities or navigational aids thereon as the commission shall deem advisable or necessary. The commission is granted the right to rent or lease such lands and improvements to any governmental or municipal agency or subdivision, or to any other person, firm, association, group, or corporation, provided any such lease so executed by the commission shall be for a term not to exceed 20 years, and provided further, the Texas Aeronautics Commission shall determine, after investigation, and reduce its findings to writing in a book or books to be maintained in the office of the Texas Aeronautics Commission for that purpose: (1) that the lease is desirable or essential for the purpose above stated; (2) that the lessee is financially responsible; and (3) that the amount of monthly or periodic rental payments shall be sufficient to amortize the amount it has expended thereon for improvements within the term of the lease. Any such lease, before the same shall become effective, shall be submitted to, and approved by, the attorney general as to form. Any such lease shall provide that the lessee shall maintain the land, premises and improvements placed thereon by the Texas Aeronautics Commission in accordance with the standards prescribed by the Texas Aeronautics Commission and shall contain a provision that the lease shall immediately terminate and that the lessee shall surrender the premises to the Texas Aeronautics Commission without liability, and without court action, in the event of violation of any of the provisions of the lease, or any rule, regulation or order of the Texas Aeronautics Commission pertaining thereto; and provided further, the Texas Aeronautics Commission shall have the right to utilize the same or any part thereof, for itself or others, without liability or cost, in time of national or state disaster, emergency, or catastrophe, as determined by either the Governor of Texas or the Texas Aeronautics Commission.

(b) Independently and additionally, the Commission shall be authorized to accept any grant, payment, or gift of moneys, funds or property made to it by any person, individual, firm, association, corporation, municipality, county, or other political subdivision of the state, or from the United States, or any department or agency thereof, as to which the donor has prescribed a particular use for one or more aeronautical purposes. The Commission shall utilize any such grant of property in accordance with the terms of the grant, and as to any such payment, or gift of funds or moneys, the Commission shall utilize such moneys for the purpose or purposes prescribed by the donor. A record shall be maintained in the Commission's offices of such properties and funds. Such funds shall be expended only upon general or special order of the Commission, and all checks shall be signed by the Executive Director.

Subd. 7. Investigations, Hearings (General). The Commission shall have the power to conduct and hold investigations, inquiries, and hearings concerning matters covered by the provisions of this Act and the rules, regulations and orders of the Commission, unless specifically provided otherwise herein. Hearings shall be open to the public. Each member of the Commission, the Executive Director and every officer or employee of the Commission, designated by it to hold an inquiry, investigation or hearing, shall have the power to administer oaths, certify to all official acts, issue subpoenas, and order the attendance and testimony of witnesses and the production of papers, books and documents. In the case of the failure of any person to comply with any subpoena or order issued under the authority of this section, the Commission shall notify the attorney general who may bring suit in the name of the state in any district court of Travis County, Texas. The court, if it determines such noncompliance was not justified, shall thereupon order such person to comply with the requirements of the subpoena or order, and failure to obey the order of the court may be punished by the court as a contempt thereof.

Subd. 8. Education, Publications. The Commission may organize and administer a program of aeronautical education in the schools and colleges of the state and for the general public and may prepare and conduct flight clinics for air crews. The programs and clinics may be conducted with or without charge by the Commission. The Commission may issue such aeronautical publications as may be required in the public interest. The Commission shall charge a fee sufficient to recover the cost of preparing and distributing all Commission publications that do not clearly promote public safety.

Subd. 9. Technical Services. In the interest of public safety and welfare, the Commission may, insofar as is reasonably possible, make available its engineering and technical services, with or without charge, to any municipality or person desiring them in connection with the planning, acquisition, construction, improvement, maintenance or operation of airports, air navigation facilities or other aeronautical activities.

Subd. 10. Aviation Facilities Development and Financial Assistance. (a) When in the discretion of the Commission the public interest will best be served, and the governmental function of the state or its political subdivisions relative to aeronautics will best be discharged, it may provide funds, through loan agreements or grant contracts, appropriated to it for that purpose by the Legislature, to any state agency with a governing board that is authorized to operate airports, and to any governmental entity in this state for the establishment, construction, reconstruction, enlargement or repair of airports, airstrips or air navigational facilities. Provided that any such funds must be expended by the governmental entity for the purpose provided

herein and in conformity with the laws of this state and with the rules and regulations which the Commission is hereby authorized to promulgate.

(b) The Commission shall:

(1) prepare and adopt an aviation facilities development program identifying the aviation facility requirements, locations, timing, eligibility for funding, and the investment necessary for a state-wide airport system that, for the least practicable cost, will provide for the state's air transportation needs;

(2) establish and maintain a method for determining priorities among locations and projects eligible to receive state financial assistance for aviation facility development;

(3) prepare and update at least annually a multi-year aviation facilities capital improvement program based on those priorities, with the estimated annual cost of the total program being approximately equal to revenues forecast to be available for aviation facilities development during the year; and

(4) periodically review the adopted capital improvement program to determine the need for revision of system development criteria; addition or deletion of aviation facility requirements; revision of capital improvement program priorities; and the addition, deletion, or revision of the scope of projects in the program.

(c) The aviation facilities capital improvement program shall be the basis for allocation of state financial assistance and for preparation of the Commission's biennial budget request to the Legislature.

(d) Prior to approving any financial assistance under this Act the Commission shall hold a public hearing at which all interested parties shall have an opportunity to be heard. No loan shall be made without a majority vote of the entire Commission in favor thereof. No grant contract shall be made without a two-thirds vote of the entire Commission in favor thereof.

(e) Prior to approving any loan or grant contract the Commission shall require that:

(1) The airport or facility remain in the control of the political subdivision or political subdivisions involved for at least 20 years, and

(2) The political subdivision disclose the source of all funds for the project and its ability to finance and operate the project, and

(3) All loans shall bear interest at the rate of at least three percent per annum and have a term of not longer than 20 years; and the principal and interest derived from the loans shall be placed in the Texas Aeronautics Commission revolving loan fund administered by the Commission for the purpose of future loans and the administration of the loans, and

(4) At least ten percent of the total project cost be provided from sources other than the State of Texas, and

(5) The project be adequately planned.

(f) Loans shall be made in lieu of grants whenever feasible under this subdivision, and in particular the Commission shall consider carefully the making of loans in lieu of grants for revenue-producing improvements.

(g) Under a grant contract, prior to payment by the Commission of the final ten percent of its share of project costs, the sponsor shall have enacted an airport hazard zoning ordinance or order under the Airport Zoning Act, as amended (Article 46c-1 et seq., Vernon's Texas Civil Statutes).

Art. 46c-7. Executive Director

Subd. 1. Appointment, Compensation. An Executive Director shall be appointed by the Commission. He shall receive such compensation as may be provided in the biennial department appropriation bill and shall be reimbursed for all traveling and other expenses incurred by him in the discharge of his official duties.

Subd. 2. Powers and Duties. The Executive Director shall be the executive officer of the Commission and under its supervision shall administer the provisions of this Act (and the rules, regulations, and orders established thereunder), and all other laws of the state relative to aeronautics. (b) "Air navigation facility" means any facility—other than one owned and operated by the United States—used in, available for use in, or designed for use in, aid of air navigation, including any structures, mechanism, lights, beacons, markers, communicating systems, or other instrumentalities, or devices used or useful as an aid, or constituting an advantage or convenience, to the safe taking-off, navigation, and landing of aircraft, or the safe and efficient operation or maintenance of an airport, and any combination of any or all of such facilities.

(c) "Airport hazard" means any structure, object of natural growth, or use of land which obstructs the airspace required for the flight of aircraft in landing or taking-off at an airport or is otherwise hazardous to such landing or taking-off of aircraft.

Art. 46d-2. General Powers of Municipalities in the Establishment, Acquisition, Operation and Maintenance of Airports and Air Navigation Facilities

(a) Establishment, Operation, Land Acquisition. Every municipality is authorized, out of any appropriations or other moneys made available for such purposes, to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect and police airports and air navigation facili-

ties, either within or without the territorial limits of such municipality and within or without the territorial boundaries of this State, including the construction, installation, equipment, maintenance and operation at such airports of buildings and other facilities for the servicing of aircraft or for the comfort and accommodation of air travelers, and the purchase and sale of supplies, goods and commodities as an incident to the operation of its airport properties. For such purposes the municipality may use any available property that it may now or hereafter own or control and may, by purchase, gift, devise, lease, eminent domain proceedings or otherwise, acquire property, real or personal, or any interest therein including easements in airport hazards or land outside the boundaries of an airport or airport site, as are necessary to permit safe and efficient operation of the airport or to permit the removal, elimination, obstruction—marking of obstruction—lighting of airport hazards or to prevent the establishment of airport hazards.

(b) Acquisition of Existing Airports. The municipality may by purchase, gift, devise, lease, proceedings or otherwise, acquire existing airports and air navigation facilities, provided however it shall not acquire or take over any airport or air navigation facility owned or controlled by another municipality or public agency of this or any other State without the consent of such municipality or public agency.

(c) Establishment of Airports on Public Waters and Reclaimed Lands. For the purposes of this Act, a municipality may establish or acquire and maintain, within or bordering upon the territorial limits of the municipality, airports in, over and upon, any public waters of this State, any submerged lands under such public waters, and any artificial or reclaimed lands which before the artificial making or reclamation thereof constituted a portion of the submerged lands under such public waters; and may construct and maintain terminal buildings, landing floats, causeways, roadways and bridges for approaches to or connecting with any such airport, and landing floats and breakwaters for the protection thereof.

(d) Limitation on Design and Operation of Air Navigation Facilities. All air navigation facilities established or operated by municipalities shall be supplementary to and coordinated in design and operation with those established and operated by the Federal and State governments.

If not otherwise authorized by law, any agency of the State government when acting jointly with any municipality, may exercise and enjoy all of the powers, privileges and authority conferred by this Act upon a municipality.

(b) Agreement. Any two (2) or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of this Act and any two (2) or more municipalities are specially authorized to make such agreement or agreements as they may deem necessary for the joint acquisition and operation of airports, air navigation facilities, or airport hazard areas. Concurrent action by ordinance, resolution or otherwise of the governing bodies of the participating public agencies shall constitute joint action. Each such agreement shall specify its duration, the proportionate interest which each public agency shall have in the property, facilities and privileges involved, the proportion to be borne by each public agency of preliminary costs and costs of acquisition, establishment, construction, enlargement, improvement, and equipment of the airport, air navigation facility, or airport hazard area, the proportion of the expenses of maintenance, operation, regulation and protection thereof to be borne by each and such other terms as are required by the provisions of this Section. The joint board shall have power to plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect and police any airport, air navigation facility, or airport hazard area to be jointly acquired, controlled and operated, and such board may exercise on behalf of its constituent public agencies all the powers of each with respect to such airport, air navigation facility or airport hazard area, subject to the limitations of Subsection (d) of this Section.

(d) Limitations on Joint Board.

It is provided, however, that if any such contract, lease, or other arrangement shall be for a term, including any renewal or option terms, in excess of 40 years, the same shall be subject to the approval of each of the governing bodies of the constituent public agencies of the joint board unless the necessity for such approval is waived by resolution of each such governing body.

(5) Police Regulations. Any resolutions, rules, regulations or orders of the joint board dealing with subjects authorized by Section 7 of this Act shall become effective only upon approval of the governing bodies of the constituent public agencies provided that upon such approval, the resolutions, rules,

regulations or orders of the joint board shall have the same force and effect in the territories or jurisdictions involved as the ordinances, resolutions, rules, regulations or orders of each public agency would have in its own territory or jurisdiction.

For the purpose of providing a joint board with moneys for the necessary expenditures in carrying out the provisions of this Section, a joint fund shall be created and maintained, into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Each of the constituent public agencies shall provide its share of the fund from sources available to each. Any Federal, State or other contributions or loans, and the revenues obtained from the joint ownership, control and operation of any airport or air navigation facility under the jurisdiction of the joint board shall be paid into the joint fund. Disbursements from such fund shall be made by order of the board, subject to the limitations prescribed in Subsection (d) of this Section.

AIRPORT ZONING REGULATIONS

Art. 46e-1. Definitions

As used in this Act,¹ unless the context otherwise requires:

(1) "Airport" means any area of land or water, whether of public or private ownership, designed and set aside for the landing and taking off of aircraft and utilized or to be utilized in the interest of the public for such purposes. The term "Airport" shall also include any area having installations relating to flight and particularly including installations, facilities and base of operations for tracking and/or data acquisition concerning flight. Such areas shall be deemed to be "utilized in the interest of the public" when the owner thereof by contract, license or otherwise permits the use of such areas by the public to an extent that the airport fulfills an essential community purpose. Such areas also shall be deemed to be "utilized in the interest of the public" when utilized by the Government of the State of Texas or an agency thereof or by the Government of the United States or any agency thereof in furtherance of the National Defense or any National Government Program relating to flight.

(2) "Airport Hazard" means any structure or tree which obstructs the air space required for the take off, landing and flight of aircraft or which interferes with visual, radar, radio, or other systems for tracking, data acquisition, monitoring, or control of aircraft.

(3) "Airport hazard area" means any area of land or water upon which an airport hazard might be established if not prevented as provided in this Act.

(4) "Political subdivision" means any municipality, city, town, village or county.

(5) "Person" means any individual, firm, copartnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

(6) "Structure" means any object constructed or installed by man, including, but without limitation,

buildings, towers, smokestacks, and overhead transmission lines.

(7) "Tree" means any object of natural growth.

(8) "Obstruction" means any structure, growth, or other object, including a mobile object, that exceeds a limiting height established by federal regulations or by a hazard zoning regulation.

(9) "Runway" means a defined area on an airport prepared for landing and taking off of aircraft along its length.

(10) "Compatible land use" means a use of land adjacent to an airport that does not endanger the health, safety, or welfare of the owners, occupants, or users of the land because of levels of noise or vibrations or because of the risk of personal injury or property damage created by the operations of the airport, including the taking off and landing of aircraft.

¹ Articles 46e-1 to 46e-15.

Art. 46e-2. Airport Hazards Contrary to Public Interest

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking-off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared: (a) that the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question; (b) that it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and (c) that this should be accomplished, to the extent legally possible, by exercise of the police power, without compensation. It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 2.]

Art. 46e-3. Power to Adopt Airport Zoning Regulations

(1) In order to prevent the creation or establishment of airport hazards, every political subdivision having an airport hazard area within its territorial limits may adopt, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regula-

tions for such airport hazard area, which regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate the types of structures permitted and restrict the height to which structures and trees may be erected or allowed to grow so as not to create an obstruction to flight operations or air navigation.

(2) Where an airport is utilized in the interest of the public to the benefit of a political subdivision or where an airport owned or operated by a defense agency of the federal government or the State of Texas is located within the territorial limits of a political subdivision and any airport hazard area or controlled compatible land use area appertaining to such airport is located outside the territorial limits of said political subdivision, the political subdivision gaining the benefits of the airport's utilization in the public interest or the political subdivision within whose territorial limits the airport owned or operated by a defense agency of the federal government or the State of Texas is situated and the political subdivision within which the airport hazard area or controlled compatible land use area is located may create, by ordinance or resolution duly adopted, a joint airport zoning board, which board shall have the same power as that vested by subsection (1) or (3), as applicable, to adopt, administer, and enforce airport hazard and compatible land use zoning regulations applicable to the airport hazard areas and controlled compatible land use areas in question. Each such joint board shall have as members two (2) representatives appointed by each political subdivision participating in its creation and in addition a chairman elected by a majority of the members so appointed. Where an agency of the State of Texas owns and operates under authority of law an airport located within the airport hazard area or controlled compatible land use area governed by a joint zoning board, such agency shall be entitled to have two (2) representatives on such joint zoning board.

Provided, however, where an airport is utilized in the interest of the public to the benefit of any political subdivision having more than 50,000 inhabitants, according to the last preceding Federal Census, and such airport is located within the territorial limits of such political subdivision and any airport hazard or controlled compatible land use area appertaining to such airport is located outside of the territorial limits of said political subdivision receiving the benefits of the airport's utilization, the political subdivision shall have the same power to adopt, administer, and enforce airport hazard and compatible land use zoning regulations applicable to the airport hazard or controlled compatible land use area in question as that vested by subsections (1) and (3) in the political subdivision within which such area is located. Each hazard or compatible land use zoning regulation shall include a statement that the airport fulfills an essential community purpose.

(3) In this Act, "centerline" means a line extending through the midpoint of each end of a runway; "primary runway" means existing or planned paved

runway(s), as shown in the official Airport Layout Plan (ALP), of at least 3,200 feet on which a majority of the approaches to and departures from the airport occur; "instrument runway" means existing or planned runway(s) of at least 3,200 feet for which there is or is planned to be an instrument landing procedure published by a defense agency of the federal government or by the Federal Aviation Administration; and "controlled area" or "controlled compatible land use area" means that land located outside airport boundaries and within a rectangle bounded by lines located no farther than one and one-half (1.5) statute miles from the centerline of an instrument or primary runway and lines located no farther than five (5) statute miles from each end of the paved surface of an instrument or primary runway.

When an airport is utilized in the interest of the public to the benefit of a political subdivision or when an airport owned or operated by a defense agency of the federal government or by the State of Texas is located within the territorial limits of a political subdivision, the political subdivision may adopt, administer and enforce under the police power using the procedures and subject to the conditions prescribed in this Act, airport compatible land use zoning regulations for the portion of the controlled area located within that political subdivision. The political subdivision may also by ordinance or resolution implement federal laws or rules controlling the use of land located adjacent to or in the immediate vicinity of the airport in connection with compatible land use restrictions. The establishment and enforcement of compatible land use restrictions in the controlled area shall be accomplished in the same manner as prescribed in this Act for airport hazard zoning. Each compatible land use regulation shall include a statement that the airport fulfills an essential community purpose.

Art. 46e-4. Relation to Comprehensive Zoning Regulations

(1) Incorporation. In the event that a political subdivision has adopted, or hereafter adopts, a comprehensive zoning ordinance regulating, among other things, the height of buildings, any airport zoning regulations applicable to the same area or portion thereof, may be incorporated in and made a part of such comprehensive zoning regulations, and be administered and enforced in connection therewith.

(2) Conflict. In the event of conflict between any airport hazard zoning regulations adopted under this Act and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, or any other matter, and whether such other regulations were

adopted by the political subdivision which adopted the airport zoning regulations or by some other political subdivision, the more stringent limitation or requirement shall govern and prevail.

(3) Conflict. In the event of a conflict between any airport compatible land use regulation adopted under this Act and any other regulation applicable to the same area, whether the conflict is with respect to the use of land or any other matter and whether the other regulation was adopted by the political subdivision that adopted the airport land use regulation or by some other political subdivision, the airport compatible land use regulation governs.

Art. 46e-5. Procedure for Adoption of Zoning Regulations

(1) Notice and Hearing. No airport zoning regulations shall be adopted, amended, or changed under this Act except by action of the legislative body of the political subdivision in question, or the joint board provided for in Section 3(2),¹ after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen (15) days notice of the hearing shall be published in an official paper, or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard area to be zoned.

(2) Airport Zoning Commission. Prior to the initial zoning of any airport hazard or compatible land use area under this Act or the amendment of an existing airport zoning regulation, the political subdivision or joint airport zoning board which is to adopt the regulations shall appoint a commission, to be known as the Airport Zoning Commission, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the legislative body of the political subdivision or the joint airport zoning board shall not hold its public hearings or take other action until it has received the final report of such commission. Where a city plan commission or comprehensive zoning commission already exists, it may be appointed as the airport zoning commission. At least fifteen (15) days' notice of the hearing shall be published in an official paper or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard or compatible land use area to be zoned.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 5. Amended by Acts 1983, 68th Leg., p. 5367, ch. 984, § 3, eff. Aug. 29, 1983.]

¹ Article 46e-3.

Art. 46e-6. Airport Zoning Requirements

(1) Reasonableness. All airport zoning regulations adopted under this Act shall be reasonable and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of this Act. In determining what regulations it may adopt, each political subdivision and joint airport zoning board shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

(2) Non-conforming Uses and Structures. No airport zoning regulations adopted under this Act shall require changes in land use or the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any non-conforming use, except as provided in Section 7(3).¹ For purposes of this subsection, permitted non-conforming structures include all phases or elements of a multi-phase structure, whether or not actual construction has commenced, which had received a determination of no hazard by the Federal Aviation Administration under Part 77 of the Federal Aviation Regulation (14 Code of Federal Regulations, Part 77) before the airport zoning regulations were adopted or amended under this Act.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 6. Amended by Acts 1981, 67th Leg., p. 2877, ch. 769, § 5, eff. Sept. 1, 1981; Acts 1983, 68th Leg., p. 5368, ch. 984, § 4, eff. Aug. 29, 1983.]

¹ Article 46e-7(3).

Art. 46e-7. Permits and Variances

(1) Permits. Any airport zoning regulations adopted under this Act may require that a permit be obtained before any new structure or use may be constructed or established and before any existing use or structure may be substantially altered or repaired. In any event, however, all such regulations shall provide that before any non-conforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulations, authorizing such replacement, change or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a non-conforming structure or tree or non-conforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made. Except as provided herein, all applications for permits shall be granted.

(2) Variances. Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use

his property in violation of airport zoning regulations adopted under this Act, may apply to the Board of Adjustment for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of regulations and this Act; provided, that any variance may be allowed subject to any reasonable conditions that the Board of Adjustment may deem necessary to effectuate the purposes of this Act.

(3) Hazard Marking and Lighting. In granting any permit or variance under this Section, the administrative agency or Board of Adjustment may, if it deems such action advisable to effectuate the purposes of this Act and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the political subdivision, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 7.]

Art. 46e-8. Appeals

(1) Any person aggrieved, or taxpayer affected, by any decision of an administrative agency made in its administration of airport zoning regulations adopted under this Act, or any governing body of a political subdivision, or any joint airport zoning board, which is of the opinion that a decision of such an administrative agency is an improper application of airport zoning regulations of concern to such governing body or board, may appeal to the Board of Adjustment authorized to hear and decide appeals from the decisions of such administrative agency.

(2) All appeals taken under this Section must be taken within a reasonable time, as provided by the rules of the Board, by filing with the agency from which the appeal is taken and with the Board, a notice of appeal specifying the grounds thereof. The agency from which the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

(3) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certified to the Board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by order of the Board on notice to the agency from which the appeal is taken and on due cause shown.

(4) The Board shall fix a reasonable time for the hearing of appeals, give public notice and due notice

to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

(5) The Board may, in conformity with the provisions of this Act, reverse or affirm wholly or partly, or modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the administrative agency from which the appeal is taken.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 8.]

Art. 46e-9. Administration of Airport Zoning Regulations

All airport zoning regulations adopted under this Act shall provide for the administration and enforcement of such regulations by an administrative agency which may be an agency created by such regulations or any official, board, or other existing agency of the political subdivision adopting the regulations or of one of the political subdivisions which participated in the creation of the joint airport zoning board adopting the regulations, if satisfactory to that political subdivision, but in no case shall administrative agency be or include any member of the Board of Adjustment. The duties of any administrative agency designated pursuant to this Act shall include that of hearing and deciding all permits under Section 7(1),¹ but such agency shall not have or exercise any of the powers herein delegated to the Board of Adjustment.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 9.]

¹ Article 46e-7.

Art. 46e-10. Board of Adjustment

(1) All airport zoning regulations adopted under this Act shall provide for a Board of Adjustment to have and exercise the following powers:

(a) To hear and decide appeals from any order, requirement, decision, or determination made by the administrative agency in the enforcement of the airport zoning regulations as provided in Section 8.¹

(b) To hear and decide any special exceptions to the terms of the airport zoning regulations upon which such Board may be required to pass under such regulations.

(c) To hear and decide specific variances under Section 7(2).²

(2) Where a zoning board of appeals or adjustment already exists, it may be appointed as the Board of Adjustment. Otherwise, the Board of Adjustment shall consist of five (5) members, each to be appointed for a term of two (2) years and removable for cause by the appointment authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

(3) The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision, or determination of the administrative agent, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations.

(4) The Board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine. The Chairman, or in his absence the acting Chairman, may administer oaths and compel the attendance of witnesses. All hearings of the Board shall be public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the Board and shall be a public record.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 10.]

² Article 46e-7.

Art. 46e-11. Judicial Review

(1) Any person aggrieved, or taxpayer affected, by any decision of a Board of Adjustment, or any governing body of a political subdivision or any joint airport zoning board which is of the opinion that a decision of a Board of Adjustment is illegal, may present to a Court of record a verified petition setting forth that the decision is illegal, in whole or in part, and specifying the grounds of illegality. Such petition shall be presented to the Court within ten (10) days after the decision is filed in the office of the Board.

(2) Upon presentation of such petition the Court may allow a writ of certiorari directed to the Board of Adjustment to review such decision of the Board. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the Court may, on application, on notice to the Board and on due cause shown, grant a restraining order.

(3) The Board of Adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(4) The Court shall have exclusive jurisdiction to affirm, modify, or set aside the decision brought up for review, in whole or in part, and if need be, to order further proceedings by the Board of Adjustment. In all appeals taken under this Act such case shall be tried and determined de novo on the basis of the facts adduced in the trial of the case in the Court, and the Court independently shall pass upon

both the law and the facts as in an ordinary civil suit.

(5) Costs shall not be allowed against the Board of Adjustment unless it appears to the Court that it acted with gross negligence, in bad faith, or with malice, in making the decision appealed from.

(6) In any case in which airport zoning regulations adopted under this Act, although generally reasonable, are held by a Court to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the Constitution of this State or the Constitution of the United States, such holding shall not affect the application of such regulations to other structures and parcels of land.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 11.]

