#### Art. 5069-3.01. Scope

(1) On or after the effective date of this Chapter, no person shall, without first obtaining a license from the Consumer Credit Commissioner, engage in the business of making, transacting, or negotiating loans with cash advances of Two Thousand, Five Hundred Dollars or less, and contract for, charge or receive, directly, or indirectly, on or in connection with any such loan, any charges, whether for interest, compensation, consideration or expense or other thing or otherwise, which in the aggregate are greater than such person would be permitted by law to charge if he were not a licensee under this Chapter.

(2) The provisions of Section 3.01(1) shall apply to any person who seeks to evade its application by any device, subterfuge or pretense whatsoever.

[Acts 1967, 60th Leg., p. 615, ch. 274, § 2, eff. Oct. 1, 1967; Acts 1973, 63rd Leg., p. 1772, ch. 648, § 1, eff. Aug. 27, 1973.]

#### Art. 5069-3.02. Application for License, Fees, Bond, Appointment of Statutory Agent

(1) Application for a license shall be under oath, shall give the approximate location from which the business is to be conducted, and shall contain such relevant information as the Consumer Credit Commissioner may require, including identification of the principal parties in interest, to provide the basis for the findings necessary under Article 3.03. When making application, for one or more licenses, the applicant shall pay Two Hundred Dollars to the Consumer Credit Commissioner as an investigation fee and One Hundred Dollars for each license as the annual fee provided in this Chapter for the current calendar year, provided if a license is granted after June 30th in any year, such fee shall be Fifty Dollars for that year.

(2) Every licensee shall maintain on file with the Consumer Credit Commissioner a written appointment of a resident of this State as his agent for service of all judicial or other process or legal notice, unless the licensee has appointed an agent under another statute of this State. In case of noncompliance, such service may be made on the Consumer Credit Commissioner.

(3) Every applicant shall, also, at the time of filing any such application, file with the Consumer Credit Commissioner, if he so requires, a bond satisfactory to him and in an amount not to exceed Five Thousand Dollars for the first license and One Thousand Dollars for each additional license with a surety company qualified to do business in this State as surety, whose total liability in the aggregate shall not exceed the amount of such bond so fixed. The said bond shall run to the State for the use of the State and of any person or persons who may have cause of action against the obligor of said bond under the provisions of this Chapter. Such bond shall be conditioned that said obligor will faithfully conform to and

abide by the provisions of this Chapter and of all rules and regulations lawfully made by the Consumer Credit Commissioner hereunder, and will pay, to the State and to any such person or persons any and all amounts of money that may become due or owing to the State or to such person or persons from said obligor under and by virtue of the provisions of this Chapter during the calendar year for which said bond is given.

[Acts 1967, 60th Leg., p. 615, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.03. Issuance or Denial of License

(1) On filing of such application, bond, and payment of the required fees, the Consumer Credit Commissioner shall investigate the facts and if he shall find the financial responsibility, experience, character and general fitness of the applicant are such as to command the confidence of the public and to warrant belief the business will be operated lawfully and fairly, within the purposes of this Chapter, and the applicant has available for the operation of such business net assets of at least Twenty-five Thousand Dollars, he shall grant such application and issue to the applicant a license which shall be his license and authority to make loans under the provisions of this Chapter.

(2) If the Consumer Credit Commissioner shall not so find, he shall notify the applicant, who shall, on request within thirty days, be entitled to a hearing on such application within sixty days after the date of said request. The investigation fee shall be retained by the Consumer Credit Commissioner, but the annual fee shall be returned to the applicant in the event of denial.

(3) The Consumer Credit Commissioner shall grant or deny each application for a license within sixty days from its filing with the required fees, or, from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the Consumer Credit Commissioner.

[Acts 1967, 60th Leg., p. 616, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.04. Issuance of License to Banks, Savings and Loan Associations, and Credit Unions

(1) Any bank, savings and loan association or credit union doing business under the laws of this State or of the United States shall receive a license upon notification to the Consumer Credit Commissioner of its intention to operate under the provisions of this Chapter. The Consumer Credit Commissioner shall forthwith issue a license to any such bank, savings and loan association or credit union.

(2) Examination fees, and other charges, imposed upon banks, savings and loan associations and credit unions operating under the laws of this State, or of the United States, constitute the equivalent of the investigation fee and annual license fee otherwise imposed in this Chapter, and any bank, savings and loan

association, or credit union, holding a license under this Chapter, shall not be required to pay such investigation fee or annual license fee.

(3) Funds required to be maintained as reserves by banks, savings and loan associations and credit unions operating under the laws of this State, or of the United States, constitute an adequate reserve for the payment of any claim arising out of operations under this Chapter, and any bank, savings and loan association, or credit union, holding a license under this Chapter, need not provide the bond otherwise required by this Chapter.

[Acts 1967, 60th Leg., p. 617, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.05. License, Annual Fee, Minimum Assets

(1) Each license shall state the address of the office from which the business is to be conducted and the name of the licensee. The license shall be displayed at the place of business named in the license. The license shall not be transferable or assignable except upon approval by the Consumer Credit Commissioner.

(2) Each license shall remain in full force and effect until relinquished, suspended, revoked or expired. Every licensee shall, on or before each December 1st, pay the Consumer Credit Commissioner One Hundred Dollars for each license held by him, as the annual fee for the succeeding calendar year. If the annual fee remains unpaid fifteen days after written notice of delinquency has been given to the licensee by the Consumer Credit Commissioner, the license shall thereupon expire but not before December 31st of any year for which an annual fee has been paid.

(3) (a) Every licensee shall maintain net assets of at least Twenty-five Thousand Dollars, either used or readily available for use, in the conduct of the business of each licensed office.

(b) Provided, however, any person holding a license under the Texas Regulatory Loan Act as of the effective date of this Chapter shall only be required to maintain net assets of at least Fifteen Thousand Dollars either used or readily available for use in the conduct of the business of each such licensed office. If such license is transferred to any other person, such other person shall be required to maintain minimum assets required under Subsection (a) of this Section.

(c) Provided further, that any person who has paid prior to April 1, 1967, the pawnbroker's occupational tax imposed under the terms of Article 19.01(4)<sup>1</sup> of Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, and who has applied for a license to operate under the authority of this Chapter within thirty days of the effective date of this Chapter shall not be required to meet the requirement of minimum assets imposed in Subsection (a) herein; provided, however, if any license

issued on the basis of the payment of such tax is transferred, the person to whom such license is transferred shall be required to meet the minimum assets required under Subsection (a) of this section.

[Acts 1967, 60th Leg., p. 617, ch. 274, § 2, eff. Oct. 1, 1967.]

<sup>1</sup> Repealed.

**Art. 5069-3.06. Offices, Removal**

(1) A separate license shall be required for each office operated under this Chapter. The Consumer Credit Commissioner may issue more than one license to any one person upon compliance with this Chapter as to each license. Nothing contained herein, however, shall be construed to require a license for any place of business devoted to accounting or other record-keeping and where loans under this Chapter are not made.

(2) When a licensee wishes to move his office to another location he shall give thirty days' written notice to the Consumer Credit Commissioner, who shall amend the license accordingly.

(3) The Consumer Credit Commissioner may issue more than one license but not more than sixty licenses to any one person on compliance with this Chapter as to each license. And it shall be unlawful for any person, after the effective date of this Chapter, directly or indirectly, or through subsidiaries or holding companies, to hold or have an interest in more than sixty licenses, the business thereof, or any interest in such license. Any person holding a license under this Chapter which shall violate any provision hereof shall be subject to forfeiture of his license, and if a corporation, its charter shall be subject to forfeiture, and it shall be the duty of the Attorney General, when any such violation is called to his attention, to file suit for such forfeiture of charter and cancellation of the license in a District Court in Travis County, Texas.

[Acts 1967, 60th Leg., p. 617, ch. 274, § 2, eff. Oct. 1, 1967.]

**Art. 5069-3.07. Revocation, Suspension, Surrender, Reinstatement of Licenses**

(1) The Consumer Credit Commissioner may, after notice and hearing, suspend or revoke any license if he finds that:

(a) The licensee has failed to pay the annual license fee imposed by this Chapter or an examination fee, investigation fee or other fee or charge imposed by the Consumer Credit Commissioner under the authority of this Chapter, or that

(b) The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Chapter or any regulation or order lawfully made pursuant to and within the authority of this Chapter; or that

(c) Any fact or condition exists which, if it had existed or had been known to exist at the time of the original application

for such license, clearly would have justified the Consumer Credit Commissioner in refusing to issue such license.

(2) The hearing shall be held upon twenty days' notice in writing setting forth the time and place thereof and a concise statement of the facts alleged to sustain the suspension or revocation. The hearing shall be full, fair and public. Such suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact and a copy thereof shall be forthwith delivered to the licensee. Such order, findings, and the evidence considered by the Consumer Credit Commissioner shall be filed with the public records of the Consumer Credit Commissioner.

(3) Any licensee may surrender any license by delivering it to the Consumer Credit Commissioner with written notice of its surrender, but such surrender shall not affect his civil or criminal liability for acts committed prior thereto.

(4) No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any borrower.

(5) The Consumer Credit Commissioner may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Consumer Credit Commissioner in refusing originally to issue such license under this Chapter.

[Acts 1967, 60th Leg., p. 618, ch. 274, § 2, eff. Oct. 1, 1967.]

**Art. 5069-3.08. Examination of Licensees, Access to Records, Investigation**

At such times as the Commissioner shall deem necessary, the Commissioner, or his duly authorized representative shall make an examination of the place of business of each licensee and shall inquire into and examine the loans, transactions, books, accounts, papers, correspondence, and records of such licensee insofar as they pertain to the business regulated by this Chapter. In the course of such examination, the Commissioner or his duly authorized representative shall have free access to the office, place of business, files, safes and vaults of such licensee, and shall have the right to make copies of such books, accounts, papers, correspondence and records. The Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Chapter to consider, investigate, or secure information. Any licensee who shall fail or refuse to let the Commissioner or his duly authorized representative examine or make copies of such books, or other relevant documents shall thereby be deemed in violation of this Chapter and such failure or refusal shall constitute grounds for the suspension or

revocation of such license. The information obtained in the course of such examination shall be confidential. Each licensee shall pay to the Commissioner an amount assessed by the Commissioner to cover the direct and indirect cost of such examination and a proportionate share of general administrative expense, and the total cost so assessed and charged a licensee in any one calendar year shall not exceed Two Hundred Fifty Dollars for each licensed office.

[Acts 1967, 60th Leg., p. 618, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.09. Investigation

For the purpose of discovering violations of this Chapter or of securing information required hereunder, the Consumer Credit Commissioner or his duly authorized representatives may investigate the books, accounts, papers, correspondence and records of any licensee or other person whom the Consumer Credit Commissioner has reasonable cause to believe is violating any provision of this Chapter whether or not such person shall claim to be within the authority or scope of this Chapter. For the purposes of this Article any person who advertises for, solicits or holds himself out as willing to make loans with cash advances in the amount or the value of Two Thousand, Five Hundred Dollars or less, shall be presumed to be engaged in the business described in Article 3.01 of this Chapter.

[Acts 1967, 60th Leg., p. 619, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.10. Records

(1) Each licensee shall keep or make available in this State such books and records relating to loans made under this Chapter as are necessary to enable the Commissioner to determine whether the licensee is complying with this Chapter. However, a licensee making, transacting, or negotiating loans in Texas principally by mail shall pay to the Commissioner an amount to be assessed by him to cover the direct and indirect costs of examinations and a proportionate share of general administrative expense. Such books and records shall be consistent with accepted accounting practices.

(2) Each licensee shall preserve or make available such books and records in this State, or at the principal place of business of a licensee who makes, transacts, or negotiates loans principally by mail, for four years from the date of the loan, or two years from the date of the final entry made thereon, whichever is later. Each licensee's system of records shall be accepted if it discloses such information as may be reasonably required under Section (1) of this Article. All obligations signed by borrowers shall be kept at an office in this State designated by the licensee, except when transferred under an agreement which gives the Commissioner access thereto.

[Acts 1967, 60th Leg., p. 619, ch. 274, § 2, eff. Oct. 1, 1967; Acts 1973, 63rd Leg., p. 1772, ch. 648, § 2, eff. Aug. 27, 1973.]

#### Art. 5069-3.11. Annual Reports

Each licensee shall, annually on or before the first day of April or other date thereafter fixed by the Consumer Credit Commissioner file a report with the Consumer Credit Commissioner giving such relevant information as the Consumer Credit Commissioner may reasonably require concerning the business and operations during the preceding calendar year for each licensed place of business conducted by such licensee within the State. Such report shall be made under oath and shall be in the form prescribed by the Consumer Credit Commissioner, who shall make and publish annually a consolidated analysis and recapitulation of such reports, but the individual reports shall be held confidential.

[Acts 1967, 60th Leg., p. 619, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.12. Regulations, Copies, Public Record

(1) The State Finance Commission may make regulations necessary for the enforcement of this Chapter and consistent with all of its provisions. Each such regulation shall refer to the Article, Section or Subsection to which it applies. Before making a regulation the Consumer Credit Commissioner shall give every licensee at least thirty days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Consumer Credit Commissioner shall recommend, and the State Finance Commission, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form stating the date of adoption and the date of promulgation. Each regulation shall be entered in a permanent book which shall be a public record and be kept in the Consumer Credit Commissioner's office. A copy of every regulation shall be mailed to each licensee and no regulation shall become effective until the expiration of at least twenty days after such mailing.

(2) On application of any person and payment of the costs therefor, the Consumer Credit Commissioner shall furnish under his seal and signed by him or his assistants, a certificate of good standing or a certified copy of any license, regulation or order.

(3) Any transcript of any hearing held by the Consumer Credit Commissioner under this Chapter shall be a public record and open to inspection at all reasonable times.

[Acts 1967, 60th Leg., p. 619, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.13. Advertising

No licensee shall advertise or cause to be advertised, in any manner whatsoever, any false, misleading or deceptive statement or representation with regard to the rates, terms or conditions of any loan. If rates or charges are stat-

ed in advertising they shall be expressed in terms of a simple annual interest rate.

[Acts 1967, 60th Leg., p. 620, ch. 274, § 2, eff. Oct. 1, 1967.]

**Art. 5069-3.14. More Than One Business in Single Office**

(1) A licensee may conduct the business of making loans under this Chapter within any offices, suite, room or place of business in which any other business is solicited or engaged in, or in association or conjunction with any other business, unless the Commissioner shall find, after a hearing, that the conduct by the licensee of such other business in the particular licensed office has concealed evasions of this Chapter and shall order such licensee, in writing, to desist from such conduct in such office.

(2) No licensee shall conduct the business of making loans provided for by this Chapter under any name, or at any place of business within this State, other than that stated in the license.

(3) Nothing in this Chapter shall be construed to limit the loans of any licensee to residents of the community in which the licensed office is situated or to prohibit the licensee from making loans by mail.

[Acts 1967, 60th Leg., p. 620, ch. 274, § 2, eff. Oct. 1, 1967.]

**Art. 5069-3.15. Maximum Rates of Interest**

(1) Every licensee may contract for and receive on any loan made under this Chapter repayable in consecutive monthly installments, substantially equal in amount, an add-on interest charge computed on the cash advance for the full term of the loan contract in accordance with the following schedule:

Eighteen Dollars per One Hundred Dollars per annum on that part of the cash advance not in excess of Three Hundred Dollars, and Eight Dollars per One Hundred Dollars per annum on that part of the cash advance in excess of Three Hundred Dollars but not in excess of Twenty-five Hundred Dollars.

(2) Interest authorized in Section (1) of this Article shall be computed at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a licensee may make loans which require repayment in irregular or unequal installments and may compute, contract for, charge or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article, provided the total interest charge as scheduled shall not produce an interest yield in excess of that permitted under Section

(1) of this Article for the time the loan is scheduled to be outstanding.

(4) Notwithstanding any other provision of this Chapter, a borrower and a licensee may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time. The agreement shall contain the date of the agreement; the name and address of each borrower and of the licensee; the nature of the security, if any, the charges in addition to interest contracted for as authorized by this Chapter; and the charge for default and deferment authorized by this Chapter and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the maximum amount that may be borrowed; the method by which loans or advances are to be made, whether by check or draft drawn on the licensee or otherwise; a simple statement of the method by which the amount of the finance charge is to be calculated; the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made, a simple statement of the amount of such charge or the method by which it will be calculated.

If during a billing cycle the licensee makes a loan or advance or the borrower makes a payment, the licensee shall in accordance with any rules and regulations prescribed by the Commissioner give to the borrower within a reasonable time after the end of the billing cycle a written statement of:

- (a) the outstanding balance at the beginning of the billing cycle;
- (b) loans or advances during the billing period excluding interest and other charges;
- (c) the amount of interest and other charges accrued or debited during the period;
- (d) payments made by the borrower;
- (e) the balance at the end of the billing cycle;
- (f) the amount which must be paid and the date it must be paid to avoid a default.

(5) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than

once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the licensee may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full, as of the date of deferment and the refund which would be required for prepayment in full as one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter.

(6) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the licensee shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the licensee shall retain for each elapsed day from the date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) No licensee shall induce or permit any person, or husband and wife, to be obligated, directly or indirectly, under more than one loan contract under this chapter at the same time for the purpose, or with the effect, of ob-

taining a higher authorized charge than would otherwise be permitted by this chapter; but such limitation shall not apply to the acquisition by purchase of bona fide retail installment contracts or revolving charge agreements of the borrower incurred for goods, or services, or to pledged loans made pursuant to Article 3.17, and provided further, if a licensee purchases all or substantially all the loan contracts of another licensee hereunder and has at the time of purchase loan contracts with one or more of the borrowers whose loans are purchased, the purchaser shall be entitled to collect principal and authorized charges thereon according to the terms of each loan contract.

(8) In addition to the authorized charges provided in this chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the licensee, or any other person, in connection with

(a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or

(b) for the forbearance of money, credit, goods or things in action; or

(c) for any other service or services performed or offered.

However, the prohibition set out herein shall not apply to amounts actually incurred by a licensee as court costs; attorney fees assessed by a court; lawful fees for filing, recording, or releasing in any public office any security for a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter.

[Acts 1967, 60th Leg., p. 620, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.16 Alternative Rates of Interest Authorized

(1) On loans having a cash advance of One Hundred Dollars or less, a licensee may charge, in lieu of charges specified in Article 3.15, the following amounts:

(a) On any amount up to and including Twenty-nine Dollars and Ninety-nine Cents a charge may be added at the ratio of One Dollar for each Five Dollars advanced to the borrower.

(b) On any cash advance in an amount in excess of Twenty-nine Dollars and Nine-

ty-nine Cents up to and including the amount of Thirty-five Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars per month.

(c) On any cash advance of an amount in excess of Thirty-five Dollars but not more than Seventy Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars and Fifty Cents per month.

(d) On any cash advance of an amount in excess of Seventy Dollars but not in excess of One Hundred Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Four Dollars per month.

(2) The maximum term of any loan made under the terms of this Article shall be one month for each Ten Dollars of cash advance up to a maximum term of six months.

(3) On such loans under this Article, no insurance charges or any other charges of any nature whatsoever shall be permitted.

(4) The acquisition charge authorized herein shall be deemed to be earned at the time a loan is made and shall not be subject to refund. On the prepayment of any loan under this Article the installment account handling charge shall be subject to the provisions of Article 3.15 as it relates to refunds. Provisions of Article 3.15 relating to default charges on loans and the deferment of loans shall apply to loans made under this Article.

(5) The Commissioner shall have authority to formulate schedules providing for repayment in weekly, bi-weekly or semi-monthly installments for use by licensees on loans made under the authority of this Article provided the ratio of charges permitted under such schedules do not exceed the maximum rates authorized in this Article.

[Acts 1967, 60th Leg., p. 623, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.17. Loans Secured by Pledge of Tangible Personal Property

See, now, art. 5069-51.01 et seq.

#### Art. 5069-3.18. Insurance

(1) On any loan having a cash advance of One Hundred Dollars or more, made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insur-

ance as additional protection for such a loan. Only one policy of life insurance and one policy of health and accident insurance on any one obligor may be in force with respect to any one loan contract at any one time.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges therefor shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the licensee at a premium or rate of charge not fixed or approved by the State Board of Insurance, the licensee shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the loan statement required by Article 3.19(1).

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the

lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

[Acts 1967, 60th Leg., p. 626, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-3.20. Prohibited Practices

(2) No licensee shall take a lien upon real estate as security for any loan made under this Chapter, except such lien as is created by law upon the recording of an abstract of judgment.

(3) No licensee shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding. This prohibition shall not apply to powers of attorney contained in insurance premium finance contracts when limited to the authority to cancel casualty insurance financed under such contract.

(4) No licensee shall take any promise to pay or loan obligation that does not disclose the amount of the cash advance, the time for which it is made, the schedule of payments, the maturity date, the amount of authorized charges and the types of insurance, if any, provided in connection with the loan, and the premiums for such insurance.

(5) Except as specifically provided in Article 3.15(4) no licensee shall take any instrument in which blanks are left to be filled in after the loan is made.

(6) No licensee shall take any instrument whereby a borrower waives any right accruing to him under the provisions of this Chapter. [Acts 1967, 60th Leg., p. 626, ch. 274, § 2, eff. Oct. 1, 1967.]

**CHAPTER FOUR. INSTALLMENT LOANS**

**Article**

- 5069-4.01. Installment Loans Authorized.
- 5069-4.02. Insurance.
- 5069-4.03. Lender's Duty to Borrower.
- 5069-4.04. Prohibited Practices.

**Art. 5069-4.01. Installment Loans Authorized**

(1) Any bank, savings and loan association or credit union doing business under the laws of this State or of the United States, and any person licensed to do business under the provisions of Chapter 3 of this Subtitle relating to regulated loans may contract for and receive on any loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, an add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article shall be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a lender may make loans which require repayment in irregular or unequal installments and may compute, contract for, charge or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article, provided the total interest charge as scheduled shall not produce an interest yield in

excess of that permitted under Section (1) of this Article for the time the loan is scheduled to be outstanding.

(4) Notwithstanding any other provision of this Chapter, a borrower and a lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time. The agreement shall contain the date of the agreement; the name and address of each borrower and of the lender; the nature of the security, if any, the charges in addition to interest contracted for as authorized by this Chapter; and the interest for default and deferment authorized by this Chapter and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the maximum amount that may be borrowed; the method by which loans or advances are to be made, whether by check or draft drawn on the lender or otherwise; a simple statement of the method by which the amount of the finance charge is to be calculated; the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made, a simple statement of the amount of such charge or the method by which it will be calculated. The agreement shall provide for repayment of principal on each installment payment date of not less than five percent of the principal amount of loan outstanding during the installment billing cycle preceding the payment date.

If during a billing cycle the lender makes a loan or advance or the borrower makes a payment, the lender shall in accordance with any rules and regulations prescribed by the Commissioner give to the borrower within a reasonable time after the end of the billing cycle a written statement of:

- (a) The outstanding balance at the beginning of the billing cycle;
- (b) Loans or advances during the billing period excluding interest and other charges;
- (c) The amount of interest and other charges accrued or debited during the period;
- (d) Payments made by the borrower;
- (e) The balance at the end of the billing cycle;
- (f) The amount which must be paid and the date it must be paid to avoid a default.

(5) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any sched-

uled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual or deferment or at any time thereafter.

(6) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) In addition to the authorized charges provided in this Chapter no further or other

charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as court costs, attorney fees assessed by a court, lawful fees for filing, recording, or releasing to any public office any instrument securing a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter.

[Acts 1967, 60th Leg., p. 627, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-4.02. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Only one policy of life insurance and one policy of health and accident insurance on any one obligor may be in force with respect to any one loan contract at any one time.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company au-

thorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the loan statement required by Article 4.03(1).

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially

equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

[Acts 1967, 60th Leg., p. 629, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-4.03. Lender's Duty to Borrower

(1) When a loan is made under the authority of this Chapter, the lender shall deliver to the borrower, or if more than one to one of them, a copy of the note and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

(a) The names and addresses of the borrower and of the lender;

(b) The date and the amount of the cash advance, the maturity date, and the agreed schedule of payments or a description of such payments;

(c) The nature of the security, if any;

(d) The fees for filing, recording, or releasing any security authorized by this Chapter;

(e) The charges for default and deferment authorized by this Chapter;

(f) The types of insurance, if any, provided in connection with the loan, and the premiums for such insurance;

(g) The amount, in dollars and cents, of interest charges contracted for at the time the loan is made, or the percentage that the interest charges bears to the total amount of the loan expressed as the nominal rate on the average outstanding unpaid balance of the principal amount of the loan;

(h) The total amount, in dollars and cents, of all the charges included in the amount of loan.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(2) The lender shall give a receipt to the person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(4) When a loan is repaid in full, the lender shall cancel and return to the borrower, within a reasonable time, any note, assignment, security agreement, mortgage, deed of trust, or other instrument securing such loan which no longer secures any indebtedness of the borrower to the licensee.

[Acts 1967, 60th Leg., p. 631, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-4.04. Prohibited Practices

(1) No lender shall take an assignment of wages as security for any loan made under this Chapter.

(2) No lender shall take a lien upon real estate as security for any loan made under this Chapter, except such lien as is created by law upon the recording of an abstract of judgment.

(3) No lender shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding.

(4) Except as specifically provided by Article 4.01(4), no lender shall take any promise to pay or loan obligation that does not disclose the amount of the cash advance, the time for which it is made, the schedule of payments, the maturity date, the amount of authorized charges and the types of insurance, if any, provided in connection with the loan, and the premiums for such insurance.

(5) No lender shall take any instrument in which blanks are left to be filled in after the loan is made.

5069-5.03. Insurance.  
5069-5.04. Lender's Duty to Borrower.

#### Art. 5069-5.01. Definition

(1) As used in this Chapter, "secondary mortgage loan" means

(a) a loan made to any person not to be repaid in ninety days or less which is secured, in whole or in part, by any lien or security interest or any interest in real property improved by a dwelling designed for occupancy by four families or less, which property is subject to the lien of one or more liens or security interests, prior mortgages or deeds of trust, or

(b) the purchase of any interest in an existing secondary mortgage loan from the mortgagee made to secure such a loan.

4 West's Tex. Stats. & Codes—49

(2) On or after the effective date of this Chapter, no person, except a bank, savings and loan association or credit union doing business under the laws of this State or of the United States and any person licensed to do business under the provisions of Chapter 3 of this Subtitle, shall engage in the business of making secondary mortgage loans and contract for, charge or receive, directly or indirectly in connection with any such loan, any charge for interest which exceeds ten percent per annum on unpaid principal balances and any lawful charge for compensation, consideration, expense, or any other thing incident to or in connection with the loan which exceeds the amounts a person authorized hereunder would be permitted to charge under Article 5.02(5).

(3) The provisions of this Chapter shall not apply to any seller of property who makes a secondary mortgage loan to secure all or part of the unpaid purchase price.

[Acts 1967, 60th Leg., p. 632, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-5.02. Secondary Mortgage Loans Authorized

(1) Any person authorized to do business under the provisions of this Chapter may contract for and receive on any secondary mortgage loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, and add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article shall be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular monthly installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be

required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (4) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter.

(4) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(5) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service

or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as:

(i) Appraisal and inspection fees: not to exceed Twenty-five Dollars per parcel or tract of land;

(ii) Investigation of the credit standing or credit worthiness of applicant: not to exceed Twelve Dollars and Fifty Cents;

(iii) Legal fees to an attorney who is not a salaried employee of the lender for the preparation of any and all documents in connection with the transaction: not to exceed Thirty-five Dollars;

(iv) Official filing, recording and construction permit fees;

(v) Insurance as regulated and restricted by Article 5.03;

(vi) Charge for title insurance or for title examination and opinion by an attorney who is not a salaried employee of the lender: not to exceed the charge or premium promulgated by the State Board of Insurance for title insurance for such transaction.

[Acts 1967, 60th Leg., p. 632, ch. 274, § 2, eff. Oct. 1, 1967.]

#### Art. 5069-5.03. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Only one policy of life insurance and one policy of health and accident insurance on any one obligor may be in force with respect to any one loan contract at any one time.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the

lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverages either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the loan statement required by Article 5.04(1).

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any inter-

est on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

The term also includes, but is not limited to, any boat, boat-trailer, motor scooter, motorcycle, camper-type trailer, horse trailer, any vehicle propelled or drawn exclusively by muscular power, and merchandise certificates or coupons, issued by a retail seller, not redeemable in cash and to be used in their face amount in lieu of cash, in exchange for goods or services sold by such seller.

The term does not include

(f) "Retail installment contract" means an instrument (other than a retail charge agreement or an instrument reflecting a sale made pursuant thereto) entered into in this State evidencing a retail installment transaction (whether secured or unsecured). The term "retail installment contract" may include a chattel mortgage, a security agreement, a conditional sale contract and a contract in the form of a bailment or a lease if the bailee or lessee contracts to pay as compensation for their

#### Art. 5069-6.02. Retail Installment Contracts—Requirements—Disclosure

(1) Each retail installment contract shall be in writing, dated, signed by the retail buyer, and completed as to all essential provisions, except as otherwise provided in Sections (7) and (8) of this Article.

(2) The printed or typed portion of the contract, other than instructions for completion, shall be in a size equal to at least eight-point type. The contract shall be designated "Retail Installment Contract" and shall contain sub-

stantially the following notice printed or typed in a size equal to at least ten-point bold type:

**"NOTICE TO THE BUYER. DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE TIME PRICE DIFFERENTIAL. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."**

(3) The retail seller shall deliver to the retail buyer, or mail to him at his address shown on the retail installment contract, a copy of the contract as accepted by the seller. Until the seller does so, a buyer, who has not received delivery of the goods or been furnished or rendered the services, shall have the right to rescind the contract and to receive a refund of all payments made and return of all goods traded in to the seller on account of or in contemplation of the contract, or if such goods cannot be returned, the trade-in allowance thereof. Any acknowledgement by the buyer of delivery of a copy of the contract shall be in a size equal to at least ten-point bold type and, if contained in the contract, shall appear directly above the buyer's signature.

(4) The retail installment contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence or other address of the buyer as specified by the buyer and shall reasonably identify the goods sold or to be sold or services furnished or rendered or to be furnished or rendered. Multiple items of goods or services may be described in detail sufficient to identify them in separate writing.

(5) The retail installment contract shall contain and disclose the following items:

- (a) The cash sale price of the goods or services;
- (b) The amount of the buyer's down payment, specifying the amounts paid in money and allowed for goods traded in;
- (c) The difference between items (a) and (b);
- (d) The aggregate amount, if any, included for insurance, if a separate identified charge is made therefor, specifying the type or types of insurance and the term or terms of coverage;
- (e) The aggregate amount of official fees;
- (f) The principal balance, which is the sum of items (c), (d) and (e);
- (g) The amount of the time price differential;

(h) The amount of the time balance owed by the buyer to the seller, which is the sum of items (f) and (g);

(i) The number of installments, the amount of each installment and the due date or period thereof. If installment payments other than the final payment are stated as a series of periodic payments equal in period and amount, the number of payments and the amount and due date of each payment need not be separately stated, and the amount of the scheduled final installment payment may be stated as the remaining unpaid balance. The due date of the first installment payment may be fixed by a calendar date or by reference to the date of the contract or to the time of delivery;

(j) The time sale price; and

(k) If any installment (except the down payment) is more than double the average of all other installments (except the down payment), the following legend printed in at least ten-point bold type or typewritten:

**THIS CONTRACT IS NOT PAYABLE IN INSTALLMENTS OF EQUAL AMOUNTS**

followed, if there be but one such larger installment by:

**AN INSTALLMENT OF \$ \_\_\_\_\_ WILL BE DUE ON \_\_\_\_\_**

or, if there be more than one such larger installment, by:

**LARGER INSTALLMENTS WILL BE DUE AS FOLLOWS:**

\_\_\_\_\_ in such latter case, inserting the amount of every such larger installment and of its due date.

(l) Any promise, whether made in writing or orally, by the seller, made as an inducement to the buyer to become a party to the contract or which is part of the contract or which is made incidental to negotiations between the seller and the buyer with respect to the sale of the goods or services that are the subject of the contract, that the seller will compensate the buyer for referring customers or prospective customers to the seller for goods or services which the seller has for sale or for referring the seller to such customers or prospective customers. In any case in which, pursuant to the preceding provisions, the contract contains a promise to compensate the buyer for referring customers or prospective customers to the seller or the seller to such customers, the contract must contain a provision to the effect that the amount otherwise owing under the contract at any time is reduced by the amount of compensation owing pursuant to such promise.

(6) (a) A retail installment contract need not be contained in a single document.

(b) If the contract is contained in more than one document, one such document may be an original document signed by the retail buyer, stated to be applicable to purchases of goods or services to be made by the retail buyer from time to time. In such case, such document, together with the sales slip, account book or other written statement relating to each purchase, shall set forth all of the information required by this Article and shall constitute the retail installment contract for each purchase. On each succeeding purchase pursuant to such original document, the sales slip, account book or other written statement may at the option of the seller constitute the statement required by Section (13) of this Article.

(7) (a) Retail installment contracts or retail charge agreements negotiated and entered into by mail or telephone, without solicitations in person by salesmen or other representatives of the seller, and based upon a catalog of the seller or other printed solicitation which clearly sets forth the cash sale prices and other terms of sales to be made through such medium, may be made as provided in this section. The provisions of this Article with respect to retail installment contracts shall be applicable to such sales, except that:

(i) The designation and notice provisions of Section (2) of this Article shall not be applicable to such contract; and

(ii) The retail installment contract, when completed by the buyer, need not contain the items required by Section (5) of this Article.

(b) When the order is received from the retail buyer, the seller shall prepare a written memorandum containing all of the information required by Section (5) of this Article to be included in a retail installment contract. In lieu of delivering a copy of the contract to the buyer as provided in Section (3) of this Article, the seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment payable under the contract.

(8) A retail installment contract shall not be signed by any party thereto when it contains blank spaces for items which are essential provisions of the transaction; provided, however, if delivery of the goods is not made at the time of the execution of the contract, the identifying numbers or marks of the goods or similar information and the due date of the first installment may be inserted by the seller in the seller's counterpart of the contract after it has been signed by the buyer. The buyer's acknowledgment, conforming to the requirement of this section, of delivery of a copy of the contract shall be presumptive proof, or, in the case of a holder of the contract without knowledge to the contrary when he purchases it, conclusive proof, of such delivery and of compliance with this section and any other requirement re-

lating to completion of the contract prior to execution thereof by the buyer, in any action or proceeding.

(9) (a) Notwithstanding provisions of any other law, a retail installment contract payable in substantially equal successive monthly installments beginning one month from the date of the contract may provide for, and the seller or holder may then charge, collect and receive a time price differential which shall not exceed an amount determined in accordance with the following schedule:

(i) On so much of the principal balance as does not exceed Five Hundred Dollars, Twelve Dollars per One Hundred Dollars per annum;

(ii) On so much of the principal balance as exceeds Five Hundred Dollars, but is not in excess of One Thousand Dollars, Ten Dollars per One Hundred Dollars per annum;

(iii) On so much of the principal balance as exceeds One Thousand Dollars, Eight Dollars per One Hundred Dollars per annum.

(b) Such time price differential shall be computed on the principal balance of the retail installment contract from the date of the contract until the due date of the final installment, notwithstanding that the balance thereof is payable in installments.

(c) If the retail installment contract is payable in successive monthly installments substantially equal in amount beginning one month from the date of the contract for a period less or greater than a year, or for amounts less or greater than One Hundred Dollars, the amount of the maximum time price differential set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(d) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in regular installments followed by or interspersed with an irregular, unequal or larger installment or installments, or if the first installment is not payable one month from the date of the contract, the time price differential may not exceed an amount which will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(e) Notwithstanding any other provisions of this Article, a minimum time price differential not in excess of the following amounts may be charged on any retail installment contract: Twelve Dollars on any retail installment contract involving an initial principal balance of Seventy-five Dollars or more; Nine Dollars on a retail installment contract involving an initial principal balance of more than Twenty-five

Dollars and less than Seventy-five Dollars and Six Dollars on a retail installment contract involving an initial principal balance of Twenty-five Dollars or less.

(f) No seller shall induce a buyer or any husband and wife to become obligated at substantially the same time under more than one retail installment contract with the same seller for the deliberate purpose of obtaining a higher time price differential than would otherwise be permitted under this Article for one retail installment contract. Provided, however, a subsequent contract entered into between the same buyer and seller more than thirty days from the date of making a prior contract shall be presumed not to be in violation of this subsection.

(10) Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay in full the unpaid time balance thereof at any time before its final due date and, if he does so, shall receive a refund credit thereon for such prepayment. The amount of such refund credit shall represent at least as great a proportion of the original time price differential, after first deducting therefrom an amount equivalent to the minimum charge authorized in this Article, as

(a) the sum of the monthly unpaid balances under the schedule of payments in the contract (beginning as of the date after such prepayment which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment is prior to the due date of the first installment under the contract, then as of the date after such prepayment which is the next succeeding monthly anniversary date of the date of the contract) bears to

(b) the sum of all the monthly unpaid balances under the schedule of installment payments in the contract. Where the amount of refund credit is less than One Dollar, no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above described method, having due regard for the amount of each installment and to the irregularity of each installment period.

(11) The holder of any retail installment contract if it so provides may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred

for collection to an attorney not a salaried employee of the holder of the contract, and for court costs and disbursements.

(12) (a) The holder of a retail installment contract, upon request of the buyer, may agree to an amendment to extend or defer the scheduled due date of all or any part of any installment or installments and may collect for same a charge computed on the amount of the scheduled installment or installments extended or deferred for the period of extension or deferment at the rate of Fifteen Cents for each Ten Dollars per month; provided that a minimum extension or deferment charge of One Dollar may be charged and collected. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance provided for in the contract and of any additional necessary official fees.

(b) The holder of a retail installment contract, upon request of the buyer may agree to an amendment to renew, restate or reschedule the unpaid balance of the contract and may collect for same a charge to be computed as follows: The sum of the unpaid balance as of the date of the amendment and the cost of any insurance, any additional necessary official fees and any accrued delinquency charges, after deducting an amount which would be equivalent to the required refund credit applicable in the case of prepayment in full as of the date of the amendment charges, shall constitute a principal balance on which a charge may be computed for the term of the amended contract at the applicable rate of charge as provided in Article 6.02.

(c) Any amendment to a retail installment contract must be confirmed in writing and signed by the buyer. The writing shall set forth the terms of the amendment and the new due dates and amounts of the installments, and a copy thereof shall be delivered to the buyer at the time of execution of same. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

(13) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for each additional statement. A buyer shall be given a written receipt for any payment when made in cash.

(14) (a) If, in a retail installment transaction, a retail buyer makes any subsequent purchases of goods or services from a retail seller from whom he has previously purchased goods or services under one or more retail installment contracts, and the amounts under such previous contract or contracts have not been

fully paid, the subsequent purchases may, at the seller's option, be included in and consolidated with one or more of such previous contract or contracts. Each subsequent purchase shall be a separate retail installment contract under this Chapter, notwithstanding that the same may be included in and consolidated with one or more of such previous contract or contracts. All the provisions of this Chapter with respect to retail installment contracts shall be applicable to such subsequent purchases except as hereinafter stated in this section.

(b) In the event of such consolidation, in lieu of the buyer's executing a retail installment contract respecting each subsequent purchase, as provided in this Article, it shall be sufficient if the seller shall prepare a written memorandum of each subsequent purchase, in which case the provisions of Sections (1), (2), (3), and (5) of this Article shall not be applicable. Unless previously furnished in writing to the buyer by the seller, by sales slip, memorandum or otherwise, such memorandum shall contain with respect to each subsequent purchase items (a) through (h) of Section (5) of this Article and, in addition, the outstanding balance of the previous contract or contracts, the consolidated time balance, and the revised installments applicable to the consolidated time balance, if any. The seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment of such consolidated contract.

(c) When such subsequent purchases are made, if the seller has retained title or taken a lien or other security interest in any of the goods purchased under any one of the contracts included in the consolidation, the entire amount of all payments made prior to such subsequent purchases shall be deemed to have been applied to the previous purchases; and each payment after such subsequent purchase made on the consolidated contract shall be deemed to have been allocated to all of the various purchases in the same ratio as the original cash sale prices of the various purchases bear to the total of all. Where the amount of each installment payment is increased in connection with such subsequent purchases, at the seller's option, the subsequent payments may be deemed to be allocated as follows: an amount equal to the original periodic payment to the previous purchase, the balance to the subsequent purchase. However, the amount of any down payment on the subsequent purchase shall be allocated in its entirety to such subsequent purchase. The provisions of this Subsection (c) shall not apply to cases where such previous and subsequent purchases involve equipment, parts, or other goods attached or affixed to goods previously purchased and not fully paid, or to services in connection therewith rendered by the seller at the buyer's request.

[Acts 1967, 60th Leg., p. 638, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-6.03. Retail Charge Agreements—Requirements—Disclosure

(1) A retail charge agreement may be established by a seller upon the request of a buyer or prospective buyer. Each such retail charge agreement shall be in writing and signed by the buyer. A copy of such agreement executed on or after the effective date of this Chapter shall be delivered or mailed to the buyer prior to the date on which the first payment is due thereunder. Any acknowledgment by the buyer of delivery of a copy of the agreement contained in the body thereof shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature. No agreement executed on or after the effective date of this Chapter shall be signed by the buyer when it contains blank spaces to be filled in after it has been signed. The buyer's acknowledgment, conforming to the requirements of this section, of delivery of a copy of an agreement, shall be presumptive proof, in any action or proceeding, of such delivery and that the agreement, when signed, did not contain any blank spaces as herein provided. If no copy of the agreement is retained by the seller, a notation in his permanent record showing that such agreement was mailed and the date of mailing shall serve as presumptive proof of such mailing. All retail charge agreements executed on or after the effective date of this Chapter shall state the maximum amount or rate of the time price differential to be charged and paid pursuant thereto. Any such agreement shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

**"NOTICE TO THE BUYER—DO NOT SIGN THIS AGREEMENT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE AGREEMENT YOU SIGN. KEEP THIS AGREEMENT TO PROTECT YOUR LEGAL RIGHTS."**

(2) The buyer under the retail charge agreement shall be supplied with a statement as of the end of each monthly period (which need not be a calendar month), or other regular period agreed upon in writing, at the end of which there is any unpaid balance thereunder, which statement shall recite and disclose the following:

(a) The unpaid balance under the retail charge agreement at the beginning and at the end of the period;

(b) The dollar amount of each purchase by or service to the buyer during the period;

(c) The cash price and the purchase or posting date of each purchase or service and, unless a sales slip or a memorandum of each purchase or service is furnished with or prior to the delivery of the statement, a brief description or a reasonable identification of each purchase or service;

(d) The payments made by the buyer and any other credits to the buyer during the period;

(e) The amount, if any, of any time price differential for such period; and

(f) A legend to the effect that the buyer may at any time pay his total unpaid balance or any part thereof.

(3) A retail charge agreement may provide for, and the seller or holder may then, notwithstanding the provisions of any other law, charge, collect and receive a time price differential for the privilege of paying in installments thereunder, which shall not exceed the following:

(a) On so much of the unpaid balance as does not exceed Five Hundred Dollars, Fifteen Cents per Ten Dollars per month; and

(b) If the unpaid balance exceeds Five Hundred Dollars, Ten Cents per Ten Dollars per month on that portion over Five Hundred Dollars.

(4) The time price differential under this Article shall be computed on all amounts unpaid thereunder from month to month (which need not be a calendar month) or other regular period; provided, however, if the regular period is other than a monthly period such time price differential shall be computed proportionately. The time price differential under this Article may be computed for all unpaid balances within a range of not in excess of Ten Dollars on the basis of the median amount within such range, if as so computed such time price differential is applied to all unpaid balances within such range. A minimum time price differential not in excess of Seventy-five Cents per month may be charged, received and collected for any billing cycle in which a balance is due. In addition, such retail charge agreement may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney, not a salaried employee of the holder of the contract, and for court costs and disbursements.

[Acts 1967, 60th Leg., p. 643, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-6.04. Insurance

(1) On any retail installment contract or retail charge agreement made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract or agreement and include the cost of such insurance as a separate charge in such contract or agreement. Only one policy of life insurance and one policy of health and accident insurance on any one buyer may be in force with respect to any one contract or agreement at any one time.

(2) A seller or holder may, in addition, request or require a buyer to insure property involved in such contract or agreement, made un-

der the authority of this Chapter, and include the cost of such insurance as a separate charge in such contract or agreement. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the contract or agreement, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the buyer a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder at a premium or rate of charge not fixed or approved by the State Board of Insurance, the seller or holder shall include such fact in the foregoing statement, and the buyer shall have the option for a period of five days from the date of the contract or agreement of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 6.02 or the retail charge agreement required by Article 6.03, respectively.

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The contract or agreement must state the kind, coverage, term and amount of premium for such insurance.

(6) The buyer shall have the privilege at the time of execution of the contract or agreement of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller or holder, but, in such case the inclusion of the insurance premium in the contract or agreement shall be optional with the seller or holder.

(7) If the insurance is to be procured by the seller or holder, he shall, within forty-five days after delivery of the goods or furnishing of the services under the contract or agreement, deliver, mail, or cause to be mailed to the buyer at his address as specified in the contract or agreement, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance,

the coverages and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(8) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall be credited to the final maturing installments of the retail installment contract or retail charge agreement, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(9) Any gain, or advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any contract or agreement made under this Chapter except as specifically provided herein.

[Acts 1967, 60th Leg., p. 645, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-6.05. Prohibited Provisions

No retail installment contract or retail charge agreement shall:

(1) Provide that the holder may accelerate the maturity of any part or all of the amount owing thereunder unless (a) the buyer is in default in the performance of any of his obligations, or (b) the holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment, or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises unlawfully or to commit any breach of the peace in the repossession of goods;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of goods;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of goods;

(6) Provide that the buyer agrees not to assert against the seller any claim or defense arising out of the sale;

(7) Provide for or grant a first lien upon real estate to secure such obligation, except such lien as is created by law upon the recording of an abstract of judgment.

[Acts 1967, 60th Leg., p. 646, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-6.06. Certificate of Completion or Satisfaction Required in Certain Transactions

(1) A seller who has entered into a retail installment transaction to perform services or install goods for the modernization, rehabilitation, repair, alteration, improvement or construction of improvements on real property shall obtain a certificate of completion or certificate of satisfaction (hereinafter designated "certificate") signed by the buyer, when all such goods and/or services purchased under a retail installment contract have been performed or installed as required by such contract; and may obtain such a certificate whether or not any guarantee or warranty of the goods or services remains in force. Such certificate shall be a separate writing and shall have the following notation at the top thereof in at least ten-point bold type:

**WARNING TO BUYER—DO NOT SIGN THIS CERTIFICATE UNTIL ALL SERVICES HAVE BEEN SATISFACTORILY PERFORMED AND MATERIALS SUPPLIED OR GOODS RECEIVED AND FOUND SATISFACTORY.**

(2) Such signed certificate or a copy thereof shall be kept by the seller for a period of two years from the date of execution.

(3) No seller shall knowingly induce a buyer to sign such a certificate or knowingly take or accept from the buyer any executed certificate if performance of the services or installation of the goods required by the retail installment contract is not complete.

(4) Execution of such a certificate by a buyer shall not constitute a waiver of any guaranty or warranty made by a seller, manufacturer or supplier. Failure or refusal on the part of a buyer to execute such certificate, without good cause, shall not affect the validity of the retail installment contract.

[Acts 1967, 60th Leg., p. 646, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-6.07. Assignment and Negotiation

Notwithstanding the provisions of any other law, a person may purchase or acquire or agree to purchase or acquire any retail installment contract or retail charge agreement or any outstanding balance under either from another person on such terms and conditions and for such price as may be mutually agreed upon. Notice to the buyer of the assignment or negotiation and any requirement that the seller be deprived of dominion over payments upon a retail installment contract or retail charge agreement, or over the goods if returned to or repossessed by the seller, is not necessary to the validity of a written assignment or negotiation of the retail installment contract or retail charge agreement or any outstanding balance under either, as against creditors, subsequent purchasers, pledges, mortgagees and lien claimants of the seller. Unless the buyer has notice

of the assignment or negotiation of his retail installment contract, retail charge agreement or any outstanding balance under either, payment therefor made by the buyer to the holder last known to him shall be binding upon all subsequent holders. No right of action or defense of a buyer arising out of a retail installment transaction which would be cut off by negotiation, shall be cut off by negotiation of the retail installment contract or retail charge agreement to any third party unless such holder acquires the contract relying in good faith upon a certificate of completion or certificate of satisfaction, if required by the provisions of Article 6.06; and such holder gives notice of the negotiation to the buyer as provided in this Article, and within thirty days of the mailing of such notice receives no written notice from the buyer of any facts giving rise to any claim or defense of the buyer. Such notice of negotiation shall be in writing addressed to the buyer at the address shown on the contract and shall: identify the contract; state the names and addresses of the seller and buyer; describe the goods or services; state the time balance and a description of the payment schedule. The notice of negotiation shall contain the following warning to the buyer in at least ten-point bold face type:

**ARE THE TERMS OF THE CONTRACT DESCRIBED ABOVE CORRECT AND ARE YOU SATISFIED WITH THE GOODS OR SERVICES FURNISHED? IF NOT, YOU SHOULD NOTIFY US GIVING DETAILS WITHIN 30 DAYS FROM THE DATE THE ABOVE NOTICE WAS MAILED.**

[Acts 1967, 60th Leg., p. 647, ch. 274, § 2, eff. Jan. 1, 1968.]

**Art. 5069-6.08 Application**

None of the provisions of this Chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this State, nor shall any of the provisions of the loan or interest statutes of this State affect or apply to any retail installment transaction. Nor shall any seller pay, promise to pay, or otherwise tender cash to any buyer as a part of any transaction made pursuant to this Chapter unless otherwise specifically authorized by this Chapter. Nothing in this Chapter shall be construed to impair or in any way affect any rule of law applicable to or governing retail installment sales not otherwise subject hereto. This Chapter shall apply exclusively to retail installment transactions as defined in Article 6.01 hereof.

[Acts 1967, 60th Leg., p. 647, ch. 274, § 2, eff. Jan. 1, 1968.]

**Art. 5069-6.09. Waiver**

No act or agreement of the retail buyer before or at the time of the making of a retail installment contract, retail charge agreement or purchase thereunder shall constitute a valid

waiver of any of the provisions of this Chapter.

[Acts 1967, 60th Leg., p. 648, ch. 274, § 2, eff. Jan. 1, 1968.]

(c) "Retail Seller" or "Seller" means a person engaged in the business of selling motor vehicles to retail buyers in retail installment transactions.

(d) "Retail Installment Transaction" or "Transaction" means any transaction as a result of which a retail buyer acquires a motor vehicle from a retail seller under a retail installment contract for a sum consisting of the cash sale price and other charges as limited by this Chapter and agrees with a retail seller to pay part or all of such sum in one or more deferred installments. The term shall include every transaction wherein the promise or agreement to pay the deferred balance of such sum is made by the retail buyer to the retail seller notwithstanding the existence or occurrence of any one or more of the following events:

(i) that the retail seller has arranged or arranges to sell, transfer or assign the retail buyer's obligation;

The term includes a chattel mortgage, conditional sale contract, security agreement and a contract in the form of a bailment or a lease if the bailee or lessee contracts to pay as compensation for use a sum substantially equivalent to or in excess of the value of the motor vehicle sold and it is agreed that the bailee or lessee is bound to become, or, for no further or a merely nominal consideration, has the option of becoming, the owner of the motor vehicle upon full compliance with the provisions of the bailment or lease. The term shall also include a contract which the parties have amended in order to renew, restate or reschedule the unpaid balance thereof, or to extend or defer the scheduled due date of all or any part of any installment or installments, in which case the retail installment contract shall consist of the original contract and the amendments thereto.

(f) "Cash Sale Price" means the price stated in a retail installment contract for which the seller would have sold to the buyer and the buyer would have bought from the seller, the motor vehicle which is the subject matter of such contract if such sale had been a sale for cash. The cash sale price may include any taxes, registration, certificate of title and license fees, and charges for delivering, servicing, repairing, altering or improving the motor vehicle.

#### Art. 5069-7.02. Requirements and Prohibitions as to Retail Installment Contracts

(1) Each retail installment contract shall be in writing, dated, signed by both the buyer and the seller, and completed as to all essential provisions before it is signed by the buyer; provided, however, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks or similar information and the due date of the first installment may be inserted in the contract after its execution. A retail installment contract need not be contained in a single document.

(2) The printed portion of the retail installment contract, other than instructions for completion, shall be in a size equal to at least eight-point type. Such contract shall contain substantially the following notice in a size equal to at least ten-point bold type:

**"NOTICE TO THE BUYER—DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE TIME PRICE DIFFERENTIAL. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."**

(3) A retail installment contract shall also contain, in a size equal to at least ten-point bold type, a specific statement that liability insurance coverage for bodily injury and property damage caused to others is not included, if that is the case.

(4) The seller shall deliver to the buyer, or mail to him at his address shown on the retail installment contract, a copy of such contract as accepted by the seller. Until the seller does so, a buyer who has not received delivery of the motor vehicle shall have the right to rescind his contract and to receive a refund of all payments made and a return of all goods

traded in to the seller on account of or in contemplation of such contract, or if the goods traded in cannot be returned, the value thereof. Any acknowledgment by the buyer of delivery of a copy of the retail installment contract shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature.

(5) The retail installment contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence or other address of the buyer as specified by the buyer, and a description of the motor vehicle sold or to be sold.

(6) The retail installment contract shall specifically set out the following items:

(a) The cash sale price of the motor vehicle;

(b) The amount of the buyer's down payment, if any, specifying the amounts paid in money and in goods traded in;

(c) The difference between items (a) and (b);

(d) The aggregate amount, if any, included for insurance if a separate identified charge is made therefor, specifying the type or types and the term of coverage;

(e) The aggregate amount of official fees, if a separate identified charge is made therefor;

(f) The principal balance, which is the sum of items (c), (d) and (e);

(g) The amount of the time price differential; and

(h) The sum of items (f) and (g), which is the balance to be paid by the buyer to the seller, the number of installments, the amount of each installment and the due date or period thereof. If installment payments other than the final payment are stated as a series of periodic payments equal in period and amount, the number of payments and the amount and due date of each payment need not be separately stated, and the amount of the scheduled final installment payment may be stated as the remaining unpaid balance. The due date of the first installment payment may be fixed by a calendar date or by reference to the date of the contract or to the time of delivery.

(i) If any installment (except the down payment) is more than double the average of all prior installments (except the down payment), the following legend printed in at least ten-point bold type or typewritten:

THIS CONTRACT IS NOT PAYABLE IN INSTALLMENTS OF EQUAL AMOUNTS

followed, if there be but one such larger installment, by:

AN INSTALLMENT OF \$ \_\_\_\_\_  
WILL BE DUE ON \_\_\_\_\_,

or if there be more than one such larger installment, by:

LARGER INSTALLMENTS WILL BE DUE AS FOLLOWS: \_\_\_\_\_,

in such latter case, inserting the amount of every such larger installment and of its due date.

(j) The above items need not be stated in the sequence or order set forth; additional items may be included to explain the calculations involved in determining the balance to be paid by the buyer.

(7) The buyer's acknowledgment, conforming to the requirements of this Article, of delivery of a copy of the retail installment contract shall be conclusive proof of such delivery, that such contract when signed by the buyer did not contain any blank spaces except as herein provided, and of compliance with this Article in any action or proceeding by or against a holder of such contract without knowledge to the contrary when he purchases it.

(8) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for each additional statement. A buyer shall be given a written receipt for any payment when made in cash:

[Acts 1967, 60th Leg., p. 649, ch. 274, § 2, eff. Jan. 1, 1968.]

### Art. 5069-7.03. Finance Charge Limitations

(1) Notwithstanding the provisions of any other law, the time price differential in a retail installment contract payable in substantially equal successive monthly installments beginning one month after the date of the contract shall not exceed the larger of Twenty-five Dollars or an amount determined under the following schedule:

Class 1. Any new domestic motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made and any new foreign motor vehicle—Seven Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 2. Any new domestic motor vehicle not in Class 1 and any used domestic motor vehicle designated by the manufacturer by a year model of the same or not more than two years prior to the year in which the sale is made and any used foreign motor vehicle not more than two years old—Ten Dollars per One Hundred Dollars per annum.

Class 3. Any used motor vehicle not in Class 2 and, if a domestic motor vehicle, designated by the manufacturer by a year

model not more than four years prior to the year in which the sale is made, and, if a foreign motor vehicle, not more than four years old—Twelve Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 4. Any used motor vehicle not in Class 2 or Class 3—Fifteen Dollars per One Hundred Dollars per year. Provided, however, if the principal balance is Three Hundred Dollars or less, the time price differential shall be Eighteen Dollars per One Hundred Dollars per annum.

(2) Such charge shall be computed on the principal balance as determined under Article 7.02 of this Chapter from the date of the contract until the maturity of the final installment, notwithstanding that the balance thereof is required to be paid in installments.

(3) For a period less or greater than twelve months or for amounts less or greater than One Hundred Dollars, the amount of the maximum charge set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(4) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in equal successive monthly installments followed by or interspersed with an irregular, unequal or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract, the charge may not exceed an amount which, having due regard for the schedule of installment payments, will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(5) A buyer under a retail installment contract may, upon written consent of the holder, transfer his equity in the motor vehicle at any time to another person, but in that event the holder shall be entitled to a transfer of equity fee not exceeding Twenty-five Dollars.

(6) The holder of any retail installment contract may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney not a salaried employee of the seller or holder of the contract, and for court costs and disbursements, and in the event of repossession, sequestration, or other action necessary

to secure possession of a motor vehicle securing the payment of a retail installment contract, such contracts may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with such repossession or foreclosure, including costs of storing, reconditioning and reselling such motor vehicle, subject to the standards of good faith and commercial reasonableness set by the Uniform Commercial Code as adopted in Texas.

[Acts 1967, 60th Leg., p. 651, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-7.04. Refunds on Prepayment

Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay it in full at any time before maturity, and if he does so, shall receive the following refund credit thereon:

On a contract payable in substantially equal successive monthly installments commencing one month after the date of the contract, the amount of such refund credit shall represent at least as great a proportion of the finance charge, after first deducting therefrom an acquisition cost of Twenty-five Dollars, as (i) the sum of the monthly balances under the schedule of payments in the contract beginning as of the date after such prepayment which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment is prior to the due date of the first installment under such contract, then as of the date after such prepayment, which is one month after the next succeeding monthly anniversary date of the date of such contract, bears to (ii) the sum of all the monthly balances under the schedule of payments in such contract. When the amount of refund credit is less than One Dollar no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above-described method, having due regard to the amount of each installment, to the irregularity of each installment period and to the provisions of Sections (2) and (4) of Article 7.03 hereof.

[Acts 1967, 60th Leg., p. 652, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-7.05. Amendments of Retail Installment Contracts

The holder of a retail installment contract upon request by the buyer, may agree to an amendment thereto to extend or defer the scheduled due date of all or any part of any installment or installments or to renew, restate or reschedule the unpaid balance of such contract, and may collect for same a charge not to exceed an amount computed under either of the following:

(a) If all or any part of any installment or installments is deferred for not more than three months the holder may at his

election charge and collect on the amount deferred for the period deferred a charge computed at a rate which will not exceed the same effective return as is permitted on monthly payment contracts under Article 7.03; provided that the minimum charge shall be One Dollar. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance coverages provided for in the contract and any additional necessary official fees.

(b) In any other extension, renewal, re-statement or rescheduling of the unpaid balance, the charge may be computed as follows: The sum of the unpaid balance as of the date of amendment and the cost of any insurance incidental to the amendment, any additional necessary official fees, and any accrued delinquency and collection charges, after deducting the prepayment refund credit required by Article 7.04, shall constitute a principal balance on which the charge may be computed for the term of the amended contract at the applicable time price differential provided in Article 7.03 after reclassifying the motor vehicle by its year model at the time of the amendment. The provisions of this Chapter relating to minimum charges under Article 7.03 and acquisition costs under the refund schedule in Article 7.04 shall not apply in calculating the principal balance of the amended contract. The amendment to the contract must be confirmed in a writing signed by the buyer. The writing shall set forth the terms of the amendment and the new due dates and amounts of the installments; a copy thereof shall either be delivered to the buyer or mailed to him at his address as shown on the contract. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

[Acts 1967, 60th Leg., p. 652, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-7.06. Insurance

(1) On any retail installment contract made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract, and include the cost of such insurance as a separate charge in such contract. Only one policy of life insurance and one policy of health and accident insurance on any one buyer may be in force with respect to any one loan contract at any one time.

(2) A seller or holder may, in addition, request or require a buyer to insure tangible personal property involved in such a contract, made under authority of this Chapter, and include the cost of such insurance as a separate charge in such contract. Such insurance and

the premiums or charges therefrom shall bear a reasonable relationship to the amount, term and conditions of the contract, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder at a premium or rate of charge not fixed or approved by the State Board of Insurance, the seller or holder shall include such fact in the foregoing statement, and the buyer shall have the option for a period of five days from the date of the contract or agreement of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 7.02.

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The contract or agreement must state the kind, coverage, term and amount of premium for such insurance.

(6) If dual interest insurance on the motor vehicle is purchased by the seller or seller's assignee, as the case may be, it shall within thirty days after execution of the retail installment contract, send or cause to be sent to the buyer a policy, or policies, or certificates of insurance written by an insurance company authorized to do business in this State, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverage and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance. The buyer shall have the privilege at the time of execution of the contract of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the holder, but in such case the inclusion of the insurance premium in the retail installment contract shall be optional with the seller.

(7) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the

seller or the holder shall be credited to the final maturing installments of the retail installment contract, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(8) The retail installment contract shall clearly and conspicuously disclose whether or not bodily injury and property damage liability insurance is provided pursuant thereto.

(9) Any gain, advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any retail installment contract made under this Chapter except as specifically provided herein.

[Acts 1967, 60th Leg., p. 653, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-7.07. Prohibited Provisions

No retail installment contract or retail charge agreement shall:

(1) Provide that the seller or holder may accelerate the maturity of any part or all of the amount owing thereunder unless

(a) the buyer is in default on the performance of any of his obligations or

(b) the seller or holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment in this State or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises unlawfully or to commit any breach of the peace in the repossession of a motor vehicle;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of a motor vehicle;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of a motor vehicle;

(6) Provide that the buyer agrees not to assert against the seller or holder of any claim or defense arising out of the sale.

[Acts 1967, 60th Leg., p. 654, ch. 274, § 2, eff. Jan. 1, 1968.]

#### Art. 5069-7.08. Assignment and Negotiation

(1) Any person may purchase or acquire or agree to purchase or acquire any retail installment contract or any outstanding balance from

any other person on such terms and conditions and for such price as may be mutually agreed upon;

(2) Notice to the buyer of the assignment or negotiation and any requirement that the seller be deprived of dominion over payments upon a retail installment contract, or over the motor vehicle if returned to or repossessed by the seller, is not necessary to the validity of a written assignment or negotiation of the retail installment contract or any outstanding balance as against creditors, subsequent purchasers, pledgees, mortgagees and lien claimants of the seller;

(3) Unless the buyer has notice of the assignment or negotiation of his retail installment contract, or any outstanding balance thereunder payment therefor made by the buyer to the holder last known to him shall be binding upon all subsequent holders;

(4) No right of action or defense of a buyer arising out of a retail installment sale which would be cut off by negotiation, shall be cut off by negotiation of the contract to any third party unless such holder acquires the contract in good faith and for value and gives notice of the negotiation to the buyer as provided in this Article, and within thirty days of the mailing of such notice receives no written notice of any facts giving rise to any claim or defense of the buyer. A notice of negotiation shall be in writing addressed to the buyer at the address shown on the contract and shall identify the contract, state the names of the seller and buyer; describe the motor vehicle; state the time balance and the number and amounts of the installments. The notice of negotiation shall contain the following warning to the buyer in ten-point bold face type:

**IF YOU HAVE ANY COMPLAINT OR OBJECTION REGARDING THE GOODS OR SERVICES COVERED BY THE CONTRACT IDENTIFIED IN THIS NOTICE, OR ANY CLAIM OR DEFENSE RELATING TO SUCH CONTRACT, YOU MUST NOTIFY US WITHIN 30 DAYS FROM THE DATE THIS NOTICE WAS MAILED.**

#### Art. 5069-12.02. License, Offices

(1) On or after the effective date of this Act, no person shall, without first obtaining a license from the Consumer Credit Commissioner as provided in Subsection (3) of Article 12.03 of this chapter, negotiate, transact or engage in the business of insurance premium financing in Texas, and contract for, charge or receive, directly, or indirectly, on or in connection with any such insurance premium financing, any charges, whether for interest, compensation, consideration or expense or other thing or otherwise, which in the aggregate are greater than such person would be permitted by law to charge if he were not a licensee under this chapter. Such license shall allow the holder to maintain only one office from which said business may be conducted. The Consumer Credit Commissioner may issue more than one license but not more than 60 licenses to any one person on compliance with this chapter as to each license.

(3) After approval and upon receipt of the license fee the commissioner shall execute the license to engage in the business of a premium finance company at the location specified in the application and shall transmit said license to the applicant.

<sup>1</sup> Article 5069-3.01 et seq.

#### Art. 5069-12.04. License Provisions—Posting—Change of Location—Other Business

(1) Such license shall state the name and address of the licensee. Such license shall be conspicuously posted in the specified office of the licensee and shall not be transferable, except as hereinafter provided, or assignable. Before any licensee changes such office from one location to another he shall give written notice thereof to the commissioner who, if he approves said change, shall issue an endorsement indicating the change and the date thereof, which endorsement shall be attached to the license for such office and shall constitute the

authority for the operation of the business under such license at such new location.

(2) A licensee may conduct the business of premium financing under this chapter within any offices, suite, room or place of business in which any other business is solicited or engaged in, or in association or conjunction with any other business, unless the commissioner shall find, after a hearing, that the conduct by the licensee of such other business in the particular licensed office has concealed evasions of this chapter and shall order such licensee, in writing, to desist from such conduct in such office.

(3) No licensee shall conduct the business of premium financing provided for by this chapter under any name, or at any place of business other than that stated in the license, except that the preparation and delivery of a premium finance agreement by an insurance agent on behalf of the insured shall not constitute doing business as an insurance premium finance company as defined in Article 12.01(a) of this chapter, unless said agreements are held for the benefit of the agent in accordance with Article 12.01(a)(3).

(4) Nothing in this chapter shall be construed to limit the premium financing of any licensee to residents of the community in which the licensed office is situated or to prohibit the licensee from conducting premium financing by mail.

[Acts 1973, 63rd Leg., p. 178, ch. 86, § 1, eff. Aug. 27, 1973.]

**Art. 5069-12.05. Grounds for Revocation of License—Procedure**

(1) The commissioner may after notice and hearing forthwith revoke or suspend any license issued under this chapter if he finds that:

(a) the licensee has violated any provision of this chapter or any rule or regulation lawfully made thereunder by the commissioner;

(b) the existence of any fact or condition which, if it had existed at the time of the original application for such license, clearly would have warranted the commissioner in refusing to issue such license.

(2) The commissioner shall after notice and hearing have sufficient cause to suspend or revoke a license whenever he learns from the Commissioner of Insurance or from any other source that the licensee has failed to return all amounts due from the insurance premium finance company to the person whose insurance policy has been canceled as required by Article 12.17(7) herein.

(3) Any licensee may surrender any license by delivering to the commissioner written notice that he thereby surrenders such license, but such surrender shall not affect the licensee's civil or criminal liability, if any, for acts committed prior to such surrender.

(4) A revocation or suspension or surrender of any license shall not impair or affect the obligation of an insured under any lawful premium finance agreement previously acquired or held by the licensee.

(5) Whenever the commissioner revokes or suspends a license, he shall forthwith execute in duplicate a written order to that effect, and shall file one copy of such order in the office of the secretary of state and mail one copy to the licensee.

(6) The Consumer Credit Commissioner may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Consumer Credit Commissioner in refusing originally to issue such license under this chapter.

[Acts 1973, 63rd Leg., p. 179, ch. 86, § 1, eff. Aug. 27, 1973.]

**Art. 5069-12.06. Investigations and Examinations**

(1) The commissioner may make such investigations as he deems necessary to determine whether any licensee or any other person has violated any of the provisions of this chapter, or whether any licensee has so conducted himself as to justify the revocation of his license, and the commissioner may require the attendance of and examine under oath any person and shall have the power to compel the production of all relevant books, records, accounts and documents.

(2) Each licensee shall pay to the commissioner an amount assessed by the commissioner to cover the direct and indirect cost of such examination and a proportionate share of general administrative expense.

(3) All reports of investigations and all correspondence and memoranda concerning or arising out of such investigations including any duly authenticated copy or copies thereof in the possession of any licensee or the Office of Consumer Credit Commissioner shall be confidential communications and shall not be subject to subpoena and shall not be made public, except in connection with hearing under Article 12.05 and any appearance in connection therewith. Provided, however, that information obtained in the course of such examinations or investigations may be made available to other governmental agencies when the information involves matters within the scope or jurisdiction of such agencies.

[Acts 1973, 63rd Leg., p. 179, ch. 86, § 1, eff. Aug. 27, 1973.]

**Art. 5069-12.07. Hearings and Investigations—Subpoena Power**

(2) A premium finance company's taking or receiving from or charging an insured a greater charge than authorized in this chapter shall not invalidate the premium finance agreement or the principal balance payable thereunder but may be adjudged a forfeiture of all charges which the premium finance agreement carries with it or which have been agreed to be paid thereon, and if a greater charge has been paid by an insured, the person paying the same or his legal representative may recover from the premium finance agency twice the entire amount of the charges thus paid if action is brought within two years from the time of such payment.

[Acts 1973, 63rd Leg., p. 180, ch. 86, § 1, eff. Aug. 27, 1973.]

#### Art. 5069-12.09. Regulations

The commissioner may prescribe from time to time such rules and regulations as may be necessary or proper in carrying out the provisions of this chapter. Such rules and regulations may contain such classifications, differentiations or other provisions, and may provide for such adjustments and exceptions for any class of transactions, as in the judgment of the commissioner are necessary or proper to carry out the purposes of this chapter, to prevent circumvention or evasion thereof, or to facilitate compliance therewith; provided, however, that no such rule or regulation shall contain any classification, differentiation or other provision with respect to, or provide for any adjustment or exception for, any class of transaction which would result in less stringent disclosure requirements than afforded that class of transaction under the Federal Consumer Credit Protection Act of 1970<sup>1</sup> and those applicable portions of Regulation Z.

#### Art. 5069-12.10. Licensee's Books and Records

Every licensee shall preserve such books, accounts and records, including cards used in a card system, if any, for at least two years after making the final entry in respect to any premium finance agreement recorded therein.

(2) Each licensee shall annually on or before the first day of April file a report with the commissioner, giving such information as the commissioner may require concerning the business and operations during the preceding calendar year of each licensed place of business conducted by the licensee within the state.

#### Art. 5069-12.11. Written Premium Finance Agreement

(1) A premium finance agreement shall be in writing on a form approved by the commissioner.

(2) Such agreement shall:

All numerical amounts and percentages shall be stated in figures and shall be printed in not less than the equivalent of 10 point type, 75/1,000 inch computer type, or elite size typewritten numerals or shall be legibly handwritten.

(5) It shall be a violation of this Act for any licensee to take an insurance premium finance agreement which has not been fully completed and executed at the time the insurance premium finance agreement is executed and the insurance agent shall be responsible for the completion of the insurance premium finance agreement and delivering to the insured any and all disclosure statements which are required by any existing law.

(6) If, in a premium finance agreement, changes in an insured's policy due to amending of the rate classification, by endorsement or otherwise, result in an increased principal balance and the amount under such previous contract has not been fully paid, the subsequent increase may, at the insured's option, be included in and consolidated with such previous contract, if so provided in the premium finance agreement.

(7) Such additions may be accomplished by a memorandum of agreement between the agent and the insured, provided the following information is given to the insured, in writing, prior to the first scheduled payment date of the amended transaction:

All such contractual agreements shall be in writing and shall not be valid until approval of the commissioner has been received; and

A copy of said notice shall also be sent to the insurance agent or insurance broker indicated on the premium finance agreements.

(4) After expiration of such ten (10) day period, the premium finance company may thereafter cancel such insurance contract or contracts by mailing to the insurer a notice of cancellation and the insurance contract shall be canceled as if such notice of cancellation had been submitted by the insured himself, but without requiring the return of the insurance contract or contracts. (b) "Pawnbroker"—means any person engaged in the business of lending money on the security of pledged goods; or engaged in the business of purchasing tangible personal property on condition that it may be redeemed or repurchased by the seller for a fixed price within a fixed period of time.

(c) "Pledged goods"—means tangible personal property other than choses in action, securities, or printed evidences of indebtedness, which property is deposited with or otherwise actually delivered into the possession of a pawnbroker in the course of his business in connection with a pawn transaction.

(d) "Pawnshop"—means the location at which or premises in which a pawnbroker regularly conducts business.

(e) "Month"—means that period of time from one date in a calendar month to the corresponding date in the following calendar month, but if there is no such corresponding date, then the last day of such following month, and when computations are made for a fraction of a month, a day shall be one-thirtieth of a month.

(f) "Commissioner"—means the Consumer Credit Commissioner as defined in Article 2.01(1) of Chapter 274, Acts of 60th Legislature, Regular Session, 1967 (Article 5069-2.01(1), Vernon's Texas Civil Statutes), or his successor.

[Acts 1971, 62nd Leg., p. 2757, ch. 894, § 2, eff. Aug. 30, 1971.]

#### Art. 5069-51.03. License Required

No person shall engage in business as a pawnbroker without first obtaining a license from the Commissioner specifically authorizing engagement in such business.

[Acts 1971, 62nd Leg., p. 2757, ch. 894, § 3, eff. Aug. 30, 1971.]

#### Art. 5069-51.04. Application for Pawnshop License—Contents, Bond, Statutory Agent, Minimum Assets

(a) Applications for a pawnshop license shall be under oath, shall state the full name and place of residence of the applicant, or, if the applicant be a partnership, of each member thereof, or, if the applicant be a corporation, of each officer or major stockholder thereof, shall state the place where the business is to be conducted and shall state such other relevant information as the Commissioner may require. A separate license is required for each place of business operated under this Act.

(b) Each applicant for a pawnshop license at the time of filing application shall file with the Commissioner, if he so requires, a bond satisfactory to him and in an amount not to exceed Five Thousand Dollars for each license with a surety company qualified to do business

in this State. The aggregate liability of such surety shall not exceed the amount stated in the bond. The said bond shall run to the State for the use of the State and of any person or persons who may have a cause of action against the obligor of said bond under the provisions of this Act. Such bond shall be conditioned that the obligor will comply with the provisions of this Act and of all rules and regulations lawfully made by the Commissioner hereunder and will pay to the State and to any such person or persons any and all amounts of money that may become due or owing to the State or to such person or persons from said obligor under and by virtue of the provisions of this Act during the time such bond is in effect.

(c) Each licensee shall maintain on file with the Commissioner a written appointment of a resident of this State as his agent for service of all judicial or other process or legal notice, unless the licensee has appointed an agent under another statute of this State. In case of non-compliance, such service may be made on the Commissioner.

(d) Each licensee shall maintain net assets of at least Twenty-Five Thousand Dollars, either used or readily available for use in the conduct of the business of each licensed pawnshop.

[Acts 1971, 62nd Leg., p. 2758, ch. 894, § 4, eff. Aug. 30, 1971.]

#### Art. 5069-51.05. Issuance or Denial of License; Fees

(a) On filing of such application, bond, proof of insurance and payment of the annual license fee and an investigation fee of Two Hundred Dollars, the Commissioner shall investigate the facts and if he finds the financial responsibility, experience, character and general fitness of the applicant are such as to warrant belief that the business will be operated lawfully and fairly, within the purposes of this Act, he shall grant such application and issue to the applicant a license which will evidence his authority to do business under the provisions of this Act. Provided, that if a license is granted pursuant to an application filed after June 30 of any year, the license fee for the balance of such year shall be Fifty Dollars.

(b) If the Commissioner does not so find, he shall notify the applicant, who shall, on request within thirty days, be entitled to a hearing on such application within sixty days after the date of said request. The investigation fee shall be retained by the Commissioner, but the annual fee shall be returned to the applicant in the event of denial.

(c) The Commissioner shall grant or deny each application for a license within sixty days from its filing with the required fees, or, from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the Commissioner.

(d) Provided, that within sixty days after the effective date of this Act, any person li-

censed to do business under Article 5069-3.01, et seq., Vernon's Texas Civil Statutes, Chapter 3 of Subtitle 2, Chapter 274, Acts of the 60th Legislature, Regular Session, 1967, also known as the Texas Credit Code, upon surrender of such license and the payment of a transfer fee not to exceed Five Dollars, shall be issued a license under the provisions of this Act for the same place of business, or, alternatively, any such person may retain the license to do business under Chapter 3 of the Texas Credit Code and shall be issued a license under the provisions of this Act for the same place of business upon payment of a transfer fee not to exceed Twenty-five Dollars and there shall be no annual fee for the license issued under the provisions of this Act so long as the license to do business under Chapter 3 of the Texas Credit Code is retained and annually renewed by the licensee and so long as business is conducted pursuant to both such licenses at one common place of business. In neither case shall the minimum assets requirement apply to the license issued under this Act, so long as such license is held by the original licensee or his heirs.

[Acts 1971, 62nd Leg., p. 2758, ch. 894, § 5, eff. Aug. 30, 1971.]

#### Art. 5069-51.06. Effect of License; Annual Fee

(a) Each license shall state the name of the licensee and the address at which the business is to be conducted. The license shall be displayed at the place of business named in the license. The license shall not be transferable or assignable except upon approval by the Commissioner.

(b) A separate license shall be required for each pawnshop operated under this Act. The Commissioner may issue more than one license to any one person upon compliance with the provisions of this Act as to each license. When a licensee wishes to move his pawnshop to another location, he shall give thirty days' written notice to the Commissioner, who shall amend the license accordingly.

(c) Each license shall remain in full force and effect until relinquished, suspended, revoked or expired. Every licensee, on or before each December 1st, shall pay the Commissioner One Hundred Dollars for each license held by him as the annual fee for the succeeding calendar year. If the annual fee remains unpaid fifteen days after written notice of delinquency has been given to the licensee by the Commissioner, the license shall thereupon expire, but not before December 31st of any year for which an annual fee has been paid.

[Acts 1971, 62nd Leg., p. 2759, ch. 894, § 6, eff. Aug. 30, 1971.]

#### Art. 5069-51.07. Revocation, Suspension, Surrender, Reinstatement of Licenses

(a) The Commissioner may, after notice and hearing, suspend or revoke any license if he finds that:

(1) The licensee has failed to pay any fee or charge properly imposed by the Commissioner under the authority of this Act, or that

(2) The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act; or that

(3) Any fact or condition exists which, if it has existed or had been known to exist at the time of the original application for such license, clearly would have justified the Commissioner in refusing to issue such license.

(b) The hearing shall be held upon twenty days' notice in writing, setting forth the time and place thereof and a concise statement of the facts alleged to warrant suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact and a copy thereof shall be forthwith delivered to the licensee. Such order, findings, and the evidence considered by the Commissioner shall be filed with the public records of the Commissioner.

(c) Any licensee may surrender any license by delivering it to the Commissioner with written notice of its surrender, but such surrender shall not affect the licensee's civil or criminal liability for acts committed prior thereto.

(d) No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any pledgor.

(e) The Commissioner may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Commissioner in refusing originally to issue such license under this Act.

(f) On application of any person and payment of the cost thereof, the Commissioner shall furnish under his seal and signature a certificate of good standing or a certified copy of any license.

[Acts 1971, 62nd Leg., p. 2759, ch. 894, § 7, eff. Aug. 30, 1971.]

#### Art. 5069-51.08. Examinations

At such times as the Commissioner may deem necessary, the Commissioner, or his duly authorized representative, may make an examination of the place of business of each licensee and may inquire into and examine the transactions, books, accounts, papers, correspondence and records of such licensee insofar as they pertain to the business regulated by this Act. Such books, accounts, papers, correspondence and records shall also be open for inspection at any reasonable time by any peace officer, without need of judicial writ or other process. In the course of an examination, the Commissioner or his duly authorized representative shall

have free access to the office, place of business, files, safes, and vaults of such licensee, and shall have the right to make copies of any books, accounts, papers, correspondence and records. The Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Act to consider, investigate, or secure information. Any licensee who fails or refuses to let the Commissioner or his duly authorized representative or any peace officer examine or make copies of such books, or other relevant documents shall thereby be deemed in violation of this Act and such failure or refusal shall constitute grounds for the suspension or revocation of such license. The information obtained in the course of any examination or inspection shall be confidential and privileged, except for use in a criminal investigation or prosecution. Each licensee shall pay to the Commissioner an amount assessed by the Commissioner to cover the cost of such examinations, not to exceed Two Hundred Fifty Dollars in any calendar year, and in the event a licensee hereunder is also licensed to do business under Chapter 3 of the Texas Credit Code, Chapter 3 of Subtitle 2, Chapter 274, Acts of the 60th Legislature, Regular Session, 1967,<sup>1</sup> in the same place of business licensed hereunder, the aggregate charges for examinations authorized by the said Chapter 3 of the Texas Credit Code and by this Act shall not exceed Two Hundred Fifty Dollars in any calendar year.

(b) The Commissioner may make regulations necessary for the enforcement of this Act and consistent with all its provisions. Before making a regulation the Commissioner shall give each licensee at least thirty days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Commissioner, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form, stating the date of adoption and date of promulgation. Each regulation shall be entered in a permanent record book which shall be a public record and be kept in the Commissioner's office. A copy of every regulation shall be mailed to each licensee, and no

regulation shall become effective until the expiration of at least twenty days after such mailing. On the application of any person and payment of the cost thereof, the Commissioner shall furnish such person a certified copy of any such regulation.

[Acts 1971, 62nd Leg., p. 2761, ch. 894, § 9, eff. Aug. 30, 1971.]

In the event pawned merchandise is redeemed by the pledgor prior to the maturity date of the pawn transaction, that portion of the pawn service charge in excess of Fifteen Dollars shall be reduced by an amount equal to one-thirtieth of the total pawn service charge for each day between the day on which redemption occurs and the original maturity date. The maturity date of any pawn transaction may be changed to a subsequent date by agreement between the pledgor and the pawnbroker evidenced by a written memorandum, a copy of which shall be supplied the pledgor, which shall clearly set out the new redemption date and any additional pawn service charge to be paid. Furthermore, they shall cause the jails in their respective counties to be kept in a clean and healthy condition, provided with water of safe quality and ample quantity and sewer disposal facilities in accordance with good sanitary standards, and provided with clean, comfortable mattresses and blankets, sufficient for the comfort of the prisoners, and that food is prepared and served in a palatable and sanitary manner and according to good dietary practices and of a quality to maintain good health.

### SUITABLE SEGREGATION

The term "safe and suitable jails," as used in this Act, shall be construed to mean jails which provide adequate segregation facilities by having separate enclosures, formed by solid masonry or solid metal walls, or solid walls of other comparable material, separating witnesses from all classifications of prisoners; and males from females; and juveniles from adults; and first offenders, awaiting trial, from all classifications of convicted prisoners; and prisoners with communicable or contagious diseases from all other classifications of prisoners. Furthermore, the term "safe and suitable" jails shall be construed to mean jails either now or hereafter constructed, except that, in lieu of maintaining its own jail, any county whose population is not large enough to justify building a new jail or remodeling its old jail shall be exempt from the provisions of this Act by contracting with the nearest available county whose jail meets the requirements set forth in this Act for the incarceration of its prisoners at a daily per capita rate equal to the cost of maintaining prisoners in said jail, or at a daily rate mutually agreed to by the contracting counties.

No person suspected of insanity, or who has been legally adjudged insane, shall be housed

or held in a jail, except that such a person who demonstrates homicidal tendencies, and who must be restrained from committing acts of violence against other persons, may be held in a jail for a period of time not to exceed a total of seven (7) days. Furthermore, for such temporary holding of each person suspected of insanity, or who has been legally adjudged insane, there shall be provided a special enclosure or room, not less than forty (40) square feet and having a ceiling height of not less than eight (8) feet above the floor. Furthermore, the floor and the walls of such enclosure shall be provided with a soft covering designed to protect a violent person, temporarily held therein, from self-injury or destruction. ### SUITABLE SECURITY AND SAFETY

For the purpose of this Act, the term "safe and suitable jails" is further defined to mean jails which provide adequate security and safety facilities by having separate cells or compartments, dormitories, and day rooms, of varying dimensions and capacities for prisoners confined therein, except that, if practicable, no one such cell or compartment shall be designed for confining two (2) prisoners only. Cells or compartments shall be designed to accommodate from one (1) to eight (8) prisoners each, and furthermore, such dormitories and day rooms shall be designed to accommodate not more than twenty-four (24) prisoners each. Furthermore, in each such jail there shall be provided individual one-man or one-woman cells to accommodate not less than thirty per cent (30%) of the total designated prisoner capacity of the jail and dormitory-type space may be provided to accommodate not more than forty per cent (40%) of the total designated prisoner capacity of the jail. All cells, compartments and dormitories for sleeping purposes, where each such cell, compartment or dormitory is designed to accommodate three (3) or more prisoners, shall be accessible to a day room to which prisoners may be given access during the day. Cells for one (1) prisoner only shall have a minimum floor area of forty (40) square feet and all other cells, compartments, dormitories and day rooms (including safety vestibule area) shall have a minimum floor area equal to eighteen (18) square feet for each prisoner to be confined therein. The ceiling height above finished floor shall be not less than eight (8) feet for any cell, compartment, dormitory or day room where prisoners are confined.

