(3) a person licensed to practice medicine shall be authorized and shall have the authority to delegate to any qualified and properly trained person or persons, acting under the physician's supervision, the act or acts of administering or providing dangerous drugs, if the provision is provided through a facility licensed by the State Board of Pharmacy pursuant to applicable law, as ordered by the physician, which are used or required to meet the immediate needs of the physician's patients. The administration or provision, as ordered by a physician, may be delegated through physician's orders, standing medical orders, standing delegation orders, or other orders, where applicable, as the orders are defined by the board. The provision of dangerous drugs shall be in compliance with any laws relating to the practice of medicine, laws relating to the practice of professional nursing, laws relating to the practice of pharmacy, Texas or federal drug laws, and rules

that may be properly issued by the State Board of Pharmacy. The administration shall be in compliance with any laws relating to the practice of medicine, laws relating to the practice of professional nursing, laws relating to the practice of pharmacy, and Texas or federal drug laws. This subdivision does not permit the physician or person or persons acting under the supervision of the physician to keep a pharmacy, advertised or otherwise, for the retailing of the dangerous drugs without complying with the applicable laws relating to the retailing of dangerous drugs. In this subdivision and in Subdivision (2) of this subsection, "administering" means the direct application of a drug by injection, inhalation, ingestion, or any other means to the body of the physician's patient; "provision" means to supply one or more unit doses of a drug, medicine, or dangerous drug. The drug or medicine shall be supplied in a suitable container that has been labeled in compliance with the applicable drug laws. However, a qualified and trained person or persons, acting under the supervision of a physician, may be permitted to specify at the time of the provision the inclusion of the date of provision and the patient's name and address;

(4) in the provision of services and the administration of therapy by public health departments, as officially prescribed by the Texas Department of Health for the prevention or treatment of specific communicable diseases or health conditions for which the Texas Department of Health is responsible for control under state law, a person licensed to practice medicine shall be authorized and shall have the authority to delegate to any qualified and properly trained person or persons, acting under the physician's supervision, the act or acts of administering or providing dangerous drugs, as ordered by the physician that are used or required to meet the needs of the patients. The administration or provision, as ordered by a physician, may be delegated through physician's orders, standing medical orders, standing delegation orders, or other orders, where applicable, as the orders are defined by the board. The provision of dangerous drugs shall be in compliance with any laws relating to the practice of medicine, laws relating to the practice of pharmacy, and laws relating to the practice of professional nursing. The orders may not be inconsistent with this Act and may not be used for the performance of acts and duties that require the exercise of independent medical judgment. In this subdivision, "administering" means the direct application of a drug by injection, inhalation, ingestion, or any other means to the body of the patient; "provision" means to supply one or more unit doses of a drug, medicine, or dangerous drug. The drug or medicine shall be supplied in a suitable container that has been labeled in compliance with the applicable drug laws. However, a qualified and trained person or persons, acting under the supervision of a physician, may be permitted to specify at the time of the provision the inclusion of the date of provision and the patient's name and address.

(5)(A) A duly licensed and qualified optometrist may administer topical ocular pharmaceutical agents in the practice of optometry as provided by this subdivision. These pharmaceutical agents may not be used for therapeutic purposes.

(B) To be entitled to use topical ocular pharmaceutical agents in the practice of optometry, an optometrist must possess a valid standing delegation order that:

(i) is issued to the optometrist by an area physician licensed to practice medicine in this state; and

(ii) authorizes the use of the pharmaceutical agents authorized by this subdivision.

(C) On request, an optometrist will be issued a standing delegation order described by Paragraph (B) of this subdivision unless the physician acting as a reasonable and prudent physician determines that denial is within the scope of sound medical judgment as it pertains to optometry, or that it is not in the public interest, and the basis for denial shall be given to the requesting optometrist in writing if requested. It is necessary that the physician have knowledge of the requesting optometrist, and if not, then same shall be good cause for denial.

(D) A standing delegation order issued under this subdivision or a representation of the order will be prominently displayed in the office of the optometrist. The board will prescribe the form of the standing delegation order and the certificate or representation of the order. The standing delegation order, as a minimum, will:

(i) be in writing, dated and signed by the physician;

(ii) specify the available topical ocular pharmaceutical agents, including but not limited to topical anesthetics and dilating agents, to be administered in the office; and

(iii) specify that said agents shall not be used for therapeutic purposes.

(E) On the complaint of any person or on its own initiative, the board of medical examiners may cancel a standing delegation order issued under this section if it determines that the optometrist possessing the order has violated the standing delegation order or this section.

(F) Except as provided by Paragraph (E) of this subdivision, a standing delegation order issued under this subdivision remains valid as long as:

(i) the physician who issued the order is a resident of this state and is licensed to practice medicine in this state;

(ii) no irregularities are found on annual review; and

(iii) the order is not canceled for good cause by either party.

(G) A physician who has issued a standing delegation order in compliance with this subdivision is

immune from liability in connection with acts performed pursuant to the standing delegation order so long as he has used prudent judgment in the issuance or the continuance of the standing delegation order.

(H) Nothing herein is intended to limit or expand the practice of optometry as defined by law.

(6) Authority to delegate medical acts to properly qualified persons as provided in this section is recognized as applicable to emergency care rendered by emergency medical personnel certified by the Texas Department of Health.

(e) Nothing in this Act shall be construed to prohibit or discourage any person from providing or seeking advice or information pertaining to that person's own self-treatment or self-care, nor shall any portion of this Act be construed to prohibit the dissemination of information pertaining to self-care. However, this subsection confers no authority to practice medicine.

#### Unlawful and Prohibited Practices; Penalties

Sec. 3.07. (a) A person practicing medicine in violation of this Act commits an offense. Except as provided by this section, an offense under this section is a Class A misdemeanor. If it be shown in the trial of a violation of this Act that the person has once before been convicted of a violation of this Act, on conviction the person shall be punished for a third degree felony. Each day of violation constitutes a separate offense. On final conviction of an offense under this section, a person forfeits all rights and privileges conferred by virtue of his licensure under this Act.

(b) Whoever makes any false statement in his application for examination or licensure by the board or who makes any false statement under oath to obtain a license or to secure the registration of a license to practice medicine shall be guilty of tampering with a government record or perjury under the penal code and punished on conviction accordingly.

(c) A physician or surgeon may not employ or agree to employ, pay or promise to pay, or reward or promise to reward any person, firm, association of persons, partnership, or corporation for securing, soliciting, or drumming patients or patronage. A physician or surgeon may not accept or agree to accept any payment, fee, reward, or anything of value for securing, soliciting, or drumming for patients or patronage for any physician or surgeon. Whoever violates any provision of this section commits a Class A misdemeanor. Each payment, reward, or fee or agreement to pay or accept a reward or fee is a separate offense. The preceding shall not be construed to prohibit advertising except that which is false, misleading, or deceptive or that which advertises professional superiority or the performance of professional service in a superior manner and that is not readily subject to verification.

(d) Any person who is required to register annually to practice medicine in this state and who fails or refuses to apply for and pay the annual registration fee as provided for in this Act and who practices medicine is an illegal practitioner and shall, on conviction, be punished in the same manner as for the offense of practicing medicine without a license.

(e) It shall be unlawful for any individual, partnership, trust, association, or corporation by the use of any letters, words, or terms as an affix on stationery or on advertisements, or in any other manner, to indicate that the individual, partnership, trust, association, or corporation is entitled to practice medicine if the individual or entity is not licensed to do so.

(f) It shall be unlawful for any person to do any act described in Subdivision (1), (8), (9), (10), (11), (12), (13), or (15) of Section 3.08 of this Act.

(g) A violation of this Act or a rule or regulation of the board for which a specific other penalty is not provided is a Class A misdemeanor.

(h) If any person licensed to practice medicine has had any charges filed against him when his license was not in force or was suspended, revoked, or canceled, or if any penalties have been incurred by the practitioner during that period, any reinstatement of the license in no way abates the prosecution or penalties.

(i) A person to whom a physician has delegated a medical act to perform is not guilty of practicing medicine without a license unless the person acts with knowledge that the delegation and action thereunder is a violation of this Act.

#### Grounds for Refusal to Admit Persons to Examination and to Issue License and Renewal License

Sec. 3.08. The board may refuse to admit persons to its examinations and to issue a license to practice medicine to any person for any of the following reasons:

(1) submission of a false or misleading statement, document, or certificate to the board in an application for examination or licensure; the presentation to the board of any license, certificate, or diploma that was illegally or fraudulently obtained; the practice of fraud or deception in taking or passing an examination;

(2) conviction of a crime of the grade of a felony or a crime of a lesser degree that involves moral turpitude;

(3) intemperate use of alcohol or drugs that, in the opinion of the board, could endanger the lives of patients;

(4) unprofessional or dishonorable conduct that is likely to deceive or defraud the public or injure the public. Unprofessional or dishonorable conduct likely to deceive or defraud the public includes but is not limited to the following acts:

(A) committing any act that is in violation of the laws of the State of Texas if the act is connected with the physician's practice of medicine. A complaint, indictment, or conviction of a law violation is not necessary for the enforcement of this provision. Proof of the commission of the act while in the practice of medicine or under the guise of the practice of medicine is sufficient for action by the board under this section;

(B) failing to keep complete and accurate records of purchases and disposals of drugs listed in the Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes), or of controlled substances scheduled in the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513). A physician shall keep records of his purchases and disposals of these drugs to include without limitation the date of purchase, the sale or disposal of the drugs by the physician, the name and address of the person receiving the drugs, and the reason for the disposing or dispensing of the drugs to the person. A failure to keep the records for a reasonable time is grounds for revoking, canceling, suspending, or probating the license of any practitioner of medicine. The board or its representative may enter and inspect a physician's place(s) of practice during reasonable business hours for the purpose of verifying the correctness of these records and of taking inventory of the prescription drugs on hand;

(C) writing prescriptions for or dispensing to a person known to be a habitual user of narcotic drugs, controlled substances, or dangerous drugs or to a person who the physician should have known was a habitual user of the narcotic drugs, controlled substances, or dangerous drugs. This provision does not apply to those persons being treated by the physician for their narcotic use after the physician notifies the board in writing of the name and address of the person being so treated;

(D) writing false or fictitious prescriptions for dangerous drugs as defined by Chapter 425, Acts of the 56th Legislature, Regular Session, 1959 (Article 4476-14, Vernon's Texas Civil Statutes), or of controlled substances scheduled in the Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes), or of controlled substances scheduled in the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513);

(E) prescribing or administering a drug or treatment that is nontherapeutic in nature or nontherapeutic in the manner the drug or treatment is administered or prescribed;

(F) prescribing, administering, or dispensing in a manner not consistent with public health and welfare dangerous drugs as defined by Chapter 425, Acts of the 56th Legislature, Regular Session, 1959 (Article 4476-14, Vernon's Texas Civil Statutes), controlled substances scheduled in the Texas Controlled Substances Act (Article 4476-15, Vernon's

Texas Civil Statutes), or controlled substances scheduled in the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513);

(G) persistently and flagrantly overcharging or overtreating patients;

(H) failing to supervise adequately the activities of those acting under the supervision of the physician; or

(I) delegating professional medical responsibility or acts to a person if the delegating physician knows or has reason to know that the person is not qualified by training, experience, or licensure to perform the responsibility or acts;

(5) violation or attempted violation, direct or indirect, of any valid rules issued under this Act, either as a principal, accessory, or accomplice;

(6) use of any advertising statement that is false, misleading, or deceptive;

(7) advertising professional superiority or the performance of professional service in a superior manner if the advertising is not readily subject to verification;

(8) purchase, sale, barter, or use or any offer to purchase, sell, barter, or use any medical degree, license, certificate, diploma, or transcript of license, certificate, or diploma in or incident to an application to the board for a license to practice medicine;

(9) altering, with fraudulent intent, any medical license, certificate, diploma, or transcript of a medical license, certificate, or diploma;

(10) using any medical license, certificate, diploma, or transcript of a medical license, certificate, or diploma that has been fraudulently purchased, issued, or counterfeited or that has been materially altered;

(11) impersonating or acting as proxy for another in any examination required by this Act for a medical license; or engaging in conduct which subverts or attempts to subvert any examination process required by this Act for a medical license. Conduct which subverts or attempts to subvert the medical licensing examination process includes, but is not limited to: (A) conduct which violates the security of the examination materials, as prescribed by board rules; (B) conduct which violates the standard of test administration, as prescribed by board rules; (C) conduct which violates the accreditation process, as prescribed by board rules;

(12) impersonating a licensed practitioner or permitting or allowing another to use his license or certificate to practice medicine in this state for the purpose of diagnosing, treating, or offering to treat sick, injured, or afflicted human beings;

(13) employing, directly or indirectly, any person whose license to practice medicine has been suspended or association in the practice of medicine with any person or persons whose license to practice

medicine has been suspended or any person who has been convicted of the unlawful practice of medicine in Texas or elsewhere;

(14) performing or procuring a criminal abortion or aiding or abetting in the procuring of a criminal abortion or attempting to perform or procure a criminal abortion or attempting to aid or abet the performance or procurement of a criminal abortion;

(15) aiding or abetting, directly or indirectly, the practice of medicine by any person, partnership, association, or corporation not duly licensed to practice medicine by the board;

(16) inability to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this subdivision the board shall, upon probable cause, request a physician to submit to a mental or physical examination by physicians designated by the board. If the physician refuses to submit to the examination, the board shall issue an order requiring the physician to show cause why he should not be required to submit to the examination and shall schedule a hearing on the order within 30 days after notice is served on the physician. The physician shall be notified by either personal service or certified mail with return receipt requested. At the hearing, the physician and his attorney are entitled to present any testimony and other evidence to show why the physician should not be required to submit to the examination. After a complete hearing, the board shall issue an order either requiring the physician to submit to the examination or withdrawing the request for examination. An appeal from the decision of the board shall be taken under the Administrative Procedure Act;

(17) judgment by a court of competent jurisdiction that a person licensed to practice medicine is of unsound mind;

(18) professional failure to practice medicine in an acceptable manner consistent with public health and welfare;

(19) being removed, suspended, or having disciplinary action taken by his peers in any professional medical association or society, whether the association or society is local, regional, state, or national in scope, or being disciplined by a licensed hospital or medical staff of a hospital, including removal, suspension, limitation of hospital privileges, or other disciplinary action, if that action in the opinion of the board was based on unprofessional conduct or professional incompetence that was likely to harm the public, provided that the board finds that the actions were appropriate and reasonably supported by evidence submitted to it. The action does not constitute state action on the part of the association, society, or hospital medical staff;

(20) repeated or recurring meritorious health-care liability claims that in the opinion of the board

evidence professional incompetence likely to injure the public; or

(21) suspension, revocation, or restriction by another state of a license to practice medicine, based upon acts by the licensee similar to acts described in this section. A certified copy of the record of the state taking the action is conclusive evidence of it.

**Loss or Destruction of License; Change of Name of Licensee; Duplicate License**

Sec. 3.09. (a) If any license issued under this Act is lost or destroyed, the holder of the license may present an application for a duplicate license to the board, on a form to be prescribed by the board, together with an affidavit of the loss or destruction, stating that the applicant is the same person to whom the license was issued, and other information concerning its loss or destruction as the board requires and shall, upon payment of a fee as the board may determine to be reasonable, be granted a duplicate license.

(b) The board may issue a new license if the licensee has changed his name.

**Fees**

Sec. 3.10. (a) All annual registration fees collected by the board shall be placed in the State Treasury to the credit of the medical registration fund. The fees deposited to this special fund shall be credited to the appropriations of the board and shall be expended only for items set out in the General Appropriations Act, this Act, or other applicable statutes, to be used by the board and under its direction in the enforcement of this Act, the prohibition of the unlawful practice of medicine, and the dissemination of information to prevent the violation of the laws and to aid in the prosecution of those who violate the laws. All distributions from the fund may be made only upon written approval of the secretary-treasurer of the board or his designated representative, and the comptroller shall upon requisition of the board from time to time draw warrants upon the State Treasurer for the amounts specified in the requisition.

(b) The board may not set, charge, collect, receive, or deposit any of the following fees in excess of:

- (1) for processing and granting a license by reciprocity to a licensee of another state . \$500
- (2) for processing an application and administration of a partial examination for licensure ..... \$500
- (3) for processing an application and administration of a complete examination for licensure ..... \$500
- (4) for processing an application and issuance of a temporary license ..... \$100
- (5) for processing an application and issuance of a duplicate license ..... \$100
- (6) for processing an application and issuance of a license of reinstatement after a lapse or cancellation of a license ..... \$500

(7) for processing an application and issuance of an annual registration of a licensee . \$100

(8) for processing and issuance of an institutional permit for interns, residents, and others in approved medical training programs ..... \$100

(9) for processing an application and issuance of an endorsement to other state medical boards ..... \$100.

(c) The board may set and collect a sales charge for making copies of any paper of record in the office of the board and for any printed material published by the board. The charges shall be in amounts considered sufficient to reimburse the board for the actual expense.

(d) The State Auditor shall audit the financial transactions of the board during each fiscal year.

(e) On or before the first day of January each year, the board shall file with the governor and the presiding officer of each house of the legislature a complete and detailed written report accounting for all funds received and disbursed by the board during the preceding year.

**SUBCHAPTER D. DISCIPLINARY ACTION**

**Grounds for Cancellation, Revocation, Suspension, and Probation of License**

Sec. 4.01. Except for practitioners convicted of a felony under the Texas Controlled Substances Act, as amended (Article 4476-15, Vernon's Texas Civil Statutes), Chapter 425, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 4476-14, Vernon's Texas Civil Statutes), or the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513), the board may cancel, revoke, or suspend the license of any practitioner of medicine or impose any other authorized means of discipline upon proof of the violation of this Act in any respect or for any cause for which the board is authorized to refuse to admit persons to its examination and to issue a license and renewal license. On proof that a practitioner of medicine has been initially convicted of a felony under the Texas Controlled Substances Act, as amended (Article 4476-15, Vernon's Texas Civil Statutes), Chapter 425, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 4476-14, Vernon's Texas Civil Statutes), or the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513), the board shall suspend the practitioner's license. On the practitioner's final conviction for such a felony offense, the board shall revoke the practitioner's license.

**Initiation of Charges**

Sec. 4.02. Proceedings, unless otherwise specified, under this Act and charges against a licensee may be instituted by the board on its own initiative or by any person. Charges must be in writing and

on sworn affidavit filed with the board detailing the nature of the charges. The president or his designee shall set a time and place for a hearing and shall cause a copy of the charges, together with a notice of the time and place fixed for the hearing to be served on the respondent or the respondent's counsel.

#### Notice

Sec. 4.03. (a) Service of process notifying the respondent of the time and place of a hearing and the nature of the charges against the person shall be made in person or by mail. Notice shall be sufficient if made in person or if sent by registered or certified mail to the person charged at the address shown in the board files or on his most recent application for registration or renewal, no later than 10 days before the hearing.

(b) If service of notice as prescribed by Subsection (a) of this section is impossible or cannot be effected, the board shall cause to be published once a week for two successive weeks a notice of the hearing in a newspaper published in the county of the last known place of practice in Texas of the person, if known. If the licensee is not currently practicing in Texas as evidenced by information in the board files, or if the last county of practice is unknown, publication shall be in a newspaper in Travis County. When publication of notice is used, the date of hearing may not be less than 10 days after the date of the last publication of notice.

#### Investigation

Sec. 4.04. All investigations shall be conducted by the board or persons authorized by the board to conduct them. The board may commission investigators as peace officers for the purpose of enforcing this Act. However, investigators of the board so commissioned as peace officers may not carry a firearm or exercise arrest powers.

#### Hearings, Rules

Sec. 4.05. (a) All hearings conducted under this subchapter by the board shall comply with the provisions of the Administrative Procedure Act and the board's rules. The board may delegate the authority to conduct hearings under this subchapter to a hearing committee comprised of not less than three members appointed by the board. The composition of such committee shall be consistent with the provisions of Sections 2.08 and 2.09 of this Act. Any individual or individuals conducting a hearing under this subchapter are empowered to administer oaths and receive evidence at the hearing and shall report the hearing as prescribed by board rules.

(b) The licensee shall have the right to produce witnesses or evidence on the person's behalf, to cross-examine witnesses, and to have subpoenas issued by the board.

(c) The board shall, after the hearing, determine the charges upon their merits.

(d) All complaints, adverse reports, and investigation files and reports received or gathered by the board relating to a licensee, an application for license, or a criminal investigation or proceedings are privileged. The board shall keep information on file about each complaint filed with the board, consistent with this Act. If a written complaint is filed with the board relating to a person licensed by the board, the board, at least as often as quarterly and until final determination of the action to be taken relative to the complaint, shall notify the complaining party consistent with this Act of the status of the complaint unless the notice would jeopardize an active investigation.

(e) The board in its discretion may accept the voluntary surrender of a license. No license may be returned unless the board determines, under rules established by it, that the licensee is competent to resume practice.

#### Right to Counsel

Sec. 4.06. In all hearings under this subchapter, the respondent shall have the right to appear either personally or by counsel or both.

#### Criminal Prosecutions Not Barred

Sec. 4.07. Nothing in this Act shall be construed to bar criminal prosecutions for violations of this Act or any regulation promulgated under this Act.

#### Status of Licensure Pending Appeal

Sec. 4.08. The decision of the board on any disciplinary matter may not be enjoined or stayed except on application to the appropriate court after notice to the board. A person may not practice medicine or deliver health-care services in violation of any disciplinary order or action of the board while the appeal is pending unless otherwise stayed by the district court in which venue of the appeal lies. A stay may not be granted if the licensee's continued practice presents any danger to the public. A stay may not be granted for longer than 120 days.

#### Judicial Review

Sec. 4.09. (a) Any person whose license to practice medicine has been canceled, revoked, suspended, or otherwise disciplined by the board may, within 30 days after the decision complained of is final and appealable, take an appeal to any of the district courts in the licensee's county of residence, if the county of residence is at the time of the hearing in Texas. Otherwise, the appeal shall be taken to one of the district courts of Travis County.

(b) The proceedings on appeal shall be under the substantial evidence rule as provided for in the Administrative Procedure Act.

#### Petition for Reinstatement

Sec. 4.10. Upon application, the board may reissue a license to practice medicine to a person whose license has been canceled, revoked, or suspended,

but the application, in the case of revocation, may not be made prior to one year after the revocation was issued or became final and must be made upon payment of the fees as established by the board and in the manner and form and under the conditions as the board may require. Further, the board may not reinstate or reissue a license to a person whose license has been canceled, revoked, or suspended because of a felony conviction under the Texas Controlled Substances Act, as amended (Article 4476-15, Vernon's Texas Civil Statutes), Chapter 425, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 4476-14, Vernon's Texas Civil Statutes), or the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513), except on an express determination based on substantial evidence contained in an investigative report indicating that the reinstatement or reissue of the license is in the best interests of the public and of the person whose license has been canceled, revoked, or suspended.

#### Probation

Sec. 4.11. (a) The board upon majority vote may provide that the order canceling, revoking, or suspending a license or imposing any other method of discipline be probated so long as the probationer conforms to the orders, conditions, and rules that the board may set out as the terms of probation. However, the board may not grant probation to a person whose license has been canceled, revoked, or suspended because of a felony conviction under the Texas Controlled Substances Act, as amended (Article 4476-15, Vernon's Texas Civil Statutes), Chapter 425, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 4476-14, Vernon's Texas Civil Statutes), or the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et seq. (Public Law 91-513), except on an express determination, based on substantial evidence, that the grant of probation is in the best interests of the public and of the person whose license has been suspended, revoked, or canceled. The board, at the time of probation, shall set out the period of time that constitutes the probationary period.

(b) The board may at any time while the probationer remains on probation hold a hearing and, upon majority vote, rescind the probation and enforce the board's original action.

(c) The hearing to rescind the probation shall be governed by the same provisions as are set forth in this subchapter for other charges.

#### Methods of Discipline

Sec. 4.12. Except as otherwise provided in Section 4.01, if the board finds any person to have committed any of the acts set forth in Section 3.08 of this Act, it may enter an order imposing one or more of the following:

- (1) deny the person's application for a license or other authorization to practice medicine;
- (2) administer a public or private reprimand;
- (3) suspend, limit, or restrict the person's license or other authorization to practice medicine, including limiting the practice of the person to or by the exclusion of one or more specified activities of medicine;
- (4) revoke the person's license or other authorization to practice medicine;
- (5) require the person to submit to care, counseling, or treatment of physicians designated by the board as a condition for the initial, continued, or renewal of a license or other authorization to practice medicine;
- (6) require the person to participate in a program of education or counseling prescribed by the board;
- (7) require the person to practice under the direction of a physician designated by the board for a specified period of time; or
- (8) require the person to perform public service considered appropriate by the board.

#### Temporary Suspension of License

Sec. 4.13. If the executive committee of the board determines from the evidence or information presented to it that a person licensed to practice medicine in this state by his continuation in practice would constitute an immediate danger to the public, the executive committee of the board may temporarily suspend the license of that person without notice or hearing on the complaint, provided institution of proceedings for a hearing before the board is initiated simultaneously with the temporary suspension and provided that a hearing is held as soon as can be accomplished under the Administrative Procedure Act and this Act.

#### Report of Board Actions

Sec. 4.14. The board shall report within 30 days the restriction, suspension, or revocation of a physician's license or other disciplinary action by the board against a physician to the appropriate health facilities and hospitals, professional societies of physicians in this state, any entity responsible for the administration of Medicare and Medicaid in this state, and the complainant.

### SUBCHAPTER E. OTHER PROVISIONS

#### Certification of Certain Organizations

Sec. 5.01. (a) The board shall, on a form adopted by the board and under the rules promulgated by the board, approve and certify any health organization formed solely by persons licensed by the board upon application by the organization and presentation of satisfactory proof to the board that the organization:

(1) is a nonprofit corporation under the provisions of the Texas Non-Profit Corporation Act (Article 1396-1.01, et seq., Vernon's Texas Civil Statutes);

(2) is organized for any or all of the following purposes: the carrying out of scientific research and research projects in the public interest in the fields of medical sciences, medical economics, public health, sociology, and related areas; the supporting of medical education in medical schools through grants and scholarships; the improving and developing of the capabilities of individuals and institutions studying, teaching, and practicing medicine; the delivery of health care to the public; and the engaging in the instruction of the general public in the area of medical science, public health, and hygiene and related instruction useful to the individual and beneficial to the community; and

(3) shall be organized and incorporated by persons licensed by the board and that the directors and trustees of the organization and their successors in office shall be persons licensed by the board and actively engaged in the practice of medicine.

(b) The board may, at its discretion, refuse to approve and certify any such health organization making application to the board if in the board's determination the applying nonprofit corporation is established or organized or operated in contravention to or with the intent to circumvent any of the provisions of this Act.

#### Supervision of Physician Assistants

#### Revocation, Cancellation, or Suspension of License or Certification

Sec. 23. (a) The Texas State Board of Examiners of Psychologists shall have the right to cancel, revoke, suspend, or refuse to renew the license or certification of any psychologist or the certificate of any psychological associate or reprimand any psychologist upon proof that the psychologist:

The Board, at the time of probation, shall set out the period of time which shall constitute the probationary period. Provided further, that the Board may at any time while the probationer remains on probation hold a hearing, and upon majority vote, rescind the probation and enforce the Board's original action in revoking, cancelling, or suspending the psychologists' license or certification, the said hearing to rescind the probation shall be called by the Chairman of the Texas State Board of Examiners of Psychologists who shall cause to be issued a notice setting a time and place for the hearing and containing the charges or complaints against the probationer, said notice to be served on the probationer or his counsel at least ten (10) days prior to the time set for the hearing. When personal service is impossible, or cannot be effected, the same provisions for service in lieu of personal service as heretofore set out in this Act shall apply. At said hearing the respondent shall have the right to appear either personally or by counsel or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board shall thereupon determine the charges upon their merits. All charges, complaints, notices, orders, records, and publications authorized or required by the terms of this Act shall be privileged. (b) If the applicant or person seeking renewal of certification refuses to submit to the examination, the Board shall issue an order requiring that person to show cause for his refusal and shall schedule a hearing on the order within thirty (30) days after notice is served on the person who has refused to submit to the examination. Notice shall be given either by personal service or by registered mail return receipt requested. At the hearing the person may appear personally and by counsel and present evidence in justification of his refusal to submit to the examination. After a complete hearing the Board shall issue an order either requiring the person to submit to the examination or withdrawing the request for the examination. (b) A vacancy on the board shall be filled by appointment by the governor with the advice and consent of the senate for the remainder of the term.

(c) Appointments to the board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

(d) The board may appoint an executive director at an annual salary as determined by legislative appropriation.

(e) The executive director shall administer this Act and carry out the instructions of the board, including the employment of investigators and other staff as required to implement the purpose of this Act. If a written complaint is filed with the board relating to a licensee, the board, at least as frequently as quarterly and until final disposition of the complaint, shall notify the parties to the complaint of the status of the complaint unless the notice would jeopardize an undercover investigation.

(8) request and receive the assistance of state educational institutions or other state agencies; and

A member of the board may not receive a fixed salary for his services, but each member is entitled to a per diem as set by legislative appropriation for each day that the member engages in the business of the board. A member may not receive any compensation for travel expenses, including expenses for meals and lodging, other than transportation expenses. A member is entitled to compensation for transportation expenses as provided by the General Appropriations Act.

#### Board Personnel

Sec. 8. (a) The executive secretary must be an employee of the department. The Commissioner of Health, after consulting with the board, shall designate an employee to serve as executive secretary of the board. The executive secretary shall be the administrator of professional counselor licensing activities for the board. In addition to his other duties prescribed by this Act and by the department, the executive secretary shall:

(1) keep full and accurate minutes of the transactions and proceedings of the board;

The department may secure by agreement services that it considers necessary and provide for compensation for these services and may employ and compensate, within appropriations available, the professional consultants, technical assistants, and employees on a full- or part-time basis necessary to administer this Act.

#### Initial Licensing Period

Sec. 9. (a) For one year beginning on the effective date of this Act, a person may apply for licensing without examination, except that if the board cannot establish competence to its satisfaction through an examination of credentials, it may require examination of an applicant under the initial licensing period. For the initial licensing period an applicant must:

(1) be at least 18 years old;

(2) have submitted a completed application as required by the board accompanied by the application fee set by the board; the board may require that the statements on the application be made under oath; and

(3) have:

(A) a master's degree;

(B) at least 30 graduate semester hours in the field of counseling or the substantial equivalent in both subject matter and extent of training; and

(C) 24 months or 2,000 hours of professional experience working in a counseling setting that meets the requirements established by the board.

(b) For two years beginning on the effective date of this Act, a person may apply for licensing in a counseling specialty authorized by Section 13 of this

Act without examination, except that if the board cannot establish competence to its satisfaction through an examination of credentials, it may require examination of an applicant under the initial licensing period. For the initial licensing period an applicant must:

- (1) meet the requirements prescribed by Subsection (a) of this section; and
- (2) have attained professional credentials consistent with the standards of the counseling specialty required by Section 13 of this Act.

#### Applicant Qualifications

Sec. 10. An applicant is qualified for a license to practice counseling if the applicant:

- (1) is at least 18 years old;
- (2) has submitted an application as required by the board, accompanied by the application fee set by the board; the board may require that the statements on the application be made under oath;
- (3) has met requirements prescribed by the board;
- (4) has successfully completed at a regionally accredited institution of higher education a planned graduate program of 45 semester hours or the substantial equivalent, including 300 clock hours of supervised practicum that is primarily counseling in nature and that meets the specific academic course content and training standards established by the board. The board shall use the standards as developed by the appropriate professional association; and
- (5) has 24 months or 2,000 hours of supervised experience working in a counseling setting that meets the requirements established by the board.

#### Application Review

Sec. 11. After investigation of the application and other evidence submitted, the board shall, not later than the 30th day before the examination date, notify each applicant that the application and evidence submitted are satisfactory and accepted or unsatisfactory and rejected. If rejected, the notice shall state the reasons for the rejection.

#### Examination

Sec. 12. (a) Examinations to determine competence shall be administered to qualified applicants at least twice each calendar year. The examinations shall be in any of the following forms as determined by the board for each applicant:

- (1) a field examination through questionnaires answered by the applicant's instructors, employers, supervisors, references, and others who are competent in the board's judgment to evaluate the applicant's professional competence, which may include the submission of written case studies and taped interviews with the applicant's instructors, employers, supervisors, references, and others or submission of documentary evidence of the quality, scope,

and nature of the applicant's experience and competence as the board considers necessary; or

- (2) other examinations as prescribed by the board.

(b) If a written examination is required, the board shall grade the examination and recommend to the chairman action to be taken. To ensure impartiality, written examination documents shall be identified by number, and no paper may be marked with the name of an applicant but shall be anonymously graded by the board. In the event an applicant fails to receive a passing grade on the entire examination, he may reapply and shall be allowed to take a subsequent examination. An applicant who has failed two successive examinations may not reapply until two years have elapsed from the date of the last examination or he has satisfactorily completed nine graduate semester hours in the applicant's weakest portion of the examination.

(c) Within 30 days after the day a licensing examination is administered under this Act, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the day the board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify the examinee of the reason for the delay before the 90th day.

(d) If requested by a person who fails the examination for a license, the board shall furnish to the person an analysis of the person's performance on the examination.

#### Licensed Professional Counselor Specialties

Sec. 13. A specialty designation except in the area of marriage and family counseling may be added on demonstration to the board that the applicant has met the recognized minimum standards as established by nationally recognized certification agencies. On passage of an examination, written, oral, or situational, or all three, and on receipt of credentials from certifying agencies, the board may, by a simple majority of the board members present and voting, consider the credentials adequate evidence of professional competence and recommend to the chairman of the board that a license with appropriate specialty designation, if any, be approved. A professional counselor may not claim or advertise a counseling specialty unless the qualifications of that specialty have been met and have been approved by the board.

#### Licenses and Renewal of Licenses

Sec. 14. (a) A license certificate issued by the board is the property of the board and must be surrendered on demand.

- (b) The licensee shall display the license certificate in an appropriate and public manner.

(c) The licensee shall inform the board of his current address at all times.

(d) Each year the board shall prepare a registry of licensed professional counselors with specialties, if any, identified. The registry shall be made available to the licensees, other state agencies, and the general public on request.

(e) The license may be renewed annually if the licensee is not in violation of this Act at the time of application for renewal and if the applicant fulfills current requirements of continuing education as established by the board.

(f) Each person licensed under this Act is responsible for renewing his license before the expiration date.

(g) The board shall adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee that is applicable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable. Failure to renew a license by the expiration date shall result in an increase of the renewal fee by an amount to be determined by the board with the approval of the department. If failure to renew continues for more than 30 days after the date of expiration, the board shall notify the person licensed under this Act of the expiration date of his license and the amount of the fee required for renewal. If failure to renew continues for more than 90 days after the date of expiration of the license, the license shall be revoked. Any licensee whose license is revoked because of failure to pay the annual license renewal fee may secure reinstatement of his license at any time within one year from the expiration date on payment of the license fee and a penalty fee in an amount to be determined by the board with the approval of the department. After the expiration of the year for which the license fee was not paid, a license may not be reinstated unless the licensee fulfills current requirements applicable to all licensees as provided by the rules adopted by the board.

(h) A licensee may request that his license be declared inactive. The licensee then foregoes the licensing rights granted under this Act but is relieved of renewal fees and penalty fees. At any time in the future, the license shall be declared active on the payment of a license fee if the applicant is not in violation of this Act at the time of application for reactivation or renewal of the license and if the applicant fulfills current requirements applicable to all licensees as provided by the rules adopted by the board.

#### Penalty

Sec. 15. (a) A person commits an offense if the person, after one year from the effective date of

this Act, knowingly or intentionally acts as a licensed professional counselor without a license issued under this Act.

(b) An offense under this section is a Class B misdemeanor.

#### Revocation or Suspension of License

Sec. 16. (a) The board may revoke or suspend the license of a counselor on proof that the counselor:

(1) has violated this Act or a rule or code of ethics adopted by the board; or

(2) is legally committed to an institution because of mental incompetence for any cause.

(b) Proceedings for revocation or suspension of a license and appeals from those proceedings are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

#### Power to Sue

Sec. 17. The board or the department may institute a suit in its own name to enjoin the violation of this Act. The suit is in addition to any other action, proceeding, or remedy authorized by law. The board shall be represented by the attorney general or the appropriate county or district attorney.

#### Reciprocity

Sec. 18. The board may grant, on application and payment of fees, a license without examination to a person who at the time of application holds a valid license or certificate as a counselor issued by another state or any political territory or jurisdiction acceptable to the board if in the board's opinion the requirements for that license or certificate are substantially the same as the requirements of this Act.

#### Revenue, Receipts and Disbursements

Sec. 19. The department shall receive and account for funds derived under this Act. The funds shall be deposited in the State Treasury to the credit of a special fund to be known as the professional counselors licensing fund and may be used only for the administration of this Act. The board may impose application, examination, license, and renewal fees and any other appropriate fees in an amount fixed by the board. The board shall fix the amounts of the fees to collect sufficient revenue to meet the expenses of administering this Act without accumulating unnecessary surpluses.

#### Annual Report

Sec. 20. Not later than the 90th day after the last day of each state fiscal year, the board shall submit to the governor, lieutenant governor, and speaker of the house a report about the activities of the board during the preceding fiscal year.

**Application of Sunset Act**

Sec. 21. The board is subject to the Texas Sunset Act, as amended (Article 5429k, Vernon's Texas Civil Statutes). Unless the board is continued in existence as provided by that Act, the board is abolished effective September 1, 1993.

**Initial Board Appointments**

Sec. 22. In making the initial appointments to the board, the governor shall designate three members for terms expiring February 1, 1983, three members for terms expiring February 1, 1985, and three members for terms expiring February 1, 1987.

(i) This Act does not apply to persons employed by the Texas Department of Health in its programs concerned with hearing or speech services as long

as they are performing duties under the jurisdiction of the Texas Department of Health.

(5) have obtained the equivalent of nine months of full-time supervised professional experience in which bona fide clinical work has been accomplished in the major professional area for which the license is being sought, under the supervision of a qualified person acceptable to the committee pursuant to guidelines approved by the board which experience must have begun after completion of the academic and clinical experience required by this section.

#### Application for License

Sec. 11. Each person desiring a license under this Act shall make application to the committee on a form and in the manner the committee prescribes. The application shall be accompanied by the application fee which may not be refunded by the committee.

#### Examination

Sec. 12. (a) Each applicant shall be examined by the committee and shall pay to the committee, at least 30 days prior to the date of examination, a nonrefundable examination fee prescribed by the committee. The examination shall be given at least twice each year at a time and place established by and under the supervision of the committee.

(b) The committee may examine by written or oral examination or by both. The committee shall maintain a record of all examination scores for at least two years after the date of examination.

(c) Standards for acceptable performance shall be determined by the committee.

(d) The committee may examine in whatever theoretical or applied fields of speech-language pathology or audiology it deems appropriate. It may examine the candidates with regard to their professional skills and their judgment in the utilization of speech-language pathology or audiology techniques or methods.

(e) Persons who fail the examination may be examined at a subsequent time if they pay another nonrefundable examination fee. No applicant who has taken and failed to pass two examinations may take the examination until the person has submitted a new application together with a nonrefundable application fee and presented evidence to the committee of additional study in the area for which licensure is sought.

(f) The committee may waive the examination for applicants who:

(1) present proof of current licensure in another state, including the District of Columbia, or territory of the United States which maintains professional standards considered by the committee to be equivalent to those set forth in this Act; or

(2) hold the Certificate of Clinical Competence of the American Speech-Language Hearing Association in the area for which a license is being sought.

#### Licensing under Special Conditions

Sec. 13. (a) The committee on request must waive educational, professional experience, and examination requirements for licensure in speech-language pathology for applicants who hold a baccalaureate or graduate degree, are fully certified by the Central Education Agency in speech and hearing therapy or in the judgment of the committee have met equivalent requirements, and within two years prior to the effective date of this Act were engaged in the practice of speech pathology on proof of bona fide practice of speech pathology, presented to the committee in the manner prescribed by the committee's rules, provided they file an application for licensure with the committee or the board of health before August 31, 1984. Such licenses shall be issued without delay and shall be renewed in the same manner as licenses granted under other provisions of this Act.

(b) The committee on request shall waive educational, professional experience, and examination requirements for licensure in audiology for applicants who on the effective date of this Act hold a baccalaureate or graduate degree and have successfully completed 21 semester hours of course work in audiology, and are engaged in the practice of audiology on proof of bona fide practice of audiology presented to the committee in the manner prescribed by the committee's rules, provided they file an application for licensure with the committee or the department within 90 days from the effective date of this Act.

(c) The committee may waive the examination and grant licensure to an applicant who presents proof of current licensure in another state, including the District of Columbia, or territory of the United States which maintains professional standards considered by the committee to be equivalent to those set forth in this Act.

(d) The committee may waive the examination and grant licensure to an applicant who holds the Certificate of Clinical Competence of the American Speech-Language Hearing Association or has met equivalent requirements in the area for which a license is sought.

#### Issuance of License

Sec. 14. (a) The committee shall issue a license to an applicant who meets the requirements of this Act and who pays to the committee the initial nonrefundable license fee.

(b) A temporary certificate of registration may be applied for by a person who fulfills the requirements of Section 10 of this Act and who has not previously applied to take the examination provided under Section 12 of this Act.

(c) On receiving an application provided for under Subsection (b) of this section accompanied by the nonrefundable application fee, the committee shall issue a temporary certificate of registration which entitles the applicant to practice audiology or speech-language pathology for a period ending eight weeks after the conclusion of the next examination given after the date of issue.

(d) All licenses expire and become invalid one year from the date of issuance if not renewed.

#### Renewal of License

Sec. 15. (a) Each licensed speech-language pathologist or audiologist shall annually pay the nonrefundable renewal fee for a renewal of his license. A 60-day grace period shall be allowed. After expiration of the grace period, the committee may renew each license after payment of a penalty set by the rules. No person who applies for renewal within two years after the date of expiration of the license may be required to submit to an examination as a condition to renewal.

(b) Persons who fail to renew their license within two years after the date of its expiration may not renew it, and it may not be restored, reissued, or reinstated thereafter, but those persons may apply for and obtain a new license if they meet the requirements of this Act.

(c) Within three years of the effective date of this Act, renewal of a license is contingent on the applicant's meeting uniform continuing education requirements established by the committee. These continuing education requirements must be of such a nature that they can be met without necessitating an extended absence from the licensee's county of residence. Notice of continuing education require-

ments shall be sent to all persons licensed under this Act at least 12 months prior to the time that the person's license renewal is dependent on completion of the requirements. Continuing education requirements shall be sent to new applicants with the forms on which they are to apply for licensure. Notification or changes in continuing education requirements shall be sent to persons licensed under this Act at least one year prior to the date on which the new requirements become effective.

(d) A suspended license is subject to expiration and may be renewed as provided in this Act, but the renewal does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity or in any other activity or conduct in violation of the order or judgment by which the license was suspended. A license revoked on disciplinary grounds is subject to expiration as provided in this Act, but it may not be renewed. If it is reinstated after its expiration, the licensee as a condition of reinstatement shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of the license revocation.

#### Fees

Sec. 16. The amount of fees initially prescribed in connection with a license as a speech-language pathologist or audiologist may not exceed the following:

(1) application fee:	\$75
(2) examination fee:	\$50
(3) initial license fee:	\$75
(4) license renewal fee:	\$75
(5) delinquency fee:	\$50
(6) temporary license fee:	\$25
(7) duplicate license fee:	\$10

The committee by rule shall establish fees, and such fees shall be adjusted so that the total fees collected shall be sufficient to meet the expenses of administering this Act and so that unnecessary surpluses in the fund provided for in Section 20 of this Act are avoided.

#### Denial, Suspension, and Revocation

Sec. 17. (a) The committee may refuse to issue a license to an applicant or may suspend or revoke the license of any licensee for any of the following causes:

- (1) obtaining a license by means of fraud, misrepresentation, or concealment of material facts;
- (2) selling, bartering, or offering to sell or barter a license or certificate of registration;
- (3) unprofessional conduct that has endangered or is likely to endanger the health, welfare, or safety of the public as defined by the rules established by the committee or violation of the code of ethics adopted and published by the committee;

(4) violating any lawful order or rule rendered or adopted by the committee; or

(5) violating any provisions of this Act.

(b) The committee shall deny an application for or suspend or revoke or impose probationary conditions on a license as ordered by the committee in any decision made after hearing as provided in this Act. One year from the date of revocation of a license under this Act, application may be made to the committee for reinstatement. The committee shall have discretion to accept or reject an application for reinstatement and may require an examination for the reinstatement.

(c) A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge of a felony or of an offense involving moral turpitude is deemed to be a conviction within the meaning of this Act. At the direction of the committee the license may be suspended or revoked or the committee may decline to issue a license when the time for appeal of the conviction has elapsed or the judgment or conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence irrespective of a subsequent order allowing a person to withdraw his or her plea of guilty, or setting aside the verdict of guilty, or dismissing the information or indictment.

#### Penalties

Sec. 18. (a) A person who violates any of the provisions of this Act is guilty of a Class B misdemeanor and on conviction may be punished by confinement in the county jail not exceeding six months, by a fine not exceeding \$1,000, or by both.

(b) If a person other than a licensed speech-language pathologist or audiologist has engaged in any act or practice which constitutes an offense under this Act, a district court of any county on application of the committee may issue an injunction or other appropriate order restraining such conduct.

#### Procedures for Denial, Revocation, or Suspension of a License

Sec. 19. (a) A person whose application for a license is denied is entitled to a hearing before the committee if such person submits a written request to the committee.

(b) Proceedings for revocation or suspension of a license shall be commenced by filing charges with the committee in writing and under oath. The charges may be made by any person or persons.

(c) The chairperson of the committee shall fix a time and place for a hearing and shall cause a written copy of the charges or reason for denial of a license, together with a notice of the time and place fixed for the hearing, to be served on the applicant requesting the hearing or the licensee against whom the charges have been filed at least 20 days prior to the date set for the hearing. Service of charges

and notice of hearing may be given by certified mail to the last known address of the licensee or applicant.

(d) At the hearing the applicant or licensee has the right to appear either personally or by counsel or both, to produce witnesses, to have subpoenas issued by the committee, and to cross-examine opposing or adverse witnesses.

(e) The committee shall determine the charges on their merits and enter an order in a permanent record setting forth the findings of fact and law and the action taken. A copy of the order of the committee shall be mailed to the applicant or licensee at his or her last known address by certified mail.

(f) An individual whose application for a license has been refused or whose license has been cancelled, revoked, or suspended by the committee may take an appeal, within 20 days after the order is entered, to any district court of Travis County or to any district court of the county of his or her residence.

(g) In all appeals prosecuted in any of the courts of this state pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from justice of the peace courts. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts in Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act.

(h) All proceedings under this Act shall conform to the requirements of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13g, Vernon's Texas Civil Statutes), except as modified by this section.

#### Disposition of Funds Received

Sec. 20. (a) All funds received by the committee under this Act shall be deposited in accordance with applicable state law in the State Treasury in a separate fund to be known as the speech-language pathology and audiology fund and be appropriated to the Texas Department of Health solely for administration of this Act.

(b) After August 31, 1984, all expenses for the administration of the Act shall be paid from fees collected by the committee under this Act.

(c) There is hereby appropriated \$80,000 to the speech-language pathology and audiology fund for the implementation of this Act, said funds coming from the General Revenue Fund for the first year provided that the first \$80,000 of application and license fees shall be returned to the General Revenue Fund as they are received.

Sec. 21. The provisions of Chapter 95, Acts of the 51st Legislature, Regular Session, 1949, as amended (Article 4590c, Vernon's Texas Civil Statutes),<sup>1</sup> do not apply to audiologists or speech-lan-

**Art. 4518. Accreditation of Schools of Nursing and Educational Programs; Certification of Graduates; Examination by Board and Requirement of Registration; Continuing Education**

Sec. 1. It shall be the duty of the Board of Nurse Examiners to prescribe and publish the minimum requirements and standards for a course of study in programs which prepare professional nurse practitioners. All other regulations necessary to conduct accredited schools of nursing and educational programs for the preparation of professional nurses shall be as prescribed by the Board, provided, however, that the minimum period of time that the Board may require shall be at least two (2) academic years and the maximum period of time shall not exceed four (4) calendar years. The Board shall accredit such schools of nursing and educational programs as meet its requirements and shall deny or withdraw accreditation from schools of nursing and educational programs which fail to meet the prescribed course of study or other standards.

The Board shall give those persons and organizations affected by its orders or decisions under this Article reasonable notice thereof, not less than twenty (20) days, and an opportunity to appear and be heard with respect to same. The Board shall hear all protests or complaints from such persons and organizations affected by such rule, regulation or decision as to the inadequacy or unreasonableness of any rule, regulation or order promulgated or

The Board shall determine the score, not to exceed a score required by a majority of the states, that constitutes a passing grade on the examination.

Sec. 4. Any person practicing or offering to practice professional nursing in this state for compensation, shall hereafter be required to submit evidence to the Board of Nurse Examiners that he or she is qualified to practice and shall be registered as provided by this law.

Sec. 5. Upon filing application for examination each applicant shall pay an examination fee which shall in no case be returned to the applicant. If the applicant passes the examination, then no further fee shall be required for registration. Any applicant for registration who fails to successfully pass the examination herein provided for shall have the right to stand a second examination. The examination shall be given in various cities throughout the State and shall be of such character as to determine the fitness of the applicant to practice professional nursing. Within 30 days after the date on which a licensing examination is administered, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the date the board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify each examinee of the reason for the delay before the 90th day. If requested in writing by a person who fails the licensing examination, the board shall furnish the person with an analysis of the person's performance on the examination. If the result of the examination be satisfactory to the board, a certificate shall

(b) The board may issue a permit to practice professional nursing under the direct supervision of a Registered Nurse to graduates of approved educational programs pending the results of the licensing examination. #### Art. 4525. Disciplinary Proceedings

(a) The board of nurse examiners may refuse to admit persons to its examinations, may refuse to issue a license or certificate of registration or to issue a certificate of re-registration, may refuse to issue a temporary permit, may issue a warning or reprimand, may suspend for any period not to exceed 2 years, or may revoke the license or certificate of any practitioner of professional nursing, for any of the following reasons:

(1) The violation of any of the provisions of this law, any rule, regulation not inconsistent with this law, or order issued hereunder.

(2) Is guilty of fraud or deceit in procuring or attempting to procure a license to practice professional nursing.

(3) Conviction of a crime of the grade of felony, or a crime of lesser grade which involves moral turpitude.

(4) The use of any nursing license, certificate, diploma or permit, or transcript of such license, certificate, diploma or permit, which has been fraudulently purchased, issued, counterfeited, or materially altered.

(5) The impersonation of, or the acting as a proxy for, another in any examination required by law to obtain a license to practice professional nursing.

(6) Aiding or abetting, directly or indirectly, or in any manner whatsoever, any unlicensed person in connection with the unauthorized practice of professional nursing.

(7) Revocation, suspension, or denial of the license to practice nursing in another jurisdiction. Certified copy of the order of denial, suspension, or revocation shall be conclusive evidence thereof.

(8) Intemperate use of alcohol or drugs if the nurse knows or should know that the effects of that use endangers or could endanger patients. Intemperate use includes but is not limited to practicing professional nursing or being on duty or call while under the influence of alcohol or drugs.

(9) Unprofessional or dishonorable conduct which, in the opinion of the board, is likely to deceive, defraud, or injure patients or the public.

(10) Adjudication of mental incompetency.

(11) Lack of fitness to practice by reason of mental or physical health that could result in injury to patients or the public.

(b) Proceedings under this Article shall be begun by filing charges with the board of nurse examiners in writing and under oath. Such charges may be made by any person or persons. An information file about each complaint filed relating to a licensee shall be maintained by the board. If a written complaint is filed with the board relating to a licensee, the board at least as frequently as quarterly and until final disposition of the complaint, shall notify the parties to the complaint of the status of the complaint unless the notice would jeopardize an undercover investigation. The board shall make such preliminary investigation of the charges as it deems necessary and may issue a warning or reprimand to the person charged. If the board proposes to refuse to admit a person to its examination, to refuse to issue a temporary permit, license, certificate of registration, certificate of re-registration, or to suspend or revoke a person's permit, license, or certificate, the person is entitled to a hearing before the board. Proceedings for these disciplinary actions are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). If a licensed professional nurse voluntarily surrenders said license to the board and executes a sworn statement that he or she no longer desires to be licensed, the board may revoke said license without the necessity of formal charges, notice, or opportunity of hearing.

(c) Any person whose license or certificate to practice professional nursing has been revoked or suspended by the board or who has been otherwise disciplined by the board may take an appeal to any of the district courts in the county of residence, but the decision of the board shall not be enjoined or stayed except on application to such district courts after notice to the board. Upon application the board may reissue a license or certificate to practice professional nursing to a person whose license has been revoked or suspended but such application, in case of revocation, shall not be made prior to one year after the revocation was issued and shall be made in such manner and form as the board may require.

(d) The board shall have the right and may, upon majority vote, rule that the order denying an application for a license or suspending any license be probated so long as the probated practitioner conforms to such orders and rules as the board may set out in the terms of probation. The board, at the time of probation, shall set out the period of time which shall constitute the probationary period; provided further that the board may at any time while the probationer remains on probation hold a hearing

and upon majority vote rescind the probation and enforce the board's original action in denying or suspending such license. The said hearing to rescind the probation shall be called by the president of the board who shall cause to be issued a notice setting the time and place for the hearing and containing the charges or complaints against the probationer, said notice to be served on the probationer or his or her counsel at least 20 days prior to the time set for the hearing. Notice shall be sufficient if sent by registered or certified mail to the person charged at the address shown on his or her most recent application for certificate of registration or re-registration.

(e) The board of nurse examiners is charged with the duty of aiding in the enforcement of the provisions of this chapter, and may retain legal counsel to represent the board, but prior to retaining outside legal counsel, the board shall request the attorney general to perform such services and may only retain outside counsel if the attorney general so certifies to the board that the attorney general cannot provide such services. The board shall have the power to issue subpoenas, compel the attendance of witnesses, administer oaths to persons giving testimony at hearings, and cause the prosecution of all persons violating any provisions of this chapter. It shall keep a record of all its proceedings and make an annual report to the Governor. Any member of the board may present to a prosecuting officer complaints relating to violations of any of the provisions of this chapter, and the board through its members, officers, counsel, or agents shall assist in the trial of any cases involving alleged violation of this chapter, subject to the control of the prosecuting officers. The Attorney General is directed to render such legal assistance as may be necessary in enforcing and making effective the provisions of this chapter; provided that this shall not relieve the local prosecuting officers of any of their duties under the law as such.