Art. 46e-12. Enforcement and Remedies

In addition, the political subdivision or agency adopting zoning regulations under this Act may institute in any Court of competent jurisdiction, an action to prevent, restrain, correct or abate any violation of this Act, or of airport zoning regulations adopted under this Act, or of any order or ruling made in connection with their administration or enforcement, and the Court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of this Act and of the regulations adopted and orders and rulings made pursuant thereto.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 12.]

Art. 46e-13. Acquisition of Air Rights

In any case in which: (1) it is desired to remove, lower, or otherwise terminate a non-conforming structure or use; or (2) the approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations under this Act; or (3) it appears advisable that the necessary approach protection be provided by acquisition of property rights, rather than by airport zoning regulations, the political subdivision within which the property or non-conforming use is located or the political subdivision owning the airport or served by it may acquire from any person or political subdivision of this State by purchase, grant, or condemnation in the manner provided by Title 52 of the Revised Civil Statutes of Texas, 1925, Articles 3264 to 3271, inclusive, and Acts amendatory thereof or supplementary thereto, such air right, avigation easement, or other estate or interest in the property or non-conforming structure or use in question as may be necessary to effectuate the purpose of this Act.

Art. 46e-14. Severability

If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 14.]

Art. 46h. Expenditure of Bond Revenues by Joint Boards without Competitive Bidding in Certain Circumstances

Sec. 1. This Act applies to any joint board created under the provisions of Section 14, Municipal Airports Act (Article 46d-14, Vernon's Texas Civil Statutes).

Sec. 2. (a) A joint board covered by this Act is authorized to spend or agree to spend the proceeds of revenue bonds under its control for the acquisition and installation of furniture, fixtures, and equipment to be used at any airport operated by such joint board, without the necessity of inviting, advertising for, or otherwise requiring competitive bids therefor, or requiring or obtaining payment or performance bonds in connection therewith. The provisions of this Act shall apply to such furniture, fixtures, and equipment hereafter purchased, presently in the process of purchase, or on order by (i) the joint board, or (ii) a private entity which will lease such facilities in accordance with the provisions of this Act. In order to qualify under this Act, such furniture, fixtures, and equipment must be, prior to the delivery of such bonds, the subject of a lease from the joint board to a private entity pursuant to the terms of which the lessee is obligated to maintain such furniture, fixtures, and equipment solely at its expense and is unconditionally obligated throughout the term of the bonds to make payments of net rent in such amounts and at such times as will be sufficient to provide for the timely payment of all principal, interest, redemption premiums, and other costs and expenses arising or to arise in connection with the payment of such bonds.

(b) This Act does not apply to the expenditure of the proceeds of bonds unless the bonds provide by their own terms that:

(1) they are payable solely from the net rents required by Subsection (a) of this section; and

(2) they are not payable in any circumstances from tax revenues.

(c) This Act does not apply to the expenditure of the proceeds of bonds that provide for the creation of a contractual mortgage lien against real property owned by any public agencies creating such joint board.

Sec. 3. This Act is permissive only, and any such joint board may promulgate such rules and regulations as it finds to be in the public interest to govern the method and installation of the properties to which this Act relates.

Art. 46i-2. Definitions

In this Act:

The term does not include a heliport, balloon port, ultralight aircraft port, glider port, or a facility that is used solely for recreational activities.

(2) "Obstruction to airport use" means a structure that, due to its height or location, prevents or hinders safe and efficient use of airspace and proper air navigation required by aircraft in the use of airports in this state, including takeoffs, landings, and flight between airports.

(3) "Structure" means a mobile or permanent object, constructed or installed by man, including but not limited to a building, tower, smokestack, or overhead transmission line.

(4) "Traverse way" means an avenue for surface transportation used by vehicles whose height may create an obstruction to air navigation. The term includes without limitation railways, roads, streets, highways, bridges, rivers, canals, lakes, and channels.

(5) "Paved runway" means a hard surface area that has been prepared for the landing and takeoff of registered aircraft under all weather conditions. The term does not include a surface composed of turf, dirt, or noncompacted materials.

(1) will exceed 200 feet in height above ground level at its site;

(2) will penetrate an imaginary surface extending upward and outward from the nearest point of the nearest runway of each airport with at least one paved runway at a slope of 100 horizontal feet to one vertical foot for a distance of 20,000 horizontal feet; or

(3) would be used as a traverse way for mobile objects of a height that would exceed a standard of Subdivisions (1) and (2) of this subsection, if adjusted upward 17 feet for an interstate highway where overcrossings are designed for a minimum of 17 feet vertical distance; 15 feet for all other public roadways; 10 feet or the height of the highest mobile object that would normally use the road, whichever is greater, for a private road; 23 feet for a railroad; and for a waterway or any other traverse way, an amount equal to the height of the highest mobile object that would normally traverse it.

(b) Each permit application filed with the commission must be accompanied by a filing fee of \$200 to be retained by the commission to defray administrative expenses. Funds remaining after payment of administrative expenses shall be deposited in the aviation trust fund.

(c) The permit application must contain:

(1) a detailed description and accurate drawing to scale of the proposed structure or alteration;

(2) the proposed location of the structure by county and geographical coordinates in degrees, minutes, and seconds as accurately located by a United States Geological Survey 7.5 Minute Quadrangle Map or its equivalent;

(3) the height of the structure above ground level at the site and above mean sea level;

(4) the name, business address, and telephone number of the applicant, including the names and

addresses of corporate officers if the applicant is a corporation, and the names and addresses of all general partners if a partnership; and

(5) the estimated date of completion of the structure.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Section 3 of the 1983 Act provides:

"A person is not required to obtain a permit under Section 1 of this Act until September 1, 1984."

Art. 46i-5. Commission Determination

(a) Not later than the 60th day after the application is accepted for filing, the commission shall grant or deny a permit. A political subdivision that owns an airport, the private owner of an airport, or both, if appropriate, and the operator of a military airport that would be affected by a structure for which a permit is required shall be notified of the filing of a permit application and may submit information and participate as a party throughout the permitting process. The commission may accept information from other persons it considers to have a sufficient interest in the application. In determining whether to grant or deny a permit, the commission shall consider:

(1) the height of the existing terrain and structures in the area that might shield the proposed construction or alteration in such a way that the structure would not be an obstruction to air navigation;

(2) the character of flying operations and existing or planned airports in the area;

(3) whether the proposed construction or alteration would cause an increase in the minimum clearance altitude of an established airway or airport maneuvering area or would cause an increase to instrument approach and landing minimums at an airport;

(4) public and private interests and investments in both the proposed structure and in the airport or airway that might be affected by the structure;

(5) the safety of persons on the ground and in the air; and

(6) any other relevant factors.

(b) A presumption that a proposed structure will create an obstruction to airport use arises if the structure:

(1) will exceed a height of 500 feet above ground level at the site of the object;

(2) will be 200 feet above ground level or above the established airport elevation, whichever is higher, within three nautical miles of the established reference point of an airport with a paved runway or within three nautical miles of an airport approach fix, and that height increases in the proportion of 100 feet for each additional nautical mile of distance from the airport or approach fix up to a maximum height of 500 feet;

(3) will be within a federally designated terminal control area or a terminal object clearance area, including an initial approach segment, a departure area, and a circling approach area, that would require an increase in the minimum obstacle clearance altitude for an approach to or the instrument landing minimums for any area airport;

(4) would increase the minimum obstacle clearance altitude within an en route obstacle clearance area, including turn and termination areas, or of a federal airway or approved off-airway route; or

(5) would penetrate the takeoff and landing area of an airport or any imaginary surface established under Federal Aviation Regulation Part 77, Sections 77.25, 77.28, and 77.29.

(c) A mobile object that operates under the control of an airport control tower, under the permission of the airport sponsor, or outside the takeoff or landing area clear zones, for a period not to exceed 60 days, is not an obstruction.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Art. 46i-6. Exemptions

This Act does not apply to:

(1) a tower or other structure for which a Federal Communications Commission construction permit, license, or authorization is required;

(2) a structure that before September 1, 1984, received a determination of no hazard by the Federal Aviation Administration under Part 77 of the Federal Aviation Regulations, as amended (14 Code of Federal Regulations, Part 77);

(3) a structure located within the boundaries of a municipality, city, town, village, or county that has enacted airport zoning or other ordinances regulating obstructions to airport use in any part of the municipality, city, town, village, or county before the beginning of construction, positioning, erection, placement, or alteration of the structure;

(4) a structure located on an airport with the airport owner's written consent;

(5) a structure the construction of which was commenced before September 1, 1984; or

(6) a structure within or beneath the terminal control area of an airport that is located in more than one county and is operated by a board composed of city officials of two or more cities.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Art. 46i-7. Permits

If the commission determines that the public interest will be served and that the proposed construction or alteration will not be an obstruction to air navigation, the commission shall grant a permit for the proposed construction or alteration. In granting a permit, the commission may require lighting

or other marking of the structure that it determines to be reasonably necessary for safe air navigation.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983].

Art. 46i-8. Hearings; Appeals; Enforcement

(a) If a permit application is denied by the commission, the commission shall notify the applicant of the denial by certified mail, return receipt requested, at the address shown in the application not later than the 60th day after the day the application is accepted for filing. The determination of existence of an obstruction to air navigation is final 30 days after the notice required under this paragraph is mailed, unless the applicant files a written request for a public hearing not later than the 30th day after the day the notice is mailed. The commission shall include in the notice of denial the reasons for the denial and a copy of all documentation on file concerning the application. On receipt of a request for a hearing the commission shall set a date for hearing and notify all interested parties of the hearing. The hearing and any appeal shall be conducted in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(b) If the commission learns or has reasonable grounds to believe that any person is positioning, erecting, or altering a structure subject to the provisions of this Act for which an application for a permit has not been filed, it may on its own motion issue an order to the person to appear before the commission and show cause why an application for a permit to position, erect, or alter the structure need not be obtained. The order must require the person to cease construction and preparation of the structure pending determination of the need for a

permit by the commission. A date for a hearing shall be set out in the order.

(c) In addition to any other remedy, the commission may institute in a district court in Travis County an action to prevent, restrain, correct, or abate a violation of this Act or of a rule adopted or order issued under this Act. The court may grant the necessary relief by way of injunction or otherwise.

(d) A person who violates this Act or a rule adopted under this Act is subject to a civil penalty not to exceed \$500 for each day of the violation. The penalty may be recovered in a court of competent jurisdiction in the county in which the violation occurs or in a district court of Travis County. Suit for the penalty may be instituted and conducted by the attorney general or by the county or district attorney in the county in which the violation occurs. On violation of this Act, of any rule adopted under this Act, or of an order of the commission, the district court of the county in which the violation occurs may issue an injunction to prevent further violation. Bond is not required if the relief is sought by the commission, the attorney general, or a district or county attorney.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Art. 46i-9. Rulemaking Authority; Forms

(a) The commission shall adopt rules for the administration and enforcement of this Act.

(b) The commission shall prescribe and furnish the forms necessary for the administration of this Act.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Art. 135b-6. Structural Pest Control Act

Citation of Act

Sec. 1. This Act may be cited as the Texas Structural Pest Control Act.

Definitions

Sec. 2. (a) For purposes of this Act a person shall be deemed to be engaged in the business of structural pest control if he engages in, offers to engage in, advertises for, solicits, or performs any of the following services for compensation:

(1) identifying infestations or making inspections for the purpose of identifying or attempting to identify infestations of:

(A) arthropods (insects, spiders, mites, ticks, and related pests), wood-infesting organisms, rodents, weeds, nuisance birds, and any other obnoxious or undesirable animals which may infest households, railroad cars, ships, docks, trucks, airplanes, or other structures, or the contents thereof, or

(B) pests or diseases of trees, shrubs, or other plantings in a park or adjacent to a residence, business establishment, industrial plant, institutional building, or street;

(2) making inspection reports, recommendations, estimates, or bids, whether oral or written, with respect to such infestations; or

(3) making contracts, or submitting bids for, or performing services designed to prevent, control, or eliminate such infestations by the use of insecticides, pesticides, rodenticides, fumigants, or allied chemicals or substances or mechanical devices.

(b) As used in this Act:

(1) "Person" means an individual, firm, partnership, corporation, association, or other organization, or any combination thereof, or any type of business entity.

(2) "Restricted-use pesticide" means a pesticide classified for restricted or limited use by the administrator of the federal Environmental Protection Agency.

(3) "State-limited-use pesticide" means a pesticide classified for restricted or limited use by the state commissioner of agriculture.

(4) "Certified applicator" means an individual who has been licensed and determined by the board to be competent to use or supervise the use of any restricted-use and state-limited-use pesticide covered by his currently valid certified applicator license.

(5) "Direct supervision" means that, in the application of a pesticide, the application is made by an individual acting under the instructions and control of a certified applicator responsible for the actions of that individual and available if and when needed for consultation or assistance although the certified applicator need not be physically present at the time and place of the pesticide application.

(6) "Branch office" means any place of business other than the primary office that has at least one (1) employee during normal business hours who is capable of answering customers' normal questions, scheduling normal inspections or work, or performing structural pest control functions; provided, however, that a facility serving solely as a telephone answering service shall not be a branch office.

(7) "Structural Pest Control Business License" means that license issued to a person entitling that person and his employees to engage in the business of structural pest control under the direct supervision of a certified applicator.

(8) "Device" means an instrument or contrivance, except a firearm, that is designed for trapping, destroying, repelling, or mitigating the effects of a pest or another form of plant or animal life, other than human beings or bacteria, viruses, or other microorganisms that live on or in human beings or animals. The term does not include any equipment used for the application of pesticides if the equip-

ment is sold separately from a device as defined in this subdivision.

(9) "Endorsement of license" means an individual who establishes residence in Texas and who has been determined by the board to meet the qualifications of a certified applicator by taking the appropriate examination in a state other than Texas.

**Board; Members; Chairman; Bylaws; Expenses;
Executive Director; Application of Sunset Act**

Sec. 3. (a) The Texas Structural Pest Control Board is created. The board is composed of nine members, six of whom shall be appointed. Four of the appointed members must be persons who have been engaged in the business of structural pest control for at least five years. No two members shall be representatives of the same business entity. Two members must be representatives of the general public who are not licensed under this Act. These appointments to the board shall be made by the Governor with the advice and consent of the Senate for staggered terms of two years. Appointments to the board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees. The failure of an appointed member of the board to attend at least one-half of the regularly scheduled meetings held by the board each year automatically removes the member from the board and creates a vacancy on the board. In addition to the appointed members, the board shall also consist of the Commissioner of Agriculture, the Commissioner of Health, and the chairman of the Department of Entomology at Texas A & M University, or their designated representatives.

(b) The board shall elect a chairman from its appointed members and shall adopt bylaws governing the conduct of the board's affairs.

(c) Members serve without compensation but are entitled to reimbursement for actual expenses incurred in carrying on the work of the board.

(d) The board shall appoint an executive director who shall administer the provisions of this Act and the rules and regulations promulgated by the board. The executive director shall receive a salary as determined by the board which shall be paid from funds available to the board. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as the general counsel to the board or serve as a member of the board.

(e) The Texas Structural Pest Control Board is subject to the Texas Sunset Act (Article 5429k, Vernon's Texas Civil Statutes); and unless continued in existence as provided by that Act the board is abolished, and this Act expires effective September 1, 1991.

(f) A member of the board or an employee of the board who carries out the functions of the board may not:

(1) be an executive officer, employee, or paid consultant of a trade association in the structural pest control industry;

(2) be related within the second degree by affinity or within the third degree by consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the structural pest control industry; or

(3) communicate directly or indirectly with a party or the party's representative to a proceeding pending before the board unless notice and an opportunity to participate are given to all parties to the proceeding, if the member or employee is assigned to make a decision, a finding of fact, or a conclusion of law in the proceeding.

(g) A member of the board, except those members who are duly licensed structural pest control operators, may not have personally, nor be related to persons within the second degree by affinity or third degree by consanguinity who have, except as consumers, financial interests in structural pest control businesses as officers, directors, partners, owners, employees, attorneys, or paid consultants of the structural pest control business or otherwise.

(h) The board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

Licensing Standards; Rules and Regulations; Coordination of Activities; Examinations; Complaints; Contracts of Licensee; Public Information Program

Sec. 4. (a) The board shall develop standards and criteria for licensing individuals engaged in the business of structural pest control. The board may require individuals to pass an examination demonstrating their competence in the field in order to qualify for a Certified Applicator's License. Not later than the 30th day after the day on which a person completes an examination administered by the board, the board shall send to the person his examination results. If requested in writing by a person who fails the examination, the board shall send to the person not later than the 30th day after the day on which the request is received by the board an analysis of the person's performance on the examination.

(b) The board shall develop standards and criteria for issuing Structural Pest Control Business Licenses to persons engaged in the business of structural pest control. Persons engaged in the business of structural pest control must possess a Structural Pest Control Business License for each place of said business, including each branch office. Each structural pest control business licensee shall have in his employment at all times a certified applicator.

(c) The board shall promulgate rules and regulations governing the methods and practices of structural pest control when it determines that the pub-

lic's health and welfare necessitates such regulations in order to prevent adverse effects on human life and the environment. The rules and regulations relating to the use of economic poisons shall comply with applicable standards of the federal government and the state commissioner of agriculture governing the use of such substances.

(d) The board may waive all or part of any examination requirement on a reciprocal basis with any other state or federal agency which has substantially the same standards as those prescribed by the board.

(e) The board shall coordinate its computer, administrative, and licensing functions with the Department of Agriculture if the board determines that the coordination would result in the more practical and efficient performance of those functions.

(f) The board may not promulgate rules restricting advertising or competitive bidding by licensees except to prohibit false, deceptive, or misleading practices by the licensee.

(g) If a written complaint is filed with the board relating to a licensee under this Act, the board, at least as frequently as quarterly, shall notify the complainant of the status of the complaint until the complaint is finally resolved or until litigation has been initiated. All records of complaints shall be filed in the offices of the board.

(h) The board must within 31 days from the date of filing of the complaint determine whether a hearing shall be held on such complaint or whether such complaint shall be dismissed and shall notify both the person who filed the complaint and the person against whom the complaint has been filed of the board's decision.

(i) If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the board receives the committees' statements.

(j) In each written contract in which a licensee under this Act agrees to perform structural pest control services in this state, the licensee shall include the mailing address and telephone number of the board and a statement that the board has jurisdiction over individuals licensed under this Act.

(k) The board shall establish a public information program for the purpose of informing the public about the practice and regulation of structural pest control in this state. As part of the program, the board shall prescribe and distribute in a manner that it considers appropriate a standard complaint form and shall make available to the general public and other appropriate state agencies the information compiled as part of the program. The program

shall inform prospective applicants for licensing under this Act about the qualifications and requirements for licensing.

Prohibited Acts; Work on Own or Employer's Premises

Sec. 5. (a) No person, except an individual under the direct supervision of a certified applicator, may engage in the business of structural pest control after the effective date of this Act unless he meets the standards set by the board and possesses a valid Structural Pest Control Business License issued by the board.

(b) A person without a license may, on his own premises or on the premises of an employer by whom he was hired primarily to perform other services, use insecticides, pesticides, rodenticides, fumigants, or allied chemicals or substances or mechanical devices designed to prevent, control, or eliminate pest infestations unless that use is prohibited by rule of the United States Environmental Protection Agency or unless the substance used is labeled as a restricted-use pesticide or a state-limited-use pesticide.

Application Forms; List of Study Materials and Seminars; Expiration and Renewal of Licenses; Non-transferability; Arrest and Conviction Records

Sec. 6. (a) All applications for licenses shall be made on forms prescribed and provided by the board, and each applicant shall furnish such information as the board may require for its determination of the applicant's qualifications. The board shall make public a list of study materials and educational seminars that are available to help applicants successfully complete any examination administered under this Act.

(b) All licenses issued by the board before 1981 shall expire on March 1 of each calendar year. Licenses issued by the board during or after 1981 expire on December 31 of each year or on various dates of the year as the board may determine as part of a staggered license renewal system. The board may issue a license for a period of less than one year if necessary to conform the license to a renewal system authorized by this subsection. If the board issues a license for a period of less than one year, the board shall prorate the fee for the license on a monthly basis. A person may renew a license by submitting an application to the board and paying the required renewal fees.

(c) A license issued by the board is not transferable.

(d) The Department of Public Safety shall, upon request, supply the board arrest and conviction records of individuals applying for or holding Structural Pest Control Business Licenses or Certified Applicator's Licenses.

(b) A licensee whose license has been lost or destroyed or whose name has been changed shall be issued a replacement license after application therefor and the payment of a fee set by the board not to exceed \$30.

(c) The board may retroactively grant a Structural Pest Control Business License or a Certified Applicator's License to the applicant for a renewal license if such applicant pays a late renewal fee of \$37.50 and if his application is filed with the board not more than 30 days after the expiration of his license. If such application is received between 30 and 60 days after the expiration of the applicant's license, the board may retroactively grant the renewal license when said application is accompanied by a renewal fee of \$75. An applicant who applies for a renewal license more than 60 days after the expiration of his license must be reexamined by the board to obtain a license.

(d) Each time an applicant takes a test for a license, he shall pay the board a testing fee of not more than \$37.50, as determined by the board, for each test taken.

(e) If the board determines that new developments in pest control have occurred that are so significant that their proper knowledge is necessary to protect the public, the board may require proof of study either by attendance of approved training courses or by taking additional examinations on the new developments only.

Security Insurance

Sec. 7A. (a) The board may not issue or renew a Structural Pest Control Business License until the license applicant:

(1) files with the board a policy or contract of insurance, approved as sufficient by the board, in an amount of not less than \$25,000 in bodily injury coverage and \$5,000 in property damage coverage insuring him against liability for damages to persons or property occurring as a result of operations performed in the course of the business of structural pest control to premises or any other property under his care, custody, or control; or

(2) files with the board a certificate or other evidence from an insurance company, in the case of an applicant who has an unexpired and uncanceled insurance policy or contract on file with the board,

stating that the policy or contract insures the applicant against liability for acts and damage as described in Subdivision (1) of this subsection and that the amount of insurance coverage is not less than \$25,000 in bodily injury coverage and \$5,000 in property damage coverage.

(b) The policy or contract shall be maintained at all times in an amount not less than \$25,000 in bodily injury coverage and \$5,000 in property damage coverage. Failure to renew the policy or contract or maintain it in the required amount is a ground for suspension or revocation of a Structural Pest Control Business License.

(c) The board by rule may require different amounts of insurance coverage for different classifications of operations under this Act.

Records by Licensee

Sec. 7B. The board may require each licensee to make records, as prescribed by the board, of his use of pesticides. Records required shall be maintained for at least two years on business premises of the licensee and shall be made available for inspection by the board and by its authorized agents during normal business hours.

Disposition of Fees; Report; Audit

Sec. 8. (a) The proceeds from the collection of the fees provided in this Act shall be deposited in a special fund in the State Treasury to be known as the Structural Pest Control Fund, and shall be used for the administration and enforcement of the provisions of this Act. Any balance in the special fund at the end of each State fiscal biennium in excess of appropriations out of that fund for the succeeding biennium shall be transferred to the general revenue fund.

(b) Before September 1 of each year, the board shall file a written report with the legislature and the governor in which the board accounts for all funds received and disbursed by the board during the preceding year.

(c) The state auditor shall audit the financial transactions of the board during each fiscal year.

License Suspension, Revocation and Refusal; Appeal

Sec. 9. (a) The board, after notice and a hearing, may suspend or revoke a license, refuse to examine an applicant, refuse to issue a license, or refuse to renew a license when it finds that the applicant or licensee has substantially failed to comply with the standards and rules and regulations established by the board.

(b) An applicant or licensee may appeal from an order or other action of the board by an action in the district court of Travis County. Notice of appeal must be filed within 30 days of issuance of the order by the board. The hearing in district court shall be governed by the substantial evidence rule.

Civil Penalties and Injunctive Relief

Sec. 10. (a) A person who violates any provision of this chapter or any rule, regulation, permit, or other order of the board is subject to a civil penalty of not less than \$50 nor more than \$1,000 for each act of violation and for each day of violation to be recovered as provided in this chapter. Whenever it appears that a person has violated or is threatening to violate any provision of this chapter, or any rule, regulation, license, or other order of the board, then the board, or the executive director when authorized by the board, may have a civil suit instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty of not less than \$50 nor more than \$1,000 for each act of violation and for each day of violation, or for both injunctive relief and civil penalty.

(b) Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this chapter or any rule, regulation, license, or other order of the board, the district court shall grant the injunctive relief the facts may warrant.

(c) At the request of the board, or the executive director when authorized by the board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty or for both injunctive relief and penalty, as authorized in Subsection (a) of this section.

(b) Each day of violation is a separate offense.

(c) An offense under this section is a Class C misdemeanor unless the person has been convicted previously of an offense under this section, in which event the offense is a Class B misdemeanor.

Exceptions

Sec. 11. The provisions of this Act shall not apply to nor shall the following persons be deemed to be engaging in the business of structural pest control:

In each county of the above mentioned class, a local Milk Industry Board of five (5) members shall be elected, as follows: Two (2) members of the Board shall be elected by the contracting producers; two (2) by the contracting distributors; and the fifth member, to represent the consumers, shall be elected by the other four (4). The Commissioner may require that such certification include a statement of the manner and vote by which the respective members were elected and the percentage of the total production or sales of fluid milk within the area represented by such vote. Members whose names have been certified to the Commissioner and approved by him shall enter upon the discharge of their duties. District Court to Restrain Violations of Code

Sec. 5. Any District Court in the State of Texas having jurisdiction over the territory or any portion thereof where such code, codes or agreements are made effective is hereby invested with jurisdiction, and it is hereby made the duty of said Courts to prevent and restrain violations of any such code, codes or agreements of fair competition approved under this Act by the Board and/or provision of this Act, and it shall not be necessary in such suit for the plaintiff to allege and prove that such plaintiff will suffer irreparable injury, or any damage; nor that it does not have an adequate and complete remedy at law. It shall be the duty of the several District Attorneys authorized to act in said localities to institute, under the direction of the Board, proceedings in equity to restrain such violations.