The term "safe and suitable jails," as used in this Act, is further defined to mean that, for reasons of safety to officers and security, the entrance and/or exit to each group of enclosures forming a cell block or group of cells and/or compartments used for the confinement of three (3) or more prisoners shall be through a safety vestibule having one (1) or more interior doors in addition to the main outside entrance door to such cell block, all arranged to be locked, unlocked, opened or closed by control means located outside of any such enclosure or cell block. Furthermore, that all such enclosures or cell blocks, for the confinement of prisoners, shall be separated from the building wall on at least one (1) side, by a corridor not less than three (3) feet wide and so designed that no prisoners in confinement areas shall have direct access to windows in the walls of the building.

#### SUITABLE SANITATION AND HEALTH

The term "safe and suitable jails" is further defined to mean jails which provide adequate facilities for maintaining proper standards in sanitation and health. Each cell designed for one (1) prisoner only shall be provided with a water closet and a combination lavatory and drinking fountain, table and seat. Each cell, compartment or dormitory designed for three (3) or more prisoners, shall be provided with one (1) water closet and one (1) combination lavatory and drinking fountain for each twelve (12) prisoners or fraction thereof to be confined therein. Furthermore, all such cells, compartments and dormitories shall be provided with one (1) bunk, not less in size than two (2) feet, three (3) inches wide and six (6) feet, three (3) inches long, for each prisoner to be confined therein. Furthermore, each day room for the confinement of three (3) or more prisoners shall be provided with one (1) water closet, one (1) combination lavatory and drinking fountain and one (1) shower bath for each twelve (12) prisoners, or fraction thereof, to be confined therein. Sec. 1. That any county having less than 20,000 population according to the last or any succeeding Federal Census and any city or cities therein located are hereby authorized and empowered to finance, construct, maintain and operate jail, jails or jail facilities for the joint and mutual use of such county and city or cities. The Commissioners Court of any such county and the governing body of any such city or cities are hereby authorized and empowered to enter into contracts between any such county or city determining the obligations of each for the financing, construction, maintenance and operation of such jail, jails, or jail facilities, provided that the term of any such contract for the maintenance and operation of such jail, jails or jail facilities shall not exceed twenty (20) years. Such contracts where not in conflict with the provisions of the Constitution of the State of Texas may provide for the custody, control and operation of such jail, jails or jail facilities, including providing for a jailer to be custodian of such jail, jails or jail facilities, which said jailer shall be under the control and supervision of the sheriff of such county and shall be appointed by the sheriff with the advice and consent of the Commissioners Court and the governing body of such city or cities; providing that the salary for such jailer shall be in an amount as may be now or hereafter authorized by law for a deputy sheriff of such county and may be paid by such city or cities and by such county out of the Officers Salary Fund in such proportions as may be agreed upon by contract as herein provided. Any funds of such county and city or cities derived from sale of such bonds shall remain in the possession and control of the issuing authority until expended by such authority as herein authorized.

Sec. 3. This Act shall be cumulative of all other laws pertaining to county and city jails; provided, however, that to the extent that the provisions of this Act may be in conflict with the provisions of any other law, the provisions of this Act shall take precedence and prevail. [Acts 1961, 57th Leg., p. 1023, ch. 450.]

#### Art. 5115b. Counties of 68,000 to 71,150; Contracts With Cities for Jails or Jail Facilities

Sec. 1. That any county having a population of not less than 68,000 nor more than 71,150 according to the last preceding federal cen-

sus, in lieu of providing and maintaining its own jail, is hereby authorized to provide safe and suitable jail, jails or jail facilities for such counties by contracting with the city which is the county seat of any such county, for incarceration of the counties' prisoners in the jail, jails or jail facilities owned by said city or cities, on a daily per capita basis, for the lease of a portion of the jail, jails or jail facilities owned by such city or for joint operation and maintenance of the jail, jails or jail facilities owned and operated by such city for the mutual use and benefit of any such county and city, provided said jail, jails or jail facilities meet the requirements set forth in Chapter 277, Section 1, page 637, Acts 1957, 55th Legislature (Article 5115, Revised Civil Statutes of Texas, 1925, as amended). The Commissioners Court of any such county and the governing body of any such city are hereby authorized and empowered to enter into contracts for the incarceration of any such county's prisoners at a daily per capita rate equal to the cost of maintaining prisoners in said jail, jails or jail facilities or at a daily rate mutually agreed upon by the contracting counties and cities; contracts for lease of a portion of the jail, jails or jail facilities at a rate based upon the proportion of the total area of the jail, jails or jail facilities that is occupied by such counties' prisoners; and contracts for the joint maintenance and operation of such jail, jails or jail facilities determining the respective obligations of each for the maintenance and operation of any such jail or jails, provided that any such contract for lease or for joint maintenance and operation shall not exceed 20 years. Such contracts where not in conflict with the Constitution of the State of Texas may provide for custody, control and operation of such jail, jails or jail facilities, including providing for a jailer to be custodian of such jail, jails or jail facilities, which said jailer shall be under the control and supervision of the sheriff of such county and shall be appointed by the sheriff with the advice and consent of the Commissioners Court and the governing body of such city; providing that the salary of such jailer shall be in an amount as may be now or hereafter authorized by law for a deputy sheriff of such county and may be paid by such city or cities and by such counties in such proportions as may be agreed upon by such contracts as herein provided. Where not expressly provided to the contrary herein, any such jailer, his rights, duties, salary and tenure of office shall be controlled by the laws governing deputy sheriffs.

Sec. 2. This Act shall be cumulative of all other laws pertaining to county and city jails; provided, however, that to the extent that the provisions hereof conflict with any other law, the provision of this Act shall take precedence and prevail.

#### Art. 5117. Marshal May Use Jail

Sheriffs and jailers shall receive into their jails such prisoners as may be delivered or tendered to them by any United States Marshal or his deputy for any district of Texas, and shall safely keep such prisoners until they are demanded by such marshal or his deputy, or are discharged by due course of law. The marshal by whose authority such prisoners are received and kept shall be directly and personally liable to the sheriff or jailer for the jail fees and all other expenses of the keeping of such prisoners, such fees and expenses to be estimated according to the laws regulating the same in other cases.

[Acts 1925, S.B. 84.]

#### Art. 5118. Prisoner Sent to Another Jail

[Acts 1925, S.B. 84.]

#### Art. 5118a. Commutation for Good Conduct; Forfeiture of Commutation; Record

In order to encourage county jail discipline, a distinction may be made in the terms of prisoners so as to extend to all such as are orderly, industrious and obedient, comforts and privileges according to their deserts; the reward to be bestowed on prisoners for good conduct shall consist of such relaxation of strict county jail rules, and extension of social privileges as may be consistent with proper discipline. Commutation of time for good conduct, industry and obedience may be granted the inmates of each county jail by the sheriff in charge. A deduction in time not to exceed one third ( $\frac{1}{3}$ ) of the original sentence may be made from the term or terms of sentences when no charge of misconduct has been sustained against the

prisoner. This Act shall be applicable regardless of whether the judgment of conviction is a fine or jail sentence or a combination of jail sentence and fine. A prisoner under two (2) or more cumulative sentences shall be allowed commutation as if they were all one sentence. For such sustained charge of misconduct in violation of any rule known to the prisoner (including escape or attempt to escape) any part or all of the commutation which shall have accrued in favor of the prisoner to the date of said misconduct may be forfeited and taken

away by the sheriff. No other time allowance or credits in addition to the commutation of time for good conduct herein provided for may be deducted from the term or terms of sentences. The sheriff shall keep or cause to be kept a conduct record in card or ledger form and a calendar card on each inmate showing all forfeitures of commutation time and the reasons therefor.

He shall be a constant resident at the school or facility, and, under the direction of the Council, shall seek to establish relationships and to organize a way of life that will meet the spiritual, moral, physical, emotional, intellectual and social needs of the children under his care as those needs would be met in an adequate home;

(b) See that the buildings and premises are kept in good sanitary order;

(c) Public institutions and agencies are hereby required to accept and care for delinquent children sent to them by the Council in the same manner as they would be required to do had such children been committed thereto by a Juvenile Court.

(d) The Council is hereby given the right and shall be required periodically to inspect all public and all private institutions and agencies whose facilities it is using. Every institution and agency, whether public or private, is required to afford the Council reasonable opportunity to examine or consult with children committed to the Council who are for the time being in the custody of the institution or agency.

(c) The Youth Council shall keep written records of all examinations and of the conclusions based thereon, and of all orders concerning the disposition or treatment of every delinquent child subject to its control. All records maintained by such Youth Council shall not be public records, but shall only be available upon the order of a District Court.

(d) Failure of the Youth Council to examine a delinquent child committed to it, or to re-examine him within one (1) year of a previous examination, shall not of itself entitle the child to discharge from the control of the Youth Council, but shall entitle him to petition the committing court for an order of discharge, and the court shall discharge him unless the

Youth Council upon due notice satisfies the court of the necessity for further control.

Sec. 17. When a child has been committed to the Youth Council as a delinquent child, the Council may:

Such bond shall be approved by the Attorney General.

Under the direction of the Youth Council, he shall seek to establish relationships and to organize a way of life that will meet the spiritual, moral, physical, emotional, intellectual and social needs of the children under his care as those needs would be met in an adequate home;

(b) See that the buildings and premises are kept in good sanitary order;

When funds are available for the purpose, the Youth Council may enter into agreements with the appropriate private or public official for separate care and special treatment in existing institutions of persons subject to the control of the Youth Council.

(b) Nothing herein shall be construed as giving the Youth Council control over existing facilities, institutions or agencies other than those listed in Section 8, or as requiring such facilities, institutions or agencies to serve the Youth Council inconsistently with their functions, or with the authority of their offices, or with the laws and regulations governing their activities; or as giving the Youth Council power to make use of any private institution or agency without its consent; or to pay a private institution or agency for services which a public institution or agency is willing and able to perform.

(c) The Youth Council is hereby given the right and shall be required periodically to inspect all public and all private institutions and agencies whose facilities it is using. Every institution and agency, whether public or private, is required to afford the Youth Council reasonable opportunity to examine or consult with children committed to the Youth Council who are for the time being in the custody of the institution or agency.

(d) Placement of a child by the Youth Council in any institution or agency not operated by the Youth Council, or the release of such child from such an institution or agency, shall not terminate the control of the Youth Council over such child. No child placed in such institution or under such an agency may be released by the institution or agency without the approval of the Youth Council.

(3) transferred his residence to another county or state.

(d) Each county having an agreement with the Youth Council under this section shall make reports to the Youth Council on the status and progress of each child for which the county is receiving payments. The reports shall be made at the times and in the manner specified by the agreement.

#### Power to Establish Additional Facilities

Sec. 26. When funds are available for the purpose, the Youth Council may:

(a) Establish and operate places for detention and diagnosis of all delinquent children committed to it;

(b) The expenditure for clothing and for transportation and the payment of money may be made from funds for support and maintenance appropriated to the Youth Council or to the institution from which such child was released, or from local funds, or from any appropriation specifically made for such purposes by the Legislature of the State of Texas.

#### Escape and Apprehension

Sec. 29. A boy or girl committed to the Youth Council as a delinquent child and placed by it in any institution or facility, who has escaped therefrom, or who has been released under supervision and broken the conditions thereof, may be arrested without a warrant by a sheriff, deputy sheriff, constable, police officer, or parole officer employed or designated by the Youth Council, and may be kept in custody in a suitable place and there detained until such boy or girl may be returned to the custody of the Youth Council.

Sec. 30. Whenever the Youth Council finds that any delinquent child committed to it is mentally ill, feeble-minded or an epileptic, the Youth Council shall have the power to return such child to the court of original jurisdiction for appropriate disposition or shall have the power to request the court in the county in which the training school is located to take such action as the condition of the child requires. In no case will the Youth Council upon the determination of such a finding related to any such child committed to its custody delay returning the child to the committing county or make application to the proper court for appropriate handling of the case beyond the minimum time necessary for the removal of the child from its facilities in accordance with law.

#### Termination of Control

Sec. 31. Every child committed to the Youth Council as a delinquent, if not already discharged, shall be discharged from custody of the Youth Council when he reaches his twenty-first birthday.

Sec. 33. The records of commitment of a delinquent child to the Youth Council shall be

withheld from public inspection except with the consent of the Youth Council, but such records concerning any child shall be open at all reasonable times to the inspection of the child, his or her parents or parent, guardian, or attorney, or any of them. A commitment to the Youth Council shall not be received in evidence or used in any way in any proceedings in any court except in subsequent proceedings for delinquency against the same child, and except in imposing sentence in any criminal proceedings against the same person.

#### Records and Information

Sec. 34. The Youth Council shall conduct continuing inquiry into the effectiveness of the treatment methods it employs in seeking the reformation of delinquent children. To this end the Youth Council shall maintain a record of arrests and commitments of its wards subsequent to their discharge from the jurisdiction of the Youth Council and shall tabulate, analyze, and publish biennially these data so that they may be used to evaluate the relative merits of methods of treatment. The Youth Council shall cooperate with courts, private and public agencies in the collection of statistics and information regarding juvenile delinquency, arrests made, complaints, informations, and petitions filed, and the disposition made thereof, and other information useful in determining the amount and causes of juvenile delinquency in this state.

**Art. 5154a. Labor Unions, Regulation of**  
**Preamble of Public Policy**

Sec. 1. Because of the activities of labor unions affecting the economic conditions of the country and the State, entering as they do into practically every business and industrial enterprise, it is the sense of the Legislature that such organizations affect the public interest and are charged with a public use. The working man, unionist or non-unionist, must be protected. The right to work is the right to live.

It is here now declared to be the policy of the State, in the exercise of its sovereign constitutional police power, to regulate the activities and affairs of labor unions, their officers, agents, organizers, and other representatives, in the manner, and to the extent hereafter set forth.

**Definitions**

Sec. 2. The words and terms hereafter defined, as used in this Act, shall have the meaning herein stated, except where the context of the Act shows that the same are used in some other sense or meaning;

(a) the words "Secretary of State" shall mean the Secretary of State of the State of Texas;

(b) "labor union" shall mean every association, group, union, lodge, local, branch or subordinate organization of any union of working men, incorporated or unincorporated, organized and existing for the purpose of protecting themselves, and improving their working conditions, wages, or employment relationships in any manner, but shall not include associations or organizations not commonly regarded as labor unions;

(c) "labor organizer" shall mean any person who for a pecuniary or financial consideration solicits memberships in a labor union or members for a labor union;

(d) "enforcement officer" means the Attorney General, District Attorney and the County Attorney;

(e) "working agreement" means a collective bargaining contract with an employer for union labor employees in any business or industry, and shall include any

renewal, extension, supplementation or change whatever in respect to any such agreement.

**Reports**

Sec. 3. It shall be the duty of every labor union to file with the Secretary of State, annually, and not later than the first day of February, except as hereafter provided, a report containing,

(a) the name and address of such union;

(b) the name and address of its local officers;

(c) the name and address of the State, national, and international organization or union, if any, with which it is affiliated;

(d) a complete financial statement of all fees, dues, fines, or assessments levied or received, together with an itemized list of all expenditures, with names of recipients and purposes therefor, covering the preceding twelve (12) months; and,

(e) a complete statement of all property owned by the labor union, including any moneys on hand or accredited to such union, which said report shall be duly verified by the oath of the president, secretary, or some other regularly selected and acting officer of the union acquainted with the facts therein stated.

Provided, however, that any union which closes its books at a date not convenient to file not later than the first of February may file such reports once each year as provided, and the Secretary of State shall set the time for such filing at a time convenient to the union. Each such labor union shall file with its first such report, duly attested copies of its constitution, or other organization papers and records, and shall thereafter report any changes or amendments to such constitution or organization papers and records within twenty (20) days after such changes are made.

Such reports shall be available only to the Secretary of State, the Commissioner of Labor Statistics, and the Attorney General but shall also be open to grand juries and judicial and quasi-judicial inquiries in legal proceedings.

**Officers**

Sec. 4. All officers, agents, organizers, and representatives of such labor union shall be elected by majority vote of the members present and participating; provided, however, that labor unions, if they so desire, may require more than a majority vote for election of any officer, agent, organizer or representative, and may take any such vote of the entire membership by mailed ballots. Such election shall be held at least once each year, and the determination taken by secret ballot, of which election the membership shall be given at least seven (7) days' notice by written or printed notice mailed to the member's last known address, or by posting notice of such election in a

place public to the membership, or by announcement at a regular stated meeting of the union, whichever is most convenient to the union. The result of such election when held shall be ascertained and declared by the president and the secretary at the time in the presence of the members or delegates participating.

Provided, the requirement for annual elections herein made, or the methods of holding same, shall not apply to any labor union that for four (4) years prior to the effective date of the law shall have held its elections for officers, delegates and the like representatives less frequently than annually but which have held such elections either every three (3) years or every four (4) years under their constitution, bylaws, or other organization rules, and which unions have during the last ten (10) years charged not more than Ten Dollars (\$10) initiation fee to members.

#### Aliens or Convicts as Officers

Sec. 4a. It shall be unlawful for any alien or any person convicted of a felony charge to serve as an officer or official of a labor union or as a labor organizer as defined in this Act. This Section shall not apply to a person who may have been convicted of a felony and whose rights of citizenship shall have been fully restored.

#### Political Contributions Prohibited

Sec. 4b. It shall be unlawful for any labor union to make any financial contribution to any political party or to any persons running for political office as a part of the campaign expenses of such individual.

#### Organizers

Sec. 5. All labor union organizers operating in the State of Texas shall be required to file with the Secretary of State, before soliciting any members for his organization, a written request by United States mail, or shall apply in person for an organizer's card, stating

- (a) his name in full;
- (b) his labor union affiliations, if any;
- (c) describing his credentials and attaching thereto a copy thereof, which application shall be signed by him.

Upon such applications being filed, the Secretary of State shall issue to the applicant a card on which shall appear the following:

- (1) the applicant's name;
  - (2) his union affiliation;
  - (3) a space for his personal signature;
  - (4) a designation, "labor organizer";
- and,
- (5) the signature of the Secretary of State, dated and attested by his seal of office.

Such organizer shall at all times, when soliciting members, carry such card, and shall exhibit the same when requested to do so by a person being so solicited for membership.

#### Working Agreements

Sec. 6. All labor unions are hereby required to forward to the Secretary of State a copy of all existing working agreements with employers under which that organization is operating, within twenty (20) days after the execution of such working agreements, but only if such agreements contain a clause, or as a part of such agreement, which provides that the dues or any other collections for the benefit of the labor union are deducted from the worker's check or salary by the employer. Such working agreements shall be available only to the Secretary of State, the Commissioner of Labor Statistics, and the Attorney General, but shall also be open to grand juries, judicial and quasi-judicial inquiries. This shall not in anywise be construed to vitiate the Statute of Frauds.<sup>1</sup>

<sup>1</sup> Business and Commerce Code, § 26.01.

#### Fees, Dues, Fines and Assessments

Sec. 7. It shall be unlawful for any labor union, its officers, agent or any member to make any charge or exaction, or to receive any moneys for initiation fees, dues, fines, assessments, or other pecuniary exactions, which will create a fund in excess of the reasonable requirements of such union, in carrying out its lawful purpose or activities, if such fees, dues, fines, assessments, or other pecuniary exactions create, or will create, an undue hardship on the applicant for initiation to the union, or upon the union members. Nothing in this Section shall be deemed or construed to prevent the collection by a labor union of dues or assessments for purposes which are beneficial to the members of the union according to the established practice, and/or to maintain funds or make investments of funds for such beneficial purposes. Neither shall this Section be construed to prevent dues, collections or other assessments for old age benefits, death and burial benefits, hospitalization, unemployment, health and accident, retirement or other forms of mutual insurance, for legislative representation, grievance committee, or for gifts, floral offerings, or other charitable purposes, or any other legitimate purposes when the union engages in or decides to engage in such a field or practice; provided that the members contributing share or can reasonably expect to share in the benefits for which they are assessed; neither shall this Section be construed to prevent assessments, dues, or other collections, except initiation fees, to be placed in the funds or as a part of the funds of the union for the use by the union in paying its members while such members are on a strike; provided such funds shall remain under control of the labor union members. This Section shall be liberally construed, however, to prevent excessive initiation fees.

#### Advance Fees

Sec. 8. It shall be unlawful for any labor organizer, union official or officer, or member of a labor union, or their agents, to collect any fees, dues, or sum of money whatsoever, in re-

spect to membership in a labor union, or for the privilege to work or as a permit to work, from any person, without giving such person at that time a receipt therefor signed by such labor organizer, union official or officer, or member of the labor union, or their agent, reciting that such sum of money so received is to be delivered to the labor union, and be held intact until said person has been duly elected, and has become a bona fide voting member of said labor union. Provided that it shall be unlawful for any labor organizer, union official or officer, or member of a labor union, or their agents to collect any fee for the privilege to work or as a permit to work and no charge shall ever be made nor shall any fee ever be collected for the privilege to work in this State. Provided, however, this shall not prevent the collection of reasonable initiation fees as provided in this Act. Upon the payment in full by an applicant for membership in a labor union of any and all initiation fees or dues regularly assessed by such union, such labor union shall (a) elect such applicant to membership, or (b) shall forthwith return in full said money thus paid by the applicant. Upon such election, however, such advance fees thus paid may be applied by the labor union to the purposes and uses for which same were advanced. All unions, its members, officers, or agents, shall collect all fees in good faith, and no union shall elect a person to membership merely for the purpose of obtaining his initiation fee. Neither shall any labor union engage in the practice of collecting initiation fees from members and proceeding thereafter to discharge, suspend or drop such member, or cause his employer to discharge such employee, without reasonable and just cause. If any labor union shall engage in such practice, it shall be guilty of a violation of this Act, and shall be subject to the civil penalties herein prescribed. Nothing hereinabove stated shall be construed to prevent a closed shop contract or other type of bargaining agreement or to limit the bargaining power of a labor union.

#### Collecting Fees for Privilege to Work Forbidden

Sec. 8a. It shall be unlawful for any labor union, any labor organizer, any officer, any agent or representative or any member of any labor union to collect, receive or demand, directly or indirectly, any fee, assessment, or sum of money whatsoever, as a work permit or as a condition for the privilege to work from any person not a member of the union; provided, however, this shall not prevent the collection of initiation fees as above stated.

#### Books of Accounts

Sec. 9. It shall be the duty of any and all labor unions in this State to keep accurate books of accounts itemizing all receipts from whatsoever source and expenditures for whatsoever purpose, stating such sources and purposes. Any member of such labor union shall be entitled at all reasonable times to inspect the books, records and accounts of such labor

union, and any enforcement officer shall be entitled upon demand, subject to the approval of the Attorney General at all reasonable times, to inspect such books, records, and accounts of such labor union. Such books, records, and accounts shall also be open to grand juries and judicial and quasi judicial inquiries in legal proceedings.

#### Members' Rights

Sec. 10. It shall be unlawful for any labor union to refuse to give any person desiring membership therein a reasonable time, after obtaining the promise of employment, within which to decide whether or not he desires to become a member of such labor organization, as a condition to such person's employment by the employer. It shall also be unlawful for any labor union to expel any member thereof except for good cause, and upon a fair and public hearing by and within the organization, after due notice and an opportunity to be heard on specific charges preferred. Any Court of competent jurisdiction upon his petition therefor, shall order reinstatement of any member of the labor organization who shall be expelled without good cause.

#### Members in Armed Forces

Sec. 10a. Any employee who is a member of any union, who, because of services with the armed forces of the United States, has been unable to pay any dues, assessments, or sums levied by any union, shall not hereafter be required to make such back payments as a condition to reinstatement in good standing as a member of any union to which he belonged.

#### Penalties

Sec. 11. If any labor union violates any provision of this Act, it shall be penalized civilly in a sum not exceeding One Thousand Dollars (\$1,000) for each such violation, the sum recovered as a penalty in a Court of competent jurisdiction, in the name of the State, acting through an enforcement officer herein authorized. Any officer of a labor union and any labor organizer who violates any provision of this Act shall be deemed guilty of a misdemeanor, and upon conviction thereof in a Court of competent jurisdiction, shall be punished by a fine not to exceed Five Hundred Dollars (\$500) or by confinement in the county jail not to exceed sixty (60) days, or by both such fine and imprisonment.

#### Enforcement by Civil Procedure

Sec. 12. The District Courts of this State and the Judges thereof shall have full power, authority and jurisdiction, upon the application of the State of Texas, acting through an enforcement officer herein authorized, to issue any and all proper restraining orders, temporary or permanent injunctions, and any other and further writs or processes appropriate to carry out and enforce the provisions of this Act. Such proceedings shall be instituted, prosecuted, tried and heard as other civil proceedings of like nature in said Courts.

**Enforcement Officer**

Sec. 13. It is hereby made the duty of the Attorney General and the District Attorneys and County Attorneys of this State, within their respective jurisdictions, to prosecute any and all criminal proceedings and to institute and maintain any and all civil proceedings herein authorized for the enforcement of this Act.

**Liberal Construction Required**

Sec. 14. The provisions of this Act are to be liberally construed so as to effectuate the purposes expressed in the preamble and in such manner as to protect the rights of laboring men to work and/or to organize for their mutual benefit in connection with their work; nor shall anything in this Act be construed to deny the free rights of assembling, bargaining, and petitioning, orally or in writing with respect to all matters affecting labor and employment.

**Separability Clause with Respect to Constitutional Invalidity**

Sec. 15. If any Section or part whatsoever of this Act shall be held to be invalid, as in contravention of the Constitution, such invalidity shall not affect the remaining portions thereof, it being the express intention of the Legislature to enact such Act without respect to such Section or part so held to be invalid. [Acts 1943, 48th Leg., p. 180, ch. 104.]

**Art. 5154b. Liability of Labor Organizations for Damages**

Sec. 1. A labor organization whose members picket or strike against any person, firm or corporation shall be liable in damage for any loss resulting to such person, firm or corporation by reason of such picketing or strike in the event that such picketing or strike is held to be breach of contract by a Court of competent jurisdiction.

Sec. 2. The term "labor organization" means any organization of any kind, or any agency or employee, representation committee or plan in which employees participate and which exists for the purpose, in whole or in part, of dealing with one or more employers concerning grievances, labor disputes, wages, rates of pay, hours of employment or conditions of work.

The term "picketing" as used in this Act, shall include the stationing or posting of one person or of others for and in behalf of any organization in order to induce or attempting to induce, anyone not to enter the premises in question, or to apprise the public, by signs, banners, or by any other means, of the existence of a dispute, or to observe the premises so as to ascertain who enters or patronizes the same, or to follow employees or patrons of the place being picketed either to or from said place so as either to observe them or to attempt to persuade them to cease entering or of patronizing the premises being picketed.

Sec. 3. If any clause, sentence or paragraph or part of this Act or the application thereof to any person or circumstances, shall for any reason be judged to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this Act and the application thereof, but shall be confined in its operation to the portion of the Act directly involved in the controversy in which judgment shall have been rendered and to the persons or circumstances involved.

[Acts 1947, 50th Leg., p. 228, ch. 132.]

**Art. 5154c. Public Employees, Collective Bargaining Contracts With Organizations Representing; Strikes; Loss of Civil Service and Other Rights**

Sec. 1. It is declared to be against the public policy of the State of Texas for any official or group of officials of the State, or of a County, City, Municipality or other political subdivision of the State, to enter into a collective bargaining contract with a labor organization respecting the wages, hours, or conditions of employment of public employees, and any such contracts entered into after the effective date of this Act shall be null and void.

Sec. 2. It is declared to be against the public policy of the State of Texas for any such official or group of officials to recognize a labor organization as the bargaining agent for any group of public employees.

Sec. 3. It is declared to be against the public policy of the State of Texas for public employees to engage in strikes or organized work stoppages against the State of Texas or any political subdivision thereof. Any such employee who participates in such a strike shall forfeit all civil service rights, re-employment rights and any other rights, benefits, or privileges which he enjoys as a result of his employment or prior employment, providing, however, that the right of an individual to cease work shall not be abridged so long as the individual is not acting in concert with others in an organized work stoppage.

Sec. 4. It is declared to be the public policy of the State of Texas that no person shall be denied public employment by reason of membership or nonmembership in a labor organization.

Sec. 5. The term "labor organization" means any organization of any kind, or any agency or employee, representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with one or more employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

Sec. 6. The provisions of this Act shall not impair the existing right of public employees to present grievances concerning their wages, hours of work, or conditions of work individually or through a representative that does not claim the right to strike.

Sec. 7. If any clause, sentence, paragraph or part of this Act or the application thereof to any person or circumstances, shall for any reason be adjudged to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this Act and the application thereof, but shall be confined in its operation to the portion of the Act directly involved in the controversy in which judgment shall have been rendered and to the person or circumstances involved.

[Acts 1947, 50th Leg., p. 231, ch. 135.]

**Art. 5154c-1. The Fire and Police Employee Relations Act**

**Designation of Act**

Sec. 1. This Act shall be known as "The Fire and Police Employee Relations Act."

**Policy**

Sec. 2. (a) It is declared to be the policy of the State of Texas that cities, towns, and other political subdivisions within the state having police and/or fire departments shall provide the firefighters and policemen, in said departments, with compensation and other conditions of employment that are substantially the same as compensation and conditions prevailing in comparable private sector employment.

(b) (1) It is also the policy of the State of Texas that firefighters and policemen, like employees in the private sector, should have the right to organize for purposes of collective bargaining, for collective bargaining is deemed to be a fair and practical method for determining wages and other conditions of employment for the employees who comprise the paid fire and police departments of the cities, towns, and other political subdivisions within this state. A denial to such employees of the right to organize and bargain collectively would lead to strife and unrest, with consequent injury to the health, safety, and welfare of the public. The protection of the health, safety, and welfare of the public, however, demands that strikes, lockouts, work stoppages and slow-downs of firefighters and policemen be prohibited; therefore, it is the obligation of the state to make available reasonable alternatives to strikes by employees in these protective services.

(2) In view of the essential and emergency nature of the public service performed by firefighters and policemen, a reasonable alternative to such strikes is a system of arbitration conducted under adequate legislative standards. Another reasonable alternative, which should be provided in the event the parties fail to agree to arbitrate, is judicial enforcement of the requirements of this Act regarding the compensation and working conditions applicable to firefighters and policemen.

(3) With the right to strike prohibited, it is requisite to the high morale of firefighters and policemen, and to the efficient operation of the departments which they serve, that alternative procedures be expeditious, effective, and bind-

ing. To that end, the provisions of this Act should be liberally construed.

**Definitions**

Sec. 3. As used in this Act, the following terms have the following meanings:

(1) The term "firefighter" means each permanent paid employee in the fire department of any city, town, or other political subdivision within the state, with the sole exception of the chief of the department. Nothing herein shall apply to volunteer firefighters.

(2) The term "policeman" means each sworn certified full-time paid employee, whether male or female, who regularly serves in a professional law enforcement capacity in the police department of any city, town, or other political subdivision within the state, with the sole exception of the chief of the department.

(3) The term "public employer" means the proper official or officials within any city, town, or other political subdivision whose duty is to establish the wages, salaries, rates of pay, hours, working conditions, and other terms and conditions of employment of firefighters and/or policemen whether such person or persons be the mayor, city manager, town manager, town administrator, city council, director of personnel, personnel board, commissioners, or other officials, by whatever name designated, or by a combination of such persons.

(4) The term "association" means any organization of any kind, or any agency or employee representation committee or plan, in which firefighters and/or policemen participate and which exists for the purpose, in whole or in part, of dealing with one or more employers, whether public or private, concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work affecting firefighters and/or policemen.

(5) "Strike" means the failure, in concerted action with others, to report for duty, the wilful absence from one's position, the stoppage of work, or the abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment, or in any manner interfering with the operation of any municipality, for the purpose of inducing, influencing, or coercing a change in the conditions or compensation or the rights, privileges, or obligations of employment.

**Requirement for Prevailing Wages and Conditions**

Sec. 4. Cities, towns, and other political subdivisions within the state employing firefighters and/or policemen shall provide those protective service employees with compensation and other conditions of employment that are substantially the same as compensation and other conditions of employment which prevail

in comparable private sector employment; therefore, compensation and other conditions of employment for those employees shall be based on prevailing private sector wages and working conditions in the labor market area in other jobs, or portions of other jobs, which require the same or similar skills, ability, and training, and which may be performed under the same or similar conditions.

#### Right to Organize and Bargain Collectively

Sec. 5. (a) Upon the adoption of the provisions of this Act by any city, town, or political subdivision in this state to which this Act applies, as herein in this section provided, firefighters and/or policemen shall have the right to organize and bargain collectively with their public employer as to wages, hours, working conditions, and all other terms and conditions of employment.

(b) The provisions of this Act may be adopted by any city, town, or other political subdivision to which this Act applies by the following method:

Upon receiving a petition signed by the lesser of five percent or 20,000 of the qualified voters voting in the last preceding general election in such city, town, or political subdivision, the governing body of such city, town or political subdivision shall hold an election within 60 days after said petition has been filed with such governing body. If at said election, a majority of the votes cast shall favor the adoption of this Act, then such governing body shall place this Act into effect within 30 days after the beginning of the first fiscal year of said city or town after said election. The question which shall be submitted to the vote of the qualified electors shall be as follows:

FOR or AGAINST the following:

Adoption of the state law applicable to "firefighters and policemen" or "firefighters" or "policemen", (whichever shall be applicable), which establishes collective bargaining when a majority of the affected employees favor representation by an employees' association and which preserves the prohibition of strikes and lockouts and provides penalties therefor.

(c) In any city, town, or political subdivision in which the provisions of this Act have been in effect for a period of one year, if a petition signed by the lesser of five percent or 20,000 of the qualified voters voting in the last preceding general election in such city, town, or political subdivision shall be presented to the governing body thereof to call an election for the repeal of the adoption of the provisions of this Act, then and in that event, the governing body shall call an election of the qualified voters to determine if they desire to repeal such adoption. If at said election, a majority of the votes cast shall favor the repeal of the adoption of this Act, then the provisions hereof shall become null and void as to such city,

town, or political subdivision. The question which shall be submitted to the vote of the qualified electors shall read as follows:

FOR or AGAINST the following:

Repeal of the adoption of the state law applicable to "firefighters and policemen" or "firefighters" or "policemen", (whichever shall be applicable), which establishes collective bargaining when a majority of the affected employees favor representation by an employees' association and which preserves the prohibition of strikes and lockouts and provides penalties therefor.

(d) When any election has been held in any city, town, or political subdivision at which election the adoption or rejection of the adoption of this Act has been submitted as aforesaid, a like petition for another such election shall not be filed for at least one year subsequent to the election so held.

#### Recognition of Bargaining Agent

Sec. 6. (a) An association selected by a majority of the paid firefighters of a fire department in any city, town, or other political subdivision, excluding the chief of the department, shall be recognized by the public employer as the sole and exclusive bargaining agent for all of the firefighters of that department, unless and until recognition of such association is withdrawn by a majority of those firefighters.

(b) An association selected by a majority of the sworn certified full-time paid policemen of a police department in any city, town, or other political subdivision, excluding the chief of the department, shall be recognized by the public employer as the sole and exclusive bargaining agent for all of the policemen of that department, unless and until recognition of such association is withdrawn by a majority of those policemen.

(c) In the event of a question as to whether or not an association is the majority representative of the employees in a department, pursuant to this section, such question concerning representation shall be resolved by a fair election conducted according to procedures agreeable to the parties. If the parties are unable to agree on such procedures, either party may request the American Arbitration Association to conduct the election and to certify the results thereof. Certification of the results of an election held pursuant to this section shall resolve the question concerning representation. The public employer shall be responsible for the expenses of the election, provided however that if two or more associations seek recognition as the bargaining agent then said associations shall share the costs of such election equally.

(d) Although the fire and police departments within the same city, town, or other political subdivision shall constitute separate collective bargaining units under this Act, nothing contained herein shall prevent associations representing employees in both of these

departments within the same city, town, or other political subdivision from voluntarily joining together for purposes of collective bargaining with the public employer.

#### Obligation to Bargain in Good Faith

Sec. 7. (a) Whenever the firefighters and/or the policemen of a city, town, or other political subdivision of the state are represented by an association in accordance with Section 6 of this Act, the public employer and the association shall be obligated to bargain collectively.

(b) For purposes of this section, to bargain collectively is the performance of the mutual obligation of the public employer and the association to meet at reasonable times and confer in good faith with respect to wages, hours, and other terms and conditions of employment, or the negotiation of an agreement, or any question arising thereunder, and the execution of a written contract incorporating any agreement reached if requested by either party, but such obligation does not compel either party to agree to a proposal or require the making of a concession.

(c) The association or the public employer may designate any person or persons to negotiate or bargain on its behalf; and the parties may utilize mediation, pursuant to Section 9 of this Act, to assist them in arriving at an agreement.

(d) Whenever wages, rates of pay, or any other matter requiring appropriation of money by any governing body are included as a matter for collective bargaining pursuant to this Act, it shall be the obligation of the association to serve written notice of request for such collective bargaining on the public employer at least 120 days before the conclusion of the current fiscal operating budget.

(e) All deliberations pertaining to collective bargaining between an association and a public employer or any deliberation by a quorum of members of an association authorized to bargain collectively or by a member of a public employer authorized to bargain collectively shall be open to the public and in compliance with the Acts of the State of Texas.

#### Enforceability of Agreements

Sec. 8. Whenever a public employer and an association reach an agreement on compensation and/or other terms and conditions of employment for firefighters or policemen, pursuant to the provisions of this Act, the public employer shall be deemed to be in compliance with the requirements of Section 4 hereof as to such terms and conditions of employment for the duration of agreement. The agreement shall be enforceable and shall be binding upon the public employer, the association, and the firefighters or policemen covered therein.

#### Impasse Procedures and Voluntary Mediation

Sec. 9. (a) In any dispute between a public employer and its protective services employees represented by an association, pursuant to this

Act, where an impasse is reached in the collective bargaining process, or where the appropriate lawmaking body fails to approve a contract reached through collective bargaining, and as a result the public employer and the employees are unable to effect a settlement, then either party to the dispute, after written notice to the other party containing specifications of the issue or issues in dispute, may request appointment of an arbitration board; provided, however, a party shall not request arbitration more than once during any fiscal year.

(b) For purposes of this section, an impasse in the collective bargaining process shall be deemed to occur when the parties do not reach a settlement of the issue or issues in dispute by way of a written agreement within 60 days after initiation of the collective bargaining proceedings. The period, however, may be extended by written agreement for additional periods of time, provided each such extension of time is for a definite period not to exceed 15 days.

(c) Prior to invoking arbitration, the parties shall make every reasonable effort to settle their dispute through good-faith collective bargaining; such efforts shall include mediation, provided a mediator can be appointed by agreement of the parties or by an appropriate agency of the state. If a mediator is appointed, his function shall be to assist all parties to reach a voluntary agreement. He may hold separate or joint conferences as he deems expedient to effect a voluntary, amicable, and expeditious adjustment and settlement of the differences and issues between the parties. He shall make no public recommendation on any negotiation issue in connection with the performance of his service nor shall he make a public statement or report which evaluates the relative merits of the position of the parties. The mediator may, however, recommend or suggest to the parties any proposal or procedure which in his judgment might lead to settlement.

#### Arbitration

Sec. 10. (a) The request for arbitration referred to in Section 9 hereof shall be initiated within five days following the expiration of the 60-day pre-impasse period or within five days following an agreed extension of the period, as provided in Section 9. If both parties elect to settle their dispute by arbitration, such election shall be made within five days following the request for arbitration, and shall be in the form of a written agreement to arbitrate. The issues to be arbitrated shall be all matters which the parties have been unable to resolve through collective bargaining in accordance with the procedures of Sections 7 and 9 of this Act.

(b) Although the policy of this Act favors and encourages the parties to elect voluntary arbitration, nothing contained herein shall be deemed a requirement for compulsory arbitration.

## Arbitration Board

Sec. 11. If the parties elect arbitration, within five days following the execution of the agreement to arbitrate they shall select and name one arbitrator and shall immediately notify each other in writing of the name and address of the person so selected. The two arbitrators so selected and named shall, within 10 days from the execution of the agreement to arbitrate, attempt to agree upon a third (neutral) arbitrator. If on the expiration of the said 10-day period the two arbitrators have been unable to agree upon the selection of the third arbitrator, either party may request the American Arbitration Association to utilize its procedures for selection of the neutral arbitrator, and said association shall be authorized to effect the appointment of the neutral arbitrator according to fair and regular procedures. Unless both parties consent, the neutral arbitrator so selected will not be the same person selected as a mediator pursuant to Section 9 hereof. The third (neutral) arbitrator, whether selected as a result of agreement between the two arbitrators previously selected or selected pursuant to American Arbitration Association procedures, shall serve as chairman of the arbitration board.

## Hearings

Sec. 12. (a) The arbitration board shall, acting through its chairman, call a hearing to be held within 10 days after the date of the appointment of the chairman; and the board shall, acting through its chairman, give the other two arbitrators, the association, and the public employer at least seven days' notice in writing of the time and place of such hearing. The hearing shall be informal, and the rules of evidence prevailing in judicial proceedings shall not be binding. Any and all documentary evidence and other data deemed relevant by the arbitrators may be received in evidence. The arbitrators shall have the power to administer oaths and to require by subpoena the attendance and testimony of witnesses, the production of books, records, and other evidence relative or pertinent to any issue presented to them for determination.

(b) The hearing conducted by the arbitration board shall be concluded within 20 days of the time of commencement; within 10 days after the conclusion of the hearing the arbitration board shall make written findings, in accordance with Section 12 of this Act, and render a written award on the issues presented. A copy of the findings and award shall be mailed or otherwise delivered to the association and to the public employer.

(c) Time periods specified in this section may be extended for reasonable periods by written agreement of the parties. Time periods may also be extended, for good cause, by the arbitration board, provided the cumulative period of the extensions granted by the board shall not exceed 20 days.

## Scope of the Arbitrators' Authority, Effect of the Award, and Enforceability

Sec. 13. (a) It shall be the duty of the arbitration board to render an award in accordance with the requirements of Section 4 of this Act. Accordingly, hazards of employment, physical qualifications, educational qualifications, mental qualifications, job training, and skills are factors, among others, which the arbitrators shall consider in settling disputes relating to wages, hours, and other terms and conditions of employment.

(b) When an arbitration award is rendered in accordance with these provisions, the public employer involved shall be deemed to be in compliance with the requirements of Section 4 hereof as to the terms and conditions provided by said award for the duration of the collective bargaining period for which the award is applicable.

(c) A majority decision of the arbitration board, if supported by competent, material, and substantial evidence on the whole record, shall be final and binding upon the parties, and may be enforced, at the instance of either party or of the arbitration board, in the state district court for the judicial district in which a majority of the affected employees reside.

(d) The commencement of a new fiscal year following the initiation of arbitration procedures under this Act, but prior to the rendition of the arbitration award or its enforcement, shall not render a dispute moot or otherwise impair the jurisdiction or authority of the arbitration board or its award. Increases in rate of compensation awarded by the arbitration board under this section may be effective only at the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced since initiation of arbitration procedures under this Act, the foregoing limitation shall be inapplicable and such awarded increases may be retroactive to the commencement of such fiscal year, any other statute or charter provision to the contrary notwithstanding.

(e) The parties may amend or modify an arbitration award by agreement in writing at any time.

## Judicial Review of the Arbitration Award

Sec. 14. Awards of the arbitration board shall be reviewable by the state district court for the judicial district in which the municipality is located, but only on the following grounds:

- (1) that the arbitration panel was without or exceeded its jurisdiction;
- (2) that the order is unsupported by competent material, and substantial evidence on the whole record; or
- (3) that the order was procured by fraud, collusion, or other such unlawful means.

The pendency of a proceeding for review shall not automatically stay the order of the arbitration board.

Compensation of Arbitrators and Expenses

Sec. 15. The compensation, if any, of the arbitrator appointed for the firefighters and/or policemen shall be paid by the association representing the firefighters and/or policemen. The compensation of the arbitrator appointed for the public employer shall be paid by the public employer. The compensation of the neutral arbitrator, as well as all stenographic and other expenses incurred by the arbitration board in connection with the arbitration proceedings, shall be paid jointly in even proportions by the association representing the firefighters and/or the policemen and the public employer. If either party in the arbitration requires a transcript of the arbitration proceedings that party shall be required to bear the cost of the transcript.

Judicial Enforcement When the Public Employer Declines to Arbitrate

Sec. 16. Should a public employer choose not to elect arbitration when arbitration has been requested by an association pursuant to Sections 9, 10, and 11 hereof, on the application of the association, the state district court of the judicial district in which a majority of the affected employees reside shall have full power, authority, and jurisdiction to enforce the requirements of Section 4 hereof as to any unsettled issue relating to compensation and/or other terms and conditions of employment for firefighters and/or policemen. The court costs of any such action, including costs for a master if one is appointed, shall be taxed against the public employer. In the event the court finds the public employer in violation of Section 4 hereof, it shall:

- (1) order the public employer to make the affected firefighters and/or policemen whole as to their past losses;
- (2) declare the compensation and/or other terms and conditions of employment required by Section 4 hereof for the period as to which the parties had been bargaining, but not to exceed a period of one year, and
- (3) award the employees' association reasonable attorney's fees.

Strikes and Lockouts

Sec. 17. (a) Strikes, lockouts, work stoppages, and slowdowns of firefighters and/or policemen shall be unlawful, and they are hereby prohibited.

(b) In the case of a lockout of firefighters or policemen by a municipality, or its designated representative or agent, or a department or agency head, the Court shall

(i) issue an order restraining and enjoining such violation, and/or

(ii) impose on any individual violator a fine of not more than \$2,000.

(c) Upon the finding by the district court in which the municipality is located that a fire or police service association has called, ordered,

aided, or abetted in a strike of firefighters or policemen, the Court shall impose upon such employee organization, for each day of such violation a fine fixed in an amount equal to  $\frac{1}{26}$  of the total amount of annual membership dues of such association or \$20,000, whichever is the lesser; provided, however, that where an amount equal to  $\frac{1}{26}$  of the total amount of annual membership dues of such employee organization is less than \$2,500, such fine shall be fixed in the amount of \$2,500. In addition, the Court shall order forfeiture of any membership dues checkoff for a specified period of time not to exceed 12 months. If, however, the association alleges, and the Court finds, that the appropriate municipality or its representatives engaged in such acts of extreme provocation as to detract substantially from the responsibility of the association for the strike, the Court may, in its discretion, reduce the amount of the fine imposed.

(d) If an association appeals a fine imposed pursuant to the preceding paragraph,

(i) the Court to which such an appeal is taken shall, on motion of any party thereto, grant a preference in the hearing thereof, and

(ii) such employee organization shall not be required to pay such fine until such appeal is finally determined.

(e) If a firefighter or policeman engages in a strike, or interferes with the municipality, or prevents the municipality from engaging in its duty, or commits, attempts or directs any employee of the municipality to stop or decline to work, or slowdown work, or causes any other person to fail or refuse to deliver to the municipality goods or services, or pickets for any of the above illegal acts, or conspires to perform any of the above acts, the wages or compensation in any form of such firefighter or policeman shall not increase in any manner or form, until after the expiration of one year from the date such firefighter or policeman resumes normal working duties, and said firefighter or policeman shall be on probation for two years with respect to civil service status, tenure of employment, or contract of employment, which that person may have theretofore been entitled.

Judicial Enforcement Generally

Sec. 18. The state district court of the judicial district in which the municipality is located, and any judge thereof, shall have full power, authority, and jurisdiction, on the application of either party aggrieved by an action or omission of the other party, when such action or omission pertains to the rights, duties, or obligations provided in this Act, to issue any and all proper restraining orders, temporary or permanent injunctions, and any other and further writ, order, or process, including but not limited to contempt orders, that are appropriate to carrying out and enforcing the provisions of this Act.

## Severability

Sec. 19. If any provision of this Act or the application of such provision to any person or circumstance is held invalid, the remainder of the Act or the application of such provision to persons or circumstances other than those to which it is held invalid shall not be affected thereby.

## Act Takes Precedence

Sec. 20. (a) This Act shall supersede all conflicting provisions in previous statutes concerning this subject matter; to the extent of any conflict the previous conflicting statutory provision is hereby repealed; and this Act shall preempt all contrary local ordinances, executive orders, legislation, rules, or regulations adopted by the state or by any of its political subdivisions or agents, such as, but not limited to, a personnel board, a civil service commission, or a home-rule municipality.

(b) Provisions of collective bargaining contracts made pursuant to this Act shall take precedence over state or local civil service provisions whenever the collective bargaining contract, by agreement of the parties, specifically so provides. Otherwise, the civil service provisions shall prevail. Civil service provisions, however, shall not be repealed or modified by arbitration or judicial action; although arbitrators and courts, where appropriate, may interpret and/or enforce civil service provisions.

(c) Nothing contained in this Act shall be construed as repealing any existing benefit provided by statute or ordinance concerning firefighters' or policemen's salaries, pensions, or retirement plans, hours of work, conditions of work, or other emoluments; this Act shall be cumulative and in addition to the benefits provided by said statutes and ordinances.

(d) Nothing contained in this Act shall be deemed a limitation on the authority of a fire chief or police chief of a city under Chapter 325, Acts of the 50th Legislature, 1947 (Article 1269m, Vernon's Texas Civil Statutes), except to the extent the parties through collective bargaining shall agree to modify such authority. [Acts 1973, 63rd Leg., p. 151, ch. 81, eff. Aug. 27, 1973.]

## Art. 5154d. Picketing

Sec. 1. It shall be unlawful for any person, singly or in concert with others, to engage in picketing or any form of picketing activity that shall constitute mass picketing as herein defined.

"Mass picketing," as that term is used herein, shall mean any form of picketing in which:

1. There are more than two (2) pickets at any time within either fifty (50) feet of any entrance to the premises being picketed, or within fifty (50) feet of any other picket or pickets.

2. Pickets constitute or form any character of obstacle to the free ingress to and egress from any entrance to any premises

being picketed or to any other premises, either by obstructing said free ingress or egress by their persons or by the placing of vehicles or other physical obstructions.

The term "picket," as used in this Act, shall include any person stationed by or acting for and in behalf of any organization for the purpose of inducing, or attempting to induce, anyone not to enter the premises in question or to observe the premises so as to ascertain who enters or patronizes the same, or who by any means follows employees or patrons of the place being picketed either to or from said place so as either to observe them or attempt to persuade them to cease entering or patronizing the premises being picketed.

The term "picketing," as used in this Act, shall include the stationing or posting of one's person or of others for and in behalf of any organization to induce anyone not to enter the premises in question, or to observe the premises so as to ascertain who enters or patronizes the same, or to follow employees or patrons of the place being picketed either to or from said place so as either to observe them or attempt to persuade them to cease entering or patronizing the premises being picketed.

Sec. 2. It shall be unlawful for any person, singly or in concert with others, by use of insulting, threatening or obscene language, to interfere with, hinder, obstruct, or intimidate, or seek to interfere with, hinder, obstruct, or intimidate, another in the exercise of his lawful right to work, or to enter upon the performance of any lawful vocation, or from freely entering or leaving any premises.

Sec. 3. It shall be unlawful for any person, singly or in concert with others, to engage in picketing or any form of picketing activities, where any part of such picketing is accompanied by slander, libel, or the public display or publication of oral or written misrepresentations.

Sec. 4. It shall be unlawful for any person, singly or in concert with others, to engage in picketing, the purpose of which, directly or indirectly, is to secure the disregard, breach or violation of a valid subsisting labor agreement arrived at between an employer and the representatives designated or selected by the employees for the purpose of collective bargaining, or certified as the bargaining unit under the provisions of the National Labor Relations Act.<sup>1</sup>

Sec. 4a. It shall be unlawful for any person, singly or in concert with others, to declare, publicize or advertise the continued existence of picketing, actual or constructive, at any point or directed against any premises after a court of competent jurisdiction has enjoined and restrained the continuance of such picketing at said point or premises.

Sec. 5. Any person guilty of violating any of the Sections of this Act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than Twenty-five

Dollars (\$25) nor more than Five Hundred Dollars (\$500), or be imprisoned in jail not to exceed ninety (90) days, or both. Each separate act of violation shall constitute a separate offense.

Sec. 6. If any clause, sentence, paragraph or part of this Act or the application thereof, to any person or circumstances, shall for any reason be adjudged to be invalid, such judgment shall not affect, impair or invalidate the remainder of this Act and the application thereof, it being the expressed intention of the Legislature to enact such Act without respect to such Section or part so held to be invalid.

Any contract which permits, requires, prescribes or provides for the retention of any part of the compensation of an employee for the purpose of paying dues or assessments on his part to any labor union, without the written consent of the employee delivered to the employer authorizing the retention or the withholding of such sum shall be null and void and against public policy. The provisions of this Section shall not apply to any contract or contracts heretofore executed but shall apply to any renewal or extension of existing contracts and to any new agreement or contract executed after the effective date of this Act.

[Acts 1947, 50th Leg., p. 487, ch. 284, § 1.]

Sec. 2. As used in this Act:

a. The term "labor union" means every association, group, union, national and local, branch or subordinate organization of any union of working men, incorporated or unincorporated, organized and existing in part for the purpose of protecting themselves and improving their working conditions, wages, or employment relationships in any manner, and shall include the local, state, national and international affiliates of such organizations or unions.

Sec. 3. Any person who shall violate any of the provisions of this Act shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by fine not exceeding Five Hundred (\$500.00) Dollars, or by confinement in the county jail not to exceed six months, or by both such fine and imprisonment.

Sec. 4. Any person who violates any of the provisions of this Act shall be liable to the person suffering the same for all damages resulting therefrom, and the person damaged is hereby given right of action and access to the courts to redress such wrong or damage, including injunctive relief; and any association or labor union, local, state, national or international, which represents or purports to represent any such person violating any of the provisions of this Act shall be jointly and severally liable with any such person for all such damages resulting thereby.

Sec. 5. Sec. 7. All laws and parts of laws in conflict herewith are hereby repealed.

Sec. 8. If any section, sentence, phrase or part of this Act shall be held unconstitutional, such unconstitutionality shall not affect the validity of the remaining portions thereof; it being the intention of the Legislature to pass the constitutional sections, sentences, phrases and parts of this Act even though some one or more sections, sentences, phrases or parts shall be held to be invalid.

[Acts 1947, 50th Leg., p. 779, ch. 387.]

#### Art. 5154g. Strikes and Picketing Regulated and Prohibited; Elections; Injunction

Public Policy Declared; Right to Work Not To Be Denied or Abridged for Union Membership or Non-membership

Sec. 1. It is hereby declared to be the public policy of the State of Texas that the right of persons to work shall not be denied or

abridged on account of membership or non-membership in any labor union or labor organization and that in the exercise of such rights all persons shall be free from threats, force, intimidation or coercion.

Striking or Picketing to Coerce Employer to Bargain with Employee Groups Representing Minority of Employees

Sec. 2. It shall be a violation of the rights set forth in Section 1 for any person or persons, or associations of persons, or any labor union or labor organization, or the members or agents thereof, acting singly or in concert with others, to establish, call, maintain, participate in, aid or abet any strike or picketing, an object of which is to urge, compel, force or coerce any employer to recognize or bargain with, or any employee or group of employees to join or select as their representative, any labor union or labor organization which is not in fact the representative of a majority of the employees of an employer or, if the employer operates two or more separate and distinct places of business, is not in fact the representative of a majority of such employees at the place or places of business subjected to such strike or picketing.

Election by Employees to Determine Bargaining Agency; Authority of Judge to Order; Procedure; Employees Eligible to Vote

Sec. 3. In any proceeding or suit that may be instituted under the provisions of Section 2 hereof, the trial judge, prior to final hearing thereon, is hereby authorized to order an election, by the employees of the employer subjected to strike or picketing, for the purpose of determining whether a labor union or labor organization is in fact the representative of a majority of the employees of said employer, and any such election shall be held, within twenty (20) days after the institution of such proceeding or suit, by a disinterested master appointed by the trial judge, under rules and procedures prescribed by the trial judge, which shall provide that the employer and the said labor union or labor organization may each have one representative present at the voting place or places as an observer, such representatives to be approved by the trial judge, and the voting of such election shall be by secret ballot. The ballots used in all elections under this Act shall be on plain white paper through which printing or writing cannot be read, shall be uniform in size, and shall not be numbered nor have attached in any manner any form of stub nor shall the person using said ballot be required to sign the same. Employment lists will be checked and no employees shall be allowed to vote more than once. Each ballot shall be initialed by the judge before being presented to the voter. All employees of the employer at the time of the commencement of the strike or picketing complained of shall be eligible to vote in any such election except employees who have since quit or been discharged for cause, which shall not include the partici-

pation in the strike or picketing complained of, and have not been rehired or reinstated prior to the date of the election; provided, however, that permanent replacements of employees on strike shall be eligible to vote in any such election.

**Liability for Damages for Violations; Injunction**

Sec. 4. ers, workmen and mechanics employed by or on behalf of the State of Texas, or by or on behalf of any county, city and county, city, town, district or other political subdivision of the State, engaged in the construction of public works, exclusive of maintenance work. Laborers, workmen, and mechanics employed by contractors or subcontractors in the execution of any contract or contracts for public works with the State, or any officer or public body thereof, or in the execution of any contract or contracts for public works, with any county, city and county, city, town, district or other political subdivision of this State, or any officer or public body thereof, shall be deemed to be employed upon public works.

Sec. 2. The public body awarding any contract for public work on behalf of the State, or on behalf of any county, city and county, city, town, district or other political subdivision thereof, or otherwise undertaking any public work, shall ascertain the general prevailing rate of per diem wages in the locality in which the work is to be performed for each craft or type of workman or mechanic needed to execute the contract, and shall specify in the call for bids for said contract, and in the contract itself, what the general prevailing rate of per diem wages in the said locality is for each craft or type of workman needed to execute the contract, also the prevailing rate for legal holiday and overtime work, and it shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract. The contractor shall forfeit as a penalty to the State, county, city and county, city, town, district or other political subdivision on whose behalf the contract is made or awarded, Ten Dollars (\$10.00) for each laborer, workman or mechanic employed, for each calendar day, or portion thereof, such laborer, workman or mechanic is paid less than the said stipulated rates for any work done under said contract, by him, or by any subcontractor under him, and the said public body awarding the contract shall cause to be inserted in the contract a stipulation to this effect. It shall be the duty of such public body awarding the contract, and its agents and officers, to take cognizance of complaints of all violations of the provisions of this Act committed in the course of the execution of the contract, and, when making payments to the contractor of monies becoming due under said contract, to withhold and retain therefrom all sums and amounts which shall have been forfeited pursuant to the herein said stipulation and the terms of this Act; provided, however, that no sum shall be so withheld, retained or forfeited, except from the final payment, without a full investigation by the awarding body. It shall be lawful for any contractor to withhold from any subcontractor under him sufficient sums to cover any penalties withheld from him by the

awarding body on account of the said subcontractor's failure to comply with the terms of this Act, and if payment has already been made to him the contractor may recover from him the amount of the penalty or forfeiture in a suit at law.

Sec. 3. The contractor and each subcontractor shall keep, or cause to be kept, an accurate record showing the names and occupations of all laborers, workmen and mechanics employed by him, in connection with the said public work, and showing also the actual per diem wages paid to each of such workers, which record shall be open at all reasonable hours to the inspection of the public body awarding the contract, its officers and agents.

The term "locality in which the work is performed" shall be held to mean the county, city and county, city, town, district or other political subdivision of this state in which the building, highway, road, excavation, or other structure, project development or improvement is situated in all cases in which the contract is awarded by the state, or any public body thereof, and shall be held to mean the limits of the county, city and county, city, town, district or other political subdivisions on whose behalf the contract is awarded in all other cases. The term "general prevailing rate of per diem wages" shall be the rate determined upon as such rate by the public body awarding the contract, or authorizing the work, whose decision in the matter shall be final. It is mandatory that the public body state such prevailing wage as a sum certain, in dollars and cents. Nothing in this Act, however, shall be construed to prohibit the payment to any laborer, workman or mechanic employed on any public work as aforesaid of more than the said general prevailing rate of wages.

Sec. 5. Any officer, agent or representative of the State, or any political subdivision, district or municipality thereof, who wilfully shall violate, or omit to comply with, any of the provisions of this Act, and any contractor or subcontractor, or agent or representative thereof, doing public work as aforesaid, who shall neglect to keep, or cause to be kept, an accurate record of the names, occupation and actual wages paid to each laborer, workman and mechanic employed by him in connection with the said public work, or who shall refuse to allow access to same at any reasonable hour to any person authorized to inspect same under this Act, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not exceeding Five Hundred Dollars (\$500.00), or by imprisonment for not exceeding six (6)

#### Art. 5159d. Minimum Wage Act of 1970

##### Purpose

Sec. 1. The Legislature hereby finds that a substantial number of the people of this state are working for wages that are not sufficient, in view of the cost of living, to enable them to maintain a standard of living necessary for the health, efficiency, and general well-being of themselves or their families. The Legislature also finds that this condition is a contributing cause of certain social disorders which have an adverse effect upon the economy of the state and the general welfare of its people, among which disorders are school dropouts, the disintegration of family units, and undue dependency upon public and private welfare programs. It is hereby declared to be the policy of this state to alleviate and as rapidly as practicable eliminate these conditions without undue curtailment of employment or earning power.

<sup>1</sup> 29 U.S.C.A. § 201 et seq.

<sup>2</sup> Article 5221b-1 et seq.

Sec. 5. (a) Except as provided in Sections 6 and 7 of this Act, every employer shall pay to each of his employees (1) not less than \$1.25 an hour on and after February 1, 1970; and (2) not less than \$1.40 an hour on and after February 1, 1971.

(c) The cost to the employer of furnishing meals or lodging, or both, to an employee may be included in computing the wages paid to the employee if meals or lodging are customarily furnished by the employer to his employees, provided that the cost of the meals and of the lodging are separately stated and identified in the earnings statement furnished to the employee under the provisions of Section 11 of this Act.

(d) No employer who has an employee that lives on the premises of a business and is assigned certain working hours plus additional hours when the employee will be subject to call shall be required to pay the employee for more than the number of hours the employee actually worked or was on duty because of assigned working hours.

#### Minimum Wage for Agricultural Employees

Sec. 6. (a) Except for persons covered by Subsections (b) and (c) of this section and Section 7 of this Act, any person employed in agriculture on and after February 1, 1970, shall be entitled to receive for each hour that he works not less than 20 cents less than the federal hourly minimum wage for agriculture as provided in the Fair Labor Standards Act of 1938, as amended, but in no event shall the minimum hourly wage established in this Act for agriculture exceed the amount specified in Section 5 of this Act.

(b) On and after February 1, 1970, when a person employed in agriculture lives on the premises of the employer in quarters furnished by the employer, the employer, in addition to furnishing living quarters and other benefits, shall pay to the employee in cash a minimum weekly salary of not less than \$30 a week.

(c) When a person is employed as provided in Subsection (b) of this section and the employer, in addition to furnishing on-premises living quarters for the employee also furnishes on-premises living quarters for members of the employee's family, any member of the employee's family living in the quarters may be employed in agriculture by the employer without regard to the minimum wage and salary provisions of this Act.

(d) The provisions of this section take effect on February 1, 1970.

## Piece Rate Workers

Sec. 7. (a) On and after February 1, 1971, any person employed in agriculture as a piece rate worker to harvest a commodity for which a piece rate has been established by the commissioner under the provisions of this section shall be entitled to receive not less than the piece rate established by the commissioner for harvesting the particular commodity involved.

(b) The commissioner shall determine a piece rate for each agricultural commodity commercially produced in substantial quantity in this state in the manner provided in this section. The piece rate in each case shall be equivalent to the minimum hourly wage for other agricultural workers, as provided for in Section 6(a) of this Act, in that when payment by unit of production is applied to a worker of average ability and diligence in harvesting a particular commodity he shall receive an amount equal to the minimum hourly wage for agricultural workers. It is the intent and understanding of the Legislature that if a piece rate worker does not harvest the number of units of a particular commodity that would provide the minimum wage as established for a worker of average ability and diligence, none the less that worker need be paid for only those number of units of production harvested by him.

(c) The commissioner shall accumulate data regarding the actual productivity of hand harvesters of agricultural commodities in this state in sufficient quantity to serve as a reasonable basis for establishing a piece rate for each commodity. On the basis of this data the average hourly productivity of hand harvest laborers with respect to each agricultural commodity commercially produced in substantial quantity in this state shall be calculated in terms of units of each commodity or units of the weight or measure customarily used with respect to each commodity. The minimum wage for agriculture provided for in Section 6(a) of this Act shall then be divided by the average hourly production of hand harvesters of each commodity and in each case the result, rounded to the nearest cent, shall be the piece rate established by the commissioner for that commodity.

(d) When, in the judgment of the commissioner, insufficient data is available for determining the average hourly productivity of hand harvesters of a particular commodity, or when in the judgment of the commissioner a particular commodity is not commercially produced in this state in sufficient quantity or volume to warrant the determination of a piece rate, then no piece rate shall be established for the harvesting of the commodity and the provisions of Section 6(a) of this Act shall be applicable to employers employing hand harvest laborers to harvest any commodity for which piece rate has not been established. The decision of the commissioner not to establish a piece rate for a particular commodity at any given time shall not preclude the establishment of a piece rate

for the commodity at any subsequent time when, in the judgment of the commissioner, sufficient data are available and the volume of production of the commodity warrants the establishment of a piece rate.

(e) The commissioner shall retain all data used in determining any piece rate for the period of time that the piece rate based on the data is in effect, and all the data shall be available for public inspection.

(f) Before issuing an order establishing any piece rate or rates the commissioner, or such person as may be designated by the commissioner for such purpose, shall hold a public hearing at which the proposed rate or rates and the data upon which the rate or rates are based shall be presented. A reasonable opportunity shall be afforded to agricultural employers and employees, or their representatives, to be heard and to protest the establishment of any proposed rate, and following the hearing the commissioner may modify any proposed rate before finally establishing it. The judgment of the commissioner in establishing any piece rate shall be final and binding upon all parties subject to this Act unless set aside by judgment of a court of competent jurisdiction. In the event a piece rate for any commodity is set aside by final judgment of a court of competent jurisdiction, the minimum hourly wage provided in Section 6(a) of this Act shall apply to harvesting the commodity until a valid piece rate is established.

(g) The provisions of this section relating to the duties and authority of the commissioner shall become effective on the effective date of this Act and the commissioner shall proceed forthwith to collect data for the establishment of piece rates to become applicable on February 1, 1971. Initial piece rates shall be established and promulgated by the commissioner not later than December 31, 1970, and thereafter all orders of the commissioner establishing or modifying piece rates shall be issued at least 30 days in advance of the date when the rates become effective.

(h) After the establishment of any piece rate or rates the order establishing same shall be kept on file in the office of the commissioner in Austin, Texas, and shall be available for public inspection. The commissioner shall make copies available to anyone on request and may charge a reasonable amount to cover the cost of making and distributing the copies. A copy of each order establishing a piece rate or rates shall be furnished by the commissioner to the Bureau of Labor Statistics.

(i) At any time the data available to the commissioner indicates a substantial change in condition a new piece rate may be established for any commodity in the manner provided in this Act for the establishment of piece rates in the first instance. The commissioner shall review all piece rates at least once a year and determine whether any new rates are needed.

(j) The provisions of this section apply to contract labor as well as to any person directly

employed by any owner, operator, or manager of a farm.

(k) In case of emergency caused by flood, hurricane, or other natural calamity or other disaster or by any occurrence that may result in the excessive loss of agricultural products, piece rates may be suspended by order of the commissioner for not more than 30 days in any area defined in the order of suspension.

(l) The commissioner may make rules and regulations necessary for the proper administration of this Act, including procedures for giving notice of and conducting hearings.

#### Agricultural Exemption

Sec. 8. The provisions of Sections 5, 6 and 7 shall not apply to any agricultural employer who during any calendar quarter during the preceding calendar year did not use more than 300 man-days of agricultural labor, nor to any agricultural employer with respect to employees engaged in the production of livestock and in activities in support thereof.

#### Special Provisions for Certain Workers

Sec. 9. (a) In order to prevent curtailment of employment opportunities, any person whose earning or productive capacity is impaired by age, physical or mental deficiency, or injury or who is over the age of 65 years may be employed at wages lower than the minimum wage applicable under this Act, but at not less than 60 percent of the minimum wage. Provided, that the provisions of the section shall not be applicable to persons employed in agriculture as piece rate workers.

(b) An employer employing a person mentioned in Subsection (a) of this section at a wage lower than the applicable minimum wage under this Act shall not be relieved of liability under Section 13 of this Act, unless, prior to the employment of the person or within 90 days after the effective date of this Act, the employer secures a medical certificate signed by a physician licensed to practice medicine by the Texas State Board of Medical Examiners, certifying that because of age, physical or mental deficiency, or injury the productive or earning capacity of the person seeking employment is materially impaired.

(c) The medical certificate shall be retained by the employer during the period of employment of the person and for two years after the employment is terminated. The statement of earnings given to the person by the employer, as required by Section 11 of this Act, shall include the words "medical certificate."

#### Sheltered Workshops

Sec. 10. Nonprofit charitable organizations which are engaged in evaluating, training, and employment services for handicapped clients and which comply with federal regulations covering these activities will be considered to have complied with this Act.

#### Employer's Statement

Sec. 11. (a) At the end of each pay period, the employer shall give each employee an earnings statement in writing covering that pay period. The earnings statement shall be signed by the employer or his agent and shall include:

- (1) the name of the employee;
- (2) the rate of pay;
- (3) the total amount of pay earned by the employee during the pay period;
- (4) any deductions made from the employee's pay;
- (5) the amount of pay after all deductions are made; and
- (6) the total number of hours worked by the employee if paid on an hourly basis, or the total amount of work done by the employee during the pay period in units of production if the employee is paid on the piece rate basis.

(b) If the employee is employed in agriculture under the provisions of Section 6(a), 6(b), or 6(c) of this Act, the employer's statement shall include a notation to that effect.

(c) The earnings statement may be in any form determined by the employer and it shall be sufficient if the information required by Subsection (a) of this section is stated on a check voucher or bank draft given to the employee for his wages.

#### Criminal Penalty

Sec. 12. Any employer, who, for the purpose of depriving an employee of any wages to which the employee is entitled, shall furnish to the employee a statement required under the provisions of Section 11 of this Act which the employer knows to be false, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$100 nor more than \$500 or by confinement in the county jail for not less than 5 nor more than 30 days or by both.

#### Civil Penalty

### Art. 5160. Bond for Labor and Material; Performance Bond

#### Contractors' Bonds for Performance and Payment for Labor and Material

A. Any person or persons, firm, or corporation, hereinafter referred to as "prime contractor," entering into a formal contract in excess of Two Thousand Dollars (\$2,000) with this State, any department, board or agency thereof; or any county of this State, department, board or agency thereof; or any municipality of this State, department, board or agency thereof; or any school district in this State, common or independent, or subdivision thereof; or any other governmental or quasi-governmental authority, whether specifically named herein or not, authorized under any law of this State, general or local, to enter into contractual agreements for the construction, alteration or repair of any public building or the prosecution or completion of any public work, shall be required before commencing such work to execute to the aforementioned governmental authority or authorities, as the case may be, the statutory bonds as hereinafter prescribed. Each such bond shall be executed by a corporate surety or corporate sureties duly authorized to do business in this State. In the case of contracts of the State or a department, board, or agency thereof, the aforesaid bonds shall be payable to the State and shall be approved by the Attorney General as to form. In case of all other contracts subject to this Act, the bonds shall be payable to the governmental awarding authority concerned, and shall be approved by it as to form. Any bond furnished by any prime contractor in an attempted compliance with this Act shall be treated and construed as in conformity with the requirements of this Act as to rights created, limitations thereon, and remedies provided.

(a) A Performance Bond in the amount of the contract conditioned upon the faithful performance of the work in accordance with the plans, specifications, and contract documents. Said bond shall be solely for the protection of the State or the governmental authority awarding the contract, as the case may be.

(b) A Payment Bond, in the amount of the contract, solely for the protection of all claimants supplying labor and material as hereinafter defined, in the prosecution of the work provided for in said contract, for the use of each such claimant.

#### Rights of Person Furnishing Labor or Material; Notice Required

B. Every claimant who has furnished labor or material in the prosecution of the work pro-

vided for in such contract in which a Payment Bond is furnished as required hereinabove, and who has not been paid in full therefor, shall have the right, if his claim remains unpaid after the expiration of sixty (60) days after the filing of the claim as herein required, to sue the principal and the surety or sureties on the Payment Bond jointly or severally for the amount due on the balance thereof unpaid at the time of filing the claim or of the institution of the suit plus reasonable attorneys' fees; provided:

(a) Notices Required for Unpaid Bills, other than notices solely for Retainages as hereinafter described.

Such claimant shall have given within ninety (90) days after the 10th day of the month next following each month in which the labor was done or performed, in whole or in part, or material was delivered, in whole or in part, for which such claim is made, written notices of the claim by certified or registered mail, addressed to the prime contractor at his last known business address, or at his residence, and to the surety or sureties. Such notices shall be accompanied by a sworn statement of account stating in substance that the amount claimed is just and correct and that all just and lawful offsets, payments, and credits known to the affiant have been allowed. Such statement of account shall include therein the amount of any retainage or retainages applicable to the account that have not become due by virtue of terms of the contract between the claimant and the prime contractor or between the claimant and a subcontractor. When the claim is based on a written agreement, the claimant shall have the option to enclose, with the sworn statement of account, as such notice a true copy of such agreement and advising completion or value of partial completion of same.

(1) When no written contract or written agreement exists between the claimant and the prime contractor or between the claimant and a subcontractor, except as provided in subparagraph B(a)(2) hereof, such notices shall state the name of the party for whom the labor was done or performed or to whom the material was delivered, and the approximate dates of performance and delivery, and describing the labor or materials or both in such a manner so as to reasonably identify the said labor or materials or both and amount due therefor. The claimant shall generally itemize his claim and shall accompany same with true copies of documents, invoices or orders sufficient to reasonably identify the labor performed or material delivered for which claim is being made. Such documents and copies thereof shall have thereon a reasonable identi-

fication or description of the job and destination of delivery.

(2) When the claim is for multiple items of labor or material or both to be paid for on a lump sum basis such notice shall state the name of the party for whom the labor was done or performed or to whom the material was delivered, the amount of the contract and whether written or oral, the amount claimed and the approximate date or dates of performance or delivery or both and describing the labor or materials or both in such a manner as to reasonably identify the said labor or materials.

(3) When a claimant who is a subcontractor or materialman to the prime contractor or to a subcontractor has a written unit price agreement, completed or partially completed, such notices shall be sufficient if such claimant shall attach to his sworn statement of account a list of units and unit prices as fixed by said contract and a statement of such units completed and of such units partially completed.

(b) Additional Notices Required of Claimants Who Do Not Have a Direct Contractual Relationship With the Prime Contractor.

Excepting an individual mechanic or laborer who is a claimant for wages, no right of action shall be legally enforceable, nor shall any suit be maintained under any provision of this Act by a claimant not having a direct contractual relationship with any prime contractor for material furnished or labor performed under the provisions of this Act unless such claimant has complied with those of the following additional requirements which are applicable to the claim:

(1) If any agreements exist between the claimant and any subcontractors by which payments are not to be made in full therefor in the month next following each month in which the labor was performed or the materials were delivered or both, such claimant shall have given written notice by certified or registered mail addressed to the prime contractor at his last known business address, or at his residence, within thirty-six (36) days after the 10th day of the month next following the commencement of the delivery of materials or the performance of labor that there has been agreed upon between the claimant and such subcontractors such retention of funds. Such notice shall indicate generally the nature of such retainage.

(2) Such Claimant shall have given written notice by certified or registered mail as described in the preced-

ing subparagraph B(b)(1) to the prime contractor within thirty-six (36) days after the 10th day of the month next following each month in which the labor was done or performed, in whole or in part, or material delivered, in whole or in part, that payment therefor has not been received. A copy of the statement sent to the subcontractor shall suffice as such notice.

(3) If the basis of the claim is an undelivered specially fabricated item or items as described in paragraph C(b)(2), such claimant shall have given written notice by certified or registered mail as described in the preceding subparagraph B(b)(1) to the prime contractor within forty-five (45) days after the receipt and acceptance of an order for hereinafter described specially fabricated material that such an order has been received and accepted.

(c) Notices of Unpaid Retainages Required. Retainage Defined.

Retainage as referred to in this Act is defined as any amount representing any part of the contract payments which are not required to be paid to the claimant within the month next following the month in which the labor was done or material furnished or both.

When a contract between the prime contractor and such claimant, or between a subcontractor and such claimant provides for retainage, such claimant shall have given, on or before ninety (90) days after the final completion of the contract between the prime contractor and the awarding authority, written notices of the claim for such retainage by certified or registered mail to the prime contractor at his last known business address, or at his home address, and to the surety or sureties. Such notices shall consist of a statement showing the amount of the contract, the amount paid, if any, and the balance outstanding. No claim for such retainage contained in such notices shall be valid to an extent greater than the amount specified in the contract between the prime contractor or the subcontractor and the claimant to be retained, and in no event greater than ten per cent (10%) of such contract. However, such notices shall not be required if the amount claimed is part of a prior claim which has been made as heretofore described.

#### Claimant Defined

C. A claimant is defined as anyone having direct contractual relationship with the Prime Contractor, or with a subcontractor, to perform the work or a part of the work, or to furnish labor or materials or both as a part of the work as follows:

(a) Labor is to be construed to mean labor used in the direct prosecution of the work.

(b) Material is to be construed to mean any part or all of the following:

(1) Material incorporated in the work, or consumed in the direct prosecution of the work, or ordered and delivered for such incorporation or such consumption.

(2) Material specially fabricated on the order of the Prime Contractor or of a subcontractor for use as a component part of said public building, or other public work so as to be reasonably unsuitable for use elsewhere, even though such material has not been delivered or incorporated into the public building or public work, but in such event only to the extent of its reasonable costs, less its fair salvage value, and only to the extent that such specially fabricated material is in conformity and compliance with the plans, specifications, and contract documents for same.

(3) Rent at a reasonable rate and actual running repairs at a reasonable cost for construction equipment, used in the direct prosecution of the work at the project site, or reasonably required and delivered for such use.

(4) Power, water, fuel and lubricants, when such items have been consumed or ordered and delivered for consumption, in the direct prosecution of the work.

(c) A subcontractor is any person or persons, firm or corporation who has furnished labor or materials or both as defined above to fulfill an obligation to the prime contractor or to a subcontractor to perform and install all or part of the work required by the prime contract.

A subcontractor shall have a claim, but such claim, including previous payments however, shall not exceed that proportion of the subcontract price which the work done bears to the total of the work covered by the subcontract.

(d) When a claim is assigned to a third party then and in that event such third party shall stand in the same position as a claimant, provided the notices required in this Act are given.

#### Penalty for Fraudulent Claims

D. Any person who shall willfully file a false and fraudulent claim hereunder shall be subject to the penalties for false swearing.

#### Termination of Contract

E. In the event any contractor, who shall have furnished the bonds provided in this Statute, shall abandon performance of his contract or the awarding authority shall lawfully termi-

nate his right to proceed with performance thereof because of a default or defaults on his part, no further proceeds of the contract shall be payable to him unless and until all costs of completion of the work shall have been paid by him. Any balance remaining shall be payable to him or his surety as their interest may appear, as may be established by agreement or judgment of a court of competent jurisdiction.

**Copy of Bonds to be Furnished**

F. The contracting authority is authorized and directed to furnish to any person making application therefor who submits an affidavit that he has supplied labor, rented equipment, or materials for such work, or that he has entered into a contract for specially fabricated material, and payment therefor has not been made, or that he is being sued on any such bond, a certified copy of such payment bond and the contract for which it was given, which copy shall be prima facie evidence of the contents, execution and delivery of the original. Applicants shall pay for such certified copies such reasonable fees as the contracting authority may fix to cover the actual cost of preparation thereof.

**Venue**

G. All suits instituted under the provisions of this Act shall be brought in a court of competent jurisdiction in the county in which the project or work, or any part thereof, is situated. No suit shall be instituted on the performance bond after the expiration of one (1) year after the date of final completion of such contract. No suit shall be instituted by a claimant on the payment bond after the expiration of one (1) year after the date suit may be brought thereon under the provisions of Section 1.B. hereof. The State of Texas shall not be liable for the payment of any cost or the expenses of any suit instituted by any party or parties on the payment bond.

Sec. 7. (a) For purposes of establishing a safety classification for employers, the board is authorized, empowered, and directed to secure medical and compensation costs data regularly compiled by the State Board of Insurance in carrying out its rate-making duties and functions with respect to the employers' liability and workmen's compensation insurance law, to obtain from the Commissioner of Labor Statistics such statistical details as are collected by him and to collect and compile information relating to employers' accident frequency rate, existence and implementation of private safety programs, man-hour losses due to injuries, and other facts reflecting accident experience and, based upon all such factors to separate employers into such classifications as the board deems appropriate in order to carry out the purposes of this Act.

(b) The board is authorized and empowered, through any member, the engineer or any agent or employee in the division authorized by it for such purpose to endeavor to eliminate any impediment to occupational or industrial safety called to its attention, and to otherwise effectuate the purposes of this Act, by means of conference, conciliation, and persuasion; in carrying out such endeavor it is authorized and empowered to advise and consult with any employer directly involved and with representatives of employers and employees and public officials.

(c) The board is empowered to issue or cause to be issued such publications and such

reports of study and research as in its judgment will tend to promote occupational and industrial safety and minimize or eliminate any impediment to safety called to its attention, and to otherwise effectuate the purposes and policies of this Act.

#### Rule-making Power

Sec. 8. (a) In addition to such other powers and duties as may be conferred upon it by law, the board shall have authority to make and to modify reasonable rules and standards not inconsistent with this Act for the prevention of accidents and occupational injuries in every employment or place of employment, and for the construction, repair, and maintenance of places of employment, as the board shall find, upon the basis of substantial evidence presented at a public hearing held in accordance with the provisions of Section 9, to be reasonably necessary for the protection of the safety of employees. In making such findings, the board may consider among other relevant factors:

(1) the cause of industrial accidents and occupational injuries and the extent to which they may result from the use of, or failure to use, particular equipment, devices, processes, plant layouts, and methods of inspection, maintenance and construction and from the existence of particular working conditions;

(2) the effectiveness of particular equipment, devices, processes, plant layouts, and methods of inspection, maintenance, and construction in preventing industrial and occupational injuries;

(3) the applicable code, if any, formulated and/or approved by the American Standards Association.

(b) It shall be the duty of the engineer to propose to the board such rules or amendments thereof as he may deem necessary to carry out the provisions of this Act. The board shall appoint a General Advisory Occupational Safety Committee which shall be composed of 10 representatives of employers, 10 representatives of employees, and the engineer who shall act as chairman.

(c) Such committee shall propose for appointment by the engineer, and for final approval of the board, the members of subcommittees, to whom shall be delegated the details of developing new rules and standards, deletions and amendments or changes in existing rules and standards. Such amendments, deletions, or changes shall be referred to the General Advisory Committee for final recommendation to the board for its consideration and official adoption or rejection. The members of such subcommittees shall be selected primarily for their general qualifications to cope expertly with the various subjects assigned to them, and, to the extent practicable, the same impartial balance of representation by employer members and employee members shall be preserved. Qualification to serve on subcommit-

tees shall not require membership on the General Advisory Occupational Safety Committee, but members of such safety committee shall also be assigned to serve on such subcommittees by the engineer. The public member of the board shall be available to the subcommittees, upon their request or the request of the engineer, to aid the subcommittees in formulating their programs, recommended rules, and reports. The services of all such subcommittee members shall be voluntary and without compensation except as provided for the public member of the board under Section 4(b).

(d) Every rule or standard promulgated under this Act shall have the force and effect of law and shall be enforced by the engineer through the Division of Occupational Safety of the Department of Health; provided, however, that notwithstanding any other provision of this Act, evidence that an alleged act or omission is violative of any rule or standard promulgated under this Act shall not be admissible in any civil proceeding wherein such evidence is offered to prove or tend to prove that such act or omission is negligent or grossly negligent.

#### Public Hearing on Proposed Rules

Sec. 9. Before any rule or standard is adopted, amended, changed or repealed by the board, there shall be a public hearing thereon, notice of which shall be published at least once, not less than 10 days preceding such hearing, in such newspaper or newspapers of general circulation as the board may prescribe.

#### Hearings of Reasonableness of Safety Regulations

Sec. 10. (a) Any employer or other person directly affected by any safety rule, standard or regulation, or by an amendment, modification, change or repeal thereof, may petition the engineer for a hearing on the reasonableness of such resulting rule, standard, or regulation.

(b) Such petition for hearing shall be by verified petition filed with the engineer, setting out specifically the regulation, standard, amendment, modification, change or repeal, upon which a hearing is desired, and the reasons why the same is unreasonable. All hearings shall be open to the public.

