##### General Provisions

Sec. 4.01. (a) Unless specifically preempted by the board, a health authority has supervisory authority and control over the administration of communicable disease control measures in the area under the jurisdiction of the health authority, except that any control measures imposed by a health authority must be consistent with and equal to or more stringent than the control measure standards contained in rules adopted by the board.

(b) A communicable disease control measure imposed by a health authority in the area under the jurisdiction of the health authority may be amended, revised, or revoked by the board if the board finds that the modification is necessary or desirable in the administration of a regional or statewide public health program or policy. All orders must be in writing and be delivered personally to the individual if the individual is of legal age or to the individual's parent, legal guardian, or managing conservator if the individual is not of legal age. In the absence of clinical or subclinical disease, the order is not effective after the disease is no longer communicable or after the longest usual incubation period for the suspected disease.

(b) An individual may be quarantined if the individual or the individual's parent, legal guardian, or

managing conservator, if the individual is not of legal age, fails or refuses to comply with the written orders of the department or health authority as required by Subsection (a) of this section and the individual is infected with or is reasonably suspected of being infected with a communicable disease that presents an immediate threat to the public health. The board shall identify communicable diseases that present a threat to the public health if not immediately controlled. The department or health authority may request a magistrate to issue a warrant. Based on the affidavit of the department or a health authority that the individual is infected with or is reasonably suspected of being infected with a communicable disease that presents an immediate threat to the public health, the magistrate may issue a warrant ordering a peace officer to take the individual into custody and to transport the individual to a hospital or other facility considered suitable by the commissioner. A jail or other similar detention facility may not be used unless the facility is specifically equipped and staffed to provide disease-control measures. The head of the hospital or other facility designated by the commissioner shall admit the individual and cooperate with the health authority and the department to implement control measures.

(c) If the individual is not of legal age, the department or health authority issuing the warrant for detention shall immediately notify the individual's parent, legal guardian, or managing conservator by registered or certified mail or by personal service.

(d) Without unnecessary delay, the individual or the parent, legal guardian, or managing conservator shall be taken before a magistrate of the county in which the individual is detained. The magistrate in clear language shall advise the individual or the parent, legal guardian, or managing conservator of the order that is alleged to have been violated. The individual or the parent, legal guardian, or managing conservator is entitled to representation by counsel should he so desire. The magistrate shall appoint counsel on request of an individual who cannot afford to retain private counsel. The county in which the individual resides shall pay all reasonable and necessary expenses of appointed counsel. If the individual is a nonresident of the state, the court shall certify the amount of the reasonable and necessary expenses of appointed counsel to the state comptroller of public accounts. The comptroller shall issue a warrant to the court-appointed attorney for the certified amount. On request by the department or health authority, a magistrate shall preside at the hospital or other facility where the individual is detained. The magistrate shall advise the individual that the individual will be released when he no longer presents a threat to the public health as determined by the health authority or the commissioner or on the granting of a writ of habeas corpus by a court of competent jurisdiction.

(e) Except as prescribed by this subsection, an individual detained shall pay the expense of the

required medical care and treatment. The medical expenses of an individual who is a resident of the state, is indigent and without the financial means to pay for part or all of the required medical care or treatment, and is not eligible for benefits under an insurance contract, group policy or prepaid health plan, or benefits provided by a federal, state, county, or municipal medical assistance program or facility shall be paid by the county or hospital district of the individual's residence. The medical expenses of a nonresident individual who is indigent and without the financial means to pay for part or all of the required medical care and treatment may be paid by the state to the extent that the individual is not eligible for benefits that will pay the expenses under an insurance contract, group policy or prepaid health plan, or benefits provided by a federal, state, county, or municipal medical assistance program. The provider of the medical care and treatment shall certify the reasonable amount of the required medical care to the state comptroller of public accounts. The comptroller shall issue a warrant to the provider of the medical care and treatment for the certified amount. The department may return a nonresident individual involuntarily hospitalized in this state to the program agency in the state in which the individual resides. The department may enter into reciprocal agreements with the proper agencies of other states to facilitate the return of individuals involuntarily hospitalized in this state.

(f) An individual ordered admitted to a publicly supported hospital under this section may, at his option and at his own expense, choose to be hospitalized at a private or other proprietary hospital subject to the approval of the board or health authority.

#### Application of Control Measures to Objects

Sec. 4.03. (a) If the department or a health authority has reasonable cause to believe that an object in its jurisdiction is or may be infected or contaminated with a communicable disease, the department or health authority may tag the object for identification with a notice of possible infection or contamination and place the object in quarantine for the period of time necessary for a medical examination or technical analysis of the samples and specimens taken from the object to reveal either the absence or the presence of the suspected infection or contamination. The department or health authority shall send notice of its action by registered or certified mail to the person who owns or controls the object. If the object is found to be free from infection or contamination, the department or health authority shall remove the quarantine and release the object to the person who owns or controls it. If the object is found to be infected or contaminated, the department or health authority by written order may require the owner or person in control of the object to impose control measures that are technically feasible to restore the object to a noninfected or noncontaminated condition. If the control meas-

ures are effective, the department or health authority shall remove the quarantine and release the object to the person who owns or controls it. If the technically feasible control measures are ineffective or if there is no technically feasible control measure available for use, the department or health authority may continue the quarantine and order the person who owns or controls the object to destroy it in a manner that will render it noninfected or noncontaminated to prevent the spread of infection or contamination.

(b) If a person fails or refuses to comply with the orders of the department or health authority as required by Subsection (a) of this section and the department or health authority has reason to believe that the object is or may be infected or contaminated with a communicable disease that presents an immediate threat to the public health, the department or health authority may petition the county or district court of the county in which the object is located to order the person who owns or controls the object to make necessary orders for the public health.

(c) On the filing of a petition, the court may grant injunctive relief and make temporary orders that are necessary for the health and safety of the public.

(d) The person who owns or controls the object shall pay all expenses of implementing control measures, court costs, storage, and other justifiable expenses. The court may require the person who owns or controls the object to execute a bond in an amount not to exceed the value of the noninfected or noncontaminated object to ensure the performance of any control measures, restoration, or destruction ordered by the court. This bond shall be returned to the person when the department or health authority informs the court that the object is no longer infected or contaminated or that the object has been destroyed.

(e) If the court finds that the object is not infected or contaminated, it shall order the department or health authority to remove the quarantine tags and to release the object to the person who owns or controls it.

(f) The department shall charge the person who owns or controls the object for the cost of any control measures performed by the department's employees. The department shall deposit the payments received under this section to the credit of the General Revenue Fund to be used for the administration of this Act. A health authority shall charge the person who owns or controls the object for the cost of any control measures performed by the health authority's employees. A health authority shall return payments received to each county, incorporated municipality, or other jurisdiction in an amount proportional to that jurisdiction's or entity's contribution to the quarantine and control expense.

#### Application of Control Measures to Land, Structures, Animals, or Other Property on Land

Sec. 4.04. (a) If the department or health authority has reasonable cause to believe that a parcel of land in its jurisdiction or a structure, an animal, or other property on the land is or may be infected or contaminated with a communicable disease, the department or health authority may place the land or property in quarantine for the period of time necessary for medical examination or technical analysis of samples and specimens of materials taken from the land, structure, animal, or other property to reveal either the absence or presence of the suspected infection or contamination. The department or health authority shall send notice of its action by registered or certified mail to the person who owns or controls the land, structure, animal, or other property and shall post notice on the land and on the courthouse door. If the land, structure, animal, or other property is found to be free from infection or contamination, the department or health authority shall remove the quarantine and return control of the land or other property to the person who owns or controls the land or other property. If the land, structure, animal, or other property is found to be infected or contaminated, the department or health authority by written order may require the person who owns or controls the land to impose control measures that are technically feasible. If the control measures are effective, the department or health authority shall remove the quarantine. If the technically feasible control measures are ineffective or if there are no technically feasible control measures available for use, the department or health authority may continue the quarantine and may order the person who owns or controls the land to securely fence the perimeter of the land or any part of the land that is infected or contaminated. The department or health authority may also order the person to destroy any infected or contaminated structure, animal, or other property in a manner that will render it noninfected or noncontaminated to prevent the spread of infection or contamination or to securely seal off the infected or contaminated structure or other property to obstruct entry into the infected or contaminated areas until the quarantine is removed by the board or health authority.

(b) If a person fails or refuses to comply with the orders of the department or health authority as required by Subsection (a) of this section and the department or health authority has reason to believe that the land, structure, animal or other property is or may be infected or contaminated with a communicable disease that presents an immediate threat to the public health, the department or health authority may petition the county or district court of the county or counties in which the land is located to make necessary orders for the public health.

(c) On the filing of a petition, the court may grant injunctive relief and make temporary orders that

are necessary for the health and safety of the public.

(d) The person who owns or controls the land, structure, animal, or other property shall pay all expenses of implementing control measures, court costs, storage, and other justifiable expenses. The court may also require the person who owns or controls the land, structure, animal, or other property to execute a bond in an amount set by the court to ensure the performance of control measures, destruction, or restoration ordered by the court. This bond shall be returned to the person when the department or health authority informs the court that the land, structure, animal, or other property is no longer infected or contaminated or that the structure, animal, or other property has been destroyed.

(e) If the court finds that the land, structure, animal, or other property is not infected or contaminated, it shall order the department or health authority to remove the quarantine and to release the land or other property to the person who owns or controls the land or property.

(f) The department shall charge the person who owns or controls the land or property for the cost of any control measures performed by the department's employees. The department shall deposit the payments received under this section to the credit of the General Revenue Fund to be used for the administration of this Act. A health authority shall charge the person who owns or controls the land or property for the cost of any control measures performed by the health authority's employees. A health authority shall return payments received to each county, incorporated municipality, or other jurisdiction in an amount proportional to that jurisdiction's or entity's contribution to the quarantine and control expense.

#### Area Quarantine

Sec. 4.05. (a) If an outbreak of communicable disease occurs in the state, the commissioner, a health authority, or two or more health authorities whose jurisdictions lie wholly or partly within the affected region may impose an area quarantine to be coextensive with the respective affected geographical area or areas in which the health authority or health authorities have jurisdiction. As appropriate in this section, "health authority" includes two or more health authorities acting under this subsection.

(b) An area quarantine may not be imposed by a health authority unless the health authority has first:

(1) consulted with and obtained the approval of the commissioner; and

(2) consulted with and obtained the approval of the governing body of each county and incorporated municipality in the geographical area over which the

health authority has jurisdiction and in whose jurisdiction the affected area is located.

(c) In the absence of preemptive action by the board under the provisions of this Act or by the governor under the Texas Disaster Act of 1975 (Article 6889-7, Vernon's Texas Civil Statutes), the health authority may impose in the quarantine area under the health authority's jurisdiction the additional disease-control measures that the health authority determines are necessary and most appropriate to arrest, control, and eradicate the existing threat to the public health.

(d) If the affected geographical area lies within the jurisdiction of this state and one or more adjoining states, the department may enter into cooperative agreements with the appropriate officials or agencies of the adjoining states for:

(1) the exchange of morbidity, mortality, and other technical information;

(2) the receipt of extrajurisdictional inspection reports;

(3) the coordination of disease-control measures;

(4) the dissemination of instructions to the population of the area, operators of interstate private and common carriers, and private vehicles in transit across state borders; and

(5) the participation in other public-health activities appropriate to arrest, control, and eradicate the existing threat to the public health.

(e) During the period of area quarantine, the department or health authority may employ all reasonable means of communication to inform persons present in the quarantine area of the orders and instructions of the board or health authority. The department or health authority shall publish at least once each week during the period of area quarantine, in a newspaper of general circulation in the area, a notice of the orders or instructions currently in force with a brief explanation of their meaning and effect. Notice by publication is sufficient notice to inform persons in the area of their rights, duties, and obligations under the orders or instructions.

(f) An area quarantine may be terminated by the commissioner or with the commissioner's consent by a health authority.

#### Private and Common Carriers; Private Conveyances

Sec. 4.06. (a) This section applies to:

(1) all private or common carriers and private conveyances, including a vehicle, an aircraft, and a watercraft operated solely in the jurisdiction of the state; and

(2) all private or common carriers and private conveyances, including a vehicle, an aircraft, and a watercraft operated between one or more states of the United States or between the United States and

one or more foreign nations while the vehicle or craft is in the jurisdiction of the state.

(b) If the department or health authority has reasonable cause to believe that a private carrier, common carrier, or private conveyance has departed from or traveled through an area infected or contaminated with a communicable disease, the department or health authority may order the commander, captain, master, driver, or other authorized agent, owner, or operator to stop the carrier or conveyance under his control at a port of entry or a place of first landing or first arrival in the jurisdiction of the state. The department or health authority may require the commander, captain, master, driver, or other authorized agent, owner, or operator to provide a statement in a form approved by the board that includes information showing:

(1) the details of any illness suspected of being communicable that occurred during the journey;

(2) the details of any condition on board the carrier or conveyance during the journey that may lead to the spread of disease;

(3) the details of any control measures that were imposed on the carrier or conveyance, its passengers or crew, or its cargo or any other object on board during the journey; and

(4) any other information that is required by rules adopted by the board, including information on passengers and cargo manifests.

(c) If the department or health authority, after inspection, has reasonable cause to believe that a private carrier, common carrier, or private conveyance that has departed from or traveled through an infected or contaminated area is or may be infected or contaminated with a communicable disease, that its cargo, or a part of its cargo, or any other object on board is or may be infected or contaminated with a communicable disease, or that an individual on board has been exposed to, or is the carrier of, a communicable disease, the department or health authority may impose necessary, technically feasible control measures under the provisions of Section 4.02 or 4.03 of this Act to prevent the introduction and spread of communicable disease in the state.

(d) The owner or operator of a private carrier, common carrier, or private conveyance placed in quarantine on the order of the department or health authority, or on the order of a county or district court under the provisions of Section 4.02 or 4.03 of this Act, shall bear the expense of the control measures employed to restore the private carrier, common carrier, or private conveyance to a noninfected or noncontaminated state. The department shall charge and be reimbursed for the cost of any control measures performed by the department's employees. The board shall deposit the reimbursements to the credit of the General Revenue Fund to be used for the administration of this Act. A health authority shall charge and be reimbursed for the cost of any control measures performed by the

health authority's employees. A health authority shall return the reimbursements to each county, incorporated municipality, or other governmental entity in an amount proportional to that jurisdiction's or entity's contribution to the quarantine and control expense.

(e) The owner or claimant of any part of the cargo or other object on board the private carrier, common carrier, or private conveyance shall pay the expense of the control measures employed in a manner prescribed by Section 4.03 of this Act. The cost of services rendered or provided by the board or health authority are subject to reimbursement under the procedure prescribed by Subsection (d) of this section.

(f) A crew member, a passenger, or an individual on board the private carrier, common carrier, or private conveyance shall pay the expense of the control measures employed under the provision of Section 4.02 of this Act. The state may pay the expenses of an individual who is without the financial means to pay for part or all of the required medical care or treatment and who is not eligible for benefits under an insurance contract, group policy or prepaid health plan, or benefits provided by a federal, state, or local medical assistance program, as prescribed by Subsection (e) of Section 4.02 of this Act.

(g) A private carrier, a common carrier, a private conveyance, cargo, a crew member, a passenger, or an individual, an animal, or object placed in quarantine under this section may not be removed or may not depart from the area of quarantine until permission for removal or departure is given by the department or health authority.

(h) If the department or health authority has reasonable cause to believe that a private carrier, common carrier, or private conveyance is transporting cargo or any other object that is or may be infected or contaminated with a communicable disease through the state, the department or health authority may require that the cargo or object be transported in secure confinement or sealed within cars, trailers, holds, or compartments, as appropriate, that are secured on the order and instruction of the board or health authority.

(i) If the department or health authority has reasonable cause to believe that a private carrier, common carrier, or private conveyance is transporting cargo or any other object that is or may be infected or contaminated with a communicable disease to an intermediate or ultimate destination in the state and the intermediate or ultimate destination cannot provide the necessary facilities, the department or health authority may require that the cargo or objects in transit be unloaded at an alternate location equipped with adequate investigative and disease-control facilities.

(j) The department or health authority may proceed as authorized by Section 4.03 of this Act to

investigate and, if necessary, quarantine the cargo or object and impose any required control measure.

(k) If the department or health authority has reasonable cause to believe that a private carrier, common carrier, or private conveyance is transporting an individual who has been exposed to or is the carrier of a communicable disease, the department or health authority may require the individual, whether in transit through the state or in transit to an intermediate or ultimate destination in the state, to be isolated from other travelers and, together with his personal effects and baggage, to disembark at the first location equipped with adequate investigative and disease-control facilities. The department or health authority may proceed as authorized under Section 4.02 of this Act to investigate and, if necessary, isolate or involuntarily hospitalize the individual until discharge is approved by the department or health authority.

**Art. 4419g. Special Senses and Communication Disorders Act**

#### Short Title

Sec. 1. This Act may be cited as the Special Senses and Communication Disorders Act.

#### Purpose

Sec. 2. The purpose of this Act is to establish a program to identify, at as early an age as possible, those individuals from birth through 20 years of age who have special senses and communication disorders and who need remedial vision, hearing, speech, and language services. Early detection and remediation of those disorders will provide the individuals with the opportunity to achieve both academic and social status through adequate educational planning and training.

#### Definitions

Sec. 3. In this Act:

- (1) "Board" means the Texas Board of Health.
- (2) "Communication disorder" means an abnormality of functioning related to the ability to express and receive ideas.
- (3) "Department" means the Texas Department of Health.
- (4) "Preschool" means an educational or child-care institution that admits children who are three years of age or older but less than five years of age.
- (5) "Professional examination" means a diagnostic evaluation performed by a licensed, certified, or sanctioned individual whose expertise addresses the diagnostic needs of the individual identified as having a possible special senses or communication disorder.
- (6) "Provider" means an individual, partnership, association, corporation, state agency, or political subdivision of the state that provides remedial services to individuals who have special senses and communication disorders and includes a physician, audiologist, speech pathologist, optometrist, psy-

chologist, hospital, clinic, rehabilitation center, university, or medical school.

(7) "Remedial services" means professional examinations and prescribed remediation, including prosthetic devices, for special senses or communication disorders.

(8) "School" means an educational institution that admits children who are five years of age or older but less than 21 years of age.

(9) "Screening" means a test or battery of tests for the rapid determination of the need for a professional examination.

(10) "Special senses" means the faculties by which the conditions or properties of things are perceived and includes vision and hearing.

#### Screening Requirements

Sec. 4. (a) The board shall adopt rules for the mandatory screening of individuals who attend public or private preschools or schools to detect vision and hearing disorders and any other special senses or communication disorders that the board may specify. The board shall adopt a schedule for implementing the screening requirements and shall give priority to age groups that may derive the greatest educational and social benefits from early identification of special senses and communication disorders. In developing the rules, the board may consider the number of individuals to be screened, the availability of personnel qualified to administer the required screening tests, the availability of appropriate screening equipment, and the availability of state and local funds for screening activities. The rules shall provide for acceptance of screening test results if the screening test has been conducted by a qualified professional utilizing acceptable screening procedures, regardless of whether that professional is under contract with the department.

(b) If the rules require an individual to be screened, the individual shall undergo approved screening tests for vision and hearing disorders and any other special senses and communication disorders specified by the board. The individual shall comply with the board's requirements as soon as possible after the individual's admission to a preschool or school and within the time period set by the board. The individual, or if the individual is a minor, the minor's parent, managing conservator, or guardian, may elect to substitute one or more professional examinations for the required screening tests.

(c) An individual is exempt from the screening requirements of this section if the screening tests conflict with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. The individual, or if the individual is a minor, the minor's parent, managing conservator, or guardian, shall submit to the admitting officer on or before the day

of admission an affidavit stating the objections to screening.

(d) The chief administrator of each preschool or school shall ensure that each individual admitted to the preschool or school has complied with the screening requirements set by the board or has submitted an affidavit of exemption.

(e) The chief administrator of each preschool or school shall maintain screening records for each individual who is in attendance on a form prescribed by the department, and those records must be open for inspection by the department or local health department. An individual's screening records may be transferred among preschools and schools without the specific consent of the individual, or if the individual is a minor, the minor's parent, managing conservator, or guardian.

(f) Each preschool or school shall submit to the department an annual report on the screening status of the individuals in attendance during the reporting year and shall include in the report any other information required by the board. The report must be on a form prescribed by the department and must be submitted according to the board's rules.

(g) The department may coordinate the special senses and communication disorders screening activities of school districts, private schools, state agencies, volunteer organizations, and other entities so that the efforts of each entity are complementary rather than augmented and duplicative. The department may provide technical assistance to those entities in developing screening programs.

#### Provision of Remedial Services

Sec. 5. (a) The department may provide remedial services either directly or through approved providers to individuals who have certain special senses and communication disorders and who are not eligible for special education services administered by the Central Education Agency through the public schools, but who are eligible for remedial services provided by the department.

(b) The board shall adopt rules to describe the type, amount, and duration of remedial services that the department may provide. The rules must establish medical, financial, and other criteria to be applied by the department in determining an individual's eligibility for the services. The board may establish a schedule to determine financial eligibility and may require an individual, or if the individual is a minor, the minor's parent, managing conservator, or guardian, to pay for or reimburse the department for a part of the cost of the remedial services provided. Remedial services may not be required without the consent of the individual, or if the individual is a minor, the minor's parent, managing conservator, or guardian.

#### Eligibility

Sec. 6. (a) In this section "other benefit" means a benefit to which an individual is entitled, other than a benefit under this Act, for payment of the costs of remedial services, including:

(1) benefits received under a personal insurance contract;

(2) payment received from another person for personal injury caused by the other person's negligence or wrongdoing; and

(3) payments received from any other source.

(b) An individual is not eligible to receive remedial services authorized by this Act to the extent that the individual or the parent, managing conservator, or other person who has a legal obligation to support the individual is eligible for some other benefit that would pay for all or part of the services. On a prior showing of good cause, the department may waive this requirement if the department finds that the enforcement of this section would tend to disrupt the administration or prevent the provision of remedial services to otherwise eligible recipients or defeat the purpose of this Act.

(c) An applicant for or recipient of remedial services authorized by this Act shall inform the department, at the time of application or at any time during eligibility and receipt of services, of any other benefit to which the applicant or recipient may be entitled or to which the parent, managing conservator, or other person who has a legal obligation to support the applicant or recipient may be entitled.

(d) The individual or the parent, managing conservator, or other person who has a legal obligation to support an individual who has received remedial services from the department that are covered by some other benefit shall reimburse the department to the extent of the services provided when the other benefit is received.

(e) The department may recover the expenditure for services provided under this Act from a person who does not reimburse the department as required in this section or from any third party on whom there is a possible legal obligation to pay other benefits and to whom notice of the department's interests in the other benefits has been given. The department has a separate and distinct cause of action, and the commissioner of health may, without written consent, request the attorney general to bring suit in the appropriate court of Travis County on behalf of the department. A suit brought under this section need not be ancillary or dependent on any other action. In a judgment in favor of the department, the court may award attorney's fees, court costs, and interest accruing from the date on which the department first provides services to the individual to the date on which the department is reimbursed.

(f) The department may modify, suspend, or terminate the eligibility of an applicant for or recipient

of remedial services after notice to the individual affected and the opportunity for a fair hearing. Fair hearings must be conducted in accordance with the board's informal hearing rules. The board shall adopt rules containing criteria for action under this section.

#### Additional Powers and Duties

Sec. 7. (a) The board shall adopt substantive and procedural rules necessary to administer screening activities and provide remedial services.

(b) The department may require that persons who administer special senses and communication disorders screening tests complete an approved training program, and the department may train those persons and approve training programs.

(c) The department shall monitor the quality of screening activities provided under this Act.

(d) The department may directly or through local health departments enter and inspect records maintained by a preschool or school relating to screening for special senses and communication disorders.

(e) The department may enter into contracts and agreements necessary to administer this Act, including contracts for the purchase of remedial services.

(f) The department may provide educational and other material to assist local screening activities.

(g) The department may conduct research and compile statistics relating to the provision of remedial services to individuals with special senses and communication disorders and relating to the availability of those services in the state.

(h) The department may accept appropriations, donations, and reimbursements, including donations of prosthetic devices, and may apply those items to the purposes of this Act.

(i) The department shall select providers of remedial services according to criteria established in rules adopted by the board.

(j) The department shall compile and publish a report for the legislature on or before February 1 of each year describing the conduct of the program and its impact on public health.

#### Special Provisions for Speech, Language, and Hearing Screening, Professional Examination, and Remedial Services

Sec. 8. (a) A person who provides speech and language screening services authorized by this Act must be appropriately licensed or certified or trained by a person who is appropriately licensed or certified.

(b) A person who provides a professional examination or remedial services authorized by this Act for speech, language, or hearing disorders must be appropriately licensed or certified.

##### Power to Prohibit

Sec. 3. The State Board shall have the power to make an investigation of any industry which employs industrial homeworkers, in order to determine if conditions of employment of industrial homeworkers in such industry are injurious to their health and welfare. If, on the basis of information in its possession, after an investigation, as provided in this Section, the Board shall find that industrial homework cannot be continued within an industry without injuring the health and welfare of the industrial homeworkers within that industry, or the general public, the Board of Health shall by order declare such industrial homework unlawful as provided in Section 2 and require all employers in such industry to discontinue the furnishing within this State of material for industrial homework, and no

Such hearing or hearings shall be in such place or places as the Board deems most convenient to the employer and industrial homeworkers to be affected by such order. The Board shall determine the effective date of such order, which date shall be not less than ninety (90) days after the date of its promulgation.

Sec. 5. No materials for manufacture by industrial homework shall be delivered to any person in this State unless the employer so delivering them or his agent, if the employer is not a resident of this State, has obtained a valid employer's permit from the Board. Such permit shall be issued upon payment of a fee of Fifty Dollars (\$50), and shall be valid for a period of one year from the date of its issuance, unless sooner revoked or suspended. #### Labels Required

Sec. 7. No employer shall deliver or cause to be delivered to any person any materials or articles to be manufactured by industrial homework unless there has been conspicuously affixed to each article or, if this is impossible, to the package or other container in which such goods are delivered or are to be kept, a label or other trade-mark of identification bearing the employer's name and address, printed or written legibly in English.

#### Unlawfully Manufactured Articles

Sec. 8. Any article which is being manufactured in a home in violation of any provision of this Act may be removed by the Board and may be retained until claimed by the employer. The Board shall by registered mail give notice of such removal to the person whose name and address are affixed to the article as provided in Section 7. Unless the article so removed is claimed within thirty (30) days thereafter, it may be destroyed or otherwise disposed of.

#### Records to be Kept

Sec. 9. Subpoenas and commissions to take testimony shall be issued under seal of the Board of Health.

The several district judges and courts are hereby charged with the duty of aiding said board in its investigations and in compelling due observance of the provi-

sions of this chapter; and if any witness summoned by said board or any of its officers or members shall prove disobedient or disrespectful to the lawful authority of such board, officer or member, such person shall be punished by the district court of the county in which such witness is summoned to appear, as for contempt of said court.

If the Governing Bodies of two (2) or more Cities shall find that it is to the best interest of such Cities to

The Authority shall comprise only the territory included within the boundaries of such City or Cities and shall be a body politic and corporate. It shall have the power of perpetual succession, have a seal, may sue and be sued and may make, amend and repeal its bylaws.

##### Board of Directors

Sec. 4. (a) The Authority shall be governed by a Board of Directors consisting of not less than seven (7) nor more than eleven (11) members to be determined at the time of creating the Authority. Unless otherwise provided in the resolution authorizing the issuance of bonds or the Trust Indenture securing them, the number of Directors may be increased or decreased from time to time by amendment to the ordinance creating the Authority adopted by the Governing Body of the City or ordinances creating the Authority adopted by the Governing Bodies of the Cities, but no decrease in number shall have the effect of shortening the term of any incumbent Director. Except as hereinafter in this Section provided, the first Directors shall be appointed by the Governing Body of the City or by the Governing Bodies of the Cities, and they shall serve until their successors are appointed as hereinafter provided. If Authority includes more than one City, each Governing Body shall appoint an equal number of Directors unless otherwise agreed by the Cities. When the Authority issues its revenue bonds the resolution authorizing the issuance of the bonds or the Trust Indenture securing them may prescribe the method of selecting and the term of office of a majority of the members of the Board. The remaining members of the Board shall be appointed by the Governing Body of the City or the Governing Bodies of the Cities for two (2) year terms. The Trust Indenture may also provide that, in event of default as defined in the Trust Indenture, the Trustee may appoint all of the Directors, in which event the terms of the Directors then in office shall automatically terminate. Unless and until provision is made in the Bond Resolution or Indenture in connection with the issuance of bonds for the appointment by other means of part of the Directors, all of the Directors shall be appointed by the Governing Body of the City or each of the Cities, as the case may be, for terms not to exceed two (2) years, but the terms of Directors appointed prior to the issuance of the first issue of revenue bonds shall be subject to the exercise of the provision herein made for appointment of a majority of the members of the Board in connection with the issuance of the bonds. No officer or employee of any such City shall be eligible for appointment as a Director. Directors shall not receive compensation for services but shall be entitled to reimbursement of their expenses incurred in performing such service.

(b) In the event the Authority purchases from a nonprofit corporation a hospital then in existence or in process of construction, the first members of the Board of Directors and their successors shall be determined as provided in the contract of purchase.

(c) Notwithstanding any other provisions of law to the contrary, when an authority created under this Act has been financed pursuant to the Hospital Project Financing Act (Article 4437e-2, Vernon's Texas Civil Statutes), the governing body of a city or the governing bodies of the cities may thereafter by ordinance direct that the members of the board of directors may be selected by the governing body or bodies from a list of nominees submitted to it by the board of directors; that in the event a nominee is rejected by the governing body or bodies, the board of directors shall name another nominee or nominees for such office. The governing body or bodies shall then make appointments from these and any other nominees offered by members of the governing body or bodies. Such governing body or bodies may also provide for a reduction in the number of members on the board of directors (but not less than seven) and for a limitation on the successive terms a director may serve, and the same shall thereafter be controlling as to such authority.

Sec. 5. The offices of secretary and treasurer may be combined. The president shall have the same right to vote on all matters as other members of the Board. A majority of the members of the Board shall constitute a quorum and when a quorum is present action may be taken by a majority vote of Directors present. If the bylaws so provide, the Board of Directors, by resolution adopted by a majority of the Directors in office, may designate one or more committees, which, to the extent and in the manner provided in such resolution or in the bylaws, shall have and exercise the authority of the Board of Directors in the management of the Authority. Each such committee shall consist of two or more persons who are directors and may have additional nonvoting members who, if such resolution or the bylaws so provide, need not be directors. The Board of Directors may not, however, provide for the delegation to such committees of the Authority of the power to issue bonds, enter into or amend a lease of a Hospital or a management agreement with respect to a Hospital or to employ or discharge a manager or an executive director. The Board may employ a manager or executive director of the Hospital and such other employees, experts and agents as it may see fit, or enter into a management agreement with any person and it may delegate to the manager the power to manage the

Hospital and to employ and discharge employees. The Board may sell, lease, or close the Hospital as otherwise provided by law and may employ legal counsel.

(2) a petition requesting an election on a proposition for or against the sale, signed by 10 percent or more of the qualified voters residing in the Authority is not presented to the secretary or president of the Board of Directors before the scheduled date of the sale.

(c) If a petition described in Subdivision (2), Subsection (b) of this section is presented to the secretary or president of the Board of Directors before the scheduled date of the sale, the property may be sold to a political subdivision only if an election on the proposition is held and a majority of the qualified voters voting in the election favor the sale. The Board shall call the election on receiving the petition or may call the election on its own motion if no petition is filed. The Board shall determine and the order calling the election shall specify the date,

place, or places of holding the election, the form of ballot, and the presiding judge, alternate judge, and clerks for each voting place. Section 9b, Texas Election Code (Article 2.01b, Vernon's Texas Election Code), does not apply to the election. A substantial copy of the election order shall be published in a newspaper or newspapers of general circulation in the Authority once a week for two consecutive weeks, the first publication to appear at least 30 days before the election date. The form of the ballots at the election shall be in conformity with Section 61, Texas Election Code, as amended (Article 6.05, Vernon's Texas Election Code), so that ballots may be cast for or against the following proposition: "The sale of ..... by the ..... Hospital Authority." The Board shall canvass the returns and announce the results. Except as specifically provided in this section, the election shall be governed by the Texas Election Code.

(d) The Board may sell real property acquired by donation, gift, or purchase that the Board determines is not needed for Hospital purposes if the sale does not contravene (1) a trust indenture or bond resolution relating to outstanding bonds of the Authority, or any prior restrictions or limitations placed on the use of the property, or (2) any agreement entered into either prior to or after the effective date of this Section 6(d) between the Authority and a non-profit corporation under the provisions of Senate Bill No. 243, as enacted, Acts of the 64th Legislature, Regular Session, 1975.<sup>1</sup> The Board shall sell the property through sealed bids or at a public auction. If the Board conducts the sale by sealed bids, the Board shall provide notice of the sale in the manner provided by Chapter 455, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 5421c-12, Vernon's Texas Civil Statutes). If the Board conducts the sale by public auction, the Board shall publish notice of the sale, including a description of the property and the date, time, and place of the auction, in a newspaper with general circulation in each City of the Authority once a week for three consecutive weeks, the first notice to appear at least 20 days before the auction. It is hereby found, determined, and declared that it is the policy of the State of Texas that the present and prospective health, safety, and general welfare of the people of this state require as a public purpose the promotion and development of new and expanded hospital projects, as defined in this Act. #### Payment of Bonds or Notes

Sec. 4. (b) to cause title to a hospital project provided in accordance with the provisions of this Act to be vested in a non-profit corporation; provided that if the governing body of the issuer deems it advisable to so vest title in a non-profit corporation, such issuer may retain a mortgage interest in such hospital project, which mortgage interest shall expire if and when all bonds or notes of the issuer sold to provide such hospital project have been paid or provision has been made for their final payment;

Sec. 6. No issuer shall have the power under this Act to acquire any hospital project, or any part thereof, to be sold or leased under this Act, by the exercise of the power of eminent domain. Land previously acquired by an issuer in the exercise of the power of eminent domain may be sold or leased, under the provisions of this Act; provided that the governing body of the issuer determines that (a) such use will not interfere with the purpose for which such land was originally acquired or that such land is no longer needed for such purpose, (b) at least seven years have elapsed since such land was so acquired, and (c) such land was not acquired for park purposes unless such sale or lease of park land has been approved at an election held under the authority of Article 1112, Revised Civil Statutes of Texas, 1925, as amended by Chapter 108, Acts of the 63rd Legislature, 1973.

#### Issuance of Bonds or Notes

Sec. 7. (a) Each issuer is hereby authorized to provide by resolution, from time to time, for the issuance of negotiable revenue bonds or notes or any other evidences of indebtedness for the purpose of paying all or any part of the cost of a hospital project. The bonds or notes of each issue shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times, not exceeding 40 years from their date, as may be determined by the issuer and may be made redeemable before maturity, at the option of the issuer, at such price or prices and under such terms and conditions as may be determined by the issuer.

(b) The principal of, redemption premium, if any, and the interest on such bonds or notes shall be payable from and secured by a pledge of all or any part of the revenues of the issuer to be derived from the ownership, operation, lease, use, mortgage, and/or sale of the hospital project for which such bonds or notes have been issued and/or from such other revenues, if any, as may be provided by a non-profit corporation, all as specified by the resolution of the governing body or in any trust indenture or other instrument securing the bonds or notes.

(c) One or more series of bonds or notes may be issued for each hospital project or any hospital projects may be combined in one or more series of bonds or notes if the governing body, in the exercise of its discretion, deems the same to be in the best interest of the issuer, but each hospital project may be considered separately with respect to the provisions of Sections 8 and 9 of this Act.

(d) The issuer shall determine the form of the bonds or notes, including any interest coupons to be attached thereto, and shall determine the denomination or denominations of the bonds or notes and the place or places of payment of principal, redemption premium, if any, and interest. Provision may be made for execution of the bonds or notes and cou-

pons, if any, under the provisions of Chapter 204, Acts of the 57th Legislature, 1961, as amended (Article 717j-1, Vernon's Texas Civil Statutes). In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds, notes, or coupons shall cease to be such officer before the delivery of such bonds or notes, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. The bonds or notes may be issued in coupon or in registered form, or both, or may be payable to a specific person, as the issuer may determine, and provisions may be made for the registration of any coupon bonds or notes as to the principal alone and also as to both principal and interest, and provision may be made for the conversion of coupon bonds or notes into registered bonds or notes without coupons and for the reconversion into coupon bonds or notes of any registered bonds or notes without coupons. If the duty of such conversion or reconversion is imposed upon a trustee in a trust agreement, the substituted bonds or notes need not be reapproved by the Attorney General of Texas, and they shall remain incontestable. The issuer shall sell the bonds or notes at such price or prices as shall be determined by the governing body of the issuer.

(e) The proceeds of the bonds or notes shall be used solely for the payment of the cost of the hospital project for which the bonds or notes were issued, and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing their issuance or in the trust agreement securing the same. If the proceeds of the bonds or notes shall exceed the cost of the hospital project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds or notes.

(f) From the proceeds from the sale of the bonds or notes, the governing body may set aside amounts for payments into reserve funds, and provisions for such funds may be made in the resolution authorizing the bonds or notes or any instruments securing the same. The proceeds from the sale of the bonds or notes may be invested: (1) in direct, indirect, or guaranteed obligations of the United States government or its agencies maturing in the manner that may be specified by the resolution authorizing the bonds or notes or any other instrument securing the bonds or notes; or (2) in certificates of deposit of any bank or trust company which deposits are secured by such obligations. Any bank or trust company with trust powers may be designated by the governing body to act as depository of the proceeds of the bonds or notes or of contract or lease revenues. Such bank or trust company shall furnish such indemnifying bonds or pledge such securities as may be required by the issuer to secure the deposits.

(g) Prior to the preparation or issuance of definitive bonds or notes, the issuer may issue interim

receipts or temporary bonds or notes, with or without coupons, exchangeable for definitive bonds or notes when such bonds or notes shall have been executed and are available for delivery. Such interim receipts or temporary bonds or notes shall be for a maximum term of two years. The issuer shall submit such interim receipts or temporary bonds or notes to the Attorney General of Texas in accordance with Subsection (i) of this Section 7.

(h) Bonds or notes may be issued in accordance with the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau, or agency of the State of Texas, and without any proceedings or the happening of any conditions or things other than those proceedings, conditions, or things which are specifically required by this Act.

(i) After issuance of the bonds or notes is authorized and before the bonds or notes may be delivered to the purchaser thereof, the bonds or notes and the proceedings authorizing their issuance and securing the bonds or notes shall be presented to the Attorney General of Texas for examination. Where such bonds or notes recite that they are secured by a pledge of all or any part of the revenues of the issuer to be derived from any lease or other contract, such contracts shall also be submitted to the Attorney General of Texas. If the attorney general finds that such bonds or notes have been duly authorized in accordance with the constitution and laws of the State of Texas and that such contracts, if any, submitted to him securing and relating to the bonds or notes have been made in accordance with the constitution and laws of the State of Texas, he shall approve the bonds or notes and such contracts. The bonds or notes when approved shall be registered by the Comptroller of Public Accounts of the State of Texas. After such approval and registration, the bonds or notes and any and all contracts submitted therewith shall be valid and binding obligations in accordance with their terms, and shall be incontestable in any court or other forum.

(j) Nothing in this Act shall supercede the provisions of the state certificate of need law.

(k) Before authorizing the issuance of any bonds or notes or calling an election on any matters authorized by this Act, the issuer shall deposit with the chief administrative officer of the issuer a full and complete description of any proposed hospital project, including a detailed listing and explanation of projected costs, the reasons for the hospital project, and the names of the owners of the non-profit corporation for whom the hospital project is to be constructed. All of the information deposited or required to be deposited by this section is public information.

**Resolution for Issuance of Bonds or Notes;  
Publication; Protest of Issuance; Election**

Sec. 8. Before issuing any bonds or notes in accordance with the provisions of this Act, the gov-

erning body of an issuer shall adopt a resolution declaring its intention to do so and stating the maximum amount of bonds or notes proposed to be issued, the purpose for which the bonds or notes are to be issued, and the tentative date, time, and place at which the governing body proposes to authorize the issuance of such bonds or notes. A substantial copy of such resolution shall be published three times in a newspaper or newspapers of general circulation in the territorial limits of the issuer. The first publication shall be made not more than 45 days prior to the tentative date fixed in such resolution and the third publication shall be made not less than 10 days prior to the tentative date fixed in such resolution for the authorization of the bonds or notes. If at least 5 percent or 20,000 of the qualified electors of the issuer, whichever is less, shall file a written protest against the issuance of such proposed bonds or notes at no later than the close of business the business day before the tentative date specified for the authorization of such bonds or notes, then an election on the question of the issuance of such bonds or notes shall be called and held as herein provided. If no such protest is filed, then such bonds or notes may be issued by the issuer without an election at any time within a period of two years after the tentative date specified in the resolution; provided, however, that the governing body of an issuer, in its discretion, may call an election on such question, in which event it shall not be necessary to publish the notice of its intention to issue bonds or notes as provided herein.

#### Election on Issuance of Bonds or Notes

Sec. 9. If an election is called, notice thereof shall be published three times in a newspaper or newspapers of general circulation in the territorial limits of the issuer. The first publication shall be made not more than 45 days prior to the date fixed for such election, and the third publication shall be made not less than 10 days prior to the date fixed for such election. The election shall be conducted in accordance with the general laws of Texas pertaining to bond elections in cities, except as modified by the provisions of this Act. The order calling the election shall specify the date of such election, the place or places of holding the election, and the presiding judge and alternate judge for each voting place, and shall provide for clerks as provided in the Election Code of the State of Texas. The form of ballot shall be in conformity with the applicable provisions of such election code and the ballots shall provide for voting for or against the following proposition: "The issuance of revenue bonds or notes or other evidences of indebtedness for the hospital project or hospital projects." As soon as practicable after such election is held, the governing body of the issuer shall convene and canvass the returns of the election, and in the event a majority of the voters voting in such election approves the proposition, such governing body shall so find and declare and shall be authorized to proceed with the authorization of bonds or notes. No election shall again be

called on the proposition of issuing revenue bonds or notes for any hospital project which has been defeated by a majority of the voters voting in an election within six months of the proposed new election, and no bonds or notes shall be issued for any such hospital project until a majority of the voters voting in an election held for that purpose approve the issuance of such bonds or notes.

#### Leases and Other Contracts; Terms

Sec. 10. Any lease or other contract entered into pursuant to this Act may be for such term as the parties may agree, and may provide that it shall continue in effect until the bonds or notes specified therein, or refunding or substitution bonds or notes issued in lieu of such bonds or notes, are fully paid or provision has been made for their final payment.

#### Refunding Bonds or Notes

Sec. 11. An issuer is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds or notes for the purpose of refunding any bonds, notes, or other evidences of indebtedness then outstanding, issued to provide a hospital project, which bonds, notes, or evidences of indebtedness may or may not have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, notes, or evidences of indebtedness. The bonds, notes, or evidences of indebtedness previously issued and to be refunded by the revenue refunding bonds or notes described in this Section 11 need not have been originally issued by the issuer of the revenue refunding bonds or notes. The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the issuer in respect of the same, shall be governed by the provisions of this Act insofar as the same may be applicable. Within the discretion of the issuer, the refunding bonds or notes may be issued in exchange or substitution for outstanding bonds, notes, or other evidences of indebtedness or may be sold and the proceeds used for the purpose of paying or redeeming outstanding bonds, notes, or other evidences of indebtedness.

#### Securing Bonds or Notes by Trust Agreement

Sec. 12. (a) Any bonds or notes issued under the provisions of this Act may be secured by a trust agreement by and between the issuer and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the State of Texas. Any such trust agreement may pledge or assign lease income, contract payments, fees, or any other charges to be received from a non-profit corporation. Such bonds or notes, within the discretion of the governing body of the issuer, may be additionally secured by a mortgage, a deed of trust lien, or other security interest upon a designated hospital project vesting in the trustee

power to sell such hospital project for the payment of the indebtedness, power to operate such hospital project, and all other powers and authority for the further security of the bonds or notes.

(b) The trust agreement may evidence a pledge of all or any part of the revenues of the issuer to be derived from the ownership, operation, lease, use, mortgage, and/or sale of any hospital project for the payment of principal of, redemption premium, if any, and interest on such bonds or notes as the same shall become due and payable and may provide for the creation and maintenance of reserves. Any such trust agreement or any resolution providing for the issuance of such bonds or notes may contain such provisions for protecting and enforcing the rights and remedies of the holders thereof as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the issuer and the non-profit corporation in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the hospital project in connection with which such bonds or notes shall have been issued, and the custody, safeguarding, and application of all money. Any such trust agreement may set forth the rights and remedies of the bondholders or noteholders and of the trustee, and may restrict the individual right of action by bondholders or noteholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the issuer may deem reasonable and proper for the security of the bondholders or noteholders and may also contain provisions governing the issuance of bonds and notes to replace lost, stolen, or mutilated bonds or notes. All expenses incurred by any issuer in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the hospital project with respect to which the bonds or notes have been issued.

**Default in Payment of Bonds or Notes; Enforcement by Mandamus or by Appointment of Receiver**

Sec. 13. Any agreement or contract made in accordance with the provisions of this Act may contain a provision that, in the event of a default in the payment of the principal of, redemption premium, if any, or the interest on bonds or notes issued in accordance with, or relating to, such agreement, or in the performance of any agreement contained in the proceedings, mortgage, or instruments relating to such bonds or notes, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rates, rents, or contract payments and to apply the revenues from the hospital project in accordance with such resolution, mortgage, or instruments.

**Foreclosure of Mortgage to Secure Bonds or Notes**

Sec. 14. Any mortgage to secure bonds or notes issued in accordance with the provisions of this Act may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the property secured by the mortgage may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds or notes secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor.

**Members of Governing Body; Method of Selecting and Term of Office**

Sec. 15. If an authority issues bonds or notes in accordance with the provisions of this Act, notwithstanding any provision of law, and under no circumstances, shall the method of selecting and the term of office of any of the members of the governing body of such authority be prescribed in the resolution authorizing the issuance of such bonds or notes, the trust agreement securing such bonds or notes, or any other agreement relating to such bonds or notes.

**Authority of Governing Body**

Sec. 16. Except as limited by the provisions of this Act, each governing body of an issuer shall have full and complete authority with respect to bonds or notes of such issuer, lease agreements in which such issuer is lessor, sales agreements, and all other contracts and the provisions thereof.

**Tax Exemption for Bonds or Notes**

Sec. 17. In carrying out the purposes of this Act, the issuer will be performing an essential public function and any bonds or notes issued by it and their transfer and the interest therefrom, including any profits made from the sale thereof, shall at all times be free from taxation by the State of Texas or any municipality or political subdivision thereof.

**Bonds or Notes as Securities**

Sec. 18. Bonds or notes issued under the provisions of this Act, and coupons, if any, representing interest thereon, shall when delivered be deemed and construed to be a "security" within the meaning of Chapter 8, Investment Securities, of the Uniform Commercial Code, as amended (Chapter 8, Title I, Business & Commerce Code),<sup>1</sup> and shall be exempt securities under the Texas Securities Act, as amended (Article 581-1, et seq., Vernon's Texas Civil Statutes). A lease agreement, sales agreement, or other contract under this Act shall not be a security within the meaning of the Texas Securities Act.

**Bonds or Notes as Legal and Authorized  
Investments and Security**

Sec. 19. Unless the bonds and notes issued under this Act are ineligible for investments in accordance with the criterion established in other statutes, rulings, or regulations of the State of Texas or the United States, then the bonds and notes under this Act shall be and are hereby declared to be legal and authorized investments for any banks; savings banks; trust companies; building and loan associations; insurance companies; fiduciaries; trustees and guardians; and sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. Such bonds or notes shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas, and they shall be lawful and sufficient security for said deposits at their face value when accompanied by all unmatured coupons, if any, appurtenant thereto.

**Expenses of Relocation, Rerouting, Altering  
Construction, etc.**

Sec. 20. In the event any issuer, in the exercise of the power of relocation or any other power, makes necessary the relocation, raising, lowering, rerouting, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, cable television transmission line, telegraph or telephone properties and facilities, or pipelines, all such necessary relocation, raising, lowering, rerouting, changing of grade, or alteration of construction shall be accomplished at the sole expense of the issuer or the non-profit corporation. Such expense shall be paid from the proceeds of the sale of the bonds or notes. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, changing the grade of, or alteration of construction to provide comparable replacement, without enhancement, of such facilities, after deducting therefrom the net salvage value derived from the old facility.

**Severability**

Sec. 21. The provisions of this Act are severable. If any word, phrase, clause, paragraph, sentence, section, part, or provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of this Act shall nevertheless be valid; and the legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, section, part, or provision.

**Art. 4437e-3. Texas Hospital Equipment Financing Act**

**Title of Act**

Sec. 1. This Act may be cited as the "Texas Hospital Equipment Financing Act."

**Legislative Findings and Purpose**

Sec. 2. It is hereby found, determined, and declared that health-related equipment, as defined in this Act, in many portions of this state is presently obsolete, inadequate, or insufficient; that the cost of providing such health-related equipment within this state has in many cases become excessive; and that the present and prospective health, safety, and general welfare of the people of this state require as a public purpose the promotion and development of new and expanded methods of providing such health-related equipment. It is the purpose of this Act to establish the Texas Hospital Equipment Financing Council, the board of trustees of which shall be comprised of the members of the hospital advisory council, as created under the Texas Hospital Survey and Construction Act, as amended (Article 4437d, Vernon's Texas Civil Statutes), or shall be appointed by the hospital advisory council, as hereinafter provided, and to enable the financing council and the participating health-care providers, as herein defined, to provide at a reasonable cost health-related equipment, as herein defined, which the financing council determines will improve the adequacy, cost, and accessibility of health care within this state. It is therefore determined and declared as a matter of public policy that the establishment of the financing council, as herein defined, the issuance of revenue bonds and notes by the financing council, and the exercise of the other powers of the financing council, all as herein provided, are in the public interest and in furtherance of an important public purpose. The necessity in the public interest of the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

Creation; Powers and Duties**

Sec. 4. There is hereby created a nonmember, nonstock public benefit corporation to be known as the Texas Hospital Equipment Financing Council with the powers herein set forth for the purpose of providing at a reasonable cost health-related equipment which the financing council determines will improve the adequacy, cost, and accessibility of health care within this state, which purpose is hereby declared to be a public purpose of this state. The exercise by the financing council of all powers and duties conferred by this Act shall constitute and be deemed and held to be an essential public purpose of the state, acting by and through the financing council, in promoting the general health, wel-

fare, and prosperity of the state and all of its citizens. Neither the state nor the hospital advisory council shall be authorized to lend its credit or grant or loan any public money or thing of value in aid of the financing council.

**Board of Trustees; Composition; Terms; Reappointment; Vacancies; Eligibility**

Sec. 5. (a) The board of the financing council shall consist of 12 members, entitled trustees.

(b) The members of the hospital advisory council shall serve, ex officio, as trustees. Each such member shall serve as a trustee during the entire time such person is a member unless such member shall decline to serve by so notifying the hospital advisory council in writing in which event the hospital advisory council by majority vote shall appoint a person to serve as a trustee in lieu of such member.

(c) If all or any of the trustees are appointed by the hospital advisory council, each trustee so appointed shall hold office for a term expiring on July 17 of each odd-numbered year. Each trustee so appointed shall hold office until a successor is appointed and has qualified by executing the surety bond required by this Act of each trustee. Appointments to the hospital advisory council shall be made with due regard for the race, creed, sex, religion, and national origin of the appointees and the geographical distribution of the members of the hospital advisory council.

(d) Each trustee shall be eligible for reappointment.

(e) Any vacancy in the office of a trustee appointed by the hospital advisory council shall be filled by majority vote by the hospital advisory council. Any such vacancy, except for a vacancy resulting from the expiration of the term of such trustee, shall be filled for the unexpired term only.

(f) To be eligible to serve as a trustee appointed by the hospital advisory council, a person shall be a qualified voter of the state. Members and employees of the hospital advisory council are eligible to serve as trustees. No officer, director, or employee of a participating health-care provider shall be eligible to serve as a trustee. Any trustee appointed by the hospital advisory council having any pecuniary interest in any participating health-care provider shall resign from the board prior to the authorization of any bonds for the benefit of such participating health-care provider, and such vacancy shall be filled as otherwise provided in this Act.

**Board of Trustees; Compensation; Officers; Quorum; Resolutions; Majority Action; Meetings; Surety Bonds; Personal Liability; Bylaws; Committees; Indemnification**

Sec. 6. (a) The trustees shall serve as such without compensation, except that each trustee shall be reimbursed for his or her actual expenses incurred in the performance of his or her duties hereunder to the extent authorized by the board.

(b) The board shall elect one of the trustees as chairman, who shall preside at all meetings of the board and perform such other duties as are prescribed by the board and this Act. The board shall elect one of the trustees as vice-chairman to perform the duties of the chairman when the chairman is not present or is incapable of performing his duties. The board shall elect a secretary to be the official custodian of the minutes, books, records, and seal of the board and to perform other duties as prescribed by the board. The board may elect a treasurer to perform duties prescribed by the board. The offices of secretary and treasurer may be held by one person, and the holder of each of these offices need not be a trustee. The board may appoint one or more persons who need not be trustees to be assistant secretaries who may perform any duty of the secretary.

(c) The chairman, vice-chairman, secretary, and, if elected, the treasurer and any assistant secretaries of the board shall be elected at the first meeting of the board after all trustees have been appointed and qualified for office by executing the surety bond required by this Act of each trustee. Thereafter, officers of the board shall be elected at the first meeting of the board on or following July 17 of each odd-numbered year, or at any time necessary to fill a vacancy.

(e) Seven of the members of the board shall constitute a quorum for the transaction of business by the board.

(f) The board shall act and proceed by and through written resolutions adopted by the board. The act of the majority of the trustees present at a meeting at which a quorum of the board is present shall be the act of the board.

In the case of emergency or urgent public necessity, which shall be expressed in the notice, it shall be sufficient if the notice is posted two hours before the meeting is convened. Any action taken by the board at a meeting on a subject for which notice as required in this subsection has not been given is voidable.

(i) Prior to taking office as trustee, each trustee shall execute a surety bond in the penal sum of

\$10,000, conditioned on the faithful performance of the duties of trustee, executed by a surety company authorized to transact business in this state and filed with the Secretary of State of Texas. The surety bond shall be kept in force at all times thereafter, and the cost shall be paid by the financing council.

(j) A trustee shall not be liable personally for any bonds issued or contracts executed by the financing council.

(k) The initial bylaws of the financing council shall be adopted by the board. The power to alter, amend, or repeal the bylaws or to adopt new bylaws shall be vested in the board. The bylaws may contain any provisions for the regulation or management of the affairs of the financing council not inconsistent with law, including this Act.

(l) The board, by resolution adopted by a majority of the trustees present at a meeting at which a quorum of the board is present, may designate one or more committees, which committees shall, however, not have the authority of the board in the management of the financing council. Membership on such committees may but need not be limited to trustees.

(m) The financing council shall indemnify any trustee or officer or former trustee or officer of the financing council for expenses and costs (including attorneys' fees) actually and necessarily incurred by him in connection with any claim asserted against him, by action in court or otherwise, by reason of his being or having been a trustee or officer, except in relation to matters as to which he shall have been guilty of gross negligence or misconduct in respect of the matter in which indemnity is sought.

(n) If the financing council has not fully indemnified him, the court in the proceeding in which any claim against such trustee or officer has been asserted, or any court having the requisite jurisdiction of an action instituted by such trustee or officer on his claim for indemnity, may assess indemnity against the financing council or its receiver or trustee for the amount paid by such trustee or officer in satisfaction of any judgment or in compromise of any such claim (exclusive in either case of any amount paid to the financing council), and any expenses and costs (including attorneys' fees) actually and necessarily incurred by him in connection therewith to the extent that the court shall deem reasonable and equitable; provided, nevertheless, that indemnity may be assessed under this section only if the court finds that the person indemnified was not guilty of gross negligence or misconduct in respect of the matter in which indemnity is sought.

#### Rights and Powers of Financing Council

Sec. 7. The financing council shall have all the rights and powers necessary or convenient to accomplish the purposes of the financing council as set forth in this Act, including without limitation the powers:

(6) to lend money for its corporate purposes, invest and reinvest its funds, and take and hold property as security for the payment of funds so loaned or invested;

(7) to purchase, receive, lease, or otherwise acquire, own, hold, improve, use, or otherwise deal in and with health-related equipment, or any interest therein, wherever situated, as the purposes of the financing council shall require;

(15) to make and alter bylaws, not inconsistent with the laws of this state, for the administration and regulation of the affairs of the financing council; and

(16) whether included in the foregoing or not, to have and exercise all powers necessary or appropriate to effect any or all of the purposes for which the financing council is organized. Provided, however, that the financing council shall not be authorized to incur financial obligations under this Act unless payable solely from the proceeds of bonds, revenues derived from the lease or sale of health-related equipment or realized from a loan made by the financing council to finance or refinance in whole or in part directly or indirectly health-related equipment, revenues derived from the operation or ownership of health-related equipment, or any other revenues, including insurance proceeds, as may be provided by a participating health-care provider, any one or more; provided further, however, that nothing in this Act shall be interpreted to bestow upon the financing council the power of taxation, the power of eminent domain, the police power, or any equivalent sovereign power of this state or the hospital advisory council. Nothing in this section grants any authority to officers or trustees of the financing council for the exercise of any of the foregoing powers, inconsistent with limitations on any of the same which may be expressly set forth in this Act or in the bylaws or in any other laws of this state. Authority of officers and trustees to act beyond the scope of the purpose or purposes of the financing council is not granted by any provision of this section.

**Inapplicability of Administrative Procedure and Texas Register Act and Public Bidding Requirements**

Sec. 8. The financing council is not an "agency" as defined in the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), and is not subject to the provisions of such Act. The financing council is not a political subdivision or body politic of the state, is prohibited from using any money of the state or the hospital advisory council, and, therefore, shall not

be subject to public bidding requirements of the state.

**Provision of Health-Related Equipment for Operation by Health-Care Providers in Health Facilities; Powers of Financing Council**

Sec. 9. In addition to the other powers and duties of the financing council, the financing council is specifically authorized to initiate a program of providing health-related equipment to be operated by participating health-care providers in health facilities located within the state. In this regard, the financing council shall be authorized to exercise the following powers:

(1) to establish financial eligibility standards for participating health-care providers;

(2) to obtain or aid in obtaining from any department, agency, or instrumentality of the United States or the state or any private company any insurance or guarantee as to, or of, or for the payment or repayment of loan payments, rent payments on any lease or principal, redemption premium, or interest, or any part thereof, on any bonds;

(3) to enter into any agreement, contract, or other instrument with respect to any insurance and to accept payment in the event of damage to or destruction of any health-related equipment;

(4) to enter into any agreement, contract, or other instrument with respect to any insurance, guarantee, or letter of credit, to accept payment in such manner and form as provided therein in the event of default by a participating health-care provider or other entity to which a loan has been made, and to assign any such insurance or guarantee as security for bonds issued by the financing council;

(5) to procure letters of credit from any national or state banking association or other entity authorized to issue a letter of credit to secure the payment of any bonds issued by the financing council or to secure the payment of any loan, lease, or purchase payment owed by a participating health-care provider to the financing council, including the power to pay the cost of obtaining such letter of credit;

(6) to enter into an agreement with any entity securing the payment of bonds issued pursuant to this Act, authorizing said entity to approve the participating health-care providers that can receive reimbursement for or finance or refinance health-related equipment with proceeds from the bonds secured by said entity and to approve any banks, savings and loan associations, or other entities to which the financing council may loan its funds to finance or refinance directly or indirectly the cost of health-related equipment for participating health-care providers; and

(7) to loan to any participating health-care provider or a bank or savings and loan association or other entity under an installment purchase contract or loan agreement money to reimburse, finance, or

refinance directly or indirectly the cost of specific items of health-related equipment for a participating health-care provider and to take back a secured or unsecured promissory note evidencing such loan upon such terms and conditions as the financing council may approve.

#### Experts, Agents, and Independent Contractors

Sec. 10. (a) The financing council may employ such experts and agents and may contract with such independent contractors as it may see fit, and it may delegate to such experts, agents, and independent contractors the power to manage the routine affairs of the financing council required or permitted by this Act, including the processing of any applications from any health-care providers for loans from the financing council for the financing of health-related equipment and for the lease or purchase from the financing council or financing by the financing council of health-related equipment.

(b) Notwithstanding anything set forth in Subsection (a) of this section, the financing council shall not delegate to any employee, expert, agent, or other person any of the following specific duties and powers:

(1) the power to issue, sell, and deliver bonds, as more specifically provided elsewhere in this Act; or

(2) the power to establish financial eligibility standards for participating health-care providers.

#### Payment of Financing Council Expenses; Borrowing

Sec. 11. All expenses of the financing council incurred in carrying out the provisions of this Act shall be payable solely from funds provided under the authority of this Act, and no liability under this Act shall be incurred by the financing council beyond the extent to which money shall have been provided under this Act by the sale of bonds or by participating health-care providers; except that, for the purposes of meeting the necessary expenses of initial organization and operation of the financing council for the period commencing with the organization of the financing council and continuing until such a date as the financing council derives money from funds provided to it under the authority of this Act, the financing council is empowered to borrow such money as the financing council may require. Such money borrowed by the financing council shall subsequently be charged to and apportioned among participating health-care providers. No expenses of the financing council shall be paid by the hospital advisory council, and the hospital advisory council and each member shall incur no liability under this Act. The hospital advisory council shall not lend money to the financing council.

#### Bonds

Sec. 12. (a) The financing council is hereby authorized to issue, sell, and deliver its bonds in accordance with the terms of this Act for the purpose of paying all or any part of the cost of health-relat-

ed equipment and to make either directly or indirectly through banks, savings and loan associations, or other entities loans to participating health-care providers as provided elsewhere in this Act.

(b) The bonds shall be dated, shall bear interest at such rate or rates (fixed or variable), shall mature at such time or times not exceeding 20 years from their date, and may be made redeemable prior to maturity at such price or prices and upon such terms and conditions as may be determined by the financing council. The bonds, including any interest coupons to be initially attached thereto, shall be in such form and denomination or denominations and payable at such place or places and may be executed or authenticated in such manner as the financing council may determine. In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of and payment for such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery and payment. The bonds may be issued in coupon or in registered form, or both, or may be payable to a specific person as the financing council may determine, and provision may be made for the registration of any coupon bonds as to principal alone, for the conversion of coupon bonds into fully registered bonds without coupons, and for the reconversion into coupon bonds of any fully registered bonds without coupons. The duty of conversion or reconversion may be imposed upon a bank as trustee in a trust agreement.

(c) The principal of and redemption premium, if any, and interest on such bonds shall be payable solely from and may be secured by a pledge of all or any part of the proceeds of bonds, revenues derived from the lease or sale of health-related equipment or realized from a loan made by the financing council to finance or refinance in whole or in part health-related equipment, revenues derived from operating health-related equipment, including insurance proceeds, or any other revenues as may be provided by a participating health-care provider, or a bank, savings and loan association, or other entity to which a loan is made, any one or more.

(d) The financing council shall sell the bonds at such price or prices as it shall determine at public or private sale. The net effective interest rate, calculated in accordance with Chapter 3, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 717k-2, Vernon's Texas Civil Statutes), on any bonds may not exceed 15 percent.

(e) The proceeds of the bonds of each issue shall be used solely for the payment of all or part of the cost of or for the making of a loan in the amount of all or part of the cost of health-related equipment and, at the option of the financing council, for the deposit to a reserve fund or reserve funds for the bonds. Such proceeds shall be disbursed in such

manner and under such restrictions, if any, as may be determined by the financing council. The financing council shall be paid, out of money from the proceeds of the sale and delivery of its bonds issued in accordance with this Act, an amount of money equal to all of the financing council's out-of-pocket expenses and costs in connection with the issuance, sale, and delivery of such bonds, including without limitation all financing, legal, financial advisory, printing, and other expenses and costs in issuing such bonds, plus an amount of money equal to the compensation paid to the employees, if any, of the financing council for the time such employees have spent on activities relating to the issuance, sale, and delivery of such bonds.