Amendment of Code or Agreement

Sec. 6. Any code, codes or agreements approved by the Board under the authority of this Act may be amended, changed, enlarged, modified or suspended upon the Board's own motion and upon the approval on matters affecting distribution of ten per cent (10%) of the distributors affected in numbers and sixty per cent (60%) of the volume of the distributors affected and upon the approval on matters affecting production of fifty-one per cent (51%) of

the producers affected and seventy per cent (70%) of the volume affected, or upon the application and approval on matters affecting distribution of ten per cent (10%) of the distributors affected in numbers and sixty per cent (60%) of the volume of the distributors affected, and on matters affecting production of fifty-one per cent (51%) of the producers affected and seventy per cent (70%) of the volume affected. The Board must provide for due notice and public hearing of contemplated changes.

Revocation of Certificate of Authority

Sec. 7. (a) The Board may suspend or revoke such certificate of authority after due notice and opportunity for hearing for violation of the terms and provisions of any code adopted and approved under the authority of this Act.

If a petition for an election is submitted and it is not possible to order an election under this Act as requested by the petition without violating this subsection, the petition has no legal effect.

Petition

Sec. 5. (a) A petition for a legalization election must have a statement substantially as follows preceding the space reserved for signatures on each page: "This petition is to require that an election be held in (name of political subdivision) to legalize bingo names authorized under the Bingo Enabling Act." If the officer determines that the petition is invalid, he shall state all reasons for that determination.

Date of Election

Sec. 7. (a) If the officer responsible for certifying a petition certifies that a petition is valid, the governing body shall order that an election be held in the appropriate political subdivision on a date not later than the 60th day after the date of the officer's certification and shall notify the comptroller of public accounts by certified mail, return receipt requested, that an election has been ordered.

proposition: "Prohibiting bingo games for charitable purposes as authorized by the Bingo Enabling Act in (name of political subdivision)."

Effect of Election

Sec. 9. (a) In a legalization election, if a majority of the qualified voters voting on the question vote in favor of legalization, the holding of bingo games as authorized by this Act is legalized throughout the political subdivision effective the 10th day after the date the result of the election is officially declared, except that the legalization does not apply to any part of the political subdivision for which Section 10 of this Act requires a contrary status.

(b) In a prohibitory election, if a majority of the qualified voters voting on the question vote in favor of prohibition, the holding of bingo games as authorized by this Act is prohibited throughout the political subdivision effective the 10th day after the date the result of the election is officially declared, except that the prohibition does not apply to any part of the political subdivision for which Section 10 of this Act requires a contrary status.

(c) If a majority of the qualified voters voting on the question in a legalization election do not favor legalization, or if a majority of the qualified voters voting on the question in a prohibitory election do not favor prohibition, the election has no effect on the status under this Act of the political subdivision in which the election is held.

(d) The governing body of a political subdivision in which a bingo election has been held shall within 10 days after the election give written notification to the comptroller of public accounts of the results of the election. If a majority of the qualified voters vote to legalize bingo in the political subdivision, the governing body shall furnish the comptroller with a map prepared by the governing body indicating the boundaries of the political subdivision in which the playing of bingo may be conducted.

Determination of Local Option Status

Sec. 10. (a) In determining whether bingo games authorized by this Act are permitted in an area, the rules prescribed by this section apply.

(b) The games are permitted in an area only as the result of a successful legalization election held under this Act.

(c) To the extent that the results of local option elections held by different types of political subdivisions conflict with regard to the same territory, the relative dates of the elections are of no consequence and the following rules apply:

(1) the status of an area as determined by a municipal election prevails over a contrary status as determined by a justice precinct or county election; and

(2) the status of an area as determined by a justice precinct election prevails over the status of an area as determined by a county election.

(d) To the extent that two or more local option elections held at the justice precinct level apply to the same territory, the most recent election prevails.

(e) If a municipality has established a status under this Act by a municipal election, territory annexed to the municipality after that status is established assumes the status under this Act of the rest of the municipality. Territory detached from such a municipality assumes the status the territory would have had if it had never been a part of the municipality. If the detached territory is added to another municipality that has established a status by a municipal election, the territory assumes the status of the municipality to which it is added.

(f) The addition of territory to or detachment of territory from a justice precinct does not affect the statutes under this Act of the added or detached territory, except that in a county with a population of more than two million, according to the most recent federal census, the added or detached territory assumes the status of the justice precinct of which it becomes a part. The abolition of a justice precinct does not affect the status under this Act of the territory formerly within the justice precinct.

(b) An applicant for a manufacturer's license under this section must give the comptroller of public accounts a cash bond or a bond in the amount of \$10,000 issued by a surety company chartered or authorized to do business in this state. The bond must provide for forfeiture to the state on the manufacturer's failure to comply with this Act or

any rules promulgated by the comptroller or on suspension or revocation of the manufacturer's license.

(c) The comptroller of public accounts shall issue to an applicant a license for the manufacture of bingo supplies, devices, or equipment on payment of a \$3,000 license fee if the comptroller determines that:

A sole owner, a partner, an officer, or an owner of a substantial interest in a corporation licensed as a distributor or as a manufacturer is not required to be licensed as a representative in order to sell or supply the distributor's or manufacturer's products or services. Office, clerical, or warehouse personnel employed by the distributor or manufacturer who have contact with the public and potential customers only occasionally and only by telephone or at the distributor's or manufacturer's premises

when working under the immediate and direct supervision of the owner, a partner, or an officer of a corporation licensed as a distributor or manufacturer are exempt from the licensing requirement. A manager or supervisor who is not a sole owner, a partner, an officer, or an owner of a substantial interest in a licensed distributor or licensed manufacturer whose duties and responsibilities include the supervision of selling, supplying, or promoting the distributor's or manufacturer's products must be licensed as required by this section. General Provisions

Sec. 13c. (a) A license issue under Section 13a or 13b of this Act is subject to the restrictions prescribed by this section.

(b) The license is effective for one year unless revoked or suspended by the comptroller of public accounts.

(c) The comptroller of public accounts may require the licensee to keep records and file reports as prescribed by the comptroller's rules.

(d) The comptroller of public accounts may examine the books and records of an applicant for a license or of a licensee. Any information obtained shall not be disclosed except as necessary to carry out the provisions of this Act.

(e) It is an offense for an unlicensed person to sell or attempt to induce the sale of bingo equipment, devices, or supplies to a person licensed to conduct bingo games.

(f) An applicant for a license shall, during pendency of the application, notify the comptroller of public accounts immediately of any change respecting any facts set forth in the application. If a change occurs after issuance of a license, the change must be reported to the comptroller within 10 days of the date of the change. In addition, a licensee shall notify the comptroller of a change in its organization, structure, or mode of operation, of a change in the identify of persons named or required to be named in the application, of a change in the nature or extent of their interest, or of any other change respecting facts set forth in the application, within 10 days after the date of the change. Failure to give a required notice is cause for denial of a pending license or suspension or revocation of a license that has been granted.

Prohibited Practices

Sec. 13d. A manufacturer, distributor, or supplier may not, by express or implied agreement with another manufacturer, distributor, or supplier, fix the price at which bingo equipment, devices, or supplies used or intended to be used in connection with any bingo game conducted under this Act may be sold. The price of these items in the competitive market place shall be established by the manufacturer, distributor, or supplier and may not be established directly or indirectly in concert with one another.

Hearing; Amendment of License

Sec. 14. (a) A person whose application for a license is denied by the comptroller of public accounts may make a written request for a hearing. At the hearing, the applicant is entitled to be heard on the qualifications of the applicant and the merits of the application, and the burden of proof is on the applicant to establish by a preponderance of the evidence its eligibility for a license.

(b) A license issued under this Act may be amended on application to the comptroller of public accounts, and on payment of a \$25 fee, if the subject matter of the proposed amendment could lawfully and properly have been included in the original license. A licensee may not change the location or times of its bingo games until it has surrendered its original license and received an amended license from the comptroller.

(c) An amended license is effective only for the duration of the period remaining under the original license.

Form and Contents of License; Display of License

(3) the specific purposes to which the net proceeds of the games are to be devoted; and

(4) a statement of whether any prize is to be offered and the amount of any authorized prize.

Sec. 16. (a) The comptroller of public accounts shall have broad authority and shall exercise strict control and close supervision over all games of bingo conducted in this state to the end that the games are fairly conducted and the proceeds derived from the games are used for the purposes authorized in this Act. The comptroller by rule shall provide procedures for the approval of bingo cards and no licensee may use or distribute a bingo card unless it has been approved by the comptroller.

(b) The comptroller may suspend or revoke any license issued under this Act for failing to comply with this Act. The comptroller may by rule establish grounds for the emergency, summary suspension of a license issued under this Act and in compliance with that rule may suspend a license, pending a hearing on the suspension or revocation, for a period not to exceed 90 days.

(c) A proceeding to summarily suspend a license issued under this Act is initiated by the comptroller of public accounts by serving notice to the licensee informing it of the right to a hearing before the comptroller. The notice must be personally served on an officer, operator, or agent of the licensee or sent by certified or registered mail, return receipt requested, to the licensee's mailing address as it appears on the comptroller's records. The notice must state the alleged violations that constitute grounds for summary suspension. The suspension is effective at the time of service of the notice. If notice is served in person, the licensee shall immediately surrender the license to the comptroller or his agent. If notice is served by mail, the licensee shall immediately return the license to the comptroller.

(d) If a license is summarily suspended under this section, a hearing shall be held, if demanded by the licensee, within 20 days of the date the comptroller of public accounts receives written notice of the demand. At the hearing, the licensee shall show cause why the license should not be permanently revoked.

(e) The comptroller or his officers or agents and state, city, or county peace officers may enter and inspect the contents of premises where a game of bingo is being conducted or where it is intended that a game is to be conducted, or where any equipment used or intended for use in the conduct of a game is found.

(f) The comptroller shall by rule establish the number and type of bingo games which may be played during an occasion.

Participation by Persons Under 18

Sec. 17. (a) A person under the age of 18 years may not play a game of bingo conducted under a license issued under this Act unless the person is accompanied by his parent or guardian, except that a licensee may prohibit all persons under the age of 18 from entering the licensed premises by posting a written notice to that effect at the place where the game is conducted.

(b) A person under the age of 18 years may not conduct or assist in the conduct of any game of bingo conducted under any license issued under this Act.

Frequency and Times of Games

Sec. 18. A game of bingo may not be conducted under any license issued under this Act more often than three days per calendar week, not to exceed four hours per 24-hour period. Only one bingo occasion per day may be conducted under each license issued under this Act. No more than two organizations may conduct a game of bingo in one place on one day. If two organizations conduct games of bingo in one place on one day, these occasions must be announced separately, and an intermission of at least 30 minutes must occur between the games. A game conducted under a tem-

porary license may not be conducted in violation of this section.

**Persons Operating and Conducting Games;
Equipment; Expenses; Compensation**

Sec. 19. (a) Only an active and bona fide member of a licensed, authorized organization may conduct, promote, or administer a game of bingo. A person may not assist in conducting, promoting, or administering a game of bingo except:

(b) A game of bingo may not be conducted with any equipment except that owned by the licensed authorized organization or used without payment of any compensation therefor by the licensee.

(c) Items of expense may not be incurred or paid in connection with the conduct of any game of bingo under any license issued under this Act except those that are reasonable and are necessarily expended for advertising, security, repairs to premises and equipment, bingo supplies and equipment, prizes, stated rental or mortgage and insurance expenses, if any, bookkeeping, legal, or accounting services related to bingo, fees in amounts authorized by the comptroller of public accounts for callers, cashiers, and ushers, janitorial services and utility supplies and services, if any, and license fees.

(d) Repealed by Acts 1983, 68th Leg., p. 3469, ch. 575, § 17, eff. Sept. 1, 1983.

**Special Checking and Savings Accounts for
Bingo Proceeds**

Sec. 19a. (a) An organization receiving an annual license to conduct bingo shall establish and maintain one regular checking account designated the "bingo account" and may also maintain an interest-bearing savings account designated the "bingo savings account." All funds derived from the conduct of bingo, less the amount awarded as cash prizes, shall be deposited in the bingo account. No other funds may be deposited in the bingo account. Deposits must be made no later than the next business day following the day of the bingo occasion on which the receipts were obtained. All accounts must be maintained in a financial institution in Texas.

(b) Funds from the bingo account must be withdrawn by preprinted, consecutively numbered checks or withdrawal slips, signed by a duly autho-

rized representative of the licensee and made payable to a person or organization. Checks must be imprinted with the words "Bingo Account" and must contain the organization's bingo license number on the face of the check. There must also be noted on the face of the check or withdrawal slip the nature of the payment made. No check or slip may be made payable to "cash," "bearer," or a fictitious payee. All checks, including voided checks and slips, must be kept and accounted for.

(c) Checks drawn on the bingo account must be for one or more of the following purposes:

- (4) the transfer of net proceeds derived from the conduct of bingo to the bingo savings account pending a disbursement to a charitable purpose.

(d) The disbursement of net proceeds on deposit in the bingo savings account to a charitable purpose must be made by transferring the intended disbursement back into the bingo account and then withdrawing the amount by a check drawn on that account as prescribed in this section.

(e) Proceeds given to a person or an organization for a charitable purpose may not be used by the donee:

- (1) to pay for services rendered or materials purchased in connection with the conducting of bingo by the donor organization; or
- (2) for a cause, a deed, or an activity that would not constitute a charitable purpose if the activity were conducted by the donor organization.

The gross receipts taxes authorized to be imposed by a political subdivision under this Act are due and payable by the licensee or any person conducting bingo games without a license to the comptroller of public accounts monthly on or before the 15th day of the month succeeding each monthly reporting period. The report must be filed under oath on forms prescribed by the comptroller.

\$2,500 Exemption

Sec. 21. The first \$2,500 of gross receipts from the conduct of bingo within each reporting period is exempted from the tax authorized by this Act.

Computation of Tax

Sec. 22. A licensee required to report gross receipts taxes to the comptroller of public accounts under this Act, or any other person liable for gross receipts taxes under this Act, shall compute the taxes by multiplying the gross receipts from the conduct of bingo games by two percent, but may exclude \$2,500 from the gross receipts of bingo games conducted during the reporting period.

Report of Receipts, Expenses

Sec. 23. (a) Each licensee conducting bingo games shall submit quarterly to the comptroller of public accounts a report under oath containing the following information:

- (1) the amount of the gross receipts derived from the games;

Transmittals required under this Act shall be made at least twice in each state fiscal year. The funds so transmitted may be used by the jurisdiction for any purpose for which the general funds of the jurisdiction may be used.

(b) Before transmitting funds under Subsection (a) of this section, the comptroller shall deduct two percent of the sum collected from each jurisdiction during such period and shall deposit the funds in the state treasury to the credit of a special fund to be known as the bingo enforcement fund. The fund may be used only for the administration and enforcement of this Act.

(c) The comptroller of public accounts is authorized to retain in the suspense account of any jurisdiction a portion of the jurisdiction's share of the tax collected under this Act. The balance so retained in the suspense account may not exceed five percent of the amount remitted to the jurisdiction. The comptroller is authorized to make refunds from the suspense account of any jurisdiction for overpayments made to such accounts and to redeem dishonored checks and drafts deposited to the credit of the suspense account of the jurisdiction.

(d) When any jurisdiction imposes the gross receipts tax and thereafter abolishes the tax, the comptroller of public accounts may retain in the suspense account of the jurisdiction for one year five percent of the final remittance to each such jurisdiction at the time of termination of collection of the tax in the jurisdiction to cover possible refunds for overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of the account. After one year has elapsed after the effective date of abolition of the tax in the jurisdiction, the comptroller shall remit the balance

in the account to the jurisdiction and close the account.

(b) The comptroller of public accounts, or any person authorized in writing by him, may examine the books, papers, records, equipment, and place of business of any licensee under this Act and may investigate the character of the business of the person in order to verify the accuracy of any return, statement, or report made, or, if no return is made by the person, to ascertain and determine the amount required to be paid. The comptroller may set and charge to the licensee a fee in an amount reasonably necessary to recover the cost of an investigation or audit authorized under this Act.

(c) If the comptroller of public accounts determines that this Act is not being complied with, he shall notify the attorney general and the governing body of the appropriate political subdivision.

Determination if No Return Made

Sec. 31. If any licensee fails to make a required return, or if any person conducts bingo without a license, the comptroller of public accounts shall make an estimate of the gross receipts of the licensee or person conducting bingo without a license. The estimate shall be made for the period in respect to which the licensee or other person failed to make a return and shall be based on information that is in the comptroller's possession or may come into his possession. On the basis of this estimate, the comptroller shall compute and determine the amount required to be paid to the state, adding to the sum a penalty of 10 percent of the amount. One or more determinations may be made for one or more periods.

Jeopardy Determination

Sec. 32. (a) If the comptroller of public accounts believes that the collection of any tax or any amount of tax required to be remitted to the state or the amount of any determination will be jeopardized by delay, he shall make a determination of the tax or amount of tax required to be collected, noting that fact upon the determination. The amount determined is due and payable immediately.

(b) If the amount specified in the determination is not paid within 20 days after service of notice thereof on the licensee against whom the determination is made, the amount becomes final at the expiration of the 20 days unless a petition for redetermination is filed within the 20 days. The immunity does not extend to any person knowingly conducting or participating in the conduct of bingo under any license obtained by any false pretense or by any false statement made in any application for license or otherwise or permitting the conduct on any premises owned or leased by him or it of any game of bingo conducted under any license known to him or it to have been obtained by any false pretense or statement.

(5) violates this Act or a term of a license issued under this Act.

(b) An offense under this section is a Class C misdemeanor, unless the person has been convicted previously under this section, in which event it is a Class B misdemeanor.

(b) The comptroller of public accounts shall seize any property, real or personal, of the person and sell the property, or a sufficient part of it, at public auction to pay the amount due with any interest or penalties on account of the seizure and sale. Any seizure made to collect a tax due shall be only of property of the licensee not exempt from execution under the laws of this state.

(c) Notice of the sale and the time and place of the sale shall be given to the delinquent person in writing at least 20 days before the date set for the sale as provided by this subsection. The notice shall be enclosed in an envelope addressed to the person, in case of a sale for limited sales tax due, at his last known address or place of business, and in case of a sale for use taxes due, at his last known residence or place of business in this state. It shall be deposited in the United States mail, postage prepaid. If any person having an interest in or lien on the property files with the comptroller before the sale notice of his interest or lien, the comptroller shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the person liable for the amount is not available, the comptroller shall deposit the excess money with the state treasurer, as trustee for the owner, subject to the order of the person liable for the amount, his heirs, successors, or assigns.

1. CRUELTY TO ANIMALS

Art. 180. Definitions

As used in this subdivision, the word "animal" includes every living dumb creature; the words "torture" and "cruelty" include every act, omission or neglect whereby unnecessary or unjustifiable pain or suffering is caused, permitted or allowed to continue when there is a reasonable remedy or relief. The words "owner" and "person" include corporations, and the knowledge and acts of agents and employes of corporations in regard to animals transported, owned, used by or in custody of the corporation shall be held to be the knowledge and acts of such corporation.

[Acts 1925, S.B. 84.]

Art. 181. Cruelty to Fowls

Whoever receives live fowls, poultry or other birds for transportation or to be confined on wagons or stands, or by the owners of grocery stores, commission houses or other market houses, or by other persons when to be closely confined, shall place same immediately in coops, crates or cages made of open slats or wire on at least three sides and of such height that the fowls can stand upright without touching the top, have troughs or other receptacle easy of access at all times by the birds confined therein, and so placed that their contents shall not be defiled by them, in which troughs or other receptacles clean water and suitable food shall be constantly kept; keep such coops, crates or cages in a clean and wholesome condition; place only such numbers in each coop, crate or cage as can stand without crowding one another, but have room to move around; not expose same to undue heat or cold, and remove immediately all injured, diseased or dead fowls or other birds.

[Acts 1925, S.B. 84.]

Art. 182. Cruelty to Animals

It shall be unlawful for any person to overdrive, wilfully overload, drive when overloaded, overwork, torture, torment, deprive of necessary sustenance, unnecessarily or cruelly beat, or needlessly mutilate or kill any animal or carry any animal in or upon any vehicle, or otherwise, in a cruel or inhuman manner, or cause or procure the same to be done, or who having the charge or custody of any animal unnecessarily fails to provide it with proper food, drink or cruelly abandons it.

[Acts 1925, S.B. 84.]

Art. 182a. Disposition of Cruelly Treated Animals

Sec. 1. In this Act "cruelly treated" means tortured, seriously overworked, unreasonably abandoned, unreasonably deprived of necessary food, care, or shelter, cruelly confined, caused to fight with another animal, or otherwise cruelly treated.

Sec. 2. (a) If a county sheriff, constable, or deputy constable or an officer who has responsibility for animal control in an incorporated city or town has reason to believe that an animal has been or is being cruelly treated, he may apply to a justice court in the county where the animal is located for a warrant to seize the animal. On a showing of probable cause to believe that the animal has been or is being cruelly treated, the court shall issue the warrant and set a time within 10 days for a hearing in the court to determine whether the animal has been cruelly treated. The officer executing the warrant shall cause the animal to be impounded and shall give written notice to the owner of the animal of the time and place of the justice court hearing.

(b) If the owner of the animal is found guilty in county court of a violation of Section 42.11, Penal Code, involving the animal, this finding is prima facie evidence at the hearing that the animal has been cruelly treated. Statements of an owner made at a hearing provided for in this Act are not admissible in a trial of the owner for a violation of Section 42.11, Penal Code. After all interested parties have been given an opportunity to present evidence at the hearing, if the court finds that the owner of an animal has cruelly treated the animal, the court shall order a public sale of the animal by auction. If the court does not find that the owner of the animal has cruelly treated the animal, the court shall order the animal returned to the owner.

Sec. 3. (a) Notice of an auction ordered as provided in this Act must be posted on a public bulletin board where other public notices are posted for the city, town, or county. At the auction, a bid by the former owner of the animal or his representative may not be accepted.

(b) Proceeds from the sale of the animal shall be applied first to the expenses incurred in caring for the animal during impoundment and in conducting the auction. The officer conducting the auction shall pay any excess proceeds to the justice court ordering the auction. The court shall cause the excess proceeds to be returned to the former owner of the animal.

(c) If the officer is unable to sell the animal at auction, he may cause the animal to be destroyed or may give the animal to a nonprofit animal shelter, pound, or society for the protection of animals.

Sec. 4. An owner of an animal ordered sold at public auction as provided in this Act may appeal the ruling by giving notice of appeal in justice court within 10 days of the hearing. Appeal is by means of a hearing in county court in the county where the

animal was impounded. At the hearing in county court, the court may assess costs of the hearing. During the pendency of an appeal under this section the animal shall not be sold, destroyed, or given away as provided in Sections 2 and 3 of this Act.

If any animal so impounded shall continue to be without necessary food and water for more than twelve successive hours it shall be lawful for any person as often as necessary to enter into or upon said pound or corral and supply such animal with necessary food and water; the reasonable cost for such food and water may be collected by him from the owner of such animal which shall not be exempt from levy and sale upon execution issued upon a judgment therefor.

Art. 192-3. **Unregistered Dogs Prohibited From Running at Large**

Registration; Identification Tag

Sec. 1. From and after the effective date of this Act, it shall be unlawful for the owner or any person, having control of any dog six (6) months or more of age, to permit or allow said dog to run at large, unless such dog shall have been by such owner or person having control of said dog duly registered with the County Treasurer of the county in which said dog runs at large, and shall have securely fastened about its neck a dog identification tag showing its registration and duly assigned to said dog by the County Treasurer of said county in the manner hereinafter set forth. It shall be the duty of the Commissioners Court to furnish the County Treasurer the necessary dog identification tags numbered consecutively from one up and each such identification tag shall, also, have printed or impressed on it the name of the county in which said tag is issued. At the time any dog is registered hereafter under the provisions of this Act, it shall be the duty of the County Treasurer to assign to such dog a registration number and deliver to the owner or person having control of said dog the necessary dog identification tag as herein provided

for. The County Treasurer shall, also, issue to the person registering any dog a certificate showing that said dog has been duly registered under this Act.

The County Treasurer shall likewise be furnished with a substantial and well-bound book for registration of dogs which book shall show the age, breed, color, and sex of each dog so registered, together with the date of registration.

Unmuzzled Dogs Prohibited from Running at Large at Night

Sec. 2. From and after the effective date of this Act it shall be unlawful for the owner of any dog to allow such dog to run at large between sunset and sunrise of the following day, unless such dog has securely fastened about his mouth a leather or metallic muzzle as will effectively prevent such dog from killing or injuring sheep, goats, calves, or other domestic animals or fowls.

Killing of Dogs for Attacking Domestic Animals Authorized

Sec. 3. Any dog, whether registered and tagged or not, when found attacking any sheep, goats, calves, and/or other domestic animals or fowls, or which has recently made, or is about to make such attack on any sheep, goats, calves, and/or other domestic animals and fowls, may be killed by anyone present and witnessing or having knowledge of such attack and without liability in damage to the owner of such dog. Any dog, whether registered and tagged or not, known or suspected to be a killer of sheep, goats, calves, or other domestic animals or fowls, is hereby declared to be a public nuisance and such dog may be detained or impounded by any person until the owner may be notified, and until all damage done by said dog shall have been determined and paid to the proper parties. Any dog known to have attacked, killed or injured any sheep, goat, calf, or other domestic animal or fowl, shall be killed by the owner of such dog, and upon failure of such owner so to do, any sheriff, deputy sheriff, constable, police officer, magistrate, or County Commissioner is authorized to kill such dog, and such officer is further authorized to go upon the premises of the owner of such dog for such purpose.

