Provided, however, none of such records shall be disposed of in any manner unless the State Comptroller, the State Auditor and the Attorney General of the State of Texas shall first have agreed with the State Librarian that the preservation of any such records are no longer necessary as evidence and will serve no useful purpose in the future efficient operation of the State Government. All such records disposed of, as agreed upon, shall be generally listed and referred to and such list shall be subscribed to by all of said Officials showing their consent to such disposition.

Sec. 2. Any such records which the Attorney General, State Comptroller, State Auditor and State Librarian, or any one or more of them deem necessary to preserve, may be so preserved by microfilming such records and such microfilm copies shall thereupon constitute original records for all legal purposes. Thereafter the originals of such records may be disposed of in such manner as such Officials may agree on; provided, however, that such microfilming shall be done only if funds are available for that purpose or are appropriated by the Legislature of the State of Texas for that purpose to cover the cost of such microfilming for the State of Texas.

Sec. 3. Any such records held to be no longer needed for the operation of the State Government or those replaced by microfilm copies may nevertheless be transferred to the Archives Division of the Texas State Library if the State Librarian deems them to be of historical value.

(c) The manual also shall contain information to assist local officials in carrying out their functions under this Act, including model records schedules and implementation plans, and may prescribe rules consistent with this Act governing the disposition of obsolete county records.

(d) The manual has no legal effect until it is approved by a majority of the members of a review committee constituted as provided in Section 3 of this Act. An amendment is effective when the state librarian files a certified copy of the amendment in the office of the Secretary of State, except that an amendment must first be approved by a review committee in the same manner as provided for approval of the original manual if it:

(1) prescribes a minimum retention period for a county record required by law to be kept and for which a minimum retention period is not prescribed by state law;

(2) changes a minimum retention period established by the manual; or

(3) changes the rules governing disposition of obsolete county records.

#### Review Committee

(1) he has been nominated by a petition signed by at least 50 other officers of the type nominated; or

(2) he has been nominated by an organization representing officers of the type nominated that has as members at least 50 of those officers.

(c) For the purposes of Subsection (b) of this section, county judges and commissioners are of the same type and county, district, and criminal district attorneys are of the same type.

(d) At least 30 days before making an appointment under Subdivision (4), Subsection (a) of this section, the state librarian shall cause to be published in the Texas Register a notice of his intention to make the appointment. On the request of the custodian, the state librarian and the staff of the regional historical resource depository program shall assist the custodian in this regard by furnishing him recommended model records schedules and implementation plans and other information.

(b) A records schedule, if prepared, shall contain an inventory of county records kept by the custodian. It shall prescribe a minimum retention period for each type of record. The retention period for each type of record must be at least as long as that prescribed by law or established in the county records manual.

(c) If a custodian prepares a records schedule, he shall also prepare an implementation plan that prescribes, in conformity with this Act, the manner and procedure for disposing of records no longer needed on the expiration of the applicable retention period.

(d) The records schedule and implementation plan take effect when the custodian files a certified copy of the schedule and plan in the office of the county clerk. The custodian may amend an existing schedule or plan. An amendment takes effect when the custodian files a certified copy of it in the office of the county clerk.

#### Disposition of Obsolete Records

Sec. 5. (a) When the retention period expires for a county record subject to an approved records schedule and implementation plan, and in the judgment of the custodian the record is no longer needed, he may dispose of the record in accordance with the implementation plan, the county records manual, and the provisions of this Act.

(b) No county record may be destroyed pursuant to an implementation plan unless at least 60 days before the day it is destroyed the custodian gives written notice to the state librarian of his intention to destroy the record. The notice must sufficiently

describe the record to enable the state librarian to determine if it should be transferred to the state library for preservation in a regional historical resource depository. If the state librarian requests that a record be transferred, the custodian shall comply with the request. Otherwise, the record may be destroyed.

(c) County records may be destroyed only by the sale of them for recycling purposes or by shredding them or burning them. Regardless of the method used, adequate safeguards must be employed to insure that they do not remain in their original state and are no longer recognizable as county records.

(d) No later than the 10th day before records are destroyed, the custodian shall file and record with the county clerk a notice stating which records are to be destroyed, how they are to be destroyed, and the date they are to be destroyed. The same day the notice is filed, the county clerk shall post a copy of it in the same manner that notices of meetings are posted under Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes).

The custodian is not required to make a microfilm or other copy of the record before transferring it.

(c) The state librarian may make certified copies of county records that have been transferred to the state library. Each certified copy shall state that it is a true and correct copy of the record in the state librarian's custody. A certified copy made under the authority of this subsection has the same force and effect for all purposes as a copy certified by the county clerk or other custodian as provided by law.

(c) State grants may not be used for site acquisition, construction, or for acquisition of buildings, or for payment of past debts.

(d) State aid to any free tax-supported public library is a supplement to and not a replacement of local support.

(e) System operation grants shall be apportioned among the major resource systems and regional library systems on the following basis:

Twenty-five percent of such funds shall be apportioned equally among the major resource systems and regional library systems that are operating under Commission-approved programs of services, budgets, and bylaws or contracts, and the remaining seventy-five percent shall be apportioned among the major resource systems and regional library systems that are operating under Commission-approved programs of services, budgets, and bylaws or contracts, on a per capita basis determined by the last decennial census or the most recent official population estimate of the U.S. Department of Commerce, Bureau of the Census.

[Acts 1925, S.B. 84.]

#### **Art. 5508. "Title" and "Color of Title" Defined**

By the term "title" is meant a regular chain of transfers from or under the sovereignty of the soil, and by "color of title" is meant a consecutive chain of such transfers down to such person in possession, without being regular, as if one or more of the memorials or muniments be not registered, or not duly registered, or be only in writing, or such like defect as may not extend to or include the want of intrinsic fairness and honesty; or when the party in possession shall hold the same by a certificate of headright, land warrant, or land scrip, with a chain of transfer down to him in possession.

[Acts 1925, S.B. 84.]

#### **Art. 5509. Five Years' Possession**

Every suit to recover real estate as against a person having peaceable and adverse possession thereof, cultivating, using or enjoying the same, and paying taxes thereon, if any, and claiming under a deed or deeds duly registered, shall be instituted within five years next after cause of action shall have accrued, and not afterward. This article shall not apply to one in possession of land, who derails title through a forged deed. And no one claiming under a forged deed, or deed executed under a forged power of attorney shall be allowed the benefits of this article.

[Acts 1925, S.B. 84.]

#### **Art. 5510. Ten Years' Possession**

Any person who has the right of action for the recovery of lands, tenements or hereditaments against another having peaceable and adverse possession thereof, cultivating, using or enjoying the

same, shall institute his suit therefor within ten years next after his cause of action shall have accrued, and not afterward. The peaceable and adverse possession contemplated in this article, as against the person having right of action, shall be construed to embrace not more than one hundred and sixty acres, including the improvements or the number of acres actually enclosed, should the same exceed one hundred and sixty acres; but when such possession is taken and held under some written memorandum of title, other than a deed, which fixes the boundaries of the possessor's claim and is duly registered, such peaceable possession shall be construed to be co-extensive with the boundaries specified in such instrument.

[Acts 1925, S.B. 84.]

**Art. 5511. Land Surrounded by Other Lands**

A tract of land owned by one person, entirely surrounded by a tract or tracts owned, claimed or fenced by another, shall not be considered inclosed by a fence inclosing the circumscribing tract or tracts, or any part thereof; nor shall the possession by the owner or claimant of such circumscribing land of such interior tract be the peaceable and adverse possession contemplated by Article 5510 unless the same be segregated and separated from the circumscribing land by a fence, or unless at least one-tenth thereof be cultivated and used for agricultural purposes, or used for manufacturing purposes.

[Acts 1925, S.B. 84.]

[Acts 1925, S.B. 84.]

[Acts 1925, S.B. 84.]

**Art. 5514. "Peaceable Possession"**

"Peaceable possession" is such as is continuous and not interrupted by adverse suit to recover the estate.

[Acts 1925, S.B. 84.]

**Art. 5515. "Adverse Possession"**

"Adverse possession" is an actual and visible appropriation of the land, commenced and continued under a claim of right inconsistent with and hostile to the claim of another.

[Acts 1925, S.B. 84.]

**Art. 5516. Possession by Different Persons**

Peaceable and adverse possession need not be continued in the same person, but when held by different persons successively there must be a privity of estate between them.

2. In time of war, a person in the military or naval service of the United States, or

3. A person of unsound mind, or

4. A person imprisoned, the time during which such disability or status shall continue shall not be deemed any portion of the time limited for the commencement of such suit, or the making of such defense; and such person shall have the same time after the removal of his disability that is allowed to others by the provisions of this title; provided, that notwithstanding a person may be or may have been laboring under any of the disabilities mentioned in this Article, one having the right of action for the recovery of any lands, tenements or hereditaments against another having peaceable and adverse possession thereof, cultivating, using or enjoying same, shall institute his suit therefor within twenty-five years next after his cause of action shall have accrued and not thereafter.

[Acts 1925, S.B. 84. Amended by Acts 1967, 60th Leg., p. 739, ch. 309, § 3, eff. Jan. 1, 1968.]

**Art. 5519. Action Barred in Twenty-Five Years**

No person who has a right of action for the recovery of real estate shall be permitted to maintain an action therefor against any person having peaceable and adverse possession of such real estate for a period of twenty-five years prior to the filing of such action, under claim of right, in good faith, under a deed or deeds, or any instrument or instruments, purporting to convey the same, which deed or deeds or instrument or instruments purporting to convey the same have been recorded in the deed records of the county in which the real estate or a part thereof is situated; and one so holding and claiming such real estate under such claim of title and possession shall be held to have a good marketable title thereto, and on proof of the above facts shall be held to have established title by limitation to such real estate regardless of minority, insanity or other disability in the adverse claimant, or any person under whom such adverse claimant claims, existing at the time of the accrual of the cause of action, or at any time thereafter. Such peaceable and adverse possession need not be continued in the same person, but when held by different persons successively there must be a privity of estate between them. The adverse possession of any part of such real estate shall extend to and be held to include all of the property described in such deed or instrument conveying or purporting to convey, under which entry was made upon such land or any part thereof, and by instrument purporting to convey shall be meant any instrument in the form of a deed or which contains language showing an intention to convey even though such instrument, for want of proper execution or for other cause is void on its face or in fact.

[Acts 1925, S.B. 84. Amended by Acts 1927, 40th Leg., p. 369, ch. 250, § 1; Acts 1967, 60th Leg., p. 740, ch. 309, § 3, eff. Jan. 1, 1968.]

**Art. 5519a. Title to Land by Limitation**

In all suits involving the title to land not claimed by the State, if it be shown that those holding the apparent record title thereto have not exercised dominion over such land or have not paid taxes thereon, one or more years during the period of twenty-five years next preceding the filing of such suit and during such period the opposing parties and those whose estate they own are shown to have openly exercised dominion over and asserted claim to same and have paid taxes thereon annually before becoming delinquent for as many as twenty-five years during such period, such facts shall constitute prima facie proof that the title thereto had passed to such persons so exercising dominion over, claiming and paying taxes thereon.

Sec. 2. This Act shall in no way affect any Statute of Limitation or the right to prove title by circumstantial evidence under the present Rule of Decision in the Courts of this State nor to suits

between trustees and their beneficiaries nor to suits now pending.

[Acts 1930, 41st Leg., 5th C.S., p. 162, ch. 30. Amended by Acts 1931, 42nd Leg., p. 288, ch. 169.]

**Art. 5520. Actions by Vendors and on Voluntary Mechanic's or Materialman's Lien; Tolling; Presumption of Payment**

All actions for the recovery of real estate by virtue of a superior title retained by the vendor in a deed of conveyance or purchase money note, or for the foreclosure of any vendor's, mortgage, deed of trust or voluntary mechanic's or materialman's lien on real estate, securing a note or other written obligation, shall be instituted, and all sales of real estate in the exercise of a power of sale under a mortgage or deed of trust securing any such lien debts shall be made, within four (4) years after the cause of action shall have accrued, and not afterward.

No time shall be counted out by a toll of limitations under any other Statutes, except Article 5538, Revised Civil Statutes of Texas, 1925, in calculating any aforesaid limitation period invoked by a bona fide purchaser, lien holder or lessee who has no notice or knowledge of any such toll of limitations and acquires his interest in the property at a time when any said lien debt is more than four (4) years past due and there is no written extension of record.

At the expiration of such four (4) year period payment of any such lien debt shall be conclusively presumed to have been made, and the lien for the security of same and any power of sale for the enforcement thereof shall be void and cease to exist, unless said lien is extended by written agreement of the party or parties primarily liable for the payment of the indebtedness, as provided by law; but any such extension agreement shall be a nullity against aforesaid bona fide third persons dealing with said property without actual notice thereof and before same is filed and recorded in the manner provided for the acknowledgment and record of conveyances of real estate.

Where a series of notes or other obligations or one payable in installments is secured by such lien on real estate, the aforesaid limitation period shall not begin to run until the maturity date of said last note, obligation or installment.

Provided that as to any aforesaid cause of action heretofore accrued, where the period of limitation has been tolled or interrupted by any other statute so that the same is not barred by limitation prior to the effective date of this Act, the limitation period applicable thereto shall be either one (1) year from the effective date of this Act or four (4) years from the maturity of the lien debt, whichever is longer.

[Acts 1925, S.B. 84. Amended by Acts 1931, 42nd Leg., p. 230, ch. 136, § 2; Acts 1945, 49th Leg., p. 441, ch. 278.]

**Art. 5521. Repealed by Acts 1931, 42nd Leg., p. 230, ch. 136, § 1**

See, now, art. 5520.

**Art. 5522. Lien Continued in Force**

When the date of maturity of either debt referred to in either of the foregoing articles is extended, if the contract of extension is signed and acknowledged as provided for in the law relating to the execution of deeds of conveyance by the party or parties obligated to pay such indebtedness as extended and filed for record in the county clerk's office in the county in which the land is situated, the lien shall continue and be in force until four years after maturity of the notes as provided in such extension, the same as in the original contract and the lien shall so continue for any succeeding or additional extension so made and recorded. The date of maturity set forth in the deed of conveyance or deed of trust or mortgage, or the recorded renewal and extension of the same, shall be conclusive evidence of the date of maturity of the indebtedness therein mentioned. Section 2 of the 1983 amendatory act revising the Mental Health Code provides:

"If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

- (3) eliminating, if so requested, the traumatic effect on the patient's mental health of public trial and criminal-like procedures;
- (4) protecting each person's right to a judicial determination of their need for involuntary treatment;
- (5) defining the criteria which must be met for the state to order care and treatment on an involuntary basis;
- (6) establishing procedures by which facts may be obtained, examinations carried out, and decisions made promptly and fairly;
- (7) safeguarding the legal rights of patients in such a manner as to advance and not impede the therapeutic and protective purposes of involuntary mental health care; and
- (8) safeguarding the rights of those who voluntarily seek in-patient care.

In no case shall a jail or similar detention facility be deemed suitable except in an extreme emergency. Persons detained in a jail or other nonmedical facility shall be kept separate from those persons charged with or convicted of a crime.

No person may be detained in a private mental health facility without first obtaining the consent of the head of the facility.

(2) that the applicant has reason to believe and does believe that the person evidences a substantial risk of serious harm to himself or others, which risk of harm shall be specified and described;

(3) that the applicant has reason to believe and does believe that the risk of harm is imminent unless the person is immediately restrained;

(4) that the applicant's beliefs are based on specific recent behavior, overt acts, attempts, or threats, which behavior, acts, attempts, or threats shall be described in specific detail; and

(4) that necessary restraint cannot be accomplished without emergency detention.

(e) If the magistrate finds that the person meets all four criteria for emergency detention in Subsection (a) of Section 27 of this code, he shall issue a warrant for the immediate apprehension and transportation of the person to the nearest appropriate in-patient mental health facility for a preliminary examination in accordance with the provisions of Subsection (c) of Section 26 of this code. For purposes of this section, the warrant shall serve as the application required in Subsection (b) of Section 26 of this code. Copies of the application for warrant and the warrant itself shall be immediately transmitted to the facility.

(c) Except in an emergency as determined by the court, a hearing on an application may not be held before the recommendation required by this section is filed.

(d) This section does not relieve a county of any of its responsibilities under other provisions of this code for the diagnosis, care, or treatment of the mentally ill.

(e) The extent to which a designated facility must comply with the provisions of this section shall be based on the commissioner's determination that the facility has sufficient resources to perform the necessary services.

(f) This section does not apply to a person for whom treatment in a private mental health facility is proposed.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-36. Protective Custody**

(a) A Motion for an Order of Protective Custody may be filed only in the court in which an Application for Court-Ordered Mental Health Services is pending. The motion may be filed by the county or district attorney or on the court's own motion. The motion shall state that the judge or the county or district attorney has reason to believe and does believe upon the representations of a credible person, or upon the basis of the conduct of the person, or the circumstances under which the person is found that the person meets the criteria set forth in Subsection (b) of this section. The motion shall be accompanied by a Certificate of Medical Examination for Mental Illness by a physician who has examined the person within five days of the filing of the motion.

(b) The judge may issue an Order of Protective Custody if the judge determines:

(1) that a physician has stated his opinion and the detailed basis for his opinion that the person is mentally ill; and

(2) the person presents a substantial risk of serious harm to himself or others if not immediately restrained pending the hearing.

This determination may be made on the basis of the application and the certificate. If the judge concludes that a fair determination of the matter cannot be made on this information, the judge may take further evidence. If the determination is made on the basis of the application and the certificate, the judge must determine that the conclusions of the applicant and the certifying physician are adequately supported by the information presented.

(c) The Order of Protective Custody shall direct a peace officer or other designated person to take the person into protective custody and immediately transport him to a designated in-patient mental health facility or other suitable place and detain him pending a probable cause hearing. The extent to which a designated mental health facility must comply with the provisions of this section shall be based on a determination by the commissioner of the department that the facility has sufficient resources to perform the necessary services. No person may be detained in a private mental health facility without first obtaining the consent of the head of the facility.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-37. Appointment of Attorney; Notice of Probable Cause Hearing**

(a) When an Order for Protective Custody is signed, the presiding judge shall simultaneously appoint an attorney, if there is no attorney representing the proposed patient.

(b) The proposed patient and his attorney shall be served within a reasonable period of time prior to the time of the probable cause hearing with written notice that the patient has been placed under an order of protective custody, the reasons why such order was issued, and the time and place of a hearing to establish probable cause to believe that the patient is mentally ill and presents a substantial risk of serious harm to himself or others such that he cannot be at liberty pending the hearing on court-ordered mental health services. Such notice shall be provided by the court ordering protective custody.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-38. Probable Cause Hearing on Protective Custody**

(a) A probable cause hearing shall be held within 72 hours of the time detention begins pursuant to the order for protective custody; provided, however, that if the 72-hour period ends on a Saturday or Sunday or a legal holiday, the probable cause hear-

ing shall be held on the first succeeding business day. The hearing shall be before a magistrate or, at the discretion of the presiding judge, before a master appointed by the presiding judge. The master shall receive reasonable compensation. At the hearing, the patient and his attorney shall have an opportunity to appear and present evidence to challenge the allegation that the patient presents a substantial risk of serious harm to himself or others. The magistrate or master may consider evidence including letters, affidavits, and other material that may not be admissible or sufficient in a subsequent commitment hearing. The state may prove its case on the physician's certificate filed in support of the initial detention.

(b) If after the hearing the magistrate or master determines that no probable cause exists to believe that the proposed patient presents a substantial risk of serious harm to himself or others, he shall order the patient's release. Arrangements shall be made for the return of the patient to the location of his apprehension or to his place of residence within the state or some other suitable place. If after the hearing the magistrate or master determines that an adequate factual basis exists for probable cause to believe that the proposed patient presents a substantial risk of serious harm to himself or others such that he cannot be at liberty pending the commitment hearing, the patient's detention in protective custody shall continue subject to the provisions of Section 39 of this code. If the protective custody is to continue, the magistrate or master shall arrange for the patient to be returned to the mental health facility or other suitable place along with copies of the certificate, affidavits, and other material submitted as evidence and a Notification of Probable Cause Hearing which shall read as follows:

(Style of Case)

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-39. Detention in Protective Custody; Release From Custody**

(a) The head of a facility in which a person is detained pursuant to an Order for Protective Custody or his designee shall detain the person pending an Order for Court-Ordered Mental Health Services issued pursuant to Section 50 or 51 of this code, except as provided in this section.

(b) The person detained in protective custody shall be detained in an appropriate in-patient mental health facility or other facility deemed suitable by the county health officer. No person may be detained in protective custody in a nonmedical facility used for the detention of persons charged with or convicted of a crime except because of and during an extreme emergency and in no case for a period of more than 72 hours; provided, however, that if the 72-hour period ends on a Saturday or Sunday or a legal holiday, the person may be detained in such a facility until the first succeeding business day. Persons detained in a nonmedical facility shall be kept separate from those persons charged with or convicted of a crime.

(c) If the person is detained during an emergency in a nonmedical facility, the county health officer shall see that proper care and medical attention are made available to the person held in protective custody.

(d) If the head of the facility in which the person is detained does not receive notice that a probable cause hearing has been held within 72 hours of the time detention begins pursuant to the order of protective custody, excepting weekends and holidays, authorizing the protective custody to continue, the head of the facility shall immediately release the patient from custody. Patients for whom probable cause has been established to justify continued protective custody following the probable cause hearing and pending a hearing on Court-Ordered Mental

Health Services shall be discharged by the head of the facility in which he has been detained if:

(1) a final Order for Court-Ordered Mental Health Services has not been entered by the court before the expiration of 14 days or before the expiration of 21 days if an order of continuance has been granted pursuant to Section 42 or Subsection (d) of Section 49 of this code; or

(2) the head of the facility or his designee determines that such patient no longer meets the criteria for protective custody as specified in Section 36 of this code.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**SUBCHAPTER D. PROCEEDINGS FOR COURT-ORDERED MENTAL HEALTH SERVICES**

**Art. 5547-40. Court in Which Proceedings to be Held**

A proceeding pursuant to this subchapter shall be held in the statutory court of the county exercising the jurisdiction of a probate court in mental illness matters. If there is no such court in a county, the proceedings shall be heard in the county court.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-41. Transfer of Proceeding from County Court**

Where a proceeding is to be held in the county court under Section 40 of this code and the county judge of that court is not a licensed attorney, the person or his attorney may request that such proceeding be transferred to a court with a judge that is an attorney licensed to practice law in this state. The proceeding shall then be transferred by the county judge to such court and be heard as if originally filed in such court.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-42. Setting on Application for Court-Ordered Mental Health Services**

When an Application for Court-Ordered Mental Health Services is filed, the judge shall set a date for a hearing to be held within 14 days of the filing of the application. If the proposed patient or his attorney objects, the hearing shall not be held within the first three days following the filing of the application. Upon good cause shown or upon agreement of the parties, the court may grant a single continuance of the hearing for a period not to exceed seven days.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-43. Notice**

(a) Immediately after the judge sets the date for the hearing, the person shall be personally served with a copy of the application and written notice of the time and place of hearing thereon. A copy of the application and notice shall be sent by certified mail to the parent if the person is a minor or to the duly appointed guardian if the person is the subject of a guardianship or to the managing conservator if one has been appointed.

(b) Within a reasonable time before the hearing on the application the county or district attorney shall provide the person's attorney with a statement including the following information, provided that the person's attorney has been unable to obtain such information and has requested such information from the county or district attorney prior to 48 hours before the time set for the hearing:

(1) the provisions of this code which will be relied upon at the hearing to establish that the person requires temporary or extended mental health services;

(2) the names, addresses, and telephone numbers of the witnesses who may testify at the hearing;

(3) a brief description of the reasons why court-ordered temporary or extended mental health services are required; and

(4) a list of any acts of the person which the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may in his discretion admit evidence and testimony relating to matters not disclosed under the provisions of Subsection (b) of this section, upon a determination that such admission would not deprive the person of a fair opportunity to contest such evidence or testimony.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-44. Appointment of Attorney**

(a) Within 24 hours after the filing of an Application for Court-Ordered Mental Health Services, the judge shall appoint an attorney to represent the person if he does not already have an attorney representing him.

(b) At the time of appointment of an attorney, the judge shall also appoint a language interpreter or a sign interpreter if the person is hearing impaired as required to ensure effective communication with the attorney in the person's primary language.

(c) The person's attorney shall be furnished with all records and papers in said cause and shall have access to all hospital and doctors' records in said cause.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-45. Duties of Attorney**

An attorney representing a person who is the subject of proceedings for court-ordered mental

health services under this code shall fulfill at least the following duties:

(a) The attorney shall, within a reasonable time prior to the hearing, interview the person. The attorney shall thoroughly discuss with the person the law and facts of the case, the person's options, and the grounds upon which court-ordered mental health services are being sought. He shall, if court-appointed, further explain to the person that the person may obtain his own counsel at his own expense, rather than accept representation by court-appointed counsel. The attorney may advise the person concerning the wisdom of agreeing to or resisting efforts to provide mental health services. Whether or not to resist such efforts, however, is a decision to be made by the person. If the person expresses a desire to avoid court-ordered mental health services, the attorney has the duty to use all reasonable efforts within the bounds of law to advocate the person's right to avoid court-ordered mental health services, without regard to the attorney's personal view.

(b) After interviewing the person, if the attorney wishes to withdraw from the case, he shall file a motion with the court. Such a motion shall be acted upon as soon as possible. In no event may the attorney withdraw from the case unless authorized to do so by court order.

(c) Prior to the hearing, the attorney shall:

(1) review the application, the certificates of medical examination for mental illness, and relevant medical records of the person;

(2) interview supporting witnesses and other witnesses who will testify at the hearing; and

(3) explore the possibility of alternatives to court-ordered in-patient mental health services.

(d) The attorney shall discuss with the person the procedures for appeal, release, and discharge if the court orders participation in mental health services and other rights the person may have during the period of the court's order.

(e) The attorney shall maintain responsibility for the person's legal representation until the application is dismissed, appeal from an order directing treatment is taken, the time for giving notice of appeal has expired by operation of law, or another attorney assumes responsibility for the matter, whichever is later.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-46. Examination Required; Appointment of Examiners; Dismissal of Application**

(a) Before a hearing may be held on an Application for Court-Ordered Mental Health Services, there must be filed with the court Certificates of Medical Examination for Mental Illness by two physicians, at least one of whom shall be a psychiatrist

if one is available in the county, who have each examined the person within the preceding 30 days.

(b) If the certificates are not filed with the application, the judge shall appoint the necessary physicians, at least one of whom shall be a psychiatrist if one is available in the county, to examine the person and file certificates with the court. The judge may order the proposed patient to submit to the examination and may issue a warrant under which a peace officer may take the person into custody for the purpose of the examinations.

(c) Unless at the time set for hearing on the application there are on file with the court two Certificates of Medical Examination for Mental Illness based on examinations conducted within the preceding 30 days, the judge shall dismiss the application and order the immediate release of the person if he is not at liberty.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-47. Medical or Psychiatric Testimony

(a) At the hearing on an Application for Court-Ordered Temporary Mental Health Services, the person and his attorney may waive in writing the right to cross-examine witnesses. If such a waiver is made and filed with the court, the court may admit into evidence the Certificates of Medical Examination for Mental Illness and make its findings on the basis of the certificates. If so admitted, the certificates shall constitute competent medical or psychiatric testimony and the court may make its findings on the basis of these certificates.

(b) At a hearing on an Application for Court-Ordered Extended Mental Health Services, the court may not make its findings solely on the basis of the certificates of mental illness. The court shall proceed to hear testimony. No order for extended mental health services shall be entered unless appropriate findings are made and supported by testimony taken at the hearing. The testimony shall include competent medical or psychiatric testimony.

(c) Nothing in this section shall preclude the court from considering the testimony of a nonphysician mental health professional, as defined in Section 4 of this code in addition to medical or psychiatric testimony.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-48. Hearing on Court-Ordered Mental Health Services

(a) The judge may hold the hearing on an Application for Court-Ordered Mental Health Services at any suitable place within the county. The hearing should be held in a physical setting not likely to have a harmful effect on the person. Upon demand of the person or his attorney, the hearing shall be held in the courthouse of the county.

(b) The person shall have the right to be present, but his presence may be waived by the person or his attorney.

(c) The hearing shall be public unless the person or his attorney requests that the hearing be closed and the court determines there is good cause for closing the hearing.

(d) The Rules of Evidence applicable in civil litigation shall govern the proceedings except where inconsistent with this code.

(e) The hearing shall be on the record, and the state's burden of proof shall be to prove each element of the applicable criteria by clear and convincing evidence.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-49. Hearing Before Jury

(a) The hearing for Court-Ordered Temporary Mental Health Services shall be before the court unless a trial by jury is requested by the person or his attorney. The hearing for Court-Ordered Extended Mental Health Services shall be before a jury unless a jury trial has been waived pursuant to Subsection (c) of this section. In no case shall a jury fee be required.

(b) In a hearing before a jury, the jury shall determine whether or not the person is mentally ill and meets the criteria for court-ordered mental health services but shall make no finding about the type of services to be provided.

(c) Waiver of trial by jury shall be in writing under oath and shall be signed and sworn to by the proposed patient and by his attorney. A waiver of this right shall be filed at least 48 hours prior to the scheduled time of the hearing.

(d) Upon good cause shown, the court may permit a waiver of jury trial properly made and filed to be withdrawn. If a waiver is withdrawn within 48 hours of the scheduled time of the hearing, the court may order a continuance for a reasonable period, not to exceed 72 hours, in order to permit a hearing before a jury. If the person is detained pending the hearing under an Order of Protective Custody, that order may be extended to authorize detention for an additional period not to exceed the period of a continuance granted pursuant to this section.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-50. Order Upon Hearing on Application for Temporary Mental Health Services

(a) If upon the hearing on an Application for Court-Ordered Temporary Mental Health Services the judge or jury fails to find, on the basis of clear and convincing evidence, that the person is mentally ill and meets the criteria for court-ordered mental health services, the court shall enter its order deny-

ing the application and shall order the immediate release of the person if he is not at liberty.

(b) Upon the hearing, the judge or the jury, if one has been requested, shall determine that the person requires court-ordered mental health services only if it finds, on the basis of clear and convincing evidence, that:

- (1) the person is mentally ill; and
- (2) as a result of that mental illness the person:
  - (i) is likely to cause serious harm to himself; or
  - (ii) is likely to cause serious harm to others; or

(d) If upon the hearing the jury or judge determines that the person is mentally ill and meets the criteria for court-ordered mental health services, the judge shall then dismiss the jury, if any. The judge may hear additional evidence regarding alternative settings for care and shall enter an order providing for one of the following:

- (1) The judge may enter an order committing the person to a mental health facility for in-patient care.
- (2) The judge may enter an order requiring the person to participate in mental health services other than in-patient care, including but not limited to programs of community mental health and mental retardation centers and services provided by a private psychiatrist or psychologist.

(b) Upon the hearing, the jury or the judge, if jury trial has been waived, shall determine that the person requires court-ordered mental health services only if it finds, on the basis of clear and convincing evidence, that:

- (2) as a result of that mental illness the person:
  - (i) is likely to cause serious harm to himself; or
  - (ii) is likely to cause serious harm to others; or
  - (iii) will, if not treated, continue to suffer severe and abnormal mental, emotional, or physical distress and will continue to experience deterioration of his ability to function independently and is unable to make a rational and informed choice as to whether or not to submit to treatment; and,

(3) the condition of the person is expected to continue for more than 90 days; and,

(4) the person has either:

(i) received in-patient mental health services under court order pursuant to this code for at least 60 consecutive days within the 12 months immediately preceding the hearing; or

(ii) received in-patient mental health services under court order pursuant to Section 5 of Article 46.02, Code of Criminal Procedure, 1965, as amended, for at least 60 consecutive days within the 12 months immediately preceding the hearing.

(c) The clear and convincing evidence must include expert testimony and evidence of either a recent overt act or a continuing pattern of behavior in either case tending to confirm the likelihood of serious harm to the person or others or the person's distress and deterioration of ability to function.

(d) If upon the hearing the judge or jury determines that the person is mentally ill and meets the criteria for court-ordered mental health services for an extended period, the judge shall then dismiss the jury, if any. The judge may hear additional evidence regarding alternative settings for care and shall enter an order providing for one of the following:

(1) The judge may enter an order committing the person to a mental health facility for in-patient care.

(2) The judge may enter an order requiring the person to participate in mental health services other than in-patient care, including but not limited to programs of community mental health and mental retardation centers and services provided by a private psychiatrist or psychologist.

(e) In determining the setting for care, the judge shall consider the recommendation for the most appropriate treatment alternative filed pursuant to Section 34 of this code. Mental health services shall

be ordered in the least restrictive appropriate setting available.

**Art. 5547-52. Court-Ordered Out-Patient Mental Health Services and Individual Responsible**

(a) An order directing that a person participate in out-patient mental health services shall identify an individual to be responsible for those services. This individual shall be the head of a mental health facility or an individual involved in providing the services in which the patient is to participate under the order. No individual shall be designated as responsible for the services ordered for a particular person without the individual's consent unless that individual is the head of a facility operated by the department or is the head of a community mental health and mental retardation center established pursuant to Section 3.01 of the Texas Mental Health and Mental Retardation Act, as amended (Article 5547-201 to 5547-204, Vernon's Texas Civil Statutes), which provides mental health services.

(b) An individual responsible for court-ordered out-patient services shall submit to the court within two weeks of the entering of an order a general program of treatment to be incorporated in the court's order.

(c) If the person ordered to participate in out-patient mental health services fails to comply with the terms of the court's order, the individual responsible shall inform the court of such failure to comply. The individual responsible shall also inform the court of any substantial changes in the general program of treatment which may occur prior to the expiration of the order.

(d) An order requiring a person to participate in mental health services at a community mental health and mental retardation center shall specify a center serving a region in which the court is located.

(e) The extent to which a designated mental health facility must comply with the provisions of this section shall be based on a determination by the commissioner of the department that the facility has sufficient resources to perform the necessary services. No person may be detained in a private mental health facility without first obtaining the consent of the head of the facility.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-53. Modification of Order for Out-Patient Mental Health Services**

(a) On its own motion or at the request of the individual responsible or any other interested individual, the court which entered an order directing a

person to participate in out-patient mental health services may set a hearing to determine whether the order should be modified. This section shall only apply to changes in the general program of treatment which are substantial deviations in the original program incorporated in the court's order.

(b) If a hearing is scheduled to determine whether such an order should be modified, the court shall appoint an attorney to represent the person. The person shall be given notice concerning matters to be considered at the hearing that complies with the requirements set out in Section 43 of this code for notice preceding a hearing on an application for court-ordered mental health services.

(c) If a hearing on modification is set, the court may order protective custody pending the hearing provided the requirements of Subchapter C of this code are met.

(d) A hearing on a request for modification of an order for out-patient mental health services shall be before the court without a jury. The person shall be represented by an attorney and receive proper notice, and the hearing shall be held pursuant to the requirements of Section 48 of this code.

(e) At the hearing, the court may modify the order if it determines either that:

(1) the person has not complied with the court's order; or

(2) the person's condition has so deteriorated that out-patient mental health services are no longer appropriate.

(f) If the findings required by Subsection (e) of this section are made, the court may:

(1) decline to modify the order and direct that the person continue to participate in out-patient mental health services pursuant to the terms of the order; or

(2) if a revised general program of treatment has been submitted to and accepted by the court, modify the order so as to incorporate that revised treatment program and to provide for continued out-patient mental health services pursuant to the modified order; or

(3) modify the order to provide for the commitment of the person to a facility for in-patient care.

(g) In no case may the modified order extend beyond the time period of the original order.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

**Art. 5547-54. Modification of Order for In-Patient Mental Health Services**

(a) At the request of the head of the facility to which a person has been committed for in-patient mental health services, the court which entered the order may consider whether the order should be modified to provide for out-patient care. The request shall explain in detail why modification of the

order is being requested and shall be accompanied by a Certificate of Medical Examination for Mental Illness by a physician based upon an examination conducted within the seven days immediately preceding the request.

(b) The person shall be given notice of a request for modification of the order made pursuant to this section. If the person or any other interested individual demands a hearing on the request, the court shall hold a hearing on the request. The court shall appoint an attorney to represent the person at the hearing. Such hearing shall be before the court without a jury. The person shall be represented by an attorney and receive proper notice, and the hearing shall be held pursuant to the requirements of Section 48 of this code.

(c) If no hearing is demanded, the court may consider and make its decision on the basis of the request and the supporting certificate.

(d) If the court determines that the order should be modified, it shall identify an individual responsible for the out-patient services pursuant to Section 52 of this code. The individual responsible shall submit to the court within two weeks of the entering of the modified order a general program of treatment to be incorporated in that order.

(e) In no case may the modified order extend beyond the term of the original order.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-55. Renewal of Order for Extended Mental Health Services

(a) The court may renew and modify an original order for extended mental health services or an order pursuant to this section.

(b) An Application for Renewal of an Order for Extended Mental Health Services may be filed by any adult person, or the county or district attorney, as appropriate. An application shall be accompanied by two Certificates of Medical Examination for Mental Illness based on examinations conducted within 30 days of the date of the application. The application shall explain in detail why renewal of the order is being requested. If the application requests renewal of an order committing the person to extended in-patient mental health services, it shall further explain in detail why a less restrictive setting is not appropriate.

(c) When an application is filed, the court shall appoint an attorney to represent the person.

(d) The person, his attorney, any other individual, or the court on its own motion may request a hearing on the application. If such a hearing is requested, the application shall be treated as an original Application for Court-Ordered Extended Mental Health Services.

(e) If no hearing is requested on the application, the court may admit the Certificates of Medical

Examination for Mental Illness into evidence and enter an order based on the certificates and the detailed request for renewal. In such cases, the certificates shall constitute competent medical or psychiatric testimony.

(f) Before entering an Order Renewing an Order for Extended Mental Health Services, the court shall make the findings required by Section 51 of this code for an original Order for Court-Ordered Extended Mental Health Services. This shall be done whether or not a hearing is held.

(g) If the required findings are made, the court may enter an Order Renewing an Order for Court-Ordered Extended Mental Health Services for a period not to exceed 12 months.

(h) If the preceding order provided for extended in-patient mental health services, the court, after renewing the order, may modify the order to provide for out-patient mental health services pursuant to the requirements of Section 52 of this code.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-56. Rehearing; Reexamination and Hearing

(a) For good cause shown, the court may set aside any order requiring court-ordered mental health services and grant a motion for rehearing. The court may, pending any rehearing, stay the court-ordered mental health services and release the proposed patient from custody if the court is satisfied that the proposed patient does not meet the criteria for protective custody pursuant to Section 36 of this code. The judge may require an appearance bond in an amount to be determined by the court.

(b) Any patient who is receiving court-ordered extended mental health services or any interested person on his behalf and with his consent may file a request in the court in the county in which the patient is receiving those services for reexamination and hearing to determine whether the patient continues to meet the criteria for such court-ordered services. Upon the filing of a Request for Reexamination and Hearing, the court may upon good cause shown require a reexamination of the patient and schedule a hearing pursuant to the following procedures:

(1) Upon the filing of a Request for Reexamination and Hearing, the judge may upon good cause shown notify the head of the facility providing mental health services to the patient.

(2) Upon receipt of notice, the head of the facility shall cause the patient to be examined. If he or his qualified authorized designee determines that the patient no longer meets the criteria for court-ordered extended mental health services, the head of the facility or his designee shall immediately discharge the patient. If the head of the facility or his designee determines that the patient continues to

meet the criteria for court-ordered extended mental health services, he shall file a Certificate of Medical Examination for Mental Illness with the court within 10 days after the filing of the Request for Reexamination and Hearing.

(3) At the expiration of the 10-day period, if a certificate has been filed stating that the patient continues to meet the criteria for court-ordered extended mental health services or if no certificate has been filed and the patient has not been discharged, the judge may set a time and place for a hearing on the request. At the time the hearing is set, the judge shall also appoint an attorney to represent the patient, if he is not already represented by counsel, and give notice thereof to the patient and his attorney and to the head of the facility providing court-ordered mental health services. The judge shall appoint a physician, who must be a psychiatrist if one is available in the county and who is not on the staff of the mental health facility providing court-ordered services to the patient, to examine the patient and file a Certificate of Medical Examination for Mental Illness with the court. The court shall enter the necessary orders to ensure that the patient may, if he desires, be examined by a physician of his own choosing at his own expense.

(4) The hearing shall be before the court without a jury. Such hearing shall comply with the requirements applicable to a hearing on an application for court-ordered mental health services.

(5) If at the hearing the court finds by clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services, as specified in Section 51 of this code, the court shall dismiss the request; otherwise, he shall order the head of the facility to discharge the patient.

(6) When a Request for Reexamination and Hearing is filed before the expiration of six months after an Order for Extended Mental Health Services or before the expiration of six months after the filing of a similar request, the judge is not required to order such reexamination or hearing.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

#### Art. 5547-57. Appeal

(a) All appeals from orders requiring court-ordered mental health services, including renewals or modifications of such orders, shall be filed in the court of appeals for the county in which the order was entered.

(b) Notice of appeal shall be filed within 10 days from the date any such order is signed.

(c) When the notice of appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.

(d) Pending the appeal, the trial judge in whose court the cause is pending may stay the order and release the person from custody if the judge is

satisfied that the person does not meet the criteria for protective custody pursuant to Section 36 of this code. The judge may require an appearance bond in an amount to be determined by the court.

(e) Such cases shall be advanced on the docket and given a preference setting over all other cases in the court of appeals and the supreme court. The courts may suspend all rules concerning the time for filing briefs and the docketing of cases.

[Amended by Acts 1983, 68th Leg., p. 211, ch. 47, § 1, eff. Sept. 1, 1983.]

(a) The head of a facility to which a patient has been admitted pursuant to an Order for Temporary or Extended In-Patient Mental Health Services may permit a patient to leave the facility for a period not to exceed 72 hours pursuant to a pass or for a longer period pursuant to a furlough. A pass or furlough may be subject to specified conditions.

(b) A patient permitted to leave the facility pursuant to a pass or furlough may be taken into custody, detained, and returned to the facility if the patient violates the conditions of the pass or furlough or if his condition so deteriorates that his continued absence from the facility is no longer appropriate.

(c) If the head of a facility has reason to believe that a person permitted to leave the facility pursuant to a pass or furlough should be taken into custody, detained, and returned to the facility, the head of the facility may secure the person's detention and return to the facility pursuant to Section 70 of this code.

(d) A furlough may be revoked only after an administrative hearing held within 72 hours of the person's return to the facility, pursuant to rules and regulations adopted by the department. The hearing shall be before a hearing officer, who may be a mental health professional so long as the professional is not directly involved in the treatment of the patient. If the hearing officer determines that the furlough should be revoked, that decision and an explanation of the reasons for it and the information relied upon shall be made in writing and placed in the patient's file. If the hearing officer determines that the furlough should not be revoked, the patient shall again be permitted to leave the facility pursuant to the furlough.

(1) the patient is absent from the facility without authority; or

(2) the patient was permitted to leave the facility pursuant to a pass or furlough and either:

(A) the patient has violated conditions imposed upon the pass or furlough; or

(B) the patient's condition has so deteriorated as to render his continued absence from the facility inappropriate.

(c) A magistrate may issue an order directing any peace or health officer to take a patient into custody upon the filing with the magistrate of a certificate by the head of the facility to which the patient was admitted that meets the requirements of Subsection (b) of this section.

A discharge under this subsection terminates the court order. Any person discharged under this subsection shall not again be compelled to submit to involuntary mental health services except pursuant to a new order entered in accordance with the provisions of this code.

(c) Before determining to discharge a person under Subsection (b) of this section, the head of a facility shall consider whether further court-ordered mental health services on an out-patient basis would be appropriate on a furlough pursuant to Section 69 of this code or a modified order directing the person to participate in out-patient mental health services pursuant to Section 54 of this code.

(d) Upon discharging a person under this section, the head of the facility shall prepare a Certificate of Discharge and file it with the court that entered the order.

At the request of an individual responsible for court-ordered out-patient mental health services, the court which entered an order directing a person to participate in out-patient care may consider whether the order should be terminated. The request shall specify the reasons why termination is requested. Upon a determination that the person no longer meets the criteria for court-ordered mental health services, the court may terminate the order.

Such uniform method shall require the submission to the Department of Public Safety or other law enforcement agency of either a complete set of fingerprints or the complete name of each person to whom an offer of such employment is made. If the department establishes a method of obtaining such data through the use of fingerprints and no relevant disqualifying record or other substantive information is discovered at the state or local law enforcement agency level, such fingerprints shall be directed to the Federal Bureau of Investigation for further information.

(c) Only conviction data which is relevant to the applicant's proposed employment and collected pursuant to this section shall be provided to the department or community center. For purposes of this

Information pertaining to any other crimes shall not be relevant to the inquiry of the department or community center, and the department or community center shall not be entitled to such nonrelevant information. The department and the community centers may deny employment to any person who makes application for such employment on or after September 1, 1983, in any case where it is determined that the previous criminal conviction or convictions of the applicant indicate that such applicant is not qualified or suitable. The department and the community centers may deny employment to an applicant who fails to provide a complete set of fingerprints, if that method of obtaining conviction data is established by the department.

(d) All conviction data received by the department and the community centers shall be for the exclusive use of the department and the community centers and shall be privileged and shall not be released or otherwise disclosed to any other person or agency except on court order or the consent of the applicant. Immediately following the employment decision of the department with respect to the applicant, all such conviction data collected by the department relating to his or her application shall be collected and destroyed by the department. Unauthorized release or disclosure of any conviction data received by the department or community centers shall be a second degree felony, as defined in Section 12.33, Penal Code.

(e) The department may promulgate written rules and regulations to implement the provisions of this section pursuant to Subsection (b) of Section 2.11 and Subsection (b) of Section 4.01 of this Act.

### ARTICLE 3. COMMUNITY CENTERS FOR MENTAL HEALTH AND MENTAL RETARDATION SERVICES

#### Art. 5547-203. Community Centers for Mental Health and Mental Retardation Services

##### Agencies Authorized to Establish and Operate Community Center; Contracts

Sec. 3.01. (a) Local agencies which may establish and operate community centers are a county, a city, a hospital district, a school district, or any organizational combination of two (2) or more of these. When community centers are established by an organizational combination, the governing bodies of such organizational combination shall enter into a contract between or among them which shall stipulate:

(1) the kinds and number of community centers, as that term is defined in subsection (b) below, which are to be established, and

(2) whether the board of trustees shall consist of not less than five (5) nor more than nine (9) members selected from the governing bodies of the organizational combination, or of not less than five (5) nor more than nine (9) members to be appointed from the qualified voters of the region to be served.

This contract may be renegotiated or amended from time to time as necessary to provide for the establishment of additional community centers or to change the method of establishing a board of trustees.

(b) As used in this Act, a "community center" may be:

(1) a community mental health center, which provides mental health services; or

(2) a community mental retardation center, which provides mental retardation services; or

(3) a community mental health and mental retardation center, which provides mental health and mental retardation services.

(c) A community center is an agency of the state and a unit of government as defined by Section 2, Texas Tort Claims Act (Article 6252-19, Vernon's Texas Civil Statutes).

#### Purpose and Policy

Sec. 3.01A. Community centers created pursuant to this Act are intended to be vital components in an continuum of services for the mentally ill and mentally retarded individuals of this state. It is the policy of this state that community centers strive to develop services for the mentally ill and mentally retarded that are effective alternatives to treatment in large residential facilities.

#### Boards of Trustees

Sec. 3.02. (a) The board of trustees of community centers established by a single city, county, hospital district or school district may be the governing body of the single city, county, hospital district or school district, or that governing body may appoint from among the qualified voters of the region to be served a board of trustees consisting of not less than five (5) nor more than nine (9) persons. If the board of trustees is appointed from the qualified voters of the region to be served, the terms of the members thereof shall be staggered by appointing not less than one-third ( $\frac{1}{3}$ ) nor more than one-half ( $\frac{1}{2}$ ) of the members for one (1) year, or until their successors are appointed, and by appointing the remaining members for two (2) years, or until their successors are appointed. Thereafter, all appointments shall be for a two (2) year period, or until their successors are appointed. Appointments made to fill unexpired terms shall be for the period of the unexpired term, or until a successor is appointed.

(b) Boards of trustees of community centers established by an organizational combination shall consist of not less than five (5) nor more than nine (9) members selected from the membership of the governing bodies of the organizational combination, or such governing bodies may jointly appoint a board of trustees from among the qualified voters of the region to be served in the manner authorized in Section 3.02(a) above.

#### Saving Clause

Sec. 3.03. This Act shall not affect the validity of community centers and boards of trustees of such centers established and appointed before it becomes effective; provided, however, this provision shall not be construed to preclude reconstitution of community centers and the board of trustees of such centers as authorized by this Act. This Act shall not affect the validity of board selection committees appointed by an organizational combination of more than six (6) local agencies under authority of Section 3.02(a), Acts 59th Legislature, Regular Session, 1965, as amended.<sup>1</sup> All other board selection committees are abolished and appointments to fill vacancies on boards of trustees of these centers

shall be made by the governing bodies which participated in the establishment of the centers.

<sup>1</sup> Section 3.02(a) of this article.

#### Meetings

Sec. 3.04. The boards of trustees shall make rules to govern the holding of regular and special meetings. All meetings of the boards of trustees shall be open to the public to the extent required by and in accordance with the general law of this state requiring meetings of governmental bodies to be open to the public. A majority of the membership of the board of trustees shall constitute a quorum for the transaction of business. The board shall keep a record of its proceedings, and the record is open to inspection by the public.

#### Administration

Sec. 3.05. The board of trustees is responsible for the administration of community centers.

#### Advisory Committees

Sec. 3.06. Boards of trustees may appoint advisory committees, medical committees and other committees to advise the board on matters relating to the administration of mental health and mental retardation services. No such committee shall consist of less than five (5) members; and the appointment of such committees shall not relieve the board of trustees of final responsibility and accountability as provided in this Act.

#### Director

Sec. 3.07. The board of trustees shall appoint a director for each community center. The board may delegate powers to the director subject to the policy direction of the board.

#### Personnel

Sec. 3.08. The board or director may employ and train personnel for the administration of the various programs and services of a community center. The board shall provide appropriate rights, privileges and benefits to the employees of a community center consistent with those rights, privileges and benefits available to employees of the governing bodies which establish the center and is authorized to provide and may provide workmen's compensation benefits. The number of employees and their salaries shall be as prescribed by the board of trustees, as approved by the Commissioner.

#### Contribution of Local Agencies

Sec. 3.09. Each participating local agency may contribute lands, buildings, facilities, personnel and funds for the administration of the various programs and services of a community center.

#### Gifts, Grants, Donations

Sec. 3.10. A community center may accept gifts, grants, and donations of money, personal property,

and real property for use in the administration of its programs and services.

**Property, Buildings, Facilities**

Sec. 3.11. (a) A community center may acquire real property and personal property by purchase or lease and may construct buildings and facilities. A community center may transfer ownership of real property to the Department, pursuant to an agreement whereby the Department agrees to construct community-based care facilities or alternate living facilities on the property and to lease the facilities to that community center for the purpose of providing mental health and mental retardation services. The Department may construct the facilities at sites other than the present sites of departmental institutions and may lease the facilities to the community centers in the manner and under such terms and conditions as specified in this section.

(b) A special fund to be known as the special community centers facilities construction fund is established in the state treasury. The fund may be used only to finance the construction of facilities by the Department under this section. The Texas Board of Mental Health and Mental Retardation shall establish priorities for the use of facilities constructed under this section in terms of appropriate types of community-based services and alternative living arrangements for the mentally disabled. These priorities shall serve as a basis for criteria to be used by the Department in determining the eligibility of a proposal for facility construction. If the Department agrees to construct a facility for a community center, the agreement must include provision for a lease-purchase arrangement between the community center, the governing body of each local agency establishing the community center, and the Department. The Department shall specify a leasing arrangement which includes an amortization of the cost of the facility over a period not to exceed forty (40) years. The agreement may provide for reasonable interest to be paid by the center on the total cost of the facility. The rate of interest may not exceed fifty (50) percent of the market interest rate, as determined by the Department, applicable at the time of the signing of the lease-purchase agreement to any establishing agency's revenue bonds if the agency were to issue bonds for the construction of the community center for the same term as the term covered by the lease-purchase agreement. The leasing payments shall be credited to the special community centers facilities construction fund toward the purchase of the facility by the community center.

(c) At such time as the community center has paid to the Department the amount specified under the terms of the lease-purchase agreement, the Department shall transfer full title of the property and all improvements to the community center. If a lease payment is not paid to the Department by the due date established in the lease-purchase agreement, the community center is considered in default.

On default by the community center, the Department shall send to the community center a written notice of the default and a statement that the center must make the overdue payments before the expiration of sixty (60) days after the day on which the center receives the notice. If the community center does not make the overdue payments within the allotted time, the lease-purchase agreement is terminated and the Department may take possession of the facility.

(d) The community center may utilize state funds, including but not limited to state grant-in-aid, for the operation of the facility, provided that the total amount of all state funds used in the actual operation of the facility may not exceed sixty (60) percent of the total operating budget of that facility. State funds received by the community center may not be used to pay leasing payment obligations under this section. Leasing payments do not qualify as operating expenses for determining the total operating budget of the facility. Construction and operation of a facility under the provisions of this section are not grounds for receipt by a community center of additional grant-in-aid in excess of the amount of grant-in-aid the center would otherwise receive pursuant to the rules and regulations of the Department governing the distribution of such funds.

**Services**

Sec. 3.12. (a) The board of trustees may make rules, consistent with the purposes, policies, principles, and standards provided by this Act to regulate the administration of mental health or mental retardation services by a community center, and may make contracts with local agencies and with qualified persons and organizations to provide portions of these services. A community center may provide services to persons voluntarily seeking assistance and to persons legally committed to that community center. A board of trustees may, with the approval of the state mental health authority, contract with the governing bodies of other counties and cities to provide mental health and mental retardation services to residents of such cities and counties.

(b) Community centers shall provide screening services, consistent with rules, regulations, and standards of the department, for persons seeking voluntary admission to a state facility for the mentally ill as well as for those persons for whom proceedings for involuntary commitment to a state facility have been initiated. The commissioner may designate a facility other than a community center as a provider of screening services when local conditions indicate that these services could be more economically and effectively delivered by that facility or when the commissioner determines that local conditions may impose an undue burden on the community center.

(c) Community centers shall provide continuing mental health and physical care services, consistent with rules, regulations, and standards of the department, for persons referred to the center by a state

facility and for whom the state facility superintendent has recommended a continuing care plan. The commissioner may designate a facility other than a community center as a provider of continuing care services when local conditions indicate that these services could be more economically and effectively delivered by that facility or when the commissioner determines that local conditions may impose an undue burden on the community center.

#### Recruitment, Training, Research

Sec. 3.13. A community center may engage in research and in recruitment and training of personnel in support of its programs and services and may make contracts for these purposes.

#### Fees for Services

Sec. 3.14. A community center shall provide services free of charge to indigent persons. It shall charge reasonable fees, to cover costs, for services provided to non-indigent persons. In collecting fees for the treatment of non-indigent persons, a community center has the same rights, privileges, and powers granted by law to the Texas Department of Mental Health and Mental Retardation. The county or district attorney of counties where community centers are located shall, when requested by the director of a community center, represent the community center in the collection of fees for services provided non-indigent persons.

#### Cooperation of Department

Sec. 3.15. (a) The Department shall provide to local agencies, boards of trustees and directors assistance, advice and consultation in the planning, development and operation of community centers.

(b) The Department may transfer ownership of and possession of personal property which is under its control or jurisdiction and which is surplus to its needs to community centers, with or without reimbursement, to be used in providing mental health services or mental retardation services, or both.

The site for the facility may be located on land that is not presently used for a department facility.

"(b) When the site is approved by the board, the Tarrant County Hospital District Board of Managers may transfer ownership of

the real property on which the facility will be located to the department without cost. The attorney general must approve the title to the real property before ownership may be transferred.

"Sec. 3. ## ARTICLE 4. STATE GRANTS-IN-AID

### Art. 5547-204. State Grants-In-Aid

#### Rules and Regulations of the Department

Sec. 4.01. (a) The Department shall prescribe such rules, regulations and standards, not inconsistent with the Constitution and laws of this State, as it considers necessary and appropriate to insure adequate provision of mental health and mental retardation services by community centers.

(b) Before any rule, regulation or standard is adopted the Department shall give notice and opportunity to interested persons to participate in the rule making.

(c) The rules, regulations and standards adopted by the Department under this Section shall be filed with the Secretary of State and shall be published and available on request from the Secretary of State.

(d) A copy of these rules shall be sent to each community center established in this State.

#### Plan

Sec. 4.02. As soon as possible after its establishment the board of trustees shall submit to the Department:

(1) a copy of the contract between the participating local agencies, if applicable;

(2) a plan within the projected financial, physical and personnel resources of the region to be served to develop and make available to the residents of the region an effective mental health or mental retardation services program, or both, through a community center or centers.

#### Eligibility for Grants-In-Aid

Sec. 4.03. (a) A community center is eligible to receive State grants-in-aid if it qualifies according to the rules and regulations of the Department. It is specifically provided, however, that the Department may require that such grants of State funds be matched by local support in such proportions and

amounts as may be determined by the Department. For the purpose of calculating the local share of the operating costs of a community center, patient fee income, services and facilities contributed by local community centers may be counted as local support. To further the purposes of this Act, the Department may allocate, according to methods approved by the Board, funds through contracts between the Department and centers for the performance of specific services required by the Department. If the Department is unable to negotiate contracts with a center or centers for the required services, the Department may use these funds to contract with other local agencies, private providers, state agencies, or facilities of the Department for the performance of the services if these providers comply with rules and standards of the Department. To facilitate the administration of such funds, the Department may make periodic allocations of such grants to community centers on the basis of operating budgets submitted to it by the community centers in such form as the Department may require, but shall, periodically during the fiscal period covered by such operating budgets, make such adjustments, upward or downward, as may be necessary equitably to apportion such operating costs between the State government and the community centers.

(b) The first priority for use of grants-in-aid to be expended for mental health services shall be for services directed to those individuals who are at significant risk of placement in a State facility. Individuals at significant risk of placement in a State facility shall include but not necessarily be limited to persons for whom emergency hospitalization warrants have been issued, persons for whom proceedings for temporary or indefinite commitment in a State facility have been initiated, and former State facility patients for whom the facility superintendent has recommended a continuing care plan. The Department shall develop standards to enforce this policy and may withhold grants-in-aid from any center found not to be in compliance with these standards.

#### Auditing Procedures

Sec. 4.04. The board of trustees of a community center, as a condition precedent to its receiving further grants under this Act, shall annually have the accounts of the center audited by a Texas certified or public accountant licensed by the Texas State Board of Public Accountancy. Such audit shall meet at least the minimum requirements as shall be, and in such form as may be, prescribed by the Department and approved by the State Auditor. A copy of each such annual audit, approved by the board of trustees of the community center, shall be filed by the community center with the Department on such date as the Department may specify. Where the board of trustees declines or refuses to approve the audit report, it shall nevertheless file with the said Department a copy of the audit report with its statement detailing its reasons for failure to

approve the report. In addition to the copy furnished the Department, copies of each audit report shall be submitted to the Governor, the Legislative Budget Board and the Legislative Audit Committee. The Commissioner and the State Auditor, on behalf of the Department and the Legislative Audit Committee, respectively, shall have access to all vouchers, receipts, journals and other records as either may deem needed and appropriate for the review and analysis of audit reports.

### ARTICLE 5. EARLY CHILDHOOD INTERVENTION PROGRAMS

#### Art. 5547-205. Early Childhood Intervention Programs

##### Definition

Sec. 5.01. In this article, "developmentally delayed child" means a child who exhibits:

(1) a significant delay, beyond acceptable variations in normal development, in one or more of the following areas:

- (A) cognitive;
- (B) gross or fine motor;
- (C) language or speech;
- (D) social or emotional;
- (E) self-help skills; or

(2) an organic defect or condition that is very likely to result in such a delay.

##### Eligibility

Sec. 5.02. ##### Grant Request

Sec. 5.03. A public or private entity may apply for funds to provide an intervention program for eligible developmentally delayed children by submitting a grant request to the department.

##### Approval Criteria

Sec. 5.04. The department shall allocate appropriated funds to local intervention programs on a competitive basis giving consideration to the following:

(1) the extent to which the program would meet identified needs;

(2) the cost of initiating a program, if applicable;

(3) the need for funds from the department if other funding sources are available;

(4) the proposed cost to the parents for the services; and

(5) the assurance of quality services.

#### Contract

Sec. 5.05. (a) After approval of a grant request, the department shall execute a contract with the service provider that requires the provider to agree to meet the following program standards:

(1) the program must be maintained within the guidelines established by the department;

(2) the provider must ensure that for each child served an individualized developmental plan is developed and is based on a comprehensive developmental evaluation performed by an interdisciplinary team with parent participation and periodic review and reevaluation;

(3) the provider must provide services to meet the unique needs of each child as indicated by the child's individualized developmental plan;

(4) the provider must demonstrate a capability to obtain or provide an array of services that must include:

(B) individualized instruction or treatment in these areas of development: cognitive, gross and fine motor, language and speech, social and emotional, and self-help skills; and

(C) related services, including occupational therapy, physical therapy, speech and language therapy, adaptive equipment, and transportation;

(5) the provider must maintain a plan for in-service personnel training;

(6) the provider must cooperate with the monitoring and case management efforts of the Texas Department of Health; and

(7) the provider must cooperate with the periodic evaluation efforts of the department.

(b) The contract must specify the minimum and maximum number of eligible developmentally delayed children to be served. The program must serve at least the minimum number and may not be required to serve more than the maximum number specified. If the number of eligible children applying for admission to an approved program exceeds the maximum number specified, the service provider may apply for supplemental funding.

#### Fees

Sec. 5.06. The service provider may charge a fee for intervention services, based on the parent's ability to pay, to be used to offset the cost of providing or securing the service. A determination of the parent's ability to pay for services must include a consideration of the availability of financial assistance or other benefits for which the child may be eligible. If a fee is charged, a separate charge shall be made for each type of service.

(5) other program aspects designed to ensure the provision of quality services.

(b) The department may modify the standards established by Section 5.05 of this article if the department considers the modifications necessary for a particular program.

#### Periodic Evaluation

Sec. 5.08. The department shall periodically evaluate an approved program to determine whether the service provider is meeting the conditions of the contract. If the department determines that a program is not meeting a requirement that was agreed on as a condition for funding, the department shall withhold further funding for the program.

#### Complaints

### III. MENTALLY RETARDED PERSONS ACT

#### Art. 5547-300. Mentally Retarded Persons Act of 1977

##### SUBCHAPTER A. GENERAL PROVISIONS

###### Short Title

Sec. 1. This Act shall be known and may be cited as the Mentally Retarded Persons Act of 1977.

###### Purposes

Sec. 2. (a) It is the public policy of the state that mentally retarded persons should have the opportunity to develop to the fullest extent possible

their potential for becoming productive members of society. Therefore, it is the purpose of this Act to provide and assure a continuum of quality services to meet the needs of all mentally retarded persons in this state. The responsibility placed upon the state shall not in any way replace or impede parental rights and responsibilities or terminate the activities of those persons, groups, and associations that advocate for and assist mentally retarded persons.

(b) The legislature recognizes that the preservation and promotion of home-living situations where feasible is desirable. When home-living situations are not possible and placement in a residential facility for mentally retarded persons is necessary, the legislature declares that those persons must be admitted in accordance with basic due process requirements, giving due consideration to parental desires where possible, to a facility which provides habilitative training for the person's condition, which fosters the personal development of the resident and enhances the person's ability to cope with the environment.

(c) Recognizing that persons have been denied rights solely on the basis of mental retardation, the legislature seeks to educate the general public to the fact that mentally retarded persons who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court of law have the same rights and responsibilities enjoyed by all citizens of Texas. The legislature urges all citizens to assist mentally retarded persons in acquiring and maintaining their rights and in participating in community life as fully as possible.

The departmental facility or the community center shall develop a plan for appropriate programs or placement in programs or facilities approved or operated by the department. These programs or placements shall be suited to the needs of the proposed client and shall be consistent with the rights guaranteed in previous subchapters of this Act. The proposed client, his parent, if he is a minor, and/or his guardian shall be encouraged and permitted to participate in the development of the planned programs or placements.

(3) "Respite care" for placement of a mentally retarded person, without court proceeding, to provide special assistance or relief to the mentally retarded person and/or his family for brief periods of time.

(f) Regular voluntary admissions shall be permitted only after a comprehensive diagnosis and evaluation, if:

(2) The superintendent or director of the facility determines that the facility can and does provide services that meet the needs of the proposed resident.

(g) Emergency admissions shall be permitted even though a comprehensive diagnosis and evaluation has not been performed if:

If the relief sought by the mentally retarded person or his family has not been achieved in the 30-day period, one 30-day extension may be allowed if:

(A) The superintendent or director of the facility determines that the relief may be achieved in the additional time period, and

(B) The parties agreeing to the original placement consent to the extension. If the extension is not permitted, the resident shall be released immediately and application may be made for other services.

**Voluntary Admission or Court Commitment of Minor Who Reaches Majority**

Sec. 35. At the time a resident who was voluntarily admitted as a minor under Section 34 of this Act, and who continues to be in need of residential services, approaches the age of majority, the superintendent shall take action to insure that at majority one of the following actions is taken for admission or commitment of the resident:

- (1) obtain legally adequate consent for admission from the resident or the guardian of the person, or
- (2) file or cause to be filed an application for court commitment under Section 37 of this Act.

**Withdrawal by Persons Voluntarily Admitted for Residential Care Services**

Sec. 36. No person voluntarily admitted to a residential care facility may be detained more than 96 hours after he, his parents if he is a minor, or the guardian of his person has requested discharge in accordance with rules and regulations promulgated by the department, unless:

- (a) The superintendent or director of the facility determines that the condition of the person or other circumstances are such that the person cannot be discharged without endangering the safety of himself or the general public; and
- (b) The superintendent or director files or causes to be filed an application for judicial commitment. For purposes of this Act, the county in which the facility is located shall be deemed as the county of residence of the proposed resident; and
- (c) Pending a final determination on the application, the court may, upon a finding of good cause, issue an order of protective custody, ordering the resident to remain in the facility where he was voluntarily admitted, or other suitable place designated by the court as provided in Subsection (k) of Section 37 of this Act.

**Commitment to a Residential Care Facility**

Sec. 37. (a) No person shall be committed to a residential care facility under the provisions of this Act except pursuant to the provisions of this section.

(b) No person shall be committed to a residential care facility unless:

- (1) the person is mentally retarded;
- (2) evidence is presented showing that because of retardation, the person represents a substantial risk of physical impairment or injury to himself or others, or he is unable to provide for and is not providing for his most basic physical needs;

(3) the person cannot be adequately and appropriately habilitated in an available, less restrictive setting;

(4) the residential care facility does provide habilitative services, care, training, and treatment appropriate to the individual's needs; and

(5) the committing court finds that the conditions of this subsection have been met.

(c) When placement in a residential care facility becomes necessary, preference shall be given to the facility located nearest to the residence of the proposed resident except when no vacancy is available in the nearest facility, or the proposed resident, parent of a minor, or guardian of the person requests otherwise, or there are other compelling reasons.

(d) The procedure prescribed in the following subsections shall be used for commitment to a residential care facility.

(e) The county court shall have original jurisdiction of all judicial proceedings for commitment of mentally retarded persons to residential care facilities.

(f) An alleged mentally retarded person, the parent of a minor, the guardian of the person, or any other interested person may file with the county clerk of the county of residence of the alleged mentally retarded person an application for a determination that the alleged mentally retarded person is in need of long-term placement in a residential care facility.

(g) The application shall be executed under oath and shall set forth:

- (1) the name, birthdate, sex, and residence address of the proposed resident;
- (2) the name and residence address of the proposed resident's parent or guardian;
- (3) a short and plain statement of the facts to show that commitment to a residential care facility is necessary and appropriate; and
- (4) a short and plain statement explaining the inappropriateness of admission to less restrictive services.

(h) A copy of the summary report and recommendations of the diagnosis and evaluation team, if completed, shall be included in the application.

