Levy and collection of tax

Sec. 3. The Commissioners Court of the County shall have the power and authority, and it shall be its duty, to levy on all property subject to hospital district taxation, for the benefit of the District at the same time taxes are levied for county purposes, using the county values and the county tax roll, a tax of not to exceed seventy-five cents (75¢) on the One Hundred Dollar valuation of all taxable property within the Hospital District, for the purpose of (1) paying the interest on and creating a sinking fund for bonds which may have been assumed or which may be issued by the Hospital District for hospital purposes as herein provided; (2) providing for the operation and maintenance of the hospital or hospital system; and (3) when requested by the Board of Hospital Managers of the Hospital District and approved by the Commissioners Court, for the purpose of making further improvements and additions to the hospital system, and for the acquisition of necessary sites therefor, by purchase, lease or condemnation.

The tax so levied shall be collected on all property subject to hospital district taxation by the Assessor and Collector of taxes for the County on the county tax values, and in the same manner and under the same conditions as county taxes. The Assessor and Collector of taxes shall charge and deduct from payments to the Hospital District the fees for assessing and collecting the tax at the rate of not exceeding two per cent (2%) of the amounts collected as may be determined by the Commissioners Court. Authorization of bonds

Sec. 4. The Commissioners Court shall have the power and authority to issue and sell as the obligations of such Hospital District, bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes and for any or all of such purposes; provided, that a sufficient tax shall be levied to create an interest and sinking fund to pay the interest and principal as same matures provided said tax together with any other taxes levied for said District shall not exceed seventy-five cents (75¢) on the One Hundred Dollar valuation in any one year. Such bonds shall be executed in the name of the Hospital District and on its behalf by the County Judge of the County, and countersigned by the County Clerk, and shall be subject to the same requirements in the matter of approval thereof by the Attorney General of the State of Texas and the registration thereof by the Comptroller of Public Accounts of the State of Texas as are by law provided for such approval and registration of bonds of such County; and the approval of such bonds by the Attorney General shall have the same force and effect as is by law given to his approval of bonds of the County. No bonds shall be issued by such Hospital District (except refunding bonds) until authorized by a majority vote of the legally qualified property taxpaying voters residing in such Hospital District voting at an election called and held in accordance with the provisions of Chapter 1, Title 22, of the Revised Civil Statutes of the State of Texas, 1925, as amended, relating to county bonds. Such election may be called by the Commissioners Court on its own motion, or shall be called by it after request therefor by the Board of Hospital Managers of the District; and the same persons shall be responsible for the conduct of such election and arrangement of all details thereof as the persons charged therewith in connection with other county-wide elections. The cost of any such election shall be a charge upon the Hospital District and its funds; and the Hospital District shall make provision for the payment thereof before the Commissioners Court shall be required to order such an election.

In the manner hereinabove provided, the bonds of such Hospital District may, without the necessity of any election therefor, be issued for the purpose of refunding and paying off any bonded indebtedness theretofore assumed by the Hospital District and any bonds theretofore issued by the Hospital District; such refunding bonds may be sold and the proceeds thereof applied to the payment of any such outstanding bonds or may be exchanged in whole or in part for not less than a like amount of said outstanding bonds and interest matured thereon, but unpaid; provided the average interest cost per annum on the refunding bonds, computed in accordance with the recognized standard bond interest cost tables, shall not exceed the average interest cost per annum so computed upon the bonds to be discharged out of the proceeds of the refunding bonds, unless the total interest cost on the refunding bonds, computed to their respective maturity dates, is less than the total interest cost so computed on the bonds to be discharged out of such proceeds. In the foregoing computations, any premium or premiums required to be paid upon the bonds to be refunded as a condition to payment in advance of their stated maturity dates shall be taken into account as an addition to the net interest cost to the Hospital District of the refunding bonds.

In the foregoing computations, any premium or premiums required to be paid upon the bonds to be refunded as a condition to payment in advance of their stated maturity dates shall be taken into account as an addition to the net interest cost to the Hospital District of the refunding bonds.

exceed the average interest cost per annum so computed upon the bonds to be discharged out of the proceeds of the refunding bonds, unless the total interest cost on the refunding bonds, computed to their respective maturity dates, is less than the total interest cost so computed on the bonds so to be discharged out of such proceeds. In the foregoing computations any premium or premiums required to be paid upon the bonds to be refunded as a condition to payment in advance of their stated maturity date shall be taken into account as an addition to the net interest cost to the Hospital District of the refunding bonds. If the City and the County or either of them has voted bonds to provide hospital facilities, but such bonds have not been sold at the date of the creation of the Hospital District, the authority for such bonds shall be cancelled, and they shall not be sold.

County or city property or funds; transfer to district

All obligations legally incurred by the City or County or either of them, for the building of, or the support and maintenance of, hospital facilities, prior to the creation of the said District, but outstanding at the time of the creation of said District shall be assumed and discharged by it without prejudice to the rights of third parties, provided that the management and control of the property and the affairs of the present Hospital system shall continue in the governing body of such system until election and organization of the Board of Trustees of the Hospital District, at which time the governing body of the present Hospital system shall turn over all records, property and affairs of said Hospital systems to the Board of Trustees of the Hospital District and shall cease to exist as a Hospital system governing body.

Any outstanding bonded indebtedness incurred by the City or County, either or both of them, in the acquisition of such lands, buildings and equipment, or in the construction and equipping of such Hospital facilities, together with any other outstanding bonds issued by either of them for Hospital purposes, shall be assumed by the Hospital District and become the obligation of the Hospital District; and the City or County, either or both of them, that issued such bonds, shall be, by the Hospital District released of any further liability for the payment therefor or providing interest and sinking fund requirements thereon; provided that nothing herein contained shall limit or affect any of the rights of any of the holders of such bonds against the City or the County as the case may be, in the event of default in the payment of the principal or interest on any of such bonds in accordance with their respective terms.

In the event less than all the territory of said Cities, Towns and Counties is included within the said Hospital District boundaries, then said Hospital District in acquiring the lands, buildings and/or equipment that may be jointly or separately owned by such County, Town or City and be located within the boundaries of said Hospital District and by which medical services or hospital care including geriatric care are furnished to the indigent or needy persons of the City, Town or County, shall negotiate with the governing body of such City, Town or County for the acquisition of said lands, buildings and equipment. In the event such governing body of such City, Town or County and the Trustees of said Hospital District fail to reach an agreement within thirty (30) days after the election of the Hospital District Trustees, who are to be elected as herein provided, then the Hospital District shall be entitled to acquire said lands, buildings and equipment by paying to such City, Town or County the market value thereof, or if said properties have no market value, then the true value thereof, less a pro rata portion of said value based upon the then last approved tax assessment rolls of the said Cities, Towns and Counties, as the said value of all the taxable properties of said Hospital District is to the total taxable value of all the taxable properties of said City, Town or County and such payments to said Cities, Towns and Counties by said Hospital District may be made by said Hospital District allowing such Cities, Towns and Counties credit for such amount of future hospital care by the said Hospital District for the indigent of said Cities, Towns and Counties who do not reside within the boundaries of the Hospital District.

The Administrator shall have power and authority to collect such sum from the estate of the patient, or his relatives legally liable for his support, in the manner provided by law for the collection of expenses of the last illness of the deceased person. If the Administrator finds that such patient or said relatives are not able to pay, either in whole or in part, for his care and treatment in such hospital, the same shall become a charge upon the Hospital District. Should there be a dispute as to the ability to pay, or doubt in the mind of the Administrator, the Board of Trustees of said District shall hear and determine the same, after calling

witnesses, and shall make such order as may be proper, from which appeal shall lie to the District Court by either party to the dispute.

C. The Board is hereby authorized and empowered and it shall be its duty to approve a course of instruction to be given by any college of mortuary science or recognized school of higher learning that desires to be approved by the Board. And it shall be the duty of the Board to examine and supervise the activities of an accredited school or college of mortuary science so as to insure that said college or school is meeting the requirements of the Board.

D. It shall be the duty of the Board to prescribe and supervise the course of instruction received by an apprentice while serving his or her apprenticeship, consistent with the following requirements to establish such an apprenticeship registration procedure:

1. Apprenticeship for embalmer: A license to practice the science of embalming shall not be issued unless and until the applicant therefor has served an apprenticeship period of not less than twenty-four (24) months under the personal supervision and instruction of a licensed embalmer and has successfully completed all requirements of apprenticeship. The only exception to this requirement shall be in the case of an applicant under reciprocity.

(a) Apprenticeship for a license to practice the science of embalming may be served in two ways: Any person, nineteen (19) years of age, or more, who desires to practice the science of embalming in this state, files application therefor, and meets the requirements of the law and this Board, may be registered as an apprentice. The applicant may, also, apply for and serve twelve (12) months apprenticeship before entry into a school of embalming or college of mortuary science, and the remaining twelve (12) months may be served after having attended an approved school or college of mortuary science, and graduating therefrom, or, the applicant may serve the full twenty-four (24) months period after completing and graduating from a school or college of mortuary science, if, in the discretion of the Board, such applicant is of good moral character and possesses such qualification to enter into apprenticeship training. No part of the apprenticeship time may be served during the year in which the applicant is attending a school or college of mortuary science as defined herein. Applicant shall pay a fee of not to exceed Ten Dollars (\$10) at the time he requests such apprenticeship registration.

(1) A person qualifying in this manner shall serve at least one (1) year of apprenticeship immediately following the successful passing of the written examination accorded him by the Board.

(2) An applicant for a license to practice the science of embalming who attains a grade of 75% or higher on the written examination given by the Board upon payment of a fee not to exceed Ten Dollars (\$10) therefor, shall be registered as an apprentice within six (6) months of such examination.

(b) Each registered apprentice embalmer shall be issued a certificate of apprenticeship or other means of apprenticeship identification by the Board to be served in the State of Texas. During the period of apprenticeship he shall assist in embalming a minimum of one hundred (100) dead human bodies, ten (10) of which bodies the apprentice shall embalm after the first year of apprenticeship without aid but in the immediate presence and under the personal supervision of an embalmer duly and currently

licensed in the State of Texas. No more than two (2) apprentices may receive credit done for work on any one body.

(c) An apprentice embalmer must report within ten (10) days thereof of each separate case handled by him or with which he has assisted in handling. Each such report shall be certified by the licensee under whom the apprentice performed his work. Throughout the period of apprenticeship, the apprentice shall report on at least one (1) such case of embalming each calendar month, within the month. In any month in which he did not embalm at least one (1) case under the direction of a licensed embalmer, a report shall be made to the Board notwithstanding.

2. **Apprentice for Funeral Director:** The term of apprenticeship for a funeral director's license shall be a period of not less than twelve (12) months, and may be served concurrently with apprenticeship for an embalmer's license; however, apprenticeship must be served either before or after the examination. A person desiring to become an apprentice funeral director shall make application to the Board on a form provided by the Board, and if the Board desires, he shall appear before at least one (1) member of the Board, or a designated representative thereof, for approval of his application, subject to review of it by the entire Board. Applicant must be not less than nineteen (19) years of age, a person of good moral character and have completed the education requirements prescribed for a funeral director, except an applicant for a funeral director's license may elect to serve apprenticeship therefor in like manner to that of one who has applied for a license to practice the science of embalming, by serving one (1) year of apprenticeship prior to completing a course of study in funeral directing prescribed by the Board and graduating from a school of embalming or college of mortuary science. The application for registration shall be sworn to and accompanied by a fee of not to exceed Ten Dollars (\$10). If the application is accepted, applicant will be issued a certificate of apprenticeship registration upon determination by the Board that his qualifications are satisfactory.

(a) An applicant for a funeral director's license and the examination therefor who has not completed one (1) year of apprenticeship prior to graduation from a school of embalming or college of mortuary science shall be admitted to apprenticeship only in the event he shall have attained a grade of 75% or higher on the written, oral and practical examinations given by the Board, and the payment of a fee of not to exceed Ten Dollars (\$10) therefor, whereupon he shall be registered as an apprentice. Provided, however, applicant must register as an apprentice within six (6) months of such examination.

(b) An apprentice funeral director must report within ten (10) days thereof of each separate case with which he has assisted in handling. Each such report shall be certified to by the licensee under whom the apprentice performed the work. Throughout the period of apprenticeship the apprentice shall report on at least one (1) such case each calendar month, within the month. In any month within which he did not assist a funeral director in handling a funeral, a report shall be made to the Board notwithstanding.

(c) During the course of apprenticeship each apprentice shall assist a licensed funeral director in this state to prepare, other than by embalming, and to make final disposition of not less than one hundred (100) dead human bodies, ten (10) of which bodies the apprentice shall handle, after graduation from an approved school of embalming or college of mortuary science, where one (1) year of apprenticeship was served prior to entrance into an institution for preparation by him to become a funeral director.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

The Board may require other evidence of his ability, in its discretion. No more than two (2) apprentices may receive credit for work done on any one body.

3. Annual renewal apprenticeship certificate: Each certificate of apprenticeship issued by the Board to an apprentice embalmer or apprentice funeral director must be renewed on the first day of January of each year and will be renewed upon payment by the apprentice of a renewal fee not to exceed Ten Dollars (\$10), provided the apprentice has conducted himself with propriety and observed the rules and regulations of the Board with respect to his apprenticeship. Notice shall be mailed, during the month of December each year, to each registered apprentice at his last known address, notifying him that the renewal fee is due. If the renewal fee is not paid on or before the 31st day of January in the year in which it became due, a penalty in the sum of not to exceed Ten Dollars (\$10) will be added to the renewal fee of each certificate when paid. Fifteen (15) days after the grace period as above provided if said annual renewal fee and penalty still remain unpaid, it shall be the duty of the Board, acting through its Secretary, to suspend his certificate for nonpayment of the annual renewal fee and to notify such apprentice of such suspension by registered mail, addressed to his last known address. If the said renewal fee and penalty is not then paid within thirty (30) days from date of such notice of suspension, the Board shall then cancel such certificate. Provided, however, after an apprentice certificate has been cancelled, the apprentice may apply for reinstatement within eighteen (18) months from the date such apprentice certificate was cancelled and the Board may, in its discretion, reinstate said apprentice provided he meets all other requirements of the Board. It is provided that the registration fee of any apprentice who is actively engaged in the military service of the United States may, in the discretion of the Board, be remitted for the duration of such service or for such fees and such time as the Board may deem advisable upon presentation of proper evidence required by the Board.

4. Notification of the Board upon entry into apprenticeship: When an apprentice enters the employ of a licensed embalmer or funeral director, he shall immediately notify the Board the name and place of business of the licensed embalmer or funeral director whose services he has entered and the name of the funeral director or embalmer under whom he will train, and such notification shall be signed by the embalmer or funeral director in each case. If at any time thereafter such apprentice leaves the employ of the licensed embalmer or funeral director whose services he has entered, the said licensed embalmer or funeral director shall give to such apprentice an affidavit showing the length of time he has served as an apprentice with him and the number of cases handled while so employed; the original of said affidavit shall be filed with the Board and made a matter of record, and a copy shall be furnished to the apprentice. The Board shall furnish report forms to be used by each apprentice.

5. Certificate of apprenticeship may be suspended or revoked as provided and set forth in Section 3, subsection H.

E. Any person engaged or desiring to engage in the practice of embalming or funeral directing in this state, in connection with the care and disposition of dead human bodies, shall make written application to the Board for a license accompanying same with a fee not to exceed Fifty Dollars (\$50). The license or licenses when issued shall be signed by a majority of the Board and shall authorize the licensee to practice the science of embalming and/or funeral directing. All licenses shall be registered in the office of the County Clerk in any county in which the holder thereof

resides and practices embalming and/or funeral directing and shall be displayed conspicuously in the place of business. Every licensed embalmer and/or funeral director who desires to continue his practice shall annually pay to the Secretary of the said Board a fee not to exceed Ten Dollars (\$10) for the renewal of each funeral director's license and each embalmer's license. Said license shall become due and payable annually on the 31st day of May, and the Board will give written notice on or before April 1st, of each year that the license fees are due and payable. When a licensee under this Act shall fail to pay his annual registration fee, it shall be the duty of the Board to notify such licensee at his last known address that his annual registration fee is due and unpaid and that a penalty equal to the amount of the registration fee has been added. If such fee and penalty are not paid within fifteen (15) days after notification by regular mail, it shall be the duty of the Board to suspend the license and notify the licensee by certified mail, return receipt requested, of such suspension. Thirty (30) days after the Board shall have declared a license suspended, as provided herein, the license shall be automatically cancelled and the Board may thereafter in its discretion refuse to reinstate the licensee until the applicant has passed a regular examination for license as provided in this Act. If any license issued under this Act shall be lost or destroyed, the holder of any such license may present his application for duplicate license to the State Board of Morticians, on a form to be prescribed by the Board, together with his affidavit of such loss or destruction, and that he is the same person to whom such license was issued, and such other information concerning its loss or destruction as the State Board of Morticians shall require, and shall, upon payment of a fee not to exceed Ten Dollars (\$10), as determined by the Board, be granted a duplicate license; provided further, that the same fee as set forth above for duplicate licenses shall also apply to endorsements by the Board.

F. (1) The Board is authorized to make certain reciprocal arrangements. The State Board of Morticians, may in its discretion, upon payment by an applicant of a fee of One Hundred Dollars (\$100) grant a license to practice as a funeral director and/or embalmer to persons who furnish proof that they have been registered for at least three (3) years as such, in some other state or territory of the United States; provided that the licensing board of such other state or territory in its examination requires the same general degree of fitness required by this state. Said application shall be accompanied by an affidavit made by the President or Secretary of the Board of Mortician Examiners which issued the license, or by a duly constituted registration officer of the state or territory by which the certificate or license was granted, and on which the application for registration in Texas is based, reciting that the accompanying certificate or license has not been cancelled, suspended or revoked, and that the statement of the qualifications made in the application for a license in Texas is true and correct. Applicants for a license under the provisions of this Act shall subscribe to an oath in writing before an officer authorized by law to administer oaths, which shall be a part of such application, stating that the license, certificate, or authority under which the applicant practiced as a funeral director or embalmer in the state or territory from which the applicant removed, was at the time of such removal in full force and effect and not cancelled or suspended or revoked. Said application shall also state that the applicant is the identical person to whom the said certificate, license, or commission was issued, and that no proceeding has been instituted against the applicant for the cancellation, suspension or revocation of such certificate or license in the state or territory in which the same was issued; and that no prosecution is pending

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

against the applicant in any state or federal court for any offense which, under the laws of the State of Texas, is a felony, or a misdemeanor involving moral turpitude.

(2) Licenses granted under this subsection shall be on the following basis: Before a license is granted, the applicant shall receive a temporary permit good for one (1) year from date of issuance by the Board. At the end of one (1) year, the holder of said temporary permit shall again appear before the Board and if he has complied with the laws of this state, the Board shall again consider his application for license and in its discretion, providing he meets all other requirements, may grant said applicant a license.

G. Licenses currently outstanding shall be recognized under this Act. Any person, personally holding a current funeral director's and/or embalmer's license granted by the proper authorities in this state, shall not be required to make application for or submit to an examination, but shall be entitled to a renewal of his license, upon expiration of such current license, under the terms and conditions as herein provided for the renewal of licenses of those who may be licensed after the passage of this Act. All such persons shall be subject to every other provision of this Act.

H. The State Board of Morticians is hereby authorized and empowered and it shall be its duty to conduct hearings to revoke, suspend, or place on probation any licensed funeral director and/or embalmer, or apprentice, and may refuse to admit persons to examination for any of the following reasons:

1. The presentation to the Board of any license, certificate, or diploma, which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination;
2. Conviction of a crime of the grade of a felony or of a misdemeanor involving moral turpitude;
3. Unfit to practice as a funeral director and/or embalmer by reason of insanity or has been adjudged by a court of competent jurisdiction to be of unsound mind;
4. The use of any advertising statement of a character which misleads or deceives the public, or use, in connection with advertisements, the names of persons who do not hold a license as a funeral director or embalmer and represent them to be so licensed;

6. Altering, with fraudulent intent, any funeral director and/or embalmer license, certificate, or transcript of license or certificate;
7. The use of any funeral director and/or embalmer license, certificate, diploma, or transcript of any such funeral director and/or embalmer license, certificate, or diploma, which has been fraudulently purchased, issued, counterfeited, or materially altered;
8. The impersonation of, or acting as proxy for, another in any examination required by this Act for a funeral director and/or embalmer license;
9. The impersonation of a licensed funeral director or embalmer as authorized hereunder, or permitting, or allowing, another to use his license, or certificate to practice as a funeral director or embalmer or mor-

tician in this state, for the purpose of embalming or practicing the science of embalming, in connection with the care and disposition of the dead, or acting as a funeral director or practicing as a funeral director in this state, in connection with the care and disposition of the dead;

10. Using profane, indecent or obscene language within the immediate hearing of the family or relatives of a decedent, in proximity to a deceased person whose body has not yet been interred or otherwise disposed of; or the indecent exposure of a dead human body;

11. Refusing to promptly surrender a dead human body, upon the express order of a person in possession of lawful authority therefor, to a licensed funeral director or embalmer or an agent or employee of the same;

12. Wilfully making any false statement on a certificate of death;

13. Employment directly or indirectly of any apprentice, agent, assistant, embalmer, funeral director, employee, or other person on a part or full-time basis, or on commission, for the purpose of calling upon individuals or institutions by whose influence dead human bodies may be turned over to a particular funeral director or embalmer;

14. Presentation of false certification of work done as an apprentice on apprenticeship records;

15. Unfitness by reason of drug addiction; and

16. Whenever a licensee, apprentice, or any other person, whether employee, agent or representative, or one in any manner associated with a funeral establishment shall solicit business or offer any inducement, pecuniary or otherwise, for the purpose of securing or attempting to secure business for such funeral establishment, unless such solicitation is made pursuant to a permit issued under the provisions of Article 548b, Texas Vernon's Civil Statutes, or Senate Bill No. 129, Acts of the 58th Legislature, Regular Session, 1963.¹

I. The Board may issue such rules and regulations as may be necessary or desirable to effect the intent of the provisions of this Section.

¹ Article 548b.

Sec. 4. A. All funeral establishments shall be licensed by the Board. All licenses shall expire at midnight on August 31st of each year. The license fee shall not exceed Twenty-five Dollars (\$25) for issuance of licenses to existing establishments and for renewal licenses. Funeral establishments existing at the time of the effective date of this Act shall be notified by order of the Board to pay an initial license fee and upon receipt thereof the initial license shall be duly issued. Funeral establishments created after the effective date of this Act shall apply for a license, and upon satisfaction to the Board that this Section has been complied with and upon receipt of the licensing fee, which shall not exceed One Hundred Dollars (\$100), an initial license shall be duly issued to such new establishments. Not later than thirty (30) days prior to the expiration date of licenses, the Board shall cause to be issued notification in writing by mail to each licensed funeral establishment that a renewal fee not to exceed Twenty-five Dollars (\$25) must be paid by September 1st before such license shall be renewed, and upon due receipt of such fees all existing licenses shall be considered automatically renewed. Any establishment which fails to pay its license renewal fee as herein provided within thirty (30) days after August 31st may be required by the Board to pay a penalty of Twenty-five Dollars (\$25) in addition to the regular

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

fee, and if the delinquency is more than thirty (30) days, the establishment shall not be permitted to operate as a funeral home until it has applied for and has been granted a new license as in the case of original applications and licenses for new funeral establishments.

B. No funeral establishment shall conduct funeral business as intended under this Act unless duly licensed.

C. Each funeral establishment shall be required to have a physical plant, equipment and personnel consisting of the following:

1. Adequate facilities in which funeral services may be conducted;
2. A preparation room being used by such establishment that meets the sanitary code of the State of Texas and the municipality in which same is located;
3. A physical plant which meets building standards and fire safety standards of the state and of the municipality in which the establishment is located;
4. Access to rolling stock consisting of at least one motor hearse;
5. A preparation room that is secluded from the public, properly ventilated, and containing an operating table, sewer facilities, hot and cold running water, and sufficient instruments, chemicals and so forth to embalm a dead human body;
6. A display room containing sufficient merchandise to permit reasonable selection, including five (5) or more adult caskets;
7. Sufficient licensed personnel who will be available to conduct the operation of the funeral establishment;
8. A physical plant located at a fixed place, and not located on any tax-exempt property or cemetery; and
9. A physical plant which meets the health standards on health ordinances of the state and of the municipality in which the establishment is located.

D. 1. Failure of a funeral establishment to substantially comply with the provisions of paragraph C of this Section shall constitute the only grounds upon which the Board may initiate formal complaint or other action against a funeral establishment or in regard to the license of a funeral establishment.

2. As to asserted violations of provisions of paragraph C of this Section, the Board shall have the following powers, rights and duties:

(a) The Board may, in any case, require a sworn statement setting forth matter complained of as a condition to taking further action.

(b) The Board shall cause an investigation to be made whenever a complaint is filed with or by the Board.

(c) As to the licenses of funeral establishments, except when the accused admits a violation and agrees in writing to a judgment of the Board suspending or revoking the license in question or placing the accused on probation, the Board shall have no power or authority to suspend or revoke the license of the accused, however, the Board shall have the right to initiate a civil action in a District Court in the county in which the accused resides for the purpose of seeking a revocation or suspension of such license or probationary action all as hereinafter provided.

3. The term "Accusation" or "Complaint" shall embrace all complaints brought before the Board. By the terms "civil suit," "court action" or

"formal complaint" is meant the pleading by which disciplinary action is instituted by the Board in a District Court of this state.

4. In any investigation or hearing by the Board it may require the attendance of witnesses by issuing notices to witnesses, and ordering them to appear and testify. The Board may require testimony to be given under oath or affirmation. Such notice to a witness shall be issued at the request of the Board or the accused licensee or the organization whose application for license has been denied. Such notice must be in writing and signed by the presiding member of the Board, and shall notify the witness of the time and place to appear. Notice to a witness shall be served on him personally or by mailing the same to him by registered mail, return receipt requested. Proof of such may be made by certificate of the person making the same, with return receipt attached when made by registered mail.

If any witness fails or refuses to appear before the Board, such witness shall be compelled by a judge of any District Court to appear and testify at a hearing before such judge in the same manner as witnesses may be compelled to appear and testify in a civil suit in a District Court. Application for such hearing may be filed by any party to such proceedings in any District Court of the county in which such witness resides or may be found. The judge shall fix by order a time and place for such hearing and shall provide for such notice to the Board and the accused or the applicant for a license or certificate which has been denied as he determines proper. If such witness fails to appear or testify he shall be punished as in cases of contempt.

5. If the Board shall be of the opinion that the license of the accused should be revoked or suspended for a period not to exceed three years, and if the accused will accept a decision of the Board to such effect, it shall prepare a formal judgment and submit the same to him; and upon his agreement to its entry, evidenced by memorandum in writing signed and acknowledged by him, the Board shall enter judgment accordingly and the same shall have the force and effect of a judgment of the District Court of the county of the residence of the accused. A copy of the judgment, together with a copy of the complaint, shall be mailed to the clerk of the District Court of the county of residence of the accused for entry in the minutes of the court.

6. (a) The Texas rules of civil procedure shall govern the procedure in all proceedings under Civil Actions (Formal Complaint).

(b) The District Attorney or the County Attorney of the county of the residence of the accused licensee as defendant, or the Attorney General or such counsel as the Board may designate shall represent the Board as it shall determine.

(c) The formal complaint shall be the pleading by which the proceeding is instituted. The formal complaint shall be filed in the name of the Texas State Board of Morticians as plaintiff against the accused licensee as defendant and shall set forth the violation with which the defendant is charged. The prayer may be that the defendant "be placed on probation or his (its) license suspended or revoked as the facts shall warrant."

(d) The answer of the defendant to the formal complaint shall either admit or deny each allegation of the petition, except where the defendant is unable to admit or deny the allegation, in which case defendant shall set forth the reasons he (it) cannot admit or deny.

(e) Proceedings under formal complaint shall be entitled to preferred setting at the request of either party.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(f) If the court shall find from the evidence in a case tried without a jury, or from the verdict of the jury, if there be one, that the defendant is guilty of no violation, he shall enter judgment so declaring and dismiss the complaint; but if he shall find the defendant guilty, he shall determine whether the party shall be (a) placed under probation (in which case he shall specify the terms thereof), (b) the license suspended (in which case he shall fix the term of suspension), or (c) the license revoked; and he shall enter judgment accordingly. If the judgment be one finding the defendant guilty as aforesaid, it shall direct transmittal of certified copies of the judgment and complaint to the Secretary of the Board of Morticians; and the latter shall make proper notation on the membership rolls.

(g) At any time after the expiration of one year from the date of final judgment of revocation of a license, such party may petition the District Court of the county of his residence for reinstatement. Notice of such action shall be given to the Secretary of the State Board of Morticians.

(h) The Board shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this Section. Said action for an injunction shall be in addition to any other action, proceeding, or remedy recognized by law. The Board shall be represented by counsel designated by it, or, by the Attorney General and/or County and District Attorney of this state.

E. Each funeral establishment shall designate to the Board a funeral director in charge, and such funeral director in charge shall be directly responsible for the funeral directing and embalming business of the licensee. Any change or changes in such designation shall be given to the Board promptly.

F. The Board may issue such rules and regulations as shall comply with and shall effect the intent of the provisions of this Section.

G. Any premises on which funeral directing or embalming is practiced shall be open at all times to inspection by any agent of the Board or by any duly authorized agent of the state or of the municipality in which the premises are located. Each licensed funeral establishment shall be thoroughly inspected at least once each year by an agent of the Board or by an agent of the state or a political subdivision thereof whom the Board has authorized to make inspections on its behalf. A report of this annual inspection shall be filed with the Board.

Appeals

Sec. 4A. In all appeals prosecuted in any of the courts of this state pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from justice of the peace courts to county courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act.

Rules and Regulations

Sec. 5. A. The Board is authorized to promulgate such rules and regulations as it may deem advisable governing the granting, suspension and revocation of licenses as prescribed by the provisions of this Act.

B. Whenever it is provided in this Act that the Board may or shall issue any rules and regulations, such rules and regulations thereunder proposed shall be effective only after due notice and hearing.

Revocation, Cancellation or Suspension of Licenses of Funeral Directors, Embalmers and Apprentices

Sec. 6. The State Board of Morticians shall have the right to cancel, revoke, or suspend or place on probation the license of any individual person licensed under this Act as provided by subparagraph H of Section 3 above.

Proceedings under this Section shall be initiated by filing charges with the State Board of Morticians in writing and under oath. Said charges may be made by any person or persons. The President of the State Board of Morticians shall set a time and place for hearing, shall cause a copy of the charges, together with a notice of the time and place fixed for hearing, to be served on the respondent or his counsel at least ten (10) days prior thereto. When personal service is impossible, or cannot be effected, the Board shall cause to be published once a week for two (2) successive weeks a notice of the hearing in a newspaper published in the county wherein the respondent was last known to reside and shall mail a copy of the charges and of such notice to the respondent at his last known address. When publication of the notice is necessary, the date of hearing shall not be less than ten (10) days after the date of the last publication of the notice. At said hearing the respondent shall have the right to appear either personally or by counsel, or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board shall thereupon determine the charges upon their merits. All charges, complaints, notices, orders, records and publications authorized or required by the terms of this Act shall be privileged.

Any licensed funeral director and/or embalmer whose license has been revoked, suspended or renewal refused, or a person to whom the Board has refused to issue a license under this Act, shall have the right of appeal, from any such decision of the Board to any District Court in the county in which he resides within twenty (20) days from and after the date the said Board announces its final decision. In a suit brought to review orders, decisions, or other acts of the Board, the trial shall be de novo as that term is used and understood in an appeal from a Justice of Peace Court to the County Court, and action of the Board shall be stayed pending all appeals. Upon application, the Board may reissue a license to practice as a funeral director or embalmer to a person whose license has been cancelled or suspended, but such application, in the case of cancellation or revocation, shall not be made prior to one (1) year after the cancellation or revocation, and shall be made in such manner and form as the Board may require.

The State Board shall have the power to appoint committees from the membership. The duties of any committees appointed from the State Board of Morticians membership may consider such matters pertaining to the enforcement of this Act as shall be referred to such committees, and they shall make recommendations to the State Board of Morticians

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

with respect thereto. The State Board of Morticians shall have the power, and may delegate the said power to any committee, to issue subpoenas, and subpoenas duces tecum, and to compel the attendance of witnesses, the production of books, records and documents, to administer oaths, and to take testimony concerning all matters within its jurisdiction. The State Board of Morticians shall not be bound by such rules of evidence or procedure, in the conduct of its proceedings, but the determination shall be founded on sufficient legal evidence to sustain it. The State Board of Morticians shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this Act. Said action for an injunction shall be in addition to any other action, proceeding, or remedy authorized by law. The State Board of Morticians shall be represented by the Attorney General and/or the County or District Attorneys of this state, or counsel designated and empowered by the Board. Before entering any order cancelling, suspending, refusing to renew, or revoking a license to practice as a funeral director and/or embalmer, the Board shall hold a hearing in accordance with the procedure as set forth in this Act.

IN GENERAL**Art. 4646b. Charging or collecting usurious interest on loans**

Section 1. The State of Texas through its Attorney General, or any district or county attorney, may institute a suit in the district court to enjoin any person, firm or corporation or any officer, agent, servant or employee of such person, firm or corporation who is engaged in the business of habitually loaning money for the use and detention of which usurious interest has been charged against or contracted to be paid by the borrower, from demanding, receiving or by the use of any means attempting to collect from the borrower usurious interest on account of any loan, or from thereafter charging any borrower usurious interest, or contracting for any usurious interest. All persons, firms or corporations, and their agents, officers, servants and employees similarly engaged in making loans of money as herein defined who reside in the same county, may be joined in a single suit and no plea of misjoinder of parties defendant shall ever be available to any defendant in such suit.

Sec. 2. By the term "habitually" as used in this Act is meant the making of as many as three (3) loans on which or in connection with which usurious interest is charged or contracted for within a period of six (6) months next preceding the filing of any such suit.

By the term "usurious interest" as used in this Act is meant interest at a rate in excess of ten per centum (10%) per annum, unless as to any class of credit transactions a higher rate of interest is fixed, as in the Texas Regulatory Loan Act, Acts of the 58th Legislature, Regular Session, 1963,¹ or other Acts fixing maximum interest rates, then as to such transactions, the term 'usurious interest' means interest at a rate in excess of that allowed by law.

In the trial of any application for injunction under this Act there shall exist a prima facie presumption that the actual and necessary expenses of making any such loan was One Dollar (\$1) for each Fifty Dollars (\$50), or fractional part thereof loaned; but this prima facie presumption shall extend only to the first note or debt owing at the same time by an individual to any person, firm, corporation, partnership or association, and shall not apply to any renewal or extension thereof unless the original note or debt and all extensions thereof were for a period of not less than sixty (60) days.

Sec. 3. In any such suit venue shall lie in the county of the residence of a defendant, or in a county where such business of loaning money

is being conducted by such defendant or in the county where such contract was entered into by the borrower.

Sec. 4. If any section, sentence, phrase or part of this Act shall be held unconstitutional, such unconstitutionality shall not affect the validity of the remaining portions thereof. Acts 1943, 48th Leg., p. 227, ch. 144, as amended Acts 1963, 58th Leg., p. 550, ch. 205, § 25.

SUBCHAPTER C. RESERVES AND INVESTMENTS

Art. 3.28. Standard Valuation Law

Title

"Section 1. This Article shall be known as the Standard Valuation Law.

Valuation of reserve liabilities for life policies and endowment contracts

Sec. 2. The State Board of Insurance shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this state, except that in the case of an alien company, such valuation shall be limited to its United States business, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest and methods (net level premium method or other) used in the calculation of such reserves. In calculating such reserves, the Board may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves herein required of any foreign or alien company, the Board may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the State Board of Insurance when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

Terms and rules in computing reserve liability on policies and contracts issued prior to operative date of Standard Non-forfeiture Law

Sec. 3. This Section shall apply only to those policies and contracts issued prior to the operative date of Article 3.44a (the Standard Non-forfeiture Law). The reserve liability of all such policies and contracts shall be computed in accordance with their terms and the following rules:

(1) As respects policies issued prior to the first day of January, 1910, the computation shall be on the basis of the American Experience Table of Mortality and four and one-half per cent ($4\frac{1}{2}\%$) interest per annum.

(2) As respects policies issued after the 31st day of December, 1909, and prior to January 1, 1948, the computation shall be on the basis of the Actuaries or Combined Experience Table of Mortality with four per cent (4%) interest per annum, if the interest rate guaranteed in the policy is four per cent (4%) per annum or higher. If any such policies were issued upon a reserve basis of an interest rate lower than four per cent (4%) per annum, then the computation shall be made on the basis of the American Experience Table of Mortality with interest at such lower specified rate.

(3) As respects policies issued after the 31st day of December, 1947, the computation shall be on the basis of the mortality table and interest rate specified in the respective policies, provided that (1) the specified rate of interest shall not exceed three and one-half per cent ($3\frac{1}{2}\%$) per annum; (2) the specified table for policies other than policies of industrial life insurance shall be the American Experience Table of Mortality, the American Men Ultimate Table of Mortality, the Commissioners 1941 Standard Ordinary Mortality Table, or, as respects policies issued after the 31st day of December, 1959, the Commissioners 1958 Standard Ordinary Mortality Table; and (3) the specified table for policies of industrial life insurance shall be the American Experience Table of Mortality, the Standard Industrial Mortality Table, the Sub-Standard Industrial Mortality Table, the 1941 Standard Industrial Mortality Table, or the 1941 Sub-Standard Industrial Mortality Table, or, as respects policies issued after the 31st day of December, 1963, the Commissioners 1961 Standard Industrial Mortality Table.

(4) As respects policies on female risks issued after the 31st day of December, 1959, other than policies of industrial life insurance, computation shall be based on any mortality table and rate of interest permitted under the preceding paragraph (3) and specified in the respective policies, but may at the option of the company be based on an age not more than three (3) years younger than the actual age of the insured.

(5) As respects policies issued on sub-standard risks and annuity contracts and contracts or policies for disability benefits and accidental death benefits, the computation shall be on the basis of the standards and methods adopted by the respective companies and approved by the State Board of Insurance.

(6) The reserve values of all policies of group insurance issued prior to May 15, 1947, shall be computed upon the basis of the American Men Ultimate Table of Mortality with interest at the rate of three per cent (3%) or three and one-half per cent ($3\frac{1}{2}\%$) per annum as provided in such policies. The reserve values of all policies of group insurance issued on and subsequent to May 15, 1947, and prior to January 1, 1961, shall be computed upon the basis of either the American Men Ultimate Table of Mortality or the Commissioners 1941 Standard Ordinary Mortality Table with interest at a rate not in excess of three and one-half per cent ($3\frac{1}{2}\%$)

per annum as provided in such policies. The reserve values of all policies of group insurance issued on and subsequent to January 1, 1961, shall be computed on the basis of an interest rate not exceeding three and one-half per cent ($3\frac{1}{2}\%$) per annum and such mortality table as shall be adopted by the company with the approval of the State Board of Insurance.

Minimum standard for valuation of policies and contracts issued on or after operative date of Standard Non-forfeiture Law; commissioners reserve valuation method

Sec. 4. This Section shall apply to only those policies and contracts issued on or after the operative date of Article 3.44a (the Standard Non-forfeiture Law). The minimum standard for the valuation of all such policies and contracts shall be the commissioners reserve valuation method defined in Section 5, three and one-half per cent ($3\frac{1}{2}\%$) interest, and the following tables:

(1) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, the Commissioners 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of Section 6 of Article 3.44a (the Standard Non-forfeiture Law) as amended, and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date; provided that for any category of such policies issued on female risks all modified net premiums and present values referred to in this Article may be calculated according to an age not more than three (3) years younger than the actual age of the insured.

(2) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, the 1941 Standard Industrial Mortality Table for such policies issued prior to the operative date of Section 7 of Article 3.44a (the Standard Non-forfeiture Law) as amended, and the Commissioners 1961 Standard Industrial Mortality Table for such policies issued on or after such operative date.

(3) For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the 1937 Standard Annuity Mortality Table or, at the option of the company, the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the State Board of Insurance.

(4) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the Group Annuity Mortality Table for 1951, any modification of such table approved by the State Board of Insurance, or at the option of the Company, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts.

(5) For total and permanent disability benefits in or supplementary to ordinary policies or contracts, for policies or contracts issued on or after January 1, 1974, the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit; for policies or contracts issued on or after the operative date of Article 3.44a, and prior to January 1, 1974, either such tables or, at the option of the company, the Class (3) Disability Table (1926), or such other basis as may be approved by the State Board of Insurance. Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(6) For accidental death benefits in or supplementary to policies, for policies issued on or after January 1, 1974, the 1959 Accidental Death Benefits Table; for policies issued on or after the operative date of Article 3.44a, and prior to January 1, 1974, either such table or, at the option of the Company, the Inter-Company Double Indemnity Mortality Table, or such other basis as may be approved by the State Board of Insurance. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(7) For group life insurance, life insurance issued on the sub-standard basis and other special benefits, such tables as may be approved by the State Board of Insurance.

Reserves for life insurance and endowment benefits of policies providing uniform amount of insurance and requiring payment of uniform premiums

Sec. 5. Reserves according to the commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) over (b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(b) A net one year term premium for such benefits provided for in the first policy year.

Reserves according to the commissioners reserve valuation method for (1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (2) annuity and pure endowment contracts, (3) disability and accidental death benefits in all policies and contracts, and (4) all other benefits, except life insurance and endowment benefits in life insurance policies, shall be calculated by a method consistent with the principles of the preceding paragraph, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums. Such impairments and special hazards may also be disregarded in determining present value of benefits.

Aggregate reserves for all life policies; minimum amount

Sec. 6. In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of Article 3.44a (the Standard Non-forfeiture Law), be less than the aggregate reserves calculated in accordance with the method set forth in Section 5 and the mortality table or

tables and rate or rates of interest used in calculating non-forfeiture benefits for such policies.

Calculation of reserves for policies and contracts issued prior to operative date of Standard Non-forfeiture Law; standards

Sec. 7. Reserves for all policies and contracts issued prior to the operative date of Article 3.44a (the Standard Non-forfeiture Law) may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by the laws in effect immediately prior to such date.

Reserves for any category of policies, contracts or benefits as established by the State Board of Insurance, issued on or after the operative date of Article 3.44a (the Standard Non-forfeiture Law), may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any non-forfeiture benefits provided for therein. Provided, however, that reserves for participating life insurance policies issued on or after the operative date of Article 3.44a (the Standard Non-forfeiture Law) may, with the consent of the State Board of Insurance, be calculated according to a rate of interest lower than the rate of interest used in calculating the non-forfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the non-forfeiture benefits by more than one-half ($\frac{1}{2}\%$) per cent the company issuing such policies shall file with the State Board of Insurance a plan providing for such equitable increases, if any, in the cash surrender values and non-forfeiture benefits in such policies as the State Board of Insurance shall approve.

Any such company which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the State Board of Insurance, adopt any lower standard of valuation, but not lower than the minimum herein provided.

Deficiency reserve

Sec. 8. If the gross premium charged by any life insurance company on any policy or contract is less than the net premium for the policy or contract according to the mortality table, rate of interest and method used in calculating the reserve thereon, there shall be maintained on such policy or contract a deficiency reserve in addition to all other reserves required by law. For each such policy or contract the deficiency reserve shall be the present value, according to such standard, of an annuity of the difference between such net premium and the premium charged for such policy or contract, running for the remainder of the premium-paying period. As amended Acts 1963, 58th Leg., p. 1117, ch. 434, § 2.

12. In all family group life insurance policies there shall be clearly stated the maximum amount which is payable to the payee in the policy in the case of the death of any insured person or persons. Regardless of what the maximum amount of said policy is or may be, any provision for payment other than the full amount of said policy shall be clearly stated in the policy. As amended Acts 1963, 58th Leg., p. 328, ch. 123, § 1.

Effective 90 days after May 24, 1963, date of adjournment.

Art. 3.44a. Standard Non-forfeiture Law

Title

Section 1. This Article shall be known as the Standard Non-forfeiture Law.

Default in premium payment on policies issued after operative date of Standard Non-forfeiture Law; paid-up non-forfeiture benefits and cash surrender values; mortality tables and interest rates

Sec. 2. In the case of policies issued on or after the operative date of this Article (as defined in Section 10 of this Article), no policy of life insurance, except as stated in Section 9, shall be issued or delivered in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the State Board of Insurance are at least as favorable to the defaulting or surrendering policyholder:

(1) That, in the event of default in any premium payment, the company will grant, upon proper request not later than sixty (60) days after the due date of the premium in default, a paid-up non-forfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such value as may be hereinafter specified.

(2) That, upon surrender of the policy within sixty (60) days after the due date of any premium payment in default after premiums have been paid for at least three (3) full years in the case of ordinary insurance or five (5) full years in the case of industrial insurance, the company will pay, in lieu of any paid-up non-forfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(3) That a specified paid-up non-forfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty (60) days after the due date of the premium in default.

(4) That, if the policy shall have become paid-up by completion of all premium payments or if it is continued under any paid-up non-forfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within thirty (30) days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(5) A statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up non-forfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up non-forfeiture benefit, if any, available under the policy on each policy anniversary either during the first twenty (20) policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

(6) A statement that the cash surrender values and the paid-up non-forfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of the state in which the policy is delivered; an explanation of the manner in which the cash surrender values and the paid-up non-forfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the State in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up non-forfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The company shall reserve the right to defer the payment of any cash surrender value for a period of six (6) months after demand therefor with surrender of the policy.

Amount of cash surrender value available under policy on default in premium payment due on policy anniversary

Sec. 3. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by Section 2, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, in-

cluding any existing paid-up additions, if there had been no default, over the sum of (a) the then present value of the adjusted premiums as defined in Sections 5, 6 and 7, corresponding to premiums which would have fallen due on and after such anniversary, and (b) the amount of any indebtedness to the company on the policy. The preceding sentence shall not require any cash surrender value greater than the reserve for the policy calculated as provided by Article 3.28. Any cash surrender value available within thirty (30) days after any policy anniversary under any policy paid-up by completion of all premium payments or any policy continued under any paid-up non-forfeiture benefit, whether or not required by Section 2, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by an indebtedness to the company on the policy.

**Value of paid-up non-forfeiture benefits available under policy on
default in premium payment due on policy anniversary**

Sec. 4. Any paid-up non-forfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this Article in the absence of the condition that premiums shall have been paid for at least a specified period.

Adjusted premiums

Sec. 5. Except as provided in the third paragraph of this Section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairments or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) two per cent (2%) of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) forty per cent (40%) of the adjusted premium for the first policy year; (iv) twenty-five per cent (25%) of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. Provided, however, that in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four per cent (4%) of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this Section shall be the date as of which the rated age of the insured is determined.

In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this Section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; provided, however, that in the case of a policy providing a varying amount of insurance issued on the life of a child under

age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten were the amount provided by such policy at age ten.

The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to (a) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by (b) the adjusted premiums for such term insurance, the foregoing items (a) and (b) being calculated separately and as specified in the first two paragraphs of this Section except that, for the purposes of (ii), (iii) and (iv) of the first such paragraph, the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in (b) shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in (a).

Except as otherwise provided in Sections 6 and 7, all adjusted premiums and present values referred to in this Article shall for all policies of ordinary insurance be calculated on the basis of the Commissioners 1941 Standard Ordinary Mortality Table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 Standard Industrial Mortality Table. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up non-forfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a non-forfeiture benefit, the rates of mortality assumed may be not more than one hundred and thirty per cent (130%) of the rates of mortality according to such applicable table. Provided further, that for insurance issued on a sub-standard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the Company and approved by the State Board of Insurance.

Calculation of adjusted premiums and present values of ordinary policies issued on or after operative date of this section

Sec. 6. In the case of ordinary policies issued on or after the operative date of this Section as defined herein, all adjusted premiums and present values referred to in this Article shall be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table and the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up non-forfeiture benefits, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a non-forfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table. Provided further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as

may be specified by the company and approved by the State Board of Insurance.

On or after the operative date of this Article, any company may file with the State Board of Insurance a written notice of its election to comply with the provisions of this Section after a specified date before January 1, 1974. After the filing of such notice, then upon such specified date (which shall be the operative date of this Section for such company), this Section shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this Section for such company shall be January 1, 1974.

Industrial policies; adjusted premiums and present values

Sec. 7. In the case of industrial policies issued on or after the operative date of this Section as defined herein, all adjusted premiums and present values referred to in this Article shall be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table and the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up non-forfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a non-forfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1961 Industrial Extended Term Insurance Table. Provided further, that for insurance issued on a sub-standard basis, the calculations of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the State Board of Insurance.

On or after the operative date of this Article, any company may file with the State Board of Insurance a written notice of its election to comply with the provisions of this Section after a specified date before January 1, 1974. After the filing of such notice, then upon such specified date (which shall be the operative date of this Section for such company), this Section shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this Section for such company shall be January 1, 1974.

Cash surrender values and paid-up non-forfeiture benefits on default in premium payment due at time other than on policy anniversary

Sec. 8. Any cash surrender value and any paid-up non-forfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary; provided, however, such cash surrender value or non-forfeiture benefit shall not be required unless such cash surrender value or non-forfeiture benefit was required on the preceding policy anniversary. All values referred to in Sections 3, 4, 5, 6 and 7 may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall not be less than the dividends used to provide such additions. Notwithstanding the provisions of Section 3, additional benefits payable (a) in the event of death or dismemberment by accident or accidental means, (b) in the event of total and permanent disability, (c) as reversionary annuity or deferred reversionary annuity benefits, (d) as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this Article would not apply, (e) as term insurance on the

life of a child or on the lives of children provided in a policy on the life of a parent of the child if such term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid-up by reason of the death of a parent of the child, and (f) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and non-forfeiture benefits required by this Article, and no such additional benefits shall be required to be included in any paid-up non-forfeiture benefits.

Application of article

Sec. 9. This Article shall not apply to any reinsurance, group insurance, pure endowment, annuity or reversionary annuity contract, nor to any term policy of uniform amount, or renewal thereof, of twenty years or less expiring before age seventy-one, for which uniform premiums are payable during the entire term of the policy, nor to any term policy of decreasing amount on which each adjusted premium, calculated as specified in Sections 5, 6 and 7, is less than the adjusted premium so calculated, on such twenty year term policy issued at the same age and for the same initial amount of insurance, nor to any policy which shall be delivered outside this state through an agent or other representative of the company issuing the policy.

Notice of election to comply with provisions of Standard Non-forfeiture Law

Sec. 10. After the effective date of this Act, any company may file with the State Board of Insurance a written notice of its election to comply with the provisions of this Article after a specified date before January 1, 1974. After the filing of such notice, then upon such specified date (which shall be the operative date of Article 3.44a for such company), this Article shall become operative with respect to the policies thereafter issued by such company. If a company makes no such election, the operative date of this Article for such company shall be January 1, 1974. (c). A provision that the policy shall be incontestable after it has been in force during the lifetime of the insured for two (2) years from its date, except for non-payment of premiums, and except for violation of the conditions of the policy, if any, relating to naval or military service in time of war, and except as to provisions and conditions granting or relating to benefits in the event of total or permanent disability as defined in the policy, and those granting or relating to additional insurance specifically against death by accident or by accidental means, or to additional insurance against loss of, or loss of use of, specific members of the body. As amended Acts 1963, 58th Leg., p. 1307, ch. 498, § 2.

Effective 90 days after May 24, 1963, date of adjournment.

(e) Provisions for non-forfeiture benefits in event of default in premium payments and for cash surrender values in accordance with the pro-

visions of subsections (e), (f) and (g) of this Section in the case of policies issued prior to the operative date of Article 3.44a (the Standard Non-forfeiture Law), and in accordance with provisions of Article 3.44a in the case of policies issued on or after said date. Policies issued prior to the operative date of Article 3.44a shall contain a provision substantially as follows: a provision that in event of default in premium payments after premiums shall have been paid for three (3) full years there shall be available a stipulated form of insurance effective from the due date of the defaulted premium; and in event of default in premium payments after premiums shall have been paid for five (5) full years there shall be available, in lieu of the stipulated form of insurance, at the option of the insured, a specified cash surrender value. The net value of the stipulated form of insurance, and the specified cash surrender value, shall not be less than the reserve on the policy at the end of the last completed quarter of the policy year for which premiums shall have been paid, including the reserve for any paid-up additions thereto and the amount of any dividends standing to the credit of the policy, and excluding any reserve on total and permanent disability, as defined in the policy, and additional accidental death benefits, less a sum of not more than:

(1) Two and one-half per cent ($2\frac{1}{2}\%$) of the maximum amount insured by the policy and dividend additions thereto, if any, when the issue age is under ten (10) years;

(2) Two and one-half per cent ($2\frac{1}{2}\%$) of the current amount insured by the policy and dividend additions thereto, if any, when the issue age is ten (10) years or older; and less any existing indebtedness to the insurer on or secured by the policy.

If the mortality table adopted for computing such reserve is the 1941 Standard Industrial Mortality Table or the 1941 Sub-standard Industrial Mortality Table, then in calculating the value of the paid-up term insurance with accompanying pure endowment, if any, a rate of mortality may be assumed which is not more than one hundred thirty per cent (130%) of the rate of mortality according to the table used. If the mortality table adopted for computing such reserve is the Commissioners 1961 Standard Industrial Mortality Table, then in calculating the value of paid-up term insurance with accompanying pure endowment, if any, a rate of mortality may be assumed which is not more than that shown in the Commissioners 1961 Industrial Extended Term Insurance Table, or, in the case of sub-standard policies, such other table of mortality as may be specified by the company and approved by the State Board of Insurance. The policy shall state the amount and term of the stipulated form of insurance calculated upon the assumption of no indebtedness on the policy and no dividend additions thereto.

The policy may be surrendered to the insurer at its home office within the period of grace after the due date of the defaulted premium for the specified cash surrender value, provided that the insurer may defer payment for not more than six (6) months after the application therefor is made. In the event that application, which must be in writing, for a stipulated form of insurance or the specified cash surrender value when the same are available, is not made within the grace period, it shall be provided that a stipulated form of insurance shall automatically become effective. As amended Acts 1963, 58th Leg., p. 1117, ch. 434, § 9.

(f) In the case of policies issued prior to the operative date of Article 3.44a, a provision specifying the mortality table, rate of interest, and method of valuation if other than net level premium, adopted for computing

the life insurance reserves on the contract. As amended Acts 1963, 58th Leg., p. 1117, ch. 434, § 9.

(g) In the case of policies issued prior to the operative date of Article 3.44a, a table showing in figures the non-forfeiture options available under the policy at the end of each year upon default in premium payments during the premium paying period, but not to exceed the first twenty (20) years of the policy. Such table is to begin with the year in which such values become available. At the expiration of the period for which such values are shown in the policy, the insurer will furnish upon request an extension of such table. As amended Acts 1963, 58th Leg., p. 1117, ch. 434, § 9.

Effective 90 days after May 24, 1963, date of adjournment.

Policies to contain certain provisions, see art. 3.44.

Art. 3.53. Credit Life Insurance and Credit Accident and Health Insurance.

Sec. 1. Purpose.—The purpose of this Act is to promote the public welfare by regulating credit life insurance and credit accident and health insurance. Nothing in this Act is intended to prohibit or discourage reasonable competition. The provisions of this Act shall be liberally construed.

Sec. 2. Scope and Definitions.—A. Citation and Scope.

(1) This Act may be cited as “The Model Act for the Regulation of Credit Life Insurance and Credit Accident and Health Insurance.”

(2) All life insurance and all accident and health insurance sold in connection with loans or other credit transactions of less than five (5) years duration, the premium for which is charged to or paid for in whole or in part either directly or indirectly by the debtor, shall be subject to the provisions of this Act, regardless of the nature, type or plan of the credit insurance coverage or premium payment system, except where the issuance of such insurance is an isolated transaction on the part of the insurer not related to an agreement or a plan for insuring debtors of the creditor.

B. Definitions.

For the purpose of this Act:

(1) “Credit life insurance” means insurance on the life of a debtor pursuant to or in connection with a specific loan or other credit transaction;

(2) “Credit accident and health insurance” means insurance on a debtor to provide indemnity for payments becoming due on a specific loan or other credit transaction while the debtor is disabled as defined in the policy;

(3) “Creditor” means the lender of money or vendor or lessor of goods, services, or property, rights or privileges, for which payment is arranged through a credit transaction, or any successor to the right, title or interest of any such lender, vendor, or lessor, and an affiliate, associate, or subsidiary of any of them or any director, officer or employee of any of them or any other person in anyway associated with any of them;

(4) “Debtor” means a borrower of money or a purchaser or lessee of goods, services, property, rights or privileges for which payment is arranged through a credit transaction;

(6) "Commissioner" means The Commissioner of Insurance;

(7) "State Board of Insurance" means the three (3) member State Board of Insurance.

Sec. 3. Forms of Credit Life Insurance and Credit Accident and Health Insurance.—Credit life insurance and credit accident and health insurance shall be issued only in the following forms:

A. Individual policies of life insurance issued to debtors on the term plan;

B. Individual policies of accident and health insurance issued to debtors on a term plan or disability benefit provisions in individual policies of credit life insurance;

C. Group policies of life insurance issued to creditors providing insurance upon the lives of debtors on the term plan;

D. Group policies of accident and health insurance issued to creditors on a term plan insuring debtors or disability benefit provisions in group credit life insurance policies to provide such coverage.

Sec. 4. Amount of Credit Life Insurance and Credit Accident and Health Insurance.—A. Credit Life Insurance.