(f) Any bond resolution or related trust agreement, trust indenture, indenture of mortgage, or deed of trust may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized, as to: (1) pledging or assigning the revenues generated by health-related equipment or pledging or assigning the mortgage, lease, or other security given or to be given by participating health-care providers (whether or not identified at the time of issuance of such bonds) with respect to which such bonds are to be issued or other specified revenues of the financing council; (2) the rentals, fees, and other amounts to be charged, the schedule of principal payments, and the sums to be raised in each year thereby and the use, investment, and disposition of such sums; (3) setting aside the reserves or sinking funds and the regulation, investment, and disposition thereof; (4) limitations on the use of health-related equipment financed or to be financed by the proceeds of the sale of such bonds; (5) limitations on the purpose to which or the investments in which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied; (6) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the terms upon which additional bonds may rank on a parity with or be subordinate or superior to other bonds; (7) the refunding of outstanding bonds; (8) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amounts of bonds the holders of which must consent thereto, the manner in which such consent may be given, and restrictions on the individual rights of action by bondholders; (9) omissions which shall constitute a default in the duties of the financing council to holders of its bonds and providing the rights and remedies of such holders in the event of default; and (10) any other matters relating to the bonds which the financing council deems desirable. In addition to the foregoing, bonds of the financing council may be secured by a pooling of leases, of loan agreements, or of mortgages or other securities (whether or not such leases, loan agreements, or mortgages or other securities exist at the time of sale and delivery of such bonds or are agreed to by the financing council or granted to the financing council thereafter) whereby the financing council

may assign its rights as lessor and pledge rents under two or more leases of health-related equipment with two or more participating health-care providers as lessees or assign its rights as lender and pledge loan payments under two or more loan agreements relating to two or more items of health-related equipment with two or more participating health-care providers as borrowers or assign its rights as mortgagee and pledge mortgages from two or more participating health-care providers, banks, savings and loan associations, or other entities, upon such terms as may be provided for in bond resolutions or other instruments under which such bonds are issued.

(g) Neither the trustees nor any person executing the bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of issuance thereof.

(h) Prior to the preparation or issuance of definitive bonds, the financing council may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. Such interim receipts or temporary bonds shall be for a maximum term of three years.

(i) The financing council shall have the power to purchase its bonds out of any available funds thereof. The financing council may hold, pledge, cancel, or resell such bonds subject to and in accordance with the resolution or trust indenture relating to such bonds.

(j) All bonds and appurtenant interest coupons, if any, shall be deemed to be "securities" within the meaning of Chapter 8, Business & Commerce Code, notwithstanding anything in Section 8.102 thereof to the contrary.

#### Refunding Bonds

Sec. 13. The financing council is hereby authorized to issue, sell, and deliver its bonds for the purpose of refunding any bonds of the financing council then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The issuance of such bonds, the maturities and other terms thereof, the rights of the holders thereof, and the rights, duties, and obligations of the financing council in respect thereof shall be governed by the provisions of this Act insofar as the same shall be applicable. Within the discretion of the financing council, such refunding bonds may be issued in exchange or substitution for outstanding bonds or may be sold and the proceeds used for the purpose of paying or redeeming outstanding bonds.

#### Securities Act; Exemptions

Sec. 14. Bonds issued under the provisions of this Act, and coupons, if any, representing interest thereon, shall be exempt securities under The Securities Act, as amended (Article 581-1 et seq., Ver-

non's Texas Civil Statutes). A lease agreement, sales agreement, or other contract under this Act shall not be a security within the meaning of The Securities Act.

**Obligations Relating to Payment of Bonds; Impairment of Rights and Remedies of Bondholders**

Sec. 15. (a) The financing council's bonds issued under the provisions of this Act shall not constitute obligations of the hospital advisory council, the Texas Department of Health, the state, or any political subdivision or agency thereof or a pledge of the faith and credit of any of them. The issuance of bonds under the provisions of this Act shall not directly or indirectly or contingently obligate the state or any political subdivision or agency thereof to levy any form of taxation therefor or to make any appropriation for their payment. All bonds issued by the financing council pursuant to the provisions of this Act are payable and shall state that they are payable solely from the funds pledged for their payment in accordance with the resolution authorizing their issuance or of any trust indenture or mortgage or deed of trust executed as security therefor.

(b) Each bond of the financing council shall contain on its face a statement to the effect that (1) the state is not obligated to pay the principal of and redemption premium, if any, or interest on such bond and (2) neither the faith and credit nor the taxing power of the state is pledged, given, or loaned to such payment.

(c) The state hereby pledges to and agrees with the holders of any bonds issued under this Act that the state will not limit or alter the rights hereby vested in the financing council to fulfill the terms of any agreements made with the said holders thereof or in any way impair the rights and remedies of such holders until such bonds, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such holders are fully met and discharged. The financing council is authorized to include this pledge and undertaking for the state in any agreement with the holders of such bonds.

**Construction With Other Laws**

Sec. 16. (a) This Act shall be cumulative of all other laws on the subject, but this Act shall be wholly sufficient within itself for the creation of the financing council authorized herein and all actions by the financing council authorized hereby without reference to any other general or special laws or specific acts or any restrictions contained therein; and in any case, to the extent of any conflict or inconsistency between any provision of this Act and any other provisions of law, this Act shall prevail and control; provided, however, that the financing council shall have the right to use the provisions of any other laws not in conflict with the provisions hereof to the extent convenient or necessary to

carry out any power or authority expressed or implied granted by this Act.

(b) Notwithstanding any provision of this Act, nothing in this Act shall exempt the financing council or any participating health-care provider from compliance with the Texas Health Planning and Development Act, as amended (Article 4418h, Vernon's Texas Civil Statutes).

**Taxation**

Sec. 17. Any health-related equipment, including any leasehold estate therein, owned by the financing council which would otherwise be taxable to the financing council under the provisions of the Property Tax Code but for the purposes and nonprofit nature of the financing council shall be assessed to the participating health-care provider using such health-related equipment or, if more than one such participating health-care provider exists, to such providers in proportion to the value of the rights of such providers to use such health-related equipment, all to the same extent and subject to the same exemptions from taxation, if any, as if such health-related equipment were owned by such participating health-care provider or providers. Each participating health-care provider shall be considered to be the owner of any health-related equipment being used by such participating health-care provider for the purposes of taxes levied or imposed by this state or any political subdivision of this state. It is hereby declared as a matter of public policy that the financing council shall be engaged exclusively in the performance of charitable functions and shall be exempt from all taxation by this state and every municipal corporation and political subdivision hereof. All bonds issued by the financing council hereunder, their transfer, the interest thereon, and any profits from the sale or exchange thereof shall at all times be free from taxation by this state or any municipal corporation or political subdivision hereof.

Sec. 18. [Adds Tax Code, § 151.3131].

**Bonds as Legal Investments; Eligibility to Secure Deposits**

Sec. 19. Unless the bonds issued under this Act are ineligible for investments in accordance with the criterion established in other statutes, rulings, or regulations of the state or the United States, then the bonds issued under this Act shall be and are hereby declared to be legal and authorized investments for any banks; savings banks; trust companies; building and loan associations; insurance companies; fiduciaries; trustees and guardians; and sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the state. Such bonds shall be eligible to secure the deposit of any and all public funds of the state and any and all public funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the state, and they shall be lawful and sufficient security for said deposits at their face value when accompanied

by all unmatured coupons, if any, appurtenant thereto.

**Replacement; Mutilated, Lost, Stolen, or Destroyed Bonds or Interest Coupons**

Sec. 20. The financing council may provide procedures for the replacement of any mutilated, lost, stolen, or destroyed bond or interest coupon.

**Conflicts of Interest; Trustees and Employees of Financing Council**

Sec. 21. No trustee or employee of the financing council shall have any direct or indirect financial interest in any bond issue or in any transaction pursuant to this Act to which the financing council is a party.

**Discrimination in Programs or Activities**

Sec. 22. No person in the state shall, on the grounds of race, color, religion, national origin, age, or sex, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this Act.

**Liberal Construction**

Sec. 23. This Act shall be construed liberally to effect the legislative intent and the purposes of this Act, and all powers herein granted shall be broadly interpreted to effect such intent and purposes and not as a limitation of powers.

**Compliance with Texas Health Planning and Development Act**

Sec. 24. No lease, sale, or other transaction involving any health-related equipment shall be eligible for financing under this Act until the participating health-care provider complies with the requirements, if any, of the Texas Health Planning and Development Act, as amended (Article 4418h, Vernon's Texas Civil Statutes).

**Perfection of Security Interests**

Sec. 25. Any security interest granted by the financing council may be perfected in the manner and with the effect specified in Chapter 9, Business & Commerce Code, as amended, any provision in Section 9.104 of such code to the contrary notwithstanding.

**Status as Nonprofit Public Benefit Corporation; Alteration by Legislation; Access to Books and Records; Dissolution**

Sec. 26. (a) The financing council shall be a nonprofit public benefit corporation, and no part of its net earnings remaining after its bonds and its expenses have been paid shall inure to the benefit of any person other than the state.

(b) The legislature may in its sole discretion and at any time alter the structure, organization, programs, or activities of the financing council, subject only to any limitation provided by the constitution

and the laws of the state and of the United States relating to the impairment of contracts entered into by the financing council. Representatives of the hospital advisory council shall have access at any time to all books and records of the financing council.

(c) Whenever all bonds and obligations of the financing council have been paid and discharged or adequate provision has been made therefor the legislature may dissolve the financing council.

(d) Whenever dissolution of the financing council occurs the title to all funds and properties then owned by the financing council shall automatically vest in the state without any further conveyance, transfer, or act of any kind whatsoever.

(e) The dissolution of the financing council shall not take away or impair any remedy available to or against the financing council or its trustees or officers for any right or claim existing, or any liability incurred, prior to such dissolution if action or other proceeding thereon is commenced within three years after the date of such dissolution. Any such action or proceeding by or against the financing council may be prosecuted or defended by the financing council in its corporate name. The trustees and officers shall have the power to take such corporate or other action that shall be appropriate to protect such remedy, right, or claim.

**Waiver of Notice**

Sec. 27. Whenever any notice is required to be given to any trustee under the provisions of this Act or under the provisions of the bylaws, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice.

**Severability**

Sec. 28. In case any one or more of the sections, provisions, clauses, or words of this Act or the application of such sections, provisions, clauses, or words to any situation or circumstance shall for any reason be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other sections, provisions, clauses, or words of this Act or the application of such sections, provisions, clauses, or words to any other situation or circumstance, it being intended that this Act shall be severable and shall be construed and applied as if any such invalid or unconstitutional section, provision, clause, or word has not been included herein.

or disorder, mental or physical, or any physical deformity or injury.

Sec. 3. The purpose of this Act is to protect and promote the public health and welfare by providing for the development, establishment, and enforcement of certain standards in the construction, maintenance, and operation of hospitals.

**Rules and Regulations; Licensing Director; Appointment; Duties; Qualifications**

Sec. 5. The Licensing Agency, with the advice of the Hospital Licensing Advisory Council, shall adopt, amend, promulgate, and enforce such rules, regulations, and minimum standards as may be designed to further the purposes of this Act. Provided, however, that the rules, regulations, or minimum standards so adopted, amended, promulgated, or enforced shall be limited to safety, fire prevention, and sanitary provisions of hospitals as defined in this Act. Provided, however, that any rules, regulations, or standards set shall first be approved by the State Board of Health, and after they have been so approved, shall be approved also by the Attorney General as to their legality, and then filed with the Secretary of State, and no such rule or regulation shall be effective until it has been filed with the Secretary of State.

Provided, however, that the Licensing Agency may extend the length of time within which to comply with such rules beyond six (6) months upon sufficient showing that it will require addition-

al time to complete compliance with such rules, regulations, and standards.

**Applications for License; Approval; Fees; Disposition**

Sec. 7. Applications for license shall be made to the Licensing Agency upon forms provided by it, and shall contain such information as the Licensing Agency may reasonably require. It shall be necessary that the Licensing Agency issuing licenses require that each hospital show evidence that there are one or more physicians on the medical staff of the hospital, and that these physicians are currently licensed by the Texas State Board of Medical Examiners.

The Licensing Agency may require that the application be approved by the local health officer, or other local official, for the compliance with city ordinances on building construction, fire prevention, and sanitation. Hospitals outside city limits shall comply with corresponding state laws.

Each application shall be accompanied by a license fee. In the event the application for a license is denied, such fee shall be refunded to the applicant.

All license fees collected shall be deposited with the State Treasury to the credit of the Licensing Agency and said license fees are hereby appropriated to said agency for its use in the administration and enforcement of this Act.

Each hospital so licensed shall pay a license fee, both initially and annually thereafter, of Two Dollars and Fifty Cents (\$2.50) per bed; but in no event shall the total fee be less than One Hundred Dollars (\$100.00) or more than Two Thousand Dollars (\$2,000.00).

**Issuance of License; Renewals**

Sec. 8. Upon receipt of an application for license, and the license fee, the Licensing Agency shall issue a license if it finds that the applicant and the hospital comply with the provisions of this Act, and the rules, regulations, or standards promulgated hereunder. Each such license, unless sooner suspended, cancelled, or revoked, shall be renewable annually upon payment of the prescribed fee.

**Cancellation, Revocation or Suspension of License; Proceedings; Appeals; Reissuance of License; Injunctions; Venue**

Sec. 9. The Licensing Agency shall have the authority to deny, cancel, revoke, or suspend a license in any case where it finds there has been a substantial failure to comply with the provisions of this Act or the rules, regulations, or standards promulgated under this Act, or for the aiding, abetting, or permitting the commission of any illegal act, or for conduct detrimental to the public health, morals, welfare and safety of the people of the State of Texas.

Proceedings under this Article shall be initiated by filing charges with the Licensing Agency, in

writing and under oath. Said charges may be made by any person or persons. If upon investigation of such charge or charges it is found that such charge or charges appear to have merit, then the chairman of the Licensing Agency shall set a time and place for hearing, and shall cause a copy of the charges, together with a notice of the time and place fixed for hearing, to be served on the respondent or his counsel at least ten (10) days prior thereto. When personal service is impossible, or cannot be effected, the Licensing Agency shall cause to be published once a week for two (2) successive weeks a notice of the hearing in a newspaper published in the county wherein the respondent was last known to be, and shall mail a copy of the charges and of such notice to the respondent at his last known address. When publication of the notice is necessary, the date of hearing shall not be less than ten (10) days after the date of the last publication of the notice. At said hearing the respondent shall have the right to appear, either personally or by counsel, or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Licensing Agency. The Licensing Agency shall thereupon determine the charges upon their merits.

Any hospital whose license has been cancelled, revoked, or suspended by the Licensing Agency may, within twenty (20) days after the making and entering of such order, take an appeal to any of the District Courts in the county that the hospital is so located in, but the decision of the Licensing Agency shall not be enjoined or stayed except on application to such District Court after notice to the Licensing Agency.

The proceedings on appeal shall be a trial de novo as such term is commonly used and intended in an appeal from the Justice Court to a County Court, and which appeal shall be taken in any District Court of the county where the license has been issued.

Upon application, the Licensing Agency may reissue a license to a hospital whose license has been cancelled, revoked, or suspended when it feels that the reasons bringing about such cancellation, revocation, or suspension have been corrected. Any such applications for reissuance shall be made in such manner and form as the Licensing Agency may require.

The Licensing Agency shall not be bound by strict rules of evidence or procedure in the conduct of its proceedings but the determinations shall be founded on sufficient legal evidence to sustain it.

The Licensing Agency shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this Act. Said actions for an injunction shall be in addition to any other action, proceeding, or remedy authorized by law.

The venue for any suit seeking to enjoin the violation of any of the provisions of this Act shall lie

in the county wherein such violation is alleged to have occurred.

The Licensing Agency shall be represented by the Attorney General and/or the County or District Attorneys of this state.

Before entering any order denying, cancelling, or suspending a license, the Licensing Agency shall hold a hearing in accordance with the procedures set out in this Section.

#### **Failure to Comply with Health Planning and Development Act**

##### Definitions

Any on-site inspection by a state agency or a division or unit thereof that substantially complies with the inspection requirements of any other state agency or any other division or unit of the inspecting agency charged with making similar inspections shall be accepted as an equivalent inspection in lieu of an on-site inspection by said agency or by a

Such hospitals shall only be required to annually remit any applicable fees and submit a copy of the most recent survey results or inspection results report from the accreditation body in order to be issued a license by the appropriate licensing agency.

(b) The Texas Department of Human Resources, the Texas Department of Health, the Texas Department of Mental Health and Mental Retardation, and the Texas Commission on Alcoholism shall establish procedures to eliminate or reduce duplication of functions in certifying or licensing hospitals, nursing homes, or other facilities under their jurisdiction for payments under the requirements of the Medical Assistance Program (Chapter 32, Human Resources Code) and federal laws and regulations relating to Titles XVIII and XIX of the Social Security Act.<sup>2</sup> The procedures established under this section shall provide for use by the affected agencies of information collected by those agencies in making inspections for certification purposes and in investigating complaints regarding matters that would affect the certification of a nursing home or other facilities under their jurisdiction.

(c) The Texas Department of Health shall coordinate all licensing or certification procedures conducted by the state health-related organizations covered by this section.

In addition, the person needing the services may not be subjected to arbitrary, capricious, or unreasonable discrimination based on age, sex, physical condition, or economic status.

(b) An officer or employee of a general hospital may not deny a person in need of emergency services access to diagnosis by a licensed physician on the staff of that hospital because the person is unable to establish his ability to pay for the services or because of race, religion, or national ancestry. Sec. 3. Nothing in this Act shall be construed to relieve a person who otherwise has the ability to pay of his obligation to pay for services provided by a hospital.

Sec. 4. By October 1, 1983, each hospital to which this Act applies shall provide written notice of the provisions of this Act to all officers, employees, members of the medical staff, and other appropriate personnel who deal with access to and delivery of emergency services.

For purposes of this section, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

Nothing in this Act shall apply to:

- (1) a hotel or other similar place that furnishes only food and lodging, or either, to its guests;
- (2) a hospital;
- (3) an establishment conducted by or for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend exclusively upon prayer or spiritual means for healing, without the use of any drug or material remedy, provided safety, sanitary, and quarantine laws and regulations are complied with;

standards established by the state or a federal governmental agency.

"Institution" also means any place or establishment in or at which any person receives, treats or cares for, overnight or longer, within a period of twelve months, four or more pregnant women or women who have within two weeks prior to such treatment or care had a child born to them; provided, however, that this definition shall not include women who receive maternity care in the home of a relative within the third degree of consanguinity or affinity, nor shall it include general or special hospitals licensed in pursuance of or as those terms are defined in the Texas Hospital Licensing Law. Nothing in this Act shall be construed to prohibit an institution, as defined in this subdivision, from simultaneously caring for pregnant women and other women under 50 years of age.

"Institution" also means a foster care type residential facility providing room and board to fewer than four persons unrelated within the second degree of consanguinity or affinity to the proprietor and who, in addition to room and board, because of his physical or mental limitation or both, requires a level of care and services suitable to the needs of the individual which contribute to his health, comfort, and welfare; provided, however, that such institution shall be subject to licensure only upon written application for participation in the intermediate care program provided by Federal law as it now reads or may hereafter be amended.

(b) "Person" means any individual, firm, partnership, corporation, association, or joint stock association, and the legal successor thereof.

(c) "Government unit" means the state or any county, municipality or other political subdivision, or any department, division, board, or other agency of any of the foregoing.

**Licensure**

Sec. 3. After the effective date of this law no person or governmental unit, acting severally or jointly with any other person or governmental unit, shall establish or conduct or maintain an institution, as defined herein, in this State without obtaining a license pursuant to the provisions of this Act.

**Application for License**

Sec. 4. An application for a license shall be made to the Licensing Agency upon forms provided by it and contain such information as the Licensing Agency requires which may include affirmative evidence of ability to comply with reasonable standards, rules and regulations as are lawfully prescribed hereunder. The application shall be accompanied by a license fee which shall be in the sum of Fifty Dollars (\$50) plus Two Dollars (\$2) for each unit of capacity or bed space for which a license is sought. Such license fee shall be paid annually in said amount with each application for renewal of the institution's license. All license fees provided for herein shall be waived for the State of Texas and its departments, divisions, boards and agencies. All license fees collected shall be deposited with the State Treasury to the credit of the Licensing Agency and said license fees are hereby appropriated to said Agency for its use in the administration and enforcement of this Act.

Upon receipt of an application for a license the Licensing Agency shall issue a license if upon inspection and investigation it finds that the applicant and facilities meet the requirements established under this law. A license, unless suspended or revoked, shall be renewed annually after an inspection and upon tender of the annual license fee together with the filing by the licensee and approval by the Licensing Agency of an annual report upon such date and containing such information in such form as the Licensing Agency prescribes by regulation. Such license shall be issued only for the premises and persons or governmental units and for the maximum number of beds named in the application and shall not be transferable or assignable. Any approved increase in the bed space shall be subject to an additional fee. Any violator of these provisions shall be guilty of a misdemeanor and upon conviction shall be subject to the penalties provided for in Section 12 of this Act.

**Fire Safety Requirements**

Sec. 4A. (a) The Licensing Agency shall require all nursing homes and custodial care homes and major additions over One Hundred Thousand Dollars (\$100,000) to existing nursing homes and custodial care homes which are approved for construction or conversion after September 1, 1979, to comply with the 1976 edition of the Code for Safety to Life from Fire in Buildings and Structures, known as the Life Safety Code (Pamphlet No. 101) of the National Fire Protection Association.

(b) After September 1, 1979, those building sections of a licensed nursing home or custodial care home, regardless of ownership, which have complied with or without waiver, with either the 1967 or 1973 edition of the Life Safety Code of the National Fire Protection Association will be recognized as meeting licensing requirements for fire safety as long as they continue to be in substantial compliance with either the 1967 or 1973 code edition.

(c) The requirements of this section do not preclude an institution from conforming to a higher or additional fire safety standard or provision where required by federal law or regulation. Where provisions of this section conflict with federal laws or regulations adopted after September 1, 1979, then the federal requirements prevail, if required for participation in federal programs.

(d) As provided in the 1976 edition of the Life Safety Code, the Licensing Agency shall have discretionary powers to grant exceptions to the code under certain conditions or in the interest of common and uniform applicability.

(e) Fire safety requirements for institutions other than nursing homes or custodial care homes shall be as determined by the Licensing Agency.

**Change of Administrators**

Sec. 4B. When an institution hires a new administrator or person designated as the chief manager, the institution shall notify the Licensing Agency in writing and pay a \$20 administrative fee.

**Inspection**

Sec. 5. The Licensing Agency or its duly authorized representative shall have the right to enter upon the premises at all reasonable times in order to make whatever inspection it deems necessary in accordance with the rules and regulations prescribed by the Licensing Agency. Licenses shall be posted in a conspicuous place on the licensed premises.

**Denial or Revocation of License; Hearings and Review**

Sec. 6. The Licensing Agency, after providing notice and opportunity for hearing to the applicant or licensee, is authorized to deny, suspend, or revoke the license in any case in which it finds that there has been a substantial failure to comply with the requirements established under this law. The notice to the licensee shall be effected by registered mail or by personal service, and it shall set forth the particular reasons for the proposed action and fix a date, not less than thirty (30) days from the date of such mailing or service, at which the applicant or licensee shall be given an opportunity for a prompt and fair hearing. On the basis of any such hearing or upon default of the licensee, the Licensing Agency shall make a written determination specifying its findings of fact and conclusions of law. A copy of such determination shall be sent by registered mail or served personally upon the applicant or licensee.

The decision revoking, suspending or denying the license or application shall become final thirty (30) days after it is so mailed or served unless the applicant or licensee within such thirty (30) day period appeals the decision to the District Court pursuant to the provisions of this law.

This procedure governing the hearing authorized by this Section shall be in accordance with rules promulgated by the Licensing Agency. A full and complete record shall be kept of all procedures in accordance with rules promulgated by the Licensing Agency. Witnesses may be subpoenaed by either party and their testimony taken in person, or by deposition under such regulations and for such purposes as the Licensing Agency may prescribe in its rules of procedure.

#### Failure to Comply with Health Planning and Development Act

(b) The order suspending a license under Subsection (a) of this section is immediately effective upon written notice to the license holder or on the date specified on the order.

(c) The order suspending the license and ordering an institution or part of an institution closed is valid for 10 days after the effective date.

#### Appointment of Trustee

Sec. 6C. (a) The legislature finds that the closing of nursing and convalescent homes for violations of laws and regulations may, in certain circumstances, have an adverse effect on both the residents of the facilities and the families of the residents. It is the purpose of this Act to provide for the appointment of a trustee to assume the operations of these facilities in a manner calculated to emphasize resident care and reduce resident trauma.

(b) Persons holding a controlling interest in a nursing or convalescent home at any time may request the licensing agency to assume the opera-

tion of the nursing home through the appointment of a trustee. Upon receiving a request for a trustee, the licensing agency may, if it considers the appointment desirable, enter into an agreement providing for the appointment of a trustee to take charge of the facility under conditions considered appropriate by both parties. The agreement shall specify all terms and conditions of the trustee's appointment and authority and shall preserve all rights of the facility residents as granted by law. A trustee appointment made in accordance with this subsection terminates at the time specified by the parties or at the time when either party notifies the other in writing that the party wishes to terminate the appointment agreement.

(c) The licensing agency may request the attorney general to bring an action in the name and on behalf of the State of Texas for the appointment of a trustee to operate a nursing or convalescent home when any of the following conditions exist:

- (1) the facility is operating without a license;
- (2) the licensing agency has suspended or revoked the existing license of the facility;
- (3) revocation or suspension procedures have been initiated and, in the opinion of the licensing agency, there is an imminent threat to the health and safety of the residents pending a final determination on license suspension or revocation;

(4) the facility is closing and arrangements for relocation of residents to other licensed facilities have not been made prior to closure; however, the duties of a trustee appointed under this subsection shall be limited to assuring an orderly and safe relocation of the facility's residents as quickly as possible;

(5) the licensing agency determines that an emergency exists that presents an immediate threat to the health and safety of residents of the facility.

(d) If, after hearing, the court finds that involuntary appointment of a trustee is necessary, the court shall appoint a trustee to take charge of the facility. When possible, the court shall appoint as trustee an individual whose background includes institutional medical administration.

(e) A trustee appointed pursuant to this section is entitled to a reasonable fee as determined by the court. The trustee may petition the court to order the release to the trustee of any payment due for care and services provided to the residents that has been withheld, such as payment withheld by the Texas Department of Human Resources at the recommendation of the Texas Department of Health. The funds may include Medicaid, Medicare, insurance or other third-party payments, or medical expenses borne by the resident that may be withheld by a governmental agency or other entity during the appointment of the trustee.

**Rules, Regulations and Enforcements**

Sec. 7. The Licensing Agency is authorized to adopt, amend, promulgate, publish and enforce minimum standards in relation to:

(a) Construction of the home or institution, including plumbing, heating, lighting, ventilation and other housing conditions, which shall insure the health, safety and comfort of residents and protection from fire hazard;

(b) Regulate the number and qualification of all personnel, including management and nursing personnel, having responsibility for any part of the care given to residents, and establish requirements for in-service education of all employees who have any contact with residents;

(c) All sanitary and related conditions within the institution and its surroundings, including water supply, sewage disposal, food handling and general hygiene, which shall insure the health, safety and comfort of the residents;

(d) Diet related to the needs of each resident and based upon good nutritional practice or on recommendations which may be made by the physician attending the resident;

(e) Equipment essential to the health and welfare of the residents;

(f) At least two unannounced inspections per year shall be mandatory; further inspections may be required by the Licensing Agency;

(g) For at least two unannounced inspections in each year as required by Subsection (f) of this section, the Licensing Agency shall arrange to invite in the inspections at least one person as a citizen advocate from one of the following groups: American Association of Retired Persons, the Texas Senior Citizen Association, the Texas Retired Federal Employees, the Texas Department on Aging Certified Long Term Care Ombudsman, or any other statewide organization for the elderly, except that this subsection does not apply to an institution that provides maternity care;

(h) The use and administration of medications in conformity with applicable law and rules and regulations on the use and administration of medications; all personnel administering medications must have completed a state-approved training program in medication administration;

(i) Grading each home or institution so as to recognize those homes or institutions that go beyond the minimum level of services and personnel, as established by the agency and a superior grade shall be prominently displayed for public view and as incentive to attain the superior grade, allow each home or institution to advertise such grade. The agency shall not award a superior grade to an institution if the institution has violated state or federal laws or regulations during a period of 12 months prior to the grading inspection. The agency shall cancel a superior grade granted to an institu-

tion if (1) the institution fails to meet the criteria established for a superior grade; or (2) the institution has violated state or federal laws or regulations. For the purposes of this subsection, a "violation of state or federal laws or regulations" means a violation of a law or regulation which affects the health, safety, or welfare of the residents of an institution; resident funds; the confidentiality of records of a resident; the financial practices of an institution; and the control of medication within an institution. If a superior grade is cancelled, the institution is prohibited from advertising the superior grade. This subsection does not apply to an institution that provides maternity care.

(j) The Licensing Agency shall require one medical examination per resident per year. The details of this examination will be specified by the Licensing Agency.

(k) Unless another state or federal requirement prohibits, the Licensing Agency shall allow a licensed facility to operate a portion of the facility under the standards of a lesser licensing category. The Licensing Agency shall determine the rank of licensing categories and shall establish procedures and standards to accommodate a facility's operation under the lower category. Unless federal requirement prohibits, the operation of a portion of a facility under the standards of a lesser licensing category shall not constitute abandonment of the higher category of service under the certificate of need program, as provided in the Texas Health Planning and Development Act, as amended (Article 4418h, Vernon's Texas Civil Statutes).

The Licensing Agency is further authorized to provide for advice to and coordination of its personnel and facilities with any local agency of a city or county where such city or county shall see fit to supplement the state program with further regulations required to meet local conditions.

**Language Requirements Prohibited**

Sec. 7A. No institution may prohibit a resident or employee from communicating in his or her native language with other residents or employees for the purpose of acquiring or providing medical treatment, nursing care, or institutional services.

(d) The Licensing Agency shall prepare and conduct, at the site of the training program, an examination for the issuance of a permit. It shall require satisfactory completion of continuing education courses approved by the Licensing Agency for renewal of a permit under this section.

(e) Application for issuance or renewal of a permit shall be made to the Licensing Agency on a form and under rules prescribed by the Texas Board of Health. A nonrefundable application fee determined by the Texas Board of Health shall accompany the application. (3) The Licensing Agency shall issue an emergency order to suspend any permit issued under this section if the Licensing Agency has reasonable cause to believe that the conduct of any permit holder creates an imminent danger to the public health or safety. An emergency suspension is effective immediately without a hearing upon notice to the permit holder. On written request of the permit holder, the Licensing Agency shall conduct a hearing not earlier than the 10th day nor later than the 30th day after the date on which a hearing request is received to determine if the emergency suspension is to be continued, modified, or rescinded. The hearing and an appeal from a disciplinary action related to the hearing are governed by the Licensing Agency's rules for a formal hearing and the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(i) A permit issued under this section is not transferable.

(j)(1) A person commits an offense if the person knowingly administers medication to a resident of an institution and the person:

Sec. 8. An institution which is in operation at the time of the promulgation of any rules or regulations or standards in accordance with this Act shall be given a reasonable time in accordance with rules and regulations set up by the Licensing Agency within which to comply with such rules or regulations or standards.

**Respite Care**

Sec. 8A. (a) An institution that is licensed under this Act may provide respite care for an elderly or handicapped person according to a plan of care that is filed at the institution and agreed upon between the institution and the person arranging the respite care before the institution admits the person for the care.

(b) The plan of care must be signed by a licensed physician if the person for whom respite care is arranged needs medical care or treatment. If the person does not need medical care or treatment, the plan of care must be signed by the person arranging for the respite care.

(c) The institution may keep an agreed plan of care for not longer than six months from the date it is received and during that period admit a person for respite care as frequently as is needed and as accommodations are available.

(d) An institution that offers respite care shall notify the licensing agency in writing that it is offering respite care.

(e) The licensing agency, at the time of ordinary licensing inspections, or at other times if the agency determines necessary, shall inspect the institution's records of respite care services, the physical accommodations available for respite care, and the plan of care records to insure that the respite care services comply with the licensing standards of this Act and with any rules the licensing agency may adopt to regulate respite care services.

(f) The licensing agency may suspend the license of an institution that provides respite care that does not comply with the licensing standards of this Act. The licensing agency may require an institution to cease providing respite care if the agency determines that the respite care does not meet the standards required by this Act and that the institution cannot comply with those standards in the respite care it provides. The licensing agency may suspend the license of an institution that continues to provide respite care after receiving an order in writing from the licensing agency that it is to cease.

(g) The licensing agency may adopt rules for the regulation of respite care provided by a licensed institution.

**Inspections and Consultations**

Sec. 9. The Licensing Agency shall make or cause to be made such inspections and investigations as it deems necessary. The Licensing Agency

shall hold at least one open hearing a year in each licensed institution to hear any complaints of substandard care or licensing violations; provided, however, an institution that provides maternity care is exempt from this specific requirement. The Licensing Agency shall notify the institution, the designated closest living relatives or legal guardians of the institution's residents, and other appropriate State or Federal agencies that work with the institution of the time, place, and date of the hearing. The Licensing Agency may exclude an institution's administrators and personnel from the hearing. The Licensing Agency shall notify an institution of any complaints received at the hearing. The Licensing Agency shall provide a summary of the complaints without identifying the source thereof to the licensed institution. The Licensing Agency shall determine and implement a mechanism to notify confidentially the complainant of the results of the investigation which followed the complaint. It is further provided that the Licensing Agency shall wherever possible utilize the services and consultation of other State and local agencies in carrying out its responsibility under the provisions of this Act and shall use wherever possible the facilities of the Texas Department of Human Resources especially in setting up and maintaining standards with reference to the humane treatment of the individuals in the institutions.

The Licensing Agency is hereby given the authority to cooperate with local public health officials of any county or incorporated city in carrying out the provisions of this Act and may in its discretion delegate to said local authorities the power to make the inspections and recommendations to the Licensing Agency in accordance with the terms and provisions of this Act.

Thereupon the Licensing Agency shall promptly certify and file with the Court a copy of the record and decisions including the transcript of the hearings on which the decision is based. The court may affirm, modify, or reverse the decision of the Licensing Agency and either the applicant or licensee or the Licensing Agency or State may apply for such further review as is provided by law. Such trial shall be de novo in the District Court. Pending final disposition of the matter, the status quo of the applicant or licensee shall be preserved except as the Court otherwise orders in the public interest for the welfare and safeguard of the persons in the institution.

**Injunction; Temporary Restraining Order;  
Appointment of Trustee**

Sec. 11. (a) When the Licensing Agency finds that a person's violations of the standards prescribed by this Act create an immediate threat to the health and safety of the residents of an institution, the Licensing Agency may petition the district court for a temporary restraining order to restrain the person from continuing the violations.

(b) When a person violates the licensing requirements or the standards prescribed by this Act, the Licensing Agency may petition the district court for an injunction to prohibit a person from continuing the violation or to restrain or prevent the establishment, conduct, management, or operation of an institution without a license under this Act. A suit for a temporary restraining order or other injunctive relief must be brought in the judicial district that includes the county of the alleged violation.

(c) On application for injunctive relief and a finding that a person is violating the licensing requirements or standards prescribed by this Act, the district court shall grant the injunctive relief if the facts warrant.

(d) At the request of the Licensing Agency, the attorney general shall institute and conduct the suits authorized in Subsections (a) and (b) of this section and Section 6C of this Act, in the name of the State of Texas, including the appointment of a trustee to operate a nursing or convalescent home under appropriate orders of the court.

**Penalties**

Sec. 12. (b) A person who violates this Act or who fails to comply with a rule or regulation authorized by this Act determined by the Licensing Agency to threaten the health and safety of the patient is subject to a civil penalty of not less than \$100 nor more than \$500 for each act of violation, and each day of a continuing violation constitutes a separate ground of recovery.

(c) Except as expressly provided by this Act, any person commits an offense if he intentionally, knowingly, or recklessly discloses to any unauthorized person the date, time, or any other fact about an unannounced inspection of a facility before the inspection occurs. An offense under this subsection is a Class B misdemeanor.

(5) The agency designated by the court to be responsible for the protection of the institution resident or the Licensing Agency shall make a complete written report of the investigation. The report, together with its recommendations, shall be submitted to the district attorney and the appropriate law enforcement agency.

(f) Central Registry. The Licensing Agency shall establish and maintain in Austin, Texas, a central registry of reported cases of institution resident abuse or neglect. (5) All appointive members of the board who are nursing home administrators shall hold degrees from an accredited four year college or university and shall have special interest, background, and experience in the field of care for the aged. They shall be residents of the State of Texas and citizens of the United States and shall be of good character.

In lieu of the degree requirement above specified an appointee who is a nursing home administrator representative may nevertheless qualify by submitting to the Governor satisfactory evidence of two (2) years of practical experience as a nursing home administrator for each year, whether one or more, of four (4) years of college and such appointee shall receive credit toward his qualifications for each full year of credits earned by him in an accredited college or university.

(6) Appointive members may be removed by the Governor for just cause after notice and hearing.

(7) No person shall be eligible for appointment as a nursing home administrator representative unless he is the holder of a nursing home administrator's license under the provisions of this Act.

(8) No person shall be eligible for service on this board as a nursing home administrator representative unless he is the holder of a nursing home administrator's license under the provisions of this Act and is currently serving as a nursing home administrator.

(9) All money collected under this Act shall be deposited in the state treasury in a designated separate account in the name of the board and shall be subject to appropriation by the legislature only for use by the board.

(10) The Texas Board of Licensure for Nursing Home Administrators is subject to the Texas Sunset Act,<sup>1</sup> and unless continued in existence as provided

by that Act the board is abolished, and this Act expires effective September 1, 1991.

(11) The board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

<sup>1</sup> Article 5429k.

#### Restrictions on Board Members, etc.

Sec. 3A. (1) A member of the board or an employee of the board or of the Texas Board of Health who carries out the functions of the board may not:

- (a) be an officer, employee, or paid consultant of a trade association in the nursing home industry;
- (b) be related within the second degree by affinity or within the third degree by consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the nursing home industry; or
- (c) communicate directly or indirectly with a party or the party's representative to a proceeding pending before the board unless notice and an opportunity to participate is given to all parties to the proceeding, if the member or agent is assigned to make a decision, a finding of fact, or a conclusion of law in the proceeding.

(2) Members of the board, except those members who are duly licensed nursing home administrators, may not have personally, nor be related to persons within the second degree by affinity or third degree by consanguinity who have, except as consumers, financial interests in nursing homes as officers, directors, partners, owners, employees, attorneys, or paid consultants of the nursing homes or otherwise.

(3) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as the general counsel to the board or serve as a member of the board.

#### Organization of the Board

Sec. 4. (1) As soon as practicable after appointment, appointive members of the board shall be certified by the Governor's office and shall take the constitutional oath of office for officers of the State of Texas. The board shall elect from its appointive members a chairman and vice chairman and these officers shall be elected to serve for one (1) year or so much thereof as shall remain, and elections for these offices shall be held annually thereafter for the term of a year. Elections to fill vacancies shall be held in the same manner for the balance of any unexpired term. The board shall appoint a person to be executive director to the board who shall serve at the pleasure of the board and who shall be the chief executive officer to the board but not a mem-

ber thereof. The executive director shall have such powers and shall perform such duties as may be prescribed by law or delegated to him by the board under its rules and regulations. Suitable office space, equipment and supplies and additional agents or employees as may be required for discharging the functions of the board shall be provided within the limits of the funds available to the board as hereinafter provided for. The board shall adopt an official seal which shall be affixed to licenses, certificates and other official documents of the board.

(2) The executive director and such other person as the board may designate, as an alternate, shall act as fiscal agent for the board and shall be responsible for the receipt, deposit, safekeeping and disbursement of all funds of the agency, provided, however, that at all times the board shall cause to be maintained in force a fidelity bond covering the executive director and such other person in an amount which shall at all times exceed any reasonable expectations as to the total amount of funds to be held at any one time to the account of the board. At no time shall the fidelity bond or bonds be for an amount less than \$25,000.00.

(3) The board shall hold not less than four meetings per year after due notice thereof and at any meeting a majority of the board shall constitute a quorum. Board members shall receive a per diem of \$25.00 while engaged in board business together with actual and necessary expenses.

(4) Each member of the board shall be present for at least one-half of the regularly scheduled meetings held each year by the board. The failure of a member to meet this requirement automatically removes the member from the board and creates a vacancy on the board.

(5) The Texas Board of Licensure for Nursing Home Administrators shall be administratively attached to the Texas Department of Health. The department shall provide administrative assistance to the board; and the department and the board shall coordinate administrative responsibilities in order to avoid unnecessary duplication and in furtherance of the objective of providing quality nursing home services. The department shall submit the board's budget requests to the legislature. The department and the board shall share investigative staff and other employees. However, the board may employ its own additional investigative staff.

#### Exclusive Jurisdiction

Sec. 5. The board shall have exclusive authority to determine the qualifications, skill and fitness of any person to serve as an administrator of a nursing home under the provisions of this Act and the holder of a license under the provisions of this Act shall be deemed to be qualified to serve as the administrator of any nursing home for all purposes.

#### Functions and Duties of the Board

Sec. 6. It shall be the function and duty of the board to:

(1) develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator and standards which must be met by licensees, which standards shall be designed to insure that nursing home administrators will be individuals who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators and satisfactorily perform the duties of nursing home administrators;

(2) develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards;

(3) issue licenses to individuals determined, after application of such techniques, to meet such standards, and revoke or suspend licenses previously issued by the board in any case where the individual holding any such license is determined substantially to have failed to conform to the requirements of such standards;

(4) establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards;

(5) receive, investigate, and take appropriate action with respect to, any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards;

(6) conduct a continuing study and investigation of nursing homes and administrators of nursing homes within the State with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such;

(7) conduct or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this Act, and make provisions for the conduct of such courses and their accessibility to residents of this State, unless it finds that there are a sufficient number of courses conducted by others within this State to meet the needs of the State. In lieu thereof the board may approve courses conducted within and without the State as sufficient to meet the education and training requirements of this Act; and

(8) on request, provide to each individual who fails an examination administered by the board an analysis of the individual's performance on the examination.

**Prohibition of Operation or Practice Without  
a License**

Sec. 7. Effective July 1, 1970, no nursing home in the State may operate unless it is under the supervision of an administrator who holds a currently valid nursing home administrator's license issued pursuant to this Act. No person shall after such date practice or offer to practice nursing home administration in this State or use any title, sign, card or device to indicate that he is a nursing home administrator, unless such person shall have been duly licensed as a nursing home administrator as required by this Act.

**Posting of Complaint Information Sign**

Sec. 7A. There shall at all times be prominently displayed in every nursing home regulated by the state, a sign in letters no smaller than one inch in height, the contents of which shall contain the name, mailing address, and telephone number of the Texas Board of Licensure for Nursing Home Administrators and which shall contain a statement informing consumers that complaints against nursing home administrators can be directed to the board.

**Rulemaking Authority**

Sec. 8. (a) The Board shall have the authority to make rules and regulations not inconsistent with law as may be necessary or proper for the performance of its duties, and to take such other actions as may be necessary to enable the State to meet the requirements set forth in Section 1908 of the Social Security Act,<sup>1</sup> the Federal rules and regulations promulgated thereunder, and other pertinent Federal authority; provided, however, that no rule shall be promulgated, altered or abolished without the approval of a two-thirds majority of the Board.

(b) If the appropriate standing committees of both houses of the legislature acting under Section 5(g), Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Board statements opposing adoption of a rule under that section, the rule may not take effect or, if the rule has already taken effect, the rule is repealed effective on the date the Board receives the committees' statements.

<sup>1</sup>42 U.S.C.A. § 1396g.

**Qualifications for Licensure**

Sec. 9. The Board shall have authority to issue licenses to qualified persons as nursing home administrators, and shall establish qualification criteria for such nursing home administrators. No license shall be issued to a person as a nursing home administrator unless:

- (1) he is at least 18 years of age, of good moral character, and sound in mental and physical health;
- (2) he has satisfactorily completed a course of instruction and training prescribed by the board, which course shall be conducted by or in coopera-

tion with an accredited postsecondary educational institution and which course shall be so designed as to content and so administered as to present sufficient knowledge of the proper needs to be served by nursing homes; laws governing the operation of nursing homes and the protection of the interests of patients therein; and the elements of good nursing home administration; or has presented evidence satisfactory to the board of sufficient education, training or experience in the foregoing fields to enable him to administer, supervise and manage a nursing home;

(3) he has passed an examination administered by the board and designed to test for competence in the subject matters referred to in subsection (2) hereof;

(4) that applicant submit written evidence, on forms provided for such purpose by the board, that he has successfully completed a course of study and has been graduated from a high school or secondary school approved and recognized by the educational authorities of the State in which such school is located, or a political division thereof, or has submitted a certificate indicating that he has obtained high school or secondary school equivalency, such certificate being certified by a State educational authority or a political division thereof; and

(5) that applicant has complied with all other qualifications and requirements as may have been established by rule and regulation of the board.

**Licenses and Fees**

Sec. 10. (1) The Board shall license nursing home administrators in accordance with rules and regulations issued, and from time to time revised by it. A nursing home administrator's license shall not be transferable and shall be valid for the period issued until surrendered for cancellation or suspended or revoked for violation of this Act or rules and regulations issued pursuant hereto.

(2) Every holder of a nursing home administrator's license shall renew it biennially, by making application to the board. The license remains valid and is subject to renewal for 30 days after the expiration date of the license. The board shall notify each person licensed under this Act of the expiration date of the person's license and the amount of the fee that is required for its renewal. The notice shall be mailed at least 30 days before the expiration date of the license. A person renews an unexpired license or a license that has been expired for 30 days or less by paying to the board the renewal fee. A person renews a license that has been expired for more than 30 days but less than one year by paying to the board the renewal fee plus \$50. A person may not renew a license that has been expired for one year or more, but the person may obtain a new license by applying for the license in the manner that a person applies for an original license. Renewals of licenses shall be granted as a matter of course, unless the board

finds, after due notice and hearing, that the applicant has acted or failed to act in such a manner or under circumstances, as would constitute grounds for suspension or revocation of a license.

(3) Each person licensed as a nursing home administrator shall pay an initial license fee to be fixed by the board which shall not exceed \$150. Renewal licenses shall be issued biennially at a fee to be set by the board which shall not exceed \$150 for the biennium. Reasonable fees shall be set by the board for the issuance of copies of public records in its office as well as for certificates or transcripts and duplicates of lost instruments. Each applicant for examination and license shall accompany the application with an examination fee not to exceed \$150 which shall not be refundable, for investigation, processing, and testing purposes. Upon the certification by any department, division, board or agency of the State of Texas of the necessity therefor, all examination fees and license fees provided for herein shall be waived for any employee of such state entity so long as such person remains an employee of the State of Texas and does not serve as a nursing home administrator of a nursing home operated other than by such state entity. The board shall set the fees in amounts that produce sufficient money for administering this Act.

(4) The board may issue a nursing home administrator's license for the regular fee to any person who holds a current license as a nursing home administrator from another jurisdiction, provided that the board finds that the standards for licensure in such other jurisdiction are at least the substantial equivalent of those prevailing in this State; and that the applicant is otherwise qualified; and that the other state gives similar recognition and endorsement to nursing home administrators licenses of the State of Texas.

(5) The board shall have authority to receive and disburse funds received pursuant to Section 1908(e)(1) of the Social Security Act<sup>1</sup> or from any other Federal source of funds or grants for the furtherance of board duties and responsibilities hereunder.

(6) Deleted by Acts 1979, 66th Leg., p. 1231, ch. 591, § 4, eff. Sept. 1, 1979.

<sup>1</sup> 42 U.S.C.A. § 1396g(e)(1).

#### Disciplinary Action

Sec. 11. (1) The board shall be authorized to revoke, suspend, or refuse to renew, a nursing home administrator's license after due notice and hearing upon the following grounds or any of them:

(a) upon proof that such licensee has wilfully or repeatedly violated any of the provisions of this Act or the rules adopted in accordance therewith;

(b) upon proof that such licensee has wilfully or repeatedly acted in a manner inconsistent with the health and safety of the patients of the home of which he is administrator;

(c) upon proof that the licensee was guilty of fraud in securing his license;

(d) upon proof of the intemperate use of alcohol or drugs which in the opinion of the board creates a hazard to patients;

(e) upon proof of a judgment of a court of competent jurisdiction finding the licensee insane;

(f) upon proof that such licensee has been convicted in a court of competent jurisdiction of a misdemeanor or a felony involving moral turpitude; and

(g) upon proof that the licensee has been grossly negligent in his duties as a nursing home administrator.

(2) The board shall have jurisdiction to hear all disciplinary charges brought under the provisions of this Act against persons licensed as nursing home administrators and upon such hearings shall determine such charges upon their merits. Proceedings under this Act shall be begun by filing with the board written charges under oath. Such charges may be preferred by any person and after notice in writing of not less than fifteen (15) full days, stating the place and date of the hearing, accompanied by a copy of the complaint or charges, the board, or a majority thereof, shall hold a hearing on said charges, cause a written record to be made of the evidence given at the hearing, accord the person charged a right to present evidence, be represented by an attorney, and to cross-examine the witnesses. In this connection the board shall be authorized to issue subpoenas for witnesses at the hearing, either at the request of the person cited or on behalf of the board or its representative; to compel the attendance of witnesses, and administer oaths to witnesses. Disobedience of a subpoena duly issued by the board or by its executive director under its direction, shall constitute a contempt of the board which shall be enforceable by any district court sitting in the county in which the hearing is being held upon petition of the board and the presentation to the court of evidence of wilful disobedience and if the district judge is of the opinion and finds that the subpoena was wilfully disobeyed, such judge shall be authorized to punish a subpoenaed witness in like manner and to the extent provided in like cases in civil actions in the district courts of Texas.

(3) Strict rules of evidence shall not apply in a hearing before the board but all decisions of the board shall be supported by sufficient legal and competent evidence.

(4) The failure of the nursing home to comply with Texas State Department of Health requirements for licensure of nursing homes may be considered by the board in determining whether the licensee meets standards for licensure as a nursing home administrator.

(5) If a written complaint is filed with the board or the Texas Board of Health relating to a licensee under this Act, the board, at least as frequently as quarterly, shall notify the complainant of the status

of the complaint until the complaint is finally resolved.

(6) The board must within 31 days from the date of filing of the complaint determine whether a hearing shall be held on such complaint or whether such complaint shall be dismissed and shall notify both the person who filed the complaint and the person against whom the complaint has been filed of the board's decision.

(7) If the board determines that a hearing should be held on a complaint, the board shall designate a hearing officer to conduct the hearing on the complaint. The hearing shall be held within 61 days from the date that the written complaint was filed unless such time is extended in writing by the board.

(8) The hearing officer shall keep a complete record of the hearing and shall transmit the record to the board when completed.

(9) The hearing officer shall forward to the board the complete record of the hearing not later than 30 days from the date of the hearing along with the hearing officer's recommendations concerning what disciplinary action, if any, should be taken by the board with respect to the complaint.

(10) The board shall take action on such complaint by written order not later than the 120th day following the filing of the complaint, unless the date for hearing was delayed pursuant to Subsection (7) of this section, in which case the deadline for the order is extended accordingly. Copies of the order and the record of the hearing shall be filed together in the office of the board, indexed, and made available for public inspection.

(11) The board shall maintain an information file on each complaint it receives.

#### Injunction

Sec. 11A. A person who violates Section 7 of this Act or who engages in conduct that is grounds for revocation or suspension of the person's license under Section 11 of this Act, on petition of the board, may be enjoined or restrained by a district court from practicing nursing home administration.

#### Restoration of Licenses

Sec. 12. The board may, in its discretion, reissue a license to any person whose license has been revoked under such rules and regulations as the board may prescribe.

#### Review

Sec. 13. (1) Any person aggrieved by any action of the board, whether it be a failure to license, or the revocation or suspension of a license, shall have a right to a review of the board's action. First, a person feeling aggrieved by action of the board shall, within ten (10) days following the board's decision or action, file a motion for rehearing with the board which the board shall act on within fifteen

(15) days and notify the person affected by such action in writing concerning the decision of the board on the motion for rehearing. If such action of the board is adverse to the person affected, he may, within thirty (30) days after the board's adverse action on his motion, file a written petition in a district court of Travis County, Texas, complaining of the action of the board and seeking to set aside or modify such action. A decision or action of the board shall not be suspended by the filing of a motion for rehearing or by the filing of a petition for review in the district court of Travis County, Texas, but such board action will only be suspended by injunctive order issued by a court of competent jurisdiction. The venue of any action against the board or any of its members concerning official action of the board shall be exclusively in Travis County, Texas.

(2) Any notice required to be given under this section shall be deemed sufficient if sent by registered or certified mail to the person charged at the address shown on his most recent license application or application for renewal of license. When no such address is available the board shall cause to be published once a week for two consecutive weeks a notice of the hearing in a newspaper published in the county where the person charged was last known to practice nursing home administration, and shall mail a copy of such charges and such notice to such person's last known address. When publication of the notice is necessary, the date of the hearing shall be not less than ten days after the date of the last publication of the notice.

#### Penalties

Sec. 14. On and after July 1, 1970, it shall be unlawful and constitute a misdemeanor for any person to hold himself out as a nursing home administrator or to act or serve in the capacity of a nursing home administrator unless he is the holder of a license as a nursing home administrator issued in accordance with the provisions of this Act and any person who violates this section or any other provision of this Act, shall, upon conviction be punished by imprisonment in the County Jail for not less than one day nor more than thirty days, or by fine of not less than \$100.00 nor more than \$1,000.00, or by both such imprisonment and fine.

#### Assistance by Attorney General

Sec. 15. The Attorney General is directed to render such legal assistance as may be necessary in enforcing and making effective the provisions of this Act, provided that this requirement shall not relieve the local prosecuting officers of any of their duties under the law as such.

#### Annual Report

Sec. 16. An annual report shall be made by the board to the Governor on or before March 15th of each year which shall set forth in summary the

activities of the board for the preceding calendar year and its fiscal condition.

**Reportable Diseases**

Sec. 2.01. (a) Syphilis and gonorrhoea are declared to be venereal diseases that are reportable to the department.

(b) The board may adopt rules which require other venereal diseases to be reported to the department as necessary for the public health. Before the board requires other venereal diseases to be reported, the board must find that the disease:

- (1) causes significant morbidity or mortality; and
- (2) can be cost-effectively screened, diagnosed, and treated in a public health control program.

(c) Reporting of venereal diseases other than those designated as reportable is not required. The board is authorized to establish and to use funds appropriated to the department for the maintenance of registries of those venereal diseases that are not required to be reported, provided that any information provided to such a registry shall be on a voluntary basis.

**Procedures**

Sec. 2.02. (a) A physician who diagnoses or treats a reportable venereal disease and every administrator of a hospital, dispensary, or charitable or penal institution in which there is a case of reportable venereal disease shall report the case within a reasonable period of time to one of the following:

(1) the director of the local health department if the case is diagnosed or treated in a city or county which has a local health department; or

(2) the director of the department's public health region in which the case is diagnosed or treated where there is no local health department.

(b) A director of a local health department or a public health region shall report weekly to the department all cases reported to him or her.

(c) The board shall prescribe the form and method of reporting under Subsections (a) and (b) of this section which may be in writing, by telephone, by electronic data transmission, or by other means. The board may require the reports to contain any information necessary to achieve the purposes of this Act including the (1) name, (2) address, (3) age, (4) sex, and (5) race of the infected person.

(d) The board shall adopt rules establishing procedures to ensure that all reports made pursuant to this section are kept confidential and protected from release to unauthorized persons.

**Duty to Instruct**

Sec. 2.03. It shall be the duty of every physician and of every other person who examines or treats a person having a venereal disease to instruct him or her in measures for preventing the spread of such disease and of the necessity for treatment until cured or free from the infection.

**Control Measures**

Sec. 2.04. If the department or a health authority knows that a person is infected with a venereal disease or is reasonably suspected of being infected based upon laboratory evidence or exposure to a reported case of venereal disease, the department or health authority may implement control measures which are necessary to prevent the introduction, transmission, and spread of the disease within the state.

(a) The department or health authority is authorized to instruct a person who is known to be infected with a venereal disease or who is reasonably suspected of same to place himself or herself under the medical care of a licensed physician for examination or treatment. The physician shall furnish notification to the department or health authority that such person examined or treated is free from such venereal disease infection.

(b) If a person refuses or fails within a reasonable time to comply with the instructions of the

department or health authority as required in Subsection (a) of this section, the department or health authority may order the person to place himself or herself under the medical care of a licensed physician for examination or treatment within a reasonable time. The orders shall be in writing and delivered personally or by registered or certified mail. If the person is a minor whose consent to treatment has not been obtained under Section 35.03, Family Code, the orders shall be sent to the minor's parent, legal guardian, or managing conservator. The person shall furnish notification to the department or health authority of the name and address of the physician visited.

(c) If a person fails or refuses to comply with the written orders of the department or health authority as required in Subsection (b) of this section and the department or health authority knows that the person is infected with a reportable venereal disease or is reasonably suspected of being infected based upon laboratory evidence or exposure to a reported case of a reportable venereal disease, the department or health authority may request a magistrate to issue a warrant. Based upon the sworn affidavit of the department or a health authority that the person is infected with a reportable venereal disease or is reasonably suspected of being infected based upon laboratory evidence or exposure to a reported case of a reportable venereal disease, the magistrate shall issue a warrant ordering any peace officer to take the person into custody and immediately transport him or her to the nearest venereal disease clinic or other facility suitable for examination. If found to be infected with a reportable venereal disease, the infected person may be detained for treatment.

(d) Nothing in this section shall be construed to deny a person, as an exercise of religious freedom, to rely solely on spiritual means through prayer to prevent or cure disease, provided that the person complies with all control measures, other than treatment, imposed by the health authority or the department that are reasonable and necessary to prevent the introduction, transmission, and spread of the disease.

#### Services

Sec. 2.05. The board is authorized to enter into contracts with physicians to provide services to persons who are infected or who are reasonably suspected of being infected with a venereal disease if:

- (1) no local or regional health department venereal disease control program services are available;
- (2) the person in need of examination or treatment is unable to pay for the services; and
- (3) there is an immediate need for examination and/or treatment of the person.

(a) Any person who is in charge of a clinical or hospital laboratory, blood bank, mobile unit, or other facility in which a laboratory examination of any specimen derived from a human body yields microscopical, cultural, serological, or other evidence suggestive of a reportable venereal disease shall notify the department of its findings. Notification shall be submitted weekly except that positive results of a darkfield microscopic examination for *Treponema pallidum* shall be reported within one working day. Notification shall be sent as follows:

(e) From information received from laboratory notifications, the department or a local health department may contact attending physicians. The department or a local health department may not contact a person from whom a specimen was obtained without the physician's consent if the notification indicates the person has an attending physician.

(f) If during any calendar quarter, reportable tests are performed and all test results are negative, the person in charge of the laboratory shall submit a statement to this effect in the same manner as the notification on or before January 5, April 5, July 5, and October 5 following that calendar quarter.

Sec. 4. The Department may invite the cooperation of all physicians and hospitals in the state which provide maternity and newborn infant care to participate in any program established by the Department under the authority of this Act.

[Acts 1965, 59th Leg., p. 506, ch. 262. Amended by Acts 1979, 66th Leg., p. 578, ch. 269, §§ 1 to 5, eff. Aug. 27, 1979; Acts 1983, 68th Leg., p. 5035, ch. 907, § 1, eff. Aug. 29, 1983.]

(e) The department may for good cause after notice to the affected laboratory and an opportunity for hearing restrict, suspend, or revoke any approval granted under this program.

(f) Hearings under this section shall be conducted in accordance with the hearing rules adopted by the board and the applicable provisions of the Administrative Procedure and Texas Register Act, as amended, (Article 6252-13a, Vernon's Texas Civil Statutes).

**Provisions Mandatory; Exception for Religious Tenets; Liability for Failure to Give Permission for Tests**

Sec. 5. Test or tests shall not be given to any newborn infant whose parents or guardian object thereto on the grounds that such tests conflict with their religious tenets or practices. **Notice to Physician or Parents; Follow Up of Positive Tests**

Sec. 6. If the department reasonably suspects that a newborn infant may have hypothyroidism based upon its analysis of a dried blood specimen submitted to it under Section 3 of this Act, the department shall notify either (1) the physician attending the newborn infant or his designee, or (2) the person attending the delivery of the newborn infant that was not attended by a physician or the parents that the results of the analysis of the dried blood specimen from the newborn infant are abnormal and further testing is necessary. In the case of high-risk test results, the department shall recommend that the newborn infant be placed under the medical care of a licensed physician for diagnosis and provide the name of a consultant physician in the newborn infant's geographic area. The letter must state that there are no other emergency medical services providers in the service area. Nothing contained in this Act shall be interpreted to authorize any health-related state-supported institution to make a financial commitment extending beyond the then current budget period for such institution.

#### Cumulative Effect

Sec. 13. This Act shall be cumulative of all laws now in effect relating to eligible institutions.

#### Tax Exemption

Sec. 14. The accomplishment of the purposes stated in this Act being for the health and benefit of the people of this state, and for the improvement of their properties and industries, the associations in carrying out the purposes of this Act will be performing essential public functions under the constitution, and the associations shall not be required to pay any tax or assessment on its properties or any part thereof or on any purchases made by the associations.

**Adulterated Food**

Sec. 10. A food shall be deemed to be adulterated:

(a)(1) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such food shall not be considered adulterated under this clause if the quantity of such substance in such food does not ordinarily render it injurious to health; or (2)(A) if it bears or contains any added poisonous or added deleterious substance (except a pesticide chemical in or on a raw agricultural commodity and except a food additive) which is unsafe within the meaning of Section 13; or (B) if it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of Section 13, or (C) if it is, or it bears or contains, any food additive which is unsafe within the meaning of Section 13; provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under Section 13, and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling the residue of such pesticide chemical remaining in or on such processed food shall, notwithstanding the provisions of Section 13 and clause (C) of this Section, not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice, and the concentration of such residue in the processed food, when ready to eat, is not greater than the tolerance prescribed for the raw agricultural commodity; or (3) if it consists in whole or in part of a diseased, contaminated, filthy, putrid, or decom-

posed substance, or if it is otherwise unfit for foods; or (4) if it has been produced, prepared, packed or held under unsanitary conditions whereby it may have become contaminated, or whereby it may have been rendered injurious to health; or (5) if it is the product of a diseased animal or an animal which has died otherwise than slaughter, or that has been fed upon the uncooked offal from a slaughterhouse; or (6) if its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

(b)(1) If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or (2) if any substance has been substituted wholly or in part therefor; or (3) if damage or inferiority has been concealed in any manner; or (4) if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength or make it appear better or of greater value than it is; or (5) if it contains saccharin, dulcin, glucin, or other sugar substitutes except in dietary foods, and when so used shall be declared; or (6) if it be fresh meat and it contains any chemical substance containing sulphites, sulphur dioxide, or any other chemical preservative which is not approved by the United States Bureau of Animal Industry or the Commissioner of Health.

(c) If it is confectionery and it bears or contains any alcohol or non-nutritive article or substance except harmless coloring, harmless flavoring, harmless resinous glaze not in excess of four-tenths of one per centum, harmless natural gum, and pectin; provided, that this paragraph shall not apply to any confectionery by reason of its containing less than one-half of one per centum by volume of alcohol derived solely from the use of flavoring extracts, or to any chewing gum by reason of its containing harmless non-nutritive masticatory substances.

(d) If it bears or contains a coal-tar color other than one certified under authority of the Federal Act.

**Misbranded Food**

Sec. 11. A food shall be deemed to be misbranded:

(a) If its labeling is false or misleading in any particular;

(c)(1) If it is an imitation of another food unless its label bears the word imitation; (2) In type of uniform size and prominence and immediately thereafter the name of the food imitated; (3) Except in cases of mixtures and compounds which may be now or from time to time hereafter known as articles of food, under their own distinctive names, and not an imitation of or offered for sale under the distinctive name of another article if the name be accompanied on the same label or brand with a

statement of the place where said article has been manufactured or produced. No one administering this law may constitute oleomargarine as an imitation of butter;

(d) If its container is so made, formed, or filled as to be misleading;

(e) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; (2) an accurate statement of the quantity of the content in terms of weight, measure, or numerical count; provided, that under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Commissioner of Health;

(f) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(g) If it purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by Section 9, unless (1) it conforms to such definition and standard, and (2) its label bears the name of the food specified in the definition and standard, and, in so far as may be required by such regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in such food;

(h) If it purports to be or is represented as:

(1) A food for which a standard of quality has been prescribed by regulations as provided by Section 9, and its quality falls below such standard unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard; or

(2) A food for which a standard or standards of fill of container have been prescribed by regulations as provided by Section 9, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard;

Commissioner of Health; provided further, that the requirements in paragraphs (c)(2), and (e)(1) shall not apply to any bottled carbonated drinks or still soft drinks and, provided further, that clause (2) of paragraph (i) shall not apply to any bottled carbonated drinks or still soft drinks or the dispensing of carbonated soft drinks or still soft drinks in single service cups. Nothing in this law shall be construed as requiring proprietors or manufacturers of proprietary foods which contain no unwholesome added ingredients to disclose their trade formulas except in so far as the provisions of this law require to secure freedom of adulteration or misbranding;

(j) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the Commissioner of Health determines to be, and by regulations prescribed, as necessary in order to fully inform purchasers as to its value for such uses;

(k) If it bears or contains any artificial flavorings, artificial coloring, or chemical preservative, unless it bears labeling stating that fact; provided that, to the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the Commissioner of Health. The provisions of this paragraph and paragraph (g) and (i) with respect to artificial coloring is not to apply in the case of butter, cheese and ice cream.