(i) On the filing of the application, the court shall immediately set a date for a hearing to determine the appropriateness of the commitment of the proposed resident to a residential care facility. The court shall also order an immediate comprehensive diagnosis and evaluation of the proposed resident unless such a comprehensive diagnosis and evaluation has been completed or updated within six months prior to the date of the scheduled hearing.

(j) Copies of the application, notice of the time and place of the hearing, and if appropriate, the

order for the comprehensive diagnosis and evaluation shall be served on the proposed resident or his representative, the parent of a minor, guardian of the person, and the department not less than 10 days before the hearing. The notice shall also specify in plain and simple language the right to an independent diagnosis and evaluation as provided in Subsection (e) of Section 30 of this Act, as well as the provisions of Subsections (l) and (m) of this section.

(k) If the county court in which an application has been filed in accordance with this section finds, pursuant to certificates filed with the court, that the proposed resident is believed to be mentally retarded and is likely to cause injury to himself or others if not immediately restrained, the judge may order any health or peace officer to take the proposed resident into protective custody and immediately transport him to a designated residential care facility when space is available or to a place deemed suitable by a county health officer, and detain him for a period not to exceed 20 days pending order of the court. No person may be detained in protective custody in a nonmedical facility used for the detention of persons charged with or convicted of a crime, except because of and during an extreme emergency and in no case for a period longer than 24 hours. The county health officer shall see that a person held in protective custody receives proper care and medical attention pending removal to a residential care facility. The head of a facility in which a person is held under this subsection shall discharge such person within 20 days if the court has not issued further orders; provided, however, if the head of such facility believes the person is dangerous to himself or others, he shall immediately so advise the court which issued the order of protective custody.

(l) If the proposed resident cannot afford counsel, the court shall appoint an attorney not less than 10 days before the hearing. An attorney appointed pursuant to this section shall be entitled to a reasonable fee to be paid from the general fund of the county in which the proceeding is brought. In all cases the proposed resident's attorney shall represent the rights and legal interests of the proposed resident regardless of who may initiate the proceeding or pay the attorney's fees.

(m) A full hearing on the application shall be held as soon as practicable after the application is filed in accordance with the following procedures:

(1) The hearing shall be open to the public unless the proposed resident or his representative requests that the hearing be closed and the court determines there is good cause therefor.

(2) Any party to the proceedings may demand a jury, or the court on its own motion may order a jury. The Texas Rules of Civil Procedure shall apply to the selection of the jury, the court's charge to the jury, and all other aspects of the proceedings

and trial except when inconsistent with the provisions of this section.

(3) The proposed resident shall have the right to be present throughout the entire proceeding. If the court shall determine that the presence of the proposed resident would result in harm to the proposed resident, then the court may waive the requirement of this subsection in writing, clearly stating the basis for the determination.

(4) The proposed resident shall be represented by counsel and be provided the right and opportunity to confront and cross-examine all witnesses. The parent of a minor or guardian of the person may also be represented by counsel.

(5) The usual rules of evidence shall apply. The results of the current diagnosis and evaluation shall be presented in evidence.

(6) The party who filed the application shall prove beyond a reasonable doubt that long-term placement of the proposed resident in a residential care facility is appropriate.

(7) In all cases, the court shall promptly report in writing its decision and findings of fact.

(n) If the court determines that long-term placement in a residential care facility is inappropriate, the court shall enter a finding to that effect, dismiss the application, and, if appropriate, recommend application for admission to voluntary services pursuant to Sections 32, 33, and 34 of this Act.

(o) If the court determines that long-term placement in a residential care facility is appropriate, the court shall order commitment of the proposed resident for care, treatment, and training to a community center or the department when space is available in a residential care facility, and the court shall immediately forward a copy of the commitment order to the department or community center.

(p) Any party shall have the right to appeal the judgment of the court to the appropriate court of appeals, and such appeals, if any, shall be controlled by the Texas Rules of Civil Procedure. Appeals pursuant to this section shall be given a preference setting. The county court may grant a stay of the commitment pending appeal.

(q) In no case shall an order for commitment be considered an adjudication of mental incompetency.

(r) When a resident committed to a residential care facility pursuant to the provisions of this section is absent from the assigned facility without permission from the proper authority, the superintendent or director of the facility may immediately issue an order authorizing any peace officer to detain the resident. When a peace officer takes a resident into custody, he shall immediately notify the superintendent or director. When requested by the superintendent or director, the peace officer shall cause the resident to be returned promptly to the assigned facility.

**SUBCHAPTER I. TRANSFER AND  
DISCHARGE OF CLIENTS**

**Transfer and Discharge**

Sec. 38. Transfer and discharge of clients shall be made only in accordance with the rules and regulations of the department and provisions of this subchapter. This subchapter shall not apply to transfers for emergency medical, dental, or psychiatric care for a period of time not to exceed 30 consecutive days, nor shall it apply to a voluntary withdrawal of a client from mental retardation services. This subchapter shall not apply to a discharge by a superintendent or director on the grounds that a person is not mentally retarded based upon a comprehensive diagnosis and evaluation, in which case a client shall be discharged without further hearings; provided, however, that the administrative hearing to contest the comprehensive diagnosis and evaluation provided for in Section 31 shall be available.

**By Service Provider**

Sec. 39. When a service provider finds that placement of a client in a facility is no longer appropriate to the person's individual needs or that the client can be better treated and habilitated in another facility, the service provider shall transfer or discharge the client pursuant to this subchapter.

**Request of Client, Parent, Guardian**

Sec. 40. A client or the parent of a minor or guardian of the person may request a transfer or discharge, and the service provider shall determine the appropriateness of the requested transfer or discharge. If such request is denied, the administrative hearing referred to in Section 41 shall be available.

**Right to Administrative Hearing**

Sec. 41. (a) A client shall not be transferred to another facility or discharged from any mental retardation services under this subchapter unless provided with a prior opportunity to request and receive an administrative hearing to contest the proposed transfer or discharge.

(b) No transfer of a client from one facility to another shall occur without prior approval and knowledge of the parents or guardian of the client.

**Notice**

Sec. 42. The client and the parent or guardian shall be given 30 days notice of the proposed transfer or discharge under this subchapter. The client and parent or guardian shall also be informed of the right to an administrative hearing for the purpose of contesting the proposed transfer or discharge.

**Hearing to be Held**

Sec. 43. (a) If the client, parent of a minor, or guardian of the person wishes to contest the proposed or denied transfer or discharge, an adminis-

trative hearing shall be provided in accordance with the requirements of this section.

(b) The hearing shall be held as promptly as possible within 30 days and in a convenient location and with reasonable notice.

(c) The client, parent of a minor, guardian of the person, and the superintendent shall have the right to be present and represented at the hearing.

(d) The client, parent of a minor, and guardian of the person shall have reasonable access at a reasonable time prior to the hearing to any records concerning the client on which the proposed action may be based.

(e) Evidence shall be presented, which shall include oral and written testimony.

(f) In all cases the hearing officer shall promptly report his decision to the parties in writing, including findings of fact and the basis for those findings.

(g) Any party to such hearing shall have the right to appeal without the necessity of filing a motion for rehearing with the hearing officer. The appeal shall be brought in the county court of Travis County or the county in which the proposed client resides. The appeal shall be by trial de novo.

(h) The decision of the hearing officer shall be final within 30 days after the date of the decision, unless a party files an appeal within such time pursuant to Subsection (g). The filing of an appeal suspends the decision of the hearing officer, and no party may take any action based on such decision. If no appeal is filed from a final order that the request for transfer or discharge should be granted, the superintendent shall proceed with such transfer or discharge. If no appeal is filed from a final order that the request for transfer or discharge should be denied, the client shall remain in the same program or facility where he is presently receiving services.

**Alternative, Follow-up Supportive Services**

Sec. 44. The department shall provide appropriate alternative or follow-up supportive services consistent with available resources. Provision of alternative or follow-up supportive services shall be made by agreement between the department and the client, parent of a minor, or guardian of the person, and shall be consistent with the rights guaranteed in Subchapters C, D, and E of this Act. Placement in a residential care facility, under the provisions of this Act, other than by transfer from another residential care facility shall be made only pursuant to Sections 34 and 37 of this Act.

**Leave, Furlough**

Sec. 45. The superintendent or director of a residential care facility, shall have the authority to grant or deny a resident a leave of absence or furlough.

#### Transfer to Mental Hospitals

Sec. 46. (a) **Voluntary Residents.** No voluntary resident shall be transferred to a state mental hospital for other than the emergency care provided for in Section 38 of this Act without legally adequate consent to such transfer.

(b) The superintendent or director of a residential care facility shall have the authority according to the procedures of this subchapter to transfer a resident committed pursuant to Section 37 of this Act to a state mental hospital under the control and management of the department for mental health care when an examination of the resident by a licensed physician indicates symptoms of mental illness to the extent that care, treatment, control, and rehabilitation in a state mental hospital would be in the best interest of the resident.

(c) For purposes of this Act, upon transfer of a court-committed resident to a state mental hospital, the director of the state mental hospital to which the resident was transferred shall immediately cause an evaluation of the resident's condition to be made. If at any time such an evaluation reveals that continued hospitalization is necessary for a period in excess of 30 days, the director shall promptly initiate appropriate court-ordered transfer proceedings in accordance with this section. In no event shall a resident transferred from a residential care facility to a state mental hospital remain in said hospital for more than 30 consecutive days unless such resident is transferred to the hospital under the provisions of this section.

(d) If a court-committed resident of a residential care facility requires hospitalization in excess of 30 consecutive days, the court transfer referred to in Subsection (c) above shall be accomplished in the following manner. The director of the state mental hospital shall request an order of transfer to the state mental hospital from the court which originally committed the resident to the residential care facility. In support of such request, the director of the state mental hospital shall forward Certificates of Medical Examination for Mental Illness as described in Article 5547-32 of the Texas Mental Health Code, as amended (Articles 5547-1 to 5547-204, Vernon's Texas Civil Statutes), completed by two physicians stating that the resident is mentally ill and requires observation and/or treatment in a mental hospital. Upon receipt of the director's request and the certificates of medical examination, the committing court shall set a date for a hearing on the proposed transfer. At least seven days prior to the date of the hearing, a copy of the transfer request and the notice of the hearing shall be personally served on the proposed patient. If the patient is a minor, notice shall also be served on his parents. If the patient has been declared to be incompetent under the Probate Code and a guardian for his person has been appointed, notice shall also be served on the guardian. A jury shall be had unless a waiver of trial by jury is made in writing

under oath by the adult resident, his parent if a minor, or his guardian of the person. Notwithstanding the executed waiver, the jury shall determine the issues in the case if jury trial is demanded by the adult resident, his parent if a minor, his guardian of the person, or by his attorney at any time prior to determination of the hearing.

The county judge may hold a hearing on the petition at any suitable place within the county, but such hearing should be held in a physical setting not likely to have a harmful effect on the condition of the resident. The resident shall not be denied the right to be present at the hearing, although the court may dispense with the presence of the resident if it is determined by the court to be in the resident's best interest. The hearing shall be open unless the court finds it in the best interests of the resident that the hearing be closed and the court obtains the consent of the adult resident, his parent if a minor, his guardian of the person, and his attorney for the closing of the hearing. At least two physicians, at least one of whom is a psychiatrist, who have examined the resident within the 15 days immediately preceding the hearing shall testify at the hearing. No person shall be transferred under this section to a mental hospital except upon the basis of competent medical or psychiatric testimony. The court or jury as the case may be shall determine:

(1) whether the resident is mentally ill,

(2) whether the resident requires a transfer to a state mental hospital for treatment for his own welfare and protection or the protection of others.

If the court or jury, as the case may be, finds that the patient is mentally ill and requires treatment in a state mental hospital for his own welfare and protection or the protection of others, the court shall issue an order approving the transfer of the resident to the state mental hospital.

(e) If the resident no longer requires treatment in a state mental hospital or a residential care facility, he shall be discharged. If he no longer requires treatment in a state mental hospital but requires treatment in a residential care facility, the superintendent or director of the residential care facility from which the resident is transferred shall be responsible for the immediate return of the resident to the residential care facility upon notification by the director of the mental hospital that hospitalization is no longer necessary or appropriate and that care in a residential care facility is required. If the resident has been transferred by a court to the state mental hospital under the provisions of this Act, the transfer to the residential care facility shall be made in accordance with the following provisions. The head of the state mental hospital shall forward a certificate evidencing that the resident is no longer in need of hospitalization in a state mental hospital but is still in need of care in a residential care facility due to a continuing diagnosis of mental retardation. The head of the state mental hospital

shall request that the resident be transferred to a residential care facility. Such requested transfer shall be made only with the approval of the judge of the committing court by the entry of an order approving such transfer, in accordance with the provisions of Article 5547-75A of the Texas Mental Health Code.

**Discharge from Residential Care Facility—Notice to Court**

Sec. 47. On discharge of a resident committed pursuant to Section 37 of this Act, the department shall notify the committing court.

**Habeas Corpus**

Sec. 48. Nothing in this subchapter shall in any way alter or limit the right of a resident to a writ of habeas corpus.

**Admission and Commitments Under Prior Law**

Sec. 49. (a) Mentally retarded persons admitted or committed to facilities under the jurisdiction of the department under law previously in force may remain in the residential care facility unless and until such time as necessary and appropriate alternate placement is found or until such time as they can be admitted or committed to a facility under the provision of this Act if such readmission or commitment is necessary to meet the due process requirements of this Act.

(b) Except as hereinafter provided, a mentally retarded person voluntarily admitted to a residential care facility under laws previously in force shall be discharged within 96 hours of receipt by the superintendent or director of a written request from the person on whose application the mentally retarded person was admitted, or upon his own request. If, however, the superintendent or director deems the person's condition to be such that the person cannot be discharged with safety to himself or with safety to the general public, the superintendent or director may forthwith file or cause to be filed in the county in which the residential care facility is located an application for commitment under Section 37 of this Act. Pending a final determination of the application for commitment, the court may upon showing of good cause order the mentally retarded person placed in protective custody in the residential care facility as provided for in Subsection (k) of Section 37 of this Act.

(c) The state shall reimburse a county for not more than \$50 of the cost of a hearing held by the county court of the county for the commitment of a resident of a facility under the jurisdiction of the department who was committed under prior law and for whom the due process requirements of this Act require another commitment proceeding.

(d) The commissioners court of a county entitled to reimbursement under this Act may file a claim for reimbursement with the comptroller of public accounts.

#### SUBCHAPTER K. CONFIDENTIALITY OF RECORDS

##### Confidentiality of Records

Sec. 57. (a) Records of the identity, diagnosis, evaluation, or treatment of any person which are maintained in connection with the performance of any program or activity relating to mental retardation shall be confidential and disclosed only for the purposes and under the circumstances expressly authorized under Subsection (b) of this section.

(b) The content of any record referred to in Subsection (a) of this section may be disclosed in accordance with the prior written consent of the person with respect to whom such record is maintained, or parent if such person is a minor, or guardian if the person has been adjudicated incompetent to manage his personal affairs or executor or administrator if the person is deceased. If there is no appointment of an executor or administrator, such consent may be given by the deceased person's spouse or, if none, by any adult person related to the deceased person within the first degree of consanguinity. Disclosure is permitted only to such extent, under the circumstances, and for the purposes as may be allowed under the regulations prescribed pursuant to Subsection (h) of this section. The content of any record referred to in Subsection (a) of this section is to be made available upon the request of any person thought to be mentally retarded upon whose behalf the record was made unless the qualified profes-

(2) to qualified personnel for the purpose of management audits, financial audits, program evaluation, or research approved by the department, but such personnel may not identify, directly or indirectly, any individual receiving services in any report of such research, audit, or evaluation, or otherwise disclose identities in any manner;

(3) if authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor. In assessing good cause the court shall weigh the public interest and the need for disclosure against the injury to the person receiving services. On the granting of the order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure; and

(4) to personnel legally authorized to conduct investigations concerning complaints of abuse or denial of rights of mentally retarded persons.

(d) Except as authorized by a court order granted under Subsection (c)(3) of this section, no record referred to in Subsection (a) of this section may be used to initiate or substantiate any criminal charges against a person receiving services or to conduct any investigation of a person receiving services.

(e) The prohibitions of this section continue to apply to records concerning any individual who has received services irrespective of when the person received services.

(f) The prohibitions of this section apply to any interchange of records between governmental agencies or persons, except for interchanges of information necessary for delivery of services to clients or for payment for mental retardation services as defined in this Act.

(g) A person who receives information deemed confidential by this section, other than the person thought to be mentally retarded on whose behalf the records are made, the parent of a minor, or guardian of the person shall not disclose the information except to the extent that disclosure is consistent with the authorized purpose for which the information was first obtained.

(h) The department shall prescribe regulations to carry out the purposes of this section. These regulations may contain such definitions and may provide for such safeguards and procedures as in the judgment of the department are necessary or proper to effectuate the purposes of this section, to prevent circumvention or evasion thereof, or to facilitate compliance therewith.

**SUBCHAPTER M. RULES AND REGULATIONS**

**Rules and Regulations**

Sec. 60. The department shall promulgate written rules and regulations to ensure the implementation of the provisions of this Act.

**SUBCHAPTER N. FEES, SUPPORT AND MAINTENANCE**

**Support and Maintenance of Residents**

Sec. 61. (a) The parents of a mentally retarded person under 18 years of age who is a resident in a residential care facility operated by the department shall pay, if able to do so, the portions of the cost of support and maintenance of the mentally retarded person as may be applicable under the following formula:

|   |  |   |
|---|--|---|
| If the amount shown as "Net Taxable Income" of the parents as reported on their latest current financial statement or on their latest Federal Income Tax return at the election of the parent or guardian is: |  | The Monthly payment per child shall not exceed: |
| Less than \$4,000   |  | \$ 5  |
| 4,000-4,999   |  | 10  |
| 5,000-5,999   |  | 20  |
| 6,000-6,999   |  | 30  |
| 7,000-7,999   |  | 40  |
| 8,000-8,999   |  | 50  |
| 9,000-9,999   |  | 60  |
| 10,000-10,999   |  | 70  |
| 11,000-11,999   |  | 80  |

If the amount shown as "Net Taxable Income" of the parents as reported on their latest current financial statement or on their latest Federal Income Tax return at the election of the parent or guardian is:

|               | The Monthly payment per child shall not exceed: |
|---------------|---|
| 12,000-12,999 | \$ 90   |
| 13,000-13,999 | 100   |
| 14,000-14,999 | 110   |
| 15,000-15,999 | 120   |
| 16,000-16,999 | 130   |
| 17,000-17,999 | 140   |
| 18,000-18,999 | 150   |
| 19,000-19,999 | 160   |
| 20,000-up     | 170   |

No payment under the above formula shall exceed actual cost to the state per resident, and if the payment required under the formula is more than actual cost, then the amount paid shall be the actual cost. If the parents are divorced, each parent's rate shall be based on his or her own net taxable income. If the divorced parents' combined net taxable income is such that the maximum authorized rate is called for under the above formula, the maximum authorized rate shall be allocated between the parents in accordance with the ratio of each parent's net taxable income to the parents' combined net taxable income. A rate shall not be established against a parent based on the above formula to the extent that the parent actually pays court-ordered child support on behalf of the resident; however, the department shall consider such court-ordered child support to be the property and estate of the resident and may establish a rate based on the child support obligation in addition to any other rates authorized by this subsection.

(b) Parents of a mentally retarded person who is 18 years of age or older shall not be required to pay for his support and maintenance as a resident in a residential care facility operated by the department, but the mentally retarded person and his estate shall be liable for his support and maintenance regardless of his age, except as provided in Subsection (g) of this section.

(c) The unpaid portion of charges for support and maintenance due before the effective date of this Act, under agreements made before the effective date of this Act, shall remain as obligations of parents under previous law, but such preexisting agreements for payment of support and maintenance shall be in force after the effective date of this Act only to the extent of parental responsibility set forth in the foregoing formula.

(d) Unpaid charges for support and maintenance accruing after the effective date of this Act due by parents for the support and maintenance of mentally retarded persons who are minors and residents in

residential care facilities operated by the department shall be a claim in favor of the state for such support and maintenance, and shall constitute a lien against the parents' property and estate, but shall not constitute a lien against any other estate or property of the mentally retarded person.

(e) With respect to a mentally retarded person who is a resident in a residential care facility operated by the department, the cost of his support and maintenance may be determined under rules and regulations adopted by the department provided that total charges from all sources for support and maintenance shall not exceed the actual cost of such support and maintenance, and the costs determined under such rules and regulations shall constitute a claim by the state against the entire estate or any property of the mentally retarded person including but not limited to any share he may have by gift, descent, or devise in his parents' estates or any other person's estate, except as provided in Subsection (g) of this section.

(f) Child support payments for the benefit of a mentally retarded resident paid or owing by a parent pursuant to a divorce decree or other court order shall be considered by the department to be the property of the mentally retarded resident and his estate, and charges may be made against such child support obligations. Charges made against such child support obligations shall not be limited to the maximum charge authorized by Subsection (a) of this section. In determining the liability under Subsection (a) of this section for a parent who is obligated to pay child support for the benefit of the resident, the department shall give the parent a credit against the monthly charge authorized for the parent by Subsection (a) of this section for the amount of child support the parent actually pays for the benefit of the resident. The parent who receives the child support payments is liable for the monthly charges based on the child support obligation to the extent such payments are actually received in addition to the liability imposed by Subsection (a) of this section. The department may, upon the failure of a parent to pay child support payments or upon the failure of a parent to pay charges based on the child support obligation, file a motion to modify the court order to require the support to be paid directly to the residential care facility in which the mentally retarded person resides for the resident's support and maintenance. The court may, in addition, order all past due child support to be paid to the residential care facility to the extent that charges have been made against the child support obligation.

(g) For the purposes of this subchapter no portion of the corpus or income of a trust or trusts, with an aggregate principal amount not to exceed \$50,000, of which a mentally retarded person is a beneficiary shall be considered to be the property of such mentally retarded person or his estate, and no portion of the corpus or income of such trust shall be liable for the support and maintenance of such

mentally retarded person regardless of his age. In order to qualify for the exemption granted by this subsection, a trust must be created by a written instrument and a copy of the trust instrument must be provided to the department. A trustee of such a trust shall, upon request, provide the department with a current financial statement which reflects the value of the trust estate. If a current financial statement is not provided within 30 days of the department's request, the department may petition a district court to order the trustee to provide it with a current financial statement. The court shall hold a hearing on the department's petition within 45 days of the date it is filed and shall order the trustee to provide the department with a current financial statement if the court finds that the trustee has failed to provide the statement. Failure of the trustee to comply with the court's order may be punishable by contempt. For the purposes of this subsection, a guardianship established pursuant to the Texas Probate Code; a trust established pursuant to Article 1994, Revised Statutes, as amended;<sup>1</sup> the facility custodial account established pursuant to Chapter 251, Acts of the 52nd Legislature, Regular Session, 1951 (Article 3183c, Vernon's Texas Civil Statutes); the provisions of a divorce decree or other court order relating to child support obligations; an administration of a decedent's estate; or an arrangement whereby funds are held in the registry or by the clerk of a court is not a "trust" and is not entitled to the exemption contained in this subsection.

<sup>1</sup> Repealed; see, now, Property Code, § 142.001 et seq.

For the purposes of this section, the district court issuing the injunction shall retain jurisdiction, and the cause shall be continued, and in these cases, the attorney general or the district or county attorney, acting in the name of the state, may petition for recovery of civil penalties under this section.

(d) Any civil penalty recovered under this section shall be paid to the State of Texas for use in mental retardation services.

(e) An action filed under this section may be commenced in the district court of the county in which the defendant resides or in a district court of Travis County.

(a) The attorney general shall provide an attorney or attorneys for the defense of an employee of the department in any civil action commenced against him under this Act by reason of a claim of alleged negligence or other act of the person while employed by the department. Alcoholism is hereby recognized as an illness and a public health problem affecting the general welfare and the economy of the State. Alcoholism is further recognized as an illness subject to treatment and abatement and the sufferer of alcoholism is recognized as one worthy of treatment and rehabilitation. The need for proper and sufficient facilities, programs and procedures within the State for the control and treatment of alcoholism is hereby recognized. It is hereby declared that the procedure for commitment of alcoholics as hereinafter provided for is not punitive but is a committal for treatment of an illness affecting not only the individual involved but the public welfare as well.

For the initial appointments as above provided for, the Governor shall designate two appointed members for each of the terms of two, four and six years, respectively, from the effective date of this Act. Each two years thereafter, the Governor, with the advice and consent of the Senate, shall appoint two members of the Commission for a term of six (6) years to succeed the members whose terms then expire. #### Cooperation by Other Departments

Sec. 6. To effectuate the purpose of this Act and to make maximum use of existing facilities and personnel, it shall be the duty of all departments and agencies of the State government and of all officers and employees of the State, when requested by the Commission, to cooperate with it in all activities consistent with their proper function. Nothing herein shall be construed as giving the Commission control over existing facilities, institutions or agencies, or as requiring such facilities, institutions or agencies to serve the Commission inconsistently with their functions, or with the authority of their offices, or with the laws and regulations governing their activities; or as giving the Commission power to make use of any private institution or agency without its consent; or to pay a private institution or agency for services which a public institution or agency is willing and able to adequately perform.

#### Power to Accept Gifts

Sec. 7. The Commission may accept gifts, grants, or donations of money or of property from private or public sources to effectuate the purpose of this Act. Any and all funds so donated shall be placed in the State Treasury in a special fund called the Texas Commission on Alcoholism Fund and expended in the same manner as other State moneys are expended, upon warrants drawn by the Comptroller upon the order of the Commission. Any and all of said moneys are hereby appropriated for the purpose of carrying out this Act.

#### Rules and Regulations

Sec. 8. The Commission shall be responsible for the adoption of all policies and shall make all rules and regulations appropriate to the proper accomplishment of its functions under this Act and to the allocation of its funds.

#### Admission and Certification of Alcoholics

Sec. 9. (a) The county judge of the county where an alleged alcoholic resides may certify or remand him or her to the custody of the Commission or its authorized representative for the treatment and rehabilitation of such alcoholic, upon proper proof as hereinafter provided, and with the consent in writing of the Commission or its authorized representative.

(b) The Court may remand an alcoholic to the Commission or its authorized representative for treatment when it is properly shown to the court upon petition or application filed by the alleged alcoholic's husband, wife, child, mother, father, next of kin, next friend, or the county health officer, that such a person is an alcoholic, is a resident of the

county, is over eighteen years of age, and is not capable of, or is unfit properly to conduct himself or herself, or to conduct and look after his or her affairs or is dangerous to himself, or others, or has lost the power of self-control because of use of alcohol. Such a petition or application must show that the alleged alcoholic is in actual need of care and treatment and that his or her detention, care and treatment would improve his health.

(c) Upon filing of a petition or application, the court shall set a day for the hearing, which hearing must be held not less than five (5) days and no more than fourteen (14) days from the filing of the petition. The alleged alcoholic shall be personally served with a copy of the petition or application and the order fixing the time of hearing of the same by the sheriff of the county in which he is found. The court may proceed to hear the cause at the stated time, with or without the presence of the alleged alcoholic and with or without an answer by him, provided such service is perfected at least three (3) days prior to the hearing and provided the alleged alcoholic is represented by an attorney if the right of legal counsel is not waived. If the alleged alcoholic is not represented by an attorney of his own choosing, the court shall appoint an attorney to represent him. The court shall inform relatives of the alleged alcoholic and other persons to appear at the hearing to give evidence in the cause. The judge may, in his discretion or upon request, require an alleged alcoholic to be examined by the county health officer, or by other physicians, as the court may direct, the results of which examination to be considered by the court at the hearing of the application for commitment. If in the county court in which a petition or application is filed, a Certificate of Medical Examination for Alcoholism is filed showing that the proposed patient has been examined within five (5) days of the filing of the Certificate and stating the opinion of the examining physician that the proposed patient is an alcoholic and because of his alcoholism is likely to cause injury to himself or others if not immediately restrained, the Judge may order any health or peace officer to take the proposed patient into protective custody and immediately transport him to a designated mental hospital or other suitable place and detain him pending order of the court; provided, however, that in no event shall the proposed patient be denied the hearing prescribed above to be held not less than five (5) days and no more than fourteen (14) days from the filing of the petition.

(d) If the alleged alcoholic admits the allegations of the application, or if the court finds that the material allegations of the application have been proven, it shall issue the proper certificate for his or her commitment or remand to the Commission or its authorized representative for such confinement and treatment as the Commission shall direct. Upon such a finding, the court shall order that he or she be remanded to the Commission or its authorized representative for a period of not less than fifteen

(15) days nor more than three (3) months as the necessity of the case may require, subject, however, to earlier discharge at the discretion of the Commission.

(e) The Commission shall by rule provide a method of notification by the county court or the clerk thereof to the Commission of initiation of proceedings under this Section and the order of the court therein, and shall provide for notification of the court before the date set for the hearing of a petition or application for certification whether it will accept custody of such person should the court so order.

#### Appeals from Decisions Committing Persons to the Commission

Sec. 10. The sworn statements shall include the physician's medical opinion as to whether hospitalization of the proposed patient because of drug dependency or immediate restraint of the proposed patient to prevent injury to himself or others, or both, are necessary.

(c) When a petition and the required statement by a physician are filed, the county judge shall set a date for the hearing to be held within 14 days of the filing of the petition, and shall appoint an attorney ad litem to represent the proposed patient, unless the proposed patient retains an attorney of his own choosing.

(b) If the court or the jury, as the case may be, finds that the proposed patient is a drug-dependent person and should be hospitalized and restrained, the court shall order that the drug-dependent person be committed as a patient to a mental hospital for an indefinite period or until he is discharged by the head of the mental hospital.

**New Trial**

Sec. 8. For good cause shown, the county judge, within two days after entering his order of commitment, may set aside his order and grant a new trial to the person ordered committed. A motion for new trial is not prerequisite to appeal from the order of the county court.

(b) When notice of appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the district court of the county.

(c) For good cause shown, the county judge may stay the order of commitment pending the appeal upon posting of a bond.

**Authorized Places of Commitment**

Sec. 10. In the order of commitment, the court shall commit the patient to a designated

(2) private mental hospital, or

(3) agency of the United States operating a mental hospital.

**Commitment to Private Hospital**

Sec. 11. The court may order a patient committed to a private mental hospital at no expense to the state upon:

(1) application signed by the patient or by his guardian requesting that the patient be placed in a designated private mental hospital at the expense of the patient or the applicant, and

(2) a written statement by the head of the private mental hospital that the hospital is equipped to accept responsibility for the patient in accordance with the provisions of this Act.

**Commitment to Federal Agency**

Sec. 12. (a) Upon receiving written notice from an agency of the United States operating a mental hospital stating that facilities are available and that the patient is eligible for care or treatment therein, the court may order a patient committed to the agency and may place the patient in the custody of the agency for transportation to the mental hospital.

(b) Any patient admitted pursuant to order of a court to any hospital operated by an agency of the United States within or without the state shall be subject to the rules and regulations of the agency.

(c) The head of the hospital operated by such agency shall have the same authority and responsibility with respect to the patient as the head of a state mental hospital.

(d) The appropriate courts of this state retain jurisdiction at any time to inquire into the mental condition of the patient so committed and the necessity of his continued hospitalization.

**Transportation of Patient**

Sec. 13. If the head of the designated hospital advises the court that hospital personnel are available for the purpose, the court may authorize the head of the hospital to transport the patient to the designated mental hospital. Otherwise, the court shall authorize the sheriff to transport the patient to the designated mental hospital.

**Duties of Clerk**

Sec. 14. (a) The court shall direct the clerk of the court to issue a writ of commitment in duplicate directed to the person authorized to transport the patient, commanding him to take charge of the patient and to transport the patient to the designated mental hospital.

(b) The clerk of the county court shall prepare two certified transcripts of the proceedings in the commitment hearing, and shall send one to the Department of Mental Health and Mental Retardation and one to the head of the hospital to which the patient is committed. The clerk shall send with the transcript any available information concerning the medical, social, and economic status and history of the patient and his family.

**Attendants; Means of Transportation**

Sec. 15. (a) Every female patient shall be accompanied by a female attendant.

(b) The patient shall not be transported in a marked police or sheriff's car or accompanied by officers in uniform if other means are available.

**Receipt for Patient**

Sec. 16. The head of the mental hospital, upon receiving a copy of the writ of commitment and admitting a patient, shall give the person transporting the patient a written statement acknowledging acceptance of the patient and of any personal property belonging to him and shall file a copy of the statement with the clerk of the committing court.

**Protective Custody; Motion; Order**

Sec. 17. (a) A motion for an order of protective custody may be filed only in the court in which a petition for indefinite commitment is pending. The motion may be filed by the county or district attorney. The motion shall state that the county or district attorney has reason to believe and does believe on the representations of a credible individual, on the basis of the conduct of the person, or on the circumstances under which the person is found, that the person meets the criteria prescribed by Subsection (b) of this section. The motion shall be accompanied by two certificates of medical examination for drug dependency completed by physicians who have examined the person within five days of the filing of the motion.

(b) The judge may issue an order of protective custody if the judge determines:

(1) that the physicians have stated their opinion and the detailed basis for their opinion that the person is a drug-dependent person; and

(2) that the person presents a substantial risk of serious harm to himself or others if not immediately restrained pending the hearing.

(c) The judge's determination may be made on the basis of the petition and the certificates. If the judge concludes that a fair determination of the

matter cannot be made on this information, the judge may take further evidence. If the determination is made on the basis of the petition and the certificates, the judge must determine that the conclusions of the petitioner and of the certifying physicians are adequately supported by the information presented.

(d) The order of protective custody shall direct a peace officer or other designated person to take the person into protective custody and immediately transport him to a designated inpatient mental health facility or other suitable place and to detain him pending a probable cause hearing. The extent to which a designated mental health facility must comply with this section shall be based on a determination by the commissioner of the Texas Department of Mental Health and Mental Retardation that the facility has sufficient resources to perform the necessary services. No person may be detained in a private mental health facility without first obtaining the consent of the head of the facility.

**Protective Custody; Appointment of Attorney**

Sec. 18. (a) When an order for protective custody is signed, the presiding judge shall simultaneously appoint an attorney if the proposed patient does not have an attorney.

(b) The proposed patient and his attorney shall be served within a reasonable period of time prior to the time of the probable cause hearing with written notice that the patient has been placed under an order of protective custody, the reasons why the order was issued, and the time and place of a hearing to establish probable cause to believe that the patient is a drug-dependent person and presents a substantial risk of serious harm to himself or others such that he cannot be at liberty pending the hearing on court-ordered commitment. The notice shall be provided by the court ordering protective custody.

**Protective Custody; Probable Cause Hearing**

Sec. 19. (a) A probable cause hearing shall be held not later than the 72nd hour after the hour on which the detention begins under the order for protective custody. If the 72-hour period ends on a Saturday or Sunday or a legal holiday, the probable cause hearing shall be held on the first succeeding business day. The hearing shall be before a magistrate or, at the discretion of the presiding judge, before a master appointed by the presiding judge. The master shall receive reasonable compensation. At the hearing, the patient and his attorney are entitled to an opportunity to appear and present evidence to challenge the allegation that the patient presents a substantial risk of serious harm to himself or others. The magistrate or master may consider evidence including letters, affidavits, and other material that may not be admissible or sufficient in a subsequent commitment hearing. The state may prove its case on the physicians' certificates filed in support of the initial detention.

(b) If after the hearing the magistrate or master determines that no probable cause exists to believe that the proposed patient presents a substantial risk of serious harm to himself or others, the magistrate or master shall order the patient's release. Arrangements shall be made for the return of the patient to the location of his apprehension, his place of residence within the state, or some other suitable place. If after the hearing the magistrate or master determines that an adequate factual basis exists for probable cause to believe that the proposed patient presents a substantial risk of serious harm to himself or others such that he cannot be at liberty pending the hearing on court-ordered commitment, the patient's detention in protective custody shall continue as prescribed by Section 20 of this Act. If the protective custody is to continue, the magistrate or master shall arrange for the patient to be returned to the mental health facility or other suitable place along with copies of the certificates, affidavits, and other material submitted as evidence and a notification of probable cause hearing which shall read substantially as follows:

(Style of Case)

(c) If the person is detained in a nonmedical facility during an emergency, the county health officer shall see that the person held in protective custody receives proper care and medical attention.

Patients for whom probable cause has been established to justify continued protective custody following the probable cause hearing and pending the hearing on court-ordered commitment shall be discharged by the head of the facility in which he has been detained if:

(1) a final order of court-ordered commitment has not been entered by the court before the expiration of 14 days or before the expiration of 21 days if an order of continuance has been granted; or

(2) the head of the facility or his designee determines that such patient no longer meets the criteria for protective custody prescribed by Section 17 of this Act.

#### Art. 5561f. Interstate Compact on Mental Health

Sec. 1. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

"The contracting states solemnly agree that:

#### "ARTICLE I

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in

need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

#### “ARTICLE II

“As used in this compact:

“(a) ‘Sending state’ shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

“(b) ‘Receiving state’ shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

“(c) ‘Institution’ shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

“(d) ‘Patient’ shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

“(e) ‘After-care’ shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

“(f) ‘Mental illness’ shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

“(g) ‘Mental deficiency’ shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

“(h) ‘State’ shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

#### “ARTICLE III

“(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

“(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or

portions thereof. The factors referred to in this paragraph shall include the patient’s full record with due regard for the location of the patient’s family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

“(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

“(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

“(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

#### “ARTICLE IV

“(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient’s intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

“(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

“(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this

article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

#### “ARTICLE V

“Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

#### “ARTICLE VI

“The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

#### “ARTICLE VII

“(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

“(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

“(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

“(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

“(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

#### “ARTICLE VIII

“(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient’s guardian on his own behalf or in respect of any patient for

whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

“(b) The term “guardian” as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

#### “ARTICLE IX

“(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

“(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

#### “ARTICLE X

“(a) Each party state shall appoint a “compact administrator” who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

“(b) The compact administrators of the respective party states shall have power to promulgate reason-

able rules and regulations to carry out more effectively the terms and provisions of this compact.

“ARTICLE XI

“The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

“ARTICLE XII

“This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

“ARTICLE XIII

“(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

“(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

“ARTICLE XIV

“This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.”

Sec. 2. Pursuant to said compact, the governor is hereby authorized and empowered to designate an officer who shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules

and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions and facilitating the proper administration of the compact or of any supplementary agreement or agreements entered into by this state thereunder.

Sec. 2a. The office of Interstate Compact on Mental Health Administrator for Texas is subject to the Texas Sunset Act;<sup>1</sup> and unless continued in existence as provided by that Act the office is abolished, and this Act expires effective September 1, 1985.

Sec. 3. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

Sec. 4. The compact administrator, subject to the approval of the Comptroller of Public Accounts, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder.

Sec. 5. The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to take no final action without approval of the district court of the district in which the proposed transferee resides.

Sec. 6. Duly authorized copies of this Act shall, upon its approval, be transmitted by the secretary of state to the governor of each state, the attorney general and the Administrator of General Services of the United States, and the Council of State Governments.

**Art. 5561g. Building and Improvement Program**

Sec. 1. Upon the effective date of this Act the Texas Department of Mental Health and Mental Retardation and the Texas Youth Commission shall have the power, authority, and duty to design, construct, equip, furnish, and maintain buildings and improvements heretofore or hereafter authorized by law at facilities under their respective jurisdictions.

These state agencies may employ architects or engineers, or both, to prepare plans and specifications and to supervise such construction and improvements and shall promulgate rules and regulations in conformity with this Act and applicable provisions of other law relating to the award of contracts for the construction of buildings and improvements. Such rules and regulations shall provide for the award of contracts for the construction of buildings and improvements to the qualified bidder making the lowest and best bid. No construction contract shall be awarded for a sum in excess of the amount of funds available for such project and the successful bidder shall be required to give bond payable to the State of Texas equal to the amount of his bid conditioned upon the faithful performance of the contract. The department and commission shall have the right to reject any and all bids submitted.

Sec. 2. The state agencies to which this Act applies may waive, suspend, or modify any provision of this Act which might be in conflict with any federal statute or any rule, regulation, or administrative procedure of any federal agency where such waiver, suspension, or modification shall be essential to the receipt of federal funds for any project. In the case of any project wholly financed from federal funds, any standards required by the enabling federal statute or required by the rules and regulations of the administering federal agency shall be controlling.

Sec. 3. From the effective date of this Act until September 1, 1969, the State Building Commission shall provide under interagency contracts with the department and the commission, professional, technical and clerical employee services to the department and the commission necessary to enable the department and the commission to carry out the functions required of each of them by this Act. Reimbursement to the State Building Commission for costs incurred in rendering these services may be paid by the Department of Mental Health and Mental Retardation out of funds appropriated to it for construction purposes and by the Texas Youth Commission out of funds appropriated to it for construction purposes. On or before the first working day of the fiscal year beginning September 1, 1969, all files, records, documents, equipment, furnishings, and personal property which was transferred to the State Building Commission by the Texas Department of Mental Health and Mental Retardation pursuant to Subsection (G), Section 5, Chapter 455, Acts of the 59th Legislature, Regular Session, 1965 (Article 678f, Vernon's Texas Civil Statutes), shall be returned to the department. All files, records, and documents dealing with facilities of the Texas Youth Commission shall on or before that date be transferred to the Texas Youth Commission. Effective September 1, 1969, the department and the commission shall, subject to the provisions of the General Appropriations Act and such other general laws as may apply, employ professional, technical, and clerical personnel to carry out the design

and construction functions required by this Act. In selecting such personnel the department and the commission shall give first preference to persons employed at that time by the State Building Commission who are assigned and working on projects at facilities of the department and the commission respectively.

#### Art. 5561h. Confidentiality of Mental Health Information of Individual

##### Definitions of This Act

Sec. 1. (b) "Patient/Client" means any person who consults, or is interviewed by, a professional for purposes of diagnosis, evaluation, or treatment of any mental or emotional condition or disorder, including alcoholism and other drug addiction.

##### Confidentiality of Information

Sec. 2. (a) Communication between a patient/client and a professional is confidential and shall not be disclosed except as provided in Section 4 of this Act.

(b) Records of the identity, diagnosis, evaluation, or treatment of a patient/client which are created or maintained by a professional are confidential and shall not be disclosed except as provided in Section 4 of this Act. Nothing in this section shall prohibit the disclosure of information necessary in the collection of fees for mental or emotional health services, as provided by Subsection (b)(5) of Section 4 of this Act.

(c) Any person who receives information from confidential communications or records as defined by Section 2, other than the persons listed in Subsection (b)(4) of Section 4 who are acting on the patient's client's behalf, shall not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

(d) The prohibitions of this Act continue to apply to confidential communications or records concerning any patient/client irrespective of when the patient/client received services of a professional.

##### Privilege of Confidentiality

Sec. 3. (a) The privilege of confidentiality may be claimed by the patient/client or by other persons listed in Subsection (b)(4) of Section 4 who are acting on the patient's/client's behalf.

(b) The professional may claim the privilege of confidentiality but only on behalf of the pa-

tient/client. The authority to do so is presumed in the absence of evidence to the contrary.

#### Exceptions to the Privilege of Confidentiality

Sec. 4. (a) Exceptions to the privilege in court proceedings exist:

(3) when the purpose of the proceeding is to substantiate and collect on a claim for mental or emotional health services rendered to the patient/client;

(4) when the judge finds that the patient/client after having been previously informed that communications would not be privileged, has made communications to a professional in the course of a court-ordered examination relating to the patient's/client's mental or emotional condition or disorder, providing that such communications shall not be privileged only with respect to issues involving the patient's/client's mental or emotional health. On granting of the order, the court, in determining the extent to which any disclosure of all or any part of any communication is necessary, shall impose appropriate safeguards against unauthorized disclosure; or

(5) in any criminal prosecution where the patient is a victim, witness, or defendant. Records are not discoverable until the court in which the prosecution is pending makes an in camera determination as to the relevancy of the records or communications or any portion thereof. Such determination shall not constitute a determination as to the admissibility of such records or communications or any portion thereof.

(b) Exceptions to the privilege of confidentiality, in other than court proceedings, allowing disclosure of confidential information by a professional, exist only to the following:

(1) to governmental agencies where such disclosures are required or authorized by law;

(2) to medical or law enforcement personnel where the professional determines that there is a probability of imminent physical injury by the patient/client to himself or to others, or where there is a probability of immediate mental or emotional injury to the patient/client;

(3) to qualified personnel for the purpose of management audits, financial audits, program evaluations, or research, but such personnel may not identify, directly or indirectly, a patient/client in any report of such research, audit, or evaluation, or otherwise disclose identities in any manner;

(4) to any person bearing the written consent of the patient/client, or a parent if the patient/client is a minor, or a guardian if the patient/client has been adjudicated incompetent to manage his personal affairs, or to the patient's/client's personal representative if the patient/client is deceased;

(5) to individuals, corporations, or governmental agencies involved in the payment or collection of fees for mental or emotional health services performed by a professional as defined in Section 1 of this Act;

(6) to other professionals and personnel under the direction of the professional who are participating in the diagnosis, evaluation, or treatment of the patient/client; or

(7) in any official legislative inquiry regarding state hospitals or state schools, provided that no information or records which identify a patient/client shall be released for any purpose unless proper consent to the release is given by the patient/client, and only records created by the state hospital or school or its employees shall be included under this subsection.

#### Legal Remedies

Sec. 5. A person aggrieved by a violation of this Act may petition the district court of the county in which the person resides, or in the case of a nonresident of the state, the district court of Travis County, for appropriate injunctive relief, and the petition takes precedence over all civil matters on the docket of the court except those matters to which equal precedence on the docket is granted by law. A person aggrieved by a violation of this Act may prove a cause of action for civil damages.

#### Severability Clause

Sec. 6. If any portion of this Act is declared invalid or unconstitutional, it is the intention of the legislature that the other portions shall remain in full force and effect, and to this end the provisions of this Act are declared to be severable.

[Acts 1979, 66th Leg., p. 512, ch. 239, §§ 1 to 6, eff. Aug. 27, 1979. Amended by Acts 1983, 68th Leg., p. 2972, ch. 511, §§ 2, 4, eff. Sept. 1, 1983.]

Sec. 3. Each section of this Act will take effect on the first day that money becomes available for its implementation pursuant to legislative appropriation.

All members of the Texas State Guard shall be subject to serve on active duty at the call and by order of the Governor.

### Disqualifications

Sec. 3. No minor shall be enlisted without the written consent of his parents or guardian. One who has been expelled or dishonorably discharged from military service of this State or of the United States shall not be eligible for enlistment or reenlistment, unless he produces the written consent to such enlistment of the commanding officer of the organization from which he was expelled or dishonorably discharged, and of the commanding officer of the organization who approved such expulsion or issued such dishonorable discharge.

### Rules and Regulations

Sec. 4. The Governor shall have full control and authority over the Texas State Guard and is hereby authorized to prescribe rules and regulations not inconsistent with the provisions of this Act governing the enlistment, organization, administration, uniforms, equipment, maintenance, command, training and discipline of such forces; provided such rules and regulations, insofar as he deems practicable and desirable, shall conform to existing law governing and pertaining to the Texas National Guard and the rules and regulations promulgated thereunder.

### Active Duty

Sec. 5. The Texas State Guard or any element, unit or member thereof, may be activated and may be called to active duty at the discretion of the Governor, and when so called or when upon active duty, the Texas State Guard, or any element or unit thereof, shall have and exercise all rights, privileges, duties, functions and authorities, which are now or may hereafter be conferred or imposed by law upon the State Military Forces.

### Honorary Reserve

Sec. 6. At the discretion of the Governor, officers and enlisted personnel of the Texas State Guard who become physically disabled or who shall attain the age of sixty (60) years, or who shall have attained twenty-five (25) years of satisfactory service, may be transferred by the Governor, or under his authority and direction, to the Texas State Guard Honorary Reserve. Such officers and enlisted personnel may, at the discretion of the Governor, be advanced one grade or rank at the time of such transfer.

### Financial Assistance

Sec. 7. The commissioners court of each county and the council or commission of each city or town in this State is hereby authorized, in the discretion of each, to appropriate a sufficient sum not to exceed One Hundred Dollars (\$100) per month, not otherwise appropriated, to assist in paying the necessary expenses for the administration of any unit of the Texas State Guard located in their respective counties and in or near their respective cities or towns; and any and all such donations heretofore made by any commissioners court or any council or

commission of any city or town to any such unit or units of the Texas State Guard is hereby validated. The appropriation of State funds to the Texas State Guard shall be the amounts which are designated in line items in the biennial appropriations bill.

#### Maintenance of Records

Sec. 8. The Adjutant General of Texas is hereby charged with the care, maintenance and preservation of the individual, unit and organization records of the Texas State Guard and the Texas State Guard Honorary Reserve.

#### Equipment and Funds

Sec. 9. For the use of the Texas State Guard, the Governor is hereby authorized to requisition from the United States Government such arms and equipment as may be in possession, and can be spared by, the United States Government; and to make available to such forces the facilities of State armories and their equipment and such other State premises and property as may be available. Authorization is hereby provided for school authorities to permit the use of school buildings by the Texas State Guard; provided further that county commissioners courts, city authorities, communities, and civic and patriotic organizations are empowered and authorized by this Chapter to provide funds, armories, equipment, material, transportation, or other appropriate services or facilities, to the Texas State Guard.

#### Use Without This State

Sec. 10. The Texas State Guard shall not be required to serve outside the boundaries of this State except:

(a) Upon the request of the Governor of another state, the Governor of this State may, in his discretion, order any portion or all of such forces to assist the military or police forces of such other state, who are actually engaged in defending such other state. Such forces may be recalled by the Governor at his discretion.

(b) Any organization, unit, or detachment of such forces, upon order of the officer in immediate command thereof, may continue in fresh pursuit of insurrectionists, saboteurs, enemies, or enemy forces beyond the borders of this State into another state until they are apprehended or captured by such organization, unit, or detachment, or until the military or police forces of the other state, or the forces of the United States, have had a reasonable opportunity to take up the pursuit or to apprehend or capture such persons; provided such other state shall have given authority by law for such pursuit by such forces of this State. Any such person who shall be apprehended or captured in any other state by an organization, unit, or detachment of the forces of this State shall without unnecessary delay be surrendered to the military or police forces of the state in which he is taken, or to the United States, but such surrender shall not constitute a waiver by

this State of its right to extradite or prosecute such person for any crime committed in this State.

#### Permission to Forces of Other States

Sec. 11. Any military forces or organization, unit, or detachment thereof, of another state, who are in fresh pursuit of insurrectionists, saboteurs, enemies, or enemy forces, may continue such pursuit into this State until the military or police force of this State or the forces of the United States have had a reasonable opportunity to take up the pursuit or to apprehend or capture such persons, and are hereby authorized to arrest or capture such persons within this State while in fresh pursuit. Any such person who shall be captured or arrested by the military forces of such other state while in this state shall without unnecessary delay be surrendered to the military or police forces of this state to be dealt with according to law. This Section shall not be construed so as to make unlawful any arrest in this state which would otherwise be lawful.

#### Federal Service

Sec. 12. Nothing in this Chapter shall be construed as authorizing the Texas State Guard, or any part thereof, to be called, ordered, or in any manner drafted, as such, into the military service of the United States, but no person shall by reason of his enlistment or commission in any such forces be exempted from military service under any law of the United States.

#### Qualifications of General Officers

Sec. 13. To be qualified and eligible for appointment as a General Officer of the Texas State Guard, a person must have been a federally recognized officer, not less than field grade of the Texas National Guard, a regular or reserve component of the United States Army or Air Force, or, must have completed at least fifteen (15) years service as a commissioned officer in the State Military Forces or a regular or reserve component of the United States Army or Air Force.

available is insufficient, he shall order out such part of the reserve militia as he may deem necessary.

#### Impending Riot

Sec. 2. When there is in any county, city or town in this state tumult, riot or body of men acting together by force with intent to commit felony, or breach of the peace, or to do violence to person or property, or by force to break or resist the laws of this state, or when such tumult, riot, mob or other unlawful act or violence is threatened and that fact is made to appear to the Governor, he may issue his order to any commander of a unit of the State Military Forces of this state to appear at the time and place directed, to aid the civil authorities to suppress or prevent such violence and in executing the laws, provided, whenever the necessity for military aid in preventing or suppressing such violence is immediate and urgent, and when it is impracticable to furnish such information to the Governor in time to secure military aid by his order, the district judge of the judicial district in which the disturbance occurs, or the sheriff of such county, or the mayor of such city or town may call in writing for aid upon the commanding officer of the State Military Forces stationed therein, or adjacent thereto; and the civil officer making the call shall at once notify the Governor of his action.

The kind and extent of force to be used, and the particular means to be employed to accomplish the object specified by the civil authority shall be left solely to such commanding officer.

#### State Military Forces

Sec. 5. The Governor may order the State Military Forces, or any part thereof, to assist the civil authorities in guarding prisoners, or in conveying prisoners from and to any point in this state, or discharging other duties in connection with the exe-

cution of the law as the public interest or safety at any time may require.

Any food, shelter, or transportation furnished by the state in association with such active duty service shall not detract from or in any way lessen the amount of compensation to be received by the individual concerned. The compensation or reimbursement, as well as the cost of carrying out the other provisions of this section, shall be paid out of any funds in the State Treasury available to or appropriated for the use of the Military Forces of this state in the same manner provided for other expenditure of state funds; provided, however, that no compensation or reimbursement shall be paid in any case where the same is payable under the

provisions of any federal law or regulation, and the claim results from activity related to the performance of duty or training in compliance with the provisions of federal law or regulations.

(d) The Adjutant General shall administer the provisions of this Act and shall prescribe such rules and regulations not inconsistent with law as may be necessary to carry out the provisions of this Act and the decision as to whether any wounding, disability, injury, disease, illness or death is in line of duty or as a result thereof, shall be made by the Adjutant General after proper investigation and hearing pursuant to such regulations as he may prescribe. ## SUBCHAPTER II. APPREHENSION AND RESTRAINT

### Apprehension

Sec. 7. (a) Apprehension is the taking of a person into custody.

(b) Any person authorized by this Code, or by regulations issued under it, to apprehend persons subject to this Code, any marshal of a court-martial appointed pursuant to the provisions of this Code, and any peace officer having authority to apprehend offenders under the laws of the United States or of a state, may do so upon reasonable belief that an offense has been committed and that the person apprehended committed it.

(c) Commissioned officers, warrant officers, and noncommissioned officers have authority to quell quarrels, frays, and disorders among persons subject to this Code and to apprehend persons subject to this Code who take part therein.

### Apprehension of Deserters

Sec. 8. Any civil officer or peace officer having authority to apprehend offenders under the laws of the United States or of a state, territory, commonwealth, or possession, or the District of Columbia, may summarily apprehend a deserter from the state military forces and deliver him into the custody of the state military forces.

### Imposition of Restraint

Sec. 9. (a) Arrest is the restraint of a person by an order, not imposed as a punishment for an of-

fense, directing him to remain within certain specified limits. Confinement is the physical restraint of a person.

(b) An enlisted member may be ordered into arrest or confinement by any commissioned officer by an order, oral or written, delivered in person or through other persons subject to this Code or through any person authorized by this Code to apprehend persons. A commanding officer may authorize warrant officers or noncommissioned officers to order enlisted members of his company or subject to his authority into arrest or confinement.

(c) A commissioned officer or warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority he is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

(d) No person may be ordered apprehended or into arrest or confinement except for probable cause.

(e) This Section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified.

#### Restraint of Persons Charged With Offenses

Sec. 10. Any person subject to this Code charged with an offense under this Code shall be ordered into arrest or confinement, as circumstances may require; but when charged with only an offense normally tried by a summary court-martial, such person shall not ordinarily be placed in confinement. When any person subject to this Code is placed in arrest or confinement prior to trial, immediate steps shall be taken to inform him of the specific wrong of which he is accused and to try him or to dismiss the charges and release him. Persons confined other than in a guardhouse, whether before, during, or after trial by a military court, shall be confined in civil jails.

#### Reports and Receiving of Prisoners

Sec. 11. (a) No provost marshal, commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or any other jail, designated under Section 10 of this Code, may refuse to receive or keep any prisoner committed to his charge, when the committing person furnishes a statement, signed by him, of the offense charged against the prisoner.

(b) Every commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or of any other jail, designated under Section 10 of this Code, to whose charge a prisoner is committed shall, within 24 hours after that commitment or as soon as he is relieved from guard, report to the commanding officer of the prisoner the name of the prisoner, the

offense charged against him, and the name of the person who ordered or authorized the commitment.

Sec. 12. Reserved.

#### Punishment Prohibited Before Trial

Sec. 13. Subject to Section 57 of this Code, no person, while being held for trial or the result of trial, may be subjected to punishment or penalty other than arrest or confinement upon the charges pending against him, nor shall the arrest or confinement imposed upon him be any more rigorous than the circumstances require to insure his presence, but he may be subjected to minor punishment during that period for infractions of discipline.

#### Delivery of Offenders to Civil Authorities

Sec. 14. (a) Under such regulations as may be prescribed under this Code a person subject to this Code who is on active state duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(b) When delivery under this Section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, interrupts the execution of the sentence of the court-martial, and the offender, after having answered to the civil authorities for his offense, shall, upon the request of competent military authority, be returned to military custody for the completion of his sentence.

### SUBCHAPTER III. NON-JUDICIAL PUNISHMENT

#### Commanding Officer's Non-judicial Punishment

Sec. 15. (a) Under such regulations as the Governor may prescribe, limitations may be placed on the powers granted by this Section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized to exercise those powers, the applicability of this Section to an accused who demands trial by court-martial and the kinds of courts-martial to which the case may be referred upon such a demand. However, except in the case of a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the state military forces under this Section if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the Governor, the Governor or an officer of general rank in command may delegate his powers under this Section to a principal assistant. If disciplinary punishment other than admonition or reprimand is to be imposed, the accused shall be afforded the opportunity to be represented by defense counsel having the qualifications prescribed under Section 27(b), if available. Otherwise, the accused shall be afforded the opportunity

to be represented by any available commissioned officer of his choice. The accused may also employ civilian counsel of his own choosing at his own expense. In all proceedings, the accused is allowed 3 duty days, or longer on written justification, to reply to the notification of intent to impose punishment under this Section.

(b) Subject to subsection (a) of this Section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(1) upon officers of his command;

(A) restriction to certain specified limits with or without suspension from duty, for not more than 30 days;

(B) if imposed by the Governor, or an officer of general rank in command;

(i) arrest in quarters for not more than 30 days;

(ii) forfeiture of not more than one-half of 1 month's pay per month for 2 months or a fine of not more than \$75;

(iii) restriction to certain specified limits, with or without suspension from duty, for not more than 60 days;

(iv) detention of not more than one-half of one month's pay per month for 3 months;

(2) upon other personnel of his command;

(A) if imposed upon a person attached to or embarked in a vessel, confinement for not more than 3 days;

(B) correctional custody for not more than 7 days;

(C) forfeiture of not more than 7 days pay or a fine of not more than \$50;

(D) reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(E) extra duties including fatigue or other duties, for not more than 30 days, which need not be consecutive, and for not more than 2 hours per day, holidays included;

(F) restriction to certain specified limits, with or without suspension from duty for not more than 14 days;

(G) detention of not more than 14 days pay;

(H) if imposed by an officer of the grade of major or above;

(i) the punishment authorized under subsection (b)(2)(A) of this Section;

(ii) correctional custody for not more than 30 days;

(iii) forfeiture of not more than one-half of 1 month's pay per month for 2 months or a fine of not more than \$100;

(iv) reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than 2 pay grades;

(v) extra duties, including fatigue or other duties, for not more than 45 days which need not be consecutive and for not more than 2 hours per day, holidays included;

(vi) restriction to certain specified limits with or without suspension from duty, for not more than 60 days;

(vii) detention of not more than one-half of 1 month's pay per month for 3 months. Detention of pay shall be for a stated period of not more than 1 year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. No 2 or more of the punishments of arrest in quarters, correctional custody, extra duties, and restriction may be combined to run consecutively in the maximum amount imposable for each. Whenever any of those punishments are combined to run consecutively, there must be an apportionment. In addition, fine or forfeiture of pay may not be combined with detention of pay without an apportionment. For the purposes of this subsection "correctional custody" is the physical restraint of a person during duty or non-duty hours and may include extra duties, fatigue duties, or hard labor. If practicable, correctional custody will not be served in immediate association with persons awaiting trial or held in confinement pursuant to trial by courts-martial.

(c) An officer in charge may impose upon enlisted members assigned to the unit of which he is in charge such of the punishments authorized under subsection (b)(2)(A)-(G) of this Section as the Governor may specifically prescribe by regulation.

(d) The officer who imposes the punishment authorized in subsection (b) or his successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or fine or forfeiture imposed under subsection (b), whether or not executed. In addition, he may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted; and restore all rights, privileges, and property affected. He may also mitigate reduction in grade to fine or forfeiture or detention of pay.

When mitigating:

(1) arrest in quarters to restriction, or

(2) extra duties to restriction, the mitigated punishment shall not be for a greater period than the punishment mitigated. When mitigating forfeiture of pay to detention of pay, the amount of the detention shall not be greater than the amount of the forfeiture. When mitigating reduction in grade to fine, forfeiture or detention of pay, the amount of the fine, forfeiture or detention shall not be greater than the amount that could have been imposed initially under this Section by the officer who imposed the punishment mitigated.

(e) A person punished under this Section who considers his punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (d) of this Section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

- (1) arrest in quarters for more than 7 days;
- (2) correctional custody for more than 7 days;
- (3) forfeiture of more than 7 days pay;
- (4) reduction of 1 or more pay grades from the fourth or a higher pay grade;
- (5) extra duties for more than 14 days;
- (6) restriction of more than 14 days pay;
- (7) detention of more than 14 days pay; the authority who is to act on the appeal shall refer the case to a judge advocate or legal officer of the state military forces for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (b).

(f) The imposition and enforcement of disciplinary punishment under this Section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this Section, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(g) The Governor may, by regulation, prescribe the form of records to be kept of proceedings under this Section and may also prescribe that certain categories of those proceedings shall be in writing.

#### SUBCHAPTER IV. COURTS-MARTIAL

##### Courts-Martial Classified

Sec. 16. The three kinds of courts-martial in each of the state military forces are:

- (1) general court-martial, consisting of:

(A) a military judge and not less than 5 members; or

(B) only a military judge, if before the court is assembled the accused, knowing the identity of the military judge and after consultation with defense counsel, requests in writing a court composed only of a military judge and the military judge approves;

(2) special court-martial, consisting of:

(A) not less than 3 members; or

(B) a military judge and not less than 3 members; or

(C) only a military judge, if one has been detailed to the court, and the accused under the same conditions as those prescribed in clause (1)(B) so requests; and

(3) Summary court-martial, consisting of 1 officer, who shall be a military judge or an attorney licensed to practice law in this state.

##### Jurisdiction of Courts-Martial in General

Sec. 17. Each force of the state military forces has court-martial jurisdiction over all persons subject to this Code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the Governor.

##### Jurisdiction of General Courts-Martial

Sec. 18. (a) Subject to Section 17 of this Code, general courts-martial have jurisdiction to try persons subject to this Code for any offense made punishable by this Code and may, under such limitations as the Governor may prescribe, adjudge any of the following punishments:

- (1) A fine of not more than \$200 or confinement for not more than 200 days;
- (2) Forfeiture of pay and allowances;
- (3) A reprimand;
- (4) Dismissal or dishonorable discharge;
- (5) Reduction of a noncommissioned officer to the ranks; or
- (6) Any combination of these punishments.

(b) A dismissal or dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under Section 27(b) of this Code was detailed to represent the accused, and a military judge was detailed to the trial.

##### Jurisdiction of Special Courts-Martial

Sec. 19. (a) Subject to Section 17 of this Code, special courts-martial have jurisdiction to try persons subject to this Code, except commissioned officers, for any offense for which they may be punished under this Code. A special court-martial has the same powers of punishment as a general court-

martial, except that a fine or confinement imposed by a special court-martial may not be more than \$100 fine or confinement of not more than 100 days for a single offense.

(b) A dismissal or dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under Section 27(b) of this title was detailed to represent the accused, and a military judge was detailed to the trial, except in any case in which a military judge could not be detailed to the trial because of physical conditions or military exigencies. In any such case in which a military judge was not detailed to the trial, the convening authority shall make a detailed written statement, to be appended to the record, stating the reason or reasons a military judge could not be detailed.

#### Jurisdiction of Summary Courts-Martial

Sec. 20. (a) Subject to Section 17 of this Code, summary courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense made punishable by this Code.

(b) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if he objects thereto. If objection to trial by summary court-martial is made by an accused, trial may be ordered by special or general court-martial, as may be appropriate.

(c) A summary court-martial may sentence to a fine of not more than \$25 or confinement for not more than 25 days for a single offense, to forfeiture of pay and allowances, and reduction of a noncommissioned officer to the ranks.

Sec. 20A. Reserved.

#### Jurisdiction of Courts-Martial not Exclusive

Sec. 21. The provisions of this chapter conferring jurisdiction upon courts-martial do not deprive military commissions, provost courts, or other military tribunals of concurrent jurisdiction with respect to offenders or offenses that by statute or by the law of war may be tried by military commissions, provost courts, or other military tribunals.

### SUBCHAPTER V. COMPOSITION OF COURTS-MARTIAL

#### Who May Convene General Courts-Martial

Sec. 22. In the militia or state military forces not in federal service general courts-martial may be convened by:

(a) the Governor of the State of Texas; or

(b) the Adjutant General or any other General Officer under such regulations as the Governor may promulgate.

#### Who May Convene Special Courts-Martial

Sec. 23. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a division, brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court may be convened by superior competent authority if considered advisable by him.

#### Who May Convene Summary Courts-Martial

Sec. 24. (a) In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial.

(b) Deleted by Acts 1975, 64th Leg., p. 687, ch. 287, § 1, eff. May 22, 1975.

#### Who May Serve on Courts-Martial

Sec. 25. (a) Any state commissioned officer in a duty status is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

(b) Any warrant officer in a state duty status is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(c)(1) Any enlisted member of the state military forces in a state duty status who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member of the state military forces who may lawfully be brought before such courts for trial but he shall serve as a member of a court only if, before the conclusion of a session called by the military judge under Section 39(a) of this Code prior to trial or, in the absence of such a session, before the court is assembled for the trial of the accused, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

(2) In this Section, the word "unit" means any regularly organized body of the state military forces.

(d)(1) When it can be avoided, no person subject to this Code may be tried by a court-martial, any member of which is junior to him in rank or grade.

(2) When convening a court-martial, the convening authority shall detail as members thereof such members of the state military forces as, in his opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, and judicial temperament. No member of the state military forces is eligible to serve as a member of a general or special court-martial when he is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.

#### Military Judge of a Court-Martial

Sec. 26. (a) The authority convening a general court-martial shall, and, subject to regulations issued by the Governor, the authority convening a special or summary court-martial may detail a military judge thereto. A military judge shall preside over open sessions of the court-martial to which he has been detailed.

(b) A military judge shall be a commissioned officer of the state military forces who is a member of the bar of a Federal court and a member of the bar of the highest court of this state and who is certified to be qualified for duty as a military judge by the State Judge Advocate General of the state military forces.

(c) The military judge of a general court-martial shall be designated by the State Judge Advocate General, or his designee, for detail by the convening authority, and, unless the court-martial was convened by the Governor or the Adjutant General, neither the convening authority nor any member of his staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed, which relates to his performance of duty as a military judge.

(d) No person is eligible to act as military judge in a case if he is the accuser or a witness for the prosecution or has acted as investigating officer or a counsel in the same case.

(e) The military judge of a court-martial may not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor may he vote with the members of the court.

(f) A military judge detailed to preside over a court-martial hereunder shall not be subject to any report concerning the effectiveness, fitness, or efficiency of that military judge so detailed, which relates to his performance of duty as a military judge, by such convening authority, nor any member of his staff.

(g) All trial counsel, defense counsel, military judges, legal officers, summary court officers, and any other person certified by the State Judge Advocate General to perform legal functions under this

Code, shall be used interchangeably, as needed, among all of the state military forces.

