Any funds for public road construction in this State appropriated by the Federal Government shall be expended by and under the supervision of the Department only upon a part of the system of State Highways.

[Acts 1925, S.B. 84.]

**Art. 6673. Control of Highways**

The Commission is authorized to take over and maintain the various State Highways in Texas, and the counties through which said highways pass shall be free from any cost, expense or supervision of such highways. The Commission shall use the automobile registration fees in the State Highway Fund for the maintenance of such highways, and shall divert the same to no other use unless the Commission shall be without sufficient funds from other sources to meet Federal aid to roads in Texas, and in such case the Commission is authorized by resolution to transfer a sufficient amount from such fund to match said Federal aid.

[Acts 1925, S.B. 84.]

**Art. 6673-1. Repealed by Acts 1983, 68th Leg., p. 1526, ch. 288, § 2, eff. Sept. 1, 1983**

See, now, art. 6702-1, § 4.002.

**Art. 6673a. Sale or Exchange and Conveyance of Abandoned Routes; Correction Deeds; Tax Exemption**

**Sale or Exchange; Deeds**

Sec. 1. (a) Whenever the State Highway Commission<sup>1</sup> determines that any real property, or interest therein, heretofore or hereafter acquired by the State for highway purposes, is no longer needed for such purposes, and in the case of highway right-of-way it has further determined that such right-of-way is no longer needed for use of citizens as a road, the State Highway Commission may recommend to the Governor that such land or interest therein be sold, and the Governor may execute a proper deed conveying all the State's rights, title and interest in such land. It shall be the duty of the Commission to determine the fair and reasonable value of the State's interest in such land and to advise the Governor thereof. All money derived from such sales shall be deposited in the State Treasury to the credit of the State Highway Fund. Provided further, that where right-of-way property owned by the State was acquired by a city or county and the State Highway Commission determines that

said right-of-way property should be sold, such property shall be sold with the following priorities:

- (1) To abutting or adjoining landowners;
- (2) To original grantors, heirs or assigns of the original tract from whence the right-of-way was conveyed; or

(3) To the general public.

(b) Notice of said sale shall be advertised at least twenty days before the day of sale by having notice thereof published in the English language once a week for three consecutive weeks preceding such sale in a newspaper in the county in which the real estate is located. Such sale shall be made on a sealed bid basis, and said land shall not be sold for less than the value recommended by the State Highway Commission as provided above.

(c) Upon recommendation of the State Highway Commission, the Governor may execute a proper deed exchanging any such real property, or interest therein, either as a whole or part consideration, for any other real property, or interest therein, needed by the State for highway purposes.

(d) Provided further, that upon recommendation of the State Highway Commission the Governor may execute a proper deed relinquishing and conveying the State's right, title and interest in such real property as follows:

(1) If title to the State was acquired by donation, convey to the grantor, his heirs or assigns; or if acquired by purchase by a county or city, convey to the county or city, or to the grantor, his heirs or assigns at the request of the county or city.

(2) If the rights and interests conveyed to the State consist only of the right to use such property, and title is not held by the State, convey the State's rights and interests to the owner of the fee in said property.

(3) If title or any interest in such property was acquired and held by a county or city in its own name for use by the State, quitclaim to the county or city any interest of the State which might accrue from the State's use of the property; or if there is no record title to such property, quitclaim the State's interests, which might accrue from its use of the property, to the county or city wherein such land is located, or to abutting property owners at the request of the county or city.

(4) Quitclaim the State's title, rights and interest as necessary to comply with reversionary clauses contained in instruments by which the State's title, rights or interests were acquired.

(5) If property has been acquired by or for the State for use as an approach-way to an urban freeway, but, within 12 months after acquisition, the Commission has determined that, due to relocation of the approach-way, the property is not needed for highway purposes, reconvey the property to the grantor from whom it was acquired by or for the State, or to his heirs, successors, or assigns. The

sale price shall be the same as the purchase price paid by or for the State, plus six percent interest per annum from the date of that payment by or for the State. When the Commission determines that the property is not needed for highway purposes, it shall give written notice of that determination to the grantor. The notice shall be mailed to the grantor at his address as of the time of acquisition. Within two years after the notice is mailed, the grantor, his heirs, successors, or assigns may request in writing that the State reconvey the property to them. If at the expiration of the two-year period, no such request has been received by the Commission, the State may then dispose of the property at public sale.

<sup>1</sup> Name changed to State Highway and Public Transportation Commission; see art. 6663.

#### Disposition of Proceeds; Land Never Used for Purpose for Which Acquired

Sec. 1A. If any real property owned by the state and sold under Section 1 of this article was acquired by a city or county with a part of the cost reimbursed to the city or county by the state, and it is determined by the State Highway and Public Transportation Commission that the real property was never used for the purpose for which it was acquired, the State Department of Highways and Public Transportation may pay to the city or county a percentage of the proceeds received from the sale, such percentage being equal to the percentage of the value or cost not reimbursed to the city or county at the time of the initial acquisition.

#### Correction of Error or Ambiguity

Sec. 2. In all cases where there is an ambiguity or an error in any instrument by which title to, or any right or interest in, any real property is or has been conveyed to the State of Texas for highway right-of-way purposes because the metes and bounds description of said property is incomplete or incorrect, or for any other reason, and such ambiguity or error is of sufficient consequence to raise doubt as to the location or extent of the property conveyed thereby, or results in the acquisition of land or an interest in land not intended to be included therein and not needed for highway purposes, the Governor of this State, upon receipt of a recommendation from the State Highway Commission that he so do, shall execute and deliver, in the name of the State of Texas, a quit claim deed, correction deed or other conveyance deemed necessary to rectify and resolve any such ambiguity or error.

Sec. 3. Omitted by amendment.

#### Rights of Public Utility or Common Carrier

Sec. 4. Whenever any real property owned by the State and sold and conveyed hereunder is being used by a public utility or common carrier having right of eminent domain for right-of-way and easement purposes the sale, conveyance and surrender of possession herein provided for shall be and re-

main in all things subject to the right and continued use of such public utility or common carrier.

**Approval of Transfers; Rights-of-Way Not Infringed; Expenses**

Sec. 5. The Attorney General shall approve all transfers and conveyances under this Act, and in no event shall the right of the State of Texas to full and exclusive right of possession of all retained rights-of-way be infringed or lessened in any manner thereby. All expenses of the State Highway Department<sup>1</sup> incurred under any of these provisions, including the cost of advertising all sales made hereunder, shall be borne by the grantee in the deeds issued hereunder and payment of such expenses shall be a condition precedent to the delivery of such deeds.

<sup>1</sup> Name changed to State Department of Highways and Public Transportation; see art. 6663.

**Tax Exemption of Land Used for Road Purposes**

Sec. 6. In the event any public road or State highway is located on land in which the fee simple title is not vested in the State or the county wherein such road is located, such land so dedicated and used for such road purpose shall not be assessed for ad valorem taxation, or the fee simple owner required to pay ad valorem taxes thereon for any purpose so long as same is used for such road purpose. It shall be the duty of the Tax Assessor whenever his attention is called thereto by the fee simple owner of lands so used for public road or State highway purposes to note on the assessment sheet the amount of land so used.

**Art. 6673a-1. Lease of Right-of-Way for Development of Oil and Gas**

The State Highway and Public Transportation Commission may not lease:

(1) land owned by the state that was acquired to construct or maintain a highway, road, street, or alley; or

(2) land owned by the state under the jurisdiction or control of the commission.

[Acts 1981, 67th Leg., p. 2573, ch. 686, § 2, eff. Aug. 31, 1981.]

Section 3 of the 1981 Act provides:

"This Act does not affect leases in existence on the effective date of this Act."

**Art. 6673a-2. Lease of Right-of-Way for Development of Minerals Other Than Oil and Gas**

Notwithstanding any provision of this chapter, the State Highway and Public Transportation Commission may lease for development of minerals other than oil and gas:

(1) land owned by the state that was acquired to construct or maintain a highway, road, street, or alley; or

(2) land owned by the state under the jurisdiction or control of the commission.

[Acts 1981, 67th Leg., p. 2573, ch. 686, § 2, eff. Aug. 31, 1981.]

Section 3 of the 1981 Act provides:

"This Act does not affect leases in existence on the effective date of this Act."

**Art. 6673b. Contracts with Cities, etc., Concerning State Highways**

The State Highway Commission<sup>1</sup> is hereby authorized and empowered, in its discretion, to enter into contracts or agreements with the governing bodies of incorporated cities, towns, and villages, whether incorporated under the home rule provisions of the Constitution, Special Charter, or under the General Laws, providing for the location, relocation, construction, reconstruction, maintenance, control, supervision, and regulation of designated State highways within or through the corporate limits of such incorporated cities, towns, and villages, and determining and fixing the respective liabilities or responsibilities of the parties resulting therefrom; and such incorporated cities, towns, and villages are hereby authorized and empowered, through the governing bodies of such cities, towns, and villages to enter into such contracts or agreements with the State Highway Commission.

[Acts 1939, 46th Leg., p. 581, § 1.]

<sup>1</sup> Name changed to State Highway and Public Transportation Commission; see art. 6663.

**Art. 6673c. Farm-to-Market Roads; Designation of County Roads As**

Sec. 1. The State Highway Commission<sup>1</sup> is authorized to designate any county road in the state as a farm-to-market road for purposes of construction, reconstruction, and maintenance only, provided that the Commissioners Court of the county in which any such county road is located shall pass and enter in its minutes an order waiving any rights such county may have for participation by the state in any indebtedness incurred by the county in the construction of such county road; and provided further that the State Highway Commission and the Commissioners Court of the county in which any such road is located may enter into a contract that shall set forth the duties of the state in the construction, reconstruction, and maintenance of the county road in consideration of the county and/or road district relinquishing any and all claims for state participation in any county, road district, or defined road district bonds, warrants, or other evidences of indebtedness outstanding against such road for the construction or improvement of the road before being designated by the State Highway Commission.

Sec. 2. It is hereby declared to be the policy of the state that the assumption by the state of the

obligation to construct and maintain such roads designated by the State Highway Commission as farm-to-market roads under the provisions of this Act constitutes full and complete compensation for any and all funds that might have been expended by any county, road district, or defined road district in the construction and maintenance of said road prior to its designation by the State Highway Commission as a farm-to-market road.

Sec. 3. This Act shall be cumulative of all other laws on this subject, but in the event of a conflict between the provisions of this Act and any other Act on this subject, the provisions of this Act shall prevail.

[Acts 1943, 48th Leg., p. 365, ch. 244.]

<sup>1</sup>Name changed to State Highway and Public Transportation Commission; see art. 6663.

#### Art. 6673d. Expired

This article, derived from Acts 1943, 48th Leg., p. 363, ch. 241, authorized agreements between the Highway Department and the U. S. Public Roads Administration for flight strips and roads to military sites, to " \* \* \* remain in effect during the continuance of the emergency declared by the President May 27, 1941, and for a period of six (6) months thereafter."

Proclamation of the President of the United States, No. 2847, May 27, 1941, declared the existence of an unlimited national emergency. For the termination of the unlimited national emergency as to certain war and emergency legislation, see Act of Congress of July 25, 1947, c. 327 and the *Congressional Comment* with reference thereto, 1947 U.S.Code Congressional Service, p. 453.

See, now, art. 6702-1, § 4.301.

#### Art. 6673e-2. Expenditure of Additional Funds

From and after the effective date of this Act, the Texas Highway Department<sup>1</sup> shall expend the additional funds provided for by Section 2 of this Act, which is derived from Section 10 of Chapter 88, Acts of the Forty-first Legislature, Second Called Session, 1929, as amended,<sup>2</sup> for the acquisition of rights of way.

[Acts 1957, 55th Leg., p. 731, ch. 301, § 3.]

<sup>1</sup>Name changed to State Department of Highways and Public Transportation; see art. 6663.

<sup>2</sup>Article 6675a-10.

#### Art. 6673e-3. Planting Trees on Rights-of-Way

Sec. 1. The State Highway Department<sup>1</sup> shall plant and care for a substantial number of pecan trees on United States and state highway rights-of-way throughout the state. In areas where the climate is unsuitable for the growth of pecan trees, or where pecan trees present a safety hazard, the State Highway Department shall plant other trees which are indigenous or adaptable to the (particular) area, and present no safety hazards.

Sec. 2. The cost of acquiring, planting, and caring for the pecan trees shall be borne by the state highway fund.

[Acts 1971, 62nd Leg., p. 938, ch. 149, eff. Aug. 30, 1971.]

<sup>1</sup>Name changed to State Department of Highways and Public Transportation; see art. 6663.

#### Art. 6673e-4. Designation of State Highways by Local Governments

##### Definitions

Sec. 1. In this Act, unless the context requires a different definition:

(1) "Commission" means the State Highway Commission.<sup>1</sup>

(2) "Department" means the Texas Highway Department.<sup>2</sup>

<sup>1</sup>Name changed to State Highway and Public Transportation Commission; see art. 6663.

<sup>2</sup>Name changed to State Department of Highways and Public Transportation; see art. 6663.

##### Commission; Naming State Highways Prohibited

Sec. 2. The commission shall not officially name any road, bridge, street, or highway in the state highway system for a person or persons, living or dead, nor for any organization or event; nor shall the commission give these parts of the highway system any name or symbol other than the regular highway number.

##### Local Governments; Memorial or Identifying Designation

Sec. 3. Local governmental units may assign a memorial or other identifying designation to any part or parts of the highway system; provided, however, that any part or parts of the highway system that are named or identified locally will be marked only with the regular highway number.

##### Memorial Marker

Sec. 4. Local governmental units may purchase and furnish to the department a suitable locally-identifying memorial marker of a size and type which must be approved by the state highway engineer.<sup>1</sup> Upon request, the department may erect such marker at a place most suitable to the department's maintenance operations.

<sup>1</sup>Name changed to State Engineer-Director for Highways and Public Transportation; see art. 6663.

##### Multi-Governmental Unit Cooperation; Marker Placement

Sec. 5. When two or more local governmental units cooperate in seeking a single continuous memorial designation for a highway through their limits, markers may be furnished to the department to be erected at each end of the designated limits, and at such intermediate sites that markers shall be approximately 75 miles apart.

**Designation Sponsors, Duties; Site Selection and Preparation**

Sec. 6. When a memorial designation is planned by a local governmental unit or units, the sponsor or sponsors shall submit to the state highway engineer a complete description of the nature and objectives of the dedication, and the type and full description of the marker or markers to be erected. If approved by the state highway engineer, a period of 90 days shall be required from the date of approval to the actual erection of the marker or markers, in order for the department to select and prepare a proper site or sites.

**Maintenance of Grounds and Markers**

Sec. 7. The maintenance of grounds surrounding the markers shall be the responsibility of the department, but repairs or replacement of the markers shall be made by the sponsoring governmental unit.

**Construction of Act**

Sec. 8. This act shall not supersede nor be in conflict with any existing statutes regulating the signing and marking of roads or streets nor shall it void or supersede the authority of local governmental agencies to regulate and sign roads and streets within their jurisdiction.

**Designation of Historical Routes**

Sec. 8A. (a) Notwithstanding any other provision of this Act, a county historical commission may apply to the Texas Historical Commission and the department for the marking with a historical name of a farm-to-market or ranch road that follows a historical route.

(b) Before the department may mark the road with the historical name, the Texas Historical Commission must certify that the name has been in common usage in the area for at least 50 years. The certification must be based on evidence submitted by the applying county historical commission, which must include affidavits from at least five long-time residents of the area.

(c) On certification by the Texas Historical Commission, the department shall prepare and install along the road signs indicating the road's historical name. The applying county historical commission shall pay for the preparation of the signs.

**Art. 6673e-5. Texas Vietnam Veterans Memorial Highway**

**Purpose**

Sec. 1. To honor the Texas citizens who served in the United States armed forces during the Vietnam War, the legislature determines that it is appropriate to designate the only United States high-

way in Texas that spans the entire length of the state from north to south as the Texas Vietnam Veterans Memorial Highway.

**Designation of the Highway**

Sec. 2. The segment of U.S. Highway 83 that is located in Texas, stretching from Brownsville through the Panhandle, is designated the Texas Vietnam Veterans Memorial Highway.

**Markers**

Sec. 3. (a) The State Department of Highways and Public Transportation shall design and construct memorial markers to be placed along U.S. Highway 83 indicating its designation as the Texas Vietnam Veterans Memorial Highway.

(b) The markers shall include the highway number and any other information that the department determines is appropriate to demonstrate the purpose of the memorial.

(c) Markers shall be erected at each end of the highway in Texas, and at intermediate sites that the department determines are appropriate. The intermediate sites may not be farther apart than 100 miles.

(d) The department is responsible for repair and replacement of the markers and for maintenance of the grounds surrounding each marker.

(e) The department may accept grants and donations from individuals and other entities to assist in financing the construction and maintenance of the markers.

[Acts 1983, 68th Leg., p. 2181, ch. 404, § 1, eff. Aug. 29, 1983.]

**Art. 6673f. Mowing, Baling, Shredding, or Hoing Rights-of-Way**

Sec. 1. A district engineer of the State Department of Highways and Public Transportation may grant permission to a person, at his request, to mow, bale, shred, or hoe the right-of-way of any designated portion of a highway that is in the state highway system and is within the district supervised by the engineer.

Sec. 2. If a person requesting permission to mow, bale, shred, or hoe a highway right-of-way is not an owner of land adjacent to the right-of-way that is the subject of the request, the district engineer, before granting permission, must provide a person owning land adjacent to the right-of-way the option of mowing, baling, shredding, or hoeing the right-of-way. A district engineer may deny any request authorized by this Act.

Sec. 3. A person granted permission to mow, bale, shred, or hoe a highway right-of-way under this Act may not receive compensation for the mowing, baling, shredding, or hoeing but is entitled to use or dispose of the hay or other materials produced by the mowing, baling, shredding, or hoeing.

Sec. 4. The state, the State Department of Highways and Public Transportation, and the district engineer are not liable for any personal injuries, property damage, or death resulting from the performance of services or agreements as provided in this Act.

[Acts 1977, 65th Leg., p. 1519, ch. 613, §§ 1 to 4, eff. Aug. 29, 1977.]

#### Art. 6674. Operating Expenses

The legislature shall make appropriations for the maintenance and running expenses of the Department, fix the compensation of the Highway Engineer<sup>1</sup> and all other employes of the Department, and determine the number of such employes; and shall fix the compensation of the members of the Commission at not exceeding twenty-five hundred dollars per annum. The Board of Control shall make contracts for equipment and supplies (including seals and number plates) required by law in the administration of the registration of licensed vehicles, and in the operation of said Department. All money herein authorized to be appropriated for the operation of the Department and the purchase of equipment shall be paid from the State Highway Fund, and the remainder of said fund shall be expended by the Commission for the furtherance of public road construction and the establishment of a system of State highways as herein provided.

[Acts 1925, S.B. 84.]

<sup>1</sup>Name changed to State Engineer-Director for Highways and Public Transportation; see art. 6663.

#### 1A. CONSTRUCTION AND MAINTENANCE

##### Art. 6674a. Definition of Terms

The term "highway" as used in this Act<sup>1</sup> shall include any public road or thoroughfare or section thereof and any bridge, culvert or other necessary structure appertaining thereto. The term "improvement" shall include construction, reconstruction or maintenance, or partial construction, reconstruction or maintenance and the making of all necessary plans and surveys preliminary thereto. The term "Commission" refers to the State Highway Commission<sup>2</sup> and the term "Department" refers to the State Highway Department.<sup>3</sup>

<sup>1</sup>Name changed to State Engineer-Director for Highways and Public Transportation; see art. 6663.

<sup>2</sup>See, now, art. 6670.

##### Art. 6674c. Inmate Labor for Highway System Improvement Projects

The commission may contract with the Texas Board of Corrections for the provision of inmate labor for a state highway system improvement project. Contracts made pursuant to this article must be made in conformity with The Interagency Cooperation Act, as amended (Article 4413(32), Vernon's Texas Civil Statutes.)

[Acts 1981, 67th Leg., p. 2496, ch. 655, § 1, eff. Aug. 31, 1981.]

A former article 6674c, relating to construction and maintenance of macadamized roads, was repealed by Acts 1932, 42nd Leg., 3rd C.S., p. 15, ch. 13, § 3.

##### Art. 6674c-1. Contributions From Counties or Political Subdivisions for Roads Therein

Any county, or any other political subdivision of this State, or political subdivision of any county, acting through its governing agency, may make, and the State Highway Commission,<sup>1</sup> in its discretion, may accept, voluntary contributions of available funds from such county, or any other political subdivision of this State, or political subdivision of any county for expenditure by the State Highway Commission in the proper development and construction of the public roads and State Highway System within such county, or any other political subdivision of this State, or political subdivision of any county.

[Acts 1947, 50th Leg., p. 25, ch. 18, § 1. Amended by Acts 1965, 59th Leg., p. 301, ch. 133, § 1, eff. May 6, 1965.]

<sup>1</sup>Name changed to State Department of Highways and Public Transportation; see art. 6663.

##### Art. 6674d. Federal Aid

All further improvement of said State Highway System with Federal aid shall be made under the exclusive and direct control of the State Highway Department<sup>1</sup> and with appropriations made by the Legislature out of the State Highway Fund. The further improvement of said system without Federal aid may be made by the State Highway Department either with or without county aid. Surveys, plans, specifications and estimates for all further improvement of said system with Federal aid or with Federal and State aid shall be made and prepared by the State Highway Department. No further improvement of said system shall be made under the direct control of the commissioners' court of any county unless and until the plans and specifications for said improvement have been approved by the State Highway Engineer.<sup>2</sup>

Nothing in this section or this Act<sup>3</sup> shall be construed as prohibiting the granting of State aid under the provisions of Chapter 190, General Laws of the Regular Session of the Thirty-fifth Legislature<sup>4</sup> and subsequent amendments thereto, nor shall anything in this Act prevent the completion of any highway improvement project already begun or the carrying out of any contract for such improvement.

<sup>4</sup> Article 6663 et seq.

#### Art. 6674d-1. Federal Aid on Non-State Highway System Roads

From and after the effective date of this Act, all moneys appropriated by the Congress of the United States and allocated by the Secretary of Agriculture of the United States to the State Highway Department<sup>1</sup> for expenditure on roads not on the system of State Highways, may be expended, by and through the State Highway Department in conjunction with the Bureau of Public Roads, for the improvement of such roads and said Federal Funds may be matched, or supplemented by such amounts of State funds as may be necessary for proper construction and prosecution of the work. State funds shall not be used exclusively for the construction of roads not on the System of State Highways, the expenditure of State funds on said roads being limited to cost of construction and engineering, overhead and other costs on which the application of Federal Funds is prohibited or impractical.

[Acts 1939, 46th Leg., p. 579, § 1.]

<sup>1</sup> Name changed to State Department of Highways and Public Transportation; see art. 6663.

#### Art. 6674e. Appropriations from Highway Fund

All moneys now or hereafter deposited in the State Treasury to credit of the "State Highway Fund", including all Federal aid moneys deposited to the credit of said fund under the terms of the Federal Highway Act<sup>1</sup> and all county aid moneys deposited to the credit of said fund under the terms of this Act shall be subject to appropriation for the specific purpose of the improvement of said system of State Highways by the State Department of Highways and Public Transportation. However, direct appropriations in an amount not to exceed \$30 million each fiscal year shall be made from the State Highway Fund to the Department of Public Safety for policing the State Highway System and for the administration of laws prescribed by the Legislature pertaining to the supervision of traffic and safety on public roads. There shall be subtracted from the \$30 million maximum which may be appropriated to the Department of Public Safety the amount of appropriations for each fiscal year from the State Highway Fund to the State Employee's Retirement

System to provide for the state's share of retirement contributions, social security taxes, and state paid health insurance for employees and officers of the Department of Public Safety.

[Acts 1925, 39th Leg., ch. 186, p. 457, § 5. Amended by Acts 1977, 65th Leg., p. 112, ch. 55, § 1, eff. April 12, 1977.]

#### Art. 6674f. Highway Cost Index Committee; Transfers to State Highway Fund

(a) The Highway Cost Index Committee consists of the governor or, in the governor's absence, the secretary of state; the lieutenant governor; and the comptroller of public accounts.

(b) On or before November 1 of each even-numbered year, the Highway Cost Index Committee shall certify to the comptroller the estimated amount of transfers to the state highway fund that are required by this article and Article 4364a, Revised Civil Statutes of Texas, 1925, as amended, for the following fiscal biennium.

(c) On or before August 1 of each year, the Highway Cost Index Committee shall certify to the comptroller the estimated amount of transfers to the state highway fund that are required by this article and Article 4364a, Revised Civil Statutes of Texas, 1925, as amended, for the following fiscal year.

(d) On or before November 1 of each year, the Highway Cost Index Committee shall determine and certify to the comptroller:

(1) the amount of dedicated revenue earned for the state highway fund for the preceding fiscal year;

(2) the highway cost index for the preceding fiscal year;

(3) the difference, if any, between the amounts transferred under this article and Article 4364a, Revised Civil Statutes of Texas, 1925, as amended, during the preceding fiscal year (exclusive of any adjustments made under this subsection during the preceding fiscal year) and the amounts that would have been transferred during the preceding fiscal year if the actual amount of dedicated revenue and the actual highway cost index for that year had been used to determine the amounts transferred; and

(4) the amount by which the transfers for the current fiscal year are to be adjusted to compensate for the amount of the difference determined under Subdivision (3) of this subsection.

(e) The amounts transferred to the state highway fund under this article and Article 4364a shall be estimated and determined under the following formula:

Amount = (cost index × \$750 million) — dedicated revenue.

(f) In the formula:

(1) "Amount" means the total yearly amount to be transferred from the general revenue fund to the state highway fund.

(2) "Cost index" means the factor determined under Subsection (g) of this section.

(3) "Dedicated revenue" means the revenue credited to the state highway fund under the following:

(A) Chapters 9 and 20, Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, as amended;<sup>1</sup>

(B) Article 6686, Revised Civil Statutes of Texas, 1925, as amended;

(C) Sections 1 through 16, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-1 et seq., Vernon's Texas Civil Statutes);

(D) Chapter 18, General Laws, Acts of the 41st Legislature, 5th Called Session, 1930, as amended (Article 6675a-6e, Vernon's Texas Civil Statutes);

(E) Section 2, Chapter 178, General Laws, Acts of the 43rd Legislature, Regular Session, 1933, as amended (Article 6675a-13½, Vernon's Texas Civil Statutes);

(F) Chapter 298, Acts of the 56th Legislature, Regular Session, 1959 (Article 6675a-5b, Vernon's Texas Civil Statutes);

(G) Chapter 456, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 6675a-6b, Vernon's Texas Civil Statutes);

(H) Chapter 517, Acts of the 58th Legislature, 1963, as amended (Article 6675a-6c, Vernon's Texas Civil Statutes);

(I) Chapter 707, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 6675a-6d, Vernon's Texas Civil Statutes); and

(J) Chapter 338, Acts of the 64th Legislature, 1975, as amended (Article 6675a-5e.1, Vernon's Texas Civil Statutes).

(g) The State Department of Highways and Public Transportation shall compute the highway cost index for each fiscal year according to procedures approved by the Highway Cost Index Committee. The index for a fiscal year is determined upon the weighted combined costs of highway operations, maintenance, and construction for the fiscal year compared to those costs for the base fiscal year beginning on September 1, 1978. The highway cost index for the base fiscal year is 1.00.

(h) This article does not authorize the transfer of funds from the state highway fund to the general revenue fund or any other fund.

**Art. 6674h. Competitive Bids**

All contracts proposed to be made by the State Department of Highways and Public Transportation for the improvement of any highway constituting a part of the State Highway System or for materials to be used in the construction or maintenance thereof shall be submitted to competitive bids. Notice of the time when and place where such contracts will be let and bids opened shall be published in some newspaper published in the county where the improvement is to be done once a week for at least two weeks prior to the time set for the letting said contract and in two other newspapers that the department may designate. Provided, however, that on contracts involving less than One Hundred Thousand (\$100,000.00) Dollars such advertising may be limited to two successive issues of any newspaper published in the county in which the work is to be done, and if there is no newspaper in the county in which the work is to be done then said advertising shall be for publication in some newspaper in some county nearest the county seat of the county in which the work is to be done. Provided further, that any person, firm or corporation may make application to have the name of said applicant placed upon a mailing list to receive notices of lettings of any contracts provided for herein; and notices of said lettings shall be mailed by the State Highway and Public Transportation Commission to all persons, firms or corporations on said mailing list. The Commission shall have the right to require all applicants to deposit with the commission a sum of not exceeding Twenty-five (\$25.00) Dollars per year to cover costs of mailing notices.

**Art. 6674i. Opening and Rejecting Bids**

The State Department of Highways and Public Transportation shall have the right to reject any and all such bids. All such bids shall be sealed, and filed with the State Engineer-Director for Highways and Public Transportation at Austin, Texas, and shall be opened at a public hearing of the State Highway and Public Transportation Commission. All bidders may attend and all bids shall be opened in their presence. Copies of all such bids shall be filed with the county in which the work is to be performed. Provided however, on contracts involving less than One Hundred Thousand (\$100,000.00) Dollars bids may in the discretion of the Commission be received at a public hearing by the District Engineer at the District Headquarters. All bids so received by the District Engineer shall be tabulated and forwarded to the Commission, and the Commis-

sion shall have the right to accept or reject same, and if accepted, award the contract to the lowest bidder. It shall be the duty of the Commission to prescribe rules and regulations on all bidders on bids received by District Engineers, but the rules and regulations required by the Commission for bids received at Austin by said Commission shall not apply to bidders submitting bids to District Engineers.

#### Art. 6674j. Contractor's Bond

The successful bidder or bidders shall enter into written contracts with said department, and shall give bond in such amounts as is now provided by law, conditioned for the faithful compliance with his bid and performance of the contract and payable to the State Highway Department<sup>1</sup> for the use and benefit of the State Highway Fund.

[Acts 1925, 39th Leg., ch. 186, p. 458, § 10.]

<sup>1</sup> Name changed to State Department of Highways and Public Transportation; see art. 6663.

#### Art. 6674k. Form of Contract

The State Highway Commission shall prescribe the form of such contracts and may include therein such matters as they may deem advantageous to the State. Such forms shall be uniform, as near as may be.

[Acts 1925, 39th Leg., ch. 186, p. 458, § 11.]

#### Art. 6674l. Signing Contracts

Every such contract for highway improvement under the provisions of this Act<sup>1</sup> shall be made in the name of the State of Texas, signed by the State Highway Engineer, approved by at least two members of the State Highway Commission and signed by the contracting party, and no such contract shall be entered into which will create a liability on the part of the State in excess of funds available for expenditure under the terms of this Act.

#### Art. 6674m. Partial Payments

Said contracts may provide for partial payments to an amount not exceeding ninety-five per cent (95%) of the value of the work done. Five per cent (5%) of the contract price shall be retained until the entire work has been completed and accepted. Provided, that at the request of the contractor and with the approval of the State Highway Department and the State Treasurer the five per cent (5%) retained amount may be deposited under the terms of a trust agreement with a state or national bank domiciled in Texas as selected by the contractor. Said bank, acting as escrow agent and by instructions from the contractor, may reinvest the retained amount in certificates of deposit issued by state or national

banks domiciled in Texas, bank time deposits, or other similar investments prescribed by the trust agreement. Interest earned on said funds shall be paid to the contractor unless otherwise specified under the terms of said trust agreement. The escrow agent shall be responsible for all investments and funds as a result of the deposits of the retained amounts until released from such responsibility as instructed by the provisions of said trust agreement. The State Highway Department shall provide a trust agreement that will protect the interests of the State of Texas. All expenses incident to the deposit and all charges made by the escrow agent for custody of the securities and forwarding of interest thereon shall be paid solely by the contractor. No such expense or charge shall apply to either the contract or the State of Texas.

#### Art. 6674n-1. Agreements for Cultivation by Adjoining Owners of Land Not Needed Immediately

The Texas Highway Department may enter into written agreements with owners of the lands abutting or adjoining the lands acquired by the Department for right of way for any highway, farm-to-market road, or other roadway in the State Highway System, under the terms of which such owners of abutting or adjoining lands may be authorized to use and cultivate such portions of the right of way as may not be required for immediate use of the Department. The agreements may contain provisions regarding the use, cultivation, construction of improvements, the placement of fences and such other matters as may be mutually agreed to by the Department and the respective owners of the abutting or adjoining lands. Such agreements shall be executed by the owners of the adjoining or abutting lands and the State Highway Engineer or his authorized representative; provided, however, that the Department, by such agreements, may not impair or relinquish the State's right to use such land for right-of-way purposes when it is required for the construction or reconstruction of the road for which it was acquired, nor shall use by adjoining or abutting land owners under such agreement ever be construed as abandonment by the Department of such lands acquired for right-of-way purposes.

**Art. 6674n-4. Renumbered as Art. 3266b**

**Art. 6674o. Maintenance of Detour Roads**

Sec. 1. From and after the taking effect of this Act, it shall be the duty of the State Highway Department, wherever construction on any part of the State System of Highways is being carried on and it becomes necessary to close such roads under construction to traffic, to provide for the convenience of the public by the selection and improvement and maintenance of an all-weather detour road, to be used and controlled during the period of such State use under like conditions and authority as exercised over parts of the designated system of State Highways; and the Highway Commission shall provide for the equipment of such detour roads in a manner adequate to the convenience and safety of the normal traffic diverted thereupon; counties are hereby required to render the State Highway Commission such cooperation as may be necessary for adequate provision for the traffic requirements of the public in the selection and maintenance of all such detour roads in or through the county.

Sec. 2. From and after the taking effect of this Act, it shall be the duty of any County Commissioners' Court in this State wherever construction upon any part of the County System of Public Roads, not parts of the designated State System of Highways, is being carried on and it becomes necessary to close such roads under construction to traffic, to provide for the convenience of the public by the selection and use of a detour road, to be controlled and maintained during the period of such county use under like conditions of authority as exercised over an established public road.

Sec. 3. In all such provisions for detour roads by State Highway Commission, and in all provisions for detour roads by County Commissioners' Courts it shall be the duty of the State Highway Commission, or Commissioners' Court, as the case may be, to post all necessary sign boards for the convenience and guidance of the public at each end of

such detour road, and provide with reasonable adequacy for the maintenance of the detour roads in a manner to respond to normal traffic requirements passing over such State highways or such county roads.

[Acts 1929, 41st Leg., p. 59, ch. 25.]

**Art. 6674o-1. Forbidding Use of Highway**

The County Commissioners of any precinct, or County Road Superintendent of any county, or road Supervisor whose road is affected, or the State Highway Commission, may have the authority by posting notices on the highways or roads under their respective control when from wet weather or recent construction or repairs such cannot be safely used without probable serious damage to same, or when the bridge or culverts on same are unsafe, to forbid the use of such highway or section thereof by any vehicle or loads of such weight or tires of such character as will unduly damage such highway. The notices provided for herein shall state the maximum load permitted and the time such use is prohibited and shall be posted upon the highway in such place as will enable the drivers to make detours to avoid the restricted highways or portions thereof; provided no road shall be closed until detours have been provided.

If the owner or operator of any such vehicle feels himself aggrieved by such action, he may complain in writing to the County Judge of such county, setting forth the nature of his grievance. Upon the filing of such complaint the County Judge shall forthwith set down for hearing the issue thus raised for a day certain, not more than three days later, and shall give notice in writing to such official of the day and purpose of each hearing, and at such hearing the County Judge shall hear testimony offered by the parties respectively, and upon conclusion thereof, shall render judgment sustaining, revoking or modifying such order heretofore made by the County Road Superintendent or Road Supervisor, or the State Highway Commission, and the judgment of the County Judge shall be final as to the issues raised. If upon such hearing the judgment sustains the order of the County Road Superintendent or road Supervisor and it appears that any violation of same has been committed by the complainant since posting such notices, he shall be subject to the same penalty hereinafter provided for such offense as if the same had been committed subsequent to the rendition of such judgment made upon such hearing.

Any party guilty of violating the provisions and directions of any such order or notice of the County Road Superintendent or road Supervisor, or the State Highway Commission, before or after it has been so approved by such judgment of the County Judge shall be fined not exceeding Two Hundred Dollars.

**Art. 6674p. Minimum Wage for Highway Labor; Citizens' Preference in Employment**

Sec. 1. Hereafter the State Highway Commission in letting contracts for the construction, maintenance or improvement of any designated State Highway, shall be authorized to require that all contracts for any such work, contain a provision that no person will be employed, by the contractor, to perform manual labor in the course of the construction, maintenance or improvement of any such highway at a wage of less than thirty cents per hour, and that any violation of any such provision of the contract by the contractor, sub-contractor, or other person subject to such provision of the contract, shall authorize the Commission to withhold from any money due the contractor a sufficient sum to pay any person such minimum wage for any labor performed, or the Commission may, for the benefit of any such person, recover such sum on the bond of the contractor, if it does not have in its possession money owing the contractor, applicable for such purposes. That citizens of the United States and of the county wherein the work is being proposed shall always be given preference in such employment; provided also that all other departments, bureaus, commissions and institutions of the State of Texas in all construction work of every character requiring employment of day labor shall likewise be authorized and empowered to exercise the same authority herein conferred on the State Highway Commission.

Sec. 2. Hereafter, in advertising for bids for the construction, maintenance or improvement of any designated State Highway, the Commission, in the event it desires to exercise the authority herein conferred to require a provision for such minimum wage, shall so state in the advertisement, so that all bidders may be aware of such requirement in submitting bids for such work.

[Acts 1931, 42nd Leg., p. 69, ch. 46.]

**Art. 6674q. Exchange of Lands by State Highway Commission**

The State Highway Commission is hereby authorized and empowered at its discretion to exchange any lands or interests therein heretofore donated to the State of Texas, either for right of way purposes, or for the use of the people of Texas for camping accommodations and for park purposes, under and pursuant to the provisions of Chapter 37 of the General and Special Laws of the First Called Session of the Fortieth Legislature, page 110, for other lands or interests therein, located adjacent to or accessible from the state highway provided for in said Act and deemed by the Commission, in its discretion, to be more desirable for said purposes than said lands or interests heretofore donated; the State Highway Commission is authorized to execute the necessary deeds or conveyances for the pur-

poses stated to be signed by the chairman pursuant to the order of the Commission.

[Acts 1933, 43rd Leg., p. 761, ch. 224, § 1.]

**Art. 6674q-1. Declaration of Policy of State with Reference to Building, Maintaining and Financing State Designated Roads**

It is expressly recognized and declared that all highways now or heretofore constituting a part of the system of State Highways and that all roads not constituting a part of such system, which have been constructed in whole or in part from the proceeds of bonds, warrants, or other evidence of indebtedness issued by counties of the State of Texas, or by defined road districts of the State of Texas, under the laws authorizing the same, have been and are and will continue to be beneficial to the State of Texas at large, and have contributed to the general welfare, settlement, and development of the entire state, and that, by reason of the foregoing, a heavy and undue burden was placed, and still rests, upon the counties and defined road districts and their inhabitants, and both a legal and moral obligation rests upon the state to compensate and reimburse such counties and defined road districts which, as aforesaid, have performed functions resting upon the state, and have paid expenses which were and are properly state expenses; all for the use and benefit of the state, and to the extent provided herein that the state provide funds for the further construction of roads not designated as a part of the State Highway System.

Having heretofore, by an Act of the Legislature (Chapter 13, Acts of the Third Called Session of the 42nd Legislature in 1932), taken over, acquired, and purchased the interest and equities of the various counties and defined road districts in and to the highways constituting a part of the system of then designated State Highways, it is further declared to be the policy of the state to take over, acquire, purchase, and retain the interest and equities of the various counties and defined road districts in and to the highways, not previously taken over, acquired, and purchased and constituting on January 2, 1939, a part of the system of designated State Highways, and to acquire and purchase the interest and equities of the various counties and defined road districts in and to the roads not constituting a part of the system of designated State Highways as of January 2, 1939, and under the provisions of this Act<sup>1</sup> to acquire such interest and equities in such roads hereafter to be constructed with money furnished by the state, and to reimburse said counties and districts therefor, and to provide for the acquisition, establishment, construction, extension and development of the system of designated State Highways of Texas, from some source of income other than the revenues derived from ad valorem taxes, it being expressly provided herein that the state is not assuming, and has not assumed, any obligation for the construction, extension, and development of any

of the highways thus acquired and purchased which do not constitute a part of the system of designated State Highways. And it is hereby determined that the further provisions of this Act constitute fair, just, and equitable compensation, repayment, and reimbursement to said counties and defined districts and for their aid and assistance to the state in the construction of State Highways and for the construction of said roads which are ancillary to, but do not constitute a part of said System of State Highways, and fully discharges the legally implied obligations of the state to compensate, repay, and reimburse the agencies of the state for expenses incurred at the instance and solicitation of the state, as well as for expenses incurred for the benefit of the state, and fully discharges the state's legally implied obligation to such counties and defined road districts to provide additional funds for the further construction of roads not designated as a part of the State Highway System.

<sup>1</sup> Articles 6674q-1 to 6674q-11.

#### Art. 6674q-2. Definitions

By the expression "defined road districts" or "road districts" or "districts" used in this Act,<sup>1</sup> is meant any defined road district of the state or any Justice or Commissioners Precinct acting as a road district or any road district located in one or more than one county.

By the expression "roads" or "road" as used in this Act, is meant roads, road beds, bridges, and culverts.

By the expression "highways," "State Highways" and "State Designated Highways" are meant roads which prior to January 2, 1939, had become a part of the System of designated State Highways, including roads still constituting a part of such system on said date and those which theretofore constituted a part of such system, but whose status had been lost through change, relocation or abandonment and including roads concerning which the State Highway Commission had prior to January 2, 1939, indicated its intention to designate, evidencing such intention in the official records or files.

All roads which prior to January 2, 1941, had not become a part of the system of State Designated Highways, for convenience in this Act, are called "lateral roads."

The term "Board" as used in this Act, when the contrary is not clearly indicated, shall mean the "Board of County and District Road Indebtedness."

The term "fund" as used in this Act, when the contrary is not clearly indicated, shall mean the "County and Road District Highway Fund."

The expression "eligible obligations" as used in this Act shall mean obligations, the proceeds of

which were actually expended on State Designated Highways.

#### Art. 6674q-4. Improvements Under Control of State Highway Department

All further improvement of said State Highway System shall be made under the exclusive and direct control of the State Highway Department and with appropriations made by the Legislature out of the State Highway Fund. Surveys, plans and specifications and estimates for all further construction and improvement of said system shall be made, prepared and paid for by the State Highway Department. No further improvement of said system shall be made with the aid of or with any moneys furnished by the counties except the acquisition of right-of-ways which may be furnished by the counties, their subdivisions or defined road districts. But this shall in nowise affect the carrying out of any binding contracts now existing between the State Highway Department and the Commissioners Court of any county, for such county, or for any defined road district. In the development of the System of State Highways and the maintenance thereof, the State Highway Commission shall from funds available to the State Highway Department, provide:

(a) For the efficient maintenance of all highways comprising the State System.

(b) For the construction, in co-operation with the Federal Government to the extent of Federal Aid to the state, of highways of durable type of the greatest public necessity.

(c) For the construction of highways, perfecting and extending a correlated system of State Highways, independently from state funds.

**Art. 6674q-7. County and Road District Highway Fund; Distribution; Board of County and District Road Indebtedness Continued; Powers and Duties; Lateral Road Account**

**Eligibility to Participate in Fund**

(a) All bonds, warrants or other evidences of indebtedness heretofore issued by counties or defined road districts of this state, which mature on or after January 1, 1933, insofar as amounts of same were issued for and proceeds have been actually expended in the construction of roads that constituted and comprised a part of the system of designated State Highways on September 17, 1932, or which subsequent to such date and prior to January 2, 1939, have been designated a part of the System of State Highways or any road that heretofore had constituted a part of said System and which has been or may be changed, relocated or abandoned, whether said indebtedness is now evidenced by the obligation originally issued or by refunding obligations or both, shall be eligible to participate in the distribution of the moneys coming into said County and Road District Highway Fund, subject to the provisions of this Act; provided, that such indebtedness, the proceeds of which have been expended in the construction of roads which have been designated as a part of the State Highway System after September 17, 1932, and prior to January 2, 1939, shall participate in said County and Road District Highway Fund as of the date of the designation of said

road as a part of the State System; provided further that any participation in said fund by any county or defined road district shall be less the amount of money which it was required to accumulate in the sinking fund under the provisions of the Statutes and order of the Commissioners Court authorizing the issue of said eligible obligations, and the tax levy authorized at the time of issuance thereof for the time such obligations have run or may have run, regardless of whether the full amount of said fund is, or may be, actually on hand and to the credit of the sinking funds of such county or defined road district. It is provided expressly in this connection that the term "sinking funds" shall include only those funds required under the law for the retirement of principal and interest, and shall not include any excess or surplus which may have been accumulated by any county or defined road district above the legal requirements. The amount of such eligible indebtedness shall be determined as hereinafter provided. Provided further, that no state funds created or provided for by the terms of this Act shall be expended in the payment of any interest maturing on the amount of sinking funds required by the terms of this Act to be accumulated by the county or defined road district at the date of eligibility of its obligations.

In the event that State Highway Commission<sup>1</sup> has, on a date prior to January 2, 1939, recorded a conditional designation, and all conditions precedent to the official designation thereof have been met or performed in a manner satisfactory and acceptable to the Highway Commission, and the Highway Commission officially enters of record its acceptance and designation of such road as a part of the State Highway System for maintenance, then the provisions of this Act shall apply as if the said roads had been actually designated prior to January 2, 1939.

All bonds, warrants or other legal evidences of indebtedness outstanding as of the date of the designation hereinafter referred to, and issued by a county or defined road district prior to January 2, 1939, insofar as amounts of same were issued and the proceeds actually expended in the construction of roads that have been officially designated as a part of the State Highway System subsequent to January 2, 1939, shall be eligible to participate in the distribution of the moneys coming into said County and Road District Highway Fund as of the date of designation of said road as a part of the State Highway System. The amount of such bonds, warrants, or other legal evidences of indebtedness outstanding as of the date of designation of such road as a part of the State Highway System, shall be eligible for participation in the same manner as provided for other bonds under this Act.

In addition to and regardless of the other provisions of this Act, all bonds, warrants or other legal evidences of indebtedness voted, or issued without being voted by a county, road district or defined road district prior to January 2, 1939, insofar as amounts of same were or may be issued and the

proceeds actually expended in the construction of roads which are now a part of the designated System of State Highways or which have since, or which may hereafter become a part of the designated System of State Highways, shall be eligible to participate in the distribution of the moneys coming into said County and Road District Highway Fund the same as provided for other bonds under this Act, and as of the date of the designation of said road as a part of the State Highway System; and where such bonds or warrants were voted prior to January 2, 1939, and prior to the designation of the road as a State Highway and which have not yet been issued or expended, the county or defined road district may issue such bonds or warrants or other legal evidence of indebtedness and place the proceeds in escrow with the State Highway Commission for the construction of such road under plans, contracts, specifications and supervision of the State Highway Department,<sup>2</sup> and when so expended the bonds, warrants, or other evidences of indebtedness shall be eligible to participate in the County and Road District Highway Fund the same as if the bonds had been issued and expended prior to January 2, 1939. Provided, further, that all such bonds or warrants to be hereafter sold pursuant to this paragraph by a county or defined road district which will be eligible for participation in the County and Road District Highway Fund under the provisions of this Section, shall be sold subject to the approval of the Board of County and District Road Indebtedness, as to amounts, maturities and interest rates.

<sup>2</sup> Name changed to State Department of Highways and Public Transportation; see art. 6663.

#### Administration of Act

(b) The Board of County and District Road Indebtedness, created by Chapter 13, Acts of the Third Called Session of the 42nd Legislature,<sup>1</sup> consisting of the State Highway Engineer,<sup>2</sup> State Comptroller of Public Accounts, and State Treasurer, is hereby continued and charged with the duties of administering this Act. The State Comptroller of Public Accounts shall be the Secretary of said Board and said Board shall elect its own chairman from its membership. The Board shall adopt its own rules consistent with this Act for the proceedings held hereunder, and shall have authority to call to its assistance, in arriving at the amount of bonds, warrants, or other evidences of indebtedness eligible to participate in the County and Road District Highway Fund, any official or employee of this state, and shall avail itself of all data and information assembled in the administration of Chapter 13, Acts of the Third Called Session of the 42nd Legislature, and said Board is hereby authorized to call on any County Judge or any county or state official or employee, and shall have full access to all the records, books, and public documents for the purpose of obtaining any information which it may

deem necessary and pertinent to its inquiry in arriving at the amount of bonds, warrants, or other evidences of indebtedness eligible to participate in the County and Road District Highway Fund.

<sup>1</sup> Article 6674q-1 et seq.

<sup>2</sup> Name changed to State Engineer-Director for Highways and Public Transportation; see art. 6663.

#### Application of Sunset Act

(b-1) The Board of County and District Road Indebtedness is subject to the Texas Sunset Act;<sup>1</sup> and unless continued in existence as provided by that Act the board is abolished, and this Act expires effective September 1, 1979.

<sup>1</sup> Article 5429k.

#### Determination of Amount of Eligible Indebtedness

(c) It shall be the duty of the Board of County and District Road Indebtedness, from the data and information furnished by the County Judges of the state, and by the Chairman of the State Highway Commission and by the State Comptroller of Public Accounts, and from such further investigation as said Board may deem necessary to ascertain and determine the amount of indebtedness eligible under the provisions of this Section of this Act to participate in the moneys coming into said County and Road District Highway Fund. Whenever, in the case of any particular issue of obligations, the proceeds thereof shall have been expended partly on designated State Highways, or highways heretofore constituting designated State Highways, and partly on roads which never have been designated State Highways, said Board shall ascertain and determine the amount of said obligations, the proceeds of which were actually expended on State Highways or on roads heretofore constituting State Highways, and said obligations to said amount and extent shall be eligible for participation in the moneys coming into the County and Road District Highway Fund; and said ascertainment and determination shall be certified to the County Judge by said Board and all of the unmatured outstanding obligations of said issue shall ratably have the benefit of said participation in said moneys. The ascertainment and determination by the Board of County and District Road Indebtedness, after reasonable notice and hearing, of the amount of any county or defined road district obligations eligible under the provisions of this Act to participate in any moneys coming into the County and Road District Highway Fund, or as to the amount of any obligations the proceeds of which were actually expended on State Highways, or on roads heretofore constituting State Highways, shall be final and conclusive and shall not be subject to review in any other tribunal. But said Board of County and District Road Indebtedness shall have the right at any time to correct any errors or mistakes it may have made.

#### Records

(d) The Board shall make and keep a record of all county and defined road district eligible obligations,

issue by issue, and a book shall be prepared and kept in which shall be recorded all eligible issues, maturity dates of principal and interest, rates of interest, and places of payment for each county and each defined road district. Each issue and the date pertaining to same shall be listed separately. The Board shall keep a record of all vouchers issued.

#### Separate Accounts

(e) The State Treasurer shall keep a separate account for each county and defined road district of any moneys received for the credit of said county or defined road district pursuant to the provisions hereof.

#### Lists Showing Eligible Indebtedness

(f) A list shall be compiled by the Board of County and District Road Indebtedness showing the amount ascertained and determined by it to be eligible indebtedness of each county and defined road district, and a copy thereof shall be furnished to each County Judge in this state.

#### Annual Estimates of Sums Necessary

(g) From year to year, and not later than July 15th of each year, said Board shall ascertain and determine the sum necessary to pay the interest, principal and sinking fund requirements on all eligible obligations for the next succeeding calendar year, and shall estimate the sum which shall be applicable to the same, and shall not later than August 1st of each year, give notice to the County Judge of each county of the estimated amount available for application to said interest, principal, and sinking fund requirements. In the event the amount so estimated to be applied to the payment of eligible obligations for any county or defined road district is sufficient to meet all maturing interest, principal, and sinking fund requirements, the Commissioners Court may dispense with the collection of ad valorem levies for such calendar and/or fiscal year for such interest, principal, or sinking fund requirements. In the event the amount of payments so estimated to be applied is not sufficient to meet the maturing interest, principal, and sinking fund requirements, the County Commissioners Court shall collect from taxes on the property in said respective counties and defined road districts, an amount of money equal to the difference between the amount of such requirements and the amount available for application. In this connection it is declared to be the intent of the Legislature that all contractual duties and obligations which may exist between any county and/or defined road district and the owner or holder of the present outstanding indebtedness or any county and/or defined road district, shall not be in any manner disturbed or impaired and shall remain inviolate. Any tax heretofore provided to be levied in support of any present outstanding indebtedness affected by the provisions of this Act shall continue to be assessed, levied, and collected as originally provided; how-

ever, the collection of said tax may, by order of the Commissioners Court, be lessened and reduced by the payments made, and to be made, thereon and in behalf of such indebtedness out of the County and Road District Highway Fund, as herein provided, and as succeeding Legislatures shall, by appropriation, make provisions therefor. The entire proceeds of all taxes collected on any eligible issue of bonds shall be remitted by the County Treasurer of each county collecting the same, together with a statement of the amount collected, to the State Treasurer, and shall be held by the State Treasurer as ex-officio Treasurer of said county or defined road district for the benefit of the county or defined road district remitting the same, and be disbursed to meet the interest, principal, and sinking fund requirements on the eligible obligations of said county or defined road district.

In the event the amount of funds available to be applied to meet the maturing interest, principal, and sinking fund requirements in any calendar or fiscal year is not sufficient to satisfy such requirements, the moneys available in the County and Road District Highway Fund, as estimated and determined by the Board, shall be, for that calendar or fiscal year first applied to the payment and satisfaction of interest maturing on all eligible obligations during the particular calendar and/or fiscal year, and this payment is to be made ratably upon the interest on eligible obligations of the various counties or defined road districts; and if there is more of said moneys available than necessary to pay all of said interest, then such balance over the required interest payment for such year shall be distributed ratably to each issue of eligible obligations on the basis of the principal of eligible obligations and sinking fund requirements thereon maturing each year.

#### Allocation of Surplus

(h) On September first of each year after the Board has paid off and discharged all eligible obligations maturing during the preceding fiscal year, together with the interest on such obligations and the sinking fund requirements accruing thereon out of the County and Road District Highway Fund, any surplus remaining in said Fund over and above Two Million Dollars (\$2,000,000) shall be set aside and credited by the State Treasurer to the respective funds hereinafter named as follows: One-half ( $\frac{1}{2}$ ) of said surplus shall be credited to an account in the State Highway Fund to be known as the "Farm Highway Account," and one-half ( $\frac{1}{2}$ ) shall be credited to an account to be known as the "Lateral Road Account," said funds to be distributed and expended as hereinafter provided.

All moneys deposited in the Farm Highway Account shall be used by the State Highway Commission to match any available funds, other than Federal funds, and all of said moneys shall be used for the sole purpose of constructing or improving farm-to-market roads, which said construction or im-

provements shall be done or made by the State Highway Commission and not by contract.

As soon as practicable after the passage of this Act and before the Lateral Road Account is allocated to the counties, the Board shall determine the amount each county and each defined road district has paid since January 1, 1933, under the provisions of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, as amended,<sup>1</sup> toward its debt service upon bonds which at the time of payment were eligible to participate in the County and Road District Highway Fund, and shall deduct from the amount paid by such county or defined road district any and all advancements made by the Board to such county or defined road district in adjusting, refunding, or prepaying the eligible obligations of such county or defined road district, and after making such deductions the Board shall credit the Lateral Road Account of each county or defined road district with the net balance contributed by such county or road district toward the retirement of said eligible obligations and said funds so credited to any county or defined road district may be used or expended by the counties and defined road districts for the purposes authorized in this Section.

Not later than September fifteenth of each year the said Board shall ascertain the exact amount of money which has been allocated to the said Lateral Road Account for such fiscal year and which at that time is available. The Board shall allocate to each county its proportionate part of the moneys in said Lateral Road Account, which allocation shall be determined in the following manner:

(1) Two-tenths ( $\frac{2}{10}$ ) of the moneys in said Account shall be allocated upon the basis of area, determined by the ratio of the area of the county to the total area of the State.

(2) Four-tenths ( $\frac{4}{10}$ ) of the moneys in said Account shall be allocated on the basis of rural population according to the last preceding Federal Census, determined by the ratio of the rural population of the county to the total rural population of the State.

(3) Four-tenths ( $\frac{4}{10}$ ) of the moneys in said Account shall be allocated to the counties on the basis of lateral road mileage, determined by the ratio of the mileage of the lateral roads in the county to the total mileage of the lateral roads in the State as of January 1, 1939, as shown by the records of the State-Federal Highway Planning Survey and the State Highway Department.

If the records of the Highway Department and the State-Federal Highway Planning Survey are such that, in the opinion of the Highway Commission or of any county, there is a reasonable doubt as to their accuracy, the Highway Commission may authorize an independent survey to be made of that county's lateral road mileage upon its own motion or on the application of said county. The expense of such survey shall be borne by the county.

The moneys allocated to each county from the Lateral Road Account shall be used by said county first for paying the principal, interest, and sinking fund requirements maturing during the fiscal year for which such money was allocated to such county on bonds, warrants, and other legal obligations issued prior to January 2, 1939, the proceeds of which were actually expended in acquiring right of ways for State designated highways, it being the intention of the Legislature to designate and set apart sufficient money to pay off and discharge said outstanding obligations incurred for right of way acquisition. The Board shall require from each county a sworn statement of the outstanding right of way indebtedness incurred on State designated highways, and in the event a false statement is furnished the Board by any county, or where any county fails or refuses to file a report, then such county shall be denied any benefits under this Section; it being the duty of the board before distributing any funds to any county under this Section where such county submits a report that it has no right of way indebtedness, or where said report is vague or indefinite, to audit and determine the correctness of such report. Funds remaining in the Lateral Road Fund of any county, after the payment of said right of way obligations, shall be used by the county for paying the maturing principal, interest, and sinking fund requirements, due by the county in that fiscal year on bonds, warrants, or other evidences of indebtedness which were legally issued by such county or road districts prior to January 2, 1939, the proceeds of which were actually expended in the construction or improvement of lateral county roads. Payment to be made ratably upon the principal and interest on the maturing road bond obligations of said county for such fiscal years. Any funds remaining in the Lateral Road Fund of any county after the payment of said principal, interest, and sinking fund requirements due or maturing in that fiscal year on bonds or warrants which were legally issued by such county or road district prior to January 2, 1939, the proceeds of which were actually expended in the construction or improvement of lateral county roads, may be used by the county under direction of the Commissioners Court for any one or all of the following purposes: (a) for the acquisition of right of ways for county lateral roads and for the payment of legal obligations incurred therefor prior to January 2, 1939; (b) for the construction or improvement of county lateral roads; (c) for the purpose of supplementing funds appropriated by the United States Government for Works Progress Administration highway construction, Public Works Administration highway construction and such other grants of Federal funds as may be made available to the counties of this State for county lateral road construction; and (d) for the purposes of cooperating with the State Highway Department and the Federal Government in the construction of farm-to-market roads. Provided that when such funds are used for the construction or improvement of county

lateral roads, such construction or improvement shall be made under the supervision of a competent engineer.

After such allocation has been made to the several counties in the State the Board shall in writing notify the Chairman of the Commissioners Court of each county of the amount which has been credited to that county. After receiving said notice, the Commissioners Court shall, within sixty (60) days, notify the Board of the manner in which it has exercised its option as to the one or more specified uses of said money permitted under this Act.

Such money shall be applied pro rata to the payments of the debt service requirements of all issues of lateral road indebtedness of the county and all included defined road districts, in the proportion that the debt service requirements of each issue bears to the aggregate debt service requirements of all issues for that year. When any issue of obligations which will receive aid under this Section is already listed with the Board of County and District Road Indebtedness, the Board shall credit the amount applicable to said issue to the account of said issue in the State Treasury. As to all other issues of obligations, which will receive aid under this Subsection (h), the Commissioners Court of the specific counties affected shall have the right, if so desired, to utilize the facilities of the State Board of County and District Road Indebtedness in paying the amounts of principal and interest on said issues substantially in the manner that payments are affected as to such eligible obligations.

In the event that the funds so received by the county from the Lateral Road Account are in excess of the amount required to meet the principal and interest of its maturing road bond obligations for the next fiscal year, the Commissioners Court, in that event, may elect to use such excess money allocated to it from the Lateral Road Account, and in such event, it shall notify, in writing, the said Board of its election to make use of said money. Whereupon, said Board shall remit said balance to be utilized for such purpose to the County Treasurer of such county, said money to be deposited by the County Treasurer in accordance with law, and the same shall be utilized by the county, acting through the Commissioners Court, for the construction of lateral roads. Each county may call upon the State Highway Commission to furnish adequate technical and engineering supervision in making surveys, preparing plans and specifications, preparing project proposals and supervising actual construction. The actual cost of such aid in supervision shall be paid by the county as a charge against its project.

In order that maximum benefits may be obtained in the expenditures of the State fund made available to the counties under this Act for the construction of county lateral roads, and so that the counties may have the benefit of widespread competition among contractors in bidding on such projects, such counties may, in their discretion, authorize the State

Highway Commission, to receive bids in Austin on all such construction in the same manner as is now provided by law for the award of contracts on State highways.

When any road which shall have been constructed by any county wholly from the County Lateral Road Account shall be designated by the State Highway Commission as a part of the System of Designated State Highways, the designation of such road by the State Highway Commission shall constitute a full and complete discharge of any and all obligations of the State, moral, legal, or implied, for the payment of such highway.

In the event the Commissioners Court elects to co-operate with the Highway Department in the building of, or in the construction of, farm-to-market roads, it shall by proper resolution entered upon its minutes, authorize the State Treasurer to pay such funds to be so used, over to the State Highway Department for use on certain designated projects. Regardless of how the funds allocated to the counties from the Lateral Road Account are used, the County Judge of each county shall file with the Board on or before October first of each year, a verified report showing the manner in which the said funds have been expended, the nature and location of the roads constructed, and such other information as the Board may from time to time require.

<sup>1</sup> Article 6674q-1 et seq.

#### Refunding Obligations

(i) The County Commissioners Court of any county may exercise the authority now conferred by law to issue refunding obligations for the purpose of refunding any eligible debt of the county or of any defined road district; and such refunding obligations, when validly issued, shall be eligible obligations within the meaning of this Act, if said Board of County and District Road Indebtedness shall approve the maturities of said refunding obligations and the rate of interest borne by them. In any instance where in the opinion of said Board the existing maturities of any issue of eligible obligations or any part thereof are such as to give the county or defined road district which issued them an inequitable or disproportionate participation in the moneys coming into the County and Road District Highway Fund in any particular period, said Board, in its discretion, may require said issue or any part thereof to be refunded into refunding obligations bearing such rate of interest and having such maturities as may be satisfactory to the Board, but in no event at a greater rate of interest than that provided in the original issue. And if said county or defined road district shall fail or refuse to effectuate such refunding within a reasonable time to be fixed by said Board, said obligations so required to be refunded, and all other obligations of said county or defined road district shall cease to be eligible for participation in said County and Road District High-

way Fund until the requirements of said Board, with respect to refunding, shall be complied with.

The Board of County and District Road Indebtedness is hereby made the refunding agent of each county, and as such agent is directed to co-operate with the Commissioners Court of each county in effecting the necessary refunding of each issue of bonds; the Board shall prepare the necessary refunding orders for the Commissioners Court, prepare the proceedings and act in an advisory and supervisory capacity to the end that the expense of refunding any issue of bonds may be reduced to the minimum. Provided that no commission, bonus, or premium shall be paid by any county or defined road district for the refunding of such obligations, and no County Treasurer shall receive any commission for handling of the funds derived from the refunding of such obligations. All actual expense incurred in the refunding of its eligible indebtedness, including cost of proceedings, printing, legal approval and interest adjustment, shall be chargeable against the money theretofore or thereafter collected from ad valorem taxes, or at the option of the Commissioners Court conducting such refunding, may be paid from any other money under its control and available for the purpose, provided no obligations for such expense items shall be incurred or paid without affirmative approval by said Board.

#### Appropriation of Deposited Moneys

(j) All moneys to be deposited to the credit of the County and Road District Highway Fund from September 1, 1945, to August 31, 1947, both inclusive, are hereby appropriated to said respective counties and defined road districts and shall be received, held, used and applied by the State Treasurer, as ex-officio Treasurer of said respective counties and defined road districts, for the purposes and uses more specifically set forth in this Act, including the payment of principal, interest and sinking fund requirements on all eligible obligations maturing up to and including August 31, 1947. And each year thereafter until all of such eligible obligations are fully paid, all moneys coming into the credit of the County and Road District Highway Fund with the State Treasurer, and all moneys remaining therein from any previous year shall be received and held by him as ex-officio Treasurer of such counties and defined road districts, and shall first be subject to the appropriation for the payment of interest, principal and sinking funds maturing from time to time on said eligible obligations, and then for the other uses specified and permitted in this Act.

In the event any county, road district, or defined road district has since September 1, 1941, made any payment on eligible bonds, warrants, or other evidence of eligible indebtedness as defined under the terms of this Act, then such county, road district, or defined road district shall be reimbursed by the Board of County and District Road Indebtedness in the amount of the payment so made on such eligible obligations.

#### Issuance of Warrant

(k) As payment of principal and/or interest becomes due upon such eligible obligations, the State Comptroller of Public Accounts shall issue his warrant to the State Treasurer for the payment thereof, and the State Treasurer shall pay the same at his office in Austin, Texas, or by remitting to the bank or trust company or other place of payment designated in the particular obligation. Such warrants or voucher claims shall show on their face that the proceeds of the same are to be applied by the paying agent to the payment of certain specified obligations or interest therein described, by giving the name of the county or defined road district by which they were issued, numbers, amounts, and dates of maturities of the obligations and interest to be paid, with instructions to the State Treasurer, paying agent, bank, or trust company to return to the State Comptroller of Public Accounts such obligations and interest coupons when same are paid; and the State Comptroller of Public Accounts shall, upon receipt of said obligations and coupons, credit same on his records and send them, duly cancelled, to the Commissioners Court of the appropriate county, which shall cause to be duly entered a record of such cancellation. In instances wherein counties or defined road districts therein shall have arranged with the Board to pay principal or interest thereon, of outstanding lateral road indebtedness, the Board, and the State Comptroller of Public Accounts, and the State Treasurer shall follow, insofar as practicable, the procedure prescribed in this sub-section (k) for the payment of the principal and interest of eligible obligations.

#### Payment of Expenses

(l) Expenses necessary to be incurred in the determination of the indebtedness of the counties and defined road districts of the state, and in the discharge of the duties required for the payment of such obligations, shall be paid from the County and Road District Highway Fund by warrant approved by the Chief Accountant, and one other member of said Board, and the State Comptroller of Public Accounts. The compensation of all employees of said Board shall be fixed by the Legislature. All employees of said Board of County and District Road Indebtedness shall be bonded, the amount of such bond being set by the Board.

#### Forwarding Securities to State Treasurer

(m) All of the securities now on hand in which sinking funds collected for the benefit of outstanding eligible issues are invested, and all funds and securities hereafter acquired for the benefit of the entire outstanding balance of all eligible bond issues, shall be forwarded within thirty (30) days from the effective date of this Act, and thereafter within thirty (30) days of the acquisition of such fund or securities, to the State Treasurer as ex officio County Treasurer of the various counties and defined road districts. Provided that the cash now

on hand in the sinking fund created for the benefit of outstanding eligible obligations may also be remitted as above set forth, at the option of such county or defined road district. Any county, the Commissioners Court of which fails or refuses to comply with the provisions of this Act in all things, including the levy, assessment, and collection of a tax, and at a rate sufficient to pay all sums due or to become due, which the state is unable to pay, or to provide each year the proportionate amount of sinking fund required to redeem its outstanding bonds at their maturity, shall not participate in any of the benefits of this Act so long as such county fails or refuses to comply with provisions thereof. The Board of County and District Road Indebtedness shall have and possess full authority to invest all such sinking funds, including all future sinking funds acquired in any manner whatsoever, in any eligible obligations of the various political subdivisions of this state which mature within the current biennium in which such securities are purchased; and where there is on hand a sufficient amount of moneys or securities to the credit of any one political subdivision to retire some of its outstanding obligations, whether then due or not, the Board of County and District Road Indebtedness may, if it deems it advisable, purchase and cancel said obligations of such particular political subdivision, irrespective of maturity dates. Provided further, that any county which has selected a depository according to law and in which county such depository has qualified by giving surety bonds or by the deposit of adequate securities of the kind provided by law, which in the opinion of the Board of County and District Road Indebtedness is ample to cover the county deposits, and which county has not defaulted in the payment of any installment of principal and/or interest on any county bonds for a period of five (5) years next preceding the date of the filing of its application for exemption, and in which county all sinking funds of all bond issues are in excess of the standard required by law, and which county has levied for the current tax year adequate rates in support of outstanding bond issues and warrant as required by the Constitution and Statutes of said state, shall be exempt from the provisions of this sub-section (m) of this Act, and which exemption shall be obtained by such county in the manner and under conditions prescribed by the said Board of County and District Road Indebtedness. Said Board shall have the right to inspect the records of such county at any subsequent date to ascertain whether or not the facts warrant the continuation of the exemption. If at any time, in the opinion of the Board, counties that have been granted exemption under the provisions of this Act shall cease to comply with all the conditions under which the exemption has been granted, the Board shall notify the county to return all securities in which the sinking funds of eligible road bond issues are invested, and the residue in said sinking funds, and to begin immediately forwarding taxes levied and collected for the payment of interest and principal on

all eligible road bond issues. Said counties whose exemption has been cancelled by said Board shall be given a period of thirty (30) days in which to comply with the demands of the Board. Provided further, that such counties so exempt shall furnish the Board an annual statement of the condition of the sinking funds of the several eligible road bond issues, together with a financial statement of the county depository. The Board shall have the right to withhold the payment of any maturity on any eligible road bond indebtedness where such county has failed or refused to comply with all the provisions of this Act.

#### Minutes of Board Proceedings

(n) The Board shall keep adequate minutes of its proceedings and semiannually, on or before June 30th and December 31st of each year, shall make itemized reports to each county with respect to the receipt, disbursement, and investment of the funds credited to such county. The Commissioners Court of any county, and/or its accredited representatives shall have the right to inspect the records of said Board and of the State Treasurer, at any reasonable time, for the purpose of making any investigation or audit of the accounts affecting its county.

#### Accounting to Governor

(o) The Board shall, within ninety (90) days after the close of each fiscal year, make a complete accounting for the preceding year to the Governor of this state, showing in such report its act, investments, changes in investments and sinking fund status of each county and each defined road district, and shall file copies of such report with the President of the Senate and with the Speaker of the House of Representatives.

#### Return of Money to Counties

(p) In the event this Act is repealed, or shall be or become inoperative as to any county or defined road district, then it shall be the duty of the Board to ascertain immediately the amount of moneys and securities remaining on hand with it or with the State Treasurer belonging to the several counties or defined road districts affected, and forthwith to return the same to the County Treasurer of the County entitled thereto, accompanied by an itemized statement of the account of the county or defined road district.

#### Depositories

(q) All funds on hand belonging to, and hereafter credited to, the several counties and defined road districts of the state, shall be considered State Funds, and as such shall be deposited at intervals in the depositories provided for by the state laws and all interest earned on such funds and on the securities in which the sinking funds are invested shall belong to said counties or defined road districts, and shall be credited to them by the State Treasurer as earned and collected.

## Supplementary Funds

(r) Upon notice from the Board of the amount that such county or defined road district shall be required to pay toward any installment of interest, or maturing principal, the County Treasurer of such county shall, not later than twenty (20) days prior to the maturity date of such interest, principal, or sinking fund requirements, forward to the State Treasurer the amount fixed by the Board as being necessary to supplement the amounts previously placed to the credit of any such county or defined road district by said Board under the provisions of this Act.

**Art. 6674q-8. Restrictions as to Extending State Credit**

No provision of this Act shall be construed to authorize the giving or lending of the credit of the state to any county or district or to pledge the credit of the state in any manner whatever for the payment of any of the outstanding road indebtedness, herein referred to, of the counties or districts of the state. It is hereby declared that all eligible indebtedness, as herein defined, shall remain indebtedness of the respective counties or defined road districts which issued it, and said counties or defined road districts shall remain liable on said indebtedness according to its terms and tenor; and it is not the purpose or intention of this act, or any part hereof, to obligate the State of Texas, directly or indirectly or contingently, for the payment of any such obligations, or that the State of Texas should assume the payment of said obligations; and this Act is not to be construed as obligating the State of Texas to the holders of any of said obligations to make any payment of the same, or any part thereof, nor shall such holders have any rights to enforce the appropriation of any of the moneys hereinabove provided for, nor shall any provision hereof constitute a contract on the part of the state to make money available to any county for the construction of additional lateral roads. The provisions hereof are intended solely to compensate, repay, and reimburse said counties and districts for the aid and assistance they have given to the state in furnishing, advancing

and contributing money for building and constructing State Highways.

**Art. 6674q-8a. Bonds of Navigation Districts; Preference Over Other Bonds by Board of County and Road District Bond Indebtedness Unauthorized**

All bonds heretofore issued by navigation districts of this state, which mature on or after January 1, 1933, and insofar as amounts of same were issued for and the proceeds thereof actually expended in the construction of bridges across any stream or streams or any other waterways upon any highway that constituted and comprised a part of the system of Designated State Highways on September 17, 1932, shall hereafter be included within and eligible under the provisions of Chapter 13 of the Acts of the 42nd Legislature of Texas, passed at its Third Called Session, as amended by the Acts of the 43rd Legislature of Texas, Regular Session,<sup>1</sup> to the extent that the proceeds of the sale of said bonds shall have been actually expended in the construction of such bridges and in such cases the outstanding bonds of said navigation districts in an amount equal to the amount so expended by such navigation districts shall be redeemed under the same conditions as are provided by said Chapter 13, Acts of the 42nd Legislature of Texas, Third Called Session, as amended by the Acts of the 43rd Legislature of Texas, Regular Session,<sup>1</sup> for the redemption of county and road district bonds.

It is expressly provided that the Board of County and District Road Indebtedness shall not be authorized to give the bonds herein referred to preference over other similar bonds eligible under said Bond Act; and it is further expressly provided that said Board in determining the amount of bonds eligible for assumption shall take into consideration the amount of the bond money expended for the construction of said bridge, and the balance due on said amount of bonds used in the construction of said bridge, at the effective date of this Act; and in no event shall said Board be authorized to assume in excess of the balance due on the bonds for the said bridge construction at the effective date of this Act.

**Art. 6674q-8b. Combined with Art. 6674q-8a**

**Art. 6674q-8c. Lateral Road Account; Punishment for Unauthorized Use**

It shall be unlawful for any County Judge or any County Commissioner, while acting in his official capacity or otherwise, to use any money out of the Lateral Road Account for any purpose except the

purposes enumerated in this Act. If any County Judge or any County Commissioner shall knowingly expend or use, or vote for the use of, or agree to expend or use any sum of money accruing to any county in this state from the Lateral Road Account, for any purpose not authorized by this Act, or shall knowingly make any false statement concerning the expenditure of any such money, he shall be deemed guilty of a felony, and upon conviction shall be punished by confinement in the State Penitentiary for not less than two (2) years nor more than five (5) years.

**Art. 6674q-9. Legislative Policy; State Title to Roads**

If succeeding Legislatures shall continue to carry out the policy herein defined by authorizing a similar appropriation of funds from time to time, (a) then whenever the eligible obligation shall have been fully paid as herein provided, as to or for any county or defined road district according to the provisions of this Act, then, and in that event, the title and possession of all roads, road beds, bridges, and culverts in such county or defined road district, which are included in the system of Designated State Highways, shall automatically vest in fee simple in the State of Texas; in the event of any subsequent physical change therein, such title and possession shall extend to any such change so made; and (b) whenever the interest and principal necessary to retire the outstanding indebtedness owed for lateral roads shall have been fully paid as herein provided, as to, or for any county or defined road district, according to the provisions of this Act, then, and in that event, the title of all roads, road beds, bridges, and culverts in such county or defined road district, pertaining to the lateral roads constructed with the proceeds of such indebtedness, shall automatically vest in the State of Texas; but the possession thereof shall remain in such county or defined road district, and in the event of any subsequent physical change therein, such title and possession shall extend to any such change so made; provided that when the right-of-way, or any part thereof, pertaining either to a State Highway or a lateral road, has been abandoned because of the abandonment of such road for all public purposes, and such right-of-way, or any part thereof, was donated by the owner of the land for right-of-way purposes, then, and in that event, the title to the said right-of-way shall vest in said owner, his heirs or assigns; provided, however, that nothing in this Act shall prevent the State Highway Commission from changing or abandoning any State Highway, and if the Commission shall change or abandon any State Highway in any county, the Commissioners Court of such county shall have the right to assume jurisdiction over such portion of such highway so abandoned by the State Highway Commission. Likewise, the title to additional lateral roads, when

constructed, shall vest in the State of Texas. Provided, however, that this Act neither imposes the obligation on, nor confers the right in, the State of Texas, to maintain and lay out any roads except those constituting a part of the designated State Highway System as hereinabove in this Act defined. The obligation to maintain or lay out all other roads, including lateral roads and additional lateral roads as defined in this Act, shall remain undisturbed in the several Commissioners Courts as agents of the state.

**Art. 6674q-10. Partial Invalidity**

If any Section, sub-section, paragraph, sentence, clause, or provision of this Act shall, for any reason, be held invalid, such invalidity shall not affect any other portion of this Act or the application of such Section, sub-section, paragraph, sentence, clause, or provision to any other person or situation but this Act shall be construed and enforced as if such invalid provisions had not been contained therein.

**Art. 6674q-12. Omitted**

Acts 1936, 44th Leg., 3rd C.S., p. 2115, S.C.R. # 4, classified as art. 6674q-12, has been omitted. The text of the resolution read:

"Resolved by the Senate of Texas, the House of Representatives concurring, that it was the intention of the Legislature of the State of Texas in enacting said above named Acts to authorize and empower the Treasurer of the State of Texas to act as ex officio treasurer of such respective county and road districts in the payment of the interest and sinking funds due by the several counties of the State upon such county road bonds which are not eligible to participate in the County and Road District Highway Fund, and to receive from the respective counties the sums of money due by such respective counties for the payment of such interest and sinking funds, and to pay same upon warrants issued by the Comptroller of the State of Texas in the same manner as is provided for the payment of the interest and sinking funds upon the county road bonds which are eligible to participate in the County and Road District Highway Fund in the Acts aforesaid. Nothing herein shall be construed as increasing the liability of the State of Texas for the payment of any interest or sinking funds on any county road bonds not heretofore eligible under the provisions of the Acts aforesaid; the State Treasurer, merely for convenience of such counties, to act as ex officio treasurer in the receiving and payment of the interest and sinking funds on said county road bonds which are not eligible to participate in the County and Road District Highway Fund."

**Art. 6674q-13. Expenditure of Federal Funds on Roads Not Part of State Highway System**

From and after July 1, 1937, all moneys appropriated under the Hayden-Cartwright Act, passed by the 74th Congress, June 16, 1936, (H.R. 11687),<sup>1</sup> for expenditure on roads not on the System of the State Highways, may be expended, by and through the State Highway Department in conjunction with the Bureau of Public Roads, for the improvement of such roads and said Federal funds may be matched or supplemented by such amounts of State funds as may be necessary for proper construction and prosecution of the work. State funds shall not be used exclusively for the construction of roads not on the System of State Highways; the expenditure of State funds on said roads being limited to cost of construction and engineering, overhead and other costs, on which the application of Federal funds is prohibited or impractical.

**Art. 6674q-14. Road District Bonds in Counties of 19,000 to 19,500; Participation in State Highway Fund**

All bonds which have been heretofore issued and sold by road districts in counties with a population of not less than nineteen thousand (19,000) and not more than nineteen thousand five hundred (19,500), according to the next preceding Federal Census, where the proceeds of the sale of the bonds have been expended in whole or in part upon a highway which was then a part of the designated system of State Highways in Texas, and a part of the proceeds of which has been expended, in whole or in part, upon a highway which has, since the issuance and sale of said bonds, been designated as a part of the State Highway System of Texas, and where such designated parts of the State Highway System bear different highway numbers, or where one designation is numbered and the other un-numbered, shall be entitled to participate in the State Highway Fund, under the provisions and restrictions of Chapter 136, Acts of the Forty-third Legislature of Texas, 1933, and any amendments thereto,<sup>1</sup> including the re-enactment and extension thereof under and by virtue of the terms and provisions of House Bill No. 463, enacted by the Legislature of Texas, Forty-fifth Regular Session, 1937.<sup>2</sup>

The Board of County and Road District Indebtedness is directed to audit all expenditures of the aforementioned district, and the assumption herein provided for shall extend only to such bonds, the proceeds of which were expended in the construction of the road which has subsequently been designated a State Highway.

**Art. 6674s. Workmen's Compensation Insurance for Department Employees**

**Provisions Made for Insurance**

Sec. 1. By virtue of the provisions of Section 59 of Article III of the Constitution of the State of Texas granting the Legislature power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for State employees, as in its judgment is necessary or required, and to provide for the payment of all costs, charges, and premiums on such insurance, provision is made as hereinafter set forth.

**Definitions**

Sec. 2. The following words and phrases as used in this law shall, unless a different meaning is plainly required by the context, have the following meanings, respectively:

1. "Department" whenever used in this law shall be held to mean the State Highway Department of Texas.

2. "Employee" shall mean every person in the service of the State Highway Department under any appointment or expressed contract of hire, oral or written, whose name appears upon the payroll of the State Highway Department.

3. "Insurance" shall mean Workmen's Compensation Insurance.

4. "Board" shall mean the Industrial Accident Board of the State of Texas.

5. "Legal beneficiaries" shall mean the relatives named in Section 8a of Article 8306, Revised Civil Statutes of Texas of 1925, adopted in Section 7 of this law.

6. "Average weekly wages" shall be as defined in Section 1, Article 8309, Revised Civil Statutes of Texas of 1925.

7. Repealed by Acts 1947, 50th Leg., p. 722, ch. 358, § 1.

8. Any reference to an employee herein who has been injured shall, when the employee is dead, also include the legal beneficiaries, as that term is herein used, of such employee to whom compensation may be payable. Whenever in this law the singular is used, the plural shall be included; whenever the masculine gender is used, the feminine and neuter shall be included.

#### General Provisions

Sec. 3. After the effective date of this law any employee, as defined in this law, who sustains an injury in the course of his employment shall be paid compensation as hereinafter provided.

The Department is hereby authorized to be self-insuring and is charged with the administration of this law. The Department shall notify the Board of the effective date of such insurance, stating in such notice the nature of the work performed by the employees of the Department, the approximate number of employees, and the estimated amount of pay roll.

The Department shall give notice to all employees that, effective at the time stated in such notice, the Department has provided for payment of insurance.

Employees of the Department shall be conclusively deemed to have accepted the provisions hereof in lieu of common law or statutory causes of action, if any, for injuries resulting in the course of their employment.

#### Injury in Course of Employment

Sec. 4. If an employee of the Department sustains an injury in the course of his employment, he shall be paid compensation by the Department, as hereinafter provided.

#### Willful Intention and Intoxication of Employee as Defenses

Sec. 5. If an action to recover damages for personal injuries sustained by an employee in the course of his employment, or for death resulting from personal injuries so sustained, the Department may defend in such action on the ground that the injury was caused by the willful intention of the employee to bring about the injury, or was so caused while the employee was in a state of intoxication.

#### No Right of Action Against Agents or Employees of Department; Compensation Exempt from Garnishment or Attachment; Assignments Void

Sec. 6. Employees of the Department and parents of minor employees shall have no right of action against the agents, servants, or employees of the Department for damages for personal injuries nor shall representatives and beneficiaries of deceased employees have a right of action against the agents, servants, or employees of the Department

for injuries resulting in death, but such employees and their representatives and beneficiaries shall look for compensation solely to the Department as is provided in this law. All compensation allowed herein shall be exempt from garnishment, attachment, judgment, and all other suits or claims, and no such right of action and no such compensation and no part thereof nor of either shall be assignable, except as otherwise herein provided, and any attempt to assign the same shall be void.

#### Adoption of General Workers' Compensation Laws

Sec. 7. (a) The following laws as amended or as they may hereafter be amended are adopted except to the extent that they are inconsistent with this Act:

(1) Article 8306, except Sections 5 and 28, and Articles 8307, 8307b, and 8309, Revised Civil Statutes of Texas, 1925, as amended;

(2) Chapter 248, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 8306a, Vernon's Texas Civil Statutes);

(3) Chapter 77, Acts of the 65th Legislature, Regular Session, 1977 (Article 8306b, Vernon's Texas Civil Statutes);

(4) Chapter 208, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 8307a, Vernon's Texas Civil Statutes);

(5) Chapter 115, Acts of the 62nd Legislature, Regular Session, 1971 (Article 8307c, Vernon's Texas Civil Statutes);

(6) Chapter 358, Acts of the 64th Legislature, 1975 (Article 8307d, Vernon's Texas Civil Statutes); and

(7) Chapter 179, General Laws, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 8309a, Vernon's Texas Civil Statutes).

(b) Provided that whenever in the above adopted laws the words "association," "subscriber," or "employer" or their equivalents appear, they shall be construed to and shall mean "the department."

Sec. 8. Repealed by Acts 1969, 61st Leg., p. 2301, ch. 777, § 2, eff. Sept. 1, 1969.

#### Weekly Payments of Compensation

Sec. 9. It is the purpose of this law that the compensation herein provided for shall be paid from week to week and as it accrues and directly to the person entitled thereto, unless the liability is redeemed as in such cases provided elsewhere herein.

#### Physical Examination; Effect of Refusal to Submit to; Insanitary and Injurious Practices; Procedure

Sec. 10. The Board may require any employee claiming to have sustained injury to submit himself for examination before such Board or some one acting under its authority at some reasonable time and place within the State, and as often as may be reasonably ordered by the Board to a physician or

physicians authorized to practice under the laws of this State. If the employee or the Department requests, he or it shall be entitled to have a physician or physicians of his or its own selection present to participate in such examination. Refusal of the employee to submit to such examination shall deprive him of his right to compensation during the continuance of such refusal. When a right to compensation is thus suspended no compensation shall be payable in respect to the period of suspension. If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment or other remedial treatment recognized by the State, as is reasonably essential to promote his recovery, the Board may in its discretion order or direct the Department to reduce or suspend the compensation of any such injured employee. No compensation shall be reduced or suspended under the terms of this Section without reasonable notice to the employee and an opportunity to be heard.

The Department shall have the privilege of having any injured employee examined by a physician or physicians of its own selection, at reasonable times, at a place or places suitable to the condition of the injured employee and convenient and accessible to them. The Department shall pay for such examination and the reasonable expense incident to the injured employee in submitting thereto. The injured employee shall have the privilege to have a physician of his own selection present to participate in such examination. Provided, when such examination is directed by the Board or the Department, the Department shall pay the fee of the physician selected by the employee, such fee to be fixed by the Board.

Process and procedure shall be as summary as may be under this law. The Board or any member thereof shall have power to subpoena witnesses, administer oaths, inquire into matters of fact, examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. All rulings and decisions of the Board relating to disputed claims shall be upon questions of fact and in accord with the provisions of this law.

#### **Industrial Accident Board, Authority of; Procedure**

Sec. 11. All questions arising under this law, if not settled by agreement of the parties interested therein and within the provisions of this law, shall, except as otherwise provided, be determined by the Board. Any interested party who is not willing and does not consent to abide by the final ruling and decision of said Board shall within twenty (20) days after the rendition of said final ruling and decision by said Board, file with said Board notice that he will not abide by said final ruling and decision. And he shall within twenty (20) days after giving such notice bring suit in the county where the injury occurred to set aside said final ruling and decision and said Board shall proceed no further toward the

adjustment of such claim, other than hereinafter provided. Whenever such suit is brought, the rights and liability of the parties thereto shall be determined by the provisions of this law and the suit of the injured employee or person suing on account of the death of such employee shall be against the Department. If the final order of the Board is against the Department, then the Department shall bring suit to set aside said final ruling and decision of the Board, if it so desires, and the Court shall in either event determine the issues in such cause instead of the Board upon trial de novo and the burden of proof shall be upon the party claiming compensation. The Board shall furnish any interested party in said claim pending in Court upon request free of charge, with a certified copy of the notice of the Department becoming an insurer filed with the Board and the same when properly certified to shall be admissible in evidence in any Court in this State upon trial of such claim therein pending and shall be prima facie proof of all facts stated in such notice in the trial of said cause unless same is denied under oath by the opposing party therein. In case of recovery the same shall not exceed the maximum compensation allowed under the provisions of this law. If any party to any such final ruling and decision of the Board, after having given notice as above provided, fails within said twenty (20) days to institute and prosecute a suit to set the same aside, then said final ruling and decision shall be binding upon all parties thereto, and, if the same is against the Department, it shall at once comply with such final ruling and decision.

In all cases where the Board shall make a final order, ruling or decision, as provided in the preceding Section and against the Department, and the Department shall fail and refuse to obey or comply with the same and shall fail or refuse to bring suit to set the same aside as in said Section is provided, then in that event the claimant in addition to the rights and remedies given him and the Board in said Section may bring suit in a Court of competent jurisdiction, upon said order, ruling, or decision. If he secures a judgment sustaining such order, ruling, or decision in whole or in part, he shall also be entitled to recover the further sum of twelve (12) per cent as damages upon the amount of compensation so recovered in said judgment, together with a reasonable attorney's fee for the prosecution and collection of such claim.

Where the Board has made an award against the Department requiring the payment to an injured employee or his beneficiaries of any weekly or monthly payments, under the terms of this law, and the Department should thereafter fail or refuse, without justifiable cause, to continue to make said payments promptly as they mature, then the said injured employee or his beneficiaries, in case of his death, shall have the right to mature the entire claim and to institute suit thereon to collect the full amount thereof, together with twelve (12) per cent penalties and attorney's fees as herein provided for.

Suit may be brought under provisions of this Section, either in the county where the accident occurred, or in any county where the claimants reside, or where one or more of such claimants may have his place of residence at the time of the institution of the suit.

#### Employees of Subcontractors

Sec. 12. If the Department sublets the whole or any part of the work to be performed or done to any subcontractor, then in the event any employee of such subcontractor, whose name does not appear on the pay roll of the Department, sustains an injury in the course of his employment, he shall be deemed and taken for all purposes of this law not to be an employee as defined in this law. However, in the event that a person leases tractors, trucks, mowing or cutting machinery, or other equipment to the Department, and uses this equipment to perform work under a contract with the Department then the Department shall

(1) treat the person leasing the equipment as an independent contractor and require him to provide life, health and accident, and disability insurance for himself and any persons employed by him to perform the contract during the time he or his employee are engaged in performing the contract and with such amounts of insurance and coverage as is approved by the State Board of Insurance as being substantially the same coverage provided for under workmen's compensation insurance;

(2) treat the person leasing the equipment as an employee of the state for purposes of workmen's compensation and require him to provide workmen's compensation insurance for any persons employed by him to perform the contract; in which case the workmen's compensation law applies to such person and his employees regardless of the number of employees; or

(3) treat the person leasing the equipment and any persons employed by him to perform the contract as employees of the state for purposes of workmen's compensation.

#### Records and Reports of Injuries

Sec. 13. The Department shall hereafter keep a record of all injuries fatal or otherwise, sustained by its employees in the course of their employment. Within eight (8) days after the occurrence of an accident resulting in an injury to an employee, causing his absence from work for more than one day, a written report thereof shall be made to the Board on blanks to be procured from the Board for that purpose. Upon the termination of the incapacity of the injured employee, or if such incapacity extends beyond a period of sixty (60) days, the Department shall make a supplemental report upon blanks to be procured for that purpose. The said report shall contain the name, age, sex, and occupation of the injured employee and the character of work in which he was engaged at the time of the injury, and

shall state the place, date, and hour of receiving such injury and the nature and cause of the injury, and such other information as the Board may require. The Department shall be responsible for the submission of the reports in the time specified in this Section.

#### Rules and Regulations; Examining Physicians; Reports as Evidence

Sec. 14. The State Highway Department is authorized to promulgate and publish such rules and regulations and to prescribe and furnish such forms as may be necessary to the effective administration of this law, and the State Highway Department shall have authority to make and enforce such rules for the prevention of accidents and injuries as may be deemed necessary. It shall be the duty of the State Highway Department to designate a convenient number of regularly licensed practicing physicians and surgeons for the purpose of making physical examinations of all persons employed or to be employed in the service of the State Highway Department to determine who may be physically fit to be classified as "employees" as that term is defined in Subsection 2 of Section 2 of this Act, and said physicians and surgeons so designated and so conducting such examinations shall make and file with the State Highway Department a complete transcript of said examination in writing upon a form to be furnished by the State Highway Department. It shall be the duty of the State Highway Department to preserve as a part of the permanent records of the State Highway Department all reports of such examinations so filed. Such reports shall be admissible in evidence before the Industrial Accident Board, and in any court of competent jurisdiction to which an appeal has been made from a final award or ruling of the Industrial Accident Board in which the person named in said examination is a claimant for compensation benefits under the terms and provisions of this Act, and such reports so admitted shall be prima facie evidence as to the facts set out therein.

#### Physical Examination Prerequisite to Certification as Employee

Sec. 14a. No person shall be certified as an employee of the State Highway Department under the terms and provisions of this Act until he has submitted himself for a physical examination as provided in Section 14 herein and has been certified by the examining physician or surgeon to be physically fit to perform the duties and services to which he is to be assigned, provided that absence of a physical examination shall not be a bar to recovery.

#### Award as Evidence; Certified Copies of Orders, Awards, Decisions, or Documents

Sec. 15. Any order, award, or proceeding of said Board when duly attested by any member of the Board or its secretary shall be admissible as evidence of the act of said Board in any Court of this State.

Upon the written request and payment of the fees therefor, which fees shall be the same as those charged for similar services in the Secretary of State's office, the Board shall furnish to any person entitled thereto a certified copy of any order, award, decision, or paper on file in the office of said Board and the fees so received for such copies shall be paid into the State Treasury and credited to the General Revenue Fund; provided that the Department shall be furnished such certified copies without charge. No fee or salary shall be paid to any person in said Board for making such copies in excess of the fees charged for such copies.

#### Suits to Set Aside Decision of Board; Notice

Sec. 16. Any interested party who is not willing and does not consent to abide by the final ruling and decision of the Board shall, in the manner and within the time provided by Section 11 of this law, file notice with said Board, and bring suit in the county where the injury occurred to set aside said final ruling and decision; however, in the event such suit is brought in any county other than the county where the injury occurred, the Court in which same is filed shall, upon ascertaining that it does not have jurisdiction to render judgment upon the merit, transfer the case to the proper Court in the county where the injury occurred. Provided, however, that notice of said transfer shall be given to the parties and said suit when filed in the Court to which the transfer is made, shall be considered for all purposes, the same as if originally filed in said Court.

#### Time of Hearing

Sec. 17. When an injured employee has sustained an injury in the course of employment and filed claim for compensation and given notice as required by law, the Board shall hear his claim for compensation within a reasonable time. Provided, however, when such injured employee is being paid compensation as provided in this law, and the Department is furnishing either hospitalization or medical treatment to such employee, the Board may, within its discretion, delay or postpone the hearing of his claim, and no appeal shall be taken from any such order made by the Board.

#### Percentage of Pay roll Set Aside in Account for Payments Under Act

Sec. 18. The Department is hereby authorized to set aside from available appropriations other than itemized appropriations an amount not to exceed three and one-half (3½) per cent of the annual labor pay roll of the Department for the payment of all costs, administrative expense, charges, benefits, and awards authorized by this law.

The amounts so set aside shall be set up in a separate account in the records of the Department, which account shall show the disbursements authorized by this law; provided the amounts so set aside in this account shall not exceed three and one-half

(3½) per cent of the annual labor pay roll at any one time. A statement of the amounts set aside for and disbursements from said account shall be included in reports made to the Governor and the Legislature as required by the Statutes.

#### Notice of Appeal and Judgment; Penalty

Sec. 19. In every case appealed from the Board to any district or county Court, the Clerk of such Court shall, within twenty (20) days after the filing thereof, mail to the Board a notice giving the style, number, and date of filing such suit, and shall, within twenty (20) days after judgment is rendered in such suit, mail to the Board a certified copy of such judgment. The duties devolving upon district and county clerks under this law shall constitute a part of their ex officio duties and for such services they shall not be entitled to any fee.

In every such case the attorney preparing the judgment shall file the original and a copy of same with the Clerk of the Court. However, the failure of such attorney to comply with this provision shall not excuse the failure of the Clerk of a district or county Court to mail a certified copy of such judgment to the Board as above provided.

Any Clerk of a district or county Court who fails to comply with the provisions of this law shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred and Fifty Dollars (\$250).

#### Partial Invalidity

Sec. 20. If any section, paragraph, or provision of this law be declared unconstitutional or invalid for any reason, such holding shall not in any manner affect the remaining sections, paragraphs, or provisions of this law, but the same shall remain in full force and effect.

#### Art. 6674s-1. Liability Insurance for Highway Department Employees

Sec. 1. The State Highway Commission shall have the power and authority to insure the officers and employees of the Texas Highway Department from liability arising out of the use, operation, and maintenance of equipment, including but not limited to, automobiles, motor trucks, trailers, aircraft, motor graders, rollers, tractors, tractor power mowers, and other power equipment used or which may be used in connection with the laying out, construction, or maintenance of the roads, highways, rest areas, and other public grounds in the State of Texas. Such insurance shall be provided by the purchase of a policy or policies for that purpose from some

reliable insurance company or companies authorized to transact such business in this state. All liability insurance so purchased shall be provided on a policy form or forms approved by the State Board of Insurance as to form and by the attorney general as to liability.

Sec. 2. Nothing herein shall be construed as a waiver of the immunity of the state from liability for the torts or negligence of the officers or employees of the state.

[Acts 1969, 61st Leg., p. 617, ch. 212, eff. Sept. 1, 1969.]

**Art. 6674t. Roads Within Institutions, Hospitals and Schools**

Sec. 1. The Texas State Highway Department is hereby authorized and empowered, upon request of the Board for Texas State Hospitals and Special Schools or the State Youth Development Council, to enter into agreements or contracts with the Board or with the Council for the construction, maintenance and repair of roads within any of the institutions, hospitals and schools under the control, management or supervision of the Board or the Council.

Sec. 2. The Board for Texas State Hospitals and Special Schools and the State Youth Development Council are hereby authorized to reimburse the appropriate funds of the Texas State Highway Department for the cost of construction and/or maintenance performed under Section 1. Prior to the transfer of any funds, the Board and/or the Council shall notify the Comptroller in writing what funds and what amounts are to be transferred and direct the Comptroller to make the appropriate transfer.

Sec. 3. If any section, subsection, sentence, clause or phrase of this Act is for any reason held unconstitutional, the unconstitutionality thereof shall not affect the validity of the remaining portion of this Act. The Legislature hereby declares it would have passed the Act and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

**Art. 6674t-1. Right-of-Way Easements from State Youth Development Council**

In consideration of the benefits accruing to the state from the reconstruction and maintenance of a state highway extending along or across certain state property known as the Gainesville State School for Girls, the State Youth Development Council, acting by its Executive Secretary, is hereby authorized and directed to execute and deliver to the State Highway Commission of the State of Texas a proper instrument conveying thereto a right-of-way easement to the following described tracts of land in Cooke County, Texas, for the reconstruction and maintenance of a highway, the form of such conveyance to be approved by the Attorney General:

Tract I: Being a part of and out of the A. C. C. Bailey Survey, Abstract 44, Cooke County, Texas, and being more particularly described by metes and bounds as follows:

Beginning at the Northwest corner of a 94.87 acre tract conveyed by P. L. Dickerman and Minnie Dickerman to the State of Texas on May 1, 1915, as recorded in Volume 116, page 185, of the Cooke County Deed Records, said point being in the center of the Gainesville-Woodbine Road;

Thence North 89° 59' East 683 feet along the North line of said 94.87 acre tract to a point for corner, said point being the Southwest corner of a 33 $\frac{2}{3}$  acre tract conveyed by J. M. Lee and wife, and C. H. Lee and wife, to the State of Texas on April 14, 1915, as recorded in Volume 116, page 147, of the Cooke County Deed Records, said point being also on the centerline of Farm Highway 678 at Survey Station 130 + 30;

Thence North 50.0 feet along the West line of said 33 $\frac{2}{3}$  acre tract to a point for corner, said point being in the North right-of-way line of Farm Highway 678;

Thence North 89° 59' East 1667.0 feet along said North right-of-way line to a point in the East line of above mentioned 33 $\frac{2}{3}$  acre tract;

Thence South 100 feet, crossing the Southeast corner of said 33 $\frac{2}{3}$  acre tract and the Northeast corner of said 94.87 acre tract at 50 feet, to a point in the South right-of-way line of said Farm Highway No. 678;

Thence South 89° 59' West 2350 feet along said South right-of-way line to a point in the West line of the above mentioned 94.87 acre tract;

Thence North 50 feet to the place of beginning and containing 4.61 acres of land more or less, of which 1.39 acres is new right-of-way and the balance is in an existing road.

Tract II: Being a strip of land out of the A.C.C. Bailey Survey, Abstract 44, 200 feet long and 30 feet wide on the South side of the proposed location of FM Highway 678, the centerline of said strip being more particularly described as follows:

Beginning at a point in the South line of said highway 50 feet South of Survey Station 144 + 00;

Thence South 0° 01' East 200 feet;

Containing 0.138 acres of land, more or less.

**Art. 6674u. Barricades and Warning Signs; Tampering with or Disregarding**

Sec. 1. The following words when used in this Act shall for the purpose of this Act have the meanings respectively ascribed to them in this section as follows:

"Barricade." Every barrier, obstruction, or block placed upon or across any road, street or highway of this State by the State Highway Department, or

any political subdivision of the State, or by any contractor or sub-contractor doing road, street or highway construction or repair work on said road, street or highway under or by authority of the State Highway Department or any political subdivision of the State, for the purpose of obstructing and preventing the passage of motor vehicles over such street, road or highway during the period of construction or repair to said street, road or highway.

"Warning Sign." Every sign, signal, marking, and device erected or placed upon any street, road or highway barricade, or erected or placed upon any street, road or highway which is under construction or being repaired in any way by the State Highway Department or any political subdivision of the State, or any contractor or sub-contractor doing road, street or highway construction or repair work, for the purpose of regulating, warning or guiding motor vehicular traffic or otherwise stating the conditions under which traffic by motor vehicle may be had upon such street, road or highway. A warning sign shall include, but shall not be limited to, a flagman placed upon any street, road or highway by the State Highway Department or any political subdivision of the State or by any contractor or sub-contractor for the purpose of directing traffic around or upon such street, road or highway as is under construction or in the process of being repaired.

Sec. 2. It shall be unlawful for any person to in any way tamper with, move, damage or destroy any barricade placed upon any road, street or highway by the State Highway Department or any political subdivision of the State, or by any contractor or sub-contractor doing road, street or highway construction or repair work under or by authority of the State Highway Department or any political subdivision of the State; or for any person to disobey the instructions, signals, warnings or markings of any warning sign placed upon any street, road or highway barricade or placed upon any street, road or highway under construction or being repaired under the provisions and authority of this Act, unless at the time otherwise directed by a police officer. Provided, however, the provisions of this Act shall not apply to employees of the State Highway Department or any political subdivision of the State, or any contractor or sub-contractor or other person whose proper and lawful duties make it necessary for them to go beyond or around any barricade and to enter upon any portion of a street, road or highway which is under construction or in the process of being repaired.

Sec. 3. Any person who shall violate any provision of this Act shall, upon conviction, be fined not less than One (\$1.00) Dollar nor more than Two Hundred (\$200.00) Dollars, and each and every violation shall constitute and be a separate offense.

Sec. 4. In case any section, sentence or clause of this Act shall be declared unconstitutional, invalid, null, void or inoperative, the other sections, sen-

tences, and clauses shall nevertheless remain in full force and effect just as though the section, sentence or clause so declared unconstitutional, invalid, void, null or inoperative was not originally a part hereof.

[Acts 1953, 53rd Leg., p. 706, ch. 270.]

**Art. 6674u-1. Warning Devices on Public Streets and Highways; Damaging or Removing**

Sec. 1. In this Act,

(1) "Street or highway" means the entire width between the boundary lines of every way publicly maintained when any part thereof is open for public use for purposes of vehicular travel or when under construction or repair and intended for public use for purposes of vehicular travel upon completion, and includes the space above and below the surface of a street used for all proper street purposes or under construction for use;

(2) "Person" means every natural person, firm, copartnership, association, or corporation and/or any officer, agent, independent contractor, employee, servant or trustee thereof;

(3) "Political subdivision" includes every county, municipality, local board, or other body of this State having authority to authorize the construction or repair of streets, highways or roads under the constitution and laws of this State;

(4) "Contractor" means every person engaged in the construction or repair of any street, highway or road of this State under contract with the state or any political subdivision of the State;

(5) "Public utility" means all telegraph, telephone, water, gas, light and sewage companies or cooperatives, or their contractors, and any other business presently or hereinafter recognized by the Legislature as a public utility.

Sec. 2. (a) No person may damage, remove, deface, carry away, or interfere or tamper with a barricade, flare pot, sign, flasher signal or any other device warning of construction, repair or detour on or adjacent to streets or highways of this State, after the device has been set out by a contractor or by the State or a political subdivision of the State or by a public utility.

(b) Subsection (a) of this section does not apply to any of the following persons acting within the scope and duty of their employment:

(1) an officer, agent, independent contractor, employee, servant, or trustee of the State;

(2) an officer, agent, independent contractor, employee, servant, or trustee of a political subdivision of the State;

(3) a contractor or a public utility.

Sec. 3. A person who violates a provision of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$25 nor more

than \$1000, or by imprisonment in the county jail for not more than two years or both.

[Acts 1965, 59th Leg., p. 159, ch. 65, eff. Aug. 30, 1965.]

#### Art. 6674v. Turnpike Projects

##### Construction, Maintenance and Operation Authorized

Sec. 1. To facilitate vehicular traffic throughout the State, to promote the agricultural and industrial development of the State, to assist in effecting traffic safety, to provide for the construction of modern expressways, to provide better connections between highways of the State of Texas and the highway system of adjoining states, including cooperation between states, the Texas Turnpike Authority, hereinafter created, is hereby authorized and empowered to construct, maintain, repair and operate Turnpike Projects (as hereinafter defined), and to issue turnpike bonds of the Texas Turnpike Authority, payable solely from the revenues of such projects.

##### Credit of State Not Pledged

Sec. 2. Turnpike revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such turnpike revenue bonds shall contain on the face thereof a statement to the effect that neither the State, the Turnpike Authority or any political subdivision of the State shall be obligated to pay the same or the interest thereon except from revenues of the particular project for which they are issued and that neither the faith and credit nor the taxing power of the State or any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The Turnpike Authority shall not be authorized to incur financial obligations which cannot be serviced from tolls or revenues realized from operating its projects as defined in this Act or from moneys provided by this Act.

##### Texas Turnpike Authority

Sec. 3. There is hereby created an authority to be known as the "Texas Turnpike Authority," hereinafter sometimes referred to as the "Authority." By and in its name the Authority may sue and be sued, and plead and be impleaded. The Authority is hereby constituted an agency of the State of Texas, and the exercise by the Authority of the powers conferred by this Act in the construction, operation, and maintenance of turnpike projects shall be deemed and held to be an essential governmental function of the State.

The Board of Directors of the Authority (hereinafter in this Act sometimes called the "Board") shall be composed of directors, who shall occupy, respectively, places on the Board to be designated as Places 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12. The

Directors who will occupy Places 2, 3, 5, 6, 8, 9, 10, 11, and 12 shall be appointed by the Governor, by and with the advice and consent of the Senate. Appointed Directors shall serve staggered terms of six (6) years with the terms of one-third of the members expiring on February 15 of each odd-numbered year. Each Director appointed to fill Places 2, 3, 5, 6, 8, 9, 10, 11, and 12 shall have been a resident of the State and of the County from which he shall have been appointed for a period of at least one (1) year prior to his appointment.

Appointments to the Authority shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

The members of the Texas State Highway Commission<sup>1</sup> at the time this Act becomes effective are hereby made Directors of said Authority, and if for any reason said Texas State Highway Commission at such time because of vacancies is composed of less than three (3) members, then the person or persons appointed to fill such vacancies are hereby made Directors of said Authority. The Highway Commissioners and their successors in office shall respectively and successively occupy Places 1, 4, and 7 on such Board. Each member of the Texas State Highway Commission shall serve ex officio as a member of the Board of Directors of such Authority. All Directors shall serve until their successors have been duly appointed and qualified, and vacancies in unexpired terms shall be promptly filled by the Governor.

All members of the Board of Directors shall be eligible for reappointment. All directors shall have equal status and all Directors shall have a vote. Each member of the Board before entering upon his duties shall take an oath as provided by Section 1 of Article XVI of the Constitution of the State of Texas.

The Board shall elect one of the Directors as chairman and another as vice chairman, and shall elect a secretary and treasurer who need not be a member of the Board. Seven members of the Board shall constitute a quorum and the vote of a majority shall be necessary for any action taken by the Board. No vacancy in the membership of the Board shall impair the right of a quorum to exercise all the rights and perform all the duties of the Board.

Before the issuance of any turnpike revenue bonds under the provisions of this Act, each Director shall execute a surety bond in the penal sum of Twenty-five Thousand Dollars (\$25,000) and the secretary and treasurer shall execute a surety bond in the penal sum of Fifty Thousand Dollars (\$50,000), each surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the State of Texas as surety and to be approved by the Governor and filed in the office of the Secretary of State. The expense of such bonds shall be paid by the Authority.

Each appointed Director may be removed by the Governor for misfeasance, malfeasance or willful neglect of duty, but only after reasonable notice and public hearing unless the notice and public hearing are in writing expressly waived. Failure of an appointed member to attend at least one-half of the regularly scheduled meetings held each year automatically removes such member and creates a vacancy on the Board.

The members of the Authority shall not be entitled to any additional compensation for their services, but each member shall be reimbursed for his actual expenses necessarily incurred in the performance of his duties. All expenses incurred in carrying out the provisions of this Act shall be payable solely from funds provided under the authority of this Act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the authority of this Act.

The Legislature imposes on any Director, who may be a member of the State Highway Commission the extra duties required hereunder.

<sup>1</sup> Name changed to State Highway and Public Transportation Commission; see art. 6663.

#### Application of Sunset Act

Sec. 3a. The Texas Turnpike Authority is subject to the Texas Sunset Act;<sup>1</sup> and unless continued in existence as provided by that Act the authority is abolished, and this Act expires effective September 1, 1991.

<sup>1</sup> Article 5429k.

#### Definitions

Sec. 4. As used in this Act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(a) The word "Authority" shall mean the Texas Turnpike Authority, created by Section 3 of this Act, or, if such Authority shall be abolished, the board, body, authority or commission succeeding to the principal functions thereof or to whom the powers given by this Act to the Authority shall be given by law.

(b) The terms "State Highway Commission" and "State Highway Department" shall mean the agency of the State having general jurisdiction over State highway construction, maintenance, and operation, and if the Commission presently performing such functions should be abolished, the board, commission or body succeeding to its principal functions.

(c) The word "Project" or the words "Turnpike Project" shall mean any express highway or turnpike which the Authority may at any time determine to construct under the provisions of this Act, including its facilities to relieve traffic congestion and to promote safety, and shall embrace all bridges, tunnels, overpasses, underpasses, interchanges, en-

trance plazas, approaches, toll houses, service stations, and administration, storage and other buildings which the Authority may deem necessary for the operation of the Project, together with all property rights, easements and interests which may be acquired by the Authority for the construction or the operation of the Project; provided, that the location of a Project must before final designation, be approved by the State Highway Commission. Provided, however, any "Project" or "Turnpike Project" which the Authority may construct under the authority of this Act shall at all times be deemed a public highway within the meaning of Chapter 270, page 399, Acts, Fortieth Legislature, 1927, as amended by Chapter 78, page 196, Forty-first Legislature, First Called Session, 1929, and Chapter 314, page 698, Acts, Forty-first Legislature, 1929, as amended by Chapter 277, page 480, Acts, Forty-second Legislature, 1931, as amended by Chapter 290, page 463, Acts, Forty-seventh Legislature, 1941,<sup>1</sup> and to that end no motor bus company, common carrier motor carrier, specialized motor carrier, contract carrier or other motor vehicle operation for compensation and hire shall be conducted thereon except in accordance with the terms and provisions of Chapter 270, page 399, Acts, Fortieth Legislature, 1927, as amended by Chapter 78, page 196, Acts, Forty-first Legislature, First Called Session, 1929, and Chapter 314, page 698, Acts, Forty-first Legislature, 1929, as amended by Chapter 277, page 480, Acts, Forty-second Legislature, 1931, as amended by Chapter 290, page 463, Acts, Forty-seventh Legislature, 1941.

(d) The word "Cost" as applied to a turnpike project shall embrace the cost of construction, the cost of the acquisition of all land, right-of-ways, property rights, easements and interests acquired by the Authority for such construction, the cost of all machinery and equipment, financing charges, interest prior to and during construction and for one (1) year after completion of construction, cost of traffic estimates and of engineering and legal services, plans, specifications, surveys, estimates of cost and of revenue, other expenses necessary or incident to determining the feasibility and practicability of constructing any such Project, administrative expense and such other expense as may be necessary or incident to the construction of the Project, the financing of such construction and the placing of the Project in operation. Any obligation or expense hereafter incurred by the State Highway Commission for and on behalf of the Authority for traffic surveys, borings, preparation of plans and specifications, and other engineering services in connection with the construction of a Project shall be regarded as a part of the cost of such Project and shall be reimbursed to the State Highway Department out of the proceeds of turnpike revenue bonds hereinafter authorized.

(e) The word "owner" shall include all individuals, co-partnerships, associations or corporations having any title or interest in any property, rights, ease-

ments and interests authorized to be acquired by this Act. The term shall comprehend the State, counties, cities, political subdivisions, districts and all public agencies.

(f) The word "highway" shall comprehend any road, highway, farm-to-market road, or street, whether under the supervision of the State, any county, any political subdivision or any city or town.

<sup>1</sup> Articles 911a, 911b.

#### General Grant of Powers and Duties Imposed

Sec. 5. The Authority is hereby authorized, empowered, and it shall be its duty:

(a) To adopt bylaws for the regulation of its affairs and the conduct of its business;

(b) To adopt an official seal and alter the same at pleasure;

(c) To sue and be sued in its own name, plead and be impleaded; provided, however, that any and all actions at law or in equity against the Authority shall be brought in the county where the cause of action arises, and if land is involved, including condemnation proceedings, suit shall be brought in the county where the land is situated;

(d) To construct, maintain, repair and operate Turnpike Projects as hereinabove defined at such locations within the State as may be determined by the Authority subject to approval as to location by the State Highway Commission; provided that the Authority shall have no power to fix, charge, or collect tolls for transit over any existing free public Highway;

(e) To issue turnpike revenue bonds of the Authority payable solely from revenues, including tolls pledged to such bonds, for the purpose of paying all or any part of the cost of a Turnpike Project. Turnpike bonds shall be issued for each separate project;

(f) To fix, revise, and adjust from time to time tolls for transit over each separate Turnpike Project;

(g) To acquire, hold, and dispose of real and personal property in the exercise of its powers and the performance of its duties under this Act;

(h) To acquire in the name of the Authority by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the right of condemnation in the manner hereinafter provided, such public or private lands, including public parks, playgrounds or reservations, or parts thereof or rights therein, right-of-ways, property rights, easements and interests, as it may deem necessary for carrying out the provisions of this Act; provided, however, that except for parks and playgrounds and except for any property which may have been theretofore acquired under restrictions and limitations requiring payment of compensation, no compensation shall be paid for public lands, parkways or reservations so taken;

and that all public property damaged in carrying out the powers granted by this Act, shall be restored or repaired and placed in its original condition as nearly as practicable; provided further, that the governing body having charge of any such public property is hereby authorized to give its consent to the use of any such property for a Turnpike Project; provided, further, that all property or interest so acquired shall be described in such a manner so as to locate the boundary line of same with reference to lot and block lines and corners of all existing and recorded subdivision properties and to locate the boundary line of other property with reference to survey lines and corners.

(i) To designate the location, and establish, limit and control such points of ingress to and egress from, each Turnpike Project as may be necessary or desirable in the judgment of the Authority and the Texas Highway Department to insure the proper operation and maintenance of such Project, and to prohibit entrance to such Project from any point or points not so designated.

In all cases where county or other public roads are affected or severed, the Authority is hereby empowered and required to move and replace the same, with equal or better facilities; and all expenses and resulting damages, if any, shall be paid by the Authority.

(j) To make and enter into contracts and operating agreements with similar authorities or agencies of other states; to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act; and to employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgments, and to fix their compensation; provided, that all such expenses shall be payable solely from the proceeds of turnpike revenue bonds issued under the provisions of this Act or from revenues; and provided further that no compensation for employees of Authority shall exceed the salary schedule of the State Highway Department for comparable positions and services.

(k) To receive and accept grants for or in aid of the construction of any Turnpike Project, and to receive and accept aid or contributions from any source, of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;

(l) To make and enforce rules and regulations not inconsistent with the provision of this Act for use of any such Project;

(m) All contracts of the Authority for the construction, improvement, repair, or maintenance of any turnpike project shall, in so far as applicable, be made and awarded under the same conditions, terms, requirements, and provisions as are now provided for with respect to contracts of the State

Highway Department in Sections 8 and 9 of Chapter 186, pages 457, 458, Acts, Thirty-ninth Legislature, 1925, as amended by Chapter 103, page 286, Acts, Forty-third Legislature, First Called Session, 1933, and Sections 10 and 13 of Chapter 186, page 458, Acts, Thirty-ninth Legislature, 1925, codified as Articles 6674h, 6674i, 6674j, and 6674m, Vernon's Civil Statutes, and in the making and awarding of such contracts the Authority shall, in so far as applicable, be under the same duties and responsibilities with respect thereto as are now imposed upon the State Highway Department by the terms and provisions of the Statutes herein enumerated. It is hereby declared to be the intention of the Legislature that the provision of this paragraph shall be mandatory.

(n) Provided, however, that the Authority in this Act created, save and except for the region included within the boundaries of Dallas and Tarrant Counties of this State, shall not be empowered or authorized to process or commence plans for or the construction of any toll road or turnpike over the same route or parts thereof or between the same terminal or intervening cities or towns, or through any counties or regions served by a toll road corporation as hereinafter described, which could in any manner whatsoever be construed as a duplication of the services rendered by a toll road running in the same general directions over the same general route or part thereof or through the same regions or counties of the State which has been planned, commenced or constructed by a toll road corporation chartered prior to April 1, 1953, under the laws of this State which provides in its articles of incorporation, bylaws, or otherwise, that none of the net income or profits, whether realized or unrealized, shall ever inure to the benefit of or be distributed to any private shareholder or any other private person, association or corporation whatsoever, and that, after payment of all indebtedness for the acquisition, construction, maintenance and operation of such toll road, the title of all the assets of said toll road corporation shall be conveyed to the State of Texas or to the county or counties in which such toll road is situated; provided further, however, that such toll road corporation commence the construction of such toll road within a period of eighteen (18) months from the effective date of this Act.

(o) To do all acts and things necessary or appropriate to carry out the powers expressly granted in this Act.

#### Incidental Powers

Sec. 6. The Authority shall have authority to construct grade separations at intersections of Turnpike Projects with railroads and with highways, and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of such grade separations and any damage incurred in changing and adjusting the lines and grades of railroads or such highways shall be paid by the

Authority as a part of the cost of such Turnpike Project.

If the Authority shall find it necessary to change the location of any portion of any highway, it shall cause the same to be reconstructed at such location as the Authority and the Texas Highway Department shall deem most favorable and of substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the Authority as a part of the cost of such Turnpike Project. No Project shall be instituted for the purpose of being substituted for or taking the place of an existing highway. Each Project shall be essentially an additional facility.

In addition to the foregoing powers, the Authority and its authorized agents and employees may enter upon any lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or appropriate for the purpose of this Act, and such entry shall not be deemed a trespass, nor shall any entry for such purposes be deemed an entry under any condemnation proceedings which may be then pending. The Authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The Authority also shall have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "Public Utility Facilities") of any public utility, railroad or pipeline company, or of any person, in, on, along, over or under the Turnpike Project. Whenever the Authority shall determine that it is necessary that any Public Utility Facilities which now are, or hereafter may be, located in, on, along, over or under the Turnpike Project should be relocated in such Project, or should be removed from such Project, or should be carried along or across the Turnpike by grade separation, the owner or operator of such facilities shall relocate or remove the same in accordance with the order of the Authority; provided, however, that the cost and expenses of such relocation or removal or grade separation, including the cost of installing such facilities in a new location or new locations, and the cost of any land, or any rights, or interest in lands, and any other rights, acquired to accomplish such relocation or removal, and the cost of maintenance of grade separation structures, shall be paid by the Authority as a part of the cost of or cost of operating such Turnpike Project. In case of any such relocation or removal of facilities, the owners or operators of the same, their successors or assigns, may use and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as they had the right to

maintain and operate such facilities in their former location or locations. Provided, however, notwithstanding anything contained herein to the contrary, the provisions of House Bill No. 393, Acts, Fifty-first Legislature, 1949, Chapter 228, Page 427,<sup>1</sup> shall apply to the erection, construction, maintenance, and operation of lines and poles owned by corporations organized under the Electric Cooperative Corporation Act of this State,<sup>2</sup> and all other corporations (including River Authorities created by the Legislature of this State) engaged in either the generation, transmission, or distribution of electric energy in Texas and whose operations are subject to the Judicial and Legislative processes of this State, over, under, across, upon and along any Project constructed by the Authority; provided, however, that the Authority shall have the same powers and duties as are delegated the State Highway Commission under the provisions of said House Bill No. 393, Acts, Fifty-first Legislature, 1949, Chapter 228, Page 427, and further provided that notwithstanding anything contained herein to the contrary, the existing laws of the State of Texas applicable to the use of public roads, streets and waters of the State by telephone and telegraph corporations shall apply also to the erection, construction, maintenance, location and operation of lines, poles and other fixtures by telegraph and telephone corporations over, under, across, upon and along any Project constructed by the Authority.

The State of Texas hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the Authority to be necessary for the construction or operation of any Turnpike Project. Provided, however, that nothing herein shall be construed as depriving the School Land Board of authority to execute leases in the manner authorized by law for the development of oil, gas and other minerals on State-owned lands adjoining any such Project, or in tidewater limits, and to this end such leases may provide for directional drilling from such adjoining land and tidewater area.

<sup>2</sup> Article 1528b.

#### Purchase of Property

Sec. 7. The Authority is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, any land, property rights, right-of-ways, franchises, easements and other interests in lands as it may deem necessary for the construction or operation of any Turnpike Project upon such terms and at such price as may be considered by it to be reasonable and can be agreed upon between the Authority and the owner thereof, and to take title thereto in the name of the Authority.

The governing body of every county, city, town, political subdivision or public agency is authorized without any form of advertisement to make conveyance of title or rights and easements to any proper-

ty needed by the Authority to effect its purposes in connection with the construction or operation of a Turnpike Project.

#### Condemnation of Property

Sec. 8. Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated, or is absent, unknown or unable to convey valid title, the Authority is hereby authorized, and empowered to acquire, by the exercise of the power of condemnation and in accordance with and subject to the provisions of any and all existing laws and statutes applicable to the exercise of the power of condemnation of property for public use, any land, property rights, right-of-ways, franchises, easements or other property deemed necessary or appropriate for the construction or the efficient operation of any Turnpike Project or necessary to the restoration of, public or private property damaged or destroyed; provided, however, the Authority may not condemn any land except such as will be necessary for road and right-of-way purposes. The road and right-of-way purposes for which the Authority may condemn land, shall include the land necessary for access, approach, and interchange roads, but shall not include any supplemental facility for other purposes. Such supplemental facilities must be constructed upon land acquired by purchase and not by condemnation. In any condemnation proceedings the Court having jurisdiction of the suit, action or proceeding, may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the State or the Authority except such as may be paid from the funds provided under the authority of this Act.

In all cases where property of an owner is severed by the Turnpike Project, the Authority shall pay the value of the property acquired and the severance damages, to the property remaining in the owner. Such severance damages shall include those arising from the inaccessibility of one tract to the other. The Authority shall provide and maintain at all times for the owner of such severed land, his employees and representatives, without charge, a passageway over or under the project, provided however that the Authority shall not be required to furnish such a passageway (1) if the owner waives such requirement, or (2) if the original tract or ownership involved is less than eighty acres. The Authority is hereby authorized and empowered to negotiate for, and purchase the land or either tract of the land severed, provided satisfactory terms may be agreed upon with the owner. All severed land acquired by the Authority, as herein provided, shall be sold and disposed of by the Authority within a period of two years after its acquisition.

In addition to any other power granted in this Act, the powers and procedure granted to and available to the State Highway Commission for acquisition of property, are likewise granted to and made available to the Authority, subject to the provisions of this Act.

#### Turnpike Revenue Bonds

Sec. 9. The Authority is hereby authorized to provide by resolution, from time to time, for the issuance of turnpike revenue bonds of the Authority for the purpose of paying all or any part of the cost of a Turnpike Project. Each Project shall be financed and built by a separate issue of bonds. The proceeds of no issue of bonds shall be divided between or among two or more projects. The cost of each Project shall be determined and set up as a separate project and undertaking. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment and from the revenues of the particular project for which such bonds were issued. The bonds of each issue shall be dated, shall bear interest at such rate or rates, not exceeding five (5) per centum per annum, shall mature at such time or times, not exceeding forty (40) years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds shall be signed by the Chairman of the Authority, or shall bear his facsimile signature, and the official seal of the Authority or a facsimile thereof shall be impressed or printed thereon, and attested by the Secretary and Treasurer of the Authority. Any coupons attached thereto shall bear the facsimile signature of the Chairman of the Authority. In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. All bonds issued under the provisions of this Act shall have and are hereby declared to have all the qualities and incidents of, and are hereby declared to be and are constituted negotiable instruments under the negotiable instruments law of the State. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion

into coupon bonds of any bonds registered as to both principal and interest. If the duty of such reconversion is imposed on the Trustee in a Trust Agreement as authorized under Section 11, the substituted coupon bonds need not be reapproved by the Attorney General of Texas, and they shall remain incontestable. The Authority may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five (5) per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the payment of the Cost of the Turnpike Project for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such Cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed the Cost of the Turnpike Project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable or definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide without reapproval by the Attorney General, for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

Before the Authority may deliver any bonds issued hereunder to the purchaser thereof, the proceedings authorizing their issuance and securing the bonds shall be presented to the Attorney General of Texas for examination and approval. If the bonds shall have been duly authorized in accordance with

the Constitution and laws of the State and constitute valid and binding obligations of the Authority, according to their tenor and effect, and proper charges against the revenues pledged to their payment, he shall approve the bonds. Without such approval the bonds cannot be so issued and delivered to the purchaser. The bonds when approved shall be registered by the Comptroller of Public Accounts of the State of Texas. After such approval and registration the bonds shall be incontestable.

#### Turnpike Revenue Refunding Bonds

Sec. 10. The Authority is hereby authorized to provide by resolution for the issuance of turnpike revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding, issued on account of a Project, which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements to the Turnpike Project in connection with which the bonds to be refunded shall have been issued. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this Act in so far as the same may be applicable. Within the discretion of the Authority the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

#### Trust Agreement

Sec. 11. In the discretion of the Authority any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Any such trust agreement may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage any Turnpike Project or any part thereof.

No trust agreement shall evidence a pledge of the revenues of any Project to any other purpose than for the payment of the cost of maintaining, repairing and operating the Turnpike Project and the principal of and interest on such bonds as the same shall become due and payable and to create and maintain reserves for such purposes, as prescribed in Section 12 hereof. Any such trust agreement or any resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement,

maintenance, repair, operation and insurance of the Turnpike Project in connection with which such bonds shall have been authorized, and the custody, safeguarding and application of all moneys, and provisions for the employment of consulting engineers in connection with the construction or operation of such Turnpike Project. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the Turnpike Project.

#### Revenues

Sec. 12. The Authority is hereby authorized to fix, revise, charge and collect tolls for the use of each Turnpike Project and the different parts or sections thereof, and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the paved portion, for placing thereon gas stations, garages, stores, hotels, restaurants, or for any other purpose except for tracks for railroad or railway use, and except for use by telephone, telegraph, electric light or power lines and to fix the terms, conditions, rents and rates of charges for such use. Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the Turnpike Project in connection with which the bonds of any issue shall have been issued as to provide a fund sufficient with other revenues, if any, to pay (a) the cost of maintaining, repairing and operating such Turnpike Project and (b) the principal of and the interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. The tolls and all other revenues derived from the Turnpike Project in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the

principal of such bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest, and (4) the redemption price or the purchase price of bonds retired by call or purchase as therein provided. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement.

The revenues and disbursements for and on behalf of each Project shall be kept separately. No revenues of one Project shall be used to pay cost of another Project. The moneys in the sinking fund, less such reserve as may be provided in such resolution or trust agreement, if not used within a reasonable time for the purchase of bonds for cancellation as above provided, shall be applied to the redemption of bonds at the redemption price then applicable.

#### Expenditures for Feasibility Studies

Sec. 12a. Notwithstanding the prohibitions contained in Section 12 or any other provision of this Act, Texas Turnpike Authority shall be authorized subject to the prior approval of the Texas Highway Commission to use any available revenues derived from any Turnpike Project, and to borrow money, and issue interest-bearing evidences of indebtedness or enter into a loan agreement or loan agreements, payable out of, and to pledge or hypothecate any available revenues anticipated to be derived from, the operation of any Turnpike Project, for the purpose of paying the expenses of studying the cost and feasibility and any other expenses relating to the preparation and issuance of Turnpike Revenue Bonds for the construction of any other Turnpike Project. The funds expended on behalf of any such new project shall be regarded as a part of the cost of such new project, and shall be reimbursed to the project from which such funds were disbursed out of the proceeds of Turnpike Revenue Bonds issued for the construction of any such new project.

#### Texas Turnpike Authority Feasibility Study Fund

Sec. 12b. Any funds of the Dallas-Fort Worth Turnpike remaining on December 31, 1977, or on such earlier date as the tolls may be lifted in the authority's discretion, after provision for transition expenses, debts, and obligations pursuant to Section 17a of this Act shall be deposited by the authority in a fund which shall be entitled "Texas Turnpike Authority Feasibility Study Fund." No more than One Million Dollars shall be so deposited on such date. The amount deposited shall be reduced by the cost of feasibility studies, if any, requested by the authority and approved by the State Highway and Public Transportation Commission between April 4, 1977, and the date of such deposit. Such fund shall be a revolving fund held in trust by a banking institution chosen by the authority separate and apart from the funds of any project. No funds from any other existing, presently constructed

project shall be added to this fund. Such fund shall be used for the purpose of paying the expenses of studying the cost and feasibility and any other expenses relating to the preparation and issuance of turnpike revenue bonds for the construction of any turnpike project; the study of which thereafter shall be authorized by the Texas Turnpike Authority, subject to the prior approval of the State Highway and Public Transportation Commission. The funds expended from this fund on behalf of any such new project shall be regarded as a part of the cost of such new project, and said fund shall be reimbursed out of the proceeds of turnpike revenue bonds issued for the construction of any such additional project. After this Act is signed by the governor, all money reimbursable from the sale of bonds of projects whose studies and other expenses have been advanced from funds of the Dallas-Fort Worth Turnpike shall be reimbursed to this fund for use as a part hereof. For the same purposes, the authority may borrow money and issue promissory notes or other interest-bearing evidences of indebtedness payable out of this fund, pledging or hypothecating thereto any sums therein or to be placed therein.

In addition to the above, any municipality or group of municipalities, any county or group of counties, or any combination of municipalities and counties, or any private group or combination of individuals within the state may pay all or part of the expenses of studying the cost and feasibility and any other expenses relating to the preparation and issuance of turnpike revenue bonds for the construction of a turnpike project. The funds expended on behalf of any new project shall be regarded as part of the cost of such new project and, with the consent of the Texas Turnpike Authority, shall be reimbursable to the party paying the expenses out of the proceeds of turnpike revenue bonds issued for the construction of such new project.

#### Trust Funds

Sec. 13. All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this Act. The resolution authorizing the issuance of bonds of any issue or the trust agreement securing such bonds shall provide that any officer to whom, or any bank or trust company to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purpose thereof, subject to such regulations as this Act and such resolution or trust agreement may provide.

#### Remedies

Sec. 14. Any holder of bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein

given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this Act or by such trust agreement, or resolution to be performed by the Authority or by any officer thereof, including the charging and collecting of tolls.

#### Exemption From Taxation

Sec. 15. The exercise of the powers granted by this Act will be in all respects for the benefit of the people of the State, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of Turnpike Projects by the Authority will constitute the performance of essential governmental functions, the Authority will not be required to pay any taxes or assessments upon any Turnpike Project or any property acquired or used by the Authority under the provisions of this Act or upon the income therefrom, and the bonds issued under the provisions of this Act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the State.

#### Eligibility of Bonds

Sec. 16. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, of any all public funds of cities, towns, villages, counties, school districts and other political subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value or to the extent of their market value, whichever value is the smaller, when accompanied by all unmatured coupons appurtenant thereto.

#### Public Hearings

Sec. 16a. (a) Before the authority finally approves an engineering design for a project, the authority or a designated representative of the authority shall hold at least one public hearing in the general locality in which the project is to be located. Persons interested in the project shall be given an opportunity at the public hearing to testify about the project and to inspect the plans and designs prepared for the project.

(b) Not less than 15 days nor more than 21 days before the public hearing, the authority shall fur-

nish a written notice of the public hearing to the governing body of each county, city, or town in which any part of the project is to be located and shall publish the notice in the general locality in which the project is to be located in a manner likely to inform the general public of the public hearing.

(c) At least seven days before the public hearing, the authority shall file with the governing bodies the plans and designs prepared for the project.

#### Dallas-Fort Worth Turnpike Project

Sec. 17. The Authority is expressly authorized and required to take immediate steps to process the construction of a Project to be known as "Dallas-Fort Worth Turnpike," and to construct, maintain, repair and operate such Turnpike Project between the cities of Dallas and Fort Worth. The project shall extend from a convenient connecting point in the principal East-West highway artery through the City of Dallas in Dallas County, to a convenient connecting point in the principal East-West highway artery through the City of Fort Worth in Tarrant County, along a route to be approved by the Highway Commission of the State of Texas, to be situated for the greater part of its length between United States Highway No. 80 and State Highway No. 183, and shall embrace all bridges, tunnels, overpasses, underpasses, interchanges, entrance plazas, approaches, toll houses, service stations and administration, storage and other buildings which the Authority may deem necessary for the operation of the Project, together with all property rights, easements and interests which may be acquired by the Authority for the construction or the operation of the Project.

#### Toll Free Status of Dallas-Fort Worth Turnpike; Transition Plan

Sec. 17a. This section shall apply only to the Dallas-Fort Worth Turnpike, constructed pursuant to this Act and presently existing in Dallas and Tarrant Counties, and to no other project now or hereafter existing and shall supersede any provisions of this Act in conflict herewith. The Dallas-Fort Worth Turnpike shall become toll free, at 12:00 p.m. on December 31, 1977, or on such earlier date as the tolls may be lifted in the authority's discretion. The authority shall, with the approval of the State Highway and Public Transportation Commission, effectuate a plan for an orderly transition of the Dallas-Fort Worth Turnpike to the State Department of Highways and Public Transportation on the date when tolls are lifted. In no event shall the transition plan operate to extend the cutoff time for the collection of tolls set out above. The transition plan shall provide a reasonable time within which said plan shall be consummated and shall include retention by the authority of toll collection and accounting equipment, toll booths and other equipment, furnishings, and supplies usable by the authority in the operation of other projects, the provision of funds for unemployment compensation and

other payments required by state law in the termination of employment of state employees, the payment of debts and other contractual obligations of the authority payable from funds of the Dallas-Fort Worth Turnpike, including but not limited to the payment to the City of Fort Worth and Tarrant County of their proportionate interests in the balance remaining in the Special Trust Fund created to hold money paid by said city and county for free use of the Dallas-Fort Worth Turnpike from Oakland Boulevard to the Fort Worth terminus and such other requisites to the transition as may be appropriate. Money for the payment of such transition expenses, debts, and obligations shall be set aside and retained by the authority for such purposes in a trust fund with a banking institution chosen by the authority to be used for such purposes and the payment of expenses appurtenant thereto.

#### Existing Toll Roads as Part of Free Highway System

Sec. 18. The Authority hereby created is authorized, empowered and directed to receive and accept for the State of Texas as a part of the free highway system thereof any toll road constructed and operated by a toll road corporation as described in Section 5, subsection (n), hereof, subject to the following conditions and requirements:

"1. That at the time of such acceptance such toll road shall be free and clear of any and all encumbrances.

"2. That no compensation whatsoever shall be required to be paid therefor by the State of Texas.

"3. That at the time of such acceptance by the Authority such toll road shall be in good condition and repair to the satisfaction of the State Highway Commission.

"4. That such toll road shall have been constructed and maintained in such a manner as to be equal or superior to the standards of the State Highway Commission.

"5. That in letting the contracts for the construction and maintenance of said road such toll road corporation shall have followed the methods and procedures as are used by the State Highway Commission of Texas in such matters.

"A toll road corporation as described in Section 5, subsection (n) hereof, shall be obligated to make an irrevocable gift of all of its assets to the State of Texas and shall irrevocably bind itself to use all of its net income or profits to retire the indebtedness created for the acquisition, construction, maintenance and operation of such road, and which corporation shall at the time of the acquisition of any real property execute such instruments as may be necessary to convey or transfer such real property to the State of Texas, which instruments shall be deposited in escrow with any banking corporation chartered under the laws of Texas or of the United States with an escrow agreement which shall authorize and empower said escrow agent to deliver such

instruments of conveyance and transfer to the Authority herein created when the requirements and conditions set forth above have been met and complied with. The authority herein created is hereby authorized, empowered and directed on behalf of the State of Texas to execute such instruments as may be necessary to complete such escrow agreement.

