The laws in West's Texas Statutes and Codes are under the same classification as Vernon's Annotated Texas Statutes and Vernon's Texas Codes Annotated. Therefore, the user of this edition may go from any article or section herein to the same article or section in the annotated editions, where the complete constructions of the laws by the state and federal courts, historical data relative to the origin and development of the law, and other helpful research aids, are conveniently available.

## Scope of Volumes

Volume 1 contains the Constitution of the State of Texas; the Business and Commerce Code; the Education Code; the Family Code; the Penal Code; Penal Auxiliary Laws (Liquor Control Act; Game, Fish and Oysters); the Code of Criminal Procedure; and the Water Code. Volumes 3 to 5 contain the balance of the text of the Civil Statutes.

## Tables

Disposition Tables are provided following each Code and throughout the Civil Statutes, providing a means of tracing repealed subject matter to parallel provisions.

Special laws pertaining to education and water, which were neither repealed by, nor incorporated into, the Education and Water Codes, are tabulated following the respective Codes.

Additionally, Disposition Table 2 of the Penal Code shows the new official citations or classifications of unrepealed articles of the Texas Penal Code of 1925.

## **PREFACE**

### **Indexes**

A separate detailed descriptive word Index follows the Constitution, each Code and the Penal Auxiliary Laws to facilitate the search for specific provisions found therein. Laws in the Civil Statutes may be located by means of the Topical Index at the end of Volume 5.

(e) After a cease and desist order or an order of removal becomes effective and final, should a credit union or its board of directors or any duly authorized officer of said credit union fail or refuse to comply with such an order, then the Credit Union Commissioner may, upon notice, assess a penalty against said credit union in an amount not to exceed \$100 per day for each day the credit union is in violation of said order of the Credit Union Commissioner or the commission. penalty so assessed shall subject the credit union to a suit for collection to be instituted in the district court of Travis County.

#### Art. 2461-35A. Suspension

(a) If the Credit Union Commissioner finds that the capital of a credit union is seriously impaired, or that it is conducting its affairs in an unsafe, unauthorized or unlawful manner, or that it refuses to submit to examination, or is hindering examination, he may take possession of the property and business of such credit union and retain possession thereof until such time as the Commissioner may determine either to permit it to resume business or to order its liquidation. Simultaneously therewith, the Credit Union Commissioner shall cause notice to be given to the board of directors, which notice shall call for a hearing within 10 days for the board of directors to show cause why such suspension should not be continued or such credit union liquidated. The board of directors may waive such hearing.

(b) If the Credit Union Commissioner, after issuing notice of suspension and providing opportunity for a hearing, rejects the credit union's plan to continue operations, the Credit Union Commissioner may issue a notice of involuntary liquidation and appoint a liquidating agent who shall proceed as provided in Section 36 of this Act. The credit union may request a stay of execution of such action by appealing to the appropriate court of the jurisdiction in which the credit union is located.

[Acts 1973, 63rd Leg., p. 1221, ch. 440, § 12, eff. June 14, 1973.]

#### Art. 2461-36. Liquidation

(a) Whenever the Credit Union Commissioner finds that the interests of depositors and creditors of a credit union are seriously jeopardized through insolvency or imminent insolvency and that it is to the best interest of such depositors and creditors that the credit union be closed and its assets liquidated, he may close and liquidate the credit union, unless its board of directors close the credit union and place it in his hands for liquidation.

(b) At any time within five days after the Credit Union Commissioner has closed any credit union under the provisions set out above, such credit union acting through its directors may sue in the district court of the credit union's domicile to enjoin the commissioner from liquidating the credit union, and the court, or the judge thereof if in vacation, may, without notice or hearing, restrain the commissioner from liquidating the assets of such credit union pending hearing on the merits, and shall, in that event, instruct the commissioner to hold the assets of such credit union in his possession pending final disposition of such suit. The commissioner shall thereupon refrain from liquidating such assets, provided, however, the commissioner may with ap-

proval of the district judge, take such actions as may be necessary or proper to prevent loss or depreciation in the value of the assets.

(c) The court shall, as soon as possible, hear the suit upon its merits and shall enter a judgment either enjoining the commissioner from liquidating the assets of the credit union, or refusing to issue such an injunction. Appeal shall lie from such judgment as in other civil cases, but the commissioner, irrespective of the character of judgment entered by the trial court or any supersedeas bond filed, shall retain possession of the assets of such credit union pending final disposition on appeal.

(d) At a meeting especially called to consider the matter, a majority of the members present, not less than a quorum, may vote to dissolve the credit union, provided a copy was mailed to the members of the credit union at least 10 days prior thereto. The credit union shall thereupon immediately cease to do business except for the purposes of liquidation, and the chairman of the board and secretary shall, within five days following such meeting, notify the Credit Union Department of intention to liquidate and shall include a list of the names of the directors and officers of the credit union together with their addresses.

(e) The credit union shall continue in existence for the purpose of discharging its debts, collecting and distributing its assets, and doing all acts required in order to wind up its business and may sue and be sued for the purpose of enforcing such debts and obligations until its affairs are fully adjusted. The board of directors, or in the case of involuntary dissolution, the liquidating agent, shall use the assets of the credit union to pay: first, expenses incidental to liquidation including any surety bond that may be required; second, any liability due nonmembers; third, depositors; fourth, savings club accounts as provided in this Act. Assets then remaining shall be distributed to the members proportionately to the shares held by each member as of the date dissolution was voted.

(f) Liquidating agents shall have power and authority, subject to the control and supervision of the Credit Union Commissioner and under such rules and regulations as the commissioner may prescribe:

(1) to receive and take possession of the books, records, assets and property of every description of the credit union in liquidation, to sell, enforce collection of, and liquidate all such assets and property, to compound all bad or doubtful debts, and to sue in his own name or in the name of the credit union in liquidation, and defend such actions as may be brought against him as liquidating agent or against the credit union;

(2) to receive, examine, and pass upon all claims against the credit union in liquidation, including claims of members on shares;

(3) to make distribution and payment to creditors and members as their interest may appear; and

(4) to execute such documents and papers and to do such other acts and things which he may deem necessary or desirable to discharge his duties hereunder.

(g) Subject to the control and supervision of the Credit Union Commissioner and under such rules and regulations as the commissioner may prescribe, the liquidating agent of a credit union in involuntary liquidation shall:

(1) cause notice to be given to creditors and members to present their claims and make legal proof thereof, which notice shall be published once a week in each of three successive weeks in a newspaper of general circulation in each county in which the credit union in liquidation maintained an office or branch for the transaction of business on the date it ceased unrestricted operations; except that whenever the aggregate book value of the assets and property of the credit union in voluntary liquidation is less than \$1,000, unless the commissioner shall find that its books and records do not contain a true and accurate record of its liabilities, he shall declare the credit union in liquidation to be a "no publication" liquidation, and publication notice to creditors and members shall not be required in such case;

(2) from time to time make a ratable dividend on all such claims as may have been proved to his satisfaction or adjusted in a court of competent jurisdiction and, after the assets of such credit union have been liquidated, make further dividends on all claims previously proved or adjusted, and he may accept in lieu of a formal proof of claim on behalf of any creditor or member the statement of any amount due to such creditor as shown on the books and records of the credit union; but all claims not filed before payment of the final dividend shall be barred and claims rejected or disallowed by the liquidating agent shall be likewise barred unless suit be instituted thereon within three months after notice of rejection or disallowance; and

(3) in a "no publication" liquidation, determine from all sources available to him, and within the limits of available funds of the credit union, the amounts due to creditors and members, and after 60 days shall have elapsed from the date of his appointment distribute the funds of the credit union to creditors and members ratably and as their interest may appear.

(h) Upon certification by the liquidating agent in the case of an involuntary liquidation, and upon such proof as shall be satisfactory to the commissioner in the case of a voluntary liquidation, that distribution has been made and that liquidation has been completed, as provided herein, the commissioner shall cancel

the charter of such credit union; but the corporate existence of the credit union shall continue for a period of three years from the date of such cancellation of its charter, during which period the liquidating agent, or his duly appointed successor, or such persons as the commissioner shall designate, may act on behalf of the credit union for the purpose of paying, satisfying, and discharging any existing liabilities or obligations, collecting and distributing its assets, and doing all other acts required to adjust and wind up its business and affairs, and it may sue and be sued in its corporate name.

(i) The liquidating agent, in his individual capacity, or for his personal benefit, shall not acquire any of the assets of a credit union in liquidation, shall not purchase any loans and, except for the compensation he shall receive as set forth in his contract of employment as liquidating agent, he shall not obtain from his activity as liquidating agent any compensation or profit for himself or any member of his family or any person associated with him in any business enterprise except the credit union involved. Any person who shall participate in a violation of this provision shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than \$1,000 and not less than \$100 or by confinement in the county jail for not more than six months, or by both such fine and jail sentence.

#### Art. 2461-37. Subsidiary Offices

(a) Subject to the prior written approval of the Credit Union Commissioner, the credit union may establish offices at locations other than its main office if the maintenance of such offices shall be reasonably necessary to furnish services to its membership. No additional offices shall be established to serve persons who are not entitled to membership as defined in the common bond provision of the articles of incorporation and would not be entitled to services of the credit union at its main office. The Credit Union Commissioner shall have the authority to issue notice and hold a public hearing to determine if the establishment of the subsidiary office or offices is necessary and in the best interest of the credit union.

If it develops that more depositories are required at any time, the Board may send out notices to all private, State, and National Banks notifying them that further application for funds for the unexpired term will be accepted, or additional funds allotted to existing depositories upon application therefor. Said additional depositories shall comply with the same rules and conditions regarding all other depositories.

#### Art. 2527. Application for Deposits

The application of the bank applying for State funds shall state its amount of paid up capital stock and permanent surplus, or in the instance of a private bank, the amount of net proprietorship, and the maximum of State funds it will accept, accompanying same with a statement of the Bank's condition at the date of said application. Such application shall contain a provision that the books and ac-

counts of such bank, if designated as a State Depository, shall be open at all times to the inspection of the Board, any member or any accredited representative thereof. All such applications shall be mailed to the Treasurer at Austin in time to reach his office on or before noon of the fifteenth day of October next succeeding. Applications received after said date may be considered at the option of the Board. [Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 319, ch. 164, § 1; Acts 1971, 62nd Leg., p. 3057, ch. 1017, § 2, eff. #### Art. 2528. Acceptance

When the Treasurer receives such application, he shall endorse thereupon the date of its receipt, and shall in November prepare three (3) lists giving the names of all applicants for funds and the amount applied for. One list shall be furnished each member of the Board. The Board shall meet on the first Monday in November thereafter, and consider said applications, giving approval to those applicants that are acceptable, and having the power to reject those whose management or condition, in the opinion of the Board, does not warrant the placing of State funds in their possession. Any private, State, or National Bank doing business in this state may be accepted. No application for State funds shall be granted to any bank whose liabilities for borrowed money are in excess of its capital stock, but the Board may in its discretion, waive this provision.

#### Art. 2529. Qualifications of Depositories

As soon as practicable after the Board shall have passed upon said applications, the Treasurer shall notify all banks whose applications have been accepted, of their designation as State Depositories of state funds. The Treasurer shall require each bank so designated to qualify as a State Depository on or before the 25th day of November next, by (a) depositing a depository bond signed by some surety company authorized to do business in Texas, in an amount equal to not less than double the amount of state funds allotted, such bond to be payable to the Treasurer and to be in such form as may be prescribed by the Board and subject to the approval of such Board; or (b) by pledging with the Treasurer any securities of the following kinds: bonds and certificates and other evidences of indebtedness of the United States, and all other bonds which are guaranteed as to both principal and interest by the United States; bonds of this state; bonds and other obligations issued by The University of Texas; warrants drawn on the State Treasury against the General Revenue of the state; bonds issued by the Federal Farm Mortgage Corporation, provided both principal and interest of said bonds are guaranteed by the United States government; shares or share accounts of any building and loan association organized under

the laws of this state, provided the payment of such shares or share accounts is insured by the Federal Savings and Loan Insurance Corporation, and in the shares or share accounts of any Federal Savings and Loan Association domiciled in this state, provided the payment of such shares or share accounts is insured by the Federal Savings and Loan Insurance Corporation; Home Owners Loan Corporation Bonds, provided both principal and interest of said bonds are guaranteed by the United States government, and such securities shall be accepted by the Board in an amount not less than five per cent (5%) greater than the amount of state funds which they secure; provided, that Texas Relief Bonds may be accepted at face value and without margin for the amount of state funds allotted, provided such State Relief Bonds have all unmatured coupons attached; bonds of counties located in Texas; road districts of counties in Texas; independent and common school districts located in Texas; bonds of any hospital district created under the laws of this state; tax bonds issued by municipal corporations in Texas; and bonds issued by a municipal corporation where the payment of such bonds is secured by a pledge of the net revenues of a utility system or systems (limited to those utility systems now authorized to be encumbered under the provisions of Articles 1111-1118a, Revised Civil Statutes, as amended, inclusive). All of such securities may be accepted by the Board, provided the aggregate amount thereof is not less than twenty per cent (20%) greater than the total amount of state funds that they secure; provided that the amount of all bonds and other obligations offered as collateral shall be determined by the Board on the basis of either their par or market value, whichever is less. The term "market value" as used herein shall mean the fair and reasonable prevailing price at which said bonds are being sold on the open market at the time of the appraisal of the securities by the Board; and the action of the Board in fixing the valuation of said bonds shall be final, and not subject to review.

No state, county, road district bond, independent or common school district or municipal bonds, bonds of any hospital district created under the laws of this state, or obligations of the Board of Regents of the University issued by The University of Texas, shall be accepted as collateral security unless they shall be approved by the Attorney General. All bonds accepted as collateral security shall be registered under the same rules and regulations as are required for bonds in which the Permanent School Funds are invested. Subject to the approval of the Board, a state depository may secure its deposits of state funds in part by an acceptable surety bond and in part by acceptable collateral of the kind herein mentioned, and any losses sustained where a depository has secured its deposits in part by collateral and in part by a surety bond, the loss may be enforced against either the collateral security or the surety bond. No warrant drawn on the State

Treasury shall be accepted as collateral unless said warrants are accompanied by affidavits, sworn to by some officer of the bank offering said warrants, which said affidavits shall affirm that none of the warrants offered as collateral security were transferred or assigned by the original payees of said warrants, or any of them, for a less consideration than ninety-eight per cent (98%) of the face value of said warrants, and that none of such warrants were obtained from the original payee by loaning money thereon at a rate of interest greater than eight per cent (8%) per annum. The Board shall have the power to reject any and all collateral or surety bonds tendered by a state depository, without assigning any reason therefor, and its action in so doing shall be final and not subject to review. Notwithstanding the foregoing provisions requiring security for state funds deposited in state depositories in the form of surety bond or collateral, security for such deposits shall not be required to the extent that said deposits are insured by the Federal Deposit Insurance Corporation under the provisions of Section 12b of the Federal Reserve Act as amended,<sup>1</sup> or as the same may hereafter be amended.

In the event the market value of the securities pledged by any depository shall decrease to the point where the collateral value of said securities, as fixed by the Board, is less than the amount of said funds on deposit in said depository, the Board shall require additional security in order to equalize such depreciation.

When the collateral pledged by a state depository to secure a deposit of state funds shall be in excess of the amount required under the provisions of this Act, the Treasurer may, subject to the approval of the Board, permit the release of any such excess. In the event the balance to the credit of the Treasurer on the books of such bank shall be thereafter increased, adequate security, as provided for in this Act, shall be deposited and maintained by such depository bank.

Notwithstanding any provision of law of this State or of any political subdivision thereof requiring security for deposits in the form of collateral, surety bond or in any other form, security for such deposits shall not be required to the extent said deposits are insured under the provisions of Section 12B of the Federal

Reserve Act, as amended,<sup>1</sup> or any amendments thereto.

From and after the effective date of this Act, all bonds of the Home Owners' Loan Corporation which are guaranteed both as to principal and interest by the United States Government may be pledged in lieu of personal bonds or surety bonds as security for public funds on deposit in any depository which is now authorized by law to pledge securities in lieu of personal or surety bonds. Provided that the provisions of this Act shall be cumulative and in addition to all existing laws relating to depository bonds.

[Acts 1935, 44th Leg., p. 741, ch. 322, § 1.]

#### Art. 2529c. Selection and Qualification of Depositories of State Agencies and Political Subdivisions

Sec. 1. The selection and qualification of depositories for the deposit of public funds of all agencies and political subdivisions of the state shall be in accord with the laws now in effect and hereinafter enacted pertaining thereto.

Sec. 2. The fact that an employee or officer of a state agency or political subdivision, who is not charged with the duty of selecting the depository thereof, is an officer, director or stockholder of a bank shall not disqualify said bank from serving as the depository of said state agency or subdivision.

A bank shall not be disqualified from bidding and becoming the depository for any agency or political subdivision of the state by reason of having one or more officers, directors or stockholders of said bank who individually or collectively own or have a beneficial interest in not more than 10 percent of the bank's outstanding capital stock, and at the same time serves as a member of the board, commission, or other body charged by law with the duty of selecting the depository of such state agency or political subdivision; provided, however, that said bank must be selected as the depository by a majority vote of the members of the board, commission, or other body of such agency or political subdivision and no member thereof who is an officer, director or stockholder of the bank shall vote or participate in the proceedings. Common-law rules in conflict with the terms and provisions of this Act are hereby modified as herein provided, but this Act shall never be deemed to alter, change, amend or supersede the provisions of any home-rule city charter which is in conflict herewith.

#### Art. 2530. Deposit of Securities

In the event the State Depository, as designated in the preceding Article, shall elect to

deposit said pledged securities, above mentioned, with the State Treasurer, the said securities shall be delivered to the Treasurer and receipted for by him, and retained by him in the vaults of the State Treasury. Provided, however, that such bank so designated as depository shall have the option, instead of depositing said pledged securities with the State Treasurer, of depositing same with another State or National Bank situated in the State, subject to the approval of the Board; said securities to be held in trust by said custodian bank to secure funds deposited by the State Treasurer in the depository bank. Upon the receipt of said securities, said custodian bank shall immediately issue and deliver to the State Treasurer controlled trust receipts for said securities pledged to the State Treasurer. The security evidenced by such trust receipts shall be subject to inspection by the Board or its agents at any time deemed advisable by said Board. Said custodian bank shall have a capital stock and permanent surplus of not less than Five Hundred Thousand (\$500,000.00) Dollars, and said bank designated as depository shall itself defray the charges, if any, of such custodian bank for accepting and holding said securities.

Subject to the approval of the Board, a State Depository may have the right to substitute one group of securities for another group of securities pledged with the State Treasurer, when and as such State Depository may desire to make such substitution, so long as the securities desired to be substituted by such bank shall come within the classification of securities acceptable under the terms of this Act.

If, in any case, or at any time, such bonds or other securities are not satisfactory security, in the opinion of the Board, for the deposits made under this Act, they may require such additional security to be given as will be satisfactory to them. Said Board shall, from time to time inspect such bonds and see that the same are actually kept in the vaults of the State Treasury and in said custodian banks. In the event that any State Depository shall fail to pay deposits or any part thereof on the check of the Treasurer, he shall have the power to forthwith realize upon such bonds or other securities deposited by said bank, and disburse the money arising therefrom, according to law, upon the warrants drawn by the Comptroller upon the funds for which said bonds or other securities were secured. Any bank making deposits of bonds or other securities with the Treasurer under the provisions of this Act may cause such bonds or other securities to be endorsed or stamped, as they may deem proper, so as to show that they are deposited as collateral and not transferable, except as herein provided.

Upon request of the owner or owners, the Treasurer or custodian bank may surrender interest coupons or other evidence of interest when due on securities deposited by depository banks, provided, said securities are ample to meet the requirements of the State.

Whenever any private bank now organized as provided for by the private banking laws of Texas should seek to become a depository for State funds or any other governmental agency, it shall agree in writing to submit itself to examination as to its solvency.

#### **Art. 2530a. Deposit and Substitution of Securities; Acceptance of Certain Securities by Treasurer**

In the deposit and exchange or substitution of securities by state depository banks under the provisions of Chapter 1, Title 47, Revised Civil Statutes of Texas, 1925, as amended, the State Depository Board may authorize the State Treasurer to accept such securities offered for deposit and those securities offered for exchange of securities already on deposit without further action of said Board where such offered securities are bonds and certificates and other evidences of indebtedness of the United States and all other bonds which are guaranteed as to both principal and interest by the United States.

[Acts 1953, 53rd Leg., p. 754, ch. 302, § 1.]

#### **Art. 2531. Failure to Qualify**

In case any bank that has submitted an application for State funds shall fail to qualify within the time specified in this Act after being notified to do so, it shall forfeit its right to act as a depository for a period of one year, at the option of the Board.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 319, ch. 164, § 1.]

#### **Art. 2532. Placing Deposits**

After the depositories have qualified as provided in the preceding articles, it shall be the duty of the Treasurer to deposit the funds belonging to the State in such depositories, as far as practical on a fair percentage basis, and shall at all times keep such funds equitably prorated in proportion to the amount which each is entitled to receive by drawing warrants alternately thereon, or by apportioning the warrants so drawn, and after giving the notice required for the withdrawal of funds deposited to the credit of any "time deposits" in any State Depository or Depositories.

No depositories shall be entitled to keep on deposit State funds in an amount in excess of their paid up capital stock and permanent surplus. Any reduction in the capital stock and permanent surplus of any depository shall reduce correspondingly the amount of State funds which it can retain as a depository, and the Treasurer is authorized to withdraw from said depository any funds in excess of its capital and permanent surplus, provided, that where any depository shall pledge as security for State funds on deposit with it warrants drawn upon the State Treasury against the General Fund of this State as provided by Article 2529, and shall also make the proof re-

quired in such Article that such warrants were acquired by it as therein provided, then the limitation upon the amount of deposits that may be placed in said depository shall not apply, but the amount of said funds to be deposited in said depository shall be determined by the State Depository Board.

If there be a surplus after the awards are made, the surplus shall be prorated among the applying banks.

Such provisions, however, shall not affect arrangements for clearing checks made by said Board with State Depositories as hereinafter provided.

All State Depositories shall collect all checks, drafts and demands for money so deposited with them by the Treasurer and when using due diligence shall not be liable on such collections until the proceeds thereof have been duly received by the Depository Bank, provided, that any expense incurred in collection thereof by the Depository which the Depository is not allowed or permitted to pay by reason of any Act of the Congress of the United States or any rule or regulation promulgated thereunder by either the Board of Governors of the Federal Reserve System or the Board of Directors of the Federal Deposit Insurance Corporation shall be charged to and paid by the State Treasurer out of any moneys appropriated by the Legislature for that purpose.

If there should be at any time a surplus of State funds above the aggregate amount applied for by and allotted to State Depositories, the Treasurer, with the approval of the Board, is hereby authorized to deposit said surplus funds in the vaults of the State Treasury, or the Board shall have the power to deposit said surplus, or any part thereof with any one or more banks in such amounts and for such periods as it may deem advisable, and any bank receiving such deposits under this Article shall execute a bond or furnish collateral in the manner and form provided in Article 2529 under the conditions provided in said Article.

The State Depositories shall show in their statements, published according to law, the amount of State funds on deposit with them.

[Acts 1925, S.B. 84; Acts 1927, 40th Leg., 1st C.S., p. 161, ch. 57, § 1; Acts 1937, 45th Leg., p. 319, ch. 164, § 1.]

#### Art. 2533. Centrally Located Depositories

The Board shall designate one or more banks which have been selected as State Depositories in centrally located cities to be used for clearing checks and other obligations due the State, and the Treasurer shall keep sufficient moneys on deposit in the "demand deposits" account in said Depositories to meet all current claims upon the State, and all items received by the Treasurer for collection shall be deposited with such Depositories to be credited to the "demand deposits" account in said banks, and all checks drawn by the Treasurer for the payment of obligations due by the State may be drawn on such accounts in such Depositories or on

the "demand deposits" account in other State Depositories so that the checks of the State may at all times pass current as cash.

#### Art. 2534. Withdrawals

The funds on deposit with depositories shall be subject to withdrawal at any time by the Treasurer, except funds designated by the Board as "time deposits" which shall be withdrawn in the manner agreed upon in the contract under which such funds have been deposited.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 319, ch. 164, § 1.]

#### Art. 2535. Remittances

All State Depositories shall remit free of charge, except such charges which depository is not allowed or permitted to pay by reason of any Act of the Congress of the United States or any rule or regulation promulgated thereunder by either the Board of Governors of the Federal Reserve System or the Board of Directors of the Federal Deposit Insurance Corporation, to the Treasurer on his demand, all withdrawals of State funds as provided for in the preceding Article. The liability of any State Depository or person sending the same shall not cease until the said money is actually received by the Treasurer. Any depository that refuses to remit for State items, or Treasury drafts, as above indicated, shall upon order of the Board forfeit its right to receive further deposits, and the Board shall have the right to withdraw all funds from said bank, which shall thereafter cease to be a State Depository.

#### Art. 2537. Cancellation of Contracts

Each State Depository shall have the right to cancel its depository contract upon accounting to the Treasurer for all funds deposited with it at any time by giving thirty days' notice in advance.

The Board shall have the right to terminate a contract with the depository at any time they deem it to the interest of the state to do so, upon giving the depository fifteen days' notice of such termination. The Treasurer shall discontinue making deposits in any bank when in the opinion of the Board the condition or management of the bank warrants such action on his part.

It shall be the duty of the Commissioners Court at ten o'clock a. m. on the first day of each term at which banks are to be selected as county depositories, to consider all applications filed with the County Judge, cause such applications to be entered upon the minutes of the Court and to select those applicants that are acceptable and who offer the most favorable terms and conditions for the handling of such funds and having the power to reject those whose management or condition, in the opinion of the Court, does not warrant placing of county funds in their possession. The County Commissioners Court shall have the power to determine and designate the character and amount of county funds which will be deposited by it in said depositories that shall be "demand deposits" and what character and amount of funds shall be "time deposits," and may contract with said depositories in regard to the payment of interest on "time deposits" at such rate or rates as may be lawful under any Act of the Congress of the United States and any rule or regulations that may be promulgated by

the Board of Governors of the Federal Reserve System and the Board of Directors of the Federal Deposit Insurance Corporation. When the selection of a depository or depositories has been made, the checks of those applicants which have been rejected shall be immediately returned. The check or checks of the applicant or applicants whose applications are accepted shall be returned when said depository or depositories enter into and file the bond required by law and said bond has been approved by the Commissioners Court and the State Comptroller, and not until such bond is filed and approved. The term "demand deposits," as used herein, shall mean any deposit which is payable on demand, and the term "time deposits," as used herein, shall mean any deposit with reference to which there is in force a contract, that neither the whole nor any part of such deposit may be withdrawn by check or otherwise prior to the expiration of the period of notice which must be given in writing in advance of withdrawals.

No governing body of a political subdivision of the State of Texas, including counties, municipalities, school districts, and other districts, may designate a financial institution located outside the State as a depository for funds under its jurisdiction; however, any institution selected as a paying agent for specific bonds or obligations shall not be considered a depository as set forth herein.

[Acts 1971, 62nd Leg., p. 1240, ch. 305, eff. May 24, 1971.]

#### Art. 2547. Bonds

Within fifteen (15) days after the selection of such depository, it shall be the duty of the banking corporation, association or individual banker so selected, to qualify as county depository in one or more of the following ways, at the option of the Commissioners' Court:

(a) By executing and filing with the Commissioners' Court, a bond or bonds, payable to the County Judge and his successors in office, to be approved by both the Commissioners' Court and the Comptroller, and immediately thereafter filed in the office of the County Clerk of said county, said bond to be signed by not less than five (5) solvent sureties who shall own unencumbered real estate in this State not exempt from execution under the Constitution and laws of this State, of a value equal to, or in excess of, the amount of said bonds where there is more than one bond; said bond or bonds to be in an amount equal to the estimated highest daily balance of such county, as determined by the Commissioners' Court, such estimated daily balance to be in no event less than seventy-five (75%) per cent of the highest daily balance of said county for the next preceding year, less the amount of bond funds received and expended; provided, however, in

the event that county funds derived from the sale of county securities during the term of such bond are deposited, such Commissioners' Court shall require additional bond and/or bonds, and/or pledge of securities equal to the amount of such additional county funds. The sureties shall file with the Commissioners' Court at the time of filing said bond or bonds, a statement containing a description of the unencumbered and non-exempt lands owned by them, sufficient to identify such lands on the ground, and such statement shall remain on file with the County Clerk and attached to such bond or bonds; and such statement shall contain a value of each tract of land so listed, together with the value of the improvements thereon.

(b) By having issued and executed by some solvent surety company or companies authorized to do business in the State of Texas, such bond or bonds, as provided by law, to be in the amount and payable as provided in subdivision (a) hereinabove, which said surety bond shall be approved by both the Commissioners' Court and the Comptroller, and filed in the office of the County Clerk of said county. Provided, however, such surety company or companies may be relieved of its or their obligation on thirty (30) days notice in writing to the Commissioners' Court, such bonding surety company or companies not to be relieved of any liability for loss sustained by the county prior to the expiration date of such bonds or bond; and provided further, in the event any surety company or companies shall ask to be relieved of such bond or bonds, such depository shall, previous to the termination date of such obligation of such surety company or companies, present further security acceptable to the County Commissioners' Court and the Comptroller, and filed in the office of the County Clerk of said county, for the securing of county funds in accordance with the provisions of this Act.