(1) The initial amount of credit life insurance on any debtor shall not exceed the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantially equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater.

B. Credit Accident and Health Insurance.

The total amount of indemnity payable by credit accident and health insurance in the event of disability as defined in the policy on any debtor, shall not exceed the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

Sec. 5. Term of Credit Life Insurance and Credit Accident and Health Insurance.—The term of any credit life insurance or credit accident and health insurance shall, subject to acceptance by the insurer, commence on the date when the debtor becomes obligated to the creditor, except that, where a group policy provides coverage with respect to existing obligations, the insurance on a debtor with respect to such indebtedness shall commence on the effective date of the policy or the date of enrollment for coverage under the group policy, whichever is later. Where evidence of insurability is required and such evidence is furnished more than thirty (30) days after the date when the debtor becomes obligated to the creditor, the term of the insurance may commence on the date on which the insurance company determines the evidence to be satisfactory, and in such event there shall be an appropriate refund or adjustment of any charge to the debtor for insurance. The term of such insurance shall not extend more than fifteen (15) days beyond the scheduled maturity date of the indebtedness except when extended without additional cost to the debtor. If the indebtedness is discharged due to renewal or refinancing prior to the scheduled maturity date, the insurance in force shall be terminated before any new insurance may be issued in connection with the renewed or refinanced indebtedness. In all cases of termination prior to scheduled maturity, a refund shall be paid or credited as provided in Section 8.

Sec. 6. Provisions of Policies and Certificates of Insurance; Disclosure to Debtors.—A. All credit life insurance and credit accident and health insurance shall be evidenced by an individual policy, or in the case of group insurance by a certificate of insurance, which individual policy or group certificate of insurance shall be delivered to the debtor.

B. Each individual policy or group certificate of credit life insurance, and/or credit accident and health insurance shall, in addition to other requirements of law, set forth the name and home office address of the insurer, the name or names of the debtor and, in the case of a certificate under a group policy, the identity by name or otherwise of the person or persons insured, the full amount of premium or the total identifiable insurance charge, if any, to the debtor, separately for credit life insurance and credit accident and health insurance, a description of the coverage including the amount and term thereof, and any exceptions, limitations and restrictions, and shall state that the benefits shall be paid to the creditor to reduce or extinguish the unpaid indebtedness and, wherever the amount of insurance may exceed the unpaid indebtedness, that any such excess shall be payable to a beneficiary, other than the creditor, named by the debtor or to his estate.

C. Said individual policy or group certificate of insurance shall be delivered to the insured debtor at the time the indebtedness is incurred except as hereinafter provided.

D. If said individual policy or group certificate of insurance is not delivered to the debtor at the time the indebtedness is incurred, a copy of the application for such policy or a notice of proposed insurance, signed by the debtor and setting forth the name and home office address of the insurer, the name or names of the debtor, the full amount of premium or the total identifiable insurance charge, if any, to the debtor, separately for credit life insurance and credit accident and health insurance, the amount, term and a brief description of the coverage provided, shall be delivered to the debtor at the time such indebtedness is incurred. The copy of the application for, or notice of proposed insurance, shall also refer exclusively to insurance coverage, and shall be separate and apart from the loan, sale or other credit statement of account, instrument or agreement, unless the information required by this Subsection is prominently set forth therein. Upon acceptance of the insurance by the insurer and within thirty (30) days of the date upon which the indebtedness is incurred, the insurer shall cause the individual policy or group certificate of insurance to be delivered to the debtor. Said application or notice of proposed insurance shall state that upon acceptance by the insurer, the insurance shall become effective as provided in Section 5.

E. If the named insurer does not accept the risk, then and in such event the debtor shall receive a policy or certificate of insurance setting forth the name and home office address of the substituted insurer and the amount of the premium to be charged, and if the amount of premium is less than that set forth in the notice of proposed insurance an appropriate refund shall be made.

Sec. 7. Filing, Approval and Withdrawal of Forms.—A. All policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements and riders delivered or issued for delivery in this State and the schedules of premium rates pertaining thereto shall be filed with the Commissioner.

B. The Commissioner shall within thirty (30) days after the filing of any such policies, certificates of insurance, notices of proposed insur-

ance, applications for insurance, endorsements and riders, disapprove any such form if the benefits provided therein are not reasonable in relation to the premium charge, or if it contains provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the coverage, or are contrary to any provision of the Insurance Code or of any rule or regulation promulgated hereunder.

C. If the Commissioner notifies the insurer that the form is disapproved, it is unlawful thereafter for such insurer to issue or use such form. In such notice, the Commissioner shall specify the reason for his disapproval and state that a hearing will be granted within twenty (20) days after request in writing by the insurer. No such policy, certificate of insurance, notice of proposed insurance, nor any application, endorsement or rider, shall be issued or used until the expiration of thirty (30) days after it has been so filed, unless the Commissioner shall give his prior written approval thereto.

D. The Commissioner may, at any time after a hearing held not less than twenty (20) days after written notice to the insurer, withdraw his approval of any such form on any ground set forth in Subsection B above. The written notice of such hearing shall state the reason for the proposed withdrawal.

E. It shall not be lawful for the insurer to issue such forms or use them after the effective date of such withdrawal.

F. If a group policy of credit life insurance or credit accident and health insurance

(i) has been delivered in this State before the effective date of this Act, or

(ii) has been or is delivered in another State before or after the effective date of this Act,

the insurer shall be required to file only the group certificate and notice of proposed insurance delivered or issued for delivery in this State as specified in Subsection B of Section 6 of this Act and such certificate shall be approved by the Commissioner if it conforms with the requirements specified in said Subsection and if the schedule of premium rates applicable to the insurance evidenced by such certificate or notice is not in excess of the insurer's schedule of premium rates filed with the Commissioner; provided, however, the premium rate in effect on existing group policies may be continued until the first policy anniversary date following the date this Act becomes operative as provided in Section 12.

G. Any order or final determination of the Commissioner under the provisions of this Section shall be subject to the appeal and review provisions of Article 1.04, Insurance Code of Texas.

Sec. 8. Premiums and Refunds.—A. Any insurer may revise its schedules of premium rates from time to time, and shall file such revised schedules with the Commissioner. No insurer shall issue any credit life insurance policy or credit accident and health insurance policy for which the premium rate exceeds that determined by the schedules of such insurer as then on file with the Commissioner.

B. Each individual policy, or group policy and group certificate shall provide that in the event of termination of the indebtedness or the insurance prior to the scheduled maturity date of the indebtedness, any refund of an amount paid by or charged to the debtor for insurance shall be paid or credited promptly to the person entitled thereto; provided, however,

no refund need be made if the amount thereof is less than One Dollar (\$1). The formula to be used in computing such refund shall be filed with and approved by the Commissioner.

C. If a creditor requires a debtor to make any payment for credit life insurance or credit accident and health insurance and an individual policy or group certificate of insurance is not issued, the creditor shall immediately give written notice to such debtor and shall promptly make an appropriate credit to the account.

D. The amount charged to a debtor by the creditor for any credit life or credit accident and health insurance issued to the debtor shall not exceed the actual premium charged the creditor by the insurer for such insurance, as computed at the time the charge to the debtor is determined.

Sec. 9. Issuance of policies.—All policies of credit life insurance and credit accident and health insurance shall be delivered or issued for delivery in this State only by an insurer authorized to do an insurance business therein, and shall be issued only through holders of licenses issued by the Commissioner. The premium or cost of such insurance allowed herein shall not be deemed interest, or charges, or consideration, or an amount in excess of permitted charges in connection with the loan or other credit transaction, and any benefit or return or other gain or advantage to the creditor arising out of the sale or provision of such insurance shall not be deemed a violation of any law, General or Special, of the State of Texas.

Sec. 10. Claims.—A. All claims shall be promptly reported to the insurer or its designated claim representative, and the insurer shall maintain adequate claim files. All claims shall be settled as soon as possible and in accordance with the terms of the insurance contract.

B. All claims shall be paid either by draft drawn upon the insurer or by check of the insurer to the order of the claimant to whom payment of the claim is due pursuant to the policy provisions, or upon direction of such claimant to one specified.

C. No plan or arrangement shall be used whereby any person, firm or corporation other than the insurer or its designated claim representative shall be authorized to settle or adjust claims. The creditor shall not be designated as claim representative for the insurer in settling or adjusting claims; provided, that a group policyholder may, by arrangement with the group insurer, draw drafts or checks in payment of claims due to the group policyholder subject to audit and review by the insurer.

Sec. 11. Existing Insurance—Choice of Insurer.—When credit life insurance or credit accident and health insurance is required as additional security for any indebtedness, the debtor shall, upon request to the creditor, have the option of furnishing the required amount of insurance through existing policies of insurance owned or controlled by him or of procuring and furnishing the required coverage through any insurer authorized to transact an insurance business within this State.

Sec. 12. Enforcement.—The State Board of Insurance may, after notice and hearing, issue such rules and regulations as it deems appropriate for the supervision of this Act. Whenever the Commissioner finds that there has been a violation of this Act or any rules or regulations issued pursuant thereto, and after written notice thereof and hearing given to the insurer or other person authorized or licensed by the Commissioner, he shall set forth the details of his findings together with an order for compliance by a specified date. Such order shall be binding on the insurer and other person authorized or licensed by the Commissioner on the date speci-

filed unless sooner withdrawn by the Commissioner or a review thereof and appeal therefrom has been taken to the State Board of Insurance or the Courts under Article 1.04, Insurance Code of Texas. The provisions of Sections 5, 6, 7 and 8 of this Act shall not be operative until ninety (90) days after the effective date of this Act, and the Commissioner in his discretion may extend by not more than an additional ninety (90) days the initial period within which the provisions of said Sections shall not be operative.

Sec. 13. Judicial Review.—Any party to any proceeding affected by an order of the Commissioner or the State Board of Insurance shall be entitled to judicial review by following the procedure set forth in Article 1.04, Insurance Code of Texas.

Sec. 14. Penalties.—In addition to any other penalty provided by law, any person, firm or corporation which violates an order of the Commissioner after it has become final, and while such order is in effect, shall, upon proof thereof to the satisfaction of the court, forfeit and pay to the State of Texas a sum not to exceed Two Hundred and Fifty Dollars (\$250) which may be recovered in a civil action, except that if such violation is found to be willful, the amount of such penalty shall be a sum not to exceed One Thousand Dollars (\$1,000). The Commissioner, in his discretion, may revoke or suspend the license or certificate of authority of the person, firm or corporation guilty of such violation. Such order for suspension or revocation shall be upon notice and hearing, and shall be subject to judicial review as provided in Section 13 of this Act. As amended Acts 1963, 58th Leg., p. 981, ch. 405.

Effective 90 days after May 24, 1963, date of adjournment.

Section 2 of the 1963 amendatory act provided:

"Sec. 2. Saving Clause. The provisions of this Act shall be cumulative of, supplemental and in addition to the provisions of Senate Bill 15, as passed by the Fifty-eighth Legislature, Regular Session, 1963, entitled 'Texas Regulatory Loan Act,' and the provisions of this Act shall not in any manner repeal, amend or modify said Senate Bill 15, nor shall it be so construed, but to the contrary, this Act shall be so construed as to be consistent with the provisions of said Senate Bill 15.

"Further, the provisions of this Act shall not repeal or broaden the provisions of Article 3.50, Texas Insurance Code, as amended, and the provisions of such Article 3.50 shall remain in full force and effect after the effective date hereof, but all credit insurance written under the authority of said Article 3.50 shall be subject to the provisions of this Act after the effective date hereof."

SUBCHAPTER G. ACCIDENT AND SICKNESS INSURANCE

Art. 3.71. Texas 65 Health Insurance Plans

Section 1. Notwithstanding any contrary or inconsistent provision of any law, two or more insurance companies authorized to separately do such an insurance business in this state, including stock companies, reciprocals or inter-insurance exchanges, Lloyds' associations, fraternal benefit societies and mutual companies of all kinds, including state-wide mutual assessment corporations and local mutual aid associations, and stipulated premium companies, may join together to offer, sell and administer hospital, surgical and medical expense insurance plans under a group policy covering residents of this state who are 65 years of age and older and their spouses on which policy each insurance carrier shall be severally liable, and such companies may agree with respect to premium rates, policy provisions, sales, administrative, technical and accounting procedures and other matters within the scope of this Article. Any such

policy may be executed on behalf of the insurance companies by a duly authorized person and need not be countersigned on behalf of any such company by a resident agent.

Companies regulated by the provisions of Chapter 14 of this Insurance Code shall, if participating under this provision of this Act, be required to form separate unincorporated associations, trusts or other organizations as authorized by this Act, and such separate unincorporated association, trust or other organization shall not include any other type of insurance company therein.

Sec. 2. The insurance companies participating in the insurance plans authorized by this Article shall be subject to regulation under the laws of this state, and the forms of the applications, certificates, policies and other evidence of such insurance shall be subject to the requirements of Article 3.42 of this Insurance Code. There shall be filed with the State Board of Insurance by or on behalf of such companies a true copy of any contract of association or organization or trust agreement entered into by such companies pursuant to this Article, the schedule of premium rates to be charged for the insurance, and the plan for operating and marketing such insurance. No such contract, schedule or plan shall be effective unless and until approved by the State Board of Insurance, provided, however, that at the expiration of thirty days after the filing of any such contract, schedule or plan, it shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by written order of said Board. If after notice and public hearing the said Board shall at any time find that under reasonable assumptions the premium rates charged for such insurance, or the plan for operating and marketing same are excessive, inadequate or contrary to the public interest, or that any activity or practice in connection with such insurance is unfair, unreasonable or contrary to the public interest, it shall disapprove such premium rates or plan or such activity or practice and shall require the discontinuance thereof within not less than thirty days from the date of its order containing such finding.

Sec. 3. Any unincorporated association, trust or other organization formed under the authority of this Article may sue and be sued in its association, trust or organization name. Process in any civil suit against any such association, trust or organization may be served on the president, secretary or managing agent thereof or on the Chairman of the State Board of Insurance. Such service shall have the same force and effect as if such service had been made upon all members of the association, trust or other organization. In the event of such service on the Chairman of the State Board of Insurance he shall immediately forward the same by registered mail, postage prepaid, to the president, secretary or managing agent of such association, trust or other organization at the last known address thereof according to the records of the State Board of Insurance.

Sec. 4. Notwithstanding any contrary or inconsistent provision of any law of this state, all premiums received on account of the group insurance authorized by this Article are hereby expressly exempted and excluded from any and all premium taxes of any kind imposed by any other law of this state.

Sec. 5. No association, trust or other organization formed and operated in accordance with this Article and no insurance business conducted in accordance with this Article shall be deemed to be a combination in restraint of trade, or an illegal monopoly, or an attempt to lessen compe-

tion or fix prices arbitrarily or to otherwise violate the anti-trust laws of this state. Acts 1951, 52nd Leg., p. 868, ch. 491; art. 3.71 added Acts 1963, 58th Leg., p. 443, ch. 157, § 1.

CHAPTER FOUR—TAXES AND FEES

Art.

4.08 Unclaimed Funds Statute for Life Insurance Companies [New].

Art. 4.08. Unclaimed Funds Statute for Life Insurance Companies

Sec. 1. Title.—This Article shall be known as the “Unclaimed Funds Statute for Life Insurance Companies.”

Sec. 2. Scope.—This Article shall apply to unclaimed funds, as defined in Section 3 hereof, of any life insurance company doing business in this state where the last known address, according to the records of such company, of the person entitled to such funds is within this state, provided that if a person other than the insured or annuitant be entitled to such funds and no address of such person be known to such company or if it be not definite and certain from the records of such company what person is entitled to such funds, then in either event it shall be presumed for the purposes of this Article that the last known address of the person entitled to such funds is the same as the last known address of the insured or annuitant according to the records of such company.

Sec. 3. Definitions.—The term “unclaimed funds” as used in this Article shall mean and include all monies held and owing by any life insurance company doing business in this state which shall have remained unclaimed and unpaid for seven years or more after it is established from the records of such company that such monies became due and payable under any life or endowment insurance policy or annuity contract which has matured or terminated. A life insurance policy not matured by actual proof of the prior death of the insured shall be deemed to be matured and the proceeds thereof shall be deemed to be “due and payable” within the meaning of this Article only if such policy is in force when the insured shall have attained the limiting age under the mortality table on which the reserve is based. Annuities and other obligations, the payment of which is conditioned upon the continued life of any person, shall not be deemed to be “due and payable” in the absence of actual proof that such person was alive at the time or times required by the contract. Monies otherwise admittedly due and payable under any such life or endowment insurance policy or annuity contract shall be deemed to be “held and owing” within the meaning of this Article although the policy or contract shall not have been surrendered as required.

Sec. 4. Reports.—Every such life insurance company shall on or before the first day of May of each year make a report in writing to the State Treasurer of Texas of all unclaimed funds, as hereinbefore defined, held and owing by it on the 31st day of December next preceding, provided, however, such report shall not be required to include amounts of less than Five Dollars (\$5.00) which on the effective date of this Article shall have been unclaimed and unpaid for more than eleven years, or amounts which have been paid to another state or jurisdiction under any escheat or unclaimed funds law thereof. Such report shall be signed and sworn to by an officer of such company and shall set forth: (1) in alphabetical order

the full name of the insured or annuitant, his last known address according to the company's records, and the policy or contract number; (2) the amount appearing from the company's records to be due on such policy or contract; (3) the date such unclaimed funds became payable; (4) the name and last known address of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds; and (5) such other identifying information as the State Treasurer may require; provided, however, that amounts of less than Ten Dollars (\$10.00) each may be reported in the aggregate without furnishing any of the information required in Clauses (1), (2), (3), (4), and (5) of this Section.

Sec. 5. Notice; Publication.

(a) On or before the first day of September following the making of such reports under Section 4, the State Treasurer shall cause to be published notices based on the information contained in such reports and entitled: "NOTICE OF CERTAIN UNCLAIMED FUNDS HELD AND OWING BY LIFE INSURANCE COMPANIES." Such a notice shall be published once in a newspaper published or having a general circulation in each county of this state in which is located the last known address of a person appearing to be entitled to such funds.

(b) Each such notice shall set forth in alphabetical order the names of the insureds or annuitants under policies or contracts where the last known address of the person appearing to be entitled to such funds is in the county of publication or general circulation, together with: (1) the amount reported due and the date it became payable; (2) the name and last known address of each beneficiary of other person who, according to the company's reports, may have an interest in such unclaimed funds; and (3) the name and address of the company. The notice shall also state that such unclaimed funds will be paid by the company to persons establishing to its satisfaction before the following December 1st their right to receive the same, and that not later than the following December 20th such unclaimed funds still remaining will be paid to the State Treasurer who shall thereafter be liable for the payment thereof.

(c) It shall not be obligatory upon the State Treasurer to publish any item of less than Fifty Dollars (\$50) in such notice, unless the State Treasurer deems such publication to be in the public interest. The expenses of publication shall be charged against the special trust fund provided for in Section 9.

Sec. 6. Payment to State Treasurer.—All unclaimed funds contained in the report required to be filed by Section 4 of this Article, excepting those which have ceased to be unclaimed funds, shall be paid over to the State Treasurer on or before the following December 20th.

The State Treasurer shall have the power, for cause shown, to extend for a period of not more than one year the time within which a life insurance company shall file any report and in such event the time for publication and payment required by this Article shall be extended for a like period.

Sec. 7. Custody of Unclaimed Funds in State; Insurers Indemnified.—Upon the payment of such unclaimed funds to the State Treasurer the state shall assume, for the benefit of those entitled to receive the same and for the safety of the money so paid; the custody of such unclaimed funds, and the life insurance company making such payment shall immediately and thereafter be relieved of and held harmless by the state from any and all liability for any claim or claims which exist at such time with

reference to such unclaimed funds or which thereafter may be made or may come into existence on account of or in respect to any such unclaimed funds.

Sec. 8. Reimbursement for Claims Paid by Insurers.

(a) Any life insurance company which has paid monies to the State Treasurer pursuant to the provisions of this Article may make payment to any person appearing to such company to be entitled thereto and upon proof of such payment the State Treasurer shall forthwith reimburse such company for such payment.

(b) In the event legal proceedings are instituted by any other state, in this state or in any other state or federal court with respect to any of the unclaimed funds paid to the State Treasurer, the life insurance company making the payment shall notify the State Treasurer and the Attorney General of this state of such proceedings and the Attorney General may, in his discretion, intervene therein. If after the life insurance company making the payment has actively defended in such proceedings, or has been notified in writing by the Attorney General that no defense need be made in respect to such funds, a judgment is entered against such life insurance company for any amount paid to the State Treasurer under this Article (including any increment to the amount so paid resulting from the differential in time at which payments are made to this state and the other state involved), the State Treasurer shall, upon being furnished proof of payment in satisfaction of said judgment, immediately reimburse the life insurance company the amount so paid in satisfaction of the judgment. The State Treasurer shall also immediately reimburse the life insurance company for any legal fees, costs and other expenses incurred in such legal proceedings.

(c) If, as to any claim for reimbursement made under this Section 8, the State Treasurer shall fail to make reimbursement within ninety days after the making of such claim, or if he shall notify the life insurance company prior to the expiration of the ninety days of his refusal to make reimbursement, the life insurance company making such claim for reimbursement may institute suit therefor in a court of competent jurisdiction in Travis County, Texas, naming the State Treasurer as defendant, and such court shall have jurisdiction of any such action to recover any amount for which the right to reimbursement is herein provided. Any action hereunder must be brought within one hundred eighty days after the making of a claim for reimbursement against the State Treasurer.

(d) The rights to reimbursement set forth in, and provided by, this Section shall be the obligation of the State of Texas and any amounts recoverable under this Section 8, whether or not due under any judgment against the State Treasurer, shall be paid from the special trust fund established by this Act, or if the special trust fund is insufficient from the general funds of the State of Texas.

Sec. 9. Special Trust Fund; Administration.—Upon receipt of any unclaimed funds from such life insurance companies by the State Treasurer, he shall pay forthwith three-fourths of the amount thereof into the general funds of the state for the use of the state. The remaining one-fourth shall be administered by him as a special trust fund for the purposes of this Article, and deposited in the manner provided by law for the deposit of said funds. At the end of each calendar year, any unclaimed funds which shall have been a part of such special trust fund for a period of seven years or more shall be paid into the general funds of the state for

the use of the state, provided that the special trust fund shall never be so reduced to less than One Hundred Thousand Dollars (\$100,000.00).

Sec. 10. **Determination and Review of Claims.**—Any person claiming to be entitled to unclaimed funds paid to the State Treasurer may file a claim at any time with such official. The State Treasurer shall possess full and complete authority to accept or reject any such claim. If he rejects such claim or fails to act thereon within ninety days after receipt of such claim, the claimant may institute suit therefor in a court of competent jurisdiction naming the State Treasurer as defendant.

Sec. 11. **Payment of allowed Claims.**—Any claim which is accepted by the State Treasurer or ordered to be paid by him by a court of competent jurisdiction shall be paid out of the special trust fund in his custody, or in the event such special trust fund shall be insufficient, out of the general funds of the state.

Sec. 12. **Records Required.**—The State Treasurer shall keep in his office a public record of each payment of unclaimed funds received by him from any life insurance company. Except as to amounts reported in the aggregate, such record shall show in alphabetical order the name and last known address of each insured or annuitant, and of each beneficiary or other person who, according to the company's reports, may have an interest in such unclaimed funds, and with respect to each policy or contract, its number, the name of the company, and the amount due.

Sec. 13. **Other Acts Not Applicable.**—No other Statute of this state relating to escheat or unclaimed funds now in force shall apply to life insurance companies, nor shall any such Statute hereafter enacted so apply unless specifically made applicable by its terms; provided that Article 3272a, House Bill No. 5, Acts of the 57th Legislature, First Called Session, shall be in force as to personal property subject to escheat reported or required to be reported by January 6, 1962, under the terms of said Act and the provisions of Section 8 hereof shall be applicable in such cases.

Sec. 14. **Penalty.**—Any person who wilfully fails to file a report required by this Article, or who violates any of the other terms and provisions of this Article shall be punished by a fine not less than Five Hundred Dollars (\$500.00), nor more than One Thousand Dollars (\$1000.00), or by confinement for not more than six months in the county jail, or both, and in addition, shall be subject to civil penalties of not exceeding One Hundred Dollars (\$100.00) for each day of such wilful failure or refusal, said civil penalties to be collected by suit in a District Court of Travis County, Texas, by the Attorney General in the name of the State of Texas. Acts 1951, 52nd Leg., p. 868, ch. 491, art. 4.08 added Acts 1963, 58th Leg., p. 865, ch. 333, § 1.

By the term "Local Recording Agent" is meant a person or firm engaged in soliciting and writing insurance, being authorized by an insurance company or insurance carrier including Fidelity and Surety Companies to solicit business and to write, sign, execute and deliver policies of insurance and to bind companies on insurance risks, and who maintains an office and a record of such business and the transactions which are involved, who collects premiums on such business and otherwise performs the customary duties of a local recording agent representing an insurance carrier in its relation with the public.

Said surviving spouse, trusts or children, may participate in such profits during the lifetime of such surviving spouse and said children. Said surviving spouse, trusts or children shall not be required to qualify as local recording agents in order to participate in the profits of such agency, but shall not do or perform any act of a local recording agent in connection with the continuance of such agency business without first having been duly licensed as a local recording agent; provided, however, that a duly licensed local recording agent who is not a member of an agency partnership may transfer an interest in his agency to his children, or a trust for same, and may operate such interest for their use and benefit; and such children may share in the profits of such local recording agency during their lifetime, and during such time shall not be required to qualify as a local recording agent in order to participate in such profits, but shall not do or perform any act of a local recording agent in connection with such agency business without first having been duly licensed as a local recording agent.

Art. 21.28. Liquidation, Rehabilitation, Reorganization or Conservation of Insurers**Sec. 8A. Settlement of claims; abandoned funds; re-opening of receiverships**

Any and all assets other than cash remaining in the receiver's hands after payment of the final dividend may be conveyed, transferred or assigned to the State Insurance Liquidator and his successors in office, to be handled as a trust. The State Insurance Liquidator shall have authority to convey, transfer, and assign any assets, including causes of action, judgments, and claims, and to settle or release causes of action, judgments, claims, and liens on such terms and for such amounts as he deems for the best interest of such trust, whether such assets have heretofore or may hereafter come into his hands. From proceeds derived from any such assets the Liquidator shall defray the costs incident to the sale, settlement, release or other transaction whereby such proceeds are obtained, and deliver the remainder to the Board to be deposited by it in trust in a special account to be maintained with the State Treasurer to be handled, disposed of and used as follows:

An order directing disposition of such funds may be made by a court of competent jurisdiction of Travis County, Texas, upon application of the Liquidator, after notice and hearing. Notice shall be posted on the courthouse door of said court for at least twenty (20) days before a hearing is had on the Liquidator's application, and notice shall be published at least once, and at least ten (10) days prior to the date set for such hearing, in a newspaper of general circulation in Travis County. Such notice shall state the amount of the funds and the receivership from which they were derived. It shall be addressed to all persons having an interest, as claimant or otherwise, in the assets of the particular receivership involved in the application, and shall state generally that a hearing shall be had on the date specified for the purpose of determining the disposition to be made of such funds, including a declaration that such funds are abandoned and the property of the State Board of Insurance.

If the court finds that funds derived from any receivership are sufficient to justify re-opening of the receivership and payment of a dividend, then such may be ordered, but otherwise, if such funds are insufficient for that purpose, the court may declare such funds abandoned and a certified copy of such judgment will be authority for the Comptroller of Public Accounts to issue a Warrant therefor to the State Board of Insurance. The Board shall forthwith deposit such funds in accordance with the provisions of Section 2(h) of this Article, except that funds derived from one insurer need not be kept separate from funds derived through any other insurer.

Such funds may be used as provided in Section 8(h) of this Article. Added Acts 1963, 58th Leg., p. 1309, ch. 499, § 1.

A court-martial so convened has jurisdiction to try the dismissed officer on those charges, and he shall be considered to have waived the right to plead any Statute of Limitations applicable to any offense with which he is charged. The court-martial may, as part of its sentence, adjudge the affirmance of the dismissal, but if the court-martial acquits the accused he shall retain his status in the Texas Military Forces.

(b) If the Governor fails to convene a general court-martial within six (6) months from the presentation of an application for trial under this Code, the Adjutant General of Texas, or his designee, acting on behalf of the Governor, shall substitute for the dismissal ordered by the Governor a form of discharge authorized for administrative issue.

(c) If a discharge is substituted for a dismissal under this Code, the Governor alone may reappoint the officer to such commissioned grade and with such rank as, in the opinion of the Governor, that former officer would have attained had he not been dismissed. The reappointment of such a former officer may be made only if a vacancy is available under applicable tables of organization. All time between the dismissal and the reappointment shall be considered as actual service for all purposes.

(d) If an officer is discharged from the state military forces by administrative action or by board proceedings under law, he has no right to trial under this Section.

Territorial applicability of the Code

Sec. 105. (a) This code applies throughout the state. It also applies to all persons otherwise subject to this Code while they are serving outside the state, and while they are going to and returning from such service outside the state, in the same manner and to the same extent as if they were serving inside the state.

(b) Courts-martial and courts of inquiry may be convened and held in units of the state military forces while those units are serving outside the state, with the same jurisdiction and power as to persons subject to this Code as if the proceedings were held inside the state, and offenses committed outside the state may be tried and punished either inside or outside the state.

Judge Advocates and legal officers

Sec. 106. (a) The Governor, on the recommendation of the Adjutant General, shall appoint a commissioned officer of the state military forces as State Judge Advocate. To be eligible for appointment, a commissioned officer must be a member of the bar of the highest court of the State of Texas and must have been a member of the bar of the state for at least five (5) years.

(b) The Adjutant General may appoint as many judge advocates as he considers necessary. To be eligible for appointment a judge advocate must be a commissioned officer of the state military forces and a member of the bar of the highest court of the State of Texas.

(c) The State Judge Advocate or his assistants shall make frequent inspections in the field in supervision of the administration of military justice.

(d) Convening authorities shall at all times communicate directly with their judge advocates or legal officers in matters relating to the administration of military justice; and the judge advocate or legal officer of any command is entitled to communicate directly with the judge advocate

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

or legal officer of a superior or subordinate command, or with the State Judge Advocate.

(e) No person who has acted as member, law officer, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, or investigating officer, or who has been a witness for either the prosecution or defense, in any case may later act as Judge Advocate or legal officer to any reviewing authority upon the same case.

PART II. APPREHENSION AND RESTRAINT

Apprehension

Sec. 201. (a) Apprehension is the taking of a person into custody.

(b) Any person authorized by this Code, or by regulations issued under it, to apprehend persons subject to this Code, any marshal of a court-martial appointed pursuant to the provisions of this Code, and any peace officer authorized to do so by law, may do so upon reasonable belief that an offense has been committed and that the person apprehended committed it.

(c) Commissioned officers, warrant officers, petty officers and noncommissioned officers have authority to quell quarrels, frays, and disorders among persons subject to this Code and to apprehend persons subject to this Code who take part therein.

Apprehension of deserters

Sec. 202. Any civil officer having authority to apprehend offenders under the laws of the United States or of a state, territory, commonwealth, or possession, or the District of Columbia may summarily apprehend a deserter from the state military forces and deliver him into the custody of the state military forces.

Imposition of restraint

Sec. 203. (a) Arrest is the restraint of a person by an order, not imposed as a punishment for an offense, directing him to remain within certain specified limits. Confinement is the physical restraint of a person.

(b) An enlisted member may be ordered into arrest or confinement by any commissioned officer by an order, oral or written, delivered in person or through other persons subject to this Code or through any person authorized by this Code to apprehend persons. A commanding officer may authorize warrant officers, petty officers, or noncommissioned officers to order enlisted members of his company or subject to his authority into arrest or confinement.

(c) A commissioned officer or warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority he is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

(d) No person may be ordered apprehended or into arrest or confinement except for probable cause.

(e) This Section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified.

Restraint of persons charged with offenses

Sec. 204. Any person subject to this Code charged with an offense under this Code shall be ordered into arrest or confinement, as circum-

stances may require; but when charged with only an offense normally tried by a summary court-martial, such person shall not ordinarily be placed in confinement. When any person subject to this Code is placed in arrest or confinement prior to trial, immediate steps shall be taken to inform him of the specific wrong of which he is accused and to try him or to dismiss the charges and release him.

Sec. 205. Persons confined other than in a guardhouse, whether before, during or after trial by a military court, shall be confined in civil jails.

Execution of confinement, see section 804 of this article.

Reports and receiving of prisoners

Sec. 206. (a) No provost marshal, commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or any other jail, designated under Section 205 of this Code, may refuse to receive or keep any prisoner committed to his charge, when the committing person furnishes a statement, signed by him, of the offense charged against the prisoner.

(b) Every commander of a guard, master at arms, warden, keeper or officer of a city or county jail or of any other jail, designated under Section 205 of this Code, to whose charge a prisoner is committed shall, within twenty-four (24) hours after that commitment or as soon as he is relieved from guard, report to the commanding officer of the prisoner the name of the prisoner, the offense charged against him, and the name of the person who ordered or authorized the commitment.

Punishment prohibited before trial

Sec. 207. Subject to Section 803, no person, while being held for trial or the result of trial, may be subjected to punishment or penalty other than arrest or confinement upon the charges pending against him, nor shall the arrest or confinement imposed upon him be any more rigorous than the circumstances require to insure his presence, but he may be subjected to minor punishment during that period for infractions of discipline.

Delivery of offenders to civil authorities

Sec. 208. (a) Under such regulations as may be prescribed under this Code a person subject to this Code who is on active state duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(b) When delivery under Section 208 is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, interrupts the execution of the sentence of the court-martial, and the offender, after having answered to the civil authorities for his offense, shall, upon the request of competent military authority, be returned to military custody for the completion of his sentence.

PART III. NON-JUDICIAL PUNISHMENT

Commanding officer's non-judicial punishment

Sec. 301. (a) Under such regulations as the Governor may prescribe, limitations may be placed on the powers granted by this Article with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

to exercise those powers, trial by court-martial to which the case may be referred upon such a demand. However, except in the case of a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the armed forces under this Article if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the Governor, the Governor or an officer of general or flag rank in command may delegate his powers under this Article to a principal assistant.

(b) Subject to subsection (a) of this Section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(1) upon officers of his command;

(A) restriction to certain specified limits with or without suspension from duty, for not more than thirty (30) consecutive days;

(B) if imposed by the Governor, the commanding officer of a force of the state military forces or the commanding general of a division or a wing;

(i) arrest in quarters for not more than thirty (30) consecutive days;

(ii) fine or forfeiture of pay and allowances for not more than Seventy-five Dollars (\$75);

(iii) restriction to certain specified limits, with or without suspension from duty, for not more than sixty (60) consecutive days;

(iv) detention of not more than one-half of one month's pay per month for three (3) months;

(2) upon other personnel of his command;

(A) if imposed upon a person attached to or embarked in a vessel, confinement for not more than three (3) consecutive days;

(B) correctional custody for not more than seven (7) consecutive days.

(i) fine or forfeiture of pay and allowances for not more than Ten Dollars (\$10);

(C) reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(D) extra duties including fatigue or other duties, for not more than thirty (30) days, which need not be consecutive, and for not more than two (2) hours per day, holidays included;

(E) restriction to certain specified limits, with or without suspension from duty for not more than thirty (30) consecutive days;

(F) detention of not more than fourteen (14) days pay;

(G) if imposed by an officer of the grade of major or lieutenant commander, or above;

(i) the punishment authorized under subsection (b) (2) (A);

(ii) correctional custody for not more than thirty (30) consecutive days;

(iii) fine or forfeiture of pay and allowances for not more than Seventy-five Dollars (\$75).

(iv) reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two (2) pay grades;

(v) extra duties, including fatigue or other duties, for not more than forty-five (45) days which need not be consecutive and for not more than two (2) hours per day, holidays included;

(vi) restriction to certain specified limits with or without suspension from duty, for not more than sixty (60) consecutive days;

(vii) detention of not more than one-half ($\frac{1}{2}$) of one (1) months pay per month for three (3) months.

Detention of pay shall be for a stated period of not more than one (1) year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. No two (2) or more of the punishments of arrest in quarters, correctional custody, extra duties, and restriction may be combined to run consecutively in the maximum amount imposable for each. Whenever any of those punishments are combined to run consecutively, there must be an apportionment. In addition, fine or forfeiture of pay may not be combined with detention of pay without an apportionment. For the purposes of this subsection "correctional custody" is the physical restraint of a person during duty or non-duty hours and may include extra duties, fatigue duties, or hard labor. If practicable, correctional custody will not be served in immediate association with persons awaiting trial or held in confinement pursuant to trial by courts-martial.

(c) An officer in charge may impose upon enlisted members assigned to the unit of which he is in charge such of the punishments authorized under subsection (b) (2) (A)-(G) as the Governor may specifically prescribe by regulation.

(d) The officer who imposes the punishment authorized in subsection (b) or his successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or fine or forfeiture imposed under subsection (b), whether or not executed. In addition, he may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted; and restore all rights, privileges, and property affected. He may also mitigate reduction in grade to fine or forfeiture or detention of pay.

When mitigating:

(1) arrest in quarters to restriction, or

(2) extra duties to restriction,

the mitigated punishment shall not be for a greater period than the punishment mitigated. When mitigating forfeiture of pay to detention of pay, the amount of the detention shall not be greater than the amount of the forfeiture. When mitigating reduction in grade to fine, forfeiture or detention of pay, the amount of the fine, forfeiture or detention shall not be greater than the amount that could have been imposed initially under this Article by the officer who imposed the punishment mitigated.

(e) A person punished under this Article who considers his punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (d) by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

- (1) arrest in quarters for more than seven (7) days;
- (2) forfeiture of more than seven (7) days pay;
- (3) reduction of one (1) or more pay grades from the fourth (4th) or a higher pay grade;
- (4) extra duties for more than fourteen (14) days;
- (5) restriction of more than fourteen (14) days pay;
- (6) detention of more than fourteen (14) days pay;

the authority who is to act on the appeal shall refer the case to a judge advocate or legal officer of the state military forces for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (b).

(f) The imposition and enforcement of disciplinary punishment under this Article for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this Article, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(g) The Governor may, by regulation, prescribe the form of records to be kept of proceedings under this Article and may also prescribe that certain categories of those proceedings shall be in writing.

PART IV. COURTS-MARTIAL JURISDICTION

Courts-martial of State Military Forces not in federal service— composition—jurisdiction—powers and proceedings

Sec. 401. (a) In the state military forces not in federal service, there are general, special and summary courts-martial constituted like similar courts of the armed forces of the United States. They have the jurisdiction and powers, except as to punishments, and shall follow the forms and procedures provided for those courts.

- (b) The three (3) kinds of courts-martial are:
- (1) General courts-martial, consisting of a law officer and not less than five (5) members;
 - (2) Special courts-martial, consisting of not less than three (3) members; and
 - (3) Summary courts-martial, consisting of one (1) commissioned officer.

Jurisdiction of courts-martial in general

Sec. 402. Each force of the state military forces has court-martial jurisdiction over all persons subject to this Code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the Governor.

Jurisdiction of general courts-martial

Sec. 403. Subject to Section 402, general courts-martial have jurisdiction to try persons subject to this Code for any offense made punishable by this Code and may, under such limitations as the Governor may prescribe, adjudge any of the following punishments:

- (1) A fine of not more than Two Hundred Dollars (\$200);
- (2) Forfeiture of pay and allowances;
- (3) A reprimand;
- (4) Dismissal or dishonorable discharge;
- (5) Reduction of a non-commissioned officer to the ranks; or
- (6) Any combination of these punishments.

Jurisdiction of special courts-martial

Sec. 404. Subject to Section 402, special courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense for which they may be punished under this Code. A special court-martial has the same powers of punishment as a general court-martial, except that a fine imposed by a special court-martial may not be more than One Hundred Dollars (\$100) for a single offense.

Jurisdiction of summary courts-martial

Sec. 405. (a) Subject to Section 402, summary courts-martial have jurisdiction to try persons subject to this Code, except officers, for any offense made punishable by this Code.

(b) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if he objects thereto unless under Section 301 he has been permitted and has elected to refuse punishment under that Section. If objection to trial by summary court-martial is made by an accused who has not been permitted to refuse punishment under Section 301, trial shall be ordered by special or general court-martial, as may be appropriate.

(c) A summary court-martial may sentence to a fine of not more than Twenty-five Dollars (\$25) for a single offense, to forfeiture of pay and allowances, and reduction of a non-commissioned officer to the ranks.

Sentences of dismissal or dishonorable discharge to be approved by the Governor

Sec. 406. In the militia or state military forces not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the Governor.

Complete record of proceedings and testimony if dishonorable discharge or dismissal adjudged

Sec. 407. A dishonorable discharge or dismissal may not be adjudged by any court-martial unless a complete record of the proceedings and testimony before the court has been made.

Execution or suspension of sentence, see section 901 of this article. Review of records; disposition, see section 907 of this article.

Confinement instead of fine

Sec. 408. In the militia or state military forces not in federal service, a court-martial may, instead of imposing a fine, sentence to confinement for not more than one (1) day for each dollar of the authorized fine.

**PART V. APPOINTMENT AND COMPOSITION OF
COURTS-MARTIAL**

Who may convene general courts-martial

Sec. 501. In the militia or state military forces not in federal service general courts-martial may be convened by the Governor or by the Adjutant General under such regulations as the Governor may promulgate.

**Special courts-martial of state military forces not in federal
service—who may convene**

Sec. 502. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

**Summary courts-martial of state military forces not in
federal service—who may convene**

Sec. 503. (a) In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(b) When only one commissioned officer is present with a command or detachment he shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable by him.

Who may serve on courts-martial

Sec. 504. (a) Any commissioned officer of or on duty with the state military forces is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

(b) Any warrant officer off or on duty with the state military forces is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(c) (1) Any enlisted member of the state military forces who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member who may lawfully be brought before such courts for trial but he shall serve as a member of a court only if, before the convening of the court, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third ($\frac{1}{3}$) of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the con-

vening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

(2) In this Section, the word "unit" means any regularly organized body of the state military forces not larger than a company, a squadron, a division of the naval militia, or a body corresponding to one of them.

(d) (1) When it can be avoided, no person subject to this Code may be tried by a court-martial any member of which is junior to him in rank or grade.

(2) When convening a court-martial, the convening authority shall detail as members thereof such members as, in his opinion, are best qualified for the duty by reason of age, education, training, experience, length of service and judicial temperament. No member is eligible to serve as a member of a general or special court-martial when he is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case. If within the command of the convening authority there is present and not otherwise disqualified a commissioned officer who is a member of the bar of the highest court of the state and of appropriate rank and grade, the convening authority shall appoint him as president of a special court-martial. Although this requirement is binding on the convening authority, failure to meet it in any case does not divest a military court of jurisdiction.

Law officer of a general court-martial

Sec. 505. (a) The authority convening a general court-martial shall detail as law officer thereof a commissioned officer who is a member of the bar of the highest court of the state, and who is certified to be qualified for such duty by the State Judge Advocate. No person is eligible to act as law officer in a case if he is an accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.

(b) The law officer may not consult with the members of the court, other than on the form of the findings as provided in Section 704, except in the presence of the accused, trial counsel, and defense counsel, nor may he vote with the members of the court.

Law officer defined, see section 101(12) of this article.

Detail of trial counsel and defense counsel

Sec. 506. (a) For each general and special court-martial the authority convening the court shall detail trial counsel and defense counsel and such assistants as he considers appropriate. No person who has acted as investigating officer, law officer, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel, or assistant defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(b) Trial counsel or defense counsel detailed for a general court-martial:

(1) Must be a person who is a member of the bar of the highest court of the state; and

(2) Must be certified as competent to perform such duties by the State Judge Advocate.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(c) In the case of a special court-martial:

(1) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(2) If the trial counsel is a member of the bar of the highest court of the state, the defense counsel detailed by the convening authority must be a person similarly qualified.

Duties of trial counsel and defense counsel, see section 703 of this article.

Review counsel, see section 909 of this article.

Detail or employment of reporters and interpreters

Sec. 507. Under such regulations as the Governor may prescribe, the convening authority of a general or special court-martial or court of inquiry shall detail or employ qualified court reporters who shall record the proceedings of and testimony taken before that court. Under like regulations the convening authority of a military court may detail or employ interpreters who shall interpret for the court.

Absent and additional members

Sec. 508. (a) No member of a general or special court-martial may be absent or excused after the accused has been arraigned except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

(b) Whenever a general court-martial is reduced below five (5) members the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than five (5) members. When the new members have been sworn, the trial may proceed after the recorded testimony of each witness previously examined has been read to the court in the presence of the law officer, the accused, and counsel.

(c) Whenever a special court-martial is reduced below three (3) members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than three (3) members. When the new members have been sworn, the trial shall proceed as if no evidence has previously been introduced, unless a verbatim record of the testimony of previously examined witnesses or a stipulation thereof is read to the court in the presence of the accused and counsel.

PART VI. PRE-TRIAL PROCEDURE

Charges and specifications

Sec. 601. (a) Charges and specifications shall be signed by a person subject to this Code under oath before a person authorized by this Code to administer oaths and shall state:

(1) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(2) That they are true in fact to the best of his knowledge and belief.

(b) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him as soon as practicable.

Depositions, see section 714 of this article.

Compulsory self-incrimination prohibited

Sec. 602. (a) No person subject to this Code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.

(b) No person subject to this Code may interrogate, or request any statement from an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

(c) No person subject to this Code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

(d) No statement obtained from any person in violation of this Section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against him in a trial by court-martial.

Investigation

Sec. 603. (a) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against him and of his right to be represented at that investigation by counsel. Upon his own request, he shall be represented by civilian counsel if provided by him, or military counsel of his own selection if such counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b), no further investigation of that charge is necessary under this Section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

(d) The requirements of this Section are binding on all persons administering this Code but failure to follow them does not divest a military court of jurisdiction.

Forwarding of charges

Sec. 604. When a person is held for trial by general court-martial the commanding officer shall, within eight (8) days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the Governor. If that is not practicable, he shall report in writing to the Governor the reasons for delay.

Advice of Judge Advocate and reference for trial

Sec. 605. (a) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to his judge advocate for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he has found that the charge alleges an offense under this Code and is warranted by evidence.

(b) If the charges or specifications are not formally correct or do not conform to the substance of the evidence, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made.

Service of charges

Sec. 606. The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his objections, be brought to trial before a general court-martial within a period of five (5) days after the service of charges upon him, or before a special court-martial within a period of three (3) days after the service of charges upon him.

PART VII. TRIAL PROCEDURE**Governor may prescribe rules**

Sec. 701. The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the Governor by regulations, which shall, so far as he considers practicable, apply the principles of law and the rules of evidence generally recognized in the trial of criminal cases in the courts of the State of Texas, but which may not be contrary to or inconsistent with this Code.

Unlawfully influencing action of court

Sec. 702. No authority convening a general, special or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, law officer, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his functions in the conduct of the proceeding. No person subject to this Code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to his judicial acts.

Duties of trial counsel and defense counsel

Sec. 703. (a) The trial counsel of a general or special court-martial shall prosecute in the name of the State of Texas, and shall, under the direction of the court, prepare the record of the proceedings.

(b) The accused has the right to be represented in his defense before a general, special or summary court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under Section 506. Should the accused have counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused by the president of the court.

(c) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings, a brief of such matters he feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he considers appropriate.

(d) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when he is qualified to be a trial counsel as required by Section 506, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(e) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by Section 506, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

Sessions

Sec. 704. Whenever a general or special court-martial deliberates or votes, only the members of the court may be present. After a general court-martial has finally voted on the findings, the court may request the law officer and the reporter to appear before the court to put the findings in proper form, and those proceedings shall be on the record. All other proceedings, including any other consultation of the court with counsel or the law officer, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in general court-martial cases, the law officer.

Challenges

Sec. 706. (a) Members of a general or special court-martial and the law officer of a general court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The court shall determine the relevancy and validity of challenges for cause, and may not receive a challenge to more than one (1) person at a time. Challenges by trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) Each accused and the trial counsel is entitled to one preemptory challenge, but the law officer may not be challenged except for cause.

Oaths

Sec. 707. The law officer, interpreters, and in general and special courts-martial, members, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, and reporters shall take an oath or

So help you God."

(b) Law officer:

(c) Trial Counsel:

"You, _____ and _____, do swear (or affirm) that you will faithfully perform the duties of trial counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

(d) Defense Counsel:

"You, _____ (and) _____, do swear (or affirm) that you will faithfully perform the duties of defense (and individual) counsel and will not divulge the findings or sentence of the court to any but the proper authority until they shall be duly disclosed. So help you God."

The recorder of a court of inquiry shall administer to the members the following oath: "You shall well and truly examine and inquire, according to the evidence, into the matter now before you without partiality, favor, affection, prejudice or hope of reward. So help you God." After which the president of the court shall administer to the recorder the following oath: "You do swear that you will according to your best abilities, accurately and impartially record the proceedings of the court and the evidence to be given in the case in hearing. So help you God."

(f) Witnesses:

All persons who give evidence before a court-martial or court of inquiry shall be examined on oath administered by the judge advocate in the following form: "You swear (or affirm) that the evidence you shall give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth. So help you God."

(g) Reporter or interpreter:

Statute of limitations

Sec. 708. (a) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(b) Except as otherwise provided in this Section, a person charged with desertion in time of peace or with the offense punishable under Section 1041 is not liable to be tried by court-martial if the offense was committed more than three (3) years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) Except as otherwise provided in this Section, a person charged with any offense is not liable to be tried by court-martial or punished under Section 301 if the offense was committed more than two (2) years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command, or before the imposition of punishment under Section 301.

(d) Periods in which the accused was absent from territory in which the state has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this Section.

Jurisdiction to try certain personnel, see section 103 of this article.

Former jeopardy

Sec. 709. (a) No person may be tried a second time in any military court of the State of Texas for the same offense.

(b) No proceedings in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this Section until the finding of guilty has become final after review of the case has been fully completed.

(c) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this Section.

Pleas of the accused

Sec. 710. If an accused arraigned before a court-martial makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that he has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if he fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though he had pleaded not guilty.

Opportunity to obtain witnesses and other evidence

Sec. 711. (a) The trial counsel, the defense counsel, accused, and the court-martial shall have equal opportunity to obtain witnesses and other evidence. Each shall have the right of compulsory process for obtaining witnesses.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(b) The president of a court-martial or a summary court officer may:

(1) Issue a warrant for the arrest of any accused person who having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(2) Issue a subpoena duces tecum and other subpoenas;

(3) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(4) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(c) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers as described by the laws of the state.

Refusal to appear or testify

Sec. 712. (a) Any person not subject to this Code who:

(1) Has been duly subpoenaed to appear as a witness or to produce books and records before a military court or before any military or civil officer designated to take a deposition to be read in evidence before a court;

(2) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses, said fees to be paid by the Adjutant General's Department as hereinafter provided; and

(3) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; is guilty of an offense against the state and may be punished by fine not to exceed One Hundred Dollars (\$100) or confinement not to exceed thirty (30) days in jail, or by both fine and confinement, and such witness may be prosecuted in the proper county court.

Contempts

Sec. 713. A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. Punishment may not exceed confinement for three (3) days or a fine of One Hundred Dollars (\$100), or both.

Depositions

Sec. 714. (a) At any time after charges have been signed, as provided in Section 601, any party may take oral or written depositions unless an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized by laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(d) A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evi-

dence, may be read in evidence before any court-martial or in any proceeding before a court of inquiry, if it appears:

(1) That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of one hundred (100) miles from the place of trial or hearing;

(2) That the witness by reason of death, age or sickness, bodily infirmity, imprisonment, military necessity, non-amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(3) That the present whereabouts of the witness is unknown.

Admissibility of records of courts of inquiry

Sec. 715. (a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of inquiry or a military board.

(d) In all courts of inquiry both enlisted men and officers shall have the right to counsel and the right to cross examination of all witnesses and all constitutional rights in all courts of inquiry before such evidence shall be admissible.

Voting and rulings

Sec. 716. (a) Voting by members of a general or special court-martial upon questions of challenge, on the findings, and on the sentence shall be by secret written ballot. The junior member of the court shall in each case count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(b) The law officer of a general court-martial and the president of a special court-martial shall rule upon interlocutory questions, other than challenge, arising during the proceedings. Any such ruling made by the law officer of a general court-martial or by the president of a special court-martial upon any interlocutory question other than a motion for a finding of not guilty, or the question of the accused's sanity, is final and constitutes the ruling of the court. However, the law officer or president may change the ruling at any time during the trial except a ruling on a motion for a finding of not guilty that was granted. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote as provided in Section 717 beginning with the junior in rank.

(c) Before a vote is taken on the findings, the law officer of a general court-martial and the president of a special court-martial, shall, in the presence of the accused and counsel, instruct the court as to the elements of the offense and charge the court:

(1) That the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(2) That in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and he must be acquitted;

(3) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and

(4) That the burden of proof of establishing the guilt of the accused beyond reasonable doubt is upon the state.

Number of votes required

Sec. 717. (a) No person may be convicted of an offense, except by the concurrence of two-thirds of the members present at the time the vote is taken.

(b) All sentences shall be determined by the concurrence of two-thirds of the members present at the time the vote is taken.

(c) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

Court to announce action

Sec. 718. A court-martial shall announce its findings and sentence to the parties as soon as determined.

Record of trial

Sec. 719. (a) Each court-martial shall keep a separate record of the proceedings of the trial of each case brought before it and the record shall be authenticated by the signature of the president and the law officer. If the record cannot be authenticated by either the president or the law officer, by reason of his death, disability, or absence, it shall be signed by a member in lieu of him. If both the president and the law officer are unavailable, the record shall be authenticated by two (2) members. A record of the proceedings of a trial in which the sentence adjudged includes a bad-conduct discharge or is more than that which could be adjudged by a special court-martial shall contain a verbatim account of the proceedings and testimony before the court. All other records of trial shall contain such matter and be authenticated in such manner as the Governor may by regulation prescribe.

(b) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated. If a verbatim record of trial by general court-martial is not required by subsection (a), but has been made, the accused may buy such a record under such regulations as the Governor may prescribe.

PART VIII. SENTENCES

Cruel and unusual punishments prohibited

Sec. 801. Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel or unusual punishment, may not be adjudged by any court-martial or inflicted upon any person subject to this Code. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

Maximum limits

Sec. 802. The punishment which a court-martial may direct for an offense may not exceed the limits prescribed by this Code nor limits prescribed by the Governor of the State of Texas.

Effective date of sentences

Sec. 803. (a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial but periods during which the sentence to confinement is suspended shall be excluded in computing the service of the term of confinement. Regulations prescribed by the Governor may provide that sentences of confinement may not be executed until approved by designated officers.

(c) All other sentences of courts-martial are effective on the date ordered executed.

Execution of confinement

Sec. 804. (a) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of any political subdivision thereof.

(b) The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(c) The keepers, officers, and wardens of city or county jails and other jails, penitentiaries, or prisons designated by the Governor, or by such person as he may authorize to act under Section 205 of this Code, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person.

PART IX. REVIEW OF COURTS-MARTIAL**Execution of sentence; suspension of sentence**

Sec. 901. Except as provided in Sections 407 and 907 of this Code, a court-martial sentence, unless suspended, may be ordered executed by the convening authority when approved by him. He shall approve the sentence or such part, amount, or commuted form of the sentence as he sees fit, and may suspend the execution of the sentence as approved by him.

Initial action on the record

Sec. 902. After trial by court-martial the record shall be forwarded to the convening authority, as reviewing authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the Governor.

Same general court-martial records

Sec. 903. The convening authority shall refer the record of each general court-martial to his judge advocate who shall submit his written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction.

Reconsideration and revision

Sec. 904. (a) If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(b) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

(1) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

(2) For consideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some Section of this Code; or

(3) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory.

Rehearings

Sec. 905. (a) If the convening authority disapproves the finding and sentence of a court-martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(b) Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory.

Approval by the convening authority

Sec. 906. In acting on the findings and sentence of a court-martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in

law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence.

Review of records; disposition

Sec. 907. (a) If the convening authority is the Governor, his action on the review of any record of trial is final.

(b) In all other cases not covered by subsection (a), if the sentence of a special court-martial as approved by the convening authority includes a bad-conduct discharge, whether or not suspended, the entire record shall be sent to the appropriate judge advocate or legal officer of the state military forces concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the judge advocate or legal officer shall then be sent to the State Judge Advocate for review.

(c) All other special and summary court-martial records shall be sent to the judge advocate or legal officer of the appropriate force of the state military forces and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations prescribed by the Governor.

(d) The State Judge Advocate shall review the record of trial in each case sent to him for review as provided under subsection (b). If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the State Judge Advocate is limited to questions of jurisdiction.

(e) The State Judge Advocate shall take final action in any case reviewable by him.

(f) In a case reviewable by the State Judge Advocate under this Section, the State Judge Advocate may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, he may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the State Judge Advocate sets aside the findings and sentence, he may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If he sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(g) In a case reviewable by the State Judge Advocate under this Section, he shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.

(h) The State Judge Advocate may order one or more boards of review each composed of not less than three (3) commissioned officers of the state military forces, each of whom must be a member of the bar of the highest court of the state. Each board of review shall review the record of any trial by special court-martial, including a sentence to a bad conduct discharge, referred to it by the State Judge Advocate. Boards of review have the same authority on review as the State Judge Advocate has under this Section.