Each dog so registered shall be subject to a tax of One Dollar (\$1) which shall be paid to the County Treasurer at the time of such registration and shall cover the costs of registration and identification tag, and shall be good for the period of one year from date of such registration. Upon the

removal of a dog from one county to another, the owner may present his registration certificate to the County Treasurer of the county to which such dog is removed and receive without additional cost a registration certificate effective to the end of the year for which such dog was registered in the other county and likewise in any other county to which such dog may be removed. The tax so collected shall be placed in a special fund and shall be used only for defraying the expenses of administration of this Act in such county and for reimbursing the owner or owners of sheep, goats, calves, and/or other domestic animals, and/or fowls that may have been killed in such county by dogs not owned by the person seeking reimbursement. Such payment shall be made on order of the Commissioners Court and only on satisfactory proof. Such payment shall be made in the amount, and at such time as the said Commissioners Court may determine, and in the event that such fund shall be insufficient to reimburse all injured parties in full, payment shall be made pro rata. The County Treasurer shall keep an accurate record showing all amounts coming into said fund and disbursements therefrom. Provided, that any dog brought into the county for breeding purposes, trial, or show for a period of not exceeding ten (10) days shall not be required to be registered. Provided further, that upon sale or transfer of ownership of a dog, the registration certificate shall be transferred to the new owner.

Penalty

Sec. 5. The owner of any dog who shall willfully fail or refuse to register such dog, or who shall willfully fail or refuse to allow a dog to be killed when ordered by the proper authorities so to do, or who shall willfully violate any provision of this Act, shall be guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not exceeding One Hundred Dollars (\$100), or by confinement in the county jail for not more than thirty (30) days, or by both such fine and imprisonment.

Local Option; Election Procedure

Sec. 6. This Act shall not be effective in any county unless and until the qualified property tax-paying voters of such county, by a majority vote at an election held for such purposes, shall have voted therefor. Upon a petition signed by one hundred (100), or a majority of the qualified property tax-paying voters of a county, the Commissioners Court shall order an election to be held throughout such county in not less than ten (10) nor more than twenty (20) days to determine whether or not the registration of and the tax on dogs shall be required in such county. Notice of such election shall be given by the publication of said notice one time in a newspaper of general circulation in the English language in said county. But if there be no newspaper in the English language and of general circulation published in the said county, then such notice shall be posted at the courthouse door for a period of not less than one week before such election. At

such election those favoring the putting into force of this law in such county shall have written or printed on their ballots the words: "For Registration of and Tax on Dogs" and those opposed to the proposition shall have written or printed on their ballots the words: "Against the Registration of and Tax on Dogs." If a majority of those voting at such election shall be in favor of such registration and tax, then such law shall become effective within ten (10) days from the date on which the result of such election shall have been declared. Returns of such election shall be made by the presiding officers of same within three (3) days after such election, and in duplicate to the County Judge and County Clerk. The Commissioners Court shall canvass such returns and declare the result not later than the first Monday after such returns are made, and if the vote be in favor of the registration of and tax on dogs, then the County Judge shall issue his proclamation declaring the result of said election and putting the same into force and effect in said county, which proclamation shall be published one time in a newspaper of general circulation in the English language in said county. But if there be no newspaper in the English language and of general circulation published in said county, then such proclamation shall be posted at the courthouse door.

When an election under this Section shall have been held and the result of same has been adverse to the registration of and tax on dogs, then no other election shall be held on the same subject for a period of six (6) months. But if the result shall be for the registration of and tax on dogs, then no election for the repeal of same shall be held for a period of two (2) years. The returns of such election shall be preserved for one year after such election.

When an election, under this Act, shall have been held and the results shall be for the registration of and tax on dogs, each owner or person having control of any dog of the age of six (6) months or more in said county shall, within thirty (30) days from the date of the proclamation herein provided for, register said dog with the County Treasurer of said county under the provisions of this law.

Partial Invalidity

Sec. 7. If any provision, paragraph, or sentence of this Act shall be held invalid, such invalidity shall not affect or invalidate the remaining provisions, paragraphs, and sentences of this Act.

"Census block groups" are subdivisions of census tracts as defined on census metropolitan maps which differentiate block groups by the first digit of the block numbers assigned to city blocks within each tract. "Census block tracts" are subdivisions of "census block groups" as defined on census metropolitan maps.

Sec. 2. It is the intention of the Texas Legislature that, if any county, census tract, block, or other geographic area has erroneously been left out of this Act, any court reviewing this legislation should include that area in the appropriate district as accomplished by the Supreme Court of Texas in *Smith v. Sec. 3. This Act takes effect beginning with the election of the 69th Legislature, but it does not affect the membership, personnel, or districts of the 68th Legislature. Sec. 5. If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity does not affect the other provisions or applications of this Act that can be given effect without the invalid provision or application. For that purpose, the provisions of this Act are declared to be severable, and it is the intent of the legislature that this Act shall be construed and applied as if any invalid provision had not been included in this Act.

ARTICLE IV

Sec. 3. Nothing in this Act affects the tenure in office of the present delegation in Congress, but this Act takes effect for the general election in 1984.

Sec. 4. It is the intention of the Texas Legislature that if any counties, census tracts, blocks, or other geographic areas have erroneously been left out of this bill, as amended, any court reviewing this legislation include such area in the appropriate district as accomplished by the Supreme Court of Texas in *Smith v. Sec. 5. For that purpose, the provisions of this Act are declared to be severable, and it is the intent of the legislature that this Act shall be construed and applied as if any invalid provision had not been included in this Act.

[Acts 1925, S.B. 84. Amended by Acts 1943, 48th Leg., p. 80, ch. 63, § 1; Acts 1949, 51st Leg., p. 99, ch. 59, § 1.]

37, 45, 57, 73, 131, 144, 150, 166, 175, 186, 187, 224, 225, 226, 227, 285, 288, 289, 290.—Bexar

(A) The enactment and creation of the district courts of Bexar County, Texas, begins with the enactment of Article 199-37, Revised Statutes, as amended, which sets up a number of courts to transact business in Bexar County on the district court level. However, new courts have been added by omnibus courts bills which do not spell out the powers and organization of such courts which has the effect of creating a conflict in the law with some courts having only general powers and others having specific powers under the laws that enact them. This amendment is for the purpose of making uniform insofar as possible the law relating to the system of district courts in Bexar County.

(B) Bexar County shall constitute and include 19 judicial districts. These judicial districts hereby created are the 37th, 45th, 57th, 73rd, 131st, 144th, 150th, 166th, 175th, 186th, 187th, 224th, 225th, 226th, 227th, 285th, 288th, 289th, and the 290th Judicial Districts of Texas. Each of the said 19 district courts shall have and exercise civil and criminal jurisdiction in Bexar County, Texas, and each is a court of general jurisdiction. Said district courts shall have and exercise, in addition to the jurisdiction now conferred or to be conferred by law

on said courts, concurrent jurisdiction coextensive with the limits of Bexar County, Texas, in all actions, proceedings, matters, and causes, both civil and criminal, of which district courts of general jurisdiction are given jurisdiction by the constitution and laws of the State of Texas.

(C) All present judges of said courts cited in Subsection (B) of this article shall continue as judges of the courts to which offices each has been elected, and the tenure of office of said judges shall remain the same as is provided by law.

(D) There shall be two terms of court per year for courts that the relevant enacting provision did not require to give preference to criminal cases. These shall include the 37th, 45th, 57th, 73rd, 131st, 150th, 166th, 224th, 225th, 285th, and 288th District Courts of Bexar County, Texas. The first term of such courts shall begin on the first Monday in January each year and shall continue until and including Sunday next before the first Monday in July of each year; the second term shall begin on the first Monday in July of each year and shall continue until and including the Sunday before the first Monday in the following January.

(E) There shall be six terms of court per year for courts required by law to give preference to criminal cases. These shall include the 144th, 175th, 186th, 187th, 226th, 227th, 289th, and 290th District Courts. The first term shall begin the first Monday in January; one term shall begin on the first Monday in March; one term, the first Monday in May; one term, the first Monday in July; one term, the first Monday in September; one term, the first Monday in November; of each year. Each term is to be two months and each term shall continue until the business is disposed of. Each of the courts named in this paragraph shall give preference to the trial of criminal matters.

(F) The practice and procedure of said courts shall be the same as now prescribed by law and in civil cases or actions as also provided by the Texas Rules of Civil Procedure applicable to district courts having successive terms. Since all courts enacted are courts of general jurisdiction, nothing in this Act relating to preferences shall prevent any court from trying any business before the court system of Bexar County, be it civil or criminal in nature, as time shall allow.

(G)(1) Docketing Criminal Cases. All indictments shall be returned to either the 144th, 175th, 186th, 187th, 226th, 227th, 289th, or the 290th District Court. Each indictment shall be docketed upon the docket of the judicial district to which it is assigned for trial by the presiding criminal judge in rotation in the order in which they are returned or as agreed to by a majority of judges trying criminal cases. The presiding criminal judge shall adjust the case flow so that each district court named above shall receive as close as possible one-eighth of the indictments for trial. The presiding criminal judge shall be the judge receiving the bills of indictment for

that term. He shall also handle all preindictment bond problems and preindictment appointment of counsel. Any other judge may preside in his absence or at his request. Such presiding criminal judge shall from time to time as occasion may require adjust the business and dockets of the criminal courts and transfer or cause to be transferred causes from any of the courts to any other of the courts in order that the business of the courts be continually equalized and distributed among them to the end that each judge will at all times be provided with cases or proceedings to try or otherwise consider. The presiding criminal judge shall be selected by a vote of a majority of the judges giving preference to criminal cases to serve for such time as such judges shall direct.

(2) Docketing Civil Cases. The district clerk shall docket successively on the dockets of the district courts of the 37th, 45th, 57th, 73rd, 131st, 150th, 166th, 224th, 225th, 285th, and 288th judicial districts all civil cases, actions, causes, petitions, applications, or other proceedings so that the first case or proceeding filed on or after the effective date of this Act shall be docketed in the 37th Judicial District, the second in the 45th Judicial District, the third in the 73rd Judicial District, and proceeding on through the list of courts by number in order of the courts listed above docketing civil proceedings and causes; and when each court has been assigned one case, the process is to be repeated in seriatim and in this manner all cases or proceedings filed to be docketed in and divided equally among all of these courts, one-eleventh in each court.

(H) The district judges of Bexar County shall on or before the first day of January and the first day of July of each year or at such other times as may be determined by a majority of the district judges elect one of the district judges to serve as the Presiding Civil Judge of Bexar County District Courts for a period of time to be set by the judges. The presiding civil judge shall from time to time as occasion may require adjust the business and dockets of the courts and transfer or cause to be transferred causes from any of the courts to any other of the courts in order that the business of the courts will be continually equalized and distributed among them to the end that each judge will at all times be provided with cases or proceedings to try or otherwise consider. Such presiding civil judge shall see that the trial of a case will not be delayed because of the disqualification of the judge in whose court it is pending. When a case is transferred, proper orders shall be entered upon the minutes of the court as evidence of the transfer. Each judge shall sign the minutes of each term of his court within 30 days after the end of the term and shall also sign the minutes at the end of each volume of the minutes, and each judge sitting in a court shall sign the minutes of the proceedings that were before him. The clerk is authorized to consolidate the minutes of all of the courts of this entire system, and if he chooses to do so, the signature of the

judge at the end of such minutes or the end of such volume shall be acceptance of responsibility for the transaction of business that that particular judge has personally handled.

(I) In the absence, except as otherwise provided herein, sickness, or disqualification of a judge of any of the district courts of Bexar County, Texas, any of the other judges of the said district courts may act and preside. All judges of the courts named herein have the power to sit for each other and sign orders, judgments, and sentences for each other and in the district of the other without the necessity of formally resorting to transfers between the courts in this system.

(J) All bonds, including bail bonds, personal bonds, appeal bonds, or other obligations, taken for the appearance of the defendants, parties, and witnesses in any of the said district courts of Bexar County, Texas, or any inferior court of Bexar County, Texas, shall be binding on all such defendants, parties, and witnesses and their sureties for appearance in any of said courts in which said cause may be pending or to which same may be transferred. In all cases transferred from one of the said courts to another, all process, bonds, and obligations existing at the time of such transfer shall be returned to and filed in the court to which the case is transferred and shall be valid and binding as though originally issued to out of the court to which it is transferred or returnable thereto.

(K) Each judge of the said district courts of Bexar County, Texas, may take a vacation at any time during the calendar year, during which time the terms of court of which he is judge shall remain open and the judge of any other district court may hold such court during the vacation of the judge thereof. During the period of such vacation, it shall not be lawful for a special judge of such court to be elected by the practicing lawyers of such court because of the absence of the judge on his vacation, unless no judge of the said district courts is in the county. The judges of the said district courts shall by agreement among themselves take their vacations alternately so that there shall be at all times judges in the county at all times of the year.¹

(L) The judge of each of the several district courts shall appoint an official court reporter for his court as provided by the general law who will be compensated as provided by law. Additional court reporters may be hired to service this court system if a majority of the judges agree that such course of action is necessary, and such additional court reporters shall be compensated the same as regular court reporters for the work performed by them. Such additional court reporters shall be assigned to duty in the other courts by the presiding civil district judge. Such employment of additional reporters shall be by a method agreeable to a majority of the district judges of Bexar County.

(M) The Sheriff of Bexar County, as hereinafter provided, either in person or by deputy, shall attend

The Sheriff of Bexar County shall appoint one deputy to serve as bailiff for each of the district courts not designated as giving preference to criminal cases. The Sheriff of Bexar County shall appoint two deputies to serve as bailiffs for each court that is required by law to give preference to criminal cases. The persons appointed as deputies must be acceptable to the judge of the court to which they are appointed, and the appointments for each court must be approved and confirmed in writing by the judge before the appointments become effective. The appointed deputy sheriffs before assuming their duties shall take the oath of office prescribed by the Constitution of the State of Texas; and the Sheriff of Bexar County is authorized to require the deputies to furnish bonds in an amount conditioned and payable as may be prescribed by the sheriff or provided by law. The deputies shall act in the name of their principal, and they may perform all official acts as may be lawfully performed by the Sheriff of Bexar County in person. The deputies shall, from and after their appointments, qualification, and confirmation as hereinabove provided, continue as deputies at the pleasure of the judge of the court to which they were appointed; and should any of the judges for any reason not further desire the services of the deputies appointed to his court, the Sheriff of Bexar County shall, upon the request of the judge, appoint another deputy for that court, the appointment to be made in the same manner hereinabove provided. The deputies shall attend all sessions of the district court to which they are appointed and also shall perform and render such services in and for the court and for the judge as are usually performed and rendered by sheriffs and deputies in and about the several district courts of this state, including the serving of any and all processes, subpoenas, warrants, and writs of any and all kinds and nature in both civil and criminal cases, matters, and proceedings; and the deputies shall also perform and render any and all other services that may from time to time be assigned to them or to any of them by the judge of the courts. The deputies shall have, possess, and enjoy the same rights, powers, authority, and privileges that the sheriff and their deputies throughout this state may now or hereafter possess and enjoy. The deputies may act for each other, and they shall act for each other when required to do so by any of the judges or by the sheriff; but the deputies acting for each other are not entitled to receive nor may they receive any additional compensation. The Sheriff of Bexar County shall in the event of a vacancy caused by any reason immediately appoint another deputy for the court in which the vacancy occurred, the appointment to be subject to the written approval and confirmation of the judge of that court. The Sheriff of Bexar County shall fix

the salary paid the deputies for the various courts, said salary to be approved by the commissioners court. The annual salary to be paid to the deputies when fixed by the sheriff as herein provided shall be paid to them twice monthly out of a fund of Bexar County as provided by law for the payment of salaries of the several deputies of the Sheriff of Bexar County, and the payment of the salaries shall be made in the manner by warrant or check as provided by law. Nothing herein shall be construed as preventing the Sheriff of Bexar County from assigning additional deputies to any of the district courts when circumstances require or when requested to do so by the judge of any of the district courts; provided that nothing contained in this Act is intended to change the duties of the Sheriff of Bexar County except as herein specifically and expressly stated.

(N) The clerk of the district courts of Bexar County shall be the clerk of each of the courts named herein and shall be compensated as provided by law. The district clerk shall appoint one or more deputies for each of the district courts; provided that the persons appointed must be acceptable to the judges of the courts, and the appointment for each court must be confirmed in writing by the judge before it becomes effective. Provided, further, that the \$2,500 in fees and the one-fourth of the excess fees heretofore provided

for shall in no event exceed the total sum of \$6,000 per year as compensation to said District Attorney, and any amount in excess thereof shall be turned in to the County Treasurer.

Said deputies shall take the oath of office prescribed by the Constitution of this State, and said deputies are authorized to perform such services as may be authorized by said criminal district clerk, and shall be removable at the will of the clerk.

The district judges of the criminal district courts of Harris County shall alternately appoint grand jury commissioners and empanel grand juries; and they shall meet together and determine approximately the number of petit jurors that are reasonably necessary for jury service in the criminal district courts of the county for each week during the time said courts may hold during the year, and shall thereupon order the drawing of such number of jurors from the jury wheel of the county for each of said weeks, said jury to be known as the panel of jurors for service in the criminal district courts for the respective weeks for which they are designated to serve. The judges of the said criminal district courts shall agree upon which one shall be authorized to act in carrying out the provisions of this Act as relating to the calling and qualifying of the jury panel; they may increase or diminish the number of jurors to be selected for any week, and shall order said jurors drawn for as many weeks in advance of service as they deem proper. From time to time they shall designate the criminal district judge to whom the panel of jurors shall report for duty, and said judge, for such time as he is chosen to so act, shall organize said juries and have immediate supervision and control of them. The said jurors, after being regularly drawn from the wheel, shall be served by the sheriff to appear and report for jury service before said judge so designated, who shall hear excuses of said jury and swear them in for service for the week that they are to serve to try all cases that may be submitted to them in any of said criminal district courts, and they may be used interchangeably in the criminal district courts. In the event of a deficiency of said jurors, the judge having control of said panel of jurors shall order such additional jurors to be drawn from the wheel as may be sufficient to meet such emergency, but such jurors shall act only as special jurors and shall be discharged as soon as their services are no further needed. SUBCHAPTER A. ORGANIZATION AND PURPOSE

Short Title

Sec. 1.001. This Act may be cited as the Judicial Districts Act of 1969.

Scope of Act

Sec. 1.002. Except as otherwise indicated by the context, this Act applies only to judicial districts created by this Act or by amendments of this Act.

Subchapters

Sec. 1.003. (a) The provisions of Subchapter B of this Act are general and apply to all district courts created by this Act and those later created by amendment of Subchapter C of this Act except expressly provided by this Act or an amendatory Act.

(b) The provisions of Subchapter C of this Act create specific judicial districts and define their territorial composition, and may contain specific provisions applicable to each court.

(c) The provisions of Subchapter D of this Act are concerned with specific judicial districts and the office of district attorney for those districts.

(d) The provisions of Subchapter E of this Act amend prior law to conform legislation to the new pattern of judicial districts drawn by this Act.

(e) The provisions of Subchapter F of this Act are transitional provisions applicable to each court created by this Act or by amendment of this Act except as expressly provided by this Act or an amendatory Act.

Amendments

Sec. 1.004. This Act is so designed that the Legislature may later add districts or change the composition of a district or the jurisdiction of a court by adding or amending sections of Subchapter C without repeating the provisions of Subchapter B or Subchapter F.

SUBCHAPTER B. GENERAL PROVISIONS

Terms of Court

Sec. 2.001. Each district court holds in each county within its jurisdiction continuous terms which commence on the first Monday in January and on the first Monday in July of each year. Each term of court continues until the next succeeding term begins.

Transfer of Cases; Exchange of Benches

Sec. 2.002. (a) In any county in which there are two or more district courts, the judges of such

courts may, in their discretion, either in termtime or in vacation, on motion of any party or on agreement of the parties, or on their own motion, transfer any case or proceeding, civil or criminal, on their dockets to the docket of one of the other said district courts; and the judges of the courts may, in their discretion, exchange benches or districts from time to time.

(b) Whenever a judge of one of the courts is disqualified, he shall transfer the case or proceeding from his court to one of the other courts, and any of the judges may in his own courtroom try and determine any case or proceeding pending in either of the other courts without having the case transferred, or may sit in any of the other courts and there hear and determine any case or proceeding there pending. Each judgment and order shall be entered in the minutes of the court in which the case is pending, and two or more judges may try different cases in the same court at the same time and each may occupy his own courtroom or the room of any other court.

(c) In case of absence, sickness, or disqualification of any of the judges, any other of the judges may hold court for him. Any of the judges may hear any part of any case or proceeding pending in any of the courts and determine the same or may hear or determine any question in any case or proceeding and any other of the judges may complete the hearing and render judgment in the same. Any of the judges may hear and determine motions, petitions for injunction, applications for appointment of receivers, interventions, pleas of privilege, pleas in abatement, and all dilatory pleas, motions for new trials, and all preliminary matters, questions and proceedings, and may enter judgment or order thereon in the court in which the case or proceeding is pending without having the same transferred to the court of the judge acting; and the judge in whose court the same is pending may thereafter proceed to hear, complete, and determine the same or other matter or any part thereof and render final judgment thereon. Any of the judges of the courts may issue restraining orders and injunctions returnable to any of the other courts.

(d) The specific matters mentioned in this section shall not be construed as any limitation on the powers of such judges when acting for any other judge by exchange of benches or otherwise.

Filing and Docketing Cases

Sec. 2.003. In a county in which there are two or more district courts, the judges of the courts may make such rules governing the filing and numbering of cases, the assignment thereof for trial, and the distribution of the work of such courts as in their discretion is deemed necessary or desirable for the orderly dispatch of the business of the courts.

Process, Writs, Etc.

Sec. 2.004. (a) When a case is transferred from one court to another, all process and writs issued from the transferring court are returnable to the

court to which the case is transferred as if originally issued by that court.

The judge shall receive the same amount as supplemental compensation for his services on the board as is received by other judges on the board. Unless otherwise provided by this Act, the judge shall receive the same amount in other supplemental compensation from the county as is received by other district judges in that county.

Sec. 5f. It shall also be the duty of a district judge in whose court an election contest or suit brought for the removal of a local official is filed to request the Presiding Judge of the Administrative Judicial District who is not a resident of the county to hold a special or regular term of court in that county in order to dispose of such suits. A district judge shall request the Presiding Judge to assign a judge of the Administrative District to hear any motions to recuse such district judge from a case pending in his court. If the term be extended as herein provided no other term of the court in such district shall fail because of said extension, but such other terms may be opened and held as usual. The Presiding Judge of one Administrative District may call upon the Presiding Judge of another Administrative District to furnish judges to aid in the disposition of litigation pending in any judicial district within the Administrative District in which such judge so making the request has been designated as the Presiding Judge. For the trial of cases and the entry of orders and the disposition of other business necessary, the judge of any district in this State, or any District Judge sent to any district in this State by the Presiding Judge of an Administrative District, shall have power, by entering an order on the minutes, to convene a special term of the court for the disposition of the business coming before the district court.

Sec. 7. (a) The Presiding Judge may employ, directly or through a contract with another governmental entity, an administrative assistant, on a full- or part-time basis, to aid and assist the Presiding Judge in carrying out the judge's duties under this Act. The administrative assistant shall receive the

compensation from the State provided by the General Appropriations Act.

(b) The administrative assistant must possess the qualifications established by rule of the Supreme Court.

(c) Each administrative assistant shall perform the duties that are required by the Presiding Judge and by rules of administration, and shall conduct the correspondence for the Presiding Judge of the Administrative District, keep a record of all its proceedings, and a complete and accurate record of all cases pending in the several courts of the Administrative District, the time of their filing, the style and purposes of the causes, and their final disposition, and such other matters as may be prescribed by the council of judges herein referred to. For such purposes he is authorized, with the approval of the Presiding Judge, to purchase the necessary office equipment, stamps, stationery and supplies, and to employ additional personnel as authorized by the council of judges. Such cost shall be divided pro rata among the counties and paid by the counties on the certificate of the Presiding Judge. The administrative assistant shall, under the direction of the Presiding Judge of the Administrative District, make an annual report on the activities of the district and such special reports as may be provided by the rules of administration to the Supreme Court of Texas in the manner directed by that court.

Expenses of Meeting of Judges

Sec. 8. The several district judges of the District, when required to attend the annual or special sessions of the judges herein prescribed, shall, in addition to all other compensation allowed them by law, receive their actual traveling expenses going to and returning from the place of meeting, and their actual expenses while in attendance on the meeting.

Expenses paid by counties composing district

Sec. 9. All of the aforesaid salaries, compensation, and expenses, and all other expenses authorized and incurred herein for the purpose of administering this Law, other than those provided by state appropriations, shall be paid by the several counties composing the Administrative District out of the General Fund of said counties. Said salaries, compensations, expenses, and expenditures herein authorized are to be paid in proportion to the number of weeks provided by Law for holding District Court in the respective counties, on certificates of approval of the Presiding Judge of the Administrative Judicial District.

Expenses of Judge Filling Assignment

Sec. 10. When the district judges are assigned under the provisions of this Act to districts other than their own district, and out of their own counties, they shall, in addition to all other compensation permitted or authorized by law, receive their actual expenses in going to and returning from their several assignments, and their actual living expenses

while in the performance of their duties under assignments, which expenses shall be paid out of the General Fund of the county in which their duties under assignments are performed, upon accounts certified and approved by the Presiding Judge of the Administrative District.