(c) In lieu of such personal bonds or surety bonds as above specified, said banking corporation, association or individual banker so selected as county depository, may pledge, and said depository bank is authorized to pledge with the Commissioners' Court for the purpose of securing such county funds, securities of the following kind, in an amount equal to the amount of such county funds on deposit in said depository bank, to-wit: bonds and notes of the United States, securities of indebtedness of the United States, and other evidences of indebtedness of the United States, when said evidences of indebtedness are supported by the full faith and credit of the United States of America, and other bonds or other evidences of indebtedness which are guaranteed as to both principal and interest by the United States Government, bonds of the State of Texas, or of any county, city, town, independent school district, common school district, or bonds issued under the Federal Farm Loan Act,<sup>1</sup> or road district bonds, bonds, pledges or other securities issued by the Board of Regents of the Uni-

versity of Texas, bank acceptances of banks having a capital stock of not less than Five Hundred Thousand (\$500,000.00) Dollars, notes or bonds secured by mortgages insured and debentures issued by the Federal Housing Administrator of the United States Government, shares or share accounts of any building and loan association organized under the laws of this state, provided the payment of such shares or share accounts is insured by the Federal Savings & Loan Insurance Corporation, and in the shares or share accounts of any Federal Savings & Loan Association domiciled in this state, provided the payment of such shares or share accounts is insured by the Federal Savings & Loan Insurance Corporation; and bonds issued by municipal corporations in Texas, all said securities having a total market value equal to the amount of the depository bond; an amount of the following described securities not to exceed twenty-five (25%) per cent of the assessed value of the property in the county as shown by the certified tax roll for the preceding year, viz.: closed first mortgages on improved and unencumbered real estate situated in the State of Texas, provided such security so offered must be first approved by the Commissioners' Court; and before approving such a mortgage tendered as security for deposits, the Commissioners' Court shall require a written opinion by an attorney selected by the Court, showing that the lien so offered is superior to any and all other claims or rights in the property, and the Court shall also require that the improvements on each tract of real estate described in such mortgage be fully insured in some Stock Fire Insurance Company, or a Mutual Fire Insurance Company having One Hundred Thousand (\$100,000.00) Dollars surplus in excess of all legal reserves and other liabilities, to be approved by the County Judge, with loss payable clause in favor of the County Judge, such mortgage as may be approved as acceptable security under the provisions of this Article shall be assigned to the County Judge by written instrument, duly acknowledged, and the same shall be placed of record forthwith in each county where any part of said real estate is situated; and as security for such deposits, unencumbered, improved real estate, subject to approval of Commissioners' Court, may be pledged directly by Deed of Trust executed to a trustee selected by the Commissioners' Court, with the County Judge as beneficiary; provided that the Court shall first require the written opinion of an attorney selected by the Court, showing that the lien offered as security for deposits is superior to any and all other claims or rights in the property; and provided further that the Court shall require that all improvements on any real estate, so pledged, be fully insured in a Stock Fire Insurance Company or a Mutual Fire Insurance Company having One Hundred Thousand (\$100,000.00) Dollars surplus in excess of all legal reserves and other liabilities, approved by the County Judge, with loss payable clause in favor of the County Judge; and the

Commissioners' Court shall investigate all real estate security and determine the value at which such real estate security as is herein described shall be accepted; provided that in no event shall such security be accepted as collateral at a value in excess of fifty (50%) per cent of the reasonable market value of the real property covered by such mortgages, except where such mortgages are insured or guaranteed by the Federal Housing Administrator of the United States; and such real estate security as herein described may be withdrawn and replaced by other real estate securities meeting the requirements of this Act, or any class of securities above enumerated, provided all such withdrawals, substitutions and replacements must be approved by the Commissioners' Court; and the County Judge shall execute such instruments as may be necessary to transfer to the depository or its order, all liens, so withdrawn, and said Commissioners' Court may accept said securities in lieu of such personal or surety bonds; and such securities so pledged by such depository bank shall be deposited as the Commissioners' Court may direct.

When the securities pledged by a depository bank to secure county funds shall be in excess of the amount required under the provisions of this Article, the Commissioners' Court shall permit the release of such excess; and when the county funds deposited with said depository bank shall for any reason, increase beyond the amount of securities pledged, said depository bank shall immediately pledge additional securities with the Commissioners' Court so that the securities pledged shall at no time be less than the total amount of county funds on deposit in said depository bank. The right of substitution of securities shall be granted to depositories, provided the securities substituted meet with the requirements of the law, and are approved by the Commissioners' Court. Upon the request of such depository bank, the Commissioners' Court shall surrender interest coupons or other evidence of interest, when due, on securities deposited with the Commissioners' Court by such depository bank, provided said securities remaining pledged are ample to meet the requirements of said Commissioners' Court. Such depository may secure said funds by one or more of the ways herein provided, at the option of the Commissioners' Court.

The condition of the personal bond or bonds, or contract for securities pledged, as herein above provided, shall be conditioned for the faithful performance of all the duties and obligations devolving by law upon such depository, and for the payment upon presentation of all checks drawn upon any "demand deposit" account in any depository by the county treasurer of the county, and all checks drawn upon any "time deposit" account, upon presentation, after the expiration of the period of notice required in the case of "time deposits"; and that said county funds shall be faithfully kept by said depository and accounted for according to law. Any suits arising thereon shall be tried

in the county for which such depository is selected; and provided further, that upon reasonable notice to the Commissioners' Court, such county depository may change from time to time its method of securing such funds, so long as the same are at all times secured in the amount and manner specified herein.

Where separate bonds are given to secure county funds, each surety thereunder shall be liable only for such part of any loss sustained by failure of the depository, as the amount of each bond shall bear to the aggregate amount of all bonds and/or securities held by the county for protection of the funds covered by said bonds.

In the event of payment of a loss to the county by personal sureties or surety companies, said sureties shall be subrogated by the county in the amounts such payment bears to the deposit secured by them or it, at the time of default of the depository.

It shall be the duty of the Commissioners' Court to investigate and inquire into the solvency of each and every surety, on any personal bond or bonds so filed by such county depository, and accepted by the Commissioners' Court and approved as required by law, at least twice during each and every year such bonds are effective and in force; and for that purpose shall have authority to require each surety to render an itemized and verified financial statement, under oath, showing his true financial condition. If any such statement or statements indicate that any of said sureties have become insolvent, or their net worth depreciated below the amount required by law as such sureties, or if any of the assets listed are shown to be, or are known to be depreciated, or their value in any way impaired, then and in any such events, the Commissioners' Court shall require a new bond meeting fully the requirements of this law; and in case of a bond or bonds the sureties on which are required to own unencumbered and non-exempt real estate as herein provided, such statement shall show each tract of land owned by each surety and the value thereof; and if the statements provided for herein shall indicate that any of such lands have been disposed of or encumbered, and the value of the remaining unencumbered or non-exempt lands shall not be sufficient to meet the requirements of this law, then the said Commissioners' Court shall require a new bond, meeting fully the requirements of this law. The Commissioners' Court shall at any time it may deem necessary for the protection of the county, investigate and inquire into the solvency of any surety company or companies issuing a bond or bonds for any depository, and to investigate the value of any of the securities that may be pledged by such depository in lieu of the personal bond; and such Commissioners' Court may request any such depository if it deem advisable, to execute a new bond. If said new bond required by the Commissioners' Court for any reason as herein specified be not filed within five (5) days from the time of the service of a copy of

said order upon said depository, the Commissioners' Court may proceed to the selection of another depository, in the same manner as provided for the selection of a depository at the regular time for such selection. Nothing in this law shall in any manner limit, restrict or prevent the Commissioners' Court from requiring any depository to execute a new bond at any time such Commissioners' Court may deem it necessary for the protection of the county.

#### Art. 2548. Additional Bond

Whenever, after the creation of a county depository, as by this Act provided, there shall accrue to the county or any subdivision thereof, any funds or moneys from the sale of bonds or otherwise, the Commissioners Court of such county at its first meeting after such special funds shall have come into the Treasury, or depository of such county, or so soon thereafter as may be practicable, may make written demand upon the duly accredited and established depository of the county for a special additional bond as such depository in a sum equal to the whole amount of such special fund, to be kept in force so long as such funds remain in such depository. Such extra or special bond may be cancelled and a new bond contemporaneously substituted therefor as such special fund may have been reduced. Such special bond shall at all times be sufficient in amount to cover such special fund then on hand. Upon the failure of such depository to furnish such additional bond within thirty (30) days from the date of such demand, the Commissioners Court may cause such special funds to be withdrawn, upon the draft of the county treasurer from such depository, and cause the same to be deposited in some solvent National bank or State bank whose combined capital stock and surplus is in excess of such special fund, and to leave the same or so much thereof as may not have been expended with such National bank or State bank of last deposit, until such time that such county depository may have filed with the Commissioners Court the required additional bond, when such special fund or so much thereof as shall not have been expended shall be forthwith returned to and deposited with such county depository. The requiring of such additional or special bond shall be optional with such Commissioners Court. When a banking institution selected, qualified and acting as a county depository shall become insolvent and it shall become necessary to resort to the depository bond or bonds to collect the county and State funds deposited therein, payment shall be made to the county and State pro rata.

#### Art. 2548a. Pledge of State General Fund Warrants as Security for Deposited Funds of County or School District in Lieu of Bonds

Any banking corporation in the State of Texas selected as the depository bank for County Funds, or for the funds of any School District in Texas, including Common School Districts, Independent School Districts, Rural High School Districts, Consolidated School Districts, and any other School District in Texas, or funds of any State institution, shall be authorized to pledge General Fund Warrants of the State of Texas as securities for the purpose of securing such funds when, as otherwise provided by law, such banking corporations are authorized to pledge securities in lieu of personal bonds or surety bonds for the purpose of securing such Funds; provided, however, this privilege shall cease and be null and void whenever the deficit in the General Fund shall exceed Forty-two Million (\$42,000,000.00) Dollars.

[Acts 1941, 47th Leg., p. 100, ch. 82, § 1.]

#### Art. 2549. Designating Depository

(a) As soon as said bond be given and approved by the Commissioners Court, and the Comptroller, an order shall be made and entered upon the minutes of said Court designating such banking corporation, association or individual banker, as a depository for the funds of said county until sixty (60) days after the time fixed for the next selection of a depository; and thereupon, it shall be the duty of the county treasurer of said county immediately upon the making of such order, to transfer to said depository all the funds belonging to said county, as well as all funds belonging to any district or other municipal subdivision thereof not selecting its own depository, and immediately upon receipt of any money thereafter, to deposit the same with said depository to the credit of said county, district and municipalities. It shall also be the duty of the tax collector of such county to deposit all taxes collected by him, or under his authority, for the State and such county and its various districts and other municipal subdivisions, in such depository or depositories, as soon as collected, pending the preparation of his report of such collection and settlement thereon. The bond of such county depository or depositories shall stand as security for all such funds. Upon such funds being deposited as herein required, the tax collector and sureties on his bond, shall thereafter be relieved of responsibility of its safekeeping. All county depositories shall collect all checks, drafts and demands for money so deposited with them by the county and when using due diligence shall not be liable on such collections until the proceeds thereof have been duly received by the depository bank, provided that any expense incurred in collection thereof by the depository, which the depository is not allowed or permitted to pay or absorb by reason of any act of Congress of the United States

or any regulation by either the Board of Governors of the Federal Reserve System or the Board of Directors of the Federal Deposit Insurance Corporation, shall be charged to and paid by the county. All money collected or held by any district, county or precinct officer in such county, or the officers of any defined district or subdivision in such county, including the funds of any municipal or quasi-municipal subdivision or corporation which has the power to select its own depository, but has not done so, shall be governed by this law, and shall be deposited in accordance with its requirements, and shall be considered in fixing the bond of such depository, and shall be protected by such bond; and all warrants, checks, and vouchers evidencing such funds shall be subject to audit and countersignature as now or hereafter provided by law.

(b) If during a school year, a Commissioners Court having control of school district funds elects to transfer the funds from one bank serving as county depository to another bank, the school district affected may require that the Commissioners Court delay the transfer of the district's funds until the end of the school district's fiscal year or until September 1, whichever date follows nearest the date the Commissioners Court took action on the transfer.

[Acts 1925, S.B. 84; Acts 1933, 43rd Leg., p. 604, ch. 201; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1; Acts 1969, 61st Leg., p. 1048, ch. 342, § 1, eff. May 27, 1969.]

#### Art. 2550. Deposits Not Applied For

If for any reason no applications are submitted by any banking corporation, association or individual banker to act as county depository or in case all applications shall be declined, then in any such case, the Commissioners Court shall have the power, and it shall be their duty to deposit the funds of the county with any one or more banking corporations, associations or individual bankers in the county or in the adjoining counties in such amounts and for such periods as may be deemed advisable by the Court. Any bank or banking concern receiving deposits under this Article shall execute a bond in the manner and form provided for depositories of county funds with all the conditions provided for same, the penalty of said bonds to be not less than the total amount of county funds deposited with such bank or banking concern.

[Acts 1925, S.B. 84; Acts 1935, 44th Leg., p. 394, ch. 152, § 1; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2551. Clearing House to be Selected

When the funds of any county shall be deposited with two or more depositories, the Commissioners Court shall select and name by order one of said depositories to act as a clearing house for the others, at which all county warrants shall be finally paid.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2552. Checks Payable at County Seat

It shall be the duty of the depository or depositories to pay, upon presentment at the county seat of the county, or in the case of "time deposits" to pay upon presentment after the expiration of the period of notice agreed upon, all checks or warrants drawn by the county treasurer upon the funds of said county deposited with said depository or depositories, as long as such funds shall be in the possession of such depository subject to such checks or warrants. For every failure to pay such check or warrant at such county seat either upon presentment in case of "demand deposits," or upon presentment after the expiration of the period of notice required in the case of "time deposits" said depository or depositories shall forfeit and pay to the holder of such check ten per cent (10%) of the amount thereof; and the Commissioners Court shall revoke the order creating such depository or depositories.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2553. Depository Not Located at County Seat

If any depository selected by the Commissioners Court be not located at the seat of such county, said Commissioners Court may in its discretion require said depository to file with the county treasurer of such county a statement designating the place at said county seat where, and the person by whom, all deposits may be received from the treasurer for such depository, and where and by whom all checks will be paid, said person to be approved by the Commissioners Court; and such depository shall cause every check to be paid upon presentation or upon presentation at the expiration of the period of notice in the case of "time deposits" at the place so designated so long as the said depository has sufficient funds to the credit of said county applicable to its payment.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1; Acts 1949, 51st Leg., p. 187, ch. 103, § 1.]

#### Art. 2554. Warrants, How Paid and Charged

It shall be the duty of the county treasurer upon the presentation to him of any warrant, check, voucher, or order drawn by the proper authority, if there be funds sufficient for the payment thereof on deposit in the account against which such warrant is drawn, to endorse upon the face of such instrument his order to pay the same to the payee named therein and to charge the same on his books to the fund upon which it is drawn. The county treasurer shall not make an endorsement upon any warrant, check, voucher, or order, upon any funds deposited with said depository or depositories which are designated as "time deposits" until after notice is duly given and the time has expired as required in the contract with said depository in designating said funds as "time deposits." It shall be the duty of such depository to make a detailed monthly statement to the Commissioners Court at each regu-

lar term of said Court showing the daily balances to the credit of each of the funds on deposit. In case any bonds, coupons, or other indebtedness of any county by the terms thereof are payable at any place other than the treasury of the county, nothing herein contained shall prevent the Commissioners Court of such county from causing the treasurer to place a sufficient sum at the place where such debts shall be payable at the time and place of their maturity, provided such payments shall be made in the manner prescribed by law. All checks or warrants issued or drawn by any officer under the provisions of this Act, shall be subject to all the laws and regulations providing for auditing and countersigning and all such laws and regulations are hereby continued in full force and effect.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2555. May Select at Subsequent Term

If for any reason, no selection of a depository be made at the time provided by law, the Commissioners Court may, at any subsequent time after twenty (20) days' notice, select a depository or depositories in the manner provided for such selection at the regular time; and the depository or depositories so selected shall remain the depository or depositories until the next regular time for selecting a depository, unless the order selecting and naming such depository be revoked for lawful reasons.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2556. New Bond May be Required

If the Commissioners Court shall at any time deem it necessary for the protection of the county, it may require any depository to execute a new bond; and, if said new bond be not filed within five (5) days from the time of the service of a copy of said order upon said depository, the Commissioners Court may proceed to the selection of another depository in the manner provided for the selection of a depository at the regular time for such selection.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2557. Liability of Treasurer

The county treasurer shall not be responsible for any loss of the county funds through the failure or negligence of any depository; but nothing in this Act shall release any county treasurer for any loss resulting from any official misconduct or negligence on his part, nor from any responsibility for the funds of the county until a depository shall be selected and the funds deposited therein, nor for any misappropriation of such funds by him.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2558. Applications From Adjoining Counties

If there be no bank or banks situated within the county that seeks to be designated as county depository, then in that event the Commis-

When a depository has been selected by the Commissioners Court in the manner as provided herein, said depository shall, within five (5) days after notice of such designation and selection, file with county treasurer of such county a statement designating the place at said county seat where, and the person by whom all deposits may be received from the treasurer for such depository, and where and by whom all checks will be paid.

[Acts 1925, S.B. 84; Acts 1933, 43rd Leg., p. 194, ch. 89; Acts 1937, 45th Leg., p. 1298, ch. 484, § 1.]

#### Art. 2558a. Depositories for Trust Funds in Hands of County and District Clerks

##### Applications

Sec. 1. The Commissioners Court of each county is authorized and required at the February term thereof next following each general election to receive applications from any banking corporation, association or individual banker in such county as may desire to be selected as a depository for Trust Funds in possession of the County and District Clerks. Said applications shall be filed with the County Clerk on/or before ten o'clock a. m. on the first day of the term of Court at which said applications are to be received. Said applications shall be accompanied by a certified check for not less than one-half of one per cent of the average daily balances of the amount of Trust Funds in the possession of the Clerks during the preceding calendar year which amount shall be determined by the County Clerk on/or before ten (10) days before the applications herein provided for are required to be filed, and a certified check accompanying the application as herein provided for in the amount so determined by the County Clerk shall be sufficient compliance with this provision, which certified check shall be a guarantee of the good faith on the part of the applicant, and that if his application is accepted the bond hereinafter provided for will be entered into. Upon the failure of the banking corporation, association or individual banker that may be selected as such depository, to give the bond required by law, the amount of such certified check shall go to the county as liquidated damages, and the county shall select another depository as hereinafter provided. In the event any application shall not be accepted, the certified check accompanying the same shall be returned. The check of the applicant whose application is accepted shall be returned when his bond is filed and approved by the Commissioners Court and not until such bond is filed and approved. It shall not be necessary for the county to advertise or give notice that applications will be received as provided by this Statute.

##### Entry of Applications and Selection of Depository

Sec. 2. It shall be the duty of the Commissioners Court at ten o'clock a. m. on the first

day of each term at which applications are required to be received to enter said applications on the minutes of the Court and to select a depository for the Trust Funds in the possession of County and District Clerks.

**Qualification of Depository**

Sec. 3. Within thirty (30) days after the selection of such depository, it shall be the duty of the banking corporation, association, or individual banker so selected to qualify in the same manner as now provided by law for the qualification of county depositories.

**Entry of Order Designating Depository; Funds Deposited; Failure to Select New Depository**

Sec. 4. As soon as said depository has qualified as provided by law and has been approved by the Commissioners Court, said Court shall make and enter an order upon the minutes, designating such banking corporation, association, or individual banker as County Depository for Trust Funds until the designation and qualification of a successor, and thereupon it shall be the duty of the County and District Clerks of such county to deposit all Trust Funds in their possession with said depository in the manner hereinafter provided; provided, in the event, a new depository has not been selected and qualified by April 15th succeeding the term of Court at which a depository is required to be selected as required by this Act, then the term of such depository shall end and all Trust Funds due or on deposit shall be paid to the Clerk in whose name the account is carried.

**Placing Trust Funds on Time Deposit; Withdrawals; Interest**

Sec. 4a. The Commissioners Court of each county, acting by and through the County Auditor, or if there is no County Auditor then the County Treasurer, of such county, is authorized to place on time deposit with the depository bank for trust funds in the possession of County and District Clerks of such County, that portion of the trust funds account estimated by the County Auditor or County Treasurer, as the case may be, as not required immediately to pay out all amounts in accordance with proper orders of the Judge of the Court in which funds have been deposited. If at any time the funds so placed on time deposit are required before maturity, they shall be made available by the depository bank but the depository bank shall not be liable for interest earned on such amount withdrawn from time deposit. The Commissioners Court is authorized and directed to receive all interest so earned on time deposit of such trust funds and to place all such interest into the General Fund of the County as an offset to the expenses of handling such trust funds for the benefit of litigants.

**Accumulated Interest; Placing in General Fund**

Sec. 4b. The Commissioners Court of each county, acting by and through the County Auditor, or if there is no County Auditor then the County Treasurer, of such county, is authorized

to place in the proper General Fund of the county any accumulated interest derived from trust funds in the possession of County and District Clerks of such county prior to the enactment of Chapter 270, Acts of the 56th Legislature, Regular Session, 1959, to offset the expenses of handling such trust funds for the benefit of litigants.

**Advertisement for Applications under Certain Conditions**

Sec. 5. #### Art. 2560. Award and Bond

Upon considering the applications submitted, the governing body shall select as the depository or depositories of such funds the banking corporations, association or individual banker or bankers offering the most favorable terms and conditions for the handling of such funds. The governing body of such city, town or village shall have the right to reject any and all applications and readvertise for any applications. The governing body of such city, town or village shall have the power to determine and designate the character and amount of city funds which will be deposited by it in said depositories that shall be "demand deposits" and what character and amount of funds shall be "time deposits"; and may contract with said depositories in regard to the payment of interest on "time deposits" at such rate or rates as may be lawful under any Act of Congress of the United States and any rule or regulations that may be promulgated by the Board of Governors of the Federal Reserve System and the Board of Directors of the Federal Deposit Insurance Corporation. The term "demand deposits", as used herein, shall mean any deposit which is payable on demand, and the term "time deposits", as used herein, shall mean any deposit with reference to which there is in force a contract, that neither the whole nor any part of such deposit may be withdrawn by check or otherwise prior to the expiration of the period of notice which must be given in writing in advance of withdrawals. Within five (5) days after the selection of such depository or depositories, it shall be the duty of the banking corporation or corporations, association or associations, individual banker or bankers so selected to qualify as city depository, in one or more of the following ways, at the option of the governing body of such city, town or village:

(a) By executing and filing with the governing body, a bond or bonds, payable to the city, to be approved by the governing body, said bond to be signed by not less than five (5) solvent sureties who shall own unencumbered real estate in this State not exempt from execution under the Constitution and Laws of this State of a value equal to, or in excess of, the amount of said bond, or of a value equal to, or in excess of, the amount of said bonds when there is more than one (1) bond; and said bond or bonds shall in no event be for less than the total amount of the revenue of such city for the next preceding year for which said bond or bonds are made. The sureties shall file with the city at the time of filing said bond or bonds, a statement

containing a description of the unencumbered and non-exempt lands owned by them sufficient to identify such lands on the ground; and such statement shall remain on file with the City Secretary, attached to such bond or bonds, which statement shall contain a fair estimate of the value of each tract of land so listed, together with the value of the improvements thereon.

(b) By having issued and executed by some solvent surety company or companies authorized to do business in the State of Texas, such bond or bonds, as provided by law, to be in the amount and payable as provided in subdivision (a) hereinabove, which said surety bond shall be approved by the governing body and filed with the City Secretary.

(c) By executing and filing with the governing body, a bond or bonds, in an amount and payable as provided in subdivision (a) hereinabove, to be approved by the governing body and filed with the City Secretary of such city; said bond or bonds to be signed by not less than five (5) solvent sureties, who shall prepare and file with the governing body, at the time of the filing of said bond, an itemized and verified financial statement, which shall show the aggregate net worth of all to be equal to, or in excess of, the amount of such bond or bonds as hereinabove provided for.

(d) In lieu of such personal bonds or surety bonds as above specified, said banking corporation or corporations, association or associations, individual banker or bankers so selected as the city depository, may pledge, and said depository is hereby authorized to pledge with the governing body of such city for the purpose of securing such city funds, securities of the following kind, in an amount equal to the amount of said city funds on deposit in said depository bank or banks, to-wit: United States Bonds, Certificates of Indebtedness of the United States, Treasury notes of the United States, and other evidences of indebtedness of the United States which are guaranteed as to both principal and interest by the United States Government, bonds of the State of Texas, or of any county, city, town, independent school district, common school district or other school district in the State of Texas; or bonds issued under the Federal Farm Loan Act, or road district bonds, bonds, pledges or other evidences of indebtedness issued by the Board of Regents of the University of Texas, notes or bonds secured by mortgages insured and debentures issued by the Federal Housing Administrator of the United States Government; in shares or share accounts of any building and loan association organized under the laws of this state, provided the payment of such shares or share accounts is insured by the Federal Savings & Loan Insurance Corporation, and in the shares or share accounts of any Federal Savings & Loan Association domiciled

in this state, provided the payment of such shares or share accounts is insured by the Federal Savings & Loan Insurance Corporation; bank acceptances of banks having a capital stock of not less than Five Hundred Thousand (\$500,000.00) Dollars, and bonds issued by municipal corporations in Texas; and said city may accept said securities in lieu of such personal or surety bonds, which securities so pledged shall be deposited as the governing body may direct. It is provided, however, that such securities so pledged shall be approved as to kind and value by the governing body.

When the securities pledged by the depository bank to secure city funds shall be in excess of the amount required under the provisions of this Act, the governing body of such city shall permit the release of such excess; and when the city funds deposited with such depository bank shall, for any reason, increase beyond the amount of securities pledged, said depository bank shall immediately pledge additional securities with the governing body so that the securities pledged shall at no time be of a value of less than the total amount of city funds on deposit in said depository bank. Provided, however, the determination of such value shall be in the discretion of the governing body whose decision shall be final and binding on such depository. The right of substitution of securities shall be granted to depositories, provided the securities substituted meet with the requirements of the law, and are approved by the governing body. Upon the request of such depository bank, the governing body shall surrender interest coupons or other evidence of interest, when due, on securities deposited with said governing body by such depository bank, provided said securities remaining pledged are ample to meet the requirements of this Act and of such governing body.

The condition of the personal bond or bonds, or surety company bond or contract, for securities pledged as hereinabove provided, shall be conditioned for the faithful performance of all the duties and obligations devolving by law upon such depository, and for the payment upon presentation of all checks drawn upon any "demand deposit" account in said depository, or upon presentation upon any "time deposit" after the expiration of the period of notice required in the case of "time deposits" by the City Treasurer of the city; and that said city funds shall be faithfully kept by said depository and accounted for according to law. Any suits arising thereon shall be tried in the county in which such city, town, or village is located.

It shall be the duty of the governing body to investigate and inquire into the solvency of each and every surety on any personal bond or bonds so filed by such city depository and accepted by the governing body and approved as required by law, at least twice during each and every year such bonds are effective and in force, and for that purpose shall have authori-

ty to require each surety to render an itemized and verified financial statement, under oath, showing his true financial condition. If any such statement or statements indicate that any of said sureties have become insolvent, or their net worth depreciated below the amount required by law as such sureties, or if any of the assets listed are shown to be, or are known to be depreciated, or their value in any way impaired, then and in any of such events, the governing body shall require a new bond meeting fully the requirements of this law; and in case of a bond or bonds, the sureties on which are required to own unencumbered and non-exempt real estate as herein provided, such statement shall show each tract of land owned by each surety and the value thereof; and if the statements provided for herein shall indicate that any of such lands have been disposed of, or encumbered, and the value of the remaining unencumbered or non-exempt lands shall not be sufficient to meet the requirements of this law, then the said governing body shall require a new bond meeting fully the requirements of this law. The governing body shall at any time it may deem necessary for the protection of the city, investigate and inquire into the solvency of any surety company or companies issuing a bond or bonds for any depository, and to investigate the value of any of the securities that may be pledged by such depository in lieu of the personal bond; and such governing body may require any such depository, if it deems advisable, to execute a new bond, or to deliver into pledge additional or other securities. If said new bond or securities required by the governing body for any reason, as herein specified, be not filed within five (5) days from the time of the service of a copy of said order upon said depository, the governing body may proceed to the selection of another depository in the same manner as provided for the selection of a depository at the regular time for such selection. Nothing in the law shall in any manner limit, restrict, or prevent the governing body from requiring any depository to execute a new bond, at any time such governing body may deem it necessary for the protection of the city.

[Acts 1925, S.B. 84; Acts 1931, 42nd Leg., 1st C.S., p. 16, ch. 9, § 2; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3; Acts 1943, 48th Leg., p. 67, ch. 57, § 1.]

<sup>1</sup> 12 U.S.C.A. § 641 et seq. (repealed. See, now, 23 U.S.C.A. § 2001 et seq.).

#### Art. 2561. Designating Depository, etc.

As soon as said bond shall be given and approved, an order shall be made by the council designating said banking corporation, association, or individual banker, as the depository of the funds of the city until the time fixed by this Act for another selection, and such order shall be entered upon the minutes. It shall be the duty of the city treasurer, immediately upon the making of said order, to transfer to said depository all the funds in his hands belonging to the city, and immediately upon the receipt of the money thereafter, he shall deposit the same with said depository to the credit

of the city. If any banking corporation, association, or individual banker, after having been selected as such depository, shall fail to give bond within the time provided by this Act, then the selection of such banking corporation, association, or individual banker, as the depository of the city funds shall be set aside and be null and void, and the governing body shall, after the notice published in the manner hereinbefore provided, proceed to receive new applications and select another depository.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

#### Art. 2562. Warrant and Checks Paid

The city treasurer, upon presentation to him of any warrant drawn by the proper authority, if there shall be enough money in the depository belonging to the fund upon which said warrant is drawn and out of which the same is payable, shall draw his check as city treasurer upon the city depository in favor of the legal holder of said warrant, and to take up said warrant, and charge the same to the fund upon which it is drawn. In no case shall the city treasurer draw any check upon any fund in the city depository, unless there is sufficient money belonging to the fund upon which said warrant is drawn to pay the same, nor shall said city treasurer draw any check upon any funds deposited with said depository or depositories which are designated as "time deposits" until after notice is duly given and the time has expired, as required in the contract with said depository in designating said funds as "time deposits." No money belonging to the city shall be paid out of the city depository, except upon checks of the city treasurer. All such checks shall be payable by said depository at its place of business in the city. In case any bonds or coupons or other indebtedness of the city are payable, by the terms of such bonds, coupons or other indebtedness, at any particular place other than the city treasury, nothing herein shall prevent the governing body from causing the treasurer to withdraw from the depository and to place at the place where such bonds, coupons or other indebtedness shall be payable at the time of their maturity, a sufficient sum to meet the same.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

#### Art. 2563. May Select at Subsequent Meeting

If for any reason no selection of a depository is made at the time fixed by this Act, said governing body may, at any subsequent meeting, after notice published as hereinbefore provided, receive applications and select a depository in the manner herein set out, and the banking corporation, association, or individual banker so selected shall remain the depository until the next regular term for the selection of a depository unless the order selecting it be revoked for the causes specified in this Act. If the governing body shall at any time deem it necessary for the protection of the city, it may by resolution, require the depository to execute

a new bond; and upon failure to do so within five (5) days after the service of a copy of the resolution on said depository, said body may proceed to select another depository in the manner hereinbefore provided.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

#### Art. 2564. Liability of Treasurer

The City Treasurer shall not be responsible for any loss of the city funds through negligence, failure or wrongful act of such depository, but nothing in this Act shall release said treasurer from responsibility for any loss resulting from any official misconduct on his part nor from responsibility for the said funds at any time, when, for any reason, there shall be no city depository, nor until a depository shall be selected and the funds deposited therein, nor for any misappropriation of such funds in any manner by him.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

#### Art. 2565. Restrictions Upon Drawing

No check shall be drawn upon the city depository by the treasurer, except upon a warrant signed by the mayor and attested by the secretary, except where cities are operating under charter provisions that provide for the drawing of checks or warrants on the depository or city funds in a different manner than is herein provided. No warrant shall be drawn by the mayor and secretary upon any of the special funds created for the purpose of paying the bonded indebtedness of said city, in the hands of the City Treasurer, or in the depository, for any purpose whatsoever other than to pay the principal or interest of said indebtedness, or for the purpose of investing said special fund according to law. No City Treasurer shall pay or issue a check to pay any money out of any special fund created for the purpose of paying any bonded indebtedness of said city other than for the purpose of paying interest due on said bonds, the principal of said bonds or for the purpose of making an investment of said funds according to law. The treasurer shall report to the council on or before its first regular meeting in July in each year, the amount of receipts and expenditures of the treasury, the amount of money on hand in each fund, and the amount of bonds falling due for redemption of which provision must be made; also the amount of interest to be paid during the next fiscal year, and such other reports as the existing law requires of him.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

#### Art. 2566. Definitions of Terms

All provisions of this Act shall apply to towns and villages incorporated under the General Laws of Texas, as well as to cities so incorporated, and the terms "City Secretary," and "Secretary" shall be construed to include the clerk or secretary of such towns or villages; the term "City Treasurer" shall be con-

strued to include the treasurer of such towns and villages and the term "city" shall be construed to include towns and villages.