Error law; lesser included offense

Sec. 908. (a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm so much of the finding as includes a lesser included offense.

Review counsel

Sec. 909. (a) Upon the final review of a sentence of a general court-martial or of a sentence to a bad conduct discharge, the accused has the right to be represented by counsel before the reviewing authority, before the judge advocate or legal officer, as the case may be, and before the State Judge Advocate.

(b) Upon the request of an accused entitled to be so represented, the State Judge Advocate shall appoint a lawyer who is a member of the state military forces and who has the qualifications prescribed in Section 506, if available, to represent the accused before the reviewing authority, before the judge advocate or legal officer, as the case may be, and before the State Judge Advocate, in the review of cases specified in subsection (a) of this Section.

(c) If provided by him, an accused entitled to be so represented may be represented by civilian counsel before the reviewing authority, before the judge advocate or legal officer, as the case may be, and before the State Judge Advocate.

Vacation of suspension

Sec. 910. (a) Before the vacation of the suspension of a special court-martial sentence which is approved includes a bad conduct discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by counsel if he so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the Governor in cases involving a general court-martial sentence and to the commanding officer of the force of the state military forces of which the probationer is a member in all other cases covered by subsection (a) of this Section. If the Governor or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

(c) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

Petition for a new trial

Sec. 911. At any time within two (2) years after approval by the convening authority of a court-martial sentence which extends to dismissal, dishonorable or bad conduct discharge, the accused may petition the Governor for a new trial on ground of newly discovered evidence or fraud on the court-martial.

Finality of proceedings, findings and sentences, see section 914 of this article.

Remission or suspension

Sec. 912. (a) A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

(b) The Governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

Restoration

Sec. 913. (a) Under such regulations as the Governor may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge shall be restored unless a new trial or re-hearing is ordered and such executed part is included in a sentence imposed upon a new trial or hearing.

(b) If a previously executed sentence of dishonorable or bad conduct discharge is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

(c) If a previously executed sentence of dismissal is not imposed on a new trial, the Governor shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the Governor alone to such commissioned grade and with such rank as in the opinion of the Governor that former officer would have attained had he not been dismissed. The reappointment of such former officer may be made if a position vacancy is available under applicable tables of organization. All the time between the dismissal and reappointment shall be considered as service for all purposes.

Finality of proceedings, findings, and sentences

Sec. 914. The proceedings, findings, and sentences of courts-martial as reviewed and approved, as required by this Code, and all dismissals and discharges carried into execution under sentences by courts-martial following review and approval as required by this Code, are final and conclusive. Orders publishing the proceedings of the courts-martial and all action taken pursuant to those proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in Section 911 of this Code.

reservation; mineral interests**

Sec. 3. The United States of America through the Secretary of Interior is granted permission, subject to the limitations contained in this Act, to acquire the area that has been defined as Padre Island National Seashore and the School Land Board of the State of Texas is hereby authorized and directed forthwith to execute a deed of conveyance to the United States of America conveying all of the right, title and interest of the State of Texas in the surface estate of all lands described in Section 1 hereof, subject to the exceptions and reservations hereinafter set forth under the terms of this Act, for the Padre Island National Seashore for the use of the public as a recreation area, in consideration of the United States of America agreeing to establish and maintain the land described in Section 1 hereof as a National Seashore area, as provided for under an Act of Congress, being Public Law 87-712, enacted by the 87th Congress of the United States, and to cede to the United States of America jurisdiction over said lands, and including lands acquired under Section 6 hereof, in conformity with the provisions of Article 5247, Revised Civil Statutes of Texas 1925. Said deed shall be executed by a majority of the then members of the School Land Board and shall also reserve to the State of Texas the right of concurrent jurisdiction with the United States of America, both civil and criminal, over every portion of the lands described in Section 1 hereof, so that all process, civil and criminal, issuing under the authority of this state or any of the courts or judicial officers thereof, may be executed by the proper officers of the state, upon any person amenable to the same within the limits of the land constituting the "Padre Island National Seashore," as set out in Section 1 hereof, in like manner and like effect as if no such cession had taken place; and, reserving further to the state the right to levy and collect taxes on sales, use or gross receipts from sales of products or commodities upon which a tax is levied in this state, and to tax persons and corporations, their franchises, properties and incomes, on land or lands conveyed under the terms of this Act; and reserving also, to persons residing in or on any of the land or lands conveyed, the right to vote at all elections within the counties in which said land or lands are located, upon like terms and conditions and to the same extent as they would be entitled to vote in such counties had not such lands been conveyed as aforesaid to the United States of America.

Said state land shall not be conveyed unless the entire mineral interest is reserved in the state, and unless the right of occupation and use of so much of the surface of the land or waters as may be required for all purposes reasonably incident to the mining, development, or removal of the minerals, is adequately protected.

In all conveyances of said park property under Sections 3 and 6 hereof to the United States of America, the Secretary of the Interior shall permit a reservation by the grantor of all oil, gas, and other minerals in such land or waters with the right of occupation and use of so much of the surface of the land or waters as may be required for the purposes of

Thereupon, such rules and regulations, with amendments, if any, promulgated by the Railroad Commission of Texas, shall become effective. Sec. 6. The United States of America, through the Secretary of the Interior, is hereby authorized to purchase, condemn, receive, hold and acquire title to the surface estate of any land not owned by the state in the area above-described as the Padre Island National Seashore for use as a recreational park; provided that the acquisition of lands in such area shall not deprive the grantor or successor in title of the right of ingress and egress for the purpose of exploring for, developing, processing, storing and transporting minerals from beneath said lands and waters with the right of housing employees for such purposes. The same reservations and regulations enumerated in Section 3 hereof, relating to civil and criminal jurisdiction, process, levy and collection of taxes, mineral development, and voting rights, shall apply to all lands acquired by the United States of America under this Section.

Surface estate and interests of Willacy County Navigation District

Reversion

Sec. 9. If the United States of America (1) fails to acquire the surface estate in two-thirds of the total privately-owned land located within the Padre Island National Seashore Area as defined in Section 1 of this Act within ten (10) years from the date of acquisition by the United States of America of the state-owned portion of the land described in Section 1 hereof, or (2) after such ten-year period ceases to use the surface estate of the privately-owned land so acquired under the authority of this Act for a national seashore area as contemplated herein, then in either event, all state-owned lands conveyed to the United States of America under the authority of Section 3 hereof shall ipso facto and without further action by any of the parties hereto revert to the State of Texas and to the fund to which they belonged prior to the passage of this Act, unless such reversion shall be waived by the Legislature of the State of Texas during the biennium following the happening of either of the conditions of reversion.

Severability

Sec. 10. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

See, now, the Texas Regulatory Loan Act, art. 6165b.

3. TEXAS REGULATORY LOAN ACT

Art. 6165b. Texas Regulatory Loan Act

Declaration of Legislative Intent

Section 1. The Legislature finds as facts and determines:

(a) The Legislature should, in obedience to Article XVI, Section 11, of the Constitution of Texas, as amended in 1960, classify loans and lenders, license and regulate lenders, define interest and fix a maximum rate of interest pertaining to licensees under this Act.

(b) Consumer loans make an essential and useful contribution to our society in that they provide the only means by which many individuals and families can secure credit to improve their standards of living and to meet unforeseen financial emergencies.

(c) There exists among citizens of this state a widespread demand for such loans, the scope and intensity of which has been increased progressively by many social and economic forces.

(d) Due to the lack of adequate regulation, many unethical and unscrupulous lenders are engaged in the making of loans of this type and are subjecting borrowers to abuses.

(e) These facts characterize and distinguish loans with cash advances of One Thousand Five Hundred Dollars (\$1,500) or less, and legislation to control this class of loans is necessary to protect the public welfare.

(f) It is the intent of the Legislature in enacting this statute to bring under public supervision those engaged in the business of making such loans, to eliminate practices that facilitate abuse of borrowers; to establish a system of regulation for the purpose of insuring honest and efficient loan service and of stimulating competition in such lending; to provide for interest that is fair, just and equitable, and to provide the administrative machinery necessary for effective enforcement.

Short Title

Sec. 2. This Act may be cited as the "Texas Regulatory Loan Act."

The maximum rate of interest permitted by this Act is that amount authorized in Section 17. Any gain or advantage arising from the sale or providing of insurance as authorized in Section 18 shall not be interest.

(h) "Amount of loan" means the cash advance plus the interest, authorized by Section 17.

Application for License: Fees; Appointment

Sec. 7. (a) Application for a license shall be under oath, shall give the approximate location from which the business is to be conducted, and shall contain such relevant information as the commissioner may require including identification of the principal parties in interest, to provide the basis for the findings necessary under Section 8. When making application, for one or more licenses, the applicant shall pay Two Hundred Dollars (\$200) to the commissioner as an investigation fee and One Hundred Dollars (\$100) for each license as the annual fee provided in Section 9(b) of this Act for the current calendar year, provided if a license is granted after June 30th in any year such fee shall be Fifty Dollars (\$50) for that year.

(b) Every licensee shall maintain on file with the commissioner a written appointment of a resident of this state as his agent for service of all judicial or other process or legal notice, unless the licensee has appointed an agent under another statute of this state. In case of non-compliance with Section 7(b), such service may be made on the commissioner.

(c) Every applicant shall, also, at the time of filing any such application, file with the commissioner a bond satisfactory to him and in an amount not less than Five Thousand Dollars (\$5,000) for the first license and One Thousand Dollars (\$1,000) for each additional license with a surety company qualified to do business in this state as surety, whose total liability in the aggregate shall not exceed the amount of such bond so fixed. The said bond shall run to the state for the use of the state and of any person or persons who may have cause of action against the obligor of said bond under the provisions of this Act. Such bond shall be conditioned that said obligor will faithfully conform to and abide by the provisions of this Act and of all rules and regulations lawfully made by the commissioner hereunder, and will pay to the state and to any such person or persons any and all amounts of money that may become due or owing to the state or to such person or persons from said obligor under and by virtue of the provisions of this Act during the calendar year for which said bond is given.

(d) No person who is not a citizen of the State of Texas shall be eligible to receive a license under this Act. No license shall be issued to a corporation unless the same be incorporated under the laws of this state, and at least fifty-one per cent (51%) of the stock of the corporation is owned at all times by citizens of the State of Texas and who possess the qualifications required of other applicants for license; provided, however, the restrictions contained in the preceding clause shall not apply to domestic or foreign corporations which are doing business in this state under charter or license prior to January 8, 1963, but any such corporation which does not meet the requirements of such restrictions shall not be issued a license for any place of business other than those being operated by it on January 8, 1963. Partnerships, firms, and associations applying for licenses shall be composed wholly of citizens possessing the qualifications above enumerated. Any person holding a license under this Act who shall violate any provision hereof, or any rule or regulation promulgated hereunder, shall be subject to forfeiture of its license and if a corporation, its charter shall be subject to forfeiture, and it shall be the duty of the Attorney General, when any such violation is called to his attention, to file suit for such forfeiture of charter and cancellation of the license in a District Court in Travis County, Texas.

Issuance or Denial of License

Sec. 8. (a) On filing of such application, bond, and payment of the required fees, the commissioner shall investigate the facts and if he shall find the financial responsibility, experience, character and general fitness of the applicant are such as to command the confidence of the public and to warrant belief the business will be operated lawfully and fairly, within the purposes of this Act, and the applicant has available for the operation of such business net assets of at least Fifteen Thousand Dollars (\$15,000), he shall grant such application and issue to the applicant a license which shall be his license and authority to make loans under the provisions of this Act.

(b) If the commissioner shall not so find, he shall notify the applicant, who shall, on request within thirty (30) days, be entitled to a hearing on such application within sixty (60) days after the date of said request. The investigation fee shall be retained by the commissioner, but the annual fee shall be returned to the applicant in the event of denial.

(c) The commissioner shall grant or deny each application for a license within thirty (30) days from its filing with the required fees, or, from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the commissioner.

License; Annual Fee; Minimum Assets

Sec. 9. (a) Each license shall state the address of the office from which the business is to be conducted and the name of the licensee. The license shall be displayed at the place of business named in the license. The license shall not be transferable or assignable except upon approval by the commissioner.

(b) Each license shall remain in full force and effect until relinquished, suspended, revoked, or has expired. Every licensee shall, on or before each December 10th, pay the commissioner One Hundred Dollars (\$100) for each license held by him, as the annual fee for the succeeding calendar year. If the annual fee remains unpaid fifteen (15) days after written notice of delinquency has been given to the licensee by the commissioner,

the license shall thereupon expire but not before December 31st of any year for which an annual fee has been paid.

(c) Every licensee shall maintain net assets of at least Fifteen Thousand Dollars (\$15,000), either used or readily available for use, in the conduct of the business of each licensed office.

Offices; Removal

Sec. 10. (a) A separate license shall be required for each office operated under this Act. The commissioner may issue more than one license to any one person upon compliance with this Act as to each license. Nothing contained herein, however, shall be construed to require a license for any place of business devoted to accounting or other record keeping and where loans under this Act are not made.

(b) When a licensee wishes to move his office to another location he shall give thirty (30) days written notice to the commissioner who shall amend the license accordingly. In such event, the licensee shall also give fifteen (15) days written notice of his intention to remove his office to each of the borrowers having a loan outstanding at such office.

(c) The commissioner may issue more than one (1) license but not more than sixty (60) licenses to any one (1) person on compliance with this Act as to each license. And it shall be unlawful for any person, after the effective date of this Act, directly or indirectly, or through subsidiaries or holding companies, to hold or have an interest in more than sixty (60) licenses, the business thereof, or any interest in such license. Any person holding a license under this Act which shall violate any provision hereof shall be subject to forfeiture of his license, and if a corporation, its charter shall be subject to forfeiture, and it shall be the duty of the Attorney General, when any such violation is called to his attention, to file suit for such forfeiture of charter and cancellation of the license in a District Court in Travis County, Texas.

Revocation; Suspension; Surrender; Reinstatement of Licenses

Sec. 11. (a) The commissioner may, after notice and hearing, suspend or revoke any license if he finds that:

(1) The licensee has failed to pay the annual license fee imposed by this Act or an examination fee, investigation fee or other fee or charge imposed by the commissioner under the authority of this Act; or that

(2) The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act; or that

(3) Any fact or condition exists which, if it had existed or had been known to exist at the time of the original application for such license, clearly would have justified the commissioner in refusing to issue such license.

The hearing shall be held upon twenty (20) days notice in writing setting forth the time and place thereof and a concise statement of the facts alleged to sustain the suspension or revocation. The hearing shall be full, fair and public. Such suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact and a copy thereof shall be forthwith delivered to the licensee. Such order, findings and the evidence considered by the commissioner shall be filed with the public records of the commission.

(b) Any licensee may surrender any license by delivering it to the commissioner with written notice of its surrender, but such surrender shall not affect his civil or criminal liability for acts committed prior thereto.

(c) No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any borrower.

(d) The commissioner may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the commissioner in refusing originally to issue such license under this Act.

Examination of Licensees; Access to Records; Investigations; Injunctions

Sec. 12. (a) At least once each year and at such other times as the commissioner shall deem necessary, the commissioner, or his duly authorized representative shall make an examination of the place of business of each licensee and shall inquire into and examine the loans, transactions, books, accounts, papers, correspondence, and records of such licensee insofar as they pertain to the business regulated by this Act. In the course of such examination, the commissioner or his duly authorized representative shall have free access to the office, places of business, files, safes and vaults of such licensees, and shall have the right to make copies of such books, accounts, papers, correspondence and records. The commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the commissioner is authorized or required by this Act to consider, investigate, or secure information. Any licensee who shall fail or refuse to let the commissioner or his duly authorized representative examine or make copies of such books, or other relevant documents shall thereby be deemed in violation of this Act and such failure or refusal shall constitute grounds for the suspension or revocation of such license. The information obtained in the course of such examination shall be confidential. Each licensee shall pay to the commissioner the cost of the examination, but not to exceed Fifty Dollars (\$50) per day per examiner and the total cost of examinations assessed and charged a licensee in any one calendar year shall not exceed Two Hundred Fifty Dollars (\$250) for each licensed office.

(b) For the purpose of discovering violations of this Act or of securing information required hereunder, the commissioner or his duly authorized representatives may investigate the books, accounts, papers, correspondence and records of any licensee or other person who the commissioner has reasonable cause to believe is violating any provision of this Act whether or not such person shall claim to be within the authority or scope of this Act. For the purposes of this subsection any person who advertises for, solicits or holds himself out as willing to make loans with cash advances in the amount or the value of One Thousand Five Hundred Dollars (\$1,500) or less, shall be presumed to be engaged in the business described in Section 5 of this Act.

(c) In the course of any examination or investigation or hearing looking to the enforcement or administration of any provision of this Act, the commissioner may require by subpoena or summons, issued by the commissioner addressed to any peace officer within this state, the attendance and testimony of witnesses, and the production of books, accounts, papers, correspondence, or records (excepting such as are absolutely necessary

for the continued course of business) which such books, accounts, papers, correspondence, or records the commissioner shall have the right to examine, or cause to be examined, at the office, or place of business, and to require copies of such portions thereof as may be deemed necessary touching the matter in question, which copies shall be verified by affidavit of such concern or an officer of such concern, and shall, when certified by the commissioner, be admissible in evidence in any investigation or hearing under this Act, or in an appeal to the District Court as provided by this Act and for this purpose the commissioner may sign subpoenas, administer oaths and affirmations, examine witnesses and receive evidence. In case of disobedience of any subpoena, or of the contumacy of any witness appearing before the commissioner, the commissioner may invoke the aid of the district court within whose jurisdiction any witness may be found, and such court may thereupon issue an order requiring the person subpoenaed to obey the subpoena or give evidence, or produce books, accounts, correspondence, records and other documents touching the matter in question. Upon the filing of such application to enforce such subpoena, which application shall be treated in the same manner as a motion in a civil suit pending in said court, the court shall forthwith set such application down for hearing and shall cause a notice of the filing of such application and of such hearing to be served upon the party to whom such subpoena is directed. Such notice may be served by any peace officer in the State of Texas. Such application shall take precedence over all other matters of a different nature pending before such court. Any failure to obey such order of the court may be punished by such court as contempt thereof.

(d) In the course of any examination, investigation or hearing described in subsection (c) of this section, the commissioner may appoint a hearing officer to conduct such examination, investigation or hearing, and such hearing officer shall be vested for the purpose of such examination, investigation or hearing with the power and authority as the commissioner would have if he were personally conducting such examination, investigation or hearing, provided that such hearing officer shall not be authorized to make any order upon the subject matter of such examination, investigation or hearing; and provided further, that the record of any examination, investigation or hearing conducted before the hearing officer may be considered by the commissioner in the same manner and to the same extent as evidence that is adduced before him personally in any examination, investigation or hearing.

(e) The fee for serving the subpoena shall be the same as that paid a sheriff or constable for similar services. Each witness required to attend before the commissioner shall receive for each days attendance, the sum of Two Dollars (\$2) and shall receive in addition the sum of Ten Cents (10¢) for each mile traveled by such witness by the usual route going to or returning from the place where his presence is required, provided that such fees shall not become payable until the witness has actually appeared at such hearing. All disbursements made in the payment of such fees shall be included in and paid in the same manner as is provided for other expenses incident to the administration and enforcement of this Act.

(f) The fees, expenses and costs incurred at or in connection with any hearing may be imposed by the commissioner upon any party in interest to the record or may be divided between any and all parties in interest to the record in such proportion as the commissioner may determine.

(g) Whenever the commissioner has reasonable cause to believe that any licensee or any other person is violating any provision of this Act, he may in addition to all actions provided for in this Act and without preju-

dice thereto enter an order requiring such person to desist or to refrain from such violation; and an action may be brought in any District Court of this state having jurisdiction and venue, on the relation of the Attorney General at the request of the commissioner, to enjoin such person from engaging in or continuing such violation or from doing any act or acts in furtherance thereof. In any such action, an order or judgment may be entered awarding such preliminary or final injunction as may be deemed proper. In addition to all other means provided by law for the enforcement of a restraining order or injunction, the court in which such action is brought shall have power and jurisdiction to impound, and to appoint a receiver for the property and business of the defendant, including books, papers, documents and records pertaining thereto or so much thereof as the court may deem reasonably necessary to prevent violations of this Act through or by means of the use of said property and business. Such receiver, when appointed and qualified, shall have such powers and duties as to custody, collection administration, winding up and liquidation of such property and business as shall from time to time be conferred upon him by the court. This provision shall be cumulative of Articles 2293 through 2319, inclusive, Revised Civil Statutes of Texas, 1925, as amended.

Records; Annual Reports

Sec. 13. (a) Each licensee shall keep in this state such books and records relating to loans made under this Act as are necessary to enable the commissioner to determine whether the licensee is complying with this Act. Such books and records shall be consistent with accepted accounting practices.

Each licensee shall preserve such books and records in this state for at least four (4) years after making the final entry of any loan recorded therein. Each licensee's system of records shall be accepted if it discloses such information as may be reasonably required under Section 13(a) of this Act. All obligations signed by borrowers shall be kept at an office in this state designated by the licensee, except when hypothecated under an agreement by which the creditor gives the commissioner access thereto.

(b) Each licensee shall annually on or before the first day of April file a report with the commissioner giving such relevant information as the commissioner may reasonably require concerning the business and operations during the preceding calendar year for each licensed place of business conducted by such licensee within the state. Such report shall be made under oath and shall be in the form prescribed by the commissioner, who shall make and publish annually a consolidated analysis and recapitulation of such reports, but the individual reports shall be held confidential.

Regulations; Copies; Public Record

Sec. 14. (a) The commissioner may make regulations necessary for the enforcement of this Act and consistent with all of its provisions. Each such regulation shall include reference only to the section or subsection to which it applies. Before making a regulation, the commissioner shall give every licensee at least twenty (20) days written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee may be heard and may introduce evidence, data or arguments or place the same on file. After consideration of all relevant matter presented, the commissioner shall promulgate every regulation in written form stating its effective date and the date of promulgation. Each regulation shall be entered in a

permanent book which shall be a public record and be kept in the commissioner's office. A copy of every regulation shall be mailed to each licensee and no regulation shall become effective until the expiration of at least twenty (20) days after such mailing.

(b) On application of any person and payment of the costs therefor, the commissioner shall furnish, under his seal and signed by him or his deputy, a certificate of good standing, a certified copy of any license, regulation or order.

(c) Any transcript of any hearing held by the commissioner or findings by the commissioner under this Act shall be a public record and open to inspection at all reasonable times.

Advertising

Sec. 15. No licensee shall advertise or cause or permit to be advertised, in any manner whatsoever, any false, misleading or deceptive statement or representation with regard to the rates, terms or conditions for loans. If rates are stated in advertising, the commissioner may require them to be stated fully and clearly.

No licensee under this Act shall use any advertising stating that said licensee is licensed by, or regulated by, the State of Texas, or any agency thereof; nor shall such licensee use words of similar import for advertising purposes.

More Than One Business in Single Office

Sec. 16. (a) A licensee may conduct the business of making loans under this Act, within any offices, suite, room or place of business in which any other business is solicited or engaged in, or in association or conjunction with any other business, unless the commissioner shall find, after a hearing, that the conduct by the licensee of such other business in the particular licensed office has concealed evasions of this Act and shall order such licensee, in writing, to desist from such conduct in such office.

(b) No licensee shall conduct the business of making loans provided for by this Act under any name, or at any place of business within this state, other than that stated in the license.

(c) Nothing in this Act shall be construed to limit the loans of any licensee to residents of the community in which the licensed office is situated or to prohibit the licensee from making loans by mail.

Maximum Rates of Interest

Sec. 17. (a) Every licensee may contract for and receive on any loan made under this Act repayable in consecutive monthly installments, substantially equal in amount, an add-on interest charge computed on the cash advance for the full term of the loan contract in accordance with the following schedule:

(1) Nineteen Dollars (\$19) per One Hundred Dollars (\$100) per annum on that part of the cash advance not in excess of One Hundred Dollars (\$100), Sixteen Dollars (\$16) per One Hundred Dollars (\$100) per annum on that part of the cash advance in excess of One Hundred Dollars (\$100) but not in excess of Two Hundred Dollars (\$200), Thirteen Dollars (\$13) per One Hundred Dollars (\$100) per annum on that part of the cash advance in excess of Two Hundred Dollars (\$200) but not in excess of Three Hundred Dollars (\$300), Eleven Dollars (\$11) per One Hundred Dollars (\$100) per annum on that part of the cash advance in excess of Three

Hundred Dollars (\$300) but not in excess of Five Hundred Dollars (\$500), Nine Dollars (\$9) per One Hundred Dollars (\$100) per annum on that part of the cash advance in excess of Five Hundred Dollars (\$500) but not in excess of One Thousand Dollars (\$1,000) and Seven Dollars (\$7) per One Hundred Dollars (\$100) per annum on that part of the cash advance in excess of One Thousand Dollars (\$1,000) but not in excess of Fifteen Hundred Dollars (\$1500).

(2) Interest authorized in Section 17(a) (1) shall be computed at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal and consecutive monthly installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen (15) days. Interest authorized by Section 17(a) (1) shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the requirement of consecutive monthly installments, substantially equal in amount, loans may be made under loan contracts which require repayment in irregular or unequal installment payments and the interest thereon may be in an amount computed in advance on a basis which provides the same interest yield in relation to the balances of the cash advance schedules to be outstanding from time to time under the loan contract, as is permitted under Section 17(a) (1), having due regard for the schedule of payments.

(4) Notwithstanding the requirement of consecutive monthly installments, substantially equal in amount, a licensee and borrower may agree the first installment date may exceed one month by not more than fifteen (15) days and the amount of such installment may be increased by one-thirtieth ($1/30$) of the amount of interest which would be applicable to a first installment period of one month for each extra day, but such interest shall be excluded in computing the additional interest for deferment and shall not be subject to refund.

(5) Additional interest for default, if contracted for, may equal but shall not exceed the Three Cents (3¢) for each One Dollar (\$1) of any scheduled installment when any portion of such installment continues unpaid for five (5) days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one (1) or more full months and the maturity of the contract is extended for a corresponding period of time, the licensee may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as one (1) month prior to such date multiplied by the number of months in the deferment defined below. The portion of the interest contracted for under Section 17(a) (1) applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section 17(a) (6), a refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required

by reason of such deferment. The interest or default or deferment may be collected at the time of default or deferment, or at any time thereafter.

(6) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the licensee shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section 17(a) (1) as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the licensee shall retain for each elapsed day from date the loan was made, one-thirtieth (1/30) of the portion of the interest which could be retained if the first installment period were one (1) month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section 17(a) (1) in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar (\$1) need be made.

(7) No licensee shall induce or permit any person, or husband and wife, to be obligated, directly or indirectly, under more than one (1) loan contract under this Act at the same time for the purpose, or with the effect, of obtaining a higher authorized charge than would otherwise be permitted by this Act; but such limitation shall not apply to the acquisition by purchase of bona fide obligations of the borrower incurred for goods or services, and provided further, if a licensee purchases all or substantially all the loan contracts of another licensee hereunder and has at the time of purchase loan contracts with one (1) or more of the borrowers whose loans are purchases, the purchaser shall be entitled to collect principal and authorized charges thereon according to the terms of each loan contract.

(8) In addition to the authorized charges provided in this Act no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the licensee, or any other person, in connection with (1) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (2) for the forbearance of money, credit, goods or things in action; or (3) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a licensee as court costs; attorney fees assessed by a court; lawful fees for filing, record, or releasing to any public office any instrument securing a loan; the reasonable cost actually expended for repossessing, storing, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Act, or premiums or identifiable charge received in connection with the sale of insurance authorized under Section 18 of this Act.

(9) If any amount in excess of the authorized charges permitted by this Act is charged, contracted for, or received, except as the result of an accidental and bona fide error, the contract of loan shall be void as against public policy, and the licensee shall have no right to collect or receive any

principal authorized charges or recompense whatsoever, and the licensee and the several members, officers, directors, agents and employees thereof who shall have violated or participated in such violation shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than One Thousand Dollars (\$1,000) and not less than One Hundred Dollars (\$100) or by confinement in the county jail for not more than six (6) months, or by both such fine and confinement.

(10) If any amount in excess of the authorized charges permitted by this Act is charged, contracted for, or received by the licensee and the several members, officers, directors, agents, and employees thereof who shall have violated or participated in such violation shall be jointly and severally liable for reasonable attorneys fees incurred by the borrower in enforcing any of the provisions of this Act.

(b) On loans of One Hundred Dollars (\$100) or less, a licensee may charge, in lieu of charges specified in Section 17(a) (1) of this Act, the following amounts:

(1) On any amount up to and including Nineteen Dollars (\$19) a charge may be added at the ratio of One Dollar (\$1) for each Five Dollars (\$5) of cash or credit advanced to the borrower and such advance of cash or credit shall be for a period of one (1) month only.

(2) On any cash advance in an amount in excess of Nineteen Dollars (\$19) up to and including the amount of Thirty-five Dollars (\$35) there shall be allowed an acquisition charge for making the advance not in excess of one-tenth (1/10th) of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars (\$3) per month and such advance of cash or credit shall be for a period of either one (1) or two (2) months.

(3) On any cash advance of an amount in excess of Thirty-five Dollars (\$35) but not more than Seventy Dollars (\$70) there shall be allowed an acquisition charge for making the advance not in excess of one-tenth (1/10th) of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars Fifty Cents (\$3.50) per month and such advance of cash or credit shall be for a period of not less than one (1) month nor more than four (4) months.

(4) On any cash advance of an amount in excess of Seventy Dollars (\$70) but not in excess of One Hundred Dollars (\$100) there shall be allowed an acquisition charge for making the advance not in excess of one-tenth (1/10th) of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Four Dollars (\$4) per month, and such contract of loan shall not contain a maturity date of less than one (1) month nor more than six (6) months.

(5) On such loans under this subsection, no insurance premium charges or any other charges of any nature whatsoever shall be permitted.

(6) The acquisition charge authorized herein shall be deemed to be earned at the time a loan is made and shall not be subject to refund. On the prepayment of any loan under this subsection the installment account handling charge shall be subject to the provisions of subsection (a) herein as it relates to refunds. Provisions of subsection (a) herein relating to default charges on loans and the extension of loans shall apply to loans made under this subsection.

Insurance

Sec. 18. (a) A licensee may require, as additional security for any loan in excess of One Hundred Dollars (\$100), credit life insurance and credit health and accident insurance on a borrower under a group or individual policy subject to the following:

(1) The premium or identifiable charge collected from the borrower for such insurance shall not exceed an amount equal to the maximum premium rates fixed by the State Board of Insurance under the article of the Insurance Code of Texas which defines credit life insurance and credit health and accident insurance and provides the State Board of Insurance shall make and file the schedule of reasonable and adequate maximum premium rates which may be charged by insurers on such insurance; nor in any event, shall the amount charged to the borrower by the licensee for such insurance exceed the amount of the premium paid to the insurer by the licensee for such insurance, as computed at the time the charge to the borrower is determined;

(2) The terms, provisions, coverage and form of any such insurance policies shall satisfy and be in accordance with the particular requirements of the respective applicable statutes;

(3) The maximum premium rates fixed by the State Board of Insurance and the other requirements of such article shall apply to insurance required in connection with loans exceeding One Thousand Dollars (\$1,000) with the same force it applies to insurance required in connection with loans of One Thousand Dollars (\$1,000) and less;

(4) If such article of the Insurance Code is amended or repealed or a similar statute is enacted under which the State Board of Insurance is required to or may fix or approve maximum premium rates for credit life insurance and credit health and accident insurance, the premium or identifiable charge collected from the borrower for such insurance shall not exceed the maximum premium rate so fixed or approved; not in any event, shall the amount charged to the borrower by the licensee for such insurance exceed the amount of premium paid to the insurer by the licensee for such insurance as computed at the time the charges to the borrower are determined;

(5) Such insurance shall be written and sold in accordance with the provisions of the Insurance Code of Texas which apply to group policies or the provisions of the Insurance Code of Texas which apply to individual policies; provided, however, that the maximum premium rates charged a borrower by a licensee in connection with loans made under this Act for credit insurance on which such rates and/or compensation by commissions are not limited by law or fixed by the State Board of Insurance shall never exceed the maximum premium charges and/or commissions fixed by the State Board of Insurance for the sale of individual credit insurance policies with the same coverage;

(6) Any such insurance required under Section 18 shall be written for a time not in excess of one (1) month beyond the term of the loan contract. The initial amount of credit life insurance whether written on a group or individual policy shall not exceed the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantially equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, which ever is greater. The total amount of indemnity payable by credit accident and health insurance whether written on a group or individual policy

in the event of disability, as defined in the policy, shall not exceed the total amount repayable under the contract of indebtedness; and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness; and

(7) Only one (1) policy of life insurance and one (1) policy of health and accident insurance may be in force with respect to any one (1) loan contract at one (1) time.

(b) A licensee may, in addition, require a borrower, on loans with a cash advance in excess of Three Hundred Dollars (\$300), to insure tangible personal property, when offered as security for a loan, against any substantial risk or loss, damage or destruction for an amount not to exceed the actual value of such property, and for a term and on conditions which are reasonable and appropriate considering the nature of the property and the maturity and other circumstances of the loan contract, in accordance with provisions of this subsection. Insurance on tangible personal property other than motor vehicles and trailers, which secures a loan as authorized by this subsection, shall include those coverages promulgated by the State Board of Insurance for fire and extended coverage on such property, and the total aggregate premiums for such insurance shall not exceed the maximum premiums promulgated by the State Board of Insurance for such fire and extended coverage insurance on such property. Insurance on motor vehicles and trailers securing a loan, as authorized by this subsection, shall be written only for the standard coverages promulgated by the State Board of Insurance for such motor vehicles and trailers and at premiums which do not exceed the maximum premiums promulgated by the State Board of Insurance for such standard coverages on such motor vehicles and trailers; provided, however, that as to coverage and insurers specifically so authorized in advance by the commissioner, such insurance may be written at filed rates in excess of such rates promulgated by the State Board of Insurance only where the licensee, its officers, agents or employees, receive no benefit or compensation whatsoever, either directly or indirectly from such insurance, other than in payment of losses claimed to the property which was security for the loan.

(c) When insurance is written under this section, the licensee shall deliver, or cause to be delivered, to the borrower within thirty (30) days from the date of the loan contract, a certificate or other memorandum showing the coverages and the cost of such insurance, if any, to the borrower, the name of the insuring company and the policy number.

(d) In accepting insurance provided by this section as security for a loan, the licensee, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this section, and pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the licensee, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Act except as specifically provided herein. Arranging for, and collecting an identifiable charge shall not be deemed a sale of insurance.

(e) No insurance shall be written under this section by a company which is not authorized to conduct such business in this state. The licensee shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the licensee, nor shall the licensee decline existing coverages or substantially similar benefits that

comply with the provisions of this section. In the event of any violation of this section by a licensee, or should any additional charge be made for insurance other than that authorized in this section, all charges made for insurance shall be deemed as interest, and this provision is supplemental to and not exclusive of all other remedies and penalties hereunder.

Licensee's Duty to Borrower

Sec. 19. (a) When a loan is made, the licensee shall deliver to the borrower, or, if more than one, to one of them, a copy of the note and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

- (1) The name and address of the borrower and of the licensee;
- (2) The date and the amount of the cash advance, the maturity date, and the agreed schedule of payments or a description of such payments;
- (3) The nature of the security, if any;
- (4) The charges contracted for as authorized by this Act;
- (5) The charges for default and deferment authorized by this Act;
- (6) The type of insurance, if any, provided in connection with the loan, and the premiums for such insurance; and
- (7) A statement showing the total amount, in dollars and cents, of charges contracted for at the time the loan is made, or the percentage that the total charges bear to the total amount of the loan, expressed as the nominal rate on the average outstanding unpaid balance on the principal amount of the loan.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(b) The licensee shall give a receipt to the person making a payment on any loan.

(c) At any time during regular business hours, the licensee shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one (1) or more full installments.

(d) When a loan is repaid in full, the licensee shall cancel and return to the borrower, within a reasonable time, any note, assignment, mortgage, deed of trust, or other instrument securing such loan which no longer secures any indebtedness of the borrower to the licensee.

Prohibited Practices

Sec. 20. (a) No licensee shall take a lien upon real estate as security for any loan made under this Act, except such lien as is created by law upon the recording of an abstract judgment.

(b) No licensee shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding.

(c) No licensee shall take any promise to pay or loan obligation that does not disclose the amount of the cash advance, the time for which it is made, the schedule of payments, the maturity date, the amount of authorized charges and the types of insurance, if any, provided in connection with the loan, and the premiums for such insurance.

(d) No licensee shall take any instrument in which blanks are left to be filled in after the loan is made.

(e) No licensee shall, in an attempt to collect an unpaid amount of loan, engage in practices which cause physical injury to any person who owes said licensee said amount of loan, and such person who so owes, when such attempts are made, shall have a cause of action against any such licensee individually and severally to recover for such physical injury and this cause of action shall be cumulative of all other causes of action for such physical injury for such practices.

(f) No licensee shall grant a loan in one (1) office to any borrower or to the spouse of any such borrower when such borrower or spouse already has a loan in another office operated by the same entity or, by an affiliate, parent, subsidiary or under the same ownership, management or control, whether partial or complete. If such loans are granted, in violation of this provision, the rates shall be adjusted to rates applicable under this Act to a single loan of equivalent amount.

Limitation of Loan Period

Sec. 21. No licensee shall enter any contract of loan under this Act, under which the borrower agrees to make any scheduled payment of principal more than thirty-seven (37) calendar months from the date of making such contract.

Wage Assignments Prohibited

Sec. 22. Assignments of wages shall be prohibited for the purposes of securing loans made under this Act.

Hearings and Review

Sec. 23. (a) At all hearings before the commissioner under the provisions of this Act, parties in interest shall have the right to appear in person and by counsel, and to present oral and written evidence. If requested by a party in interest, a record shall be made of all evidence offered by such party and all other evidence considered by the commissioner.

(b) Any party in interest aggrieved by any order, ruling or decision of the commissioner may, within thirty (30) days after the date of entry, file in the District Court of Travis County, Texas, a petition against the commissioner officially as defendant, alleging therein in brief detail the order, ruling or decision complained of and praying for a reversal or modification thereof. The commissioner shall within twenty (20) days after the service upon him of such petition, certify to said District Court the record of the proceedings to which the petition refers, or such portion thereof as may be required by the petitioner. The cost of preparing and certifying such record shall be paid to the commissioner by the petitioner and taxed as a part of the costs of the case. Upon the filing of an answer by the commissioner, the case before the District Clerk shall be at issue, without further pleadings, and upon application of either party shall be advanced and heard without further delay. The order of the commissioner shall be sustained unless the hearing was conducted in a manner contrary to the rudiments of a fair hearing; or the order was based upon an error of law which affected petitioner's substantial rights; or was arbitrary, capricious or unreasonable; or the findings of fact were not reasonably supported by substantial evidence in the record, considered as a whole, adduced before the commissioner. Provided, however, that any appeal to the District Court of Travis County, Texas, of an order, ruling or decision of the commissioner, refusing to grant a license or licenses to an applicant or revoking the license or licenses of a licensee, such appeal shall be upon trial de

(c) Upon a showing of good cause therefor by a party in interest, the commissioner or the court may enter an order staying, pending appeal, the effect of an order of the commissioner from which the party in interest desires to appeal.

Art. 6203c. Improvement of prison system

Prison-Made Goods Act of 1963

Sec. 9. (a) This Section may be cited as the "Prison-Made Goods Act of 1963."

(b) It is hereby declared to be the intent of this Act:

(1) To provide more adequate, regular and suitable employment for the vocational training and rehabilitation of the prisoners of this state, consistent with proper penal purposes;

(2) To utilize the labor of prisoners for self-maintenance and for reimbursing this state for expenses incurred by reason of their crimes and imprisonment; and

(3) To effect the requisitioning and disbursement of prison products directly through established state authorities without possibility of private profits therefrom.

(c) The Texas Department of Corrections is authorized to purchase in the manner provided by law, equipment, raw materials and supplies, and to engage the supervisory personnel necessary to establish and maintain for this state at the penitentiary or any penal farm or institution now or hereafter under control of said Board, industries for the utilization of services of prisoners in the manufacture or production of such articles or products as may be needed for the construction, operation, maintenance or use of any office, department, institution or agency supported in whole or in part by this state and the political subdivisions thereof.

(d) On and after the effective date of this Act, all offices, departments, institutions and agencies of this state which are supported in whole or

in part by this state shall purchase from the Texas Department of Corrections all articles or products required by such offices, departments, institutions, agencies, or political subdivisions of this state, produced or manufactured by the Texas Department of Corrections with the use of prison labor, as provided for by this Act, and no such article or product may be purchased by any such office, department, institution or agency from any other source, unless excepted from the provisions of this subparagraph as hereinafter provided. All purchases made by state agencies shall be made through the Board of Control upon requisition by the proper authority of the office, department, institution or agency. Political subdivisions of this state may purchase directly from the Texas Department of Corrections.

Any article or product manufactured by the Texas Department of Corrections for sale through the State Board of Control to any office, department, institution or agency of the state or to any political subdivision thereof, shall be manufactured and/or produced only upon state specifications developed by and through the State Board of Control. However, if such specifications have not been developed by the Board of Control then production may be based upon commercial specifications in current use by industry for the manufacture of such articles and products for sale to the state and political subdivisions thereof which have first been approved by the State Board of Control. For purposes of this Act, state specifications and commercial specifications approved by the Board of Control shall mean the latest complete version of any specification including amendments thereto.

(e) Exceptions from the operation of the mandatory provisions in the first paragraph of subparagraph (d) hereof may be made in any case where, in the opinion of the State Board of Control, the article or articles or product or products so produced or manufactured does or do not meet the reasonable requirements of or for such offices, departments, institutions, agencies, or in any case where the requisitions made cannot be reasonably complied with. No such office, department, institution, or agency shall be allowed to evade the intent and meaning of this Section by slight variations from standards adopted by the State Board of Control, when the articles or products produced or manufactured by the Texas Department of Corrections, in accordance with established standards, are reasonably adapted to the actual needs of such office, department, institution, or agency.

(f) The Texas Department of Corrections shall cause to be prepared, at such times as it may determine, catalogues containing an accurate and complete description of all articles and products manufactured or produced by it pursuant to the provisions of this Act. Copies of such catalogues shall be sent to all offices, departments, institutions and agencies of this state and made accessible to all political subdivisions of this state referred to in the preceding subparagraphs. At least thirty (30) days before the beginning of each fiscal year, the Board of Control shall provide to the Texas Department of Corrections summary reports of the kind and amount of articles and products purchased for state offices, departments, institutions, and agencies based upon the previous nine (9) months experience. Not more than one hundred (100) days following the close of each fiscal year, the State Board of Control shall submit to the Texas Department of Corrections a report showing the kinds and amounts of such prison-manufactured articles purchased by all state offices, departments, institutions, and agencies based upon the purchase experience of the entire previous fiscal year. All such reports shall refer, insofar as possible, to the items or

products contained in the catalogue as issued by the Texas Department of Corrections. The Board of Control may at any time request the Texas Department of Corrections to manufacture or produce additional articles or products.

(g) In keeping with the primary objective of vocational training and rehabilitation of prisoners, the articles or products manufactured or produced by prison labor in accordance with the provisions of this Act shall be devoted, first, to fulfilling the requirements of the offices, departments, institutions and agencies of this state which are supported in whole or in part by this state; and secondly, to supplying the political subdivisions of this state with such articles and products.

(h) The Texas Department of Corrections and the Board of Control shall fix and determine the prices at which all articles or products manufactured or produced shall be furnished.

(i) In addition to the information ordinarily required by law in the annual audits of expenditures and operations of the Texas Department of Corrections made by the State Auditor, after the effective date of this Act such annual audit reports shall also include a detailed statement of all materials, machinery or other property procured, and the cost thereof, and the expenditures made during the audited year for manufacturing purposes, together with a statement of all materials on hand to be manufactured, or in process of manufacture, or manufactured, and the values of all machinery, fixtures or other appurtenances for the purpose of utilizing the productive labor of prisoners, and the earnings realized therefrom during the year.

(j) The Texas Board of Corrections shall have the power and authority to prepare and promulgate policies which are necessary to give effect to the provisions of this Act with respect to matters of administration respecting the same.

(k) In order to carry out the provisions of this Act, the Legislature shall authorize in its biennial Appropriations Acts an industrial revolving fund, and set the amount therein, for the use of the Texas Department of Corrections; and said Department is authorized to expend such monies out of appropriations for said revolving fund as may be necessary to erect buildings, to improve existing facilities, to purchase equipment, to procure tools, supplies and materials, to purchase, install or replace equipment, and otherwise to defray the necessary expenses incident to the employment of prisoners as herein provided.

(l) All monies collected by the Texas Department of Corrections from the sale or disposition of articles and products manufactured or produced by prison labor in accordance with the provisions of this Act, shall be forthwith deposited with the State Treasurer to be kept and maintained in the industrial revolving fund authorized by this Act, and such monies so collected and deposited shall be used solely for the purchase of raw materials, manufacturing supplies, equipment, machinery and buildings used to carry out the purposes of this Act, to otherwise defray the necessary expenses incident thereto, including the employment of such necessary supervisory personnel as is unavailable in the prison inmate population, all of which shall be subject to the approval of the Texas Board of Corrections; provided, however, that said industrial revolving fund shall never be maintained in excess of the amount necessary to carry out efficiently and properly the intentions of this Act. When, in the opinion of the Governor and the Legislative Budget Board, said industrial revolving fund has reached a sum in excess of the requirements of this Act, such

excess shall be transferred by the Texas Department of Corrections to the State General Revenue Fund.

(m) On and after the effective date of this Act, it shall be unlawful to sell or offer for sale on the open market of this state, any articles or products manufactured wholly or in part, in this or any other state by prisoners of this state or any other state, except prisoners on parole or probation; however, the Texas Board of Corrections shall have the power to authorize the Director of the Texas Department of Corrections to sell and dispose of all surplus agricultural products and all personal property owned by the Texas Department of Corrections, which have not been manufactured by the Department for the purpose of sale, at such prices and on such terms and under such rules and regulations as it deems best to adopt. The Texas Department of Corrections shall continue to exercise its rights and privileges as provided in the Salvage and Surplus Act of 1957 (compiled as Article 666 of Vernon's Texas Civil Statutes), relative to the sale and disposal of serviceable state personal property no longer needed by state agencies.

(n) Any person who wilfully violates the provisions of subsection (m) of this Act shall be guilty of a misdemeanor, and upon conviction, shall be confined in jail not less than ten (10) days nor more than one (1) year, or fined not less than Ten Dollars (\$10.00) nor more than Five Hundred Dollars (\$500.00) or both, in the discretion of the court. As amended Acts 1963, 58th Leg., p. 437, ch. 155, § 1.

Effective Sept. 1, 1963.

Acts 1963, 58th Leg., p. 437, ch. 155, § 2, provided: "The provisions of this Act shall be liberally construed to achieve the primary objective of vocational training and rehabilitation of prisoners through work in industrial types of activities which also will best serve the economical and efficient operation of state agencies. The pro-

visions of this Act shall be considered as supplementary, or addition to, other existing provisions of law relative to the employment of prisoners."

Section 3 of the 1963 amendatory act repealed all conflicting laws and parts of laws.

1. The membership of said Retirement System shall be composed of any elective State official or appointee in an elective office of the State including all elected or appointed members of the State Legislature, but shall not include any elective official in the Judicial, Education, District, or County, of the State of Texas.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

2. Any person who on January 1, 1963, is an elective State official as defined herein, shall, before October 1, 1964, execute an election to become a member of the Retirement System as of January 1, 1963, or election not to become a member of the Retirement System. This election to become a member or not to become a member shall be filed with the State Board of Trustees on a form provided by the Board. The election not to become a member will include a duly executed waiver of all present and prospective benefits which would otherwise inure to him on account of his participation in the System. Contributions shall be due and payable for the month of January, 1963, and each month thereafter, and membership service shall begin as of January 1, 1963.

3. Any person who becomes an elective State official by reason of election or appointment after January 1, 1963, shall within six (6) months from the month in which he takes the oath of office or October 1, 1964, whichever date is later, execute an election to become a member of the Retirement System or not to become a member of the Retirement System. This election to become a member or not to become a member shall be filed with the State Board of Trustees on a form provided by the Board. The election not to become a member will include a duly executed waiver of all present and prospective benefits which would otherwise inure to him on account of his participation in the System. Contributions shall be due and payable for the month in which he takes the oath of office, and each month thereafter, and membership service shall begin with the first day of the month in which he takes the oath of office.

C. Any person who becomes an appointive officer or employee on or after the effective date of this Act shall become a member of the Retirement System on the first day of the month in which he is employed as a condition of his employment. Contributions by such a member under this Act shall begin with the first monthly payroll period following the month in which he is employed and creditable service shall then begin to accrue. Any person elected or appointed to an elective office shall become a member of the Retirement System in the same month in which he takes the oath of office as a requirement for filling such elective position, if he elects to become a member of the Retirement System.

D. Should any member who was an appointive State officer or employee in any period of six (6) consecutive years after becoming a member be absent from service more than sixty (60) consecutive months, he would automatically terminate membership if he has less than fifteen (15) years creditable service; if an elective State official eight (8) years; or should any member withdraw his accumulated contributions, or become a beneficiary, or upon death, he shall thereupon cease to be a member; however, during the time the United States was or is involved in organized conflict whether in a state of war or in a police action involving conflict with foreign forces, or for reason of a crisis within this country, and within a period of twelve (12) months thereafter, time spent by a member of the Employees Retirement System (1) in the Armed Forces of the United States of America and their auxiliaries and/or in the Armed Forces Reserve of the United States of America and their auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscripted thereinto, or (2) in war work as a direct result of having been drafted and/or conscripted into said war work, shall not be construed as absent from service insofar as the provisions of this Act are concerned. The State Board of Trustees shall determine and by order define the period or periods which shall be recognized as involving organized conflict or crisis within the contemplation of this Act.

Creditable Service

Sec. 4. A. Creditable service shall be the total of prior service plus membership service. For appointive officers and employees of the State, prior service shall be granted for eligible service rendered prior to the establishment of the Retirement System on September 1, 1947, and membership service shall be granted for eligible service rendered on and after September 1, 1947. Service as an elected State official as defined in this Act may be claimed as creditable service as an appointed officer or employee.

Under such rules and regulations as the State Board of Trustees shall adopt, each appointive officer or employee, as defined in Section 3 of this Act, at any time prior to September 1, 1947, and who becomes an appointive officer or employee and continues as such for a period of five (5) consecutive years, or who was a member at the beginning of the System, shall file a detailed statement of all Texas service, as an appointive officer or employee, rendered by him prior to the date of the establishment of the Retirement System, for which he claimed credit.

B. Creditable service shall be the total of prior service plus membership service. For elective State officials, prior service shall be granted for eligible service rendered prior to January 1, 1963, and membership service shall be granted for eligible service rendered on and after January 1, 1963.

Under such rules and regulations as the Board of Trustees shall adopt, each elective State official who was employed as defined in Section 3 of this Act, at any time prior to January 1, 1963, as an elective State official, who on that date or thereafter becomes an elective State official shall file a detailed statement of all service as an elective State official rendered by him for which he claimed credit.

It is expressly provided herein that any service allowed under the provisions of this Act as a member of the Legislature of Texas, for retirement purposes, either as an appointive officer or employee or as an elective State official shall be computed on the basis of earnable compensation at the rate of Four Thousand, Eight Hundred Dollars (\$4,800) per annum.

It is expressly provided in this Act that creditable service of any elective State official may be transferred by him upon his application to the Board of Trustees to coverage under the requirements and benefits for appointive officers or employees as provided in this Act. Provided, however, that before such transfer can be made, such elective State official must pay all such contributions and fees required of an appointive State officer or employee prerequisite for such benefits. It is also provided that if such transfer is filed by an elective State official and this election is made, that State matching contributions from the State shall be provided in the same manner as set forth in the provisions of the Employees Retirement Act herein.

It is expressly provided in this Act that any elective State official may claim such service as an appointive State officer or employee, to be included with his elective service, for benefits under this Act, and that further, such service must be claimed by the elective State official and after verification by the State Board of Trustees shall be granted.

C. The State Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one (1) year of service, but in no case shall more than one (1) year of service be creditable for all service in one (1) year.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

D. Subject to the above restrictions and to such other rules and regulations as the State Board of Trustees may adopt, the State Board of Trustees shall verify and adjust, as soon as practicable after the filing of such statements of service, the service therein claimed.

E. Upon adjustment and verification of the statement of service, the State Board of Trustees shall issue prior service certificates certifying to each member the length of Texas service rendered prior to the date of the establishment of the Retirement System, with which he is credited on the basis of his statement of service. So long as membership continues a prior service certificate shall be final and conclusive for retirement purposes as to such service, provided, however, that any member may, within one (1) year from the date of issuance or modification of such certificate, request the State Board of Trustees to modify or correct his prior service certificate. When membership ceases, such prior service certificate shall become void. Should he again become a member, such person shall enter the System as a member not entitled to prior service credit except as provided elsewhere in this Act.

F. Each appointed officer or employee, as defined in this Act, who has heretofore withdrawn his contributions and cancelled his accumulated creditable service for retirement purposes, may, if he returns to State employment and continues as such for a period of five (5) consecutive years, or if an elective State official, upon taking the oath of office, be entitled to deposit in the Retirement System in a lump sum payment the amount withdrawn with a penalty interest of two and one half per cent (2½%) per annum from the date of withdrawal to the date of redeposit, plus any membership fees due, and have his creditable service reinstated for retirement purposes; however, it is provided that the amount withdrawn by the person and deposited with the System shall be placed in his individual account in the Employees Saving Fund and the two and one half per cent (2½%) per annum penalty interest shall be placed in the State Accumulation Fund. The amounts to be deposited shall be determined in each case by the Employees Retirement System and in no event shall any such person be granted retirement upon such former service credits until the amount so determined shall have been paid in full.

Each appointed officer or employee as defined in this Act, and who heretofore executed a waiver of membership in the Retirement System may, if he has been employed from the date he executed the waiver of membership, or in the event such person left employment and returns to State employment and continues as such for a period of five (5) consecutive years, or if an elective State official, upon taking the oath of office, shall have the privilege of electing to receive credit for all previous creditable State service provided such person shall deposit with the Employees Retirement System in a lump sum all back deposits, assessments and dues which he would have paid or deposited had he been a member of the System during each of the years and months employed commencing with the State fiscal year September 1, 1947, if an appointive officer or employee, and January 1, 1963, if an elective State official, together with penalty interest on the date each amount was payable at the rate of two and one half per cent (2½%) per annum, and provided further that the back deposits required shall be placed in his individual account in the Employees Saving Fund, and the penalty interest of two and one half per cent (2½%) per annum shall be placed in the State Accumulation Fund. The amounts to be deposited shall be determined in each case by the Employees Retirement System and in no event shall any such person be granted retirement upon such former service credits until the amounts so determined shall

have been paid in full, and provided further that the total of all such back deposits shall be matched by an equal sum by the State of Texas in the manner and from the funds as now provided in the State Employees Retirement Act.

G. Credit for Military Service.

During the time the United States was or is involved in organized conflict whether in a state of war or a police action involving conflict with foreign forces or for reason of a crisis within this country, and within a period of twelve (12) months thereafter, time spent by a member of the Employees Retirement System (1) in the Armed Forces of the United States of America and its auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscripted thereto, or (2) in war work as a direct result of having been drafted and/or conscripted into war work shall count towards creditable service, provided, however, that the time so credited shall be limited to two (2) years and further provided that such service shall not be credited unless the member enters into such service directly from State employment without other intervening employment and further that said member contributes to the Employees Retirement System a sum equal to the number of months in active service as set forth herein times the rate of his last contribution prior to entering such service. The funds so contributed shall be deposited to the credit of the member's individual account in the Employees Saving Fund, and shall be treated in the same manner as funds contributed by the member while he was employed by the State. Any person employed or holding an elective State office who entered directly into military service prior to the establishment of the Retirement System either by induction or by enlistment shall be entitled to prior service credit for the time prior to establishment of the System. The State Board of Trustees shall determine and by order define the period or periods which shall be recognized as organized conflict or crisis within the contemplation of this Act.

Benefits

Sec. 5. A. Service Retirement Benefits for Appointive State Officers or Employees.

1. Any member may retire upon written application to the State Board of Trustees, setting forth at what time, not less than thirty (30) days or more than ninety (90) days subsequent to the execution of and filing thereof, he desires to be retired, provided that retirement will be effective only as of the last day of a calendar month, and provided that the said member at the time so specified for his retirement shall have attained the age of sixty (60) years and shall have completed ten (10) or more years of creditable service. It is provided further, however, that a member who has completed ten (10) or more years of creditable service as a commissioned peace officer engaged in criminal law enforcement activities of the Department of Public Safety, Game and Fish Commission, Liquor Control Board, or as a custodial employee of the State Board of Corrections of the State of Texas and who has attained the age of fifty-five (55) years shall be eligible for retirement.

2. Any member may withdraw from service prior to the attainment of the age of sixty (60) years who shall have completed at least fifteen (15) years of creditable service and shall become entitled to a service retirement allowance upon his attainment of the age of sixty (60) years, or at his option, at any date subsequent to his attainment of said age pro-

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

vided that such member was then living and had not withdrawn his contributions.