(c) Upon receipt of such petition, the engineer, after consultation with the board, may determine the same by confirming without hearing his previous determination. If the material issues presented by the petition have not been previously considered at a hearing, the engineer shall refer the matter to the board for hearing for consideration of the issues involved and for its recommendations. Notice of the time and place of such hearing shall be given to the petitioner and to such other persons as the engineer may find directly interested in the issues involved in the petition.

(d) If the board shall find that the rule, standard, regulation, amendment, modification, change or repeal complained of is unreasonable, it shall, in accordance with the procedure set forth in the provisions of this Act, formu-

late and propose such substitute rule, standard or regulation as the board shall determine to be reasonable, and a hearing shall be directed and held upon such substitute rule as provided in Section 9 hereof.

#### Effective Date of Rules: Publication

Sec. 11. (a) Every rule, standard, or regulation and all amendments, substitutions, changes and repeals thereof shall, unless otherwise prescribed by the board, take effect 30 days after the first publication thereof and certified copies thereof shall be filed in the office of the Secretary of State.

(b) Every rule, standard, or regulation adopted and every amendment, change or repeal thereof shall be published in such manner as the board may determine and the board shall deliver a copy to every person making application therefor. The engineer shall include the text of each rule or amendment thereto in an appendix to the Biennial Report of the Department of Health next following the adoption or amendment of such rule.

#### Judicial Review

Sec. 12. (a) Any person aggrieved by a rule, standard, or regulation issued or changed by the board under this Act shall, within 10 days after issuance or change of said rule, commence an action in a court of competent jurisdiction in Travis County, Texas, and not elsewhere, against said board as defendant, to set aside or suspend such rule or other action on the ground that the same is unlawful, arbitrary or unreasonable, or for any other proper ground. Said action shall have precedence over all other causes on the docket of a different nature, and shall be tried and determined as other civil causes in said court. Either party to said action may appeal as in other civil cases to the court having jurisdiction of said causes; and said action so appealed shall have precedence in said appellate court of all causes of different character therein pending. Provided further that no preliminary injunction shall be issued without notice to the opposite party and a hearing had thereon.

#### Enforcement and Penalties

Sec. 13. (a) The engineer shall administer and enforce the provisions of this Act through his powers and authority under the provisions of this Act, and under such powers as may be lawfully delegated to him by the board under this Act.

(b) Any person, firm, or corporation violating any of the provisions of this Act shall be deemed guilty of a misdemeanor and shall upon conviction be fined in a sum no less than \$50 nor more than \$500.

(c) Whenever called to his attention, and upon investigation, the engineer shall have reasonable cause to believe that an employer has violated or is violating the provisions of this

Act, he shall at once give written notice of the facts thereof to the proper county or district attorney for institution of such proceedings as are appropriate under the provisions of this Act.

#### Accident Reports

Sec. 14. The board may require of employers and of any other source, including the Industrial Accident Board of the State of Texas, which it may determine to be appropriate such accident, personal injury, fatality, or such other accident statistical reports and information on forms prescribed by and covering periods of time designated by the board.

#### Cooperation with Other State Agencies

Sec. 15. (a) The board, the engineer, and the General Advisory Committee shall cooperate with, assist and secure the assistance of the State Board of Insurance, the Industrial Accident Board, and the Commissioner of Health and such other agencies as may be capable of providing assistance in the accumulation and compilation of industrial injury and occupational health statistics and other data and reports and these agencies shall cooperate with the board and the engineer in achieving the purposes of this section.

(b) Nothing in this Act shall be construed as conflicting in any manner with the provisions of Chapter 178, Acts of the 49th Legislature, 1945, and particularly with Section 19 thereof (Section 19, Article 4477-1, Vernon's Texas Civil Statutes); nor with the provisions of Chapter 68, Acts of the 48th Legislature, 1943, as amended (Article 5172a, Vernon's Texas Civil Statutes); nor with Articles 5173 through 5180 and Article 5182, Revised Civil Statutes of Texas, 1925; nor with Chapter 436, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 5221c, Vernon's Texas Civil Statutes); nor with Article 5144 through Article 5151, Revised Civil Statutes of Texas, 1925; but this Act shall be construed in harmony with same so that the provisions of this Act and of these previously existing articles shall complement each other insofar as specifically provided therein as if the same had been passed at one and the same time.

#### Labor Disputes

Sec. 16. It is not intended that this Act, or any part thereof or act thereunder shall be an issue or be involved in any labor dispute, or be used or asserted to advantage in collective bargaining by employers or employees, and their respective representatives. To implement this section it is therefore provided, anything to the contrary elsewhere herein notwithstanding, that no provision of this Act shall apply to a place of employment while the same is subjected to picketing, strike, slowdown or other work stoppage.

<sup>1</sup> Article 1396-1.01 et seq.

Bonds Payable From Revenue

Sec. 3. Bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the State, the issuer or of any other political subdivision or agency of this State or a pledge of the faith and credit of any of them, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the State, the issuer or any political subdivision or agency of the State shall be obligated to pay the same or the interest thereon except from revenues of the particular project or medical project for which they are issued and that neither the faith and credit nor the taxing power of the State, the issuer or any political subdivision or agency thereof is pledged to the payment of the principal of or the interest on such bonds. The issuer shall not be authorized to incur financial obligations which cannot be paid from revenues realized from the lease of a project or medical projects.

Land previously acquired by an issuer in the exercise of the power of eminent domain may be sold, leased or otherwise utilized under the provisions of this Act, provided the governing body determines (a) that such use will not interfere

with the purpose for which such land was originally acquired or is no longer needed for such purpose, and (b) at least seven years have elapsed since such land was so acquired, and (c) such land was not acquired for park purposes unless such sale or lease of park land has been approved at an election held under authority of Article 1112, Revised Civil Statutes of Texas, 1925, as amended.

<sup>1</sup> Article 970a.

Lease Agreements; Commission Approval; Rules and Regulations; Filing; Appeal

Sec. 5. No issuer shall institute proceedings to authorize bonds under the provisions of Section 6(a) or 6(c) until the Commission has given tentative approval to the suggested contents of the lease agreement, and if a lessee is permitted to sublease, the Commission has also tentatively approved the financial responsibility of the ultimate lessee.

The Commission shall prescribe rules and regulations setting forth minimum standards for lease agreements and guidelines with respect to financial responsibilities of the lessee and ultimate lessee, if any, but in no event shall the Commission give final approval to any agreement unless it affirmatively finds the lessee and ultimate lessee have the business experience, financial resources and responsibility to provide reasonable assurance that all bonds and interest thereon to be paid from or by reason of such agreement will be paid as the same become due.

Appeal from any adverse ruling or decision of the Commission under this section may be made by an issuer to the District Court of Travis County. The substantial evidence rule shall apply.

Rules, regulations and guidelines promulgated by the Commission, and amendments thereto, shall be effective only after they have been filed with the Secretary of State.

Issuance of Bonds; Resolution of Intent, Publication; Protest; Election, Procedures

Sec. 6. (a) Before issuing any bonds hereunder the governing body shall adopt a resolution declaring its intention to do so, stating the amount of bonds proposed to be issued, the purpose for which the bonds are to be issued, and the tentative date upon which the governing body proposes to authorize the issuance of such bonds. Such resolution shall be published once a week for at least two consecutive weeks in at least one newspaper of general circulation in the territorial limits of the issuer. The first publication shall be made not less than 14 days prior to the tentative date fixed in such resolution for the authorization of the bonds. If 10 percent of the qualified electors of the issuer shall file a written protest against the issuance of such bonds on or before the tentative date specified for the authorization of such bonds, then an election on the question of the issuance of such bonds shall be called and held as herein provided.

If no such protest be filed, then such bonds may be issued without an election at any time within a period of two years after the tentative date specified in the resolution; provided, however, the governing body of such issuer, in its discretion, may call an election on such question, in which event it shall not be necessary to publish the notice of its intention to issue bonds.

(b) Where an election is called, notice thereof shall be published once a week for at least two consecutive weeks, in at least one newspaper of general circulation within the territorial limits of the issuer. The first publication of such notice shall be made not less than 14 days prior to the date fixed for such election. The election shall be conducted in accordance with the general laws of Texas pertaining to general elections, except as modified by the provisions of this Act. The order calling the election shall specify the date, place or places of holding the election, the presiding judge and alternate judge for each voting place, and shall provide for clerks as provided in the Election Code. Only qualified property tax-paying electors who own taxable property which has been duly rendered for taxation shall be permitted to vote at such election.

The form of ballot shall be in conformity with Sections 61, 62, and 63, Texas Election Code, as amended (Article 6.05, 6.06, 6.07, Vernon's Texas Election Code), so that ballots provide for voting for or against the proposition: "The issuance of revenue bonds for the (medical project or project)."

Within 10 days after such election is held, or as soon thereafter as possible, the governing body of the issuer shall convene and canvass the returns of the election, and in the event such election results are favorable (majority vote) to the proposition such governing body shall so find and declare and shall be (subject to the provisions of Section 5) authorized to proceed with the authorization of bonds.

(c) A series of bonds may be issued for each project or medical project and any of such projects may be combined in a single series of bonds if the governing body, in the exercise of its discretion, deems the same to be in the best interest of the issuer, but each project or medical project shall be considered separately with respect to the provisions of Section 5, 6(a), 6(b) and 6(c).

(d) Bonds shall be issued and delivered within three years of the tentative approval of the Commission, or within three years of the final judgment in any litigation affecting the validity of the bonds or the provision made for their payment, whichever date is later. Nothing herein shall be construed as prohibiting the Commission from conditioning its approval of the project or medical project upon the completion of the financing thereof within a lesser period of time.

Form of Bonds; Use of Proceeds; Interim Receipts or Temporary Bonds; Approval and Registration

Sec. 7. Each issuer is hereby authorized to provide by resolution, from time to time, for the issuance of revenue bonds for the purpose of paying all or any part of the cost of acquiring, constructing, enlarging or improving a project or medical project, except revenue bonds for a medical project may not be authorized by a district. The principal of and the interest on such bonds shall be payable solely from the funds provided for such payment and from the revenues of the particular project for which such bonds were authorized. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times, not exceeding forty years from their date, as may be determined by the issuer and may be made redeemable before maturity, at the option of the issuer, at such price or prices and under such terms and conditions as may be fixed by the issuer prior to the issuance of the bonds.

The issuer shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within the State. Provision may be made for execution of the bonds and coupons (if any) under the provisions of Chapter 204, Acts of the 57th Legislature, 1961, as amended (Article 717j-1, Vernon's Texas Civil Statutes). In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. The bonds may be issued in coupon or in registered form, or both, as the issuer may determine, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. If the duty of such reconversion is imposed on the Trustee in a Trust Agreement the substituted coupon bonds need not be reapproved by the Attorney General of Texas, and they shall remain incontestable. The issuer may sell bonds so the net interest cost (as defined in Chapter 3, Acts of the 61st Legislature, 1969, as amended, Article 717k-2, Vernon's Texas Civil Statutes) shall not exceed 10 percent per annum and such bonds shall be sold to the highest bidder for cash (not exchanged for property).

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or medical project for which issued, and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing their issuance or in the trust agreement securing the same. If the pro-

ceeds of the bonds of any issue shall exceed the cost of the project or medical project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the issuer may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable or definitive bonds when such bonds shall have been executed and are available for delivery. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

Before any issuer may deliver any bonds authorized hereunder to the purchaser thereof, the proceedings authorizing their issuance and securing the bonds shall be presented to the Attorney General of Texas for examination and approval. If the bonds shall have been duly authorized in accordance with the Constitution and laws of the State and constitute valid and binding obligations of the Authority, according to their tenor and effect, and proper revenues have been pledged to their payment, he shall approve the bonds. Without such approval the bonds cannot be so issued and delivered to the purchaser. The bonds when approved shall be registered by the Comptroller of Public Accounts of the State of Texas. After such approval and registration the bonds shall be incontestable.

#### Refunding Bonds

Sec. 8. An issuer is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding, issued on account of a project or medical project, which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the issuer, for the additional purpose of constructing improvements, extensions or enlargements to the project or medical project in connection with which the bonds to be refunded shall have been issued. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the issuer in respect of the same, shall be governed by the provisions of this Act insofar as the same may be applicable. Within the discretion of the issuer the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

#### Trust Agreement as Security

Sec. 9. Any bonds issued under the provisions of this Act may be secured by a trust

agreement by and between the issuer and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the State. Any such trust agreement may pledge or assign lease revenues to be received from a lessee or ultimate lessee.

The trust agreement may evidence a pledge of the lease income to be received for the use of any project or medical projects for the payment of principal of and interest on such bonds as the same shall become due and payable and may provide to create and maintain reserves for such purposes. Any such trust agreement or any resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the issuer, or lessee in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project or medical project in connection with which such bonds shall have been authorized, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the issuer. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the issuer may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the project or medical project.

#### Default in Payment; Enforcement; Option to Purchase

Sec. 10. Each bond issued under the provisions of this Act shall contain substantially the following language: "No pecuniary obligation is or may be imposed upon the issuer of this bond in the event there is a failure to pay all or part of the principal or interest thereon, except the issuer is obligated to apply rental income it receives from the project (or medical project) to such purposes."

Any agreement between a lessee and ultimate lessee relating to any project shall be for the benefit of the issuer as shall any agreement between the issuer and the lessee. Any such agreement shall contain a provision that, in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings, mortgage, or instrument such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and

collect rents and to apply the revenues from the project in accordance with such resolution, mortgage or instrument.

Any mortgage to secure bonds issued thereunder may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor.

An issuer may grant a lessee or ultimate lessee an option to purchase all or any part of a project or medical project when all bonds of the issuer delivered to provide such facilities have been paid or provision has been made for their final payment, provided during the time the bonds or interest thereon remains unpaid there is no failure to pay the lease rentals at the time and in the manner as the same become due, provided a payment shall be deemed paid when and as due if no event of default is declared and the payment is made within 15 calendar days of the date it was scheduled to become due. The provisions of this law are procedurally exclusive for authority to convey or grant an option to purchase, and reference to no other law shall be required.

#### Removal of Business from Existing Facilities

Sec. 11. No issuer may acquire or construct any project or medical project for any individual, firm, partnership, or corporation, or make or permit any lease to any individual, firm, partnership, or corporation where the effect of such lease shall be to remove lessee's business from existing facilities within the State of Texas.

#### Authority of Governing Body; Conditions of Approval

Sec. 12. Except as limited by the provisions of this law or as limited by the rules, regulations and guidelines of the Commission, each governing body shall have full and complete authority with respect to bonds, lease agreements and the provisions thereof.

No bonds shall be approved by the Attorney General until the Commission has given final approval to the lease agreement, nor shall such bonds be approved if any authorizing proceedings or provisions for security and payment of lease payments are not in conformity with this law.

#### Advertising for Contracts; Performance Bonds; Leasing Restriction

Sec. 13. All contracts for construction or purchases involving the expenditure of more than \$2,000 may be made only after advertising in the manner provided by Chapter 163, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes). The provisions of Article 5160, Re-

vised Civil Statutes of Texas, 1925, as amended, relating to performance and payment bonds, shall apply to construction contracts let by the issuer.

Bonds shall not be issued to acquire existing facilities for the purpose of again leasing the same to the same industrial concern or one controlled by such industrial concern and it shall be the duty of the Commission to investigate such matters before giving its tentative approval of any project or medical project.

#### Bonds and Profits Not Taxable; Bonds and Coupons Deemed Security

Sec. 14. In carrying out the purposes of this Act, the issuer will be performing an essential public function and any bonds issued by it and their transfer and the issuance therefrom, including any profits made in the sale thereof, shall at all times be free from taxation by the State or any municipality or political subdivision thereof.

Bonds issued under the provisions of this Act, and coupons (if any) representing interest thereon, shall when delivered be deemed and construed (i) to be a "Security" within the meaning of Chapter 8, Investment Securities, of the Uniform Commercial Code (Chapter 785, Acts of the 60th Legislature, Regular Session, 1967),<sup>1</sup> and shall be exempt securities under the Texas Securities Act. A lease agreement under this Act shall not be a security within the meaning of the Texas Securities Act.

<sup>1</sup> Business and Commerce Code, § 8.101 et seq.

#### Legal and Authorized Investments; Security for Deposit of Public Funds

Sec. 15. Bonds approved by the Attorney General shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and guardians, and for any sinking funds of cities, towns, villages, counties, school districts and other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts and other political corporations or subdivisions of the State of Texas, and shall be lawful and sufficient security for said deposits at their face value when accompanied by all unmatured coupons, if any, appurtenant thereto.

#### Relocation of Highway, etc. at Sole Expense of Political Subdivision

Sec. 16. In the event any city, county, navigation district or other political subdivision, in the exercise of the power of relocation, or any other power, makes necessary the relocation, raising, lowering, rerouting, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telegraph or telephone properties and facilities, or pipelines, all such necessary relocation, raising, lowering, rerouting, changing of grade, or

alteration of construction shall be accomplished at the sole expense of the city, county, navigation district or other political subdivision. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, rerouting, or changing the grade of, or alteration of construction to provide comparable replacement, without enhancement, of such facilities, after deducting therefrom the net salvage value derived from the old facility.

#### Qualification of Electors

Sec. 17. The Legislature hereby recognizes there is some confusion as to the proper qualification of electors in the light of recent court decisions. It is the intention of this Act to provide a permitted procedure for an election to authorize the issuance of revenue bonds, but in each instance the authority shall be predicated upon the expression of the will of the majority of those who cast valid ballots at an election called for the purpose. Should the governing body calling an election determine that all qualified electors, including those who own taxable property which has been duly rendered for taxation, should be permitted to vote at an election (by reason of the aforesaid court decisions), nothing herein shall be construed as a limitation upon the power to call and hold an election, provided provision is made for the voting, tabulating, and counting of the ballots of the resident qualified property taxpaying electors who own taxable property which has been duly rendered for taxation separately from those who are qualified electors, and in any election so called a majority vote of the resident qualified property taxpaying voters who own taxable property which has been duly rendered for taxation and a majority vote of the qualified electors, including those who own taxable property which has been duly rendered for taxation, shall be required to sustain the proposition.

#### Purpose and Effectiveness of Act

Sec. 18. It is hereby found, determined and declared:

(a) that the present and prospective health, safety, right to gainful employment and general welfare of the people of this State requires as a public purpose the promotion and development of new and expanded industrial manufacturing, medical and research enterprises;

(b) that community industrial development corporations in Texas have themselves invested substantial funds in successful industrial development projects and experience difficulty in undertaking additional such projects by reason of the partial inadequacy of their own funds or funds potentially available from local subscription sources and by reason of limitations of local financial institutions in providing additional and sufficiently sizable first mortgage loans;

(c) that communities in this State are at a critical disadvantage in competing

with communities in other states for the location or expansion of such enterprises by virtue of the availability and prevalent use in all other states of financing and other special incentives, therefore, the issuance of revenue bonds by political subdivisions of the State as hereinafter provided for the promotion of industrial development, employment, public health and research is hereby declared to be in the public interest and a public purpose.

This law shall be effective without the necessity of a constitutional amendment to the full extent permitted by present provisions of the Texas Constitution. With respect to the powers granted herein, any provision of this law which may be effective only as the result of a change in the Texas Constitution shall become effective upon the adoption of the amendment proposed by Senate Joint Resolution No. 33 in the 62nd Legislature, the Legislature recognizing such constitutional amendment may be required to enable districts to proceed under this law. In no event shall any appropriation be made by the Legislature to pay all or any part of the obligation of any issuer under the provisions of this Act, and any expenses incurred by the Commission shall be paid out of funds appropriated to that agency.

#### Construction of Act; Severability

Sec. 19. Nothing in this Act shall be construed to violate any provision of the federal or State constitutions, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the issuer shall have the power by resolution to provide an alternative procedure conformable with such constitutions. If any provision of this Act should be invalid, such fact shall not affect the validity of any other provisions of this Act, and the Legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof.

(d) "Industrial Development Agency" means a corporation established under the Texas Non-Profit Corporation Act<sup>1</sup> to promote and encourage industrial development within the State or a designated area of the State whose articles of incorporation provide that upon dissolution or winding up of its corporate affairs any property remaining after payment of debts of the corporation shall be conveyed, transferred, or vest in a city or county or be conveyed to a nonprofit corporation established for similar purposes.

(e) "Project" means the land, buildings, equipment, facilities and improvements (one or more) found by the Commission to be required or suitable for the promotion of industrial development and for use by manufacturing or industrial enterprise, irrespective of whether in existence or required to be acquired or constructed after the making of such finding by the Commission. Rural areas may be defined and redefined by the Commission from time to time, after public hearing.

<sup>1</sup> Article 1336-1.01 et seq.

**Loan to Agency from Commission;  
Amount, Interest, Etc.**

Sec. 3. When it has been determined by the Commission (upon application of an industrial development agency and hearing thereon) that the establishment of a particular project of such industrial development agency has accomplished or will accomplish the public purposes of this Act, the Commission may contract to loan such industrial development agency an amount not in excess of a percentage of the cost of such project, as established or to be established as hereinafter set forth, subject, however, to the following conditions:

The Commission may contract to loan the industrial development agency an amount not in excess of 40% of the cost of such project if it has determined that the industrial development agency holds funds or property in an amount or value equal to not less than 10% of the cost of the project, which funds or property are then available for and are pledged to be applied to the establishment of such project.

Prior to the making of any loan the Commission shall have determined that the industrial development agency has obtained from other independent and responsible financial sources a firm commitment for all other funds, over and above the loan of the Commission and such funds or property as the industrial development agency may hold necessary for payment of all of the cost of establishing the project, and that the sum of all these funds, together with the machinery and equipment to be provided by the responsible tenant or responsible buyer, is adequate for the completion and operation of the industrial development project.

Any such loan of the Commission shall be for such period of time and shall bear interest at such rate as shall be determined by the Commission and shall be secured by bond or note of the industrial development agency and by mortgages on the project for which such loan was made, such mortgage to be second and subordinate only to the mortgage securing the first lien obligation issued to secure the commitment of funds from the aforesaid independent and

responsible sources and used in the financing of the project.

In those instances where a federal agency participates in the financing of a project through a loan or a grant such participation shall be considered an independent and responsible source to the extent of the obligation of the federal agency to so participate under a loan or grant or similar agreement, and in such instance the Commission may accept a bond or note of the industrial agency and a mortgage on the project inferior to all first and second lien obligations, provided (a) the participation of the federal agency exceeds the loan by the Commission and (b) the federal agency's participation is conditioned upon its participation being secured by a lien superior to that of the Commission.

Money loaned by the Commission to the industrial development agencies shall be withdrawn from the Industrial Development Fund and paid over to the industrial development agency in such manner as shall be provided and prescribed by the rules and regulations of the Commission.

All payments of interest on said loans and installments of principal shall be deposited by the Commission as received in the Industrial Development Fund.

#### Loan Application; Hearings and Examinations

Sec. 4. No loan shall be made by the Commission except upon application by an industrial development agency, (in such form as may be required by the Commission) which shall include the following:

(a) A general description of the industrial development project and a general description of the industrial or manufacturing enterprise for which the project has been or is to be established.

(b) A legal description of all real estate necessary for the project.

(c) Such plans and other documents as may be required to show type, structure and general character of the project.

(d) A general description of the type, classes and number of employees employed or to be employed in the operation of the industrial development project.

(e) Cost or estimates of cost of establishing the project.

(f) A general description and statement of value of any property, real or personal, of the industrial development agency applied or to be applied to the establishment of the project;

(g) A statement of cash funds previously applied, or then held by the industrial development agency which are available for and are to be applied to the establishment of the project;

(h) Evidence of the arrangement made by the industrial development agency for

the financing of all cost of the project over and above the participation of the industrial development agency;

(i) Information on the responsible tenant to which the industrial development agency has leased or will lease the project or of the responsible buyer to which the industrial development agency has sold or will sell the project.

(j) A copy of the lease or sales agreement entered into or to be entered into by and between the industrial development agency and its responsible tenant or responsible buyer.

The Commission shall hold such hearings and examinations as to each loan application received as shall be necessary to determine whether the public purposes of this Act will be accomplished by the granting of a loan.

#### Powers of Commission; Staff Services

Sec. 5. In addition to other powers conferred upon the Commission by the provisions hereof the Commission through its staff shall:

(a) cooperate with industrial development agencies in their efforts to promote the expansion of industrial, manufacturing and development activity in rural areas;

(b) determine, upon proper application of industrial development agencies, whether the declared public purpose of this Act has been accomplished or will be accomplished by the establishment by such industrial development agencies of an industrial development project in rural areas;

(c) conduct examinations and investigations and hear testimony and take proof, under oath or affirmation, at public hearings, on any matter material for its information and necessary to the determination and designation of rural areas and the establishment of industrial development projects therein;

(d) make, upon proper application of industrial development agencies, loans to such industrial development agencies of money held in the Industrial Development Fund for projects in rural areas and to provide for the repayment and redeposit of such allocation and loans in its manner hereinafter provided;

(e) accept grants from and enter into contracts with any federal agency in the accomplishment of the purposes of this Act;

(f) take title by foreclosure to any project where such acquisition is necessary to protect any loan previously made therefor by the Commission and to pay all costs arising out of such foreclosure and acquisition from moneys held in the Industrial Development Fund and sell, transfer and convey any such project to any responsible buyer; in the event such sale, transfer and conveyance cannot be effected with

reasonable promptness, the Commission may, in order to minimize financial losses and sustain employment, lease such projects to a responsible tenant or tenants;

(g) purchase first mortgages and make payments on first mortgages on any industrial development project where such purchase or payment is necessary to protect any loan previously made therefor by the Commission and sell, transfer, convey and assign any such first mortgage. Moneys so used in the purchase of any first mortgages or any payments thereon, shall be withdrawn from the Industrial Development Fund, and any moneys derived from the sale of any first mortgages shall be deposited in the Industrial Development Fund.

The Texas Industrial Commission shall provide staff services for the program herein provided, including liaison between the Commission and industrial development agencies and related organizations, and between the Commission and other agencies of the State whose facilities and services may be useful to the Commission in its work. The Commission may employ counsel, engineering, financial or other consultants as required in the carrying out of its duties and responsibilities hereunder. The Commission may obtain such professional services in cooperation with other State agencies or may retain persons or firms that may or may not be employed full, part-time, or as consultants for other agencies.

The Commission shall have no power at any time to borrow money, incur pecuniary obligations, or in any manner to pledge the credit or taxing power of the State of Texas or any of its municipalities or political subdivisions.

**Default in Payment; Enforcement; Advertising for Contracts; Performance Bonds; Leasing Restriction; Benefit Demonstrated**

Sec. 6. When the Commission makes a loan to an industrial development agency, it shall be provided in the instruments evidencing such loan that in the event of default in the payment of the principal or of the interest on such obligation or in the performance of any agreement contained in such proceedings, mortgage, or instrument, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such mortgage or instrument.

In instances where the Commission makes a loan, all contracts for construction of a project involving the expenditure of more than \$2,000 may be made only after advertising in the manner provided by Chapter 163, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes). The provisions of Article 5160, Revised Civil Statutes of Texas, 1925, as amended, relating to performance and payment bonds, shall apply to construction contracts.

No loan shall be made to acquire existing facilities for the purpose of again leasing the same to the same industrial concern or one controlled by such industrial concern.

The Commission shall not approve any loan unless it finds that the benefit to the rural area in which the project is situated will exceed the financial commitment of the Commission and that the approval of the particular project will aid in the alleviation of unemployment within the State or assist in the industrial development of the State and that such project will be of benefit to the State and its taxpayers.

**Hearing, Notice; Rules and Regulations, Filing; Appeal**

Sec. 7. In those instances where the Commission is required to make a determination or ruling, the same shall only be made after a public hearing. Notice of such hearing shall be given to the Secretary of State, Austin, Texas, at least 12 hours before the hearing is scheduled to begin but any hearing may be recessed from time to time (without the giving of additional notice) as the regulations of the Commission may provide.

Rules, regulations and guidelines promulgated by the Commission, and amendments thereto, shall be effective only after they have been filed with the Secretary of State.

Appeal from any adverse ruling or decision of the Commission under this section may be made by an issuer to the District Court of Travis County. The substantial evidence rule shall apply.

**Purpose of Act**

Sec. 8. It is hereby found, determined and declared:

(a) that the present and prospective health, safety, right to gainful employment and general welfare of the people of this State requires as a public purpose the promotion and development of new and expanded industrial and manufacturing enterprises;

(b) that community industrial development corporations in Texas have themselves invested substantial funds in successful industrial development projects and experience difficulty in undertaking additional such projects by reason of the partial inadequacy of their own funds or funds potentially available from local subscription sources and by reason of limitations of local financial institutions in providing additional and sufficiently sizable mortgage loans;

(c) that communities in this State are at a critical disadvantage in competing with communities in other states for the location or expansion of such enterprises by virtue of the availability and prevalent use in all other states of financing and other special incentives; therefore, this Act provides for the promotion of industrial development and employment and is

hereby declared to be in the public interest and a public purpose.

**Appropriations; Special Revolving Fund**

Sec. 9. Funds for the implementation and administration of this Act shall be provided by the General Appropriations Bill.

A special account in the Treasury of the State of Texas to be known as the Rural Industrial Development Fund is hereby created and the amount so appropriated hereby and any subsequent appropriation made by the Legislature for such purpose, as well as such other deposits as principal and interest on loans are repaid shall be deposited in said fund. It is the intent of this Act that the Industrial Development Fund shall operate as a revolving fund whereby all appropriations and payments made thereto may be applied and reapplied to the purposes of this Act. To the extent the constitution requires such funds be appropriated and reappropriated for the aforesaid purpose, such action is hereby taken and such funds are hereby appropriated and reappropriated and it shall be the duty of the Legislature to take the same action in the future to the extent required by the constitution.

**Construction of Act; Severability**

Sec. 10. Nothing in this Act shall be construed to violate any provision of the federal or State constitutions, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the issuer shall have the power by resolution to provide an alternative procedure conformable with such constitutions. If any provision of this Act should be invalid, such fact shall not affect the validity of any other provisions of this Act, and the Legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof.

(b) **Benefit Amount for Total Unemployment:** Each eligible individual who is totally unemployed in any benefit period shall be paid with respect to such benefit period, benefits at the rate of one twenty-fifth (1/25) of his wages received from employment by employers during that quarter in his base period in which wages were highest, provided that:

(1) If such rate is not an even multiple of One Dollar (\$1), it shall be adjusted to the next higher multiple of One Dollar (\$1); and

(2) Such rate shall not be more than Sixty-three Dollars (\$63) per benefit period nor less than Fifteen Dollars (\$15) per benefit period.

(c) **Benefit for partial unemployment:** Each eligible individual who is partially unemployed in any benefit period shall be paid with respect to such benefit period a partial benefit, provided that such individual shall meet the requirements of subsection 4(a) of this Act.<sup>1</sup> Such partial benefit shall be the benefit amount plus (i) Five Dollars (\$5), or (ii) twenty-five per cent (25%) of the benefit amount, whichever of (i) or (ii) is greater, less the wages earned during such benefit period, provided that if the result of such computation is not an even multiple of One Dollar (\$1), it shall be adjusted to the next higher multiple of One Dollar (\$1).

(d) **Duration of Benefits:** The Commission shall establish wage credits for each individual by crediting him with the wages for employment received by him during his base period from employers. The maximum total amount of benefits payable to any eligible individual during any benefit year shall not exceed whichever is the lesser of:

(1) Twenty-six (26) times his benefit amount, or

(2) Twenty-seven per cent (27%) of such wage credits; provided that if such is not an even multiple of One Dollar (\$1), it shall be adjusted to the next higher multiple of One Dollar (\$1).

(e) **Benefit Wage Credits:** "Benefit wage credits" means those wages as defined in this subsection of the Act, which are used in determining an individual's right to benefits. "Wages" as used in this Section shall be as defined in subsection (n) of Section 19 of this Act,<sup>2</sup> except that the four-thousand-two-hundred-dollar limitation on wages as set out in subsection (n)(1) of Section 19 shall not be applicable for the purposes of this Section 3 to remuneration received after December 31, 1971; provided that, for the purposes of this Section 3, wages received by an individual in any calendar year after December 31, 1967, shall include all remuneration from each employer for employment up to the maximum amount of wages as defined in the Federal Insurance Contributions Act (Section 3121, Chapter 21, Subtitle C, Internal Revenue Code of 1954), as amended, or as it may hereafter be amended;<sup>3</sup> and provided further, that wages which have been used to qualify an individual for regular benefits under this Act or under any other unemployment compensation law shall not be used again to qualify such individual for regular benefits.

If an employer fails to report wages which were paid to a claimant during a base period when requested by the Commission, the Commission may establish wage credits for such claimant for such base period on the basis of the best information which has been obtained by the Commission.

(f) **Equal Treatment:** Benefits based on services for all employers in employment defined in subsection 19(f) shall be payable in the same amount, on the same terms, and subject to the same conditions; provided that benefits based on service in an instructional, research, or principal administrative capacity in an institution of higher education shall not be paid to an individual for any week of unemployment which begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or contracts to perform services in any such capacity for any institution or institutions of higher education for both such academic years or both such terms.

**Art. 5221b-2a. Prohibitions Against Denial of Benefits**

(a) Benefits shall not be denied to an individual because he is in training with the approval of the Commission, nor shall such individual be denied benefits with respect to any benefit period in which he is in training with the approval of the Commission by reason of the application of provisions in this Act relating to availability for work, active search for work, or refusal to apply for, or a refusal to accept, suitable work. Approval of training shall be in accordance with rules prescribed by the Commission.

(b) Benefits shall not be denied or reduced to an individual solely because he files a claim in another state (or a contiguous country with which the United States has an agreement with respect to unemployment compensation) or because he resides in another state (or such a contiguous country) at the time he files a claim for unemployment compensation.

[Acts 1971, 62nd Leg., p. 2734, ch. 892, § 2, eff. Jan. 1, 1972.]

**Art. 5221b-3. Disqualification for Benefits**

An individual shall be disqualified for benefits:

(a) If the Commission finds that he has left his last work voluntarily without good cause connected with his work. Such disqualification shall be for not less than one (1) nor more than twenty-five (25) benefit periods following the filing of a valid claim, as determined by the Commission

according to the circumstances in each case.

(b) If the Commission finds he has been discharged for misconduct connected with his last work. Such disqualification shall be for not less than one (1) nor more than twenty-six (26) benefit periods following the filing of a valid claim, as determined by the Commission according to the seriousness of the misconduct.

(c) If the Commission finds that during his current benefit year he has failed, without good cause, either to apply for available, suitable work when so directed by the Commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the Commission. Such disqualification shall be for not less than one (1) nor more than thirteen (13) benefit periods following the failure, as described above to apply for or accept suitable work, the degree of disqualification to be determined by the Commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals at the place of performance of his work, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this Act,<sup>1</sup> no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any benefit period with respect to which the Commission finds that his total or partial unemployment is (i) due to the claimant's stoppage of work because of a labor dispute at the factory, establishment, or other premises (including a vessel) at which he is or was last employed, or (ii) because of a labor dispute at another place, either within or without this State, which is owned or operated by the

same employing unit which owns or operates the premises at which he is or was last employed, and supplies materials or services necessary to the continued and usual operation of the premises at which he is or was last employed; provided that this subsection shall not apply if it is shown to the satisfaction of the Commission that:

(1) He is not participating in or financing or directly interested in the labor dispute; provided, however, that failure or refusal to cross a picket line or refusal for any reason during the continuance of such labor dispute to accept and perform his available and customary work at the factory, establishment, or other premises (including a vessel) where he is or was last employed shall be considered as participation and interest in the labor dispute; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the labor dispute, there were members employed at the premises (including a vessel) at which the labor dispute occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises; and where a disqualification arises from the employee's failure to meet the requirements of this paragraph (2) of this subsection (d) his disqualification shall cease if he shall show that he is not, and at the time of the labor dispute was not, a member of a labor organization which is the same as, represented by, or directly affiliated with, or that he, or such organization of which he is a member, if any, is not acting in concert or in sympathy with a labor organization involved in the labor dispute at the premises at which the labor dispute occurred, and he has made an unconditional offer to return to work at the premises at which he is or was last employed.

(e) For any benefit period with respect to which he is receiving or has received remuneration in the form of:

(1) Wages in lieu of notice;

(2) Compensation for temporary partial disability, temporary total disability or total and permanent disability under the Workmen's Compensation Law of any State or under a similar law of the United States;

(3) Old Age Benefits under Title II of the Social Security Act as amended,<sup>2</sup> or similar payments under any Act of Congress, or a State Legislature; provided, that if such remuneration is less than the benefits which would otherwise be due under this Act, he shall be entitled to receive for such benefit period, if otherwise eligible, benefits reduced by the amount of such remuneration. If any such benefits, payable under this subsection, after being reduced by the amount of such remuneration, are not an even multiple of One Dollar (\$1), they shall be adjusted to the next higher multiple of One Dollar (\$1).

(f) In determining the number of benefit periods during which any individual is entitled to receive benefits in a benefit year, the Commission shall deduct any period of disqualification as provided in subsections (a), (b), and (c) of this Section from the total number of benefit periods during which he would otherwise be entitled to receive benefits except for such disqualification; provided, that in no case shall the number of benefit periods so deducted exceed the number of benefit periods during which the claimant is then eligible to receive benefits except for such disqualification; and provided further, that in no event shall a disqualification imposed under subsection (a) or (c) of this Section result in a total reduction of the claimant's benefit rights in his benefit year.

(g) For the duration of any period of unemployment with respect to which the Commission finds that such individual has left his most recent work for the purpose of attending an established educational institution; provided, that this subsection shall not apply during a period in which an individual is in training with the approval of the Commission.

<sup>2</sup> 42 U.S.C.A. § 401 et seq.

#### Art. 5221b-4. Claims for Benefits

(a) Filing: Claims for benefits shall be made in accordance with such regulations as the Commission may prescribe. Each employer shall post and maintain in places accessible to individuals in his employ printed notices giving general information about filing a claim for unemployment benefits. Such notices shall be supplied by the Commission to each employer without cost to him.

(b) An unemployed individual who has no current benefit year may file an initial claim in accordance with rules or regulations prescribed by the Commission. The Commission shall mail a notice of the filing of such initial claim to the individual or organization for which the claimant last worked prior to the effective date of the initial claim. If the individual or organization has more than one branch or division operating at different locations, notice of the filing of such initial claim shall be mailed to the branch or division where claimant last worked. Mailing of notice of the initial claim to the correct address of the individual or organization or the branch or division where claimant last worked shall constitute due notice to such individual or organization. If the individual or organization to which such notice is mailed has knowledge of any facts that may adversely affect such claimant's right to benefits, or that may affect a charge to its account, it shall notify the Commission of such facts promptly. If such individual or organization does not mail or deliver such notification to the Commission within ten (10) days from the date notice of a claim was mailed to it by the Commission, such individual or organization shall be deemed to have waived all rights in connection with such claim, including any rights it may have under subsection 7(c)(2) of this Act,<sup>1</sup> except with respect to a clerical or machine error as to the amount of its chargeback or maximum potential chargeback in connection with such claim.

The Commission shall determine whether such initial claim is valid. If such initial claim is valid, the Commission shall determine the benefit year, the benefit amount for total unemployment and the duration of benefits. A notice of the determination of the initial claim shall be mailed to the claimant at his last known address as reflected by Commission records. The claimant may within twelve (12) calendar days from the date such notice was mailed request a redetermination or appeal in the manner provided in this Section.

If such individual or organization for which claimant last worked has filed a notification with the Commission in accordance with this Section, an examiner shall make a determination as to whether the claimant is disqualified from receipt of benefits under Section 5 of this Act,<sup>2</sup> as to any other issue affecting the claimant's right to receive benefits which may have arisen under any other provision of this Act,<sup>3</sup> and as to whether a chargeback shall be made to the account of the individual or organization if benefits are paid, and shall mail a copy of the determination to the claimant and to such individual or organization, or the branch or division for which the claimant last worked. In the absence of such notification from such individual or organization, if, from information on the claim or other information secured, an issue is raised affecting the claimant's rights to benefits under any provision of this Act, an examiner shall prepare a determination reflect-

ing his decision and mail a copy of it to the claimant at his last known address.

Unless the claimant or the individual or organization or branch thereof to which the copy of the determination is mailed files an appeal from such determination within twelve (12) calendar days after such copy of the determination is mailed to his or its last known address as reflected by Commission records, such determination shall be final for all purposes and benefits shall be paid or denied in accordance therewith; provided, that within the same period of time, an examiner may file an appeal from such determination, or may, if he discovers error in connection therewith or additional information not previously available, reconsider and redetermine any such determination, and such redetermination shall replace such determination and shall become final unless an appeal therefrom is filed by such claimant or such individual or organization within twelve (12) calendar days after a copy of such redetermination was mailed to his or its last known address as reflected by Commission records. If an appeal is duly filed, benefits with respect to the period of time prior to the final determination of the Commission shall be paid only after such determination; provided, that if an appeal tribunal affirms a determination of an examiner, or the Commission affirms a decision of an appeal tribunal, allowing benefits, such benefits shall be paid regardless of any appeal which may thereafter be taken, but if such decision is finally reversed, no charge-back shall be made to the employer's account by reason of such payment.

(c) Appeals: Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the determination of the examiner. The parties to the appeal shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the Commission, unless within ten (10) days after the date of mailing of such decision, further appeal is initiated pursuant to subsection (e) of this Section.

(d) Appeal Tribunals: To hear and decide disputed claims, the Commission, if it is necessary to insure prompt disposal of cases on appeal, shall establish one or more impartial appeal tribunals consisting in each case of a salaried examiner.

(e) Commission Review: The Commission may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The Commission may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the Commission shall be heard by a quorum thereof. The Commission shall promptly mail

to the parties before it a copy of its findings and decision.

(f) Procedure: The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, or other individuals or organizations, and the conduct of hearings and appeals shall be in accordance with rules or regulations prescribed by the Commission for determining the rights of the parties. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness Fees: Witnesses subpoenaed pursuant to this Section shall be allowed fees at a rate fixed by the Commission, and such fees shall be deemed a part of the expense of administering this Act.<sup>4</sup>

(h) Appeal to Courts: Any decision of the Commission shall become final ten (10) days after the date of mailing thereof, unless, within such ten (10) days, the appeal is reopened by Commission order or a party to the appeal files a written motion for rehearing, and judicial review of any final decision of the Commission shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies (not including a motion for rehearing) before the Commission as provided by this Act. The Commission shall be deemed to be a party to any judicial action involving any such decision and may be represented in any such judicial action by any qualified attorney who is a regular salaried employee of the Commission and has been designated and appointed for that purpose by the Attorney General of Texas.

(i) Court Review: Within ten (10) days after the decision of the Commission has become final, and not before, any party aggrieved thereby may secure judicial review thereof by commencing an action in any court of competent jurisdiction in the county of claimant's residence against the Commission for the review of its decision, in which action any other party to the proceeding before the Commission shall be made a defendant, provided that if a claimant is a non-resident of the State of Texas such action may be filed in a court of competent jurisdiction in Travis County, Texas, or in the county in Texas in which the last employer has his principal place of business, or in the county of claimant's last residence in Texas. Such trial shall be de novo. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon a member of the Commission or upon such person as the Commission may designate and such service shall be deemed completed service on all parties, but there shall be left with the party so served as many copies of the petition as there are defendants and the Commission shall forthwith mail one such copy to each such defendant. Such action shall be given precedence

over all other civil cases except cases arising under the Workmen's Compensation Law<sup>5</sup> of this State. An appeal may be taken from the decision of the trial court, in the same manner, as is provided in other civil cases. It shall not be necessary, in any judicial proceedings under this Section, to enter exceptions to the rulings of the Commission and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the Commission shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas.

#### Art. 5221b-4a. Extended Benefits

(a) Definitions: As used in this Section, unless the context clearly requires otherwise:

(1) "Extended benefit period" means a period which:

(A) begins with the third (3rd) week after whichever of the following weeks occurs first:

(i) a week for which there is a national "on" indicator, or

(ii) a week for which there is a State "on" indicator; and

(B) ends with either of the following weeks, whichever occurs last:

(i) the third (3rd) week after the first (1st) week for which there is both a national "off" indicator and a State "off" indicator, or

(ii) the thirteenth (13th) consecutive week of such period;

Provided, that no extended benefit period may begin by reason of a State "on" indicator before the fourteenth (14th) week following the end of a prior extended benefit period which was in effect with respect to this State; and

Provided further, that no extended benefit period may begin with a week beginning before January 1, 1972.

(2) There is a national "on" indicator for a week if the United States Secretary of Labor determines that, for each of the three (3) most recent calendar months ending before such week, the rate of insured unemployment (seasonally adjusted) for all states equaled or exceeded four and five-tenths percent (4.5%).

(3) There is a national "off" indicator for a week if the United States Secretary of Labor determines that, for each of the three (3) most recent calendar months ending before such week, the rate of in-

sured unemployment (seasonally adjusted) for all states was less than four and five-tenths percent (4.5%).

(4) There is a State "on" indicator for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that, for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this Act:

(A) equaled or exceeded one hundred and twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in each of the preceding two (2) calendar years, and

(B) equaled or exceeded four percent (4%).

(5) There is a State "off" indicator for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that, for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this Act:

(A) was less than one hundred and twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in each of the preceding two (2) calendar years, or

(B) was less than four percent (4%).

(6) "Rate of insured unemployment," for purposes of paragraphs (4) and (5) of this subsection, means the percentage derived by dividing:

(A) the average weekly number of individuals filing claims in this State for weeks of unemployment with respect to the most recent 13-consecutive-week period, as determined by the Commission on the basis of the Commission's reports to the United States Secretary of Labor, by

(B) the average monthly employment covered under this Act for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such 13-week period.

(7) "Regular benefits" means benefits payable to an individual under this Act or under any other state law (including benefits payable to federal civilian employees and ex-servicemen pursuant to 5 U.S.C. Chapter 85<sup>1</sup>) other than extended benefits.

(8) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. Chapter 85) payable to an individual under the provisions of this

Section for benefit periods of unemployment in his eligibility period.

(9) "Eligibility period" of an individual means the period consisting of the benefit periods in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any benefit periods thereafter which begin in such period.

(10) "Exhaustee" means an individual who, with respect to any benefit period of unemployment in his eligibility period:

(A) has received, prior to such benefit period, all of the regular benefits that were available to him under this Act or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. Chapter 85) in his current benefit year that includes such benefit period;

Provided, that, for the purposes of this subparagraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wage credits that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits, or

(B) had a benefit year that expired prior to such benefit period and has no, or insufficient, wage credits on the basis of which he could establish a new benefit year that would include such benefit period; and

(C) (i) has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act<sup>2</sup> the Trade Expansion Act of 1962,<sup>3</sup> the Automotive Products Trade Act of 1965,<sup>4</sup> or such other federal laws as are specified in regulations issued by the United States Secretary of Labor, and

(ii) has not received and is not seeking unemployment benefits under the unemployment compensation law of the Virgin Islands or of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law, he is considered an exhaustee.

(11) "State Law" means the unemployment compensation law of any state that is approved by the United States Secretary of Labor under Section 3304 of the Internal Revenue Code of 1954.<sup>5</sup>

(b) Effect of State Law Provisions Relating to Regular Benefits on Claims for, and the Payment of, Extended Benefits: The provisions of this Act, and the rules or regulations of the

Commission which apply to claims for, and the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits except when the result would be inconsistent with the other provisions of this Section.

(c) Eligibility Requirements for Extended Benefits: An individual shall be eligible to receive extended benefits with respect to any benefit period of unemployment in his eligibility period only if the Commission finds that with respect to such benefit period:

(1) he is an "exhaustee" as defined in subsection (a)(10) of this Section, and

(2) he satisfies the requirements of this Act for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(d) Weekly Extended Benefit Amount: The weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be an amount equal to the weekly benefit amount payable to him during his applicable benefit year.

(e) Total Extended Benefit Amount: The total extended benefit amount payable to any eligible individual with respect to his applicable benefit year shall be fifty percent (50%) of the total amount of regular benefits which were payable to him under this Act in his applicable benefit year.

(f) (1) Beginning and termination of extended benefit period: Whenever an extended benefit period is to become effective in this State (or in all states) as a result of a State or a national "on" indicator, or an extended benefit period is to be terminated in this State as a result of State and national "off" indicators, the Commission shall make a public announcement thereof in accordance with rules prescribed by the Commission.

(2) Computations required by the provisions of subsection (a)(6) of this Section shall be made by the Commission in accordance with regulations prescribed by the United States Secretary of Labor.

(g) Financing:

(1) Extended benefits shall be paid from the Unemployment Compensation Fund.

(2) Payments made by the Federal Government for its share of extended benefits shall be deposited into the Unemployment Compensation Fund.

(3) Fifty percent (50%) of the extended benefit payments based on wage credits from a reimbursing employer shall be charged to the account of such employer and reimbursed by such employer in the same manner as regular benefit payments, and such payments shall not be used in determining the replenishment ratio provided for in subsection 7(c)(5) of this Act.<sup>6</sup>

(4) Fifty percent (50%) of extended benefit payments based on wage credits from a taxed employer shall be deemed chargebacks and charged to the account of such employer and used in determining the benefit ratio of such employer unless it was determined that chargebacks were not to be made against the account of the employer when regular benefits with respect to an individual were paid. Fifty percent (50%) of extended benefit payments based on wage credits from a taxed employer (whether or not charged to an employer) shall be used in the numerator of the replenishment ratio. Chargebacks resulting from the payment of extended benefits shall be used in the denominator of the replenishment ratio.

(5) When a taxed base period employer is notified of a claim for benefits under subsection 7(c)(2) of this Act,<sup>7</sup> such notice shall state that if the claim results in the payment of extended benefits, the maximum potential chargeback may be increased by as much as twenty-five percent (25%). No further notice of potential chargeback regarding extended benefit payments need be given to a taxed base period employer when the extended benefits are paid.

"Sec. 12. All laws or parts of laws in conflict herewith, insofar as they do conflict herewith, are hereby repealed but such repeal shall in no way be construed as forfeiting or waiving any rights of the State of Texas or of the Texas Employment Commission, which have accrued thereunder, including, without limiting or without being limited thereto, the right to collect contributions, interest, or penalties that have accrued, and the right of prosecution for violation of any provision thereof; nor shall such repeal in any way be construed as forfeiting or waiving the rights of any individual to benefits which accrued thereunder; provided that the Commission's determination of the benefit year, the benefit amount for total unemployment, and the duration of benefits made with respect to an initial claim filed prior to January 1, 1972, shall be effective for the remainder of such benefit year, and provided further, that nothing in this Section shall be construed as preventing Section 6-A of the Act from being effective on and after January 1, 1972.

"Sec. 14. This Act takes effect on January 1, 1972."

#### Art. 5221b-5. Contributions

(a) Payment: Contributions shall accrue and become payable by each employer for each calendar year, or portion thereof, in which he

is subject to this Act, with respect to wages for employment paid during such calendar year, or portion thereof. Such contributions shall become due and be paid by each employer to the Commission for the fund in accordance with such rules or regulations as the Commission may prescribe, and shall not be deducted in whole or in part from the wages of individuals in such employer's employ.

(b) Rate of contributions: Each employer shall pay contributions equal to two and seven-tenths percentum (2- $\frac{7}{10}$ %) of wages paid by him with respect to employment, except as provided in subsection (c) of this Section.

(c) Experience rating:

(1) Each employer's contribution rate shall be two and seven-tenths percent (2.7%) until his account has been chargeable with benefits throughout each calendar month of the four (4) consecutive calendar quarters immediately preceding the date as of which such employer's rate is determined. The contribution rate of each employer who has had at least four (4) such calendar quarters of compensation experience shall be determined as provided below; except that the contribution rate of any employing unit which becomes an employer for the first time during the calendar year 1972, other than one which first becomes an employer because of the provisions of subsection 19(f)(2) of this Act,<sup>1</sup> shall be one percent (1%) rather than two and seven-tenths percent (2.7%) until such time as his account has been chargeable with benefits for four (4) consecutive calendar quarters and an experience rate is computed for him in accordance with this Act.

(2) (A) With respect to any benefit year beginning after September 30, 1967, the amount of benefit payments paid to a claimant shall be charged to the account of the claimant's base period employer or employers. With respect to any benefit year beginning prior to September 30, 1967, if the first benefit payment during such benefit year is not made until after September 30, 1967, then the amount of benefit payments shall be charged to the account of the claimant's base period employer or employers. When a benefit payment is made to a claimant who has two or more employers in his base period the chargeback to each employer shall be allocated in direct proportion to the percentage of the claimant's total benefit wage credits paid by such employer. This process may be designated as charging benefits to an employer's account, and benefits thus charged may be designated as chargebacks.

The chargebacks of each employer for a given calendar quarter shall be the bene-

fits paid to all of his employees or former employees during such quarter; provided, that the chargebacks of an employer shall not include benefit payments which are based on wage credits of an employee or former employee, if the Commission finds that the employee's last separation from such employer's employment, prior to the benefit year in conjunction with which such base period was established, was (i) a separation required by a Federal or a Texas statute or a Texas municipal ordinance; or (ii) a separation for which a disqualification under subsections 5(a) or 5(b) of this Act<sup>2</sup> would have been imposed if such employer's employment of the employee or former employee had been the employee's last work; or (iii) a separation with respect to which a disqualification was imposed under subsection 5(a) or 5(b) of this Act;<sup>3</sup> and provided further that for the purpose of this paragraph the term "last separation" shall, with respect to an employee whose initial determination disqualified him for benefits under subsection 5(d) of this Act,<sup>4</sup> mean his next later separation from such employer's employment.

(2) (B) To each employer to whom notice of an initial claim has not already been mailed under subsection 6(b) of this Act,<sup>5</sup> and whose account is potentially chargeable with benefits as the result of such initial claim and payment of benefits, a notice of his maximum potential chargebacks shall be mailed when benefits are first paid and an opportunity afforded for protest of his potential chargebacks. If any such employer desires to protest his potential chargebacks, he shall, within ten (10) days after such notice was mailed to him, mail his protest, including a statement of the facts upon which his protest is based, to the Commission at Austin, Texas. Any employer who does not protest his potential chargebacks within ten (10) days after notice was mailed to him shall be deemed to have waived his right to protest such chargebacks. If a timely protest is filed, the examiner shall promptly decide the issues involved in such protest and shall mail a notice of his decision thereon to the protesting employer. Such decision shall become final twelve (12) days from the date of mailing thereof, unless such employer mails to the Commission at Austin, Texas, a written appeal therefrom within such twelve (12) days. Administrative review hereunder shall be in accordance with Commission rules or regulations, and appeals to the Courts shall be permitted only after such employer has exhausted his administrative remedies (not including a motion for rehearing) before the Commission, and within the time pre-

scribed by subsection 6(h) and subsection 6(i) of this Act<sup>6</sup> with respect to Commission decisions on benefits. Venue and jurisdiction of appeals to the Courts with respect to chargebacks shall be the same as venue and jurisdiction of suits to collect contributions and penalties under this Act.

If notice of the claim has been sent previously to the employer under the provisions of Section 6 of this Act,<sup>7</sup> the employer shall be mailed a notice of the amount of his potential chargeback resulting from the claim, and may, within ten (10) days from the date such notice was mailed, protest any clerical or machine error as to amounts. Such employer shall be mailed a decision on such protest and may appeal within twelve (12) days from the date notice of such decision was mailed to him.

(3) For the purposes of this Section, benefits shall be deemed to have been paid at the time the claim therefor shall have been certified by the Commission to the State Comptroller for payment.

(4) The benefit ratio of each employer shall be a percentage equal to the total of his chargebacks for the thirty-six (36) consecutive completed calendar months immediately preceding the date as of which the employer's tax rate is determined divided by his total taxable wages for the same months on which contributions have been paid to the Commission on or before the last day of the month in which the computation date occurs; provided that, in the event the employer has less than three (3) years but at least four (4) calendar quarters of compensation experience throughout which his account has been chargeable with benefits, his benefit ratio shall be a percentage equal to the total of all of his chargebacks for all completed calendar months immediately preceding the date as of which such employer's tax rate is determined divided by his total taxable wages for the same months on which contributions have been paid to the Commission on or before the last day of the month in which the computation date occurs.

(5) The replenishment ratio for a calendar year is a quotient, stated to the nearest hundredth, derived from the following numerator and denominator.

The numerator of the replenishment ratio shall be the total amount of benefits paid from the Unemployment Compensation Fund during the twelve (12) months ending September 30, of the preceding year, that are based on wage credits from taxed employers, less for the same period:

(A) the total amount of refunds of regular benefits that were based on wage credits from taxed employers

The Commission is authorized to extend the foregoing table by supplying additional replenishment ratios and by supplying additional employer benefit ratios using the same mathematical principles used in constructing said table.

Provided, that when the amount in the Unemployment Compensation Fund on the October 1 computation date immediately preceding the calendar year for which rates are being computed is in excess of the ceiling hereinafter defined, a reduction in the tax rate shown on the foregoing table, or as it may be extended, by one-tenth of one percent (1/10 of 1%) for each Five Million Dollars (\$5,000,000) or fraction thereof by which the amount in the Unemployment Compensation Fund is in excess of the ceiling shall be granted to each employer entitled to an experience tax rate, provided that no employer shall receive a tax rate reduction greater than two and two-tenths percent (2.2%) under this provision; provided further, notwithstanding the foregoing provisions, that no employer shall be permitted to pay contributions at a rate less than one-tenth of one percent (1/10 of 1%) and that no employer shall be required to pay contributions at a rate greater than four percent (4%) except as hereinafter provided. When the amount in the Unemployment Compensation Fund on the October 1 computation date immediately preceding the calendar year for which rates are being computed is less than Two Hundred Twenty-five Million Dollars (\$225,000,000), an increase in the tax rate by one-tenth of one percent (1/10 of 1%) for each Five Million Dollars (\$5,000,000) or fraction thereof by which the amount in the Unemployment Compensation Fund is less than Two Hundred Twenty-five Million Dollars (\$225,000,000) shall be applied to the tax rate of each employer eligible for an experience tax rate, including any employer whose tax rate would otherwise be limited to four percent (4%).

The ceiling for the Unemployment Compensation Fund referred to in the preceding paragraph shall be Three Hundred

Five Million Dollars (\$305,000,000) for the computation date of October 1, 1972, and shall be increased by Five Million Dollars (\$5,000,000) to Three Hundred Ten Million Dollars (\$310,000,000) for the computation date of October 1, 1973, and shall be increased by Five Million Dollars (\$5,000,000) for the computation date of each succeeding year until it reaches Three Hundred Twenty-five Million Dollars (\$325,000,000) for the computation date of October 1, 1976, and it shall remain at Three Hundred Twenty-five Million Dollars (\$325,000,000) for each computation date thereafter.

(7) If an employing unit acquires all or a part of the organization, trade or business of an employer, such acquiring successor employing unit and such predecessor employer may jointly make written application to the Commission for that compensation experience of such predecessor employer which is attributable to the organization, trade or business or the part thereof acquired to be treated as compensation experience of such successor employing unit. The Commission shall approve such application if it finds that: (i) immediately after such acquisition the successor employing unit continued operation of substantially the same organization, trade or business or part thereof acquired; and (ii) the predecessor employer has waived, in writing, all his rights to an experience rating based on the compensation experience attributable to the organization, trade or business or part thereof acquired by the successor employing unit; and (iii) in the event of the acquisition of only a part of a predecessor employer's organization, trade or business, such acquisition was of a part to which a definitely identifiable and segregable part of the predecessor's compensation experience was and is attributable; and (iv) if the successor employing unit was not an employer at the time of the acquisition, such successor has elected to become an employer as of the date of the acquisition or has otherwise become an employer during the year in which the acquisition took place.

If the application for transfer of experience is approved and the successor employing unit was an employer immediately prior to the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the rate applicable to the successor on the date of the acquisition. If such application is approved and the successor employing unit was not an employer immediately prior to the date of the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the highest rate applicable at the time of the acquisition to any predecessor employer who was a party to the acquisition with respect to which the joint application was made.

In the event the acquisition is the result of the death of the predecessor employer, the requirements of this subsection relating to the necessity for the predecessor to join in the application and the requirements of condition (ii) hereof shall not apply.

"Compensation experience," as used in this subsection includes duration of chargeability with benefit wages or benefits as well as all factors mentioned in subsection 7(c) of this Section necessary to the computation of experience rating under subsection 7(c) of this Section.

(d) The computation date for all experience tax rates shall be as of October 1 of the year preceding the calendar year for which such rates are to be effective, and such rates shall be effective on January 1 of the calendar year immediately following such computation date for the entire year; provided that the experience tax rate for each employer who, for the first time, and at the close of any calendar quarter, has completed four (4) full consecutive calendar quarters throughout each month of which the employer was chargeable with benefit payments, shall be computed and determined as of the first day of the calendar quarter next following such close, and such rate shall be effective on the date as of which it was computed, and for the remainder of the calendar year in which such computation date occurs.

(e) The contribution rate of each employer for the calendar years ending on or before December 31, 1968, shall be determined in accordance with the provisions of this Section prior to this amendment; the contribution rate of each employer for each calendar year commencing after December 31, 1968, shall be determined in accordance with the provisions of this Section. Nothing in this Section shall be construed as authorizing or requiring a refund

of any contributions or portions thereof due and paid prior to January 1, 1969, under this Section, or as waiving the right to collect any contributions or portions thereof due and unpaid under this Section on December 31, 1968.

#### Art. 5221b-5a. Reimbursements

(a) Reimbursing Employers: Payments in lieu of contributions shall be made in accordance with the provisions of this Section. An employer making payments in accordance with this Section shall be referred to as a "reimbursing employer" and such payments shall be referred to as "reimbursements."

(b) Payments by a Reimbursing Employer: At the end of each calendar quarter the Commission shall bill each reimbursing employer for an amount equal to the amount of the regular benefits plus one-half ( $\frac{1}{2}$ ) of the amount of the extended benefits paid during such quarter which are attributable to service in the employ of such employer, and reimbursements shall be paid by the reimbursing employer to the Commission for the fund in accordance with such rules as the Commission may prescribe.

(c) Allocation of Benefit Costs: Each employer that is liable for reimbursements shall pay to the Commission for the fund the amount of the regular benefits plus the amount of one-half ( $\frac{1}{2}$ ) of the extended benefits paid which are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one (1) employer and one (1) or more of such employers are liable for reimbursements, the amount payable to the fund by each such employer that is liable for reimbursements shall be determined in accordance with the provisions of the following subparagraph (1) or subparagraph (2):

(1) Proportionate Allocation (When Fewer Than All Base Period Employers Are Liable for Reimbursements): If benefits paid to an individual are based on wage credits paid by one (1) or more employers who are liable for reimbursements

and on wage credits paid by one (1) or more employers who are liable for contributions, the amount of reimbursement payable by each employer that is liable for reimbursements shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wage credits paid to the individual by such employer bears to the total base period wage credits paid to the individual by all of his base period employers.

(2) Proportionate Allocation (When All Base Period Employers Are Liable for Reimbursement): If benefits paid to an individual are based on wages paid by two (2) or more employers that are liable for reimbursements, the amount of reimbursement payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wage credits paid to the individual by such employer bears to the total base period wage credits paid to the individual by all of his base period employers.

(d) Records and Reports: Reimbursing employers shall maintain records and submit reports in accordance with subsection 11(e) of the Act<sup>1</sup> and rules prescribed by the Commission.

(e) Collections: If any reimbursing employer shall fail to pay reimbursements due under this Act on the date on which they are due and payable, as prescribed by the Commission, or if any such employer shall fail to submit records and reports as prescribed by the Commission, such employer shall be subject to the provisions set forth in Section 14 of this Act;<sup>2</sup> provided, that where Section 14 refers to contributions due from employers such Section shall be regarded as also referring to reimbursements due from reimbursing employers.

(f) Waiver of Rights: Reimbursing employers are entitled to the rights and privileges and subject to the duties and responsibilities of all provisions of this Act except the provisions of Section 7.<sup>3</sup> Section 7 shall be inapplicable to reimbursing employers (except where specifically mentioned therein) and an election to become a reimbursing employer shall constitute a waiver of the rights afforded under Section 7 of the Act.

(g) Continued Liability: All regular benefits paid and one-half (1/2) of extended benefits paid which are attributable to service in the employ of a reimbursing employer during the period for which he elected reimbursement pursuant to Section 8<sup>4</sup> shall be reimbursed by the employer even though the employer may no longer be a reimbursing employer when the benefit payments are made.

(h) Group Accounts: Two (2) or more reimbursing employers may file a joint application

with the Commission for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. Each such application shall identify and authorize a group representative to act as the group's agent for the purpose of this paragraph. Upon approval of the application, the Commission shall establish a group account for such employers effective as of the beginning of the calendar quarter in which the Commission received the application and shall notify the group's representative of the effective date of the account. Such account shall remain in effect for not less than two (2) years and thereafter until terminated at the discretion of the Commission or upon application by the group, and such termination shall be effective only at the beginning of the next calendar year. Upon establishment of the account, each member of the group shall be liable for reimbursements with respect to each calendar quarter in the amount that bears the same ratio to the total benefits paid in such quarter that are attributable to service performed in the employ of all members of the group as the total wages paid for service in employment by such member in such quarter bears to the total wages paid during such quarter for service performed in the employ of all members of the group. Each member of the group shall keep true and accurate employment records and submit such reports as the Commission may require with respect to persons employed by such member. The Commission shall prescribe such rules as may be necessary with respect to the type of records to be kept by and reports to be submitted by groups of employers, applications for the establishment, maintenance and termination of group accounts that are authorized by this paragraph, for addition of new members to, and withdrawal of active members from, such accounts, and for the determination of the amounts of reimbursements that are payable under this paragraph by members of the group and the time and manner of such payments.

(i) Authority to Terminate Elections: If any nonprofit organization is delinquent in making reimbursements as provided under this Section, the Commission may terminate such organization's election to make reimbursements as of the beginning of the next taxable year and such termination shall be effective for that and the succeeding taxable year.

(j) Bond: In the discretion of the Commission, any nonprofit organization (or group of such organizations) that elects to become liable for reimbursements may be required to execute and file with the Commission a surety bond approved by the Commission. The amount of such bond shall be determined in accordance with rules prescribed by the Commission. The Commission may require adjustments to be made in a previously filed bond if it deems such action appropriate. Failure by any or-

ganization covered by such bond to pay the full amount of reimbursements when due, together with any applicable interest and penalties provided for under this Act, shall render the surety liable on such bond to the extent of the bond, as though the surety was such organization. If any nonprofit organization fails to make bond when directed to do so by the Commission, the Commission may terminate such employer's election to make reimbursements as of the beginning of the next taxable year and such termination shall be effective for that and the succeeding taxable year.

(k) **Additional Safeguards:** The Commission is authorized to provide such additional safeguards as may be needed to ensure that reimbursing employers pay the reimbursements required under this Section.

(l) **Benefit Payments:** Benefits based upon wages earned from a reimbursing employer shall be paid from the fund, but such benefits paid and reimbursements for such benefits shall not be used in computing the replenishment ratio provided for in subsection 7(c)(5) of this Act.<sup>5</sup>

#### Art. 5221b-6. Duration of Coverage and Elections

(a) Any employing unit which is or becomes an employer subject to this Act within any calendar year shall be subject to this Act during the whole of such calendar year.

(b) (1) A nonprofit organization (or group of organizations) as described in Section 501(c)(3) of the Internal Revenue Code of 1954<sup>1</sup> which is exempt from income tax under Section 501(a) of such Code<sup>2</sup> and is subject to this Act may file an election to pay reimbursements as provided in Section 7-A of this Act<sup>3</sup> in lieu of paying contributions as provided in Section 7 of this Act.<sup>4</sup> Such election shall be made within forty-five (45) days after the date notice is mailed to the employer that he is subject to the provisions of this Act. The election will be effective January 1 of the year in which the employer became subject to this Act and such election shall be for a minimum period of two (2) calendar years and cannot be terminated prior to that time, except as provided in subsections 7-A(i) and 7-A(j) of this Act.<sup>5</sup> An election may be withdrawn by a written application by the employer filed with the Commission not later than thirty (30) days prior to the beginning of the year with respect to which the employer wishes to change his method of payment. Thereafter, there must again be a minimum of two (2) calendar years and a

timely application filed before the method of payment may again be changed.

An election to pay reimbursements in lieu of paying contributions will be terminated at any time coverage is terminated under this Act. An employer whose election has been terminated as the result of termination of coverage shall upon again becoming an employer subject to this Act be given an opportunity to file another election to pay reimbursements in lieu of paying contributions under the same terms and conditions described above.

(2) The State of Texas, a branch or department thereof, or an instrumentality thereof may voluntarily elect (except with respect to a State hospital or a State institution of higher education) coverage as a subject employer for a period of not less than two (2) calendar years and shall for the same period file an election to pay reimbursements for benefits paid as provided in Section 7-A of this Act or to pay contributions as provided in Section 7 of this Act.

(3) A political subdivision of the State of Texas may voluntarily elect coverage for not less than two (2) calendar years and such election may be made with respect to (A) all services performed for the political subdivision, or (B) all services performed for all institutions of higher education and all hospitals operated by the political subdivision, or (C) all services performed for one (1) or more separate parts or divisions of the political subdivision; and, if such election is made, the employer shall pay reimbursements for benefits as provided in Section 7-A of this Act.

(4) All elections under subsections 8(b)(2) and 8(b)(3) of this Act may be terminated after the minimum required period by filing with the Commission a written request for termination not later than thirty (30) days preceding the last day of a calendar year, and such termination shall be effective January 1 of the following year.

(5) Any employing unit other than one to which subsection 8(b)(1), 8(b)(2), or 8(b)(3) of this Act is applicable, not otherwise subject to this Act, may voluntarily elect coverage as an employer subject to this Act for a period of not less than two (2) calendar years and shall with the written approval of such election by the Commission become an employer subject hereto to the same extent as all other employers as of the date stated in such approval.

(6) Any employing unit for which services that do not constitute employment as defined in this Act are performed may file with the Commission a written election that all such services performed by individuals in its employ in one (1) or more distinct establishments or places of business shall be deemed to constitute employment for all purposes of this Act for not less than two (2) calendar years. Upon the written approval of such election by

the Commission, such services shall be deemed to constitute employment subject to this Act from and after the date stated in such approval and during the period of the election.

(c)(1) No employing unit shall cease to be an employer subject to this Act except as of the first day of January of any calendar year, and only then if such employer files with the Commission, within the period from January 1 through March 31 of such year, a written application for termination of coverage, and the Commission finds that there were no twenty (20) different days within the preceding calendar year, each day being in a different calendar week, during each of which days such employing unit employed one (1) or more individuals in employment subject to this Act and that said employer did not pay any wages in any quarter of the preceding year in the total amount of One Thousand Five Hundred Dollars (\$1,500) or more; provided, that, if the employing unit is an employer subject to this Act under subsection 19(f)(3),<sup>6</sup> the phrase "four (4) or more individuals" shall be substituted for the phrase "one (1) or more individuals" in this subparagraph; and provided further, that this subsection has no applicability to an employer subject to this Act under subsection 19(f)(6).<sup>7</sup>

(2) Regardless of whether or not an application for termination of coverage has been filed, an employing unit shall cease to be an employer subject to this Act as of the first day of January of any year if the Commission finds that the employing unit has not had any individuals in employment on any one (1) or more days within the three (3) immediately preceding consecutive calendar years.

(d) Any employing unit which is or becomes an employer subject to this Act, and which under the provisions of this Section ceases to be an employer subject to this Act, and subsequent to such time again becomes an employer subject to this Act by reason of any of the provisions thereof, shall upon again becoming an employer subject to this Act be considered a new employer without regard to any rights acquired by it during the time that it had theretofore been an employer.

#### Art. 5221b-7. Unemployment Compensation Fund

(a) Establishment and Control: There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Compensation Fund, which shall be administered by the Commission exclusively for the purposes of this Act.<sup>1</sup> This fund shall consist of

(1) all contributions collected under this Act;

(2) interest earned upon any moneys in the fund;

(3) any property or securities acquired through the use of moneys belonging to the fund;

(4) all earnings of such property or securities; and

(5) all other moneys received for the fund from any other source. All moneys in the fund shall be mingled and undivided.

(b) Accounts and Deposits: The State Treasurer shall be treasurer and custodian of the fund. He shall administer such fund in accordance with the directions of the Commission, and the Comptroller shall issue warrants upon it in accordance with such regulations as the Commission shall prescribe. The Treasurer shall maintain within the fund three (3) separate accounts:

(1) a clearing account,

(2) an unemployment trust fund account, and

(3) a benefit account.

All moneys payable to the fund, upon receipt thereof by the Commission, shall be forwarded to the Treasurer who shall immediately deposit them in the clearing account. All moneys in the clearing account, after clearance thereof, shall, except as herein otherwise provided, be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the Unemployment Trust Fund, established and maintained pursuant to Section 904 of the Social Security Act, as amended,<sup>2</sup> any provisions of the law in this State relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. Refunds payable pursuant to Section 14 of this Act<sup>3</sup> may be paid from the clearing account or the benefit account upon warrants issued by the Comptroller under the direction of the Commission, except that refund of penalties which are erroneously collected, and which are to be refunded in accordance with the provisions of Subsection 14(j) of this Act,<sup>4</sup> shall be paid out of the Unemployment Compensation Special Administration Fund. The benefit account shall consist of all moneys requisitioned from this State's account in the Unemployment Trust Fund in the United States Treasury. Except as herein otherwise provided, moneys in

the clearing and benefit accounts may be deposited by the Treasurer, under the direction of the Commission, in any bank or public depository in which general funds of the State may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. All moneys in this fund shall be deposited, administered and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable, on his official bond, for the faithful performance of his duties in connection with the Unemployment Compensation Fund provided under this Act. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to the liability on any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered for losses sustained by the fund shall be deposited therein.

(c) Withdrawals: Moneys requisitioned from this State's account in the Unemployment Trust Fund shall be used exclusively for the payment of benefits and for refunds pursuant to Section 14<sup>5</sup> and this Section, except that money credited to this State's account pursuant to Section 903 of the Social Security Act,<sup>6</sup> as amended, may be requisitioned and used by the Commission only to the extent and under the conditions prescribed by said Section 903, as amended. The Commission shall from time to time requisition from the Unemployment Trust Fund such amounts, not exceeding the amounts standing to its account therein, as it deems necessary for the payment of benefits and refunds for a reasonable future period. Upon receipt thereof, the Treasurer shall deposit such moneys in the benefit account, and the Comptroller shall issue his warrants for payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account, and refunds from the clearing account, shall not be subject to any provision of law which may require itemization or other formal release by State officers of money in their custody. All warrants issued for the payment of benefits and refunds shall bear the signature of the Treasurer and the countersignature of a member of the Commission, or its duly authorized agent, for that purpose. Any balance of moneys requisitioned from the Unemployment Trust Fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned, shall either be deducted from estimates for, and may be utilized for the payment of benefits and refunds during succeeding periods, or, in the discretion of the Commission, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the Unemployment Trust Fund as provided in subsection (b) of this Section.

(d) If a warrant has been issued by the Comptroller in payment of benefits as provided

under this Act, and if the claimant entitled to receive such warrant has lost or loses, or for any reason failed or fails to receive such warrant after such warrant is or has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue to claimant a duplicate warrant as provided for in Article 4365, Revised Civil Statutes of Texas, 1925, but in no event shall a duplicate warrant be issued after one year from the date of the original warrant.

If, after any warrant has been issued by the Comptroller payable to a claimant for benefits under the provisions of this Act, and such warrant shall have been lost or misplaced, or if claimant for any reason fails or refuses to present said warrant for payment within twelve (12) months after the date of issuance of such warrant, such warrant shall be cancelled, and thereafter no payment shall be made by the Treasurer on such warrant, and no duplicate warrant in place thereof shall ever be issued.

(e) Management of Funds Upon Discontinuance of Unemployment Trust Fund: The provisions of Subsections (a), (b), (c), and (d) to the extent that they relate to the Unemployment Trust Fund, shall be operative only so long as such Unemployment Trust Fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such Unemployment Trust Fund, from which no other State is permitted to make withdrawals. If and when such Unemployment Trust Fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the Unemployment Compensation Fund of this State, shall be transferred to the Treasurer of the Unemployment Compensation Fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the Commission, in accordance with the provisions of this Act; provided, that such moneys shall be invested in the following readily marketable classes of securities: bonds or other interest-bearing obligations of the United States of America; and provided further, that such investment shall at all times be so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The Treasurer shall dispose of securities or other properties belonging to the Unemployment Compensation Fund only under the direction of the Commission.

#### Art. 5221b-9. Administration

(a) Duties and Powers of Commission: It shall be the duty of the Commission to administer this Act;<sup>1</sup> and it shall have power and authority to adopt, amend, or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this Act, which the Commission shall prescribe. The Commission shall determine its own organization and methods of procedure in accordance with the provisions of this Act, and shall have an official seal which shall be judicially noticed. As soon after the close of each State fiscal year as is practicable, the Commission shall submit to the Governor a report covering the administration and operation of this Act during the preceding State fiscal year, and the Commission shall make such recommendations for amendments to this Act as the Commission deems proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the Commission in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the Commission believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the Governor and the Legislature, and make recommendations with respect thereto.

(b) Regulations and General and Special Rules: General and special rules may be adopted, amended, or rescinded by the Commission only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten (10) days after filing with the Secretary of State and publication in one or more newspapers of general circulation in this State. Special rules shall become effective ten (10) days after notification to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be

adopted, amended, or rescinded by the Commission and shall become effective in the manner and at the time prescribed by the Commission.

(c) Publication: The Commission shall cause to be printed for distribution to the public the text of this Act, the Commission's regulations and general rules, its annual reports to the Governor, and any other material the Commission deems relevant and suitable and shall furnish the same to any person upon application therefor.

(d) Personnel: Subject to other provisions of this Act, the Commission is authorized to appoint, fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties. The Commission shall not employ or pay any person who is an officer or committee member of any political party organization. The Commission may delegate to any such person so appointed such power and authority as it deems reasonable and proper for the effective administration of this Act, and may, in its discretion, bond any person handling moneys or signing checks hereunder.

(e) Records and Reports: Each employing unit shall keep true and accurate employment records, containing such information as the Commission may prescribe and which is deemed necessary to the proper administration of this Act. Such records shall be open to inspection and subject to being copied by the Commission or its authorized representatives at any reasonable time and as often as may be necessary. The Commission may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the Commission deems necessary for the effective administration of this Act. Information thus obtained or otherwise secured shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) except as the Commission may deem necessary for the proper administration of this Act. Any employee or member of the Commission who violates any provision of this subsection shall be fined not less than Twenty Dollars (\$20), nor more than Two Hundred Dollars (\$200), or imprisoned for not longer than ninety (90) days, or both.

(f) Oaths and Witnesses: In the discharge of the duties imposed by this Act, the chairman of an appeal tribunal and any duly authorized representative or member of the Commission shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this Act. Notwithstanding the provisions of Article 3912e, Vernon's Texas Civil Statutes, or any other provision of the laws of this state, the fees of sheriffs and constables

for serving such subpoenas shall be paid by the Commission out of administrative funds, and the Comptroller of Public Accounts shall issue warrants for such fees as directed by the Commission.

(g) Subpoenas: In case of contumacy by, or refusal to obey a subpoena issued by a member of the Commission or any duly authorized representative thereof to any person, any County or District Court of this State within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the Commission or its duly authorized representative, shall have jurisdiction to issue to such person an order requiring such person to appear before a commissioner, the Commission, or its duly authorized representative, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in his power so to do, in obedience to a subpoena of the Commission, shall be punished by a fine of not less than Two Hundred Dollars (\$200), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense.

(h) Protection Against Self Incrimination: No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the Commission or in obedience to the subpoena of the Commission or any member thereof or any duly authorized representative of the Commission, in any cause or proceeding before the Commission, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after having claimed his privilege against self incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. No statement whether oral or in writing made to the Commission or its employees in connection with the discharge of their duties under this Act shall ever be made the basis for an action for defamation of character.

(i) State-Federal Cooperation: In the administration of this Act, the Commission shall cooperate to the fullest extent consistent with the provisions of this Act, with the Social Security

Board, created by the Social Security Act, approved August 14, 1935, as amended;<sup>2</sup> shall make such reports, in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the regulations prescribed by the Social Security Board governing the expenditures of such sums as may be allotted and paid to this State under Title III of the Social Security Act<sup>3</sup> for the purpose of assisting in the administration of this Act.

Upon request therefor, the Commission shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient's rights to further benefits under this Act.

#### Art. 5221b-10. Employment Service

(a) Texas State Employment Service, as provided for under Act of the Forty-fourth Legislature, Regular Session, Chapter 236, page 552,<sup>1</sup> is hereby transferred to the Commission as a division thereof. The Commission, through such division, shall establish and maintain free public employment offices in

such number and in such places as may be necessary for the proper administration of this Act,<sup>2</sup> and for purposes of performing such duties, as are within the purview of the Act of Congress entitled "An Act to provide for the establishment of a national employment system and for cooperation with the States in the promotion of such system and for other purposes," approved June 6, 1933, (48 Stat. 113; U.S.C., Title 29, Section 49(c)) as amended.<sup>3</sup> It shall be the duty of the Commission to cooperate with any official or agency of the United States having powers or duties under the provisions of the said Act of Congress, as amended, and to do and perform all things necessary to secure to this State the benefits of the said Act of Congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of the said Act of Congress, as amended, are hereby accepted by this State in conformity with Section 4 of said Act,<sup>4</sup> and this State will observe and comply with the requirements thereof. The Director, other officers and employees of the Texas State Employment Service shall be appointed by the Commission in accordance with regulations prescribed by the Director of the United States Employment Service.

(b) Financing: All monies received by this State under the said Act of Congress, as amended, shall be paid into the special "Employment Service Account" in the Unemployment Compensation Administration Fund, and said monies are hereby made available to the Texas Unemployment Compensation Commission to be expended as provided by this Section and by said Act of Congress, and any unexpended balance of funds appropriated or allocated either by the State of Texas or the Federal Government to the Texas State Employment Service as a division of the Bureau of Labor Statistics, is hereby, upon the passage of this Act, transferred to the special "Employment Service Account" in the Unemployment Compensation Administration Fund. #### Art. 5221b-11. Unemployment Compensation Administration Fund

(a) Special Fund: There is hereby created in the State Treasury a special fund to be known as the Unemployment Compensation Administration Fund. All moneys which are deposited or paid into this fund are hereby appropriated and made available to the Commission and shall be continuously available to the Commission for expenditure in accordance with the provisions of this Act,<sup>1</sup> and shall not lapse at any time or be transferred to any other fund. All moneys in this fund which are received from the Federal Government or any agency thereof shall be expended solely for the purposes and in the amounts found necessary by the Social Security Board or its successor for the proper and efficient administration of this Act. The fund shall consist of all moneys appropriated by this State; all moneys received from the United States of America, or any agency thereof; all moneys received from any other source for such purpose; all moneys collected by the Commission as costs or fees charged by the Commission for furnishing photostatic or certified copies of records of the Commission, or fees charged by the Commission for making audits pursuant to the authority granted in this Act, and shall also include any moneys received from any agency of the United States of America or any other State as compensation for services or facilities supplied to such agency, any amounts received pursuant to any surety bond or insurance policy or from other sources for losses sustained by the Unemployment Compensation Administration Fund, or by reason of damage to equipment or supplies purchased from moneys in such fund, and any proceeds realized from the sale or disposition of such equipment or supplies which may no longer be necessary for the proper administration of this Act. All moneys in this fund shall be deposited, administered, and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Unemployment Compensation Administration Fund provided under this Act. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any Surety Bond for losses sustained by the Unemployment Compensation Administration Fund shall be deposited in said fund.

(b) The Commission is authorized to furnish to any person entitled thereto upon application

therefor photostatic or certified copies of any records in its possession, the publication of which is not prohibited by this Act, and the Commission shall charge therefor a reasonable fee to be set by the Commission.

(c) Reimbursement of Fund: If any moneys received after June 30, 1941, from the Social Security Board or successor under Title III of the Social Security Act,<sup>2</sup> or any unencumbered balances in the Unemployment Compensation Administration Fund as of that date, or any other Federal Moneys granted to the Employment Commission for the administration of this Act, are found by the Social Security Board or successor because of any action or contingency, to have been lost or been expended for purposes other than, or in amounts in excess of, those found necessary by the Social Security Board or successor for the proper administration of this Act, it is the policy of this State that such moneys shall be replaced by moneys appropriated for such purpose from the general funds of this State to the Unemployment Compensation Administration Fund for expenditure as provided in subsection (a) of this Section. Upon receipt of notice of such a finding by the Social Security Board or successor the Commission shall promptly report the amount required for such reimbursement to the Governor and the Governor shall, at the earliest opportunity, submit to the Legislature a request for the appropriation of such amount.

<sup>1</sup> Article 5521b-1 et seq.  
<sup>2</sup> 42 U.S.C.A. §§ 501 to 503.

#### Art. 5221b-12. Collection of Contributions

(a) Interest and Penalties on Past Due Contributions: If any employer subject to the provisions of this Act shall fail to pay contributions due under this Act on the date on which they are due and payable as prescribed by the Commission, such employer shall forfeit to the State of Texas a penalty of one per cent (1%) of such contributions, and after the expiration of one (1) month such employer shall forfeit an additional penalty of one per cent (1%) of such contributions for each month or fraction thereof, until such contributions and penalties shall have been paid in full; provided, however, that the penalties applicable to the contributions due for any period (as prescribed by the rules of the Commission) shall not exceed twenty-five per cent (25%) of the amount of contributions due at due date; provided, however, that for the exclusive purpose of this subsection, after July 1, 1965, the forfeit of penalty provided herein shall not apply to any employer who failed to pay contributions due under this Act because of the bona fide belief that all or some of their employees are covered under the unemployment insurance law of any other state if such employer paid, pursuant to the unemployment insurance law of such other state, the contributions thereunder when due on all such wages of such employees.