[Acts 1925, S.B. 84; Acts 1937, 45th Leg., p. 1298, ch. 484, § 3.]

**Art. 2567. Selection of Special Depository**

When any bank, which is a county, city or district depository of public funds under the laws of this State, suspends business or is taken charge of by the Comptroller of the currency or the Commissioner of Banking, as the case may be, the lawful county, city or district authorities, authorized to select the depository in the first instance, shall have the discretion and authority to select by contract a special depository for the public funds in such suspended bank. Such special depository shall assume the payment of the amount of public funds due by the suspended bank on the date of its suspension, including interest to that date, and shall pay the same to the lawfully designated public authority in accordance with the contract entered into by such special depository. The contract shall be for the performance of the agreement entered into between the proper public authorities designated above, and the special depository, and shall require the pay-

The installments, or the amount due, may be evidenced in the discretion of the contracting parties by negotiable certificates of deposit or cashier's checks, payable at specified dates, if made a part of the contract. The performance of the contract and the payment of funds described therein shall be secured by bond, or by several bonds in case of installments, to be given by the special depository with the same character of sureties as is required by regular depository bonds. The contracts and bonds of special depositories shall be approved by the authority authorized by law to approve contracts and bonds of regularly selected depositories. State funds thus placed in such special depository shall bear the average rate of interest received by the State on State funds placed with the regularly selected State depositories.

[Acts 1925, S.B. 84.]

**Art. 2569. Selection Optional**

#### Opening Bids; Minimum Royalty

Sec. 5. All bids shall be directed to the said Board in care of the General Land Office

of the State of Texas, and shall be retained by the Commissioner of the General Land Office until the day designated for the opening of bids, and upon that day the said Board, or a majority of its members, shall open said bids and shall list and file and register all bids and money received. A separate bid shall be made for each whole survey or subdivision thereof. No bid shall be accepted which offers a royalty of less than one-eighth of the gross production of oil and/or gas in the land bid upon, and this minimum royalty may be increased at the discretion of the Board, all members concurring, before the promulgation of the advertisement of the land. Every bid shall carry the obligation to pay an amount not less than \$1.00 per acre for delay in drilling, such amount to be fixed by the Board in advance of the advertisement, and which shall be paid every year for five years, unless in the meantime production in paying quantities is had upon the land.

**Payment Accompanying Bid; Bid to Indicate Royalty and Payments in Addition to Royalty**

Sec. 6. Every bid shall be accompanied by a payment equal to the minimum price fixed on the land per acre for the delay in drilling if the bid is accepted. The bid shall further indicate the royalty the bidder is willing to pay, which royalty shall not be less than one-eighth of the gross production. The bid shall further name such amount as the bidder may be willing to pay in addition to the royalty and in the annual payment herein provided for, and shall be accompanied by cash or checks collectable in Austin to cover said amounts.

**Lease for Reasonable and Proper Price; Rejection of Bids**

Sec. 7. If any one of the bidders shall have offered a reasonable and proper price therefor, and less than the price fixed by the Board, the lands advertised, or any whole survey or subdivision thereof, may be leased for oil and/or gas purposes under the terms of this Act, and such regulations as the Board may prescribe, not inconsistent with the provisions of this Act. If after any bidding by sealed bids the Board should reject all bids, as it is hereby authorized to do, it may thereafter offer for sale and sell the oil and/or gas in said lands, in separate whole surveys only or subdivisions thereof, by open public auction at a price less than the price offered by the sealed bids. All bids may be rejected. In the event of no sale at public auction, any subsequent procedure for the sale of said oil and gas leases shall be in the manner above provided. Provided, that no lease for oil or gas shall be made by said Board which will permit the drilling for oil or gas within 1,000 feet of any building where patients are confined.

**Acceptable Bid Filed in General Land Office**

Sec. 8. If the Board shall determine that a satisfactory bid has been received for said oil and gas, it shall be filed in the General Land Office. Whenever the royalties shall amount to as much as the yearly payment as fixed by

the Board, the yearly payment may be discontinued. If before the expiration of three years oil and/or gas shall not have been produced in paying quantities, the lease shall terminate.

**No Rentals Payable Pending Discovery Operations; Lease to Continue During Production**

Sec. 9. If during the term of any lease issued under the provisions of this Act the lessee shall be engaged in actual drilling operations for the discovery of oil and/or gas on land covered by any such lease, no rentals shall be payable as to the tract on which such operations are being conducted so long as such operations are proceeding in good faith; and in the event oil or gas is discovered in paying quantities on any tract of land covered by any such lease, then the lease as to such tract shall remain in force so long as oil or gas is produced in paying quantities from such tract. In the event of the discovery of oil and/or gas on any tract covered by a lease issued hereunder or on any land adjoining same, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by such lease to properly develop the same. Failure to comply with the obligations provided by this section shall subject the holder of the lease to penalties provided in Sections 12 and 13 of this Act.

**Assignments; Pipe Lines and Roads Over Lands Authorized**

Sec. 10. Title to all rights purchased may be held by the owners so long as the area produces oil and gas in paying quantities. All rights purchased may be assigned in quantities of not less than forty acres, unless there be less than forty acres remaining in any survey, in which case such lesser area may be so assigned. All assignments shall be filed in the General Land Office within one hundred days after the date of the first acknowledgment thereof, accompanied by ten cents per acre for each acre assigned, and if not so filed and payment made, the assignment shall be ineffective. All rights to any whole survey and to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed in the Land Office accompanied with one dollar for each area assigned, but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon. The Board shall authorize the laying of pipe line, telephone line, and the opening of such roads over the Eleemosynary and State Park Lands as may be deemed reasonably necessary for and incident to the purposes of this Act.

**Royalties Payable to General Land Office; Sworn Statement of Production**

Sec. 11. Royalty as stipulated in the sale shall be paid to the General Land Office at Austin, Texas, for the benefit of the Special Building Fund of the Eleemosynary Institutions on or before the last day of each month for the preceding month during the life of the

rights purchased, and it shall be accompanied by the sworn statement of the owner, manager or other authorized agent showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the premises and the market value of the oil and gas, together with a copy of all daily gauges of tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks or pools and gas lines or gas storage. The books and accounts, receipts and discharge of all wells, tanks, pools, meters, pipelines, and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and/or gas shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, or any member of the State Board of Control.

#### Protection of Lands from Drainage

Sec. 12. In every case where the area in which oil and/or gas sold shall be contiguous or adjacent to land not eleemosynary and State Park Land, the acceptance of the bid and the sale made thereof to adequately protect the land leased from drainage from adjacent lands. In cases where the area in which the oil and/or gas is sold, as a lesser royalty, the owner shall likewise protect the State from drainage from the land so leased or sold for lesser royalty. Upon failure to protect the land from drainage as herein provided the sale and all rights thereunder may be forfeited by the Board in the manner elsewhere provided herein for forfeitures.

#### Forfeiture; Grounds

Sec. 13. If the owner of the rights acquired under this Act shall fail or refuse to make the payment of any sum due thereon, either as rental or royalty on the production, within thirty days after same shall become due, or if such owner or his authorized agent should make any false return or false report concerning production, royalty or drilling, or if such owner shall fail or refuse to drill any offset well or wells in good faith, as required by his lease, or if such owner or his agent should refuse the proper authority to access to the records and other data pertaining to the operations under this Act, or if such owner, or his authorized agent, should fail or refuse to give correct information to the proper authorities, or fail or refuse to furnish the log of any well within thirty days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Board by an order entered upon the minutes of the Board reciting the facts constituting the default, and declaring the forfeiture. The Board may, if it so desires, have suit instituted for forfeiture through the Attorney General of the State. Upon proper showing by the forfeiting owner, within thirty days after the declaration of forfeiture, the lease may, at the discre-

tion of the Board and upon such terms as it may prescribe, be reinstated. In case of violation by the owner of the lease contract, the remedy of the State by forfeiture shall not be the exclusive remedy but suit for damages or specific performance, or both, may be instituted. The State shall have a first lien upon all oil and/or gas produced upon the leased area, and upon all rigs, tanks, pipe lines, telephone lines, and machinery and appliances used in the production and handling of oil and gas produced thereon, to secure any amount due from the owner of the said lease.

#### Records Filed In General Land Office

Sec. 14. All surveys, files, records, copies of sale and lease contracts and all other records pertaining to the sales and leases hereby authorized shall be filed in the General Land Office and constitute archives thereof. Payment hereunder shall be made to the Commissioner of the General Land Office at Austin, Texas, who shall transmit to the State Treasurer all royalty for deposit to the credit of the General Revenue Fund, and all rentals for delay in drilling and all other payments, including all filing assignments and relinquishment fees hereunder to the credit of the General Revenue Fund.

#### Expenses Paid by Comptroller's Warrants

Sec. 15. The expenses of executing the provisions of this Act shall be paid monthly by warrants drawn by the Comptroller on the State Treasurer, and for that purpose the sum of Two Thousand (\$2,000.00) Dollars, or as much thereof as may be necessary is hereby appropriated out of any money in the Treasury not otherwise appropriated until September 1, 1930.

#### Partial Invalidity

Sec. 16. If any provision hereof should be held unconstitutional, the balance of the Act shall not be affected thereby.

#### Adoption by Board of Proper Forms and Regulations; Withdrawal of Lands

Sec. 17. The Board shall adopt proper forms and regulations, rules and contracts as will in its best judgment protect the income from lands leased hereunder. A majority of the Board shall have power to act in all cases, except where otherwise herein provided. The Board may reject any and all bids and shall have the further right to withdraw any lands advertised for lease prior to receiving and opening bids. Any and all or parts of laws in conflict with this Act are hereby repealed.

#### Reservation as to Lease of Battlefields

Sec. 17a. The said board herein created shall have no right, power or authority to lease for any purpose any of the land composing the San Jacinto Battlefield lands or Washington Park on the Brazos, and it is hereby expressly forbidden from leasing same.

[Acts 1925, S.B. 84.]

Art. 3202-a. Price for Care

The Board for Texas State Hospitals and Special Schools, directly or through an authorized agent or agents, may make contracts fixing the price for the support, maintenance, and treatment of children maintained, supported and treated, in the State Orphans Home, the State Home for Dependent and Neglected Children, Austin State School, and the Deaf, Dumb and Blind Institute for Colored Youths, at a sum fixed by the Board for Texas State Hospitals and Special Schools, not to exceed the actual cost of supporting such child, or for such part thereof as the estate of said child or any person legally liable for such child's support may be able to pay or agree to pay, and binding the person making such contracts to payments thereunder. Such payments by guardians shall be in accordance with the legal method controlling expenditures by guardians. The Board for Texas State Hospitals and Special Schools is authorized to demand investigation to determine whether or not a child is possessed of or entitled to property and whether or not some other person is legally liable for his support and to pay therefor. The county judge of the county from which the child is received into such institution or the county having jurisdiction over the estate of such child may from time to time, upon the request of the Board for Texas State Hospitals and Special Schools, cite the guardian of such child, or other persons legally liable for his support, to appear at some regular term of the county court having jurisdiction of such matter, then and there to show cause why the State should not be paid or have judgment for the amount due it for the support and maintenance of such child; or such guardian or other persons legally liable for the support of such child may be cited to appear at some regular term of the district court having jurisdiction of such matter, then and there to show cause why the State should not have judgment for the amount due it for the support and maintenance of such child; and, if sufficient cause be not shown, judgment may be entered against such guardian or other persons for the amount found to be due the State, which judgment may be enforced as in other cases. The certificate of the superintendent of the State institution or school wherein such child is being or shall have been supported and maintained, as to the amount due, shall be sufficient evidence to authorize the Court to render judgment. The county or district attorney, upon request of the Board for Texas State Hospitals and Special Schools, shall appear and represent the State in all cases provided for in this Section; provided, however, that the provisions of this Act

shall not apply to any child maintained, supported or treated in the Deaf, Dumb and Blind Institute for Colored Youths or Austin State School unless the person legally liable for the support of such child agrees to pay such cost as is herein provided.

Vacancies shall be filled for any unexpired term by appointment by the Governor with the advice and consent of the Senate. On January 1, 1945, and biennially thereafter, vacancies existing on said Commission shall be filled, and members selected shall be appointed for a full term of six (6) years, and each member of said Commission shall hold office until his successor has been appointed and has qualified by taking the oath of office.

Bureau of Information; Powers and Duties of Commission; Definitions

Sec. 2. (a) The State Commission for the Blind shall maintain a Bureau of Information, the object of which shall be to aid the blind and visually handicapped in finding employment.

(b) The Commission may in its discretion furnish materials, tools, books, and other necessary apparatus and assistance for use in rehabilitating such persons.

(c) The Commission may establish workshops and salesrooms, and shall have authority to use any receipts or earnings that accrue from the operation of industrial schools, salesrooms or workshops as provided in this Chapter, but detailed statements of receipts or earnings and expenditures shall be made monthly to the Auditor of the state.

(d) Through the employment of teachers the Commission may give instruction to adult blind persons in their homes, but the Commission shall not undertake the permanent support or maintenance of any blind person.

(e) The Commission shall maintain a current register of the blind and of persons handicapped by a visual condition which is likely to deteriorate either to blindness or to a substantial visual handicap.

(f) The Commission shall take such measures as it may deem advisable to prevent blindness and to conserve eyesight.

(g) In cases where it determines that it may appropriately and adequately do so, the Commission may provide supplemental services to visually handicapped children, in addition to those provided by the regularly established educational agencies and authorities of the state, and provide them with whatever other services the Commission determines necessary for better equipping them to achieve self-supporting economic status and to otherwise enjoy a fuller and richer life; it is the intention of the Legislature that there be full and complete cooperation between all concerned state agencies or departments toward the realization of these purposes.

(h) In cases where it determines that it may appropriately and adequately do so, the Commission shall provide vocational guidance and related services through its vocational rehabilitation division to adults having seriously defective sight.

(i) The Commission may receive and expend gifts, bequests, and devises from individuals, associations and corporations, in accordance with the provisions of this Act.

(j) When used in this Act, unless the context requires a different meaning:

(1) "Commission" means the State Commission for the Blind;

(2) "blind" means a person having not more than 20/200 of visual acuity in the better eye with correcting lenses or visual acuity greater than 20/200 but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees;

(3) "visual handicap" includes any eye condition for which there is a medical prognosis indicating that the eye condition is of a progressive nature and may deteriorate either to blindness or to a substantial loss of vision, or any eye condition meeting the definition of blindness contained in Subsection (2) of this Section, and shall include any physical or psychological handicap which accompanies or complements a disorder or imperfection of the eye; and

(4) "visually handicapped children," in addition to including any child with a visual handicap as defined in Subsection (3) of this Section, includes any child with a visual problem requiring cosmetic treatment, psychological assistance, counseling or other assistance which the Commission can render and which deals with a problem that relates to an unfavorable visual condition.

**Responsibility for Rendering Services to the Visually Handicapped; Inter-agency Agreements; Cooperation with Federal Government**

Sec. 2a. (a) In order to promote the greater consolidation of counseling, guidance, restoration and rehabilitation services to visually handicapped adults and children, the Commission is designated as the state agency having primary responsibility for rendering all services to the visually handicapped except those which are purely of a welfare nature or, in the case of visually handicapped children, those which are provided by the regularly established educational agencies and authorities of the state.

(b) In cases involving individuals with multiple handicaps, where one of the handicaps is of a visual nature and the other handicap is not complementary to the visual handicap, the Commission and any other agency authorized to render services shall enter into inter-agency agreements regarding the treatment of the individual with a multiple handicap. The agreement is to be negotiated with a view to providing the most beneficial service to the multiple handicapped individual with the greatest possible economy. The Commission and all other concerned state agencies are authorized to enter into general agreements regarding individ-

uals with multiple handicaps, so that a new agreement will not have to be negotiated for each particular case.

(c) The Commission shall cooperate, pursuant to agreements, with the Federal Government in carrying out the purposes of any Federal Statutes pertaining to services authorized by Sections 2 and 2a of this Chapter and is authorized to adopt such methods of administration as are found by the Federal Government to be necessary for the proper and efficient operation of such agreements or plans, and to comply with such conditions as may be necessary to secure the full benefits of applicable Federal Statutes.

(d) The Commission and other concerned state agencies may not refuse to enter into any inter-agency agreement designed to secure the full benefits of all applicable Federal Statutes for the blind of this state; all inter-agency agreements shall be negotiated with a view to securing all benefits for the visually handicapped made possible by Federal Statutes.

The Commission shall make a detailed report to the Legislature by January 1st of each biennium in which it convenes, showing all appropriations received and how the same have been expended, and covering its activities and accomplishments and making recommendations therein for the further improvement of the conditions of the blind in the State.

The exercise of the right of eminent domain shall in all cases be governed by the following rules:

1. When real estate is desired for public use by the State or by a county, or a political subdivision of a county, or by a city or town, or by the United States Government, or by a corporation having the right of eminent domain, or by an irrigation district, water improvement district, or a water power control district created by authority of law, the party desiring to condemn the property after having failed to agree with the owner of the land on the amount of damages shall file a statement in writing with the county judge of the county in which the land or a part thereof is situated. It shall describe the land sought to be condemned, state the purpose for which it is intended to be used, the name of the owner, if known, and that the plaintiff and the owner have been unable to agree upon the value of the land or the damages. Where the land lies in two or more counties, in one of which the owner resides, the statement shall be filed in the county of the owner's residence.

2. When such statement is filed with the county judge, he shall, either in term time or vacation, appoint three disinterested freeholders of said county as special commissioners to assess said damages, giving preference to those that may be agreed upon between the parties.

3. The commissioners shall be sworn to assess said damages fairly and impartially and in accordance with law.

4. The commissioners shall promptly set a time and place for hearing the parties, and the day appointed shall be the earliest practicable day, and the place selected shall be as near as practicable to the property in controversy or at the county seat of the county in which the property is situated.

5. Notice in writing shall be issued by the commissioners to each of the parties interested, notifying them of the time and place selected for the hearing.

6. The notices shall be served upon the parties at least ten (10) days before the day set for the hearing, exclusive of the day of the service, and may be served by any person competent to testify, by delivering a copy of such notice to the party, his agent or attorney.

7. When the property sought belongs to the estate of a deceased person or a minor, or other person laboring under disability, and the estate has a legal representative, the notice shall be served upon such representative.

8. When the property belongs to a non-resident of the State, or if the owner is unknown, or if the residence of the owner is unknown, or the owner secretes himself so that the process of law cannot be served upon him, such notice may be served by publication in the manner provided for such service of citation by publication in other civil cases in the district or county court. When the owner is a non-resident of the State the notice may be served as provided in paragraph six hereof.

9. The person serving notice shall return the original to the commissioners on or before the day set for the hearing, with his return in writing thereon, stating how and when it was served.

10. When service of notice has been perfected, the commissioners shall at the time and place appointed or at any other time and place to which the hearing may be adjourned, proceed to hear the parties.

11. Commissioners shall have the power to compel the attendance of witnesses and production of testimony, administer oaths, and punish for contempt as fully and in the same manner as is provided by law for judges of the county courts.

may hereafter be authorized by the Constitution or Statutes of this State.

All such condemnation proceedings shall be instituted under the direction of the commissioners' court, and in the name of the county, and the assessing of damages shall be in conformity to the Statutes of the State of Texas for condemning and acquiring right of way by railroads. That no appeal from the finding and assessment of damages by the commissioners appointed for that purpose shall have the effect of causing the suspension of work by the county in connection with which the land, right of way, easement, etc., is sought to be acquired. In case of appeal, counties shall not be required to give bond, nor shall they be required to give bond for costs.

Should the award of damages, in the opinion of the Commission of Control for Texas Centennial Celebrations, be excessive, such award shall not be paid, but the state shall pay the costs of the proceedings and no further action shall be taken.

The commissioners shall hear evidence as to the value of the property sought to be condemned and as to the damages which will be sustained by the owner, if any, by reason of such condemnation and as to the benefits that will result to the remainder of such property belonging to such owner, if any, by reason of the condemnation of the property, and its employment for the purpose for which it is to be condemned, and according to this rule shall assess the actual damages that will accrue to the owner by such condemnation.

2. When the whole of a tract or parcel of a person's real estate is condemned, the damages to which he shall be entitled shall be the market value of the property in the market where it is located at the time of the hearing.

3. When only a portion of a tract or parcel of a person's real estate is condemned, the commissioners shall estimate the injuries sustained and the benefits received thereby by the owner; whether the remaining portion is increased or diminished in value by reason of such condemnation, and the extent of such increase or diminution and shall assess the damages accordingly.

4. sequently refiled, and where the court is advised by plaintiff in connection with any such motion that it intends to refile such case, a reasonable time for such refile shall be allowed. All orders entered hereunder are appealable.

7. The owner of the land who is actually and physically displaced and permanently moves from his dwelling or place of business shall be entitled to, as a separate item of damages, the reasonable moving expenses for personal property other than machinery, equipment, or fixtures, not to exceed \$500.00, when personal property is moved from a place of residence, and not to exceed \$5,000.00, when personal property is moved from a place of business, but the maximum distance of movement to be considered shall be fifty (50) miles. [Acts 1925, S.B. 84.]

#### Art. 3268. Damages Paid First

If the plaintiff in the condemnation proceedings should desire to enter upon and take possession of the property sought to be condemned, pending litigation, it may do so at any time after the award of the commissioners, upon the following conditions, to-wit:

1. It shall pay to the defendant the amount of damages awarded or adjudged against it by the commissioners, or deposit the same in money in court, subject to the order of the defendant, and also pay the costs awarded against it.

2. In addition thereto, it shall deposit in said court either (a) a further sum of money equal to the amount of the damages awarded by the commissioners, or (b) a surety bond in an amount equal to the amount of the damages awarded by the commissioners issued by a surety company duly qualified to do business in this State, and which shall be held, together with the award itself, should it be deposited in court instead of being paid, exclusively to secure all damages that may be awarded or adjudged against the plaintiff, and if a surety bond is deposited in lieu of money, it shall be conditioned so as to secure all damages in excess of the award of the special commissioners, that may be awarded or adjudged against the plaintiff; and it shall also execute a bond with two or more good and solvent sureties, to be approved by the judge of the court in which such condemnation proceedings are pending, conditioned for the payment of any further costs that may be adjudged against it, either in the court below or upon appeal. The State, a county, municipal corporation,

irrigation district, water improvement district or water power control district created under authority of law, shall not be required to deposit a bond or the amount equal to the award of damages by the commissioners or a surety bond in such payment, as provided in this Section 2 hereof.

If the plaintiff deposits money under alternate (a) above, such sum of money shall be deposited or invested by the court in an interest-bearing or noninterest-bearing account with, or in an interest-bearing or noninterest-bearing certificate or security issued by, any state or national bank situated in the State of Texas, as may be requested and designated by the plaintiff. The interest-accruing from such account, certificate or security, if any, shall be paid to the plaintiff.

3. Should it be determined on final decision of the case that the right to condemn the property in question does not exist, the plaintiff shall surrender possession thereof, if it has taken possession pending litigation, and the court shall so adjudge and order a writ of possession for the property in favor of the defendant, and the court may also inquire what damages, if any, have been suffered by the defendant by reason of the temporary possession of the plaintiff, and order the same paid out of the award or other money deposited; provided, that in any case where the award paid the defendant or appropriated by him exceeds the value of the property as determined by the final judgment, the court shall adjudge the excess to be returned to the plaintiff.

If the cause should be appealed from the decision of the county court, the appeal shall be governed by the law governing appeals in other cases; except the judgment of the county court shall not be suspended thereby.

[Acts 1925, S.B. 84; Acts 1931, 42nd Leg., p. 413, ch. 245, § 1; Acts 1945, 49th Leg., p. 404, ch. 259, § 1.]

[Acts 1925, S.B. 84.]

#### Art. 3271. Property Vested by Judgment

Whenever acquired as hereinbefore provided, the judgment of the court shall vest such right in the company acquiring the same.

Sec. 8. The Board shall have the authority and power to make and enforce all rules and regulations necessary for the performance of its duties, to establish standards of conduct and ethics for engineers in keeping with the purposes and intent of this Act or to insure strict compliance with and enforcement of this Act. The violation by any engineer of any provision of this Act or any rule or regulation of the Board shall be a sufficient reason or ground to suspend or revoke the certificate of registration of such engineer. In addition to any other action, proceeding or remedy authorized by law, the Board shall have the right to institute an action in its own name against any individual person to enjoin any violation of any provision of this Act or any rule or regulation of the Board and in order for the Board to sustain such action it shall not be necessary to allege or prove, either that an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation thereof. Either party to such action may appeal to the appellate court having jurisdiction of said cause. The Board shall not be required to give any appeal bond in any cause arising under this Act. The Attorney General shall represent the Board in all actions and proceedings to enforce the provisions of this Act.

**Defenses in Proceedings for Injunction**

Sec. 8a. In any proceeding for injunction as provided in Section 8 above the defendant

may assert and prove as a complete defense to such action that he was deprived of certification by the Board by action or proceedings of the Board which were

- (1) arbitrary or capricious
- (2) contrary to legal requirements
- (3) conducted without due process of law.

#### Receipts and Disbursements

Sec. 9. The Secretary of the Board shall receive and account for all moneys derived under the provisions of this Act, and shall pay the same weekly to the State Treasurer who shall keep such moneys in a separate fund to be known as the "Professional Engineers' Fund". Such fund shall be paid out only by warrant of the State Comptroller upon the State Treasurer, upon itemized vouchers, approved by the Chairman and attested by the Secretary of the Board. All moneys in the "Professional Engineers' Fund" are hereby specifically appropriated for the use of the Board in the administration of this Act. The Secretary of the Board shall give a surety bond to the Governor of the State of Texas in the sum of Two Thousand Five Hundred (\$2,500.00) Dollars. The premium on said bond shall be paid out of the "Professional Engineers' Fund". The Secretary of the Board shall receive such salary as the Board shall determine in addition to the compensation and expenses provided for in this Act. The Board shall employ such clerical or other assistants as are necessary for the proper performance of its work, and may make expenditures of this fund for any purpose which in the opinion of the Board is reasonably necessary for the proper performance of its duties under this Act. Under no circumstances shall the total amount of warrants issued by the State Comptroller in payment of the expenses and compensation provided for in this Act exceed the amount of the "Professional Engineers' Fund". Provided further, that the salaries paid herein shall not be in excess of salaries paid for similar work in other departments.

#### Records and Reports

Sec. 10. The Board shall keep a record of its proceedings and register of all applications for registration, which register shall show (a) the name, age and residence of each applicant; (b) the date of the application; (c) the place of business of such applicant; (d) his educational and other qualifications; (e) whether or not an examination was required; (f) whether the applicant was rejected; (g) whether a certificate of registration was granted; (h) the date of the action of the Board; and (i) such other information as may be deemed necessary by the Board.

The records of the Board shall be available to the public at all times and shall be prima facie evidence of the proceedings of the Board set forth therein, and a transcript thereof, duly certified by the Secretary of the Board under

seal, shall be admissible in evidence with the same force and effect as if the original was produced.

Annually, as of August 31st, the Board shall submit to the Governor a report of its transaction of the preceding year, and shall also transmit to him a complete statement of the receipts and expenditures of the Board, attested by affidavits of its Chairman and its Secretary.

#### Roster of Registered Engineers

Sec. 11. A roster showing the names and places of business of all registered professional engineers shall be prepared by the Secretary of the Board during the month of July of each year, commencing with the month of July, 1938. Copies of this roster shall be mailed to each person so registered, placed on file with the Secretary of State, and furnished to the public upon request.

#### General Requirements for Registration

Sec. 12. The following shall be considered as minimum evidence satisfactory to the Board that the applicant is qualified for registration as a professional engineer, to-wit:

(a) Graduation from an approved course in engineering of four (4) years or more in a recognized school or college approved by the Board as of satisfactory standing, and a specific record of an additional four (4) years or more of active practice in engineering work, of a character satisfactory to the Board, indicating that the applicant is competent to be placed in responsible charge of such work; or

(b) Successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation from an approved four (4) years engineering course; and a specific record of at least eight (8) years of active practice in engineering work of a character satisfactory to the Board and indicating that the applicant is competent to be placed in responsible charge of such work.

(c) At any time within five (5) years after this Act becomes effective the Board may accept as evidence that the applicant is qualified for registration as a professional engineer a specific record of twelve (12) years or more of active practice in engineering work of a character satisfactory to the Board and indicating that the applicant is qualified to design, to operate, or to supervise construction of engineering work and has had responsible charge of important engineering work for at least five (5) years and provided applicant is not less than thirty-five (35) years of age, and was not practicing professional engineering at the time this Act becomes effective.

(d) After this Act shall have been in effect five (5) years, the Board shall issue

certificates of registration only to those applicants who meet the requirements of Section 12, (a), or (b), or Section 21.

(e) Provided, that no person shall be eligible for registration as a professional engineer who is not of good character and reputation; and provided further, that any engineer licensed under this Act shall be eligible to hold any appointive engineering position with the State of Texas.

(f) In considering the qualifications of applicants, responsible charge of engineering teaching may be construed as responsible charge of engineering work. The satisfactory completion of each year of an approved course in engineering in a school or college approved by the Board as of satisfactory standing, without graduation, shall be considered as equivalent to a year of active practice. Graduation in a course other than engineering from a college or university of recognized standing shall be considered as equivalent to two (2) years of active practice; provided, however, that no applicant shall receive credit for more than four (4) years of active practice because of educational qualifications. The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as foreman or superintendent shall not be deemed to be active practice in engineering work.

(g) Any person having the necessary qualifications prescribed in this Act to entitle him to registration shall be eligible for such registration though he may not be practicing at the time of making his application.