#### Emergency Permit Control

Sec. 12. (a) Whenever the Commissioner of Health finds after investigation that the distribution in Texas of any class of food may, by reason of contamination with microorganisms during manufacture, processing, or packing thereof in any locality, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered commerce it then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, or permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into commerce any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the Commissioner of Health as provided by such regulations.

(b) The Commissioner of Health is authorized to suspend immediately upon notice any permit issued under authority of this Section if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner of

Health shall, immediately after prompt hearing and an inspection of the establishment, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued, or as amended.

(c) Any officer or employee duly designated by the Commissioner of Health shall have access to any factory or establishment, the operator of which holds a permit from the Commissioner of Health for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator.

**Poisonous or Deleterious Substance Added to Food;  
Regulation by Commissioner**

Sec. 13. Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof, cannot be avoided by good manufacturing practice, or serves a useful purpose, shall be deemed to be unsafe for purposes of the application of clause (2) of Section 10(a); but when such substance is so required, cannot be so avoided, or serves a useful purpose, the Commissioner of Health shall promulgate regulations limiting the quantity therein or thereon to such extent as the Commissioner of Health finds necessary for the protection of public health; and any quantity exceeding the limits so fixed shall also be deemed to be unsafe for purposes of the application of clause (2) of Section 10(a). While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of clause (1), Section 10(a). In determining the quantity of such added substance to be tolerated in or on different articles of food, the Commissioner of Health shall take into account the extent to which the use of such substance is required, cannot be avoided in the production of each such article, or serves a useful purpose, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances.

**Adulterated Drug or Device**

Sec. 14. A drug or device shall be deemed to be adulterated

(a)(1) If it consists in whole or in part of any filthy, putrid, decomposed substance, or defective material; or (2)(A) if it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated, or whereby it may have been rendered injurious to health, or whereby it may have become or have been rendered incapable of, or unsuitable for, the purpose for which it was designed or intended; (B) if it is a drug and the methods used in, or the facilities or controls used for, its manufacture, processing, packing, or holding

do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that such drug meets the requirements of this Act as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess; or (3) if it is a drug and its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health; or (4) if it is a drug and it bears or contains, for purposes of coloring only, a coal-tar color other than one from a batch certified under the authority of the Federal Act.<sup>1</sup>

(b) If it purports to be or is represented as a drug the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standard set forth in such compendium. Such determination as to strength, quality or purity shall be made in accordance with the tests or methods of assay set forth in such compendium, or in the absence of or inadequacy of such tests or methods of assay, those prescribed under authority of the Federal Act. No drug defined in an official compendium shall be deemed to be adulterated under this paragraph because it differs from the standard of strength, quality, or purity therefor set forth in such compendium, if its difference in strength, quality, or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States it shall be subject to the requirements of the United States Pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia;

(c) If it is not subject to the provision of paragraph (b) of this Section and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess;

(d) If it is a drug and any substance has been (1) mixed or packed therewith so as to reduce its quality or strength; or (2) substituted wholly or in part therefor; provided, that this Subsection shall not apply to registered pharmacists compounding and dispensing physicians' prescriptions.

(f) Unless its labeling bears (1) adequate directions for use; and (2) such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users; provided, that where any requirement of clause (1) of this paragraph, as applied to any drug or device, is not necessary for the protection of the public health, the Commissioner of Health shall promulgate regulations exempting such drug or device from such requirements;

(g) If it purports to be a drug the name of which is recognized in the official compendium, unless it is packaged and labeled as prescribed therein; provid-

ed, that the method of packing may be modified with the consent of the Commissioner of Health. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States, it shall be subject to the requirements of the United States Pharmacopoeia with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States, and not to those of the United States Pharmacopoeia;

(h) If it has been found by the Commissioner of Health to be a drug liable to deterioration, unless it is packaged in such form and manner, and its label bears a statement of such precautions, as the Commissioner of Health shall have informed the appropriate body charged with the revision of such compendium of the need for such packaging or labeling requirements and such body shall have failed within a reasonable time to prescribe such requirements;

Such prescription shall not be refilled except on the authorization of the prescribing physician, dentist or veterinarian. This Subsection shall not apply to a drug containing one or more of the derivatives of barbituric acid and in addition a sufficient quantity or proportion of another drug or drugs to prevent the ingestion of a sufficient amount of barbituric derivative to cause an hypnotic or somnifacient effect.

#### Regulations; Authority to Promulgate; Violation of Regulation; Hearings; Notice; Appeals; Action in District Court of Travis County

Sec. 20. (a) The authority to promulgate reasonable and necessary regulations, not inconsistent with any provision of this Act, for the efficient enforcement of this Act is hereby vested in the Commissioner of Health. To be entitled to receive such notices, said holder shall first pay in advance, an annual service charge to be determined by the Commissioner of Health, which same shall not be more than Five Dollars (\$5.00), except that the public hearing on regulations under Section 12 may be held at a time, to be fixed by the Commissioner of Health, after notice thereof. The regulation so promulgated shall become effective on a date fixed by the Commissioner of Health (which date shall not be prior to the ninetieth (90) day after its promulgation), except that if the Commissioner of Health finds that emergency conditions exist necessitating an earlier effective date, then the Commissioner of Health shall specify in the order his findings as to such conditions and the order shall take effect at such earlier date as the Commissioner of Health shall specify therein to meet the emergency. Such regulation may be amended or repealed in the same manner as is provided for its adoption, except that in the case of a regulation amending or repealing any such regulation the Commissioner of Health, to such an extent as he deems necessary in order to prevent undue hardship, may disregard the forego-

(c-1) In all appeals prosecuted in any of the courts of this state pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from justice of the peace courts to county courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstance shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act. If this Section, or any part thereof, is for any reason ever held by any court to be invalid, unconstitutional or inoperative in any way, then in that event such appeals shall be as provided in Section 20(d) of this Act. It is specifically provided hereby that Section 20(d) of this Act shall not be operative unless and until the appeal as provided by Section 20(c-1) is held invalid, unconstitutional or inoperative.

The cause shall be tried by the court without a jury in the same manner as civil actions generally and all fact issues material to the validity of such act, order, ruling or decision shall be re-determined in such trial on the preponderance of the competent evidence but no evidence shall be admissible which was not either tendered to the Commissioner of Health or on file in his office while the matter was pending before him for decision. The burden of proof shall be on the plaintiff and judgment shall be entered by the court declaring the action, order, ruling or decision in question either valid or invalid. Appeals from any final judgment may be taken in the manner provided for in ordinary civil actions generally. No appeal bond shall be required by the Commissioner of Health. Whenever samples are secured by the Commissioner of Health or his agent, an equal amount of the product sampled, may upon request, be given to the person who has custody of the product sampled; payments shall be made only for that portion of the sample actually taken by the said Commissioner or agent.

#### Purpose

Sec. 2. Meat and meat food products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and result in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated

ed, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the State Commissioner of Health and cooperation by this state and the United States as contemplated by this Act are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this Act.

#### Examination for Live Animals and Birds

Sec. 3. For the purpose of preventing the use in intrastate commerce, as hereinafter provided, of meat and meat food products which are adulterated, the commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds before they shall be allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in this state in which slaughtering and preparation of meat and meat food products of such animals are conducted solely for intrastate commerce; and all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds found on such inspection to show symptoms of disease shall be set apart and slaughtered separately from all other cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, and when so slaughtered, the carcasses of said cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds shall be subject to a careful examination and inspection, all as provided by the rules and regulations to be prescribed by the commissioner as herein provided for.

#### Post-Mortem Examinations; Destruction of Condemned Carcasses

Sec. 4. For the purposes hereinbefore set forth the commissioner shall cause to be made by inspectors appointed for that purpose, as hereinafter provided, a post-mortem examination and inspection of the carcasses and parts thereof of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, capable of use as human food, to be prepared at any slaughtering, meat-canning, salting, packing, rendering, or similar establishment in this state in which such articles are prepared solely for intrastate commerce; and the carcasses and parts thereof of all such animals found to be not adulterated shall be marked, stamped, tagged, or labeled, as "Inspected and Passed"; and said inspectors shall label, mark, stamp, or tag as "Inspected and Condemned" all carcasses and parts thereof of animals found to be adulterated; and all carcasses and parts thereof thus inspected and condemned shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the commissioner may remove inspectors from any such establishment which fails to so destroy any such condemned carcass or part thereof, and said inspectors, after

said first inspection shall, when they deem it necessary, reinspect said carcasses or parts thereof to determine whether since the first inspection the same have become adulterated and if any carcass or any part thereof shall, upon examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the commissioner may remove inspectors from any establishment which fails to do so destroy any such condemned carcass or part thereof.

#### Investigations; Quarantine

Sec. 4a. (1) Whenever, in his judgment, the commissioner determines that it is in the best interest of public health that investigations be made of disease findings by inspectors operating under the provisions of Sections 3 and 4 of this Act, the commissioner shall have the authority to cause such investigations to be made.

(2) Whenever any disease condition is found in the course of inspection provided for in this Act, which is inimical to public health, the commissioner shall have the authority to quarantine any premise or premises determined to be harboring any animal afflicted with any stage of the disease which may be transmitted to man or animals. Quarantined animals may be removed from quarantined areas only upon permission and supervision by the commissioner.

#### Application of Law; Limiting Entry of Meat

Sec. 5. The foregoing provisions shall apply to all carcasses or parts of carcasses of cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds or the meat or meat products thereof, capable of use as human food, which may be brought into any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where inspection under this title is maintained, and such examination and inspection shall be had before the said carcasses or parts thereof shall be allowed to enter into any department wherein the same are to be treated and prepared for meat food products; and the foregoing provisions shall also apply to all such products which, after having been issued from any such slaughtering, meat-canning, salting, packing, rendering, or similar establishment, shall be returned to the same or to any similar establishment where such inspection is maintained. The commissioner may limit the entry of carcasses, parts of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this title is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Act.

**Access to Establishments; Labeling of Products;  
Destruction of Condemned Products**

Sec. 6. For the purposes hereinbefore set forth the commissioner shall cause to be made by inspectors appointed for that purpose an examination and inspection of all meat food products prepared in any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where such articles are prepared solely for intrastate commerce and for the purposes of any examination and inspection said inspectors shall have access at all times, by day or night, whether the establishment be operated or not, to every part of said establishment; and said inspectors shall cause to be marked, stamped, tagged, or labeled as "Texas inspected and passed" all such products found to be not adulterated; and said inspectors shall cause to be labeled, marked, stamped, or tagged as "Texas inspected and condemned" all such products found adulterated, and all such condemned meat food products shall be destroyed for food purposes, as hereinbefore provided, and the commissioner may remove inspectors from any establishment which fails to so destroy such condemned meat food products.

**Products Packed in Containers**

Sec. 7. (a) When any meat or meat food product prepared for intrastate commerce which has been inspected as hereinbefore provided and marked "Texas inspected and passed" shall be placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Act is maintained, the person, firm, or corporation preparing said product shall cause a label to be attached to said can, pot, tin, canvas, or other receptacle or covering, under supervision of an inspector, which label shall state that the contents thereof have been "Texas inspected and passed" under the provisions of this Act, and no inspection and examination of meat or meat food products deposited or inclosed in cans, tins, pots, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Act is maintained shall be deemed to be complete until such meat or meat food products have been sealed or inclosed in said can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

(b) All carcasses, parts of carcasses, meat, and meat food products inspected at any establishment under the authority of this Act and found to be not adulterated, shall at the time they leave the establishment bear, in distinctly legible form, directly thereon or on their containers, as the commissioner may require, the information required under paragraph (k) of Section 1 of this Act.

(c) The commissioner, whenever he determines such action is necessary for the protection of the public, may prescribe: (1) the styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling of any articles or animals subject to

this title or Title II of this act; (2) definitions and standards of identity or composition for articles subject to this title and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act, or under the Federal Meat Inspection Act, or under the Federal Poultry Products Inspection Act,<sup>1</sup> and there shall be consultation between the commissioner and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the federal standards.

(d) No article subject to this title shall be sold or offered for sale by any person, firm, or corporation, in intrastate commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading and which are approved by the commissioner are permitted.

(e) If the commissioner has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as it may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling, or container does not accept the determination of the commissioner, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the commissioner so directs, be withheld pending hearing and final determination by the commissioner. Any such determination by the commissioner shall be conclusive unless, within 30 days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to the district court.

<sup>1</sup> 21 U.S.C.A. § 451 et seq.

**Sanitary Conditions of Establishments**

The commissioner shall cause to be made, by experts in sanitation, or by other competent inspectors, such inspection of all slaughtering, meat-canning, salting, packing, rendering, or similar establishments in which cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds are slaughtered and the meat and meat food products thereof are prepared solely for intrastate commerce as may be necessary to inform himself concerning the sanitary conditions of the same, and to prescribe the rules and regulations of sanitation under which such establishments shall be maintained; and where the sanitary conditions of any such establishment are such that the meat or meat food products are rendered adulterated, he shall refuse to allow said meat or meat food products to be labeled, marked,

stamped, or tagged as "Texas inspected and passed."

#### Nighttime Inspections

Sec. 9. The commissioner shall cause an examination and inspection of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, and the food products thereof, slaughtered and prepared in the establishments hereinbefore described for the purposes of intrastate commerce to be made during the nighttime as well as during the daytime when the slaughtering of said cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, or the preparation of said food products is conducted during the nighttime. Provided that the commissioner, when he determines that operating hours of any person, firm, or corporation, are set in a capricious or at unnecessarily difficult times, shall have the authority to set the time and duration of operations of the said person, firm, or corporation.

#### Prohibited Acts

Sec. 10. No person, firm, or corporation shall, with respect to any cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, or any carcasses, parts of carcasses, meat, or meat food products of any such animals:

(b) sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, (1) any such articles which (A) are capable of use as human food, and (B) are adulterated or misbranded at the time of such sale, transportation, offer for sale or transportation, or receipt for transportation; or (2) any articles required to be inspected under this title unless they have been so inspected and passed;

(c) do, with respect to any such articles which are capable of use as human food, any act while they are being transported in intrastate commerce or held for sale after such transportation, which is intended to cause or has the effect of causing such articles to be adulterated or misbranded;

(d) sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce or from an official establishment, any slaughtered poultry from which the blood, feathers, feet, head, or viscera have not been removed in accordance with regulations promulgated by the commissioner, except as may be authorized by regulations of the commissioner.

#### Official Marks and Certificates

Sec. 11. (a) No brand manufacturer, printer, or other person, firm, or corporation shall cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the commissioner.

(b) No person, firm, or corporation shall:

This section shall not affect in any way other provisions of this Act for withdrawal of inspection services under Title I from establishments failing to maintain sanitary conditions or to destroy condemned carcasses, parts, meat, or meat food products.

(b) For the purpose of this section a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of 10 per centum or more of its voting stock or employee in a managerial or executive capacity. The determination and order of the commissioner with respect thereto under this section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within 30 days after the effective date of such order in the appropriate court as provided in Section 404. compliance with the applicable laws. When a decree of condemnation is entered against the article or animal and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or animal. The proceedings in such libel cases shall conform, as nearly as may be, to the proceedings in admiralty, except that either party may demand trial by jury of any issue of fact joined in any case, and all such proceedings shall be at the suit of and in the name of this state.

(b) The provisions of this section shall in no way derogate from authority for condemnation or seizure conferred by other provisions of this Act, or other laws.

Any person may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the commissioner as hereinbefore provided.

(6) Witnesses summoned before the commissioner shall be paid the same fees and mileage that are paid witnesses in the courts of this state, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like services in such courts.

(7) No person, firm, or corporation shall be excused from attending and testifying or from producing books, papers, schedules of charges, contracts, agreements, or other documentary evidence before the commissioner or in obedience to the subpoena of the commissioner whether such subpoena be signed or issued by him or his delegate, or in any cause or proceeding, criminal or otherwise, based upon or growing out of any alleged violation of this Act, or of any amendments thereto, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him or it may tend to incriminate him or it or subject him or it to a penalty or forfeiture; but no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any person so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(2) "Person" includes any individual, partnership, corporation or association, or legal representative or agent.

(3) "Commerce" means any and all commerce within the State of Texas and subject to the jurisdiction thereof; and includes the operation of any business or service establishment.

(4) "Hazardous substance" means any substance or mixture of substances which is toxic, corrosive,

flammable, an irritant, a strong sensitizer, or generates pressure through decomposition, heat, or other means, if the substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children, or any toy or other article other than clothing intended for use by children which presents an electrical, mechanical, or thermal hazard; and any radioactive substance if, with respect to the substance as used in a particular class of article or as packaged, the department finds by regulation that the substance is sufficiently hazardous to require labeling in accordance with the provisions of this Act in order to protect the public health. The term "hazardous substance" does not apply to economic pesticides subject to the State or Federal Insecticide, Fungicide, and Rodenticide<sup>1</sup> Act nor to foods, drugs, and cosmetics subject to the Federal Food, Drug, and Cosmetic Act<sup>2</sup> or to beverages complying with or subject to the Federal Alcohol Administration Act,<sup>3</sup> or to the Texas Food, Drug, and Cosmetic Act,<sup>4</sup> nor to substances intended for use as fuels when stored in containers and used in the heating, cooking or refrigeration system of a private residence, nor does it apply to or include any source material, special nuclear material, or by-product material as defined in the federal Atomic Energy Act of 1954, as amended,<sup>5</sup> and regulations issued pursuant thereto by the Atomic Energy Commission.

(5) "Toxic" means any substance other than a radioactive substance which has the capacity to produce personal injury or illness to any person through ingestion, inhalation, or absorption through any body surface.

(6) "Highly toxic" means any substance which produces death within 14 days in half or more than half of a group of 10 or more laboratory white rats each weighing between 200 and 300 grams, at a single dose of 50 milligrams or less per kilogram of body weight, when orally administered, or when inhaled continuously for a period of one hour or less at an atmospheric concentration of 200 parts per million by volume or less of gas or vapor or two milligrams per liter by volume or less of mist or dust, if the inhaled concentration is likely to be encountered by any person when the substance is used in any reasonably foreseeable manner; or which produces death within 14 days in half or more than half of a group of 10 or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for 24 hours or less. However, if the department finds that available data based on human experience indicate results different from those obtained on animals, the human data shall take precedence.

(8) "Irritant" means any noncorrosive substance which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(9) "Strong sensitizer" means any substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity which becomes evident on reapplication of the same substances. Before designating any substance as a strong sensitizer, the department, upon consideration of the frequency of occurrence and severity of the reaction, shall find that the substance has a significant potential for causing hypersensitivity.

(10) "Flammable" applies to any substance which has a flash point of above 20 degrees to and including 80 degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester. Any substance which has a flash point at or below 20 degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester shall be designated "extremely flammable." However, the flammability of solids, fabrics, children's clothing, household furnishings, and of the contents of self-pressurized containers shall be determined by methods found by the department to be generally applicable to these materials or containers, and shall be established by regulations issued by the department.

(13) "Immediate container" does not include package liners.

(14) "Misbranded hazardous substance" means a hazardous substance (including a toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in a manner which is susceptible of access by a child to whom the toy or other article is entrusted, intended or packaged in a form suitable for use in the household or by children) which fails to bear a proper label as required by this Act.

(b) Any toy or other article other than clothing intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in a manner susceptible of access by a child to whom the toy or other article is entrusted, shall be declared to be a banned hazardous substance by the department.

(d) Any article subject to the provisions of this Act which cannot be labeled adequately to protect the public health and safety, or which presents an imminent danger to the public health and safety, shall be declared a banned hazardous substance by the department.

(e) The provisions of this section do not apply to any toy or article such as chemical sets which by reason of functional purpose requires the inclusion of a hazardous substance, or necessarily presents an electrical, mechanical, or thermal hazard, and which bears labeling which in the judgment of the department gives adequate directions and warnings for safe use, and is intended for use by children who have attained sufficient maturity and may reasonably be expected to read and heed these directions and warnings; nor do the provisions of this section apply to the manufacture, sale, distribution, or use of fireworks of any class.

#### Examinations and Investigations

Sec. 4. (a) In order to enforce the provisions of this Act, any officer, employee, or agent of the department may, upon the presentation of appropriate credentials to the owner, operator, or agent, enter at reasonable times any factory, warehouse, or establishment in which any hazardous substance is manufactured, processed, packaged, or held for introduction into commerce or is held after introduction into commerce, or any vehicle used to transport or hold any hazardous substance in commerce, for the purpose of inspecting within reasonable limits and in a reasonable manner, such factory, warehouse, establishment or vehicle, and all pertinent equipment, finished and unfinished materials, and labeling therein.

(b) The officer, employee, or agent may obtain samples of any materials, packaging, and labeling; however, he shall pay or offer to pay the owner, operator, or agent in charge for any sample and shall give a receipt describing the samples obtained.

(b) If any person affected by any rule or regulation adopted and established by the department should take exception to the adoption and issuance of any rule or regulation, such person may request a hearing before the department, in which event the department shall not enforce such rule or regulation except as hereafter provided. Within thirty days after receipt of such request, the hearing must be held. The complaining person shall be given at least ten days notice of the place, date and time of such hearing. After fair hearing the department shall issue a written order or decision, upholding, amending, extending or reversing the previous action, and stating reasons therefor. If within thirty days of the date of such order or decision, there is no appeal as provided for in Subsection (c) hereof, such rule or regulation shall become effective.

(c) If any person be dissatisfied with an order or decision following a hearing pursuant to Subsection (b) of this section, such person may bring suit against the department to repeal, amend, vacate or set aside such order, decision, rule or regulation, in a District Court of Travis County, Texas. When such suit is filed, the plaintiff may apply for an injunction restraining the department from enforcing its order or decision pending the outcome of the trial on the merits, and the court in its discretion may grant such application for injunction or the court may continue the department's order or decision in effect where the court finds it necessary to protect the public health. Upon a trial on the merits, the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative action, order or decision. All such appeals shall be de novo as that term is used and understood in appeals from Justice of the Peace Courts to County Courts.

(c) After considering the factors enumerated in Subsection (b) of this section, the commissioner shall make findings with respect thereto and issue a rule controlling the substance if he finds the substance has a potential for abuse.

(d) If the commissioner designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

(e) If any substance is designated, rescheduled, or deleted as a controlled substance under federal law and notice thereof is given to the commissioner, the commissioner shall similarly control the substance under this Act after the expiration of 30 days from publication in the Federal Register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance unless within that 30-day period the commissioner objects to inclusion. In that case, the commissioner shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the commissioner shall publish his decision, which shall be final unless altered by statute. Upon publication of objection to inclusion, rescheduling, or deleting, control as to that particular substance under this Act is stayed until the commissioner publishes his decision.

(f) The commissioner, in making his decision as to which schedule a controlled substance shall be assigned, shall perform the tests enumerated in Sections 2.10 through 2.14.

(g) Within 10 days of any action taken pursuant to Subsection (a) of this section, the commissioner shall provide written notice of such action to the director and to each state licensing board having jurisdiction over practitioners.

(3) the substance may lead to limited physical dependence or psychological dependence liability relative to the controlled substances listed in Schedule IV.

#### Alterations in Schedule: Notice and Hearing

Sec. 2.15. Each alteration made by the commissioner in a schedule under Subchapter 2 of this Act, except pursuant to Section 2.09(e), must be preceded by a public hearing held by the commissioner in Austin following publication of notice in at least three newspapers of general circulation in this state. ## Grounds for Revocation and Suspension

Sec. 3.04. (a) A registration under Section 3.03 to manufacture, distribute, analyze, or dispense a controlled substance may be suspended, denied, or revoked in accordance with this Act upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under this Act;

(2) has been convicted of a felony offense under any state or federal law relating to any controlled substance or convicted of any other felony;

(3) has had his registration under the Federal Controlled Substances Act suspended or revoked to manufacture, distribute, analyze, or dispense controlled substances;

(5) has failed to establish and maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels as provided by federal regulations or laws now in effect or hereafter promulgated; or

(6) has willfully failed to maintain records required to be kept or has willfully or unreasonably refused to allow an inspection authorized by this Act.

(b) The revocation or suspension of a registration may be limited to the particular schedule or controlled substance within a schedule with respect to which grounds for revocation or suspension exist.

(c) If a registration is suspended or revoked, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state as provided under Section 5.04 of this Act.

(d) The purpose of this Act being to promote the public health and welfare by the control of the illegal drug traffic, the operation of any registrant in violation of the regulations specified in this section is hereby declared to be a public nuisance, and the director may apply to any court of competent jurisdiction for and may obtain an injunction suspending the registration of the offender.

(e) The Rules of Civil Procedure shall govern proceedings under this section except when in conflict herewith.

(f) The director shall promptly notify the bureau and state agencies of all orders suspending or revoking registration and all forfeitures of controlled substances.

#### Procedure for Suspension and Revocation

Sec. 3.05. (a) A registration under this Act may be revoked or suspended for cause set forth in Section 3.04 by any district court of this state. The attorney representing the state in the various district courts shall have the authority, and it shall be his duty, to file and prosecute appropriate judicial proceedings for the suspension or revocation of a registrant under this Act upon presentation of competent evidence by the director. A proceeding under this section may be maintained in the county of residence of the registrant, in the county where the registrant maintains a place of business or practice, or in the county in which a wrongful act under Section 3.04 was committed.

(b) The petition shall be sufficient if it contains substantially the following requisites:

- (1) the petitioner shall be "The State of Texas";
- (2) it shall be directed to the registrant whose license is sought to be revoked or suspended;
- (3) it shall contain a short statement of the cause of action sufficient to give notice of the grounds upon which revocation or suspension of the registration is sought;
- (4) it shall ask for a revocation or suspension of the registration; and
- (5) it shall be signed and verified by the director.

#### Records of Registrants

Sec. 3.06. Persons registered to manufacture, distribute, analyze, or dispense controlled substances under this Act shall keep records and maintain inventories in conformance with recordkeeping and inventory requirements of federal law and with any additional rules the director issues.

#### Order Forms

Sec. 3.07. Controlled substances in Schedules I and II shall be distributed by a registrant to another registrant only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section.

#### Prescriptions

Sec. 3.08. (a) No controlled substance in Schedule II may be dispensed or administered without the written prescription of a practitioner on a form that meets the requirements of and is filled in by the practitioner in accordance with Section 3.09 of this Act, except that:

(1) in emergency situations, as defined by rule of the director, Schedule II drugs may be dispensed or administered upon oral or telephonically communi-

cated prescription of a practitioner, reduced promptly to writing by the pharmacy or (in the case of an emergency authorization to administer) the person administering the Schedule II drug, which shall include in the written record of the oral or telephonically communicated prescription the name, address, and Federal Drug Enforcement Administration number of the prescribing practitioner, all information required to be provided by the practitioner under Subsection (c) of Section 3.09 of this Act, and all information required to be provided by the dispensing pharmacist under Subsection (e) of Section 3.09 of this Act and shall send a copy of the written record to the Department of Public Safety within 30 days from the date the prescription is filled; and

(2) a prescription written for a patient who is admitted to a hospital at the time the prescription is written and filled is not required to be on a form that meets the requirements of Section 3.09 of this Act, and the provisions of Section 3.09 of this Act are not applicable to such prescriptions. No prescription for a Schedule II substance may be refilled.

(b) Except when dispensed directly to an ultimate user by a practitioner, other than a pharmacy, a controlled substance included in Schedule III or IV, which is a prescription drug as determined under the Federal Food, Drug, and Cosmetic Act,<sup>1</sup> shall not be dispensed without a written, oral, or telephonically communicated prescription of a practitioner. A prescription for a Schedule III or IV drug shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

Such telephonically communicated prescriptions shall be reduced promptly to writing by the pharmacy and filed and retained in conformity with this subchapter. The written designation of an agent authorized to communicate prescriptions shall be maintained in the usual place of business of the practitioner and shall be available for inspection by investigators for the Texas State Board of Medical Examiners, the State Board of Dental Examiners, the State Board of Veterinary Medical Examiners, or the Department of Public Safety.

(d) Upon request from a pharmacist, the practitioner shall furnish a copy of such written designation of an agent authorized to communicate prescriptions on behalf of such practitioner. Nothing herein shall be construed as to relieve such a practitioner or his designated agent from the requirements of Section 40 of the Texas Pharmacy Act (Article 4542a-1, Vernon's Texas Civil Statutes), and such practitioner shall be personally responsible for the actions for such designated agent in communicating prescriptions to a pharmacist.

(e) A controlled substance listed in Subdivision (1) or (2), Subsection (b), Section 2.07, of this Act, may not be dispensed without the prescription of a practitioner, except when dispensed directly to an ultimate user by a practitioner other than a pharmacy, and a prescription for the substances may not be filled or refilled more than six months after the date of the prescription or be refilled more than five times, unless renewed by the practitioner. A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose.

(f) No prescription for Schedule II narcotic drugs shall be filled after the end of the second day following the day on which the prescription was issued.

(g) A practitioner, as defined by Section 1.02(24)(A) of this Act, may not prescribe, dispense, deliver, or administer a controlled substance or cause a controlled substance to be administered under his direction and supervision except for a valid medical purpose and in the course of professional practice.

(h) No person may administer or dispense a controlled substance in Schedule I, except as otherwise authorized by this Act.

(i) Information submitted to the Department of Public Safety pursuant to this section shall be used only for bona fide drug-related criminal investigatory or evidentiary purposes or for investigatory or evidentiary purposes in connection with the functions of one or more of the regulatory boards listed in Subdivision (1) of Subsection (g) of this section.

(j) Each identity of an individual which is submitted to the Department of Public Safety pursuant to this section shall be removed from the system for retrieval of such information and shall be destroyed and rendered irretrievable not later than the end of the sixth calendar month following the month in which such identity was submitted to the department; provided that an individual identity which is necessary for use in a specific ongoing investigation conducted in accordance with this section may be retained in the system until the end of the month in which the necessity for retention of such identity ends. The department shall issue a report at least quarterly to the Legislative Budget Board certifying that the provisions of this subsection have been complied with and setting forth in detail the results of monthly audits showing that identities have been removed from the system and rendered irretrievable in compliance with this subsection. Failure to comply with any provision of this subsection shall be corrected as soon as practicable after discovery, and any person responsible for failure to comply with this subsection shall be subject to disciplinary action for such failure, including but not limited to dismissal.

(e) In no event may resentencing under this section lengthen the petitioner's sentence or require him to pay an additional fine.

(f) Nothing in this section shall be construed to authorize the release of a person who is serving concurrent sentences for two or more offenses, if

after resentencing such person still has time remaining to be served on a concurrent sentence.

(b) No property shall be forfeited under this subchapter by reason of any act established by the owner thereof to have been committed without his knowledge or consent.

(c) A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act which caused the property to be subject to forfeiture.

#### Seizure

Sec. 5.04. (a) Property subject to forfeiture under this subchapter may be seized by any peace officer under authority of a search warrant issued pursuant to this Act.

(b) Seizure of any property subject to forfeiture may be made without warrant if:

(2) the seizure is incident to a search to which the owner, operator, or agent in charge of the property consents;

(3) the property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this Act; or

(4) the seizure was incident to a lawful arrest, lawful search, or lawful search incident to arrest.

#### Notification of Forfeiture Proceedings

Sec. 5.05. (a) When any property, other than a controlled substance or raw material, is seized, proceedings under this section shall be instituted within 30 days after the seizure and not thereafter.

(b) The seizing officer shall immediately cause to be filed in the name of the State of Texas with the clerk of the district court in the county in which the seizure is made, or if the property is a conveyance, in any county in which the conveyance was used or intended for use to transport or in any manner facilitate the transportation, sale, receipt, possession, or concealment of any property described in Paragraph (1), (2) or (3) of Section 5.03(a), a notice of the seizure and intended forfeiture. Certified copies of the notice shall be served upon the following persons as provided for the serving of process by citation in civil cases:

(1) the owner of the property, if address is known;

(2) any secured party who has registered his lien or filed a financing statement as provided by law; and

(3) any other bona fide lienholder or secured party or other person holding an interest in the property in the nature of a security interest of whom the Department of Public Safety has knowledge.

(c) If the property is a motor vehicle susceptible of registration under the motor vehicle registration

laws of this state and if there is any reasonable cause to believe that the vehicle has been registered under the laws of this state, the officer in charge of initiating the forfeiture proceedings shall make inquiry of the State Department of Highways and Public Transportation as to what the records of the State Department of Highways and Public Transportation show as to who is the record owner of the vehicle and who, if anyone, holds any lien or security interest which affects the vehicle.

(d) If the property is a motor vehicle and is not registered in Texas, then the officer in charge of initiating the proceeding shall attempt to ascertain the name and address of the person in whose name the vehicle is licensed, and if the vehicle is licensed in a state which has in effect a certificate of title law, he shall make inquiry of the appropriate agency of that state as to what the records of the agency show as to who is the record owner of the vehicle and who, if anyone, holds any lien, security interest, or other instrument in the nature of a security device which affects the vehicle.

(e) If the property is of a nature that a financing statement is required by the laws of this state to be filed to perfect a security interest affecting the property and if there is any reasonable cause to believe that a financing statement covering the security interest has been filed under the laws of this state, the officer in charge of initiating the proceeding shall make inquiry of the appropriate official designated in Chapter 9, Business & Commerce Code, as to what the records show as to who is the record owner of the property and who, if anyone, has filed a financing statement affecting the property.

(f) If the property is an aircraft or part thereof and if there is any reasonable cause to believe that an instrument in the nature of a security device affects the property, then the officer in charge of initiating the proceedings shall make inquiry of the administrator of the Federal Aviation Administration as to what the records of the administrator show as to who is the record owner of the property and who, if anyone, holds an instrument in the nature of a security device which affects the property.

(g) In the case of all other property subject to forfeiture, if there is any reasonable cause to believe that an instrument in the nature of a security device affects the property, then the officer in charge of initiating the proceeding shall make a good faith inquiry to identify the holder of any such instrument.

(h) In the event the answer to an inquiry states that the record owner of the property is any person other than the person who was in possession of it when it was seized, or states that any person holds any lien, security interest, or other interest in the nature of a security interest which affects the property, the officer in charge of initiating the proceeding shall cause any record owner and also any

lienholder, secured party, or other person who holds an interest in the property in the nature of a security interest which affects the property to be named a party to the proceeding and to be served with citation of the pendency thereof as provided by the Texas Rules of Civil Procedure.

(i) If a person was in possession of the property subject to forfeiture at the time that it was seized, he shall also be made a party to the proceeding.

(j) If no person was in possession of the property subject to forfeiture at the time that it was seized and if the owner of the property is unknown, the officer in charge of initiating the proceeding shall file with the clerk of the court in which the proceeding is pending an affidavit to such effect, whereupon the clerk of the court shall issue a citation for service by publication addressed to "the Unknown Owner of ...", filling in the blank space with a reasonably detailed description of the property subject to forfeiture. The citation shall contain the other requisites prescribed in Rules 114 and 115 and shall be served as provided by Rule 116 of the Texas Rules of Civil Procedure.

(k) No proceedings instituted pursuant to the provisions of this subchapter shall proceed to hearing unless the judge conducting the hearing is satisfied that this section has been complied with, and the officer initiating the proceeding shall introduce into evidence at the hearing any answer received from an inquiry required by Subsections (c) through (g) of this section.

#### Replevy of Seized Property

Sec. 5.06. Any property, other than drug paraphernalia, a controlled substance or raw material, or money, negotiable instrument, or security furnished or intended to be furnished by a person in exchange for a controlled substance in violation of this Act, or used or intended to be used to facilitate a violation of this Act that is seized under this subchapter may be replevied by the owner, lienholder, secured party, or other party holding an interest in the nature of security interest affecting the property, upon execution by him of a good and valid bond with sufficient surety in a sum double the appraised value of the property replevied, which bond shall be approved by the seizing officer and shall be conditioned upon return of the property to the custody of the officer on the day of hearing of the forfeiture proceeding and abide the judgment of the court.

#### Forfeiture Hearing

Sec. 5.07. (a) An owner of property, other than a controlled substance or raw material, that has been seized shall file a verified answer within 20 days of the mailing or publication of notice of seizure. If no answer is filed, the court shall hear evidence that the property is subject to forfeiture and may upon motion forfeit the property to the state or an agency of the state or to a political subdivision of the state authorized by law to employ

peace officers. If an answer is filed, a time for hearing on forfeiture shall be set within 30 days of filing the answer and notice of the hearing shall be sent to all parties.

(b) If the owner of the property has filed a verified answer denying that the property is subject to forfeiture then the burden is on the state to prove by a preponderance of the evidence that the property is subject to forfeiture. However, if no answer has been filed by the owner of the property, the notice of seizure may be introduced into evidence and is prima facie evidence that the property is subject to forfeiture.

(c) At the hearing any claimant of any right, title, or interest in the property may prove his lien, security interest, or other interest in the nature of a security interest, to be bona fide and created without knowledge or consent that the property was to be used so as to cause the property to be subject to forfeiture.

(d) If it is found that the property is subject to forfeiture, then the judge shall upon motion forfeit the property to the state or an agency of the state or to a political subdivision of the state authorized by law to employ peace officers. However, for property other than a controlled substance, raw material, or drug paraphernalia, if proof at the hearing discloses that the interest of any bona fide lienholder, secured party, or other person holding an interest in the property in the nature of a security interest is greater than or equal to the present value of the property, the court shall order the property released to him. If such interest is less than the present value of the property and if the proof shows that the property is subject to forfeiture, the court shall order the property forfeited to the state or an agency of the state or to a political subdivision of the state authorized by law to employ peace officers.

(e) Upon petition of the seizing officer, filed in the name of the State of Texas with the clerk of the district court of the county in which the seizure of any controlled substance or raw material is made, the district court having jurisdiction may order the controlled substance or raw material summarily forfeited except when lawful possession and title can be ascertained. If a person is found to have had lawful possession and title prior to seizure, the court shall order the controlled substance or raw material returned to the owner, if the owner so desires.

#### Disposition of Forfeited Property

Sec. 5.08. (a) Regarding all controlled substances, raw materials, and drug paraphernalia which have been forfeited, the district court shall by its order direct a law enforcement agency to:

- (1) retain the property for its official purposes;
- (2) deliver the property to a government agency or department for official purposes;

(3) deliver the property to a person authorized by the court to receive it; or

(4) destroy the property that is not otherwise disposed in the manner prescribed by Section 5.081 of this Act.

(b) All other property that has been forfeited, except the money derived from the sale, manufacture, distribution, dispensation, delivery, or other commercial undertaking violative of this Act, and except as provided below, shall be sold at a public auction under the direction of the county sheriff after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be delivered to the district clerk and shall be disposed of as follows:

(1) to any bona fide lienholder, secured party, or other party holding an interest in the property in the nature of a security interest, to the extent of his interest; and

(2) the balance, if any, after deduction of all storage and court costs, shall be forwarded to the state comptroller and deposited with and used as general funds of the state.

(c) The state or an agency of the state or a political subdivision of the state authorized by law to employ peace officers may maintain, repair, use, and operate for official purposes all property that has been forfeited to it if it is free from any interest of a bona fide lienholder, secured party, or other party who holds an interest in the property in the nature of a security interest. The department or agency receiving the forfeited vehicle may purchase the interest of a bona fide lienholder, secured party, or other party who holds an interest so that the property can be released for use by the department or agency receiving the forfeited vehicle. The department or agency receiving the forfeited vehicle may maintain, repair, use, and operate the property with money appropriated to the department or agency for current operations. If the property is a motor vehicle susceptible of registration under the motor vehicle registration laws of this state, the department or agency receiving the forfeited vehicle is deemed to be the purchaser and the certificate of title shall be issued to it as required by Subsection (e) of this section.

(d) Storage charges on any property accrued while the property is stored at the request of a seizing officer of the department or agency receiving the forfeited vehicle pending the outcome of the forfeiture proceedings shall be paid by the department or agency out of its appropriations if such property after final hearing is not forfeited to the department or agency.

(e) The State Department of Highways and Public Transportation shall issue a certificate of title to any person who purchases property under the provisions of this section when a certificate of title is required under the laws of this state.

(f) All money, securities, negotiable instruments, stocks, or bonds forfeited to an agency of the state or an agency or office of a political subdivision of the state authorized by law to employ peace officers shall be deposited in a special fund to be administered by the agency or office to which they are forfeited. Except as otherwise provided by this subsection, expenditures from this fund shall be used solely for the investigation of any alleged violations of the criminal laws of this state. The director of an agency of the state may use not more than 10 percent of the amount credited to the fund for the prevention of drug abuse and for treatment of persons with drug-related problems. The director of an agency or office of a political subdivision that has received funds under this section shall comply with the request of the governing body of the political subdivision to deposit not more than 10 percent of the amount credited to the fund into the treasury of the subdivision. The governing body of the subdivision shall use the funds received for the prevention of drug abuse and for treatment of persons with drug-related problems. Nothing in this subsection shall be construed to decrease the total salaries, expenses, and allowances which an agency or office is receiving from other sources at or from the time this subsection takes effect.

#### Forfeiture and Destruction of Excess Quantities

Sec. 5.081. (a) If notice is given in accordance with Subsection (b) of this section, a peace officer may file a petition before a magistrate who has jurisdiction over the subject matter asking that any controlled substance or mixture containing a controlled substance that has been seized be forfeited to the state and destroyed.

(b) At least five days before a peace officer files a petition under Subsection (a) of this section, the sheriff of the county in which the seizure was made shall serve notice in accordance with the Texas Rules of Civil Procedure of the peace officer's intention to file the petition to each person arrested and charged with an offense under this Act related to the property which is the subject of the petition, and to each person who claims an interest in the seized property at the time notice is given. A copy of the petition must accompany each notice.

(c) Each petition filed under this section must identify the controlled substance or mixture containing the controlled substance, establish its location, and include an affidavit stating that:

(1) at least five random and representative samples have been taken from the total amount of controlled substance or mixture containing the controlled substance, and a sufficient quantity has been preserved to provide for discovery by parties entitled to discovery;

(2) photographs have been taken which reasonably demonstrate the total amount of the controlled substance or mixture containing the controlled substance;

(3) the gross weight of the controlled substance or mixture containing the controlled substance has been determined, either by actually weighing the substance or by estimating its weight after making dimensional measurements of the total amount seized; and

(4) after considering the difficulty and security risk of transporting and storing the substance and the nature of available storage facilities, the peace officer that has custody of the controlled substance or mixture containing the controlled substance has determined that it is not reasonably practical to preserve the substance in place, or to remove it to another location.

(d) The magistrate shall provide an interested person an opportunity to object to the proposed destruction.

(e) If the objection of an interested person is not sustained and the magistrate finds that the requirements of Subsections (b) and (c) of this section have been met, the magistrate shall issue an order forfeiting the controlled substance or mixture containing the controlled substance to the state and ordering the peace officer that has custody of the controlled substance or mixture containing the controlled substance to destroy it.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this Act, he is presumed not to be the holder of the registration or form. The presumption is subject to rebuttal by a person charged with an offense under this Act.

All certification fees collected by the Texas Department of Community Affairs under the provisions of this Act shall be placed in a special fund in the State Treasury to be known as the Drug Dependency Treatment Program Certification Fund. (1) statements by an owner or by anyone in control of the object concerning its use;

(2) the existence of any residue of controlled substances on the object;

(3) direct or circumstantial evidence of the intent of an owner or of anyone in control of the object to deliver it to persons whom he knows or should reasonably know intend to use the object to facilitate a violation of this Act (the innocence of an owner or of anyone in control of the object as to a direct violation of this Act does not prevent a finding that the object is intended for use or designed for use as drug paraphernalia);

(4) instructions, oral or written, provided with the object concerning its use;

(5) descriptive materials accompanying the object which explain or depict its use;

(6) the manner in which the object is displayed for sale;

However, a final conviction existing on the effective date of this Act, for conduct constituting an offense under existing law, is valid and unaffected by this Act.

(c) In a criminal action pending, on appeal, or commenced on or after the effective date of this Act, for an offense committed before the effective date, the defendant, if adjudged guilty, shall be assessed punishment under this Act if he so elects by written motion filed with the trial court requesting that the court sentence him under the provisions of this Act.

<sup>1</sup> Rule 47a of this article.

**Rule 47.** Repealed by Acts 1927, 40th Leg., 1st C.S., p. 116, ch. 41, § 24.

**Rule 47a. Form and contents of birth certificates; supplementary certificate; certificates of adoption, annulment and revocation.**—(a) The standard certificate of birth shall be in such form and shall provide for such items of information as may be prescribed by the Texas Department of Health. The father of an illegitimate child may acknowledge paternity by executing an affidavit acknowledging paternity according to the requirements of Section 13.22, Family Code. The affidavit may be filed with the Texas Department of Health. If so filed, the affidavit shall be maintained with the original birth record, but shall not become a part thereof. Once filed, such affidavit becomes privileged, and shall be available only to a court of competent jurisdiction, in which a suit of paternity respecting the subject of the affidavit is pending, on motion of the trial judge. Any person may apply to the Texas Department of Health to have any indication of illegitimacy removed from his or her birth record, including separate medical records and the paternity affidavit. The Department shall charge a fee of \$10.00 for this service. All items prescribed on the certificate of birth are hereby declared necessary for the legal, social and sanitary purposes subserved by registration records. The items on the birth, death, or fetal death certificate of a child relating to the father of the child shall be completed to show the name and other related information about the father only if:

(1) the mother of the child was married to the father at the time of conception or birth of the child or at some point after birth; or

(2) if the paternity of the child was established by a decree issued by a court of competent jurisdiction. The Texas Department of Health shall be specifically authorized to use and to provide upon request to other state agencies records pertaining to all births

in connection with programs to notify the mothers of young children about health needs for the children.

(b) Subject to the regulations of the Texas Department of Health, any person: (1) who becomes the legitimate child of its father by the subsequent marriage of its parents; (2) whose parentage has been determined by a court of competent jurisdiction; or (3) adopted under the law existing at the time of adoption in this state or any other state or territory of the United States of America may request the state registrar to file a supplementary certificate of birth on the basis of the status subsequently acquired or established and of which proof is submitted. The application to file a supplementary certificate of birth may be filed by the person, if of age, or a legal representative of the person. The state registrar shall require such proof in these cases as the Texas Department of Health may by regulation prescribe. The preparation and filing of supplementary certificates of birth based on legitimation, paternity determination, and adoption shall be in accordance with the regulations of the Texas Department of Health. Provided, however, that when a child is adopted the new birth certificate shall be in the names of the parents by adoption, and the copies of birth certificates or birth records made therefrom shall not disclose the child to be adopted. After the supplementary certificate is filed, any information disclosed from the record shall be made from the supplementary certificate, and access to the original certificate of birth and to the documents filed upon which the supplementary certificate is based shall not be authorized except upon order of the court that rendered the decree of adoption, notwithstanding the venue provisions of Article 1995, Revised Statutes, except as hereinafter provided.

(c) A certificate of each adoption, annulment of adoption, and revocation of adoption ordered or decreed in this state shall be filed with the state registrar as hereinafter provided. The information necessary to prepare the certificates shall be supplied to the clerk of the court by the petitioner for adoption, annulment of adoption, or revocation of adoption at the time the petition is granted. The clerk of the court shall thereupon prepare the certificate on a form furnished by and containing such items of information as may be determined by the Texas Department of Health and shall, immediately after the decree becomes final, complete the certificate. On or before the 10th of each month, the clerk shall forward to the state registrar the certificates completed by him for decrees which have become final during the preceding calendar month.

(d) Subsections (b) and (c) of this section may not, in any way, be construed as affecting the property rights of natural or adoptive parents or of natural or adopted children, or as amending, modifying, or repealing any of the present laws of the State of Texas governing descent and distribution of property. Provided further, that a person seeking access

to the original certificate of birth and the documents filed upon which the supplementary certificate is based shall be entitled to know the identity and location of the court that granted the adoption. Provided further, that if such information is not on file, then the director of the Bureau of Vital Statistics shall provide such person with an affidavit stating that the state registrar does not have on file information regarding the identity and location of the court that granted the adoption in question. Such person may then present such affidavit to any court of competent jurisdiction in connection with his or her application to gain access to the original birth certificate, and that court shall have jurisdiction to order such access, notwithstanding anything to the contrary in this article.

(e) Subject to the regulations of the Texas Department of Health, any person whose name has been changed by court order may request the state registrar to attach to the original birth record an amendment reflecting the change of name. The request to attach such amendment may be made by the person, if of age, or a legal representative of the person. The state registrar shall require such proof of change of name as the Texas Department of Health may by regulation prescribe.

(c) The Bureau of Vital Statistics shall upon request furnish any information it has on record pertaining to the marriage of any person, but the Bureau shall not issue any certificate or certified copies of the information. The Bureau may charge a fee of \$2 for the information it gives relating to any person under this Section. All fees collected under this Section shall be deposited in the State Treasury to the credit of the Vital Statistics Fund.

**Rule 50c. Reporting of divorces and annulments of marriage.**—(a) The State Bureau of Vital Statistics shall adopt a form for the reporting of divorces and annulments of marriage, which form shall provide for the following items of information:

and such form shall be submitted to the district court clerk with the final judgment.

(f) The State Bureau of Vital Statistics shall establish and maintain a consolidated statewide alphabetical index of all divorce and annulment of marriage forms based upon the names of both parties.

(g) The state registrar shall, upon request, furnish to any applicant any information he has on record pertaining to any divorce or annulment of marriage, but he shall not issue certified copies of reports of divorces or annulments of marriages. The state registrar shall charge the applicant a fee of \$2.00 for searching the statewide index of divorces and annulments of marriages, and all fees collected under this section shall be deposited in the state treasury to the credit of the Vital Statistics Fund.

**Rule 51.** Repealed by Acts 1927, 40th Leg., 1st C.S., p. 116, ch. 41, § 24.

**Rule 51a. Blanks and registration forms; index of births and deaths; records; delayed registrations; judicial procedure to establish facts of birth.—A.** The State Department of Health shall prepare, print, and supply to local registrars all blanks and forms used in registering, recording, and preserving the returns, or in otherwise carrying out the purposes of this Act, and each city and incorporated town shall supply its local registrar, and each county shall supply the county clerk with permanent record books, in forms approved by the State Registrar, for the recording of all births, deaths, and fetal deaths occurring within their respective jurisdictions. The State Registrar shall prepare and issue such detailed instructions as may be required to procure the uniform observance of its provisions and the maintenance of a perfect system of registration; and no other forms shall be used than those approved by the State Department of Health. He shall carefully examine the certificates received monthly from the local registrars, and if any such are incomplete or unsatisfactory he shall require such further information to be supplied as may be necessary to make the record complete and satisfactory. All physicians, midwives, informants or fu-

neral directors, and all other persons having knowledge of the facts, are hereby required to supply, upon a form provided by the State Department of Health, or upon the original certificate, such information as they may possess regarding any birth, death, or fetal death upon demand of the State Registrar, in person, by mail, or through the local registrar. After its acceptance for registration by the local registrar, no record of any birth, death, or fetal death shall be altered or changed; provided, however, that if any such record is incomplete, or satisfactory evidence can be submitted proving the record to be in error in any respect, an amending certificate may be filed for the purpose of completing or correcting such record, which amendment shall be in a form prescribed by the State Department of Health and shall, if accepted for filing, be attached to and become a part of the legal record of such birth, death, or fetal death. The State Registrar shall further arrange, bind, and permanently preserve the certificates in a systematic manner, and shall prepare and maintain a comprehensive index of all births and deaths registered; said index to be arranged alphabetically, in the case of deaths, by the names of decedents, and in the case of births, by the names of fathers and mothers. When the State Registrar receives the death certificate of a person under 18 years of age whose birth has been registered in this state, the State Registrar shall make a conspicuous notation on the face of the decedent's birth certificate showing that the person is dead and shall provide copies of the death certificate to the county clerk of the county in which the decedent was born and to the local registrar of the district in which the decedent was born. If any organization or individual is in possession of any record of births or deaths which may be of value in establishing the genealogy of any resident of this state, such organization or individual may file such record or a duly authenticated transcript thereof with the State Registrar.

A-1. If an amending certificate of birth filed under Subsection A of this section completes or corrects information in a person's original or supplementary record of birth concerning the person's sex or color or race, then on request of that person or his legal representative, the State Registrar of Vital Statistics, local registrar, or other person who issues birth certificates shall issue a corrected or completed certificate of birth that incorporates the necessary changes in one document instead of issuing a copy of the original or supplementary certificate of birth with an amending certificate attached. The Texas Department of Health shall prescribe the form for certificates issued under this subsection.

A-2. A person whose certificate of birth was amended before the effective date of Subsection A-1 of this section to correct or complete information concerning sex or color or race, or such person's legal representative, may request a corrected or completed certificate of birth under Subsection A-1.

B. Delayed Registration of Births.

Subject to the regulations and requirements of the State Department of Health:

1. An application to file a delayed certificate of the birth of a person born in this state, and not previously registered as provided by law, shall be made to the State Registrar of Vital Statistics.

2. When the birth occurred more than five days but less than one year prior to the application for registration, the birth may be registered on a certificate of live birth and be submitted for filing to the local registrar of the district in which the birth occurred. The local registrar may accept the certificate for filing when such evidence is submitted to substantiate the facts of birth as may be required by the local registrar. A statement may be required to explain the delay in filing the certificate.

3. When the birth occurred one year but less than four years prior to the application for registration, the birth shall be registered on a form prescribed by the State Registrar of Vital Statistics and shall be submitted to him for filing. The State Registrar may accept the certificate for filing when such evidence is submitted to substantiate the facts of birth as may be required by the State Registrar. A statement may be required to explain the delay in filing the certificate. Each certificate thus filed shall be marked "Delayed."

4. When the birth occurred four or more years prior to the application for registration, the certificate of birth shall be prepared on a form entitled "Delayed Certificate of Birth," which form shall be prescribed and furnished by the State Department of Health. The information provided on such registration form shall be subscribed and sworn to by the person whose birth is to be registered before an official authorized to administer oaths. When such person is not competent to swear to this information, it shall be subscribed and sworn to by a parent, legal guardian, or the representative of such person.

a. The form shall provide for the name and sex of the person whose birth is to be registered, and place and date of birth, the names of the parents, and their birthplaces; and such other information as may be required by the State Registrar.

b. When the certificate is submitted, the State Registrar shall add a description of each document submitted in support of the delayed registration including the title or kind of document; the name and address of the affiant if the document is an affidavit of personal knowledge, or of the custodian, if the document is a record of a business entry or a certified copy thereof; the date of the original entry and the date of the certified copy; and

c. The certification of the State Registrar shall be added to those certificates accepted for filing. The State Registrar shall issue certified copies of such certificates in accordance with the provisions of Section 21 of this Act.<sup>1</sup>

5. The State Registrar shall accept the registration if the applicant was born in this state and if the applicant's statement of date and place of birth and parentage is established to the satisfaction of the State Registrar by the following evidence:

a. If the birth occurred four years but less than fifteen years prior to the date of filing:

(1) The statement of date and place of birth shall be supported by at least two documents, only one of which may be an affidavit of personal knowledge.

(2) The statement of parentage shall be supported by at least one document, which may be one of the above documents.

b. If the birth occurred fifteen or more years before the date of filing:

(1) The statement of date and place of birth shall be supported by at least three documents, only one of which may be an affidavit of personal knowledge.

(2) The statement of parentage shall be supported by at least one document, which may be one of the above documents.

(3) Any document accepted as evidence, other than an affidavit of personal knowledge, shall be at least five years old. A copy or abstract of such document may be accepted if certified as true and correct by the custodian of the document.

6. When an applicant does not submit the documentary evidence as specified above, or when the State Registrar finds reason to question the validity or adequacy of the certificate or the documentary evidence, the State Registrar shall not register the delayed certificate, but shall furnish the applicant with a statement of the reasons for such action, and shall advise the applicant of his right to appeal to the county court for probate matters of the county of birth as provided in Subsection C of this Section.

7. A certificate of birth registered one year or more after the date of birth shall show on its face the date of the registration and shall be marked "Delayed."

8. If an application for a delayed registration of birth is not actively prosecuted, the State Registrar shall return the application, supporting evidence, and any related instruments to the applicant or make such other disposition thereof as the State Registrar may deem appropriate.

9. For each application for a delayed certificate of birth, the State Registrar shall be entitled to a fee not to exceed Fifteen Dollars (\$15.00), said fee to be paid by the applicant. All such fees received by the State Registrar under the provisions of this Section shall be deposited and used as provided in Section 21 of this Act.

C. Judicial Procedure to Establish Facts of Birth.

1. If a delayed certificate of birth is not accepted by the State Registrar under the provisions of Subsection B of this Section, a petition may be filed

with the county court for probate matters of the county in which the birth occurred for an order establishing a record of the date of birth, place of birth, and parentage of the person whose birth is to be registered.

2. Such petition shall be made on a form prescribed and furnished by the State Department of Health.

3. The petition shall be accompanied by a statement of the State Registrar issued in accordance with Subsection B(6) of this Section and all documentary evidence which was submitted to the State Registrar in support of such registration.

4. If the court, from the evidence presented, finds that the person for whom a delayed certificate of birth is sought was born in this State, it shall make findings as to the date and place of birth and parentage and such other findings as the case may require and shall issue an order on a form prescribed and furnished by the State Department of Health to establish a record of birth. This order shall include the birth data to be registered, a description of the evidence presented, and the date of the court's action.

5. The fees of the court shall be the same as those set out in Articles 3925 and 3930, Vernon's Texas Civil Statutes.

6. The clerks of the courts shall forward each such order to the State Registrar within seven days after it was entered. Such order shall be registered by the State Registrar and shall constitute the record of birth, from which copies may be issued in accordance with the provisions of Section 21 of this Act.<sup>1</sup>

#### D. Delayed Registration of Deaths.

Any person wishing to file the record of any death occurring in Texas and not previously registered may submit to the county court for probate matters of the county in which the death occurred a record of that death, written on the adopted form of death certificate. The certificate shall be substantiated by the affidavit of the physician last in attendance upon the deceased, or the funeral director who buried the body. When the affidavit of the physician or funeral director cannot be secured, the certificate shall be supported by:

(a) the affidavit of some person who was acquainted with the facts surrounding the death, at the time the death occurred; and

(b) the affidavit of some person who was acquainted with the facts surrounding the death, and who is not related to the deceased by blood or marriage. Provided that when application is made as provided in this paragraph, a fee of One Dollar (\$1.00) shall be collected by the court, Fifty Cents (50¢) of which shall be retained by the court, and Fifty Cents (50¢) of which shall be retained by the clerk of the court for recording said death certificate. Within seven (7) days after the certificate has

been accepted and ordered filed by the court, the clerk of that court shall forward the certificate to the State Bureau of Vital Statistics with an order from the court to the State Registrar that the certificate be accepted. The State Registrar is authorized to accept the certificate when verified in the above manner, and shall issue certified copies of such records as provided for in Section 21 of this Act.<sup>1</sup> Such certified copies shall be prima facie evidence in all courts and places of the facts stated thereon. The State Bureau of Vital Statistics shall furnish the forms upon which such records are filed, and no other form shall be used for that purpose.

**Rule 52a. Duties of local registrars.**—That each local registrar shall supply blank forms of certificates to such persons as require them. Each local registrar shall carefully examine each certificate of birth or death when presented for record in order to ascertain whether or not it has been made out in accordance with the provisions of this act and the instructions of the state registrar; and if any certificate of death is incomplete or unsatisfactory, it shall be his duty to call attention to the defects in the return. All certificates, either of birth or death, shall be written legibly, in durable black ink, and no certificate shall be held to be complete and correct that does not supply all of the items of information called for therein, or satisfactorily account for their omission.

If a certificate of birth is incomplete, the local registrar shall immediately notify the informant, and require him to supply the missing items of information if they can be obtained. He shall number consecutively the certificates of birth and death, in two separate series, beginning with number 1 for the first birth and the first death in each calendar year, and sign his name as registrar in attest of the date of filing in his office. He shall also make a complete and accurate copy of each birth and each death certificate registered by him in a record book supplied in accordance with provisions of Section 18 of this Act,<sup>1</sup> to be preserved permanently in his office as the local record, in such manner as directed by the state registrar, or in the event that local ordinances require that all reports of births and deaths be made in duplicate, he may permanently bind the duplicate reports and index them in the manner prescribed in Section 18 for the state registrar. And he shall, on the tenth day of each month, transmit to the state registrar all original certificates registered by him for the preceding month. And if no births or no deaths occurred in any

month, he shall, on the tenth day of the following month, report that fact to the state registrar, on a card provided for such purposes.

When the state registrar notifies the county clerk of the county in which the decedent was born and the local registrar of the district in which the decedent was born, the county clerk and the local registrar shall make a conspicuous notation on the face of the decedent's birth certificate showing that the person is dead.

Fees.**—That each local registrar shall be paid the sum of Fifty Cents (50¢) for each birth, death, and fetal death certificate properly and completely made out and registered with him, and correctly recorded and promptly returned by him to the State Bureau of Vital Statistics, as required by this Act, unless such local registrar shall be acting as registrar in an incorporated city where the compensation of the registrar is otherwise fixed by city ordinance.

The State Registrar shall annually certify to the county commissioners court or county auditor, as the case may be, the number of birth, death and fetal death certificates filed by each local registrar at the rate fixed herein, and provided that the State Registrar may render such statements monthly or quarterly, at the discretion of the State Board of Health, and the commissioners court or county auditor, as the case may be, shall audit such statement and the county treasurer shall pay such fees as are approved by the commissioners court or the county auditor, at the time such statement is issued.

And provided further, that the justice of the peace, city clerk or secretary, and the appointed local registrar shall, on or before the 10th day of each month, submit to the commissioners court or county auditor, as the case may be, a true and accurate copy of each birth, death, and fetal death certificate filed with him during the preceding month, and such copies shall bear his file date and signature and shall be deposited in the county clerk's office, provided, however, that this provision shall not apply to cities having an ordinance requiring that true and accurate copies of each birth, death, and fetal death certificate be permanently filed in the office of the city registrar. The county clerk shall be paid for indexing and preserving such records, such compensation as may be agreed upon by the commissioners court.

**Rule 54a. Copies of records.**—(a) Subject to the regulations of the Texas Department of Health controlling the accessibility of vital records, the State Registrar shall, upon request, supply to any properly qualified applicant a certified copy of a record, or any part thereof, registered under the

provisions of this Act.<sup>1</sup> The State Registrar is entitled to a fee of Five Dollars (\$5.00) for each copy of a birth record or part of a record and Five Dollars (\$5.00) for the first copy of a death record and Two Dollars (\$2.00) for each additional copy of the record requested by the applicant in a single request. The fee is to be paid by the applicant. A local registrar who issues certified copies of death certificates shall charge the same fee as is charged by the State Registrar. Certified copies shall be issued only in the form approved by the Texas Department of Health. And any such copy of a record, when properly certified by the State Registrar, shall be prima facie evidence in all courts and places of the facts therein stated. The State Registrar shall keep a true and correct account of all money received by him under these provisions, and deposit the same with the State Treasurer at the close of each month and at such other intervals as the Registrar deems advisable, and all such money shall be kept by the State Treasurer in a special and separate fund, to be known as the vital statistics fund, and the amounts so deposited in this fund shall be used for defraying expenses incurred in the enforcement and operation of this Act.

(b) The State Registrar shall refund to the applicant any fee received for services which the Bureau cannot render. If the money has been deposited in the vital statistics fund, the Comptroller shall issue

a warrant against the fund, upon presentation of a claim signed by the State Registrar, for the purpose of refunding the payment.

The members, employees and agents of the board have the right to enter any public or private property at any reasonable time, other than property designed for and used exclusively as a private residence housing not more than three families, for the purpose of inspecting and investigating conditions relating to emissions of air contaminants to or the concentration of air contaminants in the atmosphere. Any member, employee or agent who, acting under the authority in this section, enters private property which has management in resi-

dence shall notify management, or the person then in charge, of his presence and exhibit proper credentials. Members, employees, or agents entering private property shall observe the establishment's rules and regulations concerning safety, internal security, and fire protection. Should any member, employee or agent of the board be refused the right to enter in or upon such public or private property, the board may have the remedies authorized in Section 4.02 of this Act.

#### Monitoring Requirements; Power to Examine Records

Sec. 3.06. The board may prescribe reasonable requirements for the measurement and monitoring of the emissions of air contaminants from any source or from any activity causing or resulting in the emission of air contaminants subject to the jurisdiction of the board under this Act; the board may also prescribe reasonable requirements for the owner or operator of the source to make and maintain records on the measurement and monitoring of emissions. The members, employees and agents of the board may examine during regular business hours any records or memoranda pertaining to the operation of any air pollution or emission control equipment or facility, or pertaining to any emission of air contaminants. This authority does not extend to the records or memoranda pertaining to the operation of such equipment or facility on a property designed for and used exclusively as a private residence housing not more than three families.