In addition to the penalties provided above, whenever the maximum penalty of twenty-five per cent (25%) shall accrue or shall have accrued as provided above in cases in which the liability of the employer is reduced to judgment, thereafter in addition to the penalties provided above, contributions included in such judgment shall bear interest at the rate of one-half of one per cent ( $\frac{1}{2}$  of 1%) per month or part of a month.

(b) Collections: If, after notice, any employer defaults in any payment of contributions, penalties or interest thereon, the amount due shall be collected by civil action in a District Court in Travis County, Texas, in the name of the State and the Attorney General, and the employer adjudged in default shall pay the costs of such action; provided, however, that no court action shall be begun to collect contributions or penalties from an employer after the expiration of three (3) years from the due date of such contributions, except that, in any case of a willful attempt in any manner to evade any of the provisions of the Unemployment Compensation Law or Commission rules or regulations promulgated thereunder, such action may be begun at any time.

An employer liable for contributions, penalties, or interest under this Act who fails to pay such sums when due shall, after judgment has been entered therefor and execution returned unsatisfied, forfeit his right to employ individuals in this State until he enters into a bond with sureties to be approved by the Commission, in an amount not to exceed double the sum then due plus contributions estimated by the Commission to become due by said employer during the next calendar year, said bond to be conditioned upon payment of all contributions, penalties, interest, and court costs due and owing by the employer within thirty (30) days after the expiration of the next ensuing calendar year, and in the event the employer fails to furnish such bond or pay the taxes, interest, and penalty then found to be due, the Commission may proceed by injunction to prevent the continuance of such employment upon such failure by the employer by applying to the court which previously entered judgment against the employer for contributions, penalties, or interest, and a temporary injunction enjoining the employer from employing persons in this State without first posting bond as aforesaid may be granted after reasonable notice of not less than ten (10) days by said court; and such temporary injunction may upon final hearing be made permanent and shall remain in full force and effect until the requirements of this Section have been fully satisfied.

(c) (1) If any employer shall fail to file any reports of wages paid or contributions due as required by this Act or by the rules or regulations of the Commission, such employer shall forfeit to the State for the Unemployment

Compensation Special Administration Fund as penalties:

(i) for the first fifteen days or part thereof of violation, the sum of Five Dollars (\$5); and

(ii) for the remainder of the month or part thereof of violation, the sum of Five Dollars (\$5) plus  $\frac{1}{10}$ th of 1% of wages paid which the employer failed to report when due to the Commission; and

(iii) for the second successive month or part thereof of violation, an additional Ten Dollars (\$10) plus  $\frac{1}{10}$ th of 1% of wages paid which the employer failed to report when due to the Commission; and

(iiii) for the third successive month, or part thereof of violation, an additional Ten Dollars (\$10) plus  $\frac{1}{5}$ th of 1% of wages which the employer failed to report when due to the Commission.

The penalties hereinbefore provided in (i), (ii), (iii), and (iiii) are cumulative and in addition to any other penalties provided in this Act, and if such penalties are not paid to the Commission at the time they are forfeited, they shall be collected by civil action as provided in this Section.

(2) If any employing unit shall

(i) fail to keep any of the records required to be kept by the provisions of this Act or by the rules or regulations of the Commission,

(ii) make a false report to the Commission, or

(iii) fail or refuse to abide by the provisions of this Act, or the rules or regulations of the Commission promulgated hereunder, or violate the same, and if no civil penalty is otherwise provided by this Act, such employing unit shall forfeit to the State for the Unemployment Compensation Special Administration Fund as a penalty the sum of Ten Dollars (\$10).

In cases where the violation is of continuous and continuing nature, whether or not any other civil penalty is otherwise provided by this Act, each day's violation after written notice of the existence of the violation is given to the employing unit shall constitute a separate offense and incur another penalty of Ten Dollars (\$10). The penalty for each day's violation shall be forfeited and become cumulative on the tenth (10th) calendar day after date of written notice is given or mailed to the employing unit by the Commission or its authorized representative. If such penalties are not paid when demanded by the Commission or its duly authorized representative, they shall be collected by civil action as provided in this Section.

(3) If any employer shall fail to make any reports to the Commission, required by this Act or by rules or regulations of the Commission, the Commission may estimate, from any sources of information available to it, the amount of taxable wages paid by such employ-

er during the period in question, and the Commission may proceed to collect taxes and penalties on the basis of such estimates the same as if the estimated wages had been properly reported by the employer.

(4) The collection remedies provided in this Section shall be cumulative and no action shall be construed as an election on the part of the Commission to pursue any given remedy or action hereunder to the exclusion of any other remedy or action for which provision is made in this Act or in the General Laws of the State of Texas.

(d) If any employer fails or refuses to pay any contributions, penalties or interest within the time and manner provided by this Act, or by the rules or regulations adopted by the Commission hereunder, and it becomes necessary to bring suit or to intervene in any manner for the establishment or collection of said claim in any judicial proceeding, any report filed in the offices of the Texas Employment Commission by such employer or his agents or representatives, or a certified copy thereof certified to by the Chairman or any member of said Commission or any employee designated for the purpose by said Commission, showing the amount of wages paid by such employer or his agents or representatives, with respect to which contributions, penalties or interest have not been paid, or any audit made by the Texas Employment Commission or its representatives from the books of such employer when signed and sworn to by such representative as being made from the records of said employer, such report or audit shall be admissible in evidence in such proceedings and shall be prima facie evidence of the contents thereof; provided, however, that the incorrectness of said report or audit may be shown.

(e) When an action is filed under the terms of subsection (b) of this Section 14 and is supported by a statement, report or audit, and the affidavit of a member of the Commission, a representative of the Commission, or the attorney representing the Commission, taken before some officer authorized to administer oaths, to the effect that the contributions, penalties or interest shown to be due by said statement, report, or audit are, within the knowledge of affiant, past due and unpaid and that all just and lawful offsets, payments, and credits have been allowed, the same shall be taken as prima facie evidence thereof, unless the defendant in said action shall, before an announcement of ready for trial, file a written denial, under oath, stating that such contributions, penalties or interest are not due, in whole or in part, stating the particulars as to any part of said contributions, penalties or interest claimed to be not due; provided that when such counter-affidavit shall be filed on the day of the trial, the plaintiff shall have the right to postpone such cause for a reasonable time. When the defendant fails to file such affidavit, he shall not be permitted to deny the claim for contri-

butions, penalties or interest, or any item thereof.

(f) All sums due by any employing unit under this Act shall become a lien upon all the property both real and personal belonging to such employing unit or to any individual so indebted. Such lien shall attach at the time any contributions, penalties, interest, or other charges become delinquent and may be recorded in the "State Tax Liens" book kept by county clerks as provided in Article 1.07A of Title 122A, Revised Civil Statutes of Texas, 1925, as amended,<sup>1</sup> and such liens may be released in the manner there provided for other state tax liens. The Commission shall pay by warrant drawn by the State Comptroller to the county clerk of the county in which a notice of lien provided by this subsection has been filed the usual fee for filing and recording other similar instruments. Such fee shall be added to the amount due from the employer. When the liability secured by the lien is fully paid, the Commission shall mail to the employer a release of the said lien and it shall be the employer's responsibility to file such release with the appropriate county clerk and to pay the county clerk's fee for recording the release.

(g) If any employer shall fail to remit proper contributions when due, or if any employer shall fail to make such reports to the Commission as are required by this Act, or, as are required by the regulations adopted by the Commission pursuant to authority granted in this Act, the Commission may employ auditors or other persons to ascertain the correct amount of contributions due and to prepare the correct reports due, and if such contributions have not been properly remitted, or, if such reports have not been properly made, the employer shall pay the reasonable expenses incurred in such investigation which shall be paid as additional penalty, and such additional penalty may be collected by the Commission in the manner prescribed in this Section; provided that nothing herein shall prevent the Commission from using other funds available to it for the purpose of making audits and preparing or assisting in preparing reports of employers when the Commission determines that such action is necessary.

(h) Whenever any suit shall be instituted on behalf of the Commission, or at the request of the Commission under this Section or under Section 17 of this Act,<sup>2</sup> the costs adjudged against the State or the Commission shall be paid by the Commission out of the administrative fund herein provided for. All such costs as are chargeable against the Commission shall be paid by the Commission to the officers of the Courts of Texas at the time that the same become due under the provisions of the General Laws of this State.

(i) Priorities under legal dissolutions or distributions: In the event of any distribution of an employer's assets pursuant to an order of any Court under the laws of this State, includ-

ing any receivership, assignment for benefit of creditors, adjudicated insolvency, composition or similar proceedings, contributions then or thereafter due shall be entitled to the same priority as is now accorded by the General Laws of the State of Texas to other tax claims.

(j) (1) Where any employing unit has made a payment to the Commission of contributions and/or penalties alleged to be due, and it is later determined that such contributions and/or penalties were not due, in whole or in part, the employing unit making such payment may make application to the Commission for an adjustment thereof in connection with contribution payments then due, or for a refund thereof because such adjustment cannot be made. If the Commission shall determine that such contributions or penalties, or any portion thereof were erroneously collected, the Commission shall allow such employing unit to make an adjustment thereof without interest in connection with contribution payments then due by such employing unit. If such adjustment cannot be made, the Commission shall refund said amount without interest from the fund. It is provided, however, that no application for adjustment or refund shall ever be considered by the Commission unless the same shall have been filed within three (3) years from the date on which such contributions and/or penalties would have become due, had such contributions and/or penalties been legally collectible by the Commission from such employing unit, and provided further that with respect to applications for refund or adjustment filed on or after January 1, 1956, if the approval of such application and the making of a refund or adjustment in connection therewith would require the deletion, removal, or disregarding of any benefit wages which became benefit wages, or which were charged as benefit wages, more than three (3) years before the filing of such application for refund or adjustment of contributions and/or penalties, no such application for adjustment or refund shall ever be considered by the Commission. The deletion, removal, or disregarding of benefit wages referred to herein shall not include the transfer of compensation experience as described in subsection 7(c)(7) of this Act.<sup>3</sup> For like cause, and within the same period, adjustments or refunds without interest may be so made on the Commission's own initiative.

(2) When an employing unit has made a payment to the Commission of contributions and/or penalties alleged to be due and has, within three (3) years from the date on which such contributions and/or penalties would have become due had such contributions and/or penalties been legally collectible by the Commission from such employing unit, made application to the Commission for a refund or adjustment thereof, and such application for refund or adjustment has been denied by the Commission, such employing unit may, within one (1) year from the date on which notice of such denial was mailed to it, commence an action in

any court of competent jurisdiction in Travis County, Texas, against the Commission for a refund of the contributions and/or penalties which the Commission refused to refund; provided, however, that such action may not be based upon an application for a refund or adjustment of contributions and/or penalties, or upon the denial of such an application, which application involved the consideration of wages which became benefit wages, or which were charged as benefit wages, more than three (3) years before the filing of such application for refund or adjustment of contributions. The action herein provided shall be exclusive and no action shall be brought under any other provision of law for such refund. Such action shall be de novo; and such recovery, if any, shall be without interest.

(k) Whenever it shall appear that any individual or employing unit is violating or threatening to violate any of the provisions of this Act, or of any rule, regulation or order of the Commission promulgated under this Act, relative to the collection of contributions, penalties, or interest, or the filing of reports relative to employment, the Commission, through the Attorney General, shall bring suit, in the name of the State of Texas against such employing unit or individual in any Court of competent jurisdiction in the county of the residence of the defendant, or if there be more than one (1) defendant, in the county of the residence of any of them, or in the county in which such violation is alleged to have occurred, to restrain such person or employing unit from violating such statute, or such rules, regulation or order of the Commission or any part thereof, and in such suit the Commission in the name of the State of Texas may obtain such injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant.

The violation by any person or employing unit of any injunction granted under the provisions of this Act shall be sufficient grounds for the appointment by the Court, either upon its own motion or that of the Commission in the name of the State of Texas, of a receiver to take charge of such properties of such person or employing unit and to exercise such powers as in judgment of the Court shall be necessary in order to bring about compliance with such injunction; provided, however, that no such receiver shall be appointed except after notice and hearing. The power to appoint a receiver as herein provided shall be in addition to and cumulative of the power to punish for contempt.

(l) Taxes, penalties, interest and court costs owed by an employer under a final court judgment under this Act shall be deemed to be a debt owed to the State of Texas by the employer for the purposes of Article 4350, Vernon's Texas Civil Statutes, provided, however, that this subsection shall apply only to warrants which would otherwise be issued by the State

Comptroller in refund of taxes, fees, assessments and other deposits required under the laws of Texas and to warrants otherwise owed to the employer as compensation for goods and services (other than warrants owed in payment for services performed as an elective or appointive employee of this state and warrants owed in reimbursement of expenses incurred in the performance of such state employment).

(m) Any qualified attorney who is a regular salaried employee of the Commission may represent any employment security agency of any other state in proceedings in court in this state to collect contributions, penalties, interest, and court costs for which liability has been incurred by an employing unit under an unemployment compensation law or unemployment insurance law of any other state, provided that such liability has been reduced to judgment in a court of record in the state of the requesting agency, and provided further, that the unemployment compensation law or unemployment insurance law of the requesting state provides for like action on behalf of the Commission by the requesting state agency. Venue of such proceedings shall be the same as for actions to collect delinquent contributions, penalties and interest due under this Act.

(n) In cases where it has become necessary for the Commission to reduce to judgment its claim against an employer for taxes, penalty or interest, the Commission shall pay by warrant drawn by the State Comptroller to the county clerk of the county or counties in which an abstract of such judgment shall be recorded the usual fee for filing and recording such abstract of judgment. When the liability secured by the lien is fully paid, the Commission shall mail to the employer a release of said lien and it shall be the employer's responsibility to file such release with the appropriate county clerk and to pay the county clerk's fees for recording such release.

(o) Any individual or employing unit which acquired the organization, trade, or business, or substantially all of the assets thereof, of another which at the time of such acquisition was an employer subject to this Act and was indebted to the Commission for taxes, penalty, or interest shall be liable to the Commission for prompt payment of such taxes, penalty, or interest and if not paid, suit may be brought by the Commission for the collection of same as though the taxes, penalty, or interest had been incurred by the successor employer.

**Art. 5221b-22a. Unemployment Compensation Special Administration Fund**

There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Compensation Special Administration Fund which may be used by the Commission for the purposes of paying costs of the administration of this Act including the costs of construction and purchase of buildings and land necessary in such administration. The State Treasurer shall be the Treasurer and custodian of the fund. He shall administer such fund in accordance with the directions of the Commission, and the Comptroller shall issue warrants upon it in accordance with the directions of the Commission. All interest and penalties collected under the provisions of this Act and all moneys now on deposit in the Unemployment Compensation Special Administration Fund shall be paid into this fund. Said moneys shall not be expended or available for expenditure in any manner which would permit their substitution for (or a corresponding reduction in) Federal funds which would, in the absence of said moneys, be available to finance expenditures for the administration of the Texas Unemployment Compensation Act.<sup>1</sup> Nothing in this Section, however, shall prevent said moneys from being used as a revolving fund, to cover expenditures, necessary and proper under the Texas Unemployment Compensation Act, for which Federal funds have been duly requested but not yet received, subject to the charging of

such expenditures against such funds when received. The Commission may, by resolution duly entered in its Minutes, authorize to be charged against said moneys any expenditures which it deems proper in the interest of good administration of this Act, provided the Commission in such resolution finds that no other funds are available or can properly be used to finance such expenditures. All moneys which are deposited or paid into the Unemployment Compensation Special Administration Fund are hereby appropriated and made available to the Commission and shall be continuously available to the Commission for expenditure in accordance with the provisions of this Act, and shall not lapse at any time or be transferred to any other fund. All moneys in the Unemployment Compensation Special Administration Fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Unemployment Compensation Special Administration Fund provided herein. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any Surety Bond for losses sustained by the Unemployment Compensation Special Administration Fund shall be deposited in said Unemployment Compensation Special Administration Fund. If it be determined by the Commission in accordance with the provisions of subsection 14(j) of this Act<sup>1</sup> that the Commission should refund penalties which have been erroneously collected and which have been deposited in the Unemployment Compensation Special Administration Fund, the refund of such penalties shall be made, without interest, out of the Unemployment Compensation Special Administration Fund, notwithstanding the provisions of subsection 14(j) of this Act that payment of all refunds shall be made out of the Unemployment Compensation Fund. Such refunds paid out of the Unemployment Compensation Special Administration Fund shall be paid upon warrants issued by the Comptroller under the direction of the Commission.

Sec. 2. No boiler or low pressure heating boiler, unless otherwise specifically exempted in this Act, shall be operated within the State of Texas unless such boiler has been registered with the Bureau of Labor Statistics and there shall have been issued a Certificate of Operation for such boiler, as hereinafter provided for, and such Certificate of Operation shall remain in full force and effect until expiration unless cancelled for cause by the Commissioner; such Certificate of Operation shall be

#### Inspections; Ordering Repairs to Unsafe Boiler; Hearing; Temporary Certificate

Sec. 4. The Commissioner shall cause to be inspected internally and externally not less frequently than once each twelve (12) months

each stationary steam boiler subject to the provisions of this Act. Each portable steam boiler subject to the provisions of this Act shall be inspected externally each time it is moved to a new location, provided that an internal inspection shall be made of each such boiler at least once each twelve (12) months. If such boilers referred to herein are found, upon inspection, to be in a safe condition for operation, a Certificate of Operation shall be issued by the Commissioner for its operation for a period not longer than one year from the date of such inspection. If any inspection authorized hereunder shall show the inspected boiler to be in an unsafe or dangerous condition, the boiler inspector or any deputy may issue a preliminary order requiring such repairs and alterations to be made to such boiler as may be necessary to render it safe for use, and may also order the use of such boiler discontinued until such repairs and alterations are made or such dangerous and unsafe conditions are remedied. Unless such preliminary order be complied with by the owner or user, a hearing before the Commissioner shall be allowed, upon written request, at which the owner or user, making the request, shall have opportunity to appear and show cause why he should not comply with said preliminary order. If it shall thereafter appear to the Commissioner that such boiler is unsafe and that the requirements contained in said preliminary order should be complied with, or that other things should be done to make said boiler safe, the Commissioner may order or confirm the withholding of the Certificate of Operation for said boiler and may make such requirements as he deems proper for the repair or alteration of said boiler or the correction of such dangerous and unsafe conditions. The inspector in his discretion may issue a temporary Certificate of Operation for not to exceed thirty (30) days, pending the making of replacements or repairs. Nothing in this Section shall be construed to limit the authority of the Commissioner as set forth in Section 6 of this Act. "Certificate of Operation" used in this Section shall mean the "Certificate of Operation" referred to in Section 2 of this Act.

#### Interval Between Internal Inspections

Sec. 4a. Upon the approval of the Commissioner and the inspection agency having jurisdiction, the interval between internal inspections may be extended for a period not to exceed twenty-four (24) months on stationary boilers and thirty-six (36) months on unfired boilers provided:

(1) continuous water treatment under competent and experienced supervision has been in effect since the last internal inspection for the purpose of controlling and limiting corrosion and deposits;

(2) accurate and complete records are available showing that since the last internal inspection samples of boiler water have been taken at regular intervals not

greater than twenty-four (24) hours of operation and that the water condition in the boiler is satisfactorily controlled;

(3) accurate and complete records are available showing the dates such boiler has been out of service and the reasons therefor since the last internal inspection, and such records shall include the nature of all repairs to the boiler, the reasons why such repairs were necessary and by whom the repairs were made; and

(4) the last internal and current external inspection of the boiler indicates the inspection period may be safely extended.

When such an extended period between internal inspections has been approved by the Commissioner and the inspection agency having jurisdiction, as outlined in this Section, a new Certificate of Operation shall be issued for that extended period of operation.

#### Insurance Companies to File Inspection Reports; Boilers Inspected by Insurance Companies Exempt from other Inspections; Certificate of Operation

Sec. 5. Such report shall also state when the policy of insurance was issued by the insurance company on said boiler and the date of expiration of such policy of insurance.

The owner or user of every boiler inspected by an inspector for an insurance company authorized to do business in this State on which such insurance company has issued a policy of insurance after inspection thereof, shall be exempt from other inspections and inspection fees under the provisions of this Act; provided nothing in this Section shall prevent the Commissioner from authorizing the inspection of any insured boiler at any reasonable time when, in the opinion of the Commissioner, such insured boiler may be in an unsafe condition, provided the Commissioner shall contact the insurance company carrying insurance on said boiler and that the inspector for the insurance company carrying such insurance and the inspector or deputy inspector shall jointly and together inspect the boiler, within twenty (20) days, for which inspection no additional charge shall be made as set forth in Section 12 of this Act. The Commissioner is authorized and has authority to issue a Certificate of Operation to the owner or user of all boilers subject to inspection under this Act, and the owner or user of an insured boiler shall pay the sum of Three Dollars (\$3) for each Certificate of Operation issued, and the owner or user of a State inspected boiler shall pay a like sum of Three Dollars (\$3) for each Certificate of Operation issued, which said fee shall be and is

absorbed by the internal and external inspection fee authorized in Section 12 of this Act. Every insurance company shall notify the Commissioner in writing of the cancellation or expiration of every policy of insurance issued by it with reference to boilers in this State, within twenty (20) days after the expiration or cancellation of said policy, giving the cause or reason for such cancellation or expiration. Such notice of cancellation or expiration shall show the date of the policy and the date when the cancellation or expiration has or will become effective.

The Commissioner is hereby authorized and empowered, in case of extreme emergency, to promulgate and enforce temporary rules, regulations and orders as he may deem necessary, without publishing the same as hereinabove di-

rected; provided, however, that when such temporary rules, regulations or orders are adopted the same shall not be effective for a period of more than twenty (20) days and no criminal prosecution, as hereinafter provided, shall be had until the provisions of Section 16 of this Act have been complied with.

(b) Person: An individual or group of individuals, association, partnership, or corporation.

(c) Migrant agricultural worker: An individual who is employed in agriculture or performing agricultural labor on a seasonal or temporary basis and residing away from his usual home or residence.

**Necessity of License and Posting; Time Limit for Existing Camps**

Sec. 2. No person shall establish, maintain, or operate any migrant labor camp in this state without first obtaining a license therefor from the State Commissioner of Health. Such license shall be posted and kept posted in the migrant labor camp to which it applies at all times during maintenance or operation. Operators of migrant labor camps now in existence shall have 150 days from the date of promulgation of rules and regulations issued under this Act in which to obtain a license; provided, however, the regulations adopted by the State Board of Health under this Act shall not become effective until July, 1971.

Sec. 3. Application for a license to establish, operate, or maintain a migrant labor camp shall be made to the State Commissioner of Health on a form and under regulations prescribed by him. The application shall state the location and ownership of the existing or proposed migrant labor camp, the approximate number of persons to be accommodated, the probable periods of use, and any other information the State Board of Health may require. The application shall be accompanied by a li-

<u>Family Type Housing (Both Sexes)</u>	
2 to 10 dwelling units	\$20
11 to 30 dwelling units	\$35

**License; Issuance; Nontransferability; Expiration; Renewal**

Sec. 4. After an inspection has been made, if the camp meets the reasonable, minimum standards of construction, sanitation, equipment, and operation required by regulations issued under and in accordance with this Act, the State Commissioner of Health shall issue, in the name of the State Department of Health, the necessary license to operate a migrant labor camp. The license, unless sooner revoked, shall expire one year after the date of issuance unless renewed, and it shall not be transferable. All applications for renewal shall be filed with the State Commissioner of Health not less than 30 days prior to its expiration, on forms furnished by the State Department of Health and accompanied by renewal fee in accordance with the schedule in Section 3 of this Act.

**Failure to Pass Inspection; Revalidation of Temporary Permit for Period; Re-inspection**

Sec. 5. After an inspection has been made, if the camp does not meet the reasonable, minimum standards of construction, sanitation, equipment, and operation required by regulations issued under and in accordance with this Act, the State Commissioner of Health will revalidate the temporary permit for a period not to exceed 6 months, at the discretion of the duly authorized representative who made the inspection, to permit the person sufficient time to prepare the camp to pass inspection. When the person is confident the camp is ready he may request an inspection or wait for the inspection visit that will automatically take place at the termination of the revalidation period.

**Suspension or Revocation of License; Complaint; Hearing; Procedure; Re-application for License**

Sec. 6. The State Commissioner of Health is hereby authorized to suspend or revoke a license issued in accordance with the provisions of this Act, for violation of any of the provisions of this Act or the rules and regulations issued pursuant thereto. The duly authorized representative of the State Commissioner of Health shall have the power to issue a complaint to the State Commissioner of Health for

violation of any of the provisions of this Act or any regulations lawfully promulgated by said State Board of Health. Provided further, that the said person, as defined in this Act, is entitled to a fair hearing in the county in which the migrant labor camp is located and to be represented by legal counsel if desired, and shall be considered by the State Commissioner time following the complaint, stating the grounds of complaint, date, time, and place set for hearing. If the State Commissioner of Health finds that the complaint is true, such license may then be suspended or revoked as herein provided. Following revocation, a new application, accompanied by the respective fee, shall be considered by the State Commissioner of Health, if, when, and after the conditions upon which revocation was based have been corrected and evidence of this fact has been furnished. A new license shall then be granted after proper inspection has been made and it is found that the provisions of this Act have been complied with and the rules and regulations promulgated thereunder have been satisfied.

#### Rules and Regulations

Sec. 7. The State Board of Health shall make and promulgate such reasonable rules and regulations as may be determined to be necessary to protect the health and safety of persons living in migrant labor camps, prescribing standards for living quarters at such camps, including provisions relating to construction of camps, sanitary conditions, water supply, toilets, sewage disposal, refuse and garbage storage, collection, and disposal, light, air, safety, protection from fire hazards, equipment, maintenance and operation of the camp, and such other matters as they may determine to be appropriate or necessary for the protection of the health and safety of occupants. Act or whether rules, regulations, and standards of the State Board of Health pertaining hereto are being violated.

(b) any employee or occupant who does not use the sanitary facilities furnished for his convenience, or who commits an act of vandalism or misuse of the facilities, or who violates applicable regulations lawfully promulgated within the meaning of this Act shall be guilty of a misdemeanor, and upon conviction hereof be subject to a fine of not more than \$25; but if the violation is committed after a conviction of such employee or occupant under the provisions of this Act has become final, such person, employee, or occupant shall be subject to imprisonment for not more than 30 days, or a fine of not more than \$100, or both imprisonment and fine.

#### Regulations

Sec. 5. (a) It is unlawful for any manufacturer to manufacture mobile homes in this State more than twelve months after the formal adoption and promulgation of standards and requirements for the body and frame design and construction of mobile homes unless such manufacturer has been issued a certificate of acceptability for such mobile homes from the department. This provision shall not, however, apply to mobile homes manufactured in this state and designated for delivery to and sale in a state that has a code that is inconsistent with this Act.

(b) The department shall require that the manufacturer establish and submit to the department for approval, systems for quality control and transportation, prior to the issue of certificates of acceptability.

(1) The department shall issue a certificate of acceptability to any manufacturer within or without this state upon receipt of an application from such manufacturer to which is attached an affidavit certifying that any mobile home manufactured by the applicant will be built in compliance with the code.

(2) Each application by a manufacturer for a certificate of acceptability shall be accompanied by quality control plans which will provide adequate evidence that the mobile homes for which a certificate of acceptability is requested will in fact be manufactured in compliance with the code.

(3) Prior to the issuance of a certificate of acceptability to a manufacturer, the department shall require the submission of a description of a transportation system which will provide adequate evidence that movement of the mobile homes will not result in deviations from requirements set out in the Code.

(c) No mobile home for which a certificate of acceptability had been issued shall be modified in any way prior to installation without prior written approval of the department.

(d) The board may determine that the standards for mobile homes established by a state or a recognized body or agency or the federal government are at least equal to the Code. If the department finds that such standards are actually enforced then it shall issue a certificate of acceptability for such mobile homes.

(e) The department shall make and enforce rules and regulations reasonably required to effectuate the provisions of this Act and may amend or revoke any rule it makes.

(f) At least 30 days before the adoption or promulgation of any change in or addition to the rules and regulations authorized in Subsection (e) of this section the department shall mail to all manufacturers possessing valid certificates of acceptability a notice including:

(1) a copy of the proposed changes and additions; and

(2) the time and place that the department will consider any objections to the proposed changes and additions.

(g) After giving the notice required by Subsection (f) of this section, the department shall afford interested persons an opportunity to participate in the rule making through submission of written data, views or arguments with or without opportunity to present the same orally in any matter.

(h) Every rule or regulation or modification, amendment or repeal of a rule or regulation adopted by the department shall state the date it shall take effect.

(i) Immediately after their promulgation, the department shall publish all rules and regulations or amendments thereto.

#### Dealers

Sec. 6. It is unlawful for any dealer within or without this State to sell or offer for sale to dealers or to the public of this State any mobile home manufactured more than twelve months after the adoption or promulgation of the Code unless said mobile home complies with the Code, bears a seal of approval issued by the department, and is the manufactured product of a manufacturer possessing a current certificate of acceptability issued by the department.

#### Seal of Approval

Sec. 7. (a) No manufacturer who has received a certificate of acceptability from the department may sell or offer for sale in this State mobile homes unless such mobile homes bear a seal of approval issued by and purchased from the department.

(b) Any dealer who has acquired a used mobile home without a seal may apply to the department for a seal along with an affidavit that the unit has been brought up to or meets the Code.

#### In-plant Inspection

Sec. 8. (a) The department is empowered to inspect, at the place of manufacture, all mobile homes for which it has issued certificates of acceptability. The department may, at its discretion, accept in-plant inspection reports by a recognized body or agency having follow up in-plant inspection service certifying that the mobile homes comply with the terms and conditions of the certificate of acceptability.

(b) The department may establish and require such training programs in the concept, techniques, and inspection of mobile homes for the personnel of local governments, as the department considers necessary.

Sec. 9. [Blank].

#### Employment of State Inspectors

Sec. 10. (a) The department may set qualification, employ and fix the compensation of such state inspectors as the department deems necessary to carry out the functions of this Act.

(b) To carry out the provisions of the Act, the department may authorize the state inspectors to travel within or without the state for the purpose of inspecting the manufacturing facilities for mobile homes or for any other purpose in connection with the Act.

#### Fees and Charges

Sec. 11. (a) The board with the advice of the department shall establish a schedule of fees to pay the cost incurred by the department for the work relating to the administration and enforcement of this Act.

(b) The board shall set a fee for the issuance and annual renewal of certificates of acceptability which shall not exceed \$100 per year.

(c) The board shall also set a charge for the issuance of seals of approval which shall not exceed \$3 per seal.

(d) All fees shall be paid to the state treasury and placed in a special account for the use of the department in the administration and enforcement of this Act.

#### Penalties

Sec. 12. (a) Any manufacturer who violates or fails to comply with this Act shall be notified in writing setting forth facts describing the alleged violation and instructed to correct the violation within 60 days. Should the manufacturer fail to make the necessary correction(s) within the specified time, the department may, after notice and hearing, suspend or revoke any certificate of acceptability if it finds that:

(1) the manufacturer has failed to pay the fees authorized by this Act; or that

(2) the manufacturer, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act.

(b) The hearing shall be held upon 15 days' notice in writing setting forth the time and place thereof and a concise statement of the facts alleged to sustain the suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact and a copy thereof shall be forthwith delivered to the manufacturer. Such order, findings, and the evidence considered by the department shall be filed with the public records of the department.

(c) The department may obtain injunctive relief from any court of competent jurisdiction to enjoin the sale or delivery of any mobile home in this state upon an affidavit of the department specifying the manner in which such mobile home does not conform to the requirements of this Act or to the rules and regulations issued by the department pursuant hereto.

(d) Any person who manufactures, sells, or offers for sale a mobile home in this state in violation of the provisions of this Act shall be

guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine not exceeding Two Hundred Dollars (\$200) per day or by confinement not exceeding 30 days, or both.

#### Appeals

Sec. 13. (a) The board shall hear appeals brought by any person or party regarding the application to such person or party of any rule, regulation or standard promulgated pursuant to this Act.

(b) The board shall promulgate such rules and regulations as necessary to the conduct of hearings on appeals provided for in this Section.

#### Mobile Home Tie-down Standards

Sec. 14. The Board shall establish, as a part of the Standards Code, minimum standards for the proper blocking, anchoring and securing of all mobile homes within this State when such structures are occupied or inhabited so that such mobile homes shall withstand winds of minimum hurricane-force velocity within the first two tiers of coastal counties within this State and which shall withstand winds of minimum gale-force velocity in all other counties in this State. The Board shall adopt rules and regulations relating to the enforcement of such standards and of rules and regulations established pursuant to this Section. Counties and municipalities may, with the approval of the Board (which shall not unreasonably be withheld), adopt more stringent standards when necessary for the public health and safety. From and after one hundred eighty (180) days following the effective date of the minimum standards established and promulgated by the Board, or any subsequent changes or modifications thereof, no person shall occupy or inhabit any mobile home purchased after the effective date of such standards and which is situated or located within three hundred (300) feet of any other mobile home, residence, building or structure which is occupied or inhabited unless such mobile home is blocked, anchored or secured in accordance with such minimum standards. For good cause shown on application to the Board, extensions of not to exceed ninety (90) days may be granted by the Board to any owner or occupant of a mobile home for the proper blocking, anchoring and securing of a mobile home. The blocking, anchoring or securing of a mobile home for the sole purpose of compliance with this Act shall not, in and of itself, be deemed to change the property characteristics or clas-

sifications which would otherwise be given in law or equity to a mobile home.

#### Local Coordination and Inspection

Sec. 15. The Board shall coordinate with all units of local government within this State and, when requested, shall authorize local units of government to make and perform inspection and enforcement activities related to the proper blocking, anchoring and securing of mobile homes pursuant to contracts or other official designations.

#### Fees

Sec. 16. The Board shall fix and establish a reasonable fee not to exceed Ten Dollars (\$10.00) for the inspection of mobile home tie-down and anchoring devices which shall be paid by the owner of the mobile home to the Board or the local governmental subdivision making or performing such inspection.

#### Penalties

Sec. 17. Any person found guilty of violating any of the provisions of this Act or of any rule or regulation of the Board shall be guilty of a misdemeanor and on conviction shall be fined not less than Twenty-Five Dollars (\$25.00) nor more than One Hundred Dollars (\$100.00) and all costs of court. If a mobile home subject to this Act is not blocked, anchored and secured as required by this Act and the standards, rules and regulations adopted by the Board, the city, county or district attorney of the city or county in which the mobile home is located may sue in the name of the State for appropriate injunctive relief to enforce compliance by the owner of the mobile home with this Act or such standards, rules or regulations. The suit shall be brought in the county where the mobile home is located. Such a suit for injunctive relief shall not relieve a defendant from any criminal liability under this section. [Acts 1969, 61st Leg., p. 1945, ch. 656, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 2765, ch. 896, § 1, eff. Sept. 1, 1971; Acts 1973, 63rd Leg., p. 1673, ch. 606, § 1, eff. June 15, 1973.]

Sections 2 to 4 of the 1971 amendatory act provided: "Sec. 2. Effective Date. This Act shall take effect on September 1, 1971.

"Sec. 3. Applicability. No mobile home manufactured or sold prior to the time limitation included in this Act shall be affected by its provisions.

"Sec. 4. Severability Clause. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Section 2 of the 1973 amendatory act provided: "If any provision of this Act, or any part thereof, shall be declared or rendered invalid and of no force or effect, such invalidity shall not affect any remaining provisions of the Act, and such remaining provisions shall be severable therefrom just as if such invalid provision, or part thereof, had never been included as a part thereof."

**Art. 5236. Rights of Tenant**

Should the landlord, without default on the part of the tenant or lessee, fail to comply in any respect with his part of the contract, he shall be responsible to said tenant or lessee for whatever damages may be sustained thereby; and to secure such damages to such tenant or lessee, he shall have a lien on all the property

of the landlord in his possession not exempt from forced sale, as well as upon all rents due to said landlord under said contract.

[Acts 1925, S.B. 84.]

**Art. 5236a. Notice for Terminating Certain Tenancies**

(a) A monthly tenancy or tenancy from month to month may be terminated by the landlord or the tenant by one month's notice given to the other party. When the rent reserved in a lease is payable at periods of less than a month, the time of the notice of termination is sufficient if it is equal to the interval between the times of payment. The notice is not void merely because it mentions a day for the termination of the tenancy not corresponding to the conclusions or commencement of the rent-paying period, but rather the notice terminates the tenancy at the end of a period equal in time to that in which the rent is made payable, unless a later date is specified.

(b) If the notice required by Subsection (a) of this section terminates the tenancy on a day which does not correspond to the conclusion or commencement of a rent-paying period, the tenant is liable only for rent up to the date of termination and not liable for rent for the balance of the rent-paying period.

(c) Subsection (a) of this section does not apply when

(1) by written agreement, signed by the landlord and tenant, a different period of notice, or no notice, is to be given; or

(2) there is any breach of contract recognized by law.

[Acts 1967, 60th Leg., p. 1174, ch. 525, § 1, eff. Aug. 28, 1967.]

**Management Company as Agent**

Sec. 2. Provided, however, if the residential dwelling unit is managed by a management company whose name and business street address has been furnished in writing to the tenant, only such management company shall be the owner's agent for such service of process under Section 1 above.

[Acts 1973, 63rd Leg., p. 1226, ch. 441, § 1, eff. Sept. 1, 1973.]

Sections 1 to 3 of the 1973 Act added articles 5236b to 5236d; §§ 4 to 6 thereof provided:

**Willful Exclusion of Tenant**

Sec. 2. It shall be unlawful for a landlord or his agent to willfully exclude a tenant from the tenant's premises in any manner except by judicial process. Willful exclusion shall mean preventing the tenant from entering into the premises with intent to deprive the tenant of such entry. Provided, however, a landlord or his agent shall not be prevented from removing the contents of the premises when the tenant has abandoned the premises or from changing door locks when the tenant's rentals are in fact delinquent in whole or in part. When such door lock is changed under such circumstances, a written notice shall be left on the tenant's front door describing where the new key may be obtained at any hour and describing the name of the individual who will provide the tenant with such key; and such key shall be provided regardless of whether the tenant pays any delinquent rentals.

**Bona Fide Repairs, Construction or Emergencies**

Sec. 3. The landlord or his agent shall not be guilty of a violation of this Article if the action complained of resulted from bona fide repairs, construction, or emergencies.

**Remedies of Tenant; Damages; Attorneys Fees**

Upon violation of this Article by the landlord or his agent, the tenant may recover possession or terminate the rental agreement; and, in either case, the tenant may recover actual damages, plus one month's rent, plus reasonable attorneys fees, less any delinquent rentals or other sums for which the tenant is liable.

**Waiver of Rights and Liabilities Void and Unenforceable**

Sec. 5. Any provision of an oral or written rental agreement between the landlord and tenant which purports to exempt the landlord or tenant from any liability or duty imposed herein or which purports to waive the rights and liabilities granted under this Article, shall be void and unenforceable.

**Rights Consistent with Article Undiminished**

Sec. 6. Nothing in this Article shall serve to affect or diminish any of the rights of the landlord or tenant under contract, statute, or common law which are consistent with the provisions hereof.

[Acts 1973, 63rd Leg., p. 1226, ch. 441, § 2, eff. Sept. 1, 1973.]

**Art. 5236d. Landlord's Lien for Rent**

**Lien on Property for Unpaid Rent**

Sec. 1. The operator of any residential house, apartment, duplex, or other single or multi-family dwelling, shall have a lien upon all property found within the tenant's dwelling and upon all property stored by the tenant within a storage room for all rentals due and unpaid by the tenant, except that property specifically exempted hereinafter.

**Exemptions**

Sec. 2. Notwithstanding any other statute to the contrary, there shall be exempt from the lien set out in Section 1 above, the following:

- (1) all wearing apparel,
- (2) all tools, apparatus and books belonging to any trade or profession,
- (3) school books,

Sec. 4. A contractual landlord's lien shall not be enforceable unless underlined or printed in conspicuous bold print in the rental agreement.

#### Unlawful Seizures of Property

Sec. 5. It shall be unlawful for any landlord or his agent to seize any property exempt under Section 2 above, under any circumstances. #### Removal of Contents When Tenant has Abandoned Premises

Sec. 6. Nothing herein shall prevent a landlord or his agent from removing the contents of the premises when the tenant has abandoned the premises.

#### Remedies of Tenant; Damages; Attorneys Fees

Sec. 7. Upon willful violation of this Article by the landlord or his agent, the tenant may recover one month's rent, plus actual damages, plus reasonable attorneys fees, less any delinquent rentals or other sums for which the tenant is liable.

Sec. 8. Nothing in this Article shall serve to affect or diminish any of the rights of the landlord or tenant under contract, statute, or common law which are consistent with the provisions hereof.

[Acts 1973, 63rd Leg., p. 1227, ch. 441, § 3, eff. Sept. 1, 1973.]

### Art. 5236e. Security Deposits; Minimum Age for Entering Into Rental Agreements

#### Definitions

Sec. 1. As used in this Act:

(1) "Security deposit" means any advance or deposit of money, regardless of denomination, the primary function of which is to secure full or partial performance of a rental agreement for a<sup>1</sup> residential premises.

"Security deposit" does not include advance rentals.

(2) "Landlord" means the owner, lessor, or sublessor of a residential dwelling unit. "Landlord" also includes any legal entity shown as a managing agent or leasing agent on a written rental agreement.

(3) "Tenant" means any person entitled under a rental agreement to occupy a dwelling unit to the exclusion of others.

(4) "Premises" means a rental unit, apartments thereto, grounds and facilities held out for the use of the tenants generally, and any other area or facility whose use is promised to the tenant.

(5) "Rental agreement" means any agreement, written or oral, which establishes or modifies the terms, conditions, rules, regulations, or any other provisions regarding the use and occupancy of a residential rental unit.

(6) "Normal wear and tear" means that deterioration which occurs, based upon the use for which the rental unit is intended, without negligence, carelessness, accident, or abuse of the premises or equipment or chattels by the tenant or members of his household, or his invitees or guests.

<sup>1</sup> So in enrolled bill.

#### Landlord's Obligation to Refund Security Deposit

Sec. 2. (a) Security deposits must be refunded by the landlord to the tenant within 30 days after the tenant surrenders the premises. A tenant shall give advance notice of surrender as may be required by the rental agreement. However, advance notice may not be a condition for refund unless the requirement of advance notice is underlined or printed in conspicuous, bold print in the rental agreement.

(b) The landlord shall keep accurate records of all security deposits. The tenant's claim to the security deposit shall be prior to any creditor of the landlord, excluding a trustee in bankruptcy.

#### Landlord's Obligation to Furnish Accounting of Security Deposit

Sec. 3. (a) In the event actual cause exists for retaining all or any portion of the security deposit, the landlord shall return to the tenant the balance of the security deposit, if any, together with a written description and itemized list of all deductions. Such deductions shall be limited to damages and charges for which the tenant is legally liable under the rental agreement or as a result of breaching the rental agreement. No security deposit may be retained to cover normal wear and tear as defined in Paragraph (6), Section 1, of this Act. The burden of proving the reasonableness of such damages or charges shall be on the landlord.

(b) A landlord is not required to furnish a description and itemized list of deductions if there are any rentals due and unpaid at the time the tenant surrenders possession of the premises and there is no controversy over the amount of rentals due and unpaid.

#### Landlord's Failure to Comply

Sec. 4. (a) A landlord who in bad faith retains a security deposit in violation of this Act is liable for \$100 plus treble the amount of that portion of the deposit which was wrongfully withheld from the tenant, and shall be liable for reasonable attorneys fees in a lawsuit to recover the security deposit.

(b) A landlord who in bad faith fails to provide a written description and itemized list of damages and charges pursuant to the requirements of this Act, forfeits all rights to withhold any portion of the security deposit or to bring suit against the tenant for damages to the premises and is liable to the tenant for reasonable attorneys fees in a lawsuit to recover the security deposit.

(c) In any court action brought by a tenant under this Act, the landlord bears the burden

of proving that his retention of the security deposit or any portion thereof was reasonable. In this court action the landlord is not liable for the penalty, treble damages, or attorneys fees referred to in Subsections (a) and (b) of this section unless the landlord is found to have acted in bad faith. Failure to return a security deposit within 30 days or failure to provide a written description and itemization of deductions within 30 days is prima facie evidence and a presumption that the landlord acted in bad faith.

#### Cessation of Owner's Interest

Sec. 5. (a) On cessation of the owner's interest in the premises (whether by sale, assignment, death, appointment of a receiver, or otherwise), the new owner is liable for the return of security deposits pursuant to the terms of this Act, from the date title to the premises is acquired by the new owner. However, this subsection is not applicable to acquisition of title at foreclosure by real estate mortgage lien holders.

(b) On cessation of the owner's interest in the premises (whether by sale, assignment, death, appointment of a receiver, or otherwise), the owner remains liable for security deposits received by the owner or his agent until such time as the new owner or his agent has delivered to the tenant a signed statement, acknowledging that the new owner has received and is responsible for the tenant's security deposit. The acknowledgment shall specify the exact dollar amount of the tenant's security deposit.

#### Tenant's Obligation Regarding Security Deposit

Sec. 6. (a) The tenant shall furnish the landlord with a written copy of the tenant's forwarding address for purposes of security deposit refunding. A tenant's right to security deposit refund and description of damages and charges is never forfeited for mere failure to furnish a forwarding address to the landlord. Notwithstanding any other provision of this Act, a landlord is not obligated to return the security deposit or furnish a written description of damages and charges until the tenant has furnished the forwarding address.

(b) The tenant shall not withhold payment of the last month's rental, or any portion thereof, on grounds that the security deposit serves as security for the unpaid rentals. If a tenant in bad faith fails to abide by the requirements of this subsection, the tenant is liable to the landlord for treble the amount of the rentals wrongfully withheld and for reasonable attorneys fees in a lawsuit to recover the rentals. Withholding a portion of the last month's rental on grounds that the security deposit serves as security for the unpaid rentals, is prima facie evidence and a presumption that the tenant acted in bad faith.

#### Waiver of Rights Void

Sec. 7. Any provision of an oral or written rental agreement between the landlord and ten-

ant which purports to exempt the landlord or tenant from any liability or duty imposed by this Act or which purports to waive the rights and liabilities granted under this Act, is void and unenforceable.

#### Other Rights Not Affected

Sec. 8. Nothing in this Act shall affect or diminish any of the rights of the landlord or tenant under contract, statute, or common law which are consistent with provisions of this Act.

#### Minimum Age

Sec. 9. Except where specifically exempted by the constitution or statutes of this state, a person 18 years of age or older has the legal capacity to enter into a binding written rental agreement or written security deposit agreement for residential property, and shall be bound by all the provisions of this Act.

#### Laws in Conflict

Sec. 10. All laws in conflict herewith are repealed to the extent of the conflict.

#### Effective Date

Sec. 11. This Act shall take effect on September 1, 1973, and shall apply to all residential rental agreements executed or entered into after that date.

#### Saving

Sec. 12. If any word, phrase, clause, paragraph, sentence, part, portion, or provision of this Act or the application thereof to any person or circumstance is held to be invalid or unconstitutional, the remainder of this Act shall nevertheless be valid, and the legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, portion, or provision or application.

[Acts 1973, 63rd Leg., p. 1182, ch. 433, eff. Sept. 1, 1973.]

#### Art. 5237. Tenants Shall Not Sub-let

A person renting said lands or tenements shall not rent or lease the same during the term of said lease to any other person without first obtaining the consent of the landlord, his agent or attorney.

[Acts 1925, S.B. 84.]

#### Art. 5238. Owners of Buildings Lien

All persons leasing or renting any residence, storehouse or other building, shall have a preference lien upon all property of the tenant or of any subtenant of such tenant in such residence, storehouse or other building, for the payment of rents due and to become due provided that in order to secure the lien for rents that are more than six (6) months due, it shall be necessary for the person leasing or renting any storehouse or other building which is used for commercial purposes, to file in the office of the county clerk of the county in which such storehouse or such other building is situated, a sworn statement of the amount of rent due,

itemized as to the months for which it is claimed to be due, together with the name and address of the tenant and/or subtenant, a description of the rented premises, the date on which the rental contract began and that on which it is to terminate, verified by the person claiming such lien, his agent or attorney, and such statement when so verified shall be recorded by the county clerk in a book to be provided for such purpose. No lien for rent more than six (6) months past due upon any storehouse or other building rented for commercial purposes shall be valid as against bona fide purchasers or unsecured or lien creditors of said tenant and/or subtenant, unless said statement shall be verified, filed and recorded as above provided.

Each county clerk shall keep an alphabetical index for the purpose of recording the rental liens above described. The lien for rents to become due shall not continue or be enforced for a longer period than the current contract years, it being intended by the term "current contract years" to embrace a period of twelve (12) months, reckoning from the beginning of the lease or rental contract, whether the same be in the first or any other year of such lease or rental contract. Such lien shall continue and be in force so long as the tenant shall occupy the rental premises, and for one (1) month thereafter; but this Article shall not be construed as in any manner repealing or affecting any Act exempting property from forced sale.

[Acts 1925, S.B. 84; Acts 1933, 43rd Leg., p. 282, ch. 112.]

#### Repeal

*Acts 1971, 62nd Leg., p. 2721, ch. 886, effective June 14, 1971, relating to the micro-filming of records by counties, and classified as article 1941(a), provided in section 2 that all laws or parts of laws in conflict with the provisions of this Act are hereby repealed, to the extent of conflict only, including but not limited to this article.*

#### Art. 5238a. Repealed by Acts 1973, 63rd Leg., p. 1228, ch. 441, § 5, eff. Sept. 1, 1973

The repealed article, authorizing a baggage lien for rent, was derived from Acts 1969, 61st Leg., p. 2008, ch. 686.

See, now, article 5236d.

#### Art. 5239. Distress Warrant

When any rent shall become due, or the tenant about to remove from such leased or rented buildings, or remove his property therefrom, it shall be lawful for the person to whom the rent is payable, his agent, attorney or assignee, to apply to a justice of the peace of the precinct where the building is situated for a distress warrant, which shall be issued on an affidavit and bond; and the same proceedings shall be had on the issuance, trial and return of such warrant and the same rights conferred on the owners of storehouses and residences as is provided in this title in cases of other landlords.

written questions upon the theory of surveying, practical surveying, theory and use of surveyor's instruments, calculation of areas, closing field notes, the law of land boundaries, the history and functions of the General Land Office, and such other matters pertaining to surveying as the Board may deem important. Upon receipt of a written application for license the Board shall prepare written questions as herein provided and shall forward the same, together with the application, to the County School Superintendent of the county where the applicant resides, with suitable words on the enclosure indicating the contents, and the name and address of the applicant.

[Acts 1925, S.B. 84; Acts 1941, 47th Leg., p. 806, ch. 501, § 1.]

Before taking the examination each applicant shall deposit with the County Superintendent the sum of Ten (\$10.00) Dollars, who shall retain Two (\$2.00) Dollars of said sum, said Two (\$2.00) Dollars shall be disposed of as are the fees paid by applicants for teachers' certificates. A licensed state land surveyor may resign as such surveyor at any time he may so desire by filing his resignation in writing with the Commissioner of the General Land Office. On receipt of such resignation the Commissioner shall cause to be made an entry on his records showing such act on the part of the licensee, and thereupon the duties of such licensee as a licensed state land surveyor shall cease, but such resignation shall not operate to relieve the principal and sureties of said surveyor's official bond of any liability that may have accrued prior to the effectiveness of such resignation.

[Acts 1925, S.B. 84; Acts 1941, 47th Leg., p. 806, ch. 501, § 1.]

Such personal bond shall also be approved by the Commissioners' Court of the County where the applicant resides. After the oath and bond have been executed as herein provided they shall be recorded in the office of the County Clerk of the county in which the applicant resides, and after being so recorded shall be filed in the General Land Office, accompanied with One (\$1.00) Dollar filing fee, and thereupon a license shall be issued to applicant and he shall be authorized to enter upon the discharge of the duties of a licensed State land surveyor. **State Board of Registration for Public Surveyors**

Sec. 4. There is hereby created a State Board of Registration for Public Surveyors, which Board shall consist of six (6) members, each of whom shall be a citizen of the United States and a resident of this State. Members of the Board and their successors shall be appointed by the Governor, with the advice and consent of the Senate, and shall be surveyors in public practice, of good moral character, and actively engaged for at least ten (10) years in the said profession, in Texas, immediately prior to said appointment, two (2) years of which may be credited for graduation from an approved engineering or surveying school. The teaching of surveying in a recognized school of engineering or surveying may be regarded as the practice of surveying. Members of the first Board shall be appointed within ninety (90) days after this Act becomes effective to serve the following terms: two (2) members for two (2) years, two (2) members for four (4) years, and two (2) members for six (6) years, from the date of their appointment or until their successors are duly appointed and qualified. Thereafter, at the expi-

Before entering upon the duties of his office, each member of the Board shall take and subscribe to the Constitutional Oath of Office and the same shall be filed with the Secretary of State. Each member of the Board first appointed hereunder shall receive a certificate of registration under this Act. Upon the death, resignation or removal of any member of the Board, the Governor shall appoint a successor for the remainder of the term of such member who shall qualify in the same manner as other members of the Board. Any member may be removed by the Governor for official misconduct, gross inefficiency or moral unfitness.

#### Power and Duties of the Board

Sec. 5. The Board shall have the authority and power to make and enforce all rules and regulations necessary to the performance of its duties, to establish standards of conduct and ethics for public surveyors in keeping with the purposes and intent of this Act or to insure compliance with and enforcement of this Act. The violation by any surveyor of any provision of this Act or any rule or regulation of the Board shall be sufficient reason or ground to suspend or revoke the certificate of registration of such surveyor. In addition to any other action, proceeding, or remedy authorized by law, the Board shall have the right to institute an action in its own name against any person to enjoin any violation of this Act or any rule or regulation of the Board and in order for the Board to sustain such action it shall not be necessary to allege or prove, either that an adequate remedy at law does exist, or that substantial or irreparable damage would result from the continued violation thereof. An injunction suit may be brought in the district court of Travis County. Either party may appeal the decision of the district court. The Board shall not be required to give an appeal bond in any cause arising under this Act. The Attorney General shall represent the Board in all actions and proceedings to enforce the provisions of this Act.

At its first meeting it shall elect one (1) of its members as Chairman of the Board, and he shall serve as such Chairman for such length of time, not exceeding his term as member of the Board, as the Board may prescribe. The Board may, for good cause and after hearing, remove a Chairman, but such removal as Chairman shall not affect the right of such member to serve on the Board for the remainder of his appointed term. Upon the death, resignation or removal of a Chairman, the Board shall elect a successor from among its members. Four (4) members of the Board shall constitute a quorum for the transaction of any of its business, and a majority of those present at any meeting may decide any question before the Board, provided, however, that the Chair-

man of the Board may not be removed as Chairman except by a vote of two-thirds ( $\frac{2}{3}$ ) of the members of the Board at a meeting called for that purpose. The Board may adopt such reasonable rules and regulations for the orderly conduct of its affairs as it may deem necessary, and may from time to time amend such rules and regulations.

The first Board appointed under the provisions of this Act shall hold its first meeting within thirty (30) days after the members have been qualified and shall hold at least two (2) regular meetings each year at such time and place as the Chairman may designate. It may hold special meetings at such times and places as a majority thereof may deem necessary after giving reasonable notice thereof to all the members. The Board is authorized to employ an Executive Secretary who shall devote full time to his work and shall have such duties and responsibilities as the Board may prescribe. The Board is authorized to employ such other persons as it may deem necessary to administer the provisions of this Act. The salaries of the Secretary and all other employees of the Board shall be fixed by the Board, and shall be paid out of the Registered Public Surveyors' Fund as provided for in this Act. All salaries paid by the Board shall be reasonably comparable in amount to salaries paid by other departments of the state government to employees engaged in similar capacities. All persons employed by the Board shall hold their positions at the pleasure of the Board. Each member of the Board shall receive the sum of Twenty-Five Dollars (\$25.00) per day for each day he is actually engaged in the discharge of his duties as such member, including time spent in necessary travel, together with all legitimate expenses incurred in the performance of such duties. All payments to Board members or employees, and all expenses of the administration of this Act, shall be paid out of the Registered Public Surveyors' Fund provided for herein, and no part of the expense of administering this Act shall ever be a charge against the General Funds of the State of Texas. The Board shall arrange for such suitable office space and equipment as it may deem necessary and the rental for such office space and the cost of such equipment shall be considered administration expense. The Board shall, as of December 31, of each year after the passage of this Act, make a written report to the Governor accounting for all receipts and disbursements under this Act. A roster showing the names and places of business of all Registered Public Surveyors shall be prepared by the Secretary of the Board during the month of July of each year. Copies of this roster shall be mailed to each person so registered, placed on file with the Secretary of State, and furnished to the public upon request.

#### Qualifications for Registration

Sec. 6. From and after January first following the effective date of this Act, no person except those exempted from the operation of

this Act as provided for in Section 3 hereof, shall engage or continue in the practice of Public Surveying as defined herein unless such person shall be registered as provided herein. The following classes of persons shall be qualified for registration:

(a) All persons residing in Texas and engaged in the practice of Public Surveying on the effective date of this Act, and who have been so engaged for five (5) years immediately preceding the effective date hereof, upon satisfactory showing to the Board of the moral and educational fitness of such person to continue in such practice. Applications to register under this subsection (a) of Section 6 must be filed within one (1) year after this Act becomes effective.

(b) All persons who can show to the satisfaction of the Board that they have had at least eight (8) years experience in land surveying in Texas of which at least two (2) years were in responsible charge of surveying work. Within the meaning of this subsection, two (2) years of basic engineering course in an accredited school or college shall be considered the equivalent of two (2) years of land surveying. Applicants to register under subsection (b) of Section 6 must be filed within five (5) years after this Act becomes effective.

(c) All persons who apply to take, and successfully pass, an examination given by the Board to determine the fitness and qualification of the person examined shall be qualified for registration. Such examination shall be written and oral, and shall be designed to reflect knowledge and ability on the part of the applicant, showing to the Board that he is qualified to be placed in charge of surveying work. The following shall be considered as minimum evidence satisfactory to the Board that the applicant is qualified to be admitted to examination as a public surveyor:

(1) The applicant is more than twenty-one (21) years of age.<sup>1</sup>

(2) The applicant is of good character and reputation.

(3) The applicant has satisfied one of the following educational and experience requirements:

(A) has successfully completed a full four (4) year course of study in land surveying or civil engineering at an accredited college or university leading to a bachelor's or higher degree and has a specific experience record of two (2) or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying, of a character indicating that the applicant was in responsible charge of the accuracy and cor-

rectness of the surveying work performed; or

(B) has successfully completed a full four (4) year course of study other than land surveying or civil engineering at an accredited college or university leading to a bachelor's or higher degree and has a specific experience of four (4) or more years as a subordinate to a registered public surveyor, or a person qualified in land surveying in the active practice of land surveying, of a character indicating the applicant was in responsible charge of the accuracy and correctness of the surveying work performed. The course of study shall have included not less than thirty-two (32) semester hours of study or its academic equivalent, in any combination of courses in civil engineering, land surveying, mathematics, photogrammetry, forestry, or land law and the physical sciences; or

(C) has successfully completed a course of study in land surveying or Board approved survey-related courses at an accredited college or university of thirty-two (32) semester hours of study, or its academic equivalent, and has a specific experience record of six (6) or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying, five (5) years of such experience shall be of a character indicating that the applicant was in responsible charge of the accuracy and correctness of the surveying work performed; or

(D) is a graduate of an accredited high school and has a specific experience record of six (6) or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying, of a character indicating that the applicant was in responsible charge of the accuracy and correctness of the surveying work performed. Applicants under this subsection without the college or university credits listed in Paragraph (A), (B), or (C) must show they have become self-educated in the surveying field.

An applicant desiring to register as a Public Surveyor shall file with the Board an application therefor in writing, accompanying the application with a registration fee, the amount having been determined by the Board but in no event to exceed Fifty Dollars (\$50). If the Board finds that the applicant is qualified to register as herein provided for, it shall issue to him a Certificate of Registration and assign to him a registration number which shall not there-

after be assigned to, nor used by any other surveyor. Such number shall be placed on the Certificate of Registration and recorded in the permanent records of the Board, and shall constitute the registration number of such surveyor and shall be used by him on all his official documents. The Certificate of Registration shall also show the full name of registrant and shall be signed by the Chairman and Secretary of the Board. If the Board finds that an applicant is not qualified to be registered at the time of making his application, but is qualified to take an examination, it shall set a time and name a place for the applicant to take such examination. Upon passing the examination to the satisfaction of the Board, the applicant shall be entitled to a Certificate of Registration as hereinabove provided.

Applications for registration shall be on forms prescribed and furnished by the Board, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be surveyors having personal knowledge of his surveying experience. The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability which shall insure safety to the public welfare and property rights. A candidate failing an examination may apply for re-examination at the expiration of six (6) months and will be re-examined without payment of additional fee. Provided, that after the first re-examination, each candidate wishing further re-examinations shall submit a new application accompanied by a fee of Fifty Dollars (\$50) for each such re-examination.

All Certificates of Registration shall expire on the last day of the month of December, following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the Secretary of the Board to notify every person registered under this Act of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one (1) year; such notice shall be mailed at least one (1) month in advance of the date of the expiration of said certificate. Renewal may be effected at any time during the month of December by the payment of a fee to be set by the Board but not to exceed \$25.00. The failure on the part of any registrant to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten per cent (10%) for each month or

fraction of the month that renewal payment is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fee; and provided further that if such failure to renew shall continue for more than one (1) year after the date of expiration of the registration certificate, the applicant must reapply for registration and must qualify under the foregoing provisions of this section before being registered. All renewal certificates shall carry the same registration number as the original certificate. All original and renewal Certificates of Registration shall be evidence that the person whose name and registration number appears thereon is qualified to practice as a Registered Public Surveyor so long as such certificate is valid and in force. Each registrant hereunder shall, upon receiving his Certificate of Registration, obtain a seal of the design authorized by the Board, bearing the registrant's name and number and the legend "Registered Public Surveyor"; plats, field notes and reports prepared by a registrant or under his direction shall be stamped with the said seal when filed with public authorities or delivered to a private client. It shall be unlawful for anyone to stamp or seal any document with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or reissued.

<sup>1</sup> Acts 1973, 63rd Leg., p. 1723, ch. 626, classified as art. 5923b, changed the age of majority to eighteen.

#### Expiration Dates of Registrations; Proration of Fees

Sec. 6A. The board by rule may adopt a system under which registrations expire on various dates during the year, and the period allowed for reinstatement shall be adjusted accordingly. For the year in which the expiration date is changed, registration fees payable on or before December 31 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total registration fee is payable.

#### Revocations and Reissuance of Certificates

Sec. 7. The Board shall have the power to revoke the Certificate of Registration of any registrant who is charged with and found guilty of:

- (a) The practice of any fraud or deceit in obtaining a Certificate of Registration.
- (b) Any gross negligence, incompetency, or misconduct in the practice of surveying as a registered public surveyor.

In determining the truth of any such charges, the Board shall proceed upon sworn information furnished it by any reliable resident of this State; such information shall be in writing and shall be duly verified by the

person familiar with the facts therein charged, and three (3) copies of the same shall be filed with the Secretary of the Board. Upon receipt of such information the Board, if it deems the information sufficient to support further action on its part, shall make an order setting the charges therein contained for hearings at a specified time and place, and the Secretary of the Board shall cause a copy of the Board's order and of the information contained in the written charges to be served upon the accused at least thirty (30) days before the date appointed in the order for the hearing. The accused may appear in person or by counsel, or both at the time and place named in the order and make his defense to the same. If the accused fails or refuses to appear, the Board may proceed to hear and determine the charges in his absence. If the accused pleads guilty, or upon a hearing of the charges, the Board by a majority of its members shall find them to be true, it may enter an order revoking the Certificate of Registration of such registered public surveyor. The Board shall have the power, through its Chairman or Secretary, to administer oaths and compel the attendance of witnesses before it as in civil cases in the District Court by subpoena issued over the signature of the Secretary and seal of the Board. If the accused desires the evidence to be preserved and shall so inform the Board before the hearing is begun and shall deposit with the Board such a sum of money as the Board may deem reasonably necessary for the employment of a competent reporter, then the Board shall employ such reporter and, when so employed, he shall be the official reporter of the Board for the purpose of reporting the evidence and proceedings of such Board. In proceedings under this section, a majority of the Board shall constitute a quorum.

When the Board has completed such hearing, it shall make a record of its findings and shall order and cause a certified copy thereof to be forwarded to the accused.

Any person who may feel himself aggrieved by reason of the revocation of his Certificate of Registration by the Board, as hereinabove authorized, shall have the right to file suit within thirty (30) days after receiving notice of the Board's order revoking his Certificate of Registration, in the District Court of the county of his residence, or of the county in which the alleged offense relied upon as grounds for revocation took place, to annul or vacate the order of the Board revoking the Certificate of Registration; said suit to be filed against the Board as defendant, and service of process may be had upon its Chairman or Secretary. The only issues to be tried in such cause shall be whether such person has been guilty as originally found by the Board, which issues shall be tried de novo, as that term is commonly used in connection with an appeal from the justice of the peace court to the county court, and the substantial evidence rule shall not apply.

The Board, for equitable reasons it may deem sufficient, may reissue a Certificate of Registration to any person whose certificate has been revoked, provided four (4) or more members of the Board vote in favor of such reissuance. A new Certificate of Registration, to replace any certificate revoked, lost, destroyed, or mutilated, may be issued, subject to the rules of the Board, and a charge of Three Dollars (\$3) shall be made for such issuances.

#### Violations and Penalties

Sec. 8. After the effective date of this Act, as defined in Section 6 hereof, any person who shall practice, or offer to practice, the profession of Public Surveying in this State without being registered or exempted in accordance with the provisions of this Act, or any person presenting or attempting to use as his own the Certificate of Registration or the seal of another, or any person who shall give any false or forged evidence of any kind to the Board or to any member thereof in obtaining or assisting to obtain for another a Certificate of Registration, or any person who shall violate any of the provisions of this Act, shall be fined not less than One Hundred Dollars (\$100) nor more than Five Hundred Dollars (\$500), or be confined in jail for a period not exceeding three (3) months, or both. The Attorney General or his assistants shall act as legal adviser of the Board and shall render such legal assistance as may be necessary in enforcing and making effective the provisions of this Act; provided that this shall not relieve the local prosecuting officers of any of their duties under the law as such.

All sums of money paid to the Board under the provisions of the Act shall be deposited in the Treasury of the State of Texas and placed in a special fund to be known as the "Registered Public Surveyors' Fund," and such fund is hereby appropriated and made available to the Board created herein for expenditure in accordance with the provisions of this Act, up to August 31, 1957. After August 31, 1957, all expenditures for the administration and enforcement of this Act shall be in the amounts and for the purposes fixed by the General Appropriation Bill, and at the beginning of each biennium thereafter all moneys then in such fund which are not then appropri-

ated shall be set over and paid into the General Revenue Fund.

#### Invalid Portions

Sec. 10. If any article, section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such invalid portion shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed the valid portions of the Act irrespective of the fact that any one or more portions thereof be declared unconstitutional.

#### Repeal of Conflicting Legislation with Proviso

Sec. 11. All laws or parts of laws in conflict with the provisions of this Act shall be and the same are hereby repealed. Provided, however, that this Act shall not be construed as repealing or amending any laws affecting or regulating licensed state land surveyors or registered professional engineers, and such licensed state land surveyors or registered professional engineers in performing their duties or profession as such shall not be subject to the provisions of this Act; provided further that registration under this Act shall not of itself qualify the registrant to conduct surveys of Public Lands under the provisions of Article 5299, Revised Civil Statutes, nor to make any surveys, the field notes of which are to be filed in the General Land Office of Texas; nor shall this Act be construed to affect or prevent the practice of any other legally recognized profession by the members of such profession licensed or registered by the State or under its authority.

##### Names to be Used in Land Description

Sec. 2. (a) As established for use in the North Zone, the Texas Co-ordinate System shall be named, and in any land description in which it is used it shall be designated, the "Texas Co-ordinate System, North Zone."

(b) As established for use in the North Central Zone, the Texas Co-ordinate System shall be named, and in any land description in which it is used it shall be designated, the "Texas Co-ordinate System, North Central Zone."

(c) As established for use in the Central Zone, the Texas Co-ordinate System shall be named, and in any land description in which it is used it shall be designated, the "Texas Co-ordinate System, Central Zone."

(d) As established for use in the South Central Zone, the Texas Co-ordinate System shall be named, and in any land description in which it is used it shall be designated, the "Texas Co-ordinate System, South Central Zone."

(e) As established for use in the South Zone, the Texas Co-ordinate System shall be

named, and in any land description in which it is used it shall be designated, the "Texas Co-ordinate System, South Zone."

Terms of "X Co-ordinate" and "Y Co-ordinate" Set Up

Sec. 3. The plane rectangular co-ordinates of a point on the earth's surface, to be used in expressing the position or location of such point in the appropriate zone, of this System, shall consist of two distances, expressed in feet and decimals of a foot. One of these distances, to be known as the "x co-ordinate," shall give the position in an east-and-west direction; the other, to be known as the "y co-ordinate" shall give the position in a north-and-south direction. These co-ordinates shall be made to depend upon and conform to the plane rectangular co-ordinates of the triangulation and traverse stations of the United States Coast and Geodetic Survey within the State of Texas, as those co-ordinates have been determined by the said Survey.

Lands in More Than One Zone

Sec. 4. When any tract of land to be defined by a single description extends from one into another of the above co-ordinate zones, the positions of all points on its boundaries may be referred to either of such zones, the zone which is used being specifically named in the description.

Definitions

Sec. 5. For purposes of more precisely defining the Texas Co-ordinate System, the following definition by the United States Coast and Geodetic Survey is adopted:

The Texas Co-ordinate System, North Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes  $34^{\circ} 39'$  and  $36^{\circ} 11'$ , along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian  $101^{\circ} 30'$  west longitude and the parallel  $34^{\circ} 00'$  north latitude. This origin is given the co-ordinates:  $x = 2,000,000$  feet (720,000 varas) and  $y = 0$  feet (0 varas).

The Texas Co-ordinate System, North Central Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes  $32^{\circ} 08'$  and  $33^{\circ} 58'$ , along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian  $97^{\circ} 30'$  west longitude and the parallel  $31^{\circ} 40'$  north latitude. This origin is given the co-ordinates:  $x = 2,000,000$  feet (720,000 varas) and  $y = 0$  feet (0 varas).

The Texas Co-ordinate System, Central Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes  $30^{\circ} 07'$  and  $31^{\circ} 53'$ , along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian  $100^{\circ}$

$20'$  west longitude and the parallel  $29^{\circ} 40'$  north latitude. This origin is given the co-ordinates:  $x = 2,000,000$  feet (720,000 varas) and  $y = 0$  feet (0 varas).

The Texas Co-ordinate System, South Central Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes  $28^{\circ} 23'$  and  $30^{\circ} 17'$ , along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian of  $99^{\circ} 00'$  west longitude and the parallel  $27^{\circ} 50'$  north latitude. This origin is given the co-ordinates:  $x = 2,000,000$  feet (720,000 varas) and  $y = 0$  feet (0 varas).

The Texas Co-ordinate System, South Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes  $26^{\circ} 10'$  and  $27^{\circ} 50'$ , along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian  $98^{\circ} 30'$  west longitude and the parallel  $25^{\circ} 40'$  north latitude. This origin is given the co-ordinates:  $x = 2,000,000$  feet (720,000 varas) and  $y = 0$  feet (0 varas).

The unit of measurement in this Act shall have the following values, based on the International Meter established by the National Bureau of Standards:

- 1 meter = 39.37 inches exactly
- 1 foot = 12.0 inches exactly
- 1 vara =  $33\frac{1}{2}$  inches exactly

The position of the Texas Co-ordinate System shall be as marked on the ground by triangulation or traverse stations established in conformity with the standards adopted by the United States Coast and Geodetic Survey for first-order and second-order work, whose geodetic positions have been rigidly adjusted on the North American datum of 1927, and whose co-ordinates have been computed on the system herein defined. Any such station may be used for establishing a survey connection with the Texas Co-ordinate System.

Use of Term

Sec. 6. The use of the term "Texas Co-ordinate System" on any map, report or survey, or other document shall be limited to co-ordinates based on the Texas Co-ordinate System as defined in this Act.

Purpose of Act

Sec. 7. The sole and only purpose of this Act is to recognize the above system for use in the State of Texas as definitely ascertaining positions on the surface of the earth. Nothing in this Act shall in any manner whatsoever require the use of such system. The provisions of this Section shall control over all other portions of this Act, anything in such other portions to the contrary notwithstanding; and nothing in this Act shall be construed to set

aside or disturb any corner or survey now already established.

[Acts 1943, 48th Leg., p. 611, ch. 354.]

#### Art. 5301. Loss of Field Notes

When the original field notes of any authorized survey are lost or destroyed, the owner thereof or his agent, on making affidavit of such fact and filing same in the office of the surveyor where the survey was made, may obtain from him a certified copy of the record thereof. Such copy shall be as valid and efficient in law as the original and shall secure to the party all the rights before the Commissioner that the original would have done.

[Acts 1925, S.B. 84.]

#### Art. 5302. Surveys on Navigable Streams

All lands surveyed for individuals, lying on navigable water courses, shall front one-half of the square on the water course and the line running at right angles with the general course of the stream, if circumstances of the lines previously surveyed under the laws will permit. All streams so far as they retain an average width of thirty feet from the mouth up shall be considered navigable streams within the meaning hereof, and they shall not be crossed by the lines of any survey. All surveys not made upon navigable water courses shall be in a square, so far as lines previously surveyed will permit.

[Acts 1925, S.B. 84.]

#### Art. 5303. Division Line: Notice

Before running a division line between two settlers or occupants claiming lands, the surveyor shall give written notice to the interested parties. Any survey made contrary to the true intent and meaning of this article shall be unlawful.

[Acts 1925, S.B. 84.]

#### Art. 5304. Disputed Line: Trial

When persons cannot agree to a division line of any land which has never been surveyed agreeably to law, either party may apply to the nearest justice of the peace, and make oath that he has tried and has not been able to settle such dispute, naming the parties thereto; and said justice shall issue a warrant to any lawful officer to summon the parties defendant, together with six disinterested jurors, to meet upon the premises in dispute, together with such witnesses as either party may summon, to give evidence on a certain day, naming the time and place. The justice shall meet the parties, examine all the testimony before the jury, who shall on oath hear and determine the case in dispute and who shall pay the costs. Each juror shall receive two dollars per day for such services, and the other officers such fees as allowed by law for similar services. If

the land in dispute is on a county line, a justice of either county in which part of the land lies may act in such case. Either party may appeal to the county court within ten days upon giving bond and security for the costs.

[Acts 1925, S.B. 84.]

#### Art. 5305. Incorrect Field Notes

The Commissioner shall cause a plain statement of the errors in any field notes in the land office, with a sketch of the map, to be forwarded by mail, or by the party interested, to the surveyor who made the survey, with a requisition to correct and return the same; and said surveyor shall do so at once without further charge. If the conflict exists only on the map or in the field notes, the surveyor need only officially certify to the facts, and furnish a true sketch of the survey with its connections.

[Acts 1925 S.B. 84.]

#### Art. 5305a. Validating Land Grants in Cities and Towns; General Land Office Records Conclusive as to Nonexistence of Vacancies

Sec. 1. The surveys of all lands heretofore or hereafter made, either actually on the ground or by protraction, and returned to the General Land Office and upon which patents have been issued or sale and award been made, and all valid grants by former governments, and which said surveys are located in whole or in part within the corporate limits of any city, town or village are hereby declared valid surveys and the titles to the land included within the lines of said surveys as returned to the General Land Office are hereby vested in the parties for which the same were made, their heirs, successors and assigns; provided, however, in all cases of law or equity involving boundary, title, or possession of land where the location of any such surveys or the extent or boundaries thereof shall be in issue, the corners, lines, and boundaries thereof which at the date of such incorporation were generally recognized and which have for ten years prior to filing of said suit been generally recognized and acquiesced in, shall be conclusively presumed to be the original corners, lines and boundaries of said surveys.

Sec. 2. In all cases involving boundary, title, or possession of surveys, partly or wholly included in any such incorporated city, town or village in Texas, where there is sought to be established a vacancy between surveys, the field notes and official maps in use in the General Land Office at the date of such incorporation, shall be conclusive as to the non-existence of such vacancy, and if no vacancy appears from said field notes or maps, it shall be conclusively presumed that no such vacancy exists.

All tracts of less than eighty acres shall be sold as a whole for cash. All such lands shall be sold without condition of settlement and residence, but shall not be sold to corporations.

[Acts 1925, S.B. 84.]

##### Art. 5307. Duties of Commissioner

The Commissioner is hereby vested with all the power and authority necessary to carry into effect the provisions of this chapter, and shall have full charge and discretion of all matters pertaining to the sale and lease of said lands, and their protection from free use and occupancy and from unlawful inclosure, with such exceptions and under such restrictions as may be imposed by the Constitution and laws of this State. He shall adopt such regulations not inconsistent therewith as may be deemed necessary for carrying into effect the provisions of this chapter, and may alter or amend such regulations so as to protect the public interest; but all such regulations shall first be submitted to the Governor for his approval. The Commissioner shall adopt all forms necessary or proper for the transaction of the business imposed upon him by this chapter, and may call upon the Attorney General to prepare such forms, and said officer shall also furnish the Commissioner with such advice and legal assistance as may be requisite for the due execution of the provisions hereof. The Commissioner shall furnish all available data to the State Board of Education on its request.

[Acts 1925, S.B. 84.]

##### Art. 5308. Accounts

The Commissioner shall retain in his custody as records of his office each application, affidavit, obligation and paper relating to the sales and leases of said lands, and shall cause to be kept accurate accounts with each purchaser or lessee.

[Acts 1925, S.B. 84.]

#### 2. SALES

##### Art. 5309. Land Subject to Sale

On the first day of September, 1925, and the first day of each January, May and September of each year thereafter all of the surveyed pub-

lic free school land then unsold and portions of same and all tracts theretofore surveyed for which field notes were returned to and filed in the General Land Office and which reverted to the public domain or the public free school fund, and those surveys for which field notes were returned to and filed in the General Land Office and cannot be legally patented under existing law; and such sold public free school and asylum land as may be forfeited or canceled for any cause prior to the sale date for which the land may be advertised and such unsurveyed land as may hereafter be recovered for the public free school fund upon suit by the Attorney General filed prior to the acquisition of rights to purchase the area as unsurveyed land, shall be subject to and offered for sale by the Commissioner of the General Land Office under the regulations and upon the terms and conditions provided in this Act.<sup>1</sup>

[Acts 1925, S.B. 84.]

<sup>1</sup> This article and arts. 5311, 5311a, 5311b.

#### Art. 5310. Classification and Valuation

The Commissioner shall from time to time, as the public interest may require, classify or reclassify, value or revalue, any of the lands included in this chapter, designating the same as agricultural, grazing, or timber, or a combination of said classifications, according to the facts in the particular case, and when entry of the classification and the appraisalment is made on the records of the Land Office, no further action on the part of the Commissioner, nor notice to the county clerk shall be required to give effect thereto. No land classed as agricultural shall be sold for less than one dollar and fifty cents per acre, and no land classed as grazing shall be sold for less than one dollar per acre. The land included in this chapter shall be sold with the reservation of the oil, gas, coal and all other minerals that may be therein to the fund to which the land belongs, and all applications shall so state.

[Acts 1925, S.B. 84.]

#### Art. 5311. Commissioner Shall Classify and Advertise

In cases where any land included in this Act<sup>1</sup> may be leased and the same may come on the market by reason of the expiration or cancellation of such leases and in cases where land may be sold and become subject to forfeiture or cancellation for non-payment of interest and thereby subject to revert to the fund to which it originally belonged by reason of the forfeiture or cancellation of the sale, it shall be the duty of the Commissioner to classify and value same before some sale date thereafter and adopt such means as may be at his command that will give wide publicity and general information as to when such land will be forfeited or canceled, and when it and other land will be on the market for sale together with the regulations, terms and conditions upon which the land may be purchased if past due interest should not be paid. No tract of land shall be subject to sale, except unsurveyed

school land, until it shall have been advertised. If there are no other satisfactory or sufficient means at the command of the Commissioner that will give the necessary publicity he shall have printed at the expense of the State, to be paid out of the appropriation for public printing, lists of the land for free distribution to the public. The list shall contain a brief statement of how one shall proceed to buy the land and also state the year to which delinquent interest must be paid to prevent a forfeiture and cancellation. No corporation shall buy any land under this Act.

[Acts 1925, S.B. 84.]

<sup>1</sup> This article and arts. 5309, 5311a, 5311b.

#### Art. 5311a. Sold in Whole Tracts Without Settlement

The land included in this Act<sup>1</sup> shall be sold in whole tracts only and without condition of settlement and residence. Any unsold land may be leased subject to sale, at not less than five cents per acre per annum, payable in advance each year and for a term not to exceed five years. All land so leased shall be subject to sale on any sale date for which it may be advertised to come on the market.

[Acts 1925, S.B. 84.]

<sup>1</sup> This article and arts. 5309, 5311, 5311b.

#### Art. 5311b. Validating Sales

In cases where public free school and asylum land has been advertised as being subject to forfeiture for non-payment of interest and to be forfeited and canceled and come on the market for sale at some future sale date and such land was declared forfeited and the sale canceled on the records of the General Land Office and sale awards issued upon applications filed at such sale date, and said sale award has been held by the Supreme Court to be void and all other sale awards which may be void or voidable or the titles to which may have become defective from any cause, are hereby validated, and when the said land shall be fully paid for together with payment of all fees it shall be patented; provided, in cases where the sale award of the land advertised as aforesaid has not stood one year the owner of said land at date of forfeiture shall have the right to apply to the General Land Office for a re-instatement of said former sale upon the payment of all past due interest at any time within six months after the taking effect of this Act.

[Acts 1925, S.B. 84.]

#### Art. 5312. Application to Purchase

One desiring to buy any portion of such surveyed land shall make separate written application to the Commissioner for each tract applied for as a whole, designating the same and stating the price offered, and make affidavit that he desires to purchase the land for himself and that no other person or corporation is interested in the purchase thereof either directly or indirectly, and pay one-fifth of the aggregate price offered for the land, and submit his obligation in a sum equal to the

amount of the unpaid purchase price offered for the land, binding the purchaser to pay to the State at the General Land Office at Austin, Texas on the first day of each November thereafter until the whole purchase price is paid, one-fortieth of the unpaid balance with interest on the unpaid purchase price at the rate of five (5) per cent per annum. Upon receipt and filing of the application, affidavit, obligation and the one-fifth of the price offered, the sale shall be held effective from that date.

[Acts 1925, S.B. 84; Acts 1941, 47th Leg., p. 351, ch. 191, § 2.]

#### Art. 5313. Application: Opening

The application shall be delivered to the Land Office in a sealed envelope addressed to the Commissioner at Austin, and the envelope shall have indorsed thereon in effect: "Application to buy land," and date when the land will be on the market. Applications received at the Land Office in envelopes not so indorsed shall nevertheless be valid. All such envelopes shall remain unopened and the applications shall remain unfiled and all shall be safely and securely kept by the Commissioner or his Chief Clerk until the day following the day when the land comes on the market and at ten o'clock a. m. on said day one or both of them shall begin to open the envelopes and file all applications; provided, if the opening day should be Sunday or other legal holiday, the opening shall be postponed until the first work day thereafter. Those desiring to be present at such opening may do so. All sales shall be made to, and date from the filing of the application of, the applicant who offers the most for the land, at a price not less than that fixed by the Commissioner, and shall be made by or under the direction of the Commissioner. Should two or more applicants offer the same price for any tract, the same being the highest price offered therefor on any sale date, all bids shall be rejected and the land offered for sale on the next sale date, but a subsequent bid shall not be considered if less than the former price offered.

[Acts 1925, S.B. 84.]

#### Art. 5314. Individual Bids

Land that is or may be on the market, and not filed on as provided in the preceding article, may be filed on and sold to any one any time upon proper applications filed in the Land Office as provided by law, except the envelope enclosing the application shall not be required to have any memorandum thereon, and, if two or more applications should be filed the same day for the same land, the one offering the highest price shall be accepted, but if two or more applicants should offer the same price, the Commissioner shall proceed as herein provided for in the first filing.

[Acts 1925, S.B. 84.]

#### Art. 5315. Cash Payments, How Remitted

All such applicants shall transmit with their applications the required first payment in the form of money or remittance collectible on demand in Austin, and convertible at par into money on the order of the State Treasurer, without liability; provided, that, should a remittance be made payable to the Commissioner, such payment shall not be invalid for that reason, but the Commissioner shall indorse it to the State Treasurer without incurring liability and the same shall be treated as if payable to the Treasurer. The application shall be void if the payment is not made as required in this article.

[Acts 1925, S.B. 84.]

#### Art. 5316. Notice of Sale

The Commissioner shall notify the clerk of the proper county of the sale of each tract, giving the name and address of the purchaser together with the price of the land. When informed of the sale of any land the clerk shall enter on his books opposite the description of the land sold, the name of the purchaser and the date sold, and the notice of such sale and the books of record and entry shall be considered public records.