#### Detail of Trial Counsel and Defense Counsel

Sec. 27. (a) For each general, special, and summary court-martial the authority convening the court shall detail trial counsel and defense counsel and such assistants as he considers appropriate. No person who has acted as investigating officer, military judge, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(b) Trial counsel or defense counsel detailed for a general court-martial:

(1) Must be a graduate of an accredited law school and a member of the bar of a Federal court or of the highest court of a state; and

(2) Must be certified as competent to perform such duties by the State Judge Advocate General.

(c) In the case of a special or summary court-martial:

(1) The accused shall be afforded the opportunity to be represented at the trial by counsel having the qualifications prescribed under Section 27(b) of this Code unless counsel having such qualifications cannot be obtained on account of physical conditions or military exigencies. If counsel having such qualifications cannot be obtained, the court may be convened and the trial held but the convening authority shall make a detailed written statement, to be appended to the record, stating why counsel with such qualifications could not be obtained;

(2) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(3) If the trial counsel is a judge advocate, or a member of the bar of a Federal court or the highest court of a state, the defense counsel detailed by the convening authority must be one of the foregoing.

#### Detail or Employment of Reporters and Interpreters

Sec. 28. Under such regulations as the Governor may prescribe, the convening authority of a general or special court-martial, military commission, court of inquiry, or a military tribunal shall detail or employ qualified court reporters who shall record the proceedings of and testimony taken before that court, commission, or tribunal. Under like regulations the convening authority may detail or employ interpreters who shall interpret for the court, commission, or tribunal.

**Absent and Additional Members**

Sec. 29. (a) No member of a general or special court-martial may be absent or excused after the court has been assembled for the trial of the accused except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

(b) Whenever a general court-martial, other than a general court-martial composed of a military judge only, is reduced below 5 members the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than 5 members. The trial may proceed with the new members present after the recorded evidence previously introduced has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

(c) Whenever a special court-martial, other than a special court-martial composed of a military judge only, is reduced below 3 members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than 3 members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court or a stipulation thereof is read to the court in the presence of the military judge, if any, the accused, and counsel for both sides.

(d) If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed, subject to any applicable conditions of Section 16(1)(B) or (2)(C) of this Code, after the detail of a new military judge as if no evidence had previously been introduced, unless a verbatim record of the evidence previously introduced or stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides.

**SUBCHAPTER VI. PRE-TRIAL PROCEDURE****Charges and Specifications**

Sec. 30. (a) Charges and specifications shall be signed by a person subject to this Code under oath before a commissioned officer of the state military force authorized to administer oaths and shall state:

(1) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(2) That they are true in fact to the best of his knowledge and belief.

(b) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him as soon as practicable.

**Compulsory Self-Incrimination Prohibited**

Sec. 31. (a) No person subject to this Code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.

(b) No person subject to this Code may interrogate, or request any statement from an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

(c) No person subject to this Code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

(d) No statement obtained from any person in violation of this Section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against him in a trial by court-martial.

**Investigation**

Sec. 32. (a) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against him and of his right to be represented at that investigation by counsel. Upon his own request, he shall be represented by civilian counsel if provided by him, or military counsel of his own selection if such counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b) of this Section, no further investigation of that charge is

necessary under this Section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

(d) The requirements of this Section are binding on all persons administering this Code but failure to follow them does not constitute jurisdictional error.

#### Forwarding of Charges

Sec. 33. When a person is held for trial by general court-martial the commanding officer shall, within 8 days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the officer exercising general court-martial jurisdiction. If that is not practicable, he shall report in writing to that officer the reasons for delay.

#### Advice of Staff Judge Advocate and Reference for Trial

Sec. 34. (a) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to his staff judge advocate or legal officer for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he has found that the charge alleges an offense under this Code and is warranted by evidence indicated in the report of investigation.

(b) If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made.

#### Service of Charges

Sec. 35. The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his objections, be brought to trial, or be required to participate by himself or counsel in a session called by the military judge under Section 39(a) of this Code in a general court-martial case within a period of 5 days after the service of charges upon him, or in a special court-martial case within a period of 3 days after the service of charges upon him.

### SUBCHAPTER VII. TRIAL PROCEDURE

#### Governor May Prescribe Rules

Sec. 36. The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the Governor by regulations, which shall, so far as he considers practicable, apply the principles of law and the rules of evidence generally recognized in the

trial of criminal cases in the courts of the State of Texas, but which may not be contrary to or inconsistent with this Code.

#### Unlawfully Influencing Action of Court

Sec. 37. (a) No authority convening a general, special or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his functions in the conduct of the proceeding. No person subject to this Code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to his judicial acts. The foregoing provisions of the subsection shall not apply with respect to (1) general instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of court-martial, or (2) to statements and instructions given in open court by the military judge, president of a special court-martial, or counsel.

(b) In the preparation of an effectiveness, fitness, or efficiency report, or any other report or document used in whole or in part for the purpose of determining whether a member of the state military forces is qualified to be advanced in grade, or in determining the assignment or transfer of a member of the state military forces or in determining whether a member of the state military forces should be retained on duty, no person subject to this Code may, in preparing any such report (1) consider or evaluate the performance of duty of any such member as a member of a court-martial, or (2) give a less favorable rating or evaluation of any member of the state military forces because of the zeal with which such member, as counsel, represented any accused before a court-martial.

#### Duties of Trial Counsel and Defense Counsel

Sec. 38. (a) The trial counsel of a general or special court-martial shall prosecute in the name of the State of Texas, and shall, under the direction of the court, prepare the record of the proceedings.

(b) The accused has the right to be represented in his defense before a general, special or summary court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under Section 27 of this Code. Should the accused have counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused

by the military judge or by the president of a court-martial without a military judge.

(c) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings, a brief of such matters he feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he considers appropriate.

(d) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when he is qualified to be a trial counsel as required by Section 27 of this Code, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(e) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by Section 27 of this Code, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

#### Sessions

Sec. 39. (a) At any time after the service of charges which have been referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to Section 35 of this Code, call the court into session without the presence of the members for the purpose of:

(1) Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty;

(2) Hearing and ruling upon any matter which may be ruled upon by the military judge under this chapter, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(3) If permitted by regulations of the Governor, holding the arraignment and receiving the pleas of the accused; and

(4) Performing any other procedural function which may be performed by the military judge under this chapter or under rules prescribed pursuant to Section 36 of this Code and which does not require the presence of the members of the court. These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

(b) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in cases in

which a military judge has been detailed to the court, the military judge.

#### Continuances

Sec. 40. The military judge or a court-martial without a military judge may, for reasonable cause, grant a continuance to any party for such time, and as often, as may appear to be just.

#### Challenges

Sec. 41. (a) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge, or, if none, the court shall determine the relevancy and validity of challenges for cause, and may not receive a challenge to more than 1 person at a time. Challenges by trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) Each accused and the trial counsel are entitled to 1 peremptory challenge, but the military judge may not be challenged except for cause.

#### Oaths

Sec. 42. Before performing their respective duties, military judges, members of general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The oath or affirmation shall be taken in the presence of the accused, and shall read as follows:

(a) Court members:

"You, \_\_\_\_\_, do swear (or affirm) that you will faithfully perform all the duties incumbent upon you as a member of this court; that you will faithfully and impartially try, according to the evidence, your conscience, and the laws and regulations provided for trials by courts-martial, the case of (the) (each) accused now before this court; and that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service in like cases; that you will not divulge the findings and sentence in any case until they shall have been duly announced by the court; and that you will not disclose or discover the vote or opinion of any particular member of the court upon a challenge or upon the findings or sentence unless required to do so before a court of justice in due course of law. So help you God."

(b) Military judge:

"You, \_\_\_\_\_, do swear (or affirm) that you will faithfully and impartially perform, according to your conscience and the laws and regulations provided for trials by courts-martial, all the duties incumbent upon you as military judge of this court; that if any doubt should arise not explained by the laws and regulations, then according to the best of your understanding and the customs of the service

in like cases; and that you will not divulge the findings or sentence in any case until they shall have been duly announced by the court. So help you God."

(c) Trial counsel and assistant trial counsel:

"You, \_\_\_\_\_ (and) \_\_\_\_\_, do swear (or affirm) that you will faithfully perform the duties of trial counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(d) Defense counsel and assistant defense counsel:

"You, \_\_\_\_\_ (and) \_\_\_\_\_, do swear (or affirm) that you will faithfully perform the duties of defense (and individual) counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(e) Court of inquiry:

The recorder of a court of inquiry shall administer to the members the following oath: "You shall well and truly examine and inquire, according to the evidence, into the matter now before you without partiality, favor, affection, prejudice or hope of reward. So help you God." After which the president of the court shall administer to the recorder the following oath: "You do swear that you will according to your best abilities, accurately and impartially record the proceedings of the court and the evidence to be given in the case in hearing. So help you God."

(f) Witnesses:

All persons who give evidence before a court-martial or court of inquiry shall be examined on oath administered by the presiding officer in the following form: "You swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God."

(g) Reporter or interpreter:

"You swear (or affirm) that you will faithfully perform the duties of reporter (or interpreter) to this court. So help you God."

#### Statute of Limitations

Sec. 43. (a) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(b) Except as otherwise provided in this Section, a person charged with desertion in time of peace or with the offenses punishable under Sections 115, 116, and 117 of this Code is not liable to be tried by court-martial if the offense was committed more than 3 years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) Except as otherwise provided in this Section, a person charged with any offense is not liable to be tried by court-martial or punished under Section 15 of this Code if the offense was committed more than 2 years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command, or before the imposition of punishment under Section 15 of this Code.

(d) Periods in which the accused was absent from territory in which the state has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this Section.

#### Former Jeopardy

Sec. 44. (a) No person may be tried a second time in any military court of the State of Texas for the same offense.

(b) No proceedings in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this Section until the finding of guilty has become final after review of the case has been fully completed.

(c) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this Section.

#### Pleas of the Accused

Sec. 45. (a) If an accused after arraignment makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that he has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if he fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though he had pleaded not guilty.

(b) With respect to any charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge, or by a court-martial without a military judge, a finding of guilty of the charge or specification may, if permitted by regulations of the Governor, be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to the announcement of the sentence, in which event the proceedings shall continue as though the accused had pleaded not guilty.

#### Opportunity to Obtain Witnesses and Other Evidence

Sec. 46. (a) The trial counsel, the defense counsel, accused, and the court-martial shall have equal opportunity to obtain witnesses and other evidence. Each shall have the right of compulsory process for obtaining witnesses.

(b) The presiding officer of a court-martial may:

(1) Issue a warrant for the arrest of any accused person who having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(2) Issue subpoenas duces tecum and other subpoenas;

(3) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(c) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers or peace officers as described by the laws of the state.

#### Refusal to Appear or Testify

Sec. 47. (a) Any person not subject to this Code who:

(1) Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer or peace officer designated to take a deposition to be read in evidence before a court;

(2) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses under Section 145 of this Code. These fees are to be paid by the Adjutant General's Department as hereinafter provided; and

(3) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; is guilty of an offense against the state and may be punished by fine not to exceed \$1,000 or confinement not to exceed 60 days in jail, or by both fine and confinement, and such witness shall be prosecuted in the appropriate county court.

(b) The appropriate prosecuting official for the state in any county court having jurisdiction where the military proceeding was convened shall, upon submission of a complaint to him by the presiding officer of a military court, commission, court of inquiry, or board, file an information against and prosecute any person violating this Section.

#### Contempts

Sec. 48. A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. Punishment may not exceed confinement for 30 days or a fine of \$100, or both.

#### Depositions

Sec. 49. (a) At any time after charges have been signed, as provided in Section 30 of this Code, any party may take oral or written depositions unless the military judge, a court-martial without a military judge hearing the case, or, if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized by laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(d) Any duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence before any military court or commission, or in any proceeding before a court of inquiry or military board, if it appears:

(1) That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of 100 miles from the place of trial or hearing;

(2) That the witness by reason of death, age or sickness, bodily infirmity, imprisonment, military necessity, non-amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(3) That the present whereabouts of the witness is unknown.

#### Admissibility of Records of Courts of Inquiry

Sec. 50. (a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of inquiry or a military board.

(d) In all courts of inquiry both enlisted men and officers shall have the right to counsel and the right to cross examination of all witnesses.

## Voting and Rulings

Sec. 51. (a) Voting by members of a general or special court-martial on the findings, on the sentence, and by members of a court-martial without a military judge upon questions of challenge, shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(b) The military judge and, except for questions of challenge, the president of a court-martial without a military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Any such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge upon any question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change his ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote as provided in Section 52 of this Code beginning with the junior in rank.

(c) Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them:

(1) That the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;

(2) That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and he must be acquitted;

(3) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and

(4) That the burden of proof of establishing the guilt of the accused beyond reasonable doubt is upon the state.

(d) Subsections (a), (b), and (c) of this Section do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition on request find the facts specially. If an opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein.

## Number of Votes Required

Sec. 52. (a) No person may be convicted of an offense, except by the concurrence of two-thirds of the members present at the time the vote is taken.

(b) All sentences shall be determined by the concurrence of two-thirds of the members present at the time the vote is taken.

(c) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged, but a determination to reconsider a finding of guilty or to reconsider a sentence, with a view toward decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

## Court to Announce Action

Sec. 53. A court-martial shall announce its findings and sentence to the parties as soon as determined.

## Record of Trial

Sec. 54. (a) Each general court-martial shall keep a separate record of the proceedings of the trial of each case brought before it and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of his death, disability, or absence, it shall be authenticated by the signature of the trial counsel or by that of a member if the trial counsel is unable to authenticate it by reason of his death, disability, or absence. In a court-martial consisting of only a military judge, the record shall be authenticated by the court reporter under the same conditions that would impose such a duty on a member under this subsection. If the proceedings have resulted in an acquittal of all charges and specifications or, if not affecting a general or flag officer, in a sentence not including discharge and not in excess of that which may otherwise be adjudged by a special court-martial, the record shall contain such matters as may be prescribed by regulations of the Governor.

(b) Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall contain the matter and shall be authenticated in the manner required by such regulations as the Governor may prescribe.

(c) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated.

## SUBCHAPTER VIII. SENTENCES

## Cruel and Unusual Punishments Prohibited

Sec. 55. Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel or unusual punishment, may not be adjudged by any court-martial or inflicted upon any person subject to this Code. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

## Maximum Limits

Sec. 56. The punishment which a court-martial may direct for an offense may not exceed the limits prescribed by this Code nor limits prescribed by the Governor of the State of Texas.

## Effective Date of Sentences

Sec. 57. (a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended or deferred, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement.

(c) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under his jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may in his sole discretion defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under his jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned.

(d) In the militia or state military forces not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the Governor.

(e) All other sentences of courts-martial are effective on the date ordered executed.

## Execution of Confinement

Sec. 58. (a) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail,

penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of any political subdivision thereof.

(b) The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(c) The keepers, officers, and wardens of city or county jails and other jails, penitentiaries, or prisons designated by the Governor, or by such person as he may authorize to act under Section 10 of this Code, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person.

## SUBCHAPTER IX. REVIEW OF COURTS-MARTIAL

## Error of Law; Lesser Included Offense

Sec. 59. (a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm, instead, so much of the finding as includes a lesser included offense.

## Initial Action on the Record

Sec. 60. After trial by court-martial the record shall be forwarded to the convening authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or any officer exercising general court-martial jurisdiction.

## Same General Court-Martial Records

Sec. 61. The convening authority shall refer the record of each general court-martial to his judge advocate who shall submit his written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

## Reconsideration and Revision

Sec. 62. (a) If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(b) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

(1) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

(2) For consideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some Section of this Code; or

(3) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

#### Rehearings

Sec. 63. (a) If the convening authority disapproves the finding and sentence of a court-martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(b) Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

#### Approval by the Convening Authority

Sec. 64. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence.

#### Disposition of Records After Review by Convening Authority

Sec. 65. (a) If the convening authority is the Governor, his action on the review of any record of trial is final.

(b) In all other cases not covered by subsection (a) of this Section, if the sentence of a special court-martial as approved by the convening authority includes a dishonorable discharge, whether or not suspended, the entire record shall be sent to the appropriate judge advocate or legal officer of the

state military forces concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the judge advocate or legal officer shall then be sent to the State Judge Advocate General for review.

(c) All other special and summary court-martial records shall be sent to the judge advocate or legal officer of the appropriate force of the state military forces and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations prescribed by the Governor.

(d) The State Judge Advocate General shall review the record of trial in each case sent to him for review as provided under subsection (b) of this Section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the State Judge Advocate General is limited to questions of jurisdiction.

(e) The State Judge Advocate General shall take final action in any case reviewable by him.

#### Review by State Judge Advocate General

Sec. 66. (a) In a case reviewable by the State Judge Advocate General under this Section, the State Judge Advocate General may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, he may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the State Judge Advocate General sets aside the findings and sentence, he may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If he sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(b) In a case reviewable by the State Judge Advocate General under this or the preceding Section, he shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.

#### Review by Texas Court of Military Appeals

Sec. 67. (a)(1) There is hereby established a Texas Court of Military Appeals, located for administrative purposes only in the Adjutant General's Department, State of Texas. (3) Judges of the Texas Court of Military Appeals may be removed by the Adjutant General of Texas, upon notice and hearing for neglect of duty or malfeasance in office, or for mental or physical disability.

(5) The judges of the Texas Court of Military Appeals, while actually sitting in review of a matter placed under their jurisdiction by this Code, and while travelling to and from such session, shall be paid compensation equal to that compensation as prescribed for the Judges of the Texas Courts of Civil Appeals, as per the then current appropriation bill for the State of Texas, together with the actual cost of their meals and lodging and actual travel expense or the amount set by the then current appropriation bill if private transportation is utilized.

(b) The Texas Court of Military Appeals shall have appellate jurisdiction, upon petition of an accused, to hear and review the record in:

(1) All general and special court-martial cases; and

(2) All other cases where a judge of this court has made a determination that there may be a constitutional issue involved.

(c) The accused has 60 calendar days, from the time of receipt of actual notice of the final action on his case, under this Code to petition the Texas Court of Military Appeals for review. The court shall act upon such a petition within 60 calendar days of the receipt thereof. In the event the court fails or refuses to grant such petition for review the final action of the convening authority will be deemed to have been approved; notwithstanding any other provision of this Code, upon the court granting a hearing of an appeal, the court may grant a stay or defer service of the sentence of confinement or any other punishment under this Code until the court's final decision upon the case.

(d) In a case reviewable under subsection (b)(1) of this Section the Texas Court of Military Appeals may act only with respect to the findings and sentence as finally approved and ordered executed by the convening authority. In a case reviewable under subsection (b)(2) of this Section this court need take action only with respect to issues specified in the grant of review. This court shall take action only with respect to matters of law, and the action of this court is final.

(e) If the Texas Court of Military Appeals sets aside the findings and sentence, it may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If it sets aside the findings and sentence and does not order a rehearing, it shall order that the charges be dismissed. After the Texas Court of Military Appeals has acted on the case, the record shall be returned to the State Judge Advocate General who shall notify the convening authority of the court's decision. If further action is required the State Judge Advocate General shall instruct the convening authority to take action in accordance with that decision. If the court has ordered a rehearing, but the convening authority finds a rehearing impracticable, he may dismiss the charges.

Sec. 70. The trial counsel and defense counsel of a court-martial shall serve in the capacity of appellate counsel upon an appeal authorized under this Code. The accused has the additional right to be represented by civilian counsel at his own expense. Should the defense or trial counsel become unable to perform their duties because of illness or other disability, the convening authority will appoint a qualified trial or defense counsel to continue the proceedings.

Sec. 71. Reserved.

Sec. 72. (a) Before the vacation of the suspension of a special court-martial sentence which as approved includes a dismissal or dishonorable discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by military counsel if he so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the Governor in cases involving a general court-martial sentence and to the commanding officer of the force of the state military forces of which the probationer is a member in all other cases covered by subsection (a) of this Section. At any time within 2 years after approval by the convening authority of a court-martial sentence, the accused may petition the State Judge Advocate General for a new trial on ground of newly discovered evidence or fraud on the court-martial. If the accused's case is pending before the Texas Court of Military Appeals when this petition is filed, the appeal will not proceed until the State Judge Advocate General has made a decision on the request. If the petition is granted, the appeal will be dismissed. If the petition is denied, the Court of Military Appeals will continue its proceedings on the case.

**Remission or Suspension**

Sec. 74. (a) A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

(b) If a previously executed sentence of dishonorable discharge is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

(c) If a previously executed sentence of dismissal is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the Governor alone to such commissioned grade and with such rank as in the opinion of the Governor that former officer would have attained had he not been dismissed. The reappointment of such former officer may be made if a position vacancy is available under applicable tables of organization. All the time between the dismissal and reappointment shall be considered as service for all purposes.

action in the exercise of the police power of the state to provide adequate control over persons and conditions during such periods of impending or actual public crisis or disaster. It is also recognized that local governmental units may need to take emergency action during such time of impending and actual crisis and it is the legislative intent to provide the means whereby such local units of government may take steps to protect the public's lives and property, and maintain the operation of the government. The provisions of this Act shall be broadly construed to effectuate this purpose.

#### Proclamation; Orders, Rules and Regulations; Duration

Sec. 3. During time of riot or unlawful assembly by three or more persons acting together by use of force or violence or if a clear and present danger exists of the use of force or violence, or during time of natural disaster or man-made calamity, the Governor may proclaim a state of emergency and designate the area involved upon the application of the chief executive officer of a county, city, or local municipality; or upon the application of the governing body of a county, city, or local municipality. Following such proclamation, the Governor may promulgate such reasonable orders, rules, and regulations as he deems necessary to protect life and property, or to bring the emergency situation within the affected area under control, after reasonable notice of such orders, rules, and regulations is given in a paper of general circulation or through television or radio serving the affected area or by circulating notice or by posting signs at conspicuous places within the affected area. Such orders, rules, and regulations may provide for the control of traffic, including public and private transportation, within the affected area; designation of specific zones within the area in which, under necessitous circumstances, the occupancy and use of buildings and vehicles may be controlled, control of the movement of persons or vehicles into, within, or from those designated areas; control of places of amusement, or assembly, and of persons on public streets

and thoroughfares; establishment of curfews; control of the sale, transportation, and use of alcoholic beverages and liquors; control of the sale, carrying, and use of firearms or other dangerous weapons and ammunition; and the control of the storage, use, and transportation of explosives or inflammable materials or liquids deemed to be dangerous to public safety. Such orders, rules, and regulations shall be effective from the time and in the manner prescribed in such orders, rules, and regulations and shall be made public prior to such time as provided herein. Such orders, rules, and regulations may be amended, modified, or rescinded, in like manner, from time to time by the Governor throughout the duration of the emergency, but in any event shall cease to be in effect 72 hours from the time of the proclamation, unless proclaimed for a shorter period or terminated at an earlier time by proclamation of the Governor. Such state of emergency, and all powers incident thereto, may be extended by proclamation of the Governor for as many successive like periods of not in excess of 72 hours each as may be reasonably necessary to protect the health, life, and property of the affected area and its inhabitants.

#### Duties of Law Enforcement Agencies

Sec. 4. When the Governor has issued a proclamation declaring that a state of emergency exists, it shall be the duty of all the law enforcement bodies of this state, whether state, county, city, or municipal, to cooperate in any manner requested by the Governor or his designated representative. It shall also be their duty to allow the use of such equipment and facilities as they may possess when the use is required by the Governor or his designated representative, provided that such use shall not substantially interfere with the normal duties of the law enforcement agency, if the agency is not located within an area designated by the Governor as an emergency area. It shall be the duty of any county, city, or municipal law enforcement agency to notify the Director of the Department of Public Safety in the event the local agency receives notice of any threatened or actual disturbance which indicates the possibility of serious domestic violence.

#### Militia Aid to Local Law Enforcement Agencies

Sec. 5. The chief executive officer of any county, city or municipality, or any governing body thereof, may request the Governor to provide militia forces to help bring under control conditions existing within their jurisdiction with which, in their judgment, their law enforcement agencies cannot cope without additional personnel. Upon receipt of such a request, the Governor may issue his order to any commander of any unit of the State Military Forces of this state to appear at the time and place directed by the Governor to aid the civil authorities. When such troops have appeared at the appointed place, the commanding officer thereof shall obey and execute such general instructions, which shall be in writing, if practicable, otherwise verbal instructions may be given in the presence of two or

more credible witnesses, as he may there and then receive from the civil authorities charged by law with the suppression of riot, the preservation of public peace and the protection of life and property; provided, however, the commanding officer of the State Military Forces shall exercise his discretion as to the proper method of practically accomplishing the instructions received.

Such prosecutions for misdemeanor and suits for injunction may be instituted by the Governor in any court of competent jurisdiction within the State.

Art. 5901. Shafts, Cages and Passways

Any shaft in process of sinking, and any opening projected for the purpose of mining coal of all kinds, shall be subjected to the provisions of this and the thirteen succeeding articles. At the bottom of each shaft and every caging place therein, a safe commodious passageway must be cut around said landing place, to serve as a traveling way by which employes shall pass from one side of the shaft to the other without passing under or on the cage. The upper and lower landings at the top of each shaft, and the openings of each intermediate seam from or to the shaft, shall be clear and free from loose materials and shall be securely fenced with automatic or other gates or bars so as to prevent either men or materials from falling into the shaft. Every hoisting shaft must be equipped with substantial cages fitted to guide rails running from the top to the bottom. Said cages must be safely constructed, they must be furnished with suitable boiler iron covers to protect persons riding thereon from falling objects, and they must be equipped with safety catches. Every cage on which people are carried must be fitted with iron bars, rings or chains in proper place and in sufficient number to furnish a secure handhold for every person permitted to ride thereon. At the top landing, cage supports, where necessary, must be carefully set and adjusted so as to work properly and securely hold the cages when at rest. In all cases where the human voice cannot be distinctly heard, there shall be provided a metal

tube or telephone from the top to the bottom of the shaft or slope through which conversation may be held between persons at the bottom and top of such shaft or slope, and there shall also be maintained an efficient system or signaling to and from the top of the shaft or slope and each seam or opening. Every underground place on which persons travel, worked by self-acting engines, windlasses or machinery of any description, shall be provided with practical means of signaling between the stopping places and the ends of the plane, and shall further be provided, at intervals of not more than sixty feet, with sufficient manholes for places of refuge.

[Acts 1925, S.B. 84.]

Every mine shall be supplied with props and timbers of suitable length and size, and if from any cause the timbers are not supplied when required, the miners shall vacate any and all

such working places until supplied with timber needed. All openings connected with worked out or abandoned portions of every operated mine likely to accumulate explosive gases or dangerous conditions shall be securely gobbled and blocked off from the operative portions thereof so as to protect every person working in such mines from all danger that may be caused or produced by such worked out portions of such mines.

[1925 P.C.]

**Art. 5901b. Escapement Shaft**

No owner, agent, lessee, receiver or operator of any mine in this State shall employ any person or persons in said mine for the purpose of working therein unless there are in connection with every seam or stratum of coal or ore worked in such mine not less than two openings or outlets, separated by a stratum of not less than one hundred and fifty feet at surface and not less than thirty feet at any place, at which openings or outlets safe and distinct means of ingress and egress shall at all times be available for the persons employed in such mine. The escapement shafts or slopes shall be fitted with safe and available appliances by which the employes of the mine may readily escape in case of accident. In slopes used as haulage roads where the dip or incline is ten degrees or more there must be provided a separate traveling way which shall be maintained in a safe condition for travel and keep free from dangerous gases. The time which shall be allowed for completing such escapement shaft or opening shall be two years for all shafts or slopes more than two hundred feet in depth, and one year for all shafts two hundred feet in depth or less; and the time shall be reckoned in all cases from the date on which coal or ore is first hoisted from the original shaft or slope for sale or use. Any person, owner, agent, lessee, receiver or operator of any mine who shall violate or suffer or permit the violation of any provision of this article shall be fined not less than two hundred nor more than five hundred dollars, and each day such violation continues shall be a separate offense.

[1925 P.C.]

**Art. 5902. Props and Timbers**

Every mine shall be supplied with props and timbers of suitable length and size; and, if from any cause the timbers are not supplied when required, the miners shall vacate any and all such working places until supplied with timber needed.

[Acts 1925, S.B. 84.]

**Art. 5903. Abandoned Workings**

All openings connecting with worked-out or abandoned portions of every operated mine likely to accumulate explosive gases or dangerous conditions shall be securely gobbled and blocked off from the operated portions thereof, so as to protect every person working in such mines from all danger that

may be caused or produced by such worked-out portions of such mines.

[Acts 1925, S.B. 84.]

#### Art. 5904. Ventilation

Throughout every mine there shall be maintained currents of fresh air sufficient for the health and safety of all men and animals employed therein, and such ventilation shall be produced by a fan or some other artificial means; provided, a furnace shall not be used for ventilating any mine in which explosive gases are generated. The quantity of air required to be kept in circulation and passing a given point shall be not less than one hundred cubic feet per minute for each person, and not less than three hundred cubic feet per minute for each animal, in the mine, measured at the foot of the downcast; and this quantity may be increased at the discretion of the inspector whenever in his judgment unusual conditions make a stronger current necessary. Said current shall be forced into every working place throughout the mine, so that all parts of the same shall be reasonably free from standing powder smoke and deleterious air of any kind. The measurement of the current of air shall be taken with an anemometer at the foot of the downcast, at the foot of the upcast and at the working face of each division or split of the air current. The main current of air shall be split or subdivided so as to provide a separate current of reasonably pure air to every one hundred men at work; and the inspector shall have authority to order separate currents for smaller groups of men, if in his judgment special conditions make it necessary. The air current for ventilating the stables shall not pass into the intake air current for ventilating the working parts of the mine. Whenever the inspector shall find men working without sufficient air, he shall at once give the mine manager or operator notice and a reasonable time in which to restore the current; and, upon his refusal or neglect to act promptly, the inspector may order the endangered men out of the mine.

[Acts 1925, S.B. 84.]

#### Art. 5904a. Ventilation

Throughout every mine there shall be maintained currents of fresh air sufficient for the health and safety of all men and animals employed therein; and such ventilation shall be produced by a fan or some other artificial means; provided, a furnace shall not be used for ventilating any mine in which explosive gases are generated.

Said current shall be forced into every working place throughout the

mine, so that all parts of the same shall be reasonably free from standing powder smoke and deleterious air of any kind.

The measurement of the current of air shall be taken with an anemometer at the foot of the downcast, at the foot of the upcast, and at the working face of each division or split of the air current.

The main current of air shall be so split or subdivided as to provide a separate current of reasonably pure air to every one hundred men at work; and the inspector shall have authority to order separate currents for smaller groups of men, if in his judgment special conditions make it necessary.

The air current for ventilating the stable shall not pass into the intake air current for ventilating the working parts of the mine.

Whenever the inspector shall find men working without sufficient air, he shall at once give the mine manager or operator notice and a reasonable time in which to restore the current, and upon his or their refusal or neglect to act promptly the inspector may order the endangered men out of the mine.

Where it is impracticable in existing entries to place trolley wires six inches outside the rail, or five feet and six inches high, and where separate travel way is not provided, then the trolley wire shall be safely shielded. This article shall not apply to entries that are not used as travel ways for workmen or work animals, nor to mines in operation on January 1, 1902, and prior thereto, and which have developed until there is at least two thousand feet distance from the shaft to the face of the coal being operated, except as to extensions of trolley wires made in such mines.

**Art. 5920-11. Surface Coal Mining and Reclamation Act****Short Title**

Sec. 1. This Act may be cited as the Texas Surface Coal Mining and Reclamation Act.

**Findings and Declaration of Policy**

Sec. 2. The legislature finds and declares that:

(1) The Congress of the United States has enacted the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), which provides for the establishment of a nationwide program to regulate surface coal mining and reclamation and which vests exclusive authority in the Department of the Interior over the regulation of surface coal mining and reclamation within the United States.

(2) Section 101 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), contains the finding by Congress that because of the diversity in terrain, climate, biologic, chemical, and other physical conditions in areas subject to mining operations, the primary governmental responsibility for developing, authorizing, issuing, and enforcing regulations for surface mining and reclamation operations subject to that Act should rest with the states.

(3) Section 503 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), provides that each state may assume and retain exclusive jurisdiction over the regulation of surface coal mining and reclamation operations within that state by obtaining approval of a state program of regulation which demonstrates that the state has the capability of carrying out the provisions and meeting the purposes of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

(4) Section 503 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), further provides that a state wishing to assume exclusive jurisdiction over the regulation of surface coal mining and reclamation operations within the state must have a state law that provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

(5) The State of Texas wishes to assume exclusive jurisdiction over the regulation of surface coal mining and reclamation operations within the state pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977). It is therefore declared to be the purpose of this Act:

(A) to prevent the adverse effects to society and the environment resulting from unregulated surface coal mining operations as defined in this Act;

(B) to assure that the rights of surface landowners and other persons with a legal interest in the land or appurtenances to the land are protected from unregulated surface coal mining operations;

(C) to assure that surface coal mining operations are conducted in a manner that will prevent unreasonable degradation of land and water resources;

(D) to assure that reclamation of all land on which surface coal mining takes place is accomplished as contemporaneously as practicable with the surface coal mining, recognizing that the extraction of coal by responsible mining operations is an essential and beneficial economic activity;

(E) to assure that the coal supply essential to the state's energy requirements and to its economic and social well-being is provided, and to strike a balance between protection of the environment and agricultural productivity and the state's need for coal as an essential source of energy; and

(F) to promote the reclamation of mined areas left without adequate reclamation prior to the enactment of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and that continue, in their unreclaimed condition, to substantially degrade the quality of the environment, to prevent or damage the beneficial use of land or water resources, or to endanger the health or safety of the public.

#### Definitions

Sec. 3. In this Act:

(1) "Alluvial valley floors" means the unconsolidated stream-laid deposits holding streams where water availability is sufficient for subirrigation or flood irrigation agricultural activities but does not include upland areas that are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion, deposits by unconcentrated runoff or slope wash, together with talus, other mass movement accumulation, and windblown deposits.

(2) "Applicant" means any person or other legal entity seeking a permit from the commission to conduct surface coal mining activities or underground mining activities pursuant to this Act.

(3) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated and water impoundments may be permitted if the commission determines that they are in compliance with Section 23(b)(8) of this Act.

(4) "Coal" means all forms of coal including lignite.

(5) "Coal exploration operation" means the substantial disturbance of the surface or subsurface for the purpose of or related to determining the location, quantity, or quality of a coal deposit.

(6) "Commission" means the Railroad Commission of Texas.

(7) "Eligible land and water," particularly as it relates to Section 7 of this Act, means all land that was mined for coal or was affected by that mining, waste banks, coal processing, or other coal mining processing, and abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under state or federal law.

(8) "Imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this Act in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit

area before the condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself to the danger during the time necessary for abatement.

(9) "Operator" means any person engaged in coal mining who removes or intends to remove more than 250 tons of coal from the earth by coal mining within 12 consecutive calendar months in any one location.

(10) "Other minerals" means clay, stone, sand, gravel, metalliferous and nonmetalliferous ores, and any other solid material or substances of commercial value excavated in solid form from natural deposits on or in the earth, exclusive of coal, and those minerals that occur naturally in liquid or gaseous form.

(11) "Permit" means a permit to conduct surface coal mining and reclamation operations issued by the commission.

(12) "Permit area" means the area of land indicated on the approved map submitted by the operator with his or her application, which area of land shall be covered by the operator's bond as required by Section 25 of this Act and shall be readily identifiable by appropriate markers on the site.

(13) "Permittee" means a person holding a permit to conduct surface coal mining and reclamation operations or underground mining activities pursuant to this Act.

(14) "Person" means an individual, partnership, society, joint-stock company, firm, company, corporation, business organization, governmental agency, or any organization or association of citizens.

(15) "Prime farmland" has the same meaning as that previously prescribed by the secretary on the basis of such factors as moisture availability, temperature regime, chemical balance, permeability, without regard to annual mean soil temperatures, surface layer composition, susceptibility to flooding, and erosion characteristics, and that historically has been used for intensive agricultural purposes, and as published in the Federal Register. Land will not be considered for purposes of this Act as having historically been used for the production of cultivated crops on the basis of use as woodland or rangeland, or where the only cultivation has been disking to establish or help maintain Bermuda Grass used as forage or where the only cultivation is disking to plant oats or rye for quick cover, not as a grain crop but to be used as forage. The slope of the land can be a factor in determining whether a given soil is outside the purview of prime farmland and the commission may thus make a negative determination based upon soil type and slope.

(16) "Surface coal mining and reclamation operations" means surface mining operations and all ac-

tivities necessary and incident to the reclamation of those operations after August 3, 1977.

(17) "Surface coal mining operations" means:

(A) activities conducted on the surface of any land in connection with a surface coal mine or subject to the requirements of Section 28 of this Act incident to an underground coal mine. These activities include excavation for the purpose of obtaining coal including such common methods as contour, strip, auger, mountaintop removal, box cut, open pit, and area mining, the use of explosives and blasting, and in situ distillation or retorting, leaching or other chemical or physical processing, and the cleaning, concentrating, or other processing or preparation, loading of coal at or near the mine site; provided, however, that such activities do not include the extraction of coal incidental to the extraction of other minerals where the coal does not exceed 16 $\frac{2}{3}$  percentum of the total tonnage of coal and other minerals removed annually for purposes of commercial use or sale or coal explorations subject to this Act; and

(B) the areas on which such activities occur or where such activities disturb the natural land surface, and such areas shall also include any adjacent land the use of which is incidental to any such activities, all land affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas, and other areas on which are sited structures, facilities, or other property or materials on the surface, resulting from or incident to such activities.

(18) "Unwarranted failure to comply" means the failure of a permittee to prevent the occurrence of any violation of his or her permit or any requirement of this Act due to indifference, lack of diligence, or lack of reasonable care, or the failure to abate any violation of his or her permit or this Act due to indifference, lack of diligence, or lack of reasonable care.

(19) "Secretary" means the Secretary of Agriculture of the United States.

Sec. 4. (a) The commission has exclusive jurisdiction over all surface coal mining and reclamation operations in the State of Texas.

(b) The commission has exclusive jurisdiction over iron ore and iron ore gravel mining and reclamation operations in the State of Texas, and the provisions of this Act apply to iron ore and iron ore gravel mining and reclamation operations to the extent that those provisions can be made applicable. The

- (4) to issue orders requiring an operator to take actions that are necessary to comply with this Act and with rules adopted under this Act;
- (5) to issue orders modifying previous orders;
- (6) to issue a final order revoking the permit of an operator who has failed to comply with an order of the commission to take action required by this Act or rules adopted under this Act;
- (7) to order the immediate cessation of an ongoing surface mining operation or part of an ongoing surface mining operation if the commission finds that the operation or part of the operation creates an imminent danger to the health or safety of the public, or is causing or can reasonably be expected to cause significant imminent harm to land, air, or water resources, and to take other action or make changes in a permit that are reasonably necessary to avoid or alleviate these conditions;
- (8) to hire employees, adopt standards for employment of these persons, and hire and authorize the hiring of outside contractors to assist in carrying out the requirements of this Act;
- (9) to enter on and inspect, in person or by its agents, a surface mining operation that is subject to the provisions of this Act to assure compliance with the terms of this Act;
- (10) to conduct, encourage, request, and participate in studies, surveys, investigations, research, experiments, training, and demonstrations by contract, grant, or otherwise;
- (11) to prepare and require permittees to prepare reports;
- (12) to accept, receive, and administer grants, gifts, loans, or other funds made available from any source for the purposes of this Act;
- (13) to take those steps necessary that the state may participate to the fullest extent practicable in the abandoned land program provided in Title IV of

the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977);

(14) to take those actions necessary to establish exclusive jurisdiction over surface coal mining and reclamation in Texas under the provisions of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), including, in the event the federal administrative agency disapproves Texas' program as submitted, making recommendations for remedial legislation to clarify, alter, or amend the program to meet the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977);

(15) to enter into contracts with state boards and agencies that have pertinent expertise to obtain the professional and technical services necessary to carry out the provisions of this Act;

(16) to establish a process, in order to avoid duplication, for coordinating the review and issuance of permits for surface coal mining and reclamation operations with any other federal or state permit process applicable to the proposed operations;

(17) to enter into cooperative agreements with the Secretary of the United States Department of the Interior for the regulation of surface coal mining operations on federal land in accordance with the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977); and

(18) to perform any other duties and acts required by and provided for in this Act.

<sup>1</sup> Article 6252-13a.

#### Rulemaking and Permitting

Sec. 6. (a) The commission shall promulgate rules pertaining to surface coal mining and reclamation operations that are required by this Act.

(b) The process of making and amending rules and issuing permits shall be pursuant to the Administrative Procedure and Texas Register Act, as amended.

(c) A rule or an amendment to a rule adopted or a permit issued by the commission may differ in its terms and provisions as to particular conditions, types of coal being extracted, particular areas of the state, or any other conditions that appear relevant and necessary so long as the action taken is consistent with attainment of the general intent and purposes of this Act.

#### Abandoned Mine Reclamation—Fund Participation

Sec. 7. The commission is authorized to take all action necessary to insure Texas' participation to the fullest extent practicable in the Abandoned Mines Reclamation Fund established by the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and to function as the state's agency for such participation. Pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), the commission shall by rule establish priorities that meet the terms of the Sur-

face Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), for the expenditure of those funds, designate the land and water eligible for reclamation or abatement expenditures, submit reclamation plans, annual projects, and applications to the appropriate authorities pursuant to the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and administer all money received for abandoned mine reclamation or related purposes.

#### Abandoned Mine Reclamation—Acquisition

Sec. 8. (a) If the commission makes a finding of fact that:

(1) land or water resources have been adversely affected by past coal mining practices; and

(2) the adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices should be taken; and

(3) the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known, or readily available; or

(4) the owners will not give permission for the state or any political subdivision to enter on the property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices;

then, on giving notice by mail to the owners, if known, or if not known by posting notice on the premises and advertising once in a newspaper of general circulation in the county in which the land lies, the commission is entitled to enter on the property adversely affected by the past coal mining practices and any other property necessary to have access to the property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. The money expended for that work and the benefits accruing to those premises entered on shall be chargeable against the land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for damages by virtue of such entry; provided, this provision is not intended to create new rights of action or eliminate existing immunities.

(b) The commission is entitled to enter on any property for the purposes of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of those adverse effects.

(c) The state may acquire any land, where it is to the public interest, by purchase, donation, or condemnation, that is adversely affected by past coal mining practices if the commission determines that acquisition of the land is necessary to successful reclamation and that:

(1) the acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes, or provide open space benefits; and

(2) permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices; or

(3) acquisition of coal refuse disposal sites and all coal refuse on those sites will serve the purposes of this section or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal mining practices.

(d) Title to all land acquired pursuant to this section shall be in the name of the state. The price paid for land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices.

(e) Where land acquired pursuant to this section is deemed to be suitable for industrial, commercial, residential, or recreational development, the state may sell the land by public sale under a system of competitive bidding, at not less than fair market value and under such rules as are promulgated to insure that the land is put to proper use consistent with local plans, if any, as determined by the commission and where federal funds are involved in the acquisition of the land to be sold, the land may be sold only when authorized by the Secretary of the United States Department of the Interior. The commission, after appropriate public notice, shall hold a public hearing in the county or counties of the state in which land acquired pursuant to this section is located, if requested by any person. The hearings shall be held at a time that shall afford local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the land after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

#### Abandoned Mine Reclamation—Liens

Sec. 9. (a) Within six months after the completion of projects to restore, reclaim, abate, control, or prevent the adverse effects of past mining practices on privately owned land, the commission shall itemize the money so expended and may file a statement of the money spent with the clerk of the county in which the land lies, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention, of adverse effects of past mining practices if the money so expended will result in a significant increase in property value. The statement shall constitute a lien on the land second only to the lien of property taxes, not to exceed the amount determined by either of two appraisals to be the increase in the market value of

the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past mining practices. No lien shall be filed against the property of any person, in accordance with this subsection, who owned the surface prior to May 2, 1977, and who neither consented to nor participated in nor exercised control over the mining operation that necessitated the reclamation performed hereunder.

(b) Any affected landowner may petition the commission within 60 days of the filing of the lien for a hearing concerning the amount of the lien. That hearing and any appeal will be conducted under the Administrative Procedure and Texas Register Act, as amended.

#### Abandoned Mine Reclamation—Emergency Powers

Sec. 10. (a) The commission is authorized to spend money from the state abandoned mine reclamation fund for the emergency restoration, reclamation, abatement, control, or prevention of adverse effects of coal mining practices on eligible land, if the commission makes a finding that:

(1) an emergency exists constituting a danger to the public health, safety, or general welfare; and

(2) no other person or agency will act expeditiously to restore, reclaim, abate, control, or prevent the adverse effects of coal mining practices.

(b) The commission may enter on any land where an emergency exists and any other land necessary to have access to that land to restore, reclaim, abate, control, or prevent the adverse effects of coal mining practices and to do all things necessary or expedient to protect the public health, safety, or general welfare. This entry shall be construed as an exercise of the police power and shall not be construed as an act of condemnation of property nor of trespass. The money expended for this work and the benefits accruing to the premises entered on shall be chargeable against the land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for any damages by virtue of the entry; provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

#### Permits

Sec. 11. (a) No person shall conduct a surface coal mining operation in this state without having first received a permit for that operation from the commission, pursuant to either this Act or its predecessor, Chapter 131, Natural Resources Code.

(b) Not later than two months following approval by the federal government of the Texas program under the terms of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), regardless of litigation contesting that approval or implementation, all operators of surface coal mines, in expectation of operating those mines after the expiration of eight months from the approval, shall

file an application for a permit with the commission. The application shall cover all land to be mined after the expiration of eight months from the approval of the program. The commission will process those applications and grant or deny a permit within eight months after the date of approval of the program, unless specifically enjoined by a court of competent jurisdiction.

(c) In the event of disapproval of the Texas program by the federal government and prior to promulgation of a federal program or a federal land program for Texas, existing surface coal mining operations may continue. Permits that lapse during the period may continue in full force and effect until promulgation of a federal program or a federal land program.

(d) All permits issued pursuant to Chapter 131, Natural Resources Code, shall remain in full force and effect and their provisions enforceable by the commission until such time as a permit is issued pursuant to the provisions of this Act.

#### Term

Sec. 12. (a) Permits issued shall be for a term not to exceed five years, except that if the applicant demonstrates that a specified longer term is reasonably needed to allow the applicant to obtain necessary financing for equipment, or the opening of the operation, and if the application is full and complete for the specified longer term, the commission may grant a permit for that longer term. A successor in interest to a permittee who applies for a new permit within 30 days of succeeding to that interest and who is able to obtain the same bond coverage as the original permittee may continue the surface coal mining and reclamation plan of the original permittee until the successor's application is granted or denied.

(b) A permit shall terminate if the permittee has not commenced the surface coal mining operation covered by the permit within three years after commencement of the period for which the permit is issued. However, the commission may grant reasonable extensions of time on a showing that the extensions are necessary, by reason of litigation, precluding the commencement or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at the time the construction of the facility is initiated.

#### Renewal

Sec. 13. (a) Any permit issued pursuant to this Act shall carry with it the right of successive renewal on expiration with respect to areas within the boundaries of the existing permit. The permittee may apply for renewal and the renewal shall be

issued, provided that on application for renewal the burden shall be on the opponents of renewal, subsequent to fulfillment of the public notice requirements of Section 20 of this Act, unless it is established and written findings by the commission are made that:

(1) the terms and conditions of the existing permit are not being satisfactorily met;

(2) the present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this Act;

(3) the renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(4) the operator has not provided evidence that the performance bond in effect for the operation will continue in full force and effect for any renewal requested in the application as well as any additional bond the commission might require pursuant to Section 25 of this Act; or

(5) any additional revised or updated information required by the commission has not been provided.

(b) Prior to the renewal of any permit the commission shall provide notice to the appropriate public authorities.

(c) If an application for renewal of an existing permit includes a proposal to extend the mining operation beyond the boundaries authorized in the permit, the portion of the application that addresses new land areas shall be subject to the full standards applicable to a new application under this Act; however, if the surface coal mining operations authorized by the existing permit are not subject to the standards contained in Section 21(b)(5)(A) and (B) of this Act, then the portion of the application for renewal that addresses any new land areas previously identified in the reclamation plan submitted pursuant to Section 15 of this Act shall not be subject to those standards.

(d) Any permit renewal shall be for a term not to exceed the period of the original permit established by this Act. Application for permit renewal shall be made at least 120 days prior to the expiration of the existing permit.

#### Contents of Permit Application

Sec. 14. (a) The permit application shall be submitted in a manner satisfactory to the commission and shall contain:

(1) the names and addresses of the applicant, every owner of record of the property to be mined, the holders of record of any leasehold interest in the property, any purchaser of record of the property under a real estate contract, the operator if he is a person different from the applicant, and if any of these are business entities other than a single proprietor, the names and addresses of the principals, officers, and resident agent;

(2) the names and addresses of the owners of record of the property adjoining the permit area;

(3) a statement of any current or previous surface coal mining permits held by the applicant including permit identification, and any pending application;

(4) information concerning ownership and management of the applicant or operator required by the commission in its rules;

(5) a statement of whether the applicant or any subsidiary, affiliate, or other person controlled by or under common control with the applicant has ever held a federal or state mining permit which in the five-year period prior to the date of submission of the application has been suspended or revoked or whether that person has had a mining bond or similar security deposited in lieu of bond forfeited and, if so, a brief explanation of the facts involved;

(6) a copy of an advertisement to be published in a newspaper of general circulation in the locality of the proposed site at least once a week for four consecutive weeks, which advertisement shows the ownership and a description of the location and boundaries of the proposed site sufficiently so that the proposed operation is readily locatable, and a statement that the application is available for public inspection at the county courthouse of the county in which the property lies;

(7) a description of the type and method of coal mining operation that exists or is proposed, the engineering techniques proposed or used, and the equipment used or proposed to be used;

(8) the anticipated or actual starting and termination dates of each phase of the mining operation and number of acres of land to be affected;

(9) an accurate map or plan, to an appropriate scale, filed by the applicant with the commission clearly showing the land to be affected as of the date of the application, the area of land within the permit area on which the applicant has the legal right to enter and commence surface mining operations, and those documents on which the applicant bases his legal right to enter and commence surface mining operations on the area affected, and whether that right is the subject of pending court litigation, provided, that nothing in this Act shall be construed as vesting in the commission the jurisdiction to adjudicate property title disputes;

(10) the name of the watershed and location of the surface streams or tributaries into which surface and pit drainage will be discharged;

(11) a determination of the probable hydrologic consequences of the mining and reclamation operation, if any, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and ground water systems, including the dissolved and suspended solids under seasonal flow conditions, and sufficient data for the mine site and surrounding areas so that an assess-

ment can be made by the commission of the probable cumulative impacts of all anticipated mining in the area on the hydrology of the area and particularly on water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate state agency; provided further, that the permit shall not be approved until the information is available and is incorporated into the application;

(12) when requested by the commission, the published climatological factors that are peculiar to the locality of the land to be affected, including the average seasonal precipitation, the average direction and velocity of prevailing winds, and the seasonal temperature ranges;

(13) a statement of the result of test borings or core samplings from the permit area, including logs of the drill holes; the thickness of the coal seam found, and an analysis of the chemical properties of the coal; the sulfur content of any coal seam; a chemical analysis of any potentially acid or toxic forming sections of the overburden; and a chemical analysis of the stratum lying immediately underneath the coal to be mined; and the provisions of this paragraph may be waived by the commission with respect to any particular application by a written determination that the information is unnecessary;

(14) for land in the permit application that a reconnaissance inspection suggests may be prime farmland, a soil survey made or obtained according to standards established by the United States Secretary of Agriculture in order to confirm the exact location of that prime farmland, if any;

(15) a reclamation plan that meets the requirements of this Act;

(16) information pertaining to coal seams, test borings, core samplings, or soil samples as required by this section shall be made available to any person with an interest which is or may be adversely affected; provided, that information which pertains only to the analysis of the chemical and physical properties of the coal, excepting information regarding such mineral or elemental content which is potentially toxic in the environment, shall be kept confidential and not made a matter of public record;

(17) such other data and maps as the commission may require by rule.

(b) Information submitted to the commission concerning mineral deposits, test borings, core samplings, or trade secrets or commercial or financial information relating to the competitive rights of the applicant and specifically identified as confidential by the applicant, if not essential for public review as determined by the commission, shall not be disclosed by any member, agent, or employee of the commission.

#### Reclamation Plan Requirements

Sec. 15. Each reclamation plan submitted as part of a permit application shall include, in the degree of detail necessary to demonstrate that reclamation required by this Act can be accomplished, a statement of:

(1) identification of land subject to the surface coal mining operation over the estimated life of that operation and the size, sequence, and timing of any subareas for which it is anticipated that individual permits for surface coal mining will be sought;

(2) the condition of the land to be covered by the permit prior to any mining, including:

(A) the uses existing at the time of the application, and if the land has a history of previous mining, the uses that preceded any mining;

(B) the capability of the land prior to any mining to support a variety of uses giving consideration to soil and foundation characteristics, topography, and vegetative cover, and if applicable, a soil survey prepared pursuant to Section 14(a)(14) of this Act; and

(C) the productivity of the land prior to mining, including appropriate classification as prime farmland, and if classified as prime farmland, the average yield of food, fiber, forage, or wood products from the land obtained under high levels of management;

(3) the use that is proposed to be made of the land following reclamation, including a discussion of the utility and capacity of the reclaimed land to support a variety of alternative uses and the relationship of those uses to existing land uses, and the comments of state and local governments or agencies of state or local government which would have to approve or authorize the proposed use of the land following reclamation;

(4) a detailed description of how the proposed postmining land use is to be achieved and the necessary support activities that may be needed to achieve that use;

(5) the engineering techniques proposed to be used in mining and reclamation and a description of the major equipment, a plan for the control of surface water drainage and of water accumulation, a plan, where appropriate, for backfilling, soil stabilization and compacting, grading, and appropriate revegetation, a plan for soil reconstruction, replacement, and stabilization, pursuant to the performance standards in Section 23(b)(7) of this Act for food, forage, and forest land identified in that section, and an estimate of the cost per acre of the reclamation, including a statement as to how the permittee plans to comply with each of the requirements set out in Section 23 of this Act;

(6) the consideration that has been given to maximize the utilization and conservation of the solid fuel resource being recovered so that re-affecting the land in the future can be minimized;

(7) an estimated timetable for the accomplishment of each major step in the reclamation plan;

(8) the consideration that has been given to making the surface mining and reclamation operations consistent with surface owner plans and applicable land use plans and programs;

(A) the quality of surface and ground water systems, both on- and off-site, from adverse effects of the mining and reclamation process;

(B) the rights of present users to such water; and

(C) the quantity of surface and ground water systems, both on- and off-site, from adverse effects of the mining and reclamation process or to provide alternative sources of water where the protection of quantity cannot be assured;

(14) information submitted to the commission, pursuant to this section, concerning mineral deposits, test borings, core samplings, or trade secrets or commercial or financial information relating to the competitive rights of the applicant and specifically identified as confidential by the applicant, if not essential for public review as determined by the commission, shall not be disclosed by any member, agent, or employee of the commission; provided, however, that information called for in other sections of this Act that must, by the terms of the other sections, be either on public file or available to persons with interests that may be affected, and information about the chemical and physical properties of the coal which relate to mineral or elemental contents that are potentially toxic in the environment, shall not be held to be confidential.

#### Blasting Plan

Sec. 16. Each applicant for a surface coal mining and reclamation permit shall submit to the com-

mission as a part of its application a blasting plan which shall outline the procedures and standards by which the operator will meet the provisions of Section 23(b)(15).

#### Public Inspection of Application

Sec. 17. (a) Each applicant for a surface coal mining and reclamation permit shall file a copy of the application for public inspection with the county clerk of the county in which the mining is proposed to occur, except for that information in the application pertaining to the coal seam itself.

(b) Copies of any records, reports, inspection materials, or information obtained under this Act by the commission shall be made immediately available to the public at central and sufficient locations in the county, multicounty, and state area of mining so that they are conveniently available to residents in the areas of mining.

#### Fee

Sec. 18. (a) Each application for a surface mining permit shall be accompanied by an initial application fee as determined by the commission in accordance with a published fee schedule. The initial application fee shall be based as nearly as possible on the actual or anticipated cost of reviewing the application, but shall not exceed \$1,500.

(b) This fee shall be deposited in the state treasury and credited to a special account to the commission and may be spent for the administration and enforcement of this Act.

#### Small Mine Exemption

Sec. 19. If the commission finds that the probable total annual production at all locations of any surface coal mining operator will not exceed 100,000 tons, the determination of probable hydrologic consequences and statement of the results of test borings or core samplings called for in Section 14 of this Act shall, on the written request of the operator, be performed by a qualified public or private laboratory designated by the commission, and the cost of the preparation of the determination and statement shall be assumed by the commission.

#### Public Notice of Applications, Hearings, and Appeal

Sec. 20. (a) At the time of submission of any application for a surface coal mining and reclamation permit, or renewal of an existing permit, the applicant's advertisement of ownership, location, and boundaries of the land to be affected shall be placed in a local newspaper of general circulation in the locality of the proposed surface coal mining operation at least once a week for four consecutive weeks. The commission shall notify various local governmental bodies, planning agencies and sewage and water treatment authorities in the locality, of the operator's intention to conduct a surface mining operation indicating the application's number and the county courthouse in which a copy of the pro-

posed surface coal mining and reclamation plan may be inspected. These local bodies, agencies, authorities, or companies may submit written comments within a period established by the commission on the mining applications with respect to the effect of the proposed operation on the environment that is within their area of responsibility. The comments shall immediately be transmitted to the applicant by the commission and shall be made available to the public at the same location as is the mining application.

(b) Any person having an interest that is or may be adversely affected and any federal, state, or local governmental agency or authority are entitled to file written objections to the proposed initial or revised application for a permit for surface coal mining and reclamation operation with the commission within 30 days after the last publication of the notice required by Subsection (a) of this section. Those objections shall immediately be transmitted to the applicant by the commission and shall be made available to the public.

(c) Within 45 days after the last publication of the notice provided in Subsection (a) of this section, the applicant or any person with an interest which is or may be adversely affected may request a hearing on the application. The hearing shall be held within 30 days after the request is received by the commission.

(d) The commission shall publish notice of the date, time, and location of the public hearing in a local newspaper of general circulation in the locality of the proposed surface coal mining operations at least once a week for three consecutive weeks before the scheduled hearing date.

(e) Within the time frame provided by the Administrative Procedure and Texas Register Act, as amended, if the public hearing provided by this section occurs, or within 45 days of the last publication of notice of application, if no public hearing is held, the commission shall notify the applicant and any objectors whether the application has been approved or denied.

(f) All provisions of the Administrative Procedure and Texas Register Act, as amended, apply to each permit application, and notice, other than that provided for by this section, of hearings and appeals are governed by that statute.

#### Permit Approval or Denial

Sec. 21. (a) On the basis of a complete application for a surface coal mining and reclamation permit or a revision or renewal of a permit, as required by this Act, the commission shall grant, require modification of, or deny the application for a permit and, within a reasonable time, as set by the commission, notify the applicant in writing. The applicant for a permit or revision of a permit shall have the burden of establishing that his or her application is in compliance with all the requirements of this Act. Within 10 days after the granting of a permit, the

commission shall notify the county judge in the county in which the land to be affected is located that a permit has been issued and shall describe the location of the land.

(b) No application for a permit or revision of a permit shall be approved unless the commission finds, in writing, on the basis of the information set forth in the application or from information otherwise available that will be documented in the approval and made available to the applicant, that:

(1) the application is accurate and complete and that it complies with all the requirements of this Act;

(2) the applicant has demonstrated that reclamation as required by this Act can be accomplished under the reclamation plan contained in the application;

(3) an assessment of the probable cumulative impact of all anticipated surface coal mining in the area on the hydrologic balance has been made by the commission, and the proposed operation has been designed to prevent material damage to the hydrologic balance outside the permit area;

(4) the area proposed to be mined is not included within an area designated unsuitable for surface coal mining pursuant to this Act nor is it within an area under study for this designation in an administrative proceeding commenced pursuant to this Act, unless in the area as to which an administrative proceeding has commenced, the applicant demonstrates that, prior to January 1, 1977, he or she has made substantial legal and financial commitments in relation to the operation for which he or she is applying for a permit;

(5) the proposed surface coal mining operation, if located west of the 100th meridian west longitude, would:

(A) not interrupt, discontinue, or preclude farming on alluvial valley floors that are irrigated or naturally subirrigated, excluding undeveloped range land that is not significant to farming on the alluvial valley floors and land on which the commission finds that the farming that will be interrupted, discontinued, or precluded is of such small acreage as to have negligible impact on the farm's agricultural production; or

(B) not materially damage the quantity or quality of water in surface or underground water systems that supply these valley floors. This subsection shall not affect those surface coal mining operations that in the year preceding the enactment of this Act produced coal in commercial quantities and were located within or adjacent to alluvial valley floors or had obtained specific permit approval by the commission to conduct surface coal mining operations within the alluvial valley floors;

(6) in cases where the ownership of the coal has been severed from the private surface estate, the applicant has submitted to the commission:

(A) the written consent of the surface owner to the extraction of coal by surface mining methods;

(B) a conveyance that expressly grants or reserves the right to extract the coal by surface mining methods; or

(C) if the conveyance does not expressly grant the right to extract coal by surface mining methods, the surface-subsurface legal relationship shall be determined in accordance with state law; provided, that nothing in this Act shall be construed to authorize the commission to adjudicate property rights disputes.

(c) The applicant shall file, with his or her application, a schedule listing any and all notices of violations of this Act and any law, rule, or regulation of the United States, or the State of Texas, or of any department or agency in the United States pertaining to air or water environmental protection incurred by the applicant in connection with any surface coal mining operation within the state during the three-year period prior to the date of application, and shall include in the schedule, the final resolution of notice of violation. If the schedule or other information available to the commission indicates that any surface coal mining operation owned or controlled by the applicant is currently in violation of this Act or other laws referred to in this subsection, the permit shall not be issued until the applicant submits proof that the violation has been corrected or is in the process of being corrected to the satisfaction of the commission, department, or agency that has jurisdiction over the violation or that the notice of violation is being contested by the applicant, and no permit shall be issued to any applicant after a finding by the commission, after opportunity for hearing, that the applicant, or the operator specified in the application, controls or has controlled mining operations with a demonstrated pattern of wilful violations of this Act of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with this Act.

(d) In addition to finding the application in compliance with Subsection (b) of this section, if the area proposed to be mined contains prime farmland, the commission shall, after consultation with the secretary, and pursuant to regulations issued pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), by the Secretary of the U.S. Department of Interior with the concurrence of the secretary, grant a permit to mine on prime farmland, if the commission finds in writing that the operator has the technological capability to restore the mined area, within a reasonable time, to equivalent or higher levels of yield as nonmined prime farmland in the surrounding area under equivalent levels of management, and also finds that the applicant can meet the soil reconstruction standards of the Act. Except for compliance with Subsection (b) of this section, the requirements of this paragraph shall apply to all permits issued after August 3,

1977. Nothing in this subsection shall apply to any permit issued prior to August 3, 1977, or to any revisions or renewals of a permit, or to any existing surface mining operations for which a permit was issued prior to that date.

#### Revision and Transfer of Permits

Sec. 22. (a) During the term of a permit, the permittee may submit an application for a revision of the permit, together with a revised reclamation plan, to the commission. An application for a revision of a permit shall not be approved unless the commission finds that reclamation as required by this Act can be accomplished under the revised reclamation plan. The revision shall be approved or disapproved within 90 days. The commission shall establish guidelines for determination of the scale or extent of a revision request for which all permit application information requirements and procedures, including notice and hearings, shall apply; however, any revisions that propose significant alterations in the reclamation plan shall, at a minimum, be subject to notice and hearing requirements. Any extensions of the area covered by the permit except incidental boundary revisions must be made by application for another permit.

(b) No transfer, assignment, or sale of the rights granted under any permit issued pursuant to this Act shall be made without the written approval of the commission.

(c) The commission shall, within a time limit prescribed by rule, review outstanding permits and may require reasonable revision or modification of the permit provisions during the terms of the permit. Any revision or modification shall be based on a written finding and subject to the provisions of notice and hearing contained in the Administrative Procedure and Texas Register Act, as amended.

#### Performance Standards

Sec. 23. (a) A permit issued under this Act to conduct surface coal mining operations shall require that the operations meet all applicable performance standards of this Act.