Sec. 10a. Any active district judge of the State of Texas assigned to sit for the judge of a district or domestic relations court under the provisions of Chapter 156, Acts of the 40th Legislature, Regular Session, 1927, as amended, codified as Article 200a of Vernon's Texas Civil Statutes, shall, while so serving in any county outside his own judicial district, receive in addition to his necessary expenses additional compensation from the county to which he is assigned in an amount not to exceed the difference between the pay of such visiting judge from all sources exclusive of the per diem provided for such visiting judge under Section 2a(4) of Article 200a of Vernon's Texas Civil Statutes, and the pay received from all sources by the judge of the court to which he is so assigned, such amount to be paid by the county upon approval of the presiding judge of the Administrative District in which such court is located.

Said salary shall be paid in twelve equal monthly payments. Said salary shall be apportioned according to the assessed property valuation of each judicial district comprising such Administrative Judicial District and after so apportioned the amount apportioned shall be apportioned to each county comprising the judicial district according to the assessed property valuation of the county.

(c) In addition to and cumulative of all other compensation, expenses, and perquisites authorized by law and this Act, the presiding judge of any administrative judicial district in Texas which has 80 or more district courts therein, when such presiding judge is a retired district or appellate judge, shall receive not less than \$5,000 nor more than \$30,000 per annum as compensation for performing duties as the presiding judge of such administrative judicial district. Biennially the council of judges of such administrative judicial district shall fix the amount of such compensation by a majority vote of the judges. Art. 200b. Judicial Administration in Certain Counties

Application of Act

Sec. 1. This Act shall apply in any county in which there are three or more courts, including

criminal district courts, juvenile courts, and courts of domestic relations, having any of the jurisdiction conferred upon district courts under the constitution and laws of this State.

Authority of Judge

Sec. 2. In any county coming within the purview of Section 1 of this Act, any judge of a court having any district court jurisdiction may hear and determine any matter pending in any other of the courts having any district court jurisdiction, whether the matter is preliminary or final or after judgment in the matter. The judge may sign any judgment or order in any of the courts, with or without having the case transferred. Any such judgment, order, or action shall be valid and binding to the same extent as if the case were pending in the court of the judge so acting. This authority extends to any active or retired judge assigned to any of the courts having any district court jurisdiction under the provisions of Chapter 156, Acts of the 40th Legislature, Regular Session, 1927, as amended (Article 200a, Vernon's Texas Civil Statutes), or under the provisions of Chapter 99, Acts of the 51st Legislature, Regular Session, 1949, as amended (Article 6228b, Vernon's Texas Civil Statutes).

Rules

Sec. 3. (a) The judges of the courts having any district court jurisdiction may, by majority vote, make and amend rules governing the assignment, docketing, transfer, and hearing of cases, including civil, criminal, juvenile, and domestic relations cases, subject to jurisdictional limitations.

(b) The judges may make and amend rules of practice and procedure in the courts not inconsistent with the statutes of this State and not inconsistent with the rules of procedure promulgated by the Supreme Court of Texas.

Presiding Judge

Sec. 4. (a) The judges of the courts having any district court jurisdiction may elect, from time to time by majority vote, one of their number as presiding judge. The presiding judge may, under rules adopted under Section 3 of this Act, assign and transfer any case pending in any of the courts to any other of the courts; he may direct the manner in which such cases shall be filed and docketed; he may assign any case or proceeding pending in any of the courts to the judge of any other of the courts; and he may assign the judge of any of the courts to try any case or hear any proceeding pending in any other of the courts.

(b) The judges of the courts shall try any case and hear any proceeding as assigned by the presiding judge. The district clerk of the county shall file, docket, transfer, and assign all such cases as directed by the presiding judge in accordance with the rules adopted under Section 3 of this Act.

Appointment and Removal of Presiding Judges

Sec. 5. The rules adopted under Section 3 of this Act may authorize the presiding judge elected under Section 4 to appoint and remove, from time to time, presiding judges for courts assigned to any specified class of cases, such as civil, criminal, juvenile, and domestic relations cases. The presiding judge appointed under this section shall have the same authority under the rules adopted under Section 3 of this Act, with respect to such class of cases and with respect to the judges of the courts assigned to such class of cases, as is conferred under Section 4 of this Act on the presiding judge of all the courts in the county.

Jurisdiction

Sec. 6. Neither this Act nor any rule adopted under this Act may be construed to authorize any judge to act in a case of which his own court would not have potential jurisdiction under the constitution and laws of this State.

Art. 200c. Senior District Court Judges, Dallas County

System of Senior District Court Judges

Sec. 1. The purpose of this Act is to establish a system by which qualified judges will be made available to serve in cases in which the regularly elected judges are not available to sit or need assistance because of the case load. Under this Act a judge may be appointed as a senior criminal district court judge, a senior civil district court judge, or a senior family court judge.

Lists of Appointed Senior Judges

Sec. 2. The presiding judge of the First Administrative Judicial District shall establish and maintain:

(1) a list of retired and former judges of district courts appointed to serve as senior criminal district court judges in Dallas County;

(2) a list of retired and former judges of district courts appointed to serve as senior civil court judges in Dallas County; and

(3) a list of retired and former judges appointed to serve as family court judges in Dallas County.

Qualifications of Senior Judges

Sec. 3. (a) To be qualified for appointment to any of the lists established by Section 2 of this Act, an applicant must have served as the judge of a district court for 12 years, whether or not consecutive, exercising primarily criminal, civil, or family court jurisdiction and must have developed an expertise in criminal law, civil law, or family law. An applicant may be appointed only to the list applicable to his or her particular area of previous expertise.

(b) On request, an applicant may be appointed to one or more lists if the applicant meets the requirements established for each area of expertise.

(c) To be eligible for appointment, an applicant must not have been removed from office by impeachment, the supreme court, the governor on address by the legislature, or the State Commission on Judicial Conduct.

(d) To be eligible for appointment, an applicant must certify a willingness to serve and be not more than 65 years of age.

Appointment of Senior Judges

Sec. 4. (a) The appointment of senior district court judges under this Act shall be made by the presiding judge of the First Administrative Judicial District subject to confirmation by the senate.

(b) A senior district court judge appointed and confirmed under this Act may not, during the term of appointment, appear and plead as an attorney in any court in this state.

Reappointment of Senior Judges

Sec. 5. Once appointed in a particular list, a senior district court judge is subject every four years to reappointment by the appointing authority and to confirmation by the senate.

Compensation of Senior Judges

Sec. 6. (a) The compensation, salary, and expenses of a senior district court judge shall be paid in accordance with the laws of this state out of funds appropriated from the general revenue fund of Dallas County. Except as provided by Subsection (b) of this section, the compensation, salary, and expenses of a senior district court judge shall be equivalent to the highest compensation, salary, and expenses paid to any regular district court judge in the state, whether paid from county or state funds, or both with the provision that funds paid from the general revenue fund of the county must have commissioners court approval.

(b) A senior district court judge appointed under this Act who is a retiree of the Judicial Retirement System of Texas or the Texas County and District Retirement System is entitled to compensation, salary, and expenses from the general revenue fund of Dallas County in an amount equal to the amount computed under Subsection (a) of this section less the amount of any annuity the judge receives during the same period from either or both of the retirement systems.

Assignment of senior judges

Sec. 7. (a) Assignments made under this Act shall be made by the presiding judge of the First Administrative Judicial District.

(b) When a senior district court judge is assigned under this Act, it is the duty of the judge so assigned or reassigned to serve in that district court

unless, for good cause presented by him or her in writing to the presiding judge, the senior district court judge is relieved of the assignment by the presiding judge.

(c) Nothing in this Act prevents assignment of a senior district court judge to a county other than Dallas County, if the other county reimburses Dallas County for the compensation, salary, and expenses of the senior district court judge during the period of the assignment.

(d) A senior district court judge is entitled, during a period of assignment, to all per diem allowances paid by the state to judges sitting outside the county of their residence.

Assignment of Other Judges

Sec. 8. Nothing in this Act prevents the assignment of a judge other than a senior district court judge in an instance in which no senior district court judge is available to sit.

Retirement System Membership, Contributions, and Credit

Sec. 9. (a) A senior district court judge appointed under this Act who is a retiree of the Judicial Retirement System of Texas or the Texas County and District Retirement System is entitled to receive retirement benefits otherwise payable during the period an appointment is in effect but may not resume membership or receive credit in any of those retirement systems from which the judge has retired.

(b) A senior district court judge appointed under this Act who is not a retiree of the Judicial Retirement System of Texas retains or resumes membership and accrues service credit in that retirement system for each month the appointment is in effect.

(c) A senior district court judge appointed under this Act who is not a retiree of the Texas County and District Retirement System is subject to the conditions for membership in that retirement system during the period the appointment is in effect that are provided by Sections 52.201, 52.202, and 52.203, Title 110B, Revised Statutes. If a senior district court judge begins, retains, or resumes membership in the Texas County and District Retirement System, the judge accrues service credit in that retirement system for each month of membership in which the appointment is in effect.

(d) Before the 16th day of each month, the custodian of county funds of Dallas County shall pay or cause to be paid to the Judicial Retirement System of Texas at the system's office:

(1) a contribution deducted from the compensation of each senior district court judge at the rate required of other members of the retirement system for current service and based on the state salary paid to elected district judges during that period; and

(2) a contribution from the county general revenue fund for each senior district court judge at the effective rate of state contributions to the retirement system, determined by the Judicial Retirement System of Texas as a monthly percentage of the salary that would be paid by the state if the judge were an elected district judge that is based on the ratio of legislative appropriations to finance benefits payable from the system to the state salaries payable to contributing members of the system for the period.

(e) The custodian of county funds of Dallas County shall pay or cause to be paid to the Texas County and District Retirement System member and subdivision contributions based on the portion of compensation paid by the county under this Act that exceeds the amount computed under Subdivision (1) of Subsection (d) of this section for each senior district court judge who is a contributing member of the retirement system during the most recent payroll period. The contributions shall be paid in the manner provided by Sections 55.403 and 55.404, Title 110B, Revised Statutes.

(f) Retirement system contributions paid as provided by this section shall be deposited by the respective retirement systems in the funds of each retirement system in which similar contributions are deposited for other members of the retirement system.

Expenses

Sec. 10. When a senior district court judge is assigned under this Act to a court located in a county other than the county in which the assigned judge resides, the judge shall, in addition to all other compensation permitted or authorized by law, receive the actual expenses incurred in going to and returning from his or her assignment and the actual living expenses incurred while in the performance of his or her duties under assignment, which expenses shall be paid out of the general revenue fund of the county in which the senior district court judge actually sat.

Continuing Judicial Education

Sec. 11. A senior district court judge must be able to demonstrate yearly that he or she participated in the preceding 12 months in at least 10 days of continuing judicial education at a program sponsored by any state bar association, by the American Bar Association, or by any law school. Failure to meet this criterion is grounds for denying reappointment as a senior district court judge.

Construction of Act

Sec. 12. (a) This Act does not limit a senior criminal district court judge to sitting only in criminal cases, a senior civil district court judge to sitting only in civil cases, or a senior family court judge to sitting only in cases involving family law.

(b) Except as provided by Section 8 of this Act, this Act does not limit a retired or former judge from sitting as a visiting judge under any other Act enacted by the legislature.

1. TEXAS GENERAL ARBITRATION ACT

Part 1 of Title 10, Arbitration in General, consisting of articles 224 to 238, was revised and amended by Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, to read as it now appears in articles 224 to 238-6.

Sections 2 and 3 of the 1965 Act provided:

"Sec. 2. This Act does not affect the enforcement of arbitration agreements made before the effective date of this Act.

"Sec. 3. This Act takes effect on January 1, 1966."

Former arts. 224 to 238 were derived from Const. Art. 16, § 13 and Acts 1846, p. 127.

Art. 224. Validity of Arbitration Agreements

A written agreement to submit any existing controversy to arbitration or a provision in a written contract to submit to arbitration any controversy thereafter arising between the parties is valid, enforceable and irrevocable, save upon such grounds as exist at law or in equity for the revocation of any

contract. A court shall refuse to enforce an agreement or contract provision to submit a controversy to arbitration if the court finds it was unconscionable at the time the agreement or contract was made. Provided, however, that none of the provisions of this Act shall apply to:

(a) any collective bargaining agreement between an employer and a labor union;

(b) any contract for the acquisition by an individual person or persons (as distinguished from a corporation, trust, partnership, association, or other legal entity) of real or personal property, or services, or money or credit where the total consideration therefor to be paid or furnished by the individual is \$50,000 or less, unless said individual and the other party or parties agree in writing to submit to arbitration and such written agreement is signed by the parties to such agreement and their attorneys;

(c) any claim for personal injury except upon the advice of counsel to both parties as evidenced by a written agreement signed by counsel to both parties. A claim for workers' compensation shall not be submitted to arbitration under this Act.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966. Amended by Acts 1979, 66th Leg., p. 1708, ch. 704, § 1, eff. Aug. 27, 1979.]

Art. 224-1. Notice in Agreements

No agreement described in Article 224 shall be arbitrated unless notice that a contract is subject to arbitration under this Act is typed in underlined capital letters, or is rubber-stamped prominently, on the first page of the contract.

[Acts 1979, 66th Leg., p. 1708, ch. 704, § 2, eff. Aug. 27, 1979.]

Art. 225. Proceedings to Compel or Stay Arbitrations

Sec. A. On application of a party showing an agreement described in Article 224 of this Act, and the opposing party's refusal to arbitrate, the court shall order the parties to proceed with arbitration; but if the opposing party denies the existence of the agreement to arbitrate, the court shall proceed summarily to the determination of the issue so raised and shall order arbitration if found for the moving party; otherwise, the application shall be denied.

Sec. B. On application, the court may stay an arbitration proceeding commenced or threatened on a showing that there is no agreement to arbitrate. Such an issue, when in substantial and bona fide dispute, shall be forthwith and summarily tried and the stay ordered if found for the moving party. If found for the opposing party, the court shall order the parties to proceed to arbitration.

Sec. C. If an issue referable to arbitration under the alleged agreement is involved in an action or proceeding pending in a court having jurisdiction to hear applications under Section A of Article 234 of this Act, the application shall be made therein. Oth-

erwise and subject to Article 235 of this Act, the application may be made in any court of competent jurisdiction.

Sec. D. Any action or proceeding involving an issue subject to arbitration shall be stayed if an order for arbitration or an application therefor has been made under the provisions of this Article 225, or, if the issue is severable, the stay may be with respect thereto only. When the application is made in such action or proceeding, the order for arbitration shall include such stay.

Sec. E. An order for arbitration shall not be refused on the ground that the claim in issue lacks merit or bona fides or because any fault or grounds for the claim sought to be arbitrated have not been shown.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 226. Appointment of Arbitrators by Court

If the arbitration agreement provides a method of appointment of arbitrators, this method shall be followed. In the absence thereof, or if the agreed method fails or for any reason cannot be followed, or when an arbitrator appointed fails or is unable to act and his successor has not been duly appointed, the court on application of a party setting forth the nature of the issues to be arbitrated and the qualifications of the proposed arbitrators shall appoint one or more qualified arbitrators. An arbitrator so appointed has all the powers of one specifically named in the agreement.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 227. Majority Action by Arbitrators

The powers of the arbitrators may be exercised by a majority unless otherwise provided by the agreement or by this Act.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 228. Hearings before Arbitrators and Notices Thereof

Unless otherwise provided by the agreement:

Sec. A. The arbitrators shall appoint a time and place for the hearing and cause notification to the parties to be served personally or by registered or certified mail with return receipt requested not less than five days before the hearing. Appearance at the hearing waives such notice. The arbitrators may adjourn the hearing from time to time as necessary and, on request of a party and for good cause, or upon their own motion, may postpone the hearing to a time not later than the date fixed by the agreement for making the award unless the parties consent to a later date. The arbitrators may hear and determine the controversy upon the evidence produced notwithstanding the failure of a party duly notified to appear. The court on application may direct the arbitrators to proceed promptly

with the hearing and determination of the controversy.

Sec. B. The parties are entitled to be heard, to present evidence material to the controversy and to cross-examine witnesses appearing at the hearing.

Sec. C. The hearing shall be conducted by all the arbitrators but a majority may determine any question and render a final award. If, during the course of the hearing, an arbitrator for any reason ceases to act, the remaining arbitrator or arbitrators appointed to act as neutrals may continue with the hearing and determination of the controversy.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 229. Representation by Attorneys

A party has the right to be represented by an attorney at any proceeding or hearing under this Act. A waiver thereof prior to the proceeding or hearing is ineffective.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 230. Testimony at Hearings before Arbitrators by Witnesses; Subpoenas and Dispositions Therefor

Sec. A. The arbitrators shall have the power to administer oaths required of witnesses in a civil action pending in a district court and may cause same to be administered by any one of them, to each witness testifying before them.

Sec. B. The arbitrators may authorize a deposition to be taken of a witness who cannot be required by subpoena to appear before them or who is unable to attend the hearing, for use as evidence, or may authorize a deposition of an adverse witness for discovery or evidentiary purposes, such depositions to be taken in the manner provided by law for depositions in a civil action pending in a district court.

Sec. C. The arbitrators may issue or cause to be issued by any one of them, subpoenas for the attendance of witnesses and for the production of books, records, documents, and other evidence; the appearance of the witness required by such a subpoena may be either at the hearing before the arbitrators or at the deposition of the witness. Subpoenas so issued shall be served in the manner provided by law for the service of subpoenas issued in a civil action pending in a district court. All provisions of law requiring a witness under subpoena to appear, to produce and to testify, pursuant to a subpoena issued in such a civil action, shall apply to subpoenas issued under this Article.

Sec. D. Fees for witnesses attending any hearing before arbitrators or any deposition pursuant to the provisions of this Article, shall be the same as for a witness in a civil action in a district court.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 231. Awards by Arbitrators

Sec. A. The award shall be in writing and signed by the arbitrators joining in the award. The arbitrators shall deliver a copy to each party personally or by registered or certified mail, or as provided in the agreement.

Sec. B. An award shall be made within the time fixed therefor by the agreement or, if not so fixed, within such time as the court orders on application of a party. The parties may extend the time in writing either before or after the expiration thereof. A party waives the objection that an award was not made within the time required unless he notifies the arbitrators of his objection prior to the delivery of the award to him.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 232. Changes of Awards by Arbitrators

On application of a party or, if an application to the court is pending under Articles 236, 237 and 238, on submission to the arbitrators by the court under such conditions as the court may order, the arbitrators may modify or correct the award upon the grounds stated in Section A of Article 238, or for the purpose of clarifying the award. The application shall be made within twenty days after delivery of the award to the applicant. Written notice thereof shall be given forthwith to the opposing party, stating that he must serve his objections thereto, if any, within ten days from the notice. The award so modified or corrected is subject to the provisions of Articles 236, 237 and 238.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 233. Fees and Expenses of Arbitrations as Awarded by Arbitrators

Unless otherwise provided in the agreement to arbitrate, the arbitrators' expenses and fees, together with other expenses incurred in the conduct of the arbitration, shall be paid as provided in the award. Attorneys fees shall be awarded by the arbitrators as additional sums required to be paid under the award only if provided for in the agreement to arbitrate or provided by law as to any recovery in a civil action in the district court on such a cause of action on which the award in whole or in part is based.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 234. Courts with Jurisdiction in Arbitration Proceedings

Sec. A. The term "court" as used in this Act shall mean and include any court of this State of competent jurisdiction as to the parties, the subject matter, and the amount in controversy. Such a court shall have jurisdiction to hear and determine applications as provided in Article 235.

Sec. B. The making of an agreement described in Article 224 and to which that Article is applicable (but this expressly shall not be the effect of the making of an agreement to which that Article is made inapplicable by the last sentence thereof), which provides for or authorizes an arbitration in this State, confers jurisdiction on the court to enforce the agreement under this Act and to enter judgment on an award thereunder.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 235. Applications to Courts and the Effect Thereof; Court Proceedings on Applications to Courts; Venue Thereof; Stay of Proceedings in Another Court Pursuant to a Later Application; What the Court may Require that an Application Contain; When Applications may be Filed in Advance of or Pending or at or after the Conclusion of Arbitration Proceedings; Acquisition of Jurisdiction over Adverse Parties by Service of Process or in Rem by Ancillary Proceedings; Court Relief in Aid of Pending or Prospective Arbitration Proceedings or the Enforcement of Court Orders or Decrees or Satisfaction of Court Judgments; Court Hearings on Applications

Sec. A. The jurisdiction of a court may be invoked by the filing with the clerk of that court of an application for the entry by the court of a judgment or decree or order provided for by the terms of this Act. Upon the filing of the initial application and the payment to the clerk of the fees of court required to be paid on the filing of a civil action in the court, the clerk shall docket the proceedings as a civil action pending in that court.

Sec. B. The filing of the initial application shall be with the clerk of the court of that county in Texas in which (if it does so provide) the arbitration agreement shall provide that the hearing before the arbitrators shall be held; or if the hearing has been held, in the county in which it was held. Otherwise, the initial application shall be filed in the county in which the adverse party resides (or one of them if there are two or more adverse parties) or has a place of business; or if no adverse party has a residence or place of business in this State, in any county. The initial application filed with the clerk of a court having jurisdiction but in a county other than as provided for in this Section, shall be transferred to a court of the county provided for in this Section by an order comparable to an order sustaining a plea of privilege to be sued in a civil action in a district court of a county other than the county in which an action is filed; provided that such order of transfer shall be entered only if applied for by a party adverse to the applicant who files the initial application, within twenty days of the service of

process on such adverse party and in advance of any other appearance in the court of that adverse party other than one challenging the jurisdiction of the court.

Sec. C. An initial application having been so filed, the court having jurisdiction thus invoked, may by order or orders stay proceedings pursuant to any application later filed seeking to invoke the jurisdiction of any other court or the entry of a judgment or decree or order provided for by the terms of this Act; or may stay any civil action or other proceeding later instituted; provided, however, that any such stay of proceedings in any civil action or other proceeding or pursuant to an application later filed in any other court shall be limited to and affect only an issue subject to arbitration under the arbitration agreement pursuant to the terms of which the initial application was so filed.

Sec. D. As provided in Section C of Article 225, the initial application and all subsequent applications to the court relating to arbitration of an issue subject to arbitration under an arbitration agreement shall be filed in a civil action or proceeding pending in a court having jurisdiction to hear applications under the provisions of Section A of Article 234 if the civil action or proceeding is pending before the filing of the initial application as otherwise provided by Section A of Article 235.

Sec. E. The court may require that an application filed under this Act for entry by it of any judgment or decree or order shall show the jurisdiction of the court, shall have attached to it a copy of the arbitration agreement, shall define the issue or issues subject to arbitration between the parties under the arbitration agreement, shall specify the status of the proceedings before arbitrators and show the need for the entry of the judgment, decree or order by the court sought by the applicant. No application shall be deemed inadequate because of the absence of any of these requirements unless the court shall, in its discretion, first require that the application as filed be amended to meet the requirements of the court and a period of ten days is granted to the applicant to permit him to comply.

Sec. F. An application for entry by the court of a judgment or decree or order provided for by the terms of this Act may be filed in advance of the institution of any arbitration proceedings but in aid thereof, or during the pendency of any arbitration proceeding before the arbitrators or, subject to the provisions of subsequent Articles of this Act, at or after the conclusion thereof.

Sec. G. In advance of the institution of any arbitration proceedings, but in aid thereof, an application may be filed for order or orders to be entered by the court, including but not limited to applications: (i) invoking the jurisdiction of the court over the adverse party and for effecting same by service of process on him in advance of the institution of arbitration proceedings (it not being required to be shown in this connection that the adverse party is

about to, or may, absent himself from the state if jurisdiction over him is not effected by service of process on him before the institution of arbitration proceedings); or (ii) invoking the jurisdiction of the court over the controversy in rem, by attachment, garnishment, sequestration, or any other ancillary proceeding in the manner by which, and on complying with the conditions under which, such proceedings may be instituted and conducted ancillary to a civil action in a district court; or (iii) seeking to restrain or enjoin the destruction of the subject matter of the controversy or any essential part thereof, or the destruction or alteration of books, records, documents, or evidence needed for the arbitration proceeding, or seeking from the court in its discretion, order for deposition or depositions needed in advance of the commencement of the arbitration proceedings for discovery, for perpetuation of testimony or for evidence; or (iv) seeking the appointment of arbitrator or arbitrators so that proceedings before them under the arbitration agreement may proceed; or (v) seeking any other relief, which the court can grant in its discretion, needed to permit the orderly arbitration proceedings to be instituted and conducted and to prevent any improper interference or delay thereof.

Sec. H. During the pendency of any arbitration proceedings before the arbitrators, an application may be filed for order or orders to be entered by the court, including but not limited to applications: (i) referred to or to serve any purpose referred to in Section G of this Article; or (ii) to require compliance by any adverse party or any witness with order or orders made by arbitrators during the arbitration proceedings, pursuant to provisions of this Act; or (iii) to require the issuance and service under orders of the court rather than orders made by the arbitrators, of subpoenas, notices or other court processes in aid of the arbitration proceedings before the arbitrators; or in any ancillary proceedings in rem by attachment, garnishment, sequestration or otherwise, in the manner of and on complying with the conditions under which such ancillary proceedings may be instituted and conducted ancillary to a civil action in a district court; or (iv) to seek to effect or maintain security for the satisfaction of any court judgment that may be later entered pursuant to the provisions of an award. During the pendency of the arbitration proceedings or at or after their conclusion, an application may be filed to seek any of the above mentioned relief or otherwise aid in the enforcement of any court judgment or decree or order entered pursuant to the provisions of this Act; or for relief as provided in Articles 236, 237 and 238.

