Sec. 8. Whenever any duly enrolled member of any regularly organized active fire department of any city or town now coming within or that may hereafter come within the provisions of this Act as herein limited, on account of accident or other temporary disability caused or sustained while in, and/or in consequence of the performance of his duties, be confined to any hospital or to his bed and/or shall require the professional services of a physician, surgeon or nurse, said Board of Trustees shall upon presentation of properly itemized and verified bills therefor, order paid from the Firemen's Relief and Retirement Fund of that city or town, all necessary hospital, physician's, surgeon's, nurse's and/or medicine bills or expenses and not less than Five Dollars (\$5) nor more than Fifteen Dollars (\$15) per week to such fireman during such temporary disability; provided however, that in no case shall the amount or amounts so paid for such bills and expenses exceed the aggregate sum of One Hundred Dollars (\$100) in any one month; and provided further, that the benefits provided by this Section shall not apply to any city or town having a fully paid fire department.

**Certificates of Disability**

Sec. 9. No person shall be retired either for total or temporary disability, except as herein provided, nor receive any allowance from said Fund, unless and until there shall have been filed with the Board of Trustees, certificates of his disability or eligibility signed and sworn to by said person

and/or by the city or town physician, if there be one, or if none, then by any physician selected by the Board of Trustees. Said Board of Trustees, in its discretion, may require other or additional evidence of disability before ordering such retirement or payment aforesaid.

Any fireman or beneficiary who shall be entitled to receive a pension allowance under any provision of this Act shall be entitled to receive such allowance from and after the date upon which such fireman ceases to carry out his regular duties as a fireman, notwithstanding the fact that such fireman may remain on the payroll of his fire department or receive sick leave, vacation or other pay after the termination of his regular duties as a fireman; provided that, in the event of a delay resulting from the requirements of the first paragraph of this section, such fireman or beneficiary shall, when such allowance is approved by the Board, be paid the full amount of the allowance which has accrued since the termination of such fireman's regular duties as a fireman.

If any fireman or one or more beneficiaries of a fireman shall be or become entitled to receive payments from a Fund under the provisions of more than one section of this Act, such fireman or beneficiaries shall be entitled to and shall be required to elect one section under which such payments shall be computed and paid; provided however, that any payments provided by Section 6A or Section 8 shall be made in addition to payments provided by any other section.

**Contributions by Participants Deducted From Salaries**

Sec. 10. Each city or town in which a Firemen's Relief and Retirement Fund has been created prior to the time at which this amending section of this Act takes effect and which has a part-paid or volunteer fire department, or the governing body of such city or town, shall henceforth be authorized to deduct from the salary or compensation of each fireman who is participating in such Fund when this amending section takes effect, or to collect from each such fireman, whatever amount shall have been authorized, or agreed to, by the filing by such fireman, with the Secretary-Treasurers of the Board of Firemen's Relief and Retirement Fund Trustees of such fireman's city or town, of a statement in writing under oath that he desires to participate in the benefits from such Fund, giving the name and relationship of his then actual dependents and authorizing said city or town or the governing body thereof to deduct not less than one (1) per centum nor more than three (3) per centum, the exact amount thereof to be determined by the vote of the fire department of which such person is a member, from his salary or compensation if a part-paid fireman whose salary or compensation is more than Fifty Dollars (\$50) per month, but if a part-paid fireman whose salary is less than Fifty Dollars (\$50) per month, or if a volunteer fireman, the statement shall include a promise and an obligation to pay to

said Board of Trustees not less than Three Dollars (\$3) nor more than Five Dollars (\$5) per annum to be paid semi-annually, the exact amount thereof to be likewise determined by vote of the fire department of which such person is a member. Such money so deducted from salaries or compensation or agreed to be paid to become and form a part of the Fund herein designated and established as Firemen's Relief and Retirement Fund of that city or town. Failure or refusal to make and file the statement herein provided, or failure or refusal to allow deduction from salary or to pay the amount herein specified as herein provided on the part of any member shall forfeit his right to participate in any of the benefits from said Firemen's Relief and Retirement Fund. If any such member shall elect not to participate in such Fund, he shall not be liable for any salary deduction nor to pay as herein provided.

**Contributions and Membership; Cities of Less Than 240,000**

Sec. 10A. (a) In all cities having fully paid firemen where Firemen's Relief and Retirement Funds now exist or shall be created under the provisions of this Act and having a population of less than two hundred forty thousand (240,000), inhabitants according to the preceding Federal Census, the city or the governing body of the city shall deduct an amount equal to no less than three per cent (3%) nor more than six per cent (6%) from the monthly salary or compensation of each participating member fireman.

(b) The amount of the monthly deductions which shall be contributed to the Firemen's Relief and Retirement Fund shall be determined by majority vote of the Fund members.

(c) Any city coming within the provisions set out in this Article shall also contribute and appropriate monthly to the Fund an amount equal to the total sum paid into the Fund by salary deductions of the members.

(d) Money deducted from salaries or compensation as provided by this Section and the payments and contributions provided by this Section shall become and form a part of the Firemen's Relief and Retirement Fund of the city or town in which the contributing fireman serves.

(e) In addition to the amount which the city is required to contribute, the governing body of a city may authorize the city to make an additional annual contribution to its Firemen's Relief and Retirement Fund in whatever amount the governing body of the city may fix.

(f) In the event a fireman terminates, resigns, or leaves the active full-time service of the fire department for any reason other than those for which pension benefits will accrue, and before he receives his twenty (20) year pension certificate not having completed twenty (20) years of active full-time service in the city's fire department, he shall receive an

amount equal to the sum total of his monthly payments made while a participating member in the Firemen's Relief and Retirement Fund. However, no lump sum payment shall be made without prior approval by a majority vote of the Board of Trustees. The adoption of a program to make lump sum payments to terminated firemen in the amount of their total monthly contributions, subject to approval by the Board of Trustees, shall be effective upon a majority vote of the participating members of the Firemen's Relief and Retirement Fund.

(g) However, a fireman who terminates his full-time service from the fire department having completed twenty (20) years of active full-time service and having received his twenty (20) year pension certificate shall make the following election:

(1) To receive an amount equal to the sum total of his monthly payments made while a participating member in the Firemen's Relief and Retirement Fund, or,

(2) To continue to make his monthly payments into the Firemen's Relief and Retirement Fund until he attains the age of fifty-five (55) years at which time he shall be entitled to receive and participate in all pension benefits which would have accrued to him as an active full-time employee.

(h) Each person who shall hereafter become a fireman in any city which has a Firemen's Relief and Retirement Fund to which he is eligible for membership, shall become a member of such Fund as a condition of his appointment, and shall by acceptance of such position agree to make and shall make contributions required under this Act of members of such Fund, and shall participate in the benefits of membership in such Fund as provided in this Act; provided, however, that no person shall be eligible to membership in any such Fund who is more than thirty-five (35) years of age at the time he first enters service as a fireman; and provided, further, that any such person who enters service as a fireman may be denied or excused from membership in the Fund if the Board of Trustees of the Fund determines that such person is not of sound health. The applicant shall pay the cost of any physical examination required in such instance by the Board of Trustees.

(i) Each person who is an active member of a Firemen's Relief and Retirement Fund previously organized and existing under the laws of this State at the effective date of this amendment shall continue as a member of such Fund and he shall retain and be allowed credit for all service to which he was entitled in the Fund of which he was a member immediately prior to the effective date of this amendment.

**Pension Contribution Funds; Cities of Less Than 240,000**

Sec. 10A-1. In all cities having fully paid firemen where Firemen's Relief and Retirement Funds now exist or shall be created under the provisions of

this Act and having a population of less than two hundred forty thousand (240,000), according to the last preceding Federal Census, the pension contributions paid by a fireman shall not be refunded to him if the fireman is separated from the service of the fire department for any reason other than those qualifying said fireman for a pension, nor shall his beneficiary or estate receive any amount paid by him into the pension fund or any interest his contributions have accrued.

Provided further, however, a fireman who comes within the preceding paragraph may have his pension contributions refunded in a lump sum if the following provisions have been complied with:

1. A majority of the participating members have voted by secret ballot that pension contributions be refunded if a fireman leaves the service of the Fire Department prior to the time that he is entitled to retirement benefits.

2. The refund provisions if approved by a majority of the members shall apply only to those who leave the service of the Fire Department after the effective date of the election.

**Cities of Less Than 240,000; Monthly Deductions From Salaries; Contributions and Appropriations; Membership; Service Credits**

Sec. 10A-2. (a) In all cities having fully paid firemen where Firemen's Relief and Retirement Funds now exist or shall be created under the provisions of this Act and having a population of less than two hundred forty thousand (240,000), according to the last preceding Federal Census, the city or the governing body of the city shall deduct an amount equal to no less than three per cent (3%) nor more than nine per cent (9%) from the monthly salary or compensation of each participating member fireman; provided, however, that the total of the percentage contributed by such city to the Fund, plus the percentage, if any, contributed by such city under the Federal Social Security Act shall not exceed:

(1) nine per cent (9%) of the monthly salary, or

(2) the total percentage contributed to the retirement of other full time employees of such city under the Texas Municipal Retirement System, or any other retirement system, whichever is greater.

(b) The amount of the monthly deductions which shall be contributed to the Firemen's Relief and Retirement Fund shall be determined by majority vote of the Fund members.

(c) Any city coming within the provisions set out in this Article shall also contribute and appropriate monthly to the Fund an amount equal to the total sum paid into the Fund by salary deductions of the members subject to the limitations set out in Section 10A(a). Under no circumstances shall the city contribute an amount greater than the total sum paid into the Fund by salary deductions of members unless authorized under Section 10A(e).

(d) Money deducted from salaries or compensation as provided by this section and the payments and contributions provided by this section shall become and form a part of the Firemen's Relief and Retirement Fund of the city or town in which the contributing fireman serves.

(e) In addition to the amount which the city is required to contribute, the governing body of a city may authorize the city to make an additional annual contribution to its Firemen's Relief and Retirement Fund in whatever amount the governing body of the city may fix.

(f) Each person who shall hereafter become a fireman in any city which has a Firemen's Relief and Retirement Fund to which he is eligible for membership, shall become a member of such Fund as a condition of his appointment, and shall by acceptance of such position agree to make and shall make contributions required under this Act of members of such Fund, and shall participate in the benefits of membership in such Fund as provided in this Act, provided, however, that no person shall be eligible to membership in any such Fund who is more than thirty-five (35) years of age at the time he first enters service as a fireman; and provided, further, that any such person who enters service as a fireman may be denied or excused from membership in the Fund if the Board of Trustees of the Fund determines that such person is not of sound health. The applicant shall pay the cost of any physical examination required in such instance by the Board of Trustees.

(g) Each person who is an active member of a Firemen's Relief and Retirement Fund previously organized and existing under the laws of this State at the effective date of this amendment shall continue as a member of such Fund and he shall retain and be allowed credit for all service to which he was entitled in the Fund of which he was a member immediately prior to the effective date of this amendment.

**Cities of 240,000 or Less; Monthly Deductions From Salaries; Contributions and Appropriations; Membership; Service Credits**

Sec. 10A-3. (a) This section applies to all cities which have a population of two hundred forty thousand (240,000) or less according to the last preceding federal census which adopt the provisions of this section by majority vote of the participating members of the fund and adopted by ordinance.

(b) A city having a Firemen's Relief and Retirement Fund shall deduct an amount equal to not less than three percent (3%) nor more than nine percent (9%) of the average monthly salary or compensation as computed in Subsection (d) of this section from each participating member's salary. The total percentage contributed by the city to the fund, plus the percentage, if any, contributed by the city under the Federal Social Security Act, shall not exceed:

(1) nine percent (9%) of the average monthly salary, or

(2) the total percentage contributed to the retirement of other full time employees of the city under the Texas Municipal Retirement System, or any other retirement system, whichever is greater.

(c) The percentage of the monthly deductions which is contributed to the Firemen's Relief and Retirement Fund as provided in this section shall be determined by majority vote of the fund members.

(d) The average monthly salary or compensation shall be computed by dividing the total gross monthly pay for all firemen for the immediately preceding twelve (12) months by the total number of firemen paid in the immediately preceding twelve (12) months. The average monthly salary shall be recalculated each year.

(e) Monthly contributions to the fund shall start on a date to be established by the board of trustees and shall continue for the following 12-month period.

(f) Any city adopting the provisions of this section shall appropriate and contribute monthly to the fund an amount equal to the total sum paid into the fund by salary deductions of the members. Under no circumstances shall the city contribute an amount greater than the total sum paid into the fund by salary deductions of members unless authorized by Subsection (h) of this section.

(g) Money deducted from salaries or compensation as provided by this section and payments and contributions of the city as provided by this section shall become a part of the Firemen's Relief and Retirement Fund of the city in which the contributing fireman serves.

(h) In addition to the amount which the city is required to contribute, the governing body of a city may authorize an annual contribution to its Firemen's Relief and Retirement Fund in any amount it may fix.

(i) Any person who may become a fireman and is eligible for membership in the city Firemen's Relief and Retirement Fund shall become a member of that fund as a condition of his appointment, make the contributions required of members by this Act, and participate in the benefits of membership in the fund. No person is eligible for membership in the fund if he is more than thirty-five (35) years of age at the time he first enters service as a fireman or if the board of trustees of the fund determines that the person entering the service is not in sound health. The applicant shall pay the cost of any physical examination required by the board of trustees to determine eligibility.

(j) Any person who is an active member of a Firemen's Relief and Retirement Fund previously organized and existing under the laws of this state on the date that this section is adopted by the city shall continue as a member of that fund and retain

and be allowed credit for all service to which entitled prior to the date of adoption.

**Application for Participation in Fund for Prior Service; Amount of Deductions; Contributions for Prior Service**

Sec. 10B. Any fireman who is a member of a regularly organized "full paid" fire department having a Relief and Retirement Fund and who is not participating in such fund, or who is participating but has failed to participate in such fund during some period of his service as a fireman after April 9, 1937, and who desires himself or his beneficiaries to participate in such fund or the benefits therefrom with full credit under this Act for all of such fireman's service as a fireman, shall, within sixty (60) days after this amending section of this Act takes effect, file with the Secretary-Treasurer of the Board of Firemen's Relief and Retirement Fund Trustees of such fireman's city or town a statement in writing under oath that he desires to participate in the benefits from such fund with full credit for all of his service as a fireman and giving the name and relationship of his then actual dependents, and he shall therein authorize said city or town or the governing body thereof to thenceforth deduct not less than one per centum (1%) nor more than seven and one-half per centum (7½%), the exact amount as determined or to be determined by the vote of the fire department of which such person is a member, from his salary or compensation; provided that in cities having a population of five hundred thousand (500,000) or more according to the last preceding Federal Census the amount of the deduction to be authorized shall be not less than five per centum (5%) nor more than seven and one-half (7½%) of such salary or compensation, the exact amount to be determined by the Board of Firemen's Relief and Retirement Fund Trustees; and such fireman shall, at the time of filing such statement, pay to such Fund an amount of money equal to the sum of all contributions which such fireman did not pay but would have paid into said Fund if such fireman had participated in such Fund throughout his entire service as a fully paid fireman after April 9, 1937; provided, however, that in lieu of such full payment at the time of filing such statement such fireman may include in such statement a promise and obligation to pay to said Board of Trustees within two (2) years the full amount of such contributions for the period of such fireman's service while not participating in such Fund. If any fireman should die or retire for any reason after filing such statement and before paying the full amount of the contributions hereinabove provided, all benefits to which such fireman or his beneficiaries would have been entitled under the provisions of this section shall be withheld until the amount due from such fireman to the fund has been paid in full. When any such fireman, or any person acting for such fireman or for his beneficiaries, shall have paid to such Firemen's Relief and Retirement Fund the correct amount of his contributions for his entire period of

service after April 9, 1937, such fireman and his beneficiaries shall be entitled to full credit, under the provisions of this Act, for all of his service as a fireman, and such fireman shall be deemed to have participated in such fund throughout his service as a fireman. Time of service on the "extra board" of a fire department by any person who is now a fully paid fireman entitled to the provisions of this section shall be deemed to be service as a fireman under the provisions of this section, and any fireman who has served on the "extra board" of his department shall be entitled to full credit under this Act for his time of service on such "extra board" if such fireman shall pay to such Fund the correct amount of his contributions for his period of service on such "extra board."

A fireman who is a member of a "full paid" fire department and who complies with the provisions of this section within sixty (60) days after this amending section of this Act takes effect shall be deemed to have participated in and contributed to the Firemen's Relief and Retirement Fund of the fire department for which he is employed, during any period of time after first becoming a fully paid fireman during which period such fireman served in the military forces of the United States in time of war or national emergency; and the correct amount of such fireman's contributions for such period shall be deemed to have been paid in full; provided that this paragraph shall not be applicable to any fireman who does not have full participation credit for all prior time of service and who fails, within sixty (60) days of the effective date of this section, to claim full participation credit for all prior time of service during which he did not participate in a fund.

Provided, however, that no person shall be eligible to begin participation in a Fund in the manner hereinabove provided who was more than thirty-five (35) years of age at the time he began his service as a fireman for the first time.

Each city or town in which a Firemen's Relief and Retirement Fund has been created prior to the time at which this amending section of this Act takes effect and which has a fully paid fire department and which has a population of less than five hundred thousand (500,000) according to the preceding Federal Census, or the governing body of such city or town, shall henceforth be authorized to deduct not less than one per centum (1%) nor more than seven and one-half per centum (7½), the exact amount thereof to be determined by the vote of the fire department of such city or town, subject to the approval of the governing body of said city or town, from the salary or compensation of each fireman who is participating in such Fund when this amending section takes effect. Each such city which has a population of five hundred thousand (500,000) or more according to the preceding Federal Census, or the governing body of such city, shall henceforth be authorized to deduct not less than five per centum (5%) nor more than seven and one-half per centum

(7½), the exact amount to be determined by the Board of Firemen's Relief and Retirement Fund Trustees of such city from the salary or compensation of each fireman who is participating in such city's Fund when this amending section takes effect.

Money deducted from salaries or compensation as provided by this section and the payments and contributions provided by this section shall become and form a part of the Firemen's Relief and Retirement Fund of the city or town in which the contributing fireman serves. Failure or refusal to allow deduction from salary as herein provided on the part of any fireman shall forfeit his right to participate in any of the benefits from said Firemen's Relief and Retirement Fund.

Any fireman who is a member of a department which had an existing Firemen's Relief and Retirement Fund prior to the effective date of this amending Act and who has elected and does elect not to participate in such Fund, shall not be liable for any salary deduction provided by this Act; but each person who shall hereafter join a fully paid fire department which then has a Relief and Retirement Fund shall file a statement in writing, in the manner hereinabove provided by this section, upon joining such department and shall thereafter participate in the contributions to and benefits from such Fund, as provided by this Act, unless such new fireman shall be rejected or excused therefrom by the Board of Trustees upon a determination by the Board that such person is not of sound health. Boards of Firemen's Relief and Retirement Fund Trustees are hereby authorized to require complete or partial physical examinations of any person joining a fire department and filing the statement hereinabove required. The applicant shall pay the cost of any physical examination or examinations so required. If a Board of Trustees determines that an applicant is not of sound health, such Board shall reject the filed statement of such person and shall deny such person participation in the Fund.

#### Contributions by Member of Fully Paid Fire Department

Sec. 10C. Each fireman who is a member of a fully paid fire department which has a Firemen's Relief and Retirement Fund, and who was participating in the Firemen's Relief and Retirement Fund of his city or town on July 22, 1957, shall be required to make the contributions to such Fund provided by this Act, and each such fireman shall be entitled to participate in the benefits provided by this Act.

Sec. 10D. Repealed by Acts 1975, 64th Leg., p. 412, ch. 183, § 23, eff. May 13, 1975.

Sec. 10E. Repealed by Acts 1975, 64th Leg., p. 1148, ch. 432, § 31, eff. June 19, 1975.

**Picked-Up Employee Contributions: Cities of  
Less Than 240,000**

Sec. 10F. (a) A participating city having a population of less than two hundred forty thousand (240,000), according to the most recent Federal Census, shall pick up the employee contributions to the Fund required by Section 10A-2 or 10A-3 of this Act, if the provisions of this subsection and Subsection (b) of this section are adopted and take effect as provided by Subsection (c) of this section. Picked-up employee contributions apply to all compensation earned by participating members of the Fund in the city on or after the effective date and are payable from the same source of funds that is used in paying compensation to the members. Employee contributions may be picked up by a reduction in the monetary compensation of members, by an offset against a future increase in member compensation, or by a combination of compensation reduction and offset against a compensation increase. Unless otherwise determined by the governing body of the city and approved by majority vote of the members, a pick-up of contributions results in a corresponding reduction in compensation.

(b) Contributions picked up as provided by this section shall be treated as employer contributions in determining tax treatment of the amounts under the federal Internal Revenue Code. Each city picking up employee contributions shall continue, however, to withhold federal income taxes based on these contributions until the first payroll period that begins after the date the Firemen's Pension Commissioner files with the secretary of state a finding that the United States Internal Revenue Service has determined, or a federal court has ruled, that, under Section 414(h), federal Internal Revenue Code,<sup>1</sup> the contributions are not includable in the gross income of the member until such time as they are distributed or made available. Employee contributions picked up as provided by this section shall be deposited to the individual account of each affected member and shall be treated for all other purposes of this Act as if the contributions had been deducted from the compensation of members under Section 10A-2 or 10A-3 of this Act. Picked-up contributions are not includable in a computation of maximum city contribution rates under Section 10A-2 or 10A-3.

(c) The provisions of Subsections (a) and (b) of this section take effect in a city on January 1 of the calendar year following the year in which:

(1) the governing body of the city by ordinance elects the provisions;

(2) the provisions are approved by a majority of the participating members of the Fund, voting by secret ballot; and

(3) the Firemen's Pension Commissioner files with the secretary of state a notice stating that the United States Internal Revenue Service has issued a determination that the plan covering employees of

the city is a qualified retirement plan under Section 401(a), federal Internal Revenue Code,<sup>2</sup> and that its related trust is tax exempt under Section 501(a), federal Internal Revenue Code.<sup>3</sup>

<sup>2</sup> 26 U.S.C.A. § 401(a).

<sup>3</sup> 26 U.S.C.A. § 501(a).

**Determination of Amount of Contribution by Members**

Sec. 11. Within thirty (30) days after this Act takes effect, the fire department of any city or town entitled by the provisions of this Act to participate in said Firemen's Relief and Retirement Fund shall determine by vote of the members thereof, the amount, within the limitations of this Act, of salary to be deducted in case of paid firemen, or the amount to be paid by each member thereof per annum in case of volunteer or part paid firemen whose salary is less than Fifty Dollars (\$50) per month, and the fire chief or other proper officer of such fire department shall so certify the result of said vote and determination to the Board of Firemen's Relief and Retirement Fund Trustees for that city or town, which said certificate shall be authority for the governing body of such city or town to make such deductions from salaries and apply such deductions or payments to such Fund.

**Allowances to Beneficiaries of Deceased Members**

Sec. 12. If any member of any department in any city or town having a population of less than five hundred thousand (500,000) according to the last preceding Federal Census, which city or town is not within or may hereafter come within the provisions of this Act, who has been retired on allowance because of length of service or disability, shall thereafter die from any cause whatsoever; or if while in service, any member shall die from any cause growing out of and/or in consequence of the performance of his duty; or shall die from any cause whatsoever after he has become entitled to an allowance or pension certificate and shall leave surviving a widow, a child or children under the age of eighteen (18) years or a dependent parent, said Board of Trustees shall order paid a monthly allowance as follows:

(a) to the widow, so long as she remain a widow and provided she shall have married such member prior to his retirement, a sum equal to one-third ( $\frac{1}{3}$ ) of the average monthly salary of the deceased at the time of his retirement on allowance or death;

(b) to the guardian of each child until such child reaches the age of eighteen (18) years, the sum of Six Dollars (\$6) per month for part paid or volunteer Departments, and the sum of Twenty Dollars (\$20) per month for fully paid Departments;

(c) in the event the widow dies after being entitled to her allowance as herein provided, or in the event there be no widow to receive an allowance, then the amount to be paid to the guardian of any dependent minor child or children under the age of eighteen (18) years shall be Twelve Dollars (\$12) per

month for each such dependent minor child for part-paid or volunteer Departments, and the sum of Forty Dollars (\$40) per month for each such dependent minor child for fully paid Departments;

(d) to the dependent parent only in case no widow or child is entitled to allowance, the amount the widow would have received to be paid to but one (1) parent and such parent to be determined by the Board of Trustees;

provided however, that the total allowance to be paid all beneficiaries or dependents as herein provided shall not exceed the monthly allowance to be paid the pensioner had he continued to live or be retired on allowance at the date of his death; and further provided, that if such amount be insufficient to pay the full schedule of benefits as herein provided, such benefits shall be prorated. Allowance or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries.

Sec. 12A. Repealed by Acts 1975, 64th Leg., p. 1148, ch. 432, § 31, eff. June 19, 1975.

Sec. 12B. Repealed by Acts 1975, 64th Leg., p. 412, ch. 183, § 23, eff. May 13, 1975.

#### Exemption of Benefits From Judicial Process

Sec. 13. No portion of said Firemen's Relief and Retirement Fund shall, either before or after its order of disbursement by said Board of Trustees to such retired or disabled fireman or the widow, the guardian of any minor child or children, or the dependent parent of any such deceased, retired, or disabled fireman, be ever held, seized, taken, subjected to, or detained, or levied upon by virtue of any execution, attachment, garnishment, injunction, or other writ, order, or decree, or any process, or proceedings whatsoever issued out of, or by, any Court of this State for the payment or satisfaction in whole or in part, of any debt, damage, claim, demand, or judgment against such fireman or his widow, the guardian of his minor child or children, his dependent father or mother, nor shall said Fund nor any claim thereto be directly or indirectly assigned or transferred and any attempt to transfer or assign the same shall be void. Said Fund shall be sacredly held, kept, and disbursed for the purposes provided by this Act and for no other purpose whatever.

#### Integration of Fund With Social Security Benefits

Sec. 13A. No Firemen's Relief and Retirement Fund for fully paid firemen shall ever be integrated with benefits payable under the Federal Social Security Act, and benefits which might be available to a fireman under the Federal Social Security Act may never be taken into account in a city where firemen are eligible to enroll for or receive retirement benefits under the Social Security Act when determining the amount of benefits which a fireman may receive from a Firemen's Relief and Retirement Fund for fully paid firemen.

#### Certificate to Firemen Eligible to Retirement or Disability Allowance; Continuance in Service

Sec. 14. Any fireman possessing the qualifications and being eligible for voluntary retirement, but who shall elect to continue in the service of such fire department, may apply to the Board of Trustees for a certificate, and if found to possess such qualifications and be eligible for retirement as herein provided, the Board of Trustees shall issue to such fireman a certificate showing him to be entitled to retirement or disability allowance and upon his death such certificate shall be prima facie proof that his widow and/or dependents shall be entitled to their respective allowances without further proof except as to her or their relationship.

#### Medical Examination of Persons Retired for Disability

Sec. 15. The Board of Trustees, in its discretion, at any time, may cause any person retired for disability, under the provisions of this Act to appear and undergo a medical examination by the city physician or any other physician appointed or selected by the Board of Trustees for the purpose, and the result of such examination and report thereof by said physician shall be considered by said Board of Trustees in determining whether the relief in said case shall be continued, increased (if less than the maximum provided herein), decreased, or discontinued. Should any person receiving relief under the provisions of this Act, after due notice from said Board of Trustees, to appear and be re-examined, unless excused by said Board, fail to appear or refuse to submit to re-examination, said Board of Trustees is authorized in its discretion, to reduce or entirely discontinue such relief.

#### Recall for Duty in Emergency

Sec. 16. Any retired fireman may be recalled to duty in case of great conflagration and shall perform such duty as the chief of the fire department may direct, but shall have no claim against such city or town for payment for such duty so performed.

#### Payments to Dependents on Conviction of Members

Sec. 17. The adjusted pension allowance shall never be more than the amount granted the member on the date of his retirement increased by three percent annually notwithstanding a greater increase in the consumer price index.

(g) All firemen who retire after March 1, 1982, under the provisions of this section or Section 6 or 7 of this Act upon reaching the age of 55 shall have their pensions adjusted annually upward or downward in accordance with the percentage change in the Consumer Price Index for All Urban Consumers as determined by the United States Department of Labor. The adjusted pension shall never be less than the basic pension granted the member on the date of his retirement without regard to changes in the consumer price index. The adjusted pension shall never be more than the amount granted the member on the date of his retirement increased by three percent annually not compounded, notwithstanding a greater increase in the consumer price index. The adjustment provided by this subsection shall be the only postretirement adjustment paid to firemen retiring after March 1, 1982.

(h) All pensioners who retired prior to May 3, 1971, or their survivors shall have their pensions adjusted on a one-time basis in an amount equal to

20 percent of their pension payment. However, in no instance shall the increase be less than \$15 a month. This postretirement adjustment shall be effective September 1, 1981.

#### Pension Allowance at Age of 50; Calculation

Sec. 5. Any fireman who has served in such fire department for a period of at least 10 years and for a period of less than 20 years shall be entitled to a pension allowance at age 50 years. The pension allowance shall be calculated as follows:

(a) The monthly pension allowance shall be equal to the sum of one and seven-tenths percent of his average monthly salary multiplied by the number of years of service of the fireman.

(b) The average monthly salary shall be for the highest 36 months of service of the fireman.

(c) In the event the fireman dies:

(1) before he has reached the age of 50 years, his widow or other beneficiaries shall be eligible for a pension allowance on the date the deceased fireman would have been 50 years of age.

(2) after he reached 50 years of age, his widow or other beneficiaries shall be eligible for a pension allowance. The pension allowances shall be granted by the provisions of this section.

#### Disability Retirement; Amount of Pension; Service Retirement Election

Sec. 6. (a) Whenever a fireman becomes physically or mentally disabled while in or as a consequence of the performance of his duty or becomes physically or mentally disabled from any cause whatsoever after he has participated in a fund for a period of 20 years or more, the board of trustees shall, on his request, or without a request, if they determine that the fireman is not capable of performing the usual and customary duties of his classification or position, retire the fireman on a monthly disability allowance of an amount equal to 50 percent of his average monthly salary for the highest 36 months during his service, or so much thereof as he may have served.

(b) If the fireman is eligible to be retired under the provisions of Section 4 of this Act, he may elect to have his monthly pension allowance calculated under that section.

#### Death or Disability From Any Cause Other Than Performance of Duty; Monthly Pension Allowance to Fireman or Beneficiary; Computation; Service Retirement Election; Annual Adjustment

Sec. 7. (a) Whenever a fireman dies or becomes disabled from any cause other than a disability acquired in the performance of his duty as a fireman, a monthly pension allowance shall be paid to the fireman or his beneficiaries.

(b) The monthly pension allowance shall be computed as follows:

(1) If the fireman becomes disabled, he shall be paid a monthly pension allowance equal to 25 percent of the average monthly salary of the fireman, plus two and one-half percent of the average monthly salary for each full year of service and of participation in a fund except that the monthly pension allowance shall not exceed 50 percent of the average monthly salary. The average monthly salary shall be based on the monthly average of the fireman's salary for the highest 36 months during his service, or so much as he may have served preceding the date of the retirement.

(2) If the fireman was eligible to be retired under the provisions of Section 4 of this Act, he or his beneficiaries may elect to have their monthly pension allowance calculated under that section.

(3) If a fireman dies and leaves surviving him both a widow who married the fireman prior to his retirement, and a child or children of the fireman under the age of 18 years, the board of trustees shall order paid to the widow of the fireman a monthly pension allowance equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under the provisions of Subdivision (1) of this subsection, and in addition the board of trustees shall order paid to the widow or other person having the care and custody of the child or children under the age of 18 years a monthly pension allowance for the use and benefit of the child or children equal to the amount provided for the widow. If the fireman leaves no children under the age of 18 years surviving him or if at any time after the death of the fireman no child is entitled to allowance, then the monthly pension allowance to be paid the widow shall be equal to the full amount the fireman would have been entitled to receive, if disabled, under Subdivision (1) of this subsection.

(4) If the fireman dies and if his widow dies after being entitled to her allowance, or in the event that there is no widow to receive an allowance, the amount of the monthly pension allowance to be paid, for use and benefit of the child or children under the age of 18 years, to the person having the care and custody of the child or children shall be computed as follows: an amount equal to the full amount the fireman would have been entitled to receive, if disabled, under the provisions of Subdivision (1) of this subsection shall be paid for each of the fireman's children under the age 18 years, except that the total monthly pension allowance provided for children shall not exceed the amount to which the fireman would have been entitled under Subdivision (1) of this subsection. If the fireman dies and if his widow dies after being entitled to her allowance, or in the event that there is no widow to receive an allowance, the amount of the monthly pension allowance shall be extended to a child or children on proof to the board of trustees that the child or children are unmarried, a full-time student and between the ages of 18 and 22; the monthly pension shall be extended only for the period of time the child remains a full-time student; the

monthly pension allowance shall be paid directly to the child or children and shall be an amount equal to the full amount the fireman would have been entitled to receive, except that the total amount shall not exceed the amount to which the fireman would have been entitled under Subdivision (1) of this subsection.

(5) If the fireman dies and only if no widow or child is entitled to an allowance under the provisions of this section, a monthly pension allowance equal to one-half of the amount the fireman would have been entitled to receive, if disabled, under Subdivision (1) of this subsection shall be paid to each parent of the deceased fireman on proof to the board of trustees that the parent was dependent on the fireman immediately prior to the death of the fireman, except that the total monthly pension allowance provided for parents shall not exceed the full amount the fireman would have been entitled to receive.

(c) Allowance or benefits payable under the provisions of this section for any minor child shall cease when that child becomes 18 years of age or marries. If a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury, or retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving the allowance so long as he remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he is over the maximum age at the time of the death of his parent and the child is totally disabled as a result of a physical or mental illness, injury, or retardation, the child is entitled to receive as an allowance that to which he would have been entitled had he been under the maximum age at the time of the death of his parent.

(d) The provisions of this section are not applicable to a fireman or his beneficiaries if the fireman's death or disability results from suicide or attempted suicide before the fireman has completed two years of service with the fire department for which he was employed.

(e) The wife of a deceased fireman who had served actively for a period of 20 years or more in a regularly active fire department shall, insofar as the provisions of this section are concerned, be considered the fireman's widow as long as she is not married, notwithstanding that she may have married and divorced or married after the fireman died and she became a widow. A widow covered under this section shall be limited to the pension allowance of the deceased member of this fund, to whom she was last married.

(f) The monthly pension of beneficiaries of a deceased fireman whose pension benefits were subject to the adjustment under the provisions of Section 4(f) or 4(g) of this Act shall be adjusted in the same manner.

#### Certificates of Disability

Sec. 8. (a) No person may be retired either for total or temporary disability, except as provided in this Act, nor receive any allowance from the fund, unless and until there has been filed with the board of trustees certificates of his disability or eligibility signed and sworn to by that person and his physician or by any physician selected by the board of trustees. The board of trustees, in its discretion, may require other or additional evidence of disability before ordering retirement or payment.

(b) Any fireman or beneficiary who is entitled to receive a pension allowance under any provision of this Act is entitled to receive the allowance from and after the date on which the fireman ceases to carry out his regular duties as a fireman, notwithstanding the fact that the fireman may remain on the payroll of his fire department or receive sick leave, vacation, or other pay after the termination of his regular duties as a fireman, except that in the event of a delay resulting from the requirements of Subsection (a) of this section, the fireman or beneficiary shall, when the allowance is approved by the board, be paid the full amount of the allowance which has accrued since the termination of the fireman's regular duties as a fireman.

(c) If any fireman or one or more beneficiaries of a fireman shall be or becomes entitled to receive payments from a fund under the provisions of more than one section of this Act, the fireman or beneficiaries shall be entitled to and shall be required to elect one section under which the payments shall be computed and paid.

#### Contributions of Members

Sec. 9. Each fireman who is a member of a fully paid fire department which has a firemen's relief and retirement fund, and who was participating in the firemen's relief and retirement fund of his city on July 22, 1957, shall be required to make the contributions to the fund provided by this Act, and each fireman shall be entitled to participate in the benefits provided by this Act.

#### Monthly Salary Deductions; Contributions and Appropriations; Membership; Service Credit; Termination

Sec. 10. (a) The governing body of the city shall deduct monthly a sum equal to nine percent from the salary or compensation of each fireman participating in the fund. From and after September 1, 1981, the city shall deduct from the salary or compensation of each fireman participating in the fund a sum equal to 7½ percent of such salary or compensation.

(b) From September 1, 1981, until January 1, 1983, the city shall pay into the fund an amount equal to 18 percent of the salary or compensation paid all members of the fund. Beginning January 1, 1983, the city shall make monthly contributions to the pension fund in an amount equal to the contribution rate certified by the board and multiplied by

the salaries paid to members of the fund. The board shall certify the city's contribution rate for each year beginning in 1983, based on the results of actuarial valuations made at least every three years, with the first such actuarial valuation to be made as of January 1, 1982. The city's contribution rate shall be comprised of the normal cost plus the level percentage of salary payment required to amortize the unfunded actuarial liability over a period of 40 years from January 1, 1983, calculated on the basis of an acceptable actuarial reserve funding method approved by the board. However, such contributions by the city shall not be less than twice the amount paid into the fund by contributions of the members.

(c) Money deducted from salaries or compensation as provided by this section and the payments and contributions provided by this section shall become and form a part of the firemen's relief and retirement fund of the city in which the contributing fireman serves.

(d) Each person who becomes a fireman in any city which has a firemen's relief and retirement fund in which he is eligible for membership, shall become a member of the fund as a condition of his appointment, and shall by acceptance of the position agree to make and shall make contributions required under this Act of members of the fund, and shall participate in the benefits of membership in the fund as provided in this Act, except that no person shall be eligible to membership in the fund who is more than 30 years of age at the time he first enters service as a fireman. Any person who enters service as a fireman may be denied or excused from membership in the fund if the board of trustees of the fund determines that the person is not of sound health. The applicant shall pay the cost of any physical examination required in that instance by the board of trustees.

(e) Each person who is an active member of the firemen's relief and retirement fund previously organized and existing under the laws of this state at the effective date of this Act shall continue as a member of the fund, and he shall retain and be allowed credit for all service to which he was entitled in the fund of which he was a member immediately prior to the effective date of this Act.

(f) If any member's employment by the city, as an employee of the fire department, is terminated for any reason other than those qualifying the employee for a pension, neither the employee nor his beneficiary or estate shall receive any amount paid by him into the pension fund or any interest his contributions may have accrued.

(g)(1) Upon action being taken by its governing body, a city may pick up members' contributions referred to in Subsection (a) of this section. It is the intention of this Act that, upon proper action by a city, members' contributions be considered picked up by the city under the provisions of Section 414(h)(2) of the Internal Revenue Code of 1954, as

amended.<sup>1</sup> Members' salaries are affected by the provisions of this subsection only as they relate to the calculation of pension contributions and gross pay for federal tax purposes. The calculation of pension benefits, severance pay, and other benefits is not affected.

(2) By virtue of the provisions of Section 9 and Section 10(f) of this Act, members' contributions referred to in Subsection (a) of this section may represent a method of computation utilized by a city to assist in its budget calculation of the total cost of maintaining a fire department. Such method of computation may constitute a governmental pick-up plan under the provisions of Section 414(h)(2) of the Internal Revenue Code of 1954, as amended. It is the intention of this Act that members' contributions that were made from and after June 19, 1975, be considered city contributions under the provisions of such Section 414(h)(2). Nothing contained in the provisions of this subsection shall be construed to require a city to pay any additional amounts either into the fund or to a member of the fund with respect to the period from June 19, 1975, until September 1, 1981, or to issue any corrected income reporting forms to any individual member for any prior year.

<sup>1</sup> 26 U.S.C.A. § 414(h)(2).

#### Allowance to Beneficiaries of Deceased Members

Sec. 11. (a) If a member of a fire department who has been retired on allowances because of length of service or disability dies from any cause whatsoever, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty and the member is participating in a fund, or dies from any cause whatsoever after he has become entitled to an allowance or pension certificate, and if the fireman leaves surviving a widow, a child or children under the age of 18 years, or a dependent parent or parents, the board of trustees shall order paid a monthly pension allowance which shall be based on the amount which the fireman would have been entitled to receive had he continued to live and be retired on allowance at the date of his death. The allowance or allowances shall be paid as follows:

(1) If the member dies and leaves surviving him both a widow who married the member prior to his retirement and a child or children of the member under the age of 18 years, the board of trustees shall order paid to the widow of the member a monthly pension allowance equal to one-half of the amount the member would have been entitled to receive, and in addition the board of trustees shall order paid to the widow or other person having the care and custody of the child or children under the age of 18 years a monthly pension allowance, for the use and benefit of the child or children, equal to the amount provided for the widow. If the member leaves no child under the age of 18 years surviving him or if at any time after the death of the member no child is entitled to allowance, the monthly pen-

sion allowance to be paid the widow shall equal the full amount the member would have been entitled to receive.

(2) (A) If the member dies and if his widow dies after being entitled to her allowance, or in the event that there is no widow to receive an allowance, the amount of the monthly pension allowance to be paid, for the use and benefit of the child or children under the age of 18 years, to the person having the care and custody of the child or children shall be computed as follows: an amount equal to the full amount that the member would have been entitled to receive shall be paid for the member's children under the age of 18 years, except that the total monthly pension allowance provided for children shall not exceed the amount which the member would have been entitled to receive.

(B) If the fireman dies and if his widow dies after being entitled to her allowance, or in the event that there is no widow to receive an allowance, the amount of the monthly pension allowance shall be extended to a child or children on proof to the board of trustees that the child or children are unmarried, a full-time student and between the ages of 18 and 22; the monthly pension shall be extended only for the period of time the child remains a full-time student; the monthly pension allowance shall be paid directly to the child or children and shall be an amount equal to the full amount the fireman would have been entitled to receive, except that the total amount shall not exceed the amount to which the fireman would have been entitled under Subdivision (1) of this subsection.

(3) If the member dies and only if no widow or child is entitled to an allowance under the provisions of this section, a monthly pension allowance equal to one-half of the amount that the member would have been entitled to receive shall be paid to each parent of the deceased member on proof of the board of trustees that the parent was dependent on the member immediately prior to the death of the member, except that the total monthly pension allowance provided for the parents shall not exceed the amount which the member would have been entitled to receive.

(b) Allowance or benefits payable under the provisions of this section for any minor child shall cease when the child becomes 18 years of age or marries, except that if a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury, or retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving the allowance so long as he or she remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he or she is over the maximum age at the time of the death of his or her parent and the child is totally disabled as a result of a physical or mental illness, injury, or retardation, the child is entitled to receive

as an allowance that to which he or she would have been entitled had he or she been under the maximum age at the time of the death of his parent.

(c) The wife of a deceased fireman who has been retired on disability allowances because of length of service or has been retired for disability after having served actively for a period of 20 years or more shall, insofar as the provisions of this section are concerned, be considered the fireman's widow as long as she is not married, notwithstanding that she may have married and divorced or married and became a widow after such fireman died. A widow covered under this section shall be limited to the pension allowance of the deceased member to whom she was last married.

#### Exemption of Benefits From Judicial Process

Sec. 12. No portion of the firemen's relief and retirement fund shall, either before or after its order of disbursement by the board of trustees to retired or disabled fireman or the widow, the guardian of any minor child or children, or the dependent parent of any deceased, retired, or disabled fireman, be ever held, seized, taken, subjected to, or detained, or levied on by virtue of any execution, attachment, garnishment, injunction, or other writ, order, or decree, or any process or proceedings whatsoever issued out of, or by, any court for the payment or satisfaction in whole or in part of any debt, damage, claim, demand, or judgment against a fireman or his widow, the guardian of his minor child or children, or his dependent father or mother, nor shall the fund or any claim be directly or indirectly assigned or transferred, and any attempt to transfer or assign the same shall be void. The fund shall be sacredly held, kept, and disbursed for the purposes provided by this Act and for no other purpose.

#### Integration of Fund With Social Security Benefits

Sec. 13. No benefit or pension allowance shall ever be integrated with benefits payable under the federal Social Security Act, and benefits which might be available to a fireman under the federal Social Security Act may never be taken into account in a city where firemen are eligible to enroll for or receive retirement benefits under the Social Security Act when determining the amount of benefits which a fireman may receive under the provisions of this Act.

#### Certificate to Fireman Eligible for the Retirement or Disability Allowance; Continuance in Service

Sec. 14. Any fireman possessing the qualifications and being eligible for voluntary retirement who elects to continue in the service of the fire department may apply to the board of trustees for a certificate, and if found to possess the qualifications and be eligible for retirement as provided in this Act, the board of trustees shall issue to the fireman a certificate showing him to be entitled to retirement or disability allowance, and on his death the

certificate is prima facie proof that his widow or dependents are entitled to their respective allowances without further proof except as to her or their relationship.

#### Medical Examination of Persons Retiring for Disability

Sec. 15. The board of trustees, in its discretion, at any time may cause any person retired for disability under the provisions of this Act to appear and undergo a medical examination by any physician appointed or selected by the board of trustees for the purpose, and the result of the examination and report by the physician shall be considered by the board of trustees in determining whether the relief in the case shall be continued, increased (if less than the maximum provided), decreased, or discontinued. Should any person receiving relief under the provisions of this Act, after due notice from the board of trustees to appear and be reexamined, unless excused by the board, fail to appear or refuse to submit to reexamination, the board of trustees may in its discretion reduce or entirely discontinue relief.

#### Recall for Duty in Emergency

Sec. 16. Any retired fireman may be recalled to duty in case of great conflagration and shall perform such duty as the chief of the fire department may direct, but shall have no claim against a city for payment for duty so performed.

#### Appeal to District Court

Sec. 17. Any person possessing the qualifications required for retirement for length of service or disability or having claim for temporary disability, or any of his beneficiaries, who deems himself aggrieved by the decision or order of the board of trustees, whether because of rejection or the amount allowed, may appeal from the decision or order of the board of a district court in the county where the board is located by giving written notice of the intention to appeal. The notice shall contain a statement of the intention to appeal, together with a brief statement of the grounds and reasons why the party feels aggrieved. The notice shall be served personally on the chairman or secretary or treasurer of the board within 20 days after the date of the order or decision. After service of the notice, the party appealing shall file with the district court a copy of the notice of intention to appeal, together with the affidavit of the party making service showing how, when, and on whom the notice was served. Within 30 days after service of the notice of intention to appeal upon the board, the secretary or treasurer of the board shall make up and file with the district court a transcript of all papers and proceedings in the case before the board and when the copy of the notice of intention to appeal and the transcript has been filed with the court, the appeal shall be deemed perfected and the court shall docket the appeal, assign the appeal a number, fix a date for hearing the appeal, and notify both the appellant

and the board of the date fixed for the hearing. At any time before rendering its decision on the appeal, the court may require further or additional proof or information, either documentary or under oath. On rendition of a decision on the appeal, the court shall give to each party to the appeal a copy of the decision and shall direct the board as to the disposition of the case. The final decision or order of the district court is appealable in the same manner as are civil cases generally.

#### Employment of Certified Public Accountants; Audit

Sec. 18. The board of trustees may engage and employ a certified public accountant or firm of certified public accountants to perform an audit of the firemen's relief and retirement fund at times and intervals as it may deem necessary. The city may pay the entire cost of the audits; if not paid by the city, the cost may be paid from the assets of the fund.

#### Computation of Length of Service

Sec. 19. In computing the time or period for retirement for length of service, any time served in the armed forces of the nation during war or national emergency shall be construed as continuous service. Except for the military service described above, credit for prior service shall be given only if a member returns to the classified service within five years from the date of termination.

<sup>1</sup> Repealed; see, now, Title 110B, § 12.001 et seq.

#### Employment of Counseling Service

Sec. 22. The board of trustees may engage and employ professional investment counselors to advise and assist the board in the investment of the assets of the fund. The investment counseling service must be provided by a nationally known organization whose business functions include rendering continuous investment advisory service to public pension and retirement funds. The city may pay the entire cost of this counseling service; if not paid by the city the cost may be paid from the assets of the fund.

#### Employment of Actuary

Sec. 23. The board of trustees may employ an actuary no more than once every three years and pay his compensation out of the pension fund.

#### Action for Recovery of Benefits Wrongfully Obtained

Sec. 24. The board of trustees may recover by civil action from any offending party or from his bondsmen, if any, any money paid out or obtained from the fund through fraud, misrepresentation, defalcation, theft, embezzlement, or misapplication and may institute, conduct, and maintain the action in the name of the board of trustees for the use and benefit of the fund.

#### Pro Rata Reduction of Benefits on Deficiency

Sec. 25. If for any reason the fund or funds made available for any purpose covered by this Act shall be insufficient to pay in full any allowance or disability benefits, all granted allowances or disability benefits shall be proratably reduced for such time as the deficiency exists.

#### Termination of Active Service; Allowances and Benefits

Sec. 26. After a fireman terminates his active service, the amounts of all allowances and benefits which the fireman or his beneficiaries may thereafter become entitled to receive from a firemen's relief and retirement fund shall be computed on the basis of the schedule of allowances and benefits in effect for the firemen's relief and retirement fund at the time of the termination of the fireman's active service.

(1) the increase is first approved by a qualified actuary selected by the board of trustees of the firemen's relief and retirement fund; the qualified actuary shall if an individual, be a Fellow of the Society of Actuaries or a Fellow of the Conference of Actuaries in Public Practice or a Member of the American Academy of Actuaries;

(2) a majority of the participating members of the pension fund vote for the increase by a secret ballot;

(3) increase applies only to active firemen in the department at the time of the change of the increase and those who enter the department thereafter; and

(4) the increase does not deprive a member, without his written consent, of a right to receive benefits which have already become fully vested and matured in a member.

**Cities With Full Paid Fire Department; Transfer of Firemen**

Sec. 30. (a) A fireman who transfers from the fire department of one city to that of a city covered by this Act and desires to participate in the fund of that city shall:

(b) The city to which the fireman has transferred shall pay an amount equal to the amount it would have paid had the fireman been employed by that city instead of the city from which he transferred, plus six percent interest.

(13) "Governing body" means the governing body of any political subdivision of the state within which a rural fire prevention district created pursuant to the provisions of Chapter 57, Acts of the 55th Legislature, Regular Session, 1957 (Article 2351a-6, Vernon's Texas Civil Statutes), is situated or the governing body of any city or town within which a fire department subject to the provisions of this Act is situated.

126 U.S.C.A. § 152.

**Fire Fighters' Relief and Retirement Fund**

Sec. 2. (a) A Fire Fighters' Relief and Retirement Fund is created.

(b) Participation in the fund is optional. Any governing body may, not later than 60 days after the effective date of this Act and in accordance with the usual procedures prescribed for other official actions of the governing body, elect to exempt itself from the requirements of this Act. Any action to provide for an exemption from the requirements of this Act may be rescinded by the governing body at any time.

(c) Every governing body shall contribute for each fire fighter at least \$12 for each month of service beginning on the date the fire fighter enters the pension system. Contributions must be paid at least every six months. If the member fire department is situated in more than one political subdivision, the governing bodies of such political subdivisions shall contribute equally towards a total of at least \$12 for each fire fighter for each month of service.

(d) The state shall contribute the sum necessary to make the fund actuarially sound each year. The state's contribution may not exceed the amount of one-third of the total of all contributions by governing bodies in one year. If the state contributes one-third of the total contributions of the governing bodies in one year, the fund shall be presumed actuarially sound.

(e) The commissioner may receive contributions to the fund from any source.

(f) Any contribution made and any benefits provided pursuant to this Act shall not be considered compensation, and member fire fighters shall not be deemed to be in the paid service of any governing body.

**Retirement Benefits**

Sec. 3. (a) A member fire fighter shall receive a retirement annuity payable in monthly installments on reaching retirement age, subject to the vesting provisions in Section 6 of this Act.

(b) The monthly retirement annuity is equal to six times the governing body's average monthly contri-

bution over the member fire fighters' term of qualified service under this Act.

(c) For each year of additional qualified service in excess of 15 years, a member fire fighter is entitled to receive an additional seven percent of his monthly pension compounded annually. A fire fighter may receive a proportional credit for days or months of qualified service that make up less than a year.

**Disability Benefits**

Sec. 4. (a) A member fire fighter must elect between retirement or disability benefits if eligible for both.

(b) A member fire fighter who is disabled during the performance of duties as a member of the fire department is automatically vested 100 percent as of the date of disability, if the disability occurs before the member has completed 15 years of qualified service. Benefits under this subsection are payable until the member is able to return to his regular employment.

(c) A member fire fighter who is disabled while not performing duties as a member of the fire department is entitled to be paid a vested monthly income, based on three times the amount of the monthly contribution, until the member is able to return to his regular employment. Prior service is considered vested service for purposes of computing benefits under this subsection.

(d) A member fire fighter whose disability results from performing duties as a fire fighter is guaranteed a disability benefit of \$300 a month.

**Death Benefits**

Sec. 5. (a) The beneficiary of a deceased member fire fighter whose death did not result from the performance of duties as a member of the fire department shall receive a lump-sum benefit that is the greater of:

(1) the sum contributed to the fund on the decedent's behalf; or

(2) the sum which would have been contributed on the decedent's behalf from whatever source at the end of 15 years of qualified service.

(b) The beneficiary of a member whose death results from performing duties as a fire fighter is guaranteed a lump-sum benefit of at least \$5,000.

(c)(1) If the death of a member fire fighter results from the performance of duties as a member of the fire department, in addition to the lump-sum death benefit, the deceased member's spouse and dependents are entitled to receive in equal shares a survivor's benefit equal to two-thirds of the monthly retirement annuity the decedent would have been entitled to receive if the decedent had been able to retire, vested at 100 percent, under Section 3 of this Act on the date of the decedent's death. As long as both spouse and one or more dependents survive, an

additional one-third of that monthly retirement annuity shall be paid to the dependents in equal shares.

(2) If the death of a member fire fighter does not result from the performance of duties as a member of the fire department, in addition to the lump-sum death benefit, the deceased member's spouse and dependents are entitled to receive in equal shares a survivor's benefit equal to two-thirds of the member's vested benefit as of the date of the death, based on three times the amount of the monthly contribution. Prior service is considered vested service for purposes of computing benefits under this subdivision. As long as both spouse and one or more dependents survive, an additional one-third of the vested benefit is payable to the dependents in equal shares.

(d) If a member fire fighter dies after retirement, the surviving spouse shall receive two-thirds of the monthly pension the decedent was receiving at the time of death.

(e) The spouse is eligible to receive benefits as long as the spouse is unmarried.

(f) Lump-sum death benefits are subject to the laws of descent and distribution if the decedent has not provided for testamentary disposition.

(g) When a fire fighter names more than one beneficiary for the lump-sum death benefit, the benefit shall be divided equally among the named beneficiaries unless the fire fighter designates a proportional division. If the fire fighter designates a proportional division, each beneficiary shall receive the proportion of the lump-sum benefit designated by the fire fighter.

#### Vesting of Benefits

Sec. 6. (a) No right to retirement benefits vests until five years of qualified service are completed.

(b) Vested retirement benefits are nonforfeitable.

(c) Full retirement benefits vest at the following rates:

(1) 25 percent after the first five years of qualified service;

(2) five percent a year for the next five years of qualified service; and

(3) 10 percent a year for the 11th through the 15th years of qualified service.

#### Member Claim and Appeal Procedure

Sec. 7. (a) Claims for benefits are filed with the local board of trustees.

(b) On receiving a claim for benefits, the local board of trustees shall hold a hearing to decide the claim. A written copy of the decision must be sent to the claimant and the commissioner.

(c) A claimant may appeal the decision of the local board by filing notice of the appeal with the

local board and the commissioner within 20 days after receiving notice of the local board's decision.

(d) The local board shall file a transcript of the local board hearing with the commissioner within 30 days after receiving notice of appeal.

(e) The commissioner shall, within 30 days after receiving a notice of appeal, set a date for a hearing and notify the claimant and the local board.

(f) A written copy of the commissioner's decision must be sent to the claimant and the local board.

(g) A claimant may appeal the commissioner's decision to the state board of trustees. The appeal must be filed within 20 days after receiving notice of the commissioner's decision.

(h) The state board of trustees shall, within 30 days after receiving notice of appeal, set a date for a hearing and notify the claimant, the local board, and the commissioner.

(i) The claimant, the local board, and the commissioner may present any written or oral evidence necessary for deciding a claim.

(j) The local board, the state board, and the commissioner may administer oaths, receive evidence, issue subpoenas to compel the attendance of witnesses and the production of papers and documents related to the hearing, and make findings of fact and decisions in administering this Act.

(k) The attorney general shall represent the commissioner in all proceedings under this Act which require representation.

(l) The local board may be represented by the city attorney or, where appropriate, the county attorney or counsel it may choose to employ.

(m) The Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes) applies to all hearings authorized by this Act.

#### Certification of Physical Fitness

Sec. 8. A fire fighter entering service in a member fire department after the effective date of this Act must be certified as physically fit by the local board of trustees prior to admission to the pension system.

#### Transfer of Accrued Benefits

Sec. 9. A member fire fighter who terminates service and later resumes service with the same fire department or transfers to another member department may transfer all accrued benefits to the new or resumed service.

#### Entering the Pension System; Required Election

Sec. 10. (a) An election must be held within the local fire department to merge its current pension plan with the pension system.

(b) The election must be held within 14 days after:

(1) a petition calling for an election and signed by 50 percent of the active fire fighters in the department is filed at the local department; and

(2) the disclosure required by Section 16 of this Act is made to the fire fighters in the local department.

(c) If the current pension plan of the fire department is not solvent, the election to enter the pension system in this Act must be decided by a majority of the votes cast by qualified fire fighters in the department.

(d) If the current pension plan of the fire department is solvent, the election to enter the pension system in this Act must be decided by at least 60 percent of all votes cast.

(e) In the election required in this section, a fire fighter's vote must be multiplied by the number of years of participation in the current pension plan.

#### Merger of the Current Pension Plan with the Pension System

Sec. 11. (a) When a fire department under a current pension plan elects to participate in the pension system in this Act, the current pension plan is merged with the pension system.

(b) The costs of the current pension plan shall be determined on an actuarially sound basis using the attained-age normal method and actuarial assumptions described in Subdivision 6 of Section 1 of this Act. The costs must be certified by a qualified actuary as of the effective date of merger or within three years preceding the date of merger.

(c) On the date of merger, all assets and liabilities of the current pension plan are transferred to the pension system and become an allocated part of the system. The assets may be merged with the pension system assets for investment purposes, but a separate account must be maintained for the funds allocated to each plan that has merged with the system.

(d) Following merger, a member's retirement benefits in the pension system are determined by either the future-service method or the buy-back method. The options are available only to fire fighters participating in the current pension plan.

(e)(1) In the future-service method, the qualified service required to earn retirement benefits in the pension system begins as of the date of merger. For determining a person's retirement benefits in the pension system, a fire fighter may choose the formula for benefits used in the current pension plan or the formula for benefits as outlined in this Act. Any retirement benefits accrued prior to the date of merger will also be paid on retirement according to the formula for benefits under the current pension plan.

(2) In the buy-back method in determining the fire fighters' retirement benefits in the pension system, a fire fighter may choose the formula for

benefits used in the current pension plan or the formula for benefits as outlined in this Act. The fire fighter who has less than 15 years of service remaining before retirement as of the date of merger may count time served under the current pension plan before the date of merger as qualified service. The time period necessary to make 15 years of service before retirement may be used.

(f) A fire fighter who terminates service prior to the date of merger of his fire department's current pension plan with the pension system is entitled to receive at retirement age the retirement benefits vested under the pension plan in effect during his service. The pension system pays his benefits.

(g) Any benefits being paid by the current pension plan at the date of merger will be paid by the pension system following merger.

(h) On merger of a current pension plan with the pension system, the sponsors of the current pension plan are obligated to make contributions to the pension system in this Act to fund the unfunded prior-service cost. The unfunded prior-service cost is determined as of the date of merger using the attained-age normal method and the actuarial assumptions in the definition of "actuarially sound pension system." The period of funding these contributions shall not exceed 20 years measured from the date of merger.

(i) An election for the local board of trustees must be held within 30 days of entering the pension system. The names of the elected trustees are filed with the commissioner.

#### Prior Service of Members Without a Pension Plan Before Participation

Sec. 11A. A governing body that is participating in the fund and whose fire department did not have a pension plan in effect immediately before the date of participation may purchase, on terms acceptable to the commissioner, credit for prior service by its member fire fighters. The commissioner, after consultation with a qualified actuary, shall determine the amount required to purchase prior-service credit under this section. The requirements of Section 11 of this Act apply to the purchase of prior-service credit under this section to the extent that they are applicable. The value of prior service purchased under this section is the same as if it had been performed as a member of the fund.

#### Withdrawing From the Pension System

Sec. 12. (a) A current pension plan that merges with the pension system may withdraw from the pension system within five years after the date of merger on a majority vote of the fire fighters in the department voting in the same manner as provided in Section 10 of this Act.

(b) On withdrawal from the pension system, the allocated assets and liabilities as apportioned by an actuary retained by the pension system must be

transferred to the plan chosen to replace the pension system.

(c) If a fire fighter terminates service before retirement, vested retirement benefits must be paid to the fire fighter at retirement age. There is no penalty for nonconsecutive years of service.

#### Benefits Received From Other Plans or Insurance

Sec. 13. The rights to benefits under this pension system are not defeated by benefits or payments received by other plans or insurance.

#### Investment and Management of the Fund

Sec. 14. (a) If the commissioner's annual report shows a surplus in the fund over the amount necessary to pay benefits due for a reasonable period of time not to exceed five years, the commissioner and trustees shall invest the surplus.

(b) The surplus may be invested in:

(1) bonds or other interest-bearing obligations and securities issued by governmental entities;

(2) shares or share accounts of savings and loan associations insured by the Federal Savings and Loan Insurance Corporation;

(3) shares and share accounts of banks insured by the Federal Deposit Insurance Corporation;

(4) first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act, as amended;<sup>1</sup>

(5) investments made by a life insurance company in order to effect a group annuity contract; or

(6) corporation bonds, preferred stocks, and common stocks.

(c) The state board of trustees shall employ a professional investment counselor, a legal reserve life insurance company licensed to do business in the State of Texas, or a bank with trust powers under the laws of the State of Texas. The investment counselor or bank employed by the board must be a nationally known organization whose business includes investment counseling for public pension and retirement funds. A life insurance company employed by the board must provide a group annuity contract that guarantees expenses and provides a formula for determining the amount of funds available for transfer at the end of a contract period. The contract may not include requirements that guaranteed life annuities be purchased.

(d) The cost of the investment counseling service may be paid from income earned by investments.

(e) No portion of the corpus or income of the fund may be used for purposes other than the benefit of member fire fighters and their beneficiaries.

<sup>1</sup> 12 U.S.C.A. § 1701 et seq.