(b) Performance standards applicable to all surface coal mining and reclamation operations that are not exempt or excluded shall require the operator to:

(1) conduct surface coal mining operations so as to maximize the utilization and conservation of the solid fuel resource being recovered so that re-affecting the land in the future through surface coal mining can be minimized;

(2) restore the land affected to a condition capable of supporting the uses that it was capable of supporting prior to any mining, or higher or better uses of which there is reasonable likelihood, so long as the use or uses do not present any actual or probable hazard to public health or safety or pose any actual or probable threat of water diminution or pollution, and the permit applicants' declared pro-

posed land use following reclamation is not deemed to be impractical or unreasonable, inconsistent with applicable land use policies and plans, involves unreasonable delay in implementation, or is violative of federal, state or local law;

(3) except as provided in Subsection (c) of this section, with respect to all surface coal mining operations, backfill, compact, where advisable to insure stability or to prevent leaching of toxic materials, and grade in order to restore the approximate original contour of the land with all highwalls, spoil piles, and depressions eliminated, unless small depressions are needed in order to retain moisture to assist revegetation or as otherwise authorized pursuant to this Act; provided, however, that in surface coal mining that is carried out at the same location over a substantial period of time where the operation transects the coal deposit, and the thickness of the coal deposits relative to the volume of the overburden is large and where the operator demonstrates that the overburden and other spoil and waste materials at a particular point in the permit area or otherwise available from the entire permit area is insufficient, giving due consideration to volumetric expansion to restore the approximate original contour, the operator, at a minimum, shall backfill, grade, and compact, where advisable, using all available overburden and other spoil and waste materials to attain the lowest practicable grade but not more than the angle of repose, to provide adequate drainage and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region; and provided further, that in surface coal mining, where the volume of overburden is large relative to the thickness of the coal deposit and where the operator demonstrates that due to volumetric expansion the amount of overburden and other spoil and waste materials removed in the course of the mining operation is more than sufficient to restore the approximate original contour, the operator shall, after restoring the approximate contour, backfill, grade, and compact, where advisable, the excess overburden and other spoil and waste materials to attain the lowest grade but not more than the angle of repose, and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region and that the overburden or spoil shall be shaped and graded in such a way as to prevent slides, erosion, and water pollution and is revegetated in accordance with the requirements of this Act;

(4) stabilize and protect all surface areas, including spoil piles affected by the surface coal mining and reclamation operation, to effectively control erosion and attendant air and water pollution;

(5) remove the topsoil from the land in a separate layer, replace it on the backfill area, or if not utilized immediately, segregate it in a separate pile from other spoil and when the topsoil is not replaced on a backfill area within a time short enough to

avoid deterioration of the topsoil, maintain a successful cover by quick growing plant or other means thereafter so that the topsoil is preserved from wind and water erosion, remains free of any contamination by other acid or toxic material, and is in a usable condition for sustaining vegetation when restored during reclamation, except if topsoil is of insufficient quantity or of poor quality for sustaining vegetation requirements, or if other strata can be shown to be more suitable for vegetation requirements, then the operator shall remove, segregate, and preserve in a like manner the other strata that are best able to support vegetation;

(6) restore the topsoil or the best available subsoil which is best able to support vegetation;

(7) for all prime farmland to be mined and reclaimed, specifications for soil removal, storage, replacement, and reconstruction shall be established by the secretary, and the operator shall, as a minimum, be required to:

(A) segregate the A horizon of the natural soil, except where it can be shown that other available soil materials will create a final soil having a greater productive capacity, and if not utilized immediately, stockpile this material separately from other spoil, and provide needed protection from wind and water erosion or contamination by other acid or toxic materials;

(B) segregate the B horizon of the natural soil, or underlying C horizons or other strata, or a combination of those horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon, in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that which existed in the natural soil, and if not utilized immediately, stockpile this material separately from other spoil, and provide needed protection from wind and water erosion or contamination by other acid or toxic material, and the commission may authorize the permittee to:

(i) remove all soil and overburden in one step;

(ii) store all the soil and overburden in one stockpile; and

(iii) commence reclamation by replacing and grading the stockpile material, all without regard to soil horizons, on proper documentation supporting the use of this mining technique to obtain equivalent or higher yields as on surrounding nonmined soil of the same type;

(C) replace and regrade the root zone material described in Subsection (b)(7)(B) of this section with proper compaction and uniform depth over the regraded spoil material; and

(D) redistribute and grade in a uniform manner the surface soil horizon described in Subsection (b)(7)(A) of this section;

(8) create, if authorized in the approved mining and reclamation plan and permit, permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated that:

(A) the size of the impoundment is adequate for its intended purposes;

(B) the impoundment dam construction will be designed so as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under the Watershed Protection and Flood Prevention Act, 16 U.S.C. 1006 (1954);

(C) the quality of impounded water will be suitable on a permanent basis for its intended use and that discharges from the impoundment will not degrade the water quality below water quality standards established pursuant to applicable federal and state law in the receiving stream;

(D) the level of water will be reasonably stable;

(E) final grading will provide adequate safety and access for proposed water users; and

(F) the water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses;

(9) conduct any augering operation associated with surface mining in a manner to maximize recoverability of coal reserves remaining after the operation and reclamation are complete, and seal all auger holes with an impervious and noncombustible material in order to prevent drainage except where the commission determines that the resulting impoundment of water in the auger holes may create a hazard to the environment or the public health or safety; provided, that the commission may prohibit augering if necessary to maximize the utilization, recoverability, or conservation of the solid fuel resources or to protect against adverse water quality impacts;

(10) minimize the disturbances to the prevailing hydrologic balance at the mine site in associated offsite areas and to the quality and quantity of water in surface and ground water systems both during and after surface coal mining operations and during reclamation by:

(A) avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(i) preventing or removing water from contact with toxic-producing deposits;

(ii) treating drainage to reduce toxic content that adversely affects downstream water on being released to water courses; or

(iii) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering surface water and ground water;

(B)(i) conducting surface coal mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal law;

(ii) constructing any siltation structures pursuant to Subsection (b)(10)(B)(i) of this section prior to commencement of surface coal mining operations, these structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(C) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the commission;

(D) restoring recharge capacity of the mined area to approximate premining conditions;

(E) avoiding channel deepening or enlargement in operations requiring the discharge of water from mines;

(F) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country; and

(G) other actions as the commission may prescribe;

(11) with respect to surface disposal of mine wastes, tailings, coal processing wastes, and other wastes in areas other than the mine working or excavations, stabilize all waste piles in designated areas through construction in compacted layers including the use of incombustible and impervious materials, if necessary, and assure the final contour of the waste pile will be compatible with natural surroundings and that the site can and will be stabilized and revegetated according to the provisions of this Act;

(12) refrain from surface coal mining within 500 feet from active and abandoned underground mines in order to prevent breakthroughs and to protect health or safety of miners; provided, that the commission shall permit an operator to mine near, through, or partially through an abandoned underground mine or closer to an active underground mine if the nature, timing, and sequencing of the approximate coincidence of specific surface mine activities with specific underground mine activities are jointly approved by the regulatory authorities concerned with surface mine regulation and the health and safety of underground miners, and the operations will result in improved resource recovery, abatement of water pollution, or elimination of hazards to the health and safety of the public;

(13) design, locate, construct, operate, maintain, enlarge, modify, and remove or abandon, in accordance with the standards and criteria developed pur-

suant to commission rule, all existing and new coal mine waste piles, consisting of mine wastes, tailings, coal processing wastes, or other liquid and solid wastes, and used either temporarily or permanently as dams or embankments;

(14) insure that all debris, acid-forming materials, toxic materials, or materials constituting a fire hazard are treated or buried and compacted or otherwise disposed of in a manner designed to prevent contamination of surface water or ground water and that contingency plans are developed to prevent sustained combustion;

(15) insure that explosives are used only in accordance with existing state and federal law and the regulations promulgated by the commission, which shall include provisions to:

(A) provide adequate advance written notice to local governments and residents who might be affected by the use of the explosives, by publication of the planned blasting schedule in a newspaper of general circulation in the locality and by mailing a copy of the proposed blasting schedule to every resident living within one-half mile of the proposed blasting site and by providing daily notice to resident/occupiers in the areas prior to any blasting;

(B) maintain for a period of at least three years and make available for public inspection on request, a log detailing the location of the blasts, the pattern and depth of the drill holes, the amount of explosives used per hole, and the order and length of delay in the blasts;

(C) limit the type of explosives and detonating equipment, the size, the timing, and frequency of blasts based upon the physical conditions of the site so as to prevent injury to persons, damage to public and private property outside the permit area, adverse impacts on any underground mine, and change in the course, channel, or availability of ground or surface water outside the permit area;

(D) require that all blasting operations be conducted by trained and competent persons as certified by the commission;

(E) provide that on the request of a resident or owner of a man-made dwelling or structure within one-half mile of any portion of the permitted area, the applicant or permittee shall conduct a preblasting survey of the structures and submit the survey to the commission and a copy to the resident or owner making the request, the area of the survey shall be decided by the commission;

(16) insure that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable with the surface coal mining operations; provided, however, that if the applicant proposes to combine surface mining operations with underground mining operations to assure maximum practical recovery of the coal resources, the commission may grant a variance for specific areas within the reclamation plan from the requirement that reclamation efforts proceed as contemporane-

ously as practicable to permit underground mining operations prior to reclamation:

(A) if the commission finds in writing that:

(i) the applicant has presented, as part of the permit application, specific, feasible plans for the proposed underground mining operations;

(ii) the proposed underground mining operations are necessary or desirable to assure maximum practical recovery of the coal resource and will avoid multiple disturbance of the surface;

(iii) the applicant has satisfactorily demonstrated that the plan for the underground mining operations conforms to requirements for underground mining in the jurisdiction and that permits necessary for the underground mining operations have been issued by the appropriate authority;

(iv) the areas proposed for the variance have been shown by the applicant to be necessary for implementing the proposed underground mining operations;

(v) no substantial adverse environmental damage, either on-site or off-site, will result from the delay in completion of reclamation as required by this Act;

(vi) provisions for the offsite storage of spoil will comply with Subsection (b)(22) of this section;

(B) if the commission has promulgated specific regulations to govern the granting of the variances in accordance with the provisions of this subsection, and has imposed the additional requirements it deems necessary;

(C) if variances granted under the provisions of this subsection are to be reviewed by the commission not more than three years from the date of issuance of the permit; and

(D) if liability under the bond filed by the applicant with the commission pursuant to Section 25(b) of this Act is for the duration of the underground mining operations and until the requirements of Sections 23(b) and 26 of this Act have been fully complied with;

(17) insure that the construction, maintenance, and postmining conditions of access roads into and across the site of operations will control or prevent erosion and siltation, pollution of water, damage to fish or wildlife or their habitat, or public or private property;

(18) refrain from the construction of roads or other access ways up a stream bed or drainage channel or in such proximity to the channel as to seriously alter the normal flow of water;

(19) establish on the regraded areas, and all other land affected, a diverse, effective, and permanent vegetative cover of the same seasonal variety native to the area of land to be affected and capable of self-regeneration and plant succession at least equal in extent of cover to the natural vegetation of the area, except, that introduced species may be used in the revegetation process where desirable and neces-

sary to achieve the approved postmining land use plan;

(20) assume the responsibility for successful revegetation, as required by Subsection (b)(19) of this section, for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to assure compliance with Subsection (b)(19) of this section, except in those areas or regions of the state where the annual average precipitation is 26 inches or less, then the operator's assumption of responsibility and liability will extend for a period of 10 full years after the last year of augmented seeding, fertilizing, irrigation, or other work; provided, that if the commission approves a long-term intensive agricultural postmining land use, the applicable 5- or 10-year period of responsibility for revegetation shall commence at the date of initial planting for the long-term intensive agricultural postmining land use; provided further, that if the commission issues a written finding approving a long-term intensive, agricultural, postmining land use as part of the mining and reclamation plan, the commission may grant exception to the provisions of Subsection (b)(19) of this section;

(21) protect off-site areas from slides or damage occurring during the surface coal mining and reclamation operations, and not deposit spoil material or locate any part of the operations or waste accumulations outside the permit area;

(22) place all excess spoil material resulting from coal surface mining and reclamation activities in such a manner that:

(A) spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way to assure mass stability and to prevent mass movement;

(B) the areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(C) appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(D) the disposal area does not contain springs, natural water courses, or wet weather seeps unless lateral drains are constructed from the wet areas to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(E) if placed on a slope, the spoil is placed on the most moderate slope, among those on which, in the judgment of the commission, the spoil could be placed in compliance with all the requirements of this Act, and shall be placed, where possible, on or above a natural terrace, bench, or berm, if the placement provides additional stability and prevents mass movement;

(F) where the toe of the spoil rests on a down-slope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(G) the final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(H) design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(I) all other provisions of this Act are met;

(23) meet other criteria necessary to achieve reclamation in accordance with the purposes of this Act, taking into consideration the physical, climatological, and other characteristics of the site;

(24) to the extent possible, using the best technology currently available, minimize disturbance and adverse impacts of the operation on fish, wildlife, and related environmental values, and achieve enhancement of those resources where practicable; and

(25) provide for an undisturbed natural barrier beginning at the elevation of the lowest coal seam to be mined and extending from the outslope for the distance the commission determines shall be retained in place as a barrier to slides and erosion.

(c)(1) The commission, by rule, shall include procedures pursuant to which it may permit surface mining operations for the purposes set forth in Subdivision (3) of this subsection.

(2) If an applicant meets the requirements of Subdivisions (3) and (4) of this subsection, a permit, without regard to the requirement to restore to approximate original contour set forth in Subsection (b)(3) or (d)(2) and (3) of this section, may be granted for the surface mining of coal where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in Subsection (c)(4)(A) of this section, by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, and capable of supporting postmining uses in accord with the requirements of this subsection.

(3) In cases where an industrial, commercial, agricultural, residential, or public facility, including recreational facilities, use is proposed for the postmining use of affected land, the commission may grant a permit for a surface mining operation of the nature described in Subsection (c)(2) of this section where:

(A) after consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is deemed to constitute an equal or better economic or public use of the affected land, as compared with premining use;

(B) the applicant presents specific plans for the proposed postmining land use and appropriate assurances that the use will be:

(i) compatible with adjacent land uses;

(ii) obtainable according to data regarding expected need and market;

(iii) assured of investment in necessary public facilities;

(iv) supported by commitments from public agencies, where appropriate;

(v) practicable with respect to private financial capability for completion of the proposed use;

(vi) planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use; and

(vii) designed by a registered engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site;

(C) the proposed use would be consistent with adjacent land uses and existing state and local land use plans and programs;

(D) the commission provides the county in which the land is located and any state or federal agency which the commission, in its discretion, determines to have an interest in the proposed use, an opportunity of not more than 60 days to review and comment on the proposed use; and

(E) all other requirements of this Act are met.

(4) In granting any permit pursuant to this subsection, the commission shall require that:

(A) the toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion;

(B) the reclaimed area is stable;

(C) the resulting plateau or rolling contour drains inward from the out slopes except at specified points;

(D) no damage will be done to natural watercourses;

(E) spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use; provided, that all excess spoil material not retained on the mountaintop shall be placed in accordance with the provisions of Subsection (b)(22) of this section;

(F) insure stability of the spoil retained on the mountaintop and meet the other requirements of this Act.

(5) The commission shall promulgate specific rules to govern the granting of permits in accord with the provisions of this subsection and may impose additional requirements it deems to be necessary.

(6) All permits granted under this subsection shall be reviewed not more than three years from the date of issuance of the permit, unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the approved schedule and reclamation plan.

(d) The following performance standards shall be applicable to steep slope surface coal mining and shall be in addition to those general performance standards required by this section; provided, however, that the provisions of this subsection shall not apply to those situations in which an operator is mining on flat or gently rolling terrain, on which an occasional steep slope is encountered through which the mining operations are to proceed, leaving a plain or predominantly flat area or where an operator is in compliance with provisions of Subsection (c) of this section:

(1) the operator shall insure that when performing surface coal mining on steep slopes, no debris, abandoned or disabled equipment, spoil material, or waste mineral matter be placed on the downslope below the bench or mining cut; provided, that spoil material in excess of that required for the reconstruction of the approximate original contour under the provisions of Subsection (b)(3) or (d)(2) of this section shall be permanently stored pursuant to Subsection (b)(22) of this section;

(2) complete backfilling with spoil material shall be required to cover completely the highwall and return the site to the appropriate original contour, which material will maintain stability following mining and reclamation;

(3) the operator may not disturb land above the top of the highwall unless the commission finds that the disturbances will facilitate compliance with the environmental protection standards of this section; provided, however, that the land disturbed above the highwall shall be limited to that amount necessary to facilitate the compliance;

(4) for the purposes of this subsection, the term "steep slope" is any slope above 20 degrees or such lesser slope as may be determined by the commission after consideration of soil, climate, or other characteristics of a region or state.

(e)(1) The commission, by rule, shall include procedures pursuant to which it may permit variances for the purposes set forth in Subdivision (3) of this subsection, provided that the watershed control of the area is improved; and further provided complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(2) Where an applicant meets the requirements of Subdivisions (3) and (4) of this subsection, a variance from the requirement to restore to approximate original contour set forth in Subsection (d)(2) of this section may be granted for the surface mining of coal where the owner of the surface knowingly requests in writing, as a part of the permit application, that the variance be granted so as to render the land, after reclamation, suitable for an industrial, commercial, residential, or public use, including recreational facilities, in accord with the further provisions of Subdivisions (3) and (4) of this subsection;<sup>1</sup>

(3) After consultation with the appropriate land use planning agencies, if any, if the potential use of the affected land:

(A) is deemed to constitute an equal or better economic or public use;

(B) is designed and certified by a qualified registered professional engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site; and

(C) is approved by the appropriate state environmental agencies, the watershed of the affected land is deemed to be improved;<sup>1</sup>

(4) In granting a variance pursuant to this subsection, the commission shall require that only those amounts of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, insure stability of the spoil retained on the bench, meet all other requirements of this Act, and all spoil placement off the mine bench must comply with Subsection (b)(22) of this section.

(5) The commission shall promulgate specific rules to govern the granting of variances in accord with the provisions of this subsection, and may impose any additional requirements it deems to be necessary.

(6) All exceptions granted under the provisions of this subsection shall be reviewed not more than three years from the date of issuance of the permit, unless the permittee affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the reclamation plan.

#### Public Liability Insurance

Sec. 24. Each applicant for a permit shall submit to the commission, as part of each permit application, a certificate satisfactory to the commission that the applicant has a public liability insurance policy in force for the surface coal mining and reclamation operation for which the permit is sought, or evidence satisfactory to the commission that the applicant should be allowed to be self-insured. The policy shall provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of the surface coal mining and reclamation operations including the use of explosives, and entitled to compensation under state law. The policy shall be maintained in full force and effect during the terms of the permit or any renewal, including all reclamation operations.

#### Performance Bond

Sec. 25. (a) After a surface coal mining and reclamation permit application has been approved but before the permit is issued, the applicant shall file with the commission, on a form prescribed and furnished by the commission, a bond for performance payable to the State of Texas and conditioned

on faithful performance of all requirements of this Act and the permit. The bond shall cover that area of land within the permit area on which the applicant will initiate and conduct surface coal mining and reclamation operations within the initial term of the permit. As succeeding increments of surface coal mining and reclamation operations are initiated and conducted within the permit area the permittee shall provide an additional bond or bonds to cover those increments. The amount of the bond required for each bonded area shall reflect the probable difficulty of the reclamation giving consideration to such factors as topography, geology of the site, hydrology, and revegetation potential, and shall be determined by the commission. The amount of the bond shall be sufficient to assure the completion of the reclamation plan if the work had to be performed by the commission in the event of forfeiture, and in no case shall the bond for the entire area under one permit be less than \$10,000.

(b) Liability under the bond shall be for the duration of the surface coal mining and reclamation operation and for a period coincident with applicant's responsibility for revegetation. The bond shall be executed by the applicant and a corporate surety licensed to do business in Texas except that the applicant may elect to deposit cash, negotiable bonds of the United States government or the state, or negotiable certificates of deposit of any bank organized or transacting business in the United States, as security for the performance of his or her obligations under the bond. The cash deposit or market value of the securities shall be equal to or greater than the amount of the bond required for the bonded area.

(c) The commission may accept the bond of the applicant without separate surety when the applicant demonstrates to the satisfaction of the commission the existence of a suitable and continuous operation sufficient for authorization to self-insure or bond such amount, or in lieu of the establishment of a bonding program as set forth in this section, the commission may approve an alternative system that will achieve the objectives and purposes of the bonding program pursuant to this section.

(d) The amount of the bond or deposit required and the terms of each acceptance of the applicant's bond shall be adjusted by the commission from time to time as affected land acreages are increased or decreased or where the cost of future reclamation changes.

#### Release of Bonds or Deposits

Sec. 26. (a) The permittee may file a request with the commission for the release of all or part of a performance bond or deposit. Within 30 days after any application for bond or deposit release has been filed with the commission, the permittee shall submit a copy of an advertisement placed at least once a week for four consecutive weeks in a newspaper of general circulation in the locality of the surface coal mining operation. The advertisement

shall be considered part of any bond release application and shall contain a notification of the precise location of the land affected, the number of acres, the permit and the date approved, the amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the permittee's reclamation plan. In addition, as part of any bond release application, the applicant shall submit copies of letters which he or she has sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities in the locality, as the commission may direct, notifying them of his intention to seek release from the bond.

(b) On receipt of the notification and request, the commission shall within 30 days conduct an inspection and evaluation of the reclamation work involved. The evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance of future occurrence of the pollution, and the estimated cost of abating the pollution. The commission shall notify the permittee, in writing, of its decision to release or not to release all or part of the performance bond or deposit within 60 days from the filing of the request, if no public hearing is held, and if there has been a public hearing, within 30 days after the hearing.

(c) The commission may release the bond or deposit in whole or in part if it is satisfied the reclamation covered by the bond or deposit or portion of the reclamation has been accomplished as required by this Act according to the following schedule:

(1) if the permittee completes the backfilling, regrading, and drainage control of a bonded area in accordance with the reclamation plan, the release of 60 percent of the bond or collateral for the applicable permit area;

(2) after revegetation has been established on the regraded mined lands in accordance with the reclamation plan; when determining the amount of bond to be released after successful revegetation has been established, the commission shall retain the amount of the bond for the revegetated area that is sufficient for a third party to establish revegetation and for the period specified for permittee responsibility in Section 23(b)(20) of this Act. No part of the bond or deposit shall be released under this paragraph so long as the land to which the release would be applicable is contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements by Section 23(b)(10) of this Act or until soil productivity for prime farmland has returned to equivalent levels of yield as non-mined land of the same soil type in the surrounding area under equivalent management practices as determined from the soil survey performed pursuant to Section 14(a)(14) of this Act; where a silt dam is to be retained as a permanent impoundment pursu-

ant to Section 23(b)(8) of this Act, the portion of bond may be released under this subdivision so long as provisions for sound future maintenance have been made with the commission;

(3) when the permittee has successfully completed all surface coal mining and reclamation activities, the release of the remaining portion of the bond, but not before the expiration of the period specified for permittee responsibility in Section 23(b)(20) of this Act; however, no bond shall be fully released until all reclamation requirements of this Act are fully met.

(d) If the commission disapproves the application for release of the bond or a portion of the bond, it shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure said release and allowing opportunity for a public hearing.

(e) When an application for total or partial bond release is filed with the commission, it shall notify the county judge of any county in which the surface coal mining operation is located by certified mail at least 30 days prior to the release of all or a portion of the bond.

(f) Any person with a valid legal interest that might be adversely affected by release of the bond or the responsible officer or head of any federal, state, or local governmental agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation, or is authorized to develop and enforce environmental standards with respect to the operations, is entitled to file written objections to the proposed release from bond with the commission within 30 days after the last publication of the notice. If written objections are filed and a hearing requested, the commission shall inform all the interested parties of the time and place of the hearing and hold the hearing in the locality of the surface coal mining operation or at the state capital at the option of the objector, within 30 days of the request for such hearing. The date, time, and location of such public hearings shall be advertised by the commission in a newspaper of general circulation in the locality for two consecutive weeks and the public hearing and any appeal shall be conducted pursuant to the provisions of the Administrative Procedure and Texas Register Act, as amended.

#### Coal Exploration Permits

Sec. 27. (a) Coal exploration operations that substantially disturb the natural land surface shall be conducted in accordance with rules issued by the commission. The rules shall include, at a minimum, the requirement that prior to conducting the exploration, a person must file with the commission notice of intent to explore and the notice shall include a description of the exploration area and the period of proposed exploration, and provisions for reclamation in accordance with the performance standards in Section 23 of this Act of all lands disturbed in

exploration, including excavations, roads, drill holes, and the removal of necessary facilities and equipment.

(b) Information submitted to the commission pursuant to this section as confidential concerning trade secrets or privileged commercial or financial information that relates to the competitive rights of the person intending to explore the described area shall not be available for public examination.

(c) Any person who conducts any coal exploration operations that substantially disturb the natural land surface in violation of this section or the rules issued pursuant to this section shall be subject to the provisions of Section 30 of this Act.

(d) No operator shall remove more than 250 tons of coal pursuant to an exploration permit without the specific written approval of the commission.

#### Surface Effects of Underground Mining

Sec. 28. The commission shall adopt rules applicable to the surface effects of underground mining that are consistent with the requirements of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and regulations adopted pursuant to that statute by the Secretary of Interior of the United States. The provisions of this Act, including but not limited to those provisions relating to a permit application, a reclamation plan, a performance bond, and administrative or judicial review, also apply to the regulation of the surface effects of underground mining operations as established in Section 516 of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

#### Inspection and Monitoring

Sec. 29. (a) The commission shall require such monitoring and reporting, shall have made such inspections of any surface coal mining and reclamation operations, shall require the maintenance of such signs and markers, and shall take other actions as are necessary to administer, enforce, and evaluate the administration of this Act and to meet the state program requirements of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977), and for such purposes, the commission or authorized representative shall, without advance notice and on presentation of appropriate credentials, have a right of entry to any surface coal mining and reclamation operation or any premises in which any records required to be maintained are located, and may at reasonable times, without delay, have access to and copy any records and inspect any monitoring equipment and method of operation required under this Act or the rules issued pursuant to this Act.

(b) Each inspector, on detection of each violation of any requirement of this Act, shall forthwith inform the operator in writing, and shall report in writing the violation to the commission.

(c) For those surface coal mining and reclamation operations that remove or disturb strata that serve as aquifers which significantly insure the hydrologic

balance of water use either on or off the mining site, the commission shall specify:

(1) monitoring sites to record the quantity and quality of surface drainage above and below the minesite as well as in the potential zone of influence;

(2) monitoring sites to record level, amount, and samples of ground water and aquifers potentially affected by the mining and also directly below the lowermost, deepest, coal seam to be mined;

(3) records of well logs and boreholes data to be maintained; and

(4) monitoring sites to record precipitation.

(d) The commission shall issue rules that provide for informing the operator of violations detected by an inspector and for making public all inspection and monitoring reports and other records and reports required to be kept pursuant to this Act and the rules issued pursuant to this Act.

(e) The inspections by the commission shall:

(1) occur on an irregular basis averaging not less than one partial inspection per month and one complete inspection per calendar quarter for the surface coal mining and reclamation operation covered by each permit;

(2) occur without prior notice to the permittee or his agents or employees except for necessary on-site meetings with the permittee; and

(3) include the filing of inspection reports adequate to enforce the requirements of and to carry out the terms and purposes of this Act.

(f) No employee of the commission performing any function or duty under this Act shall have a direct or indirect financial interest in any underground or surface coal mining operation. Whoever knowingly violates the provisions of this subsection shall, on conviction, be punished by a fine of not more than \$2,500, or by imprisonment of not more than one year, or by both.

#### Penalties

Sec. 30. (a) Any permittee or person who violates any permit condition or any provision of this Act may be assessed a civil penalty by the commission. If the violation leads to the issuance of a cessation order, a civil penalty must be assessed. The penalty shall not exceed \$5,000 for each violation. Each day a violation continues may be deemed a separate violation for purposes of penalty assessments. In determining the amount of the penalty, consideration shall be given to the permittee's history of previous violations at the particular surface coal mining operation, the seriousness of the violation, including any irreparable harm to the environment and any hazard to the health or safety of the public, whether the permittee or person was negligent, and the demonstrated good faith of the permittee or person charged in attempting to

achieve rapid compliance after notification of the violation.

(b) A civil penalty shall be assessed only after the person charged with a violation described under Subsection (a) of this section has been given an opportunity for a public hearing. Where the public hearing has been held, the commission shall make findings of fact, and it shall issue a written decision as to the occurrence of the violation and the amount of the penalty that is warranted, incorporating, when appropriate, an order requiring that the penalty be paid. When appropriate the commission shall consolidate the hearings with other proceedings under Section 32 of this Act. Any hearing under this section shall be of record and shall be subject to the Administrative Procedure and Texas Register Act, as amended. Where the person charged with the violation fails to avail himself or herself of the opportunity for a public hearing, a civil penalty shall be assessed by the commission after it has determined that a violation did occur, and the amount of the penalty which is warranted. The commission shall then issue an order requiring that the penalty be paid.

(c) On the issuance of a notice or order charging that a violation of the Act has occurred, the commission shall inform the permittee and any other person charged within 30 days of the proposed amount of the penalty. The person charged with the penalty shall then have 30 days to pay the proposed penalty in full or, if the person wishes to contest either the amount of the penalty or the fact of the violation, forward the proposed amount to the commission for placement in an escrow account. If through administrative or judicial review of the proposed penalty it is determined that no violation occurred or that the amount of the penalty should be reduced, the commission shall, within 30 days, remit the appropriate amount to the person, with interest at the prevailing United States Department of the Treasury rate. Failure to forward the money to the commission within 30 days shall result in a waiver of all legal rights to contest the violation or the amount of the penalty.

(d) Civil penalties owed under this Act may be recovered in a civil action brought by the attorney general at the request of the commission.

(e) Any person who wilfully and knowingly violates a condition of a permit issued pursuant to this Act or fails or refuses to comply with any order issued under this Act, or any order incorporated in a final decision issued by the commission under this Act, except an order incorporated in a decision issued under Subsection (b) of this section, shall, on conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or by both.

(f) Any permittee or person who fails to correct a violation for which a citation has been issued under Section 32(a) of this Act within the period permitted for its correction, which period shall not end until

the entry of a final order by the commission, in the case of any review proceedings initiated by the permittee in which the commission orders, after an expedited hearing, the suspension of the abatement requirements of the citation after determining that the permittee will suffer irreparable loss or damage from the application of those requirements, or until the entry of an order of the court, in the case of any review proceedings initiated by the permittee in which the court orders the suspension of an abatement requirement of the citation, shall be assessed a civil penalty of not less than \$750 for each day during which the failure or violation continues.

(g) Whenever a corporate permittee or person violates a condition of a permit issued pursuant to a state program under Section 32 of this Act or fails or refuses to comply with any order issued under Section 32 of this Act, or any order incorporated in a final decision issued by the commission under this Act, except an order incorporated in a decision issued under Subsection (b) of this section, any director, officer, or agent of the corporation who wilfully and knowingly authorized, ordered, or carried out the violation, failure, or refusal shall be subject to the same civil penalties, fines, and imprisonment that may be imposed on a person under Subsections (a) and (e) of this section.

(h) Whoever knowingly makes any false statement, representation, or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, or other document filed or required to be maintained pursuant to a state program or this Act or any order of decision issued by the commission under this Act, shall, on conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or by both.

#### Citizen Suits

Sec. 31. (a) Except as provided in Subsection (b) of this section, any person having an interest that is or may be adversely affected may commence a civil action on his or her own behalf to compel compliance with this Act against:

(1) the commission to the extent permitted by the Eleventh Amendment to the United States Constitution where there is alleged a failure of the commission to perform any act or duty under this Act that is not discretionary with the commission;

(2) any state governmental instrumentality or agency to the extent permitted by the Eleventh Amendment to the United States Constitution that is alleged to be in violation of the provisions of this Act or of any rule, regulation, order, or permit issued pursuant to this Act, or against any other person who is alleged to be in violation of any rule, regulation, order, or permit issued pursuant to this Act.

(b) No action may be commenced under Subsection (a)(1) of this section prior to 60 days after the plaintiff has given notice in writing of the action to

the commission, in the manner as the commission shall by rule prescribe, except that the action may be brought immediately after the notification in the case where the violation or order complained of constitutes an imminent threat to the health or safety of the plaintiff or would immediately affect a legal interest of the plaintiff.

(c) No action may be commenced under Subsection (a)(2) of this section:

(A) prior to 60 days after the plaintiff has given notice in writing of the violation to the commission and to any alleged violator; or

(B) if the state of Texas has commenced and is diligently prosecuting a civil action in a court of the United States or this state to require compliance with the provisions of this Act, or any rule, regulation, order, or permit issued pursuant to this Act.

(d)(1) Any action respecting a violation of this Act or the regulations under this Act may be brought only in the judicial district in which the surface coal mining operation complained of is located.

(2) In the action under this section, the commission, if not a party, may intervene as a matter of right.

(e) The court, in issuing any final order in any action brought pursuant to Subsection (a) of this section, may award costs of litigation, including attorney and expert witness fees, to any party, whenever the court determines the award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security in accordance with the Texas Rules of Civil Procedure.

(f) Nothing in this section shall restrict any right that any person or class of persons may have under any statute or common law to seek enforcement of any of the provisions of this Act and the regulations adopted under this Act, or to seek any other relief, including relief against the commission.

(g) Any person who is injured in his person or property through the violation by any permittee of any rule, regulation, order, or permit issued pursuant to this Act may bring an action for damages, including reasonable attorney and expert witness fees, only in the judicial district in which the surface coal mining operation complained of is located. Nothing in this subsection shall affect the rights established by or limits imposed under workers' compensation laws of this state.

#### Enforcement

Sec. 32. (a) On the basis of any inspection, if the commission or its authorized representative or agent determines that a condition exists or practices exist or that a person or permittee is in violation of a requirement of this Act or a permit condition required by this Act and that this condition, practice, or violation also creates an imminent danger to the health or safety of the public or is causing or can reasonably be expected to cause significant

imminent environmental harm to land, air, or water resources, the commission or its authorized representative shall immediately order a cessation of surface coal mining operations or the portion thereof relevant to the condition, practice, or violation. The cessation order shall remain in effect until the commission or its authorized representative determines that the condition, practice, or violation has been abated, or until modified, vacated, or terminated by the commission or its authorized representative pursuant to Subsection (d) of this section. If the commission finds that the ordered cessation of surface coal mining and reclamation operations, or any portion of those operations, will not completely abate the imminent danger to health or safety of the public or the significant imminent environmental harm to land, air, or water resources, the commission shall, in addition to the cessation order, impose affirmative obligations on the operator requiring him or her to take whatever steps the commission deems necessary to abate the imminent danger or the significant environmental harm.

(b) On the basis of an inspection, if the commission or its authorized representative or agent determines that a permittee is in violation of a requirement of this chapter or a permit condition required by this Act, but the violation does not create an imminent danger to the health or safety of the public or is not causing or reasonably expected to cause significant imminent environmental harm to land, air, or water resources, the commission or its authorized representative shall issue a notice to the permittee setting a reasonable time not to exceed 90 days for the abatement of the violation. If, on expiration of the period of time as originally set or subsequently extended, for good cause shown, and on written finding of the commission or its authorized representative, the commission or its authorized representative finds that the violation has not been abated, it shall order a cessation of surface mining operations or the portion relevant to the violation. The cessation order shall remain in effect until the commission determines that the violation has been abated or until modified, vacated, or terminated by the commission under Subsection (e) of this section.

(c)(1) A permittee issued notice or order by the commission pursuant to the provisions of Subsections (a) and (b) of this section or any person having an interest which is or may be adversely affected by the notice or order or by any modification, vacation, or termination of the notice or order, may apply to the commission for review of the notice or order within 30 days of receipt thereof or within 30 days of its modification, vacation, or termination. On receipt of the application, the commission shall have an investigation made as it deems appropriate. The investigation shall provide an opportunity for a public hearing, at the request of the applicant or the person having an interest which is or may be adversely affected, to enable the applicant or the person to present information relating to the issuance and continuance of the notice or order or the

modification, vacation, or termination of the notice or order. The filing of an application for review under this subsection shall not operate as a stay of any order or notice. The permittee and other interested persons shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any hearing shall be of record and shall be subject to the Administrative Procedure and Texas Register Act.

(2) On receiving the report of the investigation, the commission shall make findings of fact, and shall issue a written decision, incorporating in the decision an order vacating, affirming, modifying, or terminating the notice or order or the modification, vacation, or termination of the notice or order complained of and incorporate its findings therein. Where the application for review concerns an order for cessation of surface coal mining and reclamation operations issued pursuant to the provisions of Subsection (a) or (b) of this section, the commission shall issue the written decision within 30 days of the receipt of the application for review, unless temporary relief has been granted by the commission under Subdivision (3) of this subsection.

(3) Pending completion of the investigation and hearing required by this section, the applicant may file with the commission a written request that the commission grant temporary relief from any notice or order issued under this section, together with a detailed statement giving reasons for granting the relief. The commission shall issue an order or decision granting or denying the relief expeditiously; provided, that where the applicant requests relief from an order for cessation of coal mining and reclamation operations issued under Subdivision (1) or (2) of this subsection, the order or decision on the request shall be issued within five days of its receipt. The commission may grant the relief, under conditions it may prescribe, if:

(A) a hearing has been held in the locality of the permit area on the request for temporary relief in which all parties were given an opportunity to be heard;

(B) the applicant shows that there is substantial likelihood that the findings of the commission will be favorable to him; and

(C) the relief will not adversely affect the health or safety of the public or cause significant, imminent environmental harm to land, air, or water resources.

(4) Following the issuance of an order to show cause as to why a permit should not be suspended or revoked under this section, the commission shall hold a public hearing after giving written notice of the time, place, and date of the hearing. The hearing shall be of record and shall be subject to the Administrative Procedure and Texas Register Act. If the commission revokes the permit, the permittee shall immediately cease surface coal mining operations on the permit area and shall complete reclamation within a period specified by the commission, or

the commission shall declare as forfeited the performance bonds for the operation.

(5) Whenever an order is issued under this section, or as a result of any administrative proceeding under this Act, at the request of any person, a sum equal to the aggregate amount of all costs and expenses, including attorney fees, as determined by the commission to have been reasonably incurred by the person for or in connection with his participation in the proceedings, including any judicial review of agency actions, may be assessed against either party as the court, resulting from judicial review or the commission resulting from administrative proceedings, deems proper.

(d) On the basis of an inspection, if the commission has reason to believe that a pattern of violations of any requirements of this Act or any permit conditions required by this Act exists or has existed, and if the commission or its authorized representative also finds that these violations are caused by the unwarranted failure of the permittee to comply with requirements of this Act or any permit conditions, or that the violations are wilfully caused by the permittee, the commission shall issue an order to the permittee forthwith to show cause as to why the permit should not be suspended or revoked. The order shall set a time and place for a public hearing, if requested, to be held in accordance with the notice and procedural requirements of the Administrative Procedure and Texas Register Act, as amended. On failure of a permittee to show cause why the permit should not be suspended or revoked, the commission shall promptly suspend or revoke the permit.

(e) Notices and orders issued pursuant to this section shall set forth with reasonable specificity the nature of the violation and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order applies. Each notice or order issued under this section shall be given promptly to the permittee or his agent by the commission or its authorized representatives. Any notice or order issued pursuant to this section may be modified, vacated, or terminated by the commission or its authorized representative. Any notice or order issued pursuant to this section that requires cessation of mining by the operator shall expire within 30 days of actual notice to the operator unless a public hearing is held at the site or within a reasonable proximity to the site so that any viewings of the site can be conducted during the course of the public hearing.

(f) The commission may request the attorney general to institute a civil action for relief, including a permanent or temporary injunction, restraining order, or other appropriate order, if the permittee:

(1) violates or fails or refuses to comply with an order or decision issued by the commission under this Act;

(2) interferes with, hinders, or delays the commission or its authorized representative in carrying out the provisions of this section;

(3) refuses to admit an authorized representative to the mine;

(4) refuses to permit inspection of the mine by an authorized representative;

(5) refuses to furnish information or a report requested by the commission under the commission's rules; or

(6) refuses to permit access to and copying of records the commission determines reasonably necessary to carry out this Act.

The action shall be brought in a district court in Travis County or in the county in which the greater portion of the surface mining and reclamation operation is located.

The court has jurisdiction to provide the relief that is appropriate, and relief granted by the court to enforce Subdivision (1) of this subsection shall continue in effect until the completion or final termination of all proceedings for review of the order under this section unless before that time the district court granting the relief sets the order aside or modifies it.

#### Areas Unsuitable for Surface Coal Mining

Sec. 33. (a) The commission shall develop a process for designating areas unsuitable for surface coal mining that includes:

(1) surface coal mining land review;

(2) developing a data base and an inventory system which will permit proper evaluation of the capacity of different land areas of the state to support and permit reclamation of surface coal mining operations;

(3) developing, by rule, a method or methods for implementing land use planning decisions concerning surface coal mining operations; and

(4) developing, by rule, proper notice, provisions, and opportunities for public participation, including a public hearing, prior to making any designation or redesignation pursuant to this section.

(b) On petition pursuant to Subsection (c) of this section, the commission shall designate an area as unsuitable for all or certain types of surface coal mining operations if the commission determines that reclamation pursuant to the requirements of this Act is not technologically and economically feasible. On petition pursuant to Subsection (c) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if those operations will:

(1) be incompatible with existing state or local land use plans or programs;

(2) affect fragile or historic land in which the operations could result in significant damage to

important historic, cultural, scientific, and esthetic values and natural systems;

(3) affect renewable resource lands in which the operations could result in a substantial loss or reduction of long-range productivity of water supply or of food or fiber products, the land to include aquifers and aquifer recharge areas; or

(4) affect natural hazard land in which the operations could substantially endanger life and property, the land to include areas subject to frequent flooding and areas of unstable geology.

Determinations of the unsuitability of land for surface coal mining, as provided by this section, shall be integrated as closely as possible with present and future land use planning and regulation processes at the federal, state, and local levels. The requirements of this section shall not apply to land on which surface coal mining operations were being conducted on August 3, 1977, or under a permit issued pursuant to this Act, or where substantial legal and financial commitments in the operation or proposed operation were in existence prior to January 4, 1977.

(c) Any person having an interest that is or may be adversely affected shall have the right to petition the commission to have an area designated as unsuitable for surface coal mining operations, prior to the filing of an application, or to have such a designation terminated. The petition shall contain allegations of facts with supporting evidence that would tend to establish the allegations. Within 10 months after receipt of the petition the commission shall hold a public hearing under the Administrative Procedure and Texas Register Act, as amended, in the locality of the affected area. After a person having an interest that is or may be adversely affected has filed a petition and before the hearing, as required by this subsection, any person may intervene by filing allegations of facts with supporting evidence that would tend to establish the allegations. In the event that all the petitioners stipulate agreement prior to the requested hearing and withdraw their request, the hearing need not be held.

(d) Prior to designating any land areas as unsuitable for surface coal mining operations, the commission shall prepare a detailed statement on the potential coal resources of the area, the demand for coal resources, and the impact of the designation on the environment, the economy, and the supply of coal.

(e) After the enactment of this Act and subject to valid existing rights, no surface coal mining operations except those that existed on August 3, 1977, shall be permitted:

(1) that will adversely affect any publicly owned park or place included in the National Register of Historic Sites unless approved jointly by the commission and the federal, state, or local agency with jurisdiction over the park or the historic site;

(2) within 100 feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join the right-of-way lines and except that the commission may permit these roads to be relocated or the area affected to lie within 100 feet of the public road, if, after public notice and opportunity for public hearing in the locality, a written finding is made that the interests of the public and the landowners affected by the relocation will be protected; or

(3) within 300 feet of any occupied dwelling, unless waived by the owner of the dwelling, or within 300 feet of any public building, school, church, community, or institutional building, public park, or within 100 feet of a cemetery.

#### Mining by Governmental Agencies; Mining on Government Land

Sec. 34. (a) The commission may enter into cooperative agreements with the federal government pursuant to the provisions of the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201 (1977).

(b) Any agency, unit, or instrumentality of federal, state, or local government, including any publicly owned utility or publicly owned corporation of federal, state, or local government, that proposes to engage in surface coal mining operations that are subject to the requirements of this Act shall comply with all provisions of this Act.

#### Exemptions

Sec. 35. The provisions of this Act shall not apply to any of the following activities:

(1) the extraction of coal by a landowner for his or her own noncommercial use from land owned or leased by him or her; provided that this does not exempt the noncommercial production of coal, when produced by in situ distillation or retorting, leaching, or other chemical or physical process or preparation;

(2) the extraction of coal for commercial purposes where the surface mining operation affects two acres or less;

(3) the extraction of coal as an incidental part of federal, state or local government-financed highway or other construction under rules established by the commission; and

(4) the extraction of coal incidental to the extraction of other minerals where the coal does not exceed 16 $\frac{2}{3}$  percentum of the total tonnage of coal and other minerals removed annually for purposes

of commercial use or sale or coal explorations subject to this Act.

#### Experimental Practices

Sec. 36. In order to encourage advances in mining and reclamation practices and to allow postmining land use for industrial, commercial, residential, or public use, including recreational facilities, the commission may, with approval by the secretary, authorize departures in individual cases on an experimental basis from the environmental protection performance standards of this Act. These departures may be authorized if the experimental practices are potentially more or at least as environmentally protective, during and after mining operations, as those required by this Act, the mining operations approved for particular land-use or other purposes are not larger or more numerous than necessary to determine the effectiveness and economic feasibility of the experimental practices, and the experimental practices do not reduce the protection afforded public health and safety below that provided by promulgated standards.

#### Water Rights and Replacement

Sec. 37. (a) Nothing in this Act shall be construed as affecting in any way the right of any person to enforce or protect, under applicable law, his or her interest in water resources affected by a surface coal mining operation.

(b) The operator of a surface coal mining operation shall replace the water supply of an owner of interest in real property who obtains all or part of his supply of water for domestic, agricultural, industrial, or other legitimate use from an underground or surface source where the supply has been affected by contamination, diminution, or interruption proximately resulting from the surface coal mine operation.

#### Certification of Blasters

Sec. 38. The commission shall promulgate rules requiring the training, examination, and certification of persons engaging in or directly responsible for blasting or use of explosives in surface coal mining operations.

### Art. 5931-1. Composition

There is hereby created the Texas National Guard Armory Board to be composed of three members of the general public appointed by the governor with the advice and consent of the senate and of the two senior officers of the Texas Army National Guard and the senior officer of the Texas Air National Guard. The three members of the Texas National Guard, at the time of appointment, must be actively serving in the Texas Army National Guard or the Texas Air National Guard, and the three public members, at the time of appointment, must not be actively serving in the Texas Army National Guard or the Texas Air National Guard. Appointments to the board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees. The term of office for members of the Texas National Guard Armory Board shall be of six years' duration without regard to organizational structure of the National Guard. The retirement of a member who is an officer of the Texas National Guard from active service with the Texas Army National Guard or Texas Air National Guard shall constitute a vacancy to be filled in accordance with this Act. In the event of a vacancy, the person qualifying for the position shall complete the unexpired term of his predecessor. Each officer of the Texas Army National Guard or the Texas Air National Guard who may thereafter fill the position qualifying him for membership on the Texas National Guard Armory Board, as provided in this Act, shall be certified by the Governor of Texas to the Secretary of State, who shall notify the officer concerned within 10 days after the occurrence of the vacancy. Each

officer of the Texas National Guard who is notified shall, within 15 days from the date of his receipt of notice of his eligibility to serve to fill a vacancy, qualify by taking and filing with the Secretary of State the constitutional oath of office.

The Board annually shall elect a chairman and treasurer from its membership.

In the event any member of the Board who is an officer of the Texas National Guard is unable to serve as a Board member because of his induction into federal service or the induction of his military unit into federal service, the Governor of Texas shall designate the next senior officer of the Texas National Guard as successor in function, who shall thereupon be and become a member of the Board only for the duration of such term of induction into federal service; thereafter the military successor in function of the Texas National Guard shall qualify as a member of the Board.

It is further provided that none of the members of this Board shall at the time hold any other office or position of honor, trust, or profit under the state or federal government, except as a member of the Texas National Guard.

Should any officer fail to qualify as a member of the Board under the provisions of the State Constitution or the provisions of this Act, the next senior officer in military rank to qualify shall be certified by the Governor of Texas to the Secretary of State as provided in this Act.

A person who is required to register as a lobbyist under Chapter 442, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes) may not serve as a member of the Board or act as general counsel to the Board.

It is a ground for removal from the Board if a member fails to attend at least half of the regularly scheduled Board meetings held in a calendar year, excluding meetings held while the person was not a Board member.

Any such bonds, debentures, or other evidences of indebtedness may be issued in series, and if so issued, all series thereof issued under or secured by the same trust indenture or trust agreement, shall rank equally, without preference or priority of one series over another, whether by reason of the date of issue or negotiation thereof or date of maturity thereof or for any other reason. Such bonds, debentures, or other evidences of indebtedness shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds, debentures, or other evidences of indebtedness shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto. Said bonds, debentures, or other evidences of indebtedness may be sold by the Board in any manner it may determine; provided that no bonds, debentures, or other evidences of indebtedness shall be sold unless and until same shall have been ap-

The law requiring notice and competitive bids shall not apply to leasing or subleasing of such property. The annual rental (which may be made payable in such installments as the Board shall determine) to be charged the State of Texas for the use of such property leased or subleased to it by the Board shall be sufficient to provide for the operation and maintenance of the property so leased or subleased, to pay the interest on the bonds, debentures, or other evidences of indebtedness, if any, issued for the purpose of acquiring, constructing, or equipping any such property, to provide for the retirement of such bonds, debentures, or other evidences of indebtedness, if any, and the payment of the expenses incident to the issuance thereof, as well as the necessary and proper expenses of the Board not otherwise provided for.

### Art. 5949. Notary Public

#### Appointment; Number and Terms; Jurisdiction

1. The Secretary of State of the State of Texas shall appoint a convenient number of Notaries Public in this state. Such appointments may be made at any time, and the term of each appointment shall end four years after the date of qualification of each individual Notary Public, unless sooner revoked by the Secretary of State. The jurisdiction of each Notary Public appointed after the effective date of this Act shall be coextensive with the boundaries of the state, irrespective of the county in which he is appointed.

#### Eligibility

2. To be eligible for appointment as a Notary Public, a person shall be a resident citizen of the United States and of this state and at least eighteen (18) years of age. Nothing herein shall invalidate any commission as Notary Public which has been issued and is outstanding at the time this Act becomes effective.

#### Procedure for Appointment; Application; Contents; Duties of Secretary of State

3. (a) Any person desiring appointment as a Notary Public shall make application to the Secretary of State on forms prescribed by the Secretary of State, which includes his name as it will be used in acting as such Notary Public, his post-office address, his county of residence, his business address, the name of the county in which his business is located, his social security number, a statement that he has never been convicted of a crime involving moral turpitude, and shall satisfy the Secretary of State that he is at least eighteen (18) years of age and otherwise qualified by law for the appointment which is sought; provided that if the person is a qualified Notary Public before January 1, 1980, in another county, his commission in that county shall be surrendered to the Secretary of State at the time

application for the appointment is made. The Secretary of State shall act upon all such names submitted at the earliest practicable time and notify each applicant whether the appointment has been made.

(b) Upon receiving notice from the Secretary of State of such appointment, the applicant shall, within twenty (20) days from the date of appointment, qualify as hereinafter provided. The appointment of any person failing to qualify within the time allowed shall be void, and if any such person desires thereafter to qualify, his name shall be resubmitted in the same manner as hereinabove provided.

#### Fees

4. At the time of such qualification the applicant shall forward to the Secretary of State a fee in the amount of Four (\$4.00) Dollars for approving and filing the bond of such Notary Public, together with the fee allowed by law to the Secretary of State for issuing a commission to such Notary Public.

#### Issuance of Commission; Non-Attorney Notice; Literal Translation; Rejection of Application; Appeal

5. (a) Immediately after the qualification of any Notary Public, and the receipt of the fees due the Secretary of State, the Secretary of State shall cause a commission to be issued to such Notary Public, which commission shall be effective as of the date of qualification. Nothing herein shall prevent any qualified Notary Public from performing the duties of his office from and after his qualification and before the receipt of his commission.

(b) Every Notary Public who is not an attorney who advertises the services of a Notary Public in a language other than English, whether by radio, television, signs, pamphlets, stationery, or other written communication, shall post or otherwise include with the advertisement a notice that the person is not an attorney. The notice shall be in English and in the other language in letters of a conspicuous size. If the advertisement is by radio or television, the statement may be modified, but must include substantially the same message. The notice shall include the fees that a Notary Public may charge and the following statement:

"I AM NOT AN ATTORNEY LICENSED TO PRACTICE LAW IN TEXAS AND MAY NOT GIVE LEGAL ADVICE OR ACCEPT FEES FOR LEGAL ADVICE."

(c) Literal translation of the phrase "Notary Public" into Spanish is prohibited. In this subsection, "literal translation" of a word or phrase from one

language to another means the translation of a word or phrase without regard to the true meaning of the word or phrase in the language which is being translated.

(d) The failure to comply with Subsection (b) or (c) of this section constitutes a deceptive trade practice in addition to any other law of the State of Texas and is actionable under Chapter 17 of the Business & Commerce Code.

(e) The Secretary of State may, for good cause, reject any application, or revoke the commission of any Notary Public, but such action shall be taken subject to the right of notice, hearing and adjudication, and the right of appeal therefrom. Such appeal shall be made to the District Court of Travis County, Texas, but upon such appeal the Secretary of State shall have the burden of proof and such trial shall be conducted de novo.

(f) "Good cause" shall include final conviction for a crime involving moral turpitude, any false statement knowingly made in an application, the failure to comply with Subsection (b) or (c) of this section, and final conviction for the violation of any law concerning the regulation of the conduct of Notaries Public in this state, or any other state.

**Reappointment; Change of Address; Vacation of Office**

6. (a) Any qualified Notary Public whose term is expiring may make an application for appointment in the same manner as provided in Subsection (a) of Section 3 of this Article. The Secretary of State shall notify all Notaries Public whose terms are expiring at least ninety (90) days prior to expiration.

(b) Upon receiving notice of appointment made by the Secretary of State for another term of office, the applicant must qualify not later than the expiration date of the term for which he is serving, which qualifying shall become effective on the expiration date of his term and shall not be effective prior thereto. The appointment for another term of office of any person who fails to qualify on or before the expiration date of the term he is serving shall be void, and if the person later desires to qualify, his name must be resubmitted in the same manner as provided in Section 3 of this Article.

(c) Each Notary Public shall notify the Secretary of State of any change of his address within ten (10) days after the change.

(d) If a Notary Public removes his residence from this state, his office is automatically vacated. If a Notary Public who qualified before January 1, 1980, removes his residence or his principal place of business or employment to another county in this state, so that he maintains neither his residence nor his principal place of business or employment in the county in which he was appointed his office is automatically vacated, and if he desires to continue to act as a Notary Public, he must surrender his commission to the Secretary of State and make

application for appointment in the same manner as for an initial appointment.

**Bond**

7. Any person appointed a Notary Public shall, before entering upon his official duties, execute a bond in the sum of Two Thousand Five Hundred (\$2,500.00) Dollars with a solvent surety company authorized to do business in this State, as surety, such bond to be approved by the Secretary of State, payable to the Governor, and conditioned for the faithful performance of the duties of his office; and shall also take and subscribe his name and social security number to the official oath of office which shall be endorsed on said bond with the certificate of the official administering the same. The State Board of Insurance may at its discretion approve rates for a four-year notary bond issued subsequent to the effective date of this Act equivalent to twice the rate set previously for two-year notary bonds. Said bond shall be deposited in the office of the Secretary of State and shall not be void on the first recovery, and may be sued on in the name of the party injured from time to time until the whole amount thereof has been recovered. Any such person shall be deemed to be qualified when he has taken the official oath of office, furnished the bond and paid the fees herein provided for, all within the time allowed therefor.

8. Repealed by Acts 1979, 66th Leg., p. 2216, ch. 840, § 5, eff. Jan. 1, 1980.

**Public Records; Inspection**

9. All matters pertaining to the appointment and qualification of Notaries Public shall be public records in the office of the Secretary of State after any such Notary Public has qualified, and shall be open to inspection of any interested person at such reasonable times and in such manner as will not interfere with the affairs of office of the custodian of such records; but the Secretary of State is not required to furnish lists of the names of persons appointed before their qualification or lists of unreasonable numbers of qualified Notaries Public.

**Administration and Enforcement of Act; Regulations**

10. The Secretary of State may make regulations necessary for the administration and enforcement of this Act consistent with all of its provisions.

The power of impeachment shall be vested in the House of Representatives. If the House shall be in session at a regular or called session of the Legislature when it is desired to present articles of impeachment, or to make any investigation pertaining to a contemplated impeachment, it may proceed without further call or action at its pleasure and may continue to meet and proceed for such purposes until such time as the matters under consideration, pertaining to impeachments, may be disposed of. If the House shall be in session at a regular or called session of the Legislature, at the time it undertakes any investigation pertaining to impeachments, and the legislative session shall expire by limitation, or it shall in conjunction with the Senate, decide to adjourn in so far as legislative matters are concerned, before said investigation has been completed and before such impeachment matters have been finally disposed of, it may continue such investigation through committees, or by itself, and may continue in session for such purposes, or may adjourn the House to such time as it may desire for reconvention for the final disposition of such matters, and, in the meantime, it may continue such investigations through committees or agents. The members of such committees and the members of the House and Senate, when either shall be sitting for impeachment purposes, and when not in session for legislative purposes, shall receive the per diem fixed for members of the Legislature during legislative sessions or out of the contingent funds of the respective Houses, and the agents of the House or Senate or of such committees shall be paid as may be provided in the resolutions providing therefor, out of said contingent funds.

2. By proclamation of the Speaker of the House, which proclamation shall be made only when petitioned in writing by not less than fifty members of the House; or
3. By proclamation in writing signed by a majority of the members of the House.

Such proclamation shall be published in at least three daily newspapers of general circulation, and a copy thereof shall be furnished in person or by registered mail to each member of the House who may be within the State and accessible, by the Speaker of the House, or under his direction, or, in case the same is issued under the authority of subparagraph 3, as above, by the members signing the same or some one or more of them designated by such signers for such purpose. Such proclamation shall in general terms, state the cause for which it is proposed to convene the House, and shall fix the time for the convention thereof. Two-thirds of the members of the House, upon such convention, shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent members. The House, when so convened, may proceed in the manner, and shall have all the powers, pertaining to impeachments and investigations with respect thereto given it by the Constitution and by the terms of this law. Any committee of the House, acting under the terms of this law, shall have and exercise all the

powers which may be conferred upon it by the House.

[Acts 1925, S.B. 84.]

#### Art. 5963. Trial by Senate

(a) All persons against whom articles of impeachment are preferred by the House of Representatives shall be tried by the Senate sitting as a court of impeachment in the manner provided by Article XV of the Constitution of Texas.

(b) If the Senate is in session, at a regular or called session of the Legislature when articles of impeachment are preferred by the House, it shall receive the articles when presented and, on a day and time to be set by the Senate, shall resolve into a court of impeachment to consider the articles. The Senate may continue in session as a court of impeachment beyond any date of expiration of the session for legislative purposes or may adjourn as a court of impeachment to a day and time set by the Senate.

The proclamation shall be published in at least three daily newspapers of general circulation, and a copy of the proclamation shall be sent by registered or certified mail to each member of the Senate and the Lieutenant Governor. On the day set for the con-

vening of the Senate, the Senate shall convene, shall receive the articles of impeachment when presented, and shall resolve into a court of impeachment for purposes of considering the articles of impeachment.

(e) Once the Senate resolves into a court of impeachment, it shall adopt rules of procedure and shall proceed to consider the articles of impeachment. It may from time to time recess or adjourn to a day and time to be set by the Senate. The Senate may designate the day and time of reconvening in relation to the occurrence of one or more events specified in the motion and may make the reconvening contingent on the occurrence of those events. At all times the Senate is scheduled to be in session as a court of impeachment it is the duty of each member of the Senate to be in attendance. <sup>1</sup> Article 5429k.

The Attorney General shall, if requested by the commission, act as its counsel generally or in any particular investigation or proceeding. The commission may employ special counsel from time to time when it deems such employment necessary. The commission may also employ a seal of such form as it shall determine.

State and local public bodies and departments, officers and employees thereof, and officials and attaches of the courts of this state shall cooperate with and give reasonable assistance and information to the commission and any authorized representative thereof, or to a master, in connection with any investigations or proceedings within the jurisdiction of the commission, or a master, including contempt proceedings by a master.

Sec. 5. It shall be the duty of the sheriffs and constables in the several counties, upon request of the commission, any member thereof, any master or any authorized representative of the commission, to serve process and execute all lawful orders of the commission. Such process and orders may also be served by any other person designated by the com-

mission, any member thereof, any master or any authorized representative of the commission.

#### Rights of Judges

Sec. 5A. (a) In the conduct of an investigation the judge shall be informed in writing that an investigation has commenced and of the nature of the matters being investigated. At the conclusion of the investigation, the commission shall determine whether formal proceedings (under Subsection (b) of this section) shall be had. If the commission decides no further proceedings are warranted, the chairman of the commission shall so notify the judge in writing. No hearing before the commission shall be had during the investigatory stage.

(b) If after the investigation has been completed, the commission concludes that formal proceedings shall be instituted, the matter shall be entered in a docket to be kept for that purpose and written notice of the institution of formal proceedings shall be issued to the judge without delay. Such proceedings shall be entitled:

“Before the State Commission on Judicial Conduct  
Inquiry Concerning a Judge, No. \_\_\_\_\_”

(c) The notice shall specify in ordinary and concise language the charges against the judge and the alleged facts upon which such charges are based and the specific statute or rule contended to have been violated. The written notice may charge more than one violation but each violation shall be charged in a separate paragraph immediately followed by a statement of the acts constituting such violation. This notice shall advise the judge of his right to file a written answer to the charges against him within 15 days after service of the notice upon him.

(d) The notice shall be served by personal service of a copy thereof upon the judge by a member of the commission or by some person designated by the chairman, and the person serving the notice shall promptly notify the commission in writing of the date on which the notice was served. If it appears to the chairman upon affidavit that, after reasonable effort during a period of 10 days, personal service could not be had, service may be made by mailing by registered or certified mail copies of the notice addressed to the judge at his chambers in a blank envelope marked “personal and confidential” or at his last known residence, and the date of mailing shall be entered in the docket.

(e) In the conduct of investigations and formal proceedings, a judge at his request may elect to have any hearing open to the public or to persons designated by the judge. The right of a judge to an open hearing does not preclude placing witnesses under the rule as provided by Rule 267 of the Texas Rules of Civil Procedure.

**General Powers of Commission or Master**

Sec. 6. In the conduct of investigations and formal proceedings any member of the commission or the master may (a) administer oaths; (b) order and otherwise provide for the inspection of books and records; and (c) issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents and testimony relevant to any such investigation or formal proceeding.

Sec. 6A. Repealed by Acts 1983, 68th Leg., p. 4513, ch. 734, § 2, eff. Aug. 29, 1983.

**Willful or Persistent Conduct Inconsistent With Performance of Duties**

Sec. 6B. A judge engages in willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties if he willfully, persistently, and without justifiable cause fails to execute the business of his court in a timely manner, considering the quantity and complexity of that business, willfully violates a provision of the Texas penal statutes or the Code of Judicial Conduct, persistently or willfully violates the rules promulgated by the Supreme Court of Texas, or is incompetent in the performance of the duties of the office. This section shall not be construed as containing an exclusive definition of that which constitutes a judge's willful or persistent conduct that is clearly inconsistent with the performance of his duties.

**Extent of Process**

Sec. 7. In any investigation or formal proceeding in any part of the state the process extends to all parts of the state.

**Petition for Order Compelling Person to Attend or Testify or Produce Writings or Things: Service of Order to Appear Before Court: Order to Appear Before Commission or Master: Contempt**

Sec. 8. If any person other than the judge refuses to attend or testify or produce any writings or things required by any such subpoena, the commission or the master may petition any district court for an order, or the master may issue an order, compelling such person to attend and testify or produce the writings or things required by the subpoena before the commission or the master. The court or the master shall order such person to appear before it at a specified time and place and then and there show cause why he has not attended or testified or produced the writings or things as required. A copy of the order shall be served upon him. If it appears to the court or the master that the subpoena was regularly issued, the court or the master shall order such person to appear before the commission or the master at the time and place fixed in the order and testify or produce the required writings or things. Upon failure to obey the order, such person shall be dealt with as for contempt of court.

**Confidentiality of Papers, Records, and Proceedings**

Sec. 8A. The papers filed with and proceedings before the commission are confidential prior to the convening of a formal hearing. The formal hearing, and all papers, records, documents, and other evidence introduced during the formal hearing, shall be public.

**Depositions: Petition for Order Requiring Person to Appear and Testify Before Designated Officer: Subpoena**

Sec. 9. In any pending investigation or formal proceeding, the commission or the master may order the deposition of a person residing within or without the State to be taken in such form and subject to such limitations as may be prescribed in the order. If the judge and counsel for the commission do not stipulate as to the manner of taking the deposition, either the judge or counsel may file in any district court a petition entitled "In the Matter of Proceeding of State Commission on Judicial Conduct No. — (state number)," and stating generally, without identifying the judge, the nature of the pending matter, the name and residence of the person whose testimony is desired, and, directions, if any, of the commission or master, asking that an order be made requiring such person to appear and testify before a designated officer. Upon the filing of the petition, the court may make an order requiring such person to appear and testify. A subpoena for such deposition shall be issued by the clerk and the deposition shall be taken and returned, in the manner prescribed by law for depositions in civil actions. If the deposition is that of a person residing or present within this state, the petition shall be filed in the district court of the county in which such person resides or is present, otherwise in the district court of any county in which the commission maintains an office. Upon the failure to obey such subpoena or any order issued in connection therewith, such a person shall be dealt with as for contempt of court.

**Fees and Mileage of Witnesses**

Sec. 10. Each witness, other than an officer or employee of the state or a political subdivision or an officer or employee of a court of this state, shall receive for his attendance the same mileage and per diem as is allowed witnesses before any grand jury in the state. The amounts shall be paid by the commission from funds appropriated for the use of the commission.

**Costs**

Sec. 11. No award of costs shall be made in any proceeding before the commission, master, or district court.

**Compensation of Active or Retired Judge or Justice as Master**

Sec. 12. Any active district judge or justice of the court of appeals appointed to act as master

under said Section 1-a shall, in addition to and cumulative of all other compensation and expenses authorized by law, receive, while in the performance of his duties as master, a per diem of \$25 for each day, or fraction thereof, spent in the performance of his duties as such master. Any retired judge or justice of a district court, a court of appeals, the Court of Criminal Appeals, or the Supreme Court appointed to act as such master shall receive while in the performance of his duties as such master a per diem of \$25 for each day or fraction thereof spent in the performance of his duties as master and in addition an amount representing the difference between all of the retirement benefits of such judge or justice as a retired judge or justice and the salary and compensation received from the state by active judges or justices of the district courts, courts of appeals, the Court of Criminal Appeals, or the Supreme Court as the case might be. Such retirement allowances shall continue to be paid by and from the same source as in the instance of a retired judge who had not been assigned duties. Payments of the additional amounts provided for by this section shall be upon certificates of approval by the commission.

#### Commencement of Initial Term

Sec. 13. The initial term of the members of said commission shall commence as of the 22nd day of May, 1967.

#### Immunity

Sec. 14. Any person other than the judge who refuses to testify, give testimony or produce documents or things in any proceeding or deposition in connection with any proceeding before the commission or a master upon the ground that his testifying, his testimony or the production of such document or thing may tend to incriminate him, may nevertheless be required to testify and to produce such document or thing, but when so required under the provisions of Section 8 hereof over his proper claim of privilege against self-incrimination or his right not to testify, such person shall not be subject to indictment or prosecution for any transaction, matter or thing concerning which he truthfully testified or produced evidence, documentary or otherwise. A master has the same powers as a district judge in matters of contempt and granting immunity.

#### Physical and Mental Examinations

Sec. 15. The commission shall have authority to require a judge to submit to a physical and mental examination, at the expense of the commission, by physicians selected by the commission, where the proceeding before the commission involves the question of the involuntary retirement of such judge because of physical or mental incapacity to discharge his duties.

Such examination or examinations may be had upon 10 days' written notice to the judge specifying

the name of the examining physician, the date, time and place it is to be made. The examination may be made at a place in the city, town, or village where the judge either permanently or temporarily resides, provided he may, with his consent, be examined elsewhere within this state.

The examining physician shall make his written report to the commission and a copy of said report shall be furnished the judge by the commission upon his written request or that of his attorney.

Any such report shall be received as evidence without further formality, but subject to the right of the commission to require the oral or deposition testimony of any reporting physician whether for purposes of cross-examination or otherwise, in respect of the content of the report, and subject to the same right on the part of the judge, if duly demanded by or for him in writing.

#### Notification to Complainant

Sec. 15A. (a) The commission shall promptly notify a complainant of judicial conduct of the disposition of the complaint.

(b) The communication shall inform the complainant that:

- (1) the complaint has no basis and has been dismissed;
- (2) appropriate action has been taken, the nature of which will not be disclosed; or
- (3) formal proceedings have been instituted.

(c) The communication shall not contain the name of a judge unless formal proceedings have been instituted.

#### Annual Report

Sec. 15B. (a) Before December 1 of each year, the commission shall submit to the legislature a report for the preceding fiscal year ending August 31.

(4) changes the commission considers necessary in its rules or the applicable statutes or constitutional provisions.

(c) The commission shall distribute the report to the governor, lieutenant governor, and speaker of the house of representatives, and shall cause the report to be printed in the Annual Report of the Texas Judicial Council and the Texas Bar Journal.

(d) The legislature shall appropriate funds for the preparation and distribution of the report.

If any word, phrase, clause, paragraph, sentence, part, portion or provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act shall nevertheless be valid, the Legislature hereby declares that this Act shall have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, portion or provision.

NATURAL GAS

**Art. 6050. Classification**

Sec. 1. In this article, "person" means an individual, company, or private corporation, or their

lessees, trustees, and receivers. In Articles 6050-6066, Revised Civil Statutes of Texas, 1925, as amended, "gas utility," "public utility," or "utility" means a person owning, managing, operating, leasing or controlling within this State any pipe lines, plant, property, equipment, facility, franchise, license, or permit for either one or more of the following kinds of business:

(a) Transporting, conveying, distributing or delivering natural gas: (1) for public use or service for compensation; (2) for sale to municipalities or persons or companies, in those cases referred to in Subsection (c) hereof, engaged in distributing or selling natural gas to the public; (3) for sale or delivery of natural gas to any person operating under franchise or a contract with any municipality or other legal subdivision of this State; or, (4) for sale or delivery of natural gas to the public for domestic or other use.

(b) Owning or operating or managing a pipe line for the transportation or carriage of natural gas, whether for public hire or not, if any part of the right of way for said line has been acquired, or is hereafter acquired by the exercise of the right of eminent domain.

(c) Producing or purchasing natural gas and transporting or causing the same to be transported by pipe lines to or near the limits of any municipality in which said gas is received and distributed or sold to the public by another public utility or by said municipality, in all cases where such business is in fact the only or practically exclusive agency of supply of natural gas to such utility or municipality, is hereby declared to be virtual monopoly and a business and calling affected with a public interest, and the said business and property employed therein within this State shall be subject to the provisions of this law and to the jurisdiction and regulation of the Commission as a gas utility.

(d) No person shall be deemed to be a "gas utility," "public utility," or "utility" solely because such person is an affiliate of such an entity.

(e) Every such gas utility is hereby declared to be affected with a public interest and subject to the jurisdiction, control and regulation of the Commission as provided herein.

