The laws in West's Texas Statutes and Codes are under the same classification as Vernon's Annotated Texas Statutes and Vernon's Texas Codes Annotated. Natural Resources Code, enacted by Acts 1977, 65th Leg., ch. 871;

Parks and Wildlife Code, enacted by Acts 1975, 64th Leg., ch. 545.

Disposition Tables, providing a means of tracing repealed subject matter into the new Codes, and detailed descriptive word Indexes, facilitating the search for specific provisions therein, are included following the text of each of the above new Codes.

In addition, included is the complete text of Title 1 of the Tax Code, enacted by Acts 1979, 66th Leg., ch. 841. Title 1, known as the Property Tax Code, was also adopted as part of the Legislative Council's statutory revision program.

PROPOSED AMENDMENTS

ARTICLE III

LEGISLATIVE DEPARTMENT

REQUIREMENTS AND LIMITATIONS

§ 47. Lotteries and Gift Enterprises

Sec. 47. (a) The Legislature shall pass laws prohibiting lotteries and gift enterprises in this State.

(b) The Legislature by law may authorize and regulate bingo games conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs. A law enacted under this subsection must permit the qualified voters of any county, justice precinct, or incorporated city or town to determine from time to time by a majority vote of the qualified voters voting on the question at an election whether bingo games may be held in the county, justice precinct, or city or town. The law must also require that:

(1) all proceeds from the games are spent in Texas for charitable purposes of the organizations;

(2) the games are limited to one location as defined by law on property owned or leased by the church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs; and

(3) the games are conducted, promoted, and administered by members of the church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs.

(c) The law enacted by the Legislature authorizing bingo games must include:

(1) a requirement that the entities conducting the games report quarterly to the Comptroller of Public Accounts about the amount of proceeds that the entities collect from the games and the purposes for which the proceeds are spent; and

(2) criminal or civil penalties to enforce the reporting requirement.

Proposed by Senate Joint Resolution No. 18, § 1, Acts 1979, 66th Leg., p. 3221. For submission to the people in November, 1980.

§ 52f. Private Roads; Construction and Maintenance by Counties of 5,000 or Less

Sec. 52f. A county with a population of 5,000 or less, according to the most recent federal census, may construct and maintain private roads if it imposes a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

Proposed by House Joint Resolution, No. 121, § 1, Acts 1979, 66th Leg., p. 3231. For submission to the people in November, 1980.

ARTICLE IV

EXECUTIVE DEPARTMENT

§ 14a. Fiscal Control Over Expenditure of Funds; Budget Execution Committee

Sec. 14a. The legislature by general law, or by rider in a general appropriations act not inconsistent with general law, may authorize or direct the governor, with the approval of the budget execution committee, to exercise fiscal control over the expenditure of appropriated funds, excluding funds constitutionally dedicated to specific purposes, in the manner, to the extent, and subject to the conditions and limitations provided by the law or rider. The law or rider is not subject to Article II of this constitution.

The budget execution committee shall be composed of the governor, as chairman, the lieutenant governor, as vice-chairman, the speaker of the house of representatives, the chairman and vice-chairman of the senate finance committee, and the chairman and vice-chairman of the committee on appropriations of the house of representatives.

Proposed by House Joint Resolution No. 86, § 1, Acts 1979, 66th Leg., p. 3228. For submission to the people in November, 1980.

ARTICLE V

JUDICIAL DEPARTMENT

§ 1. Judicial Power; Courts in Which Vested

Sec. 1. The judicial power of this State shall be vested in one Supreme Court, in one Court of Criminal Appeals, in Courts of Appeals, in District Courts, in County Courts, in Commissioners Courts, in Courts of Justices of the Peace, and in such other courts as may be provided by law.

The Legislature may establish such other courts as it may deem necessary and prescribe the jurisdiction and organization thereof, and may conform the jurisdiction of the district and other inferior courts thereto.

Proposed by Senate Joint Resolution No. 36, § 1, Acts 1979, 66th Leg., p. 3223. For submission to the people in November, 1980.

§ 2. Supreme Court; Justices; Sections; Eligibility; Election; Vacancies

Sec. 2. The Supreme Court shall consist of the Chief Justice and eight Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; provided, that when the business of the court may require, the court may sit in sections as designated by the court to hear argument of causes and to consider applications for writs of error or other preliminary matters. No person shall be eligible to serve in the office of Chief Justice or Justice of the Supreme Court unless the person is licensed to practice law in this state and is, at the time of election, a citizen of the United States and of this state, and has attained the age of thirty-five years, and has been a practicing lawyer, or a lawyer and judge of a court of record together at least ten years. Said Justices shall be elected (three of them each two years) by the qualified voters of the state at a general election; shall hold their offices six years, or until their successors are elected and qualified; and shall each receive such compensation as shall be provided by law. In case of a vacancy in the office of the Chief Justice or any Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for state officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the state. The Justices of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

Proposed by Senate Joint Resolution No. 36, § 2, Acts 1979, 66th Leg., p. 3223. For submission to the people in November, 1980.