#### Pension Plans Required to be Solvent

Sec. 15. (a) Every fire fighter in the state who serves without monetary remuneration must be a member of a solvent pension plan.

(b) After the effective date of this Act, an insolvent pension plan for fire fighters who serve without monetary remuneration must become actuarially sound within three years. An insolvent pension plan must demonstrate to the commissioner within six months after becoming insolvent that steps are being taken to become actuarially sound.

#### Disclosure of Pension Plan Information Required

Sec. 16. (a) The governing body shall disclose to each fire fighter who serves without monetary remuneration and who is eligible for participation in the pension system the information required by this section.

(b) The commissioner shall distribute to each fire department and each governing body the following information:

(1) all benefits that are available in the pension system in this Act;

(2) the contributions required by the pension system;

(3) the expected return on the investment of a member fire fighter;

(4) when benefits vest;

(5) the transferability of benefits;

(6) rights of withdrawing members;

(7) procedures for filing claims and appeals;

(8) tax consequences; and

(9) changes in the law.

(c) The local fire department shall disclose to each fire fighter in the department and to each new fire fighter on his commissioning the information in Subsection (b) of this section.

(d) After a petition for an election as required in Section 10 of this Act has been filed and before the election occurs, the directors of a current pension plan must disclose to its members the information required in Subsection (b) of this section about the current pension plan.

#### Penalties

Sec. 17. (a) A governing body which does not disclose the information required in Section 16 of this Act or which does not meet the requirements of a solvent pension fund as required in Section 15 of this Act is subject to a civil penalty of not less than \$100 nor more than \$1,000 for each violation, plus reasonable attorney's fees.

(b) The attorney general shall bring suit in a court of appropriate jurisdiction to collect the civil penalties authorized by this Act.

(c) The commissioner and the state board of trustees shall assemble and disseminate the information necessary for the disclosure requirements concerning the pension system as outlined in Section 16 of this Act.

(d) The commissioner is responsible for recovering any fraudulently acquired benefits. If it appears that fraud has occurred, the commissioner shall notify the local board and the claimant and hold a hearing. (e) The commissioner shall collect the revenues from the local boards of trustees for the fund.

(f) The commissioner may request and administer additional state funds in an emergency.

(g) The commissioner shall require annual reports from the local boards of trustees.

(c) The trustees shall serve six-year terms. The trustees appointed to serve on the first board of trustees shall draw by lot at the first board meeting to determine the length of term to be served. Two trustees shall serve a two-year term; two trustees shall serve a four-year term; and two trustees shall serve a six-year term. Thereafter each term shall be for six years.

(d) Four trustees constitute a quorum.

(e) A board decision or recommendation is made by a majority vote of trustees present. The vote must be recorded in the minutes of board meetings.

**Art. 6243e-2. Firemen's Pensions in Cities of 350,000 to 400,000**

Any city having a population of three hundred fifty thousand (350,000) or more, but less than four hundred thousand (400,000) according to the last preceding Federal Census and having a full time regularly organized fire department and having an established municipal employees retirement plan shall be authorized to provide for the retirement of its firemen by appropriate ordinance under the terms and provisions of such employees retirement plan if the benefits provided by such employees retirement plan are substantially as advantageous as the benefits provided by Chapter 125, Acts of the 45th Legislature, as amended (Article 6243e, Vernon's Civil Statutes of the State of Texas).

Upon adoption of an appropriate ordinance, all of the assets of the Firemen's Relief and Retirement Fund shall be transferred to the Municipal Employees' Retirement Fund and thereafter those persons serving as active firemen duly enrolled or contributing to the fund shall be subject to all provisions of

such Municipal Employees' Retirement Fund and the Municipal Employees' Retirement Fund of such city shall assume all liabilities and obligations of the Firemen's Relief and Retirement Fund at the date of transfer. **Art. 6243e-3. Firemen's Death and Disability Benefits; Heart or Lung Disease**

Sec. 1. The Board of Trustees of any firemen's pension fund in any incorporated city or town in this State may, upon fulfilling requirements hereinafter stated, establish benefit eligibility for a fulltime employee who has been employed for as long as six (6) years, and thereafter becomes disabled or dies from heart or lung disease, based on a presumption that such death or disease was a consequence of his duties as a fireman, if the fireman shall have successfully passed a physical examination prior to the claimed disability or death, or upon entering upon his employment as a fireman, and the examination failed to reveal any evidence of the condition or disease of the lungs, hypertension or heart disease.

Sec. 2. Before any such Board shall adopt as part of its plan for retirement benefits the presumption, together with qualifications, set forth in Section 1 hereof, it shall take the following preliminary step(s):

(a) Obtain an actuarial study showing how the proposed change in benefit eligibility standards will affect the financial condition of the fund.

(b) In the event that such actuarial study shows that inclusion of the proposed change in benefit eligibility standards will not make the fund financially unsound, then said Board shall, within thirty days after receipt of such actuarial study, hold an election in which the active participants contributing to the fund shall vote on the question of whether such benefit eligibility standard should be instituted, said Board being bound by the results of such election.

**Art. 6243f. Firemen and Policemen's Pension Fund in Cities of 500,000 to 800,000**

**Board of Trustees**

Sec. 1. In all incorporated cities containing more than five hundred thousand (500,000) inhabitants and less than eight hundred thousand (800,000) inhabitants according to the last preceding federal census or any future federal census and having a fully paid fire and police department, there is created hereby (and continued if heretofore created) a Firemen and Policemen's Pension Fund; provided, however, that once such pension system becomes operative in any city, any right or privilege accruing to any such member thereunder shall be a vested right and the same shall not be denied or abridged thereafter through any change in population of any such city taking such city out of the population (as herein prescribed) and said pension system shall continue to operate and function regardless of whether or not any future population exceeds or falls below said population. To govern said Firemen and Policemen's Pension Fund, there is hereby created a Board of Trustees to consist of seven (7) members, as follows: the mayor, two (2) aldermen, councilmen or commissioners, each to serve on this Board for the term of office to which they are elected, and to be elected to this Board by majority vote of the Board of Aldermen, Council or Board of Commissioners on which they serve; two (2) active firemen below the rank of fire chief, to be selected by the majority vote of the members of the fire department by secret ballot, one (1) for a term of two (2) years, and the other for a term of four (4) years, and two (2) active policemen below the grade of police chief, to be selected by the majority vote of the members of the police department, by secret ballot, one (1) for a term of two (2) years, and the other for a term of four (4) years. All members from the fire and police departments shall be elected by the contributors to the Fund, and shall serve until their successors are elected and qualified and their successors shall be elected for a term of four (4) years. These seven (7) trustees and their successors shall constitute the Board of Trustees of the Firemen and Policemen's Pension Fund, to provide for the disbursement of same, and to designate the beneficiaries thereof, and to have complete and independent control over said Pension Fund. Said board of trustees shall be increased in number from seven to nine by the addition of two retiree/beneficiary representatives, one each from the rolls of retirees, the widows, or the widowers of retirees of the fire department and police department, respectively. Such trustees shall have full voting and membership rights on said board. They shall each be elected by secret written ballot of the retirees, widows, or widowers of re-

tierees of their respective departments, and the board, through its secretary, shall administer the required elections (with ballots to be mailed to out-of-town retirees and beneficiaries). Their terms of office shall each be four years, with one such trustee to be elected every two years.

The first election, however, shall be for both memberships and shall be conducted not later than 60 days after the effective date hereof. At such election the representative trustee for police department retirees and beneficiaries shall be elected for a term extending through May, 1983, and the representative trustee for fire department retirees and beneficiaries shall be elected for a term extending through May, 1981.

Only retirees and widows or widowers of members duly enrolled on the pension rolls shall be eligible for membership on the board.

#### Powers and Duties of Board

Sec. 2. The board shall organize by choosing one (1) member as chairman and one (1) member as secretary, which board shall control and administer the fund and shall order payments therefrom in pursuance of the provisions of this Act. It shall report annually to the governing body of such city, the condition of the Fund and the receipts and disbursements on account of same, with a complete list of the beneficiaries of the Fund, and the amounts paid them. The Board shall have the complete authority and power to administer all of the provisions of this Act and any implied powers under this Act.

#### Recall of Trustee

Sec. 3. The trustees elected to the board by the members of the fire and police departments may be recalled from such positions by a vote of the membership of their respective departments. Such recall election shall be held within 30 days after the board of trustees (the member in question not voting) certifies that a proper petition for a recall election on the trustee in question has been signed by at least 20 percent of the active members and contributors of the fund of such department. If a majority of the members of said department voting at such recall election shall vote to recall said trustee, his term of service shall end immediately upon the entry of an order by the board canvassing the results of such election and declaring the results thereof. The board shall, at the same time, call a special election to be held not less than 20 nor more than 30 days thereafter for the purpose of filling such vacancy for the unexpired term of said recalled trustee. The trustee recalled shall not be eligible to run in said special election but shall be eligible to run in all elections for trustee in said department thereafter. A recall petition must be filed with the board within 45 days after the first signature thereon has been obtained. Each signature shall be dated or be invalid.

#### Contributions to Fund, Deductions From Wages

Sec. 4. (a) There shall be deducted for such fund from the wages of each fireman and policeman in the employment of such city a percentage of the member's total salary excluding overtime pay, according to the following schedule:

(1) 8 percent for full pay periods before October 1, 1981;

(2) 8.5 percent for full pay periods after September 30, 1981, but before October 1, 1983;

(3) 9 percent for full pay periods after September 30, 1983, but before October 1, 1985;

(4) 9.5 percent for full pay periods after September 30, 1985, but before October 1, 1987;

(5) 10 percent for full pay periods after September 30, 1987, but before October 1, 1989; and

(6) 10.5 percent for full pay periods after September 30, 1989.

(b) Such city shall pay into said fund, and at the same time, an amount equal to double the sum total of all such deductions. Such payments into the fund by said city (both as to deductions and double matching amounts) shall be made within five working days of receipt by said city of such deductions. Any donations made to said fund and all fund received from any source for such fund shall be deposited in like manner in such fund. The city's double matching amount referred to above shall be in lieu of all other payments heretofore required by law to be made by the city except as provided in Sections 26B(3) and 26C hereof.

(c) Department chiefs shall contribute on the basis of the salary of their permanent civil service rank plus their individual longevity pay and upon death or retirement their pensions shall be computed on the same basis.

#### Meetings; Disbursements; Records

Sec. 5. The Board shall hold regular monthly meetings and other meetings upon call of its Chairman, or written demand of a majority of the members. It shall issue orders signed by the Chairman and Secretary to the persons entitled thereto of the amounts of money ordered paid to such persons from such Fund by the said Board, which order shall state for what purposes such payments are to be made. It shall keep a record of the proceedings which record shall be of public record; it shall at each monthly meeting send to the City Treasurer a written list of persons entitled to the payment from the Fund, stating the amount of such payment and for what granted, which list shall be certified and signed by the Chairman and Secretary of such Board attested under oath. The Treasurer shall enter a copy of said list upon the book to be kept for that purpose, which book shall be known as the Record of the Firemen and Policemen's Pension Fund, and the said Board shall direct payment of the amounts herein to the persons entitled thereto

out of said Fund. No money of said Fund shall be disbursed for any purpose without a majority vote of the Board, which shall be a "No" and "Yes" vote entered upon the proceedings of the Board.

#### Custody of Fund

Sec. 6. The Treasurer of said City shall be Treasurer of said Fund. All money for said Fund shall be paid over to and received by the Treasurer for the use of said Fund, and the duties thus imposed upon such Treasurer shall be additional duties for which he shall be liable under his oath and bond as such City Treasurer, but he shall receive no compensation therefor.

#### Who May Share in Fund

Sec. 7. (a) Any person who has been duly appointed and enrolled in the Fire Department or Police Department of any city having the number of inhabitants provided for in Section 1, as amended, to a position or office expressly established and classified as a position or office in either of said departments by Ordinance of the City Council or other governing body of such city, and who, after such due appointment and enrollment has served the probationary period in such position or office, if any, shall automatically become a member of the Pension Fund of such city upon expiration of ninety (90) days from date such city comes within the provisions of this Act, provided such person at the time of such appointment was not less than eighteen (18) years of age and not more than thirty-five (35) years of age. In all instances where a person is already a member of and contributor to such Pension Fund, he shall retain and be entitled to all rights and privileges due him by virtue of having been such a member and contributor.

(b) Any person not a member of the Pension Fund when this Act becomes effective, who thereafter is duly appointed and enrolled as a Fireman or Policeman of such city in a position or office expressly established and classified as a position or office in either of said departments by ordinance of the city council or other governing body of such city, and who, after such due appointment and enrollment serves the probationary period in such position or office, if any, shall automatically, after six (6) months of service, become a member of the Pension System as a condition of his employment, provided such person at the time of such appointment was not less than eighteen (18) years of age and not more than thirty-five (35) years of age.

(c) Members of this Pension Fund who are called to active military service shall not be required to make the monthly payments into the fund provided for in this Act as long as they are thus engaged in active military service, nor shall they lose any seniority rights or retirement benefits provided for in the Act by virtue of such military service, provided that after their reinstatement to an active status in either the fire or police department they must file a written statement of intent with the secretary of

the Pension Fund within 90 days of their return to such active status to pay into the Pension Fund an amount equal to what they would have paid in if they had remained on active status in the department during the period of their absence in military service and make such payment in full within an amount of time after their return equal to the time they were absent, in each case, or forever lose all credit toward a retirement pension for the length of time such member was engaged in active military service. No disability resulting from either injury or disease contracted after the effective date of this Act while engaged in military service shall ever entitle a member of the fund to a disability pension. When payments are made into the fund by a member pursuant to this section, the city shall double match such payment.

(d) For the purposes of this Act, the regularity of an appointment shall not be presumed from the serving of the full probationary period, if any. And the service by an officer or employee of the probationary period in the Fire Department or Police Department shall not constitute the creation of a position or office to which a regular or a due appointment may be made under this Act. And the drawing of compensation by an officer or employee in the Fire Department or Police Department for his service therein shall not of itself make such a person a member of said Pension Fund.

(e) Members of this Pension Fund who were called to activate military service during the period January 1, 1965, to April 30, 1975, inclusive (Vietnam War), and who have not heretofore complied with the provisions of Subsection (c) of this section may, within 90 days of the effective date of this amendment, file a written statement of intent and then make a contributory payment in the manner and within the time limit specified in Subsection (c) of this section and thus receive credit for the time thus engaged in active military service.

#### Retirement Pension

Sec. 8. (a) Whenever any member of said departments shall have contributed a portion of his salary as provided by this Act, and shall have both contributed and served for a period of 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 or 30 years or more in either of said departments, the board shall, upon the application of any such member for retirement and a retirement pension, authorize a retirement pension to said applicant who retires after August 31, 1981, but before October 1, 1984, based on the average of the member's total salary excluding overtime pay for the highest five years of such member's pay at the rate of two percent thereof for each year served, with fractional years prorated based on full months served, as such contributing member but the highest pension paid shall not exceed 60 percent of such highest five years salary average as of the date of retirement. The board shall compute the retirement pension of a member who retires after September 30, 1984, but before October 1, 1987, on

the basis of the average of the member's total salary excluding overtime pay for the highest four years of the member's pay at the rate of two percent for each year served, with fractional years prorated based on full months served, as a contributing member, but the pension may not exceed, as of the date of retirement, 60 percent of the average so determined. The board shall compute the retirement pension of a member who retires after September 30, 1987, in the same manner provided for computation of a pension for a member who retires on September 30, 1987, except that the average salary must be based on the highest three years of the member's pay excluding overtime pay. Provided, however, that any member of said departments qualifying for membership in the Pension Fund who is employed after the effective date of this Act must also have reached 50 years of age before being eligible for a retirement pension. No member shall ever receive any award from this fund for retirement until he has served at least 20 years in either or all of the departments and has also contributed the required amount of money for at least 20 years. In determining the number of years of service in a department, the member shall be given full credit for such time, or periods of time, said member was actively engaged in the military service, but only strictly in accordance with the provisions of Section 7(c) of this Act. Disciplinary suspensions of 15 days, or less, shall not be subtracted from a member's service time credit under this Act toward a retirement pension, provided that the member shall pay into the fund within 30 days after the termination date of each suspension a sum of money equal to the amount of money which would have been deducted from his salary during that period of suspension if it had not been for that suspension and upon such payment the city shall double match it.

(b) From and after January 1, 1959, whenever any member of said departments shall have served for a period of 30 years or more in either of said departments and shall have contributed a portion of his salary, as provided by this Act, for the same period of time, he shall be retired automatically from service upon attaining the age of 65 years and receive a pension based upon 60 percent of the average of his total salary excluding overtime pay for the same number of years as is currently provided for computations under Subsection (a) of this section, computed to the date of his retirement. Failure of such employee to comply with this provision shall deprive the member, and his widow and children and dependent parents, of any and all pensions and benefits herein provided.

(c) Provided, however, when a member in said departments attains the age of 65 years without having served for a period of 30 years in either of said departments and without having contributed a portion of his salary as provided by this Act for a period of 30 years, he may continue his service until

his period of service and period of Pension Fund contributions shall cover 30 years.

(d) From and after the effective date of this amendment, those members retiring with more than 30 years service and at least 31 years service shall receive an additional one percent pension increment for each whole year served over 30 years, up to a maximum of 70 percent of such salary, such pension to be otherwise computed under the provisions of Subsection (a) of this section.

(e) From and after the effective date of this amendment, members of this fund at the time of their retirement shall receive service time credit for all unused sick leave accumulated by them under Chapter 325, Acts of the 50th Legislature, Regular Session, 1947, as amended (Article 1269m, Vernon's Texas Civil Statutes), and the ordinances of the city, which exceed 90 days of such accumulated sick leave.

#### **Cessation of Membership in Department; Eligibility for Retirement Benefits; Conditions**

Sec. 9. When any member of said Departments has qualified for a retirement pension as provided in Section 8(a) hereof, but has subsequently ceased to be a member or a duly enrolled member of said Departments, by whatever means or for whatever reason, he shall nevertheless be entitled to such retirement benefits of the Fund as had accrued to him before the time he ceased to be a member or duly enrolled member of said Departments, provided, however, that: (a) application for such retirement pension must be filed with the Board by such former member (or his beneficiary or beneficiaries in the event of his prior death) within one (1) year from the date he ceases to be a member or duly enrolled member of said Departments; (b) such retirement pension shall begin as of the first full calendar month after the month in which such application is filed; and (c) the amount of such pension shall be that established as of the date he ceased to be a member or a duly enrolled member of said Departments, or as of the date he files such application, whichever is the lesser; provided further, that this section shall never be construed to entitle a former member to a pension hereunder who has lost his pension rights because of failure to retire at age sixty-five (65), (or upon attaining thirty years' service past age sixty-five (65)), under the provisions of Section 8(b) hereof.

#### **Retirement When Disabled**

Sec. 10. When any duly appointed and enrolled member of the fire department or police department of the city who is contributing to said fund, as herein provided, shall become so permanently disabled through injury or disease so as to incapacitate him from the performance of his duties, and shall make written application subject to medical examination for such injury or disease, he shall be retired from the service, if a member in good standing of said department at the time of retirement, and be

entitled to receive from the said fund one-half of the average of his total salary excluding overtime pay based on the same number of years of the member's pay as is currently provided for computations of pensions under Subsection (a) of Section 8 of this Act, or if he has served less than that number of years, a theoretical average based on all of his years of service extended back to a date the same number of years before the date of retirement under this Act as is currently provided for computations of pensions under Subsection (a) of Section 8 of this Act, using (for the extended period) the actual base pay of a private as of that period of time, in each case, in making the computation. In no case shall a disability claim for incapacity from fire or police duties be received or considered, nor an award made hereunder until disability therefrom has first been proved to be continuous and wholly incapacitating for a period of not less than 30 days. The amount of one-half of the average total salary excluding overtime pay as set out above is the maximum amount of disability pension for total and permanent disability. Disability resulting from injury or disease incurred after the effective date of this Act while engaged in the active military service shall not entitle a member of this fund to a disability pension. However, total and permanent disability resulting from injury or disease incurred while a member is on suspension shall, if the suspended member makes up all deducted contributions lost by reason of the suspension within 30 days of the date that they would otherwise have been deducted from his pay, entitle a member of this fund to a disability pension, except in the case of an indefinite suspension. In the latter case action on an application for a disability pension shall await a final determination of any and all appeals. If the member is finally discharged, he shall not be entitled to a disability pension and his application shall be dismissed. If the member is restored to duty, or given a suspension for a specific period of time, his application shall be heard and acted on in the same manner as any other application. These provisions shall not affect the right conferred by Section 9 of this Act. The city shall double match all contributions made into the fund by the member pursuant to this section.

#### Death Benefits to Widows and Children

Sec. 11. (a) In case of the death before or after retirement of any member of the Fire and Police Pension Fund of such city, who at the time of his death or retirement was a contributor to the said fund, and a member in good standing of said fund, leaving a widow, child or children under the age of 17 years, or an unmarried child or unmarried children 17 years of age or over but under 19 years of age currently attending a public or private educational institution, the widow and such child or children shall be entitled to receive from the said fund an amount not to exceed one-half of the average total salary excluding overtime pay of the deceased member based on the same number of years of the

member's pay as is currently provided for computations of pensions under Subsection (a) of Section 8 of this Act, or a theoretical average based on all of his years of service extended back to a date the same number of years before the date of his death as is currently provided for computations of pensions under Subsection (a) of Section 8 of this Act, using (for the extended period) the actual base pay of a private as of that period in time, in each case, in making the computation; one-half of the widow's amount in the aggregate shall go to the eligible children and one-half for the widow.

(b) No child resulting from any marriage subsequent to the date of the retirement of said member shall be entitled to a pension under this Act. In case there are no children, the widow shall receive an amount not to exceed one-half of the average total salary excluding overtime pay of the deceased member computed as provided above if he has served less than the number of years currently provided for computations of pensions under Subsection (a) of Section 8 of this Act. In case there is no widow, the children shall receive one-fourth of the average total salary computed as provided above, except that if the board determines upon investigation that the eligible child or children is or are destitute then the board may increase the pension to an amount not exceeding two-fifths of that average total salary. The amount awarded hereunder to any child or children shall be paid by the board of trustees to the legal guardian of said child or children. In no instance shall the amount received by the widow, child or children exceed a pension allowance of one-half of the average total salary excluding overtime pay of the deceased member computed as provided above, and in the event of the death of a member who retired upon 20 years service and less than 25 years service in no instance shall the amount received by the widow and child or children or the widow alone, exceed a total of two-fifths of that average total salary computed as provided above. A child or children alone in such case shall receive only one-fifth of that average total salary as computed above.

(c) A child who is so mentally or physically retarded as to be incapable of its own support to any extent shall, if otherwise qualified, enjoy the rights of children under 17 years of age regardless of age. Provided, further, that any pension paid hereunder to any mentally or physically retarded child or children shall be reduced to the extent that any of same shall receive any state pension or aid, including medicaid, or any state-funded assistance, regardless of whether or not the funds were made available to the state by the federal government. Provided, however, that in no other instance under this Act shall any child be entitled to any benefit after becoming 19 years of age.

(d) On the remarriage of the widow, either statutory or common law, or the marriage of any child granted such pension, the pension shall cease; provided, however, that if such remarried widow again

becomes unmarried she shall then be entitled on application to 75 percent of her original pension for as long as she remains unmarried, but if, on application, retroactive payments are due the unmarried widow, in no case may payments be for a period greater than two years during which time the applicant was unmarried and before the date of application.

(e) No widow shall ever be entitled to more than one pension from this fund. No widow whose status as such resulted from any marriage subsequent to the date of the retirement of said member shall be entitled to a pension under this Act. The pension rights of qualified widows, children, and dependent parents of deceased members or pensioners who retired or died before the effective date of the 1971 amendment hereto shall be computed on the basis of the base pay of a private in the department as of the date of such retirement or death. In the event of the death of a member who is under suspension at the time, including an indefinite suspension which has not yet become final, his widow and children shall enjoy the same rights as any other member hereunder.

(f) All widows, or other dependent beneficiaries under this Act, or guardians thereof, may be required by the board to file an affidavit annually as to their marital status, or that of their wards, or to give an affidavit to the board at other times when probable cause to suspect the possibility of remarriage exists. In the event of the failure or refusal of such widow or other beneficiary or guardian to file such affidavit, or in the event they should file an incomplete, incorrect, or false affidavit, the board may suspend pension payments to such widow, other beneficiary, or guardian indefinitely, and until there has been full compliance with the requests and orders of the board. This provision shall not be construed to be a limitation on or in derogation of any other powers, specific or implied, of the board as set out in Sections 2, 10, 13, and 14 of the Act, or elsewhere herein.

Sec. 12. Repealed by Acts 1959, 56th Leg., p. 803, ch. 363, § 11.

#### Death Benefits to Dependent Father and/or Mother; Investigations

Sec. 13. (a) If any member of the fire or police department dies before or after retirement, who was a contributor to said fund and a member in good standing thereof, and leaves no widow or child, but leaves surviving him a father and/or mother wholly dependent upon him for support, such dependent father and/or mother shall be entitled to receive one-third of the average total salary excluding overtime pay of the deceased member based on the same number of years of the member's pay as is currently provided for computations of pensions under Subsection (a) of Section 8 of this Act, or a theoretical average based on all of his years of service extended back to a date the same number of years before the date of death under this

Act as is currently provided for computations of pensions under Subsection (a) of Section 8 of this Act, using (for the extended period) the actual base pay of a private as of such period in time, in each case, in making such computation, to be equally divided between said father and mother, so long as they are wholly dependent. When there is only one dependent, either father or mother, the board shall grant the surviving dependent one-fourth of that average total salary as computed above.

(b) The board shall have the authority to make a thorough investigation, determine the facts as to the dependency of the said parties, and each of them, as to how long the same exists and may at any time, upon the request of any beneficiary or any contributor to such fund, reopen any award made to any of said parties and discontinue such pension as to all or any of them as it may deem proper and the findings of any board in regard to any matters, as well as to all pensions granted under this Act, shall be final upon all parties seeking a pension until such award of the trustees shall have been set aside or revoked by a court of competent jurisdiction. The board shall have the power to make any such investigation into any pension application whatsoever or any pensioner's status on its own initiative.

(c) In the event of the death of a member who is under suspension at the time, including an indefinite suspension which has not yet become final, his dependent parents shall enjoy the same rights as any other member under this Act. If any member of the fire and police department in active service should die, leaving neither a widow, a child or children, under 17 years of age, a child under 19 years of age who is attending school, or a retarded child, or dependent father and mother, or one such, the estate of said deceased member of the fire or police department shall be entitled to a burial death benefit payment in the amount of \$2,000 from said fund. This benefit shall never be paid if the member of the fund dying is survived by one or more beneficiaries as defined hereunder.

#### Applications; Hearing

Sec. 14. The Board shall consider all cases for membership in the Fund and retirement and pensioning of the members of the Fire and Police Departments rendered necessary or expedient under the provisions of this Act, and all applications of pensions by widows, the children and dependent parents, and the said Trustees shall give notice to persons asking for membership in said Fund or for a pension to appear before the Board and offer such sworn evidence as he, or they, may desire. Any person who is a member of said Departments and who is a contributor of the said Fund, and a member thereof in good standing, may appear either in person, or by attorney, and contest the application for membership participation in said Fund or for a pension or benefits by any person claiming to be entitled to participate therein, either as a member or

beneficiary, and may offer testimony in support of such contest. The Chairman of said Board shall have the authority to issue process for witnesses and administer oaths to said witnesses and to examine any witnesses in any manner affecting retirement or a pension under the provisions of this Act. Such process for witnesses shall be served upon any member of the Fire or Police Departments and upon the failure of any witness to attend and testify, he or she may be compelled to attend and testify as in any judicial proceedings; according to practice in a Justice Court.

**Medical Examination; Reduction in Pension for Outside Income; Employment Commensurate with Abilities**

Sec. 15. (a) Said Board may cause any person receiving any disability pension under the provisions of this Act, to appear and undergo medical examination or medical examinations by any reputable physician or physicians selected by the Board, as a result of which the Board shall determine whether the relief in said case shall be continued, decreased, or restored to the original amount (if it had been decreased), or discontinued; provided, however, that such relief shall never be discontinued unless the person receiving any pension shall have first been accepted for reinstatement in his former position or status in the Fire Department or Police Department, as the case may be, by the Chief of the Department. The Board may change any percentage stipulated in this Act, commensurate with any change in the degree of disability; provided, however, that such percentage shall not, except in the case of discontinuance, be reduced to less than two percent (2%) of the base pay of a private per month for each year he shall have served and contributed a portion of his salary as provided by this Act, based on the current rate of pay at the time of the original granting of any pension, or on a minimum base pay of Two Hundred Dollars (\$200.00) per month, whichever is greater, for all those pensioned prior to the effective date of the 1971 amendment hereto, nor be reduced to less than two percent (2%) of the total salary excluding overtime pay, for the average of the member's pay computed at the time of retirement under Subsection (a) of Section 8 of this Act (or the average of all years if service less than the number of years on which pensions were computed at that time) for each year of service in said departments prior to such amendment. If any person receiving benefits under any provision of this Act, after due notice, fails to appear and undergo any such examination or examinations as ordered by the Board, the Board may reduce or entirely discontinue such benefits.

(b) The board shall require each member of the fund retiring on a disability pension after the effective date of this Act to provide the board annually on or before May 1 of each year thereafter with a true and complete copy of his income tax return for the previous year. If such pensioner is or has been receiving income from other employment or employ-

ments (to include self-employment) during each such preceding year the board may reduce such pension by the amount of \$1 per month for each \$2 of income earned by such pensioner from such employment during each month thereof, provided that such pension shall in no event be decreased below an amount based on two percent of his average pay computed at the time of retirement under Subsection (a) of Section 8 of this Act for each year of service in the department (less overtime pay).

(c) No disability pension shall be originally granted or if granted continued, if the chief of the member's department is able and willing to provide such member employment within such department commensurate with his physical and mental capabilities. Such determination shall be solely within the discretion of the department chief, reasonably exercised.

**Public Funds**

Sec. 16. Funds are hereby authorized to be paid out of the General Fund or the Special Fund of any such incorporated city. Nothing herein is to be construed as denying any city any right which it may have at any time to raise or procure money for the benefit of said pension fund, which might be in addition to the method or methods herein provided.

**Reserve Retirement Fund**

Sec. 17. At the end of the fiscal year all money paid into the Fund that remains as a surplus over and above the orders for payment as issued by the Board, shall be paid into the Reserve Retirement Fund to accumulate interest for the benefit of the reserve funds needs. All such funds as may accumulate in this special retirement reserve shall be invested at regular intervals or at such times as the accumulations justify. The funds may be invested in the following manner:

1. A sum not to exceed ten per cent (10%) may be deposited with a Federal Credit Union restricted to employees of the city.

2. A sum not to exceed fifteen per cent (15%) may be invested in savings and loan associations which are insured by the Federal Savings & Loan Insurance Corporation, but the amount invested in any one association shall not exceed the amount insured by such corporation under the law.

3. A sum not to exceed seventy per cent (70%) of the principal value of the Fund may be invested in shares of open end investment companies, closed end investment companies, common or preferred stocks in any solvent dividend-paying corporation at the time of purchase incorporated under the laws of the State, or any other state in the United States, which has not defaulted in the payment of any of its obligations for a period of five (5) years immediately preceding the date of investment, provided such funds may not be invested in the stock of any oil, manufacturing or mercantile corporation, organized under the laws of this State, or any other state of

the United States, unless said corporation has at the time of investment a net worth of not less than Two Million, Five Hundred Thousand Dollars (\$2,500,000).

Of this percentage a sum not to exceed fifty per cent (50%) thereof may be invested in shares of capital stock of national banks having been established at least ten (10) years and having a capitalization of at least Five Million Dollars (\$5,000,000), and/or shares of capital stock of life insurance companies, and/or fire and casualty insurance companies having been established at least twenty-five (25) years and having a capitalization of at least Five Million Dollars (\$5,000,000).

4. A sum not to exceed seventy-five per cent (75%) may be invested in first mortgage bonds or debentures of any solvent dividend-paying corporation which at the time of purchase was incorporated under the laws of this State or any other state in the United States and which has not defaulted in the payment of any debt within five (5) years next preceding such investment.

5. The entire Fund or any portion thereof, may be invested in United States Treasury Notes, United States Treasury Bonds, Bonds of the State of Texas, or bonds of any county or municipality of the State of Texas; or bonds or debentures, payment of which is guaranteed by an agency of the United States Government, such as Federal Intermediate Credit Bank Debentures; Federal Land Bank Bonds; Federal Home Loan Bank Notes; Banks for Cooperative Debentures; Federal National Mortgage Association Notes and any additional bonds which may be in the future issued, secured by an agency of the United States Government. The Board shall have the power to make these investments for the sole benefit of this Reserve Retirement Fund. The investment shall remain in the custody of the Treasurer in the same manner as provided for the custody of the Funds. The Board shall have the power and authority, by a majority vote of its members, to disburse the monies accumulated as the retirement needs arise.

6. A sum not to exceed six per cent (6%) of the total assets of the Fund may be invested in common or preferred stocks of solvent non-dividend-paying corporations, each of which has at the time of investment a net worth of at least Fifty Million Dollars (\$50,000,000).

#### Award Exempt

Such increase or decrease shall be effective retroactively as of the month of January next preceding such March (or earlier) board meeting and shall continue in effect for at least one full year thereafter, and until there has been an additional increase or decrease of at least three percent compared to such base figure and until the board enters a further order as provided herein. (2) The Treasurer of the City or person performing the duties of Treasurer.

(3) Three (3) employees of the city having membership in the Pension System and elected by the members of such System. No city department shall have more than one (1) representative. The persons now serving as employee members of the Board shall continue in office until the expiration of their terms, in cities having established systems under the original Act, as amended. The term of office of succeeding members so elected shall likewise be two (2) years and each such member shall continue to serve until his successor is duly elected and qualified. Vacancies occurring by death, resignation or removal of such representative shall be filled by appointments made by any two (2) of the Board members elected by the members of the Pension System. Such appointees shall serve for the remainder of the unexpired term of the member they replace. The first election of employee members in cities hereafter coming under this Act shall be held in such city at such time and place as shall be fixed by the governing body of the city, and to be not more than seventy-five (75) days from the date such city comes under the terms of this Act.

(4) Two (2) legally qualified taxpayers of such city, who have been residents of the county in which such city is located for the preceding five (5) years, to be chosen by the governing body of the city, being neither employees nor officers of such city. Vacancies occurring by death, resignation, or removal of such representative shall be filled by the governing body of the city. Public members now on the Boards of cities having established Systems shall continue in office until the expiration of their terms.

(c) Each member of the Pension Board within ten (10) days after his appointment and election shall take an oath of office that so far as it devolves upon him he will diligently and honestly administer the affairs of the Pension System and that he will not knowingly violate, or willingly permit to be violated, any of the provisions of this law.

(d) The Board shall elect from its membership annually a Chairman, Vice-Chairman and Secretary. Pursuant to the powers granted under the charter of such city, the Chief Administrative Officer of the city shall appoint one (1) or more employees whose positions and salaries shall be fixed by the govern-

The salaries of such employees and all administrative expenses of the Pension System shall be paid by the city.

(e) Each member of the Board shall be entitled to one (1) vote in the Board. Four (4) concurring votes shall be necessary for a decision by the members at any meeting of the Board, and four (4) members shall constitute a quorum.

(f) A meeting of said Pension Board may be called at any time by the Chairman, Secretary, or by any four (4) members of such Pension Board.

(g) Notice shall be given to all members of such Pension Board unless waived in writing as to any proposed meeting by depositing of a written notice in the United States mail at least forty-eight (48) hours before such meeting, properly addressed to each such member. If a meeting is had, however, at which all of the members of the Board attend, no notice shall be necessary.

(h) No moneys shall be paid out of the Pension Fund except by warrant, check or draft signed by the Treasurer and countersigned by the Secretary, upon an order by said Pension Board duly entered in the minutes. Facsimile signatures may be authorized by the Board. Provided, however, the Board may by contract with any bank which is a depository for such Pension Fund authorize the bank to make deductions from the Pension Fund's account with such bank in connection with the purchase by the Board of authorized investments.

(i) The Pension Board shall determine the prior service to be credited to each member of the Pension System. The Board shall rely upon the personnel records of such city in determining such prior service credit or upon affidavits if the personnel records are incomplete.

(j) The Pension Board shall determine each member's credited service on the basis of the personnel and financial records of the city and the records of the Pension Board. The Board may permit any Group A member to pay into the Pension Fund and thereby obtain credit for any service with the city for which credit would otherwise be allowable under this amended Act save only for the fact that no contributions were made by such member with respect to such service, or the fact that contributions, although made with respect thereto, were thereafter refunded to such member as a separation allowance and not subsequently repaid. The following provisions shall apply to such payments:

(1) For service during the period September 1, 1943, to May 29, 1967, the employee shall pay a sum computed at the rate of Twelve Dollars (\$12) a month, and the city shall pay into the Pension Fund one and one-half (1½) times the amount so paid by the employee.

(2) For service during the period May 29, 1967, to January 5, 1970, the employee shall pay a sum computed at the rate of three percent (3%) of his salary with the minimum payment being Twelve Dollars (\$12) a month, and the city shall pay into the Pension Fund one and one-half (1½) times the amount so paid by the employee.

(3) For service during the period January 5, 1970, to September 1, 1971, the employee shall pay a sum computed at the rate of three percent (3%) of his salary with the minimum payment being Twelve Dollars (\$12) a month, and the city shall pay into the Pension Fund an amount equal to eleven and one-quarter percent (11¼%) of such salary for the same period of time.

(4) For service during the period September 1, 1971, to January 1, 1976, the employee shall pay a sum computed at the rate of four percent (4%) of his salary, and the city shall pay into the Pension Fund an amount equal to thirteen and one-half percent (13½%) of such salary for the same period of time.

(5) For service on and after January 1, 1976, the employee shall pay a sum computed at the rate of four percent (4%) of his salary, and the city shall pay into the Pension Fund an amount equal to eighteen percent (18%) of such salary for the same period of time.

(6) In addition to the amounts to be paid by the employee as specified above, the employee shall also pay interest on the same amounts at the rate of eight percent (8%) per annum from the time the contributions would have been deducted, if made, or the time contributions were refunded as a separation allowance, as the case may be, to the time of repayment of such contributions into the Pension Fund.

#### Treasurer of Pension Fund

Sec. 6. The City Treasurer of any such city, or the person discharging the duties of the City Treasurer, is hereby designated as the Treasurer of said Pension Fund for said city and his official bond to said city shall operate to cover his position of Treasurer of said Pension Fund and his sureties shall be liable in connection with the Treasurer's actions pertaining to such Fund as fully as they are liable under the terms of said bond for the other actions and conduct of said Treasurer. All moneys of every kind and character collected or to be collected for said Fund shall be paid over to said Treasurer and shall be administered and paid out only in accordance with the provisions of this Act.

#### Contributions by Members

Sec. 7. Each Group A member of the Pension System shall make periodic contributions during employment by the city in the amount of four percent (4%) of salary. (a) Until January 1, 1983, such city shall pay monthly into such Pension Fund, from its general fund or other available source, an amount equal to eighteen percent (18%) of the total of the monthly salaries paid to Group A and Group B members for the same period of time, less an amount equal to the total amount of the employer's part of the payments made by the city for such period of time with respect to such members, to the federal government under the provisions of the Social Security Act<sup>1</sup> and Federal Insurance Contributions Act,<sup>2</sup> it being the intention hereof that the combined total of the payments made by such city, as an employer, with respect to such members, for social security and pension fund purposes shall at all times be eighteen percent (18%) of the total of all salaries paid to all such members.

(b) Beginning January 1, 1983, the city shall make periodic payments into the Pension Fund in an amount equal to the percentage contribution rate multiplied by the salaries paid to Group A and Group B members of the Fund. Such contribution rate expressed as a percentage shall be based on the results of actuarial valuations made at least every three (3) years, with the first such actuarial valuation to be made as of January 1, 1982. The city's contribution rate shall be comprised of the normal cost plus the level percentage of salary payment required to amortize the unfunded actuarial liability over a period of forty (40) years from January 1, 1983, calculated on the basis of an acceptable actuarial reserve funding method approved by the Pension Board.

#### Retirement on Pension

Sec. 11. (a) Any Group A member of such Pension System who has attained fifty (50) years of age and completed twenty-five (25) or more years of credited service, and any Group A member of such Pension System who has attained fifty-five (55) years of age and completed twenty (20) or more years of credited service, and any Group A member of the Pension System who has attained sixty (60) years of age and completed ten (10) or more years of credited service shall be eligible for a pension.

(b) The amount of the monthly pension for each such Group A member shall equal two percent (2%) of the member's average monthly salary multiplied by the total number of years of credited service of such member. For purposes of this Subsection, such average monthly salary shall be computed by adding together the thirty-six (36) highest monthly salaries paid to a member during his period of credited service and dividing the sum by thirty-six (36). Provided, however, that no Group A member's pension shall be more than eighty percent (80%) of such average monthly salary; and no Group A member's pension shall be less than Eight Dollars (\$8) a month for each year of credited service, or One Hundred Dollars (\$100) a month total pension, whichever is the greater amount.

(c) A member shall continue to accrue service credits, provided that in the case of a Group A member the required contributions are made to the fund, regardless of his age.

(d) All Group A members who retire under this section or under Section 12 on or after January 1, 1976, shall have their pensions adjusted annually upward or downward in accordance with the percentage change in the Consumer Price Index for All Urban Consumers (CPI) for the preceding year as determined by the United States Department of Labor. The adjusted pension shall never be less than the basic pension which the retired member or survivor would otherwise be entitled to receive without regard to changes in the CPI. The adjusted pension shall never be greater than the amount of the retired Group A member's basic pension plus increases of not to exceed two percent (2%) annually, not compounded, notwithstanding a greater increase in the CPI.

(e) All pensioners or the survivors of pensioners who retired prior to January 1, 1976, shall have their pensions adjusted on a one-time basis in an amount equivalent to one percent (1%) of their pension payment per year of retirement, subject to a minimum increase of Ten Dollars (\$10) per month. This postretirement adjustment shall be effective September 1, 1981.

#### Disability Pensions

Sec. 12. (a) Any Group A member who has completed ten (10) or more years of service and who becomes totally disabled for further duty shall, regardless of age, be retired for "ordinary disability" and shall receive a monthly pension computed in accordance with Section 11(b).

(b) If any Group A member who becomes totally disabled for further duty by reason of a personal injury sustained or a hazard undergone as a result of, and while in the performance of, his duties at some definite place and at some definite time on or after the date of his becoming a Group A member, without serious and willful misconduct on his part, shall be retired for "accidental disability" and shall receive a monthly pension equal to twenty percent

(20%) of his monthly salary on the date such injury was sustained or such hazard was undergone plus one percent (1%) of the above salary for each year of credited service; provided, that the total pension as so computed will not exceed forty percent (40%) of such monthly salary, or a monthly pension computed in accordance with Section 11(b), whichever is greater.

(c) By "totally disabled" is meant the sustaining of such disability as completely incapacitates a member from performing the usual and customary duties which he has been performing for such city or other full time duties that could be performed by such member. Before any disability pension is allowed, the Pension Board shall require such medical examination and such other evidence as it may see fit to establish such total disability, as above provided.

(d) Any Group A member receiving a disability pension in accordance with this section or any Group B member receiving a disability pension in accordance with Section 25 of this Act shall, each April 1, submit a sworn affidavit stating his earnings for the previous calendar year, if any, obtained from any gainful occupation. If the earnings together with the disability pension being received by any member exceed the monthly salary of such member at the time of his separation from service, the Pension Board shall have authority to reduce the amount of pension. Failure to submit an affidavit of earnings or submission of a materially false affidavit shall be cause for suspension of the pension upon proper action by the Pension Board.

No member shall receive a disability and service pension at the same time. However, in the event a member who is already eligible for retirement is granted a disability pension and, thereafter, although his disability ceases to exist, he does not return to work for the city, he shall be entitled to receive a service pension, calculated in accordance with Section 11 for Group A members and Section 24 for Group B members. Such service pension shall be based on actual service up to the time of disability.

When any member has been retired for disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any such member shall refuse to submit himself to any such examination, the Pension Board may, within its discretion, order said payments stopped. If such a member who has been retired under the provisions of this Section should thereafter recover so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for said city, and such member is reinstated or tendered reinstatement to the position he had at the time of his retirement, then the Pension Board shall order such pension payments stopped.

**Monthly Allowance to Widows and Children**

Sec. 13. If any Group A member of the Pension System, as herein defined, shall die from any cause whatsoever after having completed ten (10) years of service with the city, or if, while in the service of the city, any such member shall die from any cause growing out of or in consequence of the performance of his duty, or shall die after he has been retired on pension because of length of service or disability and shall leave a surviving widow or widower, or a child or children under the age of eighteen (18) years, or both such widow or widower and child or children, said Board shall order paid monthly allowances as follows:

(a) To the widow or widower, so long as she or he remains a single person and provided she or he shall have married such member prior to her or his retirement, a sum equal to one-half (½) of the retirement benefits that the deceased Group A member would have been entitled to had she or he been totally disabled at the time of her or his retirement or death, but the allowance payable to any such widow or widower shall not in any event be less than Fifty Dollars (\$50) a month.

(b) To the guardian of each child the sum of Sixteen Dollars (\$16) a month until such child reaches the age of eighteen (18) years.

(c) In the event the widow or widower dies after being entitled to her or his allowance as provided, or in the event there be no widow or widower to receive such allowance, the amount to be paid to the guardian of any child or children under the age of eighteen (18) years shall be increased to the sum of Thirty-Two Dollars (\$32) a month for each such child; provided, however, that the total allowance to be paid all beneficiaries or dependents, as herein provided, shall not exceed the monthly pension that would have been paid the Group A member had he continued to live and retire on pension at the date of his death. Allowances or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries, provided that when there are only children to collect a pension as beneficiaries, if at the time the last child reaches eighteen (18) years of age, the amount the employee contributed has not been paid out in pensions, the balance shall be refunded to the children. The term "guardian," as used herein, shall mean the surviving widow or widower with whom the child or children reside, or any guardian appointed by law, or the person standing in "loco parentis" to such dependent minor child responsible for his or her care and upbringing.

**Refund of Contributions**

Sec. 14. If any member's employment by the city is terminated for other than total and permanent disability arising as a result of or as a consequence of the performance of his duties prior to his having completed ten (10) years of service with the city, he shall not be paid any pension whatsoever,

but he shall receive the amount paid by him into the Pension Fund by way of salary deduction without interest as provided in Section 16 of this Act. In the event of his death, if there are no widow or children to receive the allowance provided for in Section 13 above, his beneficiary, and if none, his estate, shall receive the said amount.

**Computing Period of Service**

Sec. 15. In the computation of the years of service of an employee who is a Group A member, the following rules shall apply:

(a) Interruptions of service of three (3) months or less shall be treated as continuous service, but such employee shall be required to pay into the Pension Fund any contributions withdrawn at the time of separation plus the amount of the employee contributions allocable to each such period of interruption.

(b) If there have been interruptions of service of more than three (3) months and less than ten (10) years, no credit shall be allowed for the period of an interruption but credit shall be allowed for previous service and prior service if (1) such employee shall have repaid to the Pension Fund within three (3) months after resumption of service all moneys theretofore withdrawn by him upon separation from service, plus interest thereon at the rate of eight percent (8%) per annum, or (2) if such employee shall at any time have made payments to the Pension Fund which, under then existing provisions of law, entitled him to credit for previous service.

(c) If such employee has been out of service for a period longer than ten (10) years, no credit for any service preceding the out-of-service period shall be allowed.

**Termination of Employment; Death; Reemployment**

Sec. 16. When any Group A member shall leave the employment of such city, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall thereupon cease to be a member of such Pension System, and shall have refunded to him all of the payments made by him into said Pension Fund by way of salary deductions, without interest, subject to the following provisos:

(a) If such member has completed twenty-five (25) or more years of service at the time of termination of employment but has not yet attained the age of fifty (50) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty (50) years, be entitled to a pension on the basis of the schedule of benefits for retiring Group A members that was in effect at the time of his separation from the service.

(b) If such member has completed twenty (20) or more years of service at the time of termination of employment but has not yet attained the age of fifty-five (55) years he may, by written notice to the

Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty-five (55) years, be entitled to a pension on the basis of the schedule of benefits for retiring Group A members that was in effect at the time of his separation from service.

(c) If such member has completed fifteen (15) or more years of service at the time of termination of employment but has not yet attained the age of sixty (60) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of sixty (60) years, be entitled to a pension on the basis of the schedule of benefits for retiring Group A members that was in effect at the time of his separation from service.

(d) If, while still employed by the city, whether eligible for a pension or not, a Group A member dies, then, unless the provisions of Section 13 hereof are applicable, all of his rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary, if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee's contributions, without interest.

(e) The provisions of Section 13 concerning payments to widows, widowers and children shall apply in the case of any former Group A member who has made the election permitted by Subsection (a), (b) or (c), above, and who dies before reaching the age at which he would be entitled to a pension. If there be no surviving widow, widower or children, then all of such member's rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary, if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee's contributions, without interest.

(f) It is not the intention of this Amendatory Act to change the status of any former member of the Pension System whose services with the city were terminated under a previous Act. Refunds of contributions above provided for shall be paid such departing member, his beneficiary or estate in a lump sum, but if, in the opinion of the Pension Board, the funds on hand are too low to justify such lump sum payment, said payment shall be refunded on a monthly basis in such amounts as may be determined by the Pension Board.

(g) When a Group A member has left the service of such city, as aforesaid, and has therefore ceased to be a member of such Pension System, if such person shall thereafter be reemployed by the city on or after September 1, 1981, he shall thereupon become a Group B member. Previous service of such member with such city shall not be counted toward his retirement pension unless such member returns to the service of the city within ten (10) years from his separation therefrom.

(h) If any Group A member of the pension system, after having made the election permitted by Subsection (a), (b) or (c), above, at the time of separation from the service of the city, shall be reemployed by the city before September 1, 1981, and before becoming eligible to receive pension benefits, the following provisions shall apply to the computation of the pension due such member upon his subsequent retirement:

1. The portion of such member's pension attributable to his period of credited service accrued prior to his making the aforesaid election shall be calculated on the basis of the schedule of benefits for retiring members that was in effect at the time said election was made. However, in the case of any such member who made the election permitted by Subsection (a), (b) or (c), above, prior to September 1, 1981, the portion of such member's pension attributable to service prior to the election shall be based on such member's average monthly salary at the time of such subsequent retirement, only if the member has completed five (5) years of continuous service from the date of reemployment.

2. The portion of such member's pension attributable to his period of credited service accrued after his reemployment by the city shall be calculated on the basis of the schedule of benefits for retiring members that is in effect at the time of such subsequent retirement.

#### Reduction of Benefits; Dissolution of System

Sec. 17. (a) In the event said Pension Fund becomes seriously depleted in the opinion of the Pension Board, said Pension Board may proportionately and temporarily reduce the benefits of all pensioners and beneficiaries, but such reductions shall thereafter be paid to such pensioners and beneficiaries, as and when said Fund is, in the opinion of the Pension Board, sufficiently reestablished to do so. Should the reserve and surplus in the Pension Fund become exhausted and, at such time, the outgo of the Pension Fund exceeds the income thereto, then, in such event, the governing body of the city shall have the right, by ordinance duly passed, to dissolve the Pension System and require liquidation thereof without any liability to the city whatsoever.

(b) Any member or survivor receiving a retirement pension may, at his option, receive any smaller retirement pension after properly requesting same in writing to the Pension Board.

(c) In the event any member dies within three (3) years from his retirement date and leaves no widow or minor children, his estate shall be entitled to payment in a lump sum of the excess, if any, of his accumulated contributions to the date of his retirement over the aggregate monthly benefit payments received by the member.

#### Legal Services

Sec. 18. The City Attorney of such city shall handle all legal matters for the Pension System

which are referred to him by the Pension Board or city without additional compensation therefor. The Pension Board may, however, if it deems necessary, employ outside legal advice to the exclusion of, or to assist, the City Attorney, and pay reasonable compensation therefor out of said Pension Fund.

#### Actuary

Sec. 19. The Pension Board shall employ an actuary which cost shall be paid for by the city. The actuary shall prepare an actuarial valuation and report to the Pension Board at least every three (3) years.

#### Exemption from Execution, Attachment or Other Writ

Sec. 20. No portion of any such Pension Fund, either before or after its order of disbursement by said Pension Board, and no amounts due or to become due any beneficiary or pensioner, under this Act, shall ever be held, seized, taken, subjected to, detained, or levied upon by virtue of any execution, attachment, garnishment, injunction, or other writ, and no order or decree, or any process or proceeding whatsoever, shall issue out of or by any court of this state for the payment or satisfaction in whole or in part out of said Pension Fund, of any debt, damage, claim, demand, or judgment against any such members, pensioners, dependents, or any person whomsoever, nor shall such Pension or any part thereof, or any claim thereto, be directly or indirectly assigned or transferred and any attempt to transfer or assign the same or any part thereof, or any claim thereto, shall be void. Said Fund shall be sacredly held, kept, and disbursed for the purposes provided by this Act and for no other purpose whatsoever, except that the pensioner, survivor, or dependent, at his discretion, may have deducted from his pension the monthly premium cost of the city's group hospitalization and life insurance plan.

#### Members in Military Service

Sec. 21. Members of the Pension System engaged in active military service shall not be required to make the monthly payments into the Pension Fund provided for in this Act, nor shall they lose credit for any previous years of service with the city as a result of such military service. Furthermore, the city shall not be required to make any monthly payments into the Pension Fund for such member while he is engaged in the military service. Any member who engages in active military service shall, if he returns to employment by the city within three (3) months after termination of such service, receive credit for his time in such service and shall immediately at the beginning of his first full pay period begin repaying to the Pension Fund the equivalent of all monthly contributions for the total number of months elapsed since he went into such service, such repayment to be completed within twenty-four (24) months of reemployment, and the city shall pay into the Fund one and one-half (1½) times such amount. Credit for military service shall

be limited to twenty-four (24) months, unless such period is extended by the Pension Board.

#### Group B Membership, Service Requirements, and Benefit Provisions

Sec. 22. (a) Any employee initially hired or reemployed after September 1, 1981, shall become a Group B member. On or after September 1, 1981, any Group A member may irrevocably elect to become a Group B member effective January 1, 1982, by filing an election form with the Board. Such election must be made prior to December 1, 1981. A Group A member who makes such an election shall be refunded his or her accumulated contributions without interest and shall not be required to make further contributions as a Group B member. Such refund shall be made by March 1, 1982. Upon the effective date of the election, all rights as a Group A member shall be extinguished; however, pensions and benefits shall be based on total credited service as a Group A and Group B member. Any former Group A member who was entitled to purchase service credit for previous employment under the provisions of this Act in effect prior to the date of this amendment and who becomes a Group B member may purchase such service credit at any time after September 1, 1981, by paying into the fund an amount equal to eight percent (8%) interest on any contributions previously withdrawn for the period from the date of withdrawal to the date of purchase.

(b) The Board shall prepare and print a brochure explaining the effects of the election provided for by the preceding subsection. Such brochure shall fully describe the benefit alternatives under both Group A and Group B coverage and shall be designed to provide sufficient information upon which an employee can base his or her decision to elect Group B coverage. The Board shall designate one or more individuals who shall serve as contact persons for any employee or group of employees who may require additional information.

The election of Group B coverage shall be on a form approved by the Board and shall be notarized upon its execution by the member. The election form shall specifically state that the employee has read and understood the information supplied by the Board and understands the consequences of her or his decision. Once made such election shall be irrevocable.

#### Eligibility for Pension

Sec. 23. (a) A Group B member shall become eligible to receive a normal pension after he has terminated employment, beginning with the month when he has ten (10) years of credited service and has attained age sixty-two (62).

(b) A Group B member shall become eligible to receive an early pension after he has terminated employment, beginning with the month when he has twenty (20) years of credited service and has attained age fifty-five (55).

(c) A Group B member who has ten (10) years of credited service and terminates employment shall have a vested right to a normal pension payable beginning with the month when he has attained age sixty-two (62).

#### Amount of Pension

Sec. 24. (a) The amount of the normal pension payable to a retired Group B member shall be one and one-quarter percent (1¼%) of average monthly salary multiplied by the number of years (not to exceed forty (40)), taken to the nearest twelfth (12th) of a year, in the period of credited service. Average monthly salary shall be the average of the thirty-six (36) highest monthly salaries during a member's period of credited service.

(b) The amount of the early pension payable to a retired Group B member shall be equal to the normal pension reduced by one-half of one percent (½%) for each month the member is less than age sixty-two (62) at retirement. The increase in employee and city contributions resulting from the adoption of this amended Act, as provided in Section 7 and Section 8 hereof, shall become effective at the beginning of the next regular pay period of such city occurring after the expiration of ten (10) days from the effective date of this Act.

#### Disability Eligibility

Sec. 25. (a) A Group B member who becomes disabled by reason of a personal injury sustained or a hazard undergone as a result of, or while in the performance of, his duties at some definite place and at some definite time on or after the date of his becoming a Group B member, without serious and willful misconduct on his part, shall be eligible to receive a service-connected disability pension.

(b) A Group B member who has ten (10) years of credited service and who becomes disabled, but is not eligible for a service-connected disability pension, shall be eligible to receive an ordinary disability pension.

#### Disability Pension Amount and Duration

Sec. 26. The disability pension shall equal the member's accrued normal pension, but in the case of a service-connected disability shall not be less than twenty percent (20%) of the member's salary at the time of disablement. The pension shall be paid for the first twenty-four (24) months following disablement while the member is unable to perform the duties of his position. The pension shall be continued beyond twenty-four (24) months while the member is unable to engage in any occupation for which he is reasonably suited by training or experience.

#### Disability Review

Sec. 27. The provisions of Section 12(d) of this Act shall apply to any Group B member receiving a disability pension.

#### Death Benefit

Sec. 28. (a) The surviving spouse and/or dependent child or children of a Group B member shall be eligible for a death benefit, if the member dies:

(1) from any cause while in service of the city and has ten (10) years of credited service; or

(2) from any cause while in service of the city in consequence of the performance of his duty.

(b) For the surviving spouse the amount of the death benefit shall equal one-half (½) of the pension the member would have received if the member had been disabled at the time of death, but not less than Fifty Dollars (\$50) per month. The benefit shall be paid while the surviving spouse remains a single person but shall not be paid if the surviving spouse married the member after the member's retirement.

(c) If there is a surviving spouse, each dependent child shall receive a death benefit equal to ten percent (10%) of the pension the member would have received if the member had been disabled at the time of death, to a maximum of twenty percent (20%) for all dependent children.

(d) If there is no surviving spouse, each dependent child shall receive a death benefit equal to twenty percent (20%) of the pension the member would have received if the member had been disabled at the time of death, to a maximum of forty percent (40%) for all dependent children.

#### Retirement Options

Sec. 29. (a) A Group B member may elect to have his normal or early pension paid under one of the options provided by Subsection (b) of this section. Such election must be made at least one (1) year prior to retirement.

(b) The option may be one of the following actuarially equivalent amounts:

OPTION 1: A reduced pension payable to the member, then upon the member's death, one-half (½) of such pension paid to the member's designated survivor, for life.

OPTION 2: A reduced pension payable to the member, then upon the member's death, such pension paid to the member's designated survivor, for life.

OPTION 3: A reduced pension payable to the member and if the member dies within ten (10) years, such pension paid to the member's designated survivor for the balance of the ten (10) year period.

#### Break in Service: Reemployment

Sec. 30. Any Group B member who terminates employment before completing ten (10) years of credited service shall have all service credit canceled at the time of termination. However, if such member is reemployed by the city within one (1) year of the date of termination, then all credit for previous service shall be restored. Further, any member

who is reemployed by the city more than one (1) year but less than ten (10) years from the date of termination shall receive credit for one (1) year of prior service for each year of subsequent service; provided, however, that no employee may earn credit for more than ten (10) years of prior service.

#### Postretirement Adjustments

Sec. 31. All pensions shall be adjusted annually upward or downward in accordance with the percentage change in the Consumer Price Index for All Urban Consumers (CPI) for the preceding year as determined by the United States Department of Labor. The adjusted pension shall never be less than the basic pension which the retired member or survivor would otherwise be entitled to receive without regard to changes in the CPI. The adjusted pension shall never be greater than the basic pension plus increases of not to exceed four percent (4%) annually, not compounded, notwithstanding a greater increase in the CPI.

#### Employees on Retirement When Act Enacted

Sec. 32. Subject to the provisions of Section 17, any former employee now on retirement by such city shall hereafter be paid at the same rate he is now receiving, and it is not the intention of this Act to change the status of any member now on pension by such city. Provided, however, that the minimum pension payable to retired employees shall be One Hundred Dollars (\$100) a month, and as to those surviving spouses of former employees who receive pensions under Section 13 of this Act, the minimum pension shall be Fifty Dollars (\$50) a month; it being further provided that this provision shall not apply retroactively to any pension payments previously made to any of such persons.

#### Cities with Pension Provisions in Their Charters

Sec. 33. The terms of this Act shall not apply to any city operating a municipal employees pension program under the terms and provisions of its charter.

#### Partial Invalidity

Sec. 34. If any provision, section, part, subsection, sentence, clause, phrase, or paragraph of this Act be declared invalid or unconstitutional, the same shall not affect any other portion or provision hereof, and all other provisions shall remain valid and unaffected by such invalid portion, if any.

#### Contributions by Members

Sec. 6. (a) Commencing with the first day of the month following the expiration of thirty (30) days after the passage of this Act or after the date of publication of the final census report which shows that the city has attained a population of nine hundred thousand (900,000) or more inhabitants, each member of the Pension Fund shall pay into such Fund each month, the sum of five percent (5%) of the base salary provided for the classified position in the police department held by the member. Such payments shall be deducted by the city from the salary of each member monthly and paid to the treasurer of the Pension Fund. Should an emergency arise and the Pension Board deem it necessary for the welfare of the Pension System, the Board may raise the monthly payments of each member of the Pension System to an amount not to exceed ten percent (10%) of the base salary provided for the classified position in the police department held by the member.

(b) The maximum contribution which may be made to the fund by a member shall be limited to a contribution based on the salary of the second highest classification within the salary schedule of the police department. It is the intent of this section to limit both the contribution and retirement benefits of any member to the salary level of the second highest rank of the police department personnel classification schedule, provided that if the member

has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement.