#### Enforcement Proceedings

Sec. 3.07. The board, or the executive secretary when authorized by the board, may cause legal proceedings to be instituted in courts of competent jurisdiction to compel compliance with the provisions of this Act or the rules, regulations, orders, variances or other decisions of the board.

#### Contracts, Instruments

Sec. 3.08. The board may make contracts and execute instruments that are necessary or convenient to the exercise of its powers or the performance of its duties.

#### Rule-Making

Sec. 3.09. (a) The board has the power, in accordance with the procedures in this section, to make rules and regulations consistent with the general intent and purposes of this Act and to amend any rule or regulation it makes.

(b) Before adopting any rules and regulations, or any amendment or repeal thereof, the board shall hold a public hearing. If the rule or regulation, or amendment or repeal thereof, will have a state-wide effect, notice of the date, time, place, and purpose of the hearing shall be published one time at least 20 days prior to the scheduled date of the hearing in at least three newspapers whose combined circulation will, in the judgment of the board, give reasonable circulation throughout the state; if the rule or

regulation, or amendment or repeal thereof, will have effect in only a part of the state, the notice shall be published one time at least 20 days prior to the scheduled date of the hearing in a newspaper or newspapers having general circulation in the area or areas to be affected. The board shall also comply, as appropriate, with the requirements of Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252-13, Vernon's Texas Civil Statutes).

(c) Any person may appear and be heard at the hearing on any rules or regulations. A record of the names and addresses of the persons appearing shall be made by the executive secretary. Any person heard or represented at the hearing, or requesting notice of the action taken by the board, shall be sent written notice by mail of the action taken by the board.

(d) Before it becomes effective, any rule or regulation, or amendment or repeal thereof, shall be approved in writing by at least five members of the board, and a certified copy filed with the secretary of state for the time specified in Article 6252-13, Vernon's Texas Civil Statutes.

#### Content of Rules

Sec. 3.10. (a) A rule or regulation, or any amendment thereof, adopted by the board may differ in its terms and provisions as between particular conditions, particular sources, and particular areas of the state. In adopting rules and regulations, the board shall give due recognition to the fact that the quantity or characteristic of air contaminants or the duration of their presence in the atmosphere, which may cause a need for air control in one area of the state, may not cause need for air control in another area of the state, and the board shall take into consideration, in this connection, all factors found by it to be proper and just including existing physical conditions, topography, population, and prevailing wind directions and velocities, and the fact that a rule or regulation and the degrees of conformance therewith which may be proper as to an essentially residential area of the state may not be proper either as to a highly developed industrial area of the state or as to a relatively unpopulated area of the state.

(b) Except as provided in Subsections (c), (d), (e) and (f) of this section, the rules and regulations may not specify any particular method to be used to control or abate air pollution, nor the type, design or method of installation of any equipment to be used to control or abate air pollution, nor the type, design, or method of installation or type of construction of any manufacturing processes or other kinds of equipment.

(c) The board is authorized to adopt rules and regulations to control and prohibit the outdoor burning of waste and combustible material. The board may include in the rules and regulations requirements as to the particular method to be used to control or abate the emission of air contaminants

resulting from the outdoor burning of waste or combustible material.

(d) The board may include in the rules and regulations requirements as to the particular method to be used to control and reduce emissions from motors and engines used in propelling land vehicles. Any rules or regulations pursuant to this paragraph shall be consistent with provisions of federal law, if any, relating to the control of emissions from the vehicles concerned. The board shall not require, as a condition precedent to the initial sale of a vehicle or vehicular equipment the inspection, certification or other approval of any feature or equipment designed for the control of emissions from motor vehicles, if that feature or equipment has been certified, approved or otherwise authorized pursuant to federal law.

(e) The board, when it deems control of air pollution is necessary, shall establish rules and regulations concerning the control of emissions of particulate matter from plants handling, loading and unloading, drying, manufacturing, and processing the following agricultural products: grain, seed, legumes and vegetable fibers, according to a formula derived from the process weight of the materials entering the process. Any person affected by a rule or regulation issued under the authority of this subsection may use the process weight method for controlling and measuring the emissions from the plant, or any other method selected by that person which the board or the executive secretary, when so authorized by the board, finds will provide adequate emission control efficiency and measurement.

(f) The board is authorized to prescribe the sampling methods and procedures which shall be used in determining violations of and compliance with the rules, regulations, variances, and other orders of the board. The board may prescribe ambient air sampling, stack-sampling, visual observation, or any other sampling method or procedure generally recognized in the field of air pollution control. The board may also prescribe new sampling methods and procedures when, in the judgment of the board, existing methods or procedures are not adequate to meet the needs and objectives of the rules, regulations, variances and other orders of the board, and where the scientific applicability of the new methods or procedures can be satisfactorily demonstrated to the board.

#### Limitations on Board Actions

Sec. 3.11. The board may not make any rule, regulation, determination or order with respect to air conditions existing solely within buildings and structures used for commercial and industrial plants, works or shops when the source of the offending air contaminants is under the control of the person who owns or operates the plant, works or shops, or which affects the relations between employers and their employees with respect to or arising out of any air condition from such a source. This provision does not and is not intended to limit

or restrict in any way the authority or powers granted to the board under the provisions of Subsections (c) and (f) of Section 3.10 of this Act.

#### Orders

Sec. 3.12. (a) The board is authorized to enter orders and determinations as may be necessary to effectuate the purposes of this Act. Except where otherwise specifically authorized in this Act, all orders shall be made by the board.

(b) If the board determines that air pollution exists, it may order such action as is indicated by the circumstances to control the condition. The board shall grant such time for the owner or operator of a source to comply with its order as is provided for in the rules and regulations of the board, which shall make provisions for such time gauged to such general situations as the hearings on any proposed rules and regulations may indicate are necessary.

#### Factors to be Considered

Sec. 3.13. In making orders and determinations, the board shall consider all of the facts and circumstances bearing upon the reasonableness of any emissions being made, including:

- (1) the character and degree of injury to, or interference with, the health and physical property of the people;
- (2) the social and economic value of the source;
- (3) the question of priority of location in the area involved; and
- (4) the technical practicability and economic reasonableness of reducing or eliminating the emissions resulting from the source.

#### Emergency Conditions

Sec. 3.14. (a) Whenever it appears to the board or the executive secretary that a generalized condition of air pollution exists and that it creates an emergency requiring immediate action to protect human health or safety, the board or the executive secretary shall, with the concurrence of the governor, order any persons causing or contributing to the air pollution to reduce or discontinue immediately the emission of air contaminants. The order shall fix a time and place for a hearing to be held before the board, which shall be held as soon after the order is issued as is practicable. The requirements of Section 3.17 as to the time for notice, newspaper notice, and method of giving a person notice do not apply to such a hearing, but such general notice of the hearing shall be given as in the judgment of the board or the executive secretary is practicable under the circumstances. Not more than twenty-four hours after the commencement of the hearing, and without adjournment of the hearing, the board shall affirm, modify or set aside the order.

(b) Whenever the board or the executive secretary finds that emissions from one or more air contaminant sources is causing imminent danger to

human health or safety, but that there is not a generalized condition of air pollution of the type referred to in Subsection (a) of this section, the board or the executive secretary may order the person or persons responsible for the emissions to reduce or discontinue the emissions immediately. In such event, the provisions in Subsection (a) of this section pertaining to a hearing before the board, notice, and affirmance, modification or setting aside of orders shall apply.

(c) Nothing in this section shall be construed to limit any power which the governor or any other officer may have to declare an emergency and to act on the basis of that declaration, if the power is conferred by statute or constitutional provision, or inheres in the office.

#### Hearing Powers

Sec. 3.15. The board may call and hold hearings, administer oaths, receive evidence at the hearing, issue subpoenas to compel the attendance of witnesses and the production of papers and documents related to the hearing, and make findings of fact and decisions with respect to administering the provisions of this Act or the rules, regulations, orders or other actions of the board.

#### Delegation of Hearing Powers

Sec. 3.16. (a) The board may delegate the authority to hold hearings called by the board to:

- (1) one or more members;
- (2) the executive secretary;
- (3) one or more employees of the board; or
- (4) with the concurrence of the state commissioner of health, one or more employees of the State Department of Health.

(b) Except for those hearings required to be held before the board under Section 3.14 of this Act, the board may authorize the executive secretary to call and hold hearings on any subject on which the board may hold a hearing. The board also may authorize the executive secretary to delegate the authority to hold any hearing called by the executive secretary to one or more employees of the board or, with the concurrence of the state commissioner of health, to one or more employees of the State Department of Health.

(c) The board may establish the qualifications required of the individuals who may be delegated the authority by the board or the executive secretary to hold hearings.

(d) Any individual or individuals holding a hearing under authority of this section are empowered to administer oaths and receive evidence at the hearing and shall report the hearing in the manner prescribed by the board.

#### Notice of Hearings; Continuance

Sec. 3.17. (a) Except as otherwise specified in Subsection (b) of Section 3.09 and in Section 3.14 of this Act, the provisions of this section apply to all hearings conducted pursuant to this Act.

(b) Notice of the hearing shall describe briefly and in summary form the purpose of the hearing and the date, time, and place of the hearing.

(c) Notice of the hearing shall be published at least once in a newspaper regularly published or having general circulation in each county where by virtue of the county's geographical relation to the subject matter of the hearing, the board has reason to believe persons reside who may be affected by the action that may be taken as a result of the hearing. The date of the publication shall be not less than 20 days before the date set for the hearing.

(d) If notice of the hearing is required by this Act to be given to a person, the notice shall be served personally or mailed to the person at his last address known to the board, not less than 20 days before the date set for the hearing. If the party is not an individual, the notice may be given to any officer, agent or legal representative of the party.

(e) The individual or individuals holding the hearing (hereafter in this subsection called the hearing body) shall conduct the hearing at the time and place stated in the notice. The hearing body may continue the hearing from time to time and from place to place without the necessity of publishing, serving, mailing or otherwise issuing new notice. If a hearing is continued and a time and place for the hearing to reconvene are not publicly announced by the hearing body at the hearing before it is recessed, a notice of any further setting of the hearing shall be served personally or mailed in the manner prescribed in Subsection (d) of this section at a reasonable time prior to the new setting, but it is not necessary to publish a newspaper notice of the new setting.

#### Air Quality Control Regions

Sec. 3.18. The board is authorized to designate air quality control regions based on jurisdictional boundaries, urban-industrial concentrations, and other factors, including atmospheric areas, necessary to provide adequate implementation of air quality standards.

#### Cooperation and Assistance; Compacts

Sec. 3.19. The board shall:

- (1) encourage voluntary cooperation by persons, or affected groups in the restoration and preservation of the purity of the air resources within this state;
- (2) encourage and conduct studies, investigations and research concerning air control;

(3) collect and disseminate information on air control;

(4) advise, consult and cooperate with other agencies of the state, political subdivisions of the state, industries, other states and the federal government, and with interested persons or groups in regard to matters of common interest in air control; and

(5) represent the State of Texas in any and all matters pertaining to plans, procedures or negotiations for interstate compacts.

#### Investigations; Action on Violations

Sec. 3.20. (a) The executive secretary is authorized to make or cause to have made investigations as he may deem advisable in administering the provisions of this Act and the rules, regulations, orders and determinations of the board, including without limitation investigations of violations and general air pollution problems or conditions. The executive secretary shall make or cause to have made such investigations as may be requested or directed by the board.

(b) Whenever it appears that any provision of this Act or any rule, regulation, determination or order of the board is being violated, the board, or the executive secretary when authorized by the board or this Act, may proceed under Section 4.02 of this Act, or hold a public hearing and enter orders on the alleged violation, or take any other action authorized in this Act as the facts may warrant.

(c) If a public hearing is held on an alleged violation, the board or the executive secretary shall give notice of the hearing to the person complained against and to such other interested persons as the board or executive secretary may designate. The executive secretary, on behalf of the board, at the request of the person complained against, shall subpoena and compel the attendance of those witnesses, and shall require the production for examination of any book or paper relating to the matter under investigation at the hearing, as that person may reasonably designate.

#### Board May Grant Variances

Sec. 3.21. The board may grant individual variances beyond the limitations prescribed in this Act or in the rules and regulations of the board whenever it is found, upon presentation of adequate proof, that compliance with any provision of this Act, or any rule or regulation of the board, will result in an arbitrary and unreasonable taking of property, or in the practical closing and elimination of any lawful business, occupation or activity, in either case without sufficient corresponding benefit or advantage to the people. Any person seeking a variance or to amend a variance shall submit a petition to the executive secretary containing all information reasonably required by the board or the executive secretary.

#### Action on Petition

Sec. 3.22. (a) The executive secretary shall mail a copy of the variance petition or a summary of its contents to the mayor and health authorities of the city or town, and the county judge and health authorities of the county, in which the source or sources are or will be located, and to the same officials of other counties, cities and towns which, in the judgment of the executive secretary or the board, may be affected. The information shall be sent not less than 20 days before the date on which the petition is to be considered by the board.

(b) The executive secretary shall also proceed promptly to investigate the petition and to make a recommendation to the board on the disposition to be made of it.

(c) Any person may file with the board his comments or recommendations on the requested variance.

(d) Upon receiving the recommendation of the executive secretary, the board may, if the recommendation is for the granting of a variance, do so without hearing. If the executive secretary recommends against the granting of the variance, if a local government requests a hearing, or if the board in its discretion concludes that a hearing would be advisable, then a hearing shall be held before the board acts on the petition for variance.

#### Conditions of Variance

Sec. 3.23. (a) In determining under what conditions and to what extent a variance from this Act or from a rule or regulation of the board may be granted, the board shall give due recognition to the progress which the person requesting the variance has made in controlling or preventing air pollution.

(b) In each variance, the board, in conformity with the intent and purpose of this Act to protect health and property, shall prescribe the conditions with which the holder of the variance shall comply, including:

(1) the duration of the variance;

(2) the extent of the abatement of emissions of air contaminants to be accomplished over a stated period of time, which shall be the time the board considers reasonable under the circumstances;

(3) any requirements as to the submission of periodic reports on the progress which the holder of the variance makes toward compliance with the Act or any rule or regulation as to which the variance has been granted; and

(4) the character and level of the emissions of air contaminants which may be made under the variance.

(c) After a public hearing, notice of which shall be given to the holder of the variance, the board may require the holder of a variance, from time to time, for good cause, to conform to new or additional conditions. The board shall allow the holder a rea-

sonable time to conform to the new or additional conditions and, on application of the holder, the board may grant additional time.

(d) A variance does not become a vested right in the holder; and it may be revoked or suspended for good cause, after a public hearing, notice of which shall be given to the holder of the variance, on any of the following grounds:

- (1) the holder has failed or is failing to comply with the conditions of the variance;
- (2) the variance or operations under the variance have been abandoned; or
- (3) the variance is no longer needed by the holder.

(e) The notice required by Subsections (c) and (d) of this section shall be sent to the holder of the variance at his last known address as shown by the records of the board.

#### Extensions of Variances

Sec. 3.24. The holder of a variance may request the board for an extension of the term of the variance. Notice of the request shall be mailed to the public officials as specified in Subsection (a) of Section 3.22 of this Act at least 10 days before the board acts on the request. Except as to the time for notice as specified in this section, the procedure which the board shall follow on a request for an extension of a variance shall be the same as in the case of an original petition for variance.

#### Failure of Board to Act on Variance

Sec. 3.25. Upon the failure of the board to take action within 120 days after receipt in proper form of a petition for variance or to amend a variance, or of a request to extend a variance, the petitioner shall be entitled to assume that his petition has been denied, and he may perfect an appeal on this basis in the manner provided in Section 6.01 of this Act. However, until such time as the petitioner files his appeal in the manner provided in Section 6.01 of this Act, the board shall continue to have jurisdiction to act on the petition.

#### Effect of Filing a Variance Petition

Sec. 3.26. The filing of a petition for variance or to amend a variance, or of a request to extend a variance, does not serve to abate any suit, whether by the board or a local government, or any hearing, investigation, or other proceeding which the board or a local government may then have in process or may thereafter initiate. The granting of a variance or amendment to a variance, or of an extension of a variance, shall operate to authorize emissions of air contaminants or other activities beyond the limitations prescribed in this Act or in the rules and regulations of the board from the effective date of the board's action, but only for the period and to the extent specified in the board's order.

#### Construction Permit

Sec. 3.27. (a) Any person who plans to construct any new facility or to engage in the modification of any existing facility which may emit air contaminants into the air of this State shall apply for and obtain a construction permit from the board before any actual work is begun on the facility. The board may exempt certain facilities or types of facilities from the requirements of Section 3.27 and Section 3.28 if it is found upon investigation that such facilities or types of facilities will not make a significant contribution of air contaminants to the atmosphere.

(b) Along with the application for the permit, the person shall submit copies of all plans and specifications necessary for determining whether the proposed construction will comply with applicable air control standards and the intent of the Texas Clean Air Act, together with any other information which the board considers necessary.

(c) If, from the information submitted under subsection (b) of this section, the board finds the proposed facility will utilize at least the best available control technology, with consideration given to the technical practicability and economic reasonableness of reducing or eliminating the emissions resulting from the facility and no indication that the emissions from the proposed facility will contravene the intent of the Texas Clean Air Act, including protection of the health and physical property of the people, the board shall grant within a reasonable time a permit to construct or modify the facility. If the board finds that the emissions from the proposed facility will contravene these standards or will contravene the intent of the Texas Clean Air Act, it shall not grant the permit and shall set out in a report to the applicant its specific objections to the submitted plans of the proposed facility.

(d) If the person applying for a permit makes the alterations in his plans and specifications to meet the specific objections of the board, the board shall grant the permit, but the board may refuse to accept new applications by a person until all previous objections of the board to the previously submitted plans of that person are rectified. If the person fails or refuses to alter the plans and specifications, the board shall refuse to grant the permit.

(e) A permit granted under this section may be revoked by the board if the board later determines that any of the terms of the permit are being violated or that emissions from the proposed facility will contravene air pollution control standards set by the board or will contravene the intent of the Texas Clean Air Act.

(f) The board or the executive director may seek an injunction in a court of competent jurisdiction to halt work on a facility which is being done without a permit issued under this section or is in violation of the terms of a permit issued under this section.

(g) The powers and duties set out in Section 3.27 and Section 3.28 may be delegated by the board to the executive director. The applicant may appeal to the board any decision made by the executive director under these sections.

(h) Provided, however, that at the time this Act becomes effective no provision of this Act shall apply where any person, firm, partnership or corporation has let any contract, or begun any construction for any addition, alteration or modification to any new or existing facility. Any contracts under this subsection shall have a beginning construction date no later than six months after the effective date of this Act to qualify for this exemption.

#### Operating Permit

Sec. 3.28. (a) If a permit to construct is issued, then within sixty days after the facility has begun operation, the person in charge of the facility shall apply for an operating permit. The board may require the submission of monitoring data to demonstrate compliance with applicable rules and regulations and with the Texas Clean Air Act in support of the application for an operating permit. If start-up or testing requires more than sixty days, this period may be extended by the board.

(b) When all stipulations of the construction permit are met and the operation of the facility will not contravene air pollution control standards set by the board or will not contravene the intent of the Texas Clean Air Act, the board shall issue within a reasonable time the operating permit.

(c) If the board determines that the operation of such a facility will contravene the air pollution control standards set by the board or will contravene the intent of the Texas Clean Air Act it shall set out in a report to the applicant the specific objections which it finds to the facility and shall not grant the permit.

(d) The board shall refuse to accept new applications by a person for an operating permit until all the previous objections to that facility submitted by the board are rectified.

(e) A permit issued under this section may be revoked by the board if the board later determines that any of the terms of the permit are being violated or that emissions from the facility contravene air pollution control standards set by the board or contravene the intent of the Texas Clean Air Act.

(f) The board or the executive director may seek an injunction in a court of competent jurisdiction to halt the operation of any facility which is operating without a permit issued under this section or which is operating in violation of the terms of a permit issued under this section.

#### Permit and Variance Fees

Sec. 3.29. The board may adopt rules relating to charging and collecting fees for permits and variances, including schedules of fees to be charged.

The fees shall be sufficient to cover the reasonable costs of review and action by the board on a permit or variance application and of implementing and enforcing the terms and conditions of the permit or variance. Fees adopted under this section shall be not less than \$50 nor more than \$7,500.

#### A Pilot Program for Motor Vehicle Inspection and Maintenance, a Study of such Programs, Reports to the Legislature, and Development of and Preparation for a Motor Vehicle Inspection and Maintenance Program

Sec. 3.30. (a) On or before December 1, 1980, the Texas Air Control Board shall submit to the 67th Session of the Legislature a report based on the results of the pilot program and study required by Subsections (b) and (c) of this section. The report required by this subsection shall contain recommendations as to the most feasible program, if any, for controlling motor vehicle emissions in the State of Texas and reflect consideration of the following factors as they relate to the alternative programs listed in Subsection (c):

- (1) acceptance by and protection of consumers;
- (2) overall effectiveness including costs versus benefits;
- (3) resulting social and economic impacts;
- (4) appropriate geographic areas of applicability;
- (5) the operating of motor vehicle inspection and maintenance, registration, and safety inspection programs in other states; and
- (6) any additional factors deemed by the Texas Air Control Board to be appropriate.

(b) The Texas Air Control Board with the assistance and cooperation of the Department of Public Safety and the State Department of Highways and Public Transportation shall develop and conduct either directly or through a private contractor a pilot program utilizing advanced computer technology for the purpose of inspecting, testing, and compiling a list of a representative sample of motor vehicles giving primary attention to vehicles operated in Harris and contiguous counties to determine:

(1) actual emissions of air contaminants from such vehicles and the cause of any excessive emissions and whether specific equipment and operating parameters identified by the Texas Air Control Board as significantly affecting vehicle emissions are installed, adjusted, and operating in accordance with manufacturers' specifications;

(2) whether required vehicle safety features as specified by Section 140 of the Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), are properly installed and operating; and

(3) the feasibility of performing any necessary registration of such vehicles at the time of inspection and testing.

(c) In conjunction with the pilot program established pursuant to Subsection (b) and using any available information, including but not limited to that generated by the program, the Texas Air Control Board with the assistance of the Department of Public Safety and the State Department of Highways and Public Transportation shall conduct a comprehensive examination and evaluation of motor vehicle inspection, maintenance, and registration programs utilizing advanced computer technology. The study required by this subsection shall include an analysis of:

(1) the effectiveness of programs requiring actual testing of motor vehicle emissions and needed maintenance or the inspection and adjustment of appropriate vehicle operating parameters which relate to emissions of air contaminants;

(2) the effectiveness and efficiency of such a motor vehicle inspection and maintenance program operated in Texas in conjunction with a motor vehicle safety inspection program such as that required by Section 140 of the Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), through:

(A) existing inspection stations;

(B) state-operated inspection centers with vehicle maintenance performed in private repair facilities; or

(C) contractor-operated inspection centers with maintenance performed in private repair facilities; and

(3) the effectiveness and efficiency of such a motor vehicle inspection and maintenance program operated in Texas independently of a motor vehicle safety program such as that required by Section 140 of the Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), through:

(A) existing inspection stations;

(B) state-operated inspection centers with vehicle maintenance performed in private repair facilities; or

(C) contractor-operated inspection centers with maintenance performed in private repair facilities; and

(4) the effectiveness and efficiency of a motor vehicle registration program operated in conjunction with one or more of the alternative programs listed in Subsection (c)(1), (c)(2), or (c)(3) above.

(d) The Texas Air Control Board with the assistance and cooperation of the Department of Public Safety and the State Department of Highways and Public Transportation shall develop and make preparations for a motor vehicle inspection and maintenance program for Harris County by designing, planning, and scheduling the implementation of the necessary elements of such program. The design of such program shall be based on the results of the pilot program and study required by Subsections (a)

and (b) of this section and shall be consistent with the recommendations to be contained in the report required by Subsection (c) of this section. The schedule for such program:

(1) shall be adequate to allow and achieve full implementation of the inspection and maintenance program as it affects passenger automobiles in Harris County not later than December 31, 1982;

(2) shall not, prior to 120 calendar days after the convening of the 67th Session of the Legislature, require or include:

(A) mandatory participation in the program by the public;

(B) execution of an agreement with a private contractor to operate inspection centers; or

(C) construction or acquisition of inspection centers or acquisition of inspection equipment except as may be necessary or useful to the conduct of the pilot program required by Subsection (a) of this section;

(3) shall, to the maximum extent feasible and consistent with other requirements of this subsection, preserve and facilitate the range of choices available to the 67th Session of the Legislature as to the direction and further development of a motor vehicle inspection and maintenance program for the State of Texas.

(e) The Texas Air Control Board shall cooperate with any legislative committee appointed to monitor the progress made in satisfying the requirements of this section.

(f) This section shall become effective upon approval by the administrator of the Environmental Protection Agency of those provisions of the plan submitted by the governor of the State of Texas in accordance with the Federal Clean Air Act Amendments of 1977,<sup>1</sup> which relate to inspection and maintenance of motor vehicles and the use of emission reductions credited to the pilot program established by this Act to allow for new source growth in affected areas.

<sup>1</sup> 42 U.S.C.A. § 7401 et seq.

#### SUBCHAPTER D. PROHIBITION AGAINST AIR POLLUTION; ENFORCEMENT

##### Unauthorized Emissions Prohibited

Sec. 4.01. (a) Except as authorized by a rule, regulation, variance or other order of the board, no person may cause, suffer, allow or permit the emission of any air contaminant or the performance of any activity which causes or contributes to, or which will cause or contribute to, a condition of air pollution.

(b) No person may cause, suffer, allow or permit the emission of any air contaminant or the performance of any activity in violation of this Act or of any rule, regulation, variance, or other order of the board.

(c) Any person who violates any provision of this Act or of any rule, regulation, variance, or other order of the board is subject to a civil penalty of not less than \$50 nor more than \$1,000 for each day of violation and for each act of violation, as the court may deem proper, to be recovered in the manner provided in this Subchapter.

#### Enforcement by Board

Sec. 4.02. (a) Whenever it appears that a person has violated or is violating, or is threatening to violate any provision of this Act or of any rule, regulation, variance or other order of the board, then the board, or the executive secretary when authorized by the board, may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty of not less than \$50 nor more than \$1,000 for each day of violation and for each act of violation, as the court may deem proper, or for both injunctive relief and civil penalty. Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this Act or of any rule, regulation, variance or other order of the board, the district court shall grant the injunctive relief the facts may warrant.

(b) At the request of the board, or the executive secretary when authorized by the board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty, as authorized in Subsection (a) of this section.

#### Enforcement by Local Governments

Sec. 4.03. Whenever it appears that a violation or threat of violation of any provision of Section 4.01 of this Act, or of any rule, regulation, variance or other order of the board has occurred or is occurring within the jurisdiction of a local government, exclusive of its extraterritorial jurisdiction, the local government, in the same manner as the board, may cause to be instituted through its own attorney a suit for the injunctive relief or civil penalties, or both, as authorized in Subsection (a) of Section 4.02 of this Act against the person who committed, or is committing or threatening to commit, the violation. This power may not be exercised by a local government unless its governing body adopts a resolution authorizing the exercise of the power. In a suit brought by a local government under this section, the board is a necessary and indispensable party.

#### Venue and Procedure

Sec. 4.04. (a) A suit for injunctive relief or for recovery of a civil penalty, or for both injunctive relief and penalty, may be brought either in the county where the defendant resides or in the county where the violation or threat of violation occurs.

(b) In any suit brought to enjoin a violation or threat of violation of this Act or of any rule, regulation, variance or other order of the board, the court may grant the board or the local government, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant including temporary restraining orders after notice and hearing, temporary injunctions, and permanent injunctions.

(c) A suit brought under this Act shall be given precedence over all other cases of a different nature on the docket of the appellate court.

(d) Either party may appeal from a final judgment of the court as in other civil cases.

(e) All civil penalties recovered in suits instituted by the State of Texas under this Act shall be paid to the general revenue fund of the State of Texas.

(f) All civil penalties recovered in suits instituted by a local government or governments under this Act shall be equally divided between the State of Texas on the one hand and the local government or governments first instituting the suit on the other, with fifty percent of the recovery to be paid to the general revenue fund of the State of Texas and the other fifty percent equally to the local government or governments first instituting the suit.

#### Act of God, War, Etc.

Sec. 4.05. The liabilities which would otherwise be imposed by this Act upon persons violating any provision of this Act or of any rule, regulation, variance, determination or order issued under this Act shall not be imposed due to any violation caused by an act of God, war, strike, riot, or other catastrophe.

### SUBCHAPTER E. AUTHORITY OF LOCAL GOVERNMENTS

#### Inspections; Power to Enter Property

Sec. 5.01. (a) A local government has the same power as the board has under Section 3.05 of this Act to inspect the air and to enter public and private property within its territorial jurisdiction to determine whether or not:

(1) the level of air contaminants in any area within its territorial jurisdiction meets the level set by the board or, in the case of a city or town, the level set by the governing body of that city or town under the authority of Section 5.05 of this Act;

(2) the emissions from any source meet the level set for that source by the board or, in the case of a city or town, by the governing body of that city or town under the authority of Section 5.05 of this Act; or

(3) a person is complying with this Act or any rule, regulation, variance or other order issued by the board.

(b) The local government in exercising the powers granted in this section is subject to the same provisions and restrictions as the board.

(c) When requested by the board, a local government shall transmit the results of its inspections to the board.

#### Recommendations to Board

Sec. 5.02. A local government may make recommendations to the board concerning any rule, regulation, determination, variance or other order of the board that affects any area within its territorial jurisdiction. The board shall give maximum consideration to the recommendations of a local government.

#### Enforcement Action

Sec. 5.03. A local government may bring an enforcement action under this Act in the manner provided in Subchapter D of this Act for local governments.

#### Cooperative Agreements

Sec. 5.04. A local government may execute cooperative agreements with the board or other local governments:

(1) to provide for the performance of air quality management, inspection, and enforcement functions and to provide technical aid and educational services to any party to the agreement; and

(2) for the transfer of money or property from any party to the agreement to another party to the agreement for the purpose of air quality management, inspection, enforcement, technical aid and education.

#### Authority of Cities and Towns

Sec. 5.05. (a) Subject to the provisions of Section 1.05 of this Act, an incorporated city or town has such powers and rights as are otherwise vested by law in the city or town to:

(1) abate a nuisance; and

(2) enact and enforce any ordinance for the control and abatement of air pollution, or any other ordinance, not inconsistent with the provisions of this Act or the rules, regulations or orders of the board.

(b) Any ordinance enacted by an incorporated city or town shall be consistent with the provisions of this Act and the rules, regulations and orders of the board, and shall not make unlawful any condition or act approved or otherwise authorized pursuant to this Act or the rules, regulations or orders of the board.

### SUBCHAPTER F. JUDICIAL REVIEW

#### Appeal of Board Action

Sec. 6.01. (a) A person affected by any ruling, order, decision, or other act of the board may appeal

by filing a petition in a district court of Travis County.

(b) The petition must be filed within thirty days after the date of the board's action, or, in case of a ruling, order or decision, within thirty days after its effective date.

(c) Service of citation on the board must be accomplished within thirty days after the date the petition is filed. Citation may be served on the executive secretary or any member of the board.

(d) The plaintiff shall pursue his action with reasonable diligence. If the plaintiff does not prosecute his action within one year after the action is filed, the court shall presume that the action has been abandoned. The court shall dismiss the suit on a motion for dismissal made by the attorney general unless the plaintiff, after receiving due notice, can show good and sufficient cause for the delay.

(e) In an appeal of a board action other than cancellation or suspension of a variance, the issue is whether the action is invalid, arbitrary, or unreasonable.

(f) An appeal of the cancellation or suspension of a variance shall be tried in the same manner as appeals from the justice court to the county court.

Sections 1 and 9 of the 1979 amendatory act provided:

"Sec. 1. Purpose and policy. The Texas Legislature recognizes both the importance and historical effectiveness of this state's efforts to control air pollution in order to protect the public health and improve air quality. It further recognizes the impact of the 1970 Federal Clean Air Act and subsequent amendments on the State of Texas. The Texas Legislature believes that in passing the Clean Air Act, the United States Congress intended that the national air quality standards promulgated thereunder by the Environmental Protection Agency be both reasonable and attainable.

"It is hereby declared the public policy of the State of Texas that the state in cooperation with the federal government should determine the appropriate environmental controls to be applied within its boundaries necessary to protect the public health and improve air quality. The State of Texas should continue to question and challenge federal air quality regulations and programs which establish unreasonable and unattainable standards; particularly when the programs are of doubtful scientific benefit and are established with no consideration of regional differences among the states. The Texas Legislature should undertake to conduct studies and pilot projects necessary to prove the need for air quality programs and control measures which will have major impact on the State of Texas."

"Sec. 9. The provisions of this Act which give the Texas Air Control Board authority to regulate radioactive air contaminants shall become effective only upon an affirmative determination relating to such contaminants by the administrator of the Environmental Protection Agency pursuant to Section 122 of the Federal Clean Air Act Amendments of 1977."

#### Art. 4477-5a. Clean Air Financing Act

##### Short Title

Sec. 1. This Act may be cited as the Clean Air Financing Act.

##### Policy and Purpose

Sec. 2. (a) It is the policy of this state and the purpose of this Act to safeguard the air resources of the state from pollution by controlling or abating air pollution and emissions of air contaminants, consistent with the protection of health, general welfare, and physical property of the people, including the esthetic enjoyment of the air resources by the people and the maintenance of adequate visibility. The accomplishment of the purposes stated in this Act will implement such policy, and is for the health and welfare of the people of this state and for the improvement and protection of their properties. The issuer in carrying out the purposes of this Act will be performing an essential public function under the constitution. The issuer shall not be required to pay any tax or assessment on the control facilities or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom shall at all times be free from taxation within this state. This section shall not be construed as affecting the laws of this state relating to ad valorem taxes imposed on persons or leaseholds or other interests of persons which are not public agencies or political subdivisions. Any control facilities that are the subject of any contract for pur-

chase or use under this Act shall be construed to be subject to ad valorem taxation payable by the person contracting with the issuer as if such contract created a leasehold.

(b) It is hereby determined by the legislature and also declared to be the policy of this state that the control of air pollution is essential to the well-being and survival of its inhabitants and the protection of the environment, and that specifically the control, prevention, and abatement of air pollution are and will be for the specific purpose of the conservation and development of the natural resources of the state, within the meaning of Article XVI, Section 59(a), of the Texas Constitution, through the prevention of further damage to or destruction of the environment, resulting in further conservation and development of such natural resources.

Such control facilities may be located upon property owned by the issuer or upon property of another person or persons. (a) Each issuer is empowered to issue its negotiable bonds or notes payable from revenues of the issuer for the purpose of paying the cost of acquiring, constructing, or improving or causing to be acquired, constructed, or improved, control facilities, including real property required for the control facilities. Pending the issuance of definitive bonds or notes the issuer may authorize the delivery of negotiable interim bonds or notes eligible for exchange or substitution by use of the definitive bonds or notes. Bonds or notes shall not be issued to acquire existing control facilities solely for the purpose of again leasing or selling the same to the same person or one controlled by such person, but bonds may be issued to acquire existing control facilities which are to be substantially improved and then leased or sold to the same person or one controlled by the same person.

(b) Such bonds or notes shall be authorized by resolution of the governing body and shall have characteristics and bear such designation as may be determined by the governing body provided that the designation of the bonds or notes shall include the name or names of the person or persons using or purchasing the control facilities being financed with the bonds or notes or in the alternative the name or names of the person or persons guaranteeing the contractual obligations of the person or persons using or purchasing such control facilities, or if the control facilities are to be used or purchased by a group of persons the designation may state that a group of persons will be using or purchasing such control facilities as therein provided. The bonds or notes shall be signed by the presiding officer or the assistant presiding officer of the governing body, shall be attested by its secretary, and shall bear the seal of the issuer of the governing body. It is provided, however, that such signatures may be printed or lithographed on the bonds of authorized by the governing body, and such may be impressed on the bonds or notes or may be printed or lithographed thereon. The issuer may adopt or use for any purpose the signature of any person who shall have been an officer, notwithstanding the fact that he may have ceased to be such officer at the time when bonds or notes shall be delivered to a purchaser or purchasers. The bonds or notes shall mature serially or otherwise in not to exceed 40 years, may bear interest at a rate or rates, may be sold at a price or under terms determined by the governing body to be the most advantageous reasonably obtainable, within the discretion of the governing body, may be made callable prior to maturity at such times and prices as may be prescribed in the

resolution authorizing the bonds or notes, and may be in coupon form with or without provisions for registration as to principal or may be registrable as to both principal and interest.

(c) Such bonds or notes may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(d)(1) The bonds or notes of any issuer may be secured by a pledge of all or any part of the revenues of the issuer derived from the use and/or sale of control facilities and the use and/or sale of, or services rendered by, disposal systems as specified by resolution of the governing body or in any trust indenture or other instrument securing the bonds or notes.

(2) In the alternative, the bonds or notes of a city, town, village or county may be secured by a pledge of said revenues and also by other utility revenues of the city, town, village or county specified by resolution of the governing body or in the trust indenture or other instrument securing the bonds or notes.

(3) Any such pledge under Subsection (1) or (2) of this paragraph may reserve the right, under conditions therein specified, to issue additional bonds or notes which will be on a parity with or subordinate to the bonds or notes then being issued. Bonds or notes issued for the purposes set out in this Act may be combined in the same issue with bonds or notes issued for other purposes authorized by law.

(e) It shall be the duty of the governing body to fix and from time to time revise payments under leases and other contracts for the use or sale of the control facilities of the governing body in order that such payments together with any other pledged revenues will be sufficient to pay such bonds or notes and the interest thereon as the same mature and become due and to maintain the reserve or other funds as provided in the resolutions authorizing such bonds or notes or the trust indenture or other instruments securing such bonds or notes. The governing body shall have the power to direct the investment of moneys in the funds created by such resolutions, trust indentures, or other instruments securing the bonds or notes.

(f) From the proceeds from the sale of the bonds or notes, the governing body may set aside amounts for payments into the interest and sinking fund and reserve funds, and provisions for such may be made in the resolution authorizing the bonds or notes or the trust indenture or other instrument securing the bonds or notes. The proceeds from the sale of the bonds or notes may be invested: (1) in direct or indirect obligations of the United States government or its agencies maturing in the manner that may be specified by the resolution authorizing the bonds or notes or the trust indenture or other instrument securing the bonds or notes; or (2) in certificates of deposit of

any bank or trust company which deposits are secured by such obligations. Any bank or trust company with trust powers may be designated to act as depository of the proceeds of bonds, notes or of contract or lease revenues. Such bank or trust company shall furnish such indemnifying bonds or pledge such securities as may be required by the issuer to secure the deposits.

(g) The resolution authorizing the issuance of the bonds or notes or the trust indenture or other instrument securing them may provide that in the event of a default or under the conditions therein stated, a threatened default, in the payment of principal or of interest on bonds or notes, any court of competent jurisdiction may, upon petition of the holders of outstanding bonds or notes, appoint a receiver with authority to collect and receive pledged income, and such instruments may limit or qualify the rights of less than all of the holders of the outstanding bonds or notes payable from the same source to institute or prosecute any litigation affecting the issuer's property or income.

(h) All such bonds or notes shall be special obligations payable solely from the revenues pledged to their payment and shall not be considered general obligations of the governing body, an issuer, or the State of Texas. The holder of the bonds or notes shall never have the right to demand payment from moneys derived by taxation or any other revenues of the issuer except those revenues pledged to the payment of the bonds or notes.

(i)(1) Before any city, town, village, or county issues any bonds or notes secured by the revenues described in Section 5(d)(1) of this Act, such city, town, village, or county must publish notice of its intention to issue the bonds or notes at least one time in a newspaper of general circulation within the boundaries of such city, town, village, or county. Within 30 days after the date of such publication not less than 10 percent of the qualified electors of the city, town, village, or county issuing such bonds or notes, may file a petition with the clerk or secretary, as the case may be, of the governing body, praying the governing body to order an election for the purpose of submitting the proposition to issue such bonds or notes to a vote of the qualified electors of such city, town, village, or county, as the case may be. Upon the filing of such petition, such governing body shall order an election to be held in such city, town, village, or county to determine whether or not such bonds or notes shall be issued as indicated in such notice. The governing body shall determine the time and the place or places of holding said election; and the manner of holding same shall be governed by the Texas Election Code. If the proposition for the issuance of such bonds or notes be sustained by a majority of the qualified electors voting at such election on such proposition, then such bonds or notes shall be authorized and may be issued by the governing body. In the event no such petition is presented to the governing body within the time hereinabove prescribed, no election

on the proposition shall be required, and such governing body shall then have the power to proceed with the issuance of the bonds or notes, as the case may be.

(2) Before any city, town, village, or county issues any bonds or notes secured by the revenues described in Section 5(d)(2) of this Act, the governing body of such city, town, village, or county must order an election to be held in that city, town, village, or county to determine the time and the place or places of holding the election; and the manner of holding it shall be governed by Chapter 1 of Title 22, Revised Civil Statutes of Texas, 1925, as amended.<sup>1</sup> If the issuance of bonds or notes be favored by a majority vote of the qualified electors voting at such election, then the bonds or notes shall be authorized and may be issued by the governing body.

<sup>1</sup> Article 701 et seq.

#### Refunding Bonds and Notes

Sec. 6. The governing body is authorized to issue refunding bonds or notes for the purpose of refunding the principal, interest and redemption premium, if any, on outstanding bonds authorized by this Act. Such refunding bonds or notes may be issued to refund more than one series of outstanding bonds or notes and combine the revenues pledged to the outstanding bonds or notes for the security of the refunding bonds or notes, and may be secured by other or additional revenues and deed of trust liens. The provisions of this law with reference to the issuance by the governing body of bonds or notes, their security, and their approval by the attorney general and the remedies of the holders shall be applicable to refunding bonds or notes. Refunding bonds or notes shall be registered by the comptroller upon surrender and cancellation of the bonds or notes to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds or notes are payable, in which case the refunding bonds or notes may be issued in an amount sufficient to pay the principal of, any redemption premium, and the interest on the original bonds or notes to their option date or maturity date, and the comptroller shall register them without concurrent surrender and cancellation of the original bonds or notes.

#### Additional Security for Bonds and Notes; Trust Indenture

Sec. 7. Any bonds or notes (including refunding bonds or notes) authorized by this law may be additionally secured by a trust indenture under which the trustee may be a bank having trust powers situated either within or outside the State of Texas. Such bonds or notes, within the discretion of the governing body, may be additionally secured by a mortgage or a deed of trust lien or security interest upon designated control facilities of the

governing body and all property, franchises, easements, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such control facilities for the payment of the indebtedness, power to operate such control facilities and all other powers and authority for the further security of the bonds or notes. Such trust indenture, regardless of the mortgage or the deed of trust lien or security interest in the properties may contain any provisions prescribed by the governing body for the security of the bonds or notes and the preservation of the trust estate, and may make provision for amendment or modification thereof, may condition the right to expend the issuer's money or sell the issuer's control facilities upon approval of a registered professional engineer selected as provided therein, and may make such other provisions for protecting and enforcing the rights and remedies of the bondholders or noteholders as may be reasonable and proper and not in violation of law. Any purchaser at a sale made under the mortgage or the deed of trust lien, where one is given, shall be the absolute owner of the control facilities and rights so purchased. The trust indenture may also contain provisions governing the issuance of bonds and notes to replace lost, stolen, or mutilated bonds or notes.

#### Submission of Bonds, Notes and Contracts to Attorney General; Approval; Registration; Incontestability

Sec. 8. After any bonds and notes, including refunding bonds and notes, are authorized by the governing body, such bonds and notes and the record relating to their issuance shall be submitted to the attorney general for his examination as to the validity thereof. Where such bonds and notes recite that they are secured by a pledge of the proceeds of a lease or leases or other contract or contracts theretofore made between the issuer and any person, such contracts may also be submitted to the attorney general. If such bonds or notes have been authorized and if such contracts have been made in accordance with the constitution and laws of the State of Texas, he shall approve the bonds or notes and such contracts, and the bonds or notes then shall be registered by the comptroller of public accounts. After the bonds or notes, and the leases or other contracts, if any, have been approved by the attorney general and the bonds or notes registered by the comptroller of public accounts, such bonds or notes and any such leases or contracts shall be incontestable for any cause.

#### Term of Lease or Contract

Sec. 9. Any lease or other contract entered into pursuant to this Act may be for such term as the parties may agree, and may provide that it shall continue in effect until the bonds or notes specified therein or refunding bonds or notes issued in lieu of such bonds or notes are fully paid.

**Bonds and Notes as Legal Investments and  
Security for Deposits**

Sec. 10. All bonds or notes issued pursuant to this Act shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking fund of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds or notes shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value, when accompanied by all unmatured coupons appurtenant thereto.

**Construction Contracts; Performance Bonds and Bids**

Sec. 11. The provisions of Article 5160, Revised Civil Statutes of Texas, 1925, as amended, relating to performance and payment bonds, shall apply to construction contracts let by the issuer; however, there shall be no obligation for an issuer to receive construction bids on any project and Chapter 163, Acts of the 42nd Legislature, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes), or any other law requiring competitive bids, shall not apply to construction contracts for projects authorized by this Act.

**Relocation Expenses**

Sec. 12. In the event any issuer, in the exercise of the power of relocation, or any other power, makes necessary the relocation, raising, lowering, rerouting, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telegraph or telephone properties and facilities, or pipelines, all such necessary relocation, raising, lowering, rerouting, changing of grade, or alteration of construction shall be accomplished at the sole expense of the issuer, and such expense shall be paid from the proceeds of any bonds or notes issued to finance control facilities, the installation of which results in such expense. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or changing the grade of, or alteration of construction to provide comparable replacement, without enhancement, of such facilities, after deducting therefrom the net salvage value derived from the old facility.

**Applicability to Air Control Act and Board, Districts  
and Local Governments; Remedies of  
Private Persons**

Sec. 13. Nothing in this Act diminishes or limits, or is intended to diminish or limit, the authority of the Texas Air Control Board, districts, or local governments in performing any of the powers, functions, and duties vested in such entities by other

laws. The Texas Clean Air Act, as amended, shall be enforced without regard to ownership of any control facilities financed under this Act. The Act shall be wholly sufficient authority within itself for the issuance of the bonds or notes and the performance of the other acts and procedures authorized hereby, without reference to any other laws, or any restrictions or limitations contained therein, except as herein specifically provided; and when any bonds or notes are being issued under this Act, then to the extent of any conflict or inconsistency between any provisions of the Act and any provisions of any other law, the provisions of the Act shall prevail and control; provided, however, that any issuer shall have the right to use the provisions of any other laws, not in conflict with the provisions hereof, to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this Act. Nothing in this Act affects the right of any private person to pursue against a person contracting with an issuer pursuant to this Act all common law remedies available to abate a condition of pollution or other nuisance or recover damages therefor, or both. No person contracting with an issuer for the purchase or use of control facilities shall ever be entitled to urge the defense of sovereign immunity by reason of the ownership of such control facilities by an issuer. Notwithstanding the provisions of this section, it is further provided that nothing in this Act shall in any way limit or diminish the power and authority of the Texas Air Control Board or of a local government to enact and enforce rules and regulations and to carry out other duties authorized by the Texas Clean Air Act, as amended (Article 4477-5, Vernon's Texas Civil Statutes).

**Certification of Control Facilities**

Sec. 14. In certifying facilities as control facilities the Texas Air Control Board may prescribe necessary criteria and procedures for such certification and can limit such certification to confirming that the proposed facility is intended for the purpose of controlling air pollution. No certification as to the adequacy of the facility or its expected performance or other specifications shall be necessary.

**Conformance with Constitutions**

Sec. 15. Nothing in this Act shall be construed to violate any provision of the United States or state constitutions, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the issuer shall have the power by resolution to provide an alternative procedure conformable with such constitutions.

**Severability**

Sec. 16. The provisions of this Act are severable. If any word, phrase, clause, paragraph, sentence, section, part, or provision of this Act or the application thereof to any person or circumstance

shall be held to be invalid or unconstitutional, the remainder of this Act shall nevertheless be valid; and the legislature hereby declares that the Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, section, part, or provision.

Immediately upon the effective date of this Act, no person shall, without complying with this Act and, when and as required by this Act, first obtaining a construction permit from the Health Authority, construct a new rendering establishment or enter into any new construction involving the addition to or replacement in an existing rendering establishment of one or more of the component parts set forth in Section 8(b) below.

Rendering Establishment Operating Licenses shall be granted by the Health Authority only to those persons who demonstrate their compliance with this subsection.

(b) All operating licensees shall abide by and comply with the following specific requirements, upon

which they shall be deemed to be in compliance with Subsection (a) above:

(1) All vehicles used in transporting dead animals and/or rendering raw materials to, or from, rendering establishments shall be leak-proof and shall be maintained at all times so that no nuisance is created by them.

#### Related Stations

Sec. 5. #### Dead Animal and Rendering Raw Material Haulers

Sec. 6. A dead animal and/or rendering raw material hauler, who operates separately and apart from and not as a part or subsidiary of the rendering establishment or establishments and/or the related station or stations served by him and who is not an employee of any such establishment or station, shall nevertheless be subject to the provisions and requirements of Section 4, and shall obtain from the Health Authority a Dead Animal Hauler Operating License and/or Rendering Raw Material Hauler Operating License.

#### Operating Licenses

Sec. 7. (a) Application for an operating license shall be under oath, shall state what type of operations are contemplated (whether rendering establishment, related station, or dead animal and/or rendering raw material hauler), shall give the location from which the business is to be conducted, and shall include such relevant information as the Health Authority may require to determine the applicant's compliance with Section 4 of the Act.

(b) Upon filing of an application and payment of the fee required by this Act, the Health Authority shall investigate the facts, and if it shall find that the applicant's operations or proposed operations are within the requirements of Section 4, it shall grant such application and issue to the applicant an operating license which shall be his license and authority to carry on a rendering business or a related station or to move dead animals or rendering raw materials, as the case may be, under the provisions of this Act.

(c) If the Health Authority shall not so find, it shall deny the application and notify the applicant in writing of the particular or particulars in which he fails to meet the requirements of Section 4. The applicant shall have 90 days in which to correct or remedy such shortcomings, after which the Health Authority shall again investigate the facts. If the Health Authority shall then determine that the applicant's operations do not meet the requirements of Section 4, it shall again deny the application and shall promptly notify the applicant in writing of the particular or particulars in which he fails to meet said requirements.

(d) An application twice denied by the Health Authority under Section 7(c) next above shall be deemed cancelled, and no license shall issue thereon; provided, however, that an applicant shall, upon

request within 30 days after the second denial, be entitled to a hearing on such application before the Commissioner of Health within 30 days after the date of such request.

(e) The Health Authority shall grant or deny each application within 30 days from its filing with the required fees, or from the expiration of the period in which to correct any shortcomings, if any, or from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and a Health Authority.

#### Construction and General Layout Requirements

Sec. 8. (a) All construction of or within rendering establishments which is subject to this Act shall be such as will provide for sanitary operations and environmental conditions, prevent the spread of disease-producing organisms and infectious or noxious materials, and prevent the development of malodorous conditions or a nuisance. Rendering Establishment Construction Permits (when and as required by this Act) shall be granted by the Health Authority only to those persons who demonstrate their compliance with this subsection.

(b) Any new construction of a rendering establishment or involving the addition to or replacement in an existing rendering establishment of one or more of the component parts set forth below, shall be in compliance as to such new construction with the following specific requirements (or so many thereof as may apply), and compliance therewith shall be deemed to be compliance with Subsection (a) above:

(1) Rendering establishments shall provide sufficient space for the conduct in a sanitary manner of rendering operations and processes carried on therein; for the installation of necessary utility equipment; and for the installation of processing equipment in such a manner that such equipment is easily accessible for cleaning.

(2) Rendering establishments shall be constructed so as to be easily maintained in a sanitary condition and to prevent harborage areas for rodents, roaches, and other vermin.

(3) All floors in rendering establishments shall be constructed of good quality concrete, metal, or other equally impervious and easily cleanable material, and shall be smooth, graded to drain, and provided with an adequate number of trapped drains or other waste-disposal facilities approved by the Health Authority. Gutters, if used to conduct such drainage, shall be so constructed and located as to be easily cleaned and maintained in a sanitary condition.

(4) Walls, partitions, and posts in all rooms and areas of rendering establishments shall be finished with smooth, washable surfaces of concrete, metal, or other equally impervious and easily cleanable material.

(5) Ceilings, or the underside of the roof if used as a ceiling, and exposed overhead structures in all

rooms or areas of rendering establishments shall have easily cleanable surfaces.

(6) All outer walls and roofs and openings therein shall be protected against the entrance of insects, rodents, and other vermin; and interior walls, partitions, posts, ceilings, and other overhead structures shall contain no crevices or openings which may provide harborage for rodents or insects.

(7) Sufficient ventilation shall be provided in rendering establishments to dispel disagreeable odors, condensate, and vapor. For this purpose, ventilating equipment such as individual fans, vents, and hoods shall be provided where necessary. Any mechanical ventilating equipment shall be so located and controlled as to prevent finished products or processing equipment from being contaminated from nearby or preceding operations or from other sources.

(8) Employee toilet rooms and dressing rooms shall be adequately vented to the outside air; and all space heaters, gas stoves, water heaters, and any other equipment giving off noxious odors, fumes, or vapors shall be vented to the outside air.

(9) All exhaust outlets from mechanical ventilation devices shall be conducted to the outside air and shall be so arranged, placed, and extended as to avoid creating a nuisance to adjacent areas.

(10) The water supply of each rendering establishment shall be from a public water supply acceptable to the Health Authority; or shall be from a private source complying with the requirements of the Health Authority, located, constructed, and, if necessary, treated so as to provide water of a safe, sanitary quality.

(11) There shall be no physical connection between the plant's water supply and any unsafe or questionable supply. The use of water from any such unsafe or questionable supply shall be permitted only for limited purposes such as fire control or ammonia condensers. In all cases supply lines for unsafe or questionable water shall be clearly identified.

(12) Hot and cold water shall be conveniently accessible to all parts of the establishment. Such water shall be under ample pressure and shall be available through such outlets and in such quantities as may be necessary to meet effectively the needs of the establishment at all times. The hot water system shall have sufficient capacity to furnish ample water with a temperature of at least 180 degrees F. during all periods of processing and cleanup operations.

(13) The plumbing system in each rendering establishment shall be installed in compliance with the state law and applicable local plumbing ordinances; and shall be so designed, installed, and maintained as to protect the plant's water supply from contamination through cross-connections, back siphonage, back-flow leakage, or condensation. The plumbing system shall readily carry away all liquid wastes.

(14) Where necessary to prevent discharge into the drainage system of solid wastes likely to clog the drainage system, the liquid wastes containing such solid materials shall be passed through a separator or indirect-waste receptor which shall effectively retain such solids prior to discharge into the drainage system.

(15) Rendering establishments shall provide toilet and dressing room facilities for employees of each sex. The design, construction, and equipment of such rooms shall require approval of the Health Authority. Provided, however, that this requirement shall have no application to toilet and/or dressing facilities contained in the managerial office area of a rendering establishment.

(16) A paved area, adequate in size and provided with adequate drains leading to a sanitary sewer system, shall be provided for the washing and sanitizing of trucks.

(c) The provisions of this section shall not apply to rendering establishments in existence and doing business as of the effective date of this Act; provided, however, that should an existing rendering establishment enter upon a program whereby its existing facilities are improved through new construction by the addition thereto or replacement of one or more of the component parts set forth in Subsection (b) above, then such new construction involving an addition or replacement of a Subsection (b) component (but only such new construction and not any other new construction or any already existing Subsection (b) component) shall be in compliance with this section, and a construction permit shall be obtained from the Health Authority (when and as required by this Act).

(d) Nothing contained herein shall require a construction permit from the Health Authority for construction of a new rendering establishment or new construction involving the addition or replacement in an existing rendering establishment of one or more Section 8(b) components where the cost to the rendering establishment of all Section 8(b) components involved and included in the new rendering establishment or the new construction to an existing rendering establishment is less than \$5,000; provided, however, that any and all such construction, notwithstanding the fact that no construction permit is required therefor, shall be undertaken and carried out in compliance with the requirements of Section 8.

#### Related Station Construction

Sec. 9. The construction of a new related station, or any new construction involving the addition to or replacement in an existing related station of one or more of the component parts set forth in Section 8(b) above, not undertaken in connection with and as a part of the construction of or new construction involving an addition of a Section 8(b) component or components to a rendering establishment for which a Rendering Establishment Con-

struction Permit including the related station has been obtained, shall be subject to the provisions and requirements of Section 8, and shall be undertaken and carried out only in compliance with the requirements of Section 8 and after obtaining from the Health Authority (when and as required by this Act) a Related Station Construction Permit.

#### Construction Permits

Sec. 10. (a) Application for a construction permit shall be under oath, shall state what type of construction is contemplated (whether new rendering establishment or new construction involving the addition or replacement of a Section 8(b) component or components; rendering establishment or related station) shall specify when the proposed construction is to take place, and shall include such relevant information as the Health Authority may require to determine the applicant's compliance with Section 8 of this Act.

(b) Upon filing of an application and payment of the fees required by this Act, the Health Authority shall investigate the facts, and if it shall find that the applicant's proposed construction is within the requirements of Section 8, it shall grant such application and issue to the applicant a construction permit which shall be his permit and authority to carry forward with and complete the proposed construction.

(c) If the Health Authority shall not so find, it shall deny the application and notify the applicant in writing of the particular or particulars in which he fails to meet the requirements of Section 8. The applicant shall have 90 days in which to correct or remedy such shortcomings, at the end of which the Health Authority shall again investigate the facts. If the Health Authority shall then determine that the applicant's operations do not meet the requirements of Section 8, it shall again deny the application and shall promptly notify the applicant in writing of the particulars in which he fails to meet said requirements.

(d) An application twice denied by the Health Authority under Section 10(c) next above shall be deemed cancelled, and no license shall issue thereon; provided, however, that an applicant shall, upon request within 30 days after the second denial, be entitled to a hearing on such application before the Commissioner of Health within 30 days after the date of such request.

(e) The Health Authority shall grant or deny each application within 30 days from its filing with the required fees, or from the expiration of the period in which to correct any shortcomings, if any, or from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the Health Authority.

#### Contents and Location of Licenses and Permits

Sec. 11. Each operating license and construction permit shall state the address of the rendering

establishment, related station, or in the case of a Dead Animal and/or Rendering Raw Material Hauler Operating License, the dead animal and/or rendering raw material hauler, and the name of the licensee or permittee. The license or permit shall be displayed at the place of business named in the license or the place of construction named in the permit. The license or permit shall not be transferable or assignable except upon approval by the Health Authority.

#### License and Permit Fees

Sec. 12. The following fees shall accompany each application for an operating license or a construction permit:

##### (a) Operating Licenses:

- (1) Rendering Establishment Operating License: \$300;
- (2) Related Station Operating License: \$200;
- (3) Dead Animal Hauler Operating License: \$150;
- (4) Rendering Raw Material Hauler Operating License: \$150;
- (5) Dead Animal Hauler Operating License and Rendering Raw Material Hauler Operating License combined: \$150.

(b) Construction permits: Rendering Establishment and Related Station Construction Permit fees, both for construction of new rendering establishments or new related stations and for new construction involving an addition or replacement of a Section 8(b) component in an existing rendering establishment or related station, shall be based upon the dollar value (at the cost to the rendering establishment or related station) of the Section 8(b) components included in the new rendering establishment or new related station or the new construction to an existing rendering establishment or related station, according to the following schedule:

Cost of Section 8(b) components	Fee
(1) Less than \$10,000	No Permit Required
(2) \$10,000-\$49,999	\$ 100

**Annual Renewal**

Sec. 13. Each license and permit shall remain in full force and effect until relinquished, suspended, revoked, or expired. All operating licenses shall be issued and granted for one year only, and shall be renewed annually, if desired, by the licensee. The annual renewal fee shall be the same as the original application fee set forth in Section 12 above. Every licensee desiring to renew his operating license shall, on or before each January 1st, pay the Health Authority the required fee. Upon receipt of said fee, the license shall be automatically renewed for the ensuing calendar year. If the annual renewal fee remains unpaid 15 days after written notice of delinquency has been given to the licensee by the Health Authority, the license shall, unless good cause for such failure to renew is shown, thereupon expire, and thereafter shall be renewed only upon a new application pursuant to the provisions of this Act.

**Revocation of Operating Licenses or Construction Permits**

Sec. 14. (a) The Commissioner of Health may, after notice and hearing, suspend or revoke any operating license or construction permit if it finds:

(1) that the licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act; or

(2) that any fact or condition exists which, had it existed or been known to exist at the time of the original application for such license or permit, would have justified the Health Authority in refusing to issue such license or permit.

Upon observing any such violation of this Act, the Commissioner of Health shall call the violation to the attention of the licensee or permittee and allow him a reasonable time to correct the violation; upon the failure of the licensee or permittee to do so, the Health Authority shall give notice of a hearing to suspend or revoke the license or permit, as hereinafter provided.

(b) The hearing shall be held upon 30 days' notice in writing setting forth the time and place thereof and a concise statement of the facts alleged to sustain the suspension or revocation. The hearing shall be full, fair, and public. Such suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact, and a copy thereof shall be forthwith delivered to the licensee, or permittee. Such order, findings, and the evidence considered by the Commissioner of Health shall be filed with the public records of the Health Authority.

(c) The Commissioner of Health may reinstate a suspended license or permit or issue a new license or permit to a person whose license or permit has

been revoked if no fact or condition exists which would have justified the Health Authority in refusing originally to issue such license or permit under this Act.

**Inspection Required**

Sec. 15. At least once each year and at such other times as the Health Authority shall deem necessary, the Health Authority shall make an examination of the place of business of each operating licensee and the place of construction, so long as it is continuing, of each construction permittee, and shall inquire into and examine the premises, equipment, and operations of such licensee or permittee insofar as they pertain to the matters regulated by this Act. In the course of such examination, the Health Authority shall have free access to the place of business of each operating licensee and the place of construction of each construction permittee. #### State Solid Waste Agency; Designations; Duties

Sec. 3. (a) The department is hereby designated the state solid waste agency with respect to the management of municipal solid waste, and shall be the coordinating agency for all municipal solid waste activities. The department shall be guided by the board of health in its activities relating to municipal solid waste. The department shall seek the accomplishment of the purposes of this Act through the control of all aspects of municipal solid waste management by all practical and economically feasible methods consistent with the powers and duties given the department under this Act and other existing legislation. The department has the powers and duties specifically prescribed in this Act and all other powers necessary or convenient to carry out its responsibilities. The department shall consult with the department of water resources with respect to the water pollution control and water quality aspects, and with the Texas Air Control Board with respect to the air pollution control and ambient air quality aspects, of the matters placed under the jurisdiction of the department by this Act.

(b) The department of water resources is hereby designated the state solid waste agency with respect to the management of industrial solid waste, and shall be the coordinating agency for all industrial solid waste activities. The department of water resources shall seek the accomplishment of the purposes of this Act through the control of all aspects of industrial solid waste management by all practical and economically feasible methods consistent with the powers and duties given it under this Act and other existing legislation. The department of water resources has the powers and duties specifically prescribed in this Act and all other powers necessary or convenient to carry out its responsibilities. The department of water resources shall consult with the department with respect to the public health aspects, and with the Texas Air Control Board with respect to the air pollution control and ambient air quality aspects, of the matters placed under the jurisdiction of the department of water resources by this Act.

(c) Where both municipal solid waste and industrial solid waste, except Class I industrial solid waste which is not routinely collected with municipal solid waste, are involved in any activity of management of solid waste, the department is the state agency responsible and has jurisdiction over the activity; and, with respect to that activity, the department may exercise all of the powers, duties and functions vested in the department by this Act. Class I industrial solid waste under the jurisdiction of the department of water resources may be accepted in a municipal solid waste facility if authoriz-

ed in writing by the department with the written concurrence of the department of water resources. Solid waste, including hazardous waste, under the jurisdiction of the department may be accepted in an industrial solid waste facility, if authorized in writing by the department of water resources with the written concurrence of the department.

(d) The department is designated under Chapter 72, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 4590f, Vernon's Texas Civil Statutes), as the state agency with respect to regulating radioactive waste activities that are not preemptively regulated by the federal government. The department has all powers under the Solid Waste Disposal Act, as amended (Article 4477-7, Vernon's Texas Civil Statutes), necessary or convenient to carry out responsibilities concerning the regulation of the management of solid waste components of any radioactive wastes under its jurisdiction.

#### State Agencies; Authority and Powers; Permits

Sec. 4. (a) As used in this section, the term "state agency" refers to either the department or the department of water resources and "state agencies" means both the department and the department of water resources.