#### Art. 4526. Re-registration

The board shall adopt a system under which licenses issued by the board shall be renewed each biennium. For the year in which the expiration date is changed, registration fees payable on or before March 31 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the re-registration fee that is allocable to the months in which the registration is valid. On the new expiration date, the total re-registration fee is payable. The board shall notify each licensee at least 30 days in advance of the date of expiration of the license. The application for re-registration shall be mailed by United States mail to the address shown in the board's records. Any application received after the expiration date shall be charged a

late fee. If a license has been expired for not more than 90 days, the person may renew the license by paying to the board the required renewal fee and a fee that is one-half the examination fee for the license. If a license has been expired for more than 90 days but less than two years, the person may renew the license by paying to the board all unpaid renewal fees and a fee that is equal to the examination fee for the license. If a license has been expired for two years or more, the person may renew the license on meeting the requirements that the board considers necessary. If any registered nurse continues to practice professional nursing beyond the time for which the nurse is registered or re-registered, the nurse shall be considered to be an illegal practitioner and the license may be revoked or suspended.

#### Examination and Licenses

Sec. 6. (a) Except as provided in Section 7 of this Act, every person desiring to be licensed as a Licensed Vocational Nurse or use the abbreviation L.V.N. in the State of Texas, shall be required to pass the examination given by the Board of Vocational Nurse Examiners or its delegate. The applicant shall make application by presenting to the secretary of the Board, on forms furnished by the Board, satisfactory sworn evidence that the applicant has had at least two (2) years of high school education or its equivalent and has completed an approved course of not less than twelve (12) months in an approved school for educating vocational nurses. An approved school as used herein shall mean one approved by the Board. Application for examination by the Board or its delegate shall be made at least thirty (30) days prior to the date set for the examination.

(b) The Board in its discretion may waive the requirement in subdivision (a) of this Section for completion of a course in an approved school for educating Vocational Nurses upon presentation of satisfactory sworn evidence that the applicant has completed at least two (2) years of education in a nursing school approved by the State Board of Nurse Examiners of Texas or in some other school of professional nurse education approved by a similar board or licensing agency of another State of the United States.

(c) Within 30 days after the date a licensing examination is administered under this Act, the Board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the Board shall notify each examinee of the results of the examination within two weeks after the date the Board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the Board shall notify each examinee of the reason for the delay before the 90th day. If requested in writing by a person who fails the licensing examination administered under this Act, the Board shall furnish the person with an analysis

of the person's performance on the examination or other information which the Board has available to it after the tests are scored.

(d) If an examinee has graduated from an approved educational program in vocational nursing in this or another state or successfully completed two years of an associate degree program or diploma program in professional nursing education in this or another state, the Board may issue to the examinee, pending the results of the licensing examination, a temporary permit to practice vocational nursing under the direct supervision of a licensed vocational nurse, registered professional nurse, or licensed physician. A permit issued to an applicant who fails the examination expires on the applicant's receipt of the results of the examination. A permit issued to an applicant who passes the examination expires on the applicant's receipt of a license from the Board. A permit may not be issued to an applicant who has previously failed an examination administered by the Board or by another state.

(e) Any nurse who is licensed under the provisions of this Act, when on duty in a public or private hospital, nursing home, or licensed health-care facility, shall wear identifying insignia on white caps or uniforms.

#### Endorsement

Sec. 7. Any applicant who holds a license as a Vocational Nurse or Practical Nurse issued by another state whose requirements are equal to those of Texas, and whose individual qualifications shall be equivalent to those required by this law, may be granted a license to practice nursing as a Licensed Vocational Nurse in this State without examination provided the required fee is paid to the Board by such applicant.

#### License Renewal

Sec. 8. (a) The board by rule shall adopt a system under which licenses expire every two years. For the year in which the expiration date is changed, license fees payable on September 1 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

(b) The Board shall notify each licensee about the expiration date of the person's license at least 30 days before the expiration date. The Board by United States mail shall send with the notice an application for license renewal to the licensee's address contained in the Board's records. A licensee whose completed application for renewal is received by the Board after the expiration date of the license shall be charged a late fee.

(c) If a person's license has been expired for not more than 90 days, the person may renew the license by paying to the Board the required renewal

fee and a fee that is one-half the examination fee for the license. If a person's license has been expired for more than 90 days but less than two years, the person may renew the license by paying to the Board all unpaid renewal fees and a fee that is equal to the examination fee for the license. If a person's license has been expired for two years or more, the person may renew the license by complying with the requirements set forth in substantive rules adopted by the Board.

(d) If a person practices vocational nursing after the person's license has expired, the person is an illegal practitioner and the Board may suspend or revoke the license.

(e) A person licensed under this Act who is not actively engaged in the practice of vocational nursing, at the expiration of the person's license and on written request to the Board in the manner required by the Board, may be placed on an inactive status list by the Board. A Licensed Vocational Nurse on the inactive status list may not practice vocational nursing nor violate the Act or any rule of the Board. If the person desires to reenter the active practice of vocational nursing, the person must notify the Board. On payment by the person of fees required by the Board and compliance with other requirements set forth in substantive rules adopted by the Board, the Board shall remove the person from the inactive status list.

#### Fees

Sec. 9. (a) The Board shall establish reasonable and necessary fees for the administration of this Act in amounts not to exceed:

- (1) examination and application fee: \$40;
- (2) reexamination fee: \$40;
- (3) renewal fee: \$10;
- (4) endorsement fee: \$40;
- (5) accreditation of new programs fee: \$75;
- (6) duplicate temporary permit or license fee: \$10;
- (7) filing of affidavits in rechange of name fee: \$10;
- (8) endorsement to another state fee: \$40; and
- (9) reactivating from inactive status fee: \$30.

The Board shall not maintain unnecessary fund balances, and fee amounts shall be set in accordance with this requirement.

(b) All expenses under this Act shall be paid from fees collected by the Board under this Act, and no expense incurred under this Act shall ever be charged against the funds of the State of Texas.

(c) On or before January 1 of each year, the Board shall make in writing to the Governor and the presiding officer of each house of the legislature a complete and detailed report accounting for all funds received and disbursed by the Board during the preceding year.

#### Disciplinary Action

Sec. 10. (a) The Board may refuse to admit persons to its examinations, may refuse to issue or renew a license, may refuse to issue a temporary permit, may issue a warning or reprimand, may place on probation a person whose license has been suspended, or may suspend or may revoke the license of any practitioner of vocational nursing for any of the following reasons:

- (1) violation of this Act or of any rule, regulation, or order issued under this Act;
- (2) commission of fraud or deceit in procuring or attempting to procure a license to practice vocational nursing;
- (3) conviction of a crime of the grade of felony or a crime of a lesser grade which involves moral turpitude;
- (4) use of any nursing license, certificate, diploma, or permit or transcript of the license, certificate, diploma, or permit, which has been fraudulently purchased, issued, counterfeited, or materially altered;
- (5) impersonation of or the acting as a proxy for another in any examination required by law to obtain a license to practice vocational nursing;
- (6) knowingly aiding or abetting any unlicensed person in connection with the unauthorized practice of vocational nursing;
- (7) revocation, suspension, or denial of a license to practice vocational or practical nursing in another jurisdiction or revocation, suspension, or denial of a license to practice professional nursing in this state or in another jurisdiction; certified copy of the order of denial, suspension, or revocation shall be conclusive evidence of that fact;
- (8) intemperate use of alcohol or drugs;
- (9) unprofessional or dishonorable conduct that, in the opinion of the Board, is likely to deceive, defraud, or injure the public;
- (10) adjudication of mental incompetency; or
- (11) lack of fitness to practice by reason of mental or physical health that may result in injury to patients or the public.

(b) The Board may issue subpoenas, compel the attendance of witnesses, administer oaths to persons giving testimony at Board hearings, and initiate the prosecution of any person who has violated this Act. The Board shall keep a record of its proceedings.

(c) If a Licensed Vocational Nurse voluntarily surrenders a license to the Board and executes a sworn statement that he or she no longer desires to be licensed, the Board may revoke the license without formal charges, notice, or a hearing.

(d) Disciplinary action by the Board shall be accomplished by a majority vote of the Board after a hearing held on specific charges filed against such

licensee, which charges shall be made in writing, under oath and filed by the Secretary.

(e) If the Board shall make and enter an order disciplining a person, the person may take an appeal to the District Court of the county of residence of the person. Said trial shall be subject to the substantial evidence rule in sustaining administrative action by the Board. In all such cases the burden of proof shall be on the Board to sustain its action by a preponderance of the evidence.

(f) The Board shall maintain an information file about each complaint filed with the Board relating to a licensee. If a written complaint is filed with the Board relating to a licensee, the Board, at least as frequently as quarterly and until final disposition of the complaint, shall notify the parties to the complaint of the status of the complaint unless the notice would jeopardize an undercover investigation.

(g) If the Board proposes to refuse a person's application for a license, to reprimand a licensee, to place on probation a person whose license has been suspended, or to suspend or revoke a person's license, the person is entitled to a hearing before the Board. These proceedings are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

Sec. 10A. Repealed by Acts 1981, 67th Leg., p. 2999, ch. 787, § 4, eff. Sept. 1, 1981.

#### Penalties

Sec. 11. (a) A person who is in violation of this Act may be enjoined and restrained by a District Court from continuing the violation upon petition of the Board.

(b) A person commits an offense if the person knowingly or intentionally violates this Act. An offense under this subsection is a Class B misdemeanor.

#### Approval of Vocational Nursing Programs

Sec. 12. (a) Any hospital in regular use for patients which has a registered nurse in charge of nursing, and whose staff consists of one or more licensed physicians licensed by the State Board of Medical Examiners, may qualify as an approved hospital for Vocational Nurse Education, provided it can and will meet requirements of the Board for the education of Vocational Nurses.

(b) Any institution which shall be qualified under Section 5, and under regulations promulgated by the Board to conduct a course in Vocational Nursing shall apply to the Board and shall accompany said application with evidence that it is prepared to give a course of not less than twelve (12) months for the education of Vocational Nurses; such application shall be accompanied by the appropriate fee provided for in Section 9 of this Act; upon receipt of such application the Board shall cause a survey of the institution making such application to be made by a

qualified representative of such Board. If in the opinion of a majority of the members of the Board, the requirements for an approved course for Vocational Nursing are met by such institution, such institution shall be placed on a list of such institutions given for educating Vocational Nurses. It shall further be the duty of the Board, from time to time, to survey all courses for such education of Vocational Nurses offered within the State. Written reports of such surveys shall be submitted to the Board. If the Board shall determine as a result of such surveys that any school, hospital or institution heretofore approved as an institution of Vocational Nursing is not maintaining the standards required by law and by the rules and regulations promulgated by the Board, notice thereof shall immediately be given to such school, hospital or institution. If the requirements of the Board are not complied with within a reasonable time set by the Board in such notices, such institution shall be removed from the list of approved schools, hospitals or institutions offering courses for Vocational Nurses within this State.

#### Custody and Use of Revenues

Sec. 13. Upon and after the effective date of this Act, all moneys derived from fees, assessments, or charges under this Act shall be paid by the Board into the State Treasury for safekeeping, and shall by the State Treasurer be placed in a separate fund to be available for use of the Board in the administration of the act upon requisition of the Board. All such moneys so paid into the State Treasury are hereby allocated to the Board for the purpose of paying the salaries and expenses of all persons employed or appointed as provided herein for the administration of this Act, and all other expenses necessary and proper for the administration of this Act, including equipment and maintenance of any supplies for such offices or quarters as the Board may occupy, and necessary traveling expenses for the Board or persons authorized to act for it when performing duties hereunder at the request of the Board. The Comptroller shall, upon requisition of the Board, from time to time, draw warrants upon the State Treasurer for the amount specified in such requisition, not exceeding, however, the amount in such fund at the time of making any requisition; provided, however, that all moneys expended in the administration of this Act shall be specified and determined by itemized appropriation in the General Departmental Appropriation Act or other appropriation acts. At the end of a fiscal year, any unused portion of said fund in excess of the amount appropriated for the following fiscal year shall be set over and paid into the General Revenue Fund.

#### Constitutionality

Sec. 14. If any section, subsection or part of this Act shall be held invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the remaining portions thereof, it being the express intention of the Legislature to enact such Act with-

- (1) financial data;
- (2) sales data other than shipment data; or
- (3) pricing data.

(f) A warrant is not required under this section for the inspection of books and records under an administrative subpoena issued under this Act or for entries and administrative inspections under the following conditions:

- (1) with the consent of the owner, pharmacist, or agent in charge of the facility;
- (2) in situations presenting imminent danger to the public health and safety;
- (3) in situations involving inspection of conveyances where there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant; or
- (4) in any other exceptional situation or emergency involving an act of God or natural disaster when time or opportunity to apply for a warrant is lacking.

(g) Issuance and execution of administrative inspection warrants shall be as follows:

- (1) a judge of a state district court of record may, within the territorial jurisdiction of the district court and on proper oath or affirmation showing probable cause, issue warrants for the purpose of conducting

administrative inspections authorized by this Act or the rules adopted under this Act and seizures of property appropriate to the inspections; for purposes of this subsection, the term "probable cause" means a valid public interest in the effective enforcement of this Act or rules, sufficient to justify administrative inspections of the area, facility, building, or conveyance, or their contents, in the circumstances specified in the application for the warrant;

(2) a warrant shall issue only on an affidavit of a board employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant; if the judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the judge shall issue a warrant identifying the area, facility, building, or conveyance to be inspected, the purpose of the inspection, and when appropriate, the type of property to be inspected; the warrant shall identify the items or types of property to be seized, if any; the warrant shall be directed to a person authorized under this Act to execute it; the warrant shall state the grounds for its issuance and the name of the person or persons whose affidavit has been taken in support of the warrant; it shall command the person to whom it is directed to inspect the area, facility, building, or conveyance identified for the purpose specified, and when appropriate, shall direct the seizure of the property specified; the warrant shall direct that it be served during normal business hours; it shall designate the judge to whom it shall be returned;

(3) a warrant issued under this section shall be executed and returned within 10 days of its date unless, on a showing by the board of a need therefor, the judge allows additional time in the warrant; if property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom or from whose facility the property was taken a copy of the warrant and a receipt for the property taken or shall leave the copy and receipt at the place from which the property was taken; the return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property taken; the inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person making the inventory, and shall be verified by the person executing the warrant; the judge, on request, shall deliver a copy of the inventory to the person from whom or from whose facility the property was taken and to the application for the warrant; and

(4) the judge who issued a warrant under this section shall attach to the warrant a copy of the return and all papers filed in connection with the warrant and file them with the clerk of the district court in which the inspection was made.

(h) Any property seized under this section shall be disposed of in a manner considered appropriate by the board or district court, whichever has jurisdiction over the property.

(i) Before a complaint may be filed with the board as a result of an inspection authorized by this section, the licensee must be given a reasonable time, as determined by the board, to comply with this Act or rules adopted by the board as provided by this Act.

Sec. 19. (a) A person may not dispense or distribute prescription drugs unless he is a licensed pharmacist or is authorized by this Act to dispense or distribute prescription drugs.

(b) Wholesalers and manufacturers may distribute prescription drugs as provided by state or federal law.

(c) This Act does not apply to a practitioner licensed by the appropriate state board who supplies his patients with drugs in a manner authorized by state or federal law and who does not operate a pharmacy for the retailing of prescription drugs.

(d) This Act does not prevent a practitioner licensed by the appropriate state board from administering drugs to his patients.

(e) This Act does not prevent the sale by a person, other than a registered pharmacist, firm, joint stock company, partnership, or corporation, of:

(1) a nonprescription drug that is harmless if used according to instructions on a printed label on the drug's container unless the drug contains a narcotic;

(2) an insecticide, fungicide, or a chemical used in the arts if the insecticide, fungicide, or chemical is properly labeled; or

(3) an insecticide or fungicide that is mixed or compounded for agricultural purposes only.

(2) a pharmacist-intern; or

(g) Any person found by the board to have unlawfully engaged in the practice of pharmacy is subject to a fine to be imposed by the board not to exceed \$1,000 for each offense. Each violation of this Act or the rules adopted under this Act pertaining to unlawfully engaging in the practice of pharmacy also constitutes a Class A misdemeanor.

#### Pharmacist-Intern Registration

Sec. 20. (a) A person must register with the board before beginning the board-approved internship in this state. An application for the registration of a pharmacist-intern must be on a form prescribed by the board. Registration shall remain in effect during internship training and thereafter until the earlier of the following occurs:

(1) the failure of the pharmacist-intern to take the next regularly scheduled examination; or

(c) The examinations for licensing required under this section shall be given by the board at least two times during the fiscal year of the state. The board shall determine the content and subject matter of each examination and determine which persons have successfully passed the examination. An applicant who fails the examination may retake the examination. If a person who fails the licensing examination administered under this Act so requests in writing, the board shall furnish the person an analysis of his performance on the examination.

(d) The examination shall be prepared to measure the competence of the applicant to engage in the practice of pharmacy. The board may employ and cooperate with any organization or consultant in the preparation and grading of an appropriate examina-

tion, but shall retain the sole discretion and responsibility of determining which applicants have successfully passed the examination.

(e) Within 30 days after the date a licensing examination is administered under this Act, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the date the board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify the examinee of the reason for the delay before the 90th day.

(f) Each applicant for licensing by examination shall obtain practical experience in the practice of pharmacy concurrent with college attendance or after college graduation, or both, under conditions that the board shall determine.

(6) pass the Texas Drug and Pharmacy Jurisprudence examination.

(b) A person who falsely makes the affidavit prescribed by Subsection (a) of this section is guilty of fraudulent and dishonorable conduct and malpractice and is subject to all penalties that may be prescribed for making a false affidavit.

(c) An applicant is not eligible for licensing by reciprocity unless the state in which the applicant was initially licensed as a pharmacist also grants

reciprocal licensing to pharmacists duly licensed by examination in this state, under like circumstances and conditions.

#### Display of Pharmacist License

(e) If a person's license has been expired for more than 90 days but less than two years, the person may renew the license by paying to the board all unpaid renewal fees and a fee that is equal to the examination fee for the license.

(f) If a person's license has been expired for two years or more, the person may not renew the license. The person may obtain a new license by submitting to reexamination and complying with the requirements and procedures for obtaining an original license.

(g) The board shall notify each licensee in writing of the licensee's impending license expiration at least 30 days prior to the expiration date.

(h) The board shall specify by rule the procedures to be followed and the fees to be paid for renewal and penalties for late renewal of licenses.

(i) Practicing pharmacy without an annual or biennial renewal certificate for the current year, as provided by this Act, shall have the same effect and be subject to all penalties of practicing pharmacy without a license.

(j) A license to practice pharmacy or annual or biennial renewal certificate issued by the board may not be duplicated in any manner except as expressly provided by this Act. The board may in its discretion issue duplicate copies of either the license to practice pharmacy or the annual or biennial renewal

(b) In the year the expiration date is changed, the board shall prorate the license renewal fee due December 31 of each year or of every other year, as determined by the board, to cover the months for which the license is valid. The total license renewal fee is due on the new expiration date.

#### Grounds for Discipline

Sec. 26. (a) The board shall refuse to issue a pharmacist license for failure to meet the requirements of Section 21 or 22 of this Act. The board may in its discretion refuse to issue or renew a license or may fine, reprimand, revoke, restrict, cancel, or suspend any license granted by the board, and may probate any license suspension if the board finds that the applicant or licensee has:

(1) violated any provision of this Act or any of the rules of the board adopted under this Act;

In enforcing this subdivision, the board shall, on probable cause, request a pharmacist to submit to a mental or physical examination by physicians designated by the board. If the pharmacist refuses to submit to the examination, the board shall issue an order requiring the pharmacist to show cause why he will not submit to the examination and shall schedule a hearing on the order within 30 days after notice is served on the pharmacist. The pharmacist shall be notified by either personal service or certified mail with return receipt requested. At the hearing, the pharmacist and his attorney are entitled to present any testimony and other evidence to show why the pharmacist should not be required to submit to the examination. After the hearing, the board shall issue an order either requiring the pharmacist to submit to the examination or withdrawing the request for examination;

(15) had a license to practice pharmacy issued by another state canceled, revoked, or suspended for conduct substantially equivalent to conduct described in Subdivisions (1)-(14) of this subsection. A certified copy of the record of the state taking action as set out above shall be conclusive evidence of the action taken by such state.

(b) The board shall refuse to issue a pharmacy license for failure to meet the requirements of Section 29 or 30 of this Act. The board may in its discretion refuse to issue or renew a license or may fine, reprimand, revoke, restrict, cancel, or suspend any license granted by the board, and may probate any license suspension if the board finds that the applicant or licensee has:

(1) been convicted of a felony or a misdemeanor involving moral turpitude, or if the applicant is an association, joint stock company, partnership, or corporation, that a managing officer has been convicted of a felony or a misdemeanor involving moral turpitude under the law of this state, another state, or the United States;

#### Peer Review Committees; Pharmaceutical Organization Committees; Reports

Sec. 27A. (a) Any pharmaceutical peer review committee may report relevant facts to the board relating to the acts of any pharmacist in this state, if in the opinion of the peer review committee, they have knowledge relating to the pharmacist which might provide grounds for disciplinary action as specified in Subdivision (4) or (7) of Subsection (a) of Section 26 of this Act.

(b) Any committee of a professional society comprised primarily of pharmacists, its staff, or any district or local intervenor participating in a program established to aid pharmacists impaired by chemical abuse or mental or physical illness may report in writing to the board the name of the impaired pharmacist together with the pertinent information relating to his impairment. The board may report to any committee of such professional society or the society's designated staff information which it may receive with regard to any pharmacist who may be impaired by chemical abuse or mental or physical illness.

(c) On a determination by the board that a report submitted by a peer review committee or pharmaceutical organization committee is without merit, the report shall be expunged from the pharmacist's individual record in the board's office. A pharmacist or his authorized representative shall be entitled on request to examine the pharmacist's peer review or the pharmaceutical organization committee report submitted to the board and to place into the record a statement of reasonable length of the pharmacist's view with respect to any information existing in the report.

(d) The records and proceedings of the board, its authorized agents, or any pharmaceutical organization committee as set out in Subsections (a) and (b) of this section shall be confidential and are not considered open records for the purposes of Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-17a, Vernon's Texas Civil Statutes); provided, however, the board may disclose this confidential information only:

- (1) in a disciplinary hearing before the board or in a subsequent trial or appeal of a board action or order;
- (2) to the pharmacist licensing or disciplinary authorities of other jurisdictions; or
- (3) pursuant to an order of a court of competent jurisdiction.

(e) No employee or member of the board, peer review committee member, pharmaceutical organization committee member, pharmaceutical organization district or local intervenor furnishing information, data, reports, or records for the purpose of aiding the impaired pharmacist shall by reason of furnishing such information be liable in damages to any person.

(f) No employee or member of the board or such committee, staff, or intervenor program shall be liable in damages to any person for any action taken or recommendation made within the scope of the functions of such board, committee, or staff, if such member acts without malice and in the reasonable belief that such action or recommendation is warranted by the facts known to him.

#### Penalties and Reinstatement

Sec. 28. (a) On the finding of the existence of grounds for discipline of any person holding a license or seeking a license or a renewal license under this Act, the board may impose one or more of the following penalties:

- (7) reprimand; or
- (8) cancellation of the offender's license.

(b) A person whose pharmacy license or license to practice pharmacy in this state has been canceled, revoked, or restricted under this Act, whether voluntarily or by action of the board, may, after 12 months from the effective date of the cancellation, revocation, or restriction, petition the board for reinstatement or removal of the restriction of the license. The petition shall be in writing and in the form prescribed by the board. On investigation and hearing, the board may in its discretion grant or deny the petition or it may modify its original finding to reflect any circumstances that have changed sufficiently to warrant the modification.

(c) Nothing in this Act shall be construed as barring criminal prosecutions for violations of this act if the violations are considered criminal offenses in this Act or other laws of this state or of the United States.

(d) A final decision by the board is subject to judicial review in accordance with the Administrative Procedure Act. Any review by the court of a final action by the board shall be under the substantial evidence rule.

(e) Upon a finding that a rule of the board has been violated, the board may impose only those sanctions listed in Subsections (a)(1), (3), (4), (6), and (7) of this section; provided, however, nothing in this subsection shall be construed to preclude imposition of sanctions for violation of board rules regarding controlled substances.

(e) The board shall have the discretion to determine under which classifications a pharmacy applicant may be licensed. With respect to Class C pharmacies, the board may establish rules for the use of supportive personnel and the duties of those personnel in Class C pharmacies licensed by the board, provided that these personnel are responsible to and directly supervised by a pharmacist licensed by the board; provided, however, the board may not adopt any rule setting ratios with respect to pharmacists and supportive personnel or limiting the number of supportive personnel that may be utilized.

(f) The board shall have the authority to inspect facilities licensed under this Act for compliance with this Act.

(g) A pharmacy operated by the state or a local government that qualifies for a Class D license may not be required to pay a fee to obtain a license.

(1) the term "rural area" means an area in which there is no pharmacy within a 15-mile radius of the physician's office and is within:

(A) a county with a total population of 5,000 or less according to the most recent federal census; or

(B) a city or town, incorporated or unincorporated, with a population of less than 2,500, according to the most recent federal census, but shall not include a city or town, incorporated or unincorporated, whose boundaries are adjacent to an incorporated city or town with an equal or greater population.

(2) the term "reimbursed for cost" shall mean an additional charge separate from that made for the physician's professional services which include the cost of the drug product and all other actual costs to the physician incidental to providing the dispensing service but not including a separate fee for the act of dispensing the drug product itself.

#### Violations and Penalties

Sec. 34. (a) No pharmacy designated in Section 29 of this Act may be operated until a license or renewal certificate has been issued to the pharmacy by the board. On the finding of a violation of this Act or rules adopted under this Act, the board may impose one or more of the penalties prescribed by Section 28(a) of this Act.

(b) Reinstatement of a pharmacy license that has been canceled, revoked, or restricted by the board may be granted in accordance with Section 28(b) of this Act.

#### Unlawful Use of "Pharmacy"

Sec. 35. A person may not display in or on any store or place of business the word "pharmacy," either in English or any other language, any other word or combination of words of the same or similar meaning, or any graphic representation that would mislead or tend to mislead the public unless it is a pharmacy licensed under this Act.

#### Unlawful to Impersonate Applicant, Licensed Pharmacist, or Fraudulently Acquire License

Sec. 36. A person may not impersonate before the board an applicant applying for licensing under this Act, fraudulently acquire a license in any other manner than provided by this Act, impersonate a licensed pharmacist, or use the title "Registered Pharmacist" or "R.Ph.," or words of similar intent unless the person is licensed to practice pharmacy in this state.

#### Penalties

Sec. 37. (a) A person commits an offense if the person knowingly or intentionally violates the licensing requirements of this Act or Section 35 or 36 of this Act.

(b) An offense under this section is a Class A misdemeanor.

(c) Each day of violation is a separate offense.

#### Burden of Proof; Liabilities

Sec. 38. (a) It is not necessary for the state to negate any exemption or exception set forth in this Act in any complaint, information, indictment, or other pleading or in any trial, hearing, or other

proceedings under this Act, and the burden of going forward with the evidence with respect to any exemption or exception is on the person claiming its benefit.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate license issued under this Act, he is presumed not to be the holder of the license. The presumption is subject to rebuttal by a person charged with an offense under this Act.

(c) No liability is imposed by this Act on any authorized board employee or person acting under the supervision of a board employee, or on any state, county, or municipal officer, engaged in the lawful enforcement of this Act.

#### Fees

Sec. 39. The board may not charge more than the following fees for the performance of the following duties and functions to carry out the purposes of this Act:

(1) for processing application and administration of examination for licensure—\$150;

(2) for processing application for licensure by reciprocity—\$250 (plus the applicable license fee);

(3) for processing application and issuance of a pharmacist license or renewal of a pharmacist license—\$85 a year; and

(4) for processing of an application and issuance of a pharmacy license or renewal of a pharmacy license—\$150.

#### Substitution

Sec. 40. (a) It is the intent of the legislature to save consumers money by allowing the substitution of lower-priced generically equivalent drug products for certain brand name drug products and for pharmacies and pharmacists to pass on the net benefit of the lower costs of the generically equivalent drug product to the purchaser.

(b) Except as otherwise provided by this section, a pharmacist who receives a prescription for a drug product for which there exists one or more generic equivalents, as defined herein, may dispense any of the generically equivalent products.

(c) In this section:

(1) "Generically equivalent" means a drug that is "pharmaceutically equivalent" and "therapeutically equivalent" to the drug prescribed.

(2) "Pharmaceutically equivalent" means drug products which have identical amounts of the same active chemical ingredients in the same dosage form and which meet the identical compendial or other applicable standards of strength, quality, and purity according to the United States Pharmacopoeia or other nationally recognized compendium.

(3) "Therapeutically equivalent" means pharmaceutically equivalent drug products which, when

administered in the same amounts, will provide the same therapeutic effect, identical in duration and intensity.

(d) Unless otherwise directed by the practitioner, the label on the dispensing container shall indicate the actual drug product dispensed, either (1) the brand name, or if none (2) the generic name, the strength, and the name of the manufacturer or distributor. In instances where a drug product has been selected other than the one prescribed, the pharmacist shall place on the container the words "Substituted for brand prescribed." The brand name of the prescribed drug shall not appear on the prescription container label unless it is the drug product actually dispensed.

(e) A pharmacist may not select a generically equivalent drug unless the generically equivalent drug selected costs the patient less than the prescribed drug product. A pharmacist may not charge a higher professional fee for dispensing a generically equivalent drug product than the fee he or she customarily charges for dispensing the brand name product prescribed.

(f) A pharmacist who selects a generically equivalent drug product as authorized by this section shall:

(1) personally, or through his or her agent or employee and prior to delivery of a generically equivalent drug product, inform the patient or the patient's agent that a less expensive generically equivalent drug product has been substituted for the brand prescribed and the patient or patient's agent's right to refuse such substitution; or

(2) cause to be displayed, in a prominent place that is in clear public view where prescription drugs are dispensed, a sign in block letters not less than one inch in height that reads, in both English and Spanish:

**"TEXAS LAW ALLOWS A LESS EXPENSIVE GENERICALLY EQUIVALENT DRUG TO BE SUBSTITUTED FOR CERTAIN BRAND NAME DRUGS UNLESS YOUR PHYSICIAN DIRECTS OTHERWISE. YOU HAVE A RIGHT TO REFUSE SUCH SUBSTITUTION. CONSULT YOUR PHYSICIAN OR PHARMACIST CONCERNING THE AVAILABILITY OF A SAFE, LESS EXPENSIVE DRUG FOR YOUR USE."**

Only one sign displayed in a pharmacy, as required above, shall be deemed compliance with this subsection.

(3) A pharmacist complies with the requirements of this section if an employee or agent of the pharmacist notifies a purchaser as required by Subdivision (1) of this subsection. The patient or patient's agent shall have the right to refuse such product selection.

(g) No written prescription may be dispensed unless it is ordered on a form containing two signature lines of equal prominence, side by side, at the bottom of the form. Under either signature line shall be printed clearly the words "product selection permitted," and under the other signature line shall be printed clearly the words "dispense as written." The practitioner shall communicate dispensing instructions to the pharmacist by signing on the appropriate line. If the practitioner's signature does not clearly indicate that the prescription must be dispensed as written, generically equivalent drug selection is permitted. No prescription form furnished a practitioner shall contain a preprinted order for a drug product by brand name, generic name, or manufacturer.

(h) If a prescription is transmitted to a pharmacist orally, the pharmacist shall note any dispensing instructions by the practitioner or the practitioner's agent on the file copy of the prescription and retain the prescription for the period of time specified by law. Properly authorized prescription refills shall follow the original dispensing instructions unless otherwise indicated by the practitioner or practitioner's agent.

(i) A pharmacist shall record on the prescription form the name, strength, and manufacturer or distributor of any drug product dispensed as herein authorized.

(j) A pharmacist who selects a generically equivalent drug to be dispensed pursuant to this section assumes the same responsibility for selecting the generically equivalent drug that he does in filling a prescription for a drug product prescribed by generic name. There shall be no liability on the prescriber for an act or omission by a pharmacist in selecting, preparing, or dispensing a drug product pursuant to this section.

(k) Drug product selection as authorized in this section shall not apply to enteric-coated tablets; controlled release products; injectable suspensions, other than antibiotics; suppositories containing active ingredients for which systemic absorption is necessary for therapeutic activity; and different delivery systems for aerosol or nebulizer drugs. This subsection shall not apply to any drug product which is determined to be generically equivalent to the brand prescribed.

#### Code of Professional Responsibility

Sec. 41. (a) The board shall adopt a code of professional responsibility to regulate the conduct of board employees responsible for inspections and surveys of pharmacies.

(b) The code shall contain a procedure to be followed by agency personnel:

- (1) on entering a pharmacy;
- (2) during inspection of the pharmacy; and
- (3) during the exit conference.

(c) The code shall contain standards of conduct that agency personnel are to follow in dealing with the staff and management of the pharmacy and the general public.

(d) The board shall establish a procedure for receiving and investigating complaints of code violations. The board shall investigate all complaints of code violations. The results of an investigation shall be forwarded to the complainant.

(e) The board may adopt rules establishing sanctions for violations of the code.

"Sec. 42. (a) The board may discipline an applicant or licensee as provided by Section 26 of this Act if the applicant or licensee has engaged in the act of 'substitution' as that term is hereinafter defined. The term 'substitution' as used in this Act shall mean the dispensing of a drug or a brand of drug other than that which is ordered or prescribed without the express consent of the orderer or prescriber. If the consent of the orderer or prescriber for substitution by the licensee is obtained, a notation shall be made by the licensee on the prescription stating that such consent has been obtained and by whom such consent was given, and such notation shall, in addition, specify the drug or brand of drug so substituted.

"(b) This section expires January 1, 1982. The expiration of this section does not affect the imposition of discipline on or after January 1, 1982, for conduct committed in violation of this section before that date, and this section remains in effect on and after January 1, 1982, for this limited purpose.

"Sec. 43. All laws or parts of laws inconsistent with this Act, including Section 1, Chapter 447, Acts of the 55th Legislature, Regular Session, 1957 (Article 4542b, Vernon's Texas Civil Statutes), and Chapter 107, Acts of the 41st Legislature, Regular Session, 1929, as amended (Article 4542a, Vernon's Texas Civil Statutes), are repealed.

"(b) A license application pending on the effective date of this Act is governed by the law repealed by this Act and the repealed law is continued in effect for this purpose.

"(c) A person required to obtain a pharmacy license under this Act who was not required to obtain a pharmacy permit under the law repealed by this Act is not required to have a pharmacy license until January 1, 1982.

"(d) An offense prescribed by this Act applies only to conduct committed on or after the effective date of this Act and a criminal or administrative action for an offense committed before this Act's effective date is governed by the law existing before the effective date, which law is continued in effect for this purpose as if this Act were not in force. For the purposes of this section, an offense is committed on or after the effective date of this Act if any element of the offense occurs on or after the effective date of this Act.

"(e) A member of the board constituted under the law repealed by this Act who is serving a term on the effective date of this Act shall continue as a board member and shall serve the duly appointed term as governed by the law repealed by this Act, and the repealed law is continued in effect for this purpose. A current board member appointed initially for a term of less than six years is eligible to serve for two additional full terms.

"(f) Rights and obligations of the board existing on the effective date of this Act are governed by the law repealed by this Act, which law is continued in effect for the purpose of continuing and governing those rights and obligations as if this Act were not in force.

"(g) Any proceeding pending before the board on the effective date of this Act is governed by the law existing before the effective date of this Act, which law is continued in effect for this purpose as if this Act were not in force.

"(h) The rules of the board existing on the effective date of this Act are governed by the law repealed by this Act, which rules are continued in effect for the purpose of continuing and governing those rights and obligations as if this Act were not in force until the board adopts similar rules under this Act."

**Art. 4542c. Labeling Requirements for Prescription Drugs**

(a) All prescription drugs manufactured and sold or distributed to a pharmacist in this state after the effective date of this Act to be subsequently dispensed to the consumer of the drug or drug product shall have affixed to the labeling the name and business address of the original manufacturer of the finished dosage form, and the names and business address of all repackagers or distributors of the prescription drug or drug product prior to its delivery to the pharmacist. This information does not need to be affixed to the container delivered to the patient. Provided, however, that the name and business address of the distributor need not be so affixed if the distributor acts only as a wholesaler or supplier and does not repackage the drug or in any way modify the individual drug package or container or its contents as such was received from the manufacturer, repackager, or other distributor.

(b) An individual, corporation, or association who violates any provision of this Act commits a Class C misdemeanor.

Nine members must be reputable, practicing dentists who have resided in the State of Texas and have been actively engaged in the practice of dentistry for five years next preceding their appointment, none of whom shall be members of the faculty of any dental or dental hygiene school or college or of the dental or dental hygiene department of any medical school or college or shall have a financial interest in any such school or college. Three members must be members of the general public. A person is not eligible for appointment as a public member if the person or the person's spouse:

- (1) is licensed by an occupational regulatory agency in the field of health care;
- (2) is employed by or participates in the management of a business entity or other organization that provides health-care services or that sells, manufactures, or distributes health-care supplies or equipment; or
- (3) owns, controls, or has, directly or indirectly, more than a 10 percent interest in a business entity or other organization that provides health-care services or that sells, manufactures, or distributes health-care supplies or equipment.

(b) Appointments to the Board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

Sec. 2. The term of office of each member of said Board shall be limited to one six-year term or until their successors shall be appointed and qualify. Board terms are limited to one six-year term except that this restriction shall not prohibit those Board members holding office on May 1, 1981, from being reappointed to one additional six-year term. The terms shall be staggered with the terms of one-third of the members expiring every two years. The members of said Board shall be appointed by the Governor of the State. Before entering upon the duties of his office each member of the Board shall take the constitutional oath of office, same to be filed with the Secretary of State. At its first meeting the Board shall organize by electing one member President and one Secretary chosen to serve one year. Said Board shall hold regular meetings at least twice a year at such times and places as the Board shall deem most convenient for applicants for examination. Due notice of such meetings shall be given by publication in such papers as may be selected by the Board. The Board may prescribe rules and regulations, in harmony with the provision of this title governing its own proceedings and the examinations of applicants for the practice of dentistry. The Board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

Sec. 3. A member or employee of the Board may not be an officer, employee, or paid consultant of a trade association in the dental industry. A member or employee of the Board may not be related within the second degree by affinity or within the second degree by consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the regulated industry. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), by virtue of his activities on behalf of a trade or professional association in the profession regulated by the Board, may not serve as a member of the Board or act as the general counsel to the Board.

Sec. 4. (a) It is a ground for removal from the Board if a member:

- (1) does not have at the time of appointment the qualifications required by Section 1 of this article for appointment to the Board;
- (2) does not maintain during the service on the Board the qualifications required by Section 1 of this article for appointment to the Board;
- (3) violates a prohibition established by Section 3 of this article; or
- (4) fails to attend at least one-half of the regularly scheduled meetings held each year.

(b) The validity of an action of the Board is not affected by the fact that it was taken when a ground for removal of a member of the Board existed.

Sections 1 to 5 of the 1971 act amended this article, sections 1 and 2 of article 4550a, art. 4551 and section 6 of art. 4551 respectively. Sections 6 to 8 thereof provided:

"Sec. 6. The members of the State Board of Dental Examiners, also known as the Texas Board of Dental Examiners, holding office on the effective date of this Act continue to hold office for the terms to which they were appointed. In expanding the membership of the board, the Governor shall appoint one member for a term expiring in May, 1973, one for a term expiring in May, 1975, and one for a term expiring in May, 1977.

"Sec. 7. All laws or parts of laws in conflict herewith are hereby repealed.

"Sec. 8. If any article, section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause, and phrase hereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses, or phrases be declared unconstitutional."

Section 9 of the 1981 amendatory act provides:

"(a) A person holding office as a member of the State Board of Dental Examiners on the effective date of this Act continues to hold office for the term for which the member was originally appointed.

"(b) The governor shall make initial appointments to the board of three public members. The governor shall designate one public member for a term expiring in 1983, one for a term expiring in 1985, and one for a term expiring in 1987."

The Secretary of the Board or its authorized officer or employee shall not less than ten (10) days prior to the next meeting of the board called for the purpose of hearing and considering such complaint, mail by registered mail to the last known address of such person or persons against whom a complaint has been so docketed a notice of hearing, which notice shall contain the date, time, and place of the meeting of the Texas State Board of Dental Examiners called to consider such complaint, and such notice shall contain the alleged violations of such Statutes, and shall state that such accused person may appear and offer such evidence as is pertinent to his defense to such complaint. Such hearing shall be governed by such rules and regulations as may be prescribed by the Board, and the Board shall have the authority to subpoena and compel the attendance of such licensees or other persons deemed to have knowledge which would aid the board in reaching a proper decision and for the enforcement of this Act. #### Art. 4550a. Application, Fund, and Secretary or Director

Sec. 1. It shall be the duty of all persons holding a dental license or dental hygienist license issued by the State Board of Dental Examiners, to annually apply and to be registered as such practitioners with the State Board of Dental Examiners on or before March 1st of each calendar year. Each person so registering shall pay in connection with such annual registration for the receipt hereinafter provided for, a fee as determined by said Board according to the needs of said Board, such payment to be made by each person to such Board, and every person so registering shall file with said Board a written application setting forth such facts as the Board may require. A person holding a dental hygienist license must attach to the application proof that the person has successfully completed a course in cardiopulmonary resuscitation given or approved by the American Heart Association or American Red Cross not earlier than one year before the date on which the license must be renewed or, in the event that the person is not physically capable of successfully completing such training, a written statement executed by either a licensed physician or an instructor in cardiopulmonary resuscitation approved by the American Heart Association or American Red Cross that describes such physical incapacity. Upon receipt of such applications, accompanied by such fees, said Board, after ascertaining either from its records or other sources deemed by it to be reliable, that the applicant holds a valid license or certificate to practice in this State, shall issue to the applicant an annual registration certificate or receipt certifying that he has filed such application and has paid the required fee; provided, that the filing of such application, the payment of such fee, and the issuance of such receipt therefor, shall not entitle the holder thereof to lawfully practice within the State of Texas unless he in fact holds a license or certificate as such practitioner issued by the State Board of Dental Examiners, as provided by this law, and unless said license or certificate is in full force and effect; and provided further, that in any prosecution for unlawful practice such receipt showing payment of the annual registration fee required by this chapter shall not be treated as evidence that the holder thereof is lawfully entitled to practice.

Sec. 2 If any person required to register as a practitioner under the provisions hereof shall fail or refuse to apply for such registration and pay such fee on or before March 1st of each calendar year, as

hereinabove set forth, his license or certificate to practice issued to him, shall thereafter stand suspended so that thereafter in practicing he shall be subject to the penalties imposed by law upon any person unlawfully practicing. A person may renew an unexpired license or certificate by paying to the Board before the expiration of the license or certificate the required renewal fee. If a person's license or certificate has been expired for not longer than ninety (90) days, the person may renew it by paying to the Board the required renewal fee and a fee that is one-half of the examination fee for the license or certificate. If a person's license or certificate has been expired for longer than ninety (90) days but less than two years, the person may renew it by paying to the Board all unpaid renewal fees and a fee that is equal to the examination fee for the license or certificate. If a person's license or certificate has been expired for two years or longer, the person may not renew it. The person may obtain a new license or certificate by submitting to reexamination and complying with the requirements and procedures for obtaining an original license or certificate. The Board must notify each licensee in writing of that licensee's impending license expiration 30 days prior to said expiration and shall attempt to obtain from the licensee signed receipt confirming receipt of notification. Provided, however, that the requirements governing the payment of the annual registration fees and penalties for late registration shall not apply to licensees who are on active duty with the Armed Forces of the United States of America, and are not engaged in private or civilian practice.

Sec. 3. (a) All funds collected by the State Board of Dental Examiners under this Act shall be placed in the State Treasury every thirty (30) days, as collected, to the credit of a special fund to be known as the "Dental Registration Fund," and all expenditures from this fund shall be on order of the State Board of Dental Examiners, on warrants issued by the State Comptroller for the purposes and in the amounts fixed by the Legislature in the General Appropriations Bills.

Provided, that all such prosecutions shall be subject to the

direction and control of the regularly and duly constituted prosecuting officers, and nothing in this Act shall be construed as depriving them of any authority vested in them by law.

Sec. 4. (a) To aid the Board in performing its duties, the Board is hereby authorized to employ an Executive Secretary or Director who shall receive a salary to be fixed by the Board, and who shall make and file a surety bond in a sum not less than Five Thousand Dollars (\$5,000) conditioned for the faithful performance of all the duties of his office and the safekeeping and proper disbursement of said "Dental Registration Fund" and all other funds coming into his hands; such salary shall be paid out of said "Dental Registration Fund" and shall not be in any way a charge upon the general revenue of the State. Said Board shall employ and provide such other employees as may be needed to assist the Executive Secretary or Director in performing his duties and in carrying out the purposes of this Act, provided that their compensation shall be paid only out of the said "Dental Registration Fund." If a person's license has been expired for not more than 180 days, the person may renew the license by paying to the board the required renewal fee and a fee that is one-half of the examination fee for the license. If a person's license has been expired for more than 180 days but less than three years, the person may renew the license by paying to the board all unpaid renewal fees and a fee that is equal to the examination fee for the license. If a person's license has been expired for three years or more, the person may not renew the license. The person may obtain a new license by submitting to reexamination and complying with the requirements and procedures for obtaining an original license.

(b) On receipt of the required fees, the board shall issue an annual renewal certificate bearing the number of the license, the year for which renewed, and such other information from the records of the board as said board may deem necessary for the proper enforcement of this Act.

(c) When the person's license has been expired for three years, the board shall notify the county clerk of the county in which such license may have been recorded of the cancellation, and such clerk, upon receipt of such notice from said board, shall enter upon the optometry register of such county the fact that such license has been cancelled for nonpayment of annual renewal fee and shall notify the board in writing that such entry has been made.

(d) Practicing optometry without an annual renewal certificate for the current year as provided herein, shall have the same force and effect and be

subject to all penalties of practicing optometry without a license.

**Art. 4552-4.01A. Expiration Dates of Licenses; Proration of Fees**

The board by rule may adopt a system under which licenses expire on various dates during the year, and the final date for payment, the date for notice of nonpayment, and the date for license cancellation shall be adjusted accordingly. For the year in which the license expiration date is changed, license fees payable on or before January 1 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

[Acts 1973, 63rd Leg., p. 625, ch. 266, § 9, eff. June 11, 1973.]

(b) The length of study required is 12 hours per calendar year.

(c) The continuing education requirements established by this section shall be fulfilled by attendance in continuing education courses sponsored by an accredited college of optometry or in a course approved by the board. Attendance at a course of study shall be certified to the board on a form provided by the board and shall be submitted by each licensed optometrist in conjunction with his application for renewal of his license and submission of renewal fee.

(d) The board may take action necessary in order to qualify for funds or grants made available by the United States or an agency of the United States for the establishment and maintenance of programs of continuing education.

(e) Licensees who have not complied with the requirement of this section may not be issued a renewal license, except for the following persons who are exempt:

- (1) a person who holds a Texas license but who does not practice optometry in Texas;
- (2) a licensee who served in the regular armed forces of the United States during part of the 12

months immediately preceding the annual license renewal date;

(3) a licensee who submits proof that he suffered a serious or disabling illness or physical disability which prevented him from complying with the requirements of this section during the 12 months immediately preceding the annual license renewal date; or

(4) a licensee first licensed within the 12 months immediately preceding the annual renewal date.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 4.02, eff. Sept. 1, 1969. Amended by Acts 1981, 67th Leg., p. 2798, ch. 758, § 2, eff. Aug. 31, 1981.]

#### Art. 4552-4.03. Lost or Destroyed License

If any license issued under this law shall be lost or destroyed, the holder of said license shall make an affidavit of its loss or destruction, and that he is the same person to whom such license was issued, and such other information as may be desired by the board, and shall upon payment of a fee of \$10 be granted a license under this law.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 4.03, eff. Sept. 1, 1969. Amended by Acts 1981, 67th Leg., p. 2798, ch. 758, § 2, eff. Aug. 31, 1981.]

#### Art. 4552-4.04. Revocation, Suspension, etc.

(a) By five or more votes, the board may refuse to issue a license to an applicant, revoke or suspend a license, probate a license suspension, or reprimand a licensee if it finds that:

(1) the applicant or licensee is guilty of any fraud, deceit, dishonesty, or misrepresentation in the practice of optometry or in his seeking admission to such practice;

(6) the licensee directly or indirectly aids or abets in the practice of optometry any person not duly licensed to practice under this Act;

(7) the licensee lends, leases, rents or in any other manner places his license at the disposal or in the service of any person not licensed to practice optometry in this state;

(8) the applicant or licensee has willfully or repeatedly violated any of the provisions of this Act;

(9) the licensee has willfully or repeatedly represented to the public or any member thereof that he is authorized or competent to cure or treat diseases of the eye; or

(10) the licensee has his right to practice optometry suspended or revoked by any federal agency for a cause which in the opinion of the board warrants such action.

(b) Any person may begin proceedings under this section by filing charges with the board in writing and under oath. If charges are filed against a person or if the board proposes to refuse a person's application for a license or to suspend or revoke a person's license, the person is entitled to a hearing before the board. Except as provided by Subsection (c) of this section, proceedings are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(c) The petition for judicial review of a board action may be filed in a district court in the county of residence of the person against whom the original charges were filed.

(d) Upon application, the board may reissue a license to practice optometry to a person whose license has been revoked but such application shall not be made prior to one year after the revocation and shall be made in such manner and form as the board may require.

(e) Nothing in this Act shall be construed to prevent the administrator or executor of the estate of a deceased optometrist from employing a licensed optometrist to carry on the practice of such deceased during the administration of such estate nor to prevent a licensed optometrist from working for such person during the administration of the estate when the legal representative thereof has been au-

thorized by the county judge to continue the operation of such practice.

(f) A violation of this Act which occurs four or more years prior to the filing of a complaint which results in a disciplinary hearing before the board on that complaint shall not be considered a violation for purposes of disciplinary action under Subdivisions (8) and (9) of Subsection (a) of this section.

##### Art. 4552-5.01. Display of License

Every person practicing optometry in this state shall display his license or certificate in a conspicuous place in the principal office where he practices optometry and whenever required, exhibit such license or certificate to said board, or its authorized representative, and whenever practicing said profession of optometry outside of, or away from said office or place of business, he shall deliver to each person fitted with glasses a bill, which shall contain his signature, post-office address, and number of his license or certificate, together with a specification of the lenses and material furnished and the prices charged for the same respectively.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.01, eff. Sept. 1, 1969.]

##### Art. 4552-5.02. Recordation of License

It shall be unlawful for any person to practice optometry within the limits of this state who has not registered and recorded his license in the office of the county clerk of the county in which he resides, and in each county in which he practices, together with his age, post-office address, place of birth, subscribed and verified by his oath. The fact of such oath and record shall be endorsed by the county clerk upon the license. The absence of record of such license in the office of the county clerk shall be prima facie evidence of the lack of the possession of such license to practice optometry.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.02, eff. Sept. 1, 1969.]

Each county clerk in this state shall purchase a book of suitable size, to be known as the "Optometry Register" of such county, and set apart at least one full page for the registration of each optometrist, and record in said optometry register the name and record of each optometrist who presents for record a license or certificate issued by the state board. When an optometrist shall have his license revoked, suspended, or cancelled, said county clerk, upon being notified by the board, shall make a note of the fact beneath the record in the optometry register, which entry shall close the record and be

prima facie evidence of the fact that the license has been so cancelled, suspended or revoked. The county clerk of each county shall, upon the request of the secretary of the board, certify to the board a correct list of the optometrists then registered in the county, together with such other information as the board may require.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.03, eff. Sept. 1, 1969.]

##### Art. 4552-5.04. Practice Without License; Fraud; House-to-House

It shall be unlawful for any person to:

(3) practice, offer, or hold himself out as authorized to practice optometry or use in connection with his name any designation tending to imply that he is a practitioner of optometry if not licensed to practice under the provisions of this Act;

(4) practice optometry during the time his license shall be suspended or revoked;

(5) practice optometry from house-to-house or on the streets or highways, notwithstanding any laws for the licensing of peddlers. This shall not be construed as prohibiting an optometrist or physician from attending, prescribing for and furnishing spectacles, eyeglasses or ophthalmic lenses to a person who is confined to his abode by reason of illness or physical or mental infirmity, or in response to an unsolicited request or call, for such professional services.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.04, eff. Sept. 1, 1969.]

##### Art. 4552-5.05. Treating Diseased Eyes

Anyone practicing optometry who shall prescribe for or fit lenses for any diseased condition of the eye, or for the disease of any other organ of the body that manifests itself in the eye, shall be deemed to be practicing medicine within the meaning of that term as defined by law. Any such person possessing no license to practice medicine who shall so prescribe or fit lenses shall be punished in the same manner as is prescribed for the practice of medicine without a license.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.05, eff. Sept. 1, 1969.]

It shall be unlawful for any person in this state to give, or cause to be given, deliver, or cause to be delivered, in any manner whatsoever, any spectacles or eyeglasses, separate or together, as a prize or premium, or as an inducement to sell any book,

paper, magazine or any work of literature or art, or any item of merchandise whatsoever.

**Art. 4552-5.09. Deceptive Advertising**

(a) A person may not publish or display or cause or permit to be published or displayed in any newspaper or by radio, television, billboard, window display, or any other means or medium, any statement or advertisement concerning ophthalmic services or materials, including but not limited to lenses, frames, spectacles, contact lenses, or parts thereof, which is false, deceptive, or misleading.

(b) Any advertisement of prescription spectacles or contact lenses is required to contain language to the effect that an eye doctor's prescription is required for the purchase of such prescription spectacles or contact lenses.

(c) Any advertisement of the price of prescription spectacles or contact lenses is required to contain the following information:

(1) a statement of whether or not the cost of an examination by an eye doctor is included in the price;

(2) if the advertised goods are to be available to the public at the advertised price for less than 30 days after the date of publication of the advertisement, the advertisement shall state the time limitation on the offer;

(3) if the advertised goods are to be available to the public in limited quantities and no rainchecks are given upon total depletion of the inventory of the goods advertised, the advertisement shall state the total quantity available to all customers; and

(4) if the advertised goods are to be available to the public at a limited number per customer, the advertisement shall state the limit per customer.

(d) Any person who fails to satisfy the requirements of Subsection (b) or (c) above shall be deemed to have published a false, deceptive, or misleading statement within the meaning of this section.

(e) Any person who shall be injured by another person who violates any provision of this section may institute suit in any district court of the county wherein the violation is alleged to have occurred to require enforcement by injunctive procedures and to recover damages sustained, plus costs of court and reasonable attorney's fees.

(f) The attorney general or the Texas Optometry Board may institute suit in any district court of the county in which a violation of this section is alleged to have occurred to require enforcement by injunctive procedures and to recover a civil penalty not to exceed \$10,000 per violation, plus costs of court and reasonable attorney's fees.