Sec. I. On filing of any initial application herein authorized, the clerk of the court shall issue process for service upon each adverse party named therein, attaching a copy of the application to each, and appropriate officials authorized so to do may proceed to effect service of such process on each adverse party, the form and substance of the process

and service and the return of service, insofar as applicable, being the form provided for as to process and service on a defendant in a civil action in a district court.

Sec. J. Upon the filing of any application other than the initial application, if the jurisdiction over the adverse party has been established by service of process on him or in rem upon the initial application (though, if not, then on such subsequent application there shall be a service of process as provided for in Section I of this Article), each subsequent application with reference to the same arbitration proceedings or prospective proceedings under the same arbitration agreement and relating to the same controversy or controversies, shall be treated for the purposes of notice to each adverse party, as if a motion filed in a pending civil action in a district court. Every such subsequent application to the court for any relief and every initial application shall be heard by the court in the manner and pursuant to the notice provided by law or rule of court as to the making and hearing of such a motion.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 236. Confirmation of an Award

Upon application of a party, the court shall confirm an award, unless within the time limits hereinafter imposed grounds are urged for vacating or modifying or correcting the award, in which case the court shall proceed as provided in Articles 237 and 238 of this Act.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 237. Vacating an Award

Sec. A. Upon application of a party, the court shall vacate an award where:

(1) The award was procured by corruption, fraud or other undue means;

(2) There was evident partiality by an arbitrator appointed as a neutral or corruption in any of the arbitrators or misconduct or wilful misbehavior of any of the arbitrators prejudicing the rights of any party;

(3) The arbitrators exceeded their powers;

(4) The arbitrators refused to postpone the hearing upon sufficient cause being shown therefor or refused to hear evidence material to the controversy or otherwise so conducted the hearing, contrary to the provisions of Article 228, as to prejudice substantially the rights of a party; or

(5) There was no arbitration agreement and the issue was not adversely determined in proceedings under Article 225 and the party did not participate in the arbitration hearing without raising the objection; but the fact that the relief was such that it could not or would not be granted by a court of law

or equity is not ground for vacating or refusing to confirm the award.

Sec. B. An application under this Article shall be made within ninety days after delivery of a copy of the award to the applicant, except that, if predicated upon corruption, fraud or other undue means, it shall be made within ninety days after such grounds are known or should have been known.

Sec. C. In vacating the award on grounds other than stated in paragraph 5 of Section A of this Article, the court may order a rehearing before new arbitrators chosen as provided in the agreement, or in the absence thereof, by the court in accordance with the provisions of Article 226; or, if the award is vacated on grounds set forth in paragraphs 3 and 4 of Section A of this Article, the court may order a rehearing before the arbitrators who made the award or their successors appointed in accordance with the provisions of Article 226. The time within which the agreement requires the award to be made is applicable to the rehearing and commences from the date of the order.

Sec. D. If the application to vacate is denied and no motion to modify or correct the award is pending, the court shall confirm the award.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238. Modification or Correction of Award

Sec. A. Upon application made within ninety days after delivery of a copy of the award to the applicant, the court shall modify or correct the award where:

- (1) There was an evident miscalculation of figures or an evident mistake in the description of any person, thing, or property referred to in the award;
- (2) The arbitrators have awarded upon a matter not submitted to them and the award may be corrected without affecting the merits of the decision upon the issues submitted; or
- (3) The award is imperfect in a matter of form, not affecting the merits of the controversy.

Sec. B. If the application is granted, the court shall modify and correct the award so as to effect its intent and shall confirm the award as so modified and corrected. Otherwise, the court shall confirm the award as made.

Sec. C. An application to modify or correct an award may be joined in the alternative with an application to vacate the award.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-1. Judgment or Decree Upon an Award; The Enforcement Thereof

Upon the granting of an order confirming, modifying or correcting an award, judgment or decree shall be entered in conformity therewith and be enforced as any other judgment or decree. Costs of

the application and of the proceedings subsequent thereto, and disbursements may be awarded by the court.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-2. Appeals

Sec. A. An appeal may be taken from:

- (1) An order denying an application to compel arbitration made under Section A of Article 225;
- (2) An order granting an application to stay arbitration made under Section B of Article 225;
- (3) An order confirming or denying confirmation of an award;
- (4) An order modifying or correcting an award;
- (5) An order vacating an award without directing a rehearing; or
- (6) A judgment or decree entered pursuant to the provisions of this Act.

Sec. B. The appeal shall be taken in the manner and to the same extent as from orders or judgments in a civil action.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-3. Act Not Retroactive

The Act applies only to agreements made subsequent to the taking effect of this Act.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-4. Uniformity of Interpretation

This Act shall be so construed as to effectuate its general purpose and make uniform the construction of those articles and sections that are enacted into the law of arbitration proceedings of other states.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-5. Severability

If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-6. Name of this Act; Definition of Term "This Act"; Effect of Division into Articles, Sections, and Paragraphs and of Captions of Articles

The name of this Act is "Texas General Arbitration Act." The term "this act" as used therein shall mean and refer to Article 224 through this Article 238-6, inclusive. This Act is divided into articles with a caption for each, with a number assigned to

each article, certain of the articles are divided into sections with a capital letter assigned to each section and certain of the sections are subdivided into paragraphs with a parenthetical number assigned to each such paragraph. These subdivisions of this Act however are for purposes of convenience only and in order that there may be references in one provision of the Act to other provision or provisions of the Act more readily; neither any such subdivision of the Act nor any caption for any article however shall be any aid to or given any effect in connection with any construction of the Act or any part thereof.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Whenever any grievance or dispute of any nature, growing out of the relation of employer and employes, shall arise or exist between employer and employes, it shall be lawful, upon mutual consent of

2. That the award shall be filed in the office of the clerk of the district court of the county in which said arbitration is held, and shall be final and conclusive upon both parties, unless set aside for error of law, apparent on the record.

3. That the respective parties to the award will each faithfully execute the same, and that the same may be specifically enforced in equity so far as the powers of a court of equity permit.

[Acts 1925, S.B. 84.]

Art. 245. Adjudication Terminates Powers

When said board shall have rendered its adjudication and determination, its powers shall cease, unless there may be at the time in existence other similar grievances or disputes between the same class of persons mentioned in the first article of this subdivision, and in such case such persons may submit their differences to said board, which shall have power to act and adjudicate and determine the same as fully as if said board were originally created for the settlement of such difference or differences.

[Acts 1925, S.B. 84.]

All subpoenas shall be signed by the secretary of the board and may be served by any person of full age authorized by the board to serve the same. And the fees and mileage of witnesses and the per diem and traveling expenses of said arbitrators shall be taxed as costs against either or all of the parties to said arbitration, as the board of arbitrators may deem just, and shall constitute part of their award; and each of the parties to said arbitration shall, before

the arbitrators proceed to consider the matters submitted to them, give a bond, with two or more good and sufficient sureties, in an amount to be fixed by the board of arbitration, conditioned for the payment of all expenses connected with the said arbitration.

- 249a. Regulation of Practice of Architecture.
- 249b. Temporary Provisions.
- 249c. Regulation of Practice of Landscape Architecture.
- 249d. Construction Contracts; Indemnification of Architects or Engineers; Covenants.

Art. 249a. Regulation of Practice of Architecture

Architects to Register

Sec. 1. In order to safeguard life, health, and property, and the public welfare, and in order to protect the public against the irresponsible practice of the profession of architecture by properly defining and regulating the practice of architecture, no person shall practice architecture, as herein defined, within this State, after ninety (90) days after the appointment and qualification of the members of the Board of Architectural Examiners hereinafter created, unless he be a registered architect, as provided by this Act.

Board of Architectural Examiners Created; Qualifications; Term of Office; Vacancies

Sec. 2. There is hereby created a Board of Architectural Examiners to be known as the Texas Board of Architectural Examiners, and such Board shall consist of four (4) reputable practicing architects who have resided in the State of Texas and have been actively engaged in the practice of architecture for five (5) years next preceding their appointment, two (2) members who are licensed landscape architects under the laws of this State, and three (3) members of the general public who are not registered architects or licensed landscape architects and who do not have, other than as consumers, financial interests in the practice of architecture or landscape architecture. Members of the Board are appointed by the Governor of this State. Members hold office for staggered terms of six years. The terms of office of the appointees who fill the offices of incumbent members whose terms expire June 21, 1981, 1983, and 1985, shall expire January 31, 1987, 1989, and 1991, respectively. All succeeding members shall serve until January 31 of odd-numbered years. All vacancies occurring in the membership of said Board shall be filled by appointment by the Governor of this State for the unexpired term of such membership. All appointments to said Board shall be subject to confirmation by the Texas Senate.

Not more than one (1) member of said Board shall be a stockholder or owner of any interest in, nor be a member of the faculty, or board of trustees, or

other governing board of, nor be an officer of, any school or college which teaches architecture or landscape architecture.

A member of said Board shall not be disqualified for, nor prohibited from, performing any work or rendering any service on any State, county, municipal, or other public building or work for a fee or other direct compensation because of membership on said Board.

Appointments to the Board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

Failure of a Board member to attend at least one-half of the regularly scheduled meetings held each year automatically removes the member and creates a vacancy on the Board.

A member or employee of the Board may not be an officer, employee, or paid consultant of a professional society in the architecture and landscape architecture professions.

A member or employee of the Board may not be related within the second degree by affinity or within the second degree by consanguinity to a person who is an officer, employee, or paid consultant of a professional society in the regulated profession.

If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the Board receives the committees' statements. The Board shall adopt a seal, which shall be used on official documents. The design of the seal shall be similar to the seal of other departments of the State, in that it shall contain the five-pointed star with a circular border, and within the border shall contain the words, "Texas Board of Architectural Examiners".

(c). The secretary-treasurer of the Board shall keep a correct record of all the proceedings of the Board and of all moneys received or expended by the Board, which record shall be open to public inspection at all reasonable times. The records shall reflect all renewals or refusals of certificates of registration; and they shall also contain the name, known place of residence, and the date and serial number of the registration certificate of every registered architect entitled to practice his or her profession in this State, and a record of all renewals of such certificates.

(d). The Board shall cause the prosecution of all persons violating any of the provisions of this Act, and may incur the expense reasonably necessary in that behalf.

**Fees; Architects Registration Fund; Office;
Employees; Compensation**

Sec. 4(a). All fees collected or money derived under the provisions of this Act shall be received and accounted for by the secretary-treasurer. All of these funds which are received shall be paid weekly to the State Treasurer, who shall keep this

money in a separate fund to be known as the Architects Registration Fund. This fund shall be paid out only by warrants of the State Comptroller, upon itemized vouchers, approved by the chairman or acting chairman and attested by the secretary-treasurer of the Board. Disbursements shall not in any way be a charge upon the General Revenue Fund of this State.

(b). To aid the Board in performing its duties, the Board shall maintain an office in Austin, Travis County, Texas. The Board may employ an executive director to conduct the affairs of the Board under the Board's direction. The executive director shall receive a salary which the Board shall determine. The Board shall employ clerical help and assistants as are necessary for the proper performance of its work and may make expenditures for this purpose. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not serve as a member of the Board or act as the general counsel to the Board.

(c). Each member of the Board shall receive as compensation the sum of Twenty-Five Dollars (\$25.00) per day for each day he is actually engaged in the duties of his office, including time spent in necessary travel, together with all legitimate expenses incurred in the performance of his duties. All per diem and expenses incurred under this Act shall be paid from the Architects Registration Fund as provided in this Act.

**Quorum; Meetings; Rules and Regulations;
Enforcement; Complaints**

Sec. 5(a). A majority of the membership of the Board shall constitute a quorum. Regular meetings of the Board shall be held at such times as the Board may fix and determine. Special meetings of the Board shall be called by the chairman, or in his absence from the State, or inability to act, by the vice-chairman of the Board.

(b). In addition to the powers and duties granted to the Board by other provisions of this Act, the Board may make all rules consistent with the laws and constitution of this State which are reasonably necessary for the proper performance of its duties, the regulation of the practice of architecture and the examination and registration of applicants to practice architecture in this State, and the enforcement of this Act.

(c). The Texas Board of Architectural Examiners is hereby empowered and authorized to enforce such rules and regulations, the provisions of this Act, and the statutes of this state pertaining to the practice of architecture, by applying to a court of competent jurisdiction in the county of the residence of the defendant or the county where the violation occurred for relief by injunction, restraining order, or such other relief as may be available from such court, in order to enjoin or restrain a person, firm,

corporation, partnership or any other group or combination of persons from the commission of any act which is contrary to or in violation of such rules, regulations or statutes. The Board has the right to institute these actions in its own name. The remedy provided by this section shall be in addition to any other remedy provided by law. The Board may be represented by the Attorney General, the District Attorney, or the County Attorney, and by other counsel when necessary.

(d). The Board may not promulgate rules restricting competitive bidding or advertising by licensees except to prohibit false, misleading, or deceptive practices.

(e). The Board shall keep an information file about each complaint filed with the Board relating to a licensee. If a written complaint is filed with the Board relating to a licensee, the Board, at least as frequently as quarterly, shall notify the complainant of the status of the complaint until the complaint is finally disposed of.

Meetings; Examinations; Fee; Certificate

Sec. 6(a). It shall be the duty of the Texas Board of Architectural Examiners to hold meetings at least twice each year at such times and places as the Board may determine for the purpose of transacting its business and to examine all applicants for license to practice architecture in this State on any subjects and procedures pertaining to architecture which the Board in its discretion may require.

Text of (b) as amended by Acts 1983, 68th Leg., p. 358, ch. 81, § 4(a)

(b). Each person applying for examination shall pay to the Board a uniform fee to be fixed by the Board, but which shall not exceed Three Hundred Dollars (\$300.00). The Board shall report to each applicant within a reasonable time after the examination whether or not the applicant passed or failed the examination. An applicant who has passed the examination shall be granted a certificate to practice architecture in this State. The original certificate herein provided for shall be valid for the balance of the current registration year and must be renewed each year thereafter in the manner and time provided by law.

Text of (b) as amended by Acts 1983, 68th Leg., p. 4518, ch. 737, § 1

(b). Each person applying for examination shall pay to the Board a uniform fee prescribed by the Board in an amount that is reasonable and necessary to defray the cost of administering the examination. The Board shall report to each applicant within a reasonable time after the examination whether or not the applicant passed or failed the examination. An applicant who has passed the examination shall be granted a certificate to practice architecture in this State. The original certificate herein provided for shall be valid for the balance of the current registration year and must be renewed

each year thereafter in the manner and time provided by law.

(c). A person shall be notified of the results of an examination taken by the person within 30 days after the testing date. However, if an examination given under this Act is graded or reviewed by a national testing service, the Board shall notify examinees of the results of the examination within two weeks after the Board's receipt of the results from the national testing service. In no event shall more than 90 days elapse between the testing date and notification of the results unless the Board notifies the examinees of the reason for the delay in notification. The Board shall send to the person not later than the 30th day after the day on which the request is received by the Board an analysis of the person's performance on the examination.

Qualifications of Applicants for Registration

Sec. 7(a). An applicant for examination for registration as an architect in this State shall present a diploma from and be a graduate of a recognized university or college of architecture approved by the Board and shall also present evidence acceptable to the Board of such applicant's having had satisfactory experience in architecture, in the office or offices of one or more legally practicing architects, as prescribed in the rules and regulations adopted by the Board.

(b). Repealed by Acts 1973, 63rd Leg., p. 806, ch. 361, § 11, eff. June 12, 1973.

(c). The Board shall accept for examination, an applicant, although not a graduate as above required, who possesses all of the other qualifications and furnishes evidence acceptable to the Board of his having completed not less than eight years' satisfactory experience in architecture in the office or offices of one or more legally practicing architects, or any combination of architectural schooling and experience totaling eight years; provided, however, in accordance with its rules and regulations, the Board may permit such applicant to take the qualifying test for the examination after five years of such experience.

Licensees from Other States or Countries; Fees

Sec. 8(a). The Texas Board of Architectural Examiners may, in its discretion in each instance, grant a certificate to practice architecture in this State to an architect who possesses a valid and current certificate or license to practice architecture in another State or territory of the United States of America or of another country, where the requirements and qualifications of such other jurisdiction were equal to or the equivalent of the requirements of the Texas Board of Architectural Examiners at the time of the granting of the certificate or license to practice architecture in the other jurisdiction. An applicant for a certificate under this section shall possess all of the other qualifications prescribed in this Act for other applicants and shall

make application in the same manner and form as any other applicant; and such applicant shall furnish the Board such documents and other evidence concerning his application and qualifications as will substantiate his qualifications.

(b). All applications under this Section shall be accompanied by a fee of One Hundred Dollars (\$100.00) payable to the Texas Board of Architectural Examiners for the processing and investigating of the application so filed and for the issuance of the certificate herein provided for. The provisions of this section shall apply only where the laws, legal requirements and regulations of such other jurisdiction extend like or similar privileges to practice architecture in such other jurisdiction to registered architects of this State.

Seal; Restricted Use; Penalty

Sec. 9. Every registered architect shall obtain and keep a seal, such as is authorized, prescribed, and approved by the Texas Board of Architectural Examiners, with which he or she shall stamp or impress all drawings or specifications issued from his or her office for use in this State. The design of the seal shall be the same as that to be used by the Texas Board of Architectural Examiners, except that it shall bear the words "Registered Architect, State of Texas" instead of "Texas Board of Architectural Examiners." No person, firm, partnership, corporation or any other group or combination of persons shall use or attempt to use such prescribed seal, or any similar seal, or replica thereof unless the use is by and through an architect duly registered under the provisions of this Act. No architect duly registered under this Act shall authorize or permit the use of his seal by any unregistered person, firm, corporation, partnership or any other group or combination of persons without his personal supervision, and a violation hereof shall be grounds for cancellation of the registration certificate of any such offending architect.

Practice of Architecture Defined; Exceptions

Sec. 10(a). "Practice of Architecture" shall mean any service or creative work, either public or private, applying the art and science of developing design concepts, planning for functional relationships and intended uses, and establishing the form, appearance, aesthetics, and construction details, for any building or buildings, or environs, to be constructed, enlarged or altered, the proper application of which requires architectural education, training and experience. "Practice architecture" or "practicing architecture" shall mean performing or doing, or offering or attempting to do or perform any service, work, act or thing within the scope of the practice of architecture.

(b). Notwithstanding any other provision of this Act or any rule or regulation of the Board of Architectural Examiners, it is the intent of this Act to acknowledge the necessity of professional interrelations and cooperation between the professions

for the benefit of the public and to achieve the highest standards in design, planning, and building. Therefore, nothing in this Act or any such rule or regulation, heretofore or hereafter adopted, shall be construed or given effect in any manner whatsoever so as to prevent, limit or restrict any professional engineer licensed under the laws of this State from performing any act, service or work within the definition of the practice of professional engineering as defined by the Texas Engineering Practice Act.¹

(c). Nothing in this Act shall be construed as curtailing draftsmen, clerks of the works, superintendents and other employees of registered architects or engineers, under provisions of this Act from acting under the instructions, control or supervision of such architect or engineer employers.

(d). Nothing in this Act may be construed as curtailing any regular full time employee of a privately owned public utility or cooperative utility and/or affiliates who is engaged solely and exclusively in performing services for such utility and/or its affiliates. This exemption includes the use of job titles and personnel classifications by such persons not in connection with any offer of architectural services to the public, providing that no name, title, or words are used which tend to convey the impression that an unlicensed person is offering architectural services to the public.

(e). Nothing in this Act shall be construed to prohibit the use of the title "Landscape Architect" by qualified persons or to limit the practice of landscape architecture.

(f). Nothing in this Act shall be construed to prohibit the use of the title "Interior Designer" or "Interior Decorator" by qualified persons or to limit the practice of interior designing or interior decorating.

(g). Nothing in this Act shall prevent registered professional engineers licensed under the laws of this State from planning and supervising work, such as railroad, hydroelectric work, industrial plants, or other construction primarily intended for engineering use or structures incidental thereto, nor prevent said engineers from planning, designing, or supervising the mechanical, electrical, or structural features of any building.

(h). A firm, partnership, association or corporation, including firms, partnerships, corporations and joint stock associations carrying on the practice of engineering under Section 17 of the Texas Engineering Practice Act, may engage in the practice of architecture and may hold itself out to the public as offering architectural services, provided that the actual practice of architecture on behalf of such firms, partnerships or corporations is carried on, conducted and performed only by architects registered, and licensed in this State.

(i). No firm, partnership, association, or corporation may engage in the practice of architecture, or hold itself out to the public as being engaged in the

practice of architecture or use the word "architect" or "architecture" in its name in any manner unless all architectural services are rendered by and through persons to whom registration certificates have been duly issued, and which certificates are in full force and effect.

¹ Article 3271a.

Revocation or Cancellation of Certificates

Sec. 11. Registration certificates of architects issued in accordance with this Act shall remain in full force and effect until expiration date unless revoked or suspended for cause as herein provided. The registration certificate and right of any person to practice architecture in this State may be revoked and cancelled by the Texas Board of Architectural Examiners after due notice and hearing and upon the proof of the violation of the law in any respect in regard thereto, or for any cause for which the Texas Board of Architectural Examiners is authorized to refuse to grant registration certificates, or for proof of gross incompetency, or for recklessness in the construction of buildings on the part of the architect designing, planning, or supervising the construction or alteration of same, or for dishonest practice on the part of the holder of such registration certificate. The action of the Board in revoking and cancelling such registration certificate may be appealed to a District Court in the County of residence of the aggrieved party, and such appeal shall be trial de novo as in cases from the justice court to the county court.

Annual Registration and Fee; Certificate of Renewal; Failure to Renew; Suspension and Revocation

Sec. 12. All certificates of registration shall expire annually on a date set by the Board as part of a staggered renewal system and shall become invalid on that date unless renewed. It shall be the duty of the secretary-treasurer of the Board to notify every person registered under this Act of the date of expiration of his certificate and the amount of the fee that shall be required for its renewal for one (1) year. The notice shall be mailed at least one (1) month in advance of the date of the expiration of said certificate. Renewal may be effected by the payment of a fee to be set by the Board, but not to exceed Fifty Dollars (\$50.00) for residents nor One Hundred Dollars (\$100.00) for nonresidents. Upon receipt of the required fee within the time and in the manner prescribed by the Board the designated officer or employee of the Board shall issue to the registered architect a certificate of renewal of his registration certificate for the term of one (1) year. Failure to renew a certificate of registration by the expiration date established by the Board shall result in an increase of the renewal fee by Twenty Dollars (\$20.00). If failure to renew shall continue for more than ninety (90) days after the date of expiration of the certificate of registration, such certificate to practice architecture in this State may be revoked and an entry of such revocation made in the official records of the Board; and thereafter the applicant

may be required in the discretion of the Board in each case to take and satisfactorily pass such examination as may be prescribed by the Board, and if the applicant passes such examination successfully the fee to be paid upon the renewal of the registration certificate shall be, in such case, the sum not to exceed One Hundred Dollars (\$100.00) as set by the Board. A registered architect, as herein defined, who is on active duty as a member of the Armed Forces of the United States of America subsequent to October 1, 1940, and who was at the time of his entry into said service or is now in good standing as a registered architect in this State, shall have his name continued on the list of registered architects and shall be exempt from the payment of any further fee during his service, as aforesaid, and until separated from the service; and when his active duty status ceases and he is separated from the service, he shall be exempt from payment of such fee for the then current fiscal year.

Expiration Dates of Registration; Proration of Fees

Sec. 12A. The board by rule shall adopt a system under which registrations expire on various dates during the year. The date for mailing notice of suspension and the period for reinstatement shall be adjusted accordingly. For the year in which the expiration date is changed, registration fees payable on September 30 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total registration fee is payable.

Contracts to Contain Certain Information; Public Information Program; Complaint Form

Sec. 12B. (a) In each written contract in which a licensee under this Act agrees to perform architectural services in this state, the licensee shall include the mailing address and telephone number of the board and a statement that the board has jurisdiction over individuals licensed under this Act.

(b) The board shall establish a public information program for the purpose of informing the public about the practice and regulation of architectural services in this state. As part of the program, the board shall prescribe and distribute in a manner that it considers appropriate a standard complaint form and shall make available to the general public and other appropriate state agencies the information compiled as part of the program. The program shall include information to inform prospective applicants for licensing under this Act about the qualifications and requirements for licensing.

Annual Financial Report by Board; Biennial Audit

Sec. 12C. (a) Before September 1 of each year, the board shall file a written report with the legislature and the governor in which the board accounts for all funds received and disbursed by the board during the preceding year.

(b) The state auditor shall audit the financial transactions of the board during each fiscal biennium.

Penalty

Sec. 13. If any person or firm shall, for a fee or other direct compensation, pursue the practice of the profession of architecture in this State as herein defined, or shall engage in this State in the profession or business of planning, designing, or supervising the construction of buildings to be erected or altered by or for other persons than himself, herself, or themselves, and shall advertise, or put out any sign, card, or drawings in this State designating himself, herself, or themselves as an architect, architectural designer, or other title of profession or business using some form of the word "Architect" without first having complied with the provisions of this Act, such person, or the members of such firm, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than Twenty-five Dollars (\$25.00) and not more than Two Hundred Dollars (\$200.00) for each offense; and each and every day of violation of this Act as above set forth shall constitute a separate offense.

Exceptions from Act

Sec. 14. This Act shall not apply:

1. To the practice of architecture solely as an officer or employee of the United States, but persons so engaged or employed shall not engage in the private practice of architecture in this State without first having a registration certificate as herein provided;

2. taken effect, the rule is repealed effective on the date the board receives the committees' statements.