(b) The department is authorized to develop a state municipal solid waste plan, and the department of water resources is authorized to develop a state industrial solid waste plan. The state agencies shall coordinate the solid waste plans developed. Before a state agency adopts its solid waste plan or makes any significant amendments to the plan, the Texas Air Control Board shall have the opportunity to comment and make recommendations on the proposed plan or amendments, and shall be given such reasonable time to do so as the state agency may specify.

(c) Each state agency may adopt and promulgate rules consistent with the general intent and purposes of this Act, and establish minimum standards of operation for all aspects of the management and control of the solid waste over which it has jurisdiction under this Act. In developing rules relating to hazardous waste, each state agency shall consult with the State Soil and Water Conservation Board, the Bureau of Economic Geology of The University of Texas at Austin, and other appropriate state sources. Within one year after the effective date of this Act, each state agency shall adopt rules that:

(1) condition issuance of a permit for a new hazardous waste management facility or the areal expansion of an existing hazardous waste management facility on selection of a facility site that reasonably minimizes possible contamination of surface water and groundwater;

(2) define the characteristics that make an area unsuitable for a hazardous waste management facility including, but not limited to, consideration of:

- (A) flood hazards;
- (B) discharge from or recharge to a groundwater aquifer; or
- (C) soil conditions;

(3) prohibit issuance of a permit for a new hazardous waste management facility or an areal expansion of an existing hazardous waste management facility if the facility is to be located in an area determined to be unsuitable under rules adopted by the agency unless the design, construction, and operational features of the facility will prevent adverse effects from unsuitable site characteristics; and

(4) require persons who generate, transport, process, store, or dispose of Class I industrial solid waste or hazardous waste to provide recordkeeping and use a manifest or other appropriate system to assure that such wastes are transported to a processing, storage, or disposal facility permitted or otherwise authorized for that purpose.

In adopting rules under Paragraphs (1)–(3) of this section, the state agencies may distinguish between solid waste facilities based on type or hazard of hazardous wastes managed and the type of waste management method used.

(d) Each state agency is authorized to inspect and approve solid waste facilities used or proposed to be used for the storage, processing, or disposal of the solid waste over which it has jurisdiction.

(e) Except as provided in Subsection (f) of this section with respect to certain industrial solid wastes, each state agency has the power to require and issue permits authorizing and governing the construction, operation, and maintenance of solid waste facilities used for the storage, processing, or disposal of solid waste. This power may be exercised by a state agency only with respect to the solid waste over which it has jurisdiction under this Act. If this power is exercised by a state agency, that state agency shall prescribe the form of and reasonable requirements for the permit application and the procedures to be followed in processing the application, to the extent not otherwise provided for in this subsection. The following additional provisions apply if a state agency exercises the power authorized in this subsection.

(1) The state agency to whom the permit application is submitted shall mail a copy of the application or a summary of its contents to the Texas Air Control Board, to the other state agency, to the mayor and health authorities of any city or town within whose territorial limits or extraterritorial jurisdiction the solid waste facility is located, and to the county judge and health authorities of the county in which the facility is located. The governmental entities to whom the information is mailed shall have a reasonable time, as prescribed by the state agency to whom the application was originally submitted, to present comments and recommendations

on the permit application before that state agency acts on the application.

(2) A separate permit shall be issued for each solid waste facility. The permit shall include the names and addresses of the person or persons who own the land where the solid waste facility is located and the person who is or will be the operator or person in charge of the facility; a legal description of the land on which the facility is located; and the terms and conditions on which the permit is issued, including the duration of the permit. The state agency in its discretion shall have the power to process a permit application for purpose of determining land use compatibility alone, and at another time, if the site location is acceptable, consider technical matters related to the application. Where this power is exercised, a public hearing may be held for each determination in accordance with Paragraph (4) of this Subsection (e).

(3) The state agency may amend, extend, or renew any permit it issues in accordance with reasonable procedures prescribed by the state agency. The procedures prescribed in Paragraph (1) of this Subsection (e) for permit applications apply also to applications to amend, extend, or renew a permit.

(4) Before a permit is issued, amended, extended, or renewed, the state agency to which the application is submitted shall provide an opportunity for a hearing to the applicant and persons affected; the state agency may also hold such a hearing upon its own motion. The state agency by rule shall establish procedures for public notice and any public hearing authorized under this paragraph. A hearing on a permit involving a solid waste facility for hazardous industrial solid waste must include one session held in the county in which the solid waste facility is located. Hearings under this paragraph shall be conducted in accordance with the hearing rules adopted by the state agency and the applicable provisions of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(5) Before a permit is issued, amended, extended, or renewed, the state agency to which the application is submitted may require the permittee to execute a bond or give other financial assurance conditioned on the permittee's satisfactorily operating and closing the solid waste facility. The state agency to which the application is submitted shall require an assurance of financial responsibility as may be necessary or desirable consistent with the degree and duration of risks associated with the processing, storage, or disposal of specified solid waste. Financial requirements established by the state agency shall at a minimum be consistent with the federal requirements established under the federal Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, 42 U.S.C., 6901 et seq., as amended.

(6) If a permit is issued, amended, renewed, or extended by a state agency in accordance with this

Subsection (e), the owner or operator of the solid waste facility does not need to obtain a license for the same facility from a county, or from a political subdivision exercising the authority granted in Section 6 of this Act.

(7) A permit issued under this Act is issued only to the person in whose name the application is made and is issued only for the facility described in the permit. A permit may not be transferred without prior written notice to and prior written approval by the state agency which issued it.

(8) The state agency has the authority, for good cause, to revoke or amend any permit it issues for reasons pertaining to public health, air or water pollution, land use, or violation of this Act or of any other applicable laws or rules controlling the management of solid waste. The state agency using this authority shall notify the governmental entities named in Paragraph (1) of this Subsection (e) and provide an opportunity for a hearing to the permittee and persons affected. The state agency may hold such a hearing upon its own motion. The state agency by rule shall establish procedures for public notice and any public hearing authorized under this paragraph. Hearings under this paragraph shall be conducted in accordance with the hearing rules adopted by the state agency and the applicable provisions of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(9) Manufacturing and processing establishments, commonly known as rendering plants, which process for any purpose waste materials originating from animals, poultry, and fish (all hereinafter referred to as "animals") and materials of vegetable origin, including without limitation animal parts and scraps, offal, paunch manure, and waste cooking grease of animal and vegetable origin are subject to regulation under the industrial solid waste provisions of this Act and may also be regulated under Chapter 26, Water Code. When a rendering establishment is owned by a person who operates the rendering establishment as an integral part of an establishment engaged in manufacturing or processing for animal or human consumption food derived wholly or in part from dead, slaughtered, or processed animals, poultry, or fish, the combined business may operate under authority of a single permit issued pursuant to Chapter 26, Water Code. The provisions of this subsection do not apply to those rendering plants in operation and production on or before August 27, 1973.

(10) Each state agency may issue an emergency order, either mandatory or prohibitory in nature, regarding any activity of solid waste management within its jurisdiction, whether such activity is covered by a permit or not, if the state agency determines that the activity is creating or will cause extensive or severe property damage or economic loss to others or is posing an immediate and serious threat to human life or health and that other proce-

dures available to the state agency to remedy or prevent the occurrence of the situation will result in unreasonable delay. The order may be issued without notice and hearing, or with such notice and hearing as the state agency deems practicable under the circumstances.

(i) If an emergency order is issued under this authority without a hearing, the issuing agency shall fix a time and place for a hearing to be held in accordance with the departmental rules by the state agency, so as to affirm, modify, or set aside the emergency order.

(ii) The requirements of Paragraph (4) of this subsection relating to public notice do not apply to such a hearing, but such general notice of the hearing shall be given in accordance with the departmental rules of the state agency.

(f)(1) This subsection applies to the collection, handling, storage, processing, and disposal of industrial solid waste which is disposed of within the property boundaries of a tract of land owned or otherwise effectively controlled by the owners or operators of the particular industrial plant, manufacturing plant, mining operation, or agricultural operation from which the waste results or is produced, and which tract of land is within 50 miles from the plant or operation which is the source of the industrial solid waste. This subsection does not apply if the waste is collected, handled, stored, processed, or disposed of with solid waste from any other source or sources or if the waste, which is collected, handled, stored, processed, or disposed of is hazardous waste. The department of water resources may not require a permit under this Act for the disposal of any solid waste to which this subsection applies, but this does not change or limit any authority the department of water resources may have with respect to the requirement of permits, the control of water quality, or otherwise, under Chapter 26, Water Code. However, the department of water resources may adopt rules as provided under Subsection (c) of this section to govern and control the collection, handling, storage, processing, and disposal of the industrial solid waste to which this subsection applies so as to protect the property of others, public property and rights-of-way, groundwater, and other rights requiring protection. The department of water resources may require a person who disposes or plans to dispose of industrial solid waste under the authority of this subsection to submit to the department of water resources such information as may be reasonably required to enable the department of water resources to determine whether in its judgment the waste disposal activity is one to which this subsection applies.

(2) No person shall process, store, or dispose of hazardous industrial solid wastes under this subsection without having first obtained a hazardous waste permit issued by the commission; provided, however, that any person who has on or before November 19, 1980, commenced on-site processing,

storing, or disposing of hazardous waste under this subsection and who has filed a hazardous waste permit application in accordance with the rules of the board may continue to process, store, or dispose of hazardous waste until such time as the commission approves or denies the application. Upon its own motion or the request of a person affected, the commission may hold a public hearing on an application for a hazardous waste permit. The board by rule shall establish procedures for public notice and any public hearing authorized by this subsection. The commission may include requirements in the permit for any remedial actions by the applicant that are determined by the commission to be necessary to protect the public health and safety and the environment.

(g) Each state agency is authorized to develop a program for the training of solid waste technicians to improve the competency of those technicians. Each state agency is authorized to issue letters of competency. The owner or operator of a solid waste facility is encouraged to employ as site manager a solid waste technician holding a letter of competency from the appropriate state agency. If a state agency develops a program for training solid waste technicians under this subsection, the state agency may:

- (1) prescribe standards of training required for the program;
- (2) determine the duration of the letter of competency;
- (3) award one or more categories of letters of competency with each category reflecting a different degree of training or skill;
- (4) require a reasonable, nonrefundable fee, in an amount determined from time to time by the state agency, to be paid by participants, deposited in the general revenue fund, and used for administering the program;
- (5) extend or renew letters of competency issued by the state agency; and
- (6) withdraw a letter of competency for good cause, which may include a violation of this Act or rules of the agency relating to the technician's duties and responsibilities.

(h) The state agencies may, either individually or jointly:

- (1) provide educational, advisory, and technical services to other agencies of the state, regional planning agencies, local governments, special districts, institutions, and individuals with respect to solid waste management;
- (2) assist other agencies of the state, regional planning agencies, local governments, special districts, and institutions in acquiring federal grants for the development of solid waste facilities and management programs, and for research to improve the state of the art; and

(3) accept funds from the federal government for purposes relating to solid waste management, and to expend money received from the federal government for those purposes in the manner prescribed by law and in accordance with such agreements as may be necessary and appropriate between the federal government and each state agency.

If a state agency engages in any of the programs and activities named in this subsection on an individual basis, it may do so only as the participation by that state agency is related to the management and control of the solid waste over which it has jurisdiction. When the state agencies do not participate jointly, they shall coordinate on any efforts undertaken by either one individually so that similar programs and activities of the state agencies will be compatible.

(i) The state agencies are authorized to administer and expend state funds provided to them by legislative appropriations, or otherwise, for the purpose of making grants to local governments for solid waste planning, the installation of solid waste facilities, and the administration of solid waste programs. The grants made under the terms of this Act shall be distributed in a manner determined by the state agency to whom the appropriation is made. Any financial assistance granted by the state through either of the state agencies to any local government under the terms of this Act must, at a minimum, be equally matched by local government funds.

(j) Each state agency may require a permit for extracting materials for energy and material recovery and for gas recovery from closed or inactive portions of solid waste facilities that have been used for disposal of municipal or industrial solid waste. The state agency shall issue a permit under this subsection in the same manner as provided by Subsection (e) of this section for issuance of a permit for operating and maintaining a solid waste facility. The state agency shall adopt standards necessary to ensure the integrity of a solid waste facility is maintained.

#### County Powers

Sec. 5. (a) Every county has the solid waste management powers which are enumerated in this Section 5. However, the exercise of the licensing authority and other powers granted to counties by this Act does not preclude the department or the department of water resources from exercising any of the powers vested in the department or the department of water resources under other provisions of this Act, including specifically the provisions authorizing the department and the department of water resources to issue permits for the construction, operation, and maintenance of facilities for the processing, storage, or disposal of solid waste. The powers specified in Subsections (d) and (e) of this section and Section 18 of the County Solid Waste Control Act (Article 4477-8, Vernon's Texas Civil Statutes) may not be exercised by a county

with respect to the industrial solid waste disposal practices and areas to which Subsection (f) of Section 4 of this Act applies. The department or the department of water resources, by specific action or directive, may supersede any authority or power granted to or exercised by a county under this Act, but only with respect to those matters which are, under this Act, within the jurisdiction of the state agency acting.

(b) A county is authorized to appropriate and expend money from its general revenues for the management of solid waste and for administering a solid waste program; and to charge reasonable fees for the services.

(c) A county may develop county solid waste plans and coordinate those plans with the plans of local governments, regional planning agencies, other governmental entities, the department, and the department of water resources.

(d) Except as provided in Subsection (a) of this section, a county is empowered to require and issue licenses authorizing and governing the operation and maintenance of facilities used for the processing, storage, or disposal of solid waste, excluding hazardous waste, in areas not within the territorial limits or extraterritorial jurisdiction of incorporated cities and towns. If a county elects to exercise licensing authority, it must adopt, promulgate, and enforce rules for the management of solid waste. The rules shall be compatible with and not less stringent than those of the department or the department of water resources, as appropriate, and must be approved by, the department or the department of water resources as appropriate. The following additional provisions apply if a county exercises the power authorized in this Subsection (d):

(1) The county shall mail a copy of the license application with pertinent supporting data to the department, the department of water resources, and the Texas Air Control Board. The governmental entities to whom the information is mailed shall have no less than 60 days to submit comments and recommendations on the license application before the county acts on the application unless waived by the commenting agency.

(2) A separate license shall be issued for each solid waste facility. The license shall include the names and addresses of the person or persons who own the land where the solid waste facility is located and the person who is or will be the operator or person in charge of the facility; a legal description of the land on which the facility is located; and the terms and conditions on which the license is issued, including the duration of the license. The county is authorized to charge a fee for a license of not to exceed \$100.00, as set by the commissioners court of the county. Receipts from the fees shall be placed in the general revenue fund of the county.

(3) The county may amend, extend, or renew any license it issues in accordance with rules prescribed by the county. The procedures prescribed in Para-

graph (1) of this Subsection (d) apply also to applications to amend, extend, or renew a license.

(4) No license for the use of a facility for the processing, storage, or disposal of solid waste may be issued, amended, renewed, or extended without the prior approval, as appropriate, of the department or the department of water resources. If a license is issued, amended, renewed, or extended by a county in accordance with this Subsection (d), the owner or operator of the facility does not need to obtain a permit from the department or the department of water resources for the same facility.

(5) A license issued under this Act is issued only to the person in whose name the application is made and is issued only for the facility described in the permit. A license may not be transferred without prior notice to and prior approval by the county which issued it.

(6) The county has the authority, for good cause, after hearing with notice to the licensee and to the governmental entities named in Paragraph (1) of this Subsection (d), to revoke or amend any license it issues for reasons pertaining to public health, air or water pollution, land use, or violation of this Act or of any other applicable laws or rules controlling the processing, storage, or disposal of solid waste. For like reasons, the department and the department of water resources each may, for good cause, after hearing with notice to the licensee, the county which issued the license, and the other governmental entities named in Paragraph (1) of this Subsection (d), revoke or amend any license issued by a county, but only as to those facilities which fall, under the terms of this Act, within the jurisdiction of the state agency acting.

(e) Subject to the limitation specified in Subsection (a) of this section, a county may designate land areas not within the territorial limits or extraterritorial jurisdiction of incorporated cities and towns as suitable for use as solid waste facilities. The county shall base these designations on the principles of public health, safety, and welfare, including proper land use, compliance with state statutes, and any other pertinent considerations.

(f) A county is authorized to enforce the requirements of this Act and the rules promulgated by the board of health and the board as related to the management of solid waste.

(g) Repealed by Acts 1971, 62nd Leg., p. 1763, ch. 516, § 20, eff. Aug. 30, 1971.

(h) A county may enter into cooperative agreements with local governments and other governmental entities for the purpose of the joint operation of solid waste management activities and to charge reasonable fees for the services.

#### Political Subdivisions With Jurisdiction in Two or More Counties

Sec. 6. This section applies to a political subdivision of the state which has jurisdiction over two or

more counties or parts of two or more counties, and which has been granted the power by the Legislature to regulate solid waste handling or disposal practices or activities within its jurisdiction. The governing body of such a political subdivision may, by formal resolution, assume for the political subdivision the exclusive authority to exercise, within the area subject to its jurisdiction, the powers granted in this Act to a county, to the exclusion of the exercise of the same powers by the counties otherwise having jurisdiction over the area. In the exercise of these powers the political subdivision is subject to the same duties, limitations and restrictions applicable to counties under this Act. When a political subdivision assumes this authority, it shall also serve as the coordinator of all solid waste management practices and activities for all cities, counties and other governmental entities within its jurisdiction which have solid waste management regulatory powers or engage in solid waste management practices or activities. Once a political subdivision assumes the authority granted in this section, it is empowered to and shall exercise the authority so long as the resolution of the political subdivision remains in effect.

#### Restrictions on Use of Facility

Sec. 6a. (a) No incorporated city or town may abolish or restrict the use or operation of a solid waste facility within its limits or extraterritorial jurisdiction if the solid waste facility:

(1) was in existence at the time the city or town was incorporated or was in existence at the time the city or town annexed the area where it is located; and

(2) is operated in substantial compliance with all applicable state and county regulations.

(b) An incorporated city or town or a political subdivision operating a solid waste facility shall not be prevented from operating the solid waste facility on the ground that it is located within the limits or extraterritorial jurisdiction of another city or town.

#### Right of Entry; Inspections; Access to Hazardous Waste Records

Sec. 7. (a) The authorized agents or employees of the department, the department of water resources, and local governments have the right to enter at all reasonable times in or upon any property, whether public or private, within the governmental entity's jurisdiction, including in the case of an incorporated city or town, its extraterritorial jurisdiction, for the purpose of inspecting and investigating conditions relating to solid waste management and control. Agents and employees shall not enter private property having management in residence without notifying the management, or the person in charge at the time, of their presence and exhibiting proper credentials. The agents and employees shall observe the rules and regulations of the establishment being inspected concerning safety, internal security, and fire protection.

(b) The authorized agents or employees of the department and the department of water resources may have access to, examine, and copy during regular business hours any records pertaining to hazardous waste management and control.

(c) Records copied pursuant to Subsection (b) of this section shall be public records, except that, if a showing satisfactory to the commissioner of the department or to the executive director is made by the owner of such records that the records would divulge trade secrets if made public, then the department or the department of water resources shall consider such copied records as confidential. Nothing in this subsection shall require the department of water resources or the department to consider the composition or characteristics of solid waste being processed, stored, disposed, or otherwise handled to be held confidential.

#### Prohibited Acts; Violations; Penalties; Injunction

Sec. 8. (a) Civil Penalties; Injunction. (1) No person may cause, suffer, allow, or permit the collection, storage, handling, transportation, processing, or disposal of solid waste or the use or operation of a solid waste facility for the storage, processing, or disposal of solid waste or for the extraction of materials under Subsection (j) of Section 4 of this Act, in violation of this Act or of the rules, permits, licenses or other orders of the department or the department of water resources, or a county or a political subdivision exercising the authority granted in Section 6 of this Act within whose jurisdiction the violation occurs.

(2) Any person who violates any provision of this Act or of any rule, permit, license, or other order of the department or the department of water resources, or a county or a political subdivision exercising the authority granted in Section 6 of this Act within whose jurisdiction the violation occurs, which is not a requirement applicable to hazardous waste, is subject to a civil penalty of not less than \$100.00 nor more than \$2,000.00 for each act of violation and for each day of violation, as the court may deem proper, to be recovered in the manner provided in this Section 8. Any person who violates any requirement applicable to hazardous waste shall be subject to a civil penalty of not less than \$100.00 nor more than \$25,000.00 for each act of violation and for each day of violation, as the court may deem proper, to be recovered in the manner provided in this Section 8(a).

(3) Whenever it appears that a person has violated, or is violating or threatening to violate, any provision of this Act, or of any rule, permit, or other order of the department or the department of water resources, then the department or the department of water resources may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty as provided by this subsection, as the court may deem proper, or for both injunctive

relief and civil penalty. Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this Act or any rule, permit, or other order of the department or the department of water resources, the district court shall grant appropriate injunctive relief. At the request of the commissioner or the executive director, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty, as authorized in this subsection.

(4) Whenever it appears that a violation or threat of violation of any provision of this Act, or of any rule, permit, license, or other order of the department, the department of water resources, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, has occurred or is occurring within the jurisdiction of that county or political subdivision, the county or political subdivision, in the same manner as the department of water resources and the department, may cause a civil suit to be instituted in a district court through its own attorney for the injunctive relief or civil penalties, or both, as authorized in Subsection (3) of this section, against the person who committed, is committing, or is threatening to commit, the violation.

(5) Whenever it appears that a violation or threat of violation of any provision of this Act, or of any rule, permit, license, or other order of the department, the department of water resources, a county, or political subdivision exercising the authority granted in Section 6 of this Act, has occurred or is occurring within the area of the extraterritorial jurisdiction of an incorporated city or town, or is causing or will cause injury to or an adverse effect on the health, welfare or physical property of the city or town or its inhabitants, then the city or town, in the same manner as the department of water resources and the department, may cause a civil suit to be instituted in a district court through its own attorney for the injunctive relief or civil penalties, or both, as authorized in Subsection (3) of this section, against the person who committed, is committing, or is threatening to commit, the violation.

(6) A suit for injunctive relief or for recovery of a civil penalty, or for both injunctive relief and penalty, may be brought either in the county where the defendant resides or in the county where the violation or threat of violation occurs. In any suit brought to enjoin a violation or threat of violation of this Act or of any rule, permit, license or other order of the department of water resources, the department, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, the court may grant the governmental entity bringing the suit, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant, including temporary restraining orders after notice and hearing, temporary injunctions, and permanent injunctions.

(7) In a suit brought by a local government under Subsection (4) or (5) of this section, the department of water resources and the department are necessary and indispensable parties.

(8) Any party to a suit may appeal from a final judgment as in other civil cases.

(9) All civil penalties recovered in suits instituted under this Act by the State of Texas through the department of water resources or the department shall be paid to the General Revenue Fund of the State of Texas. All civil penalties recovered in suits first instituted by a local government or governments under this Act shall be equally divided between the State of Texas on the one hand and the local government or governments on the other, with 50 per cent of the recovery to be paid to the General Revenue Fund of the State of Texas and the other 50 per cent equally to the local government or governments first instituting the suit.

(b) Criminal Penalties. (1) Any person who knowingly:

(A) transports, or causes to be transported for storage, processing, or disposal, any hazardous waste to any location which does not have a permit as required by a state agency exercising jurisdiction under Section 4 of this Act;

(B) stores, processes, or disposes, or causes to be stored, processed, or disposed, any hazardous waste without having obtained a permit as required by a state agency exercising jurisdiction under Section 4 of this Act or in knowing violation of any material condition or requirement of a permit;

(C) makes, or causes to be made, any false material statement or representation in any application, label, manifest, record, report, permit, or other document filed, maintained, or used for purposes of compliance with any requirement of this Act applicable to hazardous waste; or

(D) generates, transports, stores, processes, or disposes of, or otherwise handles, or causes to be generated, transported, stored, processed, disposed of, or otherwise handled, any hazardous waste (whether such activity took place before or after the date of enactment of this section) and who knowingly destroys, alters, or conceals, or causes to be destroyed, altered, or concealed, any record required to be maintained under the rules promulgated by the state agency under this Act,

shall be subject, upon conviction, to a fine or not less than \$100.00 nor more than \$25,000.00 for each act of violation and each day of violation, or to imprisonment not to exceed 180 days, or both. If the conviction is for a violation committed after a first conviction of such person under this Section 8(b), punishment shall be by a fine of not less than \$200.00 nor more than \$50,000.00 for each day of violation, or by imprisonment not to exceed one year, or both.

(c) **Knowing Endangerment.** (1) Any person who knowingly:

(A) transports, processes, stores, or disposes of, or causes to be transported, processed, stored, or disposed of, any hazardous waste in violation of this Act and who knows at the time that he thereby places another person in imminent danger of death or serious bodily injury, and

(B)(i) if his conduct in the circumstances manifests an unjustified and inexcusable disregard for human life, or

(ii) if his conduct in the circumstances manifests an extreme indifference for human life,

shall be subject upon conviction to a fine of not more than \$250,000.00 or imprisonment for not more than two years, or both, except that a person that violates Subsections (c)(1)(A) and (c)(1)(B)(ii) of this section shall, upon conviction, be subject to a fine of not more than \$250,000.00 or imprisonment for not more than five years, or both. A person, other than an individual, shall upon conviction of violating this Section 8(c) be subject to a fine of not more than \$1,000,000.00.

(2) It is an affirmative defense to a prosecution under this subsection that the conduct charged was consented to by the person endangered and that the danger and conduct charged were reasonably foreseeable hazards of

(A) an occupation, a business, or a profession; or

(B) medical treatment or medical or scientific experimentation conducted by professionally approved methods,

if such endangered person had been made aware of the risks involved prior to giving consent.

(d) For purposes of Sections 8(b) and 8(c) of this Act, the term "person" means an individual, corporation, company, association, firm, partnership, joint stock company, foundation, institution, trust, society, union, or any other association of individuals.

(e) Venue for prosecution for any alleged violation of Subsections (b)(1) and (c)(1) of this Section 8 is in the county in which the violation is alleged to have occurred or in Travis County, Texas.

(f) All fines recovered under Sections 8(b) and 8(c) of this Act shall be equally divided between the State of Texas and the local government or governments first instituting the cause with 50 per cent of the recovery to be paid to the General Revenue Fund of the State of Texas and the other 50 per cent to be paid equally to the local government or governments instituting the cause, or as otherwise provided by this Act.

#### Appeals

Sec. 9. A person affected by any ruling, order, decision, or other act of the department or the department of water resources may appeal by filing a petition in a district court of Travis County. A

person affected by any ruling, order, decision, or other act of a county, or of a political subdivision exercising the authority granted in Section 6 of this Act, may appeal by filing a petition in a district court having jurisdiction in the county or political subdivision. The petition must be filed within 30 days after the date of the action, ruling, order, or decision of the governmental entity complained of. Service of citation must be accomplished within 30 days after the date the petition is filed. The plaintiff shall pursue his action with reasonable diligence. If the plaintiff does not prosecute his action within one year after the action is filed, the court shall presume that the action has been abandoned. The court shall dismiss the suit on a motion for dismissal made by the governmental entity whose action is appealed, unless the plaintiff, after receiving due notice, can show good and sufficient cause for the delay. In an appeal from an action by the department, the department of water resources, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, the issue is whether the action is invalid, arbitrary or unreasonable.

#### Cumulative Act

Sec. 10. This Act is cumulative of and supplemental to any other laws and parts of laws relating to the same subject and does not repeal those other laws or parts of laws. Nothing in this Act diminishes or limits, or is intended to diminish or limit, the authority of the department, the department of water resources, the Texas Air Control Board, or local governments in performing any of the powers, functions, and duties vested in those governmental entities by other laws.

#### Severability

Sec. 11. The provisions of this Act are severable. If any word, phrase, clause, sentence, section, provision or part of this Act should be held to be invalid or unconstitutional, it shall not affect the validity of the remaining portions, and it is hereby declared to be the legislative intent that this Act would have been passed as to the remaining portions, regardless of the invalidity of any part.

"On or before January 1, 1982, the Texas Department of Water Resources, the Texas Department of Health, and the Railroad

Commission of Texas shall execute a memorandum of understanding that specifies in detail these agencies' interpretation of the division of jurisdiction among the agencies over waste materials that result from or are related to activities associated with the exploration for and the development, production, and refining of oil or gas. The agencies shall amend the memorandum of understanding at any time that the agencies find it to be necessary."

Authority ..... 1973, ch. 315

### Art. 4477-7a. Solid Waste Resource Recovery Financing Act

#### Short Title

Sec. 1. This Act may be cited as the Solid Waste Resource Recovery Financing Act.

#### Policy

Sec. 2. (a) It is the policy of this state to safeguard the health, general welfare, and physical property of the people from pollution resulting from solid waste by encouraging the processing of solid waste for the purpose of extracting, converting to energy, or otherwise separating and preparing solid waste for reuse. The accomplishment of the purposes stated in this Act will further such policy and is for the health and welfare of the people of this state and for the improvement and protection of their properties. The issuer in carrying out the purposes of this Act will be performing an essential public function under the constitution.

(b) It is hereby determined by the legislature and also declared to be the policy of this state that the processing of solid waste for reuse is essential to the well-being and survival of its inhabitants and the protection of the environment and will be for the specific purpose of the conservation and development of the natural resources of the state within the meaning of Article XVI, Section 59(a), of the Texas Constitution through the prevention of further damage to or destruction of the environment resulting in further conservation and development of such natural resources and through the conservation of valuable material and energy resources which otherwise might be disposed of as solid waste. Nothing in this Act shall authorize any public agency to compel the burning of materials which are presorted to be recycled.

#### Definitions

Sec. 3. As used in this Act, unless the context requires a different definition:

**Authority of Issuer; Public Agency Contracts  
With Issuer**

Sec. 4. (a) Each issuer is authorized to acquire, construct, and improve or cause to be acquired, constructed, and improved solid waste resource recovery systems for lease or sale as provided below. The issuer is also authorized to acquire real property as deemed appropriate by the issuer for the solid waste resource recovery systems. Such solid waste resource recovery systems may be located upon property owned by the issuer or upon property of another person or persons. The issuer is authorized to enter into leases with persons whereby such persons shall lease any solid waste resource recovery systems of the issuer. The issuer is authorized to sell such solid waste resource recovery systems to any person or persons, including a person or persons using such systems, such sale to be by installment payments or otherwise and upon such conditions as the issuer deems desirable. Any lease or other sales contract entered into pursuant to this Act may be for such term as the parties may agree and shall provide that it shall continue in effect until the bonds specified therein or refunding bonds issued in lieu of such bonds are fully paid.

(b) Any public agency may contract with an issuer or with any person financing, acquiring, constructing, or improving a solid waste resource recovery system to sell, lease, or dedicate the use of any real property or any solid waste disposal facility or part thereof for use as a part of such solid waste resource recovery system on such terms as the public agency considers appropriate.

**Bonds and Bond Anticipation Notes**

Sec. 5. (a) Each issuer is empowered to issue its bonds, notes, or other evidences of indebtedness (hereinafter referred to as "bonds") payable from revenues of the issuer for the purpose of financing or refinancing the cost of acquiring, constructing, or improving or causing to be acquired, constructed, or improved solid waste resource recovery systems.

(b) The issuer may declare an emergency in the matter of funds not being available to pay principal of and interest on any bonds of the issuer or to meet any other needs of the issuer and may issue bond anticipation notes to borrow the money needed by the issuer. Bond anticipation notes may bear interest at any rate or rates, fixed, floating, or otherwise, and shall mature within one year of their

date. The bond anticipation notes so issued will be taken up with the proceeds of bonds, or the bonds may be issued and delivered in exchange for and in substitution of such notes.

(c) Such bonds shall be authorized by resolution of the governing body and shall have characteristics and bear such designation as may be determined by the governing body, provided that the designation of the bonds shall include the name or names of the person or persons guaranteeing the contractual obligations of the person or persons leasing or purchasing such solid waste resource recovery systems, or if the solid waste resource recovery systems are to be leased or purchased by a group of persons, the designation may state that a group of persons will be leasing or purchasing such solid waste resource recovery systems as therein provided. The bonds shall be signed by the presiding officer or the assistant presiding officer of the governing body, shall be attested by its secretary, and shall bear the seal of the issuer of the governing body. It is provided, however, that such signatures may be printed or lithographed on the bonds if authorized by the governing body, and such may be impressed on the bonds or may be printed or lithographed thereon. The issuer may adopt or use for any purpose the signature of any person who shall have been an officer, notwithstanding the fact that he may have ceased to be such officer at the time when bonds shall be delivered to a purchaser or purchasers. The bonds shall mature serially or otherwise in not to exceed 40 years, may bear interest at a rate or rates, fixed, floating, or otherwise, may be sold at public or private sale at a price or under terms determined by the governing body to be the most advantageous reasonably obtainable within the discretion of the governing body, may be made callable prior to maturity at such times and prices as may be prescribed by the governing body and may be in coupon form with or without provisions for registration as to principal or may be registrable as to both principal and interest.

(d) Such bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(e) The bonds of any issuer shall be payable solely from and secured by a pledge of all or any part of the revenues of the issuer derived from the lease or sale of solid waste resource recovery systems and in certain events out of amounts attributable to the proceeds of such bonds or amounts obtained through the exercise of any remedy provided in any resolution of the governing body or in any trust indenture or other instrument securing the bonds or notes in the manner specified in such resolution, trust indenture, or instrument. Any such pledge under this paragraph may reserve the right under conditions therein specified to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. Bonds issued for the purposes set out in this Act may be combined in the

same issue with bonds issued for other purposes authorized by law.

(f) It shall be the duty of the governing body to fix and from time to time revise payments under leases and contracts for sale of the solid waste resource recovery systems of the governing body in order that such payments together with any other pledged revenues will be sufficient to pay such bonds and the interest thereon as the same mature and become due and to maintain the reserve or other funds as provided in the resolutions authorizing such bonds or the trust indenture or other instruments securing such bonds. The governing body shall have the power to direct the investment of money in the funds created by such resolutions, trust indentures, or other instruments securing the bonds; provided, however, that the issuer in its discretion may delegate this power to its authorized agent.

(g) From the proceeds from the sale of the bonds, the governing body may set aside amounts for payments into the interest and sinking fund and reserve funds, and provisions for such may be made in the resolution authorizing the bonds or the trust indenture or other instrument securing the bonds. Proceeds from the sale of the bonds shall be used for the payment of all expenses of issuing and selling the bonds. The proceeds from the sale of the bonds shall be invested in the manner set forth in the resolution authorizing the bonds or notes or the trust indenture or other instrument securing the bonds. Any bank or trust company with trust powers may be designated to act as depository of the proceeds of bonds or of sales contract or lease revenues. Such bank or trust company shall furnish such indemnifying bonds or pledge such securities as may be required by the issuer to secure the deposits.

(h) The resolution authorizing the issuance of the bonds or the trust indenture or other instrument securing them may provide that in the event of a default or under the conditions therein stated a threatened default in the payment of principal or of interest on bonds any court of competent jurisdiction may, upon petition of the holders of outstanding bonds, appoint a receiver with authority to collect and receive pledged income, and such instruments may limit or qualify the rights of less than all of the holders of the outstanding bonds payable from the same source to institute or prosecute any litigation affecting the issuer's property or income.

(i) All such bonds shall be special obligations of the issuer payable solely from the revenues pledged to their payment and shall not be considered general obligations of the governing body, an issuer, or the State of Texas. The holder of the bonds shall never have the right to demand payment from money derived by taxation or any other revenues of the issuer except those revenues pledged to the payment of the bonds.

#### Refunding Bonds

Sec. 6. The governing body is authorized to issue refunding bonds for the purpose of refunding the principal of and interest and redemption premium, if any, on outstanding bonds authorized by this Act. Such refunding bonds may be issued to refund more than one series of outstanding bonds and combine the revenues pledged to the outstanding bonds for the security of the refunding bonds and may be secured by other or additional revenues and deed of trust liens. The provisions of this law with reference to the issuance by the governing body of bonds, their security, and their approval by the attorney general and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of, any redemption premium, and the interest on the original bonds to their option date or maturity date, and the comptroller shall register them without concurrent surrender and cancellation of the original bonds.

#### Additional Security

Sec. 7. Any bonds, including refunding bonds, authorized by this law may be additionally secured by a trust indenture under which the trustee may be a bank having trust powers situated either within or outside the State of Texas. Such bonds within the discretion of the governing body may be additionally secured by a mortgage or a deed of trust lien or security interest upon designated solid waste resource recovery systems and all property, franchises, easements, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such solid waste resource recovery systems for the payment of the indebtedness, power to operate such solid waste resource recovery systems, and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the mortgage or the deed of trust lien or security interest in the properties, may contain any provisions prescribed by the governing body for the security of the bonds and the preservation of the trust estate and may make provision for amendment or modification thereof, may condition the right to expend the issuer's money or sell the issuer's solid waste resource recovery systems as provided therein, and may make such other provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law. Any purchaser at a sale made under the mortgage or the deed of trust lien where one is given shall be the absolute owner of the solid waste resource recovery systems and rights so purchased. The trust indenture may also contain provisions governing the is-

suance of bonds to replace lost, stolen, or mutilated bonds.

#### Approval and Registration of Bonds and Contracts

Sec. 8. After any bonds, including refunding bonds, are authorized by the governing body, such bonds and the record relating to their issuance shall be submitted to the attorney general for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a lease or leases or a contract or contracts of sale theretofore made between the issuer and any person, such contracts may also be submitted to the attorney general. If such bonds have been authorized and if such contracts have been made in accordance with the constitution and laws of the State of Texas, he shall approve the bonds and such contracts, and the bonds then shall be registered by the comptroller of public accounts. After the bonds and the leases or other contracts of sale, if any, have been approved by the attorney general and the bonds registered by the comptroller of public accounts, such bonds and any such leases or contracts of sale shall be incontestable for any cause.

#### Bonds as Investments and Security

Sec. 9. All bonds issued pursuant to this Act shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

#### Contracts; Payments; Elections

Sec. 10. (a) All public agencies are authorized to enter into contracts with any person for the supply of solid waste, including contracts for the collection and transportation of solid waste, for disposal at any solid waste resource recovery system and may covenant and agree in such contracts to supply minimum quantities of solid waste and to pay minimum fees and charges for the right to have solid waste disposed of at such solid waste resource recovery system during the term of such contracts. Any such contract may continue in effect for such term of years as the governing body of the public agency shall determine is desirable.

(b) All public agencies are authorized to use and pledge any available revenues or resources whatsoever for and to the payment of amounts due under

such contracts as a source or sources of payment thereof or as the sole source or sources of payment thereof and may covenant with respect thereto so as to assure the availability thereof when required. All public agencies may agree to make sufficient provision in their annual budgets to make all payments under such contracts. In addition, all public agencies are authorized to fix, charge, and collect fees, rates, charges, rentals, and other amounts for any services or facilities provided pursuant to or in connection with any such contract from their inhabitants or from any users or beneficiaries of such services or facilities, including specifically water charges, sewage charges, solid waste disposal fees and charges (including garbage collection or handling fees), and other fees and charges and to use and pledge same to make payments required under such contract and may covenant to do so in amounts sufficient to make all or any part of such payments when due. Further, any public agency having taxing power, which at the time of entering into any such contract is using its general funds (including its tax revenues) for the purpose of paying all or a part of the costs of providing solid waste collection, transportation, and disposal services, may determine, agree, and pledge that such contracts may be an obligation against the taxing power of the public agency; provided that no person shall be entitled to demand payment from taxes during any period unless during such period the contracting person is willing and able to receive and dispose of solid waste as provided in the contract.

(c) Notwithstanding the foregoing, if a public agency having taxing power holds an election substantially according to the applicable provisions of Chapter 1, Title 22, Revised Civil Statutes of Texas, 1925, as amended,<sup>1</sup> relating to the issuance of bonds of cities, and it is determined by a favorable vote at such election that the public agency is authorized to levy an ad valorem tax to make all or a part of the payments under a contract with a person and that such payments are to be made unconditionally even though the contracting person is not willing and able to receive and dispose of solid waste as provided in the contract, then the contract shall be an obligation against the taxing power of the public agency to the extent provided. The ballot proposition for any election held pursuant to this subsection shall plainly state that ad valorem tax funds may be used to make contract payments if, because of mechanical failure of the facility financed by such bonds or other reasons, the contractor is unable to receive or dispose of solid waste.

<sup>1</sup> Article 701 et seq.

#### Performance and Payment Bonds; Terms of Contracts; Procedures in Letting Contracts

Sec. 11. The provisions of Article 5160, Revised Civil Statutes of Texas, 1925, as amended, relating to performance and payment bonds, shall apply to construction contracts entered into by an issuer. An issuer may contract for the acquisition, construction, and improvement of any solid waste re-

source recovery system upon such terms and under such conditions as the governing body deems appropriate, including without limitation a contract pursuant to which a person agrees to perform and supply or cause to be performed and supplied all services and materials required in connection with the design, construction, and placing into operation of such solid waste resource recovery system; provided, however, that as to any such contract, notice of the time and place when and where such contract shall be let shall be published in a newspaper of general circulation within the boundaries of the issuer once a week for two consecutive weeks prior to the time set for letting such contract, the date of the first publication to be at least 14 days prior to the date set for letting said contract, and competitive proposals received in response to such notice will be analyzed and the contract shall be let to the responsible party making the proposal which will be most advantageous to the issuer and result in the best and most economical completion of the solid waste resource recovery system.

#### Taxation

Sec. 12. Bonds issued hereunder and their transfer and the income therefrom shall at all times be free from taxation within this state. Any solid waste resource recovery systems that are the subject of any contract for purchase or lease under this Act shall be construed to be subject to ad valorem taxation payable by the person contracting with the issuer in accordance with the laws of this state. Items purchased or leased as part of a solid waste resource recovery system are subject to all applicable state taxation.

#### Certain Actions Accomplished at Sole Expense of Issuer

Sec. 13. In the event any issuer in the exercise of the power of relocation or any other power makes necessary the relocation, raising, lowering, rerouting, or changing the grade of or altering the construction of any highway, railroad, electric transmission line, telegraph or telephone properties and facilities, or pipelines, all such necessary relocation, raising, lowering, rerouting, changing of grade, or alteration of construction shall be accomplished at the sole expense of the issuer, and such expense shall be paid from the proceeds of any bonds issued to finance solid waste resource recovery systems, the installation of which results in such expense. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or changing the grade of or alteration of construction to provide comparable replacement without enhancement of such facilities; after deducting therefrom the net salvage value derived from the old facility.

#### Construction With Other Laws

Sec. 14. Nothing in this Act diminishes or limits or is intended to diminish or limit the authority of the Texas Department of Water Resources, the

Texas Department of Health, or local governments in the performing of any of the powers, functions, and duties vested in such entities by other laws. The Solid Waste Disposal Act, as amended (Article 4477-7, Vernon's Texas Civil Statutes), shall be enforced without regard to ownership of any solid waste resource recovery systems financed under this Act.

#### Remedies Available; Rules and Regulations

Sec. 15. (a) Nothing in this Act affects the right of any private person to pursue against a person contracting with an issuer pursuant to this Act all common law remedies available to abate a condition of pollution or other nuisance or recover damages therefor or both. No person contracting with an issuer for the purchase or lease of solid waste resource recovery systems shall ever be entitled to urge the defense of sovereign immunity by reason of the ownership of such solid waste resource recovery systems by an issuer.

(b) Notwithstanding the provisions of this section, it is further provided that nothing in this Act shall in any way limit or diminish the power and authority of the Texas Department of Water Resources, the Texas Department of Health, or a local government to enact and enforce rules and regulations to carry out other duties authorized by the Solid Waste Disposal Act, as amended (Article 4477-7, Vernon's Texas Civil Statutes).

#### Industrial Development Corporations

Sec. 16. A public agency which has entered into a contract pursuant to Section 10 of this Act may sponsor the creation of an industrial development corporation pursuant to the provisions of The Development Corporation Act of 1979 (Article 5190.6, Vernon's Texas Civil Statutes), and such an industrial development corporation may, pursuant to the provisions of such Act, issue its bonds, notes, or other evidences of indebtedness to finance the costs of any solid waste resource recovery system contemplated under such contract whether such system is located within or without the boundaries of such public agency.

#### Cumulative Act; Conflicts With Other Laws

Sec. 17. This Act shall be cumulative of all other law on the subject, but this Act shall be wholly sufficient authority within itself for the issuance of the bonds, the execution of the contracts, the performance of the other acts and procedures, and the pledge of revenues authorized hereby, without reference to any other general or special laws or specific acts or any restrictions or limitations contained therein, except as herein specifically provided; and in any case, to the extent of any conflict or inconsistency between any provision of this Act and any other provision of law (including any home-rule city charter provisions), this Act shall prevail and control; provided, however, that all issuers and public agencies shall have the right to use any other

provisions of law not in conflict with the provisions of this Act to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this Act.

#### Constitutional Construction and Acts

Sec. 18. Nothing in this Act shall be construed to violate any provision of the United States or state constitutions, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not.

#### Severability

Sec. 19. The provisions of this Act are severable. If any word, phrase, clause, paragraph, sentence, section, part, or provision of this Act or the application thereof to any person or circumstances shall be held to be invalid or unconstitutional, the remainder of this Act shall nevertheless be valid; and the legislature hereby declares that the Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, section, part, or provision.

- (1) "City" means an incorporated city or town.
- (2) "Garbage reclamation project" means an undertaking by which solid waste products are converted into a form usable by persons for the production of energy or any other purpose.

##### Authority to Own and Operate

Sec. 2. A city may own and operate a garbage reclamation project.

##### Issuance of Bonds

Sec. 3. If necessary for a city to carry out the authority granted by Section 2 of this Act, the governing body of the city may issue and sell bonds in the name of the city to finance:

- (1) from the levy and collection of ad valorem taxes on all taxable property within the city;

- (2) by pledging all or any part of designated revenues from the ownership or operation of the garbage reclamation project; or

- (3) from a combination of the sources listed in Subdivisions (1) and (2) of this section.

##### Additional Security for Bonds

Sec. 5. (a) The bonds may be additionally secured by a deed of trust or mortgage lien on part or all of the physical properties of the garbage reclamation project and rights appurtenant to the properties, vesting in the trustee power to sell the properties for payment of the indebtedness, power to operate the properties, and all other powers necessary for the further security of the bonds.

(b) The trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the governing body of the city for the security of the bonds and the preservation of the trust estate and may make provisions for amendment or modification and may make provisions for investment of revenue from the garbage reclamation project.

(c) A purchaser under a sale under the deed of trust or mortgage lien becomes absolute owner of the properties and rights purchased and may maintain and operate them.

##### Bond Election

Sec. 6. (a) The governing body of the city may not issue the bonds until authorized to do so by a majority vote of the qualified voters of the city at an election called for that purpose.

(b) Except as provided by this Act, the election shall be held, to the extent practicable, in accordance with the bond election procedures established by Chapter 1, Title 22, Revised Statutes, as amended (Article 701 et seq., Vernon's Texas Civil Statutes).

(c) At an election to authorize bonds payable wholly from ad valorem taxes, the ballots must be printed to provide for voting for or against the proposition: "The issuance of bonds for a garbage reclamation project in the amount of \$\_\_\_\_\_ and the levy of taxes for payment of the bonds." At an election to authorize bonds payable wholly from revenues from the garbage reclamation project, the ballots must be printed to provide for voting for or against the proposition: "The issuance of bonds for a garbage reclamation project in the amount of \$\_\_\_\_\_ and the pledge of net revenues from the project for the payment of the bonds." At any election to authorize bonds payable from both ad valorem taxes and revenues from the garbage reclamation project, the ballots must be printed to provide for voting for or against the proposition: "The issuance of bonds for a garbage reclamation project in the amount of \$\_\_\_\_\_ and the pledge of net revenues and the levy of ad valorem taxes adequate to provide for the payment of the bonds."

**Form of Bonds**

Sec. 7. (a) A city may issue its bonds in various series or issues.

(b) Bonds may mature serially or otherwise not more than 40 years from their date and shall bear interest at any rate permitted by the constitution and laws of the state.

(c) A city's bonds and interest coupons, if any, are investment securities under the terms of Chapter 8 of the Business & Commerce Code and may be issued registrable as to principal or as to both principal and interest and may be made redeemable before maturity, at the option of the city, or may contain a mandatory redemption provision.

(d) A city's bonds may be issued in the form, denominations, and manner and under the terms, conditions, and details and shall be signed and executed as provided by the governing body of the city in the resolution or order authorizing their issuance.

**Provisions of Bonds**

Sec. 8. (a) In the orders or resolutions authorizing the issuance of bonds, including refunding bonds, the governing body of the city may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund, the reserve fund, and other funds and may make additional covenants with respect to the bonds, the pledged revenues, and the operation and maintenance of the garbage reclamation project, the revenue of which is pledged.

(b) The orders or resolutions of the governing body of the city authorizing the issuance of bonds may also prohibit the further issuance of bonds or other obligations payable from the pledged revenue or may reserve the right to issue additional bonds to be secured by a pledge of and payable from the revenue on a parity with or subordinate to the lien and pledge in support of the bonds being issued.

(c) The orders or resolutions of the governing body of the city issuing bonds may contain other provisions and covenants as the governing body may determine.

(d) The governing body of the city may adopt and have executed any other proceedings or instruments necessary and convenient in the issuance of bonds.

**Approval by Attorney General; Registration by Comptroller**

Sec. 9. (a) The bonds issued by the city must be submitted to the attorney general for examination.

(b) If the attorney general finds that the bonds have been authorized in accordance with law, he shall approve them, and they shall be registered by the comptroller of public accounts.

(c) After the approval and registration of bonds, the bonds are incontestable in any court or other forum, for any reason, and are valid and binding

obligations in accordance with their terms for all purposes.

**Refunding Bonds**

Sec. 10. (a) A city may issue bonds to refund all or any part of its outstanding bonds issued under this Act, including matured but unpaid interest coupons.

(b) Refunding bonds shall mature serially or otherwise not more than 40 years from their date and shall bear interest at any rate or rates permitted by the constitution and laws of the state.

(e) The orders or resolutions authorizing the issuance of the refunding bonds may provide that they be sold and the proceeds deposited in the place or places at which the bonds being refunded are payable, in which case the refunding bonds may be issued before the cancellation of the bonds being refunded. If refunding bonds are issued before cancellation of the other bonds, an amount sufficient to pay the principal of and interest on the bonds being refunded to their maturity dates or to their option dates if the bonds have been duly called for payment prior to maturity according to their terms shall be deposited in the place or places at which the bonds being refunded are payable. The comptroller shall register the refunding bonds without the surrender and cancellation of bonds being refunded.

(f) A refunding may be accomplished in one or in several installment deliveries. Refunding bonds and their interest coupons are investment securities under Chapter 8 of the Business & Commerce Code.

(g) In lieu of the method set forth in Subsections (a) through (f) of this section, a city may refund bonds, notes, or other obligations as provided by the general laws of the state.

#### Tax Status of Bonds

Sec. 13. Since the operation of a garbage reclamation project is an essential public function, the bonds issued by the city, any transaction relating to the bonds, and profits made in the sale of the bonds are free from taxation by the state or by any city, county, special district, or other political subdivision of the state.

#### Levy of Taxes

Sec. 14. (a) The governing body of the city may annually levy ad valorem taxes to pay the bonds issued by the city under this Act.

### Art. 4477-7c. Comprehensive Municipal Solid Waste Management, Resource Recovery, and Conservation Act

#### Title

Sec. 1. This Act may be cited as the Comprehensive Municipal Solid Waste Management, Resource Recovery, and Conservation Act.

#### Policy

Sec. 2. It is the policy of this state to safeguard the health, general welfare, and physical property of the people and to protect the environment by encouraging the reduction in solid waste generation and the proper management of solid waste, including disposal and processing to extract usable materials or energy. Encouraging a cooperative effort among federal, state, and local governments and private enterprise, in order to accomplish the purposes of this Act, will further that policy.

#### Findings

Sec. 3. The legislature finds that:

(1) the growth of the state's economy and population has resulted in an increase in discarded materials;

(2) the improper management of solid waste creates hazards to the public health, can cause air and

water pollution, creates public nuisances, and causes a blight on the landscape;

(3) there is increasing public opposition to the location of solid waste land disposal facilities;

(4) because some communities lack sufficient financial resources, there are municipal solid waste land disposal sites in the state being improperly operated and maintained, causing potential health problems to nearby residents, attracting vectors, and creating conditions that destroy the beauty and quality of our environment;

(5) often, operational deficiencies occur at rural solid waste land disposal sites operated by local governments that do not have the funds, personnel, equipment, and technical expertise to properly operate a disposal system;

(6) many smaller communities and rural residents have no organized solid waste collection and disposal system, resulting in the dumping of garbage and trash along the roadside, in roadside parks, and at illegal dump sites;

(7) combining two or more small, inefficient operations into local, regional, or countywide systems may provide a more economical, efficient, and safe means for the collection and disposal of solid waste and will offer greater opportunities for future resource recovery;

(8) there are private operators of municipal solid waste management systems with whom persons can contract or franchise their services, and many of these private operators possess the management expertise, qualified personnel, and specialized equipment for the safe collection, handling, and disposal of solid waste;

(9) there are existing technologies to separate usable material from solid waste and to convert solid waste to energy and it will benefit this state to work in cooperation with private business, nonprofit organizations, and public agencies who have acquired knowledge, expertise, and technology in the fields of energy production and the recycling, reuse, reclamation, and collection of materials;

(10) the opportunity for resource recovery is diminished unless local governments can exercise control over solid waste and can enter into long-term contracts to supply solid waste to resource recovery systems or to operate those systems; and

(11) the control of collection and disposal of solid waste should continue to be the responsibility of local governments and public agencies, but the problems of solid waste management have become a matter of state concern and require state financial assistance to plan and implement solid waste management practices that encourage the safe disposal of solid waste and the recovery of material and energy resources from solid waste.

**Construction of Act; Exemptions**

Sec. 4. (a) This Act shall not be construed to displace, prohibit, preclude, or limit persons from extracting or using materials they generate or legally collect or acquire for purposes of recycling or resale.

(b) Materials that are separated from solid waste or recovered from solid waste for reuse or recycling by the generator, by a private person under contract with the generator, or by a collector of solid waste or recovered materials are not subject to this Act.

#### Regional and Local Solid Waste Management Plans

Sec. 7. (a) The board shall adopt rules for the implementation of this section, including but not limited to procedures for review of regional and local solid waste management plans and criteria for approval of regional and local solid waste management plans.

(b) A planning region may develop a regional solid waste management plan that must conform to the requirements of the state solid waste management plan. A regional solid waste management plan may be submitted to the department for review. If the department determines that a regional solid waste management plan conforms to the requirements adopted by the board, the department shall submit the regional solid waste management plan to the board for approval. A regional solid waste management plan approved by the board shall be adopted by rule in accordance with the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(c) A local government may develop a local solid waste management plan that must conform to the requirements of a regional solid waste management plan for the region encompassing the jurisdiction of the local government which has been adopted by rule in accordance with Subsection (b) of this section. If there is no adopted regional solid waste management plan, the local solid waste management plan must conform to the state solid waste

management plan. A local solid waste management plan may be submitted to the department for review. If the department determines that a local solid waste management plan conforms to the requirements adopted by the board, the department shall submit the local solid waste management plan to the board for approval. A local plan approved by the board shall be adopted by rule in accordance with the Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

(d) If a regional or local solid waste management plan is adopted by rule of the board, public and private solid waste management activities and state regulatory activities must conform to the adopted regional or local solid waste management plan. Under procedures and criteria adopted by the board, the department may grant a variance from an adopted regional or local solid waste management plan.

(e) A regional or local solid waste management plan must be the result of a planning process that is related to proper management of solid waste in the planning area under consideration and that identifies problems and collects and evaluates data necessary to provide a written public statement of goals, objectives, and recommended actions intended to accomplish those goals and objectives. A regional solid waste management plan must consider the entire area within an identified planning region. A local solid waste management plan must consider all the area within the jurisdiction of one or more local governments but may not include an entire planning region.

(f) In order to develop programs to implement regional or local solid waste management plans or other solid waste management alternatives, to include resource recovery, under this Act, a study must be made to determine their feasibility and acceptance. This study shall normally be conducted in three phases: a screening study, a feasibility study, and an implementation study. Public agencies that have conducted any or portions of one or more phases may qualify for assistance to accomplish other phases or portions of phases. After each phase, a determination will be made by the governing body as to whether to proceed to the next phase.

(g) A screening study provides a survey and assessment of the various factors impacting the suitability of resource recovery or other solid waste management systems with the scope and detail needed to make an initial determination as to whether resource recovery or the other solid waste management systems are potentially successful alternatives to existing systems. The survey and assessment should include:

(1) the amount and characteristics of waste available;

(2) the suitability and economics of existing solid waste management systems;

(3) institutional factors impacting potential alternatives;

(4) technologies available;

(5) identification of potential material and energy markets;

(6) economics of alternative systems; and

(7) interest of the local citizenry in available alternatives.

(h) A feasibility study provides an evaluation of alternatives that:

(1) identifies current solid waste management practices and costs;

(2) analyzes the waste stream and its availability by composition and quantity;

(3) identifies potential markets and obtains statements of interest for recovered materials and energy;

(4) identifies and evaluates alternative solid waste management systems;

(5) provides an assessment of potential impacts of alternatives in terms of their public health, physical, social, economic, fiscal, environmental, and aesthetic implications;

(6) conducts and evaluates results of public hearings or surveys of local citizen opinions; and

(7) makes recommendations on alternatives for further considerations.

(i) An implementation study provides a recommended course of action for a public agency. An implementation study:

(1) provides for the collection and analysis of data;

(2) identifies and characterizes solid waste problems and issues;

(3) determines waste stream composition and quantity;

(4) identifies and analyzes alternatives;

(5) evaluates risk elements of alternatives;

(6) identifies and solidifies markets;

(7) makes site analyses;

(8) evaluates financing options and recommends preferred methods of financing;

(9) evaluates the application of resource recovery technologies;

(10) identifies and discusses potential impacts of alternative systems;

(11) provides for public participation and recommends preferred alternatives; and

(12) provides for implementation.

(j) A study may not include final design and working drawings of any request for proposals for project facilities or operations.

**Municipal Solid Waste Management Planning Fund**

Sec. 8. (a) The municipal solid waste management planning fund is created as a special fund in the state treasury, and money provided by legislative appropriation and money received from other sources, including money received under contracts or agreements entered into under Section 14 of this Act, must be deposited in the state treasury to the credit of the planning fund.

(b) The department shall use the planning fund to provide financial assistance to local governments and planning regions for the development of regional and local solid waste management plans and to public agencies and planning regions for the preparation of screening, feasibility, and implementation studies.

(c) The planning fund may not be used for preparation of final design and working drawings, construction, acquisition of land or an interest in land, or payment for recovered resources.

(d) The commissioner shall administer the financial assistance program and the planning fund under direction of the board.

(e) An applicant for financial assistance from the planning fund must agree to comply with the state solid waste management plan, the department's municipal solid waste management regulations, and other requirements adopted by the board.

(f) At least 90 percent of the total amount of money appropriated to the department for the planning fund must be used to provide financial assistance, and not more than 10 percent of the total funds appropriated to the department for the planning fund may be used to administer the financial assistance program and the planning fund and to pay the expenses of the advisory council.

(g) The department may not authorize release of funds under an application for financial assistance until the applicant has furnished to the department a resolution adopted by the governing body of each public agency or planning region that is a party to the application certifying:

(1) that the applicant will comply with the provisions of the financial assistance program and the requirements of the department;

(2) that the funds will be used only for the purposes for which they are provided; and

(3) that regional or local solid waste management plans or studies developed with the financial assistance will be adopted by the governing body as its policy and that future municipal solid waste management activities will, insofar as reasonably feasible, conform to the plan.

(h) Financial assistance provided by the department to any public agency or planning region under this section must be matched at least equally by funds provided by the recipient.

(i) The board shall adopt rules for the use and distribution to public agencies and planning regions of money in the planning fund.

(j) The order of priority to be given to applicants in receiving financial assistance must be determined by:

(1) the need to initiate or improve the solid waste management program in the applicant's jurisdiction;

(2) the needs of the state;

(3) the financial need of the applicant; and

(4) the degree the proposed program will result in improvements that meet the requirements of the state, regional, and local solid waste management plans.

(k) The department may approve an application that is consistent with the rules adopted under Subsection (j) of this section and that the department finds requires state financial participation in the public interest.

The contract may be upon such terms and for such periods of time as the parties may agree and may provide that it will remain in effect until any bonds issued or to be issued by the county, and any bonds which may be issued to refund the same, are paid; the contract may contain provisions to assure equitable treatment of parties who contract with the county for solid waste collection, transportation, handling, storage, or disposal services from all or any part of the same solid waste disposal system; shall provide the method of determining the amounts to be paid by the public agency to the county; may provide for the sale or lease to or use of by the county of any solid waste disposal system or any part thereof at the time owned or to be acquired by the public agency; may provide that the county shall operate any solid waste disposal system or part thereof at the time owned or to be acquired by the public agency; may provide that the public agency shall have the right to continued performance of such services after the amortization of the county's investment in the disposal system during the useful life thereof upon payments of reasonable charges therefor, reduced to take into consideration such amortization; and may contain such other provisions and requirements as the county and the public agency may determine to be appropriate or necessary. Payments to be made under the contract by the public agency may also be made from the revenues of the public agency's water, sewer, electric, gas, or any combination of utility systems, but in such event shall be subordinate to amounts required to be paid from the revenues of such system or systems for principal of and interest on bonds of the public agency which are outstanding at the time of the making of the contract and which are payable from such revenues unless the ordinance or resolution authorizing such outstanding bonds of the public agency expressly reserves the right to accord such contract payments a position of parity with, or a priority over, such public agency's bond requirements. Unless the alternative procedure prescribed in Section 8 is followed, neither the county nor a holder of any bonds of the county shall have the right to demand payment of the public agency's obligation out of any funds raised or to be raised by taxation. If the alternative procedure prescribed in Section 8 is followed, payments under the contract may be payable from and constitute solely an obligation against the taxing powers of the public agency or may be payable both from taxes and from such revenues as may be prescribed in the contract.

Sec. 8. (a) If an election is held substantially according to applicable procedure prescribed in Chapter 1, Title 22, Revised Civil Statutes of Texas, as amended,<sup>1</sup> in reference to the issuance of bonds by cities, by a public agency having taxing powers, and in such election it is determined that the governing body of the public agency is authorized to levy an ad valorem tax to pay all or a portion of the payments to be made by the public agency under a contract between the public agency and a county to be authorized by the governing body of the public agency, the contract, in such event, will constitute an obligation against the taxing power of the public agency to the extent therein provided. No election is required for the exercise of any power conferred by this Act except for the levy of such tax.

(b) Only qualified electors of the public agency shall be entitled to vote at such election. Except as otherwise provided in this section and in said Chapter 1, Title 22, the general election code<sup>2</sup> shall govern such election.

<sup>1</sup> Article 701 et seq.

<sup>2</sup> Election Code, art. 1.01 et seq.

**Payments by Public Agency to County from Solid Waste Disposal Fund; Adjustment of Rates for Adequate Revenue**

Sec. 9. Whenever a public agency shall have executed a contract with a county under this Act and the payments thereunder are to be made either wholly or partly from the revenues of the public

agency's solid waste disposal fund, the duty is hereby imposed on the public agency to establish and maintain and from time to time to adjust the rates charged by the public agency to the end that the revenues therefrom, together with any taxes levied in support thereof, will be sufficient at all times to pay the expense of operating and maintaining such service or system, all of the public agency's obligations to the county under the contract, and all of the public agency's obligations under and in connection with bonds theretofore issued, or which may be issued thereafter, secured by revenues of such service or system. The contract may require the use of consulting engineers and financial experts to advise the public agency whether and when such rates are to be adjusted.

**Rendering of Disposal Services Concurrently to More Than One Person; Contracts; Allocation of Cost**

Sec. 10. Any contract or group of contracts under this Act may provide for services to be rendered concurrently by the county to more than one person relating to the construction or operation of all or any part of a solid waste disposal system and provide that the cost of such services shall be allocated among the several persons as determined in the contract or group of contracts.

**Bonds; Pledge of Revenues from Contracts**

Sec. 11. For the purpose of acquiring, constructing, improving, enlarging, extending, and repairing all or any part of a solid waste disposal system or systems, a county is authorized to issue bonds payable from and secured by a pledge of all or any part of the revenues to accrue under any contract or contracts made under this Act and from any other income pledged by the county. Said bonds shall constitute investment securities governed by Chapter Eight, Uniform Commercial Code,<sup>1</sup> and shall be in such form and denomination and shall bear such rate or rates of interest as are prescribed by the governing body of the county. A county is likewise authorized to refund any bonds issued under this Act upon such terms and conditions and bearing such rate or rates of interest as the governing body may prescribe. Said bonds may be sold at such price or prices and upon the terms determined by the governing body of the county at public or private sale or may be exchanged for property of any kind, real, personal, or mixed, or any interest therein deemed by the governing body of the county to be necessary or convenient to the purposes authorized by this Act. Pending the issuance of definitive bonds, a county may issue negotiable interim bonds or obligations eligible for exchange or substitution by use of definitive bonds.