#### Certification of Engineer-in-Training

Sec. 12a. (a) The term "Engineer-in-Training," as used in this Section shall mean a person who complies with the requirements for education, experience and character, and has passed an examination in the fundamental engineering subjects, as provided in Sections 12 and 14 of this Act.

(b) The following shall be considered as minimum evidence that the applicant is qualified for certification as an Engineer-in-Training:

(1) A graduate of an approved engineering curriculum of four (4) years or more who has passed the Board's eight (8) hour written examination in the fundamentals of engineering shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified; or

(2) An applicant having a high school education and a specific record of eight (8) or more years of experience in engineering work of a grade and character satisfactory to the Board, who passes the Board's eight (8) hour written examination in the fundamentals of engineering shall be certified or enrolled as an Engi-

neer-in-Training, if he is otherwise qualified.

(c) The fee for Engineer-in-Training certification or enrollment shall be established by the Board in an amount not to exceed Ten Dollars (\$10), and shall accompany the application. This fee may be credited toward the Twenty-five Dollars (\$25) necessary for registration.

(d) The certification or enrollment of an Engineer-in-Training shall be valid for a period of twelve (12) years.

#### Applications and Registration Fees

Sec. 13. Applications for registration shall be on forms prescribed and furnished by the Board, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be engineers having personal knowledge of his engineering experience.

The registration fee for professional engineers shall be Twenty-five (\$25.00) Dollars, Fifteen (\$15.00) Dollars of which shall accompany the application, the remaining Ten (\$10.00) Dollars to be paid upon issuance of certificate. When a certificate of qualification issued by the National Bureau of Engineering Registration is accepted as evidence of qualification, the total fee for registration as professional engineer shall be Ten (\$10.00) Dollars.

#### Examinations

Sec. 14. When oral or written examinations are required, they shall be held at such time and place as the Board shall determine. The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability to design and supervise engineering works, which shall insure the safety of life, health, and property. Examinations shall be given for the purpose of determining the qualifications of applicants for registration in professional engineering. A candidate failing on examination may apply for re-examination at the expiration of six (6) months and will be re-examined without payment of additional fees. Re-examination may be granted at any time upon payment of a fee to be determined by the Board.

#### Certificates, Seals

Sec. 15. The Board shall issue a certificate of registration upon payment of registration fee as provided for in this Act, to any applicant, who, in the opinion of the Board, has satisfactorily met all the requirements of this Act. In case of a registered engineer, the certificate shall authorize the practice of professional engineering. Certificates of registration shall show the full name of the registrant, shall have a serial number, and shall be signed by the Chairman and the Secretary of the Board under seal of the Board. The issuance of a certificate of registration by this Board shall be evidence that the person named there-

in is entitled to all rights and privileges of a registered professional engineer, while the said certificate remains unrevoked or unexpired.

Each registrant hereunder shall upon registration obtain a seal of the design authorized by the Board, bearing the registrant's name and the legend "Registered Professional Engineer". Plans, specifications, plats, and reports issued by a registrant shall be stamped with the said seal when filed with public authorities, during the life of the registrant's certificate, but it shall be unlawful for any one to stamp or seal any documents with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or reissued.

#### Expirations and Renewals

Sec. 16. Certificates of registration shall expire on the December 31st following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the Secretary of the Board to notify every person registered under this Act of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be affected at any time during the month of December by the payment of a renewal fee not to exceed Ten Dollars (\$10.00). The Board is hereby given authority and duty to determine the amount of such renewal fee required to effectively carry out the administration and enforcement of all the provisions of this Act for each coming year on or before December 1st of each year. Failure on the part of any registered engineer to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten per cent (10%) for each month or fraction of a month that renewal payment is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fee.

#### Expiration Dates of Certificates of Registration; Proration of Fees

Sec. 16.1. The board by rule may adopt a system under which certificates of registration expire on various dates during the year, and the dates for reinstatement shall be adjusted accordingly. For the year in which the expiration date is changed, certificate renewal fees payable on December 31 shall be prorated on a monthly basis so that each certificate holder shall pay only that portion of the certificate renewal fee which is allocable to the number of months during which the certificate is valid. On renewal of the certificate on the new expiration date, the total certificate renewal fee is payable.

#### Firms, Partnerships, Corporations and Joint Stock Associations

Sec. 17. A firm, or a co-partnership, or a corporation, or a joint stock association may engage in the practice of professional engineering in this State, provided such practice is carried on by only professional engineers registered in this State.

Sec. 18. No firm, partnership, association, corporation or other business entity shall hold itself out to the public or any member thereof as being engaged in the practice of engineering under any assumed, trade, business, partnership or corporate name or employ, use, cause to be used or make use of in any manner whatsoever any such words or terms as "engineer," "engineering," "engineering services," "engineering company," "engineering, inc.," "professional engineers," "licensed engineer," "registered engineer," "licensed professional engineer," "registered professional engineer," "engineered," or any combinations, abbreviations or variations thereof, or in combination with any other words, letters, initials, signs or symbols on, in or as a part of, directly or indirectly, any sign, directory, listing, contract, document, pamphlet, stationery, letterhead, advertisement, signature, trade name, assumed name, corporate or other business name unless such firm, partnership, association, corporation or other business entity is actually and actively engaged in the practice of engineering or offering engineering services to the public, and any and all services, work, acts or things performed or done by it which constitute any part of the practice of engineering are either personally performed or done by a registered engineer or under the responsible supervision of a registered engineer.

#### Public Work

Sec. 19. After the first day of January, 1938, it shall be unlawful for this State, or for any of its political subdivisions, for any county, city, or town, to engage in the construction of any public work involving professional engineering, where public health, public welfare or public safety is involved, unless the engineering plans and specifications and estimates have been prepared by, and the engineering construction is to be executed under the direct supervision of a registered professional engineer; provided, that nothing in this Act shall be held to apply to any public work wherein the contemplated expenditure for the completed project does not exceed Three Thousand (\$3,000.00) Dollars. Provided, that this Act shall not apply to any road maintenance or betterment work undertaken by the County Commissioners' Court.

#### Reciprocity

Sec. 21. The Board may, upon application therefor, and the payment of a fee of Ten (\$10.00) Dollars, issue a certificate of registration as a professional engineer to any person who holds a certificate of qualification or registration issued to him by proper authority of the National Council of State Boards of Engineering Examiners, or of the National Bureau of Engineering Registration, or of any state or territory or possession of the United States, or any country provided that the requirements for the registration of professional engineers under which said certificate of qualification or registration was issued do not conflict with the provisions of this Act and are of a standard not lower than that specified in Section 12 of this Act.

#### Revocations and Re-issuances of Certificates

Sec. 22. The Board shall have the power to revoke the certificate of registration of any registrant who is found guilty of:

(a) The practice of any fraud or deceit in obtaining a certificate of registration;

(b) Any gross negligence, incompetency, or misconduct in the practice of professional engineering as a registered professional engineer.

In determining any such charges the Board shall proceed upon sworn information furnished it by any reliable resident of this State; such information shall be in writing and shall be duly verified by the person familiar with the facts therein charged, and three (3) copies of the same shall be filed with the Secretary of the Board. Upon receipt of such information the Board, if it deems the information sufficient to support further action on its part, shall make an order setting the charges therein contained for hearing at a specified time and place, and the Secretary of the Board shall cause a copy of the Board's order and of the information to be served upon the accused at least thirty (30) days before the date appointed in the order for the hearing. The accused may appear in person or by counsel, or both, at the time and place named in the order and make his defense to the same. If the accused fails or refuses to appear, the Board may proceed to hear and determine the charges in his absence. If the accused pleads guilty, or upon a hearing of the charges the Board and a majority of its members shall find them to be true, it may enter an order revoking the certificate of registration of such registered professional engineer. The Board shall have the power, through its Chairman or Secretary, to administer oaths and compel the attendance of witnesses before it as in civil cases in the district court by subpoena issued over the signature of the Secretary and seal of the Board. If the accused desires the evidence to be preserved and shall so inform the Board before the hearing is begun and shall deposit with the Board such a sum of money as the Board may deem reasonably necessary for the employment of a stenographer, then the Board shall employ such stenographer and when so employed he shall be the official stenographer of the Board for the purpose of reporting the evidence and proceedings of such Board. In proceedings under this section, as under others, a majority of the Board shall constitute a quorum.

When the Board has completed such hearing it shall make a record of its findings and order and shall cause a certified copy thereof to be forwarded to the accused.

Any person who may feel himself aggrieved by reason of the revocation of his certificate of registration by the Board, as hereinabove authorized, shall have the right to file suit within thirty (30) days after receiving notice of the Board's order revoking his certificate of registration, in the district court of the county of his residence, or of the county in which the al-

leged offense relied upon as grounds for revocation took place, to annul or vacate the order of the Board revoking the certificate of registration. Said suit shall be filed against the Board as defendant, and service of process may be had upon its Chairman or Secretary. The suit shall be tried as other civil causes, the burden of proof devolving upon the plaintiff assailing the order of revocation.

The Board, for reasons it may deem sufficient, may re-issue a certificate of registration to any person whose certificate has been revoked, provided four (4) or more members of the Board vote in favor of such re-issuance. A new certificate of registration, to replace any certificate revoked, lost, destroyed, or mutilated, may be issued, subject to the rules of the Board, and a charge of Three (\$3.00) Dollars shall be made for such issuance.

#### Violations and Penalties

Sec. 23. Each day of such violation shall be a separate offense.

The Board is charged with the duty of aiding in the enforcement of the provisions of this Act, and any member of the Board may present to a prosecuting officer complaints relating to violations of any of the provisions of this Act;

and the Board through its members, officers, counsel and agents may assist in the trial of any cases involving alleged violation of said statutes, subject to the control of the prosecuting officers.

The Attorney General or his assistants shall act as legal adviser of the Board and shall render such legal assistance as may be necessary in enforcing and making effective the provisions of this Act; provided that this shall not relieve the local prosecuting officers of any of their duties under the law as such.

#### Invalid Portions

Sec. 24. If any article, section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and such section, subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

#### Repeal of Conflicting Legislation with Proviso

Sec. 25. All laws or parts of laws in conflict with the provisions of this Act shall be and the same are hereby repealed. Provided, however, that this Act shall not be construed as repealing or amending any law affecting or regulating licensed state land surveyors; and such licensed state land surveyors in performing their duties as such shall not be subject to the provisions of this Act; nor shall this Act be construed to affect or prevent the practice of any other legally recognized profession by the members of such profession licensed by the State or under its authority.

(a) The name, if known, and last known address, if any, of each person appearing from the records of the holder to be the owner of the property reported; or the name and address, if known, of any person who may be entitled to such property; together with a brief description of the property, which in the case of deposits, shall disclose the total balance. If any deductions have been made therefrom by the holder for service, maintenance, or other charges, they shall be disclosed unless such deductions have been fully restored in the total amount reported as provided in subsection (d) below.

(b) In case of unclaimed funds of life insurance corporations, the full name of the insured beneficiary or annuitant and his last known address according to the life insurance corporation's records.

Since the State upon escheat is entitled to all rights of the former owner, in the case of dormant deposits or accounts on which deductions for service, maintenance, or other

charges would be restored under the policy or procedures of the holder upon request by the owner, such deposits or accounts shall be reported and shall be subject to escheat hereunder in the same amount to which the former owner would be entitled upon such request; and

(e) Other information which may be prescribed by rule of the State Treasurer as necessary for the administration of this Article.

(f) The verification under oath at the conclusion of the report shall include the following language:

"The foregoing report contains a full and complete list of all personal property held by the undersigned for which, from the knowledge and records of the undersigned, it appears that the existence and whereabouts of the owner are unknown and have been unknown for more than seven (7) years and on which no claim or act of ownership has been asserted or exercised during the past seven (7) years and on which no will of the last known owner has been recorded or probated in the county where the property is situated within the past seven (7) years."

(g) Verification, if made by a partnership, shall be executed by a partner; if made by an unincorporated association or private corporation, by an officer; and if made by a public corporation, by its chief fiscal officer.

(a) Within sixty (60) days after the date in which the reports specified in Section 2 are received, the State Treasurer shall mail a notice thereof, as hereinafter described, to the Sheriff of the county of the domicile or principal place of business of the holder so reporting. The notice to the Sheriff shall be entitled "Notice of Names of Persons Appearing to be Owners of Abandoned Property," and shall contain:

(1) The names in alphabetical order and the last known addresses, if any, of persons listed in the report and entitled to notice as hereinbefore specified; and

(2) A statement that information concerning the amount and description of the property and the name and address of the holder may be obtained by any persons possessing or claiming an interest in the property by addressing an inquiry to the holder so reporting. Within ten (10) days after receipt of said notice, it shall be the duty of the Sheriff to post it on the courthouse door or the courthouse bulletin board, where it shall remain posted for a period of not less than thirty (30) days. Thereafter the Sheriff shall return the notice to the State Treasurer with his certificate showing the date and time of posting required by this Section.

(b) Within 120 days from the filing of the report specified in Section 2, the State Treasurer shall cause notice to be published in an English language newspaper of general circulation in the county in this State in which is located the last known address of any person to be named in the notice. If no address is listed or if the address is outside this State, the notice shall be published in the county in which the holder of the abandoned property has his principal place of business or registered office or agent for service within this State.

(c) The published notice shall be entitled "Notice of Names of Persons Appearing to be Owners of Abandoned Property" and shall contain:

(1) The names in alphabetical order and last known addresses, if any, of persons listed in the report and entitled to notice within the county as hereinbefore specified.

(2) A statement that information concerning the amount or description of the property and the name and address of the holder may be obtained by any person possessing an interest in the property by addressing an inquiry to the State Treasurer.

(3) A statement that if proof of claim is not presented by the owner to the holder and if the owner's right to receive the property is not established to the holder's satisfaction within 60 days from the date of the published notice, then not later than 90 days after such publication date the property will be deemed abandoned and escheated to the State and will be placed in the custody of the State Treasurer to whom all further claims must thereafter be directed.

(d) The State Treasurer is not required to publish in such notice any item which is not in excess of Fifty Dollars (\$50) unless he deems such publication to be in the public interest.

(e) Within 120 days from the receipt of the report specified in Section 2, the State Treasurer shall mail a notice to each person having an address listed therein, who appears to be entitled to property of the value of more than Fifty Dollars (\$50) which is reported under this Article.

(f) The mailed notice shall contain:

(1) A statement that, according to a report filed with the State Treasurer, property is being held to which the addressee appears entitled.

(2) The name and address of the person holding the property and any necessary information regarding changes of name and address of the holder.

(3) A statement that, if satisfactory proof of claim is not presented by the owner to the holder by the date specified in the published notice, the property will be placed in the custody of the State Treasurer,

er, to whom all further claims must be directed.

(g) The fact that the publication and mailing of the notice required by this Section does not occur within the specified 120 day period shall not affect the right of the owner to claim the property from the holder within 60 days after the date the required notice is published or the duty of the holder to deliver such property to the State Treasurer within 90 days after the date the required notice is published.

#### Payment or Delivery of Abandoned Property

Sec. 4. (a) All personal property reported under the provisions of this Article remaining unclaimed at the expiration of ninety (90) days from the date of publication of the notice required by Section 3 or, if no publication is required, at the expiration of 120 days from the date the report was filed, shall be deemed to be abandoned and shall escheat to the State of Texas.

(b) At the expiration of ninety (90) days from the date of publication of the notice required by Section 3 or, if no publication is required, at the expiration of 120 days from the date the report was filed, every person who has filed a report under this Article shall pay or deliver to the custody of the State Treasurer all property contained in such report which is deemed to be abandoned and escheated to the State, except that, if the owner establishes his right to receive the abandoned property to the satisfaction of the holder within the time specified in Section 3, or if it appears that for some other reason the presumption of abandonment is erroneous, the holder need not pay or deliver the property, which will no longer be presumed abandoned, to the State Treasurer, but in lieu thereof shall file a verified written explanation of the proof of claim or of the error in the presumption of abandonment.

(c) Upon the payment or delivery of abandoned property to the State Treasurer, the State shall assume custody and shall be responsible for the safekeeping thereof. Any person who pays or delivers abandoned property to the State Treasurer under this Article is relieved of all liability to the extent of the value of the property so paid or delivered for any claim which then exists or which thereafter may arise or be made in respect to the property.

(d) In the event that any person fails or refuses to deliver property to the State Treasurer as required by this Section, the Attorney General shall, upon the relation of the State Treasurer, bring an action in the name of the State of Texas to compel delivery of such property. Venue for such suits shall be in any District Court of Travis County, Texas. The fact that such suit may seek to compel the delivery of property from several different holders shall not be grounds for objections as to misjoinder of parties or causes of action. In such suits it shall be shown that the notice required by Section 3 has been given, and the verified report of the holder, unless rebutted, shall, when in-

troduced into evidence, constitute sufficient evidence that such property is abandoned and has escheated and for entry of judgment transferring such property to the State Treasurer.

#### Sale of Abandoned Property

Sec. 5. (a) All abandoned property other than money delivered to the State Treasurer under this Article which has been escheated and the title thereto vested in the State of Texas shall be sold by the State Treasurer to the highest bidder at public sale in whatever city in the State in his judgment affords the most favorable market for the property involved. The State Treasurer may decline the highest bid and reoffer such property for sale if he considers such bid insufficient. He need not offer any property for sale, if, in his opinion, the probable cost of sale is in excess of the value of the property.

(b) Any sale held under this Section shall be preceded by a single publication of notice thereof at least three (3) weeks in advance of sale in an English language newspaper of general circulation in the county where the property is to be sold, which shall be paid for at the rate provided in Article 29, Vernon's Civil Statutes.

(c) The purchaser at any sale conducted by the State Treasurer pursuant to this Section, shall receive title to the property purchased, free from all claims of the owner or prior holder thereof, and of all persons claiming through or under them. The State Treasurer shall execute all documents necessary to complete the transfer of title.

Provided that any such person claiming an interest in money which has been paid to the State Treasurer by any insurance company may file his claim to such property with the insurance company where such money was originally deposited, which claim shall be filed on forms and through procedures prescribed by the State Treasurer. Upon approval of any such claim the insurance company shall pay the amount of any such claim. Any insurance company paying such a claim may file a claim for reimbursement as provided for in Section 7 of this Act.

(b) The State Treasurer and the Attorney General may hold a hearing and receive evidence concerning any claim filed under the provisions of Section 6 of this Article. If a hearing is deemed necessary in order to determine a claimant's right to receive funds which have escheated to the State, a finding and a decision in writing on each claim filed, stating the substance of the evidence heard and the reasons for such decision, shall be signed by both the State Treasurer and the Attorney General, and shall be a public record. If the claim is allowed as a valid, just and equitable one in the discretion of the above-mentioned officers, it shall be approved and signed by both officers.

(c) If the claim is for money which has been declared abandoned and escheated under the provisions of Section 4 of this Article, and the claim has been allowed, approved, and signed as provided herein, the claim shall be paid by the State Treasurer from the Escheat Expense and Reimbursement Fund. If the claim is for personal property other than money which has been declared to be abandoned and escheated under the provisions of Section 4 of this Article, and the property has not been sold by the State Treasurer as provided in Section 5 of this Article, the State Treasurer shall promptly deliver such property to the claimant. If such property has been sold, as provided in Section 5 of this Article, the full amount of the claim shall be paid to the claimant without deduction for costs of administration, service charges, or notices of any kind whatsoever.

#### Judicial Action Upon Determination of Claims

Sec. 8. (a) Any person aggrieved by a decision of a claim under the provisions set forth in Section 6 or Section 7 or as to whose claim a final decision has been rendered within ninety (90) days after filing same, may appeal within sixty (60) days from the date of the decision rendered or the lapse of ninety (90) days as the case may be.

(b) The appeal proceeding shall be commenced in any District Court in Travis County, Texas, or in any District Court of Texas in the county wherein the funds claimed were on deposit. The action shall be tried de novo and in

(a) Personal property reported under this Article prior to the effective date of this Act, and which is not the present subject of a judicial proceeding to declare such property abandoned and escheated, shall, upon the giving of the notice required by Section 3 as hereby amended, be paid or delivered to the State Treasurer in accordance with Section 4 as hereby amended. Provided that, if the notice specified in Section 3(a) has heretofore been given it shall not be necessary to give such notice again.

(b) In any pending judicial proceeding to declare the abandonment and escheat of personal property reported under this Article prior to the effective date of this amendment, the defendant holder of such property may pay or deliver same to the custody of the State Treasurer. Provided that the citation by publication made at the institution of such judicial proceeding shall be deemed to be in lieu of any notice required to be given under Section 3(b) or 3(e). Upon the certification by the State Treasurer of such delivery, the Attorney General shall move to dismiss such defendant holder from the court action.

(c) In those instances where a defendant shall fail or refuse to comply with Subsection (b) of this Section, the court action then pending shall be considered to be an action to compel delivery of the abandoned and escheated property to the custody of the State Treasurer. <sup>1</sup> Sections 3 and 4(d) of this article.

**Art. 3272b. Duties of Depositories of Dormant or Inactive Accounts**

**Duty; Definitions**

Sec. 1. Every depository holding dormant deposits or inactive accounts of depositors or owners whose existence and whereabouts are unknown to the depository, shall preserve intact the deposits and accounts so long as they remain in a dormant or inactive status.

a. The term "depository" as used in this Article means any bank, savings and loan association, banking institution or organization which receives and holds for others deposits of money or its equivalent in banking practice or other personal property in this State, or in other States for residents last known to have resided in this State.

b. The terms "dormant deposits" and "inactive accounts" mean those demand, savings, or other deposits of money or its equivalent in banking practice, including but not limited to sums due on certified checks, dividends, notes, accrued interest, or other evidences of indebtedness, held by a depository for repayment to the depositor or creditor, or his order, which on or after the effective date of this Article have continuously remained inactive for a period of more than one (1) year without credit or debit whatsoever through the act of the depositor, either in person or through an authorized agent other than the depository itself. "Dormant deposits" and "inactive accounts" lose their status as such when a deposit is made by the depositor, or a check is drawn or withdrawal is made therefrom by such depositor, either in person or through an authorized agent other than the depository itself.

**Conversion or Reduction Prohibited**

Sec. 2. It shall be unlawful for any depository to transfer, convert or reduce any dormant deposit or inactive account to the profits or assets of the depository, either through book transfer, assessments, service charges or any other procedure so long as the deposit or account remains in a dormant or inactive status. This shall not apply to the charges hereinafter specifically authorized for efforts to locate the depositors.

**Advertising for Owners**

Sec. 3. When, on or after the effective date of this Article, dormant deposits or inactive accounts have remained in such condition for

more than seven (7) years, and the depository does not know the whereabouts of the depositors or any owners thereof, the depository, during the first month of May following the seven (7) year period, shall cause to be published once in a newspaper, published in the city or county in which the depository is located, a notice entitled "Notice of the names of persons appearing as the owners of unclaimed amounts held by (name and address of depository)" which shall list the names, in alphabetical order, and the last known address, if any, of such missing depositors, but not the amounts of such deposits. Newspapers eligible for such publications shall be those defined in Section 2 of Article 28a, Revised Civil Statutes of Texas, 1925, as amended, and if no such newspaper is published in the county of a depository, publication shall be made in a newspaper published in an adjoining county.

Annually thereafter during the month of May of each year the depository shall again publish in like manner the names of such depositors or creditors whose deposits or accounts have not been reported and delivered to the State in accordance with Section 4 hereof, if the whereabouts of any owner thereof still remains unknown to the depository and their deposits or accounts still remain in a dormant or inactive status as herein defined.

Each of such publications shall state that the unclaimed amounts will be paid upon proof of ownership at the office of the depository within nine (9) months, and that if unclaimed thereafter they may be subject to report to and conservation by the State Treasurer in accordance with Article 3272b. Duplicate copies of each publication shall be mailed to the State Treasurer together with sworn proof of publication, and the publication thereof shall constitute notice on the part of the depository and the State that the listed deposits or accounts may be subject to the provisions of this Article. The depository shall certify under oath of the subscribing officer that the attached list is a full and complete list of the names of all depositors and creditors for whom dormant deposits or inactive accounts have been held for more than seven (7) years and whose existence and whereabouts are unknown to the depository, and that such listed depositors and creditors have not asserted any claim or exercised any act of ownership with respect to their deposits or accounts during the past seven (7) years.

Newspapers shall charge for such publications not to exceed the rate for legal notice publications fixed in Article 29, Revised Civil Statutes of Texas, 1925, as amended. The amount paid to a newspaper for such publications may be charged equally against the accounts owing to the persons whose names are published.

#### Report to State Treasurer

Sec. 4. On or before May 1st of the year following the first publication required by this Article, the depository shall submit in dupli-

cate copies a report to the State Treasurer listing the names of all such depositors or creditors whose names were published, whose whereabouts and the whereabouts of any owner of such deposit or credit still remain unknown, and each of whose deposits or accounts are Twenty-five Dollars (\$25) or less and still remain in a dormant or inactive status. Under the same conditions the depository may include in the report the same information with respect to any deposit or account in excess of Twenty-five Dollars (\$25) if it should conclude that further cost and effort to locate the depositor or creditor would be unwarranted. Such report shall set forth in alphabetical order the name and last known address of the depositor or creditor, the date and amount appearing to be due each depositor or creditor when the account first became dormant or inactive, or on January 1, 1959, whichever date is later, the amount credited to such account at the time of the report, the date of the last transaction with the depositor or creditor, and its identification number, if any. If the amount then credited to an account is less than the amount of the initial dormant deposit or inactive account, except for its share of publication costs, the reason for such reduction shall be stated.

The subscribing officer shall certify under oath that the report is a complete and correct statement of all dormant deposits and inactive accounts held by the depository subject to the reporting provisions of Section 4 of Article 3272b; that the existence and whereabouts of the listed depositors or creditors are unknown to the depository; and that the listed depositors or creditors have not asserted any claim or exercised any act of ownership with respect to the reported accounts during the past seven (7) years.

Together with the foregoing report, the depository shall deliver to the State Treasurer a sum equal to the total amount of the accounts listed in the report, and the State Treasurer shall sign a receipt therefor and shall assume custody thereof. The State shall be responsible for the safekeeping thereof, and any depository delivering such deposits or accounts to the State Treasurer under this Act is relieved of all liability for any claim which then exists or which may thereafter arise or be made in respect to the property.

The depository shall also attach a list certified under oath of the subscribing officer of the names of the depositors and creditors of all other dormant deposits or inactive accounts in excess of Twenty-five Dollars (\$25) which were advertised under Section 3 hereof, but which have been retained by the depository for further advertising, and the depository shall be responsible for the safekeeping thereof until such sums are finally delivered to the owners or to the State Treasurer under Section 4 of this Article, or until otherwise directed by escheat proceedings filed under other Articles of this Title.

#### State Conservator Fund

Sec. 5. All funds received by the State Treasurer under the provisions of this Article or from the escheat of any deposit, credit, account or other property held by any bank or other institution covered by Section 1(a) hereof shall be deposited into a separate fund to be known as the "State Conservator Fund," from which there shall be set aside and maintained a revolving expense fund of Twenty-five Thousand Dollars (\$25,000) for the purpose of paying expenses incurred by the State Treasurer in the enforcement of the provisions of this Article, including the expense of publications, forms, notices, examinations, travel, and employment of necessary personnel; and thereafter any amounts remaining unpaid to owners shall be transferred to the Available School Fund; provided that the State Conservator Fund shall never be reduced below Two Hundred and Fifty Thousand Dollars (\$250,000). This sum shall remain available for payments to those who may at any time in the future establish their ownership or right as herein provided to any deposit or account delivered to the State Treasurer under this Act. The moneys in such fund over Fifty Thousand Dollars (\$50,000) shall be invested from time to time by the State Treasurer in investments which are approved by law for the investment of any State funds, and the income thereof shall be and become a part of the said State Conservator Fund. The expense fund of Twenty-five Thousand Dollars (\$25,000) is hereby appropriated to the State Treasurer for the purposes above stated for the biennium ending August 31, 1963.

The State Banking Commissioner shall transfer to the State Treasurer for deposit in the State Conservator Fund all dormant deposits and other funds formerly owned by or deposited in liquidated depositories which have been held by the Commissioner for more than twenty (20) years and of which the whereabouts of the depositors, creditors or owners have been unknown to him for more than twenty (20) years. Upon delivery, together with a certificate of such facts under oath of the State Banking Commissioner, the funds shall be subject to conservation and disposition under the terms of this Article. The State Banking Commissioner shall deliver to the State Treasurer a record of the names of the liquidated depositories, and the names and last known addresses of the depositors and creditors and the amounts of the deposits, credits, or other funds.

The State Treasurer shall keep a record of the name and last known address of each depositor or creditor listed on the depository reports and the amount of each depositor account. The record shall be available for inspection at all reasonable business hours by anyone satisfying the State Treasurer that he has an interest or possible interest therein.

#### Future Claims of Owners

Sec. 6. Any person claiming an interest in any property delivered to the State and depos-

ited in the State Conservator Fund may file a claim thereto and receive payment thereof from the State Conservator Fund by following the procedures set out in Sections 6 and 7 of Article 3272a. All of such claims, determinations thereof, and all other rights, fees, procedures, and actions with respect thereto, shall be governed by and conducted in accordance with the applicable provisions of Sections 6, 7 and 8 of Article 3272a, the same as if the delivery of funds had been made to the State Treasurer under that Article, except that payments to owners shall be made from the State Conservator Fund.

Provided, however, that any person claiming an interest in money which has been paid to the State Treasurer by a depository under this Article may file his claim with the depository, which claim shall be filed on forms and through procedures prescribed by the State Treasurer. If the depository finds in good faith that such claim is valid, the depository may pay the same, and if the amount is One Hundred Dollars (\$100) or less, the State Treasurer shall reimburse the depository upon receipt of a written statement subscribed and sworn to by an officer of the depository, listing the name and address of the person to whom payment was made and stating that the depository believes in good faith that such claim was and is valid. If the amount is in excess of One Hundred Dollars (\$100), the claim and any supporting affidavit or evidence thereof shall be examined, approved, and signed by the State Treasurer and the Attorney General, after which reimbursement shall be made to the depository. Any such reimbursements shall be made by the State Treasurer out of the State Conservator Fund.

#### Presumption

Sec. 7. Any person or persons who shall have dormant deposits or inactive accounts held by any depository for seven (7) years or more, whose existence and whereabouts are reported under oath to be unknown to the depository after advertising therefor, and who shall not have asserted any claim thereto or exercised any act of ownership thereof for a period of seven (7) years, shall be presumed, unless shown to the contrary, to have died intestate and without heirs. The sworn report of any depository filed under this Article or any evidence thereof adduced under oath shall constitute prima facie evidence of the facts stated therein.

#### Rules and Regulations

Sec. 8. The State Treasurer is hereby authorized to make necessary rules and regulations to carry out the provisions of this Act, provided such rules and regulations shall not become operative until and unless they have been filed with the Secretary of State as provided by law. The State Treasurer is hereby authorized to examine the records of any depository to determine that this law is being complied with.