Sec. 2. Provided, however, that the act or acts of transporting, delivering, selling or otherwise making available natural gas for fuel, either directly or indirectly, to the owners of irrigation wells or the sale, transportation or delivery of natural gas for any other direct use in agricultural activities shall not be construed within the terms of this law as constituting any person as a "gas utility," "public utility," or "utility" as hereinabove defined so as to make such person subject to the jurisdiction, control and regulation of the Commission as a gas utility.

Sec. 3. The natural gas made available under the provisions of this Act shall be used exclusively

for pumping water for farm and other agricultural purposes in order for the person furnishing such natural gas to qualify for the exemption provided by Section 2 of this article. The provisions of this Act shall be considered only as cumulative of other laws and shall not have the effect of repealing or amending any substantive or statutory law except as herein specifically provided.

Sec. 4. (a) Except as provided by Section 1(b) of this article, the terms "gas utility," "public utility," and "utility" do not include a person who certifies to the Commission that the person transports natural or synthetic gas, whether for sale, for hire, or otherwise, solely from in or within the vicinity of the field or fields where produced:

(1) to a gas processing plant or treating facility, or from the outlet of such plant or treating facility to:

(A) a person at or within the vicinity of such plant or treating facility; or

(B) anyone described in (2) or (3);

(2) to another person for transportation or sale in interstate commerce; or

(3) to another person in or within the vicinity of the field or fields where produced for transportation or sale in intrastate commerce.

(b) A person who makes deliveries or sales for lease use, compressor fuel, processing plant fuel, or similar uses; deliveries or sales pursuant to lease or right-of-way agreements; or deliveries or sales in or within the vicinity of the field where produced or at a processing plant outlet does not become a "gas utility," "public utility," or "utility" by virtue of such transaction. However, the terms "gas utility," "public utility," and "utility" include a pipeline which transmits or distributes to other end users of gas, or which makes city-gate deliveries for local distribution, but does not include a person that qualified for the exemption provided by Section 2 of this article.

##### Rates; Rules and Regulations

Sec. 1. The Commission after due notice shall fix and establish and enforce the adequate and reasonable price of gas and fair and reasonable rates of charges and regulations for transporting, producing, distributing, buying, selling, and delivering gas by such pipe lines in this State; and shall establish fair and equitable rules and regulations for the full control and supervision of said gas pipe lines and all their holdings, pertaining to the gas business in all their relations to the public, as the Commission may from time to time deem proper; and establish a fair and equitable division of the proceeds of the sale of gas between the companies transporting or producing the gas and the companies distributing or selling it; and prescribe and enforce rules and regulations for the government and control of such pipe lines in respect to their gas pipe lines and producing, receiving, transporting, and distributing facilities; and regulate and apportion the supply of gas between towns, cities, and corporations, and when the supply of gas controlled by any gas pipe line shall be inadequate, the Commission shall prescribe fair and reasonable rules and regulations requiring such gas pipe lines to augment their supply of gas, when in the judgment of the Commission it is practicable to do so; and it

Such rules and regulations shall require (a) that the owner, operator, or manager of a mobile home park shall not deliver natural gas for sale or resale for profit and (b) that the mobile home park shall maintain adequate records in connection with such submetering and shall make the records available for inspection by the mobile home resident during reasonable business hours.

(k) If through judicial review of the decision or order it is determined that no violation occurred or that the amount of the penalty should be reduced or not assessed, the commission shall, within the 30-day period immediately following that determination, if the penalty has been paid to the commission, remit the appropriate amount to the person, with accrued interest, or where a supersedeas bond has been posted, the commission shall execute a release of such bond.

**Art. 6062A. Administrative Penalty**

(a) If a public utility as defined by Article 6050, Revised Statutes, violates this subdivision and the violation results in pollution of the air or water of this state or poses a threat to the public safety, the public utility may be assessed a civil penalty by the railroad commission. For purposes of this article, a public utility is considered to have violated this subdivision if it fails to perform a duty imposed by this subdivision, or fails to comply with a valid order of the Railroad Commission of Texas.

(b) The penalty may not exceed \$10,000 a day for each violation. Each day a violation continues may be considered a separate violation for purposes of penalty assessments.

(c) In determining the amount of the penalty, the railroad commission shall consider the public utility's history of previous violations of this subdivision, the seriousness of the violation, and any hazard to the health or safety of the public.

(d) A civil penalty may be assessed only after the public utility charged with a violation described under Section (a) of this article has been given an opportunity for a public hearing.

(e) If a public hearing has been held, the railroad commission shall make findings of fact, and it shall issue a written decision as to the occurrence of the violation and the amount of the penalty that is warranted, incorporating, when appropriate, an order requiring that the penalty be paid.

(f) If appropriate, the commission shall consolidate the hearings with other proceedings under this chapter.

(g) If the public utility charged with the violation fails to avail itself of the opportunity for a public hearing, a civil penalty may be assessed by the commission after it has determined that a violation did occur and the amount of the penalty that is warranted.

(h) The commission shall then issue an order requiring that the penalty be paid.

(i) On the issuance of an order finding that a violation has occurred, the commission shall inform the public utility charged within 30 days of the amount of the penalty.

(j) Within the 30-day period immediately following the day on which the decision or order is final as provided in Section 16(c), Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes), the public utility charged with the penalty shall:

(1) pay the penalty in full; or

(2) if the public utility seeks judicial review of either the amount of the penalty or the fact of the violation, or both:

(A) forward the amount to the railroad commission for placement in an escrow account; or

(B) in lieu of payment into escrow, post a supersedeas bond with the railroad commission under the following conditions. If the decision or order being appealed is the first final railroad commission decision or order assessing any administrative penalty against the public utility, the railroad commission shall accept a supersedeas bond. In the case of appeal of any subsequent decision or order assessing any administrative penalty against the public utility, regardless of the finality of judicial review of any previous decision or order, the railroad commission may accept a supersedeas bond. Each supersedeas bond shall be for the amount of the penalty and in a form approved by the railroad commission and shall stay the collection of the penalty until all judicial review of the decision or order is final.

(k) If through judicial review of the decision or order it is determined that no violation occurred or that the amount of the penalty should be reduced or not assessed, the railroad commission shall, within the 30-day period immediately following that determination, if the penalty has been paid to the railroad commission, remit the appropriate amount to the public utility, with accrued interest, or where a supersedeas bond has been posted, the railroad commission shall execute a release of such bond.

(l) Failure to forward the money to the commission within the time provided by Section (j) of this article results in a waiver of all legal rights to contest the violation or the amount of the penalty.

(m) Civil penalties owed under this article may be recovered in a civil action brought by the attorney general at the request of the commission.

(n) Judicial review of the order or decision of the railroad commission assessing the penalty shall be under the substantial evidence rule and shall be instituted by filing a petition with the district court of Travis County, Texas, and not elsewhere, as provided for in Section 19, Administrative Procedure and Texas Register Act (Article 6252-13a, Vernon's Texas Civil Statutes).

**Art. 6066a. Regulation of Transportation of Oil or Products Thereof****Definitions**

Sec. 1. (a) The word "Commission" shall mean the Railroad Commission of Texas. The phrase "order of the Commission" shall include any rule, regulation or order adopted by the Railroad Commission of Texas pursuant to the oil and gas conservation statutes of this State, including all provisions of Title 102 of the Revised Civil Statutes of Texas of 1925 and all amendments thereto.

(b) The word "oil" or phrase "crude oil" herein used shall include crude petroleum oil in its natural state as produced and crude petroleum oil from which only the basic sediment and water have been removed. The word "gas" herein used shall include natural gas, bradenhead gas, casinghead gas, and gas produced from an oil or gas well.

(c) The word "product" shall include refined crude oil, crude tops, topped crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casinghead gasoline, natural gas gasoline, naphtha, distillate, gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of petroleum and/or any and all liquid products or by-products derived from crude petroleum oil or gas, whether hereinabove enumerated or not.

(d) "Unlawful oil," as that term is used herein shall include oil which has been produced within the State of Texas from any well or wells in excess of the amount allowed by any order of the Commission, and oil which has been produced within said state in violation of any law of said state or in violation of any order of the Commission, and shall include any oil transported in violation of any such law or in violation of any such order. When any oil has been retained in storage for a period of more than six (6) years without being used, consumed or moved into the regular channels of commerce, it shall be presumed that such oil is "unlawful oil." This presumption shall be rebutted by proof that such oil: (1) was produced from a well or wells within the production allowable then applying to such well or wells; and (2) was not produced in violation of any law of the State of Texas or order of the Commission; and (3) if transported from the

lease from which it was produced, that such transportation was not in violation of any law of the State of Texas or order of the Commission.

(e) "Unlawful product" shall be construed to include any product any part of which was processed or derived in whole or in part from unlawful oil or from any product of unlawful oil, or from unlawful gas, or which is transported in violation of any order of the Commission or in violation of any law of Texas.

(f) "Unlawful gas" shall be construed to include gas produced or transported in violation of any order of the Commission or so produced or transported in violation of any law of Texas.

(g) The word "tender" shall mean a permit or certificate of clearance for the transportation of oil or products approved and issued or registered under the authority of the Commission.

The form of any tender and the application therefor shall be prescribed by order of the Commission and shall show the name and address of the shipper or person tendering oil or products for transportation, name and address of the transporting agency (where such order requires the transporter to be designated), quantity and true classification of each commodity authorized to be transported, place or places where delivery will be made to the transporting agency, and such other related data as may be prescribed by order of the Commission. A tender shall bear a date and serial number, shall show its expiration date, and shall be executed by the agent or agents authorized by the Commission to deny, approve or register tenders. No tender shall be approved or registered by such agent authorizing the shipment or transportation of any unlawful oil or unlawful product.

(h) The word "manifest" shall be construed to include any document issued by a shipper covering oil or products to be transported by truck or other motor vehicle.

The form of a manifest may be prescribed by order of the Commission, and shall bear a certificate signed by the shipper stating the amount of oil or products and each of them to be transported. A manifest shall show, when required by order of the Commission, the date and serial number of the tender, if a tender is required, authorizing such transportation, or any seal or number or other evidence of such tender, the amount and classification of each such product to be transported, the name and address of the transporting agency, name and address of shipper, name and address of consignee, if known, the name and address of the driver or operator of such truck or vehicle; the number on the license plate on such truck or vehicle; the day, hour and place where such truck or vehicle was loaded and the destination, if known, of such load, and such other related data as may be required by order of the Commission. If the form of manifest is not prescribed by order of the Commission, each shipper required to issue a manifest to a transporter

shall utilize the form of manifest commonly used in commercial transactions or the form of manifest required by any State agency or Department of this State to accompany the movement of gasoline.

(i) The word "person" shall include natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator, or representative of any kind.

(j) The phrase "shipping papers" shall be construed to include bills of lading covering oil or products transported by railway, manifest covering oil or products transported by truck or motor vehicle, and any written document covering oil or products transported by pipe line, boat or barge. The phrase "delivery ticket" shall be construed to include any expense bill or written document covering oil or products delivered.

#### Transportation; Regulations

Sec. 2. (a) Whenever, by order of the Commission, a tender is required before oil or products may be transported, and whenever pursuant to such order, an agent of the Commission approves and issues or registers a tender authorizing the transportation of oil or products by trucks or motor vehicles, it shall be the duty of the person obtaining such tender to sign and issue a manifest to the operator of each such truck or motor vehicle, which manifest shall show the date and serial number of the tender authorizing such transportation; a separate manifest shall be issued for each load carried by such truck or motor vehicle. The person obtaining such tender shall not transport or deliver or cause or permit to be transported or delivered any more nor any different commodity than is authorized by such tender. Each transporter authorized to transport oil or products on a manifest issued by a shipper shall not receive for transportation any different commodity than is described in such manifest and shall not receive oil or products in excess of the amount authorized by such manifest. The person authorized to transport oil or products by a manifest issued by a shipper, which manifest bears on its face the date and serial number of such tender, may rely upon the manifest delivered to him, and each consignee or person to whom oil or a product covered by such manifest is delivered by such transporter may rely upon such manifest as authority for receiving the commodity delivered, provided such manifest appears to be valid on its face, is signed by the shipper, and bears the certificate of the shipper that the transportation of such oil or products is authorized by the tender the date and serial number of which is shown on such manifest.

(b) Whenever, pursuant to any order of the Commission, the transportation of oil or products by truck or motor vehicle is prohibited without a manifest showing the date and serial number of a tender authorizing such transportation, it shall be unlawful for any person to transport by truck or motor vehicle any oil or products without having or carrying in such truck or vehicle at all times between the

point of origin and point of destination of such shipment a manifest bearing the date and serial number of the tender authorizing such transportation; and it shall be unlawful for any person to ship or transport or cause to be shipped or transported by truck or motor vehicle any oil or product without furnishing the operator of such truck or motor vehicle a manifest bearing the date and serial number of such tender, authorizing such shipment or transportation; provided, if the person to whom such tender is issued is the operator of such truck or motor vehicle and such tender identifies the truck or motor vehicle by license number and covers one load, such tender in lieu of a manifest may be carried in said truck or vehicle. Products shipped or transported in violation of this Section shall be deemed to be unlawful products. Oil shipped or transported in violation of this Section shall be deemed to be unlawful oil.

(c) It shall be the duty of every person who transports any oil or products by truck or motor vehicle, under conditions that require a tender or manifest as herein provided, to secure from each person to whom any part of such oil or products is delivered a receipt upon the reverse side of said tender or manifest, which receipt shall contain the number of gallons of oil and of each product delivered, the date of delivery and the signature and address of the purchaser or consignee of said oil or products. It shall be the duty of every person who transports any oil or products by truck or motor vehicle and makes deliveries thereof to keep in this State for a period of two (2) years every such tender or manifest issued to him, together with the receipts and endorsements thereon. Such tenders or manifests shall at all times be subject to the inspection of the Commission, its agents and inspectors.

#### Arrests for Unlawful Transportation

Sec. 3. In order to enforce the provisions of this Act every agent of the Commission, highway patrolman, sheriff, constable and all peace officers of this State are empowered to stop any motor vehicle which may appear to be transporting oil or products, for the purpose of taking samples of the cargo and inspecting the shipping papers of such motor vehicle, provided such agent or officer shall have probable cause and reasonable grounds to believe that such vehicle is transporting any unlawful oil or unlawful products. If upon examination of such motor vehicle it is found that the same is transporting any unlawful oil or unlawful product, or is transporting any oil or product without authority of a tender required by order of the Commission, such authorized agent or officer shall, with or without warrant, arrest the driver thereof and carry him before the nearest Justice of the Peace and file a complaint under this Act against such driver. In any criminal action involving the provisions of this Act, no fee shall be allowed any such agent, patrolman, sheriff, constable or other officer for execu-

ting any warrant of arrest or *capias* or for making any arrest with or without a warrant.

#### Fines or Penalties

Sec. 4. (a) Every person who transports by truck or motor vehicle, oil or products, who shall wilfully and knowingly fail to stop such truck or vehicle, when commanded to do so by any agent of the Commission or by any authorized officer or who shall wilfully fail to permit inspection by such agent or officer of the contents of or the shipping papers accompanying such truck or vehicle, shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

(b) Every person who shall knowingly violate any provision of Section two (2) of this Act, or who shall knowingly ship or transport or cause to be shipped or transported by truck or motor vehicle over any public highway, in this State any unlawful oil or unlawful product, or who shall knowingly ship or transport or cause to be shipped or transported by truck or motor vehicle any oil or product without authority of a tender whenever a tender is required by any order of the Commission, or who shall knowingly receive from any truck or motor vehicle or knowingly deliver to any truck or motor vehicle any oil or product not covered by a tender authorizing the transportation thereof whenever a tender is required by any order of the Commission, shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

(c) Whenever by order of the Commission a tender is required before oil or products may be transported or received for transportation by pipe line, railroad, boat or barge, and whenever pursuant to such order an authorized agent of the Commission approves or registers and issues to an initial transporter by pipe line, railroad, boat or barge a tender covering oil or products, such initial transporter may deliver to any connecting carrier or consignee the amount of oil or products covered by such tender, but shall not transport or deliver any more nor any different commodity than is authorized by such tender. Whenever such order provides that connecting carriers or consignees may rely upon the shipping papers executed by such initial transporter as authority to transport or receive the oil or products covered by such shipping papers provided such shipping papers show the date and serial number of the tender issued to the initial transporter, each such connecting carrier receiving oil or products from another transporter by pipe line, railroad, boat or barge, and each consignee receiving oil or products by pipe line, railroad, boat or barge under authority of shipping papers bearing the date and serial number of a tender issued to an initial transporter shall be deemed to be receiving such oil or products by authority of a tender under the provisions of this Act.

(d) Every person who shall knowingly ship or transport or cause or permit to be shipped or transported by pipe line, railroad, boat or barge any

unlawful product or unlawful oil, or who shall knowingly receive or deliver for transportation by pipe line, rail, boat or barge any unlawful product or unlawful oil, or who shall knowingly ship or transport or cause or permit to be shipped or transported by pipe line, rail, boat or barge oil or any product without authority of a tender whenever a tender is required by any order of the Commission, or who shall knowingly receive or deliver by pipe line, rail, boat or barge oil or any product without authority of a tender whenever a tender is required by any order of the Commission, shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200).

**Promulgation of Regulations Prior to Enforcement,  
Except as to Civil Actions**

Sec. 5. Whenever the Commission shall have adopted, after notice and hearing as provided under other statutes of the State, any rule, regulation or order pursuant to any statute of this State, no criminal action shall be maintained against any person involving the violation of any provision of such rule, regulation or order, until the Commission shall have promulgated such rule, regulation or order by publishing a complete copy of same in three (3) newspapers of general circulation in the State of Texas (such newspapers to be selected by said Commission) once each day for three (3) consecutive days, and on and after the seventh (7th) day after the date of the last publication such rule, regulation or order shall be effective and enforceable in any criminal action, brought pursuant to this Act. No criminal action shall be maintained against any person involving the violation of any provisions of any amendment or modification of any order of the Commission until the Commission shall have promulgated such amendment or modification after its adoption by publishing a complete copy of such amended or modified rule, regulation or order in three (3) newspapers of general circulation once each day for three (3) consecutive days, and, on and after the seventh (7th) calendar day of the last publication, such amendment or modification of such rule, regulation or order shall become effective and enforceable in any criminal action brought pursuant to this Act. However, the absence of promulgation by publication as herein provided shall not affect the enforcement of any order of the Commission in any civil or quasi civil action brought pursuant to this Act or to any statute of this State.

**Certificate of Promulgation as Prima Facie Evidence**

Sec. 6. A certificate under the seal of the Commission executed by any member or the Secretary thereof, setting forth the terms of any order of the Commission and that it has been adopted, promulgated and published and was in effect at any date or during any period specified in such certificate shall be prima facie evidence of all such facts, and such certificate shall be admitted in evidence in any action, civil or criminal, involving such order and the publication thereof without further proof of such

promulgation, adoption or publication and without further proof of its contents.

**State Rangers Authorized to Serve Process**

Sec. 7. In all prosecutions, criminal actions, cases, proceedings or suits involving the enforcement of the provisions of this Act or of any order of the Commission all State Rangers and all agents of the Commission shall have the power and authority to serve any criminal or judicial process, warrant, subpoena or writ just the same and as fully as any sheriff, constable or peace officer is authorized under existing laws when so directed by the court issuing such process. Such rangers and such agents of the Commission may serve such process, warrant and subpoena anywhere within the State of Texas although it may be directed to any sheriff or constable of a particular county. They shall make the same return as any other officer, sign their name and add thereunder the title of (in the case of a State Ranger), "State Ranger," and (in the case of an agent of the Commission) the words "Agent, Railroad Commission of Texas," which shall be sufficient to make it valid if the writ is otherwise properly made out. No fees of any kind for such services shall be allowed such State Rangers or agents of the Railroad Commission other than their regular salary or compensation.

**Pleading, Proof and Venue**

Sec. 8. (a) In any complaint, information or indictment alleging a violation of an order of the Commission, it shall not be necessary to set forth fully the terms of such order, and it shall be sufficient therein to allege the substance of the order, or the pertinent term or terms thereof alleged to have been violated.

(b) In any criminal action filed pursuant to this Act, a certificate executed by any member of the Commission or by the Secretary thereof showing the amount of allowable oil which may be produced per day or during a stated period from any oil well or wells, proof of any production from which is involved in such criminal action, shall be admissible in evidence and shall be prima facie evidence of the facts therein stated.

(c) The venue of a criminal action maintained pursuant to this Act is hereby fixed in the county where the oil or products involved in such criminal action is received or delivered, or in any county in or through which such oil or product is transported.

(d) Nothing herein shall restrict or limit the power of the Commission to adopt rules, regulations, or orders pursuant to the oil and gas conservation statutes of this State including all provisions of Title 102 of the Revised Civil Statutes of Texas of 1925 and all amendments thereto.

**Review of Rejection of Tender**

Sec. 9. Whenever an application for a tender is rejected by an authorized agent of the Commission,

it shall be the duty of such agent to return one copy of such application to the applicant endorsing thereon all the reasons for such rejection. Such applicant whose tender may be rejected shall have the right to appeal from any action of such agent by filing a petition in the District Court of Travis County, Texas, against the Commission, for a review of the ruling of such agent. The Court hearing such petition shall have the power to sustain, modify or overrule any action of such agent relative to a tender application and to issue such restraining orders or injunctions as the facts may warrant. It shall be the duty of the Clerk of the Court wherein such petition is filed to issue to the Commission a notice setting forth briefly the cause of action stated in such petition. But the Court shall not enter any order on any such petition until after a hearing thereon to be heard not less than five (5) days from the issuance of such notice. Any person whose application for tender is not acted on within twenty (20) days from the date of its filing shall have the right of appeal in the same manner above provided for appealing from a rejection of a tender application. Any person dissatisfied with the decision of the District Court may appeal to the Court of Appeals.

**Forfeiture of Unlawful Products; Suit by Attorney General; Notice; Hearing and Determination; Fees**

Sec. 10. (a) All unlawful oil and unlawful products, regardless of the date of production or manufacture thereof, are hereby declared to be a nuisance and shall be forfeited to the State as herein-after provided. It shall be the duty of the Commission, its servants, agents, and employees, highway patrolmen, sheriffs, constables, and peace officers, upon the discovery of any unlawful oil or unlawful products, to file immediately with the Attorney General of Texas, a report giving a description of such unlawful oil and/or unlawful products, including the ownership, party in possession, the amount, the location and classification thereof.

(b) When the Attorney General is advised from any source of the presence and existence of unlawful oil and/or unlawful products it shall be his duty to institute a suit in rem against such unlawful oil and/or unlawful product and against all persons owning, claiming or in possession thereof, such suit to be brought in the name of the State of Texas in any court of competent jurisdiction in Travis County or in the county in which such oil or product is located. If it shall appear to the court from an examination of the petition or after hearing evidence thereon at a preliminary hearing that unlawful oil and/or unlawful products mentioned in the petition are in danger of being removed, wasted, lost, or destroyed, the court is authorized and required, in term time or in vacation, to issue restraining orders or injunctive relief, either mandatory or prohibitive, or to appoint a receiver to take charge of the oil or product in question, or to direct the sheriff of the county in which the unlawful oil or

unlawful products are located to seize and impound the same until further orders of the court.

(c) Notice of pendency of such suit shall be served in the manner prescribed by law; either party to said suit may demand a trial by jury on any issue of fact raised by the pleadings and the case shall proceed to trial as other civil cases. If, upon the trial of such suit the oil or product in controversy is found to be unlawful oil or unlawful products, then the court trying said cause shall render judgment forfeiting the same to the State of Texas and authorizing the issuance of an order of sale directed to the sheriff or any constable of the county where the oil or products are located commanding such officer to seize and sell said property in the same manner as personal property is sold under execution. The court may order the oil or products sold in whole or in part as may be deemed proper and the sale shall be conducted at the court house door of the county where the oil and/or products are located and shall conform in all respects to the sale of personal property as aforesaid. The money realized from the sale of any such unlawful oil and/or products shall be applied, first, to the payment of the costs of suit and expenses incident to the sale of such oil and/or products, then the court may allow compensation to any person for expenses incurred in the storage of such unlawful oil and/or products; provided that in no event shall such compensation exceed one-half of the money received from the sale of the unlawful oil and/or products, and after such expenses have been approved and allowed by the court trying the case, all funds then remaining, shall be remitted forthwith to the State Treasurer and shall be by the Treasurer placed to the credit of the General Revenue Fund of the State of Texas.

(d) The officers of said Court shall receive the same fees provided by law for other civil actions. Provided further that the Sheriff executing said sale shall issue a bill of sale or certificate to the purchaser of said oil and/or products and the Commission shall, upon the presentation of said certificate of clearance, issue a tender, if a tender is required, permitting the purchaser of said oil and/or products to move the same into commerce.

**Provisions Cumulative**

Sec. 11. The provisions of this Act shall be cumulative of all other provisions of the Civil Statutes, the Penal Code and the Code of Criminal Procedure, and the remedies herein provided shall be cumulative of all other remedies provided in the Civil Statutes, the Penal Code and the Code of Criminal Procedure.

**Partial Invalidity**

Sec. 12. It is hereby declared to be the legislative intent to enact each separate provision of this Act independent of all other provisions, and the fact that any section, word, clause, sentence or part of this Act shall be declared unconstitutional shall in

no event affect any other section, word, clause, sentence or part thereof.

**Exception as to Retail Purchases**

Sec. 13. The provisions of this Act shall not apply to the retail purchase of the products of petroleum where such products so purchased at retail are contained in the ordinary equipment of a motor vehicle and are used only for the operation of such motor vehicle in which contained.

## 4M. OIL AND GAS LEASES OF PARK LANDS

## Art. 6077o. Leasing for Oil and Gas

## Board for Lease of State Park Lands Created

Sec. 1. A Board is hereby created to consist of the Commissioner of the General Land Office, one (1) citizen of the state, appointed by the Attorney General with the advice and consent of the Senate, who shall serve for a term of two (2) years, and the chairman of the Parks and Wildlife Commission, who shall perform the duties hereinafter indicated; the Board shall be known as the "Board for Lease of State Park Lands." The term "Board" wherever it appears hereafter in this Act shall mean the Board for Lease of State Park Lands. This Board shall keep a complete record in writing of all its proceedings.

## Authority of Board

Sec. 2. The Board hereinabove created is hereby authorized to lease to any person or persons, firm or corporation subject to, and as provided for in this Act, for prospecting, or exploring for and mining, producing, storing, caring for, transporting, preserving and disposing of the oil and/or gas therein to all lands or parcels of same included in the following State Parks, to wit: Abilene State Park, Balmorhea State Park, Bastrop State Park, Bentsen-Rio Grande Valley State Park, Buescher State Park, Big Spring State Park, Blanco State Park, Bonham State Park, Caddo Lake State Park, Cleburne State Park, Daingerfield State Park, Davis Mountains State Park, Fort Griffin State Park, Fort Parker State Park, Old Fort Parker State Park, Frio State Park, Garner State Park, Goose Island State Park, Huntsville State Park, Inks Lake State Park, Jim Hogg State Park, Kerrville State Park, Lake Corpus Christi State Park, Longhorn Cavern State Park, MacKenzie State Park, Meridian State Park, Mineral Wells State Park, Mother Neff State Park, Palmetto State Park, Palo Duro Canyon State Park, Possum Kingdom State Park, San Jose Mission State Park, Stephen F. Austin State Park, Thirty-sixth Division State Park, Tyler State Park, Independence State Park, Barrera State Park, Jeff Davis State Park, Katemcy State Park, Love's Lookout State Park, Robinson State Park, Tips State Park, Fannin State Park, Goliad State Park, Gonzales State Park, Kings State Park, Governor James Stephen Hogg Memorial Shrine, Lipantitlan State Park, Acton State Park, and Monument Hill State Park.

## Survey and Subdivision; Abstracts of Title

Sec. 3. The Board is hereby authorized to cause State Park lands to be surveyed and subdivided into such lots or blocks as will be conducive or convenient to facilitate the advantageous sale of oil and/or gas leases thereon and identify such lots and blocks by permanent markings on the ground, and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board shall forthwith obtain authentic abstracts of title to such State Park lands, and cause same to be examined by the Attorney General who shall file written opinions thereon, and said Board shall take such steps as may be necessary to perfect a merchantable title to such lands in the State of Texas. Such Abstracts of Title and the Attorney General's opinion thereon shall be held on file in the General Land Office as public documents for the inspection of any prospective purchasers of oil and gas leases on said lands.

## Advertisement for Bids

Sec. 4. Whenever, in the opinion of the Board, there shall be such a demand for the purchase of oil and/or gas leases on any lot or tract of said land as will reasonably insure an advantageous sale, the Board shall place such oil and gas in said land on the market in such blocks or lots as the Board may designate. It shall cause to be advertised a brief description of the land from which the oil and gas is proposed to be sold, and that sealed bids for the purchase of said oil and/or gas by lease will be opened, at designated day, at ten o'clock a.m. that day, and that sealed bids received up to that time will be considered. Said advertisements shall be made:

(a) By insertion in two or more papers of general circulation in this State.

(b) By mailing a copy thereof to the county clerk and county judge of every county in this State in which an advertised area may be situated.

(c) In addition to the two foregoing the Board may in its discretion cause advertisement to be placed in oil and gas journals in and out of the State, and to be mailed generally to such persons as they think might be interested.

## Bidding

Sec. 5. All bids shall be directed to the said Board in care of the General Land Office of the State of Texas, and shall be retained by the Commissioner of the General Land Office, until the day designated for the opening of bids, and upon that day the said Board, or a majority of its members, shall open said bids and shall list and file and register all bids and money received. A separate bid shall be made for each whole survey or subdivision thereof. No bid shall be accepted which offers a royalty of less than one-eighth ( $\frac{1}{8}$ th) of the gross production of oil and/or gas in the land bid upon, and this minimum royalty may be increased at the

discretion of the Board, all members concurring, before the promulgation of the advertisement of the land. Every bid shall carry the obligation to pay an amount not less than One Dollar (\$1) per acre for delay in drilling, such amount to be fixed by the Board in advance of the advertisement, and which shall be paid every year for five (5) years, unless in the meantime production in paying quantities is had upon the land.

**Payments Accompanying Bids; Requisites of Bids**

Sec. 6. Every bid shall be accompanied by a payment equal to the minimum price fixed on the land per acre for the delay in drilling if the bid is accepted. The bid shall further indicate the royalty the bidder is willing to pay, which royalty shall not be less than one-eighth ( $\frac{1}{8}$ th) of the gross production. The bid shall further name such amount as the bidder may be willing to pay in addition to the royalty and in the annual payment herein provided for, and shall be accompanied by cash or checks collectable in Austin to cover said amounts.

**Lease or Sale**

Sec. 7. If any one of the bidders shall have offered a reasonable and proper price therefor, and less than the price fixed by the Board, the lands advertised, or any whole survey or subdivision thereof, may be leased for oil and/or gas purposes under the terms of this Act, and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. If after any bidding by sealed bids the Board should reject all bids, as it is hereby authorized to do, it may thereafter offer for sale and sell the oil and/or gas in said lands, in separate whole surveys only or subdivisions thereof, by open public auction at a price less than the price offered by the sealed bids. All bids may be rejected. In the event of no sale at public auction, any subsequent procedure for the sale of said oil and gas leases shall be in the manner above provided.

**Filing Bids; Discontinuance of Yearly Payments; Termination of Lease**

Sec. 8. If the Board shall determine that a satisfactory bid has been received for said oil and gas, it shall be filed in the General Land Office. Whenever the royalties shall amount to as much as the yearly payment as fixed by the Board, the yearly payment may be discontinued. If before the expiration of three (3) years oil and/or gas shall not have been produced in paying quantities, the lease shall terminate.

**Rentals Not Payable During Drilling Operations; Discovery of Oil or Gas**

Sec. 9. If during the term of any lease issued under the provisions of this Act the lessee shall be engaged in actual drilling operations for the discovery of oil and/or gas on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted

so long as such operations are proceeding in good faith; and in the event oil or gas is discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil or gas is produced in paying quantities from such tract. In the event of the discovery of oil and/or gas on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease to properly develop the same. Failure to comply with the obligations provided by this Section shall subject the holder of the lease to penalties provided in Sections 12 and 13 of this Act.

**Duration of Rights; Assignment; Pipe Lines, Telephone Lines and Roads**

Sec. 10. Title to all rights purchased may be held by the owners so long as the area produces oil and gas in paying quantities. All rights purchased may be assigned in quantities of not less than forty (40) acres, unless there be less than forty (40) acres remaining in any survey, in which case such lesser area may be so assigned. All assignments shall be filed in the General Land Office within one hundred (100) days after the date of the first acknowledgment thereof, accompanied by ten cents (10¢) per acre for each acre assigned, and if not so filed and payment made, the assignment shall be ineffective. All rights to any whole survey and to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed in the Land Office accompanied with One Dollar (\$1) for each area assigned but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipe line, telephone line, and the opening of such roads over State Park Lands as may be deemed reasonably necessary for and incident to the purposes of this Act.

**Payment of Royalty and Bonus; Sworn Statement; Inspection of Books and Accounts**

Sec. 11. Royalty and bonus as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, for the benefit of the State Park Development Fund on or before the last day of each month for the preceding month during the life of the rights purchased, and it shall be accompanied by the sworn statement of the owner, manager or other authorized agent showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the premises and the market value of the oil and gas, together with a copy of all daily gauges of tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks or pools and gas lines or gas storage. The books and accounts, receipts and discharges of oil wells, tanks, pools,

meters, pipelines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and/or gas shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, or any member of the State Parks Board.

#### Disposition of Money Received

Sec. 11a. It is expressly provided, however, that any royalty or bonus derived from those park lands operated by local park commissions with the advice and consent of the Board of Control shall be paid to the General Land Office at Austin, Texas to the credit of the State Park Development Fund, which fund is hereby created. All moneys or sums so deposited to the State Park Development Fund shall be appropriated and expended by the Legislature.

#### Protection From Drainage

Sec. 12. In every case where the area in which oil and/or gas sold shall be contiguous to or adjacent to land not State Park Land, the acceptance of the bid and the sale made thereby shall constitute an obligation on the owner thereof to adequately protect the land leased from drainage from adjacent lands. In cases where the area in which the oil and/or gas is sold at a lesser royalty, the owner shall likewise protect the State from drainage from the land so leased or sold for lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided herein for forfeitures.

#### Forfeiture of Lease; Damages; Specific Performance; Lien of State

Sec. 13. If the owner of the rights acquired under this Act shall fail or refuse to make the payment of any sum due thereon, either as rental or royalty on the production, within thirty (30) days after same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling, or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority to access to the records and other data pertaining to the operations under this Act, or if such owner, or his authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within thirty (30) days after production is found in paying quantities, or any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty (30) days after the declaration of forfeiture, the

lease may, at the discretion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon all oil and/or gas produced upon the leased area, and upon all rigs, tanks, pipe lines, telephone lines, and machinery and appliances used in the production and handling of oil and gas produced thereon, to secure any amount due from the owner of the said lease.

#### Filing Papers; Payments; Appropriation and Expenditure

Sec. 14. All surveys, files, records, copies of sale and lease contracts and all other records pertaining to the sales and leases hereby authorized on State Park Land under the control of State Parks Board, shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all bonus payments and royalty for deposit to the credit of the State Park Development Fund, and all rentals for delay in drilling and all other payments, including all filing assignments and relinquishment fees hereunder to the credit of the State Park Development Fund. All moneys or sums so deposited to the State Park Development Fund shall be appropriated and expended by the Legislature for the development, improvement and maintenance of State Parks.

#### Park Lands Operated by Local Park Commissions

Sec. 14a. Provided, however, that all bonus payments, royalty payments, delay rentals and all other payments paid in connection with park lands operated by local park commissions with the advice and consent of the Board of Control shall be paid to the State Park Development Fund.

#### Payment of Expenses

Sec. 15. The expenses of executing the provisions of this Act shall be paid monthly by warrants drawn by the Comptroller on the State Treasurer, and for that purpose the sum of Two Thousand Dollars (\$2,000), or as much thereof as may be necessary is hereby appropriated out of any money in the Treasury not otherwise appropriated until September 1, 1951.

#### Partial Unconstitutionality

Sec. 16. If any provision hereof should be held unconstitutional, the balance of the Act shall not be affected thereby.

#### Powers of Board

Sec. 17. The Board shall adopt proper forms and regulations, rules and contracts as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have

power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids and shall have the further right to withdraw any lands advertised for lease prior to receiving and opening bids. Any and all or parts of laws in conflict with this Act are hereby repealed.

#### Art. 6078a. Abandonment of County Parks

If any parcel of land shall have been dedicated as such county park which may be undesirable for park purposes, the County Commissioners Court of such county, upon the application of any person, or upon its own motion shall hold a hearing to determine whether said parcel of land shall be closed and abandoned as a park. Notice of the time and place of such hearing and of the issues to be determined shall be published in the English language once a week for three (3) consecutive weeks preceding such hearing in some newspaper published in said county. The first of said publications shall appear not less than twenty-one (21) days immediately preceding the date set for such hearing. Said notice shall contain a brief description of such parcel of land and shall state that at such hearing such County Commissioners Court will determine whether or not such parcel of land shall be closed and abandoned as a park, and shall direct all persons interested to appear at the time and place of such hearing to contest the closing and abandonment of such parcel of land as a park if they desire to do so. If there be no newspaper published in the county, the County Commissioners Court shall then post such notice in writing at the Courthouse door of such county, for at least twenty-one (21) days successively next before the date set for such hearing.

At such hearing said County Commissioners Court shall hear evidence as to whether such parcel of land is desirable for park purposes, and shall make a full investigation as to whether the public interest would be better served by the retention and maintenance of said parcel of land as a county park or by closing and abandoning such parcel of land as a park, and, after such hearing, such County Commissioners Court shall enter an order in its minutes, either retaining said parcel of land as a park or closing and abandoning the same as such, according to its determination as to the best public interest.

Should said order direct the closing and abandonment of such parcel of land as a park, such previous dedication thereof shall cease, terminate and expire and the owner of such parcel of land shall thereafter hold the unencumbered fee simple title thereto, free and clear of such dedication. Provided said owner shall pay all taxes due the State and/or any

subdivision thereof at the time said property was conveyed to the county for park purposes.

No person, firm or association of persons shall have the right to offer for sale or barter, exhibit anything or conduct any place of amusement where a fee is charged within said parks without first obtaining the consent of the commissioners court or its duly authorized agent, paying for such privilege or concession the sum agreed upon with said court or its duly authorized agent. All revenue from the sale of such privileges or concessions shall go into a fund for the maintenance of said parks.

**Art. 6079c. Parks in Counties on Gulf Having Suitable Island, Islands, or Part of Island**

**Application of Law**

Sec. 1. The provisions of this Act are applicable to all eligible counties. An "Eligible" County is one which borders on the Gulf of Mexico within whose boundaries is located any island, part of an island, or islands, suitable for park purposes. The suitability of such island, islands, or part of an island for park purposes shall be conclusively established when the Commissioners Court of such County shall have made a finding in an order passed by it that such island, islands, or part of island is or are suitable for park purposes.

**Creation of Board; Powers**

Sec. 2. Any Eligible County, for the purpose of improving, equipping, maintaining, financing, and operating any such public parks or park, owned by such county, may by order passed by the Commissioners Court create a Board to be designated "Board of Park Commissioners," hereinafter sometimes in this Act referred to as the "Board." Any such Board shall have the powers authorized in and shall perform the duties specified in this Act.

**Personnel of Board; Compensation; Expenses**

Sec. 3. The Board of Park Commissioners shall be composed of seven (7) members. When the Commissioners Court of any such county adopts a resolution as aforesaid then the County Judge of such county shall appoint, subject to the approval of the Commissioners Court, seven (7) persons as members comprising the Board of Park Commissioners for such county. Such Commissioners shall serve for a term of two (2) years from the date of their appointment; in the event of any vacancy the County Judge shall fill said vacancy by appointment for the unexpired term. No Park Commissioner may be

an officer or employee of the county for which the Board of Park Commissioners is created, or an officer or employee of any incorporated city located in said county. A Park Commissioner shall hold office until his successor has been appointed and has qualified. A certificate of the appointment or reappointment of any such Commissioner, executed by the County Judge and attested by the County Clerk and ex officio Clerk of the Commissioners Court of such county, shall be filed with the County Clerk and such certificate shall be conclusive evidence of the due and proper appointment of such Commissioner. Each Commissioner of said Board of Park Commissioners shall annually receive as compensation Fifteen Dollars (\$15) for each meeting attended for the first fifty-two (52) meetings held during a calendar year, but shall receive no compensation for any additional meetings held during such calendar year. Each Commissioner shall be compensated for all necessary expenses, including traveling, incurred in performing their duties as Park Commissioners; when an account shall have been thus approved it will be paid in due time by the Board's check or warrant.

**Oath and Bond**

Sec. 4. Each Commissioner so appointed shall within fifteen (15) days after his appointment qualify by taking the official oath and by filing a good and sufficient bond with the County Clerk of such County, payable to the order of the County Judge of such County, and approved by the Commissioners Court. Such bond shall be in the sum prescribed theretofore by the Commissioners Court of such County, but not less than Five Thousand Dollars (\$5,000). Said bond shall be conditioned upon the faithful performance of the duties of such Commissioner, including the proper handling of all moneys that may come into his hands in his capacity as a Park Commissioner; the cost of said bonds shall be paid by the Board.

**Powers Vested in Commissioners; Quorum; Necessary Vote; Officers; Meetings; Funds**

Sec. 5. The powers under this Act shall be vested in the Board of Park Commissioners as constituted from time to time. Four (4) Commissioners shall constitute a quorum of the Board for the purposes of conducting its business and exercising its powers, and for all other purposes. The action of the Board may be taken by a majority vote of the Commissioners present. At the time of the appointment of the first Commissioners in any such County, the appointing power shall designate one (1) of the Commissioners as Chairman of the Board, who shall serve in that capacity until the expiration of the term for which he was appointed (or within such period until he may have vacated his office as a Commissioner), thereafter the Board shall elect a Chairman from among its Commissioners. The Board shall elect from among its own members a Vice-chairman, a Secretary, and a Treasurer. The office of Secretary and Treasurer may be held by

the same person, and in the absence or unavailability of either the Secretary or the Treasurer in the event two (2) persons are holding said positions the other such officer may act for and perform all of the duties of such absent or unavailable officer during such period of absence or unavailability. The Board shall hold regular meetings at times to be fixed by the Board and may hold special meetings at such other times as the business or necessity may require. The money belonging to or under control of the Board shall be deposited and shall be secured substantially in the manner prescribed by law for county funds.

**Depositories; Warrants or Checks; Employees and Agents; Legal Services; Seal**

Sec. 6. The depository or depositories for such funds shall be selected by the Board. Warrants or checks for the withdrawal of money may be signed by any officer of the Board and one (1) other Commissioner or, when duly designated by resolution entered in the minutes of the Board, by two (2) bonded employees of the Board. The Board may employ secretaries, stenographers, bookkeepers, accountants, technical experts, and such other agents and employees, permanent or temporary, as it may require and shall determine their qualifications, duties, and compensation. In addition the Board may also employ and compensate a manager for any park or parks and may give him full authority in the management and operation of the park or parks subject only to the direction and orders of the Park Board. For such legal services as it may require the Board of Park Commissioners may call upon the County Attorney of such County, and in lieu thereof or in addition thereto the Board may employ and compensate its own counsel and legal staff. The Board shall adopt a seal which shall be placed on all leases, deeds, and other instruments which are usually executed under seal, and on such other instruments as may be required by the Board.

**Personal Interest**

Sec. 7. No Commissioner or employee of the Board shall acquire any pecuniary interest, direct or indirect, in any improvements, concessions, equipment or any business located within the confines of any public park administered by such Board, nor shall he have any interest, direct or indirect, in any contract or proposed contract for construction, materials or services in connection with or related to any park under control of the Board.

**Records**

Sec. 8. The Board of Park Commissioners shall keep a true and full account of all its meetings and proceedings and preserve its minutes, contracts, accounts, and all other records in a fire proof vault or safe. All such records shall be the property of the Board and shall be subject to inspection by the Commissioners Court at all reasonable times during office hours on business days.

**Contracts, Leases and Agreements; Particular Purposes; Disbursement of Funds**

Sec. 9. Such Board shall have full and complete authority to enter into any contract, lease or other agreement connected with or incident to or in any manner affecting the acquisition, financing, construction, equipping, maintaining, or operating all facilities located or to be located on or pertaining to any park or parks under its control. It shall also have authority to disburse and pay out all funds under its control for any lawful purpose for the benefit of any such park or parks.

**Contracts, Leases and Agreements Necessary and Convenient**

Sec. 10. Such Board shall have general power and authority to make and enter into all contracts, leases and agreements which said Board shall deem necessary and convenient to carry out any of the purposes and powers granted in this Act. Any such contract, lease or agreement may be entered into, without advertisement, with any person, real or artificial, any corporation, municipal, public or private, any governmental agency or bureau, including the United States Government and the State of Texas, and may make contracts, leases, and agreements, with any such person, corporation, or entities for the acquisition, financing, construction or operation of any facilities in, connected with or incident to any such park. Any and all contracts, leases and agreements herein authorized, to be effective, shall be approved by resolution of the Board and shall be executed by its Chairman or Vice-chairman and attested by its Secretary or Treasurer.

**Suits**

Sec. 11. Such Board shall have the right to sue and be sued in its own name.

**Revenue Bonds**

Sec. 12. (a) For the purpose of providing funds for the acquisition of any permanent improvements to such park or parks, or for the acquisition by construction or otherwise of any facilities to be used in or connected with or incident to any such park or parks, or for any one or more of such purposes, the Board shall have the power from time to time and is hereby authorized by resolution (hereinafter sometimes called the "Resolution"), to procure the issuance of revenue bonds, hereinafter sometimes called the "Revenue Bonds," which shall be fully negotiable instruments under the Uniform Negotiable Instruments Law<sup>1</sup> and all other laws of Texas. Included but without limiting, among the permanent improvements and facilities which may be acquired through the issuance of Revenue Bonds are the following: bath houses, bathing beaches, swimming pools, pavilions, auditoriums, coliseums, stadia, athletic fields, golf courses, buildings and grounds for assembly, entertainment, health and recreation, restaurant and refreshment places, yacht basins, and landing strips and ports for aircraft. Provided that

no Revenue Bonds shall be issued under authority of such Resolution unless and until said Resolution shall have first been approved by the Commissioners Court of such County, evidenced by an order to that effect. Such Revenue Bonds shall be issued in the name of such County, signed by the County Judge and attested by the County Clerk and Ex Officio Clerk of the Commissioners Court of said County. They shall have impressed thereon the seal of the Commissioners Court of said County, shall mature serially or otherwise in not to exceed forty (40) years and may be sold by the Board at a price and under terms determined by the Board to be the most advantageous reasonably obtainable, provided that the average interest cost, taking into consideration the maturity date or dates of the Revenue Bonds calculated by the use of standard bond interest tables currently in use by insurance companies and investment houses, shall not exceed six per cent (6%) per annum. The Resolution authorizing the issuance of the bonds, rendered effective by the approving order of the Commissioners Court shall prescribe the details as to the Revenue Bonds. It may contain provisions for the calling of the Revenue Bonds for redemption prior to their respective maturity dates at such prices and at such times as may be prescribed in such Resolution, but except for such rights of redemption expressly reserved in the Resolution and in the Revenue Bonds they shall not be subject to redemption prior to their scheduled maturity date or dates. The bonds may be made payable at such times and at such places, within or without the State of Texas, as may be prescribed in the Resolution, and they may be made registerable as to principal, or as to both principal and interest.

(b) The Revenue Bonds may be issued in one or more series from time to time as required for carrying out the purposes of this Act.

(c) The bonds may be secured by a pledge of all or a part of the Net Revenues (as defined in Section 12(d) hereof) from the operation of such park or the parks, or the facilities thereof and incident thereto, or by a pledge of the net revenues both from said park or parks and said facilities, or any one or more thereof. The net revenues of any one or more contracts, operating contracts, leases, or agreements theretofore or thereafter made or to be made may be pledged as the sole, or as additional security, for the support of the bonds. Any other revenue specified in the Resolution of the Board may be pledged as the principal or as additional security for the bonds. In any such Resolution the Board may reserve the right under conditions therein specified to issue additional bonds which will be on a parity with, or subordinate to the bonds then being issued.

(d) The term "Net Revenues" as used in this Section and in this Act shall mean the gross revenues from the operation of the park or the parks, and the facilities thereof, leases, agreements and contracts, and incidents thereto, or from any one or more thereof, whose revenues shall have been thus

pledged, after deduction of the necessary expenses as defined in Section 14 hereof.

(e) From the proceeds of the Revenue Bonds the Board may set aside, as shall be prescribed in the Resolution, an amount for payment of interest estimated to accrue during the construction period and in addition thereto such reserve for the interest and sinking fund as may be deemed proper. From the proceeds of the Revenue Bonds all expenses necessarily incurred in issuing and in selling the Revenue Bonds shall be paid. The remainder of such proceeds shall be used for the purposes specified in the Resolution, and comprehended by the purposes permitted under Section 12(d) of this Act.

(f) Said bonds shall never be construed to be a debt of the County or the State of Texas within the meaning of any constitutional or statutory provisions, but shall be payable solely and only from the revenues pledged to their payment as herein provided. Each Revenue Bond shall contain on its face substantially the following provisions:

"The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

No such bonds shall ever be a debt of such County, but solely a charge upon the pledged revenues. Such bonds shall never be reckoned in determining the power of the County to incur obligations payable from taxation.

(g) So long as any of the Revenue Bonds are outstanding no additional bonds of equal dignity shall be issued against the pledged revenues except to the extent and in the manner expressly permitted in the Resolution.

(h) Before any such bonds are delivered to the purchaser they shall be submitted to the Attorney General along with the record pertaining thereto for his examination and approval. It shall be the duty of the Attorney General to approve the Revenue Bonds when issued in accordance with this Act. Bonds thus approved by the Attorney General and registered within the office of the Comptroller of Public Accounts shall be incontestable.

<sup>1</sup> Repealed; see, now, Business and Commerce Code, § 3.101 et seq.

#### **Revenue and Refunding Bonds; Covenants as to by Commissioners Court Order**

Sec. 12a. Notwithstanding any of the provisions of this law the Revenue Bonds permitted by Section 12 hereof to be issued, or the refunding bonds permitted by Section 13 hereof to be issued, shall be authorized by an order passed by the Commissioners Court of the county, on its own motion, and by such order said Court may make such covenants on behalf of the county as it may deem necessary and advisable, and said Court shall perform or cause to be performed any covenants thus made. The provisions of this section shall take precedence over any other provisions of this law that may be in conflict herewith or contrary thereto.

#### Refunding Bonds

Sec. 13. Revenue Bonds which likewise will be fully negotiable, may be issued by Resolution first adopted by the Board and thereafter approved by order of the Commissioners Court of such County for the purpose of refunding bonds issued under this Act. The refunding bonds may be secured in the manner provided in this Act for securing original Revenue Bonds. No election shall be required for the issuance either of the bonds or of any refunding bonds. Such refunding bonds may be sold and the proceeds used to retire the original bonds, or may be issued in exchange for the original bonds, as may be provided in the resolution authorizing their issuance.

#### Expenses; Fees and Tolls

Sec. 14. (a) The expense of operation and maintenance of facilities whose revenues are pledged to the payment of bonds shall always be a first lien on and charge against the income thereof. So long as any of said bonds or interest thereon remain outstanding the Board shall charge or require the payment of fees and tolls for the use of such facilities which shall be equal and uniform within classes defined by the Board and which shall yield revenues at least sufficient to pay the expenses of such operation and maintenance, and to provide for the payments prescribed in the Resolution for "Debt service" as that term may be defined in the Resolution (which without limitation may include provisions for any or all of the following: the payment of principal and interest as such principal and interest respectively mature, the establishment and maintenance of funds for extensions and improvements, an operating reserve, and an interest and sinking fund reserve).

(b) The Board is authorized to determine the rates, charges and tolls which must be charged by it and by those, if any, having operating or lease contracts whose revenues are pledged with the Board for the use of such facilities and for the services to be rendered by such facilities.

#### Provisions Applicable to Bonds

Sec. 15. The following provisions shall be applicable as to Revenue Bonds issued under this Act:

(a) It shall be the duty of the Board to fix such tolls and charges for the use of the facilities whose revenues are thus pledged as will yield revenues fully sufficient to operate and maintain such facilities and to permit full compliance by the Board with the covenants contained in the Resolution for the making of payments into the Debt Service Fund, including payments into any reserve accounts or funds created in the Resolution in connection with the issuance of the Bonds. In the event that any part of the security for the Revenue Bonds consists of money to be received by the Board as consideration for facilities belonging to the Board but operated by another or others under some form of lease or

operating contract, it shall be the duty of the Board to fix and authorize rates, charges and tolls to be made by such person or persons for services to be rendered by such facilities, at least sufficient to assure the receipt by the Board of money which the Board is committed to pay from such source for Debt Service under the terms of the Resolution.

(b) The proceeds of the bonds shall be used and shall be disbursed under such restrictions as may be provided in the Resolution, and there shall be and there is hereby created and granted a lien upon such moneys, until so applied, in favor of the holders of the Revenue Bonds or of any trustee provided for in respect to such bonds, but neither the depository of such funds nor the trustee shall be obligated to see to the proper application of such fund except as expressly provided in the Resolution or in the indenture securing the bonds. Any surplus remaining from the bond proceeds after providing for the following: interest during construction and for such additional period as may be prescribed in the Resolution, and the creating of any reserve fund prescribed in the Resolution, shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices, with any remainder after such purchase to be deposited in the fund established in the Resolution for debt service.

(c) The Resolution may provide that such Revenue Bonds shall contain a recital that they are issued pursuant to and in strict conformity with this Act and such recital when so made shall be conclusive evidence of the validity of the Revenue Bonds and the regularity of their issuance.

(d) Any Revenue Bond issued pursuant to the provisions of this Act shall be exempt from taxation by the State of Texas or by any municipal corporation, county, or other political subdivision or taxing district of the State.

(e) If so provided in the Resolution an indenture securing the bonds may be executed by and between the County and a corporate trustee, and such Resolution may provide also for execution of the indenture by a corporate or an individual cotrustee. Any such corporate trustee or corporate cotrustee shall be any trust company or bank within or without the State of Texas having the powers of a trust company.

(f) Either the Resolution or such indenture may contain such provisions for protecting or enforcing the rights or remedies of the bondholders as may be considered by the Board reasonable and proper and not in violation of law, including covenants setting forth the duties of the Board in reference to maintenance, operation or repair, and insurance (including within the discretion of the Board insurance against loss of use and occupancy) of the facilities whose revenues are pledged, and the custody, safeguarding and application of all moneys received from the sale of the Revenue Bonds, and from revenues to be received from the operation of the project.

(g) It shall be lawful for any bank or trust company in this State to act as depository for the proceeds of the bonds or revenues derived from the operation of facilities whose revenues may be pledged, or for the special funds created to assure payment of principal and interest on the Revenue Bonds, including reserve funds and accounts, or for one or more of such classes of deposits, and to furnish such indemnity bonds or to pledge such securities as may be required by the Board.

(h) The Board may select such depository or depositories without the necessity of seeking competitive bids. Such deposits shall be secured in the manner required by law for the security of money belonging to counties. Provided that the Board in the Resolution or the indenture securing the Revenue Bonds may bind the Board to the use of direct obligations of the United States Government or obligations unconditionally guaranteed by the United States Government as security for such deposits. Such indenture, or ordinance, may set forth the rights and remedies of the bondholders and of the Trustee and may restrict the individual rights of action of the bondholders. The Resolution may contain all other suitable provisions such as the Board may deem reasonable and proper for the security of the bondholders, including but without limitation covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become, or may be declared to be due before maturity, and as to the rights, liabilities, powers and duties arising from the breach by the Board of any of its duties or obligations.

(i) That any holder or holders of the Revenue Bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights by mandamus or other proceedings in any court of competent jurisdiction to enforce his or their rights against the Board or its employees, the agents and employees thereof, or any lessee or any of said facilities whose revenues are pledged, including but not limited to the right to require the Board to impose and establish and enforce sufficient and effective tolls and charges to carry out the agreements contained in the Resolution and indenture, or in both the Resolution and indenture, and to perform all agreements and covenants therein contained and duties arising therefrom, and in the event of default as defined in the Resolution authorizing the Revenue Bonds or in the indenture securing the Revenue Bonds to apply for and obtain the appointment of a receiver for any of the properties involved. If such receiver be appointed he shall enter and take possession of the facilities whose revenues shall have been pledged and until the Board and the County may no longer in default, or until relieved by the Court, retain possession of the properties involved and collect and receive all revenues and tolls arising therefrom in the same manner as the Board itself might do, and shall dispose of all such moneys and apply same in ac-

cordance with the obligations of the Board under the Resolution or indenture, and as the Court may direct. Nothing in this Act shall authorize any bondholder to require the Board to use any funds in the payment of the principal or of interest on the bonds except from the revenues pledged for their payment.

(j) The Resolution or the indenture securing the bonds may contain provisions to the effect that so long as the revenues of such park facilities are pledged to the payment of Revenue Bonds no free service shall be rendered by any of such facilities of the park for which tolls, charges and rentals are to be effective under the Resolution.

(k) All such revenue bonds shall be and are hereby declared to be legally authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds and other funds of the State of Texas, and of all municipal corporations, counties, political subdivisions, public agencies, and taxing districts within the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of all municipal corporations, counties, political subdivisions, public agencies and taxing districts within the State of Texas, and such bonds shall be lawful and sufficient security for such deposits to the extent of their face value when accompanied by all matured coupons appurtenant thereto.

(l) The provisions contained in the Resolution and in the indenture and the applicable provisions of this Act shall constitute an irrevocable contract between the Board and the County on the one part and the holders of such bonds on the other part.

**Leases or Operating Agreements Made Prior to, or Concurrently With, Authorization of Bonds**

Sec. 16. At any time prior to the authorization of Revenue Bonds secured by a pledge of the revenues from any designated facility or facilities of the park or parks, the Board may within its discretion and for such period of time as it may determine make a contract or lease agreement with a company, corporation, or individual, for the operation of such facility, or facilities, the consideration for such contract or lease agreement to be specified, or the method of determining such consideration to be prescribed in such contract or lease agreement. The revenues from any such contract or agreement may be pledged in the Resolution or indenture as security or additional security for the Revenue Bonds. Any such facility or facilities may likewise be leased under such contract or lease agreement concurrently with the authorization of the issuance of said Revenue Bonds, and the revenues therefrom pledged as security or additional security for the Revenue Bonds; and in the event that issuance of said Revenue Bonds is authorized concurrently with the contract or lease agreement then the revenues from such contract or agreement shall constitute

the sole or substantially all of the security for the Revenue Bonds such contract or agreement must provide that the rentals, tolls and charges to be enforced by such lessee for the use or services provided by such facility or facilities shall be sufficient at least to yield in the aggregate money necessary to pay the reasonable operation and maintenance expenses to assure proper operation and maintenance of such facility or facilities, plus an amount which will assure income to the Board to permit and assure payments into the several funds and accounts in the manner, at the times and in the amounts specified in the Resolution. Any such lease agreement or contract may provide that such rentals, tolls and charges may be sufficient to yield a reasonable profit to the other party to the lease agreement or contract, but to be realized only after payment in full of the obligation to the Board; any such operating or lease contract may provide for payment of the annual consideration or rental in monthly installments approximately equal and that failure to pay any required sum when due may be declared to be a breach of contract or agreement, entitling the Board under regulations prescribed therein to declare the contract or agreement forfeited and to take over the operation and maintenance of such facility or facilities, but such remedy shall be cumulative of all others therein provided or recognized.

**Annual Financial Statement; Budget; Operation Without Seeking Appropriation**

Sec. 17. Before July 1st of each year the Board shall prepare and not later than July 1st file with the County Judge of such County a complete statement showing the financial status of the Board, its properties, funds and indebtedness. The statement shall be in two (2) parts or shall be so prepared as to show separately (a) all information concerning the Revenue Bonds, the income from pledged facilities, and expenditures of such revenues, and (b) all information concerning moneys which may have been appropriated to the Board by the Commissioners Court, realized from taxation, and moneys, if any, realized from the sale of tax supported bonds theretofore issued by the County. Concurrently with the filing of such statement, the Board shall file with the County Judge of such County a proposed budget of its needs, if any, for the next succeeding calendar year. To the extent that the Board is able to finance its operations and to maintain its property from the revenues of facilities whose income is pledged to Revenue Bonds, in the manner provided in the Resolution or in the trust indenture, no approval or authorization by the Commissioners Court shall be necessary. But such budget shall involve only anticipated supplemental expenditures. The County Judge shall incorporate such requested budget in the County budget to be prepared by him during the month of July of each year. As a part of the County's tentative budget, the items thus certified by the Board shall be subject to the procedure for the County budget prescribed by Chapter 206,

Acts of the Regular Session of the Forty-second Legislature, Sections 10 to 13, both inclusive, carried forward in Vernon's Annotated Statutes as Articles 689-a-9 to 689-a-12. It shall be the duty, however, of the Board to so operate said park or parks that there will be available from the gross revenues received from the operation of park facilities whose revenues are pledged to the payment of Revenue Bonds money sufficient to pay the operation and maintenance expenses of said facilities without seeking from the Commissioners Court the appropriation of additional money for the expense of maintaining and operating such facilities.

**Rules and Regulations**

Sec. 18. The Board shall have the power to adopt and promulgate all reasonable regulations and rules, applicable to tenants, concessionaires, residents and users of park facilities, regulating hunting, fishing, boating and camping and all recreational and business privileges in any such park or parks.

**Acceptance of Grants and Gratuities**

Sec. 19. The Board is hereby authorized to accept grants and gratuities in any form from any source approved by the Board including the United States Government or any agency thereof, the State of Texas or any agency thereof, any private or public corporation; and any other person, for the purpose of promoting, establishing and accomplishing the objectives and purposes and powers herein set forth.

**Validation of Appointment and Acts of Existing Board**

Sec. 20. The appointment of any Board of Park Commissioners hereto made is hereby validated provided any such park commissioners heretofore appointed shall within fifteen (15) days after this Act becomes law file a good and sufficient bond, as provided for herein in Section 4; and all acts, contracts, leases, and agreements heretofore made by any existing Board of Park Commissioners pertaining to any of the powers or purposes of this Act are hereby validated.

**Exercise of Powers by Commissioners Court**

Sec. 21. In the event the County Commissioners Court of any Eligible County, as hereinbefore defined, does not pass a resolution authorizing the establishment of such Board of Park Commissioners, or in the event the establishment of any such Board of Park Commissioners be declared by the courts to be invalid, then, in either event, the County Commissioners Court of any such Eligible County is hereby expressly granted the right to exercise, solely if the establishment of no such Board has been attempted or by ratification of the actions of any such Board prior to the declaration of the invalidity of said Board's establishment, any and all of the powers, acts and authority by this Act conferred, authorized and delegated to said Board of

Park Commissioners, provided, nothing contained in this Section shall be construed as authorizing any such Commissioners Court to limit or restrict any such Board of Park Commissioners from exercising any and all of the powers, acts and authority conferred, authorized and delegated to it by the Legislature.

**Laws Cumulative; Conflict With Other Laws**

Sec. 22. This Act is cumulative of all other laws relating to County Parks, but this Act shall take precedence in the event of conflict.

**Partial Unconstitutionality**

Sec. 23. In case any one or more of the sections or provisions of this Act, or the application of such sections or provisions to any situation, circumstance, or person, shall for any reason be held to be unconstitutional, such unconstitutionality shall not affect any other sections or provisions of this Act or the application of such sections or provisions to any other situation, circumstance, or person, and it is intended that this law shall be construed and applied as if such section or provision had not been included herein for any constitutional application.

**Art. 6079c-1. Bonds for Construction of Roads; Counties on Gulf Having Islands Suitable for Recreational Purposes**

Sec. 1. Any county situated on the coast of the Gulf of Mexico and having within its boundaries any islands susceptible of development for recreational purposes for the use and benefit of the inhabitants of such county shall be authorized to construct, improve and operate roads on such islands and to issue bonds for such purpose payable from tolls charged for their use, or from taxation, or from both such sources. Such bonds may be issued and secured in the manner and in accordance with the provisions of Chapter 304, Acts 1947, 50th Legislature, as amended by Chapter 122, Acts 1949, 51st Legislature,<sup>1</sup> except that no bonds, whether payable from taxes or revenues, shall be issued, nor shall any county funds be expended in any manner in connection with or on any such revenue project, unless and until they shall have been authorized at an election at which the question of their issuance and/or expenditure shall have been submitted to a vote of the people.

Sec. 2. In those instances where any such county has issued bonds under said Chapter 304, Acts 1947, as amended, for any of the purposes authorized thereby and has secured the payment of such bonds by a pledge of the revenues to be derived from the operation of any such facility and further secured said bonds by the levy of ad valorem taxes authorized under Article 3, Section 52 of the Constitution, and which county may issue bonds for the purposes authorized in Section 1 hereof, where such

bonds shall be payable wholly or partially from revenues, the provisions of Section 7 of said Chapter 304, as amended, empowering the State Highway Commission to declare such facilities to be a part of the State Highway System and thereafter to maintain and operate said facilities free of tolls shall be inapplicable to the facility first constructed, until the bonds issued under this Act shall have been paid, or a sufficient amount for the payment of all such bonds and interest thereon to maturity shall have been set aside in a trust fund for the benefit of the bondholders for such purpose.

**Art. 6079e. Counties of 5,000 or More**

**Applicability of Law**

Sec. 1. The provisions of this Act shall apply to any county in this State having a population of five thousand (5,000) or more according to the last preceding Federal Census.

**Creation of Board; Powers**

Sec. 2. Any such county, for the purpose of acquiring, improving, equipping, maintaining, financing, and operating any one or more public parks owned or to be acquired by such county, may by order passed by the Commissioners Court adopt the provisions of this Act, and thereby obtain the benefits hereof for said purpose. In such order it shall be provided, with respect to such park or parks, whether the Commissioners Court shall exercise all the powers granted by and perform all the duties specified in this Act, or whether a "Board of Park Commissioners" (hereinafter sometimes referred to as the "Board") shall be created and exercise the powers and perform the duties hereinafter provided with respect to such Board. In the event that it is provided that the Commissioners Court shall exercise all the powers and perform all the duties, then the provisions of this Act with reference to the powers and duties of such Board shall apply to said Commissioners Court, and all the powers granted by and duties specified in this Act relating to said Board and to the Commissioners Court shall be exercised and performed by said Court. In the event that it is provided that such Board shall be created, then the powers granted by and duties specified in this Act shall be exercised and performed by said Commissioners Court and Board in the manner hereinafter set forth. Further, in the event that it is provided that such Board shall be created, the Commissioners Court shall transfer to said Board jurisdiction and control of such park or parks, subject, however, to the provisions of this Act.

**Personnel of Board; Compensation; Expenses; Oath and Bond**

Sec. 3. The Board of Park Commissioners shall be composed of seven (7) members. After the Commissioners Court has adopted an order creating such Board, as provided in Section 2 hereof, the Commissioners Court shall appoint seven (7) persons as members of such Board. Three (3) members of the first Board so appointed shall serve for a term expiring on February 1st following their appointment and until their successors have been appointed and qualified, and the remaining four (4) members shall serve for a term expiring on the second February 1st which follows their appointment (being one year from the date of the expira-

tion of the term of the three (3) members, as provided above) and until their successors have been appointed and qualified. In the appointment of the members of said first Board, the Commissioners Court shall designate the respective terms of office of such members. Except for the first Board, the term of office of members of the Board shall be for two (2) years ending on February 1st and until their successors are appointed and qualified, and in the month of January of each year the Commissioners Court shall appoint three (3) or four (4) Park Commissioners, as the case may be, to succeed the members whose term shall expire on the following February 1st. If a vacancy on the Board occurs because of the resignation or death of a member, or otherwise, the Commissioners Court shall fill the same for the unexpired term by the appointment of a successor member. Each Park Commissioner shall be a duly qualified resident voter of the county but shall not be an officer or employee of the county or of any incorporated city therein. Each Park Commissioner shall within fifteen (15) days after his appointment qualify by taking the official oath and by filing a good and sufficient bond with the County Clerk, payable to the County Judge of such county. Such bond shall be in the sum prescribed theretofore by the Commissioners Court, but not less than Five Thousand Dollars (\$5,000). Said bond shall be conditioned upon the faithful performance of the duties of such Park Commissioner, including the proper handling of all moneys that may come into his hands in his capacity as a Park Commissioner, and the cost of said bonds shall be paid by the Board. A certificate of the appointment or re-appointment of any such Park Commissioner executed by the County Judge and attested by the County Clerk shall be filed in the office of such County Clerk, and shall be conclusive evidence of the due and proper appointment of such Commissioner. Each Park Commissioner shall annually receive as compensation a sum to be fixed by the Commissioners Court not to exceed Fifteen Dollars (\$15) for each meeting attended for the first fifty-two (52) meetings held during a calendar year, but shall receive no compensation for any additional meetings held during such calendar year. Each Park Commissioner shall be compensated for all necessary expenses, including traveling expenses, incurred in performing his (or her) duties as Commissioner.