[Acts 1925, S.B. 84.]

#### Art. 5317. Awards

Notice of awards shall be prepared and issued by the Commissioner, and shall be appropriately numbered and shall be so worded as to constitute a receipt for first payment when signed by the Commissioner. Books shall be prepared containing two copies of the notice of award and a suitable number of coupons to be used by the applicant in making subsequent payments on the land. The notice of awards shall be prepared in duplicate, one to be detached from the book and retained in the Land Office, the other, with the coupons attached, to be sent to the applicant. The coupons in each book shall be prepared in duplicate, each of which shall be numbered with the same number as that on the notice of award. The form of the coupon shall be so prepared as to be suitable for, and shall be used by the remitter in making all subsequent payments on the land, the original to be so worded as to be used as a receipt for remittances when signed as such by the Commissioner. The remitter shall describe each tract of land on which he is making remittance by properly filling in the blanks on both the original and duplicate coupons, and shall enter in the proper blanks the amounts remitted as interest and principal, and both the original and duplicate shall be mailed to the Commissioner with the remittance.

[Acts 1925, S.B. 84.]

#### Art. 5318. Purchaser's Name to be Given

Persons making payments of interest, principal or lease rentals on land shall give the name

of the original purchaser or lessee and sufficiently designate the land.

[Acts 1925, S.B. 84.]

#### Art. 5319. First Payment Accounts

When an envelope inclosing an application to purchase land is opened and the remittance for the first payment is in the Land Office, the Commissioner shall cause such remittance to be listed in triplicate daily, and in such form as to show the purpose and amount of each remittance, the name and address of the applicant, and transmit the remittance and two of the lists to the Treasurer. On receipt thereof, the Treasurer shall check the remittances with the lists, and, if found correct, he shall receipt one of the lists and return it to the Commissioner and retain the other list; and thereupon the Commissioner shall deliver the third list retained by him to the Comptroller. The Treasurer shall at once collect all collectible remittances and report to the Commissioner and Comptroller all remittances not collectible in Austin. The items not collected shall be returned to the Commissioner. All first payments thus collected by the Treasurer shall be retained by him until he receives notice from the Commissioner of the final disposition of the applications to purchase, and thereupon he shall at once return to each applicant the amount shown to have been paid on his rejected applications. A duplicate of the notice to the Treasurer of accepted and rejected applications and the amount of first payment shall be transmitted to the Comptroller. On the last working day of each month, the Treasurer shall deposit in the Treasury to the credit of the proper fund the sum collected by him on accepted applications during that month.

[Acts 1925, S.B. 84.]

#### Art. 5320. Other Accounts

Payments on interest, principal and lease rentals shall be listed and accounted for separate from, but in a similar manner to, first payments. The Treasurer shall deposit eighty per cent of all such remittances received each month to the credit of the probable fund to which they belong, as indicated by the Commissioner; and he shall hold the remaining twenty per cent upon deposit receipts furnished by the Comptroller until receipt of definite notice from the Commissioner of the proper fund, which shall then be credited with the full amount received. The Commissioner shall give such definite notice to the Treasurer and Comptroller immediately after he issues receipts to the remitters. The Commissioner, Treasurer and Comptroller shall each keep an account with each fund according to advices given by them, retaining such advices as permanent records.

#### Art. 5320a. Extension of Time of Payment

for the unpaid balance of principal due the State thereon which are due or will become due prior to November 1, 1961, is hereby extended to November 1, 1961, subject to all the pains and penalties provided in the Acts under which the purchases were made; provided that the extension of time herein granted shall apply only to installments of principal, and shall not apply to any installments of interest; and provided further, that the unpaid balances of principal upon which an extension of time for payment is hereby granted shall bear interest during said period of extension at the rate provided for in the contract of purchase hereby extended, and past due installments of interest shall bear interest at the rate provided for in Section 7, Chapter 271, General Laws, Regular Session, 42nd Legislature.<sup>1</sup>

<sup>1</sup> Article 5421c, § 7.

#### Art. 5321. Timber Lands

Timber on lands shall be sold in full tracts for cash at its fair market value, and the Commissioner shall adopt such regulations for the sale thereof as may be deemed necessary and judicious, subject to the provisions of this chapter. By timbered lands is meant lands valued chiefly for the timber thereon.

[Acts 1925, S.B. 84.]

#### Art. 5322. Timber: Sale

Application to purchase timber shall be made in the manner provided for the filing of applications for the purchase of lands. If two or more persons each apply to purchase the timber and land on the same day, the one who offers more for the timber but less for the land than a competitor shall have an option for thirty days to take the land at the highest price offered by such competitor, or he may be awarded the timber without the land. If the timber is so sold without the land such competitor shall have an option for thirty days to purchase the land. If such first party buys neither the timber nor the land, then the land and timber shall be awarded to the one offering the highest price for the land, and next highest price for the timber. If two or more applications for timber alone be filed on the same day the one offering the most therefor shall be accepted. The purchaser of timber without the land shall have the right of ingress and egress upon the land for a period of five years after date of award to remove or protect all the timber thereon. After that time the title to the timber shall revert to the fund to which the land belonged and be again subject to sale by the State, unless the land shall sooner be sold and fully paid for and patent issued thereon; and in that event the timber shall revert to the owner of the land.

[Acts 1925, S.B. 84.]

Art. 5323. Repealed by Acts 1931, 42nd Leg., p. 452, ch. 271, § 13

**Art. 5323a. Reclassification of Scrap School Land**

The Commissioner of the General Land Office is hereby authorized to revalue and to reclassify all tracts of unsold scrap school land that was heretofore valued and classified on March 26, 1926, and which remains unsold when this Act takes effect. Within sixty days after such revaluation and reclassification the person for whom the survey was originally made shall file in the General Land Office his application for the purchase of said land together with the full cash payment for the tract applied for at the value per acre fixed thereon by the said Commissioner.

[Acts 1927, 40th Leg., p. 153, ch. 107, § 1.]

**Art. 5323b. Withdrawal of Land from Sale or Lease**

Sec. 1. That the surface and the minerals therein of all river beds and channels, and of all unsurveyed public free school lands, and portions of the same, in the State of Texas, are hereby withdrawn from sale or lease until otherwise provided by law.

Sec. 1a. Provided however that such withdrawal from sale and lease of unsurveyed public school land shall not apply in cases where application of inquiry has been heretofore made therefor and on which suit is now pending.

[Acts 1929, 41st Leg., 3rd C.S., p. 526, ch. 22.]

**Art. 5324. Sale of Gayule and Lechuguilla**

The Commissioner may, with the consent and approval of the Governor and Attorney General, sell the gayule or lechuguilla growing or found upon the public free school land, exclusive of timber. The sales may be upon such terms, conditions and limitations as they may deem most advantageous, having in view the protection of the interest of the school fund and the State. They may also enter into such contracts as they may deem wise for the purpose of having determined the commercial properties and value of any and all such material, and for such purpose they may enter into executory contracts of sale; provided, they shall not in such contracts cause the expenditure of public money nor incur any liability on the State.

[Acts 1925, S.B. 84.]

**Art. 5325. Unlawful Use of Minerals**

If any person who has no authority or right to do so, cuts or removes any mineral, gayule or lechuguilla from the school land belonging to the public free school fund, judgment shall be rendered against the defendant in behalf of the State in a sum of money equal to the value of the substance so cut or removed, which shall be collected as under execution; and when collected, the money shall be remitted to the State Treasurer, and by him credited to the fund to which the land belongs.

[Acts 1925, S.B. 84.]

**Art. 5326. Forfeiture for Non-payment of Interest; Reinstatement; Outstanding Grazing Leases**

If any portion of the interest on any sale should not be paid when due, the land shall be subject to forfeiture by the Commissioner entering on the wrapper containing the papers "Land Forfeited," or words of similar import, with the date of such action and sign it officially, and thereupon the land and all payments shall be forfeited to the State, and the lands may be offered for sale on a subsequent sale date. In any case where lands have heretofore been forfeited or may hereafter be forfeited to the State for non-payment of interest, the purchasers, or their vendees, heirs or legal representatives, may have their claims reinstated on their written request by paying into the Treasury the full amount of interest due on such claim up to the date of re-instatement, provided that no rights of third persons may have intervened. The right to re-instate shall be limited to the last purchaser from the State or his vendees or their heirs or legal representatives. Such right must be exercised within five (5) years from the date of the forfeiture. In case there is an outstanding valid grazing lease which would prevent re-instatement within the time prescribed by this Act then such claim may be re-instated within sixty (60) days after the expiration of such grazing lease, provided application for re-instatement shall have been filed in the General Land Office within the five-year period above prescribed, accompanied with payment of all interest due thereon. In all cases the original obligations and penalties shall thereby become as binding as if no forfeiture had ever occurred. If any purchaser shall die, his heirs or legal representatives shall have one (1) year in which to make payment after the first day of November next after such death, before the Commissioner shall forfeit the land belonging to such deceased purchaser; and should such forfeiture be made by the Commissioner within said time, upon proper proof of such death being made, such forfeiture shall be set aside, provided that no rights of third persons may have intervened. Nothing in this Article shall inhibit the State from instituting such legal proceedings as may be necessary to enforce such forfeiture, or to recover the full amount of the interest and such penalties as may be due the State at the time such forfeiture occurred, or to protect any other right to such land.

[Acts 1925, S.B. 84; Acts 1941, 47th Leg., p. 351, ch. 191, § 3; Acts 1951, 52nd Leg., p. 92, ch. 59, § 2.]

**Art. 5326a. Repurchase of Land Forfeited**

Sec. 1. In case of<sup>1</sup> any of the public free school lands that have been heretofore purchased from the state have been forfeited for nonpayment of interest and have not been resold, and that which may hereafter be forfeited for nonpayment of interest, either with or without advertisement as being subject to for-

feiture for nonpayment of interest that may have accrued prior to November 1, 1925, the owner of such land or a part thereof at the date of forfeiture shall have the right for a period of ninety days after the date of the notice of revaluation of such lands as herein provided to repurchase same upon the terms and conditions in this act any or all of the land in whole tracts according to the forfeiture; provided, that two or more portions of the same section or tracts may be combined into one purchase as may be desired by the applicant.

Sec. 2. Where any of the lands included in the preceding section may hereafter be forfeited for the non-payment of interest in the manner provided by law for such forfeiture and either before or after advertisement of land as being subject to forfeiture for non-payment of interest, the Commissioner of the General Land Office shall forward such list of land to the clerk of the county in which the land is wholly or partly located or to the clerk of the county to which such county may be attached for judicial purposes and include therein such land as may have heretofore been forfeited and remains unsold and on which valid oil and gas applications have not been filed. Within sixty days after a list of such forfeited land was forwarded to the proper clerk the owner or part owner mentioned in the preceding section, who may desire to repurchase such land as provided herein, shall advise the said Commissioner of such desire and pay one cent per acre for each acre such person desires revalued. As soon as practicable after the receipt of such advice and the one cent per acre by the Commissioner, he shall proceed to ascertain the reasonable value of such land and appraise the same accordingly. Duplicate notices of said appraisement shall be prepared and one shall be sent to the person requesting the revaluation and the other shall be retained for the General Land Office. One of two or more part owners of land who request a revaluation shall be deemed as having acted for the other owners, and a repurchase by such one or more persons shall likewise be deemed as made on behalf of all of them and shall inure to the benefit of every owner of a part thereof to the extent of each ones ownership. If such forfeiting owner desires to repurchase the land at the appraised value placed thereon, he shall file his application therefor in the General Land Office within ninety days after the date in the notice of appraisement, together with one-fortieth of the appraised value and his obligation for the remaining portion of the purchase price bearing the same rate of interest per annum as the forfeited purchase bore. The one-fortieth cash payment and future interest and principal payments and forfeiture for non-payment shall be the same and conform to the present or any future law regulating the purchase and forfeiture of public free school land. The one cent per acre received by the Commissioner, or so much thereof as may be necessary, shall be used by him to defray the expenses incident to

the revaluation and the remainder, if any, shall be by him returned pro rata to those for whom it was paid into the General Land Office. If land should be purchased under this act by one or more part owners, such purchase shall inure to the benefit of each and every owner at date of forfeiture according to each one's former interest.

Sec. 3. If the owner at the date of forfeiture shall not exercise his right to repurchase, the Commissioner shall place the land on the market for sale in the manner that is now or may hereafter be provided by law for the sale of other forfeited public free school lands. One-sixteenth of the oil and gas, and all of other minerals in the lands included herein, whether known or unknown, are expressly reserved to the public free school fund in the event the forfeited sale was with mineral reservation. Forfeited land, on which the owner requests a revaluation as herein provided, shall not be subject to oil and gas application until such forfeiting owner fails to repurchase as herein provided.

Sec. 4. Whenever any land affected by this act is repurchased under the rights of repurchase given herein, any lien, legal or equitable, in behalf of any person of the State, and any valid contractual right in favor of any person or persons existing in and to said land, or any part thereof, at the time of forfeiture, shall remain unimpaired and in full force and effect as if no such forfeiture had occurred; also all forfeitures without advertisement of the land for which land the owner or owners of part thereof requested a revaluation within the time prescribed herein and for which applications to repurchase were filed in the General Land Office in legal form after expiration of the time required by law and on which the first one-fortieth cash payment was made, such forfeitures and applications and the sale and award thereon are hereby authorized and in all things validated and shall not be questioned by the State or any person whose rights did not accrue prior to the taking effect of this act.

Sec. 5. The fact that several consecutive years drought in that portion of the State in which most of the public lands are located caused the original enactment of this law and the fact that the validity of forfeitures without first advertising the land as being subject to forfeiture and naming the date of forfeiture and sale as provided in Chapter 130 of an act approved March 28, 1925, has been questioned and the fact that this original Chapter 94 could not have been executed without great expense to the State, except in the manner it has been administered by the General Land Office, which has attained the purpose of the Legislature in its enactment, and the importance of placing land titles beyond question, creates an emergency and an imperative public necessity exists, that the constitutional rule requiring bills to be read on three separate days in each house be suspended and that this be placed upon third reading and final passage, and take

effect from and after its passage and it is so enacted.

[Acts 1925, 39th Leg., p. 267, ch. 94; Acts 1926, 39th Leg., 1st C.S., p. 43, ch. 25, § 1.]

If the land claimed by the one representing himself to be the owner should be held under such evidence of titles as the law or rules of the Land Office will not authorize or permit to be filed in said office, then the Commissioner may admit the owner to be such person as the person, firm or corporation or the Federal Farm Loan Bank paying the indebtedness shall admit to be the owner, and upon such admission the instrument of transfer shall be executed. Nothing herein shall change in any particular whatever, the law or rules that obtain in the Land Office relative to titles to land and the issuance of patents thereon.

[Acts 1925, S.B. 84.]

#### Art. 5329. Transfers

Owners of public free school land and asylum land purchased from the State may sell their land or a definite portion of the same in any size tract. If in any of the succeeding conditions the land that is desired to be separated from another portion should not be sufficiently designated by metes and bounds in the papers offered for filing, to identify it with certainty, the Commissioner shall require that proper field notes accompany the papers before he files them and separates the land.

1. Personal transfers.—A vendee through personal transfer executed for a whole survey or for a whole portion of a survey purchased from the State as a whole or for a portion of a survey purchased from the State as a whole or in a quantity less than the whole survey, shall have the right to become a substitute purchaser direct from the State in the manner provided herein. With the approval of the Commissioner such vendee may file in said office a complete and valid chain of title through personal transfers which have been duly executed and recorded in the

counties in which the land or a part thereof is situated or in the county to which<sup>1</sup> such county or counties may be attached for judicial purposes, and pay the lawful fees. When said papers have been filed in said office the substituted purchaser shall have his portion of land separated from the other portion, if any, on the records of the Land Office and thereby he shall assume and become liable to the State for all unpaid principal and interest due and to become due the State for the land conveyed in the deeds so filed, together with all obligations and penalties attaching to the original purchase the same as was the original purchaser. The obligation of the original purchaser and the obligation of all vendors of such substituted purchaser shall be enforceable against the substituted purchaser the same as if he were the original purchaser from the State, and the obligation of the vendor or vendors of the substituted purchaser shall be deemed canceled.

2. Other transfers.—One who claims title through a source other than by personal transfer, to a definite portion of a survey less than a whole as it was purchased from the State may, with the approval of the Commissioner, have that portion of land so claimed separated from the other portion of the survey upon the records of said office by filing therein such evidence of claims as may be required by said Commissioner and pay the lawful fees for the papers filed as evidence of the claim or a right to a separation of such area.

3. Liability of vendee.—When a separation of the land has been made upon the records of the Land Office in either manner provided for herein, that portion so separated shall be charged and credited with its pro-rata part of the principal and interest due and paid to the first day of November preceding the date of the filing of the transfers or other papers.

4. Patent.—If any owner or claimant of any land included in this chapter, which ownership or claim is shown on the records of said office, should desire a patent upon a portion thereof less than the whole, such owner or claimant may, with the approval of the Commissioner, file field notes with lawful filing fee for that portion on which patent is desired and obtain a patent therefor when the land is fully paid for with all lawful fees. If the ownership should be evidenced by personal transfers the patent shall be issued to such owner and his assigns. If the claimant claims title through other evidence than by personal transfer, the patent shall be issued in the name of the person and his assigns that holds title by original purchase or in the name of the person and his assigns who appears on said records to

hold title through the last personal transfer. If a patent should be issued in the name of one other than the legal owner, such patent and the rights granted therein shall inure to the benefit of the legal owner. Where any land has been purchased from the State on condition of residence, no patent shall be issued until proper proof of such residence either by the vendor or vendee, or both consecutively, has been filed and the Commissioner is satisfied therewith. Every vendee before the completion of the required residence by his vendor shall file in the Land Office an application, affidavit and obligation, such as is required of an original purchaser, together with the partial proof of his vendor's continuous residence to the date of the deed of transfer. On the filing of proof of the required three years' residence, the Commissioner shall issue a certificate of its sufficiency upon the payment of the lawful fees. The said certificate may be recorded in the deed records of the proper county, and when so recorded it shall become a muniment of title. After a certificate has been recorded, neither the sale nor the occupancy of said land shall be questioned by the State nor any person whose rights did not accrue prior to the completion of said residence. The effect of the issuance of said certificate shall include and extend to all land purchased as additional to a home tract on which the said certificate may have been issued. No sale made without condition of settlement shall be questioned by the State or any person after one year from the date of such sale. All purchasers shall have the option of paying the purchase price in full at any time, together with full fees, and obtain a patent for the land.

#### Art. 5330. Patents for Town Sites

Whenever a town shall be located and established upon any lands sold under this or any former law, the purchaser or his vendee shall be permitted to pay the entire balance of principal and interest due the State upon such land and obtain a patent therefor at any time; but no such payment shall be permitted or patent issued until such a purchaser or owner of such land shall file in the land office a certified plat of such town, made by a surveyor, which shall be accompanied by the affidavit of the owner of such land, corroborated by the affidavit of five disinterested and credible citizens of the county, to the effect that a town, giving its name, has been located and established upon the land, and that there has been erected therein and is being occupied by bona fide citizens, twenty business and resident houses, or either or both.

[Acts 1925, S.B. 84.]

**Art. 5330a. Regulating Sale and Patenting of Lands Formerly Part of Oklahoma; Special Land Board Abolished; Powers and Duties of General Land Office**

**Land Offered to Claimants; Consideration**

Sec. 1. All of the lands along the 100th degree of west longitude on the East side of the Panhandle of the State of Texas and the west side of the State of Oklahoma, found to be in the State of Texas by the final decree of the Supreme Court of the United States, entered March 17th, 1930, in the case of the State of Oklahoma vs. the State of Texas, the United States of America, Intervenor, theretofore claimed by Oklahoma but now located in Lipscomb, Hemphill, Wheeler, Collingsworth and Childress Counties, are hereby offered for sale to the claimants of said lands as reflected by the Deed Records or other public records of the State of Oklahoma and under the laws of the State of Oklahoma at the time of the rendition of said decree by the Supreme Court of the United States, and said lands shall be sold to such claimants as would have then owned said lands had the same been a part of Oklahoma, or who have acquired or may hereafter acquire title by foreclosure of a lien valid and enforceable under the laws of Oklahoma at the time of the rendition of such decree. The consideration for such sale shall be the sum of One (\$1.00) Dollar per acre.

**Special Land Board Abolished; Transfer of Rights and Duties**

Sec. 2. The rights and duties of the Special Land Board are transferred to the General Land Office, and the Special Land Board is abolished. The General Land Office shall have the power to ascertain the bona fide claimants of said lands as shown by the public records and under the laws of the State of Oklahoma, to make such surveys and investigations as may be necessary to carry out the provisions of this Act, and to adopt such rules, regulations and forms as it may deem expedient.

**Application; Fee; Investigation and Award**

Sec. 3. Any claimant to any portion of said lands who would have had title to same had it been located in Oklahoma, may make application to the Commissioner of the General Land Office to purchase the land claimed. Such application shall be accompanied by field notes of the tract claimed, together with a filing fee of One (\$1.00) Dollar, an examination fee of Fifteen (.15¢) Cents per acre, and with such other information as the Land Board may require to be given, including certified copies of all muniments of title under the laws of Oklahoma. Upon receipt of such application the Land Board shall cause an investigation to be made as to the status of the public records of the State of Oklahoma, and in event it is found that the applicant would have been the owner of said land at the time of the decree of the Supreme Court of the United States had the same been located in Oklahoma, or holds title

by reason of foreclosure of a lien valid and enforceable under the laws of Oklahoma at the time of such decree of the Supreme Court of the United States, such application shall be approved, and said land awarded to said applicant. Within sixty days after such award such applicant shall pay to the Commissioner of the General Land Office the sum of One (\$1.00) Dollar per acre for said land, and upon receipt of such payment the Commissioner of the General Land Office shall issue to the claimant a patent to said lands in such form as the Land Commissioner shall prescribe.

**Sale to Lien Holder**

Sec. 4. In event the claimant fails or refuses to purchase same or to apply for a patent as provided for herein, then the holder of a lien against any of said lands may make such purchase or apply for such patent on behalf of said owner and pay the consideration provided for, and all fees and expenses, and such amounts when paid by such lien holder shall be added to and become a part of the total amount secured by the lien. A failure on the part of the said owner to make purchase, or application for patent, for a period of four months after the last publication by said Land Board as provided in this Act shall constitute such failure to apply as will warrant the lien holder in making such application to purchase. The patent issued upon application and purchase of a lien holder shall be in the name of the person, persons or company who would have owned said lands had the same been a part of Oklahoma.

**Recording Deeds, Mortgages, Etc.; Evidence; Force and Effect**

Sec. 5. All deeds, mortgages, contracts and instruments of every nature, or in case of loss of any such instrument a certified copy from the record in the Oklahoma County may be so used, affecting the title to said lands, or that would have formed a part of the chain of title to the same under the laws of the State of Oklahoma, and now of record on the public records of the State of Oklahoma, may be filed and recorded in the county in Texas in which the land is now located. All deeds, mortgages, conveyances and all other instruments which would be valid under the laws of the State of Oklahoma and admissible in evidence under the laws of said State, shall be valid in Texas and shall be admissible in evidence in any court in this State, and copies of said instruments certified as provided by the laws of Oklahoma, as well as the originals thereof, may be introduced in evidence in the same manner as if executed with the formalities required by the laws of the State of Texas, and as if certified as required by the laws of this State. All such deeds, deeds of trust, mortgages, conveyances and contracts, affecting the title to any of said lands shall be given the same force and effect in the State of Texas as same would have been given in the State of Oklahoma, and all bona fide liens, incumbrances, or debentures, now

outstanding and unsatisfied, and existing against said lands at the time of the rendition of said decision of the Supreme Court of the United States are here expressly validated, save and except as to purchase money due to the State of Oklahoma, or the United States, and except taxes, general or special, due to the State of Oklahoma, or any city, county, school district or other political subdivision of the State of Oklahoma. In determining whether any lien against said land shall be enforced, the period of time intervening between the rendition of the decision by the Supreme Court of the United States and the issuance of a patent to the land involved by the State of Texas, shall not be computed in applying the Statutes of Limitation of either the State of Oklahoma or the State of Texas, and this Act shall be liberally construed in the enforcement of liens against said land, it being the intention of the Legislature that all sections and parts hereof are independent of each other, and if any section or part hereof be held unconstitutional such invalid section shall not affect the remaining sections or parts hereof.

#### Deposit and Use of Fees

Sec. 6. The examination fees provided for in Section 3 of this Act shall be deposited with the State Treasurer in a special fund to the credit of the Land Board created in Section 2 hereof. All such moneys so paid into the State Treasury are hereby specifically appropriated to said Land Board for the purpose of defraying the authorized and necessary expenses incident to the enforcement of this Act incurred by said Board in determining the identity of persons entitled to the benefits of this Act. The Comptroller shall, from time to time, upon requisition of the Commissioner of the General Land Office, draw warrants upon the State Treasurer for the amounts specified in such requisition, not exceeding, however, the amount of such fund on deposit at the time of the making of any requisition therefor. Any sum remaining in such fund after all expenses have been paid shall be transferred to the Permanent School Fund. The amount of money accruing to the State of Texas as consideration for the sale of the land as provided for in Section 3 hereof shall be placed to the credit of the Permanent School Fund.

#### Determination by Board; Proclamation; Time for Application

Sec. 7. The Land Board, upon the passage of this Act, is authorized to determine when such lands are available for purchase, and said Board shall by proper proclamation give notice to all persons desiring to file an application to purchase said land, by causing such proclamation to be published once each week for two consecutive weeks in some newspaper of general circulation in each county in which any part of said lands may be located, and by filing a copy of such proclamation with the County Clerk of each such county. Applications to purchase such lands shall be filed with the

Commissioner of the General Land Office within four months from and after the last publication, and if said claims are not filed within said time an additional filing fee of Ten (10¢) Cents per acre shall be required. No land shall be patented or sold under the provisions of this Act unless claimed and applied for within twelve months after the publication of said proclamation, and the proclamation shall so state.

#### Art. 5330b. Sale of Public Lands Along Western Oklahoma and Eastern Texas Boundary Authorized

From and after the effective date of this Act all public lands in this State situate along the western boundary of the State of Oklahoma and the eastern boundary of the State of Texas and along the 100th degree of west longitude, found to be in the State of Texas by final decree of the Supreme Court of the United States entered March 17, 1930, in the case of the State of Oklahoma vs. the State of Texas, the United States of America, intervenor, theretofore claimed by Oklahoma but now located in Lipscomb, Hemphill, Wheeler, Collingsworth and Childress Counties, are to be offered for sale in accordance with the provisions of Article 5330A, Revised Civil Statutes of Texas Acts 1931, Forty-second Legislature, Page 311, Chapter 185.

[Acts 1939, 46th Leg., p. 478, § 1.]

### 3. LEASES

#### Art. 5331. Lease of Unsold Tracts

Any unsold land may be leased at any time at not less than five cents per acre, payable in advance each year and for a term not to exceed five years, but all land so leased and unsold shall be subject to sale on each succeeding sale date.

[Acts 1925, S.B. 84.]

#### Art. 5332. To Advertise Lands

All leases under the provisions of this chapter may be advertised by the Commissioner in such manner as he deems best, and let to the highest responsible bidder in such quantities and under such regulations as he deems to be the best interest of the State, not inconsistent with the equities of the occupant. Any bid or offer to lease may be rejected by him prior to signing the lease contract, for fraud or collusion, or other good and sufficient cause.

[Acts 1925, S.B. 84.]

#### Art. 5333. Application and Delivery

One desiring to lease said lands shall make written application to the Commissioner specifying and describing the particular lands he desires to lease; and thereupon the Commissioner shall notify the applicant in writing who offers the highest price, that his proposition to lease is accepted; and shall execute to

the lessee in the name and by authority of the State of Texas a lease on such lands. When the lessee has paid the rent for one year in advance, the Commissioner shall deliver said lease to the clerk of the county in which the land is situated, who shall record in a well-bound book kept in his office, a memorandum or abstract of said lease, showing the number of the survey or surveys leased, the name of the original grantee, the amount leased, the name of the lessee, the date of the lease and the number of years it has to run, and no other record of leases shall be required. The clerk shall be entitled to twenty-five cents for entering said memorandum. Upon payment of said fee, the clerk shall deliver the lease to the lessee. When any such lease is filed for record the clerk shall make the memorandum or abstract above provided for.

[Acts 1925, S.B. 84.]

#### Repeals

*Acts 1971, 62nd Leg., p. 2721, ch. 886, effective June 14, 1971, relating to the micro-filming of records by counties, and classified as article 1941(a), provided in section 2 that all laws or parts of laws in conflict with the provisions of this Act are hereby repealed, to the extent of conflict only, including but not limited to this article.*

*Repeal of fees provided for county clerks in laws, or parts of laws, conflicting with the provisions of article 3930, see note under article 3930.*

#### Art. 5334. Water Supply: Option

Any person desiring to lease any lands on which no permanent water supply exists, shall notify the Commissioner in writing that he desires to lease lands, specifying and describing them, provided he can obtain the necessary supply of water by boring or otherwise, and that he will within ninety days lease said lands, provided such water supply can be obtained; he shall also make and file with the Commissioner his bond, with good and sufficient personal security, to be approved by the Commissioner, in a sum equal to one year's rental of the quantity of land applied for, payable to the State, conditioned that he will diligently and in good faith try to secure water on such land during such ninety days, and if secured will lease the designated lands for the term prescribed herein; and thereupon the Commissioner shall, for such ninety days, withhold such lands from lease to any other person. Within or at the expiration of the said ninety days, and annually thereafter, such applicant shall pay to the State in advance, one year's rental of the land applied for by him; on satisfactory proof of which payment the Commissioner shall execute and deliver to the lessee a lease of the said lands, signed by himself officially, and attested by the seal of the Land Office, together with which he shall deliver up the bond of said lessee, marked, "Satisfied." If said lessee fails to apply for his lease and

make the payment aforesaid within said ninety days, and shall also within said ninety days fail to prove to the satisfaction of the Commissioner within that time that he has in good faith diligently used proper means and made proper efforts to secure a water supply on such land and failed, then the Commissioner shall mark said bond, "Forfeited", and shall deliver the same to the Attorney General, who shall at once cause said bond to be sued upon and collected, and paid to the available school fund. The penalty stated in such bond is hereby declared to be liquidated damages, and judgment for that sum shall in all cases be recovered by the State. Proof satisfactory to the Commissioner that proper, suitable and diligent effort has been made by such applicant to secure water, and that sufficient water could not be secured, shall relieve the principal and sureties on said bond from all responsibilities therein, and it shall be marked, "Satisfied", by said Commissioner and delivered to the principal therein. No lease of less than four sections of unwatered pasture lands shall be made, unless such less number includes all unleased land in that vicinity belonging to the several funds mentioned in this chapter. Lessees or their vendees who shall have at their own expense secured water on their leaseholds in accordance with the provisions of this article, shall at the expiration of their lease contract, have a right to a renewal of their leases for another term of five years at the price then provided by law, by giving sixty days written notice to the Commissioner.

[Acts 1925, S.B. 84.]

#### Art. 5335. Expired Leases

When a lease expires, or is canceled for any cause within ninety days from any sale date, the Commissioner shall not consider an application to lease the land within said time. An original lessee, or the assignee of an entire leasehold, who was such at the date of the termination thereof, shall have a preference to another lease of the land at the expiration of the ninety days over another applicant to lease, provided he will pay as much therefor as another, after due publicity.

[Acts 1925, S.B. 84.]

#### Art. 5336. Forfeiture: Lien

If any lessee fails to pay the annual rent due for any year within sixty days after such rent becomes due, the Commissioner shall cancel said lease by a writing under his hand and seal of office, and filing it with the other papers relating to such lease, when such lease shall immediately terminate. During the continuance of all leases, and after forfeiture, the State shall have a lien upon all property owned by the lessee upon the leased premises to secure the payments of all rents due, which lien shall be superior to all other liens whatsoever. A reservation of such lien in said lease shall not be essential to the preservation or validity thereof.

[Acts 1925, S.B. 84.]

**Art. 5337. Lessees May Remove Improvements**

All improvements made by lessees on lands leased by them are hereby declared to be personal property, which may be removed by such lessees on the expiration of their lease contracts; and they shall have sixty days after such expiration in which to remove the same.

[Acts 1925, S.B. 84.]

**4. EASEMENTS**

**Art. 5337-1. Execution in Favor of Conservation and Reclamation Districts in Connection with Soil Conservation and Flood Prevention Projects**

Sec. 1. The Commissioner of the General Land Office is hereby authorized to execute easements on all unsold public free school lands to conservation and reclamation districts in connection with soil conservation and flood prevention projects authorized by the Watershed Protection and Flood Prevention Act (Public Law 566, 83rd Congress; 68th Statute 666 as amended by Public Law 1018, 84th Congress; 7th Statute 1088).<sup>1</sup>

Sec. 2. Such easements may be perpetual or for a term of years, and the form of easement may contain such provisions as the Commissioner may deem necessary to protect the interests of the state. The consideration payable to the state for such easements shall be as fixed by the Commissioner to compensate the state for any damage to the land or to the use thereof caused by such easements, but if the Commissioner shall determine that the benefits resulting from the grant of such easements exceed the damage the Commissioner may waive consideration for such easements.

Sec. 3. All mineral rights, together with the right to explore for, produce and market the same, shall be reserved to the state and shall be subject to lease for minerals as are other unsold public free school lands.

[Acts 1957, 55th Leg., 1st C.S., p. 32, ch. 14.]  
<sup>1</sup> 16 U.S.C.A. §§ 1001 to 1007.

**Art. 5337-2. Execution in Favor of Nueces County Water Control and Improvement District No. 4 for Water Supply**

The Commissioner of the General Land Office is hereby authorized and empowered, acting for and on behalf of the State of Texas, to execute any and all grants of easements in, on, and across all unsold Public Free School Lands, and in, on, and across all islands, salt water lakes, bays, inlets, marshes, and reefs owned by the state within the tide-water limits, and in, on, and across that portion of the Gulf of Mexico within the jurisdiction of Texas, to Nueces County Water Control and Improvement District Number 4 for right-of-ways for pipe lines and for the installation of all works, facilities, and appliances, in any and all manners incident to, helpful or necessary for securing, storing, processing, treating, transporting, and selling an adequate supply of fresh water; provided, however, said Nueces

County Water Control and Improvement District Number 4 shall pay the sum of Ten Dollars (\$10.00) as consideration for the granting of each easement.

Sec. 2. The Commissioner of the General Land Office may grant the easements provided in Section 1 hereof for such term and shall cover only such area which in the judgment of the Commissioner may be required to carry out the purposes for which said District was created, and, if he deems it necessary, the Commissioner of the General Land Office may grant such easements perpetually.

Sec. 3. During the existence of the easements authorized and granted pursuant hereto the officers and employees, contractors and sub-contractors of the Nueces County Water Control and Improvement District Number 4 are hereby authorized to go in and upon the lands described herein to construct such pipe lines and to install all works, facilities, appliances, and to repair and to remove same from time to time.

Sec. 4. All easements granted under Section 1 of this Act shall be on forms approved by the Attorney General.

Sec. 5. All income received by the Land Commissioner under this Act from Public School Lands shall be credited to the Available School Fund.

Sec. 6. The powers and authority herein conferred and vested in the Commissioner of the General Land Office shall be cumulative of all powers and authority heretofore and hereafter vested in the Commissioner of the General Land Office under the Constitution and laws of this state.

## 1. UNIVERSITY AND OTHER LANDS

Art. 5338. Repealed by Acts 1931, 42nd Leg., p. 452, ch. 271, § 13

Art. 5339. Application for Surveyed Lands

One desiring to obtain the right to prospect for and develop oil and natural gas that may be in any surveyed area included herein shall

file with the county clerk a written application designating it sufficiently to identify it. Such clerk shall, upon receipt of one dollar as a filing fee, file and record the application and note the same on his record of surveys opposite the entry of the proper survey, giving the time of filing. When one has obtained four sections, or the equivalent, eligible to be embraced in one permit, such applicant shall not obtain any more land within two miles thereof, but if one obtains less than four sections eligible to be embraced in one permit, such one may obtain such additional area within two miles of the other area as will equal four sections. One shall not obtain more than one thousand acres within one mile of a well producing petroleum.

[Acts 1925, S.B. 84.]

## Art. 5340. Unsurveyed Lands: Application

One desiring to obtain the right to prospect for and develop oil and natural gas in any unsurveyed areas named in this law shall file with the county surveyor a written application for each area applied for, designating it sufficiently to identify it, but such areas shall not exceed 2,560 acres. Upon receipt of one dollar filing fee the surveyor shall file and record the application.

[Acts 1925, S.B. 84.]

## Art. 5341. Issuance of Permit

When the Commissioner receives an application that was filed with the county clerk or with the surveyor and the field notes and plat, one dollar filing fee and ten cents per acre for each acre applied for, which shall also be paid annually thereafter during the life of the permit, and an affidavit by the applicant showing what interest he has in any other permit, lease or patent issued under this law and in good standing, he shall file the same, and if upon examination the application and field notes are found correct and the area applied for is within the provisions of this law, the Commissioner shall issue to the applicant or his assignee a permit conferring upon him an exclusive right to prospect for and develop petroleum and natural gas within the designated area for a term not to exceed two years.

[Acts 1925, S.B. 84.]

## Art. 5341a. Extension of Permits

All permits to prospect for oil and gas heretofore issued on river beds or channels, fresh water lakes and islands therein which have not expired and on which as much as twenty-five thousand dollars (\$25,000.00) has been spent in prospecting for oil and gas and on which actual work is now being done, are hereby extended for a period of ten years from date the permit was issued, upon condition that the owner will pay annually in advance the acreage rental due thereon under the law as provided in the permit. This Act shall not be construed to relieve the owner of such permits from the obligations to drill such offset wells

as are required by the law under which the permit was issued.

[Acts 1925, S.B. 84.]

#### Art. 5341b. Extension of Oil Leases

All oil and gas permits heretofore or hereafter issued upon lands included herein and which have not expired shall be extended for a term of five years from date thereof, conditioned only upon the payment of the annual rental, as provided by law, in advance and whenever production is secured in paying quantities and the payment of royalty begins, the owner shall not pay any further annual rental money. After production is secured in paying quantities, the owner shall be entitled to a lease which shall run so long as the area covered by his lease produces oil or gas in paying quantities, subject to the provisions of this Act.

[Acts 1925, S.B. 84.]

#### Art. 5341c. Suspension of Running of Terms of Leases While Owner is Denied Access by United States

Sec. 1. If the owner of any valid oil and gas lease granted by the State is denied access to or is denied a permit to drill upon or produce from the leased premises by any duly constituted authority of the United States of America, after a bona fide attempt has been made by such owner to obtain access or permit to drill upon or produce from the leased premises, such owner may file with the School Land Board an application describing and giving the date of the action which deprives him of the right of access or the right to drill upon or produce from the premises, and if said Board is satisfied that the facts set forth in the application are true, the Board may enter an order upon its minutes suspending the running of both the primary and the principal term of such lease, or suspending any condition, obligation or duty thereunder as of the date of the origin of the cause of suspension and during the existence of the cause of suspension, so long as the lessee continues to make on each anniversary date of such lease the annual rental payments stipulated in the lease during the period of suspension. Such oil and gas lease shall remain in status quo, and all obligations and conditions existing under such lease or such of them as may be suspended by said Board, shall be inoperative and of no force and effect, except the obligation to pay delay rentals as provided for herein, until ninety (90) days after the School Land Board shall enter an order upon its minutes reciting that the cause for suspension has ceased to exist, at which time such oil and gas lease shall, provided the rental payments have been made during the period of suspension, again become operative and all of the suspended obligations and conditions, including the payment of rentals under same, shall again attach and be in force, and in the case of the suspension of the primary and/or principal terms of the lease, the lease shall thereafter continue in force for a period equivalent to the

unexpired term of the lease on the date of origin of the cause for suspension. The Commissioner of the General Land Office shall give notice immediately to the lessee of the entry of the order that the cause for suspension has ceased to exist; provided, however, that the annual rental payments have been met.

Sec. 2. Nothing contained herein shall be construed as abridging any rights or privileges conveyed by Chapter 287, Acts of the Forty-seventh Legislature, Regular Session.<sup>1</sup>

#### Art. 5341d. Extension of Leases on University Land; War Agency Restrictions

Sec. 1. In the case of any non-producing oil, gas or mineral lease on University land, if one hundred twenty (120) days before expiration of the primary term there be in effect any restrictions issued by a Federal war agency prohibiting the drilling or completion of a well thereon, the holder of such lease shall have the right to negotiate an extension or renewal of such lease for a period of not longer than two (2) years with the Board of Regents of the University of Texas and the Commissioner of the General Land Office.

The Board of Regents of the University of Texas and the Commissioner of the General Land Office, in considering an application for an extension or renewal of any such lease above described, shall take into consideration in establishing the consideration for such lease the diligence with which the lessee has followed his duties under the existing lease, the present value of the land upon which an extension or renewal of the lease is sought, and all other good business practices. The lessee in presenting his application for extension or renewal of such lease or leases shall present evidence to the Board of Regents of the University of Texas and to the Commissioner of the General Land Office showing it was impossible for him or any of his co-owners to comply with the restrictions which he claims prohibited the drilling or completion of the well on said tract.

If the lessee should claim as grounds for an extension or renewal of any such lease that there is insufficient acreage within the tract under lease by him to comply with the Federal restriction then no extension or renewal shall be granted unless said lessee also show that there is no adjacent and adjoining acreage to said tract wherein said applicant is a party in interest that could have been combined with the tract upon which the application for extension or renewal is made in order to comply with the Federal restriction.

Sec. 2. The Commissioner of the General Land Office is hereby authorized to issue to the lease owner such instrument in writing in the nature of an extension or renewal of such lease as may be necessary or proper to carry into effect the foregoing provision of this Act.

Sec. 3. The provisions of this Act are and shall be held and construed to be cumulative of

all General Laws of this state on the subject treated of and embraced in this Act when not in conflict herewith, but in case of conflict, in whole or in part, this Act shall control.

Sec. 4. If any section, subdivision, paragraph, sentence, or clause of this Act be held to be unconstitutional, the remaining portions of same shall nevertheless be held valid and binding.

[Acts 1943, 48th Leg., p. 359, ch. 238.]

**Art. 5341e. Suspension of Running of Terms of Leases While Owner is Denied Access by United States**

If the owner of any valid oil and gas lease granted by the State covering University lands is denied access to or is denied a permit to drill upon or produce from the leased premises by any duly constituted authority of the United States of America, after a bona fide attempt has been made by such owner to obtain access or permit to drill upon or produce from the leased premises, and denial of access as used herein shall include agreements by the lessee or his assigns under any such lease with a duly constituted authority of the United States not to enter upon and engage in drilling operations on any such oil and gas lease made under compulsion or threat of condemnation by such duly constituted authority of the United States, such owner may file with the Board for Lease of University Lands an application describing and giving the date of the action which deprives him of the right of access or the right to drill upon or produce from the premises, and if said Board is satisfied that the facts set forth in the application are true, the Board may enter an order upon its minutes suspending the running of both the primary and the principal term of such lease, or suspending any condition, obligation, or duty thereunder as of the date of the origin of the cause of suspension and during the existence of the cause of suspension, so long as the lessee continues to make on each anniversary date of such lease the annual rental payments stipulated in the lease during the period of suspension. Such oil and gas lease shall remain in status quo, and all obligations and conditions existing during such lease or such of them as may be suspended by said Board, shall be inoperative and of no force and effect, except the obligation to pay delay rentals as provided for herein, until ninety (90) days after the Board for Lease of University Lands shall enter an order upon its minutes reciting that the cause for suspension has ceased to exist, at which time such oil and gas lease shall, provided the rental payments have been made during the period of suspension, again become operative and all of the suspended obligations and conditions, including the payment of rentals under same, shall again attach and be in force, and in the case of the suspension of the primary and/or principal terms of the lease, the lease shall thereafter continue in force for a period equivalent to the unexpired term of the lease on the date or

origin of the cause for suspension. The Commissioner of the General Land Office shall give notice immediately to the lessee of the entry of the order that the cause for suspension has ceased to exist; provided, however, that the annual rental payments have been met.

[Acts 1945, 49th Leg., p. 300, ch. 217, § 1.]

**Art. 5342. Development Work**

Before the expiration of twelve months after the date of the permit the owner thereof shall in good faith begin actual work necessary to the physical development of said area. If petroleum and natural gas is not sooner developed in commercial quantities the owner or manager shall within thirty days after the expiration of one year from the date of the permit, file in the Land Office an affidavit supported by two disinterested credible persons that such actual work was begun within the first twelve months aforesaid, and that a bona fide effort to develop the said area was made during the twelve months preceding the filing of the statement, and showing what work was done and expenditures incurred and whether or not petroleum or natural gas had been discovered in commercial quantities. A failure to file said affidavit within the time specified, or the filing of an affidavit false in material matters shall subject the permit to forfeiture. The owner of a permit shall not take, carry away or sell any petroleum or natural gas before obtaining a lease therefor; provided such quantity as may be necessary for the continued development of the area before obtaining a lease may be used without accounting therefor.

[Acts 1925, S.B. 84.]

Rights hereunder shall be conditioned on regular payment of annual rentals covering the two year extension period, and also on owner making report to the Commissioner of the General Land Office within sixty days after this Act becomes effective, showing drilling operations and depth of well.

[Acts 1925, S.B. 84.]

**Art. 5343. University Permits**

The provisions of subdivision 3 of this Chapter, so far as they relate to a combination of permits and extension of time for beginning development and time for development thereunder, shall apply to permits upon University land.

[Acts 1925, S.B. 84.]

**Art. 5343a. Withdrawal of University Land from Lease**

If, in cases now pending in the Supreme Court or in cases hereafter filed, the said Court should decide that the mineral lease or sales Act of March 10, 1925, Chapter 71, Acts Regular Session, 39th Legislature,<sup>1</sup> is invalid or ineffective, then and in that event the minerals in all University land are hereby withdrawn from lease or sale until such time as the Legislature may enact legislation deemed adequate for the protection of the University available and permanent funds; and the Commissioner of the General Land Office shall not, in the event such sales act is declared unconstitutional, thereafter issue any oil and gas permits on said land upon any application heretofore or hereafter filed, until further legislation as to same.

<sup>1</sup> Repealed by Acts 1929, 41st Leg., p. 6, ch. 2.

The owner of a gas well shall pay a royalty of one-tenth of the value of the metre output of all gas disposed of off the premises; provided, however, that the provisions hereof as to the payment of two (\$2.00) dollars per acre during the lease period and the life of said lease shall not apply to leases of bays, marshes, reefs, salt-water lakes or other submerged lands containing as much as one hundred (100) acres but not in excess of five hundred (500) acres upon which as many as five wells have been drilled, and upon which an expenditure of as much as one hundred thousand (\$100,000.00) dollars has been made. **Art. 5344c. Oil, Gas and Mineral Leases; Terms; Extension**

Sec. 1. All leases for the production of minerals (except gold, silver, platinum, cinnabar or other metals) covering any area within river beds and channels, unsold school lands, both surveyed or unsurveyed, or any area within tidewater limits, including islands, lakes, salt water lakes, bays, inlets, marshes, reefs, the bed of the sea and that portion of the Gulf of Mexico now or hereafter within the jurisdiction of the State of Texas, hereafter granted by the Commissioner of the General Land Office or the School Land Board, shall be granted for a primary term of five (5) years and as long thereafter as oil, gas, or other mineral covered by such lease is produced therefrom, providing that all leases for minerals, except oil and gas, shall be granted on separate leases and for separate considerations.

Sec. 2. Any lease heretofore granted and in good standing covering any of the lands or areas referred to in Section 1 of this Act, upon application by any owner thereof to the Commissioner of the General Land Office before December 1, 1971, may be amended under the terms of this Act so as to provide that such lease shall remain in effect as long after the expiration of its primary term as oil, gas, or other mineral covered by such lease is produced therefrom, provided any amendment executed by virtue of this Act shall include only those minerals covered in the original agreement to which said amendment is made; and providing further, that in amending such leases same shall be amended and renewed separately as to each mineral thereunder, except as to "oil and gas" which may be contained in one lease and each such lease shall remain in effect as long after the expiration of its primary term as such mineral covered by such lease is produced therefrom in paying quantities. The School Land Board shall fix the consideration for each such amendment, which shall not be less than Two Dollars (\$2) per acre, provided that any such amendment shall not change the original consideration in any lease to the extent that the state shall thereafter receive less than the original royalty provided in said leases. If the consideration so fixed is paid in cash within ninety (90) days after such consideration has been fixed, the Commissioner of the General Land Office shall execute and deliver to the owner of such lease an instrument evidencing such amendment. If the consideration is not paid within the ninety (90) days,

the application shall be conclusively presumed to have been withdrawn. This Act shall not authorize the Commissioner of the General Land Office or the School Land Board to change or amend the lease involved in any other respect.

Sec. 2-A. Provided that before any lease is extended the School Land Board shall have the right in any case, at the expense of the lessee involved, to do or have done such geological work as it may deem necessary for the purpose of determining the value of the lease and what amount should be charged for any extension, and all applications shall contain an agreement by the lessee that such work may be done at lessee's expense.

Sec. 3. All laws and parts of laws in conflict herewith are hereby repealed to the extent of such conflict only.

Sec. 4. It is hereby declared to be the legislative intent to enact each separate provision of this Act independent of all other provisions, and the fact that any phrases, sentences, clauses, or sections of this Act shall be declared unconstitutional shall in no event affect the validity of any of the other provisions hereof.

(b) In the case of royalty taken in kind, any reference to the time of a payment of royalty means the time of tender for delivery to the leasing agent of the royalty in kind, and any reference to the value or amount of payment of royalty means:

(1) the value of the proceeds of first sale by the leasing agent of the royalty taken in kind; or

(2) if no such sale occurs within 30 days of delivery, the market value of the royalty taken in kind for the field where produced and when run.

(c) This Act shall not be construed to surrender or in any way affect the right of the state under existing or future leases to receive royalty from its lessee on the basis of the fair market value produced and saved from state public lands.

twenty-five cents per acre for the second year, and fifty cents per acre for the third year, and one dollar per acre for each year thereafter. When production has been secured in commercial quantities and the payment of royalty begins and continues to be paid, the owner shall be exempt from further annual payments on the acreage. If production should cease and royalty not be paid, the owner of the lease shall, at the end of the lease year in which royalty ceased to be paid, and annually thereafter in advance, pay one dollar per acre so long as such owner may desire to maintain the rights acquired under the lease, not to exceed ten years from the date of said lease.

[Acts 1925, S.B. 84.]

**Art. 5359. Offset Wells**

If oil or gas should be produced in commercial quantities in a well on an area privately owned when such well is within one thousand feet of an area leased hereunder, the owner of the lease on such State area shall, within sixty days after the initial production on such privately owned area, begin in good faith and prosecute diligently the drilling of an offset well or wells on the area so leased from the State. Such offset wells shall be drilled to such depth and such means shall be used as may be necessary to prevent the undue drainage of oil or gas from beneath such State area. A log of each well shall be filed in the Land Office within thirty days after the well has been completed or abandoned.

[Acts 1925, S.B. 84.]

**Art. 5360. Forfeiture of Rights**

The provisions of subdivision 3 of this chapter governing the forfeiture of rights thereunder and a reinstatement thereof, shall apply to leases under this subdivision, and on forfeiture of such lease, after due advertisement, it shall be subject to lease by another than such forfeiting owner.

[Acts 1925, S.B. 84.]

**Art. 5361. Access to Lands**

Whenever it becomes necessary for the owner of a lease acquired hereunder to enter the inclosed land of another for the purpose of ingress and egress to and from the area so leased from the State, and such lessee and owner or his agent cannot agree upon the place of such entry, nor the conditions thereof, the lessee or his agent may petition the commissioners courts of the counties in which such inclosure is situated in whole or in part for the opening of such way of ingress and egress as may be necessary. Upon the filing of such petition, said courts shall lay out and establish in the manner provided for the laying out of third class public roads, such roads as may be necessary for the purpose named herein.

[Acts 1925, S.B. 84.]

**Art. 5362. Assignments of Leases**

One may transfer his lease at any time. Such transfer shall be recorded in the counties

in which the area or part thereof is situated and within ninety days after the date of its execution the recorded transfer or certified copy of same shall be filed in the Land Office accompanied by one dollar as filing fee, and thereby the assignee shall succeed to all the rights and be subject to all the obligations and penalties of the original lessee.

[Acts 1925, S.B. 84.]

#### Art. 5363. Relinquishment of Lease

An owner may relinquish his lease to the State at any time by having the relinquishment recorded in the counties in which the area or part thereof is situated, and within ninety days after the date of its execution the recorded relinquishment or certified copy of same shall be filed in the Land Office accompanied by one dollar as filing fee, and thereby the owner of such lease shall be relieved of any further obligations to the State, but such relinquishment shall not have the effect to release the owner from any obligations or liabilities theretofore accrued in favor of the State.

[Acts 1925, S.B. 84.]

#### Art. 5364. Disposition of Payments

The State Treasurer shall credit the permanent free school fund with all amounts received from the unsurveyed school lands, and with two-thirds of the amount so received from other areas, and shall credit the general revenue fund with the remaining one-third from said other areas.

[Acts 1925, S.B. 84.]

#### Art. 5365. Classification of Surveys

To administer this law to the best interest of the State, the Commissioner may recognize or decline to recognize any survey heretofore made of any area included herein. Recognized surveys shall be advertised and shall be subject to lease as a whole. Surveys not recognized shall be deemed, together with all adjacent unsurveyed areas, as one unsurveyed area, and the Commissioner shall advertise the whole or designated portions thereof for lease. The Commissioner may require field notes for unsurveyed areas before issuing a lease therefor.

[Acts 1925, S.B. 84.]

#### Art. 5366. Pollution of Streams

All development and operations upon the areas included herein shall be done so far as practicable in such manner as to prevent the pollution of water, destruction of fish, oysters and other marine life, and obstruction of navigation. The Commissioner of the General Land Office shall promulgate and enforce such rules and regulations as may be necessary for that purpose. All such rules and regulations and any alterations of such rules shall be submitted to the Attorney General of this State for his written approval prior to the time such

rules and regulations or alterations of the same shall become effective.

[Acts 1925, S.B. 84; Acts 1955, 54th Leg., p. 671, ch. 240, § 1.]

#### Art. 5366a. Extension of Oil and Gas Leases on Areas Covered by Coastal Waters or Within Gulf

Sec. 1. In each case in which an oil and gas mineral lease has heretofore been granted or may hereafter be granted by the State of Texas on an area covered by the coastal waters of the State or within the Gulf of Mexico and in which the War Department of the United States refuses to grant a permit to the lessee or owner of such lease to drill a well thereon for oil, gas or other minerals (the area included in such lease being within the navigable waters of the United States) and in the event the primary term of such lease should expire during the period of time in which the War Department of the United States may continue to refuse to issue such permit, then and in such event the primary term of such lease is hereby extended for successive periods of one (1) year from and after the end of the original primary term of such lease while and so long as the War Department may continue such refusal to issue to the lessee or to the owner of such lease a permit to drill for oil, gas or other minerals, on the area covered thereby; provided, that in order to make such extensions effectual the lessee or the owner of such lease shall, during each of the annual periods during which the primary term of the lease is so extended, apply to and seek to obtain from the War Department a permit to drill a well for oil, gas or other minerals on the area covered by such lease and be unsuccessful in its attempts to obtain a permit, or, if successful in obtaining a permit, commence operations for drilling a well upon the leased premises within sixty (60) days after obtaining such permit; and provided further that the lessee or the owner of such lease continues to pay the annual renewal rentals at the rate provided for in such lease for the period of time involved in such extensions. Should such lease be so extended and should the War Department at any time while such lease is still in force and effect issue a permit to the lessee or to the owner of such lease to drill a well thereon for oil, gas or other minerals, such lease shall continue in force and effect if the lessee commences drilling operations upon the leased premises within sixty (60) days after obtaining such permit, and so long as the lessee or the owner of such lease shall continue to conduct drilling or mining operations thereon, or if oil, gas or other mineral be discovered thereon by the lessee or the owner of such lease, so long as oil, gas or other mineral is produced from such leased premises. Should the production of oil, gas or other mineral on said leased premises after once secured, cease from any cause, such lease shall not terminate if the lessee or owner

of such lease commences additional drilling, reworking or mining operations within thirty (30) days thereafter or if it be within the original primary term of such lease, commences or resumes the payment or tender of rental on or before the rental paying date, if any, next ensuing; but if there be no rental paying date next ensuing, the lease shall in no event terminate prior to the expiration of the primary term.

Sec. 2. The Commissioner of the General Land Office is hereby authorized to issue to the lessee or owner of said lease such instrument in writing in the nature of an extension of said lease as may be necessary or proper to carry into effect the foregoing provisions of this Act.

[Acts 1941, 47th Leg., p. 456, ch. 287.]

### 3. SOLD ASYLUM AND SCHOOL LANDS

#### Art. 5367. School and Asylum Lands

The State hereby constitutes the owner of the soil its agent for the purposes herein named, and in consideration therefor, relinquishes and vests in the owner of the soil an undivided fifteen-sixteenths of all oil and gas which has been undeveloped and the value of the same that may be upon and within the surveyed and unsurveyed public free school land and asylum lands and portions of such surveys sold with a mineral classification or mineral reservation, subject to the terms of this law. The remaining undivided portion of said oil and gas and its value is hereby reserved for the use of and benefit of the public school fund and the several asylum funds.

[Acts 1925, S.B. 84.]

#### Art. 5367a. Commissioner's Duty to Ascertain Bonus and Rental Money Due State

##### Duty of Commissioner

Sec. 1. It shall be the duty of the Commissioner of the General Land Office to ascertain and determine as soon as practicable the amounts of bonus and rental money due the State and by whom due as a result of the execution of oil and gas leases by owners of the soil as agents of the State under the provisions of the Relinquishment Act. The term "Relinquishment Act," as used in this Act, refers to and includes Chapter 81, Printed Acts of the Second Called Session of the 36th Legislature and the amendment thereof enacted by the First Called Session of the 37th Legislature.<sup>1</sup>

<sup>1</sup> Article 5367 and article 5368 et seq.

##### Cash or Deferred Payments of Rental or Bonus Due State

Sec. 2. When the Land Commissioner has ascertained and determined the amounts due the State, and by whom due, as in Section 1 of this Act provided, in every case where he finds that the lessee in an oil and gas lease executed by a land owner under the terms and conditions of the Relinquishment Act is indebted to the State under the terms and provisions of said Relinquishment Act, and in every case

where the Land Commissioner finds that a lessor, who executed an oil and gas lease under the terms and provisions of the Relinquishment Act, has received bonus and rental money under such lease and has failed to remit to the State that portion of such bonus and rental money due the State under the terms of said Relinquishment Act, all such indebtedness shall be paid to the State in cash; or if any such lessee or lessor is unable to pay said indebtedness in cash, such lessee or lessor shall file with the Land Commissioner an affidavit to the effect that such debtor is unable to pay such debt in cash. In addition to the affidavit of the debtor, the Land Commissioner may require such additional affidavits or substantiating evidence as he may deem sufficient to establish the true condition of the debtor's financial condition. Upon the filing of such affidavit and additional proof, if required, and the finding of the Land Commissioner that the affidavit speaks the truth, the debtor shall pay one-twentieth ( $\frac{1}{20}$ ) of the debt found to be due in cash and make and execute an obligation to the State for the balance due which obligation shall provide for the payment of the balance in twenty (20) equal annual payments, the first of which shall be due and payable one (1) year after the date of the obligation, and a similar payment each year thereafter until the twenty (20) deferred annual payments have been made. The obligation shall be in the form of a promissory note and shall bear interest at the rate of four per cent (4%) per annum, and such interest shall be payable annually; principal and interest shall be payable at Austin, Travis County, Texas, and all past due interest and principal shall bear interest at the rate of five per cent (5%) per annum. The note shall provide that failure to pay any installment of principal or interest when due, shall, at the option of the State to be exercised by the Attorney General, mature the whole amount of said indebtedness and cause same to become then due and payable.

##### Purpose of Act

Sec. 3. If the courts should hold that the Legislature may not grant an extension of time in which to pay said debts to those unable to pay in cash without granting the same extension upon like terms and conditions to those who are able to pay, then and in that event, it is the intent and purpose of the Legislature in enacting this law that all debts due the State for bonus and rental money arising from the execution of any oil and gas lease under the provisions of the Relinquishment Act may be paid by the debtor executing the obligation as provided in Section 2 of this Act.

##### Release of State's Lien

Sec. 4. Nothing in this Act shall ever be construed as releasing any lien that the State may now have to secure the indebtedness due the State after the same has been ascertained and determined and the obligation executed, nor shall the liability of any party be changed.

**Demand and Collection**

Sec. 5. When the amount of indebtedness mentioned in Section 1 of this Act has been ascertained and determined, the Land Commissioner shall make demand upon the debtor for the payment of the amount due, and unless the debtor pays such obligation in cash within ninety (90) days or executes his obligation in lieu thereof as provided in Section 2 within such time, the Attorney General shall take such steps as in his opinion are necessary or proper for the immediate collection of such obligation.

**Suit by State; Limitations**

Sec. 6. No suit may be instituted or maintained by the State for the collection of any debt due the State for bonus and rental money because of the execution of any oil and gas lease under the provisions of the Relinquishment Act until the Land Commissioner has ascertained the amount of such debt and the debtor has had an opportunity to make affidavit of inability to pay, as provided in this Act; and providing further that no suit may be instituted or maintained for any debt or alleged debt due the State for bonus and rental money under the Relinquishment Act, unless such suit be instituted within five (5) years from and after the date this Act becomes effective, but this limitation shall not apply to the obligation made to the State as provided in Section 2 of this Act, or to any suit for the collection of such debt where the State in its petition alleges that the affidavit of inability to pay made by the debtor is false or fraudulent, and such allegation is established to the satisfaction of the court trying said cause.

**Not Applicable to Bonus or Rental in Escrow or Held in Suspense**

Sec. 7. The terms and provisions of this Act shall not apply to any bonus or any rental money derived from a lease on any section or part of a section of land producing oil or gas at the effective date of this Act, or that has theretofore produced oil and/or gas in commercial or paying quantities, or to any indebtedness due the State which may accrue subsequent to the date this Act becomes effective, or to any debt due the State for bonus or rental where such amount has not been paid to the landowner, but has been placed in escrow or held in suspense by the lessee.

**Partial Unconstitutionality**

Sec. 8. If any section, clause, provision or sentence of this Act contained should ever be held to be unconstitutional, such holding shall not affect the remaining portions of this Act, it being the intent of the Legislature that effect shall be given to so much of this Act as may be valid, even if a portion of this Act shall be held invalid.

**Pending Suits**

Sec. 9. The provisions of this Act shall not apply to the obligations of any lessee for the

collection of which suit was pending in any court of the state on May 22, 1933.

[Acts 1933, 43rd Leg., p. 560, ch. 183.]

**Art. 5368. Sale and Lease by Agent**

The owner of said land is hereby authorized to sell or lease to any person, firm or corporation the oil and gas that may be thereon or therein upon such terms and conditions as such owner may deem best, subject only to the provisions hereof, and he may have a second lien thereon to secure the payment of any sum due him. All leases and sales so made shall be assignable. No oil or gas rights shall be sold or leased hereunder for less than ten cents per acre per year plus royalty, and the lessee or purchaser shall in every case pay the State ten cents per acre per year of sales and rentals; and in case of production shall pay the State the undivided one-sixteenth of the value of the oil and gas reserved herein, and like amounts to the owner of the soil.

[Acts 1925, S.B. 84.]

**Art. 5368a. Unconstitutional**

This article derived from Acts 1931, 42nd Leg., p. 28, ch. 23, known as the Relinquishment Act of 1931, and relating to the amount payable to the state, was declared invalid in its entirety by the Supreme Court in *Empire Gas & Fuel Co. v. State*, 121 T. 138, 47 S.W.2d 265. This holding of invalidity was recognized by the Supreme Court in the later case of *Colden v. Alexander*, 141 T. 134, 171 S.W.2d 328.

**Art. 5368b. Repealed by Acts 1949, 51st Leg., p. 477, ch. 259, § 4****Art. 5369. Offset Wells**

If oil and/or gas should be discovered in commercial quantities on lands not included in this law and within one thousand (1,000) feet of and draining land that is so included, or in any case where land so included in this law is being drained by production of oil or gas from land not so included, the owner, lessee, sub-lessee, receiver or other agent in control of land included herein shall in good faith begin the drilling of a well or wells upon such land within one hundred (100) days after such well or wells on lands not so included commence to produce in commercial quantities, and shall prosecute such drilling with diligence to reasonably develop the land included hereunder and to protect such land against drainage by wells on other lands in the locality.

[Acts 1925, S.B. 84; Acts 1949, 51st Leg., p. 881, ch. 474, § 1; Acts 1949, 51st Leg., p. 1096, ch. 559, § 1.]

**Art. 5370. Failure to Drill Offset**

If such persons fail or refuse to begin the drilling of such well or wells within the time required or to prosecute such drilling as necessary for the purpose intended herein, any lease of such land executed under the provisions of this law shall be subject to forfeiture by the Commissioner of the General Land Office, and he shall forfeit same when he is sufficiently informed of the facts which authorize a forfeiture, and shall, on the wrapper containing the papers relating to such lease, write and sign

officially words declaring such forfeiture, and the lease and all rights thereunder shall thereupon be forfeited together with all payments made thereunder. Notice of such action shall forthwith be mailed to the persons shown by the records of the General Land Office to be the owners of the surface and the owners of the forfeited lease at their last known addresses as shown by the records of said office. Upon proper showing by the owner of the forfeited lease within thirty (30) days after the declaration of forfeiture, the lease may, at the discretion of the Commissioner and upon the terms of this Act and such other terms as he may prescribe, be re-instated. If such lease be not re-instated within such time, or if the Commissioner finds that any unleased land included in this law is being drained, the Commissioner shall notify the person at his last known address, as shown by records of the General Land Office to be the surface owner, that the oil and gas is subject to sale or lease by the owner of the soil in accordance with this law, and that drilling is required. If such owner shall fail or refuse to obtain the commencement of such a well within one hundred (100) days after the date of such notice, the relinquishment herein granted and the rights acquired thereunder shall be subject to forfeiture by the Commissioner by endorsing on the file wrapper containing the papers relating to the sale of the land, words indicating such forfeiture, and such rights shall thereupon be forfeited, and notice of such forfeiture shall be forwarded to the County Clerk of the county wherein the land is situated. The rights of any owner of the soil which may have ipso facto terminated under prior laws shall be re-instated and are hereby re-instated, together with all rights acquired thereunder except where rights of third parties may have intervened. All rights herein re-instated shall be subject to the terms and provisions of this Act.

[Acts 1925, S.B. 84; Acts 1949, 51st Leg., p. 881, ch. 474, § 1; Acts 1949, 51st Leg., p. 1096, ch. 559, § 1.]

#### Art. 5371. Lease of Oil and Gas After Forfeiture

When the relinquishment herein granted has been so forfeited by the Commissioner, the land shall be subject to lease for oil and gas under the procedure provided by law for the leasing of unsold surveyed public school lands. No lease shall be executed which provides for a royalty of less than one-eighth ( $\frac{1}{8}$ ), payable to the state for the benefit of the Permanent Free School Fund, and the lessee shall in every case pay to the surface owner amounts equal to the bonus money and the delay rentals paid to the State, and in case of production such lessee shall pay to the surface owner amounts equal to one-half ( $\frac{1}{2}$ ) of all royalty above the reserved one-eighth ( $\frac{1}{8}$ ). Upon the termination or expiration of a lease so executed by the Commissioner of the General Land Office, or if no acceptable offer is received for such lease after due advertisement, the rights of the sur-

face owner to act under this law shall be ipso facto re-instated.

[Acts 1925, S.B. 84; Acts 1949, 51st Leg., p. 881, ch. 474, § 1; Acts 1949, 51st Leg., p. 1096, ch. 559, § 1.]

#### Art. 5372. Forfeiture of Rights

If any person, firm or corporation operating under this law shall fail or refuse to make the payment of any sum within thirty days after it becomes due, or if such one or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if such one should fail or refuse the proper authority access to the records pertaining to the operations, or if such one or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the Land Office a correct log of any well, the rights acquired under the permit or lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and the oil and gas shall be subject to sale in the manner provided for the sale of other forfeited rights hereunder, except that the owner of the soil shall not thereby forfeit his interest in the oil and gas. Such forfeiture may be set aside and all rights theretofore existing shall be reinstated at any time before the rights of another intervene, upon satisfactory evidence of future compliance with the provisions of this law.

[Acts 1925, S.B. 84; Acts 1949, 51st Leg., p. 881, ch. 474, § 1; Acts 1949, 51st Leg., p. 1096, ch. 559, § 1.]

#### Art. 5373. Rights of Subsequent Purchaser

If one acquires a valid right by permit or lease to the oil and gas in any unsold public free school or asylum land under any other law, a subsequent purchaser of such land shall not acquire any rights to any of the oil and gas that may be therein, but when the rights under such permit or lease terminate in the manner provided in the law under which they were obtained, then the owner of the soil shall become the owner of that portion of the oil and gas herein relinquished, and shall be thereafter subject to the provisions of this law. A forfeiture of the purchase of any survey or tract for any cause shall operate as a forfeiture of the minerals therein to the State. A relinquishment to the State of a lease producing oil or gas in paying quantities shall not operate to relinquish or convey to the owner of the soil any interest whatever in the oil and gas that may be in the land included in said lease.

[Acts 1925, S.B. 84; Acts 1949, 51st Leg., p. 881, ch. 474, § 1; Acts 1949, 51st Leg., p. 1096, ch. 559, § 1.]

#### Art. 5374. Repealed by Acts 1931, 42nd Leg., p. 452, ch. 271, § 13

#### Art. 5375. Operation Under Permit

The owner of a permit or combination of permits shall have eighteen months from the date or average date thereof in which to begin drill-

ing a well for oil and gas on some portion of the land included therein. The drilling on one permit shall be sufficient protection against forfeiture of all the permits included in a combination. Owners of permits or combination of permits included herein shall have three years after the date or average date thereof in which to complete the development of oil and gas thereon, and if oil and gas should not be found in paying quantities and a lease applied for within said time all rights in such permit or combination of permits shall terminate, and the oil and gas in such land shall become subject to the provisions of this law relating to the relinquishment of oil and gas to the owner of the soil.

[Acts 1925, S.B. 84.]

#### Art. 5376. Lease Under Permit

If oil or gas should be produced in paying quantities upon any land included in this law, the owner of the permit shall report the development to the Commissioner within thirty days thereafter and apply for a lease upon such whole surveys or tracts in each permit as the owner or owners of a combination of permits may desire to be leased, and accompany the application with a log of the wells, and the correctness of the log shall be sworn to by the owner, manager or driller, and thereupon a lease shall be issued without the payment of any additional sum of money and for a period not to exceed ten years, subject to renewal or renewals.

[Acts 1925, S.B. 84.]

#### Art. 5377. Payments Under Permit

The owner of a permit or combination of permits who desires to avail himself of the terms of this law, shall pay the State ten cents per acre, annually in advance, for the second and third years, and shall likewise pay the owner of the soil ten cents per acre for the first year of such permit, before availing himself of the privileges hereof, and a like sum thereafter annually in advance. A failure to make either of said payments shall subject the permit or permits to forfeiture by the Commissioner, and when sufficiently informed of the facts which subject the permits to forfeiture, said Commissioner shall forfeit the same by an indorsement of forfeiture upon the wrapper containing the papers relating to the permits and sign it officially. The payment of ten cents per acre to the owner of the soil may be made to him or to the county clerk of the county in which the land is situated, and said clerk shall deposit such payment as he receives, in some bank at the county seat to the credit of the record owner of such land. If the owner of the soil refuses to accept such payment, said clerk shall withdraw such deposit and return it to the owner of the permit. The payment, or the tender of payment, shall be evidenced by the receipt of the owner or part owner or county clerk filed among the papers in the Land Office relating to such permits.

[Acts 1925, S.B. 84.]

#### Art. 5378. Relinquishment Under Permit

The owner of a permit or combination of permits may relinquish to the State a permit or combination of permits or any whole survey or whole tract included in a permit at any time before obtaining a lease therefor by having such relinquishment recorded in the counties in which the land or part thereof is situated, and by filing it in the Land Office within sixty days after its execution, with one dollar as a filing fee.

[Acts 1925, S.B. 84.]

#### Art. 5379. Damages to Soil

The payment of the ten cents per acre and the obligation to pay the owner of the soil one-sixteenth of the production and the payment of same when produced and the acceptance of same by the owner, shall be in lieu of all damages to the soil.

[Acts 1925, S.B. 84.]

### 4. GENERAL PROVISIONS

#### Art. 5380. Payment of Royalty

All royalties shall be paid to the State on or before the last day of each month for the preceding month during the life of the lease, accompanied by the affidavit of the owner, manager or other authorized agent, showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the area, and the market value of the oil and gas, together with a copy of gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage. The books and accounts, receipts and discharges of all lines, tanks, pools and meters and all contracts and other records pertaining to the production, transportation, sale and marketing of the oil and gas shall at any time be subject to inspection and examination by the Commissioner, the Attorney General, the Governor, or the representative of either.

[Acts 1925, S.B. 84; Acts 1967, 60th Leg., p. 912, ch. 400, § 5, eff. June 8, 1967; Acts 1969, 61st Leg., p. 1687, ch. 545, § 2, eff. June 10, 1969.]

#### Art. 5381. Form of Payments

All payments shall be in the form of cash, bank draft on some State or National bank in Texas, post-office or express money order, or such other form as the law may prescribe for making remittances to the State Treasury, and shall be due and payable to the Commissioner at Austin.

[Acts 1925, S.B. 84.]

#### Art. 5382. Lien

The State shall have a first lien upon all oil and gas produced upon any lease area to secure the payment of all unpaid royalty and other sums that may become due hereunder.

[Acts 1925, S.B. 84.]

Art. 5382a. Repealed by Acts 1953, 53rd Leg., p. 27, ch. 20, § 1

**Art. 5382b. Surveys and Investigations of Areas Within Tidewater Limits**

**Areas Within Tidewater Limits Defined**

Sec. 1. When used in this Act the term "areas within tidewater limits" means islands, salt water lakes, bays, inlets, marshes and reefs within tidewater limits and that portion of the Gulf of Mexico within the jurisdiction of Texas.

**Commissioner Defined**

Sec. 2. When used in this Act the word "Commissioner" means "The Commissioner of the General Land Office."

**Permits for Surveys and Investigations**

Sec. 3. The Commissioner is hereby authorized to issue permits for geological, geophysical and other surveys and investigations of areas within tidewater limits which are not then subject to valid and subsisting oil and gas leases executed by the State of Texas; provided, however, that any person owning a valid and subsisting oil and gas lease executed by the State of Texas, or having permission from the owner of such lease, shall be entitled to conduct such geological, geophysical and other surveys and investigations on the areas included therein without obtaining a permit, but such surveys and investigations shall be conducted in accordance with the rules and regulations promulgated by the Commissioner.

**Rules and Regulations**

Sec. 4. All geological, geophysical and other surveys and investigations on areas within tidewater limits shall be made under such rules and regulations as the Commissioner may promulgate to prevent the unnecessary pollution of waters, destruction of fish, oysters and other marine life, and obstruction of navigation. It shall be the duty of the Commissioner to follow the recommendation of the Game, Fish and Oyster Commission to prevent unnecessary pollution of waters, destruction of fish, oysters, and other marine life, and obstruction of navigation.

**Deposits and Payments**

Sec. 5. Before any permit is issued on unleased areas within tidewater limits the applicant for such permit shall deposit with the Commissioner a sum of money equal to Fifty Dollars (\$50) per day for the term for which it is desired that the permit be issued. A separate permit shall be obtained and deposit made for each geological or geophysical party or part thereof engaged in making surveys and investigations. All deposits shall be held by the Commissioner in a special trust fund until the survey or investigation has been completed and the permittee has filed with the Commissioner a report under oath of the number of days during which the actual work of such surveys or investigations was conducted on the area cov-

ered by the permit. Thereafter, the Commissioner shall deposit in the State Treasury for the Permanent School Fund a sum equal to Fifty Dollars (\$50) per day for the number of days during which the actual work of such survey and investigation was so conducted. The remaining portion of the deposit shall be returned to the applicant who made same.

The Commissioner or the Attorney General shall make demand for payment at the same rate per day from any person, firm or corporation which has heretofore conducted or may hereafter conduct such surveys on areas described herein without a permit or lease from the State. Upon refusal to pay, the Attorney General shall institute suit for such sums, or for the reasonable value of the privilege exercised, as damages for the unauthorized use of such property.

**Unlawful Surveys and Investigations; Explosives**

Sec. 6. It shall be unlawful for any person to conduct geological, geophysical and other surveys and investigations on areas within tidewater limits without having permit therefor, or without being the owner of the oil and gas leasehold estate thereon, or having permission from the owner thereof. It shall be lawful for the owner of any oil and gas leasehold estate on areas within tidewater limits, or for any person having permission from such owner, or for any person holding a permit issued hereunder, to use all reasonable methods including but not limited to the use of explosives in making such surveys and investigations.

**Violations of Act**

**Art. 5382c. Agreements for Operation of Areas as a Unit**

Sec. 1. Subject to the provisions of this Act, the Commissioner of the General Land Office, on behalf of the State of Texas or any fund belonging thereto, is authorized to execute agreements that provide for the operation of areas as a unit for the exploration, development, and production of oil and gas, or either of them, and to commit to such agreements the royalty interests in oil and gas, or either of them, reserved to the State or any fund thereof by law, in any patent, in any contract of sale, or under the terms of any oil and gas lease lawfully made by an official, board, agent, agency, or authority of the State; provided (a) that agreements that commit such royalty interests in lands set apart by the Constitution and laws of this State for the Permanent Free School Fund and the several asylum funds, in river beds, inland lakes, and channels, and the area within tidewater limits, including islands, lakes, bays, inlets, marshes, reefs, and the bed of the sea, are approved by the School Land Board, and are executed by the owners of the soil if they cover lands leased for oil and gas under the Relinquishment Act, Articles 5367 to 5379, inclusive, Revised Civil Statutes of Texas, 1925, as amended; (b) that agreements that commit such royalty interests in lands or areas other than those mentioned in the preceding clause (a) of this Section 1, are approved by the board, official, agent, agency, or authority of the State vested with authority to lease or to approve the leasing of said lands or areas for oil and gas; and (c) that any such agreement is found by the Commissioner of the General Land Office to be to the best interest of the State.

Sec. 2. Any agreement authorized to be executed under the provisions of this Act may provide: (1) that operations incident to the

drilling of a well upon any portion of a unit shall be deemed for all purposes to be the conduct of such operations upon each separately owned tract in the unit by the several owners thereof; (2) that the production allocated by the agreement to each tract included in a unit shall, when produced, be deemed for all purposes to have been produced from such tract; (3) that the agreement and/or lease, with respect to the interest of the State, shall remain in force as long as oil and gas, or either of them, is produced from the unit in paying quantities and royalties paid to the State thereon; (4) that the royalties reserved to the State or any fund thereof as aforesaid on production from any tract or portion thereof included within the unit shall be paid only on that portion of the production allocated to the tract in accordance with the agreement; and (5) such other things as the board, official, agent, agency or authority of the State vested with authority to lease or approve the leasing of said lands may deem necessary for the protection of the interests of the State.

**Art. 5382d. Lease of Lands of State Departments, Board and Agencies****Boards for Lease**

Sec. 1. There is hereby created Boards for lease of lands owned by any department, Board or Agency of the State of Texas, which Boards for Lease shall consist of the Commissioner of the General Land Office, who shall be chairman, one (1) citizen of the state, appointed by the Governor with the advice and consent of the Senate, who shall serve for a term of two (2) years, and the particular president or chairman of the Board or agency, or head of the department charged with the responsibility of management or control of lands now owned by, or that may hereafter be owned by, or held in trust for, the use and benefit of said department, agency or Board. The title of each Board hereby created shall be selected by each Board for Lease at its first meeting after the effective date of this Act. Each Board for Lease shall keep a complete record of all of its proceedings. A majority of each Board for Lease shall constitute a quorum for the transaction of business by that particular Board. Each Board for Lease shall select a secretary who shall be nominated by the Commissioner of the General Land Office and approved by a majority of the particular Board for Lease.

## Lands Which May Be Leased

Sec. 2. All lands or any parcel of same now owned by, or that may hereafter be owned by, or held in trust for the use and benefit of, a Department, Agency or Board may be leased by the appropriate Board for Lease to any person or persons, firms, or corporations subject to and as provided for in this Act, for the purpose of prospecting or exploring for and mining, producing, storing, caring for, transporting, preserving, selling and disposing of the oil, gas or other minerals.

## Survey and Subdivision; Abstracts of Title

Sec. 3. Each Board for Lease is hereby authorized to cause the lands subject to its control to be surveyed or subdivided into such tracts, lots or blocks as will, in its judgment, be most conducive and convenient to facilitate the advantageous sale of oil, gas or mineral leases thereon, and to make such maps and plats as may be thought necessary to carry out the purposes of this Act. Each Board for Lease is further authorized to obtain authentic abstracts of title to all of the lands subject to its control as it may deem necessary, and to take such steps as may be necessary to perfect a merchantable title to such lands.

## Placing Leases on Market; Advertisement; Bidding

Sec. 4. Whenever in the opinion of the appropriate Board for Lease there shall be such a demand for the purchase of oil, gas or mineral leases on any lot or tract of land subject to the control of the Board as will reasonably insure an advantageous sale, the Board for Lease shall place such oil, gas or mineral leases on the market in such tract or tracts as the Board for Lease may designate. The Board for Lease shall insert in at least four daily newspapers in at least three issues of each, thirty days in advance of a sale date, an advertisement to the effect that leases will be offered for sale on a certain date and that lists describing the land to be leased may be obtained from the General Land Office. Bidding shall be by sealed bid, and the bids will be opened at ten o'clock A.M. on the sale date by a majority of the Board for Lease.

## Bids

Sec. 5. A separate bid shall be made for each tract offered for lease. No bid shall be accepted which offers a royalty of less than  $\frac{1}{8}$  of the gross production of oil, gas or other minerals, and no bid shall be accepted which offers a cash bonus of less than Two (\$2.00) Dollars per acre; this minimum bonus and royalty may be increased at the discretion of the Board for Lease. Every bid shall carry the obligation to pay an amount not less than One (\$1.00) Dollar per acre annual rental beginning with the second year of the lease, such amount to be fixed by the Board in advance of the advertisement. The bid shall further name the amount of cash bonus offered in addition to the royalty and rental provided for, and shall be accompanied by cash, or checks collec-

tible in Austin, Texas, payable to the Commissioner of the General Land Office, to cover such amount. The Board may at its discretion fix the rental and royalty and provide for bidding on a basis of the highest cash bonus offered, or it may fix the cash bonus and rental and provide that the bidding shall be on a basis of the highest royalty offered. The Board for Lease shall have the right to reject any and all bids, but unless the Board elects to reject any and all bids, it shall be required to accept the highest bid submitted.

## Minutes

Sec. 6. All awards or leases shall be issued by the Commissioner of the General Land Office in accordance with the minutes as approved by the appropriate Board for Lease. The minutes shall show the fact of acceptance of a bid or the rejection of a bid and the approval of the minutes will constitute the approval of the act of acceptance or the act of rejection, as the case may be.

## Term of Leases; Mineral Leases Separate

Sec. 7. Leases issued by the Commissioner of the General Land Office shall be for a primary term not to exceed five years and as long thereafter as oil, gas or other minerals covered by such lease is produced therefrom in paying quantities, provided that all leases for minerals, except oil and gas, shall be granted on separate leases and for separate considerations.

## Operations Subject to Laws and Orders of Regulatory Authority

Sec. 8. Operations for drilling or mining oil, gas or other minerals and the production of same under any lease issued under the authority given in this Act shall be subject to all laws of the State of Texas and valid orders made by the Railroad Commission of Texas, or other regulatory authority controlling the development of leases for the production of oil, gas or other minerals, and such other regulations as the appropriate Board for Lease, at its discretion, may adopt.

## Rentals and Royalties; Examination of Books, Accounts, Etc.

Sec. 9. Beginning with the second year of the lease and annually thereafter for each of the following years during the life of said lease, the lessee shall pay the annual rental specified by the Board for Lease unless oil, gas or other minerals are being produced in paying quantities. When royalties paid during any year during the life of the lease equal or exceed the annual rental, no annual rental will be due for the following year; otherwise, there shall be due and payable on or before the anniversary date of said lease the annual rental specified by the Board for Lease less the amount of royalties paid during the preceding year. All rental and royalty payments shall be paid to the Commissioner of the General Land Office at Austin, Texas, and royalty payments shall be paid on or before the last day of each month following the month in which the oil,

gas or other minerals may be produced. The payments shall be accompanied by sworn statements of the lessee, manager, or other authorized agent showing the gross amount of production since the last report and the market value of same, together with copies of all daily gauges of tanks, gas meter readings, pipeline run tickets and receipts and other checks or memoranda of the amounts produced. The books, accounts, records, and contracts pertaining to production, transportation, sale and marketing of the oil, gas or other minerals shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General and the Chairman, President or other member of the appropriate Board for Lease or the representative of either of them. The State shall have a first lien upon all oil, gas or other minerals produced from the area covered by the lease to secure the payment of all unpaid royalty and/or other sums of money that may become due under the lease.