## Penalties

Sec. 9. Every instrument of writing which is permitted or required by law to be recorded in the office of the clerk of the County Court, and which has been, or hereafter may be, so record-

ed, after being proved or acknowledged in the manner provided by the laws of this state in force at the time of its registration, or at the time it was proved or acknowledged, or every instrument which has been, or hereafter may be, actually recorded for a period of 10 years in the book used by said clerk for the recording of such instruments, whether executed, proved or acknowledged in such manner or not, shall be admitted as evidence in any suit in this State without the necessity of proving its execution, provided, no claim adverse or inconsistent to the one evidenced by such instrument shall have been asserted during that 10 years; provided, that the party to give such instrument in evidence shall file the same among the papers of the suit in which he proposes to use it at least three days before the commencement of the trial of such suit, and give notice of such filing to the opposite party, or his attorney of record; and unless such opposite party, or some other person for him, shall, within three days before the trial of the cause, file an affidavit stating that he believes such instrument of writing to be forged. And after such instrument shall have been actually recorded as herein provided for a period of 10 years, it shall be no objection to the admission of same, or a certified copy thereof, as evidence that it has not been signed by the proper officer of any corporation; or that the corporate seal of the corporation has not been impressed on such instrument; or that the record does not show such corporate seal; or that the record does not show authority therefor by the Board of Directors and stockholders (or either of them) of a corporation; or that such instrument was executed and delivered by a corporation which had been dissolved or whose charter had expired, or whose corporate franchise had been canceled, withdrawn or forfeited; or that the executor, administrator, guardian, assignee, receiver, Master in Chancery, agent, or trustee or other agency mentioned in such instrument, signed or acknowledged the same individually instead of in his representative or official capacity; or that such instrument is executed by a trustee without record of Judicial or other ascertainment of the authority of such trustee or of the verity of the facts therein recited; or that the officer taking the acknowledgment of such instrument having an official seal did not affix the same to the certificate of acknowledgment; or that the notarial seal is not shown of record; or that the wording of the consideration may or might create an implied lien in favor of grantor, (By this is not meant an express vendor's lien retained); and said instrument shall be given the same effect as if it were not so defective; provided that this Act shall be cumulative of all other laws on this

subject; and provided that if any portion of this Act be declared unconstitutional the remaining portion shall not be affected thereby and shall remain in full force and effect.

#### Art. 3727. Old Record Books Declared Valid

All volumes constituting a portion of the records of any county organized prior to January 1, 1882, wherein are recorded deeds, mortgages or trust deeds, or other muniments of title to real estate situated in such county, which volumes and records are now and have been constantly among the archives of such county, as records thereof, shall be in all respects lawful and valid records of such counties respectively, for all purposes whatsoever relating to titles to real estate, as effectively as if such books and records were originally records of such counties, respectively, and as fully and completely as if such counties had been duly organized at the dates of the filing for record of the instruments recorded therein, as shown therein. Certified copies of the instruments recorded in said volumes, made in accordance with law, shall have the force and effect that certified copies of original records have in organized counties, and same may be used for all purposes lawful for certified copies of original records in ordinary cases in organized counties.

[Acts 1925, S.B. 84.]

#### Art. 3728. Copies of Transcribed Records

Where a county has been or may be created out of the territory of any organized county, and the records of deeds and other instruments required or permitted by law to be recorded, relating to lands or other property in such new county, have been transcribed and placed on record in such new county, in accordance with law, certified copies of such transcribed records in the new county may be admitted in evidence with like effect as certified copies of the original records.

[Acts 1925, S.B. 84.]

#### Art. 3729. Certain Abstracts

All abstracts of land titles, or land abstract books to lands in this State, compiled from the records of any county in this State, prior to the year 1890, which said records were partially or wholly destroyed or lost from any cause during the months of May, 1874, March, 1876, and January, 1889, shall be competent prima facie evidence of the truth of the data or memoranda therein contained and compiled prior to the year 1890, and shall be admissible in evidence in the courts of this State; provided, that the compiler or compilers of such abstracts of land titles or land title abstract books, shall have made heretofore, or before offered in evidence, affidavit to the effect that said abstracts of land titles, or land title abstract books, were compiled by him from the records of the county prior to their destruction or loss, and that they contain a true and correct statement of the matters and things to

which they relate. Any testimony is admissible which tends to discredit or substantiate the reliability of such abstract of land titles or land title abstract books, or tends to show the compiler thereof to have been incompetent or unreliable, or competent and reliable. A copy of such abstract shall be filed in the papers of the cause in which it is sought to be used, and notice given to the opposite party at least five days before the trial, and the same defense may be made as if copies of the original record had been filed; provided, that the party offering such abstracts of land titles, or land title abstract books, in evidence, shall himself, or by his agent or attorney, have made affidavit that the original instrument to which the said data or memorandum relates is not then on record; and that he has made diligent search and inquiry for the same in places and from persons where and in whose possession it would most probably be found, and has been unable to find the same; that, to his best knowledge and belief, the same is lost or destroyed; and provided, further, that the owner of said abstracts of land titles, or of land title abstract books, shall have filed with the county commissioners court his application in writing (which may be granted or refused, in the discretion of said court, and if refused, this article shall not become of force as to said application so refused) for an order of said court admitting to record in said court the contract of the said owner in writing, wherein the said owner shall bind himself, his heirs and assigns, as follows: That said owner, his heirs or assigns, will, whenever requested in writing, setting forth the data required by any party to any suit interested in introducing said abstracts of land titles, or land title abstract books, produce the same without charge on the day demanded for introducing in evidence, and upon the trial of any cause in this State; provided, that if said owner, his heirs or assigns, are required to produce said abstracts of land titles, or land title abstract books, in courts of any other county than that to the lands of which said abstract of land titles, or land title abstract books pertain, they shall be, by the party at whose instance such production is required, reasonably compensated in advance for the time and expense of the said owner, his heirs or assigns. And the said owner in said contract shall bind himself, his heirs and assigns, to answer in full damages to any party damaged by the failure or default of the said owner, his heirs or assigns, without good cause, to produce said abstracts of land titles or land title abstract books, as herein provided. Said contract shall further stipulate that no charge shall ever be made by said owner, his heirs or assigns, in excess of one dollar for each instrument or remove in any title, in the compilation of a complete abstract or title to the lands in the county to which said abstracts of land titles, or land title abstract books, pertain, and that said owner, his heirs and assigns, will, upon request and payment of the fees therefor by any person, either make, compile and certify, or cause

to be made, compiled or certified, within a reasonable time, a complete abstract of title to any land to which said abstracts of land titles, or land title abstract books, pertain. The provisions of this article shall not apply if it can be shown by competent evidence that any such deeds were improperly recorded. Whenever any person, company or corporation has heretofore complied with the law which is amended hereby, in order to make an abstract evidence, the said person, company or corporation shall not be required to do anything more or further under this article in order to have the benefits thereof.

It is hereby declared that the word "writing" in Section 3 shall be interpreted to include the items contained in this Section.

##### Notice to Adverse Party

Sec. 3. Such writing shall be admissible only if the party offering it has delivered a copy thereof, or so much of it as may relate to the controversy, to the adverse party a reasonable time before trial, unless in the opinion of the trial court the adverse party has not been unfairly surprised by the failure to deliver such copy.

##### Authentication of Copy

Sec. 4. Such writings may be evidenced by an official publication thereof or by a copy attested by the officer having the legal custody of the record, or by his deputy. If the office in which the record is kept is within the United States or within a territory or insular possession subject to the dominion of the United States, the certificate may be made by a judge of a court of record of the district or political subdivision in which the record is kept, authenticated by the seal of his office. If the office in which the record is kept is in a foreign state or country, the certificate may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by any officer in the foreign service of the United States, or by any officer of a United States military government, stationed in the foreign state or country in which the record is kept, and authenticated by the seal of his office. In the case of the matters in Section 2a, the substance, contents, and/or wording of any of such matters may also be evidenced by certification, as to existence on a particular date or dates by the governmental head of such country or his secretary, or such country's attorney (such as attorney general) or assistant attor-

All such attested and certified instruments and the contents of the certificate and the title of the person making same, shall be evidence of the matters, statements, representations and title contained therein.

**Proof of Lack of Record**

Sec. 5. A written statement signed by an officer having the custody of an official record, or by his deputy, that after diligent search no record or entry of a specified tenor is found to exist in the records of his office, accompanied by a certificate as above provided, is admissible as evidence that the records of his office contain no such record or entry.

**Other Proof**

Sec. 6. This rule does not prevent the proof of official records or of entry or lack of entry therein by any method authorized by any applicable statute or by the rules of evidence at common law.

[Acts 1951, 52nd Leg., p. 830, ch. 471; Acts 1953, 53rd Leg., p. 756, ch. 304, eff. June 5, 1953; Acts 1961, 57th Leg., p. 685, ch. 321, § 1.]

Sec. 3. Such photograph, photostat, microfilm or other reproduction shall be, so far as relevant, admitted in any judicial or administrative proceeding in this state as evidence of the matters stated therein, in any instance in which the original memorandum, record, document, entry or report would be admitted under the provisions of Chapter 321 or Chapter 471 of the General Laws of Texas 1951.<sup>2</sup> In the

case of public records the reproduction may be proved to be correct by following the procedure set forth in Chapter 471 of the General Laws of Texas 1951, as amended. In the case of business records the reproduction may be proved to be correct by the testimony of the entrant, custodian or other qualified witness.

Sec. 4. The existence or non-existence of the original shall not affect the admissibility of the reproduction. An enlargement or facsimile of such reproduction is likewise admissible in evidence if the original reproduction is in existence and available for inspection under the direction of the court. The introduction of a reproduced record, enlargement or facsimile does not preclude admission of the original.

For work and material used in constructing improvements thereon; but in this last case such work and material must have been contracted for in writing, and the consent of the wife, if there be one, must have been given in the same manner as is by law required in making a sale and conveyance of the homestead.

[Acts 1925, S.B. 84.]

#### Art. 3840. Claim for Rent, etc.

The exemption of personal property above provided for shall not apply when the debt is due for rents or advances made by a landlord to his tenant, or to other debts which are secured by a lien on such property.

[Acts 1925, S.B. 84.]

### 2. EXCESS OVER HOMESTEAD SET APART

When the homestead of a family, not being in a town or city, is a part of a larger tract or tracts of land than is exempt from forced sale as such homestead, it shall be lawful for the head of the family to designate and set apart the homestead, not exceeding two hundred acres, to which the family is entitled under the constitution and laws of this State.

[Acts 1925, S.B. 84.]

#### Art. 3842. Mode of Setting it Apart

The party desiring so to designate and set apart the homestead shall file for record with the county clerk of the county in which the land, or a part thereof, may be, an instrument of writing containing a description by metes and bounds, or other sufficient description to identify it, of the homestead so claimed by him, stating the name of the original grantee and the number of acres, and if more than one survey, the number of acres in each.

[Acts 1925, S.B. 84.]

#### Art. 3843. Recorded, etc.

Such instrument shall be signed by the party and acknowledged or proved as other instruments for record, and shall state that the party has designated and set apart as his homestead the tract or tracts of land so claimed by him; and such instrument shall be recorded in the record of deeds of said county.

[Acts 1925, S.B. 84.]

**Art. 3844. Subject to Execution**

Where the owner of a homestead, a part of a larger tract, has failed to so designate and set apart his homestead, the excess of such tract or tracts of land over and above the homestead exemption may be partitioned and separated from such homestead and subjected to levy and sale under execution, if otherwise subject, as hereinafter directed.

[Acts 1925, S.B. 84.]

**Art. 3845. Notice to Set Apart**

The sheriff or constable holding an execution against the owner of such excess of land, over and above his exempted homestead, and not separated and partitioned therefrom, may on his own motion, and shall, if required by the plaintiff in execution, his agent or attorney, notify the defendant in execution to designate and set apart his homestead from the remainder of the land so owned and occupied by him, and that on failure to do so within ten days the sheriff or constable will proceed to have such partition made as provided by law. Such notice shall be written or printed, and shall be signed by the sheriff or constable.

[Acts 1925, S.B. 84.]

**Art. 3846. Service and Return**

Such notice may be served on the defendant by such officer by reading it to him, or by leaving a copy of it at his place of residence with some person over fourteen years of age. The officer shall return said notice to the court from which the execution issued, with his return indorsed thereon, showing how he executed the same. Such notice and return shall be filed by the proper officer of the court, and shall be prima facie evidence of the facts stated.

[Acts 1925, S.B. 84.]

**Art. 3847. Defendant May Designate**

On the service of such notice, the defendant in execution shall have the right within ten days thereafter, to designate and set apart his homestead, and deliver such designation to the sheriff or constable.

[Acts 1925, S.B. 84.]

**Art. 3848. Designation Recorded**

[Acts 1925, S.B. 84.]

**Art. 3849. Effect Of**

Such designation and setting apart of the homestead made by the defendant under any preceding article shall operate as a relinquishment of all right of homestead in the excess of land so partitioned from the homestead, and shall be binding on the defendant, and all others in privity with him, and the same, or a cer-

tified copy of the record thereof, shall be admitted in evidence of the facts stated therein.

[Acts 1925, S.B. 84.]

**Art. 3850. May Appoint Commissioners**

If the defendant in execution shall fail or refuse, within ten days after such notice, to so designate and set apart his homestead, the officer holding such execution shall forthwith summon either verbally or in writing three disinterested freeholders of the county as commissioners to designate a homestead for the defendant.

[Acts 1925, S.B. 84.]

**Art. 3851. Commissioners to Designate**

The commissioners shall forthwith proceed to partition the homestead of the defendant from the remainder of the tract or tracts, and may, if they deem it necessary, call in a surveyor to assist them. The action of such commissioners shall be reduced to writing and signed by them, or a majority of them and shall be duly sworn to, which shall be sufficient to admit the same of record.

[Acts 1925, S.B. 84.]

**Art. 3852. Requisites of Designation**

The designation of the homestead by such commissioners shall contain each requisite prescribed for a designation and setting apart by the defendant, and, shall also state that the commissioners making the same were summoned by the sheriff or constable holding said execution to perform such duty and that the designation of the homestead made by them is fair and just to the best of their judgment and belief.

[Acts 1925, S.B. 84.]

**Art. 3853. Returned and Recorded**

The commissioners shall return such designation to the sheriff or constable, who shall deliver the same to the county clerk to be recorded; and such designation, or a certified copy thereof, shall have the same effect as if the defendant had made the same under the provisions of this title.

[Acts 1925, S.B. 84.]

**Art. 3854. Sheriff's Return**

Whenever a homestead is designated under the provisions of this title, the sheriff or constable holding said execution shall make due return thereon, showing:

1. That notice to designate his homestead was given to the defendant in execution, referring to said notice and return thereon, which shall be returned with said execution.

2. That the designation of his homestead was delivered to him by the defendant, and has been filed with the county clerk, stating the dates of such delivery and filing.

3. If the defendant has failed or refused to deliver to him the designation

of his homestead within the time prescribed by law, the return shall show that fact, and also that the commissioners were duly appointed by him, and that the designation made by such commissioners was filed by him with the county clerk, stating the times when said acts were done. Such return shall be prima facie evidence of the facts therein stated.

[Acts 1925, S.B. 84.]

**Art. 3855. Fees and Expenses**

The commissioners shall be entitled to receive two dollars a day for their services, and the surveyor five dollars per day, to include pay for chain carriers. The sheriff or constable and clerk shall be entitled to such fees as are allowed by law. Such fees and expenses shall be taxed as part of the costs of the execution against the defendant and collected as other costs.

[Acts 1925, S.B. 84.]

**Art. 3856. Excess to be Sold**

Whenever the homestead of the defendant in execution has been designated in either of the modes prescribed in this title, the officer holding said execution may proceed to sell the excess over and above the homestead, in accordance with the law governing sales under execution.

[Acts 1925, S.B. 84.]

**Art. 3857. Defendant May Change, etc.**

The defendant may, at any time after his homestead has been designated and set apart

in either of the modes pointed out in this title, change the boundaries of his said homestead by an instrument executed and recorded as in cases of setting apart the homestead, but such change shall not impair the rights of parties acquired prior to such change.

[Acts 1925, S.B. 84.]

**Art. 3858. Law Cumulative**

The provisions of this title in regard to the designation of the homestead are cumulative, and shall not be construed so as to interfere with, or abrogate any other mode or remedy now known to the law for subjecting the excess of the homestead tract of land over and above the exemption to forced sale, or any mode known to the law for producing partition, by the purchaser at such execution sale, between himself and the owner of the homestead.

[Acts 1925, S.B. 84.]

**Art. 3859. Personal Property Designated**

Where there is more personal property of the same kind than is exempt from execution, the head of the family, or other person entitled to such exemption, may point out the portions to be levied on. If he fails to do so within a reasonable time after being requested by the officer holding the execution, such officer may make the selection for himself; but such notice shall only be necessary when the defendant is at the time to be found within the county.

[Acts 1925, S.B. 84.]

Art. 3871b. Mentally Retarded Persons

#### Short Title

Sec. 1. This Act may be referred to as "The Mentally Retarded Persons Act".

#### Purpose

Sec. 2. It is the purpose of this Act to afford mentally retarded Texas citizens an opportunity to develop to the fullest practicable extent their respective mental capacities.

### Definitions

Sec. 3. As used in this Act:

(1) "Mentally retarded person" means any person, other than a mentally ill person, so mentally deficient from any cause as to require special training, education, supervision, treatment, care or control for his own or the community's welfare.

(2) "Texas citizen" means a person who has resided in this State for at least twelve months next preceding the date on which determination is made of whether he is a Texas citizen, or a minor whose parent or guardian has been domiciled in Texas for a like period.

(3) "Board" means the Board for Texas State Hospitals and Special Schools.

(4) "Department" means the State Department of Public Welfare.

### Admission

Sec. 4. Mentally retarded persons shall be admitted to the jurisdiction of the Board by the procedures prescribed in this Act. The judicial procedure for admission established by this Act may be used in all cases. The administrative procedure established by this Act may be used only in certain cases. Nothing herein shall be held to affect or repeal the provisions of any law now existing relating to the appointment of guardians of insane persons or persons of unsound mind. No Texas citizen alleged to be mentally retarded shall be admitted to the jurisdiction of the Board as a mentally retarded person until he has been examined at a diagnostic center of the Board or a diagnostic center approved by the Board.

### Judicial Procedure for Admission

Sec. 5. The county court shall have original jurisdiction of all judicial proceedings for admission of mentally retarded persons to the jurisdiction of the Board. The county courts shall be deemed to be in session at all times for the disposition of these cases. In all applications for judicial admissions any interested person may demand a jury, or the judge of the court on his own motion may order a jury. Any person interested in the application has the right to appear and be represented by counsel.

### Application for Admission

Sec. 6. Any person in the county of residence of an alleged mentally retarded person may file with the county clerk of that county an application to have the alleged mentally retarded person declared mentally retarded and

admitted to the jurisdiction of the Board. The application shall be under oath. Upon the filing of the application the county judge shall set a date for a hearing on the application. The parents or spouse or guardian or nearest relative of the person alleged to be mentally retarded shall be served with a notice of the time and place of the hearing together with a brief statement of the matters stated in the application. If no parent or spouse or guardian or relative of the alleged mentally retarded person can be found, the court shall appoint an attorney to represent the person alleged to be mentally retarded and the notice shall be served upon the attorney.

#### Hearing

Sec. 7. The hearing of the application may be either in the courthouse or at the residence of the alleged mentally retarded person, or that of his parents or spouse or guardian or nearest relative, or at any other place in the county the county judge may regard as best for the welfare of the person alleged to be mentally retarded. It shall be the duty of the county attorney when requested by the court to appear at the hearing on behalf of the person making the application. An affidavit of the person in charge of the examination of the alleged mentally retarded person at the diagnostic center setting forth the conclusions reached as a result of the examination is admissible in evidence at the hearing. The court shall cause this affidavit to be introduced in evidence at the hearing, and shall not render judgment in the matter unless this evidence is available and introduced.

#### Order

Sec. 8. If the person alleged to be mentally retarded is found to be mentally retarded, the court shall enter an order declaring that fact and that the person is admitted to the jurisdiction of the Board. The judge shall cause to be prepared a transcript of the proceedings and evidence, all of which he shall certify to be correct, and shall transmit the same to the Board. If facilities are available for the reception of the mentally retarded person, the Board through its authorized agents shall notify the county judge concerned. The county judge shall arrange to send the mentally retarded person to any institution the Board shall designate.

#### Voluntary Admission Procedure

Sec. 9. (a) Upon the basis of the results of an examination at a diagnostic center of the Department or a diagnostic center approved by the Department, the superintendent of a State school under the control and management of the Texas Department of Mental Health and Mental Retardation may admit a mentally retarded person to the State school of which he is superintendent upon the written application of the parents or a court-appointed guardian of the person.

(b) Except as hereinafter provided, no voluntary student may be detained more than

ninety-six hours after the superintendent has received written notice from the person upon whose application the mentally retarded person was admitted to have the student removed from the State school. If, however, the condition of the person is deemed by the superintendent to be such that he can not be discharged with safety to himself or with safety to the general public the superintendent may forthwith file or cause to be filed an application for judicial admission. For the purpose of this subsection, the county within which the State school is located shall be deemed the county of residence of the student. Pending a final determination on the application, the court shall order the student placed in protective custody in:

(1) a State school, or

(2) a suitable place to be designated by the court, provided no person held under the provisions of this subsection may be confined in a jail unless there be a showing that he is "dangerous to himself or the general public and there is no other suitable place of custody available."

#### Order of Admission

Sec. 10. In determining the order in which eligible persons are admitted to its available facilities the Board shall consider the following factors:

(1) The relative need of the person for special training, education, supervision, treatment, care or control;

(2) The impact of the person upon the community; and

(3) The ability of the person's family to assimilate him effectively into family life.

The provisions of this section shall apply to both judicial and administrative admissions under this Act.

#### Attendance in Public Schools

Sec. 11. Eligibility of a mentally retarded person for admission to the Board's jurisdiction or previous admission to the Board's jurisdiction and subsequent furlough or discharge does not disqualify that person from admission to special education classes in the public schools if the mentally retarded person is of school age and can profit from the course of instruction offered in public school special education classes.

#### Facilities for Mentally Retarded

Sec. 12. The Board shall maintain facilities for mentally retarded persons under its jurisdiction. It may designate the institution in which any mentally retarded person under its jurisdiction is placed, and may designate any institution or part thereof under its management and control as a special facility for the diagnosis, special training, education, supervision, treatment, care or control of mentally retarded persons. The Austin State School and its branches are hereby expressly continued as State facilities under the management and con-

trol of the Board. The Board shall be authorized to maintain in the Austin State School and its branches, and in other special schools under its supervision, day classes for the convenience and benefit of the mentally retarded persons of the communities in which such schools are located when such mentally retarded persons are not capable of being enrolled in regular or special classes of the public school system of such communities.

#### Diagnosis

Sec. 13. The Board shall establish and maintain diagnostic centers in its own institutions. It may approve as diagnostic centers facilities operated by public or private agencies. The Board shall prescribe by regulation the requirements for approval of diagnostic centers not its own. Diagnosis from approved diagnostic centers, when accepted in writing by the Board, shall be equal to diagnosis made by the Board in its own diagnostic centers. The State shall charge for the services rendered in its diagnostic centers, but if the person seeking the services, or his parents, or spouse or guardian are unable to pay the charges the Board shall nevertheless provide the services.

Texas citizens may be admitted to diagnostic centers of the Board or to approved diagnostic centers under regulations to be prescribed by the Board.

After a person alleged to be mentally retarded is examined at a diagnostic center of the Board, or at an approved diagnostic center and the diagnosis of the person made at the approved diagnostic center is accepted in writing by the Board, the Board, through its authorized agents, may if it desires and the diagnosis warrants:

(1) Inform the county judge of the person's county of residence that the person is eligible for admission to the jurisdiction of the Board as a mentally retarded person and forward to the county judge a copy of the findings and diagnosis. In this case the mentally retarded person's parents or spouse or guardian shall likewise be notified of the person's eligibility; or

(2) Inform the parents, or spouse or guardian or responsible relative of the person that the person is eligible for admission to the jurisdiction of the Board for the purpose of receiving special training only. Admission for special training only is to be made under Section 9 of this Act; or

(3) Inform the parents or guardian of the person that the person should be placed in a special education class in the public schools; or

(4) Inform the parents or spouse or guardian of the person of the results of the examination and any recommendations of the staff conducting the examination and rendering the diagnosis.

#### Research

Sec. 14. The Board may, with funds available for such purpose from any source, do research to determine the causes, proper treatment and diagnosis of mental retardation and may use any personnel and facilities under its control and management for carrying out such research.

#### Employment

Sec. 15. When the Board determines that a mentally retarded person under its jurisdiction may profit from being placed on furlough in a work situation, the Board may place this person in employment. The Texas Employment Commission and the Department may cooperate with the Board in the administration of the employment program. The Board shall regulate the terms of the employment and shall supervise the mentally retarded persons so employed.

#### Discharge and Furlough

Sec. 16. All mentally retarded persons admitted to the jurisdiction of the Board shall remain under its control until discharged. Where the Board determines that a mentally retarded person admitted to its jurisdiction is no longer in need of special training, education, supervision, treatment, care or control, the Board may discharge the person. Where the only basis for the Board's jurisdiction over a person is that he is a mentally retarded person and it is found that he is not a mentally retarded person, the Board shall discharge him. The Board may furlough any mentally retarded person admitted to its jurisdiction to that person's parents or spouse or guardian or relatives or other suitable persons for such periods and under such conditions as the Board may prescribe. Persons of school age placed on furlough are eligible to attend public school special education classes if they can profit from the course of instruction offered in public school special education classes.

#### Foster Home Care

Sec. 17. When the Board determines that the welfare of any mentally retarded person under its jurisdiction requires that the person be placed in a foster home for care, the Board shall notify the State Department of Public Welfare. The Department shall endeavor to place the mentally retarded persons referred to it by the Board in suitable foster homes. The owners or operators of approved foster homes shall be instructed by the Department in the matters necessary to insure proper care for the mentally retarded persons.

The Department may render other field and staff services to the Board in a foster home care program. Unless the cost to the Department for services to the Board is provided for by funds expressly appropriated for that purpose, the Board shall reimburse the Department for services rendered under the provisions of the Interagency Cooperation Act, Acts 1953, 53rd Legislature, Chapter 340.<sup>1</sup>

<sup>1</sup> Article 4413(32).

The Board may pay the person or organization furnishing foster home care to any person under this Act a reasonable sum for the care furnished to mentally retarded persons within the limitations of the biennial appropriation Act. The rights of the Board to collect for support, maintenance and treatment of mentally retarded persons admitted to its jurisdiction shall not be affected by the provisions of this section.

Absences

Sec. 18. Any mentally retarded person under the jurisdiction of the Board who is absent from his assigned institution, foster home, employment or special school without permission from the proper authority may be detained by any peace officer. Upon the order of the superintendent of the institution to which the person was assigned or from which he was furnished any peace officer having custody of the absent person shall return the person to the institution or cause him to be returned.

Cooperation with Other Agencies

Sec. 19. The Board shall at all times seek to utilize the most promising and useful methods for the education and training of the mentally retarded. It shall utilize the services and findings of other State and Federal agencies.

Rules and Regulations

Sec. 20. The Board shall establish rules and regulations to enable its personnel to carry out the provisions of this Act; provided, however, that all such rules and regulations shall be approved by and filed with the Attorney General of the State of Texas.

Support and Maintenance

Sec. 21. (a) The parents of a mentally retarded person under 21 years of age who is a student in a state school operated by the Texas Department of Mental Health and Mental Retardation shall pay, if able to do so, such portions of the cost and support and maintenance of the mentally retarded person as may be applicable under the following formula:

(b) Parents of a mentally retarded person who is 21 years of age or older shall not be required to pay for his support and maintenance in a state school as a student, but the mentally retarded person and his estate shall be liable for his support and maintenance regardless of his age.

The unpaid portion of charges for support and maintenance due before the effective date of this amendment under agreements made before the effective date of this amendment shall remain as obligations of parents under previous law, but such pre-existing agreements for payment of support and maintenance shall be in force after the effective date of this amendment only to the extent of parental responsibility set forth in the foregoing formula.

Unpaid charges for support and maintenance accruing after the effective date of this amendment due by parents for the support and maintenance of mentally retarded persons who are minors and students in state schools shall be a claim in favor of the state for such support and maintenance, but only to the following extent:

Such charges shall always constitute a lien in favor of the state against the entire estate or any property of the mentally retarded person including but not limited to any share he may have by gift or descent or devise in his parents' estates or any other person's estate.

After a mentally retarded person who is a student in a state school reaches 21 years of age the cost of his support and maintenance may be determined under rules and regulations adopted by the Texas Board of Mental Health and Mental Retardation provided that charges for support and maintenance shall not exceed the actual cost of such support and maintenance and the costs determined under such rules and regulations shall constitute a claim by the state against the entire estate or any property of the mentally retarded person including but not limited to any share he may have by gift, descent or devise in his parents' estates or any other person's estate.

(d) The terms "custom-mixed," "custom-milled," or similar terms, mean the service rendered a customer or purchaser in the milling, mixing or processing of materials produced by the customer or purchaser or acquired by him from a source other than from the person who mixes, mills, or processes the mixture, and are not subject to the provisions of this Act.

**Registration**

Sec. 5. (a) Each brand of commercial feed, except customer-formula feed, shall be registered before being offered for sale, sold or otherwise distributed in this state. The application for registration shall be submitted to the Director on forms furnished by the Director, and if the Director so requests, shall also be accompanied by a label or other printed matter describing the product. Upon approval by the Director, a copy of the registration shall be furnished to the applicant if the registration forms are submitted in duplicate. All registrations are considered permanent unless new registrations are called for by the Director or unless cancelled by the registrant. The application shall include the following information:

(1) The name and principal address of the person responsible for distributing the commercial feed;

(2) The name or brand under which the commercial feed is to be sold, offered for sale, delivered or distributed;

(3) The guaranteed analysis, listing:

b. The minimum percentage of crude fat;

c. The maximum percentage of crude fiber;

(4) When authorized by the Director, in accordance with rules and regulations which he is authorized to issue, the maximum or minimum or the maximum and minimum quantity determinable by laboratory methods of minerals, vitamins, antibiotics, antioxidants, medicines, drugs, chemicals, and other substances, materials, or elements or parts thereof regardless of whether the claim, if any, as to the use and purpose of any such item or items shall be prophylactic, therapeutic, or otherwise. (5) The common or usual name of each ingredient used in the manufacture of the commercial feed.

(b) A distributor shall not be required to register any brand of commercial feed which is already registered under this Act by another person.