3. Any member may withdraw from service prior to the attainment of the age of sixty (60) years who shall have completed at least thirty (30) years of creditable service and shall become entitled to a service retirement allowance provided that such member has attained the age of fifty-five (55) and provided further that his retirement allowance shall be actuarially reduced from age sixty (60) to the earlier retirement age. It is further provided that a member who has completed twenty (20) or more years of creditable service as a commissioned peace officer engaged in criminal law enforcement activities of the Department of Public Safety, Game and Fish Commission, Liquor Control Board, or as a custodial employee of the State Board of Corrections of the State of Texas, may withdraw from service prior to the attainment of the age of fifty-five (55) years and shall become entitled to a service retirement allowance provided such member has attained the age of fifty (50) and provided further that his retirement allowance shall be actuarially reduced from age fifty-five (55) to the earlier retirement age.

4. A custodial employee of the State Board of Corrections shall be defined as an employee whose duties require supervision of or frequent contact with the inmates of the State Board of Correction, including any employee who is subject to call at the risk of life to suppress riots.

B. Allowance for Service Retirement.

1. The allowance for service retirement shall be computed on the basis of the average monthly compensation of the member for the sixty (60) highest consecutive months of compensation during the last one hundred and twenty (120) months of creditable service. The rate of benefits shall be based upon the following schedule:

First ten (10) years of service	1.00% per year
Second ten (10) years of service	1.25% per year
Third ten (10) years of service	1.50% per year
All subsequent years	1.75% per year

It is provided however, that if the retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Thirty Dollars (\$30) per month, then the benefits shall be increased to equal the sum of Thirty Dollars (\$30) per month.

It is expressly provided that any annuity or allowance payable under the provisions of this Act shall begin with the last day of the month following the effective date of retirement and shall be paid in monthly installments and shall cease with the last day of the month preceding the month in which the beneficiary or person dies who is receiving such an annuity or allowance as provided in this Act.

It is further provided that the Rate of Benefits schedule as provided for by this Act shall be applied to all service retirement annuities payable on the effective date of this Act and previously awarded under the laws governing the Employees Retirement System as effective September 1, 1958; provided, however, that nothing herein shall be construed as authorizing an increase in the minimum service retirement annuity where the original annuity calculated at less than the minimum allowance, unless such original annuity, after the application of the Rate of Benefits schedule as provided herein exceeds the minimum service retirement allowance provided by law.

It is expressly provided, however, that where the Board of Trustees determines that sufficient funds are available from the interest transferred to the State Accumulation Fund, the Board, as of August 31st each year, may supplement minimum retirement annuities by providing for the payment, from such fund, a sufficient sum to equal a minimum retirement annuity subject to the following provisions.

For service retirement annuities calculated at less than Forty Dollars (\$40) per month, the Board may establish a minimum retirement annuity not to exceed Forty Dollars (\$40) per month. For service retirement annuities calculated at Forty Dollars (\$40) or more per month, the Board may establish a minimum retirement annuity not to exceed Fifty Dollars (\$50) per month. For disability retirement annuities, the Board may establish a minimum annuity of twenty-five per cent (25%) of the compensation, as provided by law, or Sixty Dollars (\$60) per month, whichever is the greater.

2. It is expressly provided that no annuity being paid to a beneficiary of the Retirement System who retired prior to September 1, 1958, shall be decreased by the provisions of this Act.

3. Optional Allowances for Service Retirement.

With the provision that no selection shall be effective in case a beneficiary dies during the month after retirement, and that such a beneficiary shall be considered as an active member at the time of death, until the first payment on account of any service benefit becomes normally due, any member may elect to receive his annuity in an annuity payable throughout life, or he may elect to receive the actuarial equivalent at that time, or his annuity in a reduced annuity payable throughout life with the provisions that:

Option (1) Upon his death, his reduced annuity shall be continued throughout the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (2) Upon his death, one half ($\frac{1}{2}$) of his reduced annuity shall be continued through the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (3) In the event of his death before sixty (60) monthly payments of such annuity have been made, such payments shall be continued to such person as he may nominate in writing, or to the administrator of his estate, until the remainder of the sixty (60) payments have been made; or

Option (4) In the event of his death before one hundred and twenty (120) monthly payments of such annuity have been made, such payments shall be continued to such person as he may nominate in writing, or to the administrator of his estate, until the remainder of the one hundred and twenty (120) payments have been made; or

Option (5) Such other benefit arrangement as may be approved by the Board of Trustees and the whole of which benefit is certified by the Actuary to constitute the reduced actuarial equivalent of the retirement benefit to which the member is entitled.

4. Re-employment of Retired Appointive Officers or Employees.

Any retired appointive officer or employee may return to State Employment as an appointive officer or employee, on a temporary basis, pro-

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

vided, however, that such re-employment shall not be for a longer period than nine (9) months within any one (1) year. It is provided that in the event a retired State appointive officer or employee resumes temporary employment with a State department, commission, institution or agency, he shall notify the Retirement System in writing prior to resuming actual employment, and further, it shall be mandatory upon the head of any State department, commission, institution or agency of the State to likewise notify the Retirement System in writing before employment of a retired State appointive officer or employee and shall furnish the Retirement System the name of said retired appointive officer or employee and the dates of employment. During the time a retired appointive officer or employee is so employed, retirement benefit payments that would otherwise have been paid to said member, shall be suspended and shall be resumed when said member leaves said employment, provided that the annuity payments so suspended shall be paid into the State Accumulation Fund. Part month employment shall constitute a full month, and any portion of a month employed shall void a retirement benefit payment for said month of employment. It is provided further that if the retired member had elected to receive an annuity in a guaranteed payment for a certain number of years or months after retirement, that the time so spent in State employment by such retired member after the initial or original retirement shall count as time within said certain number of years or months, the same as if said retired member had not returned to State employment, provided that said retired member temporarily employed shall not contribute to the Retirement System during such re-employment, and the Retirement Plan in effect at the time of his original retirement shall remain unchanged.

C. Disability Retirement Benefits for Appointive Officers or Employees.

1. Upon the application of a member or his employer or his legal representative acting in his behalf, any member, under age sixty (60), who has had ten (10) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, on a nonoccupational disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

Upon the application of a member or his employer or his legal representative acting in his behalf, any member regardless of age and regardless of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application on an Occupational Disability Retirement Allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, as such incapacity is likely to be permanent, and such person should be retired.

2. Allowance on Disability Retirement—Nonoccupational, for Appointive Officers or Employees.

Upon retirement for disability (nonoccupational) a member shall receive a service retirement allowance if he has attained the age of sixty (60) years, otherwise, he shall receive a disability retirement allowance computed at one and one-fourth per cent ($1\frac{1}{4}\%$) per year of service, multiplied by the average monthly compensation for the sixty (60) highest

consecutive months during his last preceding one hundred and twenty (120) months of creditable service, provided, however, that in no event will his disability retirement allowance be less than twenty-five per cent (25%) of his average compensation so computed, nor his maximum benefit exceed fifty per cent (50%) of his average compensation so computed.

3. Allowance on Occupational Disability Retirement for Appointive Officers or Employees.

Upon retirement for occupational disability a member shall receive a disability retirement allowance computed at one and one-fourth per cent (1¼%) per year of creditable service multiplied by the monthly rate of compensation being paid to the member at the time of the disabling injury or disease; provided, however, that in no event shall the disability retirement allowance be less than twenty-five per cent (25%) nor more than fifty per cent (50%) of the monthly rate of compensation.

It is expressly provided that all occupational disability retirements previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act. As amended Acts 1963, 58th Leg., p. 1194, ch. 477, § 1; Acts 1963, 58th Leg., p. 1372, ch. 524, § 1.

4. Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the State Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or any other place mutually agreed upon, by a physician or physicians designated by the State Board of Trustees. Should any disability beneficiary who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the State Board of Trustees, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the State Board of Trustees.

5. Should the Medical Board report and certify to the State Board of Trustees that such disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, or that such disability beneficiary is engaged in or is able to engage in gainful occupation, and should the State Board of Trustees by a majority vote concur in such report, then the amount of his allowance shall be discontinued or reduced to an amount by which the amount of the last year's salary of the beneficiary, as a member, exceeds his present earning capacity. Should his earning capacity be later changed, the amount of his allowance may be further modified; provided that the revised allowance shall not exceed the amount of the allowance originally granted, nor shall it exceed an amount which, when added to the amount earnable by the beneficiary, equals the amount of his compensation for the last year prior to retirement.

6. Should a disability beneficiary under the age of sixty (60) years be restored to active service, his retirement allowance shall cease, he shall again become a member of the Retirement System, and the balance of his retirement reserve shall be transferred to the Employees Saving Fund and to the State Accumulation Fund, respectively, in proportion to the

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

original sum transferred to the Retirement Annuity Reserve Fund at retirement. Upon restoration to membership, any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his membership service. Should a disability beneficiary die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of disability retirement exceed the annuity payments received by such beneficiary under his disability allowance, if any such excess exists, shall be paid from the Retirement Annuity Reserve Fund to such beneficiary if living; otherwise, such amount shall be paid as provided by the laws of descent and distribution of Texas unless the beneficiary has directed such amount to be paid otherwise.

It is provided, however, that if the disability beneficiary has been retired for occupational disability and should such beneficiary die while receiving such occupational disability benefits, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of occupational disability retirement, plus an amount equal to the annual salary of the disability beneficiary at the rate of pay at the time of the occupational disability retirement, exceeds the annuity payments received by such beneficiary under his occupational disability allowance, if any such exists, shall be paid as provided by the laws of descent and distribution of Texas, unless the beneficiary has directed such amount to be paid otherwise, and provided further, that this refund as set forth herein shall be made only if the cause of the death of the beneficiary is from or connected with the occupational injury or disability resulting in the occupational disability retirement; otherwise, the provisions above set forth in this paragraph shall apply.

7. It is expressly provided herein that an appointive officer or employee who applies for Occupational Disability Retirement benefits shall be required to furnish the Board of Trustees all information and data requested by the Board of Trustees and provided further that the head and all employees of the department in which the member applying for Occupational Disability Retirement is employed shall be required to furnish all information and data concerning the application for Occupational Disability Retirement of the member and further, the Board of Trustees shall have the right to inquire and require any additional data concerning the application for occupational disability in order that the Board may have all information necessary to act upon said application for occupational disability. In the event that such information is withheld or denied, then the Board of Trustees may refuse to accept the application for Occupational Disability Retirement and shall consider the application only for Nonoccupational Disability Retirement benefits. It is expressly provided herein that the Board of Trustees shall act upon the facts and its decision regarding Occupational Disability Retirement herein applied for, shall be final.

D. Service Retirement Benefits for Elective State Officials.

1. Any member may retire upon written application to the State Board of Trustees, setting forth at what time, not less than thirty (30) days nor more than ninety (90) days subsequent to the execution of and filing thereof, he desires to be retired, provided that retirement will be effective only as of the last day of a calendar month, and provided that the said member at the time so specified for his retirement shall have at-

tained the age of sixty (60) years and shall have completed eight (8) or more years of creditable service.

The Regular Maximum Service Retirement allowance with not less than eight (8) years or more than ten (10) years of service and with an attained age of sixty (60) years or over shall be One Hundred Dollars (\$100) per month. Each additional year of service in excess of ten (10) years shall increase the Regular Maximum Service Retirement allowance Ten Dollars (\$10) per month.

2. Any member who has accumulated a minimum of eight (8) years of service as provided herein and who does not withdraw his account from the Retirement System prior to the attainment of age sixty (60) shall remain an active member and shall be entitled to a service retirement allowance upon attaining age sixty (60).

3. It is provided herein that for service retirement elective State officials shall be eligible to select any of the Optional allowance plans as provided for appointive officers and employee members as set forth in Section 5, Subsection B, Paragraph 3, of this Act. As amended Acts 1963, 58th Leg., p. 1194, ch. 477, § 3; Acts 1963, 58th Leg., p. 1372, ch. 524, § 1.

4. Disability Retirement Benefits.

Upon the application of a member or his employer or his legal representative acting in his behalf, any member under age sixty (60), who has eight (8) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, provided the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired. The benefit to be paid by the Retirement System shall be the same as that set forth for service retirement without reduction for reason of age, provided, however, that no optional plan may be selected, and further provided that should the disabled retired member die before the full amount of contributions standing to his credit shall have been paid, then the remainder of his account shall be paid to the beneficiary of such disabled retired member. It is provided herein that additional provisions after disability retirement applicable for appointive officers and employee members as set forth in Section 5, Subsection C, Paragraphs 4, 5, and 6, will be applicable also to disability retirement for elective State officials.

E. Return of Accumulated Contributions.

1. Should a member with less than fifteen (15) years of creditable service cease to be employed, except by death or retirement, under the provisions of this Act he shall be paid in full the amount of accumulated contributions standing to the credit of his individual account in the Employees Saving Fund.

2. Should a member die before retirement the amount of his accumulated contributions standing to the credit of his individual account shall be paid as provided by the laws of descent and distribution of Texas unless he has directed the account to be paid otherwise.

3. Provided, however, in the event that the death of the appointive officer or employee member is an occupational death, there shall be refunded, in addition to any other benefit or payment authorized by this Act, an amount equal to the full annual salary of the deceased appointive officer

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

or employee member based upon his rate of pay at the time of death, but such additional refund shall be paid only to the surviving spouse, and if no surviving spouse, then payment shall be made to the dependent children, if any, and provided that such additional death benefit shall be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death, and its decision shall be final.

4. After such cessation of service if no previous demand has been made, any accumulated contributions of a contributor shall be returned to him or to his heirs. If the contributor or his heirs cannot be found after seven (7) years, his accumulated contributions shall be forfeited to the Retirement System and credited to the State Accumulation Fund.

5. It is provided that any member who has completed thirty (30) years of creditable State service in Texas, may by written designation in such form as the Board of Trustees may prescribe, select a nominee and an optional allowance for retirement as set forth under the preceding Subsection B, Paragraph 3, providing for optional allowances for service retirement, and which selection shall become effective and payable to such nominee beginning with the month following the month in which the member died, provided, however, unless such a member, having completed thirty (30) creditable years of State service in Texas shall have selected both a nominee and an optional allowance herein, then the provisions of the preceding Subsection E, Paragraphs 2 and 3, pertaining to death benefits shall apply upon death of the member.

6. It is provided that any member who has completed twenty (20) years of creditable State service in Texas, but less than thirty (30) years of creditable State service in Texas, may by written designation in such form as the Board of Trustees may prescribe, select a nominee and an optional allowance for retirement as set forth under the preceding Subsection B, Paragraph 3, providing for optional allowances for service retirement, and which shall become effective and payable to such nominee beginning with the month following the month in which the member died, provided, however, that it is required that said member shall be actively employed or on temporary sick leave or on workman's compensation at the time of his death. Unless such a member having completed twenty (20) creditable years of State service in Texas shall have selected both a nominee and an optional allowance herein, then the provisions of the preceding Subsection E, Paragraphs 2 and 3, pertaining to the death benefits shall apply upon the death of the member.

Administration

Sec. 6. A. State Board of Trustees.

1. The General Administration and responsibility for the operation of the Retirement System and for making effective the provisions of the Act are hereby vested in a State Board of Trustees which shall consist of six (6) members as follows:

The Board shall have the power and authority, by a majority vote of its members, to disburse the monies accumulated as the retirement needs arise. As amended Acts 1963, 58th Leg., p. 869, ch. 334, § 3.

Effective 90 days after May 24, 1963, date of adjournment.

Group II Fund, Members, Benefits, etc.

Sec. 25. All members of the Fund, or probationers subsequently becoming members of the Fund, as of the effective date of this Act shall be known as and constitute Group I Fund members to which all existing provisions of this Statute shall apply, except as set forth herein to be applicable only to Group II members and the Group II Fund. On and after the effective date of this Act there shall be established in any city coming under the provisions of this Statute a separate Group II Fund for all duly appointed and enrolled members of the Fire and Police Departments whose probationary period of service began after such effective date (and who successfully complete such probationary period) and such members of said Departments will be Group II members of said Group II Fund under the provisions hereinafter set out:

(1) All existing provisions of this Statute, codified as Article 6243f, Vernon's Annotated Texas Statutes, shall fully apply to such Group II Fund and to said Group II members except as herein specifically changed as to such Fund and members, or as changed by necessary implication.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(2) Payroll deductions from Group II members shall in each case be an amount equal to seven and one half per cent (7½%) of a base figure of Three Hundred and Eighty Dollars (\$380) per month per Group II member and city shall exactly match the sum of all such deductions as made.

(3) No provision of this Statute respecting parking meter money applies to Group II Fund or its members. Donations must be made specifically to Group II Fund or otherwise shall be placed in Group I Fund.

(4) Retirement benefits for Group II members shall be as follows, stated in percentages of the base figure of Three Hundred and Eighty Dollars (\$380) per month and payable monthly:

(a) Twenty (20) years service and less than twenty-five (25) years service: Twenty-nine per cent (29%).

(b) Twenty-five (25) years service and less than thirty (30) years service: thirty-six per cent (36%).

(c) Thirty (30) years service, or more: forty-four per cent (44%).

(d) Disability retirement (without regard to length of service): thirty-six per cent (36%).

(5) Benefits for beneficiaries of Group II members shall be, in the case of widows, or widows and children, as follows:

(a) Where retired member served more than twenty (20) and less than twenty-five (25) years: twenty-nine per cent (29%).

(b) Where retired member served more than twenty-five (25) years: thirty-six per cent (36%).

(c) Where member dies on active duty or is retired for disability, without regard to length of service: thirty-six per cent (36%). In the case of child or children alone such pension shall be eighteen per cent (18%) except that in the event the member retired with less than twenty-five (25) years service it shall be fourteen per cent (14%). Dependent parents shall receive and divide twenty-four per cent (24%) and a dependent parent shall receive eighteen per cent (18%).

(6) All monies paid into the Group II Fund through payroll deductions, contributions, donations, and any other source, shall be deposited into a Fund to be designated as the "Firemen and Policemen's Pension Fund—Group II," and to be administered by the Board in the same manner and under the same provisions of this Statute as the Group I Fund, except as specifically changed by this Act. The Treasurer shall establish and strictly maintain an entirely separate system of accounts for the Group II Fund and the monies of the two Funds shall be strictly segregated at all times for all purposes, including investments.

(7) Disability pensions of Group II members may be changed in the manner set out under the provisions of Section 15(a) of this Act, except that the figure of Three Hundred and Eighty Dollars (\$380) per month shall be used as the base figure in making such computations and the maximum award shall be thirty-six per cent (36%) of such figure. Acts 1941, 47th Leg., p. 134, ch. 105, § 25 added Acts 1963, 58th Leg., p. 869, ch. 334, § 4.

Effective 90 days after May 24, 1963, date of adjournment.

The preamble to Acts 1963, 58th Leg., p. 869, ch. 334 provided:

"WHEREAS, An actuarial survey of the Pension Fund of the San Antonio Fire and Police Departments by the firm of Rudd & Wisdom, Actuaries, Austin, reveals

an actuarial deficit in such Fund of approximately Twenty Million Dollars (\$20,000,000); and

"WHEREAS, The stabilization and re-funding of said Fund is beneficial to the future financial security of the members of

said departments and of their beneficiaries and to the morale, recruitment and efficiency thereof; and

"WHEREAS, Said Fund cannot be refunded until it is first stabilized and the continuing increase in such deficit halted, but such stabilization should not be at the expense of benefits promised present members at the time of their employment on the one hand or at prohibitive future cost to city taxpayers on the other hand; and

"WHEREAS, The actuarial study shows that by continuing present benefits for present members without any reduction thereof (assuming the continuation of the national economy at more or less present levels), that the actuarial deficit can be eliminated in approximately fifty (50) years if (1) a new fund is established for future members on an actuarially sound basis, and (2) if approximately Forty-five Thousand Dollars (\$45,000) per month is paid into the present Fund for such period of years with no decrease (or increase) in either present payroll deductions, matching amounts out of the city treasury, or parking meter money, taking into account also a three per cent (3%) return on investment of the reserves; and

"WHEREAS, By choice of the men of both departments, committees of twenty (20) firemen and twenty (20) policemen each were set up almost two years ago to study this problem and recommend a solution thereof to the city, to the members, and to the Legislature; and

"WHEREAS, Such committees worked diligently on said problem, acquiring information on various firemen and policemen's pension funds across the entire nation, and have studied the actuarial report, and have conferred with the Board of Trustees of this Fund, with representatives of the city council, and with the legal advisor of the Board; and

"WHEREAS, Said committees formulated a basic plan calling for the creation of a new Group II Fund for future members which is the principal subject matter of this Act, in consideration of the payment of extra money into the present Fund by the city at the Forty-five Thousand Dollar (\$45,000) per month level with all other present factors (benefits, deductions, matching funds, etc.) to be kept at present levels for present members; and

"WHEREAS, The Board of Trustees of the Fund officially called this problem and such proposed solution to the attention of the city council by letter signed by the chairman thereof dated July 31, 1962; and

"WHEREAS, The city council by a resolution passed and approved on November 14, 1962, accepted this basic solution and, depending upon the contingency of the creation by this legislation of a Group II Fund for future members on an actuarially sound basis, committed the city to an additional contribution to the present Fund of at least Thirty Thousand Dollars (\$30,000) per month beginning the next fiscal

year, with an increase of at least Five Thousand Dollars (\$5,000) per month therein in the monthly amount for the next fiscal year thereafter and increasing at the same rate until a level of Forty-five Thousand Dollars (\$45,000) per month in added funds is reached, and to be maintained at that rate, for as long as necessary to completely refund the present Fund; and

"WHEREAS, This plan, after full discussion, was submitted to the entire Fund membership of the Fire Department for referendum vote by secret ballot by voting machine on December 17, 1962, and was approved by them by a vote of 329 to 109; and

"WHEREAS, This plan, after full discussion, was submitted to the entire Fund membership of the Police Department for referendum vote by secret ballot by voting machine on December 21, 1962, and was approved by them by a vote of 415 to 81; and

"WHEREAS, The benefits for Group II members included in this Act are substantial, and compare favorably with most fire and police pension plans in this Country, and the members thereof will have accepted employment voluntarily knowing the amount and scope of such benefits, and will enjoy a pension fund that is sound and secure from its beginning, and established on a basis which will insure the continuation of such fully liquid condition; and

"WHEREAS, Future actuarial surveys and experience may eventually reveal the feasibility of an equilization of benefits and provisions between the two groups, dependent first upon the refunding of the Group I Fund; and

"WHEREAS, The actuarial deficit threatening the present Fund has accumulated over a period of many years and has reached such proportions that it must be refunded on an installment basis over an extended period of time because the refunding of same on any other basis would place an impossible tax burden on the entire population of the city, which would imperil the indefinite continuation of the Fund on any basis, or at least require curtailment of benefits; and

"WHEREAS, Delay in halting the increase in this deficit and in postponing the beginning of its refunding will make it harder to achieve such objectives at all; and

"WHEREAS, Such legislation is subject to biennial review by the Legislature as circumstances and experience should require; and

"WHEREAS, Population changes in the 1960 Federal Census make it advisable to reclassify the application of Article 6243f to insure uninterrupted continuation of pension rights thereunder; and

"WHEREAS, Technical changes in Section 17 of Article 6243f have been recommended by the financial advisors to the Board of Trustees of the Fund for greater flexibility in the making of investments of monies in the Reserve Retirement Fund; now, therefore,"

(i) The Pension Board shall determine the prior service to be credited to each present employee of the police department who becomes a member of the Pension System. The Board shall rely upon the personnel records of the city in determining such prior-service credits. After obtaining the necessary information the Board shall furnish each member of the Pension System with a certificate showing all prior-service credits authorized and credited to such member. Such member may, within one year from the date of issuance or modification of such certificate, request the Board to modify or change his prior-service certificate, otherwise such certificate shall be final and conclusive for retirement purposes as to such service.

Treasurer

Sec. 5. The city treasurer or director of the treasury is hereby designated as the treasurer of the Pension Fund for the Police Officers' Pension System, and his official bond to the city shall operate to cover his position as treasurer of such Pension Fund and his sureties shall be liable in connection with the treasurer's actions pertaining to such Fund as fully as they are liable under the term of the bond for the other actions and conduct of the treasurer. All moneys of every kind and character collected or to be collected for the Fund shall be paid over to the treasurer and shall be administered and paid out only in accordance with the provisions of this Act.

Contributions by members

Sec. 6. Commencing with the first day of the month following the expiration of thirty (30) days after the passage of this Act or after the date of publication of the final census report which shows that the city has attained a population of nine hundred thousand (900,000) or more inhabitants, each member of the Pension Fund shall pay into such Fund each month, the sum of five per cent (5%) of the base salary provided for the classified position in the police department held by the member. Such payments shall be deducted by the city from the salary of each member monthly and paid to the treasurer of the Pension Fund. Should an emergency arise and the Pension Board deem it necessary for the welfare of the Pension System, the Board may raise the monthly payments of each member of the Pension System to an amount not to exceed seven and one half per cent (7½%) of the base salary provided for the classified position in the police department held by the member.

Monthly payment by city

Sec. 7. In addition to the payments in the next preceding Section, the city shall pay monthly into the Pension Fund, from the general or other appropriate fund of the city, an amount equal to seven and one half per cent (7½%) of the payroll of the police department, but in no event shall the city be required to pay into such Pension Fund any amount in excess of seven and one half per cent (7½%) of the payroll of the police department, as the city's contribution to the Pension Fund.

Reduction of benefits

Sec. 8. In the event the Pension Fund becomes seriously depleted, in the opinion of the Pension Board, the Pension Board may proportionately and temporarily reduce the benefits of all pensioners and beneficiaries, but such reductions shall thereafter be paid to such pensioners and beneficiaries as and when the Fund is, in the opinion of the Pension Board, sufficiently re-established to do so.

Investment of surplus

Sec. 9. Whenever in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon such funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas, or in first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time and in such corporation bonds, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said funds. The funds may also be invested in a sum not to exceed ten per cent (10%) with a Federal credit union restricted to employees of the city. In making each and all such investments, such Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital; provided, however, that not more than fifty per cent (50%) of said funds shall be invested at any given time in corporate stocks and bonds, nor shall more than one per cent (1%) of said funds be invested in securities issued by any one (1) corporation, nor more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks and bonds eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase, and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors.

Investment review committee

Sec. 9a. The Mayor shall appoint an Investment Review Committee, consisting of three (3) qualified persons to be selected from the Trust Departments of the banks of the City of Houston, Texas. Such persons shall be experienced in securities and investment matters. The Investment Review Committee shall be appointed for a two-year term. Such Committee shall (a) review the investments of the Fund to determine their suitability and desirability for the Fund; (b) review the investment procedures and policies pursued by the Board in the administration of the Fund; and (c) submit an annual report of its findings and recommendations to the Pension Board of the Houston Police Officer's Pension System and the Mayor of the city within ninety (90) days after the end of each calendar year.

Transfer of existing pension fund

Sec. 10. Immediately upon passage of this Act, the city pension officer or anyone discharging the duties of the pension officer shall transfer the pro rata share of any existing pension fund to the Police Officers' Pension Fund.

Retirement; amount of pension

Sec. 11. (a) From and after the passage of this Act, any member of such Pension System who has been in the service of the city police department for the period of twenty (20) years shall be entitled to a retirement pension of an amount equal to thirty per cent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for the five (5) years preceding retirement.

(b) From and after the passage of this Act, any member of such Pension System who has been in the service of the city police department for a period of years in excess of twenty (20) years, and who elects to retire from the service of the police department, shall in addition to the thirty per cent (30%) of his base salary be paid an additional sum equal to one per cent (1%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. For example, a member with twenty-five (25) years service would be entitled to thirty-five per cent (35%); a member with thirty (30) years, forty per cent (40%); etc.

(c) It shall be compulsory for any member to retire from the service of the police department upon attaining the age of sixty-five (65) years. Failure of any member of the Pension System to comply with this provision shall deprive the member and his dependents of any of the benefits provided for herein. If at the time of retirement because of maximum age requirements, the member has completed less than twenty (20) years of service, his monthly retirement pension shall be prorated on the basis of one and one half per cent (1½%) of the base salary of the position of the member per month for each year of service completed.

(d) Upon a member's completion of twenty (20) years of service in the police department, the Pension Board shall issue to the member a certificate showing that he is entitled to the retirement pension. Thereafter when such member retires, whether such retirement be voluntary or involuntary, such monthly payment shall begin forthwith and continue for the remainder of the member's life. However, when such member has completed twenty (20) years service in the police department and if the physicians of the Pension Board agree that the member is physically fit to continue his active duties in the police department, they may so certify, and the member may continue in the service of the city police department until the member attains the age of sixty-five (65) years, at which time his retirement pension shall be computed as hereinbefore stated.

(e) No member shall be required to make any payments into the Pension Fund after the member has received the aforesaid certificate and the member has retired from the service of the police department.

Disability benefits

Sec. 12. Any member of the police department who becomes incapacitated for the performance of his duty by reason of any bodily injury received in, or illness caused by, the performance of his duty shall, upon presentation to the Pension Board of proof of permanent disability, be retired and shall receive a retirement allowance equal to the percentage of his disability. Such allowance shall be computed on the same basis as a service retirement with regard to length of service; for example, if the member is fifty per cent (50%) disabled, he shall receive one half ($\frac{1}{2}$) the retirement allowance granted a member as a service retirement for the period of service he has completed, provided that in case of a disability retirement before the member has completed twenty (20) years of service, he shall receive an allowance based on the minimum allowed for twenty (20) years service. Such allowance as is granted by the Pension Board shall be paid the member for the remainder of his life or so long as he remains incapacitated. When any member has been retired for permanent, total or partial disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member refuses to submit himself to any such examination, the Pension Board may, within its discretion, order the payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover, so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for the city in the police department, and such member is reinstated or tendered reinstatement to the position he held at the time of his retirement, then the Pension Board shall order such payment stopped. No person shall be retired either for total or partial disability unless he files with the Pension Board an application for allowance, at which time the Pension Board shall have him examined by no fewer than three (3) physicians, to be chosen by the Pension Board and who are to make their report to the Pension Board.

Rights of survivors

Sec. 13. (a) If any member of the police department who has been retired on allowance because of length of service or disability thereafter dies from any cause whatsoever, or dies from any cause whatsoever after he has become entitled to an allowance or pension certificate, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty, and leaves surviving a widow, a child or children under the age of eighteen (18) years or a dependent parent, the Board shall order paid a monthly allowance as follows: (a) to the widow, so long as she remains a widow, a sum equal to the allowance which was granted to the member at the time of retirement or which would have been granted to the member upon service or disability pension based on his length of service in the police department; (b) to the guardian of each child, the sum of Fifteen Dollars (\$15) a month until the child reaches the age of eighteen (18) years or marries; (c) to the dependent parent, only in case no widow is entitled to allowance, the sum the widow would have received, to be paid to but one (1) parent and such parent to be determined by the Pension Board; and (d) in the event the widow dies after being entitled to her allowance, or in the event there be no widow or dependent parent to receive such allowance, then the amount to be paid to the guardian of any dependent minor child or children under the age of eighteen (18) years shall be increased to the sum of Twenty-five Dollars (\$25) per month for each dependent child, provided

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

that such minor child under eighteen (18) years of age is unmarried. Allowance or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries.

(b) If any member of the Pension System has not completed ten (10) years or more years of service in the Police Department and is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving widow and/or dependent child or children shall be refunded any contributions which the member made to the Pension System, provided that only contributions made by the member himself shall be refunded.

Computation of length of service

Sec. 14. In computing the length of service required for retirement pension, continuous service shall be required; provided, however, that in case of interruption of less than two (2) years, credit shall be given for previous service. If out of service more than two (2) years, no service prior to the interruption shall be counted, other than as provided in Section 22.

Termination of employment; re-employment

Sec. 15. When any member of the Pension System leaves the employment of the police department other than as provided for in Section 12 or Section 22, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall cease to be a member of the Pension System. No member leaving the employment of the police department and the membership in the Pension System shall be refunded any money paid by the member into the System as contributions or any of the moneys paid into the System by any source except as stated in Section 13(b) and in Section 22. If such person is thereafter re-employed by the city police department, he shall thereupon be reinstated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician or physicians in the city, satisfactory to the Pension Board. Prior service of such member with the city police department shall not be counted toward his retirement pension unless such member returns to the service within two (2) years from his separation therefrom and makes within six (6) months after his re-employment by the city in the police department written application to the Pension Board for reinstatement in the Pension System.

Transfer from another department

Sec. 16. No prior credit shall be allowed for service to any person who transfers from some other department in the city to the police department. For example, if one is transferred from some other department of the city to the city police department, such person's service will be computed from the day he enters the city police department.

Donations

Sec. 17. The Police Officers' Pension System may accept gifts and donations, and such gifts and donations shall be added to the Pension Fund for the use of such system.

Conviction of felony

Sec. 18. Whenever any person who has been granted an allowance hereunder is convicted of a felony, then the Board shall order the allowance so granted or allowed such person discontinued, and in lieu thereof

shall order to be paid to his wife or dependent child, children, or dependent parent the amount herein provided to be paid such dependent or dependents in case of the death of the person so originally granted or entitled to allowance.

Legal advice

Sec. 19. The city attorney of the city shall handle all legal matters for the Pension System which are referred to him by the Pension Board or city without additional compensation therefor. The Pension Board may, however, if it deems necessary, employ outside advice to the exclusion of, or to assist, the city attorney, and pay reasonable compensation therefor out of the Pension Fund.

Exemption of benefits from execution, etc.; assignment

Sec. 20. No portion of the Pension Fund, either before or after its order of disbursement by the Pension Board, and no amounts due or to become due any beneficiary or pensioner under this Act, shall be held, seized, taken, subjected to, detained, or levied upon by virtue of any execution, attachment, garnishment, injunction, or other writ, and no order or decree, and no process or proceedings whatsoever, shall issue out of or by any court of this State for the payment or satisfaction, in whole or in part, out of the Pension Fund, of any debt, damage, claim, demand, or judgment against any members, pensioners, dependents, or any person whomsoever, nor shall such pension funds or any part thereof or any claim thereto, be directly or indirectly assigned or transferred. Any attempt to transfer or assign the same or any part thereof or any claim thereto shall be void. The Pension Fund shall be sacredly held, kept, and disbursed for the purposes provided in this Act, and for no other purpose whatsoever.

Actuary

Sec. 21. Such Pension Board may employ an actuary and pay his compensation therefor out of the Pension Fund no more than once every ten (10) years.

Members in military service

Sec. 22. Members of the Pension System engaged in active military service shall not be required to make the monthly payments into the Pension Fund provided for in this Act, nor shall they lose any previous years service with the city caused by such military service. Such military service shall count as continuous service in the police department provided that when the member is discharged from the military service, he shall return to the city police department under provisions of the city charter, and his military service shall not exceed the national emergency for that period of military service. The city, however, shall be required to make its regular monthly payments into the Pension Fund on each member while he is engaged in the military service. In the event of death of a member of the Pension System, either directly or indirectly caused from such military service, his widow or dependent parent or other dependents shall be entitled to receive a refund as stated in Section 13(b).

Actions for funds misapplied, etc.

Sec. 23. The Pension Board shall have the power and authority to recover by civil action from any offending party, or from his bondsman, if any, any moneys paid out or obtained from the Pension Fund through fraud, misrepresentation, theft, embezzlement, or misapplication, and may institute, conduct and maintain such action in the name of the Board for the use and benefit of such funds.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

Former employees on retirement when act enacted

Sec. 24. The former employees of any such police department now on retirement shall hereafter be paid a monthly pension out of the Pension Fund provided for herein in the same amount and under the same conditions as are provided herein for present and future employees of the Police Department becoming members of the Pension System. Re-enacted and amended Acts 1963, 58th Leg., p. 1262, ch. 485.

Effective 90 days after May 24, 1963, date of adjournment.

Art. 6243h. Texas Municipal Retirement System

Method of financing

Sec. V.

7. Endowment Fund:

(c) After the requirements of the interest reserve account and of the general reserves account of this Fund have been satisfied, the Board may transfer any balance of excess earnings remaining in the Interest Fund at the end of a calendar year to a special account in the Endowment Fund to be denominated the "distributive benefits account." If in the judgment of the Board the amount to the credit of the distributive benefit account at the end of the year is sufficient to warrant such action, the Board may by resolution:

(1) authorize the distribution and payment of all or part of said amount as a distributive benefit to the persons who were annuitants of the System on the last day of said calendar year in the ratio that the monthly benefit of each such annuitant bears to the total of all annuity payments made by the System for the final month of such year;

(2) authorize the distribution and application of all or part of said amount as supplemental interest earned by, and to be paid and credited to the respective individual accounts of members in the Employees Saving Fund, and to the respective accounts of participating municipalities in the Municipality Current Service Accumulation Fund, in the same manner that current interest was allowed to such accounts and in proportion to the current interest allowed such accounts for such calendar year. As amended Acts 1963, 58th Leg., p. 194, ch. 107, § 1.

Emergency. Effective May 7, 1963.

Creditable service

Sec. VI.

8. (1) Notwithstanding any provision of this Section VI or any other Section of this Article 6243h to the contrary, a person employed by two (2) or more participating municipalities shall be able to cumulate credits for the total "creditable service" rendered by such employee to all such municipalities if the following conditions are met:

a. Such employee must have accumulated at least twenty-two (22) years of "creditable service," as that term is defined herein, with the participating municipality for which such employee was employed when he first became a member of the Texas Municipal Retirement System, which accumulation shall have been earned through continuous employment with such municipality without break in service.

b. Such employee must have been employed by each such participating municipality on the effective date of participation of each such municipality.

c. As of the date of eligibility for retirement, as herein defined, such employee shall have been employed by a participating municipality.

d. There shall have been an interruption of continuous, cumulative employment by such employee with such municipalities wherein such cumulative credit for "creditable service" was earned of less than nine (9) months.

e. The total credits for "creditable service" with all municipalities wherein such credits were earned shall equal or exceed twenty-eight (28) years as of the date of retirement.

f. Such employee shall have earned a credit for "creditable service" from each such participating municipality of at least five (5) years.

If the foregoing conditions are met, the employee shall be able to cumulate his credits for "creditable service" rendered to two (2) or more municipalities in determining eligibility for retirement benefits, payments of benefits to such employee, and methods of financing the payment of such benefits. The Board shall adopt rules and regulations which shall divide equitably the cost attributable to the credits and benefits herein provided for between or among the municipalities wherein such credits were earned.

(2) The provisions of this subsection 8 of Section VI shall be applied retroactively in favor of all persons eligible for benefits under the provisions of said Article 6243h, as herein amended, from and after January 1, 1959. Persons who would have become eligible for benefits under the provisions of this Act prior to the enactment hereof and subsequent to January 1, 1959, shall make application therefor within 180 days from the date hereof and not later.

(3) The benefits inuring to employees under this subsection shall apply whether or not such employee has withdrawn his accumulated deposits or such deposits have been automatically withdrawn by lapse of time; provided that the Board shall adopt rules and regulations providing for the return of such withdrawals to the Fund or suitable adjustment of benefits to take into account such withdrawals. Added Acts 1963, 58th Leg., p. 611, ch. 223, § 1.

Effective 90 days after May 24, 1963, date of adjournment.

In addition to the above listed securities, the Board may invest not exceeding thirty-three and one-third per cent ($33\frac{1}{3}\%$) of the total of the assets of the System in corporate bonds, preferred stocks and common stocks of companies incorporated within the United States, which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase of such securities and which, except for bank and insurance company stocks, are listed upon an exchange registered with the Federal Securities and Exchange Commission or its successors; and provided further that not more than one per cent (1%) of the assets of the System shall be invested in securities issued by any one corporation, nor shall more than five per cent (5%) of the voting stock of any one corporation be owned by the System. In making each and all such investments the Board shall exercise the judgment and care under the circumstances which men of prudence, discretion and intelligence exercise in the management of their own affairs, taking into consideration not only the probable income derivable from such securities but as well the probable safety of the capital investment.

The Board shall have full power to sell, assign, exchange, or trade and transfer any of the securities in which the funds of the System at any time may be invested, and to use or reinvest the proceeds as, in the Board's judgment, the needs of the System require. Art. 6252—10a. Emergency Interim Public Office Succession Act

Title

Section 1. This Act shall be known and may be cited as the "Emergency Interim Public Office Succession Act."

Definitions

Sec. 2. Unless otherwise clearly required by the context, as used in this Act:

(a) "Unavailable" means either that a vacancy in office exists and there is no deputy authorized to exercise and discharge the duties of the office, or that the lawful incumbent of the office, including any deputy exercising the powers and discharging the duties of an office because of a vacancy, and his duly authorized deputy are absent or unable to exercise the powers and discharge the duties of the office.

(b) "Emergency interim successor" means a person designated pursuant to this Act, in the event the officer is unavailable, to exercise the powers and discharge the duties of an office until a successor is appointed or elected and qualified as may be provided by the Constitution and laws of this State, or until the lawful incumbent is able to resume the exercise of the powers and discharge the duties of the office.

(c) "Office" includes all State offices, the powers and duties of which are defined by the Constitution and laws of this State, except those of the Governor, Members of the Judiciary and Members of the Legislature, and all local offices, the powers and duties of which are defined by the Constitution and laws of this State or by charters and ordinances.

(d) "Attack" means any attack or series of attacks by an enemy of the United States causing, or which may cause, substantial damage or injury to civilian property or persons in the United States in any manner by sabotage or by the use of bombs, missiles, shell fire, or atomic, radiological, chemical, bacteriological or biological means or other weapons or processes.

State officers; designation of emergency interim successors; number; powers and duties

Sec. 3. All State officers, subject to such regulations as the Governor or other official authorized under the Constitution or other authority to exercise the powers and discharge the duties of the office of Governor may issue, shall, upon the taking effect of this Act, in addition to any deputy authorized pursuant to law to exercise all of the powers and discharge the duties of the office, designate by title emergency interim successors and specify their order of succession. The officer shall review and revise, as necessary, designations made pursuant to this Act to insure their current status. The officer shall designate a sufficient number of such emergency interim successors so that there will be not less than three (3) nor more than seven (7) such deputies or emergency interim successors or any combination thereof at any time. In the event that any

State officer is unavailable following an attack, and in the event his deputy, if any, is also unavailable, the said powers of his office shall be exercised and said duties of his office shall be discharged by his designated emergency interim successors in the order specified. Such emergency interim successors shall exercise said powers and discharge said duties only until such time as the Governor, under the Constitution or authority other than this Act, or other official authorized under the Constitution or laws of this State to exercise the powers and discharge the duties of the office of Governor may, where a vacancy exists, appoint a successor to fill the vacancy; or until a successor is otherwise appointed or elected and qualified as provided by law; or until the officer or his deputy or a preceding named emergency interim successor becomes available to exercise or resume the exercise of the powers and discharge the duties of his office.

Local officers; resolutions or ordinances designating emergency interim successors

Sec. 4. With respect to local offices for which the legislative bodies of cities, towns, counties and other units of government may enact resolutions or ordinances relative to the manner in which vacancies will be filled or temporary appointments to office made, such legislative bodies are hereby authorized to enact resolutions or ordinances providing for emergency interim successors to offices of the aforementioned governmental units. Such resolutions and ordinances shall not be inconsistent with the provisions of this Act.

Officers of political subdivisions; designation of emergency interim successors; number; powers and duties

Sec. 5. The provisions of this Section shall be applicable to officers of political subdivisions including, but not limited to, cities, towns, and counties, as well as fire, power and drainage districts not included in Section 4. Such officers, subject to such regulations as the executive head or heads of the political subdivision may issue, shall, upon the taking effect of this Act, designate by title, if feasible, or by named person, emergency interim successors and specify their order of succession. The officer shall review and revise, as necessary, designations made pursuant to this Act to insure their current status. The officer shall designate a sufficient number of persons so that there will be not less than three (3) nor more than seven (7) deputies or emergency interim successors, or any combination thereof, at any time. In the event that any officer of any political subdivision or his deputy provided for pursuant to this Law is unavailable, the powers of the office shall be exercised and duties shall be discharged by his designated emergency interim successor in the order specified. The emergency interim successor shall exercise the powers and discharge the duties of the office to which designated until such time as a vacancy which may exist shall be filled in accordance with the Constitution or laws of this State, or until the officer or his deputy or a preceding emergency interim successor again becomes available to exercise the powers and discharge the duties of his office.

Oath; bond

Sec. 6. At the time of their designation, emergency interim successors shall take such oath as may be required for them to exercise the powers and discharge the duties of the office to which they may succeed. A person, as a prerequisite to the exercise of the powers or discharge of the duties of an office to which he succeeds shall be required to comply with provisions of the law relative to taking office, including the bond and oath.

Exercise of powers and discharge of duties after attack; termination of authority

Sec. 7. Officials authorized to act, pursuant to this Act, as emergency interim successors are empowered to exercise the powers and discharge the duties of an office as herein authorized only after an attack upon the United States, as herein defined, has occurred. The Legislature, by concurrent resolution, may at any time terminate the authority of said interim successors to exercise the powers and discharge the duties of office as herein provided.

Service in designated capacity

Sec. 8. Until such time as the persons designated as emergency interim successors are authorized to exercise the powers and discharge the duties of an office in accordance with this Act, including Section 7 hereof, said persons shall serve in their designated capacities at the pleasure of the designating authority and may be removed or replaced by said designating authority at any time, with or without cause.

CHAPTER VII—EXECUTORS, ADMINISTRATORS, AND GUARDIANS

§ 236. Sums Allowable for Education and Maintenance of Ward

(a) Expenditures Directed by the Court

The Court may direct the guardian of the person to expend, for the education and maintenance of his ward, a sum in excess of the income of the ward's estate; otherwise, the guardian shall not be allowed, for the education and maintenance of the ward, more than the net income of the estate. When different persons have the guardianship of the person and estate of a ward, the guardian of the estate shall pay to the guardian of the person such sums as shall be fixed by the Court, at times specified

by the Court, for the education and maintenance of the ward, and, on failure to do so, shall be compelled to make such payment by order of the Court, after being duly cited.

(b) Court Approval of Previous Expenditures

When a guardian has in good faith expended funds from the corpus of his ward's estate for support and maintenance for emergency purposes, and when it is not convenient or possible to first secure approval of the Court, if the proof is clear and convincing that such expenditures were reasonable and proper and such that the Court would have granted authority to make the expenditures out of the corpus, and that the ward received the benefits of such expenditures, the judge, in the exercise of his sound discretion, may approve such expenditures in the same manner as if such expenditures were made by the guardian out of the income from the ward's estate. Provided, however, such expenditures may not exceed the sum of One Thousand Dollars (\$1,000). As amended Acts 1963, 58th Leg., p. 116, ch. 67, § 1.

Upon complaint by affidavit of any credible person that any licensee under the provisions of this Act has been guilty of, or has committed any of the acts mentioned in this Section, the Commission shall, after proper investigation and verification of information contained in the complaint, notify the licensee of the filing of such complaint and the date a hearing will be had thereon. After hearing, the Commission shall enter such order as to it appears proper under the facts presented. Either party may appeal from that decision to any District Court of the County where such licensee resides, where a trial shall be had in accordance with the Texas Rules of Civil Procedure. Art. 6675a-10. Apportionment of funds

Temporary registration permits for foreign commercial vehicles, see art. 6675a-6c.

Art. 6686. Dealer's license; notice of sale or transfer; temporary license plates

(a) Dealer's and Manufacturer's License Plates for Unregistered Motor Vehicles, Motorcycles, House Trailers, Trailers, and Semitrailers.

(1) Dealer's License. Any dealer in motor vehicles, motorcycles, house trailers, trailers, or semitrailers doing business in this State may, instead of registering each vehicle he operates or permits to be operated for any

reason upon the streets or public highways, apply for and secure a general distinguishing number which may be attached to any such vehicle he owns and operates or permits to be operated unregistered. A dealer within the meaning of this Act means any person, firm, or corporation customarily engaged in the business of buying, selling, or exchanging motor vehicles, motorcycles, house trailers, trailers, or semitrailers at an established and permanent place of business; provided, however, that at each such place of business a sign in letters at least six (6) inches in height must be conspicuously displayed showing the name of the dealership under which such dealer is doing business, and that each such place of business must have an office and sufficient space to display at least one (1) vehicle.

(2) **Manufacturer's License.** Any manufacturer of motor vehicles, motorcycles, house trailers, trailers, or semitrailers in this State may, instead of registering each new vehicle he may wish to test upon the streets or public highways, apply for and secure a general distinguishing number which must be attached to any such vehicle sent unregistered upon the highways for the purpose of testing; provided, however, that no load may be carried upon commercial motor vehicles so tested. A manufacturer within the meaning of this Act means any person, firm, or corporation who manufactures or assembles in this State new motor vehicles, motorcycles, house trailers, trailers, or semitrailers.

(3) **Buyer's Temporary Cardboard Tags.** Each dealer holding a current distinguishing number may issue temporary cardboard numbers, corresponding to such dealer's license number, which may be used by a buyer to operate an unregistered vehicle he purchased from said dealer for a period of ten (10) days from the date of purchase; provided, however, that a dealer may issue only one (1) buyer's tag to a purchaser for each unregistered vehicle said dealer sells. The specifications, color, and form of such buyer's cardboard tag shall be prescribed by the Department; provided, however, that each dealer shall be responsible for the safekeeping and distribution of all cardboard tags obtained by him; and furthermore, each dealer is responsible for showing in ink on each buyer's cardboard tag he issues the actual date of sale of each unregistered vehicle together with other information asked for thereon.

(4) **Dealer's Temporary Cardboard Tags.** Each dealer holding a current distinguishing number may issue temporary cardboard numbers, corresponding to such dealer's license number, which may only be used by such dealer or his employees for the following purposes:

[a] to demonstrate or cause to be demonstrated his unregistered vehicles to prospective buyers only for the purpose of sale; provided, however, that no provision of this Act shall be construed to prohibit a dealer from permitting a prospective buyer to operate such vehicles in the course of demonstration.

[b] to convey or cause to be conveyed his unregistered vehicles from the dealer's place of business in one part of the State to his place of business in another part of the State, or from his place of business to a place to be repaired, reconditioned, or serviced, or from the point in this State where such vehicles are unloaded to his place of business, including the moving of such vehicles from the State line to his place of business, and such vehicles displaying such tags while being so conveyed shall be exempt from the mechanical inspection requirements of Sections 140 and 141 of the Uniform Act Regulating Traffic on Highways.¹

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

Such tags shall not be used to operate vehicles for the personal use of a dealer or his employees. Whenever a dealer sells an unregistered vehicle to a retail purchaser, it shall be such dealer's responsibility to remove the Dealer's Temporary Cardboard Tag and to display the Buyer's Temporary Cardboard Tag thereon pursuant to Subsection (3) of this Act. The specifications, form, and color of such dealer's cardboard tags shall be prescribed by the Department.

(5) Cancellation of License. It shall be the duty of the Department to cancel the dealer's or manufacturer's license issued to a person, firm or corporation when such license was obtained by submitting false or misleading information; and the Department is hereby authorized to cancel dealer's licenses whenever a person, firm, or corporation fails, upon demand, to furnish within thirty (30) days to the Department satisfactory and reasonable evidence of being customarily engaged in the business of buying, selling, or exchanging new or used motor vehicles, motorcycles, house trailers, trailers, or semitrailers at either wholesale or retail; and, it is also provided that the Department may cancel dealer's or manufacturer's licenses issued under this Act for the violation of any provisions of this Act or for the misuse or for allowing the misuse of any cardboard tag authorized under this Act; and, furthermore, the Department is hereby authorized to cancel such licenses whenever a dealer refuses to show on such tags the date of sale or any other reasonable information required to be shown thereon by the Department; provided, however, that nothing in this Act shall be construed to prohibit new entries into the business of buying, selling, exchanging, or manufacturing such vehicles; and provided further that any dealer or manufacturer whose license was cancelled under the terms of this Act shall, within ten (10) days, surrender to a representative of the Department any and all license plates, cardboard tags, license stickers, or facsimiles thereof, and receipts issued pursuant to this Act. If any dealer or manufacturer shall fail to surrender to the Department the license plates, the cardboard tags, license stickers, or facsimiles thereof, and receipts as provided herein, the Department shall forthwith direct any peace officer to secure possession thereof and to return same to the Department. Whenever a dealer's or manufacturer's license is cancelled under the provisions of this Act, all benefits and privileges afforded to Texas licensed dealers or manufacturers under Article 1436—1, Penal Code of Texas, are automatically cancelled, also.

(6) Limited Use of Dealer's Plates and Tags. The use of dealer's license or facsimiles thereof is prohibited on service or work vehicles or on commercial vehicles carrying a load; provided, however, that a boat trailer carrying a boat will not be considered to be a commercial vehicle carrying a load, and a dealer complying with the provisions of this Act may affix to the rear of a boat trailer he owns or to the rear of a boat trailer he sells such dealer's distinguishing number or cardboard facsimiles thereof pursuant to the provisions of Subsections (1), (3) and (4) of this Act.

(7) Fees and Forms. Each applicant for a dealer's or manufacturer's general distinguishing number shall pay to the Department an annual fee of Twenty-five Dollars (\$25) for the first such number desired and Ten Dollars (\$10) for each additional number desired, and all such fees shall be deposited in the State Highway Fund. Applications for a dealer's or manufacturer's license plate shall be made in writing on forms prescribed and furnished by the Department, and such applications shall require any pertinent information to insure proper enforcement and administration; and, furthermore, each such application shall contain a statement to the effect that the applying dealer agrees to permit the Department to examine

during working hours the ownership papers for each vehicle, registered or unregistered, in the possession of said dealer or under his control. All facts stated in an application shall be sworn to before an officer authorized to administer oaths and no dealer's or manufacturer's distinguishing number shall be issued until this Act is complied with. All such applications for dealer's or manufacturer's licenses, accompanied by the prescribed fee, should be made to the Department by January 15 of each year and the license plates for those applications meeting the provisions of this Act will be mailed to the applicants during the succeeding months of February and March. Each dealer's and manufacturer's license shall expire at the expiration of the "Motor Vehicle Registration Year."

(8) Defining Vehicle. The term "vehicle" as used in this Act shall be construed to mean motor vehicle, motorcycle, house trailer, trailer, and semitrailer as defined in Article 6675a—1, Revised Civil Statutes.

(9) Defining Department. The term "Department" as used in this Act means the "Texas Highway Department."

(10) Since the operation of vehicles registered in other states is restricted to residents of such states, a dealer who purchases vehicles displaying out-of-state license plates must immediately remove the license plates from such vehicles; and, furthermore, no dealer shall operate or allow to be operated in Texas, for any reason whatsoever, a vehicle displaying out-of-state license plates.

(11) Rules and Regulations. The Department is hereby authorized to promulgate reasonable rules and regulations for the orderly administration of this Act.

(12) Change of Address. It shall be the duty of any dealer or manufacturer as defined in this Act and to whom dealer's or manufacturer's license plates have been issued to notify the Department of a change of address within ten (10) days after such address change.

(13) Display of Dealer's License Plates. The general distinguishing number and all temporary cardboard tags issued pursuant to this Act shall be displayed in a manner conforming to the Department's regulations pertaining to the display of such plates and tags on unregistered vehicles operating on the streets or highways of this State.

(14) Unauthorized Reproduction of Temporary Cardboard Tags. No one other than a dealer as defined in this Act and to whom a current distinguishing number has been issued shall be authorized to produce or reproduce by any means whatsoever a Buyer's or Dealer's Temporary Cardboard Tag, and, furthermore, no person, firm or corporation may operate vehicles displaying unauthorized cardboard tags. Any violation of the provisions of this Subsection shall be deemed a misdemeanor and the violator, upon conviction, shall be fined not less than Twenty-five Dollars (\$25) and not more than Two Hundred Dollars (\$200) and all costs of court.

(15) Penalty. Any dealer or manufacturer violating any provisions of this Act for the violation of which no other penalty is prescribed shall be deemed guilty of a misdemeanor, and on conviction, shall be fined not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200) and all the costs of court. As amended Acts 1961, 57th Leg., p. 36, ch. 23, § 1; Acts 1963, 58th Leg., p. 45, ch. 30, § 1.

Following the expiration of said five (5) day period the lessee of said motor vehicle or truck-tractor shall have in the cab thereof at all times while such motor vehicle or truck-tractor is being operated on the roads or highways of this state, a true copy of the original letter of acknowledgment, as provided herein, with the official stamp or seal of the Department affixed thereto.  3. Sixty (60) miles per hour for all other vehicles on any highway outside any urban district;
 4. The speed limits for any bus or other vehicle engaged in this State in the business of transporting passengers for compensation or hire, and for any commercial vehicle which is in authorized use as a "Highway Post Office" vehicle furnishing Highway Post Office service in the transportation of the United States mail shall be the same as prescribed for passenger cars at the same location.
 5. The above limitations notwithstanding, the following prima facie maximum limits are declared, for any highway outside any urban district:
 - a. Forty-five (45) miles per hour for any vehicle towing any house trailer of actual or registered gross weight exceeding four thousand, five hundred (4,500) pounds or with an over-all length exceeding thirty-two (32) feet, excluding the tow bar.
 - b. Sixty (60) miles per hour in daytime and fifty-five (55) miles per hour during nighttime for any truck, truck tractor, trailer or semitrailer, or for any vehicle towing any trailer, semitrailer, another motor vehicle, or any house trailer of actual or registered gross weight, less than four thousand, five hundred (4,500) pounds and over-all length of thirty-two (32) feet or less, excluding the tow bar.
 - c. Fifty (50) miles per hour for any school bus.
- "Daytime" means from one half ($\frac{1}{2}$) hour before sunrise to one half ($\frac{1}{2}$) hour after sunset, and "nighttime" means at any other hour.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

"Urban District" means the territory contiguous to and including any highway or street which is built up with structures devoted to business, industry or dwelling houses, situated at intervals of less than one hundred (100) feet for a distance of one-quarter of a mile or more.