(c) On and after September 1, 1981, each member of the Pension Fund shall pay into the fund the sum of eight and three-fourths percent (8¾%) of the base salary provided for the classified position in the police department held by the member. Beginning January 1, 1983, the city shall make contributions to the Fund after each payroll period in an amount equal to the contribution rate certified by the Pension Board, multiplied by the base salaries paid to members of the Fund, except that before September 1, 1991, the city contribution rate for a payroll period may not be less than twenty percent (20%) of the base salaries paid to members of the Fund for that period. Such contribution rate, expressed as a percentage, shall be based on the results of actuarial valuations made at least every three (3) years, with the first such actuarial valuation to be made as of January 1, 1982. The city's contribution rate shall be comprised of the normal cost plus the level percentage of salary payment required to amortize the actuarial liability over a period of forty (40) years from January 1, 1983, calculated on the basis of an acceptable actuarial reserve funding method approved by the Pension Board.

#### Reduction of Benefits

Sec. 8. In the event that the Pension Fund become seriously depleted in the opinion of the Pension Board, the Pension Board may temporarily reduce the benefits of pensioners and beneficiaries, but such benefits may be restored to such pensioners and beneficiaries when the fund is, in the opinion of the Pension Board, sufficiently reestablished to do so. However, no pensioner or beneficiary shall be entitled to any benefits lost to him as a result of the temporary reduction in benefits.

#### Investment of Surplus

Sec. 9. (a) Whenever, in the opinion of the Board, there exists a surplus of funds in an amount exceeding the current demands upon the Fund, the Board shall invest such surplus funds in the manner provided for by Chapter 817, Acts of the 66th Legislature, 1979 (Article 6228n, Vernon's Texas Civil Statutes),<sup>1</sup> as in effect on September 1, 1981.

(b) The mayor may appoint an Investment Review Committee, consisting of three (3) qualified

persons to be selected from the Trust Departments of the banks of the cities to which this law applies. Such persons shall be experienced in securities and investment matters. Such Committee shall (a) review the investments of the Fund to determine their suitability and desirability for the Funds; (b) review the investment procedures and policies pursued by the Board in the administration of the Fund; and (c) submit an annual report of its findings and recommendations to the Pension Board of the Police Officer's Pension System and the Mayor of the city within ninety (90) days after the end of each calendar year.

(c) The Pension Board may employ professional investment advisors to manage the investment of the Pension Fund. These professional services may include investment counseling, evaluation of fund performance, investment research, and other comparable services.

(d) The selection of investment advisors may occur when, in the opinion of a majority of the Board members, the financial advice being received by the Board needs review. Selection of financial advisors must be made from firms that have made presentations to the Board. The Board shall advertise its intent to receive presentations from investment advisors in a newspaper of general circulation within the city not less than thirty (30) days before the date of the Board meeting at which the selection of an investment advisor will be considered. The Board may receive a written presentation instead of an appearance before the Board. Final selection of an investment advisor is determined by majority vote.

(e) A contract with an investment advisor may not be in effect for more than one (1) year and shall provide that the Board may withdraw from the contract at any time after giving notice thirty (30) days before termination. The contract may not contain a penalty for early termination. The costs of an investment advisory contract may be paid out of pension funds.

<sup>1</sup> Repealed; see, now, Title 110B, § 12.001 et seq.

#### Transfer of Existing Pension Fund

Sec. 10. Immediately upon passage of this Act, the city pension officer or anyone discharging the duties of the pension officer shall transfer the pro rata share of any existing Police Officer's Pension Fund to the Police Officer's Pension Fund established by this Act.

#### Retirement; Amount of Pension; Annual Adjustments

Sec. 11. (a) A person who becomes a member of the Pension System on or after the effective date of this amendatory Act and who has been in the service of the city police department for the period of twenty (20) years may retire at the age of fifty (50) years and shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the

base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. Except as provided in Subsection (a-1) of this section, no retirement pension may be paid to a member who has not attained the age of fifty (50) years. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(a-1) A person who was a member of the pension system before the effective date of this amendatory Act, may retire regardless of age upon completion of twenty (20) years of service in the city police department and shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(b) If a member of the Police Pension System is promoted or appointed to any classified position above the second highest in the police department personnel classification schedule, that member's contribution and retirement benefits will be computed on the base salary of the second highest classified position in the police department personnel classification schedule, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement. For the purposes of this Act, the position of the Chief of Police shall be considered the highest classified position in the personnel classification schedule in the police department.

(c) Any member of such Pension System who has been in the service of the city police department for a period of years in excess of twenty (20) years, and who retires from the service of the police department, shall, in addition to the thirty percent (30%) of his base salary be paid an additional sum equal to two percent (2%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. For example, a mem-

ber with twenty-five (25) years' service would be entitled to forty percent (40%); a member with thirty (30) years, fifty percent (50%); etc.

(d) It shall be compulsory for any member to retire from the service of the police department upon attaining the age of sixty-five (65) years. Failure of any member of the Pension System to comply with this provision shall deprive the member and his dependents of any of the benefits provided for herein. If at the time of retirement because of maximum age requirements, the member has completed less than twenty (20) years of service, his monthly retirement pension shall be prorated on the basis of one and one-half percent (1½%) of the base salary of the classified position of the member per month for each year of service completed. Subject to the limitations provided in Subsection (b) of this section, the computation of retirement pension shall include any increase or decrease of the base salary or the average monthly base salary for the classified position or positions on which the member retired even though the increase or decrease occurs after retirement.

(e) Upon a member's completion of twenty (20) years of service in the police department and thereafter, when such member retires, whether such retirement be voluntary or involuntary, such monthly payment shall begin forthwith and continue for the remainder of the member's life. However, when such member has completed twenty (20) years' service in the police department and if the physicians of Pension Board agree that the member is physically fit to continue his active duties in the police department, they may so certify, and the member may continue in the service of the city police department until the member attains the age of sixty-five (65) years, at which time his retirement pension shall be computed as hereinbefore stated.

(f) No member shall be required to make any payments into the Pension Fund after the member has retired from the service of the police department.

(g) Notwithstanding any other provision of this Act, as amended, regarding increases in pensions based on any increase or decrease of the base salary or the average monthly base salary for the classified position or positions from which the member retired, the provisions of this subsection shall apply. Beginning on January 1, 1982, the pension payable to each retired member of the Pension System as of December 31, 1981, or the initial pension payable to each active member who retires under the provisions of this Act on or after January 1, 1982, which pension amounts are referred to in this subsection as the basic pension, shall be adjusted annually, effective April 1 of each year, upward in accordance with any percentage increase in the Consumer Price Index for All Urban Consumers for the preceding year, measured by the percentage change in the average indexes for the two (2) respective preceding calendar years, as determined by the United States

Department of Labor. The adjusted pension shall never be less than the basic pension that such retired member would otherwise be entitled to receive without regard to changes in the Consumer Price Index and shall be based on the Consumer Price Index for All Urban Consumers as constructed on September 1, 1981, provided such index continues to be published. In the event that publication of the Consumer Price Index as constructed on September 1, 1981, is discontinued, then the current published Consumer Price Index shall be used for the purposes of this section. The adjusted pension shall never be greater than the amount of the retired member's basic pension plus annual increases of not more than two-thirds (⅔) of the percentage increase of the Consumer Price Index, compounded, notwithstanding a greater increase in the Consumer Price Index.

#### Disability Benefits

Sec. 12. Any member of the police department who becomes incapacitated for the performance of his duty by reasons of any bodily injury received in, or illness caused by, the performance of his duty shall, upon presentation to the Pension Board of proof of permanent disability, be retired and shall receive a retirement allowance equal to the percentage of his disability. Such allowance shall be computed on the same basis as a service retirement with regard to length of service; for example, if the member is fifty percent (50%) disabled he shall receive one-half (½) the retirement allowance granted a member as a service retirement for the period of service he has completed, provided that in case of a disability retirement before the member has completed twenty (20) years of service, he shall receive an allowance based on the minimum allowed for twenty (20) years service. Such allowance as is granted by the Pension Board shall be paid the member for the remainder of his life or so long as he remains incapacitated. When any member has been retired for permanent, total or partial disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member refuses to submit himself to any such examination, the Pension Board may, within its discretion, order the payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover, so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for the city in the police department, and such member is reinstated or tendered reinstatement to the position he held at the time of his retirement, then the Pension Board shall order such payment stopped. No person shall be retired either for total or partial disability unless he files with the Pension Board an application for allowance, at which time the Pension Board shall have him examined by no fewer than three (3) physicians, to be chosen by the Pension Board and who are to make their report to the Pension Board.

**Rights of Survivors**

Sec. 13. (a) If any member of the police department who has been retired on allowance because of length of service or disability thereafter dies from any cause whatsoever after he has become entitled to an allowance or pension, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty, and leaves surviving a spouse to whom the member was married prior to his retirement, a child or children under the age of eighteen (18) years or a dependent parent, the Board shall order paid a monthly allowance as follows: (a) to the spouse, so long as he or she remains a widow or widower, a sum equal to the allowance which was granted to the member upon service or disability pension based on his length of service in the police department; (b) to the guardian of each child, the sum of twenty-five (\$25) Dollars a month until the child reaches the age of eighteen (18) years or marries; (c) to the guardian of each child, only in case no spouse is entitled to an allowance, the sum the spouse would have received, to be divided equally among the unmarried children under eighteen (18) years; (d) to the dependent parent, only in case no spouse or dependent child is entitled to an allowance, the sum the spouse would have received, to be paid to but one (1) parent and such parent to be determined by the Pension Board.

(b) If any member of the Pension System has not completed ten (10) years or more of service in the police department and is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving spouse or dependent child or children shall be refunded any contributions which the member made to the Pension System.

(c) If any member who has completed ten (10) years or more of service in the police department is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving spouse and/or dependent child or children shall receive the same benefits as under Section 13(a) of this Act.

Sec. 14. **Termination of Employment; Refunds; Reemployment**

Sec. 15. (a) When any member of the Pension System leaves the employment of the police department other than as provided for in Section 12 or Section 22, either voluntarily or involuntarily, before becoming eligible for a retirement or disability

pension, he shall cease to be a member of the Pension System.

(b) Any member of the Pension System who has completed at least five (5) years but less than twenty (20) years of service and whose service with the police department ceases before becoming eligible for a retirement or disability pension is entitled to a refund of the total of the contributions which that member made to the Pension System. The refund does not include interest, and neither the city nor the member is entitled to a refund of the city's contributions made on the member's behalf.

(c) The Pension Board shall notify each member of the Pension System of the right to a refund as authorized by this section.

(d) A member must apply to the Pension Board for a refund before the last day of the ninth month after employment is terminated. The nine (9) month period is calculated by counting the month in which employment is terminated as the first month of the nine (9) month period. Failure to apply for the refund within the nine (9) month period constitutes a waiver of all rights to a refund.

(e) Heirs, executors, administrators, personal representatives, or assigns are not entitled to apply for and receive the refund authorized by this section except as provided by Section 13(b) of this Act.

(f) If such person is thereafter reemployed by the city police department, he shall thereupon be reinstated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician or physicians in the city, satisfactory to the Pension Board. Prior service of such member with the city police department shall not be counted toward his retirement pension unless such member returns to the service within two (2) years from his separation therefrom and makes within six (6) months after his reemployment by the city in the police department written application to the Pension Board for reinstatement in the Pension System.

(g) A person who is reemployed by the city police department within twenty-four (24) months from the date the person's employment is terminated is required to pay the Pension Fund an amount equal to any contributions previously refunded to the member under Subsection (b) of this section. The person may execute a promissory obligation to pay the Pension Fund within two (2) years of the date of reemployment the full amount of the contributions previously refunded to the member. A member who dies or retires before a promissory obligation executed by the member and payable to the Pension Fund is fully paid is not eligible, nor are the member's beneficiaries eligible, for any benefits from the Pension Fund until the promissory obligation is paid in full.

**Transfer From Another Department**

Sec. 16. No prior credit shall be allowed for service to any person who transfers from some other department in the city to the police department. For example, if one is transferred from some other department of the city to the city police department, such person's service will be computed from the day he enters the city police department.

**Donations**

Sec. 17. The Police Officer's Pension System may accept gifts and donations, and such gifts and donations shall be added to the Pension Fund for the use of such system.

**Legal Advice**

Sec. 19. The City Attorney of the city shall handle all legal matters for the Pension System which are referred to him by the Pension Board or city without additional compensation therefor. The Pension Board, may, however, if it deems necessary, employ outside advice to the exclusion of, or to assist, the City Attorney, and pay reasonable compensation therefor out of the Pension Fund.

Sec. 24. (a) The former employees of any such police department now on retirement shall hereafter be paid a monthly pension from the Pension Fund provided for herein in the same amount and under the same conditions as are provided herein for present and future employees of the police department becoming members of the Pension System. A pension payable under this article may be adjusted annually on April 1, beginning in the year the member attains age 60, or in the case of disability and survivor's pensions, beginning in the year next following 12 months of payments, in accordance with changes in the Consumer Price Index for All Urban Consumers, but not below the original pension amount nor above the original pension amount increased by four percent annually, not compounded, notwithstanding a greater increase in the consumer price index.

#### Application of Benefits

Sec. 25. (a) A service pension, disability pension, survivor's pension, death benefit, or withdrawal benefit shall be paid only upon the filing of an application in a form prescribed by the board. A monthly benefit shall not be payable for any month earlier than the second month preceding the date on which the application for such benefit is filed. If a retired member receives both pension benefits from the fund and a salary from the city that cover the same period of time, the retired member shall repay pension benefits received during the period to the fund. On request of the board, the city attorney shall file suit in a court of competent jurisdiction to recover pension benefits owed the fund under this subsection.

(b) The board may require any member, inactive member, retired member, or eligible survivor to furnish such information as may be required for the determination of benefits under this article. The board may withhold payment of any pension under this article whenever the determination of such pension is dependent upon such information and the member, inactive member, retired member, or eligible survivor does not cooperate in the furnishing or procuring thereof.

#### Election of Membership

(b) Commencing January 1, 1982, a member who has made the election described in Subsection (a) of this section or an employee who is rehired by the department shall be covered by the provisions of

this article and all rights to a pension under Chapter 76, Acts of the 50th Legislature, 1947 (Article 6243g-1, Vernon's Texas Civil Statutes), shall be extinguished. Such member shall receive credited service for all prior service which was recognized under Chapter 76, Acts of the 50th Legislature, 1947 (Article 6243g-1, Vernon's Texas Civil Statutes). However, such credit may be reinstated only by payment of any contribution previously refunded with interest at the rate of eight percent per annum from the date of refund.

#### Dual Membership Prohibited

Sec. 27. An employee hired before the effective date of this Act shall be covered by the plan described in Chapter 76, Acts of the 50th Legislature, 1947 (Article 6243g-1, Vernon's Texas Civil Statutes), unless he elects to become a member pursuant to Section 26 of this article. An employee hired or rehired subsequent to the effective date of this Act shall be covered by the plan described in this article. No employee may be covered by the plan provisions of both Chapter 76, Acts of the 50th Legislature, 1947 (Article 6243g-1, Vernon's Texas Civil Statutes), and this article.

#### Member Contributions

Sec. 28. (a) The city shall deduct monthly from the salary or compensation of each member participating in the fund a sum equal to seven percent of such salary or compensation, such deduction to be paid by the city to the fund.

(b) For purposes of this article, the chief of police shall be considered to hold the highest classified position in the department. The maximum contribution which may be made to the fund by a member shall be limited to a contribution based on the compensation of the second highest classification within the salary schedule of the police department. The maximum benefit which may be paid from the fund to any person holding a position above that of the second highest classified position shall be based on the compensation paid the second highest classified position within the department.

#### Contribution by City

Sec. 29. Until January 1, 1983, the city shall pay into the fund after each payroll period an amount equal to 20 percent of the base salaries paid to members of the fund. Beginning January 1, 1983, the city shall make monthly contributions to the pension fund in an amount equal to the percentage contribution rate multiplied by the salaries paid to members, as defined by Section 1 of this article. Such contribution rate, expressed as a percentage, shall be based on the results of actuarial valuations made at least every three years, with the first such actuarial valuation to be made as of January 1, 1982. The city's contribution rate shall be comprised of the normal cost plus the level percentage of salary payment required to amortize the actuarial liability over a period of 40 years from January 1,

1983, calculated on the basis of an acceptable actuarial reserve funding method approved by the pension board.

#### Severability

Sec. 30. If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the article which can be given effect without the invalid provision or application, and to this end the provisions of this article are declared to be severable.

Sec. 11. From and after the passage of this Act, any member of such Pension System who has been in the service of the city Police Department for a period of twenty-five (25) years shall receive from the Pension Board a pension certificate. Any person who holds a pension certificate and who has attained fifty-five (55) years of age shall be entitled to a monthly retirement pension equal to one half (½) of his statutory minimum pay plus one half (½) of his longevity pay, which he received when such certificate was awarded, each month for the rest of his life upon his retirement from the services of said city Police Department; provided, however, said monthly retirement pension shall not exceed the sum of One Hundred and Twenty-five Dollars (\$125). However, when a member has served twenty-five (25) years or more in the Police Department

and has attained the age of fifty-five (55) years, if he desires and if the physicians employed by the Pension Board agree that said member is physically fit to continue his active duties in the Police Department, he may continue such duties until he is not over sixty-five (65) years of age, and when he retires he will receive in addition to his monthly retirement pension set out above, a service bonus of One Dollar (\$1) per month for each year of service over and above the amount per month payable if he had retired when he attained the age of fifty-five (55) years. It shall be compulsory for any member to retire from service upon attaining sixty-five (65) years of age; failure of any member of the Pension System to comply with this provision shall deprive the member or his dependents of any of the benefits provided for herein. If at the time of retirement such member has completed less than twenty-five (25) years of service, but more than twenty (20) years of service, his retirement pension shall be prorated. For example, if the employee has completed only twenty (20) years of service, his monthly pension would be four-fifths ( $\frac{4}{5}$ ) of one half ( $\frac{1}{2}$ ) of his statutory minimum pay and one half ( $\frac{1}{2}$ ) his longevity pay. No member shall be required to make any payments into the Pension System Fund after he has been issued a pension certificate and who has retired from active service in the Police Department. However, if he continues to work for the city Police Department after receiving a pension certificate, he shall continue his monthly payments into the Pension system Fund until he retires.

#### Pensions to Widow and Dependents

Sec. 12. If any member of the Police Department, who has been retired on allowance because of length of service or disability, shall thereafter die from any cause whatsoever or shall die from any cause whatsoever after he has become entitled to an allowance or pension certificate, or if while in service any member shall die from any cause growing out of or in consequence of the performance of his duty, and shall leave surviving a widow, a child or children under the age of eighteen (18) years or a dependent parent, said Board shall order paid a monthly allowance as follows: (a) To the widow so long as she remains a widow, sixty per cent (60%) of the pension per month that said member would have received if living and had retired with twenty-five (25) years of service, provided she shall have married such member prior to his retirement; (b) to the guardian of each child the sum of Six Dollars (\$6) per month until such child reaches the age of eighteen (18) years or marries; (c) to the dependent parent, only in case no widow is entitled to allowance, the sum the widow would have received to be paid to but one parent and such parent to be determined by the Pension Board, and (d) in the event the widow dies after being entitled to her allowance as herein provided, or in the event there be no widow or dependent parent to receive such allowance, then the amount to be paid to the guardian of any dependent minor child or children under the age of

eighteen (18) years shall be increased to the sum of Twelve Dollars (\$12) per month for each said dependent minor child; and provided that such minor child under eighteen (18) years of age is unmarried. Allowance or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries.

If a member of this Pension System is killed while performing his official duties, or dies from injuries received while performing such duties, the same benefits payable under the provisions of this Act to Pension System members who hold a pension certificate and have attained fifty-five (55) years of age, shall be paid to the persons designated in this Section.

#### Death From Natural Causes or Causes Not Covered

Sec. 13. If a member of this Pension System dies from natural causes or from any cause not covered under the provisions of this Act, the Pension Board shall pay to his estate all of the exact amount of money he has heretofore paid into the Pension System Fund in lieu of any other benefit provided for herein.

#### Retirement for Disability

Sec. 14. Any member of this Pension System who becomes incapacitated for performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired upon presentation to the Pension Board of proof of the disability, and shall receive a retirement allowance equal to the percentage of his disability; for example, if he is fifty per cent (50%) incapacitated, he shall receive fifty per cent (50%) of the amount he would receive if retired after completion of twenty-five (25) years service per month during the remainder of his life or so long as he remains incapacitated. Provided, however, that if, at that time, he is qualified as to age and service for retirement, he shall receive the full amount of pension per month, or in the event he is past fifty-five (55) years of age and has more service than the minimum of twenty-five (25) years, and becomes incapacitated he shall receive the full amount of pension per month plus One Dollar (\$1) for each additional year as his service bonus. When any member has been retired for permanent, total or partial disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member shall refuse to submit himself to any such examination, the Pension Board may, within its discretion, order said payment stopped. If a member who has been retired under the provisions of this Section should thereafter recover, so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for said city in the Police Department, and such member is reinstated or tendered reinstatement to the position he held at the time of his retirement, then the

Pension Board shall order such pension payment stopped. No person shall be retired either for total or partial disability unless there shall be filed with the Pension Board an application for pension benefit, at which time the Pension Board shall have him examined by no fewer than three (3) physicians, to be chosen by the Pension Board and to make their report to the Pension Board. If a policeman is hurt while working on a regular shift or tour of duty, or if he is at home or some other place and an emergency arises wherein he has to perform the official duties of a policeman and is injured, he shall receive the benefits of this Act. In all cases where a policeman seeks benefits under this Section, it shall be the duty of the Pension Board to determine if the policeman did receive his injuries in the performance of his duty.

#### Computation of Period of Service

Sec. 15. In computing the twenty-five (25) years of service required for a retirement pension, twenty-five (25) years of continuous service shall be required; provided, however, that in case of interruption of less than two (2) years, credit shall be given for previous service if out of service more than two (2) years; no service prior to said interruption shall be counted, other than provided in Section 21.

#### Leaving Employment Before Becoming Eligible

Sec. 16. When any member of such Pension System shall leave the employment of such Police Department except as specifically provided for herein, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall cease to be a member of such Pension System. When a member has left the service of the city Police Department as aforesaid and has therefore ceased to be a member of such Pension System, if such person shall thereafter be re-employed by the city Police Department he shall thereupon be reinstated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician or physicians in the city, satisfactory to the Pension Board. Prior service of such member with such city Police Department shall not be counted toward his retirement pension unless such member returns to the service within two (2) years from his separation therefrom, and also shall, within six (6) months after his re-employment by the city in the Police Department, make a written application to the Pension Board for reinstatement in the Pension System.

#### Transfers From Other City Departments

Sec. 17. No prior credit shall be allowed for service to any person who may hereafter transfer from some other department in the city to the Police Department. Policemen now serving who have heretofore transferred from some other city department may be given credit for such prior service by the Pension Board. The prior-service credits shall

all be granted within sixty (60) days after this Act becomes law. For example, if one is transferred from some other department of the city to the city Police Department, sixty-one (61) days after this Act becomes law, such person's service will be computed only from the day he enters the city Police Department.

#### Gifts and Donations

Sec. 18. The Police Officers' Pension System may accept gifts and donations and such gifts or donations shall be added to the Pension Fund for the use of such System.

#### Legal Matters

Sec. 19. The city attorney of such city shall handle all legal matters for the Pension System which are referred to him by the Pension Board or city without additional compensation therefor. The Pension Board may, however, employ an attorney, or attorneys, to handle its legal matters and shall pay reasonable compensation therefor out of said Pension System Fund.

#### Exemption From Legal Process; Assignment or Transfer

Sec. 20. No portion of any such Pension System Fund, either before or after its order of disbursement by said Pension Board, and no amounts due or to become due any beneficiary or pensioner, under this Act, shall ever be held, seized, taken, subjected to, detained, or levied upon by virtue of any execution, attachment, garnishment, injunction, or other writ, and no order or decree, and no process or proceedings whatsoever, shall issue out of or by any court of this State for the payment of satisfaction, in whole or in part, out of said Pension System Fund, of any debt, damage, claim, demand, or judgment against any such members, pensioners, dependents, or any person whomsoever, nor shall such Pension System Fund or any part thereof, or any claim thereto, be directly or indirectly assigned or transferred. Any attempt to transfer or assign the same or any part thereof or any claim thereto shall be void. Said funds shall be sacredly held, kept, and disbursed for the purposes provided by this Act, and for no other purpose whatsoever.

#### Military Service

Sec. 21. Members of the Pension System engaged in active military service required because of a National Emergency shall not be required to make the monthly payments into the Pension System Fund provided for in this Act, nor shall they lose any previous years of service with the Police Department caused by such military service. Such military service shall count as continuous service in the Police Department, provided that when the member is discharged from the military service he shall immediately return to his former duties with the city Police Department. The city, however, shall be required to make its regular monthly pay-

ments into the Pension System Fund on each member while he is so engaged in such military service. In the event of death of a member of this Pension System, either directly or indirectly caused from such military service, his widow or dependent parent or other dependents shall not be entitled to receive any benefits from this Fund.

#### Civil Actions

Sec. 22. The Pension Board of any city as herein created and constituted shall have the power and authority to recover by civil action from any offending party, or from his bondsmen, if any, any moneys paid out or obtained from said Pension Fund through fraud, misrepresentation, theft, embezzlement, or misapplication, and may institute, conduct and maintain such action in the name of said Board for the use and benefit of such Fund.

#### Partial Invalidity

Sec. 23. If any provision, section, part, subsection, sentence, clause, phrase, or paragraph of this Act be declared invalid or unconstitutional, the same shall not affect any other portion or provision hereof, and all other provisions shall remain valid and unaffected by such invalid portion, if any.

#### Former Employees Now Receiving Pension

Sec. 24. Immediately upon this Act becoming a law, the former employees of any such Police Department who are now being paid a pension from a pension fund, shall hereafter be paid a monthly pension of One Hundred Dollars (\$100) per month out of the Pension Fund provided for herein. Any such city shall have the right and option to pay such former employees any amount over and above those hereinabove provided for, but such additional payments, if any, shall be borne by such city and not the Pension Fund.

#### Election; Adoption Without Election

Sec. 25. The city is authorized to call an election to determine if the city desires to adopt this Act after a petition has been presented to the governing body of the city, signed by five per cent (5%) of the qualified voters of the city who voted in the last municipal election. Such election must be advertised by publication in at least one (1) newspaper of general circulation in said city once each week for four (4) consecutive weeks. The question shall be submitted to the qualified voters of the city at a special election to be held for such purpose at which all ballots shall have printed thereon:

"FOR: The proposed Police Pension System."

"AGAINST: The proposed Police Pension System."

No other issues shall be joined with the proposition submitted at this election on the same ballot except as provided in Subsection (f), Section 3 of this Act.

Nothing herein is to prevent the city governing body from adopting the proposed pension plan without an election.

#### Withdrawal of Moneys; Return on Reinstatement

Sec. 26. Any policeman who has been relieved from duty or voluntarily quits shall have the right to withdraw all moneys paid in by him into the Pension System. If he is reinstated in the Police Department with full seniority, he shall return to the Pension Fund the amount of money previously withdrawn when his services were terminated.

#### Art. 6243k. Retirement, Disability and Death Benefit Systems for Appointive City or Town Employees

An incorporated city or town may create a retirement, disability, and death benefit system for its appointive officers and employees if a majority of the qualified voters of the city or town voting on the proposition approve the creation at an election called for that purpose. Each member of the system shall contribute to the system an amount determined by the city or town, which may not exceed 10 percent of the member's annual compensation paid by the city or town, and the city or town shall contribute for each member an amount that at least equals but is not more than twice the amount of the member's contribution. A member of a municipal system is eligible for disability benefits if he is disabled in the course of his employment with the city or town. **3. OLD AGE ASSISTANCE**

**Art. 6243-1. Repealed by Acts 1941, 47th Leg., p. 914, ch. 562, § 45**

**Art. 6243-2. Purpose**

It is hereby declared to be the intention and purpose of the Legislature by and through the enactment of this Act to provide, in part, for the payment of old age assistance benefits, by raising revenues for such purpose and by delimiting the class of persons who shall be eligible for old age assistance benefits. It is recognized by the Legislature that it is impracticable to pay benefits to persons over sixty-five (65) years of age, except those who are in necessitous circumstances; in order that the needy aged may be cared for, it is necessary that the State have funds on hand to meet the accruing obligations therefor. In order to accomplish this purpose, the Legislature declares that it is necessary to accomplish two incidental objectives, namely: (1) the number of persons receiving old age assistance benefits must be decreased, and (2) in addition, more revenues must be provided for the purposes of paying such benefits. The accomplishment of this object is the purpose of this Act.

Sec. 4. The authority conferred by this Act to pay said interest shall not be limited by the provisions of Section 6 of Chapter 472, Acts of the Second Called Session of the Forty-fourth Legislature.<sup>1</sup>

Sec. 5. For the purposes of this Act and until the appropriation made in House Bill No. 8, now pending in this, the Third Called Session of the Forty-fourth Legislature,<sup>2</sup> becomes available, the unexpended balance of the appropriation made in Chapter 472 of the Acts of the Second Called Session of the Forty-fourth Legislature for the purpose of paying Old Age Assistance and defraying the expense of the administration of the Old Age Assistance Act is hereby reappropriated. The unexpended balance of the appropriation made in said House Bill No. 8 remaining on hand on August 31, 1937, is hereby reappropriated for the purposes of this Act for the fiscal year ending August 31, 1938, to assure the payment of any warrants issued under the provisions of this Act. **Form and Methods**

Sec. 2. The form and method of issuing such warrants and of paying the interest thereon as herein authorized shall be prescribed by the Texas Old Age Assistance Commission. Said obligations shall bear dates to be fixed by the Commission and shall mature exactly according to the schedules set out in Section 6 hereof.

(2) Upon exchange of the original warrants for the obligations authorized hereunder the State Treasurer shall retain in his possession in escrow as trustee said original warrants until the obligations herein authorized are paid in full. And the holder, or holders, of such obligations, in addition to all other rights, shall be subrogated to the rights of the holders of such original warrants. Upon payment of such obligations said original warrants shall be cancelled by the State Treasurer. There is hereby appropriated out of funds allocated in present and/or future laws to the Old Age Assistance Fund a sum sufficient to pay said obligations and the interest thereon.

Sec. 5. (a) The Board shall administer the provisions of this Act. The Board shall formally elect a chairman and a secretary from its members and may adopt such rules as it deems necessary for the orderly conduct and enforcement of its affairs. A majority of the Board shall constitute a quorum for the transaction of business. The Board shall have a seal which shall be judicially noticed. The Board shall keep records of all proceedings and actions by and before the Board. The Board is hereby authorized, empowered and directed to prescribe, amend and enforce all rules and regulations necessary to carry out this Act. The Board shall appoint an employee or employees thereof, with the power of removal, as a plumbing examiner or examiners, whose duties shall be to examine, as to their fitness and qualifications, all persons applying to the Board for licenses to engage in the business, trade or calling of a master plumber or a journeyman plumber or to serve as a plumbing inspector, and to promptly certify the result thereof to said State Board of Plumbing Examiners.

(b) The Board may not adopt rules restricting competitive bidding or advertising by licensees except to prohibit false, misleading, or deceptive practices by licensees. The Board may not include in its rules to prohibit false, misleading, or deceptive practices by licensees a rule that:

- (2) restricts a licensee's personal appearance or use of his voice in an advertisement;

(c) If the appropriate standing committees of both houses of the legislature acting under Section 5(g), Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Board statements opposing adoption of a rule under that subsection, the rule may not take effect or, if the rule is already taken effect, the rule is repealed effective on the date the Board receives the committees' statements.

(d) The Board may recognize, prepare, or implement continuing education programs for licensees. Participation in the programs is voluntary.

(e) The Board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular

**Personnel Policies**

Sec. 5A. (a) The chairman of the Board or his designee shall develop an intraagency career ladder program, one part of which shall be the intraagency posting of all nonentry level positions for at least 10 days before any public posting.

(b) The chairman of the Board or his designee shall develop a system of annual performance evaluations based on measurable job tasks. All merit pay for Board employees must be based on the system established under this subsection.

**Compensation of Board**

Sec. 6. Members of the Board shall not receive any fixed salary for their services, but each member of the Board is entitled to a per diem as set by legislative appropriation for each day that the member engages in the business of the Board. A member may not receive any compensation for travel expenses, including expenses for meals and lodging, other than transportation expenses. A member is entitled to compensation for transportation expenses as provided by the General Appropriations Act. The members of the Board shall qualify by taking the constitutional oath of office before an officer authorized to administer oaths within this state, and, upon presentation of such oath of office, together with the certificate of their appointment, the Secretary of State shall issue commissions to them, which shall be evidence of their authority to act as such.

**Expenses of Board**

Sec. 7. All sums of money paid to the Board under this Act shall be deposited in the State Treasury to the credit of a special fund to be known as the plumbing examiners fund and may be used only for the administration of this Act. The Board shall report to the Governor of the State of Texas the receipts and disbursements under this Act for each fiscal year. At the end of the state fiscal year, any unused portion of the funds in the special fund, except funds appropriated to administer this Act, shall be deposited to the credit of the General Revenue Fund. The state auditor shall audit the financial transactions of the Board during each fiscal biennium.

**Issuance of Licenses**

Sec. 8. (a) The Board shall issue licenses to such persons as have by a uniform, reasonable examination shown themselves fit, competent and qualified to engage in the business, trade or calling of a master plumber or journeyman plumber, or plumbing inspector, as the case may be.

(b) Within 30 days after the date a licensing examination is administered under this Act, the Board shall notify each examinee of the results of the examination.

(c) If requested in writing by a person who fails the licensing examination administered under this Act, the Board shall furnish the person with an analysis of the person's performance on the examination.

(d) The Board may waive any license requirement for an applicant with a valid license from another state having license requirements substantially equivalent to those of this state.

#### Investigation of Complaint; Action

Sec. 8A. (a) The Board may conduct any investigations regarding alleged violations of this Act by any licensed or unlicensed plumber.

(b) The Board shall maintain an information file about each complaint filed with the Board relating to a licensee.

(c) If a written complaint is filed with the Board relating to a licensee, the Board, at least as frequently as quarterly, shall notify the parties to the complaint of the status of the complaint until final disposition unless the notification would jeopardize an undercover investigation.

(d) The Board shall prepare information of consumer interest describing the regulatory functions of the Board and the Board's procedures by which consumer complaints are filed with and resolved by the Board. The Board shall make the information available to the general public and appropriate state agencies.

(e) Each written contract for services in this state of a licensed plumber shall contain the name, mailing address, and telephone number of the Board.

#### Penalties

Sec. 9. (a) The Board shall revoke or suspend a license, probate a license suspension, or reprimand a licensee for any violations of this Act or rules of the Board. A violation of this Act shall include but not be limited to: obtaining a license through error or fraud; having wilfully, negligently or arbitrarily violated municipal rules or ordinances regulating sanitation, drainage and plumbing; knowingly making a substantial misrepresentation of services to be provided or which have been provided; or making any false promise with intent to influence, persuade, or induce an individual to contract for services. Any person whose license has been revoked may, after the expiration of one year from the date of such revocation, but not before, apply for a new license.

(b) A person who violates any provision of this Act or any rule, regulation, permit, or other order of the Board is subject to a civil penalty of not less than \$50 or more than \$1,000 for each act of viola-

tion and for each day of violation after notification to be recovered as provided by this Act.

(c) If the Board purposes to refuse a person's application for licensure or to suspend or revoke a person's license, the person is entitled to a hearing before the Board. Grounds for suspension or revocation of a license due to suspected incompetence or wilful violation by a licensee may be determined through retesting procedures.

(d) Proceedings for the refusal, suspension, or revocation of a license are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

#### Continuation of Licenses

Sec. 10. All valid licenses issued by the Board on or before September 1, 1981, shall continue in effect for the length of their original issuance.

#### Apprentice

Sec. 11. Any person who has worked as a plumber's apprentice at the business, trade or calling of plumbing for such a length of time as the Board may prescribe in its rules and regulations, and who desires to take an examination to entitle him to a license as a journeyman plumber, may file his application and take the examination provided by the Board.

#### Licenses

Sec. 12. (a) Licenses issued by the Board shall be valid throughout the state, but shall not be assignable or transferable. The Board shall forward to the local Board of Health, if there be one, of each town, or to the other authority having control of the enforcement of regulations relative to plumbing in each town, the names and addresses of all persons in such town to whom such licenses have been granted. Licenses shall be issued for one year and may be renewed annually on or before February 1st upon payment of the required fee.

(b) In case of failure to renew a license on or before February 1st in any year, the person named therein may, upon payment of the said fee and a late renewal fee increased by such additional fees as would have been payable had such license been continuously renewed, receive a late renewal thereof, which shall expire on the ensuing 1st day of February; provided, however, that a license that has been expired for five years or more may not be renewed except by reexamination and compliance with the requirements and procedures for obtaining an original license.

#### Expiration Dates of Licenses; Proration of Fees

Sec. 12A. The board by rule may adopt a system under which licenses expire on various dates during the year. For the year in which the license expiration date is changed, license fees payable on February 1 shall be prorated on a monthly basis so that

each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

**Fees**

Sec. 13. The Board shall establish reasonable and necessary fees for the administration of this Act in amounts not to exceed:

|                    |      |
|--------------------|------|
| Master Plumber     |      |
| Examination        | \$75 |
| License            | 75   |
| Renewal            | 75   |
| Journeyman Plumber |      |
| Examination        | 50   |
| License            | 50   |
| Renewal            | 50   |
| Plumbing Inspector |      |
| Examination        | 25   |
| License            | 50   |
| Renewal            | 50   |

The Board shall not maintain unnecessary fund balances, and fee amounts shall be set in accordance with this requirement.

**Prohibition Against Practicing Without License**

Sec. 14. No person, whether as a master plumber, journeyman plumber, or otherwise, shall engage in, work at, or conduct the business of plumbing in this state or serve as a plumbing inspector as herein defined, except as herein specifically exempted from the provisions of this Act, unless such person is the holder of a valid license as provided for by this Act. It shall be unlawful for any person, firm, or corporation to engage in or work at the business of installing plumbing and doing plumbing work except as specifically herein provided unless such installation of plumbing or plumbing work be under the supervision and control of a plumber licensed under this Act.

An offense under this Act is a Class C misdemeanor as defined by the Texas Penal Code.

In addition to any other action, proceeding, or remedy authorized by law, the Board may institute an action in its own name against any person to enjoin any violation of this Act or any rule of the Board. In order for the Board to sustain the action, it is not necessary to allege or prove either that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation of this Act or a Board rule. Any party to the action may appeal the cause. The Board may not be required to give any appeal bond in any cause arising under this Act. The attorney general shall represent the Board in all actions and proceedings to enforce this Act.

**Municipal Rules and Regulations**

Sec. 15. Every city in this state of more than five thousand (5,000) inhabitants shall, and any city or town of this state may, by ordinance or by-law, prescribe rules and regulations for the materials, construction, alteration and inspection of all pipes, faucets, tanks, valves and other fixtures by and through which a supply of water, gas or sewage is used or carried; and provided that they shall not be placed in any building therein except in accordance with such rules and regulations; and shall further provide that no plumbing shall be done except in case of repairing of leaks, without a permit being first issued therefor upon such terms and conditions as such city or town shall prescribe; provided that no such ordinance, by-law, rule or regulation prescribed by any such city or town shall be inconsistent with this Act, or any rule or regulation adopted or prescribed by the State Board of Plumbing Examiners.

**Repealer**

Sec. 16. Articles 1078, 1079, 1080, and 1081, Chapter 7, Title 28, Revised Civil Statutes of Texas, 1925, and all laws or parts of laws in conflict with the provisions of this Act are hereby expressly repealed.

**Partial Unconstitutionality**

Sec. 17. If any section or any part of this Act shall be held to be invalid, such invalidity shall not affect the remaining portions thereof; it being the express intention of the Legislature to enact such Act without respect to such section or part so held to be invalid.

(h) The agency may, subject to the limitations contained in Section 4, paragraph (l) below, acquire

and hold title to real property, make capital improvements thereto, and make advance payments of rent for distribution centers, office space, or other facilities required to carry out the functions of the agency as herein provided.

(i) The agency is authorized and empowered to appoint advisory boards or committees, and subject to the limitations below, to employ such other personnel and to fix their compensation and prescribe their duties, as deemed necessary and suitable for the administration of this Act. The positions of all personnel so employed shall be filled by persons selected and appointed on a nonpartisan merit basis, and the agency shall at all times meet the standards for merit systems set forth by the Federal Government, by regulation or otherwise, for personnel in the administration of grant-in-aid programs.

(j) The agency is authorized and empowered to act as clearing house of information for the entities and institutions which may be eligible to acquire Federal surplus property, and to assist, as necessary, such entities and institutions in obtaining such property.

(k) The agency in the administration of this Act, shall cooperate to the fullest extent consistent with the provisions of this Act, and shall file a State plan of operation approved by the Executive Director, operate in accordance therewith, and take such action as may be necessary to meet the minimum standards for State agencies prescribed in accordance with the Federal Act.

(l) The agency may assess a service and handling charge or fee for the acquisition, warehousing, distribution, or transfer by the agency and, in the case of real property, such charges and fees shall be limited to the reasonable administrative costs of the agency incurred in effecting transfer. Receipts from such charges or fees are authorized to be available as needed for the operation of the agency.

(m) The charges and fees shall be deposited in a Service Charge Trust Fund. Such fund shall not be a part of the State Treasury or State's assets. Excess moneys in the Fund above normal operation expenses and appropriate reserve may be invested in State or municipal bonds or in such financial institutions as have been approved by the State Treasurer. The interest or earnings accruing thereby shall likewise be an asset of the Service Charge Trust Fund and shall not be a part of the State Treasury or State's assets. If the Fund is used at any time for purposes other than authorized in this Act, by the State or any other agency or instrumentality thereof, such money shall accrue interest as if it were invested as provided above.

It is the intent of the legislature that this Act shall serve not only as a guide for official conduct of these covered persons but also as a basis for discipline of those who refuse to abide by its terms.

(D) a person who is not otherwise within the definition of elected officer, appointed officer, or executive head of a state agency, but who holds a

position as a member of the governing board or commission of a state agency acquired through a method other than appointment.

(4) "Salaried appointed officer" means an appointed officer as defined in this Act who receives or is authorized to receive for his services to the state a salary as opposed to a per diem or other form of compensation.

(5)(A) "Appointed officer of a major state agency" means any of the following:

(B) If any office listed in paragraph (A) of this section is abolished, the term "appointed officer of a major state agency" includes the successor in function to that office, if any, as provided by law.

(C) In defining the term "major state agency," it is the intent of the legislature to limit the application of the financial disclosure requirements of this Act with respect to appointed state officers to those appointees who exercise substantial power and discretion in the implementation of state programs and in the expenditure of significant amounts of public funds. The legislature hereby finds that the exercise of discretion by these appointed state officers in the granting or withholding of licenses or permits, issuance of regulations, rulings, or orders, construction and location of facilities, and in other matters relating to regulation, adjudication, licensing, or expenditure of public funds, has a major impact on every citizen of this state. Therefore, the legislature finds that the potential for abuse of the public trust by these appointed state officers is significantly greater than in the case of appointed officers of other state agencies.

(D) If for any reason the distinction made by this Act between appointed officers of major state agencies and other appointed officers is held to be invalid in a judgment of a court of competent jurisdiction and the judgment becomes final, the provisions of Section 5 of this Act then become applicable to appointed officers of major state agencies as well as other appointed officers.

(6) "Executive head" of a state agency means the director, executive director, commissioner, administrator, chief clerk, or other individual not within the definition of appointed officer who is appointed by the governing body or highest officer of the state agency to act as the chief executive or administrative officer of the agency. (9) "Regulatory agency" means any department, commission, board, or other agency, except the secretary of state and the comptroller of public accounts, that:

(A) is in the executive branch of state government; and

(11) "Business entity" means a sole proprietorship, partnership, firm, corporation, holding company, joint stock company, receivership, trust, or any other entity recognized in law through which business for profit is conducted.

(12) An individual has a "substantial interest" in a business entity if he:

(A) has controlling interest in the business entity;

(B) has ownership in excess of 10 percent of the voting interest in the business entity or in excess of \$25,000 of the fair market value of the business entity;

(C) has any participating interest, either direct or indirect, by shares, stock, or otherwise, whether or not voting rights are included, in the profits, proceeds, or capital gains of the business entity in excess of 10 percent of them;

(b) In the case of appointments of salaried appointed officers and appointed officers of major state agencies on and after the effective date of this Act, each appointee shall file the financial statement within 30 days after the date of his appointment or the date he qualifies for the office, or if confirmation by the senate is required, before his confirmation, whichever is earlier.

(c) Whenever a person is appointed or employed as the executive head of a state agency on or after the effective date of this Act, he shall file the financial statement within 45 days after the date he assumes the duties of the position. Each state agency shall immediately notify the secretary of state of the appointment or employment of an executive head of the agency.

(d) Within 30 days after the first Monday in February, every person who is a candidate for an office as an elected officer shall file the financial statement. The secretary of state shall grant an extension for good cause shown of not more than 15 days, provided a request for the extension is received prior to the filing deadline for the financial statement. When the deadline under which a candidate files falls after the first Monday in February, such candidate shall file the statement within 30 days after that deadline, except that when the deadline falls within 35 days of the election in which the candidate is running, the candidate shall file the

statement by the fifth day before that election. A person who is a candidate in a special election for an office as an elected officer shall file the financial statement five days prior to the special election. No extensions shall be granted to candidates filing in a primary or general election under a deadline which falls after the first Monday in February or to candidates involved in a special election.

The secretary of state shall send copies of the financial statement form to the nominee by registered or certified mail within five days after the date the certificate of nomination is filed.

(g) If a person has filed a financial statement as required by one subsection of this section covering the preceding calendar year, he is not required to file a financial statement as required by another subsection if before the deadline for filing under the other subsection he notifies the secretary of state in writing that he has already filed a financial statement under the subsection specified.

(h) A person required to file a financial statement under Subsection (a) of this section may request the secretary of state to grant an extension of time of not more than 60 days for filing the statement. The secretary of state shall grant an extension of not more than 60 days if the request is received prior to the filing deadline or if a timely filing or request for extension is prevented because of physical or mental incapacity. Not more than one extension may be given to a person in one year except for good cause shown.

(i) The deadline for filing any statement required by this section is 5 p.m. of the last day designated in the pertinent subsection of this section for filing the statement. When the last day of filing falls on a Saturday or Sunday or an official state holiday enumerated in Article 4591, Revised Civil Statutes of Texas, 1925, as amended, the deadline for filing is extended to 5 p.m. of the next day which is not a

Saturday or Sunday or enumerated holiday. Any statement required by any provision of this section to be filed within a specified time period shall be deemed to be timely filed if it is placed in the United States Post Office or in the hands of a common or contract carrier properly addressed to the appropriate authority within the time limits applicable to the statement. The postmark or receipt mark (if received by a common or contract carrier) will be prima facie evidence of the date that such statement was deposited with the post office or carrier. The person filing the statement may show by competent evidence that the actual date of posting was to the contrary.

(d) A suit under this section shall be brought within two years after the date the violation is alleged to have been committed, or it is barred.

(e) The remedy provided by this section is cumulative of other methods of removal from office provided by the constitution or laws of this state.

All regular, full-time salaried employments in executive or administrative agencies of the State, regardless of whether their funds are kept inside or outside the State Treasury, shall also conform with the Position Classification Plan hereinafter described and with the salary rates and provisions of the General Appropriations Act with the exceptions hereinafter provided in this Section.

Specifically excepted from the Position Classification Plan hereinafter described are constitutionally named and elective officers and officials; officers appointed by the Governor; the chief executive head of any State agency covered by the first two paragraphs of this Section; teachers in public schools and special schools of the State, and in the State colleges, universities, and other agencies of higher education; research personnel in State colleges, universities, and other agencies of higher education; medical doctors; professional services compensated on a fee basis; hourly employees, part-time, and temporary employees; and such other positions in the State Government as have heretofore been or as may hereafter be excluded from such Position Classification Plan by executive order of the Governor or by direction of the Legislature.

Joint Recommendations**

Sec. 3. The Position Classification Plan established for the State Government by this Act shall be that plan which was filed with the Governor by the Lieutenant Governor and Speaker of the House of Representatives pursuant to the joint recommendations of the Senate Finance Committee and House Appropriations Committee of the Fifty-seventh Legislature under date of May 10, 1961, and entitled "Texas Position Classification Plan, 1961," together with any additions, deletions, or modifications which may be approved by the Classification Officer hereinafter established and pursuant to the provisions of

this Act, or pursuant to any future enactments of the Legislature.

**Conformance of Regular Full-Time Salaried Employments With Described Classes of Work;

Sec. 4. Commencing with the effective date of this Act, all regular full-time salaried employments with the exceptions and deferments specified hereinabove shall be made only in conformity with the classes of work described in such Position Classification Plan, and under the titles authorized by such Plan. The State Auditor shall examine or cause to be examined in periodic post-audits of expenditures of State departments and agencies, and by such methods as he deems appropriate and adequate, whether employments have been made in accordance with the provisions of this Act, and shall report the facts as found to the Governor, the Comptroller, and the Legislative Audit Committee.

**Existing Statutory Authorizations for Employing, Promoting or Dismissing Employees; General Qualifications Requirements; Merit Systems; New Class Description of Work**

Sec. 5. Nothing in this Act shall be construed or applied by any officer or employee of the State as interfering in any way with existing statutory authorizations for governing bodies and executive heads to employ such persons as they may choose, or to select for promotion from one class of employment to another such employees as they may choose, or to dismiss from employment by the State such employees as they may choose to dismiss.

It is further provided that wherever the phrase "General Qualifications Requirements," or any words or phrases of similar meaning, are found in the Position Classification Plan established by this Act, such specifications thereunder as may be set forth for experience and training, or for education, or for knowledges, skills and abilities, or for physical conditions, shall only mean those which are commonly desired by employing officers of the State; and such indicated requirements shall not be interpreted as having the force of law.

The preceding two paragraphs of this Section, however, shall not be construed as abrogating statutory authorizations for certain State agencies to operate under employee merit systems as a condition for qualifying for Federal grants-in-aid; and all such merit systems as have been or may hereafter be agreed to by the respective State agencies and agencies of the U.S. Government shall be in full force and effect, subject only to the applicable laws of this State.

Should any governing board or executive head of an agency affected by the provisions of this Act find need for the employment of a person in a class or kind of work which he believes is not described in the Position Classification Plan, such board or executive head shall notify the Classification Officer of the facts, and such Classification Officer shall

promptly provide, within the limitations of the General Appropriations Act and subject to the approval of the State Auditor after obtaining the advice of the Legislative Audit Committee, either an existing or a new class description of work and a corresponding salary range which will permit such needed employment. Notification of such action shall be made to the Comptroller of Public Accounts by the Classification Officer. Nothing in this paragraph or in this Act, however, shall be so construed as to authorize an increase in the number of positions or in the amount of appropriations as may be set forth for any such agency in the General Appropriations Act.

**Classification Officer; Qualifications; Duties; Assistant; Use of Data Processing Center; Periodic Studies; Exceptions to or Violations of Plan; Appeals**

Sec. 6. There is hereby established in the office of the State Auditor the position of Classification Officer. The Classification Officer shall be appointed by the State Auditor, subject to the advice and approval of the Legislative Audit Committee. No person shall be appointed to the office of Classification Officer who has not had a minimum of six (6) years experience in position classification or personnel management work, or an equivalent period of experience in related work in State employment as to peculiarly qualify him for the position. Such Classification Officer shall be paid such annual salary as may be set in the Appropriations Act, and shall have for the performance of his duties such assistance as the State Auditor may assign to him from the appropriations provided for that purpose.

The Classification Officer may, subject to the approval of the State Auditor and the Legislative Audit Committee, appoint a First Assistant Classification Officer to whom he may delegate in his absence statutory authority and responsibility as is provided the Classification Officer in this Act and other acts relating to the Position Classification Plan.

The Classification Officer also may have at his disposal when available without charge the use of the data processing center in the office of the Comptroller of Public Accounts for purposes of processing any position classification data that might be pertinent and useful.

In accordance with the provisions of law, the Classification Officer shall maintain on a current and accurate basis the Position Classification Plan, advise and assist State agencies to insure equitable and uniform application of such Plan, assist in personnel audits to assure conformity, and make such recommendations as he may think necessary and desirable respecting the operation and improvement of the Position Classification Plan to the Governor and the Legislature.

The Classification Officer also shall make periodic studies of salary rates paid in industry and other governmental units for like or similar work per-

formed in the State Government, and shall report his findings and recommendations for the realistic adjustment of State salary ranges to the Governor's Budget Office and to the Legislative Budget Board by not later than October 1st immediately preceding a Regular Session of the Legislature.

When exceptions to or violations of the Position Classification Plan or of prescribed salary ranges are revealed by personnel audits, the Classification Officer shall notify the agency head in writing and specify the points of nonconformity or violation. The executive head of such agency shall then have reasonable opportunity to resolve the exception or end the violation by reassigning the employee to another position title or class consistent with the work actually performed, by changing the employee's title or salary rate to conform to the prescribed Classification Plan and salary range, or by obtaining a new class description of work and salary range to correct the exception or violation.

If no action is taken by the executive head of such agency to correct or end the exception or violation within twenty (20) calendar days following the date of the written notification made by the Classification Officer, such Officer shall make a written report of the facts to the Governor and the Legislative Budget Board. The Governor may then determine, after obtaining the advice of the Legislative Audit Committee, the action to be taken in correcting the exception or violation and may, within his discretion, direct the Comptroller not to issue payroll warrants for the employee or for the position affected by the exception or violation until such discrepancy has been corrected.

Any decision or finding made by the Classification Officer under the provisions of this Act may be appealed by any employee or by the executive head of any agency to the Legislative Audit Committee under such rules governing appellate procedure as said Committee may adopt.

[Acts 1961, 57th Leg., p. 238, ch. 123. Amended by Acts 1981, 67th Leg., p. 1005, ch. 383, § 1, eff. Aug. 31, 1981.]

Sec. 1. This Act may be cited as the State Employees Training Act of 1969.

Sec. 2. The Legislature finds that effective state administration is materially aided by programs for the training and education of state administrators and employees and that public moneys spent for these programs serve an important public purpose.

Sec. 3. A state department, institution, or agency may use available public funds to provide training and education for its administrators and employees. Where considered appropriate by the department, institution, or agency, it may expend public funds to pay the salary, tuition and other fees, travel and living expenses, training stipend, training materials costs and other necessary expenses of the instructor, student, and other participant in the training or education program. A department, insti-

tution, or agency may enter into an agreement with another state, local, or federal department, institution, or agency, including a state-supported college or university, to present a training or educational program for its administrators and employees or to join in presenting such a program. Among the purposes that may be served by these training and educational programs are preparation to deal with new technological and legal developments, development of additional work capabilities, and increasing the level of competence.

Sec. 4. Public funds may be expended by the department, institution, or agency for the training or education of an administrator or employee only where the training or education is related to the current or prospective duty assignment of the administrator or employee. Where the training or education is so related, the department, institution, or agency may make the administrator's or employee's present duty assignment, in part or in whole, attendance at designated training or education programs.

Sec. 5. Each department, institution, and agency shall make regulations concerning the eligibility of its administrators and employees for training and education supported by it and the obligations assumed by the administrators and employees upon receiving this training and education. However, no such regulation shall be made effective, and no public funds shall be expended under such regulation, until the regulation is approved in writing by the governor.

(4) the due dates of documents, films, recordings, or reports of intangible results that the private consultant is to present to the agency or council of government.

(c) The Texas State Library shall compile a list of documents, films, recordings, and reports of intangible results submitted to it under Section 5(b) of this Act and shall file the list in each quarter of the calendar year with the Secretary of State for publication in the Texas Register.

(d) If the consulting service desired by a state agency is a continuation of a service previously performed by a private consultant, the agency shall state this in the invitation for offers filed with the Secretary of State under Subsection (a) of this section. If the state agency intends to award the contract for the consulting services to the private consultant that previously performed the services unless a better offer is submitted, it shall state this in the invitation for offers.

#### Conflicts of Interest

Sec. 6A. An officer or employee of a state agency who has a financial interest in a firm or corporation that is a private consultant and that submits an offer to provide consulting services to the agency or who is related within the second degree by consanguinity or affinity to a person having the financial interest shall report the financial interest to the executive head of the state agency not later than the 10th day after the day on which the private consultant submits the consulting services offer.

#### Restriction on Former Employees of a State Agency

#### Legislative Intent

Sec. 6D. (a) It is the intent of the legislature that this Act be interpreted in a manner that assures the greatest fair competition in the selection by state agencies and regional councils of government of private consultants under contracts covered by this Act and that assures that all potential providers of consulting services are afforded notice of the need for and opportunity to provide the services.

(b) This Act is not intended to discourage the use by state agencies or regional councils of government of private consultants if their use may reasonably be expected to result in a more efficient and less costly operation or project. This Act is not intended to prohibit the letting of a sole-source contract for consulting services if no proposal is received from a competent, knowledgeable, and qualified private consultant at a reasonable fee, after the procedures set forth in this Act have been followed.

Sec. 4. (a) In addition to other rulemaking requirements imposed by law, each agency shall:

(2) index and make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the agency in the discharge of its functions; and

(3) index and make available for public inspection all final orders, decisions, and opinions.

(b) No agency rule, order, or decision made or issued on or after the effective date of this Act is valid or effective against any person or party, nor may it be invoked by the agency for any purpose, until it has been indexed and made available for public inspection as required by this Act. This provision is not applicable in favor of any person or party who has actual knowledge of the rule, order, or decision.

(c) The contents of the Texas Register are to be judicially noticed and constitute prima facie evidence of the text of the documents and of the fact that they are in effect on and after the date of the notation. Without prejudice to any other mode of citation, the contents of the Texas Register may be cited by volume and page number.

**Procedure for Adoption of Rules**

Sec. 5. (a) Prior to the adoption of any rule, an agency shall give at least 30 days' notice of its intended action. Notice of the proposed rule shall be filed with the secretary of state and published by the secretary of state in the Texas Register. The notice must include:

(1) a brief explanation of the proposed rule;

(2) the text of the proposed rule, except any portion omitted as provided in Section 6(c) of this Act, prepared in a manner to indicate the words to be added or deleted from the current text, if any;

(3) a statement of the statutory or other authority under which the rule is proposed to be promulgated, including a concise explanation of the particular statutory or other provisions under which the rule is proposed, and a certification that the proposed rule has been reviewed by legal counsel and found to be within the agency's authority to adopt;

(4) a fiscal note showing the name and title of the officer or employee responsible for preparing or approving it and stating for each year for the first five years that the rule will be in effect:

(A) the additional estimated cost to the state and to local governments expected as a result of enforcing or administering the rule;

(B) estimated reductions in costs to the state and to local governments as a result of enforcing or administering the rule;

(C) estimated loss or increase in revenue to the state or to local governments as a result of enforcing or administering the rule; and

(D) if applicable, that enforcing or administering the rule will have no foreseeable implications in any of the preceding respects;

(5) a public benefit-cost note showing the name and title of the officer or employee responsible for preparing or approving it and stating for each year for the first five years that the rule will be in effect:

(A) the public benefits to be expected as a result of adoption of the proposed rule; and

(B) the probable economic cost to persons who are required to comply with the rule;

(6) a request for comments on the proposed rule from any interested person; and

(7) any other statement required by law.

(b) Each notice of a proposed rule becomes effective as notice when published in the register. The notice shall be mailed to all persons who have made timely written requests of the agency for advance notice of its rulemaking proceedings. However, failure to mail the notice does not invalidate any actions taken or rules adopted. Except as provided by this subsection, a proposed rule is automatically withdrawn six months after the date of publication of notice of the proposed rule in the Texas Register if the agency has failed within that time to adopt, adopt as amended, or withdraw the proposed rule.

(c) Prior to the adoption of any rule, an agency shall afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In the case of substantive rules, opportunity for public hearing must be granted if requested by at least 25 persons, by a governmental subdivision or agency, or by an association having at least 25 members. The agency shall consider fully all written and oral submissions concerning the proposed rule. On adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days after adoption, shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement its reasons for overruling the considerations urged against its adoption.

(c-1) The agency order finally adopting a rule must include:

(1) a reasoned justification of the rule, including a summary of comments received from parties interested in the rule and showing the names of any interested group or association offering comment on the rule and whether they were for or against its adoption, and also including a restatement of the rule's factual bases and the reasons why the agency disagrees with party submissions and proposals;

(2) a concise restatement of the particular statutory provisions under which the rule is adopted and of how the agency interprets these provisions as authorizing or requiring the rule; and

(3) a certification that the rule, as adopted, has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

(d) If an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule on fewer than 30 days' notice and states in writing its reasons for that finding, it may proceed without prior notice or hearing or on any abbreviated notice and hearing that it finds practicable to adopt an emergency rule. The rule may be effective for a period of not longer than 120 days renewable once for a period not exceeding 60 days, but the adoption of an identical rule under Subsections (a) and (c) of this section is not precluded. An emergency rule adopted under the provisions of this subsection, and the agency's written reasons for the adoption, shall be filed in the office of the secretary of state for publication in the Texas Register.

(e) No rule hereafter adopted is valid unless adopted in substantial compliance with this section. A proceeding to contest any rule on the ground of noncompliance with the procedural requirements of this section must be commenced within two years after the effective date of the rule.

(f) An agency may use informal conferences and consultations as means of obtaining the viewpoints and advice of interested persons concerning contemplated rulemaking. Each agency also is authorized to appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rulemaking. The powers of these committees are advisory only.

(g) Each house of the legislature shall adopt rules establishing a process under which the presiding officer of each house shall refer each proposed agency rule to the appropriate standing committee for review prior to adoption of the rule. When an agency files notice of a proposed rule with the secretary of state pursuant to Subsection (a) of this section, it shall also deliver a copy of the notice to the lieutenant governor and the speaker. On the vote of a majority of its members, a standing committee may transmit to the agency a statement supporting or opposing adoption of a proposed rule.

(b) The secretary of state shall publish the register at regular intervals, but not less than 100 times each calendar year.

(c) The secretary of state may omit from the register any information the publication of which he deems cumbersome, expensive, or otherwise inexpedient, if the information is made available in printed or processed form by the adopting agency on application for it, and if the register contains a notice stating the general subject matter of the information and the manner in which a copy of it may be obtained.

(d) One copy of each issue of the register shall be made available free on request to each board, commission, and department having statewide jurisdiction, to the governor, to the lieutenant governor, to the attorney general, to each member of the legislature, to each county clerk in the state, and to the supreme court, court of criminal appeals, and each court of civil appeals.

#### Filing Procedures

Sec. 8. (a) Each agency shall file a document for publication in the Texas Register by either delivering to the office of the secretary of state during normal working hours two certified copies of the document to be filed or by transmitting by electronic means during normal working hours one copy of the document to be filed and delivering during normal working hours a letter of certification to the office of the secretary of state. On receipt of a document required by this Act to be filed in the office of the secretary of state and published in the register, the secretary of state shall note the day and hour of filing on the certified copies or on the letter of certification. One copy of each filed document must be maintained in original form or on

microfilm in a permanent register in the office of the secretary of state and, on filing, shall be made available immediately for public inspection during regular business hours.