#### Supervision of Commissioners Court

Sec. 4. Notwithstanding anything in this Act to the contrary, the Board shall be subject to the supervision of the Commissioners Court in exercise of all its rights, powers, and privileges granted hereunder and in performance of all its duties required hereunder; and the Commissioners Court shall approve all contracts, leases, deeds, and other agreements made or granted by the Board, and appropriate minute entry in the official minutes of said Court shall constitute sufficient evidence of such approval.

#### Chairman of Board; Officers; Quorum; Meetings; Records; Seal

Sec. 5. At the time of appointment of the Park Commissioners of the first Board, the Commissioners Court shall designate one of the Commissioners as Chairman of such Board, who shall serve in that capacity until the expiration of the term for which he was appointed (or within such period until he may have vacated his office as a Park Commissioner), and thereafter the Board shall elect a Chairman from among its Park Commissioners. The Board shall elect from among its own members a Vice-chairman, a Secretary and a Treasurer. The offices of Secretary and Treasurer may be held by the same person, and in the absence or unavailability of the Secretary or the Treasurer, in the event two (2) persons are holding said positions, the other such officer may act for and perform all of the duties of such absent or unavailable officer during the period of absence or unavailability. The Board shall hold regular meetings at such times to be fixed by the Board, and may hold special meetings at such other times as the business or necessity may require. Four (4) Park Commissioners shall constitute a quorum of the Board for the purpose of conducting or transacting any of its business and exercising any of its powers, and for all other purposes, and any and all action of the Board may be taken by a majority vote of the Park Commissioners present. The Board shall keep a true and full account of all its meetings and proceedings, and shall preserve its minutes, accounts, contracts, and all other records in a fireproof vault or safe. All such records shall be the property of the Board and shall be subject to inspection by the Commissioners Court and other officers of the county at all reasonable times during office hours on business days. The Board shall adopt a seal which shall be placed on all leases, deeds, and other instruments which are usually executed under seal, and on such other instruments as may be required by the Board.

#### Secretaries and Stenographers; Employment of Park Managers

Sec. 6. The Board may employ secretaries, stenographers, bookkeepers, accountants, technical experts, and such other agents and employees, permanent or temporary, as it may require and shall determine their qualifications, duties, and compensation. In addition, the Board may also employ and compensate a manager for any park or parks, and may give him full authority in the management and operation of the park or parks, subject to direction and orders of the Board and the Commissioners Court.

#### Depositories; Audit of Moneys; Warrants or Checks

Sec. 7. (a) The depository or depositories of all moneys or funds belonging to or under the control of the Board (other than bond proceeds or revenues and funds pledged to the payment of revenue bonds, which are hereinafter provided for) shall be

selected by the Commissioners Court on the basis of competitive bids substantially in the manner prescribed by law for county funds, and the moneys and funds so deposited shall be secured substantially in the manner and amount prescribed by law for county funds.

(b) The County Auditor shall maintain a current audit of all such moneys and funds, and shall prepare monthly and annual audit reports, which reports shall be filed with the Commissioners Court and with the Board, and shall be available for public inspection at all reasonable times during office hours on business days.

(c) Warrants or checks for the withdrawal of such moneys or funds shall be signed by any officer of the Board (or, when duly designated by order or resolution of the Board, by one bonded employee of the Board) and countersigned by the County Auditor.

(d) The County Attorney shall perform all the necessary legal services for the Board.

#### Personal Interest

Sec. 8. No Park Commissioner or employee of the Board shall acquire any pecuniary interest, direct or indirect, in any improvements, concessions, equipment, or any business located within the confines of any public park administered by the Board or in any way related thereto, nor shall any Park Commissioner have any interest, direct or indirect, in any contract or proposed contract for construction, materials, or services in connection with or related to any park under administration by the Board.

#### Maintenance and Operation of Parks; Contracts, Leases and Agreements; Disbursement of Funds

Sec. 9. Subject to the supervision of the Commissioners Court, the Board shall maintain and operate any park or parks administered by said Board, and subject to the approval of said Court, the Board shall have full and complete authority to enter into any contract, lease, or other agreement connected with or incident to or in any manner affecting the acquisition, financing, construction, equipment, maintenance, or operation of any facility or facilities located or to be located on or pertaining to any park or parks administered by the Board; and any such contract, lease, or other agreement may be for such length or period of time and upon such terms and conditions as may be prescribed therein. The Board shall also have authority to disburse and pay out moneys and funds under its control for any lawful purpose for the benefit of such park or parks.

#### Contracts, Leases and Agreements Necessary and Convenient

Sec. 10. Such Board shall have general power and authority to make and enter all contracts, leases, and agreements which the Board shall deem necessary or convenient to carry out any of the

purposes and powers granted in this Act, upon such terms and conditions and for such length or period of time as may be prescribed therein. Any such contract, lease, or agreement may be entered into with any person, real or artificial, any corporation, municipal or private, any governmental agency or bureau, including the United States Government and the State of Texas and political subdivisions of said State, and the Board may make contracts, leases, and agreements with any such persons, corporations, or entities for the acquisition, financing, construction, or operation of any facilities in or connected with or incident to any such park. Any and all contracts, leases, and agreements herein authorized, to be effective, shall be authorized by order or resolution of the Board, shall be executed by its Chairman or Vice-chairman and attested by its Secretary or Treasurer, and shall be approved by the Commissioners Court. Any such contract, lease, or agreement shall be binding upon the Board and the County, the powers and provisions set forth in this Act being complete within themselves, without reference to any other statute or statutes.

#### Rules and Regulations; Grants and Gratuities; Suits

Sec. 11. (a) The Board shall have the power and authority, subject to the approval of the Commissioners Court, to adopt and promulgate all reasonable regulations and rules concerning the use of any park or parks administered by said Board.

(b) The Board is hereby authorized to accept grants and gratuities (for the benefit of any park or parks administered by the Board or for the use of the Board in carrying out its powers and duties with respect to any such park or parks) in any form and from any source approved by the Board and the Commissioners Court, including the United States Government or any part thereof, the State of Texas or any agency thereof, any private or public corporation, or any other person or persons.

(c) Such Board shall have the right to sue and be sued in its own name.

#### Revenue Bonds

Sec. 12. (a) For the purpose of providing funds to acquire, improve, equip, and repair any such park or parks, or for the acquisition by construction or otherwise of any facilities to be used in or connected with or incident to such park or parks, or for any one or more of such purposes, a county within the purview of this Act shall have the power and is hereby authorized, from time to time, to issue revenue bonds (hereinafter sometimes called the "Revenue Bonds" or "Bonds"), which shall be fully negotiable instruments under the Uniform Negotiable Instruments Law and other laws of the State of Texas. Included, but without limiting, among the properties, improvements, and facilities that may be acquired through the issuance of Revenue Bonds are the following; stadia, coliseums, auditoriums, athletic fields, pavilions, and buildings and grounds for assembly, together with parking facilities or

other improvements incident thereto. Any such Revenue Bonds shall be authorized by order (hereinafter sometimes called the "Bond Order") adopted by the Commissioners Court. Such Revenue Bonds shall be issued in the name of the county, shall be signed by the County Judge and attested by the County Clerk, and shall have impressed thereon the seal of the Commissioners Court; provided, that the signature of the County Judge and the Signature of the County Clerk on the Revenue Bonds may be the facsimile signatures of such officers, either or both, and the seal of the Commissioners Court may be a facsimile seal, all as may be provided in the Bond Order, and the interest coupons attached to such Revenue Bonds may also be executed by the facsimile signatures of said officers; provided, further, that said facsimile signatures and facsimile seal may be lithographed, engraved, or printed. Such Revenue Bonds shall mature serially or otherwise in not to exceed forty (40) years from their date or dates. Such Bonds may be sold by the Commissioners Court at a price and under terms determined by said Court to be the most advantageous reasonably obtainable, provided that the average interest cost, taking into consideration the maturity date or dates of such Bonds calculated by the use of standard bond yield tables currently in use by insurance companies and investment houses, shall not exceed six per cent (6%) per annum. The Bond Order shall prescribe the details as to the Revenue Bonds. It may contain provisions for the calling of the Bonds for redemption prior to the respective maturity dates at such prices and at such time or times as may be prescribed in such Bond Order, but except for such rights of redemption expressly reserved in the Bond Order and in the Bonds, they shall not be subject to redemption prior to their scheduled maturity date or dates except with the consent of the holder or holders. The Bonds may be made payable at such time or times and at such place or places, within or without the State, as may be prescribed in the Bond Order, and such Bonds may be non-registerable or may be made registerable as to principal alone, or as to both principal and interest, all as may be provided in said Bond Order.

(b) Revenue Bonds may be issued from time to time in one or more installments and in one or more series.

(c) Such bonds may be secured by a pledge of all or any part of the Net Revenues (as defined below) from the operation of such park or parks, or from the properties or facilities thereof and incident thereto, either or both. The Net Revenues of any one or more contracts, operation contracts, leases, or agreements theretofore or thereafter made or to be made may be pledged as the sole, or as additional, security for the support of the Bonds. Any other revenue, other than tax revenue, as may be specified in the Bond Order, may be pledged for the support of the Bonds. In any Bond Order, the right may be reserved in the county under conditions and terms therein specified for the issuance of addition-

al Revenue Bonds which will be on a parity with, or subordinate to, the Revenue Bonds then being issued, either or both.

(d) The term "Net Revenues" as used in this Act shall mean the gross revenues from the operation of those properties and facilities of the park or parks, the net revenues of which properties and facilities are pledged for the support of the Bonds, after deduction of the necessary and reasonable expenses of operation and maintenance of such properties and facilities.

(e) From the proceeds of the Bonds, there may be set aside (as shall be prescribed in the Bond Order) an amount for payment of interest on the Bonds estimated to accrue during the construction period and, in addition, such reserve moneys for the benefit of the payment of the Bonds as may be deemed proper (which reserve moneys may be placed into the interest and sinking fund or into a separate reserve fund, as shall be prescribed in the Bond Order). Also, from said proceeds there shall be paid all expenses necessarily incurred in issuing and selling such Bonds. The remainder of such proceeds shall be used for the purposes specified in the Bond Order and in the Bonds.

(f) Said Bonds shall not be, and shall never be construed to be, a debt of the county or of the State of Texas, but shall be payable solely and only from the revenues pledged to their payment as herein provided. No principal of or interest on such Bonds or any refunding bonds issued to refund such Bonds shall be a debt against the tax revenues of such county, but solely a charge upon the pledged revenues. Such Bonds or refunding bonds shall never be reckoned in determining the power of the county to incur obligations payable from taxation. Each such Bond shall contain on its face substantially the following provision: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

(g) So long as any of the Revenue Bonds are outstanding no other obligations shall be issued against the pledged revenues except to the extent and in the manner expressly permitted in the Bond Order.

(h) No such bonds shall ever be issued unless authorized by a majority vote of duly qualified resident voters of said county who own taxable property within said county and who have duly rendered the same for taxation, voting at an election called for such purpose by the Commissioners Court, which election shall be called and held and notice thereof given as is provided in Chapter 1, Title 22, Revised Civil Statutes of Texas, 1925, as amended, except that the proposition to be submitted shall not provide for the levy of any tax whatsoever, and the ballot shall be substantially as follows:

"FOR the issuance of \$\_\_\_\_\_ park revenue bonds payable solely from revenues."

"AGAINST the issuance of \$\_\_\_\_\_ park revenue bonds payable solely from revenues."

(i) After any Bonds have been authorized by the Commissioners Court, such Bonds and the record relating to their issuance shall be submitted to the Attorney General of Texas for his examination and approval, and it shall be the duty of the Attorney General to approve such Bonds when issued in accordance with this Act. After such Bonds have been approved by the Attorney General, they shall be registered by the Comptroller of Public Accounts of Texas. When any such Bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable. When any Bonds recite that they are secured partially or otherwise by a pledge of the proceeds of or income from any contract, lease, or other agreement, a copy of such contract, lease, or other agreement and of the proceedings authorizing the same may be submitted to the Attorney General along with the Bond record, and in such event the approval of the Attorney General of the Bonds shall constitute an approval of such contract, lease, or other agreement, and thereafter the same shall be incontestable except for forgery or fraud.

#### Refunding Bonds

Sec. 13. Revenue Bonds which likewise will be fully negotiable may be issued by the Commissioners Court for the purpose of refunding Bonds issued under this Act, and no election shall be necessary for the issuance of such refunding bonds. The refunding bonds may be secured in the manner provided in this Act for securing original Revenue Bonds. Such refunding bonds may be issued to refund bonds of more than one series or issue of such outstanding Bonds and combine pledges for the outstanding Bonds for the security of the refunding bonds, and such refunding bonds may be secured by other and additional revenues; provided, that such refunding bonds will not impair the contract rights of the holders or any of the outstanding Bonds which are not to be refunded. Refunding bonds shall be authorized by order of the Commissioners Court, and shall be executed and mature as is provided in this Act for original Bonds. They shall bear interest at the same or lower rate than that of the Bonds refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid. They shall be approved by the Attorney General as in the case of original Bonds, and shall be registered by the Comptroller upon surrender and cancellation of the Bonds to be refunded, but in lieu thereof, the order authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the original Bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original Bonds to their option or maturity date, and the Comptroller shall register them without the surren-

der and cancellation of the original Bonds. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller shall be incontestable.

#### Expenses; Fees and Tolls

Sec. 14. (a) The necessary and reasonable expenses of operation and maintenance of the properties and facilities whose revenues are pledged to the payment of the Revenue Bonds shall always be a first lien on and charge against the income thereof. So long as any of said Bonds or interest thereon remain outstanding, the Board shall charge and require the payment of fees, charges, and tolls for the use of such properties and facilities which shall be equal and uniform within classes and which shall yield revenues at all times at least sufficient to pay such expenses of operation and maintenance, and to provide for the payments prescribed in the Bond Order for the establishment and maintenance of the interest and sinking fund, reserve fund or funds, and such other funds as may be provided in such Bond Order, and the Bond Order may include and make any additional covenants with respect to the Bonds and the pledged revenues and the operation, maintenance, and upkeep of those improvements and facilities, the income of which is pledged.

(b) The Board is authorized to determine the rates, charges, and tolls which must be charged by it for the use, operation, or lease of such properties and facilities.

(c) It shall be the duty of the Commissioners Court to see that the rates, charges, and tolls charged by the Board are sufficient to comply with the terms and provisions of this Section 14 and of Section 15 following, and if for any reason the same are not so sufficient, then the Commissioners Court shall have the duty to, and shall, impose additional rates, charges, and tolls so that there will be revenues sufficient at all times for the purposes set forth in this Section 14 and in Section 15 following, which additional rates, charges, and tolls will govern over those fixed by the Board.

#### Provisions Applicable to Bonds

Sec. 15. The following provisions shall be applicable to Revenue Bonds and refunding bonds issued under this Act:

(a) It shall be the duty of the Board to fix such rates, charges, and tolls for the use of the properties and facilities whose revenues are thus pledged as will yield revenues fully sufficient at all times to operate and maintain such properties and facilities, to pay the interest on and principal of the Bonds, and to make any and all other payments or deposits as provided in or required by the Bond Order. In the event any part of the security for the Revenue Bonds consists of money to be received by the Board as consideration for properties or facilities belonging to the county but operated by others than the Board under some form of lease or operating

contract, it shall be the duty of the Board to fix and authorize rates, charges, and tolls to be made by such other person or persons for services rendered or to be rendered by such properties or facilities, at least sufficient to assure receipt by the Board of money which the Board is committed to pay from such source for the benefit of the Revenue Bonds under the Bond Order.

(b) The proceeds of the Bonds shall be used and shall be disbursed under such restrictions as may be provided in the Bond Order or in a separate escrow agreement, or in both such Order and escrow agreement, and there is hereby created and granted a lien upon such moneys until so applied, in favor of the holders of the Revenue Bonds or of any trustee provided for in respect to such Bonds. Any surplus remaining from the Bond proceeds after providing for the following: interest during construction and for such additional period as may be prescribed in the Bond Order, and creating any reserve fund or funds prescribed in said Order, and after paying all expenses relating to the issuance and sale and delivery of said Bonds, and after the accomplishment of the Bond purposes, shall be used for retiring the Bonds to the extent that they can be purchased at prevailing market prices, with any remainder after such purchase to be deposited into the interest and sinking fund of the Bonds.

(c) The Bond Order may provide that such Revenue Bonds shall contain a recital to the effect that they are issued pursuant to and in strict conformity with this Act, and such recital when so made shall be conclusive evidence of the validity of such Bonds and the regularity of their issuance.

(d) Any Revenue Bond issued pursuant to the provisions of this Act shall be exempt from taxation by the State of Texas or by any municipal corporation, county, or other political subdivision or taxing district or entity of the State.

(e) If so provided in the Bond Order, an indenture securing the Bonds may be entered into between, and executed by, the county and a corporate trustee, or entered into between, and executed by, the county and a corporate trustee and a corporate or individual co-trustee. Any such corporate trustee or corporate co-trustee shall be any trust company or bank within or without the State of Texas having the powers of a trust company.

(f) Either the Bond Order or indenture (if any), either or both, may contain such provisions for protecting or enforcing the rights or remedies of the Bondholders as may be considered by the Commissioners Court reasonable and proper and not in violation of law, including covenants setting forth the duties of the county and the Board in reference to maintenance, operation, repair, and insurance (including insurance against loss of use and occupancy) of the properties or facilities whose revenues are pledged, and the custody, safeguarding, and application of the Bond proceeds and of the revenues to be received from the operation of properties

or facilities; and provide for the flow of funds, the establishment and maintenance of the interest and sinking fund, reserve fund or funds, and other funds, and may include such additional covenants with respect to the Bonds and the pledged revenues and the operation, maintenance, and upkeep of those properties and facilities the income of which is pledged, as the Commissioners Court may deem appropriate.

(g) It shall be lawful for any bank or trust company in this State to act as depository for the proceeds obtained from the sale of any Bonds, which depository shall be selected by the Commissioners Court, without the necessity of seeking competitive bids, and without reference to any other statute, which moneys shall be secured in the manner and amount as may be prescribed by the Commissioners Court or by the Bond Order, indenture (if any), or separate escrow agreement.

(h) the Bond Order shall provide for and designate the depository or depositories of the interest and sinking fund, reserve fund or funds, and any other funds established by such Order, and such depository or depositories may be any bank or trust company within or without the State of Texas, and in this connection, such depository or depositories may be selected and designated without the necessity of seeking competitive bids, and without reference to any other statute. The moneys in such funds shall be secured in the manner and to the extent as provided in the Bond Order, and in this connection the Bond Order may provide that such moneys shall be secured by direct obligations of the United States Government or obligations unconditionally guaranteed by the United States Government.

(i) The Bond Order and indenture (if any), either or both, may set forth the rights and remedies of the Bondholders and of the Trustee, and may (subject to paragraph j immediately following this paragraph i) restrict the individual rights of action of the Bondholders; may set forth and contain such other provisions and covenants as may be deemed reasonable and proper for the security of the Bondholders, including, but without limitation, provisions prescribing happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the Bonds shall become due, or may be declared to be due, before maturity, and as to the rights, liabilities, powers, and duties arising from the breach by the Board or by the Commissioners Court of any of its duties or obligations.

(j) Any holder or holders of any Bonds issued hereunder or of interest coupons originally attached thereto, may either at law or in equity, by suit, action, mandamus, or other proceeding, enforce and compel performance of all duties required by this Act to be performed by the Board or by the Commissioners Court, including the making and collection of reasonable and sufficient fees, charges, and tolls for the use of the properties and facilities the

income of which is pledged, the segregation of the income and revenues of such properties and facilities, and the application of such income and revenues pursuant to the provisions of the Bond Order and indenture (if any) and this Act.

(k) The Bond Order or the indenture (if any), either or both, may contain provisions to the effect that so long as any Bonds are outstanding either as to principal or interest, no free service shall be rendered by any of the properties or facilities the income of which is pledged.

(l) All Bonds issued under this Act shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and other political subdivisions or corporations of the State of Texas. Such Bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, and other political subdivisions or corporations of the State of Texas; and such Bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

(m) The provisions contained in the Bond Order and in the indenture (if any) and the applicable provisions of this Act shall constitute an irrevocable contract between the Board and the Commissioners Court, on the one part, and the holders of the Bonds, on the other part.

**Annual Financial Statement; Budget; Operation  
Without Appropriation**

Sec. 16. On or immediately after January 1st of each year, the Board shall prepare and file with the Commissioners Court a complete statement showing the financial status of the Board and the properties, funds, and indebtedness under the administration of said Board. Said statement shall be so prepared as to show separately all information concerning the Revenue Bonds, the gross revenues from properties or facilities the net revenues of which are pledged to the payment of the Revenue Bonds, and the expenditures from said gross revenues, and all information concerning moneys which may have been appropriated by the county for operational and maintenance expenses. Concurrently with the filing of such statement with the Commissioners Court, the Board shall file with the County Auditor (a) a copy of said statement, and (b) a proposed budget of its needs for the then current calendar year. The County Auditor shall include such proposed budget as a part of the county budget prepared and submitted to the Commissioners Court under the provisions of House Bill No. 958, page 144, Acts

of the Forty-sixth Legislature of Texas, Regular Session, 1939, as the same is now or hereafter may be amended. In this connection it shall be the duty of the Board to operate the properties or facilities the net revenues of which are pledged to the payment of Revenue Bonds so that the gross revenues derived from the operation of such properties or facilities will be sufficient to pay the operation and maintenance expenses of such properties and facilities and make all payments required under the Bond Order for the benefit of such Bonds (thereby making it unnecessary to appropriate tax moneys for such operation and maintenance expenses and Revenue Bond payments).

**Invalidity of Establishment; Exercise of Powers by  
Commissioners Court**

Sec. 17. In the event that the establishment hereunder of any Board of Park Commissioners be declared by the courts to be invalid or unconstitutional, then all the powers granted to and duties imposed upon such Board by this Act shall be exercised and performed by said Commissioners Court, and all acts of such Board prior to its being so declared to be invalid shall be deemed to have been the acts of said Court.

**Powers and Duties With Respect to Other Parks**

Sec. 18. The Commissioners Court of any county covered by this Act may from time to time adopt the provisions hereof with respect to another park or parks and may exercise the powers granted by and perform the duties specified in this Act with respect to such other park or parks, and may appoint another Board of Park Commissioners for such other park or parks, all as provided in Section 2 and in the remainder of this Act. The Commissioners Court may also transfer to a previously created Board jurisdiction and control of an additional park or parks, provided that the same will not impair the contract rights of the holders of any outstanding Revenue Bonds. With respect to such other park or parks, the powers granted by this Act shall be exercised in such a manner so as not to infringe in any way upon the contract rights of the holders of then outstanding Revenue Bonds, and such other park or parks shall not be operated or maintained in any manner which would compete with or reduce the revenues of any park properties or facilities the income of which has been pledged to the payment of any then outstanding Revenue Bonds.

**Law Cumulative; Conflict With Other Laws**

Sec. 19. This Act is cumulative of all other laws relating to county parks, but this Act shall take precedence in the event of conflict.

**Partial Invalidity**

Sec. 20. In case any one or more of the Sections or provisions of this Act, or the application of such sections or provisions to any situation, circum-

stance, or person, shall not affect any other sections or provisions of this Act or the application of such sections or provisions to any other situation, circumstance, or person, and it is intended that this Act shall be construed and applied as if such section or provision had not been included herein for any constitutional application.

**Art. 6079f. Adjacent Counties Having Population of 350,000 or More**

**Applicability of Law**

Sec. 1. The provisions of this Act are applicable to any two (2) adjacent counties in this State each having a population of three hundred fifty thousand (350,000) or more according to the last preceding Federal Census.

**Joint Park Board; Creation; Powers**

Sec. 2. Any two (2) such counties, for the purpose of providing public parks or park for the two (2) such counties, may by order passed by the Commissioners Court of each of the two (2) such counties, create a Board to be designated "Joint Board of Park Commissioners," hereinafter sometimes in this Act referred to as the "Joint Board" or "Joint Park Board" and by resolution transfer to said Joint Board jurisdiction and control over any park or parks any part of which is within an area containing any part of the boundary separating the two (2) said counties and/or any park or parks entirely or wholly within either of the two (2) said counties. Any such Joint Board shall have the powers authorized in and shall perform the duties specified in this Act.

**Personnel of Joint Board; Terms; Vacancies; Expenses**

Sec. 3. The Joint Board of Park Commissioners shall be composed of thirteen (13) Commissioners, consisting of a Chairman and twelve (12) members, to be appointed by the Governor with the advice and consent of the Senate. Six (6) members shall be appointed from each of the two (2) counties, and the Chairmanship shall alternate between the two (2) counties as hereinafter provided. Three (3) of the members who are first appointed from each county shall be designated by the Governor to serve for terms of one (1) year and three (3) shall be designated to serve for terms of two (2) years from the date of their appointments, and thereafter each of the twelve (12) members shall be appointed for a term of office of two (2) years. At the time of the creation of the Joint Board the Governor shall appoint a Chairman from the county having the larger population according to the last preceding Federal Census, who shall be appointed for a term of two (2) years from the date of his appointment; and upon the expiration of the two-year term of the Chairman who is first so appointed, the Governor shall appoint

a Chairman from the county having the smaller population at the time of the creation of the Board, to serve for a term of two (2) years; and the Chairmanship of the Joint Board shall alternate thusly between the two (2) counties every two (2) years. No Joint Park Commissioner may be an officer or employee for either of the two (2) counties for which the Joint Board of Park Commissioners is created, or an officer or employee of any incorporated city located in either of said counties. A Joint Park Commissioner shall hold office until his successor has been appointed and qualified. Vacancies on the Joint Board of Park Commissioners shall be filled by appointment by the Governor. Each Joint Park Commissioner shall be compensated for all necessary expenses, including traveling, incurred in performing his duties as Joint Park Commissioner; when an account shall thus have been approved by the Commissioners Court of his county it will be paid in due time by the Joint Board's check or warrant.

**Oath and Bond**

Sec. 4. Each Joint Park Commissioner so appointed shall within fifteen (15) days after his appointment qualify by taking the official oath and by filing a good and sufficient bond with the County Clerk of his county, payable to the order of the County Judge of such county, and approved by the Commissioners Court of such county. Such Bond shall be in the sum prescribed heretofore by the Commissioners Court of such county, but not less than Five Thousand Dollars (\$5,000). Said bond shall be conditioned upon the faithful performance of the duties of such Joint Park Commissioner, including the proper handling of all moneys that may come into his hands in his capacity as a Joint Park Commissioner; the cost of said bonds shall be paid by the Joint Board.

**Powers Vested in Commissioners; Quorum; Necessary Vote; Officers; Meetings; Funds**

Sec. 5. The powers under this Act shall be vested in the Joint Board of Park Commissioners as constituted from time to time. Seven (7) Joint Park Commissioners shall constitute a quorum of the Joint Board for the purposes of conducting its business and exercising its powers, and for all other purposes, provided that at least three (3) of the said Joint Park Commissioners shall be present from each of the two (2) such counties. The action of the Joint Board may be taken by a majority vote of the Joint Park Commissioners present. The Joint Board shall elect from among its own members a Vice-Chairman who shall not represent the same county as the Chairman of the Joint Board; a Secretary and a Treasurer, provided that the Treasurer shall not represent the same county as the Secretary, and these officers shall serve for terms of two (2) years. In the absence or unavailability of either the Secretary or the Treasurer the other such officer may act for and perform all of the duties of such absent or unavailable officer during such peri-

od of absence or unavailability. The Joint Board shall hold regular meetings at times to be fixed by the Joint Board and may hold special meetings at such other times as the business or necessity may require. The money belonging to or under control of the Joint Board shall be deposited and shall be secured substantially in the manner prescribed by law for county funds.

**Depositories; Warrants or Checks; Employees and Agents; Manager; Seal**

Sec. 6. The depository or depositories for such funds shall be selected by the Joint Board. Warrants or checks for the withdrawal of money shall be signed by an officer of the Joint Board and one (1) other Joint Park Commissioner both of whom shall be duly designated by resolution entered in the minutes of the Joint Board, or, when duly designated by resolution of the Joint Board, by two (2) bonded employees of the Joint Board. The Joint Board may employ secretaries, stenographers, bookkeepers, accountants, technical experts, and such other agents and employees, permanent or temporary, as it may require and shall determine their qualifications, duties and compensation. In addition the Joint Board may also employ and compensate a manager for any park or parks and may give him full authority in the management and operation of the park or parks subject only to the direction and orders of the Joint Park Board. The Joint Board shall adopt a seal which shall be placed on all leases, deeds, and other instruments which are required to be executed under seal.

**Personal Interest**

Sec. 7. No Joint Park Commissioner or employee of the Joint Board shall acquire any pecuniary interest, direct or indirect, in any improvements, concessions, equipment or any business located within the confines of or in any way related to any public park administered by such Joint Board, nor shall he have any interest, direct or indirect, in any contract or proposed contract for construction, materials or services in connection with or related to any park under control of the Joint Board.

**Records**

Sec. 8. The Joint Board of Park Commissioners shall keep a true and full account of all its meetings and proceedings and preserve its minutes, contracts, accounts, and all other records in a fireproof vault or safe. All such records shall be the property of the Joint Board and shall be subject to inspection by the Commissioners Court of either of the two (2) such counties at all reasonable times during office hours on business days.

**Contracts, Leases and Agreements; Disbursement of Funds**

Sec. 9. Such Joint Board shall have full and complete authority to enter into any contract, lease or other agreement connected with or incident to or

in any manner affecting the acquisition, financing, construction, equipping, maintaining, or operating all facilities located or to be located on or pertaining to any park or parks under its control. It shall also have authority to disburse and pay out all funds under its control for any lawful purpose for the benefit of any such park or parks.

**Contracts, Leases and Agreements Necessary and Convenient**

Sec. 10. Such Joint Board shall have general power and authority to make and enter into all contracts, leases and agreements which said Joint Board shall deem necessary and convenient to carry out any of the purposes and powers granted in this Act. Any such contract, lease or agreement may be entered into, with any person, real or artificial, any corporation, municipal, public or private, any governmental agency or bureau, including the United States Government and the State of Texas, and may make contracts, leases, and agreements, with any such persons, corporation or entities for the acquisition, financing, construction or operation of any facilities in, connected with or incident to any such park. Any and all contracts, leases and agreements herein authorized, to be effective, shall be approved by resolution of the Joint Board and shall be executed by its Chairman or Vice-Chairman and attested by its Secretary or Treasurer.

**Suits; Title to Properties; Levy of Tax**

Sec. 11. Such Joint Board shall constitute a body corporate and politic, and shall have the right to sue and be sued in its own name. Title to the park or parks and all properties and facilities relating thereto shall be vested in the Joint Board. The Joint Board shall not have the power to levy a tax for any purpose.

**Revenue Bonds**

Sec. 12. (a) For the purpose of providing funds to acquire, improve, equip and repair such park or parks, or for the acquisition by construction or otherwise of any facilities to be used or connected with or incident to any such park or parks, or for any one or more of such purposes, the Joint Board shall have the power from time to time and is hereby authorized by resolution (hereinafter sometimes called the "Resolution"), to issue bonds, which shall be fully negotiable instruments under the Uniform Negotiable Instruments Law and all other laws of Texas. Included but without limiting, among the permanent improvements and facilities which may be acquired through the issuance of Bonds are the following: stadia, coliseums, auditoriums, athletic fields, pavilions and buildings and grounds for assembly, together with parking facilities and other improvements incident thereto. Such Revenue Bonds shall be issued in the name of the Joint Board, shall be signed by the Chairman of the Joint Board and attested by the Secretary, or the facsimile signature of either or both may be printed thereon, and the seal of the Joint Board shall be

impressed, printed or lithographed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold by the Joint Board at a price and under terms determined by the Joint Board to be the most advantageous reasonably obtainable, provided that the average interest cost, taking into consideration the maturity date or dates of the Revenue Bonds calculated by the use of standard bond interest tables currently in use by insurance companies and investment houses, shall not exceed six per cent (6%) per annum. The Resolution authorizing the issuance of the bonds shall prescribe the details as to the Bonds. It may contain provisions for the calling of the Bonds for redemption prior to their respective maturity dates at such prices and at such times as may be prescribed in such Resolution, but except for such rights of redemption expressly reserved in the Resolution and in the Bonds they shall not be subject to redemption prior to their scheduled maturity date or dates. The bonds may be made payable at such times and at such places, within or without the State of Texas, as may be prescribed in the Resolution, and they may be made registrable as to principal, or as to both principal and interest.

(b) The Bonds may be issued in one or more series from time to time as required for carrying out the purposes of this Act.

(c) The bonds may be secured by a pledge of all or a part of the net revenues from such park or parks, or the facilities thereof and incident thereto, or by a pledge of the net revenues both from said park or parks and said facilities or any one or more thereof. The net revenues of any one or more contracts, operating contracts, leases or agreements theretofore or thereafter made or to be made may be pledged as the sole, or as additional security, for the support of the bonds. The bonds may be additionally secured by a mortgage upon any or all of the real and personal property owned and to be owned by the Joint Board. In any such Resolution the Joint Board may reserve the right under conditions therein specified to issue additional bonds which will be on a parity with, or subordinate to the bonds then being issued.

(d) The term "Net Revenues" as used in this Section and in this Act shall mean the gross revenues from the park or the parks, and the facilities thereof, leases, agreements and contracts, and incidents thereto, or from any one or more thereof, whose revenues shall have been thus pledged, after deduction of the necessary expenses as defined in Section 14 hereof.

(e) From the proceeds of the bonds the Joint Board may set aside, as shall be prescribed in the Resolution, an amount for payment of interest estimated to accrue during the construction period and in addition thereto such reserve for the interest and sinking fund as may be deemed proper. From the proceeds of the bonds all expenses necessarily incurred in issuing and in selling the revenue bonds

shall be paid. The remainder of such proceeds shall be used for the purposes specified in the Resolution.

(f) Said bonds shall never be construed to be a debt of either of the two (2) such counties, or of the two (2) such counties jointly or collectively, or the State of Texas, or of the individual members of the Joint Board, but shall be payable solely and only from the income and properties of the Joint Board. Each bond shall contain on its face substantially the following provisions:

The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation.

(g) So long as any of the bonds are outstanding no additional bonds of equal dignity shall be issued against the pledged revenues except to the extent and in the manner expressly permitted in the Resolution.

(h) Before any such bonds are delivered to the purchaser they shall be submitted to the Attorney General along with the record pertaining thereto for his examination and approval. It shall be the duty of the Attorney General to approve the bonds when issued in accordance with this Act. Bonds thus approved by the Attorney General and registered within the office of the Comptroller of Public Accounts shall be incontestable.

#### Refunding Bonds

Sec. 13. Bonds which likewise will be fully negotiable, may be issued by Resolution adopted by the Joint Board for the purpose of refunding bonds issued under this Act. The refunding bonds may be secured in the manner provided in this Act, for securing original bonds. Such refunding bonds may be sold and the proceeds used to retire the original bonds, or may be issued in exchange for the original bonds, as may be provided in the Resolution authorizing their issuance.

#### Expenses; Rates, Charges and Tolls

Sec. 14. (a) The expense of operation and maintenance of facilities whose revenues are pledged to the payment of the bonds shall always be a first lien on and charge against the income thereof. So long as any of said bonds or interest thereon remain outstanding the Joint Board shall charge or require the payment of fees and tolls for the use of such facilities which shall be equal and uniform within classes defined by the Joint Board and which shall yield revenues at least sufficient to pay the expenses of such operation and maintenance, and to provide for the payments prescribed in the Resolution for "Debt Service" as that term may be defined in the Resolution (which without limitation may include provisions for any or all of the following: The payment of principal and interest as such principal and interest respectively mature, the establishment and maintenance of funds for extensions and improvements, and operating reserve, and an interest and sinking fund reserve).

(b) The Joint Board is authorized to determine the rates, charges and tolls which must be charged by it for the use, operation or lease of such facilities.

**Provisions Applicable to Bonds**

Sec. 15. The following provisions shall be applicable as to bonds issued under this Act:

(a) It shall be the duty of the Joint Board to fix such tolls and charges for the use of the facilities whose revenues are thus pledged as will yield revenues fully sufficient to operate and maintain such facilities and to permit full compliance by the Joint Board with the covenants contained in the Resolution for the making of payments in the Debt Service Fund, including payments into any reserve accounts or funds created in the Resolution in connection with the issuance of the bonds. In the event that any part of the security for the bonds consists of money to be received by the Joint Board as consideration for facilities belonging to the Joint Board but operated by another or others under some form of lease or operating contract, it shall be the duty of the Joint Board to fix and authorize rates, charges and tolls to be made by such person or persons for services to be rendered by such facilities, at least sufficient to assure the receipt by the Joint Board of money which the Joint Board is committed to pay from such source for Debt Service under the terms of the Resolution.

(b) The proceeds of the bonds shall be used and shall be disbursed under such restrictions as may be provided in the Resolution, and there shall be and there is hereby created and granted a lien upon such moneys, until so applied, in favor of the holders of the bonds or of any trustee provided for in respect to such bonds, but neither the depository of such funds nor the trustee shall be obligated to see to the proper application of such fund except as expressly provided in the Resolution or in the indenture securing the bonds. Any surplus remaining from the bond proceeds after providing for the following: interest during construction and for such additional period as may be prescribed in the Resolution, and the creating of any reserve fund prescribed in the Resolution, and the accomplishment of the bond purpose, shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices, or be retained for future expansion or improvements.

(c) The Resolution may provide that such bonds shall contain a recital that they are issued pursuant to and in strict conformity with this Act and such recital when so made shall be conclusive evidence of the validity of the bonds and the regularity of their issuance.

(d) Any Bond issued pursuant to the provisions of this Act shall be exempt from taxation by the State of Texas, or by any municipal corporation, county, or other political subdivision or taxing district of the state.

(e) If so provided in the Resolution, an indenture securing the bonds may be executed by and between the Joint Board and a corporate trustee, and such Resolution may provide also for execution of the indenture by a corporate or individual co-trustee. In addition to the pledge of revenues, the indenture may grant a mortgage or deed of trust lien on all or any part<sup>1</sup> real and personal property of the Joint Board theretofore and thereafter acquired. Any such corporate trustee or corporate co-trustee shall be any trust company or bank within or without the State of Texas having trust powers.

(f) Either the Resolution or such indenture may contain such provisions for protecting or enforcing the rights or remedies of the bondholders as may be considered by the Joint Board reasonable and proper and not in violation of law, including covenants setting forth the duties of the Joint Board in reference to maintenance, operation or repair, and insurance (including within the discretion of the Joint Board insurance against loss of use and occupancy) of the facility whose revenues are pledged and the custody, safeguarding and application of all moneys received from the sale of the bonds, and from revenues to be received from the operation of the project.

(g) It shall be lawful for any bank or trust company in this state to act as depository for the proceeds of the bonds or revenues derived from the operation of facilities whose revenues may be pledged, or for the special funds created to assure payment of principal and interest on the bonds, including reserve funds and accounts, or for one or more of such classes of deposits, and to furnish such indemnity bonds or to pledge such securities as may be required by the Joint Board.

(h) The Joint Board may select such depository or depositories without the necessity of seeking competitive bids. Such deposits shall be secured in the manner required by law for the security of money belonging to counties. Provided, that the Joint Board in the Resolution or the indenture securing the bonds may bind the Joint Board to the use of direct obligations of the United States Government or obligations unconditionally guaranteed by the United States Government as security for such deposits. Such indenture or Resolution may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. The Resolution may contain all other suitable provisions such as the Joint Board may deem reasonable and proper for the security of the bondholders, including but without limitation covenants prescribing all happenings or occurrences which constitute events of default and the terms and conditions upon which any or all of the bonds shall become, or may be declared to be due before maturity, and as to the rights, liabilities, powers and duties arising from the breach by the Joint Board of any of its duties or obligations.

(i) That any holder or holders of the bonds issued hereunder, including a trustee or trustees for such holders, shall have the right in addition to all other rights, by mandamus or other proceedings in any court of competent jurisdiction to enforce his or their rights against the Joint Board or its employees, the agents and employees thereof, or any lessee of any of said facilities whose revenues are pledged, including but not limited to the right to require the Joint Board to impose and establish and enforce sufficient and effective tolls and charges to carry out the agreements contained in the Resolution and indenture, or in both the Resolution and indenture, and to perform all agreements and covenants therein contained and duties arising therefrom, and in the event of default, as defined in the Resolution authorizing the bonds or in the indenture securing the bonds to apply for and obtain the appointment of a receiver for any of the properties involved. If such receiver be appointed he shall enter and take possession of the facilities mortgaged and whose revenues shall have been pledged and until the Joint Board may be no longer in default, or until relieved by the court, retain possession of the properties involved and collect and receive all revenues and tolls arising therefrom, and make and renew contracts and leases with approval of the court, in the same manner as the Joint Board itself might do, and shall dispose of all such moneys and apply same in accordance with the obligations of the Joint Board under the Resolution or indenture, and as the court may direct.

(j) The Resolution or the indenture securing the bonds may contain provisions to the effect that so long as the revenues of such park facilities are pledged to the payment of bonds no free service shall be rendered by any of such facilities of the park for which tolls, charges and rentals are to be effective under the Resolution.

(k) All such bonds shall be and are hereby declared to be legally authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds and other funds of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all municipal corporations, counties, political subdivisions, public agencies, and taxing districts within the State of Texas, and such bonds shall be lawful and sufficient security for such deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

(l) The provisions contained in the Resolution and in the indenture and the applicable provisions of this Act shall constitute an irrevocable contract between the Joint Board and the holders of such bonds.

<sup>1</sup> So in enrolled bill.

**Leases or Operating Agreements Made Prior to, or Concurrently With, Authorization of Bonds**

Sec. 16. At any time prior to the authorization of bonds secured by a pledge of the revenues from any designated facility or facilities of the park or parks, the Joint Board may, for such period of time as it may determine, make a contract or lease agreement with a company, corporation, or individual for the operation of such facility, or facilities, the consideration for such contract or lease agreement to be specified, or the method of determining such consideration to be prescribed in such contract or lease agreement. The revenues from any such contract or agreement may be pledged in the Resolution or indenture as security or additional security for the revenue bonds. Any such facility or facilities may likewise be leased under such contract or lease agreement concurrently with the authorization of the issuance of said bonds, and the revenues therefrom pledged as security or additional security for the bonds; and in the event that issuance of said bonds is authorized concurrently with the contract or lease agreement then the revenues from such contract or agreement shall constitute security for the bonds. Such contract or agreement must provide that the rentals, tolls and charges to be enforced by such lessee for the use or services provided by such facility or facilities shall be sufficient at least to yield in the aggregate money necessary to pay the reasonable operation and maintenance expenses to assure proper operation and maintenance of such facility or facilities, plus an amount which will assure income to the Joint Board to permit and assure payments into the several funds and accounts in the manner, at the times and in the amounts specified in the Resolution. Any such lease agreement or contract may provide that such rentals, tolls and charges may be sufficient to yield a reasonable profit to the other party to the lease agreement or contract, but to be realized only after payment in full of the obligation to the Joint Board; any such operating or lease contract may provide for payment of the annual consideration or rental in monthly installments approximately equal and that failure to pay any required sum when due may be declared to be a breach of contract or agreement, entitling the Joint Board under regulations prescribed therein to declare the contract or agreement forfeited and to take over the operation and maintenance of such facility or facilities, but such remedy shall be cumulative of all others therein provided or recognized. The Joint Board may, in the alternative, reserve the right under conditions specified in the Resolution or Trust Indenture to make such lease after issuance of the bonds.

**Annual Financial Statement; Form; Proposed Budget; Operation and Maintenance Expenses**

Sec. 17. Before July 1st of each year the Joint Board shall prepare and not later than July 1st, file with the County Clerk of each of the two (2) such counties, a complete statement showing the financial status of the Joint Board, its properties, funds

and indebtedness. The statement shall be so prepared as to show separately all information concerning the bonds, the income from pledged facilities, and expenditures of such revenues, and all information concerning any moneys which might have been appropriated to the Joint Board by the Commissioners Court of each of the two (2) such counties for operational and maintenance expenses. Concurrently with the filing of such statement, the Joint Board shall file with the County Clerk of each of the two (2) such counties a proposed budget of its needs for the next succeeding calendar year. It shall be the duty of the Joint Board to so operate said park or parks that there will be available from the gross revenues received from the operation of park facilities whose revenues are pledged to the payment of bonds money sufficient to pay the operation and maintenance expenses of said facilities.

#### Rules and Regulations

Sec. 18. The Joint Board shall have the power to adopt and promulgate all reasonable regulations and rules, applicable to tenants, concessionaires, residents and users of park facilities, regulating hunting, fishing, boating and camping and all recreational and business privileges in any such park or parks.

#### Acceptance of Grants and Gratuities

Sec. 19. The Joint Board is hereby authorized to accept grants and gratuities in any form from any source approved by the Joint Board and the Commissioners Court of each of the two (2) such counties including the United States Government or any agency thereof, the State of Texas or any agency thereof, any private or public corporation; and any other person, for the purpose of promoting, establishing and accomplishing the objectives and purposes and powers herein set forth.

#### Exercise of Powers by Commissioners Court

Sec. 20. (a) In the event the County Commissioners Court of either of the two (2) such counties as hereinbefore defined, does not pass a Resolution authorizing the establishment of such Joint Board of Park Commissioners, the establishment of such Joint Board shall not be consummated.

(b) In the event the establishment of any such Joint Board of Park Commissioners be declared by the courts to be invalid, then the County Commissioners Courts of the two (2) such counties, acting jointly and together, are hereby expressly granted the right to ratify any or all of the actions taken by such Joint Board prior to the declaration of the invalidity of said Joint Board's establishment and to exercise any and all of the powers, acts and authority by this Act conferred, authorized and delegated to said Joint Board of Park Commissioners.

#### Law Cumulative; Conflict With Other Law

Sec. 21. This Act is cumulative of all other laws relating to county parks or to parks operated jointly

by two (2) adjacent counties as hereinbefore defined, but this Act shall take precedence in the event of a conflict.

#### Partial Invalidity

Sec. 22. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

[Acts 1959, 56th Leg., p. 234, ch. 137. Amended by Acts 1961, 57th Leg., p. 960, ch. 419, §§ 1 to 8.]

#### Art. 6079f-1. Cities; Sale and Conveyance of Land to Joint Board of Park Commissioners

Sec. 1. This Act shall be applicable to all cities contained in any county which has, in conjunction with an adjoining county, created a Joint Board of Park Commissioners under the provisions of Chapter 137, Acts of the Fifty-sixth Legislature.<sup>1</sup>

Sec. 2. Any such city may sell and convey any land owned by it to such Joint Board of Park Commissioners or to such counties, provided the governing body of the city finds that such land will not be required for city purposes. The sale and conveyance may be authorized by ordinance passed by the governing body of the city, and no election shall be required.

<sup>1</sup> Article 6079f.

#### 6. CITY PARKS

##### Art. 6080. City Parks

The governing body of any incorporated city may purchase, improve and maintain land for use as city parks. Such parks shall not exceed two in number for each two thousand inhabitants. If such body establishes more than one of such parks, it shall locate them in widely separated parts of the city. Such body is authorized to levy and collect a tax not to exceed five cents on each one hundred dollars of its assessed valuation for the purchase and improvement of lands for use as such parks, and may levy and collect a like annual tax to properly maintain such parks. **Art. 6081g. Cities of 60,000 or More Bordering on Gulf of Mexico Granted Use and Occupancy for Park Purposes of Tidelands and Waters**

**Right of Use and Occupancy Granted; Rights of City**

Sec. 1. Any city in this State bordering upon the Gulf of Mexico, which has or hereafter may have a population of sixty thousand (60,000) or more inhabitants as shown by the next preceding Federal Census taken before any action by such city is taken hereunder, shall have, and is hereby granted for park purposes, the right of use and occupancy of the tidelands between the lines of the ordinary high tide and the ordinary low tide of the Gulf of Mexico and the adjacent waters of the Gulf of Mexico, and the bed thereof, for a distance into and over the waters and bed of the Gulf of Mexico, of not over two thousand (2,000) feet from the line of ordinary high tide, between extensions into the Gulf of Mexico of property lines of property above and fronting upon the tidelands owned or acquired by the city for park purposes, or in or to which it has or may acquire easements, or other rights or privileges authorizing it to use and occupy the same for park purposes, and such city may declare abandoned for use as streets or highways and take, occupy and use for park purposes any lands, or parts thereof, theretofore dedicated as public streets or highways

which because of submersion by the waters of the Gulf of Mexico or the building of a seawall, breakwater, or other structure, have become unfit for use as streets or highways, if so found and declared by the governing body of the city. Provided that the distance between the extensions mentioned above shall never exceed one thousand (1,000) feet. Provided, however, that nothing in this Act contained shall be deemed as authorizing the taking of any private property or interest therein without compensation as required by the Constitution of the State of Texas.

The right of use and occupancy granted herein is upon the express condition that the State of Texas shall retain all of the oil, gas and other mineral rights in and under any of the land which it owns affected hereby.

The governing body of any such city shall have full rights of management and control of such tidelands, waters and bed of the Gulf of Mexico for park purposes to the extent allowed by this Act, including right and power on the part of such governing body, within its discretion, to acquire, erect, build and construct, repair, enlarge, extend, improve and remodel, furnish and equip and conduct, operate and maintain upon, over and into such tidelands and waters and bed of the Gulf of Mexico, a pier extending from the shore, with structures thereon to provide facilities for recreation, amusement, comfort, assemblies, and lodging of the public; provided, however, that no such city shall maintain and operate more than one such pier and no such pier shall extend into the Gulf of Mexico a distance in excess of two thousand (2,000) feet from the line of ordinary high tide, nor shall any such pier be constructed or maintained in any part of any channel deepened or improved for commercial navigation or between the shore line and any such channel, or in any arm, inlet, bay or body of water other than the main body of the Gulf of Mexico.

Without limiting the authority of the governing body of any city erecting or acquiring any pier as above authorized to determine the suitability of structures and facilities to be provided thereon for the purposes above authorized, it is hereby declared and enacted that for such purposes there may be erected, provided, operated and maintained thereon structures or facilities for any one or more of the following (the singular including the plural): theatre, restaurant, accommodations for overnight and transient guests, convention hall, dance hall, aquarium, exhibition hall, stadium for aquatic or other sports, concession and amusement devices stands or platforms, platform from which fishing may be carried on, together with walkways and rest room and toilet facilities and resting places, and other facilities for the convenience and comfort of the public; it being here expressly declared that the listing of the aforesaid structures and facilities is not intended to and shall not exclude other structures and facilities and uses reasonably adapted and suitable

for park purposes upon, or in connection with, any such pier.

#### Acquisition of Privately Owned Lands for Park Purposes in Connection With Pier

Sec. 2. (a) That any city of the class defined in Section 1 hereof acquiring or erecting, or to acquire or erect, any such pier, as is authorized in said Section 1, shall be, and is hereby, empowered to acquire by gift or purchase such privately owned land and rights in privately owned land within the limits of the city, for use for park purposes in connection with such pier as the governing body of the city may determine to be necessary.

(b) That any such city, through its governing body, is hereby authorized, and shall have the power, to enter into contracts upon such terms as it may deem to be to the best interest of the city in connection with said pier and its facilities, including, but without in any way limiting the generalization of the foregoing, lease contracts whereby said pier in whole or in part is leased to another party or parties (public agencies or otherwise), and operation contracts whereby said pier in whole or in part is to be operated by another party or parties (public agencies or otherwise). Any such lease contract or operation contract shall be authorized by ordinance or resolution adopted by the governing body of the city, and may cover any term of years not to exceed forty (40) years from the date thereof. All or any part of the proceeds to be derived by the city from any such contract may be pledged to the payment of revenue bonds issued by the city under Section 4 hereof. Among other things, any lease contract may provide that the lessee shall have the right to acquire or construct improvements or facilities, which (if so provided in said lease contract) will belong to the city at the termination of the period or periods covered by such lease contract.

#### Bonds and Taxes for Pier; Election

Sec. 3. For the purpose of obtaining funds to defray in whole, or in part, the costs of acquiring privately owned lands, if any, to be used in connection with any such pier or structure as is authorized in Section 1 hereof, and the cost of erecting, constructing, furnishing and equipping the same, any City of a class covered by this Act may borrow money and may issue its negotiable bonds and levy and collect annual ad valorem taxes not in excess of any Constitutional limitation sufficient to pay the interest on and provide a sinking fund for such bonds with which to pay them as they mature; provided, however, that the terms and requirements of Chapter 1, Title 22, Revised Civil Statutes of 1925 and Acts amendatory of and supplementary thereto, shall apply to and govern the issuance of all such bonds; and provided, further, that when any bonds to be issued for a purpose herein authorized have heretofore been duly authorized at an election called and conducted in the manner prescribed and required by the aforesaid Chapter 1, Title 22, Revised

Civil Statutes of 1925 and Acts amendatory of and supplementary thereto, the governing body of the City wherein such election has been conducted may issue the bonds authorized at such election without another election thereon. If the governing body of the City so decides, the proceeds of bonds issued under authority of this Section may be used to pay in part the cost of building, erecting, constructing, furnishing and equipping any such structures, or improvements as are authorized by this Act which, together with lands and interest in lands occupied by, or used in connection therewith, and the income therefrom may have been, or are to be mortgaged and encumbered for the purpose of providing funds with which to pay additional costs of acquiring, building, erecting, constructing, furnishing, or equipping the same; or for any one or more of such purposes.

#### Mortgaging Pier, Equipment and Income

Sec. 4. That for the purpose of obtaining funds for any of the purposes provided in Section 1 of, or elsewhere in, this Act, any city of the class defined in said Section 1, through its governing body, is hereby authorized, and shall have the power, from time to time, to issue bonds, notes or warrants secured by a pledge of and payable from the net revenues derived from the operation of all or any designated part or parts of such pier, structures, or improvements. As additional security for such bonds, notes or warrants, said city is hereby authorized, and shall have the power, to mortgage and encumber all or any designated part or parts of such pier, structures, or improvements and the furnishings and equipment thereof, together with all lands and interests, easements and other rights in land acquired or to be acquired and used in connection therewith, including the right of use and occupancy of the tidelands and waters and bed of the Gulf of Mexico herein granted (and, if the city now or hereafter owns, or has title to or rights in, the tidelands or bed of the Gulf of Mexico or the waters thereof, including said tidelands, bed, and waters and the rights therein). As further additional security for such bonds, notes or warrants, said city may, by the terms of any such mortgage, grant to the purchaser under sale or foreclosure thereunder a franchise to operate the properties purchased for a period of not over seventy-five (75) years after the purchase thereof; and during such period, in the case of any pier, structures, or improvements located at the time of said sale or foreclosure, wholly or in part, over and into state-owned tidelands and waters and bed of the Gulf of Mexico, such purchaser, his, their, or its heirs, successors or assigns shall have a like right of use and occupancy of said state-owned tidelands and waters and bed of the Gulf of Mexico in connection with such pier, structures or improvements for like purposes as are herein granted to the city, and such right of use and occupancy upon the termination of such period or upon the cessation of the use of the properties for

such purpose occurring prior to the termination of such period shall revert to the city.

The power to issue bonds, notes and warrants payable from net revenues and the power to mortgage and encumber in this Section granted may be exercised as to property acquired, built, erected, constructed, furnished or equipped for the purposes of this Act authorized, whether the entire cost thereof shall be defrayed wholly from the proceeds of revenue bonds, notes or warrants issued pursuant to this Section 4, or partly from such proceeds and partly with the proceeds from bonds or warrants issued under authority of Section 3 and Section 5 hereof, or either of them, or with funds obtained from any other lawful source.

All bonds issued under the authority of this Section shall be made payable to bearer or to the order of a named payee and shall be negotiable instruments and are hereby declared to have all the qualities and incidents of negotiable instruments under the Negotiable Instruments Law of the State of Texas,<sup>1</sup> but shall be payable solely from the special fund herein provided, and, at the option of the city, additionally secured by the mortgage and franchise above authorized. Such bonds shall bear interest not exceeding six per cent (6%) per annum, have such dates and such maturities serially or otherwise not exceeding forty (40) years from their date or dates, be in such denominations and be payable as to principal and interest at such place or places (which may be at any bank, either within or without the state), in such medium of payment, contain such provisions for redemption prior to maturity and be in such form as the governing body of the city may determine. No such bond or the interest coupons appurtenant thereto bearing the signature or facsimile signature of any official of the city duly authorized to sign the same at the time such signature may be actually affixed thereto, shall be invalid by reason of such official ceasing to hold office prior to the delivery of such bond, or not having held office on the date of such bond.

Interest on such bonds may be payable in such manner as the governing body of the city may prescribe, and such bonds may in the discretion of the governing body of the city be made registrable as to principal and interest, or as to principal only, under such terms as the governing body may prescribe, or may be issued not subject to registration. Such bonds may be executed in the manner set forth in the proceedings authorizing the issuance of the same, and such proceedings may provide that the bonds and coupons, either or both, shall be executed by facsimile signatures and that the seal of the city on the bonds shall be the printed facsimile seal.

In the proceedings authorizing the issuance of such bonds, the governing body may prohibit the further issuance of bonds payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable

from said net revenues in all respects on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in said proceedings. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the city and another party or parties (public agencies or otherwise), including but without in any way limiting the generalization of the foregoing, lease contracts and operation contracts, a copy of such contract or contracts and of the proceedings authorizing the same shall be submitted to the Attorney General, and the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable except for forgery or fraud.

No obligation issued and secured under authority of this Section shall ever be a debt of the city issuing the same, but shall be solely a charge upon the income and properties encumbered and shall never be reckoned in determining the power of such city to issue any bonds for any purpose authorized by law. Every such obligation shall contain substantially the following clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

The nature of the pledge of income and encumbrance of properties to secure any such obligations and the control, management and operation of such properties while any such obligation remains unpaid, shall be subject to and be governed by the provisions of Articles 1111 to 1118, both inclusive, Vernon's Texas Civil Statutes, as amended, in like manner as are parks and systems named in Article 1111, as amended; provided, that no election shall be necessary to authorize the issuance of bonds under this Section.

The governing body of the city is hereby authorized to provide by ordinance for the issuance of revenue refunding bonds of the city for the purpose of refunding any revenue bonds issued under the provisions of this Section and then outstanding, together with accrued interest thereon, interest on past due principal, interest on past due interest, and judgments of courts of competent jurisdiction pertaining to past due principal and interest. The issuance of such revenue refunding bonds, the maturities and all other details thereof, the rights of the holders thereof and the duties and powers of the city in respect to the same, shall be governed by the provisions of this Act insofar as the same may be applicable. Such revenue refunding bonds may bear interest at a rate or rates higher than that borne by the underlying bonds, but such rate or rates to be borne by the revenue refunding bonds shall not exceed six per cent (6%) per annum.

<sup>1</sup> Repealed; see, now, Business and Commerce Code, § 3.101 et seq.

#### Bonds Declared Negotiable Instruments; Legal Investments and Security for Deposit of Public Funds

Sec. 4a. All bonds issued under this Act (both tax bonds and revenue bonds) shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas,<sup>1</sup> and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporation or subdivision of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured interest coupons appurtenant thereto.

<sup>1</sup> Repealed; see, now, Business and Commerce Code, § 3.101 et seq.

#### Additional Taxes; Limitation on Rate

Sec. 5. In addition to any taxes authorized for the purpose of paying the interest on and principal of any bonds issued under authority of Section 3 hereof, the governing body of any City building or acquiring a pier, structure or improvements with proceeds of bonds or warrants issued under authority of Sections 3 and 4 hereof, either or both, shall have and is hereby given the power to levy and collect annual ad valorem taxes of, and at a rate not to exceed Five (5c) Cents in any one (1) year on each One Hundred (\$100.00) Dollars valuation of taxable property in such City for the purpose of defraying in part the cost of acquiring, building, constructing, erecting, furnishing or equipping such pier, structure, or improvement or the cost of land, or interest in land to be used in connection therewith, or for the purpose of repairing, enlarging, extending, altering or improving the same after completion; and within its discretion, such governing body for such purposes, or any of them, may issue interest-bearing time warrants of the City to be payable from taxes authorized to be levied and collected by this Section.

#### Partial Invalidity

Sec. 6. Invalidity of any Section, term or provision hereof shall not render invalid the remaining Sections, terms and provisions hereof which would otherwise be valid.

#### Powers Additional and Supplemental

Sec. 7. The provisions of this Act shall be deemed to provide additional and alternative methods of doing the things herein authorized and shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regard-

ed as in derogation of any powers now existing, or which may hereafter be conferred by law.

(b) Subsequently, but within a sufficient time before the statement was relied upon to enable him to cancel or amend the certificate, or to file a petition for its cancellation or amendment as provided in Section 26(c).

#### Liability of Limited Partner

Sec. 8. (a) A limited partner shall not become liable as a general partner unless, in addition to the exercise of his rights and powers as a limited partner, he takes part in the control of the business, and then only to a person who transacts business with the partnership reasonably believing that the limited partner is a general partner.

(b) A limited partner does not take part in the control of the business by virtue of possessing or exercising a power to:

(1) Consult with and advise the general partners as to the conduct of the business.

(d) This section does not create rights of limited partners. Those rights may be created only by the certificate, partnership agreement, or other sections of this Act.

#### Admission of Additional Limited Partners

Sec. 9. After the formation of a limited partnership, additional limited partners may be admitted upon filing an amendment to the original certificate in accordance with the requirements of Section 26.

#### General Partners—Rights, Powers, Restrictions and Liabilities

Sec. 10. (a) A general partner shall have all the rights and powers and be subject to all the restrictions and liabilities of a partner in a partnership without limited partners, except that without the written consent or ratification of the specific act by all the limited partners, a general partner or all of the general partners have no authority to:

(1) Do any act in contravention of the certificate.

(2) Do any act which would make it impossible to carry on the ordinary business of the partnership.

(3) Confess a judgment against the partnership.

(4) Possess partnership property, or assign their rights in specific partnership property, for other than a partnership purpose.

(5) Admit a person as a general partner.

(6) Admit a person as a limited partner, unless the right so to do is given in the certificate.

(7) Continue the business with partnership property on the death, retirement or insanity of a gener-

al partner, unless the right so to do is given in the certificate.

(b) This section does not prevent:

(1) The dissolution and winding up of the partnership:

(i) As provided in the certificate; or

(ii) Upon approval by any majority of the limited partners (by number, financial interest, or otherwise) as provided in the certificate;

(2) The sale, exchange, lease, mortgage, pledge, or other transfer of all or substantially all the assets of the partnership:

(i) In the ordinary course of the partnership business; or

(1) Have the partnership books kept at the principal place of business of the partnership, and at all times to inspect and copy any of them.

(2) Have on demand true and full information of all things affecting the partnership, and a formal account of partnership affairs whenever circumstances render it just and reasonable, and

(3) Have dissolution and winding up by decree of court.

(b) A limited partner shall have the right to receive a share of the profits or other compensation by way of income, and to the return of his contribution as provided in Sections 16 and 17.

**Person Erroneously Believing Himself a Limited Partner**

Sec. 12. A person who has contributed to the capital of a business conducted by a person or partnership erroneously believing that he has become a limited partner in a limited partnership, is not, by reason of his exercise of the right of a limited partner, a general partner with the person or in the partnership carrying on the business, or bound by the obligations of such person or partnership; provided that on ascertaining the mistake he promptly renounces his interest in the profits of the business, or other compensation by way of income.

**Same Person as General Partner and Limited Partner**

Sec. 13. (a) A person may be a general partner and a limited partner in the same partnership at the same time.

(b) A person who is a general, and also at the same time a limited partner, shall have all the rights and powers and be subject to all the restrictions of a general partner; except that, in respect to his contribution, he shall have the rights against the other members which he would have had if he were not also a general partner.

**Limited Partner as Creditor of Partnership**

Sec. 14. (a) A limited partner also may loan money to and transact other business with the partnership, and, unless he is also a general partner, receive on account of resulting claims against the partnership, with general creditors, a pro-rata share of the assets. No limited partner shall in respect to any such claim:

(1) Receive or hold as collateral security any partnership property, or

(2) Receive from a general partner or the partnership any payment, conveyance, or release from liability, if at the time the assets of the partnership are not sufficient to discharge partnership liabilities to persons not claiming as general or limited partners.

(b) The receiving of collateral security, or a payment, conveyance, or release in violation of the provisions of paragraph (a) is a fraud on the creditors of the partnership.

**Priority as Between Several Limited Partners**

Sec. 15. Where there are several limited partners the members may agree that one or more of the limited partners shall have a priority over other limited partners as to the return of their contributions, as to their compensation by way of income, or as to any other matter. If such an agreement is made it shall be stated in the certificate, and in the absence of such a statement all the limited partners shall stand upon equal footing.

**Share of Profits or Compensation**

Sec. 16. A limited partner may receive from the partnership the share of the profits or the compensation by way of income stipulated for in the certificate; provided, that after such payment is made, whether from the property of the partnership or that of a general partner, the partnership assets are in excess of all liabilities of the partnership except liabilities to limited partners on account of their contributions and to general partners.

**Return of Contribution**

Sec. 17. (a) A limited partner shall not receive from a general partner or out of partnership property any part of his contribution until:

(1) All liabilities of the partnership, except liabilities to general partners and to limited partners on account of their contributions, have been paid or there remains property of the partnership sufficient to pay them.

(2) The consent of all members is had, unless the return of the contribution may be rightfully demanded under the provisions of paragraph (b), and

(3) The certificate is cancelled or so amended as to set forth the withdrawal or reduction.

(b) Subject to the provisions of paragraph (a), a limited partner may rightfully demand the return of his contribution:

(1) On the dissolution of a partnership, or

(2) When the date specified in the certificate for its return has arrived, or

(3) After he has given six (6) months' notice in writing to all other members, if no time is specified in the certificate either for the return of the contribution or for the dissolution of the partnership.

(c) In the absence of any statement in the certificate to the contrary or the consent of all members, a limited partner, irrespective of the nature of his contribution, has only the right to demand and receive cash in return for his contribution.

(d) A limited partner may have the partnership dissolved and its affairs wound up when:

(1) He rightfully but unsuccessfully demands the return of his contribution, or

(2) The other liabilities of the partnership have not been paid, or the partnership property is insufficient for their payment as required by paragraph (a)(1) and the limited partner would otherwise be entitled to the return of his contribution.

#### Liabilities of Limited Partner to Partnership

Sec. 18. (a) A limited partner is liable to the partnership:

(1) For the difference between his contribution as actually made and that stated in the certificate as having been made, and

(2) For any unpaid contribution which he agreed in the certificate to make in the future at the time and on the conditions stated in the certificate.

(b) A limited partner holds as trustee for the partnership:

(1) Specific property stated in the certificate as contributed by him, but which was not contributed or which has been wrongfully returned, and

(2) Money or other property wrongfully paid or conveyed to him on account of his contribution.

(c) The liabilities of a limited partner as set forth in this section can be waived or compromised only by the consent of all members; but a waiver or compromise shall not affect the right of a creditor of a partnership, who extended credit or whose claim arose after the filing and before a cancellation or amendment of the certificate, to enforce such liabilities.

(d) When a contributor has rightfully received the return in whole or in part of the capital of his

contribution, he is nevertheless liable to the partnership for any sum, not in excess of such return with interest, necessary to discharge its liabilities to all creditors who extended credit or whose claims arose before such return.

#### Interest as Personal Property

Sec. 19. A limited partner's interest in the partnership is personal property.