"Passenger car" means every motor vehicle, except motorcycles and motor-driven cycles, designed for carrying ten (10) passengers or less and used for the transportation of persons.

The maximum speed limits set forth in this Section may be altered as authorized in Sections 167, 168 and 169.

(b) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(c) The driver of every vehicle shall, consistent with the requirements of paragraph (b), drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. Added Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

Authority of State Highway Commission to alter maximum speed limits

Sec. 167. (a) Whenever the State Highway Commission shall determine upon the basis of an engineering and traffic investigation that any prima facie maximum speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the highway system, taking into consideration the width and condition of the pavement and other circumstances on such portion of said highway as well as the usual traffic thereon, said State Highway Commission may determine and declare a reasonable and safe prima facie maximum speed limit thereat or thereon, by proper order of the Commission entered on its minutes, which limit, when appropriate signs giving notice thereof are erected, shall be effective at such intersection or other place or part of the highway system at all times or during hours of daylight or darkness, or at such other times as may be determined; provided, however, that said State Highway Commission shall not have the authority to modify or alter the rules established in paragraph (b) of Section 166, nor to establish a speed limit higher than seventy (70) miles per hour; and provided further that the speed limits for vehicles described in paragraphs a, b, and c of subdivision 5 of Subsection (a) of Section 166 shall not be increased.

(b) The authority of the State Highway Commission to alter maximum speed limits shall exist with respect to any part of any highway, road or street officially designated or marked by the State Highway Commission as part of the State Highway System. Also, this authority shall exist both within and without the limits of an incorporated city, town or village, including Home Rule Cities, with respect to highways declared to be limited-access or controlled-access highways as defined by this Act.

(c) The State Highway Commission shall, in conducting the engineering and traffic investigation specified in paragraph (a) of Section 167, follow its "Procedure for Establishing Speed Zones" which is in use

on the effective date of this Act and as same may be subsequently revised for reasons of technological advancements in traffic operation, design and construction of highways and motor vehicles, as well as the safety of the motoring public. Added Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

**Authority of Texas Turnpike Authority to alter maximum
prima facie speed limits on turnpike projects**

Sec. 168. (a) Whenever the Texas Turnpike Authority shall determine upon the basis of an engineering and traffic investigation that any maximum prima facie speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a turnpike constructed and maintained by it, taking into consideration the width and condition of the pavement and other circumstances on such portion of said turnpike as well as the usual traffic thereon, the Legislature hereby directs the Texas Turnpike Authority to determine and declare a reasonable and safe maximum prima facie speed limit thereat or thereon, by proper order of the Authority entered on its minutes, for all vehicles or for any class or classes of vehicles hereinabove established, which limit, when appropriate signs giving notice thereof are erected, shall be effective at such intersections or other places or part of the highway at all times or during hours of daylight or darkness, or at such other times as may be determined.

(b) The authority of the Texas Turnpike Authority to alter maximum prima facie speed limits shall be effective upon any part of any turnpike project constructed and maintained by it pursuant to House Bill No. 4, Chapter 410, Acts of 1953, Fifty-third Legislature, Regular Session, codified as Article 6674v, Vernon's Revised Civil Statutes of Texas, as same may be amended, both within and without the corporate limits of any incorporated city, town or village, including Home Rule Cities. Such authority shall be exclusive with respect to any such project, and the authorities prescribed in Sections 167 and 169 shall not apply upon any part of any such turnpike project; provided, however, that should any turnpike constructed by the Texas Turnpike Authority ever become a part of the designated State Highway System, the State Highway Commission shall then have the sole authority to alter maximum prima facie speed limits thereon as prescribed in Section 167. The Texas Turnpike Authority shall not have the authority to alter the basic rule established in paragraph (a) of Section 166 nor to establish a speed limit higher than seventy (70) miles per hour.

(c) The Texas Turnpike Authority shall, in conducting the engineering and traffic investigations specified in paragraph (a) of Section 168, following the "Procedure for Establishing Speed Zones" prepared by the Texas Highway Department which is in use on the effective date of this Act and as same may be subsequently revised for reasons of technological advancements in traffic operation, design and construction of highways and motor vehicles, as well as the safety of the motoring public. Added Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

**Authority of County Commissioners Court and governing bodies of
incorporated cities, towns and villages to alter maximum
prima facie speed limits**

Sec. 169. (a) The County Commissioners Court of any county with respect to county highways or roads outside the limits of the right-of-way of any officially designated or marked highway, road or street of the State Highway System and outside the limits of any incorporated city, town or village shall have the same authority by order of the County Commissioners

Court entered upon its records to alter maximum prima facie speed limits upon the basis of an engineering and traffic investigation as that delegated to the State Highway Commission with respect to any officially designated or marked highway, road or street of the State Highway System; provided that under no circumstances shall any County Commissioners Court have the authority to modify or alter the basic rule established in paragraph (a) of Section 166 nor to establish a speed limit higher than sixty (60) miles per hour.

(b) The governing body of an incorporated city, town or village with respect to any highway, street or part of a highway or street, including those marked as a route of a highway of the State Highway System, within its corporate limits, shall have the same authority by city ordinance to alter maximum prima facie speed limits upon the basis of an engineering and traffic investigation as that delegated to the State Highway Commission with respect to any officially designated or marked highway, road or street of the State Highway System; provided that under no circumstances shall any such governing body have the authority to modify or alter the basic rule established in paragraph (a) of Section 166, nor to establish a speed limit higher than sixty (60) miles per hour, and provided, further, that any order of the State Highway Commission declaring a speed limit upon any part of a designated or marked route of the State Highway System made pursuant to Section 167 shall supersede any city ordinance in conflict therewith. Added Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

Minimum speed regulations

Sec. 170. (a) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

(b) Whenever the State Highway Commission, County Commissioners Court or the governing body of any incorporated city, town or village, within their respective jurisdictions, as specified in Sections 167 and 169, determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the said State Highway Commission, County Commissioners Courts or governing body of an incorporated city, town or village, are hereby empowered and may determine and declare a minimum speed limit thereat or thereon, and when appropriate signs are erected, giving notice of such minimum speed limit, no person shall drive a vehicle below that limit except when necessary for safe operation or in compliance with law. Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

Charging violations and rule in civil cases

Sec. 171. (a) In every charge of violation of any speed regulation in this Act, the complaint, also the summons or notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the maximum or minimum speed limit applicable within the district or at the location.

(b) The provisions of this Act declaring maximum or minimum speed limitations shall not be construed to relieve the plaintiff in any action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident. Added Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

Exceptions to speed law

Sec. 172. The provisions of this Article regulating speeds of vehicles shall not apply to vehicles operated by the fire department of any city, town or village responding to calls, nor to police patrols, nor to physicians and/or ambulances responding to emergency calls, provided that incorporated cities and towns may by ordinance regulate the speed of ambulances. Added Acts 1963, 58th Leg., p. 455, ch. 161, § 1.

Effective 90 days after May 24, 1963, date of adjournment.

Art. 6701h. Safety Responsibility Law**Definitions****Section 1.**

10. "Proof of Financial Responsibility." Proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance or use of a motor vehicle, in the amount of Ten Thousand Dollars (\$10,000) because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, in the amount of Twenty Thousand Dollars (\$20,000) because of bodily injury to or death of two (2) or more persons in any one accident, and in the amount of Five Thousand Dollars (\$5,000) because of injury to or destruction of property of others in any one accident. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 1.

Emergency. Effective Jan. 1, 1964.

Administration of act; appeal to court; stay order; proof of financial responsibility; maintaining proof with department

Sec. 2.

(b) Any order or act of the Department, under the provisions of this Act, may be subject to review within thirty (30) days after notice thereof, or thereafter for good cause shown, by appeal to the County Court at Law at the instance of any party in interest and in the county wherein the person aggrieved by such order or act resides, or if there be no County Court at Law therein, then in the County Court of said county, or if there be no County Court having jurisdiction, then such jurisdiction shall be in the District Court of said county, and such Court is hereby vested with jurisdiction, and such appeal shall be by trial de novo. The Court shall determine whether the filing of the appeal shall operate as a stay of any such order or decision of the Department, with the exception that no stay order shall be granted staying an order of suspension by the Department of Public Safety that is based on a final judgment rendered against any person in this State by a court of competent jurisdiction growing out of the use of a motor vehicle in this State when said judgment is a subsisting final judgment and unsatisfied; further, an appeal shall not operate as a stay of any such other orders or decisions of the Department of Public Safety where the aggrieved party was involved in an accident involving a motor vehicle which he was operating if he was charged with a violation of any of the laws of the State of Texas, or any of its political subdivisions, and said complaint or indictment is pending at the time the appeal from an order or decision of the Department of Public Safety is filed, unless the aggrieved party shall file proof of financial responsibility with the Department of Public Safety as a condition precedent to the obtaining of said stay and maintain said proof of financial responsibility until dismissal of

said complaint or indictment or for such period of time as provided for in Section 2(d) of this Act. If the aggrieved party shall at the time of said appeal in lieu of proof of financial responsibility file with the court and the Department of Public Safety an affidavit setting forth specific facts which would entitle the aggrieved party to an acquittal of the complaint or indictment filed against the aggrieved party, he shall be entitled to a temporary stay of the order of the Department of Public Safety without the necessity of filing proof of financial responsibility. Upon the filing of such affidavit, the cause shall take priority upon the court's docket in said Court where said complaint or indictment is pending and if the same is not tried within forty-five (45) days from the date of filing of such complaint or indictment, shall thereafter be subject to transfer to such county or District Court of an adjoining county upon the filing of a motion thereof by the aggrieved party. If within ninety (90) days from the date of the original suspension or order by the Department of Public Safety, the Department has not received a certified copy of a judgment of the court acquitting the aggrieved party, the Department of Public Safety shall again order the driver's license and the registrations of all motor vehicles registered in the aggrieved party's name suspended and from this said order of the Department of Public Safety, no appeal shall operate as a stay unless the aggrieved party files with the Department of Public Safety, as an absolute condition precedent to the obtaining of a stay, proof of financial responsibility and maintain said proof of financial responsibility until said complaint or indictment has been dismissed or if the aggrieved party has plead guilty or been convicted for the period of time provided for in Section 2(d) of this Act. Upon the disposition of said complaint or indictment either by a plea of guilty or final conviction, the aggrieved party who shall have plead guilty or been finally convicted and has previously filed proof of financial responsibility as a condition precedent to obtaining a stay from an order of suspension of the Department of Public Safety, must maintain said proof of financial responsibility with the Department of Public Safety for that period of time provided for in Section 2(d) of this Act. If no stay order has been previously applied for prior to a plea of guilty or final conviction, the aggrieved party can obtain a stay from any order or decision of the Department of Public Safety if said party will file with the Department of Public Safety as a condition precedent to the obtaining of a stay of said order or decision proof of financial responsibility and maintain said proof of financial responsibility as provided for in Section 2(d) of this Act. Where the aggrieved party has been found not guilty to the complaint or indictment filed against him, or said complaint or indictment has been dismissed, filing of proof of financial responsibility shall not be a condition precedent to the granting of a stay from any order or decision of the Department of Public Safety, and prior filing of proof of financial responsibility with the Department of Public Safety as a condition precedent to obtaining a stay from an order or decision of the Department of Public Safety, may be withdrawn. The above provision restricting the granting of a stay order in appeals where the aggrieved party has been charged with the violation of any of the laws of the State of Texas or of any of the political subdivisions shall also limit any court in this State in any original action brought against the Department of Public Safety to enjoin or order the enforcement of any order of the Department of Public Safety issued under this Act. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 2.

(d) Whenever a person has been convicted or pleads guilty to a violation of any of the laws of the State of Texas, or its political subdivisions, growing out of a motor vehicle accident, as specified in Section 2(b) of

this Act, and said party is required to file proof of financial responsibility as a condition precedent to the obtaining of a stay of any order or decision of the Department of Public Safety, said proof of financial responsibility shall be maintained with said Department of Public Safety by said party for a period of three (3) years from date of final conviction or plea of guilty. Added Acts 1963, 58th Leg., p. 1320, ch. 506, § 2.

Emergency. Effective Jan. 1, 1964.

Report required following accident

Sec. 4. The operator of every motor vehicle which is in any manner involved in an accident within the State, in which any person is killed or injured or in which damage to the property of any one person, including himself, to an apparent extent of at least One Hundred Dollars (\$100) is sustained, shall within ten (10) days after such accident report the matter in writing to the Department. Such report, the form of which shall be prescribed by the Department, shall contain information to enable the Department to determine whether the requirements for the deposit of security under Section 5 are inapplicable by reason of the existence of insurance or other exceptions specified in this Act. Any written report of accident in accordance with Section 44, Chapter 421, Acts of the Fiftieth Legislature, Regular Session, 1947, as last amended by Chapter 363, Acts of the Fifty-third Legislature, Regular Session, 1953, compiled as Article 6701d, Section 44, Vernon's Texas Civil Statutes, if actually made to the Department, shall be sufficient provided it also contains the information required herein. The Department may rely upon the accuracy of the information unless and until it has reason to believe that the information is erroneous. If such operator be physically incapable of making such report, the owner of the motor vehicle involved in such accident shall, within ten (10) days after learning of the accident, make such report. The operator or the owner shall furnish such additional relevant information as the Department shall require. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 3.

Emergency. Effective Jan. 1, 1964.

Security; determination of amount; suspension of license and registrations; notice; exceptions

Sec. 5. (a) If twenty (20) days after the receipt of a report of a motor vehicle accident within this State which has resulted in bodily injury or death, or damage to the property of any one person of at least One Hundred Dollars (\$100), the Department does not have on file evidence satisfactory to it that the person who would otherwise be required to file security under Subsection (b) of this Section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the Department shall determine the amount of security which shall be sufficient in its judgment, and in no event less than Two Hundred Dollars (\$200) to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.

(b) The Department shall, within sixty (60) days after the receipt of such report of a motor vehicle accident, suspend the license and all registrations of each operator and owner of a motor vehicle in any manner involved in such accident, and if such operator or owner is a nonresident the privilege of operating a motor vehicle within this State, and the privilege of the use within this State of any motor vehicle owned by him unless

such operator, owner or operator and owner shall deposit security in the sum so determined by the Department and in no event less than Two Hundred Dollars (\$200), and unless such operator and owner shall give proof of financial responsibility; provided notice of such suspension shall be sent by the Department to such operator and owner not less than ten (10) days prior to the effective date of such suspension and shall state the amount required as security and the necessity for proof of financial responsibility. Where erroneous information is given the Department with respect to the matters set forth in subdivisions 1, 2 and 3 of Subsection (c) of this Section, it shall take appropriate action as hereinbefore provided, within sixty (60) days after receipt by it of correct information with respect to said matters.

(c) This Section shall not apply under the conditions stated in Section 6 nor:

1. To such operator or owner if such owner had in effect at the time of such accident a motor vehicle liability policy with respect to the motor vehicle involved in such accident;

2. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident a motor vehicle liability policy or bond with respect to his operation of motor vehicles not owned by him;

3. To any person employed by the government of the United States, when such person is acting within the scope or office of his employment;

4. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the Department, covered by any other form of liability insurance policy or bond; nor

5. To any person qualifying as a self-insurer under Section 34 of this Act, or to any person operating a motor vehicle for such self-insurer.

No such policy or bond shall be effective under this Section or under Section 7 unless issued by an insurance company or surety company authorized to write motor vehicle liability insurance in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle which was registered elsewhere than in this State at the effective date of the policy, or the most recent renewal thereof, such policy or bond shall not be effective under this Section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the Department to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; providing, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than Ten Thousand Dollars (\$10,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than Twenty Thousand Dollars (\$20,000) because of bodily injury to or death of two (2) or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than Five Thousand Dollars (\$5,000) because of injury to or destruction of property of others in any one accident.

6. Wherever the word 'bond' appears in this Section or this Act, it shall mean a bond filed with and approved by the Department of Public Safety. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 4.

Emergency. Effective Jan. 1, 1964.

Further exceptions to requirement of security

Sec. 6. The requirements as to security, proof of financial responsibility and suspension in Section 5 shall not apply:

1. To the operator or the owner of a motor vehicle involved in an accident wherein no injury or damage was caused to the person or property of any one other than such operator or owner;

2. To the operator or the owner of a motor vehicle legally parked or legally stopped at a traffic signal at the time of the accident;

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without his permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission; nor

4. If, prior to the date that the Department would otherwise suspend license and registration or nonresident's operating privilege under Section 5, there shall be filed with the Department evidence satisfactory to it that the person, who would otherwise have to file security and proof, has been released from liability or been finally adjudicated not to be liable or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 5.

Emergency. Effective Jan. 1, 1964.

Duration of suspension

Sec. 7. The license and registration and nonresident's operating privilege suspended as provided in Section 5 shall remain so suspended and shall not be renewed nor shall any such license or registration be issued to such person until:

1. Such person shall deposit and file or there shall be deposited and filed on his behalf the security and proof required under Section 5 and under this Section; or

2. Two (2) years shall have elapsed following the date of such accident and evidence satisfactory to the Department has been filed with it that during such period no action for damages arising out of the accident has been instituted, provided such person files proof of financial responsibility; or

3. Evidence satisfactory to the Department has been filed with it of a release from liability, or a final adjudication of nonliability, or a duly acknowledged written agreement, in accordance with subdivision 4 of Section 6; provided, however, in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the Department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until

(a) Such person deposits and thereafter maintains security as required under Section 5 in such amount as the Department may then determine and files proof of financial responsibility; or

(b) Two (2) years shall have elapsed following the date when such security was required and during such period no action upon such agreement has been instituted in a court in this State, provided such person

gives proof of financial responsibility. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 6.

Emergency. Effective Jan. 1, 1964.

Reinstatement—Fees

Sec. 7A. Whenever a license or registration, or nonresident's operating privilege is suspended and the filing of proof of financial responsibility is, under this Article, made a prerequisite to reinstatement thereof, or to the issuance of a new license or registration, no such license or registration, or nonresident's operating privilege shall be reinstated or new license or registration shall be issued unless the licensee or registrant or nonresident, in addition to complying with other provisions of this Article, pays to the Department a fee of Ten Dollars (\$10) in addition to any other fees which may be required by law. Only one such fee shall be paid by any one person regardless of the number of licenses and registrations to be reinstated for or issued to such person in connection with such payment.

The fees paid pursuant to this Section shall be used by the Department to administer the provisions of this Article. Acts 1951, 52nd Leg., p. 1210, ch. 498, § 7A, added Acts 1963, 58th Leg., p. 1320, ch. 506, § 7.

Emergency. Effective Jan. 1, 1964.

Application to non-residents, unlicensed drivers; unregistered motor vehicles and accidents in other states

Sec. 8.

(c) Upon receipt of such certification that the operating privilege of a resident of this State has been suspended or revoked in any such other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident or to file proof of financial responsibility, under circumstances which would require the Department to suspend a nonresident's operating privilege had the accident occurred in this State, the Department shall suspend the license and all the registrations of such resident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other state relating to the deposit of such security and proof of financial responsibility. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 8.

Emergency. Effective Jan. 1, 1964.

Form and amount of security

Sec. 9. The security required under this Article may be by cash deposit or by bond written by an insurance company duly authorized to execute surety bonds in this State in the amount the Department may require or in such other form and in such amount as the Department may require but in no case less than Two Hundred Dollars (\$200) nor in excess of the limits specified in Section 5 in reference to the acceptable limits of a policy. The person depositing security shall specify in writing the person or persons on whose behalf the deposit is made and, at any time while such deposit is in the custody of the Department or the State Treasurer of the State of Texas, the person depositing it may, in writing, amend the specification of the person or persons on whose behalf the deposit is made to include an additional person or persons; provided, however, that a single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident and the same motor vehicle.

The Department may reduce the amount of security ordered in any case within six (6) months after the date of the accident if, in its judgment, the amount ordered is excessive. In case the security originally ordered has been deposited the excess deposited over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith, notwithstanding the provisions of Section 10. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 9.

Emergency. Effective Jan. 1, 1964.

Custody, disposition and return of security

Sec. 10. "Cash" security deposited in compliance with the requirements of this Article shall be placed by the Department in the custody of the State Treasurer and shall be applicable only to the payment of a judgment or judgments rendered against the person or persons on whose behalf the deposit was made, for damages arising out of the accident in question in an action at law, begun not later than two (2) years after the date of such accident, or within two (2) years after the date of deposit of any security under Subdivision 3 of Section 7, or to the payment in settlement, agreed to by the depositor, of a claim or claims arising out of such accident. Such deposit or any balance thereof shall be returned to the depositor or his personal representative when evidence satisfactory to the Department has been filed with it that there has been a release from liability, or a final adjudication of nonliability, or a duly acknowledged agreement, in accordance with Subdivision 4 of Section 6, or whenever, after the expiration of two (2) years from the date of the accident, or within two (2) years after the date of deposit of any security under Subdivision 3 of Section 7, the Department shall be given reasonable evidence that there is no such action pending and no judgment rendered in such action left unpaid. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 10.

Emergency. Effective Jan. 1, 1964.

Matters not to be evidence in civil suits

Sec. 11. Upon the filing of the report required by Section 4, the action taken by the Department pursuant to this Article, the findings, if any, of the Department upon which such action is based, nor the security or proof of financial responsibility filed as provided in this Article shall be referred to in any way, nor be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 11.

Emergency. Effective Jan. 1, 1964.

Suspension for non-payment of judgments; exceptions; filing evidence of insurance and original policy

Sec. 13. (a) Upon the receipt of a certified copy of a judgment, the Department shall forthwith suspend the license and all registrations and any nonresident's operating privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this Section and in Section 16 of this Act.

(b) If the judgment creditor consents in writing, in such form as the Department may prescribe, that the judgment debtor be allowed license and registration or nonresident's operating privilege, the same may be allowed by the Department, in its discretion, for six (6) months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any

installments thereof prescribed in Section 16, provided the judgment debtor furnishes proof of financial responsibility.

(c) Notwithstanding any other provision of this Act any person whose license, registration or nonresident's operating privilege has been suspended, or is about to be suspended or shall become subject to suspension under this Article, may relieve himself from the effect of the judgment by filing with the Department satisfactory evidence that there was in effect at the time of the accident out of which the judgment arose a policy of liability insurance covering the operation of the motor vehicle involved and filing with the Department an affidavit stating that at the time of the accident upon which the judgment has been rendered he was insured, that the insurer is liable to pay such judgment, and the reason, if known, why the insurance company has not paid the judgment. He shall also file the original policy of insurance or a certified copy thereof, if available, and such other documents as the Department may require to show that the loss, injury, or damage for which the judgment was rendered, was covered by the policy of insurance.

If the Department is satisfied from such papers that the insurer was authorized to issue the policy of insurance in this State at the time of issuing the policy and that such insurer is liable to pay such judgment, at least to the extent and for the amounts provided in this Article, the Department shall not suspend the license, registration or nonresident's operating privilege, or if already suspended, shall reinstate them.

Any person whose license, registration or nonresident's operating privilege has heretofore been suspended under the provisions of this Article may take advantage of this Section. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 12.

Emergency. Effective Jan. 1, 1964.

Payments sufficient to satisfy requirements

Sec. 15. Judgments herein referred to shall, for the purpose of this Act only, be deemed satisfied:

1. When Ten Thousand Dollars (\$10,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident;
2. When, subject to such limit of Ten Thousand Dollars (\$10,000) because of bodily injury to or death of one person, the sum of Twenty Thousand Dollars (\$20,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two (2) or more persons as the result of any one accident; or
3. When Five Thousand Dollars (\$5,000) has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident;

Provided, however, payments made in settlement of any claims because of bodily injury, death or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this Section. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 13.

Emergency. Effective Jan. 1, 1964.

(c) Licenses and registrations suspended or revoked under this Section shall remain suspended or revoked and shall not at any time thereafter be renewed nor shall any license be thereafter issued to such person, nor shall any motor vehicle be thereafter registered in the name of such person until permitted under the Motor Vehicle Laws of this State and not then unless and until he shall give and thereafter maintain proof of financial responsibility.

(d) If a person is not licensed but by final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for (or pleads guilty to any such offense) any offense requiring the suspension or revocation of license, or for operating a motor vehicle upon the highways without being licensed to do so, or for operating an unregistered motor vehicle upon the highways, no license shall thereafter be issued to such person and no motor vehicle shall continue to be registered or thereafter be registered in the name of such person until he shall give and thereafter maintain proof of financial responsibility.

Sec. 21. (a) A "motor vehicle liability policy" as said term is used in this Act shall mean an owner's or an operator's policy of liability insurance, certified as provided in Section 19 or Section 20 as proof of financial responsibility, and issued, except as otherwise provided in Section 20, by an insurance company duly authorized to write motor vehicle liability insurance in this State, to or for the benefit of the person named therein as insured. As amended Acts 1963, 58th Leg., p. 1320, ch. 506, § 15.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

1. Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

2. Shall pay on behalf of the insured named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, all sums which the insured shall become legally obligated to pay as damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: Ten Thousand Dollars (\$10,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, Twenty Thousand Dollars (\$20,000) because of bodily injury to or death of two (2) or more persons in any one accident, and Five Thousand Dollars (\$5,000) because of injury to or destruction of property of others in any one accident. (b) Such deposit shall be held by the State Treasurer to satisfy, in accordance with the provisions of this Act, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. 2. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

3. In the event the person who has given proof surrenders his license and registration to the Department;

Provided, however, that the Department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has, within two (2) years immediately preceding such request, been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the Department.

Whenever any person whose proof has been cancelled or returned under Subdivision 3 of this Section applies for a license or registration within a period of five (5) years from the date proof was originally required, any such application shall be refused unless the applicant shall re-establish such proof for the remainder of such five-year period. Adherence to safety compact agreements

Sec. 2. The Governor is hereby authorized to declare the adherence of this state to safety compact agreements with any state in order to:

(1) Promote uniformity in regulation of and standards for vehicle equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes.

Safety compact agreement; regulations relating to vehicle equipment safety; provisions of compact

Sec. 3. The safety compact agreement authorized in Section 2 of this Act shall provide for the adoption by this state of rules, regulations or codes relating to vehicle equipment safety in the manner contemplated by Article V subsection (e) of the Vehicle Equipment Safety Compact, and shall provide substantially the following:

VEHICLE EQUIPMENT SAFETY COMPACT

ARTICLE I

Findings and Purposes

(a) The party states find that:

(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this Article.

(c) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II

Definitions

As used in this compact:

(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(b) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(c) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III

The Commission

(a) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

(b) The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, a vice-chairman and a treasurer. The commission may appoint an Executive Director and fix his duties and compensation. Such Executive Director shall serve at the pleasure of the commission, and together with the Treasurer shall be bonded in such amount as the commission shall determine. The Executive Director also shall serve as secretary. If there be no Executive Director, the commission shall elect a Secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director with the approval of the commission, or the commission if there be no Executive Director, shall appoint, remove or discharge such personnel as may be necessary

for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(f) The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional program of employee benefits as may be appropriate.

(g) The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivision.

(h) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

(i) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(j) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(k) The commission annually shall make to the Governor and Legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV

Research and Testing

The Commission shall have power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(b) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(d) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V

Vehicular Equipment

(a) In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this Article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this Article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(d) The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this Article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(e) If the constitution of a party state requires, or its Statutes provide, the approval of the Legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the Legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this Article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(g) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this Article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by

such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI

Finance

(a) The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the Legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third in equal shares, and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as, in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III(h) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III(h) hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become a part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII

Conflict of Interest

(a) The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their al-

ternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission, or in its behalf, for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this Article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

(b) Nothing contained in this Article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII

Advisory and Technical Committees

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX

Entry into Force and Withdrawal

(a) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a Statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applica-

bility thereof to any government, agency, person, or circumstance shall not be affected thereby. (C) **Business.** "Business" includes any activity engaged in by any person or caused to be engaged in by him with the object of gain, benefit or advantage, either direct or indirect.

(a) The cost of the tangible personal property sold. However, in accordance with such rules and regulations as the Comptroller may prescribe, a deduction may be taken if the retailer has purchased tangible personal property for some purpose other than resale, has reimbursed his vendor for tax which the vendor is required to pay to the State or has paid the use tax with respect to the tangible personal property, and has resold the tangible personal property prior to making any use of the tangible personal property other than retention, demonstration or display while holding it for sale in the regular course of business. If such a deduction is taken by the retailer, no refund or credit will be allowed to his vendor with respect to the sale of the tangible personal property.

(b) The cost of the materials used, labor or service costs, interest paid, losses or any other expenses.

(c) The cost of transportation of the tangible personal property prior to its sale to the purchaser.

(3) Any transfer of all or substantially all the property held or used by a person in the course of an activity when after such transfer the real or ultimate ownership of such property is substantially similar to that which existed before such transfer. (T) Contractor or Repairman. "Contractor" or "Repairman" shall mean any person who performs any repair services upon tangible personal property or who performs any improvement upon real estate, and who, as a necessary and incidental part of performing such services, incorporates tangible personal property belonging to him into the property being so repaired or improved. (1) Every person desiring to engage in or to conduct business as a seller within this State shall file with the Comptroller an application for a permit for each place of business.

(2) Every application for a permit shall:

(a) Be made upon a form prescribed by the Comptroller.

(b) Set forth the name under which the applicant transacts or intends to transact business and the location of his place or places of business.

(c) Set forth such other information as the Comptroller may require.

(d) The application shall be signed by the owner if he is a natural person; in the case of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.

(D) Limited Sales Permit Issuances. After compliance with paragraph (C) of this Article by the applicant, the Comptroller shall grant and issue to each applicant without charge a separate permit for each place of business within the State. A permit shall not be assignable and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall at all times be conspicuously displayed at the place for which issued.

(E) Revocation, Suspension of Permit: Procedure.

(1) Whenever any person fails to comply with any provision of this Chapter relating to the limited sales tax or with any rule or regulation of the Comptroller relating to such tax prescribed and adopted under this Chapter, the Comptroller upon hearing, after giving the person twenty (20) days' notice in writing specifying the time and place of hearing and requiring him to show cause why his permit or permits should not be revoked, may revoke or suspend any one or more of the permits held by the person.

(2) The Comptroller shall give to the person written notice of the suspension or revocation of any of his permits.

(3) The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(4) The Comptroller shall not issue a new permit after the revocation of a permit unless he is satisfied that the former holder of the permit will comply with the provisions of this Chapter relating to the limited sales tax and the regulations of the Comptroller. The Comptroller may prescribe the terms under which a suspended permit may be reissued.

(5) The action of the Comptroller may be appealed by the taxpayer in the same manner as a final deficiency determination.

(F) Presumption of Taxability: Resale Certificate. For the purpose of the proper administration of this Chapter and to prevent evasion of the limited sales tax it shall be presumed that all gross receipts are subject to the tax until the contrary is established.

The burden of proving that a sale of tangible personal property is not a sale at retail is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the tangible personal property

is purchased for the purpose of reselling, leasing or renting it in the regular course of business.

(G) Effect of Resale Certificate. The resale certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling, leasing or renting tangible personal property. A resale certificate may be given by a purchaser, who at the time of purchasing the tangible personal property, intends to sell, lease or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the tangible personal property will be resold, leased or rented in the regular course of business or will be used for some other purpose.

(H) Form and Contents of Resale Certificate.

(1) The certificate shall:

(a) Be signed by and bear the name and address of the purchaser.

(b) Indicate the number of the permit issued to the purchaser or that an application for such permit is pending before the Comptroller.

(c) Indicate the general character of the tangible personal property sold, leased or rented by the purchaser in the regular course of business.

(2) The certificate shall be substantially in such form as the Comptroller may prescribe.

(I) Liability of Purchaser Giving Resale Certificate. If a purchaser who gives a resale certificate makes any use of the tangible personal property other than retention, demonstration or display while holding it for sale, lease or rental in the regular course of business, the use shall be taxable to the purchaser as of the time when the tangible personal property is first so used, and the sales price of the tangible personal property to him shall be deemed the measure of the tax.

(J) Improper Use of Resale Certificates. Any person who gives a resale certificate to the seller for tangible personal property which he knows, at the time of purchase, is purchased for the purpose of use rather than for the purpose of resale, lease or rental by him in the regular course of business is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

(K) Resale Certificate; Commingled Fungible Goods. If a purchaser gives a resale certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of goods covered by the resale certificate until a quantity of such goods equal to the quantity of the goods so commingled has been sold.

(L) Bad Debts. Credit shall be allowed to the retailer for taxes paid on sales represented by that portion of an account determined to be worthless and actually charged off for federal income tax purposes or on the portion of the purchase price remaining unpaid at the time of a repossession made under the terms of a conditional sales contract.

(M) Refunds and Allowances. Credit shall be allowed to the retailer for taxes paid on the amount of any refunds or credits allowed to a purchaser as a result of a bona fide renegotiation of a sales price. Such renegotiation shall include agreements by which the seller refunds or allows credit for any amount in satisfaction for an alleged breach of warranty with respect to tangible personal property previously sold by him to the

person with whom said agreement is made. As amended Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963.

The subject matter of this article which was inserted in 1963 was derived from article 20.02.

Art. 20.03. Imposition and Rate of Use Tax

An excise tax is hereby imposed on the storage, use or other consumption in this State of tangible personal property purchased, leased or rented from any retailer on or after September 1, 1961, for storage, use or other consumption in this State, at the rate of two per cent (2%) of the sales price of the property or, in the case of leases or rentals, of said lease or rental prices.

(A) **Liability for Use Tax: Extinguishment of Liability.** Every person storing, using or otherwise consuming in this State tangible personal property purchased from a retailer or leased or rented from another person for such purpose is liable for the tax. His liability is not extinguished until the tax has been paid to this State, except that a receipt from a retailer engaged in business in this State or from a retailer who is authorized by the Comptroller, under such rules and regulations as he may prescribe, to collect the tax and who is, for the purposes of this Chapter relating to the use tax regarded as a retailer engaged in business in this State, given to the purchaser pursuant to paragraph (B) of this Article is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(B) **Collection by Retailer: Purchaser's Receipt.** Every retailer engaged in business in this State and selling, leasing or renting tangible personal property for storage, use, or other consumption in this State shall at the time of making the sale collect any use tax which may be due from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the Comptroller.

"Retailer engaged in business in this State" as used in this Section (B) and the preceding Section (A) means and includes any of the following:

(1) Any retailer maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place or other place of business.

(2) Any retailer having any representative, agent, salesman, canvasser or solicitor operating in this State under the authority of the retailer or its subsidiary for the purpose of selling, delivering, or the taking of orders for any tangible personal property.

(C) **Assumption, Absorption of Tax by Retailers, Unlawful Advertising.** It is unlawful for any retailer to advertise or to hold out or to state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the retailer or that it will not be added to the selling, renting, or leasing price of the tangible personal property sold, rented or leased, or that it or any part thereof will be refunded.

(D) **Unlawful Acts.** Any person convicted of violating paragraphs (B) or (C) of this Article shall be guilty of a misdemeanor and shall suffer the penalties set forth in Article 20.12(D) of this Chapter.

(E) Registration of Retailers. Every retailer selling, leasing or renting tangible personal property for storage, use or other consumption in this State shall register with the Comptroller and give:

- (1) The names and addresses of all agents operating in this State.
- (2) The location of all distribution or sales houses or offices or other places of business in this State.
- (3) Such other information as the Comptroller may require.

(F) Presumption of Purchase for Use: Resale Certificate. For the purpose of the proper administration of this Chapter and to prevent evasion of the use tax and of the duty to collect the use tax, it shall be presumed that tangible personal property sold, leased or rented by any person for delivery in this State is sold, leased or rented for storage, use or other consumption in this State until the contrary is established. The burden of proving the contrary is upon the person who sells, leases or rents the property unless he takes from the purchaser a certificate to the effect that the tangible personal property is purchased for resale, leasing or renting.

(G) Effect of Resale Certificate. The resale certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling tangible personal property. A resale certificate may be given by a purchaser who, at the time of purchasing the tangible personal property, intends to sell, lease or rent it in the regular course of business or is unable to ascertain at the time of purchase whether the tangible personal property will be so sold, leased or rented or will be used for some other purpose.

(H) Form and Contents of Resale Certificate.

- (1) The certificate shall:
 - (a) Be signed and bear the name and address of the purchaser.
 - (b) Indicate the number of the permit issued to the purchaser or that an application for such permit is pending before the Comptroller.
 - (c) Indicate the general character of the tangible personal property sold, leased or rented by the purchaser in the regular course of business.
- (2) The certificate shall be substantially in such form as the Comptroller may prescribe.

(I) Liability of Purchaser Giving Resale Certificate; Use of Article Bought for Resale. If a purchaser who gives a resale certificate makes any use of the tangible personal property other than retention, demonstration or display while holding it for sale, lease or rental, in the regular course of business, the use shall be taxable to the purchaser as of the time when the tangible personal property is first so used, and the sales price of the property to him shall be deemed the measure of the tax.

(J) Improper Use of Resale Certificates. Any person who gives a resale certificate to the seller for tangible personal property which he knows, at the time of purchase, is purchased for the purpose of use rather than for the purpose of resale, lease or rental by him in the regular course of business is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

(K) Resale Certificate: Commingled Fungible Goods. If a purchaser gives a resale certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such a similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods covered by the

resale certificate until a quantity of commingled goods equal to the quantity of such goods so commingled has been sold.

(L) **Presumption of Purchase from Retailer.** It shall be further presumed in the absence of evidence to the contrary, that tangible personal property shipped or brought to this State by the purchaser after the effective date of this Chapter was purchased from a retailer on or after the effective date of this Chapter for storage, use or other consumption in this State. As amended Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963.

If a purchaser certifies in writing to a seller that the tangible personal property purchased will be used in a manner or for a purpose entitling the seller to regard the receipts from the sale as exempted by this Chapter from the computation of the amount of the limited sales tax, and if the purchaser then uses the tangible personal property in some other manner or for some other purpose, the purchaser shall be liable for payment of the limited sales tax as if he were a retailer making a retail sale of the tangible personal property at the time of such use, and the cost of the tangible personal property to him shall be deemed the receipts from such retail sale for the purpose of determining the amount of tax for which he is liable.

Any person who gives an exemption certificate to the seller for tangible personal property which he knows, at the time of purchase, will be used in a manner other than that expressed in the exemption certificate is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

(A) Due Date of Taxes. The taxes imposed by this Chapter are due and payable to the Comptroller quarterly on or before the last day of the month next succeeding each quarterly period.

(B) Method Retailer Is to Use in Computing Tax. The limited sales tax levied under Article 20.02 hereof shall be computed and paid to the Comptroller on the basis of two per cent (2%) of all receipts from the total sales of taxable tangible personal property sold by such retailer; provided any retailer who can establish to the satisfaction of the Comptroller that fifty per cent (50%) or more of his receipts from the sale of tangible personal property arise from individual transactions where the total sales price is twenty-four cents (24¢) or less may exclude the receipts from such sales when reporting and paying the tax imposed by Article 20.02 of this Chapter. No retailer shall avail himself of this provision without prior written approval of the Comptroller. The Comptroller shall grant such approval when he is satisfied that the retailer qualifies on the basis set forth in this Section and when the retailer has submitted satisfactory evidence that he can and will maintain records adequate to substantiate the exclusion herein authorized. Any attempt on the part of any retailer to exercise this provision without prior written approval of the Comptroller shall be deemed to be a failure and refusal to pay the Limited Sales, Excise and Use Tax and the retailer shall be subject to assessment for back taxes, penalties and interest as provided for in this Chapter.

(C) Return; Time for Filing; Persons Required to File; Signatures; Accounting Basis.

(1) On or before the last day of the month following each quarterly period of three (3) months, a return for said quarterly period shall be filed with the Comptroller in such form as the Comptroller may prescribe.

(2) For purposes of the limited sales tax a return shall be filed by every person subject to the tax. For purposes of the use tax a return shall be filed by every retailer engaged in business in the State and by every person who has purchased tangible personal property, the storage, use or other consumption of which is subject to the use tax, but who has not paid the use tax due to a retailer required to collect the tax.

(3) Returns shall be signed by the person required to file the return or by his duly authorized agent but need not be verified by oath.

(4) A taxpayer who keeps his regular books and records on a cash basis or on an accrual basis, or on any generally recognized accounting basis which correctly reflects the operation of the business, may file the tax returns required by this Chapter on the same accounting basis that is used for the regular books and records.

(D) Contents of Return.

(1) For the purposes of the limited sales tax, the return shall show the sale or receipts of the retailer or seller during the preceding reporting period. For purposes of the use tax, in case of a return filed by a retailer, the return shall show the total receipts from sales of tangible personal property sold by him during the preceding reporting period which was purchased for the purpose of storage, use or consumption in this State.

(2) Gross proceeds from taxable rentals or leases of tangible personal property shall be reported and the tax shall be paid with respect thereto in accordance with such rules and regulations as the Comptroller may prescribe.

(3) In case of a return filed by the purchaser, the return shall show the total sales price of the tangible personal property purchased by him, the storage, use or consumption of which became subject to the use tax during the preceding reporting period.

(4) The return shall also show the amount of the taxes for the period covered by the return and such other information as the Comptroller deems necessary for the proper administration of this Chapter.

(E) Reimbursement to Taxpayer for Collection of Tax; Prepayments. The taxpayer shall deduct and withhold from the taxes otherwise due from him on his quarterly tax return, one per cent (1%) thereof to reimburse himself for the cost of collecting the tax. Provided, however, an additional two per cent (2%) deduction shall be allowed a taxpayer who makes prepayments of his tax liability based upon a reasonable estimate of his tax liability for the quarter in which the prepayment is made. In order for the taxpayer to be entitled to the additional two per cent (2%) discount, the prepayment must be made on or before the fifteenth day of the second month of the calendar quarter for which the payment is made.

A taxpayer making a prepayment of his tax as provided for in this paragraph is not relieved from the filing of quarterly returns as provided for elsewhere in this Chapter. At the time the taxpayer files his quarterly return showing his actual tax liability any prepayments made by the taxpayer shall be credited against his tax liability; in the event that there is tax liability owed by the taxpayer in excess of the prepayment, the taxpayer shall remit such excess at the time of filing his quarterly return and from such excess shall deduct and withhold one per cent (1%) of the amount of the excess. If the tax liability of the taxpayer is less than the prepayment of taxes, the excess of the payment shall be recorded as a credit against future tax liability or refunded to the taxpayer as provided for in Article 20.10.

In the event the payment of any taxes due under the applicable provisions of this Chapter are not paid within the time required, or in the event that the taxpayer does not file reports when due as provided by the provisions of this Chapter, the taxpayer forfeits his claim to any discount, including any discount that might have been taken by a taxpayer at the time of making a prepayment.

(F) Return Periods; Quarterly Periods Other Than Calendar Quarters. The Comptroller, if he deems it necessary in order to insure payment to or facilitate the collection by the State of the amount of taxes due, may require returns and payment of the amount of said taxes for quarterly periods other than calendar quarters, in the case of a particular seller, retailer or purchaser, as the case may be, or for other than quarterly periods.

(G) Delivery of Return: Remittance. The person required to file the return shall deliver the quarterly return together with a remittance of the net amount of the tax due to the office of the Comptroller.

(H) Penalties for Failure to Pay or Report. If any person shall fail to file a report as required herein or shall fail to pay to the Comptroller the tax as imposed herein when said report or payment is due, he shall forfeit five per cent (5%) of the amount due as a penalty, and after the first thirty (30) days he shall forfeit an additional five per cent (5%). Provided, however, that the penalty shall never be less than One Dollar (\$1). Delinquent taxes shall draw interest at the rate of six per cent (6%) per annum, beginning sixty (60) days from the date due.

(I) Optional Reporting Methods for Certain Vendors.

(1) Notwithstanding any other provision of this Chapter, retail grocers as that term is defined herein, may elect to report their taxable receipts from the sale of tangible personal property by either of the following methods:

(a) Any retail grocer or any vendor who maintains a separate grocery department with separate records which may be audited by the State, as applies to the grocery department only, may determine his taxable receipts from the sale of tangible personal property in the following manner:

(i) Add all invoices for merchandise purchased during the next preceding calendar or fiscal year to obtain a total of such purchases.

(ii) Add all invoices for exempt merchandise purchased during the next preceding calendar or fiscal year to obtain a total of such purchases.

(iii) Divide the total amount of exempt merchandise purchases (item ii) by the amount of total purchases (item i) to obtain a percentage relationship.

(iv) Multiply the total receipts from all sales during the reporting period by the percentage thus obtained (item iii).

(v) Deduct the figure obtained by this multiplication (item iv) from total receipts for the reporting period. The remaining amount will be the taxable receipts from the sale of tangible personal property. To this must be added any purchases upon which the use tax is imposed by Article 20.03 of this Chapter.

This method of calculating taxable receipts from the sale of tangible personal property is available for reporting purposes only and is subject to such audits as the Comptroller may require. If such audit indicates that the actual tax liability differs from the tax reported and paid, then the Comptroller shall assess additional tax or grant a refund or credit. No penalties or interest shall be assessed on additional taxes disclosed to be due by audit unless said audit discloses fraud or willful evasion of the tax. No interest shall be paid by the State on any overpayment of tax that may be disclosed upon audit.

(b) Any retail grocer whose total receipts do not exceed One Hundred Thousand Dollars (\$100,000) per annum may elect to report and pay the taxes imposed by this Chapter on the basis that his taxable receipts from

Tax—Gen.

the sale of tangible personal property are equal to fifteen per cent (15%) of his total receipts.

State audits covering the period during which this method of reporting is being or has been used shall be limited to a determination of the eligibility of the grocer to exercise this option. No additional taxes shall be assessed or refunds or credits allowed because of any showing that the amount of tax paid the State under this method of reporting differs from the amount that would have been paid under any other reporting method.

Grocers electing to use this method of reporting shall be required to continue in the manner prescribed for a period of three (3) years following such election provided the total receipts of such grocers continue to be One Hundred Thousand Dollars (\$100,000) or less. At such time as the gross receipts of any grocer exceed One Hundred Thousand Dollars (\$100,000), such grocer shall, upon the next succeeding calendar month, be ineligible to use this optional method and he shall promptly inform the Comptroller of this fact and shall cease to use such basis immediately. Any retail grocer who fails to inform the Comptroller of his ineligibility shall lose the immunity from audit assessment provided by this subsection and shall be liable for all back assessment, penalties and interest prescribed by this Chapter.

(c) For the purpose of this Section (I), the term "retail grocer" shall mean a retail vendor selling food for human consumption off the premises where sold together with household supplies and nondurable household goods.

(2) Notwithstanding any other provision of this Chapter, any vendor whose taxable receipts from the sale of tangible personal property are less than ten per cent (10%) of his total receipts may elect to report his taxable receipts from the sale of tangible personal property by the method set forth by paragraph (a) of subsection (1) of this Section (I) irrespective of the fact that such vendor may not fall within the definition of the term "retail grocer" as that term is defined by paragraph (c) of subsection (1) of this Section (I).

(3) This Section (I) does not change either the reporting periods or the reporting dates as provided in Article 20.05(A) and elsewhere in this Chapter. The waiver of penalties and interest provided by this Section (I) does not apply to any penalty and interest which may be assessed as a result of failure to file a return or failure to file a return on the proper reporting date or failure to remit with the return the correct amount of the tax due.

(J) **Commingled Tax and Receipts.** Any retailer who establishes an accounting system under which the amount of tax collected pursuant to this Chapter is commingled with the receipts from the sale of tangible personal property may determine taxable receipts in the following manner:

(1) He shall subtract from his total receipts the receipts from any sales which are specifically exempt from or otherwise excluded from the tax imposed by this Chapter. The remainder shall consist of the receipts from the sale of taxable tangible personal property plus the tax collected pursuant to the provisions of this Chapter.

(2) This remainder shall then be divided by 1.02. The answer resulting shall be the taxable gross receipts of the retailer for reporting purposes as prescribed by Section (B) of this Article.

The sole purpose of this Section is to permit the widest possible latitude in the internal accounting systems of retailers and to avoid requiring certain retailers to remit to the State a tax computed upon a base which already includes the tax imposed by this Chapter. Nothing herein shall be construed to relieve the retailer of the obligation and duty of collecting the tax in the specific manner prescribed by Article 20.021 of this Chapter.

(K) Direct Payment Procedure Authorized. The Comptroller shall establish a system of direct payment which shall be applicable to those consumers who meet the qualifications set forth in this Section and who, after approval by the Comptroller, are issued a direct payment permit. The holder of a direct payment permit may issue to all of the vendors or sellers from whom purchases of tangible personal property are made a blanket exemption certificate covering all future purchases made by the direct payment permit holder and such certificate shall show the number of the direct payment permit and shall specify that the direct payment permit holder agrees to accrue and pay to the State of Texas all taxes which are or may in the future be due on tangible personal property purchased pursuant to exemption certificate.

(1) Direct payment permits may be issued by the Comptroller after receipt of a written application for such a permit. The application shall be accompanied by:

(a) Records establishing the fact that the applicant is a responsible person annually purchasing tangible personal property having a value when purchased equal to or in excess of Two Hundred Thousand Dollars (\$200,000) exclusive of any purchase for which a resale certificate authorized by Article 20.021(F) of this Chapter can be or could have been issued.

(b) A description, in such detail as the Comptroller may require, of the accounting methods by which the applicant proposes to differentiate between taxable and exempt purchases.

(c) An agreement, in a form prescribed by the Comptroller and signed by the applicant or, if a corporation, by a responsible officer thereof, under which the applicant agrees to accrue and pay all taxes imposed by Article 20.03 of this Chapter on all purchases not specifically exempted by Article 20.04 of this Chapter. The agreement shall stipulate that the applicant agrees to remit the taxes due quarterly on or before the last day of the month next succeeding each quarterly period. Such agreement shall also stipulate that the applicant agrees to waive any claim for the discount authorized by Article 20.05(E) of this Chapter on any tax paid by him pursuant to a direct payment permit, provided, however, that if the applicant holds a valid seller's permit issued under the provisions of Article 20.021(C) of this Chapter he shall continue to be entitled to claim the discounts authorized on sales made pursuant to such seller's permit.

(2) A direct payment permit shall be issued to any applicant who meets, to the satisfaction of the Comptroller, the qualifications set forth in subsection (1) of this Section. The Comptroller shall be the sole judge of whether such qualifications have been met and refusal by the Comptroller to issue a direct payment permit shall not be appealable. Any applicant may, however, request an opportunity to submit an amended application or if denied a direct payment permit, after a reasonable length of time, he may submit a new application.

(3) Persons holding direct payment permits hold them as a matter of revocable privilege and not as a matter of right and the Comptroller may, upon his own initiative and with reasonable notice, cancel any direct payment permit. A cancellation shall not be appealable. The Comptroller

Tax—Gen.

shall notify a direct payment permit holder that his permit has been cancelled by registered mail and, immediately upon receipt of such notification, the direct payment permit holder shall contact all of the vendors or sellers from whom purchases of tangible personal property are made and notify them that the exemption certificates issued to them pursuant to the direct payment permit are no longer valid. Failure of a person to so notify the vendors or sellers from whom purchases of tangible personal property are made of the cancellation of a direct payment permit shall be considered as a failure and refusal to pay the Limited Sales, Excise and Use Tax by the person required to issue such notices.

(4) Any direct payment permit holder may voluntarily relinquish such permit by notifying the Comptroller of his desire to relinquish such permit. Such voluntary relinquishment of a direct payment permit shall not be effective until a termination notice is issued by the Comptroller. Immediately upon receipt of the Comptroller's termination notice, the direct payment permit holder shall contact all of the vendors or sellers from whom purchases of tangible personal property are made and notify them that the exemption certificates issued to them pursuant to the direct payment permit are no longer valid. Failure of a person to so notify the vendors or sellers from whom purchases of tangible personal property are made of the voluntary relinquishment of a direct payment permit shall be considered as a failure and refusal to pay the Limited Sales, Excise and Use Tax by the person required to issue such notice. As amended Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963.

Art. 20.06. Deficiency Determination

(A) **Recomputation of Tax; Determination on Discontinuance of Business.**

(1) If the Comptroller is not satisfied with the return or returns of the tax or the amount of tax required to be paid to the State by any person, he may compute and determine the amount required to be paid upon the basis of the facts contained in the return or returns or upon the basis of any information within his possession or which may come into his possession. Nothing in this or any other Section of this Act shall be construed to preclude the Comptroller from proceeding against the consumer for any tax which the consumer should have paid but failed to pay.

(2) When a business is discontinued, a determination may be made at any time thereafter within the periods specified in paragraph (D) of this Article as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this Chapter.

(B) **Penalty for Fraud, Intent to Evade.** If any part of a deficiency for which a deficiency determination is made is due to fraud or an intent to evade this Chapter or authorized rules and regulations, a penalty of twenty-five per cent (25%) of the amount of the determination shall be added thereto.

(C) **Notice of Comptroller's Determination; Service.**

(1) The Comptroller shall give to the retailer or person storing, using or consuming tangible personal property written notice of his determination.

(2) The notice may be served personally or by mail; if by mail, the notice shall be addressed to the retailer or person storing, using or con-

suming tangible personal property at his address as it appears in the records of the Comptroller.

(3) In case of service by mail of any notice required by this Chapter, the service is complete at the time of deposit in the United States Post Office.

(D) Time Within Which Notice of Deficiency Determination to be Mailed; Consent to Later Mailing of Notice.

(1) Every notice of a deficiency determination shall be personally served or mailed within four (4) years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined or within four (4) years after the return is filed, whichever period expires the later. In the case of failure to make a return, every notice of determination shall be mailed or personally served within four (4) years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined.

(2) The limitation specified in this Article does not apply in case of a limited sales tax proposed to be determined with respect to sales of property for the storage, use or other consumption of which notice of a deficiency determination has been or is given pursuant to paragraphs (C), (D) (1) and (G) of this Article, and paragraph (B) of Article 20.07. The limitation specified in this Article does not apply in case of an amount of use tax proposed to be determined with respect to storage, use or other consumption of property for the sale of which notice of a deficiency determination has been or is given pursuant to paragraphs (C), (D) (1), and (G) of this Article, and paragraph (B) of Article 20.07 and to subparagraph 1 of this paragraph.

(3) If, before the expiration of the time prescribed in this Article for the mailing of a notice of deficiency determination, the taxpayer has consented in writing to the mailing of the notice after such time, the notice may be mailed any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(E) Determination if No Return Made; Estimate and Computation; Discontinuance of Business.

(1) If any person fails to make a return, the Comptroller shall make an estimate of the receipts of the person, or, as the case may be, of the amount of the total sales, rent or lease price of tangible personal property sold, rented or leased or purchased, by the person, the storage, use or other consumption of which in this State is subject to the use tax. The estimate shall be made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the Comptroller's possession or may come into his possession. Upon the basis of this estimate, the Comptroller shall compute and determine the amount required to be paid to the State, adding to the sum thus arrived at a penalty equal to ten per cent (10%) thereof. One or more determinations may be made for one or for more than one period.

(2) When a business is discontinued, a determination may be made at any time thereafter within the periods specified in paragraph (D) of this Article as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this Chapter.

(F) Offsets; Computation; Interest.

(1) In making a determination, the Comptroller may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

(2) The interest on underpayments shall be computed in the manner set forth in paragraph (G) of Article 20.08.

(G) Notice of Estimate, Determination and Penalty; Service. Promptly after making his determination, the Comptroller shall give to the person written notice of the estimate, determination and penalty, the notice to be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. As amended Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963.

Art. 20.07. Jeopardy Determinations

(A) Jeopardy Determination; When Made; Due Date. If the Comptroller believes that the collection of any tax or any amount of tax required to be collected and paid to the State or the amount of any determination will be jeopardized by delay, he shall thereupon make a determination of the tax or amount of tax required to be collected, noting that fact upon the determination. The amount determined is due and payable immediately.

(B) Nonpayments; Finality of Determination. If the amount specified in the determination is not paid within twenty (20) days after service of notice thereof upon the person against whom the determination is made, the amount becomes final at the expiration of the twenty (20) days unless a petition for redetermination is filed within the twenty (20) days, a delinquency penalty of ten per cent (10%) of the tax or amount of the tax and the interest provided in paragraph (G) of Article 20.08 shall attach to the amount of the tax or the amount of the tax required to be collected.

(C) Petition for Redetermination; Deposit of Security. The person against whom a jeopardy determination is made may petition for the redetermination thereof pursuant to paragraphs (A) through (G) of Article 20.08. He shall, however, file the petition for redetermination with the Comptroller within twenty (20) days after the service upon him of notice of determination. The person shall also within the twenty-day period, deposit with the Comptroller such security as the Comptroller may deem necessary to insure compliance with this Chapter. The security may be sold by the Comptroller in the manner prescribed by paragraph (A), Article 20.09. As amended Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963.

Art. 20.08. Petition for Redetermination**(A) Time to File.**

(1) Any person against whom a determination is made under paragraphs (A) through (G) of Article 20.06, or any person directly interested, may petition for a redetermination within thirty (30) days after service upon the person of notice thereof.

(2) If a petition for redetermination is not filed within the thirty-day period, the determination becomes final at the expiration of the period.

(B) Oral Hearing; Notice; Continuances.

(1) If a petition for redetermination is filed within the thirty-day period, the Comptroller shall reconsider the determination and, if the person has so requested in his petition, shall grant the person an oral hearing and shall give him twenty (20) days' notice of the time and place of the hearing.

(2) The Comptroller may continue the hearing from time to time as may be necessary.