(b) If there is a conflict, the official text of a rule is the text on file with the secretary of state, and not the text published in the register or on file with the issuing agency.

(c) The secretary of state may promulgate rules to insure the effective administration of this Act. The rules may include, but are not limited to, rules prescribing paper size and the format of documents required to be filed by this Act. The secretary of state may refuse to accept for filing and publication any document that does not substantially conform to the promulgated rules.

(d) The secretary of state may maintain on microfilm or on an electronic storage and retrieval system the files of agency rules and any other information required by this Act to be published in the register and, after microfilming or electronically storing, destroy the original copies of all information submitted for publication.

Sec. 10. (a) Each rule hereafter adopted becomes effective 20 days after it is filed in the office of the secretary of state, except that:

(1) if a later date is required by statute or specified in the rule, the later date is the effective date; and

(2) subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately on filing with the secretary of state, or on a stated date less than 20 days thereafter, if the agency finds that this effective date is necessary because of imminent peril to the public health, safety or welfare; and

(3) if a federal statute or regulation requires that an agency implement a rule by a certain date, the rule is effective on the prescribed date.

(b) An agency finding, as described in Subsection (a)(2) of this section, and a brief statement of the

reasons for it, shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to persons who may be affected by them.

(c) A rule adopted as provided in Subsection (a)(3) of this section shall be filed in the office of the secretary of state and published in the register.

**Petition for Adoption of Rules**

Sec. 11. Any interested person may petition an agency requesting the adoption of a rule. Each agency shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Within 60 days after submission of a petition, the agency either shall deny the petition in writing, stating its reasons for the denial, or shall initiate rulemaking proceedings in accordance with Section 5 of this Act.

**Declaratory Judgment on Validity or Applicability of Rules**

Sec. 12. The validity or applicability of any rule, including an emergency rule adopted under Section 5(d) of this Act, may be determined in an action for declaratory judgment in a district court of Travis County, and not elsewhere, if it is alleged that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the plaintiff. The agency must be made a party to the action. A declaratory judgment may be rendered whether the plaintiff has requested the agency to pass on the validity or applicability of the rule in question. However, no proceeding brought under this section may be used to delay or stay a hearing after notice of hearing has been given if a suspension, revocation, or cancellation of a license by an agency is at issue before the agency.

**Contested Cases; Notice; Hearings; Records**

Sec. 13. (a) In a contested case, all parties must be afforded an opportunity for hearing after reasonable notice of not less than 10 days.

(b) The notice must include:

(1) a statement of time, place, and nature of the hearing;

(2) a statement of the legal authority and jurisdiction under which the hearing is to be held;

(3) a reference to the particular sections of the statutes and rules involved; and

(4) a short and plain statement of the matters asserted.

(c) If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, on timely written application, a more definite and detailed statement must be furnished not less than three days prior to the date set for the hearing.

(d) Opportunity must be afforded all parties to respond and present evidence and argument on all issues involved.

(e) Unless precluded by law, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order, or default.

(f) The record in a contested case includes:

(1) all pleadings, motions, and intermediate rulings;

(2) evidence received or considered;

(3) a statement of matters officially noticed;

(4) questions and offers of proof, objections, and rulings of them;

(5) proposed findings and exceptions;

(6) any decision, opinion, or report by the officer presiding at the hearing; and

(7) all staff memoranda or data submitted to or considered by the hearing officer or members of the agency who are involved in making the decision.

(g) Proceedings, or any part of them, must be transcribed on written request of any party. The agency may pay the cost of the transcript or assess the cost to one or more parties. This Act does not limit an agency to a stenographic record of proceedings.

(h) Findings of fact must be based exclusively on the evidence and on matters officially noticed.

(i) The agency may continue a hearing from time to time and from place to place. The notice of the hearing must indicate the times and places at which the hearing may be continued. If a hearing is not concluded on the day it commences, the agency shall, to the extent possible, proceed with the conduct of the hearing on each subsequent working day until the hearing is concluded.

#### Interpreters for Deaf Parties and Witnesses

Sec. 13A. (a) If a party or subpoenaed witness in a contested case is deaf, the agency shall provide an interpreter whose qualifications are approved by the State Commission for the Deaf to interpret the proceedings for that person.

(b) In this section, "deaf person" means a person who has a hearing impairment, whether or not the person also has a speech impairment, that inhibits the person's comprehension of the proceedings or communication with others.

#### Rules of Evidence, Official Notice

Sec. 14. (a) In contested cases, irrelevant, immaterial, or unduly repetitious evidence shall be excluded. The rules of evidence as applied in nonjury civil cases in the district courts of this state shall be followed. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a

type commonly relied upon by reasonably prudent men in the conduct of their affairs. Agencies shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, if a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.

(b) In connection with any contested case held under the provisions of this Act, an agency may swear witnesses and take their testimony under oath.

(c) On its own motion or on the written request of any party to a contested case pending before it, on a showing of good cause, and on deposit of sums that will reasonably insure payment of the amounts estimated to accrue under Subsections (1)(1) and (2) of this section, an agency shall issue a subpoena addressed to the sheriff or any constable to require the attendance of witnesses and the production of books, records, papers, or other objects as may be necessary and proper for the purposes of the proceedings.

(d) On its own motion or on the written request of any party to a contested case pending before it, on a showing of good cause, and on deposit of sums that will reasonably insure payment of the amounts estimated to accrue under Subsections (1)(1) and (2) of this section, an agency shall issue a commission, addressed to the several officers authorized by statute to take depositions, to require that the deposition of a witness be taken, which commission shall authorize the issuance of any subpoenas necessary to require that the witness appear and produce, at the time the deposition is taken, books, records, papers, or other objects as may be necessary and proper for the purposes of the proceeding. The deposition of a member of an agency board may not be taken after a date has been set for hearing.

(e) The place of taking the depositions shall be in the county of the witness' residence, or where the witness is employed or regularly transacts business in person. The commission shall authorize and require the officer or officers to whom it is addressed, or either of them, to examine the witness before him on the date and at the place named in the commission and to take answers under oath to questions which may be propounded to the witness by the parties to the proceeding, the agency, or the attorneys for the parties or the agency. The commission shall require the witness to remain in attendance from day to day until the deposition is begun and completed.

(f) The witness shall be carefully examined, the testimony shall be reduced to writing or typewriting by the officer taking the deposition, or by some person under the officer's personal supervision, or by the deponent in the officer's presence, and by no other person, and shall, after it has been reduced to

writing or typewriting, be subscribed by the deponent.

(g) The officer taking the oral deposition may not sustain objections to any of the testimony taken, or exclude any of it, and any of the parties or attorneys engaged in taking testimony have their objections reserved for the action of the agency before which the matter is pending. The administrator or other officer conducting the hearing is not confined to objections made at the taking of the testimony.

(h) When the testimony is fully transcribed, the deposition shall be submitted to the witness for examination and read to or by the witness, unless the examination and reading are waived by the witness and by the parties in writing. However, if the witness is a party to the contested case pending before the agency with an attorney of record, the deposition officer shall notify the attorney of record in writing by registered mail or certified mail that the deposition is ready for examination and reading at the office of the deposition officer, and if the witness does not appear and examine, read, and sign the deposition within 20 days after the mailing of the notice, the deposition shall be returned as provided in this Act for unsigned depositions. In any event, the witness must sign the deposition at least three days prior to the hearing, or it shall be returned as provided in this Act for unsigned depositions. Any changes in form or substance which the witness desires to make shall be entered on the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall then be signed by the witness, unless the parties present at the taking of the deposition by stipulation waive the signing or the witness is ill, cannot be found, or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver, illness, or absence of the witness or the fact of the refusal to sign, together with the reason, if any, given for failure to sign. The deposition may then be used as fully as though signed.

(i) A deposition may be returned to the agency before which the contested case is pending either by mail, or by a party interested in taking the deposition, or by any other person. If returned by mail, the agency shall endorse on the deposition that it was received from the post office and shall cause the agency employee so receiving the deposition to sign it. If not sent by mail, the person delivering it to the agency shall make affidavit before the agency that he received it from the hands of the officer before whom it was taken, that it has not been out of his possession since, and that it has undergone no alteration.

(j) A deposition, after being filed with the agency, may be opened by any employee of the agency at the request of either party or his counsel. The employee shall endorse on the deposition on what day and at whose request it was opened, signing the

deposition, and it shall remain on file with the agency for the inspection of any party.

(k) Regardless of whether cross interrogatories have been propounded, any party is entitled to use the deposition in the contested case pending before the agency.

(l) A witness or deponent who is not a party and who is subpoenaed or otherwise compelled to attend any hearing or proceeding to give a deposition or to produce books, records, papers, or other objects that may be necessary and proper for the purposes of the proceeding under the authority of this section is entitled to receive:

(1) mileage of 10 cents a mile, or a greater amount as prescribed by agency rule, for going to, and returning from the place of the hearing or the place where the deposition is taken, if the place is more than 25 miles from the person's place of residence; and

(2) a fee of \$10 a day, or a greater amount as prescribed by agency rule, for each day or part of a day the person is necessarily present as a witness or deponent.

(m) Mileage and fees to which a witness is entitled under this section shall be paid by the party or agency at whose request the witness appears or the deposition is taken, on presentation of proper vouchers sworn by the witness and approved by the agency.

(n) In the case of failure of a person to comply with a subpoena or commission issued under the authority of this Act, the agency issuing the subpoena or commission, acting through the attorney general, or the party requesting the subpoena or commission, may bring suit to enforce the subpoena or commission in a district court in Travis County. The court, if it determines that good cause exists for the issuance of the subpoena or commission, shall order compliance with the requirements of the subpoena or commission. Failure to obey the order of the court may be punished by the court as contempt.

(o) In contested cases, documentary evidence may be received in the form of copies or excerpts if the original is not readily available. On request, parties shall be given an opportunity to compare the copy with the original.

(p) In contested cases, a party may conduct cross-examinations required for a full and true disclosure of the facts.

(q) In connection with any hearing held under the provisions of this Act, official notice may be taken of all facts judicially cognizable. In addition, notice may be taken of generally recognized facts within the area of the agency's specialized knowledge. Parties shall be notified either before or during the hearing, or by reference in preliminary reports or otherwise, of the material officially noticed, including any staff memoranda or data, and they must be

afforded an opportunity to contest the material so noticed. The special skills or knowledge of the agency and its staff may be utilized in evaluating the evidence.

(r) In contested cases, all parties are entitled to the assistance of their counsel before administrative agencies. This right may be expressly waived.

#### Discovery, Entry on Property; Use of Reports and Statements

Sec. 14a. (a) Upon motion of any party showing good cause therefor and upon notice to all other parties, and subject to such limitations of the kind provided in Rule 186b of the Rules of Civil Procedure as the agency may impose, the agency in which an action is pending may order any party:

(1) to produce and permit the inspection and copying or photographing by or on behalf of the moving party any of the following which are in his possession, custody, or control: any designated documents, papers, books, accounts, letters, photographs, objects, or tangible things, not privileged, which constitute or contain, or are reasonably calculated to lead to the discovery of, evidence material to any matter involved in the action; and

(2) to permit entry upon designated land or other property in his possession or control for the purpose of inspecting, measuring, surveying, or photographing the property or any designated object or operation thereon which may be material to any matter involved in the action.

(b) The order shall specify the time, place, and manner of making the inspection, measurement, or survey and taking the copies and photographs and may prescribe such terms and conditions as are just.

(c) The identity and location of any potential party or witness may be obtained from any communication or other paper in the possession, custody, or control of a party, and any party may be required to produce and permit the inspection and copying of the reports, including factual observations and opinions, of an expert who will be called as a witness. Provided, that the rights herein granted shall not extend to other written statements of witnesses or other written communications passing between agents or representatives or the employees of any party to the suit or to other communications between any party and his agents, representatives, or other employees, where made subsequent to the occurrence or transaction upon which the suit is based, and made in connection with the prosecution, investigation, or defense of such claim or the circumstances out of which same has arisen.

(d) Any person, whether or not a party, shall be entitled to obtain, upon request, a copy of any statement he has previously made concerning the action or its subject matter and which is in the possession, custody, or control of any party. If the request is refused, the person may move for an agency order under this section. For the purpose of this paragraph, a statement previously made is (1) a

written statement signed or otherwise adopted or approved by the person making it, or (2) a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded.

#### Examination of Record by Agency

Sec. 15. If in a contested case a majority of the officials of the agency who are to render the final decision have not heard the case or read the record, the decision, if adverse to a party to the proceeding other than the agency itself, may not be made until a proposal for decision is served on the parties, and an opportunity is afforded to each party adversely affected to file exceptions and present briefs to the officials who are to render the decision. If any party files exceptions or presents briefs, an opportunity must be afforded to all other parties to file replies to the exceptions or briefs. The proposal for decision must contain a statement of the reasons for the proposed decision and of each finding of fact and conclusion of law necessary to the proposed decision, prepared by the person who conducted the hearing or by one who has read the record. The proposal for decision may be amended pursuant to exceptions, replies, or briefs submitted by the parties without again being served on the parties. The parties by written stipulation may waive compliance with this section.

#### Decisions and Orders

Sec. 16. (a) A final decision or order adverse to a party in a contested case must be in writing or stated in the record.

(b) A final decision must include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, must be accompanied by a concise and explicit statement of the underlying facts supporting the findings. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling on each proposed finding. Parties shall be notified either personally or by mail of any decision or order. On written request, a copy of the decision or order shall be delivered or mailed to any party and to his attorney of record.

(c) A decision is final, in the absence of a timely motion for rehearing, on the expiration of the period for filing a motion for rehearing, and is final and appealable on the date of rendition of the order overruling the motion for rehearing, or on the date the motion is overruled by operation of law. If an agency board includes a member who (1) receives no salary for his work as a board member and who (2) resides outside Travis County, the board may rule on a motion for rehearing at a meeting or by mail, telephone, telegraph, or other suitable means of communication. If an agency finds that an imminent peril to the public health, safety, or welfare requires immediate effect of a final decision or order in a contested case, it shall recite the finding

in the decision or order as well as the fact that the decision or order is final and effective on the date rendered, in which event the decision or order is final and appealable on the date rendered and no motion for rehearing is required as a prerequisite for appeal.

(d) The final decision or order must be rendered within 60 days after the date the hearing is finally closed. In a contested case heard by other than a majority of the officials of an agency, the agency may prescribe a longer period of time within which the final order or decision of the agency shall be issued. The extension, if so prescribed, shall be announced at the conclusion of the hearing.

(e) Except as provided in Subsection (c) of this section, a motion for rehearing is a prerequisite to an appeal. A motion for rehearing must be filed within 15 days after the date of rendition of a final decision or order. Replies to a motion for rehearing must be filed with the agency within 25 days after the date of rendition of the final decision or order, and agency action on the motion must be taken within 45 days after the date of rendition of the final decision or order. If agency action is not taken within the 45-day period, the motion for rehearing is overruled by operation of law 45 days after the date of rendition of the final decision or order. The agency may by written order extend the period of time for filing the motions and replies and taking agency action, except that an extension may not extend the period for agency action beyond 90 days after the date of rendition of the final decision or order. In the event of an extension, the motion for rehearing is overruled by operation of law on the date fixed by the order, or in the absence of a fixed date, 90 days after the date of the final decision or order.

(f) The parties may by agreement with the approval of the agency provide for a modification of the times provided in this section.

#### Ex Parte Consultations

Sec. 17. Unless required for the disposition of ex parte matters authorized by law, members or employees of an agency assigned to render a decision or to make findings of fact and conclusions of law in a contested case may not communicate, directly or indirectly, in connection with any issue of fact or law with any agency, person, party, or their representatives, except on notice and opportunity for all parties to participate. An agency member may communicate ex parte with other members of the agency, and pursuant to the authority provided in Subsection (q) of Section 14, members or employees of an agency assigned to render a decision or to make findings of fact and conclusions of law in a contested case may communicate ex parte with employees of the agency who have not participated in any hearing in the case for the purpose of utilizing the special skills or knowledge of the agency and its staff in evaluating the evidence.

#### Licenses

Sec. 18. (a) When the grant, denial, or renewal of a license is required to be preceded by notice and opportunity for hearing, the provisions of this Act concerning contested cases apply.

(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license for any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

(c) No revocation, suspension, annulment, or withdrawal of any license is effective unless, prior to the institution of agency proceedings, the agency gave notice by personal service or by registered or certified mail to the licensee of facts or conduct alleged to warrant the intended action, and the licensee was given an opportunity to show compliance with all requirements of law for the retention of the license.

#### Judicial Review of Contested Cases

Sec. 19. (a) A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this Act. This section is cumulative of other means of redress provided by statute.

(b) Proceedings for review are instituted by filing a petition within 30 days after the decision complained of is final and appealable. Unless otherwise provided by statute:

(1) the petition is filed in a District Court of Travis County, Texas;

(2) a copy of the petition must be served on the agency and all parties of record in the proceedings before the agency; and

(3) the filing of the petition vacates an agency decision for which trial de novo is the manner of review authorized by law, but does not affect the enforcement of an agency decision for which another manner of review is authorized.

(c) If the manner of review authorized by law for the decision complained of is by trial de novo, the reviewing court shall try all issues of fact and law in the manner applicable to other civil suits in this state but may not admit in evidence the fact of prior agency action or the nature of that action (except to the limited extent necessary to show compliance with statutory provisions which vest jurisdiction in the court). Any party to a trial de novo review may have, on demand, a jury determination of all issues of fact on which such a determination could be had in other civil suits in this state.

(d) If the manner of review authorized by law for the decision complained of is other than by trial de novo:

(1) after service of the petition on the agency, and within the time permitted for filing an answer (or such additional time as may be allowed by the court), the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review and such agency record shall be filed with the clerk of the court. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record;

(2) any party may apply to the court for leave to present additional evidence and the court, if it is satisfied that the additional evidence is material and that there were good reasons for the failure to present it in the proceeding before the agency, may order that the additional evidence be taken before the agency on conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file such evidence and any modifications, new findings, or decisions with the reviewing court;

(3) the party seeking judicial review shall offer, and the reviewing court shall admit, the agency record into evidence as an exhibit. The review is conducted by the court sitting without a jury and is confined to the agency record, except that the court may receive evidence of procedural irregularities alleged to have occurred before the agency but which are not reflected in the record.

(e) The scope of judicial review of agency decisions is as provided by the law under which review is sought. Where the law authorizes appeal by trial de novo, the courts shall try the case in the manner applicable to other civil suits in this state and as though there had been no intervening agency action or decision. Where the law authorizes review under the substantial evidence rule, or where the law does not define the scope of judicial review, the court may not substitute its judgment for that of the agency as to the weight of the evidence on questions committed to agency discretion but may affirm the decision of the agency in whole or in part and shall reverse or remand the case for further proceedings if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(1) in violation of constitutional or statutory provisions;

(2) in excess of the statutory authority of the agency;

(3) made upon unlawful procedure;

(4) affected by other error of law;

(5) not reasonably supported by substantial evidence in view of the reliable and probative evidence in the record as a whole; or

(6) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

#### Enforcement of Orders, Decisions, and Rules

Sec. 19A. If it appears to an agency that a person is engaging in or is about to engage in a violation of a final order or decision or a rule of the agency or is failing or refusing to comply with a final order or decision or a rule of the agency, the attorney general, on the request of the agency and in addition to any other remedy provided by law, may bring an action in a district court that is authorized by law to exercise judicial review of the final order or decision or the rule to enjoin or restrain the continuation or commencement of the violation or to compel compliance with the final order or decision or the rule.

#### Appeals

Sec. 20. Appeals from any final judgment of the district court may be taken by any party in the manner provided for in civil actions generally, but no appeal bond may be required of an agency.

#### Exceptions

Sec. 21. (a) This Act does not apply to suspensions of driver's licenses as authorized in Article IV, Chapter 173, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 6687b, Vernon's Texas Civil Statutes).

(b) Sections 12 through 20 of this Act do not apply to the granting, payment, denial, or withdrawal of financial or medical assistance or benefits under service programs of the State Department of Public Welfare.

(c) Sections 12 through 20 of this Act do not apply to the Texas Department of Mental Health and Mental Retardation in the allocation of grants-in-aid by the department to mental health and mental retardation services provided by community centers.

(d) This Act does not apply to matters related solely to the internal personnel rules and practices of an agency.

(e) Sections 12 through 20 of this Act do not apply to action by the Commissioner of Banking or the State Banking Board with respect to the issuance of a state bank charter for a bank to assume the assets and liabilities of a state bank the commissioner deems to be in an unsafe condition as defined in Section 1, Article 1a, Chapter VIII, Texas Banking Code of 1943.<sup>1</sup>

(f) Sections 12 through 20 of this Act do not apply to the Texas Board of Pardons and Paroles in the conducting of hearings or interviews relating to the

grant, rescission, or revocation of parole or other form of administrative release.

(g) Sections 12 through 20 do not apply to hearings by the Texas Employment Commission to determine whether or not a claimant is entitled to unemployment compensation nor shall the remainder of this Act have applicability to other than matters of unemployment insurance maintained by the Texas Employment Commission. In regard to the applicability of Sections 1 through 11, regarding unemployment insurance matters, the agency is precluded from complying with Subdivision (3) of Subsection (a) and Subsection (b) of Section 4 as related to orders and decisions.

(h) Section 19(b)(1) of this Act does not apply to an appeal under Section 32.18, Alcoholic Beverage Code.

**Repeal of Conflicting Laws**

Sec. 22. Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252-13, Vernon's Texas Civil Statutes), and all other laws and parts of laws in conflict with this Act are repealed. This Act does not repeal any existing statutory provisions conferring investigatory authority on any agency, including any provision which grants an agency the power, in connection with investigatory authority, to take depositions, administer oaths or affirmations, examine witnesses, receive evidence, conduct hearings, or issue subpoenas or summons.

**Art. 6252-13b. Administrative Code Act**

**Short Title**

Sec. 1. This Act shall be known and may be cited as the Texas Administrative Code Act.

**Definitions**

Sec. 2. As used in this Act:

(1) "Agency" means any state board, commission, department, or officer having statewide jurisdiction, other than an agency wholly financed by federal funds, the legislature, the courts, the Industrial Accident Board, and institutions of higher education, that makes rules or determines contested cases.

(2) "Code" means the Texas Administrative Code established by this Act.

(3) "Rule" means any agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedure or practice requirements of an agency. **Compilation; Exclusions**

Sec. 3. (a) The secretary of state shall compile, index, and cause to be published a Texas Administrative Code. Periodic supplementation of the code shall be made as often as necessary, but not less than once each year. The code shall also contain appropriate annotations to judicial decisions and opinions of the Attorney General of the State of Texas.

(b) The secretary of state may omit from the code all rules which are general in form but of such local or limited application as to make their inclusion therein impracticable, undesirable, or unnecessary. The secretary of state may also omit from the code any information the publication of which he deems cumbersome, expensive, or otherwise inexpedient, if the information is made available in printed or processed form by the adopting agency on application for it, and if the code contains a notice stating the general subject matter of the information and the

manner in which a copy of it may be obtained. Any such exclusions from publication in the code shall not affect the validity or effectiveness of any rules omitted.

<sup>1</sup> Article 6252-13a.

#### Evidentiary Value

Sec. 4. The codified rules of the agencies published in the Texas Administrative Code, as approved by the secretary of state and as amended by documents subsequently filed with the office of the secretary of state, are to be judicially noticed and constitute prima facie evidence of the text of the documents and of the fact that they are in effect on and after the date of the notation.

#### Rules

Sec. 5. The secretary of state may promulgate rules to ensure the effective administration of this Act. The rules may include, but are not limited to, rules establishing titles of the code and a system of classification of the subject matter of the code.

- (4) the relationship of the crime to the ability, capacity, or fitness required to perform the duties and discharge the responsibilities of the licensed occupation.

(c) In addition to the factors that may be considered under Subsection (b) of this section, the licensing authority, in determining the present fitness of a person who has been convicted of a crime, shall consider the following evidence:

Sec. 4. (a) Each licensing authority, shall issue within six months after the effective date of this Act guidelines relating to the actual practice of the authority in carrying out Section 1 of this Act. Amendments to the guidelines, if any, shall be issued annually. (b) The guidelines required by Subsection (a) of this section and issued by state licensing authorities shall be filed with the office of the secretary of state for publication in the Texas Register. Local and county licensing authorities shall post their guidelines at the county courthouse or publish them in a newspaper of countywide circulation.

(b) This Act applies to the administration of block grants.

(c) This Act provides for a transition of responsibilities that enhances public participation in agency decision making and that further ensures the use of funds for the benefit of geographic areas, entities, and individuals most in need.

(d) It is the intent of the legislature that the process of combining categorical federal assistance programs into block grants should not have an overall impact of reducing the relative proportion of services and benefits made available to low-income persons, elderly persons, disabled and handicapped persons, and migrant and seasonal agricultural workers.

**Application**

Sec. 2. This Act applies to the Texas Department of Human Resources, the Texas Department of Health, the Texas Department of Community Affairs, the Central Education Agency, the Texas Department of Mental Health and Mental Retardation, and any other commission, board, or department designated to receive block grant funds.

**Definitions**

Sec. 3. In this Act:

(2) "Entities" means local governmental units, councils of government, community action agencies, private new community developers or nonprofit community associations within any community origi-

nally established as a new community development program pursuant to the Urban Growth and New Community Development Act of 1970, 42 U.S.C. Sections 4511-4532, or other public or private organizations that receive block grant funds or that may be eligible to receive block grant funds to provide services or benefits to the public.

(3) "Recipients" means individuals or classes of individuals who are the beneficiaries of the services or benefits made available by block grants.

#### Public Hearings

Sec. 4. (a) Before formulating or substantially amending a plan for the use of block grant funds, an agency covered by this Act shall hold a public hearing in four locations in different areas of the state to solicit public comment on the intended use of funds.

(c) The agency shall:

(1) provide 14 days' notice of a public hearing regarding the plan for a block grant;

(2) post the notice in a conspicuous place in all agency offices; and

(3) include in the notice a clear and concise description of the matters to be considered and a statement of the manner in which written comments may be submitted.

(d) The agency shall maintain lists of interested persons, mail notices of hearings to interested persons, and conduct other activities necessary to promote public participation in the public hearing.

(e) The agency shall fairly summarize the types of public comments received by the agency during public hearings regarding a plan.

(f) If the agency's final decision does not reflect the recommendations of particular classes of public comments, the agency shall provide a reasoned response, justifying the agency's decision as to each comment.

(g) The plan must include a description of major changes in policy for each program, the extent of anticipated reductions or increases in services under the block grant, and the nature of any fees recipients must pay to receive services funded under the block grant.

(h) The agency shall disseminate the summary of public comments and the responses to the comments

as part of the plan. The agency shall cause the summary and responses to be published in the Texas Register and shall make that information available to the general public.

(i) An agency may hold the hearing required by this section in conjunction with other agencies covered by this Act for the purpose of receiving public comment on the intended use of block grant funds regardless of whether the block grants administered by the agencies are for different purposes. Hearings held in cooperation with the governor's office may be used to satisfy the requirements of this section.

(j) Notices prepared under Subsections (b) and (c) of this section must be printed in both English and Spanish.

#### Public Information and Consultation Activities

Sec. 5. (a) An agency covered by this Act shall publish information for the public describing the manner in which preliminary options for the use of block grants are developed by the agency's staff and stating the period during which the preliminary work is usually performed.

(b) The agency shall provide for consultation with interested members of the public to assist the agency in formulating preliminary staff recommendations on the use of block grant money.

(c) The agency shall consult with affected groups during preparation or amendment of the plan, including consultation with local governments, charitable organizations, and businesses that provide or fund services similar to services that may be provided under the block grant received by the agency.

(e) During preparation or amendment of the plan, the agency shall consult with any state advisory or coordinating council that has responsibility over programs similar to the programs that may be provided under the block grant received by the agency.

(f) Annually, each entity that receives more than \$5,000 in block grant money to be used as the entity determines is appropriate shall provide evidence to the agency that a public meeting or hearing was held in a timely manner for the sole purpose of seeking public comment on the needs or uses of block grant money received by the entity. However, the entity may hold the meeting or hearing in conjunction with another meeting or hearing of the entity, if the meeting or hearing to consider block grant funds is clearly noted in any announcement of the other meeting or hearing.

(g) The agency by rule may require entities referred to in Subsection (f) of this section to undertake other reasonable efforts to seek public participation.

(h) The agency shall undertake public information activities necessary to ensure that recipients and intended recipients are informed of the availability of services and benefits.

(i) The agency shall maintain for public inspection in each office the rules and eligibility requirements relating to the administration of block grant funds and a digest or index to rules and decisions.

(j) Information published under this section, except under Subsection (i) of this section, must be printed in both English and Spanish.

**Complaints**

Sec. 6. (a) An agency covered by this Act shall disseminate publications describing the block grant programs administered by the agency and stating the manner in which public comments and complaints about the quality of services funded by the block grant may be transmitted.

(b) The agency shall maintain a procedure for investigating complaints about the programs funded by the block grant and annually shall summarize the types of complaints received by the agency.

(c) The investigation must be completed before the 31st day after the date the complaint is received, or the agency shall notify the complainant, within that period, when the investigation can be completed.

(d) The agency shall inform an entity of any complaints received concerning the entity's services and the agency shall give the entity a reasonable time to respond to the complaints.

(e) The agency shall use the complaint system to monitor and ensure compliance with applicable federal and state law.

(f) The agency shall consider the history of complaints regarding an entity in determining whether to renew a contract or subgrant for the use of block grant funds by the entity.

**Denial of Services or Benefits**

Sec. 7. (a) An affected person who alleges that an entity or agency has denied all or part of a service or benefit funded by block grant funds in a manner that is unjust, discriminatory, or without reasonable basis in law or fact may request an administrative hearing as provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). However, the exceptions provided by Subsection (b) of Section 21 of that Act apply to hearings under this section. The Texas Department of Human Resources shall develop procedures for conducting fair hearings under this section.

(b) The agency administering the block grant funds shall conduct a timely hearing concerning the denial of services or benefits by an agency and, upon determining that services were wrongfully denied, shall take appropriate action to correct the practices or procedures of the agency.

(c) The agency that provides block grant funds to an entity shall conduct a timely hearing in the locality served by the entity concerning the denial of services or benefits by the entity and, upon determining that services were wrongfully denied, shall take appropriate action to correct the practices or procedures of the entity.

**Termination of Block Grant Funds**

Sec. 8. (a) If an agency covered by this Act intends to terminate block grant funds provided to an entity because the entity violates the terms of the contract or grant, the agency, before the 30th day preceding the termination date, shall send to the entity a written statement providing the specific reasons for the termination.

(b) An entity may request an administrative hearing as provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), after receiving notice that the agency intends to terminate a contract or subgrant from block grant funds. Irrelevant, immaterial, or unduly repetitious evidence must be excluded from the hearing.

(c) The agency shall conduct the hearing before the 31st day after the date the request was received to determine whether the funding should be terminated. If the agency and the entity agree, the hearing may be postponed.

**Reduction of Block Grant Funds for Specific Entity**

Sec. 9. (a) If an agency covered by this Act reduces an entity's block grant funding by 25 percent or more, and if the agency provides the block grant funds to another entity in the same geographic area to provide similar services, this section applies.

(b) Not later than the 30th day preceding the date on which the block grant funds are reduced, the agency shall send to the entity a written statement providing the specific reasons for reduction of funding.

(c) The agency shall promulgate specific rules defining good cause for nonrenewal of an entity's contract or reduction of an entity's funding.

(d) If an agency decides not to renew an entity's contract or decides to reduce an entity's funding, the agency, in making its decision, shall consider:

- (1) the effectiveness of services rendered by various entities;
- (2) the cost efficiency of programs undertaken by each entity;

(3) the extent to which services of each entity meet the needs of population groups or classes that are poor, underprivileged, or disabled;

(4) the degree to which services can be provided by other programs in that area;

(5) the extent to which recipients are involved in the entities' decision making; and

(6) the need to provide services in the state without discrimination as to race, religion, or geographic region.

(e) An entity that alleges the reduction of funding was in violation of the rules issued under Subsection (c) of this section or was discriminatory or without reasonable basis in law or fact may request an administrative hearing as provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), after receiving notice as provided by Subsection (b) of this section.

(f) The agency shall conduct the hearing before the 31st day after the date the request was received to determine whether the funding should be reduced.

(g) If a local elected official or an organization with 25 or more members so requests, the agency shall hold at least one session of the hearing in the locality served by the entity and at that time shall hear local public comment on the matter.

(h) If an entity requests an administrative hearing under this section, the agency may enter into an interim contract with the entity or another entity to provide the service formerly provided by the entity while any administrative or judicial proceedings are pending.

#### Reduction of Block Grant Funds for Geographic Area

Sec. 10. (a) If an agency covered by this Act reduces an entity's block grant funding by 25 percent or more, and if the agency does not provide the block grant funds to another entity in the same geographic area, this section applies.

(b) Not later than the 30th day preceding the date on which the block grant funds are reduced, the agency shall send to the entity a written statement providing the specific reasons for reduction of funding. The written statement must be provided to the entity so that the entity has sufficient time to participate in public hearings and consultation proceedings provided for by Sections 4 and 5 of this Act.

(c) The rules required by Subsection (c) of Section 9 and the considerations provided by Subsection (d) of Section 9 of this Act apply to this section.

(d) This section does not apply if the entity received block grant funds for a specified period under a competitive evaluation of proposals.

#### Relationship to Federal Law

Sec. 15. (a) If a federal law or regulation is changed and makes no provision for temporary

(e) Prior to the Texas Department of Health applying for and receiving any primary care block grant money, the committee created by this section must be appointed and adopt a plan for submission to and approval by the board which: outlines the need for primary and supplemental health services in Texas; establishes procedures for delivery and assessment of quality health services that are non-duplicative, cost efficient, and responsive to the health care needs of medically underserved Texans; details the appropriate role of the department in the administration and delivery of these services; and identifies program costs and possible duplication and overlap between state participating local health departments, regional health departments and community health centers.

(f) The committee shall, within one year of its appointment and annually thereafter, provide the board and the legislature with a report on its findings and recommendations. The State Board of Control shall from time to time determine the actual cost of standard size reproductions and shall periodically publish these cost figures for use by agencies in determining charges to be made pursuant to this Act.

(b) Charges made for access to public records comprised in any form other than up to standard sized pages or in computer record banks, microfilm records, or other similar record keeping systems, shall be set upon consultation between the custodian of the records and the State Board of Control, giving due consideration to the expenses involved in providing the public records making every effort to match the charges with the actual cost of providing the records.

(c) It shall be the policy of all governmental bodies to provide suitable copies of all public records within a reasonable period of time after the date copies were requested. Every governmental body is hereby instructed to make reasonably efficient use of each page of public records so as not to cause excessive costs for the reproduction of public records.

(d) The charges for copies made in the district clerk's office and the county clerk's office shall be as otherwise provided by law.

(e) No charge shall be made for one copy of any public record requested from state agencies by members of the legislature in performance of their duties.

(f) The charges for copies made by the various municipal court clerks of the various cities and towns of this state shall be as otherwise provided by ordinance.

**Distribution of Confidential Information Prohibited**

Sec. 10. (a) Information deemed confidential under the terms of this Act shall not be distributed.

(b) A custodian of public records, or his agent, commits an offense if, with criminal negligence, he or his agent fails or refuses to give access to, or to permit or provide copying of, public records to any person upon request as provided in this Act.

(c) It is an affirmative defense to prosecution under Subsection (b) of this section that the custodian of public records reasonably believed that the public records sought were not required to be made available to the public and that he:

(1) acted in reasonable reliance upon a court order or a written interpretation of this Act contained in an opinion of a court of record or of the attorney general issued under Section 7 of this Act;

(2) requested a decision from the attorney general in accordance with Section 7 of this Act, and that such decision is pending; or

(3) within three working days of the receipt of a decision by the attorney general that the information is public, filed a cause of action seeking relief from compliance with such decision of the attorney general, and that such cause is pending.

(d) It is an affirmative defense to prosecution under Subsection (b) of this section that the defendant is the agent of a custodian of public records and that the agent reasonably relied on the written instruction of the custodian of public records not to disclose the public records requested.

(e) Any person who violates Section 10(a) or 10(b) of this Act shall be deemed guilty of a misdemeanor and upon conviction shall be punished by confinement in the county jail not to exceed six (6) months or fined in an amount not to exceed \$1,000, or by both such fine and confinement. A violation under this section constitutes official misconduct.

#### **Bond for Payment of Costs for Preparation of Public Records or Cash Prepayment**

Sec. 11. A bond for payment of costs for the preparation of such public records, or a prepayment in cash of the anticipated costs for the preparation of such records, may be required by the head of the department or agency as a condition precedent to the preparation of such record where the record is unduly costly and its reproduction would cause undue hardship to the department or agency if the costs were not paid.

#### **Penalties**

Sec. 12. Any person who wilfully destroys, mutilates, removes without permission as provided herein, or alters public records shall be guilty of a misdemeanor and upon conviction shall be fined not less than \$25 nor more than \$4,000, or confined in the county jail not less than three days nor more than three months, or both such fine and confinement.

#### **Procedures for Inspection of Public Records**

Sec. 13. Each governmental body may promulgate reasonable rules of procedure by which public records may be inspected efficiently, safely, and without delay.

WTSC Civil Statutes—12

#### **Interpretation of this Act**

Sec. 14. (a) This Act does not prohibit any governmental body from voluntarily making part or all of its records available to the public, unless expressly prohibited by law; provided that such records shall then be available to any person.

(b) This Act does not authorize the withholding of information or limit the availability of public records to the public, except as expressly so provided.

(c) This Act does not give authority to withhold information from individual members or committees of the Legislature of the State of Texas to use for legislative purposes.

(d) This Act shall be liberally construed in favor of the granting of any request for information.

(e) Nothing in this Act shall be construed to require the release of information contained in education records of any educational agency or institution except in conformity with the provisions of the Family Educational Rights and Privacy Act of 1974, as enacted by Section 513 of Public Law 93-380, codified as Title 20 U.S.C.A. #### **Severability**

Sec. 15. #### **Art. 6252-18. Interpreters for Deaf or Severely Hard-of-Hearing Persons Taking State Examinations**

Sec. 1. Any deaf or severely hard-of-hearing person taking a state examination which is a prereq-

uisite for state employment or state licensing is entitled to be furnished with an interpreter upon request.

Sec. 2. Interpreters appointed under this Act shall be paid \$15 for the first hour of interpreting in a calendar day and at the rate of \$5 for each subsequent hour up to a maximum of eight hours in a calendar day.

[Acts 1967, 60th Leg., p. 682, ch. 286, eff. Aug. 28, 1967.]

(a) In any proceeding before a governing body of a political subdivision in which the legal rights, duties, or privileges of a party are to be determined by the governing body following an adjudicative hearing, the governing body shall supply a party who is deaf with an interpreter having qualifications approved by the State Commission for the Deaf.

(b) In this section:

(1) "Deaf person" means a person who has a hearing impairment, regardless of whether the person also has a speech impairment, that inhibits the person's comprehension of the proceedings or communication with others.

(2) "Political subdivision" means a county, city, town, village, school district, special purpose district, or other subdivision of state government that has jurisdiction that is limited to a geographical portion of the state.

[Acts 1979, 66th Leg., p. 399, ch. 186, § 8, eff. May 15, 1979.]

**Art. 6252-19. Tort Claims Act**

**Short Title**

Sec. 1. This Act shall be known and cited as the Texas Tort Claims Act.

**Definitions**

Sec. 2. The following words and phrases as used in this Act unless a different meaning is plainly required by the context shall have the following meanings:

(1) "Unit of government" or "units of government" shall mean the State of Texas and all of the several agencies of government which collectively constitute the government of the State of Texas, specifically including, but not to the exclusion of, other agencies bearing different designations, all departments, bureaus, boards, commissions, offices, agencies, councils and courts; all political subdivisions, all cities, counties, school districts, levee improvement districts, drainage districts, irrigation districts, water improvement districts, water control and improvement districts, water control and preservation districts, fresh water supply districts, navigation districts, conservation and reclamation dis-

tricts, soil conservation districts, river authorities, and junior college districts; and all institutions, agencies and organs of government whose status and authority is derived either from the Constitution of the State of Texas or from laws passed by the Legislature pursuant to such Constitution. Provided, however, no new unit or units of government are hereby created.

(2) "Scope of employment" or "scope of office" shall mean that the officer, agent or employee was acting on behalf of a governmental unit in the performance of the duties of his office or employment or was in or about the performance of tasks lawfully assigned to him by competent authority.

(3) "Officer, agent or employee" shall mean every person who is in the paid service of any unit of government by competent authority, whether full or part-time, whether elective or appointive, and whether supervisory or nonsupervisory, it being the intent of the Legislature that this Act should apply to every person in such service of a unit of government, save and except as herein provided. Such definition, however, shall not include an independent contractor or an agent or employee of an independent contractor, or any person performing tasks the details of which the unit of government does not have the legal right to control.

**Liability of Governmental Units**

Sec. 3. (a) In this section "state government" means an agency, board, commission, department, or office, other than a district or authority created under Article XVI, Section 59, of the Texas Constitution, that:

(1) was created by the constitution or a statute of this state; and

(2) has statewide jurisdiction.

(b) Each unit of government in the state shall be liable for money damages for property damage or personal injuries or death when proximately caused by the negligence or wrongful act or omission of any officer or employee acting within the scope of his employment or office arising from the operation or use of a motor-driven vehicle and motor-driven equipment, other than motor-driven equipment used in connection with the operation of floodgates or water release equipment by river authorities created under the laws of this state, under circumstances where such officer or employee would be personally liable to the claimant in accordance with the law of this state, or death or personal injuries so caused from some condition or some use of tangible property, real or personal, under circumstances where such unit of government, if a private person, would be liable to the claimant in accordance with the law of this state. Such liability is subject to the exceptions contained herein, and it shall not extend to punitive or exemplary damages. Liability of the state government is limited to \$250,000 per person and \$500,000 for any single occurrence for bodily injury or death and to \$100,000 for any single

occurrence for injury to or destruction of property. Liability of any unit of local government is limited to \$100,000 per person and \$300,000 for any single occurrence for bodily injury or death and to \$100,000 for any single occurrence for injury to or destruction of property.

#### Waiver of Sovereign Immunity

Sec. 4. To the extent of such liability created by Section 3, immunity of the sovereign to suit, as heretofore recognized and practiced in the State of Texas with reference to units of government, is hereby expressly waived and abolished, and permission is hereby granted by the Legislature to all claimants to bring suit against the State of Texas, or any and all other units of government covered by this Act, for all claims arising hereunder.

#### Venue

Sec. 5. All cases arising under the provisions of this Act shall be instituted in the county in which the cause of action or a part thereof arises.

#### Cumulative Remedy

Sec. 6. This Act shall be cumulative in its legal effect and not in lieu of any and all other legal remedies which the injured person may pursue.

#### Laws and Rules Applicable

Sec. 7. The laws and statutes of the State of Texas and the Rules of Civil Procedure, as promulgated and adopted by the Supreme Court of Texas, insofar as applicable and to the extent that such rules are not inconsistent with the provisions of this Act, shall apply to and govern all actions brought under the provisions of this Act.

#### Unit of Government as Defendant; Service of Citation

Sec. 8. Suits instituted pursuant to the provisions of this Act shall name as defendant the unit of government against which liability is sought to be established. In suits against the state citation shall be served on the Secretary of State. In suits against other units of government citation shall be served in the manner prescribed by law for other civil cases. If no method is prescribed by law, then service may be had on the administrative head of the unit of government being sued, if available, and if not, the court in which the suit is pending may authorize service in such manner as may be calculated to afford the unit of government a fair opportunity to answer and defend the suit.

#### Counsel; Insurance

Sec. 9. The Attorney General of Texas shall defend all actions brought under the provisions of this Act against any unit of government whose authority and jurisdiction is coextensive with the geographical limits of the State of Texas. All units of government whose area of jurisdiction is less than the entire State of Texas shall employ their own counsel in accordance with the organic act under

which such unit of government is operating; provided, however, that all units of government are hereby expressly authorized to purchase policies of insurance providing protection for such units of government, their officers, agents and employees against claims brought under the provisions of this Act, and when they have acquired such insurance, they are further authorized to relinquish to the company providing such insurance coverage the right to investigate, defend, compromise and settle any such claim. In the case of suits defended by the Attorney General, he may be fully assisted by counsel provided by insurance carrier. Neither the existence or amount of insurance shall ever be admissible in evidence in the trial of any case hereunder, nor shall the same be subject to discovery.

#### Compromise and Settlement

Sec. 10. Any and all causes of action brought under the provisions of this Act may be settled and compromised by the unit of government involved when, in the judgment of the Governor, in the case of the state, and in the judgment of the governing body of the unit of government in other cases, such compromise would be to the best interests of such government. It is specifically provided, however, that such approval shall not be required in those instances where insurance has been procured under the provisions of Section 9 hereof.

#### Collection of Judgments

Sec. 11. Judgments recovered against units of government pursuant to the provisions of this Act shall be enforced in the same manner and to the same extent as judgments are now enforced against such units of government under the statutes and law of Texas; and no additional methods of collecting judgments are granted by this Act. Provided, however, if the judgment is obtained against a unit of government that has procured a contract or policy of liability or indemnity insurance protection, the holder of the judgment may use such methods of collecting said judgment as are provided by the policy or contract and statutes and laws of Texas to the extent of the limits of coverage provided therein. It is expressly provided, however, that judgments under this Act becoming final during any fiscal year need not be paid by such unit of government until the following fiscal year except to the extent that they may be payable by an insurance carrier. For the payment of any final judgment obtained under the provisions of this Act, a unit of government not fully covered by liability insurance is hereby authorized to levy an ad valorem tax, the rate of which, if found by the unit of government to be necessary, may exceed any legal limit otherwise applicable except as may be imposed by the Constitution of the State of Texas. In the event that judgments arising under the provisions of this Act become final against a unit of government in any one fiscal year in an aggregate amount, exclusive of insurance coverage, if any, in excess of one percent of the budgeted tax funds, exclusive of general

obligation debt service requirements, of such unit of government for such fiscal year, then such unit of government may pay such judgments over a period of not more than five years in equal annual installments and shall pay interest on the unpaid balance at the rate provided by law.

**Effect of Judgment or Settlement**

Sec. 12. (a) The judgment or settlement in an action or claim under this Act shall constitute a complete bar to any action by the claimant, by reason of the same subject matter, against the employee of a unit of government whose act or omission gave rise to the claim.

(b) The State or a political subdivision may not require any employee to purchase liability insurance as a condition of his employment where the State or political subdivision is insured by a policy of liability insurance.

**Liberal Construction**

Sec. 13. The provisions of this Act shall be liberally construed to achieve the purposes hereof.

**Exemptions**

Sec. 14. The provisions of this Act shall not apply to:

(1) Any claim based upon an act or omission which occurred prior to the effective date of this Act.

(2) Any claim based upon an act or omission of the Legislature, or any member thereof acting in his official capacity, or to the legislative functions of any unit of government subject to the provisions hereof.

(3) Any claim based upon an act or omission of any of the courts of the State of Texas, or any member thereof acting in his official capacity, or to the judicial functions of any unit of government subject to the provisions hereof.

(4) Any claim based upon an act or omission of an officer, agent or employee of any unit of government in the execution of the lawful orders of any court.

(5) Any claim arising in connection with the assessment or collection of taxes by any unit of government.

(6) Any claim arising out of the activities of the National Guard, the State Militia, or the Texas State Guard, when on active duty pursuant to lawful orders of competent authority.

(7) Any claim based upon the failure of a unit of government to perform any act which said unit of government is not required by law to perform. If the law leaves the performance or nonperformance of an act to the discretion of the unit of government, its decision not to do the act, or its failure to make a decision thereon, shall not form the basis for a claim under this Act.

(8) Any claim arising out of the action of an officer, agent or employee while responding to emergency calls or reacting to emergency situations when such action is in compliance with the laws and ordinances applicable to emergency action.

(9) Any claim based on an injury or death connected with any act or omission arising out of civil disobedience, riot, insurrection or rebellion or arising out of the failure to provide, or the method of providing, police or fire protection.

(10) Any claim arising out of assault, battery, false imprisonment, or any other intentional tort including, but not limited to, disciplinary action by school authorities.

(11) Any claim based upon the theory of attractive nuisance.

(12) Any claim arising from the absence, condition, or malfunction of any traffic or road sign, signal, or warning device unless such absence, condition, or malfunction shall not be corrected by the governmental unit responsible within a reasonable time after notice, or any claim arising from the removal or destruction of such signs, signals or devices by third parties except on failure of the unit of government to correct the same within such reasonable time, after actual notice. Nothing herein shall give rise to liability arising from the failure of any unit of government to initially place any of the above signs, signals, or devices when such failure is the result of discretionary actions of said governmental unit. The signs, signals and warning devices enumerated above are those used in connection with hazards normally connected with the use of the roadway, and this section shall not apply to the duty to warn of special defects such as excavations or roadway obstructions.

**Individual Immunity**

Sec. 15. Notwithstanding any provision hereof, the individual immunity of public officers, agents or employees of government from tort claims for damages is hereby preserved to the extent and degree that such persons presently are immunized.

**Notice of Death or Injury**

Sec. 16. Except where there is actual notice on the part of the governmental unit that death has occurred or that the claimant has received some injury or that property of the claimant has been damaged, any person making a claim hereunder shall give notice of the same to the governmental unit against which such claim is made, reasonably describing the damage or injury claimed and the time, manner and place of the incident from which it arose, within six months from the date of the incident. Provided, however, except where there is such actual notice, charter and ordinance provisions of cities requiring notice within a charter period permitted by law are hereby expressly ratified and approved.

**Payment of Claim Against State Supported College or University**

Sec. 17. No claim or judgment against a state-supported senior college or university, under this Act, shall be payable except by a direct appropriation made by the Legislature for the purpose of satisfying claims and/or judgments, except in the event insurance has been acquired as provided in Section 9, in which case the claimant is entitled to payment to the extent of such coverage as in other cases.

**Exclusions**

Sec. 18. (a) This Act shall not apply to any proprietary function of a municipality. The term "motor-driven equipment" as used herein shall not be construed so as to include medical equipment, such as, but not limited to iron lungs, located in hospitals.

(b) As to premise defects, the unit of government shall owe to any claimant only the duty owed by private persons to a licensee on private property, unless payment has been made by the claimant for the use of the premises. Provided, however, that the limitation of duty contained in this subsection shall not apply to the duty to warn of special defects such as excavations or obstructions on highways, roads or streets, nor shall it apply to any such duty to warn of the absence, condition or malfunction of traffic signs, signals or warning devices as is required in Section 14(12) hereof.

**Workmen's Compensation**

Sec. 19. Any governmental unit carrying Workmen's Compensation Insurance or accepting the provisions of the Workmen's Compensation Act of the State of Texas shall be entitled to all of the privileges and immunities granted by the Workmen's Compensation Act of the State of Texas to private persons and corporations.

**Application to School and Junior College Districts**

Sec. 19A. The provisions of this Act shall not apply to school districts or to junior college districts except as to motor vehicles.

**Repealer**

Sec. 20. All laws or parts of law, and all enactments, rules and regulations or any and all units of government, and all organic laws of such units of government, in conflict herewith are hereby repealed, annulled and voided, to the extent of such conflict.

**Severability**

Sec. 21. In the event any section, subsection, paragraph, sentence or clause of this Act shall be declared unconstitutional or void, the validity of the remainder of this Act shall not be affected or impaired thereby; and it is hereby declared to be the policy and intent of the Legislature to enact the

valid portions of this Act, notwithstanding the invalid portions, if any.

**Effective Date**

Sec. 22. This Act shall be effective from and after January 1, 1970.

[Acts 1969, 61st Leg., p. 874, ch. 292, eff. Jan. 1, 1970. Amended by Acts 1971, 62nd Leg., p. 1743, ch. 509, § 1, eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 77, ch. 50, §§ 1, 2, eff. April 18, 1973; Acts 1983, 68th Leg., p. 3084, ch. 530, § 1, eff. Sept. 1, 1983.]

Section 2 of the 1983 amendatory act provides:

"This Act applies to a cause of action that arises from an act or omission that occurs on or after the effective date of this Act. A cause of action that arises from an act or omission that occurs before the effective date of this Act is governed by the law as it existed on the date the act or omission occurred, and that law is continued in effect for that purpose."

**Art. 6252-19a. Insurance; Operation of Motor Vehicles, Aircraft, Motorboats or Watercraft; Foster Grandparent Program; State Departments and Agencies; Allowance to Employees**

Sec. 1. The State Departments or Agencies who own and operate motor vehicles, aircraft and motorboats or watercraft of all types and sizes shall have the authority to insure their officers and employees from liability arising out of the use, operation and maintenance of such automobiles, trucks, tractors, power equipment, aircraft and motorboats or watercraft used or which may be used in the operation of such Department or Agency. Such insurance shall be provided by the purchase of a policy or policies for that purpose from some liability insurance company or companies authorized to transact business in the State of Texas. All liability insurance so purchased shall be provided on a policy form or forms approved by the State Board of Insurance as to form and by the Attorney General as to liability. The State Departments and Agencies who receive federal grant funds for a foster grandparent program shall also have the authority to expend those funds to insure the person and property of those foster grandparents as required by the grant.

Sec. 2. In case said department elects not to so insure its employees against liability as above mentioned:

An employee of the State of Texas, in addition to any compensation provided in the General Appropriations Act, shall receive as compensation any sum of money expended by such employee for automobile liability insurance required of such employee by the department, agency, commission, or other branch of the state government for which such employee is employed.

Sec. 3. The State Comptroller shall provide the necessary forms to make such claims which shall require a certification from the head of the Department, Agency, Commission or other branch of the State government that such employee is employed; that as a regular part of such employee's duties such employee is required to operate a State-owned

motor vehicle, aircraft, motorboat or watercraft; and that such Department, Agency, Commission or other branch of the State government requires such employee to maintain liability insurance as a prerequisite to the operation of the State-owned motor vehicle, aircraft, motorboat or watercraft.

Sec. 4. Such payments are to be charged against the maintenance fund of the department for which such employee is employed.

Sec. 5. Nothing herein shall be construed as a waiver of the immunity of the state from liability for the torts of negligence of the officers or employees of the state.

[Acts 1969, 61st Leg., p. 2357, ch. 797, eff. June 14, 1969. Amended by Acts 1971, 62nd Leg., p. 2493, ch. 816, §§ 1, 2, eff. June 8, 1971; Acts 1981, 67th Leg., p. 750, ch. 282, § 1, eff. Aug. 31, 1981.]

**Persons and Conduct Covered: Limits on Liability**

Sec. 2. (a) A county, city, town, special purpose district, or any other political subdivision of the state may pay actual damages, court costs, and attorney's fees adjudged against its employee, if damages are based on an act or omission by the employee in the course and scope of his or her employment for such political subdivision and if the damages arise out of a cause of action for negligence, except a wilful or wrongful act or omission or an act or omission constituting gross negligence or for official misconduct.

(b) This Act shall not be construed to waive, repeal, or modify any defense, immunity, or jurisdictional bar available to the political subdivision or its employees, nor shall this Act be construed to waive, repeal, or modify any provision of the Texas Tort Claims Act, as amended (Article 6252-19, Vernon's Texas Civil Statutes). The county or political subdivision is not liable under this Act to the extent that damages are recoverable under a contract of insurance or under a plan of self-insurance authorized by statute. Liability of the political subdivision under this Act is limited to \$100,000 to a single person and \$300,000 for a single occurrence, in the case of personal injury or death, and to \$10,000 for a single occurrence of injury or of damage to property.

**Defense of Actions**

Sec. 3. (a) The political subdivision may provide counsel to represent a defendant in a cause of action covered by this Act. The counsel provided

may be the county attorney when the defendant is a county employee or if he is an employee of any other political subdivision an attorney regularly employed by such political subdivision unless there is a potential conflict of interest between the defendant and the county or other political subdivision, in which case the county or other political subdivision may hire private counsel to defend the suit.

(b) Counsel for the county or political subdivision may settle or compromise the portion of a lawsuit that may result in liability of the county or political subdivision under this Act.

(c) In a case defended under this Act, neither the defendant nor the political subdivision may be required to advance security for cost or give bond on appeal or on review by writ of error.

**Art. 6252-21. Failure to Make or Making False Report as to Use of State Automobile or Truck**

**Report of Use**

Sec. 1. Whoever uses an automobile or truck owned by this State for any purpose shall make a written report of such use to the Head of the Department, Institution, Board, Commission or other Agency of this State having charge of such automobile or truck, such reports to be made daily when such vehicles are in use, a separate report being made for each day, and such reports shall be made on forms prescribed by the State Auditor. Such reports shall show the purpose for which such vehicle was used, the mileage traveled, the amounts of gasoline and oil consumed, the passengers carried, and such other information as may be necessary to provide a proper record of the use of such vehicle. Said reports shall be official records of the State and shall be subject to inspection by any official of this State who shall be authorized to audit or inspect claims, accounts or records of any State Department, Institution, Board, Commission or Agency of the State.

**Art. 6252-23. Representation Before State Agencies; Registration; Violations**

**Definitions**

Sec. 1. In this Act, unless the context otherwise requires:

- (a) "state agency" means any office, department, commission or board of the executive department of government;
- (b) "person" means any individual including a member of the Legislature, legislative employee, state officer or state employee.

**Registration**

Sec. 2. Except as herein provided, every person appearing before a state agency or contacting in person any officer or employee thereof on behalf of any other person, firm, partnership, corporation or association in relation to any case, proceeding, application, or other matter before such agency, shall register in an appropriate record, which shall be maintained by the agency for such purpose, the following information:

- (a) the name and address of the registrant;
- (b) the name and address of the person, firm, partnership, corporation, or association on whose behalf the appearance or contact is made;
- (c) a statement as to whether or not the registrant has received or expects to receive any money, thing of value or financial benefit in return for the services rendered in making the appearance or contact.

This Act shall not apply to officers or employees of a state agency when appearing before or contact-

ing officers or employees of another state agency on official inter-agency matters.

#### **Reporting and Filing of Registrations**

Sec. 3. Each state agency shall file a report with the Secretary of State between the first and tenth of the month following the close of each calendar quarter. The report shall set forth the names of persons registering with the agency during the preceding quarter, together with the detailed information specified in Section 2 of this Act. Such reports, which shall be considered public records of this state and open to public inspection, shall be appropriately indexed and kept on file in the office of the Secretary of State for a period of four (4) years from the date of filing.

#### **Persons Not Required to Register**

Sec. 3A. No person shall be required to register if:

(a) the contact with a state agency or its officers or employees is solely for the purpose of obtaining information, and no attempt is made to influence the action of any officer or employee of such agency;

(b) the contact consists in participating in a public hearing, at which such person enters his appearance at such hearing;

(c) the contact is made in connection with any matter where pleadings or instruments disclosing such person's representation is on file with the agency;

(d) the contact is one for which such person receives no fee, payment, compensation or any thing of value.

#### **Penalty**

Sec. 4. Any person who fails to register as required by Section 2 of this Act shall be guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine not exceeding Five Hundred Dollars (\$500) or by imprisonment in the county jail not exceeding six (6) months, or by both such fine and imprisonment.

[Acts 1957, 55th Leg., 1st C.S., p. 30, ch. 12.]

#### **Art. 6252-24. Collecting Debts for Others**

Any Justice of the Peace, sheriff, constable or other peace officer in this State, who shall receive for collection or undertake the collection of any claim for debt for others except under and by virtue of the processes of law prescribing the duties of such officers, or who shall receive compensation therefor except as prescribed by law, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than Two Hundred Dollars nor more than Five Hundred Dollars, and in addition to such fine may be removed from office. Provided, however, that nothing herein shall be construed to prohibit any Justice of the Peace who

is authorized by law to act for others in the collection of debts from undertaking such collections where the amount is beyond the jurisdiction of the Justice Court.

[Acts 1929, 41st Leg., p. 483, ch. 227, § 1.]

#### **Art. 6252-25. Aid and Compensation to Persons Wrongfully Imprisoned**

##### **Legislative Finding and Statement of Policy**

Sec. 1. The Legislature finds that the people of Texas by adding to the Constitution of the State of Texas, Article III, Section 51-c, on November 6, 1956, have adopted the policy that persons who have served sentences in prison for crimes of which they are not guilty should not bear the loss occasioned by this error, but that the people of the State should provide such persons with compensation to reimburse and compensate them for their losses. It is the purpose of this Act to provide the means whereby such compensation may be obtained by persons so wronged.

##### **Claimants Entitled to Compensation**

Sec. 2. A person is entitled to compensation provided by this Act:

(a) if he has served, in whole or in part, a sentence in prison under the laws of this State; and

(b) if he pleaded "not guilty" to the charge for which he was convicted and which led to the imprisonment; and

(c) if he is not guilty of the crime for which he was sentenced; and

(d) if he has received a full pardon for the crime and punishment for which he was sentenced.

##### **Permission to Sue State Granted—Venue—Service**

Sec. 3. Any person who by verified petition alleges that he is entitled to compensation under this Act may bring suit against the State of Texas. This Act grants permission to such persons to sue the State and the State's immunity from suit is hereby waived as to all actions brought under this Act. A person who sues the State under this Act shall bring suit in a court of competent jurisdiction either in the county of his residence at the time such suit is commenced or in a court of competent jurisdiction for Travis County. Service of citation upon the State shall be accomplished by service upon the Attorney General. The Attorney General shall represent the State in any proceeding brought under this Act.

##### **Proof Required**

Sec. 4. In order to obtain a judgment in his favor, a person who brings suit under this Act must establish by a preponderance of the evidence that he is entitled to compensation under this Act and the amount of compensation to which he is entitled. The judgment of conviction in the trial which resulted in the imprisonment in question is not a defense

on the part of the State to a suit brought under this Act, nor is an indictment, information, complaint or other formal accusation any defense.

#### Admissible Evidence

Sec. 5. The record of the trial at which the person bringing suit under this Act was convicted, and the pardon or proclamation issued to him by the Governor are admissible as evidence, and all court papers, orders, docket notations or other writings of record in any court in this State are admissible in evidence in a trial of a suit brought under this Act as proof of the facts set out therein.

#### Measure of Damages for Compensation

Sec. 6. If the jury, or the judge where the case is tried before the judge without a jury, finds that the claimant is entitled to compensation, then the jury or the judge, as the case may be, shall assess the claimant's damages at such a sum of money as will fairly and reasonably compensate him:

(a) for the physical and mental pain and suffering sustained by him as a proximate result of the erroneous conviction or imprisonment from the time of conviction by the trial court;

(b) for all reasonable and necessary medical expenses incurred by him as a proximate result of the erroneous conviction or imprisonment from the time of the conviction in the trial court.