"The equitable, beneficial and superior title to the property belonging to a corporation described in Section 5, subsection (n) hereof, which is subject to an escrow agreement provided herein shall be vested at all times in the State of Texas and shall constitute public property used for public purposes, subject only to any liens or encumbrances created against said property by such corporation to finance the acquisition, construction, maintenance or operation of such road, and the board of directors of such corporation is hereby authorized and empowered to pledge, mortgage or otherwise encumber any of its properties or revenues, whether realized or unrealized, for such purposes, and the authorities herein created shall be required to execute such instruments of consent and subordination as may be required to give and grant such corporation such rights to pledge, mortgage or otherwise encumber its property for the purposes above set forth and, provided further, that neither the State of Texas nor any of its political subdivisions nor the Authority herein created shall ever be liable in any way for any indebtedness created by such a corporation or for any claim, demand, or obligation of any kind which may arise or be asserted against such a corporation, and that all bonds or other evidences of indebtedness of such corporation shall contain a statement to that effect on the fact thereof."

#### Cessation of Tolls

Sec. 19. When all bonds issued under the provisions of this Act in connection with any Turnpike Project, and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof or for the redemption thereof, shall have been set aside in trust for the benefit of the bondholders, such Project, if then in good condition and repair to the satisfaction of the State Highway Commission, shall become part of the State Highway Commission and shall thereafter be maintained by the State Highway Commission, free of tolls. But if at the time such bonds are so paid or the redemption thereof so provided for, the State Highway Commission determines that the Project is not in such state of repair as justifies its acceptance as a part of the State Highway System, the Authority shall continue to operate the Project as a toll facility, and shall continue the tolls then in effect or revise the tolls so as to provide money sufficient to assure payment of the expense of maintenance and operation, and the making of such repairs and replacements as are necessary to meet the minimum requirements of the State Highway Commission

within the shortest practicable time. Any money remaining to the credit of such Project after retirement of all of the bonds issued on its account—shall, upon acceptance of the Project by the State Highway Commission, be delivered by the Authority to the State Highway Commission and shall be held by it as a special reserve fund to assure continued maintenance of the facilities comprising the Project, to be administered under rules and regulations to be prescribed by the State Highway Commission. When the bonds issued to finance a Turnpike Project are fully paid and the Turnpike Project has been accepted by the State Highway Commission as provided for in this Section 19, within one (1) year from date of acceptance of said Project, including all the installations thereon, excepting only the road bed and highway sections, the State Highway Department shall advertise for public sale all of said installations which may have been acquired as provided in Section 12 hereof, and shall receive sealed bids therefor. It may reject any or all bids but shall dispose of all such properties within two (2) years after accepting title to the Turnpike Project.

#### Preliminary Expenses

Sec. 20. The State Highway Commission is hereby authorized in its discretion, if and to the extent requested by the Authority, to expend out of any funds available for the purpose, such moneys as may be necessary for the study of a Project and to use its engineering and other forces, including consulting engineers and traffic engineers, for the purpose of effecting such study and to pay for such additional engineering and traffic and other expert studies as it may deem expedient and all such expenses incurred by the State Highway Commission prior to the issuance of turnpike revenue bonds under the provisions of this Act, shall be paid by the State Highway Commission and charged to such Project, and the State Highway Commission shall keep proper records and accounts showing each amount so charged. Upon the sale of turnpike revenue bonds for any such project, the funds so expended by the State Highway Commission in connection with such Project shall be reimbursed to the State Highway Commission from the proceeds of such bonds.

#### Miscellaneous

Sec. 21. Each Turnpike Project when constructed and opened to traffic shall be maintained and kept in good condition and repair by the Authority. Each such project shall also be policed and operated by such force of police, toll-takers and other operating employees as the Authority may in its discretion employ. Within its discretion the Authority may make arrangements with the Department of Public Safety for the services of police officers of that Agency.

All private property damaged or destroyed in carrying out the powers granted by this Act shall be restored or repaired and placed in its original condi-

tion as nearly as practicable or adequate compensation made therefor out of funds provided under the authority of this Act.

All counties, cities, villages and other political subdivisions and all public agencies and commissions of the State of Texas, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request, upon such terms and conditions as the proper authorities of such counties, cities, villages, other political subdivisions or public agencies and commissions of the State may deem reasonable and fair and without the necessity for any advertisement, order of court or other action or formality, other than the regular and formal action of the authorities concerned, any real property which may be necessary or appropriate to the effectuation of the authorized purposes of the Authority, including highways and other real property already devoted to public use.

An action by the Authority may be evidenced in any legal manner, including a resolution adopted by its Board of Directors.

If the Authority employs a general counsel, the counsel shall be prohibited from lobbying for the Authority, and no member of the Authority shall engage in activities requiring registration as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c Vernon's Texas Civil Statutes).

Any member, agent or employee of the Authority who contracts with the Authority or is interested, either directly or indirectly, in any contract with the Authority or in the sale of any property, either real or personal, to the Authority, shall be punished by a fine of not more than One Thousand Dollars (\$1,000).

Any person who uses any turnpike project and fails or refuses to pay the toll provided therefor, shall be punished by a fine of not more than One Hundred Dollars (\$100) and in addition thereto the Authority shall have a lien upon the vehicle driven by such person for the amount of such toll and may take and retain possession thereof, until the amount of such toll and all charges in connection therewith shall have been paid.

The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and the cost thereof may be treated as a part of the cost of construction or of operation of the Turnpike Project.

#### Travel Expenses

Sec. 21a. (a) Employees of the authority are entitled to a per diem and transportation allowance for travel on official business. The rates of reimbursement are as provided in the travel provisions of the General Appropriations Act.

(b) The secretary, treasurer, the project manager of a project, and the executive head of the authority

are entitled to reimbursement for actual and necessary expenses incurred for travel on official business, except that reimbursement for transportation expenses is at the rates provided in the travel provisions of the General Appropriations Act.

#### Reports

Sec. 21b. (a) The authority shall file with the governor, the Legislative Reference Library, and the Legislative Budget Board certified copies of the minutes of the authority's meetings. The authority similarly shall file copies of any corrections or changes of the minutes. The authority shall file the copies as soon as possible after the minutes, changes, or corrections are approved by the authority.

(b) On or before March 1 of each year, the authority shall file with the governor's budget and planning office, or its successor, and the Legislative Budget Board an itemized budget covering the current calendar year.

(c) On or before March 31 of each year, the authority shall file with the governor, the legislature, and the Legislative Budget Board a report about the authority's activities during the preceding calendar year. The report shall include information about each project, including a complete operating and financial statement covering each project, and shall include an itemized statement about the professional or consulting fees paid by the authority, including the name of each individual or business entity who received the fees and a description of the purposes for which the fees were paid.

#### Consultants

Sec. 21c. The authority is subject to Chapter 454, Acts of the 65th Legislature, Regular Session, 1977 (Article 6252-11c, Vernon's Texas Civil Statutes), relating to the use of consultants.

#### Additional Method

Sec. 22. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of turnpike revenue bonds or turnpike revenue refunding bonds under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds.

#### Act Liberally Construed

Sec. 23. This Act, being necessary for the welfare of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

Secs. 24 to 26. [Omitted].

#### Project Pooling Within the Same County

Sec. 27. Notwithstanding any conflicting provisions in this Act and superseding the same where in conflict with this section, the authority is hereby authorized and empowered, but only as to projects located wholly within the same county and subject to all the provisions of this section:

(a) To determine after a public hearing, subject to prior approval by the State Highway and Public Transportation Commission and a resolution approving the same duly passed by the county commissioners court of the county where the projects are located, that any two or more projects now or hereafter constructed or determined to be constructed by the authority in the same county shall be pooled and designated as a "pooled project." Any existing project or projects may be pooled in whole or in part with any new project or projects or parts thereof. Upon designation such "pooled project" shall become a "project" or "turnpike project" as defined in Section 4(c) of this Act and as used in other sections of this Act. No project may be pooled more than once. Consistent with the trust indenture regarding securing bonds of that project, the resolution of the county commissioners court shall set a date certain when each of the projects being authorized to be pooled shall become toll free.

(b) Subject to the terms of this Act and subject to the terms of any trust agreement securing the payment of any turnpike revenue bonds, the authority is authorized to provide by resolution from time to time for the issuance of turnpike revenue bonds of the authority for the purpose of paying all or any part of the cost of any pooled project or the cost of any part of such pooled project and to pledge revenues of such pooled project or any part thereof.

(c) Subject to the terms of any trust agreement securing the payment of any turnpike revenue bonds, the authority is authorized to issue by resolution turnpike revenue refunding bonds of the authority for the purpose of refunding any bonds then outstanding, issued on account of any pooled project or any part of any pooled project issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds and, if deemed advisable by the authority, for the additional purpose of constructing improvements, extensions, and enlargements to the pooled project or to any part of any pooled project in connection with which or in connection with any part of which bonds to be refunded shall have been issued. Revenues of all or any part of such pooled project may be pledged to the payment of such refunding and improvement bonds. Such improvements, extensions, or enlargements are not restricted to and need not be constructed on any particular part of a pooled project in connection with which bonds to be refunded may have been issued but may be constructed in whole or in part on other parts of the pooled project not covered by the bonds to be

refunded. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the authority in respect of the same shall be governed by the provisions of this Act insofar as the same may be applicable. Within the discretion of the authority, the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

Whether bonds be refunded or not, the authority may, subject to the terms of any trust agreement securing the payment of any turnpike revenue bonds, issue from time to time by resolution, bonds, of parity or otherwise, for the purpose of paying the cost of all or any part of any pooled project or for the purpose of constructing improvements, extensions, or enlargements to all or any part of any pooled project and to pledge revenues of all or any part of such pooled project to the payment thereof.

Section 4 of the 1981 repealing act provides:

"This Act takes effect January 1, 1982, and applies only to offenses committed on or after that date. An offense committed before the effective date of this Act is governed by the law in effect when the offense was committed and the prior law is continued in effect for that purpose. An offense is committed before the effective date of this Act if any element of the offense occurs before that date."

#### 1B. MODERNIZATION OF HIGHWAY FACILITIES; CONTROLLED ACCESS HIGHWAYS

##### Saved From Repeal

*Acts 1967, 60th Leg., p. 730, ch. 306, which amended articles 1436 and 1436a in sections 1 and 2 of the act, provided in section 3 thereof that the act does not amend, repeal or alter Chapter 300, Acts of the 55th Legislature, Regular Session, 1957 (Article 6674w through Article 6674w-5, Vernon's Texas Civil Statutes). See note under article 1436a.*

#### Art. 6674w. Purpose; Definitions

**Purposes.** The Legislature finds, determines and declares that the purpose of this Act is to delegate certain additional authority to the State Highway Commission to promote the Public Safety, to facilitate the movement of traffic, to preserve the financial investment of the public in its highways and to promote the National Defense.

**Definitions.** Wherever used in this Act, "Controlled Access Highway" means any designated State Highway within or without the limits of any incorporated city, town or village, whether under the General Laws or by special charter, including Home Rule Charter Cities, to or from which access is denied or controlled, in whole or in part, from or to abutting land or intersecting streets, roads, highways, alleys or other public or private ways.

Wherever used in this Act, "Person" means any person, individual, individuals, corporation, association, and/or firm.

[Acts 1957, 55th Leg., p. 724, ch. 300, § 1.]

#### Art. 6674w-1. Powers of Commission

1. Authorization for Modernization of Highway Facilities. To effectuate the purposes of this Act, the State Highway Commission is empowered to lay out, construct, maintain, and operate a modern State Highway System, with emphasis on the construction of controlled access facilities and to convert, wherever necessary, existing streets, roads and highways into controlled access facilities to modern standards of speed and safety; and, to plan for future highways. The State Highway Commission is further empowered to lay out, construct, maintain and operate any designated State Highway, now or hereafter constructed, with such control of access thereto as is necessary to facilitate the flow of traffic, and promote the Public Safety and Welfare, in any area of the State, whether in or outside of the limits of any incorporated city, town or village, including Home Rule Cities, and to exercise all of the powers and procedures to it granted by existing laws and this Act for the accomplishment of such purposes and the exercise of such powers and duties; provided, however, that in the case of any project involving the bypassing of or going through any county, city, town, or village, including Home Rule Cities, the State Highway Commission shall afford the opportunity for not less than one (1) public hearing in the locality before an authorized representative of the State Highway Commission, at which persons interested in the development of the project shall have the opportunity for attendance, discussion and inspection of the design and schematic layout presented and filed with the governing body of such county, city, town or village, including Home Rule Cities, at least seven (7) days before the public hearing, by the State Highway Department. Such hearing shall be held not less than three (3) days nor more than ten (10) days after the publication in the locality of notice of such hearing.

2. Control of Access. The State Highway Commission, by proper order entered in its minutes, is hereby authorized and empowered:

(a). To designate any existing or proposed State Highway, of the Designated State Highway System, or any part thereof, as a Controlled Access Highway;

(b). To deny access to or from any State Highway, presently or hereafter designated as such, whether existing, presently being constructed, or hereafter constructed, which may be hereafter duly designated as a Controlled Access Highway, from or to any lands, public, or private, adjacent thereto, and from or to any streets, roads, alleys, highways or any other public or private ways intersecting any such Controlled Access Highway, except at specific points designated by the State Highway Commission; and to close any such public or private way at or near its point of intersection with any such Controlled Access Highway;

(c). To designate points upon any designated Controlled Access Highway, or any part of any such highway, at which access to or from such Controlled Access Highway shall be permitted, whether such Controlled Access Highway includes any existing State Highway or one hereafter constructed and so designated;

(d). To control, restrict, and determine the type and extent of access to be permitted at any such designated point of access;

(e). To erect appropriate protective devices to preserve the utility, integrity, and use of such designated Controlled Access Highway; and,

(f). To modify or repeal any order entered pursuant to the powers herein granted.

Provided, however, that nothing in the foregoing subparagraphs (a) through (f), inclusive, shall be construed to alter the existing rights of any person to compensation for damages suffered as a result of the exercise of such powers by the State Highway Commission under the Constitution and laws of the State of Texas.

Subject to the foregoing limitations any order issued by the State Highway Commission pursuant to such powers shall supersede and be superior to any rule, regulation or ordinance of any department, agency or subdivision of the State or any county, incorporated city, town or village, including Home Rule Cities, in conflict therewith.

No injunction shall be granted to stay or prevent the denial of previously existing access to any State Highway upon the order of the Commission except at the suit of the owner or lessee of real property actually physically abutting on that part of such State Highway to which such access is to be denied pursuant to the Commission's order, and then only in the event that said abutting owner or lessee shall not have released his claim for damages resulting from such denial of access or a condemnation suit shall not have been commenced to ascertain such damages, if any.

Along new Controlled Access State Highway locations, abutting property owners shall not be entitled to access to such new Controlled Access State Highway locations as a matter of right, and any denial of such access shall not be deemed as grounds for special or exemplary damages, except where access

to such new Controlled Access State Highway shall have been specifically authorized by the State Highway Commission to or from particular lands abutting upon such new Controlled Access State Highway in connection with the purchase or condemnation of lands or property rights from such abutting owners to be used in such new Controlled Access State Highway location, and the State Highway Commission thereafter denies access to or from such particular abutting lands to such State Highway at the point where such lands actually abut upon such State Highway.

[Acts 1957, 55th Leg., p. 724, ch. 300, § 2.]

#### Art. 6674w-2. Payment Procedure

In addition to all existing procedures and methods authorized for the issuance of warrants by the Comptroller of Public Accounts upon the request of the State Highway Department, the following authority is hereby granted:

Upon presentation of a properly executed deed or deeds, the Comptroller of Public Accounts is hereby authorized to issue a State Warrant on the appropriate account as payment of consideration for such land, estate or interest therein. In the event any owner fails or refuses to execute or deliver an executed deed before payment of the consideration, the Comptroller of Public Accounts is hereby authorized to issue a State Warrant on the appropriate account in payment of such consideration, which consideration shall be placed in escrow with any National or State Bank, duly authorized to do business within the State of Texas, which is located in the county of the residence of the owner, the county wherein the land is situated, or in case no such banking facility is available, then in the adjoining county or the nearest available banking facility, to be delivered to the owner upon receipt of the duly and properly executed deed or deeds. In the event the State Highway Department acquires any property through the exercise of the power of Eminent Domain, the Comptroller of Public Accounts is hereby authorized to issue such warrants as the judgment of the Court may decree, as well as such warrants necessary to be deposited into the Court to entitle the State Highway Department, in the name of the State of Texas, to take possession of such property, as the law may provide.

[Acts 1957, 55th Leg., p. 724, ch. 300, § 3.]

#### Art. 6674w-3. Acquisition of Property

In addition to other powers conferred by law, the following are added, to wit:

1. Powers of Purchase and Condemnation for Highway Purposes. (a) Any land in fee simple or any lesser estate or interest therein; any property rights of any kind or character including, but not limited to, rights of ingress and egress and reservation rights in land which restrict or prohibit the adding of new, or addition to or modification of existing improvements on such land, or subdividing

the same; and any timber, earth, stone, gravel, or other material which the State Highway and Public Transportation Commission may in its judgment determine to be necessary or convenient to any State Highway to be constructed, reconstructed, maintained, widened, straightened or lengthened including, but not limited to, any land, property rights or materials deemed by the Commission necessary or convenient for the purpose of protecting any State Highway; draining any State Highway; diverting streams or rivers or any other watercourse from the right of way of any State Highway; storing materials and equipment used in the construction and maintenance of State Highways; constructing and operating warehouses and other buildings and facilities used in connection with the construction, maintenance, and operation of State Highways; laying out, construction, and maintenance of roadside parks; laying out, construction, and maintenance of vehicular parking lots that will contribute to maximum utilization of State Highways with the least possible congestion; and any other purpose related to the laying out, construction, improvement, maintenance, beautification, preservation and operation of State Highways, may be purchased by the State Highway and Public Transportation Commission in the name of the State of Texas, on such terms and conditions and in such manner as the Commission may deem proper.

(b) Any land or any estate or interest therein; any property rights of any kind or character including, but not limited to, rights of ingress and egress, and reservation rights in land which restrict or prohibit for any period of time not to exceed seven (7) years the adding of new, or addition to or modification of existing improvements on such land, or subdividing or resubdividing same; and any timber, earth, stone, gravel, or other material which the State Highway and Public Transportation Commission may in its judgment determine to be necessary or convenient to any State Highway to be constructed, reconstructed, maintained, widened, straightened or lengthened including, but not limited to, any land, property rights or materials deemed by the Commission necessary or convenient for the purpose of protecting any State Highway; draining any State Highway; diverting streams or rivers or any other watercourse from the right of way of any State Highway; laying out, construction, and maintenance of roadside parks; laying out, construction, and maintenance of vehicular parking lots that will contribute to maximum utilization of State Highways with the least possible congestion; and any other purpose related to the laying out, construction, improvement, maintenance, and operation of State Highways, may be acquired by the exercise of the power of Eminent Domain by the State Department of Highways and Public Transportation in the name of the State of Texas in the manner hereinafter provided.

The purchase or power of Eminent Domain being hereby authorized is granted regardless of the loca-

tion of any such land, property rights, or materials to be acquired, whether within or without the confines of any incorporated city, town or village, whether same are incorporated under general or special laws, including Home Rule Cities.

In the prosecution of any condemnation suit brought by the State Highway and Public Transportation Commission in the name of the State of Texas for the acquisition of property pursuant to the powers granted in this Act, the Attorney General, at the request of the Commission, or, at the Attorney General's direction, the applicable County or District Attorney or Criminal District Attorney, shall bring and prosecute the suit in the name of the State of Texas and the venue of any such suit shall be in the county in which the property or a part thereof is situated.

In the exercise of the powers of Eminent Domain herein conferred, the State Department of Highways and Public Transportation shall be subject to the laws and procedures prescribed by Title 52, Articles 3264 to 3271, inclusive, Revised Civil Statutes of Texas, 1925, as said Articles or said Title have been or may be from time to time amended, and shall be entitled to condemn the fee or such lesser estate or interest as it may specify in any statement or petition in any condemnation proceeding filed by it pursuant to such powers; provided however, that any statement or petition in condemnation brought by the Department pursuant hereto shall exclude from the estate sought to be condemned all the oil, gas and sulphur which can be removed from beneath the land condemned without any right whatever remaining to the owners of such oil, gas and sulphur of ingress or egress to or from the surface of the land condemned for the purpose of exploring, developing, drilling or mining of the same; and further provided, that none of the powers granted herein shall be a grant to the State Highway and Public Transportation Commission for the purpose of condemning property which is used and dedicated for cemetery purposes pursuant to Articles 912a-10 et seq., Vernon's Revised Civil Statutes of Texas.

2. State and Other Public Lands. The governing body of every county, city, town, village, political subdivision or public agency is hereby authorized without any form of advertisement to make conveyance of title or rights and easements, owned by any such body, to any property needed by the State Highway and Public Transportation Commission to effect its purposes in connection with the construction or operation of the State Highway System.

Whether purchased or condemned by the Commission, the lands, property rights and materials which are purchased or condemned may also include those belonging to the public, whether under the jurisdiction of the State or any department or agency thereof, county, city, town, village, including Home Rule Cities, or other entity or subdivision thereof.

The State of Texas hereby consents to the use of all lands owned by it, including lands lying underwater, which are deemed by the Commission to be necessary for the construction or operation of any State Highway; provided, however, that nothing herein shall be construed as depriving the School Land Board of authority to execute leases in the manner authorized by law for the development of oil, gas and other minerals on State-owned lands adjoining any such State Highway, or in tidewater limits, and to this end such leases may provide for directional drilling from such adjoining land and tidewater area. The Commission shall advise, and make arrangements with, the State Department or agency having jurisdiction over such lands to accomplish such necessary purposes. Any such State Department or agency is hereby directed to cooperate with the State Department of Highways and Public Transportation in this connection, and as to any such department or agency not expressly authorized to act through some designated representatives, express authority is hereby granted to such department or agency to do whatever acts are necessary hereunder by and through the Chairman of its Board, Department Head, or Executive Director, whether appointed or elected, whichever may be appropriate.

If the land, property rights, or material to be acquired by the State Department of Highways and Public Transportation are of such a nature that its acquisition under the provisions of this Act will deprive any such department or agency of the State of a thing of value to such department or agency in the exercise of its lawful functions, then adequate compensation therefor shall be made, based upon vouchers drawn for this purpose payable to the furnishing department or agency. Payments received by the furnishing department or agency shall be credited to that department's or agency's current appropriation items or accounts from which the expenditures of that character were originally made, or if no such items or accounts from which the expenditures of that character were originally made, or if no such item or account exists, then to an account of such department or agency determined to be appropriate thereto by the Comptroller of Public Accounts.

In the event, but only in the event, the State Department of Highways and Public Transportation and such other department or agency are unable to agree upon adequate compensation, then the State Board of Control shall determine the fair, equitable and realistic compensation to be paid.

[Acts 1957, 55th Leg., p. 724, ch. 300, § 4. Amended by Acts 1979, 66th Leg., p. 105, ch. 66, § 1, eff. Aug. 27, 1979.]

#### Art. 6674w-4. Relocation of Utility Facilities

Whenever the relocation of any utility facilities is necessitated by the improvement of any highway in this State which has been or may hereafter be established by appropriate authority according to

law as a part of the National System of Interstate and Defense Highways, including extensions thereof within urban areas, such relocation shall be made by the utility at the cost and expense of the State of Texas provided that such relocation is eligible for Federal participation. Reimbursement of the cost of relocation of such facilities shall be made from the State Highway Fund to the utility owning such facilities, anything contained in any other provision of law or in any permit, or agreement or franchise issued or entered into by any department, commission or political subdivision of this State to the contrary notwithstanding. The term "utility" includes publicly, privately, and cooperatively owned utilities engaged in furnishing telephone, telegraph, communications, electric, gas, heating, water, railroad, storm sewer, sanitary sewer or pipeline service. The term "cost of relocation" includes the entire amount paid by such utility properly attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility, and otherwise as may be fixed by regulations for Federal cost participation. It is further provided that by agreement with the affected utility the State Highway Department may relocate such utility facility in accordance with the provisions hereof.

[Acts 1957, 55th Leg., p. 724, ch. 300, § 4A.]

**Art. 6674w-4a. Repealed by Acts 1971, 62nd Leg., p. 1212, ch. 293, § 6, eff. July 1, 1971**

#### Art. 6674w-5. Additional Methods and Precedence of Act in Cases of Conflict

The powers, authority, jurisdiction and procedures granted to the State Highway Department and State Highway Commission in the foregoing Sections of this Act shall be deemed to provide additional powers, authority, jurisdiction, and procedures to those now existing and conferred by the laws of the State of Texas upon the State Highway Department and State Highway Commission and shall not be regarded as in derogation of any powers, authority, jurisdiction, or procedures now existing under the laws of Texas, except that restrictions placed upon the powers, authority, jurisdiction or procedures of the State Highway Department and State Highway Commission by other laws, which are in derogation of, or inconsistent with the powers, authority, jurisdiction and procedures prescribed in the foregoing Sections of this Act or which would tend to hamper or limit the State Highway Department and State Highway Commission in the lawful execution of the powers and authority granted by this Act for the proper accomplishment of its purposes, shall be deemed to have been superseded by the provisions hereof, and, to the extent that any other law is in conflict with or inconsistent with the provisions hereof, the provisions of this Act shall take precedence and be effective.

The powers granted to the State Highway Department and State Highway Commission by this

Act to perform acts and exercise powers within the limits of counties, incorporated cities, towns and villages, including Home Rule Cities, may be exercised without the consent or agreement of any such county, city, town or village, including Home Rule Cities, after complying with Subsection 1 of Section 2 hereof, and whenever the State Highway Department or the State Highway Commission performs any act or exercises any power within the limits of any county, incorporated city, town or village, including Home Rule Cities, as authorized in this Act, such act or exercise of power shall qualify and render inexclusive the dominion of such counties, cities, towns or villages, including Home Rule Cities, with respect to the specific streets, alleys, and other public ways affected by such act or exercises of power, but only to the specific extent to which such act or the exercise of such power affects such streets, alleys and other public ways and their use.

[Acts 1957, 55th Leg., p. 724, ch. 300, § 5.]

## 2. REGULATION OF VEHICLES

**Art. 6675. Repealed by Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 16**

### Art. 6675a-1. Definitions of Terms

The following words and terms, as used herein, have the meaning respectively ascribed to them in this Section, as follows:

(a) "Vehicle" means every device in, or by which any person or property is or may be transported or drawn upon a public highway, except devices used exclusively upon stationary rails or tracks.

(b) "Motor Vehicle" means every vehicle, as herein defined, that is self-propelled.

(c) "Motorcycle" means every motor vehicle designed to propel itself with not more than three wheels in contact with the ground but excluding a tractor.

(d) "Truck-tractor" means every motor vehicle designed or used primarily for drawing other vehicles, and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

(e) "Farm-tractor" means every motor vehicle designed and used primarily as a farm implement for drawing other implements of husbandry.

(f) "Road-tractor" means every motor vehicle designed or used for drawing other vehicles or loads, and not so constructed as to carry a load independently or any part of the weight of the drawn load or vehicle.

(g) "Trailer" means every vehicle designed or used to carry its load wholly on its own structure and to be drawn by a motor vehicle.

(h) "Semi-trailer" means vehicles of the trailer type so designed or used in conjunction with a motor vehicle that some part of its own weight and

that of its load rests upon or is carried by another vehicle.

(i) "Commercial Motor Vehicles" means any motor vehicle (other than a motorcycle or passenger car) designed or used primarily for the transportation of property, including any passenger car which has been reconstructed so as to be used, and which is being used, primarily for delivery purposes, with the exception of passenger cars used in the delivery of the United States mails.

(j) "Passenger Car" means any motor vehicle other than a motor cycle or a bus, as defined in this Act, designed or used primarily for the transportation of persons.

(k) "Department" means the State Highway Department or its duly authorized officers or agents.

(l) "Owner" means any person who holds the legal title of a vehicle or who has the legal right of possession thereof, or the legal right of control of said vehicle.

(m) "Public Highway" shall include any road, street, way, thoroughfare or bridge in this State not privately owned or controlled for the use of vehicles over which the State has legislative jurisdiction under its police power.

(n) "Motor Bus" shall include every vehicle, except those operated by muscular power or exclusively on stationary rails or tracks, which is used in transporting persons upon the public highways of this State for compensation (or hire) whether operated over fixed routes or otherwise; except such of said vehicles as are operated exclusively within the limits of incorporated cities and/or towns or suburban additions to such cities and/or towns.

(o) "Farm-trailer" means every "trailer" as defined in Subsection (g) herein, designed and used primarily as a farm vehicle.

(p) "Farm-semi-trailer" means every semi-trailer as defined in Subsection (h) herein, designed and used primarily as a farm vehicle.

(q) By "operated or moved temporarily upon the highways" is meant the operation or conveying between different farms, between a place of supply or storage to farms and return, or from an owner's farm to the place where his farm produce is prepared for market or where same is actually marketed and return.

(r) "Implements of husbandry" shall mean farm implements, machinery and tools as used in tilling the soil, including self-propelled machinery specifically designed or especially adapted for applying plant food materials or agricultural chemicals and not designed or adapted for the sole purpose of transporting the materials or chemicals, but shall not include any passenger car or truck.

(s) "Street or suburban bus" shall include every vehicle, except a motor bus or passenger car as defined in this Act, which is used in transporting persons for compensation (or hire) exclusively with-

in the limits of cities and towns or suburban additions to such cities or towns.

(t) "Fertilizer trailer" means every "trailer" as defined in Subsection (g) herein, designed and used solely to transport fertilizer from the place of supply or storage to the farm.

*Text as added by Acts 1983, 68th Leg., p. 2197, ch. 410, § 2*

(u) "Moped" has the meaning assigned by Section 2(n), Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes). For motor vehicle registration, a moped is treated as if it were a motorcycle.

*Text as added by Acts 1983, 68th Leg., p. 4703, ch. 817, § 17*

(u) "Manufactured Housing" as defined by the Texas Manufactured Housing Standards Act (Article 5221f, Vernon's Texas Civil Statutes) is not a "vehicle" subject to this Act.

#### Art. 6675a-2. Registration

(a) Every owner of a motor vehicle, trailer or semitrailer used or to be used upon the public highways of this State shall apply each year to the State Highway Department through the County Tax Collector of the county in which he resides for the registration of each such vehicle owned or controlled by him for the ensuing or current calendar year or unexpired portion thereof; provided, that where a public highway separates lands under the dominion or control of the owner, the operation of such a motor vehicle by such owner, his agent or employee, across such highway shall not constitute a use of such motor vehicle upon a public highway of this State.

(a-1) Notwithstanding the provisions of Subsection (a) above, when a motor vehicle is required to be registered as a prerequisite to the acceptance of an application for certificate of title, the owner thereof may concurrently file an application for certificate of title and apply for the registration of such motor vehicle through the County Tax Collector in the county of his domicile or the county in which the vehicle is purchased or encumbered, provided, however, that all subsequent registrations of the motor vehicle by such owner must be obtained through the County Tax Collector of the county in which the owner resides.

(b) Owners of farm tractors, farm trailers and farm semitrailers with a gross weight not exceeding four thousand (4,000) pounds, and implements of husbandry operated or moved temporarily upon the highways shall not be required to register such farm tractors, farm trailers, farm semitrailers and implements of husbandry.

(c) Owners of farm trailers and farm semitrailers with a gross weight exceeding four thousand (4,000) pounds but not exceeding twenty thousand (20,000) pounds and used solely to transport their own seasonally harvested agricultural products and livestock from the place of production to the place of process, market or storage thereof, or farm supplies from the place of loading to the farm, and owners of machinery used solely for the purpose of drilling water wells or construction machinery (not designed for the transportation of persons or property on the public highways), may operate or move such vehicles temporarily upon the highways without the payment of the regular registration fees as prescribed by law, provided the owners of such farm trailers and semitrailers and machinery secure for a fee of five dollars (\$5) for each year or portion thereof a distinguishing license plate from the State Highway Department through the County Tax Collector upon forms prescribed and furnished by the department. Such vehicles shall be exempt from the inspection requirements of Sections 140 and 141 of the Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes).

(c-1) Repealed by Acts 1972, 62nd Leg., 4th C.S., p. 17, ch. 2, § 3.

(d) As used in this Section, the term "gross weight" means the combined weight of the trailer or semitrailer and the weight of the load actually carried on the highway.

(e) The exemptions from registration under Subsection (b) of this Act and from regular fees under Subsections (c) and (c-1) of this Act apply to farm trailers and farm semitrailers owned by cotton gins and used solely for supplying, without charge, such farm trailers and farm semitrailers to farmers to haul agricultural products from the place of production to the place of process, market, or storage of the agricultural products.

(e-1) The exemptions from registration under Subsection (b) hereof and from regular fees under Subsection (c) hereof shall apply to fertilizer trailers used solely to transport fertilizer, without charge, between a place of supply or storage to farms and return, and also shall apply to trailers hauling cotton seed, without charge, between place of supply or storage to farms or place of process and return.

(f) The exemptions from registration under Subsection (b) hereof and from regular fees under Subsection (c) hereof, shall not apply to any farm trailer or semitrailer:

(1) When the same is used for hire;

(2) When the vehicle has steel or metal tires operating in contact with the roadway;

(3) When not equipped with an adequate hitch pinned or locked so that it will remain securely engaged to the towing vehicle while in motion; or

(4) Which is not operated and equipped in conformity with all other provisions of the law.

(g) Any vehicle exempt from registration under Subsection (b) hereof or from regular fees under Subsection (c) hereof and operated and moved upon the public highways of this State in violation of this Section shall be deemed to be operated or moved unregistered and shall immediately be subject to the regular registration fees and penalties as prescribed by law.

(h)(1) Owners of truck tractors, semitrailers, or low-boy trailers used exclusively in the transporting on the highways of their own soil conservation machinery or equipment used in clearing land, terracing, building farm ponds, levies or ditches may register, at a reduced license fee, not more than one such truck or truck tractor, and one semitrailer or low-boy trailer, the license fee for which shall be fifty per cent (50%) of the amount usually charged for such a vehicle having the same gross weight; provided that such owner shall not be eligible for the reduced fee unless he submits along with his application for registration an affidavit that the vehicle is to be used only for the stated purposes.

(2) The registration certificate issued for such vehicle shall clearly indicate the nature of the operation for which such vehicle shall be used and the registration shall be carried at all times in or on the vehicle in such a manner as to permit ready inspection.

(3) Any vehicle exempt from regular fees under this Subsection and operated and moved upon the public highways of this State in violation of this Subsection shall be deemed to be operated or moved unregistered and shall immediately be subject to the regular registration fees and penalties prescribed by law.

Section 2 of the amendatory Act of 1957 repealed all conflicting laws and parts of laws. Section 3 provided:

"If any word, phrase, sentence, paragraph or provision of this Act is declared unconstitutional, it is the intention of the Legisla-

ture that the remaining provisions thereof shall be effective, and that such remaining portions shall remain in full force and effect."

**Art. 6675a-2a. Repealed by Acts 1947, 50th Leg., p. 347, ch. 195, § 1**

**Art. 6675a-3. Application for Registration**

(a) Application for the registration of a vehicle required to be registered hereunder shall be made on a form furnished by the Department. Each such application shall be signed by the owner of the vehicle, and shall give his name and address in full, and shall contain a brief description of the vehicle to be registered. The description, in case of a new motor vehicle, shall include: the trade name of the vehicle; the year model; the style, type of body and the weight, if a passenger car, or the net carrying capacity and gross weight if a commercial motor vehicle; the motor number; the date of sale by manufacturer or dealer to the applicant. The application shall contain such other information as may be required by the Department.

(b) It is expressly provided that the owner of a vehicle previously registered in any State for the preceding or current year may, in lieu of filing an application as hereinbefore directed, present the license receipt and transfer receipts, if any, issued for the registration or transfer of the vehicle for the preceding calendar year, and the receipt or receipts shall be accepted by the County Tax Collector as an application for the renewal of the registration of the vehicle, provided the receipts show that the applicant is the rightful owner thereof. Provided, however, that if an owner or a claimed owner offering to register a vehicle has lost or misplaced the registration receipt or transfer, then upon his furnishing satisfactory evidence to the Tax Collector by affidavit or otherwise that he is the real owner of the vehicle, it shall become the duty of the Tax Collector to issue him license therefor. It shall be the duty of the Tax Collector to date each registration receipt issued for the vehicle the same date that application is made for registration of such vehicle.

(c) Owners of motor vehicles, trailers and semitrailers which are the property of and used exclusively in the service of the United States Government, the State of Texas, or any county, city or school district thereof, shall apply annually to the Department as provided in Section 3-aa of this Act<sup>1</sup> to register all such vehicles, but shall not be required to pay the registration fees herein prescribed, provided that affidavit is made at the time of registration by a person who has the proper authority that such vehicles are the property of and used exclusively in the service of the United States Government, the State of Texas, or a county, city or school district thereof, as the case may be. Owners of vehicles designed and used exclusively for fire fighting shall apply to the Department as provided in Section 3-aa of this Act to register all such vehicles, but shall not be required to pay the registration fees herein prescribed, provided that affidavit is made at the time of registration by a person

who has the proper authority that such vehicles are used exclusively for fire fighting; and provided further, that such person shall supply the Department with a reasonable description of the vehicle and the fire fighting equipment mounted thereon. A vehicle owned by a volunteer fire department and used exclusively in the conduct of business of the department shall be registered without the payment of an annual registration fee, if the application for registration is accompanied by an affidavit, stating that the vehicle is owned by, and used exclusively in the conduct of business of, the department and signed by a person with authority to act for the department, and if the application is approved as provided in Section 3-aa of this Act. An owner of a land vehicle used exclusively in county marine law enforcement activities, which may include rescue operations, shall apply to the Department as provided in Section 3-aa of this Act to register the vehicle but is exempt from paying a registration fee. The owner shall include with the application for registration an affidavit that is signed by a person with authority to act for a county sheriff's department and that states that the vehicle is used exclusively in marine law enforcement activities under the direction of the department. An exempted vehicle may be privately owned and operated by a volunteer if it is used only for marine law enforcement activities.

(d) Owners of commercial motor vehicles, truck-tractors, trailers and semi-trailers which are the property of and used exclusively by nonprofit disaster relief organizations and are used solely for emergencies shall apply to the Department as provided in Section 2 of this Act (compiled as Article 6675a-3aa of Vernon's Texas Civil Statutes) to register all such vehicles, but shall not be required to pay the registration fees herein, but shall pay a fee of Five Dollars (\$5) provided that affidavit shall be made at the time of registration by the owner of said vehicle that said vehicle is used exclusively for emergencies; provided further that such owner shall supply the Department with a reasonable description of the vehicle and the emergency equipment contained therein; provided further that each commercial motor vehicle and truck-tractor displays the name of the organization on each front door; provided further that if said vehicle is used for any purpose other than emergency usage, then such vehicle shall not be exempted under this Section at any future time. Affidavit of the sheriff of the county in which said vehicle is registered that said vehicle has not been used for any purpose except emergency usage shall be required before said vehicle shall be so licensed. Provided, however, that each vehicle so licensed shall be furnished an appropriate plate or tag indicating its status, which shall be displayed at all times.

(e) Owners of motor vehicles used in the conduct of consular affairs in this State by the representatives of any foreign government which maintains friendly relations with the United States shall apply

to the Department annually to register the vehicles as provided by law. If at the time of registration, an authorized representative of the foreign government concerned executes an affidavit that the vehicle is used in this State in the conduct of the government's consular affairs, the owner may register one vehicle for each official representative in the State without paying the required registration fee.

(f) Application shall be made for the registration of a new vehicle for the unexpired portion of the year in which it is acquired before it is operated on the public highways; except that a new vehicle may be operated temporarily by a dealer under the dealer's license number or by its purchaser under a special dealer cardboard number, as provided in Chapter 211, General and Special Laws of the Regular Session of the Fortieth Legislature, as amended.<sup>2</sup> The year for the purpose of registration of motor vehicles shall be April 1st to March 31st of the next succeeding calendar year, and may be referred to as the "Motor Vehicle Registration Year"; and "current year" where used in the statutes relating to payment of registration fees shall mean that Vehicle Registration Year. Application for the renewal of registration of a vehicle shall be made not later than April 1st of such year.

(g) A vehicle registered by the Texas Board of Health under Section 3.04, Chapter 636, Acts of the 63rd Legislature, Regular Session, 1973 (Article 4447o, Vernon's Texas Civil Statutes), to be operated as an ambulance and used exclusively as an ambulance by a nonprofit, volunteer ambulance company shall be registered without the payment of an annual registration fee. The application for registration must be accompanied by a copy of the registration issued by the Texas Board of Health and an affidavit signed by an officer of the company stating that the vehicle is used exclusively by a nonprofit, volunteer ambulance company as an ambulance. The application must be approved by the department as provided by Section 3aa of this Act.

Section 2 of Acts 1935, 44th Leg., p. 129, ch. 51, repealed all laws and parts of laws in conflict with the Act.

Section 2 of the 1961 amendatory act was a partial invalidity clause, and section 3 repealed conflicting laws and parts of laws to the extent of the conflict.

#### Art. 6675a-3a. Delinquency

The payment of the license fee prescribed herein for any vehicle shall become delinquent immediately

upon the use of said vehicle on any public highway without said fee having been paid in accordance with this Act.<sup>1</sup> In the event the payment of any such fee has become delinquent on any such vehicle, no license or license number plates shall be issued therefor by any County Tax Collector unless the owner of said vehicle pay an additional charge equal to twenty (20%) per cent of the total amount of said prescribed fee.

#### Art. 6675a-3aa. Specially Designated Plates for Exempt Vehicles

(a) Before the issuance or delivery of a license plate or plates to an owner of a vehicle that is exempt by law from the payment of registration fees, the application shall have the approval of the State Highway Department, and if it appears that the vehicle was transferred to any such owner or purported owner for the sole purpose of evading the payment of registration fees, or that the transfer was not made in good faith, or that the vehicle is not being used in accordance with the exemption requirements, such shall not be issued. If after the issuance of such plates, the vehicle ceases to be owned and operated by such owner, or to be used in accordance with the exemption requirements, then the license shall be revoked and the plates may be recalled and taken into possession by the Department.

(b) The Department may provide for issuance of specially designated plates to those exempt by law. With respect to vehicles used in the conduct of consular affairs, the Department shall provide specially designated plates on which the words "Consular Official" prominently appear.

(c) Specially designated plates are not issued annually but, once issued, remain on the vehicle until (1) it is no longer owned and operated by those exempt by law or (2) the plates are mutilated, lost, or stolen. The plates and registration receipts of a vehicle no longer owned and operated by the registered owner, or no longer used for an exempt purpose, shall be forwarded to the Department for cancellation.

(d) The Department may provide rules and regulations for the issuance of exempt license plates.

(e) It shall be unlawful for any person to operate a vehicle after the license has been revoked, and any such person shall be liable for the penalties prescribed for the failure to register a vehicle as provided by law when it is being operated upon the public highways.

Section 2 of the Act of 1947 provided:

"If any section, subsection, sentence, clause or phrase of this Act is for any reason held unconstitutional, the unconstitutionality

thereof shall not affect the validity of the remaining portion of this Act. The Legislature hereby declares that it would have passed the Act and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that one or more of the sections, subsections, sentences, clauses, or phrases be declared unconstitutional."

Section 3 repealed all conflicting laws or parts of laws.

#### Art. 6675a-3b. Repealed by Acts 1937, 45th Leg., p. 1324, ch. 489, § 1

#### Art. 6675a-3c. Expired

This article, derived from Acts 1933, 43rd Leg., p. 7, ch. 5, relating to extension of time for payment of motor vehicle registration fees, is omitted as having accomplished its purpose and expired.

#### Art. 6675a-3d. Expired

This article, derived from Acts 1934, 43rd Leg., 2nd C.S., p. 5, ch. 3, § 3, extending use of 1934 motor vehicle registration or license plates to March 31, 1935, is omitted as having accomplished its purpose and expired.

#### Art. 6675a-3e. Operation of Motor Vehicles without License Number Plates

Secs. 1 to 4. [See note following this article.]

#### Violation a Misdemeanor; Dealers; Purchase of Plates in February and March or Month Preceding Expiration Date

Sec. 5. Any person who operates a passenger car or a commercial motor vehicle upon the public highways of this State at any time without having displayed thereon, and attached thereto, two (2) license number plates, one (1) plate at the front and one (1) at the rear, which have been duly and lawfully assigned for said vehicle for the current registration period or have been validated by the attachment of a symbol, tab, or other device for the current registration period, shall be guilty of a misdemeanor; this shall not apply to dealers operating vehicles under present provisions of the law, and provided, however, license number plates may be purchased during the months of February and March and beginning February first, or if this date falls on Sunday they may be purchased February second, for registration and when purchased may be used from and after date of purchase preceding and during the registration period for which they are issued upon the motor vehicle for which they are issued. Beginning April 1, 1978, license plates may be purchased during the month preceding the date on which the registration expires.

#### Bribery of Commissioners' Court

Sec. 5a. Any person who shall directly or indirectly enter into any agreement with a Commissioners' Court of any county in the State of Texas, or any officer or agent of said Court or county, that he will register or cause to be registered any motor vehicle, trailer or semi-trailer, in said county in consideration of the use by said county of the funds derived from said registration in the purchase of any property of any kind or character, or in consideration of anything or any act to be done or per-

formed by the Commissioners' Court, or any of its agents or officers or any county officer, shall be guilty of a bribery and shall be subject to the same penalty as provided by law for the offense of bribery. The registration of each separate vehicle shall constitute a separate offense. The agreement and/or conspiracy to register shall constitute a separate offense. Any person, firm or corporation who shall make agreements as provided herein, or seek to make such agreements, shall be restrained by injunction by the county or district attorney of the county in which said motor vehicle is registered, or upon application of the Attorney General of the State of Texas.

#### Road-tractors, Motorcycles, Trailers, etc.

Sec. 6. Any person who operates a road-tractor, motorcycle, trailer or semi-trailer upon the public highways of this State at any time without having attached thereto and displayed on the rear thereof, a license number plate duly and lawfully assigned therefor for the current period or validated by the attachment of a symbol, tab, or other device showing that the vehicle is currently registered, shall be guilty of a misdemeanor.

Nothing herein contained shall be construed as changing or repealing any law with reference to any requirement to pay or not to pay a license or registration fee or the amount thereof not expressly enumerated in Sections 1, 2 and 3 hereof.<sup>1</sup>

<sup>1</sup> Articles 6675a-3, 6675a-4, 6675a-3d.

#### Operation with Old License Plates

Sec. 7. After the fifth day after the date a registration for a motor vehicle, trailer, or semi-trailer expires, any person operating the motor vehicle, trailer, or semi-trailer upon the highways of this State with a license plate or plates for any preceding period which have not been validated by the attachment of a symbol, tab, or other device for the current registration period, shall be deemed guilty of a misdemeanor.

#### Penalty

Sec. 8. Any person convicted of a misdemeanor for violation of Section 5, Section 6 or Section 7 of this Act shall be fined in any sum not exceeding Two Hundred Dollars (\$200.00).

[Acts 1934, 43rd Leg., 2nd C.S., p. 5, ch. 3. Amended by Acts 1935, 44th Leg., p. 63, ch. 21, § 1; Acts 1947, 50th Leg., p. 451, ch. 254, § 1; Acts 1973, 63rd Leg., p. 1612, ch. 578, §§ 3, 4, eff. Sections 1 and 2 of the 1934 Act amended arts. 6675a-3 and 6675a-4; § 3 was classified as art. 6675a-3i (expired); and § 4 thereof repealed Penal Code art. 807a, providing that convictions and prosecutions for violations of said article committed before April 1, 1934, shall not be affected by the repeal.

Section 2 of the 1983 amendatory act provides:

"This Act takes effect September 1, 1983, and applies only to offenses committed on or after that date. Offenses committed under Section 7, Chapter 3, Acts of the 43rd Legislature, 2nd

Called Session, 1934 (Article 6675a-3e, Vernon's Texas Civil Statutes), before the effective date of this Act are subject to prosecution under that section as it existed when the offense occurred, and that law is continued in effect for that purpose. For the purposes of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

#### Art. 6675a-4. Registration Dates

(a) By January 1, 1978, the Department shall establish a year-round system for registering vehicles. The system shall be designed so as to distribute the work load as uniformly as practicable within the various offices of the county tax assessor-collectors, as well as the Department, on a year-round basis. In implementing a year-round registration system, the Department may establish separate and distinct registration years for any vehicles or classifications of vehicles. Each registration year so designated shall begin on the first day of a calendar month and expire on the last day of the last calendar month in a registration period. Registration periods may be designated to include less than twelve (12) consecutive calendar months and registration fees shall be computed at a rate of one-twelfth of the appropriate annual registration fee per month in each registration period. The Department shall not establish a registration year of more than twelve (12) months except that registration fees for designated periods of more than twelve (12) months may be paid at the option of the owner. Each application for registration filed more than one month subsequent to the expiration date of the previous year's registration shall be accompanied by an affidavit that the vehicle has not been operated upon the streets or highways of this state at any time subsequent to the expiration of the previous year's registration. The Department may promulgate reasonable rules and regulations to carry out the orderly implementation and administration of the year-round registration system.

(b) Notwithstanding the provisions of Subsection (a) of this section or any other section of this Act, the registration or license of any vehicle shall not be issued for or reduced to a fee less than \$5.00, regardless of the month of the registration period in which application is filed.

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 4. Amended by Acts 1934, 43rd Leg., 2nd C.S., p. 5, ch. 3, § 2; Acts 1967, 60th Leg., p. 700, ch. 289, § 1, eff. Aug. 28, 1967; Acts 1975, 64th Leg., p. 1919, ch. 621, § 1, eff. Jan. 1, 1978.]

#### Art. 6675a-5. Fees: Motorcycles, Passenger Cars, Buses

(a) The annual license fee for registration of a motorcycle is Five Dollars and Seventy-five Cents (\$5.75).

(b) The annual license fee for registration of a passenger car and a street or suburban bus shall be based upon the weight of a vehicle as follows:

| Weight in Pounds | Fee      |
|------------------|----------|
| 1—3,500          | \$15.50  |
| 3,501—4,500      | 25.50    |
| 4,501—6,000      | 33.50    |
| 6,001 and over   | 60¢ cwt. |

The weight of any passenger car or of any street or suburban bus, for purpose of registration, shall be the weight generally accepted as its correct shipping weight plus on hundred (100) pounds.

**Art. 6675a-5a. Registration of Antique Passenger Cars and Trucks; License Plates; Fees; Renewal; Penalty**

Passenger cars and trucks that were manufactured in 1925 or before, or which become twenty-five (25) or more years old, shall be excepted from the annual license fee for registration otherwise provided by law upon written, sworn application by the owner thereof on a form furnished by the Department. Such application shall show the make, body style, motor number, age of such passenger car or truck, and any other information required by the Department, and shall also state that the passenger car or truck is a collector's item and will be used solely for exhibitions, club activities, parades, and other functions of public interest, and in no case for regular transportation, and will carry no advertising. The Department shall issue license plates which shall contain the words "Antique Auto" or "Antique Truck" and which are valid for a maximum period of five (5) years. Alternatively, the Department may allow antique license plates to be used on an antique car or truck if the owner of the car or truck presents the antique license plates to the Department for approval and the antique license plates were issued by this state in the same year as the model year of the car or truck. If antique license plates are used on a car or truck, the Department shall issue to the owner a symbol, valid for a maximum period of five (5) years, to be placed on one of the license plates, as determined by the Department, designating the year in which the car or truck was registered under this section. The registration fee for the five (5) year period for passenger cars and trucks qualifying under this Act which were manufactured in 1921 and subsequent years shall be Twenty-five Dollars (\$25.00) and shall be reduced Five Dollars (\$5.00) for each year of the period that has fully expired at the time of the application, and the fee for the registration of cars and trucks manufactured in 1920 and prior years shall be Fifteen Dollars (\$15.00) for the five year period and shall be reduced Three Dollars (\$3.00) for each year of the five year period that has fully

expired at the time of the application. Provided further, that upon such application and upon payment of the proper fee to the County Tax Assessor-Collector of the county in which the owner resides, the Department shall furnish such license plates or a symbol and receipts which shall be issued to the owner and such plates or symbol shall be valid without renewal for the period for which the car or truck is registered, provided such vehicle continues to be owned by the same owner. It is further provided that in the event the vehicle is transferred to another owner, or is junked, destroyed, or otherwise ceases to exist, the registration receipt and plates or symbol shall become null and void and any plates or symbol issued under this section shall be sent immediately to the Department. It is further provided that the Tax Assessor-Collector shall not renew the registration of any such vehicle until the registered owner surrenders to him any license plates or symbol and receipt that were issued for such vehicle for the previous period. In the event license plates issued under this section become lost, stolen, or mutilated, the owner may secure replacement plates by executing an affidavit and application on a form furnished by the Department and by the payment of the fee prescribed in Section 13a of this Act.<sup>1</sup> Any owner of a passenger car or truck registered under the provisions of this section who violates any of the provisions herein shall be guilty of a misdemeanor, and upon conviction shall be fined not less than Five Dollars (\$5.00) and not more than Two Hundred Dollars (\$200.00).

<sup>1</sup> Article 6675a-13a.

Section 2 of the Act of 1957 repealed all conflicting laws and parts of laws to the extent of such conflict.

**Art. 6675a-5b. Vehicles of Nonprofit Service Organizations Designed for Parade Purposes; Registration; Fee Exemption**

Sec. 1. A motor vehicle owned and operated by a nonprofit service organization and designed, constructed and used primarily for parade purposes is subject to registration as provided by Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-1 et seq., Vernon's Texas Civil Statutes), but is exempt from the annual fee for registration.

Sec. 2. The provisions of this Act shall not apply to any motor vehicle on which an annual license fee for registration has been paid pursuant to other laws of this state.

[Acts 1959, 56th Leg., p. 645, ch. 298. Amended by Acts 1983, 68th Leg., p. 369, ch. 81, § 10(c), eff. Sept. 1, 1983.]

Section 10(l) of the 1983 amendatory act provides:

"Subsection (c) of this section applies to a timely application for registration or renewal of registration made on or after September 1, 1983. The amendment made by that section does not entitle a

motor vehicle owner to a refund of all or part of a license fee paid before September 1, 1983. A license fee payment delinquent on September 1, 1983, is governed by the law as it existed August 31, 1983, and that law is continued in effect for that purpose."

**Art. 6675a-5c. Special Personalized Prestige License Plates**

The State Highway Department shall establish and issue special personalized prestige license plates. For a fee of Ten Dollars (\$10.00), which fee shall be in addition to the regular motor vehicle registration fee, any owner may apply for issuance of said personalized license plates. The Department shall establish and promulgate procedures for application for and issuance of such special personalized prestige license plates and provide a deadline each year for the applications. No two owners will be issued identical lettered and/or numbered plates. An owner must make a new application and pay a new fee each year he desires to obtain special personalized prestige license plates. However, once an owner obtains personalized plates, he will have first priority on those plates for each of the following years that he makes timely and appropriate application. Ninety-five per cent (95%) of each Ten Dollar fee collected by the Department under this Section shall be deposited in the State Treasury to the credit of the General Revenue Fund and the remaining five percent (5%) shall be deposited in the State Treasury to the credit of the State Highway Fund to defray the costs of administration of this Section.

[Acts 1965, 59th Leg., p. 302, ch. 135, § 1.]

**Art. 6675a-5d. Credit for License Fees Paid on Motor Vehicles Subsequently Destroyed**

If the owner of any motor vehicle which is destroyed to such an extent that it cannot thereafter be operated upon the highways of this state transmits the license fee receipt and the license plates for the vehicle to the State Highway Department, he is entitled to a license fee credit if the prorated portion of the license fee for the remainder of the year is over \$15.00. The State Highway Department, upon satisfactory proof of the destruction of the vehicle, shall issue a license fee credit slip to the owner in an amount equal to the prorated portion of the license fee for the remainder of the year if it is over \$15.00. The owner of the vehicle at the time of destruction may during the same or the following registration year use the license fee credit slip as payment or part payment for the registration of additional vehicles to the extent of the license fee credit slip. The State Highway Department shall promulgate regulations necessary for the administration of this Act.

Any owner of a motor vehicle applying for a license fee credit under this Section shall execute a sworn statement upon a form provided by the State Highway Department showing that the license plates have been surrendered to the State Highway Department. This statement shall be delivered to

the purchaser of the destroyed vehicle who may surrender this statement to the State Highway Department in lieu of the vehicle license plates.

**Art. 6675a-5e. Disabled Veterans and Their Transporters; Special License Plates; Fee Exemptions; Regulations**

(a) A veteran of the armed forces of the United States who, as a result of military service, has suffered at least a 60% service-connected disability or has a 40% service-connected disability due to the amputation of a lower extremity, and who receives compensation from the federal government because of such disability, is entitled to register, for his own personal use, one passenger car or light commercial vehicle having a manufacturer's rated carrying capacity of one (1) ton or less, without payment of the prescribed annual registration fee.

(b) An organization which owns a motor vehicle used exclusively for the transportation of disabled veterans without charge to them may register the vehicle without the payment of the prescribed annual registration fee. "Disabled veteran," as used in this subsection, means a veteran of the armed forces of the United States who, as a result of military service, has suffered a service-connected disability. A statement by the Veterans County Service officer of the county in which the vehicle is registered or by the Veterans Administration that the vehicle is exclusively used for the transportation of disabled veterans without charge to them is satisfactory evidence that the organization is qualified under this subsection.

(c) The Highway Department shall provide for the issuance of specially designed license plates for persons and organizations who are qualified under this Act. The letters "DV" shall appear as either a prefix or a suffix to the numerals on the plates, and the words "DISABLED VET" shall also appear on the plates.

(d) Application for the specially designed license plates provided for in this Section shall be made on forms prescribed and furnished by the Department and must be submitted to the Department by October 1st preceding the registration year for which requested. The registration year for these license plates is from April 1st through March 31st of the following year. Each application shall be accompanied by a fee of three dollars (\$3.00) and such evidence as the Department may require as proof of the applicant's eligibility to receive the registration fee exemption. The exemption continues until the license plates are cancelled under Subsection (f) of this Section.

(e) A vehicle on which these specially designed plates are displayed is exempt from the payment of parking fees, including those collected through parking meters, charged by any governmental au-

thority other than a branch of the federal government:

(1) when being operated by or for the transportation of the person who registered the vehicle under Subsection (a) of this section; or

(2) when being operated by or for the transportation of a disabled veteran, as defined in Subsection (b) of this section, and when registered under that subsection.

(f) If during the registration year the owner disposes of the vehicle upon which the license plates issued under this Act are affixed, or if an organization ceases to use the vehicle on which the special license plates are affixed exclusively to transport disabled veterans, such plates are automatically cancelled and it shall be the responsibility of such owner to remove the license plates and return them to the Texas Highway Department for cancellation. Thereafter, the owner may qualify for another set of license plates as provided for in this Section.

(g) If the special license plates provided herein become lost, stolen, or mutilated, the owner of the vehicle may secure a set of replacement license plates from the Department for a fee of One Dollar (\$1.00).

(h) The fees provided for in this Section shall be deposited in the State Treasury to the credit of the State Highway Fund.

(i) The Department may promulgate such reasonable rules and regulations as it may deem necessary for the orderly administration of this Act.

**Art. 6675a-5e.1. Disabled Persons; Special License Devices; Fee; Parking Privileges**

**Provision for License Plate Devices and Identification Cards**

Sec. 1. (a) The State Department of Highways and Public Transportation shall provide for the issuance of specially designed symbols, tabs, or other devices to be attached to the license plates of motor vehicles regularly operated by or for the transportation of permanently disabled persons. Such devices shall be of a design prescribed by the department and shall have the word "Disabled" printed thereon. They shall be issued in addition to regular license plates in years in which license plates are issued or as the legal registration insignia in years in which license plates are not issued.

(b) In addition, the department shall provide identification cards for issuance to disabled persons. These cards shall be of a design prescribed by the department. Cards issued to permanently disabled persons are valid permanently. Cards issued to

temporarily disabled persons become invalid after a definite time to be determined by the department.

**Definitions; Application**

Sec. 2. (a) A person is disabled who has mobility problems that substantially impair the person's ability to ambulate, or who is legally blind. In this Act, "legally blind" means having not more than  $\frac{20}{200}$  of visual acuity in the better eye with correcting lenses, or visual acuity greater than  $\frac{20}{200}$  but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(b) Owners of motor vehicles regularly operated by or for the transportation of such persons may make application to the department through the county tax collector of the county in which they reside for the special symbol, tab, or other device on a form prescribed and furnished by the department. The first such application must be accompanied by acceptable medical proof that the operator or regularly transported passenger is currently and permanently disabled.

(c) A disabled person may apply for an identification card to the department through the county tax collector of the county in which the person resides on a form prescribed and furnished by the department. The application of each permanently disabled person must be accompanied by medical proof acceptable to the department that the applicant is currently disabled and that the applicant's disability will continue for the applicant's lifetime. The application of each temporarily disabled person must be accompanied by medical proof acceptable to the department that the applicant is currently disabled.

**Submission of Application; Fee**

Sec. 3. An application for a symbol, tab, or other device shall be submitted to the county tax collector of the vehicle owner's resident county and shall be accompanied by the annual registration fee prescribed by law for the particular vehicle being registered plus \$1. Applications for disabled person identification cards shall be submitted to the county tax collector of the disabled person's county and shall be accompanied by \$5. The county tax collector shall forward the fees to the department for deposit in the State Highway Fund to defray the cost of providing the specially designed symbols, tabs, or other devices and identification cards.

**Vehicles**

Sec. 4. The special devices shall be issued only for passenger vehicles and light commercial vehicles having a manufacturer's rated carrying capacity of one ton or less operated by or for the transportation of permanently disabled persons for noncommercial use.

**Furnishing Devices and Identification Cards;  
Design of Sign for Posting**

Sec. 5. (a) The department shall furnish the special devices and identification cards to the appropriate county tax assessor-collector.

(b) The department shall provide at cost a design and stencil for use by political subdivisions or persons who own or control property used for parking to designate parking spaces as provided by Section 6A of this Act.

**Parking Privileges**

Sec. 6. (a) Any vehicle upon which such special devices are displayed or in which a disabled person identification card is placed in the lower left-hand side of the front windshield, when being operated by or for the transportation of a disabled person, shall be allowed to park for unlimited periods in any parking space or parking area designated specifically for the physically handicapped.

(b) The owner of a vehicle on which the special devices are displayed or in which a disabled person identification card is placed in the lower left-hand side of the front windshield is exempt from the payment of fees or penalties imposed by a governmental authority for parking at a meter or in a space with a limitation on the length of time for parking, unless the vehicle was not parked at the time by or for the transportation of a disabled person. This exemption does not apply to fees or penalties imposed by a branch of the United States government. This section does not permit parking a vehicle at a place or time that parking is prohibited.

**Designation of Parking Spaces by Political Subdivision or Private Property Owner; Enforcement**

Sec. 6A. (a) A political subdivision or a person who owns or controls property used for parking may designate one or more parking spaces or a parking area for the exclusive use of vehicles transporting temporarily or permanently disabled persons. A political subdivision designates a space or area by conforming to the rules promulgated by the State Purchasing and General Services Commission under Subsection (c) of Section 7.05 of the State Purchasing and General Services Act (Article 601b, Vernon's Texas Civil Statutes), relating to the identification and dimensions of parking spaces for the disabled. A person who owns or controls private property used for parking may designate a parking space or area specifically for the disabled without conforming to these rules relating to the identification and dimensions of parking spaces for the disabled, unless required to conform by state or local law.

(b) A political subdivision may require a private property owner or a person who controls property used for parking:

(1) to designate one or more parking spaces or a parking area for the exclusive use of vehicles trans-

porting temporarily or permanently disabled persons; or

(2) to conform to the identification and dimension requirements referred to in Subsection (a) of this section when designating a parking space or area for the disabled.

(c) A political subdivision may provide for the application of Section 10 of this Act to any parking space or area for the disabled on private property designated in compliance with the identification requirements referred to in Subsection (a) of this section.

(d) A peace officer or a person designated by a political subdivision to enforce parking regulations may file charges against a person who commits an offense under this Act at a parking space or a parking area designated specifically for the temporarily or permanently disabled by a political subdivision or a private property owner as provided by Subsection (a) of this section. A security officer commissioned under the Private Investigators and Private Security Agencies Act, as amended, (Article 4413(29bb), Vernon's Texas Civil Statutes), and employed by the owner of private property may file charges against a person who commits an offense under this Act at a parking space or area designated for the disabled by the owner of the private property as provided by Subsection (a) of this section.

Secs. 6B, 6C. Repealed by Acts 1983, 68th Leg., p. 3779, ch. 582, § 3, eff. Sept. 1, 1983.

**Disposition of Devices Upon Disposal of Vehicle**

Sec. 7. Except as provided by Section 9(d) of this Act, if the owner of a vehicle bearing such special devices disposes of the vehicle during the registration year, he shall turn the devices in to the county tax assessor-collector. If the owner registers another vehicle under this Act at the time he returns the devices, the assessor-collector shall issue replacement devices for the fee prescribed by law.

**Registration Year**

Sec. 8. Devices with the "Disabled" designation provided for by this Act shall be issued for the registration year beginning April 1, 1976, and thereafter.

**Registration under Other Act**

Sec. 9. (a) A person who is eligible to register a motor vehicle under both this Act and Section 5e, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-5e, Vernon's Texas Civil Statutes), may register a vehicle under either or both Acts.

(b) If a person has registered a motor vehicle under Section 5e, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-5e, Vernon's Texas Civil

Statutes), and then applies for registration of the vehicle under this Act, the county tax collector, after the person pays the application fee of \$1 required by Section 3 of this Act, shall issue the special devices but may not issue a set of license plates. The person shall attach the devices to the plates issued under Section 5e.

(c) If a person has registered a motor vehicle under this Act and then applies for registration of the vehicle under Section 5e, the person shall return to the Department the license plates and devices issued under this Act. After the person pays the registration fee required by Section 5e, the Department shall issue license plates as provided by that section and also shall issue without charge a set of devices provided for by this Act.

(d) If the owner of a vehicle registered under both this Act and Section 5e disposes of the vehicle during the registration year provided by either Act, the person shall return to the Department the license plates and devices. At that time the person may register another vehicle under both Acts and, after paying the replacement fee required by this Act and the issuance fee required by Section 5e, receive from the Department another set of license plates and devices.

#### Offenses; Punishment

Sec. 10. (a) A person commits an offense if the person is neither temporarily or permanently disabled nor transporting a temporarily or permanently disabled person and parks a vehicle with such special device or displaying a disabled person identification card in a parking space or parking area designated specifically for the disabled by a political subdivision or by a person who owns or controls private property used for parking for which a political subdivision has provided for the application of this section under Subsection (c) of Section 6A of this Act.

(b) A person commits an offense if the person parks a vehicle neither displaying the special device nor displaying a disabled person identification card in a parking space or parking area designated specifically for the disabled by a political subdivision or by a person who owns or controls private property used for parking for which a political subdivision has provided for the application of this section under Subsection (c) of Section 6A of this Act.

(c) A person commits an offense if the person parks a vehicle so that the vehicle blocks an access or curb ramp or any other architectural improvement designed to aid the disabled.

(d) A person commits an offense if he lends an identification card issued to him under this Act to a person who uses the identification card in violation of this section.

(e) An offense under this section is a Class C misdemeanor.

Section 3 of Acts 1981, 67th Leg., p. 234, ch. 101, provides:

"This Act takes effect September 1, 1981, and applies to offenses committed on or after that date. An offense committed before the effective date of this Act is subject to disposition under Chapter 338, Acts of the 64th Legislature, 1975 (Article 6675a-5e.1, Vernon's Texas Civil Statutes), as it existed on the date the offense was committed, and that law is continued in effect for that purpose."

Section 4 of Acts 1983, 68th Leg., p. 3779, ch. 582, provides:

"This Act takes effect September 1, 1983, and applies to offenses committed on or after that date. An offense committed before the effective date of this Act is subject to disposition under Chapter 338, Acts of the 64th Legislature, Regular Session, 1975, as amended (Article 6675a-5e.1, Vernon's Texas Civil Statutes), as it existed on the date the offense was committed, and that law is continued in effect for that purpose. For purposes of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before that date."

#### Art. 6675a-5e.2. Congressional Medal of Honor Recipients; Registration, Special License Plates, and Parking Privileges

*Text as added by Acts 1979, 66th Leg., p. 323, ch. 150, § 1*

(a) A recipient of the Congressional Medal of Honor is entitled to register under this section, for the person's own use, one passenger car or light commercial vehicle having a manufacturer's rated carrying capacity of one ton or less, without payment of any annual registration fee or service charge.

(b) The department shall design and provide for the issuance of special license plates for recipients of the Congressional Medal of Honor. The license plate number will be assigned by the department.

(c) A person may apply to the department at any time for registration under this section on a form prescribed by the department. The department shall require an applicant to submit proof of eligibility to register under this section. Registration under this section is valid for one year.

(d) If license plates issued under this section are lost, stolen, or mutilated, the owner of the vehicle for which the plates were issued may obtain replacement plates from the department without charge. If the owner of a vehicle registered under this section disposes of the vehicle during the registration year, the person shall return the special license plates to the department. At that time the person may register another passenger car or light commercial motor vehicle under this section without charge.

(e) A person who has registered a vehicle and received license plates under this section may renew

the registration of the vehicle without charge through application to the county tax collector in the county of the person's residence for an annual registration sticker.

(f) A person operating a vehicle bearing license plates issued under this section has the same parking privileges as a person operating a vehicle bearing plates issued under Section 5e of this Act<sup>1</sup> for disabled veterans.

*Text as added by Acts 1979, 66th Leg., p. 1040, ch. 470, § 1*

(a) Any person, other than a person discharged from the armed forces under conditions less than honorable, who was captured and incarcerated by an enemy of the United States during a period of conflict with the United States, is entitled to register under this Section, for the person's own use, one (1) passenger car or light commercial vehicle having a manufacturer's rated carrying capacity of one (1) ton or less, without payment of any annual registration fee or service charge.

(b) The Department shall design and provide for the issuance of special license plates for persons entitled to register under this Section. The license plates shall be designed to indicate that the recipient is a former prisoner of war.

(c) A person may apply to the Department at any time for registration under this Section on a form prescribed by the Department. The Department shall require an applicant to submit proof of eligibility to register under this Section. Registration under this Section is valid for one (1) year.

(d) If license plates issued under this Section are lost, stolen, or mutilated, the owner of the vehicle for which the plates were issued may obtain replacement plates from the Department without charge. If the owner of a vehicle registered under this Section disposes of the vehicle during the registration year, the person shall return the special license plates to the Department. At that time the person may register another passenger car or light commercial motor vehicle under this Section without charge.

(e) A person who has registered a vehicle and received license plates under this Section may renew the registration of the vehicle without charge through application to the County Tax Collector in

the county of the person's residence for an annual registration sticker.

**Art. 6675a-5e.3. Texas National Guard and State Guard Members; Registration and Special License Plates**

(a) The department shall provide for the issuance of special license plates for passenger cars and light commercial motor vehicles having manufacturers' rated carrying capacities of one (1) ton or less that are owned by active members of the Texas Army National Guard, Texas Air National Guard, and Texas State Guard. The license plates shall be of a color and design agreed on by the Adjutant General and the department and shall bear the words "Texas Guard."

(b) A person may apply to the department for the license plates at any time on a form prescribed by the department. The department shall require with each application proof of eligibility to receive the license plates. Registration under this section is valid for one year and expires in the same manner as do regular motor vehicle registrations.

(c) The fee for registration under this section and the issuance of a set of the special license plates is the regular fee for the particular kind of vehicle. The department shall submit all fees for registrations under this section to the State Treasurer for deposit in the State Highway Fund.

(d) If license plates issued under this Section are lost, stolen, or mutilated, the owner of the vehicle for which the plates were issued may obtain replacement plates from the department by paying a replacement fee of Two Dollars (\$2). If the owner of a vehicle registered under this Section disposes of the vehicle during the registration year or ceases to be an active member of the Texas Army National Guard, Texas Air National Guard, and Texas State Guard, the person shall return the special license plates to the department.

(e) A person may not register more than two vehicles under this section.

**Art. 6675a-5f. Refund of Overcharges on Registration Fees**

If the owner of a motor vehicle that is required to be registered pays an annual registration fee in excess of the statutory amount, he shall be entitled to a refund of the overcharge from the county tax collector who collected the excessive fee. The refund shall be paid from the fund in which the county's share of registration fees is deposited. A refund of the overcharge shall be made on presenta-

tion of satisfactory evidence of the overcharge to the county tax collector who collected the excessive fee. The owner of a motor vehicle who pays an excessive registration fee shall make his claim for a refund of the overcharge within five (5) years of the date that the excessive registration fee was paid.

**Art. 6675a-5h. Voluntary Firefighters; Registration and Special License Plates**

(a) The Department shall design and provide for the issuance of special license plates for volunteer firefighters who have been certified by the Texas Volunteer Firefighters and Fire Marshals Certification Board.

(b) A person who is a certified member of a volunteer fire department is entitled to register under this section, for the volunteer's personal use, one passenger car or light commercial vehicle having a manufacturer's rated carrying capacity of one ton or less. The person shall pay the annual registration fee for the vehicle plus \$4. The County Tax Collector shall forward the additional \$4 fee to the Department for deposit in the State Highway Fund to defray the cost of providing the specially designed license plates.

(c) A person may apply at any time for registration under this section through the County Tax Collector in the county of the person's residence. The Department shall prescribe the form of the application. The Department shall require an applicant to submit proof of eligibility to register under this section that is satisfactory to the Department. Registration under this section is valid for one year.

(d) If license plates issued under this section are lost, stolen, or mutilated, the owner of the vehicle for which the plates were issued may obtain replacement plates from the Department. The owner shall pay a fee of \$4 in addition to the fee required for replacement plates. If the owner of a vehicle registered under this section disposes of the vehicle during the registration year, the person shall return the special license plates to the Department. At that time the person may register another passenger car or light commercial motor vehicle under this section.

[Acts 1981, 67th Leg., p. 2216, ch. 518, § 1, eff. Sept. 1, 1981.]

**Art. 6675a-6. Fees; Commercial Motor Vehicles or Truck-Tractors**

The annual license fee for the registration of a commercial motor vehicle or truck tractor shall be based upon the gross weight and tire equipment of the vehicle as follows:

| Gross Weight<br>in Pounds | Fee per 100 Pounds<br>or Fraction Thereof |                              |
|---------------------------|---|------------------------------|
|                           | Equipped with<br>Pneumatic Tires          | Equipped with<br>Solid Tires |
| 1- 6,000                  | \$ .44                                    | \$ .55                       |
| 6,001- 8,000              | .495                                      | .66                          |
| 8,001-10,000              | .605                                      | .77                          |
| 10,001-17,000             | .715                                      | .88                          |
| 17,001-24,000             | .77                                       | .99                          |
| 24,001-31,000             | .88                                       | 1.10                         |
| 31,001-and up             | .99                                       | 1.32                         |

The term "gross weight" as used in this Section shall mean the actual weight of the vehicle full equipped with body, and other equipment, as certified by any official Public Weigher or any License and Weight Inspector of the State Highway Department, plus its net carrying capacity. "Net carrying capacity" of any vehicle except a bus, as used in this Section, shall be the weight of the heaviest net load to be carried on the vehicle being registered; provided said net carrying capacity shall in no case be less than the manufacturer's rated carrying capacity. The "net carrying capacity" of a bus as defined in this Act shall be computed by multiplying its seating capacity by one hundred and fifty (150) pounds. The seating capacity of any such vehicle shall be the manufacturer's rated seating capacity exclusive of the driver's or operator's seat. The seating capacity of any such vehicle not rated by the manufacturer shall be determined by allowing one (1) passenger for each sixteen (16) inches that such vehicle will seat, exclusive of the driver's or operator's seat.

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 6. Amended by Acts 1941, 47th Leg., p. 144, ch. 110, § 5; Acts 1957, 55th Leg., p. 731, ch. 301, § 2(b).

**Art. 6675a-6 1/2. Registration and Fees; Combination of Truck Tractors or Commercial Motor Vehicles with Semitrailers**

(a) Notwithstanding the provisions of Sections 6 and 8 of this Act, as amended (Articles 6675a-6 and 6675a-8, Vernon's Texas Civil Statutes), the annual license fee for the registration of a truck tractor or commercial motor vehicle with a manufacturer's rated carrying capacity in excess of one (1) ton used or to be used in combination with a semitrailer having a gross weight in excess of six thousand (6,000) pounds shall be based on the combined gross weight of all such vehicles used in the combination as follows:

| Combined Gross Weight | Fee Per 100 lbs. or<br>Fraction Thereof |
|-----------------------|---|
| * 18,000-36,000       | \$ .60                                  |
| 36,001-42,000         | .75                                     |
| 42,001-62,000         | .90                                     |
| 62,001-and up         | 1.00                                    |

\* (No such combination of vehicles may be registered for a combined gross weight of less than 18,000 pounds.)

In addition, semitrailers having gross weights in excess of six thousand (6,000) pounds used or to be used in combination with truck tractors or commercial motor vehicles with manufacturers' rated carrying capacities in excess of one (1) ton shall be registered for a "token" fee of Fifteen Dollars (\$15.00) for the Motor Vehicle Registration Year, regardless of the date such semitrailers are registered within said Registration Year, and the Fifteen Dollar (\$15.00) distinguishing license plates issued for such semitrailers shall be valid only when said vehicles are operated in combination with truck tractors or commercial motor vehicles that have been properly registered for their combined gross weight; provided, however, that the "token" fee for semitrailers shall not exempt such vehicles from the provisions of the Certificate of Title Act.

(b) For registration purposes, semitrailers which are converted to trailers by means of auxiliary axle assemblies shall retain their status as semitrailers.

(c) Truck tractors or commercial motor vehicles with manufacturers' rated carrying capacities in excess of one (1) ton used exclusively in combination with semitrailer-type vehicles, displaying Five Dollar (\$5.00) distinguishing license plates for which such semitrailer-type vehicles are eligible under the provisions of this Act shall not be required to register in combination; provided, however, that such truck tractors or commercial motor vehicles continue to be registered as provided in Section 6 of this Act; and provided further, that the provisions of this section shall not apply to:

(1) vehicles registered or to be registered with United States Government license plates or exempt license plates issued by the State of Texas;

(2) truck tractors or commercial motor vehicles registered or to be registered with Five Dollar (\$5.00) distinguishing license plates for which such vehicles are eligible under the applicable registration statutes of this State;

(3) truck tractors or commercial motor vehicles used exclusively in combination with semitrailers of the housetrailer type; provided, however, that such truck tractors or commercial motor vehicles shall continue to be registered as provided in Section 6 of this Act; and, provided further that semitrailers of the housetrailer type shall continue to be registered as provided in Section 8 of this Act;

(4) vehicles registered or to be registered with temporary registration permits for which such vehicles are eligible under the applicable registration statutes of this State;

(5) truck tractors or commercial motor vehicles registered or to be registered with Farm Truck or Farm Truck Tractor License Plates; provided, how-

ever, that such farm trucks or farm truck tractors shall continue to be registered as provided in Section 6a of this Act;<sup>1</sup> or

(6) truck tractors or commercial motor vehicles and semitrailers registered or to be registered with Soil Conservation License Plates; provided, however, that such truck tractors or commercial motor vehicles and semitrailers shall continue to be registered as provided in Subsection (h)(1), Section 2 of this Act,<sup>2</sup> based on the registration fees for truck tractors or commercial motor vehicles as prescribed in Section 6 of this Act, and the registration fees for trailers, or semitrailers as prescribed in Section 8 of this Act.

(d)(1) The term "combined gross weight" as used in this section means the empty weight of the truck tractor or commercial motor vehicle combined with the empty weight of the heaviest semitrailer(s) used or to be used in combination therewith plus the heaviest net load to be carried on such combination during the Motor Vehicle Registration Year, provided that in no case may the combined gross weight be less than eighteen thousand (18,000) pounds.

(2) The term "empty weight" as used in this section means the actual unladen weight of the truck tractor or commercial motor vehicle and semitrailer(s) combination fully equipped, as officially certified by any public weigher or license and weight patrolman of the Texas Department of Public Safety.

#### Art. 6675a-6a. Registration Fee; Commercial Motor Vehicles Used Principally for Farm Purposes

When a commercial motor vehicle is to be used for commercial purposes by the owner thereof only in the transportation of his own poultry, dairy, livestock, livestock products, timber in its natural state, and farm products to market, or to other points for sale or processing, or the transportation by the owner thereof of laborers from their place of residence, and materials, tools, equipment and supplies, without charge, from the place of purchase or storage, to his own farm or ranch exclusively for his own use, or use on such farm or ranch, the registration license fee shall be fifty per cent (50%) of the registration fee prescribed for weight classifications in Section 6 of this Act;<sup>1</sup> provided, however, that the additional use of the vehicle as a means of passenger transportation, without charge, of members of the family to attend church or school, to visit doctors for medical treatment or supplies, and for other necessities of the home or family shall not prevent its registration as a farm vehicle. Nothing in the foregoing shall be interpreted as permitting the use of a farm licensed vehicle in connection with other gainful employment. It shall be the duty of the Highway Commission to provide license plates

for vehicles registered under this Section distinguishable from license plates used for other commercial vehicles using the highways. If the owner of any commercial motor vehicle registered under this Section shall use or permit to be used any such vehicle for any other purpose than those provided for in this Section, he shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200), and each use of such vehicle and each permission for such use of such vehicle shall constitute a separate offense. All commercial motor vehicles, truck tractors, road tractors, trailers and semi-trailers as defined in Section 1 of Chapter 23 of the General Laws of the Fifth Called Session of the Forty-first Legislature,<sup>2</sup> not coming within the provisions of this Section, shall be required to pay all registration and license fees prescribed by other provisions of this Act.

Section 2 of the amendatory Act of 1957 repealed or modified all conflicting laws and parts of laws to extent of such conflict only.

**Art. 6675a-6b. Short Term Commercial Motor Vehicle Permit to Haul Loads of Larger Tonnage**

Sec. 1. When a commercial motor vehicle, truck tractor, trailer or semitrailer which has been registered by the owner, is used for the transportation of his own seasonal agricultural products to market, or to other points for sale or processing, or the transportation of seasonal laborers from their place of residence, and materials, tools, equipment and supplies, without charge, from the place of purchase or storage, to a farm or ranch exclusively for use on such farm or ranch, the owner may, by paying an additional fee, receive a short-term permit allowing him to haul loads of larger tonnage for a limited period of less than one (1) year. No such permit shall be issued for less than one (1) month, and no such permit shall extend beyond the expiration of the regular license. The fee shall be a percentage of the difference between the owner's regular annual registration fee and the annual fee for the desired tonnage, and shall be computed according to the following table:

|   |     |
|---|-----|
| 1-month (or 30 consecutive days) . . . . .  | 10% |
| 1-quarter (3 consecutive months) . . . . .  | 30% |
| 2-quarters (6 consecutive months) . . . . . | 60% |
| 3-quarters (9 consecutive months) . . . . . | 90% |

Sec. 2. No such permit shall be issued unless such registration fee has been paid for hauling of such larger tonnage prior to the actual hauling thereof. The quarters for which such additional permits are to be issued shall be calendar quarters,

the first such quarter to commence on April 1st of each year.

Sec. 3. The State Highway Department shall design, prescribe and furnish for each vehicle so registered, the necessary sticker, plate or other means of indicating the additional weight and period of time for which such additional registration is made.

[Acts 1959, 56th Leg., p. 981, ch. 456. Amended by Acts 1971, 62nd Leg., p. 1225, ch. 301, § 1, eff. May 24, 1971.]

**Art. 6675a-6c. Temporary Permits for Foreign Commercial Vehicles**

**Authority to Issue Permits; Exceptions**

Sec. 1. To provide for the movement of commercial motor vehicles, trailers, and semitrailers subject to registration by the State of Texas, which are not authorized to travel on the public roads of the State for lack of registration or for lack of reciprocity with the State or Country in which such vehicles are registered, the Texas Highway Department is authorized to issue temporary permits which shall be recognized as legal registration. However, such temporary permits shall not be issued for the importation of citrus fruit into Texas from a foreign country under the provisions of this Section except for foreign export or processing for foreign export.

**Fees; Conditions**

Sec. 2. A temporary permit valid for twenty-four (24) hours shall be issued for the fee of Five Dollars (\$5).

The twenty-four hour permit shall be valid for any period of time not to exceed twenty-four (24) hours from the effective date and time as shown on the receipt issued as evidence of such registration, and such permit shall provide only for the movement of each vehicle transporting property between Mexico and counties of this State which have a boundary contiguous with Mexico; provided that each such twenty-four hour permit shall be valid only within the county of entry and within one other county adjoining said county of entry as specified on said permit; providing, however, that each county involved must be contiguous to Mexico. Such temporary permits shall not be issued for the importation of citrus fruit into Texas from a foreign country under the provisions of this Section except for foreign export or processing for foreign export.

**Rules and Regulations**

Sec. 3. The Texas Highway Department may, from time to time, promulgate such reasonable rules and regulations as it may deem necessary to carry out the orderly operation of this Act and may prescribe an application for such permits and other forms as it may deem proper.

**Method of Issuance; Deposit of Fees**

Sec. 4. Such temporary registration permits shall be issued by the County Tax Assessors-Collec-

tors or by the Texas Highway Department upon receipt of proper application accompanied by the statutory fees as prescribed by Section 2 above, in cash, postal money order, or certified check for each such vehicle to be operated or moved upon the public highways. All registration permit fees collected by the Texas Highway Department shall be deposited in the State Treasury to the credit of the State Highway Fund, and such fees collected by the County Tax Assessors-Collectors shall be reported and deposited the same as all other registration fees as provided by Section 10, Chapter 88, Acts of the Forty-first Legislature, Second Called Session, 1929, as amended by Section 2, Chapter 301, Acts of the Fifty-fifth Legislature, Regular Session, 1957 (codified in Vernon's Texas Civil Statutes as Article 6675a-10).

#### Liability Insurance

Sec. 5. Before the issuance of such temporary registration permits, the operator of any vehicle entering this State from another Country shall present to the County Tax Assessor-Collector or the Highway Department such evidence as shall indicate that such motor vehicle is protected by such insurance and in such amounts as may be prescribed in Section 5 of the Texas Motor Vehicle Safety Responsibility Act (Article 6701h, Vernon's Texas Civil Statutes) as it is now written or as it may hereafter be amended, and such policies must be issued by an insurance company or surety company authorized to write Motor Vehicle Liability Insurance in this State.

#### Violations; Penalties

Sec. 6. Any person violating any provisions of this Act shall be deemed guilty of a misdemeanor, and on conviction, shall be fined in any sum not exceeding Two Hundred Dollars (\$200); provided, however, nothing in this Act shall exempt the operator of a motor vehicle from complying with all other laws regulating the operation of motor vehicles in this State.

[Acts 1963, 58th Leg., p. 1361, ch. 517, eff. Aug. 23, 1963. Amended by Acts 1973, 63rd Leg., p. 1230, ch. 443, § 1, eff. June 14, 1973.]

Section 2 of the 1973 amendatory act provided:

"If any word, phrase, clause, paragraph, sentence, part, portion or provision of this Act or the application thereof to any persons or circumstances shall be held to be invalid or unconstitutional, the remainder of the Act shall nevertheless be valid and the legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, portion or provision."

#### Art. 6675a-6d. Temporary Permits for Commercial Motor Vehicles

##### Authority to Issue Permits

Sec. 1. To provide for the movement of commercial motor vehicles, trailers, semitrailers, and motor buses owned by residents of the United States, or Canada, which are subject to registration by the State of Texas and which are not authorized to

travel on the public roads of the State for lack of registration or for lack of reciprocity with the State of the United States or Canadian Province in which such vehicles are registered, the Texas Highway Department is authorized to issue temporary permits which will be recognized in lieu of registration.

##### Fee; Duration of Permit; Inspection of Vehicles

Sec. 2. A temporary permit shall be issued for a vehicle described in Section 1 of this Act. A permit valid for seventy-two (72) hours shall be issued to each such vehicle for the fee of Twenty-five Dollars (\$25), and a permit valid for one hundred forty-four (144) hours shall be issued to each such vehicle for a fee of Fifty Dollars (\$50). A permit issued under this subsection shall be valid for the period of time stated on the permit, beginning with the effective day and time as shown on the receipt issued as evidence of the registration. A vehicle with a permit issued under this section is subject to Sections 140 and 141, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes), except:

(1) a vehicle currently registered in another State of the United States or a Province of Canada; and

(2) mobile drilling and servicing equipment used in the production of gas, crude petroleum, or oil, including, but not limited to, mobile cranes and hoisting equipment, mobile lift equipment, forklifts, and tugs.

##### Rules and Regulations

Sec. 3. The Texas Highway Department may, from time to time, promulgate such reasonable rules and regulations as it may deem necessary to carry out the orderly operation of this Act and may prescribe an application for such permits and other forms as it may deem proper.

##### Violations of Registration Laws

Sec. 4. A permit under this Act shall not be issued to commercial motor vehicles, trailers, semitrailers, or motor buses apprehended for violating the registration laws of this State; and, furthermore, such apprehended vehicles shall be immediately subject to Texas registration as prescribed by law.

##### Method of Insurance; Deposit of Fees

Sec. 5. Such temporary registration permits shall be issued by the County Tax Assessor-Collectors or by the Texas Highway Department upon receipt of proper application accompanied by the statutory fees, as prescribed by Section 2 above, in cash, postal money order, or certified check for each such vehicle to be operated or moved upon the public highways. All temporary permit fees collected by the Texas Highway Department shall be deposited in the State Treasury to the credit of the State Highway Fund, and such fees collected by the County Tax Assessor-Collectors shall be reported

and deposited the same as all registration fees as provided by Section 10, Chapter 88, Acts of the Forty-first Legislature, Second Called Session, 1929, as amended by Section 2, Chapter 301, Acts of the Fifty-fifth Legislature, Regular Session, 1957 (codified in Vernon's Texas Civil Statutes as Article 6675a-10).

#### Operating With Expired Permits

Sec. 6. Any person operating a commercial motor vehicle, trailer, or semitrailer with an expired permit issued under this Act shall be deemed to be operating an unregistered vehicle subject to the penalties as prescribed by law.

[Acts 1965, 59th Leg., p. 1643, ch. 707, eff. Aug. 30, 1965. Amended by Acts 1971, 62nd Leg., p. 1059, ch. 218, § 1, eff. May 17, 1971; Acts 1981, 67th Leg., p. 391, ch. 157, § 1, eff. Sept. 1, 1981; Acts 1983, 68th Leg., p. 786, ch. 187, § 1, eff. Aug. 29, 1983.]

Section 7 of Acts 1965, 59th Leg., p. 1643, ch. 707 repealed all conflicting laws and parts of laws to the extent of such conflict.

Section 2 of the 1981 amendatory act provides:

"This Act takes effect September 1, 1981, and applies to registration under a temporary permit issued on or after the effective date of this Act. Registrations under temporary permits issued before that date are covered by the law as it existed at the time of registration, and that law is continued in effect for that purpose."

Section 2 of the 1983 amendatory act provides:

"This Act applies only to permits issued on or after the effective date of this Act. A permit issued before the effective date of this Act is subject to the requirements of Section 2, Chapter 707, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 6675a-6d, Vernon's Texas Civil Statutes), in effect at the time of issuance, and the former law is continued in effect for that purpose."

#### Art. 6675a-6e. Temporary Registration for Non-residents

##### Definitions

Sec. 1. The following words and phrases when used in this Act shall for the purpose of this Act have the meanings respectively ascribed to them in this Section as follows:

"Vehicle" means every device in, or by which any person or property is or may be transported or drawn upon a public highway, except devices moved only by human power or used exclusively upon stationary rails or tracks.

"Motor Vehicle" means every vehicle as herein defined which is self-propelled.

"Passenger Car" means any motor vehicle other than a motorcycle or a bus as defined in this Act designed or used primarily for the transportation of persons.

"Commercial Motor Vehicle" means any motor vehicle other than a motorcycle designed or used for the transportation of property including every vehicle used for delivery purposes.

"Trailer" means every vehicle without motive power designed or used for carrying property or

passengers wholly on its own structure and to be drawn by a motor vehicle.

"Semitrailer" means every vehicle of the trailer type so designed or used in conjunction with a motor vehicle that some part of its own weight and that of its own load rests upon or is carried by a motor vehicle.

"Owner" means any person who holds a legal title to a vehicle or who has the legal right of possession thereof or the legal right of control of said vehicle.

"Occasional trip" means not to exceed five (5) trips into this State during any calendar month nor to exceed five (5) days on any one (1) trip.

"Nonresident" means every resident of a State or Country other than the State of Texas whose sojourn in this State is as a visitor and does not engage in gainful employment or enter into business or an occupation, except as may be otherwise provided in any reciprocal agreement with any other State or Country.

"Department" means the State Highway Department of this State, acting directly or through its duly authorized officers and agents.

#### Nonresidents; Operation of Motor Vehicle Without Registration

Sec. 2. A nonresident owner of a motor vehicle, trailer, or semitrailer which has been duly registered for the current year in the State or Country of which the owner is a resident and in accordance with the laws thereof, may be allowed to operate said vehicles for the transportation of persons or property for compensation or hire without being registered in this State, provided the owner thereof does not exceed two (2) trips during any calendar month and remains on each of said trips within the State not to exceed four (4) days. Provided, that nothing in this Act shall prevent a nonresident owner of a motor vehicle from operating at will such vehicle in this State for the sole purpose of marketing farm products raised exclusively by him, nor a resident of an adjoining State or Country from operating at will a privately owned and duly registered vehicle not operated for hire in this State for the purpose of going to and from his place of regular employment and the making of trips for the purpose of purchasing goods, wares, and merchandise. And provided, further, that any nonresident owner of a privately owned vehicle may be permitted to make an occasional trip into this State with such vehicle under this Act without being registered in this State. It is also provided that a nonresident owner of a privately owned passenger car not operated for compensation or hire may be allowed to operate said passenger car if duly registered in his resident State or Country for the length of time the license plates are valid, provided the owner is a visitor in this State and does not engage in gainful employment or enter into any kind of business or occupation. It is expressly provided, that the fore-

going privileges may only be allowed in the event that under the laws of such other State or Country like exceptions are granted to vehicles registered under the laws of and owned by residents of this State. Provided further, that nothing in this Act shall affect the rights or status of any vehicle owner under any Reciprocal Agreement between this State and any other State or Foreign Country.

**Trucks, Trailers, Etc., Used in Movement of Farm Products; Temporary Registration Permit to Nonresident Owners**

Sec. 2A. To expedite and facilitate, during the harvesting season, the harvesting and marketing of farm products produced in this State, the Department is authorized to issue to a nonresident owner a 30-day temporary registration permit for any truck, truck-tractor, trailer or semitrailer to be used in the movement of such farm commodities from the place of production to market, storage or railhead, not more than seventy-five (75) miles distant from such place of production, or to be used in the movement of machinery used to harvest any of the commodities named in this section.

To expedite and facilitate, during the harvesting season, the harvesting and movement of farm products produced outside of Texas but marketed or processed in Texas or moved to points in Texas for shipment, the Department is authorized to issue to a nonresident owner a 30-day temporary registration permit for any truck, truck tractor, trailer or semitrailer to be used in the movement of such farm commodities from the point of entry into Texas to market, storage, processing plant, railhead or seaport not more than eighty (80) miles distant from such point of entry into Texas. All mileages and distances referred to herein are State Highway mileages. Before such temporary registration provided for in this paragraph may be issued, the applicant must present satisfactory evidence that such motor vehicle is protected by such insurance and in such amounts as may be described in Section 5 of the Texas Motor Vehicle Safety-Responsibility Act (Article 6701h, Vernon's Texas Civil Statutes) as it is now written or as it may hereafter be amended, and such policies must be issued by an insurance company or surety company authorized to write Motor Vehicle Liability Insurance in this State; and that such vehicle has been inspected as required under the Uniform Act Regulating Traffic on Highways in Texas (Article XV of Article 6701d, Vernon's Texas Civil Statutes) as it is now written or as it may hereafter be amended.

The Department is authorized to prescribe the form of the application and the information to be furnished therein for such temporary registration permits. If the application is granted, the Department shall issue a special distinguishing insignia which must be attached to such vehicle in lieu of the regular Texas Highway registration plates. Such special insignia shall show its expiration date. The temporary registration permit fee shall be one-

twelfth ( $\frac{1}{12}$ ) of the annual Texas registration fee for the vehicle for which the special permit is secured.

The temporary permits herein authorized shall be issued only when the vehicle for which said permit is issued is legally registered in the nonresident owner's home state or country for the current registration year; and said permit will remain valid only so long as the home state or country registration is valid; but in any event the Texas temporary registration permit will expire 30 days from the date of issuance. Not more than three (3) such temporary registration permits may be issued to a nonresident owner during any one (1) vehicle registration year in the State of Texas. A vehicle registered under the terms of this Act may not be operated in Texas after the expiration of the temporary permit unless the nonresident owner secures a second temporary permit as provided above, or unless the nonresident owner registers the vehicle under the appropriate Texas vehicular registration statutes, applicable to residents, for the remainder of the registration year. No such vehicle may be registered with a Texas farm truck license.

Any person who shall transport any of the commodities described in this Act, under a temporary permit provided for herein, to a market, place of storage, processing plant, railhead or seaport, which is a greater distance from the place of production of such commodity in this State, or the point of entry into the State of Texas than is provided for in said temporary permit, or shall follow a route other than that prescribed by the Highway Commission, shall be punished by a fine of not less than Twenty-five Dollars (\$25), nor more than Two Hundred Dollars (\$200).

Nothing in this Act shall be construed to authorize such nonresident owner or operator to operate or cause to be operated any of such vehicles in this State in violation of Chapter 314, Acts of the 41st Legislature, Regular Session, 1929, as amended (Article 911b, Vernon's Texas Civil Statutes) or any of the other laws of this State.

**Motor Vehicles Unauthorized to Travel on Roads for Lack of Registration; Temporary Registration for Transit Only**

Sec. 3. To provide for the movement of any vehicle subject to license by the State of Texas which is not authorized to travel on the public roads of the State for lack of registration or for lack of reciprocity with the state or country in which it is registered, the Department is authorized to temporarily register such vehicle upon application of the owner thereof. Such registration shall be for one (1) trip only between the points of origin and destination and such intermediate points as may be set forth in the application and registration receipt; and, except where the vehicle is a bus operating under charter which is not covered by a reciprocity agreement with the state or country in which it is registered, such registration shall be for the transit of the vehicle only, and the vehicle shall not at the time of

the transit be used for the transportation of any passenger or property whatsoever, for compensation or otherwise. In no case shall such temporary registration be valid for a period longer than fifteen (15) days from the effective date of the registration.

Such registration may be obtained by submitting application therefor on a form prescribed and furnished by the Department, to the County Tax Collector of the county in which the vehicle is first to be operated on the public roads of this State, or to the Department in Austin, and by accompanying such application with a fee of Five Dollars (\$5) in cash, post office money order or certified check. A registration receipt shall be issued on a form prescribed and furnished by the Department, which shall be recognized as legal registration and which shall contain all pertinent information required by this law. Said registration receipt shall be carried in the vehicle at all times during its transit within the State.

The Department may refuse, and notify the County Tax Collectors to refuse, to issue temporary registration for any vehicle, when, in its opinion, the vehicle or the owner thereof has been involved in operations which constitute an abuse of the privilege herein granted. Any registration issued after such notice to the County Tax Collectors shall be void.

Any person who shall operate or move any vehicle under registration provided for herein, outside the routes provided for therein, shall be fined not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200).

This Act applies to registration of vehicles only, and nothing herein shall be construed to authorize the operation or movement of any vehicle in this State in violation of any other laws of this State.

Sections 2 to 4 of the amendatory act of 1969 provided:

"Sec. 2. If any section, subsection, sentence, clause, or phrase of this Act is for any reason held unconstitutional, the unconstitutionality thereof shall not affect the validity of the remaining portion of this Act. The Legislature hereby declares that it would have passed the Act and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

"Sec. 3. All laws or parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

"Sec. 4. The fact that the number of motor vehicle registrations made by the county tax assessors-collectors has steadily increased, and the fact that labor and material costs and other administrative expenses which are necessary in the issuance of such registrations have materially increased, and the fact that there has been no increase in the fees allowed tax assessors-collec-

tors for performing this service, create an emergency and an imperative public necessity that the Constitutional Rule requiring that bills be read on three several days in each house be and the same is hereby suspended, and that this Act shall take effect and be in force at the beginning of the 1970 registration year, and it is so enacted."

**Art. 6675a-7. Fees; Road Tractors**

The annual license fee for the registration of a road tractor shall be based upon the weight of the tractors, as certified by any Official Public Weigher or any License and Weight Inspector of the State Highway Department, as follows:

| Gross Weight in Pounds | Fee per 100 Pounds or Fraction Thereof |
|------------------------|--|
| 1- 4,000               | \$ .275                                |
| 4,001- 6,000           | .55                                    |
| 6,001- 8,000           | .66                                    |
| 8,001-10,000           | .825                                   |
| 10,001-and up          | 1.10                                   |

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 7. Amended by Acts 1941, 47th Leg., p. 144, ch. 110, § 6; Acts 1957, 55th Leg., p. 731, ch. 301, § 2(c).]

**Art. 6675a-8. Fees; Trailers or Semi-Trailers**

The annual license fee for the registration of trailer or semi-trailer shall be based upon the gross weight and tire equipment of the trailer or semi-trailer as follows:

| Gross Weight in Pounds | Fee per 100 Pounds or Fraction Thereof |                           |
|------------------------|--|---------------------------|
|                        | Equipped With Pneumatic Tires          | Equipped with Solid Tires |
| 1- 6,000               | \$ .33                                 | \$ .44                    |
| 6,001- 8,000           | .44                                    | .55                       |
| 8,001-10,000           | .55                                    | .66                       |
| 10,001-17,000          | .66                                    | .88                       |
| 17,001-and up          | .715                                   | .99                       |

The term "gross weight" as used in this Section means the actual weight of the trailer or semi-trailer, as officially certified by any Public Weigher or any License and Weight Inspector of the State Highway Department, plus its net carrying capacity. "Net carrying capacity" as used in this Section shall be the weight of the heaviest net load to be carried on the vehicle being registered; provided said net carrying capacity shall in no case be less than the manufacturer's rated carrying capacity.

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 8. Amended by Acts 1941, 47th Leg., p. 144, ch. 110, § 7; Acts 1957, 55th Leg., p. 731, ch. 301, § 2(d).]

**Art. 6675a-8a. Fees; Motor Buses**

Annual license fees for the registration of motor buses shall be based upon the "gross weight" of the vehicle as follows:

| Gross Weight<br>in Pounds | Fee Per 100 lbs. or<br>Fraction thereof |
|---------------------------|---|
| 1- 6,000                  | \$0.44                                  |
| 6,001- 8,000              | 0.495                                   |
| 8,001-10,000              | 0.605                                   |
| 10,001-17,000             | 0.715                                   |
| 17,001-24,000             | 0.77                                    |
| 24,001 -31,000            | 0.88                                    |
| 31,001-and up             | 0.99                                    |

**Art. 6675a-8c. Diesel Motors, Certain Vehicles Propelled by Fee; License Receipts to Show Type of Motor**

It is expressly provided that the license fees for all motor vehicles, other than a passenger car and other than a truck that has a manufacturer's rated carrying capacity of two (2) tons or less, using or being propelled by diesel motors or engines shall be the fees provided in other sections of this Act, plus an additional eleven percent (11%); provided, however, that such additional percentage shall not apply to the fee for the combined gross weight of vehicles registered in combination. When motor vehicles other than a passenger car or a truck described by this section are propelled by diesel fuel, such fact shall be indicated on the license receipts issued for such vehicles by the county tax collectors.

**Art. 6675a-9. Schedule of Fees Furnished Tax Collectors**

The Department shall compile and furnish to the County Tax Collectors a complete and detailed schedule of license fees to be collected on the various makes, models and types of vehicles required to be registered hereunder; and the weight, net weight, or gross weight of any vehicle required to be registered, as determined by the Department, shall be accepted as correct for registration purposes to the exclusion of any and all other purported weights of said vehicle.

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 9.]

**Art. 6675a-9a. Optional County Registration Fee**

(a) The Commissioners Court of a County by order may impose, in addition to the fee imposed by this Act for registering a vehicle in this State, an extra fee of Five Dollars (\$5) for each vehicle registered in the County. A vehicle that may be registered under this Act without payment of a registra-

tion fee may be registered in the County without payment of the extra fee.

(b) A county may impose a fee under this section only to take effect beginning January 1 of a year ending in a "5" or a "0." The county shall adopt the order and notify the Department on or before September 1 of the year preceding the year in which the fee takes effect. Imposition of the fee may be removed but the removal may only become effective beginning January 1 of a year ending in a "5" or a "0." A county may remove the fee only by:

- (1) rescinding the order imposing the fee; and
- (2) notifying the Department on or before September 1 of the year preceding the year in which the removal takes effect.

(c) The County Tax Collector of a County imposing a fee under this section shall collect the extra fee for a vehicle simultaneously with the collection of other fees imposed under this Act for the vehicle.

(d) The Department shall collect the extra fee on a vehicle owned by a resident of a County imposing a fee under Subsection (a) of this section that under this Act must be registered directly with the Department. The Department shall remit all fees collected for the County under this subsection to the County Treasurer for deposit in the County Road and Bridge Fund.

(e) The Department shall adopt rules and develop forms necessary to administer registration by mail for vehicles registering in a County imposing a fee under Subsection (a) of this section.

[Acts 1983, 68th Leg., p. 4710, ch. 822, § 1, eff. Aug. 29, 1983.]

Section 3 of the 1983 Act provides:

"A fee imposed by a county under Section 9a, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929 (Article 6675a-1 et seq., Vernon's Texas Civil Statutes), applies to a registration period that begins on or after the date the fee takes effect."

**Art. 6675a-10. Apportionment of Funds**

(a) Except as provided by Subsection (c-1) of this section, on Monday of each week each County Tax Collector shall deposit in the County Depository of his County to the credit of the County Road and Bridge Fund an amount equal to one hundred per cent (100%) of net collections made hereunder during the preceding week until the amount so deposited for the current calendar year shall have reached a total sum of Fifty Thousand Dollars (\$50,000) plus Three Hundred and Fifty Dollars (\$350) for each mile of county road, not to exceed five hundred (500) miles, maintained by the County according to the latest data available from the State Department of Highways and Public Transportation.

(b) After depositing the amount provided by Subsection (a) of this section, the County Tax Collector shall deposit to the credit of the Fund on Monday of each week fifty per cent (50%) of the collections made during the preceding week until the additional

amount deposited equals the sum of One Hundred Twenty-five Thousand Dollars (\$125,000).

(c) After depositing the amounts provided by Subsections (a) and (b) of this section, he shall make no further deposits to the credit of said Fund during that calendar year. All collections made during any week under the provisions of this Act in excess of the amounts required to be deposited to the credit of the Road and Bridge Fund of his County shall be remitted by each County Tax Collector on each Monday of the succeeding week to the State Department of Highways and Public Transportation together with carbon copies of each license receipt issued hereunder during the preceding week. He shall also on Monday of each week remit to the Department, as now provided by law, all transfer fees and chauffeurs' license fees collected by him during the preceding week, together with carbon copies of all receipts issued for said fees during the week.

*Text of (c-1) as added by Acts 1983, 68th Leg., p. 2185, ch. 405, § 3*

(c-1) On Monday of each week each County Tax Collector shall remit to the State Department of Highways and Public Transportation, for deposit in the motorcycle education fund in the state treasury, Seventy-five Cents (\$.75) of each license fee received in the preceding week for registration of a motorcycle or moped, together with a carbon copy of the receipt issued for payment of the fee.

*Text of (c-1) as added by Acts 1983, 68th Leg., p. 4711, ch. 822, § 2*

(c-1) On Monday of each week each County Tax Collector in a County imposing a fee under Section 9a of this Act shall deposit in the County Depository of the County to the credit of the County Road and Bridge Fund, an amount equal to ninety-seven per cent (97%) of the extra fees collected under Section 9a of this Act.<sup>1</sup> The County Tax Collector shall remit to the Department the remaining three per cent (3%) to defray costs incurred by the Department in administering its duties under Section 9a of this Act.

(d) Except as provided by subsection (c-1) of this section, the County Tax Collector may defer remittance to the Department of fees collected under this Act if the fees are deposited in an interest-bearing account or certificate in the County Depository. The County Tax Collector shall remit to the Department fees so deposited no later than the thirty-fourth (34th) day after the due dates set forth in Subsections (b) and (c) of this section.

(e) He shall also accompany all remittances to the Department with a complete report of such collections made and disposition made thereof, the form and contents of said report to be prescribed by the Department. None of the moneys so placed to the credit of the Road and Bridge Fund of a county shall be used to pay the salary or compensation of any County Judge or County Commissioner, but all

said moneys shall be used for the construction and maintenance of lateral roads in such county under the supervision of the County Engineer, if there be one, and if there is no such engineer, then the County Commissioners Court shall have authority to command the services of the District Engineer or Resident Engineer of the Department for the purposes of supervising the construction and surveying the lateral roads in their respective counties. All funds allocated to the counties by the provisions of this Act may be used by the counties in the payment of obligations, if any, issued and incurred in the construction or the improvement of all roads, including State Highways of such counties and districts therein; or the improvement of the roads comprising the county road system; or for the purpose of constructing new roads, or in aid thereof. Roads to be constructed under contract by counties utilizing funds provided under this Act should be accomplished to the maximum extent possible by contracts awarded on the basis of competitive bids.

(f) The County owns all interest earned on fees deposited in an interest-bearing account or certificate under Subsection (d) of this section. The County Treasurer shall credit the interest earned on fees so deposited to the County General Fund.

#### Art. 6675a-10a. Remittance of Funds, Interest

All funds required by this Act to be remitted to the State Highway Department, which are not so remitted within sixty days after being collected, shall thereafter bear interest for the benefit of the State Highway Fund at the rate of ten (10%) per cent per annum, which interest shall be charged to each County Tax Collector failing or refusing to remit said funds within said period of sixty days. The exact amount of said interest charge shall be determined by the State Highway Department by a careful audit of the license fees received and disbursed by said Tax Collector pursuant to the laws relating to the registration and transfer of vehicles; and the State of Texas shall have a valid claim against the County Tax Collector and his official bondsmen<sup>1</sup> for the amount of such interest as determined by said audit, provided, however, that no person shall be authorized or permitted to collect any license fees under the provisions of this Act

except the Tax Collector or a duly authorized and appointed deputy.

**Art. 6675a-12b. Rebuilt Vehicles**

It shall be the duty of each Tax Collector before registering a rebuilt vehicle to require from the owner or applicant an affidavit stating that such vehicle is rebuilt and giving the names of the persons or firms from whom the parts used in assembling the vehicle were obtained.

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 12b.]

**Art. 6675a-13. Plate or Plates or Other Devices for Attachment to Vehicles**

(a) The Department shall issue to applicants for a motor vehicle registration, on payment of the required fee, a plate or plates, symbols, tabs, or other devices which when attached to a vehicle as prescribed by the Department are the legal registration insignia for the period issued.

(b) The Department shall issue only one license plate or set of license plates for each vehicle during any five-year period, the first such period to begin April 1, 1975, unless a replacement plate or set of plates is applied for under the provisions of Section 13a of this Act.<sup>1</sup>

(c) Upon the application and payment of the prescribed fee for reregistration of a vehicle for the first, second, third, or fourth registration year following the issuance of a plate or set of plates for the vehicle, the Department shall issue a symbol, new license plates, tab, or other device to be attached by the applicant to the plate or plates as prescribed by the Department.

(d) Replacement plates issued under the provisions of Section 13a of this Act may be used during the registration year of issue and during the succeeding years of the five year period as prescribed in subparagraph (b) above if the proper symbol, tab, or other device is properly attached.

(e) The provisions of Subsections (b), (c), and (d) of this section do not apply to the issuance of special category plates as designated by the Department, including State official license plates, exempt plates for governmental entities, and temporary registration plates.

(f) The Department shall make and publish rules and regulations for the issuance and use of license plates, symbols, tabs, and other devices issued under the provisions of this Act.

(g) The Department shall provide a separate and distinctive tab to be affixed to the license plates of those automobiles, pickups and recreational vehicles that are offered for rent, as a business, to any part of the general public.

(h) The Department shall issue to each person registering a moped under this Act a license plate for the moped. The license plate shall bear a distinctive lettering designation and the word "moped."

**Art. 6675a-13<sup>1</sup>/<sub>4</sub>. Costs of Manufacturing Plates, Symbols and Tabs**

It is further provided that the Texas Highway Department shall reimburse the Texas Department of Corrections for the cost of manufacturing motor vehicle license plates, symbols, tabs, or other devices to be attached to motor vehicle license plates as provided herein and said Department of Corrections shall be reimbursed as licensed plates, sym-

bols, tabs, or other devices are delivered and invoices are rendered to the Highway Department. At the time manufacture is started, the State Board of Control or its successor shall fix a price to be paid per license plate, symbol, tab, or other device, and shall use as the basis for such price the costs of metal, paint, other materials purchased, the inmate maintenance cost per day, overhead expense, miscellaneous charges, and the amount of profit previously approved for such work, provided however that the annual profit to the Texas Department of Corrections from all contracts entered into for the manufacture of license plates or related manufacturing as previously stated, shall not be less than the amount of said profit received by the Texas Department of Corrections for the manufacture of 1974 State of Texas license plates.

**Art. 6675a-13<sup>1</sup>/<sub>2</sub>. Designs and Specifications of Reflectorized Plates, Symbols and Tabs**

(a) The State Highway Department shall prepare the designs and specifications for the single plate or plates of metal or other material, symbols, tabs, or other devices selected by the State Highway Commission to be used as the legal registration insignia with the requirement, however, that all license plates shall be made with a reflective material so as to be a reflectorized safety license plate. The reflectorized material shall be of such a nature as to provide effective and dependable brightness in the promotion of highway safety during the service period of the license plate issued. The State Highway Department shall design the license plates to include a design at least one-half inch wide that represents in silhouette the shape of the State of Texas and that appears, in lieu of a star, between letters and numerals.

(a-1) [Expired]

(b) Thirty cents (30¢) shall be added to the cost of each license plate or set of plates, symbol, tab, or other device used as the legal registration insignia, purchased for 1968 licenses, and licenses for each year thereafter. Such funds collected shall be used by the State Highway Department for the purpose of purchasing equipment and material for the production and manufacturing of reflectorized license plates, as provided in Subsection (a) of this Act for the calendar year of 1969 and thereafter. The purchase of such reflective material shall be submitted to the State Board of Control for approval.

(c) The provisions of Subsection (a) of this Act requiring the reflectorizing of license plates shall be effective starting with the issuance of license plates for the calendar year 1969.

"The design change required by this Act applies to license plates manufactured after this Act takes effect."

**Art. 6675a-13a. Replacement Number Plates**

The owner of a registered motor vehicle may obtain from the Department through the County Tax Collector replacement number plates for such vehicle by filing with said collector an affidavit showing that said number plate or plates have been lost, stolen or mutilated, and by paying a fee of five dollars for each set of plates issued. The County Tax Assessor-Collector shall retain as commission one-half (1/2) of this fee collected for replacement number plates and the other one-half (1/2) of such fee shall be reported to and remitted to the State Department of Highways and Public Transportation on Monday of each week as other registration fees are now required to be reported and remitted. In case one or more plates are left in possession of such owner same shall be returned to the Tax Collector when making this affidavit. Said affidavit shall state that such plate or plates have been lost, stolen or mutilated and will not be used on any vehicle owned or operated by the person making this affidavit. No Tax Collector shall issue replacement plates without requiring compliance with the provisions of this Section.

**Art. 6675a-13b. Registration for Branch Office**

In all counties having a population of not less than twenty-four thousand, five hundred (24,500) and not more than twenty-four thousand, seven hundred (24,700) inhabitants, according to the last preceding Federal Census, the County Tax Collector may establish a sub-office or branch office at one or more places in the county other than at his office in the county courthouse for the purpose of making sales of motor vehicle license plates, and the County Tax Collector shall have authority to appoint a Deputy to make such sales in the same manner and with the same authority as though they were made in the office of the County Tax Collector, and the report of all of such sales shall be made through the office of the County Tax Collector just as though such sales were actually made in his office.

[Acts 1941, 47th Leg., p. 545, ch. 340, § 1.]

**Art. 6675a-13c. Branch Offices and Deputies for Sale of License Plates; Bond; Report**

The commissioners court in any county may authorize the county tax collector to establish a sub-office or branch office at one or more places in the county other than at the county courthouse for the purpose of making sales of motor vehicle license plates. The county tax collector may be authorized to appoint a deputy to make sales in the same manner and with the same authority as though done

in the office of the county tax collector. The deputy shall be subject to the bond requirements of Article 7252, Revised Civil Statutes of Texas, 1925, as amended. The report of all license plate sales shall be made through the office of the county tax collector as though done in his office.

[Acts 1971, 62nd Leg., p. 70, ch. 36, § 1, eff. March 22, 1971.]

**Art. 6675a-14. Distribution of Funds Between State and Counties**

Provided, further, that if the method of distributing between the State and the counties the funds collected under this Act shall be declared invalid because of inequality of collection or distribution of motor vehicle license fees, then said funds shall be distributed sixty (60%) per cent to the counties making the collections and forty (40%) per cent be remitted to the State in the same manner as herein provided.

[Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 15.]

**Art. 6675a-15. Payment of Registration Fee by Check Without Funds; Seizure by Sheriff or Other Officer**

Whenever the tax collector or assessor or collector of taxes shall receive from any person a check and/or draft drawn upon any bank or trust company in payment of the registration license fee or fees and license number plates for the current year on any motor vehicle, truck, tractor, trailer, motorcycle or motorcycle side car and such check and/or draft shall be returned unpaid to such tax collector or assessor and collector of taxes on account of insufficient funds, or no funds, in such bank or trust company to the credit of the drawer thereof, it shall be the duty of such tax collector or assessor and collector of taxes to immediately certify under his official seal, accompanied by said check, the sheriff or any constable or highway patrolman in his county of such fact, giving such officer the name and address of such person who gave him such check and/or draft and the number and make of such motor vehicle, truck, tractor, trailer, motorcycle or motorcycle side car. Such officer, upon receiving any such complaint from the tax collector or assessor and collector of taxes shall be authorized, and it shall immediately become his duty, to find such person, if in his county, and demand of such person the immediate redemption of such check and/or draft. Should any person fail and/or refuse to so redeem any such check and/or draft, theretofore given a tax collector or assessor and collector of taxes in payment of any license fee and license number plates mentioned in this Act and returned unpaid to such tax collector, then any sheriff, or any officer mentioned herein, shall be authorized, and it shall be his duty, to forthwith seize and remove from the motor vehicle, truck, tractor, trailer, motorcycle or motorcycle side car, wherever found, the license number plates theretofore issued to the owner thereof, and such officer shall forth-

with return such license number plates so seized to the office of the tax collector or assessor and collector of taxes issuing same.

**Art. 6675a-16. Agreements With Other States, Provinces, Territories or Possessions Regarding Exemptions; Rules and Regulations; Disposition of Fees; Violations**

(a) In addition to and regardless of the provisions of this Act, or any other Act relating to the operation of motor vehicles over the public highways of this State, the State Department of Highways and Public Transportation acting by and through the State Engineer-Director is hereby authorized to enter into agreements with duly authorized officials of other jurisdictions, including any State of the United States, the District of Columbia, a State or Province of a foreign country, or a territory or possession of either the United States or of a foreign country to provide for the registration of vehicles by Texas residents and non-residents on an allocation or mileage apportionment basis (such as is provided in the International Registration Plan) or to grant exemptions from payment of registration fees by non-residents provided such grants are reciprocal to Texas residents.

(b) The Department is further authorized and empowered to promulgate and to enforce such rules and regulations as may be necessary to carry out the provisions of the International Registration Plan or any other agreement entered into under the authority herein set forth.

(c) All fees collected for other jurisdictions under the provisions of the International Registration Plan or other agreements entered into under the provisions of this Act shall be distributed to the appropriate jurisdiction at the direction of the Department to carry out the provisions of such agreement. There is hereby created a special fund account in the State Treasury, to be known as the Proportional Registration Distributive Fund, and all such fees collected shall be deposited and disbursed through such account.

(d) This section shall be cumulative of all other laws on this subject, but in the event of a conflict between the provisions of this section and any other Act on this subject, the provisions of this section shall prevail.

(e) Any person owning or operating a vehicle not registered in this State, in violation of the terms of any agreement made under this section, or in the absence of any agreement, in violation of the applicable registration laws of this State, shall be guilty of a misdemeanor and upon conviction shall be fined any sum not exceeding Two Hundred (\$200.00) Dollars.

[Acts 1941, 47th Leg., p. 144, ch. 110, § 14. Amended by Acts 1981, 67th Leg., p. 2491, ch. 651, § 1, eff. Aug. 31, 1981.]

**Art. 6675a-16a. Penalty for Violation of Act**

Any person violating any provisions of this Act for the violation of which no other penalty is prescribed shall be deemed guilty of a misdemeanor, and on conviction, shall be fined in any sum not exceeding Two Hundred (\$200.00) Dollars.

See, now, art. 6702-1, § 4.203.

**Art. 6675b-1. Operating Unregistered Vehicle**

Whoever operates upon any public highway a motor vehicle which has not been registered as required by law shall be fined not to exceed two hundred dollars.

[1925 P.C.]

**Art. 6675b-2. Operating Under Improper License**

Whoever operates upon a public highway a motor vehicle under a license, however obtained, for a class other than that to which such vehicle properly belongs, shall be fined not exceeding two hundred dollars.

[1925 P.C.]

**Art. 6675b-3. Motorcycle Without Seal**

Any person operating, or as owner permitting to be operated, on any public highway any motorcycle during any calendar year to which there is not attached a registration seal assigned to said motorcycle, shall be fined not exceeding two hundred dollars.

[1925 P.C.]

**Art. 6675b-4. Unauthorized Distinguishing Seal**

Whoever obtains a distinguishing seal for a motor vehicle or motorcycle from any source other than the State Highway Department or its authorized agents, unless authorized by law, shall be fined not less than twenty-five dollars.

[1925 P.C.]

**Art. 6675b-5. Sale of Imitation Seal or Number**

Whoever sells or offers to sell any seal or number in imitation of those furnished by the State Highway Department shall be fined not less than twenty-five dollars.

[1925 P.C.]

**Art. 6675b-6. Must Have Own Number and Seal**

Whoever shall operate, or as owner permit to be operated upon a public highway a motor vehicle with a number plate or seal issued for a different motor vehicle attached thereto shall be fined not exceeding two hundred dollars.

[1925 P.C.]

**Art. 6675b-7. Wrong or Unclean Number Plate**

No person shall attach to or display on any motor vehicle any number plate or seal assigned to a different motor vehicle or assigned to it under any other motor vehicle law other than by the State Highway Department, or any registration seal other than that assigned for the current year, or a home-made or fictitious number plate or seal. All letters, numbers and other identification marks shall be kept clear and distinct and free from grease or other blurring matter so that they may be plainly seen at all times during daylight. Whoever violates any provision of this article shall be fined not exceeding two hundred dollars.

The Department shall have authority in disputed cases to determine the classification in which any vehicle belongs and the amount of fee which shall be paid therefor.

[Acts 1925, S.B. 84.]

**Art. 6685. Transfer Fees**

When any person, other than a dealer, sells a vehicle subject to registration hereunder, he shall indorse upon his certificate of registration a written transfer of the same. The purchaser of such motor vehicle shall pay to the county tax collector of the county of his residence a transfer fee of one dollar, with his full name and address, and he shall then be regarded as the owner thereof and amenable to the provisions of this law.

[Acts 1925, S.B. 84.]

**Art. 6686. Dealer's and Manufacturer's License Plates and Tags**

(a) Dealer's and Manufacturer's License Plates for Unregistered Motor Vehicles, Motorcycles, House Trailers, Trailers, and Semitrailers.

(1) Dealer's License. Any dealer in motor vehicles, motorcycles, house trailers, trailers, or semitrailers doing business in this State may, instead of registering each vehicle he operates or permits to be operated for any reason upon the streets or public highways, apply for and secure a general distinguishing number and master dealer's license plate which may be attached to any such vehicle he owns and operates or permits to be operated unregistered. Each dealer holding a current distinguishing number and master dealer's license plate may apply for and be issued additional or supplemental metal dealer's plates, as hereinafter provided, which may be attached to any vehicle which he owns and operates or permits to be operated unregistered in the same manner as a vehicle operated on the master dealer's license plate. A dealer within the meaning of this Act means any person, firm, or corporation

regularly and actively engaged in the business of buying, selling, or exchanging motor vehicles, motorcycles, house trailers, trailers, or semitrailers at an established and permanent place of business; provided, however, that at each such place of business a sign in letters at least six (6) inches in height must be conspicuously displayed showing the name of the dealership under which such dealer is doing business, and that each such place of business must have a furnished office and, except for dealers who are licensed by the Texas Motor Vehicle Commission pursuant to the Texas Motor Vehicle Commission Code<sup>1</sup> and dealers who sell vehicles to or exchange vehicles with no person other than another dealer licensed under this Act, sufficient space to display five (5) vehicles of the type customarily bought, sold, or exchanged by such dealer.

(2) *Manufacturer's License.* Any manufacturer of motor vehicles, motorcycles, house trailers, trailers, or semitrailers in this State may, instead of registering each new vehicle he may wish to test upon the streets or public highways, apply for and secure a general distinguishing number which must be attached to any such vehicle sent unregistered upon the highways for the purpose of testing; provided, however, that no load may be carried upon commercial motor vehicles so tested. A manufacturer within the meaning of this Act means any person, firm, or corporation who manufactures or assembles in this State new motor vehicles, motorcycles, house trailers, trailers, or semitrailers.

(3) *Buyer's Temporary Cardboard Tags.* Each dealer holding a current distinguishing number may issue temporary cardboard tags, which may be used by a buyer to operate an unregistered vehicle he purchased from said dealer for a period of twenty (20) days from the date of purchase; provided, however, that a dealer may issue only one (1) buyer's tag to a purchaser for each unregistered vehicle said dealer sells. The specifications, color, and form of such buyer's cardboard tag shall be prescribed by the Department; provided, however, that each dealer shall be responsible for the safekeeping and distribution of all cardboard tags obtained by him; and furthermore, each dealer is responsible for showing in ink on each buyer's cardboard tag he issues the actual date of sale of each unregistered vehicle together with other information asked for thereon.

(4) *Dealer's Temporary Cardboard Tags.* Each dealer holding a current distinguishing number may issue temporary cardboard tags, which may only be used by such dealer or his employees for the following purposes:

(a) to demonstrate or cause to be demonstrated his unregistered vehicles to prospective buyers only for the purpose of sale; provided, however, that no provision of this Act shall be construed to prohibit a dealer from permitting a prospective buyer to operate such vehicles in the course of demonstration.

(b) to convey or cause to be conveyed his unregistered vehicles from the dealer's place of business in one part of the State to his place of business in another part of the State, or from his place of business to a place to be repaired, reconditioned, or serviced, or from the point in this State where such vehicles are unloaded to his place of business, including the moving of such vehicles from the State line to his place of business, or to convey such vehicles from one dealer's place of business to another dealer's place of business or from the point of purchase of such vehicles by the dealer to the dealer's place of business, or for the purpose of road testing, and such vehicles displaying such tags while being so conveyed shall be exempt from the mechanical inspection requirements of Sections 140 and 141 of the Uniform Act Regulating Traffic on Highways.<sup>2</sup>

Such tags shall not be used to operate vehicles for the personal use of a dealer or his employees. Whenever a dealer sells an unregistered vehicle to a retail purchaser, it shall be such dealer's responsibility to display the Buyer's Temporary Cardboard Tag thereon pursuant to Subsection (3) of this Act. The specifications, form, and color of such dealer's cardboard tags shall be prescribed by the Department.

(5) *Cancellation of License.* It shall be the duty of the Department to cancel the dealer's or manufacturer's license issued to a person, firm or corporation when such license was obtained by submitting false or misleading information; and the Department is hereby authorized to cancel dealer's licenses whenever a person, firm, or corporation fails, upon demand, to furnish within thirty (30) days to the Department satisfactory and reasonable evidence of being regularly and actively engaged in the business of buying, selling, or exchanging new or used motor vehicles, motorcycles, house trailers, trailers, or semitrailers at either wholesale or retail; and, it is also provided that the Department may cancel dealer's or manufacturer's licenses issued under this Act for the violation of any provisions of this Act or for the misuse or for allowing the misuse of any cardboard tag authorized under this Act; and, furthermore, the Department is hereby authorized to cancel such licenses whenever a dealer refuses to show on such tags the date of sale or any other reasonable information required to be shown thereon by the Department; provided, however, that nothing in this Act shall be construed to prohibit new entries into the business of buying, selling, exchanging, or manufacturing such vehicles; and provided further that any dealer or manufacturer whose license was cancelled under the terms of this Act shall, within ten (10) days, surrender to a representative of the Department any and all license plates, cardboard tags, license stickers, and receipts issued pursuant to this Act. If any dealer or manufacturer shall fail to surrender to the Department the license plates, the cardboard tags, license stickers, and receipts as provided herein, the

Department shall forthwith direct any peace officer to secure possession thereof and to return same to the Department. Whenever a dealer's or manufacturer's license is cancelled under the provisions of this Act, all benefits and privileges afforded to Texas licensed dealers or manufacturers under the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes), are automatically cancelled, also.

(6) Limited Use of Dealer's Plates and Tags. The use of dealer's license or dealer's temporary cardboard tags is prohibited on service or work vehicles or on commercial vehicles carrying a load; provided, however, that a boat trailer carrying a boat will not be considered to be a commercial vehicle carrying a load, and a dealer complying with the provisions of this Act may affix to the rear of a boat trailer he owns or to the rear of a boat trailer he sells such dealer's distinguishing number or cardboard tags pursuant to the provisions of Subsections (1), (3) and (4) of this section; and, further provided, that the term "commercial vehicle carrying a load" shall not be construed to prohibit the operation or conveyance of unregistered vehicles by licensed dealers (or buyers therefrom) utilizing the full mount method, the saddle mount method, the tow bar method, or any combination thereof, pursuant to Subsections (3) and (4) of this section.

(7) Fees and Forms. Each applicant for an original dealer's or manufacturer's general distinguishing number and master dealer's license plate shall pay to the Department a fee of Two Hundred and Fifty Dollars (\$250). Each applicant for renewal of a dealer's or manufacturer's general distinguishing number and master dealer's license plate shall pay to the Department an annual fee of One Hundred Dollars (\$100) for the number and master dealer's plate. Each applicant, whether for an original number and master dealer's plate or for renewal of a number and master dealer's plate, shall pay a fee of Ten Dollars (\$10) for each additional or supplemental metal dealer's plate desired. All such fees shall be deposited in the State Highway Fund. Applications for a dealer's or manufacturer's license plate, and for renewals thereof, shall be made in writing on forms prescribed and furnished by the Department, and such applications shall require any pertinent information, including sufficient information for the Department to determine that the applicant is actively and regularly engaged in the sale of motor vehicles, motorcycles, house trailers, trailers, or semitrailers as a dealer, to insure proper enforcement and administration; and, furthermore, each such application shall contain a statement to the effect that the applying dealer agrees to permit the Department to examine during working hours the ownership papers for each vehicle, registered or unregistered, in the possession of said dealer or under his control. All facts stated in an application shall be sworn to before an officer authorized to administer oaths and no dealer's or manufacturer's distinguishing number shall be issued until this Act

is complied with. All such applications for dealer's or manufacturer's licenses, accompanied by the prescribed fee, should be made to the Department by January 15 of each year and the license plates for those applications meeting the provisions of this Act will be mailed to the applicants during the succeeding months of February and March. Each dealer's and manufacturer's license shall expire on March 31 of each year. As a condition for the issuance of a license or licenses described in this subsection, each applicant shall procure and file with the Department a good and sufficient bond in the amount of Twenty-five Thousand Dollars (\$25,000). The bond shall be approved as to form by the attorney general and conditioned on the applicant's payment of all valid bank drafts drawn by the applicant for the purchase of motor vehicles from another dealer and the applicant's transfer of good title to each motor vehicle that the applicant purports to sell. Recovery against the bond may be made by any person who obtains a court judgment assessing damages for an act or omission on which the bond is conditioned. If an applicant has a valid dealer's license issued by the Texas Motor Vehicle Commission, the bond required by this subsection is waived.

(8) Defining Vehicle. The term "vehicle" as used in this Act shall be construed to mean motor vehicle, motorcycle, house trailer, trailer, and semitrailer as defined in Article 6675a-1, Revised Civil Statutes.

(9) Defining Department. The term "Department" as used in this Act means the "Texas Highway Department."

(10) Since the operation of vehicles registered in other states is restricted to residents of such states, a dealer who purchases vehicles displaying out-of-state license plates must immediately remove the license plates from such vehicles; and, furthermore, no dealer shall operate or allow to be operated in Texas, for any reason whatsoever, a vehicle displaying out-of-state license plates.

(11) Rules and Regulations. The Department is hereby authorized to promulgate reasonable rules and regulations for the orderly administration of this Act.

(12) Change of Address. It shall be the duty of any dealer or manufacturer as defined in this Act and to whom dealer's or manufacturer's license plates have been issued to notify the Department of a change of address within ten (10) days after such address change.

(13) Display of Dealer's License Plates. The general distinguishing number and all temporary cardboard tags issued pursuant to this Act shall be displayed in a manner conforming to the Department's regulations pertaining to the display of such plates and tags on unregistered vehicles operating on the streets or highways of this State.

(14) Unauthorized Reproduction of Temporary Cardboard Tags. No one other than a dealer as defined in this Act and to whom a current distinguishing number has been issued shall be authoriz-

ed to produce or reproduce by any means whatsoever a Buyer's or Dealer's Temporary Cardboard Tag, and, furthermore, no person, firm or corporation may operate vehicles displaying unauthorized cardboard tags. Any violation of the provisions of this Subsection shall be deemed a misdemeanor and the violator, upon conviction, shall be fined not less than Twenty-five Dollars (\$25) and not more than Two Hundred Dollars (\$200) and all costs of court.

(15) Penalty. Any dealer or manufacturer violating any provisions of this Act for the violation of which no other penalty is prescribed shall be deemed guilty of a misdemeanor, and on conviction, shall be fined not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200) and all the costs of court.

(b) Any person, firm or corporation engaged in this State in the business of transporting and delivering by means of the full mount method, the saddle mount method, the tow bar method, or any other combination thereof, and under their own power, new vehicles and other vehicles, including house trailers, trailers and semi-trailers, from the manufacturer or any other point of origin to any point of destination within the State of Texas, shall make application to the State Highway Commission for a drive-a-way in-transit license. This application for annual license shall be accompanied by a registration fee of Fifty Dollars (\$50) and shall contain such information as the State Highway Commission may require. Upon the filing of the application and the payment of the fee, the State Highway Commission shall issue to each drive-a-way operator a general distinguishing number, which number must be carried and displayed by each motor vehicle in like manner as is now provided by law for vehicles while being operated upon public highways and such number shall remain on the vehicle or vehicles from the manufacturer, or any point of origin, to any point of destination within the State of Texas. Additional number plates bearing the same distinguishing number desired by any drive-a-way operator may be secured from the State Highway Commission upon the payment of a fee of Five Dollars (\$5) for each set of additional license plates. Any person, firm or corporation engaging in the business as a drive-a-way operator of transporting and delivering by means of full mount method, the saddle mount method, the tow bar method, or any combination thereof, and under their own power, new motor vehicles, who fails or refuses to file or cause to be filed an application, as is required by law, and to pay the fees therefor as the law requires, shall be found guilty of violating the provisions of this Act and upon conviction be fined not less than Fifty Dollars (\$50) and not more than Two Hundred Dollars (\$200) and all the costs of Court. Each day so operating without securing the license and plates as required herein shall constitute a separate offense within the meaning of this Act. The funds collected herein shall be paid into the State Highway Fund of this State.

(c) Every motor vehicle that has been driven under its own power, or towed by another vehicle from the point where manufactured outside this State for

the purpose of sale within this State, shall have affixed to the windshield or front thereof in plain view a sticker not less than three inches in diameter stating that such vehicle has been driven or towed from point where manufactured. Such notice shall remain on such vehicle until the sale thereof by the dealer.

(d) Manufacturer to Give Notice of Sales of<sup>3</sup> Transfer. Every manufacturer or dealer, upon transferring a motor vehicle, trailer, or semi-trailer, whether by sale, lease or otherwise, to any person other than a manufacturer or dealer, shall immediately give written notice of such transfer to the Registration Division of the State Highway Department upon the official form provided by the State Highway Department. Every such notice shall contain the date of such transfer, names and addresses of the transferrer and transferee and such description of the vehicle as may be called for in such official form.

(d)-1. The Department is authorized to issue or cause to be issued temporary license plates made of cardboard or other similar material to any person, firm, or corporation, other than manufacturers, dealers, or dealers' representatives, of motor vehicles, trailers, and semitrailers, authorizing them to drive or operate any new vehicle, provided same is not used to transport property, upon the public highways of this State from the manufacturer's place of business in another State or Country after having purchased said vehicle from a dealer in this State, and to drive or operate any new vehicle from another State or Country after having purchased said vehicle from a dealer in the other State or Country. It is further provided that the said temporary license plate shall not be valid for a period longer than thirty (30) days from date of issuance and that the Department shall place or cause to be placed on said license plates the date of expiration, and the type of vehicle for which each said temporary license plate is issued at the time it is issued. And provided, a fee of Three Dollars (\$3) shall be paid for each plate and that only one (1) plate shall be issued for each vehicle.

(e) All registration fees shall be paid in the county in which the owner lives at the time of registration of said motor vehicle.

(f) Any person found guilty of violating any of the provisions of this Act shall, upon conviction, be fined not less than Fifty (\$50.00) Dollars and not more than One Hundred Fifty (\$150.00) Dollars, and all costs of court.

Acts 1971, 62nd Leg., p. 944, ch. 156, which by section 1 amended subsection (a)(6) of this article, in sections 2 and 3 provided:

"Sec. 2. All laws in conflict herewith are hereby repealed.

"Sec. 3. If any provision of this Act or the application thereof to any person or circumstances is held invalid such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Section 4 of the 1971 amendatory act, an emergency provision, provided in part:

"\* \* \* the Attorney General of Texas recently interpreted the terms and provisions of Subsection (6) of Article 6686(a), Revised Civil Statutes of Texas, 1925, so as not to authorize the operation or conveyance by licensed dealers (or buyers therefrom) of their unregistered vehicles by the full mount, saddle mount, tow bar method or any combination thereof, and \* \* \* such opinion of the Attorney General of Texas has brought about a chaotic, unintended, nonuniform and confused condition in administering such law not heretofore existing \* \* \*".