(C) Increase, Decrease and Amount of Determination. The Comptroller may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the Comptroller at or before the hearing, upon which the petitioner shall be entitled to a thirty-day continuance of the hearing to allow him to obtain and produce further evidence applicable to the items upon which the increase is based.

(D) Order of Comptroller on Petition for Redetermination; Finality of Order. The order or decision of the Comptroller upon a petition for redetermination becomes final thirty (30) days after service upon the petitioner of notice thereof.

(E) Due Date of Determinations; Penalties. All determinations made by the Comptroller under paragraphs (A) through (G) of Article 20.06 are due and payable twenty (20) days after the time they become final. If they are not paid when due and payable, a penalty of ten per cent (10%) of the amount of the determination, exclusive of interest and penalties, shall be added thereto.

(F) Service of Notice. Any notice required by paragraphs (A) through (E) of this Article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(G) Interest for Failure to Pay Tax; Amount; Rates. Any person who fails to pay any tax to the State or any amount of tax required to be collected and paid to the State within the time required, shall pay, in addition to the tax or amount of tax, interest at the rate of six per cent (6%) per annum, beginning sixty (60) days from the date on which the tax or the amount of tax required to be collected became due and payable to the State until the date of payment. As amended Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963.

Art. 20.09. Collection of Tax

(A) Notice of Delinquency to Persons Holding Credits or Property of Delinquent; Transfer or Disposition of Property or Debt after Notice; Bank Deposits.

(1) If any person is delinquent in the payment of the amount required to be paid by him or in the event a determination has been made against him which remains unpaid, the Comptroller may, not later than three (3) years after the payment became delinquent or within three (3) years after the last recording of a lien, give notice thereof personally or by registered mail to all persons, including any officer or department of the State or any political subdivision or agency of the State, having in their possession or under their control any credits or other personal property belonging to the delinquent, or owing any debts to the delinquent, or persons owing any debts to the delinquent or person against whom a determination has been made which remains unpaid, or owing any debts to the

Tax—Gen.

delinquent or such person. In the case of any State officer, department or agency, the notice shall be given to such officer, department or agency prior to the time it presents the claim of the delinquent taxpayer to the State Comptroller.

(2) After receiving the notice, the persons so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they received the notice until the Comptroller consents to a transfer or disposition, or until sixty (60) days elapse, after receipt of the notice, whichever period expires earlier.

(3) All persons so notified shall, within twenty (20) days after receipt of the notice, advise the Comptroller of all such credits, other personal property, or debts in their possession, under their control, or owing by them.

(4) If such notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice, in order to be effective, shall be delivered or mailed to the office of such bank at which such deposit is carried or at which such credits or personal property is held.

(5) If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld hereunder, to the extent of the value of the property or the amount of the debts thus transferred or paid, he shall be liable to the State for any indebtedness due under this Chapter from the person with respect to whose obligation the notice was given.

(B) Action for Collection of Tax, Penalties, Interest; Limitation. At any time within three (3) years after any tax or any amount of tax required to be collected becomes due and payable, and at any time within three (3) years after the delinquency of any tax or any amount required to be collected, or within three (3) years after the last recording of a lien, the Comptroller may bring an action in the courts of this State, or any other State, or of the United States, in the name of the people of the State of Texas, to collect the amount delinquent together with penalties and interest.

(C) Attorney General to Prosecute Action. The Attorney General shall prosecute the action, and the Rules of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals shall be applicable to the proceedings.

(D) Issuance of Writ of Attachment Without Bond, Affidavit. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachment is required.

(E) Evidentiary Effect of Delinquency Certificate. In the action a certificate by the Comptroller showing the delinquency shall be prima facie evidence of the determination of the tax or the amount of the tax, of the delinquency of the amounts set forth, and of the compliance by the Comptroller with all the provisions of this Chapter in relation to the computation and determination of the amounts.

(F) Action for Use Tax; Manner of Service of Process. In any action relating to the use tax brought under this Chapter, process may be served according to the Rules of Civil Procedure or may be served upon any agent or clerk in this State employed by any retailer in a place of business maintained by the retailer in this State. In the latter case, a copy of the process shall forthwith be sent by registered mail to the retailer at his principal or home office.

(G) Judgment for Taxes.

(1) Comptroller May Sue. If any amount required to be paid to the State under this Chapter is not paid when due, the Comptroller may, within three (3) years after the amount is due, file in a court of competent jurisdiction in Travis County, Texas, or any county where the person owing the tax may be a resident or have a place of business, an action for recovery of such tax, together with any penalties and interest. Such action shall be in the form of an action for debt, and the certificate of the Comptroller or his duly authorized agent that the tax is due, specifying the amount due together with penalty and interest, shall be prima facie evidence of the justness and correctness of such claim by the State. Service may be had according to the provisions of Article 20.09, paragraph (F) of this Chapter.

(2) Judgments May be Abstracted. Any judgment obtained in favor of the State by an action brought under this Article may be filed for record with the county clerk of any county in this State and when so filed, shall constitute a lien upon all of the real property in the county owned by the person named as defendant in the judgment or thereafter acquired by him. Such lien shall have the force and effect of a judgment lien for ten (10) years from the date of judgment unless sooner released or discharged.

(3) Release. Upon payment in full of the amount of any judgment obtained under this Article, the Comptroller may issue a release of any such judgment lien. Prior judgments for taxes and penalties shall not bar subsequent suit by the Comptroller for additional taxes, or penalties or interest accruing after any such prior judgment, provided such suits are instituted within three (3) years after such taxes are due.

(4) Execution. Execution may issue upon any judgment obtained under this Article in the same manner as execution may issue in other judgments for debt, and sale shall be held under such execution as prescribed in the Rules of Civil Procedure and Statutes of this State.

(H) Seizure and Sale.

(1) Seizure and Sale. At any time within three (3) years after any person is delinquent in the payment of any amount, the Comptroller may forthwith collect the amount in the following manner: The Comptroller shall seize any property, real or personal, of the person and sell the property, or a sufficient part of it, at public auction to pay the amount due together with any interest or penalties on account of the seizure and sale. Any seizure made to collect a sales tax due shall be only of property of the vendor not exempt from execution under the laws of this State.

(2) Notice of Sale. Notice of the sale and the time and place thereof shall be given to the delinquent person in writing at least twenty (20) days before the date set for the sale in the following manner: The notice shall be enclosed in an envelope addressed to the person, in case of a sale for limited sales tax due, at his last known address or place of business, and in case of a sale for use taxes due, at his last known residence or place of business in this State. It shall be deposited in the United States mail, postage prepaid. The notice shall also be published for at least ten (10) days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in the county, notice shall be posted in three (3) public places in the county twenty (20) days prior to the date set for the sale. The notice shall contain a description of the property to be sold, a statement of the amount due, including interest, penalties, and costs, the name of the delinquent, and the further statement that unless the amount due, interest, penalties, and costs are paid on or before the time

fixed in the notice for the sale, the property, or so much of it as may be necessary, will be sold in accordance with the law and the notice.

(3) Bill of Sale; Deed. At the sale, the Comptroller shall sell the property in accordance with law and the notice and shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests the interest or title of the person liable for the amount in the purchaser. The unsold portion of any property seized may be left at the place of sale at the risk of the person liable for the amount.

(4) Disposition of Proceeds. If upon the sale the moneys received exceed the total of all amounts, including interest, penalties, and costs due the State, the Comptroller shall return the excess to the person liable for the amounts and obtain his receipt. If any person having an interest in or lien upon the property files with the Comptroller prior to the sale notice of his interest or lien, the Comptroller shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the person liable for the amount is not available, the Comptroller shall deposit the excess moneys with the State Treasurer, as trustee for the owner, subject to the order of the person liable for the amount, his heirs, successors, or assigns.

(I) Payment on Termination of Business and Successor's Liability.

(1) Withholding by Purchaser. If any vendor liable for any amount under this Chapter sells out his business or stock of goods or quits the business, his successors or assigns shall withhold sufficient of the purchase price to cover such amount until the former owner produces a receipt from the Comptroller showing that it has been paid or a certificate stating that no amount is due.

(2) Liability of Purchaser; Release. If the purchaser of a business or stock of goods fails to withhold purchase price as required, he becomes personally liable for the payment of the amount required to be withheld by him to the extent of the purchase price, valued in money. Within sixty (60) days after receiving a written request from the purchaser for a certificate, or within sixty (60) days from the date the former owner's records are made available for audit, whichever period expires the later, but in any event not later than ninety (90) days after receiving the request, the Comptroller shall either issue the certificate or mail notice to the purchaser at his address as it appears on the records of the Comptroller of the amount that must be paid as a condition of issuing the certificate. Failure of the Comptroller to mail the notice will release the purchaser from any further obligation to withhold purchase price as above provided. The time within which the obligation of the successor may be enforced shall start to run at the time the vendor sells out his business or stock of goods or at the time that the determination against the vendor becomes final, whichever event occurs the later.

(J) Security for Tax May be Required. In all cases where he deems that it is necessary to insure compliance with the provisions of this Chapter the Comptroller may require a cash deposit, bond, or other security as a condition to a person obtaining or retaining a permit under this Chapter. Such security shall be in the form and such amount as the Comptroller deems appropriate under the particular circumstances but shall not be in an amount in excess of four times the estimated average quarterly liability for taxes imposed by this Chapter or Fifty Thousand Dollars (\$50,000), whichever is the lesser. Any security required to be deposited may be sold by the Comptroller at public sale if it becomes necessary so to do in order to recover any tax, interest or penalty due. Notice of such sale may

be served upon the person who deposited such security personally or by mail. If by mail, notice sent to the last known address, as the same appears in the records of the Comptroller's office shall be sufficient for the purpose of this requirement. Upon such sale the surplus, if any, above the amount due under this Chapter, shall be returned to the person who deposited the security. As amended Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1.

Effective July 1, 1963

Any balance may be refunded to the person by whom it was paid, or his successors, administrators or executors.

(B) Claims for Refund, Credit: Limitation.

(2) Failure to bring action within the time specified constitutes a waiver of any demand against the State on account of alleged overpayment.

(I) **Right of Action on Failure to Mail Notice.** If the Comptroller fails to mail notice of action on a claim within six (6) months after the claim is filed the claimant may, prior to the mailing of notice by the Comptroller of his action on the claim, consider the claim disallowed and bring an action against the Comptroller on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

(J) **Judgment for Plaintiff: Credits: Refund of Balance.**

(L) **Recovery of Erroneous Refunds: Action: Jurisdiction and Venue.** The Comptroller may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought, within one year from the date of refund or credit, in the name of the State, in a court of competent jurisdiction in the county in which the person involved is located.

(M) **Change of Venue in Action to Recover Erroneous Refund.** The action shall be tried in the county in which the person involved is a resident unless the court with the consent of the Attorney General orders a change of place of trial.

As amended Acts 1962, 57th Leg., 3rd C.S., p. 10, ch. 4, § 1.

(11) The Attorney General shall be the legal advisor of the Commission and shall represent the Commission in litigation to which they may be a party; provided, that in addition, the Chairman of the Commission, subject to the written consent of the Attorney General of this State, may employ other legal counsel regularly, or may engage their services temporarily. Such legal counsel shall advise the members of the Commission and the Chief Engineer in regard to official business. Suits to enforce any provision of this Chapter may be prosecuted in the courts of the State by the Attorney General. As amended Acts 1962, 57th Leg., 3rd C.S., p. 10, ch. 4, § 1.

(15) The Commission in making investigations, surveys and studies, and in performing other duties prescribed by this Chapter, may cooperate with agencies of the United States, with other agencies of this State or of any other State, with political subdivisions and municipal corporations of the State and with persons and corporations. As amended Acts 1962, 57th Leg., 3rd C.S., p. 10, ch. 4, § 1.

Art. 8280—7. Water districts; filing certified copies of act or order creating or altering boundaries; public inspection; penalties

Acquisition of conservation storage facilities

Sec. 21-a. (1) With the approval of the Texas Water Commission, the proceeds from the sale of state bonds deposited in the Texas Water Development Fund as provided in Article III, Section 49-c of the Constitution of Texas may be used by the Texas Water Development Board for the additional purposes of acquiring and developing storage facilities, for the conservation and development of water for useful purposes in and from reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, by any one or more of the following governments or governmental agencies; by the United States of America or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. As used herein the term "storage facilities" shall include any one or more of the following: (a) the whole or a definable part or portion of a dam and reservoir, whether existing or planned, in which water may be stored for conservation and development for useful purposes; or (b) the right to use any such dam and reservoir, whether existing or planned, or a definable part or portion thereof for storage of water and development thereof for useful purposes.

(2) The Texas Water Development Board may also, with the approval of the Texas Water Commission, execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of Article III, Section 49-c of the Constitution of Texas, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. The Texas Water Development Board shall determine the terms, provisions and conditions of such contracts; subject, however, to the limitations and directions contained in this Act and in Article III, Section 49-d of the Texas Constitution. It is expressly provided that no contract shall be executed by the Board with the United States or any of its agencies wherein storage facilities or their use are acquired for a term of years only, and each of such contracts shall contain provisions and conditions to the effect that when the state has fulfilled its obligations under such contract, the state shall have a permanent right in such storage facilities or in their use, so long as such storage facilities may be physically available, subject only, if the project of which such storage facilities are a part is then operated by the United States, to payment by the state of reasonable operation, maintenance and administrative charges allocable to such acquired storage facilities; and, in addition, such contract may pro-

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

vide for the state to bear its share of the cost of any necessary reconstruction, rehabilitation or replacement of project features which may be required to continue satisfactory operation of the project. It is further provided that no contract between the Board and the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government shall be executed unless such contract shall reserve unto the State of Texas the right of development and control of recreational facilities by the State of Texas or its political subdivisions, except for reservoir recreation areas of national significance which the United States proposes to develop and administer for the public use and benefit.

(3) The authority of the Texas Water Development Board to acquire storage facilities shall be limited to a maximum total amount as to principal obligations which may be incurred of Fifty Million Dollars (\$50,000,000) and not to exceed Fifteen Million Dollars (\$15,000,000) for storage facilities in any single project. State funds shall not be expended for the purposes herein authorized when, and to the extent that, any political subdivision of the state is willing and able to finance, or assume the obligation of repaying, the costs of providing or acquiring such storage facilities, provided such political subdivision has qualified by obtaining any permit required under the laws of Texas to provide or acquire such storage facilities.

(4) The Texas Water Commission, following public hearing with notice and procedure in the same manner as an application for a permit to appropriate public water, shall give its approval for the Water Development Board to acquire and develop storage facilities or to contract with the United States therefor, whenever it shall affirmatively find:

(a) That such acquisition of storage facilities will result in optimum development of the site of the project;

(b) That the project is feasible, based on investigations and studies including the estimated cost of construction, operation and maintenance, and the quantity and quality of water to be developed;

(c) That there is a bona fide foreseeable future need for the water to be provided by the storage facilities to be acquired;

(d) That the facilities to be acquired will contribute to the orderly development of the water resources of Texas; and

(e) That the public interest will be served thereby.

(5) The Texas Water Development Board, before acquiring storage facilities in any reservoir in any manner, shall affirmatively find:

(a) That the Texas Water Commission has granted its approval for such acquisition of storage facilities;

(b) That it is reasonable to expect the state to recover its investment in such facilities;

(c) That the cost of such storage facilities to be acquired exceeds current financing capabilities of the area involved and that such facilities cannot be otherwise financed by local interests without state participation; and

(d) That the public interest will be served thereby.

(6) The Water Development Board, after having acquired storage facilities in any reservoir, is hereby authorized and empowered to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities, provided that the applicant therefor shall have first secured a valid permit from the Texas Water Commission

or its successor authorizing the acquisition or right of use of such storage facilities, which permit may be for a term of years if the facilities are leased. If the application for a permit involves a proposed use of water either within or outside of the watershed of the impoundment, the Texas Water Commission shall give paramount consideration to recouping the state's investment in granting any permit in order to protect the public interest and promote the general welfare. Before the permit shall be issued by the Texas Water Commission, the applicant shall have completed contractual negotiations with the Water Development Board for the acquisition of such facilities and all terms, conditions and provisions of such contract shall have been agreed upon by the parties thereto. Reservoir lands which may have been acquired may be leased by the Board prior to completion of construction of any dam without the necessity of a permit being issued by the Water Commission. It is further provided that such sale, transfer or lease shall be at a price not less than the direct cost of the Board in acquiring same. "Direct cost" of such storage facilities shall mean the principal amount the Board pays or agrees to pay for such storage facilities. "Direct cost of the Board in acquiring same" shall mean the amount theretofore paid by the Board on the "direct cost" of such storage facilities.

In selling or transferring the state's interest in storage facilities in reservoirs acquired from the proceeds of Texas Water Development Board Bonds, the price shall be the sum of the "direct cost of the Board in acquiring same," as such term is defined above, plus an interest charge computed at a rate of one-half ($\frac{1}{2}$) of one per cent (1%) per annum from the date of purchase of the storage space by the Board, plus interest annually at the cumulative average effective rate on all Texas Water Development Board Bonds sold up to the date of the sale of the storage space, plus the Board's cost of operating and maintaining the facilities being sold or transferred from the date of acquisition to the date of transfer, less any payments received by the Board from the lease of such storage facilities or the sale of water therefrom.

In selling or transferring the state's interest in storage facilities acquired under long term contracts with the Federal Government, the price shall be the sum of the "direct cost of the Board in acquiring same," as such term is defined above, plus an interest charge thereon of one-half ($\frac{1}{2}$) of one per cent (1%) per annum from the date of purchase of the storage space by the Board, plus interest at the cumulative average effective rate on all Texas Water Development Board Bonds sold up to the date of the sale of the storage space for each of those years or portions of years in which the Board paid interest to the Federal Government, plus the Board's cost of operating and maintaining the facilities being sold or transferred from the date of acquisition to the date of transfer, less any payments received by the Board from the lease of such storage facilities or the sale of water therefrom. If the Board in transferring any contract between it and the Federal Government, remains in any way directly, conditionally or contingently liable or responsible for the performance of any part of the contract assigned or transferred then the assignee or purchaser shall in addition to the payments above set forth pay to the Board annually one-half ($\frac{1}{2}$) of one per cent (1%) of the remaining amount owing to the Federal Government and such payment shall continue until the Board is fully and completely released from such contract.

In leasing such storage facilities for a term of years, each annual payment which shall be made by the lessee shall be not less than the annual principal and interest requirements applicable to the indebtedness incur-

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

red by the state allocated to acquisition of the facilities being leased, plus the state's annual cost for the project's operation, maintenance and rehabilitation, if the project has been rehabilitated.

(7) As a condition precedent to selling, transferring or leasing, in whole or in part, any acquired storage facilities or the right to use such storage facilities, the Texas Water Development Board shall affirmatively find:

(a) That the applicant therefor has a valid permit from the Texas Water Commission;

(b) That such sale, transfer or lease will contribute to the conservation and development of the water resources of Texas; and

(c) That the consideration for same is fair, just and reasonable and in full compliance with all requirements of law.

(8) The money received from any sale, transfer or lease of any acquired storage facilities shall be used to pay principal and interest on state bonds issued or to meet contractual obligations incurred by the Texas Water Development Board. Such moneys shall be collected, deposited in, and transferred to the appropriate statutory fund of the Board in the same manner as other moneys received in payment of principal and interest on loans to political subdivisions made by the Board for water supply projects, taking into consideration the manner in which the storage facilities involved were acquired; that is, either by use of bond proceeds or by contract, as the case may be. When the moneys are sufficient to pay the full amount of indebtedness then outstanding (which shall include state bonds issued and the principal on contractual obligations incurred) and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of acquired storage facilities may be used by the Board for the acquisition of additional storage facilities or for providing financial assistance to political subdivisions for water supply projects.

(9) The Texas Water Development Board is hereby authorized and empowered to store unappropriated public waters of the state in the storage facilities that have been acquired. The Board is further authorized and empowered to sell any unappropriated public waters of the state that might be stored in any storage facilities acquired by the Board and under the Board's control. The price for water sold shall be fixed and determined at an amount not less than a sum determined by taking into account the same costs prescribed in subsection (6) hereof for selling the state's interest in storage facilities acquired hereunder. As a prerequisite to the purchase of such water, the applicant therefor shall have secured a valid permit from the Texas Water Commission authorizing the appropriation and use of the water impounded in such storage facilities, and the rights of the applicant in such water and its use shall be governed by the terms and conditions of such permit. The permit may be for a term of years. If the application for a permit involves a proposed use of water either within or outside of the watershed of the impoundment, the Texas Water Commission shall give paramount consideration to recouping the state's investment in granting any permit in order to protect the public interest and promote the general welfare. Before the permit shall be issued by the Texas Water Commission, the applicant shall have completed contractual negotiations with the Water Development Board for the sale of water and all terms, conditions and provisions of such contract shall have been agreed upon by the parties thereto. The permit shall be conditioned upon continued payment of the obligations assumed under the contract with the Board and may provide for cancellation at any time upon contract default. The Water Development Board is authorized to determine the considera-

tion, terms, provisions and conditions to be included in contracts for the sale of water or its use, but such consideration, terms, provisions and conditions shall be fair, reasonable and without discrimination. Included in the services for which the Board may make charges is that of standby service, which is hereby defined to mean holding water and conservation storage space available for use, as well as for the actual delivery of water. The Board shall not compete with political subdivisions of the state and municipalities in the sale of water when such competition will jeopardize the ability of a political subdivision or municipality to meet obligations incurred to finance its own water supply projects. The Board will make the same determinations with respect to the sale of water as are required to be made in paragraph (7) hereof relating to selling, transferring or leasing storage facilities. Money received from the sale of water and standby service needed for operation and maintenance of acquired facilities shall be deposited in the Storage Facilities Operation and Maintenance Fund, which Fund is hereby created as a special fund in the State Treasury, and such Fund may be used by the Board for the operation and maintenance of acquired facilities, and the Legislature may also appropriate available state funds for such purpose. Money received from the sale of water not needed for operation and maintenance of storage facilities may be used for the payment of principal and interest on state bonds issued or contractual obligations incurred by the Board in acquiring storage facilities. Unappropriated public waters stored in any storage facilities acquired by the Board and under the Board's control may be released without charge to relieve any emergency condition that may arise due to drouth, severe water shortage or public calamity provided, that the Texas Water Commission shall have first determined the existence of such emergency and requested the Board to make releases of water.

(10) Political subdivisions (as that term is defined in Section 2 of Chapter 425, Acts of the 55th Legislature, Regular Session, 1957) shall be accorded a preferential right, but not an exclusive right, to purchase, acquire or lease storage facilities, or to purchase water in storage, from the Board. Priority in the sale, transfer or lease of storage facilities, or in the sale of water, shall also be accorded in the manner established by Article 7471 and Article 7472(c), Revised Civil Statutes of Texas, 1925, as amended, or as may be hereafter amended, relating to priorities and preferences in the appropriation and use of public waters. The Water Development Board and the Texas Water Commission shall coordinate their efforts to meet these objectives and to assure that the public waters of the state, which waters are held in trust for the use and benefit of the public, will be conserved, developed and utilized in the greatest practicable measure for the public welfare.

(11) The Texas Water Development Board is authorized to enter into contracts under the terms of which those owning facilities in the same reservoir may operate and maintain the state's storage facilities in such reservoir and under which the state, acting by and through the Board, may agree to pay reasonable operation and maintenance charges allocable to such state storage facilities. The Board may enter into contracts with political subdivisions of the state, with agencies of the state, and with the United States and its agencies for the development and operation of recreational facilities at reservoirs in which the state has acquired storage facilities. Income received by the Board from contracts for the development and operation of recreational facilities may be used by the Board for the same purposes as income from the sale of water may be used. The Legislature may make appropriations of available state funds for developing and operating

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

recreational facilities at reservoirs in which the state has acquired storage facilities.

(12) The Attorney General of Texas shall approve as to legality (a) the resolution of the Board authorizing the acquisition and development of storage facilities as authorized in paragraph (1) of this Section 21-a; (b) all contracts between the Board and the United States or any of its agencies for the acquisition and development of storage facilities constructed or to be constructed by the Federal Government; (c) all contracts or agreements by the Board for the sale, lease or transfer of acquired storage facilities, in whole or in part; (d) all contracts by the Board for the sale of water impounded in acquired storage facilities; and (e) all contracts by the Board for the development and operation of recreational facilities.

(13) The Texas Water Development Board and the Texas Water Commission are hereby authorized to promulgate reasonable and necessary rules and regulations, separately or jointly, to implement and effectuate the provisions of this Act. Such rules and regulations and amendments thereto shall not be inconsistent with the provisions hereof and shall be approved by the Attorney General of Texas and filed with the Secretary of State. Added Acts 1963, 58th Leg., p. 69, ch. 49, § 2.

Effective 90 days after May 24, 1963, date of adjournment. Chief engineer, powers, duties and functions, see art. 7477, § 2.

Abolition of district; ordinance; vesting of properties and assets in city; liability for bonds; taxes; refunding bonds

Sec. 3. An Eligible District in addition to other methods that heretofore or may hereafter be prescribed, may be abolished in the manner herein provided. The governing body of the city in which such district was located as aforesaid shall be authorized, by majority vote, to adopt an ordinance abolishing such district if the governing body finds (a) that such district is no longer needed or (b) that the services furnished or functions performed by such district can be performed by the city (c) that it would be to the best interests of the citizens and property within the district and the city for the district to be abolished and (d) the governing body of the Eligible District shall have adopted a resolution evidencing consent of such body to the abolition of such district.

Upon the adoption of such an ordinance, an Eligible District shall be abolished and dissolved and all properties and assets of such district shall thereupon vest immediately in such city and such city shall thereby assume and become liable for all bonds and other obligations for which such district is liable. Such city shall thereafter perform all services and functions theretofore performed or rendered by said district. When any district bonds, warrants or other obligations payable from ad valorem taxes have been assumed by such city, the governing body of such city shall thereafter levy and cause to be collected upon all taxable property within such city, taxes sufficient to pay principal of and interest on, such bonds, warrants or obligations as they respectively become due and payable. Such city shall be authorized to issue refunding bonds in its own name to refund any bonds, warrants or other obligations, including unpaid earned interest thereon, so assumed by it. Such refunding bonds shall be issued in the manner provided in the Bond and Warrant Law of 1931, as heretofore or hereafter amended, provided that it shall not be necessary to give any notice of intention to issue such refunding bonds and no right of referendum thereon shall be available. As amended Acts 1963, 58th Leg., p. 489, ch. 176, § —.

Effective 90 days after May 24, 1963, date of adjournment.

Sec. 10. The District shall have the power and is hereby authorized to issue bonds from time to time as authorized by this Act, provided that the aggregate principal amount of such bonds outstanding at any one time shall not exceed One Hundred Twenty Million Dollars (\$120,000,000). Provided, however, that in the event that any outstanding bonds shall be paid at maturity, other than through the application of the proceeds of other bonds or through the issuance of other bonds in exchange therefor; or shall be retired prior to the stated maturity thereof by operation of any sinking fund provided for the bonds so retired and in the proceedings authorizing the same, or from the proceeds of the sale of property, the aggregate principal amounts of bonds herein authorized to be outstanding at any one time shall be reduced by the principal amount of the bonds so paid or retired. Any additional amount of bonds must be authorized by an Act of the Legislature. Such bonds (1) shall be sold for cash at public sale to the highest and best bidder, as determined by the Board of Directors with the advice and approval of the Attorney General of Texas, provided, however, that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed five per centum (5%) per annum, or (2) may be issued in exchange for like principal amounts of other obligations of the District, matured or unmatured, or (3) may be sold to the United States of America, or to any agency or corporation created or designated by the United States of America, in exchange for cash equal in amount to the principal amount of the bonds so sold, provided, however, that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed five per centum (5%) per annum. The proceeds of the sale of such bonds shall be deposited in such bank or banks or trust company or trust companies, and shall be paid out pursuant to such terms and conditions, not in conflict with the provisions of this Act, as may be agreed upon between the District and the purchasers of such bonds. The proceeds of such bonds and any net operating revenues, derived from the sale of electric power or water, which may be available after paying the interest on outstanding bonds and the principal amount of such bonds, and setting aside sufficient funds for working capital, including a reasonable sum for contingencies and setting aside funds for reserves to secure payment of principal of and interest on outstanding bonds, shall be used (1) to build and construct dams within the District, on the Colorado River and its tributaries for the impounding and storage of flood and surface water; (2) to purchase and install in the dams on the Colorado River hydroelectric generators and other related facilities for the generation of hydroelectric power; and (3) for the construction of such additional lines and the purchase and installation of such additional equipment as the Board of Directors of the

District may deem necessary or expedient to enable the District to continue to meet the demand for electric power in the area now served by its transmission lines and distribution systems, provided that no steam generating capacity shall be installed by the District, except that the District may acquire, install, construct and operate a single steam generating plant having a total capacity of not more than 250,000 kilowatts, to be located within the boundaries of the District, and to be utilized for the sole purpose of serving the area served by the District's transmission lines and distribution systems on January 1, 1962; and (4) for the purpose of building levees or such other flood control structures between the City of Austin and the mouth of the Colorado River as may be deemed necessary and desirable by the Board of Directors and installing such facilities as may be necessary to supply water for irrigation and other useful purposes within the counties composing the Colorado River District; and (5) in aid of any soil conservation or soil reclamation projects within the District which the Board of Directors may deem to be in the public interest, provided, however, that any such soil conservation or soil reclamation project shall be approved by the Extension Department of the Agricultural and Mechanical College of Texas, providing that nothing herein shall be construed as establishing priorities as to the uses of water contrary to the present General Laws of this State or those hereinafter enacted with reference thereto. Any proceeds of bonds sold by the District to the extent not required by an outstanding trust indenture to be used to redeem outstanding bonds, and any net operating revenues not needed to carry out the projects set out in phrases (1), (2) and (3) of the preceding sentence shall be placed in a separate fund to be designated "The Irrigation, Conservation and Reclamation Fund of the District" and used only for carrying out the projects and purposes authorized in phrases (4) and (5) of the preceding sentence, unless and until otherwise directed by the Legislature of the State of Texas. Such dams as may be built on the tributaries of the Colorado River shall be used for the purpose of impounding and storing flood and surface waters to be used during emergencies created by subnormal rainfall in the drainage basin of the Colorado River watershed. All such bonds shall be authorized by resolution or resolutions of the Board of Directors concurred in by at least six (6) of the members thereof, and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates (not exceeding five per centum (5%) per annum) payable annually or semiannually, be in such denominations, be in such form either coupon or registered, carry such registration privileges as to principal only or as to both principal and interest, and as to exchange of coupon bonds for registered bonds or vice versa, and exchange of bonds of one denomination for bonds of other denominations, be executed in such manner and be payable at such place or places within or without the State of Texas, as such resolution or resolutions may provide. Any resolution or resolutions authorizing any bonds may contain provisions, which shall be part of the contract between the District and the holder thereof from time to time (a) reserving the right to redeem such bonds at such time or times, in such amounts and at such prices, not exceeding one hundred and five per centum (105%) of the principal amount thereof, plus accrued interest, as may be provided; (b) providing for the setting aside of sinking funds or reserve funds and the regulation and disposition thereof; (c) pledging to secure the payment of the principal of, and interest on such bonds and of the sinking fund or reserve fund payments agreed to be made in respect of such bonds, all or any part of the gross or net revenues thereafter received by the District in respect of the property, real, personal or mixed, to be acquired and/or constructed with such bonds or the

proceeds thereof, or all or any part of the gross or net revenues theretofore or thereafter received by the District from whatever source derived; (d) prescribing the purposes to which such bonds or any bonds thereafter to be applied; (e) agreeing to fix and collect rates and charges sufficient to produce revenues adequate to pay the items specified in subdivisions (a), (b), (c), and (d), of Section 8 hereof, and prescribing the use and disposition of all revenues; (f) prescribing limitations upon the issuance of additional bonds and upon the agreements which may be made with the purchasers and successive holders thereof; (g) with regard to the construction, extension, improvement, reconstruction, operation, maintenance, and repair of the properties of the District and carrying of insurance upon all or any part of said properties covering loss or damage or loss of use and occupancy resulting from specified risks; (h) fixing the procedure, if any, by which, if the District shall so desire, the terms of any contract with the holders of such bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given; (i) for the execution and delivery by the District to a bank or trust company authorized by law to accept trusts, of indentures and agreements for the benefit of the holders of such bonds setting forth any or all of the agreements herein authorized to be made with or for the benefit of the holders of such bonds and such other provisions as may be customary in such indentures or agreements; and (j) such other provisions, not inconsistent with the provisions of this Act, as the Board may approve, provided that no agreement, contract or commitment shall ever be made which, under any contingency, could or would result in the Government of the United States or any of its agencies or bureaus claiming the right or privilege of controlling or managing the properties and facilities of the District or the control or disposition of the water of the Colorado River or its tributaries; provided nothing herein shall be construed as limiting or restricting the rights or powers as set out hereinbelow in the event of any default on the part of the District. Nothing herein provided is intended to prohibit compliance with existing Federal Regulations, provided compliance therewith is done upon the advice and approval of the Attorney General of the State of Texas.

Any such resolution and any indenture or agreement entered into pursuant thereto may provide that in the event that:

(a) default shall be made in the payment of the interest on any or all bonds when and as the same shall become due and payable; or

(b) default shall be made in the payment of the principal of any or all bonds when and as the same shall become due and payable, whether at the maturity thereof, by call for redemption or otherwise; or

(c) default shall be made in the performance of any agreement made with the purchasers or successive holders of any bonds, and such default shall have continued such period, if any, as may be prescribed by said resolution in respect thereof, the trustee under the indenture or indentures entered into in respect of the bonds authorized thereby, or, if there shall be no such indenture, a trustee appointed in the manner provided in such resolution or resolutions by the holders of twenty-five per centum (25%) in aggregate principal amount of the bonds authorized by such resolution or resolutions at the time outstanding, shall, in his or its own name, but for the equal and proportionate benefit of the holders of all such bonds; and with or without having possession thereof;

(1) by mandamus or other suit, action or proceeding at law or in equity, enforce all rights of the holders of such bonds;

(2) bring suit upon such bonds and/or the appurtenant coupons;

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(3) by action or suit in equity, require the District to account as if it were the trustee of an express trust for the bondholders;

(4) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds, and/or;

(5) after such notice to the District as such resolution may provide, declare the principal of all of such bonds due and payable, and if all defaults shall have been made good, then with the written consent of the holders of twenty-five per centum (25%) in aggregate principal amount of such bonds at the time outstanding, annul such declaration and its consequences; provided, however, that the holders of more than a majority in principal amounts of the bonds authorized thereby and at the time outstanding, shall by instrument or instruments in writing, delivered to such trustee, have the right to direct and control any and all action taken or to be taken by such trustee under this paragraph. Any such resolution, indenture, or agreement may provide that in any such suit, action or proceeding, any such trustee, whether or not all of such bonds shall have been declared due and payable, and with or without possession of any thereof, shall be entitled as of right to the appointment of a receiver who may enter and take possession of all or any part of the properties of the District and operate and maintain the same and fix, collect and receive rates and charges sufficient to provide revenues adequate to pay the items set forth in subparagraphs (a), (b), (c), and (d), of Section 8 hereof and the costs and disbursements of such suit, action or proceeding, and to apply such revenues in conformity with the provisions of this Act and the resolution or resolutions authorizing such bonds. In any suit, action or proceeding by any such trustee, the reasonable fees, counsel fees and expenses of such trustee or the receiver or receivers, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the Court shall be a first charge upon any revenues pledged to secure the payment of such bonds. Subject to the provisions of the Constitution of the State of Texas, the Courts of the County of Travis shall have jurisdiction of any suit, action or proceeding by any such trustee on behalf of the bondholders and of all property involved therein. In addition to the powers hereinabove specifically provided for, each such trustee shall have and possess all powers necessary or appropriate for the exercise of any thereof, or incident to the general representation of the bondholders in the enforcement of their rights.

Before any bonds shall be sold by the District, a certified copy of the proceedings for the issuance thereof, including the form of such bonds, together with any other information which the Attorney General of the State of Texas may require shall be submitted to the Attorney General, and if he shall find that such bonds have been issued in accordance with law he shall approve such bonds and he shall execute a certificate to the effect which shall be filed in the office of the Comptroller of the State of Texas and be recorded in a record kept for that purpose. No bond shall be issued until the same shall have been registered by the Comptroller, who shall so register the same if the Attorney General shall have filed with the Comptroller his certificate approving the bonds and the proceedings for the issuance thereof as hereinabove provided.

All bonds approved by the Attorney General as aforesaid, and registered by the Comptroller as aforesaid and issued in accordance with the proceedings so approved shall be valid and binding obligations on the revenues of the District and shall be incontestable for any cause from and after the time of such registration.

Annually hereafter the State Auditor shall audit the books and accounts of the District in such manner as to enable him to report to the Legislature as to the manner and purpose of the expenditure of all funds of the District. Such audit shall cover the fiscal year from July the first to June the thirtieth, and a report thereof shall be made before the first day of January of each year, a copy of which shall be filed with the Governor of Texas, the Attorney General of Texas, the Lieutenant Governor of Texas and the Speaker of the House of Representatives. The State Auditor, after completing such report, shall prepare a detailed statement showing the actual cost of such audit and certifying such account to the Governor of the State of Texas for his approval, and when approved by the Governor, the State Auditor shall deliver an official copy thereof to the Manager of the District, and the District shall forthwith deposit such sum of money with the State Treasurer, which sum shall be placed in the General Fund of the State of Texas. Nothing herein contained shall prohibit an independent audit as required under any bond indenture.

It is hereby declared to be the policy of this State that the District shall so manage and use its facilities, the water impounded by its dams on the Colorado River or its tributaries and the net operating revenues which may be available, to accomplish as nearly as possible, such of the purposes included in Section 59a, Article XVI of the Constitution of the State of Texas as are enumerated in the provisions of this Act, and the District shall market such electric power (as in the opinion of the Board will not be immediately needed by the District) under such contracts and on such conditions as will best enable the District to pay its operating expenses, meet its outstanding financial obligations as they mature, supply the increasing demand for electric power in the area now dependent upon its transmission lines and distribution systems for electric service and assure, as nearly as possible, an adequate supply of water for irrigation and other useful purposes, when and as it may be needed in the various counties comprising the District. As amended Acts 1955, 54th Leg., p. 532, ch. 165; Acts 1959, 56th Leg., p. 708, ch. 327, § 1; Acts 1962, 57th Leg., 3rd C.S., p. 27, ch. 11, § 1.

Art. 8280—120a. Harris County Flood Control District; building setback lines along waterways

Section 1. Where the following defined words appear in this Bill they are used in the manner set out below:

- (1) "District" means Harris County Flood Control District.
- (2) "Waterway" shall include any river, creek, bayou, stream or other waterway, or any part thereof.
- (3) "Landowner" means the person owning land affected by a building setback line.
- (4) "Notice by certified mail" means notice addressed to the landowner at the last known address appearing in the records of the Assessor and Collector of Taxes in connection with the land in question, and deposited in the United States mail as certified mail.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(5) The term "to erect any structure" includes erecting, reconstructing, or substantially repairing any building or structure, but "structure" shall not be deemed to include those necessary or practical for the purpose of preventing erosion of banks.

Sec. 2. For the purpose of promoting the public health, safety and general welfare and accomplishing the purposes of Section 59 of Article XVI of the Constitution of the State of Texas, as amended, the governing body of the District is hereby authorized and empowered to establish and maintain building setback lines along any waterway within the boundaries of the District.

Sec. 3. a. Establishment or alteration of building setback lines shall be done only after notice and hearing. Notice shall be given not less than fifteen (15) days prior to the time of hearing nor more than sixty (60) days prior thereto. It shall be made by publishing a clear statement of the nature of the hearing and the location of the setback lines worded in such a way as reasonably to apprise the landowner of what is sought to be done. The same shall be published in a daily newspaper published and having circulation in the District.

b. Each landowner affected shall be given actual notice by certified mail of such hearing.

c. Any hearing so set by the governing body of the District may be continued from time to time until all interested persons shall have had an opportunity to be heard.

d. The provisions of "b" and "c" hereof are directory and failure to comply with such provisions after a showing of good faith attempt to comply therewith shall not make the entire proceedings void if there is a showing of substantial compliance with the notice and hearing provisions of this Act.

Sec. 4. a. After the governing body of the District has completed such hearings and shall have found that the establishing of such building setback lines is for the public health, safety and general welfare of the people within the District, and for the accomplishment of the purposes of Section 59 of Article XVI of the Constitution of the State of Texas, as amended, said governing body shall pass its resolution adopting such building setback lines. Such resolution shall contain a description of the area included within such building setback lines by either field notes or by map or plat or by both, and a certified copy thereof shall be filed for record immediately with the County Clerk of Harris County.

b. Thereafter the governing body of the District may, upon public hearing with like notice thereof, amend, supplement, grant exceptions thereto, or alter the building setback lines so established as may be determined necessary under the same standards as provided in "a" above.

Sec. 5. Upon the filing of the aforesaid resolution containing the full description of the area within such building setback lines, all persons shall be charged with notice of the requirements of such resolution; and, after the establishment of such building setback lines, no structure shall be erected within said lines so established, subject to the provisions of Section 6 hereof.

Sec. 6. a. Any person desiring to erect any structure within said lines so established shall give written notice of such intention by certified mail, not less than ninety (90) days before he commences such erection. Failure to give such notice shall constitute a prima facie showing (in any eminent domain proceeding thereafter instituted by the District to acquire

the area within said building lines) that the person erecting the structure did so at his own risk with knowledge of the fact that the same interfered with setback provisions of the District and with the right of said District to remove such erection without recovery of the value of such erection done after the establishment of the setback line; provided actual notice had been given to the landowner as provided in Section "3b" hereof.

b. If eminent domain proceedings are not instituted within ninety (90) days after written notice of the intention to so erect any structure has been mailed by certified mail, the building lines as established shall not affect damages to be paid in eminent domain proceeding thereafter instituted to acquire said area within said building lines but such damages shall be determined and paid as though such building lines had not been established.

c. If any owner affected by setback lines be in doubt as to the location of said setback lines at the time he is about to erect any structure which he believes may be within the required setback area, he may petition the District to survey and mark upon the grounds the location of said setback lines by sending the said District a certified letter and, if said District shall fail to make such survey and so mark the setback line upon the ground or show the location of the same in a reasonable manner within ninety (90) days, such erection may be made in the same manner and with the same results as if no setback line had been established.

Sec. 7. It is the intention of this Act to give the governing body of the District the right to protect from encroachment those areas which need to be protected from encroachment for such immediate and future drainage and flood control right-of-way requirements within the District as it may be necessary, or in the public interest to protect or promote the public health, safety and general welfare. It is not the intention of this Act to give the governing body of the District the power to acquire property without due process of law and without proper compensation therefor. Effective 90 days after May 24, 1963, date of adjournment.

Art. 8280—131. Jackson County Flood Control District

Sec. 11a. In addition to all other vested powers, the District shall have and is hereby authorized to exercise all powers, rights, privileges, and functions which are now, or hereafter may be, conferred by General or Special Law upon Water Improvement Districts and Water Control and Improvement Districts created pursuant to Section 59 of Article XVI of the Constitution of Texas. Added Acts 1963, 58th Leg., p. 20, ch. 14, § 1.

Emergency. Effective March 8, 1963.

Art. 8280—138. Duval County Conservation and Reclamation District

Section 1. Under and pursuant to the provisions of Article 16, Section 59, of the Constitution of Texas, there is hereby created within the State of Texas, in addition to the districts into which the state has heretofore been divided, a conservation and reclamation district to be known as the Duval County Conservation and Reclamation District, hereinafter sometimes referred to as the "District," and consisting of that part of the State of Texas which is included within the boundaries of Duval County, exclusive of that part of Duval County comprising the Freer Water Control and Improvement District, of Duval County. As amended Acts 1963, 58th Leg., p. 1164, ch. 452, § 1.

Effective 90 days after May 24, 1963, date of adjournment.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

Sec. 3. The management and control of the District is hereby vested in a board of directors which shall have all of the powers and authority conferred and imposed upon boards of directors of Water Control and Improvement Districts organized under the provisions of Chapter 25, Acts of the 39th Legislature passed in 1925, and amendments thereto, as incorporated in Title 128, Chapter 3A, of Vernon's Civil Statutes of the State of Texas and amendments thereto. The board of directors shall be composed of four (4) members who shall have the same qualifications as directors of Water Control and Improvement Districts. In the event and to the extent that any of the provisions of the General Laws referred to in this Section are in conflict with or inconsistent with any of the provisions of this Act relating to the powers, authority, and duties of the board of directors and its members, the provisions of this Act shall prevail. The Commissioners Court of Duval County is hereby authorized and empowered to appoint four (4) persons qualified under the law to serve as directors of the District until their successors shall have been duly elected and shall have qualified. The four (4) directors thus appointed shall serve for a term of two (2) years beginning June 1, 1963. The first election of directors shall be held on the first Tuesday in May, 1965, and said election shall be ordered and conducted in the same manner as the election for directors of Water Control and Improvement Districts. The directors so elected shall qualify and begin their term of office on June 1, 1965, or as soon thereafter as practical. The persons elected directors at said election shall draw lots so that two (2) directors shall serve for a term of one (1) year and two (2) directors shall serve for a term of two (2) years. Thereafter an election shall be held on the first Tuesday in May of each year and the directors elected after the first election shall each serve for a term of two (2) years. As amended Acts 1963, 58th Leg., p. 1164, ch. 452, § 2.

Effective 90 days after May 24, 1963, date of adjournment.

Sec. 9. The District shall have authority to acquire property, real and personal, which is not already devoted to a public use within the District which within the discretion of the board of directors is needed in accomplishing the objectives of the District, and to facilitate the acquisition of property it shall have all of the powers of eminent domain available to water control and improvement districts under the General Laws.

In the event that the District, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. As amended Acts 1963, 58th Leg., p. 1164, ch. 452, § 3.

Effective 90 days after May 24, 1963, date of adjournment.

Sec. 14. The Commissioners Court of Duval County is hereby authorized and empowered to contribute out of any available county funds to the organization and preliminary expenses of the District, provided, however, that such contribution shall be repaid to the County out of the proceeds derived from the sale of the first bonds issued and sold by the District. As amended Acts 1963, 58th Leg., p. 1164, ch. 452, § 4.

Effective 90 days after May 24, 1963, date of adjournment.

Art. 8280—146. Brookshire Municipal Water District

Art. 8280—162. West Central Texas Municipal Water District

Sec. 23. (a) The Board of Directors of the District shall have the power to provide for the study, correcting and control of both artificial and natural pollution of all water in, and to flow into, any reservoir owned by the District, and shall have the power to adopt and promulgate all reasonable regulations to secure, maintain and preserve the sanitary condition of all water in and to flow into any reservoir owned by the District, to prevent waste of water or the unauthorized use thereof, and to protect its reservoir from the inflow of salt and other chemicals, to regulate residence, hunting, fishing, boating, and camping, and all recreational and business privileges, along or around any such reservoir or any stream contributing water to its reservoir, or any body of land, or easement owned by the District.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(b) Such District may prescribe reasonable penalties for the breach of any regulation of the District, which penalties shall not exceed fines of more than Two Hundred Dollars (\$200), or imprisonment for not more than thirty (30) days, or may provide both such fine and such imprisonment. The penalties hereby authorized shall be in addition to any other penalties provided by the laws of Texas and may be enforced by complaints filed in the appropriate court of jurisdiction, provided however, that no rule or regulation which provides a penalty for the violation thereof shall be in effect, as to enforcement of the penalty, until five (5) days next after the District may have caused a substantive statement of the particular rule or regulation and the penalty for the violation thereof to be published, once a week for two (2) consecutive weeks in the county in which such reservoir is situated, or in any county in which it is partly situated. The substantive statement so to be published shall be as condensed as is possible to afford an intelligent direction of the mind to the act forbidden by the rule or regulation; one notice may embrace any number of regulations; there must be embraced in the notice advice that breach of the particular regulation, or regulations, will subject the violator to the infliction of a penalty and there also shall be included in the notice advice that the full text of the regulations sought to be enforced is on file in the principal office of the District, where the same may be read by any interested person. Five (5) days after the second publication of the notice hereby required, the advertised regulation shall be in effect, and ignorance of any such regulation shall not constitute a defense to a prosecution for the enforcement of a penalty and, the rules and regulations authorized hereby, after the required publication, shall judicially be known to the courts and shall be considered of a nature like unto that of valid penal ordinance of a city of the State.

(c) It further is expressly provided that the District shall have the power to employ and constitute its own peace officers, and any such officer or any other duly constituted peace officer shall have the power to make arrests when necessary to prevent or abate the commission of any offense against the regulations of the District, and against the laws of the State of Texas, when any such offense or threatened offense occurs upon any land, water, or easement owned or controlled by the District or, to make such arrest at any place, in case of an offense involving injury or detriment to any property owned or controlled by such District.

(d) Except as otherwise provided herein, the District is hereby vested with all of the rights, power and privileges conferred by the General Laws of this State now in effect, or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59, Article 16 of the Constitution. As amended Acts 1963, 58th Leg., p. 162, ch. 100, § 1.

Emergency. Effective May 6, 1963.

Art. 8280—176. Runnels County Water Authority

Section 1. The Runnels County Water Improvement District, consisting of all of the County of Runnels, shall hereafter be known as the Runnels County Water Authority.

All legislative acts and appropriations heretofore passed either in or by reference to the Runnels County Water Improvement District are in all things ratified and confirmed in behalf of the Runnels County Water Authority. Whenever reference is made to the Runnels County Water Improvement District, such reference shall mean the Runnels County Water Authority.

Such Authority shall be and is hereby declared to be a governmental agency and body politic and corporate with the power of governing and with the authority to exercise the rights and privileges and functions hereinafter specified, and the creation of such Authority is hereby determined to be essential to the accomplishment of the purposes of Section 59 of Article 16 of the Constitution of the State of Texas (to the extent hereinafter authorized) for the control, storing, preservation, and distribution of the waters of the Colorado River for domestic, municipal, flood control, irrigation, power, and other useful purposes: the reclamation of soil and soil fertility, and hydroelectric power of the State of Texas.

Nothing in this Act or any other Act or law contained, however, shall be construed as authorizing the Authority to levy or collect taxes or assessments or to create any indebtedness payable out of taxes or assessments, or in any other way pledge the credit of the State. After the directors of the district shall have adopted plans for the construction of a plant and improvements to carry out the purposes of the district, and after an election is held giving authority to the district to issue construction bonds, and to levy a tax in payment therefor, as provided in Sections 78 to 91, inclusive, of said Chapter 25, as amended by Sections 11 to 16, inclusive, of Chapter 107 of the Acts of the Fortieth Legislature, First Called Session, 1927, they shall hold a public hearing upon the following propositions, namely:

Said hearing may be adjourned from day to day

until all qualified persons who present themselves have been heard. The Board shall adopt such plan of taxation as will, under the evidence and the district's plans, in their judgment, most conduce to the equitable distribution of the district's tax:

If the plan adopted by the directors falls under the provisions of said Section 130, then the order to be entered by the directors shall specify what proportion of the tax falls under each designated classification. The order of the Board adopting a plan of taxation shall be final, and cannot be reviewed or questioned in any court, save on the ground of fraud or palpable and arbitrary abuse of discretion.

As amended Acts 1963, 58th Leg., p. 592, ch. 215, § 1.

but not yet sold and whether an ad valorem tax shall be levied upon all taxable property within the Authority as enlarged for the payment thereof. The water thus to be procured, which must be that which is "surplus" to the requirements of Corpus Christi, as "surplus" is defined in a contract between Corpus Christi and Nueces, may be used by Authority as a source of water supply for the City; provided the right of City to execute a contract prescribing the obligations of City and Authority is duly voted in the City in compliance with Article 1109 (e) Vernon's Texas Statutes. Authority may contract with Corpus Christi or Nueces, or both, in reference to Authority's duty or option to participate in the cost of any future enlargement of Corpus Christi Reservoir and for a commensurate share of increased water yield.

Such diversion works may be so constructed as to permit the taking of water from Corpus Christi Lake through intake or otherwise or from Nueces River below the Lake, as may be determined by Authority. The specifications contained in this Section of certain elements of the Authority's proposed water supply, treatment, and transportation system, shall not preclude Authority from constructing all facilities necessary or convenient in enabling Authority to deliver treated or untreated water to City.

Sec. 8. To the extent authorized or required by law, the Authority is empowered to obtain an appropriation permit or permits from the Board of Water Engineers, as provided in Chapter 1 of Title 128, Revised Civil Statutes of 1925, as amended, or it is authorized to participate with Corpus Christi or Nueces in obtaining any such required permit.

Sec. 9. The Authority is authorized to acquire all works, machinery, plants and other facilities and to acquire land, rights-of-way and easements for the purpose of exercising its rights and performing its duties under this Act. Subject to the application of the terms of any deed of trust or indenture executed by the Authority, it may sell, trade, or otherwise dispose of any real or personal property deemed by the Board not to be needed for Authority purposes.

Sec. 10. (a) The Authority shall have the right to acquire by condemnation the fee simple title to, easements or rights-of-way in or upon, or other interests in land and other property and easements within and without the boundaries of the Authority within Jim Wells County, necessary to the exercise of the powers, rights, privileges and functions conferred upon the Authority by this Act in the manner provided by Title 52, Revised Civil Statutes, as amended, relating to eminent domain, or at the option of the Authority in the manner provided by Statutes relative to condemnation by Districts organized under General Law pursuant to Section 59, Article 16 of the Constitution of the State of Texas. This Author-

ity is hereby declared to be a municipal corporation within the meaning of Article 3268 of said Title 52. The amount of and character of interest in land, other property and easements thus to be acquired shall be determined by the Board of Directors. The Authority shall have the same rights and powers within such counties as are conferred upon water control and improvement districts by Section 49 of Chapter 25, Acts of the 39th Legislature, with reference to making surveys and attending to other business of the Authority.

(b) Solely for the limited purposes enumerated herein and for no other purpose, the Authority shall have the right to exercise the power of eminent domain in Nueces County similar to the power granted in Jim Wells County by Subsection (a) hereof, but such power shall be strictly limited and confined to those acquisitions necessary for the following purposes, to-wit:

(1) To acquire easements or rights-of-way necessary to build a pipeline from the City of Alice to a point of contact on the Nueces River from which water will be obtained from Corpus Christi pursuant to contract;

(2) To acquire fee simple title to such land as shall be reasonably necessary for the erection of a pumping station or stations near or adjacent to the pipeline to be built pursuant to Subsection (b) (1) hereof.

(c) In the event that the Authority, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipelines, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the Authority. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 11. Any construction contract requiring an expenditure of more than Two Thousand Dollars (\$2,000.00) shall be made after publication of a notice to bidders once each week for two (2) weeks for sealed bids before awarding the contract. Such bids shall be opened publicly. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and states where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper of general circulation in the Authority and designated or approved by the Board.

Sec. 12. (a) For the purpose of carrying out any power or authority conferred by this Act, the Authority is empowered to issue its negotiable bonds to be payable from revenues or taxes or both revenues and taxes of the Authority as are pledged by resolution of the Board. Pending the issuance of definitive bonds the Board may authorize the delivery of negotiable interim bonds or notes, eligible for exchange or substitution by use of the definitive bonds.

(b) Such bonds shall be authorized by resolution of the Board and shall be issued in the name of the Authority, signed by the president or vice-president, attested by the secretary and shall bear the seal of the Authority. It is provided, however, that the signatures of the president or of the secretary or of both may be printed or lithographed on the bonds

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

if authorized by the Board, and the seal of the Authority may be impressed on the bonds or may be printed or lithographed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold at a price and under terms determined by the Board to be the most advantageous reasonably obtainable, provided that no sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per cent (6%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

(c) Bonds may be issued in more than one (1) series and from time to time as required for carrying out the purposes of this Act.

(d) The bonds may be secured by a pledge of all or part of the net revenues of the Authority (other than from taxation), or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues or income specified by resolution of the Board or in the trust indenture or other instrument securing the bonds. Any such pledge may reserve the right under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. The term "net revenues" as used in this Section shall mean the gross revenues and income of the Authority thus pledged after deduction of the amount necessary to pay the cost of performing any such contract and of maintaining and operating the Authority and its properties.

(e) After the authorizing election, required under Section 15 shall have been held and carried, Authority is also empowered to issue bonds payable from ad valorem taxes to be levied on all taxable property therein, or to issue bonds secured by and payable from both such taxes and the revenues of the Authority. Where bonds are issued payable wholly or partially from ad valorem taxes, it shall be the duty of the Board to levy a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, but the rate of the tax for any year may be fixed after giving consideration to the money received from the other pledged revenues which may be available for payment of principal and interest to the extent and in the manner permitted by the resolution authorizing the issuance of the bonds.

(f) Where bonds payable wholly from revenues are issued, it shall be the duty of the Board to fix, and from time to time to revise the rates of compensation for water sold and services rendered by the Authority which will be sufficient to pay the expense of operating and maintaining the facilities of the Authority and to pay the bonds as they mature and the interest as it accrues and to maintain the reserve and other funds as required in the resolution authorizing the bonds or in the trust indenture or other instrument securing the bonds. Where bonds payable partially from revenues are issued it shall be the duty of the Board to fix, and from time to time revise, the rate of compensation for water sold and services rendered by the Authority which will be sufficient to assure compliance with the resolution authorizing the bonds and with any trust indenture or other instrument securing the bonds.