(c) Changes in the guarantee of either chemical or ingredient composition of a commercial feed may be permitted provided satisfactory evidence is submitted showing that such changes would not result in a lowering of the feeding value of the product for the purpose for which designed.

(d) The Director is empowered to refuse registration of any application not in compliance with all provisions of this Act, and to cancel after thirty (30) days notice any registration when it is subsequently found to be in

violation of any provision of this Act or when he has satisfactory evidence that the registrant has used fraudulent or deceptive practices in attempted evasion of the provisions of this Act or regulations thereunder. Provided, however, that no registration shall be refused or cancelled until the registrant shall have been given opportunity to be heard.

(e) If the home office or principal place of business of the applicant for registration of a commercial feed is located outside of the State of Texas, the applicant must deposit with the Director an instrument in writing appointing a resident agent upon whom service may be had in actions filed by the state in the administration and enforcement of the provisions of this Act, or by a claimant for the recovery of damages.

#### Labeling

Sec. 6. (a) Manufacturers or other persons shall, before selling, delivering, or offering for sale any commercial feed in this state except customer-formula feed, have placed on or affixed to the container, on the outside thereof, in one group, in such size type and in such place and order as may be prescribed by the Director, a plainly printed statement in the English language showing:

(1) The net weight of the commercial feed in the container, or a statement to the effect that the net weight is shown on the container, in which case the net weight must be plainly printed in a conspicuous place on the container in type the size of which may be prescribed by the Director;

(2) The information authorized by Section 5(a)(1), (2), (3), (4), and (5) of this Act.

(b) Manufacturers or other persons shall, at the time of delivery of a commercial feed sold in bulk, except customer-formula feed sold in bulk or otherwise, furnish the purchaser a printed or written statement showing the information authorized by Section 5(a)(1), (2), (3), (4), and (5) of this Act.

(1) Name and address of the mixer, miller or processor;

(2) Name and address of the purchaser;

(3) Date of the sale;

(4) Name or brand and number of pounds of each registered commercial feed used in the mixture, and the name and number of pounds of each ingredient added, including the portion, if any, supplied by the purchaser, and shall be in compliance with the provisions of Section 5(a)(4) of this Act; provided, however, that the Director may, only when all ingredients are furnished by the mixer, miller or processor, as an alternate to the method required by the preceding language of this Section 6(c)(4), promulgate procedures and prescribed forms that will permit a customer-formula feed to be invoiced and

labeled by means of an identifying name, number or similar designation in order to eliminate the necessity of itemizing the name and quantity of each separate item or ingredient contained in such a customer-formula feed.

(5) The invoice bearing the above information shall accompany delivery and be supplied to the purchaser at the time of delivery.

#### Inspection Fee

Sec. 7. (a) For the purpose of administering the Texas Commercial Feed Control Act of 1957, including the cost of equipment and facilities and the cost of inspecting, analyzing, and examining commercial feed manufactured for sale, sold, offered or exposed for sale or otherwise distributed in this state, and the expense of experiments and research relative to the value thereof, persons engaged in the manufacture, sale, or distribution of commercial feeds or the components of commercial feeds shall pay to the Director, at his office in College Station, Texas, an inspection fee of Ten Cents (10¢) per ton on all such commercial feed. The inspection fee herein levied shall be deposited in the State Treasury and shall there be set apart as a special fund to be known as the Feed Control Fund, and shall be used with the approval and consent of the Board of Directors of the Agricultural and Mechanical College of Texas for the purposes stated in this Section 7(a) of this Act.

(b) The procedure for paying the inspection fee of Ten Cents (10¢) per ton shall, subject to the approval and consent of the Director, be either by the use of tax tags (or certificates) or by means of the tonnage reporting system or by a combination of both such procedures, and shall, in addition to regulations which the Director is herewith authorized to issue, be in compliance with all the provisions of this Act.

(c) When the inspection fee is to be paid by the use of the tax tag (or certificate) on any commercial feed which is manufactured for sale, sold, or offered for sale, or otherwise distributed in this state, the manufacturer or any other person who causes it to be manufactured for sale or who sells the same or offers it for sale or makes delivery or distribution of any such commercial feed within the State of Texas, shall affix to each container or package of such commercial feed, except customer-formula feed, and to the invoice of such customer-formula feed distributed in bulk or otherwise, and to the invoice of each lot of such other commercial feed distributed in bulk, a tag (or certificate), to be furnished by the Director, stating that all charges specified in this Article have been paid, and containing the information provided for in Section 6 of this Act. The Director is hereby authorized, empowered, and directed to prescribe the form and denomination of such tags and certificates; provided, however, that if at any time the actual cost to the Feed Control Service of tags (or certificates), including the printing and handling

thereof, should be in excess of fifty percent (50%) of the amount of the inspection fee as provided in this Section 7, the Director may, after giving reasonable notice in such manner as he deems desirable, charge all persons who cause commercial feed to be manufactured, sold, exposed, or offered for sale or otherwise distributed, for the total actual cost of such tags (or certificates) in addition to the inspection fee of Ten Cents (10¢) per ton; and provided further, that on individual containers of five (5) pounds or less, a manufacturer or other person may for each state fiscal year (September 1st to August 31st, inclusive) or any fractional part thereof, pay in advance a fee of Twenty-five Dollars (\$25.00) for each brand of commercial feed manufactured for sale, sold, offered for sale or otherwise distributed in this state, and such manufacturer or other person shall not be required to affix official tags (or certificates) to such containers of the brands of commercial feed so registered.

(d) When the inspection fee is to be paid by means of the Tonnage Reporting System, the Director is authorized, at his discretion and under such rules and regulations as he may promulgate, to prescribe and furnish such forms and to require the filing of such reports, and shall issue permits bearing a number assigned by the Director on application therefor to any person who manufactures, sells, offers for sale, or who otherwise distributes or has available for distribution in this state, regardless of the manner, means or circumstances as to its entry, presence or existence within this state, any commercial feed. Each applicant for the issuance of a permit must deposit with the Director cash in the amount of One Thousand Dollars (\$1,000.00) or securities acceptable to and approved by the Director of a value of at least One Thousand Dollars (\$1,000.00), or must post with the Director a surety bond payable to the State of Texas in the amount of One Thousand Dollars (\$1,000.00), executed by a corporate surety company authorized to do business in Texas and approved by the Director, conditioned upon the faithful performance of the provisions of this Article; or must post with the Director a bond with at least two good and sufficient and solvent personal sureties, payable to the State of Texas in the amount of One Thousand Dollars (\$1,000.00) and approved by the Director, conditioned upon the faithful performance of the provisions of this Article. Each such bond shall be in such form and be effective for such period of time as the Director may prescribe. In addition to all other provisions of this Act, each person who is issued a permit to sell, offer for sale, or otherwise distribute commercial feed and pay the inspection fee in accordance with the tonnage reporting system shall:

(1) Maintain and furnish such records as the Director may require to reflect accurately the total tonnage of all feed handled, and the portion of such tonnage that is sold, offered for sale, or otherwise dis-

tributed as commercial feed and is subject to the inspection fee of Ten Cents (10¢) per ton. The Director or his duly authorized representatives shall have permission to examine the records of the permittee at all reasonable times. All records shall be preserved and retained in usable condition, and shall be available for examination by the Director or his representatives for a period of not less than two (2) years unless otherwise authorized by the Director, and the Director may require the retention of such records for a period of more than two years in instances where it is deemed desirable to do so.

(2) File in the office of the Director at College Station, Texas, within thirty (30) days after the close of each quarter year ending with the last day of November, February, May, and August, sworn reports covering the tonnage of all feed sold during the preceding quarter together with the payment of tax due for such quarter. A penalty of ten per cent (10%) of any tax which is not paid within the time allowed shall be added to the amount of the tax due, and the amount of the tax and the penalty shall constitute a debt, and shall be recoverable out of the bond hereinbefore referred to; provided that the Director may, if he deems it desirable to do so, require additional reports for the purpose of identification and verification of records.

(3) When located outside of the State of Texas and when distributing commercial feed in the State of Texas, maintain in the State of Texas the records and information required by this Section 7(d) of this Act or pay all costs incurred in the auditing of records at a location outside of the state. The Director is authorized and directed to revoke the permit and cancel all registrations of any permittee who fails to comply with this requirement. Itemized statements of costs incurred in any such audits shall be furnished the permittee by the Director promptly upon completion of any such audit, and he must pay the same within thirty (30) days from the date of such statement.

(4) Affix to each container or package of such commercial feed, except customer-formula feed, and to the invoice of each lot of commercial feed, except customer-formula feed, sold or otherwise distributed in bulk a printed statement setting forth the information provided for in Section 6(a) and (b) of this Act.

(5) Affix to the invoice of each customer-formula feed sold or otherwise distributed a statement setting forth the information provided for in Section 6(c) of this Act.

(e) Venue of all suits for recovery of taxes and penalties for non-payment of same shall be in Brazos County, Texas.

## Adulteration

Sec. 8. A commercial feed shall be deemed to be adulterated:

(a) When its composition, quantity, or quality falls below or differs from that which it is purported or represented to possess by its labeling;

(b) When it is moldy, sour, heated, or otherwise damaged whereby it is rendered injurious to animals;

(c) When any ingredient has been in whole or in part omitted or extracted therefrom;

(d) When any substance has been substituted wholly or in part therefor;

(e) When damage or inferiority has been concealed in any manner;

(f) When any substance has been added thereto or mixed or packed therewith so as to deceptively increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is;

(g) When it bears or contains any poisonous or deleterious substance which may render it injurious to animals under ordinary conditions of use;

(h) When it bears or contains any added hulls, shells, screenings, straw, stalks, corn cobs, or any other low-grade feeding material or filler, unless the name and percentage of such material are clearly and prominently printed on the label and labeling thereof;

(i) When it consists in whole or in part of any diseased, filthy, putrid, or decomposed substance, unless such substance has been rendered harmless by sterilization or other effective processes;

(j) When it is otherwise unfit for feeding to animals.

## Misbranding

Sec. 9. A commercial feed shall be deemed to be misbranded:

(a) When its container does not bear a tag (or certificate) as required by Section 7(c) of this Act, unless it is in compliance with the provisions of Section 7(d) of this Act;

(b) When its container does not bear the labeling as required by Section 6 of this Act;

(c) When its labeling is false in any particular;

(d) When its container is so made, formed, or filled as to be misleading;

(e) When it purports to be or is represented as a commercial feed for which a definition of identity and a minimum standard have been prescribed by regulation, unless it conforms to such definitions and standards;

(f) When it is not subject to the provisions of this Section 9(e) of this Act, un-

less its label bears the common or usual name of the commercial feed, if any there be, and in case it is fabricated from two or more ingredients, the common or usual name of each such ingredient;

(g) When any medicines, drugs, or any of the other items named in Section 5(a) (4) of this Act are incorporated in such commercial feed, and the quantity of such item and warning statements and directions for use are not shown on the labeling in compliance with regulations issued by the Director.

## Inspection, Sampling, and Analysis

Sec. 10. (a) The Director shall have reasonable access during regular business hours to all places of business, mills, buildings, vehicles, containers, bins, and parcels of whatsoever kind used in the manufacture, transportation, importation, sale or storage of any commercial feed, and shall have the power and authority to inspect each such place, mill, or vehicle, and to open any container, bin or parcel containing or supposed to contain any commercial feed, and to take samples therefrom in the manner prescribed by regulation by the Director as he deems necessary to determine whether such commercial feed is in compliance with the provisions of this Act.

(b) Each such sample shall be taken in the presence of the manufacturer or of any such other person, or in the presence of their representative, and shall be taken from a parcel, lot, or number of parcels in such number and quantity as the Director may determine to be representative of the parcel, lot or number of parcels. When the person in possession of commercial feed refuses to be present and to take part in the sampling of same, the Director may take such samples in the presence of two disinterested witnesses.

(c) In order that each sample may be properly identified with the lot of commercial feed sampled, the Director may examine and make copies of any invoice, transportation record, or other records pertaining thereto.

(d) In the case of bulk lots of feed, a composite sample shall be made up of portions taken at random from not less than four different positions in the bulk lot. The composite sample shall be thoroughly mixed and divided so that each division shall fairly represent the whole, and the said sample or any portion thereof shall be considered the official composite sample of said feed.

(e) Each such sample shall be sealed, with a label placed thereon which states the serial number of the sample and the date that it is taken, and which bears the signature of the person taking the sample, and shall be sent to the Director or his representative. A report stating the name or brand of the commercial feed or material sampled, the serial number, the manufacturer thereof, if known, the name of the person from whose possession the sample was taken, the date and place of taking the

sample, and the name of the person taking the sample, and the name of the person witnessing the taking of the sample, shall also be sent to the Director or his representative.

(f) All analyses of samples shall be made according to the official methods adopted by the Association of Official Agricultural Chemists of North America, and such other methods as the Director may deem authentic by research and investigation.

(g) Each such sample shall be divided into not less than four (4) equal parts. If the Director causes one (1) or more portions of such sample to be analyzed, he shall retain not less than three (3) portions of such sample for the purpose stated in this Section 10(h) of this Act.

(h) In the event the Director finds, through chemical analyses or any other methods or procedure, that a commercial feed is in violation of any provision of this Act, he shall so notify in writing the manufacturer or other person who caused the feed to be sold, offered for sale or otherwise distributed, giving full details. The manufacturer or the person who causes the feed to be sold, offered for sale or otherwise distributed may thereupon, within fifteen (15) days after said notice has been received, request, and the Director shall so direct if requested, that two (2) retained portions of the sample of such feed be submitted for analysis to two (2) qualified chemists selected by the Director, and the Director shall if so requested within the same fifteen (15) day period direct that one (1) retained portion of the sample be furnished such manufacturer or other person. Each of said chemists shall certify in duplicate, under oath, his findings to the Director, whereupon one such duplicate from each chemist shall be forwarded by the Director to the manufacturer or other person. The three (3) chemical analyses thus obtained may be considered in determining whether any violation of this Act has occurred. The manufacturer or other person requesting the analyses shall pay the cost of such analyses except that if it is thus determined that no violation has occurred, the Director shall pay such expense.

#### Rules and Regulations

Sec. 11. The Director is hereby authorized to:

(a) Enforce the provisions of this Act and prescribe and enforce administrative rules and regulations promulgated under the authority of this Act.

(b) Prescribe, adopt, and publish regulations establishing definitions and minimum standards for commercial feed which, to the extent practicable in the discretion of the Director, shall be in harmony with the official pronouncements of the Association of American Feed Control Officials; provided, however, that prior to the issuance of any rules and regulations, the Director shall hold public hearings on any such proposed rules and regulations, the

public hearings to be held pursuant to not less than fifteen (15) days notice in writing. Each such notice shall set forth the time and place of the hearing and a copy of the proposed rules and regulations, and shall be mailed upon request to such organizations which reasonably may be expected to be vitally affected by said proposed rules and regulations.

(c) Rule exempt from the inspection fee provision of this Act any commercial feed manufactured, sold, or delivered solely for investigational, experimental, or laboratory use by qualified persons, when such investigation or experiment is conducted in the public interest.

(d) Publish from time to time such information relative to feeds as he deems necessary or desirable to the public interest; provided, however, that the information concerning production and use of commercial feed shall not disclose the business or financial operations of any person.

#### Detained Commercial Feeds

Sec. 12. (a) Whenever the Director shall find a commercial feed which he has reasonable cause to believe is being sold or offered for sale in violation of any provision of this Act, he shall affix to the container of such feed a written notice stating that such feed has been detained and warning all persons not to dispose of such feed in any manner until permission is given by the Director, or by a court, or until the detainer expires as hereinafter provided. If the Director finds that detained feed is not in violation of any provision of this Act, he shall forthwith remove the detainer notice from such feed. The detainer notice shall expire and shall become a nullity at the expiration of ten (10) days after it is affixed to any feed unless prior to such time the Director has instituted proceedings to condemn such feed pursuant to the provisions of this Section 12(b) of this Act.

(b) If detained commercial feed is found, after examination and analysis, to be in violation of any provision of this Act, the Director shall petition the district or county court in whose jurisdiction the feed is located for an order for condemnation and confiscation of such feed. If it be determined by the court that the commercial feed violates any provision of this Act, such feed shall be disposed of by destruction or by sale in accordance with the judgment of the court, and if the feed is sold, the proceeds from such sale, less court costs and charges, shall be paid into the State Treasury. Provided, however, that when the violation of this Act which is found by the court with respect to such feed can be corrected by proper processing or labeling, the court, after entry of the decree and after all costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such feed shall be properly processed or labeled, has been executed, shall make an order directing that

such feed be delivered to the owner thereof for such processing or labeling under the supervision of the Director. The expense of such supervision shall be paid by the owner of the feed. The bond shall be returned to the owner when the Director notifies the court that the feed is no longer in violation of this Act, and that the supervision expense aforesaid has been paid.

#### Unlawful Acts

Sec. 13. It is hereby declared unlawful for any person to commit any of the following acts, or to conspire to commit any of such acts, or to cause any of such acts to be committed within the State of Texas:

(a) To engage in the preparation, manufacture, sale, exposure, or offer for sale or otherwise distribute a customer-formula feed in violation of any of the provisions of Section 4 or any other Section applicable to customer-formula feed;

(b) To sell, offer, expose, or distribute for sale any commercial feed, except customer-formula feed, without registering with the Director as provided for in Section 5 hereof;

(c) To sell, offer, expose, or distribute for sale any product used or intended for use as a feed for animals unless the provisions of Section 6 hereof have been conformed to with respect to such product;

(d) To sell, offer, expose, or distribute for sale any commercial feed unless the inspection fee is paid and all other provisions of Section 7 hereof have been conformed to with respect to such feed;

(e) To sell, offer, expose, or distribute for sale any commercial feed which is not labeled in accordance with the provisions of Section 6 hereof;

(f) To sell, offer, expose, or distribute for sale any commercial feed which is adulterated within the meaning of Section 8 hereof;

(g) To sell, offer, expose, or distribute for sale any commercial feed which is misbranded within the meaning of Section 9 hereof;

(h) To refuse to permit entry or inspection, or to refuse to permit the acquisition of samples and the examining and the copying of invoices and transportation records, of a commercial feed, or otherwise fail to comply with the provisions of Section 10 hereof;

(i) To refuse to make records available, furnish reports, pay the inspection fee, permit the examination of records, or otherwise fail to comply with the provisions of Section 7(d) of this Act;

(j) To dispose of a detained commercial feed in violation of Section 12 hereof.

#### Penalties

Sec. 14. (a) Any person who performs any act herein declared to be unlawful, or who

causes such act to be performed or who conspires to perform such act, shall, upon conviction, be guilty of a misdemeanor and shall be subject to a fine of not less than Fifty Dollars (\$50.00) nor more than Two Hundred Dollars (\$200.00). Before the Director reports a violation for such prosecution, an opportunity shall be given the distributor to present his views.

(b) Any person who violates any of the provisions of this Act shall, upon conviction, be guilty of a misdemeanor and shall be subject to a fine of not less than Fifty Dollars (\$50.00) nor more than Two Hundred Dollars (\$200.00), and each separate violation shall constitute a separate offense.

(c) The venue for any and all criminal prosecution and civil suits instituted under the provisions of this Act shall be in the county in which the commercial feed is located at the time the alleged violation is discovered by or otherwise made known to the Director or his representative, except as provided for in Section 7(e) of this Act.

(d) If the Director deems any violation of this Act to be of a minor nature, and if he is of the opinion that the public interest will be served and protected by the issuance of a written warning to the violator, he shall have discretion to forego the filing of any criminal or condemnation proceeding with respect to such violation, and to refrain from taking any further administrative action relative thereto.

(e) It shall be the duty of each district attorney, criminal district attorney, or county attorney, to whom the Director or his duly appointed representative reports any violation of this Act, to cause appropriate proceedings to be instituted and prosecuted in the proper courts without delay in the manner provided by law.

(f) The Director is authorized to cancel all registrations and revoke the permit of and refuse to issue tags (or certificates) to any manufacturer or other person who fails to comply with any of the provisions of this Act or any rules or regulations issued under authority of this Act.

#### Publications

Sec. 15. The Director shall publish at least once a year, in such form as he may deem proper, information concerning the sales of commercial feeds, together with such data on their production and use as he may consider advisable, and a report of the results of the analyses of official samples of commercial feeds sold, offered for sale, or otherwise distributed within the state as compared with the analyses guaranteed in the registration and on the label; provided, however, that information concerning production and use of commercial feed shall not disclose the scope of operations of any person.

#### Pending Court Cases

Sec. 16. Any court cases which are pending on the effective date of this Act shall not be affected by the passage of this Act, but shall

be acted upon in accordance with the provisions of Title 17, Revised Criminal Statutes, 1925, as amended, and Title 60, Revised Civil Statutes, 1925, as amended.

**Repeal of Prior and Conflicting Laws**

Sec. 17. Articles 1489 to 1498, inclusive, of the Penal Code of the State of Texas (1925) as amended by Chapter 333, Acts of the 53rd Legislature, Regular Session; Articles 3872 to 3881d, inclusive, of the Revised Civil Statutes of Texas (1925) as amended by Chapter 14, Acts of the 40th Legislature, Regular Session (1927), Chapter 61, Acts of the 45th Legislature, 2nd Called Session (1937), Chapter 374, Acts of the 50th Legislature, Regular Session (1947), and Chapter 333, Acts of the 53rd Legislature, Regular Session (1953), are superseded by this Act and are hereby repealed. All other laws and parts of laws in conflict herewith are hereby repealed insofar as they are in conflict.

**Certain Exemptions from Livestock Remedy Act**

Sec. 18. Any substance, material or product, or part or combination thereof, which is regulated by the provisions of this Act is hereby expressly exempted from the provisions of Chapter 94, Senate Bill No. 75, Acts of the 49th Legislature, Regular Session (1945), codified in Vernon's Texas Civil Statutes, 1948, as Article 192-1, Texas Livestock Remedy Act.

**Appeal**

Sec. 19. Any person at interest aggrieved by any order or ruling of the Director may appeal from such order or ruling to the district court in the county of his residence by filing a petition in such district court within twenty (20) days from the date of such ruling or order. The action shall be tried and determined as in other civil causes, but the burden of proof shall rest upon the person appealing to show the regulation, order, ruling, acts, or charges complained of are unreasonable and unjust to him and constitute a gross abuse of the discretion vested in the Director. Either party to the action may appeal the decision of the district court to the appellate court having jurisdiction of the cause.

**Constitutionality**

Sec. 20. If any provision of this Act is declared unconstitutional or if the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the Act and the applicability thereof to other persons or circumstances shall not be affected thereby; and the Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause and phrase hereof regardless of the fact that the Act might not validly be applicable to certain persons or circumstances.

Sec. 2. Nothing contained in this Act shall authorize the use of fees earned in prior years and collected in the current year when current fees collected are available and sufficient for the payment (in installments as herein provided) of the Officer's primary compensation fixed by said Article 3883, his current expenses, and the authorized salaries of deputies for the current year payable from fees, and the

Sec. 4. The Commissioners' Courts of such counties are authorized to purchase such warrants from any such officers and to pay therefor, from any available county funds, the market price prevailing as determined by the Court, and such officer, upon receiving from

such county an amount equivalent to such market value of such warrants is authorized to indorse over and deliver such warrants to such county, provided that whenever such warrants become redeemable in cash and such county shall obtain from the State the proceeds of such redemption, such proceeds shall be paid into and shall become a part of the general fund of such county.

##### Additional Fees of Precinct Officers

Such fund shall be kept separate and apart from all other county funds, and shall be held and disbursed for the purpose of paying the salaries of officers and the salaries of deputies, assistants and clerks of officers who are drawing a salary from said fund under the provisions of this Act, and to pay the authorized expenses of their offices. Such fund shall be deposited in the county depository and shall be protected to the same extent as other county funds. The Commissioners Court of the county, at its first regular meeting in January of each year, may determine by order made and entered in the minutes of the court that all fees, costs, compensation, salaries, expenses, and other funds which would otherwise be deposited in the Officers' Salary Fund shall be paid into and drawn from the general fund of the county. Before any such deduction is made, the Commissioners' Court shall furnish such officer with an itemized statement of the uncollected fees with which his account is to be charged, and shall notify such officer of the time and place for a hearing on same, to determine whether such officer was guilty of negligence, which time for hearing shall be at least ten days subsequent to the date of notice. Unless an officer is charged by law with the responsibility of collecting fees, the Commissioners' Court shall not in any event make any deductions from the authorized salary of such officer.

**Apportionment of Appropriations**

Sec. 6. (a) In counties wherein the county officials are on a salary basis, in addition to the monies deposited in said Officers' Salary Fund or funds under the provisions of Sections 1, 3 and 5 of this Act there shall be deposited therein quarterly on the first day of January, April, July and October of each year, such sums as may be apportioned to such county under the provisions of this Act, out of the available appropriations made by the Legislature for such purposes, provided, however, that in counties wherein the Commissioners' Court is authorized to determine whether county officers shall be compensated on a salary basis, no apportionment shall be made to such county until the Comptroller of Public Accounts shall have been notified of the order of the Commissioners' Court that the county officers of such county shall be compensated on a salary basis for the fiscal year, and in that case the first quarterly payment of such apportionment shall be made in fifteen (15) days after the receipt of such notice by the Comptroller, and the remaining payments on the dates hereinabove prescribed. It shall be the duty of the Comptroller of Public Accounts to annually apportion to all counties in which the county officers are to be compensated on the basis of a salary any monies, appropriated for said year for such apportionment; each county entitled to participate in such apportionment shall receive for the benefit of its Officers' Salary Fund or funds its proportionate part of the appropriation which shall be distributed among the several counties entitled to participate therein, on the basis of the per capita population of each county according to the last preceding Federal Census; provided that the annual apportionment for such purposes shall not exceed fourteen (14¢) cents per capita of said population of each county where county officers are compensated on a salary basis under the provisions of this Act. Provided that in all counties which had a population of less than sixty thousand (60,000) inhabitants in 1930 ac-

The quarterly payment of such apportionment of such appropriation shall be made on warrants drawn by the State Comptroller upon the State Treasury payable to the county treasurer of the county in whose favor the apportionment is made and said warrants shall be registered by the Comptroller and the Treasurer and shall be mailed by the Comptroller to the Treasurer of the county.

(b) No officer receiving a salary shall hereafter receive any ex officio compensation; provided, however, the Commissioners' Court shall transfer from the General Fund of the county to the Officers' Salary Fund or funds of such county such funds as may be necessary to pay the salaries and other claims chargeable against the same when the monies deposited therein are insufficient to meet the claims payable therefrom.

(c) Any monies remaining in the Officers' Salary Fund or funds of any county at the end of any fiscal year after all salaries and authorized expenses incurred against said fund for said year shall have been paid may be, by order of the Commissioners' Court, transferred to the credit of the General Fund of the county.

#### Warrants on Officers' Salary Fund

Sec. 7. All monies drawn from said Officers' Salary Fund or funds shall be paid out only on warrants approved by the county auditor in counties having a county auditor; otherwise all claims against said fund shall first have been audited and approved by the Commissioners' Court of said county and the monies shall be disbursed on such approved claims by warrants drawn by the county treasurer on said fund.

It shall be the duty of the Comptroller of Public Accounts to annually apportion to such coun-

(j) Each district, county, and precinct officer who shall be compensated on a salary basis shall continue to charge for the benefit of the Officers' Salary Fund of his office provided for in this Section, all fees and commissions which he is now or hereafter may be authorized to charge against and collect from the State of Texas for services performed by him in civil proceedings and to file claims for the fees or commissions due for such services in the manner now or hereafter provided by law; and it shall be the duty of said officer to account for and cause to be paid to the salary fund created for such officer all such commissions and fees when paid by the State in like manner as for costs collected from private parties; provided further, that such warrants issued by the State Comptroller of Public Accounts shall be made payable jointly to the officer in office at the date of payment and to the county treasurer, and that upon endorsement thereof such warrants shall be deposited forthwith by said county treasurer in the salary fund created for such officer.

If such expenses be incurred in connection with any particular case, such claim shall state such case. All such claims shall be subject to the audit of the county auditor; and if it appears that any item of such expense was not incurred by such officer, or such item was not a necessary expense of office, or such claim is incorrect or unlawful, such item shall be by such auditor rejected, in which case the correctness, legality, or necessity of such item may be adjudicated in any Court of competent jurisdiction. Provided, the Assessor and Collector of Taxes shall be authorized in like manner annually to incur and pay for insurance premiums in a reasonable sum for policies to carry insurance against loss of funds by fire, burglary, or theft.

At the close of each month of the tenure of his office, each officer named herein shall make as a part of the report required by Subsection (o) of this Section an itemized and sworn statement of all expense claims paid during said month. And said report shall give the name, position, and amount paid to each authorized employee of such officer. Such deputies, assistants, clerks, or other employees as well as expenses shall be paid from the Officers' Salary Fund in cases in which the officer is on a salary basis, and from fees earned and collected by such officer in all cases in which the officer is compensated on a basis of fees earned by him.

The Commissioners Court may allow, upon the written and sworn application of the sheriff showing the necessity therefor, one or more automobiles to be used by the sheriff or his deputies in the discharge of his official duties, which, if purchased by the county, shall be bought in the manner prescribed by law for the purchase of supplies, and shall be paid for out of the Officers' Salary Fund, and said automobiles shall be and remain the property of the county. The expense of operating and maintaining said automobile shall be paid in the manner and subject to the provisions herein provided for other expense items. The Commissioners Court by an order entered of record may make provision for payment of depreciation upon automobiles owned personally by the sheriff or his deputies.

The Commissioners Court may, upon the written and sworn application of the District Attorney or Criminal District Attorney stating the necessity therefor, allow one or more automobiles to be used by him in the discharge of his official duties, which if purchased shall be bought by the county in the manner prescribed by law for the purchase of supplies and paid for

out of the Officers' Salary Fund, and they shall be and remain the property of the county. The amount to be expended for the purchase of an automobile or automobiles shall not exceed the sum of One Thousand, Two Hundred Dollars (\$1,200) for the first year, and shall not exceed the sum of Five Hundred Dollars (\$500) for any year thereafter. The expense of the maintenance and operation of such automobile or automobiles as may be allowed shall be paid for by the District Attorney or the Criminal District Attorney from the Officers' Salary Fund, and the amount thereof shall be reported in detail by the District Attorney or the Criminal District Attorney on his monthly report, as is required by this Section in reporting expenses incurred by him in the conduct of his office. Such expense account for the maintenance and operation of such automobile or automobiles shall be subject to audit as hereinabove provided.

(m) All moneys drawn from said Officers' Salary Funds shall be paid out only on warrants approved by the county auditor. No warrants shall be drawn on said fund in favor of any person indebted to the State, county, or to said fund or in favor of his agent or assignee until such debt is paid, when notice of such indebtedness has been filed with the county auditor.