<sup>1</sup> Business and Commerce Code, § 8.101 et seq.

**Collection of Rates and Charges to Maintain Adequate Revenue; Allocation of Bond Proceeds**

Sec. 12. While any such bonds are outstanding, it shall be the duty of the governing body of the county to fix, maintain, and collect rates and

charges for services furnished or made available by the solid waste disposal system adequate to pay maintenance and operation costs of and expenses allocable to the solid waste disposal system and the principal of and interest on such bonds and to provide and maintain the funds created by the resolution authorizing the bonds. Interest to accrue on the bonds, administrative expenses to estimated date when the solid waste disposal system will become revenue producing, and reserve funds created by the resolution authorizing the bonds may be set aside out of bond proceeds.

**Establishment of Disposal Service as a Utility; Use of Service; Fees; Enforcement of Collection**

Sec. 13. Any public agency or any county may offer solid waste disposal service to persons within its boundaries, may require the use of such service by any or all such persons, may charge fees therefor, and may establish said service as a utility separate from other utilities within its boundaries. To aid in enforcing collection of fees for such solid waste disposal service, any public agency or county may suspend service from any or all other utilities owned or operated by it to any person who may become delinquent in payment of solid waste disposal service fees until such delinquency has been paid in full.

**Approval of Bonds and Contracts; Registration; Validation**

Sec. 14. After any bonds are authorized to be issued by a county pursuant to the powers provided in this Act, such bonds and the record relating to their issuance may be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by pledge of the proceeds of a contract or contracts between the county and a public agency, a copy of such contract and the proceedings of the public agency authorizing same may also be submitted to the Attorney General. If the Attorney General finds that such bonds have been authorized and the contracts have been made in accordance with the Constitution and laws of the State of Texas, he shall approve the bonds and such contracts; and the bonds shall be registered by the Comptroller of Public Accounts. Thereafter, the bonds and contracts, if any, shall be valid and binding and shall be incontestable for any cause. In lieu of, or in addition to, such approval by the Attorney General, the board of directors of the district may have any such bonds validated by suit in the District Court in the manner and with the effect provided in Chapter 316, Acts of the 56th Legislature.<sup>1</sup> The interest rate and sale price of the bonds need not be fixed until after the termination of the validation proceedings or suit. If the proposed bonds recite that they are secured by the proceeds of a contract or contracts made by the district and one or more public agencies, the petition shall so allege; and the notice of the suit shall mention such allegation and each public agency's fund or revenues from which such

contract or contracts are payable. Such suit shall be in the nature of a proceeding in rem. The judgment shall be res adjudicata as to the validity of such bonds and any such contract or contracts and the pledge of revenues thereof.

<sup>1</sup> Article 717m.

**Investment of Bond Proceeds**

Sec. 15. Proceeds from the sale of bonds may be invested, pending their use, in such securities or time deposits as are specified in the resolution authorizing the issuance of the bonds or the trust indenture securing them; and the earnings on such investments may be applied as provided in such resolution or trust indenture.

**Bonds as Legal Investments and Security for Deposits**

Sec. 16. All bonds issued under this Act shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, school districts, or any other political corporation or subdivision of the State of Texas. Such bonds shall be eligible to secure the deposits of any and all public funds of the State of Texas and of any political subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value when accompanied by all unmatured coupons appurtenant thereto.

**Relocation of Highways, Railroads, or Utility Facilities at County Expense**

Sec. 17. In the event that any county, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telegraph or telephone properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the county. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

**Regulations; Ordinances; Guidelines; Adoption Procedures**

Sec. 18. (a) Subject to the limitation prescribed in Subsection (a), Section 5, Solid Waste Disposal Act,<sup>1</sup> a county, acting through its commissioners court, may make regulations for the areas of the county not within the territorial limits or extraterritorial jurisdiction of incorporated cities and towns to provide for governing and controlling solid waste

collection, handling, storage, and disposal. The regulations shall not authorize any activity, method of operation, or procedure which is prohibited by the Solid Waste Disposal Act or by the rules and regulations of the State Department of Health or the Texas Water Quality Board or the board. The county shall not, in its regulations, under the licensing power granted in the Solid Waste Disposal Act, or otherwise, impose any unreasonable requirements on the disposal of such solid waste in the county, not warranted by the circumstances. The county may prohibit the disposal of any solid waste within the county if the disposal of the solid waste is a threat to the public health, safety, and welfare. The county may institute legal proceedings to enforce its regulations.

(b) To prohibit the disposal of solid waste within the county, the commissioners court must adopt an ordinance in the general form as prescribed for municipal ordinances specifically designating the area of the county in which the disposal of solid waste shall not be prohibited, unless such county has adopted solid waste disposal guidelines approved by the State Department of Health.

(c) The ordinance required in Subsection (b) of this section may be passed on first reading; however, such proposed ordinance must be published in a newspaper of general circulation in the county for two consecutive weeks before such proposed ordinance is taken up by the Commissioners court, and such publication shall contain:

(1) a statement of the time, place, and date such proposed ordinance shall be considered by the commissioners court, and

(2) notice that any interested citizen of the county may testify at such hearing.

(d) A public hearing shall be had on the proposed ordinance before it is considered by the commissioners court, and any interested citizen of the county shall be allowed to testify.

All acts and proceedings of the governing bodies of any county or any public agency heretofore accomplished in the authorization and execution of solid waste disposal contracts as contemplated by said Chapter 854 as well as the terms and provisions of said contracts themselves are hereby ratified, approved, confirmed, and validated in all respects as of the respective dates thereof with the parties thereto bound accordingly until the terms and provisions of said contracts are lawfully changed by mutual consent of the parties thereto. All bonds authorized and issued by any district as contemplated by said Chapter 854 are also hereby ratified, approved, confirmed, and validated. Notwithstanding the foregoing provisions of this section, nothing herein shall validate any contract or any bonds now involved in litigation questioning the validity thereof if the question is ultimately determined against the validity thereof.

"Sec. 24. The Legislature hereby declares that it would have passed the valid portions of this Act irrespective of the fact that any one or more portions be declared unconstitutional."

(Public Law 89-285)<sup>1</sup> to the extent that it is implemented by Congress. This article is conditioned on the provisions of that law. The legislature declares that to promote the health, safety, welfare, morals, convenience, and enjoyment of the traveling public and to protect the public investment in the interstate and primary highway systems, it is necessary to regulate the erection and maintenance of outdoor advertising and the establishment, operation, and maintenance of junkyards and automobile graveyards in areas adjacent to the interstate and primary systems. The legislature considers that the landscaping and developing of recreational areas, acquisition of interests in and improvement of strips of land within, adjacent to, or within view of the interstate or primary system, which are necessary for the restoration, preservation, and enhancement of scenic beauty, and developing publicly owned and controlled rest and sanitary facilities within or adjacent to highway rights-of-way are means of protecting and providing for the general welfare of the traveling public and promoting the safety of citizens using the highways of this state.

Sec. 4.08. (a) A person commits an offense if that person establishes, operates, or maintains a junkyard or automobile graveyard if any portion of it is within 1,000 feet of the nearest edge of a right-of-way of the interstate or primary system, except:

(1) a junkyard or automobile graveyard screened by natural objects, plantings, fences, or other appropriate means so that it is not visible from the main-traveled way of the interstate or primary system; or

(2) a junkyard or automobile graveyard located in an area that is a zoned or unzoned industrial area.

(b) The determination of whether an area is to be designated industrial shall be based on actual land use under criteria established by rules of the commission.

(c) The commission may screen with natural objects, plantings, fences, or other appropriate means, a lawfully existing junkyard or automobile graveyard if the junkyard or automobile graveyard is within 1,000 feet of the nearest edge of a right-of-way of the interstate or primary system. The commission may acquire an area outside of a highway right-of-way so that a junkyard or automobile graveyard may be screened from the main-traveled way of the interstate or primary system.

(d) The commission may adopt rules governing the location, planting, construction, and maintenance of the materials used in screening junkyards and automobile graveyards.

(e) If the commission determines that screening a junkyard or automobile graveyard is not feasible, the commission shall pay just compensation to:

(1) the owner of the junkyard or automobile graveyard for its relocation, removal, or disposal; and

(2) the owner or, if appropriate, the lessee of the real property on which the junkyard or automobile graveyard is located for the taking of the right to erect and maintain a junkyard or automobile graveyard.

(f) The commission shall compensate an owner of a junkyard or automobile graveyard and an owner or lessee of real property on which the junkyard or automobile graveyard is located if the junkyard or automobile graveyard is lawfully in existence on any highway in the interstate or primary system.

#### Landscaping and Scenic Enhancement

Sec. 4.09. (a) The commission may acquire, improve, and maintain a strip of land adjacent to a federal aid highway in this state if the land is necessary to restore, preserve, or enhance scenic beauty. The commission may also acquire and develop rest and recreation areas and sanitary and other facilities within or adjacent to a highway right-of-way if the area or facility is necessary to accommodate the traveling public.

(b) The interest in land authorized by this section to be acquired and maintained may be the fee simple or a lesser interest, as determined necessary by the commission. The acquisition may be by gift, purchase, exchange, or condemnation.

#### Powers of Acquisition

Sec. 4.10. (a) The commission may acquire by gift, purchase, exchange, or condemnation land or an interest in land and property or a property right of any kind or character that it considers necessary or convenient to carry out this article.

(b) On delivery to and acceptance by the commission of instruments conveying to the state an interest in land, property, or property rights considered necessary or convenient by the commission to effectuate the purposes of this article, the commission shall prepare and transmit to the comptroller of public accounts vouchers covering the commission's costs in acquiring the interests in land, property, or property rights, and the comptroller shall issue warrants on the appropriate account covering the state's obligation as evidenced by the vouchers.

(c) Land owned by the state or by a state agency or department is subject to the terms of this article.

(d) The exercise of the power of eminent domain authorized by this article is the same as that authorized by Section 4, Chapter 300, Acts of the 55th Legislature, Regular Session, 1957 (Article 6674w-3, Vernon's Texas Civil Statutes).

#### Recording and Disposal of Surplus Property

Sec. 4.11. (a) In the implementation of this article instruments conveying land or an interest in land to the state must be recorded in the deed

records of the county or counties in which the land is situated. The state shall pay the fees for recording the instruments in the same manner as fees are paid for the recording of highway right-of-way instruments and in accordance with the laws of this state establishing fees to be charged by the county clerk for the recording of these instruments.

(b) Land or an interest in land acquired to carry out this article that becomes surplus and is, in the opinion of the State Highway and Public Transportation Commission, no longer needed by the state for the purposes for which it was acquired or for highway purposes shall be disposed of in accordance with the provisions of Chapter 99, General Laws, Acts of the 42nd Legislature, Regular Session, 1931 (Article 6673a, Vernon's Texas Civil Statutes).

#### Penalty

Sec. 4.12. A person who wilfully commits an offense under this article or wilfully violates any rule adopted by the commission in accordance with this article is, on conviction, subject to a fine of not less than \$25 nor more than \$200. Each day of the wilful offense or violation constitutes a separate offense.

#### Authority to Take Possession of Abandoned Motor Vehicles

Sec. 5.02. (a) A police department may take into custody an abandoned motor vehicle found on public or private property.

(b) A police department may employ its own personnel, equipment, and facilities or hire persons, equipment, and facilities to remove, preserve, and store an abandoned motor vehicle it takes into custody.

#### Notification of Owner and Lien Holders

Sec. 5.03. (a) A police department that takes into custody an abandoned motor vehicle shall notify not later than the 10th day after taking the motor vehicle into custody, by certified mail, the last known registered owner of the motor vehicle and all lien holders of record pursuant to the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes), or Chapter 31, Parks and Wildlife Code, that the vehicle has been taken into custody. The notice shall describe the year, make, model, and

vehicle identification number of the abandoned motor vehicle, set forth the location of the facility where the motor vehicle is being held, inform the owner and any lien holders of their right to reclaim the motor vehicle not later than the 20th day after the date of the notice, on payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody, or garagekeeper's charges if notice is under Section 5.05 of this article. The notice shall also state that the failure of the owner or lien holders to exercise their right to reclaim the vehicle within the time provided constitutes a waiver by the owner and lien holders of all right, title, and interest in the vehicle and their consent to the sale of the abandoned motor vehicle at a public auction.

(b) If the identity of the last registered owner cannot be determined, if the registration contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lien holders, notice by one publication in one newspaper of general circulation in the area where the motor vehicle was abandoned is sufficient notice under this article. The notice by publication may contain multiple listings of abandoned vehicles, shall be published within the time requirements prescribed for notice by certified mail, and shall have the same contents required for a notice by certified mail.

(c) The consequences and effect of failure to reclaim an abandoned motor vehicle are as set forth in a valid notice given under this section.

(d) A police department or an agent of a police department that takes custody of an abandoned motor vehicle is entitled to reasonable storage fees for:

(1) a period of not more than 10 days beginning on the day the department takes custody and continuing through the day the department mails notice as provided by this section; and

(2) a period beginning on the day after the day the department mails notice and continuing through the day any accrued charges are paid and the vehicle is removed.

#### Auction of Abandoned Motor Vehicles

Sec. 5.04. If an abandoned motor vehicle has not been reclaimed as provided by Section 5.03 of this article, the police department shall sell the abandoned motor vehicle at a public auction. Proper notice of the public auction shall be given, and in the case of a garagekeeper's lien, the garagekeeper shall be notified of the time and place of the auction. The purchaser of the motor vehicle takes title to the motor vehicle free and clear of all liens and claims of ownership, shall receive a sales receipt from the police department, and is entitled to register the purchased vehicle and receive a certificate of title. From the proceeds of the sale of an abandoned motor vehicle, the police department shall reimburse itself for the expenses of the auction, the

costs of towing, preserving, and storing the vehicle that resulted from placing the abandoned motor vehicle in custody, and all notice and publication costs incurred under Section 5.03 of this article. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lien holder for 90 days and then shall be deposited in a special fund that shall remain available for the payment of auction, towing, preserving, storage, and all notice and publication costs that result from placing another abandoned vehicle in custody, if the proceeds from a sale of another abandoned motor vehicle are insufficient to meet these expenses and costs.

#### Garagekeepers and Abandoned Motor Vehicles

Sec. 5.05. (a) A motor vehicle left for more than 10 days in a storage facility operated for commercial purposes after notice is given by registered or certified mail, return receipt requested, to the owner and to any lien holder of record under the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes) to pick up the vehicle, or for more than 10 days after a period when under a contract the vehicle was to remain on the premises of the storage facility, or a motor vehicle left for more than 10 days in a storage facility by someone other than the registered owner or by a person authorized to have possession of the motor vehicle under a contract of use, service, storage, or repair, is considered an abandoned vehicle, and shall be reported by the garagekeeper to the police department. If the notice to the owner or a lien holder is returned by the post office unclaimed, notice by one publication in one newspaper of general circulation in the area in which the vehicle was left in storage is sufficient notice.

(b) If a garagekeeper or storage facility acquires possession of a motor vehicle for a purpose other than repair, the garagekeeper or storage facility is entitled to towing, preservation, and notification charges and to reasonable storage fees, in addition to storage fees earned pursuant to contract, for a maximum of 10 days only until notification is mailed to the last known registered owner and all lien holders of record as provided by Subsection (a) of this section. After such notice is mailed, storage fees may continue until the vehicle is removed and all accrued charges are paid. A garagekeeper who fails to report the possession of an abandoned vehicle to the police department within 10 days after it becomes abandoned may no longer claim reimbursement for storage of the vehicle.

(c) The police department, upon receipt of a report from a garagekeeper of the possession of a vehicle considered abandoned under the provisions of this section shall follow the notification procedures provided by Section 5.03 of this article, except that custody of the vehicle shall remain with the garagekeeper until after compliance with the notification requirements. A fee of \$2 shall accompany the report of the garagekeeper to the police depart-

ment. The \$2 fee shall be retained by the police department receiving the report and used to defray the cost of notification or other cost incurred in the disposition of an abandoned motor vehicle. If the Department of Public Safety is the police department involved this fee shall be deposited in the state treasury and shall be used to defray the cost of administering this article.

(d) An abandoned vehicle left in a storage facility and not reclaimed after notice is sent in the manner provided by Section 5.03 of this article shall be taken into custody by the police department and sold in the manner provided by Section 5.04 of this article. The proceeds of a sale under this section shall first be applied to the garagekeeper's charges for servicing, storage, and repair, but as compensation for the expense incurred by the police department in placing the vehicle in custody and the expense of auction, the police department shall retain two percent of the gross proceeds of the sale of each vehicle auctioned, unless the gross proceeds are less than \$10. If the gross proceeds are less than \$10, the department shall retain the \$10 to defray expenses of custody and auction. If the Department of Public Safety conducts the auction, the compensation shall be deposited in the state treasury and shall be used to defray the expense incurred. Surplus proceeds remaining from an auction shall be distributed in accordance with Section 5.04 of this article.

(e) Except for the termination or limitation of claim for storage for failure to report an abandoned motor vehicle, nothing in this section may be construed to impair any lien of a garagekeeper under the laws of this state.

(f) Deleted by Acts 1983, 68th Leg., p. 5236, ch. 964, § 3, eff. Aug. 29, 1983.

#### Disposal to Demolishers

Sec. 5.06. (a) A person, firm, corporation, or unit of government on whose property or in whose possession is found any abandoned motor vehicle and a person who is the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may apply to the State Department of Highways and Public Transportation for authority to sell, give away, or dispose of the vehicle to a demolisher. Nothing in this section may be construed as being in conflict with the provisions of Sections 5.09 and 5.10 of this article. The application, except one submitted by a unit of government, shall be accompanied by a fee of \$2 that shall be deposited in the state highway fund.

(b) The application must set out the name and address of the applicant, the year, make, model, and vehicle identification number of the motor vehicle, if ascertainable, together with any other identifying features, and must contain a concise statement of the facts surrounding the abandonment, a statement that the title of the motor vehicle is lost or destroyed, or a statement of the reasons for the

defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged in the application are true and that no material fact has been withheld.

(c) If the State Department of Highways and Public Transportation finds that the application is executed in proper form and shows that the motor vehicle has been abandoned on the property of the applicant or that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the department shall follow the notification procedures as provided in Section 5.03 of this article.

(d) If an abandoned motor vehicle is not reclaimed in accordance with Section 5.03 of this article, the State Department of Highways and Public Transportation, on notification of that fact by the applicant, shall issue the applicant a certificate of authority to sell the motor vehicle to a demolisher for demolition, wrecking, or dismantling. A demolisher shall accept the certificate in lieu of the certificate of title to the motor vehicle.

(e) The State Department of Highways and Public Transportation may issue the applicant a certificate of authority to dispose of the motor vehicle to a demolisher without following the notification procedures of Section 5.03 of this article if the motor vehicle is more than eight years old and has no engine or is otherwise totally inoperable.

(f) A person in possession of an abandoned vehicle that was authorized to be towed in by a police department and that is more than eight years old and has no engine or is otherwise totally inoperable may, on affidavit of that fact and approval of the police department, apply to the State Department of Highways and Public Transportation for a certificate of authority to dispose of the vehicle to a demolisher for demolition, wrecking, or dismantling only.

(g) The State Department of Highways and Public Transportation may adopt rules and prescribe forms that are necessary to carry out the provisions of this section.

#### Duties of Demolishers

Sec. 5.07. (a) A demolisher who purchases or otherwise acquires a motor vehicle to wreck, dismantle, or demolish it shall obtain a valid certificate of title, sales receipt, or transfer document under Sections 5.04 and 5.10 of this Act, respectively, or a certificate of authority from the person delivering the vehicle for demolition, but the demolisher is not required to obtain a certificate of title for the motor vehicle in the demolisher's name. On demand of the State Department of Highways and Public Transportation, the demolisher shall surrender for cancellation the certificate of title or authority. The State Department of Highways and Public Transportation shall issue such forms and rules governing the surrender of auction sales receipts and certificates of title as are appropriate. The Certificate of Title

Act (Article 6687-1, Vernon's Texas Civil Statutes) governs the cancellation of title of the motor vehicle.

(b) A demolisher commits an offense if the demolisher fails to keep an accurate and complete record of a motor vehicle purchased or received in the course of business in the manner provided by this subsection. These records must contain the name and address of the person from whom each motor vehicle was purchased or received and the date of the purchase or receipt. The records shall be open for inspection by the State Department of Highways and Public Transportation or any police department at any time during normal business hours. A record required by this subsection must be kept by the demolisher for at least one year after the transaction to which it applies. A demolisher who commits an offense under this subsection is, on conviction, subject to a fine of not less than \$100 nor more than \$1,000, to confinement in the county jail for not less than 10 days nor more than six months, or to both.

#### Junked Vehicles as Public Nuisance

Sec. 5.08. (a) A junked vehicle that is located in a place where it is visible from a public place or public right-of-way is detrimental to the safety and welfare of the general public, tends to reduce the value of private property, invites vandalism, creates fire hazards, constitutes an attractive nuisance creating a hazard to the health and safety of minors, and is detrimental to the economic welfare of the state by producing urban blight adverse to the maintenance and continuing development of the municipalities in the state, and is a public nuisance.

(b) A person commits an offense if that person maintains a public nuisance as determined under this section.

(c) A person who commits an offense under this section is, on conviction, subject to a fine not to exceed \$200. On conviction, the court shall order removal and abatement of the nuisance.

#### City or County Procedures for Abating Nuisance

Sec. 5.09. (a) A city, town, or county within this state may adopt procedures for the abatement and removal of a junked vehicle or a part of a junked vehicle as a public nuisance, from private property, public property, or public rights-of-way. The procedures must conform to the requirements of this section.

(b) For a nuisance on private property, the procedures must require not less than 10 days' notice stating the nature of the public nuisance on private property, that it must be removed and abated within 10 days, and that a request for a hearing must be made before expiration of the 10-day period. The notice must be mailed, by certified mail with a 5-day return requested, to the last known registered owner of the junked motor vehicle, any lien holder of record, and the owner or occupant of the private

premises on which the public nuisance exists. If any notice is returned undelivered by the United States Post Office, official action to abate the nuisance shall be continued to a date not less than 10 days after the date of the return.

(c) For a nuisance on public property, the procedures must require not less than 10 days' notice, stating the nature of the public nuisance on public property or on a public right-of-way, that the nuisance must be removed and abated within 10 days, and that a request for a hearing must be made before expiration of the 10-day period. The notice must be mailed, by certified mail with a 5-day return requested, to the last known registered owner of the junked motor vehicle, any lien holder of record, and the owner or occupant of the public premises or to the owner or occupant of the premises adjacent to the public right-of-way on which the public nuisance exists. If the notice is returned undelivered by the United States Post Office, official action to abate the nuisance shall be continued to a date not less than 10 days after the date of the return.

(d) In addition, the procedures must prohibit a vehicle from being reconstructed or made operable after it has been removed.

(e) The procedures must require a public hearing before the removal of the vehicle or vehicle part as a public nuisance. The hearing shall be held before the governing body of the city, town, or county or any board, commission, or official of the city, town, or county as designated by the governing body, if a hearing is requested by the owner or occupant of the public or private premises or by the owner or occupant of the premises adjacent to the public right-of-way on which the vehicle is located, within 10 days after service of notice to abate the nuisance. A resolution or order requiring the removal of a vehicle or vehicle part must include a description of the vehicle and the correct identification number and license number of the vehicle if the information is available at the site.

(f) The procedures must require notice to be given to the State Department of Highways and Public Transportation not later than the fifth day after the date of removal. The notice must identify the vehicle or vehicle part. The department shall immediately cancel the certificate of title to the vehicle pursuant to the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes).

(g) The procedures may not apply to a vehicle or vehicle part that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property, a vehicle or vehicle part that is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard, or an unlicensed, operable, or inoperable antique or special interest vehicle stored by a collector on the collector's property, if the vehicle and the outdoor storage area are maintained in a manner so

that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.

(h) The procedures must be administered by regularly salaried, full-time employees of the city, town, or county, except that the removal of a vehicle or vehicle part from property may be by any duly authorized person.

(i) The procedures must provide for the filing of a complaint concerning a public nuisance in an appropriate court, if the nuisance is not removed and abated and a hearing is not requested within the 10-day period provided by Subsections (b) and (c) of this section.

#### Disposal of Junked Vehicles

Sec. 5.10. A junked vehicle or vehicle part may be disposed of by removal to a scrapyard, demolisher, or any suitable site operated by the city, town, or county for processing as scrap or salvage. The process of disposal must comply with the provisions of Section 5.09(d) of this article. A city, town, or county may operate a disposal site if its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of the vehicles or vehicle parts, or the city, town, or county may transfer the vehicles or vehicle parts to another disposal site if the disposal is only as scrap or salvage.

#### Authority to Enforce

Sec. 5.11. A person authorized by the city, town, or county to administer the procedures authorized by this article may enter private property for the purposes specified in the procedures to examine a vehicle or vehicle part, obtain information as to the identity of the vehicle, and remove or cause the removal of a vehicle or vehicle part that constitutes a nuisance. An appropriate court in a city, town, or county that enacts procedures under this article may issue orders necessary to enforce the procedures.

#### Effect of Article on Other Statutes

Sec. 5.12. This article does not affect a law authorizing the immediate removal, as an obstruction to traffic, of a vehicle left on public property. [Acts 1981, 67th Leg., p. 2710, ch. 741, § 1, eff. Jan. 1, 1982. Amended by Acts 1983, 68th Leg., p. 369, ch. 81, § 10(b), eff. Sept. 1, 1983; Acts 1983, 68th Leg., p. 4056, ch. 635, §§ 1, 2, eff. Aug. 29, 1983; Acts 1983, 68th Leg., p. 5235, ch. 964, § 1, eff. Sept. 1, 1983, §§ 2 to 5, eff. Aug. 29, 1983.]

Section 4 of the 1981 Act provides:

"This Act takes effect January 1, 1982, and applies only to offenses committed on or after that date. An offense committed before the effective date of this Act is governed by the law in effect when the offense was committed and the prior law is continued in effect for that purpose. An offense is committed

before the effective date of this Act if any element of the offense occurs before that date."

The enacting clauses of §§ 1 to 4 of Acts 1983, 68th Leg., p. 5235, ch. 964, stated that the amendments were to conform the section so amended to Acts 1981, 67th Leg., p. 2728, ch. 744, and to Acts 1981, 67th Leg., p. 3075, ch. 811.

Sections 8 and 9 of Acts 1983, 68th Leg., p. 5240, ch. 964, provide:

"Sec. 8. (a) The change in law made by Section 1 of this Act applies only to an offense committed on or after the effective date of that section. For purposes of this section, an offense is committed before the effective date of Section 1 of this Act only if any element of the offense occurs before the effective date.

"(b) An offense committed before the effective date of Section 1 of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose.

"Sec. 9. This Act is intended as a recodification only, and no substantive change is intended. Section 3.11, Code Construction Act (Article 5429b-2, Vernon's Texas Civil Statutes), applies to this Act as if this Act were part of the state's continuing statutory revision program."

Sec. 2. An eligible city is authorized to acquire, by purchase, lease or otherwise, any or all property (real, personal or mixed) and to construct or otherwise acquire, improve and equip any property for the purposes of treating and conveying waste, including, but not limited to waste treatment facilities including plants, disposal fields, lagoons and areas devoted to sanitary landfills for the purposes of treating, neutralizing, stabilizing or disposal of waste, and sewer systems including pipelines, conduits, canals, pumping stations, force mains, and all other constructions, devices, and appurtenant appliances used to transport waste (such waste treatment facilities and sewer systems are hereinafter called "project" or "projects"). An eligible city is also authorized to enter into leases and other contracts, including installment sale agreements, with persons, firms or corporations to use or acquire a project or projects of such city and to enter into agreements under which the project or projects may be operated on behalf of such city; such leases, contracts and agreements to contain such terms and conditions as the eligible city deems appropriate. Each and all of the foregoing purposes are hereby found and declared to be public purposes and proper municipal functions. The term "waste" as used in this section has the meaning defined in the Texas Water Quality Act, codified as Chapter 21 of the Texas Water Code, as heretofore and hereafter amended.

##### Issuance of Bonds

Sec. 3. For any purpose or purposes authorized under Section 2 of this Act, the governing body of an eligible city may issue its revenue bonds from time to time in one or more series to be payable from and secured by liens on all or part of the revenues derived from any project or projects.

##### Ordinances Authorizing Bonds; Maturity; Registration as "Security"; Disposition of Proceeds from Sale; Property Tax

Sec. 4. (a) Said bonds may be issued when authorized by ordinance duly adopted by an eligible city's governing body and may mature serially or otherwise within not to exceed 40 years from their date or dates, and provision may be made for the subsequent issuance of additional parity bonds, or subordinate lien bonds, under any terms or conditions that may be set forth in the ordinance authorizing the issuance of such bonds.

(b) Said bonds, and any interest coupons appertaining thereto, shall be deemed and construed to be a "security" within the meaning of Chapter 8, Investment Securities, Uniform Commercial Code (Chapter 785, Acts of the 60th Legislature, Regular Session, 1967).<sup>1</sup> The bonds may be issued registrable as to principal alone or as to principal and interest, and shall be executed, and may be made redeemable prior to maturity, and may be issued in such form, denominations, and manner, and under such terms, conditions and details, and may be sold in such manner, at such price, and under such terms, and such bonds shall bear interest at such rates, all as shall be determined and provided in the ordinance authorizing the issuance of the bonds.

(c) If so provided in said ordinance, the proceeds from the sale of the bonds may be used for paying interest on the bonds during and after the period of the acquisition, construction or improvement of any project or projects, for paying expenses of operation and maintenance of said project or projects, for creating a reserve fund for the payment of the principal of and interest on the bonds, and for establishing any other funds. The proceeds of sale of the bonds may be placed on time deposit or invested, until needed, all to the extent, and in the manner provided, in the bond ordinance.

(d) An eligible city is authorized to levy and pledge to the payment of the operation and maintenance of any project or projects, either as a supplement to the pledge of revenues for such purpose or in lieu thereof, a continuing annual ad valorem tax at a rate or rates on each \$100 valuation of taxable property within said city sufficient for such purposes, all as may be provided in said ordinance authorizing the issuance of such bonds; provided, that such taxes shall be within any constitutional or charter limit for eligible cities; and provided further, that no part of any moneys raised by such taxes shall ever be used for the payment of the interest on or principal of any bonds issued hereun-

der. The proceeds of any such taxes thus pledged shall be utilized annually to the extent required by, or provided in, the ordinance for operation and maintenance of such projects, and such city in its discretion may covenant in such ordinance that certain costs of operating and maintaining such projects, as may be enumerated therein, or all of such costs, will be paid by the eligible city from the proceeds of such tax.

(e) An eligible city shall not acquire or construct any such project or projects with the proceeds of bonds, notes, or other evidences of indebtedness the interest on which is exempt from federal income taxation by virtue of Section 103(c)(4) of the Internal Revenue Code of 1954, as heretofore or hereafter amended,<sup>2</sup> unless (1) such project is operated by an eligible city or a political subdivision of the State of Texas on behalf of such eligible city or, (2) such project provides pretreatment for waste which is then discharged into a project operated by an eligible city or a political subdivision on behalf of such city.

<sup>1</sup> Business and Commerce Code, § 8.101 et seq.

<sup>2</sup> 26 U.S.C.A. § 103(c)(4).

#### Fees, Purchase Prices, Rentals, Rates and Charges

Sec. 5. An eligible city is authorized to fix and collect fees, purchase prices, rentals, rates and charges for the sale, occupancy, use or availability of all or any of the projects in such amounts and in such manner as may be determined by the governing body of the eligible city.

#### Pledges for Payment of Bonds

Sec. 6. (a) An eligible city may pledge all or any part of the revenues, income or receipts from such fees, purchase prices, rentals, rates and charges to the payment of the bonds, including the payment of principal, interest and any other amounts required or permitted in connection with the bonds. The pledged fees, purchase prices, rentals, rates and charges shall be fixed and collected in amounts that will be at least sufficient, together with any other pledged resources, to provide for all payments of principal, interest and any other amounts required in connection with the bonds, and, to the extent required by the ordinance authorizing the issuance of the bonds, to provide for the payment of expenses in connection with the bonds, and for the payment of operation, maintenance and other expenses in connection with the projects.

(b) The bonds may be additionally secured by mortgages or deeds of trust on any real property relating to the projects owned or to be acquired by the eligible city and by chattel mortgages, liens or security interests on any personal property appurtenant to that real property. The governing body of the eligible city may authorize the execution of trust indentures, mortgages, deeds of trust or other forms of encumbrances to evidence the indebtedness.

(c) An eligible city may also pledge to the payment of the bonds all or any part of any grant, donation, revenues or income received or to be received from the United States government or any other public or private source, whether pursuant to an agreement or otherwise.

#### Refunding Bonds

Sec. 7. (a) Any bonds issued pursuant to this Act may be refunded or otherwise refinanced by the issuance of refunding bonds for that purpose under any terms or conditions as are determined by ordinance of the governing body of the eligible city. All appropriate provisions of this Act are applicable to refunding bonds, and the refunding bonds shall be issued in the manner provided in this Act for other bonds. The refunding bonds may be sold and delivered in amounts necessary to pay the principal, interest and redemption premium, if any, of bonds to be refunded, at maturity or on any redemption date.

(b) The refunding bonds may be issued to be exchanged for the bonds being refunded by them. In that case, the comptroller of public accounts shall register the refunding bonds and deliver them to the holder or holders of the bonds being refunded in accordance with the provisions of the ordinance authorizing the refunding bonds. The exchange may be made in one delivery or in several installment deliveries.

(c) Bonds issued at any time by a city under this Act also may be refunded in the manner provided by any other applicable law.

#### Examination of Bonds by Attorney General; Approval and Registration

Sec. 8. All bonds issued under this Act and the appropriate proceedings authorizing their issuance shall be submitted to the attorney general for examination. If the bonds recite that they are secured by a pledge of revenues or rentals from a contract or lease, a copy of the contract or lease and the proceedings relating to it shall also be submitted to the attorney general. If he finds that the bonds have been authorized and any contract or lease has been made in accordance with law, he shall approve the bonds and the contract or lease, and thereupon the bonds shall be registered by the comptroller of public accounts. After approval and registration the bonds and any contract or lease relating to them are incontestable for any reason, and are valid and binding obligations for all purposes in accordance with their terms.

#### Bonds as Legal and Authorized Investments and Security

Sec. 9. All bonds issued under this Act are legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public

funds of the state and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic. The bonds are also eligible and lawful security for all deposits of public funds of the state and all agencies, subdivisions, and instrumentalities of it, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, when accompanied by any unmatured interest coupons appurtenant thereto.

#### Cumulative Effect; Conflicting Laws

Sec. 10. This Act is cumulative of all other law on the subject, but this Act shall be wholly sufficient authority within itself for the issuance of the bonds and the performance of the other acts and procedures authorized by it without reference to any other law or any restrictions or limitations contained therein, except as herein specifically provided. When any bonds are issued under this Act, then to the extent of any conflict or inconsistency between any provisions of this Act and any provision of any law or home-rule-charter provision, the provisions of this Act shall prevail and control. An eligible city shall have the right to use the provisions of any other laws, not in conflict with the provisions of this Act, to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this Act.

#### Severability

Sec. 11. In case any one or more of the sections, provisions, clauses, or words of this Act, or the application thereof to any situation or circumstance, shall for any reason be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other sections, provisions, clauses, or words of this Act, or the application thereof to any other situation or circumstance, and it is intended that this Act shall be severable and shall be construed and applied as if any such invalid or unconstitutional section, provision, clause, or word had not been included herein.

(b) All local health authorities shall keep a careful and accurate record of all cases of tuberculosis as reported to them with the date, name, age, sex, race, location, and such other necessary data as may be prescribed by the Department. Such health authorities shall make a report of all tuberculosis cases of which they may be cognizant to the Department within forty-eight (48) hours of receiving a report upon blank forms provided by the Department. These reports may be used by the Department for any and all purposes consistent with the care and treatment of individuals afflicted with tuberculosis, for research purposes, for statistical purposes, for investigative purposes, with the ultimate goal being the eradication of tuberculosis in Texas.

(c) It shall be the duty of every physician and of every other person who examines or treats a person having tuberculosis to instruct him in measures for preventing the spread of such disease and of the necessity for treatment until cured.

#### Notice of Evidence of Tuberculosis

Sec. 4A. (a) The Bureau of Tuberculosis Services must be notified when a laboratory examination of a specimen derived from a human indicates microscopical, cultural, or other evidence of the presence or likely presence of *Mycobacterium tuberculosis*.

(f) No person from the Bureau of Tuberculosis Services or the local health authority may communicate with a suspected tuberculosis patient or a per-

son who may be exposed to tuberculosis by a suspected patient until a diagnosis is reported to the Department by the attending physician.

#### Measures for Protection of Persons not Having Tuberculosis

Sec. 5. Upon receipt of a report of a case of tuberculosis, the local health authority shall institute measures for protection of other persons from infection by such diseased person.

(a) All duly authorized health authorities of this State are authorized to notify any person who is known to be infected with tuberculosis, to place himself under the medical care of a physician licensed by the Texas State Board of Medical Examiners, hospital, or clinic, for treatment or examination until such physician, hospital, or clinic shall furnish such health authority with a certificate that such person examined or treated is free from tuberculosis in an infectious or contagious state. The certificate shall state that the person examined has been given an actual and thorough examination. A certificate may not be issued until the physician, hospital, or clinic has submitted to the local health authority a report on the person for whom a certificate is to be issued summarizing the clinical and appropriate radiologic or laboratory evidence that the person no longer has tuberculosis in an infectious or contagious state.

(b) Physicians, local health authorities, and all other persons are prohibited from issuing certificates of freedom from tuberculosis unless the examination includes clinical and appropriate radiographic or laboratory evidence that the person so examined is free from tuberculosis in an infectious or contagious state. Before a certificate of freedom from tuberculosis can be issued in the case of a person who has previously had tuberculosis, it will be necessary that the physician or person on giving the certificate shall submit to the local health authority a report of the person summarizing the clinical and appropriate radiologic or laboratory evidence that the person no longer has tuberculosis in an infectious or contagious state.

(c) Any person who violates the provisions of Section 4, or who fails to follow the directions of the local health authority, or who fails to follow the directions of his attending physician pursuant to Section 4, or who in the opinion of the local health authority cannot be treated with reasonable safety to the public, at home, may be quarantined, as that term is hereinafter defined, and the local health authority may direct the removal of the person to a suitable place for examination, and if such person is found to have tuberculosis in an infectious and contagious state, then such person may be quarantined, as that term is hereinafter defined, until such person is no longer in an infectious and contagious state.

Quarantine, as used in this Section, means the limitation of movement and separation, during that

period of time while infectious and contagious, from other persons not infected, in such places and under such conditions as will prevent the conveyance of such infectious or contagious condition to others not infected.

A person found to have tuberculosis in an infectious and contagious state and quarantined under the provisions of this Section may be placed in any place suitable for the detention and segregation required under the provisions of this Section. If suitable facilities are not available within the jurisdiction of the local health authority, then in such event, the person so quarantined may be transported to a State chest hospital designated by the Board. The Board is hereby empowered and directed to provide suitable facilities for detention of such individuals.

The Commissioners Courts of the various counties and the governing body of all incorporated towns and cities are hereby empowered to provide suitable places for the detention of persons who may be subject to quarantine and who should be segregated for the execution of the provisions of this Section; and such commissioners courts and governing body of incorporated cities and towns are hereby authorized to incur on behalf of their said counties, cities, or towns, the expenses necessary to the enforcement of this Section.

The Commissioners Courts of the various counties and the governing body of all incorporated towns and cities are hereby empowered and directed to provide transportation to the State chest hospital so designated by the Board for any person quarantined under the provisions of this Section when suitable facilities are not available within the jurisdiction of the local health authority.

The local health authority shall inform all persons who are to be released from quarantine for tuberculosis of the status of their disease and what further treatment is required.

(d) It shall be the duty of all persons with tuberculosis, or who, from exposure to tuberculosis, may be liable to endanger others who may come in contact with them, to strictly observe such instructions as may be given them by any local health authority of the State in order to prevent the spread of tuberculosis.

(e) If an attending physician or other person knows or has good reason to suspect that a person having tuberculosis is so conducting himself or herself so as to expose other persons to infection or is about so to conduct himself or herself, he shall notify the local health authority of the name and address of the diseased person and the essential facts in the case, and the local health authority shall investigate the facts of the case and shall adopt or employ the necessary measures as set out herein.

#### Violations; Penalties

Sec. 6. (a) A person commits an offense if he violates the provisions of Section 4, 4A, or 5 of this Act.

(b) An offense under this section is a Class B misdemeanor.

#### Local Regulations

Sec. 7. These regulations shall not be construed to prevent any city, county, or town from establishing such types of disinfection, isolation, control, and management of tuberculosis cases which they deem necessary for the preservation of the health of the individuals and the public; provided that such rules and regulations are not inconsistent with the provisions of this Code and are subordinate to said Code, and the rules and regulations prescribed by the Department. The local health authority shall at once furnish the Department with a true copy of any such regulations adopted by said local authorities.

Provided, however, that no provision in this Act shall be construed in any manner such that it would deprive any person of his right to depend on prayer or spiritual means alone for healing, in the practice of the principles, tenets, or teachings of his religion; provided that in so doing the isolation and quarantine rules and regulations under this Act are complied with.

#### Admission

Sec. 8. Residents of Texas as defined in Section 1 herein, having tuberculosis, may be admitted to a State chest hospital. Non-resident indigents with tuberculosis who have been quarantined under the provisions of Section 5 herein may be admitted to a State chest hospital pending their return to the State or country of their residence.

#### Classification of Patients

Sec. 9. Patients admitted to State chest hospitals shall be two (2) classes:

- (1) Indigent public patients and
- (2) Non-indigent public patients.

(a) Indigent public patients are those who possess no property of any kind nor have anyone legally responsible for their support, and who are unable to reimburse the State. This class shall be supported at the expense of the State.

(b) Non-indigent public patients are those who possess some property out of which the State may be reimbursed, or who have someone legally responsible for their support. This class shall be kept and maintained at the expense of the State as in (a) above, but in such case the State shall have the right to be reimbursed for the support of such patients, and the claim of the State shall constitute a valid lien against any property of any such patient, or in case he has a guardian, against any property of his which is in the possession of said

guardian, or against the person or persons who may be legally responsible for his support and financially able to contribute as herein provided. Such claim may be collected by suit or other proceedings in the name of the State of Texas by the County or District Attorney of the county from which said patient is sent or the Attorney General against such patient or his guardian or the person or persons legally responsible for his support; and the suit shall be brought in the county from which such patient was sent. Such suit shall be instituted upon the written request of the head of the State chest hospital accompanied by a certificate as to the amount due the State. In all suits or proceedings, the certificate of the head of the hospital shall be sufficient evidence of the amount due the State for the support of such patient. It shall be the duty of said Attorney upon such request being made to institute and conduct such proceedings and for which he shall be entitled to a commission of ten per cent (10%) of the amount collected. All moneys so collected, less such commission, shall be paid by said County Attorney to the head of said hospital, who shall receive and receipt for the same.

Sec. 10. Repealed by Acts 1979, 66th Leg., p. 1529, ch. 658, § 9, eff. Aug. 27, 1979.

#### Certificate of Examination

Sec. 11. The application for admission to a State chest hospital shall be accompanied by a certificate of a physician licensed to practice medicine in the State of Texas by the Texas State Board of Medical Examiners, or in the case of indigent patients by a certificate from the local health authority if such individual or individuals are licensed to practice medicine in the State of Texas by the Texas State Board of Medical Examiners, stating that he has thoroughly examined the person for whose admission application has been made, and that such person is suffering from tuberculosis. The certificate shall be in the form and contain such information as prescribed by the Department.

In the event that the person applying for admission to a State chest hospital is afflicted with a contagious, infectious, or transmissible disease other than tuberculosis, then in such event the head of the State chest hospital to whom application has been made may use the presence of such contagious, infectious, or transmissible disease other than tuberculosis as a valid reason for delaying admission until such contagious disease is rendered non-contagious.

#### Duties of Board

Sec. 12. (a) The State chest hospital shall review applications for admission and admit or deny admission to applicants.

(b) The Board shall prepare and adopt by-laws, rules, and regulations for the government, control, and management of all State chest hospitals, prescribing the duties of all officers and employees,

and for enforcing the necessary discipline and restraint of all patients.

(c) The Board shall appoint for each of said chest hospitals a physician licensed to practice medicine in the State of Texas by the Texas State Board of Medical Examiners. Each physician so appointed shall be the head of the hospital under his control and shall have power to remove with just cause any person employed in said hospital over which he has such authority. Any such physician so appointed shall be removable at the discretion of the Board. The provisions applying to the powers and duties of the Board and of the head of the hospital as set forth in this Section are in addition to any others provided for by law. The Board shall supply each hospital with the necessary personnel for the operation and maintenance of such hospital.

(d) In addition to the specific authority granted by other provisions of law, the Board is authorized to prescribe the form of application, certificates, records, and reports provided for under this Code and the information required to be contained therein; to require reports from the head of any State chest hospital relating to the admission, examination, diagnosis, release, or discharge of any patient; to visit each hospital regularly to review the admitting procedures and care and treatment of all new patients admitted between visits; to investigate by personal visit complaints made by any patient or by any person on behalf of a patient; and to adopt such rules and regulations not inconsistent with the provisions of this Code as may be necessary for proper and efficient hospitalization of tuberculosis patients.

(e) Unless otherwise expressly provided in this Code, a power granted to, or a duty imposed upon the Board may be exercised or performed by an authorized employee, but the delegation of a duty does not relieve the Board from its responsibility.

Unless otherwise expressly provided in this Code, a power granted to, or a duty imposed upon the head of a hospital may be exercised or performed by an authorized employee, but the delegation of a duty does not relieve the head of a hospital from his responsibility.

(f) The Board may return a non-resident patient admitted to a State chest hospital in this State to the proper agency of the State of his residence.

The Board may permit the return of any resident of this State who is admitted to a tuberculosis hospital in another state.

All expenses incurred in returning admitted patients to other states shall be paid by this State. The expense of returning residents of this State shall be borne by the states making the return.

(g) The Board is authorized to enter into reciprocal agreements with the proper agencies of other states to facilitate the return to the states of their residence of patients admitted to State chest hospitals in this or other states.

Sec. 13. Repealed by Acts 1979, 66th Leg., p. 1530, ch. 658, § 12, eff. Aug. 27, 1979.

#### No Preference in Admission

Sec. 14. (a) No patient in any state chest hospital shall be discriminated against but all patients shall be treated alike, given equal facilities, equal attention and equal treatment; it being recognized, however, that the condition of the individual patient may necessitate a greater or lesser degree of care and treatment.

(b) No patient in any such hospital shall be permitted to give any officer, servant, agent, or employee in any such hospital any tip, pay, or reward of any kind, and if such patient does so, it shall be a cause for his expulsion from said hospital, and the discharge of any servant accepting the same; and the Board shall see that this provision is rigidly enforced.

#### Private Additions to State Chest Hospitals

Sec. 15. (a) The Board is hereby authorized, on request of any charitable fraternity or society in this State, to permit the erection, furnishing, and maintenance by such fraternities or societies upon the grounds of any State chest hospital or dormitories and such other accommodations as may be desired by any such fraternity or society for the proper treatment and care of any member or members of such fraternity or society or for any members of their families, or for the widows and children of deceased members of such fraternity or society, who may have tuberculosis, and which accommodations so erected shall be reserved for the preferential use of such members and members of their families and of the widows and children of deceased members of the fraternity or society so erecting, furnishing, and maintaining such accommodations hereunder. The State shall be at no expense whatever in the erection, furnishing, or maintenance of such accommodations, and the fraternity or society entering a patient or patients shall provide such pro rata part for the maintenance of such patient or patients as may be found just and equitable pending the next succeeding appropriation to be made by the Legislature for the maintenance of said State chest hospitals. "Children" under this Article shall mean any minor child of a deceased member of such fraternity or society. Such accommodations or any part of them not being used or required by those entitled to such preference, may be used and occupied by other patients in said State chest hospitals at the discretion of the head of the hospital and without any charge therefor against the State.

(b) Plan of buildings.

All matters pertaining to the location, construction, style or character of buildings, term of their existence and all other questions arising in connection with the granting of the permission to erect and maintain the accommodations contemplated in

the preceding Section, shall be arranged and agreed upon in writing by and between the Board on the part of the State and the properly authorized officers, board, or committee of each respective charitable fraternity or society, and such written agreement in each case shall be recorded at length upon the minutes of the Board.

(c) Rules of admission.

The members of such charitable fraternities or societies, members of their families, and the widows and children of deceased members thereof, shall be classified according to the facts the same as other patients of said State chest hospitals are classified, and shall be admitted, maintained, cared for and treated in said hospitals upon the same terms and conditions and under the same regulations as all other patients therein, save and except that they shall at all times have the preference and right to occupy the accommodations erected and maintained hereunder by their several and respective fraternities or societies when not already filled with others having the same preferential right.

Sec. 16. Repealed by Acts 1979, 66th Leg., p. 1532, ch. 658, § 15, eff. Aug. 27, 1979.

#### Conveyances by Counties in Establishing Chest Hospitals

Sec. 17. All counties in this State are hereby authorized to donate and convey land to the State of Texas in consideration of the establishment of a State chest hospital by the Board. The desirability, manner, and form of the donation and conveyance shall be within the discretion of the Commissioners Court of the particular county. No provision of this Section shall authorize the Commissioners Court of any such county to convey any land given or donated or granted to the county for the purpose of education in any manner other than that which is or shall be directed by law.

Sec. 18. All appropriations heretofore made and now effective or appropriations hereafter made by the Legislature for the use and benefit of San Antonio State Chest Hospital, San Antonio, Texas, and Harlingen State Chest Hospital, Harlingen, Texas; or in names previously used by these hospitals, shall remain available for their use and benefit.

#### Contracts

Sec. 1. From and after September 1, 1965, all tuberculosis hospitals in the custody and control of the State Board for Hospitals and Special Schools shall be transferred to the State Health Department. This transfer is made to unify and consolidate the responsibility and functions of tuberculosis case finding and follow-up with treatment and cure of the disease. From and after September 1, 1965, the custody, control, maintenance and operation of all tuberculosis hospitals maintained by the State of Texas shall be under the jurisdiction and control of the State Board of Health and all responsibilities, powers and duties concerning the care and treatment of those afflicted with tuberculosis heretofore possessed by the Board for Texas State Hospitals and Special Schools are hereby transferred to the State Health Department, including all powers provided in House Bill No. 421, Acts of the 56th Legislature, Regular Session, 1959, Chapter 181, codified in Vernon's as Article 4477-11, Vernon's Civil Statutes.

Such contract may be made between the Board and city, county and state hospitals, private physicians, licensed nursing homes and hospitals and hospital districts, and the State Board of Health may contract for such existing diagnostic and other services available in a community or region as deemed necessary to prevent further spread of tuberculosis. Full development of these essential services needed for the control of tuberculosis is the responsibility of the State Board of Health.

Authority to contract provided herein shall be cumulative of all other contractual rights of the State Board of Health. Provided such contract shall not include the assignment of any lien accruing to the state.

The State Board of Health is authorized to establish and operate Outpatient Clinics on the premises of the State's Tuberculosis Hospitals or other locations deemed necessary for the purpose of providing follow-up treatment on discharged patients. Persons receiving such treatment are financially liable as are inpatients.

From and after the effective date of this Act, the Board for Texas State Hospitals and Special Schools shall not have the authority to contract for the support, maintenance, care and treatment of tubercular patients committed to the State Board of Health. Provided, however, nothing herein shall affect the contractual obligations created by the Board for Texas State Hospitals and Special Schools prior to the effective date of this Act for the support, maintenance, care and treatment of tubercular patients, and all such contractual obligations on behalf of the state created by the Board for Texas State Hospitals and Special Schools prior to the effective date of this Act, pursuant to the provisions of Acts of the 58th Legislature, Regular Session, 1963, Chapter 43, codified in Vernon's as Article 3174b-5, Vernon's Civil Statutes, shall be performed and carried out by the State Board of Health.

#### Reports; Pathological Findings

Sec. 3. All reports required by Section 4 of House Bill No. 421, Acts of the 56th Legislature, Regular Session, 1959, Chapter 181, codified in Vernon's as Section 4, Article 4477-11, Vernon's Civil Statutes, shall be accompanied by a copy or results of any and all pathological findings or reports pertinent to the disease of tuberculosis by the physician diagnosing, treating or offering to treat the disease. The State Board of Health shall be responsible for obtaining, where desirable, subsequent pathological reports and/or findings relating to tubercular patients so reported.

#### Examination of Pupils for Tuberculosis Infection

Sec. 4. The Texas Board of Health Resources may provide for the examination for tuberculosis infection of pupils in the first and seventh grades of

the public, parochial and private schools of this state, and of pupils transferred to the public, parochial and private schools of this state from another state or country.

#### Certificate of Examination of School Personnel

Sec. 5. (a) The governing body of each public school within the State shall require that each individual who is employed by or who acts as a volunteer for the governing body, and who is included within certain categories designated by the Texas Board of Health, shall present to the governing body a certificate, signed by a physician licensed to practice medicine in Texas, which states that the individual has been examined for tuberculosis and discloses the results of the examination. The governing body of each public school shall verify that each individual within its jurisdiction who is included within this Act, has the required certificate and shall not permit any individual to commence his or her duties in the absence of the certificate. The Texas Board of Health may require reexamination of any individual employee or volunteer as the Board determines is necessary and appropriate to protect the public health.

(b) The Texas Board of Health shall adopt rules describing the following:

- (1) the designation of the categories of employees or volunteers who are required to be examined;
- (2) the form and content of the required examination certificate;
- (3) the closing dates for filing such individual certificates;
- (4) the transfer of such individual certificates between public school districts;
- (5) the frequency of such required examinations;
- (6) the criteria for requiring reexaminations; and
- (7) the reporting of the results of such examinations to the Texas Department of Health.

(c) This section and the rules adopted by the Texas Board of Health by the authority of this Act, shall be the minimum acceptable standards for the examination of the named categories of individuals for tuberculosis. A school district may adopt and enforce more stringent standards, except that the requirements for a tuberculosis examination may not include exposure to X-rays unless the person being examined consents or the examining physician determines that the X-ray examination is medically necessary and states that determination on the required certificate.

#### Examination of Migratory Workers; Duties of Labor Agents; Violations

Sec. 6. All persons seeking to perform migratory work in this state shall furnish the labor agent for such person a certificate signed by a person licensed to practice medicine in this state revealing:

(1) that the person seeking to perform migratory work has been examined for the disease of tuberculosis;

(2) the results of such examination; and

(3) that the results of such examination have been furnished to the State Board of Health.

No labor agent shall obtain employment for any migratory worker unless and until such labor agent has been furnished a certificate revealing that such worker has been examined for the disease of tuberculosis within a period of time not exceeding sixty (60) days prior to employment. Violation of the provisions of this Section shall be grounds to revoke and cancel the license of any labor agent who violated the provisions of this Section.

As used in this Section, "labor agent" means a person, partnership, corporation, association, legal representative, trustee, or receiver who is licensed by the Commissioner of Labor Statistics and who, for a fee, procures or attempts to procure employment for a migratory worker.

#### Form of Certificates and Reports; Rules and Regulations of State Board of Health

Sec. 7. The State Board of Health shall have the power to prescribe the form of the certificates and reports required to be furnished the State Health Department by the provisions of this Act and shall also have the power to pass such reasonable rules and regulations as it deems necessary to carry out the provisions of this Act, and such rules and regulations it deems necessary to prevent, control and eradicate the disease of tuberculosis.

#### Cumulative Effect

Sec. 10. The provisions of this Act shall be cumulative of all other power now possessed by the State Department of Health relating to the care and treatment of those afflicted with tuberculosis and relating to the control and sanitary management of tuberculosis, and shall be cumulative of the provisions of House Bill No. 421, Acts of the 56th Legislature, Regular Session, 1959, Chapter 181, codified in Vernon's as Article 4477-11, Vernon's Civil Statutes.

### CHAPTER FOUR C. KIDNEY DISEASE

Art. 4477-20. Kidney Health Care Act

#### Short Title

Sec. 1. This Act shall be known and may be cited as the "Texas Kidney Health Care Act."

#### Purpose

Sec. 2. The State of Texas hereby finds and declares that one of the most serious and tragic problems facing the public health and welfare is the death of hundreds of persons in the State of Texas each year from chronic kidney disease, when the present state of the medical art and technology could return most of these stricken individuals to a socially productive life. Advances and discoveries in the treatment of patients suffering from chronic kidney disease now allow, not only mere survival, but rehabilitation of such patients to their normal occupations and activities. Presently, these patients are dying for lack of personal financial resources to pay for the expensive equipment and care necessary for survival. No parallel situation exists in the public health and welfare today where techniques have been developed for the diagnosis and prevention of disease which would save lives, yet at the same time people continue to progress to chronic kidney disease and death only for the lack of facilities for diagnosis and treatment. The State of Texas hereby recognizes its responsibility to its citizens to allow them to keep their health without being pauperized and to use the resources and organization of the state in gathering and disseminating information on the prevention and treatment of chronic renal disease. It is imperative that a comprehensive program to combat kidney disease be implemented through the combined and correlated efforts of state and local governments, medicine, universities, non-profit organizations and individuals. The program provided by this Act is designed to bring to bear all possible resources of the state and to coordinate the efforts of the state in this vital matter of public health.

**Division of Kidney Health Care; Creation and Powers**

Sec. 3. For the purpose of administering and carrying out the provisions of this Act, there is hereby created within the State Department of Health a Division of Kidney Health Care to be administered by the State Board of Health, hereinafter referred to as the board, which is hereby empowered and authorized to:

(1) Establish and maintain standards for the accreditation of all facilities designed or intended to deliver care or treatment for sufferers from chronic kidney disease;

(2) Determine the terms, conditions and standards for the eligibility of persons suffering from chronic kidney disease for aid, care or treatment provided under the provisions of this Act;

(3) Cooperate with private, public, civic, municipal, state or federal agencies to facilitate the availability of adequate care to all citizens suffering from chronic kidney disease;

(4) Institute and supervise educational programs for the public and for health providers with respect to chronic kidney disease and the prevention and treatment thereof. The board may utilize existing programs and groups for this purpose, whether or not such programs and groups are governmental;

(5) Assist in the development and expansion of programs for the care and treatment of persons suffering from chronic kidney diseases, including dialysis and other medical procedures and techniques which will have a life-saving effect in the care and treatment of persons suffering from these diseases;

(6) Institute and carry on educational programs among physicians, hospitals, public health departments, and the public concerning chronic kidney diseases, including the dissemination of information in the conducting of educational programs concerning the prevention, care and treatment of chronic renal diseases and the methods for the care and treatment of persons suffering from these diseases;

(7) Conduct surveys of all existing facilities within the state having to do with the diagnosis, evaluation and treatment of patients with kidney disease and to prepare and submit its findings and a specific program of action;

(8) Evaluate the need for the creation of local or regional facilities and for the establishing of a major kidney research center;

(9) Develop and administer scientific investigations into the cause, prevention, methods of treatment and cure of kidney diseases, including research into transplantation of kidneys;

(10) Develop techniques for an effective method of mass testing for the detection of kidney diseases and urinary tract infections;

(11) Report to the Governor of the State of Texas and to the legislature, annually on or before Febru-

ary 1 of each year, its findings, a progress report, its activities carried on under this Act and the state's total need in this area;

(12) Enter into such contracts and agreements with individuals, colleges, universities, associations, corporations, municipalities and other units of government as may be deemed necessary and advisable to carry out the general intent and purposes of this Act. Such contracts may provide for payment by the state, within the limits of funds available, for material, equipment or services;

(13) Promulgate rules and regulations necessary to provide adequate kidney care and treatment for citizens of the State of Texas and to carry out the purposes and intent of this Act.

**Authority Under Act**

Sec. 4. The board shall provide kidney care services directly or through public or private resources to individuals determined by the board to be eligible therefor, and in carrying out the purposes of this Act, the board is authorized to:

(1) Cooperate with other departments, agencies, political subdivisions, and institutions, both public and private, in providing the services authorized by this Act to eligible individuals, in studying the public health and welfare needs involved therein, and in planning, establishing, developing, and providing such programs or facilities and services as may be necessary or desirable, including those jointly administered with state agencies;

(2) Enter into reciprocal agreements with other states;

(3) Establish or construct rehabilitation facilities and workshops, make grants to public agencies, make contracts or other arrangements with public and other nonprofit agencies, organizations, or institutions for the establishment of workshops and rehabilitation facilities, and operate facilities for carrying out the purposes of this Act;

considered instances according to the criteria established by the rules of the board.

142 U.S.C.A. § 1395 et seq.

#### Cooperation With Federal Government

Sec. 5. The board shall make agreements, arrangements, or plans to cooperate with the federal government in carrying out the purposes of this Act or of any federal statute or rule or regulation promulgated pursuant thereto pertaining to the prevention, care or treatment of kidney diseases or the care or treatment or rehabilitation of persons suffering from kidney diseases, and to this end may adopt such rules, regulations or methods of administration as are found by the federal government to be necessary for the proper and efficient operation of such agreements, arrangements, or plans for the prevention, care, or treatment of kidney diseases.

#### Obtaining Federal Funds

Sec. 6. The board is authorized to comply with such requirements as may be necessary to obtain federal funds in the maximum amount and most advantageous proportions possible in order to carry out the purposes and objectives of this Act.

#### Gifts and Donations

Sec. 7. The board is authorized to receive and use gifts and donations for carrying out the purposes of this Act.

#### Receipt and Disbursement of Funds; Audit; Reporting Procedure

Sec. 8. The state treasurer is hereby authorized to receive all moneys appropriated by congress and allotted to Texas for carrying out the purposes of this Act or agreements, arrangements, or plans authorized thereby; and to make disbursements therefrom upon the certification of the board. All public moneys available to the board shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as provided by law for other public funds in the state treasury. The state auditor shall regularly audit all accounts established by the board in local depositories to assure that non-public funds made available to the board through gift or bequest, by local organizations desiring to participate in projects for persons suffering from kidney diseases or by endowment or otherwise, are expended in a manner consistent with the purposes of this Act, and the board shall comply with such reporting procedures as the state auditor may prescribe for the board's acceptance, holding, investment and use of non-public funds.

#### Reimbursement of Health Department for Cost of Treatment

Sec. 9. (a) Subject to the limitations contained in Subsection (b) of this section, a person who is a recipient of services provided under this Act or the person or persons who have a legal obligation to

support the recipient, shall reimburse the Texas Department of Health, for the cost of the services and the proceeds resulting from the reimbursement shall be deposited in the general revenue fund of the state treasury and are appropriated to the Texas Board of Health for the purposes of this Act.

(b) The reimbursement obligation of the recipient or the person or persons who have a legal obligation to support the recipient may not exceed the sum of:

(1) the proceeds of insurance, group health plan or prepaid medical care plan, if the proceeds are paid to the recipient or the person or persons who have a legal obligation to support the recipient and if the Texas Department of Health has paid for the services upon which the claims for the proceeds are based; and

(2) five percent of the adjusted gross income, as defined in the United States Internal Revenue Code, as amended, for federal income tax purposes of the recipient or the person or persons who have a legal obligation to support the recipient; minus

(3) the yearly premiums paid by the recipient or the person or persons who have a legal obligation to support the recipient for insurance, group health plan or prepaid medical care plan which provides benefits to pay the cost or part of the cost of the services required by the recipient because of end stage renal disease section; and

(4) a uniform yearly deduction of \$1,000.

(c) The failure or refusal by a recipient of services under this Act and/or by a person or persons who have a legal obligation to support the recipient to provide the financial information necessary for the department to determine the recipient's reimbursement obligation may constitute cause for the modification, suspension, or termination of services in Section 9.2 of this Act.

(d) The failure or refusal by a recipient of services under this Act and/or by a person or persons who have a legal obligation to pay the reimbursement obligation determined by the department to be owed by the recipient or the person or persons who have a legal obligation to support the recipient may constitute cause for the modification, suspension, or termination of services in Section 9.2 of this Act, and/or the filing of a suit for total reimbursement obligation under Subsection 9.1(5) of this Act.

(e) This section may not be interpreted in a manner which would prevent the payment of costs by an insurance company, a group health plan, or a prepaid medical care plan directly to a medical provider.