#### Duty of Lessee

Sec. 10. The lessee shall reasonably develop the lease by drilling or mining to such extent as the facts may justify. The lessee shall adequately protect the oil, gas or other minerals under the land covered by the lease from drainage from adjacent lands or leases. Neither the bonus, rentals nor royalties, paid or to be paid under said lease, shall relieve the lessee from such obligations. If oil and/or gas should be produced in paying quantities from a well on land privately owned, which well is within one thousand feet of the area covered by the lease, or in any case where the land covered by the lease is being drained, the lessee shall, within sixty days after such initial production on private land begin in good faith and prosecute diligently the drilling of an offset well on the area covered by his lease. Such offset well shall be drilled to such depth as may be necessary to prevent the undue drainage of the area covered by the lease and the lessee, manager, or driller shall use all means reasonably necessary in a good faith effort to make such offset well produce in paying quantities.

#### Assignments and Relinquishments

Sec. 11. All rights purchased may be assigned. All assignments must be recorded in the county or counties where the area is located and the recorded assignment or a certified copy of same shall be filed in the General Land Office within one hundred days from the date of the first acknowledgment thereof, accompanied by ten cents (10¢) per acre for each acre assigned and a filing fee of One (\$1.00) Dollar; and if not so filed and payment made, the assignment shall not be effective. All rights to any whole tract or to any assigned portion thereof may be relinquished to the State at any time by having an instrument of relinquishment recorded in the county or counties where the area is located and filing the recorded re-

linquishment or certified copy of same in the General Land Office, accompanied by a filing fee of One (\$1.00) Dollar. Such relinquishment shall not have the effect of releasing the lessee from any obligation or liability theretofore accrued in favor of the State.

#### Forfeiture of Leases

Sec. 12. If the owner of the rights acquired under this Act shall fail or refuse to make the payment of any sum due, either as rental on the lease or for royalty on production, within thirty days after it shall become due, or if such owner or his authorized agent should knowingly make any false return or false report concerning production, royalty, or drilling, or if such owner should fail or refuse to drill any offset well or wells in good faith, as required by his lease and the rules and regulations adopted by the appropriate Board for Lease, or if such owner or his agent should refuse the proper authority access to the records and other data pertaining to operations under his lease or if such owner or his authorized agent should knowingly fail to furnish the log of any well within thirty days after production is found in paying quantities, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Commissioner of the General Land Office, and when forfeited the area shall again be subject to lease to the highest bidder, under the same regulations controlling the original sale of leases. Forfeitures may be set aside and the lease and all rights thereunder reinstated at any time before the rights of a third party intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of this Act and the rules and regulations that may be adopted relative hereto.

#### Surveys and Investigations

Sec. 13. The appropriate Board for Lease is hereby authorized to issue permits for geological, geophysical and other surveys and investigations on lands subject to lease by the Board for Lease, which are not then subject to valid and subsisting leases, for such consideration and under such terms and conditions as said Board for Lease may deem to the best interest of the State of Texas, and which will encourage the development of said lands for oil, gas or other minerals.

#### Grant of Easements for Irrigation Canals, Flumes, Ditches; Telephone, Telegraph, Electric Power and Pipe Lines

Sec. 13a. The appropriate board for lease is authorized to grant easements on the land covered by this Act for irrigation canals, laterals, flumes and ditches, telephone, telegraph and electric power lines, and pipe lines for the gathering or transportation of oil, gas, water and other fluids or substances, together with such devices, equipment and appurtenances as may be necessary. Such easements may be granted on such terms and conditions as the

board for lease may deem to the best interest of the State of Texas. Provided, that the provisions of this Section 13a shall not apply to lands owned by the State of Texas as a part of the penitentiary system nor shall this Act be construed as repealing House Bill No. 330, Acts of the 48th Legislature of the State of Texas, Regular Session, 1943, Chapter 177, page 281, being Article 6203d, Vernon's Texas Civil Statutes, or any amendments thereto.

#### Filing in General Land Office

Sec. 14. All surveys, files, records, abstracts of title, copies of sale and lease contracts and all other records pertaining to the sale and leases hereby authorized shall be filed in the General Land Office and shall constitute archives thereof.

#### Repealer; Application of Act

Sec. 15. All laws and parts of laws in conflict herewith are hereby expressly repealed; provided, however, that the provisions of this Act shall not be construed to apply to those lands dedicated by the Constitution and laws of the State to the Public Free School Fund, the University of Texas, or lands donated to the Board of Regents of the University of Texas, as Trustees, by a will, instrument in writing, or otherwise in trust for a scientific, educational, or other charitable or public purpose, nor to any other land under the control of the Board of Regents of the University of Texas; nor shall the terms of this Act apply to any lands whose title is vested in the State for use and benefit of any part of the Texas A & M College System, or to lands under the control of the Board of Directors of the Agricultural and Mechanical College of Texas; nor shall the provisions of this Act apply to land subject to lease under the provisions of Subdivision 3, Chapter 4, Title 86 of the Revised Statutes of the State of Texas, 1925, and amendments thereto commonly known as the "Relinquishment Act"; provided further, that should title to any lands subject to the provisions of the Relinquishment Act be acquired by any Department, Board or Agency of the State, such lands shall not be subject to lease by any Board herein created, but shall be leased in the same manner as is now or may hereafter be provided for the leasing of unsold Public Free School Lands.

#### Deposit and Expenditure of Receipts

Sec. 16. Any amounts received under and by virtue of this Act shall be deposited in the State Treasury to the credit of special funds to be known as the "(appropriate Department, Board or Agency) Special Mineral Fund", which funds are hereby created, and shall be used exclusively for the benefit of the appropriate Department, Board or Agency; provided, however, no money shall ever be expended from these funds except by legislative appropriation and then for the purposes and in the amounts stated in the Act appropriating same. Provided however, that all monies re-

ceived under the provisions of this Act enuring to the benefit of the Game, Fish and Oyster Commission shall be deposited in the State Treasury to the credit of the "Special Game and Fish Fund".

#### Expenses of Executing Law

Sec. 17. The expenses of executing the provisions of this Act shall be paid by warrants drawn by the Comptroller of the State on the State Treasurer, and for that purpose the sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary is hereby appropriated for the biennium ending August 31, 1953, out of any monies in the State Treasury not otherwise appropriated, after which time expenses of executing the provisions of this Act shall be paid by warrants drawn by the Comptroller of the State on the State Treasurer against the income from the Special Funds accumulated from leases, rentals, royalties, and other payments.

#### Partial Unconstitutionality

Sec. 18. If any section, subdivision, paragraph, sentence, or clause of this Act be held to be unconstitutional, the remaining portions of this Act shall nevertheless be held valid and binding.

[Acts 1951, 52nd Leg., p. 556, ch. 325; Acts 1955, 54th Leg., p. 670, ch. 239, § 1; Acts 1963, 58th Leg., p. 1138, ch. 442, § 2; Acts 1967, 60th Leg., p. 913, ch. 400, § 6, eff. June 8, 1967.]

#### Art. 5382d-1. Tender of Payment of Special Fee; Percentage of Bid on Mineral Lease and Land Sales

Sec. 1. After September 1, 1955, on all mineral lease and land sales held by the School Land Board as created by Section 5, Chapter 3, Acts of the 46th Legislature, 1939, and on all mineral lease sales held by the Boards for Lease created by Chapter 325, Acts of the 52nd Legislature, 1951,<sup>1</sup> each bidder shall be required to remit by separate check an amount equal to one per cent (1%) of each bid payable to the Commissioner of the General Land Office as a special sale fee, and the special payments on only the high bids accepted by the Boards shall be deposited by the Commissioner in the State Treasury as a special fund.

It is further provided, however, that failure to remit the special fee shall not, of itself, render a bid void; but the Commissioner shall demand payment thereof before issuing a lease to the successful bidder; provided further, that if the successful bidder should fail or refuse to make such payment within thirty (30) days from and after demand by the Commissioner, he shall not be entitled to a lease upon the tract covered by his bid and the cash bonus shall be automatically forfeited to the State and the Commissioner shall deposit same in the State Treasury to the credit of the Permanent Free School Fund or the appropriate Special Mineral Fund as the case may be. All such checks submitted by unsuccessful bidders shall be returned to such bidders with their bid checks.

Sec. 2. Monies deposited in the special fund provided in Section 1 of this Act, or so much thereof as may be necessary, are hereby appropriated to the General Land Office for the payment of travel expenses, fees for professional services, office supplies and expenses, and equipment, subject to the applicable provisions of House Bill No. 140, 54th Legislature, 1955;<sup>2</sup> for the payment of salaries and wages of such additional personnel as may be required; and for the payment of salary increases, provided that such salary increases paid from the funds appropriated in this Act shall be limited to positions for which salary rates of less than Ten Thousand Dollars (\$10,000) per annum are specified in said House Bill No. 140, and that the amount of such salary increases shall never exceed Six Hundred Dollars (\$600) per annum.

It is further provided that additional positions established, and any salary increases granted, pursuant to the provisions of this Act shall be reported in writing to the Legislative Budget Board prior to the effective date of such additional positions and salary increases.

#### Art. 5382e. Continuation or Extension of Leases After Expiration of Primary Term

Sec. 1. Each valid and subsisting mineral lease of oil and gas heretofore issued by the Commissioner of the General Land Office of Texas covering rivers, channels, unsold school lands, both surveyed and unsurveyed, or any area within tidewater limits, including islands, lakes, salt water lakes, bays, inlets, marshes, the bed of the sea, and that portion of the Gulf of Mexico now or hereafter within the jurisdiction of the State of Texas, shall be amended by the Commissioner of the General Land Office by instrument in writing, upon application of lessee, to provide, and each such lease issued hereafter shall provide:

(a) That in the event production of oil or gas on the leased premises after once obtained shall cease from any cause at the expiration of the primary term thereof or at any time or times thereafter, such lease shall not terminate if the lessee commences additional drilling or reworking operations within sixty (60) days thereafter, and such lease shall remain in full force and effect so long as such operations continue in good faith and in workmanlike manner, without interruptions, totaling more than sixty (60) days during any one such operation; and if such drilling or reworking operations result in the production of oil or gas, such lease shall remain in full force and effect so long as oil or gas is produced therefrom in paying quantities or payment of shut-in gas well royalties or compensatory royalties is made as hereafter provided in this Act or as pro-

vided elsewhere in the statutes of the State of Texas;

(b) That if at the expiration of the primary term or at any time thereafter there is located on the leased premises a well or wells capable of producing gas in paying quantities and such gas is not produced for lack of a suitable market and such lease is not being otherwise maintained in force and effect, the lessee may pay as royalty a sum of money equal to double the annual rental provided for in such lease, but in no event to be less than Twelve Hundred (\$1200.00) Dollars per annum for each well capable of producing gas in paying quantities, such payment to be made prior to the expiration of the primary term of the lease, or, if the primary term has expired, within sixty (60) days after the lessee ceases to produce gas from such well; and if such payment is made, the lease shall be considered to be a producing lease and such shut-in gas well royalty payment shall extend the term of the lease for a period of one (1) year from the end of the primary term or from the first day of the month next succeeding the month in which production ceased; and thereafter if no suitable market for such gas exists, the lessee may extend the lease for four (4) additional and successive periods of one (1) year each by the payment of a like sum of money each year on or before the expiration of the extended term. Provided, however, that if, while such lease is being maintained in force and effect by payment of such shut-in gas well royalty, gas should be sold and delivered in paying quantities from a well situated within one thousand (1,000) feet of the leased premises and completed in the same producing reservoir or in any case where drainage is occurring, the right to further extend the lease by such shut-in gas well royalty payments shall cease but such lease shall remain in force and effect for the remainder of the current one (1) year period for which the shut-in gas well royalty has been paid, and for an additional period not to exceed five (5) years from the expiration of the primary term by payment by the lessee of compensatory royalty, at the royalty rate provided for in such lease, of the value at the well of production from the well completed in the same producing reservoir from which gas is being sold and delivered and which is situated within one thousand (1,000) feet of, or draining, the leased premises on which such shut-in gas well is situated, such compensatory royalty to be paid monthly to the Commissioner of the General Land Office beginning on or before the last day of the month next succeeding the month in which such gas is sold and delivered from the well situated within one thousand (1,000) feet of, or draining, the leased premises and complet-

ed in the same producing reservoir; provided further, that in the event such compensatory royalties paid in any twelve (12) month period are in a sum less than the annual shut-in gas well royalties provided for in this section, lessee shall pay a sum of money equal to the difference within thirty (30) days from the end of such twelve (12) month period; provided further, that nothing herein shall relieve the lessee of the obligation of reasonable development, nor of the obligation to drill offset wells as required by Article 5359, Revised Civil Statutes of 1925.

Sec. 2. If, at the expiration of the primary term of any Oil or Gas lease heretofore or hereafter issued by the Commissioner of the General Land Office covering areas described in Section 1 hereof, production of oil or gas has not been obtained on the leased premises but drilling operations are being conducted thereon in good faith and in good and workmanlike manner, the lessee may, on or before the expiration of the primary term, file in the General Land Office written application to the Commissioner of the General Land Office for a thirty (30) day extension of such lease, accompanied by payment of Three Thousand Dollars (\$3,000.00) for six hundred forty (640) acres or less, and Six Thousand Dollars (\$6,000.00) for more than six hundred forty (640) acres, and the Commissioner shall, in writing, extend such lease for a thirty (30) day period from and after the expiration of the primary term and so long thereafter as oil or gas is produced in paying quantities; provided further, that lessee may, so long as such drilling operations are being conducted, make like application and payment during any thirty (30) day extended period for an additional extension of thirty (30) days and, upon receipt of such application and payment, the Commissioner shall, in writing, again extend the lease so that same shall remain in force for such additional thirty (30) day period and so long thereafter as oil or gas is produced in paying quantities; provided, however, that no lease shall be extended under the provisions of this section for more than a total of three hundred ninety (390) days from and after the expiration of the primary term unless production in paying quantities has been obtained."

Sec. 3. In the event any section or part of section or provision of this Act be held invalid, unconstitutional, or inoperative, this shall not affect the validity of the remaining sections or parts of sections of the Act, but the remainder of the Act shall be given effect as if said invalid, unconstitutional, or inoperative section or any part of section or provision had not been included.

When the land is desired as a location for a schoolhouse, the patent shall issue to the county judge of the proper county and his successors in office

in trust for that purpose; and when desired for a church house or a cemetery; it shall be issued to trustees designated by those requesting the patent. If the land has been previously sold by the State and not patented, the owner thereof shall execute a deed therefor to the county judge, or trustees, as the case may be, and cause the same to be recorded in the office of the county clerk of the proper county, and be filed in the Land Office, and shall be entitled to credit on his account with the State for the value thereof. Such land shall be taken from the margin of a tract or section, or of a subdivision thereof, as the case may be.

[Acts 1925, S.B. 84.]

**Art. 5407. Patents on Surveys in Two Counties**

The Commissioner shall issue patents upon all surveys of land in two or more counties where no conflict between such surveys and others exist, and to which there is no other objection than that of a division in said surveys occasioned by a county boundary passing through them; provided, the field notes have been recorded in the office of the county surveyor of both counties.

[Acts 1925, S.B. 84.]

**Art. 5408. Conflicting Surveys**

Where conflicts exist between surveys, the Commissioner shall issue patents to such portions of such surveys as are free from conflicts.

[Acts 1925, S.B. 84.]

**Art. 5409. Conflicting Title: Cancellation**

Where a patent to land through mistake is issued upon any valid claim for land, which is afterwards found to be in conflict with any older title, it shall be competent for the owner of such patent, or of any part of the land embraced therein, and within such conflict, to return the same to the Commissioner for cancellation, or in case the owner of such land in conflict cannot obtain the patent, then he shall return instead thereof legal evidence of his title to such patent, or part thereof. In either case he shall make and file with said Commissioner an affidavit that he is still the owner of the same, and has not sold or transferred it. If it appears from the Land Office records or from a duly certified copy of a judgment of any court of competent jurisdiction before which the title to such land may have been adjudicated, that such conflict really exists, it shall be lawful for the Commissioner to cancel the patent, or such part thereof as shall appear to belong to the party so applying.

[Acts 1925, S.B. 84.]

**Art. 5410. Cancellation: Partial Conflict**

In cases where there is only a partial conflict, the Commissioner may, under like circumstances and in like manner as provided in the preceding article, cancel any patent presented to him, and issue a patent to the applicant for

such portion of the land covered by his patent as may not be in conflict with the older title, where from the field notes the same may be done.

[Acts 1925, S.B. 84.]

**Art. 5411. Purchase Money Refunded**

Upon proper proof that money has been in good faith paid into the State Treasury upon lands for taxes, lease and purchase money, for which, on account of conflicts, erroneous surveys, or illegal sales, patents cannot legally issue, or upon lands on which patents have issued and afterwards are legally canceled, the Comptroller may issue his warrant in favor of the proper parties for the amounts so paid. Proof of such payments may be made upon the certificate of the Commissioner thereto when such facts are disclosed by the records of the Land Office. This article shall not apply to surveys, the errors in which may be corrected.

[Acts 1925, S.B. 84.]

**Art. 5411a. Refunds to Purchasers and Lessees Where Funds to Which Payments are Accredited are Not Entitled to the Moneys**

Sec. 1. Upon proper proof as hereinafter provided, the Comptroller of the State of Texas is hereby authorized and directed to draw his warrant in refund of monies paid into the State Treasury on public lands in good faith but where the funds to which such monies may be accredited or may have been accredited, are not entitled thereto in any of the following instances:

(a) Through error made in good faith, to be supported by the official signature of the Commissioner of the General Land Office, or of the Attorney General, to whom such payment is made;

(b) Where the payment is made in accordance with law, but title cannot issue or possession cannot pass, because of conflict in boundaries, erroneous sales, erroneous lease or other cause;

(c) In case of sale of leased lands;

(d) Where lease money has been paid on previous forfeited sales, the same having been reinstated and all interest paid;

(e) Where erroneous timber sales or leases have been made;

(f) Where overpayments have been made in final payments to the State Treasurer due to decreased acreage or other causes;

(g) Where reduction has been made in acreage of timber sold or leased;

(h) Where payments are made or have been made in good faith by claimants of lands in instances where the applicants have no right to purchase said lands as revealed by investigations of titles as provided by law.

Sec. 2. All refunds herein provided for are to be paid out of the respective funds to which said payments have been made or may be ac-

credited after specific appropriations have been made according to law, and all claims for refunds except those embraced in sub-division (a) of Section 1 shall be certified by the certificate of the Commissioner of the General Land Office, and all such claims shall be verified by the affidavit of the claimant and approved by the Attorney General as to the correctness of the claim and as to whom due, provided that the money so paid by any purchasers or lessees in case of sale of land by the purchaser, or assignment of the lease by the lessee after payment of such money, shall be refunded so that such refund shall be paid to the person upon whom the loss falls in case of failure of title, or right of possession.

[Acts 1945, 49th Leg., p. 190, ch. 145.]

#### Art. 5412. Order of Issue

The Commissioner shall patent surveys in the order in which they may be made ready for patenting, without regard to the order of filing in the Land Office or the order of application; but an application made for patent on any claim accompanied by the office fees therefor shall have preference over claims for which no application has been made; provided, such surveys have been regularly mapped, or there is sufficient evidence that no previous survey has been legally filed in the land office covering the same ground as represented on the maps of the office.

[Acts 1925, S.B. 84.]

#### Art. 5413. Issuance and Delivery

The Commissioners shall issue patents when it appears from the books of his office that full payment for the land has been made where payment is required, and all legal fees due thereon have been paid into said office and not withdrawn, including the legal fees for the recording of said patent in the counties in which the land may be located. When one applies for a patent such person, shall, in addition to all other payments required by law, remit to the land office one dollar for each county in which the land may be wholly or partially located and give the name and address of the owner or agent. When the patent is ready for delivery the Commissioner shall send it by registered mail to the clerk of any such county with the receivers check for one dollar for each such county and accompany the same with the name and address of the owner or his agent. Upon receipt thereof the clerk shall record the patent and send the same by registered mail with such name and address and the remaining fees to the clerk of another proper county until the patent has been recorded in each such county, and thereupon the patent shall be delivered to the proper party by registered mail.

[Acts 1925, S.B. 84.]

#### Art. 5414. Deceased Patentee

All patents issued in the names of persons deceased at the time of issuance shall convey

and secure valid title to the heirs or assignee of such deceased persons.

[Acts 1925, S.B. 84.]

#### Art. 5414a. Validating Patents on Lands Lying Across or Partly Across Water Courses or Navigable Streams

Sec. 1. All patents to and awards of lands lying across or partly across water courses or navigable streams and all patents and awards covering or including the beds or abandoned beds of water courses or navigable streams or parts thereof, which patents or awards have been issued and outstanding for a period of ten years from the date thereof and have not been cancelled or forfeited, are hereby confirmed and validated.

Sec. 2. The State of Texas hereby relinquishes, quit-claims and grants to patentees and awardees and their assignees all of the lands, and minerals therein contained, lying across, or partly across watercourses or navigable streams, which lands are included in surveys heretofore made, and to which lands patents or awards have been issued and outstanding for a period of ten years from the date thereof and have not been cancelled or forfeited, and the State of Texas hereby relinquishes, quit-claims and grants to patentees and awardees and their assignees all of the beds, and minerals therein contained, or water courses or navigable streams, and also all of the abandoned beds, and minerals therein contained, of water courses or navigable streams, which beds or abandoned beds or parts thereof are included in surveys heretofore made, and to which beds or abandoned beds, or parts thereof, patents or awards have been issued and outstanding for a period of ten years from the date thereof, and have not been cancelled or forfeited; provided that nothing in this Act contained shall impair the rights of the general public and the State in the waters of streams or the rights of riparian and appropriation owners in the waters of such streams, and provided further that with respect to lands sold by the State of Texas expressly reserving title to minerals in the State, such reservation shall not be affected by this Act; nor shall relinquish or quit-claim any number of acres of land in excess of the number of acres of land conveyed to said patentees or awardees in the original patents granted by the State, but the patentees or awardees and their assignees shall have the same rights, title and interest in the minerals in the beds or abandoned beds, or parts thereof, of such water courses or navigable streams, that they have in the uplands covered by the same patent or award; provided that this Act shall not in any way affect the State's title, right or interests in and to the sand and gravel, lying within the bed of any navigable stream within this State, as defined by Article 5302, Revised Statutes of 1925.

Sec. 3. All of the provisions of this Act shall apply equally to all Spanish and Mexican land grants and titles issued by the Spanish or

Mexican Governments prior to the Texas Revolution of 1836, which have subsequently been recognized by the Republic of Texas, or by the State of Texas as valid.

[Acts 1929, 41st Leg., p. 298, ch. 138.]

**Art. 5414a-1. Validating Deeds of Acquittance on Lands Lying Across or Partly Across Water Courses or Navigable Streams**

Sec. 1. All deeds of acquittance to lands lying across or partly across water courses or navigable streams and all deeds of acquittance covering or including the beds or abandoned beds of water courses or navigable streams or parts thereof, which deeds of acquittance have been issued and outstanding for a period of ten years from the date thereof and have not been cancelled or forfeited, are hereby confirmed and validated.

Sec. 2. The State of Texas hereby relinquishes, quit claims and grants to grantees and their assignees all of the lands, and minerals therein contained, lying across, or partly across water courses or navigable streams, which lands are included in surveys heretofore made, and to which lands deeds of acquittance have been issued and outstanding for a period of ten years from the date thereof and have not been cancelled or forfeited; and the State of Texas hereby relinquishes, quit claims and grants to grantees and their assignees all of the beds, and minerals therein contained, of water courses or navigable streams and also all of the abandoned beds, and minerals therein contained, of water courses or navigable streams, which beds or abandoned beds or parts thereof are included in surveys heretofore made, and to which beds or abandoned beds, or parts thereof, deeds of acquittance have been issued and outstanding for a period of ten years from the date thereof, and have not been cancelled or forfeited; provided that nothing in this Act contained shall impair the rights of the general public and the State in the waters of streams or the rights of riparian and appropriation owners in the waters of such streams; and provided further, that with respect to lands sold by the State of Texas expressly reserving title to minerals in the State, such reservation shall not be affected by this Act; nor shall the State of Texas relinquish or quit claim any number of acres of land in excess of the number of acres of land conveyed to said grantees in the deeds of acquittance granted by the State, but the grantees and their assignees shall have the same rights, title and interest in the minerals in the beds or abandoned beds, or parts thereof, of such water courses or navigable streams, that they have in the uplands covered by the same deed of acquittance; provided that this Act shall not in anyway affect the State's title, right or interest in and to the sand and gravel lying within the bed of any navigable stream within this State, as defined by Article 5302, Revised Statutes of 1925.

Sec. 3. All of the provisions of this Act shall apply equally to all Spanish and Mexican land grants and titles issued by the Spanish or Mexican governments prior to the Texas Revolution of 1836, which have subsequently been recognized by the Republic of Texas, or by the State of Texas, as valid.

Sec. 4. No provision of this Act shall affect the rights of any parties involved in pending litigation at the effective date of this Act. The provisions of this Act are and shall be held and construed to be cumulative of all laws of this State on the subject treated of and embraced in this Act. All laws or parts of laws in conflict herewith are hereby repealed. If any section, subdivision, paragraph, sentence or clause of this Act shall be held to be unconstitutional, the remaining portions of this Act shall nevertheless be held valid and binding. In *Armstrong v. Walker*, 123 T. 508, 73 S.W.2d 520, the Commission of Appeals, in an opinion adopted by the Supreme Court, held it void because in violation of Const. art. 7, § 4, relating to the disposal of lands set apart to the public free school fund.

**Art. 5414c. Effect of Judgment in Action to Recover Abandoned Land Titled Before Adoption of Common Law**

That in any case where any land in the State of Texas was titled prior to the adoption of the Common Law on March 20, 1840, and there has been a judicial finding that the original grantee of said land abandoned said land prior to the adoption of the Common Law, and the State of Texas has at any time instituted suit for the recovery of said land, resulting in a final judgment adverse to the State of Texas whether on demurrer, exception, or a jury finding of fact, it shall be conclusively presumed that those now claiming said land under conveyance from, or judgment against, the original grantee or his heirs, are vested with all title to said land which was vested in said original grantee by virtue of any patent or title from the sovereignty of the soil to him.

To bring the provisions of law relating to the public domain together, the following extract is made from the joint resolutions of the Congress of the United States for annexing Texas to the United States, approved June 23, 1845: "Said State, when admitted into the Union, . . . shall also retain all the vacant and unappropriated lands lying within its limits, to be applied to the payment of debts and liabilities of said Republic of Texas, and the residue of said lands, after discharging said debts and liabilities, to be disposed of as said State may direct," etc.

[Acts 1925, S.B. 84.]

**Art. 5415a. Gulfward Boundary Fixed; Sovereignty Over Waters, Beds and Shores of Gulf; Permanent Public Free School Fund, Lands Granted to**

Sec. 2. Subject to the right of the government of the United States to regulate foreign and interstate commerce under Section 8 of Article 1 of the Constitution of the United States, and to the power of the government of the United States over cases of admiralty and maritime jurisdiction under Section 2 of Arti-

cle 3 of the Constitution of the United States, the State of Texas has full sovereignty over all the waters of the Gulf of Mexico and of the arms of the Gulf of Mexico within the boundaries of Texas, as herein fixed, and over the beds and shores of the Gulf of Mexico and all arms of the said Gulf within the boundaries of Texas, as herein fixed.

Sec. 3. The State of Texas owns, in full and complete ownership, the waters of the Gulf of Mexico and of the arms of the said Gulf, and the beds and shores of the Gulf of Mexico, and the arms of the Gulf of Mexico, including all lands that are covered by the waters of the said Gulf and its arms, either at low tide or high tide, within the boundaries of Texas, as herein fixed; and that all of said lands are set apart and granted to the Permanent Public Free School Fund of the State, and shall be held for the benefit of the Public Free School Fund of this State according to the provisions of law governing the same.

Sec. 4. This Act shall never be construed as containing a relinquishment by the State of Texas of any dominion sovereignty, territory, property or rights that the State of Texas already had before the passage of this Act.

[Acts 1941, 47th Leg., p. 454, ch. 286; Acts 1947, 50th Leg., p. 451, ch. 253, § 1.]

Sec. 2. All of said parcels or tracts of land acquired by the State of Texas in the manner stated in Section 1 of this Act, shall constitute and form part of the respective counties within whose boundaries they shall lie, by extending the present county boundary lines to the Rio Grande, and said parcels or tracts of land shall be subject to the civil and criminal jurisdiction of said counties; and any of such parcels or tracts of land that may lie partly in one county and partly in another county, shall be surveyed by the county surveyors of both counties, whose duty it is to ascertain the portion of said parcels or tracts of land that lie within the jurisdiction of their respective counties, and they shall file the field notes of said lands in the county surveyor's office of their respective counties, together with a true map of said parcels or tracts of land, in the map records of the county; and for such purposes the boundary lines of said parcels or tracts of land as giv-

en by the American Section of the International Boundary Commission, United States and Mexico, shall be accepted as the true boundaries. It shall also be the duty of the county surveyors of the counties in this State, within whose boundaries said parcels or tracts of land shall lie, to report to the tax assessor of their respective counties the quantity of land thus acquired by their respective counties, within ninety (90) days after the effective date of this Act.

Sec. 3. Any of the parcels or tracts of land acquired by the State of Texas in the manner stated in Section 1 hereof, lying adjacent to, or contiguous to a water improvement district or conservation and reclamation district, formed and organized under the laws of Texas, may be included within such water improvement or conservation and reclamation district, by means of a written contract entered into between the owners of title to such land and the board of directors of such district, which said written contract shall specifically describe the land to be included in such district, the character of water service to be furnished to said land, and the terms and conditions upon which said lands are to be included within said district. When said contract shall have been executed by the owners of title to said land, and the board of directors of said district, the same shall be acknowledged by the parties, in the manner and form required in the acknowledgment of deeds, the same shall be recorded in the deed records of the county in which said lands are situated.

Sec. 1. The Commissioner of the General Land Office is hereby authorized and directed to negotiate and consummate an agreement, or

agreements, with the appropriate agency of the Federal Government of the United States, whereby the General Land Office and such appropriate agency of the Federal Government may enter into contracts or agreements with the United States Coast and Geodetic Survey, or other appropriate governmental agency, for a survey of the Texas Gulf Coast line, by projection, protraction, ground surveying or other recognized surveying methods, for the purpose of determining the low water contour along said Gulf Coast line from which the three marine league boundary line may be accurately fixed by metes and bounds, demarking the boundary of Texas as defined in the Submerged Lands Act (Public Law 31, 83d Congress, Ch. 65, 1st Sess., H.R. 4198, 67 Stat. 29).<sup>1</sup>

**Aerial Mosaic Survey; Official Records and Archives**

Sec. 2. The survey of the low water contour as herein authorized may be developed by using a basic traverse line delineated from controlled aerial mosaic survey sheets and contact prints depicting the Texas coast, as made and compiled by Jack Ammann Photogrammetric Engineers, Inc., of an aerial survey made from December 31, 1953, to May 17, 1954, and filed in the General Land Office of the State of Texas on October 19, 1954. <sup>1</sup> 43 U.S.C.A. § 1301 et seq.

**Art. 5415d. State Beaches; Right of Public to Free and Unrestricted Use and Enjoyment**

**Declaration of Policy**

Sec. 1. It is hereby declared and affirmed to be the public policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico, or such larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

It shall be an offense against the public policy of this state for any person, firm, corporation, association or other legal entity to create, erect or construct any obstruction, barrier, or restraint of any nature whatsoever which would interfere with the free and unrestricted right of the public, individually and collectively, to enter or to leave any state-owned beach bordering on the seaward shore of the Gulf of Mexico, or such larger area, extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

It shall be an offense against the public policy of this state for any person, firm, corporation, association, or other legal entity to create, erect, or construct any obstruction, barrier or restraint which would interfere with the free and unrestricted right of the public, individually and collectively to the lawful and legal use of, any property abutting upon or contiguous to the state-owned beach bordering on the seaward shore of the Gulf of Mexico upon which the public has acquired a prescriptive right.

Be it provided, however, that nothing in this Act shall prevent any agency, department, institution, subdivision or instrumentality of this state or of the federal government from erecting or maintaining any groin, seawall, barrier, pass, channel, jetty or other structure as an aid to navigation, protection of the shore, fishing, safety or other lawful purpose authorized by the Constitution or laws of this state or of the United States.

The requirements of free and unrestricted rights of ingress and egress over areas landward of the line of vegetation shall be deemed to be fully satisfied by access roads or ways,

now existing and available to the public, or which by or with the approval of any governmental authority having jurisdiction, may be provided in the future.

Be it provided further, that nothing in this Act shall be construed as in any way affecting the title of the owners of land adjacent to any state-owned beach bordering on the seaward shore of the Gulf of Mexico, or to the continuation of fences for the retention of livestock across sections of beach which are not accessible to motor vehicular traffic by public road or by beach.

Be it provided further, that none of the provisions of this Act shall apply to the beaches on those islands or peninsulas that are not accessible by a public road or ferry facility, so long as such condition shall exist.

**Actions; Prima Facie Evidence of Right of User and Prescriptive Easement in Public**

Sec. 2. In any action brought or defended under this Act or whose determination is affected by this Act a showing that the area in question is embraced within the area from mean low tide to the line of vegetation shall be prima facie evidence that:

(1) the title of the littoral owner does not include the right to prevent the public from using the area for ingress and egress to the sea;

(2) there has been imposed upon the area subject to proof of easement a prescriptive right or easement in favor of the public for ingress and egress to the sea.

**Definitions**

Sec. 3. a. The term "line of vegetation" means the extreme seaward boundary of natural vegetation which spreads continuously inland. In any area where there is no clearly marked vegetation line (as, for instance, a line immediately behind well-defined dunes or mounds of sand and at a point where vegetation begins) recourse shall be had to the nearest clearly marked line of vegetation on each side of such unmarked area to determine the elevation reached by the highest waves of the Gulf. The "line of vegetation" for the unmarked area shall be the line of constant elevation connecting the two clearly marked lines of vegetation on each side. In the event the elevation of the two points on each side of the area are not the same, then the extension defining the line reached by the highest waves of the Gulf shall be the average elevation as between the two points; provided, however, that where there is no clearly marked line of vegetation, such extended line shall in no event extend inland further than two hundred (200) feet from the seaward line of mean low tide. The "line of vegetation" shall not be affected by the occasional sprigs of salt grass upon the mounds or dunes, or seaward from them, and shall not be affected by artificial fill, the addition or removal of turf, or by other artificial changes in the natural vegetation of the area. Where

such changes have been made, and thus the vegetation line has been obliterated or has been created artificially, then the line of vegetation shall be determined in the same manner as in those areas where there is otherwise no clearly marked "line of vegetation"; however, where there is a vegetation line consistently following a line more than two hundred (200) feet from the seaward line of mean low tide, this two hundred (200) foot line shall constitute the landward boundary of the area subject to public easement until such time as a final court adjudication shall establish this line in another place.

b. The term "highest waves" means the highest swell of the surf with such regularity that vegetation is prevented, and does not refer to the extraordinary waves which temporarily extend above the line of vegetation during storms and hurricanes.

c. The term "beach" as used herein means that area subject to public use and easement as defined in Section 1.

d. "Person" as used herein includes natural persons, corporations and associations.

e. "Littoral owner" means the owner of land adjacent to the shore and includes anyone acting under the littoral owner's authority.

**Construction of Term "Public Beaches"**

Sec. 4. Nothing herein shall in any way reduce, limit, construct or vitiate the definition of public beaches as defined from time immemorial in law and custom.

**Injunction; Protection of Rights of Ingress and Egress**

Sec. 5. The Attorney General, any County Attorney, District Attorney, or Criminal District Attorney of the State of Texas is hereby authorized and empowered, and it shall be his, or their duty to file in the District Court of Travis County, Texas, or the county wherein such property is situated, actions seeking either temporary or permanent court orders or injunctions to remove any obstruction or barrier, or prohibit any restraint or interference, restricting the right of the public, individually or collectively, to free and unrestricted ingress and egress to and from the state-owned beaches, or such larger area, extending from the line of mean low tide to the line of vegetation, in the event the public has acquired a right to use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public, or any property abutting upon or contiguous to the state-owned beach bordering on the Gulf of Mexico upon which the public has acquired a prescriptive right, and in such proceedings, the Attorney General, County Attorney, District Attorney, or Criminal District Attorney, shall also be empowered to bring an action seeking recovery of the costs of removing any obstruction or barrier if the same be removed by public authorities pursuant to any order of such court.

## Declaratory Judgment Suits

Sec. 6. Any littoral owner whose rights may be determined or affected by this Act shall be permitted to bring suit for a declaratory judgment against the State of Texas to try such issue or issues. Service of citation in such cases may be had by serving the Attorney General of Texas.

## Study Committee

Sec. 7. Because of certain problems peculiar to the various beaches of Texas, a study committee is hereby authorized to study the development of those beaches. The committee shall be composed of three (3) Representatives to be appointed by the Speaker of the House of Representatives, three (3) Senators to be appointed by the Lieutenant Governor of the state, and, as ex officio members, the Land Commissioner of the State of Texas, or a representative appointed by such Land Commissioner, the Chief Engineer of the Highway Department of the State of Texas, or a representative appointed by such Chief Engineer, and one (1) citizen of the state, appointed by the Governor with the advice and consent of the Senate, who shall serve for a term of two (2) years. The expense incurred by the legislative members of the committee in performing their duty shall be payable one-half out of the Contingent Expense Fund of the House and one-half out of the Contingent Expense Fund of the Senate. Such interim committee shall examine into the special conditions prevailing as to the shore line in the various areas, and shall file its report to the Legislature, whether in Special or General Session, at the earliest time compatible with the performance of its duties. The report shall include recommendations for legislation, including the following subjects:

a. The most practical method of procuring the right-of-way necessary for construction of essential parallel highways and for vehicular parking areas (to facilitate access to the beach) all to be situated landward and above the beach;

b. Method of procuring easements for egress and ingress between such parking areas and the beach;

c. Procedure for negotiation and execution of cooperative agreements between the state and affected landowners for acquisition by gift or purchase of such rights-of-way and easements;

d. Recognition of rights in such landowners to construct works, including groins, for the protection of their property and meeting the standards to be prescribed in such legislation;

e. Method of negotiations with landowners for additional easements or deeds for park areas adjacent to the beach, for the use and pleasure of the public, provided such lands or easements can be obtained without cost to the state;

f. Any change necessary to bring general legislation into conformity with the fixed procedures applicable to National Seashore Areas, to the extent that lands along the coast may be designated to a National Seashore Area; and

g. Such other related matters as in the opinion of the interim committee should be included in such report so as to facilitate the development of Texas beaches as public recreational areas and to further their development as a tourist attraction.

## Regulation of Motor Vehicle Traffic on Beaches; Littering Beaches; Violations; Penalties

Sec. 8. (a) The Commissioners Court of a county bordering on the Gulf of Mexico or its tidewater limits may by order regulate motor vehicle traffic on a beach within the boundaries of the county. It may also prohibit by order the littering of such beach and to this end may define the term "littering."

(b) Before a Commissioners Court may adopt an order authorized by Subsection (a) of this Section, it must

(1) publish notice in at least one newspaper having general circulation in the county of its intention to adopt the order;

(2) in the notice, state the time and place of a public hearing on the proposed order and state that interested persons may obtain copies of the proposed order from the Commissioners Court;

(3) make copies of the proposed order available to interested persons;

(4) more than two weeks, but less than one month, after the notice is published, conduct a hearing at the time and place stated in the notice, at which it must allow all interested persons to express their views on the proposed order; and

(5) in the case of a traffic regulation, provide in the order for signs, designed and posted in compliance with the current provisions of the Texas Manual on Traffic Control Devices for Streets and Highways, stating the applicable speed limit, parking requirement, or that vehicles are prohibited, as the case may be.

(c) The Commissioners Court may, in an order duly adopted under Subsections (a) and (b) of this Section, provide the following criminal penalties for violation of the order:

(1) for a first conviction, a fine not exceeding \$50.00;

(2) for a second conviction, a fine not exceeding \$200; and

(3) for a conviction subsequent to the second, a fine not exceeding \$500 or imprisonment in the county jail not exceeding 60 days or both such fine and imprisonment.

(d) If an order duly adopted under Subsections (a) and (b) of this Section conflicts with

a General Law of this state, the order controls over the state law and in case of violation prosecution may be maintained only under the order.

**Power of City, Town or Village to Regulate Traffic  
and to Prohibit Littering of Beaches;  
Regulatory Ordinances**

Sec. 9. This Act<sup>1</sup> shall not limit the power of an incorporated city, town, or village bordering on the Gulf of Mexico or any body of water adjacent thereto to regulate motor vehicle traffic and prohibit littering on a beach within its corporate limits. In the event such regulatory ordinances are passed by such a city, town, or village, and such ordinance conflicts with a General Law of this state, or with an order of the Commissioners Court adopted under this Act, the ordinance controls over the state law, and over such order, and in case of violation, prosecution may be maintained only under the ordinance.

<sup>1</sup> Acts 1965, 59th Leg., p. 1515, ch. 659.

**Right to Use Public Beaches**

Sec. 10. The right of the public to use the public beaches defined in this Act<sup>1</sup> remains inviolate subject only to orders duly adopted by a Commissioners Court under this Act and to ordinances enacted by an incorporated city, town, or village.

[Acts 1959, 56th Leg., 2nd C.S., p. 108, ch. 19; Acts 1963, 58th Leg., p. 1138, ch. 442, § 16; Acts 1965, 59th Leg., p. 1515, ch. 659, §§ 2, 3, eff. June 18, 1965.]

<sup>1</sup> Acts 1965, 59th Leg., p. 1515, ch. 659.

Section 1 of the amendatory act of 1965 provided:

"The regulation of traffic and prohibition of littering on the public beaches is of great concern both to the residents of Gulf Coast counties and to those of the state at large. The variety of existing needs and conditions, the ever-changing area and nature of our beaches, and the myriad interests of the counties in whose boundaries the beaches lie require above all else flexible solutions to the traffic and littering problems. The Legislature accordingly finds that

"(1) the continued enjoyment by the people of this state of our public beaches necessitates the orderly regulation of vehicular traffic and prohibition of littering on these beaches; and

"(2) it is impracticable, if not impossible, to prescribe by General Law, applicable to each of our public beaches, regulations and prohibitions which would realistically accommodate the legitimate interests of the local governments most directly concerned.

"It is therefore the purpose of this Act to authorize the Gulf Coast counties to adopt, within the limitations herein prescribed, regulations and prohibitions suited to the conditions and needs prevailing within their boundaries."

**Art. 5415d-1. Public Beaches Bordering Gulf;  
Maintenance; State Funds**

**Declaration of Purpose and Policy**

Sec. 1. (a) It is the purpose of this Act to allocate responsibility for cleaning the beaches of this state, and to preserve and protect local initiative in the maintenance and administration of beaches.

(b) The public policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or continuous use,

creates a responsibility for the state, in its position as trustee for the public, to assist local governments in the cleaning of beach areas which are subject to the access rights of the public as defined by Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes).

(c) The provisions of this Act shall not be construed to interfere with local initiative and responsibility in the cleaning, maintenance, and supervision of public beaches. The administration of public beaches, the selection of personnel, and, insofar as is consistent with the purposes of this Act, the determination of the best uses of the funds provided by this Act, shall be reserved to the several political subdivisions receiving funds under this Act.

**Applicability of Act**

Sec. 2. This Act shall apply to home-rule cities having a population in excess of 60,000 which are situated or border upon the Gulf of Mexico, and to all counties which are situated or border upon the Gulf of Mexico, provided that such city or county making application for funds under this Act has within its boundaries public beaches as defined in this Act.

**Application for State Funds; Conditions**

Sec. 3. Any such county or city seeking state funds under this Act to clean public beaches must first submit an application to the Parks and Wildlife Department. To be approved, such application must:

(a) Provide for the administration or supervision of the public beaches of such county or city by a Beach Park Board of Trustees, County Parks Board, Commissioners Court, or other such administrative body that the Legislature may from time to time authorize, and provide that such Board or agency will have adequate authority to administer an effective program of keeping the public beaches within its jurisdiction clean.

(b) Provide for the receipt by the county or city treasurer, or other officer exercising similar functions if there be no county or city treasurer, of all funds paid to such county or city pursuant to this Act, and provide for the proper safeguarding of such funds by such officer, provide that such funds shall be expended solely for the purposes for which paid, and provide for the repayment by the county or city of any such funds lost or diverted from the purposes for which paid.

(c) Provide that the governing body of such county or city will make such reports as to amounts and categories of expenditures as the Parks and Wildlife Department may from time to time require.

(d) Provide that entrance to all public beaches under the jurisdiction of the governing body of such county or city shall be free of charge. This subsection shall not

be construed to prohibit the assessment of a reasonable fee for off-beach parking, nor shall this subsection be construed to prohibit the assessment of a reasonable fee for the use of facilities provided for the use and convenience of the public.

(e) Provide for the establishment, maintenance, and administration of at least one beach park by such county or city, which shall meet such minimum requirements of size and facilities available to the public as shall be determined by the Parks and Wildlife Department.

#### Approval of Application

Sec. 4. The department shall not approve any application which does not fulfill the conditions specified in Section 3 of this Act.

#### Duties of Cities and Counties Boardering Gulf, and the State

Sec. 5. (a) It shall be the duty and responsibility of the governing body of any incorporated city, town, or village situated or bordering upon the Gulf of Mexico to clean and maintain the condition of all public beaches within its corporate boundaries; provided that such duty shall not extend to any public beach within its corporate boundaries which is owned by the county in which it is located.

(b) It shall be the duty and responsibility of the commissioners court of any county situated or bordering upon the Gulf of Mexico to clean and maintain the condition of all public beaches within its boundaries and not within the boundaries of any incorporated city situated or bordering upon the Gulf of Mexico. It shall further be the duty and responsibility of such commissioners court to clean any public beach owned by the county but situated within the corporate limits of any incorporated city, town or village.

(c) It shall be the duty and responsibility of the State of Texas to clean and maintain the condition of all public beaches located within state parks so designated by the Parks and Wildlife Department.

#### Counties Boardering Gulf; Expenditures

Sec. 6. Pursuant to the duties established by this Act, the commissioners court of any county situated or bordering upon the Gulf of Mexico is hereby authorized to expend from any available fund such sums as it deems necessary to carry out its responsibilities under this Act.

#### Distribution of "State Share" of Funds to Cities and Counties; Emergency Fund

Sec. 7. (a) From the appropriation available therefor, the Parks and Wildlife Department shall from time to time pay to each county or city which has its application approved under Section 3 of this Act, an amount hereinafter referred to as the "state share," provided that no payments shall be made to any such county or city until the department finds that

(1) there will be available in the budget of such county or city not less than \$20,000 for the purpose of cleaning and maintaining public beaches within its jurisdiction for the state fiscal year for which reimbursement is sought, and

(2) there will be available in the budget of such city or county for the purpose of cleaning and maintaining public beaches within its jurisdiction for the state fiscal year for which reimbursement is sought not less than the total amount expended by such county or city for the purpose of cleaning the beaches in the state fiscal year ending August 31, 1969.

(b) The Parks and Wildlife Department shall advise eligible cities and counties on the Gulf of Mexico of a period not less than sixty days after the effective date of this Act within which such eligible cities and counties may apply for a "state share" of beach cleaning funds and counties and cities seeking reimbursement under the provisions of this Act shall submit proposed expenditures for the purpose of cleaning and maintaining public beaches to the Parks and Wildlife Department. The department shall distribute in a fair and impartial manner the "state share" to counties and cities in accordance with procedures and accounting methods to be adopted by the Department.

(c) No county or city shall receive as its "state share" a sum greater than two-thirds of the amount such county or city expends for the purpose of cleaning and maintaining public beaches within its jurisdiction during the state fiscal year for which reimbursement is sought. The Department shall allocate the "state share" to eligible counties and cities, taking into account the frequency with which public beaches within the jurisdiction of such counties and cities are used.

(d) The Parks and Wildlife Department is authorized to use not more than 10 per cent of the appropriated funds for any state fiscal year for administrative purposes. The Department is further authorized to withhold a portion of the appropriated funds to maintain a reserve emergency fund to be used for cleaning beaches in the event of a catastrophe, such as an oil spill, an influx of seaweed, or other major interference with public recreational use of public beaches.

#### Contracts Between Cities Boardering Gulf and Situate Counties; Rebates by Department; Off-Beach Parking Fees

Sec. 8. The governing body of any incorporated city situated or bordering upon the Gulf of Mexico which is not entitled to receive funds under this Act, may contract with the commissioners court of the county in which such city is located, for the purpose of allowing such county to clean the beaches within the corporate limits of such city. Such city may apply to the Parks and Wildlife Department for rebates of 40 percent of the contract price, provided that such city need not meet

the terms and conditions imposed in Section 3 of this Act, except as otherwise provided. The department shall make such rebates at the close of each state fiscal year, upon a showing by such city that entrance to all public beaches under the jurisdiction of such city are free of charge.

This Section shall not be construed to prohibit the assessment of a reasonable fee for off-beach parking, nor shall this Section be construed to prohibit the assessment of a reasonable fee for the use of facilities provided for the use and convenience of the public.

**Contracts Between Adjacent Counties Bordering Gulf;  
Rebates by Department; Off-Beach Parking Fees**

Sec. 9. The commissioners court of any county which is not entitled to receive funds under this Act, may contract with the commissioners court of any adjacent county which is entitled to receive funds under this Act, for the purpose of allowing such adjacent county to clean the public beaches of the county which is not entitled to receive funds under this Act. Such contracting counties not entitled to receive funds under this Act may apply to the Parks and Wildlife Department for rebates of 40 percent of the contract price, provided that such contracting counties need not meet the terms and conditions imposed in Section 3 of this Act, except as otherwise provided. The department shall make such rebates at the close of each state fiscal year, upon a showing by such county that entrance to all public beaches under the jurisdiction of such county is free of charge. This section shall not be construed to prohibit the assessment of a reasonable fee for off-beach parking, nor shall this section be construed to prohibit the assessment of a reasonable fee for the use of facilities provided for the use and convenience of the public.

**Discontinuance of Payments to Cities or Counties;  
Failure to Comply With Act; Notice and Hearing**

Sec. 10. If the department finds after reasonable notice and opportunity for a hearing to any county or city receiving funds under the provisions of this Act, that such county or city no longer complies with the requirements of this Act, it shall notify such county or city that further payments will not be made to such county or city until the department is satisfied that there is no longer any such failure to comply.

(k) To expend any moneys appropriated by the commissioners court for the purpose of cleaning and maintaining lands within its jurisdiction and public beaches including any moneys appropriated to the commissioners court by the State of Texas for such purpose;

(l) To issue revenue bonds in the name of the board which shall be payable solely from the revenues of all or any designated part or parts of the properties or facilities under the jurisdiction and control of the board, for the purpose of improving and enlarging public parks and facilities. Such bonds may be issued in one or more installments or series by resolutions adopted by the board without the necessity of an election, shall bear interest at a rate not to exceed six percent per annum, shall mature serially or otherwise within 40 years from their date or dates, shall be sold by the board on the best terms obtainable but not for less than par and accrued interest, shall be executed by the chairman and secretary of the board, shall be signed by the chairman and the secretary of the board, or shall bear the facsimile signature of either or both, shall display the seal of the board either impressed, printed, or lithographed thereon, shall not be delivered until a transcript of the proceedings authorizing their issuance has been submitted to the Attorney General of Texas and by him approved as to legality and the bonds registered by the Comptroller of Public Accounts of the State of Texas, and shall be issued upon such terms and conditions in regard to the security, manner, place and time of payment, pledge of designated revenue, redemption before maturity, and the issuance of additional parity or junior lien bonds as the board shall specify in the resolution or resolutions authorizing such bonds. All bonds issued under the provisions of this Act are hereby declared to be legal and authorized investments for banks, saving banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, or other political

corporations or subdivisions of the State of Texas, and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured interest coupons appurtenant thereto;

(m) The board shall not have the power or authority to issue any bonds payable in whole or in part from ad valorem taxes but shall be authorized to receive and expend the proceeds of any bonds payable from taxes which may be issued by the governing body of the county for park purposes after the same have been authorized at an election held in the manner required by law;

(n) To issue refunding bonds for the purpose of refunding one or more series or installments of original or refunding revenue bonds of the board outstanding which refunding bonds shall be issued, approved as to legality by the Attorney General of Texas, and registered by the Comptroller of Public Accounts of Texas, in the manner and upon the terms and conditions prescribed for the issuance of original revenue bonds herein, such refunding bonds to bear interest at a rate or rates not exceeding that herein provided for the original bonds;

(o) To enter into contracts with adjacent counties, with Beach Park Boards in adjacent counties, and with Beach Park Boards in any city of the same county as the board, to accomplish any of the purposes authorized by this Act;

(p) To charge and collect a reasonable fee for access or entrance to, or parking upon, any lands under its jurisdiction other than public beaches owned by the county, or for the use of any facility located on land under the jurisdiction of the board.

**National or State Parks; Jurisdiction**

Sec. 8. The board shall have no jurisdiction over any public beach situated within the boundaries of such county which has been designated a national park, national seashore, or state park.

**Cumulative Effect**

Sec. 9. This Act shall be cumulative of all other laws relating to county parks but this Act shall take precedence in the event of conflict. Specifically, the powers and authorities of the Beach Park Board of Trustees preempts the right of the county Board of Park Commissioners to act with regard to any beach, park, or facility within the jurisdiction of the Beach Park Board of Trustees.

**Home-Rule Cities; Boards**

Sec. 10. The provisions of this Act shall not be construed as prohibiting the creation of, or limiting the lawful actions of, any Beach Park Board of Trustees of any home-rule city as provided for in Article 6081g-1, Vernon's Texas Civil Statutes.

**Public Access to Gulf Coast Areas**

Sec. 11. Nothing in this Act shall be construed to permit any interference whatsoever with any right the public might otherwise have under the provisions of Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), to the free and unrestricted use of, and to ingress and egress to, the area bordering on the Gulf of Mexico from mean low tide to the line of vegetation as that term is defined in Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), and such rights in the public shall persist as if this Act had not been passed. No county nor county officials nor anyone acting under authority of this Act shall exercise any authority, contract out any right to exercise authority or otherwise delegate authority beyond that specifically granted to it in Section 8 of Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes); over such area notwithstanding any of the specific provisions of this Act. It is the intent of the Legislature in passing this Act that the rights established or recognized in Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), are to be paramount over any rights or interests which might otherwise be deemed created by this Act, and nothing herein shall trench upon those rights nor encroach upon lands, or interests in land, which may ultimately be held subject to those rights.

[Acts 1969, 61st Leg., 2nd C.S., p. 136, ch. 20, eff. Sept. 19, 1969.]

**Art. 5415d-4. State-Owned Beaches Bordering Gulf; Business Establishments; Licenses**

**Declaration of Policy**

Sec. 1. It is hereby declared and affirmed to be the public policy of this state that the state-owned beaches bordering on the seaward shore of the Gulf of Mexico, and such larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public, shall be used primarily for recreational purposes; and any use which substantially interferes with the enjoyment of such beach area by the public shall constitute an offense against the public policy of this state. Be it provided, however, that nothing in this Act shall prevent any agency, department, political subdivision, or municipal corporation of this state from exercising its lawful authority under the laws of this state to regulate safety conditions on any beach area subject to public use.

**Business Establishments at Fixed Locations; Undesirability**

Sec. 2. The Legislature finds that the operation and maintenance of business establish-

ments at fixed or permanent locations on the public beaches of this state bordering on the seaward shore of the Gulf of Mexico constitute a potential public health hazard and a substantial interference with the free and unrestricted rights of ingress and egress of the public, individually and collectively, to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico, or such larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

**Mobile Business Establishments; Desirability;  
Application to Department for License**

Sec. 3. The Legislature finds that a reasonable number of mobile business establishments which traverse the public beach while doing business are beneficial to the public interest and do not interfere with the free and unrestricted rights of ingress and egress of the public as heretofore described in this Act. Any person desiring to operate a mobile business establishment on any public beach located outside the municipal limits of any incorporated city shall first make written application therefor to the Parks and Wildlife Department.

**Contents of Application; Filing Fee; Territorial Limits**

Sec. 4. (1) Such application shall set forth the name and street address of the applicant; the commodity or commodities to be sold or leased; the limits of the territory within which such mobile business establishment shall operate; and shall include payment of a filing fee in an amount to be determined by the Department, but in no event to exceed \$25. Such fee shall be deposited in the State Treasury in the Land and Water Recreation and Safety Fund 63, and the Department is authorized to fund the expenses of carrying out the provisions of this Act out of this fund.

(2) Any applicant seeking to operate more than one mobile business establishment must file a separate application accompanied by a separate filing fee for each mobile business establishment sought to be licensed.

(3) The Department may in its discretion establish maximum territorial limits over which mobile business establishments may operate; provided that such territorial limitations are applied uniformly to all applicants seeking to operate mobile business establishments in such territory; and further provided that a license to sell or lease only surf boards and related equipment shall in no way be limited as to the territory over which such mobile business establishment may operate.

**Licenses; Issuance**

Sec. 5. Upon a finding that the issuance of a license would be consistent with recreational needs and the public welfare, and that the mobile business establishment authorized thereby

would not create a traffic or safety hazard, the Department shall grant such license, provided that the applicant has complied with the provisions of this Act, and such license shall be valid for one year from the date of issuance thereof. In the event the Department does not grant the application, it shall return the filing fee to the applicant.

**Rules and Regulations**

Sec. 5A. The Department may establish additional rules, regulations, procedures, and conditions necessary or appropriate to carry out the purpose of this Act.

**Assignability and Revocation of License**

Sec. 6. No license shall be assignable, and a failure or refusal of the holder to comply with the terms and conditions of such permit shall operate as an immediate termination and revocation of all rights conferred therein or claimed thereunder, after notice duly delivered by mail to the address of applicant listed on the application for a license.

**Definitions**

Sec. 7. For the purposes of this Act:

(1) "Department" shall mean the Parks and Wildlife Department.

(2) "Public beach" shall mean any beach area, whether publicly or privately owned, extending inland from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, to which the public has acquired the right of use or easement to or over such area by prescription, dedication, presumption, or has retained a right by virtue of continuous right in the public since time immemorial, as recognized in law and custom.

(3) "Business Establishment" shall mean any structure or vehicle where any commodity or commodities, including memberships in any private club or other such organization, are offered to the public for sale or lease, but shall not include any structure or vehicle where only services are offered to the public for sale.

**Number of Licenses; Multiple Licensees**

Sec. 8. It is the intention of the Legislature that, in addition to the standards already set forth in this Act, the Parks and Wildlife Department shall exercise the authority delegated in this Act according to the following considerations:

(1) That the number of mobile business establishments licensed by the Department not be such as to constitute a substantial interference with the free and unrestricted rights of ingress and egress of the public, as described heretofore in this Act.

(2) That the number of licenses issued by the Department under the provisions of this Act for any public beach in this state be sufficient to insure free and unrestricted competition in the selling or leasing of

commodities to the public; and that no person or association of persons, corporate or otherwise, be allowed to operate a mobile business establishment, or mobile business establishments, on any public beach in restraint of trade or competition, whereby such person or association of persons controls all or substantially all of the business establishments licensed by the Department on such public beach.

**Applicability of Act**

Sec. 9. The provisions of this Act shall not apply to any public beach which is within the boundaries of a state park so designated by the Parks and Wildlife Department, nor shall this Act apply to any remote beach on any island or peninsula not accessible by public road or common carrier ferry facility, for so long as such condition shall exist.

**Restrictions**

Sec. 10. The Department shall not grant any application for a business establishment to be situated at a fixed or permanent location on a public beach, or for any business establishment which does not traverse the beach while doing business, nor shall it grant any application which otherwise does not meet the terms and provisions of this Act.

**Sale of Commodities**

Sec. 10A. Every license granted pursuant to this Act authorizing the sale of commodities on any public beach shall include a prohibition against the sale of any commodity in a glass container; and any person selling any commodity in a glass container on any public beach outside the boundaries of any incorporated city shall suffer an immediate termination and revocation of all rights conferred by such license, as provided in Section 6 of this Act.

**Operation Without License; Penalty**

Sec. 11. Whoever shall, for himself or for or on behalf of or under the direction of another person, or association of persons, corporate or otherwise, operate any business establishment, whether mobile or at a fixed or permanent location, on any public beach outside the boundaries of any incorporated city, without first having obtained a license to operate such business establishment from the Parks and Wildlife Department, shall be fined not less than \$10, nor more than \$200.

**Art. 5415e-1. Coastal Public Lands Management Act of 1973**

**Short Title**

Sec. 1. This Act may be cited as the Coastal Public Lands Management Act of 1973.

**Policy**

Sec. 2. The surface estate in the coastal public lands of this state constitutes an important and valuable asset dedicated to the permanent school fund and to all the people of Texas. It is the declared policy of this state that such estate be managed pursuant to the following policies:

(a) The natural resources of the surface estate in coastal public lands shall be preserved. Such resources shall be construed to include the natural aesthetic values of those areas and the value of such areas in their natural state for the protection and nurture of all types of marine life and wildlife.

(b) Uses which the public at large may enjoy and in which they may participate shall take priority over those uses which are limited to fewer individuals.

(c) The public interest in navigation in the intracoastal waters shall be protected.

(d) Unauthorized use of coastal public lands shall be prevented.

(e) Utilization and development of the surface estate in such lands shall not be allowed unless the public interest as expressed by this Act is not significantly impaired thereby.

(f) For the purposes of this Act, the surface estate in coastal public lands shall not be alienated except by the granting of leaseholds and lesser interests therein, and by exchanges of coastal public lands for littoral property as provided herein.

(g) Vested rights in land shall be protected, subject to the paramount authority of the state in the exercise of police powers to regulate the exercise of such rights; and the orderly use of littoral property in a manner consistent with the public policy of this state shall not be impaired.

**Purpose**

Sec. 3. The purpose of this Act is to implement the foregoing policies by delegating to the School Land Board, which shall be assisted by the planning division and other staff of the General Land Office, certain responsibilities and duties with respect to the management of the surface estate in coastal public lands.

(k) "Littoral owner", for the purposes of this Act only, means the owner of any public or private upland bordered by or contiguous to coastal public lands.

#### Administration

Sec. 5. The School Land Board is hereby designated the executive agency of the state charged with the administration, implementation, and enforcement of the provisions of this Act. The planning division and other staff of the General Land Office shall assist the board in the discharge of its responsibilities and duties under this Act; and the commissioner is authorized to employ such additional personnel

in the General Land Office as may be necessary for the board to perform such functions effectively.

#### Duties and Authority of the Board

Sec. 6. The board, with the technical advice and assistance of the planning division and other staff of the General Land Office, shall perform the following duties:

(a) The board shall develop a continuing comprehensive coastal public lands management program pursuant to the policies set forth in Section 2 of this Act. The coastal public lands management program shall, in compliance with the Coastal Zone Management Act of 1972 (P.L. 92-583)<sup>1</sup> include the following elements:

(1) A continuous inventory of coastal public land and water resources, which shall include a determination of the extent and location of the coastal public lands;

(2) A continuous analysis of the potential uses to which the coastal public lands and waters might be put, including recommendations as to which configurations of uses consonant with the policies of this Act maximize the benefits conferred upon the present and future citizens of Texas;

(3) Guidelines on the priority of uses in coastal public lands within the coastal area, including specifically those uses of lowest priority;

(4) A definition of the permissible uses of the coastal public lands and waters and definitions of the uses of adjacent areas which would have a significant adverse impact upon the management or use of coastal public lands or waters;

(5) Recommendations as to increments of jurisdiction or authority necessary to protect coastal public lands and waters from adverse consequences flowing from the uses of adjacent lands;

(6) An inventory of endangered environments and resources in the coastal public lands;

(7) Recommendations for any changes necessary in the organizational structure by which the program is implemented and administered.

(b) The board may review the management program periodically, and may amend the management program as new information or changed conditions may warrant.

(c) In developing the management program, the board shall, after due notice to littoral owners and the public generally, hold or cause to be held public hearings in such number and in such locations as the board may determine to be appropriate. In reviewing or amending the management program, the board may hold or cause to

be held public hearings in the manner provided in this subsection.

(d) The board shall, upon receipt of appropriate applications, register existing structures extending onto coastal public lands from adjacent lands not owned by the state; and may, insofar as consonant with the policies of this Act, regulate the placement, length, design, and the manner of construction, maintenance, and the use of all structures which shall hereafter be built so as to extend onto coastal public lands from adjacent lands not owned by the state.

(e) The board may accept gifts of interests in lands, and interests so received shall become part of the permanent school fund unless otherwise designated by the grantor. Such lands may at the discretion of the board be managed as if they were coastal public lands within the meaning of this Act.

(f) The board shall have the authority to select and to purchase fee and lesser interests in lands of the coastal area for the creation, maintenance, or protection of wildlife refuges, estuarine preserves, natural scenic reserves, historical or archaeological sites, public recreational areas, and research facilities. Such interests may be purchased by the board with funds acquired by gift or grant, but not by condemnation. Interests so acquired shall not become a part of the permanent free school fund unless so designated by the board; but such interests may in the discretion of the board be managed as if they were coastal public lands within the meaning of this Act, regardless of whether they otherwise fall within the meaning of coastal public lands.

(g) The board may study various coastal engineering problems, such as the protection of the shoreline against erosion, the design and use of piers, groins, seawalls, and jetties, and the effects of various structures, works, and improvements upon the physical and biological systems of the coastal public lands.

(h) The board shall have the authority to locate and cause to be marked upon the ground the boundaries separating coastal public lands from other lands.

(i) The board shall receive and evaluate any complaint or report from any person regarding instances of unauthorized construction, maintenance, use, or assertion of control of any structure upon coastal public lands, and shall refer all cases warranting judicial remedies to the attorney general, who shall immediately initiate judicial proceedings for the appropriate relief.

(j) The board is hereby designated and shall serve as the official representative of the governor of the state to conduct with

the federal government any business concerning any matter affecting the coastal public lands which arises out of the exercise by the federal government of any authority it may have over navigable waters under the Constitution of the United States.

(k) The board is hereby authorized to prescribe reasonable filing fees and fees for the granting of a lease, easement or permit, and to promulgate such procedural and substantive rules and regulations as it considers necessary to administer, implement, and enforce this Act.

<sup>1</sup> 16 U.S.C.A. § 1451 et seq.

#### Grant Applications, Registration, and Procedure

Sec. 7. (a) Any person desiring to acquire rights in the surface estate in any coastal public land shall make application in writing to the board in the form prescribed by the board. The application shall include the following:

(1) An adequate legal description of the land in which rights are sought;

(2) A statement of the rights sought;

(3) A statement of the purpose or purposes for which the land is to be used;

(4) A description of the nature and extent of the improvements, if any, which will be made on the land;

(5) An estimate of the time within which any improvements to be made will be completed; and

(6) Such additional information as the board may consider necessary, including, in the case of any application for approval of construction, modification, repair, or removal of a structure, a description of all plans for any filling, dumping, dredging, or excavating to be done.

(b) The board may grant the following interests in coastal public lands for the indicated purposes:

(1) Leases for public purposes;

(2) Easements for purposes connected with ownership of littoral property;

(3) Permits authorizing limited continued use of heretofore unauthorized structures on coastal public lands, not connected with ownership of littoral property;

(4) Channel easements to the holder of any surface or mineral interest in coastal public lands, for purposes necessary or appropriate to the use of such interests.

(c) Upon receiving an application, the board may circulate it for review and comment to the member agencies of the Interagency Natural Resources Council or its successor. Not less than 30 nor more than 90 days after receiving such application, the board shall determine whether the proposed application should be granted, and if so, it shall determine the reasonable term, conditions, and consideration for such grant and may consummate the transaction.

## Leases for Public Purposes

Sec. 8. (a) The board may lease coastal public lands:

(1) To the Parks and Wildlife Department, or to any eligible city or county, for public recreational purposes;

(2) To the Parks and Wildlife Department, for management of estuarine preserves;

(3) To any nonprofit, tax-exempt environmental organization approved by the board for the purpose of managing a wildlife refuge;

(4) To any scientific or educational organization or institution for the purpose of conducting scientific research.

(b) Leases granted pursuant to this section shall be subject to the following policies, provisions, and conditions, in addition to those generally applicable in this Act:

(1) The littoral rights of the adjacent upland owner shall be protected;

(2) Members of the public may not be excluded from coastal public land leased for public recreational purposes or from an estuarine preserve;

(3) A county is eligible to apply for a lease for public recreational purposes of coastal public lands within the county and outside the boundary of any incorporated city, town, or village; and an incorporated city, town, or village is eligible to lease coastal public lands within its corporate boundaries for public recreational purposes;

(4) Any lessee granted a lease for public recreational purposes may enter into contracts and franchise agreements to promote public recreation, subject to the approval of the board; however, no such contract or franchise agreement may authorize any commercial activity within 300 feet of privately owned littoral property without the written consent of the littoral owner of such property.

## Easements to the Littoral Owner

Sec. 9. (a) The board may grant easement rights to the owner of adjacent littoral property authorizing the placement or location of a structure on coastal public lands for purposes connected with the ownership of littoral property. The granting of an easement pursuant to this subsection, including the waiver in Paragraph (1) below, shall not be construed as recognition of a right existing in the littoral owner incident to the ownership of littoral property. Every such grant shall be subject to the following policies, provisions, and conditions, in addition to those generally applicable in this Act:

(1) The owner of littoral property may construct a pier which is not for commercial purposes, which does not exceed 100 feet in length nor 25 feet in width, and

which requires no filling or dredging, without obtaining an easement from the board; however, the location and dimensions of any pier must be registered with the board in the manner provided in this Act.

(2) In the administration of this subsection, the board shall take into account the public policy of this state that the orderly use of privately owned littoral property in a manner consistent with the public policy of this state shall not be impaired.

(b) In the event the activity for which the easement is sought requires the littoral owner to seek one or more permits from any other agency or department of government of this state, the board may agree with such agency or department to issue a single document incorporating all rights and privileges of the applicant.

## Permits

Sec. 10. (a) The board may issue permits authorizing limited continued use of heretofore unauthorized structures on coastal public lands, where such use is sought by one claiming an interest in any such structure but is not incident to the ownership of littoral property.

(b) Permits granted pursuant to this section shall be subject to the following policies, provisions, and conditions, in addition to those generally applicable in this Act:

(1) The board may not grant any permit authorizing the continued use of any structure located within 1,000 feet of:

(i) privately owned littoral property, without the written consent of the littoral owner;

(ii) any federal or state wildlife sanctuary or refuge;

(iii) any federal, state, county, or city park bordering on coastal public lands.

(2) A permit authorizing continued use of an heretofore unauthorized structure on coastal public lands shall be deemed automatically revoked and terminated if the coastal public land where the structure is located is subsequently leased for public purposes or exchanged for littoral property pursuant to this Act, or if such land is conveyed to a navigation district as provided by law.

(3) Every permit shall provide that in the event the terms of the permit are broken, the permit may, at the option of the board, be terminated.

(4) Such structures may be used only for noncommercial, recreational purposes.

(5) Permits may be issued for a period not to exceed five years and may be renewed at the discretion of the board.

(6) The board may not grant any application for a permit which would be in violation of the public policy of this state as

expressed in this Act, nor may it grant any permit for any structure not in existence on the effective date of this Act.

(7) In the event a structure for which a permit has been issued is severely damaged or destroyed by any means, no major repairs or rebuilding may be undertaken by the permit holder without the approval of the board.

(c) All structures for which a permit is required pursuant to this section, now existing or which shall be built, are declared to be the property of the state; and any construction, maintenance, or use of such structure, except as authorized in this section, is declared a nuisance per se and is expressly prohibited.

#### Registration

Sec. 11. Any person claiming as an incident of the ownership of littoral property any right in any structure which as of the effective date of this Act is situated in whole or in part upon coastal public lands shall register the location and dimensions of such structure with the board on or before December 31, 1973, in the manner provided by the board pursuant to this Act. Registration of such structure by the board shall not be construed as evidence of the acquiescence of the state in such claim by the owner; however, the failure of any such owner to register such a structure shall estop such owner from making any further claim of right against the state in such a structure and shall render such structure a nuisance per se subject to abatement by the state at the expense of the littoral owner.

#### Remedies; Penalties

Sec. 12. (a) Any owner of littoral property who fails to register the location and dimensions of a pier authorized to be constructed under Paragraph (1), Subsection (a), Section 9 of this Act, shall be subject to a civil penalty of an amount not to exceed \$200.

(b) Any owner of littoral property or person acting under such owner, who shall, for purposes connected with the ownership of such littoral property, construct or fix or place upon coastal public lands any structure, without first having obtained an easement from the General Land Office, shall be subject to a civil penalty of an amount not to exceed \$200. Each day such structure remains on or affixed to coastal public lands constitutes a separate offense.

(c) Any person who shall maintain, use, or repair any structure for which a permit is required under Section 10 of this Act, without first having obtained a permit from the School Land Board, shall be subject to a civil penalty of not less than \$50 nor more than \$1,000.

(d) Any person who shall construct or fix or place upon coastal public lands any unauthorized structure for purposes not connected with ownership of littoral property shall be subject to a civil penalty of not less than \$50 nor more than \$1,000.

(e) The remedies provided in this section are cumulative of any and all others which may be applicable, including, where applicable, those remedies arising from the power of a court to enforce its jurisdiction and its judgments.

(f) In any proceeding arising out of any alleged violation of any provision of this Act or any rule or regulation promulgated by the board pursuant to this Act, and in any proceeding touching any interest in land sought or granted pursuant to this Act, and in any proceeding to determine the boundaries or title to any coastal public lands, venue shall lie in Travis County unless expressly waived in writing by the attorney general.

#### Rights of Littoral Owners

Sec. 13. Any littoral owner whose rights may be affected by any action of the board pursuant to this Act shall be permitted to bring suit for a declaratory judgment against the State of Texas in the District Court of Travis County, Texas, to try such issue or issues. Service of citation in such cases may be had by serving the commissioner of the General Land Office.

#### Funds

Sec. 14. (a) All moneys received by the board for grants under the provisions of this Act of surface interests whose initial term equals or exceeds 20 years shall be deposited in the state treasury to the credit of the permanent school fund.

(b) All moneys received by the board for the granting of permits under this Act shall be deposited in the state treasury to the credit of a special fund hereby created.

(c) All moneys received by the board for the granting of any interest not covered by Subsection (a) or (b) of this section shall be deposited to the state treasury to the credit of the available school fund.

#### Appeal

Sec. 15. Any interested party aggrieved by any action of the board pursuant to this Act may appeal such action by filing a petition in a district court of Travis County, Texas. The petition must be filed within 30 days after the date of the final action of the board or 30 days after the effective date of such action, whichever is the later date. Service of citation on the board may be accomplished by serving the commissioner of the General Land Office. In an appeal of a board action, the issue is whether the action is invalid, arbitrary or unreasonable.

#### Exclusion

Sec. 16. Nothing in this Act shall prevent the littoral owner from developing or otherwise using his property in any lawful manner, nor shall this Act be construed to confer authority on the board to regulate, control, or restrict such use or development. No permit shall be required for structures, excavations, or other

similar structures so long as same are located wholly on the private littoral upland, even though such activities may result in the area being inundated by public waters.

#### Severability

Sec. 17. The provisions of this Act are severable. <sup>1</sup> Article 4026 et seq.

#### Art. 5415f. State-Owned Submerged Lands and Islands; Sale or Leasing of Surface Estate; Moratorium

Pending delivery of the final report of the Interagency Natural Resources Council to the Legislature covering its comprehensive study and recommendation concerning the state's submerged lands, beaches, islands, estuaries, and estuarine areas pursuant to S. C. R. No. 38 of this 61st Legislature, or until May 31, 1973, whichever date shall first occur, there is hereby declared a moratorium and suspension of the sale or leasing of, and of the establishment of any bulkhead line on, the surface estate of any state-owned submerged lands, beaches, and islands for any purpose under any existing law of this state.

Be it provided, however, that this moratorium shall not apply to any application for a lease of state-owned submerged lands or islands under the provisions of Chapter 377, Acts of the 57th Legislature, Regular Session, 1961, where the submerged lands or islands sought to be leased are within 2500 feet of submerged lands or islands already under lease to the applicant pursuant to the terms of Chapter 377, Acts of the 57th Legislature, Regular Session, 1961.

It is further provided that this Act shall not be construed to repeal, modify, or suspend the provisions of Chapter 3, Title 67, Revised Civil Statutes of Texas, as amended, as it relates to the powers and duties of the Parks and Wildlife Department with respect to all matters

pertaining to the sale, taking, carrying away, or disturbing of marl, sand, gravel, or shell of commercial value, and all gravel, shells, mud shell, and oyster beds and their protection from free use and unlawful disturbing or appropriation as provided in said Chapter 3.

Be it provided, however, that this Act shall not apply to any island or peninsula that is not accessible by a public road or common carrier ferry facility, so long as such condition shall exist.

[Acts 1969, 61st Leg., 2nd C.S., p. 141, ch. 21, § 1, eff. Sept. 19, 1969.]

Section 2 of Acts 1969, 61st Leg., 2nd C.S., p. 85, ch. 21, provided:

"The facts that the state-owned submerged lands, islands, estuaries, and estuarine areas in the Texas Gulf Coast Area, including the submerged lands of the state seaward of the mean of lower low water marks in the Gulf of Mexico, and the natural resources and the environmental natural beauty with which they are so richly endowed, constitute an important and valuable property right belonging to the Public Free School Fund and to all of the people of Texas, and they are of immediate and potential value to the present and future generations of Texans;

"That it is the declared policy of the state that such submerged lands, islands, estuaries, and estuarine areas shall be so managed and used as to insure the conservation, protection, and restoration of such submerged lands, islands, estuaries, and estuarine areas with resources and natural beauty and, consistent with such protection, conservation and restoration, their development and utilization in a manner that adequately and reasonably maintains a balance between the need for such protection in the interest of conserving the natural resources and natural beauty of the state and the need to develop these submerged lands, islands, estuaries, and estuarine areas to further the growth and development of the state;

"That the people of the State of Texas have a primary interest in the correction and prevention of irreparable damage to or unreasonable impairment of the uses of the coastal waters of the state and inland waters of the state in such estuaries and estuarine areas caused by drainage, waste water disposal, industrial waste disposal, and all other activities that may contribute to the contamination and pollution of such waters;

"That the people of the State of Texas also have primary interests in the value of such lands, islands, estuaries, and estuarine areas as public property for production and marketing of oil and gas and other minerals and mineral resources, for the production of living resources, for shell and other fisheries and fishing, hunting, and other recreation, for wildlife conservation, and for health and other uses in which the public at large may participate and enjoy;

"That it is also the declared policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico and hence the people of the State of Texas have a further primary interest in conserving the natural beauty of the state's beaches and protecting and conserving them for the use of the public;

"That the Interagency Natural Resources Council has been directed by the Legislature to make a comprehensive study to prepare the way for constructive legislation for the present and future protection of the interest of the people of the State of Texas in such submerged lands, beaches, islands, estuaries, and estuarine areas; and

"That the purpose, intent, and effectiveness of such constructive legislation for the present and future protection of the people of the State of Texas cannot be achieved if the sale and leasing of the state-owned submerged lands, beaches, and islands is continued under the existing laws of this state without regard to detailed modern scientific knowledge of these submerged lands, beaches, and islands which will result from the Council study and before such information can be collected and finally reported to the Legislature.

"All create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended; and that this Act shall take effect and be in force from and after its passage, and it is so enacted."

#### Art. 5415g. Gulf Coast and Public Beach Areas; Excavation of Sand, etc.; Permits

##### Policy and Purpose

Sec. 1. The Legislature finds that the unregulated excavation, taking, removing, or

carrying away of sand, marl, gravel and shell from islands and peninsulas bordering on the Gulf of Mexico and from the public beaches of this state constitute a substantial interference with public enjoyment of Texas beaches, a hazard to life and property.

#### Application for Permit

Sec. 2. Any person or association of persons, corporate or otherwise, desiring to excavate, take, remove, or carry away sand, marl, gravel, or shell from any land located on any exposed island or peninsula bordering on the Gulf of Mexico, or from land located within 1500 feet of any mainland public beach, where such land is situated outside the boundaries of any incorporated city, town or village, shall first make written application therefor to the commissioners court of the county in which such excavation, taking, removing, or carrying away shall take place.

#### Contents of Application; Filing Fee Certification

Sec. 3. Such application shall set forth the name of the applicant; the location and dimensions of the proposed excavation; the property interest or contractual right which enables applicant to excavate, take, remove, or carry away sand, marl, gravel, or shell; and shall include certification by the county treasurer, or if there be no county treasurer, other official exercising similar authority, that applicant has deposited a filing fee of \$50.

#### Permits; Issuance

Sec. 4. Upon a finding that the proposed excavation, taking, removing or carrying away would not create hazardous conditions or imperil lives or property by exposing the island or peninsula or public beach to the ravages of storm waters, the commissioners court may issue a permit to such applicant and it shall be valid for six months from the date of issuance thereof. The decision of the commissioners court shall be made with the advice and counsel of the county engineer, in those counties where such official is employed by the commissioners court.

#### Refusal of Permit; Recovery of Filing Fee

Sec. 5. If the commissioners court shall refuse the permit, applicant may recover his filing fee from the county treasurer, or if there be no county treasurer, other official exercising similar authority.

#### Ownership of Land or Consent of Owner; Necessity for Permit

Sec. 6. No permit shall be issued by the commissioners court pursuant to the provisions of this Act to excavate, take, remove, or carry away any sand, marl, gravel, or shell from any land owned by the State of Texas, nor from any public beach in the State of Texas; nor shall any permit be issued by the commissioners court to excavate, take, remove, or carry away any sand, marl, gravel, or shell from any privately-owned land subject to the provisions of this Act which is not located on a public

beach, unless applicant is the owner of the land where the proposed excavation, taking, removing, or carrying shall take place, or unless applicant is acting with the knowledge and consent of such owner.

#### Exemptions

Sec. 7. The provisions of this Act shall not apply:

(1) to any taking, removing, carrying away, or excavation of sand, marl, gravel, or shell made for the purpose of constructing improvements upon real property, where such improvements are constructed upon the property where said taking, removing, carrying away, or excavation occurs.

(2) to any landowner desiring to shift sand, marl, gravel, or shell from one location to another on land wholly owned by such landowner.

(3) to any agency of the federal or state government, nor to any agent nor officer thereof acting in his official capacity; nor shall the provisions of this Act apply to any agency of any county, city, or other political subdivision, nor to any agent nor officer thereof acting in his official capacity.

Be it provided, however, that for the purposes of this Act, any person or association of persons, corporate or otherwise, holding a lease from the State of Texas under the provisions of Chapter 377, Acts of the 57th Legislature, Regular Session, 1961 (Article 5415e, Revised Civil Statutes of Texas), shall be treated as an owner of such land and shall be entitled to excavate, take, remove, and carry away sand, marl, gravel, or shell for the purposes set forth in this Section without first obtaining a permit from the commissioners court.

#### Saving Clause

Sec. 8. Nothing in this Act shall be construed to repeal or modify the provisions of Chapter 3, Title 67, Revised Civil Statutes of Texas, as amended,<sup>1</sup> as it relates to the powers and duties of the Parks and Wildlife Department with respect to all matters pertaining to the sale, taking, carrying away, or disturbing of sand, marl, gravel, or shell of commercial value, and all gravel, shells, mud shell, and oyster beds and their protection from free use and unlawful disturbing or appropriation as provided in said Chapter 3; nor shall anything in this Act be construed to create any additional or supplemental requirements or procedures to those set forth in the said Chapter 3, Title 67, insofar as the matters therein involved are concerned.

<sup>1</sup> Article 4051 et seq.

#### Assignability and Revocation of Permits

Sec. 9. No permit shall be assignable without the approval of the commissioners court, and a failure or refusal of the holder to comply with the terms and the conditions of such permit shall operate as an immediate termination

and revocation of all rights conferred therein or claimed thereunder.

**Public Notices and Hearing on Applications**

Sec. 10. The commissioners court shall give public notice of all applications received for permits to excavate, take, remove, or carry away sand, marl, gravel, or shell. Such notice shall be published once in a newspaper of general circulation in the county, and shall include the name of the applicant and the location and dimensions of the proposed activity. A public hearing shall be held by the commissioners court in any case in which such is requested by any citizen within ten days after such publication. Notice of such public hearing shall be published at least once a week for at least two weeks in a newspaper of general circulation in the county, and such hearing may not be held less than thirty days from the date of the first such publication.

**Definition of "Public Beach"**

Sec. 11. For the purposes of this Act, "public beach" shall mean any beach area, whether publicly or privately owned, extending inland from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, to which the public has acquired the right of use or easement to or over such area by prescription, dedication, presumption, or has retained a right by virtue of continuous right in the public since time immemorial, as recognized in law and custom.

**Construction of Recreational Facility or Shoreline Protection Structure**

Sec. 11A. No incorporated city, town, or village having within its boundaries a public beach may authorize any person to excavate, take, remove, or carry away any sand, marl, gravel, or shell from such public beach except for the construction of a publicly owned and operated recreational facility or for the construction of a shoreline protection structure.

**Applicability of Act**

Sec. 12. This Act shall not apply to any island or peninsula that is not accessible by a public road or common carrier ferry facility, so long as such condition shall exist.