All moneys remaining in any Officers' Salary Fund of the county at the end of any fiscal year after all salaries and authorized expenses incurred against said fund for said year shall have been paid and the accounts of said officer have been audited and approved by the county auditor shall be by order of the Commissioners' Court transferred by warrant issued by the county clerk when approved to the credit of the general fund of the county.

(n) Each district, county and precinct officer shall keep a correct detailed statement of all amounts earned by him and of sums coming into his hands as fees, costs, and commissions, in a book to be provided for him by the proper authorities of the county for that purpose in which the officer at the time when fees or moneys are earned or shall come into his hands shall enter the same in such form as may be lawfully required.

(o) The fiscal year, within the meaning of this Section, shall begin on January 1st of each year; and each district, county, and precinct officer shall file his annual report and make the final settlement required in this Act by January 15th of each year; provided, however, that officers receiving an annual salary as compensation for their services shall on or before the fifth day of each month file with the county auditor on forms prescribed by him and as part of the report required by subsec-

tion l of this Section, a detailed and itemized report of all fees, commissions, and compensations collected by him during the preceding month, and shall forthwith pay into the Officers' Salary Fund for his office, all fees, commissions, and compensations collected by him during said month. Whenever such officer serves a fractional part of the fiscal year, he shall, nevertheless, file his report and make final settlement for such part of the year as he serves and shall be entitled to such proportionate part of his compensation as the time of his service bears to the entire year.

(p) It shall be the official duty of each clerk of the district and county courts and of all justices of the peace to require at the commencement of any civil suit adequate security for costs; provided a pauper's oath may be filed and contested as provided by law. No district, county or precinct officer shall under the penalties now provided by law waive any fees or costs but it shall be the duty of all officers to assess and collect all fees and commissions which they are permitted or directed by law to assess and collect for services performed by them. Where any officer receives a salary payable from the salary fund created for such officer all fees, commissions, and other compensation received by him in his official capacity shall be by him deposited and paid monthly, or oftener, into the salary fund created for such officer, and such remittance shall be accompanied by his official report thereof, as provided for in this Section.

(q) Each district, county, and precinct officer, at the close of each fiscal year (December 31st), shall make to the district court of such county a sworn statement in triplicate (on forms designed and approved by the State Auditor), a copy of which statement shall be forwarded to the State Auditor by the clerk of the district court of said county within fifteen (15) days after the same has been filed in his office, and one (1) copy shall be filed with the county auditor. Said report shall show the amount of all fees, commissions, and compensations whatever earned by said officer during the fiscal year; and the amount of fees, commissions, and compensations collected by him during the fiscal year and their disposal. Said report shall contain an itemized statement of all fees, commissions, and compensations earned during the fiscal year which were not collected, together with the style of the case and number, the name of the party owing said fees, commissions, and compensations, the nature of the security for costs, and the reason for non-collection. Said report shall show the names of the deputies and assistants employed by him during the year, the time served, and the amount paid or to be paid each. Said report shall be filed not later than Febru-

ary 1, following the close of the fiscal year. For failure to file said report said officer shall be subject to removal from office. The county auditor shall audit such report and file his report with the Commissioners Court, and said county auditor also shall prepare and file with the district or criminal district attorney a detailed report of all fees, commissions, and compensations uncollected which have been due and payable to any officer of the county for a period of more than six (6) months; and a similar report of all fees, commissions, and compensations collected by said officers and not reported by them and a list of cases filed since January 1, 1936, in which any county or district clerk or justice of the peace has not taken adequate security for costs or required a pauper's oath. **County Treasurer and Assistants**

Sec. 2. The County Treasurer in such counties shall have one assistant at a reasonable salary, to be determined by the Commissioners Court, not exceeding that allowed assistants or deputies of other officers, and the Commissioners Court of such counties may allow one additional assistant upon adequate written sworn proof of necessity therefor for a limited emergency period at a reasonable salary to be determined by the Commissioners Court. Said assistants shall be appointed in the same manner as the assistants of other officers and subject to the same legal requirements. The particulars justifying such appointment shall be placed before the Commissioners Court, which is authorized to make full inquiry into the necessity for such appointment. Upon approval

by the Commissioners Court of such appointment, it shall be recorded in the minutes of the court, and thereupon such person may act for the County Treasurer during such periods of absence, detention, incapacity, or inability to act; provided, however, that such appointment shall not become effective until such named person shall have given such additional surety bond in favor of the county and the County Treasurer, as their interests appear, in such amount or amounts as the Commissioners Court may in its order require, and provided any person named other than a regularly appointed assistant shall receive no salary from the county.

Commissioners Court, Authority as to Appointments, Salaries, Etc.; Applications for Increases in Salaries; Hearing

Sec. 3. The provisions of this Act shall not apply where the laws in effect on January 1, 1945, in such counties place no limit upon the salaries authorized for deputies, assistants, employees or department heads; and it shall apply only to those salaries or compensations of deputies, assistants, employees or department heads on which the laws in effect January 1, 1945, placed a fixed limit.

The Commissioners Court of counties coming within the terms of this Act may continue to appoint or approve the appointment of deputies, assistants, employees or department heads and fix their salaries where such matters come within its jurisdiction, and may continue in the manner provided by law to approve the number and fix or approve the salaries of deputies, assistants, employees or department heads legally appointed by county or flood control district officials or department heads within the limitations of number and amount of salaries now or hereafter fixed by law.

All such applications shall be acted upon in open court at such public hearing, and any citizen or taxpayer may appear in favor of or in opposition to such application. Such hearing may be continued by the court from day to day. If, after such hearing, the court be of the opinion that such application should be granted in whole or in part, it shall have authority to grant, or authorize the grant of, an increase in salary of any deputy, assistant, employee or department head appointed by the

court, or under its authority, or appointed by any other elected or appointed officials, or department heads, in such sum as the court may in its discretion determine without regard to existing limitations of amounts: provided, however, that the amount so allowed or the total amount so allowed when added to funds previously budgeted shall not create any deficit for the current year in any fund, or create an obligation against future revenues; provided further, such increases shall not become effective until approved by the County Auditor and he shall have affixed his certificate to the application that funds are, or will be, available for payment thereof when due.

**Regulations, Hours of Work, Vacations, Sick Leaves**

Sec. 4. **Budget Adjustments or Revisions; Notice; Hearing**

Sec. 5. In all cases where the appointment of any deputy, assistant, or employee, or the fixing of any salary, or the approval thereof by the Commissioners Court and the County Auditor shall make necessary an adjustment in the previously adopted budget of such counties, such adjustment or revision may be made to the extent and in the manner made necessary by the appointment and increase or approval of any salaries of any such deputies, assistants, employees or department heads, or by any increase in salary of any officials herein authorized; provided, that in case of necessity to amend any previously adopted budget, it shall be done only upon submission to the Commissioners Court of a supplemental budget by the County Auditor as Budget Officer of the county which shall be advertised and set for hearing in the same manner as for adoption of the original county or flood control district budget for the year. (3) three residents of the county selected as provided by Subsection (c) of this Section; or if one person holds more than one of the offices described in Subdivision (2) of this subsection or if one or more of those offices is not filled in the county, a number sufficient to establish the total voting membership of the committee at nine members.

(c) The public members of the committee shall be selected at the meeting of the commissioners court held on the second Monday in January of each year. Before that meeting, the clerk of the commissioners court shall prepare slips with a name on each slip corresponding to the names of all persons who served on grand juries in the county during the preceding calendar year. At the meeting, the slips shall be folded, placed in an appropriate receptacle, mixed, and drawn at random by the county judge until he has drawn a number equal to the number of public members required to constitute the committee. The county judge shall then announce the names on the slips drawn, and those persons shall be deemed appointed to the committee on acceptance submitted in writing to the clerk. If any person refuses or is unable to serve, a replacement shall be selected at the next regular or called meeting of the commissioners court by random selection of a slip from the remaining slips containing the names of grand jurors for the preceding year, with the process repeated as necessary to constitute the required membership of the committee. The public members of the committee shall serve for the year ending with the appointment of their successors the following January. A vacancy in the public membership of the committee shall be filled for the unexpired portion of the term by random selection of a slip from the remaining slips at a meeting of the commissioners court.

(d) Any elected county or precinct officer who is aggrieved by the setting of his salary,

expenses, or other allowance by the commissioners court may request a hearing before the committee. The request shall be in writing, shall state the manner in which he is aggrieved, and shall be delivered to the chairman of the committee. The chairman shall announce the time and place of the hearing, which shall be within 30 days after receipt of the request. If, after a hearing, the committee by a vote of six of its voting members decides to recommend a change in the salary, expenses, or other allowance of the person requesting the hearing, it shall prepare its recommendation in writing and deliver it to the commissioners court, which shall consider the recommendation at its next meeting. A written recommendation signed by all nine members and delivered to the commissioners court becomes effective without the action of the commissioners court on the first day of the month following its delivery to the commissioners court.

If a judicial district is composed of more than one county, each county shall pay a portion of the salary equal to the proportion that its population bears to the total population of the judicial district.

(b) Any increase in the salary of a shorthand reporter to become effective in 1972 or any subsequent calendar year must be ordered by the judge, and the order submitted to the commissioners court of each county in the district, not later than September 1 immediately preceding the adoption of the county budget for the following year. A commissioners court in its discretion may allow an extension of this time limit.

(c) An official shorthand reporter may not be paid a salary more than 10 percent in excess of the salary paid to him during the preceding budget year, except with the approval of the commissioners court of each county in the judicial district.

(d) A person initially appointed to succeed an official shorthand reporter may be paid a salary not to exceed the salary paid to the person he succeeds.

**Art. 4346a. Cancellation of Unneeded Bonds of Public Corporations**

Sec. 1. Terms used in this Act, unless provided herein to the contrary, shall have the following meanings:

"Public Corporations" shall include counties, cities, districts, authorities, non-profit corporations, public agencies, and all other entities authorized by law to issue bonds which are to be registered in the office of the Comptroller of Public Accounts.

"Comptroller" means the Comptroller of Public Accounts of the State of Texas.

"Registered or unregistered bonds of any Public Corporation which have been left in and still remain in the office of the Comptroller may be considered as 'unneeded' after the expiration of five years from the date of the bonds."

Sec. 2. It shall be the duty of the Comptroller, from time to time, to cancel by perforation all unneeded bonds and to return them by mail, express or freight, to the respective issuers, at the expense of such issuers. Provided, that not less than thirty days before he shall thus cancel unneeded bonds of a Public Corporation he shall give notice, by registered or certified mail, to such Public Corporation of the proposed cancellation. Such notice shall be addressed in accordance with the latest information available in the office of the Comptroller, and if the Comptroller receives advice that the written notice is undeliverable because such Public Corporation is no longer in existence, or for any other reason, he shall, in like manner and for a like thirty day period of time, notify the county judge of the county in which the Public Corporation was situated, wholly or partially, of such intended cancellation and of such failure of delivery of the ini-

Such Public Corporation or such county judge as the case may be, prior to the date fixed for cancellation, upon written notice and upon execution of a receipt in the form prescribed by the Comptroller may repossess such bonds. Any shipping expense involved in such transaction shall be paid by the Public Corporation involved, or by the county whose county judge shall have acted in its behalf. A permanent record shall be made in the office of the Comptroller of any such cancellation or return of unneeded bonds.

The accounts of the Comptroller shall be annually closed on the last day of August; and he shall exhibit all books, papers, vouchers and all other matters pertaining to his office, for the examination of either branch of the Legislature, or any committee which may be by them appointed, whenever required by them to do so.

[Acts 1925, S.B. 84.]

#### Art. 4348. Statement to Governor

In addition to the reports required by the Constitution, the Comptroller shall exhibit to the Governor, on the first Monday of November of each year, and at such other times as he shall require, an exact and complete statement of the funds of the State, of its revenues, and of the public expenditures during the preceding year (or for such other times as may be required), with a detailed estimate of the expenditures to be defrayed from the Treasury for the ensuing year, specifying therein each object of the expenditures and distinguishing between such as are provided for by general or special appropriation, and such as are required to be provided for by law, and showing the means from which such expenditures are to be defrayed.

[Acts 1925, S.B. 84.]

#### Art. 4348a. Preparation of Financial Statements and Itemized Estimates; Probable Receipts and Disbursements; Committee on State Revenue Estimates

a. In preparing the financial statements and in making the itemized estimates required by Article III, Section 49a of the State Constitution, the Comptroller of Public Accounts shall take into consideration his estimate of the probable receipts and disbursements as of August 31st for the then current fiscal year.

The words "probable receipts" shall mean and include all such moneys estimated by the Comptroller to be received by the State through August 31st of the then current fiscal year; and his financial statements shall show the fund or funds to which such receipts are to be credited.

The words "probable disbursements" shall mean, and the Comptroller shall consider and report under such term, only those payments estimated to be made and warrants which will be issued by the State through August 31st of the then current fiscal year.

In addition thereto, for the information of the Governor and the Legislature the Comptroller shall list other outstanding appropriations which may exist after the end of the then current fiscal year, but they shall not be deducted from the cash condition of the Treasury or the anticipated revenues of the next biennium for the purpose of certification.

It is the Legislative intent that the Comptroller's reports, estimates, and certifications of available funds in each instance shall be based upon the actual or estimated cash condition of the State Treasury and that outstanding and undisbursed appropriations at the end of each biennium shall be considered as probable disbursements of the succeeding biennium in the same manner that earned but uncollected income of a current biennium is considered in probable receipts of the succeeding biennium. The provisions of this Act shall be immediately effective and the Comptroller shall revise his current report and estimates in accordance therewith.

b. In carrying out the duties imposed upon the Comptroller of Public Accounts by Section 49a of Article III of the Constitution of the State of Texas, the Comptroller shall, in submitting to the Legislature and the Governor estimates of anticipated revenues, set forth in his estimate report the detailed calculations and all other pertinent information considered by him in arriving at such estimates.

Such estimate shall be immediately filed with the Governor, who shall thereupon carefully examine the same and approve or disapprove the same in whole or in part. When such deficiency claim, or any part thereof, has been so approved by the Governor he shall indorse his approval thereon, designating the amount and items thereof approved and the items disapproved, and file same with the Comptroller; and the same shall be authority for the Comptroller to draw his deficiency warrant for so much thereof as may be approved; but no claim, or any part thereof, shall be allowed or warrants drawn therefor by the Comptroller, or paid by the Treasurer, unless such estimate has been so approved and filed. If there is a deficiency appropriation sufficient to meet such claims, then a warrant shall be drawn therefor and the same shall be paid; but, if there is no such appropriation, or if such appropriation be so exhausted that it is not sufficient to pay such deficiency claim, then a deficiency warrant shall issue therefor; and such claim shall remain unpaid until provision be made therefor at some session of the Legislature thereafter. The provisions of this article shall not apply to fees and dues for which the State may be liable under the general laws. The initials of the person checking the warrant with the claim shall be written on both the warrant and the claim, and the warrant together with the claim upon which it is based shall be passed to the Comptroller for his signature or the signature of such person as may be authorized by law to sign the same in his stead; and such warrant

If, during any school year, there shall be on hand in said "Flood Area School and Road Fund" any moneys which may be distributable to any school district, the Comptroller of Public Accounts may in his discretion, upon application of such school district or districts, make a distribution of such funds upon any dates other than those above fixed, as may be determined by him.

[Acts 1947, 50th Leg., p. 503, ch. 297; Acts 1973, 63rd Leg., p. 38, ch. 26, § 1, eff. April 9, 1973.]

Declaration of Public Policy

Sec. 1. The Legislature finds that the federal government has established and continues to establish grant programs of direct assistance to cities, counties, school districts, hospital districts and other political subdivisions of the state and political subdivisions of the county, and that, due to the large number of such local governmental agencies in this state and that the lack of coincidence of service needs and taxing power within such local jurisdictions, it is frequently difficult for local government to marshal the technical and financial resources needed to meet the needs of its residents. The governing body of any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county which has requested the governor or the state agency designated by the governor for such purpose to stand in its place and stead may by order or resolution revoke such request under any authority delegated thereby to the governor or the state agency established for such purpose.

Whenever the governing body of any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county has requested the Governor of the State of Texas or the state agency established for such purpose to stand in the place and stead of such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county, all applications for federal grants designated by such local governing body shall be submitted to the governor or such agency of the state established for such purpose. The governor or such state agency shall approve or disapprove grants outlined in the request by the local governing body whenever any federal financial assistance, grant, loan or contract which would accrue to such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county under any existing federal assistance program is withheld from any such local governmental unit or if payment is deferred because of any action by any agency of the federal government in connection with the federal financial assistance

If, within 20 days after the personal service of such notice or such notice has been deposited in the United States mail, such person has not made a written request to the Department for this administrative hearing, the Department is authorized to suspend or revoke the commercial driver-training school's, branch office's, supervisory driver-training instructor's, or driver-training instructor's license without a hearing. The Department shall be represented in such appeals by the district or county attorney of the county, or the Attorney General, or any of their assistants. Sec. 46A. The board by rule may adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, registration fees payable on December 31 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable.

**Activity During Suspension of License**

Sec. 47. A suspended license is subject to expiration and shall be renewed as provided in this Act, but such renewal does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or in any other activity or conduct in violation of the order of judgment by which the license was suspended.

**Reinstatement of a Revoked License**

Sec. 48. A revoked license is subject to expiration as provided in this Act, but it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition precedent to its reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.

Sec. 50. Any person aggrieved by any action of the Board in denying an application for a license, or in revoking a license, or in suspending a license, or in taking any disciplinary action with respect to a license under this Act, shall have the right to appeal such action or such decision to the District Court of the county of his residence, and the filing of such appeal in the District Court shall stay the effect

of such action or decision until decided by the court. In all appeals prosecuted in any of the courts of this state pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from Justice of the Peace Courts to County Courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act. The Legislature hereby specifically declares that the provisions of this section shall not be severable from the balance of this Act, and further specifically declares that this Act would not have been passed without the inclusion of this section. If this section, or any part thereof, is for any reason ever held by any court to be invalid, unconstitutional or inoperative in any way, such holding shall apply to this entire Act, and in such event this entire Act shall be null, void and of no force and effect.

**Severability Clause**

Sec. 51. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

[Acts 1969, 61st Leg., p. 1807, ch. 610, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 2835, ch. 929, §§ 1 to 23; eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 280, ch. 130, § 1, eff. Aug. 27, 1973; Acts 1973, 63rd Leg., p. 627, ch. 266, § 17, eff. June 11, 1973.]

- (6) who is a graduate of a polygraph examiners course approved by the board and has satisfactorily completed not less than six months of internship training, provided that if the applicant is not a graduate of an approved polygraph examiners course, satisfactory completion of not less than 12 months of internship training may satisfy this subdivision; and
- (7) who has passed an examination conducted by the board, or under its supervision, to determine his competency to obtain a license to practice as an examiner.

(8) Prior to the issuance of a license, the applicant must furnish to the board evidence of a surety bond or insurance policy. Said surety bond or insurance policy shall be in the sum of \$5,000.00 and shall be conditioned that the obligor therein will pay to the extent of the face amount of such surety bond or insurance policy all judgments which may be recovered against the licensee by reason of any wrongful or illegal acts committed by him in the course of his examinations.

**Acquisition of License by Present Examiners**

Sec. 9. On the effective date of this Act, any person who held a license issued by the Board established or attempted to be established by Acts, 1965, 59th Leg., R.S., Ch. 441, p. 888, and whose license was in effect on the date on which said Act was held invalid, shall be automatically licensed hereunder until such date as his license under the Act aforesaid has expired and thereafter may renew his license on payment of the fee herein provided. The applicant must also satisfy the provisions of Section 8(8) of this Act.

**Applications for Original License**

Sec. 10. Applications for original licenses shall be made to the secretary of the board in writing under oath on forms prescribed by the board and shall be accompanied by the required fee, which is not refundable. Any such application shall require such information as

in the judgment of the board will enable it to pass on the qualifications of the applicant for a license.

**Non-Resident Applicants**

Sec. 11. (a) Each non-resident applicant for an original license or a renewal license shall file with the board an irrevocable consent that actions against said applicant may be filed in any appropriate court of any county or municipality of this state in which the plaintiff resides or in which some part of the transaction occurred out of which the alleged cause of action arose and that process on any such action may be served on the applicant by leaving two copies thereof with the secretary. Such consent shall stipulate and agree that such service or process shall be taken and held to be valid and binding for all purposes. The secretary of the board shall send forthwith one copy of the process to the applicant at the address shown on the records of the board by registered or certified mail.

(b) Non-resident applicants must satisfy the requirements of Section 8 of this Act.

**Applicant with Out-of-State License**

Sec. 12. An applicant who is a polygraph examiner licensed under the laws of another state or territory of the United States may be issued a license without examination by the board, in its discretion, upon payment of a fee of \$60 and the production of satisfactory proof that

- (1) he is at least 21 years of age; and
- (2) he is a citizen of the United States; and
- (3) he is of good moral character; and
- (4) the requirements for the licensing of polygraph examiner in such particular state or territory of the United States were at the date of the applicant's licensing therein substantially equivalent to the requirements now in force in this state; and
- (5) the applicant had lawfully engaged in the administration of polygraph examinations under the laws of such state or territory for at least two years prior to his application for license hereunder; and
- (6) such other state or territory grants similar reciprocity to license holders of this state; and
- (7) he has complied with Section 11 of this Act.

**Internship License**

Sec. 13. (a) Upon approval by the board, the secretary shall issue an internship license to a trainee provided he applies for such license and pays the required fee within ten days prior to the commencement of his internship. The application shall contain such information as may be required by the board.

(b) An internship license shall be valid for the term of 12 months from the date of issue.

Such license may be extended or renewed for any term not to exceed 6 months upon good cause shown to the board.

(c) A trainee shall not be entitled to hold an internship license after the expiration of the original 12 month period and 6 month extension, if such extension is granted by the board, until 12 months after the date of expiration of the last internship license held by said trainee.

#### Examination and License Fees

Sec. 14. (a) The fee to be paid by an applicant for an examination to determine his fitness to receive a polygraph examiner's license is \$20, which is not to be credited as payment against the license fee.

(b) The fee to be paid for an original polygraph examiner's license is \$60.

(c) The fee to be paid for an internship license is \$30.

(d) The fee to be paid for the issuance of a duplicate polygraph examiner's license is \$10.

(g) The fee to be paid for a duplicate internship license is \$10.

(h) The fees required by this Act may be paid by the governmental agency employing the examiner.

#### Display of License and Signature Thereon

Sec. 15. A license or duplicate license must be prominently displayed at the place of business of the polygraph examiner or at the place of internship. Each license shall be signed by the board members and shall be issued under the seal of the board.

#### Change of Business Address

Sec. 16. Notice in writing shall be given to the secretary by the licensed examiner of any change of principal business location within 30 days of the time he changes the location. A change of business location without notification to the secretary shall automatically suspend the license theretofore issued.

#### Termination and Renewal of Examiner's License

Sec. 17. Each polygraph examiner's license shall be issued for the term of one year and shall, unless suspended or revoked, be renewed annually as prescribed by the board. A polygraph examiner whose license has expired may at any time within two years after the expiration thereof obtain a renewal license without examination by making a renewal application therefor and satisfying Section 8(2), (3), and (4). However, any polygraph examiner whose license expired while he was in the federal service on active duty with the armed forces of the United States, or the national guard called into service or training, or in training or education under the supervision of the United States preliminary to induction into the mili-

tary service, may have his license renewed without examination if within two years after termination of such service, training, or education except under condition other than honorable, he furnishes the board with an affidavit to the effect that he has been so engaged and that his service, training, or education has been so terminated. Section 8(2), (3), and (4) of this Act must also be satisfied.

#### Expiration Dates of Licenses; Proration of Fees

Sec. 17A. The board by rule may adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date in effect at the time the rule is adopted shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

#### License Required to Maintain Suit

Sec. 18. No action or counterclaim shall be maintained by any person in any court in this state with respect to any agreement or service for which a license is required by this Act, or to recover the agreed price or any compensation under such agreement, or for such services for which a license is required by this Act without alleging and proving that such person had a valid license at the time of making such agreement or performing such services.

#### Refusal, Suspension, Revocation—Grounds

Sec. 19. The board may refuse to issue or may suspend or revoke a license on any one or more of the following grounds:

(1) for failing to inform a subject to be examined as to the nature of the examination;

(2) for failing to inform a subject to be examined that his participation in the examination is voluntary;

(3) material misstatement in the application for original license or in the application for any renewal license under this Act;

(4) wilful disregard or violation of this Act or of any regulation or rule issued pursuant thereto, including, but not limited to, wilfully making a false report concerning an examination for polygraph examination purposes;

(5) if the holder of any license has been adjudged guilty of the commission of a felony or a misdemeanor involving moral turpitude;

(6) making any wilful misrepresentation or false promises or causing to be printed any false or misleading advertisement for the purpose of directly or indirectly obtaining business or trainees;

(7) having demonstrated unworthiness or incompetency to act as a polygraph examiner as defined by this Act;

(8) allowing one's license under this Act to be used by any unlicensed person in violation of the provisions of this Act;

(9) wilfully aiding or abetting another in the violation of this Act or any regulation or rule issued pursuant thereto;

(10) where the license holder has been adjudged as habitual drunkard or mentally incompetent as provided in the Probate Code;

(11) failing, within a reasonable time, to provide information requested by the secretary as the result of a formal complaint to the board which would indicate a violation of this Act; or

(12) failing to inform the subject of the results of the examination if so requested.

**Violation by One Examiner or Trainee Not To Affect Employer**

Sec. 20. Any unlawful act or violation of any of the provisions of this Act on the part of any polygraph examiner or trainee shall not be cause for revocation of the license of any other polygraph examiner for whom the offending examiner or trainee may have been employed, unless it shall appear to the satisfaction of the board that the polygraph examiner-employer has wilfully or negligently aided or abetted the illegal actions or activities of the offending polygraph examiner or trainee.

**Registration of Examiners With County Clerks**

Sec. 21. Each polygraph examiner shall register with the county clerk in the county wherein he maintains a business address. The county clerk of each county shall maintain a list of all polygraph examiners registered in his county.

**Board Hearing**

Sec. 22. (a) When there is cause to refuse an application or to suspend or revoke the license of any polygraph examiner, the board shall, not less than 30 days before refusal, suspension, or revocation action is taken, notify such person in writing, in person or by certified mail at the last address supplied to the board by such person, of such impending refusal, suspension, or revocation, the reasons therefor, and of his right to an administrative hearing for the purpose of determining whether or not the evidence is sufficient to warrant the refusal, suspension, or revocation action proposed to be taken by the board. If, within 20 days after the personal service of such notice or such notice has been deposited in the United States mail, such person has not made a written request to the board for this administrative hearing, the board is authorized to suspend or revoke the polygraph examiner's license of such person without a hearing. Upon receipt by the board of such written request of such person within the 20 day period as set out above, an opportunity for an administrative hearing shall be afforded as early as is practicable. In no case shall the hearing be held

less than 10 days after written notification thereof, including a copy of the charges, shall have been given the person by personal service or by certified mail sent to the last address supplied to the board by the applicant or licensee. The administrative hearing in such cases shall be before the board.

(b) The board shall conduct the administrative hearings and it is authorized to administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books, papers, documents, etc. On the basis of the evidence submitted at the hearing, the board shall take whatever action it deems necessary in refusing the application or suspending or revoking the license.

**Judicial Review**

Sec. 23. Any person dissatisfied with the action of the board in refusing his application or suspending or revoking his license, or any other action of the board, may appeal the action of the board by filing a petition within 30 days thereafter in the district court in the county where the person resides or in the district court of Travis County, Texas. In all appeals prosecuted in any of the courts of this state pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from justice of the peace courts to county courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act. The Legislature hereby specifically declares that the provisions of this section shall not be severable from the balance of this Act, and further specifically declares that this Act would not have been passed without the inclusion of this section. If this section, or any part thereof, is for any reason ever held by any court to be invalid, unconstitutional or inoperative in any way, such holding shall apply to this entire Act, and in such event this entire Act shall be null, void and of no force and effect.

**Surrender of License**

Sec. 24. Upon the revocation or suspension of any license, the licensee shall forthwith surrender the license or licenses to the secretary; failure of a licensee to do so shall be a violation of this Act and upon conviction, shall be subject to the penalties hereinafter set forth. At any time after the suspension or revocation

of any license, the secretary shall restore it to the former licensee, upon the written recommendations of the board.

#### Proceedings Through the Attorney General

Sec. 25. If any person violates any provisions of this Act, the secretary shall, upon direction of a majority of the board, in the name of the State of Texas, through the Attorney General of the State of Texas, apply in any district court of competent jurisdiction, for an order enjoining such violation or for an order enforcing compliance with this Act. Upon the filing of a verified petition in the court, the court or any judge thereof, if satisfied by affidavit or otherwise that the person has violated this Act, may issue a temporary injunction, without notice or bond, enjoining such continued violation and if it is established that the person has violated or is violating this Act, the court, or any judge thereof, may enter a decree perpetually enjoining the violation or enforcing compliance with this Act. In case of violation of any order or decree issued under the provisions of this Section, the court, or any judge thereof, may try and punish the offender for contempt of court. Proceeding under this Section shall be in addition to, and not in lieu of, all other remedies and penalties provided by this Act.

#### Penalties

Sec. 26. Any person who violates any provision of this Act or any person who falsely states or represents that he has been or is a polygraph examiner or trainee or that he is qualified to apply instrumentation to the detection of deception or verification of truth of statements shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$100 nor more than \$1,000 or by imprisonment in the county jail for a term of not to exceed six months, or both.

#### Admissibility of Results as Evidence

Sec. 27. Nothing in this Act shall be construed as permitting the results of truth examinations or polygraph examinations to be introduced or admitted as evidence in a court of law.

#### Validating Clause

Sec. 28. All acts and governmental proceedings performed by the Polygraph Examiners Board and its officers since the creation or attempted creation of such Board by Acts, 1965, 59th Leg., R.S., Ch. 441, p. 888, are hereby in all respects validated as of the date of such acts or proceedings.

#### Savings Clause

Sec. 29. The provisions of this Act are severable. If any provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act and the application of such provisions to other persons or circumstance shall not be affected thereby.

#### Emergency Clause

Sec. 30. The fact that Acts, 1965, 59th Leg., R.S., Ch. 441, p. 888, has been held by the Texas Supreme Court to be invalid solely because of a defect in the caption to the bill and that this state will have no law licensing and regulating the use of lie detection or polygraph examination techniques and instruments by reason of said decision, and that untrained and unlicensed examiners, and examiners using inadequate techniques and equipment cause great harm to the general public, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and this Rule is hereby suspended; and that this Act take effect and be in force from and after its passage, and it is so enacted.

[Acts 1969, 61st Leg., p. 2504, ch. 839, eff. June 18, 1969; Acts 1973, 63rd Leg., p. 628, ch. 266, § 23, eff. June 11, 1973.]