#### Assignments and Substitutions

Sec. 20. (a) A limited partner's interest is assignable.

(b) A substituted limited partner is a person admitted to all the rights of a limited partner who has died or has assigned his interest in a partnership.

(c) An assignee, who does not become a substituted limited partner, has no right to require any information or account of the partnership transactions or to inspect the partnership books; he is only entitled to receive the share of the profits or other compensation by way of income, or the return of his contribution, to which his assignor would otherwise be entitled.

(d) An assignee shall have the right to become a substituted limited partner if all the members (except the assignor) consent thereto or if the assignor, being thereunto empowered by the certificate, gives the assignee that right.

(e) An assignee becomes a substituted limited partner when the certificate is appropriately amended in accordance with Section 26.

(f) The substituted limited partner has all the rights and powers, and is subject to all the restrictions and liabilities of his assignor, except those liabilities of which he was ignorant at the time he became a limited partner and which could not be ascertained from the certificate.

(g) The substitution of the assignee as a limited partner does not release the assignor from liability to the partnership under Sections 7 and 18.

#### Retirement, Death or Insanity of General Partner

Sec. 21. The retirement, death or insanity of a general partner dissolves the partnership, unless the business is continued by the remaining general partners.

(a) Under a right so to do stated in the certificate, or

(b) With the consent of all members.

#### Death of Limited Partner

Sec. 22. (a) On the death of a limited partner his executor or administrator shall have all the rights of a limited partner for the purpose of settling his estate, and such power as the deceased had to constitute his assignee a substituted limited partner.

(b) The estate of a deceased limited partner shall be liable for all his liabilities as a limited partner.

**Creditors of Limited Partners, Remedies of**

Sec. 23. (a) On due application to a court of competent jurisdiction by any judgment creditor of a limited partner, the court may charge the interest of the indebted limited partner with payment of the unsatisfied amount of the judgment debt; and may appoint a receiver, and make all other orders, directions, and inquiries which the circumstances of the case may require.

(b) The interest may be redeemed with the separate property of any general partner, but may not be redeemed with partnership property.

(c) The remedies conferred by paragraph (a) shall not be deemed exclusive of others which may exist.

(d) Nothing in this Act shall be held to deprive a limited partner of his statutory exemption.

**Order of Payment of Liabilities on Dissolution**

Sec. 24. (a) In settling accounts after dissolution the liabilities of the partnership shall be entitled to payment in the following order:

(1) Those to creditors, in the order of priority as provided by law, except those to limited partners on account of their contributions, and to general partners.

(2) Those to limited partners in respect to their share of the profits and other compensation by way of income on their contributions.

(3) Those to limited partners in respect to the capital of their contributions.

(4) Those to general partners other than for capital and profits.

(5) Those to general partners in respect to profits.

(6) Those to general partners in respect to capital.

(b) Subject to any statement in the certificate or to subsequent agreement, limited partners share in the partnership assets in respect to their claim for capital, and in respect to their claims for profits or for compensation by way of income on their contributions respectively, in proportion to the respective amounts of such claims.

**Cancellation or Amendment of Certificate**

Sec. 25. (a) The certificate shall be cancelled when the partnership is dissolved or all limited partners cease to be such.

(b) A certificate shall be amended when:

(1) There is a change in the name of the partnership or in the amount or character of the contribution of any limited partner.

(2) A person is substituted as a limited partner.

(3) An additional limited partner is admitted.

(4) A person is admitted as a general partner.

(5) A general partner retires, dies or becomes insane, and the business is continued under Section 21.

(6) There is a change in the character of the business of the partnership.

(7) There is a false or erroneous statement in the certificate.

(8) There is a change in the time as stated in the certificate for the dissolution of the partnership or for the return of a contribution.

## PART II. NATURE OF A PARTNERSHIP

### Partnership Defined

Sec. 6. (1) A partnership is an association of two or more persons to carry on as co-owners a business for profit.

(2) But any association formed under any other Statute of this state, or any Statute adopted by authority, other than the authority of this state, is not a partnership under this Act, unless such association would have been a partnership in this state prior to the adoption of this Act; but this Act shall apply to limited partnerships except in so far as the Statutes relating to such partnerships are inconsistent herewith.

(3) An association is not a partnership under this Act if:

(a) The word "association" or "associates" is part of and always used in the name under which it transacts business, and

(b) Its assumed name certificates, filed in accordance with law, contain a statement substantially as follows: "This association intends not to be governed by the Texas Uniform Partnership Act," and

(c) The business it transacts is wholly or partly engaging in an activity in which corporations cannot lawfully engage.

This Subsection shall not be construed to change in any way the law applicable to associations which are not partnerships under this Act.

### Persons Who May be Partners

#### Sec. 6-A.

(1) In this section, "person" includes without limitation:

(a) A corporation;

(b) A general or limited partnership;

(c) A trustee or trust;

(d) An executor, administrator, or estate; and

(e) A natural person.

(2) Any person may be a partner unless the person lacks capacity apart from this Act.

### Rules for Determining the Existence of a Partnership

Sec. 7. In determining whether a partnership exists, these rules shall apply:

(1) Except as provided by Section 16 persons who are not partners as to each other are not partners as to third persons.

(2) Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not of itself establish a partnership, whether such co-owners do or do not share any profits made by the use of the property.

(3) The sharing of gross returns does not of itself establish a partnership, whether or not the persons sharing them have a joint or common right or interest in any property from which the returns are derived.

(4) The receipt by a person of a share of the profits of a business is prima facie evidence that he is a partner in the business, but no such inference shall be drawn if such profits were received in payment:

(a) As a debt by installments or otherwise,

(b) As wages of an employee or rent to a landlord,

(c) As an annuity to a widow or representative of a deceased partner,

(d) As interest on a loan, though the amount of payment vary with the profits of the business,

(e) As the consideration for the sale of a good-will of a business or other property by installments or otherwise.

(5) Operation of a mineral property under a joint operating agreement does not of itself establish a partnership.

**Partnership Property**

Sec. 8. (1) All property originally brought into the partnership stock or subsequently acquired by purchase or otherwise, on account of the partnership, is partnership property.

(2) Unless the contrary intention appears, property acquired with partnership funds is partnership property.

(3) Any estate in real property may be acquired in the partnership name. Title so acquired can be conveyed only in the partnership name.

(4) A conveyance to a partnership in the partnership name, though without words of inheritance, passes the entire estate of the grantor unless a contrary intent appears.

**PART III. RELATIONS OF PARTNERS TO PERSONS DEALING WITH THE PARTNERSHIP**

**Partner Agent of Partnership as to Partnership Business**

Sec. 9. (1) Every partner is an agent of the partnership for the purpose of its business, and the act of every partner, including the execution in the partnership name of any instrument, for apparently carrying on in the usual way the business of the partnership of which he is a member binds the partnership, unless the partner so acting has in fact no authority to act for the partnership in the particular matter, and the person with whom he is dealing has knowledge of the fact that he has no such authority.

(2) An act of a partner which is not apparently for the carrying on of the business of the partnership in the usual way does not bind the partnership unless authorized by the other partners.

(3) Unless authorized by the other partners or unless they have abandoned the business, one or more but less than all the partners have no authority to:

(a) Assign the partnership property in trust for creditors or on the assignee's promise to pay the debts of the partnership,

(b) Dispose of the good-will of the business,

(c) Do any other act which would make it impossible to carry on the ordinary business of a partnership,

(d) Confess a judgment,

(e) Submit a partnership claim or liability to arbitration or reference.

(4) No act of a partner in contravention of a restriction on authority shall bind the partnership to persons having knowledge of the restriction.

**Conveyance of Real Property of the Partnership**

Sec. 10. (1) Where title to real property is in the partnership name, any partner may convey title to such property by a conveyance executed in the partnership name; but the partnership may recover such property unless the partner's act binds the partnership under the provisions of paragraph (1) of Section 9, or unless such property has been conveyed by the grantee or a person claiming through such grantee to a holder for value without knowledge that the partner, in making the conveyance, has exceeded his authority.

(2) Where title to real property is in the name of the partnership, a conveyance executed by a partner, in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of Section 9.

(3) Where title to real property is in the name of one or more but not all the partners, and the record does not disclose the right of the partnership, the partners in whose name the title stands may convey title to such property, but the partnership may recover such property if the partners' act does not bind the partnership under the provisions of paragraph (1) of Section 9, unless the purchaser or his assignee, is a holder for value, without knowledge.

(4) Where the title to real property is in the name of one or more or all the partners, or in a third person in trust for the partnership, a conveyance executed by a partner in the partnership name, or in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of Section 9.

(5) Where the title to real property is in the names of all the partners a conveyance executed by all the partners passes all their rights in such property.

(6) Nothing in this Section shall be deemed to modify the Statutes of limitations of actions for lands.

**Partnership Bound by Admission of Partner**

Sec. 11. An admission or representation made by any partner concerning partnership affairs within the scope of his authority as defined by this Act is evidence against the partnership.

**Partnership Charged with Knowledge of or Notice to Partner**

Sec. 12. Notice to any partner of any matter relating to partnership affairs, and the knowledge of the partner acting in the particular matter, ac-

quired while a partner or then present to his mind, and the knowledge of any other partner who reasonably could and should have communicated it to the acting partner, operate as notice to or knowledge of the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

#### Partnership Bound by Partner's Wrongful Act

Sec. 13. Where, by any wrongful act or omission of any partner acting in the ordinary course of the business of the partnership or with the authority of his co-partners, loss or injury is caused to any person, not being a partner in the partnership, or any penalty is incurred, the partnership is liable therefor to the same extent as the partner so acting or omitting to act.

#### Partnership Bound by Partner's Breach of Trust

Sec. 14. The partnership is bound to make good the loss:

(a) Where one partner acting within the scope of his apparent authority receives money or property of a third person and misapplies it; and

(b) Where the partnership in the course of its business receives money or property of a third person and the money or property so received is misapplied by any partner while it is in the custody of the partnership.

#### Nature of Partner's Liability

Sec. 15. All partners are liable jointly and severally for all debts and obligations of the partnership including those under Sections 13 and 14.

#### Partner by Estoppel

Sec. 16. (1) When a person, by words spoken or written or by conduct, represents himself, or consents to another representing him to any one, as a partner in an existing partnership or with one or more persons not actual partners, he is liable to any such person to whom such representation has been made, who has, on the faith of such representation, given credit to the actual or apparent partnership, and if he has made such representation or consented to its being made in a public manner he is liable to such person, whether the representation has or has not been made or communicated to such person so giving credit by or with the knowledge of the apparent partner making the representation or consenting to its being made:

(a) When a partnership liability results, he is liable as though he were an actual member of the partnership;

(b) When no partnership liability results, he is liable jointly with the other persons, if any, so consenting to the contract or representation as to incur liability, otherwise separately.

(2) When a person has been thus represented to be a partner in an existing partnership, or with one

or more persons not actual partners, he is an agent of the persons consenting to such representation to bind them to the same extent and in the same manner as though he were a partner in fact, with respect to persons who rely upon the representation. Where all the members of the existing partnership consent to the representation, a partnership act or obligation results; but in all other cases it is the joint act or obligation of the person acting and the persons consenting to the representation.

(3) A representation that a person is an "associate" or a "non-partner member" of a partnership is not a representation that he is a partner in the partnership.

#### Liability of Incoming Partner

Sec. 17. A person admitted as a partner into an existing partnership is liable for all the obligations of the partnership arising before his admission as though he had been a partner when such obligations were incurred, except that this liability shall be satisfied only out of partnership property.

### PART IV. RELATIONS OF PARTNERS TO ONE ANOTHER

#### Rules Determining Rights and Duties of Partners and Employees

Sec. 18.

(1) The rights and duties of the partners in relation to the partnership shall be determined, subject to any agreement between them, by the following rules:

(a) Each partner shall be repaid his contributions, whether by way of capital or advances to the partnership property, and share equally in the profits and surplus remaining after all liabilities, including those to partners, are satisfied; and must contribute toward the losses, whether of capital or otherwise, sustained by the partnership according to his share in the profits.

(b) The partnership must indemnify every partner in respect of payments made and personal liabilities reasonably incurred by him in the ordinary and proper conduct of its business, or for the preservation of its business or property.

(c) A partner, who in aid of the partnership makes any payment or advance beyond the amount of capital which he agreed to contribute, shall be paid interest from the date of the payment or advance.

(d) A partner shall receive interest on the capital contributed by him only from the date when repayment should be made.

(e) All partners have equal rights in the management and conduct of the partnership business.

(f) No partner is entitled to remuneration for acting in the partnership business, except that a surviving partner is entitled to reasonable compen-

sation for his services in winding up the partnership affairs.

(g) No person can become a member of a partnership without the consent of all the partners.

(h) Any difference arising as to ordinary matters connected with the partnership business may be decided by a majority of the partners; but no act in contravention of any agreement between the partners may be done rightfully without the consent of all the partners.

(2) By written agreement, the partners may establish various classes of partners (such as "senior partners," "junior partners," "managing partners" and others) and may provide for their varying rights and duties in relation to the partnership.

(3) By written agreement, the partners may establish various classes of non-partner employees (such as "associates," "non-partner members" and others) and may provide for their varying rights and duties in relation to the partnership.

**Partnership Books**

Sec. 19. The partnership books shall be kept, subject to any agreement between the partners, at the principal place of business of the partnership, and every partner shall at all times have access to and may inspect and copy any of them.

**Duty of Partners to Render Information**

Sec. 20. Partners shall render on demand true and full information of all things affecting the partnership to any partner or the legal representative of any deceased partner or partner under legal disability.

**Partner Accountable as a Fiduciary**

Sec. 21. (1) Every partner must account to the partnership for any benefit, and hold as trustee for it any profits derived by him without the consent of the other partners from any transaction connected with the formation, conduct, or liquidation of the partnership or from any use by him of its property.

(2) This Section applies also to the representatives of a deceased partner engaged in the liquidation of the affairs of the partnership as the personal representatives of the last surviving partner.

**Right to an Account**

Sec. 22. Any partner shall have the right to a formal account as to partnership affairs:

(a) If he is wrongfully excluded from the partnership business or possession of its property by his co-partners,

(b) If the right exists under the terms of any agreement,

(c) As provided by Section 21,

(d) Whenever other circumstances render it just and reasonable.

**Continuation of Partnership Beyond Fixed Term**

Sec. 23. (1) When a partnership for a fixed term or particular undertaking is continued after the termination of such term or particular undertaking without any express agreement, the rights and duties of the partners remain the same as they were at such termination, so far as is consistent with a partnership at will.

(2) A continuation of the business by the partners or such of them as habitually acted therein during the term, without any settlement or liquidation of the partnership affairs, is prima facie evidence of a continuation of the partnership.

**PART V. PROPERTY RIGHTS IN PARTNERSHIP**

**Extent of Property Rights of a Partner**

Sec. 24. The property rights of a partner are (1) his rights in specific partnership property, (2) his interest in the partnership, and (3) his right to participate in the management. The community property rights of a partner's spouse are stated in Section 28-A.

**Nature of a Partner's Right in Specific Partnership Property**

Sec. 25. (1) A partner is co-owner with his partners of specific partnership property holding as a tenant in partnership.

(2) The incidents of this tenancy are such that:

(a) A partner, subject to the provisions of this Act and to any agreement between the partners, has an equal right with his partners to possess specific partnership property for partnership purposes; but he has no right to possess such property for any other purpose without the consent of his partners.

(b) A partner's right in specific partnership property is not assignable except in connection with the assignment of rights of all the partners in the same property.

(c) A partner's right in specific partnership property is not subject to attachment or execution, except on a claim against the partnership. When partnership property is attached for a partnership debt the partners, or any of them, or the representatives of a deceased partner, cannot claim any right under the homestead or exemption laws.

(d) On the death of a partner his right in specific partnership property vests in the surviving partner or partners, except where the deceased was the last surviving partner, when his right in such property vests in his legal representative. Such surviving partner or partners, or the legal representative of the last surviving partner, has no right to possess the partnership property for any but a partnership purpose.

(e) A partner's right in specific partnership property is not subject to dower, curtesy, or allowances to widows, heirs, or next of kin.

**Nature of Partner's Interest in the Partnership**

Sec. 26. A partner's interest in the partnership is his share of the profits and surplus, and the same is personal property for all purposes.

**Assignment of Partner's Interest**

Sec. 27. (1) A conveyance by a partner of his interest in the partnership does not of itself dissolve the partnership, nor, as against the other partners in the absence of agreement, entitle the assignee, during the continuance of the partnership, to interfere in the management or administration of the partnership business or affairs; it merely entitles the assignee to receive in accordance with his contract the profits to which the assigning partner would otherwise be entitled and, for any proper purpose, to require reasonable information or account of partnership transactions and to make reasonable inspection of the partnership books.

(2) In case of a dissolution of the partnership, the assignee is entitled to receive his assignor's interest.

**Interest in Partnership Subject to Charging Order**

Sec. 28. (1) On due application to a competent court by any judgment creditor of a partner (or of any other owner of an interest in the partnership), the court which entered the judgment, order, or decree, or any other court, may charge the interest of the debtor partner (or such other owner) with payment of the unsatisfied amount of such judgment debt with interest thereon; and may then or later appoint a receiver of his share of the profits, and of any other money due or to fall due to him in respect of the partnership, and make all other orders, directions, accounts and inquiries which the debtor partner (or such other owner) might have made, or which the circumstances of the case may require.

(2) The interest charged may be redeemed at any time before foreclosure, or in case of a sale being directed by the court may be purchased without thereby causing a dissolution:

(a) With separate property, by any one or more of the partners, or

(b) With partnership property, by any one or more of the partners with the consent of all the partners whose interests are not so charged or sold.

(3) Nothing in this Act shall be held to deprive a partner (or other owner) of his right, if any, under the exemption laws, as regards his interest in the partnership.

**Extent of Community Property Rights of a Partner's Spouse**

Sec. 28-A. (1) A partner's rights in specific partnership property are not community property.

(2) A partner's interest in the partnership may be community property.

(3) A partner's right to participate in the management is not community property.

**Effect of Death or Divorce on Interest in the Partnership**

Sec. 28-B. (1)(A) On the divorce of a partner, the partner's spouse shall, to the extent of such spouse's interest in the partnership, be regarded for purposes of this Act as an assignee and purchaser of such interest from such partner.

(B) On the death of a partner, such partner's surviving spouse (if any) and such partner's heirs, legatees or personal representative, shall to the extent of their respective interests in the partnership, be regarded for purposes of this Act as assignees and purchasers of such interests from such partner.

(C) On the death of a partner's spouse, such spouse's heirs, legatees or personal representative shall, to the extent of their respective interests in the partnership, be regarded for purposes of this Act as assignees and purchasers of such interests from such partner.

(2) A partnership is not dissolved by the death of a partner's spouse unless the agreement between the partners provides otherwise.

(3) Nothing in this Act shall impair any agreement for the purchase or sale of an interest in a partnership at the death of the owner thereof or at any other time.

**PART VI. DISSOLUTION AND WINDING UP****Dissolution Defined**

Sec. 29. The dissolution of a partnership is the change in the relation of the partners caused by any partner ceasing to be associated in the carrying on as distinguished from the winding up of the business.

**Partnership Not Terminated by Dissolution**

Sec. 30. On dissolution the partnership is not terminated, but continues until the winding up of partnership affairs is completed.

**Causes of Dissolution**

Sec. 31. Dissolution is caused:

(1) Without violation of the agreement between the partners,

(a) By the termination of the definite term or particular undertaking specified in the agreement,

(b) By the express will of any partner when no definite term or particular undertaking is specified,

(c) By the express will of all the partners who have not assigned their interests or suffered them to be charged for their separate debts, either before or after the termination of any specified term or particular undertaking,

(d) By the expulsion of any partner from the business bona fide in accordance with such a power conferred by the agreement between the partners;

(2) In contravention of the agreement between the partners, where the circumstances do not permit a dissolution under any other provision of this Section, by the express will of any partner at any time;

(3) By any event which makes it unlawful for the business of the partnership to be carried on or for the members to carry it on in partnership;

(4) By the death of any partner unless the agreement between the partners provides otherwise;

(5) By the bankruptcy of any partner or the partnership;

(6) By decree of court under Section 32.

**Dissolution by Decree of Court**

Sec. 32. (1) On application by or for a partner the court shall decree a dissolution whenever:

(a) A partner has been declared a lunatic in any judicial proceeding or is shown to be of unsound mind,

(b) A partner becomes in any other way incapable of performing his part of the partnership contract,

(c) A partner has been guilty of such conduct as tends to affect prejudicially the carrying on of the business,

(d) A partner wilfully or persistently commits a breach of the partnership agreement, or otherwise so conducts himself in matters relating to the partnership business that it is not reasonably practicable to carry on the business in partnership with him,

(e) The business of the partnership can only be carried on at a loss,

(f) Other circumstances render a dissolution equitable.

(2) On the application of the purchaser of a partner's interest under Sections 27 and 28:

(a) After the termination of the specified term or particular undertaking,

(b) At any time if the partnership was a partnership at will when the interest was assigned or when the charging order was issued.

**General Effect of Dissolution on Authority of Partner**

Sec. 33. Except so far as may be necessary to wind up partnership affairs or to complete transactions begun but not then finished, dissolution terminates all authority of any partner to act for the partnership:

(1) With respect to the partners,

(a) When the dissolution is not by the act, bankruptcy or death of a partner; or

(b) When the dissolution is by such act, bankruptcy or death of a partner, in cases where Section 34 so requires.

(2) With respect to persons not partners, as declared in Section 35.

**Right of Partner to Contribution from Co-partners After Dissolution**

Sec. 34. Where the dissolution is caused by the act, death or bankruptcy of a partner, each partner is liable to his co-partners for his share of any liability created by any partner acting for the partnership as if the partnership had not been dissolved unless:

(a) The dissolution being by act of any partner, the partner acting for the partnership had knowledge of the dissolution, or

(b) The dissolution being by the death or bankruptcy of a partner, the partner acting for the partnership had knowledge or notice of the death or bankruptcy.

**Power of Partner to Bind Partnership to Third Persons After Dissolution**

Sec. 35. (1) After dissolution a partner can bind the partnership except as provided in paragraph (3):

(a) By any act appropriate for winding up partnership affairs or completing transactions unfinished at dissolution;

(b) By any transaction which would bind the partnership if dissolution had not taken place, provided the other party to the transaction:

(I) Was a creditor of the partnership at the time of dissolution or had extended credit to the partnership within two years prior to dissolution and, in either case, had no knowledge or notice of his want of authority; or

(II) Though he was not such a creditor or had not so extended credit, had nevertheless known of the partnership prior to dissolution, and, having no knowledge or notice of dissolution, the fact of dissolution had not been advertised in a newspaper of general circulation in the place (or in each place if more than one) at which the partnership business was regularly carried on.

(2) The liability of a partner under Paragraph (1b) shall be satisfied out of partnership assets alone when such partner had been prior to dissolution:

(a) Unknown as a partner to the person with whom the contract is made; and

(b) So far unknown and inactive in partnership affairs that the business reputation of the partnership could not be said to have been in any degree due to his connection with it.

(3) The partnership is in no case bound by any act of a partner after dissolution:

(a) Where the partnership is dissolved because it is unlawful to carry on the business, unless the act is appropriate for winding up partnership affairs; or

(b) Where the partner has become bankrupt; or

(c) Where the partner has no authority to wind up partnership affairs; except by a transaction with one who:

(I) Was a creditor of the partnership at the time of dissolution or had extended credit to the partnership within two years prior to dissolution and, in either case, had no knowledge or notice of his want of authority; or

(II) Though he was not such a creditor or had not so extended credit to the partnership prior to dissolution, and, having no knowledge or notice of his want of authority, the fact of his want of authority has not been advertised in the manner provided for advertising the fact of dissolution in Paragraph (1bII).

(4) Nothing in this Section shall affect the liability under Section 16 of any person who after dissolution represents himself or consents to another representing him as a partner in a partnership engaged in carrying on business.

#### Effect of Dissolution on Partner's Existing Liability

Sec. 36. (1) The dissolution of the partnership does not of itself discharge the existing liability of any partner.

(2) A partner is discharged from any existing liability upon dissolution of the partnership by an agreement to that effect between himself, the partnership creditor and the person or partnership continuing the business; and such agreement may be inferred from the course of dealing between the creditor having knowledge of the dissolution and the person or partnership continuing the business.

(3) Where a person agrees to assume the existing obligations of a dissolved partnership, the partners whose obligations have been assumed shall be discharged from any liability to any creditor of the partnership who, knowing of the agreement, consents to a material alteration in the nature or time of payment of such obligations.

(4) The individual property of a deceased partner shall be liable for all obligations of the partnership incurred while he was a partner but subject to the prior payment of his separate debts.

#### Right to Wind Up

Sec. 37. Unless otherwise agreed the partners who have not wrongfully dissolved the partnership or the legal representative of the last surviving partner, not bankrupt, has the right to wind up the partnership affairs; provided, however, that any partner, his legal representative or his assignee, upon cause shown, may obtain winding up by the court.

#### Rights of Partners to Application of Partnership Property

Sec. 38. (1) When dissolution is caused in any way, except in contravention of the partnership agreement, each partner, as against his co-partners

and all persons claiming through them in respect of their interests in the partnership, unless otherwise agreed, may have the partnership property applied to discharge its liabilities, and the surplus applied to pay in cash the net amount owing to the respective partners. But if dissolution is caused by expulsion of a partner, bona fide under the partnership agreement and if the expelled partner is discharged from all partnership liabilities, either by payment or agreement under Section 36(2), he shall receive in cash only the net amount due him from the partnership.

(2) When dissolution is caused in contravention of the partnership agreement the rights of the partners shall be as follows:

(a) Each partner who has not caused dissolution wrongfully shall have,

(I) All the rights specified in paragraph (1) of this Section, and

(II) The right, as against each partner who has caused the dissolution wrongfully, to damages for breach of the agreement.

(b) The partners who have not caused the dissolution wrongfully, if they all desire to continue the business in the same name, either by themselves or jointly with others, may do so, during the agreed term for the partnership and for that purpose may possess the partnership property, provided they secure the payment by bond approved by the court, or pay to any partner who has caused the dissolution wrongfully, the value of his interest in the partnership at the dissolution, less any damages recoverable under clause (2aII) of this Section, and in like manner indemnify him against all present or future partnership liabilities.

(c) A partner who has caused the dissolution wrongfully shall have:

(I) If the business is not continued under the provisions of paragraph (2b) all the rights of a partner under paragraph (1), subject to clause (2aII), of this Section,

(II) If the business is continued under paragraph (2b) of this Section the right as against his co-partners and all claiming through them in respect of their interests in the partnership, to have the value of his interest in the partnership, less any damages caused to his co-partners by the dissolution, ascertained and paid to him in cash, or the payment secured by bond approved by the court, and to be indemnified against all existing liabilities of the partnership; but in ascertaining the value of the partner's interest the value of the good-will of the business shall not be considered.

#### Rights Where Partnership is Dissolved for Fraud or Misrepresentation

Sec. 39. Where a partnership contract is rescinded on the ground of the fraud or misrepresentation of one of the parties thereto, the party entitled to

rescind is, without prejudice to any other right, entitled:

(a) To a lien on, or right of retention of, the surplus of the partnership property after satisfying the partnership liabilities to third persons for any sum of money paid by him for the purchase of an interest in the partnership and for any capital or advances contributed by him; and

(b) To stand, after all liabilities to third persons have been satisfied, in the place of the creditors of the partnership for any payments made by him in respect of the partnership liabilities; and

(c) To be indemnified by the person guilty of the fraud or making the representation against all debts and liabilities of the partnership.

**Rules for Distribution**

Sec. 40. In settling accounts between the partners after dissolution, the following rules shall be observed, subject to any agreement to the contrary:

(a) The assets of the partnership are:

(I) The partnership property,

(II) The contributions of the partners necessary for the payment of all the liabilities specified in clause (b) of this paragraph.

(b) The liabilities of the partnership shall rank in order of payment, as follows:

(I) Those owing to creditors other than partners,

(II) Those owing to partners other than for capital and profits,

(III) Those owing to partners in respect of capital,

(IV) Those owing to partners in respect of profits.

(c) The assets shall be applied in the order of their declaration in clause (a) of this paragraph to the satisfaction of the liabilities.

(d) The partners shall contribute, as provided by Section 18(a) the amount necessary to satisfy the liabilities; but if any, but not all, of the partners are insolvent, or, not being subject to process, refuse to contribute, the other partners shall contribute their share of the liabilities, and, in the relative proportions in which they share the profits, the additional amount necessary to pay the liabilities.

(e) An assignee for the benefit of creditors or any person appointed by the court shall have the right to enforce the contributions specified in clause (d) of this paragraph.

(f) Any partner or his legal representative shall have the right to enforce the contributions specified in clause (d) of this paragraph, to the extent of the amount which he has paid in excess of his share of the liability.

(g) The individual property of a deceased partner shall be liable for the contributions specified in clause (d) of this paragraph.

(h) When partnership property and the individual properties of the partners are in possession of a court for distribution, partnership creditors shall have priority on partnership property and separate creditors on individual property, saving the rights of lien or secured creditors as heretofore.

(i) Where a partner has become bankrupt or his estate is insolvent the claims against his separate property shall rank in the following order:

(I) Those owing to separate creditors,

(II) Those owing to partnership creditors,

(III) Those owing to partners by way of contribution.

**Liability of Persons Continuing the Business in Certain Cases**

Sec. 41. (1) When any new partner is admitted into an existing partnership, or when any partner retires and assigns (or the representative of the deceased partner assigns) his rights in partnership property to two or more of the partners, or to one or more of the partners, and one or more third persons, if the business is continued without liquidation of the partnership affairs, creditors of the first or dissolved partnership are also creditors of the partnership so continuing the business.

(2) When all but one partner retire and assign (or the representative of a deceased partner assigns) their rights in partnership property to the remaining partner, who continues the business without liquidation of partnership affairs, either alone or with others, creditors of the dissolved partnership are also creditors of the person or partnership so continuing the business.

(3) When any partner retires or dies and the business of the dissolved partnership is continued as set forth in paragraphs (1) and (2) of this Section, with the consent of the retired partners or the representative of the deceased partner, but without any assignment of his right in partnership property, rights of creditors of the dissolved partnership and of the creditors of the person or partnership continuing the business shall be as if such assignment had been made.

(4) When all the partners or their representatives assign their rights in partnership property to one or more third persons who promise to pay the debts and who continue the business of the dissolved partnership, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(5) When any partner wrongfully causes a dissolution and the remaining partners continue the business under the provisions of Section 38(2b), either alone or with others, and without liquidation of the partnership affairs, creditors of the dissolved part-

nership are also creditors of the person or partnership continuing the business.

(6) When a partner is expelled and the remaining partners continue the business either alone or with others, without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(7) The liability of a third person becoming a partner in the partnership continuing the business, under this Section, to the creditors of the dissolved partnership shall be satisfied out of partnership property only.

(8) When the business of a partnership after dissolution is continued under any conditions set forth in this Section the creditors of the dissolved partnership, as against the separate creditors of the retiring or deceased partner or the representative of the deceased partner, have a prior right to any claim of the retired partner or the representative of the deceased partner against the person or partnership continuing the business, on account of the retired or deceased partner's interest in the dissolved partnership or on account of any consideration promised for such interest or for his right in partnership property.

(9) Nothing in this Section shall be held to modify any right of creditors to set aside any assignment on the ground of fraud.

(10) The use by the person or partnership continuing the business of the partnership name, or the name of a deceased partner as part thereof, shall not of itself make the individual property of the deceased partner liable for any debts contracted by such person or partnership.

#### **Rights of Retiring or Estate of Deceased Partner When the Business is Continued**

Sec. 42. When any partner retires or dies, and the business is continued under any of the conditions set forth in Section 41(1, 2, 3, 5, 6) or Section 38(2b), without any settlement of accounts as between him or his estate and the person or partnership continuing the business, unless otherwise agreed, he or his legal representative as against such persons or partnership may have the value of his interest at the date of dissolution ascertained, and shall receive as an ordinary creditor an amount equal to the value of his interest in the dissolved partnership with interest, or, at his option or at the option of his legal representative, in lieu of interest, the profits attributable to the use of his right in the property of the dissolved partnership; provided that the creditors of the dissolved partnership as against the separate creditors, or the representative of the retired or deceased partner, shall have priority on any claim arising under this Section as provided by Section 41(8) of this Act.

#### **Accrual of Actions**

Sec. 43. The right to an account of his interest shall accrue to any partner, or his legal representative, as against the winding up partners or the surviving partners or the person or partnership continuing the business, at the date of dissolution, in the absence of any agreement to the contrary.

##### **Severability; Effect of Partial Invalidity**

Sec. 44. If a court shall adjudge to be invalid or unconstitutional any provision of this Act, such judgment or decree shall not affect other provisions or applications of this Act, but the effect thereof shall be confined to the provision so adjudged to be invalid or unconstitutional. To this end, the provisions of this Act are severable.

**CHAPTER THREE. REAL ESTATE INVESTMENT TRUSTS**

**Art. 6138A. Texas Real Estate Investment Trust Act**

**Short Title**

Sec. 1. This Act shall be known and may be cited as the "Texas Real Estate Investment Trust Act."

**Real Estate Investment Trust Defined**

Sec. 2. A real estate investment trust is an unincorporated trust formed by one or more trust managers under the provisions of Section 3 of this Act and managed in accordance with the provisions of Section 4 of this Act.

**Formation of Real Estate Investment Trust**

Sec. 3. (A) One or More persons, may act as trust manager(s) of a real estate investment trust by subscribing and acknowledging to a declaration of trust before an officer duly authorized to take acknowledgments of deeds, which shall set forth:

- (1) The name of the trust and a statement that an assumed name certificate setting forth such name has been filed in the manner prescribed by law.
- (2) A statement that it is formed pursuant to the provisions of this Act and has the following as its purpose:

To purchase, hold, lease, manage, sell, exchange, develop, subdivide and improve real property and interests in real property, and in general, to carry on any other business and do any other acts in connection with the foregoing and to have and exercise all powers conferred by the laws of the State of Texas upon real estate investment trusts formed under the Texas Real Estate Investment Trust Act, and to do any or all of the things hereinafter set forth to the same extent as natural persons might or could do. The term "real property" and the term "interests in real property" for the purposes stated herein shall not include severed mineral, oil or gas royalty interests.

- (3) As to any real property of any character, major capital improvements must be made within fifteen (15) years of purchase or the property must be sold. Such major capital improvements must equal or exceed the purchase price of such real property, if the same is unimproved property at the time of purchase or property outside the corporate limits of a city, town or village. Any citizen of the State of Texas may force compliance with this provision by filing suit in any district court of this state and shall receive from such real estate investment trust forced to sell under this provision the sum of

five per cent (5%) of the sale price of such real property interest as compensation.

(4) The post office address of its initial principal office and place of business.

(5) The name and post office address of each trust manager, specifying the resident trust manager.

(6) The period of its duration, which may be for a term of years or perpetual.

(7) The aggregate number of shares of beneficial interests the trust shall have authority to issue, the par value to be received by the trust for the issuance of each of such shares and a statement that each share shall be equal in all respects to every other share.

(8) A statement that shares of beneficial interests will be issued only for money or property actually received.

(9) A statement that the trust manager(s) shall hold the money or property received for the issuance of shares for the benefit of the owners of such shares.

(10) A statement that the trust will not commence operations until the beneficial ownership is held by one hundred or more persons with no five (5) persons owning more than fifty per cent (50%) of the total number of outstanding shares of beneficial interest. The word person as used herein shall not include corporations.

(11) Any provision, not inconsistent with law, including any provision which under this Act is permitted to be set forth in the by-laws, which the trust manager(s) elect to set forth in the declaration of trust for the regulation of the internal affairs of the trust.

(B) The declaration of trust shall be filed for record with the County Clerk of the county of the principal place of business of the trust.

#### Operation of Real Estate Investment Trust

Sec. 4. (A) The control, operation, disposition, investment, reinvestment and management of the trust estate and whether included in the foregoing or not, all powers necessary or appropriate to effect any or all of the purposes for which the trust is organized shall be vested in the trust manager(s) named in the declaration of trust or successor(s) selected in accordance therewith; provided that naming successor trust manager(s) shall be considered an amendment to the declaration of trust. At least a majority of the trust managers must be natural persons and residents of the State of Texas and the other trust manager(s), if any, need not be residents of this state or shareholders of the trust unless the declaration of trust or by-laws so require. The declaration of trust or by-laws may prescribe other qualifications for the trust manager(s).

(B) Any vacancy occurring in the trust manager(s) may be filled by a two-thirds vote of the outstanding shares of the trust.

(C) If the trust is managed by three (3) or more trust managers, a majority of the number of trust managers shall constitute a quorum for the transaction of business unless a greater number is required by the declaration of trust or the by-laws.

(D) The trust manager(s) may designate such of its members to constitute officers of the trust to the extent provided in the declaration of trust or in the by-laws of the trust, who shall have and may exercise all of the authorities of the trust manager(s) in the business and affairs of the trust except where action of the trust manager(s) is specified by this Act or other applicable laws, but the designation of such officers and the delegation thereto of authority shall not operate to relieve the trust manager(s), or any member thereof, of any responsibility imposed upon them or him by law. All officers and agents of the trust shall have such authority and perform such duties in the management of the trust as may be provided in the by-laws or as may be determined by the trust manager(s) not inconsistent with the by-laws. Any officer or agent elected or appointed by the trust manager(s) may be removed by the trust manager(s) whenever in their judgment the best interests of the trust will be served thereby, but such removal shall be without prejudice to the contract rights, if any, if the person is so removed. Election or appointment of an officer or agent shall not of itself create contract rights.

(E) The trust manager(s) or officers shall have the power to exercise complete discretion with respect to the investment of the trust estate subject to the limitation that seventy-five per cent (75%) of the total trust assets shall be invested in real property (including fee ownership and co-ownership of land or improvements thereon and leaseholds of land or improvements thereon), interests in mortgages on real property, shares in other real estate investment trusts, cash and cash items (including receivables) and Government securities; provided, that the trust manager(s) or officers shall not have the power to invest in severed mineral, oil or gas royalty interests.

#### Service of Process on Real Estate Investment Trust

Sec. 5. The resident trust manager(s) and any one of them if more than one and any officer of the trust shall be an agent of such trust upon whom any process, notice, or demand required or permitted by law to be served upon the trust may be served.

General Powers of Real Estate Investment Trust

Sec. 6. (A) Subject to the provisions of paragraphs (B) and (C) of this Section, each real estate investment trust shall have power:

(1) To have perpetual succession by its trust name unless a limited period of duration is stated in its declaration of trust.

(2) To sue and be sued, complain and defend, in its trust name.

(3) To purchase, receive, lease, or otherwise acquire, own, hold, improve, use and otherwise deal in and with, real or personal property or any interest therein, wherever situated, as the purposes of the trust shall require, but the trust shall not own more than one thousand (1,000) acres outside the corporate limits of a town or city at any one time.

(4) To sell, convey, mortgage, pledge, lease, exchange, transfer and otherwise dispose of all or any part of its property and assets.

(5) To purchase, receive, subscribe for, or otherwise acquire, own, hold, vote, use, employ, mortgage, lend, pledge, sell or otherwise dispose of, and otherwise use and deal in and with, securities, shares or other interests in, or obligations of, domestic or foreign corporations, associations, partnerships, other real estate investment trusts, or individuals, or direct or indirect obligations of the United States or of any other government, state, territory, government district, or municipality, or of any instrumentality thereof.

(6) To make contracts, and incur liabilities, borrow money at such rates of interest as the trust may determine, issue its notes, bonds, and other obligations, and secure any of its obligations by mortgage or pledge of all or any of its property, franchises, and income.

(7) To lend money for its trust purposes, invest and reinvest its funds, and take and hold real and personal property as security for the payment of funds so loaned or invested.

(8) To conduct its business, carry on its operations, and have offices and exercise the powers granted by this Act in any state, territory, district or possession of the United States, or in any foreign country.

(9) To elect or appoint officers and agents of the trust for such period of time as the trust may determine, and define their duties and fix their compensation.

(10) To make and alter by-laws, not inconsistent with its declaration of trust or with the laws of this state, for the administration and regulation of the affairs of the trust.

(11) To cease its trust activities and terminate its existence by voluntary dissolution.

(12) Whether included in the foregoing or not, to have and exercise, all powers necessary or appropri-

ate to effect any or all of the purposes for which the trust is organized.

(B) Nothing in this Section grants any authority to officers or trust manager(s) of a real estate investment trust to perform any of the foregoing powers inconsistent with the limitations on any of the same which may be expressly set forth in this Act or in the declaration of trust or in any other laws of this state. Authority of officers and trust manager(s) to act beyond the scope of the purpose or purposes of a real estate investment trust is not granted by any provision of this Section.

(C) Nothing contained in this Act shall be deemed to authorize any action in violation of the Anti-Trust Laws of this state as now existing or hereafter amended.

Consideration and Payment for Shares

Sec. 7. (A) Shares may be issued for such consideration expressed in dollars as shall be fixed from time to time by the trust manager(s).

(B) The consideration paid for the issuance of shares shall consist of money paid or property actually received. Shares may not be issued until the full amount of the consideration has been paid. When such consideration shall have been paid to the trust, the shares shall be deemed to have been issued, and the shareholder entitled to receive such issue, shall be a shareholder with respect to such shares, and the shares shall be considered fully paid and non-assessable.

(C) Neither promissory notes nor the promise of future services, nor past services shall constitute payment or part payment for shares of a real estate investment trust.

(D) In the absence of fraud in the transaction, the judgment of the trust manager(s) or the shareholders, as the case may be, as to the value of the consideration received for shares shall be conclusive.

Liability of Shareholders

Sec. 8. (A) A holder of a certificate of shares shall not be personally or individually liable in any manner whatsoever for any debt, act, omission or obligation incurred by the trust or the trust manager(s) and shall be under no obligation to the trust or to its creditors with respect to such shares other than the obligation to pay to the trust the full amount of the consideration for which such shares were issued or to be issued.

(B) Any person becoming an assignee or transferee of a certificate of shares in good faith and without knowledge or notice that the full consideration therefor has not been paid shall not be personally liable to the trust or its creditors for any unpaid portion of such consideration.

(C) An executor, administrator, conservator, guardian, trustee, assignee for the benefit of creditors, or receiver, shall not be liable personally as a

holder of shares of a trust, but the estate and funds in his hands shall be liable to pay to the trust the full amount of the consideration for which such shares were issued or to be issued.

(D) No pledgee or other holder of shares as collateral security shall be personally liable as a shareholder.

(E) No real estate investment trust may impose restrictions on the sale or other disposition of its shares and on the transfer thereof.

#### By-laws

Sec. 9. The initial by-laws of the trust shall be adopted by shareholders in person or by proxy. The power to alter, amend, or repeal the by-laws or to adopt new by-laws shall be vested in the shareholders. The by-laws may contain any provisions for the regulation and management of the affairs of the trust not inconsistent with law or the declaration of trust.

#### Meetings of Shareholders

Sec. 10. (A) Meetings of shareholders shall be held at such place, either within or without the state, as may be provided in the by-laws. In the absence of any such provision, all meetings shall be held at the principal office of the trust.

(B) An annual meeting of the shareholders shall be held at such time as may be provided in the by-laws. In the event the trust manager(s) fail to call the annual meeting at the designated time, any shareholder may make demand that such meeting be held within a reasonable time, such demand to be made in writing by registered mail directly to any officer or trust manager of the trust. If the annual meeting of the shareholders is not called within sixty (60) days following such demand, any shareholder may compel the holding of such annual meeting by legal action directed against said trust manager(s), and all of the extraordinary writs of the common law and of a court of equity shall be available to such shareholder to compel the holding of such annual meeting. Each and every shareholder is hereby declared to have a justiciable interest sufficient to enable him to institute and prosecute such legal proceedings.

(C) Special meetings of the shareholders may be called by the trust manager(s), any officer of the trust, the holders of not less than one-tenth ( $\frac{1}{10}$ ) of all the shares entitled to vote at the meetings, or such other persons as may be provided in the declaration of trust or the by-laws.

#### Notice of Shareholders Meetings

Sec. 11. Written or printed notice stating the place, day and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered not less than ten (10) nor more than fifty (50) days before the date of the meeting, either personally or by mail, by or at the direction of the trust manager(s)

or any officer or person calling the meeting, to each shareholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States Mail addressed to the shareholder at his address as it appears on the books of the trust, with postage thereon prepaid.

#### Quorum of Shareholders

Sec. 12. Unless otherwise provided in the declaration of trust, the holders of a majority of the shares entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders, but in no event shall a quorum consist of the holders of less than one-third ( $\frac{1}{3}$ ) of the shares entitled to vote and thus represented at such meeting. The vote of the holders of a majority of the shares entitled to vote and thus represented at a meeting at which a quorum is present, shall be the act of the shareholders meeting, unless the vote of a greater number is required by law, the declaration of trust or by-laws.

#### Voting of Shares

Sec. 13. (A) Each outstanding share shall be entitled to one vote on each matter submitted to a vote at a meeting of shareholders.

(B) A shareholder may vote either in person or by proxy executed in writing by the shareholder or by his duly authorized attorney in fact. No proxy shall be valid after eleven (11) months from the date of its execution unless otherwise provided in the proxy. Each proxy shall be revocable unless expressly provided therein to be irrevocable, but in no event shall it remain irrevocable for a period of more than eleven (11) months.

(C)(1) At each election for trust manager(s) every shareholder entitled to vote at such election, shall have the right to vote, in person or by proxy, the number of shares owned by him for as many persons as there are trust manager(s) to be elected and for whose election he has a right to vote, or unless expressly prohibited by the declaration of trust, to cumulate his votes by giving one (1) candidate as many votes as the number of such trust manager(s) multiplied by his shares shall equal, or by distributing such votes on the same principle among any number of such candidates.

(2) No amendment of the declaration of trust prohibiting the right of cumulative voting shall be effective unless at least sixty-six and two-thirds per cent ( $66\frac{2}{3}\%$ ) of the outstanding shares entitled to vote upon such amendment shall have been voted in favor of such amendment.

(3) Any shareholder who intends to cumulate his votes as herein authorized shall give written notice of such intention to the trust manager(s) on or before the day preceding the election at which such shareholder intends to cumulate his votes.

**Dividends**

Sec. 14. (A) The trust manager(s) may from time to time, declare and the trust may pay, dividends on its outstanding shares in cash, in property, or in its own shares, except when the trust is insolvent or when the payment thereof would render the trust insolvent, or when the declaration or payment thereof would be contrary to any restrictions contained in the declaration of trust.

(B) The trust manager(s) must, when requested by the holders of at least one-third ( $\frac{1}{3}$ ) of the outstanding shares of the trust, present written reports of the situation and amount of business of the trust and, subject to limitations on the authority of the trust manager(s) by provisions of law, or the declaration of trust or the by-laws, the trust manager(s) shall declare and provide for payment of such dividends of the profits from the business of the trust as such trust manager(s) shall deem expedient.

**Liability of Trust Manager(s)**

Sec. 15. (A) In addition to any other liabilities imposed by law upon trust manager(s) of a real estate investment trust:

(1) The trust manager(s) of a trust who vote for or assent to any distribution of assets of a trust to its shareholders during the liquidation of the trust without the payment and discharge of, or making adequate provisions for, all known debts, obligations and liabilities of the trust shall be jointly and severally liable to the trust for the value of such assets which are distributed, to the extent that such debts, obligations and liabilities of the trust are not thereafter paid and discharged.

(2) The trust manager(s) of a trust who vote for or assent to the making of a loan to an officer or trust manager(s) of the trust or the making of any loans secured by the shares of the trust, shall be jointly and severally liable to the trust for the amount of such loan until the repayment thereof.

(3) If the trust shall commence operations before the beneficial ownership is held by one hundred (100) or more persons with no five (5) persons owning more than fifty per cent (50%) of the total number of outstanding shares of beneficial interest, the trust manager(s) who assent thereto shall be jointly and severally liable to the trust for all debts and obligations incurred by the trust prior to the time the beneficial ownership is so held, but such liability shall be terminated when the trust has actually issued the required number of shares.

(B) The trust manager(s) shall not be liable under Subsection 1 of paragraph (A) of this Section if, in the exercise of ordinary care, in good faith, in determining the amount available for any such dividend or distribution, he considered the assets to be of their book value.

(C) A trust manager(s) shall not be liable for any claims or damages that may result from his acts in

the discharge of any duty imposed or power conferred upon him by the trust, if, in the exercise of ordinary care, he acted in good faith and in reliance upon the written opinion of an attorney for the trust.

(D) No trust manager shall be liable for any act, omission, loss, damage, or expense arising from the performance of his duty under a real estate investment trust, save only for his own wilful misfeasance or malfeasance or negligence.

**Share as Personal Property**

Sec. 16. A share of beneficial ownership in a real estate investment trust shall be considered personal property.

**Joinder of Shareholders Not Required**

Sec. 17. The joinder of shareholders in any sale, mortgage, lease, or other disposition of all or any part of assets of a real estate investment trust shall not be required.

**Books and Records**

Sec. 18. (A) Each trust shall keep complete and correct books of account and shall keep minutes of the proceedings of its shareholders and trust manager(s) and shall keep at its principal office or place of business a record of its shareholders giving the names and addresses of all shareholders and the number of shares held by each.

(B) Any person who shall have been a shareholder of record for at least six (6) months immediately preceding his demand, or who shall be the holder of record of at least five per cent (5%) of all the outstanding shares of a trust, upon written demand stating the purpose thereof shall have the right to examine, in person or by agent or attorney, at any reasonable time or times, for any proper purpose, its books and records of account, minutes and record of shareholders, and shall be entitled to make extracts therefrom.

(C) Nothing herein contained shall impair the power of any court of competent jurisdiction, upon proof by a shareholder of proper purpose, irrespective of the period of time during which such shareholder shall have been a shareholder of record, and irrespective of the number of shares held by him, to compel production, for examination by such shareholder, of the books and records of account, minutes, and record of shareholders of a trust.

**Transfer of Shares**

Sec. 19. The shares of ownership shall be transferable by an appropriate instrument in writing and by the surrender of the shares of ownership to the trust manager(s) or to the persons designated by them, but no transfer shall be of any effect as against the trust of the trust manager(s) until it has been recorded upon the books of the trust kept for that purpose.

**Termination and Liquidation**

Sec. 20. A real estate investment trust may be dissolved by the affirmative vote of two-thirds ( $\frac{2}{3}$ ) of the owners of shares of the trust. Upon receiving such vote, the trust manager(s) shall liquidate the trust and distribute the remaining property and assets of the trust among its shareholders in accordance with their respective rights and interests after applying such property as far as it will go to the just and equitable payment of the liabilities and obligations of the trust. Upon the filing by the trust manager(s) of a withdrawal of assumed name certificate as provided by law, the trust shall cease to carry on its business, except in so far as may be necessary for the winding up thereof.

**Greater Voting Requirements**

Sec. 21. Whenever, with respect to any action taken by the shareholders of a trust, the declaration of trust requires the vote or concurrence of the holders of a greater portion of the shares than is required by this Act, with respect to such action, the provisions of the declaration of trust shall control.

**Waiver of Notice**

Sec. 22. Whenever any notice is required to be given to any shareholder of a trust under the provisions of this Act or under the provisions of the declaration of trust or by-laws of the trust, a waiver thereof in writing, signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice.

**Right to Amend Declaration of Trust**

Sec. 23. A real estate investment trust may amend its declaration of trust, from time to time, in any and as many respects as may be desired, so long as its declaration of trust as amended contains only such provisions as may be lawfully contained in original declaration of trust at the time of making such amendment, and, if a change in shares or the rights of shareholders, or an exchange, reclassification, or cancellation of shares or rights of shareholders is to be made, such provisions as may be necessary to effect such change, exchange, reclassification or cancellation. The declaration of trust may be amended upon receipt of the affirmative vote of the holders of at least two-thirds ( $\frac{2}{3}$ ) of the outstanding shares of the trust. Any and all amendments to the declaration of trust shall be made of record in the same manner as the original declaration of trust.

**Cases Not Provided For**

Sec. 24. In any case not provided for in this Act, the rules of law and equity, including the law of merchant shall govern. For purposes of the Texas Trust Code (Subtitle B, Title 9, Property Code)<sup>1</sup> and this Act, a real estate investment trust created hereunder shall be considered a "business trust." Whoever shall in any manner, for exhibition or display, place or cause to be placed, any word, figure, mark, picture, design, drawing or any advertisement of any nature upon any flag of the United States of America or State flag of this State, or shall expose or cause to be exposed to public view any such flag upon which, after this law takes effect shall have been printed, painted or otherwise placed, or to which shall be attached, appended, affixed or annexed any word, figure, mark, picture, design or drawing, or any advertisement of any nature, or who shall, after this law takes effect, expose to public view, manufacture, sell, expose for

sale, give away, or have in possession for sale, or to give away, or for use for any purpose, any article or substance being an article of merchandise, or receptacle of merchandise or article or thing for carrying or transporting merchandise, upon which, after this law takes effect, shall have been printed, painted, attached or otherwise placed, a representation of any such flag to advertise, call attention to, decorate, mark or distinguish the article or substance on which so placed, or who shall publicly mutilate, deface, defy, or defile, trample upon or cast contempt, either by words or act, upon such flag, shall forfeit a penalty of fifty dollars for each such offense. Such penalty shall be recovered with costs in a civil suit brought by and in the name of any citizen of this State. Such penalty when collected, less the reasonable cost and expense of suit and recovery, to be certified by the county attorney of the county in which the offense is committed, shall be paid into the State Treasury. Two or more penalties may be sued for and recovered in the same suit.

[Acts 1925, S.B. 84.]

**Art. 6140. Definition**

The word "flag," as used in this title, shall include any flag, standard, color, ensign or any picture or representation of either made of any substance or represented on any substance, and of any size, evidently purporting to be, either of, said flag, standard, color or ensign of the United States of America, or a picture or representation, of either upon which shall be shown the colors, the stars and stripes in any number of either, or by which the person seeing the same without deliberation may believe the same to represent the flag, colors, standard or ensign of the United States of America.

[Acts 1925, S.B. 84.]

**Art. 6141. Prima Facie Evidence**

The possession by one, other than a public officer, as such, of any such flag on which shall be anything made unlawful at any time, by this title, or of any article or substance or thing on which shall be anything made unlawful at any time by this title, shall be presumptive evidence that the same is in violation of this law.

[Acts 1925, S.B. 84.]

**Art. 6142. Exceptions**

The preceding article shall not apply to any act permitted by the statutes of the United States, or by the United States Army and Navy regulations,

nor to any newspaper, periodical, book, pamphlet, circular, certificate, diploma, warrant or commission of appointment to office, ornamental picture, article of jewelry, or stationery for use in correspondence, on any of which shall be printed, painted, or placed said flag, disconnected from any advertisement.

[Acts 1925, S.B. 84.]

#### Art. 6142a. Clarifying Description of Texas Flag

##### Purpose

Sec. 1. This act of the Legislature is not a substitute for any previous legislation pertaining to the Lone Star Flag of Texas which may have been passed by either the Republic of Texas or the Legislature of this State, but the sole purpose of this act is to clarify the description of the Texas Flag, to standardize the star in the blue field, and to outline some important rules to govern the correct use of the Texas Flag.

##### Illustrating Texas Flag

Sec. 2. A drawing of the Texas Flag to illustrate the general outline of the three stripes, and the star in the blue stripe:

The Texas Flag

[A2167]

##### Salute to the Texas Flag

Sec. 3.

"Honor the Texas Flag; I pledge allegiance to thee, Texas, one and indivisible."

##### Description of the Texas Flag

Sec. 4. The Texas Flag is an emblem of four sides, and four angles of ninety (90) degrees each. It is a rectangle having its width equal to two-thirds of its length. The Flag is divided into three equivalent parts, called bars or stripes, one stripe being blood red, one white, and the other azure blue. These stripes are rectangles, also, and they are exact duplicates of one another in every respect. The width of each stripe is equal to one-half of its length, or one-third of the length of the Flag, while the length of each stripe is equal to the width of the Flag, or two-thirds of the length of the Emblem.

One end of the Flag is blue, and it is called the Flag's "right." This stripe is a perpendicular bar next to the staff or the halyard, and it is attached by means of a heading made of strong and very durable material. The remaining two-thirds of the Flag is made up of two horizontal bars of equal width, one being white and the other red, and this end of the Emblem is called the Flag's "left." Each one of the stripes is perpendicular to the blue stripe, and when the Flag is displayed on a flagpole or staff, or flat on a plane surface, the white stripe should always be at the top of the Flag, with the red stripe directly underneath it. Thus, each stripe on the Texas Flag touches each of the other stripes, which signifies that the three colors are mutually dependent upon one another in imparting the lessons of the Flag: bravery, loyalty, and purity.

##### Description of the Star

Sec. 5. In the center of the blue stripe is a white star of five points. One point of this star is always at the top, and in a vertical line drawn from one end of the blue stripe to the other, and midway between its sides. This line is the vertical axis of the blue stripe, and it is perpendicular to the horizontal axis at the central point of the stripe. The two lowest points of the star are in a line parallel to the horizontal axis, and the distance from the topmost point of the star to the line through these two points is equal to approximately one-third of the length of the blue stripe, or one-third of the width of the Flag. The center of the star is at the point of intersection of the horizontal axis with the vertical axis, or at the central point of the blue stripe. The other two points of the star are above the horizontal axis, and near the sides of the blue stripe.

A few fundamental facts concerning the dimensions of the star and its position in the blue stripe are outlined here for the assistance of makers of the Texas Flag:

It is a white star of five points.

The center of the star is at the central point of the blue stripe.

The five points of the star are on a circle whose center is at the central point of the blue stripe.

The length of the diameter of the circle which passes through the five points of the star is always equal to three-fourths of the width of the blue stripe, or three-eighths of the width of the Flag.

The radius of the circle which passes through the five points of the star, then, is equal to three-eighths of the width of the blue stripe.

The topmost point of the star is at the point of intersection of this circle with the vertical axis of the blue stripe.

The two lowest points of the star are in a line parallel to the horizontal axis of the blue stripe, and the distance from the topmost point of the star to this line is equal to approximately one-third of the

length of the blue stripe, or it is equal to approximately one-third of the width of the Flag.

The other two points of the star are above the horizontal axis and near the sides of the blue stripe, and these two points are in a line parallel to the horizontal axis.

The five angles of the points of the star are equal to one another, and each angle contains thirty-six (36) degrees.

The geometrical figure in the center of the star is a regular pentagon, or polygon of five equal sides and five equal angles, and each angle of the pentagon contains one hundred and eight (108) degrees.

With the use of a ruler and a compass, this star is very easily constructed. First, draw the line through the middle points of the ends of the blue stripe, or draw the vertical axis; then, draw the line through the middle points of the sides of the blue stripe, or draw the horizontal axis. These two axes intersect in the central point of the blue stripe, and they bisect each other.

Now, divide the horizontal axis into eight equal parts, and draw a circle with its center at the central point of the blue stripe and its radius equal to three-eighths of the length of the horizontal axis. The point in which this circle intersects the vertical axis above the central point of the blue stripe is the topmost point of the star.

Next, find the middle point of the radius of this circle which coincides with one end of the horizontal axis. Using this point as a center, and with a radius equal to the distance to the topmost point of the star, describe an arc intersecting the opposite end of the horizontal axis. The distance from the last point found to the topmost point of the star is equal to one-fifth of the circumference of the circle.

Then, beginning at the topmost point of the star, and using the measure just found as a unit of length, divide the circumference of the circle into five equal parts. The four additional points found on the circle in this way are the remaining points of the star. Two of these points are above the horizontal axis and two of them are below it, while two of the points are at the left of the vertical axis and two are at the right of it.

Now, connect the topmost point of the star with the two points below the horizontal axis. Then, connect the point which is below the horizontal axis and at the left of the vertical axis with the point which is above the horizontal axis and at the right of the vertical axis. Likewise, connect the point which is below the horizontal axis and at the right of the vertical axis with the point which is above the horizontal axis and at the left of the vertical axis. Finally, connect the two points which are above the horizontal axis and on opposite sides of the vertical axis, and the symmetrical figure thus completed is the beautiful Lone Star of the Texas Flag.

#### Rules Governing the Use of the Texas Flag

Sec. 6. When the Texas Flag is displayed out-of-doors, it should be on either a flagpole or a staff, and the staff should be at least two and one-half times as long as the Flag. The Flag is always attached at the spearhead end of the staff, and the heading must be made of material strong enough to protect the Colors.

The Texas Flag should not be displayed outdoors earlier than sunrise nor later than sunset. However, when a patriotic effect is desired, the Texas Flag may be displayed 24 hours a day if properly illuminated during the hours of darkness, or under the same circumstances as the Flag of the United States of America may be displayed.

The Texas Flag should not be displayed on days when the weather is inclement, unless a weather-proof flag is displayed.

The Texas Flag should be displayed on all State Memorial Days and on special occasions of historical significance.

Every school in Texas should fly the Texas Flag on all regular school days. This courtesy is due to the Lone Star Flag of Texas.

The Texas Flag should always be hoisted briskly, and furled slowly with appropriate ceremonies.

The Texas Flag should not be fastened in such a manner that it can be torn easily.

When the Texas Flag is flown from a flagpole or staff, the white stripe should always be at the top of the Flag, except in cases of distress, and the red stripe should be directly underneath the white.

The Texas Flag should be on the marching left when it is carried in a procession in which the Flag of the United States of America is unfurled.

The Texas Flag should be on the left of the Flag of the United States of America, and its staff should be behind the staff of the Flag of the United States of America when the two are displayed against a wall from crossed staffs.

When the Texas Flag is flown on a flagpole adjacent to the flagpole on which the Flag of the United States of America is flown, it should be unfurled after the Flag of the United States of America, and it should be displayed at the left of the Flag of the United States of America.

When the Texas Flag and the Flag of the United States of America are displayed at the same time, they should be flown on separate flagpoles of equal length, and the Flags should be approximately the same size. However, when it is necessary for the Texas Flag and the Flag of the United States of America to be flown from the same halyard, the Texas Flag must be beneath the Flag of the United States of America.

When the Texas Flag is flown from a window-sill, balcony, or front of a building, and flat against the

wall, it should be on a staff, and the blue field should be at the observer's left.

When the Texas Flag and the Flag of the United States of America are displayed on a speaker's platform at the same time, the Texas Flag should be on the left side of the speaker, while the Flag of the United States of America is on the right side of the speaker.

The Texas Flag should never be used to cover a platform or speaker's desk, nor to drape over the front of a speaker's platform.

When the Texas Flag is displayed flat on the wall of a platform, it should be above the speaker, and the blue field must always be at the Flag's right.

When the Texas Flag is displayed on a motor car, the staff should be fastened firmly to the chassis of the car, or clamped firmly to the right fender, unless the Flag of the United States of America is flown on the right fender, in which case the Texas Flag should be so displayed on the left fender.

When the Texas Flag is displayed on a float in a parade, it should always be attached securely to a staff.

The Texas Flag should not be allowed to touch the ground or the floor, nor to trail in water.

The Texas Flag should not be draped over the hood, top, sides, or back of any vehicle, or of a railroad train, boat, or aircraft.

The Texas Flag should not be used as a covering for a ceiling.

The Texas Flag should not be used as any portion of a costume or athletic uniform.

The Texas Flag should not be embroidered upon cushions or handkerchiefs, nor printed on paper napkins or boxes.

The Texas Flag must not be treated disrespectfully by having printing or lettering of any kind placed upon it.

The Texas Flag should not be used in any form of advertising, and, under no circumstances, may advertisements of any kind be attached to the flagpole or staff.

It is disrespectful to the Texas Flag to use it for purposes of decoration, either as a covering for automobiles or floats in a parade, or for draping speakers' platforms or stands, or for any other similar purpose of decoration. For such purposes of decoration the colors of the Flag may be used in bunting or other cloth.

The Texas Flag should, whenever practicable, not be carried flat or horizontally, but always aloft and free, as it is carried in a parade.

The Texas Flag is flown at half-mast by first raising it to the top of the flagpole, and then slowly lowering it to a position one-half of the distance down the flagpole, and there leaving it during the time it is to be displayed. In taking the Flag down,

it should first be raised to the top of the flagpole, and then slowly lowered with appropriate ceremony.

The Texas Flag should not be displayed, used, nor stored in such a manner that it can be easily soiled or otherwise damaged.

When the Texas Flag is in such condition of repair that it is no longer a suitable Emblem for displaying, it should be totally destroyed, preferably by burning; and that privately; or this should be done by some other method in keeping with the spirit of respect and reverence which all Texans owe the Emblem which represents the Lone Star State of Texas.

#### Art. 6144. Repealed by Acts 1953, 53rd Leg., p. 27, ch. 21, § 1

#### Art. 6144a. Texas Week

Therefore, be it resolved, that the Senate of Texas, the House of Representatives concurring therein, does here and now approve this Resolution and set apart annually the entire week in which March the Second comes as a season to be known as Texas Week; and by this action of the Legislature His Excellency, the Governor of Texas, is hereby vested with the power and is besought to issue and to publish annually his proclamation outlining the purpose and the spirit of Texas Week and urging every citizen of this State to exalt and extol the highest and the best cultural and spiritual values of Texas throughout Texas Week; and

Be it further resolved, that it is now and ever shall be in direct violation of the purpose and spirit of Texas Week to observe it as a season of holidays; and the Legislature of the State of Texas does affirm that, under no condition, is Texas Week to be looked upon as a week of holidays; but on the other hand and quite to the contrary, it is hereby alleged that during Texas Week every citizen of this State is encouraged to work, insofar as he is able, and to do his work a bit better than he does it during other weeks of the year; and

Therefore, be it further resolved, that the Legislature by this Resolution does urge His Excellency, the Governor of Texas, to suggest to the citizens of this State in his annual proclamations that they observe the following forms of activity, and from time to time such other forms of observance that he may deem wise, insofar as his suggestions do not conflict with the purpose and spirit of Texas Week as outlined in this Resolution:

First, it is enjoined that every home; every office, place of business and industry; every school, parochial, private, or public; every college and university; and all institutions of whatever class or character, educational or eleemosynary, be requested through this Resolution and the annual proclamations of the Governor of Texas to hoist a Texas Flag from some prominent point of vantage and let it be unfurled each day during Texas Week; and

Second, it is now and ever shall be expected that all teachers and pupils in every school of whatever class or classification shall observe Texas Week

appropriately in general assemblies, in classes, clubs, and in any and all other groups as they may be assembled for school work; that schools be encouraged to assemble exhibits of Texas products, pictures, relics, books and documents, and hang in permanent places pictures of famous heroes of Texas; that schools which are in reach of battle fields, missions, and other places of historical interest and importance are hereby encouraged to make patriotic pilgrimages to such places of fame during Texas Week; but it is understood that no school is to celebrate Texas Week as a season of holidays. On the other hand, better work shall be expected of all schools throughout Texas Week; and

Third, it is enjoined upon commerce and industry, professional life and activity, civic activity, and every other kind of occupational pursuit, in which Texas citizens may be engaged, that they recognize and observe Texas Week in a fitting manner. To this end it is recommended that courts in session, luncheon clubs, women's organizations, churches, conventions, lodges, and the Legislature when in session, all departments of government, city, county, and State; and any and every other group of citizens for whatever purpose they may be assembled, be urged now and ever in the future to observe Texas Week appropriately by rendering programs in keeping with the purpose and spirit of this occasion as set forth in this Resolution; and

Fourth, that every citizen, old or young, within the borders of this great State be urged now and ever in the future, by this Act of the Legislature and in accordance with the proclamations of the Governor of Texas issued and published annually to be seen and read by all citizens of Texas, to exalt and extol the cultural and spiritual values which we cherish so fondly; the blessed and romantic traditions of our glorious history; the high standards and lofty ideals of statesmanship, of scholarship, of leadership, of character, and of service which our forefathers gave to us as our rare and rich heritage, and to give thanks for this marvelous inheritance as we faithfully and conscientiously observe Texas Week.

**Certificate of Nonapplicability of Statute**

Sec. 5. Except in cases excluded by Section 8 of this Act, every person about to apply to the City of Galveston for a permit to construct any structure in the Old Galveston Quarter or to reconstruct, alter or demolish any structure now or hereafter in said Quarter shall deposit with the secretary of the Commission his application for such permit together with all plans and specifications for the work involved. Within fifteen (15) days thereafter, Saturdays, Sundays and legal holidays excluded, the Commission shall consider such application, plans and specifications and determine whether any exterior architectural feature is involved. If the Commission determines that no exterior architectural feature is involved, it shall cause its secretary to endorse on the application forthwith a certificate of such determination and return the application, plans and specifications to the applicant.