(g) Violations of this section are actionable under the Deceptive Trade Practices-Consumer Protection Act, as amended (Subchapter E, Chapter 17, Title 2, Business & Commerce Code).<sup>1</sup>

**Art. 4552-5.10. Board Rules Restricting Advertising**

The board may not adopt substantive rules restricting competitive bidding or advertising by a person regulated by the board except to adopt such rules as are necessary to prevent false, misleading, or deceptive practices.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.10, eff. Sept. 1, 1969. Amended by Acts 1981, 67th Leg., p. 2798, ch. 758, § 2, eff. Aug. 31, 1981.]

**Art. 4552-5.11. Control of Optometry Prohibited**

(a) Any person who is a manufacturer, wholesaler, or retailer of ophthalmic goods is prohibited from:

(1) directly or indirectly controlling or attempting to control the professional judgment, the manner of practice, or the practice of an optometrist; or

(2) directly or indirectly employing or hiring or contracting for the services of an optometrist if any part of such optometrist's duties involve the practice of optometry; or

(3) directly or indirectly making any payment to an optometrist for any service not actually rendered.

(b) For purposes of this section "controlling or attempting to control the professional judgment, the manner of practice, or the practice of an optometrist" shall include but not be limited to:

(1) setting or attempting to influence the professional fees of an optometrist;

(2) setting or attempting to influence the office hours of an optometrist;

(3) restricting or attempting to restrict an optometrist's freedom to see patients on an appointment basis;

(4) terminating or threatening to terminate any lease, agreement, or other relationship in an effort to control the professional judgment, manner of practice, or practice of an optometrist;

(5) providing, hiring, or sharing employees or business services or similar items to or with an optometrist; or

(6) making or guaranteeing a loan to an optometrist in excess of the value of the collateral securing the loan.

(c) It is the intent of the legislature to prevent manufacturers, wholesalers, and retailers of ophthalmic goods from controlling or attempting to control the professional judgment, manner of practice, or the practice of an optometrist, and the provisions of this section shall be liberally construed to carry out this intent.

(d) Any person who shall be injured by another person who violates any provision of this section may institute suit in any district court in the county wherein the violation is alleged to have occurred to require enforcement of this section by injunctive procedures and to recover damages sustained, plus costs of court and reasonable attorney's fees. Where a manufacturer, wholesaler, or retailer of ophthalmic goods has been found to be in violation of this section, any person injured as a result of such violation, including any optometrist who is a lessee of such manufacturer, wholesaler, or retailer, shall be entitled to all remedies in this section.

(e) The attorney general or the Texas Optometry Board may institute suit against a manufacturer, wholesaler, or retailer of ophthalmic goods in any district court of the county in which a violation of this section is alleged to have occurred to require enforcement by injunctive procedures and to recover a civil penalty not to exceed \$1,000 for each day that a violation of this section is found to have occurred, plus costs of court and reasonable attorney's fees.

#### Art. 4552-5.12. Basic Competence

(a) In order to insure an adequate examination of a patient for whom an optometrist signs or causes

to be signed a prescription for an ophthalmic lens, in the initial examination of the patient the optometrist shall make and record, if possible, the following findings of the condition of the patient:

(1) Case History (ocular, physical, occupational and other pertinent information).

(2) Far point acuity, O.D., O.S., O.U., unaided; with old glasses, if available, and with new glasses, if any.

(3) External examination (lids, cornea, sclera, etc.).

(4) Internal ophthalmoscopic examination (media, fundus, etc.).

(5) Static retinoscopy, O.D., O.S.

(6) Subjective findings, far point and near point.

(7) Phorias or ductions, far and near, lateral and vertical.

(8) Amplitude or range of accommodation.

(9) Amplitude or range of convergence.

(10) Angle of vision, to right and to left.

(b) Every prescription for an ophthalmic lens shall include the following information: interpupillary distance, far and near; lens prescription, right and left; color or tint; segment type, size and position; the optometrist's signature.

(c) The willful or repeated failure or refusal of an optometrist to comply with any of the foregoing requirements shall be considered by the board to constitute prima facie evidence that he is unfit or incompetent by reason of negligence within the meaning of Section 4.04(a)(3) of this Act,<sup>1</sup> and shall be sufficient ground for the filing of charges to cancel, revoke or suspend his license. The charges shall state the specific instances in which it is alleged that the rule was not complied with. At a hearing pursuant to the filing of such charges, the person charged shall have the burden of establishing that compliance with the rule in each instance in which proof is adduced that it was not complied with was not necessary to a proper examination of the patient in that particular case.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.12, eff. Sept. 1, 1969.]

<sup>1</sup> Article 4552-4.04(a)(3).

#### Art. 4552-5.13. Professional Responsibility

(a) The provisions of this section are adopted in order to protect the public in the practice of optometry, better enable members of the public to fix professional responsibility, and further safeguard the doctor-patient relationship.

(b) No optometrist shall divide, share, split, or allocate, either directly or indirectly, any fee for optometric services or materials with any lay person, firm or corporation, provided that this rule shall not be interpreted to prevent an optometrist from paying an employee in the regular course of

employment, and provided further, that it shall not be construed as a violation of this Act for any optometrist to lease space from an establishment on a percentage or gross receipts basis or to sell, transfer or assign accounts receivable.

(c) No optometrist shall divide, share, split or allocate, either directly or indirectly, any fee for optometric services or materials with another optometrist or with a physician except upon a division of service or responsibility provided that this rule shall not be interpreted to prevent partnerships for the practice of optometry. This Act does not prohibit an optometrist from being employed on a salary, with or without bonus arrangements, by a licensed optometrist or physician, regardless of the amount of supervision exerted by the employing optometrist or physician over the office in which the employed optometrist works, provided such bonus arrangements, if any, shall not be based in whole or in part on the business or income of any optical company.

(d) An optometrist may practice optometry under a trade name or an assumed name or under the name of a professional corporation or a professional association. Every optometrist practicing in the State of Texas, including those practicing under a trade or assumed name, shall be required to display the actual name under which he is licensed by the board in a manner such that his name will be visible to the public prior to entry of the optometrist's office reception area.

(e) No optometrist shall use, cause or allow to be used, his name or professional identification, as authorized by Article 4590e, as amended, Revised Civil Statutes of Texas, 1925, on or about the door, window, wall, directory, or any sign or listing whatsoever, of any office, location or place where optometry is practiced, unless said optometrist is actually present and practicing optometry therein during the hours such office, location or place of practice is open to the public for the practice of optometry.

(f) No optometrist shall practice or continue to practice optometry in any office, location or place of practice where any name, names or professional identification on or about the door, window, wall, directory, or any sign or listing whatsoever, or in any manner used in connection therewith, shall indicate or tend to indicate that such office, location or place of practice is owned, operated, supervised, staffed, directed or attended by any person not actually present and practicing optometry therein during the hours such office, location or place of practice is open to the public for the practice of optometry.

(g) The requirement of Subsections (e) and (f) of this section that an optometrist be "actually present" in an office, location or place of practice holding his name out to the public shall be deemed satisfied if the optometrist is, as to such office, location or place of practice, either:

(1) physically present therein more than half the total number of hours such office, location, or place of practice is open to the public for the practice of optometry during each calendar month for at least nine months in each calendar year; or

(2) physically present in such office, location, or place of practice for at least one-half of the time such person conducts, directs, or supervises any practice of optometry.

(h) Nothing in this section shall be interpreted as requiring the physical presence of a person who is ill, injured, or otherwise incapacitated temporarily.

(i) The requirement of Subsections (e) and (f) of this section that an optometrist be "practicing optometry" at an office, location, or place of practice holding his name out to the public shall be deemed satisfied if the optometrist regularly makes personal examination at such office, location, or place of practice of the eyes of some of the persons prescribed for therein or regularly supervises or directs in person at such office, location or place of practice such examinations.

(j) The willful or repeated failure or refusal of an optometrist to comply with any of the provisions of this section shall be considered by the board to constitute prima facie evidence that such optometrist is guilty of violation of this Act, and shall be sufficient ground for the filing of charges to cancel, revoke or suspend his license. The charges shall state the specific instance or instances in which it is alleged that the rule was not complied with. Alternatively, or in addition to the above, it shall be the duty of the board to institute and prosecute an action in a court of competent jurisdiction to restrain or enjoin the violation of any of the preceding rules.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.13, eff. Sept. 1, 1969. Amended by Acts 1981, 67th Leg., p. 2798, ch. 758, § 2, eff. Aug. 31, 1981.]

#### Art. 4552-5.14. Lease of Premises from Mercantile Establishment

(a) In order to safeguard the visual welfare of the public and the optometrist-patient relationship, fix professional responsibility, establish standards of professional surroundings, more nearly secure to the patient the optometrist's undivided loyalty and service, and carry out the prohibitions of this Act against placing an optometric license in the service or at the disposal of unlicensed persons, the provisions of this section are applicable to any optometrist who leases space from and practices optometry on the premises of a mercantile establishment.

(b) The practice must be owned by a Texas-licensed optometrist. Every phase of the practice and the leased premises shall be under the exclusive control of a Texas-licensed optometrist.

(c) The prescription files and all business records of the practice shall be the sole property of the optometrist and free from involvement with the

mercantile establishment or any unlicensed person. Except, however, that those business records essential to the successful initiation or continuation of a percentage of gross receipts lease of space may be inspected by the applicable lessor.

(d) The lease space shall be definite and apart from the space occupied by other occupants of the premises. It shall be separated from space used by other occupants of the premises by solid, opaque partitions or walls from floor to ceiling. Railings, curtains, and other similar arrangements are not sufficient to comply with this requirement.

(e) The leased space shall have a patient's entrance opening on a public street, hall, lobby, corridor, or other public thoroughfare. The aisle of a mercantile establishment does not comply with this requirement. An entrance to the leased space is not a patient's entrance within the meaning of this subsection unless actually used as an entrance by the optometrist's patients.

(f) No phase of the optometrist's practice shall be conducted as a department or concession of the mercantile establishment; and there shall be no legends or signs such as "Optical Department," "Optometrical Department," or others of similar import, displayed on any part of the premises or in any advertising.

(g) The optometrist shall not permit his name or his practice to be directly or indirectly used in connection with the mercantile establishment in any advertising, displays, signs, or in any other manner.

(h) All credit accounts for patients shall be established with the optometrist and not the credit department of the mercantile establishment. However, nothing in this subsection prevents the optometrist from thereafter selling, transferring, or assigning any such account.

(i) Repealed by Acts 1981, 67th Leg., p. 2811, ch. 758, § 6, eff. Aug. 31, 1981.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.14, eff. Sept. 1, 1969. Amended by Acts 1981, 67th Leg., p. 2811, ch. 758, § 6, eff. Aug. 31, 1981.]

#### Art. 4552-5.15. Relationships of Optometrists with Dispensing Opticians

(a) The purpose of this section is to insure that the practice of optometry shall be carried out in such a manner that it is completely and totally separated from the business of any dispensing optician, with no control of one by the other and no solicitation for one by the other, except as hereinafter set forth.

(b) If an optometrist occupies space for the practice of optometry in a building or premises in which any person, firm, or corporation engages in the business of a dispensing optician, the space occupied by the optometrist shall be separated from the space occupied by the dispensing optician by solid partitions or walls from floor to ceiling. The space occupied by the optometrist shall have a patient's

entrance opening on a public street, hall, lobby, corridor, or other public thoroughfare. An entrance is not a patient's entrance within the meaning of this subsection unless actually used as an entrance by the optometrist's patients.

(c) An optometrist may engage in the business of a dispensing optician, own stock in a corporation engaged in the business of a dispensing optician, or be a partner in a firm engaged in the business of a dispensing optician, but the books, records, and accounts of the firm or corporation must be kept separate and distinct from the books, records, and accounts of the practice of the optometrist.

(d) No person, firm, or corporation engaged in the business of a dispensing optician, other than a licensed optometrist or physician, shall have, own, or acquire any interest in the practice, books, records, files, equipment, or materials of a licensed optometrist, or have, own, or acquire any interest in the premises or space occupied by a licensed optometrist for the practice of optometry other than a lease for a specific term without retention of the present right of occupancy on the part of the dispensing optician. In the event an optometrist or physician who is also engaged in the business of a dispensing optician (whether as an individual, firm, or corporation) does own an interest in the practice, books, records, files, equipment or materials of another licensed optometrist, he shall maintain a completely separate set of books, records, files, and accounts in connection therewith.

(e) If, after examining a patient, an optometrist believes that lenses are required to correct or remedy any defect or abnormal condition of vision, the optometrist shall so inform the patient and shall expressly indicate verbally or by other means that the patient has two alternatives for the preparation of the lenses according to the optometrist's prescription: First, that the optometrist will prepare or have the lenses prepared according to the prescription; and second, that the patient may have the prescription filled by any dispensing optician but should return for an optometrical examination of the lenses.

Six (6) members must be reputable practicing podiatrists who have resided in this state and who have been actively engaged in the practice of podiatry for five (5) years immediately preceding their appointment. Three (3) members must be representatives of the general public. However, a public member may not participate in any part of the examination process for applicants for a license issued by the Board that requires knowledge of the practice of podiatry. Appointments to the Board shall be made by the Governor without regard to the race, creed, sex, religion, or national origin of the appointees.

(b) A person is not eligible for appointment as a public member if the person or the person's spouse:

(2) is employed by or participates in the management of an agency or business entity that provides health-care services or that sells, manufactures, or distributes health-care supplies or equipment;

(3) has, other than as a consumer, a financial interest in a business entity that provides health-care services or that sells, manufactures, or distributes health-care supplies or equipment.

(c) A member or employee of the Board may not be an officer, employee, or paid consultant of a statewide or national trade association in the health-care industry. A member or employee of the Board may not be related within the second degree by affinity or consanguinity to a person who is an officer, employee, or paid consultant of a statewide or national trade association in the health-care industry.

(d) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes) may not serve as a member of the Board or act as the general counsel to the Board.

(e) It is a ground for removal from the Board if a member:

(1) does not have at the time of appointment the qualifications required by Section (a) or (b) of this article for appointment to the Board;

(2) violates Section (c) or (d) of this article; or

(3) fails to attend at least half of the regularly scheduled Board meetings held in a calendar year, excluding meetings held while the person was not a Board Member.

(f) If a ground for removal of a member of the Board exists, the Board's actions during the existence of the ground for removal are not invalid for that reason.

(g) The term of office of each member of said Board shall be six (6) years. At the expiration of the term of each member, his successor shall be appointed by the Governor of this State and he shall serve for a term of six (6) years, or until his successor shall be appointed and qualified. The members of the Texas State Board of Podiatry Examiners shall, before entering upon the duties of their offices, qualify, by subscribing to, before a notary public or other officer authorized by law to administer oaths, and filing with the Secretary of State, the constitutional oath of office. Said bond shall be payable to the Governor of this State, for the benefit of said Board; shall be conditioned upon the faithful performance of the duties of such officer; and shall be in such form as may be approved by the Attorney General of this State; and shall be executed by a surety company, as surety, and be approved by the Texas State Board of Podiatry Examiners.

(h) Said Texas State Board of Podiatry Examiners shall hold meetings at least twice a year and special meetings when necessary at such times and places as the Board deems most convenient for applicants for examinations for license. Special meetings shall be held upon request of a majority of the members of the Board, or upon the call of the president. Five (5) members of the Board shall constitute a quorum for the transaction of business and should a quorum not be present on the day appointed for any meeting, those present may adjourn from day to day until a quorum be present.

(i) The Board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(j) The Board shall adopt all reasonable or necessary rules, regulations, and bylaws, not inconsistent with the law regulating the practice of podiatry, the laws of this State, or of the United States, to govern its proceedings and activities, the regulation of the practice of podiatry and the enforcement of the law regulating the practice of podiatry. If the appropriate standing committees of both houses of the legislature acting under Section 5(g), Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Board statements opposing adoption of a rule under that subsection, the rule may not take effect or, if the rule has already taken effect, the rule is repealed effective on the date the Board receives the committees' statements. The Board shall have power to appoint committees from its own membership, the duties of which shall be to consider such matters pertaining to the enforcement of the law regulating the practice of podiatry and the regulations promulgated in accordance therewith as shall be referred to said committees, and to make recommendations to the Board with respect thereto. The Board may contract with the Texas State Board of Medical Examiners or any other appropriate state agency for the provision of some or all of the services necessary to carry out the activities of the Board. The Board, any committee, or any members thereof shall have the power to issue subpoenas and to compel the attendance of witnesses and the production of books, records, and documents, to administer oaths and to take testimony concerning all matters within its or his jurisdiction. The Board shall not be bound by the strict rules of procedure

or by the laws of evidence in the conduct of its proceedings, but the determination shall be founded upon sufficient legal evidence to sustain it. The Board shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of the law regulating the practice of podiatry or the regulations promulgated in accordance therewith, and in such connection a temporary injunction may be granted. Said action for an injunction shall be in addition to any other action, proceeding or remedy authorized by law. The Board shall keep a correct record of all the proceedings of the Board, and of all moneys received or expended by the Board, which record shall be open to public inspection at all reasonable times. The records shall include a record of proceedings relating to examination of applicants, and the issuance, renewal, or refusal of certificates of registration; and they shall also contain the name, age, known place of residence, the name and location of the school of podiatry from which he holds credentials and the time devoted to the study and practice of the same, together with such other information as the Board may desire to record. Said record shall also show whether applicants were rejected or licensed and shall be prima facie evidence of all matters therein contained. A certified copy of said record, with the hand and seal of the secretary of said Board, shall be admitted as evidence in all courts. Every license and annual renewal certificate issued shall be numbered and recorded in a book kept by the Board. The records shall be kept by the Board.

The Board shall cause the prosecution of all persons violating any of the provisions of the law regulating the practice of podiatry and may incur the expense reasonably necessary in that behalf.

(k) Offices of the Board shall be located in Austin, Travis County, Texas.

(l) The Board may recognize, prepare, or implement continuing education programs for licensees. Participation in the programs is voluntary.

"Sec. 6. (a) A person holding office as a member of the Texas State Board of Podiatry Examiners on the effective date of this Act continues to hold the office for the term for which the member was originally appointed.

"(b) The governor shall appoint three public members to the board. The governor shall designate one public member for a term expiring on the regular expiration date in 1983, one for a term expiring on the regular expiration date in 1985, and one for a term expiring on the regular expiration date in 1987."

(d) Any person who violates any provision of this Article or of any rule or determination of the Board adopted pursuant to this Article is subject to a civil penalty of not less than Fifty Dollars (\$50) nor more than Five Hundred Dollars (\$500) for each day of violation, as the court may deem proper, to be recovered in the manner provided in Section (e) of this Article.

(e) Whenever it appears that a person has violated or is violating any provision of this Article or of a rule adopted or determination made by the Board pursuant to Section (a) of this Article, then the Board may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation, or for the assessment and recovery of a civil penalty of not less than Fifty Dollars (\$50) nor more than Five Hundred Dollars (\$500) for each day of violation, as the court may deem proper, or for both injunctive relief and civil penalty. At the request of the Board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty.

In enforcing this subsection the Board shall, upon probable cause, request a podiatrist to submit to a mental or physical examination by medical doctors designated by it. If the podiatrist refuses to submit to

the examination, the Board shall issue an order requiring the podiatrist to show cause why he will not submit to the examination and shall schedule a hearing on the order within 30 days after notice is served on the podiatrist. The podiatrist shall be notified by either personal service or by certified mail with return receipt requested. <sup>1</sup> Article 4567 et seq.

Section 2 of Acts 1963, 58th Leg., p. 40, ch. 27, provided: "Nothing in the Act in any way shall invalidate or affect or be construed to invalidate or affect any valid license duly issued by the State Board of Chiropody Examiners and in effect on the effective date of this Act, or the lawful renewal or reinstatement of any license issued by said Board."

The name "State Board of Chiropractic Examiners" and the words "chiropractic" and "chiropractors" were changed to "State Board of Podiatry Examiners", "podiatry" and "podiatrists" by Acts 1967, 60th Leg., p. 181, ch. 96. See art. 4567a.

Section 2 of the 1971 Act amended art. 4573. Sections 3 and 4 thereof provided:

"Sec. 3. Nothing in this Act in any way invalidates or affects or shall be construed to invalidate or affect any valid license duly issued by the State Board of Podiatry Examiners and in effect on the effective date of this Act, or the lawful renewal or reinstatement of any license which was originally lawfully issued by that Board.

"Sec. 4. Severability Clause. The provisions of this Act are severable. If any word, phrase, sentence, section, provision or part of this Act should be held to be invalid or unconstitutional, it shall not affect the validity of the remaining portions, and it is hereby declared to be the legislative intent that this Act would have been passed as to the remaining portions, regardless of the invalidity of any part."

#### Art. 4571. Licenses

##### Annual License Renewal

Sec. 1. (a) The Texas State Board of Podiatry Examiners shall set and may from time to time change the amount of the annual license renewal fee as in the Board's judgment may be needed to provide for the reasonable costs and expenses of the Board in performing its duties and the administration of the law regulating the practice of podiatry. The annual license renewal fee shall be paid to the Board.

(b) The Texas State Board of Podiatry Examiners on or before August first of each year shall notify, by mail, all Texas licensed podiatrists at their last known address that the annual license renewal fee is due on the following September first.

(c) A person may renew his unexpired license by paying to the Board before the expiration date of the license the required renewal fee.

(d) If a person's license has been expired for 90 days or less, the person may renew the license by paying to the Board the required renewal fee and a fee that is one-half of the examination fee for the license.

(e) The Board by rule may adopt a system under which licenses expire on various dates during the year, and the dates for sending notice that payment is due and dates of suspension, revocation, and assessment of a penalty for nonpayment shall be adjusted accordingly. For the year in which the license renewal date is changed, license fees payable on September 1 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

(f) If a person's license has been expired for more than 90 days but less than two years, the person may renew the license by paying to the Board renewal fees and a fee that is equal to the examination fee for the license.

(g) If a person's license has been expired for two years or more, the person may not renew the license. The person may obtain a new license by submitting to reexamination and complying with the requirements and procedures for obtaining an original license.

##### Effect of Practicing Without Renewing License

##### Re-Examination If License Revoked

Sec. 3. After the Board has declared a license suspended or revoked for nonpayment of the annual license renewal fee as provided for in this Article, the Board may thereafter in its discretion refuse to reinstate the license or issue a new license until the podiatrist, whose license has been declared suspended or revoked has passed the regular examination for license.

##### Reissuance of Lost or Amended License

Sec. 4. If any license issued by the Board is lost, destroyed or stolen from the legally qualified and authorized person to whom it was issued, the owner of the license shall report the fact to the Secretary-Treasurer of the Board, in an affidavit form. The affidavit shall set forth detailed information as to the loss, destruction or theft, giving dates, place and circumstances. If the owner of a license desires to have an amended license issued to him because of a lawful change in the name or degree designation of the licensee or for any other lawful and sufficient reason, the owner of the license shall make application for such amended license to the Secretary-Treasurer of the Board setting forth the reasons the issuance of an amended license is requested. A duplicate or amended license shall be issued upon regular application of the owner of the original license and payment of a fee set by the Board for the duplicate or amended license; however, the Board shall not issue a duplicate or amended license until sufficient evidence by the owner of the original license has been submitted to prove the license has been lost or to establish the lawful reason an amended license should be issued, and unless the records of the Board show a license had been issued and been in full force and effect at the time of such loss, destruction or theft, or such request for an amended license. If an amended license is issued, the original license shall be returned to the Board.

##### Display of License

Sec. 5. Every person licensed by the State Board of Podiatry Examiners to practice in the state shall conspicuously display both his license and an annual renewal certificate for the current year of practice in the place or office wherein he practices

and shall be required to exhibit such license and renewal certificate to a representative of the Board upon such representative's official request for its examination or inspection.

(a) Any licensed podiatrist whose license has been suspended or revoked or whose annual renewal certificate has expired while he has been engaged in Federal service or on active duty with the Army of the United States, the United States Navy, the United States Marine Corps, the United States Coast Guard, the United States Air Force, or the United States Maritime Service or the State Militia, called into service or training of the United States of America or in training or education under the supervision of the United States preliminary to induction into the military service, may have his license renewed without paying any lapsed renewal fee or without passing any examination, if, within one (1) year after termination of said service, training or education, other than by dishonorable discharge, he furnishes the State Board of Podiatry Examiners an affidavit to the effect that he has been so engaged and that his service, training or education has been so terminated.

(b) This section does not apply to a person whose license is revoked under Article 4573a of this chapter.

**Art. 4573. Revocation, Probation, Cancellation, and Suspension of License; Complaints**

(a) The Board shall maintain an information file about each complaint filed with the Board relating to a licensee. If a written complaint is filed with the Board relating to a licensee, the Board, at least as frequently as quarterly, shall notify the parties to the complaint of the status of the complaint until

final disposition unless the notification would jeopardize and undercover investigation.

(b) The Board shall revoke or suspend a license, probate a license suspension, or reprimand a licensee for violation of the law regulating the practice of podiatry or a rule adopted by the Board.

(c) If the Board proposes to suspend or revoke a person's license, the person is entitled to a hearing before the Board.

(d) Proceedings for the suspension or revocation of a license are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(e) Any person whose license to practice podiatry has been cancelled, revoked or suspended by order of the Board may take an appeal to a district court of Travis County, but the decision of the Board shall not be enjoined or stayed except on application to the district court after notice to the Board. The proceeding on appeal shall be under the substantial evidence rule.

(f) The Board may, upon majority vote, rule that the order revoking, cancelling, or suspending the practitioner's license be probated so long as the probationer conforms to such orders and rules as the Board may set out as the terms of probation. The Board, at the time of probation, shall set out the period of time constituting the probationary period.

(g) At any time while the probationer remains on probation, the Board may hold a hearing and, upon majority vote, rescind the probation if the terms of the probation have been violated, and enforce the Board's original action in revoking, cancelling, or suspending the practitioner's license. The hearing to rescind the probation shall be called by the President of the Texas State Board of Podiatry Examiners, who shall cause to be issued a notice setting a time and place for the hearing and containing the charges or complaints against the probationer. The notice shall be served on the probationer or his counsel, and any person or persons complaining of the probationer or their counsel, at least ten (10) days prior to the time set for the hearing. When personal service is impossible, or cannot be effected, the same provisions for service in lieu of personal service set out in Subsection (d) of this Article shall apply. The respondent and any person or persons complaining of the respondent have the right to appear at the hearing either personally or by counsel, or both, to produce witnesses or evidence, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board may also issue subpoenas on its own motion. The subpoenas of the Board may be enforced through any district court having jurisdiction and venue in the county where the hearing is held. The Board shall determine the charges upon their merits. The order revoking or rescinding the probation is not subject to review or appeal.

(h) Upon application, the Board may reissue a license to practice podiatry to a person whose license has been cancelled or suspended, but the application, in the case of cancellation or revocation, may not be made prior to one (1) year after the cancellation or revocation, and shall be made in such manner and form as the Board may require.

##### Definitions

Sec. 1. A. 1. A "funeral director" as that term is used herein, is a person who for compensation engages in or conducts, or who holds himself out as being engaged, for compensation, in preparing, other than by embalming, for the burial or disposition of dead human bodies, and maintaining or operating a funeral establishment for the preparation and disposition, or for the care of dead human bodies.

2. A person who acts as a funeral director without holding a funeral director license violates this Act. This subdivision does not apply to a registered apprentice who works under the supervision of a licensed funeral director. A person who is engaged in the business of funeral directing or who professes to be engaged in that business or who holds himself or herself out to the public as a funeral director shall be a licensed funeral director.

B. The term "directing a funeral," or "funeral directing" as herein used, shall mean the directing or personal supervision by a licensed funeral director from the time of the first call until interment or entombment services are completed, or until the body is delivered into the hands of the persons in charge of a crematorium, or until the body is delivered to another funeral director or to a public carrier.

C. The term "first call" shall mean the beginning of the relationship and duty of the funeral director to take charge of a dead human body and have same prepared by embalming, cremation, or otherwise, for burial or disposition, provided all

laws pertaining to public health in this state are complied with. "First call" does not include calls made by ambulance, when the person dispatching the ambulance does not know whether a dead human body is to be picked up. A dead human body shall be picked up on first call only under the direction and personal supervision of a licensed funeral director or embalmer. A dead human body may be transferred from one funeral home to another funeral home and to and from a morgue where an autopsy is to be performed without a licensed funeral director personally making the transfer.

D. The term "embalmer" as herein used is a person who for compensation disinfects or preserves a dead human body, entire or in part by the use of chemical substances, fluids, or gases in the body, or by the introduction of the same into the body by vascular or hypodermic injection, or by direct application into the organs or cavities, or by any other method intended to disinfect or preserve a dead human body, or restore body tissues and structures. The placing of any such chemicals or substances on or in a dead human body by any person who is not a licensed embalmer shall be deemed a violation of this Act, provided that this shall not apply to a registered apprentice working under the supervision of a licensed embalmer. All persons who are engaged in the business of embalming or who profess to be engaged in such business, or hold themselves out to the public as embalmers, shall be licensed embalmers.

E. The term "apprentice" as herein used is a person engaged in learning the practice of funeral directing and/or embalming under the instruction, direction, and personal supervision of a duly licensed funeral director and/or embalmer of and in the State of Texas in accordance with the provisions of this Act, and having been duly registered as such by the Board prior thereto.

F. The term "apprenticeship" as used herein shall be construed as diligent attention to assigned duties and other subject matter in the course of regular employment in a licensed funeral establishment in this state. This regular employment must involve at least forty (40) working hours per week which may be cumulated in any manner under actual working conditions and under the personal supervision of a licensee, in order for an apprentice to qualify as a licensed funeral director and/or embalmer.

G. The term "funeral establishment" as herein used is a place of business used in the care and preparation for burial or transportation of dead human bodies, or any place where one or more persons, either as sole owner, in co-partnership, or through corporate status, represent themselves to be engaged in the business of embalming and/or funeral directing, or as so engaged. Such funeral directing and embalming shall be performed only under the supervision and direction of a licensed funeral director and/or embalmer.

H. The term "due notice" as herein used shall mean published notice of the time and place of regular meetings of the Board. Notice of time, place, and purpose of any meeting of the Board published in at least three (3) daily newspapers in three (3) separate cities in the state, at least fifteen (15) days prior thereto, shall be adequate notice for any regular meeting, including the giving of examinations; however, a notice of a meeting wherein a change in the rules and regulations of the Board is to be considered, shall be given by written notice to all licensees in the State of Texas, at the address registered with the Board, at least thirty (30) days in advance of any hearing thereon.

I. The term "mortuary science" as herein used, shall mean the scientific, professional and practical aspects, with due consideration given to accepted practices, covering the care, preparation for burial or transportation of dead human bodies, which shall include the preservation and sanitation thereof and restorative art, and as such is related to public health, jurisprudence, and good business administration.

J. An "accredited school or college of mortuary science" is a school or college which maintains a course of instruction of not less than forty-eight (48) calendar weeks or four (4) academic quarters or college terms and which gives a course of instruction that includes but is not limited to the following fundamental subjects: (a) mortuary management and administration; (b) legal medicine and toxicology as it pertains to funeral directing; (c) public health, hygiene and sanitary science; (d) mortuary science, to include embalming technique, in all its aspects; chemistry of embalming, color harmony; discoloration, its causes, effects and treatment; treatment of special cases; restorative art; funeral management; and professional ethics; (e) anatomy and physiology; (f) chemistry, organic and inorganic; (g) pathology; (h) bacteriology; (i) sanitation and hygiene; (j) public health regulations; (k) other courses of instruction in fundamental subjects prescribed by the Board; and (l) local, state, and federal rules and laws relating to the care and disposition of dead human bodies.

K. An "official application blank," as that term is used herein, is a sheet bearing blank spaces for the entering of stipulated information, which sheet shall be filled in by any person who seeks employment as funeral director or embalmer in this state. The form of this application blank shall be prescribed by the Board. Prospective employers shall have job applicants fill in this application blank and shall remit it upon completion to the Board. The Board shall inform employers as soon as possible of the status of the license of any person for whom it receives an official application blank.

L. A "commercial embalmer" or "commercial embalming establishment" is one that embalms for licensed funeral establishments and does not sell any services or merchandise directly or at retail to

the public, and shall otherwise meet the requirements of a licensed embalmer as provided in this Act. A commercial embalmer or a commercial embalming establishment may not employ an embalmer who is not licensed under this Act.

M. "Solicitation" means a direct or indirect contact with the family, next of kin, or one who has custody of a person who is deceased or near death for the purpose of securing the right to provide funeral services or merchandise for the deceased or the person near death. The list must contain the name, address, and telephone number of the funeral establishment, the effective date for the stated prices, and the following printed notice: "You may choose only the items you desire. If you are charged for items you did not specifically request, we will explain the reason for the charges on the written memorandum. Please note that there may be charges for items such as cemetery fees, flowers, and newspaper notices."

T. "Written memorandum" means a written statement that itemizes the cost of funeral services or merchandise selected by a customer from the retail price list. The memorandum must also state the amount paid or owed to another person by the funeral establishment on behalf of the customer and each fee charged the customer for the cost of advancing funds or becoming indebted to another person on behalf of the customer. The memorandum must include the name, address, and telephone number of the funeral establishment and the following printed notice: "Charges are made only for items that are used. Five (5) members must be licensed embalmers or funeral directors in the State of Texas and each of these members must have a minimum of five (5) years, consecutively, of such experience in this state immediately preceding appointment. At least three (3) such licensed members shall be embalmers. Four (4) members must be representatives of the general public who are not regulated under this Act.

(2) The members of said Board shall be appointed by the Governor, by and with the consent of the Senate for staggered terms of six (6) years. Each member shall be subject to removal by the Governor for neglect of duty, incompetence, or fraudulent or dishonest conduct. The Governor shall remove from the Board any member whose license to practice funeral directing and/or embalming has been voided, revoked or suspended. Any vacancy in an unexpired term shall be filled by appointment of the Governor for the unexpired term. No member of the Board shall be appointed for more than one (1) full term of service.

(3) A member of the Board or an employee of the State Board of Morticians who carries out the functions of the Board may not:

(a) be an officer, employee, or paid consultant of a trade association in the funeral industry;

(4) Members of the Board, except those members who are duly licensed embalmers or funeral directors, may not have personally, nor be related to persons within the second degree by affinity or third degree by consanguinity who have, except as consumers, financial interests in funeral establishments as officers, directors, partners, owners, employees, attorneys, or paid consultants of the funeral establishments or otherwise.

(5) No member shall be appointed to the Board who is an officer or employee of a corporation or other business entity controlling or operating, directly or indirectly, more than three funeral establishments, if another member of the Board is also an officer or employee of the same corporation or other business entity.

(6) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as the general counsel to the Board or serve as a member of the Board.

(7) Appointments to the Board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

(8) Each member of the Board shall be present for at least one-half of the regularly scheduled meetings held each year by the Board. The failure of a member to meet this requirement automatically removes the member from the Board and creates a vacancy on the Board.

B. The members of said Board, before entering upon their duties, shall take and subscribe to the oath of office prescribed for other state officials, which oath shall be filed in the office of the Secretary of State, after having been administered under proper authority. Each person appointed to the Board shall be furnished with a certificate of appointment by the Governor which shall bear evidence of the taking of oath of office.

C. The Board shall meet in Austin, Texas, in regular session at least two (2) times each year for the transaction of business. Examination for funeral directors and embalmers shall be held at least once during each year at such times and places as the Board may designate and give due notice thereof. Special meetings or hearings may be held at such time and place as may be determined by and

D. The Board shall elect, after thirty (30) days' written notice is given to members, a President, Vice-President, and Secretary from the members of the said Board who shall serve one (1) year, or until their successor shall be elected and qualified in cases of resignation or death. In the absence of an Executive Secretary, the Secretary shall be bonded to the State of Texas in a sum equal to the maximum annual anticipated receipts of the Board and any premium payable for such bond shall be paid from the funds of the Board; likewise, the Board will require a bond of the Executive Secretary, if any, and such bond shall be deposited with the State Auditor of the State of Texas. The President of the Board shall preside at all meetings of the Board unless otherwise ordered, and he shall exercise all duties and performances incident to the office of the President of the Board, and in his absence the Vice-President shall preside. A majority of the membership of the Board shall constitute a quorum for the transaction of business.

E. The Board shall make an annual report covering the work of the Board for the preceding fiscal year, and such report shall be filed with the Governor and shall include:

1. An itemized account of money received and expended and the purpose therefor which has been duly certified by the State Auditor;

2. The names of all duly licensed funeral directors, embalmers, and funeral establishments. A copy shall be filed with the Secretary of State for permanent record, a certified copy of which, under the hand and seal of the Secretary of State, shall be admissible as evidence in all courts; and

3. A description of the activities of the Board during the preceding fiscal year.

F. The Board shall preserve a record of its proceedings in a book kept for that purpose.

G. The Board shall keep a permanent, alphabetical record of all applications for licenses and the action thereon. Such records shall also show, at all times, the current status of all such applications and licenses issued.

H. The Board may employ such inspectors, and clerical and technical assistants, legal counsel, including an Executive Secretary, as may be determined by it to be necessary to carry out the provisions of this Act, and the terms, conditions and expenses of such employment shall be determined by the Board.

I. Membership of the Board shall be reimbursed for necessary traveling expenses incident to attendance upon the business of the Board, and in addition thereto, each shall receive a per diem allowance of Fifty Dollars (\$50) for each day actually spent by such member upon attendance to the business of the Board, not to exceed sixty (60) days within a

calendar year. The Secretary, in the absence of an Executive Secretary, notwithstanding membership on the Board, shall receive and be paid a salary for the time he devotes to the business of the Board, and the amount and method of payment shall be fixed by the Board and in addition thereto, he shall receive necessary traveling expenses incurred in the performance of such duty; provided, however, he shall not be paid a per diem allowance during the time he is compensated on a salary basis; and provided that all such expenses, per diem allowance and compensation shall be paid out of the receipts of the Board. All fees and other funds received by the Board shall be deposited in the State Treasury to the credit of the General Revenue Fund. No claim for traveling expenses or per diem allowance shall be allowed or paid unless the claim be in writing and signed by the claimant under oath.

J. Except as otherwise provided by law, all records of the Board shall be open to inspection by the public during regular office hours.

K. All meetings of the Board shall be open and public.

L. The Board shall prescribe the form of the official application blank. It shall notify the proprietor of each licensed funeral establishment in this state that any person who seeks employment as a funeral director or embalmer must fill in this application blank, and that the person receiving the application must mail a copy of the official form to the Board. The Board shall inform the prospective employer of the status of the applicant's license to engage in the activity he proposes.

M. The Board may adopt such administrative procedures as may be desirable to effect the intent of the provisions of this Section.

N. The State Board of Morticians is subject to the Texas Sunset Act, as amended (Article 5429k, Vernon's Texas Civil Statutes); and unless continued in existence as provided by that Act the board is abolished, and this Act expires effective September 1, 1991.

O. The Board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

P. If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the Board receives the committees' statements.

#### Licenses—Funeral Directors and Embalmers

Sec. 3. A. The Board is hereby authorized and empowered and it shall be its duty to prescribe and maintain a standard of proficiency, character and qualifications of those engaged or who may engage in the practice of a funeral director or embalmer and to determine the qualifications necessary to enable any person to lawfully practice as a funeral director, to embalm dead human bodies, and to collect the fees therefor. The Board shall examine all applicants for funeral directors' and embalmers' licenses and for apprenticeship licenses and shall issue the proper license to all persons qualified and who meet requirements herein prescribed.

B. The minimum requirements for the issuance of licenses by this Board to practice funeral directing and/or embalming in Texas are as follows, to wit:

1. For a license to practice funeral directing: the applicant shall be found by the Board to be not less than eighteen (18) years of age, a resident of the State of Texas, having graduated from an accredited high school or passed examination prescribed by the Texas Education Agency, having graduated from an accredited school or college of mortuary science approved by this Board, having served as an apprentice for at least one (1) year under the personal supervision and instruction of a licensed funeral director and having satisfied the Board through written examination as to his proficiency by examination on the subjects of: (a) the art and technique of funeral directing; (b) signs of death; (c) the manner by which death may be determined; (d) sanitation; (e) hygiene; (f) mortuary management and mortuary law; (g) business and professional ethics; (h) laws applicable to vital statistics pertaining to dead human bodies; (i) local, state, and federal rules and laws relating to the preparation, transportation, care, and disposition of dead human bodies; and such other subjects as may be taught in a recognized school or college of mortuary science. Not later than the 30th day after the day on which a person completes an examination administered by the Board, the Board shall send to the person his examination results. If requested by a person who fails the examination, the Board shall send to the person not later than the 30th day after the day on which the request is received by the Board an analysis of the person's performance on the examination.

2. For a license to practice embalming: the applicant shall have been found by the Board to be not less than eighteen (18) years of age, a resident of the State of Texas, having graduated from an accredited high school or passed examination prescribed by the Texas Education Agency, having graduated from an accredited school or college of mortuary science approved by this Board, having served as an apprentice for one (1) year under the personal supervision of a licensed embalmer, and having satisfied the Board as to his proficiency through written

and practical examination on the subjects of: (a) anatomy of the human body; (b) the cavities of the human body; (c) the arterial and venous system of the human body; (d) blood and discoloration; (e) bacteriology and hygiene; (f) pathology; (g) chemistry and embalming; (h) arterial and cavity embalming; (i) restorative art; (j) disinfecting; (k) embalming special cases; (l) contagious and infectious diseases; (m) mortuary management; (n) care, preservation, transportation and disposition of dead human bodies; (o) laws applicable to vital statistics pertaining to dead human bodies; (p) sanitary science; (q) local, state, and federal rules and laws relating to the care and disposition of dead human bodies; and such other subjects as may be taught in a recognized school or college of mortuary science. Not later than the 30th day after the day on which a person completes an examination administered by the Board, the Board shall send to the person his examination results. If requested in writing by a person who fails the examination, the Board shall send to the person not later than the 30th day after the day on which the request is received by the Board an analysis of the person's performance on the examination.

C. The Board is hereby authorized and empowered and it shall be its duty to approve a course of instruction to be given by any college of mortuary science or recognized school of higher learning that desires to be approved by the Board. And it shall be the duty of the Board to examine and supervise the activities of an accredited school or college of mortuary science so as to insure that said college or school is meeting the requirements of the Board.

D. It shall be the duty of the Board to prescribe and supervise the course of instruction received by an apprentice while serving his or her apprenticeship, consistent with the following requirements to establish such an apprenticeship registration procedure:

1. Apprenticeship for embalmer: A license to practice the science of embalming shall not be issued unless and until the applicant therefor has served an apprenticeship period of not less than twelve (12) consecutive months under the personal supervision and instruction of a licensed embalmer and has successfully completed all requirements of apprenticeship. The only exception to this requirement shall be in the case of an applicant under reciprocity.

(a) Any person, eighteen (18) years of age or more, who desires to practice the science of embalming in this state, files application therefor, meets the requirements of the law and this Board, and possesses such qualification to enter into apprenticeship training, may be registered as an apprentice. Apprenticeship for a license to practice the science of embalming must be served by the person after graduation from a school or college of mortuary science. An applicant shall pay a registra-

tion fee not to exceed Fifteen Dollars (\$15) at the time he requests such apprenticeship registration.

(1) An applicant for a license to practice the science of embalming who attains a grade of 70% or higher on the written examination given by the Board upon payment of a registration fee not to exceed Fifteen Dollars (\$15) shall be registered as an apprentice within six (6) months of such examination.

(b) Each registered apprentice embalmer shall be issued a certificate of apprenticeship or other means of apprenticeship identification by the Board to be served in the State of Texas. During the period of apprenticeship he shall assist in embalming a minimum of sixty (60) dead human bodies, six (6) of which bodies the apprentice shall embalm after the first six months of the apprenticeship without aid but in the immediate presence and under the personal supervision of an embalmer duly and currently licensed in the State of Texas. No more than two (2) apprentices may receive credit due for work on any one body.

(c) An apprentice embalmer must report within ten (10) days after the end of each month each separate case handled by him or with which he has assisted in handling. Each such report shall be certified by the licensee under whom the apprentice performed his work. Throughout the period of apprenticeship, the apprentice shall report on at least one (1) such case of embalming each calendar month, within the month. In any month in which he did not embalm at least one (1) case under the direction of a licensed embalmer, a report shall be made to the Board notwithstanding.

2. Apprentice for Funeral Director: The term of apprenticeship for a funeral director's license shall be a period of not less than twelve (12) months, and may be served concurrently with apprenticeship for an embalmer's license; however, apprenticeship must be served in twelve (12) consecutive months. A person desiring to become an apprentice funeral director shall make application to the Board on a form provided by the Board, and if the Board desires, he shall appear before at least one (1) member of the Board, or a designated representative thereof, for approval of his application, subject to review of it by the entire Board. An applicant must be not less than eighteen (18) years of age and have completed the educational requirements prescribed for a funeral director, except an applicant for a funeral director's license may elect to serve a one-year apprenticeship prior to enrolling in a course of study in funeral directing prescribed by the Board and graduating from a school of embalming or college of mortuary science. Time spent as an apprentice while engaged in a prescribed course of study in funeral directing or as a student in a school of embalming or college of mortuary science may not be counted toward the required period of apprenticeship. The application for registration shall be sworn to and accompanied by a registration fee

not to exceed Fifteen Dollars (\$15). If the application is accepted, an applicant will be issued a certificate of apprenticeship registration upon determination by the Board that his qualifications are satisfactory.

(a) An applicant for a funeral director's license and the examination therefor who has not completed one (1) year of apprenticeship prior to enrolling in a school of embalming or college of mortuary science shall be admitted to apprenticeship only in the event he shall have attained a grade of 70% or higher on the written examination given by the Board, and the payment of a registration fee not to exceed Fifteen Dollars (\$15), whereupon he shall be registered as an apprentice. Provided, however, an applicant must register as an apprentice within six (6) months of such examination.

(b) An apprentice funeral director must report within ten (10) days after the end of each month each separate case with which he has assisted in handling. Each such report shall be certified to by the licensee under whom the apprentice performed the work. Throughout the period of apprenticeship the apprentice shall report on at least one (1) such case each calendar month, within the month. In any month within which he did not assist a funeral director in handling a funeral, a report shall be made to the Board notwithstanding.

(c) During the course of apprenticeship each apprentice shall assist a licensed funeral director in this state to prepare, other than by embalming, and to make final disposition of not less than sixty (60) dead human bodies, six (6) of which bodies the apprentice shall handle after the first six months of the apprenticeship. No more than two (2) apprentices may receive credit for work done on any one body.

3. Annual renewal apprenticeship certificate: Each certificate of apprenticeship issued by the Board to an apprentice embalmer or apprentice funeral director must be renewed on the first day of January of each year and will be renewed upon payment by the apprentice of a renewal fee not to exceed Fifteen Dollars (\$15), provided the apprentice has observed the rules and regulations of the Board with respect to his apprenticeship. Notice shall be mailed, during the month of December each year, to each registered apprentice at his last known address, notifying him that the renewal fee is due. If a registered apprentice fails to pay the annual renewal fee by the due date, the Board shall impose a late payment penalty equal in amount to the license renewal fee. If the apprentice is delinquent in payment of the renewal fee and penalty for more than thirty (30) days, the Board shall suspend his certificate for nonpayment and shall notify such apprentice of such suspension by registered mail, addressed to his last known address. If the said renewal fee and penalty are not then paid within ninety (90) days from the date of such notice of suspension, the Board shall then cancel such certifi-

cate. Provided, however, after an apprentice certificate has been cancelled, the apprentice may apply for reinstatement within eighteen (18) months from the date such apprentice certificate was cancelled and the Board may reinstate said apprentice provided he meets all other requirements of the Board and pays the license fee and a late payment penalty equal in amount to the license fee for the period of the cancellation. A certificate of apprenticeship may not be renewed for more than a total period of five (5) years from the date of its issuance. It is provided that the registration fee of any apprentice who is actively engaged in the military service of the United States may be remitted for the duration of such service or for such fees and such time as the Board may deem advisable upon presentation of proper evidence required by the Board.

3a. The board by rule shall adopt a system under which certificates expire on various dates during the year. The date for sending notice that payment is due and the date for suspension due to nonpayment shall be adjusted accordingly. For the year in which the certificate expiration date is changed, certification fees payable on January 1 shall be prorated on a monthly basis so that each certificate holder shall pay only that portion of the certification fee which is allocable to the number of months during which the certificate is valid. On renewal of the certificate on the new expiration date the total renewal fee is payable.

4. Notification of the Board upon entry into apprenticeship: When an apprentice enters the employ of a licensed embalmer or funeral director, he shall immediately notify the Board of the name and place of business of the licensed embalmer or funeral director whose service he has entered and the name of the funeral director or embalmer under whom he will train, and such notification shall be signed by the embalmer or funeral director in each case. If at any time thereafter such apprentice leaves the employ of the licensed embalmer or funeral director whose services he has entered, the said licensed embalmer or funeral director shall give to such apprentice an affidavit showing the length of time he has served as an apprentice with him and the number of cases handled while so employed; the original of said affidavit shall be filed with the Board and made a matter of record, and a copy shall be furnished to the apprentice. The Board shall furnish report forms to be used by each apprentice.

(a) Any apprentice registration shall be cancelled, and the applicant required to re-register, including paying the required fees, for failure to pass the Board's examination of such apprentice after only part of the apprenticeship has been completed. Provided, however, such applicant shall be given credit for apprenticeship time served under the cancelled license in any new registration.

5. A certificate of apprenticeship may be suspended or revoked as provided and set forth in Section 3, subsection H.

E. Any person engaged or desiring to engage in the practice of embalming or funeral directing in this state, in connection with the care and disposition of dead human bodies, shall make written application to the Board for a license accompanying same with a license fee not to exceed Fifty Dollars (\$50). The license or licenses when issued shall be signed by a majority of the Board and shall authorize the licensee to practice the science of embalming and/or funeral directing. All licenses shall be registered in the office of the County Clerk in any county in which the holder thereof resides and practices embalming and/or funeral directing and shall be displayed conspicuously in the place of business. Every licensed embalmer and/or funeral director who desires to continue his practice shall biennially pay to the Secretary of the said Board a registration fee not to exceed Fifty Dollars (\$50) for the renewal of each funeral director's license and each embalmer's license. Said license shall become due and payable biennially on the 31st day of May, and the Board will give written notice on or before April 1st, of each year that the license fees are due and payable. If a licensee fails to pay the biennial registration fee by the due date, the Board shall charge the delinquent licensee a late payment penalty equal in amount to the registration fee, and shall suspend the license and notify the licensee by certified mail, return receipt requested, of such suspension. If the licensee does not pay the registration fee and penalty before the ninetieth (90th) day after the date on which the Board declared the license suspended, as provided herein, the license shall be automatically cancelled and the Board may thereafter refuse to reinstate the licensee until the applicant has passed a regular examination for license as provided in this Act and has paid the license fee and a late payment penalty equal in amount to the license fee for the period of the cancellation. If any license issued under this Act shall be lost or destroyed, the holder of any such license may present his application for duplicate license to the State Board of Morticians, on a form to be prescribed by the Board, together with his affidavit of such loss or destruction, and that he is the same person to whom such license was issued, and such other information concerning its loss or destruction as the State Board of Morticians shall require, and shall, upon payment of a duplicate license fee not to exceed Ten Dollars (\$10), as determined by the Board, be granted a duplicate license. The Board shall adopt rules to carry out the biennial licensing system.

1. Any license that has been cancelled, suspended or lapsed for a period of five (5) years or more may be reinstated only after the applicant shall have passed a written and practical examination by the Board on embalming and/or a written examination on funeral directing.

2. The board by rule shall adopt a system under which licenses expire on various dates during the year. All dates for sending notice regarding pay-

ment of fees and dates for license suspension for nonpayment shall be adjusted accordingly. For the year in which the license expiration date is changed, license fees payable on May 31 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

F. (1) On a reciprocal basis with other states, countries, or territories the Board may issue, without examination, a license to an applicant who has a corresponding certificate or license issued by another state, country, or territory having standards for the license that are at least substantially equivalent to those of this state and who pays a reciprocal license fee of Sixty-two Dollars and Fifty Cents (\$62.50). The person's application shall be accompanied by an affidavit made by the President or Secretary of the Board of Mortician Examiners which issued the license, or by a duly constituted registration officer of the state, country, or territory by which the certificate or license was granted, and on which the application for registration in Texas is based, reciting that the accompanying certificate or license has not been cancelled, suspended or revoked, and that the statement of the qualifications made in the application for a license in Texas is true and correct. Applicants for a license under the provisions of this Act shall subscribe to an oath in writing before an officer authorized by law to administer oaths, which shall be a part of such application, stating that the license, certificate, or authority under which the applicant practiced as a funeral director or embalmer in the state, country, or territory from which the applicant removed, was at the time of such removal in full force and effect and not cancelled or suspended or revoked. Said application shall also state that the applicant is the identical person to whom the said certificate, license, or commission was issued, and that no proceeding has been instituted against the applicant for the cancellation, suspension or revocation of such certificate or license in the state, country, or territory in which the same was issued; and that no prosecution is pending against the applicant in any state or federal court for any offense which, under the laws of the State of Texas, is a felony, or is a misdemeanor related to the practice of embalming or funeral directing.

(2) Licenses granted under this subsection shall be on the following basis: Before a license is granted, the applicant shall receive a temporary permit good for one (1) year from date of issuance by the Board. At the end of one (1) year, the holder of said temporary permit shall again be considered by the Board, and if his application for license has been maintained and he meets all other requirements, the Board may grant said applicant a license.

G. Licenses currently outstanding shall be recognized under this Act. Any person, personally holding a current funeral director's and/or embalm-

er's license granted by the proper authorities in this state, shall not be required to make application for or submit to an examination, but shall be entitled to a renewal of his license, upon expiration of such current license, under the terms and conditions as herein provided for the renewal of licenses of those who may be licensed after the passage of this Act. All such persons shall be subject to every other provision of this Act.