Acts 1965, 59th Leg., p. 888, ch. 441 enacted a polygraph examiners act, classified as article 2615f-2. Said Act was held unconstitutional by Fletcher v. State (Sup. 1969) 439 S.W.2d 656, on ground of insufficiency of the title of the Act under Const. art. 3, § 35.

Acts 1969, 61st Leg., p. 2504, ch. 839 was editorially classified as article 2615f-3 and subsequently re-classified as this article.

Persons entitled to preference under this Act shall not be disqualified from holding any position or employment hereinbefore mentioned on account of age or by reason of any service-connected disability, provided such age or disability does not render him or her incompetent to properly and capably perform the duties of the position or employment applied for. In all public departments, commissions, boards and other governmental agencies and public works of this State which now require or may hereafter require a competitive examination under a Merit System or Civil Service Plan of either or both selecting and promoting employees, such person who is otherwise eligible and qualified for and entitled to preference under this Act, who shall have been so examined and shall have attained at least the minimum required score for such test or tests, shall have a service credit amounting to ten (10) points added to the earned rating, and a service credit amounting to five (5) additional points shall be added to the earned rating of each such person who has a service-connected disability which has been or may be established by official records, which records such disa-

In any public departments, commissions, boards, governmental agencies and public works of this State where competitive examinations for such purposes are not now or hereafter held, those entitled to preference under this Act having such service-connected disability so to be established and proof of the existence thereof furnished as hereinbefore provided, shall be entitled to preference for employment or appointment over all other applicants for the same position without any such disability and having no greater qualifications.

#### Veterans Receiving Military Retirement Pay; Inapplicability of Act

Sec. 3(a). The veteran's preference authorized under this Act shall not apply to veterans who are receiving or who are entitled to receive military retirement pay, other than disability retirement pay, from the United States of America.

#### Investigation as to Qualifications

When any person entitled to preference under Section 1 of this Act shall apply for appointment or employment under this Act, the officer, executive head of the department or person or persons whose duty it is to appoint or employ some person to fill the position or employment applied for, shall, before appointing or employing any one to fill such position or employment, make an investigation as to the qualifications of such applicant for such position or employment, and if the applicant is a person of good moral character, and can perform the duties of the position or employment applied for as hereinabove provided, such officer, head of department, or other person or persons having the appointive duty and power shall appoint or employ the applicant to such position or employment. Provided, however, that the provision of this Section shall not be operative if the said department, board, commission, governmental agency or public works shall have in its employment at the time the percentage required under Section 2 hereof of those entitled to preference under this Act.

#### Federal Grants

Sec. 5. If any provision of this Act shall be found to be in conflict with the Federal Laws, or any limitations fixed by Federal grants of funds to the public departments or governmental agencies, this Act shall be so construed as to operate to the extent only with reference to such Federal grants as it may be found to be in harmony therewith, and shall be in force with reference to said funds, to the extent of its harmonious provisions, and no further.

**Repeal; Act as Cumulative**

Sec. 8. Senate Bill No. 190, Chapter 1 of the Acts of the Forty-sixth Legislature, 1939, Regular Session, is hereby repealed.<sup>1</sup> The provisions of this Act shall be cumulative of all laws on this subject, and whenever the provisions of this Act are in conflict with any existing law or laws on this subject, the provisions hereof in so far as same are in conflict with any existing law or laws, shall govern and control.

- 4413(32a). Interagency Planning Councils.
- 4413(32b). Intergovernmental Cooperation Act.
- 4413(32c). Interlocal Cooperation Act.
- 4413(32d). Cultural Basin Act of 1973.

### Art. 4413(32). Interagency Cooperation Act

**Short Title**

Sec. 1. This Act may be referred to as "The Interagency Cooperation Act."

**Agency Defined**

Sec. 2. When used in this Act the word "agency" includes department, board, bureau, commission, court, office, authority, council, institution, university, college, and any service or part of a State institution of higher education.

**Authority to Contract to Furnish Services; Reimbursement of Cost**

Sec. 3. Any state agency may enter into and perform a written agreement or contract with other agencies of the state for furnishing necessary and authorized special or technical services, including the services of employees, the services of materials, or the services of equipment. The actual cost of rendering the services, or the nearest estimate of the cost that is practicable, shall be reimbursed, except in case of service rendered in the fields of national defense or disaster relief, or in cooperative efforts, proposed by the Governor, to promote the economic development of the state. Provided, however, nothing herein shall authorize any agency to construct any highway, street, road, or other building or structure for any other agency, except as otherwise specifically authorized by existing law, and, except as

to the right of the Texas Highway Department to enter into interagency agreements with any state college or university or public junior colleges providing for the maintenance, improvement, relocation or extension of existing on-campus streets, parking lots and access-ways. Provided, however, no agency shall supply any services, supplies, or materials to another agency which are required by Section 21 of Article 16 of the Constitution of Texas to be supplied under contract given to the lowest responsible bidder.

**Written Agreement or Contract**

Sec. 4. Before any services may be rendered or received, a written agreement or contract shall be entered into, specifying the kinds and amounts of services to be rendered, the bases for calculating reimbursable costs, and the maximum amount of the costs during the time period covered by the agreement. In emergency situations for the defense or safety of the civil population, or in planning and preparation therefor, or in cooperative efforts, proposed by the Governor, for the economic development of the State, or where the amount involved is less than Twenty-five Dollars (\$25), no written contract or advance approval by the Board of Control is required. To be valid, the written agreement or contract must have the advance approval of the administrator of the State agencies which are parties thereto, and of the Board of Control.

**Restrictions on Contracts; Review by Board of Control**

Sec. 5. No agreement or contract may be entered into or performed which will require or permit an agency of the State to exceed its constitutional or statutory duties and responsibilities, or the limitations of its appropriated funds. In reviewing proposed agreements or contracts of the character described in this Act, the Board of Control is authorized and directed to consider the following factors, which shall not be construed to be exclusive:

(a) Whether the services specified are necessary and essential for activities and work that are properly within the statutory functions and programs of the affected agencies of the State Government;

(b) Whether the proposed arrangements serve the interests of efficient and economical administration of the State Government; and

(c) Whether the specified bases for reimbursing actual costs are fair, equitable, and realistic and in conformity with the limitations of funds prescribed in the current appropriations act or other applicable statutes.

**Payments**

Sec. 6. Payments for such services by a receiving agency shall be made from the appropriation items or accounts of the receiving agency from which like expenditures would normally be made, based upon vouchers drawn for this purpose by the receiving agency pay-

able to the furnishing agency. Payments received by the State agency performing the services shall be credited to that State agency's current appropriation items or accounts from which the expenditures of that character were originally made. Payments for intra-agency transactions shall be handled in the same manner as interagency transactions or by interdivisional transfer of funds on the records of the agency concerned, subject to the applicable provisions of the biennial appropriations act.

Summary Included in Board's Annual Report

Sec. 7. A summary of all such agreements or contracts entered into during any fiscal year by State departments or agencies and aggregating over One Hundred Dollars (\$100), including descriptions of the purposes of the agreements or contracts, names of the State agencies involved, time period covered, and amounts of reimbursement, shall be included in the Board of Control's annual report.

[Acts 1953, 53rd Leg., p. 841, ch. 340; Acts 1965, 59th Leg., p. 564, ch. 287, § 1.]

Art. 4413(32a). Interagency Planning Councils

Sec. 1. The imperative need to maximize the prudent use of governmental revenues being self-evident, the Legislature recognizes that planning is a governmental purpose and function of the State and its political and legal subdivisions.

Sec. 2. The Governor is hereby designated the Chief Planning Officer of the State.

Sec. 3. The Governor shall appoint Interagency Planning Councils to coordinate joint planning efforts in the various functional areas of government, and each Council shall be composed of a member of the Governor's Office and the Administrative heads of the several State agencies and departments and institutions of higher education represented on the respective Councils. The Interagency Planning Councils shall represent the areas of natural resources, health, education, and such other areas as may require coordinated planning efforts.

Sec. 4. The Governor shall establish a Division of Planning Coordination within his Office to coordinate the activities of the several Councils, and to serve as a coordinating catalyst by encouraging needed studies and planning efforts. The several Councils may participate jointly in studies providing information common to all planning efforts.

[Acts 1967, 60th Leg., p. 949, ch. 417, eff. Sept. 1, 1967.]

Section 5 of the act of 1967 provided: "If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end, the provisions of this Act are declared to be severable."

### Art. 4413(32d). Cultural Basin Act of 1973

#### Short Title

Sec. 1. This Act may be cited as the Cultural Basin Act of 1973.

#### Findings

Sec. 2. (a) The Legislature of the State of Texas finds that there is an immediate state interest in an efficient and comprehensive system of local, regional, basinwide, and statewide planning, goal-setting, and decision-making processes.

(b) The legislature finds that the problems and opportunities of the state are not accurately reflected by statewide averages. The diversity of the state and its people, their general well-being, and their quality of life varies tremendously.

(c) The legislature finds a need to form an alliance among local citizens and representatives of federal, state, and local government to focus energies, expertise, and funds into an effective mechanism for solving problems and developing opportunities with the appropriate

discretion to meet the diverse needs of all the residents of Texas.

(d) The legislature finds that the efforts by local, state, and federal governments remain fragmented and that current efforts must be orchestrated and redirected to insure that the goals and priority-setting processes are attuned to the needs of local entities and residents of the state.

#### Statement of Purpose

Sec. 3. It is the purpose of this Act to improve the quality of life for the residents of Texas by stimulating orderly economic and socially desirable development and conservation and utilization of the state's human and natural resources. The administrative structure provided by this Act is a partnership of local citizens, local governments, state agencies, and federal agencies and creates a vehicle of change broad enough to plan and operate inter-agency and intergovernmental programs and flexible enough to respond to locally determined needs.

#### Designation of Cultural Basins

Sec. 4. (a) The Governor of Texas is instructed to designate appropriate cultural basins within the State of Texas where

(1) there is a commonality within a geographic area, culturally, historically, and economically;

(2) areas within a county or counties within the proposed area are contiguous; and

(3) grouping of state planning regions can be utilized as building blocks for the formation of such cultural basins.

(b) The governor shall designate at least four cultural basins; however, no more than seven shall be designated to insure economies of scale. Each of three major metropolitan areas should be in separate commissions.

#### Formation of Commissions

Sec. 5. A commission shall be appointed in each cultural basin that is designated by the governor. Each commission shall hold quarterly meetings. Additional meetings may be called by a majority of its members or by the chairman at any time.

#### Membership of Commissions

Sec. 6. The membership of each cultural basin commission shall be appointed by the governor for a term of two years. Cultural basin commission membership shall consist of five local citizens, the chairman or president of each regional council of government within the particular cultural basin, six state agency heads who shall coordinate activities of the commission with all agencies of state government, and representatives of five federal agencies who shall coordinate activities of the commission with all agencies of the federal government.

## Functions of the Commission

Sec. 7. (a) In carrying out the purposes of this Act, each cultural basin commission shall have the following functions with respect to its cultural basin:

(1) to foster surveys and studies to provide data required for the preparation of specific plans and programs for the development of such cultural basins;

(2) to advise and assist the governor in the coordination of regional councils of governments, in order to promote maximum benefits from the expenditure of federal, state, and local funds;

(3) to promote increased private investment in such cultural basins;

(4) to prepare legislative and other recommendations with respect to both short-range and long-range programs and projects;

(5) to develop, on a continuing basis, comprehensive and coordinated plans and programs and establish priorities thereunder, giving due consideration to other federal, state, regional, and local planning in the cultural basin;

(6) to conduct and sponsor investigations, research, and studies including an inventory and analysis of the resources of the cultural basin, and in cooperation with federal, state, regional, and local agencies, sponsor demonstration projects designed to foster cultural basin productivity and growth;

(7) to review and study, in cooperation with the agency involved, federal, state, regional, and local public and private programs and, where appropriate, recommend modifications or additions which will increase their effectiveness in the cultural basin;

(8) to formulate and recommend interstate compacts and other forms of interstate cooperation;

(9) to formulate and recommend international agreements between the United States and Mexico where such agreements have significant impact on the economy or delivery of services to the people of Texas;

(10) to provide a forum for consideration of problems of the cultural basins and proposed solutions and establish and utilize, as appropriate, citizens and special advisory councils and public conferences.

(b) The governor as the commission's chairman shall present such plans and proposals of the commission for review by state agencies primarily interested in such plans and proposals and then, together with the recommendations of such agencies, make selected recommendations to the legislature for such actions as he may deem desirable.

(c) The governor as the commission's chairman shall provide effective and continuing li-

aison between the federal government, state agencies, and all cultural basin commissions.

(d) Each state agency shall, consonant with law and within the limits of available funds, cooperate with such commissions as may be established in order to assist them in carrying out their functions under this section.

(e) Each commission may, from time to time, make additional recommendations to the legislature and to appropriate local officials, with respect to:

(1) the expenditure of funds by federal, state, and local departments and agencies in its cultural basin in the fields of natural resources, agriculture, education, training, health and welfare, transportation, recreation, public works, and other fields related to the purposes of this Act; and

(2) such additional state legislation or administrative actions as the commission deems necessary to further the purpose of this Act.

(f) Nothing in this Act shall be construed to give any cultural basin the power of approval or disapproval of funding to any county, city or regional council of government organization.

## Functions of Commission Members

Sec. 8. (a) In addition to the functions of the commission as stated in Section 7 of this Act, the commission members shall perform the following duties:

(1) Local officials and citizens are charged with the responsibility of establishing local goals and priorities, basin-wide goals and priorities, and making management and policy decisions.

(2) Regional councils of government chairmen and presidents shall coordinate the efforts, programs, goals, and projects of regional councils of governments with those of the cultural basin commission and make management and policy decisions.

(3) State and federal agency representatives are charged with the responsibility of designing programs and allocating funds necessary to implement the goals set by the cultural basin commission. State and federal agencies shall coordinate existing programs and design new state and federal programs through direct contact and communications between local, regional, state, and federal agency representatives on cultural basin commissions.

(b) Whenever possible, existing groups, such as those proposed by The Texas Industrial Commission-Texas Office of Economic Opportunity Selective Economic Development Plan or the local human resources councils shall be used in local goal-setting. Information, studies, and proposed solutions to problems from citizen commissions, such as the Rural Development Commission, shall be utilized.

## Technical and Planning Assistance

Sec. 9. The governor is instructed to provide to the several commissions technical as-

sistance and staff support to aid the commissions in carrying out their functions under this Act and to develop recommendations and programs. Such assistance shall include studies and plans evaluating the needs of, and developing potentialities for, economic growth of such cultural basins, and research on improving the conservation and utilization of the human and natural resources of the cultural basins. Such assistance may be provided by the governor through members of his staff, through the payment of funds authorized for this section to other departments or agencies of state government, through the employment of private individuals, partnerships, firms, corporations, or suitable institutions and contracts entered into for such purposes, or through grants to the commission.

#### Administrative Allocation

Sec. 10. (a) For budgetary purposes, cultural basin commissions shall be attached to and considered part of the governor's office, with necessary expenses of operations to be financed by line-item appropriations made by the legislature to the governor's office for that purpose.

(b) The members of the commission are entitled to receive their actual travel and other necessary expenses in the performance of their duties when not reimbursed from other sources.

(c) The commission may accept gifts and grants of money from any individual, group, association, corporation, or the federal government. Such funds received shall be deposited in the state treasury to be released as appropriated by the legislature in accordance with the specific purpose for which given and under conditions that may be imposed by the donor and in accordance with the annual report or other recommendations of cultural basin commissions.

#### Development Grant

Sec. 11. (a) The legislature shall appropriate a development grant fund. Upon receipt of the cultural basin commission's report as stated in Subsection (b) of Section 7, the legislature may release appropriate development grant funds in block grant form to be used by the particular cultural basin commission in accordance with its annual report, containing recommendations to the legislature for the development of projects, programs, and studies.

(b) In developing recommendations for programs and projects for cultural basins, and in establishing within those recommendations funding and other appropriate actions and a priority ranking for such programs and projects, the governor shall encourage each commission and reviewing state agency to follow procedures that will insure consideration of the following factors:

(1) the relationship of the project or projects to overall cultural basin development including its location in an area de-

termined to have a significant potential for growth;

(2) the population and area to be served by the project or projects including the relative per capita income and the unemployment rates in the area;

(3) the relative financial resources available to the state or political subdivision or instrumentalities thereof which seek to undertake the project;

(4) the importance of the project or projects in relation to other projects or classes of projects which may be in competition for the same funds;

(5) the prospects that the project, on a continuing rather than a temporary basis, will improve the opportunities for employment, the average level of income, or the economic and social development of the area served by the project; and

(6) possible environmental impact.

#### A Pilot Project

Sec. 12. The Greater South Texas Cultural Basin shall be designated by the governor as the first cultural basin. The experience of the Greater South Texas Cultural Basin Commission shall aid in the formulation and development of additional cultural basin commissions statewide.

#### Annual Report

Sec. 13. On or before December 1 of each year, each cultural basin commission shall make in writing a complete and detailed report of its activities and recommendations, consistent with Subsection (b) of Section 7 and Subsections (a) and (b) of Section 11, to the governor and to the presiding officer of each house of the legislature.

#### Severability Clause

Sec. 14. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

#### Expiration Dates of Licenses; Proration of Fees

Sec. 4.01A. The commission by rule may adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable.

#### Dealer Application

Sec. 4.02. (a) The application for a dealer license shall be on a form prescribed by the Commission which shall include information on the applicant's financial resources, business integrity, business ability and experience, franchise agreement, physical facilities for sales and service, parts and accessories, inventory, new vehicle inventory and other factors the Commission considers necessary to determine applicant's qualifications to adequately serve the motoring public.

(b) A license may be renewed annually by filing an application on the forms prescribed which shall keep current the information supplied in the original application and by paying the fees.

(c) A dealer may carry on the business of his dealership at more than one location; however, a separate license shall be required for each separate and distinct dealership as determined by the Commission.

(d) A dealer licensed hereunder shall promptly notify the Commission of a change in ownership, location or franchise of a dealer, or any other matters the Commission may require by rule. If a dealer changes location of all or any part of his dealership to another municipality, a new license must be applied for as in any original application.

#### Manufacturer, Distributor and Representative Application

Sec. 4.03. (a) The application for a manufacturer's, distributor's, or representative's license shall be on a form prescribed by the Commission which form shall contain such information as the Commission deems necessary to fully determine the qualifications of the applicant for a license, including financial resources, business integrity and experience, facilities and personnel for serving dealers and such other information as the Commission considers to be pertinent to safeguard the public interest and welfare.

(b) The applicant for a manufacturer's license shall furnish a list of all distributors, representatives acting for applicant, and all dealers franchised to sell applicant's products in this State and their location and contract term. Thereafter all manufacturers shall advise the Commission within fifteen days of any change in the list of distributors, representatives, and dealers, and this information shall become part of the licensee's application.

(c) Each application for a manufacturer's license shall include an instrument setting forth the terms and conditions of all warranty agreements in force and effect on the products it sells in this State to ascertain the degree of protection afforded the retail purchasers of those products and the obligations of dealers in connection therewith as well as the basis for compensating dealers for labor, parts and other expenses incurred in connection with such manufacturer's warranty agreements. In addition, all manufacturers shall specify on or with the application the delivery and preparation obligations of their dealers prior to delivery of a new motor vehicle to a retail purchaser and the schedule of compensation to be paid to dealers for the work and service performed by them in connection with such delivery.

(d) The application for a distributor license shall disclose the manufacturer for whom the distributor will act, whether the manufacturer is licensed in this State, the warranty covering the vehicles to be sold, the persons in this State who will be responsible for compliance with that warranty, and the nature and terms of the contract under which the distributor will act for a manufacturer. Also, the application must disclose the dealers with whom the distributor will do business. If the distributor is to have any responsibility for warranties, the distributor shall furnish the same information pertaining thereto as is required of a manufacturer. The Commission shall be advised of any change in this information within fifteen days from the date thereof and such new information shall become part of the licensee's application.

(e) A license may be renewed annually by filing an application on the forms prescribed which shall keep current the information supplied in the original application and by paying the fees.

#### Doing Business

Sec. 4.04. The obtaining of a license hereunder shall constitute the doing of business in this State, and if no agent for service of process has been designated by a licensee, the licensee will be deemed to have designated the Secretary of State of Texas as his or its agent for receipt of service of process.

#### Fees

Sec. 4.05. (a) The annual license fees for licenses issued hereunder shall be as follows:

- (1) For each manufacturer and distributor, \$200.00.
- (2) For each dealer who sold more than 200 new motor vehicles during the preceding calendar year, \$50.00.
- (3) For each dealer who sold 200 or less new motor vehicles during the preceding calendar year, \$25.00.
- (4) For each representative, \$25.00.

(b) If any person fails to apply for a license required hereunder or fails to pay a fee within the time specified, such person shall pay as a penalty 50% of the amount of the fee for each thirty days of default.

#### Denial, Revocation or Suspension of License

Sec. 4.06. (a) The Commission may deny an application for a license or revoke or suspend an outstanding license, for any of the following reasons:

- (1) Proof of unfitness of applicant or licensee under standards set out in this Act or in Commission rules.
- (2) Material misrepresentation in any application or other information filed under this Act or Commission rules.
- (3) Willful failure to comply with this Act or any rule promulgated by the Commission hereunder.
- (4) Failure to maintain the qualifications for a license.
- (5) Willfully defrauding any retail buyer to the buyer's damage.
- (6) Willful violation of any law relating to the sale, distribution, financing or insuring of new motor vehicles.
- (7) Any act or omission by an officer, director, partner, trustee or other person acting in a representative capacity for a licensee which act or omission would be cause for denying, revoking or suspending a license to an individual licensee.

(b) The revocation of a license previously held under this Act may be grounds for denying a subsequent application for a license.

(c) The Commission may deny a dealer application to establish a new dealership in a community or metropolitan area where the same line-make of new motor vehicle is then represented by a dealer who is in compliance with his franchise agreement with the manufacturer or distributor, is adequately representing the manufacturer or distributor in that community or metropolitan area in the sale and service of its new motor vehicles, and no good cause is shown for an additional dealer license in the public interest.

(d) The revocation or suspension of a manufacturer or distributor license may be limited to one or more municipalities or counties or any other defined area, or may be revoked or suspended in a defined area only as to certain aspects of its business, or as to a specified dealer or dealers.

(e) No license shall be denied, revoked, or suspended except on order of the Commission after a hearing and the evidence adduced is considered by the Commission at the hearing or by a hearing report. The Commission may inspect the books and records of a licensee in connection with a hearing called or proposed.

## SUBCHAPTER E. PROHIBITIONS

## Dealers

Sec. 5.01. It shall be unlawful for any dealer to:

(1) Require a retail purchaser of a new motor vehicle as a condition of sale and delivery thereof to purchase special features, equipment, parts or accessories not ordered or desired by the purchaser, provided such features, equipment, parts or accessories are not already installed on the new motor vehicle when received by the dealer.

(2) Use false, deceptive or misleading advertising, in connection with any of the business of a dealer, as defined in Section 17.12 of the Business and Commerce Code, as amended.

(3) Fail to perform after complaint and hearing the obligations placed on the selling dealer in connection with the delivery and preparation of a new motor vehicle for retail sale as provided in the manufacturer's preparation and delivery agreements on file with the Commission and applicable to such vehicle.

(4) Fail after complaint and hearing to perform the obligations placed on the dealer in connection with the manufacturer's warranty agreements on file with the Commission.

(5) Operate as a dealer without a currently valid license from the Commission or otherwise violate this Act or rules promulgated by the Commission hereunder.

## Manufacturers; Distributors; Representatives

Sec. 5.02. It shall be unlawful for any manufacturer, distributor or representative to:

(1) Require or attempt to require any dealer to order, accept delivery of or pay anything of value, directly or indirectly, for any motor vehicle, appliance, part, accessory or any other commodity unless voluntarily ordered or contracted for by such dealer.

(2) Refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order to a dealer having a franchise agreement for the retail sale of any motor vehicles sold or distributed by such manufacturer, distributor or representative, any new motor vehicle or parts or accessories to new motor vehicles as are covered by such franchise if such vehicle, parts or accessories are publicly advertised as being available for delivery or are actually being delivered; provided, however, this provision is not violated if such failure is caused by acts of God, work stoppage or delays due to strikes or labor disputes, freight embargoes or other causes beyond the control of the manufacturer, distributor, or representative.

(3) Notwithstanding the terms of any franchise agreement, terminate or refuse to continue any franchise with a dealer unless (A) the dealer and the Commission have received written notice sixty days before the effective date thereof setting forth the specific grounds for termination or noncontinuance and (B) if the dealer files a protest with the Commission, it is established by a preponderance of evidence at a hearing called by the Commission that there is good cause for the termination or noncontinuance. The Commission shall consider all the existing circumstances in determining good cause, including without limitation the dealer's sales in relation to the market, the dealer's investment and obligations, injury to public welfare, adequacy of service facilities, equipment, parts and personnel of the dealer and other dealers of new motor vehicles of the same line-make, whether warranties are being honored, and compliance with the franchise agreement. Good cause shall not be shown solely by a desire for further market penetration. If a franchise is terminated or not continued, another franchise in the same line-make will be established within a reasonable time unless it is shown to the Commission that the community or trade area cannot reasonably support such a dealership. If this showing is made, no dealer license shall be thereafter issued in the same area unless a change in circumstances is shown.

(4) Use any false, deceptive or misleading advertising, as defined in Section 17.12 of the Business and Commerce Code, as amended.

(5) Notwithstanding the terms of any franchise agreement, prevent any dealer from changing the capital structure of his dealership or the means by or through which he finances the operation thereof, provided that the dealer meets any reasonable capital requirements agreed to by contract of the parties.

(6) Notwithstanding the terms of any franchise agreement, fail to give effect to or attempt to prevent any sale or transfer of a dealer, dealership or franchise or interest therein or management thereof unless it is shown to the Commission after hearing that the result of such sale or transfer will be detrimental to the public or the representation of the manufacturer or distributor.

(7) Require or attempt to require that a dealer assign to or act as an agent for any manufacturer, distributor or representative in the securing of promissory notes and security agreements given in connection with the sale or purchase of new motor vehicles or the securing of policies of insurance on or having to do with the operation of vehicles sold.

(8) Fail, after complaint and hearing, to perform the obligations placed on the manufacturer in connection with the delivery, preparation and warranty of a new motor vehicle as provided in the manufacturer's warranty, preparation, and delivery agreements on file with the Commission.

(9) Fail to compensate its dealers for the work and services they are required to perform in connection with the dealer's delivery and preparation obligations according to the agreements on file with the Commission which must be found by the Commission to be reasonable, or fail to adequately and fairly compensate its dealers for labor, parts and other expenses incurred by such dealer to perform under and comply with manufacturer's warranty agreements. In no event shall any manufacturer or distributor pay its dealers a labor rate per hour for warranty work that is less than that charged by the dealer to the retail customers of the dealer nor shall such labor rate be more than the retail rate. All claims made by dealers for compensation for delivery, preparation, and warranty work shall be paid within thirty days after approval and shall be approved or disapproved within thirty days after receipt. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. The dealer's delivery, preparation, and warranty obligations as filed with the Commission shall constitute the dealer's sole responsibility for product liability as between the dealer and manufacturer.

(10) Operate as a manufacturer, distributor, or representative without a currently valid license from the Commission or otherwise violate this Act or rules promulgated by the Commission hereunder.

#### SUBCHAPTER F. ENFORCEMENT

##### Penalty

Any person who violates any provision of this Act or any rule, regulation, or order of the Commission issued pursuant to this Act is subject to a civil penalty of not less than \$50.00 nor more than \$1,000.00 for each day of violation and for each act of violation, as the court may deem proper. #### Creation of Service; Aid to Needy Children Distinguished

Sec. 1. There is hereby created in the State Department of Health a physical restoration service for crippled children under twenty-one (21) years of age. This service shall make provisions for locating, examining and physically restoring crippled children of the State as hereinafter provided. The physical restoration service herein provided for crippled children is separate and distinct from the assistance or aid to needy children.

#### "Crippled Child" Defined; Eligibility

Sec. 2. A crippled child is defined as any person under twenty-one (21) years of age, whose physical functions, movements, or sense of hearing are impaired by reason of a joint, bone, ossicular chain, or muscle defect or deformity, to the extent that the child is or may be expected to be totally or partially incapacitated for education or remunerative occupation. To be eligible for rehabilitation service under this Act, the child's disability must be such that it is reasonable to expect that such child can be improved through hospitalization, medical or surgical care, optometric care, artificial appliances, or through a combination of these services. For the purposes of this Act, a "crippled child" includes a child whose sole or primary handicap is blindness or other substantial visual handicap, but the responsibility for rendering services to a child crippled with blindness or other substantial visual handicap is that of the Commission for the Blind.

#### Powers of Crippled Children's Division; Administration of Properties; Rules and Regulations

Sec. 3. The Crippled Children's Division of the State Department of Health is empowered to take census, make surveys and establish permanent records of crippled children; to procure medical and surgical service for crippled children, provided that only physicians legally qualified to practice medicine and surgery in Texas be employed for purposes of diagnosis and treatment, that not more than the customary minimum fees be paid for such services, and that physicians or surgeons so employed shall be approved by the State Board of Health as qualified to render such service; to select and designate hospitals for the care of crippled children contemplated by this Act, and to take such other steps as may be necessary in order to accomplish the purposes of this Act.

Such appliances, braces and material, being a part of the care and treatment program and necessary to the physical restoration of the individual crippled child as defined in this Act, shall not be considered to be state-owned personal property and shall be excluded from the personal property inventory required of state-owned property; and all such property

including appliances, braces, and materials, being a part of the care and treatment program, and which are now being accounted for under the provisions of the present system of accounting shall be deleted from and not required after the passage and effective date of this Act. The State Department of Health, however, shall maintain at all times a complete record of such appliances, braces and materials provided and such records shall be verified by the State Auditor.

The State Department of Health is directed to provide in Rules and Regulations, the necessary details for the conduct of this work, in accordance with the purposes of this Act, which shall permit as far as possible, the free choice of patients in their selections of physicians and hospitals, and shall arrange with hospitals, brace departments and other services providing for crippled children's work, compensation for such services, provided that such fees or charges shall not exceed the average charges for the same services rendered to patients in the hospitals approved for purposes of this Act.

#### Right to Care and Treatment; Entering Homes; Death of Hospitalized Patient; Expenses

Sec. 4. No child shall be entitled to the care and treatment provided in this Act unless the county judge of the county in which the child resides shall certify to the State Department of Health upon sworn petition of the parents of said child, or persons standing in loco parentis, proven to the satisfaction of said judge, that the parents of said child, or persons standing in loco parentis, are financially unable to provide for said care and treatment.