**Art. 6687. Repealed by Acts 1935, 44th Leg., 2nd C.S., p. 1785, ch. 466, § 22**

**Art. 6687a. Repealed by Acts 1941, 47th Leg., p. 245, ch. 173, § 45**

**ARTICLE I—WORDS AND PHRASES DEFINED****Definition of Words and Phrases**

*Text of § 1 as amended by Acts 1983, 68th Leg., p. 1793, ch. 345, § 1*

Sec. 1. The following words and phrases when used in this Act shall, for the purpose of this Act, have the meanings respectively ascribed to them in this title. Words and phrases not defined in this Act but which are defined in the Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes) shall have the meanings respectively ascribed to them in that Act. Words and phrases which are defined neither in this Act nor in the Uniform Act Regulating Traffic on Highways shall be read in context and construed according to the rules of grammar and common usage. Words and phrases that have acquired a technical or particular meaning, whether by legislative definition or otherwise, shall be construed accordingly.

(1) "Department" means the Department of Public Safety.

(2) "Driver's license" means a license or permit issued by the Department that authorizes the operation of a motor vehicle.

(3) "License or license to operate a motor vehicle" means a driver's license or other license or permit to

operate a motor vehicle issued under, or granted by, the laws of this State including:

(A) a temporary license or instruction permit;

(B) the privilege of a person to drive a motor vehicle whether or not the person holds a valid license;

(C) a nonresident's operating privilege; and

(D) an occupational license.

(4) "Certificate" means a personal identification certificate, handicap certificate, or health condition certificate issued by the Department.

(5) "Revocation of driver's license" means the termination by formal action of the Department of a person's license or privilege to operate a motor vehicle on a public highway which may not be restored except by applying to the Department for a new license after the expiration date of the revocation.

(6) "Suspension of driver's license" means the temporary withdrawal of a person's license or privilege to operate a motor vehicle on a public highway.

(7) "State" means a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a province of Canada.

(8) "Driver" means a person who drives or is in actual physical control of a vehicle.

(9) "Nonresident" means a person who is not a resident of this state.

(10) "Gross weight" and "seating capacity" have the meanings assigned to those terms by Section 6, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929 (Article 6675a-6, Vernon's Texas Civil Statutes).

*Text of § 1(c) and (s) as amended by Acts 1983, 68th Leg., p. 2197, ch. 410, §§ 4 and 5*

(c) "Motorcycle" means every motor vehicle having a saddle for the use of the rider and designed to propel itself with not more than three (3) wheels in contact with the ground but excluding a tractor or any three-wheeled vehicle equipped with a cab, seat, and seat belt and designed to contain the operator of the vehicle inside the cab.

(s) "Moped" has the meaning attributed to it in the Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes).

*Text of § 1(t) as added by Acts 1983, 68th Leg., p. 2198, ch. 410, § 6*

(t) "Motor-driven cycle" has the meaning assigned by Section 2(i), Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes).

### Rules

Sec. 1A. The Department may adopt rules that it determines are necessary to effectively administer this Act.

## ARTICLE II—ISSUANCE OF LICENSES, EXPIRATION, AND RENEWAL

### Drivers Must Have License

Sec. 2. (a) No person, except those hereinafter expressly exempted, shall drive any motor vehicle upon a highway in this State unless such person has a valid driver's license issued under the provisions of this Act.

(b) A person may not receive a driver's license until he surrenders to the Department all valid driver's licenses in his possession issued to him by this or any other state. A surrendered license issued by another state shall be returned to the state accompanied by a statement that the person is licensed in this State.

(c) No person holding a driver's license duly issued under the provisions of this Act shall be required to obtain any license for the operation of a motor vehicle from any other State authority or department. Subsection (c) of Section 4 of Article 911A and Subsection (b) of Section 4 of Article 911B, Revised Civil Statutes, is hereby repealed.

### Persons Exempt From License

Sec. 3. (a) The persons described in the following subsections of this section are exempt from licensure hereunder.

(b) Every person in the service of the United States when operating an official motor vehicle in such service is exempt from licensure.

(c) Any person while driving or operating any road machine, farm tractor, or implement of husbandry temporarily operated or moved on a highway is exempt from licensure.

(d) A nonresident who is at least sixteen (16) years of age and who has in his immediate possession a valid driver's license issued to him in his home state may operate a motor vehicle which is permitted to be operated with a Class C driver's license in this State.

(e) Any nonresident who is at least eighteen (18) years of age and who has in his immediate possession a valid Class A or Class B driver's license or similar license issued to him by his home state shall not be required to secure such license under this Act, provided the state or country of his residence likewise recognizes such licenses issued by the State of Texas and exempts the holders thereof from securing such licenses from such foreign state or country. The purpose of this section is to extend full reciprocity to citizens of other states and foreign countries which extend like privileges to citizens of the State of Texas.

(f) A nonresident on active duty in the armed forces of the United States who has a valid license issued by his home state and such nonresident's spouse or dependent son or daughter who has a valid license issued by such person's home state is exempt from licensure.

(g) The validity of any Texas driver's license held by any person who enters or is in the United States armed forces shall continue in full force and effect so long as the service continues and the person remains absent from this State, and for not to exceed ninety (90) days following the date on which the licensee is honorably separated from such service or returns to this State, unless the license is sooner suspended, canceled, or revoked for cause as provided by law.

(h) Any person on active duty in the armed forces of the United States who has in his immediate possession a valid license issued in a foreign country by the armed forces of the United States may operate a motor vehicle in this State for a period of not more than ninety (90) days from the date of his return to the United States.

### New State Residents; Time to Obtain License

Sec. 3A. A person who enters this State as a new resident may operate a motor vehicle in this State only as a Class C driver for thirty (30) days after entering the State if he is at least sixteen (16) years of age and has in his immediate possession a valid driver's license issued to him by his state or country of previous residence. If a person claiming to be covered by this section is prosecuted for driving without a valid driver's license and the prosecution alleges that he has resided in this State for more than thirty (30) days, he must prove by a preponderance of the evidence that he has not resided in the State for more than thirty (30) days.

### Who May Not Be Licensed

Sec. 4. The Department shall not issue any license under this Act to:

(1) any person who is under the age of fifteen (15) years;

(2) any person, as a Class A or Class B driver, who is under eighteen (18) years of age, unless he has completed the approved driver training course referred to in Section 7 of this Act; and in no case shall a Class A or Class B driver's license be issued to one under seventeen (17) years of age;

(3) any person whose driver's license issued by this State or another state or country has been suspended, revoked, or canceled, during the suspension, revocation, or cancellation;

(4) any person who is shown to be addicted to the use of alcohol or a controlled substance or other drugs that render a person incapable of driving;

(5) any person who has previously, by a court of competent jurisdiction, been adjudged mentally incompetent and who has not, at the time of such

application, been restored to competency by judicial decree or released from a hospital for the mentally incompetent upon a certificate of the superintendent that such person is competent;

(6) any person who is required by this Act to take an examination, unless such person shall have successfully passed such examination;

(7) any person when in the opinion of the Department such person is afflicted with or suffering from such physical or mental disability or disease as will serve to prevent such person from exercising reasonable and ordinary control over a motor vehicle while operating the same upon the highways, nor shall a license be issued to any person who is unable to identify and understand highway warnings or direction signs in the English language; provided, however, no person shall be refused a license because of any physical defect unless it be shown by common experience that such defect incapacitates him from safely operating a motor vehicle; or

(8) any person when the Department has good cause to believe that the operation of a motor vehicle on the highways by such person would be inimical to public safety or welfare.

**Who May Not be Licensed; Driving While Intoxicated; Persons Convicted of Offenses; Juveniles Under Court Order**

*Text of § 4A as added by Acts 1983, 68th Leg., p. 1569, ch. 303, § 1*

Sec. 4A. (a) The Department may not issue a license or permit to a person convicted of an offense under Article 67011-1, Revised Statutes, or Subdivision (2), Subsection (a), Section 19.05, Penal Code, unless the period of suspension that would have applied had the person had a license, permit, or privilege at the time of the conviction has expired. The Department may not issue a license or permit to a person if the Department has been ordered by a juvenile court under Section 54.042, Family Code, to deny the person a license or permit, unless the period of time specified in the order has expired.

(b) A person does not have a privilege to operate a motor vehicle in this state during the period described in Subsection (a) of this section if the Department is prohibited from issuing a license or permit to that person under this section.

**Classified Driver's License**

*Text of § 4A as added by Acts 1983, 68th Leg., p. 1797, ch. 345, § 2*

Sec. 4A. (a) The Department, when issuing a driver's license, shall indicate on the license the type or general class of vehicle the licensee may drive.

(b) A Class A driver's license permits a person to drive any vehicle or combination of vehicles, including a vehicle included in Class B or Class C, except a motorcycle or moped.

(c) A Class B driver's license permits a person to drive the following vehicles, except a motorcycle or moped:

(1) a single vehicle with a gross vehicle weight exceeding 24,000 pounds, alone or towing either a vehicle with a gross vehicle weight that does not exceed 10,000 pounds or a farm trailer with a gross vehicle weight that does not exceed 20,000 pounds;

(2) a bus; and

(3) a vehicle included in Class C.

(d) A Class C driver's license permits a person to drive the following vehicles, except a motorcycle or moped:

(1) a single two-axle vehicle with a gross vehicle weight that does not exceed 24,000 pounds, alone or towing either a vehicle with a gross vehicle weight that does not exceed 10,000 pounds or a farm trailer with a gross vehicle weight that does not exceed 20,000 pounds; and

(2) a bus with a seating capacity of less than 24 passengers.

(e) A Class M driver's license permits a person to drive a motorcycle or moped.

(f) A Class P permit is an instruction permit for any class.

**Special Restrictions On Drivers of School Buses and Public or Common Carrier Motor Vehicles**

Sec. 5. (a) No person who is under the age of eighteen (18) years shall drive any motor vehicle while in use as a school bus for the transportation of pupils to or from school. A person who is eighteen (18) years of age or older may not operate a vehicle as a school bus until he has been properly licensed to operate a school bus. It shall be unlawful for any person to be employed to drive a motor vehicle while in use as a school bus for the transportation of pupils who has not undergone a physical examination which reveals his physical and mental capabilities to safely operate a school bus. Such physical examinations shall be conducted annually for each driver. A pre-employment driver's license check shall have been made with the Texas Department of Public Safety prior to the employment and the person's driving record must be acceptable according to standards developed jointly by the Central Education Agency and the Texas Department of Public Safety. Effective at such date and under provisions as may be determined by the Central Education Agency, the driver of a school bus shall have in his possession a certificate stating he is enrolled in, or has completed, a driver training course in school bus safety education that has been approved jointly by the Central Education Agency and the Texas Department of Public Safety. The bus driving certificate shall remain valid for a period of three years.

(b) Except as provided by Subsection (c) of this section, no person who is under the age of eighteen

(18) years shall have a motor vehicle while in use as a public or common carrier of persons until he has been properly licensed to drive the motor vehicle.

(c) A person may not drive a taxicab unless the person is at least eighteen (18) years of age and is licensed by the Department.

#### Junior College Buses; Qualifications of Drivers

Sec. 5A. Persons eighteen (18) years of age or older who have been licensed by the Department of Public Safety to drive a type of motor vehicle as a school bus may drive the motor vehicle for the transportation of junior college students and employees to and from school or official school activities. A school bus operated by a junior college may also transport students of any public school where convenient. If students of any local public school district are transported to and from school on any bus operated by a junior college, and the driver of the bus is under twenty-one (21) years of age, the selection of any person to drive the school bus must be approved by the principal of the local public school whose students are being transported. Provided, however, that this Act will not apply to drivers of vehicles operated under permit or certificate issued by the Railroad Commission of Texas.

Sec. 5B. Repealed by Acts 1983, 68th Leg., p. 1830, ch. 345, § 16, eff. Jan. 1, 1984.

#### Application for License

Sec. 6. (a) Every application for an original or renewal of a driver's license shall be made upon a form furnished by the Department, and every original application shall be verified by the applicant before person authorized to administer oaths, and officers and employees of the Department are hereby authorized to administer such oaths without charge. No officer or employee of the State shall be permitted to make any charge to administer such oaths. Every said application shall be accompanied by the required fee.

(b) Every said original application shall state the applicant's full name, place and date of birth, such information to be verified by presentation of a certified copy of the applicant's birth certificate or other documentary evidence deemed satisfactory by the Department. Such application shall also include the thumbprints, or if for any reason thumbprints cannot be taken, the index fingerprints of the applicant, and shall state the sex and residence address of the applicant, and briefly describe the applicant, and shall state whether the applicant has theretofore been licensed to drive a motor vehicle and, if so, when and by what state or country, and whether any such license has ever been suspended or revoked or whether an application has ever been refused, and, if so, the date of and reason for such suspension, revocation, or refusal, and whether the applicant, if less than twenty-five (25) years of age, has completed a driver education course approved by the Department, and such other information as

the Department may require to determine the applicant's identity, competency and eligibility. Information about the medical history of an applicant supplied to the Department or a Medical Advisory Board is for the confidential use of the Department or the Board and may not be divulged to any person or used as evidence in a legal proceeding except a proceeding under Section 22 or Section 31 of this Act.

#### Application of Minors

Sec. 7. (a) The Department may license a person as a Class C driver who is under the age of eighteen (18) years, provided the person is sixteen (16) years of age or older and the person has completed and passed a driver training course approved by the Department, and has passed the examination required by Section 10 of this Act. The Department shall carry out the duties required of it by the provisions of this Act in any manner that will provide the greatest convenience to the public.

(b) The Department shall not grant the application of any minor under the age of eighteen (18) years for a driver's license unless such application is signed by the parent of the applicant who has the custody of the applicant, otherwise by the guardian having the custody of the applicant, or in the event a minor under the age of eighteen (18) years has no parent or guardian, the license shall not be issued to the minor unless his application therefor is signed by his employer or by the county judge of his residence.

#### Release From Liability

Sec. 8. Any person who has signed the application of a minor for a license may thereafter file with the Department a request that the license of said minor so granted be cancelled, which request shall be in writing and acknowledged before some officer authorized to administer oaths. Thereupon the Department shall cancel the license of said minor and the person who signed the application of such minor shall be relieved from any liability by reason of having signed such application on account of any subsequent negligence or wilful misconduct of such minor in operating a motor vehicle.

#### Revocation of License Upon Death of Person Signing Minor's Application

Sec. 9. The Department upon receipt of satisfactory evidence of the death of the persons who signed the application of a minor for a license may cancel such license and may not issue a new license until such time as a new application, duly signed and verified, is made as required by this Act. This provision shall not apply in the event the minor has attained the age of eighteen (18) years.

#### Examination of Applicants

Sec. 10. (a) The Department shall examine every applicant for a driver's license, except as otherwise provided in this Section. Such examination

shall be held in the county where the applicant resides or makes application within not more than ten (10) days from the date application is made. It shall include a test of the applicant's vision, his ability to understand highway signs in the English language regulating, warning, and directing traffic, his knowledge of the traffic laws of this State, and shall include an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle of the type which he will be licensed to operate and such further examination as the Department finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways. The Director shall have the authority to cause to be re-examined the licensee in any case which in his judgment the licensee is incapable of safely operating a motor vehicle. The examination shall be held in the county of the licensee's residence unless otherwise agreed to by both parties to be held elsewhere.

(b) The Department may by rule provide that a person who possesses a valid driver's license issued by another state and who is otherwise qualified, after passing the vision examination and paying the required fees, may be issued a driver's license without undergoing the complete examination provided for in Subsection (a) of this Section. A license issued under this subsection must be of the type equivalent to the license issued by the other state.

(c) The Director may certify and set standards for certification of certain employers, governmental agencies, and other appropriate organizations to train and test for the ability to operate certain types or general classes of vehicles. The Department shall set standards for the training and testing of applicants. The Director, in issuing the driver's licenses for certain types or general classes of vehicles, may waive a driving test for an applicant if the applicant has successfully completed and passed the training and testing by the certified entity.

(d) An applicant required to submit to a motorcycle road test must provide a passenger vehicle and a licensed driver to convey the license examiner during the road test. The Department may refuse to give any part of the road test to an applicant who does not provide a passenger vehicle for the examiner.

#### Alternate Examination for Spanish Speaking Applicants

Sec. 10A. The department shall design and administer an alternate examination for Spanish speaking applicants who are unable to take the ordinary examination in the English language. The alternate examination shall be identical in all respects to the examination given other applicants under Section 10 of this Act except that all directions and written material, other than the actual text of highway signs, shall be in Spanish. The text of highway signs shall be in English. The alternate Spanish language examination shall be available in all counties of the state.

#### Issuance of Driver's Licenses

Sec. 11. (a) The Department shall, upon payment of the required fee, issue to every qualifying applicant a driver's license as applied for. The license shall bear a distinguishing number assigned to the licensee by the Department, a color photograph of the licensee, the full name, date of birth, residence address, and a brief description of the licensee, and either a facsimile of the signature of the licensee or a space upon which the licensee shall write his usual signature with pen and ink immediately upon receipt of the license. No license shall be valid until it has been so signed by the licensee.

(b) The Department may issue a temporary license without the photograph to out-of-state applicants, members in the Armed Forces, and in those situations where for any other reason the Department finds it necessary. If a temporary license is issued it shall be valid only until the applicant shall have had time to appear and have his picture taken and a license with his photograph issued.

(c) On all provisional licenses issued under Section 11A of this Act, the photograph of the licensee shall show a side profile. On all other licenses, the photograph shall show the entire face of the licensee.

#### Provisional Licenses

Sec. 11A. Whenever the Department of Public Safety issues an original driver's license to a person under eighteen (18) years of age, the license shall be designated and clearly marked as a provisional license.

#### Anatomical Gifts; Execution on Reverse Side of Driver's License

Sec. 11B. (a) A gift of any needed parts of the body may be made by executing a statement of gift printed on the reverse side of the donor's driver's license. A signed and witnessed statement of gift thereon shall be deemed to comply with the Texas Anatomical Gift Act (Article 4590-2, Vernon's Texas Civil Statutes). The gift is invalid on expiration, cancellation, revocation, or suspension of the driver's license. To be valid, the statement must be executed each time the driver's license is replaced, reinstated, or renewed.

(b) The Department shall print a statement certifying the willingness to make an anatomical gift on the reverse side of each driver's license.

#### Allergy Designation on Reverse Side of License

Sec. 11C. The Department shall print a statement on the reverse side of each driver's license as follows:

Allergic Reaction to Drugs: \_\_\_\_\_

## Restricted Licenses

Sec. 12. (a) The Department, upon issuing a driver's license, shall have authority, whenever good cause appears, to impose restrictions suitable to the licensee's driving ability with respect to the type of, or special mechanical control devices required on a motor vehicle which the licensee may operate, or mechanical attachments (glasses, artificial limbs, etc.) required on the person of the licensee.

(b) The Department shall have the authority to impose restrictions suitable to the licensee's driving ability with respect to areas, location, roads and highways within this State, or with respect to the time of day or night that the licensee shall be permitted to drive a motor vehicle or such other restrictions applicable to the licensee as the Department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee.

(c) The Department may issue an instruction permit without photograph to any person fifteen (15) years of age or older but younger than eighteen (18) years of age who has satisfactorily completed and passed the classroom phase of an approved driver education course and who has successfully passed all parts of the driver examination required in Section 10 of this Act other than the driving test. The Department may issue an instruction permit without photograph to any person eighteen (18) years of age or older who has successfully passed all parts of the driver examination required in Section 10 of this Act other than the driving test. The instruction permit shall entitle the applicant while having the permit in his immediate possession to drive a type or general class of motor vehicle upon the public highways when accompanied by a licensed driver, whose license qualifies him to operate that type or general class of vehicle, who is at least eighteen (18) years of age, who has at least one (1) year of driving experience, and who is occupying a seat by the driver.

(d)(1) The Department may issue a license to any person who satisfies the requirements of Subdivision (2) of this subsection, if the Department finds that:

(A) the failure or refusal to issue such license to any such person will work an unusual economic hardship on the family of the applicant for the license;

(B) a license should be granted to the applicant because of the sickness or illness of members of the family of the applicant; or

(C) a license should be granted to the applicant because he is regularly enrolled in a vocational education program and requires a driver's license to pursue that program.

(2) An applicant for a license under this subsection must:

(A) be at least fifteen (15) years of age;

(B) satisfactorily complete and pass a driver training course approved by the Department; and

(C) pass the examination required by Section 10 or 10A of this Act.

(3) If the Department determines an applicant must assist in the responsibilities of a family illness, disability, death-related emergency, or economic emergency, it may waive the driver training course requirement in Paragraph (B) of Subdivision (2) of this subsection and issue a temporary 60-day license, renewable for additional 60-day periods so long as the emergency continues.

(4) Any person who has been refused a driver's license under the terms of this subsection may appeal to the county court in the county in which he is a resident, where the matter may be tried upon request of petitioner or respondent.

(5) To be eligible to take the driver training course, an applicant must:

(A) be at least fourteen (14) years of age; and

(B) meet the requirements and qualify for a license under Subdivision (1) of this subsection.

(6) In the manner provided in Section 22 of this Act, the department may suspend a license issued under the terms of this subsection if the licensee is convicted of a moving violation.

(e)

*Text of subd. (e)(1) as amended by Acts 1983, 68th Leg., p. 1810, ch. 345, § 3*

(1) A driver's license is required for operators of mopeds. A person must be at least fifteen (15) years old to be issued a license to operate a moped. The Department shall examine applicants for that type of license by administering to them a written examination concerning traffic laws applicable to the operation of mopeds. No test involving the operation of the vehicle is required. The fee for the license is Ten Dollars (\$10).

*Text of subd. (e)(1) as amended by Acts 1983, 68th Leg., p. 2186, ch. 405, § 4*

(1) A moped operator's license is required for operators of mopeds. A person must be at least fifteen (15) years old to be issued a moped operator's license. The Department shall examine applicants for that type of license by administering to them a written examination concerning traffic laws applicable to the operation of mopeds. No test involving the operation of the vehicle is required. The fee for the license is Seven Dollars (\$7). All applicable provisions of this Act governing restricted operator's licenses for the operation of motorcycles only also apply to moped operator's licenses, including provisions relating to the application, issuance, duration, suspension, and cancellation of those licenses.

*Text of subd. (e)(1) as amended by Acts 1983, 68th Leg., p. 2198, ch. 410, § 7*

(1) The Department may issue a special restricted operator's license to any person between the ages of

fifteen (15) and eighteen (18) years to operate only a motorcycle or motor-driven cycle, with not more than one hundred twenty-five (125) cc piston displacement; provided such person has completed and passed a motorcycle operator training course approved by the Department. This motorcycle operator training course will be made available. This motorcycle operator training course will be an exception to the driver training course, regarding the age limit, as applied in Section 7(a) of this Act. Upon reaching the age of sixteen and having completed the above course, the 125cc restriction shall be removed without completing any further motorcycle courses. This special restricted license shall be issued on application to the Department in accordance with Section 7 of this Act; shall be subject to the requirements of Section 10 of this Act, and to other provisions of this Act in the same manner as operator's licenses; and shall be in the form prescribed by the Department. A moped operator's license is required for operators of mopeds. A person must be at least fifteen (15) years old to be issued a moped operator's license. The Department shall examine applicants for that type of license by administering to them a written examination concerning traffic laws applicable to the operation of mopeds. No test involving the operation of the vehicle is required. The fee for the license is Seven Dollars (\$7). All applicable provisions of this Act governing restricted operator's licenses for the operation of motorcycles only also apply to moped operator's licenses, including provisions relating to the application, issuance, duration, suspension, and cancellation of those licenses.

*Text of subs. (e)(2) and (3) as amended by Acts 1983, 68th Leg., p. 389, ch. 81, § 16(a); Acts 1983, 68th Leg., p. 1810, ch. 345, § 3*

(2) The Department is hereby required to certify motorcycles and motor-driven cycles to ascertain whether they exceed one hundred twenty-five (125) cc piston displacement as required by this section. The Department is further authorized to establish the procedure which shall be followed to determine the cc piston displacement of the motorcycles and motor-driven cycles. Any person, firm or corporation may submit to the Department any such motorcycle or motor-driven cycle and make application that the same be tested as to conformity with the regulations of the Department. Upon such application being made, the Department shall cause such test to be made as may be necessary to determine whether the motorcycle or motor-driven cycle exceeds one hundred twenty-five (125) cc piston displacement. When the Department has reason to believe that a certified model of motorcycles or motor-driven cycles being sold commercially exceeds one hundred twenty-five (125) cc displacement, the Department may conduct a hearing under Subsection (f), Section 108, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil

Statutes). The Department shall compile a list naming each model and make of motorcycles and motor-driven cycles certified by the Department as not exceeding one hundred twenty-five (125) cc piston displacement and make the list available upon request of the public and to persons who sell motorcycles and motor-driven cycles. Any peace officer may stop and detain any motorcycle or motor-driven cycle for the purpose of inspecting the motorcycle or motor-driven cycle to determine if the motorcycle or motor-driven cycle is of a model and make certified by the Department.

(3) The Department is also required to certify whether vehicles which are purported to be mopeds conform to the definition of that vehicle. The Department shall certify those vehicles under the same procedure as it certifies motorcycles and motor-driven cycles. The Department shall compile a list of models of mopeds which have been certified. Any peace officer may stop and detain a person operating a moped or motor-driven cycle to determine if the vehicle is of a model and make certified by the Department.

*Text of subs. (e)(2) and (3) as amended by Acts 1983, 68th Leg., p. 389, ch. 81, § 16(a); Acts 1983, 68th Leg., p. 2198, ch. 410, § 7*

(2) The Department is hereby required to certify motorcycles and motor-driven cycles to ascertain whether they exceed one hundred twenty-five (125) cc piston displacement as required by this section. The Department is further authorized to establish the procedure which shall be followed to determine the cc piston displacement of the motorcycles and motor-driven cycles. Any person, firm or corporation may submit to the Department any such motorcycle or motor-driven cycle and make application that the same be tested as to conformity with the regulations of the Department. Upon such application being made, the Department shall cause such test to be made as may be necessary to determine whether the motorcycle or motor-driven cycle exceeds one hundred twenty-five (125) cc piston displacement. When the Department has reason to believe that a certified model of motorcycle or motor-driven cycle being sold commercially exceeds one hundred twenty-five (125) cc displacement, the Department may conduct a hearing as prescribed under Subsection (f), Section 108, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes). The Department shall compile a list naming each model and make of motorcycles and motor-driven cycles certified by the Department as not exceeding one hundred twenty-five (125) cc piston displacement and make the list available upon request of the public and to persons who sell motorcycles and motor-driven cycles.

(3) The Department is also required to certify whether vehicles which are purported to be mopeds conform to the definition of that vehicle. The De-

partment shall certify those vehicles under the same procedure as it certifies motorcycles and motor-driven cycles. The Department shall compile a list of models of mopeds which have been certified. Any peace officer may stop and detain a person operating a motorcycle, motor-driven cycle, or moped to determine if the vehicle is of a model and make certified by the Department.

(f) The Department may either issue a special restricted license or may set forth such restrictions upon the usual license form.

(g) The Department may, upon receiving satisfactory evidence of any violation of the restrictions on a license, suspend or revoke the same, but the licensee shall be entitled to a hearing as upon a suspension or revocation under this Act.

(h) It is a misdemeanor for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a license issued to him and punishable as set out in Section 44 of this Act.

(i)(1) The Department may issue a restricted operator's license to operate only a motorcycle, motor-driven cycle, or moped, with not more than one hundred twenty-five (125) cc piston displacement, to a person who:

(A) is at least fifteen (15) years of age and less than eighteen (18) years of age;

(B) has successfully completed a motorcycle operator training course approved by the Department; and

(C) has passed an examination under Section 10 or 10A of this Act.

(2) A license issued under this subsection held by a person at least sixteen (16) years of age may not be restricted as to volume of piston displacement.

#### License to be Carried and Exhibited on Demand

Sec. 13. Every person shall have the driver's license appropriate for the class of vehicle being operated in his immediate possession at all times when operating a motor vehicle and shall display the same upon demand of a magistrate or any officer of a court of competent jurisdiction or any peace officer. Any person who violates this Section shall be guilty of a misdemeanor and upon conviction thereof be punished by a fine of not more than Two Hundred Dollars (\$200); for a second conviction, within one (1) year thereafter, such person shall be punished by a fine of not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200); upon the third or subsequent conviction within one (1) year after the second conviction such person shall be punished by a fine of not less than Twenty-five Dollars (\$25) nor more than Five Hundred Dollars (\$500), or by imprisonment in the county jail for not less than seventy-two (72) hours nor more than six (6) months, or by both such fine and imprisonment. It shall be a defense to any charge under this Section that the person so charged pro-

duce in court a driver's license appropriate for the class of vehicle being operated issued to such person and valid at the time of his arrest. It shall be the duty of the judge of the court to report forthwith to the Department of Public Safety any convictions obtained in his court under this Section, and it shall be the duty of the Department of Public Safety to keep a record thereof. Any peace officer may stop and detain any motor vehicle operator for the purpose of determining whether such person has a driver's license as required by this Section.

#### Duplicate Licenses and Certificates

Sec. 14. In the event that a driver's license, identification certificate, or handicap or health condition certificate issued under the provisions of this Act is lost or destroyed or there is a change in pertinent information, the person to whom the same was issued may obtain a duplicate or correction thereof upon furnishing proof satisfactory to the Department that such permit, license, or certificate was lost or destroyed or upon the supplying of the required information which has changed, together with proof acceptable to the Department supporting such change, and upon the payment of a fee of Three Dollars (\$3.00).

#### Personal Identification Certificates; Fee

Sec. 14A. (a) The Department may issue personal identification certificates, similar in form but distinguishable in color from drivers' licenses. Certificates issued under authority of this section shall expire on a date specified by the Department.

(b) Original applications and applications for renewal of identification certificates shall require information and be submitted on a form promulgated by the Department.

(c) The Department shall levy and collect a fee of Five Dollars (\$5.00) for preparation and issuance of the certificate.

#### Personal Identification Certificates: Handicap or Health Condition; Fee

Sec. 14B. (a) The department may issue to persons who have a physical handicap or health condition that may cause unconsciousness, incoherence, or inability to communicate a specially notated personal identification certificate that indicates the particular handicap or health condition by word, symbol, or code.

(b) Original applications and applications for renewal of identification certificates shall require information and be submitted on a form promulgated by the department.

(c) The department shall levy and collect a fee of \$5 for preparation and issuance of the certificate.

(d) Fees collected for these certificates shall be deposited in the Operator's and Chauffeur's License Fund and are hereby appropriated to defray the cost incurred in issuing these certificates. Any

collections in excess of cost shall be deposited in the State Treasury in the General Revenue Fund.

### ARTICLE III—FEES

#### Disposition of Fees

Sec. 15. (a) All fees and charges required by this Act and collected by an officer or agent of the Department shall be remitted without deduction to the Department in Austin, Texas.

(b) All monies received for driver's license and certificate fees shall be deposited in the State Treasury in a fund to be known as the Operator's and Chauffeur's License Fund.

(c) Fees and charges deposited in the Operator's and Chauffeur's License Fund under the provisions of this Act may, upon appropriation by the Legislature, be used by the Texas Department of Public Safety for the payment of salaries, purchase of equipment and supplies, maintenance, and any and all other necessary expenses incident to the operation of the Department of Public Safety in carrying out the duties as are by law required of such Department. Any remaining balance in the Operator's and Chauffeur's License Fund on September 1st of each and every year shall remain in such Fund and shall be available for appropriation by the Legislature for the maintenance and support of the Texas Department of Public Safety as set forth hereinabove.

Sec. 15A. Repealed by Acts 1983, 68th Leg., p. 1830, ch. 345, § 16, eff. Jan. 1, 1984.

#### Temporary Provision: Disposition of Increased Operator's License Fee

*Text of section added effective until September 1, 1985*

Sec. 15B. (a) During the period beginning September 1, 1983, and ending August 31, 1985, twenty-five cents (25¢) of the driver's license fee shall be deposited in the State Treasury to the credit of a fund to be known as the Rail Passenger Service Study Fund. The fees deposited in the fund shall be used to conduct a study on rail passenger service in Texas.

(b) Section 16 of the this Act does not apply to funds deposited in the Rail Passenger Service Study Fund.

(c) This section expires September 1, 1985. Any balance remaining in the Rail Passenger Service Study Fund on that date shall be transferred to the credit of the Operator's and Chauffeur's License Fund.

#### Method of Disbursements

Sec. 16. All disbursements hereunder shall be by warrant issued by the Comptroller upon vouchers drawn by the Chairman of the Department of Public Safety Commission and approved by one other member of the Commission or the Director, and such vouchers shall be accompanied by itemized

sworn statements of the expenditures for which they are issued.

#### Report of Receipts and Expenses

Sec. 17. At the end of every fiscal year, the Department shall submit a comprehensive and complete report of the receipts and expenses of this Act to the Governor of the State of Texas.

#### Expiration of Licenses; Examination on Renewal

Sec. 18. (a) All original driver's and provisional licenses shall be dated to expire as follows:

(1) Driver's License—on the next birthdate of the licensee occurring four (4) years after the date of application;

(2) Provisional License—on the eighteenth (18th) birthdate of the licensee;

(3) Instruction Permit—on the next birthdate of holder occurring one (1) year after date of application; and

(4) Occupational License—one (1) year from date of order of court granting authority to drive.

(b) All renewals of driver's licenses shall be dated to expire four (4) years from expiration date appearing on current license.

(c) The Department may in its discretion require an examination for the renewal of a driver's license.

(d) The Department may prescribe the procedure and standards for arranging and conducting examinations for renewal of licenses.

(e) Subject to the provisions of Subsection (d) of this section, any licensee failing to obtain a renewal of license as above set forth may be required to take examination as required in this Act for applicant's original license.

(f) All applicants for renewal may be required by the Department to furnish the information required under Section 6(b) of this Act.

(g) Except as provided by this subsection, the department may by rule provide that a person with a driver's license that expires after January 1, 1984, may renew the license by mail. A rule adopted under this subsection may not permit renewal by mail of a provisional or occupational license and may not permit renewal of a license by mail if the person's individual driving record as maintained by the department shows that the person, within four years preceding the date of application for renewal, has been convicted of:

(1) a moving violation, as the department may by rule define, committed in this state; or

(2) an offense described by Section 24 of this Act.

#### Fees for License and Examination

Sec. 19. (a) The fees as provided for in this Act shall be as follows:

(1) All Classes of Licenses—originals and renewals issued for four (4) years, Ten Dollars (\$10.00);

(2) Provisional and Instruction (Learner's) License—computed on basis of annual prorated cost of type license obtained multiplied by number of full years of validity; provided that a minimum one-year fee of Four Dollars (\$4.00) shall be paid for an instruction permit and by those obtaining such licenses after their seventeenth (17th) birthday;

(3) Occupational License—Ten Dollars (\$10.00) for one (1) year.

(b) An applicant who is changing from a lower to a higher class license or adding a class of vehicle to the license shall pay a fee of Five Dollars (\$5.00) for the examination.

(c) One Dollar (\$1.00) from each fee collected under this section shall be deposited in a fund to be known as the Department of Public Safety Building Fund and is appropriated for the construction of buildings for that Department.

#### Exemption of Disabled Veterans From Fees

Sec. 19A. An honorably discharged veteran of the armed services of the United States who has suffered at least a sixty percent (60%) service-connected disability, and who receives compensation from the federal government because of the disability, is exempt from the payment of the fees provided in this Act for the issuance of a driver's license. The Department of Public Safety shall prescribe reasonable rules and regulations relative to the proof of entitlement to this exemption.

#### Notice of Change of Address or Name

Sec. 20. (a) Whenever any person after applying for or receiving a driver's license, identification certificate, or handicap or health condition certificate shall move from the address named in such application or in the license or certificate issued to him or when the name of the licensee is changed by marriage or otherwise, such person shall within thirty (30) days thereafter notify the Department of his old and new addresses or of such former and new names, of the number of any license or certificate then held by him, and such person shall apply for a duplicate license or certificate as set out in Section 14.

(b) If a person holding a license or certificate issued under this Act moves from the address on the license or certificate, instead of applying for a duplicate license under Section 14 of this Act, the person may:

(1) submit a written notice to the Department containing the information required by Subsection (a) of this section; and

(2) request that the Department furnish the person with a sticker or certificate to apply to or carry with the person's license or certificate indicating that a change of address has been filed with the Department.

(c) On receipt of a request for a sticker or certificate under Subsection (b)(2) of this section on a form approved by the Department and payment of a fee of Three Dollars (\$3), the Department shall deliver a sticker or certificate to the requestor. The Department shall make approved forms available in public places in addition to driver's license offices.

#### Records to be Kept by the Department

Sec. 21. (a) The Department shall file every application for a driver's license received by it and shall maintain suitable indexes containing, in alphabetical or numerical order:

(1) All applications denied and on each thereof note the reasons for such denial;

(2) All applications granted; and

(3) The name of every licensee whose driver's license or driving privilege has been cancelled, denied, suspended or revoked and after each such name note the reasons for such action.

(b) Except as specifically provided by this subsection, the Department shall also file all accident reports and abstracts of court records of convictions received by it under the laws of this State and in connection therewith maintain convenient records or make suitable notations in order that an individual record of each licensee showing the convictions of such licensee and the traffic accidents in which he has been involved shall be readily ascertainable and available for the consideration of the Department upon any application for the renewal of a driver's license and at other suitable times. The individual record of a licensee who is employed as a peace officer or a fire fighter shall not include information relating to a traffic accident if the accident occurred during an emergency while the peace officer or fire fighter was driving a law enforcement vehicle or fire department vehicle in pursuit of his or her duties as a peace officer or fire fighter. Before licensing or renewing any license, the Department shall examine the applicant's record for information concerning conviction of traffic violations and involvement in traffic accidents. The Department shall not issue or renew a license when, in its opinion, the applicant's record indicates that issuance or renewal of his license would be inimical to the public safety.

(c) The Department shall not be required to maintain records relating to drivers of motor vehicles after such records are, in the opinion of the Director, no longer necessary, except that records of convictions shall be maintained so long as they may form the basis of cancellations, suspensions, revocations or denials, or with other records of convictions may constitute a person a frequent violator of the traffic law. Records which are not required to be maintained may be destroyed with the approval of the State Auditor and the State Librarian.

(d) The Department is authorized to provide information pertaining to an individual's date of birth,

current license status, and most recent address as listed on the records of the Department upon written request and the payment of a One Dollar (\$1.00) fee by a person who submits the individual's driver's license number or his full name and date of birth and who shows a legitimate need for such information.

(e) The Department is authorized to provide a listing of the sum total of accidents and violations from the licensing records and to itemize therefrom by date and location accidents and violations occurring within the immediate past three (3) year period when requested, upon forms approved by the Department, upon payment of a Two Dollar (\$2.00) fee, provided, however, that if requests for such information be prepared and presented by a single person at any one time in the quantities hereinafter specified and upon data processing request forms acceptable to the Department, such information may be provided upon payment of the following fees for each individual request:

If fifty (50) to two hundred forty-nine (249) at a time, a fee of seventy-five cents (75c) each; and, if two hundred fifty (250) or more at a time, a fee of fifty cents (50c) each.

(f) The Department is authorized to provide information pertaining to an individual's date of birth, current license status, most recent address, completion of an approved driver education course, the fact of (but not the reason for) completion of a driving safety course, and a listing of reported traffic law violations, and motor vehicle accidents, by date and location, as listed on the records of the Department upon written request and the payment of a Three Dollar (\$3.00) fee by a person who submits the individual's driver's license number or his full name and date of birth and who shows a legitimate need for such information. If requests for such information be prepared in quantities of one hundred (100) or more from a single person at any one time and upon data processing request forms acceptable to the Department, such information may be provided upon payment of a One Dollar (\$1.00) fee for each individual request.

(g) No fee shall be charged for information supplied to law enforcement and other governmental agencies for official purposes, provided that bulk information for research projects may be compensated for at regular rates.

(h) All fees and charges required by this Section shall be disposed of as provided in Section 15 of this Article.

(i) Where records are required, the Director may substitute either microfilm or computer records in lieu of hard copies.

#### Medical Advisory Board

Sec. 21A. (a) No member of any Medical Advisory Board serving and advising the Department and all other persons making examinations for or on

recommendation of the members of the Board shall be held liable for their opinions and recommendations.

(b) Reports received or made by any such Board, or its members, for the purpose of determining the medical condition of an applicant are for the confidential use of the Board or the Department and as such are privileged information and may not be divulged to any person or used as evidence in any trial except that the reports may be admitted in proceedings under Section 22 and Section 31, and any person conducting an examination pursuant to the request of the Board may be compelled to testify concerning his observations and findings in such proceedings.

(c) The Medical Advisory Board shall be comprised of licensed physicians (including physicians specialty-board-qualified in internal medicine, psychiatry, neurology, physical medicine, and ophthalmology) appointed by the State Health Commissioner from individuals jointly recommended by the Texas State Department of Health and the Texas Medical Society, and optometrists appointed by the State Health Commissioner from individuals jointly recommended by the Texas State Department of Health and the Texas Optometric Association.

Any three (3) members can act on any case or question submitted by the Texas Department of Public Safety.

#### ARTICLE IV—CANCELLATION, SUSPENSION, AND REVOCATION OF LICENSES

##### Authority of Department to Suspend or Revoke a License

Sec. 22. (a) When under Section 10 of this Act the Director believes the licensee to be incapable of safely operating a motor vehicle, the Director may notify said licensee of such fact and summons him to appear for hearing as provided hereinafter. Such hearing shall be had not less than ten (10) days after notification to the licensee or operator under any of the provisions of this section, and upon charges in writing, a copy of which shall be given to said operator or licensee not less than ten (10) days before said hearing, except as otherwise provided by this subsection. For the purpose of hearing such cases, jurisdiction is vested in the mayor of the city, or judge of the police court, or a Justice of the Peace in the county where the operator or licensee resides. Such officer may receive a fee for hearing such cases if such a fee is approved and set by the County Commissioners Court which has jurisdiction over the residence of the operator or licensee and such fee shall not exceed Five Dollars (\$5.00) per case and shall be paid from the General Revenue Fund of the County. Any fees, not to exceed Five Dollars (\$5.00) per case, which the County Commissioners Court may determine to be owed to such officer for past hearings, or any fees, not to exceed Five Dollars (\$5.00) per case, previously paid such officer for hearing said cases, is hereby authorized.

Such court may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relative books and papers. It shall be the duty of the court to set the matter for hearing upon ten (10) days' written notice to the Department. Upon such hearing, the issues to be determined are whether the license shall be suspended or whether the license shall be revoked, and, in the event of a suspension, the length of time of the suspension, which shall not exceed one (1) year. The officer who presides at such hearing shall report the finding to the Department which shall have authority to suspend the license for the length of time reported; provided, however, that in the event of such affirmative finding, the licensee may appeal to the county court of the county wherein the hearing was held, said appeal to be tried de novo. Notice by registered mail to the address shown on the license of the licensee shall constitute service for the purpose of this section. If the hearing is to determine whether a licensee is an habitual violator of the traffic law, and if the registered letter is returned to the Department because the Department has not been notified of the licensee's correct address or because the licensee has refused to accept the registered letter, the Director may give the licensee notice of a pending hearing by publishing notice in a newspaper of general circulation in the County of the licensee's residence, as listed in Department records, at least thirty (30) days before the hearing. The Director shall specify in the notice the place, time, and date of the hearing and shall state in the notice that the Department is entitled to suspend for a period of not more than one (1) year the license of a licensee who is found to be an habitual violator of the traffic law.

(b) The authority to suspend the license of any driver as authorized in this Section is granted the Department upon determining after proper hearing as hereinbefore set out that the licensee:

(1) has committed an offense for which automatic suspension of license is made upon conviction;

(2) has been responsible as a driver for any accident resulting in death;

(3) is an habitual reckless or negligent driver of a motor vehicle;

(4) is an habitual violator of the traffic law.

The term "habitual violator" as used herein, shall mean any person with four (4) or more convictions arising out of different transactions in a consecutive period of twelve (12) months, or seven (7) or more convictions arising out of different transactions within a period of twenty-four (24) months, such convictions being for moving violations of the traffic laws of this state or its political subdivisions other than a violation of:

(A) Section 3 or 5, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6701d-11, Vernon's Texas Civil Statutes);

(B) Chapter 293, Acts of the 53rd Legislature, Regular Session, 1953, as amended (Article 6701d-12, Vernon's Texas Civil Statutes);

(C) Chapter 608, Acts of the 65th Legislature, Regular Session, 1977 (Article 6701d-12a, Vernon's Texas Civil Statutes);

(D) Chapter 73, Acts of the 54th Legislature, Regular Session, 1955, as amended (Article 6701d-13, Vernon's Texas Civil Statutes);

(E) Chapter 212, Acts of the 56th Legislature, Regular Session, 1959 (Article 6701d-14, Vernon's Texas Civil Statutes);

(F) Chapter 93, acts of the 58th Legislature, Regular Session, 1963 (Article 6701d-15, Vernon's Texas Civil Statutes); or

(G) Chapter 8, Acts of the 62nd Legislature, Regular Session, 1971 (Article 6701d-17, Vernon's Texas Civil Statutes).

(5) is incapable to drive a motor vehicle;

(6) has permitted an unlawful or fraudulent use of such license;

(7) has committed an offense in another state, which if committed in this State would be grounds for suspension or revocation;

(8) has failed or refused to submit a report of any accident in which he was involved as provided in Article IV, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes);

(9) has been responsible as a driver for any accident resulting in serious personal injury or serious property damage;

(10) is the holder of a provisional license under Section 11A of this Act and has been convicted of two (2) or more moving violations committed within a period of twelve (12) months;

(11) has not complied with the terms of a citation issued by a jurisdiction that is a member of the Nonresident Violator Compact of 1977<sup>1</sup> for a violation to which the compact applies.

(c) In all appeals prosecuted in any of the courts of this state pursuant to Section 22(a) or Section 31, such trial shall be de novo as that term is used and understood in appeals from Justice of the Peace Courts to County Courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or

applied to appeals prosecuted under the provisions of this Act. The Legislature hereby specifically declares that the provisions of this Section shall not be severable from the balance of this Act, and further specifically declares that this Act would not have been passed without the inclusion of this Section. If this Section, or any part thereof, is for any reason ever held by any court to be invalid, unconstitutional or inoperative in any way, such holding shall apply to this entire Act, and in such event this entire Act shall be null, void and of no force and effect. Any such licensee as may bring suit to vacate and set aside such ruling and decision shall send a copy thereof, certified to by the clerk of said court, to the Department by registered mail. If any licensee who is a party to such final ruling and decision of the Department fails within thirty (30) days to institute or prosecute a suit to set such suspension aside, then said final ruling and decision of the Department shall be binding upon all parties thereto.

(d) Upon the recommendation of a Juvenile Court with jurisdiction of any provisional licensee and for a term set by such Juvenile Court, but not to exceed one (1) year, the department shall suspend a provisional licensee when it is found by such court that a provisional licensee has committed any offense which would be a felony if such licensee was an adult or any misdemeanor (except those offenses covered in Chapter 302, Acts of the 55th Legislature, Regular Session, 1957 (Article 67011-4, Vernon's Texas Civil Statutes), in which a motor vehicle was used to travel to or from the scene of the offense.

In the event the provisional licensee is an adult at the time he commits any of such offenses described in this Subsection, his license shall be suspended by the department for the time and in the manner described herein upon the recommendation of the court in which he is finally convicted.

It shall be the duty of the judge of any Juvenile Court or other court mentioned herein to report any such recommendation forthwith to the department. Such report shall be made in the manner and form prescribed by the department.

(e) The judge or officer holding a hearing under Subsection (a), (b), or (d) of this section, or the court trying an appeal under Subsection (c) of this section, on determining that the License shall be suspended or revoked, may, when it appears to the satisfaction of the court that the ends of justice and the best interests of the public as well as the defendant will be subserved thereby, recommend that the revocation or suspension be probated on terms and conditions deemed by the officer or judge to be necessary or proper. The report to the department of the results of the hearing must include the terms and conditions of such probation. When probation is recommended by the judge or officer presiding at a hearing, the department shall probate the suspension or revocation.

(f) When the director believes that a licensee who has been placed on probation under Subsection (e) of this section has violated a term or condition of the probation, the director shall notify the licensee and summons him to appear at a hearing as provided in Subsection (a) or (d) of this section, after notice as provided in Subsection (a) of this section. The issue at the hearing shall be whether a term or condition of the probation has been violated. The officer or judge presiding at the hearing shall report his finding to the department and if the finding is that a term or condition of the probation is violated, the department shall revoke or suspend the license as determined in the original hearing.

#### Period of Suspension

Sec. 23. The Department shall not suspend a license for a period of more than one (1) year.

#### Occupational License to Meet Essential Need; Hearing and Order; Financial Responsibility

Sec. 23A. (a) Any person whose license has been suspended for causes other than physical or mental disability or impairment may file with the judge of the county court or district court having jurisdiction within the county of his residence, or with the judge of the county court or district court having jurisdiction within the county where an offense occurred for which his license was suspended, a verified petition setting forth in detail an essential need for operating a motor vehicle. The hearing on the petition may be ex parte in nature, except as provided by Subsection (e) of this section.

(b) "Essential need" as used in this section means a need for the use of a motor vehicle:

(1) in the performance of an occupation or trade or for transportation to and from the place where a person practices his occupation or trade;

(2) for transportation to and from an educational facility in which the person is enrolled; or

(3) in the performance of essential household duties.

(c) In determining whether essential need exists, the judge shall consider the driving record of the petitioner and any evidence presented by a person who attends the hearing on the petition under Subsection (e) of this section.

(d) If the petitioner's license was suspended following a conviction for an offense under Article 67011-1 or 67011-2, Revised Statutes, or an offense under Subdivision (2), Subsection (a), Section 19.05 or Section 19.07, Penal Code, as amended, the clerk of the court shall send by certified mail a copy of the verified petition and notice of the hearing to the attorney representing the state.

(e) A person receiving a copy of a petition under Subsection (d) of this section may attend the hearing on the petition and may present evidence at the hearing against granting the petition.

(f) The judge hearing the petition shall enter an order either finding that no essential need exists for the operation of a motor vehicle or enter an order finding an essential need for operating a motor vehicle. In the event the judge enters the order finding an essential need, he shall also, as part of the order, determine the actual need of the petitioner in operating a motor vehicle. The order shall require the petitioner to give proof of a valid policy of automobile liability insurance in accordance with the Texas Motor Vehicle Safety-Responsibility Act, as amended (Article 6701h, Vernon's Texas Civil Statutes). The order shall be definite as to hours of the day, days of the week, specific reasons or travel, and areas or routes of travel to be permitted, except that the petitioner shall not be allowed to operate a motor vehicle more than four (4) hours in any twenty-four (24) consecutive hours. On a proper showing of necessity, however, the court may waive the four-hour restriction and allow the petitioner to operate a motor vehicle for any period determined by the court that does not exceed twelve (12) hours in any twenty-four (24) consecutive hours. An order entered by the court shall extend for the period of the original suspension. A certified copy of the petition and the court order setting out the judge's finding and the restrictions shall be forwarded to the Department.

(g) Upon receipt of the court order set out in Subsection (f) of this section and after compliance with the Texas Motor Vehicle Safety-Responsibility Act, as amended (Article 6701h, Vernon's Texas Civil Statutes), the Department shall issue to the petitioner an occupational license, referring on its face to the order of the court.

**Essential Need Licensee to Carry Copy of Court Order; Violations**

Sec. 23B. (a) A person who is issued a license under Section 23A or 25 of this Act must carry a certified copy of the court order with him when he is operating a motor vehicle. The person must allow a peace officer to examine the order at the officer's lawful request.

(b) A person who holds a license issued under Section 23A or 25 of this Act commits an offense if he operates a motor vehicle in violation of the restrictions on the license or if he fails to carry a certified copy of the court order as required by Subsection (a) of this section. An offense under this subsection is a Class C misdemeanor, and on conviction the license and order issued under Section 23A or 25 are automatically terminated.

**Automatic Suspension of License**

Sec. 24. (a) Except as provided by Subsection (g) of this Section, the license of any person shall be automatically suspended upon final conviction of any of the following offenses:

1. An offense under Section 19.07, Penal Code, committed as a result of the persons's criminally negligent operation of a motor vehicle, or an of-

fense under Subdivision (2), Subsection (a), Section 19.05, Penal Code;

2. An offense under Article 6701l-1, Revised Statutes, as amended;

3. Any offense punishable as a felony under the motor vehicle laws of this State;

4. A conviction of a driver of a motor vehicle involved in an accident or collision, upon a charge of failure to stop, render aid, and disclose his identity at the scene of said accident or collision.

(b) Except as provided by Subsections (d), (e), (g), and (h) of this Section, the suspension above provided shall in the first instance be for a period of twelve (12) months. In event any license shall be suspended under the provision of this Section for a subsequent time, said subsequent suspension shall be for a period of eighteen (18) months, except as provided by Subsections (d), (e), (g), and (h) of this Section.

(c) The suspension of any license shall be automatically extended upon licensee being convicted of operating a motor vehicle while the license of such person is suspended; such extended period of suspension to be for a like period as the original suspension, and is in addition to any other penalty assessed, as provided in this Act.

(d) Except as provided by Subsections (g) and (h) of this Section, if a person is convicted of an offense under Article 6701l-1, Revised Statutes, as amended, the suspension of the person's license shall be for a period determined by the court according to the following schedule:

(1) not less than ninety (90) or more than three hundred sixty-five (365) days, if the person is punished under Subsection (c) of that article, whether or not the punishment is increased under Subsection (f) of that article; or

(2) not less than one hundred eighty (180) days or more than two (2) years, if the person is punished under Subsection (d) or (e) of that article, whether or not the punishment is increased under Subsection (f) of that article.

(e) If a person is convicted of an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code, the suspension of the person's license shall be for a period determined by the court of not less than one hundred eighty (180) days or more than two (2) years.

(f) Except as otherwise provided by this subsection, the court shall credit toward the period of suspension of a person's license required by this article a period of suspension imposed on the person for refusal to give a specimen under Chapter 434, Acts of the 61st Legislature, Regular Session, 1965 (Article 6701l-5, Vernon's Texas Civil Statutes), if the refusal followed an arrest for the same offense for which the court is suspending the person's license under this article. The court may not extend the credit to a person that has been previously

convicted of an offense under Article 6701I-1, Revised Statutes, or Subdivision (2), Subsection (a), Section 19.05, Penal Code.

(g)(1) Except as provided by Subdivision (2) of this subsection, the Department may not, during the period of probation, suspend the driver's license, permit, or nonresident operating privilege of a person if the person is required under Section 6c, Article 42.13, Code of Criminal Procedure, 1965, to attend and successfully complete an educational program designed to rehabilitate persons who have driven while intoxicated. The Department also may not suspend the driver's license, permit, or nonresident operating privilege of a person for whom the jury has recommended, under Section 3a, Article 42.13, Code of Criminal Procedure, 1965, no suspension.

(2) After the date has passed, according to records of the Department, for successful completion of an educational program designed to rehabilitate persons who have driven while intoxicated, if the records do not indicate successful completion of the program, the Director shall suspend the person's driver's license, permit, or nonresident operating privilege or, if the person is a resident without a license or permit to operate a motor vehicle in this state, shall issue an order prohibiting the person from obtaining a license or permit. A suspension or prohibition order under this subsection is effective for a period of twelve (12) months.

(3) The Director shall promptly send notice of a suspension or prohibition order issued under this subsection, by certified mail, return receipt requested, to the person at the person's most recent address as listed in records of the Department. The notice must include the date of the suspension or prohibition order, the reason for the suspension or prohibition, and the beginning and ending dates of the suspension or prohibition. A suspension or prohibition under this subsection may not take effect before the twenty-eighth (28th) day after the date the person receives notice by certified mail or the thirty-first (31st) day after the Director sends notice by certified mail, if the person has not accepted delivery of the notice. The notice must also include a statement that the person has a right to demand in writing that a hearing on the suspension or prohibition be held. If, not later than the twentieth (20th) day after the date on which the person receives notice by certified mail or the twenty-third (23rd) day after the date the Director sent notice by certified mail, if the person has not accepted delivery of the notice, the Department receives a written demand that a hearing be held, the Department shall, not later than the tenth (10th) day after the day of receipt of the demand, request a court to set the hearing for the earliest possible date. If a person demands a hearing as provided by this subsection, the suspension or prohibition does not take effect until resolution of the hearing.

(4) A hearing on suspension or prohibition shall be held in a municipal or justice court in the county of the person's residence in the manner provided for a hearing on suspension under Section 22(a) of this Act. At a hearing, the issues to be determined are whether the person has successfully completed an educational program that was imposed under Section 6c, Article 42.13, Code of Criminal Procedure, 1965, and whether the period for completion of the program has passed. If the court determines that the educational program imposed has not been completed and the period for completion of the program has passed, the court shall confirm the suspension or prohibition and notify the Department of that fact. If the court finds that the program imposed has been completed or that the period for completion has not passed, the court shall direct the Department to promptly rescind the order and restate in the records of the Department any driver's license, permit, or privilege of the person. The court may modify or revoke an order of suspension or prohibition if the court determines for good cause shown that the person was unable to complete an educational program within the period originally specified by the court. The court shall condition the modification or revocation of the order on the person's completion of the course within a period specified by the court not to exceed one (1) year from the beginning date of the person's probation.

(h) The Department shall suspend the license of a person on receiving an order from a juvenile court under Section 54.042, Family Code, to suspend that person's license. The period of the suspension shall be for the period specified in the order.

#### Rehabilitation Schools

Sec. 24A. (a) The Department shall establish and develop a program of motor vehicle driver education and training for drivers whose licenses have been suspended or revoked or are subject to suspension or revocation.

(b) The Department shall instruct, educate, and inform all persons attending the driver training program in the proper, lawful, and safe operation of a motor vehicle. The Department shall include in the program study of and training in the rules of the road, and the limitations of persons, vehicles, roads, streets, and highways under varying conditions and situations.

(c) The Department may require a person to attend the education and training program as a condition to the reinstatement of a suspended license or the issuance of a new license to a person whose prior license has been revoked.

(d) In the interest of promoting safe driving, the Department may seek the advice and cooperation of the schools, courts, and other interested persons.

**Court to Report Convictions; Restricted Licenses  
for Convicted Persons**

Sec. 25. (a) Whenever any person is convicted of any offense for which this Act makes automatic the suspension of the driver's license of such person, the court in which the conviction is had shall require the surrender to it of all drivers' licenses then held by the person convicted and the clerk of the court shall forward the licenses together with a record of the conviction. The court may enter an order restricting the operation of a motor vehicle for essential need, provided the person has filed a verified petition with the court setting forth in detail an essential need for operating a motor vehicle and has given notice of the hearing and a copy of the verified petition to the person provided under Subsection (d), Section 23A, of this Act, and provided the person gives proof of a valid policy of automobile liability insurance in accordance with the provisions of the Texas Motor Vehicle Safety-Responsibility Act (Article 6701h, Vernon's Texas Civil Statutes). 'Essential need' as used in this section has the meaning assigned to it by Subsection (b) of Section 23A of this Act. The order shall state restrictions as to hours of the day, days of the week, specific reasons for travel, and areas or routes of travel to be permitted, except that the person convicted may not be allowed to operate a motor vehicle more than four (4) hours in any consecutive twenty-four (24) hours, providing, on proper showing of necessity, the court may waive the four-hour restriction and allow the person to operate a motor vehicle for any period determined by the court that does not exceed twelve (12) hours in any consecutive twenty-four (24) hours. The order shall be effective for the period for which the convicted person's license has been suspended. A certified copy of the order shall be given to the person convicted and shall be forwarded to the Department together with the person's licenses and the record of his conviction. Upon receipt of the order, the Department shall issue a license referring on its face to the restrictions and expiration date set out in the order. The person convicted may use the order of the court as a restricted license for a period of fourteen (14) days following the date of the order.

(b) Every court having jurisdiction over offenses committed under this Act, or any other Acts of this State regulating the operation of motor vehicles on highways, shall forward to the Department a record of the conviction of any person in said court for a violation of any said laws, and may recommend the suspension of the driver's license of the person so convicted, as provided in Section 22 of this Act.

(c) For the purpose of this Act, the term "conviction" shall mean a final conviction. Also, for the purpose of this Act, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction.

**Authority of Department to Cancel License  
or Certificate**

Sec. 25A. The Department is hereby authorized to cancel any driver's license, identification certificate, or handicap or health condition certificate upon determining that the licensee or holder of the certificate was not entitled to the issuance thereof hereunder or that said licensee or holder of the certificate failed to give the required or correct information in his application.

**Surrender and Return of License**

Sec. 26. The Department, upon suspending or revoking a license, shall require that such license shall be surrendered to and be retained by the Department except that at the end of the period of suspension of such license, the license so surrendered shall be returned to the licensee.

**No Operation Under Foreign License During  
Suspension or Revocation in This State**

Sec. 27. No person, resident or nonresident, whose driver's license or privilege to operate a motor vehicle in this State has been suspended or revoked as provided in this Act shall operate a motor vehicle in this State under a license, permit, or registration certificate issued by any other state during such suspension or after such revocation until a new license is obtained when and as permitted under this Act.

**Suspending Resident's License Based Upon Conduct  
in Another State**

Sec. 28. (a) The Department is authorized to suspend or revoke the license of any resident of this State or the privilege of a nonresident to drive a motor vehicle in this State upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this State, would be grounds for the suspension or revocation of the license of a driver.

(b) The Department may give such effect to conduct of a resident in another state as is provided by the laws of this State had such conduct occurred in this State.

**Suspending Privileges of Nonresidents and  
Reporting Convictions**

Sec. 29. (a) The privilege of driving a motor vehicle on the highways of this State given to a nonresident hereunder shall be subject to suspension or revocation by the Department in like manner and for like cause as a driver's license issued hereunder.

(b) The Department is further authorized, upon receiving a record of the conviction in this State of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this State, to forward a certified copy of such record to the motor vehicle administrator in the State wherein the person so convicted is a resident.

**Revocation of License for Medical Reasons**

Sec. 30. It shall be unlawful for any person to act as a driver of a motor vehicle who is addicted to the use of alcohol or a controlled substance, or who has been adjudged mentally incompetent and has not been restored to competency by judicial decree or released from a hospital for the mentally incompetent upon a certificate of the superintendent that such person is competent. Any finding by any court of competent jurisdiction that any person holding a driver's license is mentally incompetent or addicted to the use of alcohol or a controlled substance shall carry with it a revocation of the driver's license. It shall be the duty of the clerk of any court in which such findings are made, to certify same to the Department within ten (10) days.

**Revoking Licenses of Needy Blind**

Sec. 30A. (a) Once each month the Department of Public Welfare shall furnish the Department of Public Safety a list of those persons who apply for or receive assistance to the needy blind. The list is privileged information and may be used only by the Department of Public Safety.

(b) The Department of Public Safety shall revoke the license of every person whose name appears on the list referred to in Subsection (a).

**Right of Appeal to Courts**

Sec. 31. Any person denied a license or whose license has been cancelled or revoked by the Department except where such cancellation or revocation is automatic under the provisions of this Act shall have the right to file a petition within thirty (30) days thereafter for a hearing in the matter in the County Court at Law in the county wherein such person shall reside, or if there be no County Court at Law therein, then in the county court of said county, and such court is hereby vested with jurisdiction, and it shall be its duty to set the matter for hearing upon ten (10) days written notice to the Department, and thereupon to take testimony and examine into the facts of the case, and to determine whether the petitioner is entitled to a license or is subject to suspension, cancellation or revocation of license under the provisions of this Act.

Provided the trial on appeal as herein provided for shall be a trial de novo and the licensee shall have the right of trial by jury and his license shall not be suspended pending the appeal.

Provided further in cases herein provided for suspension of license, the filing of the petition of appeal shall abate said suspension until the trial herein provided for shall have been consummated and final judgment thereon is had.

**Violation of License or Certificate Provision**

Sec. 32. (a) Except as provided in Subsection (b) of this section, it is unlawful for any person to commit any of the following acts:

(1) to display or cause or permit to be displayed or to have in possession any driver's license or certificate knowing the same to be fictitious or to have been cancelled, revoked, suspended, or altered;

(2) to lend or knowingly permit the use of, by one not entitled thereto, any driver's license or certificate issued to the person so lending or permitting the use thereof;

(3) to display or to represent as one's own, any driver's license or certificate not issued to the person so displaying same;

(4) to fail or refuse to surrender to the Department on demand any driver's license or certificate which has been suspended, cancelled, or revoked as provided by law;

(5) to have in one's possession more than one currently valid driver's license or more than one currently valid certificate; or

(6) to use a false or fictitious name or give a false or fictitious address or use a fictitious or counterfeit document in any application for a driver's license or a certificate, or any renewal or duplicate thereof, or knowingly to make a false statement or knowingly to conceal a material fact or otherwise commit a fraud in any such application.

(b) After written approval by the Director, the Department may issue to a law enforcement officer an alias driver's license to be used in supervised activities involving criminal investigations. Possession or use for the purposes described in this subsection of a driver's license issued as provided in this subsection by the officer to whom the license was issued is not a violation of this section, unless the Department has suspended, cancelled, or revoked the license. Application for a license for the purposes described in this subsection is not a violation of this section.

Sec. 33. Repealed by Acts 1981, 67th Leg., p. 992, ch. 373, § 5, eff. Sept. 1, 1981.

**Driving While License Suspended or Revoked**

Sec. 34. Any person whose driver's license or driving privilege as a nonresident has been cancelled, suspended, or revoked as provided in this Act, and who drives any motor vehicle upon the highways of this State while such license or privilege is cancelled, suspended, or revoked is guilty of a misdemeanor and upon conviction shall be punished by fine of not less than Twenty-five Dollars (\$25) nor more than Five Hundred Dollars (\$500), and, in addition, there shall be imposed a sentence of imprisonment of not less than seventy-two (72) hours nor more than six (6) months.

**Permitting Unauthorized Minor to Drive**

Sec. 35. No person shall cause or knowingly permit his child or ward under the age of eighteen (18) years to drive a motor vehicle upon any highway when such minor is not authorized hereunder or in violation of any of the provisions of this Act.

**Permitting Unauthorized Person to Drive**

Sec. 36. No person shall authorize or knowingly permit a motor vehicle owned by him or under his control to be driven upon any highway by any person who is not authorized hereunder or in violation of any of the provisions of this Act.

**Employing Unlicensed Driver**

Sec. 37. Before employing a person as a driver of a motor vehicle used to transport persons or property, an employer shall request from the Department of Public Safety a list of convictions for traffic violations contained in their files on the potential employee and a verification that the potential employee has a valid license. No person shall employ a person as a driver of a motor vehicle used to transport persons or property until the potential employee has been licensed to drive such a vehicle as provided in this Act.

**Renting Motor Vehicle to Another**

Sec. 38. (a) No person shall rent a motor vehicle to any other person unless the latter person is then duly licensed hereunder or, in the case of a nonresident, then duly licensed under the laws of the State of his residence except a nonresident whose home State does not require that an operator be licensed.

(b) No person shall rent a motor vehicle to another until he has inspected the driver's license of the person to whom the vehicle is to be rented and compared and verified the signature thereon with the signature of such person written in his presence.

(c) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license of said latter person and the date and place when and where said license was issued. Such record shall be open to inspection by any police officer or officer or employee of the Department.

**ARTICLE V—ACCIDENT REPORTS**

Secs. 39 to 42. Repealed by Acts 1969, 61st Leg., p. 1189, ch. 383, § 2, eff. May 29, 1969.

**Department to Tabulate Accident Reports**

Sec. 43. The Department shall receive accident reports required to be made by law and shall tabulate and analyze such reports and publish annually or at more frequent intervals, statistical information based thereon as to the number, cause, and location of highway accidents; and the Department shall biennially report to the Governor and the Legislature the abstract of such reports for the preceding biennium, with its conclusions and findings and recommendations for decreasing highway accidents and increasing safety upon the highways of Texas.

**ARTICLE VI—PENALTIES AND GENERAL PROVISIONS****Penalty for Violation of Act**

Sec. 44. (a) It shall be a misdemeanor for any person to violate any of the provisions of this Act unless such violation is by this Act or other laws of this State declared to be a felony.

(b) In addition to any other penalties hereinbefore provided, and unless another penalty is in this Act or by the laws of this State provided, every person convicted of a misdemeanor for the violation of any provision of this Act shall be punished by fine of not more than Two Hundred Dollars (\$200).

**Forging or Counterfeiting Drivers' Licenses and Other Instruments**

Sec. 44A. (a) Any person who shall print, engrave, copy, photograph, make, issue, sell, or circulate, or who shall possess or have in his possession with intent to use, sell, circulate, or who shall possess or have in his possession with intent to use, sell, circulate, or pass, any forged or counterfeit driver's license, driver's license form, stamp, permit, license, official signature, certificate, evidence of fee payment, or any other instrument which has not been printed, manufactured, or made by or under the direction of, or issued, sold, or circulated by or under the direction of a person, board, agency, or authority authorized to do so by the provisions of this Act, or by the laws of another state or of the United States, shall be guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for a term of not less than two (2) years nor more than five (5) years.

(b) Any person who has in his possession any stamp, dye, plate, negative, device, machine, or other instrument, or parts thereof used or designed for use for forging or counterfeiting any instruments set out in Subsection (a) above, shall be guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for a term of not less than two (2) nor more than five (5) years.

(c) Any court, officer, or tribunal, having jurisdiction of any offense defined in this Section, or any District or County Attorney, may subpoena any person and compel his attendance as a witness to testify as to the violation of any provision of this Section. Any person so summoned and examined shall not be liable to prosecution for the violation of any provision of this Section about which he may testify when so summoned or subpoenaed.

**Repeal of Conflicting Laws**

Sec. 45. All laws or parts of laws in conflict herewith are hereby expressly repealed, and more particularly Senate Bill No. 15, Chapter 466, Page 1785, General Laws, Second Called Session, Forty-fourth Legislature, as amended by House Bill No.

Section 2 of Acts 1979, 66th Leg., p. 58, ch. 35, provided:

"The legislature intends, in enacting this legislation that epilepsy be treated as are other disabilities and diseases under the authority of Subdivision 8, Section 4, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes), in determining eligibility for an operator's, commercial operator's, or chauffeur's license, and as other disabilities and diseases are treated under the authority of Section 22 of that Act, as amended, in determining grounds for suspension or revocation of a license."

Section 4 of Acts 1981, 67th Leg., p. 359, ch. 142, provides:

"This Act takes effect January 1, 1982, and applies only to probation and license suspension for offense committed on or after that date. Probation under Article 42.13, Code of Criminal Procedure, 1965, as amended, and license suspension under Section 24, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes), for an offense committed before the effective date of this Act are governed by the law as it existed when the offense occurred, and that law is continued in effect for that purpose. For the purpose of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

Section 6 of Acts 1981, 67th Leg., p. 992, ch. 373, provides:

"This Act takes effect September 1, 1981, and applies to notification for address and name changes that occur on or after that date and to offenses committed under Sections 25A and 32 Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes), on or after that date. Offenses committed under those sections before the effective date of this Act are subject to prosecution under those sections as they existed when the offense occurred, and that law is continued in effect for that purpose. For purposes of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

Section 2 of Acts 1983, 68th Leg., p. 271, ch. 48, provides:

"A license that was issued under Subsection (d), Section 12, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes), before the effective date of this Act is subject to the terms of that law at the time of issuance, and that law is continued in effect for that purpose. A license issued under that law that is renewed after the effective date of this Act is subject to the terms of the law as it exists at the time of renewal."

Section 16(f) of Acts 1983, 68th Leg., p. 393, ch. 81, provides:

"This section applies only to fees payable on or after September 1, 1983."

Section 28(c) of Acts 1983, 68th Leg., p. 1607, ch. 303, provides:

"An offense committed before the effective date of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose."

Acts 1983, 68th Leg., p. 1793, ch. 345, § 1, amended § 1 of this article by, inter alia, deleting all lettered subsection designations

and deleting former subsecs. (a), (c) and (s). Acts 1983, 68th Leg., p. 2197, ch. 410, §§ 4 to 6, without reference to the amendment by Acts 1983, 68th Leg., p. 1793, ch. 345, § 1, amended subsecs. 1(c) and (s) and added subsec. 1(t). Acts 1983, 68th Leg., p. 1563, ch. 302, § 2, amended subsec. (a).

Section 18 of Acts 1983, 68th Leg., p. 1830, ch. 345, provides:

"(a) This Act does not affect the validity of a license to operate a motor vehicle issued or renewed under Chapter 173, Acts of the 47th Legislature, Regular Session, 1941 (Article 6687b, Vernon's Texas Civil Statutes), before the effective date of this Act. The license continues in effect according to its terms for the period for which it was issued or renewed unless revoked, suspended, or canceled, as provided by law. When the license expires, the license may be renewed for an equivalent class of license without any further examination of the licensee, except as the Department of Public Safety may otherwise require under Section 10 or 18, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941 (Article 6687b, Vernon's Texas Civil Statutes), as amended by this Act.

"(b) A license to operate a motor vehicle that was revoked, suspended, or canceled under Chapter 173, Acts of the 47th Legislature, Regular Session, 1941 (Article 6687b, Vernon's Texas Civil Statutes), before the effective date of this Act remains revoked, suspended, or canceled for the period for which the license was revoked, suspended, or canceled."

Section 4 of Acts 1983, 68th Leg., p. 2656, ch. 458, provides:

"This Act takes effect September 1, 1983. Licenses issued under Section 23A or 25, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941 (Article 6687b, Vernon's Texas Civil Statutes), before the effective date of this Act are subject to the law as it existed on the date of issuance, and that law is continued in effect for that purpose."

Section 2 of Acts 1983, 68th Leg., p. 2933, ch. 500, provides:

"A person whose driver's license was suspended before the effective date of this Act based on a finding that the person is an habitual violator of the traffic laws is subject to the law in effect at the time of the suspension, and that law is continued in effect for the disposition of administrative proceedings against the person."

#### Art. 6687b-1. Expired

This article authorized persons who were 17 years of age or over to drive school buses and common carrier motor vehicles during the pendency of World War II.

#### Art. 6687-1. Certificate of Title Act

##### Short Title; Legislative Intent; Construction of "Motor Vehicle"

Sec. 1. This Act shall be referred to, cited and known as the "Certificate of Title Act," and in the enactment hereof it is hereby declared to be the legislative intent and public policy of this state to lessen and prevent the theft of motor vehicles, house trailers, also trailers and semi-trailers having a gross weight in excess of four thousand (4,000) pounds, and the importation into this state of, and traffic in, stolen motor vehicles, house trailers, trailers and semi-trailers as defined herein, and the sale of encumbered motor vehicles, house trailers, also trailers and semi-trailers as defined herein, without the enforced disclosure to the purchaser of any and all liens for which any such motor vehicle, house

trailer, also trailers and semi-trailers as defined herein, stands as security, and the provisions hereof, singularly and collectively, are to be liberally construed to that end. The terms hereinafter set out, as herein defined shall control in the enforcement and construction of this Act, and it is further provided that wherever the term "Motor Vehicle" appears in this Act, it shall be construed to include "house trailer," also "trailers" and "semi-trailers" having a gross weight in excess of four thousand (4,000) pounds; provided, however, that nothing in this Act shall apply to trailers or semi-trailers used solely for the transportation of farm products, if such products are not transported for hire.

##### Accessories, Inapplicable to

Sec. 1a. The provisions of House Bill No. 407, Chapter 4, Acts of the Forty-sixth Legislature, Regular Session, and as by this Act amended, shall not apply to the filing or recording of a lien or liens which are created only upon tires, radios, heaters, or other automobile accessories.

##### "Motor Vehicle" Defined

Sec. 2. The term "motor vehicle" means every kind of motor driven or propelled vehicle required to be registered or licensed under the laws of this state, including trailers, house trailers, and semi-trailers, and shall also include motorcycles, motor-driven cycles, and mopeds, whether required to be registered or not, except motorcycles, motor-driven cycles, and mopeds, designed for and used exclusively on golf courses.

##### "House Trailer" Defined

Sec. 2a. The term "House Trailer" means a vehicle without automotive power designed for human habitation and for carrying persons and property upon its own structure and for being drawn by a motor vehicle.

##### "Trailer" Defined

Sec. 2b. The term "trailer" means every vehicle having a gross unloaded weight in excess of four thousand (4,000) pounds designed or used to carry its load wholly on its own structure and to be drawn by a motor vehicle.

##### "Semi-Trailer" Defined

Sec. 2c. The term "semi-trailer" means vehicles of the trailer type having a gross weight in excess of four thousand (4,000) pounds so designed or used in conjunction with a motor vehicle that some part of its own weight and that of its load rests upon or is carried by another vehicle.

**"Motorcycle" Defined**

Sec. 2d. The term "motorcycle" means every motor vehicle designed to propel itself with not more than three wheels in contact with the ground but excluding a tractor.

**"Motor Vehicle" and "House Trailer" not to Include "Manufactured Housing"**

Sec. 2e. The terms "motor vehicle" and "house trailer" do not include "manufactured housing" as defined in the Texas Manufactured Housing Standards Act, as amended (Article 5221f, Vernon's Texas Civil Statutes).

**"Lien" Defined**

Sec. 3. The term "Lien" means a security interest, as defined in Section 1.201(37), Business and Commerce Code, created by every kind of lease, conditional sales contract, deed of trust, chattel mortgage, trust receipt, reservation of title, or other written security agreement, as defined in Section 9.105(a)(8), Business and Commerce Code, of whatsoever kind or character whereby an interest, other than an absolute title, is sought to be held or given in a motor vehicle, and means any lien created or given by constitution or statute in a motor vehicle.

**"Owner" Defined**

Sec. 4. The term "Owner" includes any person, firm, association, or corporation other than a manufacturer, importer, distributor, or dealer claiming title to, or having a right to operate pursuant to a lien on a motor vehicle after the first sale as herein defined, except the Federal Government and any of its agencies, and the State of Texas and any governmental subdivision or agency thereof not required by law to register or license motor vehicles owned or used thereby in this State.

**"Mortgagee" Defined**

Sec. 5. The term "Mortgagee" means a secured party, as defined in Section 9.105(a)(9), Business and Commerce Code, and any other person, firm, association or corporation holding a lien on a motor vehicle.

**"Mortgagor" Defined**

Sec. 6. The term "Mortgagor" means a debtor, as defined in Section 9.105(a)(4), Business and Commerce Code, and any other person, firm, association or corporation giving a lien on a motor vehicle or agreeing that a lien may be retained thereon or any part thereof or as against whom a lien arises under the constitution or a statute.

**"First Sale" Defined**

Sec. 7. The term "First Sale" means the bargain, sale, transfer, or delivery with intent to pass an interest therein, other than a lien, of a motor vehicle which has not been previously registered or licensed in this State or elsewhere; and such a bargain, sale, transfer or delivery, accompanied by registration or licensing of said vehicle in this State or elsewhere, shall constitute the first sale of said vehicle, irrespective of where such bargain sale, transfer, or delivery occurred.

**"Subsequent Sale" Defined**

Sec. 8. The term "Subsequent Sale" means the bargain, sale, transfer, or delivery, with intent to pass an interest therein, other than a lien, of a motor vehicle which has been registered or licensed within this State or elsewhere, save and except when such vehicle is not required under law to be registered or licensed in this State; and any such bargain, sale, transfer, or delivery of a motor vehicle after same has been registered or licensed shall constitute a subsequent sale, irrespective of where such bargain, sale, transfer, or delivery occurred.

**"New Car" Defined**

Sec. 9. The term "New Car" means a motor vehicle which has never been the subject of a first sale either within this State or elsewhere.

**"Used Car" Defined**

Sec. 10. The term "Used Car" means a motor vehicle that has been the subject of a first sale whether within this State or elsewhere.

**"Person" Defined**

Sec. 11. The term "Person" includes individuals, firms, associations, and corporations required by law to register motor vehicles owned or used thereby, including officers, employees, or agents acting for the State of Texas or any Governmental subdivision or agency thereof, but shall not include the Federal Government or any of its agencies not required by law to register motor vehicles owned or used thereby.

**"Hereafter" Defined**

Sec. 12. The term "Hereafter" means after the effective date of this Act.

**"Receipt" Defined**

Sec. 13. The term "Receipt" means the written acknowledgment by a designated agent of the De-

partment of having received an application for a certificate of title and the required fee, on such form as may be prescribed by the Department from time to time.

**"Stolen" and "Converted" Defined**

Sec. 14. The terms "Stolen" and "Converted" mean the same as defined in the Penal Code.

**"Concealed Motor Vehicle" Defined**

Sec. 15. The term "Concealed Motor Vehicle" means a motor vehicle that is concealed, as defined in Article 1557 of the Penal Code as amended by Acts of 1929, Forty-first Legislature, Page 237, Chapter 102, Section 1.<sup>1</sup>

<sup>1</sup> Repealed; see, now, Penal Code, § 32.33.

**"Manufacturer" Defined**

Sec. 16. The term "Manufacturer" means any person regularly engaged in the business of manufacturing or assembling new motor vehicles, either within or without this State.

**"Importer" Defined**

Sec. 17. The term "Importer" means any person, except a manufacturer, who brings any used motor vehicle into this State for the purpose of sale within this State.

**"Distributor" Defined**

Sec. 18. The term "Distributor" means any person engaged in the business of selling to a dealer motor vehicles theretofore bought from a manufacturer.

**"Dealer" Defined**

Sec. 19. The term "Dealer" means any person purchasing motor vehicles for resale at retail to owners.

**"Motor Number" or "Serial Number" Defined**

Sec. 20. The terms "motor number" or "serial number" means the manufacturer's permanent vehicle identification number or derivative number thereof affixed to or imprinted upon the engine or motor, transmission, body, frame, chassis or other part of a motor vehicle or the number assigned by the Texas Highway Department,<sup>1</sup> affixed to or imprinted upon the engine or motor, transmission, body, frame, chassis or other part of a motor vehicle.

<sup>1</sup> Name changed to State Department of Highways and Public Transportation; see article 6663.

**"Manufacturer's Permanent Vehicle Identification Number" Defined**

Sec. 21. The term "manufacturer's permanent vehicle identification number" means the number affixed by the manufacturer to a motor vehicle in a manner and place easily accessible for physical examination and die-stamped or otherwise permanently affixed on various removable parts of the vehicle.

**"Manufacturer's Certificate" Defined**

Sec. 22. The term "Manufacturer's Certificate" means a certificate on form to be prescribed by the Department showing original transfer of a new motor vehicle from the manufacturer to the original purchaser, whether importer, distributor, dealer, or owner, and when presented with an application for certificate of title must show thereon, on appropriate forms to be prescribed by the Department, each subsequent transfer between distributor and dealer, dealer and dealer, and dealer to owner.

**"Importer's Certificate" Defined**

Sec. 23. The term "Importer's Certificate" means the certificate on form to be prescribed by the Department for each used motor vehicle brought into this State for the purpose of sale within this State, and such importer's certificate must be accompanied by such evidence of title to the motor vehicle as the Department may, from time to time, require in order to show a good title and the names and addresses of all mortgagees.

**"Certificate of Title" Defined**

Sec. 24. The term "Certificate of Title" means a written instrument which may be issued solely by and under the authority of the department, and which must give the following data together with such other data as the department may require from time to time:

- (a) The name and address of the purchaser and seller at first sale or transferee and transferor at any subsequent sale.
- (b) The make.
- (c) The body type.
- (d) The motor number.

At such time as the stamping of permanent identification numbers on motor vehicles in a manner and place easily accessible for physical examination is universally adopted by motor vehicle manufacturers as the permanent vehicle identification, the department is authorized to use such permanent identification number as the major identification of motor vehicles subsequently manufactured. The motor number will continue to be the major identification of vehicles manufactured before such change is adopted.

- (e) The serial number.
- (f) The license number of the current Texas plates.
- (g) The names and addresses and dates of any liens on the motor vehicle, in chronological order of recordation.
- (h) If no liens are registered on the motor vehicle, a statement of such fact.
- (i) A space for the signature of the owner and the owner shall write his name with pen and ink in such space upon receipt of the certificate.
- (j) A statement indicating "rights of survivorship" when an agreement providing that the motor vehicle is to be held between a husband and his wife jointly with the interest of either spouse who dies to survive to the surviving spouse is surrendered with the application for certificate of title. This agreement is valid only if signed by both husband and wife and, if signed, the certificate shall be issued in the name of both.
- (k) If the motor vehicle is equipped with an odometer, the cumulative number of miles or kilometers the motor vehicle has travelled as reflected by the application.

#### Certificate of Title Section Transferred to Highway Department

Sec. 24a. The certificate of title section, and its personnel, property, equipment, and records, now a part of the Department of Public Safety of the State of Texas, are hereby transferred to and placed under the jurisdiction of the Highway Department of the State of Texas.<sup>1</sup>

<sup>1</sup> Name changed to State Department of Highways and Public Transportation; see article 6663.

#### "Department" Defined

Sec. 25. The term "department" means the State Highway Department of the State of Texas.<sup>1</sup>

<sup>1</sup> Name changed to State Department of Highways and Public Transportation; see article 6663.

#### "Designated Agent" Defined

Sec. 26. The term "Designated Agent" means each County Tax Collector in this State who may perform his duties under this Act through any regular deputy.

#### Application for Certificate of Title Before Sale

Sec. 27. Before selling or disposing of any motor vehicle required to be registered or licensed in this State on any highway or public place within this State, except with dealer's metal or cardboard li-

cense number thereto attached as now provided by law, the owner shall make application to the designated agent in the county of his domicile or the county in which the vehicle is purchased or encumbered upon form to be prescribed by the Department for a certificate of title for such motor vehicle. With the application, the owner shall submit an affidavit stating the cumulative number of miles or kilometers travelled by the motor vehicle to the best of the knowledge of the transferor.

#### Manufacturer's Certificate

Sec. 28. No designated agent shall issue a receipt for an application for certificate of title to any new motor vehicle the subject matter of the first sale unless the applicant shall deliver to such agent a manufacturer's certificate properly assigned by the manufacturer, distributor, or dealer shown thereon to be the last transferee to the applicant, upon form to be prescribed by the Department.

#### Importer's Certificate

Sec. 29. No such designated agent shall issue a receipt for a certificate of title to any used motor vehicle imported into this State for the purpose of sale within this State without delivery to him by the applicant of an importer's certificate properly assigned by the importer upon form to be prescribed by the Department.

#### Vehicles Brought into State; Sale of Vehicles; Liens or Encumbrances

Sec. 30. (a) Before any motor vehicle that was last registered and titled, or registered in some other state or country may be registered and titled in Texas, the applicant shall furnish to the designated agent a certificate as required under Section 142A, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes). Before a motor vehicle that has not been registered and titled, or registered, any other state may be registered and titled in Texas, the applicant shall furnish to the designated agent: (1) a form issued by the United States Customs Service stating that when the vehicle was first brought into the United States, the vehicle was declared to a customs officer in accordance with the Tariff Act of 1930, 19 U.S.C. Sec. 1485; or (2) proof satisfactory to the agent that the vehicle was not brought into the United States from outside the country. This subsection does not apply to a motor vehicle lawfully imported into the United States by a distributor or dealer from the manufacturer of the motor vehicle. No designated agent shall accept any application for registration and a certificate of title until the applicant has complied with the provisions of this Section.

(b) Before any motor vehicle brought into this State by any person, other than a manufacturer or

importer, and which is required to be registered or licensed within this State, can be bargained, sold, transferred, or delivered with intent to pass any interest therein or encumber by any lien, application on form to be prescribed by the Department must be made to the designated agent of the county wherein the transaction is to take place for a certificate of title, and no such designated agent shall issue a receipt until and unless the applicant shall deliver to him, on an affidavit in a form to be prescribed by the Department, evidence of the cumulative number of miles or kilometers travelled by the motor vehicle to the best of the knowledge of the transferor, and such evidence of title as shall satisfy the designated agent that the applicant is the owner of such motor vehicle, and that the same is free of liens except such as may be disclosed.

No designated agent of the department shall be liable for civil damages arising out of his failure to reflect liens or encumbrances on such motor vehicle unless such failure constitutes willful or wanton negligence.

#### Receipts Issued by Designated Agents

Sec. 31. Every designated agent in this State receiving an application for certificate of title shall, when the provisions hereof have been complied with, issue a receipt marked "Original" to the applicant and shall note thereon the required information concerning the motor vehicle and the existence or nonexistence of liens as disclosed in the application and deliver such receipt upon payment of the required fees to the applicant; provided however, that in the event there is a lien disclosed in the application, the said receipt shall be issued in duplicate, one of which shall be marked "Original" and shall be mailed or delivered by every such designated agent to the first lien holder as disclosed in said application; the other said copy shall be marked "Duplicate Original" and shall be mailed or delivered to the address of the applicant as disclosed in the said application, and such receipt pending the issuance of the certificate of title shall authorize the operation of such motor vehicle on the highways and public places within this State for a period of not to exceed ten (10) days and upon the expiration of such period of time shall cease to be effective for any purpose, but may be renewed under such reasonable rules and regulations as may be promulgated by the Department.

#### Issuance of Certificate of Title

Sec. 32. Every designated agent within this State shall, on the same day issued by him, forward to the Department, by mail prepaid postage, copies of all receipts issued by him together with such evidences of title as may have been delivered to him by the several applicants, and the Department within five (5) days after receiving such application, if

upon inspection thereof it is satisfactorily shown that the certificate of title should issue, shall issue certificate of title marked "Original" on the face thereof and send the same to the address of the applicant as given in his application by first class mail; provided however, that in the event there is a lien disclosed in the application the said certificate of title shall be issued in duplicate, one of which shall be marked "Original" and shall be mailed to the address of the first lien holder as disclosed in said certificate of title by first class mail; the copy of said certificate of title shall be marked "Duplicate Original" and shall be sent by first class mail to the address of the applicant as given in his application.

#### Duplicate Original

Sec. 32a. The receipt or certificate of title marked "Duplicate Original" shall be used only as evidence of title of said motor vehicle and shall not be used by any person in transferring any interest in said motor vehicle or to establish any lien thereon.

#### Sale; Transfer of Certificate; Affidavit

Sec. 33. No motor vehicle may be disposed of at a subsequent sale unless the owner designated in the certificate of title transfers the certificate of title on a form prescribed by the Department before a Notary Public. This form shall include, among such other matters as the Department may determine, an affidavit to the effect that the signer is the owner of the motor vehicle, and that there are no liens on the motor vehicle, except such as are shown on the certificate of title or are fully described in the affidavit, and stating the cumulative number of miles or kilometers travelled by the motor vehicle to the best of the knowledge of the transferor. No title to any motor vehicle shall pass or vest until the transfer is so executed.

#### New Certificate of Title When all Forms Have Been Used

Sec. 34. When all of the forms of transfer on any certificate of title have been used by reason of subsequent sales, such certificate of title may be delivered to any designated agent within this State, and a receipt taken therefor as provided in the case of first sale, and such agent shall forward the same to the Department on the same day received by him, and new certificate of title shall be issued by the Department.

#### Transfer by Operation of Law; New Certificate

Sec. 35. When the ownership of a motor vehicle registered or licensed within this State is transferred by operation of law, as upon inheritance, devise or bequest, bankruptcy, receivership, judicial sale, or any other involuntary divestiture of ownership, the Department shall issue a new certificate of title upon being provided with a certified copy of the order appointing a temporary administrator or of

the probate proceedings, or letters testamentary or of administration, if any (if no administration is necessary, then upon affidavit showing such fact and all of the heirs at law and specification by the heirs as to in whose name the certificate shall issue), or order, or bill of sale from the officer making the judicial sale. If the security interest or other lien is foreclosed in accordance with law by nonjudicial means, the affidavit of the secured party or other mortgagee of the fact of the nonjudicial foreclosure in accordance with law is sufficient to authorize the Department to issue a new certificate of title in the name of the purchaser at the foreclosure sale. If the foreclosure is of a constitutional or statutory lien, the affidavit of the mortgagee of the fact of the creation of the lien and of the divestiture of title by reason thereof in accordance with law and proof of notice as required by Article 5504a, Revised Civil Statutes of Texas, 1925, are sufficient to authorize the Department to issue a new certificate of title in the name of the purchaser. If an agreement providing for right of survivorship is signed by the husband and wife, upon the death of either spouse the Department shall issue a new certificate of title to the surviving spouse upon being provided with a copy of the death certificate of the deceased spouse.

#### Loss or Destruction of Certificate; Certified Copy

Sec. 36. Should a certificate of title, "Duplicate Original" or "Original," be lost or destroyed, the owner or lien holder thereof may procure a certified copy of same directly from the Department by making affidavit upon such form as may be prescribed by the Department from time to time, accompanied by a fee of \$2, which shall be deposited in the State Highway Fund and be expended as provided by Section 57 of this Act, provided however, that the certified copy of the certificate of title marked "Original" shall issue only to the first lien holder where a lien is disclosed thereon. Said certified copy and all subsequent certificates of title issued, until transfer of ownership of said motor vehicle, shall be plainly marked across their faces "Certified Copy," and all subsequent purchasers or lien holders of said motor vehicle shall acquire only such rights, title, or interest in such motor vehicles as the holder of the said certified copy had, provided however, that upon the transfer of title to said motor vehicle, the words "Certified Copy" shall be eliminated from the new certificate of title. Any purchasers or lien holders of such motor vehicle may at the time of such purchase or at the time lien is established require the seller or owner to indemnify him and all subsequent purchasers of said motor vehicle against any loss which he or they may suffer by reason of any claim or claims presented upon the said original certificate of title. In the event of recovery of the said certificate of title, "Duplicate Original" or "Original" thereof, the said owner shall forthwith surrender the same to the Department for cancellation and the words "Certi-

fied Copy" shall be eliminated from said certificates thereafter issued by the Department.

#### Junking Motor Vehicle; Rebuilding or Assembling Motor Vehicle; Loss Due to Flood

Sec. 37. (a) When any motor vehicle registered or licensed in Texas to which a certificate of title has been issued is junked, dismantled, destroyed, or its motor number changed or the motor vehicle changed in such manner that it loses its character as a motor vehicle, or in such manner that it is not the motor vehicle described in such certificate of title, the owner named last in the certificate of title shall surrender the certificate of title to the Department together with the written consent of the holders of all unreleased liens noted thereon, and the certificate shall be cancelled on the records of the Department. Provided that nothing herein shall affect the sale of used parts for automobiles when sold as such.

(b) Any person rebuilding or assembling a motor vehicle, shall, before using same or operating same, or permitting the operation of same, or disposing of same, procure a certificate of title for same from the Department. For the purpose of obtaining any such certificate of title said person shall furnish an affidavit setting forth where, when, and how, and from whom he procured the various respective parts used in the rebuilding or assembling of such motor vehicle for which certificate of title is sought; provided, however, that the Department shall not issue such certificate of title unless and until it has satisfied itself that the facts set forth are true and correct, and that the person making the affidavit is in fact the person purported in such affidavit to be the maker thereof.

(c) The owner of a motor vehicle that has been rendered a total loss due to flood shall surrender to the department the certificate of title or the manufacturer's statement of origin together with the written consent of the holders of all unreleased liens noted thereon. The department shall thereupon cancel the certificate of title and the vehicle may not be operated in Texas.

(d) Before operating in Texas a vehicle that has been rendered a total loss due to flood in Texas or elsewhere, the owner of the vehicle shall obtain a new certificate of title from the department. Whether the vehicle for which a certificate of title is sought under this subsection was last titled in Texas or by authority of a jurisdiction other than Texas, the applicant shall disclose to the department that the vehicle has been rendered a total loss due to flood.

(e) The department shall make an appropriate designation on all certificates of title issued pursuant to Subsection (d) of this section and on all certificates of title issued pursuant to Subsection (b) of this section for vehicles, the certificate of title or other evidence of ownership to which has been surrendered to the department pursuant to Subsec-

tion (a) of this section or Chapter 506, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6687-2, Vernon's Texas Civil Statutes). The department shall ensure that the designation required by this subsection appear on the face of all certificates of title issued or reissued pursuant to this section.

#### Grounds for Refusing or Revoking Certificate

Sec. 38. The Department shall refuse issuance of a certificate of title, or having issued a certificate of title, suspend or revoke the same, upon any of the following grounds:

(a) That the application contains any false or fraudulent statement, or that the applicant has failed to furnish required information requested by the Department, or that the applicant is not entitled to the issuance of a certificate of title under this Act.

(b) That the Department has reasonable ground to believe that the vehicle is a stolen or converted vehicle as herein defined, or that the issuance of a certificate of title would constitute a fraud against the rightful owner or a mortgagee.

(c) That the registration of the vehicle stands suspended or revoked.

(d) That the required fee has not been paid.

#### Hearing After Refusal or Revocation; Appeal

Sec. 39. Any person interested in a motor vehicle to which the Department has refused to issue a certificate of title or has suspended or revoked the certificate of title, feeling aggrieved, may apply to the designated agent of the county of such interested person's domicile for a hearing, whereupon such designated agent shall, on the same day such application for hearing is received by him, notify the Department of the date of the hearing, which shall not be less than ten (10) days nor more than fifteen (15) days, and at such hearing such applicant and the Department may submit evidence, and a ruling of the designated agent shall bind both parties as to whether or not the Department has acted justly in the premises.

(a) Such applicant feeling aggrieved with the ruling of the designated agent, may, within five (5) days and not thereafter, appeal to the County Court of the county of the applicant's residence, who shall proceed to try the issues as in other civil cases, and all rights and immunities granted in the trial of civil cases shall be available to the interested parties.

(b) If the action of the Department complained of is sustained, a certificate of title for the particular motor vehicle involved shall only be issued upon such reasonable rules and regulations as the Department may prescribe.

(c) Should the final decision be against the ruling of the Department, the certificate of title shall issue forthwith.

#### Authority to Execute Application or Transfer

Sec. 40. No person shall, without lawful authority, execute any application or transfer any certificate of title or receipt for any person other than himself, except that firms, associations, and corporations may act through authorized agents.

#### Security Interest; Perfection

Sec. 41. (a) Except for a security interest in motor vehicles held as inventory by a person who is in the business of selling motor vehicles, a security interest in a motor vehicle that is the subject of a first or subsequent sale may be perfected only by notation of the lien on the certificate of title in accordance with this Act.

(b) A security interest in a motor vehicle held as inventory by a person who is in the business of selling motor vehicles may be perfected only by complying with Chapter 9 of the Business and Commerce Code.

#### Notation of Security Interest; Filing

Sec. 42. Presentation of an application for a certificate of title with the lien disclosed therein and tender of the filing fee to the designated agent of the Department or acceptance of the application by the designated agent of the Department constitutes notation of the lien under this Act. The time of the notation of a lien under this Act is deemed to be the time of filing of the security interest for purposes of Chapter 9 of the Business and Commerce Code.<sup>1</sup>

Secs. 43 to 46. Repealed by Acts 1971, 62nd Leg., p. 896, ch. 123, § 7, eff. May 10, 1971.

#### Discharge of Lien

Sec. 47. When a lien is discharged, the holder thereof shall, on demand of the owner, execute and acknowledge before a Notary Public the discharge of the lien upon such form as may be prescribed by the Department, and upon presentation of such evidence, the owner may present the certificate of title to the designated agent in the county together with application for title as prescribed in this Act and shall receive from the Department a new title.

#### Cancellation of Discharged Lien

Sec. 47a. The Department is hereby authorized to cancel any discharged lien which has been properly recorded on a Certificate of Title provided the record mortgages,<sup>1</sup> whether such mortgages<sup>1</sup> be an individual, firm, corporation, bank, estate, or any Governmental loaning agency, is nonexistent, or cannot be located to enable the registered owner to obtain a release of such discharged lien, provided such properly recorded lien may not be cancelled unless and until such recorded lien has been of record for six (6) years or more.

<sup>1</sup> Probably should read "mortgagee."

**Duplicate Receipt or Certificate**

Sec. 48. No duplicate receipt or certificate of title shall be issued without the surrender of the original, except upon such reasonable rules and regulations as may be promulgated by the Department.

**Altering, Forging or Counterfeiting Certificates; Altering or Removing Motor, Vehicle or Trailer Numbers; Possession or Sales of Vehicles With Numbers so Altered; Prosecutions; Penalties; Seizure and Disposition of Vehicles; Assigned Vehicle Identification Numbers**

Sec. 49. (a) Any person who shall alter any certificate of title issued by the Department, or forge or counterfeit any certificate of title purporting to have been issued by the Department under the provisions of this Act, or who shall alter or falsify or forge any assignment thereof, shall be guilty of forgery and upon conviction thereof shall be punished as provided by law.

(b) It shall be unlawful for any person to alter, change, erase, or mutilate, for the purpose of changing the identity, any motor number, serial number, manufacturer's permanent vehicle identification number or derivative number thereof placed on the vehicle, or any part thereof by the manufacturer, or any motor number or serial number assigned by the State Highway Department and placed or caused to be placed on a vehicle as provided by law for the purpose of identification. It shall also be unlawful for any person other than a vehicle manufacturer to stamp or place any motor number or manufacturer's vehicle identification number other than a number assigned by the State Highway Department as provided by law, on any vehicle or any part thereof. Any person violating the provisions of this section commits a misdemeanor punishable by a fine not to exceed \$1,000, by confinement in jail for not more than 2 years or by both.

(c)(1) A person who possesses, sells or offers for sale a motor vehicle or any part of a motor vehicle that has had the serial number, the motor number, or the manufacturer's permanent identification number removed, changed, or obliterated when he knows the number has been removed, changed or obliterated commits a misdemeanor punishable by a fine not to exceed \$1,000, by confinement in jail for not more than 2 years, or by both.

(2) It is a defense to prosecution under this subsection, which shall not be submitted to the jury unless evidence is admitted supporting it but which, if raised, must be negated beyond a reasonable doubt, that the person was, at the time the number was removed, changed, or obliterated, the rightful or true owner of the motor vehicle or part of a motor vehicle that is the subject of the prosecution.

(3) For purposes of this subsection, a person knows the serial number, the motor number, or the manufacturer's permanent vehicle identification number or derivative number thereof has been re-

moved, changed or obliterated on a motor vehicle or a part of a motor vehicle in his possession if he is aware of but consciously disregards a substantial and unjustifiable risk that the number has been removed, changed, or obliterated. The risk must be of such a nature and degree that its disregard constitutes a gross deviation from the standard of care that an ordinary person would exercise under all the circumstances as viewed from the defendant's standpoint.

(d)(1) If a person is arrested for possession of a motor vehicle or part of a motor vehicle in violation of this section, or if a peace officer discovers a motor vehicle or part of a vehicle that has had the serial number, motor number, or manufacturer's permanent identification number removed, changed, or obliterated, the officer will take the motor vehicle or part of a motor vehicle into his possession.

(2) If the seizure under Subsection (d)(1) is not made pursuant to a search warrant, the officer shall prepare and deliver to a magistrate a written inventory of each motor vehicle or part of a motor vehicle seized.

(3) If a person arrested is charged with an offense under this section, the magistrate may order that any motor vehicle or part of a motor vehicle seized by the arresting officer be delivered to the law enforcement agency that seized it pending disposition of the charges.

(4) If there is no prosecution or conviction for an offense involving the motor vehicle or part of a motor vehicle seized, the magistrate to whom the seizure was reported shall notify in writing the rightful owner, if known, that he is entitled to the motor vehicle or part of a motor vehicle upon request to the law enforcement agency holding it.

(5) Upon conviction of any person for a violation of this section, the court shall order that any motor vehicle or part of a motor vehicle seized and impounded in connection with the offense be delivered to the rightful owner or true owner, if known.

(6) If the rightful owner of a vehicle or part of a motor vehicle seized under this section is unknown, the law enforcement agency that seized the vehicle or part may initiate forfeiture proceedings. If, after the time period for reclamation stated in the notice required by Subdivisions (8) and (9) of this subsection has expired, the vehicle or part has not been reclaimed and the court finds that the number on the vehicle or part has been removed, changed, or obliterated, the court shall order the vehicle or part forfeited to the state.

(7) Any person interested in any motor vehicle or part of a motor vehicle seized under this section may, at any time, petition the magistrate to whom the seizure was reported to deliver possession of it to him. The magistrate, after notice to the law enforcement agency in possession of it, shall conduct a hearing to determine the petitioner's right to possession of the motor vehicle or part of a motor

vehicle. Possession of a certificate of title to a motor vehicle is rebuttable evidence of the person's right to possess the vehicle. If the petitioner proves by a preponderance of the evidence that he has a right to possession, the magistrate shall order it delivered to him.

(8) Before a motor vehicle or part of a motor vehicle seized under this subsection may be forfeited to the state, the law enforcement agency that seized the vehicle or part shall notify, by certified mail, return receipt requested, the last known registered owner of the motor vehicle and all lienholders of record. Notice under this subdivision must include:

(A) a description of the motor vehicle or part, including the year, make, model, and vehicle identification number if known;

(B) a statement of the name and location of the facility where the vehicle or part is being held;

(C) a statement that the owner or any lienholder has the right to reclaim the vehicle or part not later than the 20th day after the date the notice is received, on payment of towing and storage costs; and

(D) a statement that failure by the owner or lienholder to reclaim the vehicle or part as provided by Paragraph (C) of this subdivision is a waiver of all right, title, and interest in the vehicle or part.

(9) If the identity and address of the owner and each lienholder of a motor vehicle or part of a motor vehicle seized under this subsection cannot be determined with reasonable certainty, the law enforcement agency shall publish notice of the seizure of the motor vehicle or part of a motor vehicle in a newspaper of general circulation in the area where the vehicle or part was seized. The notice must include all the information required by Subdivision (8) of this subsection for notice by certified mail. Notice under this subdivision may include information about more than one seized vehicle or part.

(10) A vehicle or part of a vehicle that is forfeited to the state may be maintained, repaired, used, operated, or sold by the agency awarded the vehicle or part.

(e) If no serial number is die stamped upon a house trailer, also trailer or semi-trailer having a gross weight in excess of four thousand (4,000) pounds, by the manufacturer of such house trailer, trailer or semi-trailer, or if the serial number so assigned and die stamped by the manufacturer has been removed or obliterated, the Department shall, upon proper application, assign a serial number for such house trailer, trailer or semi-trailer, and this assigned serial number shall be die stamped by the applicant at the place designated by the Department upon such house trailer, trailer or semi-trailer for which such serial number is assigned. The manufacturer's serial number or the serial number assigned by the Department shall be placed on the carriage or axle part of the house trailer, trailer or

semi-trailer and shall be used as the major identification of the house trailer, trailer or semi-trailer in the issuance of a Certificate of Title thereon.

(f) Any person who has been determined to be the rightful owner of any motor vehicle or part of a motor vehicle that has had the serial number, the motor number or the manufacturer's permanent vehicle identification number or derivative thereof removed, changed or obliterated shall within 30 days of such determination make application to the Department for an assigned vehicle identification number, and the number assigned by the Department shall be die-stamped or otherwise affixed to the motor vehicle or part thereof at the location and in the manner designated by the Department. Each application for an assigned vehicle identification number shall be submitted on a form prescribed and furnished by the Department and shall be accompanied by the outstanding negotiable certificate of title covering the vehicle. In the event no certificate of title is outstanding on the vehicle, the application shall be accompanied by such other valid evidence of ownership as may be required by the Department. A fee of \$2 shall accompany each such application for assigned vehicle identification number and shall be deposited in the State Highway Fund. Anyone failing to comply with the provisions of this subsection shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than \$25 nor more than \$200.

#### Stolen, Converted or Concealed Motor Vehicle

Sec. 50. Whenever any motor vehicle registered or licensed in this State is reported to the Department as having been stolen, converted, or concealed, it shall be the duty of the Department, to make a distinctive record thereof and to note the fact on its records of the certificate of title and when any such motor vehicle so reported as stolen, converted, or concealed, has been recovered or found, it shall be the duty of the party making the report to the Department to likewise forthwith notify the Department of the fact so that the Department's records may be changed accordingly.

#### Offering for Sale or as Security Without Receipt or Certificate Forbidden

Sec. 51. It shall hereafter be unlawful for any person, either by himself or through any agent, to offer for sale or to sell or to offer as security for any obligation any motor vehicle registered or licensed in this State without then and there having in his possession the proper receipt or certificate of title covering the motor vehicle so offered.

Sec. 52. Repealed by Acts 1967, 60th Leg., p. 1035, ch. 454, § 1, eff. Aug. 28, 1967.

#### Sales in Violation of Act Void

Sec. 53. All sales made in violation of this Act shall be void and no title shall pass until the provisions of this Act have been complied with.

**Stolen, Converted or Concealed Vehicle;  
Application Unlawful**

Sec. 54. It shall be unlawful for any person to make application for a certificate of title on any motor vehicle within this State known by such person to have been stolen, converted, or concealed.

**Rules and Regulations; Forms**

Sec. 55. The Department may, from time to time, promulgate such reasonable rules and regulations as it may deem necessary to carry out the orderly operation of this Act and to prescribe such forms as are herein provided for, as well as such others as it may deem proper, and shall provide the several designated agents within this State with sufficient supply thereof.

**Designated Agents; Liability on Bond**

Sec. 56. It is hereby expressly made the duty of the several designated agents in this State to comply with the provisions hereof, and any such designated agent failing or refusing so to do shall be liable on his official bond for any damages suffered by any person.

**Fees; Collection and Disposition**

Sec. 57. (a) Each applicant for a Certificate of Title or reissuance thereof shall pay to the designated agent (County Tax Assessor-Collector) the sum of Ten Dollars (\$10), of which the first Five Dollars (\$5) shall be accounted for by the County Tax Assessor-Collector and disposed of in the method hereinafter provided; and the remaining Five Dollars (\$5) shall be forwarded to the State Department of Highways and Public Transportation for deposit in the State Highway Fund, together with the application for a Certificate of Title, within twenty-four hours after the same has been received by the County Tax Assessor-Collector, from which fees the Department shall be entitled and shall use sufficient money to pay all expenses necessary to efficiently administer and perform the duties set forth herein.

(b) The County Tax Assessor-Collector may defer remittance to the Department of fees collected under Subsection (a) of this section if the fees are deposited in an interest-bearing account or certificate in the County Depository. The County Tax Assessor-Collector shall remit to the Department fees so deposited no later than the thirty-fourth (34th) day after the due date set forth in Subsection (a) of this section. The County owns all interest earned on fees deposited under this subsection. The County Treasurer shall credit the interest earned on fees so deposited to the County General Fund.

(c) The County Tax Assessor-Collector shall turn Five Dollars (\$5) from each fee over to the County Treasurer for deposit in the Officers' Salary Fund.

**Legislative Intent as to Additional Compensation**

Sec. 57a. It is the intention of the Legislature that the compensation provided for Tax Assessors-Collectors by this Act shall be in addition to their regular compensation regardless of whether they are compensated on a fee or salary basis.

**Alteration of Certificate or Receipt**

Sec. 58. It shall be unlawful for any person to, in any manner, alter any manufacturer's or importer's certificate or any receipt or certificate of title after the same has been issued.

**False or Fictitious Name or Address**

Sec. 59. It shall be unlawful to use a false or fictitious name or give a false or fictitious address or make any false statement in any application for certificate of title.

**Application of Act**

Sec. 60. The provisions of this Act shall not apply to vehicles owned or operated by the Federal Government or any of its agencies unless such vehicle is sold to a person required under this Act to procure a Certificate of Title, in which event the provisions hereof shall be fully operative as to such vehicle; but shall apply to vehicles owned or acquired by the State of Texas, any County, City, School District, or any other subdivision of State Government; provided however, that the provisions of Section 57 of this Act requiring the payment of fees, shall not apply to vehicles owned or acquired by the State of Texas, any County, City, School District, or any other subdivision of State Government.

**False or Fictitious Name or Address;  
Misrepresentations**

Sec. 61. It shall be unlawful to give any false or fictitious name or address or other information required to be given on the forms provided by the Department to be executed by any applicant for a certificate of title or to falsely misrepresent any fact concerning the release or discharge of any liens on motor vehicles covered by a receipt or a certificate of title.

**Transporters of Motor Vehicles by Ship or Plane;  
Inquiry as to Recorded Ownership and Right  
of Possession**

Sec. 61A. No master or captain of any ship or plane, and no person or firm who owns any ship or plane or controls the operation of such ship or plane, in whole or in part, shall take on board or allow to be taken on board said ship or plane in this state, any motor vehicle for transportation without having first made an inquiry from the Highway Department of the State of Texas, Certificate of Title section, as to recorded ownership of such motor vehicle. Such master or captain or other person covered herein also shall make a reasonable inquiry as to right of possession of such motor vehicle by

the person tendering the vehicle for transportation where the recorded owner of the vehicle is a person other than the person tendering such vehicle for transportation.

Any person who shall violate any provision of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than Fifty Dollars (\$50.00) nor more than Five Hundred (\$500.00) Dollars for the first offense, and may, upon any subsequent conviction for a violation of the same provision, within the discretion of the jury, be given double the amount of punishment provided for a first violation.

#### Violations

Sec. 62. Any person who shall violate any provisions of this Act shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than One Dollar (\$1) nor more than One Hundred Dollars (\$100) for the first offense, and may, upon any subsequent conviction for a violation of the same provision, within the discretion of the jury, be given double the amount of punishment provided for a first violation.

#### Effective Date; Receipt Forms

Sec. 63. (a) This Act shall become effective October 1, 1939, and the Department shall provide each designated agent within this State with a supply of receipt forms for issuing on or before the effective date hereof and shall promulgate such reasonable rules and regulations as are herein provided for on or before August 1, 1939, and provide each designated agent within the State with at least five (5) copies thereof.

(b) The Department or any agent thereof shall not after the 1st of January, 1942, register or renew the registration of any motor vehicle, unless and until the owner thereof shall make application for and be granted an official certificate of title for such vehicle or present satisfactory evidence that a certificate of title for such vehicle has been previously issued to such owner by the Department. Provided, however, this shall not apply to automobiles which were purchased new prior to January 1, 1936.

(c) The owner of a motor vehicle registered in this State shall not after January 1, 1942, operate or permit the operation of any such motor vehicle upon any highways without first obtaining a certificate of title therefor from the Department, nor shall any person operate any such motor vehicle upon the public highways knowing or having reason to believe that the owner has failed to obtain a certificate of title therefor.

#### Partial Invalidity

Sec. 64. If any section, subsection, or clause of this Act is, for any reason, held to be unconstitutional, such decision shall not affect the validity of any of the remaining portions of this Act, and it is hereby declared that this Act would nevertheless

have been passed without such section, subsection, or clause so declared unconstitutional.

#### Conflicts With Business and Commerce Code

Sec. 65. In case of any conflict between this Act and the Business and Commerce Code, Chapters 1 through 9, the provisions of the Business and Commerce Code control.

#### Saved From Repeal

*The Uniform Act Regulating Traffic on Highways, Acts 1947, 50th Leg., p. 967, ch. 421, incorporated in article 6701d, provides, in section 156, that such act is not intended to repeal this article.*

Sections 2 and 3 of each of chapters 147, p. 251, ch. 174, p. 284, ch. 255, p. 452, ch. 321, p. 544 and ch. 426, p. 1008 of Acts 1947, 50th Leg.; sections 4 and 5 of Acts 1947, 50th Leg., p. 168, ch. 105; and sections 2 and 3 of the amendatory act of 1951, provided that the unconstitutionality of any section, subsection, sentence, clause or phrase should not affect the validity of the remaining portion and that the legislature declared that it would have passed the Act and each section, subsection, sentence, clause and phrase thereof irrespective of such unconstitutionality, and repealed all conflicting laws and parts of laws to the extent of such conflict.

Section 5 of the Act of 1959 contained a severability clause.

Acts 1971, 62nd Leg., p. 895, ch. 123, which by sections 1 to 7 amended secs. 3, 5, 6, 33, 35, 41 and 42 of this article, repealed secs. 43 to 46, and added § 65, in section 8, an emergency clause, provided in part:

"The fact that the provisions of the Certificate of Title Act that were repealed by implication by the adoption of the Texas Uniform Commercial Code have not been expressly repealed to remove doubt and the need to make consistent the provisions and terminology of the Certificate of Title Act with the Texas Uniform Commercial Code (Business and Commerce Code, Chapters 1 through 9) create an emergency \* \* \*"

Section 2 of Acts 1983, 68th Leg., p. 667, ch. 151, provides:

"This Act applies only to security interests created on or after the effective date of this Act. A security interest created before that date is subject to the law as it existed when the security interest was created, and that law is continued in effect for that purpose."

Section 6 of Acts 1983, 68th Leg., p. 2624, ch. 447, provides:

"This Act takes effect January 1, 1984, and applies to the issuance or transfer of certificates of title on or after that date."

Section 2 of Acts 1983, 68th Leg., p. 4675, ch. 813, provides:

"This Act takes effect September 1, 1983. A vehicle that entered the United States before the effective date of this Act is subject to the requirements for a certificate of title in Section 30, Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes), as it existed on the date the vehicle entered the United States, and the former law is continued in effect for that purpose."

Section 3 of Acts 1983, 68th Leg., p. 4935, ch. 880, provides:

"This Act takes effect September 1, 1983. A charge filed for an offense under Section 49, Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes), before the effective date of this Act is subject to the law in effect when the charge was filed, and the former law is continued in effect for the disposition of proceedings on that offense."

#### Art. 6687-2. Automobile Salvage Dealers

(a) In this article:

(1) "Automobile salvage dealer" means an individual, corporation, association, partnership, organization, or other entity engaged in the business of obtaining abandoned, wrecked, or junked motor vehicles or motor vehicle parts for scrap disposal, resale, repairing, rebuilding, demolition, or other form of salvage.

(2) "Major component part" means the front end assembly or tail section of an automobile, the cab of a truck (light or heavy), the bed of a one ton or lighter truck, or a vehicle part that contains or should contain a federal safety sticker, motor number, serial number, manufacturer's permanent vehicle identification number, or a derivative of a vehicle identification number.

(3) "Front-end assembly" means the hood, right and left front fender, grill, bumper, radiator, and radiator support, if two or more such parts are assembled together as one unit.

(4) "Tail section" means the roof, floor pan, right and left rear quarter panel, deck lid, and rear bumper, if two or more of such parts are assembled together as one unit.

(5) "Federal safety sticker" means a sticker, label, or tag required by 15 U.S.C. Section 1403 or rules adopted under that section.

(b) An automobile salvage dealer shall not receive a motor vehicle described in Subsection (a) of this article, unless the dealer first obtains a certificate of authority, sales receipt, or transfer document under Sections 5.04 and 5.10, respectively, Article V, Texas Litter Abatement Act (Article 4477-9a, Ver-

non's Texas Civil Statutes), or a Certificate of Title showing that there are no liens on the vehicle or that all recorded liens have been released. On receipt of a vehicle, an automobile salvage dealer shall immediately remove any unexpired license plates from the motor vehicle and place them in a secure, locked place. An inventory list of such plates showing the license number, the make, the motor number, and the vehicle identification number of the motor vehicle from which such plates were removed shall be maintained on forms to be furnished by the State Department of Highways and Public Transportation. Upon demand the Certificate of Title or authority, the sales receipt, or transfer document, the license plates, and inventory lists shall be surrendered to the State Department of Highways and Public Transportation for cancellation. It is further provided that all Certificates of Title covering such motor vehicles shall be surrendered to the State Department of Highways and Public Transportation for cancellation. It shall thereafter be the duty of the State Department of Highways and Public Transportation to furnish a signed receipt for the surrendered license plates and Certificates of Title.

(c) An automobile salvage dealer shall keep an accurate and legible inventory of each major component part purchased by or delivered to him, as follows:

- (1) date of purchase or delivery;
- (2) name, age, address, sex, and driver's license number of the seller;
- (3) the license number of the motor vehicle used to deliver the major component part;
- (4) a complete description of the item purchased;
- (5) the vehicle identification number of the motor vehicle from which a major component part was removed.

(d) In lieu of the requirements contained in Subsection (c) of this article, an automobile salvage dealer may record the name of the dismantler and the Texas Certificate of Inventory number.

(e) An automobile salvage dealer shall keep all records required to be kept by this article for one year after the date of sale or disposal of the item, and he shall allow an inspection of the records by a peace officer at any reasonable time. A peace officer may inspect the inventory on the premises of the automobile salvage dealer at any reasonable time in order to verify, check, or audit the records. An automobile salvage dealer shall allow and shall not interfere with a full and complete inspection by a peace officer of the inventory, premises, and records of the dealer.

(f) A peace officer may seize, hold, and dispose of according to the Code of Criminal Procedure a motor vehicle or part thereof which has been stolen or which has been altered so as to remove, change, mutilate, or obliterate a permanent vehicle identifi-

cation number, derivative number, motor number, serial number, or federal safety sticker.

(g) A person who fails to comply with any provision of this article or violates a provision of this article commits a Class A misdemeanor.

[Acts 1961, 57th Leg., p. 1118, ch. 506, § 1. Amended by Acts 1977, 65th Leg., p. 1142, ch. 432, § 1, eff. June 15, 1977; Acts 1979, 66th Leg., p. 1508, ch. 651, §§ 1 to 3 eff. Section 9 of the 1983 amendatory act provides:

"This Act is intended as a recodification only, and no substantive change is intended. Section 3.11, Code Construction Act (Article 5429b-2, Vernon's Texas Civil Statutes), applies to this Act as if this Act were part of the state's continuing statutory revision program."

The enacting clause of § 6 of the 1983 amendatory act stated that the amendment was to conform this article to the enactment of the Litter Abatement Act (art. 4477-9a).

#### Art. 6687-3. Record of Engine Number

The State Highway Commission<sup>1</sup> shall cause to be kept in the State Highway Department<sup>2</sup> a separate register in which shall be recorded the engine number assigned to owners of motor vehicles, from which the original engine number has been removed, erased or destroyed in any manner, and before assigning any such number the Commission shall require the filing of an application for same, attested by oath of the applicant, that he is the owner of such motor vehicle, and such record shall disclose the name and address of the owner; the trade name and model of the motor vehicle; the year manufactured, and the engine number assigned. Anyone failing to comply with the requirements of this article shall be fined not less than ten nor more than one hundred dollars.

[1925 P.C.]

<sup>1</sup>Name changed to State Highway and Public Transportation Commission; see article 6663.

<sup>2</sup>Name changed to State Department of Highways and Public Transportation; see article 6663.

#### Art. 6687-4. Removal of Engine Number

Whoever makes an application to the county tax collector for the registration of any motor vehicle from which the original engine number has been removed, erased, or destroyed in any manner until it bears the new engine number designated by the State Highway Department<sup>1</sup> under the provisions of this law shall be fined not less than fifty nor more than one hundred dollars; and it shall be the duty of any person who has applied to and received from the State Highway Department a new engine number as herein provided, to present the receipt received for the registration of such new engine number from the Department to the County Tax Collector when applying for the registration of such motor vehicle under the provisions of the law and failure to so present such receipt to the county tax collector shall subject the owner of said motor vehicle to a fine of not less than ten nor more than fifty dollars. Any tax collector who shall knowingly

accept an application for the registration of a motor vehicle from which the original engine number has been removed, erased or destroyed in any manner, and which does not have on it the number designated by the Highway Department, shall be fined not less than ten nor more than fifty dollars.

[1925 P.C.]

<sup>1</sup>Name changed to State Department of Highways and Public Transportation; see article 6663.

#### Art. 6687-5. Secondhand Vehicle Transfers

No person, acting for himself or another, shall sell, trade or otherwise transfer any used or secondhand vehicle required to be registered under the laws of this State unless and until said vehicle at the time of delivery has been duly registered in this State for the current year under the provisions of said law; provided, however, that a dealer may demonstrate such motor vehicle for the purpose of sale, trade or transfer under a dealer's license plate issued such dealer for demonstration purposes. Whoever, acting for himself or another, sells, trades, or otherwise transfers any such vehicle shall deliver to the transferee at the time of delivery of the vehicle the license receipt issued by the department for registration thereof for the current year and a properly assigned Certificate of Title or other evidence of title as required under the provisions of Article 1436-1 of the Penal Code of the State of Texas.<sup>1</sup> Whoever, acting for himself or another, sells, trades or otherwise transfers any secondhand or used vehicle without delivering to the transferee at the time of delivery of the vehicle the license receipt issued therefor for the current year and a properly assigned Certificate of Title as herein required shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding Two Hundred Dollars (\$200).

[1925 P.C. Amended by Acts 1927, 40th Leg., 1st C.S., p. 205, ch. 77, § 1; Acts 1931, 42nd Leg., p. 36, ch. 29, § 1; Acts 1947, 50th Leg., p. 732, ch. 364, § 1.]

<sup>1</sup>Transferred; see, now, art. 6687-1.

#### Repeal In Part

*This article was repealed by Acts 1939, 46th Leg., p. 602, § 65, as amended by Acts 1941, 47th Leg., p. 343, ch. 187, § 7, in so far as it required the delivering of bills of sale on motor vehicles to the transferee when the same are sold or transferred.*

#### Art. 6687-6. Secondhand Vehicle Transfers

The current year registration license receipt and the properly assigned Certificate of Title or other evidence of title required to be delivered to the transferee of a used or secondhand vehicle under the terms of Article 6687-5, Revised Civil Statutes of Texas, 1925, as amended, shall be filed by the transferee within twenty (20) working days of the date of transfer with the County Tax Assessor-Collector as an application for transfer of title as

required under the Certificate of Title Act, as amended (Article 6687-1, Vernon's Texas Civil Statutes), and as an application for transfer of license and in addition to the fees required under the Certificate of Title Act, as amended (Article 6687-1, Vernon's Texas Civil Statutes), for the transfer of title there shall be paid a transfer fee of Two Dollars and Fifty Cents (\$2.50) for the transfer of registration; provided that if said transferee does not file said applications within twenty (20) working days a penalty or fee of Ten Dollars (\$10) shall be paid upon the filing of such application and such penalty shall be collected for each vehicle upon application filed by the transferee. The Tax Assessor-Collector and his bondsmen shall be liable for the penalty herein provided in the event such penalty is not collected. For his services under this Act the County Tax Assessor-Collector shall retain as commission one-half (1/2) of fees collected for transfer of registration and one-half (1/2) of any penalties collected for delinquent filing of applications and the other one-half (1/2) such fees and penalties shall be reported to and remitted to the State Department of Highways and Public Transportation on Monday of each week as other registration fees are now required to be reported and remitted. Upon receipt of an application for transfer of Certificate of Title and registration the application for transfer of title shall be handled by the Tax Assessor-Collector as provided under the Certificate of Title Act, as amended (Article 6687-1, Vernon's Texas Civil Statutes), and in addition the Department shall issue or cause to be issued a transfer of registration receipt on the application for transfer of registration. The Department may promulgate such reasonable rules and regulations and prescribe such forms as it shall deem necessary to carry out the orderly operation of this Act. It is expressly provided that upon the transfer of any vehicle from one person to another in the State of Texas, all papers or documents relating to or supporting transfer of registration and/or Certificate of Title shall be executed in full and dated as of the date of such transfer, and any person who shall transfer a vehicle and execute such papers or documents as provided for herein wholly or partly in blank leaving out any information that is required to be furnished, shall be guilty of a misdemeanor and shall be fined in any sum not less than Fifty Dollars (\$50) and not exceeding Two Hundred Dollars (\$200). It is further provided that any transferee who accepts transfer papers as herein provided executed wholly or partly in blank or any person who alters, changes, or mutilates such transfer papers, or whoever violates any provision of this Section for which no specific penalty is provided shall be guilty of a misdemeanor and shall be fined in any sum not less than Fifty Dollars (\$50) nor exceeding Two Hundred Dollars (\$200). In this Article, the term "working day" means any day except Saturday, Sunday, or a holiday on which county offices are closed.

[Acts 1947, 50th Leg., p. 732, ch. 364, § 2. Amended by Acts 1979, 66th Leg., p. 720, ch. 316, § 1, eff. June 6, 1979; Acts 1983, 68th Leg., p. 373, ch. 81, § 10(h), eff. Sept. 1, 1983; Acts 1983, 68th Leg., p. 4713, ch. 822, § 6, eff. Aug. 29, 1983.]

Section 2 of the 1979 amendatory act provided:

"The time limit for filing a transfer of title and registration for a used or secondhand vehicle transferred before the effective date of this Act is covered by the law in effect when the transfer occurred. The former law is continued in effect for the enforcement of that time limit and the prosecution of violations."

Section 10(m) of Acts 1983, 68th Leg., p. 376, ch. 81, provides:

"Subsection (h) of this section applies to a fee for a transfer occurring on or after September 1, 1983. A fee for a transfer occurring before September 1, 1983, is governed by the law as it existed August 31, 1983, and that law is continued in effect for that purpose."

#### Art. 6687-7. Repaired Vehicle Records

Every person, firm or corporation engaged in the business of operating a repair shop or garage of every kind, within this State, where the repairing, rebuilding or repainting of automobiles is carried on, or electrical work in connection with the repair of automobiles is done and performed, and every person, firm or corporation engaged in the business of the purchase and sale of second hand or used automobiles within this State, shall keep a well bound book in the office or place of business where said work is carried on, or said business conducted, in which shall be kept, in a clear and intelligent manner, a register of each repair or change in any automobile of every description so repaired or dealt in by any party mentioned in this law. Repairs of a value not exceeding one dollar are hereby excepted.

Said register shall contain a substantially complete and accurate description of each car upon which there is performed said repairs, or upon which there is installed any new parts or accessories of any character, and where the said car is bought or sold as a used car, the said register shall particularly show in each of the cases mentioned, the make of the automobile, the number of cylinders, motor number, passenger capacity, model, and also the name, apparent age and sex and any special identifying physical characteristics of the party or parties claiming to be the owner or owners of the automobile, his or their usual place of address, and the State register number of such automobile. In case of the sale of a used or second-hand car by any dealer, or the owner or proprietor of any garage, a like register shall be made as to the name and address and description of said purchaser, the character and description of said car and the state register thereof. Said registers shall be kept in a secure place and be subject at all times to the inspection of any peace officer desiring to examine the same or any party or parties interested in tracing or locating stolen automobiles.

Any owner of a motor vehicle registered in the State Highway Department,<sup>1</sup> as provided by law, and of which motor vehicle the cylinder block has been so damaged as to make necessary the installation of a new cylinder block shall cause the original engine number of the motor vehicle to be stamped with a steel die on the new cylinder block, and the owner of the garage or repair shop so installing the new cylinder block and impressing the number thereon, as herein provided, shall enter a record in a

substantially bound book showing the name of the owner of such vehicle, his address, the engine number, and the registration number of said vehicle. All records required to be kept by the requirements of this article shall be preserved for one year after the date recorded and shall be open to the inspection of the public at all reasonable hours. Whoever shall fail to comply with any provision of this article shall be fined not less than ten nor more than one hundred dollars.

[1925 P.C.]

<sup>1</sup>Name changed to State Department of Highways and Public Transportation; see article 6663.

**Art. 6687-8. Storage Garages; Report of Vehicles Stored Over 30 Days; Exception**

Sec. 1. Whenever any vehicle of a type subject to registration in this state has been stored, parked or left in a garage, or any type of storage or parking lot for a period of more than thirty days, without an agreement for the storage, parking or keeping of said vehicle, the owner, operator or manager of such garage or parking lot shall report the make, year of manufacture, motor and serial number of such vehicle to the Chief of Police or City Marshal of the city, town or village wherein said garage or parking lot is situated. If said garage or parking lot is not located within the city limits of an incorporated city, town or village, then such report shall be made to the Sheriff of the county wherein such garage or parking lot is located.

Sec. 2. Such report shall be in writing setting forth the information required above and subscribed by the owner, operator or manager of such garage or parking lot.

Sec. 3. Any person who fails to submit the report required under this Act at the end of thirty days following a time that any vehicle shall have been in such garage or parking lot for a period of thirty days shall be fined not more than Twenty-five Dollars (\$25.00); each day's failure to make such a report as required hereunder shall constitute a separate offense.

[Acts 1957, 55th Leg., p. 1361, ch. 462.]

**Art. 6687-9. Repealed by Acts 1981, 67th Leg., p. 2725, ch. 741, § 2(1), eff. Jan. 1, 1982; Acts 1983, 68th Leg., p. 5240, ch. 964, § 7(a), eff. Aug. 29, 1983.**

This article was repealed by Acts 1981, 67th Leg., p. 2725, ch. 741, § 2(1), eff. Jan. 1, 1982, without reference to the amendment of §§ 4, 6, 8(a), and 10 of this article by Acts 1981, 67th Leg., p. 3075, ch. 811, §§ 1 to 4, eff. Aug. 31, 1981. Sections 4, 6, 8(a) and 10 of this article as so amended were repealed by Acts 1983, 68th Leg., p. 5240, ch. 964, § 7(a).

Section 9 of the 1983 repealing act provides:

"This Act is intended as a recodification only, and no substantive change is intended. Section 3.11, Code Construction Act (Article 5429b-2, Vernon's Texas Civil Statutes), applies to this Act as if this Act were part of the state's continuing statutory revision program."

See, now, art. 4477-9a, § 5.01 et seq.

**Art. 6687-10. Tractors or Farm Implements; Removal or Alteration of Manufacturer's Number or Identification Mark**

Sec. 1. It shall be unlawful for any person, firm, association, or corporation to remove, alter, deface, cover, or destroy the manufacturer's serial number or other manufacturer's number or other distinguishing identification mark upon any tractor or farm implement for the purpose of concealing or destroying the identity of any such tractor or farm implement.

Sec. 2. It shall be unlawful for any person, firm, association or corporation to sell or offer for sale, any tractor or farm implement whose serial number or manufacturer's number, or other distinguishing identification mark has been removed, altered, defaced, covered or destroyed upon said tractor or farm implement.

Sec. 3. The provision of this Act shall not apply to the machinery of any bona fide farmer who has had such machinery in his possession for a period of six (6) months and has used the same in the operation of his farm enterprise, nor to any second-hand machinery in the possession of an established dealer at the time of the passage of this Act.

Sec. 4. Any person violating any provision of this Act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not to exceed Two Hundred (\$200.00) Dollars or by confinement in the county jail not to exceed six (6) months, or by both such fine and imprisonment.

[Acts 1953, 53rd Leg., p. 731, ch. 286.]

**Art. 6687-11. Sale of Motorcycles Without Serial Numbers Properly Affixed**

Sec. 1. In this Act:

(1) "Motorcycle" has the meaning assigned to it in Section 1, Chapter 329, Acts of the 60th Legislature, Regular Session, 1967 (Article 6701c-3, Vernon's Texas Civil Statutes).

(2) "Person" means an individual, partnership, firm, corporation, association, or other private entity.

Sec. 2. No person may sell a motorcycle manufactured after January 1, 1976, unless:

(1) the frame serial number and the engine serial number are affixed in a manner which prevents their removal without defacing the frame or engine; and

(2) the manufacturer has filed with the Department of Public Safety a statement identifying and giving the exact dimensions of the part to which each number is affixed and the location on that part to which the number is affixed.

Sec. 3. The director of the Department of Public Safety shall promulgate reasonable rules and regulations, including the promulgation of forms, to implement the provisions of this Act.

Sec. 4. (a) An individual who violates any provision of this Act is guilty of a misdemeanor and upon conviction shall be fined not more than \$200 or confined in the county jail not more than 30 days or both.

(b) A partnership, firm, corporation, or association which violates any provision of this Act shall be assessed a civil penalty of not more than \$500 for each offense.

(c) Each sale of a motorcycle in violation of this Act constitutes a separate offense.

[Acts 1971, 62nd Leg., p. 3052, ch. 1013, eff. June 15, 1971.]

#### Art. 6687-12. Sale of Motor Vehicle Ignition Keys

No person may sell or offer to sell any motor vehicle master key knowingly designed to fit the ignition switch on more than one motor vehicle. A person who violates this Act is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$25 nor more than \$200.

[Acts 1965, 59th Leg., p. 1444, ch. 633.]

Arts. 6688 to 6693. Repealed by Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 16

#### Art. 6694. State Highway Fund

All funds coming into the hands of the Commission derived from the registration fees or other sources provided for in this subdivision, as collected, shall be deposited with the State Treasurer to the credit of a special fund designated as "The State Highway Fund," and shall be paid only on warrants issued by the Comptroller upon vouchers drawn by the chairman of the Commission and approved by one other member thereof, such vouchers to be accompanied by itemized sworn statements of the expenditures.

[Acts 1925, S.B. 84.]

#### Art. 6694a. Premiums on Bonds Securing Funds Advanced by Federal Government Payable Out of State Highway Fund

The State Highway Commission<sup>1</sup> is hereby authorized and empowered to pay out of any available funds to the credit of the State Highway Fund the premium or premiums on surety or assurance bonds that the Federal Government may require to be given by the State Treasurer to secure a fund or funds advanced by the Federal Government to the State of Texas under the recent National Industrial Recovery Act<sup>2</sup> for expenditure by the State Highway Department<sup>3</sup> in the construction and improvement of state highways.

#### Art. 6695. Misrepresenting Weight; Punishment; Venue for Prosecutions

If any person shall operate, or permit to be operated, any motor vehicle, licensed under this law, of a greater weight than stated in his declaration or application for license, he shall be guilty of a misdemeanor, and upon conviction, shall be fined in any sum not exceeding Two Hundred (\$200.00) Dollars, and each use of such vehicle shall constitute a separate offense; and venue for prosecutions hereunder shall lie in any county in which any motor vehicle is operated with a greater gross weight than that stated in the declaration or application for a license for such motor vehicle.

[Acts 1925, S.B. 84. Amended by Acts 1941, 47th Leg., p. 144, ch. 110, § 11.]

#### Art. 6696. Unsafe Vehicle

If the Department shall determine at any time that a motor vehicle is unsafe or improperly equipped, or otherwise unfit to be operated upon the public highways, it may refuse to register such vehicle, and may for a like reason revoke any registration already issued.

[Acts 1925, S.B. 84.]

#### Art. 6696a. Modified or Weighted Vehicles

It is unlawful to operate on any public roadway of this state any passenger vehicle or commercial vehicle which has been modified from the original design or weighted in any manner so that any portion of such vehicle other than the wheels has less clearance from the surface of the level roadway than the clearance between the roadway and the lowermost portion of any rim of any wheel in contact with such roadway. A person who violates any provision of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine of not more than \$50.

[Acts 1969, 61st Leg., p. 1056, ch. 349, § 1, eff. Sept. 1, 1969.]

#### Art. 6696b. Tampering with Odometer

Sec. 1. It is unlawful for any person, with the intent to defraud, to disconnect, turn back or reset the odometer of a motor vehicle so as to reduce the number of miles indicated on the odometer gauge. The term "odometer" means an instrument for measuring and recording the actual distance a motor vehicle travels while in operation; but shall not include any auxiliary odometer designed to be reset by the operator of the motor vehicle for the purpose of recording mileage on trips.