**Exterior Architectural or Advertising Features; Certificate of Appropriateness**

Sec. 6. (a) No person shall construct any exterior architectural or advertising feature in the Old Galveston Quarter, or reconstruct or alter any such feature now or hereafter in said Quarter, until such person shall have filed with the Secretary of the Commission an application for a certificate of appropriateness in such form and with such plans, specifications and other material as the Commission may from time to time prescribe and a certificate of appropriateness shall have been issued as hereinafter provided in this Section.

(b) Within fifteen (15) days after the filing of an application for a certificate of appropriateness, Saturdays, Sundays and legal holidays excluded, the Commission shall determine the estates deemed by it to be materially affected by such application and, unless a public hearing on such application is waived in writing by all persons entitled to notice thereof, shall forthwith cause its secretary to give by mail, postage prepaid, to the applicant, to the owners of all such estates as they appear on the then most recent real estate tax list, and to any person filing written request for notice of hearings, such request to be renewed yearly in December, reasonable notice of a public hearing before the Commission on such application.

(c) As soon as conveniently may be after such public hearing or the waiver thereof, but in all events within thirty (30) days, Saturdays, Sundays and legal holidays excluded, after the filing of the application for the certificate of appropriateness, or within such further time as the applicant may in

writing allow, the Commission shall determine whether the proposed construction, reconstruction or alteration of the exterior architectural feature involved will be appropriate to the preservation of the Old Galveston Quarter for the purposes of this Act, and whether, notwithstanding that it may be inappropriate, owing to conditions especially affecting the structure involved, but not affecting the Old Galveston Quarter generally, failure to issue a certificate of appropriateness will involve a substantial hardship to the applicant and such a certificate may be issued without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this Act. In passing upon appropriateness, the Commission shall consider, in addition to any other pertinent factors, the historical and architectural value and significance, architectural style, general design, arrangement, texture, material and color of the exterior architectural feature involved and the relationship thereof to the exterior architectural features of other structures in the immediate neighborhood.

(d) If the Commission determines that the proposed construction, reconstruction or alteration of the exterior architectural feature involved will be appropriate, or, although inappropriate, owing to conditions as aforesaid, failure to issue a certificate of appropriateness will involve substantial hardship to the applicant and issuance thereof may be made without substantial detriment or derogation as aforesaid, or if the Commission fails to make a determination within the time hereinbefore prescribed, the secretary of the Commission shall forthwith issue to the applicant a certificate of appropriateness. If the Commission determines that a certificate of appropriateness should not issue, the Commission shall forthwith spread upon its records the reasons for such determination and may include recommendations respecting the proposed construction, reconstruction or alteration. Thereupon the secretary of the Commission shall forthwith notify the applicant of such determination, transmitting to him an attested copy of the reasons and recommendations, if any, spread upon the records of the Commission.

#### Notice of Demolition

Sec. 7. No person shall demolish any exterior architectural feature now or hereafter in the Old Galveston Quarter until he shall have filed with the secretary of the Commission on such form as may be from time to time prescribed by the Commission a written notice of his intent to demolish such feature and a period of thirty (30) days, Saturdays, Sundays and legal holidays excluded, or such lesser period as the Commission, because the feature is not historically or architecturally significant or otherwise worthy of preservation, may in a particular case determine, shall have expired following the filing of such notice of demolition. Upon the expiration of such period the secretary of the Commission shall forthwith issue to the person filing the notice

of demolition a certificate of the expiration of such period.

#### Exclusions

Sec. 8. Nothing in this Act shall be construed to prevent the ordinary maintenance or repair of any exterior architectural feature now or hereafter in the Old Galveston Quarter; nor shall anything in this Act be construed to prevent the construction, reconstruction, alteration or demolition of any such feature which the Commission shall certify is required by the public safety because of an unsafe or dangerous condition; nor shall anything in this Act be construed to prevent the construction, reconstruction, alteration or demolition of any such feature under a permit issued by the City of Galveston prior to the effective date of this Act.

(2) The Board of Pardons and Paroles, after receipt of the recommendation of release to conditional work furlough parole, shall consider all pertinent information regarding the prisoner, including the circumstances of his offense, his previous social history and criminal record, his conduct, employment and attitude in prison, and his physical and mental health before recommending his release to conditional work furlough parole. Upon the govern-

(6) not more than 10 percent of a work furlough employer's labor force shall be composed of work furlough inmates unless prior special emergency approval for temporarily exceeding that percentage be secured from the Texas Work Furlough Program Advisory Board;

(7) in the event a work furlough employer provides its employees with paid vacation leave which, due to their incarceration, work furlough inmates

The director shall cause the same to be deposited in a trust checking account and shall keep a record showing the status of the account of such prisoner. Such accounts and records shall be audited at least once annually by the state auditor, who shall prepare a written report or reports of such audit or audits to the legislative budget board. Such wages or salary shall be disbursed only as provided in this Act and for tax purposes shall be considered to be income of the prisoner.

**Pre-Parole Transfer; Designation of Facility; Payment of Money to be Received Upon Discharge**

Sec. 2. (a) The director may transfer an eligible prisoner to a community residential facility not more than 180 days before the prisoner's presumptive parole date. Except as otherwise provided by this article, the prisoner shall serve the remainder of his sentence prior to release on parole in the facility designated by the department.

(b) At the time of the transfer of the prisoner, the department shall designate a community residential facility approved by the board as the prisoner's assigned unit of confinement. (c) At the time of transfer of the prisoner, the department may pay the prisoner all or part of the amount of money he would receive on release under Article 6166m-1, Revised Statutes, as amended. ## 2. REGULATIONS AND DISCIPLINE

Art. 6181. Repealed by Acts 1927, 40th Leg., p. 298, ch. 212, § 1

### Art. 6181-1. Inmate Classification and Good Conduct Time

Sec. 1. For the purpose of this Article:

(1) "Department" means the Texas Department of Corrections.

(2) "Director" means the Director of the Texas Department of Corrections.

(3) "Inmate" means a person confined by order of a court in the Texas Department of Corrections, whether he is actually confined in the institution or is under the supervision or custody of the Board of Pardons and Paroles.

(4) "Term" means the maximum term of confinement in the Texas Department of Corrections stated in the sentence of the convicting court. When two or more sentences are to be served consecutively and not concurrently, the aggregate of the several terms shall be considered the term for purposes of this Article. When two or more sentences are to run concurrently, the term with the longest maximum confinement will be considered the term for the purposes of this Article.

Sec. 2. The department shall classify all inmates as soon as practicable upon their arrival at the department and shall reclassify inmates as circumstances may warrant. All inmates shall be classified according to their conduct, obedience, industry, and prior criminal history. The director shall maintain a record on each inmate showing all classifica-

tions and reclassifications with dates and reasons therefor.

Sec. 3. (a) Inmates shall accrue good conduct time based upon their classification as follows:

(1) 20 days for each 30 days actually served while the inmate is classified as a Class I inmate;

(2) 10 days for each 30 days actually served while the inmate is classified as a Class II inmate; and

(3) not less than 10 nor more than 25 additional days, as determined by the director, for each 30 days actually served if the inmate is a trusty.

(b) No good conduct time shall accrue during any period the inmate is classified as a Class III inmate or is on parole or under mandatory supervision.

(c) A sheriff who has custody of a prisoner imprisoned in a county jail after conviction of an offense punishable by imprisonment in the department shall keep a record of the prisoner's behavior in jail. If the prisoner is transferred to the department, the director shall review the prisoner's jail record and may award good conduct time to the prisoner up to an amount equal to that which the prisoner could have accrued during such period if incarcerated in the department.

(d) An inmate shall accrue good conduct time, in an amount determined by the director which shall not exceed 15 days for each 30 days actually served, for participation in an educational or vocational program provided to inmates by the department.

Sec. 4. Good conduct time applies only to eligibility for parole or mandatory supervision as provided in Section 15, Article 42.12, Code of Criminal Procedure, 1965, as amended, and shall not otherwise affect the inmate's term. Good conduct time is a privilege and not a right. Consequently, if during the actual term of imprisonment in the department, an inmate commits an offense or violates a rule of the department, all or any part of his accrued good conduct time may be forfeited by the director. The director may, however, in his discretion, restore good conduct time forfeited under such circumstances subject to rules and policies to be promulgated by the department. Upon revocation of parole or mandatory supervision, the inmate loses all good conduct time previously accrued, but upon return to the department may accrue new good conduct time for subsequent time served in the department.

Sec. 5. If the release of an inmate falls upon a Saturday, Sunday, or legal holiday, the inmate may, at the discretion of the director, be released on the preceding workday.

Section 2 of the 1983 amendatory act provides:

"The change in the law made by this Act applies to credit awarded for good conduct and participation in programs during time served before, on, or after the effective date of this Act."

In calculation made on and after January 1, 1985, temporary housing may not be considered for purposes of the calculations.

Sec. 2. (a) If the inmate population of the department reaches 94 percent or more of capacity, the director shall immediately notify the governor in writing of that fact. Thereafter, until the inmate population is reduced to less than 94 percent of capacity, the director shall make a weekly written report to the governor stating the extent to which the inmate population is less than, equal to, or in excess of capacity.

(3) those administrative actions are not adequate to reduce the inmate population to 95 percent or less of capacity; and

(4) no other means of reducing the inmate population to 95 percent or less of capacity are feasible.

(d) If the board has been notified by the governor that an emergency overcrowding situation exists in the department, the board shall advance by 30 days the parole eligibility and review date of those inmates who are described by Subsection (b) of this section.

(e) If 60 days after the governor has notified the board that an emergency overcrowding situation exists, the situation continues to exist, the board shall advance by an additional 30 days the parole eligibility and review date of those inmates described by Subsection (b) of this section.

Art. 6203a. Lease of Prison Lands for Oil and Gas

#### Creation of Board

Sec. 1. A Board is hereby created to consist of the Commissioner of the General Land Office, one (1) citizen of the state, appointed by the Governor with the advice and consent of the Senate, who shall serve for a term of two (2) years and the chairman of the State Prison Board,<sup>1</sup> who shall perform the duties hereinafter indicated; the Board shall be known as the "Board for Lease of Texas Prison Lands." The term "Board" wherever it appears hereafter in this Act shall mean the "Board for Lease of Texas Prison Lands." This Board shall keep a complete record of all its proceedings.

<sup>1</sup> Changed to Texas Board of Corrections. See art. 6166a-1.

#### Lands Subject to Lease

Sec. 2. All lands or any parcel of same now owned, or that may be owned and held by the State as State prison lands may be leased by the Board to any person, or persons, firms, or corporation, subject to and as provided for in this Act for the purpose of prospecting, or exploring for and mining, producing, storing, caring for, transporting, preserving, and disposing of the oil and/or gas therein belonging to the State.

#### Subdivision of Lands; Abstracts of Title

Sec. 3. The Board is hereby authorized to cause the State Prison Lands to be surveyed and subdivided into such lots or blocks as will be conducive or convenient to facilitate the advantageous sale of oil and/or gas leases thereon, and identify such lots and blocks by permanent markings on the ground, and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. The Board shall forthwith obtain authentic abstracts of Title to all prison lands, and cause same to be examined by the Attorney General, who shall file written opinions thereon, and said Board shall take such steps as may be necessary to perfect a merchantable title to such lands in the State of Texas. Such Abstracts of Title and the Attorney General's opinion thereon shall be held on file in the General Land Office as public documents for the inspection of any prospective purchaser of oil and gas leases on said lands.

#### Advertisements for Bids

Sec. 4. Wherever, in the opinion of the Board there shall be such a demand for the purchase of oil and/or gas leases on any lot or tract of land as will reasonably insure an advantageous sale, the Board shall place such oil and gas in said land on the market in such blocks or lots as the Board may designate. It shall cause to be advertised a brief description of the land from which the oil and gas is proposed to be sold and that sealed bids for the purchase of said oil and/or gas by lease will be opened at a designated day, at ten o'clock, A.M., that day and that sealed bids received up to that time will be considered. Said advertisements shall be made:

(a) By mailing a copy thereof to the County Judge of every County in this State, two daily newspapers published in Texas.

(b) In addition the Board may in its discretion, cause said advertisement to be placed in oil and gas journals in and out of the State to be mailed generally to such persons as they think, might be interested.

#### Opening and Acceptance of Bids

Sec. 5. All bids shall be directed to the said Board in care of the General Land Office of the State of Texas, and shall be retained by the Commissioner of the General Land Office until the day designated for the opening of bids and upon that day the said Board, or a majority of its members shall open said bids and shall list and file and register all bids and money received. A separate bid shall be made for each whole survey or subdivision thereof. No bid shall be accepted which offers a royalty of less than one-eighth of the gross production of oil and/or gas in the land bid upon, and this minimum royalty may be increased at the discretion of the Board, all members concurring, before the promulgation of the advertisement of the land. Every bid shall carry the obligation to pay an amount not less than One Dollar per acre for delay in drilling, such amount to be fixed by the Board in advance of the advertisement, and which shall be paid every year for five years, unless in the meantime production in paying quantities is had upon the land.

#### Payments Accompanying Bids

Sec. 6. Every bid shall be accompanied by a payment equal to the minimum price fixed on the land per acre for delay in the drilling if the bid is accepted. The bid shall further indicate the royalty the bidder is willing to pay, which royalty shall not be less than one-eighth of the gross production. The bid shall further name such amount as the bidder may be willing to pay in addition to the royalty and the annual payment herein provided for, and shall be accompanied by cash or checks collectable in Austin to cover said amounts.

**Lease to Bidder; Rejection of Bids**

Sec. 7. If any one of the bidders shall have offered a reasonable and proper price therefor, not less than the price fixed by the Board, the lands advertised, or any whole survey or subdivision thereof, may be leased for oil and/or gas purposes under the terms of this Act and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. If after any bidding by sealed bids the Board should reject all bids, as it is hereby authorized to do, it may thereafter offer for sale and sell the oil and/or gas in said lands, in separate whole surveys only or subdivisions thereof, by open public auction at a price less than the price offered by the sealed bids. All bids may be rejected. In the event of no sale at public auction, any subsequent procedure for the sale of said oil and gas leases shall be in the manner above provided.

**Bid Filed in General Land Office**

Sec. 8. If the Board shall determine that a satisfactory bid has been received for said oil and gas, it shall be filed in the General Land Office. Whenever the royalty shall amount to as much as the yearly payment as fixed by the Board, the yearly payment may be discontinued. If before the expiration of five years oil and/or gas shall not have been produced in paying quantities, the lease shall terminate.

**No Rentals Payable Pending Drilling Operations;  
Lease Continued During Productive Period**

Sec. 9. If during the term of any lease issued under the provisions of this Act the lessee shall be engaged in actual drilling operations for the discovery of oil and/or gas on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil or gas is discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil or gas is produced in paying quantities from such tract. In the event of the discovery of oil and/or gas on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease and to properly develop the same. Failure to comply with the obligations provided by this section shall subject the holder of the lease to the penalties provided in Sections 12 and 13 of this Act.

**Assignment of Rights**

Sec. 10. Title to all rights purchased may be held by the owners so long as the area produces oil and gas in paying quantities. All rights purchased may be assigned in quantities of not less than forty acres, unless there be less than forty acres remaining in any survey, in which case such lesser area may be so assigned. All assignments shall be filed in the General Land Office within one hundred days

after the date of the first acknowledgment thereof, accompanied by ten cents per acre for each acre assigned, and if not so filed and payment made, the assignment shall be ineffective. All rights to any whole survey and to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties, in which area may be situated and filed in the Land Office accompanied with one dollar for each area assigned, but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipeline, telephone lines, and the opening of such roads over the Prison lands as may be deemed reasonably necessary for and incident to the purpose of this Act.

**Royalties Paid to General Land Office; Sworn  
Statements as to Production**

Sec. 11. Royalty as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, for benefit of the General Revenue Fund on or before the last day of each month for the preceding month during the life of the rights purchased and it shall be accompanied by the sworn statement of the owner, manager or other authorized agent showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the premises and the market value of the oil and gas, together with a copy of all daily gauges of tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks or pools and gas lines or gas storage. The books and accounts and all bids, receipts and discharges of all wells, tank pools, meters, pipelines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and/or gas shall at all times be on file in the General Land Office and be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, the Governor or any member of the State Prison Board.<sup>1</sup>

<sup>1</sup> Changed to Texas Board of Corrections. See art. 6166a-1.

**Protection of Contiguous or Adjacent Lands**

Sec. 12. In every case where the area in which oil and/or gas sold shall be contiguous or adjacent to land not Prison land, the acceptance of the bid and the sale made thereof to adequately protect the land leased from drainage from adjacent lands. In cases where the area in which the oil and/or gas is sold, as a lesser royalty, the owner shall likewise protect the State from drainage from the land so leased or sold for lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided herein for forfeitures.

**Forfeitures; Grounds**

Sec. 13. If the owner of the rights acquired under this Act shall fail or refuse to make the pay-

ment of any sum due thereon, either as rental or royalty on the production within thirty days after same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling, or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority to access to the records and other data pertaining to the operations under this Act, or if such owner, or his authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within thirty days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty days after the declaration of forfeitures, the lease may, at the discretion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy, but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon all oil and/or gas produced upon the leased area and upon all rigs, tanks, pipe line, telephone line, and machinery and appliances used in the production and handling of oil and gas produced thereon, to secure any amount due from the owner of said lease.

#### Records Filed in General Land Office

Sec. 14. All surveys, files, records, copies of sale and lease contracts, and all other records pertaining to the sales and leases hereby authorized shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all royalty for deposit to the credit of the General Revenue Fund and all rentals for delay in drilling and all other payments including all filing assignments and relinquishment fees hereunder to the credit of the General Revenue Fund.

#### Expenses Paid by Comptroller's Warrant

Sec. 15. The expenses of executing the provisions of this Act shall be paid monthly by warrants drawn by the Comptroller on the State Treasurer, and for that purpose the sum of Two Thousand (\$2,000.00) Dollars or as much thereof as may be necessary is hereby appropriated out of any money in the Treasury not otherwise appropriated until September 1, 1930.

#### Partial Invalidity

Sec. 16. If any provision hereof should be held unconstitutional, the balance of the Act shall not be affected thereby.

#### Forms and Regulations Adopted by Board

Sec. 17. The Board shall adopt proper forms and regulations, rules and contract as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids, and shall have the further right to withdraw any lands advertised for lease prior to receiving and opening bids. Any and all or parts of laws in conflict with this Act are hereby repealed.

<sup>1</sup> Changed to Texas Board of Corrections. See art. 6166a-1.

<sup>2</sup> Changed to Department of Corrections. See art. 6166a-1.

**Powers of Board of Corrections**

Sec. 2. To accomplish the purposes enumerated herein the Texas Prison Board<sup>1</sup> is authorized and directed as follows:

A. To equip the present property within the walls with reasonable sanitary devices including the installation of a sewer system for all cell blocks and at other points therein if needed.

B. To provide adequate hospitalization within the walls, including equipment for the scientific diagnosis and treatment of diseases and the installation of an adequate medical supply depot.

C. To acquire and install emergency mechanical devices, equipment, and machinery for shops and

Or, in the alternative, if the said Board so elects, it is hereby authorized to erect two such units and locate same on any two of said farms, or if the Board deems expedient, it is hereby authorized to erect three such plants and place one on each of said farms. If one unit is erected it shall be sufficiently commodious to accommodate the number of persons reasonably required for agricultural enterprises on all accessible farms when used in conjunction with the present tenatable and usable facilities now on said farms. If two or three units are erected they shall be so constructed as to accommodate enough prisoners to care for and tend all land accessible thereto. Such unit or units shall be equipped with modern, sanitary devices and supplied with such facilities as are necessary to insure comfortable and humane living conditions for prison inmates. Each unit shall be equipped with a hospital ward adequate for all anticipated needs.

E. The Department of Corrections is further directed to renovate, remodel and repair the present improvements on the Goree Farm, and to make such additions thereto as may be necessary to provide adequate housing facilities for all female inmates of the correctional system, and to supply industrial employment for such of the female inmates as may be used profitably in such employment. (1) To provide more adequate, regular and suitable employment for the vocational training and rehabilitation of the prisoners of this state, consistent with proper penal purposes;

(2) To utilize the labor of prisoners for self-maintenance and for reimbursing this state for expenses incurred by reason of their crimes and imprisonment; and

(3) To effect the requisitioning and disbursement of prison products directly through established state authorities without possibility of private profits therefrom.

(c) The Texas Department of Corrections is authorized to purchase in the manner provided by law, equipment, raw materials and supplies, and to engage the supervisory personnel necessary to establish and maintain for this state at the penitentiary or any penal farm or institution now or hereafter under control of said Board, industries for the utilization of services of prisoners in the manufacture or production of such articles or products as may be needed for the construction, operation, maintenance or use of any office, department, institution or agency supported in whole or in part by this state and the political subdivisions thereof.

(d) On and after the effective date of this Act, all offices, departments, institutions and agencies of this state which are supported in whole or in part by this state shall purchase from the Texas Department of Corrections all articles or products required by such offices, departments, institutions, agencies, or political subdivisions of this state, produced or manufactured by the Texas Department of Corrections with the use of prison labor, as provided for by this Act, and no such article or product may be purchased by any such office, department, institution or agency from any other source, unless excepted from the provisions of this subparagraph as hereinafter provided. Political subdivisions of this state may purchase directly from the Texas Department of Corrections.

Any article or product manufactured by the Texas Department of Corrections for sale through the State Board of Control to any office, department, institution or agency of the state or to any political subdivision thereof, shall be manufactured and/or produced only upon state specifications developed by and through the State Board of Control. However, if such specifications have not been developed by the Board of Control then production may be based upon commercial specifications in current use by industry for the manufacture of such articles and products for sale to the state and political subdivisions thereof which have first been approved by the State Board of Control. For purposes of this Act, state specifications and commercial specifications approved by the Board of Control shall mean the latest complete version of any specification including amendments thereto.

(e) Exceptions from the operation of the mandatory provisions in the first paragraph of subparagraph (d) hereof may be made in any case where, in the opinion of the State Board of Control, the article or articles or product or products so produced or manufactured does or do not meet the reasonable requirements of or for such offices, departments, institutions, agencies, or in any case where the requisitions made cannot be reasonably complied with. No such office, department, institution, or agency shall be allowed to evade the intent and meaning of this Section by slight variations from standards adopted by the State Board of Control, when the articles or products produced or manufactured by the Texas Department of Corrections, in accordance with established standards, are reasonably adapted to the actual needs of such office, department, institution, or agency.

(f) The Texas Department of Corrections shall cause to be prepared, at such times as it may determine, catalogues containing an accurate and complete description of all articles and products manufactured or produced by it pursuant to the provisions of this Act. Not more than one hundred (100) days following the close of each fiscal year, the State Board of Control shall submit to the Texas Department of Corrections a report showing the kinds and amounts of such prison-manufactured articles purchased by all state offices, departments, institutions, and agencies based upon the purchase experience of the entire previous fiscal year. All such reports shall refer, insofar as possible, to the items or products contained in the catalogue as issued by the Texas Department of Corrections. The Board of Control may at any time request the Texas Department of Corrections to manufacture or produce additional articles or products.

(g) In keeping with the primary objective of vocational training and rehabilitation of prisoners, the articles or products manufactured or produced by prison labor in accordance with the provisions of this Act shall be devoted, first, to fulfilling the requirements of the offices, departments, institutions and agencies of this state which are supported in whole or in part by this state; and secondly, to supplying the political subdivisions of this state with such articles and products.

(h) The Texas Department of Corrections and the Board of Control shall fix and determine the prices at which all articles or products manufactured or produced shall be furnished.

(i) In addition to the information ordinarily required by law in the annual audits of expenditures and operations of the Texas Department of Corrections made by the State Auditor, after the effective date of this Act such annual audit reports shall also include a detailed statement of all materials, machinery or other property procured, and the cost thereof, and the expenditures made during the audited year for manufacturing purposes, together with a statement of all materials on hand to be manufactured, or in process of manufacture, or manufactured, and the values of all machinery, fixtures or other appurtenances for the purpose of utilizing the productive labor of prisoners, and the earnings realized therefrom during the year.

(j) The Texas Department of Corrections shall have the power and authority to prepare and promulgate policies which are necessary to give effect to the provisions of this Act with respect to matters of administration respecting the same.

(k) In order to carry out the provisions of this Act, the Legislature shall authorize in its biennial Appropriations Acts an industrial revolving fund, and set the amount therein, for the use of the Texas

Department of Corrections; and said Department is authorized to expend such monies out of appropriations for said revolving fund as may be necessary to erect buildings, to improve existing facilities, to purchase equipment, to procure tools, supplies and materials, to purchase, install or replace equipment, and otherwise to defray the necessary expenses incident to the employment of prisoners as herein provided.

(l) All monies collected by the Texas Department of Corrections from the sale or disposition of articles and products manufactured or produced by prison labor in accordance with the provisions of this Act, shall be forthwith deposited with the State Treasurer to be kept and maintained in the industrial revolving fund authorized by this Act, and such monies so collected and deposited shall be used solely for the purchase of raw materials, manufacturing supplies, equipment, machinery and buildings used to carry out the purposes of this Act, to otherwise defray the necessary expenses incident thereto, including the employment of such necessary supervisory personnel as is unavailable in the prison inmate population, all of which shall be subject to the approval of the Texas Board of Corrections; provided, however, that said industrial revolving fund shall never be maintained in excess of the amount necessary to carry out efficiently and properly the intentions of this Act. When, in the opinion of the Governor and the Legislative Budget Board, said industrial revolving fund has reached a sum in excess of the requirements of this Act, such excess shall be transferred by the Texas Department of Corrections to the State General Revenue Fund.

(m) On and after the effective date of this Act, it shall be unlawful to sell or offer for sale on the open market of this state, any articles or products manufactured wholly or in part, in this or any other state by prisoners of this state or any other state, except prisoners on parole or probation; however, the Texas Board of Corrections shall have the power to authorize the Director of the Texas Department of Corrections to sell and dispose of all surplus agricultural products and all personal property owned by the Texas Department of Corrections, which have not been manufactured by the Department for the purpose of sale, at such prices and on such terms and under such rules and regulations as it deems best to adopt. The Texas Department of Corrections shall continue to exercise its rights and privileges as provided in the Salvage and Surplus Act of 1957 (compiled as Article 666 of Vernon's Texas Civil Statutes), relative to the sale and disposal of serviceable state personal property no longer needed by state agencies.

(n) Any person who wilfully violates the provisions of subsection (m) of this Act shall be guilty of a misdemeanor, and upon conviction, shall be confined in jail not less than ten (10) days nor more than one (1) year, or fined not less than Ten Dollars

The said appointees and their successors shall constitute the Board of Trustees of the Firemen, Policemen and Fire Alarm Operators Pension Fund, to provide for the disbursement of same, and to designate the beneficiaries thereof. The Board shall be known as the Board of Firemen, Policemen and Fire Alarm Operators Pension Fund Trustees of \_\_\_\_\_, Texas. A Board, as herein provided, shall be selected upon the enactment of this Act and shall hold its office until the next general election in such city for municipal officers, at which time a permanent Board shall be selected, as herein provided. The said Board shall organize by choosing one (1) member as Chairman, and by appointing a Secretary, which Board shall have charge of and administer said fund and shall order payments therefrom in pursuance of

the provisions of this Act. It shall report annually to the governing body of such town or city, the condition of the said fund, and the receipts and disbursements on account of same, with a complete list of the beneficiaries of said fund, and the amounts paid them. The Board shall have the power and authority, by a majority vote, to reduce the percentages stipulated in any section or subsection of this Act which deals with disabilities or with awards granted to beneficiaries. The reduction shall be based upon the degrees of disability and circumstances surrounding the case. The Board shall have the complete authority and power to administer all of the provisions of this Act and any implied powers under this Act.

## Investment Counselor; Qualifications

Sec. 1A. (a) The Board of Trustees may employ an investment counselor to advise the Board in the investment and re-investment of money in the Firemen, Policemen, and Fire Alarm Operators' Pension Fund. The following will be eligible for employment as an investment counselor:

2. Any bank maintaining a Trust Department and offering investment services to pension and retirement funds.

(b) The investment counselor shall receive such compensation as may be determined by the Board. The compensation of the investment counselor may be paid in whole or in part by the City, and if not paid by the City, the cost of the counseling service shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

## Base Pay Defined

Sec. 1B. As used in this Article on and after October 1, 1971, the term "base pay," when used in reference to the plans of said pension fund existing prior to October 1, 1971, shall mean the maximum pay per month of a patrolman or private, exclusive of educational incentive pay.

## Administrator of Fund; Professional Investment Management Services

Sec. 1C. (a) The Board of Trustees shall have the authority to appoint an administrator to keep records, make computations and perform various other related duties necessary for the operation of the Firemen, Policemen, and Fire Alarm Operators' Pension Fund, but except for clerical assistance, he shall not have any duties relating to investment of the Reserve Retirement Fund, as provided in Section 15 hereof. Compensation for such an administrator shall be determined by the city and paid out of the general funds of the city.

(b) A person appointed administrator of the Fund shall not, by virtue of that appointment, become Secretary of the Board, but the Board may also appoint him as its Secretary, in which event he shall serve in that capacity with no additional compensation.

(c) If the Board appoints an administrator for the Fund, he shall perform in his office the functions of the City Secretary as they are specified in any other Sections hereof, and the City Secretary shall be relieved of such functions, except that the City Secretary shall continue to attest all certificates and documents issued under the seal of the city.

(d) In the administration of the Reserve Retirement Fund pursuant to Section 15, if the Board of Trustees determines that assistance provided by advisory service alone, as authorized under Section 1A above, will not enable the Board to make investments of such funds as efficiently and beneficially as could be done with the service of professional investment management, the Board may contract for such service with one or more organizations in such business, including a bank maintaining a trust department, any such investment manager to have the qualifications required by law and also the approval of the Board; provided the Board does not delegate its ultimate responsibility for investing the Reserve Retirement Fund. In any such contract, the Board, in the exercise of its discretion with respect to investments, shall specify policies and guidelines with which the investment manager must comply in respect to each investment arranged by such manager.

(e) The cost of any investment management services contracted for by the Board of Trustees may be paid in whole or in part by the city. If the city does not make provision for payment of such cost, either in whole or in part, then the amount required to make payment in full shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

#### Membership

Sec. 2. Each fully paid Fireman, Policeman and Fire Alarm Operator, in the employ of such city or town, who desires himself or his beneficiaries to participate in said Fund, shall file a written statement with the City Clerk, or Secretary, of his desire to participate in said Fund, and authorize said city or town to deduct not less than one (1%) per cent, nor more than the percentage determined under Section 3 of this Act, of his wages each month to form a part of the Fund known as The Firemen, Policemen and Fire Alarm Operators' Fund.

#### Deductions; Amount; Early Retirement; Donations

Sec. 3. On and after October 1, 1971, there shall be deducted for such fund, from the wages of each fireman, policeman and fire alarm operator in the employment of the said city or town, when he has filed application therefor, six and one-half percent

(6.5%) of the wages earned by such employee, except that if approved by a majority vote of the participating members of the fund at an election held for the purpose, there shall be deducted an amount not to exceed nine percent (9%) of the wages earned by such employee, the amount and the date deductions shall begin to be as set in the election so held. Every contributor to said fund shall be required to pay into the fund on the base pay per month as defined in Section 1B hereof, and no more, except where otherwise provided by any amended plan that may be adopted under Section 11B hereof. Any amended plan adopted under said Section 11B by an election held for such purpose, which authorizes a member who meets all the requirements for retirement set forth in Section 7 hereof, except that he has not attained the age of fifty (50) years, to choose to be retired at an earlier age fixed in such amended plan, may provide for the deduction of an amount not to exceed ten and seventy-five one-hundredths percent (10.75%) from such employee's wages, as defined in such amended plan, notwithstanding the percentage limitations hereinabove set forth. Any donations made to said fund and rewards received by any members of either of the departments and all funds received from any source for such fund, shall be deposited in like manner to such fund.

#### Conduct of Meetings

Sec. 4. The Board shall hold regular monthly meetings and other meetings upon call of its Chairman. It shall issue orders, signed by the Chairman and Secretary, to the persons entitled thereto of the amounts of money ordered paid to such persons from such Fund by said Board which order shall state for what purposes such payment is to be made. It shall keep a record of the proceedings, which record shall be of public record; it shall at each monthly meeting send to the City Treasury a written list of persons entitled to the payment from the Fund, stating the amount of such payment and for what granted, which list shall be certified and signed by the Chairman and Secretary of such Board attested under oath. The Treasurer shall enter a copy of said list upon the book to be kept for that purpose, which book shall be known as The Record Firemen, Policemen and Fire Alarm Operators' Pension Fund Board, of \_\_\_\_\_, Texas, and the said Board shall direct payment of the amounts herein to the persons entitled thereto out of said Fund. No money of said Fund shall be disbursed for any purpose without a majority vote of the Board, which shall be a "no" and "yes" vote entered upon the proceedings of the Board.

#### Custody of Fund

Sec. 5. The Treasurer of said city or town shall be Ex-officio Treasurer of said Fund. All money for said Fund shall be paid over to and received by the Treasurer for the use of said Fund, and the duties thus imposed upon such Treasurer shall be additional duties for which he shall be liable under

his oath and bond as such city or town Treasurer, but he shall receive no compensation therefor. The principal duties hereby imposed on the Treasurer are that he receive and promptly deposit income, including periodic contributions to the Fund, and make transfers of sums in conformity with the system adopted by the Board to make funds available for investment, paying annuities, making refunds, and other authorized payments.

#### Investment Custody Account Agreements

Sec. 5A. (a) If the Board contracts for investment management service, as authorized by Section 1C(d) above, it may, with respect to every such contract, also enter into an investment custody account agreement, designating a bank as custodian for all the assets allocated to the Reserve Retirement Fund for a particular investment manager.

(b) Under a custody account agreement, the Board shall require the designated bank to perform the duties and assume the responsibilities of custodian in relation to the investment contract to which the custody account agreement is established.

(c) The authority of the Board to make a custody account agreement is supplementary to its authority to make an investment management contract to which it relates. Allocation of assets to a custody account shall be coordinated by the Treasurer and the bank designated as custodian for such assets.

(d) The cost of any custody account agreement entered into by the Board of Trustees may be paid in whole or in part by the city. If the city does not make provision for payment of such cost, either in whole or in part, then the amount required to make payment in full shall be paid from the Firemen, Policemen, and Fire Alarm Operators' Pension Fund.

#### Persons Eligible to Participate; Members in Armed Services

Sec. 6. Any person who, at the establishment of said Fund, or thereafter, shall have been duly appointed and enrolled in the Fire Department, Police Department, or Fire Alarm Operators Department of any such city or town within the provisions of this Act, and who has signed an application for participation in said Fund, and has allowed deductions from his salary under any former law and still is in good standing, and who has filed written application within thirty (30) days after the organization of such Board, or who shall file his application within sixty (60) days after becoming a regular member of such Departments, and after he shall have served the usual probationary period, if any, and who shall have allowed such deductions from his salary; and in addition to the membership provided herein, any person heretofore duly appointed or enrolled in the Fire Department, Police Department, or Fire Alarm Operators Department of any such city or town who is not now a member of the Pension Fund, may file his application with the Board within sixty (60) days after this Act becomes

effective and apply for participation therein; provided, however, that said applicant shall pass a physical examination of the same character that is required for original admission into the respective Department in which he serves, and provided that he shall pay into such fund a sum of money equal to the amount of salary deductions he would have paid had he joined immediately upon becoming eligible to participate in the benefits of said fund, as well as the beneficiaries hereinafter named shall be entitled to participate in said fund.

When any incorporate city containing the number of inhabitants stated in Section 1 of Chapter 173, page 292, Acts of the Regular Session of the 52nd Legislature,<sup>1</sup> is consolidated under one government with any other municipality which has maintained a fully paid Fire and Police Department, all permanent policemen and firemen duly appointed or enrolled in the Fire Department or Police Department of the city or town surrendering its corporate existence and who are thereafter duly and lawfully appointed, enrolled or transferred to the respective departments of the city retaining its corporate existence, shall be entitled to membership in the Fund, and the benefits thereof, upon compliance with the requirements of this Act which provides the exclusive procedure for obtaining and maturing any rights and benefits under Chapter 33, Acts of 1941,<sup>2</sup> including all amendments thereto. Written application for participation must be filed with the Board within sixty (60) days after becoming a member of either of such Departments of said city, and in addition shall pass a physical examination of the same character that is required for original admission into the respective departments in which he subsequently serves, and provided he shall pay into such fund within a year the sum of money equal to the salary deduction he would have paid had he been eligible to membership upon becoming a policeman or fireman in any other city or town, and shall also allow the deductions from his current salary as therein provided. The benefits of this Fund accruing to such policemen or firemen shall be all of the benefits accruing to other policemen or firemen generally under the provisions of the original Act of which this is an amendment, and accruing to his years of service, the time he was legally and regularly employed as a policeman or fireman in such other city or town. No policeman or fireman coming under the applicable provisions of this Section shall be entitled to the full benefits of this Act until all of the money herein required to be paid has been in fact paid to the custodian of the Fund. The custodian of the Fund shall certify to the governing body of the city the fact of compliance with this section, and the said governing body shall appropriate to said Pension Fund from any available funds a sum of money equal to the contributions it would have made had such policeman or fireman been originally employed by the consolidated city retaining its corporate existence. The provisions of this Act shall never be construed as permitting a policeman or fireman to be a member of more than one

Pension Fund or to again become a contributing member of the Pension Fund where he is now, either for himself or his heirs receiving any payments from said Fund by reason of any service with the City Police and Fire Departments of the city retaining its corporate existence.

Any member of the Firemen, Policemen and Fire Alarm Operators Pension Fund at the time of the commencement of the Korean conflict; or who may hereafter become a member of said Pension Fund during said conflict or other national emergency connected therewith, who has entered the armed services of the United States or who may hereafter enter the armed services of the United States in any of its branches, voluntarily or involuntarily, or who may be called into the armed services as a member of the Organized Reserve Corps or Texas National Guard upon being released or discharged from said armed service of the United States, and upon his return to duty with the Fire Department, the Police Department, or Fire Alarm Operators Department of any city within the provisions of this Act, may make the payments into said Pension Fund that he would have paid, or would have been required to pay had he remained in said Fire Department, Police Department, or Fire Alarm Operators Department, without interest, within a period of one (1) year from the date of his re-entry into the service of the Department of which he was a former member, and shall be entitled to each and every benefit of said Firemen, Policemen and Fire Alarm Operators Pension Fund and his service shall be computed as being continuous for the purpose of benefits, longevity and retirement, and for all other purposes provided in the Firemen, Policemen and Fire Alarm Operators Pension Act for those members of the Firemen, Policemen and Fire Alarm Operators Pension Fund who remained and continued in that service; provided, however, that payments hereinabove referred to must be made in a lump sum, and until so made the provisions of these rules shall not apply and no person shall be entitled to the benefits hereof until such payment has been made in full. Any member of said Departments, at his option, who has already entered the armed service of the United States, or who may hereafter enter the armed service of the United States, voluntarily or involuntarily, may make such contributions to the Pension Fund monthly as though he were an active member of said Department, so that upon his return from the armed service he will have kept his payments into said Pension Fund current; provided, however, if any such member who makes such contributions monthly, dies while in the armed service of the United States or becomes disabled so as to prevent him from further rendering service as a Fireman, Policeman, or Fire Alarm Operator, then and in that event the contributions made by said member, in the event of death, shall be returned to his legal beneficiaries designated under the Pension Act, and no benefit to a widow or dependent shall accrue; and in the case of disability, the contributions made by the member during the time he was

in the armed service of the United States shall be returned to him without interest. In the event any member of the Pension Fund shall die or become disabled through illness or injury while in the armed service of the United States, such member's widow, dependents or beneficiaries named in the Pension Act shall not be entitled to any of the benefits under the Pension Act; nor shall such injured or disabled member be entitled to any disability compensation; provided however, if any member becomes disabled through injuries or illness while in the armed service of the United States, and such member has had twenty years service and membership in the Pension Fund, then his beneficiaries, in case of death, or such member in case of disability injury while in the armed service shall be entitled to the benefits of the Pension Law. All pensions and benefits heretofore granted to such members under any law, or city charter of any city within the provisions of this Act, in force prior to the passage of this Act, such members having served in the armed forces of the United States in conformity with such prior law, or city charter, and having complied with the provisions of such law, or such city charter, are hereby validated.

**Certificate of Retirement; Retirement Benefits;  
Eligibility Requirements; Disability Pension;  
Rights Upon Leaving Service**

Sec. 7. Where any member of said departments shall have contributed a portion of his salary as provided herein, and shall have served twenty (20) years in either of said departments, he shall be issued a certificate of retirement, which said certificate shall thereafter be incontestable. The issuance of such certificate shall be mandatory upon the board; provided, however, that when said member reaches the age of fifty (50) years he may, after making application, be retired. No person to whom such certificate shall have been issued who has not reached the age of fifty (50) years shall be entitled to receive any retirement benefits until he reaches the age of fifty (50) years, and then upon his application. If any such member shall voluntarily or involuntarily leave the service of the city after he has received such certificate and before he reaches the age of fifty (50) years, he shall not be entitled to participate in the benefits of this Act until he is fifty (50) years of age; provided, however, that if any such member voluntarily or involuntarily leaves the service of the city and thereafter becomes physically disabled before he reaches the age of fifty (50) years, he shall be entitled to apply for, and the board may grant to him, a disability pension in accordance with this Act, unless such disability was caused by his committing a felony or by an intentional self-inflicted injury, which said pension shall become a retirement pension subject to the provisions of this Act upon his reaching the age of fifty (50) years. In the event such member so retiring, voluntarily or involuntarily, after he has such certifi-

icate and before he reaches the age of fifty (50) years, shall die, then his widow or children, or other dependents named in this Act, if any, shall be entitled to share in the benefits of this Act. A member retiring under the provisions of this Act shall receive one-half ( $\frac{1}{2}$ ) of the salary received by him at the time of his retirement; provided, however, that in no instance shall the monthly pension allowance awarded him be in excess of one-half ( $\frac{1}{2}$ ) of the base pay per month, as defined in Section 1B hereof, plus one-half ( $\frac{1}{2}$ ) of the service money granted to the member under any provision of any state law or any city charter of any city within the provisions of this Act; which pension allowance shall be computed on the basis of the current payroll. This pension allowance, set out above based on the current payroll, shall be granted to the man going on the pension fund as well as the man already on the pension. Any member reaching the age of sixty-five (65) years and having served twenty (20) years in either of the departments, and who has not then retired from such departments, may be summoned before the board for the purpose of determining whether or not he should be retired under the provisions of this Act.

#### Certificate of Retirement

Sec. 8. When any member of the fire department, police department or fire alarm operators' department has been issued a certificate of retirement under the provisions of Section 7 of this Act, he shall be entitled, after having received said certificate, to one-half ( $\frac{1}{2}$ ) of the base pay per month as defined in Section 1B hereof, plus one-half ( $\frac{1}{2}$ ) of the service money granted to the member under any provision of any city charter, which pension allowance shall be computed on the basis of the current payroll. The pension allowance set out above, based on the current payroll, shall be granted to the man going on the pension as well as the man already on the pension. The said certificate shall further state that in case of death, or in case where he becomes permanently disabled, he shall be and his beneficiaries shall be entitled to the same awards and rights to participate in the provisions of this Act and any other Act heretofore or hereafter made, as well as any of the provisions of the city charter heretofore or hereafter made, as he would have had before the said board issued his certificate of retirement. The said certificate shall be signed by the mayor, or mayor pro tem, or city manager, if such city has a city manager, and by the chairman of the pension board of firemen, policemen and fire alarm operators, and attested under the seal of the city by the city secretary.

#### Pensions to Disabled or Diseased Members

Sec. 9. When any member of the fire department, police department, and fire alarm operators' department of the city or town within the provisions of this Act, and who is contributing to said fund, as herein provided, shall become so permanently disabled through injury or disease, unless such disabili-

ty was caused by his committing a felony or by an intentional self-inflicted injury, as to incapacitate him from the performance of his duties, and shall make written application subject to medical examination for such injuries or disease, he shall be retired from the service and be entitled to receive from the said fund one-half ( $\frac{1}{2}$ ) the base pay per month as defined in Section 1B hereof, plus one-half ( $\frac{1}{2}$ ) of the service money granted to the member under the provisions of any state law or any city charter of any city within the provisions of this Act; which base pay per month as defined in Section 1B hereof, shall be computed on the basis of the current payroll. The pension allowance shall be granted to the man going on a pension as well as to the man already on the pension at the time he became disabled or diseased, the same to be paid in monthly installments, which monthly installments shall in no instance exceed one-half ( $\frac{1}{2}$ ) of the base pay per month as defined in Section 1B hereof, plus one-half ( $\frac{1}{2}$ ) of the service money granted to the member under the provisions of any state law or any city charter of any city within the provisions of this Act. In no case shall a disability claim be acknowledged or award made hereunder until disability has been proven to be continuous and the member wholly incapacitated for a period of not less than ninety (90) days.

No widow or child of any such member resulting from any marriage contracted subsequent to the date of retirement of said member shall be entitled to a pension under this law; provided, however, that the provisions of this Section shall not be construed so as to change any pension now being paid any pensioner under the provisions of Chapter 101, of the General and Special Laws of the Forty-third Legislature, First Called Session, and as amended by Chapter 346 of the General and Special Laws of the Regular Session of the Forty-fourth Legislature. The provisions of this section are subject to change under the provisions of Section 10A of this Act.

The board shall have authority to determine the facts as to the dependency of said parties and each of them, as to how long the same exists, and may at any time upon the request of any contributor to such fund, reopen any award made to any of said parties and discontinue such pension as to all or any of them as it may deem proper, and the findings of said board in regard to such matter and as to all pensions granted under this law shall be final upon all parties seeking a pension as a dependent of said deceased, or otherwise, until such award of the trustees shall have been set aside or revoked. The provisions of this section are subject to change under the provisions of Section 10A of this Act.

(3) whether the fund for the police and the fund for the firemen and fire alarm operators are operated as separate funds or as one fund, all changes shall be uniform for both departments and contributing members of both departments shall have the right to vote;

(4) the changes, except changes made under the provisions of Subdivision (1), Subsection (a), of this section, shall apply only to active member employees who are members of the departments at the time the change becomes effective and those who enter the departments thereafter; and

(5) the changes shall not deprive any person, without his written consent, of any right to receive a pension or benefits which have already become vested and matured.

Said pension board shall annually elect a chairman, vice-chairman, and a secretary, from the members of said pension board. Each one so elected, shall serve until his successor is elected.

A meeting of said pension board may be called at any time by the chairman, secretary, or by any two (2) members of such pension board. Three (3) members of said pension board shall constitute a quorum for the transaction of business.

Each member of said pension board shall take an oath that he will well and faithfully perform the duties of a member of such pension board.

No moneys shall be paid out of the pension fund except upon an order by said pension board, duly entered in the minutes.

#### Treasurer of Pension Fund

Sec. 3. The city treasurer of any such city, or the person discharging the duties of the city treasurer, is hereby designated as the treasurer of the said pension fund for said city, and his official bond to said city shall operate to cover his position of treasurer of said pension fund. All moneys of every kind and character collected or to be collected for said fund, shall be paid over to said treasurer, and shall be administered and paid out only in accordance with the provisions of this Act.

#### Per Capita Contributions

Sec. 4. Commencing with the next calendar month, immediately following the effective date of this Act, per capita contributions of all such members of each such police department as participate in such fund, as aforesaid, shall be made to said fund. Said monthly per capita contribution shall be made as follows: The salary and future salary of each member participating in such fund is hereby reduced Three Dollars (\$3) per month, but said Three Dollars (\$3) per month shall be paid by such city into the said pension fund. No other money paid into said pension fund, however, shall be counted as a part of salary, under any law or ordinance fixing or pertaining to salaries of members, of any such police department.

#### Accumulated Funds

Sec. 5. In all such cities where a general pension fund for city employees has been accumulated but has not been put into operation at the effective date of this Act, the governing body of each such city shall segregate from said fund, the proportion which the total number of members of the police department (eligible to said pension fund) bears to the entire number of all city employees, for whose benefit said fund was accumulated, and shall set aside such sum into the policemen's relief and retirement fund.

#### Assignments of Salary to Fund

Sec. 6. Any members who have or may have any back or past due salary due them, from any such city, may assign all or any portion of such back salary to said pension fund, and such assignments as have or may hereafter be executed by any such members, are hereby validated and shall be recognized by the governing body of any such city, and such sums, if any, shall be paid into the said pension fund.

**Appropriations to Fund Out of General Funds of City**

Sec. 7. Any such city may make additional appropriations from time to time out of its general fund, or otherwise, into the said pension fund, and hereafter when any such city shall make any appropriations for pensions of city employees or place any money into any such account, the proportionate amount thereof shall be placed in the policemen's relief and retirement fund. Said pension fund may also be augmented as follows: By the giving of entertainments and benefit performances; by gifts or donations from any person, firm, or corporation; all rewards hereafter paid to or due individual members for, or on account of service rendered by them as members of the police department, shall be paid into such fund; and said pension fund shall also participate in funds otherwise provided or that shall hereafter be provided by law pertaining to police pensions of cities of the class herein provided for.

**Investment of Surplus Funds**

Sec. 8. Whenever, in the opinion of the said pension board, there is on hand in said pension fund, a surplus over and above a reasonably safe amount to take care of current demands upon such funds, such surplus, or so much thereof as in the judgment of the said pension board is deemed proper, may be invested in securities of the United States, the State of Texas, or of counties, school districts, or municipal corporations. No investment shall be made, however, which does not meet with the approval of the city controller, if any, of such city.

**Benefits to Begin Not Prior to January 1, 1942**

Sec. 9. No benefits of any kind shall be paid out of said fund prior to January 1, 1942.

**Pension Rates**

Sec. 10. From and after January 1, 1942, any member who shall have been a member of such police department for the period of twenty-five (25) years, and who shall have reached the age of fifty (50) years, shall be entitled to a retirement pension of Seventy-five Dollars (\$75) per month for the rest of his life upon his retirement from said police department. Upon the completion of the said twenty-five (25) years of service, such pension board shall issue to him a certificate showing that he is entitled to said retirement pension, and thereafter, when such member retires from the police department, whether such retirement be voluntary or involuntary, such monthly payments shall forthwith begin, and continue for the remainder of said member's life. Provided, however, that payments shall not commence until such member is fifty (50) years of age, and further provided that members who are eligible for a pension but who continue in the department shall make their per capita contributions until they retire from the department.

In computing the twenty-five (25) years service required for retirement pension, interruption of less than one year out of service, shall be construed as

continuous service and such period out of service shall not be deducted from the twenty-five (25) years, but if out for more than one year and less than five (5) years, credit shall be given for prior service, but deduction made for the length of time out of service. If out of service more than five (5) years, no previous service prior to said time shall be counted.

Service with any such city in some other department, prior to January 1, 1939, shall be included in the twenty-five (25) years above provided for, but service after January 1, 1939, must be in the police department. The pension board may, within its discretion, provide for the payment of such retirement pension to a former member or members of the police department who have heretofore served for the twenty-five-year period and who have reached the age of fifty (50) years, and it is the intention hereof to include in the group of former members those who have heretofore been retired by any such city and who are drawing partial pay or compensation from such city.

**Disability Resulting From Performance of Duty**

Sec. 11. If any member shall become totally or permanently disabled as a direct and proximate result of the performance of duties in the police department, said member shall be retired on a pension of Seventy-five Dollars (\$75) per month.

By total and permanent disability is meant such disability as permanently incapacitates a member from performing the usual and customary duties of a police officer.

Before any retirement on disability pension is made, the pension board shall require such medical examination and such other evidence as it may see fit to establish such total and permanent disability, as above provided.

When any member has been retired for total and permanent disability, he shall be subject at all times to re-examination by the pension board and shall submit himself to such further examination as the pension board may require. If any member shall refuse to submit himself to any such examination, the pension board may within its discretion, order said payment stopped. If a member who has been retired under the provision of this Section, should thereafter recover so that in the opinion of the pension board, he is able to perform the usual and customary duties of a police officer, and such member is reinstated or tendered reinstatement in the police department, then the pension board shall order such payments stopped.

Said pension board may, at its discretion, retire on said permanent and total disability pension, those members of said police department who have heretofore become totally and permanently disabled, as that term is above defined.

**Death Resulting From Performance of Duty**

Sec. 12. Should any such member die, as a direct and proximate result of injuries received or sickness incurred in line of duty in said police department, the pension board shall order paid to the beneficiaries hereinafter designated, the sum of Seventy-five Dollars (\$75) per month for a period of ten (10) years. Such beneficiaries shall be as follows: The surviving wife, surviving children under the age of sixteen (16) years, and the dependent parent or parents, if any. If there be neither surviving wife, children under the age of sixteen (16) years, nor dependent parents, then no payments shall be made on account of the death of any such member. If there be a surviving wife, but no children under the age of sixteen (16) years, then the entire payment of Seventy-five Dollars (\$75) per month shall be made to such surviving wife. If there be a surviving wife and children under the age of sixteen (16) years, then the payments shall be Thirty-seven Dollars and Fifty Cents (\$37.50) per month to the wife and Thirty-seven Dollars and Fifty Cents (\$37.50) per month payable to the legal guardian of such children, to be administered in accordance with the orders of the Probate Court. As each child becomes sixteen (16) years of age, the children's part of Thirty-seven Dollars and Fifty Cents (\$37.50) per month shall thereafter be for the use and benefit of the children who then remain under the age of sixteen (16) years. When there are no longer any children under the age of sixteen (16) years, the entire amount of Seventy-five Dollars (\$75) per month shall be paid the surviving wife. When there is no surviving wife, but there are surviving children under the age of sixteen (16) years, the entire Seventy-five Dollars (\$75) per month shall be paid to the legal guardian of such children under the age of sixteen (16) years, but such payment shall not be made for or on account of any child after said child reaches the age of sixteen (16) years. Should such surviving wife thereafter die, then the entire Seventy-five Dollars (\$75) shall likewise be paid for the benefit of such children as remain under the age of sixteen (16) years. If there be neither a surviving wife nor surviving children under the age of sixteen (16), then such payments shall be made to the dependent parent, or parents, if any, of such deceased member. If there be two (2) dependent parents, then the Seventy-five Dollars (\$75) per month shall be divided equally between them, but if there be only one dependent parent, the Seventy-five Dollars (\$75) per month shall be paid to said parent.

The term "dependent parent" means a parent who is principally dependent upon said member for a livelihood.

By the term "surviving wife" is meant the woman, if any, who is the lawful wife of said member at the time of his death.

No death benefits whatever shall be paid after the expiration of ten (10) years from the death of

any said member, and no beneficiary shall ever receive more than Seventy-five Dollars (\$75) per month.

In the event of women members of the department, their surviving husbands shall be entitled to the same rights and benefits as have the wives of the male members.

**Pension to Dependents, When**

Sec. 13. When any member who has been retired upon pension, whether retirement pension or disability pension, or when any member who has a pension certificate shall thereafter die from any cause, his pension of Seventy-five Dollars (\$75) per month shall be payable to his dependents, if any, as is provided in the next preceding Section hereof, but only for the unexpired portion of ten (10) years. In computing said ten (10) years, such length of time as a pension may have been paid to said member during his lifetime shall be deducted from such ten-year period, and such dependents shall receive said payment only for the unexpired term of ten (10) years.

**Refunds on Leaving Service**

Sec. 14. If any such member shall leave such police department either voluntarily or involuntarily before he is entitled to a pension, he shall have refunded to him the deductions from his salary, which have been paid into said pension fund. Said payments may be made to him, either in a lump sum or on a monthly basis, as may be determined by the pension board.

Provided, however, that this Section shall be subject to Section 10 and upon a re-entry into the department all such refunds shall be paid back into the pension fund or prior service of such member shall not be counted toward his retirement pension.

**Reduction of Benefits Authorized in Case Fund is Depleted**

Sec. 15. In the event said pension fund becomes seriously depleted, in the opinion of the pension board, said pension board may proportionately and temporarily reduce the benefits of all pensioners and beneficiaries, but such reductions shall thereafter be paid to such pensioners or beneficiaries as and when said fund is, in the opinion of the pension board, sufficiently re-established to do so.

**Legal Counsel for Board**

Sec. 16. The city attorney of any such city shall render such legal service, and without additional compensation, as such pension board may request him to do. The pension board may, if it deems necessary, employ additional legal assistance and pay reasonable compensation therefor, out of said police pension fund. Said pension board, may at its discretion, from time to time, employ the services of an actuary, and pay him reasonable compensation out of said police pension fund.

**Pensions Not Subject to Execution, Etc.**

Sec. 17. No portion of any such pension fund, either before or after its order of disbursement by said pension board, and no amounts due or to become due any beneficiary or pensioner, under this Act, shall ever be held, seized, taken, subjected to, detained, or levied upon by virtue of any execution, attachment, garnishment, injunction, or other writ, and no order or decree, or any process or proceeding whatsoever, shall issue out of or by any Court of this State for the payment or satisfaction in whole or in part out of said pension fund, of any debt, damage, claim, demand, or judgment against any such members, pensioners, dependents, or any person whomsoever, nor shall such police pension fund or any part thereof, or any claim thereto be directly or indirectly assigned or transferred and any attempt to transfer or assign the same or any part thereof, or any claim thereto, shall be void. Said fund shall be sacredly held, kept, and disbursed for the purposes provided by this Act, and for no other purposes whatsoever.

**Severability Clause**

Sec. 18. If any provision, section, part, subsection, sentence, clause, phrase, or paragraph of this Act be declared invalid or unconstitutional, the same shall not affect any other portion or provision hereof and all other provisions shall remain valid and unaffected by any invalid portion, if any.

**Act to be Cumulative to Other Laws**

Sec. 19. The provisions hereof shall be cumulative of and in addition to all other laws relating to pensions, which laws are hereby preserved and continued in force and effect, provided, however, that in the event of any conflict, the provisions of this law shall control, and police departmental pensions in the cities covered by this Act shall be administered in accordance with this law.

But upon reaching retirement age he shall be entitled to all benefits under this Act, his widow shall likewise be entitled to all benefits, and children if they meet the age requirements under this Act.

(d)(1) Any fireman who is a member of a full-paid fire department and who shall be entitled to be retired under the provisions of this Section, and who shall retire under this Section or Section 7 or Section 7A with additional time of service and of participation in a Fund after the date upon which he became entitled to be retired or with more than twenty (20) years of service and participation in a Fund, shall be entitled to be paid from the Firemen's Relief and Retirement Fund of the city or town in which he last served, in addition to any other benefits provided by this Act, an additional monthly pension allowance which shall be computed as follows: the sum of Four Dollars (\$4) per month shall be allowed for each full year of service and of participation in a Fund after the date upon which such fireman shall have become entitled to be retired under this Section, or after the date upon which such fireman shall have completed twenty (20) years of service and of participation in a Fund, whichever date shall first occur; provided, however, that such additional pension allowance shall not exceed the sum of Fifty-six Dollars (\$56) per month.

(2) If any person shall die from any cause whatsoever, and if, at the time of death, such person

shall have retired with or shall have been entitled to retire with an additional monthly pension allowance as hereinabove provided by this Section, and if such deceased shall leave surviving him a widow who married the deceased prior to his retirement then a sum equal to two-thirds ( $\frac{2}{3}$ ) of the amount of the additional monthly pension allowance with which the deceased was retired or entitled to retire shall be paid monthly to the widow of such deceased so long as she remains his widow, and such allowance provided by this paragraph shall be paid in addition to any other benefits provided by this Act.

(e) None of the provisions of this Section 6D may apply or become effective in a fully paid fire department in a city or town in this State having a population of less than one hundred and sixty-five thousand (165,000), according to the last Federal Census, until the following requirements are fulfilled:

(1) An actuary must approve the application of the pension provisions of this Section to the fire department;

(2) The Board of Trustees must approve all increases; and

(3) The majority of the participating members must vote in favor of the increases.

(f) The provisions of this Section 6D are not mandatorily applicable to any local firemen's pension group, unless approved by vote as provided in Subsection (e) of this Section, and a local firemen's pension group is not required to take any action under this Section.

(g) In addition to the other provisions of this Section, any "full paid" fire department in any city or town in this State that comes within the provisions of this Section 6D may, upon a majority vote of the Board of Trustees, increase the maximum pension to One Hundred and Fifty Dollars (\$150) per month.

#### Retirement on Disability

Sec. 7. Whenever a person serving as an active fireman duly enrolled in any regularly active fire department in any city or town in the State having a population of less than five hundred thousand (500,000) according to the last preceding Federal Census, which city or town is now within, or may hereafter come within the provisions of this Act, shall become physically or mentally disabled while in and/or in consequence of, the performance of his duty, said Board of Trustees shall upon his request, or without such request if it shall deem proper and for the good of the department, retire such person from active service either upon total or partial disability as the case may warrant and shall order that he be paid from such Fund, (a) if for total disability, an amount equal to one-half ( $\frac{1}{2}$ ) the average monthly salary of such fireman, not to exceed the sum of One Hundred Dollars (\$100) per month, except as hereinafter provided, such average monthly salary

to be based on the monthly average of his salary for the five (5) year period, or so much thereof as he may have served, preceding the date of such retirement; provided that if such average monthly salary be Fifty Dollars (\$50) or less per month, or if he be a volunteer fireman with no salary, the amount so ordered paid shall not be less than Twenty-five Dollars (\$25) per month; and provided further that any regularly organized "full paid" fire department in any city or town in this State now within or that may come within the provisions of this Act may, upon a majority vote of the participating members of that respective Fund, increase the maximum disability pension to One Hundred and Fifty Dollars (\$150) per month; or, (b) if the disability be less than total, then such sum as in the judgment of the Board of Trustees may be proper and commensurate with the degree of disability; provided further, that if and when such disability shall cease, such retirement or disability allowance shall be discontinued and such person shall be restored to active service at not less than the same salary he received at the time of his retirement for disability.

#### Death or Disability From Cause Not Resulting From Performance of Duties

Sec. 7A. (a) Whenever a person serving as an active fireman duly enrolled in any regularly active fire department in any city or town in the state having a population of less than five hundred thousand (500,000) according to the last preceding Federal Census, which city or town is now within or may hereafter come within the provisions of this Act, shall die or become disabled from any cause other than a disability acquired in the performance of his duty as a fireman, a pension allowance shall be paid to the widow or fireman. The monthly pension allowance shall be computed as follows: five per cent (5%) of the total amount the individual fireman or widow would have been entitled to receive under Section 7 or Section 12 had such death or disability occurred as the result of such fireman's being incapacitated or killed while in and/or in consequence of the performance of his duty as a fireman shall be allowed for each year of participation in the relief and retirement fund, provided that such allowance shall not be computed on the basis of more than twenty (20) years. In no event, however, shall such fireman or widow receive an amount less than Fifty Dollars (\$50) per month. If such fireman be a volunteer fireman and thereby receiving no salary, the amount so ordered paid, if all of the other conditions have been met, shall be not less than Twelve Dollars and Fifty Cents (\$12.50) per month.

(b) If any such fireman who is a member of a "full paid" fire department shall die from any cause not growing out of and not in consequence of his duty as a fireman and shall leave surviving him a child or children under the age of eighteen (18) years or a dependent parent, said Board of Trustees shall order paid a monthly pension allowance as follows: (a) to the guardian of each child the sum

of Twenty Dollars (\$20) per month until such child reaches the age of eighteen (18) years; (b) in the event the widow dies after being entitled to her allowance as herein provided or in the event there be no widow to receive an allowance, then the amount to be paid to the guardian of any dependent minor child or children under the age of eighteen (18) years shall be Forty Dollars (\$40) per month for each such dependent minor child; and (c) to the dependent parent only in case no widow or child is entitled to allowance, the amount the widow would have received to be paid to but one (1) parent and such parent to be determined by the Board of Trustees; provided, however, that the total allowance to be paid all beneficiaries or dependents as herein provided shall not exceed the monthly allowance to be paid the pensioner had he continued to live or be retired on allowance at the date of his death; and further provided, that if such amount be insufficient to pay the full schedule of benefits as herein provided, such benefits shall be prorated. Allowance or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries.

(c) Provided, however, that the provisions of this Section shall not apply if the death or disability of the fireman was caused while such fireman was gainfully employed by someone other than the respective fire department for which he was employed or contributed his services.

(d) Any city with a population of less than one hundred twenty-five thousand (125,000), according to the last preceding Federal Census, which has a full paid fire department may, upon a majority vote of the members of the fire department, pay the pension allowances provided by this section even though the fireman was killed or disabled while he was gainfully employed by someone other than the respective fire department for which he was employed or contributed his services.

(e) The provisions of this Section as amended shall be automatically applicable to any relief and retirement fund in which such Section was included by majority vote of the members prior to the effective date of this amending Act, provided, however, that the paragraph providing benefits for surviving beneficiaries of a member of a "full paid" fire department shall only be applicable to beneficiaries of a member of a "full paid" fire department. Provided further, however, that the provisions of this Section shall not be applicable to any particular relief and retirement fund in which such Section was not included prior to the effective date of this amending Act until after an election has been held and the majority of the participating members of that respective fund have voted to include the provisions contained in this Section within the Relief and Retirement Fund. At such election the effective date of these provisions shall also be set.

#### Cities With Fully Paid Fire Departments; Transfer of Firemen

Sec. 7E. (a) This Section applies to all cities having an organized "fully paid" fire department covered by a Firemen's Relief and Retirement Fund.

(b) A fireman who transfers from the fire department of one city to that of a city covered by this section and desires to participate in the fund of that city shall:

(1) be less than thirty-five (35) years old;

(2) pass a physical examination taken at his expense and performed by a physician selected by the Board;

(3) pay into the fund of that city an amount equal to the total contribution he would have made had he been employed by that city instead of the city from which he transferred, plus four percent (4%) interest.

(c) The city to which the fireman has transferred shall pay an amount equal to the amount it would have paid had the fireman been employed by that city instead of the city from which he transferred, plus four percent (4%) interest.

(d) No fireman may participate in the fund of the city to which he has transferred until he has complied with the provisions of this section.

#### Modification of Benefits and Eligibility

Sec. 7F. This section applies to all cities and towns which are now within or which may hereafter come within the provisions of this Act. The Board of Trustees, as prescribed by law, of any such city or town may modify or change in any manner whatsoever any of the benefits provided hereunder and may modify or change in any manner whatsoever any of the eligibility requirements for such benefits provided that:

(1) the change or modification is first approved by a qualified actuary selected by a four-fifths vote of the Board of Trustees of the Firemen's Relief and Retirement Fund; such qualified actuary shall be a Fellow of the Society of Actuaries or a Fellow of the Conference of Actuaries in Public Practice or a Member of the American Academy of Actuaries;

(2) a majority of the participating members of the pension fund vote for the change or modification by a secret ballot;

(3) the change or modification applies to all firemen, both paid and volunteer, in any department at the time of the change or modification and those who enter the department thereafter. The change or modification may, but need not, apply to firemen no longer in the department who are either receiving or are entitled to receive benefits under the department's pension plan; and

(4) the change or modification does not deprive a member, without his written consent, of a right to receive benefits hereunder which have already become fully vested and matured in such member.

**Pension Allowances for Totally Disabled Children of Firemen**

Sec. 7G. (a) If a fireman who is covered by a provision of this Act dies and leaves a child who is totally disabled as a result of a physical or mental illness, injury or retardation, that child is entitled to receive any pension allowance to which he is entitled under this Act and is further entitled to continue receiving the allowance so long as he remains totally disabled. If the child is not entitled to a pension allowance under this Act solely because he is over the maximum age at the time of the death of his parent and the child is totally disabled as a result of a physical or mental illness, injury or retardation, the child is entitled to receive as an allowance that to which he would have been entitled had he been under the maximum age at the time of the death of his parent.

(b) This Section does not apply to any particular relief and retirement fund until after an election is held and the majority of the participating members of that fund vote to include the provisions of this Section within that fund.

**Compensation on Temporary Disability**