It is provided, however, that the judge or jury, as the case may be, shall not assess the claimant's damages under Subsection (a) of this Section 6 at an amount greater than Twenty-five Thousand Dollars (\$25,000). It is further provided that the judge or jury, as the case may be, shall not assess the claimant's total damages under this Act at an amount greater than Fifty Thousand Dollars (\$50,000).

#### Limitation of Action

Sec. 7. Any person claiming compensation under this Act whose claim is based upon a sentence served before the effective date of this Act must bring his action within two years after the effective date of this Act or within two years after he discovered or should have discovered the evidence substantiating his innocence. Any person claiming compensation under this Act whose claim is based upon a sentence served in whole or in part, after the effective date of this Act must bring his action within two years after he ceased serving the sentence of imprisonment or after his release from custody, or within two years after he discovered or should have discovered the evidence substantiating his innocence.

[Acts 1965, 59th Leg., p. 1022, ch. 507, eff. Aug. 30, 1965.]

### Art. 6252-26. State's Liability for and Defense of Claims Based on Certain Conduct of State Officers and Employees

#### Persons and Conduct Covered; Limits on Liability

Sec. 1. (a) The State of Texas is liable for and shall pay actual damages, court costs, and attorney fees adjudged against officers or employees of any agency, institution, or department of the state; against a former officer or employee of an agency, institution, or department of the state who was an officer or employee when the act or omission on which the damages are based occurred; against a physician licensed in this state who is or was performing services under a contract with the Disability Determination Division of the Texas Rehabilitation Commission or the Texas Department of Mental Health and Mental Retardation when the act or omission on which the damages are based occurred; or against the estate of such a person where the damages are based on an act or omission by the person in the course and scope of his office, contractual performance, or employment for the institution, department, or agency and:

(1) the damages arise out of a cause of action for negligence, except a willful or wrongful act or an act of gross negligence; or

(2) the damages arise out of a cause of action for deprivation of a right, privilege, or immunity secured by the constitution or laws of this state or the United States, except when the court in its judgment or the jury in its verdict finds that the officer, contractor, or employee acted in bad faith.

(b) This Act shall not be construed as a waiver of any defense, immunity, or jurisdictional bar available to the state or its officers, contractors, or employees. The state is not liable under this Act to the extent that damages are recoverable under a contract of insurance or under a plan of self-insurance authorized by statute. State liability under this Act is limited to \$100,000 to a single person and \$300,000 for a single occurrence, in the case of personal injury or death or the deprivation of a right, privilege, or immunity, and to \$10,000 for a single occurrence of injury or of damage to property.

#### Application of Act

Sec. 2. This Act applies to judgments in all cases filed on or after the effective date of this Act and to all judgments in cases pending or on appeal on the effective date of the Act.

#### Defense of Actions; Conflict of Interest; Security for Cost or Bond

Sec. 3. (a) The attorney general shall defend a present or former officer, contractor, or employee or his estate in a cause of action covered by this Act. The state is not liable for the defense of an action or for the damages, court costs, or attorney fees unless either the attorney general has been

served in the case and the state has been given an opportunity to defend the suit, or the officer, contractor, or employee, former officer, contractor, or employee, or estate against whom the action is brought has delivered to the attorney general all process served on him or it not later than 10 days after the service. The attorney general may settle or compromise the portion of a lawsuit that may result in liability of the state under this Act. It is not a conflict of interest for the attorney general to defend a person or estate under this Act and also to prosecute a legal action against that person or estate as may be required or authorized by law if different assistant attorneys general are assigned the responsibility for each action.

(b) In a case defended by the attorney general under this Act, neither the officer, contractor, employee, former officer, contractor, or employee, estate, or attorney general may be required to advance security for cost or give bond on appeal or on review by writ of error.

**Funds for Defense or Prosecution**

Sec. 4. No funds other than those appropriated by the legislature from the General Revenue Fund to the attorney general may be used to conduct the defense or prosecution of any action that the attorney general is required to defend or prosecute under the provisions of this Act. The term "conduct of the defense of any action" as used in this section includes, but is not limited to, any steps in the investigation, preparation for trial, and participation in actual trial, including depositions or other discovery, and the preparation of any exhibits or other evidence.

**Officer Defined**

Sec. 5. A member of the commission, board, or other governing body of an agency, institution, or department is an officer of the agency, institution, or department for purposes of this Act.

**Short Title**

Sec. 1. This Act may be cited as the State Employees Health Fitness and Education Act of 1983.

Sec. 2. The legislature finds that effective state administration is materially enhanced by programs designed to encourage and create a condition of health fitness in state administrators and employees, and that public money spent for these programs serve an important public purpose. Among the purposes that may be served by these programs are an understanding and diminution of the health risk factors associated with modern society's most debilitating diseases, development of greater productivity and work capacity, reduction in absenteeism, reduction of health insurance costs, and an increase in the general level of health fitness.

**Funds and Facilities For Health Fitness Programs**

Sec. 3. A state department, institution, commission, or agency may use available public funds for health fitness education and activities and other health fitness related costs. A state department, institution, commission, or agency may also use available facilities for health fitness programs.

Sec. 4. A state department, institution, commission, or agency may, and is encouraged to, enter into agreements with other state, local, or federal departments, institutions, commissions, or agencies, including a state-supported college or university to present, join in presenting, or participate jointly in

health fitness education or fitness activity programs for its administrators and employees.

| Sec. 1.001. Purpose of Title. |
| 1.002. Construction of Title. |

**§ 1.001. Purpose of Title**

(a) This title is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by

the legislature in Chapter 448, Acts of the 58th Legislature, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change. It is contemplated that this title will be included in the future in a government code.

(b) Consistent with the objectives of the statutory revision program, the purpose of this title is to make the general and permanent public retirement system law more accessible and understandable by:

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
- (3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
- (4) restating the law in modern American English to the greatest extent possible.

#### § 12.302. Action by State Pension Review Board

(a) When a bill or resolution for which an actuarial analysis is required is filed for introduction in either house of the legislature, the office in which the proposed legislation is filed shall send a copy of the bill or resolution, accompanied by an actuarial analysis as required by Section 12.301(c)(1) of this subtitle, to the State Pension Review Board.

(b) The State Pension Review Board may have a second actuary either review the actuarial analysis

accompanying the bill or resolution or prepare a separate actuarial analysis.

(c) An actuary who reviews or prepares an analysis for the State Pension Review Board must have at least five years of experience as an actuary working with one or more public retirement systems and must be a fellow of the Society of Actuaries, a member of the American Academy of Actuaries, or an enrolled actuary under the federal Employees Retirement Income Security Act of 1974.<sup>1</sup>

**§ 12.303. Contents of Actuarial Analysis**

(a) An actuarial analysis must show the economic effect of the bill or resolution on the public retirement system affected, including a projection of the annual cost to the system of implementing the legislation for at least 10 years. If the bill or resolution applies to more than one public retirement system, the cost estimates in the analysis may be limited to each affected state-financed public retirement system and each affected public retirement system in a city having a population of 200,000 or more.

(b) An actuarial analysis must include a statement of the actuarial assumptions and methods of computation used in the analysis and a statement of whether or not the bill or resolution, if enacted, will make the affected public retirement system actuarially unsound or, in the case of a system already actuarially unsound, more unsound.

(c) The projection of the effect of the bill or resolution on the actuarial soundness of the system must be based on a computation of advanced funding of actuarial costs.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 12.304. Cost of Actuarial Analysis**

The state may not pay the cost of a required actuarial analysis that is prepared for a public retirement system not financed by the state, except that a sponsor of the bill or resolution for which the analysis is prepared may pay the cost of preparation out of funds available for the sponsor's personal or office expenses.

**SUBCHAPTER A. GENERAL PROVISIONS**

**§ 13.001. Definitions**

In this chapter:

(1) "Combined service credit" means the total of a person's service credit in only those statewide retirement systems for which the total satisfies the length-of-service requirements for service retirement at the person's attained age, and does not include:

(A) any service credit in a retirement system for which the total of a person's service credit does not satisfy the length-of-service requirements for service retirement at the person's attained age; or

(B) service credit earned with or allowed by a subdivision or municipality not participating in the program provided by this chapter.

(2) "Service credit" means service that is in a person's account in a statewide retirement system and that may be used to meet length-of-service requirements for service retirement in that system.

(3) "Statewide retirement system" means the Employees Retirement System of Texas, the Teacher Retirement System of Texas, the Judicial Retirement System of Texas, the Texas County and District Retirement System, or the Texas Municipal Retirement System.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 13.002. Purpose of Chapter**

The purpose of this chapter is to implement the authority granted the legislature by Article XVI, Section 67, of the Texas Constitution to provide a program of proportionate benefits to qualified members of more than one statewide retirement system. It is contrary to the purpose of this chapter for a person or class of persons to receive, because of service in more than one statewide retirement system, proportionately greater benefits from a partic-

ular system than a person who has rendered faithful career service under that one system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 13.003. Construction of Chapter

The provisions of this chapter are exceptions to the other laws governing statewide retirement systems and prevail over those laws to the extent of explicit conflict, but this chapter must be construed strictly as against those laws.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 13.004 to 13.100 reserved for expansion]

### SUBCHAPTER B. PARTICIPATION AND MEMBERSHIP

#### § 13.101. Participation by Retirement Systems

(a) Except as provided by Subsection (b) of this section, each statewide retirement system is required to participate in the program of proportionate retirement benefits provided by this chapter.

(b) A subdivision participating in the Texas County and District Retirement System or a municipality participating in the Texas Municipal Retirement System is not required to participate in the proportionate retirement program if the subdivision or municipality elected not to participate under the authority of former law and has not revoked the election under Subsection (c) of this section.

(c) A subdivision or municipality that elected not to participate in the proportionate retirement program may revoke the election and elect to participate. An election to participate may be made by vote of the governing body of the subdivision or municipality in the manner required for official actions of the governing body. The governing body shall send notice of an election to participate to the board of trustees of the retirement system in which the subdivision or municipality participates.

(d) The effective date of participation in the proportionate retirement program by a subdivision or municipality electing to participate under Subsection (c) of this section is the first day of the month after the month in which the appropriate board of trustees receives notice of an election.

(e) Participation in the proportionate retirement program includes all persons who are members of a statewide retirement system and, in the case of members of the Texas County and District Retirement System or the Texas Municipal Retirement System, who are also employees or former employees of a subdivision or municipality participating in the proportionate retirement program.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 13.102. Retirement System Membership

(a) Membership in a statewide retirement system does not terminate because of absence from service covered by that system during a period for which the member earns service credit in another statewide retirement system for service performed for an employer other than a subdivision or municipality not participating in the program provided by this chapter.

(b) A person may continue membership in a statewide retirement system while absent from service with all statewide retirement systems if the person would be eligible, under the laws governing that system, to continue membership if the person's combined service credit had been earned in that system.

(c) In this section, a person's absence from service begins on the day after the last day of service covered by any statewide retirement system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 13.103 to 13.200 reserved for expansion]

### SUBCHAPTER C. CREDITABLE SERVICE

#### § 13.201. Retirement Eligibility Based on Combined Service Credit

(a) A person who has membership in two or more statewide retirement systems is subject to the laws governing each of those systems for determination of the person's eligibility for service retirement benefits from each system, except that, for the purpose of determining whether a person meets the length-of-service requirements for service retirement of a system, the person's combined service credit must be considered as if it were all credited in each system.

(b) A person's combined service credit is usable only in determining eligibility for service retirement benefits and may not be used in determining:

- (1) eligibility for disability retirement benefits, death benefits, or any type of benefit other than service retirement benefits; nor
- (2) the amount of any type of benefit.

(c) A person receiving service retirement or lifetime disability retirement benefits from one or more statewide retirement systems may use the program provided by this chapter to qualify for subsequent service retirement under another statewide retirement system in which the person has service credit, if the person was not eligible to retire under the latter system at the time of previous service retirement, or qualification for lifetime disability retirement benefits, from a statewide retirement system, or if the person's previous retirement was not based on combined service credit.

(d) Service credit earned with or allowed by more than one statewide retirement system for the same period of time may be counted only once in deter-

mining the amount of a person's combined service credit.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 13.202. Service in Certain Retirement Systems

The board of trustees of the Employees Retirement System of Texas by rule may:

- (1) consider the classes of service in the Employees Retirement System of Texas as if they were, for purposes of this chapter, classes in separate statewide retirement systems; or
- (2) permit a person who is retiring exclusively from retirement systems administered by the board to use the shortest length-of-service requirement provided for retirement in any class in which the person has service credit.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 13.203 to 13.300 reserved for expansion]

SUBCHAPTER D. BENEFITS

§ 13.301. Computation of Benefits Generally

The amount of a benefit payable by a statewide retirement system is determined according to and in the manner prescribed by laws governing that system and is based solely on a person's service credit in that system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 13.302. Computation of Certain Benefits

(a) If payable to or on behalf of a person who has used combined service credit to qualify for benefits from at least one statewide retirement system, each of the following types of benefits must be computed as provided by Subsection (b) of this section:

- (1) a base retirement annuity that does not vary in amount directly with the amount of a person's service credit;
- (2) a fixed lump-sum death benefit payable on the death of a retiree;
- (3) any death benefit payable on the death of a retiree who received service retirement benefits; and
- (4) a survivor benefit payable to a beneficiary of a deceased retiree of the Teacher Retirement System of Texas.

(b) The amount of a benefit payable under Subsection (a) of this section by a statewide retirement system is a percentage, but not more than 100 percent, of the benefit that would be or would have been payable if the person retired or had retired on the basis of only the service that is credited in that system. The percentage applied is equal to the amount of service credit in that system, divided by the amount of service credit that would be or would have been required for the benefit if the person

retired or had retired on the basis of only the service that is credited in that system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 13.303 to 13.400 reserved for expansion]

SUBCHAPTER E. ADMINISTRATION

§ 13.401. Administration of Program

(a) The board of trustees of each statewide retirement system may adopt rules it finds necessary to implement the proportionate retirement program provided by this chapter.

(b) Each statewide retirement system, under this chapter and other laws governing the particular system, is responsible for determining:

- (1) the eligibility of its members for benefits, including whether sufficient combined service credit exists to qualify members for proportionate retirement benefits from that system; and
- (2) the amount and duration of proportionate retirement benefits payable by that system.

(c) Each statewide retirement system shall cooperate with the other statewide retirement systems in the implementation of the proportionate retirement program.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 13.402. Records

Records of members and beneficiaries of a statewide retirement system that are in the custody of the system are considered to be personnel records and confidential information under Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252-17a, Vernon's Texas Civil Statutes), except that the records or information in the records may be transferred between statewide retirement systems to the extent necessary to administer the proportionate retirement program provided by this chapter.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 13.403. Employees Retirement System Report

Before December 16 of each even-numbered year, the Employees Retirement System of Texas shall report to the governor and the Legislative Budget Board the current and long-range fiscal and actuarial effects of the proportionate retirement program on that system and shall include in its biennial budget estimates a reasonable amount for reimbursement of expenses incurred by the system in performing duties required of the system under this chapter.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 22.202. Benefits Not Affected

(a) The payment of benefits to a retiree is not affected by:

- (1) the retiree's taking a position included in a class of membership other than a class from which the person retired; or
- (2) the retiree's serving the state as an independent contractor.

(b) The payment of benefits to a retiree for service credited in the employee class of membership is not affected by the retiree's taking, for six months

or less within any fiscal year, a position included in the employee class.

- (1) until the retiree no longer holds a position included in the employee class; or
- (2) until the next fiscal year, whichever comes first.

(b) In determining the number of months a retiree has held a position included in the employee class, the retirement system shall consider as a full month any part of a month for which the retiree receives compensation for service in the position.

(c) Time during which retirement benefit payments are suspended as provided by this section does not reduce the number of months payments are to be made under an optional benefit plan providing for a specific amount of benefits for a guaranteed number of months after retirement.

(d) If a retiree takes the oath for a position included in the elected class of membership, the retirement system shall suspend annuity payments to the person for service that was credited in that class, until the person no longer holds that position.

(e) If a member who originally retired before January 1, 1975, with service credited at the time of that retirement only in the elected class of membership again retires, the person at the time of subsequent retirement may select an annuity based on service in the elected class as if the person were retiring for the first time. If the person selects an annuity under Subdivision (3) or (4) of Subsection (c) of Section 24.108 of this subtitle, the retirement system shall reduce the number of months of guaranteed payment by the number of months for which an annuity was paid under the person's original retirement.

(c) The portion of the standard combined service retirement annuity that is payable from the law enforcement and custodial officer supplemental retirement fund is based on retirement at the age of 55 or older. A law enforcement or custodial officer who retires before attaining the age of 55 is entitled to that portion actuarially reduced from the annuity available at the age of 55 to the earlier retirement age.

(d) A member who retires under this section retires simultaneously from the employee class of membership, although the person must meet the applicable age requirements of Section 24.104 of this subtitle before becoming entitled to receive a service retirement annuity under Section 24.105 of this subtitle. Optional retirement annuities provided by Section 24.108 of this subtitle are available to a member eligible to receive a service retirement annuity under this section, but the same optional plan and designee must be selected for the portion of the annuity payable under this section and the portion payable under Section 24.105 of this subtitle.

(e) The portion of a combined service retirement annuity payable under this section from money in the law enforcement and custodial officer supplemental retirement fund is the amount remaining after deduction of any amount payable for service as a law enforcement or custodial officer under Section 24.105 of this subtitle from the total derived under Subsections (b) and (c) of this section.

(f) The standard combined service retirement annuity payable for at least 20 years of service credit as a law enforcement or custodial officer may not exceed 80 percent of the higher of the average compensation computed under Section 24.105 of this subtitle or the average compensation computed under Subsection (b) of this section.

(g) For purposes of this section, service as a law enforcement or custodial officer is creditable as provided by rule of the board of trustees or on a month-to-month basis, whichever is greater.

(h) If Section 25.405 of this subtitle is held to be invalid by a court of competent jurisdiction and the decision becomes final, an annuity may not be paid under this section.

**§ 24.108. Optional Service Retirement Benefits**

(a) Instead of the standard service retirement annuity payable under Section 24.103, 24.105, or 24.106 of this subtitle, the standard combined service retirement annuity payable under Section 24.107 of

this subtitle, or an annuity actuarially reduced because of age under one of those sections, a retiring member may elect to receive an optional service retirement annuity under this section.

(b) A person who selects an optional lifetime retirement annuity must designate before the selection becomes effective one person to receive the annuity on the death of the person making the selection. A person who selects an optional retirement annuity payable for a guaranteed period may designate, before or after retirement, one or more persons to receive the annuity on the death of the person making the selection.

(c) An eligible person may select any optional retirement annuity approved by the board of trustees, or may select one of the following options, which provide that:

(1) after the retiree's death, the reduced annuity is payable in the same amount throughout the life of the person designated by the retiree before retirement;

(2) after the retiree's death, one-half of the reduced annuity is payable throughout the life of the person designated by the retiree before retirement;

(3) if the retiree dies before 60 monthly annuity payments have been made, the remainder of the 60 payments are payable to one or more designees or, if one does not exist, to the retiree's estate; or

(4) if the retiree dies before 120 monthly annuity payments have been made, the remainder of the 120 payments are payable to one or more designees or, if one does not exist, to the retiree's estate.

(d) The computation of an optional annuity must be made without regard to the sex of the annuitant or designee involved.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

(a) A member is eligible to retire for a nonoccupational disability if the member is less than 60 years old and has at least:

- (1) 8 years of membership service credit in the elected class of membership and was a member of that class on August 31, 1983;
- (2) 6 years of membership service credit in the elected class plus 2 years of military service credit established before January 1, 1978; or
- (3) 10 years of membership service credit in the retirement system.

(b) A member who has service credit in either membership class is eligible to retire for an occupational disability regardless of age or amount of service credit.

(c) A member otherwise eligible may not receive a disability retirement annuity unless the member is the subject of a certification issued as provided by Section 24.203 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1983, 68th Leg., p. 1980, ch. 361, § 4, eff. Sept. 1, 1983.]

As soon as practicable after an application for disability retirement is filed, the medical board shall evaluate the medical and other pertinent information regarding the member's application. If the medical board finds that the member is mentally or physically incapacitated for the further performance of duty, that the incapacity is likely to be permanent, and that the members should be retired, the medical board shall issue a certification of disability and submit it to the executive director.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.204. Information About Occupational Disability

(a) A member who applies for retirement for an occupational disability shall furnish the retirement system all information and other data requested by the retirement system and relating to the disability.

(b) The retirement system may require information and other data relating to an occupational disability retirement application to be furnished by any officer or employee of the agency with which the applicant holds a position.

(c) If a person who is requested to submit information or other data under this section withholds the requested material, the retirement system may elect to treat the application as one for nonoccupational disability retirement benefits.

(d) After receiving information and other data the retirement system considers necessary, the executive director shall determine, subject to review by the board of trustees, whether or not the disability is occupational.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.205. Disability Retirement Benefits for Elected Class Service

(a) Except as provided by Subsection (b) of this section, a disability retirement annuity for service credited in the elected class of membership is an amount computed in the same manner as the standard service retirement annuity, not reduced because of age, for service credited in the elected class.

(b) An occupational disability retirement annuity for service credited in the elected class is computed on the basis of the amount of the member's service credit or eight years, whichever is greater.

(c) A person who retires under this section may not select an optional retirement plan instead of the standard retirement annuity.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.206. Disability Retirement Benefits for Employee Class Service

(a) Except as provided by Subsection (b) of this section and Section 24.207 of this subtitle, a disability retirement annuity for service credited in the employee class of membership is an amount computed at the rate of 1.7 percent for each year of service credit in that class, times:

- (1) the member's monthly compensation at the time of the disabling injury or disease, if the disability is occupational; or
- (2) the member's average monthly compensation for service in the employee class for the 60 highest months of compensation during the last 120 months of service, if the disability is nonoccupational.

(b) A disability retirement annuity under this section may not be more than 70 percent of the applicable rate of compensation nor less than 35 percent of the applicable rate or \$110 a month, whichever is greater.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.207. Disability Retirement Benefits for Certain Peace Officers

(a) An annuity payable because of an occupational disability that directly results from a risk or

hazard to which law enforcement or custodial officers are exposed because of the nature of law enforcement or custodial duties is payable under the same terms and conditions that apply to other occupational disability retirement annuities under this subtitle, except that the source and amount of the annuity are as provided by this section.

(b) Except as provided by Subsection (c) of this section, an occupational disability retirement annuity under this section is an amount, but not more than 80 percent, computed on the basis of the officer's monthly compensation at the time of the disabling injury or disease, times a percentage derived by application of the table provided by Section 24.107(b) of this subtitle.

(c) A disability retirement annuity under this section is not reducible because of age and may not be less than 50 percent of the officer's monthly compensation regardless of the amount of service credited to the officer in the employee class.

(d) The portion of the annuity under this section payable from the law enforcement and custodial officer supplemental retirement fund is the amount remaining after deduction of any amount payable under Section 24.206 of this subtitle except the portion of an amount that exceeds the minimum payments provided by Section 24.206(b) of this subtitle and that is made for service other than as a law enforcement or custodial officer.

(e) If Section 25.405 of this subtitle is held to be invalid by a court of competent jurisdiction and the decision becomes final, an annuity may not be paid under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 200, ch. 18, § 15, eff. Nov. 10, 1981.]

#### § 24.208. Medical Examination of Disability Retiree

(a) Once each year during the first five years after a member retires for disability, and once in each three-year period after that, the retirement system may require a disability retiree who is less than 60 years old to undergo a medical examination.

(b) An examination under this section may be held at the retiree's residence or at any place mutually agreed to by the retirement system and the retiree. The retirement system may designate a physician to perform the examination.

(c) If a disability retiree refuses to submit to a medical examination as provided by this section, the executive director shall discontinue the retiree's annuity payments until the retiree submits to an examination. If a retiree has not submitted to an examination as provided by this section before the first anniversary of the date of first refusal, the executive director shall revoke all rights of the retiree to an annuity.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.209. Modification of Disability Retirement Annuity

(a) If the medical board finds that a disability retiree is no longer mentally or physically incapacitated for the performance of duty or is able to engage in employment, it shall certify its findings and submit them to the executive director.

(b) If the executive director concurs in a certification under this section or finds that the retiree is engaged in employment, the director shall adjust the monthly payments to the retiree who is the subject of the certification or finding to an amount by which the retiree's average monthly compensation during the last year of service as a member exceeds the retiree's present monthly earning capacity, including the amount of the retiree's monthly annuity paid by the retirement system, as determined by the director. If the retiree's present earning capacity exceeds the average salary during the last year of membership service, the executive director shall reduce the amount of annuity payments to the retiree to the amount of the retiree's average monthly compensation during the last year of membership service.

(c) If the executive director finds, from time to time, a change in the retiree's earning capacity, the director shall adjust the retiree's annuity payments in the same manner that the original adjustment was made.

(d) The amount of an annuity adjusted under this section may not be more than the total of the amount of the annuity determined at the time of retirement plus increases provided by law after the date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.210. Restoration of Disability Retiree to Active Service

(a) If a retiree who is less than 60 years old and who is receiving a disability retirement annuity returns to state service or if the retiree is found to be no longer incapacitated for the further performance of duty, the person must again become a member of the retirement system or, if the person holds a position included in the elected class of membership, may elect to become a member. If a person becomes a member under this section, the board of trustees shall terminate the person's annuity payments.

(b) A person who becomes a member under this section is entitled to service credit for all service previously established and not canceled by a withdrawal of contributions.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 24.211. Refund at Annuity Discontinuance

(a) Except as provided by Subsection (b) of this section, if a disability retirement annuity is discon-

tinued under Section 24.208 of this subtitle, the retiree is entitled to a lump-sum payment from the retirement annuity reserve fund in an amount, if any, by which the amount in the retiree's individual account in the employees saving fund at the time of disability retirement exceeds the amount of payments payable before the date the annuity was discontinued.

(b) The benefit provided by this section is not payable to a retiree who, after discontinuance of a disability retirement annuity, returns to state service.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### SUBCHAPTER D. DEATH BENEFIT ANNUITIES

##### § 24.301. Selection of Death Benefit Plan by Member

(a) A contributing member who has at least 10 years of service credit in the elected class of membership, or a noncontributing member who has at least 12 years of service credit in the elected class, may select a death benefit plan for the payment, if the member dies while eligible to select a plan, of a death benefit annuity to a person designated by the member. Death benefit annuities available for selection by a member described in this subsection are the optional annuities provided by Sections 24.108(c)(1) and 24.108(c)(4) of this subtitle, payable as if the member had retired at the time of death.

(b) A member who has a total of at least 20 years of service credit in retirement systems administered by the board of trustees may select a death benefit plan for the payment, if the member dies while eligible to select a plan, of a death benefit annuity to a person designated by the member. Death benefit annuities available for selection by a member described in this subsection are the optional annuities provided by Section 24.108(e) of this subtitle and, if the member has service credit in another retirement system administered by the board, any optional death benefit plan provided under that system.

(c) If a member of a retirement system administered by the board of trustees selects death benefit plans under more than one board-administered retirement system, each plan selected may take effect. The plan selected most recently governs payments based on service in a system other than the one in which the plan was selected if the amount of service credit in that other system, by itself, would be insufficient to permit selection of a death benefit plan. If a member selects a death benefit plan under only one retirement system administered by the board of trustees, the plan applies to service credit in other board-administered retirement systems.

(d) The computation of a death benefit annuity selected under this section must include the ages of the member and the member's designated beneficiary at the time of the member's death.

A deposit for at least one year of credit, including the fee, must be made with an initial application for credit, and all payments for service

claimed under this section must be made before retirement.

(f) The amount of service credit a member may establish under this section may not exceed 10 years.

(g) After a member makes the deposits required by this section, the retirement system shall grant the member one year of equivalent membership service credit for each year of service approved. The retirement system may not use service credit granted under this section in computing a member's annual average compensation.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 203, ch. 18, § 23, eff. Sept. 1, 1982.]

**§ 33.402. Developmental Leave**

(a) An eligible member may establish equivalent membership service credit for developmental leave that is creditable in the retirement system.

(e) A member may establish credit under this section by depositing with the retirement system for each year of developmental leave claimed an amount equal to the sum of:

- (1) the rate of member contributions required during the member's most recent year of service that preceded the developmental leave, times the member's annual rate of compensation during that year; plus
- (2) the amount that the state would have contributed had the member performed membership service during the year of leave at the member's annual rate of compensation during the most recent year of service that preceded the leave; plus
- (3) any membership fees in effect during the year of leave.

(f) A member may not establish more than two years of equivalent membership service credit under this section.

(g) A member may not establish credit under this section after the end of the first creditable school year that begins after the developmental leave. The retirement system may not use credit established under this section in computing service retirement benefits until the member has at least 10 years of service credit for actual service in public schools.

(h) If credit established under this section is not used in determining benefits, all deposits made under this section are refundable to the member or, if applicable, the member's beneficiary.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

(b) A member may establish credit under this section by depositing with the retirement system for each year of service claimed an amount equal to the sum of:

- (1) 12 percent of the rate of the member's annual compensation during the first full 12 months of service as a member that is after the date the service for which credit is sought was performed; plus
- (2) a fee of five percent a year of the amount determined under Subdivision (1) of this subsection from the date the service for which credit is sought was performed to the date of deposit; plus
- (3) any membership fees that would have been paid had the service for which credit is sought been performed as a member of the retirement system.

(c) The retirement system shall use credit established under this section in determining eligibility for all benefits payable by the retirement system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, Sept. 1, 1981.]

(d) The retirement system shall determine in each case the amount of money to be deposited by a member reinstating service credit under this section. The system may not provide benefits based on the service until the determined amount has been fully paid.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 203, ch. 18, § 24, eff. Sept. 1, 1982.]

- (3) establish credit for service performed since the date of retirement that would have been creditable had the person been a member of the retirement system.

(b) A person eligible to resume membership and reestablish and establish credit under this section is one who for two consecutive years after the date of retirement performs service that would be creditable if the person were a member of the retirement system.

(c) A person may resume membership and claim credit under this section by depositing with the retirement system:

- (1) an amount equal to service retirement benefits received; plus
- (2) a reinstatement fee of six percent compounded annually of the amount determined under Subdivision (1) of this subsection from the date of the person's return to service to the date of redeposit; plus

(5) membership fees for the years after the return to service.

(d) The retirement system shall determine in each case the amount of money to be deposited by a person claiming credit under this section. On payment in full of the amount required by this section, the person becomes a member of the retirement system, and the system shall grant the member credit for each year of service performed before or after the member's initial retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 34.002. Effective Date of Retirement

(a) The effective date of a member's service retirement is the last day of the later of the following months:

- (1) the month in which the member applies for retirement as provided by Section 34.201 of this subtitle; or
- (2) the month in which the member satisfies age and service requirements for service retirement as provided by Section 34.202 of this subtitle.

§ 34.003. When Benefits are Payable

(b) A revocable waiver may be revoked only as to benefits payable after the date the revocation is filed. If a waiver is made irrevocable and is filed with the retirement system before the first benefit

payment is made to the person executing the waiver, Section 34.103 of this subtitle applies to determine alternative beneficiaries.

(c) The retirement system shall transfer to the state contribution account from the appropriate benefit reserve accounts amounts not used to pay benefits because of a waiver executed under this section.

(d) The board of trustees may provide rules for administration of waivers under this section.

SUBCHAPTER B. BENEFICIARIES

§ 34.101. Designation of Beneficiary

(a) Except as provided by Subsection (c) of this section, any member or annuitant may, on a form prescribed by and filed with the retirement system, designate one or more beneficiaries to receive benefits payable by the retirement system on the death of the member or annuitant.

(b) Except as provided by Subsection (c) of this section, a member or annuitant may change or revoke a designation of beneficiary in the same manner as the original designation was made.

(c) Only one person may be designated as beneficiary of an optional retirement annuity under Section 34.204(c)(1) or Section 34.204(c)(2) of this subtitle, and a designation of beneficiary under either of those options may not be made, changed, or revoked after the date of the member's retirement.

(d) Unless a contrary intention is clearly indicated by a written designation of beneficiary and except as otherwise provided by law, the most recent designation of beneficiary by a member or annuitant applies to all benefits payable on the death of the member or annuitant.

(e) The retirement system by rule may provide for the designation of alternate beneficiaries.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 34.102. Trust as Beneficiary**

(a) Except as provided by Subsection (b) of this section, a member or annuitant may designate a trust as beneficiary for the payment of benefits from the retirement system. If a trust is designated beneficiary, the beneficiary of the trust is considered the designated beneficiary for the purposes of determining eligibility for and the amount and duration of benefits. The trustee is entitled to exercise any rights to elect benefit options and name subsequent beneficiaries.

(b) A trust having more than one beneficiary may not receive benefits to which multiple designated beneficiaries are not entitled under this chapter.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 34.103. Absence of Beneficiary**

(a) Benefits payable on the death of a member or annuitant, except an optional retirement annuity under Section 34.204(c)(1) or 34.204(c)(2) of this subtitle, are payable, and rights to elect survivor benefits, if applicable, are available, to one of the classes of persons described in Subsection (b) of this section, if:

- (1) the member or annuitant fails to designate a beneficiary before death;
- (2) a designated beneficiary does not survive the member or annuitant; or
- (3) a designated beneficiary, under Section 34.004 of this subtitle, waives claims to benefits payable on the death of the member or annuitant.

(b) The following classes of persons, in descending order of precedence, are eligible to receive benefits in a situation described in Subsection (a) of this section:

- (1) any surviving joint designated beneficiaries;
- (2) any alternate beneficiaries;
- (3) the surviving spouse of the decedent;
- (4) any children of the decedent or their descendants by representation;
- (5) the parents of the decedent;
- (6) the executor or administrator of the decedent's estate; or
- (7) the persons entitled by law to distribution of the decedent's estate.

(a) If, before the first anniversary of the death of a member or annuitant, the retirement system does not receive a claim for payment of benefits from a designated beneficiary or a person entitled to benefits under Section 34.103 of this subtitle, the retirement system may pay benefits, except an optional retirement annuity under Section 34.204(c)(1) or Section 34.204(c)(2) of this subtitle, under the order of precedence in Section 34.103(b) of this subtitle, as if

the person failing to claim benefits had predeceased the decedent.

(b) Payment under Subsection (a) of this section bars recovery by any other person of the benefits distributed.

(c) If, before the fourth anniversary of the death of a member or annuitant, payment of benefits based on the death has not been made and no claim for benefits is pending with the retirement system, the accumulated contributions of the deceased member or the balance of the reserve for the deceased annuitant is forfeited to the benefit of the retirement system. The retirement system shall transfer funds forfeited under this subsection to the state contribution account.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 34.105. Beneficiary Causing Death of Member or Annuitant**

(a) A benefit payable on the death of a member or annuitant may not be paid to a person convicted of causing that death but instead is payable to a person who would be entitled to the benefit had the convicted person predeceased the decedent.

(b) A person who becomes eligible under this section to select death or survivor benefits may select benefits as if the person were the designated beneficiary.

(c) The retirement system shall reduce any annuity computed in part on the age of the convicted person to a lump sum equal to the present value of the remainder of the annuity. The reduced amount is payable to a person entitled as provided by this section to receive the benefit.

(d) The retirement system is not required to pay benefits under this section unless it receives actual notice of the conviction of a beneficiary. However, the retirement system may delay payment of a benefit payable on the death of a member or annuitant pending the results of a criminal investigation and of legal proceedings relating to the cause of death.

(e) For the purposes of this section, a person has been convicted of causing the death of a member or annuitant if the person:

- (1) pleads guilty or nolo contendere to, or is found guilty by a court of, causing the death of a member or annuitant, regardless of whether sentence is imposed or probated; and
- (2) has no appeal of the conviction pending and the time provided for appeal has expired.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 34.106 to 34.200 reserved for expansion]

**SUBCHAPTER C. SERVICE RETIREMENT BENEFITS****§ 34.201. Application for Service Retirement Benefits**

(a) A member may apply for a service retirement annuity by filing a written application for retirement with the board of trustees.

(b) At any time before the effective date of retirement, a member may, by filing written notice with the board of trustees, revoke the member's application for retirement or make, revoke, or change a selection of an optional service retirement annuity available as provided by Section 34.204 of this subtitle.

(c) Except as specifically provided in this subtitle, a retiree may not revoke a retirement nor make, revoke, or change a selection of an optional service retirement annuity.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 34.202. Eligibility for Service Retirement**

(a) A member is eligible to retire and receive a standard service retirement annuity if the member:

- (1) is at least 65 years old and has at least 10 years of service credit in the retirement system; or
- (2) is at least 60 years old and has at least 20 years of service credit in the retirement system.

(b) If a member is at least 55 years old and has at least 10 years of service credit in the retirement system, the member is eligible to retire and receive a service retirement annuity reduced from the standard service retirement annuity available under Subsection (a)(1) of this section, to a percentage derived from the following table:

| Years of Service<br>at least 10<br>but less<br>than 20 | Age at Date of Retirement |     |     |     |     |     |     |     |     |     |      |

(c) If a member is at least 55 years old and has at least 20 years of service credit in the retirement system, the member is eligible to retire and receive a service retirement annuity reduced from the standard service retirement annuity available under Subsection (a)(2) of this section, to a percentage derived from the following table:

| Years of Service             | Age at Date of Retirement |      |      |      |      |      |

(d) If a member has at least 30 years of service credit in the retirement system, the member is eligible to retire regardless of age and receive a reduced service retirement annuity consisting of a percentage of the standard service retirement annuity available under Subsection (a)(2) of this section, derived from the table in Subsection (c) of this section. The board of trustees shall extend the table in Subsection (c) of this section to ages earlier

than 55 years by decreasing the percentages by two percent for each year of age under 55 years.

(e) The board of trustees may adopt tables for reduction of benefits for early retirement by each month of age, but the range of percentages in the tables within a year must be limited to the range provided between two years of age by this section.

(f) Except as provided by Section 33.403(c) of this subtitle or the proportionate retirement program in Subtitle B of this title, a member is not eligible to receive service retirement benefits from the retirement system unless the member has at least 10 years of service credit in the retirement system for actual service in public schools.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 34.203. Standard Service Retirement Benefits**

(a) Except as provided by Subsections (c) and (d) of this section, the standard service retirement annuity is an amount computed on the basis of the member's average annual compensation for the three years of service, whether or not consecutive, in which the member received the highest annual compensation, times two percent for each year of service credit in the retirement system.

(b) In the case of a person who retired before August 27, 1979, ceilings in the definition of "annual compensation" apply to the computation of average annual compensation under Subsection (a) of this section. In the case of a person who retires on or after that date, those ceilings do not apply and the computation shall be based on actual compensation paid or payable for services as an employee to the extent that the computation includes compensation for school years before the 1981-82 school year.

(c) Except as provided by Subsection (d) of this section, for benefits payable because of the death or retirement of a member that occurred before September 1, 1982, the standard service retirement annuity is computed in accordance with applicable prior law.

(d) In no case may the standard service retirement annuity be less than \$6.50 a month for each year of service credit or, for a member who is at least 65 years old at the time of retirement, less than the greater of \$6.50 a month for each year of service credit or \$75 a month. The minimum benefits provided by this section are subject to reduction in the same manner as other benefits because of early retirement or selection of an optional retirement annuity.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 204, ch. 18, § 27, eff. Sept. 1, 1982.]

**§ 34.204. Optional Service Retirement Benefits**

(a) Instead of the standard service retirement annuity payable under Section 34.203 of this subtitle or an annuity reduced because of age under Section

34.202 of this subtitle, a retiring member may elect to receive an optional service retirement annuity, reduced for early retirement if applicable, under this section.

(b) An optional service retirement annuity is an annuity payable throughout the life of the retiree and is actuarially reduced from the annuity otherwise payable under this subtitle to its actuarial equivalent under the option selected under Subsection (c) of this section.

(c) An eligible member may select one of the following options, which provide that:

**§ 52.107. Exception to General Membership Requirement**

(a) If on the date a subdivision's participation in the retirement system becomes effective a person has a basis of employment with the subdivision that would be violated by a membership requirement of this subchapter, the person may elect not to become a member of the retirement system.

(b) If a person qualified to make an election under this section has been notified that the subdivision will begin participation in the retirement system, the person is considered to have elected membership in the retirement system unless before the date the subdivision's participation becomes effective the person files with the governing body of the subdivision written notice of an election not to become a member.

- (1) death;
- (2) retirement;
- (3) withdrawal of all of the person's contributions while absent from service; or
- (4) absence from service for five consecutive years or more either before accumulating enough credited service to enable the person to retire without additional service or before accumulating four or more years of credited service with one or more subdivisions that have adopted a program allowing retirement without additional service after accumulation of 12 years of credited service.

an elected or appointed state or district office, who also receive compensation from the state, may by order make those persons eligible, to the extent of the compensation paid by the county, for membership in the retirement system.

(b) Unless membership is waived, a person who is made eligible for membership in the retirement system under Subsection (a) of this section becomes a member on the date specified in the order of the commissioners court.

(c) If, after the effective date of an order under Subsection (a) of this section, a person who is less than 60 years old is employed for the first time by the county in a position described by Subsection (a) of this section, the person becomes a member of the retirement system on the date the person's employment begins.

Application for membership under this section must be on a form prescribed by the board of trustees.

(b) The effective date of membership applied for under this section is the first day of the first month after the month in which the application is filed, and no credit in the retirement system may be given for any type of service prior to that effective date.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

##### § 53.002. Benefit Eligibility Based on Credited Service

A member's eligibility to receive a benefit is based on credited service at the time of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 53.003. **Credited Service Previously Forfeited**

(a) An eligible member who has withdrawn contributions from the retirement system may reestablish the forfeited credit in the system of the service on which the credit was based was performed for a participating subdivision the governing body of which by order authorizes reestablishment of the credit by eligible employee members of the subdivision.

(b) A member eligible to reestablish credit under this section is one who:

(1) was a member on the effective date of an order made under Subsection (a) of this section; and

(2) has, since resuming membership, at least 24 consecutive months of service as an employee of the subdivision for which the order was made.

(c) A member eligible under this section may reestablish credit by depositing with the retirement system in a lump sum the amount withdrawn from the system, plus a withdrawal charge computed at an annual rate of five percent from the date of withdrawal to the date of redeposit.

(d) A governing body may not make an order under Subsection (a) of this section unless the actuary first determines that reestablishment of forfeited credit service would not impair the ability of the subdivision:

(1) to meet all present and prospective liabilities of the subdivision's account in the subdivision accumulation fund; and

(2) to provide for payment of all basic and supplemental annuities derived from credits granted by the subdivision.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 53.004 to 53.100 reserved for expansion]

**SUBCHAPTER B. ESTABLISHMENT OF PRIOR SERVICE GENERALLY**

§ 53.101. **Creditable Prior Service**

Prior service creditable in the retirement system is service performed as an employee of a participating subdivision before the date the subdivision's participation in the retirement system became effective.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 53.102. **Eligibility for Prior Service**

(a) A member is eligible to receive credit in the retirement system for prior service if the member:

(1) became a member as an employee of a subdivision on the effective date of the subdivision's participation in the retirement system; or

(2) became a member as an employee of a subdivision before the fifth anniversary of the effective date of its participation and continues as an

employee of the subdivision for at least five consecutive years after reemployment.

(b) The board of trustees may adopt rules concerning eligibility for prior service under Subsection (a) of this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 53.103. **Statement of Prior Service**

A member claiming credit for prior service shall file a detailed statement of the service with the treasurer or other disbursing officer of the subdivision for which the service was performed.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 53.104. **Certification of Service and Average Compensation**

(a) As soon as practicable after a member files a statement of prior service under Section 53.103 of this subtitle, the subdivision employing the officer receiving the statement shall verify the prior service claimed and certify to the board of trustees the amount of service approved and the member's average prior service compensation.

(b) Except as provided by Subsection (c) of this section, the average prior service compensation of a member is computed as the average monthly compensation for service performed for the subdivision:

(1) for the 36 months immediately preceding the effective date of the subdivision's participation in the retirement system; or

(2) if the member did not perform service in each of the 36 months immediately preceding participation, for the number of months of service within the 36-month period.

(c) In a computation of average prior service compensation for service performed for a subdivision whose retirement system participation began before January 1, 1978, monthly compensation is excluded to the extent that it exceeds the lower of the following rates of compensation:

(1) the annual compensation for member contributions as determined by the subdivision governing body at the time of its election to participate in the retirement system; or

(2) annual compensation of \$12,000.

(d) The board of trustees may adopt rules concerning verification and certification of service and compensation under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 53.105. **Determination of Allocated Prior Service Credit**

(a) After receiving a certification of prior service and average prior service compensation under Section 53.104 of this subtitle, the board of trustees shall determine the member's maximum and allocated prior service credits.

(b) The maximum prior service credit is an amount equal to the accumulation at interest of a series of equal monthly amounts for the number of months of approved prior service. Each monthly amount equals twice the subdivision's initial deposit rate, times the member's average prior service compensation. Interest is allowed at the end of each 12-month period on an accumulated amount at the beginning of each period and is credited only for each whole 12-month period. The rate of interest allowed on a maximum prior service credit granted by a subdivision having an effective date of participation in the retirement system after December 31, 1981, is three percent a year.

(c) The allocated prior service credit is the percentage of the maximum prior service credit granted by the subdivision to all members who performed prior service for the subdivision. The total allocated prior service credits for members claiming prior service with the subdivision may not exceed an amount for which the prospective subdivision contributions to the retirement system will be adequate to amortize, before the 25th anniversary of the effective date of subdivision participation in the retirement system:

(1) all obligations charged to its account in the subdivision accumulation fund; and

(2) all basic and supplemental annuities derived from credits granted by the subdivision.

(d) Interest is earned for each whole year on an allocated prior service credit from the effective date of membership to the effective date of retirement at the applicable rate for the period as provided by Section 55.313 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 209, ch. 18, § 45, eff. Nov. 10, 1981.]

#### § 53.106. Prior Service Certificate

(a) After determining a member's allocated prior service credit under Section 53.105 of this subtitle, the board of trustees shall issue to the member a prior service certificate stating:

(1) the number of months of prior service credited;

(2) the average prior service compensation; and

(3) the allocated prior service credit.

(b) As long as a person remains a member, the person's prior service certificate is, for purposes of retirement, conclusive evidence of the information it contains, except that a member or participating subdivision may, before the first anniversary of its issuance or modification, request the board of trustees to modify the certificate.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 53.107. Void Prior Service Certificate

(a) When a person terminates membership in the retirement system, any prior service certificate issued to the person becomes void.

(b) A person who has terminated membership and subsequently resumes membership in the retirement system is not entitled to credit for prior service.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

(1) the effective date of the subdivision's participation in the retirement system, if the facility was acquired by the subdivision before that date; or

(2) the date of acquisition of the facility, if the facility was acquired after the effective date of the subdivision's participation in the retirement system.

(b) A member eligible to establish credit under this section after an order under Subsection (a) of this section is one who was employed by a public facility:

(1) on the effective date of subdivision participation, for service under Subsection (a)(1) of this section; or

(2) on the date of acquisition of the facility, for service under Subsection (a)(2) of this section.

(c) Credit under this section is computed and limited in the same manner as is prior service credit of employees of other departments of the participating subdivision for equivalent periods of service.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 53.202. Prior Military Service

(a) The governing body of a participating subdivision may authorize the establishment of credit for prior service in the retirement system by eligible members who have performed military service creditable as provided by this section.

(b) Military service creditable under this section is active federal duty as a member of the armed forces of the United States during a time that the United States is or was engaged in organized conflict with foreign forces, whether a state of war or a police action. A member may not establish more than 36 months of credited service under this section for military service.

(c) A member eligible to establish credit under this section is one who:

(1) was an employee of the subdivision immediately before beginning military service;

(2) began military service without intervening employment; and

(3) returned to employment with the subdivision before the 181st day after the date of the member's discharge or release from active military duty.

(d) The governing body of a subdivision may not authorize the establishment of credited service under this section except on the terms provided by Section 54.201 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

(a) A person who becomes a member of the retirement system under Section 52.201 of this subtitle as an employee of a subdivision that operated a local pension system before merging it into the retirement system may establish prior service credit in the retirement system for service performed for the subdivision before the effective date of merger.

(b) A member claiming credit under this section shall establish current service credit under Section 53.402 of this subtitle and shall deposit with the retirement system, before the 91st day after the effective date of an order made under Section 52.201(a) of this subtitle, for the total number of months claimed under this section, an amount equal to the amount of total deposits that a member of the local pension system earning the same compensation during the same period was required to make to the local system.

(c) If a member makes a deposit under Subsection (b) of this section, the subdivision shall deposit with the retirement system, within the period required under this section for member deposits, an amount equal to the amount deposited under Subsection (b), and the retirement system shall grant the member prior service credit under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 53.302. Member From County Without Local Pension System**

(b) A member may establish credit under this section by establishing current service credit under Section 53.402 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 53.303. Member Not Entitled to Prior Service Credit**

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 53.304. Certification of Service and Average Compensation; Determination of Allocated Local Service Credit**

(a) A member claiming credit for prior service under this subchapter shall file a statement of prior service in the manner required by Section 53.103 of this subtitle.

(b) After a member described in Section 53.301(a) of this subtitle files a statement of prior service, the subdivision employing the officer receiving the statement shall certify to the board of trustees the amount of prior service approved and the average local compensation, determined in the manner provided for computing the average local compensation for employees of the subdivision who became members on the effective date of merger of the local pension system into the retirement system. SUBCHAPTER E. ESTABLISHMENT OF  
CURRENT SERVICE

**§ 53.401. Current Service Generally**

Service that is performed while a member as an employee of a participating subdivision is credited in the retirement system for each month for which the required contributions are made by the member and the employing subdivision.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 53.402. Current Service for Member of Optional Class**

(a) A person who becomes a member of the retirement system under Section 52.201 of this subtitle may establish current service credit in the retirement system for service performed for the subdivision for the period beginning on the effective date of the subdivision's participation in the retirement system and ending on the day before the date of an order made under Section 52.201(a) of this subtitle.

(b) A member claiming credit under this section shall deposit with the retirement system, before the 91st day after the effective date of an order made under Section 52.201(a) of this subtitle, for the total number of months of service claimed under this section, an amount equal to the amount of deposits that a member earning the same compensation from the subdivision during the same period was required to make to the retirement system.

(c) If the subdivision deposits with the retirement system, within the period required under this section for member deposits, an amount equal to the amount deposited under Subsection (b) of this section, the retirement system shall grant the member current service credit under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 53.403. Determination of Current Service Credit and Matching Credit**

(a) As soon as practicable after the end of each calendar year, the board of trustees shall determine a member's current service credit and multiple matching credit.

(b) The current service credit of a member is an amount equal to a percentage of the accumulated contributions made by the member to the retirement system during a calendar year. The percentage is determined by the governing body of the employing subdivision at the time of its election to participate in the retirement system, except that the percentage for a subdivision that begins participation after December 31, 1977, is 100 percent.

(c) The multiple matching credit of a member is an amount equal to a percentage of the accumulat-

ed contributions made by the member to the retirement system during a calendar year. The percentage is 0 percent until a greater percentage is adopted as provided by Section 53.703 of this subtitle or, for a subdivision whose participation in the retirement system began after October 31, 1980, unless a greater percentage is adopted by its governing body before the first anniversary of the subdivision's effective date of retirement system participation, after the actuary has determined and certified that the greater percentage would not impair the ability of the subdivision to amortize, before the 25th anniversary of the participation date, all obligations that are charges against its account in the subdivision accumulation fund. A multiple matching credit includes any portion of a current service credit in effect on January 1, 1978, that exceeds the member's current service credit determined under Subsection (b) of this section.

(d) Interest is earned for each whole calendar year on a current service credit or multiple matching credit from the end of each calendar year to the effective date of the member's retirement at the rate credited annually to a member's individual account in the employees saving fund.

SUBCHAPTER H. OPTIONAL INCREASES IN SERVICE CREDITS

**§ 53.701. Increase in Prior Service Credits**

The governing body of a participating subdivision may, on the terms provided by Section 54.201 of this subtitle, increase the percentage of maximum prior service credits used in determining the allocated prior service credits previously granted and in effect concerning prior service with the subdivision. [Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 53.702. Recomputation of Service Credits**

(a) The governing body of a participating subdivision having active members and annuitants whose current or maximum prior service credits have been computed on a basis other than total compensation may by order elect to have the credits recomputed as the sum of:

- (1) an amount determined as provided by Section 53.105 of this subtitle, using average compensation as determined under Section 53.104 of this subtitle, except that compensation exceeding the limits provided by Section 53.104(c) may not be excluded in the computation; plus either
- (2) an amount determined as two times the excess of (i) over (ii), discounted at interest from the date one year prior to the date of election to the subdivision's participation date, where (i) is the amount of accumulated contributions the member would have had one year prior to the date of election if in each calendar year since membership began the member had contributed on the basis of the contribution rate applicable at that time and the member's total compensation at that time, and (ii) is the member's actual accumulated contributions one year prior to the date of election; or
- (3) an amount determined as two times the excess of (i) over (ii), discounted at interest from the date of retirement to the subdivision's participation date, where (i) is the amount of accumulated contributions the annuitant would have had on the date of retirement if in each calendar year of membership the annuitant had contributed on the basis of the contribution rate applicable at that time and the annuitant's total compensation at

that time, and (ii) is the annuitant's actual accumulated contributions on the date of retirement.

(b) The subdivision governing body shall determine the effective date of an election under this section, which may be the first day of any calendar year.

(c) An election must require member contributions to be based, beginning on the effective date of the election, on the basis of total compensation as prescribed by this section. An election must apply to all members and annuitants.

(d) A subdivision governing body may not make an election under this section unless the actuary first determines that the recomputation would not impair the ability of the subdivision to pay all obligations charged against its account in the subdivision accumulation fund, before the 25th anniversary of the December 31 valuation date determined under Section 54.201 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

(a) The governing body of a participating subdivision may, on the terms provided by Section 54.201 of this subtitle, increase the percentage used in determining multiple matching credits under Section 53.503(c)<sup>1</sup> of this subtitle.

(b) A percentage increase in multiple matching credits must be in a multiple of 10 percent of the amount of member contributions and must be applied to all members and annuitants who have performed or subsequently perform current service that is credited with the subdivision in the retirement system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.002. Composition of Retirement Annuity

(a) Each retirement annuity payable under this subtitle consists of a basic annuity and a supplemental annuity.

(b) A basic annuity is an amount payable from the current service annuity reserve fund and is actuarially determined from the sum of a member's:

- (1) accumulated contributions; and
- (2) current service credit, accumulated at interest as provided by Section 53.403(d) of this subtitle.

(c) A supplemental annuity is an amount payable from the subdivision accumulation fund, subject to reduction under Section 55.307(c) of this subtitle, and equal to the sum of:

(1) a member's allocated prior service credit, accumulated at interest as provided by Section 53.105(d) of this subtitle;

**§ 54.003. Effective Date of Retirement**

(a) Except as provided by Section 54.004 of this subtitle and Subsection (b) of this section, the effective date of a member's service retirement is the date the member designates at the time the member applies for retirement under Section 54.101 of this subtitle, but the date must be the last day of a calendar month and may not precede the date the member terminates employment with all participating subdivisions.

(b) If a member who has at least 30 years of credited service in the retirement system dies after selecting an optional retirement annuity but before retirement, the member is considered to have retired on the last day of the month before the month in which death occurred or on the day before the first anniversary of the effective date of the person's membership, whichever is later.

(c) Except as provided by Subsection (b) of this section, the effective date of a member's disability retirement is the date designated on the application for retirement filed by or for the member as provided by Section 54.301 of this subtitle, but the date may not precede the date the member terminates employment with all participating subdivisions.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 54.004. Mandatory Retirement**

(a) Except as provided by Subsections (b) and (c) of this section, a member is required to retire and terminate employment with all participating subdivisions on the later of:

(1) the last day of the calendar year in which the member becomes 70 years old; or

(2) the last day of the calendar year in which the member accumulates 12 years of credited service in the retirement system.

(b) A member is not required to retire before the first anniversary of the effective date of the person's membership.

(c) In an exceptional case for substantial cause, a retirement otherwise required by this section may be deferred for a period of not more than one year at a time by mutual consent of the member and the employing subdivision.

**§ 54.005. When Annuity is Payable**

An annuity under this subtitle is payable for a period beginning on the last day of the first month following the month in which retirement occurs and ending, except as otherwise provided by this subtitle, on the last day of the month immediately preceding the month in which death occurs.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 54.006 to 54.100 reserved for expansion]

**SUBCHAPTER B. SERVICE RETIREMENT BENEFITS**

**§ 54.101. Application for Service Retirement Annuity**

A member may apply for a service retirement annuity by filing an application for retirement with the board of trustees not less than 30 nor more than 90 days before the date the member wishes to retire.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 54.102. Eligibility for Service Retirement Annuity**

(a) A member is eligible, beginning on the first anniversary of the effective date of the person's membership, to retire and receive a service retirement annuity, if the member:

(1) is at least 60 years old and has at least 12 years of credited service in the retirement system; or

(2) has at least 30 years of credited service in the retirement system.

(b) A member may terminate employment with all participating subdivisions and, beginning on the first anniversary of the effective date of the person's membership, remain eligible to retire and receive a service retirement annuity at any time after the member attains the age of 60, if the member has at least 20 years of credited service in the retirement system.

(c) A member whose most recent service was performed for a subdivision having an effective date of participation in the retirement system after August 31, 1979, may terminate employment with all participating subdivisions and remain eligible to retire and receive a service retirement annuity at any time after the member attains the age of 60, if the member has at least 12 years of credited service performed for one or more subdivisions that are either subject to this subsection or have adopted a like provision under Section 54.202 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 54.103. Standard Service Retirement Annuity**

(a) The standard service retirement annuity payable under this subtitle is discounted for the possi-

bility of payment of a benefit under Section 54.402 of this subtitle and is the actuarial equivalent of the sum of a member's:

- (1) accumulated contributions;
- (2) current service credit, accumulated at interest as provided by Section 53.403(d) of this subtitle;
- (3) allocated prior service credit, accumulated at interest as provided by Section 53.105(d) of this subtitle; and
- (4) multiple matching credit, accumulated at interest as provided by Section 53.403(d) of this subtitle.

#### § 54.104. Optional Service Retirement Annuity

(a) Instead of the standard service retirement annuity payable under Section 54.103 of this subtitle, a retiring member may elect to receive an optional service retirement annuity under this section.

(b) An optional service retirement annuity is payable throughout the life of the retiree and is actuarially reduced from the standard service retirement annuity to its actuarial equivalent under the option selected under Subsection (c) of this section.

(c) An eligible person may select any optional annuity approved by the board of trustees, the entire benefit of which is certified by the actuary as the actuarial equivalent of the annuity to which the person is entitled, or may select one of the following options, which provide that:

- (1) after the retiree's death, the reduced annuity is payable throughout the life of a person designated by the retiree;
- (2) after the retiree's death, one-half of the reduced annuity is payable throughout the life of a person designated by the retiree;
- (3) if the retiree dies before 60 monthly annuity payments have been made, the remainder of the 60 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate; or
- (4) if the retiree dies before 120 monthly annuity payments have been made, the remainder of the 120 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate.

(d) To select an optional service retirement annuity, a member or retiree must make the selection and designate a beneficiary on a form prescribed by and filed with the board of trustees before the 31st day after the effective date of retirement.

(e) A retiree who dies before the 31st day after the effective date of service retirement and who did not select an optional service retirement annuity before death is considered to have selected an op-

tional annuity under Subsection (c)(4) of this section. Alternatively, the decedent's beneficiary may elect to receive a refund of the decedent's accumulated contributions under Section 54.401 of this subtitle, in which case the decedent will be considered to have been a contributing member at the time of death.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.105. Selection of Optional Service Retirement Annuity

(a) A member who has at least 30 years of credited service in the retirement system may, before the effective date of the member's retirement, file with the board of trustees, on a form prescribed by the board, a selection of an optional service retirement annuity available under Section 54.104 of this subtitle and a designation of beneficiary.

(b) A member may change a selection of an optional annuity or a designation of beneficiary at any time before the member's retirement or death in the same manner that the original selection and designation were made.

(c) If a member eligible under this section to select an optional service retirement annuity dies before retirement without having made a selection, the member's surviving spouse may select an optional annuity in the same manner as if the member had made the selection. If there is no surviving spouse, the executor or administrator of the member's estate may elect:

- (1) for an estate beneficiary to receive the optional annuity under Section 54.104(c)(4) of this subtitle, in which case the member will be considered to have retired on the last day of the month before the month in which death occurred; or
- (2) for the estate to receive a refund of the member's accumulated contributions under Section 54.401 of this subtitle, in which case the member will be considered to have been a contributing member at the time of death.

#### § 54.106. Selection of Optional Service Retirement Annuity by Certain Members

(a) An eligible member who is an employee of a subdivision having an effective date of participation in the retirement system after August 31, 1979, may select an optional service retirement annuity in the manner and under the conditions provided by Section 54.105 of this subtitle.

(b) A member eligible under this section to select an optional service retirement annuity is one who:

meeting the same age and service requirements provided in this subdivision; or

(2) has at least 20 years of credited service in the retirement system performed for one or more subdivisions whose employees may select an optional annuity after meeting the same service requirement provided in this subdivision.

(c) If a member eligible under this section dies before retirement without having made a selection, the member's surviving spouse or the executor or administrator of the member's estate may make the selection provided by Section 54.105(c) of this subtitle under the terms of that subsection.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 54.302. Eligibility for Disability Retirement Annuity**

(a) Except as provided by Subsection (c) of this section, a member who has less than 12 years of credited service in the retirement system is eligible to retire and receive a disability retirement annuity if the member is the subject of a certification issued as provided by Section 54.303(b)(1) of this subtitle.

(b) Except as provided by Subsection (c) of this section, a member who has at least 12 years of credited service in the retirement system but is not eligible for a service retirement annuity is eligible to retire and receive a disability retirement annuity if the member is the subject of a certification issued as provided by Section 54.303(b)(2) of this subtitle.

(c) A member is not eligible to retire for disability before the first anniversary of the effective date of the person's membership.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 54.303. Certification of Disability**

(a) As soon as practicable after an application for disability retirement is filed, the medical board shall evaluate the medical and other pertinent information concerning the member's application.

(b) The medical board shall issue a certification of disability and submit it to the board of trustees, if the medical board finds:

(1) in the case of a member who has less than 12 years of credited service in the retirement system, that:

(A) the member is mentally or physically incapacitated for the further performance of duty;

(B) the incapacity is the direct result of injuries sustained during membership by external and violent means as a direct and proximate result of the performance of duty;

(C) the incapacity is likely to be permanent; and

(D) the member should be retired; or

(2) in the case of a member who has at least 12 years of credited service in the retirement system but is not eligible for a service retirement annuity, that:

(C) the member should be retired.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 54.304. Standard Disability Retirement Annuity**

(a) The standard disability retirement annuity is discounted for the possibility of payment of a benefit under Section 54.403 of this subtitle and is the actuarial equivalent of the sum of a member's:

(1) accumulated contributions;

(2) current service credit, accumulated at interest as provided by Section 53.403(d) of this subtitle;

(3) allocated prior service credit, accumulated at interest as provided by Section 53.105(d) of this subtitle; and

**§ 54.3041. Optional Disability Retirement Annuity**

(a) Instead of the standard disability retirement annuity payable under Section 54.304 of this subtitle, a retiring member may elect to receive an optional disability retirement annuity under this section.