Sec. 2. (a) For the first conviction of a violation of this Act, punishment shall be by imprisonment in the county jail for not exceeding two years, or by a fine not exceeding \$1,000, or by both such fine and such imprisonment.

(b) If it be shown on the trial of a case involving a violation of this Act, that the defendant has been once before convicted of the same offense, he shall,

on his second or subsequent conviction be punished by confinement in the county jail for not less than 30 days nor more than two years, and by a fine not exceeding \$2,000.

[Acts 1973, 63rd Leg., p. 1685, ch. 611, eff. Aug. 27, 1973.]

**Art. 6697. Repealed by Acts 1929, 41st Leg., 2nd C.S., p. 172, ch. 88, § 16**

**Art. 6697a. Placement of Signs Along Rights-of-Way by Political Subdivisions**

A political subdivision may place advisory safety or useful directional information signs of a type that cannot be mistaken as official signs along the public rights-of-way under their control other than State highway routes for revenue purposes.

[Acts 1971, 62nd Leg., p. 1249, ch. 310, § 1, eff. Aug. 30, 1971.]

**Art. 6698. Municipal Regulation**

The certificate of registration and numbering for purposes of identification, and the fees herein provided for shall be in lieu of all other similar registrations heretofore required by any county, municipality or other political subdivision of this state, and no such registration fees or other like burdens shall be required of any owner of any motor vehicle or motorcycle by any county, municipality or other subdivision of the state. This provision shall not affect the right of incorporated cities and towns to license and regulate the use of motor vehicles for hire in such corporation. Nothing herein shall in anywise authorize or empower any county or incorporate city or town in this state to levy and collect any occupation tax or license fees on motorcycles, motor vehicles or motor trucks; provided that such cities or towns are hereby authorized and empowered to levy and collect a city permit fee, not to exceed two (2%) per cent of the gross receipts per annum, for the operation of each motor vehicle transporting passengers for hire or a street rental charge based upon gross receipts, not to exceed two (2%) per cent per annum, for the operation of motor vehicles transporting passengers for hire, other than motor vehicles operating under a permit or certificate of the Railroad Commission of the State of Texas or the Interstate Commerce Commission; and provided further that nothing in this Article shall be construed as impairing or altering in any way the provisions relating to payments in any contracts, agreements, or franchises now in existence, or hereafter made between an incorporated city or town and the owners or operators of motor vehicles transporting passengers for hire.

**Art. 6701½. Mobile Homes; Movement of Overlength and Overwidth on Highways; Permits; Fees**

*Text of A as amended by Acts 1983, 68th Leg., p. 4496, ch. 727, § 1*

A. Manufactured housing as defined by the Texas Manufactured Housing Standards Act (Article 5221f, Vernon's Texas Civil Statutes) which is in excess of legal width or length limits as defined by law shall not be moved over the highways, roads, and streets in this state except in accordance with permits issued by the State Department of Highways and Public Transportation. Local political subdivisions may designate to said department the routes to be used within such subdivision; however, no additional fee or license may be required by the local political subdivisions.

*Text of A as amended by Acts 1983, 68th Leg., p. 4699, ch. 817, § 15*

A. Manufactured housing as defined by the Texas Manufactured Housing Standards Act (Article 5221f, Vernon's Texas Civil Statutes) which is in excess of eight (8) feet in width or sixty-five (65) feet in length, in combination with the towing vehicle, shall not be moved over the highways, roads and streets in this state except in accordance with permits issued by the State Department of High-

ways and Public Transportation. Local political subdivisions may designate to said department the routes to be used within such subdivision; however, no additional fee or license may be required by the local political subdivisions.

B. The application for a permit and the permit shall be in the form as prescribed by the State Department of Highways and Public Transportation; however, the application and permit must contain the length, width, and height of the manufactured home and the overall length and width of the towing vehicle and the manufactured home in combination. The length and width of the manufactured home shall be measured in accordance with the rules and regulations of the Texas Department of Labor and Standards relating to the titling of the manufactured home. The overall combined length of the manufactured home and the towing vehicle shall include the length of the hitch or towing device. The height shall be measured from the roadbed to the highest elevation of the manufactured home. The permit shall contain the route for the transportation of the manufactured home from the point of origin to the point of destination. The route shall be the shortest distance practical taking into account the conditions of the highways, roads, and streets and the length, width, and height of the manufactured home.

C. The State Department of Highways and Public Transportation shall not issue a permit to any person which is not registered with the Texas Department of Labor and Standards or which is not certificated for the transportation of manufactured housing by the Railroad Commission of Texas or the Interstate Commerce Commission. The registration number or the certificate number of the person to whom the permit is issued shall be affixed to the rear of the manufactured home during transportation with letters and numbers which are at least eight (8) inches in height.

*Text of D as amended by Acts 1983, 68th Leg., p. 376, ch. 81, § 10(j)*

D. There shall also accompany the application for the permit a fee of Five Dollars (\$5), which fee shall be by the State Department of Highways and Public Transportation deposited in the Treasury of the State of Texas to the credit of the State Highway Fund.

*Text of D as amended by Acts 1983, 68th Leg., p. 4699, ch. 817, § 15*

D. There shall also accompany the application for permit a fee of Ten Dollars (\$10), which fee shall be by the State Department of Highways and Public Transportation deposited in the Treasury of the State of Texas to the credit of the State Highway Fund. Said fee shall be paid by cashiers or certified check, postal or express money order. On application said department shall issue permit books or packets containing fifty (50) or one hundred (100) individual permits provided that the aggregate fee

of Ten Dollars (\$10) per permit is received with such application.

E. If the width or overall length of the manufactured home and the towing vehicle in combination is in excess of sixteen feet or one hundred feet, respectively, the State Department of Highways and Public Transportation shall require one or more escort vehicles as necessary for traffic safety, and the department may require proof of property damage or liability insurance in an amount sufficient to cover any damage to the highways, roads, and streets or property of the state or local subdivisions as a result of the transportation of the manufactured home.

F. The permits shall be good for a period of ten (10) days and valid only for a single continuous movement.

G. Movements authorized by said permits shall be made during daylight hours only. The State Department of Highways and Public Transportation may also limit the hours for travel on certain routes because of heavy traffic conditions.

#### Art. 6701a. Permits for Heavy Trucks on Highways

Sec. 1. When any person, firm or corporation shall desire to operate over a state highway super-heavy or over-size equipment for the transportation of cylindrically shaped bales of hay or such commodities as cannot be reasonably dismantled, where the gross weight or size exceeds the limits allowed by law to be transported over a state highway the State Highway Department may, upon application, issue a permit for the operation of said equipment with said commodities, when said State Highway Department is of the opinion that the same may be operated without material damage to the highway. Provided, however, that all cities and towns having a state highway within their limits shall designate to the State Highway Department the route within the city or town to be used by said equipment operating over the state highway. When so designated, the route shall be shown on all maps routing said equipment with said commodities by the State Highway Department. In the event a route is not so designated by a city or town, the State Highway Department shall determine the route on State Highways for the equipment with said commodities within cities or towns. No fee, permit or license shall be required by any city or town for movement of said super-heavy or over-size equipment on the route of a state highway designated by the State Highway Department, or on said special route designated by a city or town.

Sec. 1-a. In order to facilitate the issuance of such special permits, the Highway Department shall designate in each county a special agent or agents who shall at all times be available for the purpose of issuing such permits in compliance with this law.

Sec. 2. The application for a permit as provided for in this Act, shall be in writing and contain the following:

(a) The kind of equipment to be operated, with complete description of the same, and the weight of same.

(b) The kind of commodity to be transported, and the weight of same.

(c) The highway and the distance over which the same is to be operated.

(d) The same shall be dated and signed by the applicant.

Sec. 3. Before a permit is issued the applicant for the same shall file with the State Department of Highways and Public Transportation a bond in an amount to be set and approved by the Department, payable to the Department and conditioned that the applicant will pay to the Department any damage that might be sustained to the highway by virtue of the operation of the equipment for which a permit is issued to operate, and venue of any suit for recovery upon said bond may be any court of competent jurisdiction in Travis County. There shall also accompany the application for permit a fee of \$20 for single trip permits, \$40 for time permits not exceeding a period of thirty (30) days; \$60 for time permits not exceeding a period of sixty (60) days and \$80 for time permits not exceeding a period of ninety (90) days, which fee shall be by the Department deposited in the Treasury of the State of Texas to the credit of the State Highway Fund. As a further prerequisite to the issuance of any such permits, the equipment to be operated under such permit must have been registered under Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-1 et seq., Vernon's Texas Civil Statutes), for maximum gross weight applicable to such vehicle under Section 5, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6701d-11, Vernon's Texas Civil Statutes) not exceeding eighty thousand (80,000) pounds total gross weight. The requirement of a bond contained in this section does not apply to the driving or transporting of farm equipment which is being used for agricultural purposes if it is driven or transported by or under the authority of the owner of the equipment. The bond requirement does apply to the delivery of farm equipment to a farm equipment dealer.

Sec. 4. Any permit provided for in this Act issued by the State Highway Department, shall be substantially in the following form:

(a) It shall contain the name of the applicant and shall be dated and signed by the State Highway Engineer or a Division Engineer.

(b) It shall state the kind of equipment to be transported over the highway, together with the weight and dimensions of same and the kind and weight of the commodity to be transported.

(c) It shall state the highway and distance over which the same is to be transported.

(d) It shall state any condition upon which the permit is issued.

#### Art. 6701a-1. Weight of Lumber

In determining the amount of poundage being carried by any truck engaged in the transportation of lumber over any highway in this State, and for the purpose of determining such weight, the weights set out in the schedule of "average weights of Southern Pine Association" issued in 1933 shall govern as to the weight of such lumber.

[Acts 1935, 44th Leg., p. 832, ch. 349, § 1.]

#### Art. 6701a-2. Portable Buildings; Movement of Overlength and Overwidth on Highways; Permits; Fees

A. When any person, firm, or corporation shall desire to move over a state highway one or more portable building units which in combination with the towing vehicle are in excess of the legal length or width provided by law, the State Department of Highways and Public Transportation may, upon application, issue a permit for the movement of said equipment; provided, however, that the combined length of such portable building unit or units and the towing vehicle shall not exceed 80 feet. The length limitation in this section does not apply to a truck-tractor or truck-tractor combination towing or carrying the portable building units. Provided further that all cities and towns having a state highway within their limits shall designate to the State Department of Highways and Public Transportation the route within the city or town to be used by said equipment moving over the state highways. When so designated, the route shall be shown on said maps routing said equipment by the state highway department. In the event a route is not so designated by a city or town, the state highway department shall determine the route on the state highway for equipment within such cities or towns. No fee or license shall be required by any city or town for movement of said portable building units on the route of a state highway designated by the state highway department or on said special route designated by a city or town.

B. The application for a permit as provided for in this article shall be in writing and contain the following:

(1) the make and model of the portable building unit or units, the overall length and width, the make and model of the towing vehicle, the length and width of the towing vehicle, and the overall length and width of the combined portable building unit or units and towing vehicle;

(2) the highway or highways over which the same is to be moved, indicating the point of origin and destination;

(3) the date and signature of the applicant.

C. The special permits shall be issued by the highway department through the agent or agents in each county designated for that purpose as set out in Section 1-a, Article 6701a of this title.

D. There shall also accompany the application for permit a fee of \$5, which fee shall be deposited by the department in the State Treasury to the credit of the State Highway Fund.

E. Permits issued by the state highway department as provided for under this article shall be substantially in the following form:

(1) Permits shall contain the name of the applicant and shall be dated and signed by the State Engineer-Director for Highways and Public Transportation, a division engineer, or a designated agent.

(2) Permits shall state the make and model of the portable building unit or units to be transported over the highways, the make and model of the towing vehicle, and the combined overall length and width of the portable building unit or units and towing vehicle.

(3) Permits shall state the highway or highways over which the same is to be moved.

F. Said special permits shall be good for a period of 10 days and valid only for a single continuous movement.

G. Movements authorized by said special permits shall be made during daylight hours only.

[Acts 1981, 67th Leg., p. 666, ch. 258, § 1, eff. Aug. 31, 1981. Amended by Acts 1983, 68th Leg., p. 376, ch. 81, § 10(l), eff. Sept. 1, 1983; Acts 1983, 68th Leg., p. 5043, ch. 908, § 6, eff. June 19, 1983.]

Section 7 of Acts 1983, 68th Leg., p. 5044, ch. 908, provides: "A person who violated a length limitation for a motor vehicle before the effective date of this Act is subject to the law in effect when the violation occurred, and the former law is continued in effect for that purpose."

#### Art. 6701b. Liability for Injuries to Guest; Exceptions; Insurance

Sec. 1. (a) No person who is related within the second degree of consanguinity or affinity to the owner or operator of a motor vehicle and who is being transported over the public highways of this State by the owner or operator of the motor vehicle

as his guest without payment for such transportation, shall have a cause of action for damages against such owner or operator for injuries, death or loss, in case of accident, unless such accident shall have been intentional on the part of said owner or operator, or caused by his heedlessness or his reckless disregard of the rights of others. There shall be no such immunity for an owner or operator who is not so related to the guest.

(b) Nothing in this Act affects any judicially-developed and developing rules under which a person is or is not totally or partially immune from tort liability to another by virtue of a family relationship.

(c) When any liability claim is made by a guest against the owner or operator or his liability insurance carrier, the owner or operator or his liability insurance carrier shall be entitled to an offset, credit, or deduction against any award made to such guest in an amount of money equal to the amounts paid by the owner, operator or his automobile liability insurance carrier for medical expenses of such guest; provided, however, that nothing herein shall be construed to authorize a direct action against a liability insurance company if such right does not presently exist at law.

Sec. 2. This Act shall not relieve a public carrier or any owner or operator of a motor vehicle while the same is being demonstrated to a prospective purchaser, of responsibility for any injuries sustained by a passenger being transported by such public carrier, or by such owner or operator.

[Acts 1981, 42nd Leg., p. 379, ch. 225. Amended by Acts 1973, 63rd Leg., p. 42, ch. 28, § 3, eff. Sept. 1, 1973.]

#### Art. 6701c. Repealed by Acts 1955, 54th Leg., p. 817, ch. 303, § 1

#### Art. 6701c-1. Commercial Vehicles or Truck-Tractors; Operation by Other Than Owner

##### Definitions

Sec. 1. The following words and phrases, when used in this Act, shall, for the purpose of this Act, have the meanings respectively ascribed to them in this section, as follows:

"Vehicle". Every mechanical device, in, upon, or by which any person or property is or may be transported or drawn upon a public highway, including motor vehicles, commercial motor vehicles, truck-tractors, trailers, and semi-trailers, severally, as hereinafter defined, but excepting devices moved by human power or used exclusively upon stationary rails or tracks.

"Commercial Motor Vehicle". Every motor vehicle, other than a motorcycle or passenger car, designed or used primarily for the transportation of property, including any passenger car which has been reconstructed so as to be used, and which is being used, primarily for delivery purposes, with

the exception of passenger cars used in the delivery of the United States mails.

"Truck-tractor". Every motor vehicle designed or used primarily for drawing other vehicles, and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

**Filing Copy of Lease, Memorandum or Agreement;  
Letter of Acknowledgment; Copies Carried in  
Cab; Display; Exceptions**

Sec. 2. No commercial motor vehicle nor any truck-tractor shall be operated over any public highway of this state by any person other than the registered owner thereof, or his agent, servant or employee under the supervision, direction, and control of such registered owner unless such other person under whose supervision, direction and control said motor vehicle or truck-tractor is operated shall have caused to be filed with the Department an executed copy of the lease, memorandum or agreement under which such commercial motor vehicle or truck-tractor is being operated.

Immediately upon receipt thereof, the Department shall deliver or mail forthwith to the lessee of such motor vehicle or truck-tractor, a letter of acknowledgment thereof, with the official stamp or seal of the Department affixed to such letter.

Such letter of acknowledgment shall contain:

1. The names of the lessor and lessee and their addresses;
2. The term of the lease;
3. The make, and motor or serial number of the vehicle covered by such lease; and
4. Such other data as the Department may determine.

For the purposes of this Act, a lease, memorandum or agreement shall not be considered as filed with the Department unless and until the lessee of such motor vehicle or truck-tractor shall have mailed by certified mail a duly executed copy of said lease, memorandum or agreement in the United States Mail properly addressed to the Department, and at the time of said mailing obtaining from the Post Office a receipt for certified mail properly postmarked by the Post Office Clerk showing the date and place of mailing.

The lessee of said motor vehicle or truck-tractor shall have in the cab thereof during the first fifteen (15) days of operation under said lease, memorandum or agreement a true copy of said lease, memorandum or agreement, together with the letter of transmittal of such lease to the Department, as well as said receipt for certified mail, which shall be effective for a period not to exceed fifteen (15) days from the date issued. Following the expiration of said fifteen (15) day period the lessee of said motor vehicle or truck-tractor shall have in the cab thereof at all times while such motor vehicle or truck-tractor is being operated on the roads or highways of

this state, a true copy of the original letter of acknowledgment, as provided herein, with the official stamp or seal of the Department affixed thereto. Such letter of acknowledgment, or an effective receipt for certified mail, must be displayed to any officer authorized to enforce this law, upon request of such officer.

The operation of any such leased motor vehicle or truck-tractor over the public highways or roads of this state without having in the cab thereof such letter of acknowledgment from the Department with its official stamp or seal affixed thereto, or an effective receipt for certified mail, as well as the letter of transmittal and copy of said lease, memorandum or agreement, as provided for herein, shall be unlawful.

Wherever the word "Department" is used herein it means "Department of Public Safety of the State of Texas."

Provided, however, that this Act shall not apply to any vehicle lawfully registered as a farm vehicle under the provisions of Acts of the 41st Legislature, 2nd Called Session, 1929, Chapter 88, page 172, Section 6a, as amended by subsequent session of the Legislature and as codified as Article 6675a-6a, Revised Civil Statutes of Texas. And provided further, that this Act shall not apply to motor vehicles, commercial motor vehicles, and truck-tractors used exclusively to transport sand, gravel, dirt, caliche, shell, cement, ready-mix concrete, asphalt rock, and aggregate; nor shall this Act apply to such vehicles as are used exclusively in the transportation of sand, gravel, dirt, caliche, shell, cement, ready-mix concrete, asphalt rock, aggregate, and other similar road-building substances ordinarily transported in bulk when such substances are being transported to or from the job site of any construction project being performed for or on behalf of the Federal Government, the State of Texas or any political subdivision thereof, or to or from the construction site of any national defense project, airport and roadways leading thereto, or to or from the construction site of any road, highway, and expressway; nor shall the requirements of this Act apply to any motor vehicle or truck-tractor which is used exclusively in the transportation of liquefied petroleum gases when such vehicle is being operated in accordance with the provisions of Chapter 363, page 612, Acts 52nd Legislature, 1951, and the provisions of Article 6053, Revised Civil Statutes of Texas, 1925, as amended, and the rules and regulations adopted by the Railroad Commission of Texas governing the handling and odorization of liquefied petroleum gases and specifications for the design, construction and installation of equipment used in the transportation, storage, dispensing, and consumption of liquefied petroleum gases. And provided further, that this Act shall not apply to commercial motor vehicles and truck-tractors leased or rented:

(a) without drivers from an individual, person, co-partnership, association or corporation whose principal business is the bona fide leasing or renting of motor vehicle equipment without drivers for compensation to the general public;

(b) and who maintain an established place of business and whose lease or rental contracts require the motor vehicle equipment to return to the established place of business;

(c) and who have dated and filed within ten (10) days of January 1st, April 1st, July 1st, and October 1st of each year, with the Department of Public Safety, a complete list giving a full description of all such commercial motor vehicles and truck-tractors owned by such individual, person, co-partnership, association or corporation, as of the date of the report, and available for lease or rent without drivers for compensation. The first complete list filed herein must be accompanied by a fee of One (\$1.00) Dollar for each vehicle listed therein, together with a photostat or certified copy of the registration or title papers on every such motor vehicle; however, no such fee need be filed in subsequent quarterly filings unless such subsequent list contains additional equipment, in which event a fee of One (\$1.00) Dollar, together with photostat or certified copy of the registration or title papers on such additional equipment shall be filed. Provided, however, that the provisions of this Act shall not apply to motor vehicles, commercial motor vehicles, and truck-tractors used exclusively to transport household goods, used office furniture and equipment.

If for any reason any one or more of the foregoing exceptions contained in this Act is unconstitutional or invalid, it is hereby declared to be the intention of the Legislature to enact, and it does here now enact and pass, this Act without any such exception, one or more, and if any such exception, one or more, be invalid, then such exception alone shall fail and be held for naught, and the remainder of the Act shall be and remain unimpaired, and it is so enacted.

**Subsequent Lease, Memorandum or Agreement  
Covering Same Vehicle**

Sec. 3. When any such lease, memorandum, or agreement, as required by Section 2 of this Act, shall have been filed with the Department covering the operation of any commercial motor vehicle or truck-tractor, no further such lease, memorandum, or agreement covering the operation of the same commercial motor vehicle or truck-tractor may be accepted by the Department for filing, except a lease between regulated carriers subject to the jurisdiction of the Railroad Commission of Texas or the Interstate Commerce Commission under which lawful dual registration of equipment has been specifically approved, until the existing lease, memorandum, or agreement shall have expired in accordance with its own terms or there shall have been filed with the Department a full release thereof. However, if no definite expiration date is included in the

document, it is deemed to expire five (5) years after its effective date or five (5) years after the date filed, whichever is later.

**Contents of Lease, Memorandum or Agreement;  
Information Confidential**

Sec. 4. Such lease, memorandum, or agreement as required by Section 2 of this Act shall contain or provide, but shall not be limited to, the name and address of the registered owner of such commercial motor vehicle or truck-tractor, the name and address of the person other than the owner under whose supervision, direction, and control the vehicle will be operated, the actual consideration, the term, the commodity or commodities to be transported under such lease, memorandum, or agreement and a full description of the commercial motor vehicle or vehicles or truck-tractors covered thereby, and except as to leases between regulated carriers subject to the jurisdiction of the Railroad Commission of Texas or the Interstate Commerce Commission, that the operation of such vehicle shall be under the full and complete control and supervision of the person other than the registered owner, that the person other than the registered owner shall provide for each vehicle during the term of such lease, memorandum or agreement proof of financial responsibility as defined in the Texas Motor Vehicle Safety-Responsibility Act, as amended (Article 6701h, Vernon's Texas Civil Statutes), and shall state that such commercial motor vehicle or vehicles or truck-tractors are not the subject of any other such lease, memorandum, or agreement which shall have been filed with the Department of Public Safety in accordance with Section 2 of this Act and which is still in effect, unless the lease, memorandum, or agreement is otherwise required by law.

All information contained in any lease, memorandum, or agreement filed with the Department as required by Section 2 of this Act shall, with the exception of the name and address of the registered owner, the name and address of the person other than the owner, under whose supervision, direction and control the same is being operated, and a full description of the commercial motor vehicle or truck-tractor covered thereby, shall be for the confidential use of the Department; except, however, that the Department of Public Safety may make such information available to the law enforcement officers of the Interstate Commerce Commission, and may further use such information in any judicial proceeding brought in the name of the State of Texas.

**Filing Fee; Photostat or Certified Copy of  
Registration or Title Papers**

Sec. 5. Any filing of a lease, memorandum, or agreement, or of a release thereof, as provided for in Section 2 and Section 3 of this Act shall be accompanied by a fee of One (\$1.00) Dollar, for each and every vehicle operated, or to be operated, under such lease, memorandum or agreement, together

with a photostat or certified copy of the registration or title papers on every such motor vehicle, which shall be deposited in the Treasury of the State of Texas to the credit of the Operator's and Chauffeur's License Fund to be used by the Department of Public Safety for the purpose of enforcement of this Act.

#### Sign or Placard

Sec. 6. No commercial motor vehicle or truck-tractor shall be operated over any public highway of this State when said vehicle is being operated by a person other than the registered owner or his agent, servant or employee under the supervision, direction, and control of such registered owner, unless there shall be affixed in a conspicuous place on each side thereof a sign or placard, in letters not less than two inches in height or less than one-fourth inches in width, showing the name and address of such person, firm or corporation under whose control, direction and supervision said vehicle is being operated, whether individually or through an agent, servant or employee, under the supervision, direction, and control of such person, firm or corporation other than the registered owner. Such sign or placard as is required by the provisions of this section to be affixed in a conspicuous place on each side of the vehicle need not be painted on such vehicle but may be placed on a durable placard, canvas or other material by painting, drawing, stenciling or otherwise, and in such event such placard or canvas or other material shall be securely affixed to each side of such vehicle.

#### No Presumption of Violation of Other Laws

Sec. 7. Compliance with the requirements of this Act shall not be construed as making a prima facie case of a *bona fide* lease covering a motor vehicle, nor shall compliance be construed as creating any presumption that the commercial motor vehicle or truck-tractor in question is not being operated in violation of the terms and provisions of the Acts of the 41st Legislature, 1929, Chapter 314, page 698, as amended by Acts of the 42nd Legislature, 1931, Chapter 277, page 480, as amended by Acts of the 47th Legislature, 1941, Chapter 442, page 713, and Chapter 290, page 463, and codified as Article 911b, Vernon's Civil Statutes, and Article 1690b, Vernon's Penal Code.<sup>1</sup>

<sup>1</sup> Transferred; see, now, art. 911b, § 16.

#### Loan of Vehicle Without Compensation

Sec. 8. It shall be a complete defense to any alleged violation hereof that such commercial motor vehicle or any truck-tractor was under loan to the driver thereof or his employer, and that no compensation was paid for the use thereof.

#### Violations; Punishment

Sec. 9. The lessor, lessee, person, driver, operator, or other person, corporation, firm or co-partnership, operating or driving or causing or permitting

the operating or driving of such commercial motor vehicle or truck-tractor failing to comply with any provision of this Act shall be guilty of a misdemeanor and upon conviction shall be fined a sum of not less than One Hundred (\$100.00) Dollars and not exceeding Two Hundred (\$200.00) Dollars.

Section 2 of the 1981 amendatory act provides:

"This Act takes effect September 1, 1981, and applies only to leases filed on or after that date. Leases filed under Section 2, Chapter 209, Acts of the 53rd Legislature, Regular Session, 1953, as amended (Article 6701c-1, Vernon's Texas Civil Statutes), before the effective date of this Act are covered by that Act as it existed when the filing occurred, and that law is continued in effect for that purpose."

#### Art. 6701c-2. Special License Tags for Operators of Mobile Amateur Radio Equipment

Sec. 1. Residents of the State of Texas who hold an unrevoked and unexpired official amateur radio station license issued by the Federal Communications Commission and who operate receiving and transmitting mobile amateur radio equipment in passenger cars or in trucks, commonly known as pickup trucks, with a manufacturer's rated carrying capacity not to exceed 2,000 pounds, upon application, accompanied by proof of ownership of such amateur license, complying with the State motor vehicle laws relating to registration and licensing of motor vehicles, and upon payment of the regular license fee for tags and the payment of an additional fee of Two (\$2) Dollars for the first year of such registration and One (\$1) Dollar for each annual registration thereafter, shall be issued license plates, upon which may be inscribed the official amateur call letters of such applicant as assigned by the Federal Communications Commission.

Sec. 2. Applicants shall furnish proof of the Federal Communications Commission authority and their call letters to the State Highway Department, on or before the 1st day of October, preceding each registration year, and the State Highway Department shall furnish their respective Tax Assessors and Collectors license plates bearing the call letters of the applicant.

Sec. 3. It shall be the duty of the County Tax Assessors and Collectors to keep on file a copy or copies of the license receipts issued for such call letter license plates. At the regular registration period the Tax Collector shall give the applicant the call letter tags and corresponding receipts. Such call letter license tags shall be the legal registration insignia for the registration year for which issued, on the vehicle containing the mobile amateur radio equipment, while applicant is the bona fide owner of said vehicle.

Sec. 4. If during the registration year the applicant shall sell, trade, give, or in any way dispose of

the vehicle upon which the call letter license tags are affixed, he shall turn such tags into the County Tax Assessor and Collector and receive from him replacement license tags for a fee as prescribed by law.

[Acts 1953, 53rd Leg., p. 633, ch. 244. Amended by Acts 1973, 63rd Leg., p. 207, ch. 92, § 1, eff. Aug. 27, 1973.]

### Art. 6701c-3. Protective Headgear for Motorcycle Operators and Passengers

#### Motorcycle Defined

Sec. 1. In this Act, "motorcycle" means every motor vehicle having a saddle for the use of the rider and designed to propel itself with not more than three wheels in contact with the ground, but excluding a tractor or any three-wheeled vehicle equipped with a cab, seat and seat belt and designed to contain the operator of the vehicle within the cab.

#### Necessity of Protective Headgear for Persons under Age 18

Sec. 2. No person under 18 years of age may operate a motorcycle on a public street or highway of this state unless he wears protective headgear that meets standards adopted by the Department of Public Safety, nor may any person carry a passenger under 18 years of age on a motorcycle on a public street or highway of this state unless the passenger wears protective headgear that meets standards adopted by the Department of Public Safety, nor may any person under 18 years of age ride as a passenger on a motorcycle on a public street or highway of this state unless he wears protective headgear that meets standards adopted by the Department of Public Safety.

#### Minimum Safety Standards for Protective Headgear

Sec. 3. The department shall prescribe minimum safety standards for protective headgear used by motorcyclists in this state in order to provide for the safety and welfare of motorcycle operators and passengers. The department may adopt all or any part of the standards of the United States of America Standards Institute for protective headgear for vehicular users.

#### Issuance of Safety Standards to Manufacturers

Sec. 4. The department shall make the safety standards it prescribes for protective headgear available to each manufacturer of protective headgear upon request of the manufacturer.

#### Inspection of Protective Headgear by Peace Officers

Sec. 5. Any peace officer may stop and detain any motorcycle operator or passenger for the purpose of inspecting his protective headgear to determine if the headgear is of a style and make that meets standards adopted by the department.

Sec. 6. [Renumbered as § 5.]

#### Violations; Penalties

Sec. 7. A person who violates Section 2 of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$10 nor more than \$50.

[Acts 1967, 60th Leg., p. 788, ch. 329, eff. Aug. 28, 1967. Amended by Acts 1973, 63rd Leg., p. 1677, ch. 607, § 4, eff. Aug. 27, 1973; Acts 1977, 65th Leg., p. 332, ch. 162, § 1, eff. Aug. 29, 1977; Acts 1983, 68th Leg., p. 400, ch. 81, § 20(a), (b), eff. Sept. 1, 1983; Acts 1983, 68th Leg., p. 2202, ch. 410, § 10, eff. Aug. 29, 1983.]

Section 20(c) of Acts 1983, 68th Leg., p. 401, ch. 81, provides:

"If an application for approval of protective headgear is filed with the Department of Public Safety before the effective date of this section but is not approved before that date, the fee which accompanied the application shall be refunded to the applicant."

### Art. 6701c-4. Motorcycle Operator Training and Safety Program

#### Establishment and Administration

Sec. 1. The governor shall designate either a division of the governor's staff or a state agency to establish and administer a motorcycle operator training and safety program. The purpose of the program is to make available to all motorcycle operators in this state courses in basic training and safety skills relating to the operation of motorcycles. The designated division or agency may contract with a nonprofit traffic safety and education organization to administer the program.

#### Motorcycle Safety Coordinator

Sec. 2. (a) The division or agency administering the program shall employ a motorcycle safety coordinator.

(b) The coordinator is responsible for supervising the program, including determining:

- (1) locations at which the courses will be offered;
- (2) fees for the courses; and
- (3) qualifications of instructors.

#### Advisory Committee

Sec. 3. (a) The governor shall appoint an advisory committee to advise the motorcycle safety coordinator on the effective administration of his duties.

(b) The advisory committee shall consist of:

- (1) one representative from the Department of Public Safety;
- (2) one representative from the State Department of Highways and Public Transportation;
- (3) one representative from the Central Education Agency;
- (4) one representative from the Motorcycle Safety Foundation; and
- (5) three motorcycle operators.

(c) Members of the advisory committee serve at the pleasure of the governor. The committee shall

meet at times and places determined by the committee but at least two times each year.

(d) A member of the advisory committee serves without compensation for the service but is entitled to reimbursement for actual and necessary expenses incurred in performing work of the committee.

#### Funding

Sec. 4. (a) The motorcycle education fund is established in the state treasury. Except as provided by Subsection (c) of this section, money in the fund may be expended only to defray the costs of administering the motorcycle operator training and safety program.

(b) A portion of each annual registration fee for a motorcycle or moped shall be deposited to the credit of the motorcycle education fund in accordance with Subsection (c-1), Section 10, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929 (Article 6675a-10, Vernon's Texas Civil Statutes).

(c) The unexpended and unencumbered balance in the fund at the end of each fiscal year may be appropriated for the motorcycle operator training and safety program or for any other purpose relating to maintaining or policing highways or supervising traffic or promoting safety on the highways.

(d) A fee may be charged for a course under the program that is reasonable in relation to the costs of administering the course.

[Acts 1983, 68th Leg., p. 2183, ch. 405, § 1, eff. Sept. 1, 1983.]

### Art. 6701d. Uniform Act Regulating Traffic on Highways

#### ARTICLE I—WORDS AND PHRASES DEFINED

##### Definition of Words and Phrases

Sec. 1. The following words and phrases when used in this Act shall, for the purpose of this Act, have the meanings respectively ascribed to them in this Article.

##### SUBDIVISION I—VEHICLES AND EQUIPMENT DEFINED

###### Vehicles

Sec. 2. (a) "Vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, except devices used exclusively upon stationary rails or tracks.

(b) "Motor Vehicle" means every vehicle which is self-propelled and every vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails.

(c) "Motorcycle" means every motor vehicle having a saddle for the use of the rider and designed to

propel itself with not more than three (3) wheels in contact with the ground but excluding a tractor.

(d) "Authorized Emergency Vehicle" means vehicles of the fire department (fire patrol), police vehicles, public and private ambulances for which permits have been issued by the State Board of Health, emergency vehicles of municipal departments or public service corporations as are designated or authorized by the governing body of an incorporated city, private vehicles operated by volunteer firemen or certified Emergency Medical Services volunteers while answering a fire alarm or responding to a medical emergency, and vehicles operated by blood banks or tissue banks, accredited or approved under the laws of this state or the United States, while making emergency deliveries of blood, drugs or medicines, or organs.

(e) "School bus" means every motor vehicle that complies with the color and identification requirements set forth in the most recent edition of standards as produced and sponsored by the National Commission on Safety Education of the National Education Association, Washington, D.C., and is being used to transport children to or from school or in connection with school activities, but not including buses operated by common carriers in urban transportation of school children.

(f) "Bicycle" means every device propelled by human power upon which any person may ride, having two tandem wheels either of which is more than fourteen (14) inches in diameter.

(g) "Implement of Husbandry" means every vehicle designed and adapted for use as a farm implement, machinery or tool as used in tilling the soil, but shall not include any passenger car or truck.

(h) "Light Truck" means any truck, as defined in this Act, with a manufacturer's rated carrying capacity not to exceed two thousand (2,000) pounds and is intended to include those trucks commonly known as pickup trucks, panel delivery trucks and carryall trucks.

(i) "Motor driven Cycle" means every motorcycle with a motor which has an engine piston displacement of not more than one hundred twenty-five (125) cc.

(j) "Passenger Car" means every motor vehicle, except motorcycles and motor driven cycles, designed for carrying ten (10) passengers or less and used for the transportation of persons.

(k) "Special Mobile Equipment" means every vehicle not designed or used primarily for the transportation of persons or property and only incidentally operated or moved over a highway, including but not limited to: ditchdigging apparatus, well boring apparatus and road construction and maintenance machinery such as asphalt spreaders, bituminous mixers, bucket loaders, tractors other than truck tractors, ditchers, levelling graders, finishing machines, motor graders, road rollers, scarifiers, earth moving carryalls and scrapers, power shovels and

draglines, and self-propelled cranes and earth moving equipment. The term does not include house trailers, dump trucks, truck mounted transit mixers, cranes or shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

(l) "Trackless Trolley Coach" means every motor vehicle which is propelled by electric power obtained from overhead trolley wires but not operated upon rails.

(m) "Muffler" means a device consisting of a series of chambers or baffle plates or other mechanical design for the purpose of receiving exhaust gas from an internal combustion engine and/or turbine wheels for the purpose of receiving exhaust gas from a diesel engine, both of which are effective in reducing noise.

(n) "Moped" means a motor-driven cycle whose speed attainable in one mile is not more than 30 mph and that is equipped with a motor that produces not more than two-brake horsepower. If an internal combustion engine is used, the piston displacement may not exceed 50cc and the power drive system may not require the operator to shift gears.

#### Exhaust Emission System

Sec. 2A. Any motor vehicle engine modification to control or cause the reduction of substances emitted from motor vehicles or motor vehicle engines beginning with the model year 1968, which system is installed on or incorporated in any motor vehicle or motor vehicle engine in compliance with the requirements imposed by or under authority of the (United States) Motor Vehicle Air Pollution Control Act, Public Law 89-272, 42 U.S.C. 1857, et seq., or other applicable law.

#### Tractors

Sec. 3. (a) Truck Tractor. Every motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

(b) Farm Tractor. Every motor vehicle designed and used primarily as a farm implement for drawing plows, mowing machines, and other implements of husbandry.

(c) Road Tractor. Every motor vehicle designed and used for drawing other vehicles and not so constructed as to carry any load thereon either independently or any part of the weight of a vehicle or load so drawn.

#### Truck and Bus

Sec. 4. (a) Truck. Every motor vehicle designed, used, or maintained primarily for the transportation of property.

(b) Bus. Every motor vehicle designed for carrying more than ten (10) passengers and used for the transportation of persons; and every motor vehicle,

other than taxicab, designed and used for the transportation of persons for compensation.

#### Trailers

Sec. 5. (a) Trailer. Every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that no part of its weight rests upon the towing vehicle.

(b) Semi-Trailer. Every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its weight and that of its load rests upon or is carried by another vehicle.

(c) Pole Trailer. Every vehicle without motive power designed to be drawn by another vehicle and attached to the towing vehicle by means of a reach, or pole, or by being boomed or otherwise secured to the towing vehicle, and ordinarily used for transporting long or irregularly shaped loads such as poles, pipes, or structural members capable, generally, of sustaining themselves as beams between the supporting connections.

(d) House Trailer. A trailer or semitrailer

(1) which is designed, constructed and equipped as a dwelling place, living abode or sleeping place (either permanently or temporarily) and is equipped for use as a conveyance on streets and highways; or

(2) whose chassis and exterior shell is designed and constructed for use as a house trailer, as defined in Subdivision (1), but which is used instead permanently or temporarily for the advertising, sales, display or promotion of merchandise or services, or for any other commercial purpose except the transportation of property for hire or the transportation of property for distribution by a private carrier.

#### Tires

Sec. 6. (a) Pneumatic Tire. Every tire in which compressed air is designed to support the load.

(b) Solid Tire. Every tire of rubber or other resilient material which does not depend upon compressed air for the support of the load.

(c) Metal Tire. Every tire the surface of which in contact with the highway is wholly or partly of metal or other hard non-resilient material.

#### Railroads and Street Cars

Sec. 7. (a) Railroad. A carrier of persons or property upon cars, other than street cars, operated upon stationary rails.

(b) Railroad Train. A steam engine, electric or other motor, with or without cars coupled thereto, operated upon rails, except street cars.

(c) Street Car. A car other than a railroad train for transporting persons or property and operated upon rails principally within a municipality.

#### Explosives

Sec. 8. (a) Explosives. Any chemical compound or mechanical mixture that is commonly used or intended for the purpose of producing an explosion and which contains any oxidizing and combustible units or other ingredients in such proportions, quantities, or packing that an ignition by fire, by friction, by concussion, by percussion, or by detonator of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructible effects on contiguous objects or of destroying life or limb.

(b) Flammable Liquid. Any liquid which has a flash point of 70° F., or less, as determined by a tagliabue or equivalent closed-cup test device.

#### SUBDIVISION II—GOVERNMENTAL AGENCIES, PERSONS, OWNERS, ETC., DEFINED Director, Department, State, Urban District, Metropolitan Area

Sec. 9. (a) Director. The Director of the Department of Public Safety of this state.

(b) Department. The Department of Public Safety of this state acting directly or through its duly authorized officers and agents.

(c) State. A state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico or a province of the Dominion of Canada.

(d) Urban District. The territory contiguous to and including any highway or street which is built up with structures devoted to business, industry or dwelling houses situated at intervals of less than one hundred (100) feet for a distance of one-quarter (1/4) of a mile or more on either side except in incorporated cities.

(e) "Metropolitan area" means an area which contains at least one city with a population of one hundred thousand (100,000) or more, according to the latest federal census, and includes the adjacent incorporated cities and unincorporated urban districts.

#### Person, Pedestrian, Driver, Etc.

Sec. 10. (a) Person. Every natural person, firm, copartnership, association, or corporation.

(b) Pedestrian. Any person afoot.

(c) Driver. Every person who drives or is in actual physical control of a vehicle.

(d) Owner. A person, other than a lienholder, having the property in or title to a vehicle. The term includes a person entitled to the use and possession of a vehicle subject to a security interest

in another person, but excludes a lessee under a lease not intended as security.

(e) Personal Injury. A wound or injury to any part of the human body which necessitates treatment.

(f) Nonresident. Every person who is not a resident of this State.

#### Police Officer

Sec. 11. Every officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations.

#### Local Authorities

Sec. 12. Every county, municipal, and other local board or body having authority to enact laws relating to traffic under the constitution and laws of this state.

#### SUBDIVISION III—HIGHWAYS, RESTRICTED DISTRICTS, ZONES, ETC., DEFINED

##### Highways, Roads, Streets, Sidewalks, Freeways and Ramps

Sec. 13. (a) Street or Highway. The entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

(b) Private Road or Driveway. Every way or place in private ownership and used for vehicular travel by the owner and those having express or implied permission from the owner but not by other persons.

(c) Roadway. That portion of a highway improved, designed or ordinarily used for vehicular travel, exclusive of the berm or shoulder. In the event a highway includes two or more separate roadways the term "roadway" as used herein shall refer to any such roadway separately but not to all such roadways collectively.

(d) Sidewalk. That portion of a street between the curb lines, or the lateral lines of a roadway, and the adjacent property lines intended for the use of pedestrians.

(e) Laned Roadway. A roadway which is divided into two or more clearly marked lanes for vehicular traffic.

(f) Through Highway. Every highway or portion thereof on which vehicular traffic is given preferential right-of-way, and at the entrances to which vehicular traffic from intersecting highways is required by law to yield right-of-way to vehicles on such through highway in obedience to a stop sign, yield sign or other official traffic-control device, when such signs or devices are erected as provided in this Act.

(g) Limited-Access or Controlled Access Highway. Every highway, street or roadway in respect to which owners or occupants of abutting lands and

other persons have no legal right of access to or from the same except at such points only and in such manner as may be determined by the public authority having jurisdiction over such highway, street, or roadway.

(h) Arterial Street. Any U.S. or State numbered route, controlled access highway, or other major radial or circumferential street or highway designated by local authorities within their respective jurisdictions as part of a major arterial system of streets or highways.

(i) "Freeway" means a divided, controlled access highway for through traffic.

(j) "Freeway main lane" means a traffic lane to which access is controlled, permitting uninterrupted flow of through traffic.

(k) "Ramp" means an interconnecting roadway of a traffic interchange, or any connection between highways at different levels or between parallel highways, on which vehicles may enter or leave a designated roadway.

(l) "Shoulder" means the portion of a highway that is:

- (1) contiguous to the roadway;
- (2) designed or ordinarily used for parking;
- (3) set off from the roadway by different design, construction, or marking; and
- (4) not intended for normal vehicular travel.

(m) "Improved shoulder" means a paved shoulder.

#### Intersection

Sec. 14. (a) The area embraced within the prolongation or connection of the lateral curb lines, or, if none, then the lateral boundary lines of the roadways of two highways which join one another at, or approximately at, right angles, or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict.

(b) Where a highway includes two roadways thirty (30) feet or more apart, then every crossing of each roadway of such divided highway by an intersecting highway shall be regarded as a separate intersection. In the event such intersecting highway also includes two roadways thirty (30) feet or more apart, then every crossing of two roadways of such highways shall be regarded as a separate intersection.

(c) The junction of an alley with a street or highway shall not constitute an intersection.

(d) Notwithstanding the provisions of Subsection (b) of this section, the State Highway Commission and local authorities may, in matters of highway and traffic engineering design, consider the separate intersections of divided highways with medians thirty (30) feet wide or wider, as defined in Subsection (b) of this section, as components of a single intersection.

**Crosswalk**

Sec. 15. (a) That part of a roadway at an intersection included within the connections of the lateral lines of the sidewalks on opposite sides of the highway measured from the curbs, or in the absence of curbs from the edges of the traversable roadway;

(b) Any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrian crossing by lines or other markings on the surfaces.

**Safety Zones**

Sec. 16. The area or space officially set apart within a roadway for the exclusive use of pedestrians and which is protected or is so marked or indicated by adequate signs as to be plainly visible at all times while set apart as a safety zone.

**Business and Residence Districts**

Sec. 17. (a) Business District. The territory contiguous to and including a highway when within any six hundred (600) feet along such highway there are buildings in use for business or industrial purposes, including but not limited to hotels, banks, or office buildings, railroad stations and public buildings which occupy at least three hundred (300) feet of frontage on one side or three hundred (300) feet collectively on both sides of the highway.

(b) Residence District. The territory contiguous to and including a highway not comprising a business district when the property on such highway for a distance of three hundred (300) feet or more is in the main improved with residences or residences and buildings in use for business.

**Public Beach**

Sec. 17A. "Public beach" shall mean any beach bordering on the Gulf of Mexico which extends inland from the line of mean low tide to the natural line of vegetation bordering on the seaward shore of the Gulf of Mexico, or such larger contiguous area to which the public has acquired a right of use or easement to or over by prescription, dedication, or estoppel, or has retained a right by virtue of continuous right in the public since time immemorial as recognized by law or custom.

**Signals and Devices**

Sec. 18. (a) Official Traffic-Control Devices. All signs, signals, markings, and devices not inconsistent with this Act placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning, or guiding traffic.

(b) Traffic-Control Signal. Any device, whether manually, electrically, or mechanically operated, by which traffic is alternately directed to stop and permitted to proceed.

(c) Railroad Sign or Signal. Any sign, signal, or device erected by authority of a public body or

official or by a railroad and intended to give notice of the presence of railroad tracks or the approach of a railroad train.

**Traffic**

Sec. 19. Pedestrians, ridden or herded animals, vehicles, street cars, and other conveyances either singly or together while using any highway for purposes of travel.

**Right-of-Way**

Sec. 20. The right of one vehicle or pedestrian to proceed in a lawful manner in preference to another vehicle or pedestrian approaching under such circumstances of direction, speed and proximity as to give rise to danger of collision unless one grants precedence to the other.

**SUBDIVISION IV—MISCELLANEOUS DEFINITIONS****Daytime and Nighttime**

Sec. 20A. "Daytime" means from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset, and "nighttime" means at any other hour.

**Driveaway-Tow Away Operation**

Sec. 20B. Any operation in which any motor vehicle, trailer or semitrailer, singly or in combination, new or used, constitutes the commodity being transported, when one set or more of wheels of any such vehicle are on the roadway during the course of the transportation, whether or not any such vehicle furnishes the motive power.

**Gross Weight**

Sec. 20C. The weight of a vehicle without load plus the weight of any load thereon.

**Nonresident's Operating Privilege**

Sec. 20D. The privilege conferred upon a nonresident by the laws of this State pertaining to the operation by such person of a motor vehicle, or the use of a vehicle owned by such person, in this State.

**Park or Parking**

Sec. 20E. Means the standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers.

**Stand or Standing**

Sec. 20F. Means the halting of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in receiving or discharging passengers.

**Stop**

Sec. 20G. When required means complete cessation from movement.

**Stop or Stopping**

Sec. 20H. When prohibited means any halting even momentarily of a vehicle, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-control sign or signal.

**Normally and Safely Driven**

Sec. 20I. "Normally and safely driven" means the vehicle does not require towing and can be operated under its own power in its customary manner, without further damage or hazard to the vehicle, other traffic, or the roadway.

**Exemption to "Manufactured Housing"**

Sec. 20J. "Manufactured Housing" as defined by the Texas Manufactured Housing Standards Act (Article 5221f, Vernon's Texas Civil Statutes) is not a "vehicle" subject to this Act.

**ARTICLE II—OBEDIENCE TO AND EFFECT OF TRAFFIC LAWS****Provisions of Act Refer to Vehicles Upon the Highways—Exceptions**

*Text as amended by Acts 1971, 62nd Leg., p. 727, ch. 83, § 11*

Sec. 21. The provisions of this Act relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

1. Where a different place is specifically referred to in a given section.
2. The provisions of Articles IV and V of this Act and Articles 802,<sup>1</sup> 802b<sup>2</sup> and 802c,<sup>3</sup> Penal Code of Texas, 1925, as amended shall apply upon highways and other public places.

<sup>1</sup> Transferred; see, now, art. 6701I-1.

<sup>2</sup> Repealed; see, now, art. 6701I-1(d), (e).

<sup>3</sup> Repealed; see, now, Penal Code, § 19.05.

**Provisions of Act Refer to Vehicles Upon the Highway—Exceptions**

*Text as amended by Acts 1971, 62nd Leg., p. 2384, ch. 741, § 1*

Sec. 21. The provisions of this Act relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

1. Where a different place is specifically referred to in a given section.
2. The provisions of Article IV shall apply upon all roads owned and controlled by any water control and improvement district, whether or not a fee is charged for the use of the roads, and the provisions of Articles IV and V shall apply upon streets, highways, or privately owned access ways or parking areas provided by business establishments, without charge, for the convenience of their customers, clients, or patrons but not upon privately owned residential property or the property of any garage

or parking lot for which a charge is made for storage or parking of motor vehicles.

**Required Obedience to Traffic Laws**

Sec. 22. It is unlawful and unless otherwise declared in this Act with respect to particular offenses, it is a misdemeanor for any person to do any act forbidden or fail to perform any act required in this Act.

**Obedience to Police Officers**

Sec. 23. No person shall willfully fail or refuse to comply with any lawful order or direction of any police officer invested by law with authority to direct, control, or regulate traffic.

**Additional Exceptions**

Sec. 24. (a) Unless specifically made applicable, the provisions of this chapter except those contained in Article V of this Act and Articles 802b,<sup>1</sup> 802c<sup>2</sup> and 802e,<sup>3</sup> Penal Code of Texas, 1925, as amended shall not apply to persons, teams, motor vehicles and other equipment while actually engaged in work upon the surface of a highway but shall apply to such persons and vehicles when traveling to or from such work.

(b) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(c) The driver of an authorized emergency vehicle may:

1. Park or stand, irrespective of the provisions of this chapter;
2. Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;
3. Exceed the maximum speed limits so long as he does not endanger life or property;
4. Disregard regulations governing direction of movement or turning in specified directions.

(d) The exemptions herein granted to an authorized emergency vehicle shall apply only when such vehicle is making use of audible and visual signals meeting the requirements of Section 124 of this Act, except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle. The driver of an authorized emergency vehicle that is used for law enforcement purposes may operate without using the emergency warning devices required by this subsection only when the driver is responding to an emergency call or when he or she is in pursuit of a suspected violator of the law and he or she has probable cause to believe that:

(1) knowledge of his or her presence will cause the suspect to destroy or lose evidence of a suspected felony;

(2) knowledge of his or her presence will cause the suspect to cease a suspected continuing felony before the driver has acquired sufficient evidence to establish grounds for arrest;

(3) knowledge of his or her presence will cause the suspect to evade apprehension or identification of the suspect or his or her vehicle; or

(4) traffic conditions on a multilaned roadway are such that movements of motorists in response to the emergency warning devices may increase the potential for a collision or may unreasonably extend the duration of the pursuit.

(d-1) The driver of an authorized emergency vehicle that is used for law enforcement purposes may not operate without using the emergency warning devices as provided above unless he or she has first notified a designated office of his or her intention to operate without such devices. The designated office to which such notification is made shall keep an accurate record of the exact time notification is received.

(e) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others.

(f) The provisions of this Act applicable to the drivers of vehicles upon the highways shall apply to the drivers of all vehicles owned or operated by the United States, this State or any county, city, town, district, or any other political subdivision of the State, subject to such specification exceptions as are set forth in this Act with reference to authorized emergency vehicles.

<sup>1</sup> Repealed; see, now, art. 6701-1(d), (e).

<sup>2</sup> Repealed; see, now, Penal Code, § 19.05.

<sup>3</sup> Transferred; see, now, article 6701-4.

#### Traffic Laws Apply to Persons Riding Animals or Driving Animal-Drawn Vehicles

Sec. 25. Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this Act, except those provisions of this Act which by their very nature can have no application.

#### Provisions of Act Uniform Throughout State

Sec. 26. The provisions of this Act shall be applicable and uniform throughout this state and in all political subdivisions and municipalities therein and no local authority shall enact or enforce any ordinance, rule, or regulation in conflict with the provisions of this Act unless expressly authorized herein. Local authorities may, however, adopt additional traffic regulations which are not in conflict with the provisions of this Act.

#### Powers of Local Authorities

Sec. 27. (a) The provisions of this Act shall not be deemed to prevent local authorities with respect to streets and highways under their jurisdiction and within the reasonable exercise of the police power from—

1. Regulating the stopping, standing or parking of vehicles;

2. Regulating traffic by means of police officers or traffic-control devices;

3. Regulating or prohibiting processions or assemblages on the highways;

4. Designating particular highways as one-way highways and requiring that all vehicles thereon be moved in one specific direction;

5. Regulating the speed of vehicles in public parks;

6. Designating any highway as a through highway and requiring that all vehicles stop or yield before entering or crossing the same, or designating any intersection as a stop intersection or a yield intersection and requiring all vehicles to stop or yield at one or more entrances to such intersection;

7. Regulating the operation of bicycles and requiring the registration and licensing of same, including the requirement of a registration fee;

8. Regulating or prohibiting the turning of vehicles or specified types of vehicles at intersections;

9. Altering the speed limits as authorized herein;

10. Adopting such other traffic regulations as are specifically authorized by this Act.

(b) No local authority shall erect or maintain any stop sign or yield sign or traffic-control device at any location so as to require the traffic on any State highway, including Farm-to-Market or Ranch-to-Market roads, to stop or yield before entering or crossing any intersecting highway unless such signs or devices are erected and maintained by virtue of an agreement entered into between such local authority and the State Highway Department under the provisions of Senate Bill No. 415, Acts of the 46th Legislature, Regular Session.<sup>1</sup>

(c) No ordinance or regulation enacted under Subsection (4), (5), (6), or (9) of Subsection (a) of this section shall be effective until signs giving notice of such local traffic regulations are posted upon or at the entrances to the highway or part thereof affected as may be most appropriate.

<sup>1</sup> Article 6673-b.

#### This Act Not to Interfere With Rights of Owners of Real Estate Property With Reference Thereto

Sec. 28. Nothing in this Act shall be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as matter of right from prohibiting such use, or from requiring other or different or additional conditions than those speci-

fied in this Act, or otherwise regulating such use as may seem best to such owner.

#### Speed Limit Applicability on Private Roads

Sec. 28A. (a) The owners of a majority of the parcels of real property abutting a private road that is outside the limits of an incorporated city or town and that runs through or in any part of a subdivision for which a plat has been filed in the deed records of a county and which has four hundred (400) or more residents may submit to the State Highway and Public Transportation Commission a petition for the purpose of having the speed restrictions of this Act extended to the portion of the road that is within the subdivision.

(b) After receiving a petition and verifying the property ownership of the signers of the petition, if the commission finds that it would be in the interests of the residents of the area and the public generally, the commission shall issue an order making the speed restrictions of this Act applicable to the portion of the private road that is the subject of the petition.

(c) If the commission rejects a petition submitted under this section, the commission shall hold a public hearing in the county in which the portion of the private road that is the subject of the petition is located, on the question of the advisability of including the private road within the scope of the speed restrictions of this Act. The commission shall cause notice of the public hearing to be published at least ten (10) days before the date of the hearing in a newspaper of general circulation in the county in which the hearing is scheduled.

(d) At the hearing, if the commission finds that it would be in the interests of the residents of the area and the public generally, the commission shall issue an order making the speed restrictions of this Act applicable to the portion of the private road that is the subject of the petition.

(e) If the commission issues an order extending the speed restrictions of this Act to a private road, the private road becomes a public highway for purposes of setting and enforcing speed restrictions under this Act. After issuance of an order under this section, the commission shall cause signs stating speed limits to be posted on property abutting the private road, with the consent of the owners of the property on which the signs are placed.

### ARTICLE III—TRAFFIC SIGNS, SIGNALS, AND MARKINGS

#### State Highway Commission to Adopt Sign Manual

Sec. 29. The State Highway Commission shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this Act for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American Association of State Highway Officials.

#### State Highway Department to Sign State Highways

Sec. 30. (a) The State Highway Department may place and maintain, or under the authority of Senate Bill No. 415, Acts, 46th Legislature, Regular Session,<sup>1</sup> provide for such placing and maintaining such traffic-control devices, conforming to its manual and specifications, upon all state highways as it may deem necessary, to indicate and carry out the provisions of this Act or to regulate, warn, or guide traffic.

(b) No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the State Highway Department except by the latter's permission.

<sup>1</sup> Article 6673b.

#### Local Traffic-Control Devices

Sec. 31. Local authorities, in their respective jurisdiction, may place and maintain any traffic-control devices upon any highway under their jurisdiction as they may deem necessary to indicate and carry out the provisions of this Act, or local traffic ordinances, or regulate, warn or guide traffic. All such traffic-control devices hereafter erected shall conform to the State Highway Department's manual and specifications.

#### Obedience to and Required Traffic-Control Devices

Sec. 32. (a) The driver of any vehicle and the motorman of any streetcar shall obey the instructions of any official traffic-control device applicable thereto placed in accordance with the provisions of this Act, unless otherwise directed by a traffic or police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this Act.

(b) No provision of this Act for which official traffic-control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that official traffic-control devices are required, such section shall be effective even though no devices are erected or in place.

#### Traffic-Control Signal Legend

Sec. 33. Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors Green, Red and Yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

##### (a) Green indication

1. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turn-

ing right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

2. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

3. Unless otherwise directed by a pedestrian control signal, as provided in Section 34, pedestrians, facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady yellow indication

1. Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

2. Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in Section 34, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(c) Steady red indication

1. Vehicular traffic facing a steady red signal alone shall stop at a clearly marked stop line, but, if none, before entering the crosswalk on the near side of the intersection, and may then turn right or, if the intersecting streets are both one-way streets and left turns are permissible, may turn left, after standing until the intersection may be entered safely, yielding right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. Traffic not so turning shall remain standing until an indication to proceed is shown. The State Highway Commission, municipal authorities, and Commissioners Courts, within their respective jurisdictions, may prohibit such turns on a steady red signal by posting a notice that turns of that type are prohibited. Such notice shall be erected at such intersection giving notice thereof.

2. Unless otherwise directed by a pedestrian control signal as provided in Section 34, pedestrians facing a steady red signal alone shall not enter the roadway.

(d) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop

required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

(e) The motorman of any streetcar shall obey the above signals as applicable to vehicles.

**Pedestrian Control Signals**

Sec. 34. Whenever special pedestrian control signals exhibiting the words "Walk," "Don't Walk," or "Wait" are in place such signals shall indicate as follows:

(a) Walk. Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(b) Don't Walk or Wait. No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the "Walk" signal shall proceed to a sidewalk or safety island while the "Don't Walk" or "Wait" signal is showing.

**Flashing Signals**

Sec. 35. (a) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

1. Flashing red (stop signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through an intersection or past such signal only with caution.

(b) This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Section 86 of this Act.

**Lane-Direction-Control Signals**

Sec. 35A. When lane-direction-control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown.

**Display of Unauthorized Signs, Signals or Markings**

Sec. 36. (a) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an

official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

(b) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(c) No person shall place or maintain a flashing light or flashing electric sign of any kind or color within one thousand (1,000) feet of any intersection unless a permit is granted by the State Highway Commission for such flashing light or electric sign.

(d) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(e) In addition to being a misdemeanor as set out in Section 143, every such prohibited sign, signal, light or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice.

#### Interference With Official Traffic-Control Devices or Railroad Signs or Signals

Sec. 37. No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof.

### ARTICLE IV—ACCIDENTS

#### Accidents Involving Death or Personal Injuries

Sec. 38. (a) The driver of any vehicle involved in an accident resulting in injury to or death of any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible but shall then forthwith return to and in every event shall remain at the scene of the accident until he has fulfilled the requirements of Section 40. Every such stop shall be made without obstructing traffic more than is necessary.

(b) Any person failing to stop or to comply with said requirements under such circumstances shall upon conviction be punished by imprisonment in the penitentiary not to exceed five (5) years or in jail not exceeding one (1) year or by fine not exceeding Five Thousand (\$5,000.00) Dollars, or by both such fine and imprisonment.

#### Accident Involving Damage to Vehicle

Sec. 39. The driver of any vehicle involved in an accident resulting only in damage to a vehicle which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible without obstructing

traffic more than is necessary but shall forthwith return to and in every event shall remain at the scene of such accident until he has fulfilled the requirements of Section 40. However, when an accident occurs on a main lane, ramp, shoulder, median, or adjacent area of a freeway in a metropolitan area and each vehicle involved can be normally and safely driven, each driver shall move his vehicle as soon as possible off the freeway main lanes, ramps, shoulders, medians, and adjacent areas to a designated accident investigation site, if available, a location on the frontage road, the nearest suitable cross street, or other suitable location to complete the requirements of Section 40, so as to minimize interference with the freeway traffic. Any person failing to stop or to comply with said requirements under such circumstances shall be guilty of a misdemeanor.

#### Duty to Give Information and Render Aid

Sec. 40. The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle which is driven or attended by any person shall give his name, address, and the registration number of the vehicle he is driving and the name of his motor vehicle liability insurer, and shall upon request and if available exhibit his operator's, commercial operator's, or chauffeur's license to the person struck or the driver or occupant of or person attending any vehicle colliding with and shall render to any person injured in such accident reasonable assistance, including the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that such treatment is necessary or if such carrying is requested by the injured person.

#### Duty Upon Striking Unattended Vehicle

Sec. 41. The driver of any vehicle which collides with and damages any vehicle which is unattended shall immediately stop and shall then and there either locate and notify the operator or owner of such vehicle of the name and address of the driver and owner of the vehicle striking the unattended vehicle or shall leave in a conspicuous place in, or securely attached to and plainly visible, the vehicle struck a written notice giving the name and address of the driver and of the owner of the vehicle doing the striking and a statement of the circumstances thereof.

#### Duty Upon Striking Fixtures Upon a Highway

Sec. 42. The driver of any vehicle involved in an accident resulting only in damage to fixtures legally upon or adjacent to a highway shall take reasonable steps to locate and notify the owner or person in charge of such property of such fact and of his name and address and of the registration number of the vehicle he is driving and shall upon request and if available exhibit his operator's, commercial operator's, or chauffeur's license, and shall make report

of such accident when and as required in Section 44 hereof.

#### Immediate Reports of Accidents

Sec. 43. The driver of a vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle to the extent that it cannot be normally and safely driven shall immediately by the quickest means of communication give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest office of the Texas Highway Patrol.

#### Investigation of Accidents

Sec. 43A. A peace officer notified of a motor vehicle accident resulting in injury to or death of any person or damage to the property of any one person to an apparent extent of Two Hundred and Fifty Dollars (\$250) or more may investigate the accident and file any justifiable charges relating thereto without regard to whether the accident occurred on a public street or highway or other public property, on a road owned and controlled by any water control and improvement district, whether or not a fee is charged for the use of the road, or on private property commonly used by the public such as supermarket or shopping center parking lots, parking areas provided by business establishments for the convenience of their customers, clients, or patrons, parking lots owned and operated by the State or any other parking area owned and operated for the convenience of, and commonly used by, the public. It is specifically provided, however, that this Section shall not apply to accidents occurring on privately owned residential parking areas or on privately owned parking lots where a fee is charged for the privilege of parking or storing a motor vehicle.

#### Written Report of Accidents

Sec. 44. (a) The driver of a vehicle involved in an accident not investigated by a law enforcement officer and resulting in injury to or death of any person, or damage to the property of any one person, including himself, to an apparent extent of at least Two Hundred Fifty Dollars (\$250), shall within ten (10) days after such accident forward a written report of such accident to the Department. Any person who shall fail to make such a report shall be guilty of a misdemeanor and upon conviction shall be punished as provided in Section 143. The venue for the prosecution of such offense shall be in the county where the accident occurred.

(b) The Department may require any driver of a vehicle involved in an accident of which report must be made as provided in this Section to file supplemental reports whenever the original report is insufficient in the opinion of the Department and may require witnesses of accidents to render reports to the Department.

(c) Every law enforcement officer, who, in the regular course of duty, investigates a motor vehicle accident resulting in injury to or death of any person, or damage to the property of any one person to an apparent extent of at least Two Hundred Fifty Dollars (\$250), either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses shall, within ten (10) days after such accident, forward a written report of such accident to the Department.

#### Accident Report Forms

Sec. 45. (a) The department shall prepare and upon request supply to police departments, coroners, sheriffs, garages, and other suitable agencies or individuals, forms for accident reports required hereunder, appropriate with respect to the persons required to make such reports and the purposes to be served. The written reports to be made by person involved in accidents and by investigating officers shall call for sufficiently detailed information to disclose with reference to a traffic accident the cause, conditions then existing, and the persons and vehicle involved. Also, the forms for the written reports shall include a means for designating and identifying peace officers and fire fighters who during an emergency are involved in accidents while driving law enforcement vehicles or fire department vehicles in pursuit of their duties. The forms shall also contain a statement by the peace officers and fire fighters describing the nature of the emergency.

(b) Every accident report required to be made in writing shall be made on the appropriate form approved by the department and shall contain all of the information required therein unless not available.

#### Coroners to Report

Sec. 46. Every coroner or other official performing like functions shall on or before the tenth (10th) day of each month report in writing to the department the death of any person within his jurisdiction during the preceding calendar month as the result of a traffic accident giving the time and place of the accident and the circumstances relating thereto.

#### Accident Reports

Sec. 47. All accident reports made by persons involved in accidents, by garages, or peace officers shall be without prejudice to the individual so reporting and shall be privileged and for the confidential use of the Department or other State agencies having use for the records for accident prevention purposes, except that the Department may disclose the identity of a person involved in an accident when such identity is not otherwise known or when such person denies his presence at such accident, provided that accident reports submitted by peace officers after January 1, 1970, are public records open for inspection. After January 1, 1970, the Department shall provide a copy or copies of any

peace officer's report submitted after that date to any person upon written request and payment of a Four Dollar (\$4) fee. Such copy may be certified by the Department for an additional fee of Two Dollars (\$2). In the event no report is on file the Department may certify such fact for a fee of Four Dollars (\$4). All fees collected under this Section shall be placed in the Operators and Chauffeurs License Fund and are hereby appropriated to be used by the Department in the administration of this Act.

#### Department to Tabulate and Analyze Accident Reports

Sec. 48. The Department shall tabulate and may analyze all accident reports and shall publish annually, or at more frequent intervals, statistical information based thereon as to the number and circumstances of traffic accidents.

#### Any Incorporated City May Require Accident Reports

Sec. 49. (a) Any incorporated city, town, village, or other municipality may by ordinance require that the driver of a vehicle involved in an accident shall also file with a designated city department a report of such accident, except that no report may be required if there is no injury to or death of any person and the apparent total property damage is less than Twenty-five (\$25.00) Dollars, or a copy of any report herein required to be filed with the department. All such reports shall be for the confidential use of the city department and subject to the provisions of Section 47 of this Act.

(b) Any incorporated city, town, village, or other municipality may by ordinance require the person in charge of any garage or repair shop to which is brought any motor vehicle which shows evidence of having been involved in an accident of which report must be made as provided in Section 44, or struck by any bullet, to report to the department within 24 hours after such motor vehicle is received, giving the engine number, registration number, and the name and address of the owner or operator of such vehicle.

#### ARTICLE V—DRIVING WHILE UNDER THE INFLUENCE OF DRUGS AND RECKLESS DRIVING

Sec. 50. Repealed by Acts 1983, 68th Leg., p. 1606, ch. 303, § 27, eff. Jan. 1, 1984.

Sec. 50A. Repealed by Acts 1975, 64th Leg., p. 918, ch. 342, § 16, eff. Sept. 1, 1975.

#### Reckless Driving

Sec. 51. (a) Any person who drives any vehicle in wilful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(b) Every person convicted of reckless driving shall be punished upon such conviction by a fine of not more than Two Hundred Dollars (\$200), or by imprisonment in the county jail for a period of not more than thirty (30) days, or by both such fine and imprisonment.

#### ARTICLE VI—DRIVING ON RIGHT SIDE OF ROADWAY; OVERTAKING AND PASSING, ETC.

##### Drive on Right Side of Roadway—Exceptions

Sec. 52. (a) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

2. When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

3. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

4. Upon a roadway restricted to one-way traffic.

(b) Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

(c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic-control devices designated certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under Subsection (a) 2 hereof. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or out of an alley, private road, or driveway.

##### Passing Vehicles Proceeding in Opposite Directions

Sec. 53. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half ( $\frac{1}{2}$ ) of the main-traveled portion of the roadway as nearly as possible.

##### Overtaking a Vehicle on the Left

Sec. 54. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

(a) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not

again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(b) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

#### Operation of Vehicle on Improved Shoulder

Sec. 54A. (a) A driver may operate a vehicle on an improved shoulder to the right of the main traveled portion of the roadway as long as necessary and when the operation may be done in safety only under the following circumstances:

- (1) to stop, stand, or park;
- (2) to accelerate prior to entering the main traveled lane of traffic;
- (3) to decelerate prior to making a right turn;
- (4) to overtake and pass another vehicle that is slowing or stopped on the main traveled portion of the highway disabled or preparing to make a left turn;
- (5) to allow other vehicles to pass that are traveling at a greater speed;
- (6) when permitted or required by an official traffic control device; or
- (7) at any time to avoid a collision.

(b) A driver may operate a vehicle on the improved shoulder to the left of the main traveled portion of a divided or controlled-access highway when the operation may be done in safety only under the following conditions:

- (1) to slow or stop when the vehicle is disabled and traffic or other circumstances prohibit the safe movement of the vehicle to the shoulder to the right of the main traveled portion of the roadway;
- (2) when permitted or required by an official traffic control device; or
- (3) to avoid a collision.

(c) The provisions of this section limiting the operation of vehicles upon improved shoulders shall not apply to:

- (1) authorized emergency vehicles responding to calls;
- (2) police patrols; or
- (3) vehicles and equipment actually engaged in work upon a highway but shall apply to such persons and vehicles when traveling to or from such work.

#### When Overtaking on the Right is Permitted

Sec. 55. (a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

1. When the vehicle overtaken is making or about to make a left turn;
2. Upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction;
3. Upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two (2) or more lines of moving vehicles.

(b) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the main traveled portion of the roadway except as provided in Section 54A.

#### Limitations on Overtaking on the Left

Sec. 56. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless authorized by the provisions of this Act and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred (200) feet of any approaching vehicle.

#### Further Limitations on Driving to Left of Center of Roadway

Sec. 57.

*Text of (a) as amended by Acts 1971, 62nd Leg., p. 732, ch. 83, § 24*

(a) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

1. Where sight restriction is such that the section of highway being traversed lies within a no passing zone as determined and marked in accordance with Section 58;
2. When approaching within one hundred (100) feet of or passing through any intersection or railroad grade crossing within the limits of an incorporated city or town;
3. Outside the limits of an incorporated city or town when approaching within one hundred (100) feet of or passing through any intersection or railroad grade crossing and the intersection or crossing is indicated by signs or markings in accordance with Section 58.

4. When approaching within one hundred (100) feet of any bridge, viaduct, or tunnel.

*Text of (a) as amended by Acts 1971, 62nd Leg., p. 2418, ch. 767, § 1*

(a) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

1. Where sight restriction is such that the section of highway being traversed lies within a no passing zone as determined and marked in accordance with Section 58.

2. When approaching within one hundred (100) feet of or traversing any intersection or railroad grade crossing.

3. When approaching within one hundred (100) feet of any bridge, viaduct, or tunnel.

4. When awaiting access to a ferry operated by the State Highway Commission.

(b) The foregoing limitations shall not apply upon a oneway roadway, nor to any driver of a vehicle turning left into or from an alley, private road, or driveway.

(c) The State Highway Commission shall post signs along the approach to any ferry operated by it notifying motorists that passing is prohibited when there is a standing line of vehicles awaiting access to the ferry.

#### No-Passing Zones

Sec. 58. (a) The State Highway Commission on State highways under its jurisdiction, and local authorities on highways under their jurisdiction, are authorized to determine those portions of any highway under their appropriate jurisdiction where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or marking on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(b) Where signs or markings are in place to define a no-passing zone as set forth in Subsection (a) no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length. However, this subsection shall not be construed as prohibiting the crossing of such pavement striping, or the center line within a no-passing zone marked by signs only, in making a left turn into or out of an alley, private road, or driveway.

#### One-Way Roadways and Rotary Traffic Islands

Sec. 59. (a) The State Highway Commission may designate any highway or any separate roadway under its jurisdiction for one-way traffic and shall erect appropriate signs giving notice thereof.

(b) Upon a roadway designated and signposted for one-way traffic the driver of a vehicle shall drive only in the direction designated.

(c) The driver of a vehicle passing around a rotary traffic island shall drive only to the right of such island.

#### Driving on Roadways Laned for Traffic

Sec. 60. Whenever any roadway has been divided into two (2) or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(a) The driver of a vehicle shall drive as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(b) Upon a roadway which is divided into three (3) lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(c) Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the direction of every such sign.

(d) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

#### Following Too Closely

Sec. 61. (a) The driver of a motor vehicle shall, when following another vehicle, maintain an assured clear distance between the two vehicles, exercising due regard for the speed of such vehicles, traffic upon and conditions of the street or highway, so that such motor vehicle can be safely brought to a stop without colliding with the preceding vehicle, or veering into other vehicles, objects or persons on or near the street or highway.

(b) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residential district and which is following another motor truck or motor vehicle drawing another vehicle shall whenever conditions permit leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(c) The drivers of motor vehicles driven upon any roadway outside of a business or residential district in a caravan or motorcade whether or not towing other vehicles shall drive so as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicles to enter and occupy such space without danger. This provision shall not apply to funeral processions.

#### Driving on Divided Highways

Sec. 62. Whenever any highway has been divided into two (2) or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection as established by public authority.

#### Restricted Access

Sec. 63. No person shall drive a vehicle onto or from any limited access or controlled access roadway except at such entrances and exits as are established by public authority.

#### Restrictions on Use of Limited-Access or Controlled-Access Roadway

Sec. 64. The State Highway Commission may by resolution or order entered in its minutes, and local authorities may by ordinance, with respect to any limited-access or controlled-access roadway under their respective jurisdictions prohibit the use of any such roadway by parades, funeral processions, pedestrians, bicycles, nonmotorized traffic, or by any person operating a motor driven cycle.

The State Highway Commission or the local authority adopting any such prohibitory regulation shall erect and maintain official traffic-control devices on the limited-access or controlled-access highway on which such regulations are applicable and when in place no person shall disobey the restrictions stated on such devices.

### ARTICLE VII—TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING

#### Required Position and Method of Turning at Intersections

Sec. 65. The driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left turns. The driver of a vehicle intending to turn left at any intersection shall approach the

intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle, and, after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(c) The State Highway Commission and local authorities in their respective jurisdictions may cause official traffic-control devices to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when such devices are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such devices.

#### Turning on Curve or Crest of Grade Prohibited

Sec. 66. No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within five hundred (500) feet.

#### Starting Parked Vehicle

Sec. 67. No person shall start a vehicle which is stopped, standing, or parked unless and until such movement can be made with safety.

#### Turning Movements and Required Signals

Sec. 68. (a) No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required in Section 65, or turn a vehicle to enter a private road or driveway, or otherwise turn a vehicle from a direct course or move right or left upon a roadway unless and until such movement can be made with safety. Except under conditions set out in Section 24(a) no person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided.

(b) A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred (100) feet traveled by the vehicle before turning.

(c) No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.

(d) The signals provided for in Section 69 of this Act shall be used to indicate an intention to turn, change lanes, or start from a parked position and shall not be flashed on one side only on a parked or disabled vehicle, or flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear.

**Signals by Hand and Arm or Signal Lamps**

Sec. 69. (a) Any stop or turn signal when required herein shall be given either by means of the hand and arm or by signal lamps, except as otherwise provided in Subsection (b).

(b) Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, signal lamps when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds 24 inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds 14 feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles.

**Method of Giving Hand-and-Arm Signals**

Sec. 70. All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signals shall indicate as follows:

1. Left turn. Hand and arm extended horizontally.
2. Right turn. Hand and arm extended upward.
3. Stop or decrease speed. Hand and arm extended downward.

The signals herein required shall be given either by means of the hand-and-arm, or by a signal lamp or signal device approved by the department.

**ARTICLE VIII—RIGHT-OF-WAY****Vehicles Approaching or Entering Intersection**

Sec. 71. (a) The driver of a vehicle approaching the intersection of a different street or roadway shall stop, yield and grant the privilege of immediate use of such intersection in obedience to any stop sign, yield right-of-way sign or traffic control device erected by public authority, and after so stopping, may only proceed thereafter when such driver may safely enter the intersection without interference or collision with traffic using such different street or roadway.

(b) The driver of a vehicle on a single lane street or roadway, or a street or roadway consisting of only two traffic lanes, upon approaching the intersection, not otherwise controlled by traffic signs or signals, of a divided street or roadway, or of a street or roadway divided into three or more marked traffic lanes, shall stop, yield and grant the privilege of immediate use of such intersection to vehicles on such other street which are within the intersection or approaching such intersection in such proximity thereto as to constitute a hazard and after so stopping may only proceed thereafter when such driver may safely enter the intersection without interference or collision with traffic using such different street or roadway.

(c) The driver of a vehicle on an unpaved street or roadway approaching the intersection of a paved

roadway shall stop, yield and grant the privilege of immediate use of such intersection to any vehicle on such paved roadway which is within the intersection or approaching such intersection in such proximity thereto as to constitute a hazard, and after so stopping may only proceed thereafter when such driver may safely enter the intersection without interference or collision with traffic using such paved street or roadway.

(d) Except as provided in Subsection (d-1) of this section, the driver of a vehicle approaching the intersection of a different street or roadway, not otherwise regulated herein, or controlled by traffic control signs or signals, shall stop, yield and grant the privilege of immediate use of such intersection to any other vehicle which has entered the intersection from such driver's right or is approaching such intersection from such driver's right in such proximity thereto as to constitute a hazard and after so stopping may only proceed thereafter when such driver may safely enter such intersection without interference or collision with traffic using such different street or roadway.

(d-1) The driver of a vehicle approaching the intersection of a street or roadway from a street or roadway which terminates at the intersection, not otherwise regulated in this section or controlled by traffic control signs or signals, shall stop, yield, and grant the privilege of immediate use of the intersection to another vehicle which has entered the intersection from the other street or roadway or is approaching the intersection on the other street or roadway in such proximity as to constitute a hazard and after stopping may only proceed when the driver may safely enter the intersection without interference or collision with the traffic using the other street or roadway.

(e) A driver obligated to stop and yield the right-of-way in accord with Sections (a), (b), (c), (d), and (d-1) of Section 71, who is involved in a collision or interference with other traffic at such intersection is presumed not to have yielded the right-of-way as required by this Act.

**Vehicle Turning Left**

Sec. 72. The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

**Vehicle Entering Stop or Yield Intersection**

Sec. 73. (a) Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in Subsection (a) of Section 91 of this Act.

(b) Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop as required by Subsection (b)

of Section 91A and after having stopped shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on said highway as to constitute an immediate hazard during the time when such driver is moving across or within the intersection.

(c) The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection. Provided, however, that if such a driver is involved in a collision with a vehicle in the intersection, after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of his failure to yield right-of-way.

**Vehicle Entering or Leaving Controlled  
Access Highway**

Sec. 73A. The driver of a vehicle proceeding on an access or feeder road of a controlled access highway shall yield the right-of-way to a vehicle entering or about to enter the road from the highway or leaving or about to leave the road to enter the highway.

**Vehicle Entering Highway From Private Road  
or Driveway**

Sec. 74. The driver of a vehicle about to enter or cross a highway from an alley, building, private road or driveway shall yield the right-of-way to all vehicles approaching on the highway to be entered.

**Operation of Vehicles and Street Cars on Approach of  
Authorized Emergency Vehicles**

Sec. 75. (a) Upon the immediate approach of an authorized emergency vehicle making use of audible and visual signals meeting the requirements of Section 124 of this Act, or of a police vehicle properly and lawfully making use of an audible signal only:

1. The driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the roadway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

2. Upon the approach of an authorized emergency vehicle, as above stated, the motorman of every streetcar shall immediately stop such car clear of any intersection and keep it in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

(b) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.

**ARTICLE IX—PEDESTRIANS' RIGHTS  
AND DUTIES**

**Pedestrians Subject to Traffic Regulations**

Sec. 76. (a) Pedestrians shall be subject to traffic-control signals at intersections as provided in Section 33 of this Act, but at all other places pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in this Article.

(b) Local authorities are hereby empowered by ordinance to require that pedestrians shall strictly comply with the directions of any official traffic-control signal and may by ordinance prohibit pedestrians from crossing any roadway in a business district or any designated highways except in a crosswalk.

(c) At all other places, pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in this chapter.

(d) The driver of a vehicle emerging from or entering an alley, building, private road or driveway shall yield the right-of-way to any pedestrian approaching on any sidewalk extending across such alley, building entrance, road or driveway.

**Pedestrians' Right-of-Way in Crosswalks**

Sec. 77. (a) When traffic-control signals are not in place or not in operation the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling, or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger, but no pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield. This provision shall not apply under the conditions stated in Section 78(b).

(b) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

**Crossing at Other Than Crosswalks**

Sec. 78. (a) Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the highway.

(b) Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

(c) Between adjacent intersections at which traffic-control signals are in operation pedestrians shall not cross at any place except in a marked crosswalk.

(d) No pedestrian shall cross a roadway intersection diagonally unless authorized by official traffic-control devices; and, when authorized to cross diagonally, pedestrians shall cross only in accordance with the official traffic-control devices pertaining to such crossing movements.

#### Drivers to Exercise Due Care

Sec. 79. Notwithstanding other provisions of this Article every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian upon any roadway and shall give warning by sounding the horn when necessary and shall exercise proper precaution upon observing any child or any obviously confused or incapacitated person upon a roadway.

#### Pedestrians to Use the Right Half of Crosswalks

Sec. 80. Pedestrians shall move, whenever possible upon the right half of crosswalks.

#### Pedestrians on Roadways

Sec. 81. (a) Where sidewalks are provided it shall be unlawful for any pedestrian to walk along and upon an adjacent roadway.

(b) Where sidewalks are not provided any pedestrian walking along and upon a highway shall when possible walk only on the left side of the roadway or its shoulder facing traffic which may approach from the opposite direction.

(c) No person shall stand in a roadway for the purpose of soliciting a ride, contributions, employment or business from the occupant of any vehicle.

(d) No person shall stand on or in proximity to a street or highway for the purpose of soliciting the watching or guarding of any vehicle while parked or about to be parked on a street or highway.

### ARTICLE X—STREET CARS AND SAFETY ZONES

#### Passing Street Car on Left

Sec. 82. (a) The driver of a vehicle shall not overtake and pass upon the left nor drive upon the left side of any street car proceeding in the same direction, whether such street car is actually in motion or temporarily at rest, except:

1. When so directed by a police officer;
2. When upon a one-way street; or

3. When upon a street where the tracks are so located as to prevent compliance with this section.

(b) The driver of any vehicle when permitted to overtake and pass upon the left of a street car which has stopped for the purpose of receiving or discharging any passenger shall reduce speed and may proceed only upon exercising due caution for pedestrians, and shall accord pedestrians the right-of-way when required by other sections of this Act.

#### Passing Street Car on Right

Sec. 83. The driver of a vehicle overtaking upon the right any street car stopped or about to stop for the purpose of receiving or discharging any passenger shall stop such vehicle at least five (5) feet to the rear of the nearest running board or door of such street car and thereupon remain standing until all passengers have boarded such car or upon alighting have reached a place of safety, except that where a safety zone has been established a vehicle need not be brought to a stop before passing any such street car but may proceed past such car at a speed not greater than is reasonable and proper and with due caution for the safety of pedestrians.

#### Driving on Street-Car Tracks

Sec. 84. (a) The driver of any vehicle proceeding upon any street car track in front of a street car upon a street shall remove such vehicle from the track as soon as possible after signal from the operator of said street car.

(b) When a street car has started to cross an intersection, no driver of a vehicle shall drive upon or cross the car tracks within the intersection in front of the street car.

(c) The driver of a vehicle upon overtaking and passing a street car shall not turn in front of such street car so as to interfere with or impede its movement.

#### Driving Through Safety Zone Prohibited

Sec. 85. No driver of a vehicle shall at any time drive through or within a safety zone.

### ARTICLE XI—SPECIAL STOPS AND RESTRICTED SPEEDS REQUIRED

#### Saved from Repeal

*The first sentence of section 2 of Acts 1963, 58th Leg., p. 455, ch. 161, which added sections 166 to 172 to this article, provided: "Nothing in this Act shall be construed to repeal or in any way modify, alter or amend Sections 86, 87, 88, 89 and 90 of the Uniform Act Regulating Traffic on Highways, codified as Article 6701d, Vernon's Texas Civil Statutes and being Acts of the Fiftieth Legislature, Regular Session, 1947, Chapter 421, page 927."*

#### Obedience to Signal Indicating Approach of Train

Sec. 86. Whenever any person driving a vehicle approaches a railroad grade crossing, the driver of such vehicle shall stop within fifty (50) feet but not less than fifteen (15) feet from the nearest rail of such railroad and shall not proceed until he can do so safely when:

(a) A clearly visible electric or mechanical signal device gives warning of the immediate approach of a train;

(b) A crossing gate is lowered, or when a human flagman gives or continues to give a signal of the approach or passage of a train;

(c) A railroad engine approaching within approximately fifteen hundred (1500) feet of the highway crossing emits a signal audible from such distance and such engine by reason of its speed or nearness to such crossing is an immediate hazard;

(d) An approaching train is plainly visible and is in hazardous proximity to such crossing.

**All Vehicles Must Stop at Certain Railroad  
Grade Crossings**

Sec. 87. The State Highway Commission and local authorities with respect to highways under their respective jurisdictions are hereby authorized to designate particularly dangerous highway grade crossings of railroads and to erect stop signs or other standard traffic-control devices thereat. When such stop signs or other standard traffic-control devices are erected, the driver of any vehicle shall stop within fifty (50) feet but not less than fifteen (15) feet from the nearest rail of such railroad and shall proceed only upon exercising due care, and in the exercise of their authority to determine safety hazards existing at grade crossings of streets, roads, highways and other public rights-of-way with railroad track or tracks by the State and all political subdivisions thereof the costs for installation and maintenance of mechanically operated grade crossing safety devices, gates, signs and signals shall be apportioned and paid on the same percentage ratio and in the same proportionate amounts by the State and all political subdivisions thereof as is the presently established policy and practice of the State of Texas and the Federal Government.

**Certain Vehicles Must Stop at All Railroad  
Grade Crossings**

Sec. 88. (a) The driver of any motor bus carrying passengers for hire, or of any school bus carrying any school child, before crossing at grade any track or tracks of a railroad, shall stop such vehicle within fifty (50) feet but not less than fifteen (15) feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he can do so safely. After stopping as required herein and upon proceeding when it is safe to do so the driver of any said vehicle shall cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such and the driver shall not shift gears while crossing the track or tracks.

(b) No stop need be made at any such crossing where a police officer or a traffic-control signal directs traffic to proceed.

(c) This section shall not apply at street-railway grade crossings within a business or residence district.

**Vehicles Carrying Explosive Substances or Flammable  
Liquids; Reducing Speeds or Stopping at  
Railroad Grade Crossings**

Sec. 89. (a) The driver of any vehicle carrying explosive substances or flammable liquids as its principal cargo before crossing at grade any track or tracks of a railroad, shall if travelling in excess of twenty (20) miles per hour, reduce the speed of such vehicle to twenty (20) miles per hour before approaching within two hundred (200) feet from the nearest rail of such railroad and shall listen and look in both directions along such track for any approaching train, and for signals indicating the approach of the train, except as hereinafter provided, and shall not proceed until precautions have been taken to ascertain that the course is clear.

(b) The driver of any vehicle carrying explosive substances or flammable liquids as its principal cargo before crossing at grade any track or tracks of a railroad on streets and highways within the limits of any corporate town or city shall stop the vehicle not more than fifty (50) feet nor less than fifteen (15) feet from the nearest rail of the railroad and while stopped shall listen and look in both directions along the track for an approaching train and for signals indicating the approach of a train, and shall not proceed until precautions have been taken to ascertain that the course is clear.

(c) The requirements contained in Section 89, Paragraphs (a) and (b) above shall not apply when any of the following circumstances or conditions exist:

(1) When a police officer or a crossing flagman, or a traffic control signal directs traffic to proceed.

(2) Where a railroad flashing signal is installed and displays no indication of an approaching train.

(3) An abandoned or exempted grade crossing which is clearly marked as such by or with the consent of the proper state authority, when such markings can be read from the driver's position.

(4) At a streetcar crossing within a business or residential district of a municipality.

(5) Railroad tracks used exclusively for industrial switching purposes within a business district.

(d) Nothing in this section shall be deemed to exempt the driver of any vehicle from compliance with the requirements contained in sections 86 and 87 of this Act.

**Moving Heavy Equipment at Railroad Grade Crossings**

Sec. 90. (a) No person shall operate or move any crawler-type tractor, steam shovel, derrick, roller, or any equipment or structure having a normal operating speed of ten (10) or less miles per hour or a vertical body or load clearance of less than one-half inch per foot of the distance between

any two (2) adjacent axles or in any event of less than nine (9) inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

(b) Notice of any such intended crossing shall be given to a station agent of such railroad and a reasonable time be given to such railroad to provide proper protection at such crossing.

(c) Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than fifteen (15) feet nor more than fifty (50) feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

(d) No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagman or otherwise of the immediate approach of a railroad train or car. If a flagman is provided by the railroad, movement over the crossing shall be under his direction.

#### Authority to Designate Through Highways and "Stop" and "Yield" Intersections

Sec. 91. (a) The State Highway Commission with reference to State (and county) highways and local authorities with reference to other highways under their jurisdiction may designate through highways and erect stop or yield signs at specified entrances thereto or may designate any intersection as a stop intersection or as a yield intersection and erect like signs at one or more entrances to such intersection.

(b) Every said sign shall conform to the manual and specifications for uniform traffic-control devices as adopted by the State Highway Commission. Every stop or yield sign shall be located as near as practicable at the nearest line of the crosswalk thereat, or, if none, at the nearest line of the roadway.

#### Stop Signs and Yield Signs

Sec. 91A. (a) Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in Section 91 of this Act.

(b) Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle and every motorman of a streetcar approaching a stop intersection indicated by a stop sign shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection.

(c) The driver of a vehicle approaching a yield sign if required for safety to stop shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway.

#### Emerging From Alley, Driveway or Building

Sec. 92. The driver of a vehicle within a business or residence district emerging from an alley, driveway or building shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alley way or driveway, and shall yield the right-of-way to any pedestrian as may be necessary to avoid collision, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on said roadway.

#### ARTICLE XII—STOPPING, STANDING, AND PARKING

##### Stopping, Standing, or Parking Outside of Business or Residence Districts

Sec. 93. (a) A person may not stop, park, or leave standing any vehicle, whether attended or unattended, upon the main-traveled part of a highway outside of a business or residence district unless:

(1) it is not practicable to stop, park, or so leave such vehicle off such part of said highway;

(2) an unobstructed width of the highway opposite a standing vehicle is left for the free passage of other vehicle; and

(3) a clear view of such stopped vehicle is available from a distance of two hundred (200) feet in each direction upon such highway.

(b) This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position.

##### Officers Authorized to Remove Illegally Stopped Vehicles

Sec. 94. (a) Whenever any police officer finds a vehicle standing upon a highway in violation of any of the foregoing provisions of this article such officer is hereby authorized to move such vehicle, or require the driver or other person in charge of the vehicle to move the same, to a position off the paved or main-traveled part of such highway.

(b) Whenever any police officer finds a vehicle unattended upon any bridge or causeway or in any tunnel where such vehicle constitutes an obstruction to traffic, such officer is hereby authorized to provide for the removal of such vehicle to the nearest garage or other place of safety.

(c) Any commissioned member of the Department of Public Safety is hereby authorized to remove a vehicle from a highway to the nearest garage or other place of safety, or to a garage designated or maintained by the governmental agency of which the officer is a member, under the circumstances hereinafter enumerated:

1. When any vehicle is left unattended upon any bridge, viaduct or causeway, or in any tube or tunnel where such vehicle constitutes an obstruction to traffic;

2. When any vehicle is illegally parked so as to block the entrance to any private driveway and it is impracticable to move such vehicle from in front of the driveway to another point on the highway;

3. When any vehicle is found upon a highway and report has previously been made that such vehicle has been stolen or complaint has been filed and a warrant thereon issued charging that such vehicle has been embezzled;

4. When any such officer has reasonable grounds to believe that any vehicle has been abandoned;

5. When a vehicle upon a highway is so disabled that its normal operation is impossible or impractical and the person or persons in charge of the vehicle are incapacitated by reason of physical injury or other reason to such an extent as to be unable to provide for its removal or custody, or are not in the immediate vicinity of the disabled vehicle;

6. When an officer arrests any person driving or in control of a vehicle for an alleged offense and such officer is by this code or other law required to take the person arrested immediately before a magistrate.

(d) Any commissioned member of the Department of Public Safety is hereby authorized to remove any vehicle parked or standing in or on any portion of a highway when, in the opinion of the said member of the Department of Public Safety, the said vehicle constitutes a hazard, or interferes with a normal function of a governmental agency, or by reason of any catastrophe, emergency or unusual circumstance the safety of said vehicle is imperiled.

#### Stopping, Standing or Parking Prohibited in Specified Places

Sec. 95. (a) Except as provided by Subsection (c) of this section and except when necessary to avoid conflict with other traffic, or in compliance with law or the directions of a police officer or official traffic-control device, no person shall:

1. Stop, stand or park a vehicle:
  - a. On the roadway side of any vehicle stopped or parked at the edge or curb of a street;
  - b. On a sidewalk;
  - c. Within an intersection;
  - d. On a crosswalk;

e. Between a safety zone and the adjacent curb or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone, unless the governing body of any incorporated city, town or village indicates a different length by signs or markings;

f. Alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;

g. Upon any bridge or other elevated structure upon a highway or within a highway tunnel;

h. On any railroad track;

i. At any place where official signs prohibit stopping.

2. Stand or park a vehicle, whether occupied or not, except momentarily to pick up or discharge a passenger or passengers:

a. In front of a public or private driveway;

b. Within fifteen (15) feet of a fire hydrant;

c. Within twenty (20) feet of a crosswalk at an intersection;

d. Within thirty (30) feet upon the approach to any flashing signal, stop sign, yield sign or traffic-control signal located at the side of a roadway;

e. Within twenty (20) feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within seventy-five (75) feet of said entrance (when properly sign-posted);

f. At any place where official signs prohibit standing.

3. Park a vehicle, whether occupied or not, except temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers:

a. Within fifty (50) feet of the nearest rail of a railroad crossing;

b. At any place where official signs prohibit parking.

(b) No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such a distance as is unlawful.

(c) A person may stop, stand, or park a bicycle on a sidewalk if the bicycle does not impede the normal and reasonable movement of pedestrian or other traffic on the sidewalk.

#### Additional Parking Regulations

Sec. 96. (a) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within eighteen (18) inches of the right-hand curb or edge of the roadway.

(b) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-

way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within eighteen (18) inches of the right-hand curb or edge of the roadway, or its left-hand wheels within eighteen (18) inches of the left-hand curb or edge of the roadway.

(c) Local authorities may by ordinance permit angle parking on any roadway, except that angle parking shall not be permitted on any Federal-aid or State highway unless the State Highway Engineer has determined that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(d) The State Highway Department with respect to highways under its jurisdiction may place signs prohibiting or restricting the stopping, standing or parking of vehicles on any highway where in the opinion of the State Highway Engineer, such stopping, standing or parking is dangerous to those using the highway or where the stopping, standing or parking of vehicles would unduly interfere with the free movement of traffic thereon. Such signs shall be official signs and no person shall stop, stand or park any vehicle in violation of the restrictions stated on such signs.

#### ARTICLE XIII—MISCELLANEOUS RULES

##### Unattended Motor Vehicle

Sec. 97. No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key from the ignition and effectively setting the brake thereon and, when standing upon any grade, turning the front wheels to the curb or side of the highway.

##### Driving on Mountain Highways

Sec. 98. The driver of a motor vehicle traveling through defiles or canyons or on mountain highways shall hold such motor vehicle under control and as near the right-hand edge of the highway as possible and upon approaching any curve where the view is obstructed within a distance of two hundred (200) feet along the highway, shall give audible warning with the horn of such motor vehicle.

##### Coasting Prohibited

Sec. 99. (a) The driver of any motor vehicle when traveling upon a downgrade shall not coast with the gears or transmission of such vehicle in neutral.

(b) The driver of a truck, truck tractor or bus when traveling upon a downgrade shall not coast with the clutch disengaged.

##### Following Fire Apparatus or Ambulance

Sec. 100. (a) The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred (500) feet or drive into or

park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm.

(b) No driver of a vehicle, except a driver on official business, may follow closer than five hundred (500) feet behind an ambulance when the flashing red lights of the ambulance are operating. No driver of a vehicle may drive or park his vehicle at a place where an ambulance has been summoned for an emergency call in a manner calculated to interfere with the arrival or departure of the ambulance.

##### Crossing Fire Hose

Sec. 101. No driver of a street car or vehicle shall drive over an unprotected hose of a fire department when laid down on any street, private driveway, or street car track, to be used at any fire or alarm of fire, without the consent of the fire department official in command.

Sec. 102. Repealed by Acts 1981, 67th Leg., p. 2725, ch. 741, § 2(1), eff. Jan. 1, 1982

##### Removing Materials From Highway

Sec. 103. (a) Any person who drops, or permits to be dropped or thrown, upon any highway any destructive or injurious material shall immediately remove the same or cause it to be removed.

(b) Any person removing a wrecked or damaged vehicle from a highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle.

##### Overtaking and Passing School Bus

Sec. 104. (a) The driver of a vehicle upon a highway inside or outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation on said school bus a visual signal as specified in Section 124 of this Act, and said driver shall not proceed until such school bus resumes motion or is signaled by the school bus driver to proceed or the visual signals are no longer actuated.

(b) The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway.

##### Regulations Relative to School Buses

Sec. 105. (a) The Texas Education Agency and the State Board of Control, by and with the advice of the Director of the Department of Public Safety, shall have joint and complete responsibility to adopt and enforce regulations governing the design, color, lighting and other equipment, construction, and operation of all school buses for the transportation of school children when owned and operated by any

school district or privately owned and operated under contract with any school district in this State and such regulations shall by reference be made a part of any such contract with a school district. The State Board of Control shall coordinate and correlate all specification data, finalize and issue the specifications so adopted as provided for by Section 10, Chapter 304, Acts of the Fifty-fifth Legislature, 1957 (codified as Article 664-3, Vernon's Texas Civil Statutes). In the promulgation of such regulations, emphasis shall be placed on safety features and long-range, maintenance-free factors; provided, however, all school buses shall be purchased on competitive bids as provided by Article 634(B), Vernon's Texas Civil Statutes. Every school district, its officers and employees, and every person employed under contract by a school district shall be subject to said regulations. The State Board of Control shall purchase equipment to conform to these standards (as prescribed by the above-mentioned body).

(b) It shall be unlawful to operate any flashing warning signal light on any school bus except when any said school bus is being stopped or is stopped on a highway for the purpose of permitting school children to board or alight from said school bus.

(c) Every school bus shall be equipped with convex mirrors or other devices which enable the driver to have a clear view of the area immediately in front of the vehicle that would otherwise be hidden from his view.

(d) A person may not operate a motor vehicle bearing the words "school bus" unless the vehicle is used primarily to transport persons to or from school or in connection with school activities. In this subsection, "school" means a privately or publicly supported elementary or secondary school, day care center, preschool, or institution of higher education, and includes a church when the church is engaged in providing formal education.

#### Limitations as to Trailers

Sec. 106. (a) No driver of a motor vehicle shall drive upon any highway outside of the limits of an incorporated city or town drawing or having attached thereto more than one (1) vehicle except as herein provided; such vehicle may be a trailer, semi-trailer, pole trailer, or another vehicle; provided, however, that there may be attached to motor vehicles used exclusively in the actual harvesting of perishable fresh fruits and vegetables not to exceed two (2) trailers, under the following conditions:

1. The origin of fruits and vegetables must be an orchard or a field where the same are grown and the destination must be a packing or processing plant or shed not more than fifty (50) miles distant from such field or orchard.

2. The combination of vehicles must be operated only during the period from sunrise to sunset, and at a rate of speed not to exceed twenty-five (25) miles per hour.

3. The fruits and vegetables transported in such trailers must be in bulk or field crates.

4. The width, height, and gross weight of each trailer and/or combination of trailers shall conform to the requirements set forth in Article 827a, Revised Penal Code of the State of Texas,<sup>1</sup> and all other laws of this State governing same.

5. No one harvesting trailer shall exceed seventeen (17) feet, nine (9) inches in length, nor shall any combination of two (2) trailers and motor vehicle as provided herein, exceed fifty-five (55) feet overall length.

6. No laborers or "harvesting hands" shall be carried in or on the trailers while so used.

(b) When one vehicle is towing another the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby and said drawbar or other connection shall not exceed fifteen (15) feet from one vehicle to the other except the connection between any two vehicles transporting poles, pipe, machinery, or other objects of structural nature which cannot readily be dismembered.

(c) When one vehicle is towing another and the connection consists of a chain, rope, or cable, there shall be displayed upon such connection a white flag or cloth not less than twelve (12) inches square.

(d) It is hereby specifically provided that no motor vehicle shall draw more than three (3) motor vehicles attached thereto by the triple saddle mount method, that is by mounting the front wheels of the trailing vehicles on the bed of another leaving the rear wheels only of such trailing vehicles in contact with the roadway, nor shall such combinations of motor vehicles exceed the width, length, height, or gross weight limitations fixed by Texas statutes.

<sup>1</sup> Transferred; see, now, art. 6701d-11.

#### Repeal in Part

*Acts 1965, 59th Leg., p. 298, ch. 130, §§ 1, 2 repealed § 106(a) of this article to the extent, and only to the extent of its conflict with Acts 1965, 59th Leg., p. 123, ch. 50 (S.B. No. 3), which, inter alia, amended art. 6701d-11, § 3(c), relating to lengths of motor vehicles, truck-tractors, trailers and combinations thereof, and repealed all other laws and parts of laws in conflict with Chapter 50 (S.B. No. 3) to the extent of such conflict.*

#### Fire Extinguishers

Sec. 107. Every school bus and every motor vehicle engaged in the transportation of passengers for hire or lease shall be equipped with at least one quart of chemical type fire extinguisher in good condition and conveniently located for immediate use.

## Use of Rest Areas

Sec. 107A. (a) Except as provided by Subsection (c) of this section, a person commits an offense if he remains at a rest area for more than 24 hours or erects a tent, shelter, booth, or structure of any kind at a rest area, and he:

(1) has notice while conducting the activity that the activity is prohibited; or

(2) receives notice that the activity is prohibited but fails to depart or remove the structure within eight hours after receiving notice.

(b) For purposes of this section, a person:

(1) has notice if a sign stating the prohibited activity and penalty is posted on the premises; or

(2) receives notice if a peace officer orally communicates to him the prohibited activity and penalty for the offense.

(c) A nonprofit organization may erect a temporary structure at a rest area to provide services, food, or beverages to travelers, provided that the State Department of Highways and Public Transportation has found that such services would constitute a public service for the benefit of the traveling public and has issued a permit to such organization.

(d) In this section "rest area" means any area of public land designated by the State Department of Highways and Public Transportation as a rest area, comfort station, picnic area, roadside park, or scenic overlook.

## ARTICLE XIV—EQUIPMENT

## Prohibitions and Rules

Sec. 108. (a) In this Article, "vehicle equipment" means a system, part, or device that is manufactured or sold as original equipment, as replacement equipment, or as an accessory for a vehicle or a device or article of apparel manufactured or sold to protect a driver or passenger of a vehicle.

(a-1) It is a misdemeanor for any person to drive or move or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle or combination of vehicles that:

(1) is in an unsafe condition so as to endanger any person;

(2) is not equipped at all times with equipment required by and meeting standards established in this Article; or

(3) is equipped in any manner in violation of this Article.

(a-2) It is a misdemeanor for a person to operate on a public highway a vehicle that is equipped with an item of vehicle equipment that the person knows has been determined under Section 108E of this Article not to comply with a standard established by the Department.

(a-3) It is a misdemeanor for any person to do any act forbidden or fail to perform any act required under this Article.

(b) Nothing contained in this Article or rules of the Department shall be construed to prohibit the use of equipment required by any federal agency or the use on any vehicle of additional parts and accessories not inconsistent with the provisions of this Article or rules of the Department.

(c) The provisions of this Article and rules of the Department adopted under this Article with respect to equipment on vehicles shall not apply to implements of husbandry, road machinery, road rollers or farm tractors, except as herein made applicable.

(c-1) The provisions of this article do not apply to bicycles, bicyclists, or bicycle equipment unless a provision is specifically made applicable to bicycles, bicyclists, or bicycle equipment.

(d) The Department may adopt any rules necessary to administer this Article.

## Standards for Equipment

Sec. 108A. (a) The Department may establish standards that are not inconsistent with standards established by this Article for vehicle equipment for the purposes of protecting the public from unreasonable risk of death or injury and providing such enforcement of federal safety standards by the Department which is permissible under provisions of the federal motor vehicle act.

(b) A person may not sell, offer to sell, or distribute for sale any item of vehicle equipment for which a standard is in effect as provided by this Article or by rule of the Department adopted under this Article, unless the item complies with the applicable standard.

(c) If a standard has been established by a federal agency and is in effect for an item of vehicle equipment, a standard established by the Department that applies to the same aspect of performance of that item must be identical to the federal standard.

(d) If a federal standard for an aspect of performance of an item of vehicle equipment is not in effect, a standard established by the Department for that aspect of performance of the item must conform to the greatest extent possible to any other relevant federal standards, similar standards established by other states, and standards issued or endorsed by recognized national standard-setting organizations and agencies.

(e) Each sale or distribution for sale of or offer to sell an item of vehicle equipment in violation of Subsection (b) of this section is a separate offense; provided that it is an affirmative defense to prosecution under this Section that the person did not have reason to know, in the exercise of due care that the item of equipment was not in compliance with the applicable standard.

Sec. 108B. Repealed by Acts 1971, 62nd Leg., p. 743, ch. 83, § 53, eff. Aug. 30, 1971.

#### Identification of Manufacturer

Sec. 108C. A person may not sell, offer to sell, or distribute for sale in this State an item of vehicle equipment for which a standard has been established by this Article or the Department and is in effect unless the item or its package bears the manufacturer's trademark or brand name or unless it complies with applicable identification requirements of a federal agency and the Department.

#### Testing

Sec. 108D. (a) Concurrent with the first sale within this State of an item of vehicle equipment or thereafter, the Department shall determine whether the item is one for which a standard has been established under Section 108A of this Act, and if so, whether the item complies with the standard.

(b) The Department by rule may require the manufacturer of an item of vehicle equipment to submit, concurrent with the first sale of the item in this State or thereafter, adequate test data showing that the item complies with any applicable standards established by the Department. The Department may periodically require a manufacturer to submit revised test data demonstrating continuing compliance.

(c) The Department shall establish standards for and approve testing laboratories and facilities to review reports submitted under Subsection (b) of this section and to test an item independently for compliance under Section 108E of this Act.

(d) The Department may purchase an item of vehicle equipment at retail for purposes of testing and review under Subsection (c) of this section.

(e) In performing its duties under this section, the Department may enter into cooperative arrangements with other states and interstate agencies to minimize duplication of testing and to facilitate compliance by manufacturers and sellers with any requirements under Subsection (b) of this section.

(f) The Department by rule may require its approval before the sale of an item of vehicle equipment for which a standard established by a federal agency or the Department is not in effect.

(g) The Department may not require certification or approval of motor vehicle equipment subject to federal motor vehicle safety standards and may not impose product certification or approval fees, including fees for laboratory approvals.

(h) The Department may undertake independent testing of vehicles and equipment subject to federal motor vehicle safety standards and may require manufacturers to submit adequate test data concurrently with first sale or thereafter, showing compliance with federal standards. The Department may review a manufacturer's laboratory testing data as well as the qualifications of the laboratory selected

by the manufacturer. However, the Department may not require manufacturers to use outside laboratories or specified laboratories.

#### Proceedings on Compliance

Sec. 108E. (a) If the Department has reason to believe that an item of vehicle equipment is being sold, offered for sale, or distributed for sale in this State in violation of a standard established by the Department and applicable at the time of the sale or offer, the Department may initiate proceedings to determine whether or not the item complies with the standard.

(b) The Department shall deliver to the manufacturer of the item by certified mail, return receipt requested, written notice of the proceedings. The notice must:

(1) include a citation to the standard that the item allegedly violates; and

(2) state that if the manufacturer desires a hearing on the issue of compliance, he must file with the Department a written request for the hearing not later than the 30th day after the date the notice is received.

(c) At the same time that notice under Subsection (b) of this section is delivered, the Department shall require a manufacturer to submit to the Department not later than the 30th day after the date the notice is received a list of the names and addresses of persons that the manufacturer knows to be offering the item for sale to retail merchants. On receipt of a list submitted under this subsection, the Department shall deliver by certified mail, return receipt requested, to each person whose name appears on the list written notice of the proceedings. The notice must include a citation to the standard that the item allegedly violates and state that:

(1) the manufacturer of the item has been notified and may before a stated date request a hearing on the issue of compliance;

(2) if the manufacturer or another person requests a hearing, the person may appear at the hearing;

(3) if the manufacturer does not request a hearing, the person may request a hearing by filing a written request with the Department not later than the 30th day after the date the notice is received; and

(4) the person may contact the Department to determine whether a hearing is to be held and if so, the time and place of the hearing.

(d) If a manufacturer or other person notified under Subsection (b) or (c) of this section requests a hearing as provided by those subsections, the Department shall conduct a hearing on the issue of compliance. If a hearing is not requested within the period required by Subsection (b) or (c) of this section, the Department is not required to conduct a hearing.

(e) In a determination of whether an item of vehicle equipment complies with a standard established by the Department, the only issues that may be decided are:

(1) whether an item of vehicle equipment has been sold, offered for sale, or distributed for sale in this State in violation of a standard for the item established by the Department;

(2) whether the manufacturer failed to make a submission required by Subsection (b) of Section 108D of this Act; and

(3) whether an item of vehicle equipment has been sold, offered for sale, or distributed for sale in this State in violation of Section 108C of this Act.

(f) If the Department finds in the affirmative one of the issues in Subsection (e) of this section, the Department shall enter an order prohibiting the manufacture, sale, offer for sale, and distribution for sale of the item in this State. After entering an order under this subsection, the Department shall deliver written notice of the order by certified mail, return receipt requested, to each person whom the Department notified regarding the proceedings on compliance.

(g) A person who is aggrieved by an order entered under Subsection (f) of this section after a hearing and who appeared at the hearing may appeal the order to a district court in Travis County. Review of the order shall be under the substantial evidence rule.

#### Injunction

Sec. 108F. The Department may bring an action in a district court of Travis County to enjoin the manufacture, sale, offer for sale, and distribution for sale in this State of an item of vehicle equipment that is the subject of an order entered under Subsection (f) of Section 108E of this Act. The attorney general shall represent the Department in a suit under this section.

#### When Lighted Lamps are Required—Visibility—Height

Sec. 109. (a) Every vehicle upon a highway within this State at any time from a half hour after sunset to a half hour before sunrise and at any other time when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of one thousand (1,000) feet ahead shall display lighted lamps and illuminating devices as hereinafter respectively required for different classes of vehicles, subject to exceptions with respect to parked vehicles, and further that stop lights, turn signals and other signaling devices shall be lighted as prescribed for the use of such devices.

(b) Whenever requirement is hereinafter declared as to distance from which certain lamps and devices shall render objects visible or within which such lamps or devices shall be visible, said provisions shall apply during the times stated in Subsection (a)

of this section in respect to a vehicle without load when upon a straight level, unlighted highway under normal atmospheric conditions unless a different time or condition is expressly stated.

(c) Whenever requirement is hereinafter declared as to the mounted height of lamps or devices, it shall mean from the center of such lamp or device to the level ground upon which the vehicle stands when such vehicle is without a load.

#### Head Lamps on Motor Vehicles

Sec. 110. (a) Every motor vehicle shall be equipped with at least two (2) head lamps with at least one (1) on each side of the front of the motor vehicle, which head lamps shall comply with the requirements and limitations set forth in this Article.

(b) Every head lamp upon every motor vehicle shall be located at a height of not more than fifty-four (54) inches nor less than twenty-four (24) inches to be measured as set forth in Subsection (c) of Section 109.

#### Exemptions From Lighting Equipment Requirements

Sec. 110A. (a) The requirements of this Act requiring the installation of fixed electric lights on vehicles do not apply to farm trailers and fertilizer trailers registered as such under Section 2, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-2, Vernon's Texas Civil Statutes), if they are operated on the highways only during daytime, and not at times when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of one thousand (1,000) feet ahead.

(b) Except for Section 118 of this Act, the provisions of this Act requiring the installation of fixed electric lights on vehicles do not apply to boat trailers with a gross weight of less than four thousand, five hundred (4,500) pounds, if they are operated on the highways only during daytime, and not at times when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of one thousand (1,000) feet ahead. Boat trailers with a gross weight of not more than three thousand (3,000) pounds are exempt from all provisions of this Act requiring the installation of electric lights on vehicles, including the provisions of Section 118, if they are operated on the highways only during daytime, and not at times when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of one thousand (1,000) feet ahead.

(c) Except for Section 118 of this Act, the provisions of this Act relating to lamps, reflectors, and lighting equipment do not apply to a mobile home if it is moved over the highways only during daytime and not at times when, due to insufficient light or

unfavorable atmospheric conditions, persons and vehicles are not clearly discernible at a distance of one thousand (1,000) feet ahead, and if the mobile home is being moved pursuant to a special permit issued by the State Highway Department under Chapter 41, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6701a, Vernon's Texas Civil Statutes). In no event may a mobile home lighted as provided in this section move on the highways other than at daytime.

#### Tail Lamps

Sec. 111. (a) After January 1, 1972, every motor vehicle, trailer, semitrailer and pole trailer, and any other vehicle which is being drawn at the end of a combination of vehicles, shall be equipped with at least two (2) tail lamps mounted on the rear which, when lighted as required in Section 109, shall emit a red light plainly visible from a distance of one thousand (1,000) feet to the rear, except that passenger cars and trucks manufactured or assembled prior to model year 1960 shall have at least one (1) tail lamp. On a combination of vehicles, only the tail lamps on the rearmost vehicle need actually be seen from the distance specified. On vehicles equipped with more than one (1) tail lamp, the lamps shall be mounted on the same level and as widely spaced laterally as practicable.

(b) Every tail lamp upon every vehicle shall be located at a height of not more than seventy-two (72) inches nor less than fifteen (15) inches.

(c) Either a tail lamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration plate and render it clearly legible from a distance of fifty (50) feet to the rear. Any tail lamp or tail lamps, together with any separate lamp or lamps for illuminating the rear registration plate, shall be so wired as to be lighted whenever the head lamps or auxiliary driving lamps are lighted.

#### Reflectors

Sec. 112. (a) Every motor vehicle, trailer, semitrailer and pole trailer shall carry on the rear, either as a part of the tail lamps or separately, two (2) or more red reflectors meeting the requirements of this section; provided, however, that vehicles of the types mentioned in Section 114 shall be equipped with reflectors meeting the requirements of Sections 116 and 117.

(b) Every such reflector shall be mounted on the vehicle at a height not less than fifteen (15) inches nor more than sixty (60) inches measured as set forth in Subsection (c) of Section 109, and shall be of such size and characteristics and so mounted as to be visible at night from all distances within six hundred (600) feet to one hundred (100) feet from such vehicle when directly in front of lawful lower beams of head lamps, except that reflectors on vehicles manufactured or assembled prior to January 1, 1972, shall be visible at night from all dis-

tances within three hundred and fifty (350) feet to one hundred (100) feet when directly in front of lawful upper beams of the head lamps.

#### Application of Succeeding Sections

Sec. 113. Those sections of this Chapter which follow immediately, including Sections 114, 115, 116, 117 and 119, relating to clearance lamps, marker lamps and reflectors, shall apply as stated in said sections to vehicles of the type therein enumerated; namely, buses, trucks, truck tractors, and trailers, semitrailers and pole trailers, respectively, when operated upon any highway, and said vehicles shall be equipped as required and all lamp equipment required shall be lighted at the times mentioned in Section 109.

#### Additional Lighting Equipment Required on Certain Vehicles

Sec. 114. In addition to other equipment required in Sections 110, 111, 112, and 118 of this Act, the following vehicles shall be equipped as herein stated under the conditions stated in Section 113, and in addition, the reflectors elsewhere enumerated for such vehicles shall conform to the requirements of Section 117.

(a) Buses and trucks eighty (80) inches or more in overall width:

1. On the front, two (2) clearance lamps, one (1) at each side.
2. On the rear, two (2) clearance lamps, one (1) at each side.
3. On each side, two (2) side marker lamps, one (1) at or near the front and one (1) at or near the rear.
4. On each side, two (2) reflectors, one (1) at or near the front and one (1) at or near the rear.

(b) Trailers and semitrailers eighty (80) inches or more in overall width:

1. On the front, two (2) clearance lamps, one (1) at each side.
2. On the rear, two (2) clearance lamps, one (1) at each side.
3. On each side, two (2) side marker lamps, one (1) at or near the front and one (1) at or near the rear.
4. On each side, two (2) reflectors, one (1) at or near the front and one (1) at or near the rear.

(c) Truck tractors:

On the front, two (2) cab clearance lamps, one (1) at each side.

(d) Trailers and semitrailers thirty (30) feet or more in overall length:

On each side, one (1) amber side marker lamp and one (1) amber reflector, centrally located with respect to the length of the vehicle.

(e) Pole trailers:

1. On each side, one (1) amber side marker lamp at or near the front of the load.

2. One (1) amber reflector at or near the front of the load.

3. On the rearmost support for the load, one (1) combination marker lamp showing amber to the front and red to the rear and side, mounted to indicate maximum width of the pole trailer.

**Color of Clearance Lamps, Identification Lamps, Side Marker Lamps, Back-up Lamps and Reflectors**

Sec. 115. (a) Front clearance lamps, identification lamps and those marker lamps and reflectors mounted on the front or on the side near the front of a vehicle shall display or reflect an amber color.

(b) Rear clearance lamps, identification lamps and those marker lamps and reflectors mounted on the rear or on the sides near the rear of a vehicle shall display or reflect a red color.

(c) All lighting devices and reflectors mounted on the rear of any vehicle shall display or reflect a red color, except the stop light or other signal device, which may be red, amber or yellow, and except that the light illuminating the license plate shall be white and the light emitted by a back-up lamp shall be white or amber.

**Mounting of Reflectors, Clearance Lamps, Identification Lamps, and Side Marker Lamps**

Sec. 116. (a) Reflectors shall be mounted at a height of not less than twenty-four (24) inches and not higher than sixty (60) inches above the ground on which the vehicle stands, except that if the highest part of the permanent structure of the vehicle is less than twenty-four (24) inches the reflector at such point shall be mounted as high as that part of the permanent structure will permit.

The rear reflectors on a pole trailer may be mounted on each side of the bolster or load.

Any required red reflector on the rear of a vehicle may be incorporated with the tail lamp, but such reflector shall meet all the other reflector requirements of this Act.

(b) Clearance lamps shall, so far as is practicable, be mounted on the permanent structure of the vehicle in such a manner as to indicate the extreme height and width of the vehicle. Provided, that when rear identification lamps are required and are mounted as high as it is practicable, rear clearance lamps may be mounted at optional height and when the mounting of front clearance lamps results in such lamps failing to indicate the extreme width of the trailer, such lamps may be mounted at optional height but must indicate, as near as practicable, the extreme width of the trailer. Clearance lamps on truck tractors shall be located so as to indicate the extreme width of the truck tractor cab. Clearance lamps and side marker lamps may be mounted in combination provided illumination is given as required herein with reference to both.

**Visibility Requirements for Reflectors, Clearance Lamps, Identification Lamps and Marker Lamps**

Sec. 117. (a) Every reflector upon any vehicle referred to in Section 114 shall be of such size and characteristics and so maintained as to be readily visible at nighttime from all distances within six hundred (600) feet to one hundred (100) feet from the vehicle when directly in front of lawful lower beams of the head lamps, except that the visibility for reflectors on vehicles manufactured or assembled prior to January 1, 1972, shall be measured in front of lawful upper beams of head lamps. Reflectors required to be mounted on the sides of the vehicle shall reflect the required color of light to the sides, and those mounted on the rear shall reflect a red color to the rear.

(b) Front and rear clearance lamps and identification lamps shall be capable of being seen and distinguished under normal atmospheric conditions at the times lights are required at all distances between five hundred (500) and fifty (50) feet from the front and rear, respectively, of the vehicle.

(c) Side marker lamps shall be capable of being seen and distinguished under normal atmospheric conditions at the times lights are required at all distances between five hundred (500) and fifty (50) feet from the side of the vehicle on which mounted.

**Stop Lamps and Turn Signals**

Sec. 118. (a) After January 1, 1972, every motor vehicle, trailer, semitrailer and pole trailer shall be equipped with two (2) or more stop lamps meeting the requirements of Section 124, except that passenger cars manufactured or assembled prior to the model year 1960, shall be equipped with at least one (1) stop lamp. On a combination of vehicles, only the stop lamps on the rearmost vehicle need actually be seen from the distance specified in Section 124.

(b) After January 1, 1972, every motor vehicle, trailer, semitrailer and pole trailer shall be equipped with electric turn signal lamps meeting the requirements of Section 124, except that passenger cars and trucks less than eighty (80) inches in width, manufactured or assembled prior to model year 1960, need not be equipped with electric turn signal lamps.

**Obstructed Lights Not Required**

Sec. 119. Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp (except tail lamps) need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, but this shall not affect the requirement that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps, nor that all lights required on the rear of the rearmost vehicle of any combination shall be lighted.

**Lamps or Flags on Projecting Load**

Sec. 120. Whenever the load upon any vehicle extends to the rear four (4) feet or more beyond the bed or body of such vehicle there shall be displayed at the extreme rear end of the load, at the times specified in Section 109, two (2) red lamps visible from a distance of at least five hundred (500) feet to the rear, two (2) red reflectors visible at night from all distances within six hundred (600) feet to one hundred (100) feet to the rear when directly in front of lawful lower beams of head lamps and located so as to indicate maximum width, and on each side one red lamp visible from a distance of at least five hundred (500) feet to the side and located so as to indicate maximum overhang. There shall be displayed at all other times on any vehicle having a load which extends beyond its sides or more than four (4) feet beyond its rear, red flags, not less than twelve (12) inches square, marking the extremities of such load, at each point where a lamp would otherwise be required by this section.

**Lamps on Parked Vehicles**

Sec. 121. (a) Every vehicle shall be equipped with one (1) or more lamps which, when lighted, shall display a white or amber light visible from a distance of one thousand (1,000) feet to the front of the vehicle, and a red light visible from a distance of one thousand (1,000) feet to the rear of the vehicle. The location of said lamp or lamps shall always be such that at least one (1) lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the vehicle which is closest to passing traffic.

(b) Whenever a vehicle is lawfully parked upon a street or highway during the hours between a half hour after sunset and a half hour before sunrise and in the event there is sufficient light to reveal any persons and vehicles within a distance of one thousand (1,000) feet upon such street or highway, no lights need be displayed upon such parked vehicle.

(c) Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto, whether attended or unattended, during the hours between a half hour after sunset and a half hour before sunrise and there is insufficient light to reveal any person or object within a distance of one thousand (1,000) feet upon such highway, such vehicle so parked or stopped shall be equipped with and shall display lamps meeting the requirements of Subsection (a).

(d) Any lighted head lamps upon a parked vehicle shall be depressed or dimmed.

**Lamps and Reflectors on Farm Tractors, Farm Equipment and Implements of Husbandry and Other Vehicles and Equipment**

Sec. 122. (a) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured or assembled after Janu-

ary 1, 1972, shall be equipped with vehicular hazard warning lights of a type described in Section 125(d), visible from a distance of not less than one thousand (1,000) feet to the front and rear in normal sunlight, which shall be displayed whenever any such vehicle is operated upon a highway.

(b) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured or assembled after January 1, 1972, shall at all times, and every other such motor vehicle shall at all times mentioned in Section 109, be equipped with lamps and reflectors as follows:

1. At least two (2) head lamps meeting the requirements of Sections 126, 128 or 129.

2. At least one (1) red lamp visible when lighted from a distance of not less than one thousand (1,000) feet to the rear mounted as far to the left of the center of the vehicle as practicable.

3. At least two (2) red reflectors visible from all distances within six hundred (600) feet to one hundred (100) feet to the rear when directly in front of lawful lower beams of head lamps.

(c) Every combination of farm tractor and towed farm equipment or towed implement of husbandry shall at all times mentioned in Section 109 be equipped with lamps and reflectors as follows:

1. The farm tractor shall be equipped as required in Subsections (a) and (b).

2. If the towed unit or its load extends more than four (4) feet to the rear of the tractor or obscures any light thereon, said unit shall be equipped on the rear with at least two (2) red reflectors visible from all distances within six hundred (600) feet to one hundred (100) feet to the rear when directly in front of lawful lower beams of head lamps.

3. If the towed unit of such combination extends more than four (4) feet to the left of the centerline of the tractor, said unit shall be equipped on the front with an amber reflector visible from all distances within six hundred (600) feet to one hundred (100) feet to the front when directly in front of lawful lower beams of head lamps. This reflector shall be so positioned to indicate, as nearly as practicable, the extreme left projection of the towed unit.

(d) The two (2) red reflectors required in the foregoing subsection shall be so positioned as to show from the rear, as nearly as practicable, the extreme width of the vehicle or combination carrying them. Provided that all other requirements are met, reflective tape or paint may be used in lieu of the reflectors required by Subsection (c).

(e) Every vehicle including animal-drawn vehicles and vehicles referred to in Section 108(c), not specifically required by the provisions of this article to be equipped with lamps or other lighting devices shall at all times specified in Section 109 of this Act be equipped with at least one lamp displaying a white light visible from a distance of not less than one

thousand (1,000) feet to the front of said vehicle, and shall also be equipped with two (2) lamps displaying red light visible from a distance of not less than one thousand (1,000) feet to the rear of said vehicle, or as an alternative, one lamp displaying a red light visible from a distance of not less than one thousand (1,000) feet to the rear and two red reflectors visible from all distances of six hundred (600) to one hundred (100) feet to the rear when illuminated by the lawful lower beams of head lamps.

#### Spot Lamps and Auxiliary Driving Lamps

Sec. 123. (a) Spot lamps. Any motor vehicle may be equipped with not to exceed two (2) spot lamps and every lighted spot lamp shall be so aimed and used that no part of the high-intensity portion of the beam will strike the windshield, or any windows, mirror, or occupant of another vehicle in use.

(b) Fog lamps. Any motor vehicle may be equipped with not to exceed two (2) fog lamps mounted on the front at a height of not less than twelve (12) inches nor more than thirty (30) inches above the level surface upon which the vehicle stands and so aimed that when the vehicle is not loaded none of the high-intensity portion of the light to the left of the center of the vehicle shall at a distance of twenty-five (25) feet ahead project higher than a level of four (4) inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting the above requirements may be used with lower head lamp beams as specified in Section 126.

(c) Auxiliary passing lamps. Any motor vehicle may be equipped with not to exceed two (2) auxiliary passing lamps mounted on the front at a height not less than twenty-four (24) inches nor more than forty-two (42) inches above the level surface upon which the vehicle stands. The provisions of Section 126 shall apply to any combination of head lamps and auxiliary passing lamps.

(d) Auxiliary driving lamps. Any motor vehicle may be equipped with not to exceed two (2) auxiliary driving lamps mounted on the front at a height of not less than sixteen (16) inches nor more than forty-two (42) inches above the level surface upon which the vehicle stands. The provisions of Section 126 shall apply to any combination of head lamps and auxiliary driving lamps.

#### Audible and Visual Signals on Vehicles, Signal Lamps and Signal Devices

Sec. 124. (a) Every authorized emergency vehicle may, in addition to any other equipment and distinctive markings required by this Act, be equipped with a siren, exhaust whistle or bell capable of giving an audible signal.

(b) Every school bus and every authorized emergency vehicle shall, in addition to any other equipment and distinctive markings required by this Act, be equipped with signal lamps mounted as high and as widely spaced laterally as practicable, which shall

be capable of displaying to the front two alternately flashing red lights located at the same level and to the rear two alternately flashing red lights located at the same level, and these lights shall have sufficient intensity to be visible at 500 feet in normal sunlight. A church bus may be equipped with signal lamps of the type authorized for school buses if it has the words "Church Bus" printed on the front and rear of the bus, and the words are clearly discernible to drivers of other vehicles.

(c) A police vehicle when used as an authorized emergency vehicle may but need not be equipped with alternately flashing red lights specified herein.

(d) The alternately flashing lighting described in Subsections (b) and (c) of this section shall not be used on any vehicle other than a school bus, a church bus, or an authorized emergency vehicle.

(e) Any vehicle may be equipped and when required under this Act shall be equipped with a stop lamp or lamps on the rear of the vehicle which shall display a red or amber light, or any shade of color between red and amber, visible from a distance of not less than three hundred (300) feet to the rear in normal sunlight, and which shall be actuated upon application of the service (foot) brake, and which may but need not be incorporated with one (1) or more other rear lamps.

(f) Any vehicle may be equipped and when required under this Act shall be equipped with electric turn signals which shall indicate an intention to turn by flashing lights showing to the front and rear of a vehicle or on a combination of vehicles on the side of the vehicle or combination toward which the turn is to be made. The lamps showing to the front shall be mounted on the same level and as widely spaced laterally as practicable and, when signaling, shall emit white or amber light, or any shade of light between white and amber. The lamps showing to the rear shall be mounted on the same level and as widely spaced laterally as practicable, and, when signaling, shall emit a red or amber light, or any shade of color between red and amber. Turn signal lamps on vehicles eighty (80) inches or more in overall width shall be visible from a distance of not less than five hundred (500) feet to the front and rear in normal sunlight. Turn signal lamps on vehicles less than eighty (80) inches wide shall be visible at a distance of not less than three hundred (300) feet to the front and rear in normal sunlight. Turn signal lamps may, but need not be, incorporated in other lamps on the vehicle.

#### Additional Lighting Equipment

Sec. 125. (a) Any motor vehicle may be equipped with not more than two (2) side cowl or fender lamps which shall emit an amber or white light without glare.

(b) Any motor vehicle may be equipped with not more than one (1) running board courtesy lamp on each side thereof which shall emit a white or amber light without glare.

(c) Any motor vehicle may be equipped with one (1) or more back-up lamps either separately or in combination with other lamps, but any such back-up lamp or lamps shall not be lighted when the motor vehicle is in forward motion.

(d) Any vehicle may be equipped with lamps for the purpose of warning the operators of other vehicles of the presence of a vehicular traffic hazard requiring the exercise of unusual care in approaching, overtaking or passing. After January 1, 1972, every bus, truck, truck tractor, trailer, semitrailer or pole trailer eighty (80) inches or more in overall width or thirty (30) feet or more in overall length shall be equipped with lamps meeting the requirements of this subsection. The lamps used to display such warning to the front shall be mounted at the same level and as widely spaced laterally as practicable, and shall display simultaneously flashing white or amber lights, or any shade of color between white and amber. The lamps used to display such warning to the rear shall be mounted at the same level and as widely spaced laterally as practicable, and shall show simultaneously flashing amber or red lights, or any shade of color between amber and red. These warning lights shall be visible from a distance of not less than five hundred (500) feet in normal sunlight.

(e) Any vehicle eighty (80) inches or more in overall width, if not otherwise required by this Act, may be equipped with not more than three (3) identification lamps showing to the front which shall emit an amber light without glare and not more than three (3) identification lamps showing to the rear which shall emit a red light without glare. Such lamps shall be mounted as specified in Subsection (f) of Section 114.

#### Multiple-Beam Road Lighting Equipment

Sec. 126. Except as hereinafter provided, the headlamps or the auxiliary driving lamp or the auxiliary passing lamp or combination thereof on motor vehicles other than motorcycles or motor driven cycles shall be so arranged that the driver may select at will between distributions of light projected to different elevations and such lamps may, in addition, be so arranged that such selection can be made automatically, subject to the following limitations:

(a) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least four hundred and fifty (450) feet ahead for all conditions of loading.

(b) There shall be a lowermost distribution of light, or composite beam so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least one hundred and fifty (150) feet ahead; and on a straight level road under any condition of loading none of the high-intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

(c) Every new motor vehicle, other than a motor-cycle or motor-driven cycle, registered in this State after January 1, 1948, which has multiple-beam road lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the head lamps is in use, and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped.

#### Use of Multiple-Beam Road Lighting Equipment

Sec. 127. (a) Whenever a motor vehicle is being operated on a roadway or shoulder adjacent thereto during the times specified in Section 109, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(b) Whenever the driver of a vehicle approaches an oncoming vehicle within five hundred (500) feet, such driver shall use a distribution of light, or composite beam, so aimed that the glaring rays are not projected into the eyes of the oncoming driver. The lowermost distribution of light, or composite beam, specified in Section 126(b) and Section 139F(f)(2b) shall be deemed to avoid glare at all times, regardless of road contour and loading.

(c) Whenever the driver of a vehicle approaches another vehicle from the rear, within three hundred (300) feet, such driver shall use a distribution of light permissible under this Article other than the uppermost distribution of light specified in Sections 126(a) and 139F(f)(2a).

#### Single Beam Road Lighting Equipment

Sec. 128. Head lamp systems which provide only a single distribution of light shall be permitted on all farm tractors regardless of date of manufacture, and on other motor vehicles manufactured and sold prior to one (1) year after the effective date of this Act in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

1. The head lamps shall be so aimed that when the vehicle is not loaded none of the high-intensity portion of the light shall at a distance of twenty-five (25) feet ahead project higher than a level of five (5) inches below the level of the center of the lamp from which it comes, and in no case higher than forty-two (42) inches above the level on which the vehicle stands at a distance of seventy-five (75) feet ahead.

2. The intensity shall be sufficient to reveal persons and vehicles at a distance of at least two hundred (200) feet.

**Alternate Road Lighting Equipment**

Sec. 129. Any motor vehicle may be operated under the conditions specified in Section 109 when equipped with two (2) lighted lamps upon the front thereof capable of revealing persons and vehicles one hundred (100) feet ahead in lieu of lamps required in Section 126 or Section 128, provided, however, that at no time shall it be operated at a speed in excess of twenty (20) miles per hour.

**Number of Driving Lamps Required or Permitted**

Sec. 130. (a) At all times specified in Section 109, at least two (2) lighted lamps shall be displayed, one on each side at the front of every motor vehicle except when such vehicle is parked subject to the regulations governing lights on parked vehicles.

(b) Whenever a motor vehicle equipped with head lamps as herein required is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of an intensity greater than three hundred (300) candlepower, not more than a total of four (4) of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway.

**Special Restrictions on Lamps**

Sec. 131. (a) Any lighted lamp or illuminating device upon a motor vehicle other than head lamps, spot lamps, auxiliary lamps, or flashing turn signals, emergency vehicle warning lamps, and school bus warning lamps, which projects a beam of light of an intensity greater than three hundred (300) candlepower shall be so directed that no part of the high intensity portion of the beam will strike the level of the roadway on which the vehicle stands at a distance of more than seventy-five (75) feet from the vehicle.

(b) No person shall drive or move any vehicle or equipment upon any highway with any lamp or device thereon displaying a red light visible from directly in front of the center thereof. This Section shall not apply to police vehicles or to any vehicle upon which a red light visible from the front is expressly authorized or required by law.

(c) Flashing lights are prohibited except as authorized or required in Sections 122, 124, 125 and 131.

(d) The Department of Public Safety is authorized to adopt standards and specifications applicable to lighting equipment on and special warning devices to be carried by school buses consistent with the provisions of this Article, but supplemental thereto. Such standards and specifications shall correlate with and, so far as possible, conform to the specifications then current as approved by the Society of Automotive Engineers.

(e) It shall be unlawful to operate any flashing warning signal light on any school bus except when any said school bus is stopped on a highway for the

purpose of permitting school children to board or alight from said school bus.

(f) The Texas Highway Department shall adopt standards and specifications applicable to head lamps, clearance lamps, identification and other lamps on snow-removal and other highway maintenance and service equipment when operated on the highways of this State in lieu of the lamps otherwise required on motor vehicles by this Article. Such standards and specifications may permit the use of flashing lights for purposes of identification on snow-removal and other highway maintenance and service equipment when in service upon the highways. The standards and specifications for lamps referred to in this section shall correlate with and, so far as possible, conform with those approved by the American Association of State Highway Officials.

(g) It shall be unlawful to operate any snow-removal and other highway maintenance and service equipment on any highway unless the lamps thereon comply with and are lighted when and as required by the standards and specifications adopted as provided in this section.

**Brakes**

Sec. 132. Every motor vehicle, trailer, semitrailer and pole trailer, and any combination of such vehicles operating upon a highway within this State shall be equipped with brakes in compliance with the requirements of this Article.