#### Entitlement to Other Benefits

Sec. 9.1. (1) An applicant or recipient is not eligible to receive services provided by this Act to the extent that the applicant or recipient or other person or persons who have a legal obligation to support the applicant or recipient are eligible for some other benefit that would pay for the service or part

of the service provided by this Act. This requirement may be waived by the Texas Board of Health in certain individually considered cases where its enforcement will deny services to a class of end stage renal disease patients because of conflicting state or federal laws or regulations.

(2) An applicant or recipient of services provided by this Act, or the person or persons who have a legal obligation to support the applicant or recipient, shall inform the department at the time of application or at any time during eligibility and the receipt of services of any other benefit to which the applicant or recipient or other person or persons who have a legal obligation to support the applicant or recipient may be entitled.

(3) In this section, "other benefit" means a benefit to which a person is entitled other than a benefit under this Act for payment of the costs of medical care and treatment, services, pharmaceuticals, transportation, and supplies including but not limited to benefits available under:

- (a) an insurance policy, group health plan, or pre-paid medical care plan;
- (b) Title XVIII or Title XIX of the Social Security Act, as amended;<sup>1</sup>
- (c) Veterans Administration;
- (d) the Civilian Health and Medical Program of the Uniformed Services;
- (e) workers' compensation or other compulsory employers' insurance program;
- (f) a public program created by federal law, state law, or the ordinances or rules of a municipality or political subdivision of the state, except those benefits created by the establishment of a city or county hospital, a joint city-county hospital, a county hospital authority, or a hospital district; or
- (g) benefits available from a cause of action for medical expenses to a person applying for or receiving services from the department or a settlement or judgment based upon such cause or action, if the expenses are related to the need for services provided by the program.

(4) The recipient or other person or persons who have a legal obligation to support a recipient who has received services that are covered by some other benefit shall reimburse the department to the extent of the cost of the services provided when the other benefit is received.

(5) The department may recover the expenditure for services provided under this Act from a person who does not reimburse the department as required by Subsection (4) of this section or from any third party upon whom there is a legal obligation to pay other benefits and to whom notice of the department's interest in the other benefits has been given. At the request of the Commissioner of Health, the attorney general may bring suit in the appropriate court of Travis County on behalf of the department. The court may award attorney's fees, court costs,

and interest accruing from the date the department provides the service to the date the department is reimbursed in a judgment in favor of the department.

(6) This section may not be interpreted in a manner which would limit the freedom of an eligible person in selecting a treating physician, a treatment facility, or a treatment modality if the physician, facility, or modality is approved by the board as required in this Act.

<sup>1</sup> 42 U.S.C.A. § 1395 et seq. or 1396 et seq.

#### Modification, Suspension, or Termination of Services

Sec. 9.2 (a) The department, after notice to an applicant or to a recipient and/or a person or persons who have a legal obligation to support the applicant or recipient, for good cause may modify, suspend, or terminate services to an applicant who has been found to be eligible for services or a recipient who is receiving services from the department.

(b) The criteria for departmental action authorized under this section shall be contained in the department's program rules.

#### Appropriations Authorized

Sec. 10. The legislature shall make such appropriations as may be necessary to carry out all the provisions of this Act.

#### Severability

Sec. 11. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provisions or applications, and to this end the provisions of this Act are declared to be severable.

#### Repealer

Sec. 12. All laws and parts of laws in conflict with or inconsistent with this Act are hereby repealed.

[Acts 1973, 63rd Leg., p. 106, ch. 57, eff. April 26, 1973. Amended by Acts 1975, 64th Leg., p. 1884, ch. 597, § 1, eff. Sept. 1, 1975; Acts 1981, 67th Leg., p. 426, ch. 180, §§ 1 to 4, eff. Aug. 31, 1981.]

## CHAPTER FOUR E. CANCER

### Art. 4477-40. Cancer Control Act

#### Short Title

Sec. 1. This Act may be cited as the Texas Cancer Control Act.

#### Purpose

Sec. 2. It is the intent of the legislature to require the establishment and maintenance of a cancer registry for the State of Texas. This responsibility is delegated to the Texas Board of Health, along with the authority to exercise certain powers to implement this requirement. To insure an accurate and continuing source of data concerning cancer and certain specified precancerous and tumorous diseases, the legislature by this Act requires all general and special hospitals, clinical laboratories, and cancer treatment centers within the state to make available to the Texas Board of Health information contained in the medical records of patients who have cancer or specified precancerous or tumorous diseases. It is intended that the product of these efforts will be a central data bank of accurate, precise, and current information regarding the subject diseases which medical authorities agree would serve as an invaluable tool in their early recognition, prevention, cure, or control.

**Definitions**

Sec. 3. In this Act:

- (1) "Board" means the Texas Board of Health.
- (2) "Department" means the Texas Department of Health.
- (3) "Cancer" includes a large group of diseases characterized by uncontrolled growth and spread of abnormal cells; any condition of tumors having the properties of anaplasia, invasion, and metastasis; a cellular tumor the natural course of which is fatal; and malignant neoplasm.
- (4) "Precancerous disease" means abnormality of development and organization of adult cells. It is a condition of early cancer, without the invasion of neighboring tissue.
- (5) "Tumorous disease" means a new growth of tissue in which the multiplication of cells is uncontrolled and progressive, also called neoplasm. It is a swelling, enlargement, or abnormal mass, either benign or malignant, which performs no useful functions.

(2) make available each medical record to the board or its authorized representative on presentation of proper identification, during normal working hours, on the premises of the respective hospital, clinical laboratory, or cancer treatment center, for the purpose of recording specific data about a patient's cancer, precancerous disease, or tumorous disease, on a form prescribed by the department.

(b) The data required to be produced shall include, but is not limited to:

- (1) diagnosis;
- (2) stage of disease;

The commissioners court of any county shall have power to establish a county hospital and any medical or other health facilities and to enlarge any existing hospitals or facilities for the care and treatment of persons suffering from any illness, disease or injury, subject to the provisions of this chapter. At intervals of not less than twelve months, ten per cent of the qualified property tax paying voters of a county may petition such court to provide for the establishing or enlarging of a county hospital, or any medical or other health facilities, in which event said court within the time designated in such petition shall submit to such voters at a special or regular election the proposition of issuing bonds in such aggregate amount as may be designated in said petition for the establishing or enlarging of such hospital or facilities. Whenever any such proposition shall receive a majority of the votes of the qualified property tax payers voting at such election, said commissioners court shall establish

and maintain such hospital or facilities and shall have the following powers:

1. To purchase and lease real property therefor, or acquire such real property, and easements therein, by condemnation proceedings.

2. To purchase or erect all necessary buildings, make all necessary improvements and repairs and alter any existing buildings, for the use of said hospital or facilities. The plans for such erection, alteration, or repair shall first be approved by the State Health Officer, if his approval is requested by the said commissioners court.

3. To cause to be assessed, levied and collected, such taxes upon the real and personal property owned in the county as it shall deem necessary to provide the funds for the maintenance thereof, and for all other necessary expenditures therefor.

4. To issue county bonds to provide funds for the establishing, enlarging and equipping of said hospital or facilities and for all other necessary permanent improvements in connection therewith; to do all other things that may be required by law in order to render said bonds valid.

8. The Commissioners Court of any county may close by order on terms it considers reasonable any medical facility constructed, purchased, or acquired under this Act, and this order shall be final thirty days after promulgation unless at least ten per cent of the qualified electors in the county petition the Commissioners Court within the thirty days requesting that an election be held in the county to determine whether or not the medical facility should be closed. On proper petition, the Commissioners Court shall set a time for an election and shall submit to the qualified electors of the county ballots providing for voting for or against the proposition: "The closing of (Name of medical facility to be closed)."

Section 2 of the 1977 amendatory act (which added subd. 8 to this article), provided:

"Nothing in this Act shall exempt any county commissioners court from any provision of the Health Planning and Development Act of 1975 [art. 4418h]."

**Art. 4478a. Intervals Between Elections**

The provision contained in Article 4478, Revised Civil Statutes of Texas of 1925, which restricts the presentation of petitions to the Commissioners Court of a county for the establishment of a county hospital to intervals of not less than twelve (12) months shall not be applicable to counties which at the time of presentation of any such petition have no county-owned hospital. Provided however that nothing in this Article will permit the Commissioners Court to submit a bond election for the above purposes to the voters of their respective county more than twice in any twelve-month period.

[Acts 1953, 53rd Leg., p. 13, ch. 18, § 1.]

**Art. 4479. Board of Managers**

When the Commissioners Court shall have acquired site for such hospital and shall have awarded contracts for the necessary buildings and improvements thereon, it shall appoint not less than six (6) nor more than twelve (12) resident property taxpaying citizens of the county who shall constitute a board of managers of said hospital. Except for the term of an initial member, the term of office of each member of said board shall be two (2) years. The Commissioners Court may stagger the terms of members of the board so that as near as possible to one-half of the members' terms expire each year. The initial members of the board may be appointed for terms of less than two years if necessary to fix the scheme for the expiration of members' terms. In case of a tie vote of said board the deadlock may be voted off one way or the other by the county judge of the county. Appointments to fill vacancies occurring by death, resignation or other cause shall be made for the unexpired term. Failure of any manager to attend three (3) consecutive meetings of the board shall cause a vacancy in his office, unless said absence is excused by formal action of the board managers. The managers may receive compensation for their services to consist of such insurance plan as may be deemed necessary by the Commissioners Court to provide hospitalization insurance. The managers shall be allowed their actual and necessary traveling and other expenses within this state to be audited and paid by the Commissioners Court in the same manner as other expenses of the hospital. Any manager after being cited may at any time for cause be removed from office by said court.

The board shall determine the amount of time required to be spent at the hospital by said superintendent in the discharge of his duties. The board shall have the general management and control of the said hospital, grounds, buildings, officers and employes thereof; of the inmates therein, and of all matters relating to the government, discipline, contracts and fiscal concerns thereof; and make such rules and regulations as may seem to them necessary for carrying out the purposes of such hospital. They shall maintain an effective inspection of said hospital and keep themselves informed of the affairs and management thereof; shall meet at the hospital at least once in every month, and at such other times as may be prescribed in the by-laws; and shall hold an annual meeting at least three weeks prior to the meeting of the commissioners court at which appropriations for the ensuing year are to be considered.

[Acts 1925, S.B. 84.]

**Art. 4481. Clinics**

Said board shall also appoint one or more trained visiting nurses to serve in connection with each such dispensary or clinic, and in connection with the hospital, and shall fix their salaries within the limits of the appropriation made therefor by the commissioners court.

[Acts 1925, S.B. 84.]

**Art. 4482. School for Children**

The board may also establish, at the hospital or in the city nearest to which the hospital is situated, or in the largest city in the county, a special and separate school for the education, care and treatment of children suffering from tuberculosis. Said school shall be conducted as a branch of the hospital and the pupils and inmates of said school shall be considered as inmates of the hospital and subject to all the provisions of this law. Said board shall

appoint a teacher or teachers, specially qualified, to instruct and care for the pupil inmates of said school. Said board shall delegate the superintendent of the hospital, a member or members of the staff of visiting physicians, a physician or physicians in attendance upon any county dispensary, or shall employ a physician, to attend the inmates of said school, and to supervise their care and treatment, and shall delegate one of the hospital nurses, or a visiting nurse, or shall employ a nurse to assist in the care and treatment of said pupils.

#### Art. 4483. Health Bulletins

The State Board of Health, from time to time, shall make rules and regulations for the care of persons suffering from communicable disease and for the prevention and spread of such diseases; and prepare bulletins and other publications giving information as to the cause, nature, treatment and prevention of disease. The board of managers shall, from time to time, purchase from the State Board of Health, at the actual cost of printing, printed copies of such rules and regulations, bulletins and other publications, or shall have same printed, and shall send or deliver such copies to all practicing physicians in the county, to all public schools and to such private schools as request such copies, and such organizations, churches, societies, unions and individuals as may present written requests for copies of circulars, pamphlets, bulletins and such other publications prepared by the State Board of Health.

[Acts 1925, S.B. 84.]

#### Art. 4484. Records

The board of managers shall keep in a book provided for that purpose a proper record of its proceedings, which shall be open at all times to the inspection of its members, to the members of the commissioners court and to any citizen of the county. The board shall certify all bills and accounts, including salaries and wages, and transmit them to the commissioners court, who shall provide for their payment in the same manner as other charges against the county are paid.

The board of managers shall make to the commissioners court annually, and at such times as said court shall direct, a detailed report of the operation of the hospital dispensaries and school during the year, showing the number of patients received and the methods and results of their treatment, together with suitable recommendations and such other matter as may be required of them, and shall furnish full and detailed estimates of the appropriations required during the ensuing year for all purposes, including maintenance, the erection of buildings, repairs, renewals, extensions, improvements, betterments or other necessary purposes.

[Acts 1925, S.B. 84.]

#### Art. 4485. Superintendent

The superintendent shall be the chief executive officer of the hospital, but shall at all times be subject to the by-laws, rules and regulations thereof, and to the powers of the board of managers.

He shall, with the consent of the board of managers, equip the hospital with all necessary furniture, appliances, fixtures and all other needed facilities for the care and treatment of patients, and for the use of officers and employes thereof, and shall purchase all necessary supplies, not exceeding the amount provided for such purposes by the commissioners court.

He shall have general supervision and control of the records, accounts and buildings of the hospital, and all internal affairs, and maintain discipline therein, and enforce compliance with and obedience to all rules, bylaws and regulations adopted by the board of managers for the government, discipline and management of said hospital and the employes and inmates thereof. He shall make such further rules, regulations and orders as he may deem necessary, not inconsistent with law or with the rules, regulations and directions of the board of managers. He shall, with the consent of the board of managers, appoint such resident officers and such employes as he may think proper and necessary for the efficient performance of the business of the hospital, and prescribe their duties; and for cause stated in writing, he may discharge any such officer or employe at his discretion, after giving such officer or employe an opportunity to be heard.

He shall cause proper accounts and records of the business and operations of the hospital to be kept regularly from day to day in books and on records provided for that purpose; and shall see that such accounts and records are correctly made up for the annual report as required by this law, and present the same to the board of managers who shall incorporate them in their report to the commissioners court.

He shall receive into the hospital, under the general direction of the board of managers, in order of application, or according to the urgency of need of treatment, any person found to be suffering from any illness, disease or injury, who has been an actual resident and inhabitant of the county for a period of at least one year prior to his application for admission to said hospital. He shall also receive into the hospital, patients sent by the commissioners court of any adjacent county, which has contracted with the board for the care and treatment of its sick and diseased and injured persons, resident in such counties for a period of at least one year. Such patients shall not be received and cared for unless there is sufficient provision for the care of the sick, diseased and injured of the county in which the hospital is situated. Said superintendent shall cause to be kept proper accounts and records of the admission of all patients, their names, age, sex,

color, marital condition, residence, occupation and place of past employment.

He shall cause a careful examination to be made of the physical condition of all persons admitted to the hospital and provide for the treatment of each such patient according to his need; and shall cause a record to be kept of the condition of each patient when admitted and from time to time thereafter.

He shall temporarily or permanently discharge from said hospital any patient who shall wilfully or habitually violate the rules thereof; or who is found not to be sick, diseased or injured; or who is found to have recovered therefrom; or who for any other reason is no longer a suitable patient for treatment therein; and shall make a full report thereof at the next meeting of the board, and the said board shall make such final disposition of the case as they may think proper. From the decision of the board of managers there shall be no appeal.

He shall collect and receive all moneys due the hospital, keep an accurate account of the same, report the same at the monthly meeting of the board of managers, and transmit the same to the county collector within ten days after such meeting.

He shall before entering upon the discharge of his duties, give a bond in such sum as the board of managers may determine, to secure the faithful performance of the duties of his office.

[Acts 1925, S.B. 84.]

#### Art. 4486. Admission of Patients

Any resident of the county in which the hospital is situated, desiring treatment in such hospital, may apply in person to the superintendent or to any reputable physician for examination, and such physician, if he finds that such person is suffering from any illness, disease or injury may apply to the superintendent of the hospital for his admission. Blank forms for such application shall be provided by the hospital and shall be forwarded by the superintendent thereof free to any reputable physician in the county upon request. So far as practicable, applications for admission to the hospital shall be made upon such forms. The superintendent upon receipt of such application, if it appears therefrom that the patient is suffering from illness, disease or injury, and if there be a vacancy in said hospital, shall notify the person named in such application to appear in person at the hospital. If, upon personal examination of such patient, or of any patient applying in person for admission, the superintendent is satisfied that such person is suffering from any illness, disease or injury, he shall admit him to the hospital as a patient. All such applications shall state whether, in the judgment of the physician, the person is able to pay in whole or in part for his care and treatment while at the hospital. Every application shall be filed and recorded in a book kept for that purpose in the order of its receipt. No discrimination shall be made in the accommodations, care or treatment of any patient because of the fact that

the patient or his relatives contribute to the cost of his maintenance, in whole or in part. No patient shall be permitted to pay for his maintenance in such hospital a greater sum than the average per capita cost of maintenance therein, including a reasonable allowance for the interest on the cost of the hospital. No officer or employe of such hospital shall accept from any patient thereof, any fee, payment or gratuity whatsoever for his services.

[Acts 1925, S.B. 84.]

#### Art. 4487. Support of Patients

Whenever a patient has been admitted to said hospital from the county in which the hospital is situated, the superintendent shall cause inquiry to be made as to his circumstances, and of the relatives of such patient legally liable for his support. If he finds that such patient or said relatives are liable to pay for his care and treatment in whole or in part, an order shall be made directing such patient, or said relatives to pay to the treasurer of such hospital for the support of such patient, a specified sum per week, in proportion to their financial ability, but such sum shall not exceed the actual per capita cost of maintenance. The superintendent shall have power and authority to collect such sum from the estate of the patient, or his relatives legally liable for his support, in the manner provided by law for the collection of expenses of the last illness of a deceased person. If the superintendent finds that such patient, or said relatives are not able to pay, either in whole or in part, for his care and treatment in such hospital, the same shall become a charge upon the county. Should there be a dispute as to the ability to pay, or doubt in the mind of the superintendent, the county court shall hear and determine same, after calling witnesses, and shall make such order as may be proper, from which there shall be no appeal.

[Acts 1925, S.B. 84.]

#### Art. 4488. Inspection

The resident officer of the hospital shall admit the managers into every part of the hospital and the premises and give them access on demand to all books, papers, accounts, and records pertaining to the hospital, and shall furnish copies, abstracts, and reports whenever required by them. All hospitals established or maintained under the provisions of this law shall be subject to inspection by any duly authorized representative of the State Board of Health, or any State board of charities that may hereafter be created, and of the commissioners court of the county; and the resident officers shall admit such representatives into every part of the hospital and its buildings and give them access on demand to all records, reports, books, papers and accounts pertaining to the hospital.

[Acts 1925, S.B. 84.]

**Art. 4489. Poorhouse**

Wherever a county hospital for the care and treatment of persons suffering from any illness, disease or injury exists in connection with, or on the grounds of a county poorhouse or elsewhere, the commissioners' court shall appoint a board of managers for such hospital, and such hospital and its board of managers shall thereafter be subject to each provision of this law, in like manner as if it had been originally established hereunder. Any hospital which may hereafter be established by any commissioners court shall in like manner be subject to each provision of this law.

[Acts 1925, S.B. 84.]

**Art. 4490. Additional Hospitals**

(d) If no petition is submitted upon the date fixed for such hearing, and the Commissioners Court, after holding the hearing, finds that due notice has been given, no petition has been filed, and that the proposed leasing of such hospital or portion thereof would be for the best interests and benefit of the county, then such Court may make and cause to be entered upon its minutes an order directing that such county hospital shall be leased. Such Court shall thereupon be fully authorized and empowered to lease such county hospital or portion thereof to be operated as a hospital by the lessee of same under such terms and conditions as may be satisfactory to the Commissioners Court and the lessee. Sec. 3. The Commissioners Court shall have the power and authority to issue and sell as the obligations of such Hospital District, and in the name and upon the faith and credit of such Hospital District, bonds for the acquisition, purchase, construction, equipment and enlargement of the hospital or hospital system, and for any or all of such purposes; provided, that a sufficient tax shall be levied to create an interest and sinking fund to pay the interest and principal as same matures provided said tax together with any other taxes levied for said District shall not exceed Seventy-five Cents (75c) in any one year. Such bonds shall be executed in the name of the Hospital District and on its behalf by the County Judge of the county within which the Hospital District is created, and countersigned by the County Clerk, and shall be subject to the same requirements in the manner of approval thereof by the Attorney General of the State of Texas and the registration thereof by the Comptroller of Public Accounts of the State of Texas as are by law provided for such approval and registration of bonds of such county; and the approval of such bonds by the Attorney General shall have the same force and effect as is by law given to his approval of bonds of such county. In the foregoing computations, any premium or premiums required to be paid upon the bonds to be refunded as a condition to payment in advance of their stated maturity dates shall be taken into account as an addition to the net interest cost to the Hospital District of the refunding bonds.

If the city and the county, or either of them, has voted bonds to provide hospital facilities, but such bonds have not been sold at the date of the creation of the Hospital District, the authority for such bonds shall be canceled, and they shall not be sold.

**County or City Property or Funds; Transfer to District**

Sec. 4. Any lands, buildings or equipment that may be jointly or separately owned by such county and city, and by which medical services or hospital care, including geriatric care, are furnished to the indigent or needy persons of the city and county, shall become the property of the Hospital District; and title thereto shall vest in the Hospital District; provided, however, that whenever any of such property is deemed by the Board of Managers of the Hospital District to be of no further use, presently or in the future, for the purposes for which it was transferred to the Hospital District, the Board of Managers of the Hospital District may, by deed transfer such property, upon any terms deemed suitable by the Board of Managers and the Commissioners Court, back to the city or county from which such property was transferred to the Hospital District upon creation of the Hospital District; and any funds of the city and county, or either, which are the proceeds of any bonds assumed by the Hospital District, as hereby provided, shall become the funds of the Hospital District; and title thereto shall vest in the Hospital District; and there shall vest in the Hospital District and become the funds of the Hospital District the unspent portions of any funds theretofore set up or appropriated by budget or otherwise by the city or the county, or either of them, for the support and maintenance of the hospital facilities for the year within which the Hospital District comes into existence, thereby providing such Hospital District with funds with which to maintain and operate such facilities for the remainder of such year. All obligations under contract legally incurred by the city or county, or either of them, for the building of, or the support and maintenance of, hospital facilities, prior to the creation of the said District but outstanding at the time of the

creation of the District, shall be assumed and discharged by it without prejudice to the rights of third parties, provided that the management and control of the property and affairs of the present hospital system shall continue in the Board of Managers of such system until appointment and organization of the Board of Managers of the Hospital District, at which time the Board of Managers of the present hospital system shall turn over all records, property and affairs of said hospital system to the Board of Managers of the Hospital District and shall cease to exist as a hospital system Board of Managers.

Any outstanding bonded indebtedness incurred by the city or county, either or both of them, in the acquisition of such lands, buildings and equipment, or in the construction and equipping of such hospital facilities, together with any other outstanding bonds issued by either of them for hospital purposes, and the proceeds of which are in whole or in part still unspent, shall be assumed by the Hospital District and become the obligation of the Hospital District; and the city or county, either or both of them, that issued such bonds, shall be by the Hospital District relieved of any further liability for the payment thereof, or for providing interest and sinking fund requirements thereon; provided that nothing herein contained shall limit or affect any of the rights of any of the holders of such bonds against the city or the county, as the case may be, in the event of default in the payment of the principal or interest on any of such bonds in accordance with their respective terms.

The Commissioners Court and the city, where a hospital or hospital system is jointly operated, or the Commissioners Court, where the county owns the hospital or hospital system, as the case may be, as soon as the Hospital District is created and authorized at the election hereinabove provided, and there have been appointed and qualified the Board of Hospital Managers hereinafter provided for, shall execute and deliver to the Hospital District, to wit: to its said Board of Hospital Managers, an instrument in writing conveying to said Hospital District the hospital property, including lands, buildings and equipment; and shall transfer to said Hospital District the funds hereinabove provided to become vested in the Hospital District, upon being furnished the certificate of the Chairman of the Board to the fact that a depository for the District's funds has been selected and has qualified; which funds shall, in the hands of the Hospital District and of its Board of Hospital Managers, be used for all or any of the same purposes as, and for no other purposes than, the purposes for which the county or the city transferring such funds could lawfully have used the same had they remained the property and funds of such county or city.

#### Board of Hospital Managers

Sec. 5. The Commissioners Court shall appoint a Board of Hospital Managers, consisting of not less

than five (5) nor more than seven (7) members, who shall serve for a term of two (2) years, with overlapping terms if desired, and with initial appointments to terms of office arranged accordingly, without pay, and whose duties shall be to manage, control and administer the hospital or hospital system of the Hospital District. The Board of Managers shall have the power and authority to sue and be sued and to promulgate rules and regulations for the operation of the hospital or hospital system.

The Board shall appoint a general manager, to be known as the Administrator of the Hospital District. The Administrator shall hold office for a term not exceeding two (2) years, and shall receive such compensation as may be fixed by the Board. The administrator shall perform all duties which may be required of him by the Board, and shall supervise all of the work and activities of the District, and have general direction of the affairs of the District, within such limitations as may be prescribed by the Board. He shall be a person qualified by training and experience for the position of Administrator.

The Board of Managers shall have the authority to appoint to the staff such doctors and to employ such technicians, nurses and other employees of every kind and character as may be deemed advisable for the efficient operation of the hospital or hospital system; provided that no contract or term of employment shall exceed the period of two (2) years.

The Board of Managers, with the approval of the Commissioners Court shall be authorized to contract with any county for care and treatment of such county's sick, diseased and injured persons, and with the State and agencies of the Federal Government for the care and treatment of such persons for whom the State and such agencies of the Federal Government are responsible. Further, under the same conditions, the Board of Managers may enter into such contracts with the State and Federal Government as may be necessary to establish or continue a retirement program for the benefit of its employees.

If care or treatment is given to a resident of a county outside the Hospital District which has not contracted with the Board of Managers for such services, and said non-resident is wholly without financial means except such as are derived from charity, that County shall, upon presentation of a certified statement that care or treatment was necessary for the preservation of human life and was actually performed, be obligated to reimburse the

Hospital District in an amount not to exceed the actual cost of the service rendered.

A majority of the Board of Hospital managers shall constitute a quorum for the transaction of any business. From among its members, the Board shall choose a Chairman, who shall preside; or in his absence a Chairman pro tempore shall preside; and the Administrator or any member of the Board may be appointed Secretary. The Board shall require the Secretary to keep suitable records of all proceedings of each meeting of the Board. Such record shall be read and signed after each meeting by the Chairman or the member presiding, and attested by the Secretary. The Board shall have a seal, on which shall be engraved the name of the Hospital District; and said seal shall be kept by the Secretary and used in authentication of all acts of the Board.

**Retirement System**

Sec. 5a. The Board of Managers may in addition to retirement programs authorized by this Act establish such other retirement program for the benefit of its employees as it deems necessary and advisable.

(b) To further effectuate such powers, the Board of Managers, with the approval of the Commissioners Court, may cooperate and contract with the United States government, the State of Texas, any municipality or other hospital district, or any department of those governing bodies, or with any privately owned or operated hospital, corporate or otherwise, which privately owned or operated hospital is

situated in the hospital district; provided, in the opinion of the Board of Managers and of the Commissioners Court, such a contract is deemed expedient and advantageous to the hospital district under existing circumstances, and be for such fair and reasonable compensation and on such other terms and for such length of time as may be deemed to further and assist the hospital district in performing its duty to provide medical and hospital care to needy inhabitants of the county.

(c) This amendment to Chapter 266, Acts of the 53rd Legislature, Regular Session, as amended (Article 4494-n, Vernon's Annotated Civil Statutes as amended), shall be considered and construed as more specifically expressing certain existing powers and cumulatively granting certain other powers to hospital districts created or which may be created under such Act.

Sec. 6. The Commissioners Court of any such county shall have the power to prescribe the method and manner of making purchases and expenditures by and for such Hospital District, and also shall be authorized to prescribe all accounting and control procedures, or may delegate any or all such powers to the Board of Managers of such District by the adoption of an appropriate resolution or order to that effect. The Hospital District shall pay all salaries and expenses necessarily incurred by the county or any of its officers and agents in performing any duties which may be prescribed or required under this section. It shall be the duty of any officer, employee or agent of such county to perform and carry out any function or service prescribed by the Commissioners Court hereunder.

In condemnation proceedings being prosecuted by the said District, the District shall not be required to pay in advance or to give bond or other security for costs in the trial court, nor to give any bond otherwise required for the issuance of a temporary restraining order or a temporary injunction relating to a condemnation proceeding, nor to give bond for costs or for supersedeas on any appeal or writ of error proceeding to any Court of Appeals, or to the Supreme Court.

Sec. 10. Within thirty (30) days after the appointment of the Board of Hospital Managers of any District created under this Act, the said Board shall select a depository for such District in the manner provided by law for the selection of county depositories; and such depository shall be the depository of such District for a period of two (2) years thereafter, until its successor is selected and qualified. In the alternative, the Board may elect to use the depository theretofore selected by the coun-

#### Inspection of Districts

Sec. 11. #### Legal Representatives of District

Sec. 12. It shall be the duty of the County Attorney, District Attorney or Criminal District Attorney, as the case may be, charged with the duty of representing the county in civil matters, to represent the Hospital District in all legal matters; provided, however, that the Board of Hospital Managers shall be authorized at its discretion to employ additional legal counsel when the Board deems advisable.

legally liable for his support. If he finds that such patient or said relatives are liable to pay for his care and treatment in whole or in part, an order shall be made directing such patient, or said relatives, to pay to the treasurer of the Hospital District for the support of such patient a specified sum per week, in proportion to their financial ability, but such sum shall not exceed the actual per capita cost of maintenance. The Administrator shall have power and authority to collect such sum from the estate of the patient, or his relatives legally liable for his support, in the manner provided by law for the collection of expenses of the last illness of a deceased person. If the Administrator finds that such patient or said relatives are not able to pay, either in whole or in part, for his care and treatment in such hospital, the same shall become a charge upon the Hospital District. Should there be a dispute as to the ability to pay, or doubt in the mind of the Administrator, the County Court shall hear and determine same, after calling witnesses, and shall make such order as may be proper, from which appeal shall lie to the District Court by either party to the dispute.

This Act shall apply to Hospital Districts created before the passage hereof, as well as to any such Districts hereafter created, and any such District created by election power to the effective date of this Act is hereby validated, confirmed and ratified.

All acts of the Commissioners Courts of the counties of such districts in ordering an election or elections submitting to a vote of the qualified property taxpaying voters of the counties the following statutory proposition:

"The creation of a hospital district; providing for the levy of a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollars (\$100) valuation; and providing for the assumption by such district of all outstanding bonds heretofore issued by \_\_\_\_\_ County, and by any City in said County for hospital purposes" are hereby ratified, validated and confirmed. Such election or elections and all acts of the Commissioners Courts in such counties in declaring the results thereof are hereby ratified, validated and confirmed. The fact that by inadvertence or oversight any act was omitted by the Commissioners Court or any official of any such county in ordering an election or elections or in giving sufficient statutory notice thereof or in declaring the results thereof, shall in nowise invalidate any of such proceedings or the creation of the hospital district sought to be created by such proceedings.

Sec. 2. This Act shall apply only to hospital districts created or sought to be created within counties eligible under the provisions of Article IX, Section 4 of the Texas Constitution and the aforementioned Article 4494n, Vernon's Civil Statutes of Texas, and in which an election has been held on the voting proposition specified in Section 1 hereof which resulted in the adoption of said proposition by a majority of the vote of the qualified property taxpaying voters in the county participating in said election.

Sec. 3. This Act shall not apply to any hospital district which is now involved in litigation in any district court of this State, the Court of Civil Appeals, or the Supreme Court of Texas, at the effective date of this Act, in which litigation the validity of the organization or creation of such hospital district is attacked, if such litigation is ultimately determined against the validity of the organization or creation of the hospital district.

Sec. 2. Provided that all construction projects originated or initiated under the terms of this Act, shall be let by contract, which contract shall contain the prevailing wage for all mechanics, laborers, and persons employed in the construction of such project. When the attorney general has approved such bonds and they have been registered by the Comptroller of Public Accounts of the State of Texas and sold and delivered, they shall be binding, legal, valid, and enforceable obligations of any such district, and said bonds shall be incontestable. Provided, however, that, with respect to bonds required by law to be authorized at an election held within any such district, this Act shall apply only to such bonds as were authorized at an election or elections wherein at least a majority of the votes cast by the qualified voters in the district, voting thereat, were in favor of the issuance of the bonds.

Sec. 4. This Act shall not be construed as validating any proceedings or bonds issued or to be issued, the validity of which is contested or under attack in any suit or litigation pending at the time this Act becomes effective, if such suit or litigation is ultimately determined against the validity thereof.

Sec. 5. If any word, phrase, sentence, or portion of this Act is for any reason held unconstitutional,

Such districts may or may not include villages, towns, and municipal corporations, or any portion thereof, but no land shall at the same time be included in more than one Public Hospital District created hereunder. It is provided, however, that no such district shall be formed unless the assessed valuation of all property in such district shall exceed Twenty-five Million Dollars (\$25,000,000.00), within a county having an assessed valuation of not less than Two Hundred Million Dollars (\$200,000,000.00), nor shall any such district be created in counties having in excess of 75,000 population according to the then next preceding federal census.

Said petition may also incorporate therein a request for the Commissioners Court, in the event an election is ordered for the creation of such district, to submit at the same election the question of levying a tax for the construction and/or equipment and/or maintenance and/or purchase of hospital buildings and grounds for such district, in the event same is created, and/or the bonds to be issued for the construction and/or the acquisition of sites therefor, and to provide for the interest and sinking fund for such bonds by levying of such taxes as will be necessary in this connection.

**Cash Deposit with Petition; Disposition**

Sec. 3. Said petition shall be accompanied by Two Hundred Dollars (\$200.00) in cash, which shall be deposited with the clerk of said court, and by him held until after the results of the election for the creation of the district and issuance of bonds is officially made known. If said election is in favor of the establishment of said district, then the clerk

If said election is against the establishment of such district, then the clerk shall pay out of said deposit upon vouchers approved and signed by the County Judge, all costs and expenses pertaining to said proposed district up to and including said election, and the balance shall be returned to the petitioners, their agent or attorney.

**Hearing on Petition; Time for Hearing; Notice**

**Order for Election; Prerequisites; Questions Submitted**

Sec. 5. If at the hearing, the court finds that such petition has been signed by the requisite number of qualified taxpaying voters, correctly describes the boundaries of the proposed district, and otherwise conforms to the provisions of this Act, then the court shall so find and shall enter an order for an election to be held in the proposed district within a time not less than twenty (20) days and not more than thirty (30) days after such order is issued, to determine whether or not such Public Hospital District shall be created and formed; and in the event the petition for the creation of such Public Hospital District was accompanied by a request to submit the question of levying of a tax for the construction and/or equipment and/or maintenance and/or purchase of hospital buildings and grounds for such district, in the event same is created and/or bonds to be issued for the construction and/or equipment of hospital buildings and/or the acquisition of sites therefor, and to provide for the interest and sinking fund for such bonds by levying of such taxes as will be necessary in this connection, then such order shall also submit such question of levying a tax and/or issuing bonds according to the terms of said petition. Such order shall contain a description of the metes and bounds of such Public Hospital District to be formed, and shall fix the date of such election. A majority vote of the qualified taxpaying voters in said district voting in said election shall determine the question or questions submitted in said order.

**Canvass of Election Returns; Declaration and Entry of Results**

Sec. 6. Said Commissioners Court shall within ten (10) days after holding such election make a canvass of the returns and declare the results of the election. The court shall then enter an order in the minutes as to the results.

**Board of District Hospital Trustees; Election;  
Powers and Duties**

Sec. 7. Such Public Hospital District shall be governed, administered and controlled by and under the direction of a Board of five Public District Hospital Trustees elected at large from the Public Hospital District by the qualified voters of said district, it being provided that whenever an election is ordered for the creation of such district at the same election at which shall be determined the creation of such district, there shall also be submitted and voted upon the question of who shall be the Public District Hospital Trustees, in the event such district is created. The five candidates for Public District Hospital Trustees receiving the highest number of votes at such election shall be declared the Trustees of such Public District Hospital. Such Trustees so elected, when duly qualified hereunder, shall be the legal and rightful Public District Hospital Trustees for such district within the full meaning and purpose of this law. Such Trustees shall hold office until the next regular election for state and county officers and shall then and thereafter be elected every two years at each general election. Any candidate desiring to be voted upon as such first Trustee shall present a petition to the Commissioners Court not later than three days before the order authorizing the election is issued by the court, and shall be accompanied by a petition of not less than one hundred (100) of the qualified voters in such district, requesting that his name be placed on the ticket as a candidate for such Trustee. Said Board of Trustees shall adopt such rules, regulations, and bylaws as they may deem proper, and they shall have exclusive power to manage and govern said Public District Hospital and as such they shall constitute a body corporate by the name of "\_\_\_\_\_ County Public Hospital District No. \_\_\_\_\_" and in that name may acquire and hold real and personal property, sue and be sued, and may receive bequests and donations or other moneys or funds coming legally into their hands and may perform other acts for the promotion of health in said district.

**Oath of Trustees**

Sec. 8. Before entering upon his duties, each Trustee shall take and subscribe before the County Judge an oath faithfully to discharge the duties of his office without favor or partiality, and to render a true account of his activities to the court whenever requested to do so. Such oath shall be filed by the clerk of the court and preserved as a part of the district records.

**Bond of Trustees**

Sec. 9. Each Trustee shall give a good and sufficient bond for Five Thousand Dollars (\$5,000.00) payable to the County Judge for the use and benefit of the district, conditioned upon the faithful performance of his duties.

**Compensation of Trustees; Expenses;  
Organization; Quorum; Seal**

Sec. 10. The Trustees shall serve without compensation but shall be reimbursed for actual expenses incurred in the performance of their duties hereunder. The Trustees shall organize by electing one of their number chairman and one secretary, and such other officers as they may deem fit. Three Trustees shall constitute a quorum which shall be sufficient in all matters pertaining to the business of said district. All proceedings of the Board of Trustees shall be by motion or resolution recorded in a book or books kept for such purpose, which shall be public records. The Board of Trustees shall adopt an official seal.

**Superintendent and Other Officers**

Sec. 11. The Board of Trustees of such Public Hospital District shall appoint a superintendent and such other officers as they may deem necessary and fix the salary or other compensation to be received by each of them. All such appointments shall be for an indefinite time and may be removable at the will of the Board of Trustees. The superintendent shall be the chief administrative officer of the Public District Hospital and shall have control of administrative functions of said hospital. He shall be responsible to the Board of Trustees for the efficient administration of all affairs of the hospital. In case of the absence or temporary disability of the superintendent a competent person shall be appointed by the Board of Trustees. The superintendent shall be entitled to attend all meetings of the Board of Trustees and its committees and to take part in the discussion of any matters pertaining to the duties of his department, but shall have no vote. Such Public Hospital District superintendent shall have power, and it shall be his duty:

1. To carry out the orders of the Board of Trustees, and to see that all the laws of the state pertaining to matters within the functions of his department are duly enforced;

2. To keep the Board of Trustees fully advised as to the financial condition and needs of the district. To prepare, each year, an estimate for the ensuing fiscal year of the probable expenses of his department, and to recommend to the Board of Trustees what development work should be undertaken, and what extensions and additions, if any, should be made, during the ensuing fiscal year, with an estimate of the costs of such development work, extensions and additions. To certify to the Board of Trustees all the bills, allowances and payrolls, including claims due contractors of public works. To recommend to the Board of Trustees salaries of the employees of his office and a scale of salaries or wages to be paid for the different classes of service required by the district.

**Additional Bond Issue; Election**

Sec. 12. If the proceeds of the original bond issue shall be insufficient to complete the construc-

tion and/or equipment and/or maintenance and/or purchase of hospital buildings and grounds for such district, or if the Trustees determine to provide for additional construction and/or equipment and/or maintenance and/or purchase of hospital buildings and grounds, they shall certify to said court the necessity for an additional bond issue, stating the amount required, the purpose of same, the rate of interest of said bonds and the time for which they are to run. Said court shall thereupon order an election on the issuance of said bonds to be held within such district at the earliest possible legal time. The outstanding bonds and the additional bonds so ordered shall not exceed in amount one-fourth of the assessed value of the real property in such district, as shown by the latest annual assessment thereof made for county taxation.

**Changes in Proposed District; Procedure; Notice**

Sec. 13. After the issuance of bonds is authorized the Trustees may make changes in said proposed Public District Hospital, additions, or betterments thereto, extensions thereof, or equipment therefor, which will be of advantage to the Public District Hospital, which changes will not increase the cost of such proposed project beyond the amount of bonds authorized. Such changes may be made by the Trustees by entering on the minutes a notation of such changes. Notice of such change or changes shall be given by publication of such notation with the book and page number of the minutes for two successive weeks in some newspaper of general circulation, published in the English language, within the county in which such district is situated.

**Record Book for Bonds; Inspection; Recording Fees**

Sec. 14. Before issuing any bonds hereunder, the court shall provide a well-bound book, in which a record shall be kept by the County Clerk of all bonds issued, with their numbers, amount, rate of interest and date of issue, when due, where payable and amount received for the same, and the annual rate of assessment made each year to pay the interest on said bonds and provide a sinking fund for their payment, and upon the payment of any bond an entry thereof shall be made in said book. Said book shall at all times be open to inspection of all parties interested in said district either as taxpayers or bondholders. The County Clerk shall receive for his service in recording all bonds and other instruments of the district the same fees as provided by law for other like records.

**Bonds; Issuance; Procedure; Denominations; Interest Rate; Majority**

Sec. 15. All bonds issued hereunder shall be issued in the name of the district, signed by the County Judge and attested by the County Clerk, with the seal of the court affixed thereto. Such bonds shall be issued in denominations of not less than One Hundred Dollars (\$100.00) nor more than One Thousand Dollars (\$1,000.00) each, and shall bear interest at not exceeding six per cent (6%) per

annum, payable annually or semi-annually. Such bonds shall by their terms provide the time, place, manner and conditions of their payment, and the rate of interest thereon, as may be determined and ordered by the court. No bonds shall be made payable more than thirty (30) years after the date thereof.

**Attorney General; Certification of Validity of Bonds**

Sec. 16. Before any bonds are offered for sale, the district shall forward to the Attorney General a copy of the bonds to be issued, a certified copy of the order of the court levying the tax to pay the interest and provide a sinking fund, and a statement of the total bonded indebtedness of such district as such, including the series of bonds proposed, and the assessed value of property for the purpose of taxation as shown by the latest official assessment of the county, with such other information as the Attorney General may require. Such officer shall carefully examine said bonds, and if he shall find that they are issued in conformity with the constitution and laws, and that they are valid and binding obligations upon such district, he shall so officially certify.

**Registration of Bonds by Comptroller; Prima Facie Evidence; Defenses Against Validity**

Sec. 17. When said bonds have been so approved, they shall be registered by the Comptroller in a book to be kept for that purpose, and the certificate of their approval shall be preserved of record for use in the event of litigation. Thereafter, said bonds shall be held prima facie valid and binding obligations in every action, suit or proceeding in which their validity is brought in question. In every suit to enforce the collection of said bonds, the certificate of the Attorney General, or a duly certified copy thereof, shall be admitted and received in evidence as prima facie proof of the validity of such bonds, together with the coupons attached thereto. The only defense that can be offered against the validity of such bonds shall be forgery or fraud.

**Bond of County Judge; Payment of Premium**

Sec. 18. After the Public Hospital District bonds have been registered, the County Judge shall at once execute a good and sufficient bond, payable to the Trustees and approved by them, for an amount not less than the amount of the bonds issued, conditioned upon the faithful discharge of his duties. If said bond is executed by a satisfactory surety company, the district may pay a reasonable amount as premium on said bond, which shall be paid out of the construction and maintenance fund upon presentation of the bill therefor to the Trustees. If there is any controversy as to the reasonableness of the amount claimed as such premium, such controversy may be determined by any court of competent jurisdiction. Said premium may be deducted by the Board of Trustees from the commission allowed the County Judge on the sale of bonds by him.

**Sale of Bonds; Disposition of Proceeds;  
District Funds**

Sec. 19. When the bonds have been registered, the County Judge shall, under the direction of the Commissioners Court, advertise and sell such bonds on the best terms and for the best price possible, not less than the par value and accrued interest. All money received from such sale shall be turned over as received by the County Judge to the County Treasurer and shall be by him placed to the credit of the district in the construction and maintenance fund thereof. The County Treasurer of the county in which such district is situated shall be the treasurer of the district, and all funds in the district shall be paid to him as such treasurer and shall be disbursed by him only by warrants drawn and signed by the chairman of the Board of Trustees, or such other officer of the district as may be selected and designated by the Board of Trustees. The County Treasurer shall maintain in the name of the Public Hospital District such funds as may be created by the Board of Trustees, and into which shall be placed such moneys as the Board of Trustees may by its resolution direct. All such Public Hospital District funds shall be deposited with the county depositories under the same resolutions, contracts and securities as are provided by statute for county depositories, and all interest collected on such hospital funds shall belong to such Public Hospital District.

**Tax Levy to Pay Bonds and Interest; Sinking Fund**

Sec. 20. When bonds have been voted, the court shall annually levy and cause to be assessed and collected taxes upon all property within the district, whether real, personal, or otherwise, and sufficient in amount to pay the interest on such bonds as it falls due, and to redeem such bonds at maturity. Such taxes when so collected shall be placed in the interest and sinking fund.

**Annual Report by Trustees**

Sec. 21. The Trustees shall annually, on or before the first day of June, prepare and file with the court a full detailed report of the condition of the Public District Hospital with an estimate of the probable cost of maintenance, operation, and needed repairs during the ensuing year, together with an inventory of all funds, effects, property and accounts belonging to such district and a list of all lawful demands, debts, and obligations against the district. Such report shall be verified by the Trustees and carefully investigated and considered by the court before any levy of taxes is made under the succeeding section.

**Assessment and Collection of Taxes; Maximum  
Rate; Disposition**

Sec. 22. Following the investigation and consideration of said above report, the Commissioners Court shall cause to be assessed and collected taxes upon all property in the district, whether real, per-

sonal, or otherwise, sufficient to maintain, keep in repair, to preserve and operate the Public District Hospital, and to pay all legal, just, and lawful debts, damages, and obligations against such district. Such levy shall never, in any one year, exceed two-tenths of one per cent ( $\frac{2}{10}$  of 1%) of the total assessed valuation of such district for such year. Such taxes when so collected shall be placed in the construction and maintenance fund.

**Sale of Bonds Not Required for Purpose for  
Which Voted**

Sec. 23. If any bonds remain which are not required for the purpose for which they were voted, then with the consent of the Commissioners Court duly made of public record, such bonds or a part thereof may be sold and the proceeds of the sale thereof may be placed in the construction and maintenance fund and used for the purpose stated in the section next preceding.

**County Tax Assessor; Powers and Duties; Board  
of Equalization**

Sec. 24. The county tax assessor-collector shall assess and collect taxes for the district.

Secs. 25 to 28. Repealed by Acts 1979, 66th Leg., p. 2329, ch. 841, § 6(a)(1), eff. Jan. 1, 1982.

**Elections as to Separate Officers for District; Notice**

Sec. 29. After the establishment of a district, and upon the petition of not less than five per cent (5%) of the qualified taxpaying voters thereof, the court may order an election to determine whether or not such district shall have a separate tax assessor and collector. Notice of such election shall be given as in the original election, and if said proposition carries by a two-thirds vote, the said Trustees shall appoint a suitable person as assessor and collector.

**County Treasurer's Duties**

Sec. 30. The County Treasurer shall open an account with the district and keep an accurate account of all money received by him belonging to such district, and of all amounts paid out by him. He shall pay out no money except upon a voucher signed by the chairman or any two members of the Board of Trustees. He shall carefully preserve on file all orders for the payment of money, and as often as required by the Trustees or the court, he shall render a correct account to them of all matters pertaining to the financial condition of the district.

**Compensation of Treasurer**

Sec. 31. The treasurer shall be allowed as pay for his services as such, one-fourth of one per cent upon all money received by him for the account of such district, and one-eighth of one per cent upon all money by him paid out upon the order of the district. He shall not be entitled to any commissions on any district money received by him from his predecessor in office.

**Payment of Obligations Incurred in Establishing  
District; Sources**

Sec. 32. After the establishment of a Public Hospital District all legal and just expenses, debts, and obligations other than bonds and interest thereon arising and created after the filing of the original petition and necessarily incurred in the creation, establishing, operation, and maintenance of such Public District Hospital shall be paid out of the construction and maintenance fund of such district, which fund shall consist of all money, effects, property, and proceeds received by such district from all sources, except that portion of the tax collections which shall be necessary to pay the interest on the bonded indebtedness as it falls due and the payment of bonds at maturity. Said tax collections shall be placed in and paid out of the interest and sinking fund of such district for such purposes, and such fund may be invested for the benefit of the district in such bonds and securities as the Attorney General may approve. Such funds shall be held for the respective purposes for which they were created, and if money is improperly paid out of either, the Commissioners Court may cause the County Treasurer to make the necessary transfer of such amount in the district accounts to restore the fund so improperly used.

**Powers of Districts**

Sec. 33. All Public Hospital Districts organized under the provisions of this Act shall have the power:

(a) To construct, condemn and purchase, purchase and acquire, lease, add to, maintain, operate, develop and regulate, sell and convey all lands, property, property rights, equipment, hospital facilities and systems for the maintenance of hospitals, buildings, structures and any and all other facilities, and to exercise the right of eminent domain to effectuate the foregoing purposes or for the acquisition and damaging of the same or property of any kind appurtenant thereto, and such right of eminent domain shall be exercised and instituted pursuant to a resolution of the Board of Trustees and constituted in the same manner and by the same procedure as is or may be provided by law for the exercise of the power of eminent domain by incorporated cities and towns of the State of Texas in the acquisition of property rights. It is provided, however, that no Public Hospital District shall have the right of eminent domain and the power of condemnation against any hospital, clinic, or sanatorium operated as a charitable, non-profit establishment or against a hospital, clinic or sanatorium operated by a religious group or organization, or against any privately owned or operated hospital or clinic, corporate or otherwise, in said district;

(b) To lease existing hospitals and equipment and/or other property used in connection therewith, and to pay such rental therefor as the Trustees shall deem proper; to provide hospital service for residents of said district in hospitals located outside

the boundaries of said district, by contract or in any other manner said Trustees may deem expedient or necessary under the existing conditions; and said hospital district shall have the power to contract with other communities, corporations, or individuals for the services provided by said hospital district; and they may further receive in said hospital and furnish proper and adequate services to all persons not residents of said district at such reasonable and fair compensation as may be considered proper; provided, that it must at all times make adequate provision for the needs of the district, and residents of said district shall have prior rights to the available facilities of said hospitals, at rates set by the District Trustees;

(c) For the purposes aforesaid, it shall be lawful for any district so organized to take, condemn and purchase, lease, or acquire, any and all property, and property rights, for any of the purposes aforesaid, and any and all other facilities necessary or convenient, and in connection with the construction, maintenance and operation of any such hospital, except as herein duly excepted in paragraph (a) of this section;

(d) To contract indebtedness or borrow money for corporate purposes on the credit of the corporation or the revenues of the public hospitals thereof, and to issue bonds as herein provided;

(e) To enter into any contract with the United States government or any state, municipality, or other hospital district, or any department of those governing bodies, for carrying out any of the powers authorized by this Act;

(f) To sue and be sued in any court of competent jurisdiction; provided, that said Public Hospital District shall not be liable for negligence for any act of any officer, agent or employee of said district; and provided that all suits against the Public Hospital District shall be brought in the county in which the Public Hospital District is located;

(g) To make contracts, employ superintendents, attorneys and other technical or professional assistance and all other employees; to print and publish information or literature and to do all other things necessary to carry out the provisions of this Act.

**Contracts Exceeding \$2000; Competitive  
Bidding; Bond of Contractor**

Sec. 34. Any contract of any nature whatsoever entered into by the Board of Trustees on behalf of said Public Hospital District in excess of Two Thousand Dollars (\$2,000.00) shall be let to the lowest bidder after advertising the same in one or more newspapers of general circulation in this state once a week for four consecutive weeks, and by posting notices thereof for at least twenty-five (25) days in four public places in the county, one at the courthouse door and at least two within the district. Any person, firm, or corporation desiring to bid on any such contract shall, upon application to the Trustees, be furnished with a copy of the plans and

specifications or other data necessary in making said bid. All bids shall be in writing and sealed and delivered to the chairman of the Board of Trustees, with a certified check for at least five per cent (5%) of the total amount bid, which shall be forfeited to the district in case the bidder refuses to enter into a proper contract if his bid is accepted. Any bid may be rejected if deemed too high. The contractor shall give bond in the amount of the contract price, payable to the Trustees, conditioned that he will faithfully perform the obligations, agreements, and covenants of the contract, and that in default thereof he will pay to said district all damages sustained by reason thereof. Said bond shall be approved by the Board of Trustees.

**Art. 4494p. Optional Hospital District Law of 1957**

**Short Title**

Sec. 1. This Act shall be known and may be cited as the Optional Hospital District Law of 1957.

**Purpose**

Sec. 2. The purpose of this Act is to provide a method for establishment and administration of county-wide hospital districts, in addition to the method provided in Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended;<sup>1</sup> and this Act shall in no way be considered as an amendment to any existing hospital district law nor shall it in any way be construed or considered as a repeal of any existing laws, but shall be cumulative of any and all existing laws providing for the creation and management of hospital districts. Any county may elect under which Act it desires to create its hospital district, and when it has so elected it shall be governed by the specific law under which it was so created unless and until changed by an election as provided in Section 18 of this Act.

<sup>1</sup> Article 4494n.

**Creation of District**

Sec. 3. (a) Any county authorized to establish a hospital district pursuant to Section 4 of Article IX of the Constitution of Texas, that does not own or operate, or that does own and operate a hospital or hospital system, by itself or jointly with a city, for indigent and needy persons, may be constituted a hospital district as hereinafter set out, and may take over the hospital or hospital system, either owned separately by a county or jointly with a city, or may provide for the establishment of a hospital or hospital system to furnish medical aid and hospital care to the indigent and needy persons residing in the hospital district; provided, however, that such hospital district shall not be created unless and until an

election is duly held in the county for such purpose, which election may be initiated by the Commissioners Court upon its own motion or upon a petition of one hundred (100) resident qualified property tax-paying voters, to be held not less than thirty days from the time the election is ordered by the Commissioners Court.

(b) At the time the order for the holding of such election is entered by the Commissioners Court, the Commissioners Court shall determine the amount of tax needed for the operation and maintenance of such hospital system and the retirement of any outstanding bonded indebtedness which is to be assumed by such district not to exceed seventy-five cents (75¢) on the One Hundred Dollars (\$100) assessed valuation.

(c) At the election there shall be submitted to the qualified property taxpaying voters the proposition of whether or not a hospital district shall be created in the county; and a majority of the qualified property taxpaying voters participating in said election voting in favor of the proposition shall be necessary. The ballots shall have printed thereon:

“FOR the creation of a hospital district under the Optional Hospital District Law of 1957; providing for the levy of a tax not to exceed (the amount determined by order of the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation”; and

“AGAINST the creation of a hospital district under the Optional Hospital District Law of 1957; providing for the levy of a tax not to exceed (the amount determined by order of the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation.”

If such county or city, either or both of them, has any outstanding bonds theretofore issued for hospital purposes (which by the provisions of Section 6 of this Act are required to be assumed by the hospital district), then the ballots for such election shall, instead of the foregoing, have printed thereon:

“FOR the creation of a hospital district under the Optional Hospital District Law of 1957; providing for the levy of a tax not to exceed (the amount of tax determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation; and providing for the assumption by such district of all outstanding bonds heretofore issued by \_\_\_\_\_ County, and by any city in said county for hospital purposes”; and

“AGAINST the creation of a hospital district under the Optional Hospital District Law of 1957; providing for the levy of a tax not to exceed (the amount of tax determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation; and providing for the assumption by such district of all outstanding bonds heretofore issued by \_\_\_\_\_ County, and by any city in said county for hospital purposes.”

**Taxes of District; Deposit of Taxes and Other Income**

Sec. 4. (a) The Commissioners Court of any county which has voted to create a hospital district shall have the power and the authority, and it shall be its duty, to levy on all property subject to hospital district taxation for the benefit of the district, a tax of not to exceed the amount determined by the Commissioners Court in calling the election and so stated on the ballot in which the district was approved, on the One Hundred Dollars (\$100) valuation of all taxable property within the hospital district, for the purpose of (1) paying the interest on and creating a sinking fund for bonds which may have been assumed or which may be issued by the hospital district for hospital purposes, as herein provided; (2) providing for the operation and maintenance of the hospital or hospital system; and (3) for the purpose of making further improvements and additions to the hospital system, and for the acquisition of necessary sites therefor, by purchase, lease or condemnation.

(b) The tax so levied shall be collected on all property subject to hospital district taxation by the assessor and collector of taxes for the county. All income of the hospital district shall be deposited in the district depository. Warrants against hospital district funds shall not require the signature of the county clerk.

(c) The Commissioners Court shall have the authority to levy the tax aforesaid for the entire year in which the hospital district is established, for the purpose of securing funds to initiate the operation of the hospital district, and to pay assumed bonds.

(d) After the creation of such district the tax levy so approved in the creation of the district shall not be increased unless and until an election is duly held in the county for such purpose, which election may be initiated by the Commissioners Court upon its own motion or upon a petition of one hundred (100) resident qualified property taxpaying voters, to be held not less than thirty (30) days from the time the election is ordered by the Commissioners Court. In calling the election the Commissioners Court shall determine the amount of increase in the tax levy needed for the proper maintenance of such hospital system, provided the increase together with the existing levy for the district shall not exceed seventy-five cents (75¢) in any one year. There shall be submitted to the qualified property taxpaying voters the proposition of whether or not the tax levy for the hospital district shall be increased, and a majority of the qualified property taxpaying voters participating in the election voting in favor of the proposition shall be necessary. The ballot shall have printed thereon:

“FOR the increase of the hospital district tax from (the existing tax levy) to (the amount of existing tax plus the increase determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation”; and

“AGAINST the increase of the hospital district tax from (the existing tax levy) to (the amount of existing tax plus the increase determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation.”

(e) Increases in such hospital district tax levy may be had in the above manner from time to time so long as the total levy never exceeds seventy-five cents (75¢) on the One Hundred Dollars (\$100) valuation.

**Bonds of District; Taxes to Pay Bonds and Interest; Sinking Funds**

Sec. 5. (a) The Commissioners Court shall have the power and authority to issue and sell as the obligations of such hospital district, and in the name and upon the faith and credit of such hospital district, bonds for the acquisition, purchase, construction, equipment and enlargement of the hospital or hospital system, and for any or all of such purposes; provided, that a sufficient tax shall be levied to create an interest and sinking fund to pay the interest and principal as same matures, but such tax together with any other taxes levied for the district shall not exceed seventy-five cents (75¢) in any one year. Such bonds shall be executed in the name of the hospital district and on its behalf by the county judge of the county within which the hospital district is created, and counter-signed by the county clerk, and shall be subject to the same requirements in the manner of approval thereof by the Attorney General of the State of Texas and the registration thereof by the Comptroller of Public Accounts of the State of Texas as are by law provided for such approval and registration of bonds of such county; and the approval of such bonds by the Attorney General shall have the same force and effect as is by law given to his approval of bonds of such county.

(b) No bonds shall be issued by such hospital district (except refunding bonds) until authorized by a majority vote of the legally qualified property taxpaying voters, residing in such hospital district, voting at an election called and held in accordance with the provisions of Chapter 1 of Title 22 of the Revised Civil Statutes of the State of Texas (1925), as amended,<sup>1</sup> relating to county bonds. Such election may be called by the Commissioners Court at any time it deems advisable except that no election shall be held within two (2) years after a previous election. The same persons shall be responsible for the conduct of such election and the arrangement of all details thereof as the persons charged therewith in connection with other county-wide elections. The cost of any such election shall be a charge upon the hospital district and its funds; and the hospital district shall make provision for the payment thereof before the Commissioners Court shall be required to order such an election.

(c) In the manner hereinabove provided, the bonds of the hospital district may, without the necessity of any election therefor, be issued for the

purpose of refunding and paying off any bonded indebtedness theretofore assumed by the hospital district and any bonds theretofore issued by the hospital district. Such refunding bonds may be sold and the proceeds thereof applied to the payment of any such outstanding bonds or may be exchanged in whole or in part for not less than a like amount of said outstanding bonds and interest matured thereon, but unpaid; provided the average interest cost per annum on the refunding bonds, computed in accordance with recognized standard bond interest cost tables, shall not exceed the average interest cost per annum so computed upon the bonds to be discharged out of the proceeds of the refunding bonds, unless the total interest cost on the refunding bonds, computed to their respective maturity dates, is less than the total interest cost so computed on the bonds to be discharged out of such proceeds. In the foregoing computations, any premium or premiums required to be paid upon the bonds to be refunded as a condition to payment in advance of their stated maturity dates shall be taken into account as an addition to the net interest cost to the hospital district of the refunding bonds.

(d) If the city and the county, or either of them, has voted bonds to provide hospital facilities, but such bonds have not been sold at the date of the creation of the hospital district, the authority for such bonds shall be canceled, and they shall not be sold.

<sup>1</sup> Article 701 et seq.

#### County or City Property or Funds; Transfer to District

Sec. 6. (a) Any lands, buildings or equipment that may be jointly or separately owned by such county and city, and by which medical services or hospital care, including geriatric care, are furnished to the indigent or needy persons of the city and county, shall become the property of the hospital district, and title thereto shall vest in the hospital district; and any funds of the city and county, or either, which are the proceeds of any bonds assumed by the hospital district, as hereby provided, shall become the funds of the hospital district, and title thereto shall vest in the hospital district; and there shall vest in the hospital district and become the funds of the hospital district the unspent portions of any funds theretofore set up or appropriated by budget or otherwise by the city or the county, or either of them, for the support and maintenance of the hospital facilities for the year within which the hospital district comes into existence, thereby providing such hospital district with funds with which to maintain and operate such facilities for the remainder of such year. All obligations under contract legally incurred by the city or county, or either of them, for the building of, or the support and maintenance of, hospital facilities, prior to the creation of the district but outstanding at the time of the creation of the district, shall be assumed and discharged by it without prejudice to the rights of third parties. As soon as practicable after the

declaration of the result of the election, the board of managers of the existing hospital system shall turn over all records, property and affairs of the hospital system to the board of managers of the hospital district and shall cease to exist as a hospital system board of managers.

(b) Any outstanding bonded indebtedness incurred by the city or county, either or both of them, in the acquisition of lands, buildings and equipment for such hospital system, or in the construction and equipping of such hospital facilities, together with any other outstanding bonds issued by either of them for hospital purposes, and the proceeds of which are in whole or in part still unspent, shall be assumed by the hospital district and become the obligation of the hospital district; and the city or county, either or both of them, that issued such bonds, shall be by the hospital district relieved of any further liability for the payment thereof, or for providing interest and sinking fund requirements thereon; provided that nothing herein contained shall limit or affect any of the rights of any of the holders of such bonds against the city or the county, as the case may be, in the event of default in the payment of the principal or interest on any of such bonds in accordance with their respective terms.

(c) As soon as the hospital district is created and authorized at the election hereinabove provided, the Commissioners Court acting for the county and the city governing board acting for the city shall execute and deliver to the board of managers of the hospital district an instrument in writing conveying to the hospital district the hospital property, including lands, buildings and equipment owned by the county or the city or jointly owned by the county and the city; and shall transfer to the hospital district the funds hereinabove provided to become vested in the hospital district, upon being furnished the certificate of the chairman of the board to the fact that a depository for the district's funds has been selected and has qualified; which funds shall, in the hands of the hospital district and of its board of managers, be used for all or any of the same purposes as, and for no other purposes than, the purposes for which the county or the city transferring such funds could lawfully have used the same had they remained the property and funds of such county or city.

#### Board of Managers

Sec. 7. (a) The Commissioners Court is hereby designated as the board of managers of the hospital district with the county judge as chairman thereof and they shall serve in this capacity without any compensation other than that provided by law for county judges and commissioners, and whose duty shall be to manage, control and administer the hospital or hospital system of the hospital district. The board of managers shall have the power and authority to sue and be sued and to promulgate rules and regulations for the operation of the hospital or hospital system.

It shall be the duty of any officer, employee or agent of such county to perform and carry out any function or service prescribed by the Commissioners Court hereunder.

#### **Assistant to Administrator**

Sec. 9. In the event of incapacity, absence or inability of the administrator to discharge any of the duties required of him, the board may designate an assistant to the administrator to discharge any duties or functions required of the administrator.

Such assistant or other persons shall give such bond and have such limitations upon his authority as may be fixed by the order of the board.