(g) From the proceeds from the sale of the bonds, the Authority may set aside amounts for the payments into the interest and sinking fund and the reserve fund, and such provisions may be made in the resolution authorizing the bonds or any trust indenture or other instruments secur-

ing the bonds. Proceeds from the sale of the bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purpose for which this Authority is created, including expenses of issuing and selling the bonds. The proceeds from the sale of the bonds may be invested in direct obligations of, or unconditionally guaranteed by, the United States Government maturing in the manner that might be authorized by the resolution authorizing the bonds or the trust indenture or other instruments securing the bonds.

(h) In the event of a default or a threatened default in the payment of principal or of interest on bonds payable wholly or partially from revenues, any court of competent jurisdiction may, upon petition of the holders of outstanding bonds, appoint a receiver with authority to collect and receive all income of the Authority except taxes, employ and discharge agents and employees of the Authority, take charge of funds on hand (except funds received from taxes unless commingled) and manage the proprietary affairs of the Authority without consent or hindrance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of water or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bonds. The resolution authorizing the issuance of the bonds or the trust indenture or other instrument securing them may limit or qualify the rights of the holders of less than all of the outstanding bonds payable from the same source to institute or prosecute any litigation affecting the Authority's property or income.

Sec. 13. Authority is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund more than one (1) series of outstanding bonds and combine the revenues pledged to the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues and mortgage liens. The provisions of this law with reference to the issuance by the Authority of other bonds, their security, and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of and the interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 14. Any bonds (including refunding bonds) authorized by the law, not payable wholly from ad valorem taxes, may be additionally secured by a trust indenture under which the Trustee may be a bank, having trust powers, situated either within or outside of the State of Texas. Such bonds, within the discretion of the Board, may be additionally secured by a deed of trust or mortgage lien upon physical properties of the Authority and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell the properties for the payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties may contain any provisions prescribed by the Board for the

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

security of the bonds and the preservation of the trust estate, and may make provision for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend Authority money or sell Authority property upon approval of a registered professional engineer selected as provided therein, and may make provision for the investment of funds of the Authority. Any purchaser under a sale under the deed of trust lien, where one is given, shall be the absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate the same.

Sec. 15. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by an election at which only the qualified voters residing in the Authority who own taxable property therein and who have duly rendered the same for taxation shall be allowed to vote, and unless a majority of the votes cast thereat is in favor of the issuance of the bonds. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such election may be called by the Board without a petition. The resolution calling the election shall specify the time and places of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the maximum maturity thereof, the form of the ballot, and the presiding judge for each voting place. The presiding judge serving at each voting place may appoint one (1) assistant judge and two (2) clerks to assist in holding such election. Notice of the election shall be given by publishing a substantial copy of the resolution calling the election in a newspaper of general circulation in the Authority on the same day of each of two (2) consecutive weeks. The first publication shall be at least fourteen (14) days prior to the date set for the election. If no newspaper is published in the Authority, notice shall be given by posting a copy of the resolution in three (3) public places within the Authority.

(c) The returns of the election shall be made to and canvassed by the Board.

(d) The General Laws relating to elections shall be applicable to elections held under this Section of this law except as otherwise provided in this law.

Sec. 16. After any bonds (including refunding bonds) are authorized by the Authority, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the Authority and City or other governmental agency, authority or district, a copy of such contract and the proceedings of the City or other governmental agency, authority or district authorizing such contract may also be submitted to the Attorney General. If such bonds have been authorized and if such contracts have been made in accordance with the Constitution and Laws of the State of Texas he shall approve the bonds and such contracts and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter the bonds and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 17. (a) The Board shall designate one (1) or more banks within the Authority to serve as depository for the funds of the Authority. All funds of the Authority shall be deposited in such depository bank or banks except that funds pledged to pay bonds may be deposited with the trustee bank named in the trust agreement, and except that funds shall be remitted to the bank or banks of payment for the payment of principal of

and interest on bonds. To the extent that funds in the depository banks and the trustee bank are not insured by the Federal Deposit Insurance Corporation they shall be secured in the manner provided by law for the security of county funds.

(b) Before designating a depository bank or banks, the Board shall issue a notice stating the time and place when and where the Board will meet for such purpose and inviting the banks in the Authority to submit applications to be designated depositories. The terms of service for depositories shall be prescribed by the Board. Such notice shall be in writing and mailed to each bank within the Authority at least ten (10) days prior to the date fixed for receiving bids.

(c) At the time mentioned in the notice, the Board shall consider the applications and the management and condition of the banks filing them, and shall designate as depositories the bank or banks which offer the most favorable terms and conditions for the handling of the funds of the Authority, and which the Board finds have proper management and are in condition to warrant handling of Authority funds. Membership on the Board of an officer or director of a bank shall not disqualify such bank from being designated as depository.

(d) If no applications are received by the time stated in the notice, the Board may designate some bank or banks within or without Authority upon such terms and conditions as it may find advantageous to the Authority.

Sec. 18. Authority may acquire by assignment any rights belonging to City by virtue of any contract between City and Corpus Christi in reference to such water supply, and if such assignment is accepted Authority shall assume City's obligations under such contract.

Sec. 19. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 20. The accomplishment of the purposes stated in this Act, including the use, for municipal and industrial purposes, of stored water which otherwise would be wasted into the Gulf, is for the benefit of the people of this state and for the improvement of their properties and industries, and the Authority, in carrying out the purposes of this Act will be performing an essential public function under the Constitution. The Authority shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this state.

Sec. 21. (a) The City tax rolls applicable to the property included in the Authority are hereby adopted and shall constitute the tax rolls of the Authority until assessments and tax rolls shall be made by the Authority.

For Annotations and Historical Notes, see *Vernon's Texas Annotated Statutes*

(b) Prior to the sale and delivery of Authority bonds which are payable wholly or partially from ad valorem taxes the Board shall appoint a tax assessor and collector and a board of equalization and cause taxes to be assessed, valuations to be equalized, and tax rolls to be prepared. General Laws applicable to water control and improvement districts with reference to tax assessors and collectors, boards of equalization, tax rolls and the levy and collection of taxes and delinquent taxes shall be applicable to this Authority. The Board is authorized by contract with City to provide that the taxes of the Authority may be collected by the tax collector of City.

Sec. 22. (a) The Board of the Authority shall have the power to adopt and promulgate all reasonable regulations to secure, maintain and preserve the sanitary condition of all water in and to flow into any intermediate or terminal reservoir owned by the Authority to prevent waste of water or the unauthorized use thereof, to regulate resident, hunting, fishing, boating and camping, and all recreational and business privileges, along or around any such reservoir or any body of land, or easement owned by the Authority.

(b) Such Authority may prescribe reasonable penalties for the breach of any regulation of the Authority, which penalties shall not exceed fines of more than Two Hundred Dollars (\$200.00), or imprisonment for not more than thirty (30) days, or may provide both such fine and such imprisonment. The penalties hereby authorized shall be in addition to any other penalties provided by the laws of Texas and may be enforced by complaints filed in the appropriate court of jurisdiction, provided, however, that no rule or regulation which provides a penalty for the violation thereof shall be in effect, as to enforcement of the penalty, until five (5) days next after the Authority may have caused a substantive statement of the particular rule or regulation and the penalty for the violation thereof to be published, once a week for two (2) consecutive weeks in the county in which such reservoir is situated, or in any county in which it is partly situated. The substantive statement so to be published shall be as condensed as is possible to afford an intelligent direction of the mind to the act forbidden by the rule or regulation; one (1) notice may embrace any number of regulations; there must be embraced in the notice advice that breach of the particular regulation, or regulations, will subject the violator to the infliction of a penalty and there also shall be included in the notice advice that the full text of the regulations sought to be enforced is on file in the principal office of the Authority, where the same may be read by any interested person. Five (5) days after the second publication of the notice hereby required, the advertised regulation shall be in effect, and ignorance of any such regulation shall not constitute a defense to a prosecution for the enforcement of a penalty, and the rules and regulations authorized hereby, after the required publication, shall judicially be known to the courts and shall be considered of a nature like unto that of valid penal ordinance of a city of the state.

(c) Any duly constituted peace officer shall have the power to make arrests when necessary to prevent or abate the commission of any offense against the regulations of the Authority, and against the laws of the State of Texas, when any such offense or threatened offense, occurs upon any land, water, or easement owned or controlled by the Authority, or to make such arrest at any place, in case of an offense involving injury or detriment to any property owned or controlled by such Authority.

Sec. 23. Nothing in this Act shall be interpreted as amending or repealing Article 7471, Revised Civil Statutes of Texas, which provides for

priorities of the use of water. Acts 1962, 57th Leg., 3rd C.S., p. 32, ch. 12, §§ 1-23.

To the extent that funds in the depository bank or banks are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds. Membership on the Board of Supervisors of an officer or director of a bank shall not disqualify such bank from being designated as depository.

Sec. 9. Authority and Bonds Exempt from Taxation.

The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and the industries, the Authority in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 11. Authority Declared Essential.

The Legislature hereby declares that the enactment hereof is in fulfillment of a duty conferred upon it by Section 59 of Article XVI of the Constitution of the State of Texas wherein it is required to pass such laws as may be appropriate in the preservation and conservation of the natural resources of the State; that the Authority herein created is essential to the accomplishment of such purposes and that this Act therefore operates on a subject in which the State and the public at large are interested. All the terms and provisions of this Act are to be liberally construed to effectuate the purposes herein set forth.

Sec. 12. Saving Clause.

Nothing in this Act shall be construed to violate any provision of the Federal or State Constitutions and all acts done hereunder shall be done in such manner as may conform thereto whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions the Authority shall have the power by resolution to provide an alternative procedure conformable to such constitutions. If any provision of the Act shall be invalid, such fact shall not affect the creation of the Authority or the validity of any other provision of this Act, and the Legislature hereby declares that it would have created the Authority and enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof. Sec. 3a. It is determined and found by the Legislature that the boundaries and field notes of said District form a closure and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is made in the field notes, it shall in no way or manner affect the organization, existence and validity of said District and the right of said District to issue bonds or refunding bonds, or to pay the principal and interest thereon, and the right to assess, levy and collect taxes, or in any manner affect the legality or operation of said District or its governing body.

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges, authority and duties conferred and imposed by the General Laws of this State now in force, or hereafter enacted, applicable to water control and improvement districts created under authority of Article 16, Section 59 of the Constitution of Texas, but to the extent that the provisions of any such General Law may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby adopted and incorporated by reference with the same effect as if incorporated in full in this Act. It shall not be necessary for the Board of Directors to call a confirmation election or to hold a hearing on the adoption of a plan of taxation. The ad valorem plan of taxation shall be used by the District. The provisions of the General Law pertaining to water control and improvement districts applicable to an exclusion hearing shall be applicable to this District, except that the notice for said hearing shall be by publication one (1) time in a newspaper having general circulation in the

Sec. 7. Bonds or refunding bonds may be sold at a price and under terms determined by the Board of Directors of the District to be most advantageous reasonably obtainable, but none of said bonds or refunding bonds shall be sold for less than ninety-five per cent (95%) of their face value. The District may exchange bonds or refunding bonds for property acquired by purchase, or in payment of the contract price for work done or materials or services furnished for the use and benefit of the District, but such exchange of bonds or refunding bonds for property or facilities acquired by purchase, or in payment of the contract price for work done or materials or services furnished shall not be on a basis of less than ninety-five per cent (95%) of the face value of the bonds or refunding bonds so exchanged or used for payment as herein specified. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or changing in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Upon the adoption of this Act, said District shall be a fully created and established fresh water supply district.

The board shall also appoint a secretary and a treasurer who may or may not be members of the board, and it may combine those officers. The treasurer shall give bond in such amount as may be required by the board of directors. The condition of such bond shall be that he will faithfully account for all money which shall come into his custody as treasurer of the Authority. The board shall appoint all necessary engineers, attorneys and other employees. The board shall adopt a seal for the Authority.

Sec. 5. Other territory in Henderson County may be annexed in the following manner:

(a) A petition praying for such annexation signed by fifty (50) or a majority of the qualified voters of the territory to be annexed who own taxable property therein and who have duly rendered the same to the county for taxation shall be filed with the board of directors of the Authority. The petition shall describe the territory by metes and bounds or otherwise unless such territory is the same as that contained in a city or town, in which event it shall be sufficient to state that the territory to be annexed is that which is contained within such city or town.

(b) If the board of directors finds that the petition complies with, and is signed by the number of qualified persons required by the foregoing Subsection, that the annexation would be to the interest of the Authority, and that the Authority will be able to supply water or sewer service to the territory, it shall adopt a resolution stating the conditions, if any, under which such territory may be annexed to the Authority, and requesting the Commissioners Court of Henderson County to annex said territory to the Authority. A certified copy of such resolution and of the petition shall be filed with said Court.

(c) The Commissioners Court shall adopt a resolution declaring its intention to call an election in the territory for the purpose of submitting the proposition of whether or not such territory shall be annexed to the Authority, and fix a time and place when and where a hearing shall be held by said Court on the question of whether the territory proposed to be annexed will be benefited by the improvements, works and facilities which the Authority is authorized to acquire or construct.

(d) Notice of the adoption of such resolution stating the time and place of such hearing, addressed to the citizens and owners of property in such territory shall be published one (1) time in a newspaper designated by the Commissioners Court at least ten (10) days prior to the date of such hearing. The notice shall describe the territory proposed to be annexed in the same manner as required or permitted for the petition.

(e) All persons interested may appear at such hearing and offer evidence for or against the intended annexation. Such hearing may proceed in such order and under such rules as may be prescribed by the Commis-

sioners Court, and the hearing may be recessed from time to time. If, at the conclusion of the hearing, the Commissioners Court finds that all of the land in the territory proposed to be annexed will be benefited by the present or contemplated improvements, works and facilities of the Authority, the Court shall adopt a resolution calling an election in the territory to be annexed stating therein the date of the election, the place or places of holding the same, and appointing a presiding judge for each voting place who shall appoint the necessary assistant judges and clerks to assist in holding the election.

(f) Notice of such election, stating the date thereof, the proposition to be voted upon and the conditions under which the territory may be annexed, or making reference to the resolution of the board of directors for that purpose, and the place or places of holding the same, shall be published one (1) time in a newspaper designated by the Commissioners Court at least ten (10) days before the day set for the election.

(g) Only qualified electors who reside in such territory shall be qualified to vote in said election. Returns of said election shall be made to the Commissioners Court of Henderson County.

(h) The ballots for said election shall have printed thereon the words "For Annexation" and "Against Annexation."

(i) The Commissioners Court shall canvass the returns of the election and pass an order declaring the results thereof. If such order shows that a majority of the votes cast are in favor of annexation, said Court shall annex said territory to the Authority, and such annexation shall thereafter be incontestable except within the time for contesting elections under the general election law.

(j) The board in calling the election on the proposition for annexation of territory, may include as a part of the same proposition, a proposition for the assumption of its part of the tax-supported bonds of the Authority then outstanding and those theretofore voted but not yet sold, and for the levy of an ad valorem tax on taxable property in said territory along with the tax in the rest of the Authority for the payment thereof.

(k) After territory is added to the Authority, the board of directors of the Authority may call an election over the entire Authority for the purpose of determining whether the entire Authority as enlarged shall assume the tax-supported bonds then outstanding and those theretofore voted if any, but not yet sold and whether an ad valorem tax shall be levied upon all taxable property within the Authority as enlarged for the payment thereof, unless such proposition had been voted at the same time as the annexation election and has become lawfully binding upon the territory annexed. Such election shall be called and held in the same manner as elections for the issuance of bonds as provided in this Act.

Sec. 6. The Authority is hereby empowered to develop or purchase and produce surface and underground sources of water. The Authority is empowered to construct or purchase all works, plants, and other facilities necessary or useful for the purpose of treating such water and transporting and distributing it for municipal, domestic, and industrial purposes. The Authority shall at all times have power to develop or purchase additional underground and surface sources of water and to improve, enlarge and extend its water system. The Authority is also empowered to construct and operate a sanitary sewer system and disposal plants and equipment, and to contract with a city to dispose of sewage from the Authority's sewer system. It is hereby found and declared

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

that such sanitary sewer facilities are necessary for the protection of surface and underground waters. The Authority is authorized to lay its water and sewer lines and facilities in the streets, alleys and public places in the city contained in the Authority, and to maintain the same.

Sec. 7. (a) For the purpose of carrying out any power or authority conferred by this Act, the Authority shall have the right to acquire land and easements within Henderson County by condemnation in the manner provided by Title 52, Revised Civil Statutes, as amended, relating to eminent domain. The power of eminent domain shall be restricted to Henderson County, Texas. The amount of and character of interest in land and easements thus to be acquired shall be determined by the board of directors. The Authority shall have the same power as is conferred upon water control and improvement districts by Section 49 of Chapter 25, Acts of the Thirty-ninth Legislature,² with reference to making surveys and to attending to other business of the Authority.

(b) In the event that the Authority, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the Authority. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacements without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

Sec. 8. Any construction contract or contract for the purchase of material, equipment or supplies requiring an expenditure of more than Two Thousand Dollars (\$2,000) shall be made to the lowest and best bidder after publication of a notice to bidders one each week for two (2) weeks before awarding the contract. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and states where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper published in Henderson County and designated by the board of directors. This Section, however, shall not apply to the purchase of any system or part thereof in existence at the time of such purchase.

Sec. 9. (a) For the purpose of carrying out any power or authority conferred by this Act, the Authority is empowered to issue its negotiable bonds to be payable from such revenues of the Authority as are pledged by resolution of the board of directors or by a trust indenture authorized by said board.

(b) Such bonds shall be authorized by resolution of the board of directors and shall be issued in the name of the Authority, signed by the president or vice-president, attested by the secretary, or the facsimile of either or both such signatures may be printed or lithographed thereon, and have the seal of the Authority impressed thereon, or a facsimile of the seal reproduced thereon. They shall mature serially or otherwise in not to exceed forty (40) years and they may be sold at a price and under terms determined by the board of directors to be the most advantageous reasonably obtainable, provided that the interest cost to the Authority, calculated by use of standard bond interest tables currently in

use by insurance companies and investment houses including the discount, if any, does not exceed six per cent (6%) per annum, and within the discretion of the board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution or indenture authorizing the bonds, and may be made registerable as to principal or as to both principal and interest.

(c) Bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(d) The bonds may be secured by a pledge of all or part of the net revenues of the Authority, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues specified by resolution of the board of directors. Any such pledge may reserve the right, under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. The term "net revenues" as used in this Section shall mean the gross revenues of the Authority after deduction of the amount necessary to pay the cost of maintaining and operating the Authority and its properties.

(e) For the purposes stated in Section 9(a) hereof, the Authority is also empowered to issue bonds payable from ad valorem taxes to be levied on all taxable property therein, or to issue bonds secured both by and payable from such taxes and revenues of the Authority. Where bonds are issued payable wholly or partially from ad valorem taxes, it shall be the duty of the board of directors to levy a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, but the rate of the tax for any year may be fixed after giving consideration to the money received from the pledged revenues which may be available for payment of principal and interest to the extent and in the manner permitted by the resolution authorizing the issuance of the bonds.

(f) Where bonds payable wholly from revenues are issued, it shall be the duty of the board of directors to fix, and from time to time to revise, the rates of compensation for water sold for sewer service rendered by the Authority which will be sufficient to pay the expense of operating and maintaining the facilities of the Authority and to pay the bonds as they mature and the interest as it accrues and to maintain the reserve and other funds as provided in the resolution authorizing the bonds. Where bonds payable partially from revenues are issued, it shall be the duty of the board to fix, and from time to time to revise, the rate of compensation for water sold for sewer service rendered by the Authority which will be sufficient to assure compliance with the resolution authorizing the bonds.

(g) From the proceeds from the sale of the bonds, the Authority may set aside an amount for the payment of interest expected to accrue during construction and a reserve interest and sinking fund, and such provision may be made in the resolution authorizing the bonds. Proceeds from the sale of the bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purposes for which this Authority is created. Proceeds from the sale of bonds may be invested in direct obligations of the United States of America, or obligations unconditionally guaranteed by Federal Intermediate Credit Banks, Federal Land Banks, Federal National Mortgage Associations, Federal Home Loan Banks for Cooperatives.

Such receiver may also be authorized to sell or make contracts for the sale of water and contracts relating to sewer service and operation of the sewer system, or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bonds.

Sec. 10. The Authority is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund more than one series of outstanding bonds and combine the pledges for the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues. The provisions of this law with reference to the issuance of other bonds and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, or with the trustee if a trust indenture is executed by the Authority, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 11. Any bonds (including refunding bonds) authorized by this law, not payable wholly from ad valorem taxes, may be additionally secured by a trust indenture which may create a lien upon physical properties of the Authority, and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell the properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such indenture may contain any provisions prescribed by the board of directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds. Any purchaser under a sale under such indenture shall be the owner of the properties, franchises, easements, water rights, permits, leases, contracts and all rights appurtenant thereto, so purchased and shall have the right to maintain and operate the same.

Sec. 12. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by a majority vote at an election at which only the qualified voters who reside in the Authority and who own taxable property therein and who have duly rendered the same for taxation. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such election may be called by the board of directors without a petition. The resolution calling the election shall specify the time and place of holding the same, the purpose for which the bonds are to be is-

sued, the maximum amount thereof, the maximum maturity thereof, the form of the ballot, and the presiding judge for each voting place. The presiding judge serving at each voting place shall appoint one (1) assistant judge and at least two (2) clerks to assist in holding such election. Notice of the election shall be given by publishing a substantial copy thereof in a newspaper published in Henderson County for two (2) consecutive weeks. The first publication shall be at least twenty-one (21) days prior to the election.

(c) The returns of the election shall be made to and canvassed by the board of directors of the Authority.

(d) The General Laws relating to elections shall be applicable to elections held under this Section of this law except as otherwise provided in this law.

Sec. 13. After any bonds are authorized by the Authority, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the Authority and any city or other governmental agency or district, a copy of such contract and the proceedings of the city or other governmental agency or district authorizing such contract shall also be submitted to the Attorney General. If the Attorney General finds that such bonds have been authorized and if such contracts have been made in accordance with the Constitution and laws of the State of Texas, he shall approve the bonds and such contracts, and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter, the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 14. Prior to the sale and delivery of Authority bonds which are payable wholly or partially from ad valorem taxes the board of directors shall appoint a tax assessor and collector and a board of equalization and cause taxes to be assessed, valuations to be equalized, and tax rolls to be prepared. General Laws applicable to water control and improvement districts with reference to tax assessors and collectors, boards of equalization, tax rolls and the levy and collection of taxes and delinquent taxes shall be applicable to this Authority. For the first year when tax rolls are thus to be prepared, the board of directors may fix the dates for renditions, assessments and equalization board meetings.

Sec. 15. (a) The board of directors shall designate one or more banks to serve as depository for the funds of the Authority. All funds of the Authority shall be deposited in such depository bank or banks except that funds pledged to pay bonds may be deposited with the trustee bank named in the trust indenture, and except that funds shall be remitted to the bank of payment of principal of and interest on bonds. To the extent that funds in the depository banks and the trustee bank are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds.

(b) Before designating a depository bank or banks, the board of directors shall issue a notice stating the time and place when and where the board will meet for such purpose and inviting the banks to submit applications to be designated depositories. The terms of service for depositories shall be prescribed by the board. Such notice shall be published one (1) time in a newspaper published in Henderson County and specified by the board at least ten (10) days before the date set for re-

Membership on the board of directors of an officer or director of a bank shall not disqualify such bank from being designated as depositary.

(d) If no application is received by the time stated in the notice or if no application is accepted, the board shall designate some bank or banks within or without Henderson County upon such terms and conditions as it may find advantageous to the Authority.

Sec. 16. The Authority is authorized to acquire water appropriation permits directly from the Board of Water Engineers of the State of Texas, or from owners of permits. Sec. 3. It is expressly determined and found that all of the land and other property included within the area and boundaries of the Authority will be benefited by the works and projects which are to be accomplished by the Authority pursuant to the powers herein conferred under the provisions of Article 16, Section 59, of the Constitution of Texas, and that such Authority was and is created to serve a public use and benefit.

Sec. 4. It is determined, and the Legislature hereby finds, that the boundaries of said Authority form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of said Authority, or the right of the Authority to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the Authority or its governing body.

Sec. 5. The Authority shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authority and functions conferred and imposed by the General Laws of this State now in force or hereafter enacted, applicable to water control and improvement districts created under the authority of Article 16, Section 59, of the Constitution of Texas, but to the extent that the provisions of any such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. All such General Laws are hereby adopted and incorporated by reference with the same effect as if incorporated in full in this Act.

Sec. 6. It shall not be necessary for the Board of Directors to call a confirmation election or a hearing on the exclusion of lands and other property from the Authority, or a hearing on the adoption of a plan of taxation. The ad valorem plan of taxation shall be used by the Authority.

Sec. 7. Without limiting the generality of the grant of all rights, powers, or functions herein bestowed upon the Authority under the General Laws of the State presently in force or hereafter enacted, pertaining to water control and improvement districts, the Authority is specifically granted the right, power and authority to purchase and construct, or purchase or construct, or otherwise acquire and accomplish by any and all practical means, waterworks systems, sanitary sewer systems, storm sewer systems and drainage facilities or parts of such systems or facilities and

to make any and all necessary purchases, constructions, improvements, extensions, additions and repairs thereto, and to purchase or acquire all necessary land, right-of-way, easements, sites, equipment, buildings, plants, structures and facilities therefor and to operate and maintain same, and to sell water or other services, and to fix rates therefor, and the Authority may exercise any of the rights, powers and authorities granted by this Act within or without the boundaries of the Authority, and the Authority may issue its bonds for such purposes and provide and make payment therefor and for necessary expenses in connection therewith.

Sec. 8. The Authority shall have the right, power and authority to use any and all public roadways, streets, alleys or public easements within or without the boundaries of the Authority in the accomplishment of its purposes, without the necessity of securing a franchise.

Sec. 9. The Authority shall have the right, power and authority to enter into contracts with municipal corporations, political subdivisions, owners, developers or lessees of lands and property as may be necessary or appropriate to a continuing and orderly plan of development of such lands and property through the purchase, construction or installation of such facilities, works or improvements as such Authority may be otherwise authorized and empowered to do or perform so that, to the greatest extent reasonably possible, considering sound engineering and economic practices, all such lands may, under such contracts, be placed in position ultimately to receive the services of such facilities, works or improvements. No election shall be required of any city or town for approval of water, sewer or drainage contracts, or any combination thereof, but such contracts may be entered into without the necessity of an election by any contracting party.

Sec. 10. All powers of the Authority shall be exercised by a Board of five (5) Directors. Each Director shall serve for his term of office as herein provided, and thereafter, until his successor shall be elected or appointed and qualified. No person shall be appointed or elected a Director unless he owns taxable property in the Authority and resides in the Authority. Such Directors shall subscribe to the constitutional oath of office, and each shall give bond in the amount of Five Thousand Dollars (\$5,000) for the faithful performance of his duties, the cost of which shall be paid by the Authority. Immediately after this Act becomes effective, the following named persons shall be Directors of said Authority: James T. Clinkscales, Bobby C. Dare, Thomas H. McElhinney, T. F. Pound, Jr., and William L. Winstead, all of whom reside within the State of Texas and within the area of the Authority. If any of the foregoing persons shall die, become incapacitated or otherwise not be qualified to assume their duties under this Act, the remaining Directors shall appoint his successor. The first three (3) named Directors aforementioned shall serve until the second Tuesday in January, 1964, and the last two (2) named Directors shall serve until the second Tuesday in January, 1965. An election shall be held on the second Tuesday in January of each year beginning in 1964 for the election of Directors, and three (3) Directors shall be elected in each even-numbered year and two (2) in each odd-numbered year, in accordance with the General Law applicable thereto. Any vacancy occurring in the Board of Directors shall be filled for the unexpired term by a majority of the remaining Directors. The Board of Directors shall elect from its number a president and secretary and such other officers as in the judgment of the Board are necessary. The Treasurer may be appointed by the Board and shall give bond in such amount as may be required by

the Board, conditioned that he or it will faithfully account for all money which shall come into his or its custody as Treasurer of the Authority. The Board shall appoint all necessary engineers, attorneys, fiscal agents, managers, employees or other personnel as may be needed, and shall adopt a seal for the Authority.

Sec. 11. In the event that the Authority, in the exercise of the power of eminent domain or power of relocation, or any other power, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, change of grade or alteration of construction shall be accomplished at the sole expense of the Authority. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 12. The Authority is fully empowered to borrow money for its corporate purposes including the power to borrow money and accept grants, gratuities or other support from the United States of America or the State of Texas, or from any corporation or agency created or designated by the United States of America or the State of Texas, and in connection with any such loan, grant or other support, to enter into such arrangements as the Board of Directors may deem advisable. The Authority is granted full powers to authorize, execute, issue and sell bonds, whether to be supported by taxes, revenues or a combination of taxes and revenues, to evidence any indebtedness it may lawfully incur and in such connection the Board of Directors may proceed as permitted under the General Laws pertaining to the issuance of bonds by water control and improvement districts, including refunding bonds. Bonds payable solely from net revenues of the Authority's operation or from the proceeds of any contract for the Authority's services may be issued by resolution of the Board of Directors and no hearing or election therefor shall be required. All bonds issued by the Authority pursuant to the provisions of this Act shall constitute negotiable instruments within the meaning of the Negotiable Instruments Law of this State. Before any bonds shall be sold by the Authority, a certified copy of the proceedings for the issuance thereof, including the form of such bonds, together with any other information which the Attorney General of Texas may require, shall be submitted to the Attorney General, and if he shall find that such bonds have been issued in accordance with the law, he shall approve such bonds and execute a certificate of approval which shall be filed in the office of the Comptroller of Public Accounts of the State of Texas, and be recorded in a record kept for that purpose. No bonds shall be issued until the same shall have been registered by the Comptroller of Public Accounts, who shall so register the same if the Attorney General shall have filed with the Comptroller of Public Accounts his certificate approving the bonds, and the proceedings for the issuance thereof, as hereinabove provided. When bonds or the proceedings pertaining thereto recite that they are secured by a pledge of the proceeds of a contract theretofore made between the Authority and any city, district, or other user, a copy of such contract and proceedings of the contracting parties shall be submitted to the Attorney General with the bond record, and if such bonds have been duly authorized and such contracts made in compliance with law, he shall approve the bonds and contracts and the bonds shall then be registered by the Comptroller of Public Accounts. When approved as aforesaid, the

bonds and contracts shall be valid and binding and shall be incontestable for any cause.

All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees and sinking funds of cities, towns and villages, counties, school districts, or other political subdivisions of the State of Texas, and for all public funds of the State of Texas or its agencies, including the State Permanent School Fund. Such bonds shall be eligible to secure deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts or other political subdivisions or corporations of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons pertinent thereto.

Sec. 13. The Board of Directors shall designate one or more banks within or without the Authority to serve as depository for the funds of the Authority. All funds of the Authority shall be deposited in such depository bank or banks except that sufficient funds shall be remitted to the bank or banks of payment of principal of and interest on the outstanding bonds of the Authority and in time that such may be received by the said bank or banks of payment on or prior to the date of the maturity of such principal and interest so to be paid. To the extent that funds in the depository bank or banks are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds.

Sec. 14. A complete system of accounts shall be kept by the Authority and an audit of its affairs for each year shall be prepared by an independent certified public accountant, or a firm of independent certified public accountants, of recognized integrity and ability. The fiscal year of the Authority shall be from October 1 to September 30 of the following year; unless and until changed by the Board of Directors. A written report of the audit shall be delivered to each member of the Board of Directors not later than ninety (90) days after the close of each fiscal year; and a copy of such audit report shall be delivered upon request to the holder or holders of at least twenty-five per cent (25%) of the then outstanding bonds of the Authority; and at least five (5) additional copies of said audit shall be delivered to the office of the Authority, one of which shall be kept on file, and shall constitute a public record open to inspection by any interested person or persons within normal office hours. The cost of such audit shall be paid for by the Authority.

Sec. 15. The accomplishment of the purposes stated in this Act being for the benefit of the people of this State and for the improvement of their properties and the industries thereof, the Authority in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on its properties or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 16. The Legislature hereby declares that the enactment hereof is in fulfillment of a duty conferred upon it by Section 59 of Article 16 of the Constitution of the State of Texas wherein it is required to pass such laws as may be appropriate in the preservation and conservation of the natural resources of the State; that the Authority herein created is

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

essential to the accomplishment of such purposes and that this Act therefore operates on a subject in which the State and the public at large are interested. All of the terms and provisions of this Act are to be liberally construed, to effectuate the purposes, powers, rights and authorities herein set forth.

Sec. 17. Nothing in this Act shall be construed to violate any provision of the Federal or State Constitutions and all acts done hereunder shall be done in such manner as may conform thereto whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such Constitutions, the Authority shall have the power by resolution to provide an alternative procedure conformable to such Constitutions. If any provision of the Act shall be invalid such fact shall not affect the creation of the Authority or the validity of any other provision of this Act, and the Legislature hereby declares that it would have created the Authority and enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions thereof. (d) Upon appropriate resolution by the Board of Directors in the District, the District may purchase other water systems, water and sewer systems, or sewer systems and may finance the purchase of such system or systems by the issuance of revenue bonds, tax and revenue bonds, or tax bonds, in the manner and to the extent provided in this Act and in the event of such purchase, the rates to be charged for the distribution of water, the collection of sewage and other authorized charges shall be determined by the Board of Directors as elsewhere provided and such rates shall not be subject to regulation by any other municipal corporation of the State of Texas.

Sec. 6. When authorized by a majority of the qualified voters residing in the District at an election duly held for the purpose, the Board of Directors may levy a tax for the maintenance of the water and sewer system and the improvements herein authorized; and the Board of Directors shall have the power to fix rates to be paid by the users of the services to be provided, and to provide for the uniform and economical expenditure of the funds received therefrom, including the pledge of revenues for the payment of bonds of the District. The Board of Directors may from time to time revise the rates of compensation for water sold and services rendered by the District in an amount sufficient to pay the expenses of operating and maintaining the facilities of the District and to provide for:

Sec. 7. The District is authorized to acquire water appropriation permits directly from the Board of Water Engineers of the State of Texas; or from the owners of such permits, as well as from any other available source, including the purchase of water or a water supply from any person, firm, corporation or public agency. Any permit which may be transferred to the District under the terms hereof must first be approved by the Board of Water Engineers. This requirement shall not apply to the purchase or transfer of water systems as distinguished from permits.

Sec. 8. They shall mature serially or otherwise in not to exceed forty (40) years and they may be sold at a price and under terms determined by the Board of Directors to be the most advantageous reasonably obtainable, but in no event at less than ninety per cent (90%) of par value, provided that the interest cost to the District, calculated by use of standard bond interest tables currently in use by insurance companies and investment houses do not exceed seven per cent (7%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

(c) Bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(d) The bonds may be secured by a pledge of all or part of the net revenues of the District, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues specified by resolution of the Board of Directors. Any such pledge may reserve the right, under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. The term "net revenues" as used in this Section shall mean the gross revenues of the District after deduction of the amount necessary to pay the cost of maintaining and operating the District and its properties.

(e) For the purposes stated in Section 8(a) hereof, the District is also empowered to issue bonds payable from ad valorem taxes to be levied in the manner and to the extent authorized by Chapter 3-A, Title 128, Revised Civil Statutes, 1925, or to issue bonds secured both by and payable wholly or partially from ad valorem taxes. Where bonds are issued payable wholly or partially from such taxes, it shall be the duty of the Board of Directors to levy a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, but the rate of the tax for any year may be fixed after giving consideration to the money received from the pledged revenues which may be available for payment of principal and interest to the extent and in the manner permitted by the resolution authorizing the issuance of the bonds.

(f) Where bonds payable wholly from revenues are issued, it shall be the duty of the Board of Directors to fix, and from time to time to revise,

Where bonds payable partially from revenues are issued, it shall be the duty of the Board to fix, and from time to time to revise, the rate of compensation for water sold and services rendered by the District which will be sufficient to assure compliance with the resolution authorizing bonds.

(g) From the proceeds from the sale of the bonds, the District may set aside an amount for the payment of interest expected to accrue during construction and a reserve interest and sinking fund, and such provision may be made in the resolution authorizing the bonds. Proceeds from the sale of the bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purposes for which this District is created.

(h) In the event of a default or a threatened default in the payment of principal or interest on bonds payable wholly or partially from revenues, any court of competent jurisdiction may, upon petition of the holders of twenty-five per cent (25%) of the outstanding bonds of the issue thus in default or threatened with default, appoint a receiver with authority to collect and receive all income of the District except taxes, employ and discharge agents and employees of the District, take charge of funds on hand (except funds received from taxes unless commingled) and manage the proprietary affairs of the District without consent of or hindrance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of water or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bonds.

Sec. 9. The District is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund more than one series of outstanding bonds and combine the pledges for the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues. The provisions of this law with reference to the issuance of other bonds and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 10. Any bonds (including refunding bonds) authorized by this law, not payable wholly from ad valorem taxes, may be additionally secured by a deed of trust lien upon physical properties of the District and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee, power to sell the properties for payment of the indebtedness, power to operate the properties, and all other powers and authority for the further security of the bonds. Such deed of trust may contain any provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provision for

amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds. Any purchaser under a sale under such deed of trust shall be the owner of the water and sewer system and the other properties and facilities so purchased and shall have the right to maintain and operate the same.

Sec. 11. Notice of the election shall be given by posting a substantial copy thereof in each of three (3) public places within the District for at least twenty (20) days prior to the election.

(c) The returns of the election shall be made to and canvassed by the Board of Directors of the District.

(d) The General Laws relating to elections shall be applicable to elections held under this Section of this law except as otherwise provided in this law.

Sec. 12. After any bonds are authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the District and the city or other governmental agency or district, a copy of such contract and the proceedings of the city or other governmental agency or district authorizing such contract shall also be submitted to the Attorney General. The Attorney General shall not be authorized or required to make any other or further examination or investigation. If such bonds have been authorized and if such contracts have been made in accordance with the Constitution and this law, he shall approve the bonds and such contracts, and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter, the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 13. (a) The Board of Directors shall designate one or more banks to serve as depository for the funds of the District. All funds of the District shall be deposited in such depository bank or banks except that funds pledged to pay bonds may be deposited with the trustee bank named in the trust indenture, and except that funds shall be remitted to the bank of payment of principal of and interest on bonds. To the extent that funds in the depository banks and the trustee bank are not insured by the FDIC they shall be secured in the manner provided by law for the security of county funds.

(b) Before designating a depository bank or banks, the Board of Directors shall issue a notice stating the time and place when and where the Board will meet for such purpose and inviting the banks to submit applications to be designated depositories. The term of service for depositories shall be prescribed by the Board. Such notice shall be published one time

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

in a newspaper published in the District and specified by the Board at least ten (10) days before the date set for receiving applications.

Membership on the Board of Directors of an officer or director of a bank shall not disqualify such bank from being designated as depository.

(d) If no application is received by the time stated in the notice or if no application is accepted, the Board shall designate some bank or banks, within or without Bowie County, upon such terms and conditions as it may find advantageous to the District.

Sec. 14. All bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, the State Permanent School Fund and the Teachers' Retirement Fund, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Sec. 4. The Board of Directors shall elect from its number a president and a vice-president, and such other officers as in the judgment of the Board are necessary. The president shall be the chief executive officer and the presiding officer of the Board, and shall have the same right to vote as any other Director. The vice-president shall perform all duties and exercise all power conferred by this Act upon the president when the president is absent or fails or declines to act. The Board shall also appoint a secretary and a treasurer who may or may not be members of the Board and it may combine those offices. Sec. 5. The Authority is hereby empowered (a) to develop, construct or purchase dams, reservoirs, underground and other sources of water. The Authority is empowered to construct or purchase all works, plants, and other facilities necessary or useful for the purpose of providing a source of water supply and storing, processing such water and transporting and distributing it for municipal, domestic and industrial purposes. The Authority shall at all times have power to develop or purchase additional underground or other sources of water and to improve, enlarge and extend its water system. The Authority is also authorized to make contracts for the purchase of water; (b) in order to preserve and protect the purity of the waters of the state and of the Authority and conserve and reclaim said waters for beneficial use by the inhabitants of the Authority to provide all plants, works, facilities and appliances incident to or helpful or necessary to the collection, transportation, processing, disposal and control of all domestic, industrial or communal wastes, whether of fluids, solids or composites. Sec. 6. For the purpose of carrying out any power or authority conferred by this Act the Authority shall have the right to acquire land and easements, by condemnation in the manner provided by Title 52, Revised Civil Statutes, as amended, relating to eminent domain. The amount of and character of interest in land and easements thus to be acquired shall be determined by the Board of Directors. In the event that the Authority, in the exercise of the power of eminent domain or power of relocation, or any other power granted herein, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, communication properties and facilities or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the Authority. Sec. 7. Any construction contract or contract for the purchase of materials, equipment or supplies requiring an expenditure of more than

Two Thousand Dollars (\$2,000) shall be made to the lowest and best bidder after publication of a notice to bidders once each week for two (2) weeks before awarding the contract. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and states where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper published in Hill County and designated by the Board of Directors. This Section, however, shall not apply to the purchase of any system or part thereof in existence at the time of such purchase.

Sec. 8. (a) For the purpose or¹ purchasing or otherwise providing works, plants, facilities or appliances necessary to the accomplishment of the purposes authorized by this Act, and for the purpose of carrying out any other power or authority conferred by this Act, the Authority is empowered to issue its negotiable bonds payable from such revenues of the Authority as are pledged by resolution of the Board of Directors, or by a trust indenture authorized by said Board. The Authority shall have no power to levy or collect taxes or assessments, or to issue any bonds or create any indebtedness payable out of taxes or assessments, and nothing in this Act or in any other Act or law shall be construed as authorizing it to do so;

¹ So in enrolled bill.

(b) Such bonds shall be authorized by resolution of the Board of Directors and shall be issued in the name of the Authority, signed by the president, attested by the secretary and have the seal of the Authority impressed thereon or a facsimile seal printed or lithographed thereon. One of the signatures thus required on the bonds may be a facsimile signature, but the other signature shall be manual. They shall mature serially or otherwise in not to exceed forty (40) years and may be sold at a price and under terms determined by the Board of Directors to be the most advantageous reasonably obtainable, provided that the interest cost to the Authority, calculated by the use of standard bond interest tables currently in use by insurance companies and investment houses does not exceed six per cent (6%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds or in the trust indenture, and may be made registrable as to principal or as to both principal and interest. Before issuing any such bonds, the proposition for the issuance thereof shall be submitted to and authorized by the resident, qualified property tax-paying voters of the Authority. Such election shall be called and held in the manner required by Chapter 25, Acts, 39th Legislature, 1925, as amended, relating to elections for the issuance of bonds by Water Control and Improvement Districts;

(c) Bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act;

(d) The bonds may be secured by a pledge of all or part of the net revenues of the Authority, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues and incomes specified by resolution of the Board of Directors or the trust indenture. Any such pledge may reserve the right, under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. The term "net revenues" as used in this Section shall mean the gross revenues of the Authority after deduction of the amount necessary to pay the cost of maintaining and operating the Authority and its properties;

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(e) It shall be the duty of the Board of Directors to fix, and from time to time revise, the rates of compensation for services rendered by the Authority which will be sufficient to pay the expense of operating and maintaining the facilities of the Authority to pay the bonds as they shall mature and the interest as it accrues and to maintain the reserve and other funds as provided in the Resolution authorizing the bonds or in the trust indenture;

(f) From the proceeds from the sale of the bonds, the Authority may set aside an amount for the payment of interest expected to accrue during construction and one (1) year thereafter, and in addition thereto, a reserve interest and sinking fund, and such provision may be made in the Resolution authorizing the bonds or in the trust indenture. Proceeds from the sale of the bonds may also be used for the payment of all expenses incurred in accomplishing the purposes for which this Authority is created;

(g) In the event of a default or a threatened default in the payment of principal or interest on such bonds, any court of competent jurisdiction may, upon petition of the holders of outstanding bonds, appoint a receiver with authority to collect and receive all income of the Authority, employ and discharge agents and employees of the Authority, take charge of funds on hand and manage the affairs of the Authority without consent of or hindrance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of services of the facilities of the Authority or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as it may find necessary for the protection of the holders of the bonds. It is provided, however, that the Resolution authorizing the issuance of the bonds or the trust indenture securing their payment may specify the minimum per cent of outstanding bonds which must be held by the holders seeking the appointment of a receiver, and may otherwise qualify the right of holders to institute litigation which might affect the Authority's property or funds.

Sec. 9. The Authority is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund more than one series of outstanding bonds and combine the pledges for the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues and mortgage liens. The provisions of this law with reference to the issuance of other bonds, their security and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds provided that no election shall be necessary to authorize the issuance of refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, or in lieu thereof, the Resolution authorizing their issuance may provide that they may be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of and the interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 10. Any bonds (including refunding bonds) authorized by this law may be additionally secured by a mortgage lien upon physical properties of the Authority and all franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee under the trust indenture power

to sell the properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Any purchaser under a sale under such deed of trust shall be the absolute owner of the properties and facilities so purchased and shall have the right to maintain and operate the same.

Sec. 11. The trust indenture may contain provisions prescribed by the Board of Directors for the security of the bonds and the operation and preservation of the trust estate, and may make provision for amendment or modification of the trust indenture, and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend Authority money or sell Authority property upon the approval of a registered professional engineer selected as provided therein.

Sec. 12. After any bonds are authorized by the Authority, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the Authority and any city or other governmental agency or district, a copy of such contract and the proceedings of the city or other governmental agency or district authorizing such contract shall also be submitted to the Attorney General. If such bonds have been authorized and if such contracts have been made in accordance with the Constitution and laws of the State of Texas he shall approve the bonds and such contracts, and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter, the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 13. The Authority is authorized to enter into contracts with the City of Hillsboro, in Hill County, Texas, and any person situated therein for supplying services to them. The Authority is also authorized to contract with the City of Hillsboro or others within the City of Hillsboro for the rental or leasing of, or for the operation of the water production, water supply, and water supply facilities or sanitary sewer system of such city upon such consideration as the Authority and the city may agree. Any such contract may be upon such terms and for such time as the parties may agree, and it may provide that it shall continue in effect until the bonds specified therein and refunding bonds issued in lieu of such bonds are paid.

Sec. 14. (a) The Board of Directors shall designate one or more banks to serve as depository for the funds of the Authority. All funds of the Authority shall be deposited in such depository bank or banks except that funds pledged to pay bonds may be deposited with the trustee bank or banks named in the trust indenture, and except that funds shall be remitted to the bank of payment for payment of principal of and interest on bonds. To the extent that funds in the depository banks and the trustee bank are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds.

(b) Before designating a depository bank or banks, the Board of Directors shall issue a notice stating the time and place when and where the Board will meet for such purpose and inviting the banks to submit applications to be designated depositories. The terms of service for depositories shall be prescribed by the Board. Such notice shall be published one (1) time in a newspaper published in the City of Hillsboro at least ten (10) days before the date set for receiving applications.

(c) At the time mentioned in the notice, the Board shall consider the applications and the management and condition of the banks filing them;

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

and shall designate as depositories the bank or banks which offer the most favorable terms and conditions for the handling of the funds of the Authority and which the Board finds have proper management and are in condition to warrant handling of the Authority funds.

(d) If no application is received by the time stated in the notice or if no application is accepted, the Board shall designate some bank or banks within or without Hill County upon such terms and conditions as it may find advantageous to the Authority.

Sec. 15. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all of the public funds of cities, towns, villages, counties, school districts or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their par value.

Sec. 16. The Legislature hereby exercises the authority conferred upon it by Section 59, Article 16 of the Constitution and declares that the agency created by this Act is essential to the accomplishment of the purposes of said Constitutional provision, including the conservation and utilization of water and the protection of the purity thereof and finds that all of the land included in said agency will be benefited thereby.

Sec. 17. The Authority shall have and exercise, and is hereby vested with all of the rights, powers and privileges conferred by the General Laws of this state now in effect or hereinafter enacted, applicable to water control and improvement districts created under authority of Section 59, Article 16 of the Constitution, but to the extent that the provisions of any General Laws may be in conflict or inconsistent with the provisions of this Act the provisions hereof shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act.

Sec. 18. The accomplishment of the purposes stated in this Act being for the benefit of the people of this state and for the improvement of their properties and industries, the Authority in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on its properties or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this state.

Sec. 19. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generalization of the foregoing, it is expressly provided the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereto and additions thereto, including all powers and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in said Chapter, including the power and authority to issue tax bonds, revenue bonds, or tax-revenue bonds as authorized by and provided in Article 7880--90a, Vernon's Texas Civil Statutes, as amended; and it is further provided that the District shall be subject to, and have the powers granted by, Chapter 128, Acts of the 50th Legislature of Texas, Regular Session, 1947, as the same is now, or hereafter may be amended. (c) The District's water supply shall be obtained from ground or sub-surface sources, except that said District may contract for a surface water supply with said City of Houston on mutually satisfactory terms; and

(d) The District shall not sell any of its bonds for a price less than par and accrued interest from their date or dates to the date of actual delivery thereof.

Sec. 4. Sec. 5. Land may be added to said District in the manner now provided by Chapter 3A, Title 128, Revised Civil Statutes of Texas, 1925, as amended.

Sec. 6. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 7. It is hereby found and determined that all of the lands and other property included within the District are, and will be, benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 8. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 9. If any word, phrase, clause, sentence, paragraph, Section, or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby. this Act shall prevail. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without limiting the generalization of the foregoing, it is expressly provided that all said powers now or hereafter conferred by such General Laws upon fresh water supply districts for the purpose of conserving, transporting and distributing fresh water are hereby specifically conferred upon this District for the purpose of reclaiming and draining its overflowed lands and other lands needing drainage; and, in addition, said District shall be authorized to build, construct, purchase, acquire, improve, enlarge, extend, repair, maintain or replace all walls, dams, dikes, levees, embankments, canals, drains, tanks, laterals and pumps which its Board of Supervisors deems necessary or convenient to carry out the purpose of such District's creation. Provided, however, that before issuing any construction bonds said District shall submit plans and specifications therefor to the Texas Water Commission (successor to State Board of Water Engineers) for approval in the manner required by Acts of the 57th Legislature, Regular Session, Chapter 336, 1961, codified in Vernon's Annotated Civil Statutes of Texas as Article 7880—139, and said District's project and improvements during the course of construction shall be subject to inspection in the manner provided by said Article 7880—139. Said District shall have authority to act jointly with individuals, with firms, with corporations, with partnerships, with other districts, with political subdivisions of the state, with other states, with cities and towns and with the federal government in the performance and accomplishment of any of the things permitted hereunder upon such terms and conditions as may be deemed advisable by said District's Board of Supervisors. Said District shall also have the power to make, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary or convenient to carry out the powers and authority granted by this Act and said General Laws. In the event that the District, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 2a. The power of eminent domain of the District shall be confined to the boundaries thereof.

Sec. 3. The management and control of the District is hereby vested in a Board of five (5) Supervisors which shall have all of the powers and authority and duties conferred and imposed upon Boards of Supervisors of fresh water supply districts organized under the provisions of Chapter 4 of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Supervisors shall be: Cecil Brown, Jr., Elmo Brundrett, Ralph Lowe, Malcolm B. McGinnis, and Myron Worden. Said members shall become Supervisors immediately after this Act becomes effective, and said first Board of Supervisors shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds. If any of the aforementioned members of said first Board of Supervisors shall die, become incapacitated, or otherwise not qualify to assume their duties un-

With the exception of said first Board of Supervisors, the Board of Supervisors shall be selected by General Laws for fresh water supply districts. The first election of Supervisors of such District shall be held on the first Tuesday in January, 1965, and in accordance with Article 7897, Revised Civil Statutes of Texas, 1925. Thereafter, Supervisors of the District shall be chosen, and elections for Supervisors shall be held in accordance with the provisions of General Laws relating to fresh water supply districts.

Sec. 4. All provisions of the General Laws relative to the assessment, levy and collection of ad valorem taxes shall apply to the District, except that the District's Tax Assessor-Collector shall be appointed by the Board of Supervisors for a term not to exceed the term of office of the members of the Board making such appointment, and, further, that said Tax Assessor-Collector need not be a resident or voter of the District.

Sec. 5. It is hereby found and determined that all of the lands and other property included within the District are and will be benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit. Upon the adoption of this Act, said District shall be a fully created and established fresh water supply district.

Sec. 6. Land, contiguous to said District or otherwise, may be added to said District not only in the manner now provided by Chapter 4, Title 128, Revised Civil Statutes of Texas, 1925, as amended, but also land may be added to such District and become a part thereof upon petition of the owner or owners thereof in the following manner: the owner or owners of the land shall file with the Board of Supervisors a petition praying that the lands described be added to and become a part of said District, and said petition may describe said land by metes and bounds or by lot and block number and shall be signed and executed in the same manner provided by law for the conveyance of real estate. Such petition shall be heard and considered by the Board of Supervisors and may be granted and said land added to the District if same is considered to be to the advantage of the District. Any such petition which may be granted so adding lands to the District shall be filed for record and be recorded in the Galveston County Deed Records.

Sec. 7. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provision; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 8. If any word, phrase, clause, sentence, paragraph, Section or other part of this Act or the application thereof to any person or circumstance shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section or other part of this Act to other persons or circumstances shall not be affected thereby. Such Directors shall subscribe to the constitutional oath of office and each shall make a good and sufficient bond in the amount of Five Thousand Dollars (\$5,000) conditioned upon the faithful performance of the duties required of him under this Act. After the organization of the District as herein provided and the qualification of the first Board of Directors all such bonds shall be approved by said Board of Directors and filed for record in the office of the County Clerk of El Paso County, Texas, and shall then be recorded in a record kept for that purpose in the office of the District and be filed for safekeeping in the depository of the District. The premium on all such bonds shall be paid by the District.

A majority of the Board of Directors shall constitute a quorum. The Board of Directors shall have exclusive charge of all the business and affairs of the District and shall make all regulations and enter into all contracts on behalf of the District. They shall purchase all necessary machinery, materials, tools and supplies required in the construction, repair or maintenance of the improvements of the District. A Director may be employed as General Manager and at such compensation as may be fixed by the four (4) other Directors, and when so employed he shall continue to perform the duties of a Director. All elections in the District shall be ordered by the Board of Directors, and such order shall name a presiding judge of election and fix the place or places within the District at which such election shall be held. Except as otherwise provided herein, the election shall be held in accordance with the provisions of the general election laws. Returns of such elections shall be made to the secretary of the Board of Directors, and the results thereof shall be promptly declared by an order duly entered in the minutes.

A regular election for the election of Directors shall be held on the first Tuesday in January of each year beginning in 1965. Two (2) Directors shall be elected in each odd-numbered year and three (3) in each even-numbered year. The regular elections for Directors shall be ordered by the Board and such order shall state the time, place, and purpose of the election and the Board shall appoint the presiding judge who shall appoint an assistant judge and two (2) clerks, if needed, and such election shall be ordered at least fifteen (15) days prior to the date of said election and notice of said election shall be published in a newspaper of general circulation in El Paso County one time at least ten (10) days before election. Any qualified elector who is a bona fide resident of El Paso County, Texas, shall be qualified to serve as Director. All vacancies shall be filled by appointment by remaining members of the Board of Directors for the unexpired term. In the event the number of Directors shall be reduced to less than three (3), the County Judge of El Paso County may appoint qualified electors for the unexpired term and until the successors are elected and qualify.

Sec. 7. The Board of Directors shall elect from its number a President and a Vice President, and such other officers as in the judgment of the Board are necessary. The President shall be the chief executive officer and the presiding officer of the Board, and shall have the same right to vote as any other Director. The Vice President shall perform all duties and exercise all power conferred by this Act upon the President when the President is absent or fails or declines to act. The Board shall also appoint a secretary and a treasurer who may or may not be members of the Board and it may combine those offices. The condition of such bond shall be that he will faithfully account for all money which shall come into his custody as Treasurer of the District. The Board shall appoint all necessary engineers, attorneys and other employees. The Board shall adopt a seal for the District.

Sec. 8. (a) For the purpose of carrying out any power or authority conferred by this Act, the District is empowered to issue its negotiable bonds to be payable for such revenues of the District as are pledged by resolution of the Board of Directors or by a trust indenture authorized by said Board.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

(b) Such bonds shall be authorized by resolution of the Board of Directors and shall be issued in the name of the District, signed by the President or Vice President, attested by the Secretary, and have the seal of the District impressed thereon. They shall mature serially or otherwise in not to exceed forty (40) years and they may be sold at a price and under terms determined by the Board of Directors to be the most advantageous reasonably obtainable, but in no event at less than ninety-five per cent (95%) of their face value, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

(c) Bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(d) The bonds may be secured by a pledge of all or part of the net revenues of the District, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues specified by resolution of the Board of Directors. Any such pledge may reserve the right, under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. The term "net revenues" as used in this Section shall mean the gross revenues of the District after deduction of the amount necessary to pay the cost of maintaining and operating the District and its properties.

(e) For the purposes stated in Section 8(a) hereof, the District is also empowered to issue bonds payable from ad valorem taxes to be levied in the manner and to the extent authorized by Chapter 3A, Title 128, Revised Statutes, 1925, or to issue bonds secured both by and payable wholly or partially from ad valorem taxes. Where bonds are issued payable wholly or partially from such taxes, it shall be the duty of the Board of Directors to levy a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, but the rate of the tax for any year may be fixed after giving consideration to the money received from the pledged revenues which may be available for payment of principal and interest to the extent and in the manner permitted by the resolution authorizing the issuance of the bonds.