(b) An optional disability retirement annuity is payable throughout the life of the retiree and is actuarially reduced from the standard disability retirement annuity to its actuarial equivalent under the option selected under Subsection (c) of this section.

(c) An eligible person may select any optional annuity approved by the board of trustees, the

entire benefit of which is certified by the actuary as the actuarial equivalent of the annuity to which the person is entitled, or may select one of the following options, which provide that:

(1) after the retiree's death, the reduced annuity is payable throughout the life of a person designated by the retiree;

(2) after the retiree's death, one-half of the reduced annuity is payable throughout the life of a person designated by the retiree;

(3) if the retiree dies before 60 monthly annuity payments have been made, the remainder of the 60 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate; or

(4) if the retiree dies before 120 monthly annuity payments have been made, the remainder of the 120 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate.

(d) To select an optional disability retirement annuity, a member or retiree must make the selection and designate a beneficiary on a form prescribed by and filed with the board of trustees before the 31st day after the effective date of retirement.

(e) A retiree who dies before the 31st day after the effective date of disability retirement and who did not select an optional disability retirement annuity before death is considered to have selected an optional annuity under Subsection (c)(4) of this section. Alternatively, the decedent's beneficiary may elect to receive a refund of the decedent's accumulated contributions under Section 54.401 of this subtitle, in which case the decedent will be considered to have been a contributing member at the time of death.

(f) If a person's disability retirement annuity is discontinued under Section 54.306 or 54.307 of this subtitle, the person's selection of any optional annuity under this section becomes void.

[Acts 1981, 67th Leg., 1st C.S., p. 211, ch. 18, § 51, eff. Nov. 10, 1981.]

**§ 54.305. Medical Examination of Disability Retiree**

(a) Once each year during the first five years after a person retires for disability, and once in each three-year period after that, the board of trustees may require a disability retiree who is less than 60 years old to undergo a medical examination.

(b) An examination under this section may be held at the retiree's residence or at any place mutually agreed to by the board and the retiree. The board shall designate a physician to perform the examination.

(c) If a disability retiree refuses to submit to a medical examination as provided by this section, the board of trustees shall suspend the retiree's annuity payments until the retiree submits to an examination. If a retiree has not submitted to an examina-

tion as provided by this section before the first anniversary of the date of first refusal, the board shall revoke all rights of the retiree to an annuity.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.306. Certification of End of Disability

(b) If the board of trustees concurs in a certification under this section, it shall discontinue annuity payments to the retiree.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.307. Return of Disability Retiree to Active Service

(a) If a retiree who is less than 60 years old and who is receiving a disability retirement annuity resumes employment with a participating subdivision, the person automatically resumes membership in the retirement system, and the board of trustees shall terminate the person's annuity payments.

(b) If a person resumes membership under this section, the retirement system shall restore to effect any prior service certificate used in determining the amount of the person's annuity at the time of disability retirement. If the person subsequently retires, the retirement system shall allow the person credit for all current service for which required contributions have been made and not withdrawn.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.308. Refund at Annuity Discontinuance

(a) Except as provided by Subsection (b) of this section, if a disability retirement annuity is discontinued under Section 54.306 of this subtitle or the right to an annuity revoked under Section 54.305(c) of this subtitle, the retiree is entitled to a lump-sum payment in an amount, if any, by which the amount in the retiree's individual account in the employees saving fund at the time of disability retirement exceeds the amount of basic and supplemental annuity payments made before the date the annuity was discontinued or the right to an annuity revoked.

(b) The benefit provided by this section is not payable to a retiree who resumes employment with a participating subdivision.

(c) The benefit provided by this section is payable from the current service annuity reserve fund and the subdivision accumulation fund in the ratio that the parts of the disability retirement annuity that were payable from the funds bear to the entire

benefit as determined on the effective date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

### SUBCHAPTER E. DEATH BENEFITS

#### § 54.401. Return of Contributions

(a) Except as provided by Subsection (c) of this section, if a member dies before retirement, a lump-sum death benefit is payable from the employees saving fund in the amount of:

(1) the accumulated contributions in the member's individual account in the fund; plus

(2) interest computed from the beginning of the year in which death occurs through the end of the month before the month in which death occurs at the rate allowed on member contributions during the preceding year.

(b) The benefit provided by this section is payable to the decedent's estate unless the decedent has directed that the benefit be paid otherwise.

(c) A benefit is not payable under this section if an annuity based on the decedent's service is payable under this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.402. Excess Contributions of Service Retiree

(a) If a person who receives a standard service retirement annuity dies, a lump-sum death benefit is payable in an amount, if any, by which the amount in the retiree's individual account in the employees saving fund at the time of service retirement exceeds the amount of annuity payments made before the retiree's death.

(b) The benefit provided by this section is payable to the decedent's estate unless the decedent has directed that the benefit be paid otherwise.

(c) The benefit provided by this section is payable from the current service annuity reserve fund and the subdivision accumulation fund in the ratio that the parts of the service retirement annuity that were payable from the funds bear to the entire benefit as determined on the effective date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 54.403. Excess Contributions of Disability Retiree

(a) If a person who receives a standard disability retirement annuity dies, a lump-sum death benefit is payable in an amount, if any, by which the amount in the retiree's individual account in the employees saving fund at the time of disability retirement exceeds the sum of annuity payments made before the retiree's death.

(b) The benefit provided by this section is payable to the decedent's estate unless the decedent has directed that the benefit be paid otherwise.

(c) The benefit provided by this section is payable from the current service annuity reserve fund and the subdivision accumulation fund in the ratio that the parts of the disability retirement annuity that were payable from the funds bear to the entire benefit as determined on the effective date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 212, ch. 18, § 52, eff. Nov. 10, 1981.]

[Sections 54.404 to 54.500 reserved for expansion]

SUBCHAPTER F. OPTIONAL DEATH BENEFITS

§ 54.501. Coverage in Supplemental Death Benefit Program

(a) An employee of a participating subdivision is included within the coverage of the supplemental death benefit program on the first day of the first month in which:

- (1) the employing subdivision is participating in the supplemental death benefits fund for coverage of all members it employs;
- (2) the employee is a member of the retirement system; and
- (3) the employee is required to make a contribution to the retirement system.

(b) Once established, coverage of a person in the supplemental death benefit program continues until the last day of a month in which a requirement of Subsection (a) of this section is not met.

[Acts 1981, 67th Leg., 1st C.S., p. 212, ch. 18, § 53, eff. Nov. 10, 1981.]

§ 54.502. Extended Supplemental Death Benefit Coverage

(a) A member included in the coverage of the supplemental death benefit program who fails to earn compensation in a month for service to a subdivision participating in the supplemental death benefits fund is eligible to receive extended coverage in the program on complying with the terms of this section.

(b) A member may apply to the retirement system for extended program coverage and submit evidence of eligibility for extended coverage.

(c) The board of trustees shall grant extended coverage in the supplemental death benefit program to an applicant, if the board finds:

- (1) that as a result of illness or injury, the member is unable to engage in gainful occupation; and
- (2) that the member made a required contribution to the retirement system as an employee of a subdivision participating in the supplemental death benefits fund for the month immediately

preceding the first full month in which the member was unable to engage in gainful occupation.

(d) Once established, extended coverage of a person in the supplemental death benefit program continues until the last day of the month in which:

- (1) the member returns to work as an employee of a participating subdivision;
- (2) the board of trustees finds that the member is able to engage in gainful occupation;
- (3) the person's membership in the retirement system is terminated; or
- (4) the member retires under this subtitle.

(e) The board of trustees by rule may require a member to submit to it annual proof of continued inability to engage in gainful occupation. The board may require a member to undergo a medical examination by a physician designated by the board. Failure of a member to undergo a medical examination as required by this subsection is a ground for the board's finding that the member has become able to engage in gainful occupation.

[Acts 1981, 67th Leg., 1st C.S., p. 212, ch. 18, § 53, eff. Nov. 10, 1981.]

§ 54.503. Member Supplemental Death Benefit

(a) If a person included in the coverage or extended coverage of the supplemental death benefit program dies, a lump-sum supplemental death benefit is payable from the supplemental death benefits fund in an amount equal to the current annual salary of the member at the time of death.

(b) Except as provided by Subsection (c) of this section, the current annual salary of a member is computed as the amount paid to the member for service on which contributions were made to the retirement system during the 12 months immediately preceding the month of death. If a member did not receive compensation for service in each of the 12 months immediately preceding the month of death, the member's current annual salary is computed by converting to an annual basis the amount paid to the member on which contributions were made to the system during the period of employment within the 12-month period. If a member did not receive compensation for service in any of the 12 months immediately preceding the month of death, or if the member was employed by a subdivision that was not participating on a full-salary basis for 12 calendar months immediately preceding the month of death, the member's current annual salary is computed by converting to an annual basis the rate of compensation payable to the member during the month of death.

(c) The current annual salary of a member included in the extended coverage of the supplemental death benefit program is computed in the manner provided by Subsection (b) of this section but as if the member had died during the first month of extended coverage.

(d) If a member, because of a change in employment, makes contributions to the retirement system

during the same month as an employee of more than one subdivision participating in the supplemental death benefits fund, a death benefit is payable only on the basis of the member's most recent employment. If a member, because of simultaneous employment by more than one subdivision, makes contributions to the retirement system during the same month as an employee of more than one subdivision participating in the supplemental death benefits fund, a death benefit is payable on the basis of the member's employment by each subdivision participating in the fund.

(e) The board of trustees by rule may require such proof of compensation and periods of employment as it finds necessary.

[Acts 1981, 67th Leg., 1st C.S., p. 212, ch. 18, § 53, eff. Nov. 10, 1981.]

#### § 54.504. Retiree Supplemental Death Benefit

If a retiree dies whose most recent employment as a member of the retirement system was with a subdivision that has elected to provide, and continues to provide, postretirement supplemental death benefits, a lump-sum supplemental death benefit is payable from the fund in the amount of \$2,500. If a retiree dies who was employed at the time of retirement by more than one subdivision that has elected to provide, and continues to provide, postretirement supplemental death benefits, the financing of the lump-sum benefit shall be prorated among the employing subdivisions participating in the fund.

[Acts 1981, 67th Leg., 1st C.S., p. 212, ch. 18, § 53, eff. Nov. 10, 1981.]

#### § 54.505. Beneficiary of Supplemental Death Benefit

(a) Unless a member has directed otherwise on a form prescribed by the board of trustees and filed with the retirement system:

(1) a supplemental death benefit under Section 54.503 of this subtitle is payable to the person entitled to receive the decedent's accumulated contributions, unless the decedent was eligible under Section 54.105 of this subtitle to select an optional service retirement annuity, in which case the benefit is payable to the beneficiary designated by the decedent or, if no designation was made, to the person entitled under that section to receive an optional annuity; and

(2) a supplemental death benefit under Section 54.504 of this subtitle is payable to a person entitled to receive any remaining payments of the decedent's annuity.

(b) If a person entitled under this section to receive a supplemental death benefit does not survive the member or retiree covered by the supplemental death benefit program, the benefit is payable to the estate of the covered member or retiree.

[Acts 1981, 67th Leg., 1st C.S., p. 212, ch. 18, § 53, eff. Nov. 10, 1981.]

#### § 55.401. Collection of Membership Fees

(a) Each member, with the member's contribution to the retirement system, shall pay an additional amount as a membership fee.

(b) The board of trustees shall set the rate of the membership fee not to exceed 50 cents a month and shall certify the amount to each participating subdivision.

(c) The board of trustees shall deposit the membership fees in the expense fund and shall use the fees for expenses of the retirement system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 55.402. Member Contributions

(a) Each participating subdivision, by order or resolution of its governing body, shall designate the rate of member contributions for its employees. The subdivision may elect a rate of four, five, six, or seven percent of the current service compensation of its employees.

(b) The governing body of a participating subdivision may increase the rate of its member contributions after the first anniversary of the effective date of the existing rate.

(c) The governing body of a participating subdivision may reduce the rate of its member contributions only after the fifth anniversary of the effective date of the existing rate and only if the board of trustees determines that:

(1) according to computations of the actuary approved by the board of trustees, the reduction would not impair the ability of the subdivision to fund, before the 25th anniversary of its effective date of participation, all obligations arising from allocated prior service credits granted by the subdivision; and

(2) the reduction would not impair the ability of the subdivision to fund, before the 25th anniversary of the date of the valuation that is the basis for the subdivision's latest increase in benefits or coverage, any increased benefits or additional coverage, including obligations arising from allocated prior service credits granted by the subdivision, that is adopted by the subdivision in accordance with Section 54.201 of this subtitle.

(d) A reduction in a deposit rate may become effective only on an anniversary of the participation date of the subdivision. The subdivision shall give written notice of a reduction in the deposit rate to the board of trustees not later than the 90th day before the effective date of the reduction.

(e) The governing body of a subdivision that has an effective date of participation before January 1, 1978, by order or resolution certified to the board of trustees, may exclude from the computation of an employee's contribution the amount of the employee's compensation that exceeds \$3,600 a year or a greater multiple of \$1,200 a year. A participating subdivision's governing body, by order or resolution certified to the board of trustees, may increase the amount of compensation on which contributions are paid.

(f) A participating subdivision may not require a member to pay a monthly contribution that exceeds an amount computed on the basis of one-twelfth of the annual compensation to be considered for payment of contributions as specified by the order or resolution described by Subsection (e) of this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 55.403. Collection of Member Contributions

(a) Each payroll period after the effective date of a subdivision's participation, the subdivision shall cause the contribution for that period to be deducted from the compensation of each member that it employs.

(b) In determining the amount of a member's compensation for a payroll period, the board of trustees may use the rate of annual compensation payable to a member on the first day of the payroll period as the rate for the entire period and may omit deductions from compensation for less than a full payroll period if the employee was not a member on the first day of the period.

(c) To facilitate the making of deductions, the board of trustees may modify a member's required deductions by an amount that does not exceed 25 cents.

(d) A participating subdivision shall certify to the board of trustees on each payroll, or in another manner prescribed by the board, the amount to be deducted from the compensation of each member that it employs.

(e) The treasurer or disbursing officer of each participating subdivision shall:

(1) make deductions from each member's compensation for contributions to the retirement system;

(2) transmit monthly, or at the time designated by the board of trustees, the payroll and other pertinent information prescribed by the board; and

(3) pay the deductions to the board of trustees at the board's home office.

(f) After the deductions for member contributions are paid, the board of trustees shall:

(1) record all receipts; and

(2) deposit the receipts to the credit of the employees saving fund.

(g) The treasurer or disbursing officer of a participating subdivision shall make the deductions required by this section even if the member's compensation is reduced below the amount equal to the minimum compensation provided by law.

(h) By becoming a member of the retirement system, a member consents to the deductions required by this section. The payment of compensation less those deductions is a complete release of all claims, except benefits provided by this subtitle, for services rendered by the member during the payroll period.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 55.404. Collection of Subdivision Contributions

(a) Before the 16th day of each month, each participating subdivision shall pay or cause to be paid to the retirement system at the system's office:

(1) an amount equal to the total amount of contributions to the retirement system paid by all employees of the subdivision for the preceding month; and

(2) a contribution for expenses of the retirement system equal to the total amount of membership fees paid by the employees of the subdivision for the preceding month.

(b) Unless otherwise provided for and paid by a subdivision, a subdivision shall pay its contributions to the retirement system from:

(1) the fund from which compensation is paid to members; or

(2) the general fund of the subdivision.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 55.405. War Period Contributions

(a) A member to whom this section applies may pay to the retirement system, during each 12 months of the period described by Subsection (b) of this section, an amount that does not exceed the amount of the member's contribution to the system during the most recent 12-month period in which the member was employed by a participating subdivision.

(b) This section applies to a member who, as a result of conscription or volunteering, is serving in the United States armed forces, armed forces reserve, an auxiliary of the armed forces or reserves, or the American Red Cross or who as a result of government conscription is in war work, during a declared or undeclared war involving the United States, during a conflict between the armed forces of the United States and the armed forces of a foreign country, or before the first anniversary of the last day of the war or conflict.

(c) The board of trustees shall treat the amounts paid to the system under this section in the same manner as funds deposited by the member while an employee of a participating subdivision.

(d) The participating subdivision that most recently employed a member paying contributions under this section shall pay an amount equal to the amount paid by the member under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 55.406. Supplemental Death Benefits Program

(a) In addition to other contributions to the retirement system required by this subtitle, each subdivision participating in the supplemental death benefits fund monthly shall pay to the fund an amount equal to the rate of contribution computed in accordance with this section, multiplied by the total compensation for the month of the members employed by the subdivision.

(b) A limitation on subdivision contribution rates provided by this subtitle does not apply to the rate

of the contribution to the supplemental death benefits fund.

(c) As soon as practical after the supplemental death benefits program is established and at the time of each investigation of members' mortality and service experience required by Section 55.110 of this subtitle, the actuary shall investigate the mortality experience of the members and eligible annuitants participating in the supplemental death benefits program. On the basis of the result of that investigation, the actuary shall recommend to the board of trustees rates and tables necessary to determine supplemental death benefits contribution rates. The rates and tables may provide for the anticipated mortality experience of the persons covered under the supplemental death benefits fund and for a contingency reserve.

(d) Before a subdivision's participation date in the supplemental death benefits fund and before January 1 of each subsequent year, the actuary shall compute, on the basis of rates and tables adopted by the board of trustees, the supplemental death benefits contribution rate of a subdivision participating in the supplemental death benefits contribution fund. The rate must be expressed as a percentage of the compensation of members employed by the subdivision. When the rate is approved by the board of trustees, the rate is effective for the calendar year for which it was approved.

(e) If the balance in the supplemental death benefits fund is insufficient to pay the supplemental death benefits due, the board of trustees may direct that, to the extent available, an amount equal to the amount of the deficiency be transferred from the general reserves account of the endowment fund to the supplemental death benefits fund. The board may adjust future contributions to the supplemental death benefits fund to repay to the general reserves account the transferred amount.

(f) If the total number of members covered by the supplemental death benefits fund becomes fewer than 4,000, the board of trustees may order that the fund be discontinued and all coverage terminated. The termination date must be December 31 of a year designated by the board and may not be before the expiration of six months after the date on which the order of termination was adopted.

(g) To protect against adverse claim experience, the board of trustees may secure reinsurance from one or more stock insurance companies doing business in this state if the board determines that reinsurance is necessary. The retirement system shall pay the premiums for reinsurance from the supplemental death benefits fund.

[Acts 1981, 67th Leg., 1st C.S., p. 217, ch. 18, § 64, eff. Nov. 10, 1981.]

(b) If the contributor or the administrator of the contributor's estate cannot be found, the person's accumulated contributions are forfeited to the retirement system. The retirement system shall credit the amount forfeited to the perpetual endowment account of the endowment fund.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 62.107. Optional Membership Requirement for Elected Officers**

(a) The governing body of a municipality that began participation in the retirement system before January 1, 1982, by ordinance may provide that persons who hold and are regularly engaged in the performance of duties of an elective office that normally requires actual performance of services in a participating department of the municipality for not less than 1,000 hours a year are employees required to become members of the retirement system.

(b) An ordinance under this section takes effect on the first day of any calendar month after adoption that is designated by the governing body adopting the ordinance.

(c) A person required to become a member under an ordinance adopted under this section becomes a member on the effective date of the ordinance or the date the person takes office, whichever is later, unless the date the person takes office is after the effective date of the ordinance and the person is then ineligible for membership under applicable age restrictions of this subtitle.

§ 63.003. Credited Service Previously Canceled

SUBCHAPTER B. ESTABLISHMENT OF  
PRIOR SERVICE

§ 63.101. Creditable Prior Service

Prior service creditable in the retirement system is:

(1) service performed as an employee of a participating department of a municipality before the date the department's participation in the retirement system became effective;

(2) for a person who becomes a member of the retirement system under Section 62.105 of this subtitle, service performed as an employee of a participating department during a time the person was ineligible for membership because of age; or

(3) for a person entitled to prior service credit under Section 63.102(a)(3) of this subtitle, service for which current service credit has not been granted that was performed as an employee of a participating department during a time the person was ineligible to participate because of age.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 220, ch. 18, § 73, eff. Jan. 1, 1982.]

§ 63.102. Eligibility for Prior Service

(a) A member is eligible to receive credit in the retirement system for prior service if the member:

(1) became a member as an employee of a department of a municipality on the effective date of the department's participation in the retirement system;

(2) became a member as an employee of a department of a municipality before the fifth anniversary of the effective date of the department's

participation and continued as an employee of a participating department of the municipality for at least five consecutive years after reemployment;

(3) was less than 55 years old on the later of January 1, 1979, or the date of employment, and became a member on August 27, 1979, by being an employee of a participating department of a municipality that adopts the provisions of Sections 62.105 and 64.202 of this subtitle; or

(4) became a member under Section 62.105 of this subtitle.

(b) The board of trustees may adopt rules concerning eligibility for prior service under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 221, ch. 18, § 74, eff. Jan. 1, 1982.]

**§ 63.103. Statement of Prior Service**

A member may claim credit for prior service by filing a detailed statement of the service with the city clerk or city secretary of the municipality for which the service was performed.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 63.104. Certification of Service and Average Compensation**

(a) As soon as practicable after a member files a statement of prior service under Section 63.103 of this subtitle, the municipality that employs the person who receives the statement shall verify the prior service claimed and certify to the board of trustees the amount of service approved and the member's average prior service compensation.

(b) The average prior service compensation of a member is computed as the average monthly compensation for service performed for a participating department of the municipality:

(1) for the 36 months immediately preceding the effective date of the department's participation in the retirement system; or

(2) if the member did not perform service in each of the 36 months immediately preceding participation, for the number of months of service within the 36-month period.

(c) The board of trustees may adopt rules concerning verification and certification of service and compensation under this section.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 63.105. Determination of Prior Service Credit**

(a) After receiving a certification of prior service and average prior service compensation under Section 63.104 of this subtitle, the board of trustees shall determine the member's prior service credit.

(b) For an employee of a municipality having an effective date of participation in the retirement sys-

tem before January 1, 1976, the prior service credit is an amount equal to the accumulation at interest of a series of equal monthly amounts for the number of months of approved prior service. Each monthly amount equals 10 percent of the member's average prior service compensation, or \$300 a month, whichever is less. Interest is allowed at the end of each 12-month period on an accumulated amount at the beginning of each period and is credited only for each whole 12-month period.

(c) For an employee of a municipality having an effective date of participation in the retirement system after December 31, 1975, the prior service credit is an amount computed as a percentage determined as provided by Subsection (d) of this section, times a base credit equal to the accumulation at three percent interest of a series of monthly amounts for the number of months of approved prior service, times the sum of:

(1) the rate of contributions required of employees of the municipality for current service; plus

(2) the rate described in Subdivision (1) of this subsection times the municipal current service matching ratio.

(d) The governing body of a municipality having an effective date of retirement system participation after December 31, 1975, shall determine in the ordinance providing for participation the percentage to be applied against the base credit in computing a prior service credit under Subsection (c) of this section. The percentage adopted may be any multiple of 10 percent that does not exceed 100 percent of the base credit. A governing body may not adopt a percentage under this subsection until the actuary first determines, and the board of trustees concurs in the determination, that the municipality is able to fund, before the 25th anniversary of the effective date of its participation in the retirement system, all prior service obligations that the municipality proposes to assume under this section.

(e) The prior service credit of a person who becomes a member of the retirement system under Section 62.105 of this subtitle or who is entitled to prior service credit under Section 63.102(a)(3) of this subtitle is computed on the percentage of the base prior service credit that was most recently used by the person's employing municipality in computing prior or updated service credits for current employees.

(f) Interest on a prior service credit is earned for each whole year beginning on the effective date of membership and ending on the effective date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 221, ch. 18, § 75, eff. Jan. 1, 1982.]

**§ 63.106. Prior Service Certificate**

(a) After determining a member's prior service credit under Section 63.105 of this subtitle, the

board of trustees shall issue to the member a prior service certificate stating:

- (1) the number of months of prior service credited;
- (2) the average prior service compensation; and
- (3) the prior service credit.

(b) As long as a person remains a member, the person's prior service certificate is, for purposes of retirement, conclusive evidence of the information it contains, except that a member or participating municipality, before the first anniversary of its issuance or modification, may request the board of trustees to modify the certificate.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 63.107. Void Prior Service Certificate

(a) When a person's membership in the retirement system is terminated, any prior service certificate issued to the person becomes void.

(b) A person whose membership has terminated and who subsequently resumes membership in the retirement system is not entitled to credit for prior service.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 63.108 to 63.200 reserved for expansion]

### SUBCHAPTER C. ESTABLISHMENT OF CURRENT SERVICE

#### § 63.201. Creditable Current Service

Service performed as an employee member of a participating department of a municipality is credited in the retirement system for each month for which the required contributions are made by the member.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

[Sections 63.202 to 63.300 reserved for expansion]

### SUBCHAPTER D. OPTIONAL SERVICE

#### § 63.301. Service for Certain Public Facilities

(a) The governing body of a participating municipality by ordinance may authorize the granting of prior service credit in the retirement system for service performed in a public hospital, utility, or other public facility currently operated by the municipality, during a time the facility was operated by a unit of government other than the municipality and before:

- (1) the effective date of the municipality's participation in the retirement system, if the facility was acquired by the municipality before that date; or
- (2) the date of acquisition of the facility, if the facility was acquired after the effective date of the municipality's participation in the retirement system.

(b) A member eligible to receive credit under this section after an ordinance is adopted under Subsection (a) of this section is one who was employed by the municipality at a public facility:

(1) on the effective date of the municipality's participation, for service under Subsection (a)(1) of this section; or

(2) on the date of acquisition of the facility, for service under Subsection (a)(2) of this section.

(c) All credit authorized by a municipality under this section is treated as if it were performed for the municipality.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 63.302. Service for Elected Officers

An elected officer who becomes a member of the retirement system on the effective date of an ordinance adopted under Section 62.107 of this subtitle is entitled to prior service credit computed as provided by Section 63.105 of this subtitle, except that if the employing municipality has granted updated service credits, the percentage to be used in computing a prior service credit under this section is the percentage of the base updated service credit that was most recently used by the municipality in computing updated service credits.

[Acts 1981, 67th Leg., 1st C.S., p. 221, ch. 18, § 76, eff. Jan. 1, 1982.]

### SUBCHAPTER E. OPTIONAL INCREASES IN SERVICE CREDITS

#### § 63.401. Ordinance Authorizing Updated Service Credits

(a) Except as provided by Subsection (b) of this section, the governing body of a participating municipality by ordinance may authorize the crediting in the retirement system of updated service credits for service performed for the municipality by members. An updated service credit authorized under this section replaces any updated service credit, prior service credit, special prior service credit, or antecedent service credit previously authorized for part of the same service.

(b) A municipality may not authorize updated service credits for members who had less than 36 months of credited service on the date prescribed by Section 63.402(e) of this subtitle.

(c) In adopting an ordinance under this section, a governing body shall specify the percentage of base updated service credits to be used in computing updated service credits for employees of the municipality and shall specify the date the updated service credits will take effect. The percentage adopted may be any multiple of 10 percent that does not exceed 100 percent of a base updated service credit. The effective date must be January 1 of a year specified by the governing body.

(d) An ordinance under this section also must require, beginning on the effective date of the updated service credits, that a member's monthly contributions for current service be based on the member's total monthly compensation from the municipality, if the requirement is not already in effect for employees of the municipality.

(e) A governing body that adopts an ordinance under this section shall send it to the retirement system, and the system must receive it before the effective date of the updated service credits authorized in the ordinance.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 221, ch. 18, § 77, eff. Jan. 1, 1982.]

**§ 63.402. Determination of Updated Service Credits**

(a) If a governing body sends the retirement system an ordinance adopted under Section 63.401 of this subtitle, the retirement system shall determine for each affected member the average updated service compensation, base updated service credit, and updated service credit.

(b) The average updated service compensation of a member is computed as the monthly average compensation for:

- (1) the 36 months immediately preceding the date prescribed by Subsection (e) of this section;
- (2) if the member did not perform service in each of the 36 months described in Subdivision (1) of this subsection, for the number of months of service within the 36-month period; or
- (3) if the member did not perform any service within the 36-month period, for the number of months of service within the 36-month period ending with the last month of the calendar year in which the member's most recent service was performed.

(c) The base updated service credit of a member is an amount computed as the number 1.03, times the difference by which the amount computed under Subdivision (1) of this subsection exceeds the amount computed under Subdivision (2), where:

(1) "(1)" is an amount equal to the accumulation at three percent interest of a series of monthly amounts for the number of months of credited service on the date prescribed by Subsection (e) of this section, each amount of which equals the member's average updated service compensation, times the sum of:

- (A) the rate of contributions required of the member for current service; plus
- (B) the member's contribution rate, times the municipal current service ratio in effect on the effective date of the ordinance adopted under Section 63.401 of this subtitle; and where
- (2) "(2)" is an amount equal to the sum of:

(A) the amount credited to the member's individual account in the employees saving fund on the date prescribed by Subsection (e) of this

section, subject to a 1 to 1 matching ratio, times 2; plus

(B) the amount credited to the member's individual account, subject to a 1.5 to 1 matching ratio, times 2.5; plus

(C) the amount credited to the member's individual account, subject to a 2 to 1 matching ratio, times 3.

(d) The updated service credit of a member is an amount equal to the greatest of the following:

(1) the percentage determined under Section 63.401(c) of this subtitle, times the member's base updated service credit; or

(2) any updated service credit previously authorized by the municipality and in effect for the member, accumulated at interest as provided by Subsection (f) of this section from the date it took effect to the date prescribed by Subsection (e) of this section; or

(3) the sum of any prior service credit, special prior service credit, and antecedent service credit previously authorized by the municipality and in effect for the member, accumulated at interest as provided by Subsection (f) of this section from the dates the credits took effect to the date prescribed by Subsection (e) of this section.

(e) The date used in computing updated service compensation and updated service credits under this section is January 1 of the year immediately preceding the January 1 on which the updated service credits will take effect.

(f) Interest on an updated service credit is earned for each whole calendar year beginning on the date the updated service credit takes effect and ending on the effective date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 63.403. Approval of Ordinance**

(a) An ordinance adopted under Section 63.401 of this subtitle may not take effect unless the board of trustees approves the ordinance as meeting the requirements of this section. The board may not approve an ordinance unless the actuary first determines, and the board concurs in the determination, that all obligations charged against the municipality's account in the municipality accumulation fund, including obligations proposed in the ordinance, can be funded by the municipality within its maximum total contribution rate before the 25th anniversary of the date the updated service credits take effect.

(b) The board of trustees may adopt rules it finds necessary to insure that the retirement system receives in a timely manner from a municipality the certified information the actuary requires to make the necessary determinations before the date the updated service credits take effect.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 222, ch. 18, § 78, eff. Jan. 1, 1982.]

##### § 63.501. Creditable Military Service

(a) The governing body of a participating municipality by ordinance may authorize eligible members in its employment to establish credit in the retirement system for active military service performed as a member of the armed forces or armed forces reserves of the United States or of an auxiliary of the armed forces or armed forces reserves, during a period in which the United States is or was involved in a state of conflict with foreign forces.

(b) A member eligible to establish credit for military service creditable as provided by this section is one:

- (1) who is an employee of a municipality that has adopted an ordinance under this section;

- (3) who has been an employee of one or more participating municipalities for at least 10 years;
- (4) whose military service was terminated by release from active duty or discharge, on terms not dishonorable;

(c) A member may not establish more than 60 months of credit in the retirement system for military service.

(d) The board of trustees by rule shall determine the periods recognized for purposes of this subtitle as periods of organized conflict.

[Acts 1981, 67th Leg., 1st C.S., p. 222, ch. 18, § 79, eff. Jan. 1, 1982.]

##### § 63.502. Establishment of Military Service Credit

(a) A member may establish credit for military service under this subchapter by depositing with the retirement system an amount equal to \$15 for each month for which credit is sought.

(b) A member must make the deposit required by this section before the first anniversary of the effective date of the ordinance adopted under Section 63.501 of this subtitle or before the first anniversary of the date the member becomes eligible to establish the credit, whichever is later.

(c) The employing municipality shall contribute for service established under this section an amount equal to the amount required of the member, times the municipality's current service matching percent-

age in effect on the date the member applies for credit under this section.

[Acts 1981, 67th Leg., 1st C.S., p. 222, ch. 18, § 79, eff. Jan. 1, 1982.]

##### § 63.503. Use of Military Service Credit

(a) The retirement system shall use military service credit established under this subchapter in determining satisfaction of length-of-service requirements for benefits.

(b) When a person who has military service credit retires, the retirement system shall transfer to the current service annuity reserve fund the amounts paid by the person and the employing municipality under Section 63.502 of this subtitle. The retirement system shall use the amounts to make annuity payments to the person computed in the same manner as is the person's current service annuity, but the credit and the amounts may not be used in other computations, including computations of updated service credits, antecedent service credits, prior service credits, or special prior service credits.

[Acts 1981, 67th Leg., 1st C.S., p. 222, ch. 18, § 79, eff. Jan. 1, 1982.]

#### SUBCHAPTER G. OPTIONAL UPDATED SERVICE CREDIT FOR TRANSFERRED SERVICE

##### § 63.601. Ordinance Authorizing Updated Service Credit for Transferred Service

(a) The governing body of a participating municipality in ordinances authorizing updated service credits under Section 63.401 on or after January 1, 1984, may provide that those members who are eligible for such credits on the basis of service with the granting municipality, who have unforfeited credit for prior service and/or current service with another participating municipality or municipalities by reason of previous employment, and who are contributing members on the date prescribed by Subsection (e) of Section 63.402, shall be credited in the retirement system with updated service credit calculated in the manner prescribed by Sections 63.401 and 63.402, except that in determining the base updated service credit of the member under Subdivision (1) of Subsection (c) of Section 63.402 all unforfeited credited service performed by the member by reason of previous employment in other participating municipalities prior to the date prescribed by Subsection (e) of Section 63.402 shall be treated as if performed in the service of the municipality adopting the ordinance, and that amount shall be reduced by an amount equal to the sum of:

- (1) 2 times the amount credited to the member's individual accounts in the employees saving fund on the date prescribed in Subsection (e) of Section 63.402, which any participating municipality has undertaken to match on a 1 to 1 ratio; plus
- (2) 2.5 times the amount credited to the member's individual accounts, subject to a 1.5 to 1

matching ratio by any participating municipality; plus

(3) 3 times the amount credited to the member's individual accounts, subject to a 2 to 1 matching ratio by any participating municipality; and plus

(4) the sum of all updated service credits, prior service credits, special prior service credits, and antecedent service credits allowed to the member by any other participating municipality by which the member was previously employed and to which the member is entitled.

(b) If the member is granted an updated service credit by a previously employing municipality on or after the granting of an updated service credit under Subsection (a) of this section, the updated service credit granted under Subsection (a) of this section shall be reduced by the amount of increase in credits resulting from the granting of updated service credits by the previous employer.

- (3) death benefits.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 64.002. Composition of Retirement Annuity**

(a) Each retirement annuity payable under this subtitle consists of a prior service annuity and a current service annuity.

(b) A prior service annuity is actuarially determined from any updated service credit or any prior service, special prior service, or antecedent service credit in effect for a member on the date of retirement, plus accumulated interest.

(c) A current service annuity is actuarially determined on the date of a member's retirement from the sum of:

- (1) the amount credited to the member's individual account in the employees saving fund; and
- (2) the amount from the municipality accumulation fund equal to the amount in the member's individual account or a greater amount authorized by a participating municipality under Section 65-501 of this subtitle.

**§ 64.003. Effective Date of Retirement**

(a) The effective date of a member's service retirement is the date the member designates at the time the member applies for retirement under Section 64.101 of this subtitle, but the date must be the last day of a calendar month and may not precede the date the member terminates employment with all participating municipalities.

(b) If a member dies before retirement and has a valid optional retirement annuity selection on file

with the retirement system, the member is considered to have retired on the last day of the month immediately preceding the month in which death occurred.

(c) The effective date of a member's disability retirement is the date designated on the application for retirement filed by or for the member as provided by Section 64.301 of this subtitle, but the date may not precede the date the member terminates employment with all participating municipalities.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 64.004. When Annuity is Payable

An annuity under this subtitle is payable for a period beginning on the last day of the first month following the month in which retirement occurs and ending, except as otherwise provided by this subtitle, on the last day of the month immediately preceding the month in which death occurs.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 64.005. Reduction of Annuity Payments on Request

(a) An annuitant by written request may authorize the retirement system to reduce the annuitant's monthly payment to an amount specified in the request. In writing, the annuitant may subsequently request the retirement system to increase the annuitant's monthly payment to any specified amount that does not exceed the amount originally payable.

(b) If the retirement system receives a request under Subsection (a) of this section, the director may cause the monthly annuity payment of the requesting annuitant to be reduced or increased as specified in the request.

(c) Any amounts by which an annuity is reduced under this section are forfeited to the retirement system and are not recoverable by any person.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

#### § 64.102. Eligibility for Service Retirement Annuity

(2) has at least 28 years of credited service in the retirement system.

(b) A member is eligible, beginning on the first anniversary of the effective date of the person's membership, to retire and receive a service retirement annuity, if the member is at least 50 years old and has at least 25 years of credited service in the retirement system performed for one or more municipalities that:

(1) have effective dates of participation in the retirement system after May 28, 1969; or

(2) have adopted a like provision under Section 64.201 or 64.202 of this subtitle.

(c) A member is eligible, beginning on the first anniversary of the effective date of the person's membership, to retire and receive a service retirement annuity, if the member is at least 60 years old and has at least 10 years of credited service in the retirement system performed for one or more municipalities that either have an effective date of participation in the retirement system after August 26, 1979, or have adopted a like provision under Section 64.202 of this subtitle.

(d) A member employed by a municipality having an effective date of participation in the retirement system after May 28, 1969, may terminate employment and remain eligible to retire and receive a service retirement annuity at any time after the member attains an applicable age provided by law for service retirement of employees of the municipality, if the member has at least 20 years of credited service performed for one or more municipalities that are either subject to this subsection or have adopted a like provision under Section 64.201(c) of this subtitle.

(e) A member employed by a municipality having an effective date of participation in the retirement system after August 26, 1979, may terminate employment and remain eligible to retire and receive a service retirement annuity at any time after the member attains an applicable age and service requirement, if the member has at least 10 years of credited service performed for one or more municipalities that are either subject to this subsection or have adopted a like provision under Section 64.202 of this subtitle.

(a) Instead of the standard service retirement annuity payable under Section 64.103 of this subtitle, a retiring member may elect to receive an optional service retirement annuity under this section.

(b) An optional service retirement annuity is payable throughout the life of the retiree and is actuarially adjusted from the standard service retirement annuity to its actuarial equivalent under the option selected under Subsection (c) of this section.

(c) An eligible person may select any optional annuity approved by the board of trustees, the entire benefit of which is certified by the actuary as the actuarial equivalent of the annuity to which the person is entitled, or may select one of the following options, which provide that:

(1) after the retiree's death, the reduced annuity is payable throughout the life of a person designated by the retiree;

(2) after the retiree's death, one-half of the reduced annuity is payable throughout the life of a person designated by the retiree;

(3) if the retiree dies before 120 monthly annuity payments have been made, the remainder of the 120 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate;

(4) if the retiree dies before 180 monthly annuity payments have been made, the remainder of the 180 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate; or

(5) the annuity is payable only during the retiree's lifetime.

(d) An option under Subsection (c) of this section applies to both prior and current service annuities, except that prior service annuities are subject to reduction under Section 65.308(f) of this subtitle.

(e) To select an optional service retirement annuity, a member or retiree must make the selection and designate a beneficiary on a form prescribed by and filed with the board of trustees before the 31st day after the effective date of retirement.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

§ 64.105. Selection of Optional Service Retirement Annuity

(a) A member who is eligible for service retirement may, while continuing to perform service for a participating municipality, file with the board of trustees, on a form prescribed by the board, a selection of an optional service retirement annuity available under Section 64.104 of this subtitle and a designation of beneficiary. An annuity selected as provided by this section is payable on the member's retirement or on the member's death before retirement.

(b) A member may change a selection of an optional annuity or a designation of beneficiary at any time before the member's retirement or death in the same manner that the original selection and designation were made.

(c) If a member eligible under this section to select an optional service retirement annuity dies before retirement without having made a selection, the member's surviving spouse may select an optional annuity in the same manner as if the member had made the selection. If there is no surviving spouse, the executor or administrator of the member's estate may elect:

(1) for an estate beneficiary to receive the optional annuity under Section 64.104(c)(4) of this subtitle, in which case the member will be considered to have retired on the last day of the month immediately preceding the month in which death occurred; or

(b) The governing body may authorize a member who is an employee of the municipality to be eligible for service retirement who is at least 50 years old and has at least 25 years of credited service performed for one or more municipalities that either have authorized eligibility under this section or are subject to Section 64.102(d) of this subtitle, or to terminate employment and remain eligible to retire and receive a service retirement annuity at any time after the member attains an applicable age provided by law for service retirement of employees of the

municipality, if the member has at least 20 years of credited service performed for one or more municipalities that either have authorized eligibility under this section or are subject to Section 64.102(d) of this subtitle.

(c) A governing body may not adopt an ordinance under this section unless the actuary first determines that all obligations charged against the municipality's account in the municipality accumulation fund, including the obligations proposed in the ordinance, can be funded by the municipality within its maximum contribution rate and within its amortization period.

(d) Expired.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 224, ch. 18, § 82, eff. Jan. 1, 1982.]

Subsection (d) of this section expired by its own terms on April 1, 1982.

#### § 64.202. Additional Optional Service Retirement Eligibility

(a) The governing body of a municipality that has an effective date of participation in the retirement system after December 31, 1975, or that has previously authorized updated service credits, by ordinance may authorize eligibility for a service retirement annuity as provided by this section for a member who is or was an employee of any participating department of the municipality.

(b) The governing body may authorize a member, beginning on the first anniversary of the effective date of the person's membership, to retire and receive a service retirement annuity, if the member:

(1) is at least 50 years old and has at least 25 years of credited service performed for one or more municipalities that have authorized eligibility under this subdivision; or

(2) is at least 60 years old and has at least 10 years of credited service performed for one or more municipalities that either have authorized eligibility under this subdivision or have a participation date in the retirement system after August 26, 1979.

(c) The governing body may authorize a member who is or was an employee of the municipality to terminate employment and remain eligible to retire and receive a service retirement annuity at any time after the member attains an applicable age and service requirement, if the member has at least 10 years of credited service performed for one or more municipalities that either have authorized eligibility under this subsection or are subject to Section 64.102(e) of this subtitle.

(d) An ordinance adopted under this section must also include the provisions specified in Section 62.105 of this subtitle. A governing body may not adopt an ordinance under this section unless the actuary first determines, on the basis of mortality and other tables adopted by the board of trustees, that all obligations of the municipality to the municipi-

ality accumulation fund, including obligations proposed under the ordinance, can be funded by the municipality within its maximum contribution rate and within its amortization period.

(e) The governing body shall specify the effective date of an ordinance under this section, which may be the first day of any month after the month in which the actuary makes the determination required by Subsection (d) of this section.

(f) Expired.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 224, ch. 18, §§ 83, 84, eff. Jan. 1, 1982.]

Subsection (f) of this section expired by its own terms on April 1, 1982.

#### § 64.203. Optional Increase in Retirement Annuities

(a) The governing body of a participating municipality by ordinance, from time to time but not more frequently than once in each 12-month period, may authorize and provide for increased annuities to be paid to retirees and beneficiaries of deceased retirees of the municipality. An annuity increased under this section replaces any annuity or increased annuity previously granted to the same person.

(b) The amount of annuity increase under this section is computed as the sum of the prior and current service annuities on the effective date of retirement of the person on whose service the annuities are based, multiplied by:

(1) the percentage change in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the United States Department of Labor, from December of the year immediately preceding the effective date of the person's retirement to the December that is 13 months before the effective date of the ordinance providing the increase; and

(2) a fraction, specified by the governing body in the ordinance, that is not less than 10 percent nor more than 70 percent and is a multiple of 5 percent.

(c) Except as provided by Subsection (g) of this section, the effective date of an ordinance under this section is January 1 of the year that begins after the year in which the governing body adopts and notifies the retirement system of the ordinance.

(d) An increase in an annuity that was reduced because of an option selection is reducible in the same proportion and in the same manner that the original annuity was reduced.

(e) If a computation under Subsection (b) of this section does not result in an increase in the amount of an annuity, the amount of the annuity may not be changed under this section.

(f) The amount by which an increase under this section exceeds all previously granted increases to an annuitant is payable as a prior service annuity, is an obligation of the municipality's account in the

municipality accumulation fund, and is subject to reduction under Section 65.308(f) of this subtitle.

(g) An ordinance under this section may not take effect until it is approved by the board of trustees as meeting the requirements of this section. The board may not approve an ordinance unless the actuary first determines that all obligations charged against the municipality's account in the municipality accumulation fund, including the obligations proposed in the ordinance, can be funded by the municipality within its maximum contribution rate before the 25th anniversary of the effective date of the increases.

(h) A governing body may not authorize and provide for annuity increases under this section unless it simultaneously provides for updated service credits under Subchapter E of Chapter 63 of this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 225, ch. 18, § 85, eff. Jan. 1, 1982.]

(b) Except as provided by Subsection (c) of this section, a member who has at least 10 years of credited service in the retirement system but is not eligible for a service retirement annuity is eligible to retire and receive a disability retirement annuity if the member is the subject of a certification issued as provided by Section 64.303(b)(2) of this subtitle.

(c) A member is not eligible to retire for disability before the first anniversary of the effective date of the person's membership.

(b) A prior service annuity is subject to reduction as provided by Section 65.308(f) of this subtitle.

(2) after the retiree's death, one-half of the reduced annuity is payable throughout the life of a person designated by the retiree;

(3) if the retiree dies before 120 monthly annuity payments have been made, the remainder of the 120 payments are payable to the retiree's beneficiary or, if one does not exist, to the retiree's estate; or

annuity or, if the member is eligible for service retirement, to the member's standard service retirement annuity, equals one-half of the member's average monthly compensation for service as an employee of a participating department of a municipality:

(1) for the 60 months immediately preceding the month in which the injury occurred; or

(2) if the member did not perform service in each of the 60 months immediately preceding the month in which the injury occurred, for the number of months of service within the 60-month period.

(b) In a computation of average monthly compensation under this section, compensation is excluded that exceeds the maximum amount on which the member was required to make contributions to the retirement system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 64.404. Conditions for Benefits**

(a) Supplemental disability benefits payable from the supplemental disability benefits fund cease on the death of the disability retiree and are, except as provided by this subchapter, subject to the same terms of issuance as are standard disability retirement benefits. The suspension or discontinuance of a disability retirement annuity automatically suspends or discontinues, as applicable, a supplemental disability retirement annuity based on the same service.

(b) The board of trustees may reduce proportionally all supplemental disability benefits payable from the supplemental benefits fund at any time and for a period that the board finds necessary to prevent payments from the fund in a year from exceeding available assets in the fund in that year.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 227, ch. 18, § 91, eff. Jan. 1, 1982.]

**SUBCHAPTER F. DEATH BENEFITS**

**§ 64.501. Return of Contributions**

(a) Except as provided by Subsection (c) of this section, if a member dies before retirement, a lump-sum death benefit is payable from the employees saving fund in the amount of:

(1) the amount credited to the member's individual account in the fund; plus

(2) interest computed from the beginning of the year in which death occurs through the end of the month immediately preceding the month in which death occurs at the rate allowed on member contributions during the preceding year.

(b) The benefit provided by this section is payable to the decedent's estate unless the decedent has directed that the benefit be paid otherwise.

(c) A benefit is not payable under this section if an annuity based on the decedent's service is payable under this subtitle.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 64.502. Excess Contributions of Disability Retiree**

(a) If a person dies who receives a standard disability retirement annuity, a lump-sum death benefit is payable in an amount, if any, by which the amount in the retiree's individual account in the employees saving fund at the time of disability retirement exceeds the amount of current service annuity payments made before the retiree's death.

(b) The benefit provided by this section is payable to the decedent's estate unless the decedent has directed that the benefit be paid otherwise.

(c) The benefit provided by this section is payable from the current service annuity reserve fund.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 228, ch. 18, § 92, eff. Jan. 1, 1982.]

[Sections 64.503 to 64.600 reserved for expansion]

**SUBCHAPTER G. OPTIONAL DEATH BENEFITS**

**§ 64.601. Coverage in Supplemental Death Benefit Program**

(a) An employee of a participating municipality is included within the coverage of the supplemental death benefit program on the first day of the first month in which:

- (1) the employing municipality is participating in the supplemental death benefits fund for coverage of all members it employs;
- (2) the employee is a member of the retirement system; and
- (3) the employee is required to make a contribution to the retirement system.

(b) Once established, coverage of a person in the supplemental death benefit program continues until the last day of a month in which a requirement of Subsection (a) of this section is not met.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 64.602. Extended Supplemental Death Benefit Coverage**

(a) A member included in the coverage of the supplemental death benefit program who fails to earn compensation in a month for service to a municipality participating in the supplemental death benefits fund is eligible to receive extended coverage in the program on complying with this section.

(b) A member may apply to the retirement system for extended program coverage and submit evidence of eligibility for extended coverage.

(c) The board of trustees shall grant extended coverage in the supplemental death benefit program to an applicant, if the board finds:

(1) that as a result of illness or injury, the member is unable to engage in gainful occupation; and

(2) that the member made a required contribution to the retirement system as an employee of a municipality participating in the supplemental death benefits fund for the month immediately preceding the first full month in which the member was unable to engage in gainful occupation.

(d) Once established, extended coverage of a person in the supplemental death benefit program continues until the last day of the month in which:

- (1) the member returns to work as an employee of a participating municipality;
- (2) the board of trustees finds that the member is able to engage in gainful occupation;
- (3) the person's membership in the retirement system is terminated; or
- (4) the member retires under this subtitle.

(e) The board of trustees by rule may require a member to submit to it annual proof of continued inability to engage in gainful occupation. The board may require a member to undergo a medical examination by a physician designated by the board. Failure of a member to undergo a medical examination as required by this subsection is a ground for the board's finding that the member has become able to engage in gainful occupation.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 228, ch. 18, § 93, eff. Jan. 1, 1982.]

**§ 64.603. Member Supplemental Death Benefit**

(a) If a person included in the coverage or extended coverage of the supplemental death benefit program dies, a lump-sum supplemental death benefit is payable from the supplemental death benefits fund in an amount equal to the current annual salary of the member at the time of death.

(b) Except as provided by Subsection (c) of this section, the current annual salary of a member is computed as the amount paid to the member for service on which contributions were made to the retirement system during the 12 months immediately preceding the month of death. If a member did not receive compensation for service in each of the 12 months immediately preceding the month of death, the member's current annual salary is computed by converting to an annual basis the amount paid to the member on which contributions were made to the system during the period of employment within the 12-month period. If a member did not receive compensation for service in any of the 12 months immediately preceding the month of death, the member's current annual salary is computed by converting to an annual basis the rate of compensation payable to the member during the month of death.

(c) The current annual salary of a member included in the extended coverage of the supplemental death benefit program is computed in the manner provided by Subsection (b) of this section but as if the member had died during the first month of extended coverage.

(d) If a member makes contributions to the retirement system during the same month as an employee of more than one municipality participating in the supplemental death benefits fund, a death benefit is payable only on the basis of the member's most recent employment.

(e) The board of trustees by rule may require such proof of compensation and periods of employment as it finds necessary.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 228, ch. 18, § 94, eff. Jan. 1, 1982.]

**§ 64.604. Retiree Supplemental Death Benefit**

If a retiree dies whose most recent employment as a member of the retirement system was with a municipality that has elected to provide, and continues to provide, postretirement supplemental death benefits, a lump-sum supplemental death benefit is payable from the fund in the amount of \$2,500.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 229, ch. 18, § 95, eff. Jan. 1, 1982.]

**§ 64.605. Beneficiary of Supplemental Death Benefit**

(a) Unless a member has directed otherwise on a form prescribed by the board of trustees and filed with the retirement system:

(1) a supplemental death benefit under Section 64.603 of this subtitle is payable to the person entitled to receive the decedent's accumulated contributions; and

(2) a supplemental death benefit under Section 64.604 of this subtitle is payable to a person entitled to receive any remaining payments of the decedent's annuity.

(b) If a person entitled under this section to receive a supplemental death benefit does not survive the member or retiree covered by the supplemental death benefit program, the benefit is payable to the estate of the covered member or retiree.

**§ 65.403. Collection of Municipality Contributions**

(a) Before the 16th day of each month, each participating municipality shall pay or cause to be paid to the retirement system at the system's office expense contributions in accordance with Section 65.404 of this subtitle, current service contributions in accordance with Section 65.405 of this subtitle, and prior service contributions in accordance with Section 65.406 of this subtitle.

(b) Unless otherwise provided for and paid by a municipality, a municipality shall pay its contributions to the retirement system from:

- (1) the fund from which earnings are paid to members; or
- (2) the general fund of the municipality.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 65.404. Municipality Expense Contribution**

(a) Each participating municipality shall pay to the retirement system an expense contribution prescribed in accordance with this section.

(b) The board of trustees, before January 1 of each year, shall set the rate of the contribution necessary to provide an amount required to pay the difference between:

- (1) the estimated administrative expenses for the following year; and
- (2) the anticipated revenue, from sources other than municipality contributions, to be used for the expenses of the year as adjusted for a surplus or deficiency existing on January 1 of that year.

(c) The rate set by the board of trustees under Subsection (b) of this section may not exceed 50 cents a month for each member.

(d) The board of trustees shall certify the rate set under Subsection (b) of this section to each participating municipality before January 1 of the year for which the rate is set.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 65.405. Municipality Normal Contribution**

Each participating municipality shall pay to the municipality accumulation fund, as its normal contribution, an amount equal to a percentage of the compensation of members employed by the municipality for that month. The rate of contribution is the normal contribution rate determined annually by the actuary and approved by the board of trustees.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 233, ch. 18, § 106, eff. Jan. 1, 1982.]

**§ 65.406. Municipality Prior Service Contribution**

(a) Each participating municipality shall pay to the municipality accumulation fund, as its prior service contribution, an amount equal to a percent-

age of the compensation of members employed by the municipality for that month.

(b) The rate of contribution is the rate determined annually by the actuary and approved by the board of trustees as being the rate required to fund all obligations charged against the municipality's account in the municipality accumulation fund within the municipality's amortization period without resulting in a probable future depletion of that account.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 233, ch. 18, § 106, eff. Jan. 1, 1982.]

**§ 65.407. Limitation on Municipality Contribution Rates**

(a) The combined rates of a municipality's normal contributions and prior service contributions may not exceed:

(1) 9½ percent of the total compensation paid by the municipality to the employees of its participating departments if the rate of member contributions of the employees of its participating departments is 7 percent of their compensation;

(2) 7½ percent of the total compensation paid by the municipality to the employees of its participating departments if the rate of member contributions of the employees of its participating departments is 5 percent of their compensation; or

(3) 5½ percent of the total compensation paid by the municipality to the employees of its participating departments if the rate of member contributions of the employees of its participating departments is 3 percent of their compensation.

(b) The actuary annually shall determine the municipality normal contribution rate and the prior service contribution rate from the most recent data available at the time of the determination. Before January 1 of each year, the board of trustees shall certify the rates to each participating municipality. If a participating municipality has different rates of contribution for employees of different departments, the actuary shall determine the maximum rate for the municipality using the average rate of contribution prescribed for contributions of employees of its participating departments. To compute the average rate the actuary shall consider the number of employees in each participating department of the municipality.

(c) A reduction in the member contribution rate for employees of a participating municipality does not reduce the maximum rate of contribution of the municipality.

(d) If the dates of participation of each department of a municipality are not the same, the governing body of the municipality may request that, to determine the municipality normal contribution rate and prior service contribution rate and to determine the period during which the municipality must fund the obligations charged against its account in the municipality accumulation fund, all of its depart-

ments have a single composite participation date. The actuary shall determine the composite participation date by computing an average weighted according to the number of members entering the retirement system on the actual dates of participation of the departments involved.

(e) If the combined rates of a municipality's normal contributions and prior service contributions exceed the rate prescribed by Subsection (a) of this section, the rate for prior service contributions shall be reduced to the rate that equals the difference between the maximum rate prescribed by Subsection (a) of this section and the normal contribution rate for the municipality.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 234, ch. 18, § 107, eff. Jan. 1, 1982.]

**§ 65.408. Municipality Supplemental Disability Benefits Fund Contribution**

(a) Beginning from the effective participation date of the municipality, each municipality participating in the supplemental disability benefits fund shall pay to that fund an amount equal to a percentage of the compensation of members employed by the municipality.

(b) The board of trustees on the recommendation of the actuary shall determine the rate of contribution necessary to accumulate the reserves needed to pay the benefits from the supplemental disability benefits fund. The rate of contribution may not exceed one-half of one percent of the compensation of the municipality's employees covered by the fund.

(c) The limitation of Section 65.407(e) of this subtitle does not affect the rate of contribution to the supplemental disability benefits fund.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 65.409. Municipality Supplemental Death Benefits Contribution**

(a) In addition to other contributions to the retirement system required by this subtitle, each municipality participating in the supplemental death benefits fund monthly shall pay to the supplemental death benefits fund an amount equal to the rate of contribution computed in accordance with Section 65.502 of this subtitle, multiplied by the total compensation for the month of the members employed by the municipality.

(b) The limitation of Section 65.407(e) of this subtitle does not apply to the rate of the contribution to the supplemental death benefits fund.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

**§ 65.410. War Period Contributions**

(a) During a period that the United States is at war and until the first anniversary of the last day of

the war, a member who as a result of conscription or volunteering is serving in the United States armed forces, armed forces reserve, an auxiliary of the armed forces or reserves, or the American Red Cross or who as a result of conscription by the government is in war work may pay, each year, to the retirement system an amount that does not exceed the amount of the member's contribution to the system during the last year that the member was employed by a participating municipality.

(b) The board of trustees shall treat the amounts paid to the system under this section in the same manner as funds deposited by the member while an employee of a participating municipality.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

SUBCHAPTER F. OPTIONAL PROGRAMS

§ 65.501. Increased Current Service Annuities

(a) A participating municipality may elect to provide for an increased current service annuity reserve on the retirement of each of its employees who are members.

(b) The governing body of a municipality electing to provide for increased reserves by ordinance shall provide that for each month of current service rendered by a participating employee of the municipality after the date of its election the municipality will provide a contribution as provided by Subsection (c) of this section equal to 150 or 200 percent of the member's accumulated contribution to the retirement system for that month.

(c) On the retirement of a member covered by an increased current service annuity reserve, the retirement system shall transfer to the current service annuity reserve fund:

(1) accumulated contributions credited to the member's account in the employees saving fund; and

(2) the amount from the municipality's account in the municipality accumulation fund that the municipality has adopted under Subsection (b) of this section.

(d) If the retiring member's accumulated contributions are the result of service for more than one participating municipality, the retirement system shall transfer from the account of each municipality the amount chargeable to that municipality for the member.

(e) A participating municipality electing to provide an increased current service annuity reserve and electing a contribution rate of 150 percent for a year is liable for total contributions at a rate that does not exceed a rate equal to the maximum rate prescribed for the municipality by Section 65.407 of this subtitle plus two percent a year. A municipality electing a rate of 200 percent a year is liable for contributions at a rate that does not exceed a rate

equal to the maximum rate prescribed for the municipality by Section 65.407 of this subtitle plus four percent a year.

(f) Except as provided by Subsection (g) of this section, an increased rate of contribution authorized under this section may become effective only on January 1 of a calendar year.

(g) A municipality that begins participation in the retirement system after December 31, 1975, may elect to provide for an increased current service annuity reserve beginning on its effective date of participation. That election remains in effect until the municipality elects to pay contributions at another rate.

(h) A municipality electing to provide for an increased current service annuity reserve may reduce its rate of contribution to 150 percent of the member contributions or to a rate equal to the member contributions. The reduction becomes effective on January 1 of the calendar year following the date on which the municipality's governing body adopts an ordinance reducing the rate of contribution.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 235, ch. 18, § 108, eff. Jan. 1, 1982.]

§ 65.502. Supplemental Death Benefits Program

(a) As soon as practical after the supplemental death benefits program is established and at the time of each investigation of members' mortality and service experience required by Section 65.110 of this subtitle, the actuary shall investigate the mortality experience of the members and eligible annuitants participating in the supplemental death benefits program. On the basis of the result of that investigation, the actuary shall recommend to the board of trustees rates and tables necessary to determine supplemental death benefits contribution rates. The rates and tables may provide for the anticipated mortality experience of the persons covered under the supplemental death benefits fund and for a contingency reserve.

(b) Before a municipality's participation date in the supplemental death benefits fund and before January 1 of each subsequent year, the actuary shall compute, on the basis of rates and tables adopted by the board of trustees, the supplemental death benefits contribution rate of a municipality participating in the supplemental death benefits contribution fund. The rate must be expressed as a percentage of the compensation of members employed by the municipality. When the rate is approved by the board of trustees, the rate is effective for the calendar year for which it was approved.

(c) If the balance in the supplemental death benefits fund is insufficient to pay the supplemental death benefits due, the board of trustees may direct that, to the extent available, an amount equal to the amount of the deficiency be transferred from the general reserves account of the endowment fund to the supplemental death benefits fund. The board

may adjust future contributions to the supplemental death benefits fund to repay to the general reserves account the transferred amount.

(d) If the total number of members covered by the supplemental death benefits fund becomes fewer than 4,000, the board of trustees may order that the fund be discontinued and all coverage terminated. The termination date must be December 31 of a year designated by the board and may not be before the expiration of six months after the date on which the order of termination was adopted.

(e) To protect against adverse claim experience, the board of trustees may secure reinsurance from one or more stock insurance companies doing business in this state if the board determines that reinsurance is necessary. The retirement system shall pay the premiums for reinsurance from the supplemental death benefits fund.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981. Amended by Acts 1981, 67th Leg., 1st C.S., p. 235, ch. 18, § 109, eff. Jan. 1, 1982.]

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

##### § 65.602. Interest in Assets

A particular person, group of persons, municipality, or other entity has no right in a specific security,

item of cash, or other property of the retirement system other than an undivided interest in the assets of the retirement system.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

##### § 65.603. Forfeiture of Contributions

(a) If an application under Section 62.103 of this subtitle for the accumulated contributions of a person who has ceased to be employed by a participating department for a reason other than death or retirement has not been made before the seventh anniversary of the person's last day of service, the retirement system shall return to the person or the person's estate all accumulated contributions of the person.