(a) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment which is not designed or used primarily for the transportation of persons or property and only incidentally operated or moved on a highway, shall be equipped with service brakes complying with the performance requirements as required and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(b) Parking brakes—adequacy. Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors and mechani-

cal brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(c) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

1. Certain trailers, semitrailers, and pole trailers, which are treated as follows:

a. If the gross weight of the trailer, semitrailer, or pole trailer does not exceed four thousand, five hundred (4,500) pounds, it is not required to have brakes.

b. If the gross weight of the trailer, semitrailer, or pole trailer exceeds four thousand, five hundred (4,500) pounds but does not exceed fifteen thousand (15,000) pounds, and the vehicle is not drawn at a speed in excess of thirty (30) miles per hour, it is not required to have brakes.

c. If the gross weight of the trailer, semitrailer, or pole trailer exceeds four thousand, five hundred (4,500) pounds but does not exceed fifteen thousand (15,000) pounds, and the vehicle is drawn at a speed in excess of thirty (30) miles per hour, it must have brakes acting on both wheels of the rear axle.

d. "Gross weight," as used in this subsection, means the weight of the trailer, semitrailer, or pole trailer plus the weight of the load actually carried.

2. Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of this Act.

3. Trucks and truck tractors having three (3) or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two (2) steerable axles, the wheels of one (1) steerable axle need not have brakes. However, such trucks and truck tractors must be capable of complying with the performance requirements of this Act.

4. Special mobile equipment as defined in Subsection (a) above.

5. Any farm trailer or farm semitrailer operated or moved temporarily upon the highways when its gross weight does not exceed ten thousand (10,000) pounds and when the speed of such farm trailer or farm semitrailer does not exceed thirty (30) miles per hour and when the vehicle and its operation meet all other requirements for total or partial exemption from registration fees as set forth in Section 2, Chapter 88, Acts of the 41st Legislature, 2nd Called Session, 1929, as last amended by Chapter 111, Acts of the 55th Legislature, Regular Session, 1957 (Article 6675a-2, Vernon's Texas Civil Statutes). The term "gross weight" as used in this subsection shall mean the combined weight of the

trailer or semitrailer and the weight of the load actually carried on the highway.

6. Any farm trailer or farm semitrailer operated or moved temporarily upon the highways solely to transport cotton

a. if the gross weight of the trailer or semitrailer is not more than fifteen thousand (15,000) pounds;

b. if the speed of the trailer or semitrailer is not more than thirty (30) miles per hour; and

c. if the trailer or semitrailer is totally or partially exempt from the regular registration fees under Section 2, Chapter 88, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-2, Vernon's Texas Civil Statutes).

(d) Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand (3,000) pounds, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen (15) minutes, upon breakaway from the towing vehicle.

(e) Tractor brakes protected. Every motor vehicle used to tow a trailer, semitrailer or pole trailer equipped with brakes, shall be equipped with means for providing that in case of a breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(f) Trailer air reservoirs safeguarded. Air brake systems installed on trailers shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(g) Two (2) means of emergency brake operation.

1. Air brakes. After January 1, 1972, every towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, shall be equipped with two (2) means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure which shall be not lower than twenty (20) pounds per square inch nor higher than forty-five (45) pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

2. Vacuum brakes. After January 1, 1972, every towing vehicle used to tow other vehicles

equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by Subsection (h), a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent if other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(h) Single control to operate all brakes. After April 1, 1973, every motor vehicle, trailer, semitrailer and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. Surge or inertia brake systems may be used on trailers and semitrailers with a gross weight of not more than fifteen thousand (15,000) pounds in satisfaction of the requirements of Subsection (c) of this section. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control on the towing vehicle.

(i) Reservoir capacity and check valve.

1. Air brakes. Every bus, truck or truck tractor with air operated brakes shall be equipped with at least one (1) reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty (20%) percent. Each reservoir shall be provided with means of readily draining accumulated oil or water.

2. Vacuum brakes. After January 1, 1972, every truck with three (3) or more axles equipped with vacuum assistor type brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty (40%) percent.

3. Reservoir safeguarded. All motor vehicles, trailers, semitrailers and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of

compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(j) Warning devices.

1. Air brakes. Every bus, truck or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is below fifty (50) percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

2. Vacuum brakes. After January 1, 1972, every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three (3) or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight (8) inches of mercury.

3. Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes.

A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement.

(k) Performance ability of brakes. Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

1. Developing a braking force that is not less than the percentage of its gross weight tabulated herein for its classification;

2. Decelerating to a stop from not more than twenty (20) miles per hour at not less than the feet per second per second tabulated herein for its classification, and

3. Stopping from a speed of twenty (20) miles per hour in not more than the distance tabulated herein for its classification, such distance to be measured from the point at which movement of the service brake pedal or control begins.

Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus or minus one [1] percent grade), dry, smooth, hard surface that is free from loose material.

(l) Maintenance of brakes. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on the opposite sides of the vehicle.

#### Horns and Warning Devices

Sec. 133. (a) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than two hundred (200) feet, but no horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when necessary to insure safe operation give audible warning with his horn but shall not otherwise use such horn when upon a highway.

(b) No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle, or bell, except as otherwise permitted in this section.

(c) It is permissible but not required that any commercial vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

(d) Any authorized emergency vehicle may be equipped with a siren, whistle or bell, capable of emitting sound audible under normal conditions from a distance of not less than five hundred (500) feet and of a type approved by the department, but such siren shall not be used except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which said latter event the driver of such vehicle shall sound said siren when necessary to warn pedestrians and other drivers of the approach thereof.

#### Mufflers, Prevention of Noise

Sec. 134. (a) Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and no person shall use a muffler cut out, bypass, or similar device upon a motor vehicle on a highway.

(b) The engine and power mechanism of every motor vehicle shall be so equipped and adjusted as to prevent the escape of excessive fumes or smoke.

(c) Every new motor vehicle and new motor vehicle engine beginning with the model year 1968 shall at all times be so equipped that crankcase emissions are not discharged into the ambient atmosphere from the vehicle or engine.

(d) The owner or operator of any new motor vehicle or new motor vehicle engine beginning with the model year 1968 equipped with an exhaust emission system shall maintain the exhaust emission system in good operable condition and shall use it at all times that the motor vehicle or motor vehicle engine is operated. The owner or operator of the

motor vehicle or motor vehicle engine shall not remove or intentionally make inoperable within the State of Texas the exhaust emission system, or any part thereof, except where the purpose of removal of the exhaust emission system, or part thereof, is to install another exhaust emission system, or part thereof, which is intended to be equally effective in reducing atmospheric emissions from the vehicle or engine.

#### Mirrors

Sec. 134A. On and after January 1, 1972, every motor vehicle, operated singly or when towing any other vehicle, shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least two hundred (200) feet to the rear of such motor vehicle.

#### Windshields Must be Unobstructed and Equipped With Wipers

Sec. 134B. (a) No person shall drive a motor vehicle with any sign, poster or other nontransparent material upon the front windshield, side wings or side or rear windows of such vehicle which materially obstructs, obscures, or impairs the driver's clear view of the highway or any intersecting highway.

(b) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle.

(c) Every windshield wiper upon a motor vehicle shall be maintain in good working order.

#### Restrictions as to Tire Equipment

Sec. 135. (a) Every solid rubber tire on a vehicle shall have rubber on its entire traction surface extending above the edge of the flange of the entire periphery.

(b) No person shall operate or move on any highway any motor vehicle, trailer, or semitrailer having any metal tire in contact with the roadway, provided however this section shall not apply to farm wagons and/or farm trailers having a gross weight less than five thousand (5,000) pounds where owners are in the act of transporting farm products to market or for processing or from farm to farm.

(c) No tire on a vehicle moved on a highway shall have on its periphery any block, stud, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it shall be permissible to use tires having protuberances which will not injure the highway, and except also that it shall be permissible to use tire chains of reasonable proportions upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid.

(d) The State Highway Commission and local authorities in their respective jurisdictions may in

their discretion issue a special permit authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of such movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this Act.

(e)(1) After January 1, 1973, no person may sell or offer for sale regrooved tires. The provisions of this Section shall apply only to private passenger automobile tires.

(2) Any person violating Subdivision (1) of this Subsection is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$500 nor more than \$2,000.

#### Safety Glazing Material in Motor Vehicles

Sec. 136. (a) On and after January 1, 1972, no person shall sell any new motor vehicle as specified herein, nor shall any new motor vehicle as specified herein be registered thereafter unless such vehicle is equipped with safety glazing material of a type approved by the Department of Public Safety wherever glazing material is used in doors, windows and windshields. The foregoing provisions shall apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material shall not apply to glazing material in compartments not so designed and equipped that persons may ride therein.

(b) The term "safety glazing materials" means glazing materials so constructed, treated or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(c) It shall be unlawful after the first day of January, 1972, for any person to replace or cause to be replaced, any glass in doors, windows or windshields in any motor vehicle, unless such replacement be made with safety glazing materials as defined in this Act.

*Text of (d) as added by Acts 1971, 62nd Leg., p. 759, ch. 83, § 79*

(d) No person shall sell or affix to a motor vehicle any camper manufactured or assembled after January 1, 1972, unless such camper is equipped with safety glazing material of a type approved by the Department of Public Safety, wherever glazing material is used in doors and windows. As used in this section "camper" means any structure designed to be loaded onto, or affixed to, a motor vehicle to provide temporary living quarters for recreation, travel, or other use.

*Text of (d) as added by Acts 1971, 62nd Leg., p. 3046, ch. 1007*

(d) No person shall sell imperfect safety glass for doors, windows, or windshields of motor vehicles

unless the glass is labelled "second" or "imperfect" or by a similar term in red letters each letter being at least one inch in size which will clearly indicate to the consumer the quality of the glass being sold; the seller of each piece of imperfect glass will notify the consumer verbally of the imperfection and what could possibly result because of said imperfection, and will also deliver in writing at the time of purchase the quality of the glass explaining all imperfections and what could result because of the imperfections.

#### Certain Vehicles to Carry Flares or Other Devices

Sec. 137. (a) No person shall operate any truck, bus or truck tractor, or any motor vehicle towing a house trailer, upon any highway outside an urban district or upon any divided highway at any time from a half hour after sunset to a half hour before sunrise unless there shall be carried in such vehicle the following equipment except as provided in Subsection (b):

1. At least three (3) flares or three (3) red electric lanterns or three (3) portable red emergency reflectors, each of which shall be capable of being seen and distinguished at a distance of not less than six hundred (600) feet under normal atmospheric conditions at nighttime.

No flare, fusee, electric lantern or warning flag shall be used for the purpose of compliance with the requirements of this section unless such equipment has been approved by the Texas Department of Public Safety. No portable reflector unit shall be used for the purpose of compliance with the requirements of this section unless it is so designed and constructed as to be capable of reflecting red light clearly visible from all distances within six hundred (600) feet to one hundred (100) feet under normal atmospheric conditions at night when directly in front of lawful lower beams of head lamps, and unless it is of a type which has been approved by the Department of Public Safety.

2. At least three (3) red-burning fusees unless red electric lanterns or red portable emergency reflectors are carried.

(b) No person shall operate at the time and under conditions stated in Subsection (a) any motor vehicle used for the transportation of explosives, or any cargo tank truck used for the transportation of flammable liquids or compressed gases, unless there shall be carried in such vehicle three (3) red electric lanterns or three (3) portable red emergency reflectors meeting the requirements of Subsection (a) of this section and there shall not be carried in any said vehicle any flares, fusees or signal produced by flame.

(c) No person shall operate any truck, bus or truck tractor, or any motor vehicle towing a house

trailer, upon any highway outside an urban district or upon any divided highway at any time from a half hour before sunrise to a half hour after sunset unless there shall be carried in such vehicle at least two red flags, not less than twelve (12) inches square, with standards to support such flags.

**Display of Warning Lights and Devices When Vehicle is Stopped or Disabled.**

Sec. 138. (a) Whenever any truck, bus, truck tractor, trailer, semitrailer or pole trailer eighty (80) inches or more in overall width or thirty (30) feet or more in overall length is stopped upon a roadway or adjacent shoulder, the driver shall immediately actuate vehicular hazard warning signal lamps meeting the requirements of Section 125. Such lights need not be displayed by a vehicle parked lawfully in an urban district, or stopped lawfully to receive or discharge passengers, or stopped to avoid conflict with other traffic or to comply with the directions of a police officer or an official traffic-control device, or while the devices specified in Subsections (b) to (h) are in place.

(b) Whenever any vehicle of a type referred to in Subsection (a) is disabled, or stopped for more than ten (10) minutes, upon a roadway outside of an urban district at any time when lighted lamps are required, the driver of such vehicle shall display the following warning devices except as provided in Subsection (c):

1. A lighted fusee, a lighted red electric lantern or a portable red emergency reflector shall immediately be placed at the traffic side of the vehicle in the direction of the nearest approaching traffic.

2. As soon thereafter as possible but in any event within the burning period of the fusee (15 minutes), the driver shall place three (3) liquid-burning flares (pot torches), or three (3) lighted red electric lanterns, or three (3) portable red emergency reflectors on the roadway in the following order:

(I) One (1), approximately one hundred (100) feet from the disabled vehicle in the center of the lane occupied by such vehicle and toward traffic approaching in that lane.

(II) One (1), approximately one hundred (100) feet in the opposite direction from the disabled vehicle and in the center of the traffic lane occupied by such vehicle.

(III) One (1) at the traffic side of the disabled vehicle not less than ten (10) feet rearward or forward thereof in the direction of the nearest approaching traffic. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with Paragraph (I) of this subsection, it may be used for this purpose.

(c) Whenever any vehicle referred to in this section is disabled, or stopped for more than ten (10)

minutes, within five hundred (500) feet of a curve, hillcrest or other obstruction to view, the warning device in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than one hundred (100) feet nor more than five hundred (500) feet from the disabled vehicle.

(d) Whenever any vehicle of a type referred to in this section is disabled, or stopped for more than ten (10) minutes, upon any roadway of a divided highway during the time lighted lamps are required, the appropriate warning devices prescribed in Subsections (b) and (e) shall be placed as follows:

One (1) at a distance of approximately two hundred (200) feet from the vehicle in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane; one (1) at a distance of approximately one hundred (100) feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane; one (1) at the traffic side of the vehicle and approximately ten (10) feet from the vehicle in the direction of the nearest approaching traffic.

(e) Whenever any motor vehicle used in the transportation of explosives or any cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, is disabled, or stopped for more than ten (10) minutes, at any time and place mentioned in Subsections (b), (c), or (d), the driver of such vehicle shall immediately display red electric lanterns or portable red emergency reflectors in the same number and manner specified therein. Flares, fusees or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection.

(f) The warning devices described in Subsections (b) to (e) need not be displayed where there is sufficient light to reveal persons and vehicles within a distance of one thousand (1,000) feet.

(g) Whenever any vehicle described in this section is disabled, or stopped for more than ten (10) minutes, upon a roadway outside of an urban district or upon the roadway of a divided highway at any time when lighted lamps are not required by Section 109, the driver of the vehicle shall display two (2) red flags as follows:

(I) If traffic on the roadway moves in two directions, one (1) flag shall be placed approximately one hundred (100) feet to the rear and one (1) flag approximately one hundred (100) feet in advance of the vehicle in the center of the lane occupied by such vehicle.

(II) Upon a one-way roadway, one (1) flag shall be placed approximately one hundred (100) feet and one (1) flag approximately two hundred (200) feet to

the rear of the vehicle in the center of the lane occupied by such vehicle.

(h) When any vehicle described in this section is stopped entirely off the roadway and on an adjacent shoulder at any time and place hereinbefore mentioned, the warning devices shall be placed, as nearly as practicable, on the shoulder near the edge of the roadway.

(i) The flares, fusees, red electric lanterns, portable red emergency reflectors and flags to be displayed as required in this section shall conform with the requirements of Section 137 applicable thereto.

(j) It shall be unlawful for any person except any peace officer while acting in his official capacity, or the owner of the vehicle or his duly authorized agent or employee, to remove, damage, destroy, misplace, or extinguish any lamp, flare, fusee, or other signaling device required under this section and Section 137 of this Act, while the same are being displayed or being used as required by this Act.

#### Vehicle Transporting Hazardous Materials

Sec. 139. (a) The Director of the Texas Department of Public Safety shall after public hearing adopt such regulations as may be deemed necessary for the safe transportation of hazardous materials. Such regulations shall duplicate or be consistent with current hazardous materials regulations of the United States Department of Transportation. The Director of the Texas Department of Public Safety is hereby authorized to adopt all or any part of said hazardous materials regulations by reference and any such adoption shall be construed to incorporate amendments thereto as may be made from time to time.

(b) Any person operating a vehicle transporting any hazardous materials as a cargo or part of a cargo upon a highway shall at all times comply with regulations of the Director of the Department of Public Safety adopted pursuant to the provisions of this section.

(c) Said vehicle shall be marked or placarded at such places and in such manner as have been prescribed by regulations adopted pursuant to this section.

(d) Every said vehicle shall be equipped with not less than one (1) fire extinguisher with physical characteristics in fire extinguishing ability equivalent to or better than fire extinguishers which qualify under Classification B of the Standards of Underwriters Laboratories, Incorporated, 207 East Ohio Street, Chicago, Illinois 60611, in effect on June 30, 1951.

(e) Any person convicted of violating a regulation adopted pursuant to this section shall be punished by a fine of not more than Two Hundred Dollars (\$200).

Sec. 139a. Repealed by Acts 1971, 62nd Leg., p. 763, ch. 83, § 83, eff. Aug. 30, 1971.

#### Safety Guards or Flaps

Sec. 139A. It shall be unlawful to operate any road tractor, truck, truck tractor in combination with a semitrailer, trailer or semitrailer in combination with a towing vehicle, having four (4) or more tires on the rearmost axle of such vehicle or if in combination the rearmost axle of such combination, upon highways in this State, unless the rearmost axle of such road tractor, truck, truck tractor in combination with a semitrailer, trailer, or semitrailer in combination with a towing vehicle, be equipped with safety guards or flaps of a type of material and construction as prescribed by the Department, located and suspended behind the rearmost wheels of such vehicle or if in combination behind the rearmost vehicle of such combination, to within eight (8) inches of the surface of the highway. Provided, however, pole trailers, truck tractors operated alone and without being in combination with a semitrailer and all trucks operated on private property, shall not come under the provisions of this section.

#### Distinctive Emblem Required on Slow-Moving Vehicles

Sec. 139B. Subd. 1. As used in this Section, the term "slow-moving vehicle" means any motor vehicle designed to operate at a maximum speed of twenty-five miles per hour or less; and the term also means and includes all other vehicles, implements of husbandry and other machinery, including all road construction machinery, while being drawn by animals or by a motor vehicle designed to operate at a maximum speed of twenty-five miles per hour or less.

The term "slow-moving-vehicle emblem", as used in this Section, means a triangular emblem, conforming to the size, colors and other standards and specifications as are adopted by the Director of the Department of Public Safety in accordance with this Section.

Subd. 2. The Director of the Department of Public Safety shall adopt standards and specifications as to colors, size and position of mounting for a distinctive triangular emblem having a reflecting surface and designed to be clearly visible, in daylight or at night by reflection from the light of standard automobile headlamps, at a distance of not less than five hundred (500) feet; the standards and specifications for such emblems shall correlate with and, insofar as the Director determines to be practicable, shall conform to the then current standards and specifications adopted or approved by the American Society of Agricultural Engineers for a uniform emblem to identify slow-moving vehicles.

Subd. 3. From and after January 1, 1970, no "slow-moving vehicle," shall be operated or drawn upon any public street or highway in this state

unless the same shall be equipped with and unless there shall be displayed at the rear thereof a "slow-moving-vehicle emblem" conforming to the standards and specifications adopted by the Director of the Department of Public Safety as above directed; provided that this requirement shall not apply to any such vehicle when being used in actual construction or maintenance work and while traveling within the limits of a construction area which is marked as such in accordance with requirements of the State Highway Commission. Such emblem shall be mounted base down on the rear of the vehicle, not less than three (3) feet nor more than five (5) feet above the road surface, and shall be maintained in a clean, reflective condition. The requirement of such emblem shall be in addition to any other lighting or reflective devices required by law.

When a motor vehicle displaying a slow-moving-vehicle emblem is drawing or towing an implement of husbandry or other machinery, and the visibility of the emblem on the pulling unit is not obstructed by the implement or machinery being towed, it shall not be necessary to display a similar emblem on the towed unit.

Subd. 4. The use of the "slow-moving-vehicle emblem" shall be restricted to the slow-moving vehicles specified in Subdivision 1, and its use on any other type of vehicle or stationary object on the highway is prohibited.

#### Air-Conditioning Equipment

Sec. 139C. (a) The term "air-conditioning equipment" as used or referred to in this section shall mean mechanical vapor compression refrigeration equipment which is used to cool the driver's or passenger compartment of any motor vehicle.

(b) Such equipment shall be manufactured, installed and maintained with due regard for the safety of the occupants of the vehicle and the public and shall not contain any refrigerant which is toxic to persons or which is flammable.

(c) The Department of Public Safety may adopt and enforce safety requirements, regulations and specifications consistent with the requirements of this section applicable to such equipment which shall correlate with and, so far as possible, conform to the current recommended practice or standard applicable to such equipment approved by the Society of Automotive Engineers.

(d) No person shall have for sale, offer for sale, sell or equip any motor vehicle with any such equipment unless it complies with the requirements of this section.

(e) No person shall operate on any highway any motor vehicle equipped with any air-conditioning equipment unless said equipment complies with the requirements of this section.

#### Television Receivers

Sec. 139D. (a) No motor vehicle operated on the highways of this State shall be equipped with television-type receiving equipment so located that the viewer or screen is visible from the driver's seat; provided, however, it shall be lawful for a motor vehicle specially designed as a mobile unit used in connection with a licensed television station to have television-type receiving equipment so located that the viewer or screen is visible from the driver's side but said receiver shall never be used unless said motor vehicle is stopped.

(b) This section does not prohibit the use of television-type receiving equipment used exclusively for safety or law enforcement purposes provided each such installation is approved by the Department of Public Safety, or installations in remote television transmission trucks.

(c) This section does not prohibit the use of television-type receiving equipment used exclusively for receiving digital information for commercial purposes.

#### Seat Belts

Sec. 139E. Every motor vehicle required by Article XV, 6701d, Uniform Act, to be inspected shall be equipped with front seat belts where seat belt anchorages were part of the manufacturer's original equipment on the vehicle.

#### Equipment on Motorcycles and Motor-Driven Cycles

##### Sec. 139F. (a) Head Lamps

1. Every motorcycle and every motor-driven cycle shall be equipped with at least one (1) and not more than two (2) head lamps which shall comply with the requirements and limitations of this Article.

2. Every head lamp upon every motorcycle and motor-driven cycle shall be located at a height of not more than fifty-four (54) inches nor less than twenty-four (24) inches to be measured as set forth in Section 109(c).

##### (b) Tail Lamps

1. Every motorcycle and motor-driven cycle shall have at least one (1) tail lamp which shall be located at a height of not more than seventy-two (72) nor less than twenty (20) inches.

2. Either a tail lamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration plate and render it clearly legible from a distance of fifty (50) feet to the rear. Any tail lamp or tail lamps, together with any separate lamp or lamps for illuminating the rear registration plate, shall be so wired as to be lighted whenever the head lamps or auxiliary driving lamps are lighted.

(c) Reflectors

1. Every motorcycle and motor-driven cycle shall carry on the rear, either as part of the tail lamp or separately, at least one (1) red reflector meeting the requirements of Section 112(b).

(d) Stop Lamps

1. Every motorcycle and motor-driven cycle shall be equipped with at least one (1) stop lamp meeting the requirements of Section 124(e).

(e) Lamps on Parked Vehicles

1. Every motorcycle must comply with the provisions of Section 121 regarding lamps on parked vehicles and the use thereof.

2. Motor-driven cycles need not be equipped with parking lamps nor otherwise comply with the provisions of Section 121.

(f) Multiple-beam Road-lighting Equipment

1. Every motorcycle other than a motor-driven cycle shall be equipped with multiple-beam road-lighting equipment.

2. Such equipment shall:

a. Reveal persons and vehicles at a distance of at least three hundred (300) feet ahead when the uppermost distribution of light is selected;

b. Reveal persons and vehicles at a distance of at least one hundred fifty (150) feet ahead when the lowermost distribution of light is selected, and on a straight, level road under any condition of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

(g) Lighting Equipment for Motor-driven Cycles. The head lamp or head lamps upon every motor-driven cycle may be of the single-beam or multiple-beam type but in either event shall comply with the requirements and limitations as follows:

1. Every said head lamp or head lamps on a motor-driven cycle shall be of sufficient intensity to reveal persons and vehicles at a distance of not less than one hundred (100) feet when the motor-driven cycle is operated at any speed less than twenty-five (25) miles per hour and at a distance of not less than two hundred (200) feet when the motor-driven cycle is operated at a speed of twenty-five (25) or more miles per hour, and at a distance of not less than three hundred (300) feet when the motor-driven

cycle is operated at a speed of thirty-five (35) or more miles per hour.

2. In the event the motor-driven cycle is equipped with a multiple-beam head lamp or head lamps, such equipment shall comply with the requirements of subsection (f) of said section.

3. In the event the motor-driven cycle is equipped with a single-beam lamp or lamps, said lamp or lamps shall be so aimed that when the vehicle is loaded none of the high-intensity portion of light, at a distance of twenty-five (25) feet ahead, shall project higher than the level of the center of the lamp from which it comes.

(h) Brake Equipment Required. Every motorcycle and motor-driven cycle must comply with the provisions of Section 132, except that:

1. Motorcycles and motor-driven cycles need not be equipped with parking brakes.

2. The wheel of a sidecar attached to a motorcycle or to a motor-driven cycle, and the front wheel of a motor-driven cycle need not be equipped with brakes, provided that such motorcycle or motor-driven cycle is capable of complying with the performance requirements of this article.

(i) Performance Ability of Brakes. Every motorcycle and motor-driven cycle, at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

1. Developing a braking force that is not less than 43.5% of its gross weight;

2. Decelerating to a stop from not more than twenty (20) miles per hour at not less than fourteen (14) feet per second; and

3. Stopping from a speed of twenty (20) miles per hour in not more than thirty (30) feet, such distance to be measured from the point at which movement of the service brake pedal or control begins.

Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus or minus one per cent grade), dry, smooth, hard surface that is free from loose material.

(j) Brakes on Motor-driven Cycles

1. The Director is authorized to require an inspection of the braking system on any motor-driven cycle and to disapprove any such braking system on a vehicle which he finds will not comply with the performance ability standard set forth in Subsection (i), or which in his opinion is equipped with a braking system that is not so designed or constructed as to insure reasonable and reliable performance in actual use.

2. The State Highway Department may refuse to register or may suspend or revoke the registration of any vehicle referred to in this section when it

determines that the braking system thereon does not comply with the provisions of this section.

3. No person shall operate on any highway any vehicle referred to in this section in the event the Director has disapproved the braking system upon such vehicle.

(k) Other Equipment. Every motorcycle and every motor-driven cycle shall comply with the requirements and limitations of Section 133 on horns and warning devices, Section 134 on mufflers and prevention of noise, and Section 134A on mirrors.

#### ARTICLE XV-INSPECTION OF VEHICLES

##### Compulsory Inspection

Sec. 140. (a) Every motor vehicle, trailer, semi-trailer, pole trailer, or mobile home, registered in this state and operated on the highways of this state, shall have the tires, brake system (including power brake unit), lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering system (including power steering), wheel assembly, safety guards or flaps if required by Section 139A of this Act, tax decal if required by Section 141(d) of this Act, exhaust system, and exhaust emission system inspected at state-appointed inspection stations or by State Inspectors as hereinafter provided. Provisions relating to the inspection of trailers, semitrailers, pole trailers, or mobile homes shall not apply when the registered or gross weight of such vehicles and the load carried thereon is four thousand five hundred (4,500) pounds or less. Only the mechanism and equipment designated in this section may be inspected, and the owner shall not be required to have any other equipment or part of his motor vehicle inspected as a prerequisite for the issuance of an inspection certificate.

(b) If such inspection discloses the necessity for adjustments, corrections, or repairs, the vehicle shall be adjusted, corrected, or repaired before a certificate is issued as hereinafter provided. The owner may have such adjustments, corrections, or repairs made by such qualified person or persons as he may choose, subject to reinspection as hereinafter provided.

If an inspection discloses the necessity for adjustments, corrections, or repairs, such vehicle shall be reinspected once within fifteen (15) days, not including day of issuance, free of charge at the same inspection station after the adjustments, corrections, or repairs have been made. Any such vehicle under the terms of this Act, if involved in an accident subsequent to the required inspection, which accident affects the safe operation of any item of inspection, shall return to an inspection station after adequate repairs are made. The subsequent inspection shall be as if the vehicle had not been inspected

before. The inspection fee shall be charged for reinspection.

(c) Official inspection stations appointed and supervised by the State of Texas shall make all inspections pursuant to the provisions of this Section, except as provided in subdivision (d) hereof. The Department shall cause one (1) inspection to be made in the year commencing with the effective date of this Act, and annually thereafter. If the motor vehicle, trailer, semi-trailer, pole trailer or mobile home, registered in this State, is damaged to the apparent extent that it would require repair before passing state inspection, the investigating officer shall remove the inspection certificate from the vehicle windshield and shall give the operator of the vehicle a dated receipt. Within thirty (30) days of the date indicated on the receipt, the vehicle shall be reinspected. The periods of inspection shall be fixed by the Department, provided, however, that at no time, except as provided in Section 142A of this Act, shall a certificate of inspection or a receipt for a certificate of inspection be required or demanded as a condition precedent to securing a license plate for any motor vehicle, regardless of any period or periods of inspection as may be fixed by the Department. The Department shall have power to make rules and regulations, not inconsistent with law, with respect to the periods of inspection.

(d) The Department may, in its discretion, permit inspection as herein provided to be made by State inspectors under such terms and conditions as the Department may prescribe. Provided, however, the Department may authorize the acceptance in this State of a certificate of inspection and approval issued in another state having a similar inspection law and may extend the time within which a certificate shall be obtained by the resident owner of a vehicle which was not in this State during the time an inspection was required.

(e) After the fifth (5th) day following the expiration of the period designated for the inspection, no person shall operate on the highways of this State any motor vehicle registered in this State unless a valid certificate of inspection is displayed thereon as required by this Section. Any peace officer who shall exhibit his badge or other signs of authority may stop any vehicle not displaying this inspection certificate on the windshield and require the owner or operator to produce an official inspection certificate for the Vehicle being operated. It is a defense to a prosecution under this section that a valid inspection certificate for the vehicle is in effect at the time of the arrest.

(f) All mopeds shall be subject to annual inspection in the same manner as are motorcycles and the fee for inspection shall be as provided in Section 141 of this Act and shall be used for the purposes prescribed by law. The only items of equipment required to be inspected are the brakes, headlamps, rear lamps, and reflectors, which are required to

comply with the standards prescribed in Section 139F of this Act for motorcycles and motor-driven cycles. The Department shall promulgate rules and regulations relating to the inspection of mopeds and the issuance and display of inspection certificates with respect to those vehicles.

(g) Any person operating a vehicle on the highways of this State, other than a vehicle licensed in another State and being temporarily and legally operated under a valid reciprocity agreement, in violation of the provisions of this Act or without displaying a valid inspection certificate or having equipment which does not comply with the provisions of Article XIV of this Act is guilty of a misdemeanor and on conviction shall be punished as provided in Section 143 of this Act.

(h) The provisions of this Act shall not apply to the vehicles referred to in Subsection (a) of this Section when moving under or bearing current "Factory-Delivery License Plates" or current "In-transit License Plates." Nor shall the provisions of this Act apply to farm machinery, road-building equipment, farm trailers, paper dealer in-transit tag, machinery license, disaster license, parade license, prorated tabs, one-trip permits, antique license, temporary 24-hour permits, permit license, and all other vehicles required to have a slow-moving-vehicle emblem under Section 139(b) of this Act.

(i) Deleted by Acts 1981, 67th Leg., p. 896, ch. 320, § 1, eff. Jan. 1, 1982.

#### State Appointed Inspection Stations

Sec. 141. (a) The Department may establish state-appointed inspection stations to carry out the provisions of this Section. Such stations may be located anywhere in the state, and should any be established or appointed, there shall be at least one (1) for each county. The Department is authorized to furnish instructions to, and to supervise official inspection stations and mechanics for inspection of motor vehicles, trailers, semi-trailers, pole trailers, and mobile homes for the proper and safe performance of the required items of inspection. The certification of persons to inspect vehicles shall be in accordance with the rules and regulations promulgated by the Department. Every person desiring to operate as an official inspection station shall file an application for a certificate of appointment with the Department.

The application shall be made upon a form prescribed and furnished by the Department, and shall set forth the name of the applicant, the name under which the applicant transacts or intends to transact business, the location of his place of business within the state, and such other information as the Department may require. If the applicant has or intends to have more than one place of business within the state, a separate application shall be made for each place of business.

If the applicant is an association, the application shall set forth the names and the addresses of the persons constituting the association, and if a corporation, the names and addresses of the principal officers thereof, and any other information prescribed by the Department for purposes of identification. The application shall be signed and verified by oath or affirmation by the owner, if a natural person; in the case of a corporation, by an executive officer thereof or some person specifically authorized by the corporation to sign the application, to which shall be attached written evidence of his authority.

Only such locations which fulfill the Department's requirements and whose owners or proprietors comply with the Department regulations shall qualify and be appointed and issued a certificate. Upon approval of an application, the Department shall issue to the owner a certificate of appointment as an official inspection station for the place of business within the state set forth in the application.

Certificates of appointment shall not be assignable, and shall be valid for the owners in whose names issued and for the transaction of business at the place designated therein, and shall at all times be conspicuously displayed at the place for which issued.

The application for certificate as an inspector will be made upon a form prescribed and furnished by the Department and shall set forth the name of the applicant, residence address, place of employment address, driver license number, and such other information as the Department may require. An applicant for appointment as an inspector shall submit with his first application a certificate fee of Ten Dollars (\$10). An individual's first appointment as an inspector is effective until August 31 of the even-numbered year following the date of appointment. Thereafter, appointments as inspectors shall be made for two-year periods, and the certificate fee for each two-year period shall be Ten Dollars (\$10).

Upon being advised that an application will be approved, an applicant for an appointment as an inspection station shall pay a fee of Thirty Dollars (\$30) which shall constitute the certificate fee until August 31 of the odd-numbered year following the date of appointment. Thereafter, appointments of stations shall be made for two-year periods and the certificate fee for each such period shall be Thirty Dollars (\$30). All certificate fees shall be placed in a fund in the State Treasury to be known as the Motor Vehicle Inspection Fund and shall be used by the Department in the administration of this Act.

(b) Any owner of an official inspection station who by himself, agent, servant, or employee, violates any provision of Section 140, 141, 142, or 142A of this Act, or requires the repair of any mechanism or equipment other than that set forth in the uniform standards of safety items to be inspected as

established, shall upon conviction, be punished by a fine not exceeding Two Hundred Dollars (\$200).

(c) The fee for compulsory inspection to be made under this Section shall be Five Dollars and Twenty-Five Cents (\$5.25). Two Dollars (\$2.00) of each fee shall be paid to the Department and shall be placed in the Motor Vehicle Inspection Fund for the purpose of paying the expense of the administration of this law and the payment of supplemental retirement benefits as provided by law. The Department may require each official inspection station to make an advanced payment of Two Dollars (\$2.00) for each inspection certificate furnished to it, and the money so received shall be placed in the Motor Vehicle Inspection Fund, and no further payment to the Department shall be required upon issuance of the certificate. If such advance payment has been made, the Department shall refund to the inspection station the amount of Two Dollars (\$2.00) for each unissued certificate which the inspection station returns to the Department in accordance with rules and regulations promulgated by the Department.

(d) No certificate of inspection shall be issued by any inspector or inspection station until the vehicle has been inspected and found to be in proper and safe condition and to comply with the uniform standards of safety, inspection rules and regulations, and laws of this state. No person shall make, issue, or knowingly use an imitation or counterfeit of an official inspection certificate. No certificate of inspection may be issued by any inspector or inspection station for a motor vehicle equipped with a carburetion device permitting the use of liquefied gas alone or interchangeably with other fuels, unless a currently valid liquefied gas tax decal issued by the comptroller of public accounts is affixed to the lower right-hand corner of the front windshield of the vehicle on the passenger side.

No person shall display or cause or permit to be displayed any inspection certificate knowing the same to be fictitious or issued for another vehicle or issued without the required inspection having been made. No person may transfer an inspection certificate from one windshield or location to another windshield or location.

No person shall perform an inspection or issue an inspection certificate without such person first having been certified to do so by the Department.

No person shall drive or move on any highway any motor vehicle, trailer, semitrailer, pole trailer, mobile home, or combination thereof unless the equipment upon any and every said vehicle is in good working order and adjustment as required in this Act and said vehicle is in such safe mechanical condition as not to endanger the driver or other occupant or any person or property.

(e) The Department may appoint as official inspection stations, for the limited purpose of inspecting vehicles owned by political subdivisions and

agencies of the state, vehicle maintenance facilities owned and operated by the political subdivisions or agencies. The political subdivisions and agencies may not be required to pay the compulsory inspection fee but shall pay to the Department an advance payment such as provided for in Subsection (c) of this section for each inspection certificate issued to it. The funds received by the Department shall be placed in the Motor Vehicle Inspection Fund and used for the purposes prescribed by law. Inspection stations appointed under this subsection must satisfy all requirements set forth in Sections 140, 141, 142, and 142A of this Act except the provisions relating to the fee contained in Subsection (a) of this section. No officer, employee, or inspector of any political subdivision or agency shall place or cause to be placed any inspection certificate received from the Department under the provisions of this subsection on any vehicle other than a vehicle owned by the political subdivision or agency.

(f) The Director may deny an application for a license or revoke or suspend an outstanding certificate of any inspection station or the certificate of any person to inspect vehicles, in addition to action taken under Subsection (g) of this section, for any of the following reasons:

(1) issuing a certificate without required adjustments, corrections, or repairs having been made when an inspection disclosed the necessity for those adjustments, corrections, or repairs;

(2) refusing to allow the owner of the vehicle to have required corrections or adjustments made by any qualified person he may choose;

(3) issuing an inspection certificate without having made an inspection of the vehicle;

(4) knowingly or wilfully issuing an inspection certificate for a vehicle without the required items of inspection or with items which were not at the time of issuance in good condition and in conformity with the laws of this state or in compliance with rules of the Commission;

(5) failure to charge the required fee for inspection;

(6) charging more than the required inspection fee;

(7) issuing an inspection certificate without being certified to do so by the Department;

(8) proof of unfitness of applicant or licensee under standards set out in this Act or in Commission rules;

(9) material misrepresentation in any application or any other information filed under this Act or Commission rules;

(10) wilful failure to comply with this Act or any rule promulgated by the Commission under the provisions of this Act;

(11) failure to maintain the qualifications for a license; or

(12) any act or omission by the licensee, his agent, servant, employee, or person acting in a representative capacity for the licensee which act or omission would be cause to deny, revoke, or suspend a license to an individual licensee.

When there is cause to deny an application for a certificate of any inspection station or the certificate of any person to inspect vehicles or revoke or suspend the outstanding certificate, the Director shall, in less than thirty (30) days before refusal, suspension, or revocation action is taken, notify the person, in writing, in person, or by certified mail at the last address supplied to the Department by the person, of the impending refusal, suspension, or revocation, the reasons for taking that action, and of his right to an administrative hearing for the purpose of determining whether or not the evidence is sufficient to warrant the refusal, suspension, or revocation action proposed to be taken by the Director. If, within twenty (20) days after the personal notice of the notice is sent or notice has been deposited in the United States mail, the person has not made a written request to the Director for this administrative hearing, the Director, without a hearing, may suspend or revoke or refuse to issue any certificate. On receipt by the Director of a written request of the person within the twenty-day (20-day) period, an opportunity for an administrative hearing shall be afforded as early as is practicable. In no case shall the hearing be held less than ten (10) days after written notification, including a copy of the charges, is given the person by personal service or by certified mail sent to the last address supplied to the Department by the applicant or certificate holder. The administrative hearing in these cases shall be before the Director or his designee. The Director or his designee shall conduct the administrative hearing and may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books, papers, or documents. On the basis of the evidence submitted at the hearing, the Director acting for himself or upon the recommendation of his designee may refuse the application or suspend or revoke the certificate.

Any person dissatisfied with the action of the Director, without filing a motion for rehearing, may appeal the action of the Director by filing a petition within thirty (30) days after the action is taken in a district court in the county where the person resides or in a district court of Travis County, and the court is vested with jurisdiction, and it shall be the duty of the court to set the matter for hearing upon ten (10) days written notice to the Director and the attorney representing the Director. The court in which the petition of appeal is filed shall determine whether any action of the Director shall be suspended pending hearing and enter its order accordingly, which shall be operative when served upon the

Director, and the Director shall provide the attorney representing the Director with a copy of the petition and order. The Director shall be represented in these appeals by the district or county attorney of the county, or the attorney general, or any of their assistants.

(g) No person who performs an inspection at a state-appointed inspection station may fraudulently represent to an applicant that a mechanism or item of equipment required to be inspected must be repaired, adjusted, or replaced before the vehicle will pass inspection when that is not the case. The Department may cancel or suspend the certificate of appointment of any state-appointed inspection station or the certificate of the person performing the inspection if it finds, after notice and hearing, that a violation of this Section occurred at the inspection station.

#### Safety Standards, Inspection Certificates and Verification Forms

Sec. 142. (a) The Public Safety Commission shall establish uniform standards of safety whenever applicable with respect to items to be inspected as provided by Section 140 of this Act and shall list those items to be inspected in conformity with these standards established as provided by law. The list of items to be inspected and uniform standards of safety shall be posted in every official inspection station. Every vehicle inspected shall conform in all respects to the uniform standards of safety and the list of items to be inspected established pursuant to this Section.

(b) The Department shall furnish serially numbered certificates of inspection and verification forms to inspection stations. It shall be the responsibility of each owner and certified inspector, upon being licensed, to provide for the safekeeping of certificates of inspection and verification forms, safeguarding them against theft, loss or damage, controlling their sequence of issuance, and insuring that they are issued in accordance with the Department rules and regulations. Each inspection certificate and verification form, when issued, shall bear such information as required by the Department for the type of vehicle that was inspected. The inspection certificate shall be invalid after the end of the twelfth month in which the vehicle was last inspected, approved, and the certificate of inspection issued. A certificate of inspection and approval for any vehicle shall be attached to or produced for such vehicles as the Department shall require. The Department shall require that certificates for motorcycles be attached to the rear of the vehicle near the license plate. A record and report as prescribed by the Department shall be made of every inspection and every certificate so issued. No unused certificates of inspection representing a prior inspection period shall be issued after the beginning of the next ensuing period.

(c) The Department may adopt rules necessary for the administration and enforcement of Article XV of this Act.

(d) The Public Safety Commission shall establish a parameter motor vehicle emissions inspection and maintenance program for vehicles registered in any county in this state which does not meet National Ambient Air Quality Standards and for which the Texas Air Control Board has adopted a resolution requesting the department to institute such a program.

(e) The Public Safety Commission shall adopt standards for inspection criteria applicable to a county in which such a program, pursuant to Subsection (d) of this section, is established.

(f) The department may issue a unique inspection certificate for those vehicles inspected pursuant to Subsection (d) of this section.

(g) The Public Safety Commission may establish by rule an inspection fee in addition to the fee for compulsory inspection as provided by Subsection (c) of Section 141 of this Act for those vehicles inspected pursuant to Subsection (d) of this section, and such additional fee shall not exceed \$5.

(h) A motor vehicle emissions inspection and maintenance program instituted under this Act shall be terminated upon discontinuation of federal requirements for such action.

#### Inspection Before Certificate of Title Registration

Sec. 142A. (a) Before a vehicle may be registered and titled under Subsection (a), Section 30, Certificate of Title Act, as amended (Article 6687-1, Vernon's Texas Civil Statutes), the owner must have the vehicle inspected as required under Section 140 of this Act and in addition must have the state-appointed inspection station record the permanent identification number, the number appearing on the odometer of the motor vehicle at the time of the inspection, if the motor vehicle has an odometer and such other information as the Department may require on a verification form prescribed and furnished by the Department.

(b) An inspection station may not issue a verification form required under Subsection (a) of this section unless the vehicle satisfies the inspection requirements under Article XV of this Act.

(c) The fee for issuance of an inspection certificate and advance payment to the Department for certificates issued under this section shall be as provided under Subsection (c), Section 141 of this Act and shall be placed in the Motor Vehicle Inspection Fund and used for the purposes prescribed by law. The inspection station shall charge in addition

to the fee for compulsory inspection as provided by Subsection (c), Section 141 of this Act a fee of One Dollar (\$1) for each verification form issued as required by this section.

#### ARTICLE XVI—PENALTIES AND DISPOSITION OF FINES AND FORFEITURES

##### Penalties for Misdemeanors

Sec. 143. (a) It is a misdemeanor for any person to violate any of the provisions of this Act unless such violation is by this Act or other law of this State declared to be a felony.

(b) Every person convicted of a misdemeanor for a violation of any of the provisions of this Act for which another penalty is not provided shall be punished by a fine of not less than One (\$1.00) Dollar nor more than Two Hundred (\$200.00) Dollars.

##### Dismissal of Certain Misdemeanor Charges Upon Completing Driving Safety Course

Sec. 143A. (a) When a person is charged with a misdemeanor offense under this Act, other than a violation of Section 51, committed while operating a motor vehicle, the court:

(1) in its discretion may defer proceedings and allow the person 90 days to present evidence that, subsequent to the alleged act, the person has successfully completed a defensive driver's course approved by the Texas Department of Public Safety or other driving safety course approved by the court; or

(2) shall defer proceedings and allow the person 90 days to present written evidence that, subsequent to the alleged act, the person has successfully completed a defensive driver's course approved by the Texas Department of Public Safety or another driving safety course approved by the court, if:

(A) the person presents to the court an oral request or written motion to take a course;

(B) the person has a valid Texas driver's license or permit; and

(C) the person's driving record as maintained by the Texas Department of Public Safety does not indicate successful completion of a driving safety course under this subdivision within the two years immediately preceding the date of the alleged offense.

(b) When the person complies with the provisions of Subsection (a) of this section and the evidence presented is accepted by the court, the court shall dismiss the charge.

When a charge is dismissed under this section, the charge may not be part of the person's driving record or used for any purpose, but the court shall report the fact that a person has successfully completed a driving safety course and the date of completion to the Texas Department of Public Safety for inclusion in the person's driving record. The court shall note in its report whether the course was taken under the procedure provided by Subdivision (2) of Subsection (a) of this section for the purpose of providing information necessary to determine eligibility to take a subsequent course under that subdivision.

#### Disposition of Fines and Forfeitures

Sec. 144. (a) Fines collected for violation of any highway law as set forth in this Act shall be used by the municipality or the counties in which the same are assessed and to which the same are payable in the construction and maintenance of roads, bridges, and culverts therein, and for the enforcement of the traffic laws regulating the use of the public highways by motor vehicles and motorcycles and to help defray the expense of county traffic officers.

(b) When a person is convicted in a municipal court of the offense of operating a vehicle on an interstate highway, as that term is defined in Subsection 144(c), at a speed greater than is reasonable and prudent under the circumstances, the municipal court shall remit to the state treasurer any portion of the fine assessed and collected which exceeds two dollars (\$2) times the number of miles per hour by which the offender exceeded the posted speed limit as such excess speed is determined by a speed-measuring device as defined in Subsection 144(d). The number of miles per hour by which an offender exceeds the posted speed limit is determined by subtracting the posted prima facie speed limit from the number of miles per hour the offender is alleged to have driven at the time of the offense according to the summons or promise to appear. The state treasurer shall deposit funds received under this Section in the General Revenue Fund.

(c) Definition: "Interstate highway" as used herein is a portion of the national system of interstate and defense highways located within this state which now or hereafter may be designated officially by the Texas Highway Commission and approved pursuant to Title 23, United States Code.

(d) Definition: "Speed-measuring device" as used herein is any "Doppler shift speed meter" or other "radar" device whether operating under a pulse principle or a continuous-wave principle, photo-traffic camera, or any other electronic device used to detect and measure speed.

(e) The provisions of Subsection 144(b), shall not be applicable to municipal courts of any municipali-

ty having a population of 5,000 or more inhabitants according to the last preceding federal census.

#### ARTICLE XVII—PARTIES, PROCEDURE UPON ARREST, AND REPORTS IN CRIMINAL CASES

##### Parties to a Crime

Sec. 145. Every person who commits, attempts to commit, conspires to commit, or aids or abets in the commission of, any act declared herein to be a crime, whether individually or in connection with one or more other persons or as a principal, agent, or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcibly, or wilfully induces, causes, coerces, requires, permits, or directs another to violate any provision of this Act is likewise guilty of such offense.

##### Offense by Persons Owning or Controlling Vehicles

Sec. 146. It is unlawful for the owner, or any other person, employing or otherwise directing the driver of any vehicle to require or knowingly to permit the operation of such vehicle upon a highway in any manner contrary to law.

##### Person Arrested Must be Taken Immediately Before a Magistrate

Sec. 147. Whenever any person is arrested for any violation of this Act punishable as a misdemeanor, the arrested person shall be immediately taken before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of such offense and is nearest or most accessible with reference to the place where said arrest is made, in any of the following cases:

1. When a person arrested demands an immediate appearance before a magistrate;
2. When the person is arrested upon a charge of negligent homicide;
3. When the person is arrested upon a charge of driving while under the influence of intoxicating liquor or narcotic drugs;
4. When the person is arrested upon a charge of failure to stop in the event of an accident, causing death, personal injuries, or damage to property;
5. In any other event when the person arrested refuses to give his written promise to appear in court as hereinafter provided.

##### Notice to Appear in Court; Promise to Appear

Sec. 148. (a) Whenever a person is arrested for any violation of this Act punishable as a misdemeanor, and such person is not immediately taken before a magistrate as hereinbefore required, the arresting officer shall prepare in duplicate written notice to appear in court containing the name and address of

such person, the license number of his vehicle, if any, the offense charged, and the time and place when and where such person shall appear in court. Provided, however, that the offense of speeding shall be the only offense making mandatory the issuance of a written notice to appear in court, and only then if the arrested person gives his written promise to appear in court, by signing in duplicate the written notice prepared by the arresting officer; and provided further, that it shall not be mandatory for an officer to give a written notice to appear in court to any person arrested for the offense of speeding when such person is operating a vehicle licensed in a state or country other than the State of Texas or who is a resident of a state or country other than the State of Texas, except as provided by the Nonresident Violator Compact of 1977.<sup>1</sup>

(b) The time specified in said notice to appear must be at least ten (10) days after such arrest unless the person arrested shall demand an earlier hearing.

(c) The place specified in said notice to appear must be before a magistrate within the city or county in which the offense charged is alleged to have been committed and who has jurisdiction of such offense.

(d) The arrested person in order to secure release as provided in this section, must give his written promise so to appear in court by signing in duplicate the written notice prepared by the arresting officer. The original of said notice shall be retained by said officer and the copy thereof delivered to the person arrested. Thereupon, said officer shall forthwith release the person arrested, from custody.

(e) Any officer violating any of the provisions of this section shall be guilty of misconduct in office and shall be subject to removal from office.

<sup>1</sup> Article 6701d-23.

#### Violation of Promise to Appear

Sec. 149. (a) Any person wilfully violating his written promise to appear in court, given as provided in this Article, is guilty of a misdemeanor regardless of the disposition of the charge upon which he was originally arrested.

(b) A written promise to appear in court may be complied with by an appearance by counsel.

#### Procedure Prescribed Herein Not Exclusive

Sec. 150. The foregoing provisions of this Article shall govern all police officers in making arrests without a warrant for violations of this Act, but the

procedure prescribed herein shall not otherwise be exclusive of any other method prescribed by law for the arrest and prosecution of a person for an offense of like grade.

#### Conviction for Traffic Violation Not to Affect Credibility of Witness

Sec. 151. The conviction of a person upon a charge of violating any provision of this Act or other traffic regulation less than a felony shall not affect or impair the credibility of such person as a witness in any civil or criminal proceeding.

#### Repeal

*By order of the Texas Supreme Court dated November 23, 1982, effective September 1, 1983, adopting the Texas Rules of Evidence, § 151 of this article is deemed to be repealed insofar as it relates to civil actions by the Rules of Practice Act, Acts 1939, 46th Leg., p. 201, § 1, classified as art. 1731a, § 1.*

#### Convictions to be Reported to Department

Sec. 152. (a) Every magistrate or judge of a court not of record and every clerk of a court of record shall keep a full record of every case in which a person is charged with any violation of this Act or of any other law regulating the operation of vehicles on highways.

(b) Within ten (10) days after conviction of forfeiture of bail of a person upon a charge of violating any provision of this Act or other law regulating the operation of vehicles on highways, every said magistrate of the court or clerk of the court of record in which such conviction was had or bail was forfeited shall prepare and immediately forward to the department an abstract of the record of said court covering the case in which said person was so convicted or forfeited bail, which abstract must be certified by the person so required to prepare the same to be true and correct.

(c) Said abstract must be made upon a form furnished by the Department and shall include the name and address of the party charged, the number, if any, of his operator's, commercial operator's, or chauffeur's license, the registration number of the vehicle involved, the nature of the offense, the date of hearing, the plea, the judgment, or whether bail forfeited and the amount of the fine or forfeiture as the case may be.

(d) Every court of record shall also forward a like report to the department upon the conviction of any person of negligent homicide or any felony in the commission of which a vehicle was used.

(e) The failure, refusal, or neglect of any such judicial officer to comply with any of the requirements of this Section shall constitute misconduct in office and shall be grounds for removal therefrom.

(f) The department shall keep all abstracts received hereunder at its main office.

#### Arrest Without Warrant

Sec. 153. Any peace officer is authorized to arrest without warrant any person found committing a violation of any provision of this Act.

### ARTICLE XVIII—EFFECT OF AND SHORT TITLE OF ACT

#### Short Title

Sec. 154. This Act may be cited as the Uniform Act Regulating Traffic on Highways.

#### Constitutionality

Sec. 155. If any part or parts of this Act shall be held to be unconstitutional, such unconstitutionality shall not affect the validity of the remaining parts of this Act. The Legislature hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts thereof would be declared unconstitutional.

#### Repeal of Inconsistent Laws

Sec. 156. All laws or parts of laws inconsistent or conflicting with the provision of this Act are hereby repealed, provided, however, that nothing in this Act is intended to repeal provisions of Section 1 of Chapter 88, of the Acts of the Forty-first Legislature, Second Called Session, 1929, as amended by Chapter 23, Acts of the Forty-first Legislature, Fifth Called Session, 1930, and Chapter 110, Acts of the Forty-seventh Legislature, Regular Session, 1941,<sup>1</sup> or House Bill No. 407, Page 602, Volume 1, Acts of the Forty-sixth Legislature, Regular Session, 1939, as amended by Chapter 187, Acts of the Forty-seventh Legislature, Regular Session, 1941.<sup>2</sup>

If there be a conflict between any of the provisions of this Act and the orders, rules, regulations, and requirements of the Interstate Commerce Commission or the Railroad Commission of Texas, relating to the equipping, and other safety requirements of vehicles, motor vehicles, truck tractors, trucks, busses, trailers, semi-trailers, or pole-trailers, compliance by the owner or operator of such vehicles with such orders, rules, and regulations of the Interstate Commerce Commission or the Railroad Commission of Texas shall be deemed a compliance with this Act; except that any requirements of this Act in addition to, but not in conflict with, the requirements of the Interstate Commerce Commis-

sion or the Railroad Commission shall be complied with.

<sup>1</sup> Article 6675a-1.

<sup>2</sup> Article 6687-1.

#### Emergency Clause

Sec. 157. [Emergency clause of Acts 1947, 50th Leg., p. 1002, ch. 421, enacting this article.]

#### Traffic Signals or Signs in Cities or Towns With Less Than 2,500 Population

Sec. 158. No incorporated city or town with a population of less than two thousand, five hundred (2,500) according to the last preceding Federal Census shall enact any ordinance for the erection or operation of any traffic signal or sign on any State Highway the cost of which has been paid, either in whole or in part, by the State of Texas, in any such city or town without prior approval thereof by the State Highway Department. Such city or town shall make written application to the State Highway Department for approval of such installation and operation, and upon the filing of any such application, the State Highway Department shall designate an employee to investigate such application, and within ninety (90) days thereafter, said Department shall grant or refuse such application. In granting any such application, the Highway Department may prescribe the conditions under which the signals or signs may be erected and operated, their location, size, shape, height, color, wording, timing, spacing, and all other aspects of such signals or signs, provided that the Highway Department shall consider not only the convenience of the traveling public in raising speed limits in noncongested areas, but also the proper control of traffic for the protection of the lives of school children and other inhabitants of small communities where there are areas of congestion and cross traffic.

#### Arrest for Non-Compliance With Unauthorized Signal or Sign

Sec. 159. If any officer shall arrest or attempt to arrest or stop the driver of any vehicle for failing to comply with any unauthorized traffic signal or sign, knowing that such signal or sign has not been authorized, he shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than One Hundred Dollars (\$100) and not more than Five Hundred Dollars (\$500).

#### Injunction Against Unauthorized Signals or Signs

Sec. 160. If any such incorporated city or town shall erect or maintain any traffic signal or sign without having been duly authorized as provided

herein, a suit to enjoin erection and maintenance of such signal or sign shall be prosecuted by the County or District Attorney of the county in which it is located, and if such attorneys shall fail to institute any such suit within fifteen (15) days after receipt of request therefor from any citizen of the State of Texas, then any citizen of the State may institute and prosecute same.

**Speed Limits in Cities or Towns With Less Than 2,500 Population; Fixing**

Sec. 161. The State Highway Department may, upon its own initiative, or upon the application of any city or town or any citizen of the State of Texas, fix the speed limits on such State Highways within the limits of any incorporated city or town of less than two thousand, five hundred (2,500) population according to the last preceding Federal Census, higher or lower than the prima facie speed limits now otherwise established by law, in the same manner as provided in Section 158 hereof, provided that fixing of such speed limits shall be done in accordance with the provisions of Chapter 346 of the Acts of the Fifty-second Legislature, 1951, except where inconsistent herewith.

**Arrest for Speed Permitted by Department**

Sec. 162. If any officer shall arrest, or attempt to arrest, the operator of any motor vehicle for traveling at a rate of speed permitted by the State Highway Department on any State Highway within the limits of any such incorporated city or town, he shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than One Hundred Dollars (\$100) and not more than Five Hundred Dollars (\$500).

**Ordering Removal or Alteration of Traffic Signal or Sign**

Sec. 163. The State Highway Department may, upon its own initiative, or upon the application of any incorporated city or town or any citizen of the State of Texas, order the removal or alteration of any traffic signal or sign erected prior to the passage of this Act.

**Counties to Which Preceding Sections Applicable**

Sec. 164. The provisions of the preceding Sections 158, 159, 160, 161, 162, and 163 of this Act shall not apply to cities and towns in counties of less than two hundred and fifty thousand (250,000) population according to the last Federal Census.

**Preceding Sections Applicable Only to State Highways**

Sec. 165. Nothing in this Act shall be construed to take away from any incorporated city its authori-

ty and jurisdiction over its streets except to the extent provided herein in connection with State Highways only, the cost of which has been paid in whole or in part by the State.

**ARTICLE XIX—SPEED RESTRICTIONS**

**Maximum Speeds of Vehicles**

Sec. 166. (a) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the circumstances then existing. Except when a special hazard exists that requires lower speeds for compliance with paragraph (b) of this Section, the limits specified in this Section or established as hereinafter authorized shall be lawful, but any speed in excess of the limits specified in this Section or established as hereinafter authorized shall be prima facie evidence that the speed is not reasonable or prudent and that it is unlawful:

1. Thirty (30) miles per hour in any urban district;

2. Seventy (70) miles per hour during the daytime and sixty-five (65) miles per hour during the nighttime for any passenger car, motorcycle, or motor-driven cycle on any State or Federal numbered highway outside any urban district, including farm- and/or ranch-to-market roads, and sixty (60) miles per hour during the daytime and fifty-five (55) miles per hour during the nighttime for any passenger car, motorcycle, or motor-driven cycle on all other highways outside any urban district;

3. Sixty (60) miles per hour for all other vehicles on any highway outside any urban district;

4. The speed limits for any bus or other vehicle engaged in this State in the business of transporting passengers for compensation or hire, for any commercial vehicle which is in authorized use as a "Highway Post Office" vehicle furnishing Highway Post Office service in the transportation of the United States mail, and for any light truck, as described in Subdivision 5 of this subsection, shall be the same as prescribed for passenger cars at the same location.

5. The above limitations notwithstanding, the following prima facie maximum limits are declared, for any highway outside any urban district;

a. Forty-five (45) miles per hour for any vehicle towing any house trailer of actual or registered gross weight exceeding four thousand, five hundred (4,500) pounds or with an over-all length exceeding thirty-two (32) feet, excluding the tow bar.

b. Sixty (60) miles per hour in daytime and fifty-five (55) miles per hour during nighttime for any truck, except light trucks as described in this Subdi-

vision 5, truck tractor, trailer or semitrailer, or for any vehicle towing any trailer, semitrailer, another motor vehicle, or any house trailer of actual or registered gross weight, less than four thousand, five hundred (4,500) pounds and over-all length of thirty-two (32) feet or less, excluding the tow bar.

c. Fifty (50) miles per hour for any school bus.

"Daytime" means from one-half ( $\frac{1}{2}$ ) hour before sunrise to one-half ( $\frac{1}{2}$ ) hour after sunset, and "nighttime" means at any other hour.

"Urban District" means the territory contiguous to and including any highway or street which is built up with structures devoted to business, industry or dwelling houses, situated at intervals of less than one hundred (100) feet for a distance of one-quarter ( $\frac{1}{4}$ ) of a mile or more on either side.

"Passenger car" means every motor vehicle, except motorcycles and motor-driven cycles, designed for carrying ten (10) passengers or less and used for the transportation of persons.

"Light truck" means any truck, as defined in this Act, with a manufacturer's rated carrying capacity not to exceed two thousand (2,000) pounds and is intended to include those trucks commonly known as pick-up trucks, panel delivery trucks and carry-all trucks.

The maximum speed limits set forth in this Section may be altered as authorized in Sections 167, 168 and 169.

(b) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(c) The driver of every vehicle shall, consistent with the requirements of paragraph (b), drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions.

(d) A person may not operate a motor vehicle on a beach at a speed greater than 25 miles per hour during the daytime or greater than 20 miles per hour during the nighttime.

#### Authority of State Highway Commission to Alter Maximum Speed Limits

Sec. 167. (a) Whenever the State Highway Commission shall determine upon the basis of an engineering and traffic investigation that any prima

facie maximum speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the highway system, taking into consideration the width and condition of the pavement and other circumstances on such portion of said highway as well as the usual traffic thereon, said State Highway Commission may determine and declare a reasonable and safe prima facie maximum speed limit thereat or thereon, and another reasonable and safe speed when conditions caused by wet or inclement weather require it, by proper order of the Commission entered on its minutes, which limits, when appropriate signs giving notice thereof are erected, shall be effective at such intersection or other place or part of the highway system at all times or during hours of daylight or darkness, or at such other times as may be determined; provided, however, that said State Highway Commission shall not have the authority to modify or alter the rules established in Paragraph (b) of Section 166, nor to establish a speed limit higher than seventy (70) miles per hour; and provided further that the speed limits for vehicles described in Paragraphs a, b, and c of Subdivision 5 of Subsection (a) of Section 166 shall not be increased.

By wet or inclement weather is meant conditions of the pavement or roadway caused by precipitation, water, ice or snow which make driving thereon unsafe and hazardous.

(b) The authority of the State Highway Commission to alter maximum speed limits shall exist with respect to any part of any highway, road or street officially designated or marked by the State Highway Commission as part of the State Highway System. Also, this authority shall exist both within and without the limits of an incorporated city, town or village, including Home Rule Cities, with respect to highways declared to be limited-access or controlled-access highways as defined by this Act.

(c) The State Highway Commission shall, in conducting the engineering and traffic investigation specified in paragraph (a) of Section 167, follow its "Procedure for Establishing Speed Zones" which is in use on the effective date of this Act and as same may be subsequently revised for reasons of technological advancements in traffic operation, design and construction of highways and motor vehicles, as well as the safety of the motoring public.

(d) The State Highway and Public Transportation Commission shall hold upon request a public hearing at least once each calendar year to consider maximum prima facie speed limits on highways in the State Highway System that are near public or private institutions of elementary or secondary education.

**Authority of Texas Turnpike Authority to Alter  
Maximum Prima Facie Speed Limits on  
Turnpike Projects**

Sec. 168. (a) Whenever the Texas Turnpike Authority shall determine upon the basis of an engineering and traffic investigation that any maximum prima facie speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a turnpike constructed and maintained by it, taking into consideration the width and condition of the pavement and other circumstances on such portion of said turnpike as well as the usual traffic thereon, the Legislature hereby directs the Texas Turnpike Authority to determine and declare a reasonable and safe maximum prima facie speed limit thereat or thereon, by proper order of the Authority entered on its minutes, for all vehicles or for any class or classes of vehicles hereinabove established, which limit, when appropriate signs giving notice thereof are erected, shall be effective at such intersections or other places or part of the highway at all times or during hours of daylight or darkness, or at such other times as may be determined.

(b) The authority of the Texas Turnpike Authority to alter maximum prima facie speed limits shall be effective upon any part of any turnpike project constructed and maintained by it pursuant to House Bill No. 4, Chapter 410, Acts of 1953, Fifty-third Legislature, Regular Session, codified as Article 6674v, Vernon's Revised Civil Statutes of Texas, as same may be amended, both within and without the corporate limits of any incorporated city, town or village, including Home Rule Cities. Such authority shall be exclusive with respect to any such project, and the authorities prescribed in Sections 167 and 169 shall not apply upon any part of any such turnpike project; provided, however, that should any turnpike constructed by the Texas Turnpike Authority ever become a part of the designated State Highway System, the State Highway Commission shall then have the sole authority to alter maximum prima facie speed limits thereon as prescribed in Section 167. The Texas Turnpike Authority shall not have the authority to alter the basic rule established in paragraph (a) or Section 166 nor to establish a speed limit higher than seventy (70) miles per hour.

(c) The Texas Turnpike Authority shall, in conducting the engineering and traffic investigations specified in paragraph (a) of Section 168, following the "Procedure for Establishing Speed Zones" prepared by the Texas Highway Department<sup>2</sup> which is in use on the effective date of this Act and as same may be subsequently revised for reasons of technological advancements in traffic operation, design

and construction of highways and motor vehicles, as well as the safety of the motoring public.

**Authority of County Commissioners Court and Governing Bodies of Incorporated Cities, Towns and Villages to Alter Maximum Prima Facie Speed Limits**

Sec. 169. (a) The County Commissioners Court of any county with respect to county highways or roads outside the limits of the right-of-way of any official designated or marked highway, road or street of the State Highway System and outside the limits of any incorporated city, town or village shall have the same authority by order of the County Commissioners Court entered upon its records to alter maximum prima facie speed limits upon the basis of an engineering and traffic investigation as that delegated to the State Highway Commission with respect to any officially designated or marked highway, road or street of the State Highway System; provided that under no circumstances shall any County Commissioners Court have the authority to modify or alter the basic rule established in paragraph (a) of Section 166 nor to establish a speed limit higher than sixty (60) miles per hour.

(b) The governing body of an incorporated city, town or village with respect to any highway, street or part of a highway or street, including those marked as a route of a highway of the State Highway System, within its corporate limits, shall have the same authority by city ordinance to alter maximum prima facie speed limits upon the basis of an engineering and traffic investigation as that delegated to the State Highway Commission with respect to any officially designated or marked highway, road or street of the State Highway System; provided that under no circumstances shall any such governing body have the authority to modify or alter the basic rule established in paragraph (a) of Section 166, nor to establish a speed limit higher than sixty (60) miles per hour, and provided, further, that any order of the State Highway Commission declaring a speed limit upon any part of a designated or marked route of the State Highway System made pursuant to Section 167 shall supersede any city ordinance in conflict therewith.

(c) An incorporated city, town, or village with respect to any highway, street, or part of a highway or street, including those marked as a route of a highway of the State Highway System, within its corporate limits, shall have the same authority to alter maximum prima facie speed limits upon the basis of an engineering and traffic investigation as that delegated to the State Highway Commission with respect to any officially designated or marked highway, road, or street of the State Highway System, when the highway, street, or part of a highway or street, including those marked as a route of a highway of the State Highway System, is under

repair, construction, or maintenance, which limits, when appropriate signs giving notice of the limits are erected, shall be effective at that highway, street, or part of a highway or street, including those marked as a route of a highway of the State Highway System at all times or during hours of daylight or darkness, or at other times as may be determined; provided that under no circumstances may any governing body have the authority to modify or alter the basic rule established in Subsection (a) of Section 166, nor to establish a speed limit higher than sixty (60) miles per hour, and that any order of the State Highway Commission declaring a speed limit upon any part of a designated or marked route of the State Highway System made pursuant to Section 167 or Section 169B shall supersede any conflicting designated speed established under the provisions of this section.

*Text of (d) as added by Acts 1977, 65th Leg., p. 916, ch. 344, § 2*

(d) The governing body of an incorporated city, town, or village in which a public or private institution of elementary or secondary education is located shall hold upon request a public hearing at least once each calendar year to consider maximum prima facie speed limits on streets and highways, including highways in the State Highway System, near the institution. If a county road outside the State Highway System is located within 500 feet of a public or private institution of elementary or secondary education that is not within the limits of an incorporated city, town, or village, the county commissioners court shall hold upon request a public hearing at least once each calendar year to consider the maximum prima facie speed limit on the road near the institution. A municipal governing body or commissioners court may hold upon request one public hearing for all public and private institutions of elementary or secondary education within its jurisdiction.

*Text of (d) as added by Acts 1977, 65th Leg., p. 2120, ch. 846, § 1*

(d) The commanding officer of a United States military reservation, with respect to any highway, street, or part of a highway or street, including one marked as a route of a highway of the State Highway System, within the limits of the military reservation, has the same authority by order to alter maximum prima facie speed limits on the basis of an engineering and traffic investigation as that delegated to the State Highway and Public Transportation Commission with respect to any officially designated or marked highway, road, or street of the State Highway System. However, a commanding officer may not modify or alter the basic rule established in Subsection (a) of Section 166 of this Act, as

amended, nor may he establish a speed limit higher than sixty (60) miles an hour. An order of the State Highway and Public Transportation Commission declaring a speed limit on any part of a designated or marked route of the State Highway System made pursuant to Section 167 or Section 169B of this Act, as amended, supersedes any conflicting order of a commanding officer.

(e) The chairman of the State Highway and Public Transportation Commission and the chairman of the State Board of Education shall provide assistance and information relevant to consideration of speed limits to commissioners courts, municipal governing bodies, and other interested persons.

#### Special Speed Limitations

Sec. 169A. (a) No person shall operate any motor-driven cycle at any time mentioned in Subsection (a) of Section 109 at a speed greater than thirty-five (35) miles per hour unless such motor-driven cycle is equipped with a head lamp or lamps which are adequate to reveal a person or vehicle at a distance of three hundred (300) feet ahead.

(b) No person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than a maximum of ten (10) miles per hour.

(c) No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

(d) The State Highway Commission upon State highways, the Texas Turnpike Authority upon any part of a turnpike constructed and maintained by it, and local authorities on highways under their jurisdiction, may conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at a speed otherwise permissible under this Act, the Commission, Texas Turnpike Authority, or local authority shall determine and declare the maximum speed of vehicles which such structure can safely withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained before each end of such structure.

(e) No person may operate on a public highway at a speed greater than thirty (30) miles per hour any self-propelled machinery specifically designed or especially adapted for applying plant food materials or agricultural chemicals and not designed or adapted for the sole purpose of transporting the materials or chemicals, unless the machinery is registered under Chapter 88, General Laws, Acts of the 41st Legisla-

ture, 2nd Called Session, 1929, as amended (Article 6675a-1 et seq., Vernon's Texas Civil Statutes).

#### Temporary Speed Limits

Sec. 169B. (a) If the State Highway Commission finds that the facts specified in Subsection (b) of this section exist, it may enter an order establishing maximum prima facie speed limits of not more than seventy (70) miles per hour applicable to all highways in this state, including highways under the control of the Texas Turnpike Authority, incorporated cities and towns, and counties. An order entered under this section does not have the effect of increasing a speed limit on any highway. The limits established under this section are prima facie prudent and reasonable speed limits enforceable in the same manner as prima facie limits established under other provisions of this article. When speed limits established under this section are in effect, they prevail over any other established speed limit which would permit a person to operate a motor vehicle at a higher rate of speed, but do not apply to vehicles permitted to exceed established limits under Sections 24 and 172 of this Act.

(b) An order issued under Subsection (a) of this section is justified if the commission finds the following facts exist, which must be stated in the order:

- (1) That a severe shortage of motor fuel or other petroleum product exists; and
- (2) That the shortage was caused by war, national emergency or other circumstances; and
- (3) That a reduction of speed limits will serve to foster conservation purposes and safety; or
- (4) The failure to alter state speed limits will prevent the state from receiving revenue for highway purposes from the federal government.

(c) Unless a specific speed limit is required by federal law or directive under threat of loss of federal highway funds then the State Highway Commission may not set maximum prima facie speed limits under this section of all vehicles below sixty (60) miles per hour.

(d) Before the commission may enter an order establishing a maximum prima facie speed limit, it must hold a public hearing preceded by the publication in at least three newspapers of general circulation in the state of a notice of the date, time, and place of the hearing and of the action proposed to be taken. The notice must be published at least 12 days before the date of the hearing. At the hearing, all interested persons may present oral or written testimony regarding the proposed order.

(e) When the commission enters an order under this section, it shall file the order in the office of the

governor. The governor shall then undertake an independent finding of fact and determine the existence of the facts in Subdivisions (1), (2), (3) or (4) of Subsection (b) of this section. Before the eighth day after the order is filed in his office, the governor shall conclude his finding of fact, issue a proclamation stating whether the necessary facts exist to support the issuance of the commission's order, and file copies of the order and his proclamation in the office of the secretary of state.

(f) If the governor's proclamation states that the facts necessary to support the issuance of the commission's order exist, the order takes effect according to Subsection (g) of this section. Otherwise, the order has no effect.

(g) In an order issued under this section, the commission may specify the date on which the order takes effect, but that date may not be sooner than the eighth day after the order is filed with the governor. If the order contains no effective date, it takes effect on the 21st day after it is filed with the governor. Unless the order by its own terms expires earlier, it remains in effect until a subsequent order adopted by the procedure prescribed by this section amends or repeals it, except that any order adopted under this section expires when this section expires. The procedure for repealing an order is the same as for adopting an order except that the commission and the governor must find that the facts required to support the issuance of an order under Subsection (b) of this section no longer exist.

(h) When an order is adopted in accordance with this section, the commission and all governmental authorities responsible for the maintenance of highway speed limit signs shall proceed with appropriate action to conceal or remove all signs which give notice of a speed limit higher than the one contained in the order and to erect appropriate signs. All governmental entities having responsibility for administration of traffic safety programs and the enforcement of traffic laws shall also proceed to use all available resources to notify the public of the effect of the order, and to accomplish this purpose they are directed to seek to enlist the cooperation of all news media in the state.

(i) Any change in speed limits under this section shall be effective for a maximum of 120 days, unless the commission makes a finding prior to the expiration of the 120 day period that the conditions specified under Section 169B, Subsection (b) continue to exist. If such conditions are found to still exist such limits may be continued in effect for additional 120 day periods.

(j) This section expires when the national maximum speed limit of 55 miles per hour as provided in Section 154, Chapter 1, Title 23, United States Code,<sup>1</sup> is repealed.

<sup>1</sup> 23 U.S.C.A. § 154.

**Minimum Speed Regulations**

Sec. 170. (a) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

(b) Whenever the State Highway Commission, Texas Turnpike Authority, County Commissioners Court, or the governing body of an incorporated city, town, or village, within their respective jurisdictions, as specified in Sections 167, 168 and 169, determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the said State Highway Commission, Texas Turnpike Authority, County Commissioners Court, or governing body of an incorporated city, town or village are hereby empowered and may determine and declare a minimum speed limit thereat or thereon, and when appropriate signs are erected, giving notice of such minimum speed limit, no person shall drive a vehicle below that limit except when necessary for safe operation or in compliance with law.

**Charging Violations and Rule in Civil Cases**

Sec. 171. (a) In every charge of violation of any speed regulation in this Act, the complaint, also the summons or notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the maximum or minimum speed limit applicable within the district or at the location.

(b) The provisions of this Act declaring maximum or minimum speed limitations shall not be construed to relieve the plaintiff in any action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident.

**Exceptions to Speed Law**

Sec. 172. The provisions of this Article regulating speeds of vehicles shall not apply to authorized emergency vehicles responding to calls, nor to police patrols, nor to physicians and/or ambulances responding to emergency calls, provided that incorporated cities and towns may by ordinance regulate the speed of ambulances, emergency medical services vehicles, and authorized emergency vehicles operated by blood banks or tissue banks.

**ARTICLE XX—MISCELLANEOUS RULES****Limitations on Backing**

Sec. 173. (a) The driver of a vehicle shall not back the same unless such movement can be made with safety and without interfering with other traffic.

(b) The driver of a vehicle shall not back the same upon any shoulder or roadway of any controlled-access highway.

**Riding on Motorcycles**

Sec. 174. A person operating a motorcycle shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person nor shall any other person ride on a motorcycle unless such motorcycle is designed to carry more than one person, in which event a passenger may ride upon the permanent and regular seat if designed for two persons, or upon another seat firmly attached to the rear or side of the operator.

**Obstruction to Driver's View or Driving Mechanism**

Sec. 175. (a) No person shall drive a vehicle when it is so loaded, or when there are in the front seat such a number of persons, exceeding three, as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle.

(b) No passenger in a vehicle or streetcar shall ride in such position as to interfere with the driver's or motorman's view ahead or to the sides, or to interfere with his control over the driving mechanism of the vehicle or streetcar.

**Opening and Closing Vehicle Doors**

Sec. 176. No person shall open the door of a motor vehicle on the side available to moving traffic unless and until it is reasonably safe to do so, and can be done without interfering with the movement of other traffic, nor shall any person leave a door open on the side of a vehicle available to moving traffic for a period of time longer than necessary to load or unload passengers.

**Riding in House Trailers**

Sec. 177. No person or persons shall occupy a house trailer while it is being moved upon a public highway.

**ARTICLE XXI—OPERATION OF BICYCLES AND PLAY VEHICLES****Effect of Regulations**

Sec. 178. (a) It is a misdemeanor for any person to do any act forbidden or fail to perform any act required in this Article.

(b) The parent of any child and the guardian of any ward shall not authorize or knowingly permit any such child or ward to violate any of the provisions of this Act.

(c) These regulations applicable to bicycles shall apply whenever a bicycle is operated upon any highway or upon any path set aside for the exclusive use of bicycles subject to those exceptions stated herein.

(d) All provisions of this Act applicable to bicycles also apply to motor-assisted bicycles unless because of their nature they can have no application to those vehicles.

**Traffic Laws Apply to Persons Riding Bicycles;  
Competitive Racing**

Sec. 179. (a) Every person riding a bicycle shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this Act, except as to special regulations in this Article and except as to those provisions of this Act which by their nature can have no application.

(b) However, organized, competitive bicycle races may be held on public roads, provided that the sponsoring organization shall have obtained the approval of the appropriate local law enforcement agencies. The sponsoring organization and the local law enforcement agency may establish by agreement special regulations regarding the movement of bicycles during such races, or in training for races, including, but not limited to, permission to ride abreast and other regulations to facilitate the safe conduct of such races or training for races. "Bicycle" as used herein means a nonmotorized vehicle propelled by human power.

**Riding on Bicycles**

Sec. 180. (a) A person propelling a bicycle shall not ride other than upon or astride a permanent and regular seat attached thereto.

(b) No bicycle shall be used to carry more persons at one time than the number for which it is designed or equipped.

**Clinging to Vehicles**

Sec. 181. No person riding upon any bicycle, coaster, roller skates, sled or toy vehicle shall attach the same or himself to any streetcar or vehicle upon a roadway.

**Riding on Roadways and Bicycle Paths**

Sec. 182. (a) Except as provided by Subsection (c) of this section, a person operating a bicycle upon a roadway at less than the speed of the other traffic on the roadway at that time shall ride as near as practicable to the right curb or edge of the roadway, except when:

(1) the person is overtaking and passing another vehicle proceeding in the same direction;

(2) the person is preparing for a left turn at an intersection or onto a private road or driveway; or

(3) conditions on the roadway, including fixed or moving objects, parked or moving vehicles, pedestrians, animals, surface hazards, or substandard width lanes, make it unsafe to ride next to the right curb or edge of the roadway.

(b) For the purpose of Subsection (a) of this section, a substandard width lane is a lane that is too narrow for a bicycle and a motor vehicle to travel in the lane safely side by side.

(c) A person operating a bicycle on a one-way roadway with two or more marked traffic lanes may ride as near as practicable to the left curb or edge of the roadway.

(d) Persons riding bicycles upon a roadway shall not ride more than two abreast except on paths or part of roadways set aside for the exclusive use of bicycles. Persons riding two abreast shall not impede the normal and reasonable flow of traffic on the roadway. If persons are riding two abreast on a laned roadway, they must ride in a single lane.

**Carrying Articles**

Sec. 183. No person operating a bicycle shall carry any package, bundle or article which prevents the driver from keeping at least one hand upon the handlebars.

**Lamps and Other Equipment on Bicycles**

Sec. 184. (a) Every bicycle when in use at night-time shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least five hundred (500) feet to the front and with a red reflector on the rear of a type approved by the Department which shall be visible from all distances from fifty (50) feet to three hundred (300) feet to the rear when directly in front of lawful upper beams of head lamps on a motor vehicle. A lamp emitting a red light visible from a distance of five hundred (500) feet to the rear may be used in addition to the red reflector.

(b) Every bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, clean pavement.

**[ARTICLE XXII—OPERATION IN PARTICULAR CIRCUMSTANCES]**

*Article head editorially supplied.*

**Racing on Highways**

Sec. 185. (a) No person shall drive any vehicle in any race, speed competition or contest, drag race or acceleration contest, test of physical endurance, exhibition of speed or acceleration, or for the purpose of making a speed record, and no person shall in any manner participate in any such race, competition, contest, test, or exhibition.

(b) Drag race is defined as the operation of two or more vehicles from a point side by side at accelerating speeds in a competitive attempt to outdistance

each other, or the operation of one or more vehicles over a common selected course, from the same point to the same point, for the purpose of comparing the relative speeds or power of acceleration of such vehicle or vehicles within a certain distance or time limit.

(c) Racing is defined as the use of one or more vehicles in an attempt to outgain, outdistance, or prevent another vehicle from passing, to arrive at a given destination ahead of another vehicle or vehicles, or to test the physical stamina or endurance of drivers over long distance driving routes.

#### Fleeing or Attempting to Elude a Police Officer

Sec. 186. (a) Any driver of a motor vehicle who willfully fails or refuses to bring his vehicle to a stop, or who otherwise flees or attempts to elude a pursuing police vehicle, when given visual or audible signal to bring the vehicle to a stop, shall be guilty of a misdemeanor. The signal given by the police officer may be by hand, voice, emergency light or siren. The officer giving such signal shall be in uniform, prominently displaying his badge of office, and his vehicle shall be appropriately marked showing it to be an official police vehicle.

(b) Every person convicted of fleeing or attempting to elude a police officer shall be punished by imprisonment for not less than thirty (30) days nor more than six (6) months or by a fine of not less than One Hundred Dollars (\$100) nor more than Five Hundred Dollars (\$500), or by both such fine and imprisonment.

#### Driving Upon Sidewalk

Sec. 187. No person shall drive any motor vehicle upon a sidewalk or sidewalk area except upon a permanent or duly authorized temporary driveway.

#### Cutting Across Certain Property Prohibited

Sec. 188. No person driving a vehicle shall cross a sidewalk or drive through a driveway, parking lot, or business or residential entrance without bringing the vehicle to a complete stop. No person driving a vehicle shall cross, drive in or on such sidewalks, driveways, parking lots or entrances at an intersection for the purpose of making either a right or left turn from one street or highway to another street or highway.

Acts 1969, 61st Leg., p. 811, ch. 271, which added § 2A and amended sections 134, 140 to 142 of this article, provided in section 5A:

"Senate Bill No. 5, Acts of the 61st Legislature, Regular Session, 1969 (Article 698d, Penal Code of Texas, 1925 [transferred to art. 4477-5b]) pertaining to the offense of air pollution, shall not apply to any act or omission covered by this Act, and any act or omission which constitutes a criminal offense under this Act shall not constitute or be punishable as a criminal offense under said Senate Bill No. 5."

Acts 1969, 61st Leg., p. 2342, ch. 793, which by section 1 amended § 71 of this article, also provided:

"Sec. 2. That [former] Section 73, Chapter 421, Acts of the 50th Legislature, Regular Session, 1947 (Article 6701d, Vernon's Texas Civil Statutes), and Sections 2 and 3, Chapter 342, Acts of 55th Legislature, Regular Session, 1957 [Article 827e-1, Vernon's Texas Penal Code], are hereby repealed and any and all laws or parts of laws heretofore enacted which are in conflict with or inconsistent with the terms and provisions of Section 1 of this Article are hereby repealed and held for naught."

A former section 73 of this article, enacted by Acts 1947, 50th Leg., p. 967, ch. 421, was repealed by Acts 1969, 61st Leg., p. 2342, ch. 793, § 2.

The subject matter of § 108B, repealed in 1971, is now covered by section 108(d) to (g) of this article.

The subject matter of § 139a, repealed in 1971, is now covered by section 139A of this article.

Section 104 of Acts 1971, 62nd Leg., p. 773, ch. 83, provided:

"If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Acts 1971, 62nd Leg., p. 2366, ch. 727, which by section 1 amended § 139D(b) of this article, provided in section 2:

"The intent of this bill is to further clarify restrictions contained in Section 86 of Senate Bill No. 183 [Acts 1971, 62nd Leg., p. 764, ch. 83, § 86, which added sec. 139D of this article]."

Acts 1971, 62nd Leg., p. 2900, ch. 960, which by sections 2 to 5 amended §§ 135, 140, 141 and 142, provided in section 1:

"This Act takes effect on January 1, 1973."

Section 2 of Acts 1979, 66th Leg., p. 1156, ch. 559, provided:

"The Department of Highways and Public Transportation shall erect appropriate signs near the entrances and exits of controlled access highways to advise motorists of the requirements of this Act."

Section 2 of Acts 1979, 66th Leg., p. 1964, ch. 776, provided:

"This Act takes effect September 1, 1979, and applies only to offenses committed on or after that date. Offenses committed under Section 50, Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), before the effective date of this Act are subject to prosecution under that section as it existed when the offense occurred, and that law is continued in effect for that purpose. For the purpose of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

Section 6 of Acts 1981, 67th Leg., p. 999, ch. 377, provides:

"This Act takes effect September 1, 1981, and applies to offenses committed on or after that date. Offenses committed before the effective date of this Act are subject to prosecution under the law as it existed when the offense occurred, and that law is continued in effect for that purpose. For the purposes of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

Section 4 of Acts 1981, 67th Leg., p. 2725, ch. 741, provides:

"Sec. 4. This Act takes effect January 1, 1982, and applies only to offenses committed on or after that date. An offense committed before the effective date of this Act is governed by the law in effect when the offense was committed and the prior law is continued in effect for that purpose. An offense is committed before the effective date of this Act if any element of the offense occurs before that date."

Section 16(f) of Acts 1983, 68th Leg., p. 393, ch. 81, provides:

"This section applies only to fees payable on or after September 1, 1983."

Section 28(c) of Acts 1983, 68th Leg., p. 1607, ch. 303, provides:

"An offense committed before the effective date of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose."

Section 3(b) of Acts 1983, 68th Leg., p. 2032, ch. 369, provides:

"This Act applies to certificates of inspection furnished to be issued on or after September 1, 1983, and to inspections that occur on or after that date. For purposes of this section, an inspection occurs on or after September 1, 1983, if any part of the inspection occurs on or after that date. A certificate that is furnished to be issued before September 1, 1983, or an inspection that occurs before that date, is subject to Section 141, Uniform Act Regulating Traffic on Highways, as amended (Article 6701d, Vernon's Texas Civil Statutes), and Section 25.405, Title 110B, Revised Statutes, as they exist at the time the certificate is furnished or the inspection occurs, and the former law is continued in effect for that purpose."

Section 2 of Acts 1983, 68th Leg., p. 3775, ch. 581, provides:

"An administrative proceeding initiated before the effective date of this Act under Subsection (f), Section 108, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes), before it was amended by this Act, is subject to that law as it existed when the proceeding was initiated, and the former law is continued in effect for that purpose."

Section 2 of Acts 1983, 68th Leg., p. 4498, ch. 728, provides:

"This Act takes effect December 1, 1983, and applies to disposition of offenses committed on or after that date. An offense

committed before the effective date of this Act is subject to disposition under Section 143A, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes), as that section existed when the offense occurred, and that law is continued in effect for that purpose. For the purposes of this Act, an offense is committed before the effective date of this Act if any element of the offense occurs before the effective date."

Section 3 of Acts 1983, 68th Leg., p. 5123, ch. 933, provides:

"(a) Except as provided by Subsection (b) of this section, this Act applies only to offenses committed on or after its effective date. A criminal action for an offense committed before that date is governed by the accident reporting requirements existing before the effective date and the former law is continued in effect for this purpose, as if this Act were not in force. For purposes of this section, an offense is committed on or after the effective date of this Act if any element of the offense occurs on or after the effective date.

"(b) Conduct that constituted an offense under an existing law that is amended by this Act and that does not constitute an offense after amendment by this Act may not be prosecuted on or after the effective date of this Act. If, on the effective date of this Act, a criminal action is pending for conduct that was an offense before the effective date of this Act and that does not constitute an offense after the effective date of this Act, the action is automatically dismissed on the effective date of this Act. However, a conviction existing on the effective date of this Act for conduct that constituted an offense before that date is valid and unaffected by this Act. For purposes of this section, "conviction" means a finding of guilt in a court of competent jurisdiction, whether or not the conviction is final.

"(c) This Act applies only to those administrative actions taken on or after its effective date. An administrative action based solely on a motor vehicle accident that occurred before that date is governed by the law existing before the effective date, and the former law is continued in effect for that purpose, as if this Act were not in force. For purposes of this section, a motor vehicle accident occurs on or after the effective date of this Act if any part of the transactions occurs on or after the effective date."

#### Art. 6701d-1. Children Standing in School Bus

It is further provided that it shall be unlawful for any driver of any school bus to permit more than one (1) child per seat to stand while said bus is travelling to or from the school being served.

[Acts 1953, 53rd Leg., p. 719, ch. 280, § 3A.]

#### Art. 6701d-2. Approval and Filing of Rules and Regulations

Wherever in this Act<sup>1</sup> the Department is authorized to prescribe or to promulgate rules and regulations, such rules and regulations, before they shall become effective, shall be first approved in writing by the Attorney General and filed in the office of the county clerk of each county in this State for public inspection during business hours. Any changes or amendments to such rules and regulations likewise shall be first approved in writing and filed in the office of the county clerk of each county in this State.

#### Art. 6701d-3. Proof of Existence of Traffic Control Device; Prima Facie Proof of Lawful Installation

In any civil case in this State, proof by either party to the case of the existence of any traffic control device, including, but not limited to, control lights, stop signs, and one-way street signs, on or alongside any public thoroughfare shall constitute prima facie proof of all facts (including proof of competent authority and a duly enacted ordinance by municipalities or all duly promulgated orders by Commissioners Courts) necessary to prove the proper, lawful installation of such sign or device at that place. Such proof of the existence of any one-way street sign shall further constitute prima facie proof that the public thoroughfare on or alongside of which it was placed was duly designated by proper, competent authority to be a one-way public thoroughfare for traffic to go only in the direction indicated by the sign. The prima facie proof herein provided for may be rebutted by any party to the suit.

#### Art. 6701d-4. Repealed by Acts 1975, 64th Leg., p. 1804, ch. 545, § 2(a)(4), eff. Sept. 1, 1975

Acts 1975, 64th Leg., p. 1405, ch. 545, repealing this article, enacts the Parks and Wildlife Code.

#### Art. 6701d-5. Obstructing Railway Crossing

Sec. (1). Any officer, agent, servant or receiver of any railway corporation who wilfully obstructs for more than five minutes at any one time any street, railway crossing or public highway by permitting their train to stand on or across such crossing, shall be fined not less than five nor more than one hundred dollars.

Sec. (2). An officer making an arrest for an offense under this article shall prepare in duplicate a citation to appear in court showing the name and address of the individual, the offense charged, and the time and place when and where the individual shall appear in court. The conductor of the train is an agent for the service of the citation. The person served the citation gives a written promise to appear in court by signing the citation in duplicate. The arresting officer shall keep the original, and the person signing shall keep the copy. The officer shall release the person from custody after the person signs the citation.

Sec. (3). The hearing must be before a magistrate within the city or county in which the offense

charged is alleged to have been committed and who has jurisdiction of the offense.

Sec. (4). A written promise to appear in court may be complied with by an appearance by counsel. [1925 P.C. Amended by Acts 1983, 68th Leg., p. 106, ch. 20, § 1, eff. Sept. 1, 1983.]

Section 2 of the 1983 amendatory act provides:

"The change in law made by this Act applies only to the criminal responsibility for conduct occurring on or after the effective date of this Act. Criminal responsibility for conduct occurring before the effective date of this Act is covered by the law in effect when the conduct occurred, and the former law is continued in effect for this purpose."

#### Art. 6701d-6. Exceptions as to Railways

The city council of any incorporated city may by ordinance grant a franchise to a railway company to obstruct a street crossing, not a part of a "Designated State Highway," by railway passenger trains for the purpose of receiving and discharging passengers, mail, express or freight, for a longer time than specified herein, and may enact and enforce reasonable ordinances in the premises. When any such franchise has been granted under the provisions of this law, the street crossing named therein shall be excepted from the preceding article. The provisions hereof shall not apply to a city having a special charter unless it shall first be amended so as to adopt the provisions hereof.

[1925 P.C.]

#### Art. 6701d-7. Violation of Promise to Appear

In case of any person arrested for violation of the preceding articles<sup>1</sup> relating to speed of vehicles, unless such person so arrested shall demand that he be taken forthwith before a court of competent jurisdiction for an immediate hearing, the arresting officer shall take the license number, name and make of the car, the name and address of the operator or driver thereof, and notify such operator or driver in writing to appear before a designated court of competent jurisdiction at a time and place to be specified in such written notice at least five days subsequent to the date thereof, and upon the promise in writing of such person to appear at such time and place, such officer shall forthwith release such person from custody. Any person wilfully violating such promise, regardless of the disposition of the charge upon which he was originally arrested, shall be fined not less than five nor more than two hundred dollars.

#### Art. 6701d-9. Badge and Uniform of Officers

No Sheriff, Constable, or Deputy or either, shall have authority to arrest or accost any person for driving a motor vehicle over the highways of this State in violation of the law relating to motor vehi-

cles unless he is at the time wearing on his left breast on the outside of his garment so that it can be clearly seen a badge showing his title, and unless he is also wearing a cap, coat or blouse, and trousers of dark grey color, or dark blue, which cap and other uniform shall be of the same color. Provided, if any person shall violate the provisions hereof, he shall be guilty of a misdemeanor and shall be punished as provided in Section 3 hereof, and if any officer charged by law so to do shall refuse to take any complaint or prosecute the same, he shall be removed from office.

#### Art. 6701d-10. Tire Equipment of Trailer or Tractor

Whoever shall operate or permit to be operated upon a public highway a motor vehicle, trailer, semi-trailer or tractor equipped with solid rubber tires less than one inch in thickness at any point from the surface to the rim, or if equipped with pneumatic tires when one or more of such tires has been removed, shall be fined not exceeding two hundred dollars.

[1925 P.C.]

#### Art. 6701d-11. Regulating Operation of Vehicles on Highways

##### Definitions

Sec. 1. The following words and phrases, when used in this Act, shall, for the purpose of this Act, have the meanings respectively ascribed to them in this section, as follows:

(1) "Vehicle." Every mechanical device, in, upon or by which any person or property is or may be transported or drawn upon a public highway, including motor vehicles, commercial motor vehicles, truck-tractors, trailers, and semi-trailers, severally, as hereinafter defined, but excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(2) "Motor Vehicle." Every vehicle, as herein defined, which is self-propelled.

(3) "Commercial Motor Vehicle." Any motor vehicle other than a motorcycle, designed or used for the transportation of property, including every vehicle used for delivery purposes.

(4) "Truck-tractors." Every motor vehicle designed or used primarily for drawing other vehicles, and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn, except that the term includes a motor vehicle that is otherwise a truck-tractor, that is engaged with a semi-trailer in the transportation of automobiles, and that transports motor vehicles on part of the truck-tractor.

(5) "Trailer." Every vehicle without motive power designed or used for carrying property or passen-

gers wholly on its own structure and to be drawn by a motor vehicle.

(6) "Semi-trailer." Every vehicle of the trailer type so designed or used in conjunction with a motor vehicle that some part of its own weight and that of its own load rests upon or is carried by another motor vehicle.

(7) "Department." The State Department of Highways and Public Transportation of this State acting directly or through its duly authorized officers and agents.

#### Manufactured Housing; Exemption

Sec. 1A. "Manufactured Housing" as defined by the Texas Manufactured Housing Standards Act (Article 5221f, Vernon's Texas Civil Statutes) is not a "vehicle" subject to this Act.

#### Weights and Loads of Vehicles; Special Permits; Municipal Regulation

Sec. 2. (a) Except as otherwise provided by law, no person may drive, operate, or move, nor may the owner cause or permit to be driven, operated or moved, on any highway, any vehicle or vehicles of a size or weight exceeding the limitations stated in this Act, or any vehicle or vehicles which are not constructed or equipped as required by this Act, or transport thereon any load or loads exceeding the dimensions or weight prescribed in this Act.

(b) The Commissioners Courts through the County Judges of the several counties of this State may issue permits limited to periods of ninety (90) days or less for the transportation over highways of their respective counties other than State highways and public roads within the boundaries of an incorporated municipality, overweight or oversize or overlength commodities which cannot be reasonably dismantled, or for the operation over these highways of superheavy or oversize equipment for the transportation of oversize or overweight or overlength commodities which cannot be reasonably dismantled. A County Judge may exercise authority independently of the Commissioners Court until the Commissioners Court takes action on each request.

(c) The Commissioners Court, in its discretion, may require a bond to be executed by an applicant in an amount sufficient to guarantee the payment of any damages to any road or bridge sustained as a consequence of the transportation authorized by the permit.

(d) The governing body of any incorporated municipality may regulate the movement and operation of overweight or oversize or overlength commodities which cannot reasonably be dismantled, and the movement and operation of superheavy or oversize equipment for the transportation of oversize or overweight or overlength commodities which cannot be reasonably dismantled, on public roads other than state highways within the corporate boundaries of the municipality.

#### Width, Length and Height

Sec. 3. (a)(1) Except as provided by Subdivision (2) of this subsection, it shall be unlawful to operate a vehicle on a public highway if the total outside width of the vehicle exceeds one hundred and two (102) inches, including any load on the vehicle, but excluding any safety device determined by the Federal Department of Transportation or the Texas Department of Public Safety to be necessary for the safe and efficient operation of motor vehicles of that type.

(b) No vehicle unladen or with load shall exceed a height of thirteen feet six inches (13' 6") including load; provided, however, it shall be unlawful to operate or attempt to operate any vehicle over or on any bridge or through any underpass or similar structure unless the height of such vehicle, including load, is less than the vertical clearance of such structure as shown by the records of the Department. In every case or proceeding, civil and criminal, in which a violation of this Act may be an issue, a certificate signed by the State Highway Engineer as to such vertical clearance shall be admissible in evidence for all purposes.

(c)(1) No motor vehicle, other than a truck-tractor, shall exceed a length of forty-five (45) feet. Except as provided in Subsection (c-1) of this section, it shall be lawful for any combination of not more than three (3) vehicles to be coupled together including, but not limited to, a truck and semi-trailer, truck and trailer, truck-tractor and semi-trailer and trailer, or a truck-tractor and two trailers, provided such combination of vehicles, other than a truck-tractor combination, shall not exceed a length of sixty-five (65) feet, unless such vehicle or combination of vehicles is operated exclusively within the limits of an incorporated city or town; and unless, in the case of any combination of such vehicles, same be operated by municipal corporations in adjoining suburbs wherein said municipal corporation has heretofore been using such or like equipment in connection with an established service to such suburbs of the municipality; provided further, that motor buses as defined in Acts of the 41st Legislature, 2nd Called Session, 1929, Chapter 88, as amended,<sup>1</sup> exceeding thirty-five (35) feet in length, but not exceeding forty (40) feet in length, may be lawfully operated over the highways of this state if such motor buses are equipped with air brakes and have a minimum of four (4) tires on the rear axle; and provided further, that the above limitations shall not apply to any mobile home or to any combination of a mobile home and a motor vehicle, but no mobile home and motor vehicle combination shall exceed a total length of fifty-five (55) feet. "Mobile home" as used herein means a living quarters equipped and used for sleeping and eating and which may be moved from one location to another over a public highway by being pulled behind a motor vehicle. No mobile home, as the same is defined herein, shall be entitled to the exemption contained in this Subsection unless the owner there-

of shall have paid all taxes, including ad valorem taxes, and fees due and payable under the laws of this state, levied on said mobile home.

(2) A semi-trailer may not exceed a length of fifty-seven (57) feet when operated in a truck-tractor and semi-trailer combination. A semi-trailer or trailer may not exceed a length of twenty-eight and one-half (28½) feet when operated in a truck-tractor, semi-trailer, and trailer combination.

(3) The length limitations in this subsection do not include any safety device determined by regulation of the Department of Transportation or by rule of the Department of Public Safety to be necessary for the safe and efficient operation of motor vehicles.

(4) The length limitations in this subsection for semi-trailers and trailers do not apply to semi-trailers or trailers that were being actually and lawfully operated in this State on December 1, 1982.

(c-1) (1) In this subsection:

(A) "Passenger car" means a motor vehicle designed for the transportation of persons which is not designed to accommodate more than ten (10) persons at one time.

(B) "Towing device" means a device used to tow a vehicle behind a motor vehicle by supporting one end of the towed vehicle above the surface of the road while permitting the wheels at the other end of the towed vehicle to remain in contact with the road.

(2) Except as provided in Subdivision (3), no passenger car, regardless of weight, nor any other motor vehicle with an unloaded weight of less than two thousand five hundred (2,500) pounds, may be coupled with more than one other vehicle or towing device at one time.

(3) If a passenger car or other motor vehicle has an unloaded weight of two thousand five hundred (2,500) pounds or more, it may be coupled with a towing device and one other vehicle. Subdivision (2) of this subsection does not apply to the towing of a disabled vehicle to the nearest intake place for repairs.

(d) No train or combination of vehicles or vehicle operated alone shall carry any load extending more than three (3) feet beyond the front thereof, nor, except as hereinbefore provided, more than four (4) feet beyond the rear thereof.

(e) No passenger vehicle shall carry any load extending more than three (3) inches beyond the line of the fenders on the left side of such vehicle, nor extending more than six (6) inches beyond the line of the fenders on the right side thereof; provided, that the total over-all width of such passenger vehicle shall in no event exceed ninety-six (96) inches, including any and all such load.

(f) Immediately upon the taking effect of this Act, it shall thereafter be unlawful for any person to operate or move, or for any owner to cause to be operated or moved, any motor vehicle or combina-

tion thereof over the highways of this State which shall have as a load or as a part of the load thereon any product, commodity, goods, wares or merchandise which is contained, boxed or bound in any container, box or binding containing more than thirty (30) cubic feet and weighing more than five hundred (500) pounds where there are more than fourteen (14) of such containers, boxes or bindings being carried as a load on any such vehicle or combination thereof; provided, that no number of any such containers, boxes or bindings shall be carried as the whole or part of any load exceeding seven thousand (7000) pounds on any such vehicle or combination thereof; and provided, that if this subsection is for any reason held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portions of this Act, and the Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that this section be declared unconstitutional; providing, further, that if this Act or any section, subsection, sentence, clause or phrase thereof is held to be unconstitutional and invalid by reason of the inclusion of this section, the Legislature hereby declares that it would have passed this Act and any such section, subsection, sentence, clause or phrase thereof without this section.

<sup>1</sup> Article 6675a-1 et seq.

#### Engineering and Traffic Study; Maximum Vehicle Width

Sec. 3½. (a) The State Highway and Public Transportation Commission may, on the basis of an engineering and traffic study, fix a maximum vehicle width of ninety-six (96) inches, including any load thereon for a highway or segment of a highway that the commission by order may designate in order to comply with safety and operational requirements of Federal law. The study shall include an analysis of structural capacity of bridges and pavements, traffic volume, unique climatic conditions, and width of traffic lanes. An order under this Section becomes effective and operative on a designated highway when appropriate signs giving notice of the width limitations are erected.

(b) It is the intent of the Legislature to comply with the Surface Transportation Assistance Act of 1982 (Public Law 97-424),<sup>1</sup> and this Section shall be and is conditioned upon the provisions of the said Federal Public Law and implementing Federal regulations as may from time to time be issued or amended.

<sup>1</sup> 23 U.S.C.A. § 101 et seq.

#### Transportation of Certain Loose Materials; Restrictions; Exceptions; Penalties

Sec. 3A. (a) No person, co-partnership, limited partnership, association, corporation, State, county, municipality, town, village, or any department or political subdivision thereof, their agents or employees, shall load or transport, cause to be loaded or

transported, or aid or abet the loading or transporting, in a motor vehicle, commercial motor vehicle, truck-tractor, trailer or semi-trailer, any loose material on or over the public roads, streets or highways of this State in violation of any requirement of this section.

(b) As used in this section, "loose material" means dirt, sand, gravel, wood chips, or other material that is capable of blowing or spilling from a vehicle as a result of movement or exposure to air, wind currents, or weather, but shall not include agricultural products in their natural state.

(c) The bed carrying the load must be completely enclosed on both sides by sideboards or sidepanels, on the front by a board or panel or by the cab of the vehicle, and on the rear by tailgate or board or panel, all of which must be so constructed as to prevent the escape of any part of the load because of blowing or spilling.

(d) The top of the load must be covered with a canvas, tarpaulin, or other covering firmly secured to the front and the back to prevent the escape of any part of the load because of blowing or spilling.

(e) The excess spillage of loose material on the non-load carrying parts of the vehicle occasioned by or from the act of loading shall be removed before the vehicle is operated over a public road, street, or highway of this State.

(f) The tailgate must be securely closed to prevent spillage during transportation, whether loaded or empty.

(g) The bed shall not have any holes, cracks, or openings through which loose material may escape.

(h) The residue of the transported loose material shall be removed from the non-load carrying parts of the vehicle upon completion of unloading before the vehicle is operated over a public road, street, or highway of this State.

(i) Subsection (d) of this section does not apply to any load-carrying compartment that completely encloses the load or to the transporting of any load of loose materials that are not blowing or spilling over the top of the load-carrying compartment.

(j) Nothing in this Section 3A applies to:

(1) any vehicle or construction or mining equipment which is moving between construction barricades on a public works project, or merely crossing a public road, street, or highway; or

(2) any vehicle while being operated at a speed less than thirty (30) miles per hour.

(k) Any person, co-partnership, limited partnership, association, corporation, or any departmental head, agent or employee of the State or of any county, municipality, town, village, or any department or political subdivision thereof who fails to comply with the provisions of this section shall be guilty of a misdemeanor, and upon first conviction shall be fined a sum of not less than Twenty-five

Dollars (\$25) nor more than Two Hundred Dollars (\$200), and on a second or a subsequent conviction a sum of not less than Two Hundred Dollars (\$200) nor more than Five Hundred Dollars (\$500).

#### Vehicles Transporting Seed Cotton Modules

Sec. 3B. (a) Except as provided by Subdivision (4) of Subsection (a) of this Act, a single motor vehicle used exclusively to transport seed cotton modules shall not exceed a width of one hundred and eight (108) inches when operated on any highway designated by the State Highway and Public Transportation Commission pursuant to Section 3½ of this Act, and shall not exceed a width of one hundred and two (102) inches when operated on any highway not so designated.

(b) Except as provided by Subsection (d) of this section, a single motor vehicle used exclusively to transport seed cotton modules may exceed the limitation on length provided for a single vehicle by Subsection (c) of Section 3 of this Act but may not exceed a length of forty-eight (48) feet.

(c) Except as provided by Subsection (d) of this section, a vehicle or combination of vehicles used exclusively to transport seed cotton modules may exceed the limitations on weight provided by Section 5 of this Act, but the load on any one axle may not exceed twenty thousand (20,000) pounds, the tandem axle load may not exceed thirty-eight thousand (38,000) pounds without van-type cover; thirty-nine thousand, four hundred (39,400) pounds with van-type cover, and the overall gross weight of the vehicle or vehicles may not exceed fifty-nine thousand, four hundred (59,400) pounds.

(d) A vehicle may not be operated on the national system of interstate and defense highways if it exceeds the maximum size or weight authorized by 23 U.S.C. Section 127.

(e) The owner of a vehicle covered by this section having a tandem axle weight greater than thirty-four thousand (34,000) pounds is liable to and shall compensate the state, county, or city for all damages to a highway, street, road, or bridge caused by the weight of the tandem axle load.

(f) Except as provided by Subsection (d) of this section, a single motor vehicle used exclusively to transport seed cotton modules may exceed the limitation on height provided for a single vehicle by Subsection (b) of Section 3 of this Act but may not exceed a height of fourteen (14) feet, six (6) inches.

#### Lights or Flags on Extended Loads

Sec. 4. Wherever the load or drawbar or coupling on any vehicle shall extend beyond the rear of the bed or body thereof, there shall be displayed at the end of such load or extension, in such position as to be clearly visible at all times from the rear of such load or extension, a red flag not less than twelve (12) inches both in length and width, except that between one-half hour<sup>1</sup> after sunset and one-half hour before sunrise there shall be displayed at

the end of any such load or extensions a red light, plainly visible under normal atmospheric conditions at least five hundred (500) feet from the rear of such vehicle.

<sup>1</sup> So in enrolled bill. Session Laws omit word "hour."

#### Weight of Load; Intent to Violate Weight Limitations

Sec. 5. (a) Except as otherwise provided by law, no commercial motor vehicle, truck-tractor, trailer or semitrailer, nor combination of such vehicles, shall be operated over, on, or upon the public highways outside the limits of an incorporated city or town, or over, on, or upon the state-maintained public highways inside the limits of an incorporated city or town, having a weight in excess of one or more of the following limitations:

(1) No such vehicle nor combination of vehicles shall have a greater weight than twenty thousand (20,000) pounds carried on any one axle, including all enforcement tolerances; or with a tandem axle weight in excess of thirty-four thousand (34,000) pounds, including all enforcement tolerances; or with an overall gross weight on a group of two or more consecutive axles produced by application of the following formula:

$$W = 500 \left( \frac{LN}{N-1} + 12N + 36 \right)$$

where W = overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of any group of two or more consecutive axles, and N = number of axles in group under consideration except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more; provided, that such overall gross weight may not exceed eighty thousand (80,000) pounds, including all enforcement tolerances.

(2) No such vehicle nor combination of vehicles shall have a greater weight than six hundred (600) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using high-pressure tires, and a greater weight than six hundred and fifty (650) pounds per inch width of tire upon any wheel concentrated upon the surface of the highway and using low-pressure tires, and no wheel shall carry a load in excess of eight thousand (8,000) pounds on high-pressure tires and ten thousand (10,000) pounds on low-pressure tires, nor any axle a load in excess of sixteen thousand (16,000) pounds on high-pressure tires, and twenty thousand (20,000) pounds on low-pressure tires.

(3) Nothing in this section shall be construed as permitting size or weight limits on the national system of interstate and defense highways in this state in excess of those permitted under 23 U.S.C. Section 127. If the federal government prescribes

or adopts vehicle size or weight limits greater than those now prescribed by 23 U.S.C. Section 127 for the national system of interstate and defense highways, the increased limits shall become effective on the national system of interstate and defense highways in this state.

(4) Nothing in this section shall be construed to deny the operation of any vehicle or combination of vehicles that could be lawfully operated upon the highways and roads of this state on December 16, 1974.

(5) In this section, an axle load is defined as the total load transmitted to the road by all wheels whose centers may be included between two (2) parallel transverse vertical planes forty (40) inches apart, extending across the full width of the vehicle. Tandem axle group is defined as two (2) or more axles spaced forty (40) inches or more apart from center to center having at least one (1) common point of weight suspension.

(b) No person shall load, or cause to be loaded, a vehicle for operation on the public highways of this state with the intent to violate the weight limitations in Subsection (a) of this section. Intent to violate those limitations is presumed if the loaded vehicle exceeds the applicable gross vehicular weight limit by 15 percent or more. This subsection does not apply to the loading or causing to be loaded of an agricultural or a forestry commodity prior to the processing of the commodity.

#### Exceeding Weight Limits to Cross Width of Highway

Sec. 5<sup>1</sup>/<sub>2</sub>. A person may operate a vehicle that exceeds the overall gross weight limits as provided by Section 5 of this Act to cross the width of a highway with the vehicle from private property to other private property if:

(1) the overall gross weight of the vehicle does not exceed 110,000 pounds;

(2) the person is operating the vehicle to transport grain, sand, other commodities, and products;

(3) an agreement authorized by law was executed under which a private party has contracted with the State Department of Highways and Public Transportation to indemnify the department for the cost of the maintenance and repair for damage caused by the vehicles crossing that portion of the highway; and

(4) the private party has executed an adequate surety bond to compensate for the cost of maintenance and repairs, approved by the State Treasurer and the attorney general, with a corporate surety authorized to do business in this state, conditioned on the private party fulfilling the obligations of the agreement.

#### Farm-to-Market and Ranch-to-Market Roads; Highway Commission to Fix Loads

Sec. 5<sup>1</sup>/<sub>2</sub>. The State Highway Commission shall have the power and authority upon the basis of an

engineering and traffic investigation to determine and fix the maximum gross weight of vehicle, or combination thereof, and load as well as the maximum axle and wheel loads, to be transported or moved on, over or upon any State highway or any road that has been classified by the Highway Commission and shown by the records of the Commission as a Farm-to-Market or Ranch-to-Market road under the jurisdiction of the State Highway Commission, at less than the maximums hereinbefore fixed by law, taking into consideration the width, condition and type of pavement structures and other circumstances on such road, when it is found that greater maximum weights would tend to rapidly deteriorate or destroy the roads, bridges or culverts along the particular road or highway sought to be protected. Whenever the State Highway Commission shall determine and fix the maximum gross weight of vehicle, or combination thereof, and load or maximum axle and wheel loads, which may be transported or moved on, over or upon any such State Highway or Farm-to-Market or Ranch-to-Market road at a less weight than the respective maximums hereinbefore set forth in this Act and shall declare such maximums by proper order of the Commission entered on its minutes, such gross weight of vehicle, or combination thereof, and load and maximum axles and wheel loads shall become effective and operative on said highway or road when appropriate signs giving notice thereof are erected under the order of the Commission on such State highway or Farm-to-Market or Ranch-to-Market road.

The Commissioners Court of any county shall have the same power and authority to limit the maximum weights to be transported or moved on, over or upon any county road, bridge or culvert that is given by this Act to the State Highway Commission with respect to State highways and State Farm-to-Market and Ranch-to-Market roads. The Commissioners Court shall exercise its authority with respect to county roads in the same manner and under the same conditions as provided herein for the State Highway Commission with respect to highways and roads under its jurisdiction, and its action shall be entered on its minutes and become effective and operative on county roads when appropriate signs giving notice thereof are erected on such roads in accordance with the order of the Commissioners Court.

It shall be unlawful for and constitute a misdemeanor for any person, corporation, receiver or association to drive, operate or move, or for the owner to cause or permit to be driven, operated or moved, on any such highway or road any vehicle, or combination of vehicles, which in any respect exceeds the maximum gross weight or maximum axle or wheel loads fixed for any such highway or road by the State Highway Commission or a Commissioners Court in accordance with the terms of this Section. Any person, corporation, receiver or association who commits the violation heretofore set out

shall, upon conviction, be subject to and punished by the same fines and penalties for the first and subsequent offenses as are set out in Section 5 of House Bill No. 19, Chapter 71, Acts of the Forty-seventh Legislature, Regular Session, 1941, (codified in Vernon's as Section 9c of Article 827a of the Penal Code).<sup>1</sup>

Provided, however, that nothing in this Act shall in anywise alter, amend or repeal any law of this State authorizing or providing for special permits for weights in excess of those provided by law or fixed under this Act.

Provided, further, that this Section shall not apply to vehicles making deliveries of groceries or farm products to destinations requiring travel over such roads; but, if for any reason this exception is unconstitutional or invalid, it is the intention of the Legislature to enact, and it does here and now enact and pass, this Act without such exception; and if it be invalid, such exception alone shall fall and be held for naught, and the remainder of the Act shall be and remain unimpaired and it is so enacted.

<sup>1</sup> Section 9-c of this article.

**Exceeding Weight Limits to Cross Width of Highway; Unlicensed Vehicles**

*Text of § 5½ as added by Acts 1983, 68th Leg., p. 728, ch. 171, § 1*

Sec. 5½. A person may operate an unlicensed vehicle that exceeds the overall gross weight limits as provided by Section 5 of this Act to cross the width of a highway with the vehicle from private property to other private property if:

(1) the person is operating the vehicle to transport sand, gravel, stones, rock, caliche, or other similar commodities;

(2) an agreement authorized by law was executed under which a private party has contracted with the State Department of Highways and Public Transportation to indemnify the department for the cost of the maintenance and repair for damage caused by the vehicle crossing that portion of the highway; and

(3) the private party has executed an adequate surety bond to compensate for the cost of maintenance and repairs, approved by the State Treasurer and the attorney general, with a corporate surety authorized to do business in this state, conditioned on the private party fulfilling the obligations of the agreement.

**Contracts to Indemnify Department; Exceeding Weight Limitations**

*Text of § 5½ as added by Acts 1983, 68th Leg., p. 4324, ch. 689, § 1*

Sec. 5½. (a) When any person, firm, or corporation desires to operate any vehicle, from private property to other private property, across the width of any road or highway under the jurisdiction of the State Department of Highways and Public Trans-

portation, other than a controlled access highway as defined in Chapter 300, General Laws, Acts of the 55th Legislature, Regular Session, 1957 (Article 6674w, Vernon's Texas Civil Statutes), and when such vehicle cannot comply with one or more of the restrictions of Sections 3 and 5 of this Act, the State Highway and Public Transportation Commission is authorized to contract with such person, firm, or corporation to indemnify the department for the cost of maintenance and repair of that portion of such highway crossed by such vehicles.

(b) The State Highway and Public Transportation Commission shall formulate rules and regulations regarding the forms and procedures to be used and such other matters as the commission may deem necessary to carry out the provisions of this section.

(c) It is recognized that the movement of such overweight and oversize vehicles is a privilege not accorded to every user of the highway system, and it is logical and proper that the terms and conditions of any contract authorized by this section be prescribed by the State Highway and Public Transportation Commission in such manner as will adequately protect the safety of the traveling public, minimize any delays and inconveniences to the operators of vehicles in regular operation, and assure payment for the added wear on the highways in proportion to the reduction of service life. It is, therefore, declared to be the policy of the legislature that in formulating such rules and regulations and prescribing such terms and conditions, the commission shall consider and be guided by:

(1) the safety and convenience of the general traveling public;

(2) the suitability of roadways and subgrades on the various roads and highways to be crossed, variation in soil grade prevalent in the different regions of the state, and the seasonal effects on highway load capacity as well as the highway shoulder design and other highway geometrics; and

(3) the state's investment in its highway system.

(d) The private party to any contract authorized by this section shall, prior to exercising any rights thereunder, execute an adequate surety bond in such amount as may be determined by the State Highway and Public Transportation Commission to compensate for the cost of maintenance and repairs as provided herein, approved by the State Treasurer and the attorney general, with a corporate surety authorized to do business in this state, conditioned on the private party fulfilling the obligations of the contract.

(e) Nothing in this section shall be construed to include or apply to any person, firm, or corporation authorized by the Railroad Commission of Texas to operate as a carrier for compensation or hire over the public highways of this state, whether or not all the operations of such person, firm, or corporation are performed under such certificate, permit, or authority granted by the commission.

#### **Applicant for Registration to Show Weight and Maximum Load; License Receipt; Penalty for Violation**

Sec. 5(a). Upon application for registration of any commercial motor vehicle, truck tractor, trailer or semi-trailer, the applicant shall deliver to the Tax Collector, or one of his duly authorized deputies, an affidavit, duly sworn to before an officer authorized to administer oaths, showing the weight of said vehicle, the maximum load to be transported thereon, and the total gross weight for which said vehicle is to be registered; which affidavit shall be kept on file by the Collector. The license receipt issued to the applicant shall also show said total gross weight for which said vehicle is registered. A copy of said receipt shall be carried at all times on any such vehicle while same is upon the public highway.

The copy of the registration license receipt above required shall be admissible in evidence in any cause in which the gross registered weight of such vehicle is an issue, and shall be prima facie evidence of the gross weight for which such vehicle is registered. Such copy of the registration license receipt shall be displayed to any officer authorized to enforce this Act, upon request by such officer.

The driver, owner operator, or other person operating or driving such vehicle, failing to comply with this provision of this Act, shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding Two Hundred (\$200.00) Dollars.

#### **Exception to Limitation on Weight**

Sec. 5a. Notwithstanding other provisions of the statutes governing the weight of motor vehicles which may be operated over, on, and upon the highways and roads of this state, it shall be lawful to operate motor vehicles whose total gross weight shall not exceed fifty-eight thousand (58,000) pounds, where such vehicles comply with all other provisions of law excepting only as to their total gross weight and the limitations of weight on axle or group of axles, where such vehicles are used exclusively for transporting fixed load oil field service equipment used in connection with servicing oil and gas wells from the point of origin to well location not more than fifty (50) highway miles distant from such origin.

Sec. 5(b). Repealed by Acts 1941, 47th Leg., p. 86, ch. 71, § 2.

#### **Weighing Loaded Vehicles by Inspectors**

Sec. 6. Subd. 1. Any License and Weight inspector of the Department of Public Safety, any highway patrolman or any sheriff or his duly authorized deputy, or any municipal police officer in cities with population of 1.5 million or more according to the most recent federal census, having reason to believe that the gross weight or axle load of a loaded motor vehicle is unlawful, is authorized to weigh the same by means of portable or stationary scales furnished or approved by the Department of

Public Safety, or cause the same to be weighed by any public weigher, and to require that such vehicle be driven to the nearest available scales for the purpose of weighing. In the event the gross weight of such vehicle be found to exceed the maximum gross weight authorized by law, plus a tolerance allowance of five per cent (5%) of the gross weight authorized by law, such license and weight inspector, highway patrolman, sheriff or his duly authorized deputy, or any municipal police officer in cities with population of 1.5 million or more according to the most recent federal census, shall demand and require the operator or owner of such motor vehicle to unload such portion of the load as may be necessary to decrease the gross weight of such vehicle to the maximum authorized by law plus such tolerance allowance, except as otherwise provided.<sup>1</sup> Such operator or owner shall forthwith unload such vehicle to the extent necessary to reduce the gross weight thereof to such lawful maximum and such vehicle may not be operated further over the public highways or roads of the State of Texas until the gross weight of such vehicle has been reduced to a weight not in excess of the maximum limit plus such tolerance allowance. In the event the axle load of any such vehicle be found to exceed the maximum authorized by law, plus a tolerance allowance of five per cent (5%) of the axle load authorized by law, such officer shall demand and require the operator or owner thereof to rearrange his cargo, if possible, to bring such vehicle and load within the maximum axle load authorized by law, and if this cannot be done by rearrangement of said cargo, then such portion of the load as may be necessary to decrease the axle load to the maximum authorized by law plus such tolerance allowance shall be unloaded before such vehicle may be operated further over the public highways or roads of the State of Texas. Provided, however, that if such load consists of livestock, then such operator shall be permitted to proceed to destination without being unloaded provided destination be within the State of Texas.

It is further provided that in the event the gross weight of the vehicle exceeds the registered gross weight, the License and Weight Inspector, State Highway Patrolman or Sheriff or his duly authorized Deputy, or any municipal police officer in cities with population of 1.5 million or more according to the most recent federal census, shall require the operator or owner thereof to apply to the nearest available County Tax Assessor-Collector for additional registration in an amount that will cause his gross registration to be equal to the gross weight of the vehicle, provided such total registration shall not exceed gross weight allowed for such vehicle, before such operator or owner may proceed. Provided, however, that if such load consists of livestock or perishable merchandise then such operator or owner shall be permitted to proceed with his vehicle to the nearest practical point in the direction of his destination where his load may be protected from damage or destruction in the event he is required to secure additional registration before

being allowed to proceed. It shall be conclusively presumed and deemed prima facie evidence that where an operator or owner is apprehended and found to be carrying a greater gross load than that for which he is licensed or registered, he has been carrying similar loads from the date of purchase of his current license plates and will therefore be required to pay for the additional registration from the date of purchase of such license. Provided further that when an operator or owner is required to purchase additional registration in a county other than the county in which the owner resides, the Tax Assessor-Collector of such county shall remit the fees collected for such additional registration to the State Highway Department to be deposited in the State Highway Fund. It shall be the duty of the State Highway Department, and the necessary funds are hereby appropriated, to remit the counties' portion of such fees collected to the county of the residence of the owner; and it is provided further that the provisions of this Section will in no way conflict with Article 6675a, Section 2, of the Revised Civil Statutes.

It is further provided that all forms and accounting procedure necessary to carry out the provisions of this Section shall be prescribed by the State Highway Department.

Subd. 2. Except inside the limits of incorporated cities over 1.5 million in population, the officers named in Subdivision 1 of this section are the only officers authorized to enforce the provisions of this Act. The officers have exclusive authority to enforce all weight limitations for a vehicle on a state-maintained public highway.

Subd. 3. It shall be unlawful for any of the persons, officers or deputies authorized to enforce the weighing and unloading provisions of this Act, to accept or agree to accept any gift, emolument, money or thing of value, privilege or the promise of either, from any person, firm, corporation, association, partnership, or the officers, agents, servants, or employees thereof as an inducement to enforce or attempt to enforce the weighing and unloading provisions of this Act. Any person who violates the provisions of this Section shall be guilty of a felony and upon conviction shall be punished as provided in Article 159, Penal Code of Texas.<sup>2</sup>

Subd. 4. It shall be unlawful for any person, firm, corporation, association, partnership, or the officers, agents, servants or employees thereof, to give, or offer to give or promise to give to any of the persons, officers or deputies authorized to enforce the weighing and unloading provisions of this Act, any gift, emolument, money or thing of value, privilege, or the promise of either, as an inducement to enforce or attempt to enforce the weighing and unloading provisions of this Act. Any person who violates the provisions of this Section shall be guilty of a felony and upon conviction shall be punished as provided in Article 158, Penal Code of Texas.<sup>2</sup>

Provided, however, if a corporation shall be convicted of a violation of any of the provisions of this Section the penalty shall be a fine of not less than One Hundred Dollars (\$100) nor shall be a fine of not more than Five Thousand Dollars (\$5,000) for each such offense.

Subd. 5. The inhibitions in Subdivisions 3 and 4 above shall not apply to the regular compensation paid to such persons or officers by the State or a county of this State.

Subd. 6. Notwithstanding Subdivision 1 of Section 6 of this Act, the operator or the owner of a motor vehicle loaded with timber or pulp wood or agricultural products in their natural state being transported from the place of production to the place of market or first processing, the operator or owner of a vehicle crossing a highway as provided by Section 5 $\frac{1}{3}$  of this Act, or the operator or owner of a vehicle crossing a highway as provided by Section 5 $\frac{2}{3}$  of this Act, is not required to unload any portion of his load.

<sup>1</sup> See subd. 6 of this section.

#### Length of Connections Between Vehicles

Sec. 7. (a) Repealed by Acts 1965, 59th Leg., p. 123, ch. 50, § 2, eff. Sept. 1, 1965.

(b) The drawbar or other connection between any two vehicles, one of which is towing or drawing the other on a highway, shall not exceed twenty (20) feet in length from one vehicle to the other.

Sec. 8. Repealed by Acts 1963, 58th Leg., p. 455, ch. 161, § 2, eff. Aug. 23, 1963.

#### Equipment With Lights, Brakes, Etc.

Sec. 9. Every motor vehicle, other than any road roller, road machinery or farm tractor, having a width at any part in excess of seventy (70) inches shall carry two clearance lamps on the left side of such vehicle, one located at the front and displaying a white light visible under normal atmospheric conditions from a distance of five hundred (500) feet to the front of the vehicle, and the other located at the rear of the vehicle and displaying a red or yellow light visible under like conditions from a distance of five hundred (500) feet to the rear of the vehicle, both of which lights shall be kept lighted while any such vehicle is upon the highway from one-half hour after sunset to one-half hour before sunrise. A motor vehicle requiring clearance lights hereunder may, in lieu of such clearance lights, be equipped with adequate reflectors conforming as to color and marginal location to the requirements for clearance lights. No such reflector shall be deemed adequate unless it is so designed, located as to height and maintained as to be visible for at least two hundred (200) feet when opposed by the light of a motor vehicle displaying lawful undimmed headlights at night on an unlighted highway. Reflectors herein referred to must be approved by the Department as to specifications before they can be lawfully used on

a vehicle, and it shall be unlawful and constitute a misdemeanor to use a reflector on a motor vehicle unless it has been approved by the Department, and such approval by the Department shall be firmly affixed to such reflector.

All vehicles not heretofore by law required to be equipped with specified lighted lamps shall carry one or more lighted lamps or lanterns displaying a white light visible under normal atmospheric conditions from a distance of not less than five hundred (500) feet to the front of such vehicle and displaying a red or yellow light visible under like conditions from a distance of not less than five hundred (500) feet to the rear of such vehicle, which light shall be kept lighted while the vehicle is upon a highway from one-half hour after sunset to one-half hour before sunrise. Provided, however, that vehicles drawn by animal power may in lieu of such lamps or lanterns be equipped with adequate reflectors.

Every owner, driver or operator of a vehicle while it is upon the main traveled portion of the highway during the period from one-half hour after sunset to one-half hour before sunrise, and at any other time when there is not sufficient light to render clearly discernible any person upon the highway from a distance of at least two hundred (200) feet ahead, shall keep lighted all lamps or lighting devices with which such vehicle is required to be equipped, whether the vehicle is in motion or not.

It shall be unlawful for any person to operate or move any vehicle upon a highway with a red light thereon visible directly from the front thereof, except, that this provision shall not apply to law enforcement officers, fire departments, and ambulances.

Every member vehicle other than a motorcycle when operated upon the highway shall be equipped with brakes adequate to control the movement of and to stop and to hold such vehicle, including two separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels. Any motor vehicle or combination of motor vehicles, trailer, or semitrailer or other vehicle, shall be equipped with brakes upon one or more of such vehicles adequate to stop such combination of vehicles in dry weather upon a reasonably level surface within a distance of forty-five (45) feet from the spot where such brakes are first applied when such vehicle or combination of vehicles are traveling at a rate of speed of twenty (20) miles per hour.

Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order capable of emitting sounds audible under normal conditions for a distance of not less than two hundred (200) feet, and it shall be unlawful for any vehicle to be equipped with or for any person to use

upon a vehicle any bell, siren, compression or exhaust whistle or for any person at any time to use a horn otherwise than as a reasonable warning or to make any unnecessary or unreasonably loud or harsh sound by means of a horn or other warning device, except that vehicles operated in the performance of duty by law enforcement officers, fire departments and ambulances may attach and use a bell, siren, compression or exhaust whistle.

Every motor vehicle engaged in the transportation of passengers for hire or lease shall be equipped with at least one quart of chemical type fire extinguisher in good condition and conveniently located for immediate use.

Except as otherwise provided herein, it shall be unlawful for any person to operate or permit to be operated any commercial motor vehicle for hire or lease upon the highways of this State without first having obtained a chauffeur's license as provided in Article 6687 of the Revised Civil Statutes of Texas, 1925; and provided further, however, the driver or operator of such vehicle who has secured a driver's license under the provisions of any other statute of this State, shall not be required to secure the chauffeur's license under Article 6687 of the Revised Civil Statutes of Texas, 1925.

Sec. 9-a. Repealed by Acts 1947, 50th Leg., p. 997, ch. 421, § 138.

Sec. 9-c. Acts 1941, 47th Leg., ch. 71, § 5, formerly classified as § 9-c of Vernon's Ann.P.C. (1925) art. 827a [now this article], was amended in part by Acts 1983, 68th Leg., p. 4764, ch. 837, § 3, to read as set out below.

#### Parked or Standing Vehicles

Sec. 10. No person shall park or leave standing any vehicle, whether attended or unattended, upon the paved or improved or main traveled portion of any highway, outside of any incorporated town or city, when it is possible to park or leave such vehicle standing off of the paved or improved or main traveled portion of such highway; provided, in no event shall any person park or leave standing any vehicle, whether attended or unattended, upon any highway unless a clear and unobstructed width of not less than fifteen feet upon the main traveled portion of said highway opposite such standing vehicle shall be left for free passage of other vehicles thereon, nor unless a clear view of such vehicle may be obtained from a distance of 200 feet in each direction upon such highway.

Whenever any peace officer or license and weight inspector of the Department shall find a vehicle standing upon a highway in violation of the provisions of this section, he is hereby authorized to move such vehicle or require the driver or person in charge of such vehicle to move such vehicle to a position permitted under this section.

#### Marking Highways

Sec. 11. The Department is hereby authorized to classify, designate and mark both intrastate and interstate State Highways lying within the boundaries of this State and to provide a uniform system of marking and signing such highways under the jurisdiction of this State, and such system of marking and signing shall correlate with and so far as possible conform to the system adopted in other states.

#### Designation of Main Highways

Sec. 12. The Department, with reference to State Highways under its jurisdiction, is hereby authorized to designate main traveled or through highways by erecting at the entrances thereto signs notifying drivers of vehicles to come to a full stop before entering or crossing any such highway; and whenever any such sign has been so erected, it shall be unlawful for the driver or operator of any vehicle to fail to stop in obedience thereto.

#### Unauthorized Markers or Lights

Sec. 13. No unauthorized person shall erect or maintain upon any State Highway any warning or direction sign, marker, signal or light, and no person shall erect or maintain upon any highway any traffic or highway sign or signal bearing thereon any commercial advertising, provided nothing in this section shall be construed to prohibit the erection or maintenance of signs, markers, or signals bearing thereon the name of an organization authorized to erect the same by the Department.

#### Penalty for Removal of Signs

Sec. 14. Any person who shall deface, injure, knock down or remove any sign, posted as provided in this Act shall be guilty of a misdemeanor.

#### Penalty for Violations of Act

Sec. 15. (a) It shall be unlawful and constitute a misdemeanor for any person to violate any of the provisions of this Act.

(b) Any person, corporation or receiver, who violates any provision of this Act shall, upon conviction, be punished by a fine of not more than Two Hundred Dollars (\$200.00); for a second conviction within one (1) year thereafter such person, corporation or receiver, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00), or by imprisonment in the County Jail for not more than sixty (60) days, or by both such fine and imprisonment; upon a third or subsequent conviction within one (1) year after the second conviction such person, corporation or receiver shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00), or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment. Provisions hereof with respect to imprisonment shall not be applicable to corpora-

tions, but double the fines herein provided for may be imposed against them in lieu of imprisonment.

#### State Highway Patrolmen

Sec. 16. To insure the adequate enforcement of this Act and all other laws relating to vehicles and their use on the public highways, the State Highway Department is hereby authorized to and shall employ one hundred twenty (120) State Highway Patrolmen, in which shall be included all License and Weight Inspectors now authorized by Law, who shall be charged with the duty of strictly enforcing said Laws. Included in said number shall be one (1) Chief, five (5) Captains, five (5) Lieutenants, five (5) Sergeants, and one hundred four (104) Privates. There shall also be employed one (1) Secretary, two (2) Stenographers, two (2) Typists, and four (4) File Clerks. All salaries shall be fixed by the Legislature and paid in twelve (12) equal monthly installments, and sufficient funds are hereby appropriated out of, and the Highway Commission is hereby authorized to use sufficient money out of the State Highway Fund to pay for equipment, and all reasonable and necessary expenses for the proper functioning of said State Highway Patrol, including the establishment and maintenance of a Training School for State Highway Patrolmen. It is further provided, that before a State Highway Patrolman is permanently appointed, he shall take a course consisting of at least seven weeks' training in this school. Said patrolmen when appointed shall be given a Commission signed by the Chairman and one other member of the State Highway Commission and attested by the Chief of the Department, and anywhere in this State they shall be charged primarily with the duty of enforcing all the State Laws relating to vehicles and traffic on the public highways; and they are also vested with all the rights and powers of peace officers, to pursue and arrest any person for any offense when said person is found on the highway. All such persons appointed to the office of Highway Patrol in this State shall before entering upon the duties of such office take and subscribe to the oath as prescribed in the Constitution of this State and shall make and execute a good and sufficient bond in the sum of One Thousand (\$1,000.00) Dollars, payable to the Governor of this State and his successors in Office, with two or more good and sufficient sureties, conditioned that he will fairly and faithfully perform all the duties as may be required of him by law and that he will fairly and impartially enforce the law of this State and that he will pay over any and all moneys or turn over any and all property to the proper person legally entitled to same that may come into his possession by virtue of such Office. Said bond shall not be void for the first recovery, but may be sued on from time to time in the name of any person injured until the whole amount thereof is recovered. It shall be unlawful and constitute a misdemeanor for any person or persons to impersonate a State Highway Patrolman or to use any badge or operate any vehicle with the words "State Highway Patrol,"

"State Highway Police" or any other wording on such badge or vehicle that would cause anyone to believe that such person or persons were State Highway Patrolmen, except officers duly appointed by the State Highway Department.

#### Law Enforcement Division of Highway Department

Sec. 16a. The State Highway Patrol, License and Weight Inspectors, Headlight Division and any other Law Enforcement Agencies now in existence or hereafter created in connection with the Highway Department shall be known as the Law Enforcement Division of the Highway Department. This Division shall be under the Chief of the Highway Patrol as the Executive Head who shall work directly under and be responsible to the Highway Commission only.

Secs. 16a-1, 16a-2. Repealed by Acts 1983, 68th Leg., p. 3764, ch. 579, § 7, eff. Sept. 1, 1983.

#### Night Duties of Highway Patrol

Sec. 16a-3. A reasonable number of the Highway Patrol shall be assigned at least in part to night duty.