**Injunctive Remedies; Enforcement**

Sec. 13. or village, in violation of the provisions of this Act.

**Offense; Penalty**

Sec. 14. Whoever shall, for himself, or for or on behalf of or under the direction of another person, or association of persons, corporate or otherwise, excavate, take, remove, or carry away any sand, marl, gravel, or shell from any land located on any exposed island or peninsula bordering on the Gulf of Mexico, or from land located within 1500 feet of any public beach of this state, where such land is situated outside the boundaries of any incorporated city, town, or village, in violation of the provisions of this Act, shall be fined not less than \$10 nor more than \$200. **Art. 5415h. Barrier Islands and Peninsulas Bordering Gulf; Protection of Sand Dunes**

**Findings of Fact**

Sec. 1. The legislature finds and declares:

(1) That the barrier islands and peninsulas of this state and the adjacent mainland areas contain a significant portion of the state's human, natural, and recreational resources;

(2) That these areas are wholly or in part protected from the action of the waters of the Gulf of Mexico and storms thereon by a system of natural or artificially constructed vegetated sand dunes which provide a protective barrier for adjacent lands and inland waters and land against the action of sand, wind, and water;

(3) That certain persons, firms, and corporations have from time to time modified or destroyed the effectiveness of such protective barriers in the process of developing the shoreline for various purposes;

(4) That the operation of recreational vehicles over these dunes has destroyed the natural vegetation thereon;

(5) That these practices constitute serious threats to the safety of adjacent properties, to public highways, to the taxable basis of adjacent property, and they constitute a real danger to the health, safety, and welfare of persons living, visiting, or sojourning in the area;

(6) That it is necessary to protect these dunes as hereafter provided because stabilized, vegetated dunes offer the best natural defense against storms;

(7) That vegetated, stabilized dunes help preserve state-owned beaches and shores by protecting against erosion of the shoreline.

(8) That the area bounded on the north by the Mansfield Ship Channel and extending to the southern tip of South Padre

Island is an area of irregular dunes, the vast majority of which are unvegetated, unstable, and migratory; and that such dunes do not afford significant protection to persons and property inland from this area.

(9) That the area bounded on the north by the inlet known as Aransas Pass and on the south by the Mansfield Ship Channel is an area of a mixture of irregular dunes as described in Paragraph 8 above, and dunes which afford protection to persons and property inland.

#### Definitions

Sec. 2. When used in this Act, unless the context requires a different definition

(1) "Barrier island" refers to an island bordering on the Gulf of Mexico and entirely surrounded by water;

(2) "Peninsula" refers to an arm of land bordering on the Gulf of Mexico surrounded on three sides by water;

(3) "Recreational vehicle" refers to any dune buggy, marsh buggy, mini-bike, trail bike, jeep, or any other mechanized vehicle which is being used for recreational purposes, but shall not refer to any such vehicle which is not being used for recreational purposes.

#### Dune Protection Line

Sec. 3. (a) The commissioners court of any county bordering on the Gulf of Mexico having within its boundaries any barrier island or peninsula situated north of the Mansfield Ship Channel may after due notice and public hearing establish a dune protection line on any such island or peninsula for the purpose of preserving sand dunes which offer a defense against storm waters and erosion of the shoreline.

(b) Notice of such hearing shall be published at least three times in the newspaper with the largest circulation in the county not more than three weeks nor less than one week prior to the date of the hearing. Notice shall also be given to the Commissioner of the General Land Office not more than three weeks nor less than one week prior to the hearing.

(c) The commissioners court in establishing a dune protection line shall define the line by showing it on a map or drawing or by making a written description, or both, which shall be designated appropriately and filed with the county clerk and with the Commissioner of the General Land Office. Notice of alterations in the dune protection line shall be filed with the county clerk and with the Commissioner of the General Land Office, and the appropriate changes shall be made on the map, drawing, or description.

(d) The dune protection line shall not be located further landward than a line drawn parallel to and 1,000 feet landward of the line of mean high tide of the Gulf of Mexico.

(e) Provided, however, that the provisions of this Act shall not apply to any island or peninsula not accessible by public road or common carrier ferry facility for so long as said condition shall exist.

#### Prohibited Conduct

Sec. 4. (a) In any county in the area bounded on the south by the inlet known as Aransas Pass and on the north by the Texas-Louisiana state line, where a dune protection line has been established, it shall be unlawful for any person or association of persons, corporate or otherwise, to damage, destroy, or remove any sand dune or portion thereof on any barrier island or peninsula seaward of the dune protection line, or to kill, destroy, or remove in any manner any vegetation growing on any sand dune seaward of the dune protection line, without first having obtained a permit as specified which authorizes such conduct.

(b) In any county in the area bounded on the north by the inlet known as Aransas Pass and on the south by the Mansfield Ship Channel, where a dune protection line has been established, it shall be unlawful for any person or association of persons, corporate or otherwise, to:

(1) excavate, remove, or relocate any sand dune or any portion thereof located seaward of such dune protection line so as to reduce the sand dune to an elevation less than the elevation, or elevations, shown on the Special Flood Hazard Map of such area promulgated by the administrator of the Federal Insurance Administration under and in accordance with the terms of the National Flood Insurance Act;<sup>1</sup>

(2) kill, destroy, or remove in any manner any vegetation growing on any sand dune seaward of the dune protection line, without making provision for the stabilization of such dune by the installation or construction of improvements or the replanting or resodding of vegetation thereon so as to maintain the dune at the minimum elevation set forth in Paragraph (1) above, without first having obtained a permit as specified hereafter which authorizes such conduct.

(c) In any county where a dune protection line has been established, it shall be unlawful for any person to operate a recreational vehicle on any sand dune seaward of the dune protection line.

<sup>1</sup> 42 U.S.C.A. § 4001 et seq.

#### Permits

Sec. 5. (a) Any owner of land or person holding any interest under the owner desiring to commit any acts on such land prohibited in Section 4 of this Act must first make application for a permit from the commissioners court.

(b) The commissioners court shall evaluate the permit application and may grant the ap-

plication if it finds as a fact after full investigation that the particular conduct proposed will not materially weaken the dune or reduce its effectiveness as a means of protection from the effects of high wind and water, taking into consideration the height, width, and slope of the dune and the restoration of protection so affected by construction as well as the restoration of vegetation.

(c) The commissioners court may require a reasonable fee to accompany the application, and may include in any permit such terms and conditions as it finds necessary to assure the protection of life and property.

#### Exemptions: Prohibitions

Sec. 6. (a) No permit may ever be issued by the commissioners court which would allow the operation of a recreational vehicle on any sand dune seaward of the dune protection line.

(b) No permit is required for any of the following activities:

- (1) the grazing of livestock;
- (2) the production of oil and gas;
- (3) recreational activity other than the operation of a recreational vehicle.

(c) No dune protection line may ever be established for the purpose of protecting dunes located within any state or national park area.

#### Critical Dune Areas

Sec. 7. (a) The Commissioner of the General Land Office, in his role as trustee of the public lands of this state, shall identify the critical dune areas which are essential to the protection of state-owned lands, shores, and submerged lands. After these critical dune areas are identified, the commissioners court of any county having within it one or more critical dune areas shall be notified of the existence and location of such area or areas.

(b) After receiving an application for a permit to carry out any of the activities prohibited in Section 4 of this Act within a critical dune area identified pursuant to this section, the commissioners court shall notify the Commissioner of the General Land Office by sending a copy of the application and notice of the public hearing not less than ten days prior to the public hearing on the application. The commissioner may submit any comments, either in writing or orally at the hearing, regarding the effect of the proposed activity on dunes which protect state-owned lands, shores, and submerged lands.

#### Appeal

Sec. 8. Any littoral owner aggrieved by any decision of the commissioners court under the provisions of this Act may appeal to the district court of that county. It is specifically provided that the Commissioner of the General Land Office, in his role as trustee of the public lands of this state, may appeal to the district court of that county any decision of the commissioners court which the land commissioner determines to be in violation of this Act.

The development and operation upon the lands included herein shall be conducted so far as practicable in such manner as to prevent such pollution of the water as will destroy fish or wildlife. The Commissioner of the General Land Office, with the advice and assistance of the Game and Fish Commission, shall prescribe and enforce such rules and regulations as may be necessary for that purpose.

[Acts 1955, 54th Leg., p. 844, ch. 311.]

**Art. 5421c. Regulating Sale and Lease of School Lands, Public Lands and River Bed; Board of Mineral Development Created**

**Lands Subject to Control and Sale**

Sec. 1. All lands heretofore set apart to the public free school funds under the Constitution and laws of Texas, and all of the unappropriat-

ed and unsold public domain remaining in this State of whatever character, except river beds, and channels, and islands, lakes and bays, and other areas within tide water limits, are subject to control and sale under the provisions of this Act.

**Surveyed Public Free School Land**

Sec. 2. Surveyed public free school land may be sold by the Commissioner on the first day of any month to the person offering the highest price for it after the same has been advertised for sale in accordance with this Act and the provisions of subdivision 2 of Chapter 3, Title 86, Revised Civil Statutes, 1925,<sup>1</sup> relating to school land, provided that all such land within five miles of a well producing oil or gas in commercial quantities shall be subject to lease only, and the surface rights shall not be sold.

<sup>1</sup> Article 5309 et seq.

**Surveyed Land Defined**

Sec. 3. Surveyed land within the terms of this Act is defined to be all tracts or parts of tracts heretofore surveyed either on the ground or by protraction, and set apart for the public school funds and which is unsold, and for which field notes are on file in the General Land Office or which may be delineated on the maps of said Office as such, and unsurveyed land is defined to be all areas not included in surveys on file in the General Land Office or surveys delineated on the maps thereof.

**Conditions as to Sale**

Sec. 4. All land shall be sold without condition of settlement and with a reservation of one-sixteenth ( $\frac{1}{16}$ ) of all minerals, as a free royalty to the State, which two conditions shall be expressed in the application to purchase and in the notice of award, the minimum price to be fixed by the Commissioner and in no case to be less than One Dollar (\$1.00) an acre. Provided, that one-eighth ( $\frac{1}{8}$ ) of all sulphur and other mineral substances from which sulphur may be derived or produced shall be reserved as a free royalty to the State.

**Prior Surveys, Sold, Patents For**

Sec. 5. Any headright survey, homestead donation, pre-emption survey, scrip survey or other survey heretofore awarded or sold, which survey has been held and claimed in good faith by any party for a period of ten years prior to the date of application for patent and which surveys cannot be patented under existing laws, may be patented on payment of One Dollar (\$1.00) an acre to the Land Commissioner. In such cases the patent shall be issued to the owner now of record in the General Land Office and inure distributively to the true and lawful owners of the land, provided that in all cases where a tract of school land has been occupied by mistake as a part of another tract, such occupant shall have a preference right for a period of six months after the discovery of the mistake, or after the passage of this Act, to purchase the land at the same price paid or

contracted to be paid for the land actually conveyed to him.

Definitions; Vacant and Unsurveyed Land  
Subject to Sale or Lease; Royalties;  
Applications and Procedure Thereon

Sec. 6. (a) Wherever the reference is made in this Act to "Commissioner," the same shall mean the Commissioner of the General Land Office.

Wherever the term "Good Faith Claimant" or "Claimant" is used in this Act, the same shall mean any person, firm, or corporation, occupying or using, or theretofore occupying or using, or whose predecessors in interest, have occupied or used a vacancy for purposes other than exploring for or removing oil, gas, sulphur, or other minerals therefrom with a good faith belief that the same was included within the boundaries of a survey or surveys previously titled, awarded or sold under circumstances that would, at the time the vacancy issue arose, have vested title thereto had said area actually been located within said survey or surveys, and whose said boundaries are shown to have been recognized boundaries in the community. Provided a person, firm, or corporation, or those under whom he claims, shall have said land in his inclosure or under definite recognized boundaries and be in possession thereof for a period of ten (10) years with a good faith belief that he was the owner thereof and that same was included within his survey, except that whenever the owner of the tract of land adjoining the alleged vacant area makes application to buy the same, and no prior application to purchase or lease such alleged vacant area is on file, then such owner of said adjoining tract of land, who otherwise qualifies as a good faith claimant, shall be considered a good faith claimant without regard to the length of time he may have owned said adjoining land, or had such alleged vacant tract inclosed, or under definite recognized boundaries and in possession with the belief that the vacant area was included within his survey.

"Vacancy," when used in this Act, means an area of unsurveyed school land not in conflict on the ground with lands previously titled, awarded, or sold, which has not been listed on the records of the Land Office as school lands and which on the date of the filing was neither subject to an earlier subsisting application to purchase or lease by a discoverer or claimant nor involved in pending litigation brought by the State to recover the same.

"Applicant," when used in this Act, means any person, other than a good faith claimant, who discovers and files application to purchase or lease a vacancy.

(b) The vacant and unsurveyed land included within this Act shall be subject to sale or lease under the terms of this Act. Any of such land shall be subject to sale to a good faith claimant whether the same shall be within five (5) miles of a well producing oil, gas, or other minerals in commercial quantities, or not; but

such lands lying within five (5) miles of a well producing oil or gas in commercial quantities shall not be subject to sale to any other person than a good faith claimant, but where there is no good faith claimant, or such claimant fails to exercise his preferential right, lands within such five-mile distance shall be subject to lease only, and all of such leases shall reserve to the State at least a one-eighth free royalty on oil, gas, sulphur, and other minerals. In all cases where the good faith claimant purchases the land within five (5) miles of a well producing oil, gas, or other minerals in commercial quantities, there shall be reserved to the State a free royalty of one-eighth of all oil, gas, sulphur, and other minerals. On all other vacancies sold there shall be a free royalty of one-sixteenth reserved to the State on all oil and gas production and one-eighth on sulphur and other minerals. Such royalty reserved by the State shall be one-eighth on oil and gas and one-sixth on sulphur and other minerals if a good faith claimant fails to exercise his preference right to purchase within ninety (90) days after the Commissioner determines the existence of the vacancy as hereinafter provided. Such sales shall provide that the purchaser shall have the right to execute oil, gas, and mineral leases on the land without the joinder or approval of the Commissioner, and all bonus money and rentals therefor shall be paid to and be the property of the purchaser, but any and all of such mineral leases shall provide for and reserve to the State the above-mentioned free royalty on all oil, gas, sulphur, and other minerals. On all vacancies leased by the State, there shall be reserved not less than a one-eighth free royalty on oil, gas, sulphur, and other minerals.

(c) Any applicant who claims that a vacancy exists and desires to lease or purchase same shall file in duplicate with the County Surveyor of the county in which any part of the land is situated a written application to purchase or lease, describing the land claimed to be a vacancy, and stating that he desires to purchase or lease same under the provisions of this Act. The application shall also state the names and addresses of all owners or claimants of land or any interest therein and of leases of any character thereon, adjoining, overlapping, or including the land claimed to be vacant, so far as the same may be ascertained from the records of the General Land Office, and of the office of the County Clerk of the county in which the land is located and from the tax rolls of such county. The application shall also state the names and addresses of all persons who, from facts known to the applicant, assert any right to said alleged vacant land, and same shall be sworn to and shall state the applicant knows of no other claimants than those listed.

Contemporaneously with the filing of the application, the applicant shall pay to said surveyor a filing fee of Five Dollars (\$5). The surveyor shall mark on the original and duplicate the exact hour and date of filing, shall re-

turn one application to the applicant and shall record the other in a book to be kept by him for that purpose. The application which is returned to the applicant shall, within ten (10) days after the date of filing with the surveyor of the county, be filed with the Commissioner who shall note thereon the date of filing. Applicant shall also pay a filing fee of One Hundred Dollars (\$100) to the Commissioner. Failure to file the application with the Commissioner within the time fixed, and to pay the filing fee, shall be a waiver of all rights under the application. As between applicants, priority shall date from the time of filing with the surveyor. In counties which have no County Surveyor, such preliminary filing shall be with the County Clerk and shall be recorded in a book to be kept for that purpose, but not in the deed records.

The Commissioner shall notify the applicant by letter of the estimate of the cost of proceedings under the application, and, within thirty (30) days after the date of such letter, the applicant shall make a deposit with the Commissioner to cover costs of all work which may be necessary in order to comply with the request contained in such application. Upon failure to make the deposit as required, all rights under the application shall be lost. In the event such deposit shall prove to be insufficient, the applicant shall be requested by letter to make a further deposit of a sum to be fixed by the Commissioner and, if such additional deposit be not made within thirty (30) days after the date of such letter, the work shall be discontinued and the application cancelled, and such cancellation shall be so endorsed on the application. Upon cancellation, the right to purchase or lease under such application shall be lost. The deposits provided for in this Section shall be a special trust fund to be used only for the purpose authorized by this Act. Provided that the applicant shall have the right of appeal from the estimate of cost so made by the Commissioner, to the District Court of Travis County by giving notice to the Commissioner in writing thereof within fifteen (15) days after the receipt of said estimate from said Commissioner as herein provided. And provided that said applicant shall have fifteen (15) days after the decision of said District Court as to amount in which to make payment thereof.

Upon filing of any such application with the Commissioner and upon the making of the required deposit as provided for herein, the Commissioner shall forthwith cause a notice of intention to survey to be mailed to all persons named in the application as interested persons, and at the addresses given therein, and to the Attorney General of Texas. The notices shall be deposited in the Post Office at Austin, Texas, at least ten (10) days prior to the date fixed for the beginning of such survey.

The Commissioner shall appoint a surveyor to make a survey in accordance with the notice. Such surveyor shall be a surveyor licensed by the State, or the County Surveyor of

the County in which the land or a part thereof is situated. The fees and expenses to be paid for such work shall be such as may be fixed by law, or, if not so fixed, then such as the Commissioner and the surveyor may agree upon, but not in excess of such as may be reasonable for the work performed, all of which shall be paid by applicant.

A written report of the survey with field notes describing the land and the lines and corners so surveyed together with a plat showing the results of such survey shall be filed in the General Land Office within one hundred and twenty (120) days from the filing of the application, unless the time be extended by the Commissioner for good cause shown, which shall be stated in writing and filed as a part of the record of the proceedings, but such extension shall not exceed sixty (60) days. The report shall state the names and the Post-Office addresses of all persons in possession of the land described in the application, and of all persons found by the surveyor to have or claim any interest therein. Any interested party may at his own expense cause any surveying to be done as he deems desirable.

As soon as the total expense properly charged against the deposit has been determined, the Commissioner shall render a complete statement to applicant, accompanied by payment of the balance, if any, shown to be remaining in such fund.

Within sixty (60) days after the surveyor has made his report as provided herein, a hearing may be held before the Commissioner on the date fixed in a notice which he shall give to all persons thought to be interested parties and to all persons shown by the record of the proceeding to be interested parties, including the Attorney General, to determine whether there is a vacancy. Such notice shall be deposited in the Post Office at Austin, at least ten (10) days prior to the date fixed for such hearing. At the hearing, the State and each interested party, whether or not he received notice, shall have a right to be heard.

(d) If the Commissioner should decide that the area so alleged to be a vacancy is not vacant, then the Commissioner shall so endorse said application and file it with his finding, and shall promptly notify the applicant of his finding by registered mail, and shall file all reports and papers received in connection with said application, and then shall take no further steps with respect to same unless the existence of the alleged vacant area shall have been determined by a Court of competent jurisdiction. Thereupon, the applicant's application and all preference rights acquired thereby, to buy, or lease, such alleged vacancy shall become null and void, unless within a period of ninety (90) days after the mailing of such notice the applicant shall file suit in the District Court of the county wherein any part of such land is located, for the purpose of litigating the question of the existence of a vacant unsurveyed area.

(e) If it shall appear to the Commissioner that the alleged vacancy is not in conflict with land previously titled, awarded, or sold by the State, the Commissioner shall give prompt notice of such finding to the applicant and to all those who have been previously identified as interested parties, and thereafter, subject to the further provisions hereof, such applicant shall have a right for one hundred and twenty (120) days to purchase or lease such portion of said land as is vacant at the price fixed by the School Land Board as hereinafter provided, with the royalty reservation provided hereinabove in subsection (b); provided that no such award shall be made by the Commissioner except after a hearing, and provided further that no presumption shall obtain in any suit involving the existence of a vacancy, as a result of the action of the Commissioner in this respect.

(f) Any good faith claimant who ascertains that a vacancy exists or that a claimed vacancy may exist, or who has been notified by the Commissioner that a vacancy has been found to exist upon lands claimed by him shall, at any time, until ninety (90) days after a decision of the Commissioner declaring the existence of a vacancy, have a preference right to purchase or lease same by applying in writing to the Commissioner for such purchase or lease, and by furnishing such proof as may be satisfactory to the Commissioner that he is a good faith claimant. Such good faith claimant shall then be entitled to purchase or lease such portion of said land as is vacant, at the price fixed by the School Land Board, subject to the royalty reservations herein provided, effective as of the date such application is filed.

Where there is no valid and subsisting prior filing by an applicant covering the alleged vacant area upon the date of the filing of a good faith claimant's application to purchase or lease, such application shall be accompanied by a filing fee of One Dollar (\$1), by a written report of a surveyor licensed by the State, or the County Surveyor of the county in which the land or a part thereof is situated, with field notes describing the land and the lines and corners so surveyed, together with a plat showing the results of such survey, and by such proof as may be satisfactory to the Commissioner that he is a good faith claimant. Such good faith claimant may, however, if he so desires, file his application to purchase or lease, and within one hundred and twenty (120) days from the date of filing with the Commissioner, cause a survey of the alleged vacancy to be made, and file the written report, field notes, and plat in the General Land Office, together with the proof that he is a good faith claimant. If it shall appear to the Commissioner that the alleged vacancy is not in conflict with the land previously titled, awarded or sold by the State, the Commissioner shall grant such application under the provisions of this Act; provided, however, that prior to granting the application, the Commis-

sioner may have a hearing at which any interested persons may appear.

The application by a good faith claimant shall not be used or considered, in any way, as an admission on his part that a vacancy exists.

Any good faith claimant shall also have a preference right until ninety (90) days after final judicial determination of the existence of a vacancy to purchase the land alleged or adjudicated to be vacant; provided, however, that if such good faith claimant shall not have exercised his preference right until after ninety (90) days after the decision of the Commissioner determining the existence of the vacancy, then the sale made to the good faith claimant shall be subject to a reservation in favor of the State of a free one-eighth ( $\frac{1}{8}$ ) royalty of all oil, gas, sulphur and other minerals, and subject to any lease made or to be made by the State to applicant, if any, of not more than thirteen-sixteenths ( $\frac{13}{16}$ ) mineral interest as in this Act provided. If the Commissioner has theretofore executed a mineral lease on a larger portion of the minerals under said land, then such lease shall be amended to cover only thirteen-sixteenths ( $\frac{13}{16}$ ) of the minerals so as to conform with the preference rights hereby given to good faith claimants.

Any good faith claimant of a vacant or un-surveyed tract of land shall have ninety (90) days after the sale or lease by the Commissioner of said tract to institute suit to set aside the sale or lease of said tract of land. If said suit be not instituted by the good faith claimant within said ninety-day period, he shall lose all preference rights to buy or lease said land.

If the Commissioner has failed to determine whether or not there is a good faith claimant, or if his decision is questioned by applicant or one asserting to be a good faith claimant, then such issue shall be determined in any suit brought under this Act to determine the existence of the alleged vacancy.

Provided the good faith claimant shall pay back to the applicant the amount of expenses incurred in determining the existence of the vacancy, as provided for in Section 1, Subsection (c), except the filing fees, within ninety (90) days after the Commissioner has declared the vacancy to exist, or he shall lose all preference rights to lease or buy said land.

(g) The purchase by any good faith claimant under such preferential right shall inure distributively to the benefit of all owners holding title under him or an interest in the title under which he claims to be a good faith claimant, provided that such co-owners or lessees shall accept the provisions hereinafter set out and contribute their proportionate part of the royalty reserved to the State and the royalty awarded to the applicant. Such reservation shall be deducted distributively and proportionately from the mineral interest of each owner, including mineral leases, if the area should be under mineral lease. As a condition to the

benefits conferred by this law, it is expressly provided that such claimants receiving patents or awards, or for whose benefit such patents or awards are received, shall recognize the proportionate interests of other owners benefiting by the award of preference rights hereby. The consideration for such purchase shall be determined by the Commissioner without considering the potential mineral value or any improvements thereon, but shall not be less than One Dollar (\$1) per acre, and the State shall retain its right to recover from the party or parties liable therefor the market value, when produced, of all oil, gas, sulphur, and other minerals that may have been produced from such area prior to the effective date of the said patent or award, but against such liability there shall be allowed as an offset to the operator the actual cost of developing and producing the same. Provided that no mineral lease executed by the good faith claimant previous to the filing of the vacancy claim shall give the lessee any interest in, or to, any vacancy.

No title to either land or mineral interest in land acquired from the State under preference right shall ever be held to pass as an after-acquired title by reason of any covenant of general warranty, description, or other provision, contained in any conveyance executed prior to the date of award under such preference.

(h) Where there is a valid, subsisting prior filing by an applicant upon the date of the filing of a good faith claimant's application to purchase under preferential right, and where the good faith claimant shall have exercised his preference right to purchase within ninety (90) days after a decision of the Commissioner under the provisions of this Act, then in such patent as shall be issued to good faith claimant, there shall be added to the free royalty interest reserved to the State and deducted proportionately from good faith claimant's award, as provided in paragraph (g), a free royalty of one-sixteenth of all oil, gas, sulphur, and other minerals which may be produced from such land, which royalty shall be awarded by the State to the applicant. But, if the good faith claimant shall not have exercised his preferential right to purchase within ninety (90) days after a decision of Commissioner under the provisions of this Act, then the applicant shall be awarded an oil, gas and mineral lease on not more than seven-eighths of the minerals for not less than One Dollar (\$1) per acre, and for a five-year primary term, subject to such other consideration and terms as may be fixed by School Land Board, and subject to the preference right of a good faith claimant until ninety (90) days after final judicial determination under subsection (f) hereof. Should there be no good faith claimant, or should no good faith claimant exercise his preferential right within the time allowed, then the applicant shall be entitled to buy or lease accordingly, as he may have applied, the vacancy applied for by him and found to exist, for a consideration to be fixed by the School Land

Board as hereinafter provided, but without consideration of potential mineral value.

(i) Any application made under prior laws to purchase or lease unsurveyed school land which is on file in the office of the Commissioner or with any county surveyor and which has not been granted upon the effective date of this Act, shall become null, void, and of no further effect unless there is then pending a suit, or suits, involving the question of whether the land so affected or a part thereof is vacant, or unless the Commissioner shall within nine (9) months after the effective date hereof grant said application, or unless the applicant shall within sixty (60) days after the end of such nine-months period, file an action in the District Court, for the purpose of litigating the question of the existence of a vacant unsurveyed area.

(j) Any person, firm, or corporation aggrieved by any action taken by the Commissioner under the provisions of this Act, or with reference to any application to purchase or lease vacancies, may institute suit in the District Court of the county where any part of the land is situated, but not elsewhere, and there try the issues of boundary, title, and ownership of any alleged vacancy involved, as well as the issues of the preference rights of such person, firm, or corporation, as herein provided. The plaintiff in such suit shall within thirty (30) days after the filing thereof cause a certified copy of the original petition therein to be served by any sheriff or constable of Travis County upon the Attorney General of Texas and the Commissioner, and cause such officer's return showing said service to be filed with the papers in said cause. Whether the Attorney General answers or intervenes in said cause or institutes suit in the first instance, following the filing of such application, the venue of all such suits shall be in the county where such land, or any part thereof, is located. When such litigation shall have been prosecuted to a final judgment, said judgment shall be binding upon the State of Texas. It shall be mandatory for the Attorney General to intervene in behalf of the State in such cases.

#### Unpaid and Delinquent Interest on Sales of School Land

Sec. 7. From and after the passage of this Act all unpaid and delinquent interest on sales of public school land, and annually on November 1st of each year as it becomes delinquent all unpaid interest on public school land sales shall bear interest at the rate of five (5) per cent compounded annually as it accrues on November 1st of each year; and no patent shall be issued upon any land until all compounded interest shall be paid to the time of issuing patent.

#### Lands Subject to Lease; Laws Applicable; Royalties

Sec. 8. All islands, salt water lakes, bays, inlets, marshes and reefs owned by the state, within tidewater limits and that portion of the Gulf of Mexico within the jurisdiction of Tex-

as, and all unsold surveyed public free school land and all rivers and channels belonging to the state shall be subject to lease by the Commissioner of the General Land Office to any person, firm or corporation for the production of oil, gas, coal, lignite, sulphur, salt and potash that may be therein or thereunder, in accordance with the provisions of all existing laws pertaining to the leasing of such areas for oil and gas; provided that the leasing of minerals other than oil and gas shall not be subject to the provisions of Article 5359, Revised Civil Statutes, 1925, and subsection 5, Section 8-a of Section 1, Chapter 40, Acts of the 42nd Legislature, Second Called Session, 1931;<sup>1</sup> provided further, that at the discretion of the School Land Board the minerals herein enumerated, other than oil and gas, may be leased together or separately, but oil and gas shall only be leased together, and separately from other minerals; provided further, that the royalty reserved to the state shall be not less than one-eighth ( $\frac{1}{8}$ ) of the gross production or value of oil, gas and sulphur and one-sixteenth ( $\frac{1}{16}$ ) of the gross production or value of other minerals.

<sup>1</sup> Section 8-A of this article.

River Beds Belonging to State; Development and Lease of; Board of Mineral Development Created, Powers and Duties

Sec. 8-A. The beds of rivers and channels belonging to the State shall be subject to development by the State and to lease or contract for the recovery of petroleum oil and/or natural gas, in tracts of such size as may from time to time be determined by the hereinafter created board, subject to the conditions contained in this Section.

Subsec. 1. There is hereby created the Board of Mineral Development,<sup>1</sup> which shall consist of the Governor, the Commissioner of the General Land Office and the Chairman of the Railroad Commission of this State, which board shall have the authority to carry out the provisions of this Section, and to employ such assistants as may be necessary from time to time for the accomplishment of the purposes herein set forth.

<sup>1</sup> Abolished and functions transferred to School Land Board, see art. 5421c-3.

Subsec. 2. The Board of Mineral Development is hereby authorized and it is made its duty to advertise for:

(1) Proposals to lease for oil and/or gas development of the River Beds and Channels in this State.

(2) For proposals to drill said River Beds and Channels upon considerations involving compensation in oil and/or gas and/or money of the State, whereby the State will receive a proportion of the oil and/or gas as the same is produced, or by way of Advanced Royalties paid in money.

(3) And for proposals to purchase said minerals in place, or recoverable, without requirement of mineral development.

Subsec. 3. The Board of Mineral Development is hereby expressly authorized to receive bids on all propositions provided for in Subsection 2, and may accept any bid which it may deem to be to the best interests of the State, or it may reject any and all bids. The board shall advertise such proposals not less than fifteen days before lease or sale date as provided in section 9 of Chapter 271, Acts of the Regular Session of the Forty-Second Legislature.

Subsec. 4. In the event the board shall deem it advisable to reject all bids it may advertise for bids or may enter into a contract for the drilling of such wells as it may deem advisable, provided, however, that any well or wells which may be drilled by order of the Board of Mineral Development shall be by contract let upon competitive bids to the lowest and best bidder for a completed well and providing further that any contractor drilling under contract with the Board of Mineral Development shall be required to carry Workmen's Compensation Insurance for all employees engaged in such drilling operation.

Subsec. 5. The School Land Board shall not be authorized to lease or otherwise contract for the development of, and shall not have the power to authorize or contract for the drilling of any river beds or channels situated at the time of executing said lease or contract, more than two miles from a well producing or capable of producing oil or gas in paying quantities, unless an owner of a leasehold or mineral interest in the oil or gas estate in land located adjacent to or within two miles of a river bed or channel shall desire to drill a test well for oil and/or gas in, under or within two miles of such river bed or channel. In such event the owner of such interest shall apply to the School Land Board for an oil and gas lease on such portions of said river beds or channels as he desires to lease and as are available for lease hereunder, indicating the site in or within two miles of said river beds or channels where he desires to drill said well. Whereupon, the School Land Board shall, within sixty (60) days after the date such application is received, using the rules of procedure and pursuant to regulations in effect for the sale and leasing of lands owned by the State of Texas and the leasing of mineral estates in river beds and channels etc. belonging to the State of Texas, as provided by law, lease such river beds or channels to the highest bidder for oil and gas development; provided that said lease shall be limited to such portions of said river beds or channels as are within two (2) miles of a point therein at the end of a line drawn from said designated well site perpendicular to the general course of said river beds or channels; provided further, that such lease shall terminate and be of no further force and effect at the expiration of two years from the date of its delivery to such highest bidder unless on or before such date production of oil or gas in paying quantities shall have been established from some portion of the river beds or channels cov-

ered by said lease or from adjacent or nearby lands with which such river beds or channels covered by said lease, or some portion thereof, have been lawfully pooled or unitized so that royalties payable under said lease are accruing to the State of Texas on such date.

Subsec. 6. All leases and contracts involving development of river beds and channels shall be executed on forms to be approved by the Attorney General and the Board of Mineral Development and shall require of the lessee or contracting party or his or its successors or assigns, the use of the highest degree of care and of all proper safeguards to prevent the pollution of streams, and in the event of failure to meet such requirements the State shall have the right immediately to take charge of said properties, and for such failure said lease may be cancelled at the option of the State.

Subsec. 6a. It is hereby declared, as to any and each lease and/or contract hereafter made by the Board of Mineral Development, to be the policy of this State, with reference to the development of all portions of beds of rivers and channels described in such lease and/or contract, that the activities of the State and of all lessees or contracting parties, their heirs, successors or assigns, under such lease and/or contract, shall conform to the valid laws of this State, and to the valid orders, rules and regulations of any agency of this State, applicable to the development, by others than this State, of petroleum and/or natural gas bearing land within the State; and each lease and/or contract hereafter made by the Board of Mineral Development shall be subject hereto.

Subsec. 6b. As to any and each lease and/or contract heretofore made by the Board of Mineral Development, such Board shall be, and it is hereby, authorized and empowered to revise the same, with the consent of the lessees and/or contracting parties thereunder, their heirs, successors or assigns, in such wise as to subject such lease and/or contract thenceforth to the public policy declared in Subsection 6a. Such revision shall be accomplished by supplemental or modificatory instrument on such terms as the Board of Mineral Development may deem fair and advantageous to this State, but only after a proposal for such revision shall be formally made, in a public document, to the said Board of Mineral Development, by the lessees and/or contracting parties under such lease and/or contract, their heirs, successors or assigns; and provided that in consideration of the consent by such lessees and/or contracting parties, their heirs, successors or assigns, to such revision the Board of Mineral Development shall not reduce the State's share of the oil and/or gas to be received in the future under such lease and/or contract to less than one-fourth of the gross production of oil and/or gas from the land described in such lease and/or contract.

Provided that any revision made under this Act as referred to hereinbefore shall contain in such supplemental or modificatory instrument

the power and authority on the part of the Board of Mineral Development to re-instate any money requirement or reduced royalty requirement at any time that in the opinion of the Board such re-instatement should, in view of the then existing conditions and fairness to the State of Texas under the original lease or contract, be made; and the Board of Mineral Development shall exercise such power whenever in its opinion the interest of the State of Texas requires the exercise of such power; provided, further that said Board may modify said contract as aforesaid by adjusting up or down from time to time the State's portion of said oil and/or money payment as the conditions hereinbefore set forth may justify and which may be equitable to the State and to said contractors or their assigns, but in no event shall the State's portion be less than one-fourth nor more than now provided in said contracts, and in no event shall the Board of Mineral Development have any authority to modify or change said original leases as to gas. Provided, further that no revision made under this Act shall release the lessees or their assigns from the payment to the State for any oil and/or gas produced or the delivery to the State of any oil produced and due the State under the original contracts and produced prior to the effective execution of any revision hereunder.

Provided further, that nothing in such revision shall in anywise relieve any lessee and/or contracting party from any obligation now existing to drill any well either as an offset or otherwise.

"And/or" as used in this Act shall mean and include both and either of the words "and" and "or."

Subsec. 6c. No change shall be made by the Board of Mineral Development that will relieve, release and/or suspend the lessees from the payment of any money and/or royalty now due and payable to the State for oil and/or gas produced to the date that the Board makes any change in the present existing lease contracts.

Subsec. 7. This Section is in no wise intended, or shall be held, to repeal or supersede Chapter 138, Acts of the Regular Session, Forty-First Legislature,<sup>1</sup> which validated, relinquished, quit-claimed, and granted to patentees and awardees and their assignees lands, and minerals therein contained, which lands are included in surveys lying across, or partly across water courses or navigable streams in this State, and which have been patented or awarded as provided in said Chapter 138.

<sup>1</sup> Article 5414a.

Subsec. 8. All moneys collected under the provisions of this Section by the Board of Mineral Development shall be deposited in the State Treasury to the credit of the Mineral Development Fund, out of which disbursements may be made by the Board to carry out the provisions of this Section, for which purposes so much of said fund as may be necessary is ap-

appropriated. All portions of said fund not needed for such purpose shall be from time to time paid into the General Revenue Fund, provided that any portion thereof belonging to the Public Free School Fund under the Constitution and Laws of this State shall be paid to such Fund. And until such time as the Mineral Development Fund shall be ample for the purposes of this Section there is hereby appropriated out of the General Revenue Fund, not otherwise appropriated, the sum of Sixty Thousand (\$60,000.00) Dollars, as an advance to such Fund which shall be repaid out of the funds derived under the operation of this Section.

Subsec. 9. The Governor shall serve as Chairman of the Board of Mineral Development, and no business shall be transacted by said Board except at a meeting of such Board, attended by two or more members, of which meeting notice to all other members shall have been given in writing by the member calling the meeting, and all orders or contracts made or entered into by said Board shall only be authorized at such a meeting and shall be signed by at least two members of the Board, and be approved by the Attorney General as to their legality.

Subsec. 10. In no event shall the Board of Mineral Development enter into any contract to lease any lands without reserving to the State at least one-eighth interest or royalty.

Subsec. 11. The venue of any suit arising out of this Act<sup>1</sup> either by or against said board and of whatever kind or nature is hereby fixed in Travis County.

<sup>1</sup> Probably means section 8-A of this article.

Subsec. 12. No injunction shall be granted against the board, or its agents, or parties under contract with it, to restrain it from enforcing its orders, or contracts, or carrying out any development entered into or contemplated by it under this Act except after notice to the board and its agents or parties with whom it contracted or contemplates contracting, and a hearing is held thereon. Before any injunction or restraining order is issued or becomes effective against the board or any of the parties named in the foregoing sentence the complaining party or parties shall be required by the Court to give bond with good and sufficient sureties in an amount to be fixed by the Court which amount shall be sufficient to protect the State from loss by reason of drainage of the river bed or channel in question or by reason of loss of lease or bonus, consideration, or loss from any other reason whatsoever. The Court in considering the amount of the bond shall take into consideration the probable and possible loss to the State by reason of granting of any such injunction. Such bond shall be made payable to the then Governor of the State of Texas and his successors in office, and recovery for loss to the State occasioned by said action may be had in a suit on such bond brought by the Attorney General. Any bond made or executed by any bonding or surety company as

surety shall be by some bonding or surety company authorized to do business in Texas.

Subsec. 13. Either party to said suit has the right of appeal from the final judgment therein and said appeal shall at once be returnable to the appellate Court and said action so appealed shall have precedence in said appellate Court over all cases, proceedings and causes of a different character therein pending. In the Court of Civil Appeals such Court shall immediately and at as early a date as possible decide the questions involved therein; and in the event any question or questions shall be certified to the Supreme Court, or writ of error thereto be requested or granted, it is here made the duty of the Supreme Court to immediately set down said cause for hearing and decide the cause at as early a date as possible, and such cause shall have precedence over all other cases, proceedings and causes of a different character in such court. All laws and parts of laws in conflict with the provisions of this Section are hereby repealed.

Subsec. 14. The Board, or any person or corporation holding a contract with said Board, including all leaseholders or assignees, or any leaseholder or assignee holding a lease contract with the State or under the State Land Commissioner prior to the enactment of Acts 1931, 42nd Legislature, 2nd Called Session, Page 64, Chapter 40, or<sup>1</sup> what is commonly known as the River Bed or Board of Mineral Development Law, for the development of oil and/or gas resources, in State-owned river beds, streams or channels, is hereby granted the right of Eminent Domain and Condemnation as provided by the General Laws of the State of Texas for the following purposes:

(1) Of securing such additional adjoining lands as may be necessary for erection of power machinery, and construction of storage tanks and slush pits in the operation of said channel or river development and to prevent or lessen the dangers of pollution involved in the drilling of any well in any such river beds or channels.

(2) For the purpose of securing a right of way to and from any well which may be drilled in said river beds or channels so as to enable the Board or any of its contract or leaseholders to go to and from said wells and to transport any materials necessary in the development of said river beds or channels and to transport oil and/or gas away from any wells.

Provided, that at any time hereafter, in all cases, where the landowner and/or other interested parties and the leaseholder to said river beds and/or Board are unable to agree on the measure of damages, if any, and it is necessary to resort to condemnation proceedings, that in the event it should become necessary for any offset well to be drilled by said landowner or other interested party within the area or surface of the land taken, condemned or thus sought to be condemned, the mineral rights of the condemned party shall at all times be supe-

rior to the surface rights of the condemning party, and in the event of any conflict on account of the drilling of any offset well or wells, under and by virtue of a permit from the Railroad Commission, the condemning party shall be compelled to move any interference or hindrance whatsoever therewith, or to go around such offset well, and in the event of his failure or refusal to immediately move any such interfering object or hindrance, upon demand, the owner of the mineral rights shall have the right to immediately do so himself without any liability.

It is the intent of this Act that the mineral rights of the owner shall at all times be superior to the surface rights of the condemning party, and in determining the measure of damages, if any, in such condemnation proceeding, the Commissioners or any other tribunal shall not take into consideration the value of the oil or gas lying under said rights of way of such condemned properties, and this Act, as amended, which same is remedial only, shall apply to all cases or proceedings now pending.

When production has been secured in commercial quantities and the payment of royalty begins and continues to be paid, the owner shall be exempt from further annual rental payments on the acreage. The provisions of this Article in respect to payments of rental after production and the cessation of production shall apply to leases heretofore issued by the State on any area except lands belonging to the State University and eleemosynary institutions. If production should cease and royalty not be paid, the owner of the lease shall, at the end of the lease year in which the royalty

ceased to be paid and annually thereafter in advance, pay twenty-five cents per acre so long as such owner may desire to maintain the rights acquired under the lease, not to exceed five (5) years from the date of said lease.

#### Payments Received by Commissioner of General Land Office

Sec. 11. All payments received by the Commissioner of the General Land Office shall be transmitted to the State Treasurer to be credited to the proper funds. Payments received on purchase price of a tract of land shall be credited to the permanent school fund, and all payments of interest and rentals shall be credited to the available school fund; and all payments constituting the purchase price of a lease for minerals shall be transmitted to the State Treasurer to the credit of the permanent school fund, and likewise all payments of royalty received from minerals sold under leases, as well as all rentals, shall be credited to the permanent school fund.

Sec. 11a. If a lessee is prevented from exploring, developing, drilling, or producing minerals from the tract leased to him as a result of the action of any agency of the United States or of this State, during the entire primary term of the lease, he is entitled to a refund of all money paid for bonus, delay rentals, and other fees under the lease as provided by legislative appropriation, either on verification of the claim by the School Land Board or on the judgment of a court of competent jurisdiction. A lessee having a claim under this section is given permission to bring suit against the state within two years after the expiration of the lease in any court of competent jurisdiction to recover those moneys paid.

#### Prospecting Land

Sec. 12. Any person or corporation desiring to prospect a tract of land belonging to the State for gold, silver, platinum, cinnabar, and other metallic ores and precious stones may file an application with the Commissioner of the General Land Office designating the area to be prospected, which must be accompanied by a rental payment of Ten (10) Cents per acre, and such applicant shall have a period of one year from date of filing such application within which to prospect the area designated. Within the period of said year he may file an application to lease the area designated for the purpose of mining gold, silver, platinum, cinnabar and other metallic ores and precious stones and remit Fifty (50) Cents an acre as first annual payment of rental on the lease and continue to make such payments from year to year for a period of five (5) years, unless some of

the minerals mentioned herein shall be discovered sooner in paying quantities. On discovery of any such minerals, the payments of such rentals shall cease. On the 20th day of each month the owner of the mine or mines shall pay the royalty due the State, which shall be one-sixteenth ( $\frac{1}{16}$ ) of the value of the minerals sold or moved off the premises. Such payments shall be remitted to the Commissioner of the General Land Office and credited to the account of the Permanent School Fund. The leases shall be drawn and the mines operated in accordance with regulations prescribed by the Governor, Attorney General, and Commissioner of the General Land Office.

Any person owning any interest in a titled or patented survey in which excess acreage exists who desires to pay for such excess acreage, shall file with the Land Commissioner a request for an appraisal of the land with corrected field notes in the form now provided by law, together with a statement of the facts pertaining to his right to purchase, which statement shall be sworn to, and such other evidence of his right to purchase as the Commissioner may require. Should it appear that such excess actually exists and that the applicant is entitled to the benefits of the law, then the Commissioner shall execute a deed of acquittance covering such land in the name of the original patentee or his assignees with such reservation of minerals or with no mineral reservation, accordingly as may have been the case when the survey was titled or patented. Permittee may at any time during the effective period of such permit file an application to lease the area covered by the permit, or a designated portion thereof, for the purpose of mining or producing the minerals covered thereby, which application shall be accompanied by the first rental payment of not less than Two Dollars (\$2) per acre. #### Leases; Issuance; Royalty

payments shall be credited to the account of the Permanent School Fund.

**Assignability of Permits and Leases; Filing Fee**

Sec. 5. Permits shall not be assignable. All leases may be assigned in quantities of not less than forty (40) acres unless there be less than forty (40) acres remaining out of the tract originally leased in which case such lesser area may be assigned. Such assignments shall be recorded in the county in which the land is located and a certified copy thereof, certified by the county clerk from his records, forwarded to the General Land Office within ninety (90) days from the date of recordation, accompanied by a One Dollar (\$1) filing fee for each tract affected.

**Forfeiture of Lease; Grounds**

Sec. 7. If the owner of a lease shall fail or refuse to make payment of any sum due, either as rental on the lease or royalty on production or if such owner or his authorized agent should knowingly make any false return or false report concerning the lease, or if such owner or his agent should refuse the Commissioner or his authorized representative access to the records or other data pertaining to operations under the lease, or if any of the material terms of the lease should be violated, such lease shall be subject to forfeiture by the Commissioner, and when forfeited the area covered thereby shall again be subject to application for a prospect permit under the same conditions controlling the original application.

**Amendment of Valid Existing Permits and Leases**

Sec. 8. The owners of valid existing permits and leases on the effective date of this Act may, upon written application to the Commissioner of the General Land Office, have such permits and leases amended by instrument in writing, executed by the Commissioner, to include the minerals covered by this Act. Applications for amendments to existing permits shall be accompanied by a payment of Ten Cents (10¢) per acre, and applications for amendments to existing leases shall be accom-

panied by a payment of One Dollar (\$1.00) per acre, such payments being in addition to those already made. If such owners do not make application for amendments within sixty (60) days after date of letter giving written notification by the Commissioner of the General Land Office, forwarded to the last known address of such owner as shown in the files of the General Land Office, the minerals not covered by such existing permits and leases shall become subject to other applications for permits and leases.

The Commissioner of the General Land Office is hereby given the right to reject and refuse for filing any lease submitted which he feels is not to the best interest of the State.

Art. 5421c-11. Sulphur Production Agreements

Sec. 1. Subject to the provisions of this Act, the Commissioner of the General Land Office, on behalf of the State of Texas or any fund belonging thereto, is authorized to execute agreements that provide for the operation of areas as a unit for the exploration, development, and production of sulphur, and to commit to such agreements the royalty interests in sulphur reserved to or provided for the state or

any fund thereof by law, in or in connection with any patent, award, or mining claim, in any contract of sale, or under the terms of any lease lawfully made by an official, board, agent, agency or authority of the state; provided (a) that agreements that commit such royalty interests in lands set apart by the Constitution and laws of this state for the Permanent Free School Fund and the several asylum funds, in river beds, inland lakes, and channels, and the area within tidewater limits, including islands, lakes, bays, inlets, marshes, reefs, and the bed of the sea, are approved by the School Land Board, and are executed by the owners of the soil if they cover lands leased for sulphur under Article 5421c-10, Vernon's Texas Civil Statutes, Acts, 1967, 60th Legislature, page 35, Chapter 16; (b) that agreements that commit such royalty interests in lands or areas other than those mentioned in the preceding clause (a) of this Section 1, are approved by the board, official, agent, agency, or authority of the state vested with authority to lease or to approve the leasing of said lands or areas for sulphur; and (c) that any such agreement is found by the Commissioner of the General Land Office to be in the best interest of the state.

Sec. 2. Any agreement authorized to be executed by this Act may include the following provisions:

(1) that operations incident to the drilling of a well upon any portion of the unit shall be deemed for all purposes to be the conduct of such operations upon each tract in the unit;

(2) that the production allocated by the agreement to each tract included in a unit shall, when produced, be deemed for all purposes to have been produced from such tract;

(3) that the royalty interest reserved to or provided for the state or any fund thereof as aforesaid on production from any tract included in the unit shall be paid only on that portion of the production from the unit which is allocated to the tract in accordance with the agreement;

(4) that each such lease included in the unit shall remain in force as long as the agreement remains in effect, and upon termination of the agreement each such lease shall thereafter continue in force in accordance with the terms and provisions of such lease; and

(5) such other terms, conditions, and provisions as may be deemed to be in the best interest of the state by the Commissioner of the General Land Office and any board, official, agent, agency or authority of the state vested with authority to lease or approve the leasing of said lands or areas for sulphur.

Sec. 3. The provisions of this Act are and shall be held and construed to be cumulative of all laws of this state on the subject treated of

and embraced in this Act, and those prior laws in conflict herewith, to the extent only that they may be in conflict, are hereby repealed. Provided, however, that the provisions of this Act shall not be construed to apply to any land under the control and management of the Board of Regents of The University of Texas System.

Sec. 4. Agreements, and operations thereunder, in accordance with this Act, being necessary to prevent waste and conserve the natural resources of this state, shall not be construed to be in violation of the provisions of Title 126, Revised Civil Statutes, 1925, as amended, nor Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, known as Anti-Trust Acts. However, if any court should find a conflict between this Act and Title 126, Revised Civil Statutes of Texas, 1925, as amended, or Chapter 3, Title 19, Penal Code of Texas, 1925, as amended, then this Act is intended as a reasonable exception thereto, necessary for the above stated public interests; provided further, that if any court should find that a conflict exists between this and the above mentioned laws, and that this Act is not a reasonable exception thereto, then it is the intent of the Legislature that this Act, or any conflicting portion hereof, shall be declared invalid rather than declaring the above mentioned Anti-Trust Laws, or any portion thereof, invalid.

**Art. 5421c-12. Publication of Notice of Intended Sale or Trade of Land by Political Subdivision**

(c) All types of easements where the abutting property owner or owners also own the underlying fee simple title, in which event such land or interest may be sold to the abutting property owner or owners in proportion to their abutting ownership, such division between owners to be made in an equitable manner.

(d) Any land or interest therein which was originally acquired for the purpose of streets, rights-of-way or easements which the political subdivision chooses to trade or exchange as consideration for other land acquired for streets, rights-of-way or easements, including transactions which may be partly for cash and partly by trade or exchange.

(e) Land owned by a political subdivision which it desires to have developed by contract with an independent foundation.

Sec. 3. Nothing in this Act shall require the governing body of any such political subdivision to accept any bid or offer or be required to consummate any sale or trade and does not apply to lands in the Permanent School Fund that are authorized by Legislative Act to be exchanged or traded for other lands of at least equal value.

Sec. 4. Any conveyance, sale or trade made under the exemptions set forth in Section 2, shall never be for less than the fair market value of the land or interest being conveyed, sold, or traded, as determined by an appraisal obtained by the political subdivision, which shall be conclusive of the fair market value thereof.

**Art. 5421k-2. Submerged Right-of-Way Across Cayo Del Oso in Nueces County, Conveyance to State Highway Commission**

Sec. 1. In order that the State Highway Commission may have title to and control of the more or less submerged right of way necessary for the construction, reconstruction and maintenance of the Causeway and its Approaches across Cayo del Oso in Nueces County, as described in Section 2 of this Act, and as shown on the right-of-way map on file in the State Highway Department at Austin, Texas,

and entitled Project ARMR 5A(1) Control 617-1-1, State Highway No. 358, Nueces County, from U.S. Naval Air Base on Encinal Peninsula to Junction with State Highway No. 286, the State hereby conveys to the State Highway Commission title to and control of the submerged right-of-way described in Section 2 of this Act, and as shown on the right-of-way map above stated, but no part of this Act is to be construed so as to interfere nor conflict with the rights and authority of the State Game and Fish Commission, except that the State Highway Commission shall have the full right and authority to take and use, at any time and in any quantity desired, any and all materials within the limits of this tract, and is exempted from the payment of any and all materials taken therefrom; provided, however, that all mineral rights, together with the right to explore for and develop same by directional drilling are reserved to the State of Texas.

Sec. 2. The conveyance hereby made shall consist of a tract of more or less submerged land and tidewater flats, situated under the waters of Cayo del Oso between Engineers centerline Station 130 + 32.8 and Station 169 + 54.0 of State Highway No. 358, said tract being a strip of land 1000 feet wide, 500 feet on each side of the centerline of this right-of-way survey which extends from the Flour Bluff Naval Station to Junction with State Highway No. 286, 3.65 miles south of Corpus Christi, said tract extending for a distance of 3921.2 feet, the centerline being more particularly described as follows:

Beginning at the intersection of the centerline of State Highway No. 358 with the western edge of R. G. Chapman land which extends to the water's edge at mean sea level, same being a point on a 1 degree circular curve to the right at Engineers Station 130 + 32.8;

Thence along said 1 degree curve to the right for a distance of 250.0 feet to the P T of said curve at Station 132 + 82.8;

Thence N 60° 58' W, a distance of 3671.2 feet to the West water's edge at mean sea level of the Cayo del Oso, which is also the eastern boundary of lands owned by the United States of America, south of Engineer's centerline and by Joe W. Day, north of Engineer's centerline. Said tract herein described contains 90.018 acres, more or less, and includes all the submerged lands, reefs, and tidewater flats within the above described boundaries.

Sec. 3. The fact that this Causeway and its Approaches were constructed during World War II as an emergency project due to the urgent necessity for the development of a traffic-way to serve the Naval Air Base on Encinal Peninsula then under construction by the Government of the United States as a national defense establishment; and the fact that transfer of title to the submerged lands was overlooked and the State Highway Commission is without title to or control of the necessary right of way as de-

scribed in Section 2 of this Act, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House, and the Constitutional Rule that bills shall not take effect until ninety (90) days after the adjournment of the Legislature, be, and said Rules are hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

[Acts 1957, 55th Leg., p. 16, ch. 12.]

**Reservation of Minerals and Mineral Rights to State for Permanent School Fund**

Sec. 2. All minerals and mineral rights in, on and under said land are hereby reserved unto the State of Texas for the use and benefit of the Permanent School Fund, provided, however, that in the event of discovery of oil or gas in said land, drilling operations thereon shall be restricted so that not more than one well productive of oil or gas shall be drilled for each one hundred sixty (160) productive acres, and all operations at each such well shall be confined to an area or areas of four (4) acres at and including the well site.

**Conflict of Claims or Boundaries**

Sec. 3. In the event of any conflict or claim of conflict between the boundaries of the tract of land described in such patent and the boundaries or claimed boundaries of previously validly titled land owned or claimed by private persons, the City of Corpus Christi is hereby authorized in its own behalf and as agent for the State of Texas to take proper action to resolve such conflict or claim of conflict, without cost or expense, however, to the State of Texas. Without limiting the authority of said City otherwise herein granted or which it has by reason of its ownership, said City is hereby autho-

rized to file suit in the name of the State of Texas to secure a judicial determination of said boundaries; and said City is further authorized to establish the boundaries between the tract covered by said patent and any adjoining private owner or claimant by agreement, which boundary agreement or agreements shall be set forth in writing and shall be effective when approved by ordinance of said City adopted for such purpose. In the event of any change in the boundaries of said tract as a result of judicial decree or by agreement in accordance herewith, corrected field notes of said tract shall be filed in the General Land Office and a corrected patent shall be issued to the City of Corpus Christi, its successors and assigns, subject to the provisions of this Act.

#### Improvement of Land; Title to Land

Sec. 4. The City of Corpus Christi, its agents or assigns shall improve such portions of the land covered by said patent or any corrected patent as such city, its agents or assigns, deems suitable and proper therefor. Such improvement shall consist of the raising or filling to a height of at least three (3) feet above the level of mean high tide, except for such part as may be devoted to channels, canals, or waterways. Title to any portion of such land (except that devoted to channels, canals, or waterways) that has not been so improved by filling to such height before July 1, 1977, shall revert to the State of Texas, and from and after that date neither said city nor its assigns shall have any right, title, claim, or interest to such portion which has not been so improved. No title shall revert, however, to the State of Texas as to any portion or portions which are filled to such height before July 1, 1977, including portions which are devoted to channels, canals, or waterways appurtenant to or used in connection with any portion so improved.

#### Powers of City to Convey or Retain Land; Other Powers

Sec. 5. Said city may retain all or any part of the land subject to this Act, and it may convey all or any part or parts of such land to others. As to each tract or parcel of land which the city conveys to another or others, each such conveyance or conveyances shall:

(A) Contain a condition subsequent, which shall provide that such grantee or grantees shall by the date specified in the conveyance, which date shall in no event be later than July 1, 1977, improve the particular tract or parcel of land included in such conveyance to the extent that it will be filled to a height of at least three (3) feet above mean high tide, except for such portions thereof as may be devoted to channels, canals, or waterways. If the date specified in the conveyance is a date prior to July 1, 1977, such condition subsequent shall provide that if said condition is breached, title to the tract or parcel of land covered by said conveyance that is

not so improved (except for such portions as may be devoted to channels, canals, or waterways) shall revert to the City of Corpus Christi, and the right of reentry retained by said city in the conveyance shall be immediately exercised; and said city may thereafter retain such portion or portions of such tract or parcel, or may convey such portion or portions in the same manner as provided above. If the date specified in the conveyance is July 1, 1977, such condition subsequent shall provide if said condition is breached, title to such portion or portions of the tract or parcel of land covered by said conveyance that are not so improved (except for such portions as may be devoted to channels, canals, or waterways) shall revert to the State of Texas;

(B) Provide that such portion or portions of the tract or parcel of land covered by the conveyance which have been so improved, including such portions thereof as may be devoted to channels, canals, or waterways appurtenant to or used in connection with any portion so improved, shall, upon the written application to the City of Corpus Christi describing the improved area and the area devoted to channels, canals, or waterways appurtenant or used in connection therewith, be by the city by ordinance or resolution released of the condition subsequent and a proper recordable release shall be executed and delivered. Any such ordinance or resolution of said city shall be binding upon all parties concerned, including the State of Texas, as to the making of the improvements in accordance herewith; provided, however, that in the event the City of Corpus Christi conveys or leases all or any part of said land to any other person, persons, firms, corporation or entity of any nature, said city shall pay to the Texas Permanent Free School Fund a sum equal to one-half ( $\frac{1}{2}$ ) of the reasonable market value thereof.

#### Plans and Contracts for Improvements; Powers of City

Sec. 6. The City of Corpus Christi is hereby authorized to prepare or approve plans for the improvements covered by this Act, and to make and enter into such agreements or contracts relating to such improvements as in the judgment of the governing body thereof may be necessary or desirable, and such agreements or contracts may be with grantees or prospective grantees of all or any portion of the land subject to this Act, or other parties.

#### Repealer

Sec. 7. The land subject to this Act, as identified in Section 1 hereof, shall henceforth be held subject to the provisions of this Act and all laws or parts of laws in conflict herewith are hereby repealed or modified to the extent of such conflict.

Law Cumulative

Sec. 8. This Act shall be and is cumulative of all former grants and authorities from the State of Texas to the City of Corpus Christi. [Acts 1961, 57th Leg., p. 1089, ch. 489; Acts 1965, 59th Leg., p. 91, ch. 34, §§ 1, 2, eff. Aug. 30, 1965; Acts 1971, 62nd Leg., p. 1414, ch. 392, §§ 1, 2, eff. May 26, 1971.]

Section 3 of the amendatory act of 1965 ratified and validated the boundaries of the tract as determined by judicial decree; section 4 repealed all conflicting laws and parts of laws and section 5 made the act cumulative of all former grants and authorities from the State of Texas to the City of Corpus Christi.

Sections 3 to 5 of the 1971 amendatory act provided:

"Sec. 4. This Act shall be and is cumulative of all former grants and authorities from the State of Texas to the City of Corpus Christi.

"Sec. 5. If any provision of this Act or the application thereof to any person or circumstance shall be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such provision to other persons or circumstances shall not be affected thereby, and to this end it is the declaration of the Legislature that the provisions of this Act are severable."

**Art. 5421m. Veterans' Land Board**

**Constitutional Provision**

Sec. 1. [Section 1 of this Act recited the adoption of the amendment to Article 3 of the Constitution, adding § 49-b, relating to the Veterans' Land Board.]

**State Agency; Chairman and Administrator;  
Performance of Duties and  
Functions of Board**

Sec. 2. The Veterans' Land Board is hereby declared to be a State Agency for performing the governmental functions authorized in Section 49-b of Article III, as amended, of the Constitution of the State. The Commissioner of the General Land Office shall be Chairman of the Board and Administrator of the Veterans' Land Program, as provided by said Section 49-b of Article III as amended, and shall perform all duties and functions of the Board prescribed by law, except those prescribed in section 2(A) hereof, which shall be performed by the Veterans' Land Board as constituted.

**Powers and Duties of Board**

Sec. 2(A). The duties of the Veterans' Land Board as created by Article III, Section 49-b of the constitution as amended, shall be to authorize and execute negotiable bonds as provided by law; to provide by resolution for the use of the Veterans' Land Fund in such manner as to effectuate the intent of the constitution and of the law; to fix the interest rates as prescribed by law; to provide for the forfeiture of contracts of sale and purchase and the resale of forfeited land; to conduct such investigations as it may deem necessary; and to formulate such policies, rules and regulations as may be necessary, not in conflict with the provisions of the law, to insure the proper administration of the law and to carry out the intent and purposes thereof.

**Citizen Board Members; Bond**

Sec. 2(B). Each citizen Board member shall execute a bond payable to the state in the sum of Fifty Thousand Dollars (\$50,000.00) to be approved by the Governor and conditioned upon the faithful performance of his duties. The premiums on such bonds shall be paid out of the funds appropriated by the Legislature for the operation of the General Land Office.

**Citizen Board Members; Compensation;  
Travel Expenses**

Sec. 2(C). The compensation of each of the two citizen Board members shall be a salary at the rate of Three Thousand Six Hundred Dollars (\$3,600.00) per annum, plus travel expenses, effective when said citizen members have qualified under the bond prescribed in Section 2(B).

**Bond Issue**

Sec. 3. The Board, by appropriate action, is hereby authorized at one time, or from time to time, to provide by resolution for the issuance and sale of such negotiable bonds as have heretofore or may be hereafter authorized by the Constitution, the proceeds therefrom to become a part of the Veterans' Land Fund. At the option of the Board, said bonds may be issued in one or several installments. The bonds of each installment shall bear a rate or rates of interest as may be prescribed by the Board; but the "weighted average annual interest rate," as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds in each installment may not exceed four and one-half percent (4½%). The bonds shall be payable as prescribed by the Board; shall mature serially or otherwise and not later than forty (40) years from their date; provided, however, that any bonds previously issued shall mature in accordance with their provisions; shall be payable in such medium of payment as to both principal and interest as may be determined by the Board; and may be made redeemable before maturity, at the option of the Board, at such price or prices, and under such terms and conditions, as may be fixed by the Board in the resolution provid-

ing for the issuance and sale of the bonds. The Board shall determine the form of the bonds, including the forms of any interest coupon to be attached thereto, and shall fix the denomination or denominations of said bonds and the place or places of the payment of the principal and interest thereon. Said bonds shall be executed by and on behalf of the Veterans' Land Board as obligations of the State of Texas in the following manner: they shall be signed by the Chairman and Secretary respectively of the Board, and the seal of the Board shall be impressed thereon, and they shall be signed by the Governor of the State of Texas, and attested by the Secretary of State of the State of Texas with the seal of the State of Texas impressed thereon. The resolution authorizing the issuance of any installment or series of bonds may prescribe the extent to which facsimile signatures and facsimile seals in lieu of manual signatures and manually impressed seals may be used in executing such bonds and appurtenant coupons. Interest coupons may be signed by the facsimile signatures of the Chairman and Secretary of the Board. In the event any officer whose manual or facsimile signature appears on any bond, or whose facsimile signature shall appear on any coupon, shall cease to be such officer before the delivery of any bonds, the signature shall, nevertheless, be valid and sufficient for all purposes, the same as if he had remained in office until such delivery had been made. Before any such bonds so issued are delivered to the purchasers, the record pertaining thereto shall have been examined by the Attorney General of Texas and said record and bonds shall be approved by him. After such approval, the bonds shall be registered in the office of the State Comptroller of Public Accounts of Texas. Such bonds having been approved by the Attorney General and registered in the Comptroller's Office shall be held, in every action, suit or proceeding in which their validity is or may be brought into question, valid and binding obligations of the State. In every action brought to enforce collection of such bonds or any rights incident thereto, the certificate of approval by the Attorney General, or a duly certified copy thereof, shall be admitted and received in evidence of their validity. The only defense which can be offered against the validity of such bonds shall be forgery or fraud. All bonds issued under the provisions of this Act shall have, and are hereby declared to have, all of the qualities and incidents of negotiable instruments under the laws of this State. The Board is fully authorized to provide for the replacement of any bond which becomes mutilated, lost or destroyed.

#### Refunding Bonds

Sec. 4. The Board is hereby authorized to provide by resolution for the issue of refunding bonds for the purposes of refunding any bonds issued under the provisions of this Act and then outstanding, together with accrued interest thereon. The issuance of such refund-

ing bonds, the maturities and all other details thereof, the rights of the holders thereof, and the duties of the Board in respect to the same, shall be governed by the foregoing provisions of this Act insofar as the same may be applicable.

#### Notice of Preferential Right to Purchase Bonds

Sec. 5. The preferential right of purchase of any such bonds when offered for sale given in the Constitution to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Fund shall be made known to the proper administrators of said funds by written notice thereof immediately after any of such bonds are offered for sale.

#### Call for Bids; Bids Accompanied by Exchange or Check

Sec. 6. When the Board shall have authorized the issuance of a series of said bonds and shall have determined to call for bids therefor, it shall be the duty of the Board to publish at least one (1) time not less than ten (10) days before the date of said sale an appropriate notice thereof. Such publication shall be made in a daily newspaper of general state-wide circulation which is published not less than seven (7) times weekly. Said notice shall also be published for such number of times as the Board may determine in one or more popularly recognized financial journals of general circulation.

The Board may at its option demand of bidders, other than the administrators of the state funds herein mentioned, that their bids be accompanied by exchange or bank cashier's check for such sum as it may consider adequate to be a forfeit guaranteeing the acceptance and payment for all bonds covered by such bids, and accepted by the Board.

#### Sale of Bonds; Prorating

Sec. 7. None of said bonds shall be sold for less than their face value with accrued interest from their date, and all of such bonds shall be sold after competitive bidding to the highest and best bidder, except in those cases where the administrators of the state's funds given priority exercise, within fifteen (15) days after notice thereof, their right of priority to take such bonds at the highest price bid by another. If two or more of said administrators desire to exercise their right to purchase said bonds, the Board shall pro-rate same to said administrators who desire to make said purchase.

#### Veterans' Land Fund

Sec. 8. The Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by the Board, until the sale price therefor, together with any interest and penalties due, have been received by the Board (although nothing herein shall be construed to prevent the Board from accepting full payment for a portion of any tract), and of the moneys

attributable to any bonds heretofore or hereafter issued and sold by the Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by the Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. All moneys comprising the Veterans' Land Fund shall be deposited in the State Treasury to the credit of the said Fund.

Payment of Principal and Interest; Retirement of Bonds;  
Deposit of Unexpended Moneys; Fiscal Agent;  
Appropriations; Legal Investments

Sec. 9. The principal and interest on the bonds heretofore and hereafter issued by the Board shall be paid out of the moneys of the Veterans' Land Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of the Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of the Fund and not expended for the purposes herein provided shall be a part of the Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by the Board, at which time all such moneys remaining in the Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in the Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of the Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds se-

cured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by the Board. Such use shall be a matter for the discretion and direction of the Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

Said Board may, if it so desires, designate the Treasurer of this State as fiscal agent for the payment of principal of and interest on the bonds; if said Treasurer is so designated he shall act without compensation. Alternatively, the Board may employ a private fiscal agent to perform such services in which event adequate compensation shall be paid.

If said Board, at any time during the existence of said Veterans' Land Fund, shall determine that during the following biennium there will not be sufficient moneys in said Fund to pay principal of and/or interest on said bonds which will fall due during the said following biennium, the Legislature shall appropriate from the General Fund of the State sufficient moneys to meet such obligation, such appropriated moneys to be used for said purposes only if at the time said principal and/or interest actually fall due there are not sufficient moneys in the Veterans' Land Fund to pay same.

All bonds heretofore or hereafter issued pursuant to the provisions of Section 49-b of Article III of the Constitution and Statutes enacted to implement the provisions thereof shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and all other political subdivisions and public agencies of the State of Texas. Such bonds, when accompanied by all unmatured coupons appurtenant thereto, shall be lawful and sufficient security for said deposits in the amount of the par value of said bonds.

The Board is hereby authorized to use the moneys of the Veterans' Land Fund to purchase on the open market any of the bonds it has heretofore issued and sold or hereafter may issue and sell, upon the occurrence of which the debt represented by any such bonds so purchased shall be deemed cancelled. Any such bonds so purchased by the Board shall be mutilated, burned or otherwise destroyed by the State Treasurer, who shall certify such fact to the Board under the seal of his office, and no further interest thereon shall be paid.

Payment of Fees and Expenses

Sec. 9(A). The Board is hereby authorized to use the moneys of the Veterans' Land Fund

attributable to any bonds hereafter issued and sold for the purpose of paying legal fees and fees for financial advice necessary in the opinion of the Board to the sale of bonds hereafter issued and sold; the expense of publishing notice of sale of any installment of such bonds; the expense of printing such bonds; and the expenses of delivering such bonds, including but not limited to the costs of travel, lodging, and meals of any officers or employees of the Board, the State Comptroller, the State Treasurer, and the Attorney General necessary in the opinion of the Board to effectuate delivery of such bonds, and the cost of manually signing such bonds. The Board further is hereby authorized to use the moneys of the Veterans' Land Fund attributable to any bonds hereafter issued and sold to remunerate any agent employed by the Board to pay the principal or interest due on any such bonds. No moneys of any Division of the Veterans' Land Fund created prior to the effective date of this Amendment may be used for paying the expenses listed herein until there are sufficient moneys of such Division to retire all of the bonds secured by such Division, at which time all such moneys, except such portion thereof as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, shall be usable to pay such expenses as fully as the moneys attributable to any bonds hereafter issued and sold by the Board.

**Purchase of Lands; Retirement of Bonds  
and Payment of Interest**

Sec. 10. All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to the Veterans' Land Fund and may, until December 1, 1965, be used for the purpose of purchasing additional lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation, to be sold as provided herein; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all such bonds, all of such moneys then remaining or thereafter becoming a part of the Veterans' Land Fund shall be governed as elsewhere provided herein.

All of the moneys attributable to any series of bonds hereafter issued and sold by the Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands, likewise situated and owned, to be sold as herein provided, for a period ending eight (8) years after the date of

sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by the Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of the Veterans' Land Fund and thereafter becoming a part of the Fund shall be governed as elsewhere provided herein.

**Appraisalment of Property; Report by Appraiser;  
Sworn Report of Seller**

Sec. 10(A). Before purchasing land under any of the provisions of this Act, the Board shall cause to be made an appraisalment of the property in order to determine its value. Any appraiser representing the Board shall be reasonably qualified to give competent appraisals of land. Such appraiser shall make a written report to the Board in affidavit form, duly sworn to before a Notary Public or other official authorized to administer oaths, showing the appraised value of the land, the names and addresses of any person contacted relative to the valuation of the land, that he has examined the records of the County Clerk's office relative to the amount paid by the vendor for such land, that he has checked past sales of adjacent lands to aid in determining valuation, and if the purchase is being made under Section 16 hereof, that he has met the veteran on the land and has explained the transaction as authorized by this Act to him in detail; except that when the veteran is in the active military service and is stationed overseas or in Alaska, Hawaii, or United States territories or possessions, or stationed aboard a ship with a mission outside the continental United States including Alaska, then his representative designated by him in writing may meet the Board appraiser on the land for the purposes expressed in this Section, and that neither the appraiser, nor any member of his family, has received any personal benefits from the transaction and does not expect to receive any future personal benefits from the transaction.

Before any land is purchased by the Board, whether it be under Section 10 or Section 16 hereof, the Board shall require that the seller execute a sworn report to the Board to include the following: (1) the date the seller purchased the land, (2) the amount the seller paid therefor if purchased subsequent to June 7, 1949, (3) from whom the seller purchased the land, (4) the improvements made on the land since the seller purchased it and the cost thereof; and if the purchase is being made un-

der Section 16 hereof, the following must be included in addition thereto: (5) whether the seller by any manner or method is making the down payment to the Board on behalf of the veteran, (6) whether there is a lease arrangement between the seller and the veteran, and if so, the duration, term, and amount to be paid, (7) whether there is an agreement or contract of any nature to transfer, sell, or convey at any time in the future between the seller and the veteran.

**Price of Land; Payment; Title**

Sec. 11. All land purchased by the Board shall be acquired at the lowest price obtainable, in the opinion of said Board, taking into consideration the quality, location, natural advantages and improvements of such land, and shall be paid for in cash and shall be clear of all liens and shall constitute a part of the Veterans Land Fund. It shall be the duty of the Board, before making payment for any land, to have the title of the property sought to be bought, examined, and may require for this purpose an abstract of title or a policy of title insurance, and may refer the same to the Attorney General for his examination and opinion. The Board may purchase lands which are subject to outstanding mineral leases or with all or a part of the mineral interests being outstanding, provided the title be otherwise good and marketable.

**Subdivision of Land; Purchase and Sale; Payment of Costs; Rules and Regulations for Sale of Lands**

Sec. 12. Land acquired by the Board may be subdivided for the purpose of sale as provided herein into tracts of such size as the Board may deem advisable; and, with respect to land acquired with the moneys of the Veterans' Land Fund attributable to any bonds hereafter issued and sold, the Board is hereby authorized to use the moneys of the Veterans' Land Fund attributable to the bonds hereafter issued and sold for the purpose of paying the expenses of surveying and monumenting such land and the tracts thereof; the cost of constructing roads thereon; any legal fees, recordation fees, and advertising costs arising out of the purchase and sale or resale of such land and the tracts thereof; and other like costs necessary or incidental to the purchase and sale of any lands so acquired by the Board; but such expenses shall be added to the price of such lands when sold or resold by the Board. No moneys of any Division of the Veterans' Land Fund created prior to the effective date of this Act may be used for paying the expenses listed herein until there are sufficient moneys of such Division to retire all of the bonds secured by such Division, at which time all such moneys, except such portion thereof as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, shall be usable to pay such expenses as fully as

the moneys attributable to any bonds hereafter issued and sold by the Board.

Land acquired and subdivided pursuant to this section shall be offered for sale in accordance with such rules and regulations as the Board may adopt and shall be sold by the Board to veterans qualified to participate in the Veterans' Land Program in conformance with the provisions of this Act governing the sale of lands purchased by the Board generally; but no tract may be sold under the provisions of this Section for a price, to include any addition of the expenses above mentioned, in excess of \$10,000.00 unless the purchaser pays in cash as a down payment the amount of the sale price in excess thereof in accordance with the Board's rules and regulations but by not later than the date of sale, in addition to the initial payment required by Section 17 of this Act. In the event that a sale hereunder is not consummated, any down payment received shall be refunded to the veteran.

The foregoing notwithstanding, any land acquired and subdivided pursuant to this Section which has first been offered for sale to veterans and which has not been sold to such purchasers may be sold to any purchaser in the same manner as lands forfeited under the provisions of this Act.

**Selling Price; Amount Which Veteran may Purchase**

Sec. 13. Land shall not be sold at less than its actual cost to the Board, except that forfeited lands may be resold under the provisions of Section 19(A) hereof at less than its actual cost to the Board. No veteran shall be permitted to purchase more than one (1) tract of land under this Act.

**Veteran Defined**

Sec. 14. The term "veteran" as used in this Act, and the phrase "Texas veterans of the present war or wars, commonly known as World War II," and the phrase "Texas veterans of service in the armed forces of the United States of America subsequent to 1945," as used in Section 49-b of Article III of the Constitution, or as same may be amended, shall be synonymous and shall be construed for the purpose of this Act to mean any citizen of the United States, male or female, over eighteen (18) years of age, who served not less than ninety (90) consecutive days, unless sooner discharged because of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States after September 16, 1940 and who upon the date of filing his or her application has not been dishonorably discharged from the branch of the service in which he or she served, and who at the time of his or her enlistment, induction, commission or drafting was a bona fide resident of this State, and who at the time of seeking the benefits of this Act is a bona fide resident of the State of Texas; or who has resided in Texas for at least five (5) years immediately prior to the date of filing his or her application, provided that in the

event of the death of an eligible Texas veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction.

**Local Committees to Pass on Veterans' Qualifications; Inquiries and Investigations**

Sec. 15. There shall be appointed by the Commissioners Court of each county in this State a committee to be composed of three (3) residents of that county, all of whom shall be real property owners in said county. Any person deeming himself a veteran as defined herewith, and desiring to benefit hereunder, shall submit to such committee such forms as may be prescribed by the Board, and before he submits his application of purchase and sales contract to the Board, which the committee will consider and then submit a report to the Board concerning the financial responsibility of the veteran, if such is known, a statement as to whether or not in their opinion the transaction is bona fide, and a statement from them as to what they consider is the reasonable value of the land in question. Provided, however, that when the veteran is a resident of one (1) county and is seeking to purchase land situated in another county, he shall submit such forms to the local committees of both such counties. The Board shall also be supplied with a statement as to the credit rating of the veteran applicant. The Board may make such other inquiries and investigation as it deems proper, in order to determine the veteran's eligibility and qualifications, and if the Board determines from the information submitted, or from its own inquiries and investigation, that the financial responsibility of the veteran is such as to leave a reasonable doubt as to his ability to carry the contract through to completion and make all payments thereon, the Board shall reject his application; provided further that the provisions of this section shall not, unless the Board desires, be applicable to sales under Section 12 and Section 19(A) of this Act.

**Purchase of Land Selected by Veteran**

Sec. 16. Anything contained in this Act to the contrary notwithstanding, it is expressly provided that where the veteran desires a particular tract of land located in this State, containing not less than ten (10) acres, he may, upon proper showing of eligibility to benefits hereunder, be authorized by the Board to select the land which he desires and submit his selection to such Board on such form as it may prescribe. The Board may purchase such land from the owner thereof upon the terms agreed, if the Board is satisfied of the value and desirability of the property submitted, and pay not to exceed Ten Thousand Dollars (\$10,000.00) therefor unless the veteran pays to the Board in cash that portion of the price in excess of the amount that the Board agrees to pay in accordance with the Board's rules and regula-

tions but by not later than the date on which the Board acquires title thereto. Any such cash payment shall be considered a down payment on the price of the land when sold by the Board to a veteran selecting same and shall be in addition to the initial payment required by Section 17 of this Act. The Board shall cause to be made such appraisement of the property as it deems necessary in order to determine value, and before consummating a purchase shall satisfy itself as to title as provided in Section 11 of this Act. No transaction under this Act shall be considered together with any other transaction so as to constitute a block deal between the State and two or more veteran purchasers, and each tract of land shall be considered as a wholly separate entity without dependence upon any other tract of land, substance, matter, person or thing in determining its value, purchase or sale, under any of the provisions of this Act; provided, however, that nothing in this Act shall be construed so as to prevent the purchase and/or sale of contiguous tracts of land to separate purchasers so long as the value of the land is determined in the above manner. The property so acquired shall become a part of the Veterans' Land Fund, but the veteran who has selected the land so acquired shall have a preference right to purchase the same from the Board. The rules and regulations governing the sale of land under this section shall be governed by the provisions hereinafter made with reference to sale of land generally by the Board, except where same conflicts with this section. In order to be entitled to such preference right, the veteran shall, before the Board purchases said land, have agreed in writing to purchase said selected land from the Board for the price paid therefor; but if the veteran fails or refuses to exercise such preference right, the land may be sold by the Board in the same manner as provided for the sale of land forfeited under the provisions of this Act. If the title to said land is not approved and accepted by the Board, any amount paid to the Board in excess of the amount which the Board agreed to pay for such selected land shall be refunded to the veteran together with any other down payment remitted to the Board. In so far as practical, all applications shall be processed in the order in which they are received by the Board.

**Insurance on Improvements Carried by Veteran Purchaser**

Sec. 16(A). Each veteran purchaser shall carry such insurance on the improvements on the property under contract of purchase under this Act as the Board may deem necessary and failure to do so will subject his contract to forfeiture under the provisions of Section 19 hereof. The Board is authorized to promulgate such rules and regulations it deems necessary in the enforcement of this provision and if the Board so desires, it may require each veteran applicant subject to this provision to make additional semiannual payments to be held in trust for the payment of premiums that may become due and unpaid on any contracted in-

insurance covering such improvements. If the Board requires such payments to be made, they shall be deposited in a trust fund with the State Treasurer and shall be used for the purpose of making such premium payments. Any unused balance of each veteran's deposit shall be held by the Board until such time as the maintenance of such account becomes unnecessary at which time such funds shall be refunded to the veteran.

Group Life Insurance Coverage Cancelling  
Indebtedness of Purchasers

Sec. 16(B). The Board may enter into a master contract or agreement with one or more life insurance companies authorized to do business in Texas to provide group life insurance coverage cancelling upon death the indebtedness due the Board of persons purchasing land under the Texas Veterans Land Program. Such contract shall not prohibit cancellation by the insurer of the entire contract upon reasonable notice to the Board but shall prohibit cancellation of individual coverage except as hereinafter expressly authorized. The master contract or agreement shall provide, in addition to those provisions of Article 3.50 of the Insurance Code of the State of Texas, that the life insurance coverage will be offered by the writing insurance company or companies to all such persons without a physical examination and that no such person shall be denied coverage because he is disabled at the time of application for such coverage. The policy contract shall express and control the contractual relationship between all parties thereto and shall be approved by the State Board of Insurance in accordance with the provisions of the Insurance Code of Texas, as amended. It shall not be mandatory that any person purchasing land under the Texas Veterans Land Program accept the offer of such coverage, and refusal by such person to accept the offer of such coverage shall not be a ground for the Board to decline to enter into a contract of sale and purchase with any such person. Such coverage shall be terminated as to any person of the group upon: (1) the satisfaction of the indebtedness due the Board; or (2) upon the Board's approval of a transfer of interest in the land being purchased from the Board; or (3) upon failure to make timely payment of the premium to be paid for such coverage; such master contract may provide that coverage will terminate upon the person purchasing land under the Texas Veterans Land Program attaining the age of sixty-five (65) years. When coverage has been terminated as to any member of the group for failure to make timely payment of the premium, renewal of coverage shall be subject to evidence of insurability as required by and satisfactory to the insurance company and upon payment of the premium due plus any penalty that may be provided. The total insurance coverage as to any person of the group shall not at any time exceed the indebtedness due the Board, but in no event shall such total insurance coverage exceed Ten Thousand Dol-

lars (\$10,000). The Board may collect, or provide for the collection of, the premium for such coverage in any reasonable manner. If the death of a person of the group occurs while the insurance coverage is in force, the benefits of such coverage shall be paid to the Veterans Land Board for credit to the Veterans Land Fund and shall cancel the indebtedness due the Board.

The following words and phrases shall for the purposes of Section 16(B) of this Act have the meaning indicated:

a. "Persons purchasing land under the Texas Veterans Land Program" shall mean any person or persons, and his or their successors or assigns, who are buying land from the Veterans Land Board under contract of sale and purchase, whether such land has been sold by the Board under Section 12, Section 16, or Section 19(A) of this Act.

b. "Person of the group" shall mean any person purchasing land under the Texas Veterans Land Program, as defined above, who has elected to accept the offer of the insurance coverage provided for in Section 16(B) of this Act.

c. "The indebtedness due the Board" shall mean the principal and interest thereon necessary to pay in full the obligation set forth in any contract of sale and purchase under which any person of the group, as defined above, is purchasing land from the Veterans Land Board, exclusive of delinquent principal, interest, and penalties.