#### **Reports of Administrator; Budget**

Sec. 10. Once each year, as soon as practicable after the close of the fiscal year, the administrator of the hospital district shall report to the Commissioners Court, the State Board of Health and the State Comptroller a full sworn statement of all moneys and choses in action received by such administrator and how disbursed or otherwise disposed of. Such report shall show in detail the operations of the district for the term. He shall prepare an annual budget which shall be subject to approval by the Commissioners Court. In like manner all budget revisions shall be subject to approval by the Commissioners Court.

Sec. 11. A hospital district organized in pursuance of this Act shall have the right and power of eminent domain for the purpose of acquiring by condemnation any and all property of any kind or character, real, personal or mixed, or any interest therein, including outright ownership of such property in fee simple absolute, within the boundaries of the district, necessary or convenient to the exercise of the rights, powers, privileges and functions conferred upon it by this Act, in the manner provided by general law with respect to condemnation; provided that the district shall not be required to make deposits in the registry of the trial court of the sum required by Paragraph numbered 2 in Article 3268, Revised Civil Statutes, 1925, or to make the bond required therein. In condemnation proceedings being prosecuted by the district, the district shall not be required to pay in advance or to give bond or other security for costs in the trial court, nor to give any bond otherwise required for the issuance of a temporary restraining order or a temporary injunction relating to a condemnation proceeding, nor to give bond for costs or for supersedeas on any appeal or writ of error proceeding to any Court of Appeals, or to the Supreme Court.

#### **Depository for District; Selection**

Sec. 12. Within thirty (30) days after the creation of any district under this Act, the board of managers shall select a depository for the district in the manner provided by law for the selection of county depositories; and such depository shall be the depository of the district for a period of two (2) years thereafter, until its successor is selected and qualified. In the alternative, the board may elect to use the depository theretofore selected by the county.

#### **Inspection of Districts**

Sec. 13. All hospital districts established or maintained under the provisions of this Act shall be subject to inspection by any duly authorized repre-

#### Legal Representative of District

Sec. 14. It shall be the duty of the county attorney, district attorney or criminal district attorney, as the case may be, charged with the duty of representing the county in civil matters, to represent the hospital district in all legal matters; provided, however, that the board of managers shall be authorized at its discretion to employ additional legal counsel when the board deems advisable.

The hospital district shall contribute sufficient funds to the general fund of the county for the account of the budget of the county attorney, district attorney or criminal district attorney, as the case may be, to pay all additional salaries and expenses incurred by such officer in performing the duties required of him by the district.

#### Medical and Hospital Care Assumed by District; Delinquent Taxes Owed to Cities and Counties

Sec. 15. (a) No county that has been constituted a hospital district, and no city therein, shall thereafter levy any tax for hospital purposes; and the hospital district shall be deemed to have assumed full responsibility for the furnishing of medical and hospital care for the needy and indigent persons residing in the hospital district.

(b) That portion of delinquent taxes owed cities and counties on levies for separate or joint city and county hospital systems, or for the payment of bonds issued by such systems, shall continue to be paid to the hospital district by the city and county as collected, and applied by the hospital district to the purposes for which such taxes originally were levied.

#### Patients; Inquiry as to Ability to Pay

Sec. 16. (a) The Commissioners Court as the board of managers for such hospital system shall by order duly entered in the record of the hospital district set forth in detail its definition of an indigent or needy person so as to determine who is qualified for admission to the facilities of the hospital district. Such order shall also state in detail under what basis any person shall be admitted on an emergency basis without regard to indigency and how long and on what basis such person shall be permitted to stay in such district facilities.

(b) The board shall have the right to set up such requirements of proof of indigency as it sees fit, including affidavits of inability to pay, and may employ such personnel as necessary for the purpose of handling admissions and determining the eligibility of admissions.

(c) Any person who makes a false statement for the purpose of obtaining admission to the hospital district facilities and who is able to pay for such hospital care shall be liable for such care and shall also be guilty of a misdemeanor and punishable by a fine not to exceed Two Hundred Dollars (\$200).

#### Donations, Gifts and Endowments for District; Payments by the State

Sec. 17. (a) The board of managers of the hospital district is authorized on behalf of the district to accept donations, gifts, and endowments for the hospital district, to be held in trust and administered by the board of managers for such purposes and under such directions, limitations, and provisions as may be prescribed in writing by the donor, not inconsistent with proper management and objects of the hospital district.

(b) The board of managers is expressly authorized to contract with the State for the receipt of any payments or grants which may be provided by the State for the care or treatment of hospital patients, and to receive any payments or grants which may be made by the State for the care and treatment of patients in the facilities of the hospital district.

#### Conversion of District

Sec. 18. (a) Any hospital district heretofore or hereafter created in accordance with Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended,<sup>1</sup> may be converted into a district subject to the provisions of this Act, or any district created in accordance with this Act may be converted into a district subject to the provisions of the said Chapter 266, in the following manner. Upon petition to the Commissioners Court by qualified property taxpaying voters of the district equal in number to five per cent (5%) of the property taxpayers of the county as shown by the current assessment rolls of the county, requesting the calling of an election on the question of conversion, the Commissioners Court within twenty (20) days after receipt of the petition shall order such election, to be held not less than thirty (30) days nor more than ninety (90) days from the time the election is ordered by the Commissioners Court. At the election there shall be submitted to the qualified property taxpaying voters of the district the proposition of whether or not the district is to be converted, and a majority of the qualified property taxpaying voters participating in the election shall determine the result thereof.

(b) If the election is on the question of conversion of a district created in accordance with this Act, the ballot shall have printed thereon:

"FOR conversion of the hospital district from a district operated under the Optional Hospital District Law of 1957 to a district operated under Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended, and the levy of a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollars (\$100 valuation"; and

“AGAINST conversion of the hospital district from a district operated under the Optional Hospital District Law of 1957 to a district operated under Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended, and the levy of a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollars (\$100) valuation.”

If the election is on the question of conversion of a district created in accordance with the said Chapter 266, at the time the order for holding such election is entered the Commissioners Court shall determine the amount of tax needed for the purpose of (1) paying the interest on and creating a sinking fund for bonds which may have been assumed by the district originally created (but excluding any bonds issued by the district); (2) providing for the operation and maintenance of the hospital or hospital system; and (3) making further improvements and additions to the hospital system, and for the acquisition of necessary sites therefor. If there are no outstanding bonds issued by the district, the ballot shall have printed thereon:

“FOR conversion of the hospital district from a district operated under Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended, to a district operated under the Optional Hospital District Law of 1957, and the levy of a tax not to exceed (the amount determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation”; and

“AGAINST conversion of the hospital district from a district operated under Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended, to a district operated under the Optional Hospital District Law of 1957, and the levy of a tax not to exceed (the amount determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation.”

If there are outstanding bonds issued by the district, the ballot shall have printed thereon:

“FOR conversion of the hospital district from a district operated under Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended, to a district operated under the Optional Hospital District Law of 1957, and the levy of a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollars (\$100) valuation until presently outstanding bonds issued by the district have been retired, and thereafter the levy of a tax not to exceed (the amount determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation”; and

“AGAINST conversion of the hospital district from a district operated under Chapter 266, Acts of the Fifty-third Legislature, Regular Session, as amended, to a district operated under the Optional Hospital District Law of 1957, and the levy of a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollars (\$100) valuation until presently outstanding bonds issued by the district have been retired, and thereafter the levy of a tax not to

exceed (the amount determined by the Commissioners Court in its order calling the election) on the One Hundred Dollars (\$100) valuation.”

(c) If the proposition fails to carry at the election, no further election on the proposition shall be held for a period of two (2) years. If a majority of the qualified taxpaying voters participating in the election vote in favor of the proposition, the conversion shall become effective thirty (30) days after declaration of the result of the election. The identity of the district shall not be affected by the conversion, and the district shall be liable for all outstanding debts and obligations as fully as when originally assumed or incurred by it. However, any bonds voted by a district originally created under Chapter 266 which have not been issued on the date of the election for conversion shall not be issued and the authority for such bonds shall be canceled. Upon conversion of a district from one operated under Chapter 266 to one operated under this Act, the district shall not have the power to levy a tax in excess of the amount determined by the Commissioners Court in its order calling the election for any purposes other than providing a sinking fund for payment of interest on and principal of unpaid bonds issued by the district prior to the conversion.

(d) At any time after five (5) years from the date of a conversion, a further election on the question of reconversion may be held in the manner herein provided for the original conversion.

##### Definitions

Sec. 2. As used in this law, "County" means any county in the State of Texas; "Governing Body" means the Commissioners Court of a county; "Authority" means a County Hospital Authority created under this Act; "Board" or "Board of Directors" means the board of directors of the Authority; "bond" or "bonds" means bonds or notes; "Bond Resolution" means the resolution authorizing the issuance of revenue bonds; "Trust Indenture" means the mortgage, deed of trust or other instrument pledging revenues of, or creating a mortgage lien on properties, or both, to secure the revenue bonds issued by the Authority; "Trustee" means the trustee under the Trust Indenture; "Hospital" or "Hospitals" means any "Hospital Project" as defined in Section 3(g) of Senate Bill No. 243, as enacted, Acts of the 64th Legislature, Regular Session, 1975, as now or hereafter amended.<sup>1</sup>

<sup>1</sup> Classified as art. 4437e-2.

##### Ordinance Creating Authority; Territory; Body Politic and Corporate; Powers

Sec. 3. When the Governing Body of a county shall find that it is to the best interest of the County and its inhabitants to create a County Hospital Authority, it shall pass an order creating the Authority and designating the name by which it shall be known. The Authority shall comprise only the territory included within the boundaries of such County and shall be a body politic and corporate and a political subdivision of the State. It shall have the power of perpetual succession, have a seal, may sue and be sued and may make, amend and repeal its bylaws.

##### Board of Directors

Sec. 4. (a) The Authority shall be governed by a Board of Directors consisting of not less than seven (7) nor more than eleven (11) members to be determined at the time of creating the Authority. Unless otherwise provided in the resolution authorizing the issuance of bonds or the Trust Indenture securing them, the number of Directors may be increased or decreased from time to time by amendment to the order creating the Authority adopted by the Governing Body of the County, but no decrease in number shall have the effect of shortening the term of any incumbent Director. Except as hereinafter in this Section provided, the first Directors shall be appointed by the Governing Body of the County, and

they shall serve until their successors are appointed as hereinafter provided. When the Authority issues its revenue bonds the resolution authorizing the issuance of the bonds or the Trust Indenture securing them may prescribe the method of selecting and the term of office of a majority of the members of the Board. The remaining members of the Board shall be appointed by the Governing Body of the County. The Trust Indenture may also provide that, in the event of default as defined in the Trust Indenture, the Trustee may appoint all of the Directors, in which event the terms of the Directors then in office shall automatically terminate. Unless and until provision is made in the Bond Resolution or Indenture in connection with the issuance of bonds for the appointment by other means of part of the Directors, all of the Directors shall be appointed by the Governing Body of the County for terms not to exceed three (3) years, but the terms of Directors appointed prior to the issuance of the first issue of revenue bonds shall be subject to the exercise of the provision herein made for appointment of a majority of the members of the Board in connection with the issuance of the bonds. No officer or employee of any such County shall be eligible for appointment as a Director. Directors shall not receive compensation for services but shall be entitled to reimbursement of their expenses incurred in performing such service.

(b) In the event the Authority purchases from a nonprofit corporation a hospital then in existence or in process of construction, the first members of the Board of Directors and their successors shall be determined as provided in the contract of purchase.

##### Officers; Quorum; Committees; Manager or Executive Director; Sale, Lease, or Closure; Legal Counsel

Sec. 5. The Board of Directors shall elect from among their members a president and vice president, and shall elect a secretary and a treasurer who may or may not be Directors, and may elect such other officers as may be authorized by Authority's bylaws. The offices of secretary and treasurer may be combined. The president shall have the same right to vote on all matters as other members of the Board. A majority of the members of the Board shall constitute a quorum and when a quorum is present action may be taken by a majority vote of Directors present. If the bylaws so provide, the Board of Directors, by resolution adopted by a majority of the Directors in office, may designate one or more committees, which, to the extent and in the manner provided in such resolution or in the bylaws, shall have and exercise the authority of the Board of Directors in the management of the Authority. Each such committee shall consist of two or more persons who are directors and may have additional non-voting members who, if such resolution or the bylaws so provide, need not be directors. The Board of Directors may not, however, provide for the delegation to such committees of the Authority of the power to issue bonds, enter into or amend a lease of a Hospital or a management

agreement with respect to a Hospital or to employ or discharge a manager or an executive director. The Board may employ a manager or executive director of the Hospital and such other employees, experts and agents as it may see fit, or enter into a management agreement with any person and it may delegate to the manager the power to manage the Hospital and to employ and discharge employees. The Board may sell, lease, or close the Hospital as otherwise provided by law and may employ legal counsel.

**Construction, Operation and Equipment of Hospitals;  
Location; Sale of Real Property**

Sec. 6. (a) The Authority shall have the power to construct, enlarge, furnish and equip Hospitals, purchase existing Hospitals, furnishings and equipment for its Hospitals, and to operate and maintain Hospitals. A Hospital must be located within the County creating the Authority.

(b) The Board may sell real property acquired by donation, gift, or purchase that the Board determines is not needed for Hospital purposes if the sale does not contravene (1) a trust indenture or bond resolution relating to outstanding bonds of the Authority or (2) any agreement entered into either prior to or after the effective date of this Section 6(b) between the Authority and a nonprofit corporation under the provisions of the Hospital Project Financing Act (Article 4437e-2, Vernon's Texas Civil Statutes). The Board shall sell the property through sealed bids or at a public auction. If the Board conducts the sale by sealed bids, the Board shall provide notice of the sale in the manner provided by Chapter 455, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 5421c-12, Vernon's Texas Civil Statutes). If the Board conducts the sale by public auction, the Board shall publish notice of the sale, including a description of the property and the date, time, and place of the auction in a newspaper with general circulation in the County creating the Authority once a week for three consecutive weeks, the first notice to appear at least 20 days before the auction. Nothing in this Section 6(b) is intended to affect or amend the powers granted to the Authority by the Hospital Project Financing Act (Article 4437e-2, Vernon's Texas Civil Statutes).

**Revenue Bonds**

Sec. 7. The Authority may issue revenue bonds to provide funds for any of its purposes. Such bonds shall be payable from and secured by a pledge of all or any part of the revenues to be derived from the operation of the Hospital or Hospitals and any other revenues resulting from the ownership of the Hospital properties. The bonds may be additionally secured by a mortgage or deed of trust on real property of Authority or by a chattel mortgage on its personal property, or by both.

**Procedure for Bond Issue; Requisites; Maturity;  
Sale; Registration**

Sec. 8. The bonds shall be authorized by resolution adopted by a majority vote of a quorum of the Board of Directors, and shall be signed by the president or vice president and countersigned by the secretary, or either or both of their facsimile signatures may be printed thereon. The seal of the Authority shall be impressed or printed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold at a price and under terms determined by the Board of Directors to be the most advantageous reasonably obtainable, provided that the net effective interest rate as defined by law in Article 717k-2 does not exceed ten per cent (10%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

**Bond Resolution; Publication; Referendum**

Sec. 9. (a) Before authorizing the issuance of bonds, other than refunding bonds, the Board of Directors shall cause a notice to be issued stating that it intends to adopt a resolution (herein called "Bond Resolution") authorizing the issuance of the bonds, the maximum amount thereof, and the maximum maturity thereof. The notice shall be published once each week for two (2) consecutive weeks in a newspaper or newspapers having general circulation in the Authority, the first such publication shall be at least fourteen (14) days prior to the date set for adopting the Bond Resolution.

(b) If, prior to the day set for the adoption of the Bond Resolution, there is presented to the secretary or president of the Board of Directors a petition signed by not less than ten per cent (10%) of the qualified voters residing within the boundaries of the County comprising the Authority, who own taxable property in the Authority and who have duly rendered the same for taxation to the County in which such property is located or situated, requesting an election on the proposition for the issuance of the bonds, the bonds shall not be issued unless an election is held and a majority vote is in favor of the bonds. Such election shall be called and held in accordance with the procedure prescribed in Chapter 1, Title 22, Revised Civil Statutes of 1925, as amended, with the Board of Directors, president and secretary performing the functions therein assigned to the governing body of the County, the County Judge and County Clerk respectively. If no such petition is filed the bonds may be issued without an election. It is provided, however, that the Board of Directors may call such election on its own motion without the filing of the referendum petition.

**Junior Lien Bonds; Parity Bonds**

Sec. 10. Bonds constituting a junior lien on the revenues or properties may be issued unless prohib-

ited by the Bond Resolution or Trust Indenture. Parity bonds may be issued under conditions specified in the Bond Resolution or Trust Indenture.

#### Money Set Aside Out of Bond Sale Proceeds

Sec. 11. Money for the payment of not more than two (2) years' interest on the bonds and an amount estimated by the Board to be required for operating expenses during the first year of operation and an amount to fund any bond reserve fund or other reserve funds provided for in the Bond Resolution or Trust Indenture may be set aside for those purposes out of the proceeds from the sale of the bonds.

#### Refunding Outstanding Bonds

Sec. 12. Bonds may be issued for the purpose of refunding outstanding bonds in the manner provided in this Act for other bonds, and may be exchanged by the Comptroller of Public Accounts of the State of Texas or sold and the proceeds applied in accordance with the procedure prescribed in Chapter 503, Acts of the Fifty-fourth Legislature<sup>1</sup> or other applicable law.

<sup>1</sup> Article 717k.

#### Approval of Bonds by Attorney General; Registration; Incontestability; Negotiability

Sec. 13. Bonds issued under this Act and the record relating to their issuance shall be submitted to the Attorney General of Texas and if he finds that they have been issued in accordance with this law and constitute valid and binding obligations of the Authority and are secured as recited therein he shall approve them, and they shall be registered by Comptroller of Public Accounts of the State of Texas who shall certify such registration thereon. Thereafter they shall be incontestable. The bonds shall be negotiable and shall contain the following provision:

"The holder hereof shall never have the right to demand payment thereof out of money raised or to be raised by taxation."

#### Operation of Hospital; Rates Charged; Creation of Funds; Lease Conditions

Sec. 14. Unless the Hospital is being leased, the Hospital shall be operated by the Authority without the intervention of private profit for the use and benefit of the public. If the Hospital is not being used, operated, or acquired by a nonprofit corporation under the provisions of the Hospital Project Financing Act (Article 4437e-2, Vernon's Texas Civil Statutes) or not leased it shall be the duty of the Board of Directors to charge sufficient rates for services rendered by the Hospital and to utilize other sources of its revenues that revenues will be produced sufficient to pay all expenses in connection with the ownership, operation and upkeep of the Hospital, to pay the interest on the bonds as it becomes due, to create a sinking fund to pay the bonds as they become due, and to create and main-

tain a bond reserve fund and other funds as provided in the Bond Resolution or Trust Indenture. In the event the Hospital is being used, operated, or acquired by a nonprofit corporation under the provisions of the Hospital Project Financing Act (Article 4437e-2, Vernon's Texas Civil Statutes) or leased, it shall be the duty of the Board of Directors to provide that such nonprofit corporation or the lessee shall charge sufficient rates for services rendered by the Hospital which together with other sources of such nonprofit corporation's or the lessee's revenues will produce revenues sufficient to enable such nonprofit corporation or the lessee to pay all expenses in connection with the operation and upkeep of the Hospital and to make payments or to pay lease rentals to the Authority which will be sufficient, when taken with other pledged sources of the Authority's estimated revenues, to pay the interest on the bonds as it becomes due, to create a sinking fund to pay the bonds as they become due, and to create and maintain a bond reserve fund and other funds as provided in the Bond Resolution or Trust Indenture. The Bond Resolution or Trust Indenture may prescribe systems, methods, routines, procedures, and policies under or in accordance with which the Hospital shall be operated, and in the event the Hospital is being used, operated, or acquired by a nonprofit corporation or leased, the Authority may delegate to such nonprofit corporation or the lessee the duty to establish the systems, methods, routines, procedures, and policies under or in accordance with which the Hospital shall be operated.

#### Depositories

Sec. 15. The Authority may select a depository or depositories according to the procedures provided by law for selection of county depositories or it may award its depository contract to the same depository or depositories selected by the County and on the same terms.

Sec. 16. Repealed by Acts 1979, 66th Leg., p. 2329, ch. 841, § 6(a)(1), eff. Jan. 1, 1982.

#### Eminent Domain

Sec. 17. For the purpose of carrying out any power conferred by this Act, Authority shall have the right to acquire the fee simple title to land and other property and easements by condemnation in the manner provided by Title 52, Revised Civil Statutes as amended, relating to eminent domain. Authority is hereby declared to be a municipal corporation within the meaning of Article 3268 of said Title 52. The amount of and character or interest in land, other property and easements thus to be acquired shall be determined by the Board of Directors.

#### Investment of Funds and Proceeds of Bonds

Sec. 18. The law as to the security for and the investment of funds, applicable to Counties, shall control, insofar as applicable the investment of

funds belonging to Authority. The Bond Resolution or the Indenture or both may further restrict the making of such investments. In addition to other powers Authority shall have the right to invest the proceeds of its bonds, until such money is needed, in the manner authorized in the Bond Resolution or Indenture, and the proceeds of its bond may be deposited in such banks and may be paid out pursuant to such terms as may be provided in the Bond Resolution or Trust Indenture.

#### Donations, Gifts and Endowments

Sec. 19. The Board of Directors is authorized to accept donations, gifts and endowments to be held and administered as may be required by the respective donors, to the extent that such requirements would not contravene law.

#### Legal and Authorized Investments

Sec. 20. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

hospital or hospitals, and such bonds may be additionally secured by a mortgage or deed of trust lien on any part or all of its properties.

Sec. 2. Such bonds shall be issued in the manner and in accordance with the procedures and requirements specified for the issuance of revenue bonds by County Hospital Authorities in Sections 8 to 13, both inclusive, and with effect specified in Section 20, of the County Hospital Authority Act, Chapter 122, Acts 1963, 58th Legislature (compiled as Article 4494r, Vernon's Texas Civil Statutes).

#### Art. 4494r-2. Issuance of Revenue Bonds in Counties of 200,000 or More

##### Authorization; Ad Valorem Tax

Sec. 1. The commissioners court of every county containing a population of 200,000 or more, according to the last preceding federal census, wherein there exists a hospital district which has been created by law pursuant to any Section of Article IX of the Texas Constitution shall be authorized and have the power to issue revenue bonds for the purpose of providing funds to acquire, purchase, construct, repair, renovate, improve, enlarge, and/or equip any hospital facilities, and to acquire any real or personal property in connection therewith, for and on behalf of said hospital district. Provided however, that there shall be no authority to issue such revenue bonds on behalf of a hospital district for the purchase of nursing homes for long term care. Such commissioners court shall be authorized to issue said revenue bonds to be payable from and secured by liens on and pledges of all or any part of the revenues and income of every nature derived by the hospital district from the operation and/or ownership of its hospital facilities (exclusive of ad valorem taxes). Also, the commissioners court shall be authorized to pledge to the payment of said bonds all or any part of any grant, donation, or income received or to be received from the United States government or any other public or private source, whether pursuant to an agreement or otherwise. Said bonds may be additionally secured by mortgages and deeds of trust on any real property on which any hospital facilities of the hospital district are or will be located, and any real or personal property incident or appurtenant to said facilities, and the commissioners court may authorize the execution and delivery of trust indentures, mortgages, deeds of trust, or other forms of encumbrances to evidence same. Said bonds may be issued to mature serially or otherwise not to exceed 40 years from their date. In the authorization of any such bonds, the commissioners court may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other types of bonds, under such terms or conditions as may be set forth in the order authorizing the issuance of said bonds, all within the discretion of the commissioners court. Said bonds, and any interest coupons appertaining

thereto, shall be negotiable instruments (provided that such bonds may be issued registrable as to principal alone or as to both principal and interest), and shall be executed, and may be made redeemable prior to maturity, and may be issued in such form, denominations, and manner, and under such terms, conditions, and details, and may be sold in such manner, at such price, and under such terms, and said bonds shall bear interest at any rate or rates, all as shall be determined and provided by the commissioners court in the order authorizing the issuance of said bonds. If so permitted in the bond order, any required part of the proceeds from the sale of the bonds may be used for paying interest thereon during the period of the construction of any hospital facilities to be provided through the issuance of said bonds, and for the payment of operation and maintenance expenses of said facilities to the extent, and for the period of time, specified in said bond order, and also for the creation of reserves for the payment of the principal of and interest on the bonds; and such moneys may be invested, until needed, to the extent, and in the manner provided, in said bond order. The commissioners court or the board of hospital managers or directors of the hospital district shall be authorized to fix and collect charges for the occupancy or use of any of said hospital facilities, and the services thereof, in such amounts and in such manner as may be determined by such commissioners court or board; and such charges shall be fixed and collected in such amounts as will be at least sufficient, together with any other pledged resources, to provide for all payments of principal, interest, and any other amounts required in connection with said bonds, and, to the extent required by the bond order, to provide for payment of all or any part of the operation, maintenance, and other expenses of the hospital facilities. The commissioners court or the board of hospital managers or directors of the hospital district shall make provision in each annual hospital district budget for the payment of all operation and maintenance expenses of the hospital district. In preparing the budget, the commissioners court or board may take into consideration the estimated excess revenues and income from hospital facilities that will be available for paying operation and maintenance expenses after providing for all principal, interest, and reserve requirements in connection with said bonds. To the extent that such excess revenues and income are not available at any time to make payment of all operation and maintenance expenses of the hospital district, ad valorem taxes of the hospital district shall be used to make such payment, and the proceeds of an annual ad valorem tax may be pledged for such payment in the order authorizing the issuance of said bonds. If such annual ad valorem tax is thus pledged it shall be the duty of the commissioners court, during each year while any of said bonds are outstanding, to compute and ascertain a rate and amount of ad valorem tax which will be sufficient to raise and produce the money required to make the aforesaid payment of

operation and maintenance expenses to the extent required; and said tax shall be based on the latest approved tax rolls of the hospital district, with full allowance being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax shall be levied, and ordered to be levied, against all taxable property in the hospital district, for each year while any of said bonds are outstanding; and said tax shall be assessed and collected each such year and used for such purpose to the extent so required. Said rate and amount of ad valorem tax shall be levied and ordered to be levied against all taxable property within the hospital district subject to hospital district taxation for each year while any of said bonds are outstanding; and said tax shall be assessed and collected each such year and used for such purposes to the extent so required.

#### Refunding or Refinancing

Sec. 2. Any revenue bonds issued by any such commissioners court under this Act, and any revenue bonds issued by any such commissioners court under any other Texas statute and payable from revenues from any hospital facilities, may be refunded or otherwise refinanced by such commissioners court, and in such case all pertinent and appropriate provisions of this Act shall be fully applicable to such refunding bonds. In refunding or otherwise refinancing any such bonds the commissioners court may, in the same authorizing proceedings, refund or refinance bonds issued pursuant to this Act and bonds issued pursuant to any other such Texas statute and combine all said refunding bonds and any other additional new bonds to be issued pursuant thereto into one or more issues or series of bonds, and may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other type of bonds. All refunding bonds shall be issued and delivered under such terms and conditions as may be set forth in the authorizing proceedings.

#### Submission to Attorney General; Approval and Registration

Sec. 3. All bonds issued pursuant to this Act, and the appropriate proceedings authorizing their issuance, shall be submitted to the Attorney General of the State of Texas for examination. If he finds that such bonds have been authorized in accordance with law he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas; and after such approval and registration such bonds shall be incontestable in any court, or other forum, for any reason, and shall be valid and binding obligations in accordance with their terms for all purposes.

#### Local and Authorized Investments

Sec. 4. All bonds issued pursuant to this Act shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, small business

investment corporations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies and bodies politic. Said bonds also shall be eligible and lawful security for all deposits of public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of said bonds, when accompanied by any unmatured interest coupons appurtenant thereto.

#### Authority of Hospital District Governing Body

Sec. 5. In every case where a hospital district created by law pursuant to Article IX of the Texas Constitution does not have its ad valorem taxes levied for and on its behalf by the commissioners court of the county in which the hospital district is located, then, notwithstanding any provisions of this Act to the contrary, the board of directors or other governing body of the hospital district shall have all of the authority, powers, and duties provided for a commissioners court under this Act.

#### Cumulative and Prevailing Effects

Sec. 6. This Act shall be cumulative of all other laws on the subject but this Act shall be wholly sufficient authority within itself for the issuance of the bonds and the performance of the other acts and procedures authorized hereby, without reference to any other laws or any restrictions or limitations contained therein, except as herein specifically provided; and when any bonds are being issued under this Act, then to the extent of any conflict or inconsistency between any provisions of this Act and any provision of any other law, the provisions of this Act shall prevail and control; provided, however, that any commissioners court shall have the right to use the provisions of any other laws, not in conflict with the provisions hereof, to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this Act.

#### Art. 4494r-2.1. Advisory Elections in Issuance of Revenue Bonds

The commissioners court of each county which is authorized by law to issue revenue bonds for and on behalf of a hospital district in the county shall have the option, within its discretion and on its own motion, of calling an advisory election for the purpose of ascertaining whether or not a majority of the resident, qualified electors of the hospital district voting at an election held for such purpose

favor the issuance of any such revenue bonds. In the event a commissioners court determines to exercise such option, it is authorized to call an election for such purpose, to be held in accordance with the Texas Election Code, except as hereinafter provided. The order of election shall set forth the date of the election, the proposition to be submitted and voted on, the polling places, the hours during which the polls will be open, and any other matters deemed necessary or advisable by the commissioners court. The expenses of holding the election shall be paid from hospital district funds. Notice of the election shall be given by publishing a substantial copy of the election order one time, at least 10 days prior to the date set for the election, in a newspaper of general circulation in the hospital district. The commissioners court shall canvass the returns and declare the results of the election; but the election shall be advisory only and shall not affect the authority of the commissioners court to issue revenue bonds for and on behalf of the hospital district under any applicable law if no election is required thereby.

#### Art. 4494r-3. County Hospital Revenue Bonds; Issue; Refunding

Sec. 1. All counties of this state are hereby authorized to issue, and to refund any previously issued, revenue bonds for purchasing, constructing, acquiring, repairing, equipping or renovating buildings and improvements for county hospital purposes, and for acquiring sites therefor, such bonds to be payable from and secured by a pledge of all or any part of the revenues of the county to be derived from the operation of its hospital or hospitals, and such bonds may be additionally secured by a mortgage or deed of trust lien on any part or all of its hospital properties.

Sec. 2. Such bonds shall be issued in the manner and in accordance with the procedures and requirements specified for the issuance of revenue bonds by County Hospital Authorities in Sections 8 to 13, both inclusive, and with effect specified in Section 20, of the County Hospital Authority Act, Chapter 122, Acts, 1963, 58th Legislature (compiled as Article 4494r, Vernon's Texas Civil Statutes).

Sec. 3. The powers granted under this Act shall be cumulative and in addition to all other powers of counties presently or hereafter in effect.

[Acts 1969, 61st Leg., p. 1958, ch. 658, eff. June 12, 1969.]

#### Art. 4494r-4. Adoption of Tax Rolls by Hospital Districts; Board of Equalization; Assessment and Collection of Taxes

Sec. 1. That a hospital district organized pursuant to the provisions of Article IX, Section 9, of the Constitution of the State of Texas, may appoint its own assessor and collector of taxes for the hospital district.

Sec. 2. Repealed by Acts 1979, 66th Leg., p. 2329, ch. 841, § 6(a)(1), eff. Jan. 1, 1982.

Section 1 of Acts 1979, 66th Leg., ch. 841, repealing § 2 of this article, enacted the Property Tax Code, constituting Title 1 of the Tax Code.

**Art. 4494r-5. Payment of Current Operating Expenses of County-Wide Hospital District in Counties of 1,000,000 or More**

**Applicability of Act**

Sec. 1. This Act shall be applicable to counties now or hereafter containing a population of 1,000,000 or more according to the last preceding federal census, wherein there exists a county-wide hospital district whose taxes are levied and collected by the commissioners court and which has teaching hospital facilities that are affiliated with a state-owned medical school, such counties hereinafter referred to as "authorized counties."

**Revenue Anticipation Agreements Authorized**

Sec. 2. The commissioners court of any authorized county is hereby authorized to enter into and execute with any bank or banks or other corporations, partnerships, persons, financial institutions, or lending institutions revenue anticipation agreements in accordance with this Act.

**Advances and Repayments: Revenue Anticipation Agreements**

Sec. 3. Upon a finding and determination by the commissioners court of an authorized county that the projected revenues and tax collections of and for the hospital district will not be received by the district at the times necessary to pay when due the district's operating and maintenance expenses, the commissioners court may execute a revenue anticipation agreement by which the other contracting party (or parties) agrees to advance to the district, and the authorized county and the district agree to repay (from the sources hereinbelow specified), funds necessary for the operation and maintenance of the district's hospital facilities during the term of the revenue anticipation agreement. The revenue anticipation agreement may be upon such terms as the parties may agree, subject to the following limitations:

(a) The term of the revenue anticipation agreement shall not exceed two years.

(b) Advances made to the district during the term of the agreement shall not be made more frequently than once each month and each shall not be greater in amount than the difference between (i) the accumulated and unpaid operating and maintenance expenses of the district, and (ii) the revenues and income of the district, including tax revenues, actually received by the district to the date of the

advance and lawfully available for the purpose of paying such expenses. The party or parties making the advances may conclusively rely on certifications made by authorized officers of the district as to the facts specified in this subsection.

(c) The advances under the revenue anticipation agreement may bear interest at a rate or rates not exceeding the rate permitted by law for revenue bonds of the district, shall mature and become due and payable on a date not later than the last day of the term of the revenue anticipation agreement, shall be subject to prepayment without penalty at any time before their maturity date, and they shall not be refunded or in any manner refinanced or extended. The agreement may provide that the rates or rate of interest on the advances may be determined at the time made by reference to such determinative factors and formulae as the parties may agree.

(d) If, in any month during the term of the agreement while advances are outstanding, revenues, including tax revenues, are received and are not required to pay and are not lawfully committed to the payment of other obligations and expenses of the district, the commissioners court shall apply the same upon receipt to the payment or prepayment of any advances at the time outstanding and unpaid under the revenue anticipation agreement, and no advances shall be made under a subsequent revenue anticipation agreement until all advances made under the prior agreement have been paid in full, retired, and canceled.

(e) Advances made under the revenue anticipation agreement shall be and are hereby directed to be secured by and payable, either or both, (1) from a pledge of and lien upon revenues of the district derived from the operation and maintenance of its hospital facilities, and/or (2) from tax revenues when collected, levied for the purpose of operating and maintaining the district's facilities for the year during which the advances are made. Upon default in the payment or repayment of any advances made under the terms of the revenue anticipation agreement when due or when required to be prepaid under the terms of this Act, any district court may be petitioned by mandamus or otherwise to enforce the agreement and prepayment as required by this Act.

**Use of Advances**

Sec. 4. Funds received from advances made pursuant to revenue anticipation agreements authorized by this Act shall be used solely for the purposes authorized by this Act. However, it shall not be a defense to repayment of advances that the funds have been used for a purpose not authorized hereby. The auditor of the affairs of the hospital district shall concurrently with the regular audit thereof audit the use of said funds and shall certify to the commissioners court whether or not the funds have been used for proper operating and maintenance purposes as authorized hereby.

**Bonds or Notes; Ad Valorem Taxes**

Sec. 5. (a) The commissioners court of an authorized county is authorized to include in any revenue anticipation agreement provisions pursuant to which the authorized county will agree to execute and deliver, concurrently with the making of advances under the agreement, interest-bearing bonds (which also may be designated as notes) evidencing the obligation of the authorized county and the hospital district to repay the advances made pursuant to the agreement and in accordance therewith and with this Act. Such bonds or notes may be delivered upon such terms and may contain such provisions not inconsistent with Section 3 of this Act as may be prescribed in the revenue anticipation agreement.

(b) The provisions hereof relating to advances shall apply to bonds or notes evidencing the obligation to repay the same issued under this section. It is provided, however, that if such hospital district was created pursuant to the authority granted to the legislature by Article IX, Section 4, of the Texas Constitution and the creation of such hospital district was approved at an election held in such hospital district as required by Article IX, Section 4, of the Texas Constitution or if such hospital district was created pursuant to any other constitutional provision which would permit the levy and pledge of taxes as hereinafter authorized, then regardless of any restrictions in any other law of this state the commissioners court also is authorized in addition to the mandatory security required in Section 3(e) hereof to pay and secure the bonds or notes issued under this section from and by annual ad valorem taxes levied and to be levied on all taxable property in such hospital district, and such annual ad valorem taxes may be pledged to the payment of the principal of and interest on the bonds or notes to the extent required therein and in the agreement. If such annual ad valorem taxes are thus pledged it shall be the duty of the commissioners court annually to levy a tax on all taxable property in the hospital district sufficient or to the extent necessary to pay the principal of and the interest on the bonds or notes when due, but the rate of the tax, if any, for each year may be fixed after giving consideration to the amount of money estimated to be received from revenues pledged under Section 3 hereof which may be available for the payment of such principal and interest, all to the extent and in the manner provided in the revenue anticipation agreement, but provided further that such annual ad valorem tax together with all other annual ad valorem taxes levied in the hospital district shall never exceed a maximum annual rate of 75 cents on the \$100 valuation of all taxable property within such hospital district. Further, if such annual ad valorem taxes are thus pledged, it shall be the duty of the commissioners court during each year while any of the bonds or notes or interest thereon is outstanding and unpaid to compute and ascertain a rate and amount of ad valorem tax, if any, which will be sufficient to raise and produce the money required

to make the aforesaid payment to the extent required; and said tax shall be based on the latest approved tax rolls of such hospital district, with full allowance being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax shall be levied and ordered to be levied subject to the maximum limitation prescribed above against all taxable property in such hospital district for each year while any of the bonds or notes or interest thereon are outstanding and unpaid; and said tax shall be assessed and collected each such year and used for such purpose to the extent so required.

(c) Upon the issuance, sale, and delivery of bonds or notes under the authority of this section, such bonds or notes shall be incontestable in any court or other forum for any reason and shall be valid and binding obligations in accordance with their terms and conditions for all purposes. Such bonds or notes shall constitute "investment securities" under the Uniform Commercial Code of Texas. Any such bonds or notes shall be legal and authorized security for public funds of this state and its political subdivisions and shall be legal and authorized investments by all banks, savings banks, savings and loan associations, and insurance companies of all types.

**Cumulative Effect; Conflicting Provisions**

Sec. 6. This Act shall be cumulative of all other laws on the subject, but this Act shall be wholly sufficient authority within itself for the execution of revenue anticipation agreements and the issuance of bonds or notes to evidence obligations to repay advances made thereunder and the performance of the other acts and procedures authorized hereby without reference to any other laws or any restrictions or limitations contained therein, except as herein specifically provided; and when any bonds are being issued pursuant to the authority of this Act, then to the extent of any conflict or inconsistency between any provisions of this Act and any provisions of any other law, the provisions of this Act shall prevail and control.

[Acts 1975, 64th Leg., p. 653, ch. 272, eff. May 20, 1975.]

Thereafter they shall be incontestable. The bonds shall be negotiable and shall contain the following provision: "The holder hereof shall never have the right to demand payment thereof out of money raised or to be raised by taxation."

#### Rentals or Rates for Services; Procedures for Operation of Stations

**Art. 4495b. Medical Practice Act****SUBCHAPTER A. GENERAL PROVISIONS****Short Title**

Sec. 1.01. This Act may be cited as the Medical Practice Act.

**Findings and Purposes**

Sec. 1.02. The legislature makes the following declarations:

(1) the practice of medicine is a privilege and not a natural right of individuals and as a matter of policy it is considered necessary to protect the public interest through the specific formulation of this Act to regulate the granting of that privilege and its subsequent use and control;

(2) the Texas State Board of Medical Examiners should remain the primary means of licensing, regulating, and disciplining the individual physicians and surgeons who are licensed to practice medicine;

(3) the current system relating to licensing physicians and surgeons is basically a sound, workable system and should be continued;

(4) the separate laws regulating the practice of medicine should be brought together under one Act; this Act is not intended to make substantive changes or alter prior judicial interpretation unless the subject matter in this Act is substantively changed or new matter is expressly added or old matter expressly deleted;

(5) this Act is to continue the Texas State Board of Medical Examiners, previously established under the laws of this state, as an independent agency of the executive branch of government;

(6) the acts that created the Texas State Board of Medical Examiners and that regulate the practice of medicine and related subjects have been enacted as separate articles of the Revised Civil Statutes of Texas, 1925, as amended; this Act is to comply with the Texas Sunset Act and to modernize and make the laws relating to the practice of medicine more accessible and understandable in such a manner as to make no substantive changes in prior laws or interpretation of those laws unless expressly so done by this Act;

(7) consistent with the objectives of the above, one purpose of this Act is to make the laws regulating physicians and surgeons more accessible and understandable by:

(A) rearranging those laws into a more logical order;

(B) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;

(C) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions;

(D) bringing together in one Act multiple articles; and

(E) restating the law in more modern language where possible;

(8) the individual physician should be given the greatest opportunity to exercise his best independent professional judgment in deciding what medical acts can be safely delegated; therefore, rules of the board regulating delegation should have the purpose of promoting such exercise of professional judgment and decision by not containing, except as absolutely necessary, global prohibitions or restrictions on delegation of medical acts; and

(9) recognizing that hospitals, facilities, institutions, or programs and state agencies and political subdivisions which own or operate hospitals, facilities, or institutions or administer programs are responsible for determining medical staff appointments or the qualifications of physicians for such programs, and further recognizing that all persons licensed under this Act have met certain basic educational requirements, been examined by the board, and passed the same qualifying examination which applies the same standards to all who desire to practice medicine, irrespective of academic medical degree, it is the intent of the legislature to prohibit differentiation solely on the basis of the academic medical degree held by a person licensed under this Act in determining such medical staff appointments or such qualifications. To this end a hospital, institution, or program that is licensed by this state, that is operated by the state or a political subdivision of the state, or that receives state financial assistance, directly or indirectly, shall not differentiate solely on the basis of the academic medical degree held by a person licensed under this Act. Such hospitals, institutions, programs, and state agencies or political subdivisions shall, however, be free to adopt reasonable rules, regulations, and requirements relating to qualifications for medical staff appointments, reappointments, termination of appointments, the delineation of clinical privileges, or the curtailment of clinical privileges of those who are appointed to such medical staff or permitted to participate in educational programs so long as such rules, regulations, and requirements are determined upon a reasonable basis, such as professional and ethical qualifications of the physician, upon standards that are reasonable, applied untainted by irrelevant considerations, supported by sufficient evidence, free of arbitrariness, capriciousness, or unreasonableness and do not differentiate solely upon the academic medical degree held by such physician. The provisions contained herein relating to the academic medical degree shall not be applicable to any medical school or college, any programs of a medical school or college, or to any office or offices of physicians singularly or in groups in the conduct of their profession.

Any appointment made shall be without regard to race, creed, sex, religion, age, or national origin, except that a person younger than 18 years of age is not eligible for appointment.

Removal from Office

Sec. 2.04. (a) It is a ground for removal from the board if, during a member's service on the board, the member fails to meet the qualifications set forth in this Act for members of the board. The validity of an action of the board is not affected by the fact that it was taken when a ground for removal of a member of the board existed.

(b) Each member of the board shall be present for at least one-half of the regularly scheduled board meetings held each year. Failure of a board member to meet this requirement is grounds for removal of the member from the board and the removal creates a vacancy on the board.

Qualifications of Board Members

(b) Nine members of the board must:

(1) be learned and eminent physicians licensed to practice medicine within this state for at least three years prior to appointment and be graduates of a reputable medical school or college with a degree of doctor of medicine (M.D.); and

In this subsection, such an organization includes any such organization representing the practice of osteopathic medicine.

(g) A person required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252-9c, Vernon's Texas Civil Statutes), by virtue of his activities on behalf of a trade or professional association in the regulated profession may not act as a member of the board.

(h) A person is ineligible for appointment to the board if, at the time of appointment, the person is a stockholder, paid full-time faculty member, or a member of the board of trustees of a medical school.

(i) All board members must take the official oath.

#### Compensation of Board Members

Sec. 2.06. Each member of the board is entitled to a per diem as set by legislative appropriation for each day that the member engages in the business of the board. #### Meetings of Board

Sec. 2.07. At the first meeting of the board after each biennial appointment, the board shall elect from its members a president, vice-president, secretary-treasurer, and other officers as are required, in the opinion of the board, to carry out its duties. Regular meetings shall be held at least twice a year at times and places as the board shall consider most convenient for applicants and board members. Special meetings may be held in accordance with rules adopted by the board.

#### Powers and Duties of Board

Sec. 2.09. (a) The board shall have, in addition to other powers and duties contained in this Act, the powers and duties prescribed by this section. The board may make rules, regulations, and bylaws not inconsistent with this Act as may be necessary for the governing of its own proceedings, the performance of its duties, the regulation of the practice of medicine in this state, and the enforcement of this Act. The board may not establish a fee schedule for medical services.

(b) The board may act under its rules through an executive committee, or other committee, unless otherwise specified in this Act. The executive committee shall be the president, vice-president, and secretary-treasurer except where otherwise provided in this Act.

(c) The board may make rules and establish fees as are reasonable relating to the granting and extension of expiration dates of temporary licenses.

(d) The board shall preserve a record of its proceedings which shall be a public record. The board shall also maintain records showing the name, age, place, and duration of residence of each applicant, the time spent in medical study in respective medical schools, and the years and schools from which degrees were granted. The record shall also show whether applicants were rejected or licensed and shall be prima facie evidence of all matters contained in the record. A certified copy of those permanent records, with the hand and seal of the secretary-treasurer of the board, shall be admitted in evidence in all courts.

(e) The board shall employ, compensate, and provide administrators, clerks, employees, consultants, professionals, and other persons as may be found necessary, in its opinion, to carry out the provisions of this Act. The board shall be authorized and shall reimburse the above persons for actual and necessary expenses, including investigation expenses, travel, and other incidental expenses, incurred in the performance of official duties as determined by the board.

(f) An employee of the board may not be employed or paid any fee for services rendered by a statewide organization incorporated for the purpose of representing the entire profession licensed to practice medicine in the State of Texas or related within the second degree by affinity or within the third degree by consanguinity to a person who is employed or paid any fee for services rendered by such an organization. In this subsection, such an organization includes any such organization representing the practice of osteopathic medicine.

(g) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as the general counsel of the board.

(h) The board may receive criminal records or reports from any law enforcement agency or source pertaining to its licensees or any applicant for license. The board shall submit to the Department of Public Safety a complete set of fingerprints of every applicant for a license, and the Department of Public Safety shall cause them to be classified and checked against those in their fingerprint files and shall forthwith certify their findings concerning the criminal record of the applicant or shall report the lack of a criminal record, as the case may be, to the board. All criminal records and reports received from the Department of Public Safety shall be for the exclusive use of the board and shall be privileged and shall not be released or otherwise disclosed to any person or agency by the board except on court order. Any applicant for licensure or any licensee whose license is subject to revocation, cancellation, or suspension because of adverse information contained in the criminal records or reports shall be afforded the opportunity for a hearing before the board prior to any action on the application for license or revocation, cancellation, or suspension of license.

(i) The board shall have the power to appoint committees from its own membership and to make rules and regulations not inconsistent with this Act as may be necessary for the performance of its duties. The duties of any of the committees appointed from the board membership shall be to consider matters pertaining to the enforcement of this Act and the regulations promulgated in accordance with this Act as shall be referred to the committees, and they shall make recommendations to the board with respect to those matters. The board shall have the power, and may delegate that power to any committee, to issue subpoenas and subpoenas duces tecum to compel the attendance of witnesses, the production of books, records, and documents, to administer oaths, and to take testimony concerning all matters within its jurisdiction. There shall be appointed not less than one member of the board who meets the qualifications of Subsection (c) of Section 2.05 of this Act, and one member of the board who meets the qualifications of Subsection (d) of Section 2.05 of this Act, on all committees of the board. Should a member appointed to a committee as provided for in this subsection decline to accept or not be qualified under this Act to serve on the committee the position on the committee may be filled from any other member of the board regardless of qualification. In the event a member of the board who meets the qualifications of Subsection (c) or (d) of Section 2.05 of this Act is not elected to an office which would make the member a member of the executive committee of the board as provided for in this Act, then the board shall cause to be appointed additional members of that committee so that at least one member serves on the committee who meets the qualifications of Subsection (c) of Section 2.05 of this Act and at least one member serves on the committee who meets the

qualifications of Subsection (d) of Section 2.05 of this Act.

(j) The board shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this Act. The action for an injunction shall be in addition to any other action, proceeding, or remedy authorized by law.

(k) The board shall establish by rule a reasonable charge for those fees not specifically determined but authorized by this Act. The board may not waive collection of any fee or penalty. The board shall place all fees received under authority of this Act, not otherwise specified, into the medical licensing fund. The board is authorized and shall by annual budget determine the manner of handling the funds and the purpose, consistent with this Act, for which the same may be used. The budgeted expenses authorized by the board shall not be a charge upon the general revenue of the state nor paid from the general revenue.

(l) The board shall be represented in court proceedings by the attorney general. The board shall assist the local prosecuting officers of any county in the enforcement of all laws of the state prohibiting the unlawful practice of medicine, this Act, and other matters; provided that all of the prosecutions shall, unless otherwise provided, be subject to the direction and control of the regularly and duly constituted prosecuting officers, and nothing in this Act shall be construed as depriving them of any authority vested in them by law.

(m) When the board is required to examine the academic and professional credentials of an applicant for licensure or to examine the applicant orally or in writing, a public member appointed to the board may not participate in the preparation of the examination process. However, the public members shall be given notice of and may be present at all of the examination processes and deliberation concerning the results thereof and may participate in the development and establishment of the procedures and criteria for such examination process.

(n) The board is subject to the Administrative Procedure Act except as provided otherwise by this Act, and in such event this Act will control.

(o) The board is subject to the Open Meetings Law and Open Records Law except as provided by this Act, and in such event this Act will control.

(p) The board shall disseminate at least twice a year and at other times determined necessary by the board to all licensed physicians who are practicing in the State of Texas and, upon request, to the general public information as is of significant interest to the physicians in Texas, including board activities and functions, pertinent changes in this Act or board rules and regulations, and attorney general opinions.

(q) The board shall prepare the following:

(1) an alphabetical listing of the names of the licensees;

(2) an alphabetical listing of the names of the licensees by the county in which the licensee's principal place of practice is located;

(3) a summary of the board's functions;

(4) a copy of this Act and a listing of other laws relating to the practice of medicine;

(5) a copy of the board's rules; and

(6) other information considered appropriate by the board.

(r) The board on request shall distribute a copy of information prepared under Subsection (g) of this section to the requesting person. The board shall distribute on request copies of the information to the public libraries in this state.

(s) The board shall prepare information of consumer interest describing the regulatory functions of the board and describing the board's procedures by which consumer complaints are filed with and resolved by the board. The board on request shall make the information available to the general public and appropriate state agencies.

(t) The board shall on request of a licensee issue certification on endorsement of its license to other states and charge a reasonable fee for the issuance.

(u) The board shall cause to be developed an intraagency career ladder program, one part of which shall be the intraagency posting of each job opening with the board in a nonentry-level position. The intraagency posting shall be made at least 10 days before any public posting.

(v) The board shall cause to be developed a system of annual performance evaluations of the board's employees based on measurable job tasks. Any merit pay authorized by the board must be based on the system established under this subsection.

### SUBCHAPTER C. LICENSURE

#### Registration of Practitioners and Interns

Sec. 3.01. (a) All persons now lawfully qualified to practice medicine in this state, or who are hereafter licensed for the practice of medicine by the board, shall be registered as practitioners with the board on or before the first day of January and thereafter shall register in like manner annually, on or before the first day of January of each succeeding year. Each person so registered with the board shall pay, in connection with each annual registration and for the receipt hereinafter provided for, a fee established by the board which fee shall accompany the application of each person for registration. The payment shall be made to the board. Every person so registered shall file with the board a written application for annual registration, setting forth his name and mailing address, the place or places where the applicant is engaged in the prac-

tice of medicine, and other necessary information prescribed by the board.

(b) Any person desiring to serve in this state as an intern, resident, or fellow in graduate medical education programs herein described who is not otherwise licensed by the board shall register with the board within 30 days after beginning service as an intern, resident, or fellow, and annually thereafter, and shall pay the fee as the board may determine to be reasonable. Upon registration, a permit shall be issued annually to the interns, residents, and fellows participating in graduate medical education programs at hospitals and other medical institutions approved by the board on request of the hospitals or medical institutions as provided by rules of the board. The fees shall be deposited in the medical registration fund. Registration as an intern, resident, or fellow does not authorize the performance of medical acts except as the acts are performed as a part of graduate medical education programs and under the supervision of a licensed practitioner of medicine.

(c) Failure of any licensee to pay the annual license renewal fee on or before the 90th day after the date it is due automatically cancels his licensure. Any licensee whose license has been canceled because of failure to pay the annual license renewal fee may secure reinstatement of his license at any time within that license year upon payment of the delinquent fee together with a penalty in an amount as the board may determine to be reasonable. After expiration of the license year for which the license fee was not paid, no license shall be reinstated except upon application and satisfaction of other conditions as the board may establish and payment of delinquent fees and a penalty to be assessed by the board.

(d) Practicing medicine as defined in this Act without an annual registration receipt for the current year as provided in this Act has the same force and effect as and is subject to all penalties of practicing medicine without a license.

(e) On receipt of an application, accompanied by the proper registration fee, the board, after ascertaining, either from the records of the board or from other sources considered by it to be reliable, that the applicant is a licensed practitioner of medicine in this state, shall issue to the applicant an annual registration receipt certifying that the applicant has filed the application and has paid the registration fee for the year in question. The filing of the application, the payment of the registration fee, and the issuance of the receipt shall not entitle the holder to practice medicine in Texas unless he has in fact been previously licensed as a practitioner by the board, as prescribed by law, and unless the license to practice medicine is in full force and effect. In any prosecution for the unlawful practice of medicine the receipt showing payment of the annual registration fee required by this Act may not

be treated as evidence that the holder is lawfully entitled to practice medicine.

(f) In performing its duties as provided in this Act, the board may act through the secretary-treasurer of the board. The secretary-treasurer is entitled to a salary to be fixed by the legislature in its General Appropriations Act for the performance of duties under this Act. The secretary-treasurer of the board shall file a surety bond with the board. The bond shall be in an amount not less than \$10,000, be in compliance with the insurance laws of the state, and be payable to the state for the use of the state if the secretary-treasurer does not faithfully discharge the duties of the office. The board shall pay the premium on the bond. The salary shall be paid out of said medical registration fund and shall not be in any way a charge upon the general revenue of the state.

(g) The annual registration fee shall apply to all persons licensed by the board, whether or not they are practicing within the borders of this state.

(h) The secretary-treasurer shall determine the eligibility of each applicant for licensure by examination or reciprocity and shall recommend to the board all applicants eligible for licensure. If the secretary-treasurer cannot determine the eligibility of an applicant, then a committee of the board shall determine eligibility of the applicant. If the committee of the board cannot determine the eligibility of an applicant, then the board shall determine eligibility of the applicant. If a physician's application is denied by the secretary-treasurer, the applicant may request within 20 days of receipt of denial that a committee of the board determine his eligibility. If a physician's application is denied by the committee of the board, then the applicant may request within 20 days of denial a hearing to appeal the committee's decision. The board shall decide at the next regular board meeting the final administrative decision as to licensure. This hearing is not a contested case under the Administrative Procedure Act, but the applicant is entitled to legal counsel of his choice and may appeal the decision of the board to a district court under Section 19 of the Administrative Procedure Act. The denied applicant is entitled to know in writing why he was denied, but all reports received or gathered by the board on each applicant are confidential and are not subject to disclosure under the Open Records Law.

(i) The board must notify each delinquent licensee of his impending license cancellation by registered or certified mail sent to the licensee's address listed with the board not less than 30 days prior to the cancellation. This requirement shall be waived when the licensee has requested in writing that his or her license be canceled.

#### Renewals

Sec. 3.02. (a) On application on forms provided by the board for this purpose and receipt of renewal

fees, licenses shall be renewed annually by the board.

(b) The board by rule may adopt a system under which registrations expire on various dates during the year. The date for license cancellation due to nonpayment shall be adjusted accordingly. For the year in which the expiration date is changed, registration fees payable on or before January 1 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total registration fee is payable.

#### Reciprocal Agreements

Sec. 3.03. (a) The board, at its sole discretion and upon payment by an applicant of a fee prescribed by the board under this Act, may grant a license to practice medicine to any reputable physician who is a graduate of a reputable medical college and who:

(1) is a licensee of another state or Canadian province having requirements for physician registration and practice substantially equivalent to those established by the laws of this state; or

(2) is qualified by an examination for a certificate to practice medicine under a commission in the uniformed services of the United States.

(b) An application for a license under this section must be in writing and upon a form prescribed by the board. The application must be accompanied by:

(1) a diploma or photograph of a diploma awarded to the applicant by a reputable medical college and a certified transcript or a certificate, license, or commission issued to the applicant by the Medical Corps of the uniformed services of the United States;

(2) a license or a certified copy of a license to practice medicine lawfully issued to the applicant, on examination, by some other state or a Canadian province that requires in its examination the same general degree of fitness required by this state and that grants the same reciprocal privileges to persons licensed by the board; or

(3) a certification made by an executive officer of the uniformed services of the United States, the president or secretary of the board that issued the license, or a duly constituted registration office of the state or Canadian province that issued the certificate or license, reciting that the accompanying certificate or license has not been canceled, suspended, or revoked except by honorable discharge from the Medical Corps of the uniformed services of the United States and reciting that the statement of the qualifications made in the application for medical license in Texas is true and correct.

(c) Applicants for a license under this section must subscribe to an oath in writing before an officer authorized by law to administer oaths. The

written oath must be a part of the application. The application must state that:

(1) the license, certificate, or authority under which the applicant practiced medicine in the state or Canadian province from which the applicant is removed or in the uniformed service in which the applicant served was at the time of the removal or completion of service in full force and not canceled, suspended, or revoked;

(2) the applicant is the identical person to whom the certificate, license, or commission and the diploma were issued;

(3) no proceeding has been instituted against the applicant for the cancellation, suspension, or revocation of the certificate, license, or authority to practice medicine in the state, Canadian province, or uniformed service of the United States in which it was issued; and

(4) no prosecution is pending against the applicant in any state, federal, or Canadian court for any offense that under the laws of this state is a felony.

(d) A "reputable physician" means one who would be eligible for examination by the board. A "reputable medical school or college" means a medical school or college that was approved by the board at the time the applicant's degree was conferred.

(e) In addition to other licensure requirements, the board may require by rule and regulation that graduates of medical schools located outside of the United States and Canada, or the schools themselves, provide additional information to the board concerning the medical school attended prior to approval.

(f) The board may refuse to issue a license to an applicant who graduated from a medical school outside of the United States and Canada if it finds that the applicant does not possess the requisite qualifications to provide the same standard of medical care as provided by a licensed physician in this state.

(g) In addition to the requirements prescribed by this section, the board may require applicants to comply with other requirements that the board considers appropriate.

#### Qualification of Licensee

Sec. 3.04. (a) An applicant, to be eligible for the examination and issuance of license, must present satisfactory proof to the board that the applicant:

(1) is at least 21 years of age;

(2) is of good professional character;

(3) has completed 60 semester hours of college courses other than in medical school, which courses would be acceptable, at the time of completion, to The University of Texas for credit on a bachelor of arts degree or a bachelor of science degree;

WTSC Civil Statutes—9

(4) is a graduate of a medical school or college that was approved by the board at the time the degree was conferred; and

(5) has successfully completed a one year program of graduate medical training approved by the board. In addition to other licensure requirements, the board may require by rule and regulation that graduates of medical schools located outside the United States and Canada comply with other requirements that the board considers appropriate, including but not limited to additional graduate medical training in the United States, except those who qualify for licensure in Section 5.04 of this Act. However, the applicant shall be eligible for examination prior to complying with Subdivision (5) of Subsection (a) of this section but shall not be eligible for the issuance of an unrestricted license until the requirements of this subsection have been satisfied.

(b) Applications for examination must be made in writing, verified by affidavit, filed with the board on forms prescribed by the board, and accompanied by a fee as the board determines to be reasonable.

#### Examination

Sec. 3.05. (a) All examinations for license to practice medicine shall be conducted in writing in the English language and in a manner as to be entirely fair and impartial to all individuals and to every school or system of medicine. All applicants shall be known to the examiners only by numbers, without names or other method of identification on examination papers by which members of the board may be able to identify the applicants or examinees, until after the general averages of the examinees' numbers in the class have been determined and license granted or refused. Examinations shall be conducted on and cover those subjects generally taught by medical schools, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine or doctor of osteopathy conferred by schools or colleges of medicine approved by the board, and the examinations shall also be conducted on and cover the subject of medical jurisprudence. On satisfactory examination conducted as required by this Act under rules of the board, applicants shall be granted licenses to practice medicine. All questions and answers, with the grades attached, shall be preserved for one year in the executive office of the board or such other repository as the board by rule may direct. All applicants examined at the same time shall be given identical questions. All certificates shall be attested by the seal of the board. The board in its discretion may give the examination for license in two parts.

(b) In addition to the requirements prescribed by this Act, the board may require applicants to comply with other requirements that the board considers appropriate and establish reasonable fees for examination.

(c) All applicants for license to practice medicine in this state not otherwise licensed under the provisions of law must successfully pass an examination by the board. The board is authorized to adopt and enforce all rules of procedure not inconsistent with statutory requirements. All applicants shall be given due notice of the date and place of the examination; provided that the partial examinations provided for in this Act shall not be disturbed by this section. If any applicant, because of failure to pass the required examination, is refused a license, the applicant, at a time as the board may fix, shall be permitted to take a subsequent examination upon any subjects required in the original examination as the board may prescribe on the payment of a fee as the board may determine to be reasonable. In the event satisfactory grades shall be made on the subjects prescribed and taken on the reexamination, the board may grant the applicant a license to practice medicine. The board shall determine the credit to be given examinees on answers turned in on the subjects of complete and partial examination, and its decision is final.

(d) Examination questions that may be used in the future, examinations other than the one taken by the person requesting it, and deliberations and records relating to the professional character and fitness of applicants are exempted from the Open Meetings Law and the Open Records Law. The records, however, shall be disclosed to individual applicants upon written request, unless the person supplying the information to the board requests that it not be disclosed.

(e) Within 30 days after the day on which an examination is administered under this Act, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within four weeks after the date the board receives the results from the testing service. If the notice of the examination results will be delayed for longer than 90 days after the examination, the board shall notify the examinee of the reason for the delay before the 90th day.

(f) If requested in writing by a person who fails the examination administered under this Act, the board shall furnish the person with a summarized analysis of the person's performance on the examination consisting of the person's score on each portion of the examination.

#### Construction

Sec. 3.06. (c) Nothing in this Act shall be construed to prohibit any person from providing nutritional advice or giving advice concerning proper nutrition. However, this subsection confers no authority to practice medicine or surgery or to undertake the prevention, treatment, or cure of disease, pain, injury, deformity, or physical or mental conditions or to state that any product might cure any disease, disorder, or condition in violation of any provision of law. In this subsection, the terms "providing nutritional advice" and "giving advice concerning proper nutrition" mean the giving of information as to the use and role of food and food ingredients, including dietary supplements.

(d) This Act shall be so construed that:

(1) a person licensed to practice medicine shall have the authority to delegate to any qualified and properly trained person or persons acting under the physician's supervision any medical act which a reasonable and prudent physician would find is within the scope of sound medical judgment to delegate if, in the opinion of the delegating physician, the act can be properly and safely performed by the person to whom the medical act is delegated and the act is performed in its customary manner, not in violation of any other statute, and the person does not hold himself out to the public as being authorized to practice medicine. The delegating physician shall remain responsible for the medical acts of the person performing the delegated medical acts. The board may determine whether or not an act constitutes the practice of medicine, not inconsistent with this Act, and may determine whether any medical act may or may not be properly or safely delegated by physicians;

(2) a person licensed to practice medicine is authorized and shall have the authority to delegate to any qualified and properly trained person or persons, acting under the physician's supervision, the act or acts of administering or providing, in the physician's office, dangerous drugs, as ordered by the physician which are used or required to meet the immediate needs of the physician's patients. The administration or provision, as ordered by a physician, may be delegated through physician's orders, standing medical orders, standing delegation orders, or other orders, where applicable, as the orders are defined by the board. The administration or provision of dangerous drugs shall be in compliance with laws relating to the practice of medicine and Texas and federal laws relating to the dangerous drugs. This subdivision does not permit the physician or person or persons acting under the supervision of the physician to keep a pharmacy, advertised or otherwise, for the retailing of the dangerous drugs without complying with the applicable laws relating to the dangerous drugs;