H. The State Board of Morticians may seek appropriate injunctive relief against a funeral establishment, licensed embalmer, or funeral director who fails to comply with any provision of this Act. This Act does not affect any remedy or enforcement power under other laws. The State Board of Morticians may revoke, suspend, or place on probation any licensed funeral director and/or embalmer, or apprentice and may refuse to license or admit persons to examination for any of the following reasons all of which are offenses as provided in Section 6A of this Act:

1. The presentation to the Board of any license, certificate, or diploma which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination;

2. Conviction of a crime of the grade of a felony or of a misdemeanor that is related to the practice of embalming or funeral directing;

3. Being unfit to practice as a funeral director and/or embalmer by reason of insanity and having been adjudged by a court of competent jurisdiction to be of unsound mind;

4. The use of any statement that misleads or deceives the public, including but not limited to false or misleading statements regarding (1) any legal, religious, or cemetery requirement for funeral merchandise or funeral services, (2) the preservative qualities of funeral merchandise or funeral services in preventing or substantially delaying natural decomposition or decay of human remains, (3) the airtight or watertight properties of a casket or outer enclosure, or (4) representations as to licensed personnel in the operation of a funeral establishment;

5. The purchase, sale, barter, or use, or any offer to purchase, sell, barter, or use any license, certificate, or transcript of license or certificate, in or incident to an application to the Board of Morticians for license to practice as a funeral director and/or embalmer;

6. Altering, with fraudulent intent, any funeral director and/or embalmer license, certificate, or transcript of license or certificate;

7. The use of any funeral director and/or embalmer license, certificate, diploma, or transcript of any such funeral director and/or embalmer license, certificate, or diploma, which has been fraudulently purchased, issued, counterfeited, or materially altered;

8. The impersonation of, or acting as proxy for, another in any examination required by this Act for a funeral director and/or embalmer license;

9. The impersonation of a licensed funeral director or embalmer as authorized hereunder, or permitting, or allowing another to use his license, or certificate to practice as a funeral director or embalmer in this state;

10. Using profane, indecent or obscene language within the immediate hearing of the family or relatives of a decedent, in proximity to a deceased person whose body has not yet been interred or otherwise disposed of; or the indecent exposure of a dead human body;

11. Taking custody of, embalming, or refusing to promptly surrender a dead human body to a person or his agent authorized to make funeral arrangements for the deceased or embalming a body without the express written or oral permission of a person authorized to make funeral arrangements for the deceased or without making a documented reasonable effort over a period of at least two (2) hours to obtain the permission;

11A. Attempting without proper authority to embalm a dead human body as evidenced by the use of sutures or mechanical devices in the posing of any facial feature and:

(A) the making of any incision on the body; or

(B) the raising of any circulatory vessel of the body;

12. Wilfully making any false statement on a certificate of death;

13. Employment directly or indirectly of any apprentice, agent, assistant, embalmer, funeral director, employee, or other person on a part or full-time basis, or on commission, for the purpose of soliciting individuals or institutions by whose influence dead human bodies may be turned over to a particular funeral director or embalmer;

14. Presentation of false certification of work done as an apprentice on apprenticeship records;

15. Unfitness by reason of present drug addiction;

16. Whenever a licensee, apprentice, or any other person, whether employee, agent or representative, or one in any manner associated with a funeral establishment shall engage in solicitation as defined in this Act;

17. Failure by the Funeral Director in Charge to provide licensed personnel for attendance, direction, or personal supervision for a "first call," as that term is defined in this Act;

18. Failure by a funeral director or embalmer to inform customers by a written notice on or near the casket of the different colors in which the three least expensive caskets displayed are available; or failure by the funeral director or embalmer to provide a casket in an available color requested by a

customer if the customer has expressed an intent to purchase the casket and if the casket can be obtained from regular commercial suppliers under normal delivery conditions within twelve (12) hours;

19. Performing acts of funeral directing or embalming, as those terms are defined in this Act, which are outside the licensed scope and authority of the licensee;

20. Engaging in fraudulent or deceptive conduct in providing funeral services or merchandise to a consumer;

21. Statement or implication by a funeral director or embalmer that a customer's concern with the cost of any funeral service or funeral merchandise is improper or indicates a lack of respect for the deceased;

22. Failure by any person arranging for funeral services or merchandise to:

(A) inform a customer or prospective customer of the availability of a retail price list;

(B) provide a retail price list to the customer or prospective customer for that person to keep; or

(C) explain to the customer or prospective customer that a contractual agreement for funeral services or merchandise may not be entered into before the presentation of the retail price list to that person;

23. Failure by any person arranging for funeral services or merchandise to provide each customer a written memorandum itemizing the cost of funeral services and funeral merchandise selected by the customer; however, if the customer selects a package arrangement based on unit pricing, the itemization requirement is satisfied by providing a written memorandum that itemizes the discount provided by the package arrangement. The use of unit pricing does not preclude the presentation of the retail price list as required by Subdivision 22 of this subsection;

24. Restricting, hindering, or attempting to restrict or hinder (1) the advertising or disclosure of prices and other information regarding the availability of funeral services and funeral merchandise that is not unfair or deceptive to consumers, or (2) agreements for funeral services between any consumer or group of consumers and funeral directors or embalmers;

25. Failure to retain and make available to the State Board of Morticians, upon request, copies of all price lists, written notices, and memoranda of agreement required by this article for two years after the date of their distribution or signing;

26. Violation of this Act, or of any rule, regulation, or order revoking, suspending, or probating a license issued under this Act; and

27. Dishonest conduct or gross negligence in the practice of embalming or funeral directing that is likely to deceive, defraud, or otherwise injure the public.

I. The Board may issue such rules and regulations as may be necessary or desirable to effect the intent of the provisions of this Section.

J. Repealed by Acts 1979, 66th Leg., p. 1249, ch. 592, § 11, eff. Sept. 1, 1979.

#### Funeral Establishments

Sec. 4. A. All funeral establishments shall be licensed by the Board. All licenses shall expire at midnight on September 30th of each year. The license fee shall not exceed Sixty-two Dollars and Fifty Cents (\$62.50) for issuance of licenses to existing establishments and for renewal licenses. Funeral establishments created after the effective date of this Act shall apply for a license, and upon satisfaction to the Board that this Section has been complied with and upon receipt of the licensing fee, which shall not exceed Two Hundred Fifty Dollars (\$250), an initial license shall be duly issued to such new establishments. Not later than thirty (30) days prior to the expiration date of licenses, the Board shall cause to be issued notification in writing by mail to each licensed funeral establishment that a renewal fee not to exceed Sixty-two Dollars and Fifty Cents (\$62.50) must be paid not later than September 30th before such license shall be renewed, and upon due receipt of such fees all existing licenses shall be considered automatically renewed. Any establishment which fails to pay its license renewal fee by the due date is subject to a late payment penalty equal in amount to the license renewal fee, and if the delinquency is more than thirty (30) days, the establishment shall not be permitted to operate as a funeral home until it has applied for and has been granted a new license as in the case of original applications and licenses for new funeral establishments.

B. No funeral establishment shall conduct funeral business as intended under this Act unless duly licensed.

C. Each funeral establishment shall be required to have a physical plant, equipment and personnel consisting of the following:

1. Some facilities in which funeral services may be conducted;

2. A physical plant which meets building standards and fire safety standards of the state and of the municipality in which the establishment is located;

3. Access to rolling stock consisting of at least one motor hearse;

4. A preparation room containing an operating table, sewer facilities, hot and cold running water, and other facilities necessary to comply with the sanitary code of the state and the municipality in which the room is located;

5. A display containing sufficient merchandise to permit reasonable selection, including five (5) or more adult caskets, provided that the least expensive casket offered for sale by a funeral establish-

ment must be displayed in the same general manner as other caskets are displayed;

6. Sufficient licensed personnel who will be available to conduct the operation of the funeral establishment;

7. A physical plant located at a fixed place, and not located on any tax-exempt property or cemetery; and

8. A physical plant which meets the health standards or health ordinances of the state and of the municipality in which the establishment is located.

It is expressly provided, however, that an establishment which functions solely as a commercial embalmer, as that term is defined in this Act, shall have a commercial embalmers establishment license, but shall not be required to meet the requirements of sub-sections 1 and 5 of this paragraph C.

D. 1. The Board may initiate action against a funeral establishment or in regard to the license of a funeral establishment only upon the following grounds:

(a) Failure of a funeral establishment to substantially comply with the provisions of Subsection B or C of this Section.

(b) Conducting or operating a funeral establishment in a manner which, in the discretion of the Board, after applying contemporary community standards, is found to be offensive to the common conscience and moral standards of the community where the funeral establishment is licensed or where such offensive conduct occurred.

(c) The use of any advertising statement of a character which misleads or deceives the public, or use, in connection with advertisements, the names of persons who do not hold a license as a funeral director or embalmer and represent them to be so licensed;

(d) Whenever a licensee, apprentice, or any other person, whether employee, agent or representative, or one in any manner associated with a funeral establishment shall solicit business or offer any inducement, pecuniary or otherwise, for the purpose of securing or attempting to secure business for such funeral establishment, unless such solicitation is made pursuant to a permit issued under Chapter 512, Acts of the 54th Legislature, Regular Session, 1955, as amended (Article 548b, Vernon's Texas Civil Statutes).

(e) Failure by the funeral director in charge to provide licensed personnel for attendance, direction, or personal supervision for a "first call" as that term is defined in this Act.

Provided, however, with respect to alleged violations of Subsection D-1(b), (c), (d), and (e), the Board may not initiate action against a funeral establishment or in regard to the license of a funeral establishment when the ground or grounds of complaint are based on the conduct of employees, agents or representatives of such establishment performed

outside the scope and authority of their employment or contrary to the instructions of the funeral establishment and its management.

2. As to asserted violations of provisions of this Section, the Board shall have the following powers, rights and duties:

(a) The Board may, in any case, require a sworn statement setting forth matter complained of as a condition to taking further action.

(b) The Board shall cause an investigation to be made whenever a complaint is filed with or by the Board.

(c) The Board may revoke or suspend a funeral establishment or a commercial embalming establishment license or may place a licensee on probation for a violation of this Act or of a rule or regulation adopted under this Act.

E. Each funeral establishment shall designate to the Board a funeral director in charge, and such funeral director in charge shall be directly responsible for the funeral directing and embalming business of the licensee. Any change or changes in such designation shall be given to the Board promptly.

F. The Board may issue such rules and regulations as shall comply with and shall effect the intent of the provisions of this Section.

G. Any premises on which funeral directing or embalming is practiced shall be open at all times to inspection by any agent of the Board or by any duly authorized agent of the state or of the municipality in which the premises are located. Each licensed funeral establishment shall be thoroughly inspected at least once each year by an agent of the Board or by an agent of the state or a political subdivision thereof whom the Board has authorized to make inspections on its behalf. A report of this annual inspection shall be filed with the Board.

#### Rules and Regulations

Sec. 5. A. The Board may adopt rules and regulations and prescribe forms necessary to administer this Act.

B. Whenever it is provided in this Act that the Board may or shall issue any rules and regulations, such rules and regulations thereunder proposed shall be effective only after due notice and hearing.

#### Revocation, Cancellation or Suspension of Licenses of Funeral Directors, Embalmers and Apprentices

Sec. 6. The State Board of Morticians shall have the right to cancel, revoke, or suspend or place on probation the license of any individual person licensed under this Act as provided by subparagraph H of Section 3 above.

Proceedings under this Section shall be initiated by filing charges with the State Board of Morticians in writing and under oath. Said charges may be made by any person or persons. The President of

the State Board of Morticians shall set a time and place for hearing. Upon application, the Board may reissue a license to practice as a funeral director or embalmer to a person whose license has been cancelled or suspended, but such application, in the case of cancellation or revocation, shall not be made prior to one (1) year after the cancellation or revocation, and shall be made in such a manner and form as the Board may require.

The State Board shall have the power to appoint committees from the membership. The duties of any committees appointed from the State Board of Morticians membership may consider such matters pertaining to the enforcement of this Act as shall be referred to such committees, and they shall make recommendations to the State Board of Morticians with respect thereto. The State Board of Morticians shall have the power, and may delegate the said power to any committee, to issue subpoenas,<sup>1</sup> duces tecum, and to compel the attendance of witnesses, the production of books, records and documents, to administer oaths, and to take testimony concerning all matters within its jurisdiction. The determination shall be founded on sufficient legal evidence to sustain it. The State Board of Morticians shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this Act. Said action for an injunction shall be in addition to any other action, proceeding, or remedy authorized by law. The State Board of Morticians shall be represented by the Attorney General and/or the County or District Attorneys of this state, or counsel designated and empowered by the Board. Before entering any order cancelling, suspending, refusing to renew, or revoking a license to practice as a funeral director and/or embalmer, the Board shall hold a hearing in accordance with the procedure as set forth in this Act.

The provisions of this Section shall not apply to funeral establishments or licenses pertaining to funeral establishments.

<sup>1</sup> So in enrolled bill.

#### Offenses

Sec. 6A. A person commits an offense if the person:

(1) acts or holds himself out as a funeral director, embalmer, or apprentice, as those terms are defined in this Act, without being properly licensed under this Act or shall make a "first call" without the authorization or supervision as provided in Section 1C of this Act;

(2) is a licensed funeral director or embalmer and engages in a funeral practice that is grounds for suspension or revocation of the person's license.

#### Certificate for Foreign Students

Sec. 6B. Any citizen of a country other than the United States who has completed a full course of mortuary science at a Board-approved college in Texas, may upon application to the State Board, and

after payment of the same examination fee required of others, be given the Board examinations in either embalming, funeral directing or both, and, upon successfully making the minimum grades required of other applicants, may be awarded a "Certificate of Merit" by the Board. Such certificate shall in no manner authorize a holder thereof to practice embalming and/or funeral directing in this state unless the holder is otherwise licensed as an embalmer and/or funeral director under the provisions of this Act.

#### Administrative Procedure and Texas Register Act

Sec. 6C. (a) A person who is denied a license or certificate by the Board is entitled to a hearing before the Board in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), if the person requests the hearing in writing.

(b) A proceeding conducted by the Board relating to the suspension or revocation of a license or certificate is governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). Judicial review of the proceeding is subject to the substantial evidence rule and is governed by the Administrative Procedure and Texas Register Act.

#### Complaints

Sec. 6D. (a) The Board shall investigate and keep an information file about each complaint received by the Board relating to a funeral director, embalmer, apprentice, or funeral establishment.

(b) The Board shall include in each information file a description of the complaint, the date on which the complaint was filed, the name of the complainant, a description of any information obtained by the Board after investigating the complaint, a description and date of any formal actions taken by the Board relating to the complaint, a description of the current status of the complaint, and other information that the Board considers appropriate.

(c) The Board, at least as frequently as quarterly, shall notify the complainant of the status of the complaint until the complaint is finally resolved.

(d) The information file, except for information in the file obtained by the Board after investigating the complaint, is public information. The information obtained after investigating the complaint is not public information.

(e) If a person files a complaint with the Board relating to a licensed funeral director, embalmer, or funeral establishment, the Board shall furnish to the person an explanation of the remedies that are available to the person under this Act and information about appropriate state or local agencies or officials with which the person may file a complaint.

(f) The Board shall employ at least one person who is a licensed private investigator under the laws of this state and who is not regulated under

this Act. The private investigator may investigate complaints of consumer interest and other complaints received by the Board.

#### Consumer Information

Sec. 6E. (a) The Board shall prepare information of consumer interest explaining matters relating to funerals, describing the regulatory functions of the Board, and describing the Board's procedures by which consumer complaints are filed with and resolved by the Board.

(b) The Board shall disseminate the information to the general public.

#### Ex Parte Communications

Sec. 6F. The members and employees of the Board are subject to the provisions of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), relating to ex parte communications.

This Act does not affect a remedy or enforcement power under other laws. Any person who practices as a funeral director, embalmer or apprentice in violation of any provisions of this Act shall be fined not less than Fifty Dollars (\$50) nor more than Five Hundred Dollars (\$500) or shall be imprisoned in the county jail for not more than thirty (30) days, or both. Each day of such practice shall constitute a separate offense.

#### Exemption

Sec. 8. Nothing herein shall be construed as requiring that funeral establishments be owned by licensed persons.

The board shall have power to establish rules and regulations for its government, and to appoint and remove proper officers of such board, and shall keep full and complete minutes of its transactions. Records sufficient for identification shall also be kept, under its direction, of all bodies received and distributed by said board and of persons to whom the same may be distributed, which minutes and records shall be open at all times to the inspection of each member of said board and of any district attorney or county attorney of this State.

<sup>1</sup> Article 5429k.

#### Art. 4584. Regulations for Delivering Bodies

All public officers, agents and servants of the state and all officers, agents and servants of any county, city, town, district, or other municipality, and of any other institution, having charge or control of dead bodies required to be buried at public expense, or bodies not claimed for burial, are hereby required (after notification in writing to do so by the Anatomical Board or its duly authorized officers, or persons designated by the authorities of said Board, then and thereafter) to announce to said Board, its authorized officer or agent, whenever such body or bodies come into his or their possession, charge or control, and must deliver such body at the discretion of the Anatomical Board, and permit the said Board and its agents, and the physicians and surgeons from time to time designated by it, who may comply with the provisions of this law, to take and remove any such body to be used within this state for the advancement of medical science.

No such notice need be given, nor any such body be delivered, if any person claiming to be and satisfying the authorities in charge of such body that he or she is of a kindred or is related by marriage to the deceased, or is a bona fide friend or representative of an organization of which the deceased was a member, may claim the said body for burial. The body shall be surrendered to the claimant, without payment to the authority in charge. To claim a body as a bona fide friend, an individual must

present in writing a statement of the relationship considered to be proof of being a true bona fide friend. A similar written statement is also required of an individual representing an organization of which the deceased was a member.

A bona fide friend is herein defined as one who is "like one of the family" and is not an ordinary acquaintance. It does not include the people that follow: any officer, agent or servant of the state, or of any county, town, city, district, or other municipality and any almshouse, prison, morgue, hospital, mortuary, or any other institution having charge of dead human bodies required to be buried at public expense, or bodies not claimed for burial; any employee of these with which the deceased was associated; and any patient, inmate, or ward of the institution or institutions with which the deceased was associated. These exceptions do not apply in case the friendship existed prior to the time the deceased entered the institution.

If no claimant appears immediately after death, the body shall be embalmed within twenty-four hours. It is further required that due effort be made for a period of seventy-two hours by those in charge of such almshouse, prison, morgue, hospital, mortuary, or other institution having charge or control of such dead human bodies, to find kindred or relatives of such deceased and to notify them of the death. Failure by kindred or relation to claim such body within forty-eight hours after receipt of such notification shall be recognized as bringing such body under the provision of this law, and delivery shall be made as soon thereafter as may be possible to the Anatomical Board, its officers or agents. The person in charge of such institution shall file with the County Clerk an affidavit that he has made diligent inquiry to find the kindred or relatives of the deceased, stating what inquiry he has made. A body may be claimed by relatives within sixty (60) days after it has been delivered to an institution or other agency entitled to receive the same under the provisions of the law, and it shall be released to them without cost. Permission for autopsy of unclaimed bodies may be granted only by the Anatomical Board following a specific request to the Board showing sufficient evidence of medical urgency. If the body was that of a traveler who died suddenly, the Anatomical Board shall direct the institution receiving the body that it be kept for six months for purposes of identification.

Any inhabitant of the State of Texas of legal age and of sound mind may, by his will or by other written instrument, arrange for or prescribe that his body be used for the purpose of advancing medical science and that it be delivered to a medical school or dental school, or other donee authorized by the Anatomical Board. Any such bequest shall be by written instrument signed by the person making or giving the same and shall be witnessed by two (2) persons of legal age. No particular form or words shall be necessary or required for the bequest or authorization, provided that the instru-

ment conveys the clear intention of the person making the same. No appointment of administrator, executor, or court order shall be necessary before delivery of said body. The donor may revoke this disposition of his body at any time by execution of a written instrument in the same or similar manner as the original donation and bequest.

In the event any political subdivision or agency thereof, having charge or control of dead bodies required to be buried at public expense, or bodies not claimed for burial, is not required by the Anatomical Board to deliver said body to said Anatomical Board or parties of its designation, then in such event all costs of preparation for burial, including but not limited to embalming, shall be paid by the political subdivision. In the event, however, that said political subdivision is required by the Anatomical Board to deliver said body to said Anatomical Board or parties of its designation, then in such event all costs of transportation and/or preparation for burial or transportation, including but not limited to embalming, shall be paid by the Anatomical Board.

[Acts 1925, S.B. 84. Amended by Acts 1929, 41st Leg., p. 328, ch. 152, § 1; Acts 1953, 53rd Leg., p. 361, ch. 87, § 1; Acts 1961, 57th Leg., 1st C.S., p. 147, ch. 36, § 1.]

#### Art. 4585. Distribution of Bodies to Institutions

The board, or their duly authorized agents, may take and receive such bodies so delivered as aforesaid, and shall, upon receiving them, distribute and deliver them to and among the schools, colleges, physicians and surgeons aforesaid, including chiropractic colleges, in the manner following: Those bodies needed for lecture and demonstration in the said incorporated schools and colleges shall first be supplied; the remaining bodies shall then be distributed proportionately and equitably, the number assigned to each to be based upon the number of students receiving instruction or demonstration in normal or morbid anatomy and operative surgery, which number shall be certified by the dean of each school or college to the board at such times as it may direct. Instead of receiving and delivering said bodies themselves through their agent or servant, the said board may, from time to time, either directly or by their designated officer or agent authorize physicians and surgeons to receive them, and the number which each shall receive.

[Acts 1925, S.B. 84. Amended by Acts 1977, 65th Leg., p. 147, ch. 72, § 2, eff. April 25, 1977.]

#### Art. 4585A. Delivery of Bodies to State Board of Embalming and to Schools of Embalming

The Board, or their duly authorized agents, may, upon receiving such bodies, deliver to the State Board of Embalming such number of the same as may be necessary for the use of said State Board of Embalming in conducting its semiannual examinations; and may further deliver to any School of Embalming in this State that is recognized and

certified by the State Board of Embalming such number of said bodies as the Board may in its judgment think necessary for use in instruction given in such School.

[Acts 1931, 42nd Leg., p. 310, ch. 184, § 1.]

#### Art. 4586. Regulations for Moving Bodies

The board may employ public carriers for the conveyance of said bodies, which shall be carefully deposited, with the least possible public display. The sender shall keep on permanent file a description by name, color, sex, age, place and cause of death of each body transmitted by him; or where the body shall be one of a person unknown, the color, age, sex, place and supposed cause of death; and any other data available for identification, such as scars, deformities, etc., shall be put on record. A duplicate of this description shall be mailed, or otherwise safely conveyed, to the person or institution to whom the body is being sent; and the person or institution receiving such body shall, without delay, safely transmit to the sender a receipt for the same in the full terms of the description furnished by the sender. All these records shall be filed in a manner to be determined by the board so that they may be at any time available for inspection by the board, or any district or county attorney of this State.

[Acts 1925, S.B. 84.]

#### Art. 4587. May Dissect Bodies

Any and all schools, colleges, and persons who may be designated by said Anatomical Board shall be authorized to dissect, operate upon, examine, and experiment upon such bodies hereinbefore described and distributed for the furtherance of medical science; and such dissections, operations, examinations, and experiments shall not be considered as amenable under any existing laws for the prevention of mutilation of dead human bodies. Such persons, schools, or colleges shall keep a permanent record, sufficient for identification of each body received from such anatomical board or agent, which record shall be subject to inspection by the board, or its authorized officer or agent. The board shall also have power to authorize incorporated schools or colleges and individual physicians and surgeons to experiment on the lower animals under bond as hereinafter designated.

[Acts 1925, S.B. 84.]

#### Art. 4588. Parties Receiving Bodies to Give Bond

No school, college, physician, or surgeon shall be allowed or permitted to receive any such body or bodies until bond shall have been given to the State by such physician or surgeon, or by or in behalf of such school or college, to be approved by the clerk of the county court in and for the county in which such physician or surgeon may reside, or in which such school or college may be situated, and to be filed in the office of said clerk; which bond shall be in the penal sum of one thousand dollars, condi-

tioned that all such bodies which the said physician or surgeon, or said college, shall receive thereafter shall be used, and that all experiments on the lower animals shall be conducted only for the promotion of medical science.

[Acts 1925, S.B. 84.]

#### Art. 4589. Expenses

Neither the State, nor any county, nor municipality, nor any officer, agent or servant thereof, shall be at any expense by reason of the delivery or distribution of any such body; but all expense thereof, and of said board of distribution, shall be paid by those receiving the bodies in such manner as may be specified by said Anatomical Board, or otherwise agreed upon.

[Acts 1925, S.B. 84.]

#### Art. 4590. Compensation of Board

No compensation other than actual traveling expenses shall be received for their services in this capacity by members of this board.

[Acts 1925, S.B. 84.]

#### Art. 4590.1. Violating Anatomical Board Act

Any person having duties imposed upon him by the provisions of the Anatomical Board Act who shall refuse, neglect or omit to perform any of them as required by said law, shall be fined not less than one hundred nor more than five hundred dollars for each offense.

##### Persons Who May Execute an Anatomical Gift

Sec. 3. (a) Any individual who has testamentary capacity under the Texas Probate Code may give all or any part of his body for any purpose specified in Section 4, the gift to take effect upon death.

(b) Any of the following persons, in order of priority stated, when persons in prior classes are not available at the time of death, and in the absence of actual notice of contrary indications by the decedent, or actual notice of opposition by a member of the same or a prior class, may give all or any part of the decedent's body for any purposes specified in Section 4:

- (1) the spouse,

- (3) either parent,
- (4) an adult brother or sister,

(c) If the donee, or the physician of a donee, has actual notice of contrary indications by the decedent, or that a gift by a member of a class is opposed by a member of the same or a prior class, the donee shall not accept the gift. The persons authorized by subsection (b) may make the gift after death or immediately before death.

(d) A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

(e) The rights of the donee created by the gift are paramount to the rights of others except as provided by Section 8(d).

##### Persons who May Become Donees, and Purposes for Which Anatomical Gifts May be Made

Sec. 4. The following persons may become donees of gifts of bodies or parts thereof for the purposes stated:

(1) any hospital, surgeon, or physician, for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

#### Manner of Executing Anatomical Gifts

Sec. 5. (a) A gift of all or part of the body under Section 3(a) may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

(b) A gift of all or part of the body under Section 3(a) may also be made by document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor, in the presence of 2 witnesses who must sign the document in his presence. If the donor cannot sign, the document may be signed for him at his direction and in his presence, and in the presence of 2 witnesses who must sign the document in his presence. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(d) Notwithstanding Section 8(b), the donor may designate in his will, card or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(e) Any gift by a person designated in Section 3(b) shall be made by a document signed by him, or

made by his telegraphic, recorded telephonic or other recorded message.

#### Delivery of Document of Gift

Sec. 6. If the gift is made by the donor to a specified donee, the will, card or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death, but delivery is not necessary to the validity of the gift. The will, card or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office that accepts them for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

#### Amendment or Revocation of the Gift

Sec. 7. (a) If the will, card or other document or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by:

(1) the execution and delivery to the donee of a signed statement, or

(2) an oral statement made in the presence of 2 persons and communicated to the donee, or

(3) a statement addressed to an attending physician and communicated to the donee, or

(4) a signed card or document found on his person or in his effects.

(b) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (a) or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(c) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (a).

#### Rights and Duties at Death

Sec. 8. (a) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, the surviving spouse or any other person authorized to give all or any part of the decedent's body may authorize embalming and have the use of the body for funeral services, subject to the terms of the gift. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin or other persons under obligation to dispose of the body.

(b) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. This physician shall not participate in the procedures for removing or transplanting a part.

(c) A person who acts in good faith in accordance with the terms of this Act, is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act, so long as the prerequisites for an anatomical gift have been met under the laws applicable at the time and place of the making of the anatomical gift.

(d) The provisions of this Act are subject to the laws of this state prescribing powers and duties with respect to autopsies.

#### Art. 4590-2a. Kidney Donation by Mentally Retarded Person

Sec. 1. (a) "Mentally retarded" as used in this Act means a person who is mentally retarded pursuant to the terms and provisions of the Mentally Retarded Persons Act of 1977 (Article 5547-300, Vernon's Texas Civil Statutes).

(b) The guardian of the person of a mentally retarded ward, 12 chronological years of age or more, may petition a district court which has jurisdiction of the guardian for an order authorizing said ward to donate one of his or her two kidneys to a father, mother, son, daughter, sister, or brother as hereinafter set out.

Sec. 2. (a) The court shall hold a hearing on the petition. An attorney ad litem and a guardian ad litem, neither of which shall be related to the ward within the second degree by consanguinity, shall be appointed by the court to represent the interest of the prospective donor.

(b) Petitioners shall have the burden of establishing good cause for the kidney donation by establishing the statutory prerequisites set out herein. The court may enter an order authorizing the kidney donation if it is established that: (1) the guardian of the prospective donor consents to the donation; (2) the prospective donor assents to the kidney transplant; (3) absent the transplant the donee will soon die or suffer severe and progressive deterioration; and with the transplant the donee will probably benefit substantially; (4) there are no medically preferable alternatives to a kidney transplant for the donee; (5) the risks of the operation and the long-term risks are minimal to the donor, and the donor will not likely suffer psychological harm; and (6) the transplant will promote the proposed donor's best interests.

(c) Within seven days of the hearing, the court shall conduct an "in chambers" interview with the mentally retarded ward, out of the presence of the guardian, to determine whether the prospective donor assents to the donation. If the court deems it necessary, it may order a comprehensive diagnosis and evaluation, described in Section 3(24), Mentally Retarded Persons Act of 1977 (Article 5547-300, Vernon's Texas Civil Statutes), to be performed to

aid the court in evaluating the prospective donor's capacity to agree to the donation.

(d) In order to secure a complete record, the hearing shall be adversary in nature. The attorney ad litem shall advocate the ward's interest, if any, in not being a donor.

(e) Upon request, any party to a proceeding instituted pursuant to this Act shall be entitled to a preferential setting.

[Acts 1979, 66th Leg., p. 886, ch. 406, §§ 1, 2, eff. Sept. 1, 1979.]

Sections 3 and 4 of the 1979 Act provided:

"Sec. 3. This Act takes effect on September 1, 1979.

"Sec. 4. If any sentence, paragraph, or section of this Act shall be held invalid or unconstitutional, such holding shall not invalidate any other sentence, paragraph, or section hereof, and the legislature hereby expressly dictates that it would have passed such remaining sentences, paragraphs, and sections despite such invalidity."

#### Art. 4590-3. Human Transplantations and Blood Transfusions; Liability for Negligence; Cash Payment for Blood

##### Declaration of Policy

Sec. 1. The availability of scientific knowledge, skills and materials for the transplantation, injection, transfusion or transfer of human tissue, organs, blood and components thereof is important to the health and welfare of the people of this State. The imposition of legal liability without fault upon the persons and organizations engaged in such scientific procedures inhibits the exercise of sound medical judgment and restricts the availability of important scientific knowledge, skills and materials. It is therefore the public policy of this State to promote the health and welfare of the people by limiting the legal liability arising out of such scientific procedures to instances of negligence.

##### Limitation of Liability

Sec. 2. No physician, surgeon, hospital, blood bank, tissue bank, or other person or entity who donates, obtains, prepares, transplants, injects, transfuses or otherwise transfers, or who assists or participates in obtaining, preparing, transplanting, injecting, transfusing or transferring any tissue, organ, blood or component thereof from one or more human beings, living or dead, to another human being, shall be liable as the result of any such activity, save and except that each such person or entity shall remain liable for his or its own negligence.

##### Exception

Sec. 3. (a) No blood bank may pay cash for blood. No blood bank may pay a seller for blood by check unless the check is sent to the seller by United States mail not before the expiration of 15 days following the day the blood is taken from the seller.

(b) If a blood bank purchases blood in violation of Subsection (a) of this section and the blood contains harmful substances, the blood bank is not entitled to the immunity provided in this Act.

(c) In any suit brought under the exception in Subsection (b) of this section, the burden shall be on the blood bank to show that the blood was not purchased in violation of Subsection (a) of this section.

(d) "Blood bank" means a blood bank licensed by the Division of Biological Standards of the National Institute of Health, or the American Association of Blood Banks.

[Acts 1971, 62nd Leg., p. 1985, ch. 613, eff. June 4, 1971.]

#### Legislative Intent

*The Governor filed the following letter with the Secretary of State along with House Concurrent Resolution No. 195, Acts 1971, 62nd Leg., p. 4122, which corrects Senate Bill No. 534 [Chapter 613 enacting this article]:*

*"Dear Mr. Secretary:*

*"On June 4, 1971, I signed Senate Bill No. 534. At that time, I was unaware that House Concurrent Resolution No. 195 had been passed by the Legislature directing the Senate Enrolling Room to make certain changes in the bill. House Concurrent Resolution No. 195 evidently was misplaced, inasmuch as it was not received by my office until June 10, 1971.*

*"Although I have already signed Senate Bill No. 534 into law, I am filing with my signature H.C.R. No. 195 as evidence of the legislative intent embodied in Senate Bill No. 534.*

*"Sincerely, Preston Smith,  
Governor of Texas."*

*House Concurrent Resolution No. 195, which was filed with the Secretary of State on June 14, 1971, reads:*

*"WHEREAS, Senate Bill No. 534 has been passed by both houses and is now in the Senate Enrolling Room, and certain corrections need to be made in the bill; now, therefore, be it*

*"RESOLVED by the House of Representatives of the State of Texas, the Senate concurring, That the Enrolling Clerk of the Senate be directed to correct the bill so that all below the enacting clause reads as follows:*

*"Sec. 1. Declaration Policy. The availability of scientific knowledge, skills and materials for the transplantation, injection, transfusion or transfer of human tissue, organs, blood and components thereof is important to the health and welfare of the people of this state.*

*The imposition of legal liability without fault, or the determination that the furnishing of human tissue, organs, blood and components thereof is a product as opposed to a service, upon persons and organizations engaged in such scientific procedures inhibits the exercise of sound medical judgment and imposes too rigid a standard of produce liability. It is therefore the public policy of this state to promote the health and welfare of the people by limiting the legal liability arising out of such scientific procedures to instances of negligence.*

*"Sec. 2. Limitation of Liability. No physician, surgeon, hospital, blood bank, tissue bank, or other person or entity who donates, obtains, prepares, transplants, injects, transfuses or otherwise transfers, or who assists or participates in obtaining, preparing, transplanting, injecting, transfusing or transferring any tissue, organ, blood or component thereof from one or more human beings, living or dead, to another human being, shall not be considered for any purposes as having furnished a product thereby, but performing any of the foregoing shall be considered as having provided a service and the concept of product liability shall never be applied thereto.*

*"Sec. 3. Declaring an Emergency. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each house be suspended, and this Rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted."*

#### Art. 4590-4. Justice of the Peace or Medical Examiner; Permitting Removal of Corneal Tissue

##### Permission to Take Tissue

Sec. 1. On a request from an authorized official of a nonprofit corporation chartered under the laws of Texas, to obtain, store, and distribute donor eyes to be used by those licensed to practice medicine for corneal transplants, for research, or for other medical purposes and whose medical activities are directed by one licensed to practice medicine in Texas, for corneal tissue, the justice of the peace or the medical examiner may permit the taking of corneal tissue if:

(1) the decedent from whom the tissue is to be taken died under circumstances requiring an inquest by the justice of the peace or the medical examiner;

(2) no objection by a person listed in Section 2 of this Act is known by the justice of the peace or the medical examiner; and

(3) the removal of corneal tissue will not interfere with the subsequent course of an investigation or autopsy, or alter the postmortem facial appearance.

#### Objection to Taking

Sec. 2. Objection may be made known to the justice of the peace or the medical examiner by the following persons:

- (1) the decedent's spouse;
- (2) if no spouse, the decedent's adult children;
- (3) if no adult children or spouse, the decedent's parents; or
- (4) if no parents, adult children, or spouse, the decedent's brothers or sisters.

#### Liability for Damages

Sec. 3. The justice of the peace, the medical examiner, and the eye bank official are not liable for damages in a civil action brought by a person listed in Section 2 of this Act who has not objected prior to the removal of the corneal tissue on any theory of civil recovery based on a contention that the consent of plaintiff was required prior to the removal of corneal tissue as authorized by this Act. Chapter 309, Acts of the 64th Legislature, Regular Session, 1975 (Article 6252-26, Vernon's Texas Civil Statutes), applies to a justice of the peace, medical examiner, and their personnel who remove, permit removal, or deny removal of corneal tissue under this Act as if the justice of the peace, medical examiner, and their personnel were state officers or employees.

#### Requisites of Course

Sec. 3. The course must include anatomy and physiology of the eye, instruction in maintaining a sterile field during the procedure, use of the appropriate instruments, and sterile procedures for removing the corneal button and preserving it in a preservative fluid.

#### "Ophthalmologist" Defined

#### Licensing and Registration of Sources of Radiation

Sec. 6. (a) The Agency shall provide by rule for general or specific licensing of radioactive materials, or devices or equipment utilizing such materials. Such rules shall provide for issuance, amendment, suspension or revocation of licenses. Such rules shall provide that:

(1) Each application for a specific license shall be in writing and shall state such information as the Agency by rule may determine to be necessary to decide the technical, insurance and financial qualifications or any other qualification of the applicant as the Agency may deem reasonable and necessary to protect the occupational and public health and safety and the environment. The Agency may at any time after the filing of the application, and before the expiration of the license, require further written statements and may make such inspections as the Agency may deem necessary in order to determine whether the license should be granted or denied or whether the license should be modified, suspended, or revoked. All applications and statements shall be signed by the applicant or licensee. The Agency may require any applications or statements to be made under oath or affirmation;

(2) Each license shall be in such form and contain such terms and conditions as the Agency may prescribe;

(3) No license issued under the authority of this Act shall be assigned except to persons qualified pursuant to rules of the Agency;

(4) The terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, or orders issued in accordance with the provisions of this Act;

(5) For each application for a specific license that involves the disposal or processing of any radioactive waste from other persons, the applicant shall provide any additional information that is necessary for Agency consideration of the following factors in making its licensing decision:

(7) In adopting rules for the issuance of licenses for new sites for processing or disposal of radioactive waste from other persons, the Agency shall adopt criteria for the designation of unsuitable sites, including but not limited to:

(A) flood hazard areas;

(B) areas with characteristics of discharge from or recharge of any groundwater aquifer systems; or

(C) areas where soil conditions are such that spill cleanup would be impracticable.

Under this Subdivision, the Agency shall consult with the State Soil and Water Conservation Board,

the Bureau of Economic Geology, and other appropriate State agencies in the development of proposed rules and shall issue rules that:

(A) require selection of sites in areas where natural conditions minimize potential contamination of surface water and groundwater; and

(B) prohibit issuance of licenses for unsuitable sites as defined by the rules of the Agency.

(8) No licensee may operate a facility to dispose of or process radioactive waste until the licensee has obtained licenses or permits from other agencies as required by law; and

(9) No license to dispose of radioactive waste shall be issued to any person other than a public entity specifically authorized by law for radioactive waste disposal.

(b) The Agency is authorized to require registration or licensing of other sources of radiation.

(c) The Agency is authorized to issue rules that exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements set forth in this Section when the Agency makes a finding that the exemption of such sources of radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public and the environment.

(d) Rules promulgated pursuant to this Act may provide for recognition of other state or federal licenses as the Agency shall deem desirable subject to such registration requirements as the Agency may prescribe.

(e) Each applicant for a license or for the renewal of a license shall demonstrate to the Agency, before the issuance or renewal of a license, that the applicant is financially qualified to conduct the licensed activity, including any required decontamination, decommissioning, reclamation, and disposal. The licensee shall submit proof to the Agency of its financial qualifications at such intervals as the Agency may require by rule or in the license. The qualifications of and security provided by a licensee under Section 6A or 6B of this Act shall be reevaluated every five (5) years and such reevaluation may coincide with license renewal procedures if both are to occur in the same year.

(f) A licensee may be required to provide security acceptable to the Agency to assure performance of its obligations under this Act.

(g) The amount and type of security required shall be determined under rules of the Agency in accordance with criteria that include the following:

(1) consideration of the need for and scope of any decontamination, decommissioning, reclamation, or disposal activity reasonably required to protect the public health and safety and the environment;

(2) reasonable estimates of the costs of decontamination, decommissioning, reclamation, and disposal as provided by Section 16 of this Act; and

(3) the costs of perpetual maintenance and surveillance, if any.

(h) In making the determination of whether to grant, deny, amend, revoke, suspend, or restrict a license or registration, the Agency may consider those aspects of an applicant's or licensee's background that, in its judgment, bear materially on ability to fulfill the obligations of licensure, including but not limited to technical competency and its record in areas involving radiation.

#### Additional Requirements for Certain By-Product Materials

Sec. 6A. (a) A radioactive materials license issued or renewed after the effective date of this Act, for any activity that results in the production of by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act, shall minimize and to the maximum extent practicable eliminate the need for long-term maintenance and monitoring and shall contain terms and conditions the Agency determines to be necessary to assure that before termination of the license:

(1) the licensee will comply with decontamination, decommissioning, reclamation, and disposal standards prescribed by the Agency, which shall be equivalent to or more stringent than those of the Commission for sites at which such ores were processed and at which such by-product material is deposited; and

(2) the ownership of any disposal site other than a disposal well covered by a permit issued under Chapter 27, Water Code, as amended, and the by-product material resulting from the licensed activity shall, subject to the provisions of Subsections (b) through (f) of this Section and Subdivision (9) of Subsection (d) of Section 4 of this Act, be transferred to the State of Texas or the United States, if the State of Texas declines to acquire either the site or the by-product material, or both.

(b) The Agency may require by rule or order that before the termination of a license that is issued after the effective date of this Act, title to the land, including any affected interests in the land, other than land held in trust by the United States for any Indian tribe or owned by an Indian tribe subject to a restriction against alienation imposed by the United States, or land already owned by the United States, or by the State of Texas, that is used for the disposal of by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act, pursuant to the license, shall be transferred to the United States or the State of Texas, unless the Commission determines, before the termination, that transfer of title to the land and the by-product material is not necessary to protect the public health, safety, or welfare or to minimize danger to life or property.

(c) If transfer to the State of Texas of title to by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act and land is

required, the Agency shall maintain the by-product material and land in a manner that will protect the public health, safety, and the environment.

(d) The Agency is authorized to undertake in connection with the by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act and property for which it has assumed custody under this Act any monitoring, maintenance, and emergency measures necessary to protect the public health and safety and the environment.

(e) The transfer of title to land and buildings and by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act to the State of Texas does not relieve any licensee of liability for any fraudulent or negligent acts done before the transfer.

(f) Except for administrative and legal costs incurred in carrying out the transfer, by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act and land transferred to the State of Texas under this Act shall be transferred without cost to the State of Texas.

#### Additional Requirements for Radioactive Waste Licenses

tive waste as defined in Title 10, Code of Federal Regulations, any irradiated reactor fuel, or any radioactive waste containing ten (10) or more nanocuries per gram of transuranics. The Agency shall by rule establish special criteria for disposal of radioactive waste with a half-life greater than thirty-five (35) years and radioactive waste containing less than ten (10) nanocuries per gram of transuranics.

(d) The Agency is authorized to undertake in connection with the wastes and property for which it has assumed custody under this Act any monitoring, maintenance, and emergency measures necessary to protect the public health and safety and the environment.

(e) The transfer of title to land and buildings and radioactive waste to the State of Texas does not relieve any licensee of liability for any fraudulent or negligent acts done before the transfer or for any fraudulent or negligent acts done while the land and buildings or radioactive waste is in the possession or control of the licensee.

(f) Except for administrative and legal costs incurred in carrying out the transfer, radioactive waste and land and buildings transferred to the State of Texas under this Act shall be transferred without cost to the State of Texas.

#### Inspection

Sec. 7. (a) The Agency or its duly authorized representatives shall have the power to enter at all reasonable times upon any private or public property for the purpose of determining whether or not there is compliance with or violations of the provisions of this Act and rules, licenses, registrations, and orders issued thereunder, except that entry into areas under the jurisdiction of the Federal Government shall be effected only with the concurrence of the Federal Government or its duly designated representative.

(b) The authorized agents or employees of local governments may have access to examine and copy at their expense during regular business hours any records pertaining to activities licensed under Section 6B of this Act, subject to the limitations of Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-17a, Vernon's Texas Civil Statutes). Records copied pursuant to this section shall be public records, except that if a showing satisfactory to the Director is made by the owner of the records that the records divulge trade secrets if made public, then the Agency shall consider those copied records as confidential. Agents and employees shall not enter private property having management in residence without notifying the management, or the person in charge

at the time, of their presence and exhibiting proper credentials. The agents and employees shall observe the rules and regulations of the establishment being inspected concerning safety, internal security, and fire protection.

(b) The Agency shall require each person who possesses or uses a source of radiation to maintain appropriate records showing the radiation exposure of all individuals for whom personnel monitoring is required by rules, licenses, registrations, and orders of the Agency. Copies of these records and those required to be kept by Subsection (a) of this Section shall be submitted to the Agency on request. Any person possessing or using a source of radiation shall furnish to each employee for whom personnel monitoring is required a copy of such employee's personal exposure record at any time such employee has received excessive exposure and upon termination of employment. A copy of his annual exposure record shall be furnished to the employee upon his request.

#### Federal-State Agreements

Sec. 9. (a) The Governor, on behalf of this state, is authorized to enter into agreements with the Federal Government providing for discontinuance of certain of the Federal Government's responsibilities with respect to sources of radiation and the assumption thereby by this state.

(b) Any person who, on the effective date of an agreement under Subsection (a) above, possesses a license issued by the Federal Government, shall be deemed to possess the same pursuant to a license issued under this Act, which shall expire either ninety (90) days after receipt from the Agency of a notice of expiration of such license, or on the date of expiration specified in the federal license, whichever is earlier.

environment, the Agency shall prepare or secure the preparation of a written analysis that shall be available to the public for written comment at least thirty (30) days before the beginning of the hearing, shall be made a part of the record, and shall include:

- (1) an assessment of the radiological and nonradiological impacts on the public health of the activity;
- (2) an assessment of any impact on any waterway and groundwater resulting from the activity;
- (3) consideration of alternatives, including but not limited to alternative sites and engineering methods, to the activities to be conducted under the license; and
- (4) consideration of the long-term impacts, including decommissioning, decontamination, and reclamation impacts, associated with activities to be conducted under the license, including the management of by-product material as defined by Subdivision (2) of Subsection (a) of Section 3 of this Act.

(b) The Agency shall give notice of the environmental impact analysis as provided by Agency rule and afford an opportunity for a public hearing in the manner provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), with right of appearance with or without counsel, examination, and cross-examination of witnesses under oath or affirmation, and a record made of the proceedings.

(c) After notice is given, the Agency shall afford an opportunity for written comments by persons affected, who may be made parties to the proceedings on a determination of their possessing a justiciable interest in the outcome.

(d) The Agency shall afford an opportunity to obtain a transcript of any public hearing on request and payment for the transcript or the posting of a sufficient deposit to assure the payment by the person requesting the transcript.

(e) The Agency shall afford an opportunity to obtain a written determination of the action to be taken that is based on the evidence presented and the findings included in the determination, and that is subject to judicial review as provided by Subsection (d) of Section 11 of this Act.

(g) The Agency shall assure that the management of by-product material as defined by Subdivision (2) of Subsection (a) of Section 3 of this Act is carried out in conformity with applicable standards promulgated by the Commission.

(h) Notwithstanding any other provision of this Section, if the Agency finds that an emergency relating to the management of by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act exists that requires immediate action to protect the public health and safety and

the environment, the Agency may take action under Subsection (c) of Section 11 of this Act.

#### Special Procedures for Licensing Radioactive Waste

Sec. 11B. (a) Before a license to either process or dispose of radioactive waste from other persons is granted or renewed, the Agency shall give at least thirty (30) days' notice as provided by this subsection and provide an opportunity for a public hearing in the manner provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), and in the formal hearing procedures of the Agency. In addition to other notice requirements, notice of a hearing under this subsection shall be given by publishing a notice stating the subject of the hearing and the time, place, and date of the hearing in the manner provided by Articles 2 through 9, Revised Civil Statutes of Texas, 1925, as amended, for publication of notice for a special law in the county where the proposed facility is to be located. Written notice of the hearing stating the same information that appears in the newspaper notice shall be sent by certified mail to persons who own property adjacent to the proposed site pursuant to rules promulgated by the Agency. Notice specifically required by this section shall be sent at least thirty (30) days before the date of the hearing. The Agency or the applicant shall certify to this mailing, and the certificate shall be accepted at the hearing as conclusive evidence of the fact of such mailing.

(b) If the Agency amends a license, the amendment may take effect immediately. Notice of the amendment shall be published one time in the Texas Register and one time in a newspaper of general circulation in the county in which the licensed activity is located and notice shall be given to anyone who notified the Agency, in advance, of his desire to be notified of any proposed amendment to the license. The notice shall contain a short and plain statement of the substance of the amendment identifying the license amended and the licensee. If a person affected files a written complaint with the Agency within thirty (30) days after notice is published, notice shall be given and a public hearing held to consider the amendment as provided by Subsection (a) of this section.

(c) Before beginning a hearing required under this section, for each proposed activity that the Agency determines has a significant impact on the human environment, the Agency shall prepare or secure the preparation of a written analysis, that shall be available to the public at least thirty (30) days before the hearing begins, of the impact of the licensed activity on the environment. The analysis shall include:

- (1) an assessment of the radiological and nonradiological impacts on the public health of the activity;
- (2) an assessment of any impact on any waterway and groundwater resulting from the activity;

(3) consideration of alternatives to the activities to be conducted under the license; and

(4) consideration of the long-term impacts, including decommissioning, decontamination, and reclamation impacts, associated with activities to be conducted under the license, including the management of radioactive waste.

(d) The Agency shall prohibit any major construction with respect to the activities to be licensed until requirements in Subsections (a) and (c) of this section are completed.

(e) The Agency shall assure that the management of radioactive waste is carried out in compatibility with applicable standards promulgated by the Commission.

(f) Notwithstanding any other provision of this section, if the Agency finds that an emergency relating to the management of radioactive waste exists that requires immediate action to protect the public health and safety and the environment, the Agency may take action under Subsection (c) of Section 11 of this Act.

#### Injunction Proceedings

Sec. 12. Whenever, in the judgment of the Agency, any person has engaged in or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this Act, or any rule, license, registration, or order issued thereunder, and at the request of the Agency, the Attorney General shall make application to any District Court either in Travis County or in any county in which the violation occurred or is about to occur, at his option, for an order enjoining such acts or practices, or for an order directing compliance and for reimbursement to the Radiation and Perpetual Care Fund if applicable, and for civil penalties as provided in Section 15 of this Act, and upon a showing by the Agency that such person has engaged or is about to engage in any such acts or practices, a permanent or temporary injunction, restraining order, or other appropriate order may be granted.

#### Threat of Damage by Certain By-Product Material

Sec. 12A. (a) If the Agency determines that by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act or the operation by which that by-product material is derived threatens the public health and safety and the environment and that the licensee is unable to correct or neutralize the threat, the Agency shall issue an order directing any action and corrective measures it finds necessary to correct or neutralize the threat and shall use the security provided by the licensee under this Act to pay the costs of actions and corrective measures taken or to be taken.

(b) The Agency shall send a copy of its order to the Comptroller of Public Accounts together with necessary written requests authorizing the Comptroller to enforce security supplied by the licensee,

to convert the necessary amount of security into cash, if necessary, and to disburse from this security in the fund the amount necessary to pay costs of the actions and corrective measures taken or to be taken by the Agency.

#### Threat of Damage by Radioactive Waste

Sec. 12B. (a) Under procedures in Subsection (c) of Section 11 of this Act, if the Agency finds that radioactive waste threatens the public health and safety and the environment and that the licensee managing the radioactive waste is unable to neutralize the threat, the Agency shall issue an order directing any action and corrective measures it finds necessary to neutralize the threat and shall use the security provided by the licensee under this Act to pay the costs of actions and corrective measures taken or to be taken.

(b) The Agency shall send a copy of its order to the Comptroller of Public Accounts together with necessary written requests authorizing the Comptroller to enforce security supplied by the licensee, to convert the necessary amount of security into cash, if necessary, and to disburse from this security in the fund the amount necessary to pay costs of the actions and corrective measures taken or to be taken by the Agency.

#### Actions of Local Government and Persons Affected

Sec. 12C. (a) If a local government is denied access to records, as provided in this Act, the local government may bring suit in a District Court in the county in which the violation occurs for an appropriate order to obtain the records or to recover civil penalties or for both an order and the penalties provided by Subsection (b) of this section. Civil penalties recovered in a suit under this subsection shall be paid to the local government.

(b) A person who denies access to records to a local government as provided by this Act is liable to a civil penalty of not less than One Hundred Dollars (\$100) and not more than One Thousand Dollars (\$1,000) for each violation.

(d) Money and security deposited in the fund may not be used for normal operating expenses of the Agency.

(e) If a licensed activity may require maintenance, surveillance, or other care on a continuing or perpetual basis after termination of the licensed activity, the Agency may require the licensee to pay annually to the Agency for deposit in the fund an amount determined by the Agency.

(f) Each year the Agency shall review a licensee's payments to the fund made under Subsection (e) of this section to determine if the payment schedule is adequate for the maintenance and surveillance that the licensed activity requires or may require in the future.

(g) Any estimates of costs required to be made under this Act are subject to review and change by the Agency according to the need, nature, and cost of any decontamination, stabilization, decommissioning, reclamation, and disposal activity and the maintenance and surveillance required for public health and safety and the environment. Any charges imposed for maintenance and perpetual care shall be established at a level consistent with existing technology. The charges imposed by the Agency may

not exceed the estimated amount that is projected by the Agency to be required for the maintenance and surveillance and other necessary care required after termination of the licensed activity. Any increase in costs may not be applied retroactively but may result in increases in subsequent annual payments.

(h) If a licensee has satisfied all obligations under this Act, the Agency shall have the Comptroller of Public Accounts promptly refund to the licensee from the fund any excess of the amount of Subdivision (1) of this subsection over the amount of Subdivision (2) of this subsection:

(1) all payments made by the licensee to the Agency for deposit into the fund under this Act and all investment earnings on such payments; and

(2) the amount determined to be required for the continuing maintenance and surveillance of the land, buildings, and radioactive material conveyed to the state under this Act.

#### Fees

#### Nuclear Reactor and Fixed Nuclear Facility Fee

Sec. 18. The Agency may prescribe and collect an annual fee from the operator of each nuclear reactor or other fixed nuclear facility in the state that utilizes special nuclear material. The amount of fees collected may not exceed the actual expenses arising from emergency planning and implementation and environmental surveillance activities. The annual fees collected shall be deposited in the General Revenue Fund.

#### Art. 4590f-1. Low-Level Radioactive Waste Disposal Authority Act

##### ARTICLE 1. GENERAL PROVISIONS

###### Findings, Purpose, and Intent

Sec. 1.01. (a) Low-level radioactive wastes are generated as by-products of medical, research, and industrial activities and through the operation of nuclear power plants. Loss of capability to dispose of low-level radioactive waste would pose a threat to the health and welfare of the citizens of the state and would ultimately lead to the loss of the benefits of these activities that are dependent on reliable facilities for low-level radioactive waste disposal.

(b) This state is currently dependent on low-level radioactive waste disposal sites in other states. Recent events have demonstrated that the availability of these sites for low-level radioactive waste disposal is increasingly uncertain and as a consequence, medical institutions, research facilities, and industries within the state could be adversely affected.

(c) It is the purpose and intent of this Act to establish the Texas Low-Level Radioactive Waste Disposal Authority with responsibility for assuring much-needed disposal capability for specific categories of low-level radioactive wastes generated within this state.

###### Short Title

Sec. 1.02. This Act may be cited as the Texas Low-Level Radioactive Waste Disposal Authority Act.

###### Definitions

Sec. 1.03. In this Act:

(1) "Person" means an individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, government or governmental subdivision or agency, or other legal entity or any legal successor to or representative, agent, or agency of any of these.

(2) "Authority" means the Texas Low-Level Radioactive Waste Disposal Authority.

(3) "Agency" means the Texas Radiation Control Agency.

(4) "Radioactive material" means any solid, liquid, or gaseous material, whether occurring naturally or produced artificially, that emits radiation spontaneously.