[Acts 1929, 41st Leg., 2nd C.S., p. 72, ch. 42. ### Repeal of Conflicting Laws

*Acts 1965, 59th Leg., p. 298, ch. 130, §§ 1, 2 repealed article 6701d, section 106(a) to the extent, and only to the extent, of its conflict with Acts 1965, 59th Leg., p. 123, ch. 50 (S.B. No. 3) which, inter alia, amended section 3(c) of this article relating to lengths of motor vehicles, truck-tractors, trailers and combinations thereof, and repealed all other laws and parts of laws in conflict with Chapter 50 (S.B. No. 3) to the extent of such conflict.*

Acts 1935, 44th Leg., p. 757, ch. 328, § 2 and Acts 1945, 49th Leg., p. 394, ch. 256, § 2 provided:

"Any person violating any of the provisions of this Act shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding Fifty Dollars (\$50) for the first offense, and by a fine not exceeding Two Hundred Dollars (\$200) for the second offense, or not exceeding Five Hundred Dollars (\$500), or imprisonment in the county jail, not to exceed sixty (60) days, or by both such fine and imprisonment in the discretion of the Court for each subsequent offense thereafter."

Sections 3, 5 and 7 to 9 of Acts 1941, 47th Leg., p. 86, ch. 71, read:

"Sec. 3. Nothing in this Act shall be construed as authorizing an increase in the size or dimensions of commercial motor vehicles as provided in the present law."

"Sec. 5. (a) Any person, corporation, receiver or association who violates any provision of Section 5 of this Act (the Section fixing the gross weight of commercial motor vehicles) shall, upon conviction, be punished by a fine of not less than Twenty-five Dollars (\$25), nor more than Two Hundred Dollars (\$200); for a second conviction within one year thereafter such person, corporation, receiver, or association shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200) or imprisonment in the county jail for not more than sixty (60) days or by both such fine and imprisonment; upon a third or subsequent conviction within one year after the second conviction such person, corporation, receiver or association shall be punished by a fine of not less than One Hundred Dollars (\$100) nor more than Five Hundred Dollars (\$500) or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment. It shall be the duty of the judge of the court to report forthwith to the Department of Public Safety any convictions obtained in his court under this Section and it shall be the duty of the Department of Public Safety to keep a record thereof.

"(b) If any corporation is convicted for the violation of any provision of this Act and fails to pay the fine assessed, the district or county attorney in the county in which such conviction was had is hereby authorized to file suit in a court of competent jurisdiction against such corporation to collect such fine."

"Sec. 7. If any section, subsection, clause, sentence or phrase of this Act is for any reason held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act, and such section, subsection, sentence, clause or phrase thereof, irrespective of the fact that one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

"Sec. 8. Providing that the enactment of this Act will in no way repeal or affect the provisions of House Bill No. 690, Chapter 340, page 832, of the General and Special Laws of the Regular Session of the Forty-fourth Legislature.

"Sec. 9. Nothing in this Act shall in any way alter, amend, repeal or modify any part of Chapter 41, Acts Second Called Session, Forty-first Legislature [article 6701a]."

Section 2 of the 1975 amendatory act provided:

"This amendatory Act does not affect Section 5½ or 6, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6701d-11, Vernon's Texas Civil Statutes); Section 1, Chapter 293, Acts of the 53rd Legislature, Regu-

lar Session, 1953, as amended (Article 6701d-12, Vernon's Texas Civil Statutes); or any state law authorizing the issuance of special permits for weights in excess of those provided by this amendatory Act."

Section 2 of Acts 1983, 68th Leg., p. 138, ch. 33, provides:

"This Act takes effect January 1, 1984, and applies to persons operating vehicles carrying loose materials on highways on or after that date. Violations of Section 3A, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6701d-11, Vernon's Texas Civil Statutes), that occur before the effective date of this Act are covered by the law as it existed at the time of the violation, and that law is continued in effect for that purpose."

Section 3 of Acts 1983, 68th Leg., p. 328, ch. 74, provides:

"This Act takes effect September 1, 1983, and applies to violations of the weight and load limitations that occur on or after that date. Violations that occur before the effective date of this Act are covered by the law as it existed at the time of the violation, and that law is continued in effect for that purpose."

Section 3 of Acts 1983, 68th Leg., p. 729, ch. 171, provides:

"(a) The State Department of Highways and Public Transportation is authorized to contract, as provided by Section 5-½, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929 (Article 6701d-11, Vernon's Texas Civil Statutes), with The Fordyce Company to indemnify the department for the cost of repair and maintenance to the portion of Farm-to-Market Road 1685 crossed by unlicensed trucks and Victoria County and the portion of Farm-to-Market Road 886 crossed by unlicensed trucks in Hidalgo County.

"(b) This section is enacted pursuant to Article VIII, Section 9, of the Texas Constitution."

Section 2 of Acts 1983, 68th Leg., p. 1553, ch. 297, provides:

"This Act takes effect September 1, 1983. A violation of the height restriction in Subsection (b), Section 3, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929 (Article 6701d-11, Vernon's Texas Civil Statutes), before the effective date of this Act by a vehicle used to transport seed cotton modules is subject to the law in effect when the violation occurred, and the former law is continued in effect for that purpose. For purposes of this section, a violation occurs on or after the effective date of this Act if any element of the violation occurs on or after that date."

Section 3 of Acts 1983, 68th Leg., p. 4764, ch. 837, provides:

"Subsection (a), Section 5, Chapter 71, Acts of the 47th Legislature, Regular Session 1941 [formerly classified as § 9-C of Vernon's Ann.P.C. (1925) art. 827a (now this article)], is amended to read as follows:

"(a) Any person, corporation, receiver or association who violates any provision of Section 5 of this Act (the Section fixing the gross weight of commercial motor vehicles) shall, upon conviction, be punished by a fine of not less than One Hundred Dollars (\$100), nor more than One Hundred Fifty Dollars (\$150); for a second conviction within one year thereafter such person, corporation, receiver, or association shall be punished by a fine of not less than One Hundred Fifty Dollars (\$150) nor more than Two Hundred Fifty Dollars (\$250) or imprisonment in the county jail for not more than sixty (60) days or by both such fine and imprisonment; upon a third or subsequent conviction within one year after the second conviction such person, corporation, receiver, or association shall be punished by a fine of not less than Two Hundred Dollars (\$200) nor more than Five Hundred Dollars (\$500) or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment. It shall be the duty of the judge of the court to report forthwith to the Department of Public Safety any convictions obtained in his court under this Section and it shall be the duty of the Department of Public Safety to keep a record thereof."

Section 4 of Acts 1983, 68th Leg., p. 4765, ch. 837, provides:

"This Act takes effect September 1, 1983, and applies to violations of the weight and load limitations that occur on or after that date. Violations that occur before the effective date of this Act are covered by the law as it existed at the time of the violation, and that law is continued in effect for that purpose."

Section 7 of Acts 1983, 68th Leg., p. 5044, ch. 908, provides:

"A person who violated a length limitation for a motor vehicle before the effective date of this Act is subject to the law in effect when the violation occurred, and the former law is continued in effect for that purpose."

**Art. 6701d-11a. Registration and Width Requirements of Vehicles Transporting Fertilizer**

Sec. 1. In this Act, "fertilizer" includes agricultural limestone.

Sec. 2. The annual license fee for the registration of motor vehicles designed or modified exclusively to transport fertilizer to the field and spread it, and used only for that purpose, is \$50.

Sec. 3. The width requirements in Subdivision (2), Subsection (a), Section 3, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6701d-11, Vernon's Texas Civil Statutes), do not apply to a vehicle registered under Section 2 of this Act which has a width of 136 inches or less at its widest point.

[Acts 1977, 65th Leg., p. 373, ch. 184, §§ 1 to 3, eff. Aug. 29, 1977. Amended by Acts 1983, 68th Leg., p. 5048, ch. 909, § 4, eff. June 19, 1983.]

**Art. 6701d-12. Weight of Vehicles Transporting Ready-Mixed Concrete**

Sec. 1. Vehicles used exclusively to transport ready-mixed concrete, which is hereby defined as a perishable product, may be operated upon the public highways of this state with a tandem axle load not to exceed 44,000 pounds, a single axle load not to exceed 20,000 pounds and a gross load not to exceed 64,000 pounds, provided that where the vehicle is to be operated with a tandem axle load in excess of 34,000 pounds, the owner of such vehicle shall first file with the State Department of Highways and Public Transportation a surety bond in the principal sum as fixed by the department, which sum shall not be set at a greater amount than \$15,000 for each vehicle; said bond to be conditioned that the owner of such vehicle will pay to the State of Texas, within the limit of such bond, all damages done to the highways by reason of the operation of such vehicle with a tandem axle load in excess of 34,000 pounds; such bond shall be subject to the approval of the State Department of Highways and Public Transportation.

Sec. 2. When any county, city, or town determines public highways under their jurisdiction are found insufficient to carry the maximum gross vehicle axle loads authorized in Section 1 of this Act, the governing body of such county, city, or town is hereby authorized to prescribe, by order or ordinance, reasonable rules and regulations governing the operation of vehicles to transport ready-mixed concrete over public highways maintained by such county, city, or town. Such rules and regulations may include, but need not be limited to, weight limitations on vehicles with a tandem axle load which exceeds 36,000 pounds, a single axle load

which exceeds 12,000 pounds, and a gross load which exceeds 48,000 pounds.

Sec. 3. The governing body of any county, city, or town may require the owner of any ready-mixed concrete vehicle to file a surety bond in a sum not to exceed \$15,000, and conditioned that the owner of such vehicle will pay to such county, city, or town all damages done to the highways by reason of the operation of such vehicle with a tandem axle load in excess of 34,000 pounds.

Sec. 4. This Act does not authorize the operation on the national system of interstate and defense highways in this state of vehicles of a size or weight greater than authorized in Title 23, United States Code, Section 127, as amended. If the United States government authorizes the operation on the national system of interstate and defense highways of vehicles of a size or weight greater than those authorized on January 1, 1977, the new limits automatically shall be in effect on the national system of interstate and defense highways in this state.

[Acts 1953, 53rd Leg., p. 747, ch. 293, § 1. Amended by Acts 1955, 54th Leg., p. 390, ch. 109, § 1; Acts 1977, 65th Leg., p. 944, ch. 354, § 1, eff. Aug. 29, 1977.]

Acts 1975, 64th Leg., p. 34, ch. 18, which by § 1 amended § 5 of art. 6701d-11, in § 2 provided, in part: "This amendatory Act does not affect . . . Section 1, Chapter 293, Acts of the 53rd Legislature, Regular Session, 1953, as amended (Article 6701d-12, Vernon's Texas Civil Statutes); or any state law authorizing the issuance of special permits for weights in excess of those provided by this amendatory Act."

**Art. 6701d-12a. Weight and Size of Vehicles Transporting Milk**

Sec. 1. A vehicle used exclusively to transport milk may be operated on the public highways of this state if the distance between the front wheel of the forward tandem axle and the rear wheel of the rear tandem axle, measured longitudinally, is at least 28 feet, and the maximum load carried on any group of axles does not exceed 68,000 pounds.

Sec. 2. Nothing in this Act shall be construed as permitting size or weight limits on the national system of interstate and defense highways in this state in excess of those permitted under Title 23, U.S.C., Section 127, as amended. If the federal government prescribes or adopts vehicle size or weight limits greater than those now prescribed by Title 23, U.S.C., Section 127, as amended, for the national system of interstate and defense highways, the increased limits shall become effective on the national system of interstate and defense highways in this state.

**Art. 6701d-13. Length of Vehicles Transporting Poles, Piling or Unrefined Timber**

Sec. 1. (a) Notwithstanding other provisions of the statutes governing the length of motor vehicles and combinations thereof which may be operated over the highways and roads and except as provided by Subsection (b) of this section, it shall be lawful to

operate such vehicles and combinations not to exceed ninety (90) feet in length including the load where such vehicles and combinations are used exclusively for transporting poles, piling or unrefined timber from the point of origin of such timber (the forest where such timber is felled) to a wood processing mill. No such vehicles and combinations as covered by the provisions of this Act shall be permitted to travel in excess of one hundred and twenty-five (125) miles from their point of origin to destination or delivery point.

(b) The length limitation in Subsection (a) of this section does not apply to a truck-tractor or truck-tractor combination transporting poles, piling, or unrefined timber.

Sec. 2. Such vehicles may be operated only between the hours of sunrise and sunset as defined by law.

Sec. 3. The width, height and gross weight of each such vehicle or combination thereof shall conform to the requirements of Article 827a, Revised Penal Code of Texas.<sup>1</sup>

Sec. 3a. Subsection (d), Section 3, Chapter 42, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended by Section 3, Chapter 282, General Laws, Acts of the 42nd Legislature, Regular Session, 1931 (Article 827a, Vernon's Texas Penal Code),<sup>2</sup> does not apply to a vehicle covered by this Act insofar as that subsection prescribes limits on the extension of the load beyond the rear of the vehicle.

[Acts 1955, 54th Leg., p. 354, ch. 73. Amended by Acts 1965, 59th Leg., p. 1454, ch. 641, § 1, eff. June 17, 1965; Acts 1967, 60th Leg., p. 760, ch. 315, §§ 1, 2, eff. May 27, 1967; Acts 1983, 68th Leg., p. 5042, ch. 908, § 3, eff. June 19, 1983.]

Section 7 of the 1983 amendatory act provides:

"A person who violated a length limitation for a motor vehicle before the effective date of this Act is subject to the law in effect when the violation occurred, and the former law is continued in effect for that purpose."

#### Art. 6701d-14. Length of Vehicles Transporting Electric Power Transmission Poles; Fee; Time of Operation

Sec. 1. (a) Notwithstanding other provisions of the Statutes governing the length of motor vehicles and combinations thereof and the provisions of the Statutes controlling the distance which a load may extend beyond the front or rear of a vehicle or combination of vehicles which may be operated over the highways and roads and except as provided by Subsection (b) of this section, it shall be lawful to operate such vehicles and combinations thereof where the combined length of the vehicle or combination of vehicles and its load does not exceed seventy-five (75) feet in length and where such vehicles or combinations thereof are used exclusively for the transport of poles required for the mainte-

nance of electric power transmission and distribution lines; provided, however, the operator of any such vehicle or combination of vehicles must pay to the State Department of Highways and Public Transportation the sum of One Hundred and Twenty Dollars (\$120) per calendar year.

(b) The length limitation in Subsection (a) of this section does not apply to a truck-tractor or truck-tractor combination transporting poles for the maintenance of electric power transmission and distribution lines.

Sec. 2. Such vehicles may be operated only between the hours of sunrise and sunset, as defined by law, and at a rate of speed not greater than thirty-five (35) miles per hour; and provided further, that there shall at all times be displayed at the extreme rear end of the load carried on such vehicles a red flag or cloth not less than twelve (12) inches square and so hung that the entire area is visible to the driver of a vehicle approaching from the rear.

Sec. 3. The width, height and gross weight of each such vehicle or combination thereof shall conform to the requirements of Article 827a, Revised Penal Code of Texas.<sup>1</sup>

[Acts 1959, 56th Leg., p. 483, ch. 212. Amended by Acts 1983, 68th Leg., p. 5042, ch. 908, § 4, eff. June 19, 1983.]

Section 7 of the 1983 amendatory act provides:

"A person who violated a length limitation for a motor vehicle before the effective date of this Act is subject to the law in effect when the violation occurred, and the former law is continued in effect for that purpose."

#### Art. 6701d-15. Length of Oil Well Servicing Units

Sec. 1. For the purposes of this Act, an "oil well servicing unit" shall mean a complete well servicing unit, equipped with a derrick, or mast pole, which is permanently mounted on the chassis of a motor vehicle, and which vehicle provides all the necessary power for the operation of said unit.

Sec. 2. Notwithstanding other statutes governing the length of motor vehicles which may be operated over the highways and roads, it shall be lawful to operate oil well servicing units not to exceed forty (40) feet in length.

Sec. 3. The width, height, and gross weight of each such oil well servicing units shall conform to the requirements of Chapter 42, Acts of the Forty-first Legislature, Second Called Session, 1929, as last amended by Section 1 of Chapter 402, Acts of the Fifty-seventh Legislature, Regular Session, 1961 (codified as Article 827a of the Revised Penal Code of Texas).<sup>1</sup>

[Acts 1963, 58th Leg., p. 153, ch. 93.]

<sup>1</sup> Transferred; see, now, article 6701d-11.

**Art. 6701d-16. Movement of Oversize or Overweight Oil Well Servicing and Drilling Machinery**

**Purpose of Act**

Sec. 1. The provisions of this Act shall be cumulative of all other laws regulating the operation of vehicles and the movement of machinery on the highways of this state, it being the express intent of this Act to provide an optional procedure for the issuance of permits for the movement of oversize or overweight oil well servicing and/or oil well drilling machinery and equipment.

**Permits; Designation of Routes**

Sec. 2. When any person, firm or corporation, desires to operate over any road or highway under the jurisdiction of the State Highway Department any vehicle which is a piece of fixed load mobile machinery or equipment used for the purpose of servicing, cleaning out, or drilling oil wells, and when such vehicle cannot comply with one or more of the restrictions set out in Sections 3 and 5 of Acts 1929, 41st Legislature, 2nd Called Session, Chapter 42, page 72, as amended (Article 827a, Vernon's Annotated Penal Code),<sup>1</sup> the State Highway Department may, as an alternative to any other procedure authorized by law, upon application, issue a permit for the movement of such vehicle, when the Department is of the opinion that the same may be moved without material damage to the highway or serious inconvenience to highway traffic. Provided, however, that all cities and towns having a state highway within their limits may designate to the State Highway Department the route within the city or town to be used by said vehicles operating over the state highway. When so designated, the route shall be shown on all maps routing said vehicles by the State Highway Department. In the event a route is not so designated by a city or town, the State Highway Department shall determine the route on state highways for such vehicles within cities or towns. No fee, permit or license shall be required by any city or town for movement of said vehicles on the route of a state highway designated by the State Highway Department or on said special route designated by a city or town.

<sup>1</sup> Transferred; see, now, article 6701d-11, §§ 3, 5.

**Necessity of Registration of Vehicles**

Sec. 3. Prior to issuing any permit for the movement of such vehicles, said vehicles must have been registered under Acts, 1929, 41st Legislature, 2nd Called Session, Chapter 88, as amended (Article 6675a, Vernon's Annotated Civil Statutes)<sup>1</sup> for the maximum gross weight applicable to such vehicles under Section 5, Acts, 1929, 41st Legislature, 2nd Called Session, Chapter 42, page 72, as amended (Article 827a, Vernon's Penal Code),<sup>2</sup> or shall have the distinguishing license plates as provided in Paragraph (c) of Section 2, Acts 1929, 41st Legislature, 2nd Called Session, Chapter 88, as added by Acts,

1961, 57th Legislature, Regular Session, Chapter 259, page 554, as amended,<sup>3</sup> if applicable to said vehicles.

<sup>1</sup> See article 6675a-1 et seq.

<sup>2</sup> Transferred; see, now, article 6701d-11, § 5.

<sup>3</sup> Article 6675a-2, par. (c).

**Rules and Regulations; Forms and Procedures; Violations; Fees**

Sec. 4. The State Highway Commission shall formulate rules and regulations regarding the issuance of such permits including, but not limited to, the forms and procedures to be used in applying for same; conditions with regard to route and time of movement and special requirements as to flags, flagmen and warning devices; the fees to be collected and deposited in the State Highway Fund; whether a particular permit shall be for one trip only, or for a period of time to be established by the Commission; and such other matters as the Commission may deem necessary to carry out the provisions of the Act. The failure of an owner or his representative to comply with any rule or regulation of the Commission or with any condition placed on his permit shall render the permit void and, immediately upon such violation, any further movement over the highways of the oversize or overweight vehicles, shall be in violation of existing laws regulating the size and weight of vehicles on public highways.

It is recognized that the movement of such overweight and oversize vehicles is a privilege not accorded to every user of the highway system, and it is logical and proper that the fees to be charged for special transportation permit be sufficient to provide that the permittee pay the administrative costs incurred in the processing and issuing of the permits, pay for the added wear on the highways in proportion to the reduction of service life, and for the special privilege of transporting a more hazardous load over the highways thus compensating for the economic loss to the operators of vehicles in regular operation due to necessary delays and inconveniences occasioned by these types of vehicle movements. It is, therefore, declared to be the policy of the Legislature that in formulating such rules and regulations and in establishing such fees, the Commission shall consider and be guided by:

- a. The state's investment in its highway system;
- b. The safety and convenience of the general traveling public;
- c. The amount of registration or license fee previously paid on the vehicle for which the permit is desired, and the amount of such fees paid by vehicles operating within legal limits; and
- d. The suitability of roadways and sub-grades on the various classes of highways of the system, variation in soil grade prevalent in the different regions of the state and the seasonal effects on highway load capacity as well as the highway shoul-

der design and other highway geometrics and the load capacity of the highway bridges.

#### Damages to Highways

Sec. 5. The issuance of a permit for an oversize or overweight movement shall not be a guarantee by the Department that the highways can safely accommodate such movement, and the owner of any vehicle involved in any oversize or overweight movement, whether with or without permit, shall be strictly liable for any damage such movement shall cause the highway system or any of its structures or appurtenances.

#### Determination as to Whether Vehicle Subject to Registration; License Plates

Sec. 6. With respect to oil well servicing, oil well clean out, and/or oil well drilling machinery or equipment, the State Highway Department may, if determined by it to be necessary or expedient for the proper administration of the laws of this state regarding the registration and licensing of motor vehicles, establish criteria for determining whether a vehicle of the specific type described in this Section is subject to registration under Article 6675a, Revised Civil Statutes, or eligible for the distinguishing license plate provided for in Paragraph (c) of Section 2, Acts 1929, as added by Acts of 1961, 57th Legislature, Chapter 259, page 554, as amended,<sup>1</sup> and on the basis of such criteria, said Department is authorized to determine whether such vehicle is or is not subject to registration under Article 6675a. Provided, however, that no vehicle heretofore authorized by the State Highway Department to operate without registration under the provisions of Article 6675a shall hereafter be required to register under the provisions thereof. For all purposes under this Section 6 of this Act, oil well servicing, oil well clean out and oil well drilling machinery or equipment shall mean only those vehicles constructed as a machine used solely for servicing, cleaning out, and/or drilling oil wells, and consisting in general of a mast, an engine for power, a draw works and a chassis permanently constructed or assembled for such purpose or purposes.

#### Application of Act

Sec. 7. Nothing in this Act shall be construed to include or apply to any person, firm or corporation authorized by the Railroad Commission of Texas to operate as a carrier for compensation or hire over the public highways of this state, whether or not all the operations of such person, firm or corporation are performed under such certificate, permit or authority granted by the Commission.

[Acts 1963, 58th Leg., p. 492, ch. 179.]

#### Art. 6701d-17. Length of Vehicles Transporting Poles or Pipe

Sec. 1. (a) Notwithstanding other provisions of the statutes governing the length of motor vehicles

and combinations thereof and provisions of the statutes controlling the distance which a load may extend beyond the front or rear of a vehicle or combination of vehicles which may be operated over the highways and roads and except as provided by Subsection (b) of this section, it shall be lawful to operate such vehicles and combinations thereof where the combined length of the vehicle or vehicles and its load does not exceed sixty-five (65) feet in length and where such vehicles or combinations thereof are used exclusively for the transportation of poles or pipe.

(b) The length limitation in Subsection (a) of this section does not apply to a truck-tractor or truck-tractor combination transporting poles or pipe.

Sec. 2. Such vehicles may be operated only between the hours of sunrise and sunset as defined by law and there shall at all times be displayed at the extreme rear end of the load carried on such vehicles a red flag or cloth not less than twelve (12) inches square and so hung that the entire area is visible to the driver of a vehicle approaching from the rear.

Sec. 3. The width, height, length and weight of each vehicle or combination thereof shall conform to the requirements of Article 827a, Revised Penal Code of Texas,<sup>1</sup> and nothing in this Act shall be construed to repeal any other provisions of the statutes other than the necessity to secure a permit from the Texas Highway Department to operate a combination of vehicles hauling pipe or poles.

[Acts 1971, 62nd Leg., p. 20, ch. 8, eff. Feb. 26, 1971. Amended by Acts 1983, 68th Leg., p. 5043, ch. 908, § 5, eff. June 19, 1983.]

<sup>1</sup> Transferred; see, now, article 6701d-11.

Section 7 of the 1983 amendatory act provides:

"A person who violated a length limitation for a motor vehicle before the effective date of this Act is subject to the law in effect when the violation occurred, and the former law is continued in effect for that purpose."

#### Art. 6701d-18. Special Permits for Unladen Lift Equipment Exceeding Weight and Width Limits

Notwithstanding other provisions of the statutes governing the weight and width of motor vehicles which may be operated over the highways and roads of Texas, the State Highway Department may, on application, issue annual permits for a fee of \$50 each to authorize the movement of unladen lift equipment motor vehicles which because of their design for use as lift equipment exceed the maximum weight and width limitations prescribed by statute.

**Art. 6701d-19. Repealed by Acts 1981, 67th Leg., p. 1487, ch. 388, § 4(2)(B), eff. Sept. 1, 1981**

Acts 1981, 67th Leg., ch. 388, repealing this article enacts the Agriculture Code.

For disposition of the subject matter of the repealed article, see Disposition Table preceding the Agriculture Code.

**Art. 6701d-19a. Weight of Vehicles Transporting Solid Waste**

Sec. 1. Vehicles used exclusively to transport solid waste (except hazardous waste), as defined in the Solid Waste Disposal Act (Article 4477-7, Vernon's Texas Civil Statutes), may be operated upon the public streets and highways of this state with a tandem axle gross load not to exceed 44,000 pounds, a single axle gross load not to exceed 20,000 pounds and a gross load for the vehicle not to exceed 64,000 pounds, provided that where the vehicle is to be operated with a tandem axle gross load in excess of 34,000 pounds, the owner, except if the owner is a municipality, of such vehicle shall first file with the State Department of Highways and Public Transportation a surety bond in the principal sum as fixed by the department, which sum shall not be set at a greater amount than \$15,000 for each vehicle; said bond to be conditioned that the owner of such vehicle will pay to the State of Texas and to any municipality in which such vehicle is operated on city streets, within the limit of such bond, all damages done to the highways and the city streets by reason of the operation of such vehicle with a tandem axle gross load in excess of 34,000 pounds; such bonds shall be subject to the approval of the State Department of Highways and Public Transportation.

Sec. 2. This Act does not authorize the operation on the national system of interstate and defense highways in this state of vehicles of a size or weight greater than authorized in Title 23, United States Code, Section 127, as amended. If the United States government authorizes the operation on the national system of interstate and defense highways of vehicles of a size or weight greater than those authorized on January 1, 1983, the new limits automatically shall be in effect on the national system of interstate and defense highways in this state.

[Acts 1983, 68th Leg., p. 5249, ch. 966, eff. Aug. 29, 1983.]

**Art. 6701d-20. Traffic Signals on State Highways Outside Cities and Towns**

Sec. 1. There may be installed at such points on State Highways as may be approved and directed by the State Highway Engineer of the State of Texas, signal units to be used as a means of controlling and regulating traffic, both vehicular and pedestrian, by the use of lights placed in such units. Such lights shall consist of red lights, amber (yellow) lights and green lights. Said signal unit shall be suspended above the center of said State Highways and installed under the direction of the State

Highway Engineer, or any resident engineer of the State Highway Department.

At the display of the red light all traffic approaching such displayed light shall come to a complete stop; at the display of the amber (yellow) light, traffic shall prepare to move forward, and at the display of the green light traffic shall proceed to move forward.

Sec. 2. Any person who shall fail to stop after approaching a signal unit which has been installed and is being operated when the red light signal or the amber (yellow) signal is displayed on the side of such signal toward which he is approaching, shall be guilty of a misdemeanor and upon conviction therefor shall be punished by a fine in any sum not to exceed Two Hundred (\$200.00) Dollars.

Sec. 3. It shall not be necessary for the State to prove the installation of such signal units, or the approval and direction of the State Highway Engineer, but any person charged with a violation of this Act shall have the right to prove same was not so approved and installed as a defense.

Sec. 4. This Act shall not apply to, or be construed as in conflict with any city ordinance of any incorporated city or town within this State, but shall be construed as applying only to points on State Highways outside the limits of incorporated cities and towns.

[Acts 1937, 45th Leg., p. 57, ch. 35.]

**6701d-21. Repealed by Acts 1979, 66th Leg., p. 1609, ch. 682, § 5, eff. Sept. 1, 1979**

Section 6 of the 1979 repealing act provided:

"An offense committed under the law repealed by this Act is covered by that law as it existed on the date of the offense, and the repealed law is continued in effect for the prosecution of the offense."

**Art. 6701d-22. Speed of Vehicles in Parks of Counties Bordering Gulf of Mexico**

**Maximum Speed**

Sec. 1. No person shall drive a vehicle at a speed greater than thirty (30) miles per hour within the boundaries of any county park situated in a county that borders on the Gulf of Mexico.

Sec. 2. Repealed by Acts 1981, 67th Leg., p. 2725, ch. 741, § 2(1), eff. Jan. 1, 1982.

**Application of Act**

Sec. 3. The provisions of this Act shall not apply to any beach, as that term is defined in Chapter 19 of the Acts of the Fifty-sixth Legislature, Second Called Session, 1959,<sup>1</sup> whenever a beach is included within the boundaries of a county park situated in a county that borders on the Gulf of Mexico.

<sup>1</sup> Article 5415d.

**Violations; Fines**

Sec. 4. Any person who violates any provision of this Act shall be fined not less than One Dollar (\$1)

nor more than Two Hundred Dollars (\$200) for each offense.

[Acts 1963, 58th Leg., p. 61, ch. 41. Amended by Acts 1981, 67th Leg., p. 2725, ch. 741, § 2, eff. Jan. 1, 1982.]

Section 4 of the 1981 amendatory act provides:

"This Act takes effect January 1, 1982, and applies only to offenses committed on or after that date. An offense committed before the effective date of this Act is governed by the law in effect when the offense was committed and the prior law is continued in effect for that purpose. An offense is committed before the effective date of this Act if any element of the offense occurs before that date."

#### Art. 6701d-23. Nonresident Violator Compact of 1977

Sec. 1. The Nonresident Violator Compact of 1977 is adopted by this state and entered into with all other jurisdictions adopting the compact in form substantially as follows:

##### "NONRESIDENT VIOLATOR COMPACT OF 1977

##### "Art. I. FINDINGS, DECLARATION OF POLICY, AND PURPOSE

"(a) The party jurisdictions find that:

"(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction:

"(i) Must post collateral or bond to secure appearance for trial at a later date; or

"(ii) If unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or

"(iii) Is taken directly to court for his trial to be held.

"(2) In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.

"(3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to his home jurisdiction and disregard his duty under the terms of the traffic citation.

"(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.

"(5) The practice described in paragraph (1) above causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.

"(6) The deposit of a driver's license as a bail bond, as described in paragraph (2) above, is viewed with disfavor.

"(7) The practices described herein consume an undue amount of law enforcement time.

"(b) It is the policy of the party jurisdictions to:

"(1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

"(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

"(3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

"(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

"(c) The purpose of this compact is to:

"(1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.

"(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

##### "Art. II. DEFINITIONS

"(a) In the Nonresident Violator Compact, the following words have the meaning indicated, unless the context requires otherwise.

"(b)(1) 'Citation' means any summons, ticket, or other official document issued by a police officer for a traffic violation containing an order which requires the motorist to respond.

"(2) 'Collateral' means any cash or other security deposited to secure an appearance for trial, following the issuance by a police officer of a citation for a traffic violation.

"(3) 'Court' means a court of law or traffic tribunal.

"(4) 'Driver's license' means any license or privilege to operate a motor vehicle issued under the laws of the home jurisdiction.

"(5) 'Home jurisdiction' means the jurisdiction that issued the driver's license of the traffic violator.

"(6) 'Issuing jurisdiction' means the jurisdiction in which the traffic citation was issued to the motorist.

"(7) 'Jurisdiction' means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

"(8) 'Motorist' means a driver of a motor vehicle operating in a party jurisdiction other than the home jurisdiction.

"(9) 'Personal recognizance' means an agreement by a motorist made at the time of issuance of the traffic citation that he will comply with the terms of that traffic citation.

"(10) 'Police officer' means any individual authorized by the party jurisdiction to issue a citation for a traffic violation.

"(11) 'Terms of the citation' means those options expressly stated upon the citation.

#### "Art. III. PROCEDURE FOR ISSUING JURISDICTION

"(a) When issuing a citation for a traffic violation, a police officer shall issue the citation to a motorist who possesses a driver's license issued by a party jurisdiction and shall not, subject to the exceptions noted in paragraph (b) of this article, require the motorist to post collateral to secure appearance, if the officer receives the motorist's personal recognizance that he or she will comply with the terms of the citation.

"(b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.

"(c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and shall contain information as specified in the Compact Manual as minimum requirements for effective processing by the home jurisdiction.

"(d) Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist the information in a form and content as contained in the Compact Manual.

"(e) The licensing authority of the issuing jurisdiction may not suspend the privilege of a motorist for whom a report has been transmitted.

"(f) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation if the date of transmission is more than six months after the date on which the traffic citation was issued.

"(g) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation where the date of issuance of the citation predates the most recent of the effective dates of entry for the two jurisdictions affected.

#### "Art. IV. PROCEDURE FOR HOME JURISDICTION

"(a) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be accorded.

"(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the Compact Manual.

#### "Art. V. APPLICABILITY OF OTHER LAWS

"Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.

#### "Art. VI. COMPACT ADMINISTRATOR PROCEDURES

"(a) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a Board of Compact Administrators is established. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

"(b) Each member of the Board of Compact Administrators shall be entitled to one vote. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. Action by the board shall be only at a meeting at which a majority of the party jurisdictions are represented.

"(c) The board shall elect annually, from its membership, a chairman and a vice chairman.

"(d) The board shall adopt bylaws, not inconsistent with the provisions of this compact or the laws of a party jurisdiction, for the conduct of its business and shall have the power to amend and rescind its bylaws.

"(e) The board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any jurisdiction, the United States, or any other governmental agency, and may receive, utilize, and dispose of the same.

"(f) The board may contract with, or accept services or personnel from, any governmental or intergovernmental agency, person, firm, or corporation, or any private nonprofit organization or institution.

"(g) The board shall formulate all necessary procedures and develop uniform forms and documents for administering the provisions of this compact. All procedures and forms adopted pursuant to board action shall be contained in the Compact Manual.

#### "Art. VII. ENTRY INTO COMPACT AND WITHDRAWAL

"(a) This compact shall become effective when it has been adopted by at least two jurisdictions.

"(b)(1) Entry into the compact shall be made by a Resolution of Ratification executed by the authorized officials of the applying jurisdiction and submitted to the chairman of the board.

"(2) The resolution shall be in a form and content as provided in the Compact Manual and shall include statements that in substance are as follows:

"(i) A citation of the authority by which the jurisdiction is empowered to become a party to this compact.

"(ii) Agreement to comply with the terms and provisions of the compact.

"(iii) That compact entry is with all jurisdictions then party to the compact and with any jurisdiction that legally becomes a party to the compact.

"(3) The effective date of entry shall be specified by the applying jurisdiction, but it shall not be less than 60 days after notice has been given by the chairman of the Board of Compact Administrators or by the secretariat of the board to each party jurisdiction that the resolution from the applying jurisdiction has been received.

"(c) A party jurisdiction may withdraw from this compact by official written notice to the other party jurisdictions, but a withdrawal shall not take effect until 90 days after notice of withdrawal is given. The notice shall be directed to the compact administrator of each member jurisdiction. No withdrawal shall affect the validity of this compact as to the remaining party jurisdictions.

#### "Art. VIII. EXCEPTIONS

"The provisions of this compact shall not apply to offenses which mandate personal appearance, moving traffic violations which alone carry a suspension, equipment violations, inspection violations, parking or standing violations, size and weight limit

violations, violations of law governing the transportation of hazardous materials, motor carrier violations, lease law violations, and registration law violations.

#### "Art. IX. AMENDMENTS TO THE COMPACT

"(a) This compact may be amended from time to time. Amendments shall be presented in resolution form to the chairman of the Board of Compact Administrators and may be initiated by one or more party jurisdictions.

"(b) Adoption of an amendment shall require endorsement of all party jurisdictions and shall become effective 30 days after the date of the last endorsement.

"(c) Failure of a party jurisdiction to respond to the compact chairman within 120 days after receipt of the proposed amendment shall constitute endorsement.

#### "Art. X. CONSTRUCTION AND SEVERABILITY

"This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government, agency, person, or circumstance, the compact shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdiction affected as to all severable matters.

#### "Art. XI. TITLE

"This compact shall be known as the Nonresident Violator Compact of 1977."

Sec. 2. (a) The office of nonresident violator compact administrator is created. The governor shall appoint the compact administrator, with the advice and consent of the senate, to a two-year term that expires on February 1 of each odd-numbered year. The compact administrator is entitled to compensation and reimbursement for expenses as provided by legislative appropriation. The compact administrator shall perform the duties specified by the Nonresident Violator Compact of 1977.

(b) The Department of Public Safety shall report, as provided by Article III(c) of the Nonresident Violator Compact of 1977, the failure of a motorist to comply with the terms of a traffic citation. The department shall establish procedures for the reports.

(c) For the purposes of the compact, the "licensing authority" means the Department of Public Safety.

[Acts 1981, 67th Leg., p. 2320, ch. 571, § 1, eff. Jan. 1, 1982; § 2, eff. Sept. 1, 1981. Amended by Acts 1983, 68th Leg., p. 5026, ch. 903, § 1, eff. June 19, 1983.]

Sections 5 to 7 of the 1981 Act provide:

"Sec. 5. The initial term of the compact administrator expires February 1, 1983.

"Sec. 6. The Department of Public Safety shall promptly execute a resolution of ratification as provided by Article VII of the Nonresident Violator Compact of 1977.

"Sec. 7. This Act takes effect September 1, 1981, except that Section 1 takes effect January 1, 1982. This Act applies to citations issued on or after January 1, 1982, by jurisdictions that are members of the Nonresident Violator Compact of 1977."

See, now, art. 6702-1, § 2.301.

**Art. 6701g-1. Removal of Unauthorized Vehicles Parked in Fire Lanes**

Sec. 1. The owner of premises at or upon which a governmental body requires the designation and maintenance of a fire lane, or the agent of the owner, may have any motor vehicle that is parked in the fire lane, except an authorized emergency vehicle, removed and stored at the expense of the owner or operator of the vehicle, if the fire lane is required by a governmental body having authority to require fire lanes and is conspicuously designated as a fire lane in compliance with requirements of the governmental body.

Sec. 2. The owner of the premises, or his agent, who has a vehicle removed and stored as provided in Section 1 of this Act is not liable for damages incurred by the owner or operator of the vehicle as a result of removal or storage if the vehicle is removed by a vehicle wrecker service insured against liability for property damage incurred in towing vehicles and is stored by a storage company

insured against liability for property damage incurred in the storage of vehicles.

[Acts 1977, 65th Leg., p. 1243, ch. 480, §§ 1, 2, eff. Aug. 29, 1977.]

**Art. 6701g-2. Removal of Unauthorized Vehicles from Parking Facilities or Public Highways**

**Definitions**

Sec. 1. In this Act:

(a) "Parking facility" means any public or private property used, in whole or in part, for restricted and/or paid parking of vehicles. "Parking facility" includes but is not limited to commercial parking lots, parking garages, and parking areas serving or adjacent to businesses, churches, schools, homes, and apartment complexes. "Parking facility" also includes a restricted portion or portions of an otherwise unrestricted parking facility.

(b) "Parking facility owner" means any operator or owner (including any lessee, employee, or agent thereof) of a parking facility.

(c) "Public highway" means any public street, alley, road, right-of-way, or other public way.

(d) "Towing company" means any individual, corporation, partnership, or association engaged in the business of towing vehicles on a public highway for compensation or with the expectation of compensation for the towing, storage, or repair of vehicles. The term "towing company" includes the owner, operator, employee, or agent of a towing company, but does not include cities, counties, or other political subdivisions of the state.

(e) "Vehicle" means every kind of device in, upon, or by which any person or property is or may be transported or drawn on a public highway, except devices moved by human power or used exclusively on stationary rails or tracks.

(f) "Unauthorized vehicle" means any vehicle parked, stored, or situated in or on a parking facility without the consent of the parking facility owner.

**Removal by Parking Facility Owner**

Sec. 2. (a) A parking facility owner may, without the consent of the owner or operator of an unauthorized vehicle, cause such vehicle to be removed and stored at the expense of the owner or operator of the vehicle, if any of the following occurs:

(i) a sign or signs, specifying those persons who may park in the parking facility and prohibiting all others, are placed so that they are readable day or night from all entrances to the parking facility (but signs need not be illuminated);

(ii) the owner or operator of the unauthorized vehicle has actually received notice from the parking facility owner that the vehicle will be towed away if it is not removed; or

(iii) the unauthorized vehicle is obstructing an entrance, exit, fire lane, or aisle of the parking facility.

(b) Otherwise, a parking facility owner may not have an unauthorized vehicle removed except under the direction of a peace officer or the owner or operator of such vehicle.

(c) A parking facility owner who causes the removal of an unauthorized vehicle in compliance with the provisions of this section shall not be liable for damages arising out of the removal or storage of such vehicle, if the same is removed by an insured towing company.

#### Removal by Towing Company

Sec. 3. (a) A towing company may, without the consent of the owner or operator of an unauthorized vehicle, remove and store such vehicle at the expense of the owner or operator of the vehicle, if any of the following occurs:

(i) a sign or signs, specifying those persons who may park in the parking facility and prohibiting all others, are placed so that they are readable day or night from all entrances to the parking facility (but signs need not be illuminated);

(ii) the towing company has received written verification from the parking facility owner that the owner or operator of the unauthorized vehicle has been actually notified by the parking facility owner that the vehicle will be towed away if it is not removed; or

(iii) the unauthorized vehicle is obstructing an entrance, exit, fire lane, or aisle of the parking facility.

(b) Otherwise, a towing company may not remove an unauthorized vehicle except under the direction of a peace officer or the owner or operator of such vehicle.

#### Removal from Public Highway by Towing Company

Sec. 4. A towing company may not remove a vehicle from a public highway except under the direction of a peace officer or the owner or operator of such vehicle.

#### Pecuniary Interest in Towing Company by Parking Facility Owner

Sec. 5. A parking facility owner may not accept anything of value, directly or indirectly, from a towing company in connection with the removal of a vehicle from a parking facility. A parking facility owner may not have a pecuniary interest, directly or indirectly, in a towing company which removes unauthorized vehicles for compensation from a parking facility in which the parking facility owner has an interest.

#### Pecuniary Interest in Parking Facility by Towing Company

Sec. 6. A towing company may not give anything of value, directly or indirectly, to a parking facility owner in connection with the removal of a vehicle from a parking facility. A towing company may not have a pecuniary interest, directly or indirectly, in a parking facility from which the towing company removes unauthorized vehicles for compensation.

#### Violation of Act; Damages; Attorney's Fees

Sec. 7. (a) Any towing company or parking facility owner who violates this Act shall be liable to the owner or operator of the vehicle for damages arising out of the removal or storage of such vehicle and/or any towing or storage fees assessed in connection with the removal or storage of such vehicle. Negligence on the part of the parking facility owner or towing company need not be proven in order to recover under this Act.

(b) In any suit brought under this Act, the prevailing party shall recover reasonable attorney's fees from the nonprevailing party.

#### Penalty; Injunction

Sec. 8. Any violation of this Act is a Class B misdemeanor. Any violation of the provisions of this Act may be enjoined pursuant to the provisions of the Deceptive Trade Practices-Consumer Protection Act.<sup>1</sup>

<sup>1</sup> Business and Commerce Code, § 17.41 et seq.

[Acts 1977, 65th Leg., p. 2085, ch. 835, §§ 1 to 8, eff. Aug. 29, 1977.]

### Art. 6701h. Safety Responsibility Law

#### ARTICLE I—WORDS AND PHRASES DEFINED

##### Definitions

Sec. 1. The following words and phrases, when used in this Act, shall, for the purposes of this Act, have the meanings respectively ascribed to them in this section, except in those instances where the context clearly indicates a different meaning:

1. "Highway" means the entire width between property lines of any road, street, way, thoroughfare, or bridge in the State of Texas not privately owned or controlled, when any part thereof is open to the public for vehicular traffic and over which the State has legislative jurisdiction under its police power.

2. "Judgment"—Any judgment which shall have become final by expiration without appeal of the time within which an appeal might have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any motor vehicle, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of

injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages.

3. "Motor Vehicle"—Every self-propelled vehicle which is designed for use upon a highway, including trailers and semitrailers designed for use with such vehicles (except traction engines, road rollers and graders, tractor cranes, power shovels, well drillers and implements of husbandry) and every vehicle which is propelled by electric power obtained from overhead wires but not operated upon rails.

4. "License"—Any driver's, operator's, commercial operator's, or chauffeur's license, temporary instruction permit or temporary license, or restricted license, issued under Article 6687b, Texas Revised Civil Statutes, pertaining to the licensing of persons to operate motor vehicles.

5. "Nonresident"—Every person who is not a resident of the State of Texas.

6. "Nonresident's Operating Privilege"—The privilege conferred upon a nonresident by the laws of Texas pertaining to the operation by him of a motor vehicle, or the use of a motor vehicle owned by him, in the State of Texas.

7. "Operator"—Every person who is in actual physical control of a motor vehicle.

8. "Owner"—A person who holds the legal title of a motor vehicle, or in the event a motor vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee or in the event a mortgagor of a vehicle is entitled to possession, then such conditional vendee or lessee or mortgagor shall be deemed the owner for the purposes of this Act.

9. "Person"—Every natural person, firm, co-partnership, association or corporation.

10. "Proof of Financial Responsibility"—Proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance or use of a motor vehicle, in the following amounts: effective January 1, 1984, Fifteen Thousand Dollars (\$15,000) because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, Thirty Thousand Dollars (\$30,000) because of bodily injury to or death of two (2) or more persons in any one accident, and Fifteen Thousand Dollars (\$15,000) because of injury to or destruction of property of others in any one accident and effective January 1, 1986, Twenty Thousand Dollars (\$20,000) because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, Forty Thousand Dollars (\$40,000) because of bodily injury to or death of two (2) or more persons in any one accident, and Fifteen Thousand Dollars (\$15,000) because of injury to or destruction of property

of others in any one accident. The proof of ability to respond in damages may exclude the first Two Hundred Fifty Dollars (\$250) of liability for bodily injury to or death of any one person in any one accident, and, subject to that exclusion for one person, may exclude the first Five Hundred Dollars (\$500) of liability for the bodily injury to or death of two (2) or more persons in any one accident and may exclude the first Two Hundred Fifty Dollars (\$250) of liability for the injury to or destruction of property of others in any one accident.

11. "Registration"—Registration or license certificate or license receipt or dealer's license and registration or number plates issued under Article 6675a or Article 6686, Texas Revised Civil Statutes, pertaining to the registration of motor vehicles.

12. "Department" means the Department of Public Safety of the State of Texas, acting directly or through its authorized officers and agents, except in such sections of this Act in which some other State Department is specifically named.

13. "State"—Any state, territory or possession of the United States, the District of Columbia, or any province of the Dominion of Canada.

14. "Volunteer Fire Department" means a company, department, or association whose members receive no or nominal compensation and that is organized in an unincorporated area for the purpose of answering fire alarms and extinguishing fires or answering fire alarms, extinguishing fires, and providing emergency medical services.

#### Necessity of Automobile Liability Insurance; Exempted Vehicles

Sec. 1A. (a) On and after January 1, 1982, no motor vehicle may be operated in this State unless a policy of automobile liability insurance in at least the minimum amounts to provide evidence of financial responsibility under this Act is in effect to insure against potential losses which may arise out of the operation of that vehicle.

*Text of (b) as amended by Acts 1983, 68th Leg., p. 2497, ch. 436, § 2*

(b) The following vehicles are exempt from the requirement of Subsection (a) of this section:

- (1) vehicles exempt by Section 33 of this Act;
- (2) any vehicles for which the title is held in the name of a volunteer fire department;
- (3) vehicles for which a bond or a certificate of deposit of money or securities in the minimum amount of Twenty-five Thousand Dollars (\$25,000) is on file with the Department;
- (4) vehicles that are self-insured under Section 34 of this Act;
- (5) vehicles that are both registered to and operated by persons who are not residents of this State, except for those vehicles that are primarily operated in this State; and

(6) implements of husbandry.

*Text of (b) as amended by Acts 1983, 68th Leg.,  
p. 3125, ch. 535, § 2*

(b) The following vehicles are exempt from the requirement of Subsection (a) of this section:

(1) vehicles exempt by Section 33 of this Act;

(2) vehicles for which a bond or a certificate of deposit of money or securities is on file with the Department in the following minimum amounts: effective January 1, 1984, Forty-Five Thousand Dollars (\$45,000); effective January 1, 1986, Fifty-Five Thousand Dollars (\$55,000);

(3) vehicles that are self-insured under Section 34 of this Act;

(4) vehicles that are both registered to and operated by persons who are not residents of this State, except for those vehicles that are primarily operated in this State; and

(5) implements of husbandry.

*Text of (b) as amended by Acts 1983, 68th Leg.,  
p. 4635, ch. 797, § 1*

(b) The following vehicles are exempt from the requirement of Subsection (a) of this section:

(1) vehicles exempt by Section 33 of this Act;

(2) vehicles for which a bond is on file with the Department as provided by Section 24 of this Act, or for which a certificate has been obtained from the State Treasurer stating that the owner and/or operator has deposited with the State Treasurer Twenty-five Thousand Dollars (\$25,000) in cash or securities as provided by Section 25 of this Act. Such bond or deposit may be filed in lieu of carrying automobile liability insurance where proof is required;

(3) vehicles that are self-insured under Section 34 of this Act;

(4) vehicles that are both registered to and operated by persons who are not residents of this State, except for those vehicles that are primarily operated in this State; and

(5) implements of husbandry.

(c) An out-of-state vehicle or driver exempt from the compulsory insurance requirement by Subsection (b) of this section may be proceeded against under this Act after involvement in an accident in this State in which death, personal injury, or damage to the property of any person other than himself or herself is sustained.

(d) Subsection (b) of this section may not be construed to exempt a person who is operating a vehicle for which title is held in the name of a volunteer fire department from the liability insurance requirements of this Act.

#### Furnishing Evidence of Financial Responsibility

Sec. 1B. (a) On and after January 1, 1982, every owner and/or operator in the State of Texas shall be required, as a condition of driving, to furnish, upon request, evidence of financial responsibility to a law enforcement officer of the State of Texas or any subdivision thereof, or agent of the Department, or to another person involved in an accident.

(b) The following evidence of financial responsibility satisfies the requirement of Subsection (a) of this section:

(1) a liability insurance policy in the minimum limits required by this Act or a photocopy of that policy;

(2) a written instrument issued by a liability insurer that includes:

(A) the name of the insurer;

(B) the insurance policy number;

(C) the policy period;

(D) the name of the insured; and

(E) the policy limits or a statement that the coverage of the policy complies with the minimum amount of liability insurance required by this Act;

(3) an insurance binder that confirms to the satisfaction of a law enforcement officer or an agent of the Department that the owner and/or operator is in compliance with this Act; or

(4) a copy of a certificate issued by the Department showing that the vehicle is covered by self-insurance.

#### Failure to Maintain Financial Responsibility

Sec. 1C. Failure to maintain financial responsibility as defined in Section 1(10) of this Act is a Class C misdemeanor, punishable by a fine of not less than Seventy-five Dollars (\$75). Subsequent offenses shall be Class B misdemeanors, punishable by a fine of not less than Two Hundred Dollars (\$200).

#### Defense to Prosecution; Production of Insurance Policy or Certificate of Self-Insurance

Sec. 1D. It is a defense to prosecution under this Act if the person charged produces in court an automobile liability insurance policy or a certificate of self-insurance previously issued to that person that was valid at the time that the offense is alleged to have occurred and the charge shall be dismissed.

#### Defense to Prosecution for Failure to Maintain Financial Responsibility; Possession of Vehicle for Maintenance and Repair

Sec. 1D-2. It is a defense to prosecution of a charge of failure to maintain financial responsibility that the vehicle being driven by the person charged was in the possession of that person for the sole purpose of maintenance or repair and was not owned in whole or in part by the person charged.

**Response of Insurance Company When No Policy  
in Effect**

Sec. 1E. When notified of an accident by the Department in which an owner or operator has reported evidence of financial responsibility with an insurance company, the insurance company so notified shall be required to respond to the Department only if there is not a policy of liability insurance in effect, as reported.

**Suspension of Driver's License and Motor  
Vehicle Registration**

Sec. 1F. A conviction of failure to maintain financial responsibility shall also carry a suspension of driver's license and motor vehicle registration unless the defendant establishes and maintains proof of financial responsibility for five years from the date of conviction. The requirement for filing proof of financial responsibility may be waived if satisfactory evidence is filed with the Department that the party convicted was at the time of arrest covered by a policy of liability insurance or was otherwise exempt as provided in Sec. 1A(b) of this Act.

**Operator's and Chauffeur's License Fund**

Sec. 1G. Fees collected under the provisions of this Act shall be deposited in the Operator's and Chauffeur's License Fund, shall be segregated, and are permanently dedicated to the Department of Public Safety for the purpose of defraying the expenses necessary for administration of the Act, including but not limited to the employment of necessary clerical, administrative, and enforcement personnel and for defraying the necessary expenses incident to travel, equipment rental, postage, printing of necessary forms, and purchase of all necessary furniture, fixtures, and equipment.

**ARTICLE II—ADMINISTRATION OF ACT**

**Administration of Act; Appeal to Court; Stay Order;  
Proof of Financial Responsibility; Maintaining  
Proof With Department**

Sec. 2. (a) The Department shall administer and enforce the provisions of this Act and may make rules and regulations necessary for its administration, and shall provide for hearings upon request of persons aggrieved by orders or acts of the Department under the provisions of this Act.

(b) Any order or act of the Department, under the provisions of this Act, may be subject to review within thirty (30) days after notice thereof, or thereafter for good cause shown, by appeal to the County Court at Law at the instance of any party in interest and in the county wherein the person aggrieved by such order or act resides, or if there be no County Court at Law therein, then in the County Court of said county, or if there be no County Court having jurisdiction, then such jurisdiction shall be in the District Court of said county, and such Court is hereby vested with jurisdiction, and such appeal shall be by trial de novo. The Court shall determine

whether the filing of the appeal shall operate as a stay of any such order or decision of the Department, with the exception that no stay order shall be granted staying an order of suspension by the Department of Public Safety that is based on a final judgment rendered against any person in this State by a court of competent jurisdiction growing out of the use of a motor vehicle in this State when said judgment is a subsisting final judgment and unsatisfied; further, an appeal shall not operate as a stay of any such other orders or decisions of the Department of Public Safety where the aggrieved party was involved in an accident involving a motor vehicle which he was operating if he was charged with a violation of any of the laws of the State of Texas, or any of its political subdivisions, and said complaint or indictment is pending at the time the appeal from an order or decision of the Department of Public Safety is filed, unless the aggrieved party shall file proof of financial responsibility with the Department of Public Safety as a condition precedent to the obtaining of said stay and maintain said proof of financial responsibility until dismissal of said complaint or indictment or for such period of time as provided for in Section 2(d) of this Act. If the aggrieved party shall at the time of said appeal in lieu of proof of financial responsibility file with the court and the Department of Public Safety an affidavit setting forth specific facts which would entitle the aggrieved party to an acquittal of the complaint or indictment filed against the aggrieved party, he shall be entitled to a temporary stay of the order of the Department of Public Safety without the necessity of filing proof of financial responsibility. Upon the filing of such affidavit, the cause shall be set upon the court's docket in said Court where said complaint or indictment is pending and if the same is not tried within forty-five (45) days from the date of filing of such complaint or indictment, shall thereafter be subject to transfer to such county or District Court of an adjoining county upon the filing of a motion thereof by the aggrieved party. If within ninety (90) days from the date of the original suspension or order by the Department of Public Safety, the Department has not received a certified copy of a judgment of the court acquitting the aggrieved party, the Department of Public Safety shall again order the driver's license and the registrations of all motor vehicles registered in the aggrieved party's name suspended and from this said order of the Department of Public Safety, no appeal shall operate as a stay unless the aggrieved party files with the Department of Public Safety, as an absolute condition precedent to the obtaining of a stay, proof of financial responsibility and maintain said proof of financial responsibility until said complaint or indictment has been dismissed or if the aggrieved party has pled guilty or been convicted for the period of time provided for in Section 2(d) of this Act. Upon the disposition of said complaint or indictment either by a plea of guilty or final conviction, the aggrieved party who shall have pled guilty or been finally convicted and has previously filed

proof of financial responsibility as a condition precedent to obtaining a stay from an order of suspension of the Department of Public Safety, must maintain said proof of financial responsibility with the Department of Public Safety for that period of time provided for in Section 2(d) of this Act. If no stay order has been previously applied for prior to a plea of guilty or final conviction, the aggrieved party can obtain a stay from any order or decision of the Department of Public Safety if said party will file with the Department of Public Safety as a condition precedent to the obtaining of a stay of said order or decision proof of financial responsibility and maintain said proof of financial responsibility as provided for in Section 2(d) of this Act. Where the aggrieved party has been found not guilty to the complaint or indictment filed against him, or said complaint or indictment has been dismissed, filing of proof of financial responsibility shall not be a condition precedent to the granting of a stay from any order or decision of the Department of Public Safety, and prior filing of proof of financial responsibility with the Department of Public Safety as a condition precedent to obtaining a stay from an order or decision of the Department of Public Safety, may be withdrawn. The above provision restricting the granting of a stay order in appeals where the aggrieved party has been charged with the violation of any of the laws of the State of Texas or of any of the political subdivisions shall also limit any court in this State in any original action brought against the Department of Public Safety to enjoin or order the enforcement of any order of the Department of Public Safety issued under this Act.

(c) Trial in the court shall be de novo, with the burden of proof upon the Department, and the substantial evidence rule shall not be invoked or apply, but the same shall be tried without regard to any prior holding of fact or law by the Department, and judgment entered only upon the evidence offered at the trial by the Court. A trial by jury may be had upon proper application.

(d) Whenever a person has been convicted or pleads guilty to a violation of any of the laws of the State of Texas, or its political subdivisions, growing out of a motor vehicle accident, as specified in Section 2(b) of this Act, and said party is required to file proof of financial responsibility as a condition precedent to the obtaining of a stay of any order or decision of the Department of Public Safety, said proof of financial responsibility shall be maintained with said Department of Public Safety by said party for a period of three (3) years from date of final conviction or plea of guilty.

#### Department to Furnish Operating Record

Sec. 3. The Department shall, upon request and receipt of proper fees, furnish any person a certified abstract of the operating record of any person subject to the provisions of this Act, which abstract shall also fully designate the motor vehicles, if any,

registered in the name of such person, and, if there shall be no record of any conviction of such person of violating any law relating to the operation of a motor vehicle or of any injury or damage caused by such person, the Department shall so certify.

### ARTICLE III—SECURITY FOLLOWING ACCIDENT

#### Report Required Following Accident

Sec. 4. The operator of every motor vehicle which is in any manner involved in an accident within the State not investigated by a law enforcement officer, in which any person is killed or injured or in which damage to the property of any one person, including himself, to an apparent extent of at least Two Hundred Fifty Dollars (\$250) is sustained, shall within ten (10) days after such accident report the matter in writing to the Department. Such report, the form of which shall be prescribed by the Department, shall contain information to enable the Department to determine whether the requirements for the deposit of security under Section 5 are inapplicable by reason of the existence of insurance or other exceptions specified in this Act. Any written report of accident in accordance with Section 44, Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes), if actually made to the Department, shall be sufficient provided it also contains the information required herein. The Department may rely upon the accuracy of the information unless and until it has reason to believe that the information is erroneous. If such operator be physically incapable of making such report, the owner of the motor vehicle involved in such accident shall, within ten (10) days after learning of the accident, make such report. The operator or the owner shall furnish such additional relevant information as the Department shall require.

#### Non-domiciliary of U.S.; Proof of Financial Responsibility; Impounding Vehicle

Sec. 4A. (a) Any motor vehicle operator who is not domiciled within the United States and who operates a vehicle which is in any manner involved in an accident within the State of Texas in which any person is killed or injured or in which damage to the property of any one person, not including himself, to an apparent extent of at least One Hundred Dollars (\$100) is sustained shall be taken immediately before a magistrate and there shall present proof of financial responsibility.

(b) If a person does not present proof of financial responsibility in accordance with Subsection (a), the magistrate shall enter an order directing the Department to impound the vehicle operated by the foreign domiciliary. The Department shall hold the vehicle until:

(1) a cash bond, in an amount to be determined by the magistrate, has been posted with the Department;

(2) a release has been executed by the other party or parties to the accident and the release is filed with the Department; or

(3) the Department receives certification of the entry of a final judgment of liability in the accident from a court of record.

**Security; Determination of Amount; Suspension of License and Registrations; Notice; Exception**

Sec. 5. (a) If twenty (20) days after the receipt of a report of a motor vehicle accident within this State which has resulted in bodily injury or death, or damage to the property of any one person of at least Two Hundred Fifty Dollars (\$250), the Department does not have on file evidence satisfactory to it that the person who would otherwise be required to file security under Subsection (b) of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, and the Department finds that there is a reasonable probability of a judgment being rendered against the person as a result of the accident, the Department shall determine the amount of security which shall be sufficient in its judgment, and in no event less than Two Hundred Fifty Dollars (\$250) to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.

(b) The Department shall, subject to the provisions of Subsection (c) of this section, suspend the license and all registrations of each operator and owner of a motor vehicle in any manner involved in such accident, if there is found to be a reasonable probability of a judgment being rendered against that person as a result of the accident, and if such operator or owner is a nonresident the privilege of operating a motor vehicle within this State, and the privilege of the use within this State of any motor vehicle owned by him unless such operator, owner or operator and owner shall deposit security in the sum so determined by the Department or by a person presiding at a hearing and in no event less than Two Hundred Fifty Dollars (\$250), and unless such operator and owner shall give proof of financial responsibility.

Before suspension of a license, registration, or privilege, the Department must find that there is a reasonable probability of a judgment being rendered against the person as a result of the accident and the amount of security that must be deposited. For this purpose it may consider the report of the investigating officer, the accident reports of all parties involved, and any affidavits of persons having knowledge of the facts. Notice of the determination by the Department shall be served personally on the person or mailed by certified mail, return receipt requested, to the affected person's last known address, as shown by the records of the

Department. The notice shall specify that the license to operate a motor vehicle and the registration, or nonresident's operating privilege, will be suspended unless the person, within twenty (20) days after personal service or the mailing of the notice, establishes that the provisions of this section are not applicable to him and that he has previously furnished such information to the Department or that there is no reasonable probability of a judgment being rendered against him as a result of the accident. The notice shall recite that the person to whom it is addressed is entitled to a hearing as provided in this Act if a written request for a hearing is delivered or mailed to the Department within twenty (20) days after personal service or the mailing of the notice. The person's license to operate the vehicle and his registration or nonresident's operating privilege may not be suspended pending the outcome of the hearing and any appeal.

If a hearing is requested, the Department shall summon the person requesting the hearing to appear for the hearing as provided in this subsection. The hearing shall be held not less than ten (10) days after notice is given to the person requesting the hearing and written charges shall be made and a copy given to the person requesting the hearing at the time he is given the hearing notice. Jurisdiction for the hearing is vested in the judge of a police court, or a justice of the peace in the county and precinct in which the person requesting the hearing resides. The hearing officer may receive a fee for hearing these cases if the fee is approved by the commissioners court of the county of jurisdiction, but the fee may not be more than Five Dollars (\$5) a case and shall be paid from the general revenue fund of the county. The hearing officer may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relative books and papers. It shall be the duty of the court to set the matter for hearing upon ten (10) days written notice to the Department. Such proceeding shall have precedence over all other matters of a different nature, and shall be tried before the judge within fifteen (15) days from the filing thereof, and neither party shall be entitled to a jury. At the hearing, the issues to be determined are whether there is a reasonable probability of a judgment being rendered against the person requesting the hearing as a result of the accident and, if so, the amount of security that will be sufficient to satisfy any judgment or judgments for damages resulting from the accident, but in no event less than Two Hundred Fifty Dollars (\$250), that may be recovered from the person requesting the hearing. The officer who presides at the hearing shall report the findings in the case to the Department. Notice as required by this paragraph shall be served personally on the person or mailed by certified mail, return receipt requested, to the person's last known address, as shown by the records of the Department.

If, after a hearing, the determination is that there is a reasonable probability of a judgment being

rendered against the person as a result of the accident, the person may appeal the findings to the county court of the county in which the hearing was held and the appeal shall be de novo.

If a written request for a hearing is not delivered or mailed to the Department within twenty (20) days after personal service or the mailing of notice and the person has not established within that time that the provisions of this section do not apply to him or if within twenty (20) days after a hearing and exhaustion of the appeal procedure, if an appeal is made in which the decision is against the person requesting the hearing, security and proof of financial responsibility are not deposited with the Department, the Department shall suspend the person's license to operate a motor vehicle, the vehicle registration, or nonresident's operating privilege until the person complies with the provisions of this Act.

Notice of such suspension shall be sent by the Department to such operator and owner not less than ten (10) days prior to the effective date of such suspension and shall state the amount required as security and the necessity for proof of financial responsibility. Where erroneous information is given the Department with respect to the matters set forth in subdivisions 2, 3, and 4 of Subsection (c) of this Section, it shall take appropriate action as hereinafter provided, within sixty (60) days after receipt by it or correct information with respect to said matters.

The determination by the Department or by a person presiding at a hearing of the question of whether there is a reasonable probability of a judgment being rendered against a person as a result of an accident may not be introduced in evidence in any civil suit for damages arising from the accident.

(c) This section shall not apply under the conditions stated in Section 6 nor:

1. To a motor vehicle operator or owner against whom the Department or a person presiding at a hearing finds there is not a reasonable probability of a judgment being rendered as a result of the accident;

2. To such operator or owner if such owner had in effect at the time of such accident a motor vehicle liability policy with respect to the motor vehicle involved in such accident;

3. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident a motor vehicle liability policy or bond with respect to his operation of motor vehicles not owned by him;

4. To any person employed by the government of the United States, when such person is acting within the scope or office of his employment;

5. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the Depart-

ment, covered by any other form of liability insurance policy or bond; nor

6. To any person qualifying as a self-insurer under Section 34 of this Act, or to any person operating a motor vehicle for such self-insurer.

No such policy or bond shall be effective under this section or under Section 7 unless issued by an insurance company or surety company authorized to write motor vehicle liability insurance in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle which was registered elsewhere than in this State at the effective date of the policy, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the Department to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; providing, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, as follows: effective January 1, 1984, not less than Fifteen Thousand Dollars (\$15,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than Thirty Thousand Dollars (\$30,000) because of bodily injury to or death of two (2) or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than Fifteen Thousand Dollars (\$15,000) because of injury to or destruction of property of others in any one accident and effective January 1, 1986, not less than Twenty Thousand Dollars (\$20,000) because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, to a limit of not less than Forty Thousand Dollars (\$40,000) because of bodily injury to or death of two (2) or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than Fifteen Thousand Dollars (\$15,000) because of injury to or destruction of property of others in any one accident. The policy or bond may exclude coverage of the first Two Hundred Fifty Dollars (\$250) of liability for bodily injury to or death of any one person in any one accident, and, subject to that exclusion for one person, may exclude coverage for the first Five Hundred Dollars (\$500) of liability for the bodily injury to or death of two (2) or more persons in any one accident and may exclude coverage for the first Two Hundred Fifty Dollars (\$250) of liability for the injury to or destruction of property of others in any one accident.

7. Wherever the word "bond" appears in this section or this Act, it shall mean a bond filed with and approved by the Department of Public Safety.

**Further Exceptions to Requirement of Security**

Sec. 6. The requirements as to security, proof of financial responsibility and suspension in Section 5 shall not apply:

1. To the operator or the owner of a motor vehicle involved in an accident wherein no injury or damage was caused to the person or property of any one other than such operator or owner;

2. To the operator or the owner of a motor vehicle legally parked or legally stopped at a traffic signal at the time of the accident;

3. To the owner of a motor vehicle if at the time of the accident the vehicle was, being operated without his permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission; nor

4. If, prior to the date that the Department would otherwise suspend license and registration or nonresident's operating privilege under Section 5, there shall be filed with the Department evidence satisfactory to it that the person, who would otherwise have to file security and proof, has been released from liability or been finally adjudicated not to be liable or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident.

**Duration of Suspension**

Sec. 7. The license and registration and nonresident's operating privilege suspended as provided in Section 5 shall remain so suspended and shall not be renewed nor shall any such license or registration be issued to such person until:

1. Such person shall deposit and file or there shall be deposited and filed on his behalf the security and proof required under Section 5 and under this Section; or

2. Two (2) years shall have elapsed following the date of such accident and evidence satisfactory to the Department has been filed with it that during such period no action for damages arising out of the accident has been instituted, provided such person files proof of financial responsibility; or

3. Evidence satisfactory to the Department has been filed with it of a release from liability, or a final adjudication of nonliability, or a duly acknowledged written agreement, in accordance with subdivision 4 of Section 6; provided, however, in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the Department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until

(a) Such person deposits and thereafter maintains security as required under Section 5 in such amount

as the Department may then determine and files proof of financial responsibility; or

(b) Two (2) years shall have elapsed following the date when such security was required and during such period no action upon such agreement has been instituted in a court in this State, provided such person gives proof of financial responsibility.

**Reinstatement—Fees**

Sec. 7A. Whenever a license or registration, or nonresident's operating privilege is suspended and the filing of proof of financial responsibility is, under this Article, made a prerequisite to reinstatement thereof, or to the issuance of a new license or registration, no such license or registration, or nonresident's operating privilege shall be reinstated or new license or registration shall be issued unless the licensee or registrant or nonresident, in addition to complying with other provisions of this Article, pays to the Department a fee of Ten Dollars (\$10) in addition to any other fees which may be required by law. Only one such fee shall be paid by any one person regardless of the number of licenses and registrations to be reinstated for or issued to such person in connection with such payment.

The fees paid pursuant to this Section shall be used by the Department to administer the provisions of this Article.

**Application to Non-Residents, Unlicensed Drivers; Unregistered Motor Vehicles and Accidents in Other States**

Sec. 8. (a) In case the operator or the owner of a motor vehicle involved in an accident within this State has no license or registration, or is a non-resident, he shall not be allowed a license or registration until he has complied with the requirements of this Article to the same extent that would be necessary if, at the time of the accident, he had held a license and registration.

(b) When a non-resident's operating privilege is suspended pursuant to Section 5 or Section 7, the Department shall transmit a certified copy of the record of such action to the official in charge of the issuance of licenses and registration certificates in the state in which such non-resident resides, if the law of such other state provides for action in relation thereto similar to that provided for in Subsection (c) of this Section.

(c) Upon receipt of certification by the Department that the operating privilege of a Texas resident has been suspended or revoked in another state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident or for failure to file proof of financial responsibility, the Department shall contact the official who issued the certification and request information pertaining to the specific nature of the Texas resident's noncompliance. If the alleged noncompliance is based on the failure of the Texas resi-

dent's insurance company or surety company to obtain authorization to write motor vehicle liability insurance in the other state and for failure of the insurance or surety company to execute a power of attorney directing the appropriate official in the other state to accept service on its behalf of notice or process in any action upon the policy arising out of the accident, then the Department shall not suspend the Texas resident's license and other registrations. If the evidence shows that the Texas resident's operating privilege was suspended in the other state for any other violation of another state's laws providing for suspension or revocation for failure to deposit security for the payment of judgments arising out of motor vehicle accidents or for failure to file proof of financial responsibility, under circumstances that would require the Department to suspend a nonresident's operating privilege had the accident occurred in this state, then the Department shall suspend the Texas resident's license and registrations. The suspension shall continue until the resident furnishes evidence of his compliance with the law of the other state relating to the deposit of security and proof of financial responsibility.

#### Form and Amount of Security

Sec. 9. The security required under this Article may be by cash deposit or by bond written by an insurance company duly authorized to execute surety bonds in this State in the amount the Department may require or in such other form and in such amount as the Department may require but in no case less than Two Hundred Dollars (\$200) nor in excess of the limits specified in Section 5 in reference to the acceptable limits of a policy. The person depositing security shall specify in writing the person or persons on whose behalf the deposit is made and, at any time while such deposit is in the custody of the Department or the State Treasurer of the State of Texas, the person depositing it may, in writing, amend the specification of the person or persons on whose behalf the deposit is made to include an additional person or persons; provided, however, that a single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident and the same motor vehicle.

The Department may reduce the amount of security ordered in any case within six (6) months after the date of the accident if, in its judgment, the amount ordered is excessive. In case the security originally ordered has been deposited the excess deposited over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith, notwithstanding the provisions of Section 10.

#### Custody, Disposition and Return of Security

Sec. 10. "Cash" security deposited in compliance with the requirements of this Article shall be placed by the Department in the custody of the State Treasurer and shall be applicable only to the pay-

ment of a judgment or judgments rendered against the person or persons on whose behalf the deposit was made, for damages arising out of the accident in question in an action at law, begun not later than two (2) years after the date of such accident, or within two (2) years after the date of deposit of any security under Subdivision 3 of Section 7, or to the payment in settlement, agreed to by the depositor, of a claim or claims arising out of such accident. Such deposit or any balance thereof shall be returned to the depositor or his personal representative when evidence satisfactory to the Department has been filed with it that there has been a release from liability, or a final adjudication of nonliability, or a duly acknowledged agreement, in accordance with Subdivision 4 of Section 6, or whenever, after the expiration of two (2) years from the date of the accident, or within two (2) years after the date of deposit of any security under Subdivision 3 of Section 7, the Department shall be given reasonable evidence that there is no such action pending and no judgment rendered in such action left unpaid.

#### Matters Not to be Evidence in Civil Suits

Sec. 11. Upon the filing of the report required by Section 4, the action taken by the Department pursuant to this Article, the findings, if any, of the Department upon which such action is based, nor the security or proof of financial responsibility filed as provided in this Article shall be referred to in any way, nor be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages.

#### ARTICLE IV—PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE

##### Courts to Report Non-Payment of Judgments and Convictions

Sec. 12. (a) Whenever any person fails within sixty (60) days to satisfy any judgment, upon the written request of the judgment creditor or his attorney it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this State, to forward to the Department immediately after the expiration of said sixty (60) days, a certified copy of such judgment.

(b) If the defendant named in any certified copy of a judgment reported to the Department is a non-resident, the Department shall transmit a certified copy of the judgment to the official in charge of the issuance of licenses and registration certificates of the State of which the defendant is a resident.

(c) The clerk of the court, or the judge of a court which has no clerk, in which any conviction for violation of a motor vehicle law is rendered, or in which a person charged with violation of a motor vehicle law has pleaded guilty or forfeited bail, shall forward immediately to the Department a certified copy of the judgment, order or record of other action of the court. This copy shall be prima-facie

evidence of the conviction, plea or other action stated.

**Suspension for Non-Payment of Judgments;  
Exceptions; Filing Evidence of Insurance  
and Original Policy**

Sec. 13. (a) Upon the receipt of a certified copy of a judgment, the Department shall forthwith suspend the license and all registrations and any non-resident's operating privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this Section and in Section 16 of this Act.

(b) If the judgment creditor consents in writing, in such form as the Department may prescribe, that the judgment debtor be allowed license and registration or nonresident's operating privilege, the same may be allowed by the Department, in its discretion, for six (6) months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in Section 16, provided the judgment debtor furnish proof of financial responsibility.

(c) Notwithstanding any other provision of this Act any person whose license, registration or non-resident's operating privilege has been suspended, or is about to be suspended or shall become subject to suspension under this Article, may relieve himself from the effect of the judgment by filing with the Department satisfactory evidence that there was in effect at the time of the accident out of which the judgment arose a policy of liability insurance covering the operation of the motor vehicle involved and filing with the Department an affidavit stating that at the time of the accident upon which the judgment has been rendered he was insured, that the insurer is liable to pay such judgment, and the reason, if known, why the insurance company has not paid the judgment. He shall also file the original policy of insurance or a certified copy thereof, if available, and such other documents as the Department may require to show that the loss, injury, or damage for which the judgment was rendered, was covered by the policy of insurance.

If the Department is satisfied from such papers that the insurer was authorized to issue the policy of insurance in this State at the time of issuing the policy and that such insurer is liable to pay such judgment, at least to the extent and for the amounts provided in this Article, the Department shall not suspend the license, registration or nonresident's operating privilege, or if already suspended, shall reinstate them.

Any person whose license, registration or nonresident's operating privilege has heretofore been suspended under the provisions of this Article may take advantage of this Section.

**Suspension to Continue Until Judgments Paid  
and Proof Given**

Sec. 14. (a) Such license, registration and non-resident's operating privilege shall remain so suspended and shall not be renewed, nor shall any such license or registration be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent hereinafter provided and until the said person gives proof of financial responsibility subject to the exemptions stated in Sections 13 and 16 of this Act.

(b) A discharge in bankruptcy following the rendering of any such judgment shall not relieve the judgment debtor from any of the requirements of this Article.

**Payments Sufficient to Satisfy Requirements**

Sec. 15. Judgments herein referred to shall, for the purpose of this Act only, be deemed satisfied:

1. When the amount set out in Subdivision (6) of Subsection (c) of Section 5 of this Act for bodily injury to or death of one person in any one accident has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident;

2. When, subject to the limit set out in Subdivision (6) of Subsection (c) of Section 5 of this Act because of bodily injury to or death of one person, the sum set out in Subdivision (6) of Subsection (c) of Section 5 of this Act for bodily injury to or death of two (2) or more persons in any one accident has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two (2) or more persons as the result of any one accident; or

3. When the sum set out in Subdivision (6) of Subsection (c) of Section 5 of this Act for injury to or destruction of property of others in any one accident has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident;

Provided, however, payments made in settlement of any claims because of bodily injury, death or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this Section.

**Installment Payment of Judgments—Default**

Sec. 16. (a) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(b) The Department shall not suspend a license, registration or a non-resident's operating privilege, and shall restore any license, registration or non-resident's operating privilege suspended following non-payment of a judgment, when the judgment debtor gives proof of financial responsibility and obtains such an order permitting the payment of such judgment in installments, and while the payment of any said installment is not in default.

(c) In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the Department shall forthwith suspend the license, registration or non-resident's operating privilege of the judgment debtor until such judgment is satisfied, as provided in this Act.

**Suspension of Registration for All Vehicles; Duration; Subsequent Proof of Financial Responsibility**

Sec. 17. (a) Whenever the Department, under any law of this State, suspends or revokes the license of any person upon receiving record of a conviction or a forfeiture of bail, the Department shall also suspend the registrations for all motor vehicles registered in the name of such person, and whenever the Department shall receive record of a plea of guilty to any offense the conviction for which the Department is required to suspend or revoke the license of any person, the Department shall immediately suspend the registrations for all motor vehicles registered in the name of such person, except that the Department shall not suspend any such registrations, unless otherwise required by law, if such person has previously given or shall immediately give and thereafter maintain proof of financial responsibility with respect to all motor vehicles registered by such person.

(b) Whenever the Department under any law of this State, suspends or revokes the license of any person upon receiving record of a conviction or suspends the registrations of any person upon receiving record of a plea of guilty, and such person was not the owner of the motor vehicle used at the time of the violation resulting in the conviction or the plea of guilty, the Department shall also suspend the license and all registrations in the name of the owner of the motor vehicle so used, if such vehicle was operated with such owner's permission or consent at the time of the violation unless such owner has previously given or shall immediately give and thereafter maintain proof of financial responsibility with respect to all motor vehicles registered by any such person.

(c) Licenses and registrations suspended or revoked under this Section shall remain suspended or revoked and shall not at any time thereafter be renewed nor shall any license be thereafter issued to such person, nor shall any motor vehicle be thereafter registered in the name of such person until permitted under the Motor Vehicle Laws of this State and not then unless and until he shall give

and thereafter maintain proof of financial responsibility.

(d) If a person is not licensed but by final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for (or pleads guilty to any such offense) any offense requiring the suspension or revocation of license, or for operating a motor vehicle upon the highways without being licensed to do so, or for operating an unregistered motor vehicle upon the highways, no license shall thereafter be issued to such person and no motor vehicle shall continue to be registered or thereafter be registered in the name of such person until he shall give and thereafter maintain proof of financial responsibility.

(e) Whenever the Department suspends or revokes a nonresident's operating privilege by reason of a conviction, forfeiture of bail or a plea of guilty, such privilege shall remain so suspended or revoked unless such person shall have previously given or shall immediately give and thereafter maintain proof of financial responsibility.

**Alternate Methods of Giving Proof**

Sec. 18. Proof of financial responsibility when required under this Act with respect to a motor vehicle or with respect to a person who is not the owner of a motor vehicle may be given by filing:

1. A certificate of insurance as provided in Section 19 or Section 20; or
2. A bond as provided in Section 24; or
3. A certificate of deposit of money or securities as provided in Section 25; or
4. A certificate of self-insurance, as provided in Section 34, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he will pay the same judgments and in the same amounts that an insurer would have been obligated to pay under an owner's motor vehicle liability policy if it had issued such a policy to said self-insurer.

No motor vehicle shall be or continue to be registered in the name of any person required to file proof of financial responsibility unless such proof shall be furnished for such motor vehicle.

**Certificate of Insurance as Proof**

Sec. 19. (a) Proof of financial responsibility may be furnished by filing with the Department the written certificate of any insurance company duly authorized to write motor vehicle liability insurance in this State certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all motor vehicles

covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle.

(b) No motor vehicle shall be or continue to be registered in the name of any person required to file proof of financial responsibility unless such motor vehicle is so designated in such a certificate.

**Certificate Furnished by Non-Resident as Proof**

Sec. 20. (a) The non-resident owner of a motor vehicle not registered in this State may give proof of financial responsibility by filing with the Department a written certificate or certificates of an insurance company authorized to transact business in the state in which the motor vehicle or motor vehicles described in such certificate are registered, or if such non-resident does not own a motor vehicle, then in the state in which the insured resides, provided such certificate otherwise conforms to the provisions of this Act, and the Department shall accept the same upon condition that said insurance company complies with the following provisions with respect to the policies so certified:

1. Said insurance company shall execute a power of attorney authorizing the Department to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this State;

2. Said insurance company shall agree in writing that such policies shall be deemed to conform with the laws of this State relating to the terms of motor vehicle liability policies issued herein.

(b) If any insurance company not authorized to transact business in this State, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the Department shall not thereafter accept as proof any certificate of said company whether theretofore filed or thereafter tendered as proof, so long as such default continues.

**Motor Vehicle Liability Policy Defined**

Sec. 21. (a) A "motor vehicle liability policy" as said term is used in this Act shall mean an owner's or an operator's policy of liability insurance, certified as provided in Section 19 or Section 20 as proof of financial responsibility, and issued, except as otherwise provided in Section 20, by an insurance company duly authorized to write motor vehicle liability insurance in this State, to or for the benefit of the person named therein as insured.

(b) Such owner's policy of liability insurance:

1. Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

2. Shall pay on behalf of the insured named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, all sums which the insured shall become legally

obligated to pay as damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as set out in Subdivision (6) of Subsection (c) of Section 5 of this Act. The policy may exclude coverage of the first Two Hundred Fifty Dollars (\$250) of liability for bodily injury to or death of any one person in any one accident, and, subject to that exclusion for one person, may exclude coverage for the first Five Hundred Dollars (\$500) of liability for the bodily injury to or death of two (2) or more persons in any one accident and may exclude coverage for the first Two Hundred Fifty Dollars (\$250) of liability for the injury to or destruction of property of others in any one accident.

(c) Such operator's policy of liability insurance shall pay on behalf of the insured named therein all sums which the insured shall become legally obligated to pay as damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this Act as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this Act.

(e) Such motor vehicle liability policy shall not insure:

1. Any obligation for which the insured or any company as his insurer may be held liable under any workmen's compensation law;

2. Any liability on account of bodily injury to or death of any employee of the insured while engaged in the employment, other than domestic, of the insured, or in domestic employment if benefits therefor are either payable or required to be provided under any workmen's compensation law; nor

3. Any liability because of injury to or destruction of property owned by, rented to, in charge of or transported by the insured.

(f) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

1. The liability of the insurance company with respect to the insurance required by this Act shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance company and the insured after the occurrence of the injury or damage; no statement made by the in-

sured or on his behalf and no violation of said policy shall defeat or void said policy;

2. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance company to make payment on account of such injury or damage;

3. The insurance company shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in Subdivision 2 of Subsection (b) of this Section;

4. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the Act shall constitute the entire contract between the parties.

(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this Act. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this Section.

(h) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance company for any payment the insurance company would not have been obligated to make under the terms of the policy except for the provisions of this Act.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one (1) or more insurance companies which policies together meet such requirements.

(k) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

#### Notice of Cancellation or Termination of Certified Policy

Sec. 22. When an insurance company has certified a motor vehicle liability policy under Section 19 or a policy under Section 20, the insurance so certified shall not be canceled or terminated until at least five (5) days after a notice of cancellation or termination of the insurance so certified shall be received in the office of the Department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

#### Act Not to Affect Other Policies

Sec. 23. (a) This Act shall not be held to apply to or affect policies of motor vehicle insurance

against liability which may now or hereafter be required by any other law of this State, and such policies, if they contain an agreement or are endorsed to conform to the requirements of this Act, may be certified as proof of financial responsibility under this Act.

(b) This Act shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his behalf of motor vehicles not owned by the insured.

#### Bond as Proof

Sec. 24. (a) Proof of financial responsibility may be furnished by filing a bond with the Department, accompanied by the statutory recording fee of the County Clerk to cover the cost of recordation of the notice provided for herein, and with at least two (2) individual sureties each owning real estate within this State, not exempt under the Constitution or laws of the State of Texas, and together having equities equal in value to at least twice the amount of such bond. Such real estate shall be scheduled in the bond approved by a judge of a court of record, and shall be certified by the tax assessor and collector of the county where the property is situated as being free from any tax liens. Such bond shall be conditioned for payments in amounts and under the same circumstances as would be required in a motor vehicle liability policy, and shall not be cancelable except after five (5) days written notice is received by the Department, but cancellation shall not prevent recovery with respect to any right or cause of action arising prior to the date of cancellation. Such bond shall constitute a lien in favor of the State upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond. Notice to that effect, which shall include a description of the real estate scheduled in the bond, shall be filed by the Department in the office of the County Clerk of the county where such real estate is situated. Such notice shall be accompanied by the statutory fee for the services of the County Clerk in connection with the recordation of such notice, and the County Clerk or his deputy, upon receipt of such notice, shall acknowledge and cause the same to be recorded in the lien records. Recordation shall constitute notice as provided by the statutes governing the recordation of liens on real estate.

(b) If a judgment, rendered against the principal on such real estate bond, shall not be satisfied within sixty (60) days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the State against the persons who executed such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond, which foreclosure action shall be brought in like

manner and subject to all the provisions of law applicable to an action to foreclose a mortgage on real estate.

#### Money or Securities as Proof

Sec. 25. (a) Proof of financial responsibility may be evidenced by the certificate of the State Treasurer that the person named therein has deposited with him the following amounts: effective January 1, 1984, Forty-Five Thousand Dollars (\$45,000); effective January 1, 1986, Fifty-Five Thousand Dollars (\$55,000); in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of those respective sums. The State Treasurer shall not accept any such deposit and issue a certificate therefor and the Department shall not accept such certificate, unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(b) Such deposit shall be held by the State Treasurer to satisfy, in accordance with the provisions of this Act, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.

#### Owner May Give Proof for Others

Sec. 26. Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the Department shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided. The Department shall designate the restrictions imposed by this Section on the face of such person's license.

#### Substitution of Proof

Sec. 27. The Department shall consent to the cancellation of any bond or certificate of insurance or the Department shall direct and the State Treasurer shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this Act.

#### Other Proof May Be Required

Sec. 28. Whenever any proof of financial responsibility filed under the provisions of this Act no longer fulfills the purposes for which required, the Department shall for the purpose of this Act, re-

quire other proof as required by this Act and shall suspend the license and all registrations or any nonresident's operating privilege pending the filing of such other proof.

#### Duration of Proof—When Proof May Be Cancelled or Returned

Sec. 29. The Department shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the Department shall direct and the State Treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this Act as proof of financial responsibility, or the Department shall waive the requirement of filing proof, in any of the following events:

1. At any time after five (5) years from the date such proof was required when, during the five-year period preceding the request, the Department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration or nonresident's operating privilege of the person by or for whom such proof was furnished; or

2. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

3. In the event the person who has given proof surrenders his license and registration to the Department;

Provided, however, that the Department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has, within two (2) years immediately preceding such request, been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the Department.

Whenever any person whose proof has been cancelled or returned under Subdivision 3 of this Section applies for a license or registration within a period of five (5) years from the date proof was originally required, any such application shall be refused unless the applicant shall re-establish such proof for the remainder of such five-year period.

#### ARTICLE V—VIOLATION OF PROVISIONS OF ACT—PENALTIES

##### Transfer of Registration to Defeat Purpose of Act Prohibited

Sec. 30. If an owner's registration has been suspended hereunder, such registration shall not be

transferred nor the motor vehicle in respect of which such registration was issued registered in any other name until the Department is satisfied that such transfer of registration is proposed in good faith and not for the purpose or with the effect of defeating the purposes of this Act. Nothing in this Section shall in any wise affect the rights of any conditional vendor, chattel mortgagee or lessor of a motor vehicle registered in the name of another as owner who becomes subject to the provisions of this Section.

#### Surrender of License and Registration

Sec. 31. Any person whose license or registration shall have been suspended as herein provided, or whose policy of insurance or bond, when required under this Act, shall have been cancelled or terminated or who shall neglect to furnish other proof upon request of the Department, shall return his license and registration to the Department within ten (10) days after receiving notice from the Department in writing, either by personal delivery thereof to the person to be so notified or by deposit in the United States mail of such notice in an envelope with postage prepaid, addressed to such person at the last address supplied to the Department by the licensee, which notice shall be presumed to be complete upon the expiration of nine (9) days after such is deposited in the United States mail. If any person shall fail to return to the Department the license or registration as provided herein, the Department shall forthwith direct any employee of the Department to secure possession thereof and to return the same to the Department. The Director of the Department of Public Safety, or a person designated by him, may file a complaint in any court of competent jurisdiction under Subsection (d) of Section 32 against any person whom he has reason to believe has wilfully failed to return license or registration as required herein. Proof of the giving of notice in either such manner as hereinabove set out may be made by the certificate of any employee of the Department that such notice was prepared in the regular course of business and placed in the United States mail as a part of the regular organized activity of the Department, or, if given in person, by certificate of the employee of the Department, naming the person to whom such notice was given and specifying the time, place and manner of the giving thereof.

#### Other Violations—Penalties

Sec. 32. (a) Failure to report an accident as required in Section 4 shall be punished by a fine not in excess of Twenty-five Dollars (\$25), and in the event of injury or damage to the person or property of another in such accident, the Department shall suspend the license of the person failing to make such report, or the non-resident's operating privilege of such person, until such report has been filed and for such further period not to exceed thirty (30) days as the Department may fix.

(b) Any person who gives information required in a report or otherwise as provided for in Section 4, knowing or having reason to believe that such information is false, or who shall forge or, without authority, sign any evidence of proof of financial responsibility, or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be fined not more than One Thousand Dollars (\$1,000) or imprisoned for not more than one year, or both.

(c) Any person whose license or registration or non-resident's operating privilege has been suspended or revoked under this Act and who, during such suspension or revocation drives any motor vehicle upon any highway or knowingly permits any motor vehicle owned by such person to be operated by another upon any highway, except as permitted under this Act, shall be fined not more than Five Hundred Dollars (\$500) or imprisoned not exceeding six (6) months, or both.

(d) Any person wilfully failing to return license or registration as required in Section 31 shall be fined not more than Two Hundred Dollars (\$200).

(e) Any person who shall violate any provision of this Act for which no penalty is otherwise provided shall be fined not more than Five Hundred Dollars (\$500) or imprisoned not more than ninety (90) days, or both.

(f) Any person who is required to maintain proof of financial responsibility under this Act and who, during the period financial responsibility is required to be maintained, drives any motor vehicle owned by him upon any highway or knowingly permits any motor vehicle owned by him to be operated by another upon any highway, except as permitted under this Act, when proof of financial responsibility is not in force, shall be fined not more than Five Hundred Dollars (\$500) or imprisoned not exceeding six (6) months, or both.

(g) Any case now or hereafter pending on the docket of any court involving prosecution under any provision of this Act shall be given precedence on the docket of such court and prosecution shall proceed with all due diligence.

### ARTICLE VI—GENERAL PROVISIONS

#### Exceptions

Sec. 33. This Act shall not apply with respect to any motor vehicle owned by the United States, the State of Texas or any political subdivision of this state, or any municipality therein except as provided in Section 35, nor to the officers, agents or employees of the United States, the State of Texas, or any political subdivision of the state, while driving said vehicle in the course of their employment; provided, however, that the operator of every motor vehicle specified herein shall comply with the provisions of Section 4 of this Act; nor, except for Sections 4 and 26 of this Act, with respect to any motor vehicle

which is subject to the requirements of Articles 911a (Sec. 11) and 911b (Sec. 13) of the Revised Civil Statutes of Texas; provided, however, that nothing in this Act shall be construed so as to exclude from this Act its applicability to taxicabs, jitneys, or other vehicles for hire, operating under franchise or permit of any incorporated city, town or village.

#### Self-Insurers

Sec. 34. (a) Any person in whose name more than 25 motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the Department as provided in Subsection (b) of this Section.

(b) The Department may, in its discretion, upon the application of a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgments obtained against such person.

(c) Upon not less than five (5) days notice and a hearing pursuant to such notice, the Department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty (30) days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance.

#### Assigned Risk Plan

Sec. 35. Subject to the provisions of Article 5.10, Texas Insurance Code of 1951, as amended, insurance companies authorized to issue motor vehicle liability policies in this state may establish an administrative agency and make necessary reasonable rules in connection therewith, relative to the formation of a plan and procedure to provide a means by which insurance may be assigned to an authorized insurance company for a person required by this Act to show proof of financial responsibility for the future and who is in good faith entitled to motor vehicle liability insurance in this state but is unable to secure it through ordinary methods; or, in amounts not to exceed the limits prescribed in Section 21(b)2 of this law, for any unit of government within the State of Texas which, acting in good faith, is unable to secure motor vehicle liability insurance in this state through ordinary methods; and may establish a plan and procedure for the equitable apportionment among such authorized companies of applicants for such policies and for motor vehicle liability policies, including, but not limited to, voluntary agreements by insurance companies to accept such assignments. When any such plan has been approved by the State Board of Insurance, all insurance companies authorized to issue motor vehicle liability policies in the State of Texas shall subscribe thereto and participate therein.

The State Board of Insurance, in addition to the provisions prescribed by Subchapter A, Chapter 5, Texas Insurance Code of 1951, as amended,<sup>1</sup> may

determine, fix, prescribe, promulgate, change, and amend rates or minimum premiums normally applicable to a risk so as to apply to any and every assignment such rates and minimum premiums as are commensurate with the greater hazard of the risk, considering in connection therewith the experience, physical or other conditions of such risk of the person or municipality applying for insurance under any such plan.

<sup>1</sup> Insurance Code, art. 5.01 et seq.

#### Disposition of Fees

Sec. 36. All fees and charges required by this Act shall be remitted without deduction to the Department at Austin, Texas, and all such fees so collected shall be deposited in the Treasury of the State of Texas to the credit of the Operator's and Chauffeur's License Fund established under Article 6687b, Texas Revised Civil Statutes. In addition to statutory recording fees of county clerks required in Section 24, any filing with, certification or notice to the Department in compliance with any of the provisions of this Act, or request for certified abstract of operating record required in Section 3, except report of accident required in Section 4, shall be accompanied by a fee of Ten Dollars (\$10) for each transaction. Statutory fees required by the State Department of Highways and Public Transportation in furnishing certified abstracts or in connection with suspension of registrations, or such statutory fees which shall become due the State Treasurer for issuance of certificates of deposits required in Section 25, shall be remitted from such Fund.

#### Appropriation

Sec. 37. There is hereby appropriated out of the Operator's and Chauffeur's License Fund such money as may be necessary for the purpose of defraying the expenses of this Act through the biennium ending August 31, 1953, not to exceed the sum of Three Hundred Thousand Dollars (\$300,000) for the fiscal year ending August 31, 1952 and not to exceed the sum of Two Hundred Thousand Dollars (\$200,000) for the fiscal year ending August 31, 1953. So much money as is necessary to administer this Act shall be used for the employment of necessary clerical and administrative help and for defraying the necessary expenses incident to travel, rental and any judicial hearings relative to court review, and including printing of all necessary forms required by this Act, and including the purchase through bids taken by the Board of Control of all necessary furniture, fixtures and equipment of any nature; provided the number of employees and the salaries of each shall be consistent with the number of employees and the salaries of each as fixed by the Legislature in the Biennial Departmental Appropriation Bill for like service. The Director of the Department shall prepare a budget covering operations through August 31, 1953, and submit the same for approval of the Legislative Budget Board and no warrants may be issued by the Comptroller until the

same shall have been approved. Such budget shall be itemized.

#### Method of Disbursements

Sec. 38. All disbursements made hereunder to the Department shall be by warrant issued by the Comptroller upon vouchers drawn by the Chairman of the Department of Public Safety Commission or the Director, and such vouchers shall be accompanied by itemized sworn statements of the expenditures for which they are issued.

#### Act Supplemental to Motor Vehicle Laws

Sec. 39. This Act shall in no respect be considered as a repeal of the motor vehicle laws of this State but shall be construed as supplemental thereto.

#### Past Application of Act

Sec. 40. This Act shall not apply with respect to any accident, or judgment arising therefrom, or violation of the motor vehicle laws of this State, occurring prior to the effective date of this Act.

#### Act Not to Prevent Other Process

Sec. 41. Nothing in this Act shall be construed as preventing the plaintiff in any action at law from relying for relief upon the other processes provided by law.

#### Constitutionality

Sec. 42. If any part or parts of this Act shall be held unconstitutional, such unconstitutionality shall not affect the validity of the remaining parts of this Act. The Legislature hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts thereof would be declared unconstitutional.

#### Short Title of Act

Sec. 43. This Act may be cited as the Texas Motor Vehicle Safety-Responsibility Act.

Section 16(f) of Acts 1983, 68th Leg., p. 393, ch. 81, provides:

"This section applies only to fees payable on or after September 1, 1983."

Section 7 of Acts 1983, 68th Leg., p. 3130, ch. 535, provides:

"This Act takes effect January 1, 1984, provided that any insurance policies issued prior to January 1, 1984, which proved financial responsibility prior to that date shall continue to be adequate proof of financial responsibility until it terminates or one year from its issuance, whichever is sooner, and any insurance policy issued in 1985 which proved financial responsibility prior to January 1, 1986, shall continue to be adequate proof of financial responsibility until it terminates or one year from its issuance, whichever is sooner."

Section 3 of Acts 1983, 68th Leg., p. 5123, ch. 933, provides:

"(a) Except as provided by Subsection (b) of this section, this Act applies only to offenses committed on or after its effective date. A criminal action for an offense committed before that date is governed by the accident reporting requirements existing before the effective date and the former law is continued in effect for this purpose, as if this Act were not in force. For purposes of this section, an offense is committed on or after the effective date of this Act if any element of the offense occurs on or after the effective date.

"(b) Conduct that constituted an offense under an existing law that is amended by this Act and that does not constitute an offense after amendment by this Act may not be prosecuted on or after the effective date of this Act. If, on the effective date of this Act, a criminal action is pending for conduct that was an offense before the effective date of this Act and that does not constitute an offense after the effective date of this Act, the action is automatically dismissed on the effective date of this Act. However, a conviction existing on the effective date of this Act for conduct that constituted an offense before that date is valid and unaffected by this Act. For purposes of this section, "conviction" means a finding of guilt in a court of competent jurisdiction, whether or not the conviction is final.

"(c) This Act applies only to those administrative actions taken on or after its effective date. An administrative action based solely on a motor vehicle accident that occurred before that date is governed by the law existing before the effective date, and the former law is continued in effect for that purpose, as if this Act were not in force. For purposes of this section, a motor vehicle accident occurs on or after the effective date of this Act if any part of the transaction occurs on or after the effective date."

#### Art. 6701i. Brake Fluids; Marketing Regulated; Penalties

##### Definitions

Sec. 1. In this Act:

(1) "Brake fluid" means the liquid medium through which force is transmitted in the hydraulic brake system of any motor vehicle operated upon the highways of this state.

(2) "Package" means the immediate container in which the brake fluid is packed for sale but does not include a carton or wrapping containing several packages, nor a tank car or truck.

(3) "Packer" means a person who fills with brake fluid a package that is subsequently distributed for sale in this state.

(4) "Person" means an individual, corporation, or association.

(5) "Sell" means to convey, give, barter, trade, exchange, keep for sale, offer for sale, expose for sale, advertise for sale, deliver for or after sale, or distribute.

(6) "Labeling" means written, printed, or graphic representations in any form printed on or affixed to a package.

(7) "Department" means the Department of Public Safety.

#### Purpose

Sec. 1A. The legislature of the State of Texas, mindful of the importance of braking systems in motor vehicles, determines that it is necessary in the interest of the safety of the motoring public to establish brake fluid standards and provide for the proper enforcement of the standards. It is the purpose of this Act to insure to the motoring public at the time of purchase of brake fluid that the fluid meets the necessary minimum standards established under this Act.

#### Prohibition

Sec. 2. (a) A person who knowingly, intentionally, or recklessly manufactures, packs, sells, or adds to the hydraulic brake system of a motor vehicle in this state, any brake fluid (1) which is misbranded, (2) which is not currently registered under this Act, or (3) which is adulterated, commits an offense.

(b) An offense under this section is a Class B misdemeanor.

#### Misbranding and Adulteration

Sec. 3. (a) A brake fluid is misbranded:

(1) if its labeling is false or misleading in any particular; or

(2) if the package in which it is packed for sale does not bear a label or imprint containing in clear and legible type:

(A) the name and address of the manufacturer, packer, or seller;

(B) the words "brake fluid" and a designation of the contents as described by rule of the department; and

(C) an accurate statement of the net contents in terms of liquid measure.

(b) A brake fluid is adulterated:

(1) if the formula for or proportions of its contents have been changed since it was most recently registered; or

(2) if its quality or characteristics do not meet the standards and specifications for brake fluid established by the department.

#### Rules

Sec. 4. The Department of Public Safety shall from time to time adopt rules relating to the enforcement of this Act and establishing as minimum standards and specifications for brake fluids and packages for brake fluid the standards adopted from time to time by the United States Department of Transportation.

#### Registration

Sec. 5. (a) Any manufacturer, packer, or distributor, or their agents or representatives, desiring to market any brake fluid in the State of Texas that is not currently registered under this Act shall first furnish to the department such sample of the fluid as it may require for testing purposes and present in writing to the department an application for registration of the brake fluid for marketing in Texas.

(b) An application must be accompanied by a report of an independent testing laboratory approved by the department. The report must contain an analysis of the contents of the brake fluid submitted to the laboratory, showing that the quality of the laboratory sample meets the standards and specifications for brake fluid established by departmental rule. The applicant shall sign a sworn statement attached to the report, certifying that the formula for and proportions of the contents of the sample of brake fluid submitted to the independent testing laboratory are the same as the formula and proportions of the sample submitted to the department and the formula and proportions of the brake fluid being manufactured or packaged for sale.

(c) The department shall cause such tests to be made as may be necessary to determine whether or not a sample of brake fluid conforms to the standards and specifications adopted under this Act and may submit any sample to the University of Texas for official testing for the department.

(d) After the department has caused such tests to be made of a sample of brake fluid submitted for registration as the department finds necessary, the department, if the sample meets the standards and specifications adopted under this Act, shall issue the applicant a certificate of registration authorizing manufacture, packing, and sale in the state of the brake fluid for which the sample is a representative during the time specified on the certificate.

(e) After such testing as the department finds necessary, if the department finds that a sample of brake fluid does not meet the standards and specifications established by rule, the department shall deny registration of the brake fluid and notify the applicant by registered or certified mail of its decision. The notice shall specify the reasons for denying registration.

(f) Within 30 days after receipt of a notice of a denial of registration, an applicant may request the department to hold a hearing on the department's decision.

(g) After providing notice and an opportunity for a hearing, the department may revoke registration and cancel a certificate of registration for brake fluid if the department finds that:

(1) any portion of the brake fluid is misbranded or adulterated; or

(2) the registrant has failed since registration to comply with a requirement of this Act or a rule issued under the authority of this Act.

(h) An appeal from a decision of the department after a hearing under Subsection (f) or (g) of this section is by trial de novo.

#### Enforcement

Sec. 6. (a) If brake fluid is manufactured, packed, or sold in violation of Section 2 of this Act, the department may issue and enforce a written or printed stop-sale order prohibiting the further manufacture, packing, or sale of brake fluid of the same brand name on the premises where the violation occurred. The department shall terminate a stop-sale order after remedy of the violation or after voluntary destruction or other disposal, under the supervision of the department, of the fluid that is the subject of the violation. The owner or custodian of brake fluid to which a stop-sale order applies may appeal the stop-sale order to a district court in the county in which the brake fluid is located. Appeal is by trial de novo.

(b) The department may apply to a magistrate in a county in which brake fluid manufactured, packed, or sold in violation of Section 2 of this Act is located for a search warrant to inspect the premises where the violation occurred or is occurring and to seize misbranded, unregistered, or adulterated brake fluid. Brake fluid seized under warrant issued under this subsection is subject to disposition in the manner provided for disposition of brake fluid seized as provided by Subsection (d) of this section.

(c) The department may institute an action in a district court in the county in which a violation of Section 2 of this Act has occurred or is occurring, to enjoin further violations of this Act. A bond may not be required for issuance of an injunction under this subsection.

(d) Any misbranded, unregistered, or adulterated brake fluid sold within this state may be proceeded against in any county or district court in any county of the state where it may be found, by the county or district attorney for the county, and seized for confiscation by process of libel for condemnation. If, following seizure, the article is condemned it shall, after entry of decree, be disposed of by destruction or sale as the court may direct, and the proceeds, if such article is sold, less legal costs, shall be paid to the State Treasury. The article shall not be sold contrary to the provisions of this Act and upon payment of costs and execution and delivery of a good and sufficient bond, to be approved by the court, conditioned that the article shall not be disposed of unlawfully, the court may direct that the article be delivered to the owner thereof for relabeling or reprocessing as the case may be.

(e) The department may enter, during reasonable hours, any premises where brake fluid is manufactured, packed, or sold, for the purpose of enforcing this Act. The department may inspect, sample,

analyze, and test any brake fluid found on the premises. Before the department requests entrance to premises where brake fluid is manufactured, packed, or sold or if the department is refused entrance to the premises, the department may request a magistrate in the county in which the premises are located to issue a search warrant to inspect the area. The magistrate shall issue the warrant without prior notice to the owner or custodian of the premises if the department shows specific evidence of a violation of a requirement of this Act or a rule adopted under the authority of this Act or shows that the department has complied with reasonable administrative standards for conducting inspections under this Act. The department shall adopt rules prescribing reasonable administrative standards for conducting inspections under this Act.

(f) The methods of enforcement provided by this section are cumulative, and the use of one method does not preclude the use of any other method provided by this section.

(g) The department shall cooperate with the National Highway Traffic Safety Administration of the United States Department of Transportation in enforcing this Act and the provisions of the National Traffic and Motor Vehicle Traffic Safety Act, 15 U.S.C. Section 1391 et seq., relating to motor vehicle safety standards.

[Acts 1957, 55th Leg., p. 463, ch. 224. Amended by Acts 1979, 66th Leg., p. 2013, ch. 790, §§ 1, 2, eff. Sept. 1, 1979.]

Sections 3 and 4 of the 1979 amendatory act provided:

"Sec. 3. In enacting this legislation, the legislature intends that if the registration provisions of this Act are held invalid by a court of competent jurisdiction, the provisions of this Act relating to the enforcement of brake fluid standards established by the United States Department of Transportation shall be given effect if at all possible.

"Sec. 4. This Act takes effect on September 1, 1979. Chapter 224, Acts of the 55th Legislature, Regular Session, 1957 (Article 6701i, Vernon's Texas Civil Statutes), is continued in effect as it existed on August 31, 1979, for the prosecution of offenses committed before the effective date of this Act."

**Art. 6701j-1. Traffic Safety Act of 1967**

#### Short Title

Sec. 1. This Act may be cited as the Texas Traffic Safety Act of 1967.

#### Legislative Intent: Authority of the Governor

Sec. 2. (a) The establishment, development, and maintenance of a program of traffic safety in Texas is a vital governmental purpose and function of the State and its legal and political subdivisions.

(b) The Governor is responsible for preparing and administering a statewide traffic safety program designed to reduce traffic accidents and the resulting deaths, injuries, and property damage. The Governor may employ personnel necessary to administer this Act.

**The Statewide Traffic Safety Program**

Sec. 3. The statewide traffic safety program shall include, but not be limited to:

(a) Administration by the Governor through appropriate agencies of a program of driver education and training for Texas;

(1) Setting minimum standards by published rules and regulations for classroom instruction, training in driving skills, personnel qualifications for instructors, program content, and supplementary materials and equipment, which shall allow for innovation and experimentation on a controlled basis, not necessarily following established standards;

(2) Providing a means for continuing evaluation of the effects of all approved programs for the purpose of identifying practices most conducive to preventing traffic accidents;

(3) Providing for contracts between the governing bodies of centrally located independent school districts or other suitable public and private agencies and the State to provide for approved driver education and training programs; and

(4) Instruction offered pursuant to any contract must be offered to all applicants over fifteen (15) years of age;

(b) Plans and methods for improving driver licensing, accident records, vehicle registration and title, traffic engineering, vehicle inspection, manpower, police traffic supervision, traffic courts, highway design and uniform traffic laws;

(c) Plans for local traffic safety programs by political and legal subdivisions of the State, if the programs are approved by the Governor and conform with the uniform standards promulgated under the Highway Safety Act of 1966.<sup>1</sup>

<sup>1</sup> See 23 U.S.C.A. § 401 et seq.

**Research and Development**

Sec. 4. The Governor is authorized to cooperate with the Federal Government and with any political or legal subdivision of the State in research designed to aid in traffic safety and to accept any federal funds available for this purpose.

**Cooperation of State Agencies: Local Authority**

Sec. 5. (a) All departments, agencies, and institutions of the State, and all officers and employees of the State, when requested by the Governor, shall cooperate in all activities of the State consistent with the purposes stated and authority granted in this Act and the functions of their office or employment.

(b) Political and legal subdivisions of the State are authorized to cooperate with and contract with the State and with each other and with private persons in the establishment, development, and maintenance of a statewide traffic safety program. These political and legal subdivisions may expend any funds made available under this Act or from

any other source for activities incident to the performance of any part of the program and may contract and pay for personal services and property to be used in the program or activities incident to the program.

**Funds: Grants in Aid**

Sec. 6. (a) The Governor shall receive on behalf of the State for the implementation of this Act all funds made available from the United States under the Highway Safety Act of 1966,<sup>1</sup> or any other federal Act.

(b) The State may accept and expend gifts, grants, or donations of money or property from private sources to implement this Act.

(c) There is created a special fund in the State Treasury called the Traffic Safety Fund. All funds received from any source to implement this Act shall be placed in the Traffic Safety Fund and shall be expended with State funds for the implementation of this Act in the manner in which other State money is expended.

(d) Grants in aid for governmental purposes and payments to discharge contractual obligations may be made to legal and political subdivisions of the State to carry out any duties and activities which are part of a statewide traffic safety program created, developed, and maintained under this Act. For the implementation of this Act, contractual payment may be made from the Traffic Safety Fund for services rendered and property furnished by private persons and by agencies which are not political and legal subdivisions of the State.

(e) All payments from the Traffic Safety Fund shall be in accordance with the terms of this Act and rules and regulations promulgated by the Governor.

<sup>1</sup> See 23 U.S.C.A. § 401 et seq.

**Responsibilities of Governor**

Sec. 7. (a) The Governor shall make rules and regulations for the administration of this Act, including rules, regulations, procedures, and statements of policy governing grants in aid and contractual relations.

(b) The Governor shall allocate such funds as may be appropriated by the Legislature in the General Appropriations Act to implement the purposes of this Act.

Sec. 8. [Amends art. 6687b, sec. 15].

**Severability Clause**

Sec. 9. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

**Repealer**

Sec. 10. Chapter 502, 55th Legislature, Regular Session, 1957, as amended (Article 6701j, Vernon's Texas Civil Statutes), is repealed.

[Acts 1967, 60th Leg., p. 777, ch. 327, eff. May 30, 1967.]

**Art. 6701k. Expired**

This article, relating to the office of the Vehicle Equipment Safety Compact Commissioner and derived from Acts 1963, 58th Leg., p. 354, ch. 134, expired effective September 1, 1979, under the terms of § 1a thereof as added by Acts 1977, 65th Leg., p. 1833, ch. 735, § 2.011.

**Art. 6701I-1. Intoxicated Driver; Penalty**

(a) In this article:

(1) "Alcohol concentration" means:

(A) the number of grams of alcohol per 100 milliliters of blood;

(B) the number of grams of alcohol per 210 liters of breath; or

(C) the number of grams of alcohol per 67 milliliters of urine.

(2) "Intoxicated" means:

(A) not having the normal use of mental or physical faculties by reason of the introduction of alcohol, a controlled substance, a drug, or a combination of two or more of those substances into the body; or

(B) having an alcohol concentration of 0.10 percent or more.

(3) "Serious bodily injury" means injury that creates a substantial risk of death or that causes serious permanent disfigurement or protracted loss or impairment of the function of any bodily member or organ.

(4) "Public place" has the meaning assigned by Section 1.07(a)(29), Penal Code.

(5) "Controlled substance" has the meaning assigned by Subdivision (5), Section 1.02, Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes).

(6) "Drug" has the meaning assigned by Subdivision (14), Section 1.02, Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes).

(b) A person commits an offense if the person is intoxicated while driving or operating a motor vehicle in a public place. The fact that any person charged with a violation of this section is or has been entitled to use a controlled substance or drug under the laws of this state is not a defense.

(c) Except as provided by Subsections (d), (e), and (f) of this article, an offense under this article is punishable by:

(1) a fine of not less than \$100 or more than \$2,000; and

(2) confinement in jail for a term of not less than 72 hours or more than two years.

(d) If it is shown on the trial of an offense under this article that the person has previously been convicted one time of an offense under this article, the offense is punishable by:

(1) a fine of not less than \$300 or more than \$2,000; and

(2) confinement in jail for a term of not less than 15 days or more than two years.

(e) If it is shown on the trial of an offense under this article that the person has previously been convicted two or more times of an offense under this article, the offense is punishable by:

(1) a fine of not less than \$500 or more than \$2,000; and

(2) confinement in jail for a term of not less than 30 days or more than two years or imprisonment in the state penitentiary for a term of not less than 60 days or more than five years.

(f) If it is shown on the trial of a person punished for an offense under Subsection (c), (d), or (e) of this article that the person committed the offense and as a direct result of the offense another person suffered serious bodily injury, the minimum term of confinement for the offense is increased by 60 days and the minimum and maximum fines for the offense are increased by \$500.

(g) For the purposes of this article, a conviction for an offense under Article 6701I-1 or 6701I-2, Revised Statutes, as those laws existed before January 1, 1984, is a conviction of an offense under this article.

(h) For the purposes of this article, a conviction for an offense that occurs on or after January 1, 1984, is a final conviction, whether or not the sentence for the conviction is probated.

(i) A conviction may not be used for the purpose of enhancement under Subsection (d) or (e) of this article if:

(1) the conviction was a final conviction under the provisions of Subsections (g) and (h) of this article and was for an offense committed more than 10 years before the offense for which the person is being tried was committed; and

(2) the person has not been convicted of an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code, or Article 6701I-1, or Article 6701I-2, Revised Statutes, committed within 10 years immediately preceding the date on which the offense for which the person is being tried was committed.

Sections 24 and 28(b) and (c) of the 1983 amendatory act provide:  
"Sec. 24. (a) Each county with a population of 25,000 or more according to the most recent federal census shall purchase and

maintain electronic devices capable of visually recording a person arrested within the county for an offense under Article 6701I-1, Revised Statutes, or Subdivision (2), Subsection (a), Section 19.05, Penal Code.

"(b) The sheriff of the county shall determine upon approval by the county commissioners court the number of devices necessary to ensure that a peace officer arresting a defendant for an offense listed in Subsection (a) of this section may visually record the defendant's appearance within a reasonable time after the arrest.

"(c) The fact that an arresting officer or other person acting on behalf of the state failed to visually record a person arrested for an offense listed in Subsection (a) of this section is admissible at the trial of the offense if the offense occurred in a county required to purchase and maintain electronic devices under this section."

"Sec. 28. (b) The changes in law made by this Act for the punishment of an offense under Article 6701I-1, Revised Statutes, as amended, apply only to the punishment for an offense committed on or after the effective date of this Act. For purposes of this section, an offense is committed before the effective date of this Act only if any element of the offense occurs before the effective date.

"(c) An offense committed before the effective date of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose."

**Arts. 6701I-2, 6701I-3. Repealed by Acts 1983, 68th Leg., p. 1607, ch. 303, § 27, eff. Jan. 1, 1984**

For subject matter of former art. 6701I-2, see, now, art. 6701I-1(d), (e).

**Art. 6701I-4. Driving by Certain Minors While Intoxicated; Traffic Violations**

**Offenses; Penalties**

Sec. 1. Any minor who has passed his or her 14th birthday but has not reached his or her 17th birthday, and who drives or operates an automobile or any other motor vehicle on any public road or highway in this state or upon any street or alley within the limits of any city, town or village, or upon any beach as defined in Chapter 430, Acts of the 51st Legislature, Regular Session, 1949<sup>1</sup> (Article 6701d-21, Vernon's Texas Civil Statutes), in such way as to violate any traffic law of this state, shall be guilty of a misdemeanor and shall be punished by a fine of not more than One Hundred Dollars (\$100.00). As used in this section, the term "any traffic law of this state" shall include the following statutes, as heretofore or hereafter amended:

Chapter 42, General Laws, Acts of the 41st Legislature, Second Called Session, 1929 (Article 6701d-11, Vernon's Texas Civil Statutes);<sup>2</sup> Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes); and Chapter 430, Acts of the 51st Legislature, Regular Session, 1949 (Article 6701d-21, Vernon's Texas Civil Statutes).

**Guilty Pleas; Presence of Parents or Guardians**

Sec. 1a. No such minor may plead guilty to any offense described in Section 1 of this Act except in open court before the judge. No such minor shall be convicted of such an offense or fined as provided in this Act except in the presence of one or both parents or guardians having legal custody of the minor. The court shall cause one or both parents or guardians to be summoned to appear in court and

shall require one of both of them to be present during all proceedings in the case. However, the court may waive the requirement of the presence of parents or guardians in any case in which, after diligent effort, the court is unable to locate them or to compel their presence.

**Default in Payment of Fines**

Sec. 2. No such minor, after conviction or plea of guilty and imposition of fine, shall be committed to any jail in default of payment of the fine imposed, but the court imposing such fine shall have power to suspend and take possession of such minor's driving license and retain the same until such fine has been paid.

**Driving Without License; Penalties**

Sec. 3. If any such minor shall drive any motor vehicle upon any public road or highway in this state or upon any street or alley within the limits of any corporate city, town or village, or upon any beach as defined in Chapter 430, Acts of the 51st Legislature, 1949, without having a valid driver's license authorizing such driving, such minor shall be guilty of a misdemeanor and shall be fined as set out in Section 1 hereof.

**Jurisdiction; Effect on Juvenile Courts; Cumulative Effect**

Sec. 4. The offenses created under this Act shall be under the jurisdiction of the courts regularly empowered to try misdemeanors carrying the penalty herein affixed, and shall not be under the jurisdiction of the Juvenile Courts; but nothing contained in this Act shall be construed to otherwise repeal or affect the statutes regulating the powers and duties of Juvenile Courts. The provisions of this Act shall be cumulative of all other laws on this subject.

**Repealer**

Sec. 5. Chapter 436, Acts of the 51st Legislature, Regular Session, 1949,<sup>1</sup> is hereby repealed, but the repeal thereof shall not exempt from punishment any person who may have previously violated such repealed law, and persons convicted of a violation thereof shall be punished as therein provided.

[Acts 1957, 55th Leg., p. 736, ch. 302. Amended by Acts 1967, 60th Leg., p. 1086, ch. 476, § 1, eff. Aug. 28, 1967; Acts 1979, 66th Leg., p. 1022, ch. 454, § 1, eff. Aug. 27, 1979.]

<sup>1</sup> Probably legislative intention to repeal "chapter 436, Acts of the 52nd Legislature, Regular Session 1951" [Penal Code (1925) art. 802d; now, article 6701I-3] as recited in title of this Act.

**Art. 6701I-5. Specimens of Breath or Blood; Implied Consent; Evidence**

**Consent to Taking of Specimens**

Sec. 1. Any person who operates a motor vehicle upon the public highways or upon a public beach in this state shall be deemed to have given consent, subject to the provisions of this Act, to submit to

the taking of one or more specimens of his breath or blood for the purpose of analysis to determine the alcohol concentration or the presence in his body of a controlled substance or drug if arrested for any offense arising out of acts alleged to have been committed while a person was driving or in actual physical control of a motor vehicle while intoxicated. Any person so arrested may consent to the giving of any other type of specimen to determine his alcohol concentration, but he shall not be deemed, solely on the basis of his operation of a motor vehicle upon the public highways or upon a public beach in this state, to have given consent to give any type of specimen other than a specimen of his breath or blood. The specimen, or specimens, shall be taken at the request of a peace officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle upon the public highways or upon a public beach in this state while intoxicated.

**Refusal to Give Specimen; Suspension of License, Permit or Privilege**

Sec. 2. (a) Except as provided by Subsection (i) of Section 3 of this Act, if a person under arrest refuses, upon the request of a peace officer, to give a specimen designated by the peace officer as provided in Section 1, none shall be taken.

(b) Before requesting a person to give a specimen, the officer shall inform the person orally and in writing that if the person refuses to give the specimen, that refusal may be admissible in a subsequent prosecution, and that the person's license, permit, or privilege to operate a motor vehicle will be automatically suspended for 90 days after the date of adjournment of the hearing provided for in Subsection (f) of this section, whether or not the person is subsequently prosecuted as a result of the arrest. If the officer determines that the person is a resident without a license or permit to operate a motor vehicle in this state, the officer shall inform the person that the Texas Department of Public Safety shall deny to the person the issuance of a license or permit for a period of 90 days after the date of adjournment of the hearing provided for in Subsection (f) of this section, whether or not the person is subsequently prosecuted as a result of the arrest. The officer shall inform the person that the person has a right to a hearing on suspension or denial if, not later than the 20th day after the date on which the notice of suspension or denial is received, the department receives a written demand that the hearing be held.

(c) The officer shall provide the person with a written statement containing the information required by Subsection (b) of this section. If the person refuses the request of the officer to give a specimen, the officer shall request the person to sign a statement that the officer requested that he give a specimen, that he was informed of the consequences of not giving a specimen, and that he refused to give a specimen.

(d) If the person refuses to give a specimen, whether the refusal was express or the result of an intentional failure of the person to give a specimen as designated by the peace officer, the officer before whom the refusal was made shall immediately make a written report of the refusal to the Director of the Texas Department of Public Safety.

(e) The director shall approve the form of the report. The report must show the grounds for the officer's belief that the person had been operating a motor vehicle while intoxicated. The report must also show that the person refused to give a specimen, as evidenced by:

(1) a written refusal to give a specimen, signed by the person; or

(2) a statement signed by the officer stating that the person refused to give a specimen and also refused to sign the statement requested by the officer under Subsection (c) of this article.

(f) When the director receives the report, the director shall suspend the person's license, permit, or nonresident operating privilege, or shall issue an order prohibiting the person from obtaining a license or permit, for 90 days effective 28 days after the date the person receives notice by certified mail or 31 days after the date the director sends notice by certified mail, if the person has not accepted delivery of the notice. If, not later than the 20th day after the date on which the person receives notice by certified mail or the 23rd day after the date the director sent notice by certified mail, if the person has not accepted delivery of the notice, the department receives a written demand that a hearing be held, the department shall, not later than the 10th day after the day of receipt of the demand, request a court to set the hearing for the earliest possible date. The hearing shall be set in the same manner as a hearing under Section 22(a), Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes). If, upon such hearing the court finds (1) that probable cause existed that such person was driving or in actual physical control of a motor vehicle on the highway or upon a public beach while intoxicated, (2) that the person was placed under arrest by the officer and was offered an opportunity to give a specimen under the provisions of this Act, and (3) that such person refused to give a specimen upon request of the officer, then the Director of the Texas Department of Public Safety shall suspend the person's license or permit to drive, or any nonresident operating privilege for a period of 90 days, as ordered by the court. If the person is a resident without a license or permit to operate a motor vehicle in this State, the Texas Department of Public Safety shall deny to the person the issuance of a license or permit for 90 days.

(g) If, after the hearing, the court finds in the negative one of the issues required by Subsection (f) of this section, the director shall reinstate any license, permit, or privilege to operate a motor vehi-

cle and shall rescind any order prohibiting the issuance of a license or permit on the basis of the person's refusal to give a specimen under Subsection (d) of this section.

(h) A written report submitted by an officer under Subsection (d) of this article is a governmental record for the purposes of Section 37.10, Penal Code.

**Admissibility of Results or Refusal; Qualifications and Methods for Making Analysis; Additional Analysis by Request; Persons Incapable of Refusal; Mandatory Analysis; Definitions**

Sec. 3. (a) Upon the trial of any criminal action or proceeding arising out of an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code, or an offense under Article 6701L-1, Revised Statutes, evidence of the alcohol concentration or presence of a controlled substance or drug as shown by analysis of a specimen of the person's blood, breath, urine, or any other bodily substances taken at the request or order of a peace officer, shall be admissible.

(b) Analysis of a specimen of the person's breath, to be considered valid under the provisions of this section, must be performed according to rules of the Texas Department of Public Safety and by an individual possessing a valid certificate issued by the Texas Department of Public Safety for this purpose. The Texas Department of Public Safety is authorized to establish rules approving satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analysis, and to issue certificates certifying such fact. These certificates shall be subject to termination or revocation, for cause, at the discretion of the Texas Department of Public Safety.

(c) When a person gives a specimen of blood at the request or order of a peace officer under the provisions of this Act, only a physician, qualified technician, chemist, registered professional nurse, or licensed vocational nurse under the supervision or direction of a licensed physician may withdraw a blood specimen for the purpose of determining the alcohol concentration or presence of a controlled substance or drug therein. The sample must be taken by a physician or in a physician's office or a hospital licensed by the Texas Department of Health. This limitation shall not apply to the taking of specimens of breath, urine, or bodily substances other than blood. The person drawing the blood specimen at the request or order of a peace officer under the provisions of this Act, or the hospital where that person is taken for the purpose of securing the blood specimen, shall not be held liable for damages arising from the request or order of the peace officer to take the blood specimen as provided herein, provided the blood specimen was withdrawn according to recognized medical procedures, and provided further that the foregoing shall not relieve any such person from liability for negligence in the withdrawing of any blood specimen. Breath speci-

mens taken at the request or order of a peace officer must be taken and analysis made under such conditions as may be prescribed by the Texas Department of Public Safety, and by such persons as the Texas Department of Public Safety has certified to be qualified.

(d) The person who gave a specimen of breath, blood, urine, or other bodily substances in connection with this Act may, upon request and within a reasonable time not to exceed two hours after the arrest, have a physician, qualified technician, chemist, or registered professional nurse of his own choosing draw a specimen and have an analysis made of his blood in addition to any specimen taken and analyzed at the direction of a peace officer. The failure or inability to obtain an additional specimen or analysis by a person shall not preclude the admission of evidence relating to the analysis of the specimen taken at the direction of the peace officer under this Act.

(e) Upon the request of a person who has given a specimen at the request of a peace officer, full information concerning the analytical results of the test or tests of the specimen shall be made available to him or his attorney.

(f) If for any reason the person's request to have a chemical test is refused by the officer or any other person acting for or on behalf of the state, such fact may be introduced into evidence on the trial of such person.

(g) If the person refuses a request by an officer to give a specimen of breath or blood, whether the refusal was express or the result of an intentional failure of the person to give the specimen, that fact may be introduced into evidence at the person's trial.

(h) Any person who is dead, unconscious, or otherwise in a condition rendering the person incapable of refusal, whether the person was arrested or not, shall be deemed not to have withdrawn the consent provided by Section 1 of this Act. If the person is dead, a specimen may be withdrawn by the county medical examiner or the examiner's designated agent or, if there is no county medical examiner for the county, by a licensed mortician or a person authorized as provided by Subsection (c) of this section. If the person is not dead but is incapable of refusal, a specimen may be withdrawn by a person authorized as provided by Subsection (c) of this section. Evidence of alcohol concentration or the presence of a controlled substance or drug obtained by an analysis authorized by this subsection is admissible in a civil or criminal action.

(i) A peace officer shall require a person to give a specimen under Section 2 of this Act if:

(1) the officer arrests the person for an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code, or an offense under Article 6701L-1, Revised Statutes, as amended;

(2) the person was the operator of a motor vehicle involved in an accident that the officer reasonably believes occurred as a result of the offense;

(3) at the time of the arrest the officer reasonably believes that a person has died or will die as a direct result of the accident; and

(4) the person refuses the officer's request to voluntarily give a specimen.

(j) In this Act:

(1) "Alcohol concentration" means:

(A) the number of grams of alcohol per 100 milliliters of blood;

(B) the number of grams of alcohol per 210 liters of breath; or

(C) the number of grams of alcohol per 67 milliliters of urine.

(2) "Controlled substance" has the same meaning as is given that term in Section 1.02, Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes).

(3) "Drug" has the same meaning as is given that term in Section 1.02, Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes).

(4) "Intoxicated" means:

(A) not having the normal use of mental or physical faculties by reason of the introduction of alcohol, a controlled substance, a drug, or a combination of two or more of those substances into the body; or

(B) having an alcohol concentration of 0.10 percent or more.

(5) "Public beach" has the same meaning as is given that term in the Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes).

(6) "Public highway" has the same meaning as is given the term "highway" in the Uniform Act Regulating Traffic on Highways (Article 6701d, Vernon's Texas Civil Statutes).

(7) "Public place" has the meaning assigned by Subdivision (29), Subsection (a), Section 1.07, Penal Code.

#### Appeals

Sec. 4. Appeals from all actions of the department under this Act in suspending, denying, or refusing to issue a license shall be governed by Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes).

#### Severability

Sec. 5. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application,

and to this end the provisions of this Act are declared to be severable.

[Acts 1969, 61st Leg., p. 1468, ch. 434, eff. Sept. 1, 1969. Amended by Acts 1971, 62nd Leg., p. 2340, ch. 709, §§ 1, 2, eff. June 7, 1971; Acts 1983, 68th Leg., p. 1577, ch. 303, § 4, eff. Jan. 1, 1984.]

Section 28(a) and (c) of the 1983 amendatory act provides:

"(a) A person who before the effective date of this Act refused to submit to a test is subject to the law in effect when the refusal occurred, and that law is continued in effect for the disposition of administrative proceedings against the person.

"(c) An offense committed before the effective date of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose."

#### Art. 6701I-6. Allowing Dangerous Driver to Borrow Motor Vehicle

(a) A person commits an offense if he knowingly or intentionally permits another to operate a motor vehicle owned by the person and he knows that at the time permission is given, the other person's license has been suspended as a result of a conviction of an offense under Article 6701I-1, Revised Statutes, or as a result of a failure to give a specimen under Chapter 434, Acts of the 61st Legislature, Regular Session, 1969 (Article 6701I-5, Vernon's Texas Civil Statutes).

(b) An offense under this section is a Class C misdemeanor.

[Acts 1983, 68th Leg., p. 1602, ch. 303, § 23, eff. Jan. 1, 1984.]

Section 28(c) of the 1983 Act provides:

"An offense committed before the effective date of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose."

#### Art. 6701I-7. Forfeiture of Motor Vehicle

(a) When a person is arrested for an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code, or an offense under Article 6701I-1, Revised Statutes, the arresting officer shall immediately notify the district or the county attorney if:

(1) the person was on probation for an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code, at the time of the arrest; or

(2) the person has previously been finally convicted three or more times of:

(A) an offense under Article 6701I-1, Revised Statutes;

(B) an offense under Article 6701I-2, Revised Statutes;

(C) an offense under Subdivision (2), Subsection (a), Section 19.05, Penal Code; or

(D) any combination of offenses under Subdivision (2), Subsection (a), Section 19.05, Penal Code, and Section 6701I-1 or 6701I-2, Revised Statutes.

(b) A motor vehicle owned and operated at the time of an offense by a person described by Subsection (a) of this article is subject to forfeiture to the county in which the offense occurred.

(c) The district or the county attorney may seek a temporary restraining order prohibiting the person from selling or disposing of a vehicle described in Subsection (b) of this article and may, within 20 days from the date of the arrest, request a hearing in a county court or district court in the county to determine whether the vehicle is subject to forfeiture. The court in which the hearing is to be held shall set the cause for a hearing to be held no later than the 20th day after the date on which the district or the county attorney requests the hearing. The court shall serve notice of the hearing to the owner of the vehicle and to any lienholder or other secured party whose interest in the motor vehicle is registered as provided by law, in the manner provided for service of process by citation in civil cases.

(d) If at a hearing requested under Subsection (c) of this article, the person arrested fails to file a denial stating that his motor vehicle is not subject to forfeiture, the court shall find that the vehicle is subject to forfeiture. If the person files a denial denying that the motor vehicle is subject to forfeiture, the court shall hear evidence to determine whether the vehicle is subject to forfeiture. If the court determines that the vehicle is subject to forfeiture, the court shall enter an order enjoining the person from selling or disposing of the vehicle pending the outcome of the prosecution of the person for the offense for which he was arrested. The court shall specify in the order that if the person is acquitted of the offense for which he was arrested, the injunction shall expire on the date of the acquittal. If after the court has issued an order under this subsection, the person proves by document or other evidence satisfactory to the court that prosecution for the offense has been dismissed, the court shall terminate the injunction.

(e) If at the trial of the person for the offense for which he was arrested the person is convicted, the court sentencing the person, on the motion of the district or the county attorney, after notice and hearing, and on a showing that a court has determined that the vehicle is subject to forfeiture, may forfeit the vehicle to the county. However, if proof at sentencing discloses that the interest of any bona fide lienholder, secured party, or other person holding an interest in the vehicle in the nature of a security interest is greater than or equal to the present value of the vehicle, the court shall order the vehicle released to him. If such interest is less than the present value of the vehicle and if the proof shows that the vehicle is subject to forfeiture, the court may order the vehicle forfeited to the county.

(f) A vehicle that has been forfeited shall be sold at a public auction under the direction of the county sheriff after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be delivered to the county clerk and shall be disposed of as follows:

(1) to any bona fide lienholder, secured party, or other party holding an interest in the vehicle in the nature of a security interest, to the extent of his interest; and

(2) the balance, if any, to be deposited in the county treasury.

(g) The State Department of Highways and Public Transportation shall issue a certificate of title to any person who purchases a vehicle under the provisions of this article.

[Acts 1983, 68th Leg., p. 1602, ch. 303, § 23, eff. Jan. 1, 1984.]

Section 28(c) of the 1983 Act provides:

"An offense committed before the effective date of this Act is covered by the law in effect when the offense was committed, and the former law is continued in effect for this purpose."

#### Art. 6701m-1. Inscription on State Vehicle

There shall be printed upon each side of every automobile, truck or other motor vehicle owned by the State of Texas the word "Texas," followed in letters of not less than two (2) inches high by the title of the department, bureau, board, commission or official having the custody of such car, and such inscription shall be in a color sufficiently different from the body of the car so that the lettering shall be plainly legible at a distance of not less than one hundred (100) feet, and the official having control thereof shall have such wording placed thereon as prescribed herein, and whoever drives any automobile, truck or other motor vehicle belonging to the State upon the streets of any town or city or upon a highway without such inscription printed thereon shall be fined not less than Twenty-five Dollars (\$25.00) nor more than One Hundred Dollars (\$100.00). Provided, however, State-owned vehicles under control and custody of the State Board of Pharmacy, Texas Department of Mental Health and Mental Retardation, the Department of Public Safety, the Texas Department of Corrections, the Parks and Wildlife Department, the Railroad Commission of Texas, the Texas Alcoholic Beverage Commission, the Texas Juvenile Probation Commission, Agencies and Branches of Government for whom appropriations are made under the article of the General Appropriations Act that appropriates money to the legislature, and the Texas Youth Council may be exempt from the requirements of this Act by rule and regulation of the governing bodies of these State agencies. Such rules and regulations shall specify the primary use to which vehicles exempt from the requirements of this Act are devoted, the purpose to be served by not printing on them the inscriptions required by this Act and such rules and regulations shall not be effective until filed with the Secretary of State. Whoever drives a vehicle exempted from the requirements of this Act as authorized by this provision shall not be subject to the penalties prescribed in this Act.

**Art. 6701m-2. Identification of City and County-Owned Vehicles and Heavy Equipment**

On every city or county-owned motor vehicle and piece of heavy equipment, there shall be printed upon each side the name of the city or county, followed in letters of not less than two (2) inches high by the title of the department or official having the custody of the vehicle or piece of heavy equipment, and the inscription shall be in a color sufficiently different from the body of the vehicle or piece of heavy equipment so that the lettering shall be plainly legible, and the official having control thereof shall have the wording placed thereon as prescribed herein, and whoever drives any motor vehicle or piece of heavy equipment belonging to any city or county upon the streets of any town or city or upon a public highway without the inscription printed thereon shall be fined not less than Twenty-five Dollars (\$25) nor more than One Hundred Dollars (\$100). Provided however, that the provisions of this Section shall not apply to automobiles used by police and sheriffs' departments, which shall be unmarked at the discretion of the sheriff or the police chief.

**Art. 6702-1. County Road and Bridge Act**

**CHAPTER 1. GENERAL PROVISIONS**

**Short Title**

Sec. 1.001. This Act may be cited as the County Road and Bridge Act.