Text of (a) as amended by Acts 1983, 68th Leg., p. 1098, ch. 247, § 1

(a) From and after the effective date of this Act, no person shall represent himself as a landscape architect, as defined herein, unless such person has previously qualified to be licensed under this Act or satisfactorily passes the examination as may be prescribed by the board to be licensed as provided herein. The following persons shall be qualified for registration and receive a license: any person who is over the age of 18 years and having or holding a degree from a school whose study of landscape architecture is approved by the board, or shall have had not less than seven years' actual experience in the office of a licensed landscape architect, may apply for examination. The application must be accompanied by a registration fee set by the board in an amount that is reasonable and necessary to defray administrative costs. (b) A person shall be notified of the results of an examination taken by the person within 30 days after the testing date. However, if an examination

given under this Act is graded or reviewed by a national testing service, the board shall notify examinees of the results of the examination within two weeks after the board's receipt of the results from the national testing service. In no event shall more than 90 days elapse between the testing date and notification of the results unless the board notifies the examinees of the reason for the delay in notification. If requested in writing by a person who fails the examination, the board shall send to the person not later than the 30th day after the day on which the request is received by the board an analysis of the person's performance on the examination.

¹ So in enrolled bill.

Reciprocal Provisions

Sec. 6. The board shall certify for registration without examination an applicant who is legally registered as a landscape architect in any state or country whose requirements for registration are at least substantially equivalent to the requirements of this state. Such application shall be accompanied by a fee to be determined by the board.

Certificates of Registration

Sec. 7. All certificates of registration shall expire each year on the day set by the board as part of a staggered renewal system and shall become invalid on that date unless renewed. It shall be the duty of the secretary-treasurer of the board to notify every person registered under this Act of that date of expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be effected by payment of the fee as prescribed and set by the board. Upon receipt of the required fee within the time and in the manner prescribed by the board, the designated officer or employee of the board shall issue to the licensed landscape architect a certificate of renewal of his registration certificate for the term of one year. Failure to renew a certificate of registration by the expiration date established by the board shall result in an increase of the renewal fee by \$20. If failure to renew shall continue for more than 90 days after the date of expiration of the certificate of registration, the certificate may be revoked after notice and hearing as provided by this Act and an entry of the revocation made in the official records of the board. An applicant whose certificate is revoked under this section must pass an examination as prescribed by the board. The board shall set the fee for the renewal of the registration certificate in an amount that is reasonable and necessary to defray administrative costs. All renewal certificates shall carry the same registration number as the original certificate.

Expiration Dates of Certificates of Registration; Proration of Fee

Sec. 7A. The board by rule shall adopt a system under which certificates of registration expire on various dates during the year. The date for mailing notice of expiration and the period for renewal shall be adjusted if necessary. For the year in which the expiration date is changed, registration fees payable on August 31 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total of the registration fee is payable.

Revocation and Reissuance of Certificates

Sec. 8. (a) The board has the power to revoke the certificate of registration of any registrant who is charged with and found guilty of:

- (1) Violations of provisions of this Act;
- (2) The practice of any fraud or deceit in obtaining a certificate of registration;
- (3) Any gross negligence, incompetency, or misconduct in the practice of landscape architecture;
- (4) Holding himself out to the public or any member thereof as an engineer or making use of the words "engineer," "engineered," "professional engineer," "P.E.," or any other terms tending to create the impression that such registrant is authorized to practice engineering or any other profession unless he is licensed under provisions of Texas Engineering Practice Act¹ or the other applicable licensing law of this state.

(5) Holding himself out to the public or any member thereof as a surveyor or making use of the words "surveyor," "surveyed," "registered public surveyor," "R.P.S.," or any other terms tending to create the impression that such registrant is authorized to practice surveying or any other profession unless he is licensed under the provisions of the Registered Public Surveyors Act² or the other applicable licensing law of this state.

(b) In determining the truth of any such charges the board shall proceed upon sworn information furnished it by any reliable resident of this state; such information shall be in writing and shall be duly verified by the person familiar with the facts therein charged, and three copies of the same shall be filed with the secretary of the board. Upon receipt of such information the board, if it deems the information sufficient to support further action on its part, shall make an order setting the charges therein contained for hearing at a specified time and place, and the secretary of the board shall cause a copy of the board's order and of the information contained in the written charges to be served upon the accused at least 30 days before the date appointed in the order for the hearing. The accused may appear in person or by counsel or both, at the time and place named in the order and make his defense

to the same. The board shall have the power, through its chairman or secretary, to administer oaths and compel the attendance of witnesses before it as in civil cases in the district court, by subpoena issued over the signature of the secretary and the seal of the board.

Any person who may feel himself aggrieved by reason of the revocation of his certificate of registration of the board, as hereinabove authorized, shall have the right to file suit within 30 days of receiving notice of the board's order revoking his certificate or registration in the district court in the county of his residence or the county in which the alleged events relied upon, and grounds for revocation, took place, to annul or vacate the order of the board revoking the certificates of registration; said suit to be filed against the board as defendant, and service of process may be had upon its chairman or secretary. The only issues to be tried in such cause shall be whether such person has been guilty as originally found by the board, which issue shall be by trial de novo, as that term is commonly used in connection with an appeal from the justice of the peace court to the county court, and the substantial evidence rule shall not apply.

If a written complaint is filed with the board relating to a licensee, the board, at least as frequently as quarterly, shall inform the complainant of the status of the complaint until the complaint is finally disposed of.

Sec. 8C. (a) In each written contract in which a licensee under this Act agrees to perform landscape architecture in this state, the licensee shall include the mailing address and telephone number of the board and a statement that the board has jurisdiction over individuals licensed under this Act.

(b) The board shall establish a public information program for the purpose of informing the public about the practice and regulation of landscape architecture in this state. As part of the program, the board shall prescribe and distribute in a manner that it considers appropriate a standard complaint form and shall make available to the general public and other appropriate state agencies the information compiled as part of the program. The program shall include information to inform prospective applicants for licensing under this Act about the qualifications and requirements for licensing.

Each day of such violation shall be a separate offense.

(b) The attorney general or his assistants shall act as legal advisor of the board and shall render such legal assistance as may be necessary in enforcing and making effective the provisions of this Act, provided that this shall not relieve the local prosecuting officers of any of their duties under the law as such.

(c) The board may enforce this Act or rules adopted by the board under this Act in the manner provided for enforcement by Subsection (c), Section 5, Chapter 478, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 249a, Vernon's Texas Civil Statutes), and the rules adopted under that section.

When an attachment issued from a county or justice court has been levied upon land, no order or decree foreclosing the lien thereby acquired shall be necessary, but the judgment shall briefly recite the issuance and levy of such attachment, and such recital shall be sufficient to preserve such lien. The land so attached may be sold under execution after judgment, and the sale thereof shall vest in the purchaser all the estate of the defendant in attachment in such land, at the time of the levy of such writ of attachment.

Art. 305. Duties of Board

(a) Such Board, acting under instructions of the Supreme Court as hereinafter provided, shall pass upon the eligibility of all candidates for examination for license to practice law within this State, and examine such of these as may show themselves eligible therefor, as to their qualifications to practice law. Such Board shall not recommend any

person for license to practice law unless such person shall show to the Board, in the manner to be prescribed by the Supreme Court, that he is of such moral character and of such capacity and attainment that it would be proper for him to be licensed.

(b) If requested in writing by any applicant for a license who takes and fails an examination administered by the Board, the Board shall furnish to the applicant an oral or written analysis of the applicant's performance on the examination. An oral analysis may be recorded by the applicant.

[Acts 1925, S.B. 84. Amended by Acts 1979, 66th Leg., p. 1253, ch. 594, § 1, eff. Sept. 1, 1979.]

Art. 305a. Moral Character and Fitness of Applicants

(a) The Board may conduct an investigation of the moral character and fitness of an applicant for a license.

(b) The Board may contract with public or private entities for investigative services relating to the moral character and fitness of applicants for licenses.

(c) The Board may not recommend the denial of a license and the Supreme Court may not deny a license to an applicant on the ground of a deficiency in the applicant's moral character or fitness unless:

(1) the Board finds a clear and rational connection between a character trait of the applicant and the likelihood that the applicant would injure a client or obstruct the administration of justice if the applicant is licensed to practice law; or

(2) the Board finds a clear and rational connection between the applicant's present mental or emotional condition and the likelihood that the applicant will not discharge properly the applicant's responsibilities to a client, a court, or the legal profession if the applicant is licensed to practice law.

(d) Each person intending to apply for admission to the bar of this state shall file with the secretary of the Board a Declaration of Intention to Study Law. The declaration shall be filed on a form provided by the Board. Forms provided by the Board for the filing of a Declaration of Intention to Study Law shall clearly identify those conditions of character and fitness provided in Subsection (e) of this article that may be investigated by the Board and that may result in the denial of the declarant's application to sit for the bar examination. Within 180 days after the filing of the declaration the Board shall notify the declarant whether or not it has determined he has acceptable character and fitness. If the Board determines he does not have acceptable character and fitness, the notice shall be accompanied by an analysis of the character investigation which specifies the results of that investigation in detail. The Board shall limit its investigation of the moral character and fitness of an applicant to those areas clearly related to the applicant's moral character and present fitness to practice law.

(e) All candidates to take the bar examination must file an application to take the examination with the secretary of the Board. Applications shall be filed not less than 180 days prior to the first day of the examination in which the applicant wishes to participate. The requirements of the application shall be limited to an affidavit, duly verified, setting forth the following statements that since the filing of his or her original declaration:

(1) the applicant has not been formally charged of any violation of law, excluding cases which have been dismissed for reasons other than technical defects in the charging instrument or in which he has been found not guilty, minor traffic violations, records of arrests or convictions expunged by court order, pardoned offenses, and records of arrests for and convictions of Class C misdemeanors;

(2) the applicant is not mentally ill;

(3) the applicant has not been charged with fraud in any legal proceeding; and

(4) the applicant has not been involved in civil litigation or bankruptcy proceedings that reasonably bear on the applicant's fitness to practice law.

(f) Based on the investigation of the preceding conditions of character and fitness performed after the filing of a Declaration of Intention to Study Law, the filing of an affidavit attesting to the preceding statements on application to take the bar exam, and its investigation into the accuracy of the statements in, or truth of statements omitted from the affidavit required by Subsection (e) of this section, the Board shall assess the applicant's fitness and moral character. If the Board determines the applicant does not possess the requisite good moral character and fitness, the Board shall furnish to the applicant an analysis of the character investigation that specifies the results of that investigation in detail within 150 days after the filing of the application.

[Acts 1934, 43rd Leg., 4th C.S., p. 2, ch. 2, § 1. Amended by Acts 1979, 66th Leg., p. 1253, ch. 594, § 2, eff. Sept. 1, 1979.]

Art. 305c. District Committee on Admissions

(a) For the purpose of aiding the Board in determining the good moral character and the fitness of each declarant to become a member of the profession, there is created a District Committee on Admissions in each of the state bar districts to investigate qualifications for admission to the bar at the time of filing the Declaration of Intention to Study Law only.

(b) A district committee is composed of at least 15 members appointed by the Supreme Court.

(c) Three members of a district committee must be at the time of their appointments representatives of the general public who do not have, other than as consumers, financial interests in the practice of law,

three members must be at the time of their appointments lawyers who are licensed to practice law in the state, and the remaining members must be similarly qualified representatives of the general public or lawyers. In a bar district in which a law school approved by the Supreme Court is located, three members of the committee must be at the time of their appointments law students who are enrolled in a law school in the bar district that is approved by the Supreme Court.

(d) Except for the initial appointees, members of a district committee hold office for two-year terms expiring on January 21 of each odd-numbered year. The initial appointees serve for terms expiring on January 31, 1983.

(e) The Supreme Court shall appoint the chairman of each district committee.

(f) Five members of a district committee constitute a quorum.

(g) The district committee shall aid the Board in investigating the moral character and fitness of a person filing a Declaration of Intent to Study Law.

(h) The Supreme Court shall adopt rules requiring that persons filing Declaration of Intent to Study Law be treated uniformly and impartially by the district committees.

2. Adequate pre-legal study and attainment;
3. Adequate study of the law for at least two years, covering the course of study prescribed by the Supreme Court, or the equivalent of such course;
4. The legal topics to be covered by such study and by the examination given;
5. The times and places for holding the examination, the manner of conducting same, and the grades to be made by the candidates to entitle them to be licensed;
6. Any other such matters consistent with this Act as shall be desirable in order to make the issuance of a license to practice law evidence of good character, and fair capacity and real attainment and proficiency in the knowledge of law.

The completion of prescribed study in an approved law school as herein defined shall satisfy the law study requirements for taking the aforesaid examination. An approved law school is hereby defined as one which is approved by the Supreme

Court for the period of time designated by such Court, and as maintaining the additional standards prescribed by the Court. No license to practice law in this state shall be issued by any court or authority except by the Supreme Court of this state, under the provisions of this title. The power granted to the Supreme Court by this Act shall not be delegated.

(b) The Supreme Court shall adopt rules necessary to administer its functions and to govern the administration of the Board's functions relating to the licensing of lawyers.

In such cases thirty (30) days' written notice of intention to take the Bar examination, directed and delivered to the Clerk of

the Supreme Court of Texas, shall be sufficient notice. This section shall apply only to persons who were members of the Texas Legislature prior to the convening of the 64th Regular Session of the Texas Legislature in January, 1975.

(b) Every person who after the effective date of this Act becomes licensed to practice law in this state shall enroll in the State Bar by registering his or her name with the clerk of the Supreme Court within 10 days of his or her admission to practice. Membership of the State Bar shall consist of four classes: active, inactive, emeritus, and associate.

Every licensed member of the State Bar is an active member until he or she requests to be enrolled as an inactive member.

The class of "inactive members" shall include those persons who are eligible for active membership but are not engaged in the practice of law in this state and have filed with the executive director and the clerk of the Supreme Court written notice requesting enrollment in the class of inactive members.

Inactive members are not entitled to hold office or vote in any election conducted by the State Bar or practice law. Those who are enrolled as inactive members at their request may on application and payment of fees required become active members.

The class of "emeritus members" shall include those persons who are either active or inactive members in good standing but who are at least 70 years of age and have filed a written notice requesting enrollment in the class of emeritus members. Exclusive Jurisdiction of Supreme Court

Sec. 11. Rules and regulations governing the admission to the practice of law shall be within the exclusive jurisdiction of the Supreme Court. The officers and directors of the State Bar of Texas

have no authority to approve or disapprove of any rule or regulation which governs admissions to the practice of law nor to regulate or administer said admissions standards.

Discipline

Sec. 12. (a) Any attorney admitted to practice in this state and any attorney specially admitted by a court of this state for a particular proceeding is subject to the disciplinary jurisdiction of the Supreme Court of Texas and its administrative agent, the State Bar of Texas.

(b) In furtherance of the court's powers to supervise the conduct of attorneys at law, the following grievance procedures are established. The Supreme Court shall, in accordance with Section 8 of this Act, prepare, propose, and adopt rules and regulations for disciplining, suspending, disbarring, and accepting resignations of attorneys as it considers necessary in addition to the minimum standards and procedures provided in this Act.

(c) Disciplinary jurisdiction shall be divided into grievance districts. Each bar district shall have one or more grievance committee districts. The board of directors, with the advice of the director of each bar district, shall determine whether the State Bar's grievance duties can be performed effectively by one committee for the entire bar district or whether the same should be divided into more than one grievance committee district. When a bar district contains more than one grievance committee, all the grievance committees within the district shall have concurrent jurisdiction of any complaint docketed by any of the committees within the district. The committee which originally docketed a complaint may, with the consent of another committee within the district, transfer a complaint to the other committee. The district director, in order to equalize the dockets, or for other good cause, may transfer complaints from one committee to another within the district.

(d) Each grievance committee shall consist of as many members as are deemed necessary by the board of directors for the expeditious transaction of its business.

(e) The president shall on recommendation of the director or directors for the district appoint the members of the grievance committee. Each member of the committee shall be a resident of the grievance committee district for which he or she is appointed. One-third of the total membership of each grievance committee shall be representative of the general public who are not licensed attorneys and who do not have, other than as consumers, a financial interest in the practice of law.

Annually the committee shall select its own chairperson.

Powers of Grievance Committees

Sec. 13. (a) The grievance committee shall exercise the powers and perform the duties conferred on

it by this Act as well as any other powers and duties imposed by rules or regulations promulgated as provided herein by the Supreme Court.

The grievance committee shall consider and investigate any alleged ground for discipline or alleged incapacity of any attorney called to its attention or on its own motion and take action with respect thereto as shall be appropriate under the disciplinary rules in effect from time to time in this state.

(b) The committee shall maintain records of all matters processed and the disposition thereof. Committee records are confidential and are not subject to the open records law, Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-17a, Vernon's Texas Civil Statutes). The final action of a committee resulting in a vote to publicly reprimand, suspend, or seek disbarment shall be made public; provided, however, that proceedings which result in a private reprimand shall remain confidential. Nothing shall prohibit the committee, with the consent of the accused attorney, from disclosing final action which clears the attorney of misconduct or which finds no jurisdiction or lack of probable cause to proceed. All records shall be forwarded to the general counsel and he shall maintain a permanent record of such actions, which will be public records for statistical purposes but which are subject to the provisions above concerning privacy.

(c) A "complaint" is defined as an allegation of attorney misconduct or attorney mental incompetency which, if established in fact, could subject the attorney to disciplinary action. Inquiries which do not allege an offense cognizable under the Code of Professional Responsibility or under this Act or which do not show probable cause of professional misconduct shall not be classified as complaints and are not within the disciplinary jurisdiction of the grievance committee.

(d) Every inquiry which the committee determines to be a complaint as defined in this Act shall be docketed by the grievance committee. When docketed, the committee shall notify the general counsel of the State Bar, the complainant, and the accused attorney that the complaint has been scheduled for action by the committee, and the committee shall report periodically to the general counsel its progress in the matter.

(e) Every complaint as defined in this Act shall be acted on expeditiously by the grievance committee and the action shall be reported to the general counsel, the complainant, and the accused attorney. If the committee fails to take action on a complaint within a reasonable time, the general counsel shall report the committee's inaction to the president of the State Bar and the director or directors for the bar district which encompasses the grievance committee.

When notified by the general counsel of a committee's inaction, the president of the State Bar, with the advice of the board director for the district

concerned, may transfer the complaint to another grievance committee in the bar district if there is one. The president may discharge a committee and appoint new members, if after consulting the board director for the district concerned the president determines that the committee should be reconstituted to assure the expeditious transaction of disciplinary business. Failure to report grievance matters to the general counsel shall be grounds for the discharge of a committee.

Grievance Oversight Committee

Sec. 14. There shall be created a grievance oversight committee which shall be responsible for reviewing the structure, function, and effectiveness of the grievance procedures which are implemented pursuant to this Act. It shall be composed of nine members to be appointed by the Supreme Court, six of whom shall be licensed members of the State Bar and three of whom shall not be licensed members of the State Bar of Texas. Of the six licensed members of the State Bar, three shall be members or former members of grievance committees. This committee shall report its findings annually to the Supreme Court, including any recommendations concerning needed changes in grievance procedures or structures.

The members of this committee shall serve staggered terms of three years each and the initial terms of office of the committee shall be as follows: three members for a term of one year, three members for a term of two years, and three members for a term of three years. The Supreme Court shall designate a chairperson of the committee who shall serve as chairperson for a period of one year. A majority of the total membership shall constitute a quorum of the committee. All necessary and actual expenses of the committee shall be provided for and paid out of the budget of the State Bar.

Disbarment Proceedings

Sec. 15. (a) The Supreme Court of Texas shall not adopt or promulgate any rule or regulation abrogating the right of trial by jury to either party to a disbarment action in the county of the residence of the accused attorney.

(b) Disbarment proceedings shall be instituted against a resident attorney in a district court located in the county of the attorney's residence; provided, however, that the accused attorney may make application for change of venue pursuant to Texas Rule of Civil Procedure 257. Nothing in this Act shall be construed to prohibit a grievance committee from investigating complaints of professional misconduct alleged to have occurred within the geographical area served by the committee, but any action must be filed in the county of that attorney's residence.

(c) All nonresident attorneys licensed by the Supreme Court are subject to the disciplinary rules and regulations governing resident members of the

State Bar; provided, however, that venue in disbarment proceedings against nonresident members of the State Bar shall be in a district court located in Travis County, Texas, or in any county where the alleged misconduct occurred.

Disciplinary Proceedings

Sec. 16. (a) No attorney shall be suspended from practice, except by the attorney's concurrence under an order of suspension entered by the grievance committee, until such attorney has been convicted of the charge or charges for disbarment pending against him or her in a court of competent jurisdiction. Provided, however, that on proof of conviction of an attorney in any trial court of competent jurisdiction of any felony involving moral turpitude or of any misdemeanor involving the theft, embezzlement, or fraudulent misappropriation of money or other property, the district court of the county of the residence of the convicted attorney shall enter an order suspending the attorney from the practice of law during the pendency of any appeals from the conviction. An attorney who has been given probation after the conviction, whether adjudicated or unadjudicated, shall be suspended from the practice of law during the probation. On proof of final conviction of any felony involving moral turpitude or any misdemeanor involving theft, embezzlement, or fraudulent misappropriation of money or other property, the district court of the county of the residence of the convicted attorney shall enter a judgment disbarring him or her.

Either the grievance committee for the bar district or the general counsel shall have the authority to seek the enforcement of this section.

(b) In any action seeking to disbar an attorney for acts made the basis of a conviction for a felony involving moral turpitude or a misdemeanor involving theft, embezzlement, a fraudulent misappropriation of money or other property, the record of conviction shall be conclusive evidence of the guilt of the attorney for the crime of which he or she was convicted.

(c) Nothing in this Act shall be construed to prevent an attorney from being prosecuted in a disciplinary action after conviction for a criminal act based either on the weight of the conviction or on conduct by the attorney which led to his or her conviction.

Committees and Sections

Sec. 17. The board shall create from time to time committees and sections as it considers advisable and necessary to carry out the purposes of this Act. Nothing in this Act shall prevent the appointment of nonlawyers to the State Bar committees.

Committee on Professional Ethics

Sec. 18. (a) A professional ethics committee consisting of nine members of the State Bar to be appointed by the Supreme Court for a term of three years each is established. The initial terms of of-

five of the committee shall be as follows: three members for terms of one year, three members for terms of two years, and three members for terms of three years. The Supreme Court shall designate a chairperson of the committee who shall serve as chairperson for a period of one year. A majority of the total membership shall constitute a quorum of the committee. All necessary and actual expenses of the committee shall be provided for and paid out of the budget of the State Bar. Nothing in this Act shall prevent the court from appointing members of the judicial department to the professional ethics committee.

(b) The standing committee on professional ethics shall:

(1) by the concurrence of a quorum of its members, express its opinion on the propriety of professional conduct, either on its own initiative or when requested to do so by a member of the State Bar of Texas, except that an opinion may not be issued on a question that is pending before a court of this state;

(2) the foregoing provision notwithstanding, the committee may meet in three member panels to express its opinion on behalf of the whole committee; provided, however, if the inquirer is dissatisfied with the panel's opinion, he or she may appeal it to the full committee for review;

(3) periodically publish its issued opinions to the legal profession in summary or complete form and on request provide copies of the opinions to members of the bar or public;

(4) on request advise or otherwise assist State Bar committees or local bar associations relating to the Code of Professional Responsibility;

(5) recommend appropriate amendments or clarifications of the Code of Professional Responsibility, if it considers them advisable; and

(6) adopt such rules as it considers appropriate relating to the procedures to be used in expressing opinions, effective when approved by the Supreme Court. Insofar as it is possible to do so, the committee shall disclose the rationale for its opinion and shall indicate whether it is based on ethical considerations or upon the disciplinary rules.

Opinions of the committee shall not be binding on the Supreme Court.

Unauthorized Practice of Law

Sec. 19. (a) For purposes of this Act, the practice of law embraces the preparation of pleadings and other papers incident to actions of special proceedings and the management of the actions and proceedings on behalf of clients before judges in courts as well as services rendered out of court, including the giving of advice or the rendering of any service requiring the use of legal skill or knowledge, such as preparing a will, contract, or other instrument, the legal effect of which under the facts and conclusions involved must be carefully deter-

mined. This definition is not exclusive and does not deprive the judicial branch of the power and authority both under this Act and the adjudicated cases to determine whether other services and acts not enumerated in this Act may constitute the practice of law.

(b) The Supreme Court shall appoint an unauthorized practice of law committee for the State Bar to consist of nine members, three of whom shall be nonlawyers. Except as provided in this Act, members of the committee shall serve for a term of three years beginning with the effective date of this Act. All members of the committee shall be eligible for reappointment. The court shall designate each year which member shall act as chairperson. A majority of the committee shall constitute a quorum. All necessary and actual expenses of the committee should be provided for and paid out of the budget of the State Bar.

The court in making the first appointment shall appoint three members to serve an initial term of one year, three members to serve an initial term of two years, and three members to serve an initial term of three years. Thereafter, each appointed member shall serve a term of three years.

The unauthorized practice of law committee shall keep the court and the State Bar informed with respect to the unauthorized practice of law by lay persons and lay agencies and the participation of attorneys therein and concerning methods for the prevention thereof. The committee shall seek the elimination of the unauthorized practice by action and methods as may be appropriate for that purpose, including the filing of suits in the name of the committee. Nothing in this Act shall prohibit the establishment of local Unauthorized Practice of Law committees to aid and assist this committee in carrying out its purpose.