(5) "Low-level waste" means any radioactive material that has a half-life of 35 years or less or that has less than 10 nanocuries per gram of transuranics and may include radioactive material not excluded by this subdivision with a half-life of more than 35 years if special criteria are established by the agency for disposal of that waste. The term does not include irradiated reactor fuel and high-level radioactive waste as defined by Title 10, Code of Federal Regulations.

(6) "Disposal site" means the property and facilities acquired, constructed, and owned by the authority at which low-level waste may be processed and may be disposed of permanently.

(7) "On-site operator" means a person who is employed by or who contracts with the authority and who is responsible for supervising the overall operations of the disposal site.

(8) "Management" means establishing, adopting, and entering into and assuring compliance with the general policies, rules, and contracts that govern the operation of a disposal site.

(9) "Operation" means the control, supervision, and implementation of the actual physical activities involved in the receipt, processing, packaging, storage, disposal, and monitoring of low-level waste at a disposal site and the maintenance of the disposal site and any other responsibilities designated by the board as part of the operation.

#### Studies for Site Selection

Sec. 3.05. (a) The authority shall make studies or contract for studies to be made of the future requirements for disposal of low-level waste in this state and to determine the areas of the state that are relatively more suitable than others for low-level waste disposal activities.

(b) In studying future requirements and relative suitability, the authority and any persons with which it contracts under this section shall consider the following:

(1) the volume of low-level waste generated by type and source categories for the expected life of the site;

(2) geology;

(3) surface characteristics (topography);

(4) other aspects of transportation and access;

(5) meteorology;

(6) population density;

(7) surface and subsurface hydrology;

(8) flora and fauna;

(9) current land use;

(10) criteria established by the agency for site selection;

(11) the proximity to sources of low-level waste, including related transportation costs, to the extent that the proximity and transportation costs do not interfere with selection of the best site for protecting public health and the environment; and

(12) other site characteristics as may need study on a preliminary basis that would require detailed study to prepare any application or license required for site operation.

(c) The studies may be performed either by the authority's staff or under contract with others.

#### Additional Analysis

Sec. 3.06. (a) On completion of the studies required by Section 3.05 of this Act, the board shall

select two or more potential disposal sites for further analysis.

(b) The authority shall evaluate or contract to have evaluated the preoperating costs, operating costs, maintenance costs, and costs of decommissioning and extended care and the socioeconomic, environmental, and public health impacts associated with each of these potential sites.

(c) Socioeconomic impacts to be evaluated shall include fire, police, educational, utility, public works, public access, planning, and other governmental services and assumed and perceived risks of the disposal sites and disposal activities.

(d) Public officials and members of local boards or governing bodies of local political subdivisions of the state within which a potential site is located shall be invited to participate in appropriate evaluation activities.

#### Site Selection

Sec. 3.07. (a) On receiving the results of the studies and evaluations required under Sections 3.05 and 3.06 of this Act, the board shall select the site that appears from the studies to be the most suitable for a disposal site and shall hold a public hearing to consider whether or not that site should be selected as the disposal site and give 30 days notice thereof, published in the English language once a week for four consecutive weeks preceding the hearing, in some newspaper published in the county of the disposal site. If there is no newspaper published in the county or none which will publish the notice, the board shall then post such notice in writing in three public places in the county, one of which shall be at the courthouse door of the county courthouse, for at least 30 days successively before the day of the hearing. The hearing shall be commenced in the county seat at the county courthouse in which the proposed disposal site is located.

(b) Before giving notice of the hearing, the authority shall prepare a report that includes detailed information regarding all aspects of the disposal site selection process, criteria for site selection as established by the appropriate licensing authority, and summaries of the studies required under Section 3.05 of this Act and the evaluations under Section 3.06 of this Act and shall make this report available to the public. The authority may contract for the distribution of the report and may hold or contract with others to hold informational seminars for the public.

(c) On a thorough consideration of the studies and evaluations relating to site selection required under Sections 3.05 and 3.06 of this Act, the criteria required to be used in those studies, and testimony and evidence presented at the hearing, the board shall determine if the proposed disposal site should be selected, and if the board selects that site as the disposal site, the board shall issue an order designating that site as the proposed disposal site, shall issue a final report, and shall direct the general

manager to prepare necessary applications, disposal plans, and other material for obtaining licenses and other authorizations for the disposal site. If the board determines that the proposed site should not be selected, it shall issue an order rejecting selection of the site and shall call another hearing to consider another site that appears from the studies and evaluations under Sections 3.05 and 3.06 of this Act to be suitable. The board shall continue to follow the procedures under Subsection (a) of this section and this subsection until a suitable disposal site is selected.

(d) A copy of the final report and order selecting a disposal site shall be submitted to the governor and to the legislature for informational purposes.

(e) The authority may appoint a mediator to consider the views of parties interested in the selection of a disposal site. The mediator may conduct a series of meetings with delegates from groups of interested parties. The selection of delegates shall be determined by criteria established by the board. Mediation meetings may be held in the counties in which the potential sites are located and shall be held prior to the public hearing required by Subsection (a) of this section. The mediator shall prepare a report and submit it to the board before the notice is given of the public hearing.

(b) The authority must acquire the fee simple title to all land and property that is a part of the licensed disposal site.

(c) The authority also may lease property on terms and conditions the board determines advantageous to the authority, provided no lease may be made on land that is part of a licensed disposal site.

**Site Construction**

Sec. 3.10. (a) The authority shall construct on the disposal site all works and facilities and from time to time make improvements necessary to prepare for disposal and permanently dispose of low-level waste.

(b) Preparation and construction of works and facilities at the disposal site shall be done in a manner that will comply with the rules and standards for disposal sites adopted by federal and state agencies and with the disposal plans of the authority.

**Authority to Enter into Construction Contracts**

Sec. 3.11. The authority may contract with any person to construct any part of the works and facilities or from time to time make improvements at the disposal site, provided the contract specifically provides for termination by the authority for failure of the contractor to comply with federal and state standards and rules or with the authority's disposal plans.

**Bids on Contracts for Construction**

Sec. 3.12. Construction contracts requiring an expenditure of more than \$5,000 may be made only after competitive bidding as provided by Chapter 770, Acts of the 66th Legislature, Regular Session, 1979 (Article 2368a.3, Vernon's Texas Civil Statutes).

**Additional Work**

Sec. 3.13. After a construction contract is awarded, if the authority determines that additional work is needed or if the character or type of work, facilities, or improvements should be changed, the board may authorize change orders to the contract on terms the board approves. A change made under this section shall not increase nor decrease the total cost of the contract by more than 25 percent.

**Attachments to Construction Contracts**

Sec. 3.14. A construction contract shall contain or have attached to it the specifications, plans, and details for work included in the contract, and work shall be done according to these plans and specifications under the supervision of the authority.

**Execution and Availability of Construction Contract**

Sec. 3.15. (a) A construction contract shall be in writing and signed by an authorized representative of the authority and the contractor.

(b) The contract shall be kept in the authority's records and shall be available for public inspection.

**Contractor's Bond**

Sec. 3.16. (a) A contractor shall execute a bond in an amount determined by the board, not to exceed the contract price, payable to the authority and approved by the board, conditioned on the faithful performance of the obligations, agreements, and covenants of the contract.

(b) The bond shall provide that if the contractor defaults on the contract, he will pay to the authority all damages sustained as a result of the default. The bond shall be deposited in the authority's depository, and a copy of the bond shall be kept in the authority's central office.

**Monitoring Construction Work**

Sec. 3.17. (a) The board has control of construction being done for the authority under contract and shall determine whether or not the contract is being fulfilled.

(b) The board shall have the construction work inspected by engineers, inspectors, and other personnel of the authority.

(c) During the progress of the construction work, the engineers, inspectors, and other personnel doing the inspections shall submit to the board written reports that show whether or not the contractor is complying with the contract.

(d) On completion of construction work, the engineers, inspectors, and other personnel shall submit to the board a final detailed written report including information necessary to show whether or not the contractor has fully complied with the contract.

**Payment for Construction Work**

Sec. 3.18. (a) The authority shall pay the contract price of construction contracts as provided in this section.

(b) The authority will make progress payments under construction contracts monthly as the work proceeds or at more frequent intervals as determined by the board.

(c) If requested by the board, the contractor shall furnish an analysis of the total contract price showing the amount included for each principal category of the work in such detail as requested to provide a basis for determining progress payments.

(d) In making progress payments, 10 percent of the estimated amount shall be retained until final completion and acceptance of the contract work. However, if the board, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, it may authorize any

of the remaining progress payments to be made in full. Also, if the work is substantially complete, the board, if it finds the amount retained to be in excess of the amount adequate for the protection of the authority, may release to the contractor all or a portion of the excess amount.

(e) On completion and acceptance of each separate project, work, or other division of the contract, on which the price is stated separately in the contract, payment may be made without retention of a percentage.

(f) When construction work is completed according to the terms of the contract, the board shall draw a warrant on the depository to pay any balance due on the contract.

**Contracts for Purchase of Equipment, Materials, Supplies, etc., Over \$5,000**

Sec. 3.19. (a) If the estimated amount of a proposed contract for the purchase of materials, machinery, equipment, or supplies is more than \$5,000, the board shall ask for competitive bids as provided by Section 3.12 of this Act.

(b) This section does not apply to purchases of property from public agencies or to contracts for personal or professional services.

**Management and Operation of Sites**

Sec. 3.20. (a) The board has general authority to manage and, if necessary, operate the disposal sites under this Act and take any actions necessary under this Act to manage and operate the disposal sites in a manner that will protect the public health and safety and the environment.

(b) The board may enter into contracts with persons to perform overall operation in the operation of a disposal site, but no contract may include provisions that relieve the authority of its management responsibility under this Act. The board shall adopt rules establishing criteria for determining the competence of a person to perform the overall operation of a disposal site in the operation of a disposal site.

(c) The board shall manage and, if necessary, operate the authority's disposal sites in a manner that complies with laws and with rules and standards of appropriate federal and state agencies having jurisdiction over disposal sites.

(d) Each disposal site shall be supervised by an on-site operator with responsibility for all operations at the site. If the authority contracts under Subsection (b) of this section for the overall operation of a disposal site, the on-site operator shall be a representative of the contractor. If the authority operates the disposal site, the on-site operator shall be employed by the general manager.

(e) The board shall adopt rules governing the operation of disposal sites, acceptance of low-level waste, maintenance and monitoring of disposal sites, and activities relating to the management and operation of disposal sites. Rules adopted by the

board may not be less stringent than those adopted by the agency.

(f) A contract with a person under Subsection (b) of this section shall specify that:

(1) the board retains management authority over the low-level disposal site and may monitor and inspect any part of the disposal site and operations taking place on the disposal site at any time;

(2) the contract operator must operate the site in a manner that complies with laws and licenses regulating operations at the site issued by the agency and the federal government;

(3) the contract operator must comply with the rules governing operation of the site promulgated by the board; and

(4) should the contract operator fail to comply with any license issued for the site by the agency or by the federal government, fail to comply with the rules of the authority, or fail to comply with the contract the contract is subject to termination after notice and hearing.

(g) In contracting with a person under Subsection (b) of this section, the board may:

(1) select the person with whom it will contract before it obtains the license for the disposal site so that it may allow the person with whom it contracts to advise and consult with the board, general manager, and staff of the authority on the design and disposal plans for the site;

Sec. 3.21. (a)(1) Subject to the limitations in this section and Section 3.22 of this Act, each disposal site shall accept for disposal all low-level waste that is presented to it and that is properly processed and packaged.

(2) The Texas Department of Health shall adopt rules relating to the packaging of radioactive waste, and an inspector employed by the department shall inspect all packaged radioactive waste before it is transported to a Texas permanent disposal site. The rules of the department shall provide that the department charge a reasonable fee for the inspection. The fee shall be limited to the cost of the inspection of the radioactive waste.

(b) For shipments of low-level waste that are in excess of 75 cubic feet, the person making the shipment shall give the on-site operator of the disposal site written notice of the shipment containing information required by the board at least 72 hours before shipment of the low-level waste to the disposal site begins.

(c) On arrival of a shipment of low-level waste at a disposal site, the on-site operator or his agent shall determine that the waste complies with all laws, rules, and standards relating to processing and packaging of low-level waste before the waste is accepted for disposal at the disposal site.

(d) If low-level waste that is not properly processed or packaged arrives at a disposal site, the on-site operator or his agent shall properly process and package the waste for disposal and charge the person making the shipment the fee required by Section 4.03 of this Act.

(e) The on-site operator or his agent shall report to the federal and state agencies that establish rules and standards for processing, packaging, and transportation of low-level waste any person who delivers to a disposal site low-level waste that is not properly processed or packaged.

#### Limitations on Waste Disposal

Sec. 3.22. (a) Only low-level waste that is generated within the State of Texas may be accepted by a disposal site.

(b) The board by rule shall exclude certain types of low-level waste from a disposal site if the low-level waste is incompatible with disposal operations.

#### Disposal Site Activities

Sec. 3.23. Disposal sites shall be used for permanent storage of low-level wastes, and the authority may adopt any methods and techniques for permanent disposal that comply with federal and state standards for low-level waste disposal and that protect the public health and safety and the environment. Also, the authority may provide facilities at disposal sites for processing and packaging low-level waste for disposal.

#### Emergency Response

Sec. 3.24. (a) To protect the public health and safety and the environment, the board, after notice and hearing, shall adopt an emergency response plan for each disposal site to be implemented in the event a disposal site becomes a threat to the public health or safety or the environment.

(b) The authority shall cooperate with and seek the cooperation of federal and state agencies responsible for regulating disposal sites and of federal, state, and local agencies engaged in disaster relief activities.

#### Decommissioning and Closing Disposal Sites

Sec. 3.25. (a) On a finding by the board, after notice and hearing, that a disposal site should be closed, the authority and any operator with which it has contracted shall proceed with decommissioning of the disposal site in compliance with federal and state laws and rules and standards adopted under those laws and with rules and plans of the authority.

(b) On completion of decommissioning activities and receipt of necessary approval from any federal and state agencies, the board shall, if required by law, transfer fee simple title to the disposal site to the agency.

#### Reports

Sec. 3.26. At least 60 days before each regular session, the authority shall submit to the appropriate committees of the legislature a biennial report that shall serve as a basis for periodic oversight hearings on the authority's operations and on the status of interstate compacts and agreements.

#### Health Surveillance Survey

Sec. 3.27. The board, in cooperation with the Texas Department of Health and local public health officials, shall study the feasibility of developing a health surveillance survey for the population in the disposal site vicinity.

### ARTICLE 4. FINANCIAL PROVISIONS

#### Financing Authority Activities

Sec. 4.01. Expenses of the authority shall be paid from fees authorized and collected under this article and appropriations made by the legislature.

#### Waste Disposal Fee

Sec. 4.02. (a) The board shall adopt and have collected a waste disposal fee to be paid by each person who delivers to the authority low-level waste for disposal.

(b) The board shall adopt and periodically revise by rule a schedule of waste disposal fees based on the volume of low-level waste delivered for disposal and the relative hazard presented by each type of low-level waste that is delivered to the disposal site. In determining relative hazard, the board shall consider the radioactive, physical, and chemical properties of each type of low-level waste.

(c) Waste disposal fees adopted by the board shall be sufficient to allow the authority to recover operating and maintenance costs, expenses incurred before beginning operation of the site amortized over a period of not more than 20 years beginning on the first day of operation of the disposal site, an amount necessary to meet future costs of decommissioning and closing the disposal site, an amount sufficient to meet needs for impact assistance under Section 4.04 of this Act, an amount necessary to pay

licensing fees and to provide security required by the agency under laws and rules of the agency.

#### Processing and Packaging Fee

Sec. 4.03. The board shall adopt and periodically revise by rule a schedule of processing and packaging fees based on the volume of improperly processed or packaged low-level waste delivered for disposal and on the cost to the authority for processing and packaging the waste properly in compliance with federal and state standards.

#### Low-Level Radioactive Waste Disposal Impact Assistance

Sec. 4.04. (a) The board may make grants to a city, county, hospital district, school district, water district, or other political subdivision of this state to reimburse that entity for actual costs or to pay expenses anticipated in connection with additional fire, police, educational, utility, public access, and other governmental services, public works projects, and planning that are required by the city, county, hospital district, school district, water district, or other political subdivision of this state as a result of the construction and operation of a disposal site within or adjacent to the affected city, county, hospital district, school district, water district, or other political subdivision of this state.

(b) The board shall adopt rules establishing:

(1) procedures for the application for grants under this section;

(2) criteria for determining the adverse effect that the construction and operation of a disposal site will have on cities, counties, hospital districts, school districts, water districts, and other political subdivisions of this state;

(3) priorities of needs for affected cities, counties, hospital districts, school districts, water districts, and other political subdivisions of this state; and

(4) methods for monitoring the uses and effectiveness of grants made under this section.

(c) On approval of a grant under this section, the board shall issue an order stating the name of the city, county, hospital district, school district, water district, or other political subdivision of the state receiving the grant and the amount of the grant and shall direct payment of the grant.

### CHAPTER TWENTY. NATURAL DEATH

#### Art. 4590h. Natural Death Act

##### Short Title

Sec. 1. This Act shall be known and may be cited as the Natural Death Act.

##### Definitions

Sec. 2. In this Act:

(1) "Attending physician" means the physician selected by, or assigned by the physician selected by, the patient who has primary responsibility for the treatment and care of the patient.

(2) "Directive" means a written document voluntarily executed by the declarant in accordance with the requirements of Section 3 of this Act. The directive, or a copy of the directive, shall be made part of the patient's medical records.

(3) "Life-sustaining procedure" means a medical procedure or intervention which utilizes mechanical or other artificial means to sustain, restore, or supplant a vital function, which, when applied to a qualified patient, would serve only to artificially prolong the moment of death and where, in the judgment of the attending physician, noted in the qualified patient's medical records, death is imminent whether or not such procedures are utilized. "Life-sustaining procedure" shall not include the administration of medication or the performance of any medical procedure deemed necessary to alleviate pain.

(4) "Physician" means a physician and surgeon licensed by the Texas State Board of Medical Examiners.

(5) "Qualified patient" means a patient diagnosed and certified in writing to be afflicted with a terminal condition by two physicians, one of whom shall be the attending physician, and the other shall be chosen by the patient or the attending physician, who have each personally examined the patient.

(6) "Terminal condition" means an incurable condition caused by injury, disease, or illness, which, regardless of the application of life-sustaining procedures, would, within reasonable medical judgment, produce death, and where the application of life-sustaining procedures serves only to postpone the moment of death of the patient.

##### Directive for Withholding or Withdrawal of Life-Sustaining Procedures in Event of Terminal Condition

Sec. 3. Any adult person may execute a directive for the withholding or withdrawal of life-sustaining procedures in the event of a terminal condi-

tion. The directive shall be signed by the declarant in the presence of two witnesses not related to the declarant by blood or marriage and who would not be entitled to any portion of the estate of the declarant on his decease under any will of the declarant or codicil thereto or by operation of law. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarant is a patient, a patient in a health care facility in which the declarant is a patient, or any person who has a claim against any portion of the estate of the declarant upon his decease at the time of the execution of the directive. The two witnesses to the declarant's signature shall sign the directive. The directive shall be in the following form:

#### "DIRECTIVE TO PHYSICIANS

"Directive made this \_\_\_\_\_ day of \_\_\_\_\_ (month, year).

"I \_\_\_\_\_, being of sound mind, willfully and voluntarily make known my desire that my life shall not be artificially prolonged under the circumstances set forth below, and do hereby declare:

"1. If at any time I should have an incurable condition caused by injury, disease, or illness certified to be a terminal condition by two physicians, and where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death and where my attending physician determines that my death is imminent whether or not life-sustaining procedures are utilized, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally.

"2. In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this directive shall be honored by my family and physicians as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences from such refusal.

"3. If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

"4. I have been diagnosed and notified as having a terminal condition by \_\_\_\_\_, M.D. or D.O., whose address is \_\_\_\_\_, and whose telephone number is \_\_\_\_\_. I understand that if I have not filled in the physician's name and address, it shall be presumed that I did not have a terminal condition when I made out this directive.

"5. This directive shall be in effect until it is revoked.

"6. I understand the full import of this directive and I am emotionally and mentally competent to make this directive.

"7. I understand that I may revoke this directive at any time.

"Signed \_\_\_\_\_

City, County, and State of Residence \_\_\_\_\_

The declarant has been personally known to me and I believe him or her to be of sound mind. I am not related to the declarant by blood or marriage, nor would I be entitled to any portion of the declarant's estate on his decease, nor am I the attending physician of declarant or an employee of the attending physician or a health facility in which declarant is a patient, or a patient in the health care facility in which the declarant is a patient, or any person who has a claim against any portion of the estate of the declarant upon his decease.

"Witness \_\_\_\_\_

"Witness \_\_\_\_\_"

#### Revocation of Directive

Sec. 4. (a) A directive may be revoked at any time by the declarant, without regard to his mental state or competency, by any of the following methods:

(1) by being canceled, defaced, obliterated, or burnt, torn, or otherwise destroyed by the declarant or by some person in his presence and by his direction;

(2) by a written revocation of the declarant expressing his intent to revoke, signed and dated by the declarant. Such revocation shall become effective only on communication to an attending physician by the declarant or by a person acting on behalf of the declarant or by mailing said revocation to an attending physician. An attending physician or his designee shall record in the patient's medical record the time and date when he received notification of the written revocation and shall enter the word "VOID" on each page of the copy of the directive in the patient's medical records; or

(3) by a verbal expression by the declarant of his intent to revoke the directive. Such revocation shall become effective only on communication to an attending physician by the declarant or by a person acting on behalf of the declarant. An attending physician or his designee shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when he received notification of the revocation and shall enter the word "VOID" on each page of the copy of the directive in the patient's medical records.

(b) Except as otherwise provided in this Act, there shall be no criminal or civil liability on the part of any person for failure to act on a revocation made pursuant to this section unless that person has actual knowledge of the revocation.

#### Duration of Directive

Sec. 5. A directive shall be effective until it is revoked in a manner prescribed in Section 4 of this Act. Nothing in this Act shall be construed to prevent a declarant from reexecuting a directive at any time in accordance with the formalities of Sec-

tion 3 of this Act, including reexecution subsequent to a diagnosis of a terminal condition. If the declarant has executed more than one directive, such time shall be determined from the date of execution of the last directive known to the attending physician. If the declarant becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarant's condition renders him or her able to communicate with the attending physician.

#### Civil or Criminal Liability

Sec. 6. No physician or health facility which, acting in accordance with the requirements of this Act, causes the withholding or withdrawal of life-sustaining procedures from a qualified patient, shall be subject to civil liability therefrom unless negligent. No health professional, acting under the direction of a physician, who participates in the withholding or withdrawal of life-sustaining procedures in accordance with the provisions of this Act shall be subject to any civil liability unless negligent. No physician, or health professional acting under the direction of a physician, who participates in the withholding or withdrawal of life-sustaining procedures in accordance with the provisions of this Act shall be guilty of any criminal act or of unprofessional conduct unless negligent. No physician, health care facility, or health care professional shall be liable either civilly or criminally for failure to act pursuant to the declarant's directive where such physician, health care facility, or health care professional had no knowledge of such directive.

#### Failure to Execute Directive

Sec. 7. (a) Prior to effecting a withholding or withdrawal of life-sustaining procedures from a qualified patient pursuant to the directive, the attending physician shall determine that the directive complies with the form of the directive set out in Section 3 of this Act, and, if the patient is mentally competent, that the directive and all steps proposed by the attending physician to be undertaken are in accord with the existing desires of the qualified patient and are communicated to the patient.

(b) If the declarant was a qualified patient prior to executing or reexecuting the directive, the directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining procedures. No physician, and no health professional acting under the direction of a physician, shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection. A failure by a physician to effectuate the directive of a qualified patient pursuant to this subsection may constitute unprofessional conduct if the physician refuses to make the necessary arrangements or fails to take the necessary steps to effect the transfer of the qualified patient to another

physician who will effectuate the directive of the qualified patient.

(c) If the declarant becomes a qualified patient subsequent to executing the directive, and has not subsequently re-executed the directive, the attending physician may give weight to the directive as evidence of the patient's directions regarding the withholding or withdrawal of life-sustaining procedures and may consider other factors, such as information from the affected family or the nature of the patient's illness, injury, or disease, in determining whether the totality of circumstances known to the attending physician justifies effectuating the directive. No physician, and no health professional acting under the direction of a physician, shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection.

#### Effect on Offense of Aiding Suicide and Insurance Policies

Sec. 8. (a) The withholding or withdrawal of life-sustaining procedures from a qualified patient in accordance with the provisions of this Act shall not, for any purpose, constitute an offense under Section 22.08, Penal Code.

(b) The making of a directive pursuant to Section 3 of this Act shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(c) No physician, health facility, or other health provider, and no health care service plan, or insurer issuing insurance, may require any person to execute a directive as a condition for being insured for, or receiving, health care services nor may the execution or failure to execute a directive be considered in any way in establishing the premiums for insurance.

#### Tampering with Directive

Sec. 9. A person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarant's consent shall be guilty of a Class A misdemeanor. A person who falsifies or forges the directive of another, or willfully conceals or withholds personal knowledge of a revocation as provided in Section 4 of this Act, with the intent to cause a withholding or withdrawal of life-sustaining procedures contrary to the wishes of the declarant, and thereby, because of any such act, directly causes life-sustaining procedures to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for criminal homicide under the provisions of the Penal Code.

**Mercy Killing not Condoned**

Sec. 10. Nothing in this Act shall be construed to condone, authorize, or approve mercy killing, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying as provided in this Act.

**Act as Cumulative**

Sec. 11. Nothing in this Act shall impair or supersede any legal right or legal responsibility which any person may have to effect the withholding or withdrawal of life-sustaining procedures in any lawful manner. In such respect the provisions of this Act are cumulative.

**CHAPTER TWENTY-ONE. MEDICAL LIABILITY AND INSURANCE IMPROVEMENT****Art. 4590i. Medical Liability and Insurance Improvement Act**

*Text of article effective until August 31, 1993*

**SUBCHAPTER A. GENERAL PROVISIONS****Short Title**

Sec. 1.01. This part may be cited as the Medical Liability and Insurance Improvement Act of Texas.

**Findings and Purposes**

Sec. 1.02. (a) The Legislature of the State of Texas finds that:

(1) the number of health care liability claims (frequency) has increased since 1972 inordinately;

(2) the filing of legitimate health care liability claims in Texas is a contributing factor affecting medical professional liability rates;

(3) the amounts being paid out by insurers in judgments and settlements (severity) have likewise increased inordinately in the same short period of time;

(4) the effect of the above has caused a serious public problem in availability of and affordability of adequate medical professional liability insurance;

(5) the situation has created a medical malpractice insurance crisis in the State of Texas;

(6) this crisis has had a material adverse effect on the delivery of medical and health care in Texas, including significant reductions of availability of medical and health care services to the people of Texas and a likelihood of further reductions in the future;

(7) the crisis has had a substantial impact on the physicians and hospitals of Texas and the cost to physicians and hospitals for adequate medical malpractice insurance has dramatically risen in price, with cost impact on patients and the public;

(8) the direct cost of medical care to the patient and public of Texas has materially increased due to rising cost of malpractice insurance protection for physicians and hospitals in Texas;

(9) the crisis has increased the cost of medical care both directly through fees and indirectly through additional services provided for protection against future suits or claims; and defensive medicine has resulted in increasing cost to patients, private insurers, and the state and has contributed to the general inflation that has marked health care in recent years;

(10) satisfactory insurance coverage for adequate amounts of insurance in this area is often not available at any price;

(11) the combined effect of the defects in the medical, insurance, and legal systems has caused a serious public problem both with respect to the availability of coverage and to the high rates being charged by insurers for medical professional liability insurance to some physicians, health care providers, and hospitals;

(12) the adoption of certain modifications in the medical, insurance, and legal systems, the total effect of which is currently undetermined, may or may not have an effect on the rates charged by insurers for medical professional liability insurance;

(13) these facts have been verified by the Medical Professional Liability Study Commission, which was created by the 64th Legislature.<sup>1</sup> For further amplification of these facts the legislature adopts the findings of the report of the commission.

(b) Because of the conditions stated in Subsection (a) of this section, it is the purpose of this Act to improve and modify the system by which health care liability claims are determined in order to:

(1) reduce excessive frequency and severity of health care liability claims through reasonable improvements and modifications in the Texas insurance, tort, and medical practice systems;

(2) decrease the cost of those claims and assure that awards are rationally related to actual damages;

(3) do so in a manner that will not unduly restrict a claimant's rights any more than necessary to deal with the crisis;

(4) make available to physicians, hospitals, and other health care providers protection against potential liability through the insurance mechanism at reasonably affordable rates;

(5) make affordable medical and health care more accessible and available to the citizens of Texas;

(6) make certain modifications in the medical, insurance, and legal systems in order to determine whether or not there will be an effect on rates charged by insurers for medical professional liability insurance; and

(7) make certain modifications to the liability laws as they relate to health care liability claims only and with an intention of the legislature to not extend or apply such modifications of liability laws to any other area of the Texas legal system or tort law.

<sup>1</sup> See note under Insurance Code, art. 21.49-3.

ining prospective jurors on voir dire or in argument to the court or jury.

#### SUBCHAPTER F. INFORMED CONSENT

##### Definition

Sec. 6.01. In this subchapter, "panel" means the Texas Medical Disclosure Panel.

##### Theory of Recovery

Sec. 6.02. In a suit against a physician or health care provider involving a health care liability claim that is based on the failure of the physician or health care provider to disclose or adequately to disclose the risks and hazards involved in the medical care or surgical procedure rendered by the physician or health care provider, the only theory on which recovery may be obtained is that of negligence in failing to disclose the risks or hazards that could have influenced a reasonable person in making a decision to give or withhold consent.

##### Texas Medical Disclosure Panel

Sec. 6.03. (a) The Texas Medical Disclosure Panel is created to determine which risks and hazards related to medical care and surgical procedures must be disclosed by health care providers or physicians to their patients or persons authorized to consent for their patients and to establish the general form and substance of such disclosure.

(b) The panel established herein is administratively attached to the Texas Department of Health. The Texas Department of Health, at the request of the panel, shall provide administrative assistance to the panel; and the Texas Department of Health and the panel shall coordinate administrative responsibilities in order to avoid unnecessary duplication of facilities and services. The Texas Department of Health, at the request of the panel, shall submit the panel's budget request to the legislature. The panel shall be subject, except where inconsistent, to the rules and procedures of the Texas Department of Health; however, the duties and responsibilities of the panel as set forth in the Medical Liability and Insurance Improvement Act of Texas, as amended (Article 4590i, Vernon's Texas Civil Statutes), shall be exercised solely by the panel and the board or Texas Department of Health shall have no authority or responsibility with respect to same.

(c) The panel is composed of nine members, with three members licensed to practice law in this state and six members licensed to practice medicine in this state. Members of the panel shall be selected by the Commissioner of Health.

(d) The commissioner shall select members of the panel according to the following schedule:

(1) one attorney and two physicians to serve a term of two years, which term shall begin on September 1, 1979, and expire on August 31, 1981, or until a successor is qualified;

(2) one attorney and two physicians to serve a term of four years, which terms shall begin September 1, 1979, and expire August 31, 1983, or until a successor is qualified;

(3) one attorney and two physicians to serve a term of six years, which term shall begin September 1, 1979, and expire on August 31, 1985, or until a successor is qualified.

Thereafter, at the expiration of the term of each member of the panel so appointed, the commissioner shall select a successor, and such successor shall serve for a term of six years, or until his successor is selected. Any member who is absent for three consecutive meetings without the consent of a majority of the panel present at each such meeting may be removed by the commissioner at the request of the panel submitted in writing and signed by the chairman. Upon the death, resignation, or removal of any member, the commissioner shall fill the vacancy by selection for the unexpired portion of the term.

(e) Members of the panel are not entitled to compensation for their services, but each panelist is entitled to reimbursement of any necessary expense incurred in the performance of his duties on the panel including necessary travel expenses.

(h) Employees of the Texas Department of Health shall serve as the staff for the panel.

##### Duties of Panel

Sec. 6.04. (a) To the extent feasible, the panel shall identify and make a thorough examination of all medical treatments and surgical procedures in which physicians and health care providers may be involved in order to determine which of those treatments and procedures do and do not require disclosure of the risks and hazards to the patient or person authorized to consent for the patient.

(b) The panel shall prepare separate lists of those medical treatments and surgical procedures that do and do not require disclosure and for those treatments and procedures that do require disclosure shall establish the degree of disclosure required and the form in which the disclosure will be made.

(c) Lists prepared under Subsection (b) of this section together with written explanations of the degree and form of disclosure shall be published in the Texas Register.

(d) At least annually, or at such other period the panel may determine from time to time, the panel will identify and examine any new medical treatments and surgical procedures that have been developed since its last determinations, shall assign them to the proper list, and shall establish the degree of disclosure required and the form in which the disclosure will be made. The panel will also examine such treatments and procedures for the purpose of revising lists previously published. These determinations shall be published in the Texas Register.

#### Duty of Physician or Health Care Provider

Sec. 6.05. Before a patient or a person authorized to consent for a patient gives consent to any medical care or surgical procedure that appears on the panel's list requiring disclosure, the physician or health care provider shall disclose to the patient, or person authorized to consent for the patient, the risks and hazards involved in that kind of care or procedure. A physician or health care provider shall be considered to have complied with the requirements of this section if disclosure is made as provided in Section 6.06 of this subchapter.

#### Manner of Disclosure

Sec. 6.06. Consent to medical care that appears on the panel's list requiring disclosure shall be considered effective under this subchapter if it is given in writing, signed by the patient or a person authorized to give the consent and by a competent witness, and if the written consent specifically states the risks and hazards that are involved in the medical care or surgical procedure in the form and to the degree required by the panel under Section 6.04 of this subchapter.

#### Effect of Disclosure

Sec. 6.07. (a) In a suit against a physician or health care provider involving a health care liability claim that is based on the negligent failure of the physician or health care provider to disclose or adequately to disclose the risks and hazards involved in the medical care or surgical procedure rendered by the physician or health care provider:

(1) both disclosure made as provided in Section 6.05 of this subchapter and failure to disclose based on inclusion of any medical care or surgical procedure on the panel's list for which disclosure is not required shall be admissible in evidence and shall create a rebuttable presumption that the requirements of Sections 6.05 and 6.06 of this subchapter have been complied with and this presumption shall be included in the charge to the jury; and

(2) failure to disclose the risks and hazards involved in any medical care or surgical procedure required to be disclosed under Sections 6.05 and 6.06 of this subchapter shall be admissible in evidence and shall create a rebuttable presumption of a negligent failure to conform to the duty of disclosure set forth in Sections 6.05 and 6.06 of this subchapter, and this presumption shall be included

in the charge to the jury; but failure to disclose may be found not to be negligent if there was an emergency or if for some other reason it was not medically feasible to make a disclosure of the kind that would otherwise have been negligence.

(b) If medical care or surgical procedure is rendered with respect to which the panel has made no determination either way regarding a duty of disclosure, the physician or health care provider is under the duty otherwise imposed by law.

### SUBCHAPTER G. RES IPSA LOQUITUR

#### Application of Res Ipsa Loquitur

If the provisions

of this section are held unconstitutional or invalid for any reason, the legislature specifically declares this section to be severable and that such holding shall in no way affect the validity of the other sections of this subchapter.

#### SUBCHAPTER I. ADVANCE PAYMENTS

Sec. 9.01. In an action brought to recover damages based on a health care liability claim, no advance payment made on that claim by the defendant health care provider or physician, or the professional liability insurer, to or for the claimant, or any other person, shall be construed as an admission of liability by the health care provider or physician or any person for any injuries or damages suffered by the claimant or anyone else.

##### Adjustments for Advance Payments

Sec. 9.03. The advance payment shall inure to the exclusive benefit of the defendant or his or its carrier making the advance payment, and in the event the advance payment exceeds the pro rata liability of the defendant or the carrier making the payment, the trial judge shall order any adjustment necessary to equalize the amount which each defendant is obligated to pay under this subchapter, exclusive of costs.

##### Certain Advance Payments Exempt from Repayment

Sec. 9.04. In no case shall an advance payment in excess of an award be repayable by the person receiving it.

### 1. IN GENERAL

#### **Art. 4642. Grounds For**

Judges of the district and county courts shall, in term time or vacation, hear and determine applications for and may grant writs of injunction returnable to said courts in the following cases:

1. Where the applicant is entitled to the relief demanded and such relief or any part thereof requires the restraint of some act prejudicial to him.

2. Where a party does some act respecting the subject of pending litigation or threatens or is about to do some act or is procuring or suffering the same to be done in violation of the rights of the applicant when said act would tend to render judgment ineffectual.

3. Where the applicant shows himself entitled thereto under the principles of equity, and the provisions of the statutes of this State relating to the granting of injunctions.

4. Where a cloud would be put on the title of real estate being sold under an execution against a party having no interest in such real estate subject to the execution at the time of the sale, or irreparable injury to real estate or personal property is threatened, irrespective of any legal remedy at law.

[Acts 1925, S.B. 84.]

#### **Art. 4643. Issuance by Non-resident Judge**

No district judge shall grant a writ of injunction returnable to any other court than his own except in the following cases:

1. Where the resident judge cannot hear and act upon the application by reason of his absence, sickness, inability, inaccessibility, disqualification or refusal to act, when such facts are fully set out in the application or in an affidavit accompanying same, and if such judge refuses to act, such refusal shall be indorsed by said judge on such writ with his reasons therefor. In such case no district judge shall grant the writ when the application therefor has once been acted upon by another district judge of this State.

2. To stay execution, or to restrain foreclosure, sales under deeds of trust, trespasses, the removal of property, or acts injurious to or impairing riparian or easement rights, when satisfactory proof is made to such non-resident judge that it is impracticable for the applicant to reach the resident judge and procure his action in time to effectuate the purpose of the application.

3. When the resident judge cannot be reached by the ordinary and available means of travel and communication in sufficient time to effectuate the purpose of the writ sought. In such case the applicant or his attorney seeking a writ on the ground of such inaccessibility shall attach to his application an affidavit fully stating the facts of such inaccessibility and his efforts made to reach and communicate with said judge, and the result thereof, and unless such efforts appear to have been fair and reasonable the application shall not be heard. Such injunction may be subsequently dissolved upon it being shown that the petitioner did not first make reasonable efforts to procure a hearing upon said application before the resident judge.

[Acts 1925, S.B. 84.]

#### **Art. 4644. Against Well or Mine Operator**

No injunction or temporary restraining order shall ever be issued prohibiting sub-surface drilling or mining operations on the application of an adjacent land owner claiming injury to his surface or improvements or loss of or injury to the minerals thereunder, unless the party against whom drilling or mining operations is alleged as a wrongful act is shown to be unable to respond in damages for such injury as may result from such drilling or mining operations; provided, however, that the party against whom such injunction is sought shall enter into a good and sufficient bond in such sum as the judge hearing the application shall fix, securing the complainant in the payment of any injuries that may be sustained by such complainant as the result of

such drilling or mining operations. The court may, when he deems it necessary to protect the interests involved in such litigation, in lieu of such bond, appoint a trustee or receiver with such powers as the court may prescribe, to take charge of and hold the minerals produced from the lands of those complained against or the proceeds thereof subject to the final disposition of such litigation.

[Acts 1925, S.B. 84.]

#### Art. 4645. Against a Judgment

No injunction shall be granted to stay any judgment or proceeding at law, except so much of the recovery or cause of action as the complainant shall in his petition show himself equitably entitled to be relieved against and so much as will cover the costs.

[Acts 1925, S.B. 84.]

#### Art. 4646. To Stay Execution

No injunction to stay an execution upon any valid and subsisting judgment shall be granted after the expiration of one year from the rendition of such judgment, unless it be made to appear that an application for such injunction has been delayed in consequence of the fraud or false promises of the plaintiff in the judgment, practiced or made at the time, or after rendition, of such judgment, or unless for some equitable matter or defense arising after the rendition of such judgment. If it be made to appear that the applicant was absent from the State at the time such judgment was rendered and was unable to apply for such writ within the time aforesaid, such injunction may be granted at any time within two years from the date of the rendition of the judgment.

[Acts 1925, S.B. 84.]

#### Art. 4646a. Prohibiting Injunction Against Closing Streets

No injunction shall be granted to stay or prevent the vacating, abandonment or closing, by the City Council or governing body of any incorporated city of this State, of any street or alley in any such incorporated city of this State, except at the suit of the owner or lessee of real property actually abutting on that part of such street or alley actually vacated, abandoned or closed, and then only in the event that the damages of said owner or lessee shall not have been released or shall not have been ascertained and paid in a condemnation suit by such city.

Sec. 2. Provided that any person, who under existing laws has the right to enjoin a city from vacating, abandoning or closing any street or alley of such city and whose right to such injunction is denied by this Act, shall have the right to an action for damages for any injury that he may sustain by reason of the vacating, abandoning or closing of any street or alley by such city.

If there be more than one party against whom a writ is granted, it may be returned and tried in the proper court of the county where either may have his domicile.

[Acts 1925, S.B. 84.]

Arts. 4657 to 4659. Repealed by Rules of Civil Procedure (Acts 1939, 46th Leg., p. 201, § 1)

#### Art. 4660. Damages for Delay

[Acts 1925, S.B. 84.]

Art. 4661. Repealed by Rules of Civil Procedure (Acts 1939, 46th Leg., p. 201, § 1)

[Acts 1925, S.B. 84. Amended by Acts 1981, 67th Leg., p. 790, ch. 291, § 64, eff. Sept. 1, 1981.]

Acts 1967, 60th Leg., p. 608, ch. 274, § 1, read as follows:

#### “DECLARATION OF LEGISLATIVE INTENT”

“The Legislature finds as facts and determines:

“(1) Many citizens of our State are being victimized and abused in various types of credit and cash transactions. These practices imposed a great hardship upon the people of our State.

“(2) Credit in its various forms is one of the most essential and vital elements of our economy. It can be truly said that credit affects every citizen every day. Credit transactions in our State amount to many billions of dollars per year.

“(3) Credit abuses now existing in our State stem from the fact that many types of credit transactions are not now subject to effective public regulation and control and the penalties imposed for usury do not provide effective or workable safeguards in this vital area of economic activity.

“(4) Such abuses are especially prevalent in the area of consumer transactions both cash and credit. Unscrupulous operators, lenders and vendors, many of whom are transient to our State, are presently engaged in many abusive and deceptive practices in the conduct of their businesses. These unregulated practices bring great social and economic hardship to many citizens of our State. They impose intolerable burdens on those segments of our society which can least afford to bear them—the uneducated, the unsophisticated, the poor and the elderly.

“(5) These facts conclusively indicate a need for a comprehensive code of legislation to clearly define interest and usury, to classify and regulate loans and lenders, to regulate credit sales and services, and place limitations on charges imposed in connection with such sales and services, to provide for consumer education and debt counseling, to prohibit deceptive trade practices in all types of consumer transactions, and to provide firm and effective penalties for usury and other prohibited practices.

“(6) It is the intent of the Legislature in enacting this revision of Title 79 of the Revised Civil Statutes of Texas, 1925, to protect the citizens of Texas from abusive and deceptive practices now being perpetrated by unscrupulous operators, lenders and vendors in both cash and credit consumer transactions and to implement the mandate of Section II of Article XVI of the Constitution of Texas which authorizes the Legislature to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest, and thus serve the public interest of the people of this State.”

(b) “Legal Interest” is that interest which is allowed by law when the parties to a contract have not agreed on any particular rate of interest.

(f) "Open-end Account" means any account, under a written contract under which the creditor may permit the obligor to make purchases or borrow money from time to time, and under which interest or time price differential may from time to time be computed on an outstanding unpaid balance. The term includes, but is not limited to, accounts under agreements described by Section (4), Article 3.15; Section (4), Article 4.01; and Chapters 6 and 15 of this Title.<sup>1</sup>

(g) "Credit Card Transaction" means a transaction in which a card is or may be used to debit an open-end account in connection with the purchase or lease of goods or services or the lending of money, which card is or may be used for personal, family, or household use.

(h) "Merchant Discount" means any charge, fee, discount, compensating balance, or other consideration imposed by a creditor on or received directly or indirectly by the creditor from any seller or lessor of goods or services in connection with a credit card transaction under a lender credit card agreement between the customer and the creditor. The term includes all agreements for open-end accounts authorized or defined under Articles 3.15(4), 4.01(4), 15.01(4), 15.01(k), and 15.01(l) of this Title<sup>2</sup> pursuant to which credit card transactions as defined in Article 1.01(g) of this Title may be made or in connection with which a merchant discount as defined in Article 1.01(h) of this Title is imposed or received by the creditor. The term does not include an open-end account credit agreement between a seller or lessor and its own buyer or lessee. The term does not include agreements under which the entire balance is due and payable in full each month and no interest is charged when the obligor pays in accordance with such terms.

<sup>2</sup> Articles 5069-3.15(4), 5069-4.01(4), 5069-15.01(k), and 5069-15.01(l).

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year.

Section 37(c) of the 1983 amendatory act provides:

"Sections 29 through 36 of this Act take effect July 1, 1983, contingent on this Act receiving the vote required by Article III, Section 39, of the Constitution of the State of Texas. If this Act does not receive the vote required by Article III, Section 39, of the

Constitution of the State of Texas, Sections 29 through 36 of this Act will take effect September 1, 1983. Provided, that if a creditor bills its customers on a monthly billing cycle and the effective date of those sections does not coincide with the beginning of a monthly billing cycle for some or all of that creditor's accounts on which credit card transactions can be made, the creditor may, at its option, comply with the law in effect immediately before the effective date of this Act as to each such account until the first day of the first monthly billing cycle beginning after the effective date of those sections, and the amendments made by Sections 29 through 36 of this Act take effect as to each such account on the first day of the first monthly billing cycle beginning after the effective date of those sections. The annualized ceilings which took effect during the last two quarters of 1982 and expire during the last two quarters of 1983 and the annualized ceilings which took effect in the first two quarters of 1983 and expire in the first two quarters of 1984 shall, as of the date Sections 29 through 36 of this Act take effect as to an account under which a credit card transaction may be made, be deemed to equal 18 percent a year on such account, until such expiration dates, and the Consumer Credit Commissioner shall publish such revision in The Credit Code Letter within two weeks from the date this Act takes effect and in the Texas Register as soon as possible. For purposes of Section (d) of Article 15.02 of Title 79 as hereby amended, the quarterly ceiling applicable under that article shall be recomputed in accordance with Section 34 of this Act and, as so recomputed, takes effect on the effective date of that section as to an account, and the Consumer Credit Commissioner shall publish the recomputed quarterly ceiling applicable under Section (d), Article 15.02, of Title 79 in The Credit Code Letter within two weeks from the date such section takes effect and in the Texas Register as soon as possible. Notwithstanding the foregoing, a credit card transaction occurring before the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law in effect immediately before the amendments made by those sections, and that law is continued in effect for that purpose. Any credit card transaction occurring on or after the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law as amended by those sections and by this section."

#### Art. 5069-1.02. Maximum Rates of Interest

Except as otherwise fixed by law, the maximum rate of interest shall be ten percent per annum. A greater rate of interest than ten percent per annum unless otherwise authorized by law shall be deemed usurious. All contracts for usury are contrary to public policy and shall be subject to the appropriate penalties prescribed in Article 1.06 of this Subtitle.

[Acts 1967, 60th Leg., p. 609, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-1.03. Legal Rate Applicable

When no specified rate of interest is agreed upon by the parties, interest at the rate of six percent per annum shall be allowed on all accounts and contracts ascertaining the sum payable, commencing on the thirtieth (30th) day from and after the time when the sum is due and payable.

[Acts 1967, 60th Leg., p. 609, ch. 274, § 2, eff. Oct. 1, 1967. Amended by Acts 1979, 66th Leg., p. 1718, ch. 707, § 1, eff. Aug. 27, 1979.]

#### Art. 5069-1.04. Limit on Rate

(a) The parties to any written contract may agree to and stipulate for any rate of interest, or in an agreement described in Chapter 6, 6A, or 7 of this Title, any rate or amount of time price differential producing a rate, that does not exceed:

(1) an indicated rate ceiling that is the auction average rate quoted on a bank discount basis for 26-week treasury bills issued by the United States government, as published by the Federal Reserve Board, for the week preceding the week in which the rate is contracted for, multiplied by two, and rounded to the nearest one-quarter of one percent; or, as an alternative,

(2) an annualized or quarterly ceiling that is the average of the computations under Subsection (1) of this section and is computed pursuant to Section (d) of this Article.

(b)(1) If a computation under Section (a)(1), (a)(2), or (c) of this Article is less than 18 percent a year, the ceiling under that provision is 18 percent a year. If a computation under Section (a)(1), (a)(2), or (c) of this Article is more than 24 percent a year, the ceiling under that provision is 24 percent a year.

(2) Notwithstanding the provisions of Subsection (1) of this Section (b), on any contract under which credit in an amount in excess of \$250,000 is or is to be extended, or any extension or renewal of such a contract, and under which the credit is extended for business, commercial, investment, or other similar purpose, but excluding any contract that is not for any of those purposes and is primarily for personal, family, household, or agricultural use, the 24 percent limitation on the ceilings in Section (b)(1) above that is applicable to the computations under Section (a)(1), (a)(2), or (c) of this Article shall not apply, and the limitation on the ceilings determined by those computations shall be 28 percent a year.

(3) References in this Article to the indicated rate ceiling, annualized ceiling, quarterly ceiling, or monthly ceiling mean such a ceiling as modified by this Section (b).

(4) Any credit agreement described in Section (a), Article 1.11, of this Title is<sup>1</sup> subject to the terms, ceilings, and other provisions of that Article and, except as limited by Article 1.11, to the terms, ceilings, and other provisions of this Article.

(5) Notwithstanding any other provision of law, on any lender credit card agreement in connection with which a merchant discount as defined in Article 1.01(h) of this Title<sup>2</sup> is imposed or received by the creditor, the creditor may not contract for, charge, or receive, on any amount owed for any credit card transaction, a rate in excess of the ceiling allowed under Article 15.02(d) of this Title<sup>3</sup> (which ceiling shall be adjusted in accordance with Article 15.02(d)) or any other fees or charges which are not authorized under Chapter 15 of this Title or which are in excess of the amounts authorized under Chapter 15.

(6) Notwithstanding Article 15.10 of this Title,<sup>4</sup> any lender credit card agreement in which the creditor is a bank, savings and loan association, or authorized lender under Chapter 3 of this Title is subject to Chapter 15 of this Title and Article 15.02(d) thereof.

(c) A monthly ceiling is available only in variable rate contracts, including contracts for open-end accounts, that are not made for personal, family, or household use. Subject to Section (b) of this Article, the monthly ceiling is the average of all the computations under Section (a)(1) of this Article for auctions occurring during the preceding calendar month and shall be computed by the consumer credit commissioner on the first business day of the calendar month in which the rate applies. In contracts for which the monthly ceiling is available under this section, if the parties agree that the rate is subject to being adjusted on a monthly basis in accordance with Section (f) of this Article they may further contract that the rate from time to time in effect may not exceed the monthly ceiling from time to time in effect under this section and the monthly ceiling from time to time in effect is the ceiling on those contracts, instead of any ceiling under Article 1.04(a) of this Title.<sup>5</sup>

(d) The consumer credit commissioner shall compute, on the computation dates of December 1, March 1, June 1, and September 1 of each year, the quarterly and annualized ceilings for the next succeeding calendar quarter beginning January 1, April 1, July 1, and October 1, respectively. For each computation date, the computation under Section (a)(2) of this Article for the quarterly ceiling is the average of all the computations under Section (a)(1) of this Article for auctions occurring during the three calendar months preceding the computation date. For each computation date, the computation under Section (a)(2) of this Article for the annualized ceiling is the average of all the computations under Section (a)(1) of this Article for auctions occurring during the three calendar months preceding the computation date.

(e) In a contract that does not involve an open-end account, as an alternative to the indicated rate ceiling, the parties may contract for a rate not exceeding the quarterly ceiling in effect at the time the rate is contracted for, but the creditor may not rely on the annualized ceiling in such a contract, and in a contract subject to Section (f) of this Article may not rely on both the indicated rate ceiling and the quarterly ceiling in any given contract.

(f) The parties to any contract, including a contract for an open-end account, may agree to and stipulate for a rate or amount by contracting for any index, formula, or provision of law, by or under which the numerical rate or amount can from time to time be determined. However, the rate or amount so produced may not exceed the ceiling that may from time to time be in effect and applicable to the contract, for so long as debt is outstanding under the contract. Provided, further, that variable contract rates as described in this Section (f) are not allowed in a contract in which the interest or time price differential is precomputed and added into the amount of the contract at the time of the contract.

(f)-(1) Any agreement or amendment to an agreement for credit extended primarily for personal, family, or household use, entered under the authority of Article 1.04 and providing for a variable rate or amount on the balance under the agreement or amendment shall disclose the following in not less than 10-point type or computer equivalent on or with the agreement or amendment:

“NOTICE TO CONSUMER: UNDER TEXAS LAW, IF YOU CONSENT TO THIS AGREEMENT, YOU MAY BE SUBJECT TO A FUTURE RATE AS HIGH AS 24 PERCENT PER YEAR.”

This section shall not apply to or affect any agreement or amendment for which a disclosure relating to variable rates or amounts is required or provided by federal law, regulation, or interpretation. In the event that the contract provides for a maximum rate of less than 24 percent per year, then the above disclosure may be amended to reflect the actual maximum rate of the contract.

(g) Unless otherwise agreed, when the parties have agreed to a rate, they are considered also to have agreed to any lesser rate that the creditor may elect, or is required under Section (h) of this Article to implement.

(h)(1) If the agreement of the parties so provides, or is amended pursuant to Section (i) of this Article or Article 1A.01 of this Title<sup>6</sup> to so provide, a creditor of an open-end account may, as an alternative to the indicated rate ceiling, from time to time implement any rate permitted under the quarterly or annualized ceiling, as to any current and future balances in any of its open-end accounts by giving notice of the rate at any time or times after the computation date for the quarterly or annualized ceiling and before the last day of the next succeeding calendar quarter. The creditor may implement a rate, not exceeding the annualized ceiling, for a 12-month period from the date it becomes effective as to an account, or the creditor may implement a rate not exceeding the quarterly ceiling for a three-month period from the date it becomes effective as to an account. The rate may not exceed the ceiling for the period elected. If the period elected is 12 months, and the rate in effect is less than or equal to the annualized ceiling in effect at the end of 12 months, the creditor may leave the election in effect for the succeeding 12-month period, which is then the new elected period. If the period elected is three months, and the rate in effect is less than or equal to the quarterly ceiling in effect at the end of the three months, the creditor may leave the election in effect for the succeeding three-month period, which is then the new elected period. No further notice of the renewal of an election, or of any successive renewals of elections, is required if the creditor has previously disclosed to the obligor that the election may be renewed in accordance with this section and the rate does not exceed the rate previously agreed to by the obligor. If a rate in excess of that previously agreed to is to be implemented by

the creditor under Section (a) of this Article, or other applicable law, the creditor shall comply with Section (i) of this Article before the end of the calendar quarter in which the prior period elected ends, and the ceiling previously in effect remains the ceiling until a new rate is agreed to.