Contract of Sale; Payment; Transfer; Deed

Sec. 17. The sale of all lands hereunder by the Board may be properly initiated by Contract of Sale and Purchase, and said contract shall be recorded in the deed records in the County where the land is located. The purchaser shall make an initial payment of at least five percent (5%) of the selling price of the land if sold pursuant to Section 12 of this Act or at least five percent (5%) of the amount that the Board agrees to pay for the land if sold pursuant to Section 16 of this Act, in neither event to exceed five percent (5%) of Ten Thousand Dollars (\$10,000.00) together with any additional down payment as provided in said Sections 12 and 16. The balance of said selling price shall be amortized over a period to be fixed by the Board, but not exceeding forty (40) years, together with interest thereon at a rate to be fixed by the Board; not to exceed one and one-half percent (1½%) per annum more than the accepted bid price for each series within a bond sale division; provided, however, that the purchaser shall have the right on any installment date to pay any or all installments still remaining unpaid; provided further, that in any individual case, the Board may, for good cause, postpone from time to time, upon such terms as the Board may deem proper, the payment of the whole or any

part of any installment of the selling price or interest thereon. The Board is empowered in each individual case to specify the terms of the contract entered into with the purchaser, not contrary to the provisions of this Act, but no property sold under the provisions of this Act shall be transferred, sold, or conveyed in whole or in part, until the original veteran purchaser has enjoyed possession for a period of three (3) years from the date of purchase of said property, and complied with all the terms and conditions of this Act and the rules and regulations of the Board; provided, however, that should the veteran purchaser die or become financially incapacitated, or in the event of an involuntary transfer by court order or proceedings such as, but not limited to, bankruptcy, sheriff or trustee sale, or divorce, the property may be conveyed before the expiration of said three (3) years by said purchaser or his heirs, administrators, or executors by complying with the rules and regulations promulgated by the Board and by securing the approval of the Board. After said three year period, a purchaser may at any time, transfer, sell or convey land purchased under the provisions of this Act, provided all mature interest, principal and taxes have been paid and the terms and conditions of this Act and the rules and regulations of the Board have been met and the approval of the Board obtained; provided, however, if the sale is to other than a qualified Texas veteran, the assignee and all subsequent assignees shall assume an interest rate on the indebtedness to the Board to be fixed by the Board at not less than one percent (1%) per annum greater than the rate fixed by the Board for sales to veterans under Sections 12 and 16 of this Act as of the date on which such transfer, sale or conveyance is approved, except that when the purchase contract is awarded in a divorce action or incident to a written separation agreement the interest rate shall not change; provided, further, that property sold under the provisions of this Act may be transferred, sold or conveyed at any time after the entire indebtedness due the Board has been paid. No land purchased under the provisions of this Act may be leased by the purchaser for any term exceeding ten (10) years except for oil, gas or other minerals and so long thereafter as any minerals may be produced therefrom in commercial quantities, and no such lease shall contain any provision for option of any character or renewal of such lease or re-lease of such property for any term. The taking of any option of any character, renewal or re-lease agreement in a separate instrument to take effect in the future is prohibited; and any such lease or instrument containing such an option of any character, renewal or re-lease agreement executed after the effective date of this Act in violation hereof is expressly declared to be void. When the entire indebtedness due the State under the contract of sale is paid, the Chairman of the Board shall execute a deed under seal to the original purchaser of

the land or to the last assignee whose assignment has been approved by the Board. Nothing herein, however, shall be construed to prohibit the Board from accepting full payment for a portion of a tract and issuing a deed thereto, in accordance with its rules and regulations; and all deeds issued by the Board and executed by the Chairman thereof under seal, whether conveying all the land contracted to be sold to a veteran or other purchaser or a part of such land, are hereby ratified, confirmed, and validated. If a deed is executed to other than the legal owner or to a deceased grantee, such deed and the rights conveyed therein shall nevertheless inure to the benefit of the lawful owner.

#### Oil, Gas and Mineral Leases

Sec. 18. If at any time, while the veteran is indebted to the Board for the land purchased, he should execute, or there is in existence a lease or contract of sale of oil, gas, or any other mineral, chemical, or hard metal, or a lease or contract of sale of any timber, sand, gravel, or other materials, covering such land, or any part thereof, the removal of which would deplete the corpus of the tract; at least one-half ( $\frac{1}{2}$ ) of all bonus money, delay rentals, and royalties received as consideration for, or payment under such oil, gas and mineral lease, and at least one-half ( $\frac{1}{2}$ ) of all moneys received under any such lease or contract of sale of any other minerals, chemicals, hard metals, timber, sand, gravel, and other materials, or so much thereof as may be required, shall be paid to the Board by the owner of such lease or contract of sale and applied by it toward the satisfaction of said indebtedness; provided, further, that no oil, gas or mineral lease shall be for a primary term exceeding ten (10) years and the lease may provide that it shall remain in force as long thereafter as production is obtained in paying quantities.

#### Forfeiture of Contracts

Sec. 19. If any portion of the interest or principal on any sale shall not be paid when due, or if any other provisions of this Act, the contract, and Board rules and regulations are not complied with, the contract of sale and purchase shall be subject to forfeiture by the Board upon thirty (30) days written notice to the original purchaser and his vendees. Such notice shall give the reason or reasons why the contract or sale and purchase is subject to forfeiture and shall be sufficient when given by registered mail to the last known address of the original purchaser and his vendees. If such reason or reasons for forfeiture are cured or corrected within said thirty-day period, the Board shall not enter an order of forfeiture. Such forfeiture shall be effective when the Board shall have met and adopted a resolution directing the Chairman of the Board to endorse upon the wrapper containing the papers of said sale, or upon the purchase contract filed in the Land Office, the word "forfeited," or words of similar import, with the date of such action,

and to sign officially; thereupon the lands and all payments theretofore made shall become forfeited. Upon forfeiture full title to the land, including both the surface and mineral estates, shall revert in the Board, and the Board shall recognize and continue in force and effect any outstanding valid oil, gas or mineral lease and collect all rentals, royalties, or other amounts payable thereunder. A notice of the action of the Board in forfeiting the original contract shall be mailed to the County Clerk of the county wherein the land is located, and the said Clerk shall enter on the margin of the page or pages containing the record of the original contract a notation of such forfeiture. Land included in such forfeited contract shall be subject to resale under the terms as set forth in Section 19(A) hereof. In any case where the sale has been forfeited and the title to the lands reverted in the Veterans' Land Fund, the original purchaser or his vendee shall have the right to reinstate his purchase contract at any time prior to the date on which the Board shall have met and ordered the said lands to be advertised for resale, or for lease for mineral development, but not thereafter. Any person exercising a right of reinstatement shall pay all delinquent installments, penalties and costs incident to the reinstatement, as shall be prescribed by the said Board. All interest and principal which shall become delinquent shall bear interest at the rate to be fixed by the Board from time to time but not to exceed ten per cent (10%) per annum from the date the same becomes delinquent, until paid.

The Board, acting by and through the Attorney General, is hereby directed to institute such legal proceedings as may be necessary to enforce such forfeiture or to recover the full amount of the delinquent installments, interest, and other penalties as may be due the Board at the time such forfeiture occurred, or to protect any other right to such land. The liability of the original veteran purchaser and any subsequent assignee or assignees of such veteran shall be joint and several, but the original veteran purchaser shall be primarily liable for payment of any and all moneys under the original contract of sale and purchase.

In any action brought in the courts against the State, after obtaining permission of the Legislature, involving the title to any tract of land to which the State has a warranty deed, the State shall have the right to plead all statutes of limitations in the General Laws of this State. This shall not be considered as a limitation to any other defense the State might have.

**Resale of Forfeited Land; Forfeiture of Successful Bidder's Deposit**

Sec. 19(A). The resale of land which has been forfeited under the provisions of this Act may be made to the highest bidder; provided, however, that sales shall be made to qualified purchasers as provided for in Article III, Section 49b of the Constitution of the State of

Texas and under terms and conditions and at such time and in such manner as the Board may prescribe in its rules and regulations, any provisions of this Act to the contrary notwithstanding, and the Board shall have the right to reject any and all bids. If the successful bidder refuses to execute a contract of sale and purchase, all moneys submitted with his bid shall be forfeited and deposited in the State Treasury and credited to the Veterans' Land Board Special Fund.

**Heirs, devisees and Personal Representatives**

Sec. 20. If the purchaser dies indebted to the Board under contracted purchase, his rights acquired under this Act and such contract shall devolve upon his heirs, devisees or personal representatives, pursuant to the laws of the State of Texas, but subject to all rights, claims and charges of the Board. Default on the part of such heir, devisee or personal representative with respect to any right, claim or charge of the Board shall have the same effect as would default on the part of the purchaser, but for his death.

**Rules and Regulations; Forms; Forfeitures; Fees for Processing and Servicing Applications**

Sec. 21. The Board is hereby authorized and empowered to make and promulgate such rules and regulations under this Act, and not inconsistent herewith, as it shall deem to be necessary or advisable. Such rules and regulations shall be considered a part of this Act and any violation thereof shall subject the offender to prosecution under the provisions of Section 32 hereof. The Board shall likewise have the power to prescribe the form and contents of all notices, bids, applications, awards, contracts, deeds or instruments whatsoever in any manner used by it in so carrying out such project and plan when the same shall not be in conflict with the law. The Board is hereby made the sole judge of forfeiture of any purchase contract under this Act, and anyone availing himself of the provisions of this Act shall by so doing agree to abide by the same; and should the Board declare a forfeiture under said purchase contract, then the purchaser shall vacate the premises within forty-five (45) days after the date of letter giving notice of such declaration, such letter to be forwarded by registered mail to the last known address of such purchaser.

The Board is hereby authorized and required to collect a fee in the amount they feel necessary from each applicant under Section 16 of this Act and to deposit such fees in a bank and any and all interest received thereon shall be credited to Veterans' Land Board Special Fee Fund 52, and shall be expended for administrative purposes, and to collect a fee of Thirty-five Dollars (\$35) from each successful bidder under Section 19(A) of this Act, which fees shall be held in a trust fund to be used for the purpose of payment for examination of title, recording fees and/or other expenses; and any unused balance remaining after payment for

such items shall be refunded except as provided in Section 19(A) of this Act.

The Board is further authorized and required to charge and collect for the use of the State the following fees for the processing and servicing of purchase applications and Contracts of Sale and Purchase and matters incidental thereto. Any such fees, or a portion thereof, which in the opinion of the Board are unused shall be refunded.

1. Fee for each appraisal for each application under Section 16 of this Act \$35.00
2. Contract of Sale and Purchase transfer fee for each transfer \$35.00
3. Mineral lease service fee for each lease executed by purchasers \$10.00
4. Reappraisal fee when required by the Board \$35.00
5. Fee for each loan of abstract \$10.00
6. Fee for servicing and filing each easement \$10.00
7. Service fee for each Contract of Sale and Purchase \$35.00
8. Fee for homesite, severance, or paid-in-full deed \$20.00

All moneys received by payment of the above fees and not refunded shall be deposited in the State Treasury and credited to the Veterans' Land Board Special Fund and shall be expended as provided in the biennial appropriation bill.

**Investigations by Board; Subpoenas Duces Tecum; Forfeiture and Cancellation of Permit or Charter; Fraud**

Sec. 21(A). The Board is hereby authorized to make any investigation it deems necessary relating to any transactions involving land purchases or sales under this Act with specific authority to administer oaths, to examine any books, records, or other documents dealing with or relating to such transactions, of any person, firm, corporation, or association involved in the transaction, and to make such copies thereof as in its judgment may show or tend to show fraud upon the Board or veteran, or any violation or attempted violation of this Act; the Board is further authorized to issue subpoena duces tecum requiring such persons, firms, corporations or associations to produce any books, records, or any other documents to the Board for examination. If any corporation shall fail or refuse to comply with the orders of the Board under this Section, such corporation shall thereby forfeit its right to do business in this State, and its permit or charter shall be canceled or forfeited by the Attorney General. Such failure or refusal by any person, firm, corporation, or association, shall be presumed to be prima-facie evidence of fraud upon the Board and veteran in violation of this Act by such person, firm, corporation or association, and such person, firm, corporation or association shall lose and forfeit all its rights and benefits under this Act.

**Leases by Board**

Sec. 22. The Board shall have the power and authority to lease any property which it owns, upon such terms as it may deem proper; providing said lease, as to agricultural and grazing purposes, shall be subject to cancellation upon the sale of said property to any veteran. The Board is authorized and empowered to execute oil, gas, and mineral leases upon any of the land which it may purchase, prior to the sale thereof, by following the same procedure as provided for the School Land Board on leases of Public School Lands.

**Land Unsold on December 1, 1959**

Sec. 23. Any lands of the Fund remaining unsold on December 1, 1959, may be sold to anyone in such manner, at such price, and upon such terms as at said time shall be prescribed by law.

**Supplies for Board**

Sec. 24. The Board is hereby specifically authorized to purchase through the State Board of Control any and all supplies including, but not by way of limitation, stationery, stamps, printing, record books, and such other things as may be needed, at State expense, in order to carry on its functions as a State agency in the performance of the duties herein imposed upon it. The Board shall cause to be published pamphlets containing the provisions of this Act and any rules and regulations the Board desires, to be made available to any interested veteran, veteran's organization, or other interested persons in this State.

**Meetings of Board; Secretaries; Seal; Employees**

Sec. 25. The Board shall meet, when necessary, on the first and third Tuesdays of each month in the General Land Office, where its sessions shall be held and continue until its docket is cleared, subject to recesses at the discretion of the Board. The Chairman of the Board may call a special meeting of same at any time he thinks necessary, by giving the other members notice thereof. Minutes of each meeting of the Board shall be kept, and only those matters that actually transpire at the meeting shall be entered thereon. All such employees shall be paid their compensation and perform their duties with the same rules, requirements, and regulations of the general law governing the state employees in such respects.

#### Sec. 27. [Appropriation]

#### **Art. 5421n. Leases by Cities, Towns and Political Subdivisions; Pooling Provisions and Unit Operation**

##### **Leases by Cities and Towns**

Sec. 1. Cities and towns chartered or organized under the General Laws of Texas, or by special act or charter, are hereby authorized to insert in any oil and gas lease or in any oil, gas and mineral lease executed by them in accordance with existing law, a provision which authorizes the lessee to pool the lease, the lands or minerals included in it, or any part thereof, with any other lands, leases, mineral estates, or parts thereof, to form a drilling or spacing unit or units for the exploration, development, and production of oil or gas; and which authorizes the lessee to form such units and accomplish such pooling by written designations filed in the county in which the land is situated. With respect to any lands owned by any such city or town, the drilling or spacing units shall not exceed the minimum number of acres upon which an oil or gas well must be located in order to comply with the rules, regulations, or orders of the Railroad Commission of Texas or any other regulatory body, State or Federal, having authority to control or regulate the spacing of such oil or gas wells. Any such lease may further provide in substance: (1) that the entire acreage so pooled into a unit shall be treated for all purposes except the payment of royalties as if it were included in the lease, and drilling or re-working operations and production of oil or gas on any part of such unit shall be considered for all purposes except the payment of royalties as if the operations were on and production were from the land included in the lease whether or not the well or wells are located on the premises included in the lease; and (2) that in lieu of the royalties provided for in the lease, the lessor shall receive on production from a pooled unit only such proportion of the royalty provided for in the lease as the amount of lessor's

##### **Leases by Political Subdivisions**

Sec. 2. Political subdivisions which are bodies corporate with recognized and defined areas are hereby authorized to insert in any oil and gas lease or in any oil, gas and mineral lease executed by them in accordance with existing law a provision which authorizes the lessee to pool the lease, the lands or minerals included in it, or any part thereof, with any other lands, leases, mineral estates, or parts thereof, to form a drilling or spacing unit or units for the exploration, development, and production of oil or gas; and which authorizes the lessee to form such units and accomplish such pooling by written designations filed in the county in which the land is situated. With respect to school lands owned by a county, which are governed by Article 7, Section 6, of the Constitution of Texas, the leases may authorize the formation of drilling or spacing units upon such terms and provisions as the Commissioners Court of the county may deem best. With respect to any other lands owned by any such political subdivision, the drilling or spacing units shall not exceed the minimum number of acres upon which an oil or gas well must be located in order to comply with the rules, regulations, or orders of the Railroad Commission of Texas or any other regulatory body, State or Federal, having authority to control or regulate the spacing of such oil or gas wells. Any such lease may further provide in substance: (1) that the entire acreage so pooled into a unit shall be treated for all purposes except the payment of royalties as if it were included in the lease, and drilling or re-working operations and production of oil or gas on any part of such unit shall be considered for all purposes except the payment of royalties as if the operations were on and production were from the land included in the lease whether or not the well or wells are located on the premises included in the lease; and (2) that in lieu of the royalties provided for in the lease, the lessor shall receive on production from a pooled unit only such proportion of the royalty provided for in the lease as the amount of lessor's acreage placed in the unit or its royalty interest therein on an acreage basis bears to the total acreage contained in the unit.

Such agreements may contain such terms and provisions as such city, town or political subdivision may deem best, and may provide in substance: (a) that operations incident to the drilling of a well upon any portion of a unit shall be deemed for all purposes to be the conduct of such operations upon each separately-owned tract in the unit by the several owners thereof; (b) that the production allocated to each tract included in a unit shall, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon; (c) that any lease covering any part of the area committed to the agreement shall continue in force as long as oil or gas is produced in paying quantities from any part of the unit area; and (d) that royalties reserved to such city, town or political subdivision from any tract or portion thereof included within the unit shall be paid only on that portion of the production allocated to the tract, or on the value of such production so allocated, in accordance with the agreement. #### Art. 5452. Lien Prescribed

1. Any person or firm, lumber dealer or corporation, artisan, laborer, mechanic or subcontractor who may labor, specially fabricate material, or furnish labor or material: (a) for the construction or repair of any house,

building or improvement whatever; (b) for the construction or repair of levees or embankments to be erected for the reclamation of overflow lands along any river or creek; (c) or for the construction or repair of any railroad: within this state under or by virtue of a contract with the owner, owners, or his or their agent, trustee, receiver, contractor, contractors, or with any subcontractor; upon complying with the provisions of this Chapter shall have a lien on such house, building, fixtures, improvements, land reclaimed from overflow, or railroad and all of its properties, and shall have a lien on the lot or lots of land necessarily connected therewith, or reclaimed thereby, to secure payment: (a) for the labor done or material furnished or both for such construction or repair; (b) for specially fabricated material even though such material has not been delivered or incorporated into such construction or repair, less its fair salvage value. The word "improvement" as used herein shall be construed so as to also include: abutting sidewalks and streets and utilities therein; clearing, grubbing, draining or fencing of land; wells, cisterns, tanks, reservoirs or artificial lakes or pools made for supplying or storing water; all pumps, siphons, and windmills or other machinery or apparatus used for raising water for stock, domestic use or for irrigation purposes; and the planting of orchard trees, grubbing out of orchards and replacing trees, and pruning said orchard trees. If the abutting sidewalks and streets and utilities therein are public property, such lien shall be applicable to the property of the owner and shall be exclusive of the public property.

2. For the purposes of this Act, the following definitions shall apply:

a. Labor is to be construed to mean labor used in the direct prosecution of the work.

b. The words "material," "furnish material," or "material furnished" as used in this Act are to be construed to mean any part or all of the following:

(1) Material, machinery, fixtures or tools incorporated in the work, or consumed in the direct prosecution of the work, or ordered and delivered for such incorporation or such consumption.

(2) Rent at a reasonable rate and actual running repairs at a reasonable cost for construction equipment, used in the direct prosecution of the work at the site of the construction or repair, or reasonably required and delivered for such use.

(3) Power, water, fuel and lubricants, when such items have been consumed or ordered and delivered for consumption in the direct prosecution of the work.

c. Specially fabricated material is defined as material fabricated for use as a

component part of the construction or repair so as to be reasonably unsuitable for use elsewhere, even though such material may not be delivered.

d. The word "work" as that term is used in Chapter 2 of Title 90, is to be construed to mean any construction or repair, or any part thereof, which is performed pursuant to an original contract, as that term is defined herein. The term "contract price," as that term is used in Chapter 2 of Title 90, is to be construed to mean the cost to the owner for any construction or repair, or any part thereof, which is performed pursuant to an original contract, as that term is defined herein.

e. An original contractor is defined as one contracting with an owner, directly or through his agent; and an original contract is defined as an agreement to which an owner is a party, either directly or by implication of law. There may be one or more original contractors.

f. A subcontractor is any person or persons, firm or corporation who has furnished labor or materials or both as defined above to fulfill an obligation to an original contractor or to a subcontractor to perform all or part of the work required by an original contract. A subcontractor shall have a right to claim a lien, but the amount of such lien claim, together with the sum of the previous payments received by claimant on such subcontract, shall not exceed that proportion of the total subcontract price which the sum of the labor performed, materials furnished, specially fabricated materials, reasonable overhead costs incurred and proportionate profit margins bears to the total subcontract price.

g. Retainage as referred to in this Act (other than the statutory retainage prescribed by Article 5469) is defined as any amount representing any part of the contract payment or payments which are not required to be paid to the claimant within the month next following each month in which the labor was performed, or material furnished, or both; or specially fabricated material was delivered. No lien for retainage as here defined shall be valid to an extent greater than the amounts specified to be retained in the contract or contracts between the claimant and the original contractor or between the claimant and a subcontractor.

[Acts 1925, S.B. 84; Acts 1951, 52nd Leg., p. 593, ch. 348, § 1; Acts 1961, 57th Leg., p. 863, ch. 382, § 1; Acts 1973, 63rd Leg., p. 213, ch. 96, § 1, eff. May 16, 1973.]

Sections 2 to 9 of the act of 1961 amended various articles of this chapter.

Section 10 of the act added article 5472d.

Sections 11 and 12 of the act provided:

"Sec. 11. Articles 5457, 5461, 5462, and 5465 of Title 90 of the Revised Civil Statutes of Texas, 1925, are hereby repealed; however, the rights, duties and obligations of parties arising under or incidental to contracts between

owners and original contractors, subcontracts thereunder and labor done, or materials furnished pursuant thereto, when the contract between the owner and the original contractor shall have been made before the effective date of this Act shall continue to be governed by the law heretofore applicable.

"Sec. 12. The provisions of this Act shall apply only to all contracts between owners and original contractors, subcontracts thereunder and labor done, materials furnished or materials specially fabricated, pursuant thereto, when the contract between the owner and the original contractor shall have been made on or after the effective date of this Act."

Section 2 of the 1973 Act provided: "All laws or parts of laws in conflict herewith are hereby repealed to the extent of such conflict, and in the event of such conflict, the provisions hereof shall prevail."

## Art. 5452-1. Sham Contracts With Building and Improvement Contractors

### False Statements

2. (a) It is unlawful for any
- (1) person, as owner of real property, or his agent;
  - (2) or any agent, director, officer or employee of any corporation, firm or association, as owner of real property;

  - (4) any person or any agent, director, officer or employee of any corporation when such person or corporation is in direct contractual relationship with any owner of real property when such contractual relationship was entered into without good faith or without intention that the contract was to be performed by such per-

son or corporation to knowingly with the intent to defraud make or cause to be made to any person, firm, association or corporation a false written statement to the effect that any bill, charge, account, or claim for labor, material, or specially fabricated material furnished to or performed for the construction or repair of any house, building, or improvement on such real property has been paid or satisfied in full or in part, and to procure upon the faith thereof money or other thing of value in connection with said construction or repair. The word owner as used herein shall not include any person, firm, or corporation having or claiming a security interest only.

(b) A person who violates the provisions of Subparagraph (a) of this Paragraph 2 is guilty of a misdemeanor and upon conviction is punishable by a fine of not more than \$5,000 nor less than \$100 or by imprisonment in the county jail for not more than one year or by both.

[Acts 1965, 59th Leg., p. 368, ch. 175, § 1.]

#### Art. 5453. Securing Lien

The lien provided for in Article 5452 may be fixed and secured in the following manner:

1. Every original contractor, not later than one hundred twenty (120) days, and every other person or firm, lumber dealer or corporation, artisan, laborer, mechanic or subcontractor who may be entitled to a lien under this Act, not later than ninety (90) days, after the indebtedness accrues as defined hereinafter in Article 5467, shall file his affidavit claiming a lien, to be recorded in a book kept by the county clerk for that purpose in the office of the county clerk of the county in which such property is located or through or into which such railroad may extend, and he shall send to the owner by certified or registered mail, addressed to his last known business or residence address, two (2) copies of such affidavit claiming a lien. The county clerk shall index and cross-index such affidavit in the names of the claimant, the original contractor and the owner. So long as the claim for a lien has been filed with the county clerk, failure of the county clerk to comply with these instructions shall not invalidate the lien.

2. If the claimant for such lien is other than an original contractor, such claim shall not be valid or enforceable unless the claimant shall also have complied with the applicable notice requirements hereafter set forth which shall be conditions precedent to the validity of such claims:

a. If any agreement providing for retainage exists between the claimant and the original contractor or between the claimant and any subcontractor, whereby the claimant is to labor, or furnish labor or material, or both, or to specially fabricate material, such

claimant may give written notice to the owner not later than thirty-six (36) days after the tenth (10th) day of the month next following the making of such agreement, that there has been agreed upon between the claimant and such contractor, or such subcontractor, such retention of funds. A copy of such notice shall also be given in like manner to the original contractor in instances where the agreement is between claimant and a subcontractor. The notice shall be sent by certified or registered mail addressed to the owner, and when required by this paragraph, to the original contractor, at their last known business or residence address. The notice shall state the sum to be retained, the due date or dates, if known, and shall indicate generally the nature of such agreement. If a retainage agreement consists in whole or in part of an obligation to furnish specially fabricated materials and the notice or notices have been given in accordance with this subparagraph, it shall not be necessary for a claimant to give a notice or notices under subparagraph 2-c of this Article. When claimant has complied with this subparagraph, no further notice or notices shall be required of him as to such retainages except the notice or notices specified in paragraph 1 of this Article; provided, however, the claimant may, at his option, elect to give the notice or notices specified in subparagraph 2-b of this Article at the time and in the manner therein required in lieu of or in addition to any notices under this subparagraph.

b. Excepting instances of retainages for which notices have been given in accordance with the preceding subparagraph, the claimant shall give the applicable notice or notices described, as follows:

(1) Where the claim consists of a lien claim arising from a debt incurred by a subcontractor, the claimant shall give written notice of the unpaid balance of such claim to the original contractor not later than thirty-six (36) days after the tenth (10th) day of the month next following each month in which claimant's labor was done or performed in whole or in part or his material delivered in whole or in part; and claimant shall give a like notice to owner not later than ninety (90) days after the tenth (10th) day of the month next following each month in which the claimant's labor was done or performed in whole or in part or his material delivered in whole or in part.

(2) Where the claim consists of a lien claim arising from a debt incurred by the original contractor, no such notice need be given to the contractor but notice to the owner, as prescribed in paragraph 2b(1) of this Article will be sufficient.

Such notices shall be sent by certified or registered mail, addressed to the owner, and where required by this Article to the original contractor, at their last known business or residence address. A copy of the statement or billing in the usual and customary form shall suffice as a notice under this subparagraph; provided, however, if such statement or billing is to be effective to authorize an owner to retain funds for the payment of such claim as provided in Article 5463 of this Act, it shall contain or be accompanied by some form of statement to an owner to the effect that if the bill remains unpaid he may be personally liable and his property subjected to a lien unless he withholds payments from the contractor for the payment of such statement or unless the bill is otherwise paid or settled.

c. If the basis of the claim is to be for a specially fabricated item or items, as described in Article 5452 hereof, the claimant may give written notice to the owner not later than thirty-six (36) days after the tenth (10th) day of the month next following the receipt and acceptance of an order for such specially fabricated material, that such an order has been received and accepted, together with the price thereof; provided, however, that in instances where the indebtedness for such items were incurred by one other than an original contractor, a copy of such written notice shall also be given within the same time to the original contractor. Further notice or notices shall be given by a claimant under this subparagraph, if and when a delivery or deliveries have been made or if and when the normal delivery time on the job has passed, such further notice or notices to be in accordance with the terms and provisions of subparagraph 2-b of this Article; provided, nevertheless, if claimant has failed to give notice or notices under this subparagraph but delivers specially fabricated material, under an order accepted by him, then as to such delivered items, his claim shall be valid, provided he gives the notice or notices required in subparagraph 2-b of this Article. A delivery of specially fabricated materials, for the purpose of such notices shall constitute a delivery of materials under subpara-

graph 2-b of this Article. Such notices shall be sent by certified or registered mail addressed to the owner, and where required by this Article to the original contractor, at their last known business or residence address.

3. A claimant desiring to demand payment of his claim by the owner may accompany his notice of such claim with the demand for payment as prescribed by Article 5454.

The demand herein provided for may accompany the original notice of nonpayment or of a past-due claim; may be stamped or written on the face of said notice in legible form; or may be subsequently given by claimant, provided, however, that no such demand shall be made after the time has expired within which the claimant may secure his lien under this Act unless a lien for such demand has been secured.

#### Art. 5456. Notice and Mailing Requirement

1. Where any written notice or communication is required or permitted to be given by this Act, it may be delivered in person to the party or his agent and such delivery shall constitute compliance irrespective of other methods of notice or communications herein provided.

2. In instances where notice or mailing is sent by certified or registered mail, the deposit of such notice or mailing in the United States Mails, in the form required, shall, except where it is specified in this Act that the notice shall be received by the person to whom it is directed, constitute full compliance with such notice or mailing provisions. Whenever any written notice required or permitted by this Act has actually been received by the person entitled to receive the same, the method by which said notice was delivered shall be immaterial.

**Art. 5466. Relinquishment Entered**

[Acts 1925, S.B. 84.]

**Art. 5467. Accrual of Indebtedness**

1. For the purpose of this Act, indebtedness, except for retainages, shall be deemed to have accrued as follows:

a. For an original contractor immediately upon any material breach or termination of the original contract by the owner, or on the tenth (10th) day of the month next following the month in which the original contract has been completed, finally settled, or abandoned.

b. For an artisan, laborer or mechanic who has labored at an hourly, daily or

weekly rate of pay for an original contractor or subcontractor, at the end of the calendar week during which the labor was performed.

c. For a subcontractor, or any one other than those specified in paragraphs 1-a, 1-b and 1-d, of this Article, who has furnished labor, material, or both, to an original contractor or to a subcontractor, the indebtedness shall be deemed to have accrued on the tenth (10th) day of the month next following the last month in which the labor was performed or the material furnished.

d. In the case of specially fabricated material, the indebtedness shall be deemed to have accrued on the tenth (10th) day of the month next following the last month in which delivery of such materials was made; or the tenth (10th) day of the month next following the last month in which delivery of the last of such material would normally have been required at the job site; or immediately upon any material breach or termination of the original contract by the owner or contractor, or of the subcontractor under which the specially fabricated material was to be furnished.

2. For the purposes of this Act, claims for lien for retainages, as defined in paragraph 2-g of Article 5452 hereof, shall be deemed to have accrued on the tenth (10th) day of the month next following the month in which all work called for by the contract between the owner and the original contractor has been completed, finally settled, or abandoned.

3. Accrual of indebtedness shall be referable, as to any given claim, to the contract concerning which the particular claim is made and under the terms of which labor was performed or labor or material or both were furnished, or undelivered specially fabricated material is to be furnished.

[Acts 1925, S.B. 84; Acts 1961, 57th Leg., p. 863, ch. 382, § 7.]

#### Art. 5468. Equality of Lien

Except as provided in Article 5469, the liens as perfected under this Act shall be upon an equal footing without reference to date of filing the account or affidavit claiming a lien. In case of foreclosure, if the proceeds of the sale of any property described in any account or lien are insufficient to discharge all the liens against the same, such proceeds shall be paid pro rata on the respective liens perfected under this Act and upon which suit is brought. Nothing in this Act shall in any manner affect the contract between the owner and original contractor as to the amount, manner or time of payment of said contract price.

#### Art. 5469. Lien Claimants Fund With Preference to Mechanics

Whenever work is done whereby a lien or liens may be claimed under Article 5452 here-

All persons who shall send notices in the time and manner required by this Act and shall file affidavits claiming a lien not later than thirty (30) days after the work is completed shall have a lien upon the fund so retained by the owner, his agent, trustee, or receiver; with preference to artisans and mechanics, who shall share ratably therein to the extent of their claims; with any remaining balance to be shared ratably among all other participating claimants. If the owner, his agent, trustee, or receiver refuses or fails to comply with the provisions of this Article, then all claimants complying with the provisions of this Act shall share ratably among themselves, with preference to artisans and mechanics as above specified, liens at least to the extent of the aforesaid fund of ten per cent (10%) which should have been retained, as against the house, building, structure, fixture, or improvement and all of its properties, and on the lot or lots of land necessarily connected therewith, to secure payment of such liens.

Sec. 1. That whenever any claim or claims shall be filed attempting to fix a lien, secured or claimed by any instrument filed under the

provisions of Chapter 17, of the General Laws of the State of Texas, passed by the Thirty-ninth Legislature in Regular Session,<sup>1</sup> that the contractor or contractors against whom such claim or claims are made, may file a bond with the officials of the State, county, town or municipality whose duty it is to pay the moneys, bonds or warrants to such contractor or contractors. Said bond shall be double the amount of the claims filed, and shall be payable to the claimant or claimants. It shall be executed by the party filing same as principal, and by a corporate surety authorized under the laws of Texas to execute such bond as surety, and shall be conditioned substantially that the principal and surety will pay to the obligees named, or their assigns, the amount of the claim or claims, or such portion or portions thereof as may be proved to have been liens, under the terms of Chapter 17, General Laws of the State of Texas, passed by the Regular Session of the Thirty-ninth Legislature. The filing of said bond and its approval by the proper official of the State, county, town or municipality, shall release and discharge all liens fixed or attempted to be fixed by the filing of said claim or claims, and the official or officials whose duty it is to pay the moneys, bonds or warrants shall pay or deliver the same to the contractor or contractors or their assigns. Said official shall send by registered mail an exact copy of said bond to all claimants.

Sec. 2. At any time within six months from the date of filing of said surety bond, the party making or holding such claim or claims may sue upon such bond, but no action shall be brought on such bond after the expiration of such period. One action upon said bond shall not exhaust the remedy thereon, but each obligee or assignee of an obligee named therein may maintain a separate suit thereon in any court and in any jurisdiction. If any claimant or claimants in an action establish the fact that they were entitled to a lien under the provisions of Chapter 17 of the General Laws of the State of Texas, passed at the Regular Session of the Thirty-ninth Legislature, and shall recover judgment for not less than the full amount for which claim was made, the court shall fix a reasonable attorney's fee in favor of the claimant or claimants, which shall be taxed as part of the costs in the case. The bond provided in Section One of this Act shall also be conditioned that the principal and surety will pay all court costs adjudged against the principal in actions brought by claimant or claimants thereon.

**Art. 5472c. Bond to Indemnify Against Liens**

Sec. 1. Whenever any lien or liens, other than liens granted by written contracts of the owners of property, shall be fixed or attempted to be fixed, secured or claimed by any instrument filed of record under the provisions of

Chapter 2, of Title 90 of the Revised Civil Statutes of 1925, then the owner of the property on which the lien or liens are claimed or the contractor or subcontractor through whom such lien or liens are claimed or either of them, may file a bond with the County Clerk of the County in which the property is located as herein provided. Such bond shall describe the property on which lien or liens are claimed, shall refer to the lien or liens claimed in manner sufficient to identify them and shall be in double the amount of the claimed lien or liens referred to and shall be payable to the party or parties claiming same. Such bond shall be executed by the party filing same as principal and by a corporate surety authorized under the Laws of Texas, to execute such bonds as surety and shall be conditioned substantially that the principal and surety will pay to the obligees named or their assigns the amounts of the liens so claimed by them with all costs in the event same shall be proven to be liens on such property.

Sec. 2. Upon the filing of such bond, the County Clerk shall issue a notice thereof to all obligees named therein. Such notice shall have attached thereto a copy of the bond. Such notice may be served upon each of such obligees by having a copy thereof delivered to him by any person competent to make oath thereof. The original notice shall be returned into the office of the County Clerk issuing same and the person making service of any copies thereof shall make oath on the back thereof showing on whom and on what date such copies were served.

Sec. 3. Such bond, when filed, and such notice, when issued, and returned together with the return thereon shall be recorded by the County Clerk in the Mechanic's Lien Records, and any purchaser or lender may rely upon the record of such bond, notice and return in acquiring any interest in said property and shall absolutely be protected thereby.

Sec. 4. No action shall be brought or maintained in any court to establish, enforce or foreclose any lien or claim of lien referred to in such bond unless same shall be brought within thirty days after the service of notice thereof as herein provided. After such 30 days and at any time within one year from the date of such service, the party making or holding such claim of lien may sue upon such bond but no action shall be brought upon such bond after the expiration of such period. One action upon said bonds shall not exhaust the remedies thereon but each obligee or assignee of an obligee named therein may maintain a separate suit thereon in any court having jurisdiction.

Sec. 4a. In case the lien holder shall recover in a suit upon his lien or in a suit upon the bond he shall be entitled to recover in addition to his debt, a reasonable attorney's fee.

### Art. 5472d. Bond to Pay Liens or Claims

1. Whenever a written contract exists between the owner and an original contractor, and if such contractor shall have furnished a bond in favor of the owner in a penal sum not less than the total of the original contract amount, executed by the original contractor as principal and a corporate surety authorized to do business in the State of Texas, conditioned for the prompt payment of all labor, subcontracts, materials, and specially fabricated materials, as defined in Article 5452 hereof, and normal and usual extras not to exceed fifteen per cent (15%) of the contract price, and approved by the owner and filed in the office of the county clerk as herein provided, such payment bond shall inure solely to all claimants either giving and filing the applicable notices and claims under Article 5453, or making claims in the manner provided in paragraph 4 of this Article. A claim or claim rights under the bond may be assigned.

2. Such bond shall have the written approval of the owner endorsed thereon, and shall be filed together with the written contract between the owner and the original contractor, or a true copy thereof, with the county clerk of the county wherein the owner's property or any part thereof is situated on which the construction or repair is being performed, or is to be performed; provided, however, it shall not be necessary to file and record the plans, specifications and general conditions of such contract whether or not such plans, specifications and general conditions are referred to in said contract.

3. The county clerk shall record such bond and place the contract on file in his office. He shall index and cross-index both in the names of the original contractor and the owner in a bound book to be designated "Bond to Pay Liens or Claims." The county clerk shall furnish a copy of said bond and contract to any person requesting same upon payment of a reasonable fee therefor, and a copy of such bond and contract duly certified to by said county clerk shall constitute prima facie evidence of the contents, execution, delivery and filing of the originals in all courts of this State or in the United States.

4. A claim to be enforceable against the bond may be perfected either in the manner prescribed for fixing and securing a lien by Article 5453 hereof, or in the following manner:

- a. By giving to the original contractor all applicable notices of claims required by

Article 5453; and, in addition thereto, by giving to the corporate surety, in lieu of to the owner, all notices therein required to be given to the owner; provided, however, the following notices need not be given:

(1) Notices to the surety under subparagraph 2-c of Article 5453 of acceptance of an order for specially fabricated materials.

(2) Notices to the surety under subparagraph 2-a of Article 5453, unless the claimant has a direct contractual relationship with the original contractor and the retainage agreed upon is in excess of ten per cent (10%) of the contract between the claimant and the original contractor.

It shall not be necessary, under this Article, that a claim be filed with the county clerk or that an affidavit accompany any claim or notice.

b. The time and manner of giving notices for claims under subparagraph 4-a of this Article shall be conditions of a valid claim thereunder; however, as to content of the notices, all that is required is a fair notice of the amount and nature of the claim asserted.

5. If any notices are received by the owner or a lien is fixed and secured as provided in Article 5453 hereof, the owner shall mail to the surety on the aforesaid bond a copy of all notices received by him; provided, however, failure of the owner to send such surety copies of such notices shall not relieve the surety of any liability under the bond if claimant has complied with the provisions of this Act, nor shall such failure impose any liability on the owner.

6. Every claimant whose claim remains unpaid sixty (60) days after compliance with the provisions of paragraph 4 of this Article may file suit in the county where the bond and contract were filed and recorded against the principal and surety on such bond, jointly or severally, for the amount of his claim and for court costs. Claimant may also recover reasonable attorneys fees if a recovery is made under the bond. No suit may be instituted on such bond after the expiration of fourteen (14) months from the date of his compliance with paragraph 4 of this Article.

7. In all cases where bonds have been filed in accordance with this Article, no suits shall be filed against the owner nor against his property, and any purchaser, lender or other person acquiring any interest in said property shall be entitled to rely upon the record of such bond and contract on file as constituting payment of all claims and liens for labor, or subcontracts, or materials or specially fabricated materials, as if he were the owner who approved, accepted and endorsed the bond; and the owner shall be relieved of all obligations under Articles 5454, 5463 and 5469 hereof. If the valid claims against a bond are in excess of

the penal sum of the bond, each claimant shall be entitled to share pro rata in such penal sum.

8. Any bond which is either furnished and filed in attempted compliance with this Article or which by its express terms evidences its intent to comply with this Article shall in either event be construed to effectuate such intention and all rights and remedies on such bond shall be enforceable in the same manner and under the same conditions and limitations as the bond provided for in this Article.

and improvements, for which said funds were received, shall be deemed to have misapplied said Trust Funds. Provided the lien provided for herein shall not exist or attach unless the injured person is received in a hospital within seventy-two (72) hours after the happening of the accident causing the injury, in which case both the admitting hospital and any hospital to which such injured person may be transferred from the admitting hospital for subsequent treatments of the same injuries for which he was originally admitted shall be entitled to such lien.

**Lien to Attach to Judgment or Orders in Actions or Proceedings**

Sec. 2. The lien of any such hospital shall also attach to any verdict, report, decision, decree, award, judgment, or final order made or rendered in any action or proceeding, in any court in Texas, or any public board or bureau in any suit, action or proceeding brought by such injured persons, by any person entitled thereto in case of death of such injured person against any other person or corporation or joint stock association for the recovery of damages or compensation on account of injuries received in any such accident, as well as the proceeds of any settlement thereof, or the settlement of any such claim or demand effected by any such injured person or other person entitled thereto with any other person or firm or corporation or joint stock association whose negligence is claimed or alleged to have been the cause of said accident.

To discharge any notices filed under the provisions of this Act the hospital authorities or person in charge of the finances of said hospital to whom said lien has been duly paid shall execute a certificate to the effect that the claim filed by such hospital for treatment, care and maintenance therein has been duly paid or released and authorizing the Clerk of the county in whose office said notice of hospital lien has been filed, to discharge the same; and thereupon such Clerk shall enter upon the margin of the hospital lien docket in which the said hospital lien has been entered, a memorandum of such filing and the date when such certificate of payment or release was filed in his office, which certificate and entry shall constitute a discharge of lien, for which the Clerk shall receive the sum of Fifty (50¢) Cents and such fee shall be accountable as fees of office.

**Insurance Excepted From Claim of Lien**

Sec. 4c. The provisions of this Act shall not give to any such hospital, or any person, firm or corporation claiming under it, any lien, claim, right, or demand upon the proceeds of any insurance policy in favor of the injured

party, his beneficiaries, or legal representatives, and none of the provisions of this Act shall have application thereto. Provided, however, this section shall not include public liability insurance carried by the insured to protect him against loss or damage as a result of any accident or collision covered by said public liability insurance policy.

### 1. LIMITATIONS OF ACTIONS FOR LANDS

#### Art. 5507. Three Years' Possession

Suits to recover real estate, as against a person in peaceable and adverse possession there-

of under title or color of title, shall be instituted within three years next after the cause of action accrued, and not afterward.

[Acts 1925, S.B. 84.]

#### Art. 5508. "Title" and "Color of Title" Defined

By the term "title" is meant a regular chain of transfers from or under the sovereignty of the soil, and by "color of title" is meant a consecutive chain of such transfers down to such person in possession, without being regular, as if one or more of the memorials or muniments be not registered, or not duly registered, or be only in writing, or such like defect as may not extend to or include the want of intrinsic fairness and honesty; or when the party in possession shall hold the same by a certificate of headright, land warrant, or land scrip, with a chain of transfer down to him in possession.

[Acts 1925, S.B. 84.]

#### Art. 5509. Five Years' Possession

Every suit to recover real estate as against a person having peaceable and adverse possession thereof, cultivating, using or enjoying the same, and paying taxes thereon, if any, and claiming under a deed or deeds duly registered, shall be instituted within five years next after cause of action shall have accrued, and not afterward. This article shall not apply to one in possession of land, who derails title through a forged deed. And no one claiming under a forged power of attorney shall be allowed the benefits of this article.

[Acts 1925, S.B. 84.]

#### Art. 5510. Ten Years' Possession

Any person who has the right of action for the recovery of lands, tenements or hereditaments against another having peaceable and adverse possession thereof, cultivating, using or enjoying the same, shall institute his suit therefor within ten years next after his cause of action shall have accrued, and not afterward. The peaceable and adverse possession contemplated in this article, as against the person having right of action, shall be construed to embrace not more than one hundred and sixty acres, including the improvements or the number of acres actually enclosed, should the same exceed one hundred and sixty acres; but when such possession is taken and held under some written memorandum of title, other than a deed, which fixes the boundaries of the possessor's claim and is duly registered, such peaceable possession shall be construed to be co-extensive with the boundaries specified in such instrument.

[Acts 1925, S.B. 84.]

**Art. 5511. Land Surrounded by Other Lands**

A tract of land owned by one person, entirely surrounded by a tract or tracts owned, claimed or fenced by another, shall not be considered inclosed by a fence inclosing the circumscribing tract or tracts, or any part thereof; nor shall the possession by the owner or claimant of such circumscribing land of such interior tract be the peaceable and adverse possession contemplated by Article 5510 unless the same be segregated and separated from the circumscribing land by a fence, or unless at least one-tenth thereof be cultivated and used for agricultural purposes, or used for manufacturing purposes.

[Acts 1925, S.B. 84.]

**Art. 5512. Possession by Adjacent Owner**

Possession of land belonging to another by a person owning or claiming five thousand acres or more of lands inclosed by a fence in connection therewith, or adjoining thereto, shall not be the peaceable and adverse possession contemplated by Article 5510 unless said land so belonging to another shall be segregated and separated by a substantial fence from said lands connected therewith or thereto adjoining or unless at least one-tenth thereof shall be cultivated and used for agricultural purposes or used for manufacturing purposes, or unless there be actual possession thereof.

[Acts 1925, S.B. 84.]

**Art. 5513. Title by Possession**

Whenever an action for the recovery of real estate is barred by any provision of this title, the person having such peaceable and adverse possession shall be held to have full title, precluding all claims.

[Acts 1925, S.B. 84.]

**Art. 5514. "Peaceable Possession"**

"Peaceable possession" is such as is continuous and not interrupted by adverse suit to recover the estate.

[Acts 1925, S.B. 84.]

**Art. 5515. "Adverse Possession"**

"Adverse possession" is an actual and visible appropriation of the land, commenced and continued under a claim of right inconsistent with and hostile to the claim of another.

[Acts 1925, S.B. 84.]

**Art. 5516. Possession by Different Persons**

Peaceable and adverse possession need not be continued in the same person, but when held by different persons successively there must be a privity of estate between them.

[Acts 1925, S.B. 84.]

**Art. 5517. Right of the State, Counties, Cities and School Districts**

The right of the State, all counties, incorporated cities and all school districts shall not be barred by any of the provisions of this Title,

nor shall any person ever acquire, by occupancy or adverse possession, any right or title to any part or portion of any road, street, alley, sidewalk, or grounds which belong to any town, city, or county, or which have been donated or dedicated for public use to any such town, city, or county by the owner thereof, or which have been laid out or dedicated in any manner to public use in any town, city, or county in this State.

**Art. 5518. Person Under Disability**

If a person entitled to sue for the recovery of real property or make any defense founded on the title thereto, be at the time such title shall first descend or the adverse possession commence:

1. A person, including a married person, under twenty-one years of age, or

2. In time of war, a person in the military or naval service of the United States, or

3. A person of unsound mind, or

4. A person imprisoned, the time during which such disability or status shall continue shall not be deemed any portion of the time limited for the commencement of such suit, or the making of such defense; and such person shall have the same time after the removal of his disability that is allowed to others by the provisions of this title; provided, that notwithstanding a person may be or may have been laboring under any of the disabilities mentioned in this Article, one having the right of action for the recovery of any lands, tenements or hereditaments against another having peaceable and adverse possession thereof, cultivating, using or enjoying same, shall institute his suit therefor within twenty-five years next after his cause of action shall have accrued and not thereafter.

[Acts 1925, S.B. 84; Acts 1967, 60th Leg., p. 739, ch. 309, § 3, eff. Jan. 1, 1968.]

**Art. 5519. Action Barred in Twenty-Five Years**

No person who has a right of action for the recovery of real estate shall be permitted to maintain an action therefor against any person having peaceable and adverse possession of such real estate for a period of twenty-five years prior to the filing of such action, under claim of right, in good faith, under a deed or deeds, or any instrument or instruments, purporting to convey the same, which deed or deeds or instrument or instruments purporting to convey the same have been recorded in the deed records of the county in which the real estate or a part thereof is situated; and one so holding and claiming such real estate under such claim of title and possession shall be held to have a good marketable title thereto, and on proof of the above facts shall be held to have established title by limitation to such real es-

tate regardless of minority, insanity or other disability in the adverse claimant, or any person under whom such adverse claimant claims, existing at the time of the accrual of the cause of action, or at any time thereafter. Such peaceable and adverse possession need not be continued in the same person, but when held by different persons successively there must be a privity of estate between them. The adverse possession of any part of such real estate shall extend to and be held to include all of the property described in such deed or instrument conveying or purporting to convey, under which entry was made upon such land or any part thereof, and by instrument purporting to convey shall be meant any instrument in the form of a deed or which contains language showing an intention to convey even though such instrument, for want of proper execution or for other cause is void on its face or in fact.

[Acts 1925, S.B. 84; Acts 1927, 40th Leg., p. 369, ch. 250, § 1; Acts 1967, 60th Leg., p. 740, ch. 309, § 3, eff. Jan. 1, 1968.]

#### Art. 5519a. Title to Land by Limitation

Sec. 1. In all suits involving the title to land not claimed by the State, if it be shown that those holding the apparent record title thereto have not exercised dominion over such land or have not paid taxes thereon, one or more years during the period of twenty-five years next preceding the filing of such suit and during such period the opposing parties and those whose estate they own are shown to have openly exercised dominion over and asserted claim to same and have paid taxes thereon annually before becoming delinquent for as many as twenty-five years during such period, such facts shall constitute prima facie proof that the title thereto had passed to such persons so exercising dominion over, claiming and paying taxes thereon.

Sec. 2. This Act shall in no way affect any Statute of Limitation or the right to prove title by circumstantial evidence under the present Rule of Decision in the Courts of this State nor to suits between trustees and their beneficiaries nor to suits now pending.

[Acts 1930, 41st Leg., 5th C.S., p. 162, ch. 30; Acts 1931, 42nd Leg., p. 283, ch. 169.]

#### Art. 5520. Actions by Vendors and on Voluntary Mechanic's or Materialman's Lien; Tolling; Presumption of Payment

All actions for the recovery of real estate by virtue of a superior title retained by the vendor in a deed of conveyance or purchase money note, or for the foreclosure of any vendor's, mortgage, deed of trust or voluntary mechanic's or materialman's lien on real estate, securing a note or other written obligation, shall be instituted, and all sales of real estate in the exercise of a power of sale under a mortgage or deed of trust securing any such lien debts shall be made, within four (4) years after the cause of action shall have accrued, and not afterward.

No time shall be counted out by a toll of limitations under any other Statutes, except Article 5538, Revised Civil Statutes of Texas, 1925, in calculating any aforesaid limitation period invoked by a bona fide purchaser, lien holder or lessee who has no notice or knowledge of any such toll of limitations and acquires his interest in the property at a time when any said lien debt is more than four (4) years past due and there is no written extension of record.

At the expiration of such four (4) year period payment of any such lien debt shall be conclusively presumed to have been made, and the lien for the security of same and any power of sale for the enforcement thereof shall be void and cease to exist, unless said lien is extended by written agreement of the party or parties primarily liable for the payment of the indebtedness, as provided by law; but any such extension agreement shall be a nullity against aforesaid bona fide third persons dealing with said property without actual notice thereof and before same is filed and recorded in the manner provided for the acknowledgment and record of conveyances of real estate.

Where a series of notes or other obligations or one payable in installments is secured by such lien on real estate, the aforesaid limitation period shall not begin to run until the maturity date of said last note, obligation or installment.

Provided that as to any aforesaid cause of action heretofore accrued, where the period of limitation has been tolled or interrupted by any other statute so that the same is not barred by limitation prior to the effective date of this Act, the limitation period applicable thereto shall be either one (1) year from the effective date of this Act or four (4) years from the maturity of the lien debt, whichever is longer.

[Acts 1925, S.B. 84; Acts 1931, 42nd Leg., p. 230, ch. 136, § 2; Acts 1945, 49th Leg., p. 441, ch. 278.]

#### Art. 5521. Repealed by Acts 1931, 42nd Leg., p. 230, ch. 136, § 1

The repealed article was derived from Acts 1905, p. 334; and Acts 1913, p. 250, and related to presumption of payment of purchase money or mortgage lien notes. The subject matter of the repealed article is now incorporated in article 5520.

#### Art. 5522. Lien Continued in Force

When the date of maturity of either debt referred to in either of the foregoing articles is extended, if the contract of extension is signed and acknowledged as provided for in the law relating to the execution of deeds of conveyance by the party or parties obligated to pay such indebtedness as extended and filed for record in the county clerk's office in the county in which the land is situated, the lien shall continue and be in force until four years after maturity of the notes as provided in such extension, the same as in the original contract and the lien shall so continue for any succeeding or additional extension so made and recorded. The date of maturity set forth in the deed of conveyance or deed of trust or mort-

gage, or the recorded renewal and extension of the same, shall be conclusive evidence of the date of maturity of the indebtedness therein mentioned. Provided the owner of the land and the holder of the note or notes may at any time enter into a valid agreement renewing and extending the debt and lien, so long as it does not prejudice the rights of lien holders or purchasers subsequent to the date such liens became barred of record under laws existing prior to the taking effect of, or under this Act; as to all such lien holders or purchasers any renewal or extension executed or filed for record after the note or notes and lien or liens were, or are, barred of record and before the filing for record of such renewal or extension, such renewal or extension shall be void.

[Acts 1925, S.B. 84.]

**Art. 5523. Repealed by Acts 1931, 42nd Leg., p. 230, ch. 136, § 1**

The repealed article was derived from Acts 1925, 39th Leg., ch. 64, p. 215, § 1, and related to limitation as to deeds of trust, etc. For similar provisions, see, now, arts. 5520, 5522.

**Art. 5523a. Ten Year Limitation in Action for Land**

Any person who has the right of action for the recovery of land because of any one or more of the following defects in any instrument, where it has not been signed by the proper officer of any corporation; or where the corporate seal of the corporation has not been impressed on such instrument; or where the record does not show such corporate seal; or because the record does not show authority therefor by the Board of Directors and Stockholders (or either of them) of a corporation; or where such instrument was executed and delivered by a corporation which had been dissolved or whose charter had expired, or whose corporate franchise had been canceled, withdrawn or forfeited; or where the executor, administrator, guardian, assignee, receiver, Master in Chancery, agent or trustee, or other agency making such instrument, signed or acknowledged the same individually instead of in his representative or official capacity; or where such instrument is executed by a trustee without record of Judicial or other ascertainment of the authority of such trustee or of the verity of the facts therein recited; or where the officer taking the acknowledgment of such instrument having an official seal did not affix the same to the certificate of acknowledgment; or where the notarial seal is not shown of record; or where the wording of the consideration may or might create an implied lien in favor of grantor (By this is not meant an express vendor's lien retained); shall institute his suit therefor not later than 10 years next after the date when such instrument has been or hereafter may be actually recorded in the office of the County Clerk of the county in which such real estate is situated and not afterwards; provided that such person, if not already barred by limitation or otherwise, shall in case of instruments of record for nine years or

more, prior to the effective date of this Act, have the right within one year after the effective date of this Act, to bring proceedings to contest the effect of such instrument but not afterward; and providing further that nothing herein contained shall be construed to operate on any suit or action now pending or which may have been heretofore determined in any court of this State in which the validity of the making, execution or acknowledgment of any such instrument has been or may hereafter be drawn in question; and provided further, this Act is cumulative of all other laws on this subject and if any portion of this Act be declared unconstitutional the remaining portion shall not be affected thereby and shall remain in full force and effect. This Act shall not apply to forged instruments, and shall be subject to the provisions of Article 5518, Revised Civil Statutes of 1925.

[Acts 1929, 41st Leg., p. 394, ch. 181, § 1.]

All causes of action upon which suit has been or may hereafter be brought for personal injuries, or for injuries resulting in death, whether such injuries be to the health or to the reputation, or to the person of the injured party, shall not abate by reason of the death of the person against whom such cause of action shall have accrued, nor by reason of the death of such injured person, but, in the case of the death of either or both, all such causes of action shall survive to and in favor of the heirs and legal representatives and estate of such injured party and against the person, or persons liable for such injuries and his or their legal representatives, and may be instituted and prosecuted as if such person or persons against whom same accrued were alive.

[Acts 1925, S.B. 84; Acts 1927, 40th Leg., p. 356, ch. 239, § 1.]

6. Action for injury done to the person of another.

7. Action for injury done to the person of another where death ensued from such injury; and the cause of action shall be considered as having accrued at the death of the party injured.

**Abolishment of Board for Texas State Hospitals and Special Schools**

*Acts 1965, 59th Leg., p. 173, ch. 67, §§ 1, 2, the Texas Mental Health and Mental Retardation Act, codified as articles 5547-201 to 5547-204, creating the Texas Department of Mental Health and Mental Retardation and giving it exclusive management and control of state hospitals and schools, abolished the Board for Texas State Hospitals and Special Schools. See article 5547-204, note.*

**Art. 5547-1. Short Title**

This Act shall be known and may be cited as the Texas Mental Health Code.

[Acts 1957, 55th Leg., p. 505, ch. 243, § 1.]

**Art. 5547-2. Purpose**

It is the purpose of this Code to provide humane care and treatment for the mentally ill and to facilitate their hospitalization, enabling them to obtain needed care, treatment and rehabilitation with the least possible trouble, expense and embarrassment to themselves and their families and to eliminate so far as possible the traumatic effect on the patient's mental health of public trial and criminal-like procedures, and at the same time to protect the rights and liberty of every one. In providing care and treatment for the mentally ill, the State acts to protect the community from harm and to serve the public interest by removing the social and economic burden of the mentally ill on society and the burden and disturbing effect of the mentally ill person on the family, and by care and treatment in a mental hospital to restore him to a useful life and place in society. It is also the legislative purpose that Texas contribute its share to the nation-wide effort through care, treatment and research to reduce the prevalence of mental illness.

Unless these proceedings are completed within nine (9) months after the effective date of this Code they shall be governed by the provisions of this Code.

[Acts 1957, 55th Leg., p. 505, ch. 243, § 101.]

**Art. 5547-102. Severability**

## ARTICLE 4. STATE GRANTS-IN-AID

### Art. 5547-204. State Grants-in-Aid

#### Rules and Regulations of the Department

Sec. 4.01. (a) The Department shall prescribe such rules, regulations and standards, not inconsistent with the Constitution and laws of this State, as it considers necessary and appropriate to insure adequate provision of mental health and mental retardation services by community centers.

(b) Before any rule, regulation or standard is adopted the Department shall give notice and opportunity to interested persons to participate in the rule making.

(c) The rules, regulations and standards adopted by the Department under this Section

shall be filed with the Secretary of State and shall be published and available on request from the Secretary of State.

(d) A copy of these rules shall be sent to each community center established in this State.

#### Plan

Sec. 4.02. As soon as possible after its establishment the board of trustees shall submit to the Department:

(1) a copy of the contract between the participating local agencies, if applicable;

(2) a plan within the projected financial, physical and personnel resources of the region to be served to develop and make available to the residents of the region an effective mental health or mental retardation services program, or both, through a community center or centers.

#### Eligibility for Grants-in-Aid

Sec. 4.03. A community center is eligible to receive State grants-in-aid if it qualifies according to the rules and regulations of the Department. It is specifically provided, however, that the Department may require that such grants of State funds be matched by local support in such proportions and amounts as may be determined by the Department. For the purpose of calculating the local share of the operating costs of a community center, patient fee income, services and facilities contributed by local community centers may be counted as local support. To facilitate the administration of such funds, the Department may make periodic allocations of such grants to community centers on the basis of operating budgets submitted to it by the community centers in such form as the Department may require, but shall, periodically during the fiscal period covered by such operating budgets, make such adjustments, upward or downward, as may be necessary equitably to apportion such operating costs between the State government and the community centers.

#### Auditing Procedures

Sec. 4.04. The board of trustees of a community center, as a condition precedent to its receiving further grants under this Act, shall annually have the accounts of the center audited by a Texas certified or public accountant licensed by the Texas State Board of Public Accountancy. Such audit shall meet at least the minimum requirements as shall be, and in such form as may be, prescribed by the Department and approved by the State Auditor. A copy of each such annual audit, approved by the board of trustees of the community center, shall be filed by the community center with the Department on such date as the Department may specify. Where the board of trustees declines or refuses to approve the audit report, it shall nevertheless file with the said Department a copy of the audit report with its statement detailing its reasons for failure to approve the

report. In addition to the copy furnished the Department, copies of each audit report shall be submitted to the Governor, the Legislative Budget Board and the Legislative Audit Committee. The Commissioner and the State Auditor, on behalf of the Department and the Legislative Audit Committee, respectively, shall have access to all vouchers, receipts, journals and other records as either may deem needed and appropriate for the review and analysis of audit reports.

Art. 5561c. Alcoholism

#### Purpose

Sec. 1. The purpose of this Act is to prevent broken homes and the loss of lives by creating the Texas Commission on Alcoholism, which shall co-ordinate the efforts of all interested and affected State and local agencies; develop educational and preventive programs; and promote the establishment of constructive programs for treatment aimed at the reclamation, rehabilitation and successful re-establishment in society of alcoholics. Alcoholism is hereby recognized as an illness and a public health problem affecting the general welfare and the economy of the State. Alcoholism is further recognized as an illness subject to treatment and abatement and the sufferer of alcoholism is recognized as one worthy of treatment and rehabilitation. The need for

proper and sufficient facilities, programs and procedures within the State for the control and treatment of alcoholism is hereby recognized. It is hereby declared that the procedure for commitment of alcoholics as hereinafter provided for is not punitive but is a committal for treatment of an illness affecting not only the individual involved but the public welfare as well.

#### Construction of the Act

Sec. 2. This Act shall be liberally construed to accomplish the purpose herein sought.

#### Definitions

Sec. 3. As used in this Act,

(a) "Commission" means the Texas Commission on Alcoholism.

(b) "Hospital Board" means the Board for Texas State Hospitals and Special Schools.

(c) An "alcoholic" means any person who chronically and habitually uses alcoholic beverages to the extent that he has lost the power of self control with respect to the use of such beverages, or while chronically and habitually under the influence of alcoholic beverages endangers public morals, health, safety or welfare.

(d) "Alcoholism," as used herein, has reference to any condition of abnormal behavior or illness leading directly or indirectly to the chronic and habitual use of alcoholic beverages.

#### Texas Commission on Alcoholism

Sec. 4. (a). Commission established. There is hereby created a Commission to be known as the Texas Commission on Alcoholism, hereinafter called the Commission. The Commission shall consist of six (6) members to be appointed by the Governor, with the advice and consent of the Senate, from citizens of the State who are known to have knowledge of and an interest in the subject of alcoholism, at least one of whom must be a physician and at least three of whom shall have had personal experience as excessive users of alcohol. For the initial appointments as above provided for, the Governor shall designate two appointed members for each of the terms of two, four and six years, respectively, from the effective date of this Act. Each two years thereafter, the Governor, with the advice and consent of the Senate, shall appoint two members of the Commission for a term of six (6) years to succeed the members whose terms then expire. Members shall serve until their successors have qualified. Any vacancy occurring in the membership of the Commission shall be filled by appointment of the Governor with the advice and consent of the Senate for the unexpired portion of the vacated term.

(b). Officers of the Commission. The Governor shall designate a chairman of the first Commission to serve one year. The members of the Commission shall thereafter annually

elect from their number a chairman and a vice-chairman. The members of the Commission may elect one of their number as secretary, or they may designate the executive director, appointed as herein provided, as such secretary.

(c). Meeting of the Commission and Per Diem Pay. The Commission shall meet quarterly, at such other times as may be necessary, at the call of the chairman, or at the request of three members, for the performance of their duties, not to exceed twenty-four (24) days in all in any one year. The members shall receive Twenty Dollars (\$20) per diem plus their actual and necessary expenses in connection with their attendance at such meetings. Four members of the Commission shall constitute a quorum for the transaction of business. In addition to the meetings herein authorized, the Commission may authorize its members to visit places within the State or in other States and engage in travel for the purpose of carrying out their duties as provided in this Act. For such travel, the members of the Commission shall receive the same per diem and expenses as they receive for their attendance at meetings.

(d). Commission Employees. The Commission may employ an executive director at an annual salary of Seven Thousand Five Hundred Dollars (\$7,500) and such other employees as it deems necessary to properly discharge its duties under this Act.

#### Duties and Functions of the Commission

Sec. 5. The Commission shall have only the following duties and functions:

(1) Carry on a continuing study of the problems of alcoholism in this State, and seek to focus public attention on such problems.

(2) Establish cooperative relationships with other State and local agencies, hospitals, clinics, public health, welfare, and law enforcement authorities, educational and medical agencies and organizations, and other related public and private groups.

(3) Promote or conduct educational programs on alcoholism; purchase and provide books, films, and other educational material; and furnish funds or grants to the Texas Education Agency, institutions of higher education, and medical schools for study, research, and modernized instruction regarding the problems of alcoholism.

(4) Provide for treatment and rehabilitation of alcoholics and allocate funds for:

(a) The establishment of local alcoholic clinics, with or without short-term hospitalization facilities, by providing funds for not to exceed seventy-five per cent (75%) of the total operating cost of such clinics operated by a city or a county.

(b) Providing treatment for those alcoholics needing from fifteen (15) to ninety (90) days hospitalization, whether voluntary patients, or admitted on court order, by furnishing the Hospital Board all of the funds needed for the proper operation of segregated wards for treatment of such patients; such funds and necessary personnel to be in addition to all funds and personnel provided the Hospital Board in the regular Departmental Appropriation Bill.

(c) Contracting with hospitals or institutions not under its control for the care, custody and treatment of alcoholics.

(d) Providing for the detention, care, and treatment of recalcitrants and alcoholics with long police court records, by furnishing funds for the operation of farm or colony type facilities under the provisions of 4(a) or of 4(b).

#### Cooperation by Other Departments

Sec. 6. To effectuate the purpose of this Act and to make maximum use of existing facilities and personnel, it shall be the duty of all departments and agencies of the State government and of all officers and employees of the State, when requested by the Commission, to cooperate with it in all activities consistent with their proper function. Nothing herein shall be construed as giving the Commission control over existing facilities, institutions or agencies, or as requiring such facilities, institutions or agencies to serve the Commission inconsistently with their functions, or with the authority of their offices, or with the laws and regulations governing their activities; or as giving the Commission power to make use of any private institution or agency without its consent; or to pay a private institution or agency for services which a public institution or agency is willing and able to adequately perform.

#### Power to Accept Gifts

Sec. 7. The Commission may accept gifts, grants, or donations of money or of property from private or public sources to effectuate the purpose of this Act. Any and all funds so donated shall be placed in the State Treasury in a special fund called the Texas Commission on Alcoholism Fund and expended in the same manner as other State moneys are expended, upon warrants drawn by the Comptroller upon the order of the Commission. Any and all of said moneys are hereby appropriated for the purpose of carrying out this Act.

#### Rules and Regulations

Sec. 8. The Commission shall be responsible for the adoption of all policies and shall make all rules and regulations appropriate to the proper accomplishment of its functions under this Act and to the allocation of its funds.

#### Admission and Certification of Alcoholics

Sec. 9. (a) The county judge of the county where an alleged alcoholic resides may certify or remand him or her to the custody of the Commission or its authorized representative for the treatment and rehabilitation of such alcoholic, upon proper proof as hereinafter provided, and with the consent in writing of the Commission or its authorized representative.

(b) The Court may remand an alcoholic to the Commission or its authorized representative for treatment when it is properly shown to the court upon petition or application filed by the alleged alcoholic's husband, wife, child, mother, father, next of kin, next friend, or the county health officer, that such a person is an alcoholic, is a resident of the county, is over eighteen years of age, and is not capable of, or is unfit properly to conduct himself or herself, or to conduct and look after his or her affairs or is dangerous to himself, or others, or has lost the power of self-control because of use of alcohol. Such a petition or application must show that the alleged alcoholic is in actual need of care and treatment and that his or her detention, care and treatment would improve his health.

(c) Upon filing of a petition or application, the court shall set a day for the hearing, which hearing must be held not less than five (5) days and no more than fourteen (14) days from the filing of the petition. The alleged alcoholic shall be personally served with a copy of the petition or application and the order fixing the time of hearing of the same by the sheriff of the county in which he is found and the court may proceed to hear the cause at the stated time, with or without the presence of the alleged alcoholic and with or without an answer by him, provided such service is perfected at least three (3) days prior to the hearing. The court shall inform relatives of the alleged alcoholic and other persons to appear at the hearing to give evidence in the cause. The judge may, in his discretion or upon request, require an alleged alcoholic to be examined by the county health officer, or by other physicians, as the court may direct, the results of which examination to be considered by the court at the hearing of the application for commitment. If in the county court in which a petition or application is filed, a Certificate of Medical Examination for Alcoholism is filed showing that the proposed patient has been examined within five (5) days of the filing of the Certificate and stating the opinion of the examining physician that the proposed patient is an alcoholic and because of his alcoholism is likely to cause injury to himself or others if not immediately restrained, the Judge may order any health or peace officer to take the proposed patient into protective custody and immediately transport him to a designated mental hospital or other suitable place and detain him pending order of the court; provided, however, that in no event shall the proposed patient be denied the hearing prescribed above to be held

not less than five (5) days and no more than fourteen (14) days from the filing of the petition.

(d) If the alleged alcoholic admits the allegations of the application, or if the court finds that the material allegations of the application have been proven, it shall issue the proper certificate for his or her commitment or remand to the Commission or its authorized representative for such confinement and treatment as the Commission shall direct. Upon such a finding, the court shall order that he or she be remanded to the Commission or its authorized representative for a period of not less than fifteen (15) days nor more than three (3) months as the necessity of the case may require, subject, however, to earlier discharge at the discretion of the Commission.

(e) The Commission shall by rule provide a method of notification by the county court or the clerk thereof to the Commission of initiation of proceedings under this Section and the order of the court therein, and shall provide for notification of the court before the date set for the hearing of a petition or application for certification whether it will accept custody of such person should the court so order.

#### Appeals from Decisions Committing Persons to the Commission

Sec. 10. (a) Any person brought before any court on petition for commitment as hereinafter provided, may, within five (5) days, appeal from a decision of the county court committing him or her, to the district court upon his or her giving bond with sufficient sureties to be approved by the committing judge in such form as may be fixed by said judge, the bond being conditioned upon his or her appearance to abide the results of the appeal.

(b) On appeal, trial shall be de novo and the appellant shall be entitled to trial by jury.

#### Habeas Corpus by Persons Committed to the Commission

Sec. 11. If a writ of habeas corpus to be obtained in behalf of a person committed to and confined by an order of a court and it appears at the hearing on the return of such writ that such person may properly be discharged, or if the person's condition is such that it will be safe for him or her or others for him or her to be released, the judge before whom the hearing is held shall so direct; but if it appears from the condition of such person that he or she requires treatment, he or she shall be remanded to the care and custody of the Commission or its authorized representative for such treatment.

#### Commitment by Courts

Sec. 12. The judge of any court of this State having jurisdiction of misdemeanor cases may, upon finding a person guilty of any violation of the law, which violation is a misdemeanor resulting from such person's chronic and habitual use of alcohol, remand such person over eighteen (18) years of age to the

Commission or its authorized representative for care and treatment for a period not to exceed ninety (90) days, in lieu of the imposition of a sentence, if and when special facilities are available for treatment of such cases, and with notice from the Commission that such facility will receive such person as a patient. No person may be so committed who in the opinion of the judge has exhibited definite criminal tendencies, or is feeble-minded or psychotic. Appeals from such orders of the court may be taken in the same manner as provided for appeals from any other judgment of such court.

#### Voluntary Patients

Sec. 13. Under such rules as it may prescribe the Commission or its authorized representative may receive as a patient for treatment, any alcoholic resident of this State against whom no criminal charges are pending, and who shall voluntarily apply for treatment, and may retain for not more than ninety (90) days and treat and restrain such person in the same manner as if committed by order of court, provided, however, that such person must be released within ten (10) days after receipt in writing of notice from such person of his or her intention or desire to leave. The Commission or its authorized representative may refuse admittance to any applicant who has been a patient receiving treatment solely for alcoholism in any Texas State Hospital and who has been released therefrom within twelve (12) months immediately preceding his application for admittance, if, in the opinion of the Commission, no useful purpose would be served by the admission of such applicant.

#### Probation and Discharge

Sec. 14. (a) Any person committed to the custody of the Commission or its authorized representative may, notwithstanding the terms of any order of commitment, be permitted by the Commission or its authorized representative to go at large on probation and without restraint for such time and under such condition as the Commission shall judge best.

(b) Any person, whether a voluntary patient or committed by a court, whose actions, attitude and behavior cause the Commission or its authorized representative to believe that such a person is not benefiting by care and treatment, may be discharged at any time at the discretion of said Commission or representative, notwithstanding the terms of any order of commitment.

#### Costs of Commitment and Support

Sec. 15. The provisions of law with respect to the costs of commitment and the cost of support, including methods of determination of the persons liable therefor, and methods of determination of financial ability, and all provisions of law enabling the State to secure reimbursement of actual cost, applicable to the commitment to and support of mentally ill persons in State Hospitals, shall apply with equal force in respect to each item of expense incurred by the

State in connection with the commitment, care, custody, treatment and rehabilitation of any person securing care and treatment under this Act. All funds so collected are hereby appropriated to the Commission for the purpose of this Act.

#### Rights as Citizens

Sec. 16. No person who is committed for treatment under the provisions of this Act, either through voluntary application or involuntary procedure, shall forfeit or be abridged thereby of any of his or her rights as a citizen of the United States or of the State of Texas. The record of any individual committed for treatment, guidance and rehabilitation shall be confidential and the contents thereof shall not be divulged except on order of a court of competent jurisdiction.

#### Commitment Proceedings for Mentally Ill Persons

Sec. 17. The Commission or its representative shall bring commitment proceedings, in the court in the county wherein the person involved is restrained, for commitment to such institutions as such court may direct, of any person who has been committed to the custody and control of the Commission and who is found to be mentally ill.

#### Financing of Operations

Sec. 18. The cost of financing the operations of the Texas Commission on Alcoholism shall be borne with funds as provided by Section 7 of this Act and such other funds as the Legislature may from time to time appropriate for this purpose. Funds for the operation of local councils on alcoholism shall be expended only if matched locally.

#### Appropriation

Sec. 19. All funds received and deposited in the State Treasury under the provisions of this Act to the Texas Commission on Alcoholism Fund are hereby appropriated for the biennium ending August 31, 1955, to the Commission for the purposes set out in this Act, including salaries and all other operating and contingent expenses, provided that no funds may be spent without the prior approval of budgets of the Commission by the Governor with the advice of the Legislative Budget Board; provided, however, that salaries shall not exceed those for comparable positions in other State Departments.

#### Constitutionality

Sec. 20. If any Section, subdivision or clause of this Act shall be held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of the Act.

[Acts 1953, 53rd Leg., p. 983, ch. 411; Acts 1957, 55th Leg., p. 794, ch. 329 § 1; Acts 1959, 56th Leg., p. 476, ch. 204, § 1; Acts 1965, 59th Leg., p. 998, ch. 485, § 1; Acts 1967, 60th Leg., p. 2094, ch. 783, § 1, eff. Aug. 28, 1967.]

The petition may be filed by any adult person, or by the county attorney and shall be styled "THE STATE OF TEXAS, FOR THE BEST INTEREST AND PROTECTION OF \_\_\_\_\_, AS A PERSON ADDICTED TO NARCOTIC DRUGS." The petition shall contain the following statements upon information and belief:

(b) The petition shall be accompanied by the sworn statements of two physicians who have examined the proposed patient within the five days immediately preceding the filing of the petition, stating the opinion of the examining physician that the proposed patient is addicted to narcotic drugs. The sworn statements shall include the physician's medical opinion as to whether hospitalization of the proposed patient because of addiction or immediate restraint of the proposed patient to prevent injury to himself or others, or both, are necessary.

(c) When a petition and the required statement by a physician are filed, the county judge shall set a date for the hearing to be held within 14 days of the filing of the petition, and shall appoint an attorney ad litem to represent the proposed patient, unless the proposed patient retains an attorney of his own choosing.

#### Jury Trial; Waiver

Sec. 3. (a) The proposed patient shall not be denied the right to trial by jury. A jury shall determine the issues in the case if no waiver of jury trial is filed, or if jury trial is demanded by the proposed patient or his attorney at any time prior to the termination of the hearing, whether or not a waiver has been filed. Proof shall be required as in criminal cases. The jury shall be summoned and impan-

eled in the same manner as in similar cases in the county court.

(b) Waiver of trial by jury, if any, shall be in writing under oath and may be signed and filed at any time subsequent to service of the petition and notice of hearing upon the proposed patient. The waiver of trial by jury shall be signed and sworn to by the proposed patient and by the attorney ad litem appointed to represent the proposed patient or his next of kin, or by the attorney retained by the proposed patient.

#### Liberty or Custody Pending Hearing

Sec. 4. Pending the hearing on the petition the proposed patient may remain at liberty unless he is already a patient in a mental hospital or is placed under protective custody.

#### Sufficiency of Evidence

Sec. 5. No person shall be committed to a mental hospital under the provisions of this Act except upon the basis of competent medical or psychiatric testimony.

#### Findings

Sec. 6. (a) The court or the jury, as the case may be, shall determine whether the proposed patient is addicted to narcotics.

(b) The court or jury, as the case may be, shall include in its findings determinations as to whether the proposed patient requires hospitalization or restraint, or both.

(c) The court shall enter on its docket the findings of the court or jury on this issue.

#### Order for Discharge or Commitment

Sec. 7. (a) If the court or the jury, as the case may be, finds that the proposed patient is not addicted to narcotics, the court shall enter an order denying the petition and discharging the proposed patient.

(b) If the court or the jury, as the case may be, finds that the proposed patient is addicted to narcotics and should be hospitalized and restrained, the court shall order that the addicted person be committed as a patient to a mental hospital for an indefinite period or until he is discharged by the head of the mental hospital.

#### New Trial

Sec. 8. For good cause shown, the county judge, within two days after entering his order of commitment, may set aside his order and grant a new trial to the person ordered committed. A motion for new trial is not prerequisite to appeal from the order of the county court.

#### Appeal

Sec. 9. (a) The person ordered committed may appeal the order of commitment by filing written notice thereof with the county court within 30 days after the order of commitment is entered.

(b) When notice of appeal is filed, the clerk shall immediately send a certified transcript of

the proceedings to the district court of the county.

(c) For good cause shown, the county judge may stay the order of commitment pending the appeal upon posting of a bond.

(d) The appeal from the county court shall be by trial de novo in the district court in the same manner as cases appealed from the justice court to the county court. The substantial evidence rule shall not apply. Upon demand by the proposed patient, the trial shall be before a jury, otherwise the trial shall be before the court without a jury. Such cases shall be advanced on the docket and shall be given a preference setting over all other cases.

#### Authorized Places of Commitment

Sec. 10. In the order of commitment, the court shall commit the patient to a designated

(1) state mental hospital upon being advised by the head of the state mental hospital that space is available and that the patient will be admitted,

(3) agency of the United States operating a mental hospital.

#### Commitment to Private Hospital

Sec. 11. The court may order a patient committed to a private mental hospital at no expense to the state upon:

(2) a written statement by the head of the private mental hospital that the hospital is equipped to accept responsibility for the patient in accordance with the provisions of this Act.

#### Commitment to Federal Agency

Sec. 12. (a) Upon receiving written notice from an agency of the United States operating a mental hospital stating that facilities are available and that the patient is eligible for care or treatment therein, the court may order a patient committed to the agency and may place the patient in the custody of the agency for transportation to the mental hospital.

(b) Any patient admitted pursuant to order of a court to any hospital operated by an agency of the United States within or without the state shall be subject to the rules and regulations of the agency.

(c) The head of the hospital operated by such agency shall have the same authority and responsibility with respect to the patient as the head of a state mental hospital.

(d) The appropriate courts of this state retain jurisdiction at any time to inquire into the mental condition of the patient so committed and the necessity of his continued hospitalization.

Transportation of Patient

Sec. 13. If the head of the designated hospital advises the court that hospital personnel are available for the purpose, the court may authorize the head of the hospital to transport the patient to the designated mental hospital. Otherwise, the court shall authorize the sheriff to transport the patient to the designated mental hospital.

Duties of Clerk

Sec. 14. (a) The court shall direct the clerk of the court to issue a writ of commitment in duplicate directed to the person authorized to transport the patient, commanding him to take charge of the patient and to transport the patient to the designated mental hospital.

(b) The clerk of the county court shall prepare two certified transcripts of the proceedings in the commitment hearing, and shall send one to the Department of Mental Health and Mental Retardation and one to the head of the hospital to which the patient is committed. Protective Custody Pending Hearing

Sec. 17. (a) If in the county court in which a petition for commitment is pending, a certificate is filed showing that the proposed patient has been examined within five days of the filing of the certificate and stating the opinion of the examining physician that the proposed patient is addicted to narcotics and because of his addiction is likely to cause injury to himself or others if not immediately restrained, the judge may order any health or peace officer to take the proposed patient into protective custody and immediately transport him to a designated mental hospital or other suitable place and detain him pending order of the court. Provided, however, the court shall not order the proposed patient into protective custody and transported to a mental hospital until he is advised by the head of the mental hospital that space is available and that the patient will be admitted.

**Art. 5561f. Interstate Compact on Mental Health**

Sec. 1. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

"The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical

authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

#### ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

#### ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clin-

ical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

#### ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

#### ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

#### ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific

agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

#### ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

#### ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutional-

ized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

#### ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

#### ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

#### ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

#### ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the gover-

nors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

#### ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters."

Sec. 2. Pursuant to said compact, the governor is hereby authorized and empowered to designate an officer who shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions and facilitating the proper administration of the compact or of any supplementary agreement or agreements entered into by this state thereunder.

Sec. 3. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

Sec. 4. The compact administrator, subject to the approval of the Comptroller of Public Accounts, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the com-

compact or by any supplementary agreement entered into thereunder.

Sec. 5. The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to take no final action without approval of the district court of the district in which the proposed transferee resides.

Sec. 6. Duly authorized copies of this Act shall, upon its approval, be transmitted by the secretary of state to the governor of each state, the attorney general and the Administrator of General Services of the United States, and the Council of State Governments.

#### Art. 5561g. Building and Improvement Program

Sec. 1. Upon the effective date of this Act the Texas Department of Mental Health and Mental Retardation and the Texas Youth Council shall have the power, authority, and duty to design, construct, equip, furnish, and maintain buildings and improvements heretofore or hereafter authorized by law at facilities under their respective jurisdictions. These state agencies may employ architects or engineers, or both, to prepare plans and specifications and to supervise such construction and improvements and shall promulgate rules and regulations in conformity with this Act and applicable provisions of other law relating to the award of contracts for the construction of buildings and improvements. Such rules and regulations shall provide for the award of contracts for the construction of buildings and improvements to the qualified bidder making the lowest and best bid. No construction contract shall be awarded for a sum in excess of the amount of funds available for such project and the successful bidder shall be required to give bond payable to the State of Texas equal to the amount of his bid conditioned upon the faithful performance of the contract. The department and council shall have the right to reject any and all bids submitted.

Sec. 2. The state agencies to which this Act applies may waive, suspend, or modify any provision of this Act which might be in conflict with any federal statute or any rule, regulation, or administrative procedure of any federal agency where such waiver, suspension, or modification shall be essential to the receipt of federal funds for any project. In the case of any project wholly financed from federal funds, any standards required by the enabling federal statute or required by the rules and regulations of the administering federal agency shall be controlling.

Sec. 3. From the effective date of this Act until September 1, 1969, the State Building Commission shall provide, under interagency contracts with the department and the council, professional, technical and clerical employee services to the department and the council nec-

essary to enable the department and the council to carry out the functions required of each of them by this Act. Reimbursement to the State Building Commission for costs incurred in rendering these services may be paid by the department out of funds appropriated to it for construction purposes and by the council out of funds appropriated to it for construction purposes. On or before the first working day of the fiscal year beginning September 1, 1969, all files, records, documents, equipment, furnishings, and personal property which was transferred to the State Building Commission by the Texas Department of Mental Health and Mental Retardation pursuant to Subsection (G), Section 5, Chapter 455, Acts of the 59th Legislature, Regular Session, 1965 (Article 678f, Vernon's Texas Civil Statutes), shall be returned to the department. All files, records,

and documents dealing with facilities of the Texas Youth Council shall on or before that date be transferred to the Texas Youth Council. Effective September 1, 1969, the department and the council shall, subject to the provisions of the General Appropriations Act and such other general laws as may apply, employ professional, technical, and clerical personnel to carry out the design and construction functions required by this Act. In selecting such personnel the department and the council shall give first preference to persons employed at that time by the State Building Commission who are assigned and working on projects at facilities of the department and the council respectively.