(b) If the person or the administrator of the person's estate cannot be found, the person's accumulated contributions are forfeited to the retirement system. The retirement system shall credit the amount forfeited to the perpetual endowment account of the endowment fund.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

##### § 65.604. Merger

A pension system for municipal employees may merge into the retirement system under terms adopted by the board of trustees and the trustees of the other system after the other system has approved the merger by a majority vote.

[Acts 1981, 67th Leg., p. 1876, ch. 453, § 1, eff. Sept. 1, 1981.]

##### § 65.605. Participation of Members of Fire Department

(a) If the employees of the fire department of a municipality, with the consent of the municipality, elect to become members of the retirement system, the funds of the municipality's firemen's relief and retirement fund, if any, and future payments to the fund may be transferred to the board of trustees on the voluntary application of the municipality.

(b) A participating municipality shall pay to the board of trustees money that could have been paid annually to the firemen's relief and retirement fund if the fire department were not covered by the retirement system or another pension system or if the municipality had taken the proper steps to secure the money. The retirement system shall credit amounts paid under this subsection for the benefit of fire fighters as the board of trustees directs.

4. Said resolution and certificate shall be filed and recorded in the office of the Secretary of State, and the renewal of said corporation shall date from said filing.

**Art. 6269. Sale or Conveyance Under Special Law**

Whenever a line of railway or any railway properties within this State are by special law authorized to be sold and conveyed, the persons contemplating the purchase thereof may be formed into a corporation for the purpose of acquiring, owning, maintaining and operating such railway by complying, as far as applicable with the requirements of this chapter. In the formation of such corporation, the requirements of Article 6261 and so much of Article 6264 as relates to the affidavit may be dispensed with, and words applicable to the case of a purchaser may be used and substituted when necessary or proper, in the articles of incorporation or elsewhere, in lieu of words applicable to the building or construction of a railway. When such corporation has been formed it shall have the power to purchase, acquire, own, maintain and operate such railway and the properties pertaining thereto, and all other rights, powers and privileges given by the laws of this State to railway companies. Any proposed extension or branch lines may be provided for and included in the original articles of incorporation, or the same may, by amendment thereto at any time thereafter, be projected and provided for by such company.

[Acts 1925, S.B. 84.]

**Art. 6270. Shall Take Subject to Lien**

Any company organized under the preceding article shall take the property so purchased subject to all incumbrances, judgments, claims, suits, claims for damages and for right of way against the old company and subject to all debts and claims for damages accruing against any receiver who may have been appointed for the old company to the same extent that such property would have been liable in the hands of the railroad company from which it was purchased; and such new company may be made a party to every suit pending against the company from which it is purchased, or which may be pending against any receiver of such company, to enforce any right against such new company; and the new company may be sued to enforce any such rights, without joining the old company, or the receiver; and, in case any judgment has been ren-

dered against the old company, or against a receiver for such company, and for which the property is liable, execution may be issued on such judgment against such property in the possession of the new company without any suit therefor. When a corporation is formed under the provisions of the preceding article, service of process may be had upon any agent of such corporation in any county where suit may be pending. Such service shall bind each railroad operated or owned under such charter, in the same manner as if it were one railroad.

[Acts 1925, S.B. 84.]

**Art. 6271. May Amend Articles, etc.**

Any railroad corporation may amend or change its articles or act of incorporation in the manner following:

**Art. 6429. Law Not to Apply to State Loans, etc.**

The provisions of this law shall not apply to any debt, execution or deed of trust held by the State against any railroad company because of any loan made by the State to any company under the provisions of the Act to provide for the investment of the special school fund, or any other law which authorizes the loan of money to railroad companies, nor shall any creditor of any railroad company be allowed to make the State a party to any suit brought for the enforcement of any debt, mortgage or deed of trust or lien on any railroad, or permitted to require the State to foreclose any lien which it may have had upon any road, but the lien of the State and its right to enforce the same shall continue as if this law had never been passed, and as if no sale had been made under the provisions of the same.

[Acts 1925, S.B. 84.]

**Art. 6430. Reducing Wages**

All persons in the employment of such railway company shall receive thirty full days notice from said company immediately prior to the day upon which a reduction is to take effect before their wages shall be reduced. In all cases of reduction the employe shall be entitled to receive from such company wages at his contract price for the full term of thirty days after such notice is given. Said notice may be given by posting written or printed handbills, specifying the parties whose wages are to be reduced and the amount of such reduction, in at least three conspicuous places in or about each shop, section house, station, depot, train or other place where said employes are at work; provided, such employe shall, within fifteen days from the date of such notice, inform such railway company, by posting like notices as given by such railway company, whether or not he will accept such reduction; and, if no such information is given such company by such employe, then such employe shall forfeit his right to such notice and such reduction

shall take effect from the date of such notice, instead of at the expiration of thirty days. Any railway company violating or evading any provision of this article shall pay to each employe affected thereby one month's extra wages.

[Acts 1925, S.B. 84.]

**Art. 6431. Discharged Employee**

If said railroad company fails or refuses to pay such employe, then it shall be liable to pay to such employe twenty per cent on the amount due him, as damages, in addition to the amount so due, in no case the damages to be less than five nor more than one hundred dollars.

- 6440. Contributory Negligence.
- 6441. Assumed Risk.

- 6443. Articles of This Chapter Construed.

**Art. 6432. Injury to Fellow Servant**

Every person, receiver, or corporation operating a railroad or street railway, the line of which shall be situated in whole or in part in this State, shall be liable for all damages sustained by any servant or employe thereof while engaged in the work of operating the cars, locomotives or trains of such person, receiver, or corporation, by reason of the negligence of any other servant or employe of such person, receiver or corporation, and the fact that such servants or employes were fellow-servants with each other shall not impair or destroy such liability.

[Acts 1925, S.B. 84.]

**Art. 6433. Who are Vice-Principals**

All persons engaged in the service of any person, receiver, or corporation controlling or operating a railroad or street railway, the line of which shall be situated in whole or in part in this State, who are intrusted by such person, receiver, or corporation with the authority of superintendence, control or

command of the other servants or employes, of such person, receiver, or corporation, with the authority to direct any other employe in the performance of any duty of such employe, are vice-principals of such person, receiver, or corporation, and are not fellow-servants with their co-employes.

[Acts 1925, S.B. 84.]

**Art. 6434. "Fellow-Servants"**

All persons who are engaged in the common service of such person, receiver, or corporation controlling or operating a railroad or street railway, and who while so employed are in the same grade of employment and are doing the same character of work or service, and are working together at the same time and place, and at the same piece of work and to a common purpose, are fellow-servants with each other. Employes who do not come within the provisions of this article shall not be considered fellow-servants.

[Acts 1925, S.B. 84.]

**Art. 6435. Contract Limiting Liability Void**

No contract made between the employer and employe based upon the contingency of death or injury of the employe and limiting the liability of the employer under the preceding articles of this chapter, or fixing damages to be recovered, shall be valid or binding.

[Acts 1925, S.B. 84.]

**Art. 6436. Contributory Negligence**

Nothing in the preceding articles of this chapter shall be held to impair or diminish the defense of contributory negligence when the injury of the servant or employe is caused proximately by his own contributory negligence, except as otherwise provided in this chapter.

[Acts 1925, S.B. 84.]

**Art. 6437. Assumed Risk**

The plea of assumed risk shall not be available as a bar to recovery of damages in any suit brought in any court of this State against any corporation, receiver or other person, operating any railroad, interurban railway or street railway in this State for the recovery of damages for the death or personal injury of any employe or servant caused by the wrong or negligence of such person, corporation or receiver; it being contemplated that while the employe does assume the ordinary risk incident to his employment he does not assume the risk resulting from any negligence on the part of his employer, though known to him.

Where, however, in any such suit, it is alleged and proven that such deceased or injured employe was chargeable with negligence in continuing in the service of any such corporation, receiver or person above named in view of the risk, dangers and hazards of which he knew or must necessarily have known, in the ordinary performance of his duties,

such fact shall not operate to defeat recovery, but the same shall be treated and considered as constituting contributory negligence, and if proximately causing or contributing to cause the death or injury in question, it shall have the effect of diminishing the amount of damages recoverable by such employe, or his heirs or representatives in case of the employe's death, only in proportion to the amount of negligence so attributable to such employe.

[Acts 1925, S.B. 84.]

**Art. 6438. Double Header Trains**

Employes of railway companies employed by said companies in the operation of trains within this State, propelled by two or more engines, shall not be held to assume the risk, if any there be, incident to their employment; provided, they be injured while engaged in the operation of such trains and that such injury was occasioned by reason of the operation of two or more engines on such train instead of one.

[Acts 1925, S.B. 84.]

**Art. 6439. Liable for Injury or Death of Employe**

Every corporation, receiver, or other person, operating any railroad in this State, shall be liable in damages to any person suffering injury while he is employed by such carrier operating such railroad, or in case of death of such employe, to his or her personal representative for the benefit of the surviving widow and children, or husband and children, and mother and father of the deceased, and, if none, then of the next kin dependent upon such employe for such injury or death resulting in whole or in part from the negligence of any of the officers, agents, or employes of such carrier; or by reason of any defect or insufficiency due to its negligence, in its cars, engines, appliances, machinery, track, roadbed, works, boats, wharves, or other equipment. The amount recovered shall not be liable for debts of deceased and shall be divided among the persons entitled to the benefit of the action or such of them as shall be alive, in such shares as the jury, or court trying the case without a jury, shall deem proper. In case of the death of such employe, the action may be brought without administration by all the parties entitled thereto, or by any one or more of them, for the benefit of all, and, if all parties be not before the court, the action may proceed for the benefit of such of said parties as are before the court.

[Acts 1925, S.B. 84.]

**Art. 6440. Contributory Negligence**

In all actions brought against any such common carrier or railroad under or by virtue of any provision of the foregoing article and the three succeeding articles to recover damages for personal injuries to an employe, or where such injuries have resulted in his death, the fact that the employe may have been guilty of contributory negligence shall not bar

a recovery, but the damages shall be diminished by the jury in proportion to the amount of negligence attributable to such employe; provided, that no such employe who may be injured or killed shall be held to have been guilty of contributory negligence in any case where the violations by such common carrier of any statute enacted for the safety of employes contributed to the injury or death of such employe.

[Acts 1925, S.B. 84.]

**Art. 6441. Assumed Risk**

In any action brought against any common carrier under or by virtue of any provision of the two preceding articles to recover damages for injuries to or the death of any of its employes, such employe shall not be held to have assumed the risks of his employment in any case where the violation by such common carrier of any statute enacted for the safety of employes contributed to the injury or death of such employe.

[Acts 1925, S.B. 84.]

**Art. 6442. Contract Changing Liability Void**

Any contract, rule, regulation or device whatsoever, the purpose or intent of which shall be to enable any common carrier to exempt itself from any liability created by the three preceding articles shall to that extent be void; provided, that, in any action brought against any such common carrier by virtue of said articles, such common carrier may set off therein any sum it has contributed or paid to any insurance, relief benefit or indemnity that may have been paid to the injured employe, or the person entitled thereto, on account of the injury or death for which said action was brought.

[Acts 1925, S.B. 84.]

**Art. 6443. Articles of This Chapter Construed**

Nothing in the provisions of the four preceding articles shall be held to limit the duty or liability of common carriers, or to impair the rights of employes, under other articles of these Statutes, but, in case of conflict, these articles shall prevail; and nothing in said articles shall affect the right of action under any law of this State.

The Commission shall have power to prescribe reasonable rates, tolls or charges for all other services performed by any railroad subject hereto.

10. Require each railway subject to this title to provide and maintain adequate, comfortable and clean depots and depot buildings at its several stations for the accommodation of passengers; and to keep them well-lighted and warmed for the comfort and accommodation of the traveling public; and keep and maintain adequate and suitable freight depots and buildings for the receiving, handling, storing and delivering of all freight handled by such roads and such railway, and to obey the requirements of the Commission in respect thereto.

11. See that all laws of this State concerning railroads are enforced and that violations thereof are promptly prosecuted and penalties due the State therefor are recovered and collected; and report all such violations with the facts in its possession to the Attorney General or other officer charged with the enforcement of the law. It shall investigate all complaints against all railroad companies. Suits between the State and a railroad shall have precedence in the courts.

[Acts 1925, S.B. 84.]

#### Art. 6449. Notice

Before any rates shall be established, the Commission shall give each railroad company to be affected thereby ten days' notice of the time and place when and where the rates shall be fixed; and said railroad company shall be entitled to be heard at such time and place; and it shall have process to enforce the attendance of its witnesses, which shall be served as in civil cases.

[Acts 1925, S.B. 84.]

#### Art. 6450. Rules for Hearing, etc.

The Commission may adopt rules to govern its proceedings and to regulate the mode and manner of all investigations and hearings of railroad companies and other parties before it, in the establishment of rates, orders, charges, and other acts required of it under this law; and no person shall be denied admission at such investigation.

[Acts 1925, S.B. 84.]

#### Art. 6451. May Administer Oaths, etc.

Each Commissioner, for the purposes mentioned in this chapter, shall have power to administer oaths, certify to all official acts, and to compel the attendance of witnesses, and the production of papers, waybills, books, accounts, documents and tes-

timony, and to punish for contempt as fully as is provided by law for the district court.

[Acts 1925, S.B. 84.]

#### Art. 6452. Rates Conclusive

In all actions between private parties and railway companies brought under this law, the rates, charges, orders, rules, regulations and classifications prescribed by the Commission before the institution of such action shall be held conclusive, and deemed and accepted to be reasonable, fair, and just, and in such respects shall not be controverted therein until finally found otherwise in a direct action brought for the purpose in the manner prescribed by the two succeeding articles.

[Acts 1925, S.B. 84.]

#### Art. 6453. Appeal

If any railroad company or other party at interest be dissatisfied with the decision of any rate, classification, rule, charge, order, act or regulation adopted by the Commission, such dissatisfied company or party may file a petition setting forth the particular cause or causes of objection to such decision, act, rate, rule, charge, classification, or order, or to either or all of them, in a court of competent jurisdiction in Travis County, Texas, against said Commission as defendant. Said action shall have precedence over all other causes on the docket of a different nature, and shall be tried and determined as other civil causes in said court. Either party to said action may appeal to the Appellate Court having jurisdiction of said cause; and said appeal shall be at once returnable to said Appellate Court at either of its terms; and said action so appealed shall have precedence in said Appellate Court of all causes of a different character therein pending; provided, that, if the court be in session at the time such right of action accrues, the suit may be filed during such term and stand ready for trial after ten days' notice. Provided further that no preliminary injunction shall be issued without notice to the opposite party and that no temporary restraining order shall be granted without notice to the opposite party unless it shall clearly appear from specific facts shown by affidavit or by the verified petition that immediate and irreparable injury, loss, or damage will result to the applicant before notice can be served and a hearing had thereon. Every such temporary restraining order shall be enforced with the date and hour of issuance, shall be forthwith filed in the clerk's office and entered of record, shall define the injury and state why it is irreparable and why the order was granted without notice, and shall by its terms expire within such time after entry, not to exceed ten days, as the court or judge may fix, unless within the time so fixed the order is extended for a like period for good cause shown, and the reasons for such extension shall be entered of record. In case a temporary restraining order shall be granted without notice in the contingency specified, the matter of the issuance of a preliminary

injunction shall be set down for a hearing at the earliest possible time and shall take precedence of all matters except older matters of the same character; and when the same comes up for hearing the party obtaining the temporary restraining order shall proceed with the application for a preliminary injunction, and if he does not do so the court shall dissolve the temporary restraining order. Upon two days' notice to the party obtaining such temporary restraining order the opposite party may appear and move the dissolution or modification of the order, and in that event the court or judge shall proceed to hear and determine the motion as expeditiously as the ends of justice may require.

[Acts 1925, S.B. 84.]

#### Art. 6454. Burden of Proof

The burden of proof shall rest upon the plaintiff to show the rates, regulations, orders, classifications, acts or charges complained of are unreasonable and unjust to it or them.

[Acts 1925, S.B. 84.]

#### Art. 6455. Schedule of Rates

The Commission shall, when the classifications and schedule of rates herein provided are prepared and adopted, furnish each railroad affected thereby which is subject to the provisions of this title with a complete schedule in suitable form, showing the classification of freight made by it and the rates fixed to be charged by such road for the transportation of each class of freight, and shall cause a certified copy of such classification and schedule of rates to be delivered to each of said railroads at its principal office in Texas, or to any agent of said company in this State; which schedule, rules, and regulations shall take effect at the date fixed by the Commission, not less than twenty days after the date of service.

[Acts 1925, S.B. 84.]

#### Art. 6456. Schedule to be Printed and Posted

Each of said railroad companies shall cause said schedule to be printed in type of a size not less than pica, and shall have the same posted up in a conspicuous place at each of its depots, so as to be inspected by the public.

[Acts 1925, S.B. 84.]

#### Art. 6457. May Abolish or Alter Regulations

The Commission may at any time abolish, alter, or in any manner amend any such regulations; and in that event certified copies of the schedules, rules or regulations, showing the changes therein, shall be delivered to each road affected as herein specified. In all cases where the rates shall not have been fixed by the Commission, no changes shall be made, except after ten days' notice to and with the consent of the Commission.

[Acts 1925, S.B. 84.]

#### Art. 6458. Emergency Freight Rates

The Commission may prevent interstate rate wars and injury to the business or interests of the people or railroads of the State, or in case of any other emergency, to be judged of by the Commission, it shall temporarily alter, amend or suspend any existing freight rates, tariffs, schedules, orders and circulars on any railroad or part of railroad in this State, and fix freight rates where none exist. Said rates so made, shall take effect at such time and remain in force for such length of time as the Commission may prescribe.

[Acts 1925, S.B. 84.]

#### Art. 6459. Temporary Tariffs

The Commission shall have power to make temporary freight and passenger tariffs, to take effect at such times as said Commission shall fix whenever an emergency arises, the sufficiency of which shall be judged of by said Commission. In order that justice may be done or injury prevented any person, place or locality, said Commission shall have the power at once to suspend temporarily any existing freight or passenger tariffs, rules and regulations for temporary use, to have immediate effect where none exists.

[Acts 1925, S.B. 84.]

#### Art. 6460. Complainants

Any person, firm, corporation, or association, body politic, or municipal organization, complaining of anything done or omitted to be done by any railroad subject hereto, in violation of any law of this State, or any provision of this title, for which penalty is provided, may apply to the Commission under such rules as the Commission may prescribe.

[Acts 1925, S.B. 84.]

#### Art. 6461. Procedure

If there shall appear to the Commission any reasonable grounds for investigating such complaint; (1) it shall give at least five days' notice to such railroad of such charge and complaint, and call upon such road to answer the same at a time and place to be specified by the Commission. (2) It shall investigate and determine such complaint under such rules and modes of procedure as it may adopt. (3) If the Commission finds that there has been a violation, it shall determine if the same was wilful. (4) If it finds that such violation was not wilful, it may call upon said road to satisfy the damage done to the complainant thereby, stating the amount of such damage, and to pay the cost of such investigation; and if the said railroad shall do so within the time specified by the Commission there shall be no prosecution by the State. (5) If said railroad shall not pay said damage and cost within the time specified by said Commission or if the Commission finds such violation was wilful, it shall institute proceedings to

recover the penalty for such violation and the cost of the investigation.

[Acts 1925, S.B. 84.]

**Art. 6462. Complaints, How Framed**

All such complaints shall be made in the name of the State of Texas upon the relation of such complainant. All evidence taken before said Commission in the investigation of any such complaint, when reduced to writing and signed and sworn to by the witnesses, may be used by either party, the State, complainant, or by the railroad company, in any proceeding against such railroad involving the same subject matter.

[Acts 1925, S.B. 84.]

**Art. 6463. Testimony Taken**

The Commissioners may require the testimony taken before them to be reduced to writing when they deem necessary, or when requested to do so by either party to such proceedings; and a certified copy, under the hand and seal of said Commission, shall be admissible in evidence upon the trial of any cause or proceeding growing out of the same transaction against such railroad, involving the same subject matter and between the same parties. No provisions of this and the three preceding articles shall abridge nor affect the rights of any person to sue for any penalty that may be due him under the provisions of this title, or any other law of the State.

[Acts 1925, S.B. 84.]

**Art. 6464. May Inspect Books, etc.**

The Commissioners or either of them, or such persons as they may authorize in writing under the hand and seal of the Commission, shall have the right at any time to inspect the books and papers of any railroad company and to examine under oath any officer, agent or employé of such railroad in relation to the business and affairs of the same.

[Acts 1925, S.B. 84.]

**Art. 6465. Penalty**

If any railroad shall refuse to permit such examination of its books and papers, such railroad company shall, for each offense, pay to the State of Texas not less than one hundred and twenty-five nor more than five hundred dollars for each day it shall so fail or refuse.

[Acts 1925, S.B. 84.]

**Art. 6466. Shall Ascertain Cost of Railway, etc.**

The Commission shall ascertain as nearly as practicable:

1. The amount of money expended in construction and equipment per mile of every railway in Texas;
2. The amount of money expended to procure the right of way, and the amount of money it would

require to reconstruct the roadbed, track, depots, and equipment, and to replace all the physical properties belonging to the railroad.

3. The outstanding bonds, debentures and indebtedness, and the amount respectively thereof; when issued, and the rate of interest; when due, for what purpose issued, how used, to whom issued, to whom sold, and the price in cash, property or labor, if any, received therefor.

4. Disposition of the proceeds, by whom the indebtedness is held, and the amount purporting to be due thereon.

5. The floating indebtedness of the company, to whom due and his address, and the credits due on it.

6. The property on hand belonging to the railroad company.

7. The judicial or other sales of said road, its property or franchises, and the amounts purporting to have been paid and in what manner paid therefor.

8. The amounts paid for salaries to the officers of the railroad and the wages paid its employés.

For the purposes of this article named, the Commission may employ sworn experts to inspect and assist them when needed, and from time to time, as the information required by this article is obtained, it shall communicate the same to the Attorney General by report, and file a duplicate thereof with the Comptroller for public use. Said information shall be printed from time to time in the annual report of the Commission.

[Acts 1925, S.B. 84.]

**Art. 6467. Blanks for Information**

The Commission shall as often as necessary furnish each railroad company suitable blanks with questions formed so as to elicit all information concerning such railroads. Any railroad company receiving such blanks shall cause them to be properly filled out so as to answer fully and correctly each question therein propounded, and if they are unable to answer any question therein propounded, they shall give satisfactory reason for their failure; and the answers duly sworn to by the proper officer of the company, shall be returned to the Commission within thirty days from the receipt thereof.

[Acts 1925, S.B. 84.]

**Art. 6468. Refusal to Answer**

If any officer or employé of a railroad shall fail or refuse to fill out and return any blanks as above required, or fail or refuse to answer any questions therein propounded, or shall give a false answer to any such questions where the fact inquired of is within his knowledge, or shall evade the answer to any such questions, a penalty of five hundred dollars shall be recovered from the company by the State when it appears that such persons acted in obedience to its direction, permission or request in his failure, evasion or refusal. Said Commission

shall have the power to prescribe a system of book-keeping to be observed by each railroad subject hereto, under the penalties prescribed in this article.

[Acts 1925, S.B. 84.]

**Art. 6469. Annual Reports**

The Commission shall make and submit to the Governor annual reports containing a full and complete account of the transactions of their office, together with the information gathered by such Commission as herein required, and such other facts, suggestions and recommendations as it may deem necessary, which report shall be published as the reports of heads of departments.

[Acts 1925, S.B. 84.]

**Art. 6470. Through Freights**

The Commission shall investigate all through freight rates on railroads in Texas; and when same are, in the opinion of the Commission, excessive or levied or laid in violation of the interstate commerce law, or the rules and regulations of the Interstate Commerce Commission, the officials of the railroads shall be notified of the facts and requested to reduce them or make the proper corrections, as the case may be. When the rates are not changed and the proper corrections are not made according to the request of the Commission, it shall notify the Interstate Commerce Commission and apply to it for relief.

[Acts 1925, S.B. 84.]

**Art. 6471. Witnesses**

In any examination or investigation provided in this chapter, the Commission is authorized and empowered to compel the attendance of witnesses, and may issue subpoenas for witnesses by such rules as they may prescribe, and such process shall be served by the officer to whom it may be directed. Each witness who shall appear before the Commission by order of the Commission, at a place outside the county of his residence, shall receive for his attendance one dollar per day and three cents per mile traveled by the nearest practical route, in going to and returning from the place of meeting of the Commission, which shall be paid by the Comptroller upon the presentation of proper vouchers, sworn to by the witness, and approved by the Commission. No witness shall be entitled to fees or mileage who is directly or indirectly interested in a railroad, or who is in anywise interested in any stock, bond, mortgage, security or earnings of such road, or was an officer, agent or employé of such road when summoned at the instance of such railroad. No witness furnished with free transportation shall receive pay for the distance he may travel on such free transportation. The Commission may issue an attachment as in civil cases, for a witness who fails or refuses to obey a subpoena, and compel him to attend before the Commission and give his testimony upon such matter as shall be lawfully required by them. If a witness, after being duly

summoned, shall fail or refuse to attend or to answer any question propounded to him, and which he would be required to answer if in court, the Commission may fine and imprison such witness for contempt, in the same manner that a judge of the district court might do under similar circumstances. The claim that any such testimony might tend to criminate the person giving it shall not excuse a witness from testifying, but such evidence or testimony shall not be used against such person on the trial of any criminal proceeding.

[Acts 1925, S.B. 84.]

**Art. 6472. Depositions**

The Commission may in its discretion issue proper process and take written or oral depositions instead of compelling personal attendance of witnesses. The fees of an officer executing any process issued under the provisions of this title shall be such as the Commission may allow, not to exceed fees as prescribed by law for similar services.

[Acts 1925, S.B. 84.]

**Art. 6472a. Depositions in Matters Pending Before Commission**

In all matters pending for hearing before the Railroad Commission of Texas, or any division thereof, the Commission, or any interested party, shall have the right to produce the testimony of any witness, or witnesses, by either written or oral depositions instead of compelling the personal attendance of witnesses. For this purpose the Commission is hereby empowered and authorized to issue commissions and all other process necessary for the purpose of taking such depositions. All depositions taken under the provisions of this Act shall be taken, insofar as applicable and to the fullest extent possible, in accordance with provisions of the Texas Rules of Civil Procedure, as amended, relating to written and oral depositions in civil cases.

[Acts 1930, 41st Leg., 5th C.S., Leg., p. 183, ch. 43, § 1, eff. March 20, 1930. Amended by Acts 1971, 62nd Leg., p. 2541, ch. 835, § 1, eff. June 9, 1971.]

**Art. 6472b. Repealed by Acts 1971, 62nd Leg., p. 2541, ch. 835, § 2, eff. June 9, 1971**

**Art. 6473. Extortion**

If any railroad company, subject to the provisions of this title, or its agent or officer, shall charge, collect, demand, or receive a greater rate, charge or compensation than that fixed and established by the Commission for the transportation of freight, passengers or cars, or for the use of any car on the line of its railroad, or any line operated by it, or for receiving, forwarding, handling or storing any such freight or cars, or for any other service performed or to be performed by it, such railroad company and its agent and officer shall be deemed guilty of extortion, and shall forfeit and pay to the State of

Texas a sum not less than one hundred nor more than five thousand dollars.

[Acts 1925, S.B. 84.]

**Art. 6474. "Unjust Discrimination"**

Unjust discrimination is hereby prohibited and the following acts or either of them shall constitute unjust discrimination.

1. If any railroad subject hereto, directly or indirectly, or by any special rate, rebate, drawback or other device, shall charge, demand, collect or receive from any person, firm or corporation a greater or less compensation for any service rendered or to be rendered by it than it charges, demands, collects or receives from any other person, firm or corporation for doing a like and contemporaneous service, or shall give any undue or unreasonable preference or advantage to any particular person, firm or corporation, or locality, or to subject any particular description of traffic to any undue or unreasonable prejudice, delay or disadvantage in any respect whatsoever.

2. If any railroad company shall fail or refuse, under regulations prescribed by the Commission, to receive and transport without delay or discrimination the passengers, tonnage and cars, loaded or empty, of any connecting line of railroad, and every railroad which shall, under such regulations as the Commission may prescribe, fail or refuse to transport and deliver without delay or discrimination any passengers, tonnage or cars, loaded or empty, destined to any point on or over the line of any connecting line of railroad; provided perishable freights of all kinds and live stock shall have precedence of shipment.

3. If any railroad company shall charge or receive any greater compensation in the aggregate for the transportation of like kind of property or passengers for the shorter line than for a longer distance over the same line; provided, that upon application to the Commission any railroad may in special cases, to prevent manifest injury, be authorized by the Commission to charge less for longer than for shorter distances for transporting persons and property, and the Commission shall, from time to time, prescribe the extent to which such designated railroad may be relieved from the operation of this provision. No injustice shall be imposed upon any citizen at intermediate points. Nothing herein shall be so construed as to prevent the commission from making what are known as "group rates" on any line or lines of railroad in this State.

4. Penalty.—Any railroad company guilty of unjust discrimination as hereinbefore defined shall for each offense pay to the State of Texas a penalty of not less than five hundred dollars nor more than five thousand dollars.

5. Exceptions.—Nothing herein shall prevent the carriage, storage or handling of freight free or at reduced rates, or to prevent railroads from giving free transportation or reduced transportation under

such circumstances and to such persons as the law of this State may permit or allow.

[Acts 1925, S.B. 84.]

**Art. 6475. Damages**

If any railroad subject to this title shall do, cause or permit to be done any matter, act or thing prohibited or declared to be unlawful, or shall omit to do any act, matter or thing herein required to be done by it, such railroad shall be liable to the person or persons, firm or corporation injured thereby for the damages sustained in consequence of such violation.

[Acts 1925, S.B. 84. Amended by Acts 1951, 52nd Leg., p. 778, ch. 430, § 1.]

**Art. 6476. Penalty Not Otherwise Provided**

If any railway company doing business in this State shall violate any provision of this title, or shall do any act herein prohibited, or shall fail or refuse to perform any duty enjoined upon it for which a penalty has not been provided by law or shall fail, neglect or refuse to obey any lawful requirement, order, judgment or decree made by the Commission, for every such act of violation it shall pay to the State of Texas a penalty of not more than five thousand dollars.

[Acts 1925, S.B. 84.]

**Art. 6477. Suits for Penalty**

All of the penalties herein provided, except as provided in Article 6475, recoverable by the State shall be recovered and suits thereon shall be brought by the Attorney General or under his direction in the name of the State of Texas, in Travis County, or in any county into or through which such railroad may run; and the attorney bringing such suit shall receive a fee to be paid by the State of fifty dollars for each penalty recovered and collected by him, and ten percent of the amount collected. In all suits arising under this chapter, the rules of evidence shall be the same as in ordinary civil actions, except as otherwise herein provided. All fines and penalties recovered by the State under this chapter shall be paid into the State Treasury; provided suits brought under Title 66 for recovery of penalties, may be brought in any county:

1. Where an act violative of any provision thereof is committed.

2. Where such company or receiver has an agent or representative.

3. Where the principal office of such company is situated, or such receiver or receivers, or either, reside. One-half of all moneys collected under the provisions of said title, less the commission and expenses allowed by law, shall be paid into the State Treasury; the remainder thereof shall be paid into the treasury of the county where such suit or suits

may be maintained and constitute a part of the jury fund of such county.

[Acts 1925, S.B. 84.]

**Art. 6478. Evidence**

Upon application of any person, the Commission shall furnish certified copies of any classification, rates, rules, regulations, or orders, and such certified copies, or printed copies published by authority of the Commission shall be admissible in evidence in any suit and sufficient to establish the fact that any charge, rate, rule, order, or classification therein contained and which may be an issue in the trial, is the official act of the Commission. A substantial compliance with the requirements of this chapter shall be sufficient to give effect to all the classifications, rates, charges, rules, regulations, requirements and orders made and established by the Commission, and none of them shall be declared inoperative for any omission of a technical matter in the performance of such act.

[Acts 1925, S.B. 84.]

**Art. 6478a. Reception in Evidence of Schedules, Classifications and Tariffs of Rates, Fares and Charges**

Printed copies of schedules, classifications and tariffs of rates, fares and charges, and supplements thereto, filed with the Interstate Commerce Commission or the Railroad Commission of Texas, which show respectively an Interstate Commerce Commission number, which may be stated in abbreviated form as I.C.C. No. \_\_\_\_\_, and an effective date, or which show respectively a Railroad Commission of Texas number, which may be stated in abbreviated form as R.C.T. No. \_\_\_\_\_, and an effective date, may be received in evidence without certification and shall be presumed to be correct copies of the original schedules, classifications, tariffs and supplements on file with the Interstate Commerce Commission or on file with the Railroad Commission of Texas.

[Acts 1959, 56th Leg., p. 218, ch. 127, § 1.]

**Art. 6479. Power of Commission to Relax Requirement as to Number of Passenger Trains; Hearing; Stopping at County Seats; Electric and Motor Cars**

The terms "road," "railroad," "railroad companies," and "railroad corporations," as used herein, shall be taken to mean and embrace all corporations, companies, individuals and associations of individuals, their lessees or receivers, appointed by any court whatsoever, that may now or hereafter own, operate, manage or control any railroad, or part of a railroad, in this State, and all such corporations, companies and associations of individuals, their lessees or receivers, as shall do the business of common carriers on any railroad in this State.

1. The provisions of this chapter shall be construed to apply to and affect only the transportation of passengers, freight and cars between points within this State; and this chapter shall not apply to street railways nor suburban or belt lines of railways in or near cities and towns, but shall apply to the transportation of passengers and freight by electric or gasoline motor cars over steam railroads subject to this Act.

2. It shall be the duty of the Commission to see that upon each railroad in this State carrying passengers for hire there shall be run at least one train each day, Sundays excepted, upon which passengers shall be hauled; provided, however, the Commission may, in its discretion, upon application filed and after notice and hearing, relax such requirement as to any railroad, or part, portion or branch thereof, when, in its opinion, public convenience permits of such relaxation, and shall relax such requirement when it appears upon such hearing that the running of one train each day, Sundays excepted, is not necessary in the rendition of adequate service to the public, or that on any railroad, or part, or portion or branch thereof, passenger service as frequent as one train each day, Sundays excepted, with the passenger traffic offered and reasonably to be expected, does not and will not pay the cost of such service plus a reasonable return upon the property employed in the rendition of such service; and Commission shall further regulate passenger train service so as to require the stoppage of such trains, for a time sufficient to receive and let off passengers, at such stations as may be designated by the Commission; and it may further prescribe the number of trains so operated each day which shall be required to stop at County seat stations; and if such railroad, or branch of same shall operate a gasoline or electric motor car over its line, carrying passengers for hire in this State, such motor car shall be deemed a train within the meaning of this Article and shall be subject to and included within the provisions hereof.

[Acts 1925, S.B. 84. Amended by Acts 1927, 40th Leg., p. 283, ch. 198; Acts 1933, 43rd Leg., p. 281, ch. 111.]

**Art. 6479a. Frequency of Freight Train Service; Powers of Commission; Hearing; Certificate; Furnishing Cars**

Every railroad company, receiver, trustee, lessee, agent or other person, company or association operating any line of railroad in this State shall be and hereby is required to furnish freight train service at intervals sufficiently frequent to meet the reasonable necessities of the freight traffic offered for transportation over such line of railroad. If the Railroad Commission of Texas, on application and after notice and hearing shall find that on any line of railroad in this State, or part, portion or branch thereof, the convenience of the public does not require the furnishing of freight train service at more frequent intervals than a specified number of trains each week, it shall certify such finding to said

applicant, and until such certificate, after notice and hearing, shall have been modified or revoked, it shall be conclusively presumed that freight train service of the frequency specified in such certificate over the railroad, or part, portion or branch thereof, described in such certificate is fully adequate to discharge the public duty of the person, firm or corporation operating such railroad, and such person, firm or corporation shall not be subject to any penalties or liabilities whatsoever for failing to operate or furnish freight train service in excess of that specified in that certificate. The time within which cars may be required to be furnished for loading under any of the laws of this State shall, on the railroad, or part, or portion or branch thereof, specified in any such certificate, be extended and enlarged, in case any such certificate, be made, by multiplying the maximum number of days otherwise allowed by a fraction whose numerator shall be seven and whose denominator shall be the number of trains in any one direction which may be specified in such certificate as the maximum required in any one week.

[Acts 1933, 43rd Leg., p. 280, ch. 110.]

**Art. 6480. Law Cumulative**

Any provision of this title which may be inconsistent or in conflict with Title 66 shall be void and inoperative, but to that extent only. The provisions of any foregoing article of this title shall not have the effect to release or waive any right of action by the State, or any person, for any right, penalty or forfeiture which may have arisen or may hereafter arise under any law of this State; and all penalties accruing under this title shall be cumulative of each other, and a suit for or recovery of one shall not be a bar to the recovery of any other penalty.

[Acts 1925, S.B. 84.]

**Art. 6481. Railroad to Furnish Cars**

When any person, firm or corporation, desiring to ship any freight of any kind shall make written application to any superintendent, agent, or other person in charge of transportation, to any railway company, receiver or trustee operating a line of railway at the point the cars are desired upon which to ship any freight, it shall be the duty of such railroad company, receiver, trustee, or other person in charge thereof, to supply the number of cars so required, at the point indicated in the application, within a reasonable time thereafter, not to exceed six days from the receipt of such application, and shall supply such cars to the persons so applying therefor, in the order in which such applications are made, without giving preference to any person. If the application be for twelve cars or less, the same shall be furnished in three days; and provided further, that, if the application be for fifty cars or more, the railway company may have ten full days in which to supply the cars. Said application for cars shall state the number of cars desired, the place at which they are desired, and the time they

are desired. The place designated shall be at some station or switch on the railroad.

[Acts 1925, S.B. 84.]

**Art. 6482. Penalty**

A railway company failing to furnish cars applied for under the provisions of this chapter shall forfeit to the party or parties so applying for them the sum of twenty-five dollars per day for each car failed to be furnished, and all actual damages that such applicant may sustain.

[Acts 1925, S.B. 84.]

**Art. 6483. Deposit**

Such applicant shall deposit with such agent, superintendent or other person one-fourth of the amount of freight charges for the use of such cars, and shall load said cars within forty-eight hours after they have been duly delivered; and upon failure to do so, he shall forfeit and pay to the company the sum of twenty-five dollars for each car not used. Where applications are made on several days, all of which are filed upon the same day, the applicant shall have forty-eight hours to load the car or cars furnished on the first application, and the next forty-eight hours to load the car or cars furnished on the next application, and so on; Sundays shall not be included in computing the time. The penalty prescribed shall not accrue to any car or lot of cars applied for any one day, until the period within which they may be loaded has expired. If the said applicant shall not use such cars so ordered by him, and shall notify said company or its agent, he shall forfeit and pay to the said railroad company, in addition to the penalty herein prescribed, the actual damages that such company may sustain by the failure to use said cars.

[Acts 1925, S.B. 84.]

**Art. 6484. To Deliver Loaded Cars**

When cars have been supplied and loaded, the railway company shall deliver them to the consignee within a reasonable time; and the consignee shall unload the same within forty-eight hours after delivery and notice, Sundays excepted, or forfeit and pay to the company the sum of twenty-five dollars per day for each car not so unloaded.

[Acts 1925, S.B. 84.]

**Art. 6485. Proof Necessary**

Parties bringing suit against a railroad company under the provisions of this law shall show that such cars if furnished, would have been loaded within the time specified by this law. The provisions of this law shall not apply in cases of strikes or public calamity.

[Acts 1925, S.B. 84.]

**Art. 6486. Not to Affect Demurrage Regulations**

The provisions of this law shall not forfeit or annul the demurrage regulations provided by the

Commission, and all penalties accruing to the carrier hereunder shall be cumulative of and additional to all demurrage charges prescribed by said Commission.

[Acts 1925, S.B. 84.]

**Art. 6487. Duty to Furnish Cars**

Each railroad company incorporated under the laws of this State and doing business in this State, under the limitations and regulations prescribed by the Commission, shall equip and provide sufficient motive power and rolling stock to handle all passenger and freight traffic expeditiously and without delay.

[Acts 1925, S.B. 84.]

**Art. 6488. Commission to Require Mortgage**

The Commission shall require each railroad corporation chartered under the laws of this State, holding itself out as a common carrier, to provide and equip itself with sufficient motive power and rolling stock, or other equipment necessary, to handle all passenger and freight traffic, expeditiously and without delay, and it is vested with full power to require of such common carriers the purchase of such rolling stock and motive power as will properly equip such common carrier, and facilitate the movement of all traffic, passenger and freight, and that will supply transportation accommodations which it offers to perform as an inducement to the public to travel or ship via the lines of such railroad company, or common carrier. The Commission is authorized and empowered to approve liens or mortgages that may be given by such railroad companies and common carriers to secure the purchase or lease price of any equipment or motive power which may be deemed by the Commission necessary for the proper discharge of its duty as a common carrier. If in the judgment of the Commission any railroad company in this State which now has an excessive issue of bonds and stocks outstanding, has not sufficient passenger and freight equipment and motive power to handle the passenger and freight business of such common carrier and railroad company, the Commission after not less than five days' notice and hearing shall issue an order requiring the purchase of such rolling stock as in the judgment and discretion of the Commission may be deemed necessary for the prompt, expeditious and comfortable transportation of freight and passengers over the line of such railroad company and common carrier; and in such case, the Commission is authorized to approve contracts or liens for the purpose of securing the purchase or lease price of such rolling stock, motive power and equipment.

[Acts 1925, S.B. 84.]

**Art. 6489. Penalty**

Any railroad company or common carrier failing to comply with any provision of the two preceding articles, or to obey the orders of the Railroad Commission, made in pursuance of any provision there-

of, shall be deemed guilty of an abuse of their rights and privileges, and, shall be subject to a penalty of one hundred dollars payable to the State of Texas. Each day that such railroad company or common carrier neglects, fails or refuses to comply with such orders shall constitute a separate offense.

[Acts 1925, S.B. 84.]

**Art. 6490. Facilities, Interchange Cars, etc.**

Every railroad company operating a line of railroad within this State shall provide sufficient tracks, switches, sidings, yards, depots, motive power, cars and all other needful facilities and appliances, for receiving and delivering freight, to enable it with reasonable dispatch to perform all of its duties as to all traffic which with ordinary foresight and diligence could be anticipated, as a common carrier; and furnish all necessary and suitable cars and vehicles of transportation for all freight offered or tendered to it for shipment within a reasonable time after demand therefor made by a shipper; and supply within a reasonable time, at its station or stations, spurs, sidings, switches, or other places, at which it receives freight for transportation, and from which such shipper gives notice to such railway company that he desires to ship such freight at the time designated by the shipper, where it is within reasonable time, sufficient suitable cars within which to load the same; and as to all services to be performed within the limits of the State, as to such freight and cars shall transport same within a reasonable time to destination, when destined to a point upon the line of such railway receiving such freight, and, if destined to a point beyond the line of such railroad, then transport and deliver within a reasonable time such freight in such loaded car or cars to the connecting carrier forming any part of the route over which such shipment is made, for the purpose of transportation by such connecting carrier on to the destination of such freight, or for delivery by it to the connecting line or lines forming any part of the route over which same is to be transported to its ultimate destination; and each connecting line of railroad engaged in such transportation, as to all such service to be performed, as to all such freight and cars in which the same is carried within this State, shall receive and transport within a reasonable time such loaded car or cars tendered to it, if in suitable condition for movement, and deliver the same at destination thereof, if destined to a point upon its line of railroad, and, if destined to a point beyond its line of railroad, then to its connecting carrier forming any part of the route over which such car or cars are to be transported, subject to the same duties and obligations as if such freight had originated upon such line of railroad. Where such freight forms less than a carload, or where it may be necessary to unload the same because of any accident or injury thereto, or to the car in which the same is being transported, or where such freight is unloaded at the request of the shipper en route, or where by reason of any accident or unavoidable cause, or in order to comply

with any law or regulation provided by law, such freight is unloaded, or it is reasonably necessary to do so, or where it is for any other reason necessary to unload such freight in order to forward, or before it can be forwarded, in any such cases, where suitable cars may be supplied, and when the freight is carried wholly within this State, the Commission shall make all needful rules and regulations for unloading cars at junction points, or otherwise forwarding cars, furnishing cars for forwarding or reloading and the exchange of cars and forwarding of such freight in the same or other cars. Whenever by reason of any accidental or unavoidable cause which cannot be provided against by the use of reasonable foresight or diligence, such railroad company fails to so furnish cars and shall use reasonable diligence to do so promptly after the happening of such accidental or unavoidable cause, it shall not, on account of such failure, be liable to the penalties of attorney's fees or as otherwise herein prescribed. But nothing in this article shall in anyway affect the right or remedy of any shipper or other person as same may exist at common law or under any statute to recover on account of the failure, delay, or refusal to furnish cars for transportation of any freight, or other failure to perform any other legal duty, nor to in any wise exempt any such railroad company from any provision of the statutes of this State, or other duties imposed by law.

[Acts 1925, S.B. 84.]

**Art. 6491. To Interchange Cars at Junction Points**

To facilitate the movement, preservation and exchange of freight, every railroad company in this State, whose line of railroad connects with the line of any other railroad company in this State, shall exchange at such connecting or junction points, the loaded and empty cars used in or for transportation of freight carried upon such lines of railroad forming any part of the route over which said freight is carried or to be carried; and a railroad company forming any part of the through or joint route over which any freight is carried or to be carried, or having or participating in the joint rates on which such freight is carried or to be carried, on demand of any such connecting line delivering to it any such loaded car or cars of freight at junction points within this State shall furnish to such delivery line within a reasonable time after such loaded cars are so received, at such junction point in this State, as many cars suitable for the carriage or transportation of similar freight as may be so delivered to it loaded, by such connecting line; and upon the demand of the owner thereof, or the railroad company entitled thereto, or to the use thereof, every such railroad company so receiving the cars of another shall return the same at the place where they were received, or at such place as may be by said railroads agreed upon, within a reasonable time after demand thereof; and as to cars exchanged in transporting freight wholly within this State within the

time and according to the rules and regulations prescribed by the Commission.

[Acts 1925, S.B. 84.]

**Art. 6492. Commission to Make Rules**

As to all freight carried wholly within this State and the cars used therefor, the Commission shall make and establish all needful rules and regulations, general and special, which may be different according to the circumstances and conditions to different railroads and localities and for different kinds and classes of freight and cars, providing for the time, place and manner of demanding cars for or giving notice of shipment of such freight and the time, place, manner and order in which the same shall be furnished to shippers for the purpose of shipping freight between points in this State; and prescribe rules and regulations for the furnishing, exchanging and interchanging of cars, loaded and empty, by railroad companies as between each other; the time, place, terms and conditions upon which such cars shall be furnished and such interchange shall be made, and in the absence of an agreement of such railroad companies, the reasonable compensation to be paid by each railroad company for the use, loss, injury or destruction of the cars of another railroad company in the transportation of such freight; the time within which, and the manner by which railroad companies shall give notice or make demand upon each other for cars to be furnished by one railroad company in exchange for loaded cars, or to have its cars returned, the reasonable free time to be allowed the shippers for the loading of such car or cars without incurring liability for demurrage; the free time which shall be allowed to the shipper or consignee in which to unload such freight without incurring any liability for demurrage; a schedule of reasonable demurrage charges, reciprocal or otherwise, for the use of cars, irrespective of damages or penalties herein provided, which may be different for different railroads and different traffic and localities, to be paid by shippers for the detention or use of cars either in loading or unloading, or by the railroads for failing in a reasonable time to furnish cars, or to make delivery of loaded cars, subject to the penalties and damages herein provided, and the rules and regulations with respect thereto. Said Commission, whenever it may deem same necessary in order to secure the prompt transportation of freight and preservation of the property, shall be authorized to prescribe the minimum speed at which freight shall be moved when being transported between points within this State, including the time for transfer and delivery as between connecting railroads. Every such railway company shall conform to each rule, regulation and order of the Commission made in accordance with the two preceding and three succeeding articles; and failure to observe the rules and regulations of the Commission, or to comply with the provisions of this law, as to freight carried wholly within this State, shall be deemed an abuse subject to correction by the Commission, and shall subject such

railroad company to the penalties hereinafter provided.

[Acts 1925, S.B. 84.]

**Art. 6493. Liable for Damages, When**

Every railroad company which shall fail to furnish cars as provided herein for the shipment of freight within a reasonable time, or in case of the shipment of freight between points within this State, within the time prescribed by the Commission, or shall fail to receive and forward any loaded car or cars or to exchange cars as provided herein, shall be liable to the shipper or other person injured or damaged thereby for all such injury or damages as may result to such shipper, and all special damages of which such railroad company had notice at the time of the shipment, or which shall occur after written notice thereof, and shall be liable in addition thereto for an amount equal to a reasonable attorney's fee in case suit is brought for the recovery of such damage. If any railroad company in this State shall fail or refuse to furnish within a reasonable time after demand therefor, any car or cars for the shipment of live stock, green fruit, vegetables or other perishable freight, such railroad company shall be liable to the shipper for the damage caused thereby, and a reasonable attorney's fee in case of suit to recover the same. Any railroad company which shall fail to furnish or exchange cars as required by the provisions of this law, or by the rules and regulations of the Commission as provided for herein, shall be liable to the railroad company injured thereby for all such damages as may result to it, and in addition thereto an amount equal to a reasonable attorney's fee in case suit is brought for the recovery of any damage. Every railroad company using cars of another railroad company, or which have been delivered to it by such railroad company, shall be liable to pay to the party entitled thereto the value of the reasonable use and hire thereof, and for injury or damage thereto, or destruction thereof, while in its possession or under its control, for the amount of such injury; and, in case of cars in the shipment of freight between points wholly within this State, the amount for the use or hire thereof may be prescribed by the Commission, unless the owners of such cars and such railroad companies agree upon such compensation. Where any such railroad company, or owner of any such car or cars, shall be dissatisfied with the amount fixed by the Commission for such use, hire, loss or destruction, or damage to such car, or where the railroad company liable therefor shall fail to pay for the same, the Commission or person entitled thereto, or which is liable for the use, hire, loss, injury or destruction of such cars, shall be entitled to establish the reasonable value thereof by suit.

[Acts 1925, S.B. 84.]

**Art. 6494. Not to Furnish Cars, When**

No railroad company shall be compelled to furnish its own cars to any other railroad company

which is involved, except upon reasonable security furnished to it to protect it from loss of or damages to or destruction of such cars and compensation for the use thereof, and in no event shall any railroad company be required to furnish any cars to any connecting line, except to exchange for other cars reasonably suitable for the transportation of freight.

[Acts 1925, S.B. 84.]

**Art. 6495. Other Penalty**

A railroad company which shall willfully, by its gross negligence, or by the gross negligence of its agents having charge and management of the matter of furnishing cars, fail or refuse to furnish or exchange cars as herein provided for, or to transport or deliver the same within the time prescribed by the Commission, as to freight carried between points wholly within this State, or if not so prescribed, then within a reasonable time, shall in addition to the other liabilities herein provided for, forfeit to the State of Texas, for each of such violations, not less than one nor more than one hundred dollars for each offense; and each day of such failure or neglect as to each car which it, by such willful or gross negligence, shall fail or refuse to furnish or exchange shall be a separate offense.

[Acts 1925, S.B. 84.]

**Art. 6496. "Shipper"**

By the term "shipper" as herein used, is meant any person, firm or corporation tendering freight for shipment, and any consignor or consignee of any bill of lading, or other person, firm or corporation having the right of consignor or consignee.

[Acts 1925, S.B. 84.]

**Art. 6497. "Reasonable Time"**

It shall be deemed prima facie a reasonable time within which to order cars that any shipper shall give written notice thereof to the station agent at the place of shipment, or in his absence, to the nearest station agent of the railroad company to which such application is made, three days before such shipment of five cars or less, and five days for less than ten or more than five cars, and eight days for ten cars or more. The railroad companies shall furnish their station agents with printed blanks upon which shippers make application for their cars. Nothing in this and the five preceding articles shall be construed to exempt any railroad company from the obligation to furnish cars for shipment without such written notice, but it shall only be subject to the penalties of this law for failure to furnish cars to shippers where notice thereof shall be given in writing, or in case of shipment of freight wholly between points in this State, then in accordance with the rules and regulations of the Commission.

They shall keep and maintain apartments in such depot buildings for the use of passengers, and keep and maintain adequate and suitable freight depots and buildings for receiving, handling, storing and delivering of all freight handled by such roads, and the Commission shall require railroad companies to comply fully with the provisions of this law under such regulations as said Commission may deem reasonable.

Where two or more railroad companies reach the same city or town in this State, if the Commission shall deem it practicable for such railroad companies to use a joint or union passenger depot or to join in the construction and use of a passenger depot, then it shall give notice to such railroad companies and after investigation and public hearing, may require the construction and maintenance of such union passenger depot by such railroad companies, if it appears to the Commission that the construction and maintenance of such union passenger depot are just and reasonable to the railroad companies involved, and demanded by the public interest. The Commission may specify the requirements of such union depot as to kind and character and may apportion the cost of construction and maintaining the same to each railroad company where the companies cannot agree.

[Acts 1925, S.B. 84.]

**Art. 6501. Right to Lease Another Road**

A railroad whose total mileage in this State does not exceed thirty miles in length, which connects at or near the State line with any other railroad, may be leased by the company owning such other railroad, subject to the following provisions:

1. Such lease shall be made on such terms and for such time, not exceeding ten years, as may be approved by the Commission. At any time before or after its expiration the lease may be renewed or

another executed subject to the provisions and limitations of this title.

2. During the term of such lease the lessor company shall remain subject to the jurisdiction of the Commission, and shall be liable for any and all things occurring on or in connection with such road. The lease shall not operate to exempt or release either the lessor or lessee company from any liability that would otherwise exist against it.

3. The lessee company shall be exempted from the laws of this State requiring general offices to be maintained and general officers to reside in this State, except as required by provisions of the Constitution of this State and by the orders of the Commission.

4. In a suit against the lessor company the officers and agents of the lessee company shall be the officers and agents of the lessor company for the purpose of serving process.

The provisions of this article shall not apply to any railroad whose total mileage in this State may exceed thirty miles in length, although the part of its line connecting at or near the State line does not exceed thirty miles in length.

1. When necessary for the track of one railroad company to cross the track of another, the Commission shall ascertain and define by its decree the mode of such crossings which will occasion the least probable injury upon the rights of the company owning the road to be crossed; and, if the Commission decides that it is reasonably practicable to avoid a grade crossing, said Commission shall by its order prevent the same.

2. Where the tracks of two or more railways cross each other at a common grade in this State, such railroad companies shall protect such crossing by interlocking or other safety devices and regulations to be designated by the Commission, to prevent trains colliding at such crossings.

3. When a railway company seeks to cross, at grades with its track or tracks, the track or tracks of another railroad, the one seeking to cross at grade shall be compelled to interlock, or protect such crossings by safety devices to be designated by the Commission, and to pay all cost of appliances together with the expense of putting them in. This law shall not apply to crossings of side tracks.

satisfaction of the Commission, the engines and trains of such railroads may pass over such crossings, without stopping.

[Acts 1925, S.B. 84.]

**Art. 6503. Double-Header Trains**

Where an unreasonable degree of hazards results to its employés, it is hereby declared to be an abuse of its franchise and privileges for any railroad company, or receiver, operating a line of railroad in this State to run or operate more than one working locomotive at the same time in propelling or moving any one train of cars, except in moving trains up steep grades, or where a locomotive propelling the train becomes temporarily disabled after leaving the terminal; the Railroad Commission shall investigate such abuses and see that the same are corrected, regulated or prohibited as hereinafter provided.

Notice of such order shall be served upon said railroad affected by it. The Commission is vested with full power to require any railroad company to purchase or secure for installation in its roadbed or track all ties, rails, ballast and

other material and equipment as may, in the judgment of the Commission, be necessary for the proper maintenance of the whole or any designated portion of such track and roadbed so as to put the same in safe condition and enable such railroad to adequately perform its duties to the public and to transport freight and passengers with safety and dispatch.

[Acts 1925, S.B. 84.]

**Art. 6507. Penalty for Failure to Comply**

When the Commission has made such order as authorized by the preceding article, each railroad company subject thereto, shall promptly comply with the terms thereof, and for failure or refusal to do so, such company or its receiver shall become liable to the State of Texas, for a penalty of not less than five hundred nor more than five thousand dollars for each offense. **Art. 6508. Improvement Bonds**

When the Commission shall make an order as authorized by the provisions hereof for the improvement of any line of railway, it may in its discretion at the same time make an order permitting said railroad corporation to issue bond sufficient to raise the money necessary to make such improvements; and authorize such railroad corporation to secure the same by proper mortgage upon its property, and designate such bonds and mortgages as "Improvement Bonds and Mortgages;" provided, the entire amount of bonds of said railroad company shall not exceed the assets of the said company. The Commission shall also see that the funds arising from the sale of such bonds are applied to the making of the improvements ordered by it to be made, and shall regulate the same in the proper manner and any sale of such "Improvement Bonds and Mortgages" at less than par value thereof, must in order to be valid, be approved by the Commission.

with the requirements of the Commission as provided herein.

[Acts 1925, S.B. 84.]

Any railroad company or receiver upon application of a shipper tendering traffic for transportation sufficient to justify it, shall construct, maintain and operate upon reasonable terms, a switch connection with any private sidetrack or spur track constructed by such shipper, to connect with its railroad where such connection is reasonably practicable and can be put in with safety and will furnish sufficient business to justify the construction and maintenance of the same; and shall furnish cars for the movement of such traffic to the best of its ability and without discrimination in favor of or against such shipper.

[Acts 1925, S.B. 84.]

**Art. 6512. Application**

If any railroad company or its receiver shall fail to install and operate any such switch connection, on application therefor by any shipper, such shipper may make application to the Commission, and it shall enter such orders as may be necessary governing the construction, maintenance and operation of said switch connection, if reasonably practicable and safe and will furnish sufficient business to justify the construction and maintenance of the same.

[Acts 1925, S.B. 84.]

**Art. 6513. To Fix Rates, Prevent Discrimination, etc.**

The Commission shall fix just and reasonable rates to be charged by railroad companies or their receivers for traffic moved and handled over private sidetracks or spur tracks extending to private industries, and it shall adopt such rates, rules, and regulations as will prevent any discrimination in the operation of such tracks or the handling of such traffic. Whenever any railway company or receiver thereof shall operate any private sidetrack or spur track without charge, the Commission shall have authority to compel the operation without charge of any private sidetrack or spurtrack similarly situated.

[Acts 1925, S.B. 84.]

**Art. 6515. No Discrimination**

Whenever any railroad company shall construct or maintain or contribute to the construction or maintenance of any private sidetrack or spur track to any private industry, the Commission shall order such railway company or receiver to construct or maintain or contribute to the construction or maintenance of a sidetrack or spur track to any private industry similarly situated on the same terms and conditions.

Among other things, the power and authority of issuing or executing bonds, or other evidences of debt, and all kinds of stocks and shares thereof, and the executions of liens and mortgages by railroad corporations in this State are special privileges and franchises, the right of supervision, regulation, restriction and control of which has always been, is now, and shall continue to be vested in the State government, to be exercised according to the provisions of this and other laws.

[Acts 1925, S.B. 84.]

**Art. 6521. Incumbrance Above Value of Road**

No bonds or other indebtedness shall be increased or issued or executed by any authority whatsoever, and secured by any lien or mortgage on any railroad

or part of railroad, or the franchises or property appurtenant or belonging thereto, over the reasonable value of said railroad property; provided, that in case of emergency, on conclusive proof shown by the company to the Commission that public interests or the preservation of the property demand it, the Commission may permit said bonds, together with the stock in the aggregate, to be executed to an amount not more than fifty per cent over the value of said property.

[Acts 1925, S.B. 84.]

**Art. 6522. To Ascertain Values, etc.**

The Commission shall ascertain, and in writing report to the Secretary of State, the value of each railroad in this State, including all its franchises, appurtenances and property. After it shall have prepared said report the Commission shall give the company interested ten days notice in writing by registered letter to the president, treasurer or receiver of said railroad, to the effect that said report is ready to be made, and that if it has any objections thereto it must file them in writing within forty days after said service, or the same will be so deposited with the Secretary of State as correct. If the company files with said Commission any objections to said report, the Commission shall duly investigate and pass on same, and if it concludes that its report of value is too low or too high, then it shall make the necessary correction before filing it. If no objections are filed within the time permitted, or being filed and on examination found without merit, the Commission shall forthwith file its said report in the office of the Secretary of State, where it shall remain as a public record, as a limitation for the issuance of indebtedness under the limitations prescribed in this title. To promote public interests and protect private rights, the Commission, after due notice under the rule herein prescribed, may correct its report of the value of any railroad at any time it may deem proper.

[Acts 1925, S.B. 84.]

**Art. 6523. Effect of Sale of Road**

Every judicial or other sale of any railroad in this State which shall have the effect to discharge the property so sold from liability in the hands of purchasers for claims for damages, unsecured debts, or junior mortgages against such railroad company so sold, shall have the effect to annul and cancel all claims of every stockholder therein to any share in the stock of such railroad; and it shall not be lawful for said purchasers, or for any railroad company to operate said railroad, to issue any stock in lieu of the old stock or to allow any compensation therefor in any manner whatever, nor shall all or any part of the debt to satisfy which such sale is made be continued or held as a claim or lien on said property.

[Acts 1925, S.B. 84.]

**Art. 6524. Purchasers May Issue Bonds, etc.**

The purchaser of said property who procures it clear of incumbrance, or any company organized by his consent to operate said railroad under and in pursuance of the laws of this State, may issue stock and bonds in the proportion that he may deem advisable, subject to the rules and limitations prescribed by law.

[Acts 1925, S.B. 84.]

**Art. 6525. Authority to Issue Bonds**

Should any company or corporation authorized to construct, own or operate a railroad in this State desire to issue bonds or other indebtedness, to be secured by lien or other mortgage on its franchises and property in advance of the completion of the said railroad, it shall make application to and first procure the consent of the Commission thereto. In said application, it shall exhibit to the Commission its contract with the construction company, if it have any, the profile of its completed road or part of road, the evidence of its right of way, depot grounds, terminal facilities, the extent and value of work done or in the process of completion, the amount of property received, the amount of stock subscribed and the amount paid in, and all other necessary facts showing the value of the franchise and property proposed as security for said contemplated debts. If on investigation, the Commission is satisfied that the company is acting in good faith, and that its contract with the construction company is reasonable and fair to the public, then it shall authorize the execution of said indebtedness and a lien to the extent necessary for the demands of the work, at no time to be fifty per cent over the value of the whole property and franchises. In executing said bonds, the company shall comply with Article 6526, and have them registered as required in Article 6527.

[Acts 1925, S.B. 84.]