(2) If an open-end account agreement provides, or is amended pursuant to Article 1A.01 of this Title or Section (i) of this Article to provide, for a variable rate or amount, according to any index, formula, or provision of law disclosed to the obligor, the applicable rate ceiling is the annualized ceiling, quarterly ceiling, or indicated rate ceiling as disclosed to the obligor, except for variable rate commercial contracts subject to Section (c) of this Article. The annualized ceiling shall be adjusted every 12 months, the quarterly ceiling shall be adjusted every three months, and the indicated rate ceiling shall be adjusted weekly.

Except to the extent inconsistent with any federal law, regulation, or interpretation from time to time in effect, on any open-end account entered under authority of this Article 1.04 which is primarily for personal, family, or household use, the creditor shall disclose any changes in the rate resulting from operation of the index, formula, or provision of law by giving notice of the change in the rate on or with the billing statement for a billing cycle preceding the first cycle as to which the change in the rate is effective or by a separate document mailed on or before the beginning of the first cycle as to which the change in the rate is effective. Variations in the rate on the account due to operation of the previously disclosed index, formula, or provision of law need not be further disclosed under this Section (h) or under Section (i) of this Article.

(i)(1) In any open-end account, the creditor may provide in the agreement covering the open-end account or, pursuant to Article 1A.01 of this Title, amend the agreement to provide that the terms, including the rate, or index, formula, or provision of law used to compute the rate on the open-end account will be subject to revision as to current and future balances, from time to time, by notice from the creditor to the obligor. Any creditor revising a rate, or index, formula, or provision used to compute the rate, shall disclose in the notice:

(A) the new rate, or the new index, formula, or provision to be used in computing the rate;

(B) the date on which it will become effective;

(C) the period for which it is elected, or at which the ceiling will be adjusted and whether or not it will affect current as well as future balances;

(D) the obligor's rights under this section and the procedures for the obligor to exercise those rights; and

(E) the address to which the obligor may send notification of the obligor's election not to continue the open-end account.

(F) If the amendment increases the rate, the notice shall contain the following printed in not less than 10-point type or computer equivalent:

**"YOU MAY TERMINATE THIS AGREEMENT IF YOU DO NOT WISH TO PAY THE NEW RATE."**

(2) With a notice required by Subsection (1) of this section, the creditor shall include a form which may be returned at the expense of the creditor and on which the obligor may indicate his or her decision not to continue the account by checking or marking an appropriate box, or similar arrangement. The form may be included on a portion of the account statement to be returned to the creditor or on a separate sheet. Any obligor who is mailed a notice required by Subsection (1) of this section addressed to the obligor's last known address as shown by the creditor's records, is considered to have agreed to the revision if the obligor, or a person authorized by the obligor, after the expiration of five days after the notice is mailed, accepts or uses any extensions of credit, or if the obligor elects to retain the privilege of using the open-end account. Such an election is considered to have occurred unless the obligor notifies the creditor in writing before the 21st day after the date on which the notice is sent that the obligor does not wish to continue the open-end account. The parties may also amend the contract by any other means of amending those agreements permitted by any applicable law. Any obligor who rejects a rate change in accordance with this section has the right to pay off the then existing balance on the open-end account at the rate, and over the time period, in effect prior to the change, and at the same minimum payment terms previously agreed to, unless the obligor agrees to the new rate in accordance with this section. Rejection of a new rate may not accelerate the balance due.

(j) If a creditor implements an annualized or quarterly ceiling as to a majority of its open-end accounts that are under a particular plan or arrangement and are for obligors in this state, that ceiling is also the ceiling for all open-end accounts that are opened or activated under that plan for obligors in this state during the period that the election is in effect.

(k)(1) The consumer credit commissioner shall cause the annualized, quarterly, and monthly ceilings to be published in the Texas Register before the 11th day after the day on which they are computed, and shall cause the indicated rate ceiling in effect under Section (a) of this Article to be published from time to time. If the furnishing of any of the information required to compute the ceilings is discontinued so that it is no longer available to the consumer credit commissioner from the Federal Reserve Board on a timely basis, the consumer credit commissioner shall obtain that information from reliable sources satisfactory to the commissioner.

(2) If the information required to compute a ceiling is not available, then that ceiling remains at the

level at which it was when the information became unavailable until the information again becomes available.

(3) Any court may take judicial notice of the ceilings, and related information, caused to be published in the Texas Register by the consumer credit commissioner pursuant to this Article and of the information published pursuant to Article 2.08 of this Title.<sup>7</sup>

(l) The maximum rate on any contract to renew or extend the terms of payment of any indebtedness at any time incurred, is the applicable ceiling allowed by this Article for a contract entered at the time the renewal or extension is made or agreed to.

(m) The ceilings provided by this Article for a contract, including a contract for an open-end account, are optional and any person may, notwithstanding any other law, contract for, charge, and receive the rates or amounts allowed by this Article for that contract, or the rates or amounts allowed by any other applicable provision of this Title or any other law applicable to such a contract, except as restricted under Section (q) of this Article.

(3) In any contract, including any contract for an open-end account, subject to Chapter 6, 6A, or 7 of this Title, the rate or amount contracted for, charged, or received under this Article is considered to be the rate or amount of time price differential within the meanings given to that term in those respective Chapters, and those contracts are not subject to the provisions of Chapters 3, 4, and 5 of this Title.

(4) In any contract, including a contract for an open-end account, which is subject to Chapter 4, 5, 6, 6A, or 7 of this Title, the parties and their

The licensing requirements of Subtitle 2 of this Title are not applicable to those persons.

(o)(1) All other written contracts whatsoever, except those otherwise authorized by law, which may in any way, directly or indirectly, provide for a greater rate of interest shall be subject to the appropriate penalties prescribed in this Subtitle.

(2) If, in any contract, including one for an open-end account, subject to Chapter 4, 5, 6, 6A, 7, or 15 of this Title, any person contracts for, charges, or receives a rate or amount of interest or time price differential that exceeds the rate allowed by that Chapter and the rate allowed by this Article, the amount of the penalty for that overcharge shall be determined under Chapter 8 of this Title rather than under this Subtitle and all of the provisions of Articles 8.01, 8.02, 8.03, 8.04, 8.05, and 8.06 of this Title<sup>8</sup> are in effect as to that contract and are

(q) The maximum rates authorized by this Article do not apply to agreements under which credit is extended for a home solicitation transaction as defined in Chapter 13 of this Title if the agreement is secured by a lien on the obligor's homestead and the credit is extended by the seller or its owner, subsidiary, or corporate affiliate.

(r) In the event of any inconsistency or conflict between the disclosure or notice requirements under this Article and disclosures or notices required or provided under any current or future federal law, regulation, or interpretation, the requirements of the federal law, regulation, or interpretation shall control and the inconsistent or conflicting requirements under this Article need not be complied with. Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

Section 37(c) of the 1983 amendatory act provides:

"Sections 29 through 36 of this Act take effect July 1, 1983, contingent on this Act receiving the vote required by Article III, Section 39, of the Constitution of the State of Texas. If this Act does not receive the vote required by Article III, Section 39, of the Constitution of the State of Texas, Sections 29 through 36 of this Act will take effect September 1, 1983. Provided, that if a creditor bills its customers on a monthly billing cycle and the effective date of those sections does not coincide with the beginning of a monthly billing cycle for some or all of that creditor's accounts on which credit card transactions can be made, the creditor may, at its option, comply with the law in effect immediately before the effective date of this Act as to each such account until the first day of the first monthly billing cycle beginning after the effective date of those sections, and the amendments made by Sections 29 through 36 of this Act take effect as to each such account on the first day of the first monthly billing cycle beginning after the effective date of those sections. The annualized ceilings which took effect during the last two quarters of 1982 and expire during the last two quarters of 1983 and the annualized ceilings which took effect in the first two quarters of 1983 and expire in the first two quarters of 1984 shall, as of the date Sections 29 through 36 of this Act take effect as to an account under which a credit card transaction may be made, be deemed to equal 18 percent a year on such account, until such expiration dates, and the Consumer Credit Commissioner shall publish such revision in The Credit Code Letter within two weeks from the date this Act takes effect and in the Texas Register as soon as possible. For purposes of Section (d) of Article 15.02 of Title 79 as hereby amended, the quarterly ceiling applicable under that article shall be recomputed in accordance with Section 34 of this Act and, as so recomputed, takes effect on the effective date of that section as to an account, and the Consumer Credit Commissioner shall publish the recomputed quarterly ceiling applicable under Section (d), Article 15.02, of Title 79

in The Credit Code Letter within two weeks from the date such section takes effect and in the Texas Register as soon as possible. Notwithstanding the foregoing, a credit card transaction occurring before the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law in effect immediately before the amendments made by those sections, and that law is continued in effect for that purpose. Any credit card transaction occurring on or after the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law as amended by those sections and by this section."

#### Art. 5069-1.05. Rate of Judgments

Sec. 1. All judgments of the courts of this state based on a contract that provides for a specific rate of interest earn interest at a rate equal to the lesser of:

- (1) the rate specified in the contract; or
- (2) 18 percent.

Sec. 2. Except as provided in Section 1 of this article, all judgments of the courts of this state earn interest at the rate published by the consumer credit commissioner in the Texas Register. The consumer credit commissioner shall compute on the 15th day of each month the judgment interest rate by taking the auction rate quoted on a discount basis for 52-week treasury bills issued by the United States government as published by the Federal Reserve Board on the most recent date preceding the date of computation. The interest rate so computed shall be the judgment rate, except that if the rate so computed is less than 10 percent, the judgment interest rate shall be 10 percent, and if it be more than 20 percent, the judgment interest rate shall be 20 percent. The rate established on that computation date shall be the interest rate on judgments for the next calendar month.

Sec. 3. (a) Except as provided by Subsection (c) of this section, judgments earn interest for the period beginning on the day the judgment is rendered and ending on the day the judgment is satisfied.

(b) Each judgment shall state the rate of interest to be earned on that judgment.

(c) If a case is appealed and a motion for extension of time to file a brief is granted for a party who was a plaintiff at trial, interest does not accrue for the period of extension.

Sec. 4. This article does not apply to a judgment that earns interest that is set by Title 2, Tax Code.<sup>1</sup>

Sec. 5. The consumer credit commissioner shall cause the judgment rate of interest to be published in the Texas Register at the same time other rates directed to be calculated are caused to be published by the consumer credit commissioner under other provisions of this code. The courts of this state shall take judicial notice of such rate as so published.

#### Art. 5069-1.06. Penalties

(1) Any person who contracts for, charges or receives interest which is greater than the amount authorized by this Subtitle, shall forfeit to the obligor three times the amount of usurious interest contracted for, charged or received, such usurious interest being the amount the total interest contracted for, charged, or received exceeds the amount of interest allowed by law, and reasonable attorney fees fixed by the court except that in no event shall the amount forfeited be less than Two Thousand Dollars or twenty percent of the principal, whichever is the smaller sum; provided, that there shall be no penalty for any usurious interest which results from an accidental and bona fide error.

(2) Any person who contracts for, charges or receives interest which is in excess of double the amount of interest allowed by this Subtitle shall forfeit as an additional penalty, all principal as well as interest and all other charges and shall pay reasonable attorney fees set by the court; provided further that any such person violating the provisions of this section shall be guilty of a misdemeanor and upon conviction thereof shall be punished by fine of not more than One Thousand Dollars. Each contract or transaction in violation of this section shall constitute a separate offense punishable hereunder.

(3) All such actions brought under this Article shall be brought in any court of this State having jurisdiction thereof within four years from the date when the usurious charge was received or collected in the county of the defendant's residence, or in the county where the interest in excess of the amount authorized by this Subtitle has been received or collected, or where such transaction had been entered into or where the parties who paid the interest in excess of the amount authorized by this Subtitle resided when such transaction occurred, or where he resides.

Section 2 of the 1979 amendatory act provided:

"This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of this subsection as originally enacted."

#### Art. 5069-1.07. Determination of the Rate of Interest on Loans Secured by a Lien on Any Interest in Real Property

(a) On any loan or agreement to loan secured or to be secured, in whole or in part, by a lien, mortgage, security interest, or other interest in or with respect to any interest in real property, determination of the rate of interest for the purpose of determining whether the loan is usurious under all

applicable Texas laws shall be made by amortizing, prorating, allocating, and spreading, in equal parts during the period of the full stated term of the loan, all interest at any time contracted for, charged, or received from the borrower in connection with the loan. However, in the event the loan is paid in full by the borrower prior to the end of the full stated term of the loan and the interest received for the actual period of the existence of the loan exceeds the maximum lawful rate, the lender contracting for, charging, or receiving all such interest shall refund to the borrower the amount of the excess or shall credit the amount of the excess against amounts owing under the loan and shall not be subject to any of the penalties provided by law for contracting for, charging, or receiving interest in excess of the maximum lawful rate.

(b) Notwithstanding any contrary provisions of law, any person may agree to pay, and may pay pursuant to such an agreement, any rate of interest not exceeding 18 percent per annum, if such agreement is evidenced by a written bond, note, or other contract of such person providing for a loan or other extension of credit in the original principal amount of \$250,000 or more, or any series of advances of money if the aggregate of all sums advanced or agreed or contemplated to be advanced pursuant to such agreement equals or exceeds \$250,000, or any extension or renewal of such loan or other extension of credit (regardless of whether or not the outstanding principal balance thereof at the time of such renewal or extension is \$250,000 or more); and as to any such agreement to pay or payment, the claim or defense of usury by such person or such person's heirs, personal representatives, successors, substitutes, or anyone else on such person's behalf, or by any person acting as guarantor, surety, accommodation maker, or endorser for or with respect to such agreement to pay or payment, or by any person assuming the obligation of such payment or otherwise becoming liable therefor, or by any person owning or acquiring property subject to a lien securing such agreement to pay or such payment is prohibited. Notwithstanding anything to the contrary contained herein, this Subsection (b) shall not apply to any loan or other extension of credit secured by (i) a lien on a building, constructed or to be constructed, which both is used or intended to be used as a single one-to-four family residence and is occupied or intended to be occupied by a person obligated to pay such loan or other extension of credit or (ii) a lien on land intended to be used primarily for agricultural or ranching purposes. Nothing herein shall be construed to limit or otherwise affect the provisions or application of Article 2.09, Texas Miscellaneous Corporation Laws Act, as amended (Article 1302-1.01 et seq., Vernon's Texas Civil Statutes), with respect to loans or other extensions of credit not covered hereby.

(c) Notwithstanding any contrary provisions of law, any person may agree to pay, and may pay

pursuant to such an agreement, the same rate of interest as corporations (other than nonprofit corporations) on any loan in the principal amount of \$500,000 or more, which is made for the purpose of the payment of the direct or indirect costs of exploration for oil and gas, the development of oil and gas properties, or the reworking of oil or gas wells, provided that the value of the collateral securing such loan is reasonably estimated by the lender at the time of the making of the loan to be in excess of the amount of the loan. Such a loan shall not be subject to the defense of usury or the penalties for usury unless the interest rate exceeds the maximum lawful interest rate for corporations (other than nonprofit corporations).

*Text of (d) as added by Acts 1979, 66th Leg., p. 1766, ch. 715, § 1*

(d)(1) On any loan or agreement to loan secured or to be secured in whole or in part by a lien, mortgage, security interest, or other interest in or with respect to real property on which is located one or more single family dwellings, or dwelling units for not more than four families in the aggregate, interest may be charged at such rates as may be permitted by other applicable law or at the lesser of the following rates:

(i) 12 percent per annum; or

(ii) a rate equivalent to the average per annum market yield rate adjusted to constant maturities on 10-year United States Treasury notes and bonds as published by the board of governors of the Federal Reserve System for the second calendar month preceding the month in which the lender becomes legally bound to make the loan plus an additional two percent per annum rounded off to the nearest quarter of one percent per annum.

A "dwelling unit" shall mean for the purpose of this section a unified combination of rooms that is designed for residential use by one family.

(2) Before the 20th day of each month, the savings and loan commissioner shall ascertain the average per annum market yield rate adjusted to constant maturities on 10-year United States Treasury notes and bonds for the preceding calendar month and cause such rate to be published in the Texas Register.

(3) The interest rates authorized by this subsection shall not be applicable to any loan made on or after September 1, 1981, unless the lender had become legally bound to make such loan prior to such date.

(4) No prepayment charge or penalty may be collected on any loan transaction of the class defined in Subsection (d)(1) bearing a rate of interest in excess of that authorized by Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925,<sup>1</sup> except where such collection is required by an agency created by federal law.

*Text of (d) as added by Acts 1979, 66th Leg., p. 1766, ch. 715, § 3, effective if floating rate provisions of (d) as added by § 1 thereof are held to be unconstitutional*

(d)(1) On any loan or agreement to loan secured or to be secured in whole or in part by a lien, mortgage, security interest, or other interest in or with respect to real property on which is located one or more single family dwellings, or dwelling units for not more than four families in the aggregate, interest may be charged at the rate of 12 percent per annum. A "dwelling unit" shall mean for the purpose of this section a unified combination of rooms that is designed for residential use by one family.

(2) The interest rates authorized by this subsection shall not be applicable to any loan made on or after September 1, 1981, unless the lender had become legally bound to make such loan prior to such date.

(3) No prepayment charge or penalty may be collected on any loan transaction of the class defined in Subsection (d)(1) bearing a rate of interest in excess of that authorized by Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, except where such collection is required by an agency created by federal law.

(e)(1) In this subsection "financial institution" means a state bank, state savings and loan association, mortgage banking institution, credit union, national bank, or federal savings and loan association, and "housing accommodation" means improved or unimproved real property, or a portion of that property, that is used or occupied or is intended, arranged, or designed to be used or occupied as the residence of one or more individuals.

(2) A financial institution may not charge interest under Subsection (d), Section 1 or Subsection (d) of Section 3 of this Act and the maximum rate of interest that it may charge is limited to 10 percent if the financial institution in connection with such loan discriminates in providing or granting financial assistance to purchase, rehabilitate, improve, or refinance a housing accommodation due, in whole or in part, to the consideration of:

(i) conditions, characteristics, or trends in the neighborhood where the property is located, unless the financial institution can demonstrate that such a consideration in the particular case is required to avoid an unsafe or unsound business practice; or

(ii) race, color, religion, sex, marital status, national origin, or ancestry; or

in appraising a housing accommodation or in determining whether or not, or under what terms and conditions, to provide financial assistance to purchase, rehabilitate, improve, or refinance a housing accommodation, considers:

(i) the racial, ethnic, religious, or national origin composition of the neighborhood or geographic area surrounding the property; or

(ii) whether or not that composition is undergoing change, or is expected to undergo change.

(f) Notwithstanding the provisions of this Article relating to the date of expiration of authority to charge certain rates of interest, as an alternative to the rates of interest provided for by this Article, any person may agree to pay, and may pay pursuant to such an agreement, any rate of interest that does not exceed a rate authorized by Article 1.04 of this Title. If a loan for property that is to be the residential homestead of the borrower is made at a rate of interest that is greater than the rate prescribed by Subsection (d) of this Article, a prepayment charge or penalty may not be collected on the loan unless the charge or penalty is required by an agency created by federal law.

(7) Whenever the Consumer Credit Commissioner has reasonable cause to believe that any person is violating any provisions of Subtitles Two and Three of this Title he may in addition to all actions provided for, and without prejudice thereto, enter an order requiring such person to desist or to refrain from such violation. A person may appeal such an order to the Consumer Credit Section of the Finance Commission. The appeal must be made in accordance with rules adopted by the Consumer Credit Section for that purpose. In addition to the order, the Commissioner may bring an action in any district court of this State having jurisdiction and venue, on the relation of the Attorney General at the request of the Commissioner, to enjoin such person from engaging in or continuing such violation or from doing any act or acts in furtherance thereof. In any such action, an order or judgment may be entered awarding such preliminary or final injunc-

tion as may be deemed proper. In addition to all other means provided by law for the enforcement of a restraining order or injunction, the court in which such action is brought shall have power and jurisdiction to impound, and to appoint a receiver for, the property and business of the defendant, including books, papers, documents, and records pertaining thereto or so much thereof as the court may deem reasonably necessary to prevent violations of Subtitles Two and Three of this Title through or by means of the use of said property and business. Such receiver, when appointed and qualified, shall have such powers and duties as he would have under Articles 2293 through 2319, inclusive, Revised Civil Statutes of Texas, 1925, as amended, if he had been appointed pursuant to paragraph four of Article 2293.

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of

(b) the dollar amounts of those brackets and ceilings shall not change if the amounts required by this section are those currently in effect pursuant to this Act as a result of earlier application of this section.

If the revision of the Index changes the Reference Base Index, a revised Reference Base Index shall be determined by multiplying the Reference Base Index then applicable by the ratio of the revised Index to the current Index, as each was for the first month in which the revised Index is available. If the Index is canceled or superseded by the Bureau of Labor Statistics, the Index referred to in this section is to be the Index chosen by the Bureau of Labor Statistics as reflecting most accurately the changes in the purchasing power of the dollar for consumers.

(4) The consumer credit commissioner shall issue and cause to be published in the Texas Register:

Sections 27 and 28 of the 1981 Act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

(1) The State Finance Commission may make regulations necessary for the enforcement of this Chapter and consistent with all of its provisions. Each such regulation shall refer to the Article, Section or Subsection to which it applies. Before making a regulation the Consumer Credit Commissioner shall give every authorized lender at least thirty days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any authorized lender or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Consumer Credit Commissioner shall recommend, and the State Finance Commission, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form stating the date of adoption and the date of promulgation. Each regulation shall be entered in a permanent book which shall be a public record and be kept in the Consumer Credit Commissioner's office. A copy of every regulation shall be mailed to each authorized lender and no regulation shall become effective until the expiration of at least twenty days after such mailing.

(2) On application of any person and payment of the costs therefor, the Consumer Credit Commissioner shall furnish under his seal and signed by him or his assistants, a certificate of good standing

or a certified copy of any license, regulation or order.

(3) Any transcript of any hearing held by the Consumer Credit Commissioner under this Chapter shall be a public record and open to inspection at all reasonable times.

#### Art. 5069-3.14. More Than One Business in Single Office

(1) An authorized lender may conduct the business of making loans under this Chapter within any offices, suite, room or place of business in which any other business is solicited or engaged in, or in association or conjunction with any other business, unless the Commissioner shall find, after a hearing, that the conduct by the lender of such other business in the particular office has concealed evasions of this Chapter and shall order such lender in writing, to desist from such conduct in such office.

(2) No licensee shall conduct the business of making loans provided for by this Chapter under any name, or at any place of business within this State, other than that stated in the license.

(3) Nothing in this Chapter shall be construed to limit the loans of any authorized lender to residents of the community in which the licensed or otherwise authorized office is situated or to prohibit the lender from making loans by mail.

[Acts 1967, 60th Leg., p. 620, ch. 274, § 2, eff. Oct. 1, 1967. Amended by Acts 1983, 68th Leg., p. 823, ch. 194, § 16, eff. May 24, 1983.]

#### Art. 5069-3.15. Maximum Rates of Interest

(1) Every authorized lender may contract for and receive on any loan made under this Chapter repayable in consecutive monthly installments, substantially equal in amount, an interest charge, however calculated or shown, that does not exceed an add-on interest charge computed on the cash advance for the full term of the loan contract in accordance with the following schedule:

Eighteen Dollars per One Hundred Dollars per annum on that part of the cash advance not in excess of Three Hundred Dollars, and Eight Dollars per One Hundred Dollars per annum on that part of the cash advance in excess of Three Hundred Dol-

lars but not in excess of Twenty-five Hundred Dollars.

(2) Interest authorized in Section (1) of this Article may be computed at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and may be computed on the basis of a full month for any fractional period in excess of fifteen days. Precomputed interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, an authorized lender may make loans which require repayment in other than substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods of the installments or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract and may compute, contract for, charge, or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article if the interest charges do not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the loan were repayable in equal successive monthly installments beginning one month from the date of the contract.

(4) Notwithstanding any other provision of this Chapter, a borrower and an authorized lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time. The agreement shall contain the date of the agreement and the name and address of each borrower and of the lender and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made to the borrower, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes precomputed interest and is payable in substantially equal successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such

installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full, as of the date of deferment and the refund which would be required for prepayment in full as one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter. On any loan contract which includes precomputed interest but which is not payable in substantially equal successive monthly installments, the loan contract may provide for interest from the maturity date of any installment until paid at a rate not exceeding the highest lawful contract rate.

(6)(a) When any loan contract which includes precomputed interest and is payable in substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender makes demand for payment in full of the unpaid balance, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full, bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from the date the loan was made, one-thirtieth of the portion

of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower.

(b) When any loan contract which includes precomputed interest and is payable in other than substantially equal successive monthly installments beginning within one month plus fifteen days after the date the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender makes demand for payment in full of the unpaid balance prior to final maturity, the lender may retain earned interest for the period from the date of the loan to the date of prepayment in full or date of demand for payment in full in an amount not to exceed that which would accrue at the simple annual interest rate which the loan contract would have produced over its full term if each scheduled payment had been paid on the date due when applied to the unpaid principal amounts determined to be outstanding from time to time according to the schedule of payments, having due regard for the amount of each scheduled installment and the time of each scheduled installment period. In the event prepayment in full or demand for payment in full occurs on a date during an installment period, the lender, in addition to interest earnings for the installment period or periods that have elapsed, may retain for each day elapsed from the immediately preceding installment due date to the date of prepayment in full or demand for payment in full an interest charge produced by applying the simple annual interest rate under the contract as heretofore described to the unpaid principal balance of the loan determined to be outstanding according to the schedule of payments as of the immediately preceding installment due date and dividing that product by three hundred sixty-five. All interest contracted for and precomputed in the amount of loan in excess of the interest authorized to be retained by this Subsection shall be refunded or credited to the borrower.

The lender may also retain earned interest on any additions to principal or other permissible charges added to the loan subsequent to the date of the loan contract, at the simple annual interest rate as described above, from the date such additions are made until paid or until demand for payment in full of the total unpaid balance under the loan contract is made by the lender.

If the loan contract does not contain precomputed interest, then interest may be earned on the principal balance, including additions to principal subsequent to the loan contract, from time to time unpaid, at the rate contracted for, until the date of payment in full or demand for payment in full.

(c) No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) No authorized lender shall induce or permit any person, or husband and wife, to be obligated, directly or indirectly, under more than one loan contract under this chapter at the same time for the purpose, or with the effect, of obtaining a higher authorized charge than would otherwise be permitted by this chapter; but such limitation shall not apply to the acquisition by purchase of bona fide retail installment contracts or revolving charge agreements of the borrower incurred for goods, or services, or to pledged loans made pursuant to Article 3.17, and provided further, if an authorized lender purchases all or substantially all the loan contracts of another authorized lender hereunder and has at the time of purchase loan contracts with one or more of the borrowers whose loans are purchased, the purchaser shall be entitled to collect principal and authorized charges thereon according to the terms of each loan contract.

(8) In addition to the authorized charges provided in this chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by an authorized lender as court costs; attorney fees assessed by a court; lawful fees for filing, recording, or releasing in any public office any security for a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter.

(9) The dollar amounts of the rate brackets and ceiling prescribed by Section (1) of this Article are subject to adjustment from time to time under Article 2.08 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

**Art. 5069-3.16. Alternative Rates of Interest Authorized**

(1) On a loan made under this section, an authorized lender may charge, in lieu of charges specified in Article 3.15, the following amounts:

(a) On any amount up to and including Twenty-nine Dollars and Ninety-nine Cents a charge may be added at the ratio of One Dollar for each Five Dollars advanced to the borrower.

(b) On any cash advance in an amount in excess of Twenty-nine Dollars and Ninety-nine Cents up to and including the amount of Thirty-five Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars per month.

(c) On any cash advance of an amount in excess of Thirty-five Dollars but not more than Seventy Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars and Fifty Cents per month.

(e) On any cash advance in an amount in excess of One Hundred Dollars, the maximum acquisition charge may not exceed Ten Dollars and the maximum monthly installment account handling charge may not exceed the ratio of Four Dollars per month per One Hundred Dollars of cash advance.

(2) The maximum term of any loan made under the terms of this Article shall be one month for each Ten Dollars of cash advance up to a maximum term of six months on loans of One Hundred Dollars or less, and one month for each Twenty Dollars of cash advance on loans in excess of One Hundred Dollars as provided for by Section (1)(e) of this Article.

(3) On such loans under this Article, no insurance charges or any other charges of any nature whatsoever shall be permitted.

(4) The acquisition charge authorized on loans made pursuant to Articles 3.16(1)(a), (b), (c), and (d) shall be deemed to be earned at the time a loan is made and shall not be subject to refund. On the prepayment of any loan made pursuant to Articles 3.16(1)(a), (b), (c), and (d) the installment account handling charge shall be subject to the provisions of Article 3.15 as it relates to refunds. On the prepayment of any loan made pursuant to Article 3.16(1)(e) both the acquisition charge and the installment account handling charge shall be subject to the provisions of Article 3.15 as it relates to refunds. Provisions of Article 3.15 relating to default charges on loans and the deferment of loans shall apply to loans made under this Article.

(5) The Commissioner shall have authority to formulate schedules providing for repayment in weekly, bi-weekly or semi-monthly installments for use by an authorized lender on loans made under the authority of this Article provided the ratio of charges permitted under such schedules do not exceed the maximum rates authorized in this Article.

(6) The maximum cash advance of any loan made under this Article shall be One Hundred Dollars as from time to time may be adjusted by the provisions of Article 2.08 of this Title.

**Art. 5069-3.17. Repealed by Acts 1971, 62nd Leg., p. 2764, ch. 894, § 18, eff. Aug. 30, 1971**

See, now, art. 5069-51.01 et seq.

**Art. 5069-3.18. Insurance**

(1) On any loan having a cash advance of One Hundred Dollars or more, made under the authority of this Chapter, a lender may request or require a

borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one obligor on any one loan contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges therefor shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance for which a charge is included in the loan contract is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If a borrower is obligated under the terms of a loan contract to obtain or maintain required insurance coverages and fails to do so or requests the lender to procure that insurance, the lender may procure substitute insurance coverage, which coverage is substantially equivalent to or more limited than that originally required, in accordance with Sections (4) and (5) of this Article, and may procure insurance to cover only the interest of the lender as a secured party if the borrower does not request that the borrower's interest be covered. The lender may add the premium advanced by the lender for that insurance to the unpaid balance of the loan contract and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

(1) When a loan is made under the authority of this Chapter, the lender shall deliver to the borrower, or if more than one to one of them, a copy of the note or agreement and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

(a) The names and addresses of the borrower and of the lender; and

(b) The types of insurance, if any, for which a charge is included in the loan contract in connection with the loan, and the charge to the borrower for such insurance.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(2) The lender shall give a receipt to the person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(4) When a loan is repaid in full, the lender shall cancel and return to the borrower, within a reasonable time, any note, assignment, security agreement, mortgage, property pledged, or other instrument securing such loan which no longer secures any indebtedness of the borrower to the lender.

(2) No authorized lender shall take a lien upon real estate as security for any loan made under this Chapter, except such lien as is created by law upon the recording of an abstract of judgment.

(3) No authorized lender shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding. This prohibition shall not apply to powers of attorney contained in insurance premium finance contracts when limited to the authority to cancel casualty insurance financed under such contract.

(4) No authorized lender shall take any promise to pay or loan obligation that does not disclose the amount financed and the schedule of payments.

(5) Except as specifically provided in Article 3.15(4) no authorized lender shall take any instrument in which blanks are left to be filled in after the loan is made.

(6) No authorized lender shall take any instrument whereby a borrower waives any right accruing to him under the provisions of this Chapter.

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### CHAPTER FOUR. INSTALLMENT LOANS

##### Art.

- 5069-4.01. Installment Loans Authorized.
- 5069-4.02. Insurance.
- 5069-4.03. Lender's Duty to Borrower.
- 5069-4.04. Prohibited Practices.

##### Art. 5069-4.01. Installment Loans Authorized

(1) Any bank or savings and loan association doing business under the laws of this State or of the United States, and any person licensed to do business under the provisions of Chapter 3 of this Subtitle relating to regulated loans may contract for and receive on any loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, an interest charge, however calculated or shown, which does not exceed an add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article may be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and may be computed on the basis of a full month for any fractional period in excess of fifteen days. Precomputed interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a lender may make loans which require repayment other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or period of the installments or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments, or if the first installment is not payable one month from the date of the contract and may compute, contract for, charge, or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article if the interest charges do not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the loan were repayable in equal

successive monthly installments beginning one month from the date of the contract.

(4) Notwithstanding any other provision of this Chapter, a borrower and a lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower shall be made from time to time. The agreement shall contain the date of the agreement and the name and address of each borrower and of the lender and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth, if a charge for insurance is to be included in the contract, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes precomputed interest, and is payable in substantially equal, successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment

is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual or deferment or at any time thereafter. On any loan contract which includes precomputed interest but which is not payable in substantially equal successive monthly installments, the loan contract may provide for interest from the maturity date of any installment until paid at a rate not exceeding the highest lawful contract rate.

(6)(a) When any loan contract payable in substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract and containing precomputed interest is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender demands payment in full of the unpaid balance after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower.

When any loan contract which includes precomputed interest and is payable in other than substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or if the lender demands payment in full of the unpaid balance before the final installment due date, the lender shall retain earned interest for the period from the date of the loan to the date of prepayment in full or demand for payment in full in an amount not to exceed that which would accrue at the simple annual interest rate which the loan contract would have produced over its full term if each scheduled payment had been paid on the date due when applied to the unpaid principal amounts determined to be outstanding from time to time according to the schedule of payments having due regard for the amount of each scheduled installment and the time of each scheduled installment period. In the event prepayment in full or demand for payment in full occurs on a date during an installment period, the lender, in addition to interest earnings for the installment period or periods that have elapsed, may retain for each day elapsed from the immediately preceding

installment due date to the date of prepayment in full or demand for payment in full an interest charge produced by applying the simple annual interest rate under the contract as heretofore described to the unpaid principal balance of the loan determined to be outstanding according to the schedule of payments as of the immediately preceding installment due date and dividing that product by three hundred sixty-five. All interest contracted for and precomputed in the amount of loan in excess of the interest authorized to be retained by this subsection shall be refunded or credited to the borrower.

The lender may also retain earned interest on any additions to principal or other permissible charges added to the loan subsequent to the date of the loan contract, at the simple annual interest rate as described above, from the date such additions are made until paid or until demand for payment in full of the total unpaid balance under the loan contract is made by the lender.

If the loan contract does not contain precomputed interest, then interest may be earned on the principal balance, including additions to principal subsequent to the loan contract, from time to time unpaid, at the rate contracted for, until the date of payment in full or demand for payment in full.

(c)<sup>1</sup> No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as court costs, attorney fees assessed by a court, lawful fees for filing, recording, or releasing to any public office any instrument securing a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter.

(8) As an alternative to the rate provided by Section (1) of this Article, the parties may agree to

any rate not exceeding a rate authorized by Article 1.04 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### Art. 5069-4.02. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one obligor on any one loan contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance for which a charge is included in the loan contract is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If a borrower is obligated under the terms of a loan contract to obtain or maintain required insurance coverages and fails to do so or requests the lender to procure that insurance, the lender may procure substitute insurance, which coverage is substantially equivalent to or more limited than that originally required, in accordance with Sections (4) and (5) of this Article and may procure insurance to cover only the interest of the lender as a secured party if the borrower does not request that the borrower's interest be covered. The lender may add the premium advanced by the lender for that insurance to the unpaid balance of the loan contract and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is

cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

(a) The names and addresses of the borrower and of the lender; and

(2) The lender shall give a receipt to the person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(4) When a loan is repaid in full, the lender shall cancel and return to the borrower, within a reasonable time, any note, assignment, security agreement, mortgage, deed of trust, or other instrument securing such loan which no longer secures any indebtedness of the borrower to the licensee.

**CHAPTER FIVE. SECONDARY MORTGAGE LOANS**

- Art. 5069-5.01. Definition.
- 5069-5.02. Secondary Mortgage Loans Authorized.
- 5069-5.03. Insurance.
- 5069-5.04. Lender's Duty to Borrower.
- 5069-5.05. Prohibited Practices.

**Art. 5069-5.01. Definition**

(1) As used in this Chapter, "secondary mortgage loan" means

(a) a loan made to any person not to be repaid in ninety days or less which is secured, in whole or in part, by any lien or security interest or any interest in real property improved by a dwelling designed for occupancy by four families or less, which property is subject to the lien of one or more liens or security interests, prior mortgages or deeds of trust, or

(b) the purchase of any interest in an existing secondary mortgage loan from the mortgagee made to secure such a loan.

(2) On or after the effective date of this Chapter, no person, except a bank, savings and loan association or credit union doing business under the laws of this State or of the United States and any person licensed to do business under the provisions of Chapter 3 of this Subtitle, shall engage in the business of making secondary mortgage loans and contract for, charge or receive, directly or indirectly in connection with any such loan, any charge for interest which exceeds ten percent per annum on unpaid principal balances and any lawful charge for compensation, consideration, expense, or any other thing incident to or in connection with the loan which exceeds the amounts a person authorized hereunder would be permitted to charge under Article 5.02(5).

(3) The provisions of this Chapter shall not apply to any seller of property who makes a secondary mortgage loan to secure all or part of the unpaid purchase price.

[Acts 1967, 60th Leg., p. 632, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-5.02. Secondary Mortgage Loans Authorized

(1) Any person authorized to do business under the provisions of this Chapter may contract for an receive on any secondary mortgage loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, and add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article shall be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular monthly installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for

such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (4) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter.

(4) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender demands payment in full of the unpaid balance, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(5) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly,

charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as:

- (i) court costs;
- (ii) attorney's fees assessed by a court;
- (iii) lawful fees paid to any public office for filing, recording, or releasing any instrument securing a loan;
- (iv) the reasonable cost expended for repossessing, storing, preparing for sale, or selling any security;
- (v) the premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter including a premium or charge for title insurance;
- (vi) an attorney's reasonable fee for title examination and opinion not in excess of the charge or premium set by the State Board of Insurance for title insurance for such a transaction; or
- (vii) the reasonable and necessary charges paid to persons not salaried employees of the lender for: appraisal and inspection of collateral, investigation of the credit standing or credit worthiness of the borrower, legal fees to an attorney for the preparation of documents in connection with the transaction, or official fees for construction permits.

(6) As an alternative to the rate provided by Section (1) of this Article, the parties may agree to any rate not exceeding a rate authorized by Article 1.04 of this Title.

[Acts 1967, 60th Leg., p. 632, ch. 274, § 2, eff. Oct. 1, 1967. Amended by Acts 1979, 66th Leg., p. 1566, ch. 672, §§ 21, 22, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 284, ch. 111, § 15, eff. May 8, 1981.]

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for

open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### Art. 5069-5.03. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one obligor on any one loan contract at any one time that in combination exceed:

- (i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or
- (ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverages either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made

as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All such insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supple-

mental to and not exclusive of all other remedies and penalties provided in this Subtitle.

Art. 5069-6.02. Retail Installment Contracts—  
Requirements—Disclosure

(1) Each retail installment contract shall be in writing, dated, signed by the retail buyer, and completed as to all essential provisions, except as otherwise provided in Sections (7) and (8) of this Article.

(2) The printed or typed portion of the contract, other than instructions for completion, shall be in a size equal to at least eight-point type. The contract shall be designated "Retail Installment Contract" and shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

**"NOTICE TO THE BUYER. DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."**

(3) The retail seller shall deliver to the retail buyer, or mail to him at his address shown on the retail installment contract, a copy of the contract as accepted by the seller. Until the seller does so, a buyer, who has not received delivery of the goods or been furnished or rendered the services, shall have the right to rescind the contract and to receive a refund of all payments made and return of all goods traded in to the seller on account of or in contemplation of the contract, or if such goods cannot be returned, the trade-in allowance thereof. Any acknowledgement by the buyer of delivery of a copy of the contract shall be in a size equal to at least ten-point bold type and, if contained in the contract, shall appear directly above the buyer's signature.

(4) The retail installment contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence or other address of the buyer as specified by the buyer and shall reasonably identify the goods sold or to be sold or services furnished or rendered or to be furnished or rendered. Multiple items of goods or services may be described in detail sufficient to identify them in separate writing.

(5) The retail installment contract shall contain and disclose the following items:

(a) The cash price of the goods or services;

(b) The amount of the buyer's down payment, specifying the amounts paid in money and allowed for goods traded in;

(c) Any itemized charges, as defined in Article 6.01. Any charges for insurance permitted by Article 6.04 may be disclosed in the manner described in Article 6.04;

(d) In the event of any inconsistency or conflict between the disclosure requirements of this Chapter and those of a federal law, regulation, or an interpretation thereof, the requirements of the federal law, regulation, or interpretation shall control and the inconsistent or conflicting disclosures required by this Chapter need not to be given;

(e) Any promise, whether made in writing or orally, by the seller, made as an inducement to the buyer to become a party to the contract or which is part of the contract or which is made incidental to negotiations between the seller and the buyer with respect to the sale of the goods or services that are the subject of the contract, that the seller will compensate the buyer for referring customers or prospective customers to the seller for goods or services which the seller has for sale or for referring the seller to such customers or prospective customers. In any case in which, pursuant to the preceding provisions, the contract contains a promise to compensate the buyer for referring customers or prospective customers to the seller or the seller to such customers, the contract must contain a provision to the effect that the amount otherwise owing under the contract at any time is reduced by the amount of compensation owing pursuant to such promise.

(6)(a) A retail installment contract need not be contained in a single document.

(b) If the contract is contained in more than one document, one such document may be an original document signed by the retail buyer, stated to be applicable to purchases of goods or services to be made by the retail buyer from time to time. In such case, such document, together with the sales slip, account book or other written statement relating to each purchase, shall set forth all of the information required by this Article and shall constitute the retail installment contract for each purchase. On each succeeding purchase pursuant to such original document, the sales slip, account book or other written statement may at the option of the seller constitute the statement required by Section (13) of this Article.

(7)(a) Retail installment contracts or retail charge agreements negotiated and entered into by mail or telephone, without solicitations in person by salesmen or other representatives of the seller, and based upon a catalog of the seller or other printed solicitation which clearly sets forth the cash prices of sales to be made through such medium, may be made as provided in this section. The provisions of this Article with respect to retail installment contracts shall be applicable to such sales, except that the designation and notice provisions of Section (2) of this Article shall not be applicable to such contract.

(b) Deleted by Acts 1979, 66th Leg., p. 1569, Ch. 672, § 31, eff. Aug. 27, 1979.

(8) A retail installment contract shall not be signed by any party thereto when it contains blank

spaces for items which are essential provisions of the transaction; provided, however, if delivery of the goods is not made at the time of the execution of the contract, the identifying numbers or marks of the goods or similar information and the due date of the first installment may be inserted by the seller in the seller's counterpart of the contract after it has been signed by the buyer. The buyer's acknowledgment, conforming to the requirement of this section, of delivery of a copy of the contract shall be presumptive proof, or, in the case of a holder of the contract without knowledge to the contrary when he purchases it, conclusive proof, of such delivery and of compliance with this section and any other requirement relating to completion of the contract prior to execution thereof by the buyer, in any action or proceeding.

(9)(a) Notwithstanding provisions of any other law, a retail installment contract payable in substantially equal successive monthly installments beginning one month from the date of the contract may provide for, and the seller or holder may then charge, collect and receive a time price differential which shall not exceed an amount determined in accordance with the following schedule:

(i) On so much of the principal balance as does not exceed Five Hundred Dollars, Twelve Dollars per One Hundred Dollars per annum;

(ii) On so much of the principal balance as exceeds Five Hundred Dollars, but is not in excess of One Thousand Dollars, Ten Dollars per One Hundred Dollars per annum;

(iii) On so much of the principal balance as exceeds One Thousand Dollars, Eight Dollars per One Hundred Dollars per annum.

(b) Such time price differential shall be computed on the principal balance of the retail installment contract from the date of the contract until the due date of the final installment, notwithstanding that the balance thereof is payable in installments.

(c) If the retail installment contract is payable in successive monthly installments substantially equal in amount beginning one month from the date of the contract for a period less or greater than a year, or for amounts less or greater than One Hundred Dollars, the amount of the maximum time price differential set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(d) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in regular installments followed by or interspersed with an irregular, unequal or larger installment or installments, or if the first installment is not payable one month from the date of the contract, the time price differential may not exceed an amount which will provide the same effective

return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(e) Notwithstanding any other provisions of this Article, a minimum time price differential not in excess of the following amounts may be charged on any retail installment contract: Twelve Dollars on any retail installment contract involving an initial principal balance of Seventy-five Dollars or more; Nine Dollars on a retail installment contract involving an initial principal balance of more than Twenty-five Dollars and less than Seventy-five Dollars and Six Dollars on a retail installment contract involving an initial principal balance of Twenty-five Dollars or less.

(f) No seller shall induce a buyer or any husband and wife to become obligated at substantially the same time under more than one retail installment contract with the same seller for the deliberate purpose of obtaining a higher time price differential than would otherwise be permitted under this Article for one retail installment contract. Provided, however, a subsequent contract entered into between the same buyer and seller more than thirty days from the date of making a prior contract shall be presumed not to be in violation of this subsection.

(10) Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay in full the unpaid time balance thereof at any time before its final due date and, if he does so, or if the holder demands payment in full of the unpaid balance prior to its final due date, he shall receive a refund credit thereon for such prepayment or upon such demand for payment in full. The amount of such refund credit shall represent at least as great a proportion of the original time price differential, after first deducting therefrom an amount equivalent to the minimum charge authorized in this Article, as

(a) the sum of the monthly unpaid balances under the schedule of payments in the contract (beginning as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment or demand for payment in full is prior to the due date of the first installment under the contract, then as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the date of the contract) bears to

(b) the sum of all the monthly unpaid balances under the schedule of installment payments in the contract. Where the amount of refund credit is less than One Dollar, no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above described method, having due regard for the

amount of each installment and to the irregularity of each installment period.

If, subsequent to demand of payment in full under a contract, the buyer and holder agree to restate such contract, they may do so and may amend the contract pursuant to Section (12) of this Article.

(11) The holder of any retail installment contract if it so provides may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney not a salaried employee of the holder of the contract, and for court costs and disbursements.

(12)(a) The holder of a retail installment contract, upon request of the buyer, may agree to one or more amendments to extend or defer the scheduled due date of all or any part of any installment or installments and may collect for same a charge computed on the amount of the scheduled installment or installments extended or deferred for the period of extension or deferment at the rate of Fifteen Cents for each Ten Dollars per month; provided that a minimum extension or deferment charge of One Dollar may be charged and collected. Such amendments may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance provided for in the contract and of any additional necessary official fees.

(b) The holder of a retail installment contract, upon request of the buyer may agree to an amendment to renew, restate or reschedule the unpaid balance of the contract and may collect for same a charge to be computed as follows: The sum of the unpaid balance as of the date of the amendment and the cost of any insurance, any additional necessary official fees and any accrued delinquency charges, after deducting an amount which would be equivalent to the required refund credit applicable in the case of prepayment in full as of the date of the amendment charges, shall constitute a principal balance on which a charge may be computed for the term of the amended contract at the applicable rate of charge as provided in Article 6.02.

(c) Any amendment to a retail installment contract must be confirmed in writing and signed by the buyer, and a copy of the writing shall be delivered to the buyer at the time of execution of same. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

(13) Upon written request of the buyer, the holder of a retail installment contract shall give or

forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for each additional statement. A buyer shall be given a written receipt for any payment when made in cash.

(14)(a) If, in a retail installment transaction, a retail buyer makes any subsequent purchases of goods or services from a retail seller from whom he has previously purchased goods or services under one or more retail installment contracts, and the amounts under such previous contract or contracts have not been fully paid, the subsequent purchases may, at the seller's option, be included in and consolidated with one or more of such previous contract or contracts. Each subsequent purchase shall be a separate retail installment contract under this Chapter, notwithstanding that the same may be included in and consolidated with one or more of such previous contract or contracts. All the provisions of this Chapter with respect to retail installment contracts shall be applicable to such subsequent purchases except as hereinafter stated in this section.

(b) In the event of such consolidation, in lieu of the buyer's executing a retail installment contract respecting each subsequent purchase, as provided in this Article, it shall be sufficient if the seller shall prepare a written memorandum of each subsequent purchase, in which case the provisions of Sections (1), (2), (3), and (5) of this Article shall not be applicable. The seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment of such consolidated contract.

(c) When such subsequent purchases are made, if the seller has retained title or taken a lien or other security interest in any of the goods purchased under any one of the contracts included in the consolidation, the entire amount of all payments made prior to such subsequent purchases shall be deemed to have been applied to the previous purchases; and each payment after such subsequent purchase made on the consolidated contract shall be deemed to have been allocated to all of the various purchases in the same ratio as the original cash sale prices of the various purchases bear to the total of all. Where the amount of each installment payment is increased in connection with such subsequent purchases, at the seller's option, the subsequent payments may be deemed to be allocated as follows: an amount equal to the original periodic payment to the previous purchase, the balance to the subsequent purchase. However, the amount of any down payment on the subsequent purchase shall be allocated in its entirety to such subsequent purchase. The provisions of this Subsection (c) shall not apply to cases where such previous and subsequent purchases involve equipment, parts, or other goods attached or affixed to goods previously purchased and not fully paid, or to services in connection

therewith rendered by the seller at the buyer's request.

(15) The dollar amount of the rate brackets prescribed by Section (9)(a) of this Article are subject to adjustment from time to time under Article 2.08 of this Title. As an alternative to the rates and amounts of time price differential provided by Section (9)(a) of this Article, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by Article 1.04 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### Art. 5069-6.03. Retail Charge Agreements—Requirements—Disclosure

(1) A retail charge agreement may be established by a seller or credit card issuer upon the request of a buyer or prospective buyer. The retail charge agreement shall be in writing and signed by the buyer. A copy of such agreement executed on or after the effective date of this Chapter shall be delivered or mailed to the buyer prior to the date on which the first payment is due thereunder. Any acknowledgment by the buyer of delivery of a copy of the agreement contained in the body thereof shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature. No agreement executed on or after the effective date of this Chapter shall be signed by the buyer when it contains blank spaces to be filled in after it has been signed. The buyer's acknowledgment, conforming to the requirements of this section, of delivery of a copy of an agreement, shall be presumptive proof, in any action or proceeding, of such delivery and that the agreement, when signed, did not contain any blank spaces as herein provided. If no copy of the agreement is retained by the seller, a notation in his permanent record showing that such agreement was mailed and the date of mailing shall serve as presumptive proof of such mailing. Any such agreement shall contain substantially the fol-

lowing notice printed or typed in a size equal to at least ten-point bold type:

**"NOTICE TO THE BUYER—DO NOT SIGN THIS AGREEMENT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE AGREEMENT YOU SIGN. KEEP THIS AGREEMENT TO PROTECT YOUR LEGAL RIGHTS."**

(2) The buyer under the retail charge agreement shall be supplied with a statement as of the end of each monthly period (which need not be a calendar month), or other regular period agreed upon in writing, at the end of which there is any unpaid balance thereunder, which statement shall recite and disclose a legend to the effect that the buyer may at any time pay his total unpaid balance or any part thereof.

(2a) A retail charge agreement that complies with the applicable duties and requirements regarding disclosure under the Consumer Credit Protection Act (15 U.S.C. 1601 et seq.), shall be deemed to comply with the duties and requirements regarding disclosure included in Section (2) of this Article.

(3) A retail charge agreement may provide for, and the seller or holder may then, notwithstanding the provisions of any other law, charge, collect and receive a time price differential for the privilege of paying in installments thereunder, which shall not exceed the following:

(a) On so much of the unpaid balance as does not exceed Five Hundred Dollars, Fifteen Cents per Ten Dollars per month; and

(b) If the unpaid balance exceeds Five Hundred Dollars, Ten Cents per Ten Dollars per month on that portion over Five Hundred Dollars.

(4) The time price differential under this Article shall be computed on all amounts unpaid thereunder from month to month (which need not be a calendar month) or other regular period; provided, however, if the regular period is other than a monthly period such time price differential shall be computed proportionately. The time price differential under this Article may be computed for all unpaid balances within a range of not in excess of Ten Dollars on the basis of the median amount within such range, if as so computed such time price differential is applied to all unpaid balances within such range. A minimum time price differential not in excess of Seventy-five Cents per month may be charged, received and collected for any billing cycle in which a balance is due. In addition, such retail charge agreement may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney, not a salaried employee of the holder of the contract, and for court costs and disbursements.

(5) The dollar amount of the rate brackets in this Article is subject to adjustment from time to time under Article 2.08 of this Title. As an alternative to

the rates or amounts of time price differential provided by Section (3) of this Article, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by Article 1.04 of this Title. The provisions of Article 1.04 of this Title applicable to open-end accounts apply to this Article.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### Art. 5069-6.04. Insurance

(1) On any retail installment contract or retail charge agreement made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract or agreement and include the cost of such insurance as a separate charge in such contract or agreement. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one buyer on any one such contract or agreement at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) A seller or holder may, in addition, request or require a buyer to insure the property purchased in, or improved by, goods and services provided under a retail installment transaction subject to this Chapter, including title insurance on real property involved in the retail installment contract or retail charge agreement and subject to a lien or security

interest of seller or holder, and include the cost of such insurance as a separate charge in such contract or agreement. If the property involved in such contract or agreement is a boat which may be enrolled or licensed as a yacht with the United States Coast Guard and be subject to the maritime laws of the United States, a seller or holder may also require a buyer to provide protection and indemnity insurance, longshoremen's and harbor worker's compensation insurance and medical payments insurance in connection with the boat, and include the cost of such insurance as a separate charge in such contract or agreement. Such insurance and the premiums or charges for that insurance shall bear a reasonable relationship to the amount, term and conditions of the contract or agreement, the existing hazards or risk of loss, damage or destruction, or the potential liability and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

Additionally, the buyer and seller may agree to include in the retail installment contract charges for insurance coverages which (1) cover risks of loss or liability reasonably related to the goods or services sold, the anticipated use thereof, or goods or services related to the goods or services sold and which may be insured with the goods and services sold; and (2) are written on policies or endorsement forms prescribed or approved by the State Board of Insurance; and (3) are ordinarily offered in policies or endorsements offered to the general public. The retail installment contract shall clearly identify the type of coverage for each such type of coverage purchased and the premiums therefor and shall clearly indicate that such coverage is optional.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the buyer a statement which shall clearly and conspicuously state that insurance is required in connection with the contract or agreement, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder and a premium or rate of charge not fixed or approved by the State Board of Insurance is included in the retail installment contract or under the retail charge agreement, the seller or holder shall include or cause to be included such fact in a written statement delivered or mailed to the buyer, and the buyer shall have the option for a period of ten days from the date of the contract or agreement or the mailing of the written statement to the buyer of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insur-

ance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 6.02 or the retail charge agreement required by Article 6.03, respectively, or may be made in a separate written statement or statements.