**CHAPTER 2. POWERS OF COMMISSIONERS COURT**

**SUBCHAPTER A. CREATING OR DISCONTINUING ROADS**

**Public Roads**

Sec. 2.001. Public roads and highways that have not been discontinued but have been laid out and established according to law are declared to be public roads.

**Court Authority**

Sec. 2.002. (a) The commissioners court shall:

(1) order that public roads be laid out, opened, discontinued, or altered when necessary except that:

(A) a public road may not be discontinued until a new road is ready to replace it;

(B) a public road may not be altered except to shorten the distance from end to end, unless a unanimous vote by all elected commissioners determines otherwise; and

(C) an entire first-class or second-class road may not be discontinued except on vacation or nonuse for a period of three years; and

(2) assume control of streets and alleys in all cities and incorporated towns that have no active de facto municipal government.

(b) The commissioners court may:

(1) make and enforce all reasonable and necessary rules and orders for the construction and maintenance of public roads except as prohibited by law;

(2) hire the labor and purchase the machinery and equipment needed to construct and maintain public roads; and

(3) use any necessary material most convenient to build, repair, or maintain public roads regardless of the location or extent of the material.

(c) Under the following procedure, the commissioners court may condemn the material necessary to build, repair, or maintain public roads, but only if the owner of the material rejects what the court determines to be a fair price:

(1) commissioners appointed by the court to condemn the materials shall hold a hearing and fix a fair and reasonable value for the material based on the current method for pricing or valuing the material;

(2) compensation awarded by the commissioners for material shall be paid to the owner or deposited with the county treasurer to the credit of the owner, and when so paid or deposited the county shall have the right to enter on and use the material; if the owner or the county is not satisfied with the compensation awarded, the owner or the county may appeal as in condemnation cases; and

(3) the commissioners appointed to condemn the property are entitled to receive \$2 for each day they may be involved in condemning the material involved, to be paid out of the same fund from which payment is made for materials on the order of the commissioners court.

(d) If material is needed for the general system of county highways, payment shall be made from the road and bridge fund or from the proceeds of any county issue of bonds. If material is to be used for the benefit of any defined district or political subdivision of the county, the cost of the material shall be paid from that district or subdivision's

funds arising through the sale of bonds or the collection of special taxes.

#### Applying for New Roads or Road Changes

Sec. 2.003. (a) Citizens may apply for a new road or a change in an existing road by presenting to the commissioners court a petition signed by:

(1) eight landowners in the precinct if the request is for a new road or to discontinue an existing road; or

(2) one landowner in the precinct if the request is for a change in a road.

(b) The petition must specify the beginning and termination points of a proposed new road or a road to be discontinued.

(c) Before the commissioners court may grant an order based on an application described by Subsection (a) of this section, the applicants must first give notice of their intent to apply by a written advertisement of their intent posted on the courthouse door and at two other places in the vicinity of the route affected for at least 20 days.

#### Laying Out New Roads by Jury of View

Sec. 2.004. (a) New roads ordered by the commissioners court must be laid out by a jury of view, appointed by the court and consisting of five landowners. The court may order the cooperation of the county surveyor. The jury of view shall lay out, survey, and describe the road to the greatest advantage of the public and make a written report containing the field notes, survey or description of the road, and the jury's proceedings to the next term of the court.

(b) When juries of view are appointed, the clerk of the court shall make out and deliver to the sheriff duplicate copies of the appointing order not later than the 10th day after the day the appointment was made, endorsing on those copies the date of the order. The sheriff shall serve the order on each juror in person or by leaving one of the copies at the appointee's usual place of abode. The sheriff shall make the service not later than the 20th day after the day he receives the copies and shall make his return to the clerk on the duplicate copies, stating the date and manner of service or the cause of his failure to make the service. Any person summoned as a juror of view who fails or refuses to perform the service required of him by law as a juror forfeits and shall pay for each failure the sum of \$10, to be recovered by judgment on motion of the district or county attorney in the name of the county.

(c) The jurors shall first take the following oath: "I, \_\_\_\_\_, do solemnly swear that I will lay out the road now directed to be laid out by the order to us directed from the commissioners court, according to law, without favor or affection, malice or hatred, to the best of my skill and knowledge. So help me God."

(d) The jury shall issue a written notice of the time when they will proceed to lay out the road or when they will assess the damages incidental to the opening of the road. The notice shall be served on each landowner, his agent, or attorney, through whose land the road may run, not later than the fifth day before the day set in the notice. If the owner is a nonresident of the county, the notice may be given by publication in a newspaper published in the county. The notice must be published once a week for four consecutive weeks, and the road may be established after four weeks' publication. The cost of publishing shall be paid as directed by the judgment of the court.

(e) At the time stated in the notice or previous to that time, the owner may present to the jury a written statement of the damages claimed by him, incidental to the opening of the road, and the jury shall proceed to assess the damages, returning its assessment and the claimant's statement with its report. If the commissioners court approves the report and orders the road to be opened, it shall consider the assessment and damages by the jury and the claimant's statement and allow to the owner just damages and adequate compensation for the land taken. When the damages and compensation are paid or secured by special deposit with the county treasurer to the credit of the owner and after notice of the payment or deposit to the owner, and if no objection is made to the jury's report, the court may proceed to have the road opened, if it is considered to be of sufficient importance. The owner may appeal from the assessment as in cases of appeal from judgment of justice courts, but the appeal shall not prevent the road from being opened, but shall be only to fix the amount of damages.

#### Roads Across Public Land

Sec. 2.005. A public road may not be opened across land owned and used or intended for actual use by the state, educational, eleemosynary, or other public state institutions for public purposes and not subject to sale under the general laws of the state, without the consent of the trustees of the institution and the approval of the governor. The roads opened before September 1, 1925, across the land may be closed by the authorities in charge of the land whenever they consider it necessary to protect the interests of the state, on repayment to the county where the land is situated, with eight percent interest, the amount actually paid out by the county for the condemnation of the land as shown by the records of the commissioners court.

#### Neighborhood Roads

Sec. 2.006. (a) The commissioners court may declare as a public highway any line between different persons or landowners, any section line, or any practicable route (a practicable route being one convenient to landowners while at the same time avoid-

ing hills, mountains, or streams through any and all enclosures), subject to the following conditions.

(b) One or more persons, firms, or corporations, who are landowners into whose land there is no public road or public means of access and who desire an access road connecting their land with the county public road system, may make a sworn application to the commissioners court for an order establishing the road, designating the lines sought to be opened and the names and residences of the persons affected by the proposed access road, and stating the facts that show a necessity for the road.

(c) After the application is filed, the county clerk shall issue a notice to the sheriff or constable commanding him to summon those landowners affected by the application. Those summoned must appear at the next regular term of the commissioners court if they desire to contest the application. The notice shall be served and returned as in the service of citations in civil actions in justice courts.

(d) At a regular term of the court after due service of the notice, the court may hear evidence as to the truth of the application, and if it appears that the applicants have no means of access to their land and premises, it may issue an order declaring the lines designated in the application or the lines as may be fixed by the commissioners court to be a public highway and may direct the public highway to be opened by the owners and left open for a space of not less than 15 feet or more than 30 feet on each side of the designated line, but the marked trees and other objects used to designate the lines and the corners of surveys may not be removed or defaced. Notice of the order shall be immediately served on the owners and return of the notice shall be made as previously provided in this section. A copy of the order shall be filed in the deed records in the office of the county clerk of the county.

(e) The damages to the landowners shall be assessed by a jury of landowners, as for other public roads, and all costs attending the proceedings in opening the road shall be paid by the county. The commissioners court is not required to keep the road worked by the roadhands as in the case of other public roads but shall place the roads in the first instance in condition for use as access public roads.

(f) Once the commissioners court has designated a public road under this section that involves an enclosure of 1280 acres or more, a person or owner who fails, neglects, or refuses for 12 months after legal notice to leave open his land free from all obstructions for 15 feet on his side on the designated line commits an offense and shall be fined not more than \$20 per month after the first 12 months.

#### Classes of Roads

Sec. 2.007. (a) The commissioners court shall classify all public roads in their counties as follows:

(1) first-class roads shall be clear of all obstructions and not less than 40 feet nor more than 100 feet wide; all stumps over six inches in diameter shall be cut down to six inches of the surface and rounded off, all stumps six inches in diameter and under cut smooth with the ground, and all causeways made at least 16 feet wide;

(2) second-class roads shall conform to the requirements of first-class roads except that they may not be less than 40 feet wide;

(3) third-class roads may not be less than 20 feet wide and the causeway not less than 12 feet wide; otherwise they shall conform to the requirements of first-class roads.

(b) Any county in this state containing a population of less than 60,000 inhabitants according to the most recent federal census may by a majority vote of the commissioners court authorize the construction of cattle guards across any or all of the first-class, second-class, or third-class roads in said county, and the cattle guards may not be classed or considered as obstructions on the roads.

(c) A first-class or second-class road may not be reduced to a lower class.

(d) The commissioners court of any county coming under this section shall provide proper plans and specifications for a standard cattle guard to be used on the roads of the county. The plans and specifications shall be plainly written, supplemented by drawings as may be necessary, and shall be available to the inspection of the citizens of the county. After the commissioners court provides the proper plans and specifications for a standard cattle guard to be used on the roads of the county, any person constructing any cattle guard that is not in accordance with the approved plans and specifications prepared by the commissioners court is guilty of obstructing the roads of the county, and the person responsible for the improper construction of the cattle guards commits a misdemeanor and shall be fined not less than \$5 nor more than \$100.

(e) The commissioners court of any county coming under the provisions of this section may construct cattle guards on the first-class, second-class, and third-class roads of the county and may pay for the construction out of the road and bridge funds of the county when in its judgment it believes the construction of the cattle guards to be in the best interest of the citizens of the county.

(f) The owners of land across which a third-class or neighborhood road may run, when the right-of-way for the road has been acquired without cost to the county, may erect gates across the road when necessary, the gates to be not less than 10 feet wide and free of obstructions at the top.

(g) Any person placing a gate on or across any third-class road or on or across any road designated by Section 2.006 of this Act shall be required to keep the gate and the approaches to it in good order. The gate shall be not less than 10 feet wide

and so constructed as to cause no unnecessary delay to the traveling public in opening and shutting the gate. The person shall provide a fastening to hold the gate open until the passengers go through; the person shall place a permanent hitching post and stile block on each side of and within 60 feet of the gate. Any person who places a gate on or across a third-class road or on or across any road designated by Section 2.006 and who shall wilfully or negligently fail to comply with any requirement of this section commits an offense and shall be fined not less than \$5 nor more than \$20 for each offense, and each week of failure is a separate offense. Whoever wilfully or negligently leaves open any gate on or across any third-class road or on or across any road so designated by Section 2.006 of this Act commits an offense and shall be fined as previously provided by this section.

#### Abandoned Roads

Sec. 2.008. (a) Whenever the use of a county road has become so infrequent that the adjoining landowner or landowners have enclosed the road with a fence and the road has been continuously under fence for a period of 20 years or more, the public has no further easement or right to use the road unless and until the road is reestablished in the same manner as required for the establishment of a new road.

(b) This section does not apply to roads to a cemetery or access roads reasonably necessary to reach adjoining land.

#### Commissioners as Road Supervisors

Sec. 2.009. (a) Except when road commissioners are employed, the county commissioners shall be supervisors of public roads in their respective counties, and each commissioner shall supervise the public roads within his commissioner's precinct once each month. He shall also make a sworn report to each regular term of the commissioners court held in his county during the year, showing:

- (1) the condition of all roads and parts of roads in his precinct;
- (2) the condition of all culverts and bridges;
- (3) the amount of money remaining in the hands of overseers subject to be expended on the roads within his precinct;
- (4) the number of mileposts and fingerboards defaced or torn down;
- (5) what, if any, new roads of any kind should be opened in his precinct and what, if any, bridges, culverts, or other improvements are necessary to place the roads in his precinct in good condition and the probable cost of the improvements; and
- (6) the name of every overseer who has failed to work on the roads or who in any way neglected to perform his duty.

(b) The report shall be spread on the minutes of the court to be considered in improving public roads and determining the amount of taxes levied for public roads.

(c) The supervisor's report shall be submitted, together with all contracts made by the court since its last report for any work on any road, to the grand jury at the first term of the district court occurring after the report is made to the commissioners court.

### SUBCHAPTER B. DRAINAGE ON PUBLIC ROADS

#### Public Roads

Sec. 2.101. For the purposes of this subchapter, roads and highways that have not been discontinued but have been laid out and established according to law, including all roads and highways that have been opened to and used by the public for 10 years prior to March 25, 1897, are declared to be public roads.

#### Court Authority

Sec. 2.102. (a) The commissioners court may order at any regular session after complying with the provisions of this subchapter the construction and maintenance of ditches, drains, and watercourses as provided by this subchapter. These ditches, drains, and watercourses, hereinafter called ditches, shall be placed on or within the exterior lines of all public roads within the county and shall have the capacity to carry off into natural waterways all surface water reasonably adjacent and liable to collect in the ditches from natural causes.

(b) In connection with this authority to construct and maintain ditches, the commissioners court may construct any side, lateral, spur, branch ditch, or watercourse necessary. However:

- (1) a ditch may not be constructed without an outlet to a natural waterway large enough to carry off all water that may collect in the ditch; and
- (2) a commissioners court or its employee may not change the natural course of any branch, creek, or stream; branches, creeks, or streams shall cross public roads at the water's natural crossing; culverts shall be of sufficient size to allow water to flow at high tide from its intersection with the road across its natural outflow at the opposite natural channel.

(c) The commissioners court shall:

- (1) make a drain on each side of a road and use the dirt from the drain excavation to build the road;
- (2) drain public roads when necessary and have ditches cut for that purpose, taking into account the natural waterflow and causing as little injury as possible to adjacent landowners; and
- (3) in case of damages to a landowner, assess the damages and make payment to the landowner out of the county's general revenue; in case of disa-

greement, the amount of damages may be settled by suit as in other cases.

(d) The commissioners court may acquire by purchase or condemnation any new or wider right-of-way not exceeding 100 feet in width for streambed diversion and drainage channels, but only for locating, relocating, building, rebuilding, or maintaining public roads. This may be paid out of the county road and bridge fund or out of any available funds.

#### Private Ditches

Sec. 2.103. Any owner of land abutting on the road or ditch or the owner of any tract of land lying wholly or partially within one mile of the road or ditch may construct at his own cost lateral drainage ditches and connect the ditches with the main ditch or ditches constructed under this subchapter.

#### Petition for Drainage Construction

Sec. 2.104. Before the commissioners court may order that a drainage system be constructed, a petition shall be presented to the court that includes:

- (1) signatures of at least 100 qualified voters of the county;
- (2) a statement of the necessity for and availability of the drainage system;
- (3) the number of miles of public roads as accurately as possible;
- (4) the width and depth of the ditches to be built along the first-class roads;
- (5) the name and location of each natural waterway crossed by the county's first-class roads;
- (6) the distance of each waterway from another along the first-class road; and
- (7) the names and residences, if known, of each landowner with land adjacent to or within one mile of each first-class road.

#### Hearing Notice

Sec. 2.105. (a) After the petition is filed, the clerk shall issue five notices not later than the 20th day before the day on which the next regular session of the commissioners court will convene. The notices must contain a brief statement of the petition's contents and must command all interested persons who wish to contest the petition to appear at the court's next regular session.

(b) The notices are to be posted in the following manner:

- (1) one at the courthouse door; and
- (2) one each at four other public places in the county, no two of which may be in the same city or town.

(c) The sheriff shall post the notices and return them to the clerk on or before the first day of the term.

(d) The clerk shall receive \$1.50 and the sheriff \$3 for their services.

#### Hearing

Sec. 2.106. (a) At the specified time, the commissioners court shall:

(1) consider the petition and hear all testimony for or against its provisions; and

(2) determine whether the petition proposing the drainage system is necessary or advisable for the public benefit.

(b) If the court approves the petition, the court shall:

(1) order the decision entered into the court's minutes and made part of the record; and

(2) enter whether notice has been properly served.

(c) If notice was properly served, the court's order is final.

(d) If the court disapproves the petition for the drainage system, another application for the drainage system may not be heard for one year after the date of disapproval.

#### Survey

Sec. 2.107. (a) The commissioners court, following its approval of the petition, shall hire a surveyor for a sum to be determined by the court at either the same meeting or at any succeeding term of the court. The surveyor must be an engineer.

(b) The surveyor shall run a line of levels along the county's public roads, measure the roads from beginning to end, and measure the distance of each waterway crossed by a public road from that waterway's beginning point. The survey and the drainage system shall be first applied to the first-class roads, followed by the second-class and third-class roads.

(c) This section does not prohibit the court from constructing one or more ditches at the same time, as the financial condition of the county will permit.

#### Survey: Report

Sec. 2.108. (a) The surveyor shall:

(1) as soon as practicable after his employment, proceed to make such survey and system of levels and shall cause stakes or monuments to be placed along the line at intervals of 100 feet, with intermediate stakes as may be necessary, numbered progressively;

(2) establish permanent benchmarks along the line at intervals of one mile or less as may be necessary;

(3) establish by stake or monument of a different character and appearance from all other stakes or monuments the highest point on the road between each of the natural waterways crossed by the road;

(4) measure and establish by suitable marks the frontage of each tract of land abutting on the road;

(5) if there is a natural waterway adjacent to the line of the road and ditch and the waterway is necessary for use as an outlet for the water at any point on the ditch, measure the distance to the waterway and run the line of levels to the waterway at the nearest practicable point on the road and ditch; and

(6) prepare a map showing:

(A) the location of the ditch or ditches, together with the position of stakes or monuments with numbers corresponding with those on the ground;

(B) the location of benchmarks with their elevations referred to an assumed or previously determined datum; and

(C) the lines and boundaries of adjacent land and the courses and distances of any adjacent watercourse, together with a profile of the line of the ditch, which shall show the assumed datum and the grade line of the bottom of the ditch, and the elevation of each stake, monument, or other important feature along the line, such as the top of the banks, the bottom of all ditches or watercourses, the surface of the water, the top of the rail, the bottom of the tie, the foot of the embankment, and the bottom of the borrow pits of all railroads.

(b) The map prepared under Subdivision (6) of Subsection (a) of this section or the explanation accompanying the map shall:

(1) give in tabular form the depth of the cut and the width at the bottom, at the top, at the source, at the outlet, and at each 100-foot stake or monument to the ditch;

(2) show the total number of cubic yards of earth to be excavated and removed from the ditch between each natural waterway into which the water is to be conveyed;

(3) show an estimate of the cost of each portion of the ditch or ditches lying between natural waterways crossed by the road; and

(4) show an estimate of total cost of the whole work.

(c) The surveyor shall also prepare detailed specifications for the execution of the project. Whenever in his opinion it may be advantageous to run the ditch underground through drainage tiles, he shall so state in the report, map, and specifications, together with the statement of the location of the underground ditch, its length, and the dimensions or character of tiling or other material required for the underground ditch.

(d) As soon as completed, the surveyor shall file the survey, report, map, explanation, and estimate with the county clerk.

#### Jury of View: Selection

Sec. 2.109. (a) Following the filing of the surveyor's report, at any called or regular session of the court, the court shall appoint five landowners of the county as a jury of view, who are entitled to compensation of \$3 a day for each day of actual service. The appointees may not have a direct interest in land adjacent to the proposed ditch or within one mile of the ditch and may not have a family relationship with anyone with a direct interest.

(b) If for any reason the jurors selected fail or refuse to perform their duties or if for any reason their report is rejected by the court, the court may appoint another jury of view with the same duties as the first.

(c) The court may appoint separate juries of view for each ditch or a single jury of view for the entire proposed drainage system.

(d) Once appointed, the county clerk shall issue the jurors a certified copy of the petition, court order, and the original surveyor's report with maps, specifications, and his estimate of the cost.

#### Jury of View: Duties

Sec. 2.110. (a) Not later than the fifth day before the day of the meeting to determine costs of construction, the jury shall issue notices giving the time and place of the meeting to landowners or their agents who own land adjacent to or within one mile of the proposed ditch. The notice must state that the purpose of the meeting is to determine each landowner's share of the cost of constructing the ditch, which will be a proportionate share of one-half of the total cost of the construction. The notice may be served by anyone competent to testify and shall be returned and filed with the jury's final report.

(b) If the owner is a nonresident of the county and has no agent or representative in the county, the notice shall be published in a newspaper in the county according to the provisions for giving notice to nonresident defendants in district court actions. Notice to nonresidents must be published at least four weeks prior to the jury's meeting date.

(c) After complying with the requirements for giving notice and after the meeting at which all interested parties have been heard, the jury shall take all of the partial estimates and the surveyor's total cost, draw parallel lines one mile on either side of the ditch, and apportion to each parcel of land abutting or within the parallel lines and to each owner his proportionate share of one-half of the total cost of the ditch, taking into consideration the relative amount of benefit derived by the land from the ditch.

(d) The jury shall determine the damages due to any landowner whose land is crossed by any spur, branch, or lateral ditch constructed by order of the court. These damages are to be paid by an order of

the court out of the funds set aside for the ditch before the ditch can be opened.

(e) The jury shall make a sworn report to the court, signed by at least three jurors, as soon as is practicable after its meeting. The report must include:

(1) an accurate description of each tract of land assessed with the amount of acres and the names of the owners; and

(2) the amount assessed against the tract and its owners.

(f) The jury shall also return the surveyor's report and records. The clerk shall file the jury's report and the surveyor's report and records, and they are a public record after filing.

(g) The commissioners court shall approve or reject the jury's report at the next regular or called term.

#### Oath of Jury

Sec. 2.111. The jury must take the following oath before assuming its duties: "I do solemnly swear that I am not directly interested in the construction of the proposed ditch, either as the owner or otherwise, or in adjacent land lying within one mile of the proposed ditch, and that I am not related to any person who is so interested. I further swear that I have no bias or prejudice toward any person directly interested in the ditch, and that I will assess the amount of expense due on and by all adjacent lands lying within one mile of the ditch, according to law, without fear, favor, hatred, or hope of reward, to the best of my knowledge and ability. So help me God."

#### Claims

Sec. 2.112. Any person whose land may be affected by the ditch may appear before the jury and freely express his opinion on all matters pertaining to the assessment of expense against him. The owner of the land may at the time stated in the notice or previous to that time present to the jury a written statement of any objections to or dissatisfaction with the ditch or drain and any claim for damages that he may have sustained by reason of making the ditch or drain. A failure to make the objection or claim for damages or compensation is a waiver of all claim or right to make the objection or claim. The claims or objections shall be returned to the commissioners court in connection with the report of the jury. Any adjacent landowner may appear before and be heard by the commissioners court on his protest or claim against the action of the jury.

#### Appeals

Sec. 2.113. (a) Any person, firm, or corporation aggrieved by an assessment may appeal from the final order of the commissioners court approving the report of the jury to any proper court within the

county. The appeal is made by giving notice of appeal in open court and having the notice entered as a part of the judgment of the court and by filing a transcript of the proceeding in the commissioners court with the justice or clerk of the court to which appeal is taken. The transcript must be filed not later than the 10th day after the day the judgment is entered and must be filed with an appeal bond that has at least two good sureties. The appeal bond must be approved by the clerk or justice, be in double the amount of the probable costs to accrue, and be conditioned that the appellant will prosecute his appeal to effect and pay all costs that may be adjudged against him in the court.

(b) Appeals from an assessment of expense shall be heard on the issue of whether the assessments made against the appellant for the construction of the ditch are in proportion to the benefits to be derived from the ditch. Appeals from an assessment of compensation shall be heard on the issue of whether the assessment of compensation made by the jury is adequate to the injury occasioned and to the value of the land.

#### Trial on Appeal

Sec. 2.114. (a) In the trial of all appealed cases the burden of proof is on the appellant. The court or jury trying the cause shall state the correct amount of expense chargeable to appellant or the correct amount of compensation due the appellant as found by them, and that amount shall be entered as the judgment of the court. No further appeal from the judgment is allowed to either party.

(b) If the verdict of the jury finds that the appellant is chargeable with a lesser amount of expense or that the appellant is entitled to a greater amount of compensation as damages than was found by the jury of viewers, the costs shall be adjudged against the county. Otherwise the costs shall be adjudged against the appellant.

(c) Not later than the fifth day after the day of the judgment, the clerk or justice shall issue and return to the commissioners court a certified copy of the judgment. The commissioners court shall file the judgment with the papers pertaining to the ditch, and the judgment shall be entered by the commissioners court as the judgment of that court. After the commissioners court enters the judgment, the appellant shall be held for or claim the amount specified in the judgment.

#### Appropriation for Construction

Sec. 2.115. (a) The commissioners court, following its approval of the jury's report, may order that a portion of the road and bridge fund or the special road and bridge fund, if necessary, be set aside for the construction of the ditch described in the jury's report.

(b) The court shall order whoever is in charge of the road adjoining the proposed ditch to construct the ditch in the manner prescribed, using the earth

taken from the excavation to build a raised road adjoining the ditch. The court may hire a suitable and competent person other than the person normally in charge of the road adjacent to the proposed ditch to oversee the construction of the ditch at a sum to be ordered by the court.

(c) The court by order shall assign to whoever is in charge of constructing the ditch all county employees assigned to the road adjacent to the ditch and all equipment and materials owned by the county. The court shall further order that whoever is in charge of constructing the ditch may employ additional labor or purchase additional equipment or material to construct the ditch. This order shall show the sum due the director of construction for his services. The money required for the additional labor, equipment, or material shall be ordered paid from the funds set aside from the road and bridge fund, as ordered by the court.

#### Assessments

Sec. 2.116. (a) At the same term or at any succeeding term after the entry of the order for the construction of the ditches and roadway, the commissioners court shall make and enter on the minutes of the court a list showing the names of the owners, the amounts due, the tract of land, the original grantees, and the number of acres covered by each assessment of expense, as made and reported by the jury of view and approved by the court. The county clerk shall issue a certificate against each person on the list showing the amount of each assessment, the ditch or road for which the assessment was issued, and the tract of land on which the amount was assessed. The certificate must be signed by the county judge in open court and attested under the hand and seal of the county clerk, which fact shall be noted in the minutes of the court.

(b) All assessments, sums, and charges assessed against any land and its owner by the jury of view or by order of court constitute a lien on the land unless prohibited by the constitution of this state. The county judge shall deliver the certificate to the county treasurer, taking his receipt for delivery, which shall be filed with the papers and archives concerning the ditch. The county treasurer shall collect the sums due on the certificates and deposit the amount collected to the credit of the road and bridge fund. If any person against whom the certificate may be issued fails or refuses to pay the same to the county treasurer on demand, the treasurer shall turn the case over to the county attorney, who shall at once file suit for foreclosure of the lien on the land or for a personal judgment, as permitted by law.

#### SUBCHAPTER C. BRIDGES

##### Powers of the Commissioners Court

Sec. 2.201. The commissioners courts have authority to cause all necessary bridges to be built and

kept in repair in their respective counties and to make necessary appropriations of money of the counties for that purpose.

#### Toll Bridges

Sec. 2.202. (a) If it is inexpedient for the road force to build bridges over large creeks or water-courses, the commissioners court may contract with a proper person to build a toll bridge. The court shall determine the toll to be levied on all persons, cattle, horses, vehicles, and the like passing over the bridge. The tolls may be granted to the contractor for a number of years, not to exceed 10 years, that the court considers proper. The builder and his successors shall keep the bridge in constant repair during the term of the contract. A builder or successor who defaults on this duty forfeits all right and claim to the tolls.

(b) Before granting a license to any person to build a toll bridge, the commissioners court shall take bond in the sum of \$1,000, with good and sufficient sureties, conditioned that the contractor shall build the bridge and keep it in constant repair for the term of years agreed on. If any person sustains damages in consequence of the owner or keeper of any toll bridge not having complied with the conditions of his bond, the person may bring an action of debt on the bond against the owner or keeper of the toll bridge and recover judgment for the damages so sustained. The suit must be brought in the county in which the license was granted.

(c) If county bonds are issued to build bridges, the commissioners court may assess and collect tolls on the bridges sufficient to pay the interest on the bonds and, if thought proper, sufficient to pay the interest and create a sinking fund with which to pay the principal at maturity, all of which shall be done under rules that the court prescribes.

#### Boundary Bridge

Sec. 2.03. If any stream constitutes in whole or in part the boundary line between two or more counties or if two or more counties are jointly interested in the construction of a bridge, whether over a stream or elsewhere, the counties may jointly erect bridges on equitable terms that the commissioners court of each county may agree on.

#### SUBCHAPTER D. TRAFFIC REGULATIONS

##### Authority of Commissioners Court to Adopt Traffic Regulations for County Roads and Land

Sec. 2.301. (a)(1) The commissioners court of any county may regulate and restrict traffic on county roads and on other county-owned land under its jurisdiction.

(2) The commissioners court shall hold a public hearing before issuing any traffic regulation under this Act. The court shall give advance notice of the proposed regulation by publishing notice of the hearing in a newspaper of general circulation in the

county. The notice must be published not later than the seventh day or earlier than the 30th day before the day of the hearing.

(b)(1) The commissioners court may determine and fix the maximum, reasonable, and prudent speed at any road or highway intersection, railroad grade crossing, curve, or hill or on any other part of a county road slower than the maximum fixed by law for public highways. The court shall take into consideration the width and condition of the surface of the road and other circumstances on the affected portion of the road as well as the usual traffic on the road. If the commissioners court of any county determines and fixes the maximum rate of speed at any point on any county road at a slower rate than the maximum fixed by law for public highways and declares the maximum, reasonable, and prudent speed limit by proper order of the court entered on its minutes, the limit becomes effective and operative at that point on the road when appropriate signs giving notice of the speed limit are erected under order of the court for that portion of the road.

(2) The commissioners court may establish load limits for any road or bridge and may authorize the county traffic officer, if one or more officers have been appointed, or any sheriff, deputy sheriff, constable, or deputy constable to weigh vehicles for the purpose of ascertaining whether a vehicle is loaded in excess of the prescribed limit.

(c) The commissioners court may adopt regulations consistent with this section for establishment of a system of traffic control devices within restricted traffic zones established on county roads and on any other property owned by the county and located in its jurisdiction. The system shall conform to the State Department of Highways and Public Transportation manual and specifications. The court may under an order entered on its minutes place, erect, install, and maintain within traffic zones on county roads and on any other property owned by its traffic signal lights, stop signs, and no-parking signs as it considers necessary for public safety.

(d) The commissioners court, with respect to roads and any other property owned by the county and located in its jurisdiction, may place signs prohibiting or restricting the stopping, standing, or parking of vehicles within a restricted traffic zone on any road or on any property owned by the county if in the opinion of the commissioners court the stopping, standing, or parking is dangerous to those using the road or the other property owned by the county or if the stopping, standing, or parking of vehicles will unduly interfere with the free movement of traffic or with the necessary control or use of property owned by the county. The signs shall be erected under an order of the court, and it is unlawful for any person to stop, stand, or park any vehicle in violation of the restrictions stated on the signs.

(e) Any person who shall deface, injure, knock down, or remove any sign or traffic control device erected under an order of the commissioners court as provided by this section commits a misdemeanor.

(f) Any person operating a motor vehicle in violation of any order of the commissioners court entered under this section or otherwise violating this section commits a misdemeanor and shall on conviction be punished by a fine not exceeding \$50 for the first offense, by a fine not exceeding \$200 for the second offense, and by a fine not exceeding \$500 or imprisonment in the county jail not to exceed 60 days, or both for each subsequent offense.

(g) The county commissioner of any precinct, the county road superintendent of any county, or the road supervisor whose road is affected may forbid the use of highways or parts of highways, if from wet weather or recent construction or repairs they cannot be safely used without probable serious damages to the highway or if the bridge or culverts on the highway are unsafe, under the following rules: the officer shall post notices on the highway stating the maximum load permitted and the time the use is prohibited, and the notices shall be posted on the highway in places that will enable the drivers to make detours to avoid the restricted highway or portions of it.

(h) If the owner or operator of any vehicle feels himself aggrieved by an action taken under this subsection, he may complain in writing to the county judge of the county, setting forth the nature of his grievance; if the complaint is filed, the judge shall set the complaint down for a day not later than the third day after the day the complaint is filed and shall give written notice to the county judge of the day and purpose of the hearing; the judge shall hear testimony offered by the parties to the complaint and on conclusion of the hearing shall render judgment sustaining, revoking, or modifying the order or notice, and the judgment is final as to the issues raised.

(i) The owners, operators, drivers, or movers of any vehicle, object, or contrivance over a public highway or bridge are jointly and severally responsible for all damages that the highway or bridge may sustain as the result of negligent driving, operating, or moving of the vehicle or as a result of operating the vehicle at a time forbidden by the road officials; the amount of the damages may be recovered in any action at law by the county judge for the use of the county for the benefit of the damaged road; the county attorney shall represent the county in the suit.

#### Detour Roads

Sec. 2.302. The commissioners court has the responsibility to select and maintain detour roads and to post all necessary signs when county roads not part of the state system of highways are under construction as provided by Chapter 25, Acts of the

41st Legislature, Regular Session, 1929 (Article 6674o, Vernon's Texas Civil Statutes).

#### County Traffic Officers

Sec. 2.303. (a) The commissioners court of each county, acting in conjunction with the sheriff, may employ not more than five regular deputies, nor more than two additional deputies for special emergencies to aid the regular deputies, to be known as county traffic officers. The deputies shall enforce the highway laws of this state regulating the use of the public highways by motor vehicles. The deputies shall be, whenever practicable, motorcycle riders and shall be assigned to work under the direction of the sheriff. They shall give bond and take oath of office as other deputies. They may be dismissed from service on request of the sheriff whenever approved by the commissioners court or by the court on its own initiative, whenever the deputies' services are no longer needed or have not been satisfactory. The commissioners court shall fix the compensation of the deputies prior to their selection and may provide at the expense of the county necessary equipment for the officers. The pay of the deputies may not be included in the settlements of the sheriff in accounting for the fees of office.

(b) For the purpose of this section, the commissioners courts of counties whose funds from the motor registration fees provided in this section amount to \$30,000 or over may use an amount not exceeding five percent of the funds. The commissioners courts of other counties may use an amount not to exceed 7½ percent of the funds from the motor registration fees.

(c) The deputies shall at all times cooperate with the police department of each city or town within the county in the enforcement of the traffic laws in the city or town and in all other parts of the county. The deputies have the same right and duty to arrest violators of all laws as other deputy sheriffs have.

(d) Deputies shall be paid a salary out of the general county fund. The commissioners court is hereby authorized to provide at the expense of the county the necessary uniforms, caps, and badges, the badges to be not less than two inches by three inches in dimension, and other necessary equipment, to include a motorcycle and its maintenance, as is necessary for them to discharge their duties. The salaries paid to the deputies acting as highway officers shall be paid directly to the deputies by the commissioners court. The salaries are independent of any salary or fee paid to the sheriff and all of his deputies not so acting as highway officers, and the sheriff shall not be required to account for the salaries provided for in this section as fees of office or as salary to the sheriff or his other deputies. The deputies provided for in this section shall be appointed by the commissioners court and shall be deputized by either the sheriff or any constable of the county in which they are appointed. The deputies shall at all times when in the performance of

their duties wear a full uniform with a cap and badge, the badge to be displayed on the outside of the uniform in a conspicuous place.

(e) The officers shall remain in and on the highway and shall at all times patrol the highway while in the performance of their duties, only leaving the highway to pursue an offender whom the officers were unable to apprehend on the highway itself. No arrest by an officer is binding or valid on the person apprehended if the officer making the arrest was in hiding or if he set a trap to apprehend persons traveling on the highway.

(f) No fees or charges may be made for the service of the officers nor may any fee for the arrests made by the officers be charged and taxed as costs or paid to the officers in any case in which the officers make an arrest.

(g) The officers shall perform all their duties and make arrests for violation of any law of this state pertaining to the control and regulation of vehicles operating in and on any highway, street, or alley of this state. The district engineer in whose district the officers operate shall advise the officers as to the enforcement of the various state laws pertaining to control and regulation of traffic on the highways. In case the officers do not perform their duties in enforcing the laws, the district engineer may complain to the commissioners court. On the filing of the complaint in writing, duly signed by the district engineer, the commissioners court shall summon before them for a hearing the officer or officers complained of. If the hearing develops that the officer or officers are not performing their duties as required of them, the officer or officers shall immediately be discharged from all of their duties and powers and other officers shall promptly be appointed.

#### SUBCHAPTER E. ROAD REGULATIONS IN SUBDIVISIONS

##### Real Estate Subdivisions in Counties of 190,000 or More Population

Sec. 2.401. (a) In all counties having a population of not less than 190,000, according to the last preceding or any future federal census, the commissioners courts of such counties shall have the authority to require the owner or owners of any tract of land situated outside of the boundaries of any incorporated town or city in such counties, who may hereafter divide the same in two or more parts for the purpose of laying out any subdivision of any such tract of land, or for laying out suburban lots or building lots, and streets, alleys, or parks or other portions intended for public use, or the use of purchasers or owners of lots of any such tract of land, to provide for a right-of-way of not less than 60 feet for any road or street within such subdivision.

(b) The commissioners courts of any such counties shall have the authority to promulgate reasonable specifications to be followed in the construction

of any such roads or streets within such subdivisions, which specifications may include provisions for the construction of adequate drainage for such roads or streets.

(c) The commissioners courts of any such counties shall have the authority to require the owner or owners of any such tract of land which may be so subdivided to give a good and sufficient bond for the proper construction and maintenance of such roads and streets, executed by some surety company authorized to do business in this state. Such bond shall be made payable to the county judge or his successors in office, of the county wherein such subdivision lies, and conditioned that the owner or owners of any such tract of land to be subdivided will construct any roads or streets within such subdivision in accordance with the specifications promulgated by the commissioners court of such county and will maintain such roads or streets for a period of one year from the date of the approval by such commissioners court of any map or plat of any such subdivision. The bond shall be in such amount as may be determined by the commissioners court but shall not exceed a sum equal to \$3 for each lineal foot of road or street within such subdivision.

(d) The commissioners courts of any such counties shall have the authority to refuse to approve and authorize any map or plat of any such subdivision unless such map or plat provides for not less than the minimum right-of-way for roads or streets as required in Subsection (a) of this section, and there is submitted with such map or plat a bond as required by Subsection (c) of this section.

**Real Estate Subdivisions in Counties of Less Than 190,000 Population**

Sec. 2.402. (a) In all counties having a population of less than 190,000 according to the last preceding federal census, every owner of any tract of land situated without the corporate limits of any city in the State of Texas, who may hereafter divide the same in two or more parts for the purpose of laying out any subdivision of any such tract of land, or an addition without the corporate limits of any town or city, or for laying out suburban lots or building lots, and for the purpose of laying out streets, alleys, or parks, or other portions intended for public use, or the use of purchasers or owners of lots fronting thereon or adjacent thereto, shall cause a plat to be made thereof, which shall accurately describe all of said subdivision or addition by metes and bounds and locate the same with respect to an original corner of the original survey of which it is a part, giving the dimensions of said subdivision or addition and the dimensions of all lots, streets, alleys, parks, or other portions of same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto; provided, however, that no plat of any subdivision of any tract of land or any addition shall be recorded unless the same shall accurately describe all of said subdivision or addition by metes

and bounds and locate the same with respect to an original corner of the original survey of which it is a part giving the dimensions thereof of said subdivision or addition and dimensions of all streets, alleys, squares, parks, or other portions of same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto.

(b) Every such plat shall be duly acknowledged by owners or proprietors of the land, or by some duly authorized agent of said owners or proprietors, in the manner required for acknowledgement of deeds. Subject to the provisions contained in this Act, such plat shall be filed for record and be recorded in the office of the county clerk of the county in which the land lies.

(c) The commissioners courts of any such counties may, by an order duly adopted and entered upon the minutes of the court, after a notice published in a newspaper of general circulation in the county, be specifically authorized to make the following requirements:

(1) to provide for right of way on main artery streets or roads within such subdivision of a width of not less than 50 feet nor more than 100 feet;

(2) to provide for right of way on all other streets or roads in such subdivision of not less than 40 feet nor more than 50 feet;

(3) to provide that the street cut on main arteries within the right of way be not less than 30 feet nor more than 45 feet;

(4) to provide for the street cut on all other streets or roads within such subdivision within the right of way to be not less than 25 feet nor more than 35 feet;

(5) to promulgate reasonable specifications to be followed in the construction of any such roads or streets within such subdivision, considering the amount and kind of travel over said streets;

(6) to promulgate reasonable specifications to provide adequate drainage in accordance with standard engineering practices for all roads or streets in said subdivision or addition;

(7) to require the owner or owners of any such tract of land which may be so subdivided to give a good and sufficient bond for the proper construction of such roads or streets affected, with such sureties as may be approved by the court. In the event a surety bond by a corporate surety is required, such bond shall be executed by a surety company authorized to do business in the State of Texas. Such bond shall be made payable to the county judge or his successors in office, of the county wherein such subdivision lies, and conditioned that the owner or owners of any such tract of land to be subdivided will construct any roads or streets within such subdivision in accordance with the specifications promulgated by the commissioners court of such county. The bond shall be in such an amount as

may be determined by the commissioners court not to exceed the estimated cost of constructing such roads or streets.

(d) The commissioners court of any such county shall have the authority to refuse to approve and authorize any map or plat of any such subdivision, unless such map or plat meets the requirements as set forth in this Act, and there is submitted at the time of approval of such map or plat such bond as may be required by this Act.

### CHAPTER 3. OPTIONAL METHODS OF ORGANIZING THE COMMISSIONERS COURT FOR ROAD CONSTRUCTION AND MAINTENANCE RESPONSIBILITIES

#### SUBCHAPTER A. COMMISSIONERS AS EX OFFICIO ROAD COMMISSIONERS

##### Ex Officio Commissioners

Sec. 3.001. (a) In all counties the members of the commissioners court are ex officio road commissioners of their respective precincts and under the direction of the commissioners court have charge of the teams, tools, and machinery belonging to the county and placed in their hands by the court. They shall superintend the laying out of new roads, the making or changing of roads, and the building of bridges under rules adopted by the court.

(b) Each commissioner shall first execute a bond of \$3,000 payable to and to be approved by the county judge for the use and benefit of the road and bridge fund, conditioned that he will perform all the duties required of him by law or by the commissioners court and that he will account for all money or other property belonging to the county that may come into his possession.

(c) Subchapters B and C of this chapter do not apply in a county in which the commissioners court acting under Section 3.004 of this Act has adopted this subchapter.

##### Powers of the Commissioners Court

Sec. 3.002. (a) The commissioners court shall adopt a system for working, laying out, draining, and repairing the public roads as it considers best, and from time to time the court may change its plan or system of working. The court may purchase teams, tools, and machinery necessary for the working of public roads and may construct, grade, or otherwise improve any road or bridge by contract in the manner provided by Subchapter B of this chapter.

(b) The commissioners court may provide the necessary houses, prisons, clothing, bedding, food, medicine, medical attention, superintendents, and guards for the safe and humane keeping of county convicts working on public roads. The court may provide reasonable regulations and punishment as may be necessary to require the convicts to perform good work and may provide a reward not to exceed \$10 to be paid out of the road and bridge fund for

the recapture and delivery of any escaped convict to be paid to any person other than the guard or person in charge of the convict at the time of his escape.

##### Powers of Ex Officio Road Commissioners

Sec. 3.003. (a) Subject to authorization by the commissioners court, each ex officio road commissioner may employ persons for positions in the commissioner's precinct paid from the county road and bridge funds. Each ex officio road commissioner may discharge any county employee working in the commissioner's precinct if the employee is paid from county road and bridge funds. Each ex officio road commissioner also has the duties of a supervisor of public roads as provided by Section 2.009 of this Act.

(b) Each county commissioner, when acting as a road commissioner, shall inform himself of the condition of the public roads in his precinct, shall determine what character of work is to be done on the roads, and shall direct the manner of grading, draining, or otherwise improving the roads, which directions shall be followed and obeyed by all road overseers of his precinct.

##### Law Cumulative

Sec. 3.004. (a) This subchapter is cumulative of all general laws on the subject of roads, but in case of conflict with those laws, this subchapter controls.

(b) This subchapter applies to a county only if the commissioners court in its judgment considers it advisable and accepts this subchapter by an order of the court made at some regular term of the court when all the members are present. The order shall be entered in the minutes of the court and is not void for want of form. Substantial compliance with this subsection is sufficient.

#### SUBCHAPTER B. COURT/ROAD COMMISSIONER OR ROAD SUPERINTENDENT SYSTEM

##### Road Commissioners

Sec. 3.101. (a) Each commissioners court may employ not more than four road commissioners, who must be resident citizens of the district for which they are employed. If more than one is employed, the district that each road commissioner is to control shall be defined and fixed by the court. Before assuming duties, each road commissioner must execute a bond, payable to the county judge of the county and his successors in office, in the sum of \$1,000, with one or more good and sufficient sureties, to be approved by the county judge and conditioned on the faithful performance of his duties.

(b)(1) A road commissioner has control over all overseers, hands, tools, machinery, and teams to be used on the roads in his district and may require overseers to order out hands in any number he may designate for the purpose of opening, working, or

repairing roads or building or repairing bridges or culverts in his district. He shall see that all roads and bridges in his district are kept in good repair. Under the direction and control of the commissioners court, he shall inaugurate a system of grading and draining public roads in his district and see that the system is carried out by the overseers and hands under his control. He shall obey all orders of the commissioners court. He shall be responsible for the safekeeping and liable for the loss or destruction of all machinery, tools, or teams placed under his control, unless the loss is without his fault, and when he is discharged he shall deliver them to the person designated by the court.

(2) He shall expend the money placed in his hands by the commissioners court under its direction in the most economical and advantageous manner on the public roads, bridges, and culverts of his district. His acts shall be subject to the control, supervision, orders, and approval of the commissioners court. He shall work the convicts and other labor as may be furnished him by the commissioners court. When he has funds in his hands to expend for labor on the roads and when it is necessary for any overseer in his district to work more than five days during any one year on the public roads, he may employ the overseer to continue his duties for the length of time as may be necessary and pay the overseer for the services provided after the five days. However, the convicts may not be required to work when there is on hand, after building and repairing bridges, a sufficient road fund to provide for the necessary work on the roads.

(3) The road commissioner shall report to the commissioners court at each regular term under oath showing an itemized account of all money he has received to be expended on roads and bridges and what disposition he has made of the money, showing the condition of all roads, bridges, and culverts in his district, and stating other facts on which the court may desire information. He shall make other reports at such time as the court may desire.

(c) The commissioners court shall see that the road and bridge fund is judiciously and equitably expended on the roads and bridges of its county. As nearly as the condition and necessity of the roads will permit, the fund shall be expended in each county commissioner's precinct in proportion to the amount collected in the precinct. Money used in building permanent roads shall first be used only on first-class or second-class roads and on those roads that have the right-of-way furnished free of cost to make as straight a road as is practicable and that have the greatest bonus offered by the citizens of money, labor, or other property.

#### Road Superintendents

Sec. 3.102. (a) The commissioners court of any county subject to this subchapter may appoint a competent person as road superintendent for the county or one superintendent in each commissioners

precinct as it determines by an order made at a regular term of the court. The order must be entered in the minutes of the court and is not void for want of form, but substantial compliance with this subsection is sufficient. A road superintendent must be a qualified voter in the county or precinct for which he is appointed and holds office for two years or until removed by the commissioners court for good cause. No county is under the operation of this subchapter whose commissioners court does not appoint a road superintendent or superintendents.

(b)(1) Subject to the orders of the court, each superintendent has general supervision over all public roads of his county or precinct and shall superintend the laying out of new roads, the making, changing, working, and repairing of roads, and the building of bridges, except where otherwise contracted, and over all county convicts worked on the roads. This subsection does not prevent the commissioners court from employing a person to watch and manage the convicts and direct the work to be done by them. The road superintendent shall take charge of and be responsible for the safekeeping of all tools, machinery, implements, and teams placed under his control by the commissioners court and execute his receipt for the items, which shall be filed with the county clerk. He shall be liable for the loss, injury, or destruction of any of the tools, teams, implements, or machinery unless the loss occurred without his fault and for the wrongful or improper expenditure of any road funds coming into his hands. On leaving office, he shall deliver all the money and property to any person as the commissioners court may direct.

(2) Each superintendent shall see that all roads and bridges in his county or precinct are kept in good repair. Under the direction of the commissioners court, he shall inaugurate and carry out a system of working, grading, and draining the public roads in his county or precinct. He shall act as supervisor of the roads in his county or precinct and perform all the duties of supervisor devolving on the county commissioners in counties not adopting this subchapter. He shall do and perform other service as the court requires.

(3) Each superintendent shall make a sworn report to the court at each regular term of the court showing an itemized account of all money belonging to the road fund he has received, from whom received, what disposition he has made of the money, the condition of all roads and bridges in the county or precinct, and other matters on which the court may desire information. He shall make other reports as required by the court. Not later than the 10th day after the day of collection of any money on account of the road or bridge fund, he shall deliver the money to the county treasurer, taking his receipt for the money, and shall keep an accurate account of the money.

(4) Each road superintendent shall employ a sufficient force to enable him to do the necessary work in his county or precinct, as the case may be, having due regard for the condition of the county road and bridge fund and the quality and durability of the work to be done. He shall buy or hire tools, teams, implements, and machinery as directed by the commissioners court, and he shall work the roads in the manner directed by the commissioners court. The work at all times is subject to the general supervision of the commissioners court. He shall make the best contract possible for labor or machinery and in payment for the labor or machinery he shall issue to the entitled person his certificate showing the amount due and the purpose for which it was given. On approval by the commissioners court, a warrant shall be issued to the person, to be paid by the county treasurer out of the proper fund as other warrants. The certificates shall be dated, numbered, and signed by the road superintendent, and he and the sureties on his official bond shall be liable for all loss or damages caused by the wrongful issue of a certificate or any extravagance in the amount of a certificate.

(5) If the court so directs, each superintendent shall divide his county or precinct into road districts of convenient size to be approved by the court and shall define the boundaries of the districts and shall designate the districts by number. The boundaries shall be recorded in the minutes of the commissioners court. He shall ascertain the names of all persons subject to road duty in each district and keep a record of the persons and report the record to the commissioners court.

(c) Each road superintendent shall, not later than the 20th day after the day of his appointment, take and subscribe the oath required by the constitution and give bond payable to and to be approved by the county judge. The bond must be in the sum fixed by the commissioners court and must be conditioned that the road superintendent will faithfully perform all the duties required of him by law or the commissioners court and that he will pay out and disburse the funds subject to his control as the law provides or the court directs.

(d) Each road superintendent's salary shall be paid on the order of the court at stated intervals. The court may suspend the salary of any superintendent whose continued services are not needed.

(e)(1) The commissioners court is authorized to purchase or hire all necessary road machinery, tools, implements, teams, and labor required to grade, drain, or repair the roads of the county. The court may make all reasonable and necessary orders and regulations not in conflict with law for laying out, working, and otherwise improving the public roads, utilize the labor and money expended on the roads, and enforce the orders and regulations.

(2) The commissioners court may, when considered best, construct, grade, gravel, or otherwise improve any road or bridge by contract, advertise

for bids, and reject any bid. The contract shall be awarded to the lowest responsible bidder, who shall enter into bond with good and sufficient sureties payable to and to be approved by the county judge, in a sum determined by the court, conditioned on the faithful compliance with the contract. At the time of making the contract the court shall direct the county treasurer to pass the amount of money stipulated in the contract to a particular fund and to keep a separate account of the money. The money may be used for no other purpose and can only be paid out on the order of the court.

#### Donations

Sec. 3.103. The commissioners court or road commissioners may accept donations of money, land, labor, equipment, or any other kind of property or material to aid in building or maintaining roads in the county.

#### Injuring Property

Sec. 3.104. Any person who knowingly or wilfully destroys, injures, or misplaces any bridge, culvert, drain, sewer, ditch, signboard, or milepost or anything of like character placed on any road for the benefit of the road is liable to the county and any person injured for all damages caused by that action.

#### Person Authorized to Drain Land Along Public Road

Sec. 3.105. (a) The commissioners court, a road commissioner, or a road superintendent may authorize a person to make a drain along a public road for the purpose of draining the person's land. The road superintendent must have the concurrence of the commissioners court to grant the authorization.

(b) The person shall make the drain under the direction of the commissioners court, road commissioner, road superintendent, or another person designated by the commissioners court.

#### Law Cumulative

Sec. 3.106. This subchapter is cumulative of all other general laws on the subject of roads and bridges but in case of conflict with those laws, this subchapter controls.

#### Counties Exempt From Application of This Law

Sec. 3.107. The counties of Angelina, Aransas, Blanco, Bowie, Calhoun, Camp, Cass, Cherokee, Comal, Dallas, Delta, DeWitt, Fayette, Franklin, Galveston, Gillespie, Grayson, Gregg, Harris, Harrison, Henderson, Hill, Hopkins, Houston, Jack, Jackson, Jasper, Lamar, Lavaca, Limestone, McLennan, Milam, Montgomery, Morris, Nacogdoches, Newton, Panola, Parker, Rains, Red River, Refugio, Sabine, San Augustine, Shelby, Smith, Tarrant, Titus, Travis, Trinity, Tyler, Upshur, Van Zandt, Victoria, Washington, and Wood are exempt from this subchapter. However, the commissioners courts of Dallas and Collin counties may accept and adopt this subchapter instead of the special acts for Dallas

or Collin county, if in its judgment, the provisions of this subchapter are better suited to Dallas or Collin county than the special laws.

### SUBCHAPTER C. COURT/ENGINEER SYSTEM

#### Adoption of Optional County Road System

Sec. 3.201. (a) By a majority vote of its qualified voters, any county at an election held for that purpose may adopt this subchapter for the construction and maintenance of county roads and bridges and for the expenditure of the county road and bridge fund.

(b) The commissioners court shall submit the question to the qualified voters of the county at a general or special election if it receives a petition of the qualified voters of the county in a number equal to 10 percent of the number voting for governor at the last preceding general election in the county. The court shall order the election to be held on the next uniform election date authorized by Section 9b, Texas Election Code, as amended (Article 2.01b, Vernon's Texas Election Code), that occurs after the 30th day after the day the petition is filed with the commissioners court. The ballot for the election shall be printed to permit voting for or against the proposition: "Adopting the Optional County Road System in \_\_\_\_\_ County."

(c) If the majority of the votes cast at the election favor adoption, this subchapter becomes effective in the county with the official proclamation of the results of the election. In like manner, a county that votes to come under this subchapter may vote to abandon this subchapter. No election on the questions of adopting or abandoning this subchapter may be held more often than every two years.

#### Organization of System

Sec. 3.202. The construction and maintenance of county roads is vested in the county road department, which shall include the commissioners court as the policy-determining body, the county road engineer as the chief executive officer, other administrative personnel, and road employees.

#### System Based on Whole County

Sec. 3.203. The construction and maintenance of county roads, the ownership and use of all county road department equipment, materials, and supplies, and the administration of the county road department shall be on the basis of the county as a whole without regard to commissioners precincts.

#### Appointment of County Road Engineer

Sec. 3.204. The county road engineer shall be appointed by the commissioners court. He must be a licensed professional engineer experienced in road construction and maintenance and must meet the qualifications required by the State Department of Highways and Public Transportation for its county engineers. If the commissioners court is not able to

employ a licensed professional engineer for any reason, the commissioners court may employ a qualified road administrative officer, who is to be known as the county road administrator, to perform the duties of the county road engineer. The county road administrator must have had experience in road building or maintenance or other types of construction work qualifying him to perform the duties imposed on him, but it is not necessary that he have had any fixed amount of professional training or experience in engineering work. The county road administrator shall perform the same duties as are imposed upon the county road engineer, and all references in other sections of this subchapter to the county road engineer include and apply to the county road administrator.

#### Compensation

Sec. 3.205. The county road engineer shall receive an annual salary to be paid in 12 equal monthly installments out of the road and bridge fund of the county.

#### Term and Removal

Sec. 3.206. The county road engineer holds his position for an indefinite term and may be removed by a majority vote of the commissioners court. Removal does not become effective until the 30th day after the day he receives notice in writing of the intention of the commissioners court to remove him. The court shall hold a public hearing on the question of his removal before the removal becomes effective if the hearing is requested in writing by the county road engineer.

#### Inability to Perform Duties

Sec. 3.207. In the absence or inability of the county road engineer to perform his duties, the commissioners court may designate a qualified administrative officer to perform the duties of county road engineer during the absence or inability.

#### Duties

Sec. 3.208. (a) The county road engineer is responsible to the commissioners court for the efficient and economical construction and maintenance of the county roads. He may appoint for an indefinite term and remove all county road department personnel, subject to the approval of the commissioners court. He may authorize certain administrative personnel to employ and remove subordinates or employees under their respective direction. Except for the purpose of inquiry, the commissioners court shall deal with the county road department's administrative personnel and employees through the county road engineer.

(b) The county road engineer shall attend all meetings of the commissioners court when it sits to consider county road matters. The county road engineer has the right to participate in the discussion and to make recommendations. He shall see that the policies of the commissioners court relating

to county roads are faithfully executed, supervise the administration of the county road department, and prepare detailed annual budget estimates for the construction and maintenance of the county roads and the operation of the county road department. The county road engineer shall prepare estimates and specifications for all equipment, materials, supplies, and labor necessary for the construction and maintenance of the county roads and the operation of the county road department, serve as custodian for all equipment, materials, and supplies belonging to the county road department, prepare plans and specifications for all county road construction and maintenance, maintain cost-accounting records on county road department expenditures, keep a perpetual inventory of all county road department equipment, material, and supplies, and perform other duties that are required by the commissioners court and are consistent with this subchapter.

#### Inspections

Sec. 3.209. On projects of county road construction and maintenance let to private contractors, the county road engineer is the representative of the county in inspecting the progress of the work. Before a claim for county road construction or maintenance done by private contractors may be ordered paid by the commissioners court, the county road engineer must certify in writing the correctness of the claim and must certify that the work done conforms to the plans and specifications called for in the contract.

#### Funding

Sec. 3.210. All expenditures for the construction and maintenance of the county roads and the operation of the county road department shall be paid out of the road and bridge funds strictly in accordance with annual budgeted appropriations. However, on application of the county road engineer, the commissioners court may transfer any part of any unencumbered appropriation balance for some item within the road and bridge fund budget to some other item.

#### Competitive Bidding

Sec. 3.211. All equipment, materials, and supplies for the construction and maintenance of county roads and for the county road department shall be purchased by the commissioners court on competitive bids in conformity with estimates and specifications prepared by the county road engineer. However, on recommendation of the county road engineer and when in the judgment of the commissioners court it is considered in the best interest of the county, purchases in an amount not to exceed \$1,000 may be made through negotiation by the commissioners court or the commissioners court's authorized representative on requisition to be approved by the commissioners court or the county auditor without advertising for competitive bids.

Before any claim covering the purchase of the equipment, materials, and supplies and for any services contracted for by the commissioners court may be ordered paid by the commissioners court, the county road engineer must certify in writing the correctness of the claim and must certify that the respective equipment, materials, and supplies covered by the claim conform to specifications approved by him, that the equipment, materials, and supplies were delivered in good condition, and that any road department services contracted for by the commissioners court have been satisfactorily performed. This section does not permit the division or reduction of purchases for the purpose of avoiding the requirement of taking formal bids on purchases that would otherwise exceed \$1,000.

#### Bonding

Sec. 3.212. The county road engineer and other administrative personnel of the county road department as required by the commissioners court shall give bond in an amount and with surety approved by the commissioners court. The premiums on the bonds shall be paid by the county.

#### Oath

Sec. 3.213. The county road engineer must take the official oath of office.

### CHAPTER 4. FINANCE

#### SUBCHAPTER A. FUNDS

##### County and Road District Highway Fund

Sec. 4.001. (a) The State Treasurer shall distribute to the counties on or before October 15 of each year the money appropriated from the county and road district highway fund for that fiscal year.

(b) The allocation of the money among the counties is determined as follows:

(1) one-fifth of the money appropriated is allocated on the basis of area, determined by the ratio of the area of the county to the area of the state:

(2) two-fifths of the money appropriated is allocated on the basis of rural population according to the most recent federal census, determined by the ratio of the rural population of the county to the rural population of the state; and

(3) two-fifths of the money appropriated is allocated on the basis of lateral road mileage, determined by the ratio of the mileage of lateral roads in the county on the mileage of lateral roads in the state as of January 1 of the year of the allocation as shown by the records of the State-Federal Highway Planning Survey and the State Department of Highways and Public Transportation.

(c) On its own motion or at the request of a county, the State Highway and Public Transportation Commission may have a survey made of the county's lateral road mileage. If a survey is made its results shall be substituted for the correspond-

ing government figures. The governmental entity requesting the study shall pay for it.

(d) A county may use the money it receives from the county and road district highway fund only for the following purposes:

(1) purchasing right-of-way for lateral roads, farm-to-market roads, or state highways;

(2) constructing and maintaining lateral roads, including the hiring of labor and purchasing of materials, supplies, and equipment; and

(3) paying the principal, interest, and sinking fund requirements maturing during the fiscal year on bonds, warrants, or other legal obligations incurred to finance the activities described in Subdivisions (1) and (2) of this subsection.

(e) On or before October 1 of each year the county judge of each county shall file with the State Treasurer a sworn report including:

(1) an account of how the money allocated to the county under this section during the preceding year was spent;

(2) a description, including the location, of any new roads constructed in whole or in part with these funds; and

(3) other information pertinent to the administration of this section that the State Treasurer requests.

(f) A county officer or employee shall provide to the State Treasurer on request any information necessary to determine the legality of the use of funds allocated under this section.

(g) A county may require that bids for construction funded in whole or in part by money received under this section be submitted to the State Highway and Public Transportation Commission in the manner provided for bids for construction of state highways.

(h) On request by a county the State Highway and Public Transportation Commission shall provide technical and engineering assistance in making surveys, preparing plans and specifications, preparing project proposals, and supervising construction. The cost of this assistance shall be paid by the county.

#### Farm-to-Market Road Fund

Sec. 4.002. (a) The farm-to-market road fund is established for financing the construction of farm-to-market roads by the State Department of Highways and Public Transportation.

(b) The State Department of Highways and Public Transportation shall use the money transferred to the farm-to-market road fund under Article 4364a, Revised Statutes, as amended, and other funds made available to the department for such purposes so that not less than \$23 million each year is used for the construction of additional miles of newly designed farm-to-market roads, meaning

roads in rural areas, including feeder roads, secondary roads, school bus routes, rural mail routes, milk routes, and others, which roads and routes are not a part of the designated state highway system or the designated primary federal aid highway system.

(c) The farm-to-market road fund shall be used for a system of roads selected by the State Department of Highways and Public Transportation after consultation with the commissioners courts of the counties of the state relative to the most needed unimproved rural roads in the counties. The selections shall be made in a manner to ensure equitable and judicious distribution of funds and work among the several counties of the state.

(d) The general characteristics of the roads to be selected are as follows:

(1) the roads shall not be potential additions to the federal aid primary highway system;

(2) the roads shall serve rural areas primarily and shall connect farms, ranches, rural homes, and sources of natural resources such as oil, mines, timber, and water loading points, schools, churches, and points of public congregation, including community developments and villages;

(3) the roads shall be capable of assisting in the creation of economic values in the areas served;

(4) the roads shall preferably serve as public school bus routes or rural free delivery postal routes or both; and

(5) the roads shall be capable of early integration with the previously improved Texas road system, and at least one end should connect with a road already or soon to be improved on the state system of roads.

#### County Road and Bridge Fund

Sec. 4.003. (a) Article VIII, Section 9, of the Texas Constitution, as amended, gives counties the authority to establish a county road and bridge fund and to use a portion of its general revenue as a source of money for the fund, subject to the limitation on tax rates described in that article. That article, with limitations, permits counties to levy an additional tax for the road and bridge fund if that tax is approved by the voters in a manner described by Section 4.102 of this Act.

(b) Money in the road and bridge fund may be spent only by order of the commissioners court, except when otherwise provided and only for working public roads or building bridges. The court may make the necessary orders for utilizing the money and for using convict labor for these purposes.

(c) The county's share of funds collected from the registration of motor vehicles that is deposited in the county road and bridge fund shall be determined according to Chapter 88, General Laws, Act of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-10, Vernon's Texas Civil Statutes), or a future law.

## SUBCHAPTER B. TAXES

## Authority to Levy Tax

Sec. 4.101. The commissioners court of each county may levy a tax, part of the revenue from which may be used to establish the road and bridge fund, as long as the limitations in Article VIII, Section 9, of the Texas Constitution, as amended, are observed.

## Special Road Tax

Sec. 4.102. (a) On presentation to the commissioners court at any regular session of a petition signed by 200 qualified voters of the county or a petition of 50 persons so qualified in any political subdivision or defined district of the county requesting the election, the court shall order an election to determine whether the county shall levy a road tax not to exceed 15 cents on the \$100 value of property under the provisions of the amendment of 1889 to the constitution of the State of Texas, adopted in 1890. The court may act on the petition without notice and may make an order for the election, fixing the amount to be levied, not to exceed 15 cents on the \$100. The court shall order the election to be held on the next uniform election date authorized by Section 9b, Texas Election Code, as amended (Article 2.01b, Vernon's Texas Election Code), that occurs after the 20th day after the day the order is made. On a petition signed by a majority of the qualified voters of any portion of any county or of any political subdivision of any county to the court requesting that the portion of the county or political subdivision be created as a defined district, the court shall declare the territory a defined district and record the order for the district in the minutes of the court. The petition must define by metes and bounds the territory desired to be incorporated in the defined district.

(b) No formal notice need be given of the election, but the county judge shall issue an election proclamation. Notice of the election shall be published in the newspapers of the county or political subdivision or defined district as fully as practicable. Ballots for the election shall be printed by the county and sent to each voting precinct by the county judge before the election opens and as long before that time as practicable. The ballots shall be printed to provide for voting for or against the proposition: "Adopting a road tax." The expenses of the election shall be paid for by the county. The special election shall be conducted as other elections to the extent practicable. The officers to conduct the same shall be appointed as in other cases. Only qualified voters in the county or political subdivision or defined district shall be permitted to vote at the election.

(c) If at the election a majority of the qualified voters voting on the question vote for the tax, it is not necessary to make further proclamation of that fact than to count the votes, as in other cases, and officially announce the result, and the commission-

ers court shall then levy a road tax, in the same manner that other taxes are levied, in the amount specified in the order for the election. The levy shall be made at the same time other county taxes are levied, if the election is held in time for that action. Otherwise, it may be made at any time before the rolls are made out. If at the election, the proposition for the tax shall carry, no petition for its repeal shall be granted in less than two years. But if it fails to carry, another petition may be granted in one year, but not sooner, and the order granting the second or any subsequent petition may fix a greater or lesser rate of levy, but not to exceed 15 cents on the \$100 worth of property. If no greater rate is levied for any one year the commissioners court may lower the rate for the next year without a petition for that action. An election to repeal the levy may be ordered and held as in other cases, but there must be satisfactory proof presented to the commissioners court that there is great dissatisfaction with the tax and that it is probable that a majority of the citizens of the county or political subdivision or defined district who are authorized to vote for the tax would vote for the repeal of the law. Unless the proof is made, the petition to repeal shall be denied.

(d) No bonds may be issued under this subchapter.

## Additional County Tax Levy for Flood Control and Roads; Discontinuance of State Levy

Sec. 4.103. (a) No state ad valorem tax may be levied on any property within this state for general revenue purposes, except as provided in this section.

(b) The several counties of the state may levy, assess, and collect ad valorem taxes on all property within their respective boundaries for county purposes, except the first \$3,000 value of residential homesteads, not to exceed 30 cents on each \$100 valuation, in addition to all other ad valorem taxes authorized by the constitution of the state. The revenue from these taxes shall be used as provided in this section for the construction and maintenance of farm-to-market and lateral roads or for flood control and for these two purposes only.

(c) Taxes levied and collected under this section shall be credited by the commissioners court to separate funds known as the farm-to-market and lateral road fund to be used solely for farm-to-market and lateral roads within the county and to the flood control fund to be used solely for flood control purposes within the county. The credits shall be made proportionately in accordance with the allocation adopted at the election called under the provisions of Subsections (h) and (i) of this section.

(d) The funds placed in the farm-to-market and lateral road fund shall be under the jurisdiction and control of the commissioners court of the county, and all or part of the fund may be used in cooperation with the State Department of Highways and Public Transportation in acquiring rights-of-way

and in constructing and maintaining farm-to-market and lateral roads.

(e) The funds transferred to the flood control fund are under the jurisdiction and control of the commissioners court of the county and shall be used solely for flood control purposes. All or part of the funds may be used in connection with the plans and programs of the federal Soil Conservation Service and the state soil conservation districts and the state extension service, conservation and reclamation districts, drainage districts, water control and improvement districts, navigation districts, flood control districts, levee improvement districts, and municipal corporations. The funds may be expended by the commissioners court in accordance with this section for flood control purposes, including all soil conservation practices such as contouring, terracing, and tank building, and all other practices actually controlling and conserving moisture and water, within the county and political subdivisions of the county for flood control and soil conservation programs. The plans for improvement must be approved by the county and political subdivision.

(f) To this end, the commissioners court may in its discretion engage the services of a federal or state soil conservation engineer or of extension service personnel in devising and planning a soil, water, erosion, and drainage program coming within the purview of this section and consistent with the expenditure of the funds for flood control purposes only and may acquire whatever machinery, equipment, and material is useful and necessary in carrying out the flood control program. The machinery and equipment shall be made available to farm and ranch owners for purposes consistent with the provisions of this section on an out-of-pocket expense basis, not including depreciation.

(g) Both the farm-to-market and lateral road fund and the flood control fund shall be expended so as to equitably distribute as nearly as possible the benefits derived from the expenditures to the various commissioners' precincts in accordance with the taxable values in the precincts.

(h) Before any county may levy, assess, and collect the tax provided for in this section, the commissioners court shall submit the question to a vote of the qualified voters of the county at an election called for that purpose, either on the commissioners court's own motion or on petition of 10 percent of the qualified voters of the county as shown by the returns of the last general election. The election shall be ordered at a regular session of the commissioners court and the order shall specify the rate of tax to be voted on, not to exceed 30 cents on each \$100 valuation of taxable property within the county, shall state the date when the election shall be held, and shall appoint officers to hold the election in accordance with the election laws of this state. The proposition submitted to the qualified voters at the election may provide that the tax at a rate not to exceed 30 cents on each \$100 valuation may be used

for the construction and maintenance of farm-to-market and lateral roads or for flood control purposes, either or both, as the commissioners court may determine (in which event the ballots shall be printed to permit voting for or against the proposition: "Adopting a tax not exceeding \_\_\_ cents on each \$100 valuation," specifying the tax to be voted on), or the proposition may provide for a specific maximum tax for farm-to-market and lateral roads purposes and a specific maximum tax for flood control purposes, the total of the two specific maximum taxes not to exceed 30 cents on the \$100 valuation (in which event the ballots shall be printed with the proposition: "Adopting a farm-to-market and lateral roads tax not exceeding \_\_\_ cents and a flood control tax not exceeding \_\_\_ cents, on the \$100 valuation"). Elections may subsequently be called and held in the same manner for the purpose of changing the amount of the maximum tax within the limit of 30 cents on the \$100 valuation or for changing the amounts of the maximum specific tax voted for each purpose.

(i) The county judge shall cause notice of the election to be posted at a public place in each voting precinct in the county not later than the 14th day before the day of the election and to be published on the same day in each of two successive weeks in a newspaper of general circulation published within the county, the date of the first publication to be not later than the 14th day before the day of the election, which notice shall be a substantial copy of the election order. Only those shall be entitled to vote at the election who are qualified voters in the county.

(j) If a majority of the qualified voters voting at the election vote in favor of the tax, the tax shall be annually levied, assessed, and collected as other county ad valorem taxes are levied, assessed, and collected.

(k) After an election has been held under Subsections (h) and (i) of this section, at which election a majority of the qualified voters voting at the election voted in favor of the tax, the commissioners court may issue either negotiable county bonds or county time warrants for the purpose of the construction or improvement of farm-to-market and lateral roads or for the purpose of constructing permanent improvements for flood control purposes. However, the bonds or warrants must have been authorized by a majority of the qualified voters voting at an election called by the commissioners court. The bonds and warrants shall be issued and the taxes levied and collected in accordance with Chapter 1, Title 22, Revised Statutes, and each proposition shall be separately submitted to the voters at the election.

#### SUBCHAPTER C. FEES AND FINES

##### Disposition of Fines

Sec. 4.201. Fines collected for violations of any highway law that was previously set forth in Chap-

ter 1, Title 13, Vernon's Texas Penal Code, 1925, shall be used by the municipality or the counties in which the fines are assessed and to which the fines are payable in the construction and maintenance of roads, bridges, and culverts in the municipality or county, for the enforcement of the traffic laws regulating the use of the public highways by motor vehicles and motorcycles, and to help defray the expense of county traffic officers.

#### County Share of Vehicle Registration Fee

Sec. 4.202. (a) As compensation for his services under the laws relating to the registration of vehicles, each county tax assessor-collector shall receive a uniform fee of \$1.50 for each of the receipts issued each year pursuant to those laws. The compensation shall be deducted weekly by each county tax assessor-collector from the gross collection made pursuant to this Act and other laws relating to registration of vehicles.

(b) Out of the compensation allowed the county tax assessors-collectors, they shall pay the entire expense of issuing all license receipts and license plates issued pursuant to this Act. The county tax assessors-collectors may collect an additional service charge of \$1 from each applicant desiring to register or reregister by mail. This service charge shall be used to cover the cost of handling and postage to mail the registration receipt and insignia to the applicant.

(c) The State Department of Highways and Public Transportation may adopt rules to cover the timely application for and issuance of registration receipts and insignia by mail.

#### Transfer of Surplus Funds From Registration Fees

Sec. 4.203. The commissioners court of any county not levying a tax for building and maintaining roads and bridges and having surplus funds from revenues derived from motor vehicle registration fees is authorized to transfer the surplus to any county fund that the court may designate and to expend the surplus for any use or purpose.

### SUBCHAPTER D. CONDEMNATION

#### Condemnation of Right-of-Way and Materials by the Commissioners Court for the State Highway System

Sec. 4.301. (a) Whenever, in the judgment of the State Highway and Public Transportation Commission, the use or acquisition of any land for road or right-of-way purposes, timber, earth, stone, gravel, or other material is necessary or convenient to any road to be constructed, reconstructed, maintained, widened, straightened, or lengthened, or land not exceeding 100 feet in width for streambed diversion in connection with the locating, relocating, or construction of a designated state highway by the State Highway and Public Transportation Commission, the land or material may be acquired by purchase or condemnation by the commissioners court. This authority includes the power to exercise the right of

eminent domain by any commissioners court within the boundaries of a municipality with the prior consent of the governing body of the municipality. The county in which the state highway is located may pay for the acquisition out of the county road and bridge fund or any available county funds.

(b) Any commissioners court may secure by purchase or by condemnation on behalf of the State of Texas any new or wider right-of-way or land not exceeding 100 feet in width for streambed diversion in connection with the locating, relocating, or construction of a designated state highway or land or lands for material or borrow pits to be used in the construction, reconstruction, or maintenance of state highways and may pay for the acquisition out of the county road and bridge fund or out of any special road funds or any available county funds. This authority includes the power to exercise the right of eminent domain by any commissioners court within the boundaries of a municipality with the prior consent of the governing body of the municipality. The State Highway and Public Transportation Commission shall furnish to the commissioners court the plats or field notes of the right-of-way or land and the description of the materials as may be required, after which the commissioners court may purchase or condemn the right-of-way or land or material, with title to the State of Texas, in accordance with the field notes. In the event of condemnation by the county, the procedure shall be the same as that set out in Title 52, Articles 3264 to 3271, Revised Statutes. If the right-of-way in any county is in the judgment of the State Highway and Public Transportation Commission necessary for the construction of a part of a designated state highway and the commissioners court of that county fails or refuses to secure by purchase or by condemnation for or on behalf of the State of Texas the right-of-way or part of it, immediately and as speedily as possible, after being served with a copy of an order of the State Highway and Public Transportation Commission identifying by field notes the part of the highway necessary for the construction of the designated state highway and requesting the commissioners court to secure the right-of-way, then not later than the 10th day after the day the notice is served the State Highway and Public Transportation Commission shall direct the attorney general to institute condemnation proceedings in the name of the State of Texas for the purpose of securing the right-of-way. The condemnation proceedings shall be instituted by the county or district attorney of the county in which the land is situated and the venue of the proceedings shall be in the county in which the land is situated, and jurisdiction and authority to appoint three disinterested landowners of the county as commissioners is conferred on the county judge of the county in which the land is situated, and otherwise the condemnation shall be according to the provisions of Title 52, Articles 3264 to 3271, Revised Statutes.

(c) In the acquisition of all rights-of-way authorized and requested by the State Department of Highways and Public Transportation in cooperation with local officials for all highways designated by the State Highway and Public Transportation Commission as United States or state highways, the State Department of Highways and Public Transportation is authorized and directed to pay to the counties and cities not less than 90 percent of the value as determined by the State Department of Highways and Public Transportation of the requested right-of-way or the net cost of the right-of-way, whichever is the lesser amount. If condemnation is necessary, the participation by the State Department of Highways and Public Transportation shall be based on the final judgment, conditioned that the department has been notified in writing prior to the filing of the suit and prompt notice is also given as to all action taken in the suit. The department has the right to become a party at any time for all purposes, including the right of appeal, at any stage of the proceedings.

(d) A county or city is authorized and directed to acquire the right-of-way for the highways as are requested and authorized by the State Department of Highways and Public Transportation as provided by existing laws, and in the event condemnation is necessary, the procedure shall be the same as that set out in Title 52, Articles 3264 to 3271, Revised Statutes.

(e) On delivery to the State Department of Highways and Public Transportation of acceptable instruments conveying to the state the requested right-of-way, the State Department of Highways and Public Transportation shall prepare and transmit to the comptroller of public accounts vouchers covering the reimbursement to the county or city for the department's share of the cost of providing the right-of-way, and the comptroller of public accounts is authorized and directed to issue warrants on the appropriate account covering the state's obligations as evidenced by the vouchers.

(f) The State Department of Highways and Public Transportation is authorized and directed to acquire by purchase, gift, or condemnation all rights-of-way necessary for the National System of Interstate and Defense Highways.

**Condemnation of Rights-of-Way and Easements by the County Within a Municipality for County Road System**

Sec. 4.302. (a) The right of eminent domain within the boundaries of a municipality with prior consent of the governing body of the municipality is conferred on counties of the state for the purpose of condemning and acquiring land, right-of-way, or easement in land, private or public, except property used for cemetery purposes, where the land, right-of-way, or easement is in the judgment of the commissioners court of the county necessary or convenient to any road that forms or will form a connect-

ing link in the county road system or a connecting link in a state highway.

(b) All condemnation proceedings shall be instituted under the direction of the commissioners court and in the name of the county, and the procedure shall be the same as that set out in Title 52, Articles 3264 to 3271, Revised Statutes. Appeal from the finding and assessment of damages by the commissioners appointed for that purpose may not suspend work by the county in connection with which the land, right-of-way, or easement is sought to be acquired. In case of appeal, counties may not be required to give a bond for costs or other purposes.

**Cost of Relocating or Adjusting Eligible Utility Facilities in Right-of-Way Acquisition**

Sec. 4.303. The county should include the cost of relocating or adjusting eligible utility facilities in the expense of right-of-way acquisition.

**SUBCHAPTER E. PUBLIC ROAD BONDS**

**PART 1. GENERAL PROVISIONS**

**Investment of Sinking Fund**

Sec. 4.401. The commissioners court may invest sinking funds accumulated for the redemption and payment of any bonds issued by the county, political subdivision, road district, or defined district of the county in bonds of the United States, of Texas, or any county in this state, or any school district or road district of this state, or any incorporated city or town of this state, in bonds of the Federal Farm Loan Bank system, or in war-savings certificates or certificates of indebtedness issued by the secretary of the treasury of the United States. No bonds may be purchased that according to their terms mature at a date subsequent to the time of maturity of the bonds for the payment of which the sinking fund was created.

**Interest on Investments**

Sec. 4.402. All interest on the investments shall be applied to the sinking fund to which it belongs, and the use of the funds for any other purpose is considered a diversion of the funds and shall be punished as provided by Section 39.01, Penal Code.

**Cancellation or Revocation of Unsold Road Bonds**

Sec. 4.403. (a) In the event any road bonds voted or issued or any portion of the road bonds voted or authorized by a county, political subdivision, or defined district of the county remain unsold on September 22, 1932, the commissioners court may on its own motion or on petition of not less than 50 or a majority of the qualified voters of the governmental entity order an election to determine whether or not the road bonds shall be revoked or cancelled. The election shall be ordered, held, and conducted in the same form and manner as that at which the bonds were originally authorized.

(b) The result of the election, whether favorable to the cancellation of the bonds or not, shall be duly

recorded by the commissioners court and the returns and the result duly entered of record in the minutes of the court. In the event the result of the election for the cancellation and revocation of the unsold bonds shows that two-thirds of the qualified voters of the county, political subdivision, or defined district of the county voting at the election have voted for the cancellation and revocation of the unsold bonds, the commissioners court shall cancel and burn the bonds and forward to the comptroller a certified copy of the minutes showing the destruction and cancellation. The comptroller shall promptly cancel the registration of the bonds on the records of his office.

(c) When the bonds have been destroyed, the commissioners court shall readjust the existing tax levies in the county, political subdivision, or defined district by any amount equal to that levied or proposed to be levied for the interest and sinking fund accounts of the bonds to be cancelled.

(d) After deducting the compensation of the tax assessor, tax collector, and county treasurer and any other claims properly chargeable against the taxes, the unexpended part of all taxes that have been collected, with a view to the sale of the bonds as destroyed, shall be refunded to the taxpayers ratably on order of the commissioners court. The county treasurer shall take and file proper receipts for all funds so refunded. In the event there shall remain an unclaimed surplus of the taxes, after a period of 20 years and after a diligent effort has been made to return the unclaimed surplus, the surplus may be used by the county, political subdivision of the county, or any local district that has been or may be created by any general or special law for the purpose of the maintenance, operation, and improvement of macadamized, graveled, or paved roads as may be determined by the commissioners court of any county or the officials of any political subdivision of a county or any road district.

(e) The expense of holding the election shall be paid out of the general fund of the county.

(f) This section does not invalidate any bond election or any bonds that have been sold by the county, political subdivision, or defined district.

#### **Election for Repurchase and Cancellation of Bonds**

Sec. 4.404. (a) In the event unexpended and unpledged money realized from the sale of any road bonds voted or issued by any county, political subdivision, or defined district of the county remains to the credit of the county, political subdivision, or defined district voting or issuing the bonds, the commissioners court on petition of not less than 50 of the qualified voters of the governmental entity shall order an election to determine whether or not the road bonds to the extent of the unexpended and unpledged money remaining to the credit of the county, political subdivision, or defined district of the county shall be repurchased and on the repurchase, cancelled and revoked. The election shall be

ordered, held, and conducted in the same manner and form as that at which the bonds were originally authorized.

(b) The result of the election, whether favorable to the repurchase, cancellation, and revocation of the bonds or not, shall be duly recorded by the commissioners court and the result entered in the records of the court. In the event the result of the election for the repurchase, cancellation, and revocation of the bonds shows that two-thirds of the qualified voters of the county, political subdivision, or defined district of the county voting at the election have voted for the repurchase, cancellation, and revocation of bonds, the commissioners court may advertise for and purchase the outstanding bonds from the holders and on completion of the purchase shall cancel and burn the bonds so purchased and forward to the comptroller of public accounts a certified copy of the minutes showing the purchase, destruction, and cancellation. The comptroller shall promptly cancel the registration of the bonds on the records of his office to the extent of the amount so repurchased, cancelled, and destroyed.

(c) The expense of holding the election shall be paid out of the general funds of the county.

(d) This section does not invalidate any bond election or bonds that have been sold by the county, political subdivision, or defined district.

## **PART 2. COUNTY AND DISTRICT BONDS**

### **Power to Issue Road Bonds; Surplus in Sinking Fund**

Sec. 4.411. (a) In this part, "political subdivision" means any commissioners precinct or any justice precinct of a county.

(b) Any county or any political subdivision of a county or any road district may issue bonds for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes in any amount not to exceed one-fourth of the assessed valuation of the real property of the county, political subdivision, or road district and may levy and collect ad valorem taxes to pay the interest on the bonds and provide a sinking fund for the redemption of the bonds. The bonds shall be issued in the manner provided in this part and as contemplated and authorized by Article III, Section 52, of the Texas Constitution.

(c) When the principal and all interest on the bonds are fully paid, in the event there is any surplus remaining in the sinking fund, the remaining surplus not used in the full payment of the principal and interest on the bond or bonds may be used by the county, political subdivision of the county, or any road district for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in the aid of these purposes or for any other lawful permanent improvement as may be determined by the commissioners court of any county or the offi-

cials of any political subdivision of a county or the road district.

#### Bond Elections

Sec. 4.412. On the petition of the qualified voters of any county equivalent in number to one percent or more of the total votes cast in the county in the last preceding general election for governor, the commissioners court of the county at any regular or special session shall order an election to be held in the county to determine whether or not the bonds of the county shall be issued for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes and whether or not taxes shall be levied on all taxable property of the county subject to taxation, for the purpose of paying the interest on the bonds and to provide a sinking fund for the redemption of the bonds at maturity. However, if the petition designates any particular road or roads, project or projects, or any portion or portions of a road or project, the petition shall be accompanied with a written estimate of the cost of the roads or projects prepared by the county engineer at county expense. In lieu of the petition process described in this section the commissioners court of a county may by majority vote order the election. The election order and notice of election shall state the purpose for which the bonds are to be issued, the amount of the bonds, the rate of interest, and the fact that ad valorem taxes are to be levied annually on all taxable property within the county sufficient to pay the bonds at maturity.

#### Establishment of Road Districts

Sec. 4.413. (a) The county commissioners courts may establish one or more road districts in their respective counties and may or may not include within the boundaries and limits of the districts, villages, towns, and municipal corporations or any portion of a village, town, and municipal corporation and may or may not include previously created road districts and political subdivisions or precincts that have voted and issued road bonds pursuant to Article III, Section 52, of the Texas Constitution, by entering an order declaring the road district established and defining the boundaries of it.

(b) This part does not prevent the creation of defined road districts and the issuance of bonds of districts in counties having outstanding countywide road bonds. The defined road districts may be created in the counties in the manner provided by statute for the creation of defined road districts and issuing the bonds of the districts.

#### Abolishment of Dormant Road Districts

Sec. 4.414. When any road district in any county in this state has paid off and discharged all of the bonds issued and sold by the road district, or when an election to issue bonds in the road district has failed by a vote of the people and the road district has issued no bonds, and no further election has

been held in the road district for a period of one year from date of its creation, or when the bonds issued by the road district have been assumed and exchanged for county bonds under the compensation bond statutes, Chapter 16, General Laws, 39th Legislature, 1st Called Session, 1926, and in the opinion of the commissioners court of the county the road district has become dormant and there exists no further necessity for the road district, the commissioners court of any county may by an order passed abolishing the road district abolish the road district, and it shall then cease to exist.

#### Road District Including Portion of Previous Road District Containing Other Improvement District

Sec. 4.415. If any road district, a portion of which is proposed to be incorporated into a new road district, should embrace the whole or any part of any levee improvement district, drainage district, or other improvement district created under any law passed pursuant to Article III, Section 52, of the Texas Constitution, the territory covered by the other district and other adjacent territory may be excluded from the district sought to be created. Except as specifically permitted in this subchapter, no fractional part of a previously created road district shall be included within the limits of the road district created under this subchapter. The excluded territory shall continue to bear and pay its proper proportion or any existing debt created for the construction of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes, but may not pay any portion of any debt created for these purposes after the territory is excluded from the district.

#### Petition for Election

Sec. 4.416. (a) If any political subdivision or any road district desires to issue bonds, there shall be presented to the commissioners court of the county in which the subdivision or district is situated, a petition signed by 50 or a majority of the qualified voters of the subdivision or road district praying the court to order an election to determine whether or not the bonds of the subdivision or district shall be issued to an amount stated for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes and whether taxes shall be levied on all taxable property within the subdivision or district in payment of the bonds.

(b) On presentation of the petition, the court to which it is presented shall fix a time and place at which the petition shall be heard, which date shall be not less than 15 nor more than 30 days after the date of the order. The clerk of the court shall immediately issue a notice of the time and place of hearing. The notice must inform all concerned persons of the time and place of hearing and of their right to appear at the hearing and contend for or protest the ordering of the bond election. The notice must state the amount of bonds proposed to

be issued, describe the political subdivision or road district by its name or number, and describe the boundaries of the subdivision or district as those boundaries are described and defined in the order of the commissioners court establishing the subdivision or district. The clerk shall execute the notice by posting copies of it in three public places within the subdivision or road district and one at the courthouse door of the county. The notice shall be posted for at least 10 days prior to the date of the hearing. The notice shall also be published in a newspaper of general circulation in the subdivision or district, if a newspaper is published in that area, one time, and at least five days prior to the hearing. If no newspaper is published in the subdivision or district, the notice shall be published in some newspaper published in the county, if there be one.

(c) The duties imposed by this subchapter on the clerk may be performed by the clerk in person or by deputy as provided by law for other similar duties.

#### Hearing and Determination

Sec. 4.417. At the time and place set for the hearing of the petition or a subsequent date as may then be fixed, the court shall proceed to hear the petition and all matters in respect of the proposed bond election. Any interested person may appear before the court in person or by attorney and contend for or protest the calling of the proposed bond election. The hearing may be adjourned from day to day and from time to time as the court may consider necessary. If on the hearing of the petition the court finds that the petition is signed by 50 or a majority of the qualified voters of the subdivision or road district, that due notice has been given, and that the proposed improvements would be for the benefit of all taxable property situated in the subdivision or road district, the court may issue and cause to be entered of record in its minutes an order directing that an election be held within and for the subdivision or road district at a date to be fixed in the order for the purpose of determining the questions mentioned in the petitions. However, the court may change the amount of the bonds proposed to be issued, if on the hearing the change is found necessary or desirable. The proposition to be submitted at the election shall specify the purpose for which the bonds are to be issued, the amount of the bonds, the rate of interest, and the fact that ad valorem taxes are to be levied annually on all taxable property within the district or subdivision sufficient to pay the annual interest and provide a sinking fund to pay the bonds at maturity.

#### Notice of Election

Sec. 4.418. If the proposed issue of bonds and levy of taxes is for the entire county, notice of the election shall be given by publication in a newspaper published in the county, for three successive weeks, if there be one. In addition, for at least three weeks prior to the election, notice shall be posted by

the county clerk at four public places in the county, one of which shall be the courthouse door.

#### Election in Political Subdivision or Road District

Sec. 4.419. If the proposed issue of bonds and levy of taxes is for a political subdivision or road district, notice of the election shall be given by publication in a newspaper in the subdivision or district for three successive weeks and by posting notices in at least three public places in the subdivision or district and at the courthouse door of the county. If no newspaper is published in the subdivision or district, the published notice shall be given in some newspaper published in the county, if there be one.

#### Place of Holding Election in Subdivisions

Sec. 4.420. The commissioners court shall determine the time and place or places of holding the election, and the date of the election shall be the next uniform election date authorized by Section 9b, Texas Election Code, as amended (Article 2.01b, Vernon's Texas Election Code), that occurs after the 30th day after the day the order is made.

#### Manner of Holding Election

Sec. 4.421. The manner of holding the election and canvassing and making returns shall be governed by the general laws of this state when not in conflict with the provisions of this subchapter.

#### Issuance of Bonds

Sec. 4.422. If at the election two-thirds of the voters voting at the election cast their ballots in favor of the issuance of bonds, the commissioners court shall, as soon thereafter as practicable, issue the bonds on the faith and credit of the county, political subdivision, or road district as the case may be.

#### Maturity Dates and Interest Rate

Sec. 4.423. The bonds shall mature not later than 30 years from their date, except as otherwise provided in this subchapter. They shall be issued in denominations and made payable at times considered most expedient by the commissioners court and shall bear interest not to exceed the interest rate prescribed by Chapter 3, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 717k-2, Vernon's Texas Civil Statutes). The general laws relative to county bonds not in conflict with this subchapter shall apply to the issuance, approval, certification, registration, sale, and payment of the bonds provided for in this subchapter.

#### Sale of Bonds and Disposition of Proceeds

Sec. 4.424. After approval and registration as provided by law relative to other bonds, the bonds shall continue in the custody and control of the commissioners court of the county in which they were issued and shall be by the court sold to the highest and best bidder for cash, either in whole or

in parcels, at not less than their par value, and the purchase money shall be placed in the county treasury of the county to the credit of the available road fund of the county or of the political subdivision or road district of the county, as the case may be.

#### Ad Valorem Tax Levy

Sec. 4.425. Before the bonds are put on the market, the commissioners court of the county in which the election was held shall levy an ad valorem tax sufficient to pay the interest on the bonds and to provide a sinking fund to pay the bonds at maturity.

#### County Assessments

Sec. 4.426. When the bonds are issued on the faith and credit of the county, the taxes authorized by this subchapter shall be assessed and collected in the same manner as now provided by law for the assessment and collection of other county taxes.

#### District and Subdivision Assessments

Sec. 4.427. When the bonds are issued for and on the faith and credit of a political subdivision or road district, the taxes shall be assessed and collected in the same manner as for the assessment and collection of common school district taxes.

#### Duties of Assessor and Collector

Sec. 4.428. The tax assessor and tax collector of the county in which the taxes have been levied shall assess and collect the taxes in the manner and at the time as other taxes, and when so collected, the tax collector shall pay them to the county treasurer as other taxes are paid.

#### Duties of Custodian and Depository of Proceeds

Sec. 4.429. The county treasurer is custodian of all funds collected under this subchapter and shall deposit them with the county depository in the same manner as county funds are deposited. The county treasurer shall promptly pay the interest and principal as it becomes due on the bonds out of the funds collected and deposited for that purpose.

#### Disbursement of Proceeds by County Treasurer

Sec. 4.430. The purchase money for the county bonds shall be paid out by the county treasurer on warrants drawn on the available road fund, issued by the county clerk, countersigned by the county judge, on certified accounts approved by the commissioners court of the county. The purchase money for the bonds issued on the faith and credit of a political subdivision or road district shall be paid out by the county treasurer on warrants drawn on the available road fund thereof, issued by the county clerk, countersigned by the county judge, and approved by the commissioners court.

#### Expenses

Sec. 4.431. The expense incurred in surveying the boundaries of a political subdivision or road district and other expenses incident to the issuance

of bonds of the subdivision or district shall be paid from the proceeds of the sale of the bonds of the subdivision or district issuing the bonds.

#### Districts and Subdivisions Bodies Corporate

Sec. 4.432. Any road district, or any political subdivision accepting this subchapter, shall be a body corporate and may sue and be sued in like manner as counties. However, the road district or political subdivision may not be held liable for torts except as provided by the Texas Tort Claims Act, as amended (Article 6252-19, Vernon's Texas Civil Statutes).

#### Classification of County Bonds

Sec. 4.433. When the road bonds have been issued by a county as a whole, the bonds shall be known and designated as "\_\_\_\_\_ County Road Bonds," taking the name of the county issuing the bonds, and shall express on their face that they are issued under authority of Article III, Section 52, of the Texas Constitution, and laws enacted pursuant to the constitution.

#### Classification of Subdivision Bonds

Sec. 4.434. If the proposition to issue the road bonds of a political subdivision or road district is adopted, the bonds shall express on their face: The State of Texas, the name of the county, and the number or corporate name of the subdivision or district issuing the bonds; and they shall be designated as "Road Bonds," and shall express on their face that they are issued under authority of Article III, Section 52, of the Texas constitution, and laws enacted pursuant to the constitution.

#### Powers of County Commissioner

Sec. 4.435. The county commissioner in whose commissioner precinct the political subdivision or road district is located shall be ex officio road superintendent of the subdivision or district with power to contract in behalf of the subdivision or district in an amount not to exceed \$50, which shall be approved by the commissioners court. All contracts exceeding the sum of \$50 shall be awarded by the entire court.

#### Award of Contracts

Sec. 4.436. Before the commissioners court shall let a contract for work in a county or road district or subdivision, bids shall be invited by publishing an advertisement in a newspaper published in the county, and outside of the county, if the commissioners court considers it advisable to do so. All contracts shall be awarded to the lowest and best bidder. Any or all bids may be rejected.

#### Certain Counties May Avail

Sec. 4.437. Any county operating under the provisions of special road tax law may take advantage of any of the provisions of this subchapter.

**Refunding Bonds**

Sec. 4.438. The commissioners courts may refund any road bonds issued by authority of any law enacted pursuant to Article III, Section 52, of the Texas Constitution, when the road bonds have been issued for and on behalf of a political subdivision or defined district or consolidated district in the county. The refunding bonds shall be made to mature serially over a period not exceeding 40 years from their date, as may be determined by the commissioners court, and they may be made to bear interest at the same or a lower rate than the original bonds that are being refunded. The commissioners court shall have authority to pass all appropriate orders to properly carry out the refunding. When providing for the refunding, the commissioners court shall provide for the levy of ad valorem taxes on all taxable property in the political subdivision or defined district or consolidated district as the case may be sufficient to pay the current interest on the refunding bonds and to pay the principal as it matures.

**Bonds Validated; Tax Levy**

Sec. 4.439. (a) All road bonds that have been voted and authorized before September 22, 1932, by any political subdivisions, or by any road district, in accordance with the provisions and requirements of Article III, Section 52, of the Texas Constitution, and that were not issued and sold before September 22, 1932, are validated. The commissioners court of the county including the political subdivision or road district may make and enter any and all orders and provisions necessary for the purpose of issuing and selling the bonds so authorized to be issued by the qualified electors of the political subdivision or road district. The court may levy general ad valorem taxes on all taxable property situated in the political subdivision or road district as the taxable property appears on the assessment rolls for state and county taxes in amount sufficient to pay the interest on the bonds and the principal on the bonds at maturity. The bonds, when approved by the attorney general, registered by the state comptroller, and delivered, shall be the general, direct, and binding obligations of the political subdivision or road district issuing the bonds.

(b) It is hereby expressly found that the property in all political subdivisions and road districts the bonds of which are validated by this section will be benefited by the improvements proposed to be made with the proceeds of the bonds to an amount not less than the taxes that will be levied against the property for the purpose of paying principal of and interest on the bonds.

**County Road Bonds Validated**

Sec. 4.440. (a) In all instances in which counties acting by and through their commissioners courts have before March 13, 1934, lawfully sold a part or parts of an issue of road bonds approved by the attorney general at a price of not less than their par

value and the purchase money shall have been placed in the county treasury of the county in accordance with Section 4.424 of this Act, and thereafter the counties acting through their commissioners courts have permitted certain bonds of the issue or issues still owned and held by the counties to be exchanged for bonds of the issue or issues previously lawfully sold, and under circumstances that the counties actually receive bonds of the same issue or issues in identical amounts as the bonds surrendered by the county in the exchange or exchanges, the acts of the counties by and through their respective commissioners courts in permitting the exchanges, in surrendering the bonds in the exchange or exchanges, and in receiving for the use and benefit of the counties the bonds in exchange are validated as if the bonds thus delivered by the county have been delivered in accordance with law and the county received full value for the bonds. The bonds received by the county in exchange for those bonds are the property of the county and subject to sale and resale in accordance with law.

(b) This section does not apply in a case in which a county depository or treasury was designated to act as such and was, at the time of the transfer or exchange of the bonds, located in some county other than the county in which the bonds were originally voted.

**Refunding Road Bonds in Counties Lands of Which are Purchased for Reforestation**

Sec. 4.441. The commissioners court of any county in which the United States government has purchased (or shall purchase) or has designated a purchase unit of at least 25 percent in area of the land in the county for reforestation and other purposes may, with the consent of the holders of at least 80 percent of the bonds described in this section, refund, under the provisions of existing law, the road bonds of the county or of any road district or political subdivision of the county, which bonds participate in the county and road district highway fund, into one or more series of refunding bonds. The court may provide that the eligibility of the bonds being refunded shall be distributed among the various series of refunding bonds in the amounts, or none, as may be agreed on. The eligibility, in dollars and cents, of bonds whose owners do not agree to the distribution shall not be affected.

**Unissued Road Bonds Validated**

Sec. 4.442. (a) All road bonds voted and authorized before May 16, 1947, together with the levy of a tax to redeem them by a two-thirds majority vote of the qualified voters under authority of Article III, Section 52, of the Texas Constitution, but which bonds are unissued and unsold, in all or any road districts or political subdivisions in any county in the state that embraces within its boundaries all or any portion of a previously created road district or road districts that has or have outstanding road

bonds issued under authority of Article III, Section 52, of the Texas Constitution, but for which the outstanding road bonds of the included district or districts no compensation bonds were voted, authorized, or issued by the road district or political subdivision so embracing the road district, districts, or portions thereof, are in all things validated. All proceedings had by the commissioners court of any county including the road district or political subdivision the bonds of which are validated, in calling the election, the conduct of the election, canvassing returns of election, and all other proceedings incident to the authorization of the bonds are validated. The commissioners court may proceed in the issuance of the bonds in the manner provided by law for the issuance of road district bonds in ordinary road districts and just as though there were no former road districts or parts thereof covering any of the territory embraced within the boundaries of the road district or political subdivision the bonds of which are validated hereby. The commissioners court of the counties respectively are authorized to levy, assess, and collect ad valorem taxes on all taxable property situated in the road districts or political subdivisions in amounts sufficient to pay the interest on the bonds and the principal at maturity. The bonds, when approved by the attorney general, registered by the state comptroller of public accounts, and sold and delivered according to law, shall constitute general, direct, and binding obligations of the road district or political subdivision issuing the bonds.

(b) This section does not impair, release, or in any manner affect the debt or lien, or the validity of the debt or lien, evidenced by any legally outstanding road bonds issued by any road district or road districts, all or any part of which is embraced within the boundaries of the road district or political subdivision the bonds of which are validated. The bonds so outstanding shall be and remain the debt and obligation of the district issuing them in the first instance, and the commissioners court of each of the counties containing the road district may continue to levy, assess, and collect ad valorem taxes on the taxable property situated in the road districts, as originally created, in the manner provided by law for the payment of all principal and interest to mature on the outstanding bonds, the same as if the road district or road districts or portions thereof had never been embraced within the boundaries of the subsequently created road district or political subdivision.

(c) It is expressly found and declared that all property situated in the road districts or political subdivisions, the bonds of which are validated, including all or any portion of road districts which are included in the districts or subdivisions, will be benefited by the improvements proposed to be made with the proceeds of the bonds validated to an amount not less than the amount of the taxes that will be levied and collected against the property for

the purpose of paying the principal and interest on the bonds validated.

**City Tax Bonds for Off-Street Parking or Park and Off-Street Parking Purposes; Validation of Proceedings**

Sec. 4.443. All proceedings in connection with any tax bonds favorably voted before December 2, 1957, in any city, including any home-rule city, for the purpose of providing permanent public improvements by the acquisition of land and improvement of the land for off-street parking purposes or for the purpose of extending and improving the park system of the city and to provide for municipal off-street parking facilities are in all things validated. The bonds may be issued and delivered by the governing body of the city for the purpose or purposes so voted and in the manner provided by Chapter 1, Title 22, Revised Statutes, as amended,<sup>1</sup> regardless of any irregularities in the holding of any election at which the bonds were voted and regardless of whether or not the bonds so voted were submitted in only one proposition, and regardless of the wording of the language appearing on the ballots concerning any proposition so submitted. The governing body of the city is in all things authorized to operate and maintain any facilities acquired or constructed with the proceeds from the sale of the bonds.

<sup>1</sup> Article 701 et seq.

**Validation of Road Bonds**

Sec. 4.444. (a) All road bonds voted and authorized before May 21, 1959, under the provisions of Article III, Section 52, of the Texas Constitution, by a two-thirds majority vote of the qualified voters voting at an election held for that purpose and all proceedings had in connection with the bonds, including the petition for election, the order of election, the giving of notice of the election, the holding of the election and declaring the results of the election, and the order authorizing the issuance and levying of a tax in payment of the bonds are in all things validated. The bonds, when approved by the attorney general, registered by the comptroller of public accounts, and delivered to the purchaser, are general, direct, and binding obligations of the political subdivision or road district issuing the bonds and are incontestable except for fraud or forgery. The bonds that have been approved before May 21, 1959, by the attorney general, registered by the comptroller of public accounts, and delivered to the purchaser are in all things validated and are general, direct, and binding obligations of the political subdivision or road district that issued the bonds and are incontestable except for fraud or forgery.

(b) This section does not apply to any political subdivision or road district that is now or has been involved in litigation questioning the validity of its road bonds if the litigation is ultimately determined against the validity of the bonds.

## Validation of Road Bonds

Sec. 4.445. (a) All road bonds voted and authorized before June 10, 1969, under the provisions of Article III, Section 52, of the Texas Constitution, by a two-thirds majority vote of the qualified voters voting at an election held for that purpose in any road district or other defined district in the state as the case may be and all proceedings had with respect to the voting of the bonds, including the petition praying for the calling of the elections, the giving of notice of the hearing had on the petition, and the holding of the hearing and also including the order calling the elections and the giving of the notices of election in the elections, including also the holding of each election and the declaring of the results of the election, are in all things validated. The bonds voted and issued before June 10, 1969, including the order authorizing the issuance of the bonds and the levying of the tax in payment of the bonds, are in all things validated. The bonds voted before June 10, 1969, but not yet issued, when approved by the attorney general, registered by the comptroller of public accounts, and delivered to the purchaser, are general, direct, and binding obligations of the road district or other defined district against which the bonds are issued and are incontestable except for fraud or forgery. The bonds that have been approved before June 10, 1969, by the attorney general, registered by the comptroller of public accounts, and delivered to the purchaser are in all things validated and are general, direct, and binding obligations of the road district or other defined district against which the bonds are issued and are incontestable except for fraud or forgery.

(b) All road districts or other districts created and defined before June 10, 1969, by the commissioners courts of this state that have voted and authorized before that date the issuance of road bonds under the provisions of Article III, Section 52, of the Texas Constitution, by a two-thirds majority vote of the qualified voters of the road district or other defined district at an election held for that purpose are in all things validated as though each road district or other defined district had been created and defined in the first instance by the legislature.

(c) It is expressly found and declared that all property subject to taxation situated in the road districts or other defined districts, the bonds of which have been voted before June 10, 1969, by a two-thirds majority vote pursuant to the provisions of Article III, Section 52, of the Texas Constitution, and which are validated, will be or has been benefited by the improvements proposed to be made or which have been made with the proceeds of the bonds validated to an amount not less than the amount of the required levy of ad valorem taxes against the property and the collection of the taxes for the purpose of paying the principal and interest on the bonds validated.

(d) This section does not apply to the road bonds or to the road district or other defined district

involved in litigation pending in any court of competent jurisdiction in this state on June 10, 1969, questioning the validity of any matters validated, if the litigation is ultimately determined against the validity of the bonds. This section does not apply to the road bonds or to the road district or other defined district that has been declared invalid by a court of competent jurisdiction in this state.

## PART 3. COMPENSATION BONDS

## Compensation Bond Issue

Sec. 4.451. (a) Whenever in any political subdivision or road district in any county bonds have been issued under the authority of any general or special law enacted pursuant to Article III, Section 52, of the Texas Constitution, and after the enactment bonds are voted by the entire county for the purposes authorized in this section, the political subdivisions or road districts first issuing bonds may be fully and fairly compensated by the county in an amount equal in value to the amount of district bonds issued by the districts, which shall be done in the form and manner prescribed by this section.

(b) The commissioners court shall, on the presentation of a petition signed by 250 qualified voters of the county, whether residing in the road district or districts or not, order an election under this part to determine whether or not the bonds of the county shall be issued for road construction purposes as authorized by Subsections (d) and (e) of this section.

(c) The county bonds shall be issued in an amount as may be stated in the order of the commissioners court, but within the limitations of the constitutional and statutory provisions. At the election there shall also be submitted to the qualified voters of the county the question as to whether or not a tax shall be levied on the property of the county, subject to taxation, for the purpose of paying the interest on the bonds and to provide a sinking fund for the redemption of the bonds.

(d) When the road district or districts have by the requisite vote of the qualified voters authorized the issuance of bonds and the bonds have not been issued and sold or if sold and the proceeds have not been expended at the time the election is to be ordered for the entire county, then the proposed county bonds shall be issued for the following purpose: "The issuance of county bonds for the construction of district roads and the further construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid of these purposes, throughout the county." If the proposition to issue the county bonds for this purpose receives the necessary favorable vote and the bonds shall have been approved and issued, then so much of the bonds so issued by the county as may be necessary to fairly and fully compensate the road district or districts shall be set aside by the commissioners court for that purpose. In the event the district bonds have not been issued and sold, then so much of the bonds so issued by the county as may

be necessary to fairly and fully compensate the road district or districts shall be set aside for that purpose, and the bonds shall be sold and the proceeds applied to the construction, maintenance, and operation of the roads within and for the road district or districts as contemplated by the election or elections held within and for the road district or districts. The unsold district bonds shall then become totally void, and it shall be the duty of the commissioners court of the county to immediately cancel and destroy the unsold district bonds. However, in the event the district bonds have been sold, then an exchange of a like amount of the county bonds may be made with the holder or holders of the district bonds as provided by Subsection (b) of Section 4.452 of this Act. If the commissioners court should find that the exchange cannot be made, then so much of the county bonds as may be necessary shall be transferred and placed to the credit of the interest and sinking fund account of the road district or districts in conformity with the procedure prescribed by Subsection (c) of Section 4.452.

(e) Where the road district or districts have issued bonds for the construction of public roads and the proceeds derived from the sale of the bonds have been applied to the construction of roads within and for the districts, the district roads may be merged into and become a part of the general county system of public roads and the road district or districts shall be fully and fairly compensated by the county in an amount equal in value to the amount of bonds outstanding against the road district or districts at the time the bonds are issued by the county, and the proposed county bonds shall be issued for the following purpose: "The issuance of county bonds for the purchase of district roads and the further construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid of these purposes, throughout the county." In the event the proposition to issue the county bonds receives the necessary favorable vote and the bonds shall have been approved and issued, then so much of the bonds so issued by the county as may be necessary for that purpose shall be set aside and exchanged for a like amount of outstanding district bonds, or the bonds may be transferred and placed to the credit of the road district or districts for the purpose of paying and retiring the district bonds as the bonds may mature.

#### Exchange of Bonds

Sec. 4.452. (a) If the proposition to issue the county bonds receives the necessary favorable vote and the bonds shall have been approved and issued, the taxes previously levied and collected in any road district or districts shall from that date be dispensed with as provided in this section. The bonds so set apart by the commissioners court shall be used exclusively for the purpose of constructing the roads in the subdivisions or districts or for the purpose of purchasing or taking over the improved roads in the subdivisions or districts as the case

may be. The exchange of the county bonds for the outstanding district bonds shall be made in one of the methods prescribed by this section.

(b) An exchange of the bonds may be made with the holder or holders of any outstanding district bonds. The agreement for the exchange shall be evidenced by order of the commissioners court authorizing the exchange and by the written consent of the holder or holders of the district bonds, properly signed and acknowledged, as provided by law for the acknowledgment of written instruments. The order of the commissioners court, written agreement properly executed by the holder or holders of the district bonds, together with the county bonds to be given in exchange, shall be presented to and approved by the attorney general of the state and shall bear his certificate of approval before the exchange is finally consummated. When the exchange of county bonds for district bonds is consummated, the commissioners court shall cancel and destroy the district bonds, and then no tax shall ever be levied or collected for the bonds under the original election in the subdivisions or districts. The sinking funds then on hand to the credit of the subdivisions or districts shall be passed to the sinking fund account of the county.

(c) In the event the exchange of the county bonds for the outstanding district bonds cannot be made as provided by Subsection (b) of this section, the commissioners court at as early a date as practicable shall deposit with the county treasurer for the credit of the interest and sinking fund account of the road district or districts an amount of county bonds equal in value to the amount of outstanding district bonds. The order of the commissioners court authorizing the deposit of county bonds for the credit of the interest and sinking fund account of the road district or districts, together with the county bonds so authorized to be deposited, shall be presented to and approved by the attorney general of the state and shall bear his certificate of approval before the deposit of county bonds shall be made and credit passed to the road district or districts. However, the county bonds before deposited shall have printed or written across their face the word "Nonnegotiable" and shall further recite that they are deposited to the credit of the interest and sinking fund account of the road district named in the bonds as a guarantee for the payment of the outstanding district bonds that have not been exchanged. The coupons annexed to the county bonds so deposited shall have written or printed on them the word "Nonnegotiable." After the county bonds shall have been deposited for the credit of the interest and sinking fund accounts of the road district or districts, the sinking fund then on hand to the credit of the road district or districts shall be passed to the credit of the sinking fund account of the county, and the commissioners court may no longer levy and collect the taxes provided for under the original election for the bonds in the road district or districts. In lieu of the taxes, the court

shall, from the taxes levied for the purpose of providing the necessary interest on the county bonds, pay annually the interest on the county bonds deposited for the credit of the road district or districts, detaching the coupon for the payment. The payment of interest shall be passed to the credit of the interest account of the road district or districts as the owner or owners of the county bonds, and the funds so realized by the road district or districts shall be used by the commissioners court for the purpose of paying the interest on the outstanding district bonds. The commissioners court shall set aside annually, from the taxes levied to provide the necessary sinking fund for the county bonds, the necessary sinking fund for the retirement of the county bonds. On maturity of the county bonds the commissioners court shall pay the bonds in full, and the payments shall be passed to the credit of the sinking fund of the road district or districts, and the funds so realized by the road district or districts shall be used by the commissioners court to pay in full all outstanding district bonds.

#### Issuance, Form, and Requisites of Compensation Bonds

Sec. 4.453. The county bonds issued for the purpose contemplated in Subsections (d) and (e) of Section 4.451 of this Act shall be issued in similar denominations, bearing the same rate of interest, having the same date or dates of maturity and with similar options of payment as the outstanding district bonds. It is the intent of this section that the county bonds shall in every respect be similar to the district bonds, except they shall be county obligations instead of district obligations, and shall be dated on a date after the date of the election at which they were authorized. The county bonds issued in excess of the amount required to exchange, offset, and retire the outstanding district bonds shall be issued and sold in the manner provided by law and may mature serially or otherwise at the discretion of the commissioners court and may run for a term not to exceed 40 years, and the bonds shall bear not more than the amount of interest prescribed by Chapter 3, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 717k-2, Vernon's Texas Civil Statutes). The proceeds from the bonds shall be credited to the available road fund of the county and shall be expended by the commissioners court in constructing, maintaining, and operating macadamized, graveled, or paved roads and turnpikes or in aid of these purposes throughout the county. The issuance and sale of the bonds authorized in this section and the levy and collection of taxes for the bonds shall be conducted as required by law on other county bonds, except as otherwise provided. The necessary expense incident to the issuance of the bonds may be paid out of the proceeds from the sale of the bonds.

#### Previously Created Districts and Subdivisions

Sec. 4.454. Where any road district created under the provisions of this part includes within its limits any previously created road district or any political subdivision or precinct having at the time road bond debts outstanding, the included district or subdivision shall be fully and fairly compensated by the new district in an amount equal to the amount of the bonds outstanding against the included subdivision or district, and that shall be done in the form and manner prescribed for the issuance of county bonds under Sections 4.451 through 4.453 of this Act. However, the petition must be signed by 50 or a majority of the qualified voters of the new district, and the bonds proposed to be issued shall be for the purchase or construction of roads in the included subdivisions or districts and the further construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes.

#### Bond Issue by Road District Including Previously Created Road District or Political Subdivision

Sec. 4.455. Where any road district includes within its limits a portion of any previously created road district or portion of any political subdivision or precinct, pursuant to authority of Section 4.415 of this Act, and the previously created road district, political subdivision, or precinct had road bond debts outstanding, the newly created road district may issue bonds for the purchase of the roads within the previously created district, subdivision, or precinct and for further construction of macadamized, graveled, or paved roads and turnpikes in the subsequently created road district. The bonds shall be authorized and issued in the form and manner prescribed in Sections 4.451 through 4.454 of this Act. However, this section does not affect or impair the obligation or indebtedness evidenced by the outstanding bonds of the previously created district, subdivision, or precinct. The indebtedness remains chargeable against the territory which voted the indebtedness.

#### Bond Issues and Elections Therefor Validated

Sec. 4.456. (a) If (1) under authority of Article III, Section 52, of the Texas Constitution, a two-thirds majority of the qualified voters of any road district embracing portions of any previously created road district, subdivision, or precinct, which district was created in conformity with the provisions and requirements of Section 4.415 of this Act, voting on the proposition, having voted at an election held in the road district in favor of the issuance of bonds, for the purchase of roads within the road district, subdivision, or precinct, portions of which were and are included within the new district, and also voting on the proposition of the further construction of roads within the new district, and the levy of taxes in payment of the bonds, the canvass of the vote revealing the two-thirds majority having been recorded in the minutes of the county commis-

sioners court; (2) thereafter, the county commissioners court of the county in which the road district is situated, by orders adopted and recorded in its minutes, authorized the issuance of the bonds, prescribed the date and maturity of the bonds and rate of interest the bonds were to bear, the place of payment of principal and interest, providing for the levy of taxes on taxable property in each road district sufficient to pay the interest on the bonds and to produce a sinking fund sufficient to pay the bonds at maturity; and (3) territory of the district, subdivision, or precinct not included in the newly created road district shall continue to bear and pay its proper proportion of the outstanding road bond debts thereof, and the bonds were approved by the attorney general and registered by the comptroller of public accounts, each election and all acts and proceedings had and done in connection with the bonds by the county commissioners court and the levy of taxes are hereby legalized, approved, and validated. All bonds voted or issued thereunder are validated and declared to be legal and binding obligations of the several districts according to their terms.

(b) The commissioners court of the county in which the district is situated may adopt all orders and do all acts necessary in the issuance or sale of any unissued or unsold bonds of the district. The manner of issuing the district compensation bonds for the district shall be the same as that provided for the issuance of other district and county compensation bonds.

(c) This part does not impair, release, or in any manner affect the lien evidenced by outstanding bonds on any portion of any road district, subdivision, or precinct, not included within the limits of the subsequently created road district, authorizing or issuing the bonds for the purchase of roads from the previously created district, subdivision, or precinct.

(d) The excluded territory shall continue to bear and pay its proper proportion of the existing debt. The subsequently created road district shall assume only that portion of the outstanding bonded indebtedness of the previously created district, subdivision, or precinct in the same ratio that the assessed valuation of the property of the previously created road district, subdivision, or precinct (and which property is included in the subsequently created district) bears to the assessed valuation of the property situated within the original boundaries of the previously created road district, subdivision, or precinct.

**Commissioners Court Authorized to Levy Tax to  
Pay Road District Bonds**

Sec. 4.457. Taxes in an amount sufficient to pay the principal of and interest on the bonds now outstanding or issued in the future shall be annually assessed and collected by the county commissioners court of each county in which the district, subdivision, or precinct is situated. Express authority to

do so is delegated and granted to the commissioners courts.

**PART 4. DISTRICTS IN ADJOINING  
COUNTIES**

**Power to Issue Bonds**

Sec. 4.461. (a) In this part, "any number of adjoining counties" means two or more counties contiguous to each other.

(b) Pursuant to authority conferred by Article III, Section 52, of the Texas Constitution, any number of adjoining counties within this state may issue bonds in any amount not to exceed one-fourth of the assessed valuation of the real property of the territory included within the counties and may levy and collect annually ad valorem taxes to pay the interest on the bonds and may provide a sinking fund for the redemption of the bonds for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes.

**Procedure Prescribed**

Sec. 4.462. In the event the qualified voters residing within two or more adjoining counties desire to combine the counties into one defined road district for the purpose of the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes, it shall be lawful for them to do so by following the procedure prescribed in the subsequent sections of this part.

**Petition for Road District**

Sec. 4.463. (a) The petition for the creation and establishment of a defined road district composed of two or more adjoining counties must be signed by not less than 50 qualified voters in each county. A separate petition for the establishment of the district must be presented to the commissioners court of each county in the proposed district. The proceedings prescribed by this section shall be had in each county.

(b) Each petition must describe in general terms the road or roads proposed to be constructed and in like general terms the cities, towns, and villages, if any, to be connected by the road or roads and must name each county proposed to be included within the road district. Each petition must request the commissioners court to order an election to determine whether the county shall be included in the proposed road district.

(c) On presentation of each petition, the court to which it is presented shall fix a time the petition shall be heard, and the date of hearing must be not less than 15 nor more than 30 days after the date of the order. The hearing shall be held at the regular meeting place of the commissioners court in the county courthouse.

(d) The county clerk shall immediately issue notice of the time and place of hearing. The notice must inform all concerned persons of the time and place of hearing and of their right to appear at the hearing and contend for or protest the ordering of the election. The notice must set forth in substance the contents of the petition and must give the name of each county proposed to be included within the road district. The clerk shall execute the notice by posting copies in five public places within the county as follows: one copy at the courthouse door and one copy in each commissioners precinct. The notice shall be posted for at least 10 days prior to the date of the hearing. The notice shall also be published in a newspaper of general circulation, published in the county one time, and at least five days prior to the hearing. If no newspaper is published in the county, the posting of the notice as directed previously in this section is sufficient. The duties imposed by this part upon the clerk may be performed by the clerk in person or by a deputy as provided by law for similar duties.

(e) At the time and place set for the hearing of the petition or the subsequent date as may then be fixed, the court shall proceed to hear the petition and all matters in respect to the proposed road district. Any interested person may appear before the court in person or by attorney and contend for or protest the creation of the proposed road district. The hearing may be adjourned from day to day and from time to time as the court may consider necessary. If on the hearing of the petition it is found that the petition is signed by 50 of the qualified voters of the county and that due notice of the hearing has been given and that the creation of the proposed district by the consolidation of the county with the other counties named in the proceedings would be for the benefit of all taxable property situated in the county, the court may issue and cause to be entered of record in its minutes an order directing that an election be held within the county. The court shall order the election to be held on the next uniform election date authorized by Section 9b, Texas Election Code, as amended (Article 2.01b, Vernon's Texas Election Code), that occurs after the 15th day after the day the order is made. Notice of the election shall be given in the same manner and for the same time required for notices of the hearing on the petition. The elections must be held on the same date in each county.

(f) The manner of holding the election and canvassing and making the returns shall be governed by the general laws of this state when not in conflict with this part.

(g) When the election for the creation of the district has been held, the officers named by the commissioners courts of the different counties to hold the election in their respective counties shall make returns of the election to the commissioners courts of their respective counties and return all ballot boxes to the clerk of the commissioners court of the county. The commissioners court of each

county in the proposed road district, on receiving the returns of the election, shall canvass the returns and certify the result of the election in the county to the county judge of the county having the largest number of inhabitants as shown by the most recent federal census. On receipt of the returns of the election in the different counties of the district, the county judge designated to canvass the vote shall canvass the vote and certify the result to each county in the proposed district. If the votes cast in each and all counties show a majority in favor of the consolidation of the counties into a defined road district, the commissioners court of each county shall declare the defined road district created, and the district shall be known as \_\_\_\_\_ Counties Road District of Texas, enumerating the counties embraced within the district in alphabetical order.

#### Directors of District

Sec. 4.464. The county judges and county commissioners of the counties composing the district shall be ex officio directors of the district. They have the same power and authority with reference to the management of the affairs of the district as commissioners courts have in respect of road districts wholly within one county. The district when so formed shall be a defined district within the meaning of the constitution and a body corporate.

#### Purchasing Improved Roads

Sec. 4.465. The road district may or may not purchase or take over improved roads already constructed by any county or other road district included in the district. In the event the road district is determined to take over or purchase the improved roads, the take-over or purchase shall be done in conformity with the procedure prescribed by Part 3 of this subchapter except that no petition shall be necessary.

#### Bond Election

Sec. 4.466. (a) After the creation of the road district, the commissioners court of the counties included in the district at a joint meeting held in the county having the largest number of inhabitants as shown by the most recent federal census may order an election to be held within the district. The court shall order the election to be held on the next uniform election date authorized by Section 9b, Texas Election Code, as amended (Article 2.01b, Vernon's Texas Election Code), that occurs after the 30th day after the day the order is made. The voters shall be permitted to vote for or against the proposition:

"Authorizing the \_\_\_\_\_  
\_\_\_\_\_ Counties Road District of Texas to issue the bonds of the district in the total sum of \$\_\_\_\_\_ and to levy annually ad valorem taxes on all taxable property in the district to pay the interest on the bonds and create a sinking fund to redeem the principal at maturity for the purpose of the con-

struction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes or in aid of these purposes within the district.

"The roads to be constructed from the proceeds of the sale of the bonds and the amount apportioned to each road is as follows:

"(Here set out the road or roads as described in the order and notice of the election to determine the creation of the district and the amount to be expended on each road or roads.)"

(b) If it is proposed to purchase or take over the improved roads already constructed by an included county or any included road district, the election order shall be in conformity with the provisions of Section 4.451 of this Act.

#### Notice of Election and Declaring Result

Sec. 4.467. After the election order has been passed at a joint meeting of the commissioners courts as the ex officio directors of the road district, a certified copy of the order shall be transmitted to the county clerk of each county within the district. Thereupon, the commissioners court of each county at a regular or special session held in their respective counties shall give notice of the proposed bond election to be held on the date named in the order of the courts passed at the joint meeting. Each election notice must state the time and place of holding the election and must state in substance the contents of the election order. All other proceedings in respect of the question so submitted shall be in accordance with the provisions of Section 4.411 of this Act relative to county road bond elections. The commissioners courts of the counties as ex officio directors of the road district shall by order declare the result, and the county judge shall certify the result to the county judge of the county having the largest population. If at the election two-thirds of the qualified voters of each county voting at the election cast their ballots in favor of the issuance of the bonds, the commissioners court of each county, as soon after the declaration of the result as practicable, shall pass the orders that may be necessary in the issuance of the bonds and the levy of taxes in payment of the bonds.

#### Maturity Dates, Interest, and Proceeds

Sec. 4.468. The general laws relative to county road bonds authorized pursuant to Article III, Section 52, of the Texas Constitution, shall apply to the authorization, issuance, approval, certification, registration, sale, and payment of the bonds provided for in this part, except as otherwise provided. The bonds shall mature not later than 40 years from their date and shall bear interest not to exceed the interest rate prescribed by Chapter 3, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 717k-2, Vernon's Texas Civil Statutes). The necessary expense incident to the issuance of the bonds may be paid out of the proceeds from the sale of the bonds. On the issuance and sale of the

bonds provided for in this part, the commissioners court of each county may pass all orders that may be necessary, setting aside so much of the proceeds derived from the sale of the bonds as the ex officio directors of the road district may consider necessary to be used for the maintenance, repair, and upkeep of the roads of the district.

#### Bond Tax

Sec. 4.469. The amount of the bond tax to be levied annually shall be determined by the commissioners courts of the respective counties before the period at which the annual levy of taxes is made in the counties composing the district. The proportion of the tax levied against the property in each of the counties, respectively, shall be levied by the commissioners court of the county at the same time and in the same manner that other taxes in the counties are levied. The levy and collection of the tax shall be governed by the same laws that govern the levy and collection of county taxes.

#### Issuance of Bonds

Sec. 4.470. The bonds shall be issued as nearly as may be in form in use in this state in the issuance of county bonds, except that the bonds shall be issued in the name of the district and shall be signed by the county judges of the several counties composing the district and countersigned by the county clerks of the counties, with the seals of the commissioners courts of the counties impressed on the bonds. The bonds shall be attested by the treasurer or depository of the district.

#### Sale of Bonds

Sec. 4.471. The commissioners court of the counties embraced in the district, at a joint meeting held in the county having the largest number of inhabitants as shown by the most recent federal census, shall advertise the bonds for sale. The advertisement or notice of the proposed sale shall be published in a newspaper of general circulation published in the district, one time, and not later than the 10th day before the day fixed for the sale. The commissioners courts shall convene in joint meeting on the date specified in the published notice for the sale of the bonds. The joint meeting shall be held in the county having the largest number of inhabitants for the purpose of considering bids for the purchase of the bonds. The courts are entitled to reject any and all bids. The bonds shall be sold by the courts at the joint meeting to the highest and best bidder for cash either in whole or in parcels at not less than their par value. The purchase money shall be placed in the treasury or depository of the district to the credit of the available road fund of the district.

#### Meetings of Commissioners Courts

Sec. 4.472. Any joint meeting of the courts may be adjourned from day to day and from time to time as the courts may consider necessary and advisable.

**Bond Records**

Sec. 4.473. The commissioners courts for each county included within the district shall make a record of a list of the bonds. The record shall be kept by the county clerk of each county, showing their numbers, amount, rate of interest, date of issue, when due, and where payable. The record is a public record in each county.

**Warrants**

Sec. 4.474. The purchase money for the bonds shall be paid out by the treasurer or depository of the district on warrants drawn on the available road fund issued by the county clerk of the county having the largest number of inhabitants. The warrants shall be countersigned by the county judge of each county situated within the road district. No such warrant may be issued except in payment of certified accounts approved by the commissioners court of each county.

**Treasurer or Depository of District**

Sec. 4.475. The treasurer or depository of the district shall be any bank, banking corporation, or individual banker resident in the district. The treasurer or depository shall be selected by the commissioners courts of the counties included within the district at joint meetings held for that purpose in the county having the largest number of inhabitants. The treasurer or depository shall be governed by the same laws and shall be subject to the same penalties as are provided by law for depositories of county funds. Before the treasurer or depository is entitled to receive any funds of the district, it must give a surety bond to the district, with a corporate surety that is authorized to do business in the state, in an amount equal to the funds so deposited and conditioned on the safekeeping of the funds and paying of the funds.

**Change of Roads**

Sec. 4.476. (a) The commissioners court of the county may change any road or roads designated in the petition to create the road district if it is found at the hearing on the petition that the change is necessary and practicable, would be a public benefit, and would be beneficial to all taxable property in the county.

(b) This part does not require any commissioners court to grant a petition for the establishment of the road district if at the hearing provided in this part it is found that it would not be beneficial to the taxable property in the county to include the county within the proposed road district.

[Acts 1983, 68th Leg., p. 1431, ch. 288, § 1, eff. Sept. 1, 1983.]

**Art. 6702-2. Contracts for Expenses of Extending Farm-to-Market Road**

If a county finds that a significant benefit to the county would occur if a farm-to-market road in an

adjoining county were extended, the county may contract with the adjoining county to pay all or a part of the expenses that the adjoining county necessarily incurs in relation to the extension of the road.

**Art. 6711a. Roads to Public Streams and Lakes****What May be Declared Public Highways**

Sec. 1. Any lines between different persons or owners of land, any section line, any survey line, any survey subdivision line or any direct practicable route through an enclosure containing not less than five hundred (500) acres of land that the Commissioners Court or a majority thereof may agree to open in order to furnish access to public streams, lakes and bays in the Counties of Leon or Madison, may be declared public highways upon the following conditions:

**Application for Road**

Sec. 2. Ten (10) citizens of the county in which such application is filed, or one or more persons living within such an enclosure, who desire a means of access to public streams, lakes or bays in the Counties of Leon or Madison where there is a distance of at least five (5) miles along the banks of said river or stream, or a distance of five (5) miles on the shore of said lake or bay not now served by a public road or highway, may make sworn application to the Commissioners Court for an order establishing such road, designating the lines sought to be opened and the names and residence of the persons or owners to be affected by such proposed roads, and stating the facts which show the necessity for such road.

**Notice to Land Owners**

Sec. 3. Upon the filing of such application the clerk shall issue a notice reciting the substance thereof directed to sheriff or any constable of the county, commanding him to summons such land owners, naming them, to appear at the next regular term of the Commissioners Court and show cause why said line should not be declared public highways. Said notice shall be served in the manner and for the length of time provided for the service of citations in civil actions in Justice Courts, and shall be returned in like manner as such citation.

**Directing Opening of Road**

Sec. 4. At a regular term of Court, after due service of such notice, if the Commissioners Court deems that the proposed road comes within the provisions of this Act and is of public importance it shall issue an order declaring the lines designated in

the application, or lines fixed by the Commissioners Court, to be public highways, and direct the same to be opened by the owners thereof and left open for a space of fifteen (15) feet on each side of said line, but the marked trees and other objects used to designate said lines, and the corners of surveys shall not be removed or defaced. Notice of such order shall be immediately served upon such owners, and return made thereon, as before provided.

#### Working Road

Sec. 5. The Commissioners Court shall not be required to keep any such roads worked by the road hands as in the case of other public roads.

#### Damages Assessed

Sec. 6. The damages to such land owners shall be assessed by a jury of freeholders, as for other public roads, and all cost attending the proceeding in opening neighborhood roads, if the application is granted, shall be paid by the county.

#### Navigable Streams

Sec. 7. The lack of adequate roads for the purpose of public access to navigable streams or public lakes, or to shores of lakes or bays within tide water limits is hereby declared to create a public necessity for additional roads in the Counties of Leon or Madison, which will furnish a means of such access for the general public. "Navigable streams," as that term is used herein, are defined to be statutory navigable streams of an average width of thirty (30) feet, and public lakes are defined to be those lakes in which the State owns the beds, or reserves the right of access for its citizens for fishing, boating, hunting or other recreation.

#### Public Necessity for Road

Sec. 8. A public necessity for roads of the character herein defined is declared to exist where any existing public roads which furnish access to public rivers, lakes or bays are more than five (5) miles apart, and/or where there is an area of at least five (5) miles on any such river, stream, lake or bay without a road to furnish public access to such stream, lake or bay.

#### Order Opening Road

Sec. 9. On application being filed in accordance with Sections 1, 2, 3, 4, 5, and 6 of this Act, the Commissioners Courts of Leon and Madison Counties may issue an order opening a public road sixty (60) feet in width running parallel with and adjacent to the bank of any statutory navigable stream of this State for such distance as the Court may deem necessary, said right of way to be used for access to said public streams, and for camping purposes. The opening of highways along and adjacent to the banks of said navigable streams shall be in accordance with the terms of this Act and compensation shall be made to the owners of said lands as provided for in Section 6 of this Act.

#### Purpose of Act

Sec. 10. It is the purpose of this Act to make accessible public streams, bays, lakes and other bodies of public waters which are now fenced in and not accessible to the general public, by establishing roads and highways. Any bank of a stream and shore of a lake or bay which extends more than five (5) miles without a public highway furnishing access to the public, to said bank or shore of said stream, lake or bay is declared to be inaccessible and subject to be opened to public access under the terms of this Act.

#### Application to Leon and Madison Counties

Sec. 10-a. No provision of this Act shall be applicable to any other county in this State except to the Counties of Leon and Madison.

## 1. BRIDGES

**Arts. 6794, 6795. Repealed by Acts 1983, 68th Leg., p. 1526, ch. 288, § 2, eff. Sept. 1, 1983**

See, now, art. 6702-1, §§ 2.201 and 2.202, respectively.

**Art. 6795a. Tunnel or Underpass Authorized in Counties of 350,000**

**Franchise, Authority to Grant**

Sec. 1. The Commissioners' Court situated within any County having not less than three hundred and fifty thousand (350,000) population, according to the last preceding Federal Census shall have full power and authority to grant to a person, firm or private corporation, a franchise for the construction, maintenance and operation of a toll underpass or tunnel under any stream, channel or body of water in the State of Texas and necessary approaches thereto and to enter into a contract with such person, firm and/or corporation to finance, build, construct, own, maintain, and operate such toll underpass or tunnel and approaches, with a reasonable toll charge to be agreed upon, to be levied upon or charged all railroads, persons, vehicles, cattle, motor cars and motor busses and/or other vehicles of transportation passing through said tunnel or underpass; said franchise to be granted to said person, firm or corporation for such number of years as the Court may think proper not to exceed fifty (50) years and such contract and franchise to provide that such persons, firm or corporation shall keep said tunnel and/or underpass and approaches in continuous repair during the term of said contract or franchise; the granting of said franchise shall be conditioned that the contractor shall build and keep in continuous repair the tunnel or underpass and approaches so contemplated for the term of years agreed upon, in accordance with the plans and specifications therefor set out in said contract and franchise.

**Option of County to Purchase**

Sec. 2. The Commissioners' Court may provide in said contract and franchise that the county shall have the right to purchase said tunnel and/or un-

derpass at a time and for a price to be agreed upon in said contract or franchise.

**Regulations as to Crossing Under Navigable Stream**

Sec. 3. Said tunnel or underpass when crossing a navigable stream shall be located, built and constructed at an adequate depth below the fixed navigable depth of such navigable stream, river or channel, as may be provided by law or by the rules and regulations of the State authorities and/or Department of the United States Government having control or charge of said river, stream or channel and said franchise from the Commissioners' Court of the County wherein such tunnel or underpass is to be built, constructed, operated and maintained, shall so provide.

**Eminent Domain**

Sec. 4. The right of eminent domain is hereby conferred upon counties of the State of Texas for the purpose of condemning and acquiring land right of way or easement in land, where said land right of way or easement is necessary for the purposes of the construction of said tunnels or underpasses and approaches thereto.

**Tolls Authorized; Loan of Public Funds**

Sec. 5. Such county, through the Commissioners' Court, is hereby authorized and empowered as a part of its road and bridge system, to construct, build, acquire, own and operate an underpass or tunnel with necessary approaches and to charge tolls therefor and/or operate same upon free service or upon free and toll service, as may be provided by the Commissioners' Court, and is hereby authorized to enter into such contract or agreement relative to grants or loans of public funds by the United States Government as may be necessary to carry out the purposes of this Act.

**Partial Invalidity**

Sec. 6. The provisions of this Act shall be severable and if any of its provisions shall be held to be unconstitutional the decision so holding shall not be construed to affect the validity of any of the remaining provisions of this Act. It is hereby declared as the legislative intent that this Act would have been adopted had such unconstitutional provision not been included therein.

**Repeals**

Sec. 7. That all laws and parts of laws in conflict with the provisions of this Act be and the same are hereby repealed.

[Acts 1935, 44th Leg., 1st C.S., p. 1644, ch. 419, § 1.]