(f) Where bonds payable wholly from revenues are issued, it shall be the duty of the Board of Directors to fix, and from time to time to revise, the rates of compensation for water sold and services rendered by the District which will be sufficient to pay the expense of operating and maintaining the facilities of the District and to pay the bonds as they mature and the interest as it accrues and to maintain the reserve and other funds as provided in the resolution authorizing the bonds. Where bonds payable partially from revenues are issued, it shall be the duty of the Board to fix, and from time to time to revise, the rate of compensation for water sold and services rendered by the District which will be sufficient to assure compliance with the resolution authorizing bonds.

(g) From the proceeds from the sale of the bonds, the District may set aside an amount for the payment of interest expected to accrue during construction and a reserve interest and sinking fund, and such provision may be made in the resolution authorizing the bonds. Proceeds from the sale of the bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purposes for which this District is created.

(h) In the event of a default or a threatened default in the payment of principal or interest on bonds payable wholly or partially from revenues, any court of competent jurisdiction may, upon petition of the holders of

twenty-five per cent (25%) of the outstanding bonds of the issue thus in default or threatened with default, appoint a receiver with authority to collect and receive all income of the District except taxes, employ and discharge agents and employees of the District, take charge of funds on hand (except funds received from taxes unless commingled) and manage the proprietary affairs of the District without consent of or hindrance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of water or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bond.

Sec. 9. The District is authorized to issue refunding bonds for the purposes of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund more than one series of outstanding bonds and combine the pledges for the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues. The provisions of this law with reference to the issuance of other bonds and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 10. Any bonds, (including refunding bonds) authorized by this Law, not payable wholly from ad valorem taxes, may be additionally secured by a deed of trust lien upon physical properties of the District and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee, power to sell the properties for payment of the indebtedness, power to operate the properties, and all other powers and authority for the further security of the bonds. Such deed of trust may contain any provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provision for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds. Any purchaser under a sale under such deed of trust shall be the owner of the water and sewer system and the other properties and facilities so purchased and shall have the right to maintain and operate the same.

Sec. 11. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by a majority vote at an election at which only the qualified voters who reside in the District and who own taxable property therein and who have duly rendered the same for taxation. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such election may be called by the Board of Directors without a petition. The resolution calling the election shall specify the time and place of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the maximum maturity thereof, the form of the ballot, and the presiding judge for each voting place. Notice of the election shall be given by posting a substantial copy thereof in each

of three (3) public places within the District for at least twenty (20) days prior to the election.

(c) The returns of the election shall be made to and canvassed by the Board of Directors of the District.

(d) The General Law relating to election shall be applicable to elections held under this Section of this Law except as otherwise provided in this Law.

Sec. 12. After any bonds are authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the District and the city or other governmental agency or district, a copy of such contract and the proceedings of the city or other governmental agency or district authorizing such contract shall also be submitted to the Attorney General. The Attorney General shall not be authorized or required to make any other or further examination or investigation. If such bonds have been authorized and if such contracts have been made in accordance with the Constitution and this Law, he shall approve the bonds and such contracts, and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter, the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 13. (a) The Board of Directors shall designate one or more banks to serve as depository for the funds of the District. All funds of the District shall be deposited in such depository bank or banks except that funds pledged to pay bonds may be deposited with the trustee bank named in the trust indenture, and except that funds shall be remitted to the bank for payment of principal of and interest on bonds. To the extent that funds in the depository banks and the trustee bank are not insured by the FDIC they shall be secured in the manner provided by law for the security of county funds.

(b) Before designating a depository bank or banks, the Board of Directors shall issue a notice stating the time and place when and where the Board will meet for such purpose and inviting the banks to submit applications to be designated depositories. The term of service for depositories shall be prescribed by the Board. Such notice shall be published one time in a newspaper published in El Paso County and specified by the Board at least ten (10) days before the date set for receiving applications.

(c) At the time mentioned in the notice, the Board shall consider the applications and the management and condition of the banks filing them, and shall designate as depositories the bank or banks which offer the most favorable terms and conditions for the handling of the funds of the District and which the Board finds have proper management and are in condition to warrant handling of District funds. Membership on the Board of Directors of an officer or director of a bank shall not disqualify such bank from being designated as depository.

(d) If no application is received by the time stated in the notice or if no application is accepted, the Board shall designate some bank or banks, within or without El Paso County, upon such terms and conditions as it may find advantageous to the District.

Sec. 14. All bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, trust companies, building and loan associations, savings and loan associations, insurance companies,

fiduciaries, trustees, guardians, the State Permanent School Fund and the Teachers' Retirement Fund, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 15. The portions of Article 7880—77b, Vernon's Civil Statutes, as amended, or any other General Law, pertaining to the calling of a hearing for the determination of the dissolution of a district where a bond election has failed shall be inapplicable to this District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election.

All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generalization of the foregoing, it is expressly provided the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 4 of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereto and additions thereto, including all powers and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in Chapter 129, Acts of the Forty-seventh Legislature of Texas, Regular Session, 1941, as amended (Article 7930-4, Vernon's Texas Civil Statutes), including the power and authority to issue tax bonds, revenue bonds or tax-revenue bonds as authorized by and provided in Chapter 233, Acts of the Fifty-second Legislature of Texas, Regular Session, 1951 (Article 7941c, Vernon's Texas Civil Statutes). Sec. 9. (a) The Board of Directors shall be authorized, from time to time, to issue the bonds of the District for the purpose of acquiring funds with which to accomplish and carry out any one or more of the powers and purposes herein granted to the District, and to provide for the payment of the interest on said bonds as it accrues and to create and provide a sinking fund for the payment of the principal of said bonds as it matures, by levying and causing to be assessed and collected continuing direct annual ad valorem taxes on all taxable property within the District, as shown by the then current approved assessment rolls of Orange County, sufficient for such purposes. It is expressly provided, however, that the total principal amount of bonds issued by the District at any one time, together with all previously issued bonds of the District then outstanding, shall never exceed a sum equal to seven per cent (7%) of the assessed valuation of taxable property within the District, as shown by the then current assessment rolls of Orange County. No such bonds (except refunding bonds) shall be issued until they have first been authorized by a majority of the

voters qualified to vote on bond issues under the Constitution of Texas, voting at an election called and held for the purpose of determining whether or not such bonds shall be issued and whether or not taxes shall be levied to pay the principal of and interest on such bonds. If a majority of the qualified voters voting at such election shall vote in favor of the issuance of bonds and the levy of taxes, the Board of Directors shall be authorized to issue, sell, and deliver said bonds and to receive and use the proceeds for the aforesaid purposes, and to levy and cause to be assessed and collected taxes upon all taxable property within the District sufficient to pay the interest on and principal of said bonds. Subject to the provisions of this Act, additional bonds may be issued from time to time and in like manner and under the same procedure. The form of ballots in bond elections shall be substantially: "For the bonds and levy of taxes in payment thereof," and the contrary thereof.

(b) All bonds of the District shall be authorized by order or resolution of the Board of Directors, shall be issued in the name of the District, shall be signed by the President and attested by the Secretary, and shall have the seal of the District impressed thereon; provided, that the order or resolution authorizing such bonds may provide for the bonds to be signed by the facsimile signatures of the President and Secretary, either or both, and for the seal of the District on the bonds to be a printed facsimile seal of the District; and provided further, that the interest coupons attached to said bonds may also be executed by the facsimile signatures of said officers. Such bonds shall mature serially or otherwise in not to exceed forty (40) years from their date or dates, and may be sold for a price and under terms determined by the Board of Directors to be most advantageous reasonably obtainable, provided that the interest cost to the District, calculated by the use of standard bond interest tables currently in use by insurance companies and investment houses, does not exceed six per cent (6%) per annum, and within the discretion of the Board such bonds may be callable prior to maturity at such time or times and at such price or prices as may be prescribed in the order or resolution authorizing their issuance. Such bonds may be made registrable as to principal, or as to both principal and interest.

After such bonds have been authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and if such bonds have been authorized in accordance with the provisions of this Act, the said Attorney General shall approve the same, and such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller, and delivered to the purchaser or purchasers, they shall thereafter be incontestable except for forgery or fraud.

From the proceeds of sale of any bonds of the District, the Board may appropriate or set aside out of the bond proceeds an amount for the payment of interest expected to accrue during the period of construction of the improvements or facilities, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale, and delivery of the bonds.

(c) The Board of Directors shall have the power to issue refunding bonds of the District for the purpose of refunding any outstanding bonds (original bonds or refunding bonds, either or both) of the District and accrued interest thereon, and no election for the issuance of refunding bonds shall be necessary. Refunding bonds shall be authorized by order

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

or resolution of the Board of Directors, and shall be executed and mature as is provided in this Act for original bonds. They shall bear interest at the same or lower rate than that of the bonds refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid. They shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon surrender and cancellation of the bonds to be refunded. All such refunding bonds, after they have been approved by the Attorney General and registered by the Comptroller of Public Accounts, shall be incontestable except for forgery or fraud.

(d) All bonds issued under this Act shall be and are hereby declared to be, and to have all the qualifications of, negotiable instruments under the Negotiable Instruments Law of the State of Texas, and all such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured coupons appurtenant thereto.

Sec. 10. In addition to taxes for bond purposes, the Board of Directors may levy and cause to be assessed and collected for the maintenance, operation, upkeep, and improvement of the District and its facilities, properties, and improvements, an annual ad valorem tax at a rate not to exceed twenty-five cents (25¢) on each One Hundred Dollar valuation of taxable property within the District; provided, that the proposition of levying such tax shall be first submitted to the qualified resident electors of said District who own taxable property within said District and who have duly rendered the same for taxation, at an election called and held for such purpose, and such proposition shall have been favored by a majority vote of those voting at such election. The form of ballot in such elections shall be substantially: "For Maintenance Tax," and the contrary thereof. Subsequent elections may be ordered and held for the purpose of increasing, reducing, or abating such tax; provided, however, that such tax shall never exceed the maximum rate herein prescribed. It is further expressly provided that, if at the time of the levy of the tax authorized by this Section 10 in any year, the total principal amount of bonds of the District then outstanding exceeds a sum equal to five per cent (5%) of the assessed valuations of taxable property within the District, as shown by the then current assessment rolls of Orange County, the maximum rate of such tax authorized by this Section 10 which may be levied for such year shall be determined as follows:

If the principal amount of bonds then outstanding exceeds five per cent (5%) but does not exceed six per cent (6%), the maximum rate for such year shall be twenty cents (20¢) on each One Hundred Dollars (\$100) of taxable property within the District; and

If the principal amount of bonds then outstanding exceeds six per cent (6%), the maximum rate for such year shall be fifteen cents (15¢) on each One Hundred Dollars (\$100) of taxable property within the District. Without in any way limiting the generality of the purposes for which the tax authorized by this Section 10 may be used, it is expressly provided that

such tax may be used for the purpose of acquiring or purchasing easements and rights-of-way.

Sec. 11. Maintenance taxes and bonds may be authorized at the same election or elections. Any such election shall be held not more than sixty (60) nor less than fourteen (14) days after the date of adoption of the order or resolution calling the election, and notice of such election shall be given by publication of a substantial copy of the order or resolution calling the election in a newspaper of general circulation within the District on the same day in each of two (2) successive weeks, the first publication to be not less than fourteen (14) days prior to the date of such election. No other notice of election shall be necessary. The provisions of Chapter 1 of Title 22, Revised Civil Statutes, 1925, as amended, shall apply to such maintenance tax and bond elections except where in conflict or inconsistent with the provisions of this Act, in which event or events the provisions of this Act shall govern and prevail.

The Commissioners Court of Orange County, Texas, at its option, at the time of ordering the first election for the election of members of the first Board of Directors of the District, as provided in Section 2 of this Act, may also order an election at which the proposition of levying a maintenance tax shall be submitted to the duly qualified resident electors of said District who own taxable property within said District and who have duly rendered the same for taxation (as provided in Section 10 of this Act); and in such event, the maintenance tax election shall be held on the same day and at the same places as the first election for the election of the members of the first Board of Directors, and the same election officers who conduct said first election may also act as officers for the maintenance tax election. Notice of such maintenance tax election shall be given as is provided above for maintenance tax and bond elections.

Except for the maintenance tax election permitted by the immediately preceding paragraph, all maintenance tax and bond elections shall be ordered by the Board of Directors of the District.

Sec. 12. The assessed valuations of taxable properties for District purposes shall be the same as that for County purposes; and the County Tax Assessor-Collector of Orange County, Texas, is hereby named and appointed Tax Assessor-Collector for the District and the Board of Equalization of Orange County, Texas, is hereby named, constituted, and appointed the Board of Equalization for said District. Each year prior to certifying to the County Tax Assessor-Collector of Orange County the tax rates levied for such year, as hereinafter provided, the Board of Directors shall specify a time and place for a budget hearing at which taxpayers of the District may appear before such Board. Notice of such hearing shall be published one (1) time in a newspaper of general circulation within the District at least fifteen (15) days prior to the date of such hearing. At such hearing any taxpayer who appears shall be entitled to a full explanation by the Board of Directors of the taxes levied for such year and the purposes for which such taxes have been levied.

The Board of Directors each year shall certify to the County Tax Assessor-Collector of Orange County the rate or rates of taxes levied for bond and maintenance purposes, and it shall be the duty of said Tax Assessor-Collector to cause said taxes to be assessed and collected. All laws of the State of Texas relating to the assessing and collecting of County taxes are by this Act made available for, and shall be applied to, the assessing of current taxes and to the collection of both current and delinquent taxes of the District. The County Tax Assessor-Collector shall be paid such sum,

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

not to exceed an aggregate of two per cent (2%), for assessing and collecting, as may be prescribed by the Board of Directors.

Sec. 13. It is recognized that the District lies entirely within two (2) watersheds, namely: the East Watershed and the West Watershed; that the East Watershed consists of all that part of the District lying within Drainage Precincts Numbers 1 and 2; and that the West Watershed consists of all that part of the District lying within Drainage Precincts Numbers 3 and 4, the boundaries of which Drainage Precincts have heretofore in this Act been defined. All moneys received by the District for maintenance and/or operational purposes, insofar as the same lawfully may, shall be expended in connection with improvements and facilities in said two (2) Watersheds, respectively, in the proportion that the assessed valuations of taxable property in said Watersheds bear, respectively, to the total assessed valuations of taxable property in the District, from year to year.

Sec. 14. (a) Orange County Conservation and Reclamation District, heretofore created under Title 128, Revised Civil Statutes of Texas, 1925, is hereby abolished. As said Orange County Conservation and Reclamation District has no outstanding bonded indebtedness, all of its assets, liabilities, records, equipment, drainage systems and ditches and canals, and other properties and facilities shall upon the passage of this Act and by operation of law be transferred to the District created by this Act; provided, that if any instruments of transfer are required by law, the Board of Supervisors of said Orange County Conservation and Reclamation District are hereby directed to execute the same.

(b) All acquisitions by said Orange County Conservation and Reclamation District of drainage systems and canals and ditches, easements, rights-of-way, and other properties and facilities (whether located on private property or public property, either or both) are hereby in all things validated; and upon the passage of this Act, the title to the same shall be vested in the District created by this Act.

Sec. 15. This Act and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein.

Sec. 16. It is hereby found that all property, both real and personal, within the District and within the State of Texas is and will be benefited by said District and by its improvements and facilities acquired or constructed and to be acquired or constructed under the provisions of this Act, and by all the provisions of this Act. Art. 8280—293. Lake Dallas Municipal Utility Authority

Section 1. By virtue of Article XVI, Section 59 of the Texas Constitution, there is hereby created a conservation and reclamation district to be known as "Lake Dallas Municipal Utility Authority" (hereinafter called "Authority"), which shall be a governmental agency, an agency of the State of Texas, and a body politic and corporate.

Sec. 2. The Authority shall be comprised of all of the territory which was contained in the City of Lake Dallas, Denton County, Texas, on April 30, 1963. As herein used, "City" means City of Lake Dallas.

Sec. 4. The Board shall elect from its number a president and a vice president of the Authority and such other officers as in the judgment of the Board are necessary. The president shall be the chief executive officer of the Authority and the presiding officer of the Board and shall have the same right to vote as any other director. The vice president shall perform all duties and exercise all powers imposed or conferred by this Act upon the president when the president is absent or fails or declines to act, except the exercise of the president's right to vote. The Board shall also appoint a secretary and a treasurer who may or may not be members of the Board, and it may combine those offices. The treasurer shall give bond in such amount as may be required by the Board. The condition of such bond shall be that he will faithfully account for all money which shall come into his custody as treasurer of the Authority. The Board shall appoint necessary engineers, attorneys and other employees and employ a manager. The power to employ and discharge employees may be conferred upon the manager. The Board shall adopt a seal for the Authority.

Sec. 5. Territory annexed to the City may be annexed to the Authority in the following manner:

The Authority is also authorized to construct a complete sanitary sewer system. The gathering and proper disposal of sewage is declared to be necessary to protect surface and underground water supplies from contamination. The Authority is authorized to use the public streets, alleys, ways and places for the laying of its water and sewer lines and facilities. The Authority is authorized to make contracts for the purchase of water or water supplies, and to make contracts for the sale of water.

Sec. 7. The Authority is empowered to obtain an appropriation permit or permits from the Texas Water Commission (successor to State Board of Water Engineers), as provided in Chapter 1 of Title 128, Revised Civil Statutes of 1925, as amended, for the appropriation of surface water.

Sec. 8. This Authority is hereby declared to be a municipal corporation within the meaning of Article 3268 of said Title 52. The amount of and character of interest in land, other property and easements thus to be acquired shall be determined by the Board of Directors. The Authority shall have the same

rights and powers within such counties as are conferred upon water control and improvement districts by Section 49 of Chapter 25, Acts of the Thirty-ninth Legislature, with reference to making surveys and attending to other business of the Authority.

(b) In the event that the Authority, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipelines, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the Authority. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 10. Any construction contract requiring an expenditure of more than Two Thousand Dollars (\$2,000) shall be made after publication of a notice to bidders once each week for two (2) weeks for sealed bids before awarding the contract. Such bids shall be opened publicly. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and states where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper of general circulation in the Authority and designated or approved by the Board.

Sec. 11. (a) For the purpose of carrying out any power or authority conferred by this Act, the Authority is empowered to issue its negotiable bonds to be payable from revenues or taxes or both revenues and taxes of the Authority as are pledged by resolution of the Board. Pending the issuance of definitive bonds the Board may authorize the delivery of negotiable interim bonds or notes, eligible for exchange or substitution by use of the definitive bonds.

(b) Such bonds shall be authorized by resolution of the Board and shall be issued in the name of the Authority, signed by the president or vice president, attested by the secretary and shall bear the seal of the Authority. It is provided, however, that the facsimile signatures of the president or of the secretary or of both may be printed or lithographed on the bonds if authorized by the Board, and the seal of the Authority may be impressed on the bonds or may be printed or lithographed thereon. The bonds shall mature serially or otherwise in not to exceed forty (40) years and may be sold at a price and under terms determined by the Board to be the most advantageous reasonably obtainable, provided that the interest on the bonds, including the discount, if any, shall not exceed six per cent (6%) per annum, and within the discretion of the Board, the bonds may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

(c) Bonds may be issued in more than one series and from time to time as required for carrying out the purposes of this Act.

(d) The bonds may be secured by a pledge of all or part of the net revenues of the Authority, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues or income specified by resolution of the Board or in the trust indenture or other instrument

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

securing the bonds. Any such pledge may reserve the right under conditions therein specified, to issue additional bonds which will be on a parity with or subordinate to the bonds then being issued. The term "Net revenues" as used in this Section shall mean the gross revenues and income of the Authority thus pledged after deduction of the amount necessary to pay the cost of performing any such contract and of maintaining and operating the Authority and its properties.

(e) After the authorizing election required under Section 14 shall have been held and carried, the Authority is also empowered to issue bonds payable from ad valorem taxes to be levied on all taxable property therein, or to issue bonds secured by and payable from both such taxes and the revenues of the Authority. Where bonds are issued payable wholly or partially from ad valorem taxes, it shall be the duty of the Board to levy a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, but the rate of the tax for any year may be fixed after giving consideration to the money received from the other pledged revenues which may be available for payment of principal and interest to the extent and in the manner permitted by the resolution authorizing the issuance of the bonds.

(f) Where bonds payable wholly from revenues are issued, it shall be the duty of the Board to fix, and from time to time to revise, the rates of compensation for water sold and services rendered by the Authority which will be sufficient to pay the expense of operating and maintaining the facilities of the Authority and to pay the bonds as they mature and the interest as it accrues and to maintain the reserve and other funds as required in the resolution authorizing the bonds or in the trust indenture or other instrument securing the bonds. Where bonds payable partially from revenues and partially from taxes are issued it shall be the duty of the Board to fix, and from time to time revise, the rates of compensation for water sold and services rendered by the Authority which will be sufficient to assure compliance with the resolution authorizing the bonds and with any trust indenture or other instrument securing the bonds.

(g) From the proceeds from the sale of the bonds, the Authority may set aside amounts for the payments into the interest and sinking fund and the reserve fund, and such provisions may be made in the resolution authorizing the bonds or any trust indenture or other instruments securing the bonds. Proceeds from the sale of the bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purpose for which this Authority is created, including expenses of issuing and selling the bonds. The proceeds from the sale of the bonds may be invested in obligations to be specified by the resolution authorizing the bonds or the trust indenture or other instrument securing the bonds.

(h) Funds accumulated for the payment of bonds and for revenues may be invested in obligations specified in the resolution authorizing the bonds or in the indenture.

(i) In the event of a default or a threatened default in the payment of principal or of interest on bonds payable wholly or partially from revenues, any court of competent jurisdiction may, upon petition of the holders of outstanding bonds, appoint a receiver with authority to collect and receive all income of the Authority except taxes, employ and discharge agents and employees of the Authority, take charge of funds on hand (except funds received from taxes unless commingled) and manage the proprietary affairs of the Authority without consent or hindrance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of water or renew such contracts with the approval of the court

appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bonds. The resolution authorizing the issuance of the bonds or the trust indenture or other instrument securing them may limit or qualify the rights of the holders of less than all of the outstanding bonds payable from the same source to institute or prosecute any litigation affecting the Authority's property or income.

(j) Any provision in this Act to the contrary notwithstanding before issuing any construction bonds said Authority shall submit plans and specifications therefor to the Texas Water Commission (successor to State Board of Water Engineers) for approval in the manner required by Article 7880—139, Vernon's Annotated Civil Statutes of Texas, as amended, and said Authority's project and improvements during the course of construction shall be subject to inspection in the manner provided by said Article 7880—139.

Sec. 12. The Authority is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund more than one series of outstanding bonds and combine the revenues pledged to the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues and mortgage liens. The provisions of this law with reference to the issuance by the Authority of other bonds, their security, and their approval by the Attorney General and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of and the interest on the original bonds to their option date or maturity date, and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 13. Any bonds (including refunding bonds) authorized by the law, not payable wholly from ad valorem taxes, may be additionally secured by a trust indenture under which the Trustee may be a bank, having trust powers, situated either within or outside of the State of Texas. Such bonds, within the discretion of the Board, may be additionally secured by a deed of trust or mortgage lien upon physical properties of the Authority and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell the properties for the payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties may contain any provisions prescribed by the Board for the security of the bonds and the preservation of the trust estate, and may make provision for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend Authority money or sell Authority property upon approval of a registered professional engineer selected as provided therein, and may make provision for the investment of funds of the Authority. Any purchaser under a sale under the deed of trust lien, where one is given, shall be the absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate the same.

Sec. 14. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by an election at which only the qualified voters residing in the Authority who own taxable property therein and who have duly rendered the same for taxation shall be allowed to vote, and unless a majority of the votes cast thereat is in favor of the issuance of the bonds. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such election may be called by the Board without a petition. The resolution calling the election shall specify the time and places of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the form of the ballot, and the presiding judge for each voting place. Bonds for water purposes and sewer purposes may, in the discretion of the Board, be submitted in a single proposition. The presiding judge serving at each voting place may appoint one (1) assistant judge and two (2) clerks to assist in holding such election. Notice of the election shall be given by publishing a substantial copy of the resolution calling the election in a newspaper having general circulation in the Authority on the same day of each of two (2) consecutive weeks. The first publication shall be at least fourteen (14) days prior to the date set for the election.

(c) The returns of the election shall be made to and canvassed by the Board.

(d) The General Laws relating to elections shall be applicable to elections held under this Section of this law except as otherwise provided in this law.

Sec. 15. After any bonds (including refunding bonds) are authorized by the Authority, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the Authority and City or other governmental agency, authority or district, a copy of such contract and the proceedings of the City or other governmental agency, authority or district authorizing such contract may also be submitted to the Attorney General. If such bonds have been authorized and if such contracts have been made in accordance with the Constitution and laws of the State of Texas, he shall approve the bonds and such contracts, and the bonds then shall be registered by the Comptroller of Public Accounts. Thereafter the bonds and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Sec. 16. (a) The Board shall designate one or more banks within Denton County to serve as depository for the funds of the Authority. All funds of the Authority shall be deposited in such depository bank or banks except that funds pledged to pay bonds may be deposited with the trustee bank named in the trust agreement, and except that funds shall be remitted to the bank or banks of payment for the payment of principal of and interest on bonds. To the extent that funds in the depository bank and the trustee bank are not insured by the Federal Deposit Insurance Corporation they shall be secured in the manner provided by law for the security of City funds.

(b) Before designating a depository bank or banks, the Board shall issue a notice stating the time and place when and where the Board will meet for such purpose and inviting the banks in the Authority to submit applications to be designated depositories. The terms of service for depositories shall be prescribed by the Board. Such notice shall be in writing

and either published or mailed to each bank within the County at least ten (10) days prior to the date fixed for receiving bids.

(c) At the time mentioned in the notice, the Board shall consider the applications and the management and condition of the banks filing them, and shall designate as depositories the bank or banks which offer the most favorable terms and conditions for the handling of the funds of the Authority, and which the Board finds have proper management and are in condition to warrant handling of Authority funds. Membership on the Board of an officer or director of a bank shall not disqualify such bank from being designated as depository.

(d) If no applications are received by the time stated in the notice, the Board may designate some bank or banks within or without the county upon such terms and conditions as it may find advantageous to the Authority.

Sec. 17. All bonds of the Authority shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 18. The accomplishment of the purposes stated in this Act is for the benefit of the people of this State and for the improvement of their properties and industries, and the Authority, in carrying out the purposes of this Act, will be performing an essential public function under the Constitution. The Authority shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this State.

Sec. 19. The City of Lake Dallas tax rolls shall constitute the tax rolls of the Authority. All taxes levied by the Board of Directors of the Authority shall be placed on the City rolls and collected by the City. Laws relating to the assessment of property for taxation, equalization of assessed values, collection and enforced collection of taxes applicable to the City shall be applicable to the Authority. If territory is added to the Authority which is not contained in the City, the taxable property in such territory shall be added to the City rolls.

Sec. 20. The Authority and the City may enter into a contract under which the City employees will perform certain or all administrative duties which might otherwise require the employment of full-time personnel by the Authority.

Sec. 21. Nothing in this Act shall be interpreted as amending or repealing Article 7471, Revised Civil Statutes of Texas, which provides for priorities of the use of water.

Sec. 22. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act, and the application of such provision to other per-

All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. All such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act. Without in any way limiting the generalization of the foregoing, it is expressly provided the District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by Chapter 4 of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereto and additions thereto, including all powers and authority relating to sanitary sewer systems and the issuance of bonds therefor as authorized by and provided in Chapter 129, Acts of the Forty-seventh Legislature of Texas, Regular Session, 1941, as amended (Article 7930—4, Vernon's Texas Civil Statutes), even though said District is located within a county of less than five hundred thousand (500,000) inhabitants, and including the power and authority to issue tax bonds, revenue bonds or tax-revenue bonds as authorized by and provided in Chapter 233, Acts of the Fifty-second Legislature of Texas, Regular Session, 1951 (Article 7941c, Vernon's Texas Civil Statutes, as amended); and it is further provided that the District shall be subject to, and have the powers granted by, Chapter 128, Acts of the Fiftieth Legislature of Texas, Regular Session, 1947, as the same is now, or hereafter may be, amended. Said District shall also have the power to reclaim and drain its overflowed lands and other lands needing drainage. Said District shall also have the power to make, purchase, construct, or otherwise acquire improvements either within or without the boundaries thereof necessary or convenient to carry out the powers and authority granted by this Act and said General Laws. In the event that the District, in the exercise of the power of eminent domain or power

of relocation, or any other power granted hereunder, makes necessary the relocation, raising, rerouting or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The power of eminent domain for said District shall only extend to Brazoria County.

With the exception of said first Board of Supervisors, the Board of Supervisors shall be selected by General Law for fresh water supply districts. The first election of Supervisors of such District shall be held on the first Tuesday in January, 1965, and in accordance with Article 7897, Revised Civil Statutes of Texas, 1925. Thereafter, Supervisors of the District shall be chosen, and elections for Supervisors shall be held in accordance with the provisions of General Laws relating to fresh water supply districts. It shall not be necessary, however, that a Supervisor be a resident of such District.

Sec. 4. All provisions of the General Laws relative to the assessment, levy and collection of ad valorem taxes shall apply to the District, except that the District's Tax Assessor-Collector shall be appointed by the Board of Supervisors for a term not to exceed the term of office of the members of the Board making such appointment, and, further, that said Tax Assessor-Collector need not be a resident or voter of the District.

Sec. 5. It is hereby found and determined that all of the lands and other property included within the District are, and will be, benefited by the creation of the District and by the improvements that the District will purchase, construct, or otherwise acquire, and that the District is created to serve a public use and benefit. The Board shall also appoint a Secretary, who may or may not be a member of the Board. Four (4) members of the Board shall constitute a quorum for the transaction of all business and a favorable vote of a majority of a quorum present shall be sufficient for the enactment of all measures. The Directors shall hold regular meetings at least once a month at such time and place as is fixed by resolution or by laws of the Board, with at least one (1) such meeting to be held each month. Additional copies of said report shall be filed with any state or governmental agencies as may be required by law.

Sec. 3. District Powers. The District herein created shall be and is hereby empowered to develop an adequate supply of fresh water and to process, transport and distribute same for municipal, domestic, irrigation and industrial purposes, but the District shall not have the power to construct or maintain a sewer system. All works, improvements and facilities to be provided by the District shall be limited to those found necessary and useful in developing a source of and in providing and distributing fresh water. It is the intention of the Legislature that the District herein created shall have all the power and authority necessary to fully qualify and gain the benefits of any and all laws which may be deemed helpful to it in carrying out the purposes for which the District is created, and the provisions of all such laws of which the District may determine to avail itself are hereby adopted by this reference and are made applicable to the District.

Without limiting the generality of the foregoing, the District shall and is hereby empowered to exercise the following powers, privileges and functions:

(1) To develop, construct, lease or purchase dams, reservoirs, underground and other sources of water, and such other facilities necessary or useful for the purpose of providing a source of water supply and storing and processing such water and transporting and distributing it for municipal, domestic, irrigation and industrial purposes. The District is also authorized to purchase water or a water supply from any person, firm, corporation or public agency, from the United States government or any of its agencies. The District may, within the discretion of its Board of Directors, contract and combine with one (1) or more large users of water to acquire a joint water supply or an agreed allocation of water storage or may contract independently for the District's water supply. The District is further authorized to acquire water appropriation permits directly from the Texas Water Commission, or from owners of permits;

(2) To dispose of property or rights therein when the same are no longer needed for the purposes for which the District is created or to lease same for purposes which will not interfere with the use of property of the District;

(3) To cooperate with and contract with the United States of America, or with any of its departments or agencies now existing, or which may be

created hereafter, to carry out any of the powers or to further any of the purposes set forth in this Act, and, for such purposes, to receive grants, loans or advancements therefrom; or to contribute to the United States of America or any of its departments or agencies in connection with any project undertaken by it affecting or relating to any of the purposes for which the District is organized;

(4) To cooperate and contract with any department or agency of the State of Texas, or any political subdivision thereof, or any municipal corporation, to carry out any purpose for which the District is organized;

(5) To make or cause to be made surveys and engineering investigations for the information of the District to facilitate the accomplishment of the purposes for which the District is created; to employ a general manager, attorneys, accountants, engineers, financial experts, or other technical or non-technical employees or assistants; fix the amount and manner of their compensation; and provide for the payment of all expenditures deemed essential to proper organization and investigations and for the operation and maintenance of the District and its affairs;

(10) To exercise all functions to permit the accomplishment of its purposes including the acquisition within or without said District of land, easements and rights-of-way and any other character of property incident to, helpful or in aid of carrying out the purposes and work of the District by way of device, purchase leasehold or condemnation. The right of eminent domain is hereby expressly conferred on said District and the procedure with reference to condemnation, the assessment of and estimating of damages, payment, appeal, the entering upon the property pending appeal and other procedure prescribed in Title 52 of the Revised Civil Statutes of Texas, 1925, as heretofore or hereafter amended, shall apply to said District. It is provided, however, that the powers of eminent domain herein granted shall be limited in their application to the County of Aransas, Texas, only; provided, however, the power of eminent domain shall not apply to any existing or future private water supply. In the event the District, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder makes necessary the taking of any property or the relocation, raising, rerouting or changing the grade, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary taking, relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the expense of the District. It is provided, however, that the expense of the District shall be strictly confined to that amount which is equal to the actual cost of the property taken or work required without enhancement thereof and after deducting the net salvage value which may be derived from any property taken; and

(11) To do any and all other acts or things necessary or proper to carry into effect the purpose for which the District is created and organized.

Sec. 4. Awarding Construction or Purchase Contracts. Any construction contract or contracts for the purchase of materials, equipment or supplies requiring an expenditure of more than Two Thousand Dollars (\$2,000) shall be made to the lowest and best bidder after publication of a notice to bidders once a week for two (2) weeks before awarding the contract. Such notice shall be sufficient if it states the time and place when and where the bids will be opened, the general nature of the work to be done, or the material, equipment or supplies to be purchased, and shall state where and the terms upon which copies of the plans and specifications may be obtained. The publication shall be in a newspaper published in Aransas County and designated by the Board of Directors. This Section, however, shall not apply to the purchase of any water, or water system or facilities in existence at the time of such purchase.

Sec. 5. May Issue Bonds. (a) For the purpose of providing funds for an engineering study of the District's present and future requirements for fresh water and possible sources thereof, the District is hereby empowered to borrow money and issue its negotiable bonds to be payable from ad valorem taxes. It is provided, however, that the foregoing project shall be completed within the five (5) year period immediately following the effective date of this Act and at a total cost not exceeding Seventy Thousand Dollars (\$70,000) and it is provided further, that the amount of tax to be levied annually for this purpose shall not exceed fifty cents (50¢) on each One Hundred Dollars (\$100) valuation of taxable property.

(b) For the purpose of providing funds for purchasing or otherwise providing works, plants, facilities or appliances necessary to the accomplishment of the purposes authorized by this Act, and for the purpose of carrying out any other power or authority conferred by this Act, the District is hereby empowered to borrow money and issue its negotiable bonds payable from such revenues of the District, as are pledged by resolution of the Board of Directors. The District shall have no power to levy or collect taxes or assessments, or to issue any bonds or create any indebtedness payable out of taxes or assessments, except as provided for in Section 5 (a), and nothing in this subsection or in any other Section or subsection of this Act shall be construed as authorizing it to do so.

(c) Pending the issuance of definitive bonds the Board may authorize the delivery of negotiable interim bonds or notes eligible for exchange or substitution by use of definitive bonds. Such bonds shall be issued in the name of the District, signed by the President, attested by the Secretary, and shall bear the seal of the District. It is provided, however, that the signatures of the President or of the Secretary, or of both, may be printed or lithographed on the bonds authorized by the Board of Directors, and that the seal of the District may be impressed on the bonds or may be printed or lithographed thereon. The bonds shall mature serially or otherwise, in not to exceed forty (40) years and may be sold at a price and under terms as determined by the Board of Directors to be the most advantageous reasonably obtainable, provided that the interest cost to the District, calculated by the use of standard bond interest houses, does not exceed six per cent (6%) per annum, and within the discretion of the Board, may be made callable prior to maturity at such times and prices as may be prescribed in the resolution authorizing the bonds, and may be made registrable as to principal or as to both principal and interest.

(d) Bonds may be issued in one or more than one series, and from time to time, as required for carrying out the purposes of this Act.

(e) The bonds may be secured by a pledge of all or part of the net revenues of the District, or by the net revenues of any one or more contracts theretofore or thereafter made or other revenues and income specified by the resolution of the Board of Directors or in the trust indenture. Any such pledge may reserve the right, under conditions therein specified, to issue additional bonds which would be on a parity with or subordinate to the bonds then being issued. The term "net revenues" as used in this Section shall mean the gross revenues of the District after deduction of the amount necessary to pay reasonable cost of maintaining and operating the District and its properties.

(f) Where bonds are issued, payable wholly or partially from ad valorem taxes, it shall be the duty of the Board of Directors to levy, assess and cause to be collected a tax sufficient to pay the bonds and the interest thereon as such bonds and interest become due, and in levying such tax shall take into consideration reasonable delinquencies and costs of collection. In case of bonds payable partially from ad valorem taxes, the rate of the tax for any year may be fixed after giving consideration to the money reasonably to be received from the pledged revenues available for payment of principal and interest and to the extent and in the manner permitted by the resolution authorizing the issuance of the bonds.

(g) Where bonds payable wholly from revenues are issued, it shall be the duty of the Board of Directors to fix, establish and from time to time as necessary revise, the rates of compensation for the sale of water and other services furnished, supplied and rendered by the District and collect same in amounts sufficient to pay the expenses of operating and maintaining the facilities of the District and to pay the bonds as they mature and the interest as it accrues, and to maintain the reserve and other funds as provided in the resolution authorizing the bonds. Where bonds payable partially from revenues are issued, it shall be the duty of the Board to fix, establish and from time to time as necessary revise the rates of compensation for the sale of water and other services furnished, supplied and rendered by the District and to collect same in amounts sufficient to assure compliance with the resolution authorizing the bonds.

(h) From the proceeds of the sale of bonds, the District may set aside an amount for the payment of interest expected to accrue during the study or construction or both, and a reserve interest and sinking fund, and such provision may be made in the resolution authorizing the bonds. Proceeds from the sale of bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purpose for which the bond is issued, including the expense of issuance and sale of the bonds; however, proceeds from the sale of revenue bonds may also be used for the payment of all expenses necessarily incurred in accomplishing the purpose for which the District is created, including expenses of its organization and engineering study. The proceeds from the sale of any bonds may be placed on time deposit with the District's depository bank or may be temporarily invested in direct obligations of the United States government maturing in not more than one (1) year from the date of investment.

(i) In the event of a default or a threatened default in the payment of principal or of interest on bonds payable wholly or partially from revenues, any court of competent jurisdiction may, upon petition of the holders of the outstanding bonds, appoint a receiver with authority to collect

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

and receive all income of the District except taxes, employ and discharge agents and employees of the District, take charge of funds on hand (except funds received from taxes unless commingled) and manage the proprietary affairs of the District without consent or hinderance by the Directors. Such receiver may also be authorized to sell or make contracts for the sale of water or other services furnished by the District or renew such contracts with the approval of the court appointing him. The court may vest the receiver with such other powers and duties as the court may find necessary for the protection of the holders of the bonds. The resolution authorizing the issuance of the bonds or the trust indenture securing them may limit or qualify the rights of less than all of the outstanding bonds payable from the same source to institute or prosecute any litigation affecting the District's property or income.

(j) The Texas Water Commission shall upon request from the District assist the District in the preparation and planning of the engineering study to be made within the District. However, before any tax bonds are issued, the District shall submit the contract covering the proposed engineering study to the Texas Water Commission for approval and if any substantial changes are thereafter made in such contract, the changes shall also be submitted to said Commission for approval. It is further provided, that before issuing any construction or improvement bonds, the District shall also submit the plans and specifications thereon to the Texas Water Commission (successor to the State Board of Water Engineers) for approval in the manner required by Acts of the 57th Legislature, Regular Session, Chapter 336, 1961, codified in Vernon's Annotated Civil Statutes of Texas as Article 7880—139, and the District's project and improvements during the course of construction shall be subject to inspection in the manner provided for by Article 7880—139.

Sec. 6. Refunding Bonds Authorized. The District is authorized to issue refunding bonds for the purpose of refunding any of the outstanding bonds authorized by this Act and the interest thereon. Such refunding bonds may be issued to refund more than one (1) series of outstanding bonds and combine the pledges for the outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues and mortgage liens. The provisions of this law with reference to the issuance by the District of other bonds, their security, and their approval by the Attorney General and the remedies of the holder shall be applicable to refunding bonds. Refunding bonds shall be registered by the Comptroller of Public Accounts of the State of Texas upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds were payable in the manner prescribed by Article 717k, Revised Civil Statutes of Texas, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of and interest on the original bonds to their effective option date or maturity date; and the Comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Sec. 7. Provisions for Trust Indenture as to Bonds Secured Partially by Revenues. Any bonds (including revenue bonds) authorized by this Act, not payable wholly from ad valorem taxes, may be additionally secured by a trust indenture under which the trustee may be a bank having trust powers, situated either within or without the State of Texas. Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon physical prop-

erties of the District and all franchises, easements, water rights and appropriation permits, leases and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell the properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain any provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provision for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein, and may make provision for the investment of funds of the District. Any purchaser under a sale under the deed of trust lien, where one is given, shall be the absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate the same.

Sec. 8. Bond Elections. (a) No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by an election at which only the qualified voters, who reside in the District and own taxable property therein and have duly rendered the same for taxation and unless a majority of votes cast is in favor of the issuance of the bonds. Bonds not payable wholly or partially from ad valorem taxes may be issued without an election.

(b) Such bond elections may be called by the Board of Directors without a petition. The resolution calling the election shall specify the time and place or places of holding the same, the purpose for which the bonds are to be issued, the maximum amount thereof, the maximum interest rate, the maximum maturity thereof the form of the ballot, and the presiding judge for each voting place. The presiding judge serving at each voting place shall appoint one (1) assistant judge and at least two (2) clerks to assist in holding such election. Notice of election for the issuance of bonds shall be given by publication of a substantial copy of the resolution calling the election in a newspaper of general circulation in the District once each week for at least four (4) consecutive weeks, the first publication to appear not less than twenty-eight (28) days prior to the date assigned for the election. The returns of the election shall be made to and canvassed by the Board of Directors of the District. Except as herein otherwise provided the General Laws relating to elections shall be applicable.

Sec. 9. Bonds to be approved by the Attorney General of Texas. After any bonds (including refunding bonds) are authorized by the District, such bonds and the record relating to their issuance shall be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the District and any city or other governmental agency, authority or district, a copy of such contract and the proceedings of the city or other governmental agency, authority or district authorizing such contract shall also be submitted to the Attorney General. If such bonds have been authorized and if such contracts have been made in accordance with the Constitution and laws of the State of Texas, he shall approve the bonds and such contracts and the bonds shall then be registered by the Comptroller of Public Accounts. Thereafter the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

Sec. 10. Taxes and Tax Elections Authorized. The Board of Directors may upon a favorable majority vote of the qualified property taxpaying electors of the District, voting at an election held for the purpose within the boundaries of such District, levy, assess and collect annual taxes to provide funds necessary for an engineering study of the District's present and future requirements for fresh water and possible sources thereof and also when so authorized may levy, assess and collect annual taxes within the tax limits provided for in Section 5(a) hereof, to provide funds adequate to defray the cost of such a study as contracted for by the District. Elections for the levy of such taxes shall be ordered by the Board of Directors and notice thereof shall be given and same shall be held and conducted and the results thereof determined in the manner provided herein with relation to elections for the authorization of bonds. All taxes levied by the District for any purpose shall constitute a lien on the property against which levied and limitation shall not bar the enforcement or collection thereof. In calling an election for taxes under this Section 10, the Board of Directors shall specify the maximum rate of tax which is sought to be levied and no tax in excess of that amount may be levied without submitting the question of the increased rate of taxation at an election as provided.

Sec. 11. Bonds Eligible for Investment and to Secure Deposits. All bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, saving banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and sinking funds of cities, towns and villages, counties, school districts, or other political subdivisions of the State of Texas, and for all public funds of the State of Texas or its agencies, including the State Permanent School Fund. Such bonds shall be eligible to secure deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political subdivisions or corporations of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 12. District Depository. The Board of Directors shall designate one or more banks within the District to serve as depository for the funds of the District. All funds of the District shall be deposited in such depository bank or banks except that sufficient funds shall be remitted to the bank or banks of payment of principal of and interest on the outstanding bonds of the District and in time that such may be received by the said bank or banks of payment on or prior to the date of the maturity of such principal and interest so to be paid. To the extent that funds in the depository bank or banks are not insured by the Federal Deposit Insurance Corporation, they shall be secured in the manner provided by law for the security of county funds. Membership on the Board of Directors of an officer or director of a bank shall not disqualify such bank from being designated as depository.

Sec. 13. District and Bonds Exempt from Taxation. The accomplishment of the purposes stated in this Act being for the benefit of the people of this state and for the improvement of their properties and the industries, the District in carrying out the purposes of this Act will be performing an essential public function under the Constitution and shall not be required to pay any tax or assessment on the project or any part thereof, and the bonds issued hereunder and their transfer and the income there-

from, including the profits made on the sale thereof, shall at all times be free from taxation within this state.

Sec. 14. District Authorized to Enter into Water Supply Contracts. The District is authorized to enter into contracts with cities and others for supplying water services to them. Art. 666—32. Local option election

The Commissioners Court of each county in the State, upon proper petition, shall order an election wherein the qualified voters of such county, or of any justice's precinct, or incorporated city or town therein, may by the exercise of local option determine whether or not the sale of alcoholic beverages of one or more of the various types and alcoholic con-

tents shall be prohibited or legalized within the prescribed limits of such county, justice's precinct, or incorporated city or town.

Upon the written application of any ten (10) or more qualified voters of any county, justice's precinct, or incorporated city or town, the County Clerk of such county shall issue to the applicants a petition to be circulated among the qualified voters thereof for the signatures of those qualified voters in such area who desire that a local option election be called therein for the purpose of determining whether the sale of alcoholic beverages of one or more of the various types and alcoholic contents shall be prohibited or legalized within the prescribed limits of such county, justice's precinct, or incorporated city or town.

An application for a petition seeking an election to legalize the sale of alcoholic beverages of one or more of the various types and alcoholic contents shall be headed "Application for Local Option Election Petition to Legalize," and shall contain a statement just ahead of the signatures of the applicants, as follows: "It is the hope, purpose and intent of the applicants whose signatures appear hereon to see legalized the sale of alcoholic beverages referred to in the issue set out above." The petition so issued shall clearly state the issue to be voted upon in such election, which shall be the same issue as that set out in the application, and said issue shall be one of those set out in Section 40 of Article I of the Texas Liquor Control Act.¹

An application for a petition seeking an election to prohibit the sale of alcoholic beverages of one or more of the various types and alcoholic contents shall be headed "Application for Local Option Election Petition to Prohibit," and shall contain a statement just ahead of the signatures of the applicants, as follows: "It is the hope, purpose and intent of the applicants whose signatures appear hereon to see prohibited the sale of alcoholic beverages referred to in the issue set out above." The petition so issued shall clearly state the issue to be voted upon in such election, which shall be the same issue as that set out in the application, and said issue shall be one of those set out in Section 40 of Article I of the Texas Liquor Control Act.

The petition for a local option election seeking to legalize the sale of alcoholic beverages of one or more of the various types and alcoholic contents shall be headed "Petition for Local Option Election to Legalize," and shall contain a statement just ahead of the signatures of the petitioners, as follows: "It is the hope, purpose and intent of the petitioners whose signatures appear hereon to see legalized the sale of alcoholic beverages referred to in the issue set out above."

The petition for a local option election seeking to prohibit the sale of alcoholic beverages of one or more of the various types and alcoholic contents shall be headed "Petition for Local Option Election to Prohibit," and shall contain a statement just ahead of the signatures of the petitioners, as follows: "It is the hope, purpose and intent of the petitioners whose signatures appear hereon to see prohibited the sale of alcoholic beverages referred to in the issue set out above."

Each such petition shall show the date of its issue by the County Clerk and shall be serially numbered, and each page of such petition shall bear the same date and serial number, and shall bear the seal of the County Clerk. The County Clerk shall deliver as many copies of said petition as may be required by the applicants, and each copy shall bear the date, number and seal on each page as required in the original. The County Clerk shall keep a copy of each such petition and a record of the applicants

therefor. When any such petition so issued shall within thirty (30) days after the date of issue be filed with the Clerk of the Commissioners Court bearing the actual signatures of as many as twenty-five per cent (25%) of the qualified voters of any such county, justice's precinct, or incorporated city or town, together with a notation showing the residence address of each of the said signers, together with the number that appears on his poll tax receipt or exemption certificate, or a sworn statement that the signer is entitled to vote without holding either a poll tax receipt or an exemption certificate, taking the votes for Governor at the last preceding General Election at which presidential electors were elected as the basis for determining the qualified voters in any such county, justice's precinct, or incorporated city or town, it is hereby required that the Commissioners Court at its next regular session shall order a local option election to be held upon the issue set out in such petition. Such order shall state in its heading and in its text whether the local option election to be held is for the purpose of prohibiting or for the purpose of legalizing the sale of the alcoholic beverages set out in the issue recited in the application and the petition. It shall be the duty of the County Clerk to check the names of the signers of any such petition, and the voting precincts in which they reside, to determine whether or not the signers of such petition are in fact qualified voters in such county, justice's precinct, or incorporated city or town at the time such petition is presented, and to certify to the Commissioners Court the number of qualified voters signing such petition. No signature shall be counted, either by the County Clerk or the Commissioners Court where there is reason to believe it is not the actual signature of the purported signer or that it is a duplication either of name or of handwriting used in any other signature on the petition, and no signature shall be counted unless the residence address of the signer is shown, or unless it is signed exactly as the name of the voter appears on the official copy of the current poll list or the official copy of the current list of exempt voters, if the signer be the holder either of a poll tax receipt or an exemption certificate.

The minutes of the Commissioners Court shall record the date any such petition is presented, the names of the signers thereof, and the action taken with relation to the same. In any election ordered by the Commissioners Court the issue ordered to appear on the ballot shall be the same as that applied for and set out in the petition. No subsequent election upon the same issue shall be held within one year from the date of the last preceding local option election in any county, justice's precinct, or incorporated city or town. As amended Acts 1953, 53rd Leg., p. 643, ch. 249, § 2; Acts 1955, 54th Leg., p. 484, ch. 138, § 1; Acts 1963, 58th Leg., p. 1196, ch. 478, § 1.

ified voters therein may thereafter at a legal election held for such purpose by a majority vote decide otherwise; and the order thus made shall be held as prima facie evidence that all provisions of law have been complied with in giving notice of and holding said election and counting and returning the votes and declaring the results thereof.

In any local option election in which it is sought to prohibit the sale of alcoholic beverages in which a majority of the votes cast favor the issue "For the legal sale of" etc., or in any local option election in which it is sought to legalize the sale of alcoholic beverages of one or more of the various types and alcoholic contents or manner of sale not already legal in the political subdivision involved in which a majority of the votes cast favor the issue "Against the legal sale of" etc., then the sale of all alcoholic beverages which were legal in said county, justice's precinct, or incorporated city or town before the holding of such local option election shall continue to be legal. TITLE 13—OFFENSES AGAINST PUBLIC PROPERTY

CHAPTER ONE—HIGHWAYS AND VEHICLES

Art. 827a—5. Length of oil well servicing units [New].	Art. 827c—1. Identification signs on vehicles hauling citrus fruit [New].
827a—6. Movement of oversize or overweight oil well servicing and drilling machinery [New].	827g. Speed of vehicles in parks of counties bordering Gulf of Mexico [New].

Art. 791. Exceptions to speed law

Speed limits on capitol grounds, see Vernon's Ann.Civ.St. art. 678e, § 5.

Art. 827a—5. Length of oil well servicing units

Section 1. For the purposes of this Act, an "oil well servicing unit" shall mean a complete well servicing unit, equipped with a derrick, or mast pole, which is permanently mounted on the chassis of a motor vehicle, and which vehicle provides all the necessary power for the operation of said unit.

Sec. 2. Notwithstanding other statutes governing the length of motor vehicles which may be operated over the highways and roads, it shall be lawful to operate oil well servicing units not to exceed forty (40) feet in length.

Sec. 3. The width, height, and gross weight of each such oil well servicing units shall conform to the requirements of Chapter 42, Acts of the Forty-first Legislature, Second Called Session, 1929, as last amended by Section 1 of Chapter 402, Acts of the Fifty-seventh Legislature, Regular Session, 1961 (codified as Article 827a of the Revised Penal Code of Texas). Acts 1963, 58th Leg., p. 153, ch. 93.

Effective 90 days after May 24, 1963, date of adjournment.

Art. 827a—6. Movement of oversize or overweight oil well servicing and drilling machinery**Purpose of act**

Section 1. The provisions of this Act shall be cumulative of all other laws regulating the operation of vehicles and the movement of machinery on the highways of this state, it being the express intent of this Act to provide an optional procedure for the issuance of permits for the movement of oversize or overweight oil well servicing and/or oil well drilling machinery and equipment.

Permits; designation of routes

Sec. 2. When any person, firm or corporation, desires to operate over any road or highway under the jurisdiction of the State Highway Department any vehicle which is a piece of fixed load mobile machinery or equipment used for the purpose of servicing, cleaning out, or drilling oil wells, and when such vehicle cannot comply with one or more of the restrictions set out in Sections 3 and 5 of Acts 1929, 41st Legislature, 2nd Called Session, Chapter 42, page 72, as amended (Article 827a, Vernon's Annotated Penal Code), the State Highway Department may, as an alternative to

1147 OFFENSES AGAINST PUBLIC PROPERTY Art. 827a—6

For Annotations and Historical Notes, see Vernon's Texas Annotated Statutes

any other procedure authorized by law, upon application, issue a permit for the movement of such vehicle, when the Department is of the opinion that the same may be moved without material damage to the highway or serious inconvenience to highway traffic. Provided, however, that all cities and towns having a state highway within their limits may designate to the State Highway Department the route within the city or town to be used by said vehicles operating over the state highway. When so designated, the route shall be shown on all maps routing said vehicles by the State Highway Department. In the event a route is not so designated by a city or town, the State Highway Department shall determine the route on state highways for such vehicles within cities or towns. No fee, permit or license shall be required by any city or town for movement of said vehicles on the route of a state highway designated by the State Highway Department or on said special route designated by a city or town.

Necessity of registration of vehicles

Sec. 3. Prior to issuing any permit for the movement of such vehicles, said vehicles must have been registered under Acts, 1929, 41st Legislature, 2nd Called Session, Chapter 88, as amended (Article 6675a, Vernon's Annotated Civil Statutes) for the maximum gross weight applicable to such vehicles under Section 5, Acts, 1929, 41st Legislature, 2nd Called Session, Chapter 42, page 72, as amended (Article 827a, Vernon's Penal Code), or shall have the distinguishing license plates as provided in Paragraph (c) of Section 2, Acts, 1929, 41st Legislature, 2nd Called Session, Chapter 88, as added by Acts, 1961, 57th Legislature, Regular Session, Chapter 259, page 554, as amended, if applicable to said vehicles.

Rules and regulations; forms and procedures; violations; fees

Sec. 4. The State Highway Commission shall formulate rules and regulations regarding the issuance of such permits including, but not limited to, the forms and procedures to be used in applying for same; conditions with regard to route and time of movement and special requirements as to flags, flagmen and warning devices; the fees to be collected and deposited in the State Highway Fund; whether a particular permit shall be for one trip only, or for a period of time to be established by the Commission; and such other matters as the Commission may deem necessary to carry out the provisions of the Act. The failure of an owner or his representative to comply with any rule or regulation of the Commission or with any condition placed on his permit shall render the permit void and, immediately upon such violation, any further movement over the highways of the oversize or overweight vehicles, shall be in violation of existing laws regulating the size and weight of vehicles on public highways.

It is recognized that the movement of such overweight and oversize vehicles is a privilege not accorded to every user of the highway system, and it is logical and proper that the fees to be charged for special transportation permit be sufficient to provide that the permittee pay the administrative costs incurred in the processing and issuing of the permits, pay for the added wear on the highways in proportion to the reduction of service life, and for the special privilege of transporting a more hazardous load over the highways thus compensating for the economic loss to the operators of vehicles in regular operation due to necessary delays and inconveniences occasioned by these types of vehicle movements. It is, therefore, declared to be the policy of the Legislature that in formulating

such rules and regulations and in establishing such fees, the Commission shall consider and be guided by:

- a. The state's investment in its highway system;
- b. The safety and convenience of the general traveling public;
- c. The amount of registration or license fee previously paid on the vehicle for which the permit is desired, and the amount of such fees paid by vehicles operating within legal limits; and
- d. The suitability of roadways and sub-grades on the various classes of highways of the system, variation in soil grade prevalent in the different regions of the state and the seasonal effects on highway load capacity as well as the highway shoulder design and other highway geometrics and the load capacity of the highway bridges.

Damages to highways

Sec. 5. The issuance of a permit for an oversize or overweight movement shall not be a guarantee by the Department that the highways can safely accommodate such movement, and the owner of any vehicle involved in any oversize or overweight movement, whether with or without permit, shall be strictly liable for any damage such movement shall cause the highway system or any of its structures or appurtenances.

Determination as to whether vehicle subject to registration; license plates

Sec. 6.