(4) All such insurance subject to Section (1) or (2) of this Article for which a separate charge is included in the retail installment contract or under the retail charge agreement shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company or companies authorized to do business in this State.

(5) The contract or agreement, separate written statement, or a specimen copy of a certificate or policy of insurance delivered to the buyer shall identify the type of coverage, term and amount of premium for such insurance coverages described in Sections (1) and (2) of this Article for which a separate charge is included in the retail installment contract or under the retail charge agreement.

(6) The buyer shall have the privilege at the time of execution of the contract or agreement of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller or holder, but, in such case the inclusion of the insurance premium in the contract or agreement shall be optional with the seller or holder.

(7)(a) Subsequent to the execution of the retail installment contract, a buyer and holder may agree to add to the unpaid balance of the contract premiums for insurance policies obtained subsequent to the retail installment transaction and covering the goods or services sold or goods or services related thereto, including premiums for renewal of policies originally included in the contract. Such policies shall comply with the limitations set out in Sections (1), (2), and (4) above, as applicable.

(b) If the buyer fails to present to the holder reasonable evidence that he or she has obtained or maintained a coverage required by the retail installment contract or retail charge agreement, the holder may but shall not be required to procure substitute insurance coverage which is substantially equivalent to or more limited than the coverages originally required and may add the premium advanced for that insurance to the unpaid balance of the contract or under the retail charge agreement. The substitute insurance may cover only the interest of the holder or the interest of the holder and the buyer. The substitute insurance shall be written at lawful rates and in accordance with the Texas Insurance Code by a company authorized to do business in this State.

(c) If any premium is added to the unpaid balance of a retail installment contract under this Section, the rate of time price differential previously agreed to in the retail installment contract remains in effect and shall be applied to the new unpaid balance or

the contract may be rescheduled in accordance with Article 6.02. If any premium is added under a retail charge agreement, the premium shall be added to the unpaid balance under the retail charge agreement. When any substitute insurance is obtained by the holder of a retail installment contract or retail charge agreement when the buyer has failed to obtain or maintain a required coverage, the amendment adding the premium or rescheduling the contract need not be signed by the buyer but the holder shall deliver to the buyer or send to the buyer's last known address as shown by the records of the holder specific written notification of that action.

(8) If the insurance is to be procured by the seller or holder, he shall, within forty-five days after delivery of the goods or furnishing of the services under the contract or agreement, deliver, mail, or cause to be mailed to the buyer at his address as specified in the contract or agreement, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(9) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall, at the seller or holder's option, be applied to replace required insurance coverages or be credited to the final maturing installments of the retail installment contract or retail charge agreement, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(10) Any gain, or advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any contract or agreement made under this Chapter except as specifically provided herein.

Section 6 of the 1983 amendatory act provided:

"All laws and parts of laws in conflict herewith shall be and the same are hereby repealed."

#### Art. 5069-6.05. Prohibited Provisions

No retail installment contract or retail charge agreement shall:

(1) Provide that the holder may accelerate the maturity of any part or all of the amount owing thereunder unless (a) the buyer is in default in the performance of any of his obligations, or (b) the

holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment, or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises unlawfully or to commit any breach of the peace in the repossession of goods;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of goods;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of goods;

(6) Provide that the buyer agrees not to assert against the seller any claim or defense arising out of the sale;

(7) Provide for or grant a first lien upon real estate to secure such obligation, except, (a) such lien as is created by law upon the recording of an abstract of judgment or (b) such lien as is provided for or granted by a contract or series of contracts for the sale or construction and sale of a structure to be used as a residence so long as the time price differential does not exceed an annual percentage rate permitted under either this Chapter or Article 1.04 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

**Art. 5069-6.06. Certificate of Completion or Satisfaction Required in Certain Transactions**

(1) A seller who has entered into a retail installment transaction to perform services or install goods for the modernization, rehabilitation, repair, alteration, improvement or construction of improve-

ments on real property shall obtain a certificate of completion or certificate of satisfaction (hereinafter designated "certificate") signed by the buyer, when all such goods and/or services purchased under a retail installment contract have been performed or installed as required by such contract; and may obtain such a certificate whether or not any guarantee or warranty of the goods or services remains in force. Such certificate shall be a separate writing and shall have the following notation at the top thereof in at least ten-point bold type:

**WARNING TO BUYER—DO NOT SIGN THIS CERTIFICATE UNTIL ALL SERVICES HAVE BEEN SATISFACTORILY PERFORMED AND MATERIALS SUPPLIED OR GOODS RECEIVED AND FOUND SATISFACTORY.**

(2) Such signed certificate or a copy thereof shall be kept by the seller for a period of two years from the date of execution.

(3) No seller shall knowingly induce a buyer to sign such a certificate or knowingly take or accept from the buyer any executed certificate if performance of the services or installation of the goods required by the retail installment contract is not complete.

(4) Execution of such a certificate by a buyer shall not constitute a waiver of any guaranty or warranty made by a seller, manufacturer or supplier. Failure or refusal on the part of a buyer to execute such certificate, without good cause, shall not affect the validity of the retail installment contract.

[Acts 1967, 60th Leg., p. 646, ch. 274, § 2, eff. Jan. 1, 1968.]

**Art. 5069-6.07. Assignment and Negotiation**

Notwithstanding the provisions of any other law, a person may purchase or acquire or agree to purchase or acquire any retail installment contract or retail charge agreement or any outstanding balance under either from another person on such terms and conditions and for such price as may be mutually agreed upon. Notice to the buyer of the assignment or negotiation and any requirement that the seller be deprived of dominion over payments upon a retail installment contract or retail charge agreement, or over the goods if returned to or repossessed by the seller, is not necessary to the validity of a written assignment or negotiation of the retail installment contract or retail charge agreement or any outstanding balance under either, as against creditors, subsequent purchasers, pledges, mortgages and lien claimants of the seller. Unless the buyer has notice of the assignment or negotiation of his retail installment contract, retail charge agreement or any outstanding balance under either, payment therefor made by the buyer to the holder last known to him shall be binding upon all subsequent holders. No right of action or defense of a buyer arising out of a retail installment transaction which

would be cut off by negotiation, shall be cut off by negotiation of the retail installment contract or retail charge agreement to any third party unless such holder acquires the contract relying in good faith upon a certificate of completion or certificate of satisfaction, if required by the provisions of Article 6.06; and such holder gives notice of the negotiation to the buyer as provided in this Article, and within thirty days of the mailing of such notice receives no written notice from the buyer of any facts giving rise to any claim or defense of the buyer. Such notice of negotiation shall be in writing addressed to the buyer at the address shown on the contract and shall: identify the contract; state the names and addresses of the seller and buyer; describe the goods or services; state the time balance and a description of the payment schedule. The notice of negotiation shall contain the following warning to the buyer in at least ten-point bold face type:

ARE THE TERMS OF THE CONTRACT DESCRIBED ABOVE CORRECT AND ARE YOU SATISFIED WITH THE GOODS OR SERVICES FURNISHED? IF NOT, YOU SHOULD NOTIFY US GIVING DETAILS WITHIN 30 DAYS FROM THE DATE THE ABOVE NOTICE WAS MAILED.

[Acts 1967, 60th Leg., p. 647, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-6.08. Application

None of the provisions of this Chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this State, nor shall any of the provisions of the loan or interest statutes of this State affect or apply to any retail installment transaction. Nor shall any seller pay, promise to pay, or otherwise tender cash to any buyer as a part of any transaction made pursuant to this Chapter unless otherwise specifically authorized by this Chapter. Nothing in this Chapter shall be construed to impair or in any way affect any rule of law applicable to or governing retail installment sales not otherwise subject hereto. This Chapter shall apply exclusively to retail installment transactions as defined in Article 6.01 hereof. The provisions of this Chapter defining specific rates and amounts of charges and requiring certain credit disclosures to be made shall be deemed to control over any contrary Texas law respecting those subjects. Except as displaced by the particular provisions of this Chapter, the Uniform Commercial Code as adopted in Texas,<sup>1</sup> other applicable statutes, and the principles of the common law shall remain applicable to transactions hereunder to the extent they are applicable.

**Art. 5069-6A.01. Purpose**

The legislature finds that manufactured homes have become a major source of single family housing and that a large number of manufactured homes are being placed on private property as permanent residences. Accordingly, the legislature has determined that credit transactions, both credit sales and consumer loans, for the purchase of manufactured homes should be regulated equally and in the same chapter. The legislature also finds that there have been substantial revisions in the Federal Truth-in-Lending Act<sup>1</sup> and regulations issued pursuant to that Act and has determined that disclosure requirements should be modified to eliminate duplications and inconsistencies and that certain definitions should be revised to coordinate with federal law and regulations. The legislature also desires to make it clear that, before the effective date of Chapter 6A, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-6A.01 et seq., Vernon's Texas Civil Statutes), mobile home credit sales were regulated exclusively by Chapter 7, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-7.01 et seq., Vernon's Texas Civil Statutes), and modular homes by Chapter 6, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-6.01 et seq., Vernon's Texas Civil Statutes). The legislature also finds that there is a growing need for creative and flexible financing plans for the purchase of manufactured homes in this state.

<sup>1</sup> 15 U.S.C.A. § 1601 et seq.

**Art. 5069-6A.02. Definitions**

(1) Except as expressly defined by this section, all words or phrases used in this chapter are defined in accordance with Part I of the Consumer Credit Protection Act (also known as the Truth-in-Lending Act), 15 U.S.C. Sec. 1601 et seq., as amended, and as implemented by Regulation Z as promulgated by the Board of Governors of the Federal Reserve System.<sup>1</sup>

(2) In this chapter:

(a) "Manufactured home" is defined in accordance with the definition of manufactured home contained in the Texas Manufactured Housing Standards Act, as amended (Article 5221f, Vernon's Texas Civil Statutes). The term includes any furniture, appliances, drapes, carpets, wall coverings, or other items that are attached to or contained in the dwelling and that are included in the cash price and sold in conjunction with the dwelling.

(b) "Consumer" means a person to whom credit is extended in a credit transaction and includes a co-maker, endorser, guarantor, surety, or other person that is obligated to repay the extension of credit.

(c) "Creditor" means a person involved in a credit transaction who:

(i) extends or arranges for the extension of the credit; or

(ii) is a retailer or broker, as defined by the Texas Manufactured Housing Standards Act, as amended (Article 5221f, Vernon's Texas Civil Statutes), and participates in arranging for the extension of credit.

(d) "Credit transaction" means a retail purchase of a manufactured home under which the consumer, in a credit document, grants to a creditor a purchase money lien on the manufactured home to secure the extension of credit that is subject to a finance charge or is payable by written agreement in more than four installments, not including a down payment, whether in connection with a sale, loan, or otherwise. The term includes a bailment or lease, unless terminable without penalty at any time by the consumer, under which the consumer:

(i) agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the property and services involved; and

(ii) will become or has the option to become, for no additional consideration or for nominal consideration, the owner of the property on compliance with the agreement.

(e) "Credit document" means the credit sale contract or the loan instruments and includes all the written agreements between the consumer and creditor that relate to the credit transaction. The document may consist of one or more pages.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

<sup>1</sup> 12 C.F.R. § 226.1 et seq.; 15 U.S.C.A., foll. § 1700.

**Art. 5069-6A.03. Credit Charge**

(1) Subject to Subsection (2) of this section, the interest or time price differential in a credit transaction may not exceed the sum obtained by applying a simple interest rate equal to 13.32 percent a year to the unpaid balance for the scheduled term of the transaction.

(2) The rate and limitation prescribed by Subsection (1) of this section are effective only if the federal usury preemptions for residential mortgage loans contained in the Veterans' Disability Compensation and Survivors' Benefits Act of 1979, Public Law 96-128,<sup>1</sup> the Housing and Community Development Act of 1979, Public Law 96-153,<sup>2</sup> and the Depository Institutions Deregulation and Monetary Control Act of 1980, Public Law 96-221,<sup>3</sup> are expressly made inapplicable to transactions made in this state by an Act of the legislature of this state. The limitation prescribed by Subsection (1) of this section becomes effective on the effective date of such an Act.

(3) By agreement between the consumer and the creditor expressly set forth in the credit document, the credit transaction may provide for an adjustable rate by which the initial contract rate of interest or time price differential is to be adjusted at certain

stated regular intervals in accordance with Section 4 of this chapter. Such an interval is the "rate adjustment period."

(4) For purposes of disclosure only, the finance charge is computed on the unpaid balance from the effective date of the credit transaction as set forth in the credit document until the maturity of the final installment, notwithstanding that the total of payments is required to be paid in installments; if the credit document includes an adjustable rate provision, the finance charge shall be computed on the amount financed using the initial contract rate.

(5) For a period less or greater than 12 months or for amounts less or greater than \$100, the amount of the maximum charge shall be decreased or increased proportionately. A fractional monthly period of 15 days or more may be considered a full month.

(6) If a credit transaction is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments, either in amounts or periods, or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments, or if the first installment is not payable one month from the date of the contract, the finance charge may not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the credit transaction were payable in substantially equal successive monthly installments, beginning one month from the date of the credit document.

(7) As an alternative to the rates and amounts of time price differential that may be charged under this section, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by Article 1.04 of this title.

(8) In a transaction not involving real estate, no documentary fee for the preparation of credit documents shall be charged to the consumer and the only official fees which can be charged to the consumer are (i) the title fee and (ii) the installation fee, both as set by the Commissioner of the Department of Labor and Standards, and (iii) the permit fee for highway movement to the installation site as paid to the State Department of Highways and Public Transportation.

3 12 U.S.C.A. § 371b-1 (repealed); 12 U.S.C.A. § 371b-1 note.

This article was revised by Acts 1981, 67th Leg., p. 2126, ch. 496, eff. Sept. 1, 1981, without reference to amendment of this article by Acts 1981, 67th Leg., p. 285, ch. 111, § 19, eff. May 8, 1981, which added a § G to read:

"G. Alternate Rate. As an alternative to the rates and amounts of time price differential provided by Subsection A of this section, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by article 1.04 of this Title."

Sections 27 and 28 of the 1981 amendatory act adding § G provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### Art. 5069-6A.04. Adjustment of Rate Charged

(1) Adjustments in the rate charged as permitted by Subsection (3) of Section 3 of this chapter must be based on changes in a specific index, as set forth in the credit document, with the index base being fixed by the index value on the first day of the month in which the credit document is dated. The index may be only:

(a) the monthly average gross yield to the Federal National Mortgage Association on accepted bids in weekly or biweekly auctions for four-month commitments to purchase FHA-insured or VA-guaranteed home mortgages, as published in the Federal Reserve Bulletin;

(b) the monthly average yield on United States Treasury securities adjusted to a constant maturity of five years as published in the Federal Reserve Bulletin; or

(c) an index expressly approved by the Federal Home Loan Bank Board or by the Office of the Comptroller of the Currency, Department of the Treasury, for adjustable or variable interest rates on residential mortgage loans.

(2)(a) Rate adjustments may not exceed one-half of one percent a year for any six-month period. If the stated regular interval for rate adjustments is a 12-month period or longer, rate adjustments may not exceed one percent a year. In no event shall the total of all rate adjustments over the term of the credit transaction exceed the lesser of:

(i) one-half of the initial rate; or

(ii) eight percent; or

(iii) the quotient, expressed as a percentage, of the term of the loan in years divided by two.

(b) It is expressly provided, however, that any credit transaction which contains rate adjustment

provisions pursuant to Subsection (2)(a) shall not contain any other provision which would additionally allow a creditor to renegotiate, modify, or otherwise adjust the rate or term of the credit transaction within a 60-month period. It is intended that this Subsection (2)(b) shall prohibit rate adjustments authorized by Subsection (2)(a) in combination with "rollover" type mortgage loans having a term of five years or less.

(3) Changes in the index shall be calculated by determining the change in the number of points in the index from the index base, or for changes after the initial change from the index value used for the immediately preceding rate adjustment, to the index value on the first day of the month that is more than 50 days before the next rate adjustment period. This change is the rate adjustment. The rate adjustment shall be applied to the initial contract rate or the current adjusted rate, and after proper notice is given to the consumer, the rate shall be increased or decreased by that amount. The rate may not be adjusted unless the rate adjustment is at least one-eighth of one percent a year.

(4) Any increase in the rate authorized or permitted by this section may be waived at the option of the creditor. Any decrease in the rate resulting from a decrease in the index is mandatory, subject to the limitations prescribed by this section. If the creditor agrees to impose periodic or aggregate limitations on rate adjustments that are smaller or more restrictive than the limitations prescribed by this section, those limitations also apply to decreases.

(5) Before the 40th day preceding the payment date on which a rate adjustment is effective, the creditor shall mail to the consumer, postage prepaid, a notice that sets forth:

- (a) the initial contract rate or the current adjusted rate if different from the initial contract rate;
  - (b) the index base, or the index value used for the immediately preceding rate adjustment, if any, and the dates on which the index base or value, as appropriate, was determined;
  - (c) the index value, and the date of the index value, used to calculate the change in the index;
  - (d) the rate adjustment;
  - (e) the new adjusted rate;
  - (f) the amount of current monthly payments on the indebtedness;
  - (g) the adjusted amount of monthly payments and the date on which the adjustment is effective; and
  - (h) a statement of the prepayment rights of the consumer as set forth in the credit document.
- (6) A creditor may not charge any fees or assess a consumer any costs in connection with the processing of any rate adjustment.

(7) Notwithstanding any of the requirements and limitations set forth by Subsections (1) through (6) of this section, a creditor and consumer may agree on any terms or provisions in the credit transaction as may be expressly authorized or permitted in any program for residential mortgage loans by the Federal Home Loan Bank Board or by the Office of the Comptroller of the Currency, Department of the Treasury, or any other federal department, agency, or board. If the creditor and consumer agree on such an alternative residential mortgage loan, the creditor shall comply with all limitations, requirements, and disclosures of the agency that relate thereto.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

**Art. 5069-6A.05. Requirements and Disclosures**

(1) The creditor shall comply with all applicable requirements and disclosures pursuant to Part I of the Consumer Credit Protection Act (also known as Truth-in-Lending Act), 15 U.S.C. Sec. 1601 et seq., as amended, and as implemented by Regulation Z as promulgated by the Board of Governors of the Federal Reserve System.<sup>1</sup> In the event of any inconsistency or conflict between the provisions of this chapter and federal requirements, disclosures, or interpretations thereof, the federal requirements, disclosures, or interpretations control, and the inconsistent or conflicting provisions of this chapter do not apply.

(2) In a transaction involving more than one creditor, each creditor whose identity is known at the time of the execution of the credit document shall be clearly identified. The disclosure of any one item by any creditor satisfies the requirement to disclose that item regardless of which creditor makes the disclosure.

(3) In a credit transaction involving more than one consumer, the creditor is required to furnish the disclosures required by this chapter to only one of the consumers.

(4) The printed portion of the credit transaction, other than instructions for completion, must be in a size equal to at least eight-point type. The document must contain substantially:

"NOTICE TO THE CONSUMER—DO NOT SIGN THIS DOCUMENT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE DOCUMENT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND OBTAIN A SUBSTANTIAL REFUND OF THE CREDIT CHARGE. KEEP THIS DOCUMENT TO PROTECT YOUR LEGAL RIGHTS."

(5) The creditor may collect, on each installment in default for a period of more than 15 days, a delinquency charge that may not exceed an amount equal to five percent of each installment or \$20,

whichever is less. Only one delinquency charge may be collected on any installment, regardless of the period for which it remains in default. The creditor shall disclose in the credit document the amount or method of computing the amount of any default, delinquency, or similar charges payable in the event of late payments. The charge or collection of a delinquency charge does not affect the right of a creditor to accelerate the debt under Section 10 of this chapter.

(6) The consumer's acknowledgment of delivery of a copy of the credit document is conclusive proof:

- (a) of the document's delivery;
- (b) that the document, when signed by the consumer, did not contain any blank spaces except as provided by this chapter; and
- (c) in any action or proceeding by or against a subsequent creditor who does not have knowledge to the contrary, of compliance with this section by the creditor.

(7)(a) If a consumer desires to order from a creditor a manufactured home that is not in the inventory of the creditor and must be ordered from the manufacturer, and the consumer desires to make the purchase by entering into a credit transaction under this chapter, the creditor may require the consumer to pay a deposit that may not exceed five percent of the estimated cash price. On arrival of the specially ordered manufactured home the consumer shall execute a credit document under this chapter and the creditor shall apply the deposit toward payment of the cash price. Before the execution of the credit document, the consumer may cancel the purchase. If the order is canceled, the creditor may retain all or any portion of the deposit, and the consumer is not responsible for any costs or expenses other than the forfeited deposit. A creditor who is an arranger of credit and who has failed to qualify the consumer for a loan or credit sale may not retain more than 10 percent of the total deposit or \$100, whichever is less.

(b) If a consumer desires that a creditor hold a particular manufactured home that is in inventory for a period of 20 days or more for purchase by the consumer at the later time, the creditor may require the consumer to pay a deposit that may not exceed \$200. On or before the last day that the creditor is obligated to hold the manufactured home, the consumer shall execute a credit document under this chapter and the creditor shall apply the deposit toward payment of the cash price. Before the execution of the credit document the consumer may cancel the agreement to purchase and the hold order. If the order is canceled, the creditor may retain all of the deposit, and the consumer is not responsible for any costs or expenses other than the forfeited deposit.

(c) If the creditor fails to order or fails to hold the manufactured home in inventory in accordance with the deposit agreement, or retains a deposit in excess

of that authorized by this section, the creditor forfeits the deposit and in addition shall pay three times the amount of the deposit.

(d) The consumer shall be given conspicuous written notice of the deposit requirements of this section in a type size equal to at least eight point. The consumer must sign the notice and receive a copy.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981; Acts 1983, 68th Leg., p. 4697, ch. 817, § 13, eff. Sept. 1, 1983.]

#### Art. 5069-6A.06. Prepayment

Notwithstanding the provisions of any credit transaction to the contrary, a consumer may prepay the debt in full at any time before maturity. On prepayment, after the deduction of an acquisition charge not exceeding \$50, the consumer is entitled to a refund credit of the time price differential, or interest in the case of loans, calculated on an actuarial basis in accordance with Federal Home Loan Bank Board regulations promulgated pursuant to the Depository Institutions Deregulation and Monetary Control Act of 1980, Public Law 96-221,<sup>1</sup> for the prepayment of mortgage loans that are secured by first liens on residential manufactured homes. In making the calculation, the creditor may assume that the payments have been made as originally scheduled and ignore any differences created by late or early payments.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

<sup>1</sup> Generally, see 12 U.S.C.A. § 3501 et seq.; 12 C.F.R. § 1201.1 et seq.

#### Art. 5069-6A.07. Amendment to Extend or Defer

(1) The creditor, on request by the consumer, may agree to an amendment to extend or defer the scheduled due date of all or any part of any installment or installments, to renew, restate, or reschedule the unpaid balance of the debt, or to increase or reduce the number of installments and may collect for such an amendment a charge that may not exceed the amount obtained by the application of the actual contract rate of interest or time price differential, as adjusted, to the remaining amount of the unpaid balance, calculated under Section 6 of this chapter, for the period that any sum is extended or deferred. The creditor and consumer may agree to an unlimited number of different extensions, with each extension for as long a period as agreed to by both parties.

(2) Alternatively, the creditor, on request by the consumer, may agree to amend the original credit transaction by renewal, restatement, or rescheduling of the unpaid portion of the total of payments. In such an event, the charge shall be computed in accordance with this subsection. If the original credit transaction is amended, the sum of the unpaid balance as of the date of amendment, the cost of any insurance incidental to the amendment, any

additional necessary official fees, and any accrued delinquency and collection charges remaining after deducting the prepayment refund credit required by Section 6 of this chapter constitutes an unpaid balance on which the charge for the amended transaction may be computed for the term of the amended transaction at the applicable rate provided by Section 3 of this chapter. The provisions of this chapter relating to minimum charges and acquisition costs do not apply in calculating the unpaid balance for the amended transaction.

(3) An amendment to the transaction as authorized by Subsection (2) of this section must be confirmed in writing and signed by the consumer. The writing must set forth the terms of the amendment and the new due dates and amounts of the installments. The creditor shall deliver to the consumer or mail to the consumer at the address shown on the credit document a copy of the writing. The writing together with the original credit document and any previous amendments to the original credit document constitute the credit document.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

**Art. 5069-6A.08. Insurance.**

(1) In a credit transaction under this chapter, a creditor may require a consumer to insure the property involved in a credit transaction with coverage designated by the creditor. That insurance may include federal flood coverage. The cost of the insurance permitted by this subsection may be included as a separate charge in the credit transaction.

(2) When insurance is required in connection with a credit transaction made under this chapter, the creditor shall furnish to the consumer a statement that clearly and conspicuously states that insurance is required in connection with the transaction and that the consumer has the option of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in this state subject to the limitations of Subsection (9) of this section. Such a statement may be made in conjunction with or be a part of the credit document.

(3) If the consumer fails to obtain the required insurance at any time, the creditor may treat the failure as an event of default or may purchase the required insurance and add the premium of the insurance, together with interest, at the contract rate of interest or time price differential or last adjusted rate to the credit transaction. In addition, the consumer may agree to purchase any insurance allowed by this chapter after the date of the credit document and include the amount of the premium for the insurance in the unpaid balance. The additional insurance premium bears interest at a rate not in excess of the contract rate of interest or time price differential or last adjusted rate. The additional premium and interest may be paid in any

period and any number of installments agreed to by the parties. In the case of forced place insurance, the creditor shall notify the consumer that the insurance has been forced placed and that the premium for the insurance and interest on the premium have been added to the debt. The creditor may require the consumer to pay the premium and interest in any period and in the number of installments as the creditor elects, including but not limited to a lump-sum payment on the date of the last installment, equal increments added to each of the remaining installments, or a lesser number of installments or unequal increments. In addition, the consumer and creditor may agree that the purchase of any additional insurance will be handled in accordance with an insurance premium financing agreement made under the Insurance Code and will be treated separately from the transaction.

(4) A creditor may finance as part of the credit transaction any insurance required in accordance with Subsection (1) of this section, as well as any other insurance coverage requested by the consumer. However, vendor's single interest insurance is prohibited and may not be financed as part of the credit transaction. If the consumer elects to purchase the optional insurance, the consumer must sign a statement indicating the consumer's desire to purchase the insurance and describing the term, premium, and type of insurance purchased. That statement may be included as part of the credit document or may be part of a separate document.

(5) The credit document must disclose the term, premium, and type of insurance that is included in the unpaid balance. If required insurance is not included in the unpaid balance, the creditor shall disclose only the term and type of insurance required.

(6) The premium of any insurance included in the credit transaction may be included in the unpaid balance and paid as part of the total of payments even if the term of the insurance is less than the term of the credit transaction.

(7)(a) If the creditor and consumer agree, the consumer may elect to purchase any insurance through the creditor and include the premiums of the insurance in the credit transaction. In the alternative, the consumer may elect to include in the credit transaction, or pay to the creditor, the first year's premium and, on the date each installment is due, pay a sum equal to one-twelfth of the yearly premium for the insurance as reasonably estimated.

(b) The creditor shall deposit and hold the insurance premium installments paid to the creditor in an institution, the deposits or accounts of which are insured or guaranteed by a federal or state agency. The creditor shall apply those funds to pay the insurance premiums. The creditor may not charge for holding and applying the funds, analyzing the account, or verifying and compiling the bills. The creditor is not required to pay the consumer any interest or earnings on those funds. The creditor

shall give to the consumer, without charge, an annual accounting of the funds showing credits and debits to the funds and the purpose for which each debit to the funds was made.

(c) If the sum of the insurance premium installments held by the creditor and the future insurance premium installments of funds payable before the due dates of insurance premiums exceeds the amount required to pay the insurance premiums as they come due, the creditor, at the consumer's option, shall either repay the excess to the consumer or credit the excess to the payment of the consumer's future insurance premium installments. If the amount of the insurance premium installments held by the creditor is not sufficient to pay insurance premiums as they come due, the consumer shall pay to the creditor before the 31st day after the day on which the creditor mails to the consumer notice requesting the consumer to pay the amount of the deficiency an amount equal to the amount of the deficiency. If the consumer fails to make such an adjustment with regard to insurance required under Subsection (1) of this section, the creditor may treat the deficiency in the same manner as forced placed insurance described by Subsection (3) of this section.

(d) If the consumer agrees to enter into an insurance escrow agreement, the creditor may require the consumer to use that method of payment for the full term of the debt. However, the creditor may not in any way require the consumer initially to enter into an escrow agreement.

(8) All insurance required by the credit transaction or included in the credit transaction shall be written at lawful rates and in accordance with the Insurance Code by a company authorized to do business in this state.

(9) If the consumer procures required insurance from someone other than the creditor, the creditor has the right for good cause to refuse to accept certain insurance policies from insurance companies designated by the creditor. The reason for such a refusal shall, on request by the consumer, be set forth in writing and delivered to the consumer.

(10) If the insurance is canceled, adjusted, or terminated for any reason, the refund for unearned insurance premiums received by the creditor shall be credited to the final maturing installments of the credit transaction; if there is a remaining balance of the unearned insurance premiums, it shall be refunded to the consumer, except that a cash refund is not required if the remaining balance is less than \$1.

(11) Any gain or advantage to the creditor or any employee, officer, director, agent, general agent, affiliate, or associate of the creditor from insurance or its provision or sale may not be considered as an additional charge or further finance charge in connection with any credit transaction made under this

chapter except as specifically provided by this chapter.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

#### Art. 5069-6A.09. Transfer

A creditor may agree to accept a subsequent consumer as an obligor under an existing obligation and, if so, may charge and receive a transfer fee not in excess of one-half of one percent of the outstanding balance computed under Section 6 of this chapter or \$50, whichever is greater.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

#### Art. 5069-6A.10. Default

(1) A creditor may accelerate the maturity of any part or all of the amount owing on a credit transaction only if the consumer is in default on the performance of any obligation under the credit transaction.

(2) Before the 31st day before the day on which the creditor takes any action to accelerate the maturity of any debt, to start any legal action to recover under such an obligation, or to take possession of any security under the credit transaction, the creditor shall mail by registered or certified mail to the address where the manufactured home is located a written notice of intent to take the action. The notice must set forth in a clear and concise manner:

(a) the particular obligation or security interest, including the date of the credit transaction according to the records of the creditor, as well as a brief description of the manufactured home;

(b) the nature of the default claimed, which may be stated in general terms, for example: "failure to maintain property damage insurance";

(c) the action that the creditor proposes to take at the expiration of the notice period; and

(d) the right of the consumer to cure the default and the exact manner in which to cure, including the sum of money that must be tendered, if any, in order to cure, the individual or office address to whom it must be tendered, and the form of acceptable payment in accordance with the provisions of this title.

(3) If the consumer has abandoned or voluntarily surrendered the property that is the subject of the credit transaction, the creditor is not required to give the notice required by Subsection (2) of this section if the creditor retains evidence of the abandonment or surrender to the satisfaction of the commissioner.

(4) In calculating the amount owing, the creditor shall grant to the consumer a refund of the finance charge calculated in accordance with Section 6 of this chapter. In addition, the credit document may provide for the payment of an attorney's reasonable fee and for court costs and disbursements. In the

event of repossession, sequestration, or other action necessary to secure possession of the manufactured home securing the payment of the credit transaction, the credit document may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with repossession or foreclosure, including costs of storing, reconditioning, and reselling the manufactured house, subject to the standards of good faith and commercial reasonableness set by the Business & Commerce Code, as amended. In the event of default, any sum in the insurance and tax escrow account established under this chapter shall be applied to the remaining balance of the credit transaction.

(5) In the event of acceleration, the outstanding debt as calculated in accordance with this section, including any expenses actually incurred and authorized by this section, bears interest at a rate equal to the contract rate or last adjusted rate. The creditor who possesses the first recorded perfected security interest may repossess the manufactured home. If the manufactured home has been affixed to real property, the creditor, after notice pursuant to this section, may remove the manufactured home from the real property in accordance with the applicable provisions of the Business & Commerce Code, as amended, as if it were personal property.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

**Art. 5069-6A.11. Land and Home Transactions**

(1) If real estate, not to exceed 200 acres, is purchased by the consumer at the same time as, or in conjunction with, the purchase of a manufactured home, with the agreement that the manufactured home will be attached to the real property within a reasonable time, the real estate, on agreement of the parties, may be considered to be a part of the credit transaction under this chapter and included in the cash price even if the real estate and manufactured home are sold by separate persons.

(2) If the real estate is included in the cash price under Subsection (1) of this section, the creditor may charge fees that are ordinarily associated with real estate transactions, and are not otherwise prohibited by law, including but not limited to those fees associated with real estate transactions that are excluded from the finance charge by the Federal Truth-in-Lending Act<sup>1</sup> and Regulation Z.<sup>2</sup>

(3) In a land and home credit transaction permitted in this section, the creditor may elect to treat the manufactured home as if it were residential real estate for all purposes in connection with the credit transaction. The election must be conspicuously disclosed to the consumer. On such an election the provisions of this chapter, except the definitions in Section 2, are not applicable to the credit transac-

tion, and the credit transaction is considered to be a residential real estate loan for all purposes.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

<sup>1</sup> 15 U.S.C.A. § 1601 et seq.

<sup>2</sup> 12 C.F.R. § 226.1 et seq.; 15 U.S.C.A. foll. § 1700.

**Art. 5069-6A.12. Tax Escrow**

(1) If the creditor and consumer agree, the consumer may elect to pay ad valorem taxes on the manufactured home through the creditor and include these taxes as reasonably estimated for the first year in the credit transaction or pay the tax estimate for the first year to the creditor and, on the date each installment is due, pay a sum equal to one-twelfth of the annual ad valorem taxes as reasonably estimated.

(2) The creditor shall deposit and hold the tax installments paid to the creditor in an institution the deposits or accounts of which are insured or guaranteed by a federal or state agency. The creditor shall apply those funds to pay the ad valorem taxes on the manufactured home. The creditor may not charge for holding and applying the funds, analyzing the account, or verifying and compiling the bills. The creditor is not required to pay the consumer any interest or earnings on those funds. The creditor shall give to the consumer, without charge, an annual accounting of the funds showing credits and debits to the funds and the purpose for which each debit to the funds was made.

(3) If the sum of the tax installments held by the creditor and the future tax installments of funds payable before the due dates of taxes on the manufactured home exceeds the amount required to pay the taxes as they come due, the creditor, at the consumer's option, shall either repay the excess to the consumer or credit the excess to the payment of the consumer's future tax installments. If the amount of the tax installments held by the creditor is not sufficient to pay taxes as they come due, the consumer shall pay to the creditor before the 31st day after the day on which the creditor mails to the consumer notice requesting the consumer to pay the amount of the deficiency an amount equal to the amount of the deficiency. If the consumer fails to make such an adjustment with regard to the tax installments, the creditor may treat the deficiency in the same manner as forced placed insurance pursuant to Subsection (3) of Section 8 of this chapter.

(4) If the consumer agrees to enter into a tax escrow agreement, the creditor may require the consumer to use that method of payment for the full term of the debt. However, the creditor may not in any way require the consumer initially to enter into a escrow agreement.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

**Art. 5069-6A.13. Prohibited Provisions**

A credit transaction may not:

(a) contain a power of attorney to confess judgment in this state or an assignment of wages;

(b) provide that the consumer agrees not to assert against a creditor or any assignee of the credit transaction any claim or defense arising out of the sale; or

(c) authorize the creditor or other person acting on the creditor's behalf to enter on the consumer's premises unlawfully or to commit any breach of the peace in the repossession of a manufactured home.

[Amended by Acts 1981, 67th Leg., p. 2136, ch. 496, § 1, eff. Sept. 1, 1981.]

**Art. 5069-6A.14. Transfer of Creditor's Rights in a Credit Transaction**

(1) Any person may purchase or acquire or agree to purchase or acquire any credit transaction or any outstanding balance from any other person on the terms and conditions and for the price on which the parties agree.

(2) Notice to the consumer of the transfer of rights and any requirement that the creditor be deprived of dominion over payments on a credit transaction or over the manufactured home, if returned to or repossessed by the creditor, is not necessary to the validity of a written transfer of the credit transaction or any outstanding balance as against creditors, subsequent purchasers, pledgees, mortgagees, and lien claimants of the creditor.

(3) Unless the consumer has notice of the transfer of the credit transaction or any outstanding balance under the transaction, payment made before notice by the consumer to the creditor last known to the consumer is binding on all subsequent creditors.

[Amended by Acts 1981, 67th Leg., p. 2136, ch. 496, § 1, eff. Sept. 1, 1981.]

**Art. 5069-6A.15. Waiver**

No act or agreement of the consumer before or at the time of the making of a credit transaction or purchase under the transaction constitutes a valid waiver of any of the provisions of this chapter.

[Amended by Acts 1981, 67th Leg., p. 2136, ch. 496, § 1, eff. Sept. 1, 1981.]

The term shall include every transaction wherein the promise or agreement to pay the deferred balance of such sum is made by the retail buyer to the retail seller notwithstanding

the existence or occurrence of any one or more of the following events:

(i) that the retail seller has arranged or arranges to sell, transfer or assign the retail buyer's obligation;

The term shall also include a contract which the parties have amended in order to renew, restate or reschedule the unpaid balance thereof, or to extend or defer the scheduled due date of all or any part of any installment or installments, in which case the retail installment contract shall consist of the original contract and the amendments thereto.

(f) "Cash Price" means the price stated in a retail installment contract for which the seller would have sold to the buyer and the buyer would have bought from the seller, the motor vehicle and other goods and services which are the subject matter of such contract if such sale had been a sale for cash. The cash price may include any taxes and charges for delivering, servicing, repairing, altering or improving the motor vehicle, or for installation of the motor vehicle or of goods to the motor vehicle, and charges for accessories and goods related to or used with the motor vehicle, if such charges are made to both cash and credit buyers alike and may include any of the charges described in Subsections (ii) and (iii) of Section (g) of this Article if they are not separately itemized on the contract.

**"A DOCUMENTARY FEE IS NOT AN OFFICIAL FEE. A DOCUMENTARY FEE IS NOT REQUIRED BY LAW, BUT MAY BE CHARGED TO BUYERS FOR HANDLING DOCUMENTS AND PERFORMING SERVICES RELATING TO THE CLOSING OF A SALE. BUYERS MAY AVOID PAYMENT OF THE FEE TO THE SELLER BY HANDLING THE DOCUMENTS AND PERFORMING THE SERVICES RELATING TO THE CLOSING OF THE SALE. A DOCUMENTARY FEE MAY NOT EXCEED \$25. THIS NOTICE IS REQUIRED BY LAW."**

(v) If the language primarily used in the oral sales presentation is not the same as that in which the retail installment contract is written, the seller shall furnish to the buyer a written statement containing the notice set out in Subsection (iv) in the language primarily used in the oral sales presentation.

#### Art. 5069-7.02. Requirements and Prohibitions as to Retail Installment Contracts

(1) Each retail installment contract shall be in writing, dated, signed by both the buyer and the seller, and completed as to all essential provisions before it is signed by the buyer; provided, however, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks or similar information and the due date of the first installment may be inserted in the contract after its execution. A retail installment contract need not be contained in a single document.

(2) The printed portion of the retail installment contract, other than instructions for completion, shall be in a size equal to at least eight-point type. Such contract shall contain substantially the following notice in a size equal to at least ten-point bold type:

**"NOTICE TO THE BUYER—DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."**

(3) A retail installment contract or separate written statement shall also contain, in a size equal to at least ten-point bold type, a specific statement that liability insurance coverage for bodily injury and property damage caused to others is not included, if that is the case.

(4) The seller shall deliver to the buyer, or mail to him at his address shown on the retail installment contract, a copy of such contract as accepted by the seller. Until the seller does so, a buyer who has not received delivery of the motor vehicle shall have the right to rescind his contract and to receive a refund of all payments made and a return of all goods traded in to the seller on account of or in contemplation of such contract, or if the goods traded in cannot be returned, the value thereof. Any acknowledgment by the buyer of delivery of a copy of the retail installment contract shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature.

(5) The retail installment contract shall contain the names of the seller and the buyer, the place of business or address of the seller, the residence or other address of the buyer as specified by the buyer, and a description of the motor vehicle sold or to be sold.

(6) The retail installment contract shall specifically set out the following items:

(a) The cash price as defined in Article 7.01;

(b) The amount of the buyer's down payment, if any, specifying the amounts paid in money and in goods traded in;

(c) Any itemized charges, as defined in Article 7.01. Any charges for insurance, service contracts, or warranties permitted by Article 7.06 may be disclosed in the manner described in Article 7.06;

(d) In the event of any inconsistency or conflict between the disclosure requirements of this Chapter and those of a federal law or regulation or an interpretation thereof, the requirements of the federal law, regulation, or interpretation shall control and the inconsistent or conflicting disclosures required by this Chapter need not be given.

(e) The above items need not be stated in the sequence or order set forth and additional information may be included.

(7) The buyer's acknowledgment, conforming to the requirements of this Article, of delivery of a copy of the retail installment contract shall be conclusive proof of such delivery, that such contract when signed by the buyer did not contain any blank spaces except as herein provided, and of compliance with this Article in any action or proceeding by or against a holder of such contract without knowledge to the contrary when he purchases it.

(8) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for

each additional statement. A buyer shall be given a written receipt for any payment when made in cash.

(9)(a) Except as provided in Subsection (b) of this Section, if any scheduled installment of a retail installment contract is more than twice as large as the average of all prior scheduled installments (except the down payment), the buyer has the right, at the buyer's option, to refinance, without being charged an acquisition cost, that payment at the time it is due. The buyer has the right to refinance that payment in installments which are neither larger nor more frequent than the average amount and frequency of payments preceding that payment, and the rate of time price differential applicable to such refinancing shall not exceed that originally agreed upon.

(b) Section (9)(a) of this Article does not apply to:

- (i) a lease;
- (ii) a retail installment transaction for a vehicle to be used primarily for purposes other than personal, family, or household use;
- (iii) a transaction for which the payment schedule is adjusted to the seasonal or irregular income or scheduled payments or obligations of the buyer; or
- (iv) a transaction of a kind determined by the Commissioner as not requiring the protection of the buyer provided in Section (9)(a) of this Article.

#### Art. 5069-7.03. Finance Charge Limitations

(1) Notwithstanding the provisions of any other law, the time price differential in a retail installment contract payable in substantially equal successive monthly installments beginning one month after the date of the contract shall not exceed the larger of Twenty-five Dollars or an amount determined under the following schedule:

Class 1. Except the heavy commercial vehicles provided for in Class 2, any new domestic motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made and any new foreign motor vehicle—Seven Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 2. Any new domestic motor vehicle not in Class 1, any used domestic motor vehicle designated by the manufacturer by a year model of the same or not more than two years prior to the year in which the sale is made, any used foreign motor vehicle not more than two years old, and any new or used heavy commercial vehicle not more than two years old—Ten Dollars per One Hundred Dollars per annum.

Class 3. Any used motor vehicle not in Class 2 and, if a domestic motor vehicle, designated by the manufacturer by a year model not more than four years prior to the year in which the sale is made,

and, if a foreign motor vehicle, not more than four years old—Twelve Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 4. Any used motor vehicle not in Class 2 or Class 3—Fifteen Dollars per One Hundred Dollars per year. Provided, however, if the principal balance is Three Hundred Dollars or less, the time price differential shall be Eighteen Dollars per One Hundred Dollars per annum.

(2) Such charge shall be computed on the principal balance as defined under Article 7.01(h) of this Chapter from the date of the contract until the maturity of the final installment, notwithstanding that the balance thereof is required to be paid in installments.

(3) For a period less or greater than twelve months or for amounts less or greater than One Hundred Dollars, the amount of the maximum charge set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(4) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in equal successive monthly installments followed by or interspersed with an irregular, unequal or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract, the charge may not exceed an amount which, having due regard for the schedule of installment payments, will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(5) A buyer under a retail installment contract may, upon written consent of the holder, transfer his equity in the motor vehicle at any time to another person, but in that event the holder shall be entitled to a transfer of equity fee not exceeding Twenty-five Dollars or Fifty Dollars in the case of a heavy commercial vehicle retail installment transaction.

(6) The holder of any retail installment contract may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney not a salaried employee of the seller or holder of the contract, and for court costs and disbursements, and in the event of repossession, sequestration, or

other action necessary to secure possession of a motor vehicle securing the payment of a retail installment contract, such contracts may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with such repossession or foreclosure, including costs of storing, reconditioning and reselling such motor vehicle, subject to the standards of good faith and commercial reasonableness set by the Uniform Commercial Code as adopted in Texas.

(7) As an alternative to the time price differential authorized by Section (1) of this Article, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by Article 1.04 of this Title.

[Acts 1967, 60th Leg., p. 651, ch. 274, § 2, eff. Jan. 1, 1968. Amended by Acts 1979, 66th Leg., p. 88, ch. 52, § 3, eff. Aug. 27, 1979; Acts 1979, 66th Leg., p. 1589, ch. 672, § 43, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 285, ch. 111, § 20, eff. May 8, 1981.]

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

#### Art. 5069-7.04. Refunds on Prepayment

Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay it in full at any time before maturity, and if he does so, or when the holder demands payment in full of the unpaid balance of the contract before its final installment is due, the buyer is entitled to receive the following refund credit thereon:

On a contract payable in substantially equal successive monthly installments commencing one month after the date of the contract, the amount of such refund credit shall represent at least as great a proportion of the finance charge, after first deducting therefrom an acquisition cost of Twenty-five Dollars, as (i) the sum of the monthly balances under the schedule of payments in the contract beginning as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment or demand for payment in full is prior to the due date of the first installment under such contract, then as of the date after such prepayment

or demand for payment in full, which is one month after the next succeeding monthly anniversary date of the date of such contract, bears to (ii) the sum of all the monthly balances under the schedule of payments in such contract. When the amount of refund credit is less than One Dollar no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above-described method, having due regard to the amount of each installment, to the irregularity of each installment period and to the provisions of Sections (2) and (4) of Article 7.03 hereof.

If, subsequent to demand of payment in full under a contract, the buyer and holder agree to restate such contract, they may do so and may amend the contract pursuant to Article 7.05 hereof.

[Acts 1967, 60th Leg. p. 652, ch. 274, § 2, eff. Jan. 1, 1968. Amended by Acts 1979, 66th Leg., p. 1589, ch. 672, § 44, eff. Aug. 27, 1979.]

#### Art. 5069-7.05. Amendments of Retail Installment Contracts

(1) The holder of a retail installment contract upon request by the buyer, may agree to one or more amendments thereto to extend or defer the scheduled due date of all or any part of any installment or installments or to renew, restate or reschedule the unpaid balance of such contract, and may collect for same a charge not to exceed an amount computed under either of the following:

(a) If all or any part of any installment or installments is deferred for not more than three months per amendment, the holder may at his election charge and collect on the amount deferred for the period deferred a charge computed at a rate which will not exceed the same effective return as is permitted on monthly payment contracts under Article 7.03; provided that the minimum charge shall be One Dollar. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance coverages provided for in the contract and any additional necessary official fees.

(b) In any other extension, renewal, restatement or rescheduling of the unpaid balance, the charge may be computed as follows: The sum of the unpaid balance as of the date of amendment and the cost of any insurance incidental to the amendment, any additional necessary official fees, and any accrued delinquency and collection charges, after deducting the prepayment refund credit required by Article 7.04, shall constitute a principal balance on which the charge may be computed for the term of the amended contract at the applicable time price differential provided in Article 7.03 after reclassifying the motor vehicle by its year model at the time of the amendment. The provisions of this Chapter relating to minimum charges under Article 7.03 and acquisition costs under the refund schedule in Arti-

cle 7.04 shall not apply in calculating the principal balance of the amended contract. The amendment to the contract must be confirmed in a writing signed by the buyer, and a copy of the writing shall either be delivered to the buyer or mailed to him at his last known address as shown by the records of the holder. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

[Acts 1967, 60th Leg., p. 652, ch. 274, § 2, eff. Jan. 1, 1968. Amended by Acts 1979, 66th Leg., p. 1590, ch. 672, § 45, eff. Aug. 27, 1979.]

#### Art. 5069-7.06. Insurance

(1) On any retail installment contract made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract, and include the cost of such insurance as a separate charge in such contract. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one buyer on any one contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) A seller or holder may, in addition, request or require a buyer to insure tangible personal property purchased in a retail installment transaction subject to this Chapter and accessories and related goods subject to the seller's security interest, and include the cost of such insurance as a separate charge in such contract. Such insurance and the premiums or charges therefrom shall bear a reasonable relationship to the amount, term and conditions of the contract, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public. Additionally, the buyer and seller may agree to include in the retail installment contract charges for insurance coverages which (1) cover risks of loss or liability reasonably related to the motor vehicle, the use thereof, or goods or services related to the motor vehicle and which may ordinarily be insured with the motor vehicle; and (2) are written on policies or endorsement forms prescribed or approved by the State Board of Insurance; and (3) are ordinarily available in policies or endorsements offered to the general public. The retail installment contract shall clearly identify the type of coverage for each such type of coverage pur-

chased and the premiums therefor and shall clearly indicate that such coverage is optional.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder and a premium or rate of charge not fixed or approved by the State Board of Insurance is included in the contract for that insurance, the seller or holder shall include or cause to be included such fact in a written statement delivered or mailed to the buyer, and the buyer shall have the option for a period of ten days from the date of the contract or agreement or the mailing or delivery of the written statement to the buyer of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 7.02 or may be made in a separate written statement or statements.

(4) All insurance described in Sections (1) and (2) of this Article for which a separate charge is included in the retail installment contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The retail installment contract must identify the type of coverage, term and amount of premium for such insurance coverages described in Sections (1) and (2) of this Article for which separate charges are included in the retail installment contract.

(6) If dual interest insurance on the motor vehicle is purchased by the seller or seller's assignee, as the case may be, it shall within a reasonable time after execution of the retail installment contract, send or cause to be sent to the buyer a policy, or policies, or certificates of insurance written by an insurance company authorized to do business in this State, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverage and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance. The buyer shall have the privilege at the time of execution of the contract of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the holder, but in such case the inclusion of the insur-

ance premium in the retail installment contract shall be optional with the seller.

(7)(a) Subsequent to the execution of the retail installment contract, a buyer and holder may agree to add to the unpaid balance of the contract premiums for insurance policies obtained subsequent to the retail installment transaction and covering the motor vehicle or use thereof or goods or services related thereto, including premiums for renewal of policies originally included in the contract. Such policies shall comply with the limitations set out in Sections (1), (2), and (4) above, as applicable.

(b) If the buyer fails to present to the holder reasonable evidence that he or she has obtained or maintained a coverage required by the contract, the holder may but shall not be required to procure substitute insurance coverage, which coverage is substantially equivalent to or more limited than that originally required, and may add the additional premium to the unpaid balance of the contract. The substitute insurance may at the holder's option cover only the interest of the holder or the interest of the holder and the buyer. The substitute insurance shall be written at lawful rates in accordance with the Texas Insurance Code by a company authorized to do business in this State.

(c) If any premium is added to the unpaid balance under this Section, the rate of time price differential previously agreed to in the retail installment contract remains in effect and shall be applied to the new unpaid balance or the contract may be rescheduled in accordance with Article 7.05, without reclassifying the motor vehicle by its year model at the time of the amendment. When any substitute insurance is obtained by the holder when the buyer has failed to obtain or maintain a required coverage, the amendment adding the premium or rescheduling the contract need not be signed by the buyer but the holder shall deliver to the buyer or send to the buyer's last known address as shown by the records of the holder specific written notification of that action.

(8) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall, at holder's option, be applied to replace required insurance coverages, or be credited to the final maturing installments of the retail installment contract, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(9) A buyer and seller may agree to include motor vehicle property damage or bodily injury liability insurance, mechanical breakdown insurance, or a warranty or service contract relating to the motor vehicle as a separate charge in a contract for the sale of a motor vehicle. If a charge is added to a contract as provided by this section, the contract shall clearly and conspicuously disclose that fact.

(10) Any gain, advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any retail installment contract made under this Chapter except as specifically provided herein.

### CHAPTER EIGHT. PENALTIES

#### Art.

- 5069-8.01. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges Greater Than Authorized; Failure to Perform Duty or Committing Prohibited Act; Correction of Violations.
- 5069-8.02. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges in Excess of Double the Amount Authorized.
- 5069-8.03. Engaging in Lending Business Without License.
- 5069-8.04. Venue and Limitation Periods.
- 5069-8.05. Violating Terms of Injunction.
- 5069-8.06. Violation of Art. 5069-2.07.

#### Art. 5069-8.01. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges Greater Than Authorized; Failure to Perform Duty or Committing Prohibited Act; Correction of Violations

(a) Any person who violates this Subtitle by contracting for, charging or receiving interest, time price differential or other charges which are greater than the amount authorized by this Subtitle, shall forfeit to the obligor twice the amount of interest or time price differential and default and deferment charges contracted for, charged or received, and reasonable attorneys' fees fixed by the court.

(b) Any person who violates this Subtitle or Chapter 14 of this Title by (i) failing to perform any duty or requirement specifically imposed on him by any provision of this Subtitle or Chapter 14 of this Title, or by (ii) committing any act or practice prohibited

by this Subtitle or Chapter 14 of this Title, shall be liable to the obligor for a penalty in an amount equal to twice the time price differential or interest contracted for, charged, or received but not to exceed \$2,000 in a transaction in which the amount financed is \$5,000 or less, and not to exceed \$4,000 in a transaction in which the amount financed is in excess of \$5,000 and reasonable attorneys' fees fixed by the court.

(c)(1) A person has no liability to an obligor for a violation of this Subtitle or of Chapter 14 of this Title if within 60 days after having actually discovered such violation such person corrects such violation as to such obligor by performing the required duty or act or by refunding any amount in excess of that authorized by law; provided, however, that such person gives written notice to such obligor of such violation prior to such obligor having given written notice of or having filed an action alleging such violation of this Subtitle or of Chapter 14 of this Title.

As used herein, the term "actually discovered" shall not be construed, interpreted, or applied in such manner as to refer to the time or date when, through reasonable diligence, an ordinarily prudent person could or should have discovered or known as a matter of law or fact of the violation in question, but such term shall be construed, interpreted, and applied to refer to the time of the discovery of the violation in fact, provided, however, that the actual discovery of such violation in one transaction may constitute actual discovery of the same violation in other transactions if the violation actually discovered is of such nature that it would necessarily be repeated and would be clearly apparent in such other transactions without the necessity of examining all such other transactions.

(2) A person has no liability to an obligor for a violation of this Subtitle or of Chapter 14 of this Title if prior to the effective date of the Act or within 60 days after the effective date of the Act such person corrects such violation as to such obligor by performing the required duty or act or by refunding any amount in excess of that authorized by law; provided, however, that such person gives written notice to such obligor of such correction prior to such obligor having given written notice of or having filed an action alleging such violation of this Subtitle or of Chapter 14 of this Title.