Carry-Over Clause

Sec. 20. (a) All rules and regulations adopted and promulgated by the Supreme Court relating to the State Bar which are in force on the effective date of this Act shall constitute the rules governing the State Bar of Texas until and unless amended pursuant to Section 8 of this Act.

The foregoing provision notwithstanding, any rules and regulations which are in force on the effective date of this Act and which are in conflict with the provisions of this Act are repealed to the extent of the conflict.

(b) The officers and directors of the State Bar who have been elected and are serving on the effective date of this Act shall continue in office for the balance of their term.

(c) All dues and fees assessed and in effect on the effective date of this Act shall remain in force and effect until and unless amended pursuant to Section 8 of this Act.

(d) All bonds, notes, debentures, evidences of indebtedness, mortgages, deeds of trust, assignments, pledges, contracts, leases, agreements, or other contractual obligations owed to or by the State Bar of Texas on the effective date of this Act shall remain in force and effect in accordance with the terms of the obligation.

Application of Sunset Act

Sec. 21. The State Bar is subject to the Texas Sunset Act,¹ and unless continued in existence as provided by that Act the State Bar is abolished, and this Act expires effective September 1, 1991.

SUPREME COURT OF TEXAS

SENATE BILL 287

ORDER

Effective June 11, 1979.

On June 11, 1979, the Governor signed into law, effective immediately, Senate Bill 287 which had passed the Senate by a vote of thirty of its members to one, and had passed the House by a vote of one hundred nineteen of its members to twenty-two. This statute continued the State Bar of Texas "as a public corporation and an administrative agency of the Judicial Department of government." The Legislature in Section Two of the statute stated that:

"This legislation is in aid of the Judicial Department's powers under the Constitution to regulate the practice of law and not to the exclusion of those powers. The Supreme Court of Texas, on behalf of the Judicial Department, shall exercise administrative control over the State Bar under this Act."

The Legislature has thus recognized that this Court is the primary responsibility for the administration of justice in the constitutional separation of powers between the three governmental branches.

This Court recognizes the actions of the Legislative and Executive Departments in aid of this Court's responsibilities regarding the legal profession, in declining any attempt to place funds of the Judicial Branch under control of the Legislative or Executive Branch, and in enacting Senate Bill 287 of the 66th Texas Legislative Session. The Court agrees that a unified Bar is the best method of regulating the legal profession and in assisting this Court in the administration of justice.

It is, however, the duty of this Court in the exercise of its own inherent power to regulate and control the practice of law and to provide for the proper administration of justice. It is therefore ordered:

1. The State Bar Act, Acts 1979, 66th Leg. Reg. Sess., ch. 510, p. 1081, Article 320a-1 Vernon's Texas Statutes, as supplemented by this order and subsequent orders, and all prior orders of this Court not in conflict herewith, shall govern the State Bar of Texas;

2. All rules, regulations and supplemental orders of this Court relating thereto, including the Rules Governing the State Bar of Texas and the Code of Professional Responsibility, which on the effective date of this order are in force, and which are not in conflict with the State Bar Act, as amended, shall continue to be the rules, regulations and orders governing the State Bar;

3. All officers and directors of the State Bar of Texas who are serving on the effective date hereof shall continue in office for their terms of office and until their successors are elected or

appointed and qualified in accordance with the rules and regulations governing the State Bar of Texas;

4. All committees, sections and organizations of the State Bar in existence on the effective date of this order shall continue as they presently exist, until reconstituted in accordance with provisions of the State Bar Act as amended;

5. All dues and fees assessed and in effect on the effective date of this order, shall remain in full force and effect and the budget heretofore adopted for the Bar's fiscal year 1979-80 shall remain in full force and effect;

6. All persons who are enrolled as members of the State Bar on the date hereof and any person who, after the date hereof, shall be licensed to practice law in this State shall be members of the State Bar and subject to the rules and orders of this Court;

7. All persons not members of the State Bar are prohibited from practicing law in this State except for limited practice of law by attorneys licensed in other jurisdictions, law students and nonlicensed graduates of approved law schools in accordance with rules heretofore promulgated by this Court;

8. All property and contractual rights, titles, interests and obligations heretofore existing in the name of the State Bar of Texas are hereby continued and are confirmed;

9. The State Bar of Texas as a unified or integrated Bar is hereby continued and confirmed as an administrative agency of this Court and as a public corporation;

10. All complaints being investigated, all formal complaints voted by district grievance committees, all prosecutions begun and all appeals pending involving attorney misconduct, mental incompetency or the unauthorized practice of law shall proceed and shall not be abated or dismissed on account of the promulgation of this order or the passage of the State Bar Act.

This order is effective as of June 11, 1979, until further order of the Court.

IN CHAMBERS, on this the 19th day of June, 1979.

(B) A person who has voluntarily resigned from membership shall be required to apply to the Board of Law Examiners and to comply with the rules of the Court pertaining to admission to the practice of law before resuming the practice of law.

(C) An inactive member may return to active status upon written application to the clerk and payment of fees for the current year.

ARTICLE IV. ADMINISTRATION

Sec. 1. Board of Directors; Duties

(A) The State Bar shall be governed by a board which shall enforce the Act and these Rules.

(B) The term of office for each elected and public director shall be three (3) years. The terms of such directors shall be staggered with one-third ($\frac{1}{3}$) of such directors elected or appointed each year.

(C) The regular term of office of an elected or public director shall commence on adjournment of the annual meeting of the State Bar next following election or appointment and continue until the adjournment of the third annual meeting next following election or appointment.

(D) The board shall take such action and adopt such regulations and policies, consistent with the Act or these Rules, as shall be necessary and proper for the administration and management of the affairs of the State Bar, for the protection of the property of the State Bar and for the preservation of good order.

Sec. 2. Meetings of the Board

The board shall meet regularly at least four (4) times annually, and may meet specially, at such times and places as the board shall determine. All meetings, however, shall be held within the State of Texas.

Sec. 3. Composition of Board

The board shall be composed of the officers of the State Bar, the president, president-elect, and imme-

diately past president of the Texas Young Lawyers Association, not more than thirty (30) members of the State Bar elected by the membership from their district as may be determined by the board, and six (6) persons who are not licensed attorneys, known as public directors, who do not have, other than as consumers, a financial interest in the practice of law.

Sec. 4. Chairperson of Board

The board shall elect annually from its membership, under such procedures as it shall prescribe, a chairperson to serve for the next succeeding organizational year. Such person shall be elected from the class of directors then serving the second year of their terms.

(9) ... as to a public director, has failed confirmation by the senate of the State of Texas, or

(10) ... is an elected official paid by the State of Texas, except that such prohibition shall not apply to public directors.

(B) The board shall be the judge of the qualifications of officers and directors.

Sec. 6. How Directors Shall Be Elected

Elected directors shall be elected by a majority of the active and emeritus members of the State Bar voting who have their principal place of practice in the same Bar district as that of the candidate. If no candidate receives a majority, a run off shall be held at such time as the board shall prescribe between

the two candidates receiving the greatest number of votes.

Sec. 7. Nominees for Office of Elected Director

(A) An active member's name may be placed in nomination for the office of elected director by a written petition in form prescribed by the board and signed by the lesser of five percent (5%) of the active members whose principal place of practice is within the district to be represented by the nominee if elected, or one hundred (100) of such members, which petition must be received in the office of the executive director on or before March 15 of the year of election. The executive director shall promptly review the petition to verify the eligibility of the nominee. If from the petition it appears the nominee is eligible, that person's name shall be listed upon the ballot. If from the petition the executive director finds the nominee to be ineligible, that fact shall immediately be communicated to the nominee. Any nominee desiring to appeal the findings of the executive director shall forthwith notify the executive director, who shall forthwith convene the executive committee to hear and determine the matter. The executive committee shall have final authority to determine questions of eligibility of the nominee and the validity of the nominating petition and shall do so within ten (10) days of the notice to the executive director.

(B) The petitions may be in counterparts, and it shall be sufficient that the signatures on all the counterparts aggregate the required number of signatures.

(C) If no valid petition nominating an eligible person shall have been received by the executive director by March 15 in respect to a district in the year in which such district is to elect a director, or if all persons who have been nominated in the foregoing manner shall have died or become disqualified from serving at any time prior to the printing of the ballot in such election, then the president of the State Bar with the advice of the person then serving as elected director from that district shall name a qualified person to stand for election as director from that district.

(D) If an elected director fails to qualify, such position shall be deemed vacant.

Sec. 8. Director Vacancies and How Filled

(A) Death of a board member, judgment of incompetency, a board member's resignation or any failure to qualify shall create a vacancy. In case of a vacancy in an elected directorship, the president shall appoint a member whose principal place of practice is within the district in which the vacancy has occurred to serve until the next annual election of directors. Vacancies in ex officio directorships shall be filled by the person who succeeds to the office in the State Bar or in the Texas Young Lawyers Association to which such directorship is incident, except that the directorship incident to the office of immediate past president of the State Bar

or Texas Young Lawyers Association or immediate past chairperson of the board of the State Bar shall be filled by the most recent holder of such offices respectively who is willing to serve. Vacancies in public directorships shall be filled in the same manner and by the same authority designated by statute to fill such positions.

(B) Persons filling such vacancies shall meet the same requirements and shall qualify in the same manner as those assuming the office of director for the full term. A person succeeding to an ex officio or public director vacancy shall serve the balance of the term of the particular directorship vacated.

Sec. 9. Executive Committee

(A) The executive committee of the board shall consist of the president, president-elect, the chairperson of the board, the immediate past president of the State Bar, president of the Texas Young Lawyers Association and such other persons as the board may designate. (B) The general purpose of the executive committee shall be to perform between meetings of the board such functions, consistent with the Act or these Rules, as the board may assign to it from time to time.

(C) The general counsel and the executive director of the State Bar shall be ex officio, non-voting members of the executive committee.

(C) The president-elect shall preside at meetings of the State Bar in the absence of the president and otherwise assist the president, as the president shall request, in carrying out the responsibilities of the office of president.

Sec. 11. President-Elect, Nomination and Election

(A) At its regular January meeting each year the board of directors shall nominate by a majority vote two (2) or more members of the State Bar to stand for election to the office of president-elect for the ensuing year. Any other member shall also be privileged to stand for election to such office when a written petition in form prescribed by the board, signed by no fewer than one percent (1%) of the active members of the State Bar who are in good standing, is filed with the executive director or on before March 15 next preceding the election to be held for the office of president-elect for the ensuing

year. The names of all nominees shall be printed on the official ballot and published in the *Texas Bar Journal* and otherwise publicized by such practical means as the board shall determine.

(B) The ballot shall be mailed to each member of the State Bar entitled to vote at the same time as ballots for the election of elected directors are mailed. A combined ballot for the office of president-elect and for the office of director may be used in those bar districts in which an election for director is to be conducted. The person receiving the highest number of votes for the office of president-elect shall be declared to be elected to such office for the next ensuing term.

(C) The office of president shall be filled by the succession of the president-elect to such office at the expiration of the term for which such person was elected to serve as president-elect.

Sec. 12. Term of Office of Officers

The regular term of office for officers of the State Bar shall be from adjournment of the annual meeting for the year preceding the year of service and shall end with such adjournment the following year.

Sec. 13. Vacancy in an Office

(A) Death of an officer, judgment of incompetency, an officer's resignation or failure to qualify shall create a vacancy in the office.

(B) If a vacancy occurs in the office of president, it shall be filled by the succession of the president-elect to the office of president, in which case a special election shall be called by the board to fill the office of president-elect at such times and under such procedures as are prescribed by the board.

(C) If the vacancy occurs in the office of president-elect, a special election shall be held for the office of president-elect. In such event the procedures for a regular election shall be followed subject to such necessary changes as shall be required in order to meet the exigencies of the situation.

(D) Should the president-elect succeed to the office of president and have less than six (6) months to serve in the unexpired term, he shall in such event, serve the next full term to which he would have normally succeeded.

(E) In the event a simultaneous vacancy exists in the office of the president and president-elect, a special election shall be held for each office and in the meanwhile the chairperson of the board shall serve as interim president.

Sec. 14. Other Executive Positions

The executive director and general counsel shall be elected by the board and shall perform such duties as the board may prescribe.

ARTICLE V. FISCAL

(B) The time and place of such meeting shall be in accordance with the call.

(C) Prior to any special meeting, the executive director shall mail to each member in good standing a notice of the time and place of the meeting and

Membership of divisions shall be determined by their respective bylaws.

(B) As soon as practicable after assuming office, and not later than the April board meeting of the calendar year in which he will assume the presidency, the president-elect shall prepare and present to the board for its advice and consent, a proposed roster of State Bar committees, committee chairpersons and committee members for his presidential year. The board at the April meeting shall approve the list of State Bar committees and the president-elect shall promptly notify the proposed chairpersons and members of their selection and obtain their consent to serve. Any necessary changes or additions in committee organization and personnel shall be reported by the president-elect to the retiring board at its June meeting and shall be finally approved by the incoming board at its first meeting of the new organizational year. Subsequent creation of special committees by the president and the appointment of the personnel thereof, shall be subject to approval by the executive committee or by the board at the earliest opportunity.

(C) Officers of sections and divisions for the ensuing year shall be elected according to the respective bylaws at their annual meeting coinciding with the annual meeting of the Bar.

(D) Vacancies occurring in membership of State Bar committees shall be filled by the president for the unexpired term and vacancies occurring in section committees shall be filled by the chairperson of the section, except that if a vacancy occurs in the position of chairperson, and there is no vice-chairperson to assume the position of chairperson, it

ARTICLE X. DISCIPLINE AND SUSPENSION OF MEMBERS

Sec. 1. Administration; Supervision

Subject to the supervisory power of the Court, the responsibility for the administration and supervision of the disciplinary and disability system of the State Bar is vested in the board and the disciplinary review committee as provided for herein. Authority to adopt rules of procedure and administration for the operation of the review committee, grievance committees, and counsel, not inconsistent with these rules, shall be vested in the board.

Sec. 2. Definitions

In addition to the definitions in Article I, the following words shall have the meaning set out below, unless a different meaning is apparent from the context:

(A) "District" means disciplinary district.

(B) "Complaint" means those matters received by the State Bar which upon the face thereof, or which after screening or preliminary investigation, allege or involve professional misconduct or disability cognizable under this Article or the Texas Code of Professional Responsibility and which, if established in fact, could subject a member or any attorney specially admitted by a court of this state for a particular proceeding to discipline or suspension from practice.

(C) "Inquiry" means those matters received by the State Bar which, even if true, do not allege professional misconduct or disability.

(D) "Disciplinary Petition" means the pleading by which a disciplinary action is instituted by a grievance committee or counsel in district court.

(E) "Disciplinary Action" means the proceedings in court brought against an attorney alleging professional misconduct as well as suits for reinstatement or for suspension due to disability.

(F) "Disciplinary Proceeding" means the investigation and processing of either an inquiry or complaint prior to the filing of a disciplinary action.

(G) "Respondent" means an attorney who is the subject of a complaint or a disciplinary action.

(H) "Review Committee" means the disciplinary review committee of the State Bar of Texas.

(I) "Counsel" means the general counsel of the State Bar or any assistant general counsel acting under the direction of the general counsel.

Sec. 3. Disciplinary Districts

Disciplinary jurisdiction in this state shall be divided into disciplinary districts which shall be coextensive with bar districts. Grievance committee districts may be designated within a disciplinary district.

Sec. 4. Grievance Committees

(A) **Composition.** Each grievance committee shall consist of not less than six (6) members, two-thirds ($\frac{2}{3}$) of whom shall be members of the bar of this state and one-third ($\frac{1}{3}$) of whom shall be public members. Each member of the committee shall be a resident of the district for which he or she is appointed. Public members shall be representatives of the general public and shall not have, other than as consumers, a financial interest in the practice of law. The State Bar director or directors, including all public members of the board, from the committee's district shall be ex-officio, nonvoting members of the committee and shall not be counted for the purpose of determining a quorum.

The president and directors shall give precedence to grievance committee appointments and notice of the appointments shall be given to the appointees who shall complete and return such application and statements of information as may be required by the board. All members shall continue to hold office until their successors in office take office. It shall be the duty of each director to nominate prospective members of the grievance committee or committees for such director's district at or before the April meeting of the board. If a director fails to comply with this time limitation, then the president shall appoint the members of the committee.

(B) **Terms of Office.** One-third ($\frac{1}{3}$) of such committee members shall be appointed for an initial term of one (1) year, one-third ($\frac{1}{3}$) for an initial term of two (2) years and one-third ($\frac{1}{3}$) for an initial term of three (3) years. Thereafter all regular terms shall be three (3) years. A member whose term has expired may continue to serve until the qualification of a successor. A member who has served two consecutive terms may not be reappointed before the expiration of at least one (1) year following the second term, except for good cause.

It shall be the duty of the directors from the district to call promptly the first meeting of the grievance committee or committees in that district, to make arrangements for the administration of the oath of office to each member, and to preside until after the committee shall have elected its own chairman. If the director fails to convene the committee by the twentieth (20th) day of July then any member of the grievance committee may convene the committee.

(C) **Quorum.** One-third ($\frac{1}{3}$) of the members or three (3) members, whichever is greater, shall constitute a quorum; provided, however, that no adverse action against a member may be taken unless at least one-half ($\frac{1}{2}$) of the members of the committee are present. The committee shall act only with the concurrence of a majority of the members actually present and voting.

(D) **Powers and Duties.** Grievance committees shall have the following powers and duties:

(1) Conduct disciplinary proceedings regarding a lawyer having an office or residence within the committee's district or whose professional misconduct occurred in whole or in part within such district or in cases transferred to the committee;

(2) Review the recommendations of counsel following investigation for disposition of a disciplinary proceeding;

(3) Conduct investigatory hearings into charges of professional misconduct or disability when necessary;

(4) Negotiate with accused lawyers an appropriate sanction after a finding of just cause of professional misconduct or disability or authorize commencement of a disciplinary action when unable to agree on a sanction with an accused lawyer. "Just cause" means such cause as is found to exist upon a reasonable inquiry that would induce a reasonably intelligent and prudent person to believe that a lawyer has committed professional misconduct or suffers from a disability which requires suspension from the practice of law;

(5) Upon notice to the chairman of the review committee and counsel to conduct an investigation or, with approval of the chairman of the board, prosecution of a particular matter without regard to whether counsel has commenced or completed an investigation into the same matter;

(6) Promptly render the decision necessary to implement its powers and duties, including but not limited to determination of whether a lawyer has committed professional misconduct or suffers from a disability requiring suspension and whether sanctions are warranted.

(E) **Oath.** As soon as possible after appointment to a grievance committee, each newly-appointed member shall take the following oath to be administered by any person authorized by law to administer oaths, to wit:

"I do solemnly swear (or affirm) that I will faithfully execute the duties of the office of a member of a grievance committee of the State Bar of Texas, as required by the rules of the State Bar of Texas, and will, to the best of my ability, preserve, protect, and defend the Constitution and Laws of the United States and of this State; I furthermore solemnly swear (or affirm) that I shall keep secret, unless permitted to disclose the same in accordance with the rules of the State Bar or in the course of a judicial proceeding, all such matters and things as shall come to my knowledge rising out of or in connection with a grievance investigation or proceeding; and I furthermore solemnly swear (or affirm) that I have not directly nor indirectly paid, offered, or promised to pay, contributed any money, or valuable thing, or promised any public office or employment as a reward to secure my appointment. So help me, God."

(F) Disqualification of Members. If a matter shall arise before a committee wherein the committee considers one or more of its members disqualified to act, such member or members shall be excluded from further participation therein. If the chairman or majority of the remainder of the committee shall be of the opinion that one or more temporary members should be appointed to act in the disqualified member or members' stead, or if such appointment is necessary to constitute a quorum, the president on recommendation by the director or directors from the district shall make such appointment on request, to be effective only so far as concerns the matter in question. If the director or directors do not make a recommendation within ten (10) days after the request, the president shall make such appointment.

Sec. 5. The Disciplinary Review Committee of the State Bar of Texas

(A) Review Committee and Appointment. The disciplinary review committee is hereby created as a standing committee of the State Bar. Its members shall be appointed by the president with the advice and counsel of the board. The review committee shall not be abolished except by a four-fifths ($\frac{4}{5}$) vote of the board. The review committee shall consist of a lawyer member from each bar district plus eight (8) public members appointed as follows:

- (1) Six (6) lawyer members and three (3) public members appointed for an initial term of one (1) year; and
- (2) Six (6) lawyer members and three (3) public members appointed for an initial term of two (2) years; and
- (3) Five (5) lawyer members and two (2) public members appointed for an initial term of three (3) years

Subsequent terms of all members of the review committee shall be for three (3) years. No member shall succeed himself. Vacancies shall be filled by the president. No person may be a member of the

review committee and a member of the board simultaneously. The public members shall be representatives of the general public and shall not have, other than as consumers, any financial interest in the practice of law.

(B) Election of Officers. The members of the review committee shall annually elect lawyer members as chairman and vice-chairman. The chairman, and in his absence the vice-chairman, shall perform the duties normally associated with that office and shall preside over all meetings of the review committee.

(C) Quorum. Nine (9) members shall constitute a quorum, except that a panel of three (3) members may hear appeals and such other matters as may be specifically delegated to it by the board. The review committee and any of its panels shall act only with the concurrence of a majority of those members present and voting.

(D) Compensation and Expenses. Members shall receive no compensation for their services but may be reimbursed for travel and other expenses incidental to the performance of their duties.

(E) Recusal of Review Committee Members. Review committee members shall refrain from taking part in any proceeding in which a judge, similarly situated, would be required to recuse himself or herself.

(F) Powers and Duties. The review committee shall exercise the following powers and duties:

- (1) Propose rules of procedure and administration for its own operation and that of grievance committees and counsel for promulgation by the board not inconsistent with these rules, including authorization for the review committee to operate in panels with specific responsibilities;
 - (2) Periodically review the operation of the State Bar disciplinary system with the board;
 - (3) Recommend to the president the removal of any member of a grievance committee for good cause;
 - (4) Review appeals by counsel or by a complainant, with approval of counsel, and remand matters to the grievance committee when there is clear and convincing evidence that the decision of the grievance committee is erroneous;
 - (5) Transfer disciplinary proceedings from one committee to another within the same district or, where the committee within the district fails or refuses to hear the disciplinary proceeding, to a committee in an adjoining district.
- (G) Meetings.** The review committee shall meet at least quarterly. Routine business including appointments, removals, and transfers may be handled by mail or conference call.

Sec. 6. Disciplinary Counsel

(A) Appointment. The general counsel of the State Bar of Texas shall serve as disciplinary counsel.

(B) **Powers and Duties.** Counsel shall have the following powers and duties:

(1) Review and screen all information coming to the attention of the State Bar relating to conduct by a lawyer, and make appropriate recommendations to a grievance committee except that a grievance committee may delegate to counsel the power to reject matters not constituting a complaint;

(2) Investigate complaints and present same to the appropriate grievance committee;

(3) Recommend to a grievance committee the dismissal, transfer, appropriate negotiated sanction, or prosecution with respect to each complaint;

(4) Unless other counsel is provided by the board, represent the State Bar in disciplinary actions;

(5) Supervise staff needed for the performance of the functions of counsel's office;

(6) Promptly notify the complainant and the respondent of the disposition of each complaint;

(7) Notify each jurisdiction in which a lawyer is admitted of suspension due to disability, reinstatement, or any public discipline imposed in this state;

(8) When a lawyer is convicted of a serious crime as defined in Section 26 or placed on probation in connection with a serious crime by a court of competent jurisdiction in this state, forward a certified copy of the judgment of conviction to the disciplinary agency in each jurisdiction in which the lawyer is admitted;

(9) Maintain permanent records of discipline and disability matters and compile statistics to aid in the administration of the system;

(10) Establish and maintain regional offices of counsel as authorized by the board in order to expedite the processing of disciplinary matters;

(11) When requested by a grievance committee, provide the committee with copies of all inquiries regarding lawyers with respect to whom the committee has power to conduct disciplinary proceedings;

(12) Delegate any of the foregoing powers and duties to the appropriate grievance committee.

Sec. 7. Grounds for Discipline

Discipline may be imposed for professional misconduct which includes:

(1) Acts or omissions by a lawyer, individually or in concert with another person or persons, which violate the Texas Code of Professional Responsibility, whether or not the acts or omissions occurred in the course of a lawyer-client relationship;

(2) Conduct which results in lawyer discipline in another jurisdiction;

(3) Violation of any disciplinary or disability order or judgment;

(4) Failure to furnish information requested by counsel, a grievance committee, or the review committee or to assert the grounds for failure to do so;

(5) Engaging in conduct which constitutes barratry as defined by the law of this state;

(6) Failure to comply with Section 32 of this Article;

(7) Engaging in the practice of law while in a status of suspension for failure to timely pay fees and assessments pursuant to Article III, Section 5 of these rules or while in an inactive status pursuant to Article III, Section 7 of these rules;

(8) Conviction of a serious crime or being placed on probation in connection with a serious crime, with or without an adjudication of guilt, as provided in Section 26.

For purposes of this Article, professional misconduct constitutes grounds for disciplinary action regardless of whether the act or acts in question constitute a criminal offense and regardless of whether the accused member is being prosecuted for, has been convicted of, or has been acquitted of any crime.

This Article and the Texas Code of Professional Responsibility are cumulative of all laws of the State of Texas relating to the professional conduct of lawyers and to the practice of law.

Sec. 8. Sanctions

(1) Disbarment by a district court or by agreement with a grievance committee, in which case the lawyer shall not be eligible for reinstatement for five (5) years;

(2) Suspension by a district court or by agreement with a grievance committee for an appropriate fixed period of time not in excess of three (3) years;

(7) Assessment of the costs of the disciplinary action including costs of court and attorney fees.