**Art. 6526. Certificates of Stock**

Each railroad company now existing, or which shall hereafter be organized, or which shall be re-organized under the laws of this State, or which shall increase its stock under the laws of this State, shall issue certificates to the subscribers to its said stock under the following regulations: A majority of the board of directors shall meet in person in this State, at the principal office of such company, and shall cause to be made a list of the subscribers to such stock, showing the number of shares subscribed by each, the amount of stock represented by each share and the amount actually paid, labor done or property received on each share of stock, and shall cause to be affixed to each name on said list a number, beginning with number one, or the next highest number of any certificate previously issued. The president of the board, or presiding officer of the meeting at which the issuing of such certificates of stock is authorized, shall make a certificate signed by him in person to said statement to the

effect that the same is correct, and that the amount of money paid, labor done and property received as stated is correct. Such statement shall thereupon be entered at large upon the minutes, and, after having the seal of the company affixed thereto, shall be attested by the secretary of the company, and deposited with the Commission, and by it filed and preserved in its office. The secretary of the company shall then be authorized to make out and deliver to each stockholder in said list a certificate corresponding with said statement in number, name, number of shares, amount of stock represented by each share, and the amount of money or its equivalent paid upon each share; which certificate shall be signed by the president of the said railroad company, attested by the secretary, with the seal of said company affixed. No railroad company shall increase its stock unless all existing shares of stock shall have been paid in full, or all unpaid shares of such stock have been sold out as forfeited under the law. When the certificates to be issued are for increase of stock, the statement herein required to be made by the board of directors shall state that all existing shares of stock have been paid in full, or that all shares not paid in full have been sold out or forfeited under the law. In no event shall the stock exceed the value of the railway property, and the correct aggregate amount of stock so issued by each railway company shall be certified to and registered in the office of the Secretary of State by or at the instance of the Commission.

[Acts 1925, S.B. 84.]

#### Art. 6527. Prerequisites

When any railroad company in this State desires to make, issue, and sell any bonds, or evidences of debt, which are to become a lien on its property, it shall comply with the laws of this State regulating the same, and in addition thereto shall have said bonds prepared, signed by the president of the company, and attested by the secretary, with the seal of the company attached thereto. Each bond shall be numbered, beginning with number one, or the next highest number of any preceding bond issued by it, and continue consecutively until all are numbered. The bonds shall be dated, made payable at a time not exceeding thirty years from date and shall bear interest not exceeding six per cent per annum. Said bonds, when thus prepared, shall be presented to the Commission, with a written statement, signed and sworn to by the president of said company, showing the amount of the stock of said company and the amount of outstanding bonds, if any, of said company. If said bonds are such as are permitted under this law, and the Commission shall be so satisfied, it shall approve said bonds, and shall issue to the Secretary of State a direction to register said bonds, specifying the numbers, dates, and amounts thereof. Said Commission shall keep in its office a correct record of the bonds so approved by it, giving the name of the company, the numbers, dates of execution and maturity of the bonds, the amount and rate of interest of each, and the date of

approval. This provision shall not apply to receiver's certificates where the amount does not exceed one hundred thousand dollars.

[Acts 1925, S.B. 84.]

#### Art. 6528. Registering Bonds

When such bonds shall be presented to the Secretary of State with said direction to register, he shall register said bonds by entering a description thereof in a book to be kept for that purpose, which shall show the date, number, amount, when due, the rate of interest on each bond, and also the date when the same is registered. The Secretary of State shall indorse on each bond, under the seal of his office and his official signature, together with the date thereof, as follows: "This bond is registered under the direction of the Railroad Commission of Texas." Provided, however, that at the direction of the Secretary of State his said seal may be a facsimile seal in lieu of his manually impressed seal and his said signature may be his facsimile signature in lieu of his manual signature. No bond or other evidence of debt, hereafter issued by or under the authority of any person, firm, corporation, court, or railroad company, whereby a lien is created on its franchise or property situated in this State, shall be valid or have any force until the same has been registered as required herein.

#### Art. 6529. Forfeiture of Charter

If any railroad company owning or operating a railroad in this State shall issue or consent or cause to be issued any bonds or other evidences of debt to be or become a lien on its railroad property so owned or operated, or shall issue any stock not in accordance with the provisions of this chapter, such action shall work a forfeiture of its charter.

[Acts 1925, S.B. 84.]

#### Art. 6530. Certificates, Bonds, etc., Void

Every certificate of stock in any railroad company, and every bond and other evidence of debt operating as a lien upon the property of such railroad company, which shall be made, issued or sold without first complying with the provisions of this chapter shall be void.

[Acts 1925, S.B. 84.]

#### Art. 6531. False Statement

Each railroad director, president, secretary or other official, who shall knowingly make any false statement upon which to secure the registration of any bond or other evidence of debt as aforesaid, or who shall by false statement knowingly made procure of the Commission direction to the Secretary of State to register the same, and which shall be by the Secretary of State registered, or shall with the knowledge of such fraud negotiate, or cause to be negotiated, any such bond or other security issued

[Acts 1925, S.B. 84.]

#### Art. 6533. Construction of Branch Lines

Any corporation incorporated for the purpose of constructing, owning, maintaining and operating a railroad under the laws of this State, which has outstanding stocks and also outstanding bonds secured by a mortgage lien upon its property, or by any other character of lien, may amend its charter in the manner provided in this title, and in accordance with the Constitution and laws of this State, and may provide by such amendment for the making of any extension or extensions, or branch line or lines that it may desire to construct, and may issue stocks and bonds, or bonds, in an amount equal to the reasonable value of such extension or extensions, or such branch line or lines, and such terminal properties as it may acquire, the same to be issued in accordance with the provisions of this chapter. The Commission is hereby empowered to authorize the execution and issuance of such stocks and bonds, or bonds, and in determining the right to issue such stock and bonds, said Commission shall not consider the amount of outstanding stock or indebtedness, or bonds previously issued and secured by a lien upon the property of such corporation theretofore constructed; provided, that any existing mortgages or liens upon the property of such corporation constructed or owned prior to the time of making such amendment of its charter and to the construction of such extension or extensions, or branch line or lines, or to the acquiring of such terminal properties, shall not attach to or become a lien upon the extension or extensions, branch line or lines, or terminal properties constructed or acquired under such amended charter. This article shall not be so construed as to in any wise repeal or impair any other provision of this chapter or of the existing laws of this State except in so far as the same may be changed by the provisions of this article.

[Acts 1925, S.B. 84.]

#### Art. 6534. May Issue for Double Tracks

able cost of such improvements, the same to be issued in accordance with the provisions of this chapter; and the Commission may authorize the execution and issuance of such stock and bonds, or bonds. In determining the right to issue such stock and bonds, or bonds, the Commission shall not consider the amount of outstanding stock, indebtedness or bonds previously issued and secured by lien upon the property of such corporation theretofore constructed.

Such acquisition or purchase may be made upon such terms as may be agreed upon by the respective boards of directors and authorized or approved by a majority of the stockholders of such corporations, respectively. Corporations owning and operating said street car railways before making sale of its properties hereunder, shall obtain the consent of the governing body of the city where such street car line may be located; and, in cities and towns operating under any charter which provides for the right of qualified voters to vote on the granting or amending of franchise to street railways or interurban railways, this right shall still exist. Any corporation authorized to construct, acquire and operate electric or other interurban lines of railway in this State, commonly known as interurban railways, shall also have the power to make and enter into trackage or lease contract with any corporation owning and operating street railways, so as to procure continuous passage into or through such city or town; provided, the governing body of the city or town shall consent thereto; in such case, the owner of such street railways is also authorized to enter into such trackage or lease contract. No corporation named in this article shall ever be permitted to acquire, own, control or operate any parallel or competing interurban line. No such corporation shall be permitted to purchase, lease, acquire, own or control, directly or indirectly, the shares or certificates of stock or bonds, franchise or other rights or the physical properties or any part thereof, of any other corporation, if the same will violate any provision of the law commonly known as the anti-trust law.

[Acts 1925, S.B. 84.]

When the Railroad Commission shall decide that any corporation created under chapter one of this title for the purpose of operating a local suburban railway not exceeding ten miles from the corporate

limits of any city or town in addition to such mileage as it may have within the same, is not for any reason subject to the control of said Commission in reference to the issuance of stocks and bonds or either under the provisions of Chapter 50. Acts 1893, after such decision of the Commission, said corporation shall have the right to issue its stocks and bonds or either and also to increase its stocks and bonds or either without the control of the Commission and without complying with the Act aforesaid in reference thereto, and when so issued said stocks and bonds shall in all respects be valid and binding.

No such corporation shall ever be exempt from the payment of assessments that may be legally levied or assessed against it for street improvements. Such interurban railways shall have the same right of eminent domain as are now given by law to steam railroads, and may exercise such right for the purpose of acquiring right of way upon which to construct their railway lines, and sites for depots and power plants, and shall have the same rights, powers and privileges as are now granted by law to interurban electric railways companies. Any such interurban company shall have the right and authority to acquire, hold and operate other public utilities in and adjacent to the cities or towns within or through which said company operates. **Art. 6550c. Rural Rail Transportation Districts**

**Findings**

Sec. 1. The legislature finds that:

- (1) the state contains many rural areas that are heavily dependent on agriculture for economic survival;
- (2) transportation of agricultural and industrial products is essential to the continued economic vitality of rural areas;
- (3) the rail transportation systems in some rural areas are threatened by railroad bankruptcies and abandonment proceedings that would cause the cessation of rail services to the areas; and
- (4) it is in the interest of all citizens of the state that existing rail systems be maintained for the most efficient and economical movement of essential agricultural products from the areas of production to the local, national, and export markets.

**Definitions**

Sec. 2. In this Act:

- (1) "Board" means the board of directors of a rural rail transportation system.
- (2) "District" means a rural rail transportation district created under this Act.
- (3) "System" means all real and personal property held or used for rail transportation purposes, including land, easements, rights-of-way, other interests in land, franchises, stations, platforms, terminals, garages, shops, control houses, other buildings and structures, rolling stock, tracks, signals, other equipment, supplies, and other facilities neces-

sary or convenient for the use of or access to rail transportation.

#### Creation of District

Sec. 3. (a) The commissioners courts of two or more eligible counties that, taken together, constitute a contiguous geographic area may by order create a rural rail transportation district consisting of the territory of the counties whose commissioners courts adopt the order.

(b) After approval by the board of directors of a district, the commissioners court of an eligible county by order may include the territory of that county in the district.

(c) A county eligible to form or join a district is one in which is located a rail line that is in the process of being or has been abandoned through a bankruptcy court or Interstate Commerce Commission proceeding, or any line carrying 3 million gross tons per year or less.

#### Board of Directors; Employees

Sec. 4. (a) Each commissioners court that participates in the creation of or joins a district shall appoint one person to be a member of the board of directors of the district. Provided however, that if the district shall be composed of three counties or less, then each commissioners court shall appoint two directors to the board of directors. The board is responsible for the management, operation, and control of the district.

(b) To be eligible for appointment to the board, a person must be a resident of the district. A board member serves for a term of two years. A vacancy on the board shall be filled for the remainder of the term by the commissioners court that appointed the member who vacated the position. A board member may be removed from office for neglect of duty or malfeasance in office by the commissioners court that appointed the member, after at least 10 days' written notice to the member and a hearing before the commissioners court. At a hearing on the question of removal of a board member, the board member is entitled to be heard in person or through counsel.

(c) Members of the board shall select their presiding officers. The board shall hold at least one regular meeting each month for the purpose of transacting business of the district. The presiding officer may call special meetings of the board. A majority of the members is a quorum.

(d) The board shall adopt rules for its proceedings and may employ and compensate persons to carry out the powers and duties of the district.

(e) A board member or employee of a district may not be pecuniarily interested, directly or indirectly, in any contract or agreement to which the district is a party.

#### Powers of District

Sec. 5. (a) A rural rail transportation district is a public body exercising public and essential governmental functions and having all the powers necessary or convenient to carry out the purposes of this Act, including the powers granted in this section.

(b) A district has perpetual succession.

(c) A district may sue and be sued in all courts of competent jurisdiction, may institute and prosecute suits without giving security for costs, and may appeal from a judgment without giving supersedeas or cost bond.

(d) A district may acquire by grant, purchase, gift, devise, lease, or otherwise and may hold, use, sell, lease, or dispose of real and personal property, licenses, patents, rights, and interests necessary, convenient, or useful for the full exercise of any of its powers under this Act.

(e) A district may acquire, construct, own, operate, and maintain a system within its boundaries, both inside and outside the limits of incorporated cities, towns, and villages, and has the right to use the streets, alleys, roads, highways, and other public ways and to relocate, raise, lower, reroute, regulate, change the grade of, and alter the construction of any street, alley, highway, or road; any railroad track, bridge, or other facility or property; any gas transmission or distribution pipes, pipelines, mains, or other facility or property; any water, sanitary sewer, or storm sewer pipes, pipelines, or other facility or property; any electric lines, telegraph or telephone facility or property; any cable television lines, cables, conduits, or other facility or property; and pipelines and facilities, conduits and facilities, or other property whether publicly or privately owned, in the construction, reconstruction, repair, maintenance, or operation of the system. A district shall pay the cost of any change made under this subsection and is liable for any damage to property occurring because of the change.

(f) A district has the right of eminent domain to acquire lands in fee simple and any interest less than fee simple in, on, under, or above lands, including, without limitation, easements, rights-of-way, rights of use of airspace or subsurface space. The right may not be exercised in a manner that would unduly interfere with interstate commerce or unduly impair the neighborhood character of property surrounding or adjacent to the property sought to be condemned. Eminent domain proceedings brought by a district are governed by Title 52, Revised Civil Statutes of Texas, 1925,<sup>1</sup> except as it is inconsistent with this Act. Proceedings for the exercise of the power of eminent domain are commenced by the adoption by the board of a resolution declaring the public necessity for the acquisition by the district of the property or interest described in the resolution, and that the acquisition is necessary and proper for the construction, extension, improvement, or development of the system and is in the public interest. The resolution of the district is

conclusive evidence of the public necessity of the proposed acquisition and that the real or personal property or interest in property is necessary for public use.

(g) A district may enter into agreements with any other public utility, private utility, communication system, common carrier, or transportation system for the joint use of its facilities, installations or properties within the district and establish through routes, joint fares, and, subject to approval of any tariff-regulating body having jurisdiction, divisions of tariffs.

(h) A district shall establish and maintain rents or other compensation for the use of the facilities of the system acquired, constructed, operated, regulated, or maintained by the district that are reasonable and nondiscriminatory and, together with grants received by the district, are sufficient to produce revenues adequate:

(1) to pay all expenses necessary to the operation and maintenance of the properties and facilities of the district;

(2) to pay the interest on and principal of all bonds issued by the district under this Act payable in whole or in part from the revenues, as they become due and payable; and

(3) to fulfill the terms of any agreements made with the holders of bonds or with any person in their behalf.

(i) A district may make contracts, leases, and agreements with, and accept grants and loans from the United States of America, its departments and agencies, the state, its agencies, and political subdivisions, and public or private corporations and persons, and may generally perform all acts necessary for the full exercise of the powers vested in it. A district may acquire rolling stock or other property under conditional sales contracts, leases, equipment trust certificates, or any other form of contract or trust agreement. Any revenue bond indenture may provide limitations on the exercise of the powers granted by this section, and the limitations apply so long as any of the revenue bonds issued pursuant to the indenture are outstanding and unpaid.

(j) A district may sell, lease, convey, or otherwise dispose of any of its rights, interests, or properties not needed for or, in the case of leases, not inconsistent with the efficient operation and maintenance of the system. It may sell, lease, or otherwise dispose of, at any time, any surplus materials or personal or real property not needed for its requirements or for the purpose of carrying out its power under this Act.

(k) A district by resolution may adopt rules and regulations governing the use, operation, and maintenance of the system and shall determine all routings and change them whenever the board considers it advisable.

(l) A district may lease the system or any part to, or contract for the use or operation of the system or any part by, any operator. A district shall encourage to the maximum extent practicable the participation of private enterprise in the operation of the system.

(m) A district may contract with any county or other political subdivision of the state for the district to provide rail transportation services to any area outside the boundaries of the district on such terms and conditions as may be agreed to by the parties.

<sup>1</sup> Article 3264 et seq.

#### Bonds and Notes

Sec. 6. (a) A district may issue revenue bonds and notes from time to time and in such amounts as its board considers necessary or appropriate for the acquisition, purchase, construction, reconstruction, repair, equipping, improvement, or extension of its system. All bonds and notes are fully negotiable and may be made redeemable before maturity, at the option of the issuing district, at such price or prices and under such terms and conditions as may be fixed by the issuing district in the resolution authorizing the bonds or notes, and may be sold at public or private sale, as determined by the board.

(b) Before delivery, all bonds and notes authorized to be issued, except notes issued to an agency of the federal or state government, and the records relating to their issuance shall be submitted to the attorney general for examination. If the attorney general finds that they have been issued in accordance with the constitution and this Act, and that they will be binding obligations of the district issuing them, the attorney general shall approve them, and they shall be registered by the state comptroller of public accounts. After approval, registration, and sale and delivery of the bonds to the purchaser, they are incontestable.

(c) In order to secure the payment of the bonds or notes, the district may encumber and pledge all or any part of the revenues of its system, may mortgage and encumber all or any part of the properties of the system, and everything pertaining to them acquired or to be acquired, and may prescribe the terms and provisions of the bonds and notes in any manner not inconsistent with this Act. If not prohibited by the resolution or indenture relating to outstanding bonds or notes, any district may encumber separately any item or items of real estate or personalty.

(d) All bonds and notes are legal and authorized investments for banks, trust companies, savings and loan associations, and insurance companies. The bonds and notes are eligible to secure the deposit of public funds of the state, cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the state. The bonds and notes are lawful and sufficient security for the deposits to the extent of the bonds' principal

amount or market value, whichever is less, when accompanied by all unmatured coupons appurtenant to them.

(e) Bonds payable solely from revenues may be issued by resolution of the board.

**Competitive Bids**

Sec. 7. A contract in the amount of more than \$10,000 for the construction of improvements or the purchase of material, machinery, equipment, supplies, or any other property except real property may only be let on competitive bids after notice published, at least 15 days before the date set for receiving bids, in a newspaper of general circulation in the district. A board may adopt rules governing the taking of bids and the awarding of contracts. This section does not apply to personal or professional services or the acquisition of existing rail transportation systems.

**Exemptions From Taxes**

Sec. 8. The property, revenues, and income of a district and the interest on bonds and notes issued by a district are exempt from all taxes levied by the state or a political subdivision of the state.

**Effect on Other Law**

Sec. 9. The powers and duties provided by this Act are in addition to the powers and duties provided by other law for counties regarding rail transportation.

#### Real Estate Commission; Disposition of Fees; Research Center; Application of Sunset Act

Sec. 5. (a) The administration of the provisions of this Act is vested in a commission, to be known as the "Texas Real Estate Commission," consisting of nine members to be appointed by the governor with the advice and consent of two-thirds of the senate present. The commissioners hold office for

staggered terms of six years with the terms of three members expiring every two years. Each member holds office until his successor is appointed and has qualified. Within 15 days after his appointment, each member shall qualify by taking the constitutional oath of office and furnishing a bond payable to the Governor of Texas in the penal sum of \$10,000, conditional on the faithful performance of his duties as prescribed by law. A vacancy for any cause shall be filled by the governor for the unexpired term. Notwithstanding any other provisions in this subsection, the six members of the commission in office on September 1, 1979, shall continue in office until the 5th day of October of the years in which their respective terms expire, or until their successors are appointed and have qualified. The terms of office of the appointees who fill the offices of incumbent members whose terms expire October 5, 1979, 1981, and 1983, expire on January 31, 1985, 1987, and 1989, respectively. Each succeeding term of office expires on January 31 of odd-numbered years. For the three public members initially appointed under this Act, the governor shall designate one member for a term expiring January 31, 1981, one member for a term expiring January 31, 1983, and one member for a term expiring January 31, 1985. At a regular meeting in February of each year, the commission shall elect from its own membership a chairman, vice-chairman, and secretary. Each member of the commission shall be present for at least one-half of the regularly scheduled meetings held each year by the commission. The failure of a member to meet this requirement automatically removes the member from the commission and creates a vacancy on the commission. A quorum of the commission consists of five members.

(b) All members, officers, employees, and agents of the commission are subject to the code of ethics and standards of conduct imposed by Chapter 421, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252-9b, Vernon's Texas Civil Statutes).

(c) Appointments to the commission shall be made without regard to the race, creed, sex, religion, or national origin of the appointees. Each member of the commission shall be a citizen of Texas and a qualified voter. Six members shall have been engaged in the real estate brokerage business as licensed real estate brokers as their major occupations for at least five years next preceding their appointments. Three members must be representatives of the general public who are not licensed under this Act and who do not have, other than as consumers, a financial interest in the practice of a real estate broker or real estate salesman. It is grounds for removal from the commission if:

- (1) a broker-member of the commission ceases to be a licensed real estate broker; or
- (2) a person is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c,

Vernon's Texas Civil Statutes), by virtue of his activities for compensation in or on behalf of a profession related to the operation of the commission.

(d) Each member of the commission shall receive as compensation for each day actually spent on his official duties the sum of \$75 and his actual and necessary expenses incurred in the performance of his official duties.

(e) The commission shall have the authority and power to make and enforce all rules and regulations necessary for the performance of its duties, to establish standards of conduct and ethics for its licensees in keeping with the purposes and intent of this Act or to insure compliance with the provisions of this Act. If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the commission statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the commission receives the committees' statements. In addition to any other action, proceeding, or remedy authorized by law, the commission shall have the right to institute an action in its own name to enjoin any violation of any provision of this Act or any rule or regulation of the commission and in order for the commission to sustain such action it shall not be necessary to allege or prove, either that an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation thereof. Either party to such action may appeal to the appellate court having jurisdiction of said cause. The commission shall not be required to give any appeal bond in any action or proceeding to enforce the provisions of this Act.

(f) The commission is empowered to select and name an administrator, who shall also act as executive secretary, and to select and employ such other subordinate officers and employees as are necessary to administer this Act. The salaries of the administrator and the officers and employees shall be fixed by the commission not to exceed such amounts as are fixed by the applicable general appropriations bill. The commission may designate a subordinate officer as assistant administrator who shall be authorized to act for the administrator in his absence. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not act as the general counsel to the commission or serve as a member of the commission.

(g) The commission shall adopt a seal of a design which it shall prescribe. Copies of all records and papers in the office of the commission, duly certified and authenticated by the seal of the commis-

sion, shall be received in evidence in all courts with like effect as the original.

(h) Except as provided in Subsections (i) and (j) of this section, all money derived from fees, assessments, or charges under this Act, shall be paid by the commission into the State Treasury for safekeeping, and shall be placed by the State Treasurer in a separate fund to be available for the use of the commission in the administration of this Act on requisition by the commission. A necessary amount of the money so paid into the State Treasury is hereby specifically appropriated to the commission for the purpose of paying the salaries and expenses necessary and proper for the administration of this Act, including equipment and maintenance of supplies for the offices or quarters occupied by the commission, and necessary travel expenses for the commission or persons authorized to act for it when performing duties under this Act. At the end of the state fiscal year, any unused portion of the funds in the special account, except such funds as may be appropriated to administer this Act pending receipt of additional revenues available for that purpose, shall be paid into the General Revenue Fund. The comptroller shall, on requisition of the commission, draw warrants from time to time on the State Treasurer for the amount specified in the requisition, not exceeding, however, the amount in the fund at the time of making a requisition. However, all money expended in the administration of this Act shall be specified and determined by itemized appropriation in the general departmental appropriation bill for the Texas Real Estate Commission, and not otherwise.

(i) In the event that fees collected under the Residential Service Company Act (Article 6573b, Vernon's Texas Civil Statutes), are insufficient to fund the legislative appropriation for that activity, funds from the real estate license fund are hereby authorized to be used for the administration of that Act. In no event, however, will the total expenditures for that activity exceed the legislative appropriation therefor.

(j) Fifteen dollars received by the commission from fees received from real estate brokers and \$7.50 received by the commission from fees received from real estate salesmen for licensure status shall be transmitted annually to Texas A & M University for deposit in a separate banking account. The money in the separate account shall be expended for the support and maintenance of the Texas Real Estate Research Center and for carrying out the purposes, objectives, and duties of the center. However, all money expended from the separate account shall be as determined by legislative appropriation.

(k) The Texas Real Estate Commission is subject to the Texas Sunset Act, as amended (Article 5429k, Vernon's Texas Civil Statutes); and unless continued in existence as provided by that Act the com-

mission is abolished, and this Act expires effective September 1, 1991.

(l) The commission is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

#### Licenses; Qualification

Sec. 6. (a) A person desiring to act as a real estate broker in this state shall file an application for a license with the commission on a form prescribed by the commission. A broker desiring to engage a person to participate in real estate brokerage activity shall join the person in filing an application for a salesman license on a form prescribed by the commission.

(b) To be eligible for a license, an individual must be a citizen of the United States or a lawfully admitted alien, be at least 18 years of age, and be a legal resident of Texas for at least 60 days immediately preceding the filing of an application, and must satisfy the commission as to his honesty, trustworthiness, integrity, and competency. However, the competency of the individual, for the purpose of qualifying for the granting of licensure privileges, shall be judged solely on the basis of the examination referred to in Section 7 of this Act.

(c) To be eligible for a license, a corporation must designate one of its officers to act for it. The designated person must be a citizen of the United States or a lawfully admitted alien, be at least 18 years of age, and be a resident of Texas for at least 60 days immediately preceding the filing of an application, and must be qualified to be licensed individually as a real estate broker. However, the competency of the person shall be judged solely on the basis of the examination referred to in Section 7 of this Act.

#### Moral Character Checks

Sec. 6A. (a) If, at any time before a person applies for a license under this Act, the person requests the commission to determine whether his moral character complies with the commission's moral character requirements for licensing under this Act and the person pays a \$10 fee for the moral character determination, the commission shall make its determination of the person's moral character.

(b) Not later than the 30th day after the day on which the commission makes its determination, the commission shall give the person notice of the determination.

(c) If the person later applies for a license under this Act, the commission may conduct a supplemental moral character check of the person. The supplemental check may cover only the time since the day on which the person requested the original moral character determination.

#### Examinations, Educational Requirements; Evidence of Qualification

Sec. 7. (a) Competency as referred to in Section 6 of this Act shall be established by an examination prepared by or contracted for by the commission. The examination shall be given at such times and at such places within the state as the commission shall prescribe. The examination shall be of scope sufficient in the judgment of the commission to determine that a person is competent to act as a real estate broker or salesman in a manner to protect the interest of the public. The examination for a salesman license shall be less exacting and less stringent than the examination for a broker license. The commission shall furnish each applicant with study material and references on which his examination shall be based. When an applicant for real estate licensure fails a qualifying examination, he may apply for reexamination by filing a request therefor together with the proper fee. The examination requirement shall be satisfied within one year from the date the application for a license is filed. (c) From and after the effective date of this Act, each applicant for broker licensure shall furnish the commission satisfactory evidence that he has had not less than two years active experience in this state as a licensed real estate salesman practitioner during the 36-month period immediately preceding the filing of the application; and, in addition, shall furnish the commission satisfactory evidence of having completed successfully 36 semester hours of core real estate courses or related courses accepted by the commission. On January 1, 1983, the number of required semester hours shall be increased to 48. On or after January 1, 1985, the required semester hours shall be increased to 60. These qualifications for broker licensure shall not be required of an applicant who, at the time of making the application, is duly licensed as a real estate broker by any other state in the United States if that state's requirements for licensure are comparable to those of Texas. As a prerequisite for applying for broker licensure, those persons licensed as salesmen subject to the annual education requirements provided by Subsection (d) of this section shall, as part of the semester hours required by this subsection, furnish the commission satisfactory evidence of having completed all the requirements of Subsection (d) of this section.

(d) From and after the effective date of this Act, as a prerequisite for applying for salesman licensure each applicant shall furnish the commission satisfactory evidence of having completed 12 semester hours of postsecondary education, six semester hours of which must be completed in core real estate courses, of which a minimum of two semester hours must be completed in Principles of Real Estate as described in Subdivision (1) of Subsection (a) of Section 7. The remaining six semester hours shall be completed in core real estate courses or related courses. As a condition for the first annual certification of salesman licensure privileges, the applicant shall furnish the commission satisfactory evidence of having completed a minimum of 14 semester hours, eight semester hours of which must be completed in core real estate courses. As a condition for the second annual certification of salesman licensure privileges, the applicant shall furnish the commission satisfactory evidence of having completed a minimum of 16 semester hours, 10 semester hours of which must be completed in core real estate courses. As a condition for the third annual certification of salesman licensure privileges, the applicant shall furnish the commission satisfactory evidence of having completed a minimum of 18 semester hours, 12 semester hours of which must be completed in core real estate courses.

(e) Repealed by Acts 1981, 67th Leg., p. 160, ch. 71, § 3, eff. April 23, 1981.

(f) Insofar as is necessary for the administration of this Act, the commission is authorized to inspect and accredit educational programs or courses of study in real estate and to establish standards of accreditation for such programs conducted in the State of Texas, other than accredited colleges and universities. Schools, other than accredited colleges and universities, which are authorized to offer real estate educational courses pursuant to provisions of this section shall be required to maintain a corporate surety bond in the sum of \$10,000 payable to the commission, for the benefit of a party who may suffer damages resulting from failure of a commission approved school or course to fulfill obligations attendant to the approval.

(g) A person licensed as a salesman on May 19, 1975, is not subject to the educational requirements or prerequisites of this Act as a condition for holding salesman licensure privileges. A person licensed as a broker on May 19, 1975, is not subject to the educational requirements or prerequisites of this Act as a condition for holding broker licensure privileges.

(h) Notwithstanding any other provision of this Act, from and after the effective date of this Act each applicant for broker licensure shall furnish the commission with satisfactory evidence:

(2) that he is a licensed real estate broker in another state, that he has had not less than two

years' active experience in the other state as a licensed real estate salesman or broker during the 36-month period immediately preceding the filing of the application, and that he has satisfied the educational requirements for broker licensure as provided by Subsection (c) of this section; or

(3) that he has, within one year previous to the filing of his application, been licensed in this state as a broker.

(i) Notwithstanding any other provision of this Act, the commission shall waive the requirements of Subsection (d) of Section 7 of this Act for an applicant for salesman licensure who has, within one year previous to the filing of his application, been licensed in this state as a broker or salesman. However, with respect to an applicant for salesman licensure who was licensed as a salesman within one year previous to the filing of the application but whose original licensure privileges were issued under the provisions that second and third annual certification of the licensure privileges would be conditioned upon furnishing satisfactory evidence of successful completion of additional education, the commission shall require the applicant to furnish satisfactory evidence of successful completion of any additional education that would have been required if the licensure privileges had been maintained without interruption during the previous year.

(j) Not later than the 30th day after the day on which a person completes an examination administered by the commission, the commission shall send to the person his or her examination results. If requested in writing by a person who fails the examination, the commission shall send to the person not later than the 30th day after the day on which the request is received by the commission an analysis of the person's performance on the examination.

#### Real Estate Recovery Fund

Sec. 8. Part 1. (a) The commission shall establish a real estate recovery fund which shall be set apart and maintained by the commission as provided in this section. The fund shall be used in the manner provided in this section for reimbursing aggrieved persons who suffer actual damages by reason of certain acts committed by a duly licensed real estate broker or salesman, or by an unlicensed employee or agent of a broker or salesman, provided the broker or salesman was licensed by the State of Texas at the time the act was committed and provided recovery is ordered by a court of competent jurisdiction against the broker or salesman.

The use of the fund as provided in Part 1 of this section is limited to an act that is either a violation of Section 15(3) or (4) of this Act.

(b) On the effective date of this Act, the commission shall collect from each real estate broker and salesman licensed by this state a fee of \$10 which shall be deposited in the real estate recovery fund. The commission shall suspend a license issued under the provisions of this Act for failure to pay this fee. After the effective date of this Act, when a person makes application for an original license pursuant to this Act he shall pay, in addition to his original license application fee, a fee of \$10 which shall be deposited in the real estate recovery fund. If the commission does not issue the license, this fee shall be returned to the applicant.

Part 2. If on December 31 of any year the balance remaining in the real estate recovery fund is less than \$300,000, each real estate broker and each real estate salesman, on recertification of his license during the following calendar year, shall pay, in addition to his license recertification fee, a fee of \$10, which shall be deposited in the real estate recovery fund, or a pro rata share of the amount necessary to bring the fund to \$1 million, whichever is less.

Part 3. (a) No action for a judgment which subsequently results in an order for collection from the real estate recovery fund shall be started later than two years from the accrual of the cause of action. When an aggrieved person commences action for a judgment which may result in collection from the real estate recovery fund, the real estate broker or real estate salesman shall notify the commission in writing to this effect at the time of the commencement of the action.

(b) When an aggrieved person recovers a valid judgment in a court of competent jurisdiction against a real estate broker, or real estate salesman, on the grounds described in Part 1(a) of this section that occurred on or after May 19, 1975, the aggrieved person may, after final judgment has been entered, execution returned nulla bona, and a judgment lien perfected, file a verified claim in the court in which the judgment was entered and, on 20 days' written notice to the commission, and to the judgment debtor, may apply to the court for an order directing payment out of the real estate recovery fund of the amount unpaid on the judgment, subject to the limitations stated in Part 8 of this section.

(c) The court shall proceed on the application forthwith. On the hearing on the application, the aggrieved person is required to show that:

(1) the judgment is based on facts allowing recovery under Part 1(a) of this section;

(2) he is not a spouse of the debtor, or the personal representative of the spouse; and he is not a real estate broker or salesman, as defined by this Act, who is seeking to recover a real estate commission

in the transaction or transactions for which the application for payment is made;

(3) he has obtained a judgment as set out in Part 3(b) of this section, stating the amount of the judgment and the amount owing on the judgment at the date of the application;

(4) the judgment debtor lacks sufficient attachable assets to satisfy the judgment; and

(5) the amount that may be realized from the sale of real or personal property or other assets liable to be sold or applied in satisfaction of the judgment and the balance remaining due on the judgment after application of the amount that may be realized.

(d) The court shall make an order directed to the commission requiring payment from the real estate recovery fund of whatever sum it finds to be payable on the claim, pursuant to and in accordance with the limitations contained in this section, if the court is satisfied, on the hearing, of the truth of all matters required to be shown by the aggrieved person by Part 3(c) of this section and that the aggrieved person has satisfied all of the requirements of Parts 3(b) and (c) of this section.

(e) A license granted under the provisions of this Act shall be revoked by the commission on proof that the commission has made a payment from the real estate recovery fund of any amount toward satisfaction of a judgment against a licensed real estate broker or salesman. No broker or salesman is eligible to receive a new license until he has repaid in full, plus interest at the current legal rate, the amount paid from the real estate recovery fund on his account. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this Act.

Part 4. The sums received by the real estate commission for deposit in the real estate recovery fund shall be held by the commission in trust for carrying out the purposes of the real estate recovery fund. These funds may be invested and reinvested in the same manner as funds of the Texas State Employees Retirement System, and the interest from these investments shall be deposited to the credit of the real estate recovery fund, provided, however, that no investments shall be made which will impair the necessary liquidity required to satisfy judgment payments awarded pursuant to this section.

Part 5. When the real estate commission receives notice of entry of a final judgment and a hearing is scheduled under Part 3(d) of this section, the commission may notify the Attorney General of Texas of its desire to enter an appearance, file a response, appear at the court hearing, defend the action, or take whatever other action it deems appropriate on behalf of, and in the name of, the defendant, and take recourse through any appropriate method of review on behalf of, and in the name of, the defendant. In taking such action the real

estate commission and the attorney general shall act only to protect the fund from spurious or unjust claims or to insure compliance with the requirements for recovery under this section.

Part 6. When, on the order of the court, the commission has paid from the real estate recovery fund any sum to the judgment creditor, the commission shall be subrogated to all of the rights of the judgment creditor to the extent of the amount paid. The judgment creditor shall assign all his right, title, and interest in the judgment up to the amount paid by the commission which amount shall have priority for repayment in the event of any subsequent recovery on the judgment. Any amount and interest recovered by the commission on the judgment shall be deposited to the fund.

Part 7. The failure of an aggrieved person to comply with the provisions of this section relating to the real estate recovery fund shall constitute a waiver of any rights under this section.

Part 8. (a) Notwithstanding any other provision, payments from the real estate recovery fund are subject to the conditions and limitations in Subsections (b) through (d) of this part.

(b) Payments may be made only pursuant to an order of a court of competent jurisdiction, as provided in Part 3, and in the manner prescribed by this section.

(c) Payments for claims, including attorneys' fees, interest, and court costs, arising out of the same transaction shall be limited in the aggregate to \$20,000 regardless of the number of claimants.

(d) Payments for claims based on judgments against any one licensed real estate broker or salesman may not exceed in the aggregate \$50,000 until the fund has been reimbursed by the licensee for all amounts paid.

Part 9. Nothing contained in this section shall limit the authority of the commission to take disciplinary action against a licensee for a violation of this Act or the rules and regulations of the commission; nor shall the repayment in full of all obligations to the real estate recovery fund by a licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to this Act.

Part 10. Any person receiving payment out of the real estate recovery fund pursuant to Section 8 of this Act shall be entitled to receive reasonable attorney fees as determined by the court, subject to the limitations stated in Part 8 of this section.

**Issuance of License; Certification Fees;  
Expiration Dates**

Sec. 9. (a) When an applicant has satisfactorily met all requirements and conditions of this Act, a license shall be issued which may remain in force and effect so long as the holder of the license remains in compliance with the obligations of this Act, which include payment of the annual certification fee as provided in Section 11 of this Act. Each

salesman license issued shall be delivered or mailed to the broker with whom the salesman is associated and shall be kept under his custody and control.

(b) An applicant is not permitted to engage in the real estate business either as a broker or salesman until a license evidencing his authority to engage in the real estate business has been received.

(c) The commission by rule may adopt a system under which licenses expire on various dates during the year. Dates for payment of the annual certification fee shall be adjusted accordingly. For the year in which the certification date is changed, annual certification fees payable shall be prorated on a monthly basis so each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On certification of the license on the new certification date, the total annual certification fee is payable.

(d) Any other provision of this Act notwithstanding, the commission may issue licenses valid for a period not to exceed 24 months and may charge and collect certification fees for such period; provided, however, that such certification fees shall not, calculated on an annual basis, exceed the amounts established in Section 11 of this Act, and further provided that the educational conditions for annual certification established in Subsection (d) of Section 7 of this Act shall not be waived by the commission.

#### Refusal to Issue License; Review

Sec. 10. If the commission declines or fails to license an applicant, it shall immediately give written notice of the refusal to the applicant. Before the applicant may appeal to a district court as provided in Section 18 of this Act, he must file within 10 days after the receipt of the notice an appeal from the ruling, requesting a time and place for a hearing before the commission. The commission shall set a time and place for the hearing within 30 days from the receipt of the appeal, giving 10 days' notice of the hearing to the applicant. The time of the hearing may be continued from time to time with the consent of the applicant. Following the hearing, the commission shall enter an order which is, in its opinion, appropriate in the matter concerned.

If an applicant fails to request a hearing as provided in this section, the commission's ruling shall become final and not subject to review by the courts.

#### Fees

Sec. 11. The commission shall charge and collect the following fees:

- (1) a fee not to exceed \$100 for the filing of an original application for real estate broker licensure;
- (2) a fee not to exceed \$100 for annual certification of real estate broker licensure status;

(3) a fee not to exceed \$50 for the filing of an original application for salesman licensure;

(4) a fee not to exceed \$50 for annual certification of real estate salesman licensure status;

(5) a fee not to exceed \$25 for taking a license examination;

(6) a fee not to exceed \$10 for filing a request for a license for each additional office or place of business;

(7) a fee not to exceed \$20 for filing a request for a license for a change of place of business or change of sponsoring broker;

(8) a fee not to exceed \$10 for filing a request to replace a license lost or destroyed;

(9) a fee not to exceed \$400 for filing an application for approval of a real estate course pursuant to the provisions of Subsection (f) of Section 7 of this Act; and

(10) a fee not to exceed \$200 per annum for and in each year of operation of a real estate course, established pursuant to the provisions of Subsection (f) of Section 7 of this Act.

#### Maintenance and Location of Offices; Display of License

Sec. 12. (a) Each resident broker shall maintain a fixed office within this state. The address of the office shall be designated on the broker's license. Within 10 days after a move from a previously designated address, the broker shall submit an application for a new license, designating the new location of his office, together with the required fee, whereupon the commission shall issue a license, reflecting the new location, provided the new location complies with the terms of this section.

(b) If a broker maintains more than one place of business within this state, he shall apply for, pay the required fee for, and obtain an additional license to be known as a branch office license for each additional office he maintains.

(c) The license or licenses of the broker shall at all times be prominently displayed in the licensee's place or places of business.

(d) Each broker shall also prominently display in his place or in one of his places of business the license of each real estate salesman associated with him.

#### Inactive Licenses

Sec. 13. (a) When the association of a salesman with his sponsoring broker is terminated, the broker shall immediately return the salesman license to the commission. The salesman license then becomes inactive.

(b) The salesman license may be activated if, before the license expires, a request, accompanied by the required fee, is filed with the commission by a

licensed broker advising that he assumes sponsorship of the salesman.

**Unlawful Employment or Compensation;  
Nonresident License**

Sec. 14. (a) It is unlawful for a licensed broker to employ or compensate directly or indirectly a person for performing an act enumerated in the definition of real estate broker in Section 2 of this Act if the person is not a licensed broker or licensed salesman in this state or an attorney at law licensed in this state or in any other state. However, a licensed broker may pay a commission to a licensed broker of another state if the foreign broker does not conduct in this state any of the negotiations for which the fee, compensation, or commission is paid.

(b) A resident broker of another state who furnishes the evidence required in Subsection (h) of Section 7 of this Act may apply for a license as a broker in this state. A nonresident licensee need not maintain a place of business in this state. The commission may in its discretion refuse to issue a broker license to an applicant who is not a resident of this state for the same reasons that it may refuse to license a resident of this state.

(c) Each nonresident applicant shall file an irrevocable consent that legal actions may be commenced against him in the proper court of any county of this state in which a cause of action may arise, or in which the plaintiff may reside, by service of process or pleading authorized by the laws of this state, or by serving the administrator or assistant administrator of the commission. The consent shall stipulate that the service of process or pleading shall be valid and binding in all courts as if personal service had been made on the nonresident broker in this state. The consent shall be duly acknowledged, and if made by a corporation, shall be authenticated by its seal. A service of process or pleading served on the commission shall be by duplicate copies, one of which shall be filed in the office of the commission and the other forwarded by registered mail to the last known principal address which the commission has for the nonresident broker against whom the process or pleading is directed. No default in an action may be taken except on certification by the commission that a copy of the process or pleading was mailed to the defendant as provided in this section, and no default judgment may be taken in an action or proceeding until 20 days after the day of mailing of the process or pleading to the defendant.

Notwithstanding any other provision of this subsection, a nonresident of this state who resides in a city whose boundaries are contiguous at any point to the boundaries of a city of this state, and who has been an actual bona fide resident of that city for at least 60 days immediately preceding the filing of his application, is eligible to be licensed as a real estate broker or salesman under this Act in the same manner as a resident of this state. If he is licensed in this manner, he shall at all times maintain a place of business either in the city in which he

resides or in the city in this state which is contiguous to the city in which he resides, and he may not maintain a place of business at another location in this state unless he also complies with the requirements of Section 14(b) of this Act. The place of business must satisfy the requirements of Subsection (a) of Section 12 of this Act, but the place of business shall be deemed a definite place of business in this state within the meaning of Subsection (a) of Section 12.

**Investigations; Suspension or Revocation of License;  
Civil or Criminal Liability**

Sec. 15. The commission may, on its own motion, and shall, on the verified complaint in writing of any person, provided the complaint, or the complaint together with evidence, documentary or otherwise, presented in connection with the complaint, provides reasonable cause, investigate the actions and records of a real estate broker or real estate salesman. The commission may suspend or revoke a license issued under the provisions of this Act at any time when it has been determined that:

(1)(A) the licensee has entered a plea of guilty or nolo contendere to, or been found guilty of, or been convicted of, a felony, in which fraud is an essential element, and the time for appeal has elapsed or the judgment or conviction has been affirmed on appeal, irrespective of an order granting probation following such conviction, suspending the imposition of sentence; or

(2) the licensee has procured, or attempted to procure, a real estate license, for himself or a salesman, by fraud, misrepresentation or deceit, or by making a material misstatement of fact in an application for a real estate license; or

(3) the licensee, when selling, buying, trading, or renting real property in his own name, engaged in misrepresentation or dishonest or fraudulent action; or

(4) the licensee has failed within a reasonable time to make good a check issued to the commission after the commission has mailed a request for payment by certified mail to the licensee's last known business address as reflected by the commission's records; or

(5) the licensee has disregarded or violated a provision of this Act; or

(6) the licensee, while performing an act constituting an act of a broker or salesman, as defined by this Act, has been guilty of:

(A) making a material misrepresentation, or failing to disclose to a potential purchaser any latent structural defect or any other defect known to the

broker or salesman. Latent structural defects and other defects do not refer to trivial or insignificant defects but refer to those defects that would be a significant factor to a reasonable and prudent purchaser in making a decision to purchase; or

(B) making a false promise of a character likely to influence, persuade, or induce any person to enter into a contract or agreement when the licensee could not or did not intend to keep such promise; or

(C) pursuing a continued and flagrant course of misrepresentation or making of false promises through agents, salesmen, advertising, or otherwise; or

(D) failing to make clear, to all parties to a transaction, which party he is acting for, or receiving compensation from more than one party except with the full knowledge and consent of all parties; or

(E) failing within a reasonable time properly to account for or remit money coming into his possession which belongs to others, or commingling money belonging to others with his own funds; or

(F) paying a commission or fees to or dividing a commission or fees with anyone not licensed as a real estate broker or salesman in this state, in any other state, or not an attorney at law licensed in this state or any other state, for compensation for services as a real estate agent; or

(G) failing to specify in a listing contract a definite termination date which is not subject to prior notice; or

(H) accepting, receiving, or charging an undisclosed commission, rebate, or direct profit on expenditures made for a principal; or

(I) soliciting, selling, or offering for sale real property under a scheme or program that constitutes a lottery or deceptive practice; or

(J) acting in the dual capacity of broker and undisclosed principal in a transaction; or

(K) guaranteeing, authorizing, or permitting a person to guarantee that future profits will result from a resale of real property; or

(L) placing a sign on real property offering it for sale, lease, or rent without the written consent of the owner or his authorized agent; or

(M) inducing or attempting to induce a party to a contract of sale or lease to break the contract for the purpose of substituting in lieu thereof a new contract; or

(N) negotiating or attempting to negotiate the sale, exchange, lease, or rental of real property with an owner or lessor, knowing that the owner or lessor had a written outstanding contract, granting exclusive agency in connection with the property to another real estate broker; or

(O) offering real property for sale or for lease without the knowledge and consent of the owner or

his authorized agent, or on terms other than those authorized by the owner or his authorized agent; or

(P) publishing, or causing to be published, an advertisement including, but not limited to, advertising by newspaper, radio, television, or display which is misleading, or which is likely to deceive the public, or which in any manner tends to create a misleading impression, or which fails to identify the person causing the advertisement to be published as a licensed real estate broker or agent; or

(Q) having knowingly withheld from or inserted in a statement of account or invoice, a statement that made it inaccurate in a material particular; or

(R) publishing or circulating an unjustified or unwarranted threat of legal proceedings, or other action; or

(S) establishing an association, by employment or otherwise, with an unlicensed person who is expected or required to act as a real estate licensee, or aiding or abetting or conspiring with a person to circumvent the requirements of this Act; or

(T) failing or refusing on demand to furnish copies of a document pertaining to a transaction dealing with real estate to a person whose signature is affixed to the document; or

(U) failing to advise a purchaser in writing before the closing of a transaction that the purchaser should either have the abstract covering the real estate which is the subject of the contract examined by an attorney of the purchaser's own selection, or be furnished with or obtain a policy of title insurance; or

(V) conduct which constitutes dishonest dealings, bad faith, or untrustworthiness; or

(W) acting negligently or incompetently in performing an act for which a person is required to hold a real estate license; or

(X) disregarding or violating a provision of this Act; or

(Y) failing within a reasonable time to deposit money received as escrow agent in a real estate transaction, either in trust with a title company authorized to do business in this state, or in a custodial, trust, or escrow account maintained for that purpose in a banking institution authorized to do business in this state; or

(Z) disbursing money deposited in a custodial, trust, or escrow account, as provided in Subsection (Y) before the transaction concerned has been consummated or finally otherwise terminated; or

(AA) discriminating against an owner, potential purchaser, lessor, or potential lessee on the basis of race, color, religion, sex, national origin, or ancestry. Prohibited discrimination shall include but not be limited to directing prospective home buyers or lessees interested in equivalent properties to different areas according to the race, color, religion, sex,

national origin, or ancestry of the potential owner or lessee; or

(7) the licensee has failed or refused on demand to produce a document, book, or record in his possession concerning a real estate transaction conducted by him for inspection by the Real Estate Commission or its authorized personnel or representative; or

(8) the licensee has failed within a reasonable time to provide information requested by the commission as a result of a formal or informal complaint to the commission which would indicate a violation of this Act; or

(9) the licensee has failed without just cause to surrender to the rightful owner, on demand, a document or instrument coming into his possession.

The provisions of this section do not relieve a person from civil liability or from criminal prosecution under this Act or under the laws of this state.

#### Issuance of License After Revocation Prohibited for One Year

Sec. 15A. If the commission revokes a person's license issued under this Act, the commission may not issue another license to the person for one year after the revocation.

#### Legislative Intent; Investigations; Probation of License Revocation, Cancellation, or Suspension

Sec. 15B. It is the intent of the legislature that the commission only is vested with the authority and responsibility for the administration, implementation, and enforcement of this Act. Duties, functions, and responsibilities of the commission's administrative assistants, agents, investigators, and all other employees shall be those assigned and determined by the commission. Notwithstanding any other provision of the Act, there shall be no undercover or covert investigations conducted by authority of this Act unless expressly authorized by the commission after due consideration of the circumstances and determination by the commission that such measures are necessary to carry out the purposes of this Act. No investigations of licensees or any other actions against licensees shall be initiated on the basis of anonymous complaints whether in writing or otherwise but shall be initiated only upon the commission's own motion or a verified written complaint. Upon the adoption of such motion by the commission or upon receipt of such complaint, the licensee shall be notified promptly and in writing unless the commission itself, after due consideration, determines otherwise. Provided, however, that the commission shall have the right and may, upon majority vote, rule that an order revoking, cancelling, or suspending a license be probated upon reasonable terms and conditions determined by the commission.

#### Unauthorized Practice of Law; Texas Real Estate Broker-Lawyer Committee

Sec. 16. (a) A license granted under the provisions of this Act shall be suspended or revoked by the commission on proof that the licensee, not being licensed and authorized to practice law in this state, for a consideration, reward, pecuniary benefit, present or anticipated, direct or indirect, or in connection with or as a part of his employment, agency, or fiduciary relationship as a licensee, drew a deed, note, deed of trust, will, or other written instrument that may transfer or otherwise affect the title to or an interest in land, except as provided in the subsections below, or advised or counseled a person as to the validity or legal sufficiency of an instrument or as to the validity of title to real estate.

(b) Notwithstanding the provisions of this Act or any other law, the completion of contract forms which bind the sale, exchange, option, lease, or rental of any interest in real property by a real estate broker or salesman incident to the performance of the acts of a broker as defined by this article does not constitute the unauthorized or illegal practice of law in this state, provided the forms have been promulgated for use by the Texas Real Estate Commission for the particular kind of transaction involved, or the forms have been prepared by an attorney at law licensed by this state and approved by said attorney for the particular kind of transaction involved, or the forms have been prepared by the property owner or prepared by an attorney and required by the property owner.

(c) A Texas Real Estate Broker-Lawyer Committee is hereby created which, in addition to other powers and duties delegated to it, shall draft and revise contract forms capable of standardization for use by real estate licensees and which will expedite real estate transactions and reduce controversies to a minimum while containing safeguards adequate to protect the interests of the principals to the transaction.

(d) The Texas Real Estate Broker-Lawyer Committee shall have 12 members including six members appointed by the Texas Real Estate Commission and six members of the State Bar of Texas appointed by the President of the State Bar of Texas. The members of the committee shall hold office for staggered terms of six years with the terms of two commission appointees and two State Bar appointees expiring every two years. Each member shall hold office until his successor is appointed. A vacancy for any cause shall be filled for the expired term by the agency making the original appointment. Appointments to the committee shall be made without regard to race, creed, sex, religion, or national origin.

(e) In the best interest of the public the commission may adopt rules and regulations requiring real estate brokers and salesmen to use contract forms which have been prepared by the Texas Real Estate Broker-Lawyer Committee and promulgated by the

Texas Real Estate Commission; provided, however, that the Texas Real Estate Commission shall not prohibit a real estate broker or salesman from using a contract form or forms binding the sale, exchange, option, lease, or rental of any interest in real property which have been prepared by the property owner or prepared by an attorney and required by the property owner. Such bond shall be made payable to the County Judge or his successors in office, of the county wherein such subdivision lies, and conditioned that the owner or owners of any such tract of land to be subdivided will construct any roads or streets within such subdivision in accordance with the specifications promulgated by and within a reasonable time as may be allowed by the Commissioners Court of the county. The bond shall be in such an amount as may be determined by the Commissioners Court not to exceed the estimated cost of constructing such roads or streets.

The plat shall give the dimensions of the subdivision or addition and the dimensions of all lots, streets, alleys, parks, or other portions intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto. However, a plat of any subdivision of any tract of land or any addition may not be recorded unless it accurately describes all of the subdivision or addition by metes and bounds and locates the same with respect to an original corner of the original survey of which it is a part and gives the dimensions of the subdivision or addition and dimensions of all streets, alleys, squares, parks, or other portions intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto.

Sec. 2. The plat shall be duly acknowledged by the owners or proprietors of the land or by some duly authorized agent of the owners or proprietors in the manner required for acknowledgement of deeds. The plat, subject to the provisions contained in this article, shall be filed for record and be recorded in the office of the county clerk of the county in which the land lies.

(7) to require the owner or owners of any tract of land that may be so divided to give a good and sufficient bond for the proper construction of the roads or streets affected, with such sureties as may be approved by the court. If a surety bond by a corporate surety is required, the bond shall be executed by a surety company authorized to do business in this state. The bond shall be made payable to the county judge, or his successor in office, of the county in which the subdivision or addition lies and shall be conditioned that the owner or owners of the tract of land to be divided will construct any roads or streets within the subdivision or addition in accordance with the specifications promulgated by the commissioners court of the county. The bond shall be in an amount as may be determined by the commissioners court not to exceed the estimated cost of constructing the roads or streets.

Sec. 2. Any party violating any provision of Section 1 of this Act shall be guilty of a misdemeanor and upon conviction thereof shall be fined in a sum not less than Ten Dollars (\$10.00) nor more than Five Hundred Dollars (\$500.00), or confined in the county jail not exceeding ninety (90) days, or both such fine and imprisonment, and each act of violation shall constitute a separate offense, and in addition to the above penalties any violation of the provisions of Section 1 of this Act shall constitute prima facie evidence of an attempt to defraud.

**Art. 6626d. Canceling Subdivisions**

(a) Any person, firm, association or corporation owning lands in this State, which lands have been subdivided into lots and blocks or small subdivisions, may make application to the commissioners court of the county wherein any such lands are located for permission to cancel all or any portion of such subdivision or subdivisions, including dedicated easements or roadways, so as to throw the said lands back into acreage tracts as it existed before such subdivisions were made. When such application is made by the owner or owners of such land, and it is shown that a cancellation of such subdivisions, or portion thereof, will not interfere with the established rights of any purchaser owning any portion of such subdivisions, or if it be shown that said person or persons agreed to such cancellation, said commissioners court shall enter an order, which order canceling said subdivision shall be spread upon the minutes of such court, authorizing such owner or owners of such lands to cancel the same by written instrument describing such subdivisions, or portions thereof, so cancelled as designated by said court. When such cancellation is filed and recorded in the deed records of such county, the tax assessor of such county shall assess such property as though it had never been subdivided. When such application is so filed, said court shall cause notice to be given of such application by publishing notice of such application in some newspaper, published in the English language, in such county for at least three weeks prior to action thereon by said court, and action shall be taken on such petition or petitions at a regular term of said court. Such notice, in addition to said publication, shall command any person interested in such lands to appear at the time specified in such notice to protest if desired against such action. If such lands are delinquent for taxes for any preceding year, or years, and such

application is granted as hereinbefore provided, the owner or owners of said land shall be permitted to pay such delinquent taxes upon an acreage basis, the same as if said lands had not been subdivided, and for the purpose of assessing lands for such preceding years the county assessor of taxes shall back assess such lands upon an acreage basis. This law shall not apply to any lands or lots included in an incorporated city or town or subject to the extra-territorial jurisdiction thereof.

(b) Upon application of the owner or owners of 75 percent of the land area in any subdivision or phase or identifiable subdivision thereof or other lands to which this article may apply for cancellation of such subdivision or of such phase or identifiable subdivision thereof, including cancellation of dedicated roadways or easements, the commissioners court shall issue an order authorizing such cancellation in the manner provided for in Subsection (a) hereof, after notice and hearing as therein provided. Provided, however, that upon the receipt of written objection to cancellation by the owners of 10 percent of the land area affected by the application, the grant of an order of cancellation shall be at the discretion of the commissioners court.

(c) No person who does not own a lot or portion of a subdivision directly abutting upon that portion or a roadway or easement canceled under the provisions of this article may maintain an action to enjoin the cancellation or closing of such roadway or easement, and no person owning a lot or portion within a subdivision canceled in whole or in part under the provisions of this article may maintain an action to enjoin the cancellation or closing of any portion of a roadway or easement other than that which leads from the lot or portion of the subdivision owned by him to the nearest remaining public highway or county road or access thereto or to any uncanceled common amenity of the subdivision by the most direct feasible route. Any person who appears before the commissioners court to protest the cancellation of a subdivision or any portion thereof may maintain an action for damages against the persons making application for cancellation and may recover as damages an amount not to exceed the amount of the original purchase price of the lands in the canceled subdivision or canceled portion thereof owned by the person protesting such cancellation, provided, however, that any such action for damage must be brought within one year of the date of the entry of the order of the commissioners court.

**Art. 6663c. Administration and Funding of Mass Transportation**

**Findings and Purpose**

Sec. 1. (a) The legislature finds that:

(1) transportation is the lifeblood of an urbanized society, and the health and welfare of that society depend on the provision of efficient, economical, and convenient transportation within and between urban areas;

(2) public transportation is an essential component of the state's transportation system;

(3) energy consumption and economic growth are vitally influenced by the availability of public transportation;

(4) providing public transportation has become so financially burdensome that private industry can no longer provide service in many areas in the state and that the continuation of this essential service on a private or proprietary basis is threatened; and

(5) providing public transportation is a public, governmental responsibility and a matter of direct concern to state government and to all the citizens of the state.

(b) The purposes of this Act are to provide:

(1) improved public transportation for the state through local governments acting as agents and instrumentalities of the state;

(2) state assistance to local governments and their instrumentalities in financing public transportation systems to be operated by local governments as determined by local needs; and

(3) coordinated direction by a single state agency of both highway development and public transportation improvement.

**Definitions**

Sec. 2. In this Act:

(1) "Capital improvement" means the acquisition, construction, reconstruction, or improvement of facilities, equipment, or land for use by operation, lease, or otherwise in public transportation service in urbanized areas, and all expenses incidental to the acquisition, construction, reconstruction, or improvement including designing, engineering, supervising, inspecting, surveying, mapping, relocation assistance, acquisition of rights-of-way, and replacement of housing sites.

(2) "Commission" means the State Highway and Public Transportation Commission.

(3) "Department" means the State Department of Highways and Public Transportation.

(4) "Federally funded project" means a public transportation project proposed for funding under this Act which is being funded in part under the provisions of the Urban Mass Transportation Act of 1964, as amended,<sup>1</sup> the Federal-Aid Highway Act of

1973, as amended,<sup>2</sup> or other federal program for funding public transportation.

(5) "Local share requirement" means the amount of funds which are required and are eligible to match federally funded projects for the improvement of public transportation in this state.

(6) "Public transportation" means transportation by bus, rail, watercraft, or other means which provides general or specialized service to the public on a regular or continuing basis.

(7) "Urbanized area" means an area so designated by the United States Bureau of the Census or by general state law.

(8) "Ridesharing activities" means transportation provided by rubber-tired vehicles that carry no fewer than 10 nor more than 15 passengers and that are operated on a nonprofit basis.

**Formula Program**

Sec. 3. (a) The commission shall administer the formula program and allocate 60 percent of the funds in the public transportation fund to that program.

(b) Only an urbanized area with a population in excess of 200,000 according to the last preceding federal census is eligible for participation in the formula program. A municipality, regional authority, or other local governmental entity designated as a recipient of federal funds by the governor with the concurrence of the Secretary of the United States Department of Transportation is a designated recipient of funds under the formula program.

(c) The funds allocated to the formula program shall be apportioned annually on the basis of a formula under which the designated recipients of an eligible urbanized area are entitled to receive an amount equal to the sum of:

(1) one-half of the total amount apportioned to the formula program for the year multiplied by the ratio by which the population of the eligible urbanized area bears to the total population of all eligible urbanized areas that are eligible for the formula program; and

(2) one-half of the total amount apportioned to the formula program for the year multiplied by the ratio by which the number of inhabitants per square mile of the eligible urbanized area bears to the combined number of inhabitants per square mile of all eligible urbanized areas.

(d) Designated recipients may only use formula program funds to provide 65 percent of the local share requirement of federally funded projects for capital improvements.

(e) Within 30 days after an application for funds under the formula program is received, if there are unallocated formula funds for the applicant, the commission shall certify to the federal government that the state share of the local share requirement

is available. The application must contain a certification by the designated recipient that:

(1) funds are available to provide 35 percent of the local share requirement of federally assisted programs; and

(2) the proposed public transportation project is consistent with ongoing, continuing, cooperative, and comprehensive regional transportation planning being carried out in accordance with the provisions of the Urban Mass Transportation Act of 1964, as amended, and the Federal-Aid Highway Act of 1973, as amended.

(f) If the commission has previously certified that the state share is available for a project, the commission shall direct that payment of the state share be made to the designated recipient within 30 days after federal approval of a proposed transportation project proposal.

(g) Funds allocated by the department for use in the formula program which are unencumbered and unexpended one year after the close of the fiscal year for which the funds were originally allocated shall be transferred at that time by the commission for use in the discretionary program.

#### Discretionary Program

Sec. 4. (a) The commission shall allocate 40 percent of the funds annually credited to the public transportation fund to the discretionary program, which shall be administered by the commission.