(3) If, subsequent to the times specified in Article 8.01(c)(1) and (2) of this Act but prior to the obligor having given written notice of or having filed an action alleging a violation for which a penalty is provided in Article 8.01(b) of this Act, such violation is corrected as to such obligor by performing the required duty or act and written notice of such violation is given to such obligor, then the liability of any person to such obligor shall be limited in each transaction to a penalty in an amount equal to the time price differential or interest contracted for,

charged, or received but not to exceed \$2,000 and reasonable attorneys' fees fixed by the court.

(4) If, subsequent to the times specified in Article 8.01(c)(1) and (2) of this Act but prior to the obligor having given written notice of or having filed an action alleging a violation for which a penalty is provided in Article 8.01(a) of this Act for contracting for, charging, or receiving (i) other charges in excess of the amount authorized by law, or (ii) interest or time price differential in excess of the amount authorized by law, where such excess is directly and solely attributable to and calculated upon the amount of such other charges, or (iii) both of the foregoing, such violation is corrected as to such obligor by refunding the amount of the excess and written notice of such refund is given to such obligor, then the liability of any person to such obligor shall be limited in each transaction to a penalty in an amount equal to the time price differential or interest contracted for, charged, or received but not to exceed \$2,000 and reasonable attorneys' fees fixed by the court.

(5) For purposes of this Article the giving of written notice shall be accomplished by and upon the delivery of such notice to the person to whom such notice is directed or to such person's duly authorized agent or attorney of record, such delivery to be made either in person or by United States mail to the address shown on the most recent documents in the transaction. Deposit of such notice as registered or certified mail in a postage paid, properly addressed wrapper in a post office or official depository under the care and custody of the United States Postal Service shall constitute prima facie evidence of the delivery of such notice to such person.

(d) The action of a person who corrects a violation of this Subtitle or of Chapter 14 of this Title pursuant to Article 8.01(c) of this Act shall be effective as to all persons in the same transaction, and such persons shall be entitled to the same protection as that provided by Article 8.01(c) of this Act to the person who makes the correction.

(e) If a person has violated both Articles 8.01(a) and 8.01(b) of this Act as part of the same transaction, then he shall be liable only for the penalties set forth in Article 8.01(a) of this Act.

(f) A person may not be held liable in any action brought under this Article for a violation of this Subtitle or of Chapter 14 of this Title if such person shows by a preponderance of evidence that (1) the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid such violation or that (2) the violation was an act done or omitted in good faith in conformity with any rule, regulation, or interpretation of this Title by any state agency, board, or commission, or with the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) or with any rule, regulation, or interpretation thereof by any federal agency, board,

or commission, notwithstanding that after such act or omission has occurred, such rule, regulation, or interpretation is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

(g) Multiple violations of this Subtitle or Chapter 14 of this Title occurring in a single transaction shall entitle the obligor to a single recovery.

(h) The liability of any person under this Article for a violation of this Subtitle is in lieu of and not in addition to his liability under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.). A final judgment granting or denying relief under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) shall bar any subsequent action under this Article by the same obligor with respect to the same violation. If a final judgment has been rendered against any person in favor of an obligor pursuant to this Article and thereafter an action is instituted with respect to the same violation by the obligor under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) against the same person, then such person may in the same or in an independent action have a cause of action against the obligor who obtained such judgment to recover the amount of the judgment rendered under this Article and reasonable attorneys' fees fixed by the court.

Section 2 of the 1977 amendatory act added subsec. (i) to art. 5069-14.19; §§ 3 to 5 thereof provided:

"Sec. 3. The provisions of this Act shall become effective at midnight on August 31, 1977, and shall apply to all transactions entered into prior to such date; provided, however, that this Act shall not apply to any action brought under Subtitle 2 or Chapter 14 of Title 79 that is pending on such date; and provided further, that the penalty for any violation of Title 79 of the type referred to in Article 8.01(b) of Section 1 of this Act occurring in a transaction entered into prior to July 1, 1976, which violation has not been corrected as provided in Article 8.01(c) of Section 1 of this Act, shall be determined by the law in effect prior to the effective date of this Act so that the penalty provided for in Article 8.01(b) shall apply only to violations in transactions entered into after June 30, 1976, which have not been corrected as provided in Article 8.01(c).

"Sec. 4. This Act shall supersede any other act passed at the Regular Session of the 65th Legislature which amends any article or section of Chapter 8 or Chapter 14 of Title 79, Revised Civil Statutes of Texas, 1925, as amended, regardless of the relative date of the passage or approval of such other act.

"Sec. 5. If any provision, paragraph, subsection, or section of this Act or the application thereof to any person or circumstance is determined to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other application thereof which can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions, paragraphs, subsections, and sections of the Act are severable."

#### Art. 5069-8.02. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges in Excess of Double the Amount Authorized

Any person who violates this Subtitle by contracting for, charging or receiving interest, time price differential or other charges which are in the aggregate in excess of double the total amount of inter-

est, time price differential and other charges authorized by this Subtitle shall forfeit to the obligor as an additional penalty all principal or principal balance, as well as all interest or time price differential, and all other charges, and shall pay reasonable attorneys' fees actually incurred by the obligor in enforcing the provisions of this Article; provided further that any such person violating provisions of this Article shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than One Hundred Dollars. Each contract or transaction in violation of this Article shall constitute a separate offense punishable hereunder.

#### Art. 5069-8.03. Engaging in Lending Business Without License

In addition to the foregoing penalties, if applicable, any person engaging in any business under the scope of Chapters 3, 4, or 5 of this Subtitle without first securing a license provided, or without the authorization prescribed, in such Chapter shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than One Thousand Dollars, and each such loan made without the authority granted by such license shall constitute a separate offense punishable hereunder; and in addition such person shall forfeit all principal and charges contracted for or collected on each such loan, and shall pay reasonable attorneys' fees incurred by the obligor.

#### Art. 5069-8.04. Venue and Limitation Periods

(a) Actions under this Chapter may be brought in the county where the transaction was entered into or where the Defendant resides at the time the action was filed. Such actions may be brought within four years from the date of the loan or retail installment transaction or within two years from the date of the occurrence of the violation, whichever is later; provided, however, that in the case of open-end credit transactions, such actions may be brought within two years from the date of the occurrence of the violation.

(b) If an action alleging any violation or violations of this Subtitle or Chapter 14 of this Title<sup>1</sup> is brought as a class action and is determined by the court to be maintainable as a class action, the class may recover the amount of actual damages proximately caused to the members of the class as a result of a violation or violations. The court may assess a penalty of: (i) such amount for each obligor who is named as a class representative at the time that the action is determined to be maintainable as a class action as could be recovered by such persons under this Chapter; (ii) such amount as the court may allow for all other class members, except

as to each such member of the class no minimum recovery shall be applicable, and the total recovery under this subparagraph in any class action or series of class actions arising out of the same failure to comply by the same person shall not be more than the lesser of \$100,000 or five percent of the net worth of the person; and (iii) in the case of any successful action to enforce the foregoing liability, the costs of the action together with a reasonable attorney's fee as determined by the court. In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages awarded, the frequency and persistence of failures of compliance by the creditor, the resources of the creditor, the number of persons adversely affected, and the extent to which the creditor's failure of compliance was intentional or reckless.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b) (2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

Section 37(c) of the 1983 amendatory act provides:

"Sections 29 through 36 of this Act take effect July 1, 1983, contingent on this Act receiving the vote required by Article III, Section 39, of the Constitution of the State of Texas. If this Act does not receive the vote required by Article III, Section 39, of the Constitution of the State of Texas, Sections 29 through 36 of this Act will take effect September 1, 1983. Provided, that if a creditor bills its customers on a monthly billing cycle and the effective date of those sections does not coincide with the beginning of a monthly billing cycle for some or all of that creditor's accounts on which credit card transactions can be made, the creditor may, at its option, comply with the law in effect immediately before the effective date of this Act as to each such account until the first day of the first monthly billing cycle beginning after the effective date of those sections, and the amendments made by Sections 29 through 36 of this Act take effect as to each such account on the first day of the first monthly billing cycle beginning after the effective date of those sections. The annualized ceilings which took effect during the last two quarters of 1982 and expire during the last two quarters of 1983 and the annualized ceilings which took effect in the first two quarters of 1983 and expire in the first two quarters of 1984 shall, as of the date Sections 29 through 36 of this Act take effect as to an account under which a credit card transaction may be made, be deemed to equal 18 percent a year on such account, until such expiration dates, and the Consumer Credit Commissioner shall publish such revision in The Credit Code Letter within two weeks from the date this Act takes effect and in the Texas Register as soon as possible. For purposes of Section (d) of Article 15.02 of Title 79 as hereby amended, the quarterly ceiling applicable under that article shall be recomputed in accordance with Section 34 of this Act and, as so recomputed, takes effect on

the effective date of that section as to an account, and the Consumer Credit Commissioner shall publish the recomputed quarterly ceiling applicable under Section (d), Article 15.02, of Title 79 in The Credit Code Letter within two weeks from the date such section takes effect and in the Texas Register as soon as possible. Notwithstanding the foregoing, a credit card transaction occurring before the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law in effect immediately before the amendments made by those sections, and that law is continued in effect for that purpose. Any credit card transaction occurring on or after the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law as amended by those sections and by this section."

The amount of the bond or trust account shall be in an amount not less than \$25,000. The bond or trust account shall be in the favor of the State of Texas. (5) make any claim or representation in advertising or promotional material or in any oral sales presentation, solicitation, or discussion between the seller and the prospective purchaser, which is inconsistent with the information required to be disclosed by this statute.

**Art. 5069-51.01. Short Title**

This Act shall be known and may be cited as the "Texas Pawnshop Act."

[Acts 1971, 62nd Leg., p. 2757, ch. 894, § 1, eff. Aug. 30, 1971.]

**Art. 5069-51.01A. Purpose**

The making of pawn loans and the acquisition and disposition of tangible personal property by and through pawnshops vitally affects the general economy of this state and the public interest and welfare of its citizens. To prevent frauds, unfair practices, discriminations, impositions, and abuses of the citizens of the state, it is the policy of this state and the purpose of the Texas Pawnshop Act to:

- (1) exercise the state's police power to ensure a sound system of making pawn loans and acquiring and disposing of tangible personal property by and through pawnshops and to prevent unlawful property transactions, particularly in stolen property, through licensing and regulating pawnbrokers and certain persons employed by or in pawnshops;
- (2) provide for licensing fees, investigation fees, and minimum capital requirements of licensees;
- (3) ensure financial responsibility to the state and the public;
- (4) ensure compliance with federal, state, and local laws, rules, regulations, and ordinances; and
- (5) assist local governments in the exercise of their police power.

[Acts 1981, 67th Leg., p. 221, ch. 99, § 1, eff. Aug. 31, 1981.]

**Art. 5069-51.02. Definitions**

The following definitions apply where such words appear in this Act:

- (a) "Person"—means an individual, partnership, corporation, joint venture, trust, association or any other legal entity however organized.
- (b) "Pawnbroker"—means any person engaged in the business of lending money on the security of pledged goods; or engaged in the business of purchasing tangible personal property on condition that it may be redeemed or repurchased by the seller for a fixed price within a fixed period of time.

(c) "Pledged goods"—means tangible personal property other than choses in action, securities, or printed evidences of indebtedness, which property is deposited with or otherwise actually delivered into the possession of a pawnbroker in the course of his business in connection with a pawn transaction.

(d) "Pawnshop"—means the location at which or premises in which a pawnbroker regularly conducts business.

(e) "Month"—means that period of time from one date in a calendar month to the corresponding date in the following calendar month, but if there is no such corresponding date, then the last day of such following month, and when computations are made for a fraction of a month, a day shall be one-thirtieth of a month.

(f) "Commissioner"—means the Consumer Credit Commissioner as defined in Article 2.01(1) of Chapter 274, Acts of 60th Legislature, Regular Session, 1967 (Article 5069-2.01(1), Vernon's Texas Civil Statutes), or his successor.

(g) "Net assets"—means the book value of the current assets of a person or pawnbroker less its applicable liabilities as stated in this subsection. Current assets include the investment made in cash, bank deposits, merchandise inventory, and loans due from customers excluding the pawn service charge. Current assets do not include the investments made in fixed assets of real estate, furniture, fixtures, or equipment; investments made in stocks, bonds, or other securities; or investments made in prepaid expenses or other general intangibles. Applicable liabilities include trade or other accounts payable; accrued sales, income, or other taxes; accrued expenses; and notes or other payables that are unsecured or secured in whole or part by current assets. Applicable liabilities do not include liabilities secured by assets other than current assets. Net assets must be represented by a capital investment unencumbered by any liens or other encumbrances to be subject to the claims of general creditors. If the pawnshop is a corporation, the capital investment consists of common or preferred shares and capital or earned surplus as those terms are defined by the Texas Business Corporation Act, as amended; if it is any other form of business entity, the capital investment consists of a substantial equivalent of that of a corporation and is determined by generally accepted accounting principles.

[Acts 1971, 62nd Leg., p. 2757, ch. 894, § 2, eff. Aug. 30, 1971. Amended by Acts 1981, 67th Leg., p. 221, ch. 99, § 2, eff. Aug. 31, 1981.]

#### Art. 5069-51.03. License Required

(a) A person may not engage in business as a pawnbroker unless the person has a valid license authorizing engagement in the business. A separate license is required for each place of business operated under this Act. The commissioner may issue more than one license to a person if the person complies with this Act for each license. A new

license or application to transfer an existing license is required upon any change, directly or beneficially, in the ownership of any licensed pawnshop, and an application must be made to the commissioner in accordance with this Act.

(b) A pawnbroker may not employ an individual for the purpose of writing pawn transactions after the 30-day grace period for filing an application for a pawnshop employee license unless the person:

(1) has timely filed an application for a pawnshop employee license and is awaiting the commissioner's decision on the application; or

(2) possesses a valid pawnshop employee license.

(c) Notwithstanding the requirement of Subsection (b) of this section, a pawnbroker may employ an individual without a pawnshop employee license if the individual:

(1) owns the pawnshop; or

(2) owns a controlling interest in the person who owns the pawnshop and is named in the application for the pawnshop's license.

[Acts 1971, 62nd Leg., p. 2757, ch. 894, § 3, eff. Aug. 30, 1971. Amended by Acts 1981, 67th Leg., p. 222, ch. 99, § 3, eff. Aug. 31, 1981.]

#### Art. 5069-51.03A. Eligibility for a Pawnshop License

(a) To be eligible for a pawnshop license, an applicant must:

(1) be of good moral character;

(2) have net assets of at least \$75,000 readily available for use in conducting the business of each licensed pawnshop; and

(3) show that the pawnshop will be operated lawfully and fairly within the purposes of this Act.

(b) Despite an applicant's eligibility for a pawnshop license under Subsection (a) of this section, the commissioner, in accordance with Article 6252-13c, Revised Statutes, may find ineligible an applicant whose felony or misdemeanor conviction:

(1) directly relates to the duties and responsibilities of the occupation of pawnbroker; or

(2) otherwise makes the applicant presently unfit for a pawnshop license.

(c) If an applicant for a pawnshop license is a business entity, the eligibility requirements of Subdivision (1) of Subsection (a) of this section apply to each operator and each legal or beneficial owner, and, as to a corporation, to each officer, shareholder, and director.

[Acts 1981, 67th Leg., p. 222, ch. 99, § 4, eff. Aug. 31, 1981. Amended by Acts 1983, 68th Leg., p. 834, ch. 194, § 23, eff. May 24, 1983.]

Section 28 of the 1983 amendatory act provides:

"The eligibility requirements for a pawnshop license or a pawnshop employee license provided by this Act apply to any applicant whose application is pending on the effective date of this Act and

to any applicant who submits his application on or after the effective date of this Act."

**Art. 5069-51.04. Application for Pawnshop License—Contents, Bond**

(a) An application for a new pawnshop license, the transfer of an existing pawnshop license, or the approval of a change in the ownership of a licensed pawnshop must be under oath and must state the full name and place of residence of the applicant, the place where the business is to be conducted, and other relevant information required by the Commissioner. If the applicant is a partnership, the application must state the full name and address of each member. If the applicant is a corporation, the application must state the full name and address of each officer, shareholder, and director.

(b) The application must be accompanied by:

(1) an investigation fee of \$500 if the applicant is unlicensed at the time of applying for the pawnshop license or \$250 if the application involves a second or additional license to an applicant previously licensed for a separate location or involves substantially identical principals and owners of a licensed pawnshop at a separate location;

(2) proof of general liability and fire insurance coverage if and as required by the Commissioner; and

(3) an annual fee of \$100.

(c) Each applicant for a pawnshop license at the time of filing application shall file with the Commissioner, if he so requires, a bond satisfactory to him and in an amount not to exceed \$5,000 for each license with a surety company qualified to do business in this State. The aggregate liability of such surety shall not exceed the amount stated in the bond. The said bond shall run to the State for the use of the State and of any person or persons who may have a cause of action against the obligor of said bond under the provisions of this Act. Such bond shall be conditioned that the obligor will comply with the provisions of this Act and of all rules and regulations lawfully made by the Commissioner hereunder, and will pay to the State and to any such person or persons any and all amounts of money that may become due or owing to the State or to such person or persons from said obligor under and by virtue of the provisions of this Act during the time such bond is in effect.

[Acts 1971, 62nd Leg., p. 2758, ch. 894, § 4, eff. Aug. 30, 1971. Amended by Acts 1981, 67th Leg., p. 222, ch. 99, § 5, eff. Aug. 31, 1981.]

**Art. 5069-51.05. Issuance or Denial of License; Fees**

(a) When an application and the required fees are received, the Commissioner shall investigate the facts and shall notify the Department of Public Safety and all local law enforcement agencies in the county in which the business is to be conducted that the application has been filed. In the notice, the

Commissioner shall state the names and addresses of the persons that are required to be listed on the license application under Subsection (a) of Section 4 of this Act.<sup>1</sup> The Commissioner shall give those law enforcement agencies a reasonable time to respond with information concerning those persons or with any other relevant information.

(b) The Commissioner shall conduct a public hearing before issuing a pawnshop license and shall approve an application and issue to the applicant a license that will evidence the authority to do business under the provisions of this Act if the Commissioner:

(1) finds that the eligibility requirements for the license are satisfied; and

(2) finds that the financial responsibility, experience, character, and general fitness of the applicant or of its owners and managers are such as to warrant belief that the business will be operated lawfully and fairly within the purposes of this Act.

(c) If the Commissioner does not so find, he shall notify the applicant, who shall, on request within thirty days, be entitled to a hearing on such application within sixty days after the date of said request. The investigation fee shall be retained by the Commissioner, but the annual fee shall be returned to the applicant in the event of denial.

(d) The Commissioner shall grant or deny each application for a license within sixty days from its filing with the required fees, or, from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the Commissioner.

(e) If a license is granted pursuant to an application filed after June 30 of any year, the annual license fee for the remainder of that year is \$50 and the Commissioner shall return to the applicant the balance of the annual fee filed with the application. If a license is denied, the Commissioner shall retain the investigation fee but shall return the annual license fee to the applicant.

(f) Any license issued to a pawnshop before October 1, 1981, remains valid as long as the licensee complies with this Act.

(g) Notwithstanding the other provisions of this Act, the Commissioner may issue a temporary license authorizing the operation of a pawnshop on the receipt of an application to transfer a license from one person to another or on the receipt of an application for a license involving principals and owners that are substantially identical to those of an existing licensed pawnshop. The temporary license is effective until the permanent license is issued or denied.

[Acts 1971, 62nd Leg., p. 2758, ch. 894, § 5, eff. Aug. 30, 1971. Amended by Acts 1981, 67th Leg., p. 223, ch. 99, § 6, eff. Aug. 31, 1981.]

<sup>1</sup> Article 5069-51.04.

**Art. 5069-51.06. Effect of License; Annual Fee; Statutory Agent; Minimum Assets**

(a) Each license shall state the name of the licensee and the address at which the business is to be conducted. The license shall be displayed at the place of business named in the license. The license shall not be transferable or assignable except upon approval by the Commissioner.

(b) When a licensee wishes to move a pawnshop to another location, the licensee must give thirty days' written notice to the Commissioner, who shall amend the license accordingly.

(c) Each licensee shall maintain on file with the Commissioner a written appointment of a resident of this state as his agent for service of all judicial or other process or legal notice unless the licensee has appointed an agent under another statute of this state. In case of noncompliance, the service may be made on the Commissioner.

(d) Each licensee shall maintain net assets either used or readily available for use in the conduct of the business of each licensed pawnshop in the amount of \$75,000, as determined by using the definition of net assets prescribed by this Act; provided, however,

(1) as to licenses in force on the effective date of this Act, the then applicable net assets requirement shall continue to apply to such license until there is a change of ownership of the licensed business; and

(2) as to license applications pending on the effective date of this Act, the net assets requirement shall be \$25,000, as determined by the definition and policy of the Commissioner in force at the time the application was filed, and shall remain \$25,000 until there is a change of ownership of the licensed business.

(e) Each license shall remain in full force and effect until relinquished, suspended, revoked or expired. Every licensee, on or before each December 1st, shall pay the Commissioner \$100 for each license held by him as the annual fee for the succeeding calendar year. If the annual fee remains unpaid fifteen days after written notice of delinquency has been given to the licensee by the Commissioner, the license shall thereupon expire, but not before December 31st of any year for which an annual fee has been paid.

[Acts 1971, 62nd Leg., p. 2759, ch. 894, § 6, eff. Aug. 30, 1971. Amended by Acts 1981, 67th Leg., p. 224, ch. 99, § 7, eff. Aug. 31, 1981.]

**Art. 5069-51.07. Revocation, Suspension, Surrender, Reinstatement of Licenses**

(a) The Commissioner may, after notice and hearing, suspend or revoke any license if he finds that:

(1) The licensee has failed to pay any fee or charge properly imposed by the Commissioner under the authority of this Act;

(2) The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act;

(3) Any fact or condition exists which, if it has existed or had been known to exist at the time of the original application for such license, clearly would have justified the Commissioner in refusing to issue such license;

(4) The licensee has established an association with an unlicensed person who, with the knowledge of the licensee, has acted in violation of this Act;

(5) The licensee has aided, abetted, or conspired with a person to circumvent the requirements of this Act; or

(6) The licensee or a legal or beneficial owner of the licensee is not of good moral character or has been convicted of a crime that the Commissioner finds directly relates to the duties and responsibilities of the occupation of pawnbroker or otherwise makes the applicant presently unfit for a license under Section 3A of this Act.

(b) The Commissioner may place on probation a person whose license has been suspended or reprimand a licensee for a violation of this Act or a rule adopted under this Act.

(c) The manner of giving notice and conducting a hearing as required by Subsection (a) of this section is governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(d) Any licensee may surrender any license by delivering it to the Commissioner with written notice of its surrender, but such surrender shall not affect the licensee's civil or criminal liability for acts committed prior thereto.

(e) No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any pledgor.

(f) The Commissioner may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Commissioner in refusing originally to issue such license under this Act.

(g) On application of any person and payment of the cost thereof, the Commissioner shall furnish under his seal and signature a certificate of good standing or a certified copy of any license.

**Art. 5069-51.07A. Employee License; Eligibility; Application**

(a) To be eligible for a pawnshop employee license an individual must be of good business repute.

(b) Despite an applicant's eligibility for a pawnshop employee license under Subsection (a) of this section, the commissioner, in accordance with Article 6252-13c, Revised Statutes, may find ineligible an applicant whose felony or misdemeanor conviction:

(1) directly relates to the duties and responsibilities of the occupation of pawnshop employee; or

(2) otherwise makes the applicant presently unfit for a pawnshop employee license.

(c) An individual who begins employment at a licensed pawnshop must file an application with the commissioner for a pawnshop employee license within 30 days after the day employment begins. The application must state:

Section 28 of the 1983 amendatory act provides:

"The eligibility requirements for a pawnshop license or a pawnshop employee license provided by this Act apply to any applicant whose application is pending on the effective date of this Act and to any applicant who submits his application on or after the effective date of this Act."

**Art. 5069-51.07B. Issuance or Denial of an Employee License; Fee**

(a) If the application for a pawnshop employee license is timely made, the applicant may continue employment until the license is granted or denied. The commissioner shall determine whether the applicant is qualified for a license within 60 days after the date the application is filed. If the commission-

er finds that an applicant is qualified for a license, the commissioner shall approve the application and issue a license. Otherwise, the commissioner shall notify the applicant and the employing pawnbroker licensee in writing that the application will be denied unless the applicant, not later than the 30th day after the date of the notice, makes a written request for a hearing on the application.

(b) If an applicant who is given notice of his opportunity for a hearing does not request a hearing within the time allowed, the application is denied on the day after the last day for requesting a hearing. If the applicant requests a hearing within the time allowed, the commissioner shall conduct a hearing on the application in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). On or before December 1, a licensee shall pay the commissioner a \$10 annual fee to renew the license for the succeeding calendar year. The commissioner shall send a written notice of delinquency to the licensee if the licensee does not pay the fee on or before December 1. The licensee has 15 days after the date of the delinquency notice to pay the annual fee. [Acts 1981, 67th Leg., p. 225, ch. 99, § 9, eff. Aug. 31, 1981.]

**Art. 5069-51.07C. Suspension, Revocation, Surrender, or Reinstatement of Employee License**

(a) The commissioner may, after notice and hearing, suspend or revoke a pawnshop employee license if the commissioner finds that:

(1) the licensee knowingly or recklessly violated a provision of this Act or a rule or order issued under this Act; or

(2) a fact or condition exists that, if it had existed or had been known to exist at the time of the original application, clearly would have justified the refusal to issue the license.

(b) The commissioner shall send written notice of the hearing to the licensee and the employing pawnbroker licensee and shall hold the hearing not less than 20 days after the day the notice was sent. The commissioner shall conduct the hearing in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(c) A licensed employee may surrender his license by delivering it to the commissioner with written

notice of the surrender. The surrender does not affect the licensee's civil or criminal liability for acts committed before the surrender.

(d) The commissioner may reinstate a suspended license or issue a new license to an individual whose license has been revoked if no fact or condition exists that clearly would have justified the refusal to issue the license under this Act.

(e) On application and payment of the cost, the commissioner shall furnish, under the commissioner's seal and signature, a certificate of good standing and a certified copy of a pawnshop employee license.

[Acts 1981, 67th Leg., p. 225, ch. 99, § 9, eff. Aug. 31, 1981.]

#### **Art. 5069-51.07D. Expiration Dates of Licenses**

The commissioner by rule may adopt a system under which the licenses issued under this Act expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee that is applicable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable.

[Acts 1981, 67th Leg., p. 225, ch. 99, § 9, eff. Aug. 31, 1981.]

The Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Act to consider, investigate, or secure information. Any licensee who fails or refuses to let the Commissioner or his duly authorized representative or any peace officer examine or make copies of such books, or other relevant documents shall thereby be deemed in violation of this Act and such failure or refusal shall constitute grounds for the suspension or revocation of such license. The information obtained in the

course of any examination or inspection shall be confidential and privileged, except for use in a criminal investigation or prosecution. Each licensee shall pay to the Commissioner an amount assessed by the Commissioner to cover the direct and indirect cost of such examinations and a proportionate share of general administrative expense, not to exceed \$500 in any calendar year, and in the event a licensee hereunder is also licensed to do business under Chapter 3, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-3.01 et seq., Vernon's Texas Civil Statutes), in the same place of business licensed hereunder, the aggregate charges for examinations authorized by the said Chapter 3, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-3.01 et seq., Vernon's Texas Civil Statutes), and by this Act shall not exceed \$500 in any calendar year.

(b) If the Commissioner questions the net assets requirement of a licensed pawnshop, the Commissioner may require certification by an independent certified public accountant that the accountant has reviewed a licensee's books, records, and transactions during the reporting year, that the books and records are maintained using generally accepted accounting principles, and that the licensee fulfills the net assets requirement of this Act.

(b) The Commissioner may make regulations necessary for the enforcement of this Act and consistent with all its provisions. Before making a regulation the Commissioner shall give each licensee at least thirty days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Commissioner, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form, stating the date of adoption and date of promulgation. Each regulation shall be entered in a permanent record book which shall be a public record and be kept in the Commissioner's office. A copy of every regulation shall be mailed to each licensee, and no regulation shall become effective until the expiration of at least twenty days after such mailing. On the application of any person and payment

<sup>1</sup> Article 5429k.

#### Membership—Appointment, Terms, Vacancies

Sec. 4. (a) The commission consists of nine members appointed by the governor with the advice and consent of the senate. Two members shall be county sheriffs, one from a county with a population of over 200,000 persons and one from a county with a population of 200,000 or less, according to the latest United States census. One member shall be a county judge; one shall be a practitioner of medicine licensed by the State Board of Medical Examiners; the other five positions shall be filled by citizens of the state who hold no public office. The sheriffs and the county judge appointed to the commission shall perform the duties of a member of the commission in addition to their other duties.

(b) Except as provided by Subsection (c) of this section, members are appointed for a term of six years expiring on January 31 of an odd-numbered year.

(c) For terms that begin within 60 days after the effective date of this Act, the governor shall appoint:

- (1) three members for terms that expire on January 31, 1981;
- (2) three members for terms that expire on January 31, 1979; and
- (3) three members for terms that expire on January 31, 1977.

(d) If a sheriff or county judge on the commission ceases to hold office or if a vacancy otherwise occurs in the membership of the commission, the governor shall appoint a replacement who possesses the same qualifications as the member who vacated

his position, with the advice and consent of the senate, to serve the unexpired portion of the term. If a vacancy occurs at a time when the senate is not in session, the vacancy shall nevertheless be filled on an interim basis, and the interim appointee shall serve as a member of the commission until his nomination has been acted on by the senate.

**Chairman; Vice-Chairman**

Sec. 5. The commission shall biennially elect one of its members chairman and one vice-chairman for a term of two years beginning on February 1 of each odd-numbered year.

**Meetings; Quorum; Rules**

Sec. 6. (a) The commission shall hold a regular meeting each calendar quarter and may hold special meetings at the call of the chairman or on the written request of three members. The chairman, or in his absence, the vice-chairman, shall preside at all meetings of the commission.

(b) Five members constitute a quorum for the transaction of business.

(c) The commission shall adopt, amend, and rescind rules for the conduct of its proceedings.

**Expenses**

Sec. 7. Members of the commission are not entitled to compensation but are entitled to reimbursement for actual and necessary expenses incurred in performing their official duties.

**Director; Staff**

Sec. 8. (a) The commission shall employ an executive director to serve at the will of the commission. The executive director is subject to the policy direction of the commission and is the chief executive officer of the commission.

(b) The executive director may employ personnel as necessary to enforce and administer this Act.

(c) The executive director and employees are entitled to compensation and expenses as provided by legislative appropriation.

**Duties of the Commission**

Sec. 9. (a) The commission shall:

(1) promulgate reasonable rules and procedures establishing minimum standards for the construction, equipment, maintenance, and operation of county jails;

(2) promulgate reasonable rules and procedures establishing minimum standards for the custody, care, and treatment of prisoners;

(3) promulgate reasonable rules establishing minimum standards for the number of jail supervisory personnel and for programs and services to meet the needs of prisoners;

(4) promulgate reasonable rules and procedures establishing minimum requirements for programs

of rehabilitation, education, and recreation in county jails;

(5) revise, amend, or change rules and procedures if necessary, in a manner not inconsistent with this Act;

(6) provide consultation and technical assistance to local government officials with respect to county jails;

(7) review and comment on plans for the construction and major modification or renovation of county jails;

(8) require that the sheriff and commissioners of each county submit to the commission, on a form prescribed by the commission, an annual report on the conditions in each county jail within their jurisdiction, including all information necessary to determine compliance with state law, commission orders, and the rules promulgated under this Act;

(9) review the reports submitted under Subdivision (8) of this subsection and require its employees to inspect county jails regularly to insure compliance with state law, commission orders, and rules and procedures promulgated under this Act; and

(10) determine annually, or more often, whether each county jail is in compliance with the rules and procedures promulgated under this Act.

(b) The fact that compliance with a commission rule or procedure requires major modification or renovation of an existing jail or construction of a new jail does not render a commission rule or procedure unreasonable.

**Annual Report**

Sec. 10. The commission shall make a report to the governor, the lieutenant governor, and the speaker of the house of representatives, not later than January 31 of each year, covering its operations, its findings concerning county jails during the preceding year, and whatever recommendations it deems appropriate.

**Enforcement of Jail Standards**

Sec. 11. (a) The commission shall be granted access at any reasonable time to any county jail facility or part of any county jail facility and shall be granted access to all books, records, and data pertaining to any county jail which the commission or the executive director deems necessary for the administration of the commission's functions, powers, and duties. The commissioners and sheriff of each county shall furnish the commission or any of its members, or the executive director or any employee designated by the executive director, any information which he states is necessary to enable the commission to discharge its functions, powers, and duties, to determine whether its rules are being observed or whether its orders are being obeyed and otherwise to implement the purposes of this Act. In the exercise of its function, powers, and duties, the commission may issue subpoenas and

subpoenas duces tecum to compel the attendance of witnesses and the production of books, records, and documents, administer oaths, and take testimony concerning all matters within its jurisdiction. The commission is not bound by strict rules of evidence or procedure in the conduct of its proceedings, but its determinations shall be founded on sufficient legal evidence to sustain them. The commission may delegate to the executive director the authority conferred by this subsection.

(b) When the commission finds that a county jail is not in compliance with state law, or the rules and procedures of the commission, or fails to meet the minimum standards prescribed by the commission or by state law, it shall report the noncompliance to the commissioners and sheriff of the county responsible for the jail that is not in compliance. The commission shall send a copy of the report to the governor.

(c) The commission shall grant the county or sheriff a reasonable time, not to exceed one year after a report of noncompliance, to comply with its rules and procedures and with state law. On application of the sheriff or commissioners of a county, if clearly justified by the facts and circumstances, the commission may grant reasonable variances for operation of county jails not in strict compliance with state law, except that no variance may be granted to permit unhealthy, unsanitary, or unsafe conditions.

(d) If the commissioners or sheriff does not comply within the time granted by the commission, the commission may, by order, prohibit the confinement of prisoners in the noncomplying jail. The commission shall then furnish the sheriff with a list of qualified detention centers to which the prisoners may be transferred for their confinement. If a prohibition and transfer order is issued, the sheriff of the county in which the noncomplying jail is situated shall immediately transfer the number of prisoners necessary to bring the jail into compliance to a detention facility that agrees to accept the prisoners. The agreement must be in writing and must be signed by the sheriff of the county transferring the prisoners and the sheriff of the county receiving the prisoners. A county transferring prisoners under this subsection shall immediately remove the prisoners from the receiving facility if the sheriff of the receiving county requests their removal.

(e) The county responsible for a nonconforming jail shall bear the liability for and the cost of transportation and maintenance of prisoners transferred from a noncomplying jail by order of the commission. The costs of transportation and maintenance shall be determined by agreement between the participating counties and shall be paid into the treasury of the entity operating the detention facility to which the prisoners are transferred.

(f) The commission, in lieu of closing a county jail, may institute an action in its own name to

enforce, or enjoin the violation of, its orders, rules, or procedures, or of Article 5115, Revised Civil Statutes of Texas, 1925, as amended. The commission shall be represented by the attorney general. An action brought pursuant to this subsection is in addition to any other action, proceeding, or remedy provided by law, and may be brought in a district court of Travis County. A suit brought under this subsection shall be given preferential setting and shall be tried by the court, without a jury, unless the county requests a jury trial. The court shall issue an injunction ordering compliance if it finds:

(1) that the county jail is being operated in such a manner that it does not comply with the rules and procedures promulgated by the commission or with state law; and

(2) that the commissioners or sheriff has been given a reasonable time to comply with the rules and procedures and has failed to do so.

#### Judicial Review

Sec. 12. (a) A county may appeal a commission order issued under Subsection (d), Section 11, of this Act by filing a petition in a district court of Travis County.

(b) The petition must be filed within 30 days after the date of the commission's order.

(c) Service of citation on the commission must be accomplished within 30 days after the date the petition is filed. Citation may be served on the executive director.

(d) In an action brought under this section, the court is confined to the record developed by the commission, and the only issues before the court are:

(1) whether the order of the commission is based on substantial evidence; and

(2) whether the order is arbitrary, capricious, or illegal.

#### Regulations

Sec. 13. (a) The commission shall promulgate the regulations required by Section 9 of this Act on or before January 1, 1977.

(b) On or before March 1, 1977, the commission shall mail a copy of the regulations promulgated pursuant to Section 9 of this Act to each county sheriff in this state. The chairman shall certify to the governor that the commission has complied with the requirements established by this section.

#### Qualifications of Jail Personnel

Sec. 14. (a) The Commission on Law Enforcement Officer Standards and Education shall establish minimum physical, mental, educational, and moral standards for persons employed or utilized in the operation of county jails.

(b) The authority and power of the Commission on Law Enforcement Officer Standards and Educa-

tion is extended to cover all county jail personnel. The staff of the Commission on Law Enforcement Officer Standards and Education shall be enlarged sufficiently to discharge the additional responsibilities imposed by this section. Counties shall have a period of one year following establishment of standards for county jail personnel within which to have all jail personnel certified by the Commission on Law Enforcement Officers Standards and Education.

(c) A standard requiring a person to have any degree of formal education or the equivalent is not applicable to a person who was employed or whose services were utilized in the operation of a county jail on August 29, 1977.

**Art. 5115a. Counties of Less Than 20,000; Joint Financing, Construction, Maintenance and Operation With Cities; Bonds**

Sec. 1. That any county having less than 20,000 population according to the last or any succeeding Federal Census and any city or cities therein located are hereby authorized and empowered to finance, construct, maintain and operate jail, jails or jail facilities for the joint and mutual use of such county and city or cities. The Commissioners Court of any such county and the governing body of any such city or cities are hereby authorized and empowered to enter into contracts between any such county or city determining the obligations of each for the financing, construction, maintenance and operation of such jail, jails, or jail facilities, provided that the term of any such contract for the maintenance and operation of such jail, jails or jail facilities shall not exceed twenty (20) years. Such contracts where not in conflict with the provisions of the Constitution of the State of Texas may provide for the custody, control and operation of such jail, jails or jail facilities, including providing for a jailer to be custodian of such jail, jails or jail facilities, which said jailer shall be under the control and supervision of the sheriff of such county and shall be appointed by the sheriff with the advice and consent of the Commissioners Court and the governing body of such city or cities; providing that the salary for such jailer shall be in an amount as may be now or hereafter authorized by law for a deputy sheriff of such county and may be paid by such city or cities and by such county out of the Officers Salary Fund in such proportions as may be agreed upon by contract as herein provided. Where not expressly provided to the contrary herein, any such jailer, his rights, duties, salary and tenure of office shall be controlled by the laws governing deputy sheriffs.

Sec. 2. Such county and city or cities are hereby authorized to issue and sell bonds as now provided

by law and to expend the proceeds for the purposes herein authorized, but any such bonds shall be and remain the sole obligation of the authority issuing such bonds. Any funds of such county and city or cities derived from sale of such bonds shall remain in the possession and control of the issuing authority until expended by such authority as herein authorized.

Sec. 3. This Act shall be cumulative of all other laws pertaining to county and city jails; provided, however, that to the extent that the provisions of this Act may be in conflict with the provisions of any other law, the provisions of this Act shall take precedence and prevail.

[Acts 1961, 57th Leg., p. 1023, ch. 450.]

**Art. 5115b. Counties of 84,000 to 86,000; Contracts with Cities for Jails or Jail Facilities**

Sec. 1. That any county having a population of not less than 84,000 nor more than 86,000 according to the last preceding federal census, in lieu of providing and maintaining its own jail, is hereby authorized to provide safe and suitable jail, jails or jail facilities for such counties by contracting with the city which is the county seat of any such county, for incarceration of the counties' prisoners in the jail, jails or jail facilities owned by said city or cities, on a daily per capita basis, for the lease of a portion of the jail, jails or jail facilities owned by such city or for joint operation and maintenance of the jail, jails or jail facilities owned and operated by such city for the mutual use and benefit of any such county and city, provided said jail, jails or jail facilities meet the requirements set forth in Chapter 277, Section 1, page 637, Acts 1957, 55th Legislature (Article 5115, Revised Civil Statutes of Texas, 1925, as amended). The Commissioners Court of any such county and the governing body of any such city are hereby authorized and empowered to enter into contracts for the incarceration of any such county's prisoners at a daily per capita rate equal to the cost of maintaining prisoners in said jail, jails or jail facilities or at a daily rate mutually agreed upon by the contracting counties and cities; contracts for lease of a portion of the jail, jails or jail facilities at a rate based upon the proportion of the total area of the jail, jails or jail facilities that is occupied by such counties' prisoners; and contracts for the joint maintenance and operation of such jail, jails or jail facilities determining the respective obligations of each for the maintenance and operation of any such jail or jails, provided that any such contract for lease or for joint maintenance and operation shall not exceed 20 years. Such contracts where not in conflict with the Constitution of the State of Texas may provide for custody, control and operation of such jail, jails or jail facilities, including providing for a jailer to be custodian of such jail, jails or jail facilities, which said jailer shall be under the control and supervision of the sheriff of such county and shall be appointed by the sheriff with the advice and

consent of the Commissioners Court and the governing body of such city; providing that the salary of such jailer shall be in an amount as may be now or hereafter authorized by law for a deputy sheriff of such county and may be paid by such city or cities and by such counties in such proportions as may be agreed upon by such contracts as herein provided. Where not expressly provided to the contrary herein, any such jailer, his rights, duties, salary and tenure of office shall be controlled by the laws governing deputy sheriffs.

Sec. 2. This Act shall be cumulative of all other laws pertaining to county and city jails; provided, however, that to the extent that the provisions hereof conflict with any other law, the provision of this Act shall take precedence and prevail.

**Art. 5115c. Intercounty Cooperation Regarding Furnishing and Operating Jail Facilities**

Sec. 1. Two or more counties, acting through their commissioners courts, may contract with one another for the joint operation of a jail to serve the contracting counties. The contract may provide for the construction or acquisition of a facility for this purpose or for the use of an existing facility. The joint facility is not required to be located at the county seat of one of the contracting counties.

Sec. 2. A county that is party to a contract under this Act may use any method of financing its share of the capital expenditures under the contract for acquisition, construction, enlargement, or improvement of the joint facility, including necessary acquisition of land, as would be available to it if the county operated its own jail, including the issuance as provided by law of general obligation bonds or other evidences of indebtedness.

Sec. 3. (a) The administration of a jail operated under this Act is the responsibility of the sheriff of the county where the jail is located unless he declines that responsibility by filing a written statement to that effect with the commissioners court of that county. If the sheriff so declines, the commissioners courts of the contracting counties by joint action shall appoint a jail administrator for the jail.

(b) The sheriff or jail administrator responsible for the administration of the jail has all the powers, duties, and responsibilities with regard to the keeping of prisoners and operation of the jail that are conferred by law on a sheriff in a county that operates its own jail.

(c) Action by a sheriff declining the responsibility for the administration of a jail operated under this Act does not take effect until a jail administrator has been appointed and has assumed his duties. If there is a vacancy in the position of jail administrator, the sheriff of the county where the jail is

located is responsible for the administration of the jail until a new jail administrator is appointed and assumes the position.

[Acts 1977, 65th Leg., p. 1436, ch. 581, §§ 1 to 3, eff. Aug. 29, 1977.]

**Art. 5115d. Contracts With Private Sector for Detention Facilities**

(a) The commissioners court of a county with approval of the sheriff of that county may contract with a private organization for the purpose of placing low-risk county inmates in a detention facility operated by the organization.

(b) The commissioners court may not contract with a private organization in which a member of the court or an elected or appointed peace officer who serves in the county has a financial interest or in which an employee or commissioner of the Commission on Jail Standards has a financial interest. A contract made in violation of this subsection is void.

[Acts 1983, 68th Leg., p. 5007, ch. 898, § 2, eff. Aug. 29, 1983.]

**Art. 5116. Sheriff and Jailer**

(a) Each sheriff is the keeper of the jail of his county. He shall safely keep therein all prisoners committed thereto by lawful authority, subject to the order of the proper court, and shall be responsible for the safe keeping of such prisoners.

(b) The sheriff may appoint a jailer to take charge of the jail, and supply the wants of those therein confined; but in all cases the sheriff shall exercise a supervision and control over the jail.

(c) The commissioners court of Bexar County, Texas may appoint a jail administrator who shall exercise all authority, supervision, and control over the jail, as well as all other statutory duties of the sheriff with respect to the jail.

[Acts 1925, S.B. 84. Amended by Acts 1973, 63rd Leg., p. 520, ch. 224, § 1, eff. June 11, 1973.]

**Art. 5117. Federal Officer May Use Jail**

(a) Sheriffs and jailers may receive into their jails such federal prisoners as may be delivered or tendered to them by any federal law enforcement officer, unless the sheriff or jailer determines that to receive the federal prisoners may result in a violation of a state or federal court order or statute or a rule promulgated by the Commission on Jail Standards. The sheriff or jailer shall safely keep such prisoners until they are transferred or until they are discharged by due course of law. The federal law enforcement officer by whose authority such prisoners are received and kept shall be directly and personally liable to the sheriff or jailer for the jail fees and all other expenses of the keeping of such prisoners, such fees and expenses to be estimated according to the laws regulating the same in other cases.

(b) In this article, "federal law enforcement officer" has the meaning given by 5 U.S.C. Section 8331(20).

[Acts 1925, S.B. 84. Amended by Acts 1981, 67th Leg., p. 603, ch. 241, § 1, eff. May 28, 1981.]

#### Art. 5118. Prisoner Sent to Another Jail

A county to which a prisoner is sent, for want of a safe jail in the proper county, may by suit recover from the county from which such prisoner was sent a sum not exceeding seventy-five cents per day on account of the expense attending the safekeeping of such prisoner.

[Acts 1925, S.B. 84.]

#### Art. 5118a. Commutation for Good Conduct; Forfeiture of Commutation; Record

In order to encourage county jail discipline, a distinction may be made in the terms of prisoners so as to extend to all such as are orderly, industrious and obedient, comforts and privileges according to their deserts; the reward to be bestowed on prisoners for good conduct shall consist of such relaxation of strict county jail rules, and extension of social privileges as may be consistent with proper discipline. Commutation of time for good conduct, industry and obedience may be granted the inmates of each county jail by the sheriff in charge. A deduction in time not to exceed one (1) day for each day of the original sentence actually served may be made from the term or terms of sentences when no charge of misconduct has been sustained against the prisoner. This Act shall be applicable regardless of whether the judgment of conviction is a fine or jail sentence or a combination of jail sentence and fine; provided, however, that such deduction in time shall not exceed one-third ( $\frac{1}{3}$ ) of the original sentence as to fines and court costs assessed in the judgment of conviction. A prisoner under two (2) or more cumulative sentences shall be allowed commutation as if they were all one sentence. For such sustained charge of misconduct in violation of any rule known to the prisoner (including escape or attempt to escape) any part or all of the commutation which shall have accrued under this Act in favor of the prisoner to the date of said misconduct may be forfeited and taken away by the sheriff, provided that the sheriff has complied with discipline proceedings as approved by the Texas Commission on Jail Standards. No other time allowance or credits in addition to the commutation of time for good conduct herein provided for may be deducted from the term or terms of sentences. The sheriff shall keep or cause to be kept a conduct record in card or ledger form and a calendar card on each inmate showing all forfeitures of commutation time and the reasons therefor.

[Acts 1955, 54th Leg., p. 1182, ch. 461, § 1. Amended by Acts 1963, 58th Leg., p. 943, ch. 371, § 1; Acts 1981, 67th Leg., p. 850, ch. 299, § 1, eff. June 8, 1981; Acts 1981, 67th Leg., p. 2648, ch. 708, § 2, eff. Aug. 31, 1981.]

Section 4 of Acts 1981, 67th Leg., p. 2649, ch. 708, provides:

"This Act affects the term of a prisoner serving a sentence in a county jail on the effective date of this Act only to the extent that the sentence is served on or after the effective date of this Act."

#### Art. 5118b. Work Release Program

Sec. 1. (a) The sheriff of each county may attempt to secure employment for each prisoner sentenced to the county jail work release program under Section 6, Article 42.03, Code of Criminal Procedure, 1965.

(b) The employer of a prisoner participating in a program under this section shall pay the prisoner's salary to the sheriff. The sheriff shall deposit the salary into a special fund to be given to the prisoner on his release after deducting:

(1) the cost to the county, as determined by the commissioners court of the county, for the prisoner's incarceration during the pay period;

(2) support of the prisoner's dependents; and

(3) restitution to the victims of an offense committed by the prisoner.

(c) At the time of sentencing or at a later date, the court sentencing a prisoner may direct the sheriff not to deduct the cost described under Subdivision (1) of Subsection (b) of this section if the court determines that the deduction would cause a significant financial hardship to the family of the defendant.

(d) If the sheriff does not find employment for a prisoner who would otherwise be sentenced to imprisonment in the Texas Department of Corrections, the sheriff shall transfer the prisoner to:

(1) the sheriff of a county who agrees to accept the prisoner as a participant in the county jail work release program; or

(2) the department, if no sheriff agrees to accept the prisoner.

Sec. 2. A prisoner participating in a program under this Act shall be confined in the county jail or in another facility designated by the sheriff at all times except for:

(1) time spent at work and traveling to or from work; and

(2) time spent attending or traveling to or from an education or rehabilitation program approved by the sheriff.

Sec. 3. (a) The sheriff of each county shall classify each felon serving a sentence in the county jail work release program for the purpose of awarding good conduct time credit in the same manner as inmates of the Texas Department of Corrections are classified under Article 6181-1, Revised Statutes, and shall award good conduct time in the same manner as the director of the department does in that article.

(b) If at a hearing requested by a sheriff the court that sentenced the prisoner to participation in a county jail work release program determines that the prisoner is conducting himself in a manner that is dangerous to inmates in the county jail or to

society as a whole, the court shall order the prisoner's participation in the program terminated and order the prisoner to the term of confinement or imprisonment that the prisoner would have received had he not entered the program. The prisoner shall receive as credit toward his sentence any time served as a participant in the program.

[Acts 1983, 68th Leg., p. 3790, ch. 586, §§ 1 to 3, eff. Aug. 29, 1983.]

Section 5 of the 1983 Act provides:

"The change in the law made by this Act applies only to the imposition of a sentence on or after the effective date of this Act. A sentence imposed before the effective date of this Act is covered by the law in effect at the time of the imposition, and the former law is continued in effect for that purpose."

(3) As compensation for the added duties hereby imposed upon members of such Juvenile Board, each member thereof may, if approved by the Commissioners Court of the County, be compensated by an annual salary not to exceed Twenty-four Hun-

dred Dollars (\$2400) payable in twelve (12) monthly equal installments; and such compensation shall be in addition to all other compensation now provided for or allowed county and district judges by law, and shall be paid out of the general fund of the county.

[Acts 1950, 51st Leg., 1st C.S., p. 99, ch. 35, § 1. Amended by Acts 1951, 52nd Leg., p. 373, ch. 237, § 1.]

**Art. 5139E-1. Smith County Juvenile Board**

[Sec. 1.] (1) There is established a Juvenile Board in Smith County to be composed of the County Judge of the county, the District Judges of the Judicial Districts therein and the Judge of the Court of Domestic Relations. The County Judge of said county shall be chairman of such Board and its chief administrative officer. The official title of the Board in said county shall be the name of the county followed by the words: "County Juvenile Board."

(2) Deleted by Acts 1977, 65th Leg., p. 1330, ch. 528, § 1, eff. Aug. 29, 1977.

(3) As compensation for the added duties hereby imposed upon members of such Juvenile Board, each member thereof may be compensated by an annual salary as determined by the Commissioners Court of the county, payable in 12 equal monthly installments; and such compensation shall be in addition to all other compensation now provided for or allowed the Judges of the Domestic Relations, County, and District Courts by law, and shall be paid out of the general fund of the county.

Sec. 2. (a) The Juvenile Board of Smith County may create a child support office in the district clerk's office of the county to receive payments for the support of children made under the order of a District Court or other court having jurisdiction of a District Court. The child support office shall receive the payments and shall disburse the funds in the manner the court determines to be for the best interest of the parties involved in each case.

(b) The Juvenile Board may appoint an administrator and such assistants as in its judgment may be necessary for a term of two years and shall determine the duties to be assigned the administrator and his assistants and the salaries of the personnel of the child support office to be paid in equal monthly installments out of the general fund of the county, the child support fund, or other available fund. All claims for expenses of the administrator and his assistants and administrative expenses for operation of the child support office, including all necessary equipment and supplies, shall, before payment, be approved by the Board.

(c) The administrator of the child support office shall make a surety bond in a solvent surety company authorized to make such bonds in Texas, conditioned on the faithful performance of the duties of his position and further conditioned on his properly accounting for the money entrusted to him. The bond shall be in an amount to be fixed by the

County Auditor and subject to approval of the County Auditor. The county shall pay the premiums for the bond out of the general fund, the child support fund, or other available fund.

(d) The child support office shall keep an accurate and complete record of its receipts and disbursements of support payment funds. The record is open to inspection by the public. It is the duty of the County Auditor or other duly authorized person in the county to inspect and examine the records and audit the accounts quarterly and to report his findings and recommendations to the Judges.

(e) A service fee for receiving and disbursing payments, not to exceed \$2.50 per month, shall be assessed by the court against each payor or payee of child support that is ordered by a court to be paid to a child support office. However, if the payor is a member of the armed services and the monthly payments for child support exceed the amount ordered by the court, the recipient (payee) of the support payments shall be the person responsible for paying the service fee into the child support office. Except as prescribed by this subsection, the service fee applies to all support payments ordered paid to a child support office after the effective date of this amendment and to all other such payments, even though ordered prior to the effective date of this amendment, when the person ordered to make such payments has defaulted and has been cited for contempt of court. A payor or a payee whose annual income is equal to or less than the federal poverty income guideline in effect when the support order is made is not required to pay the service fee authorized by this subsection. The service fee shall be collected by the child support office from the payor or payee annually in advance and shall be paid to the County Treasurer on the last day of each calendar month, to be kept in a separate account to be known as the child support fund. This fund shall be administered by the Juvenile Board, subject to the approval of the Commissioners Court, for the purpose of assisting in the payment of the salaries and operating expenses of the child support office. The first service fee shall be due on the date the payor of support payments has been ordered by the court to commence payments for child support and thereafter on each succeeding annual anniversary of the original court order for payment. In those instances where the payee is charged with the responsibility of making the service fee payments, the first payment shall be due on the date of receipt of the initial support payment and annually thereafter on the anniversary of the date of the receipt of the first support allotment check so long as the payor is a member of the armed services and so long as support allotment payments exceed the amount of support ordered by the court. Failure or refusal of a person to pay the service fee on time and in the amount ordered by the court shall make that person susceptible to an action of contempt of court. A record shall be kept of all service fees collected and expended. The child support fund is subject to

regular audit by the County Auditor or other duly authorized person. Annual reports of receipts and expenditures in this account shall be made to the Commissioners Court.