**Art. 6795b. Causeways, Bridges, and Tunnels Authorized in Gulf Coast Counties of 20,000 or More**

**Construction and Operation Authorized; Cost and Expenses**

Sec. 1. Any county in the State of Texas which borders on the Gulf of Mexico and which has a

population of twenty thousand (20,000) or more, according to the last Federal Census, preceding the authorization of bonds hereunder, acting through its Commissioners Court, is hereby authorized and empowered to construct, acquire, improve, operate, and maintain a causeway, bridge, tunnel, or any combination of such facilities, including all necessary approaches, fixtures, accessories, and equipment (all of which are hereinafter referred to as "the project") from one point in said county to another, in, over, through, or under the waters of the Gulf of Mexico or any bay or inlet opening thereinto, and to issue its revenue bonds payable solely from the revenues to be derived from the operation thereof, to pay the cost of such construction, acquisition, or improvement. The cost of the project shall be considered to include the cost of construction, the cost of all property, real, personal, and mixed, and all appurtenances, easements, contracts, franchises, pavements, and properties of every nature, used or useful in connection with the construction, acquisition, improvement, operation, and maintenance of the project; shall include the payment of the cost of condemning any such property, including both the payment of the award and the payment of the court costs and attorneys fees; shall include the payment of all legal, fiscal, and engineering expenses incurred in connection with the acquisition and construction of the project and the making of preliminary surveys and investigations and the authorization and issuance of the revenue bonds; and shall include the payment of interest on the bonds prior to and during the period occupied by the construction of the project and for one year thereafter. If the Commissioners Court shall consider it desirable to acquire, through purchase or lease, existing ferry properties for the purpose of operating such properties during the period of construction, over the route to be traversed by the project, such properties may be so acquired and the cost thereof paid from the proceeds of the bonds. Any preliminary expenses paid from county funds shall be repaid to such funds from the proceeds of the bonds when available, and all engineering and fiscal contracts and agreements for such projects heretofore entered into are hereby validated and confirmed; provided, however, that nothing in this Act shall authorize the construction of a bridge over and across any ship channel or waterway with a maintained depth of twenty (20) feet or more.

**Bonds; Charge Only on Revenues of Project;  
Approval and Registration**

Sec. 2. No bonds authorized hereunder shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the project and shall never be reckoned in determining the power of the county to issue any bonds for any purpose authorized by law. Each such bond shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation." Bonds issued hereunder may be presented to the

Attorney General for his approval in the same manner and with like effect as is provided for the approval of tax bonds issued by counties. In such case the bonds shall be registered by the State Comptroller as in the case of other county bonds.

**Acceptance of Federal Aid; Contracts; Acquisition  
of Property**

Sec. 3. Any county proceeding hereunder may accept any loan, gift, or grant from the United States of America or the State of Texas, or any agency or instrumentality thereof, and may enter into any agreement or agreements not prohibited by the constitution which may be necessary to obtain such loan, grant, or gift. Construction contracts may be awarded with or without advertised notice for bids in such manner as may be deemed advisable by the Commissioners Court. Such county may enter on any lands, waters, and premises for the purpose of making surveys, soundings, and examinations, and if considered advisable may exercise the right of eminent domain and may institute condemnation proceedings under the provisions of any pertinent general law of Texas for the purpose of acquiring any property to be used or useful in connection with the project. The county shall be under no obligation to accept and pay for any property condemned and shall in no event pay for same except from the proceeds derived from the sale of the revenue bonds, and in any condemnation suit the Court having jurisdiction may make such orders as may be just to the county and to the owners of the property to be condemned. Upon the institution of any such condemnation proceedings and upon tender of a bond or other security in sufficient sum to secure the owner or owners for damages and upon approval of such bond or other security by the Court, the county shall have the right to immediate possession of the property which is the subject matter of the condemnation proceedings and may enter thereon. The State of Texas hereby expressly grants to any such county full easements and rights of way through, across, under, and over any lands or property owned by the State which may be necessary or convenient to the construction, acquisition or efficient operation of the project.

**Bonds; Tolls; Trust Indenture**

Sec. 4. Bonds issued hereunder may be authorized by resolution at one time or from time to time. Such bonds shall be payable solely from the revenues to be derived from the operation of the project and it shall be the mandatory duty of the county to impose such tolls and charges for use of the project as will be fully sufficient to operate and maintain the project, pay principal of and interest on the bonds when due and establish such reserve therefor as may be provided, and establish an adequate fund for depreciation and replacement. The Commissioners Court shall have full discretion in fixing the details of the bonds and in determining the manner of sale thereof, provided that the bonds shall not run more than forty (40) years from their date, and

that the interest rate and sale price shall be such that the interest cost of the bonds shall not exceed six (6) per cent per annum, computed on average maturities according to standard tables of bond values. The bonds may be made redeemable prior to maturity in such manner and at such prices as may be determined by the Commissioners Court prior to the issuance of the bonds. All bonds issued hereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instruments Law of Texas.<sup>1</sup> Provision may be made for registration of such bonds as to principal or interest or both. The proceeds of the bonds shall be used solely to pay the cost of the project as above defined, and shall be disbursed under such restrictions as may be provided in the bond resolution or trust indenture hereinafter mentioned, and there shall be and is hereby created and granted a lien upon such moneys until so applied in favor of the holders of the bonds or any trustee provided for in respect of such bonds. Unless otherwise provided in such resolution or indenture, if the proceeds of the bonds prove insufficient to pay the cost of the project, additional bonds may be issued to the amount of the deficit and shall be deemed to be of the same issue and entitled to payment from the same fund without preference or priority of the bonds first issued. Any surplus remaining from bond proceeds after the cost of the project has been paid in full shall be used in paying interest on and retiring bonds. Prior to the issuance of definitive bonds, temporary or interim bonds, with or without coupons, exchangeable for definitive bonds may be issued. Such bonds may be authorized and issued without any proceedings or the happening of any conditions or things or the publication of any proceedings or notices other than those specifically specified and required by this Act, and may be authorized and issued without regard to the requirements, restrictions, or procedural provisions contained in any other law. The resolution authorizing the bonds may provide that such bonds shall contain a recital that they are issued pursuant to this Act and such recital shall be conclusive evidence of their validity and the regularity of their issuance.

If so provided by the Commissioners Court, the bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may pledge or assign tolls and revenues but shall not convey or mortgage the project itself or any part thereof. Either the resolution providing for the issuance of the bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county in relation to the acquisition of properties and the construction, maintenance, operation, repair, and insurance of the project, and the custody, safeguard-

ing, and application of all moneys. It shall be lawful for any bank or trust company in this State to act as depository of the proceeds of the bonds or revenues derived from the operation of the project and to furnish such indemnity bonds or to pledge such securities as may be required by the county. Such bond resolution or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. In addition to the foregoing, such bond resolution or trust indenture may contain such other provisions as the Commissioners Court may deem reasonable and proper for the security of the bondholders including, but without limitation, covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become or may be declared to be due before maturity and as to the rights, liabilities, powers, and duties arising upon the breach by the county of any of its duties or obligations.

<sup>1</sup> Articles 5932 to 5948 (repealed; see, now, Business and Commerce Code, § 3.101 et seq.).

#### **Rights of Bondholders or Trustee for Bondholders; Receiver**

Sec. 5. Any holder or holders of bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights by mandamus or other proceeding in any court of competent jurisdiction to enforce his or their rights against the county and its employees and against any board which may be created to operate the project and against the agents and employees thereof, including, but not limited to, the right to require the county and such board to impose and collect sufficient tolls and charges to carry out the agreements contained in the bond resolution or trust indenture and to perform all agreements and covenants therein contained and duties arising therefrom, and to apply for and obtain the appointment of a receiver for the project. If such receiver be appointed, he may enter, and take possession of the project and maintain the project and collect and receive all revenues and tolls arising therefrom in the same manner as the county itself might do and shall dispose of such moneys and apply same in accordance with the obligations of the county under the bond resolution or trust indenture and as the Court may direct.

#### **Board of Trustees to Manage Project**

Sec. 6. The management and control of the project during such time as any of the bonds remain outstanding may by the terms of the bond resolution or trust indenture be placed in the hands of a Board of Trustees to be named therein, consisting of not more than five (5) members, to be appointed in such manner and to have such powers and duties as may be therein provided.

**Bonds Free From Taxation**

Sec. 7. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their commerce and property, the county in carrying out the purposes of this Act will be performing an essential governmental function and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State.

**Powers of Counties and of State Highway Commission**

Sec. 8. The powers herein granted may be carried out by such counties and the projects may be acquired and operated and tolls and charges fixed and maintained without the consent, approval, supervision, or regulation of any commission, department, bureau, agency, or officer of the State of Texas, provided however, that nothing in this Section shall be construed to prevent the State Highway Commission from operating and maintaining the project or contributing to the cost of such maintenance under such provisions not inconsistent with the rights of bondholders as may be agreed to by the county. The State Highway Commission shall have authority without further legislative enactment to make such provision for and contributions toward maintenance of the project as it may see fit, and to lease the project under such terms not inconsistent with the provisions of the bond resolution or trust indenture as may be agreed upon with the county, and to declare the project or any part thereof to be a part of the State Highway System and to operate the project or such part thereof as a part of the State Highway System, provided, however, that such declaration may be made and such operation undertaken only to the extent that property and contract rights in the project and in the bonds are not unfavorably affected thereby. When all of the bonds and interest thereon shall have been paid, or a sufficient amount for the payment of all bonds and the interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders and shall continue to be held for that purpose, the project shall become a part of the State Highway System and shall be maintained by the State Highway Commission, free of tolls.

**Refunding Bonds**

Sec. 9. Subject to any restrictions which may appear in the aforesaid trust indenture or bond resolution, the Commissioners Court may by resolution provide for the issuance of bonds for the purpose of refunding any bonds issued under this Act and at the time outstanding. The issuance of such refunding bonds, the maturities and other terms thereof, the rights of the holders thereof, and the duties of the county in respect to the same, shall be governed by the foregoing provisions of this Act in

so far as the same may be applicable, but no such refunding bonds shall be delivered unless delivered in exchange for the bonds authorized to be refunded thereby or unless sold and delivered to provide funds for the payment of matured or redeemable bonds maturing or redeemable within three (3) months.

**Repeal**

Sec. 10. House Bill No. 9, Chapter 32, Acts, Fourth Called Session, Forty-third Legislature, is hereby repealed.

**Partial Invalidity**

Sec. 11. That if any clause, sentence, paragraph, or part of this Act shall for any reason be adjudged by any Court of competent jurisdiction to be invalid or ineffective, such judgment shall not affect, impair, or invalidate the remainder of this Act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment has been rendered.

[Acts 1941, 47th Leg., p. 822, ch. 509. Amended by Acts 1947, 50th Leg., p. 106, ch. 73, § 1; Acts 1959, 56th Leg., p. 25, ch. 15, § 1.]

**Art. 6795b-1. Causeways, Bridges, Tunnels, Turnpikes, or Highways Authorized in Gulf Coast Counties of 50,000 or More****Construction and Operation Authorized; Cost and Expenses**

Sec. 1. Any county in the State of Texas which borders on the Gulf of Mexico or any bay or inlet opening therein and which has a population of fifty thousand (50,000) or more, according to the last Federal Census preceding the authorization of bonds hereunder, acting through its Commissioners Court, is hereby authorized and empowered to construct, acquire, improve, operate and maintain a causeway, bridge, tunnel, turnpike, highway, or any combination of such facilities, including all necessary overpasses, underpasses, interchanges, entrance plazas, toll houses, service stations, approaches, fixtures, accessories, equipment, and administration, storage, and other necessary buildings, together with all property rights, easements, and interests acquired in connection therewith (all of which are hereinafter referred to as "the project") from one (1) point in said county to another, or from one (1) point in said county to a point in another county (regardless of the population of such other county), and to issue its tax bonds, revenue bonds, or combination tax and revenue bonds, to pay the cost of such construction, acquisition, or improvement. Among other things, the cost of the project may include the following: the cost of construction; the cost of all property, real, personal, and mixed, and all appurtenances, easements, contracts, franchises, pavements, and properties of every nature, used or useful in connection with the

construction, acquisition, improvement, operation, and maintenance of the project; the payment of the cost of condemning any such property, including both the payment of the award and the payment of the court costs and attorneys fees; the payment of all legal, fiscal, and engineering expenses incurred in connection with the acquisition and construction of the project and the making of preliminary surveys and investigations and the authorization and issuance of the bonds; and the payment of interest on the bonds and operating expenses on the project prior to and during the period occupied by the construction of the project and for one (1) year thereafter. If the Commissioners Court shall consider it desirable to acquire, through purchase or lease, existing ferry properties for the purpose of operating such properties during the period of construction, over the route to be traversed by the project, such properties may be so acquired and the cost thereof paid from the proceeds of the bonds. Any preliminary expenses paid from county funds shall be repaid to such funds from the proceeds of the bonds when available, and all engineering and fiscal contracts and agreements for such projects heretofore entered into are hereby validated and confirmed. Where any causeway, bridge, tunnel, turnpike, highway, or combination thereof constructed or acquired and financed hereunder extends from a point in the county issuing the bonds to a point in another county, it may be so constructed or acquired only after there shall have been adopted by the Commissioners Court of the county not issuing the bonds, a resolution approving and consenting to such construction or acquisition, and the Commissioners Court of any such county is hereby authorized to adopt such resolution. So long as and to the extent that the project, or part thereof, has not been designated as part of the State Highway System and is not considered a Turnpike Project, as defined in Chapter 410, Acts of the Fifty-Third Legislature, 1953, as amended,<sup>1</sup> that part of the project (which has not been so designated and is not so considered) in each county shall be considered a part of the county road system of such county, and all laws relating to the maintenance and operation of county roads are hereby made applicable to any project constructed or acquired hereunder in so far as they do not conflict with the provisions hereof; and each county into which the project extends may acquire necessary lands or right of ways or other property by purchase, condemnation or otherwise, under the General Laws of Texas, and the county issuing the bonds shall have such powers with respect to necessary lands or right of ways or other property in each county into which the project extends; provided that provision for the payment of the purchase price, award, or other costs may be upon such terms as may be agreed upon by the Commissioners Courts of the county issuing the bonds and the other county, and the proceeds of the bonds issued hereunder may be used for such purposes; and provided, further, that no election shall be necessary to authorize the is-

suance of any bonds issued hereunder payable solely from revenues, but in case no election is held, notice of intention to issue such bonds shall be given as provided in Sections 2 and 3 of the Bond and Warrant Law of 1931, as amended,<sup>2</sup> and the authority to issue such bonds shall be subject to the right of referendum provided in Section 4 of said Law. Bonds authorized to be issued under this law shall be sold in such manner, either at public or private sale, and for such price as the Commissioners Court of the county issuing the bonds may determine to be for the best interests of the county.

<sup>1</sup> Article 6674v.

<sup>2</sup> Article 2368a.

**Bonds; Charge Only on Revenues of Project; Approval and Registration; Alternative Methods**

Sec. 2. No bonds authorized pursuant to Subsection (a) of this section shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the project and shall never be reckoned in determining the powers of the county to issue any bonds, payable in whole or in part from taxes, for any purpose authorized by law. Each such bond payable solely from the revenues of a project shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation." All bonds issued hereunder may be presented to the Attorney General for his approval in the same manner and with like effect as is provided for the approval of tax bonds issued by counties. In such case the bonds shall be registered by the State Comptroller as in the case of other county bonds. But notwithstanding any limitations in this Act or in the law which it amends, any county proceeding hereunder after this amendatory Act becomes effective may issue bonds for such purpose secured by any one of the following methods:

(a) Solely by the pledge of revenues as prescribed hereinabove in this Section and elsewhere in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, as amended;<sup>1</sup> or

(b) A pledge of and payable from either an ad valorem tax levied under Article 8, Section 9 of the Constitution, or an unlimited ad valorem tax authorized under Article 3, Section 52 of the Constitution and laws enacted pursuant thereto; or

(c) A designated part of the bonds to be secured solely by a pledge of revenues as provided under sub-section (a) and a designated part of the bonds to be secured by pledges of such ad valorem tax as provided under sub-section (b) of this Section; or

(d) A combination of the methods prescribed under sub-sections (a) and (b) wherein all of the bonds are to be supported and secured by such ad valorem tax with the duty imposed on the County to collect tolls for use of the facilities so long as any of the bonds are outstanding so that in the manner to be prescribed in the bond resolution or the trust inden-

ture the amount of the tax to be collected from time to time may be reduced or abated to the extent that the revenues from the operation of the facilities are sufficient to meet the requirements for operation and maintenance and to provide funds for the bonds as prescribed in the indenture.

But no such bonds wholly or partially supported by an ad valorem tax shall be issued unless and until they shall have been authorized at an election at which the question of their issuance shall have been submitted.

#### Pooled Projects

Sec. 2a. Any two or more projects constructed by a county proceeding hereunder may, upon the adoption of a resolution approving the same, duly passed by the Commissioners Court, be pooled and designated as a "pooled project." Any existing project or projects may be pooled in whole or in part with any new project or projects thereof. After being so designated, such "pooled project" shall become a "project" as used in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, 1947, as amended. No project may be pooled more than once. Consistent with the resolution or order providing for the issuance of the bonds or the trust indenture securing the same, the resolution of the Commissioners Court shall set a date certain when each of the projects being authorized to be pooled shall be available for the free use of the public. Subject to the terms of any such bond resolution or trust indenture, any county proceeding hereunder is authorized to issue from time to time bonds of the county as hereinbefore authorized, including bonds which are payable either in whole or in part from the revenues of a pooled project, for the purpose of (i) paying all or any part of the cost of such pooled project or the cost of any part of such pooled project, (ii) paying the costs of constructing improvements, extensions, or enlargements to all or any part of any pooled project, or (iii) refunding any bonds then outstanding issued on account of any pooled project or any part of any pooled project, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Commissioners Court, paying the costs of constructing improvements, extensions, and enlargements to the pooled project or to any part of any pooled project in connection with which or in connection with any part of which bonds to be refunded shall have been issued. Revenues of all or any part of such pooled project may be pledged to the payment of such bonds. Improvements, extensions, or enlargements to be paid from refunding bonds issued hereunder are not restricted to and need not be constructed on any particular part of a pooled project in connection with which bonds to be refunded may have been issued but may be constructed in whole or in part on other parts of the pooled project not covered by the bonds to be re-

funded. Within the discretion of the issuing county, refunding bonds issued hereunder may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds. Any county having previously designated a "pooled project" may from time to time, subject to the terms of any bond resolution or trust indenture, add to, delete from, or otherwise amend the extent or component parts of any pooled project, which pooled project as so amended shall be and become a project as used in Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, Regular Session, 1947, as amended.

#### Federal or State Aid; Contracts; Acquisition of Property

Sec. 3. Any county proceeding hereunder may accept any loan, gift, or grant from the United States of America or the State of Texas, or any agency or instrumentality thereof, and may enter into any agreement or agreements not prohibited by the Constitution which may be necessary to obtain such loan, grant, or gift. Construction contracts may be awarded with or without advertised notice for bids in such manner as may be deemed advisable by the Commissioners Court. Such county may enter on any lands, waters, and premises for the purpose of making surveys, soundings, and examinations, and if considered advisable may exercise the right of eminent domain and may institute condemnation proceedings under the provisions of any pertinent General Law of Texas for the purpose of acquiring any property to be used or useful in connection with the project. In any condemnation suit the Court having jurisdiction may make such orders as may be just to the county and to the owners of the property to be condemned. Upon the institution of any such condemnation proceedings and upon tender of a bond or other security in sufficient sum to secure the owner or owners for damages and upon approval of such bond or other security by the Court, the county shall have the right to immediate possession of the property which is the subject matter of the condemnation proceedings and may enter thereon. The State of Texas hereby expressly grants to any such county full easements and right of ways through, across, under, and over any lands or property owned by the State which may be necessary or convenient to the construction, acquisition or efficient operation of the project.

#### Contract or Agreement for Project Construction, Acquisition, etc.; Project Feasibility Studies and Surveys

Sec. 3a. Notwithstanding anything contained herein to the contrary, any county proceeding hereunder may contract or agree with any other county, city, village, town, special district, or any other legally constituted political subdivision or agency of the State of Texas, or any combination of these, to construct, acquire, improve, operate, and maintain a project. Any such contract or agreement may pro-

vide for joint ownership of the project or for title to the project to be in any one of the contracting parties. In addition, any contracting county proceeding hereunder may issue its bonds, as authorized herein, for the purpose of paying all or any part of the cost of a project which said county is obligated to pay under any such contract or agreement. Any contract or agreement entered into under this section may contain any terms and extend for any period of time to which the parties can agree, and may provide that it will continue in effect until bonds specified in it and refunding bonds issued in lieu of those bonds are paid. If any such contract or agreement so provides, payments made thereunder shall be operating and maintenance expenses of the project, and the revenues derived from operation of such project may be pledged to such payment.

If on the effective date of this amendment any agency of the State of Texas has expended funds in the amount of \$75,000 or more for the purpose of conducting studies and surveys or making other investigations for the purpose of determining the feasibility and practicability of constructing a toll project, a county proceeding hereunder may not, without the consent of such state agency, assume sole responsibility for the construction, acquisition, improvement, operation, and maintenance of the project and thereby exclusively preempt the state agency from constructing such project; provided, however, that the foregoing restriction set forth in this sentence shall not apply to any county proceeding hereunder if such county has given the state agency written notice by certified mail of its intention to proceed with construction, acquisition, improvement, operation, and maintenance of the project and the state agency has failed or refused for any reason within six months from the date of such notice to issue its bonds in the amount required to pay the cost of the project.

#### **Bonds; Tolls; Ad Valorem Tax; Trust Indenture**

Sec. 4. The bonds issued hereunder may be authorized by resolution or order at one time or from time to time. Bonds payable from gross or net revenues may be authorized by and issued under a resolution or order of the Commissioners Court of the county issuing the bonds, and no other authorization or approval is required. However, the bonds may be presented to the Attorney General as provided by Section 2 of this article. If such bonds are payable in whole or in part from the revenues to be derived from the operation of the project, it shall be the mandatory duty of the county, which duty may be executed by an operating board appointed pursuant to Section 5b hereof, to impose such tolls and charges for the use of the project as will be fully sufficient, when taken with any other funds or revenues available for such purposes, including ad valorem taxes, to pay the maintenance and operating expenses of the project, to pay the principal of and premium, if any, and interest on the bonds

when due, to establish such reserve therefor as may be provided, and to establish an adequate fund for depreciation and replacement. However, in connection with the issuance of bonds described in Subsection (a) of Section 2 of this article, the county may authorize, in the bond resolution or order, the payment of the principal of and premium, if any, and interest on the bonds from the gross revenues of the project, and the county may levy and pledge to the payment of maintenance and operating expenses of the project and to the establishment and maintenance of a reserve fund and a depreciation and replacement fund for the project, either as a supplement to the pledge of revenues for those purposes or in lieu of a pledge of revenues, a direct continuing ad valorem tax under Article VIII, Section 9, as amended, or Article III, Section 52, as amended, of the Texas Constitution and the laws enacted under those provisions, as may be provided in the resolution or order authorizing issuance of the bonds. The proceeds of a tax pledged under this section shall be utilized annually to the extent required by the resolution or order for such purposes, and the county may provide in the resolution or order that certain costs listed in the resolution or order or all of such costs will be paid by the county from the proceeds of the tax. As to such bonds which are payable either in whole or in part from the revenues to be derived from the operation of a project, the operating and maintenance expenses of the project shall include only such items as are set forth and defined in the proceedings authorizing the issuance of such bonds. The Commissioners Court shall have full discretion in fixing the details of the bonds authorized to be issued hereunder and in determining the manner of sale thereof, provided that the bonds, whether term, serial, or combination thereof, shall mature not more than forty (40) years from their date. The bonds may contain such mandatory or optional redemption provisions and may mature in such manner and at such prices as may be determined by the Commissioners Court prior to the issuance of the bonds. All bonds issued hereunder, and any interest coupons pertaining to the bonds, on delivery shall be considered and construed to be "securities" within the meaning of Chapter 8, Business & Commerce Code, and the bonds are negotiable if they are issued in accordance with this Act. Provision may be made for registration of such bonds as to principal or interest or both. The proceeds of the bonds shall be used solely to pay the cost of the project as above defined, and shall be disbursed under such restrictions as may be provided in the bond resolution, order, or trust indenture hereinafter mentioned, and there shall be and is hereby created and granted a lien upon such moneys until so applied in favor of the holders of the bonds or any trustee provided for in respect of such bonds. Unless otherwise provided in such resolution, order, or indenture, if the proceeds of the bonds prove insufficient to pay the cost of the project, additional bonds may be issued to the amount of the deficit and shall be deemed to be of

the same issue and entitled to payment from the same fund without preference or priority of the bonds first issued. Any surplus remaining from bond proceeds after the cost of the project has been paid in full shall be used in paying interest on and retiring bonds unless otherwise provided in the bond resolution, order, or trust indenture. Prior to the issuance of definitive bonds, interim bonds, with or without coupons, exchangeable for definitive bonds may be issued. Such bonds may be authorized and issued without any proceedings or the happening of any conditions or things or the publication of any proceedings or notices other than those specifically specified and required by this Act, and may be authorized and issued without regard to the requirements, restrictions, or procedural provisions contained in any other law. The resolution or order authorizing the bonds may provide that such bonds shall contain a recital that they are issued pursuant to this Act and such recital shall be conclusive evidence of their validity and the regularity of their issuance.

If so provided by the Commissioners Court, the bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may pledge or assign tolls and revenues but shall not convey or mortgage the project itself or any part thereof. Either the resolution or order providing for the issuance of the bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county in relation to the acquisition of properties and the construction, maintenance, operation, repair, and insurance of the project, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company in this State to act as depository of the proceeds of the bonds or revenues derived from the operation of the project and to furnish such indemnity bonds or to pledge such securities as may be required by the county. Such bond resolution, order, or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. In addition to the foregoing, such bond resolution, order, or trust indenture may contain such other provisions as the Commissioners Court may deem reasonable and proper for the security of the bondholders including, but without limitation, covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become or may be declared to be due before maturity and as to the rights, liabilities, powers and duties arising upon the breach by the county of any of its duties or obligations.

**Use of County Property; Conveyances; Reconstruction of Closed or Relocated Nontoll Roads, Streets, or Highways**

Sec. 4a. Notwithstanding any other provision of law, the commissioners court may use any county land, rights-of-way, or other property, regardless of when or how the property is acquired, for the purposes of a project under this Act. The governing body of each political subdivision or agency of this state, without any form of advertisement, may convey title or right and easements to any property needed by a county for a project under this Act. If the county shall find it necessary to close or change the location of any portion of any nontoll road, street, or highway, it shall cause the nontoll road, street, or highway to be reconstructed at such a location and in such a fashion as the county shall determine will provide substantially the same access as the nontoll road, street, or highway being closed or relocated.

**Validity and Effect of Liens or Pledges**

Sec. 4b. Each lien on or pledge of revenues derived from the project or on the reserve fund, depreciation and replacement fund, or other reserves or funds established in connection with bonds issued under this Act is valid and enforceable from the time of payment for and delivery of the bonds authorized by the resolution or order of the commissioners court creating or confirming the lien or pledge. Such a lien or pledge is fully effective as to items then on hand or subsequently received, and the items are subject to such a lien or pledge without physical delivery of the items or further act. The lien or pledge is valid and enforceable against any party having a claim of any kind in tort, contract, or otherwise against the county, regardless of whether the party has notice of the lien or pledge. Neither a resolution or order authorizing the issuance of bonds under this Act nor any other instrument by which the lien or pledge is created or confirmed need be filed or recorded except in the regular records of the county.

**Rights of Bondholders or Trustee for Bondholders; Receiver**

Sec. 5. Any holder or holders of bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights by mandamus or other proceeding in any Court of competent jurisdiction to enforce his or their rights against the county and its employees and against any board which may be created to operate the project and against the agents and employees thereof, including, but not limited to, the right to require the county and such board to impose and collect sufficient tolls and charges to carry out the agreements contained in the bond resolution or trust indenture and to perform all agreements and covenants therein contained and duties arising therefrom, and to apply for and obtain the appointment of a receiver for the project. If such receiver be appointed, he may enter and take possession of

the project and maintain the project and collect and receive all revenues and tolls arising therefrom in the same manner as the county itself might do and shall dispose of such moneys and apply same in accordance with the obligations of the county under the bond resolution or trust indenture and as the Court may direct.

#### Contract or Lease Agreement

Sec. 5a. Any county proceeding hereunder after this amendment becomes effective may, within the discretion of the Commissioners Court, to the extent prescribed by the bond resolution or the trust indenture or pursuant to the provisions thereof make a contract or lease agreement under which the facilities may be operated for a period fixed therein not extending beyond the date of the maturity of the last maturing bond, by another agency, person, firm, or corporation, provided that nothing in such contract or lease shall be so interpreted as to interfere with the right of the holders of the bonds or their representatives to require proper operation and maintenance of the facilities and the payments for the benefit of the bonds as prescribed in the bond resolution or in the trust indenture.

#### Operating Board

Sec. 5b. Any county proceeding hereunder, upon a determination by the Commissioners Court thereof that a project could be developed, constructed, operated, and managed better and more efficiently by an operating board, may provide for the appointment of such an operating board. An operating board so appointed shall have and may exercise, subject to such limitations and restrictions as may be prescribed by the Commissioners Court, the same power and authority, including the power of eminent domain, as may be exercised by the Commissioners Court in regard to the development, construction, operation, and management of a project; provided, however, that an operating board appointed hereunder shall not have the power to tax or to borrow money. Without limiting the generality of the foregoing, such an operating board shall have the power and authority, subject to the restrictions and limitations prescribed by the Commissioners Court, to design the project, to acquire necessary lands or rights-of-way or other property for the project by purchase, condemnation, or otherwise, to establish and revise from time to time the rates and tolls charged for use of said project, to establish and prescribe the methods, systems, procedures, and policies for the operation, maintenance, and use of the project, and to employ consultants, attorneys, engineers, financial advisors, agents, and other employees or contractors in connection with the development, construction, operation, and management of the project.

#### Bonds Free From Taxation

Sec. 6. The accomplishment of the purposes stated in this Act being for the benefit of the people

of this State and for the improvement of their commerce and property, the county in carrying out the purposes of this Act will be performing an essential governmental function and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State.

#### Powers of Counties and of State Highway Commission

Sec. 7. The powers herein granted may be carried out by such counties and the projects may be acquired and operated and tolls and charges fixed and maintained without the consent, approval, supervision or regulation of any commission, department, bureau, agency, or officer of the State of Texas, provided, however, that nothing in this Section shall be construed to prevent the State Highway Commission from operating and maintaining the project or contributing to the cost of such operation and maintenance under such provisions as may be agreed to by the county which are not inconsistent with the rights of bondholders or the rights of any agency, person, firm or corporation then operating the project under lease or contract with the county. The State Highway Commission shall have authority without further legislative enactment to make such provision for and contributions toward operation and maintenance of the project as it may see fit, and to lease the project under such terms not inconsistent with the provisions of the bond resolution or trust indenture as may be agreed upon with the county, and to declare the project or any part thereof to be a part of the State Highway System and to operate the project or such part thereof as a part of the State Highway System, provided, however, that such declaration may be made and such operation undertaken only to the extent that property and contract rights in the project and in the bonds are not unfavorably affected thereby. When all of the bonds and interest thereon shall have been paid, or a sufficient amount for the payment of all bonds and the interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders and shall continue to be held for that purpose, the project shall become a part of the State Highway System and shall be maintained by the State Highway Commission, free of tolls.

#### Contributions by United States or by State

Sec. 7(a). The county is hereby authorized to accept from the United States Government or any of its departments or agencies or from the State of Texas or any of its departments or agencies, any contributions or assistance available from such source or sources in connection with the acquisition, construction and operation of such project and to enter into agreements with one or any of them in reference to the acquisition, construction and operation of the project.

**Bonds as Legal Investments or Security**

Sec. 7(b). All bonds issued under this law before and after this amendment shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

**Refunding Bonds**

Sec. 8. Subject to any restrictions which may appear in the aforesaid trust indenture or bond resolution, the Commissioners Court may by resolution provide for the issuance of bonds for the purpose of refunding any bonds issued under this Act and at the time outstanding. The issuance of such refunding bonds, the maturities and other terms thereof, the rights of the holders thereof, and the duties of the county in respect to the same, shall be governed by the foregoing provisions of this Act in so far as the same may be applicable, but no such refunding bonds shall be delivered unless delivered in exchange for the bonds authorized to be refunded thereby or unless sold and delivered to provide funds for the payment of matured or redeemable bonds maturing or redeemable within three (3) months.

**Bonds for Payment of Outstanding Toll  
Bridge Revenue Bonds**

Sec. 8a. When any county has heretofore issued or may hereafter issue bonds under authority of Chapter 304, Acts of the Regular Session of the Fiftieth Legislature, 1947, as amended payable from the revenues derived from tolls collected for the use of a project and which bonds are also payable from an unlimited tax authorized under Article III, Section 52, of the Constitution, and laws enacted pursuant thereto, such county acting through its Commissioners Court may, after being duly authorized in the manner provided by Article III, Section 52, of the Constitution, and laws enacted pursuant thereto, authorize, issue, and sell its bonds and use the proceeds therefrom in an amount sufficient to call, redeem, and pay off its outstanding tax and revenue bonds pursuant to the terms of said bonds, and thereby remove the pledge of the revenues from such facility and the covenants in connection with said bonds and the operation of said project, and make such project available for the free use of the public.

**Partial Invalidity**

Sec. 9. If any clause, sentence, paragraph, or part of this Act shall for any reason be adjudged by any Court of competent jurisdiction to be invalid or ineffective, such judgment shall not affect, impair, or invalidate the remainder of this Act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment has been rendered.

[Acts 1947, 50th Leg., p. 514, ch. 304. Amended by Acts 1949, 51st Leg., p. 219, ch. 122, §§ 2 to 5; Acts 1955, 54th Leg., p. 1163, ch. 446, § 1; Acts 1967, 60th Leg., p. 292, ch. 136, § 1, eff. May 8, 1967; Acts 1977, 65th Leg., p. 2160, ch. 861, §§ 1 to 7, eff. Aug. 29, 1977; Acts 1983, 68th Leg., p. 4041, ch. 630, §§ 1, 2, eff. Aug. 29, 1983.]

Section 8 of the 1977 amendatory act provided:

"If any word, phrase, clause, sentence, or part of this Act shall be held by any court of competent jurisdiction to be invalid or unconstitutional, it shall not affect any other word, phrase, clause, sentence, or part of this Act, and such remaining portions shall remain in full force and effect."

**Art. 6795c. Toll Bridges in Counties Bordering  
River Between Texas and Mexico****Acquisition Authorized; Purchase or Condemnation**

Sec. 1. Any county in this State which borders on a river between the State of Texas and the Republic of Mexico, acting through its Commissioners Court, is hereby authorized and empowered as a part of its road and bridge system to acquire a toll bridge or bridges by construction or otherwise, and to acquire any existing toll bridge or bridges with their rights and franchises and appurtenant properties, by purchase thereof from the owner or owners thereof; either by purchase of the properties as such, or, if such toll bridge or bridges are owned by a private corporation, either by purchase from it of the properties, as such, or by purchasing the capital stock of such corporation from the owner or owners of such stock, either all of the outstanding capital stock of such corporation, or a sufficient amount thereof as required under the law for the dissolution and liquidation of such corporation, and immediately liquidating such corporation, paying the debts and obligations or liabilities thereof, and winding up its business and affairs, and causing conveyance of its properties to said county, taking the title to such stock either in the name of such county or in the name of a trustee therefor, and voting or causing such stock to be voted to carry out and accomplish such purposes, all in such manner and to such effect as to vest title to said toll bridge or bridges with all their rights, franchises and appurtenant properties in such county. The purchase and acquisition of any such properties or stock of such corporation from the owner or owners thereof shall be for such price, upon such terms and conditions, and upon such covenants and agreements as may be mutually agreed upon in respect thereto, by and between such owner or owners and the Commissioners Court of such county, the action of the latter being expressed by appropriate resolution or order

consistent with the subject and purpose of this Act, but under no event shall the said bridge or bridges be acquired by condemnation under the powers of eminent domain.

**Maintenance and Operation; Eminent Domain; Franchises**

Sec. 2. Any such county thus acquiring any such toll bridge or bridges, through its Commissioners Court, shall have power to maintain and operate same, and to own, hold and control same, and to make or cause to be made any repairs, or improvements thereto, and to such end shall have all rights and privileges of acquiring property by condemnation under the power of eminent domain accruing to counties of this State for public purposes under general law. Any such county thus acquiring any such properties shall have the power to renew or extend any franchise therefor, and to obtain new or additional franchises therefor, and to do any and all things required, or that may be proper or necessary to the maintenance and operation thereof, and conduct of the business thereof, and of rendering the services thereof to the public and to the patrons of said bridge or bridges; and to such end and for such purposes shall have power to make and enter into and to carry out, observe, and perform any and all contracts, agreements, and undertakings, of any and every kind, required by the United States of America or the Republic of Mexico or any of their departments, officers, or governmental agencies, or the public authorities thereof.

**Tolls, Fees and Charges; Power of County to Collect; Purpose of Tolls**

Sec. 3. Any such county thus acquiring any such toll bridge or bridges or constructing a new toll bridge shall have power, through its Commissioners Court as expressed by appropriate resolution or order thereof, to fix and to enforce and collect tolls, fees and charges for the use thereof, and for the passage or transportation of persons or property, passengers, vehicles, freight and commodities, over and across such toll bridge or bridges. Such tolls, fees and charges shall be fixed from time to time by the Commissioners Court of such county and collected under its direction in accordance with the provisions and requirements of any permits or franchises granted or extended by any governmental authority in respect of or applicable thereto; and, subject to the provisions and requirements of such permits or franchises, such tolls, fees and charges shall be just and reasonable and non-discriminatory, as determined by the Commissioners Court of such county, and, subject to the provisions and requirements of any such permits and franchises, shall be sufficient to at least produce revenues adequate:

(a) To pay all expenses necessary for the maintenance and operation of such toll bridge or bridges, and to comply with the requirements and make all

payments necessary under the provisions of any such permits and franchises therefor;

(b) To pay the interest on and the principal of all bonds and/or warrants issued under this Act, when and as the same shall become due and payable;

(c) To pay all sinking fund and/or reserve fund payments agreed to be made in respect of any such bonds and/or warrants, and, payable out of such revenues, when and as the same shall become due and payable; and

(d) To fulfill the terms of any agreements made with the holders of such bonds and/or warrants and/or with any person in their behalf;

(e) To recover a reasonable rate of return on invested capital;

(f) Out of the revenues which may be received in excess of those required for the purposes specified in (a), (b), (c), (d), and (e) above, the Commissioners Court of any such county may in its discretion use such excess revenues for any or all of the following:

(1) to establish a reasonable depreciation and emergency fund;

(2) to retire by purchase and cancellation or redemption any outstanding bonds or outstanding warrants issued under the authority of this Act and amendments thereto;

(3) to provide needed budgetary support to local government for legitimate public purposes and for the general welfare;

(4) to apply the same to accomplish the purposes of this Act and amendments thereto;

(g) It is the intention of this Act that the tolls, fees and charges herein provided for shall be those necessary to fulfill all obligations imposed by this Act and amendments thereto, and shall be sufficient to produce revenues to comply with the above subparagraphs (a), (b), (c), (d), (e), and (f). Nothing herein shall be construed as depriving the State of Texas or the United States of America, or other appropriate agencies having jurisdiction, of its power to regulate and control tolls and charges to be collected for such purposes, provided that the State of Texas does hereby pledge to and agree with the purchasers and successive holders of the bonds and/or warrants issued hereunder that the State will not limit or alter the power hereby vested in any such county and the Commissioners Court thereof to establish and collect such tolls and charges as will produce revenues sufficient to pay the items specified in subparagraphs (a), (b), (c), (d), (e), and (f) of this Section 3 of this Act, or exercise its powers in any way which may impair the rights or remedies of the holders of the bonds and/or warrants, or of any person acting in their behalf until the bonds and/or warrants, together with interest thereon and with interest on unpaid installments of interest and all costs and expenses in connection with any acts or proceedings by or on behalf of the bondholders and/or warrant holders

and all other obligations of any such county in connection with such bonds and/or warrants are fully met and discharged.

(h) This section shall apply to international toll bridges now in existence and owned by a county or that may be acquired or controlled by a county in the future.

#### Operating Board

Sec. 3a. Any such county acquiring any such toll bridge or bridges, upon a determination by the Commissioners Court thereof that the same could be better and more efficiently operated by an operating board, may provide by either the resolution or order providing for the issuance of bonds or the trust indenture securing same that such toll bridge or bridges will be operated by an operating board to be appointed as provided in such resolution, order, or trust indenture and with such powers, except the power of eminent domain and the power to borrow money, as may be granted by such resolution, order, or trust indenture.

#### Definition

Sec. 4. The term "toll bridge, with its rights and franchises and appurtenant properties" as used herein is hereby defined to mean and include the physical properties of any such bridge together with and including all permits, grants, franchises, rights and privileges, of every kind granted or extended by the United States of America, or the Congress thereof, or by the Republic of Mexico, or the Congress thereof or any department, officer, agency or governmental authority of either of said Nations; or by any State or municipality or political subdivision of either or both of said two (2) Nations; for or in relation to or in respect of the maintenance or operation of any such toll bridge, or the collection of tolls, fees and charges for the use thereof; and including all lands, right of ways, easements, leaseholds, contractual or other interests of any kind in the land in either or both of said two (2) Nations, held or used or in any manner incident to or for the maintenance, or operation of any such bridge or the approaches thereto, or for the use or occupancy of any buildings, structures, appurtenances, appliances, roads, streets, parks, grounds, or conveniences and facilities of any kind, relating or in any manner incident thereto; including all buildings, structures, appurtenances, appliances, equipment, conveniences and facilities of every kind, held or used or in any manner incident to or for the maintenance and operation of such bridge; and including all rights and properties of every kind incident to or used for the maintenance or operation of any such toll bridge; provided, however, that any such county, in exercising the powers herein granted may acquire by purchase as herein provided, all or any part of any such toll bridge or bridges that is, either the entire bridge or only that part thereof which is situated within the State of Texas; and either all or any part of or any of the respective grants, permits,

franchises, rights, contracts, privileges, easements, leases, lands, right of ways, buildings, structures, appurtenances, appliances, equipment, facilities and other interests and items above-enumerated, as included within the meaning of the term "toll bridge with its rights and franchises and appurtenant properties" and as used in this Act, as the Commissioners Court of any such county may, in its discretion determine and deem best.

#### Parks, Recreation Grounds, Camps, Etc.; Power to Acquire Land and Sites

Sec. 5. Any such county acquiring any such toll bridge or bridges shall have the power, in connection with the maintenance and operation thereof, to acquire land and a site or sites for the purpose, adjacent to such bridge or bridges, and to construct, maintain and operate parks, recreation grounds and facilities, camps, quarters, accommodations and facilities for the use and convenience of the public; and to fix and enforce and collect fees, rentals and charges for the use thereof, which shall be just and reasonable and non-discriminatory, as determined by and fixed from time to time by the Commissioners Court of such county; and to make and enforce reasonable rules and regulations therefor, and to manage, control, govern, police and regulate the same but under no event shall the land, site or sites mentioned in this Section be acquired by condemnation under the powers of eminent domain.

#### Borrowing Money or Accepting Grants From Federal Government or Agencies Thereof

Sec. 6. To accomplish the purposes of this Act, any such county shall have the power to borrow money from any person or corporation, and, without limiting the generality of the foregoing to borrow money and accept grants from the United States of America, or from any corporation or agency created by the United States of America, or designated or empowered to act as agency thereof, and in connection with any such loan or grant, to enter into such agreements as the United States of America or such agency or corporation thereof may require in respect or in relation thereto.

#### Bonds, Power to Issue

Sec. 7. Any such county, through its Commissioners Court, shall have the power to accomplish the purposes of this Act, by the issuance, sale and delivery of its negotiable bonds; which bonds or the proceeds of the sale thereof may be used to acquire a toll bridge or bridges by construction, purchase or otherwise. In the event such bonds or the proceeds thereof are used to purchase any then existing toll bridge with its rights and franchises and appurtenant properties from the owner or owners thereof, or such part or portion thereof as may be purchased by any such county as herein provided for, either by purchase of the properties, as such, or by using such bonds or the proceeds of the sale thereof for the purchase from any owner or owners thereof of the stock of any corporation owning such toll bridge

or bridges and for the liquidation and winding up of the business and affairs of such corporation and paying the debts and obligations or liabilities thereof, and all in such manner and to such effect as to vest title to such toll bridge or bridges with their rights and franchises and appurtenant properties for such part or portion thereof as may be purchased, in said county, as provided for herein; and which bonds may be exchanged for property or sold to accomplish any of the purposes of this Act as herein provided.

**Mortgage or Pledge of Revenues to Secure Bonds; Sinking Fund**

Sec. 8. Any such county shall have the power, in respect to any such bonds issued in pursuant<sup>1</sup> of the provisions of this Act to accomplish all or any of the purposes of this Act, to mortgage or pledge all or any part of or any interest in the said toll bridge or bridges, with their rights and franchises and appurtenant properties, or any other properties acquired or to be acquired with such bonds or the proceeds of the sale thereof, and all or any part of the gross or net revenues thereafter received by such county for or in respect of any such properties so acquired or to be acquired by such county with such bonds or the proceeds of the sale thereof; to secure the payment of the principal of and interest on such bonds, and of such sinking fund and reserve fund agreed to be made in respect of such bonds and to make and enter into such covenants and agreements with the purchasers of such bonds or any person in their behalf in respect thereto and for securing the payment thereof and for providing rights and remedies to the owners and holders of any such bonds or to any person in their behalf, as the Commissioners Court of any such county may in its discretion approve, determine and provide by appropriate resolution or order adopted for such purposes; all in accordance with the provisions of this Act.

<sup>1</sup> So in enrolled bill. Probably should be "pursuance".

**Bonds to be Charge Solely on Revenues of Bridge**

Sec. 9. No bonds authorized to be issued by this Act shall ever be a debt of the county issuing them, but shall be solely a charge upon the revenues of the toll bridge or bridges and appurtenances constructed and acquired through the issuance of such bonds and shall never be reckoned in determining the power of the county to issue any bonds for any purpose authorized by law. Each such bond shall contain this clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation." Bonds issued hereunder may be presented to the Attorney General for his approval and if such bonds have been issued in accordance with the Constitution and laws of this State, they shall be approved by the Attorney General and shall be registered by the Comptroller of Public Accounts in the same manner as provided for the approval of tax bonds

issued by counties of this State. After such approval and registration the bonds shall be incontestable.

**Additional Bonds; Trust Indenture**

Sec. 10. When any county has bonds outstanding payable from the revenues of any toll bridge or bridges, additional bonds may be issued to the extent and under the conditions prescribed by the provisions of the outstanding bonds and the proceedings relating thereto including the provisions of any trust indenture securing such outstanding bonds, and any such additional bonds may be secured by a pledge of and lien on the net revenues of the bridge or bridges on a parity with such outstanding bonds to the extent, in the manner, and under the conditions set out in the proceedings and/or the trust indenture securing and authorizing such previously issued and outstanding bonds. After any such county shall have acquired a toll bridge or bridges under the provisions of this Act it may in the manner herein prescribed with relation to the issuance of original bonds, issue and deliver subsequent bonds for the purpose of repairing or improving or reconstructing or replacing a toll bridge or bridges, or for any one or more of such purposes, subject only to the restrictions contained in the resolution or orders of the Commissioners Court authorizing the original bonds and in the deed of indenture, if any, securing such original issue of bonds.

**Bonds; Payable Solely From Revenues; Tolls Fixed to be Sufficient to Pay; Depository of Proceeds**

Sec. 11. The bonds issued hereunder may be authorized by resolution or order at one time or from time to time. Such bonds shall be payable solely from the revenues to be derived from the operation of the toll bridge or bridges referred to in the bond proceedings and it shall be the mandatory duty of the Commissioners Court to impose such tolls and charges for the use of the bridge or bridges thus encumbered as will be fully sufficient to satisfy all the purposes set forth in Section 3 of this Act. The Commissioners Court shall have full discretion in fixing the details of the bonds and in determining the manner of sale thereof. All bonds issued hereunder shall and are hereby declared to have all of the qualifications and incidents of negotiable instruments under the Negotiable Instrument Law of Texas. If so provided by the Commissioners Court bonds may be secured by a trust indenture by and between the county and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State of Texas. Such trust indenture may either pledge or assign the tolls, fees and revenues or mortgage the bridge or bridges or any part thereof, or both. Either the resolution or order providing for the issuance of the bonds or the trust indenture securing same may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting

forth the duties of the county with relation to the acquisition of properties and the construction, maintenance, operation, repair and insurance of the bridge or bridges and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company in this State to act as depository of the proceeds of the bonds or revenues derived from the operation of the bridge or bridges and to furnish such indemnity bonds or to pledge such securities as may be required by the county.

#### Depository of Proceeds

Sec. 12. If such bonds are sold for cash, the proceeds of the sale thereof shall be deposited in such depository and shall be paid out pursuant to such terms and conditions, as may be agreed upon between the Commissioners Court and the purchasers of such bonds.

#### Rights of Bondholders; Receivers

Sec. 13. Any holder or holders of bonds issued hereunder, including the Trustee or Trustees for such holders, shall have the right in addition to all other rights, by mandamus or other proceedings in any court of competent jurisdiction to enforce his or their rights against the county and its officers and employees including, but not limited to, the right to require the county and its Commissioners Court to impose and collect sufficient tolls and charges to carry out the agreements contained in the bond resolution or trust indenture, and to perform all agreements and covenants therein contained and duties arising therefrom, and to apply for and obtain the employment of a receiver for the bridge or bridges. If such receiver be appointed, he may enter and take possession of such bridge or bridges and maintain them and collect and receive all revenues and tolls arising therefrom in the same manner as the county itself might do and shall dispose of such moneys and apply same in accordance with the provisions of the county's obligations under the bond resolution or order or trust indenture and as the court may direct.

#### Amounts and Denominations of Bonds; Interest Rate; Coupon or Registered; Place of Payment

Sec. 14. Any such bonds issued by any such county in pursuance of and to accomplish the purposes of this Act, shall be in such aggregate principal amount or amounts, of such denominations, shall bear such date or dates, and be of such maturities, bearing interest at such rate or rates, not exceeding six per cent (6%) per annum, payable annually or semiannually on such respective dates, in such form, containing such terms, provisions and conditions, either coupon or registered, with such registration privileges, such provisions for the call or redemption thereof before maturity, payable at such place or places within or without the State of Texas, as the Commissioners Court of any such county may in its discretion approve and determine and provide by resolution or order adopted for such purposes.

#### Sale or Exchange of Bonds; Cash or Terms

Sec. 15. Any bonds issued by such county in pursuance of and to accomplish the purposes of this Act may either be:

(a) Sold for cash, at private or public sale, at such price or prices as the Commissioners Court of such county may determine, provided that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed six per cent (6%); or

(b) May be issued on such terms as the Commissioners Court of any such county shall determine in exchange for property of any kind, real, personal or mixed, or any interest therein, which the Commissioners Court of such county shall determine to be proper and necessary to accomplish any of the purposes of this Act; or

(c) May be issued in exchange for like principal amount of any other bonds of such issue matured or unmatured.

#### Exemption From Taxation; Property and Bonds

Sec. 16. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their commerce and property, the county in carrying out the purposes of this Act will be performing an essential governmental function and shall not be required to pay any tax or assessment on the properties acquired hereunder or on any part thereof and the bonds issued hereunder and their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State. It is provided, however, that any such county which may acquire any such toll bridge or bridges by purchase from private owner or owners thereof may make payments in lieu of ad valorem taxes previously paid by such private owner or owners to any common or independent school district in which such properties are situated. Any payments so made shall be in such amounts as may be determined upon by the Commissioners Court and shall be considered as an operation expense for all purposes of this Act.

#### Refunding Bonds

Sec. 17. Subject to any restrictions which may appear in the bond resolutions or orders or in the trust indentures pertaining to the issuance of bonds hereunder, the Commissioners Court may by resolution or order provide for the issuance of bonds for the purpose of refunding any bonds issued under this Act and at the time outstanding.

#### Bonds; Legal Investments

Sec. 18. All bonds issued under the law are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trus-

tees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts or other political corporations or subdivisions of the State of Texas, including the State Permanent School Fund; and such bonds shall be lawful and sufficient security for such deposits to the extent of their par value, when accompanied by all unmatured coupons appurtenant thereto.

#### Referendum Not Necessary

Sec. 19. Such counties may purchase such properties and issue such bonds as are herein provided and may use such bonds or the proceeds of the sale thereof for the purchase of any such properties, or to accomplish any other purposes of this Act by action of its Commissioners Court as expressed by resolution or order authorizing and effecting same, and without the necessity of any referendum, and without the necessity of calling or holding any election to authorize any such action, and without the necessity of giving or publishing any notice of intention to acquire any such properties or to issue any such bonds, and without the necessity of advertising or calling for any competitive bids in respect thereto.

#### Limitations on Authority of Counties

Sec. 20. Nothing in this Act shall authorize any such county acting in pursuance hereof or to accomplish any of the purposes hereof, to levy or collect any taxes or assessments therefor or in any respect thereto or to pledge the credit of the State in any manner; or to issue or sell or deliver any bonds or to create any obligations of any kind or to incur any liabilities of any kind or to make or enter into any contracts or agreements of any kind, to be paid or performed or met or discharged out of or from any taxes or assessments. This Act shall constitute full authority for the authorization and issuance of bonds hereunder and no other act or law with regard to the authorization or issuance of obligations, or the deposit of the proceeds thereof in any way impeding or restricting the carrying out of the acts and things herein authorized to be done shall be construed as applying thereto or to any acts or proceedings taken hereunder and acts or things done pursuant hereto and for the accomplishment of the purposes of this act.

#### Act Cumulative of Other Laws

Sec. 21. This Act is declared cumulative of all other acts and laws; and the powers, rights, privileges and functions hereby conferred on any such county, shall not prevent the exercise by any such county of any and all other powers, rights, privileges, or functions conferred upon such county by any other act or law now existing or hereafter enacted.

#### Liberal Construction of Act

Sec. 22. This Act and all of the terms and provisions thereof shall be liberally construed to effectuate the purposes set forth herein.

#### Art. 6797a. Interstate Bridges

##### Allotment of Aid Authorized

Sec. 1. The State Highway Department of the State of Texas is hereby authorized and empowered to make an allotment of aid from any moneys available and to expend funds of said department to acquire, construct and maintain any bridge across or spanning any stream or portion of any stream constituting a boundary between the State of Texas and any other State in an amount not to exceed one half of the amount necessary to acquire, construct or maintain any such bridge, subject to the provisions hereof.

##### Application

Sec. 2. The provisions of this Act shall not apply in any instance wherein any such State adjoining the State of Texas has not enacted a statute making provisions for the acquirement, construction and maintenance of such bridge as between such State and the State of Texas and for the use of such bridge by the public without charge, nor where such bridge does not connect designated highways of the respective State and the State of Texas.

##### Agreements With National Government and Other States

Sec. 3. The State Highway Department of this State is authorized and empowered by the authority of the Governor to enter into negotiations with, and consummate contracts and agreements with such departments of adjoining States, and with the departments of our National Government, to carry out the purpose of this Act, and in all instances to look to the purpose of furnishing to the traveling public substantial bridges across our State boundaries for its use, without charge.

##### Purpose and Intent of Act

Sec. 4. It is the purpose and intent of this Act to furnish to the traveling public, bridges across our State Boundary for its use without charge, and to elicit the co-operation of each State adjoining the State of Texas, in enacting a similar statute to this Act and to assent to the provisions of an Act of the Sixty-Fourth Congress of the United States, approved July 11, 1916, and being "An Act to provide that the United States shall aid the States in the construction of rural post roads, and for other purposes";<sup>1</sup> and to ask an Act of the Congress of the United States whereby bridges spanning streams which are boundaries between the States and connecting designated highways of such States, may be condemned for public use and travel without charge and to provide the manner of such condemnation and to provide for and make appropriations for

acquiring, constructing and the maintenance of such bridges.

<sup>1</sup> Act of July 11, 1916, c. 241, 39 Stat. 355.

#### Acquisition of Bridges Across Red River and Franchises

Sec. 4-a. In the event the Highway Commissions of the States adjoining the State of Texas are unwilling, or are unable by the provisions of their laws, to join with Texas in acquiring bridges and franchises across Red River: Then in such event the Highway Commission of Texas is authorized to acquire such bridges and franchises as may cross the northern boundary of Texas over Red River, without the joinder of such neighboring States or their Highway Commissions. Provided, however, that in such purchase the replacement value of the physical properties only shall constitute the purchase price, and in no event shall more than Fifty Thousand Dollars (\$50,000) be expended; and provided, further, that the Highway Commission of Texas is hereby authorized only to purchase such bridges as may have owned a right of operation existing for forty (40) years or more prior to the date of this Act.

[Acts 1927, 40th Leg., p. 252, ch. 175. Amended by Acts 1935, 44th Leg., p. 641, ch. 256, § 1.]

#### Art. 6797b. Acceptance of Federal Aid for Construction of Toll Bridges

Sec. 1. The provisions and benefits of the Act of Congress authorizing the extension of Federal Aid for construction of toll bridges on highways forming a part of the Federal system, under certain conditions and limitations, 44 United States Statutes 1398, approved March 3, 1927<sup>1</sup>, be and the same is hereby accepted; and the State Highway Department of this State is authorized and empowered to cooperate with the Federal Bureau of Roads in the construction of such toll bridges under the provisions of said Act of Congress, including inter-state bridges over streams constituting the boundary line between the State of Texas and an adjoining State; to appropriate and use State Highway Funds for such purpose; to fix, levy and collect such tolls as provided by the said Act of Congress, to the end that such bridges may become free, as contemplated or provided by the said Act of Congress; and to do all such acts and things as may be necessary or proper to give effect to the intent and purpose of this Act.

Sec. 2. This Act shall include inter-state bridges over streams forming the boundary line of the State of Texas and another state and when such bridge or bridges are constructed jointly by the State of Texas and an adjoining State of Highway Commission shall have authority to cooperate and join with the appropriate authorities of such adjoining state in

fixing, levying and collecting such tolls to carry out the provisions of this Act and the Act of Congress.

#### Art. 6797c. Removal of Bridges Obstructing Intracoastal Waterways

The State Highway Commission of Texas, at the request of the United States Government, or any of its authorized agents, is hereby authorized, out of any funds available for such purpose, to remove Highway Bridges obstructing the construction of the Intracoastal Waterway of Louisiana and Texas now being dredged by the United States Government, and to replace and maintain such of said Bridges as the State Highway Commission of Texas deems necessary, to be paid for out of any funds available for such purpose.

[Acts 1935, 44th Leg., p. 392, ch. 150, § 1.]

## 2. FERRIES

#### Art. 6798. Right to Maintain

Every person owning the land fronting upon any water course, navigable stream, lake or bay, shall be entitled to the privilege of keeping a public ferry over or across the same. If he owns the lands on both sides or banks he shall be entitled to the sole and exclusive right of ferriage at such place; if he owns the lands on one side only, he shall have the privilege of a public ferry from his own shore, with the privilege of landing his boat and passengers on the opposite shore, with the consent of the owner of the land on said shore. If such consent cannot be obtained, he may apply to the commissioners court for the establishment of a public road from said opposite shore; and said court shall act on such applications as in other cases.

[Acts 1925, S.B. 84.]

#### Art. 6799. License

No person shall keep any such ferry for hire without first procuring a license from the commissioners court of the county in which such ferry is situated. If the applicant for such license shows that he is the lawful owner of such land as the ferry is sought to be established on, and satisfies the court that the public convenience will be promoted thereby, such court shall grant such license for one year from the date thereof, when the applicant makes bond and produces his receipt from the county treasurer for the payment of the annual license tax, which said court is authorized to assess and collect from each such ferryman, not to exceed one hundred dollars per annum. Such license shall be renewed annually.

[Acts 1925, S.B. 84.]

#### Art. 6799a. Keeping Ferry Without License

Whoever shall keep any ferry over any water course, navigable stream, lake or bay in this State,

and shall charge or receive any money, property, or other valuable thing for crossing passengers or property at such ferry, without first obtaining license as required by law, shall be fined not less than fifty nor more than two hundred dollars.

[1925 P.C.]

**Art. 6799b. Failure to Keep Good Boats, etc.**

If the owner of any licensed ferry in this State shall fail to keep at all times good, safe and substantial boats, sufficient in number for the ready accommodation of the public, or shall fail to keep the banks on each side of the ferry in good repair, and so graded that the ascent shall not exceed one foot in every seven feet from the water's edge to the top of the bank, or shall fail to give ready attendance on all passengers desiring to cross with their animals, wagons or other property, or shall charge higher rates of ferriage than those fixed by the proper authority, he shall be fined not less than ten nor more than one hundred dollars.

[1925 P.C.]

**Art. 6800. Bond**

The owner of each ferry shall annually enter into bond payable to and to be approved by the county judge, in such sum as the commissioners court shall direct, not less than one thousand dollars, conditioned that such owner will at all times keep good and sufficient boats for the use of such ferry, and will also keep the banks on each side of the ferry in good repair and so graded and leveled that the rise shall not exceed one foot in every seven feet from the water's edge to the top of the bank, and that said ferry shall be well attended at all times, and that he will comply with the laws relating to or governing ferries. Any person injured by breach of such bond may sue thereon in his own name. Such bond may be sued on until the whole penalty is recovered.

[Acts 1925, S.B. 84.]

**Art. 6801. Rates of Ferriage**

When a commissioners court shall establish a ferry, they shall state in their record the rate of toll or ferriage which may be demanded for ferrying such property as is usually transported by ferries; and may, at their first term in each year, and shall at any other term, upon the petition of twenty respectable citizens of the county, revise, and, if deemed expedient, change the rates of toll or ferriage at all ferries in their county. The county clerk shall record all rates of ferriage and changes therein and deliver copies thereof, under his hand and official seal, to the owners of ferries affected. No change of rate shall take effect until the expiration of thirty days from the day on which said change may be made.

[Acts 1925, S.B. 84.]

**Art. 6802. Swimming Cattle**

The commissioners court shall not authorize a charge of more than one cent per head on cattle or horses swimming rivers at licensed ferries, including the use of pens and boats necessary for the control of such stock.

[Acts 1925, S.B. 84.]

**Art. 6803. To Post Rates**

Every owner of a ferry license shall keep a list of the rates of toll or ferriage established for his ferry posted up at either the ferry or ferry house, for the inspection of all persons. If any such owner shall fail or neglect to do so, he shall forfeit and pay the sum of four dollars for every such neglect, which may be recovered before any justice of the peace of the county on the complaint of any person, one-half of said amount to go to the county and the other half to the prosecutor. Every week that he shall so fail or neglect shall be deemed a separate offense for which he shall be liable as aforesaid.

[Acts 1925, S.B. 84.]

**Art. 6804. Excessive Rates**

If any licensed ferryman shall charge and receive from any person a higher rate of toll or ferriage than has been established for his ferry by the commissioners court, he shall forfeit and pay to such person five dollars for every such offense, to be recovered by action before any justice of the peace of the county in which the ferry is established, with costs of suit.

[Acts 1925, S.B. 84.]

**Art. 6805. Duties of Ferryman**

Every licensed ferryman shall at all times keep good and sufficient boats for the use of such ferry, and shall keep the banks on each side of the ferry in good repair, and so graded and leveled that the rise shall not exceed one foot in every seven feet from the water's edge to the top of the bank; and shall give ready and due attendance on all passengers, horses, wagons, and other property.

[Acts 1925, S.B. 84.]

**Art. 6806. Delays**

If any person licensed to keep a ferry shall, on being tendered his lawful fees, refuse or neglect without a reasonable cause, to cross any person or property usually transported by such ferry, he shall, for every delay of thirty minutes, forfeit and pay to the person injured the sum of two dollars, to be recovered by action before any justice of the peace of the county in which the ferry is situated, with costs of suit.

[Acts 1925, S.B. 84.]

**Art. 6807. Refusal to Operate**

Where any owner of a ferry shall refuse to keep up the same at the rates allowed by the commission-

ers court, said court may issue a license to any one who will do so. In such case the party receiving such license shall be bound to take the ferry boat in use at said ferry, if desired by the owner, at such valuation as two respectable citizens of the vicinity, one to be chosen by each party, shall place upon it.

[Acts 1925, S.B. 84.]

#### Art. 6808. Recovery From Sureties

In all cases where a recovery shall be had against the ferryman for violation of this law, if after judgment, execution shall be returned that no estate of such ferryman can be found whereon to levy and make the money demanded in such execution, the justice to whom such execution is so returned shall cite the sureties of such ferryman to appear and show cause why judgment should not be rendered against them for the amount of the execution that is not satisfied, and unless such cause is shown, judgment shall be entered and execution issue therefor.

[Acts 1925, S.B. 84.]

#### Art. 6809. Temporary License

One wishing to establish a public ferry between the regular terms of the commissioners court may obtain a temporary license for such ferry from the county judge, which shall authorize him to keep such ferry until the next regular term of the commissioners court for the county, and to charge and receive for such time such rates of toll or ferriage as are charged at other ferries on the same water course, stream, lake or bay.

[Acts 1925, S.B. 84.]

#### Art. 6810. County Boundary Stream

If the banks of any water course, navigable stream, lake or bay lie in different counties, the application for a license to operate a ferry between such banks shall be made to the commissioners court of the county wherein the applicant resides or has his ferry house, and upon the granting of such license by the said court, the person so licensed shall have the right to own and operate a ferry upon the same terms and conditions and with the same rights and privileges as are provided by this subdivision for the owners or keepers of ferries operated exclusively in one county, and no county tax shall be assessed and collected upon a ferry by any other commissioners court than the one granting the license therefor.

[Acts 1925, S.B. 84.]

#### Art. 6811. State Boundary Stream

When a water course, navigable stream, lake or bay forms a part of the boundary line of this State, if any tax or charge shall be assessed or collected by any such adjoining State for the privilege of a ferry landing on the shore or bank of such State from this State, then the same tax or charge may be assessed and collected by the commissioners court

for the like privilege of landing on the bank or shore of this State.

[Acts 1925, S.B. 84.]

#### Art. 6812. Unlicensed Ferry

If any person shall keep any ferry over any water course, navigable stream, lake or bay, for which he shall charge any person any money or other valuable thing, without complying with the provisions of this subdivision in relation to paying the tax, obtaining license and entering into bond, he shall forfeit and pay to every other person having a licensed ferry on the same water course, stream, lake or bay in the same county five dollars for every person so ferried, and the same sum for every wagon or other article so transported which may be subject to a separate charge, to be sued for and recovered before any justice of the peace of the county, with costs of suit; and shall forfeit and pay a like sum in like manner to the county, which may be sued for and recovered in like manner by the county treasurer.

[Acts 1925, S.B. 84.]

#### Art. 6812a. Ferries Connecting State Highways, Acquisition by State Highway Department

Sec. 1. The State Highway Department is hereby authorized to acquire by purchase, and/or to construct, maintain, operate and control ferries, out of the Highway Fund of the State of Texas, over and across any bay, arm, channel or salt water lake emptying into the Gulf of Mexico, or any inlet of the Gulf of Mexico, any river or other navigable waters of this State where such ferries connect designated State highways, and which may be made self-liquidating or partially self-liquidating by the charging of tolls for the use thereof.

Sec. 2. That the provisions of this Act shall not apply in any instance where any State adjoining the State of Texas has not enacted a Statute making provisions for the acquirement, construction and maintenance of ferries as between such state and the State of Texas, and for the use of such ferries by the public with or without charge as both States may agree, but such ferries must connect designated highways of the adjoining State and the State of Texas.

**Rules, Regulations, Plans and System**

Sec. 1. In all counties in this State having a population of more than one hundred and ninety-eight thousand (198,000) inhabitants, and less than four hundred thousand (400,000) inhabitants according to the last preceding Federal Census, and wherein is situated an incorporated city having a population in excess of two hundred and fifty thousand (250,000) inhabitants according to the last preceding Federal Census, the Commissioners Court of such counties shall have full power and authority, and it shall be its duty to adopt, at a meeting of said court of which the county judge and at least three (3) of the county commissioners of said counties shall be present and cause to be recorded in the minutes of said court, and put into effect such rules, regulations, plans and system for the maintenance, laying out, opening, widening, draining, grading, constructing, building and repairing of the public roads of said counties, other than the State highways located therein, as the available funds of the counties will permit so as to facilitate travel between the communities thereof, subject to and in harmony with the duties of the county engineer as herein specified. Where such rules, regulations, plans and system have already been adopted by the Commissioners Court of such counties and are of record, it shall not be necessary to repeat the same in the absence of public necessity therefor, but same may be amended and supplemented from time to time as the public needs may require.

**County Engineer**

Sec. 2. The Commissioners Court of each such county shall appoint a county engineer, but the selection shall be controlled by considerations of skill and ability for the task; such engineer may be selected at any regular meeting of the Commissioners Court, or at any special meeting called for that purpose, and such engineer shall hold his office for a period of two (2) years, his term of office expiring concurrently with the terms of other county officers, but may be removed at the pleasure of the Commissioners Court. Such engineer shall receive a salary to be fixed by the Commissioners Court not to exceed Ten Thousand Dollars (\$10,000) per year, to be paid out of the second-class road and bridge fund; such engineer before entering upon the discharge of his duties, shall take the oath of office prescribed by law, and shall execute a bond in the sum of Fifteen Thousand Dollars (\$15,000), with a good and sufficient surety or sureties thereon, pay-

able to the county judge of said county and his successors in office in trust, for the use and benefit of the road and bridge fund of said county, to be approved by the court, conditioned that such engineer will faithfully and efficiently discharge and perform all of the duties required of him by law and by the orders of said Commissioners Court and shall faithfully and honestly and in due time, account for all the money, property and materials placed in his custody.

**Classification and Record of Roads**

Sec. 3. The county engineer shall, under the direction of the Commissioners Court, and as soon as practicable, classify all public roads in such county, and such classification when completed, and when approved by the court, shall become a part of the permanent records, of roads and bridges, of said counties. He shall prepare a suitable map on which shall be delineated in appropriate colors the various roads which shall be designated as first, second and third class roads; said map shall show to which class each road belongs and the nature of its construction. He shall make a complete indexed record of each county road in the county, together with all bridges; said records shall show when each county road was dedicated to the use of the public, a complete description as to location, measured length, width of right of way, character of construction and terminals of same.

Each road shall be indexed in said record by the same number and name as it is delineated on said map. As new roads are opened and improved, and the existing roads are widened or improved so as to change their class, such facts shall be added to the record of such roads in the "Records of Roads." Such information shall be made available to the public; provided, however, that any omission in respect to the above requirement shall not invalidate any contract for the construction or repair of any road or highway in said county, and where such classification, records and indexes have heretofore been prepared there shall be no necessity to repeat the same in the absence of public necessity therefor, but same may be amended, added to or taken from as the facts and public need may demand.

**Inventory and Appraisal of Equipment; Disposal and Purchase**

Sec. 4. The county engineer shall at the end of every three (3) months, acting in conjunction with the county purchasing agent of said county, make a complete inventory and appraisal of all tools, machinery, equipment, materials, trucks, cars, and other property owned by the second-class road and bridge fund, and transmit the same in written form to the Commissioners Court and the county auditor, which written report shall be kept as a "Permanent Inventory Record" by the county auditor, and when any of said tools, machinery, trucks, cars and other property and equipment become unusable, the Commissioners Court shall enter an order upon the

minutes of the court, stating such facts and the reason for disposing of such equipment and shall have authority to dispose of same as it deems best. When in its opinion it is necessary to purchase other machinery, supplies, tools and other equipment and materials, the Commissioners Court shall enter an order on the minutes showing the necessity therefor. All equipment purchased or acquired as herein specified, shall be shown on the "Permanent Inventory Record."

#### Employees

Sec. 5. The Commissioners Court shall employ all help necessary for the discharge of their public service. Such employees shall receive such compensation as may be fixed by the court, but in all such cases an order shall be passed and entered on the minutes of the court, showing in each case the public necessity for such employment and the amount of compensation to be paid each employee and the fund out of which it is to be paid.

#### Daily Time Sheet

Sec. 6. The engineer shall keep, or cause to be kept, in duplicate a daily time sheet which shall show the amount of time and the character of work performed and the place where the same is performed by each person working for the county on road maintenance or construction, and such other records in connection therewith as the Commissioners Court and the county auditor may require, one (1) copy of which shall be furnished the county auditor, and one (1) copy shall be retained in the office of the engineer.

#### Master Plan

Sec. 7. The county engineer shall, when funds are available and when authorized by the Commissioners Court to do so, make a careful and thorough survey of all roads at that time opened and constructed with a view of determining what new roads and connections of roads should be opened and constructed, as well as what roads should be widened and improved. In making such survey, he shall take into consideration the convenience of the traveling public, and especially the convenience of the citizenship of the county, so that each community or part of the county shall have easy and practical connection with the other and with the State highway system of roads in said county, thereby furnishing to the citizenship of the county a convenient means of ingress and egress into and out of every city and town, as well as every other community in the county. The roads indicated in such surveys to be opened and constructed, as well as existing roads that are designated to be widened and improved, shall be located and designated with a view of giving the entire county an efficient road system. The Commissioners Court shall, in selecting roads or new roads, as well as the improvement of existing roads, look to the density of the population, the amount of traffic that will normally flow

over such roads. Such survey, when completed by the engineer, and when adopted by the Commissioners Court at a regular meeting thereof, shall be known as the "Master Plan." When such "Master Plan" has been completed, and adopted by the court as herein stipulated, the same shall be made in permanent record form and kept by the county engineer, and after such adoption, all new construction, widening and permanent improvement shall be done in accordance with such "Master Plan" with a view of ultimately completing the same, both as to location and character of construction. The construction and completion of said "Master Plan" shall proceed as the available funds of the county will permit, and each unit of such construction shall be made in accordance with such "Master Plan." The order in which the roads or projects in the construction of said "Master Plan" are constructed shall be determined by the county engineer, with the approval of the Commissioners Court and in determining the priority of roads or projects, the engineer and court shall take into consideration the necessity and convenience of the public and shall give priority to those roads or projects that will result in the greatest service to the greatest number of the citizenship of the county, looking at all times to the entire county as a unit and wholly disregarding precinct lines.

#### Adoption and Alteration of Master Plan

Sec. 8. The Commissioners Court shall, when said "Master Plan" is submitted to them for adoption, or if after adoption an amendment or change thereto shall be deemed advisable, set a date at a regular meeting of the Commissioners Court called for that purpose, and give public notice thereof at least two (2) weeks in advance of such meeting and the purpose thereof, inviting the citizenship of the county to be present and protest any part of said "Master Plan" and also to make such suggestions as they deem pertinent in connection with same, or any change therein, but the decision of the Commissioners Court shall become and be final and conclusive as to said "Master Plan", and no succeeding Commissioners Court shall have the power or authority to alter and/or change or amend any of the provisions thereof except by unanimous vote of the Commissioners Court. Provided, that where such "Master Plan" has once been adopted, there shall be no necessity to repeat the same in absence of public necessity therefor, but same may be amended and altered when public necessity therefor is shown, and after notice is given as hereinabove provided.

#### Subdivisions and Additions

Sec. 9. Many subdivisions and additions, for residential, industrial and commercial purposes, lying and being outside the corporate limits of any city, town or village, have in recent years been platted and such plats and dedications approved by Commissioners Courts and filed for record in such counties. And many more such subdivisions will hereafter be prepared and submitted to Commissioners Courts of

said counties. The platting and dedicating of such additions and the consequent sale of lots in such subdivisions have caused the rapid development of such subdivisions and consequent increase of traffic in, on and along the dedicated streets in said additions and subdivisions, and it shall be the duty of the county engineer and the Commissioners Court to cause the "Master Plan" to be conformed to such needs and demands of such subdivision by constructing adequate highways leading from such subdivisions to the county seat, provided that from and after the passage of this Act the Commissioners Court, before approving the plat or plan of any subdivision lying outside the corporate limits of any city, town or village, as required by Article 6626 of the Revised Civil Statutes of the State of Texas, 1925, as amended, shall require such subdivider to enter into a written contract and agreement with the county that such subdivider or dedicator will grade, and gravel, all streets and provide all necessary drainage structures within such tract of land so subdivided. Such street improvements and drainage structures shall be in accordance with standard plans and specifications prepared by the county engineer. Such contract shall be for the benefit of any person or persons, firm or corporation who may thereafter acquire by purchase or otherwise any lot or lots in said addition or subdivision, and the faithful performance of said contract as to the initial improvements of said streets shall be deemed a part of the consideration paid for said lot and be read into the contract of sale of same, and such contract shall be enforceable at the instance, and suit if necessary, of the owner or owners of any of said lot or lots in a given subdivision suing singly or as a group or class. After such initial street improvements have been completed in accordance with such plans, said streets then become and remain a part of the county road system and shall be maintained by the county unless and until included within the corporate limits of some city, town or village capable of maintaining its own streets.

#### Payment of Employees

Sec. 10. It shall be the duty of the county auditor to compute the pay for all employees under the court's supervision from time sheets furnished him by the engineer, and no check or warrant shall be issued in favor of any such employee without the approval of such auditor. It shall be the duty of said auditor to see that no employee is paid for time not actually served by such employees and to this end he shall have authority, and it is hereby made his duty, at such time or times as he deems advisable, to check any or all of such employees while they are actually engaged in work. Nothing in this Act, however, shall be construed as repealing or being in conflict with the provisions of Article 2372g-1, Vernon's Revised Statutes of 1925.

#### Special Counsel

Sec. 11. The Commissioners Court shall have the authority to employ special counsel, learned in the law, to advise the court or the Commissioners thereof in all matters wherein the services of counsel may be required, and also to conduct the litigation of the county in which the interests of the county may be involved, which employment may be made for such time and on such terms as the Commissioners Court may deem proper and expedient.

#### Surveys, Plans and Specifications; Gradings; Drainage; Culverts and Bridges

Sec. 12. Before actual construction shall have begun on any road or highway so to be improved, the county engineer, under the direction of the Commissioners Court, shall make careful and accurate surveys of the roads and highways to be improved, and shall file with the records of the courts plans and specifications and estimates as to the cost thereof. Provided, that the provisions of this Section shall not apply to work done by county convicts. As far as practicable, all such roads shall be thoroughly graded and drained, and all roadbeds, bridges, culverts and drain pipes shall be of durable material, the bridges to be of steel or cement and the drain pipes of vitrified clay or of material equally durable and lasting. All culverts and bridges on first and second-class roads shall not be less than twenty-four (24) feet in length and of sufficient strength to support all forms of motor traffic, and the weight of all farm and road engines.

#### Acquisition of Land; Condemnation

Sec. 13. Whenever in the judgment of the Commissioners Court it shall be or become necessary to lay out and construct any road or highway in or through the county or any part thereof, whether said road extends through any city, town, village, hamlet, community or otherwise or whenever it shall be or become necessary in the judgment of the Commissioners Court to occupy any land, in town or county, for the purpose of constructing, building, opening, widening, straightening, draining, grading, improving, repairing or maintaining any public road or highway of said counties or any part thereof, said court, through the agents and employees of the county may enter upon, occupy and take such land, paying therefor, if the owner thereof and said court can agree on the price thereof, as to the value of the land so taken and the amount of damage, if any there be to the remainder, but if such owner and the Commissioners Court cannot agree with respect to such value or damage or both, then said county may proceed to condemn such land for any of the purposes hereinabove mentioned in the same manner as now or may hereafter be prescribed by law for condemnation by railroad corporations and may condemn land for right of way under such proceeding with a right to invoke the Statutes, in so far as the same may be applicable for the exercise of the right

of eminent domain by railroad corporations except that, in no case, shall the county be required to give bond or to deposit more than the amount assessed by the Commissioners in condemnation; provided, however, that nothing contained in this Section shall be held to repeal the provisions of the General Law now in force or that may hereafter be passed relating to the opening or construction of public roads by a jury of view, but this Section shall be held to be cumulative thereof, and the Commissioners Court of said county may, at the option of said court, in such cases proceed under the provisions of such General Law or under the provisions of this Act according as same may be best adapted, in the judgment of said Commissioners Court, to expedite the relief sought to be obtained.

#### Drainage of Railroad Rights of Way

Sec. 14. Whenever it shall be made to appear to the satisfaction of said Court that it is necessary for the better drainage of any public road or roads within said county that the ditches along the right of way of any railroad in the county should be emptied and drained, said court may, by an order entered upon its minutes at a regular or special term of the court, require any such railway whose ditches or borrow pits are so constructed or so out of repair as to impede the easy and rapid flow of water accumulating on, along or near its right of way to the nearest gully, ravine, creek, water course or outlet, and it shall be the duty of said railway in reference to which said order is made and entered within sixty (60) days after a certified copy of said order shall have been delivered to any general officer of such railway company or to any of its agents in said county to supply proper and sufficient drainage in the premises and within sixty (60) days thereafter to commence the work so ordered to be done and to continue such work with reasonable dispatch until its completion. In the event such railway company, its officers and agents shall fail to commence work within sixty (60) days from the date of service of a certified copy of such order, or having begun shall fail to finish the same within a reasonable time, the Commissioners Court may have such work performed, keeping an accurate account of the money expended upon said work, and said money so expended being reasonable in amount, may be recovered from the railway company along whose right of way said work was done at the suit of the county for the benefit of its road and bridge fund in any court of competent jurisdiction.

#### Payment of Road Taxes; Overseers

Sec. 15. In such county the payment of road taxes by labor is abolished and all provisions of laws concerning overseers shall be of no further force or effect.

#### County Commissioners; Duties and Compensation

Sec. 16. Each member of the Commissioners Court shall be and he is hereby required to devote

all of his time (unless prevented by illness) to the duties of his office, and shall be in attendance at all sessions of the court. In addition thereto he shall personally inspect the conditions of the roads and bridges of the county, and shall see to it that employees under the control of the Commissioners Court perform their full duties. Each member shall receive an annual salary as provided by the General Statutes of the State of Texas relating to the salaries of county commissioners in counties having a population which conforms to the population of the counties affected by this Act. Said salaries to be paid out of the road and bridge fund of the county.

#### Amount of Road and Bridge Tax

Sec. 17. It shall be unlawful for said Commissioners Court to levy any road and bridge tax in excess of the maximum rate prescribed by law, and any member of said court who shall vote for such excessive levy, knowing it to be excessive, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than Five Hundred Dollars (\$500).

#### Convict Labor

Sec. 18. Said court may require all county convicts of said county, who may be physically able and not otherwise employed, to work on the public roads of said county under such rules and regulations as the court may prescribe, and each convict so worked shall receive a credit of Three Dollars (\$3) per day, one half of which shall be as nearly as practicable, applied to the fine, and one half to the court costs, provided that this shall not be so construed as to relieve a convict from the payment of all costs for which he would be liable under the General Laws of this State; said court may, as a reward for good behavior and faithful service, grant a reasonable commutation which shall in no case exceed one-tenth ( $\frac{1}{10}$ ) of the whole time. Said court may provide all such houses, tents, clothing, bedding, food, medicine, medical attention, supplies and guards as it may deem necessary or proper for the safe and humane treatment and for the safe-keeping of such county convicts. Said court may also provide and enforce and such guards may, under the direction of said court and in accordance with its rules and regulations, administer such reasonable and humane punishment as may be necessary to require such convicts to perform good work. Said court may provide a reward, not exceeding Ten Dollars (\$10) in any instance, to be paid out of the road and bridge fund for the capture and delivery of an escaped convict, but no such reward shall be paid to any guard or persons in charge of or assisting such convict at the time of his escape.

#### Bond Issues; Resolution; Election

Sec. 19. Whenever the Commissioners Court shall deem it necessary or expedient to build, construct, improve, repair or maintain first or second-class roads of a permanent nature with the proceeds

of the sale of bonds issued for road and bridge purposes under the terms of this Act, said court, shall at any regular meeting pass and record in its minutes a resolution setting forth that it is the sense of said court that public roads and bridges of a permanent nature should be built, constructed, improved, repaired or maintained and that the county should issue its bonds to raise money for that purpose in an amount to be named in such resolution, and said resolution shall be submitted to the vote of the property-owning, qualified voters of the county under the law and the Constitution at any regular or special election which the court may order for that purpose, and if at such election a majority of the votes cast shall be for such resolution, then the same shall be deemed to be adopted; otherwise it shall be deemed to be rejected. Such election shall be governed in all respects by the laws governing elections in this State, save that the time for holding such elections, the manner and kind of notice shall be fixed by the Commissioners Court, and the returns shall be made and canvassed in the same manner and the result declared by proclamation of the county judge, which proclamation shall be posted in at least three (3) public places in the county, or at the option of the court published one time in a daily newspaper of general circulation in the county.

#### Qualifications of Voters; Ballots

Sec. 20. No person shall be permitted to vote at any election provided for in the next preceding Section of this Act unless he is a property owner, taxpayer, who has duly rendered his property for taxation, and a qualified voter of the county under the law and Constitution of Texas. Those desiring to vote for the resolution shall have written or printed on their ballot the words "FOR the Resolution to issue bonds to \_\_\_\_\_" and those desiring to vote against the resolution shall have written or printed on their ballots the following: "AGAINST the Resolution to issue bonds to \_\_\_\_\_" (here insert such purpose of the proposed bond issue as set forth in said resolution). Such ballots shall be written or printed on plain white paper with black ink and shall contain no distinguishing mark or device except as above provided, and if printed, shall be in type of uniform size and face.

#### Preparation and Execution of Bonds; Terms of Bonds; Registration and Enrollment; Sale or Negotiation; Tax Levy

Sec. 21. If, at the election hereinabove provided for, a majority of the property-owning qualified voters, under the Constitution and Laws of the State, shall vote in favor of the resolution hereinbefore provided for and the Commissioners Court shall have canvassed the vote and declared the result, and proclamation therefor has been made by the county judge or publication made in lieu thereof, declaring said result, then it shall be the duty of said court to prepare and execute the bonds of the

county in such sums as may be deemed advisable by the court, not exceeding the amount authorized at the election, said bonds to bear interest at not exceeding five per cent (5%) per annum, payable annually or semi-annually as the courts shall direct, which bonds shall be redeemable or payable not more than forty (40) years from date thereof, and at such intermediate periods, serially or otherwise as the court may direct, the time of maturity to be expressed on the face of the bonds and such bonds shall be registered or enrolled as in case of other county bonds, and the same shall not be sold or negotiated at less than their par value; provided, however, that the tax levy for the payment of interest and principal on any issue of bonds under the terms of this Act shall not exceed in any one case the sum of Fifteen Cents (15c) on the One Hundred Dollars (\$100) property valuation, and the amount of bonds so to be issued shall be limited accordingly; provided further, that nothing in this language or in the terms of this Act shall be held to impair the right of the county to issue bonds under the provisions of Article 3 of Section 52 of the State Constitution and the Statutes enacted pursuant thereof.

#### Levy of Tax; Use of Tax and Bond Proceeds

Sec. 22. At or prior to the issuance of said bonds, it shall be the duty of said Commissioners Court to levy an annual ad valorem tax on all property within the county liable to taxation, sufficient to provide for the interest on such bonds and to create a sinking fund for the payment of the principal thereof at the maturity of same. Such tax and the levy thereof may vary or lessen accordingly as assessed taxable values may increase or diminish from year to year. The fund arising from such tax and the levy thereof shall not be used for any other purpose than that for which it was created, and the proceeds of the sale of such bonds shall be confined strictly for the purpose of which they were issued and for all necessary and incidental expense incurred in the issuance and sale thereof. It shall be unlawful for said court to transfer any money or fund from the road and bridge fund to any other purpose, except as outlined in Section 15 of this Act, than the laying out, opening, widening, draining, constructing, building, repairing and maintaining the public roads of said counties and the incidental and necessary expense growing out of the issuance of said bonds and the sale thereof.

#### Account and Disbursement of Bond Proceeds

Sec. 23. It shall be the duty of the county treasurer to keep a separate account of all moneys received from the sale of bonds of said county issued for road and bridge purposes, and said treasurer shall pay out none of it except on written order or warrant of said court, specifying the contract against which it is drawn or for the purpose for which it is expended.

**Contracts; Alternative Methods; Record of Cost**

Sec. 24. Except as otherwise provided in this Act, no contract requiring the expenditure of money derived from the sale of bonds authorized by this Act shall be made until said county engineer shall have made and filed with the Commissioners Court maps, profiles, plans, specifications, and estimates of the work to be done under such contract and not until said court shall have considered the same and ordered it of record. Provided, however, that in the event said court shall have advertised for and rejected bids, it may in its discretion proceed to do the work mentioned in said advertisement. In the expenditure of road funds other than moneys derived from the sale of bonds, the Commissioners Court may authorize the building, construction and repair of roads by contract, day labor or convict labor as said court may deem to be for the best interest of the county. In every instance where the court chooses to do so under the terms of this Act to build, improve, repair or maintain roads by having the work done by the county, then the county must keep a careful and accurate record of the cost of the work, provided the work referred to in this Section shall be done under the direction of the county engineer in harmony with the other provisions of this Act.

**Purchase of Equipment and Material**

Sec. 25. Any and all tools, implements, machinery, material and supplies which may be purchased from the second-class road and bridge fund by the court under its direction shall be purchased only after competitive bid therefor shall have been invited by the court, and then only from the lowest responsible bidder, with the right on the part of the court to reject any and all bids and call for other competitive bids thereon; provided, however, bridge lumber, corrugated iron pipe for culverts, road surfacing materials, cement, gasoline, oil, groceries, convict supplies and other materials in regular or constant use may be purchased in carload or other practical large lots under competitive bidding as herein stipulated.

**Advertisements and Bids; Bond of Successful Bidder; Withholding Percentage of Estimates**

Sec. 26. Whenever, pursuant to the provisions of this Act, said court shall desire to make a purchase or let a contract for which competitive bids are required under the terms of this Act, said court or the county auditor under its direction, may advertise for bids therefor in such manner and for such length of time as the order of the court may prescribe with the right on the part of the court in every case to reject any and all bids; the advertisement for bids shall be made by either posting same or by publication in such manner and for such length of time as the court may direct; provided, however, that this shall not be held to invalidate or prevent purchases, without competitive bids under the terms of the next preceding Section hereof.

Whenever any such contract is let in which competitive bids are required, the successful bidder or contractor shall enter into a bond in a sum not less than the amount of the contract with a surety company authorized to do business in Texas thereon, payable to the county judge or his successors in office, in trust for the use and benefit of the road and bridge fund of said counties, to be approved by the court and conditioned for the faithful performance of said contract and upon such other conditions as the court may require. In no event shall such contract be or become effective until the bond herein required shall have been filed and approved by the court. Provided, further, that during the progress of such work, the court in allowing estimates on the contract shall withhold fifteen per cent (15%) of each estimate until the work shall have been entirely completed and is accepted by the county engineer and by the Commissioners Court.

**Transfers to Road and Bridge Fund**

Sec. 27. The Commissioners Court is authorized and empowered, whenever and in such manner as it may determine, to transfer to and make a part of the road and bridge fund of said county any money now in the county, to pay interest and create a sinking fund for any bonds of said county heretofore issued and which have now been retired and cancelled. Such money so transferred to the road and bridge fund may be expended by the Commissioners Court at their discretion in constructing or repairing any of the first-class or cross roads of the county, such expenditures to be made in compliance with the provisions and requirements of this Act.

**Record of Vote on Expenditures**

Sec. 28. The records of the Commissioners Court shall show in detail every vote for expenditure of any of the funds mentioned in this Act.

**Shade Trees; Signboards or Signposts**

Sec. 29. The Commissioners Court may, where funds are available for that purpose, plant shade trees along the side of the public roads; the Commissioners Court may protect all shade trees along the side of said thoroughfares and erect, place and keep a substantial signboard or signpost at every point where a public road forks or is intersected by another public road and such signboard or signpost shall contain a legible inscription directing the way and giving the distance of the next important place on such highway. Any person who shall willfully remove, injure, deface or mutilate or injure the growth of any shade tree along the side of a public road or any signboard or signpost thereon or thereabouts shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine of not less than Twenty-five Dollars (\$25) nor more than One Hundred Dollars (\$100).

**Financial Interest of Members of Commissioners Court; Violations of Act**

Sec. 30. It shall be unlawful for any member of the Commissioners Court or for any county officer to be or become financially interested, directly or indirectly, in any contract with said county for road work or for the purchase or sale of any material or supplies of any character or in any transaction whatsoever in connection with any of the roads of said county, excepting only his own salary, fees or per diem. If any such county commissioner or such county officer shall willfully violate any of the foregoing provisions of this Section, he shall be punished by a fine of not less than Five Hundred Dollars (\$500) nor more than One Thousand Dollars (\$1,000) or by imprisonment in the county jail of said county for not more than one (1) year or by both such fine and imprisonment and in addition thereto shall be forthwith removed from office as provided for by General law. If any member of said Commissioners Court or any such officer shall willfully violate any of the other provisions of this Act, he shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than Five Hundred Dollars (\$500) or by imprisonment in the county jail of said county for not more than six (6) months or by both such fine and imprisonment.

**Fines and Moneys Collected Applied to Road and Bridge Fund**

Sec. 31. All fines for any and all violations of any of the provisions of this Act and any and all moneys which may be collected by or on behalf of said county on, under, or by virtue of any contract which may be executed under the provisions of this Act shall be applied to the road and bridge fund of said county.

**Definitions**

Sec. 32. The terms "Road" and "Highway" as used in this Act shall be held to include bridges, viaducts, causeways, culverts, roadbeds, ditches, drains and every part of a road or highway as such terms are commonly understood whether herein specified or not.

**Judicial Notice of Law**

Sec. 33. This Act is and shall be held and construed to be a public act of which the court shall take cognizance without proof thereof, and in any court proceedings wherein the provisions of this Act are drawn in question, the necessity for pleadings or proving same is hereby dispensed with.

**Law Cumulative; Conflict or Inconsistency**

Sec. 34. The provisions of this Act are and shall be held and construed to be cumulative of all General Laws of this State on the subject treated of and embraced in this Act when not in conflict or inconsistent herewith, but in case of such conflict or

inconsistency in whole or in part, this Act shall control said county.

**Partial Invalidity**

Sec. 35. If any section, subdivision, paragraph, sentence, clause or word of this Act shall be held to be unconstitutional, the remaining portions of same shall, nevertheless, be valid and it is declared that such remaining portions would have been included in this Act though the unconstitutional portion had been omitted.

[Acts 1951, 52nd Leg., p. 471, ch. 299.]

**Art. 6812b-1. Counties of 128,400 to 130,000; County Engineer; Duties**

**County Engineer**

Sec. 1. The commissioners court of any county having a population of not less than 128,400 nor more than 130,000, according to the last preceding federal census, may appoint a county engineer, but the selection shall be controlled by considerations of skill and ability for the task. The engineer may be selected at any regular meeting of the commissioners court, or at any special meeting called for that purpose. The engineer selected shall be a Registered Professional Engineer in the State of Texas. The engineer shall hold his office for a period of two years, his term of office expiring concurrently with the terms of other county officers, and he may be removed at the pleasure of the commissioners court. The engineer shall receive a salary to be fixed by the commissioners court not to exceed the amount of the salary paid to the highest county official, to be paid out of the Road and Bridge Fund. The engineer, before entering upon the discharge of his duties, shall take the oath of office prescribed by law, and shall execute a bond in the sum of \$15,000 with a good and sufficient surety or sureties thereon, payable to the county judge of the county and successors in office in trust, for the use and the benefit of the Road and Bridge Fund, of the county to be approved by the court, conditioned that such engineer will faithfully and efficiently discharge and perform all of the duties required of him by law and by the orders of said commissioners court and shall faithfully and honestly and in due time account for all of the money, property and materials placed in his custody.

**Classification and Record of Roads**

Sec. 2. (a) The county engineer shall, under the direction of the commissioners court, and as soon as practicable, classify all public roads in such county, and such classification when completed, and when approved by the court, shall become a part of the permanent records of roads and bridges of said county. He shall prepare a suitable map of which shall be delineated in appropriate colors the various roads which shall be designated as first, second, and third class roads. The map shall show to which place each road belongs and the nature of its con-

struction. He shall make a complete indexed record of each county road in the county and all bridges. The records shall show when each county road was dedicated to the use of the public, a complete description as to location, measured length, width of right-of-way, character of construction, and terminals of same.

(b) Each road shall be indexed in the record by the same number and name as it is delineated on the map. As new roads are opened and improved, and the existing roads are widened or improved so as to change their class, such facts shall be added to the record of such roads in the "Records of Roads." Such information shall be made available to the public; provided, however that any omission in respect to the above requirement shall not invalidate any contract for the construction or repair of any road or highway in said county, and where such classification, records and indexes have heretofore been prepared there shall be no necessity to repeat the same in the absence of public necessity therefor, but same may be amended, added to or taken from as the facts of public need may demand.

#### Inventory and Appraisal of Equipment; Disposal and Purchase

Sec. 3. The county engineer shall at the end of every 12 months, acting in conjunction with each commissioner of the county, make a complete inventory and appraisal of all tools, machinery, equipment, materials, trucks, cars, and other property owned by the respective commissioners, and transmit the same in written form to the commissioners court and the county auditor, which report shall be kept as a permanent inventory record by the county auditor. When any of said tools, machinery, trucks, cars, and other property becomes unusable, the commissioners court shall enter an order upon the minutes of the court, stating such facts and reason for disposing of such equipment and shall have authority to dispose of same as it deems best. When in its opinion it is necessary to purchase other machinery, supplies, tools, and other equipment and materials, the commissioners court shall enter an order on the minutes showing the necessity therefor. All equipment purchased or acquired as herein specified, shall be shown on the permanent inventory record.

#### Master Plan

Sec. 4. The county engineer shall, when funds are available and when authorized by the commissioners court, to do so, make a careful and thorough study of all roads at that time opened and constructed with a view of determining what new roads and connections of roads should be opened and constructed, as well as what roads should be widened and improved. In making such survey, he should take into consideration the convenience of the traveling public, and especially the convenience of the citizenship of the county, so that each community a part of the county shall have easy and practical

connection with the other and the state highway system of roads in the county, thereby furnishing to the citizenship of the county a convenient means of ingress and egress into and out of every city and town, as well as every other community in the county. The roads indicated in such surveys to be opened and constructed, as well as existing roads that are designated to be widened and improved, shall be located and designated with the view of giving the entire county an efficient road system. The commissioners court shall, in selecting roads or new roads, as well as the improvement of existing roads, look to the density of the population and amount of traffic that will normally flow over such roads; such survey when completed by the engineer, and when adopted by the commissioners court at a regular meeting thereof, shall be known as the Master Plan. When such Master Plan has been completed and adopted by the court as it is stipulated, the same shall be made into permanent record form and kept by the county engineer, and after such adoption, all new construction, widening and permanent improvement shall be done in accordance with such Master Plan and with the view of ultimately completing the same, both as to location and character of construction. The construction of said Master Plan shall proceed as the available funds of the county will permit, and each unit of such construction shall be made in accordance with such Master Plan. The order in which the roads or projects in the construction of said Master Plan are constructed shall be determined by the county engineer, with the approval of the commissioners court and in determining the priority of roads or projects, the engineer and court shall take into consideration the necessity and convenience of the public and should give priority to those roads or projects that will result in the greatest service to the greatest number of the citizenship of the county, looking at all times to the entire county as a unit and wholly disregarding precinct lines.

#### Adoption and Amendment of Master Plan

Sec. 5. The commissioners court shall when said Master Plan is submitted to them for adoption, or if after adoption, an amendment or change thereto shall be deemed advisable, set a date at a regular meeting of commissioners court called for that purpose, and give public notice thereof at least two weeks in advance of such meeting and the purpose thereof, inviting the citizenship of the county to be present to protest any part of said Master Plan and also to make such suggestions as they deem pertinent in connection with same, or any change therein, but the decision of the commissioners court shall become and be final and conclusive as to said Master Plan, and no succeeding commissioners court shall have the power or authority to alter or change or amend any of the provisions thereof except by unanimous vote of the commissioners court. Provided, that where such Master Plan has once been adopted, there shall be no necessity to repeat the same in absence of public necessity thereof, for

same may be amended and altered when public necessity therefor is shown, and after notice is given as herein above provided.

#### Subdivisions

Sec. 6. It shall be the duty of the county engineer and the commissioners court in each respective precinct to cause the Master Plan to be conformed to the needs and demands of existing and new subdivisions by constructing adequate highways leading from such subdivisions to the county seat. Provided that from and after the passage of this Act, the commissioners court, before approving the plan or plans of any subdivision lying outside the corporate limits of any city, town, or village, as required by Article 6626, Revised Civil Statutes of Texas, 1925, as amended, shall require such subdivision to enter into a written contract in agreement with the county, then such subdivider or dirt dealer will grade, and gravel all streets and provide all necessary drainage structures within such tract of land so subdivided. Such street improvements and drainage structures shall be in accordance with standard plans and specifications prepared by the county engineer. Such contracts shall be for the benefit of any person or persons, firm or corporation who may thereafter acquire by purchase or otherwise any lot or lots in said addition or subdivision, and the faithful performance of said contract as to the initial improvements of said streets shall be deemed a part of the consideration paid for said lot and be read into the contract of sale of same, and such contract shall be enforceable at the instance, if necessary, of the owner or owners of any lot or lots in a given subdivision, suing singularly or as a group or class. After such initial street improvements have been completed in accordance with such plans, said streets then become and remain a part of the county road system and shall be maintained by the county unless and until included within the corporate limits of a city, town or village capable of maintaining its own streets.

#### Inspections of Plats, Subdivision Plans and Land Encompassed; Advice to Commissioners Court and Developers

Sec. 7. The county engineer when directed to do so by the commissioners court of the county, shall inspect all plats and plans of subdivisions to be recorded within said county, and make an on-site inspection of the land encompassed within said subdivision and advise the court as to the roads, drainage, sewage, and all aspects of said subdivision and terrain. The county engineer when and if required by the commissioners court, shall affix his signature to said plat along with the county judge and the commissioners court upon any plat approved and accepted by the commissioners court and filed in the county clerk's office. The county engineer will offer advice and suggestions to said developer and commissioners court in order to promote conformity with any and all rules and regulations for subdividing as laid out by the commissioners court.

#### Inspection of Various Utility Districts Within County; Map

Sec. 8. The county engineer when directed by the commissioners court shall make such inspections of any and all utility districts, water districts, sewage districts, and any other type district formed within the confines of the county, to ascertain whether or not said districts meet the state and county requirements. The county engineer will keep a map setting out each and every type district created within the county and make it available for public use at any and all times required to do so.

#### Assistance on County Functions

Sec. 9. The county engineer when requested to do so by the commissioners court or by a commissioner shall assist said commissioner in connection with any county road in said county, any drainage problem, public buildings, health and sanitation district, planning commissions, and any other function or service over which the commissioner or commissioners court might have jurisdiction.

#### Employees

Sec. 10. The commissioners court shall employ all help necessary for the discharge of their public service or for the discharge of the duties of the county engineer. Such employees shall receive such compensation as may be fixed by the court, but in all such cases an order shall be passed and entered on the minutes of the court, showing in such case the public necessity for such employment and the amount of compensation to be paid each employee and the fund out of which it is to be paid.

#### Work Records; Daily Time Sheet

Sec. 11. The county engineer shall keep or cause to be kept, in duplicate, a daily time sheet which shall show the amount of time and the character of work performed and the place where the same is performed by himself and each person working for the county engineer, and such other records in connection therewith as the commissioners court and county auditor may require, one copy of which shall be furnished to the county auditor, and one copy shall be retained by the engineer.

#### County Commissioners; Duties

Sec. 12. This Act shall in no way diminish, alter or eliminate any of the duties presently handled by the commissioners court or by any individual commissioner. Each member of the commissioners court shall be and he is hereby required to devote all of his time unless prevented by illness to the duties of his office, and shall be in attendance at all sessions of the court.

#### Cumulative Effect; Conflict or Inconsistency

Sec. 13. The provisions of this Act are and shall be held and construed to be cumulative of all general laws or special laws of this state on the subject treated in this Act when not in conflict or inconsis-

ent herewith, but in case of such conflict or inconsistency in whole or in part, this Act shall control.

#### Severability

Sec. 14. If any section, subdivision, paragraph, sentence, clause, or word in this Act shall be held to be unconstitutional, the remaining portions of same shall nevertheless be valid and it is declared that such remaining portions would have been included in this Act though the unconstitutional portion had been omitted.

#### County Engineer; Release From Position

Sec. 15. If at any time the commissioners court at any time feels that the county engineer position is no further of any necessity or benefit to the county, then said commissioners court has the authority to release said engineer without any obligation to fill said position or vacancy.

[Acts 1971, 62nd Leg., p. 2483, ch. 809, eff. June 8, 1971. Amended by Acts 1981, 67th Leg., p. 593, ch. 237, § 127, eff. Sept. 1, 1981.]

#### Art. 6812c. Building or Set-Back Lines; Adjacent Counties of 350,000

##### Establishment of Set-Back Lines on Major Highways and Roads

Sec. 1. Whenever the Commissioners Court in any county having a population of not less than 350,000 according to the last Federal Decennial Census and which is adjacent to another county having a population of not less than 350,000 according to the last Federal Decennial Census, deems that the general welfare will be promoted thereby, it is hereby authorized and empowered to establish building lines or set-back lines on major highways and roads in such county, not to exceed one hundred fifty (150) feet from the center line of such major highways and roads, and to prohibit any new building being located within such building or set-back lines outside of the corporate limits of any city, village or incorporated town. Such Commissioners Court is further authorized and empowered to regulate and limit and to change and amend by order such building or set-back lines on such major highways or roads and to prohibit any new buildings being located within such building or set-back lines outside the corporate limits of any city, village or incorporated town.

##### Hearing and Adoption of Plan; Amendment or Alteration

Sec. 2. Before the adoption of any plan for major highways and the establishing of building or set-back lines thereon the Commissioners Court shall hold at least one public hearing related thereto, fifteen days notice of the time and place of which shall be published in at least one newspaper having general circulation within the county. Such hearing may be adjourned from time to time. Adoption of the major highway plan shall be by resolution carried by not less than a majority vote of the

full membership of the court. The establishment of building or set-back lines shall be by order passed by not less than a majority vote of the full membership of the court. After adoption of a major highway plan or plans an attested copy shall be filed with the County Clerk. Thereafter, the Commissioners Court may upon like approval, publication and notice change, amend, supplement or alter the major highway plan and building lines relating thereto.

##### Notice; Failure to Begin Construction

Sec. 3. The property owners of all property fronting upon any major highway or road on which a building line or set-back line has been established shall be charged with notice of the requirement of the building line order. All building lines established pursuant to this Act shall be shown in a general manner upon a map and the same shall be filed with the County Clerk and notice thereof shall be published in at least one newspaper having general circulation within the county, and such notice shall also be posted in at least three conspicuous places along each highway affected; provided, however, that in the event the county should fail to begin the construction of the improvement or widening of the road on which any building or set-back line has been established within four (4) years from the date when said building or set-back line had been fixed, such designation of the building or set-back line shall cease and be of no force or effect unless the time is extended therefor by agreement of the county and the property owners interested.

##### Board of Adjustment

Sec. 4. The Commissioners Court is hereby authorized and empowered to appoint a Board of Adjustment. Such Board shall consist of five (5) freeholders of such county. The membership of the first Board appointed shall serve respectively: two members for one year, and three members for two years. Thereafter members shall be appointed for terms of two years. Members shall be removable for cause by the Commissioners Court upon written charge after public hearings. Vacancies shall be filled by the Commissioners Court for the unexpired term of any member whose term becomes vacant. The Board of Building Line Adjustment shall elect its own chairman and shall adopt rules of procedure. All meetings of the Board shall be open to the public and minutes shall be kept and filed in the office of the Board and shall be a public record. Said Board of Adjustment shall have the following powers and it shall be its duty to modify or vary the regulations affecting building lines or set-back lines in specific cases, subject to appropriate conditions and safeguards in cases where unnecessary hardship may result from a literal enforcement of such building line or set-back line requirements, so that substantial justice may be done and the intent and purpose of the regulations to protect the public welfare and public safety observed:

Such Board of Adjustment shall hear and decide appeals where, by reason of exceptional narrowness, shallowness, shape, topography, existing building development or other exceptional and extraordinary situation or condition of a specific piece of property, the strict application of a building line established under this Act would result in peculiar and exceptional difficulties to, or hardship to, the owner of such property, to authorize upon an appeal relating to such property, a variance from the strict application under such conditions as such Board of Adjustment may impose so as to relieve the hardship or difficulties, provided such relief can be granted without substantially impairing the intent and purpose of the building line or set-back line.

The Board of Adjustment shall, with appropriate safeguards, authorize the construction of improvements or structures which may encroach on any building or set-back line established under this Act; provided, however, that should the county proceed with the projected improvement of the road within the time specified herein, then the owner of such improvements will be required to remove the same without cost to the county whatsoever.

#### Violation of Line; Injunction or Abatement

Sec. 5. In case any building or structure is erected, constructed or reconstructed in violation of any building line or set-back line adopted by any Commissioners Court pursuant to this Act, then such court, the District Attorney or County Attorney, as the case may be, any owner of real property within the county in which such building or structure is located may institute injunction, mandamus, abatement, or any appropriate action or proceeding to prevent, enjoin, abate or remove such unlawful erection, construction or reconstruction.

#### Appeals

Sec. 6. Any property owner who feels injured or damaged by any Act or order of the Board of Adjustment may appeal within thirty days from such act or order to the Commissioners Court of such county. Any property owner in such county who feels injured or damaged by any final order of such Board of Adjustment or by any final order of such Commissioners Court shall have and is hereby given the right to appeal from such order to the District Court or to any other court having jurisdiction thereof, provided that such appeal shall be made within thirty days from the date of such order; and provided further that such appellant shall execute an appeal bond in an amount fixed by such court.

Arts. 6812d, 6812e. Repealed by Acts 1981, 67th Leg., p. 599, ch. 237, § 145, eff. Sept. 1, 1981

#### Art. 6812f. Road Improvements and Assessments by Galveston County Commissioners Court

##### Improvements Authorized

Sec. 1. The Commissioners Court of Galveston County may cause to be improved any county road

in the county, whether by filling, grading, raising, paving, or repairing in a permanent manner, or by constructing, reconstructing, repairing, or realigning curbs, gutters, and sidewalks, or by constructing drains and culverts.

#### Constitutional Basis

Sec. 2. This Act is a local law relating to the maintenance of public roads authorized by Article VIII, Section 9, of the Texas Constitution.

#### Assessments Against Property Owners; Liens

Sec. 3. (a) The commissioners court by order may assess all or any part of the cost of constructing, reconstructing, repairing, or realigning curbs, gutters, and sidewalks, and not more than nine-tenths of the cost of any other improvements authorized by this Act, against property abutting on the portion of the county road to be improved, and against the owners of that property. The commissioners court may provide the time, terms, and conditions of payment and default of the assessments, and may prescribe the rate of interest on them, which may not exceed eight percent a year.

(b) Any assessment against abutting property is a first and prior lien on the property from the date improvements are ordered, and is a personal liability and charge against the owner or owners of the property, whether named or not. Nothing in this Act empowers the commissioners court to fix a lien against any interest in property that is exempt at the time the improvements are ordered, but the owner or owners of the property are personally liable for any assessment in connection with the property.

#### Front Foot Rule

Sec. 4. The part of the cost of improvements on each portion of the county road ordered improved which is assessed against abutting property and owners of the property shall be apportioned among the parcels of abutting property and the owners thereof in accordance with the front foot plan or rule, except that if the application of this rule would, in the judgment of the commissioners court, in particular cases, result in injustice or inequity, the commissioners court may apportion and assess the costs against abutting property owners in a manner that the commissioners court determines is just and equitable, so as to produce a substantial equality of benefits received and burdens imposed. Provided, however, it is expressly found and determined that railroad rights-of-way will not benefit from such improvements and may not be assessed therefor.

#### Certificates

Sec. 5. (a) The commissioners court may order the issuance of assignable certificates in evidence of assessments levied, declaring the lien on the property and the liability of the true owner or owners of the property, and may fix the terms and conditions

of the certificates. Any certificate that recites substantially that the proceedings referred to in it have occurred in compliance with law and that all prerequisites to the fixing of the assessment lien against the property described in the certificate and the personal liability of the owner or owners of the property have been performed, is prima facie evidence of all matters recited in the certificate, and no further proof of the matters is required.

(b) In any suit on an assessment or reassessment in evidence of which a certificate may be issued in accordance with the provisions of this Act, it is sufficient to allege the substance of the recitals in the certificate and that the recitals are in fact true. Further allegations as to the proceedings relating to the assessment or reassessment are not necessary.

(c) The assessments are collectable with interest, expense of collections, and reasonable attorney's fee, if any are incurred, and are a first and prior lien on the property assessed, superior to all other liens and claims except county, school district, and city ad valorem taxes, and are a personal liability and charge against owners of the property assessed.

#### Joint Assessments

Sec. 6. Assessments against several parcels of property may be made in one assessment when owned by the same person, firm, corporation, or estate, and property owned jointly may be assessed jointly.

#### Estimate

Sec. 7. No assessment is valid unless the commissioners court makes or causes to be made an estimate of the cost of the improvement or improvements to be constructed, and the estimate is included in any published or mailed notice of the public hearing required by this Act.

#### Public Hearing and Notice

Sec. 8. (a) No assessment may be made against any abutting property or its owners until after notice and opportunity for hearing has been provided in accordance with this Act, and no assessment may be made against any abutting property or owners of it in excess of the special benefits to the property and owners resulting from the enhanced value of the property by means of the improvement, as may be determined at the hearing.

(b) Notice shall be by advertisement inserted at least three times in a newspaper of general circulation in the county, the first publication to be made at least 21 days before the date of the hearing. Additional written notice of the hearing shall be given by depositing in the United States mail, at least 14 days before the date of the hearing, postage prepaid, in an envelope addressed to the owners of the respective properties abutting the county road to be improved, as the names of the owners are shown on the then current rendered or unren-

dered tax rolls of the county, at the addresses listed there. To be sufficient and binding on any person owning or claiming the abutting property, or any interest in it, the mailed notice must describe in general terms the nature of the improvements for which assessments are to be levied, the county road or portion of it to be improved, the estimated cost per front foot proposed to be assessed against the property and the owner or owners of the property, the estimated total cost of the improvement or improvements, and the time and place of the hearing. The notice to be mailed may be a copy of the public notice, which must contain all of the information required for a mailed notice to be sufficient and binding. If the owner is listed on the county tax rolls as "unknown," no notice is required to be mailed. If the owner is shown on the county tax roll as an estate, the mailed notice may be addressed to the estate.

(c) The commissioners court shall hold the hearing. Any person owning abutting property or any interest in it may be heard at the hearing on any matter relating to the improvement or assessment, including the amount of the proposed assessment or assessments, the lien and liability created by it, the special benefits to the abutting property and owners of the property by the improvements for which assessments are to be levied, and the accuracy, sufficiency, regularity, and validity of the proceedings and contract in connection with the improvements and proposed assessments.

(d) The commissioners court may correct any errors, inaccuracies, irregularities, and invalidities, and may supply any deficiencies, and may determine the amount of assessments and all other matters necessary, and may levy the assessments before, during, or after the construction of the improvements, except no part of any assessment may be made to mature prior to acceptance by the county of the improvements for which the assessment is levied.

#### Appeal

Sec. 9. Any person owning or claiming any interest in any property assessed under the provisions of this Act, who desires to contest any assessment because of the amount of it or any inaccuracy, irregularity, invalidity, or insufficiency of the proceedings or contract with reference to it, or with reference to the improvements, or because of any matter or thing not in the discretion of the commissioners court, may appeal to a district court in the county within 15 days after the time the assessment is levied. Any person who fails to institute suit within this time shall be held to have waived every matter that might have been heard at the hearing before the commissioners court, and shall be barred and estopped from contesting or questioning the assessment or any matter relating to it, and the only defense to any assessment in a suit to enforce it is that the notice of hearing was not mailed or delivered as required by this Act, was not published,

or did not contain the information required by this Act, or that the assessments exceeded the amount of the estimate. No words or acts of any officer or employee of the county, or any member of the commissioners court, shall in any way affect the force and effect of the provisions of this Act.

#### Changes in Proceedings

Sec. 10. The commissioners court may provide for any changes in plans, methods, or contracts for improvements, but any change substantially affecting the nature or quality of any improvements may be made only after it is determined by a four-fifths vote of the commissioners court that it is not practical to proceed with the improvement as previously provided, and following any such vote, the commissioners court may make the substantial change only after first obtaining the consent of the person, firm, or corporation with which the commissioners court has contracted for construction of the improvements, and after obtaining a new estimate for the cost of the improvements and holding a new hearing, together with the issuance of proper notice as required by this Act. The commissioners court may at any time abandon any improvement with the consent of the person, firm, or corporation constructing the improvements, and shall by order cancel any assessments levied for abandoned improvements.

#### Correction

Sec. 11. If any assessment is for any reason held or determined to be invalid or unenforceable, the commissioners court may supply any deficiency in proceedings and correct any mistake or irregularity relating to the assessment, and may at any time make and levy reassessments after notice and hearing as nearly as possible in the manner provided by this Act for the original improvements. Recitals in certificates issued in evidence of reassessments shall have the same force as provided for recitals relating to original assessments.

[Acts 1975, 64th Leg., p. 1396, ch. 540, eff. June 19, 1975.]

### Art. 6812g. Road Improvements and Assessments by Live Oak County Commissioners Court

#### Application

Sec. 1. This Act applies only to Live Oak County.

#### Assessments for Road Improvements

Sec. 2. The commissioners court may provide for financing all or part of the cost of improving any portion of the county road system that is located in a recorded subdivision and outside the limits of an incorporated city or town by levying special assessments against real property abutting the portion of the road that is improved and against the owners of the property.

#### Plan of Proposed Improvement

Sec. 3. The commissioners court shall prepare a plan of each proposed improvement to be financed by special assessments. The plan must specify the nature of the proposed improvement, the location of the improvement, an estimate of the total cost of the improvement, a statement of the total amount of the costs to be financed by special assessments, and an estimate of the cost per front foot to be assessed against property abutting the improvement. If the estimate of costs to be assessed per front foot is not uniform, each variation must be specified in the plan.

#### Notice of Hearing

Sec. 4. (a) After preparing a plan of a proposed improvement as required by this Act, the commissioners court by order shall set a time, date, and place for a public hearing on the proposed improvement.

(b) In addition to notice otherwise required by law, the commissioners court shall publish notice of the hearing in a newspaper of general circulation in the area where the proposed improvement is located. The notice must be published once each week for at least three consecutive weeks. The first publication must appear no later than the 21st day before the date of the hearing.

(c) The commissioners court must also give written notice of the hearing to the owner of each parcel of property subject to assessment under the plan of the proposed improvement. For purposes of this section, the owner of a parcel of property is the owner as shown on the current county tax roll. An owner is not entitled to notice under this subsection if the owner's name or address is not listed on the current county tax roll. Notice under this subsection must be delivered personally or sent by the United States mail. The notice must be delivered or deposited in the mail not later than the 14th day before the date of the hearing.

(d) Notice under Subsection (b) or (c) of this section must contain the following information:

(1) a general description of the proposed improvement which is to be financed by special assessments;

(2) an estimate of the proposed assessment per front foot of abutting property;

(3) an estimate of the total cost of the proposed improvement to be made on each portion of road;

(4) the location of the proposed improvement; and

(5) the date, time, and place of the hearing on the proposed improvement.

(e) If the estimate under Subsection (d)(2) of this section is not uniform, then the notice under Subsections (b) and (c) of this section must specify each variation and identify the property which is affected.

#### Conduct of Hearing

Sec. 5. The commissioners court shall hold a public hearing at which any owner of an interest in property abutting a proposed improvement is entitled to contest the amount of the assessment as well as the accuracy, sufficiency, and validity of the proceedings and the determinations of the commissioners court related to the proposed improvement and assessment. After correcting any deficiencies or errors in its proceedings or determinations, the commissioners court by order may levy assessments against property abutting the proposed improvement.

#### Determination of Assessments

Sec. 6. (a) The commissioners court shall apportion the cost of the improvements assessed against abutting property and property owners on a front footage basis, which may vary among the properties assessed. In order to produce a substantial equality of burdens imposed in relation to benefits received, the commissioners court shall determine assessments in a just and equitable manner, keeping in mind the enhanced value to be gained by the abutting property and property owners. The commissioners court may not levy an assessment in excess of the special benefit in enhanced value to the property or property owner.

(b) If several parcels of property are owned by the same person or entity, the commissioners court may make one assessment covering them all. If property is owned jointly, the commissioners court may assess the owners jointly.

(c) The commissioners court may determine the time, terms, conditions of payment and default, and rate of interest, which may not exceed 10 percent a year, of the assessments levied.

#### Enforcement of Assessments

Sec. 7. (a) The county has a lien against property assessed under this Act from the date the assessment is levied. This lien has the same priority as a lien for county ad valorem taxes.

(b) The owner of an interest in property against which the commissioners court has levied an assessment for improvements is personally liable for the amount assessed. Liability for an assessment levied against property having more than one owner is joint and several. The county may not assert a lien against property which on the date the assessment is ordered is exempt by law from execution on a judgment for debt. A property owner may, however, waive an exemption to which he is entitled and voluntarily grant an assessment lien against his property in the same manner provided by law for granting a mechanic's lien for improvements to a homestead.

(c) The lien against assessed property and the personal liability of the owner of the property may be enforced by suit in the district court. Interest and the expenses of collection, including attorneys'

fees, may also be recovered, and are included in the assessment lien. It is a defense to a suit brought to enforce the levy of an assessment that the notice of hearing was not delivered or published in the form or manner required, or that the amount of the assessment exceeded the estimate given in the notice.

(d) No part of an assessment matures before the commissioners court accepts the improvements for which the assessment is levied.

#### Certificates of Assessment

Sec. 8. (a) The commissioners court may issue assignable certificates in the name of the county which evidence the assessments levied and which declare the existence of a lien against the assessed property and the personal liability of the property owner. The commissioners court may determine the terms and conditions of the certificates.

(b) If a certificate recites that the proceedings ordering the improvements referred to in the certificate were conducted in compliance with the law, and that all prerequisites to fixing the assessment lien against the property described in the certificate and the personal liability of the property owner have been met, the certificate is prima facie evidence of its recitals.

#### Correction of Assessments

Sec. 9. (a) If an assessment is held to be invalid or unenforceable, the commissioners court may correct any error related to the assessment, and make and levy a reassessment after notice and hearing in the manner provided for an original assessment.

(b) The commissioners court may issue a reassessment certificate which reflects each modification of the original assessment. A reassessment certificate has the same attributes and effect from the date a reassessment is ordered as an original certificate. Any one owning or claiming an interest in property against which there has been a reassessment has the same right of appeal, from the date the reassessment is ordered, as provided with regard to an original assessment. The provisions of this Act regarding waiver of appeal and limitation of defenses also apply to reassessments.

#### Appeal

Sec. 10. The owner of an interest in property against which an assessment for improvements has been levied may contest the amount of the assessment, or the accuracy or validity of the proceedings or determinations related to the assessment or the improvements, by filing a suit for that purpose in the district court not later than the 15th day after the date on which the assessment is ordered. The 15-day time limit begins on the day after the date on which the property owner receives actual notice of the results of the hearing if the property owner shows by a preponderance of the evidence that notice of hearing was not mailed or delivered to the

owner or published in the form or manner required by this Act. A complaint based on a determination or proceeding of the commissioners court related to an order for improvements or an assessment is waived if not filed within the time prescribed.

[Acts 1981, 67th Leg., p. 2404, ch. 609, eff. June 15, 1981.]

**Art. 6812h. Private Roads; Acquisition of Public Interest in Counties of 50,000 or Less**

**Definition**

Sec. 1. In this Act, "dedication" means the explicit, written communication to the commissioners court of the county in which the land is located of a voluntary grant of the use of a private road for public purposes.

**Public Interest**

Sec. 2. (a) A county may not establish, acquire, or receive any public interest in a private road except under the following circumstances: (1) purchase; (2) condemnation; (3) dedication; or (4) adverse possession.

(b) Once a public interest has been established in accordance with Subsection (a) of this section, the interest must be recorded in the records of the commissioners court of the county in which the road is located.

**Contest**

Sec. 3. Any person asserting any right, title, or interest in a private road in which a public interest has been asserted in accordance with Section 2 of this Act may file suit in a district court in the county in which the road is located within two years after the notation in the records of the commissioners court of the public interest in the road.

**Verbal Dedication**

Sec. 4. For the purposes of this Act, neither verbal dedication nor intent to dedicate by overt act is sufficient to establish a public interest in a private road.

**Public Use; Maintenance**

Sec. 5. For the purposes of this Act, neither the use of a private road by the public with the permission of the owner nor the maintenance with public funds of a private road in which no public interest has been recorded as provided by Section 2 of this Act is sufficient to establish adverse possession.

**Effect on Counties With Population Greater Than 50,000**

Sec. 6. This Act shall have no effect on counties with population greater than 50,000 according to the last preceding federal census.

[Acts 1981, 67th Leg., p. 2412, ch. 613, eff. Aug. 31, 1981.]

**Art. 6812i. Contracts by Counties for Improvement of Highways**

**Definitions**

Sec. 1. In this Act:

(1) "Eligible county" means a county with over two million inhabitants according to the most recent federal census.

(2) "Governing body" means the commissioners court of a county.

(3) "Highway" means any street, avenue, alley, roadway, highway, limited-access highway, frontage road, boulevard, drive, bridge, culvert, storm sewer, esplanade, divider, public place, square, or any portion of any of those, including any landscaping and including any portion that may be wholly or partly unimproved in connection with other highway improvements.

(4) "Improve" or "improvements" means new construction, reconstruction, repairs, filling, grading, raising, paving, repaving, realignment, widening, narrowing, straightening, and construction of appurtenances and incidentals to any improvements, including drains, storm sewers, culverts, curbs, gutters, sidewalks, landscaping, temporary or permanent relocation of utilities, and acquisition of rights-of-way relating to highways.

(5) "Cost" or "costs of improvements" means costs of legal, engineering, and other consultant services, the cost of interest on money borrowed to make improvements by the county or the contractor, the cost of acquiring rights-of-way, and the costs of other expenses incident to construction of improvements, in addition to the costs of the improvements.

(6) "Property" or "property benefited" means all property against which the eligible county intends to levy assessments and which is benefited by access to the highway improvements, access to the area of highway improvements, an increase in actual market value of the land attributable to the highway improvements, or receipt of any other advantages the property would not have had but for the highway improvements; provided, however, that any such property or property benefited shall only include property situated within a distance of 1,000 feet from the highway improvements unless the owner of such property petitions the governing body to levy assessments for such highway improvements.

(7) "Owner" or "true owner" means the owner shown on legal title of record as of the date the order assessing benefits to property is adopted.

**Authority to Make Improvements**

Sec. 2. An eligible county may cause to be improved any highway located within its boundaries including causing to be made any one or more of the kinds or classes of improvements named in this Act. An eligible county may improve the highway and

may assess all or a part of the cost of the improvement against property within its boundaries benefited by the improvement in accordance with this Act. Consent, ratification, or approval from any city, town, or village is not required by the eligible county initiating the improvement within its boundaries, if such eligible county is otherwise authorized by law to improve such highway without such consent, ratification, or approval.

#### Powers of Governing Body

Sec. 3. (a) The governing body of an eligible county has the power to carry out all the terms and provisions of this Act and to exercise all the powers granted in this Act, either by resolution, motion, or order except when an order is specifically required. The governing body has the power to adopt either by resolution or order any and all rules or regulations appropriate to the exercise of the powers, the method and manner of ordering and holding any hearings, and the giving of notices of hearings, without the consent or approval of a political subdivision of this state.

(b) The governing body has the power to:

(1) determine the necessity for and order the improvement of a highway or part of a highway located within the boundaries of the eligible county;

(2) contract for the construction of the improvement in the name of the eligible county; and

(3) provide for the payment of the cost of the improvement by the eligible county, partly by the eligible county and partly by assessments against property benefited, wholly by assessments against the property benefited, or wholly by the eligible county with a right of reimbursement by assessment for the amount benefited.

(c) The governing body has the power by order or resolution to:

(1) deliver certificates of assessment to a contractor employed to construct the improvements benefiting assessed property;

(2) sell certificates of assessment on terms that the governing body finds equitable;

(3) retain the certificates of assessment; and

(4) pledge any or all the assessments to the payment of public securities subject to Chapter 3, Acts of the 61st Legislature, Regular Session, 1969 (Article 717k-2, Vernon's Texas Civil Statutes), including certificates of obligation it is authorized to issue under The Certificate of Obligation Act of 1971, as amended (Article 2368a.1, Vernon's Texas Civil Statutes), whether the special assessments are paid alone or in combination with taxes and revenues or any other source of payment.

#### Cost of Improvement; Estimate for Assessment

Sec. 4. The cost of improvements may be paid wholly by the eligible county with or without reimbursement, wholly by the owners of the property

benefited by the highway or the portion of the highway ordered to be improved, or partly by the eligible county and partly by special assessments against property benefited and the owners of the property. If all or any part of the cost is to be paid by special assessments against the property benefited and the owners, before any improvements are actually constructed and before any hearing under this Act is held, the governing body shall prepare or cause to be prepared an estimate of the cost of the improvements. In no event shall more than the total cost of improvements as shown on the estimate be assessed against the property and owners of the property. A hearing under this Act may be held before or after construction begins.

#### Assessments on Property; Terms; Certificates of Obligation

Sec. 5. (a) Subject to the terms of this Act, the governing body of an eligible county has the power by order or resolution to:

(1) assess all or any part of the cost of improvements against the owners of property benefited by the highway or the portion of the highway ordered to be improved;

(2) provide the time, terms, denominations, and conditions of payment and defaults of the assessments; and

(3) prescribe the rate of interest on the assessments, not to exceed the legal limit on rates established by Chapter 274, Acts of the 60th Legislature, Regular Session, 1967 (Article 5069-1.04, Vernon's Texas Civil Statutes).

(b) The governing body has the power to cause to be issued in the name of the eligible county assignable certificates of obligation in evidence of assessments levied under this Act declaring the lien on the property and the liability of the true owner or owners of the property whether correctly named or not and to fix the terms and conditions of the certificates of obligation. If a certificate of obligation substantially recites that the proceedings on making the improvements complied with the law and that all prerequisites to the fixing of the assessment lien against the property described in the certificate and the personal liability of the owner or owners of the property have been performed, the certificate is prima facie evidence of all the matters recited in the certificate, and no further proof is required. In a suit on an assessment or reassessment in evidence of which a certificate of obligation may be issued under this Act, a pleading is sufficient if it alleges the substance of the recitals in the certificate and that the recitals are in fact true. Further allegations with reference to the proceedings relating to the assessment or reassessment are not necessary.

(c) Delinquent assessments are collectible together with interest at the then prevailing legal rate, any penalties imposed, expense of collection, and reasonable attorney's fees incurred. An assess-

ment under this Act is a first and prior lien on the property assessed, from the date improvements are ordered, superior to all other liens and claims except ad valorem taxes levied by cities and other political subdivisions. An assessment under this Act is a personal liability and charge against the owners, whether named or not, of the property assessed. The lien may be transferred to other nonexempt property owned by the same person or persons, but if the lien is transferred, it must be recorded in the deed records of each county in which the property encumbered by the assessment is located.

#### Method of Assessment

Sec. 6. All or part of the cost of improvements on each portion of highway ordered improved may be assessed against property which is benefited by access to the highway improvements, access to the area of highway improvements, an increase in actual market value of the land attributable to the highway improvements, or receipt of any other advantages the property would not have had but for the highway improvements, all as determined by the governing body, provided the amount of the assessment does not exceed the value of the benefit conferred. The governing body of the eligible county making the highway improvements shall apportion and assess the costs in the proportions that it determines are just and equitable, considering the special benefits in enhanced value received by and the burdens imposed on the parcels of property and owners of the property. Without limiting the authority granted in this section, assessments against property that abuts each portion of highway ordered improved or that abuts streets having access to the highway improvements may be levied in accordance with the front foot rule or the square foot rule if, in the opinion of the governing body of the eligible county, the application of either rule would result in an equitable assessment of costs for benefits conferred.

#### No Lien on Property Exempt; Personal Liability of Owner; Enforcing Lien

Sec. 7. This Act does not empower an eligible county or its governing body to fix a lien against any interest in property exempt, at the time the improvements are ordered, from the lien of special assessment for highway improvements. The owner or owners of the property are nevertheless personally liable for any assessment in connection with the property. The lien created against any property and the personal liability of the owner or owners of the property may be enforced by suit in any court of competent jurisdiction and, if necessary, by sale of the property assessed or of other nonexempt property to which the lien may have been transferred, in the same manner as provided by law for sale of property for nonpayment of county ad valorem taxes.

#### Notice and Hearing; Contents of Notice; Hardship; Appeal

Sec. 8. (a) An assessment under this Act may not be made against any property or the owners of the property, unless notice and opportunity for hearing have been provided. The true owners of the property may waive in writing notice or the opportunity for hearing. Notice under this section must be by advertisement inserted at least three times in a newspaper of general circulation published in the county where the assessment is to be imposed, unless there is not such a newspaper in the county, in which event notice must be inserted in a newspaper of general circulation published in the nearest county to the eligible county. The first publication of the notice of hearing must be made at least 21 days before the date of the hearing. Additional written notice of the hearing must be given by certified mail, return receipt requested, at least 14 days before the date of the hearing to the owners of the properties benefited by the highway or portion of the highway to be improved. A return receipt is prima facie evidence of providing proper notice, provided the notice is mailed to the owner as listed in the current appraisal or tax rolls as prepared under the Tax Code. If the notice describes in general terms the nature of the improvements for which the assessments are to be levied, states the highway or portion of the highway to be improved, states the estimated amount to be assessed against the owner or owners of property on the highway or portion of the highway, states the estimated total cost of the improvements on the highway or portion of the highway, and states the time and place of the hearing, the notice is sufficient, valid, and binding on all owning or claiming the property or any interest in the property. The notice to be mailed may consist of a copy of the published notice. If an owner of property benefited by a highway or portion of the highway to be improved is listed as "unknown" on the current county or central appraisal district tax roll or the name of an owner is shown on the appraisal or tax roll but no address for the owner is shown, notice need not be mailed. If the owner is shown to be an estate, the mailed notice shall be addressed to the estate.

(b) A hearing under this Act shall be conducted by and before the governing body of the eligible county. A person who owns the property or any interest in the property is entitled at the hearing to be heard on any matter, to contest the amounts of the proposed assessments, the lien and liability for the lien, the special benefits to the property and owners of the property of the improvements for which assessments are to be levied, and the accuracy, sufficiency, regularity, and validity of the proceedings and contract relating to the improvements and proposed assessments, to offer evidence of the inability to satisfy or the hardship imposed by satisfying the proposed assessments, and to request exemption or modification of the amount of the proposed assessments. The governing body has the

power to correct any errors, inaccuracies, irregularities, and invalidities, to supply any deficiencies, to determine the amounts of assessments, to make findings on claims of hardship, to exempt certain property from assessment if evidence presented at the hearing indicates that the exemption is equitable, to make determinations as to all other matters necessary, and by order to close the hearing and levy the assessments before, during, or after the construction of the improvements. No part of any assessment may mature before acceptance by the eligible county of the improvements for which the assessment is levied. The acceptance may be of a portion of the improvement construction that was the basis of the assessments, if in the judgment of the governing body the benefits of the improvement construction to that date are realized with respect to the particular piece of property assessed, notwithstanding the continuation of work on remaining portions of the planned improvements. A recitation in the certificate of assessment that all acts, conditions, and things required to exist and necessary to be done or performed precedent to the issuance of the certificate of assessment to render the certificate lawful, valid, and binding have been properly done and performed is prima facie evidence of all the matters recited in the certificate, and no further proof of those matters is required.

(c) A person owning or claiming any property assessed, or any interest in the property, who wants to contest the amount of any assessment, any inaccuracy, irregularity, invalidity, or insufficiency of the proceedings relating to the assessment or the improvements, or any matter or thing not in the discretion of the governing body, is entitled to appeal from the hearing by instituting suit for that purpose in any district court in the county imposing the assessments within 30 days from the date of the hearing. A person who fails to institute a suit within the required time period waives every matter which might have been appealed and is barred and estopped from contesting or questioning the assessment, the amount, accuracy, validity, regularity, and sufficiency of the assessment, or the proceedings relating to the assessment and the improvements. It is not a challenge to an assessment that contracts for construction are invalid. The only challenge to an assessment is that the notice of the hearing was not made in accordance with this Act or that the assessment exceeds the amount of the estimate.

#### Changes in Improvements; Procedure

Sec. 9. The governing body of an eligible county has the power to provide for changes in plans, methods, or contracts for improvements, or other proceedings relating to the improvements. Any change substantially affecting the nature or quality of any improvements and increasing the amount of the assessments may only be made when it is determined by two-thirds vote of the governing body that it is not practical to proceed with the improvements

as originally planned. If any substantial change is made after any hearing has been ordered or held, unless the improvements are abandoned, a new estimate of cost shall be made, a new hearing shall be ordered and held, and new notices shall be given, all with the same effect and in the same manner as the original notices and hearing. An owner may waive the notice or opportunity for hearing on the change provided the waiver is in writing, notwithstanding any previous waivers for previous planned improvements. Changes in or abandonment of improvements must be with the consent of the persons, firm, or corporation that has contracted with the eligible county for the construction of the improvements, if any contract has been made. In case of abandonment of any particular improvement, an order shall be adopted that cancels any assessments levied for the improvement.

#### Assessments Against Parcels Owned Jointly

Sec. 10. Assessments against several parcels of property may be made in one assessment when owned by the same person, firm, corporation, or estate, and property owned jointly by one or more persons, firms, or corporations, may be assessed jointly.

#### Correction of Assessments; Reassessment Certificates

Sec. 11. If an assessment is for any reason held or determined to be invalid or unenforceable, the governing body of the eligible county is empowered to supply any deficiency in proceedings relating to the assessment, correct any mistake or irregularity, and at any time make and levy reassessments after notice and hearing as nearly as possible in the same manner provided for original assessments. Recitals in certificates issued in evidence of reassessments have the same force as recitals in certificates relating to original assessments.

#### Appeal

Sec. 12. A person owning or claiming any property or interest in any property against which a reassessment is levied has the same right of appeal as provided for original assessments. In the event of failure to appeal within 30 days from the date of hearing on the reassessment, the provisions relating to waiver, bar, estoppel, and defense of original assessments apply to the reassessment.

#### Other Laws

Sec. 13. The power to make improvements and levy assessments conferred upon eligible counties by this Act is cumulative and not in derogation of any other validly enacted measures that confer powers on counties to construct and maintain streets or highways and to raise revenues for the construction or maintenance.

**Alternative Procedure**

Sec. 14. If a procedure in this Act is held by any court to violate either the federal or state constitution, the governing body of an eligible county has

the power by resolution to provide an alternative procedure consistent with the constitutions.