§ 3. Jurisdiction of Supreme Court; Writs; Clerk

Sec. 3. The Supreme Court shall exercise the judicial power of the state except as otherwise provided in this Constitution. Its jurisdiction shall be co-extensive with the limits of the State and its determinations shall be final except in criminal law matters. Its appellate jurisdiction shall be final and shall extend to all cases except in criminal law matters and as otherwise provided in this Constitution or by law. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by law, and under such regulations as may be prescribed by law, the said courts and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.

The Supreme Court shall also have power, upon affidavit or otherwise as by the court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said court for good cause entered of record on the minutes of said court who shall receive such compensation as the Legislature may provide.

Proposed by Senate Joint Resolution No. 36, § 3, Acts 1979, 66th Leg., p. 3223. For submission to the people in November, 1980.

§ 5. Jurisdiction of Court of Criminal Appeals; Terms of Court; Clerk

Sec. 5. The Court of Criminal Appeals shall have final appellate jurisdiction coextensive with the limits of the state, and its determinations shall be final, in all criminal cases of whatever grade, with such exceptions and under such regulations as may be provided in this Constitution or as prescribed by law.

The appeal of all cases in which the death penalty has been assessed shall be to the Court of Criminal Appeals. The appeal of all other criminal cases shall be to the Courts of Appeal as prescribed by law. In addition, the Court of Criminal Appeals may, on its own motion, review a decision of a Court of Appeals in a criminal case as provided by law. Discretionary review by the Court of Criminal Appeals is not a matter of right, but of sound judicial discretion.

Subject to such regulations as may be prescribed by law, the Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus, and, in criminal law matters, the writs of mandamus, procedendo, prohibition, and certiorari. The Court and the Judges thereof shall have the power to issue such other writs as may be necessary to protect its jurisdiction or enforce its judgments. The court shall have the power upon affidavit or otherwise to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction.

The Court of Criminal Appeals may sit for the transaction of business at any time during the year and each term shall begin and end with each calendar year. The Court of Criminal Appeals shall appoint a clerk of the court who shall give bond in such

manner as is now or may hereafter be required by law, and who shall hold his office for a term of four years unless sooner removed by the court for good cause entered of record on the minutes of said court.

The Clerk of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall continue in office for the term of his appointment.

Proposed by Senate Joint Resolution No. 36, § 4, Acts 1979, 66th Leg., p. 3224. For submission to the people in November, 1980.

§ 6. Courts of Civil Appeals; Transfer of Causes; Terms of Judges

Sec. 6. The Legislature shall divide the State into such Supreme judicial districts as the population and business may require, and shall establish a Court of Appeals in each of said districts, which shall consist of a Chief Justice and at least two Associate Justices, who shall have the qualifications as herein prescribed for Justices of the Supreme Court. The Court of Appeals may sit in sections as authorized by law. The concurrence of a majority of the judges sitting in a section is necessary to decide a case. Said Court of Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all cases of which the District Courts or County Courts have original or appellate jurisdiction, under such restrictions and regulations as may be prescribed by law. Provided, that the decision of said courts shall be conclusive on all questions of fact brought before them on appeal or error. Said courts shall have such other jurisdiction, original and appellate, as may be prescribed by law.

Each of said Courts of Appeals shall hold its sessions at a place in its district to be designated by the Legislature, and at such time as may be prescribed by law. Said Justices shall be elected by the qualified voters of their respective districts at a general election, for a term of six years and shall receive for their services the sum provided by law. Each Court of Appeals shall appoint a clerk in the same manner as the clerk of the Supreme Court which clerk shall receive such compensation as may be fixed by law.

On the effective date of this amendment, the Justices of the present Courts of Civil Appeals become the Justices of the Courts of Appeals for the term of office to which elected or appointed as Justices of the Courts of Civil Appeals, and the Supreme Judicial Districts become the Supreme Judicial Districts for the Courts of Appeals. All constitutional and statutory references to the Courts of Civil Appeals shall be construed to mean the Courts of Appeals.

Proposed by Senate Joint Resolution No. 36, § 5, Acts 1979, 66th Leg., p. 3224. For submission to the people in November, 1980.

§ 16. County Courts; Jurisdiction; Appeals; Disqualification of Judge

Sec. 16. The County Court shall have original jurisdiction of all misdemeanors of which exclusive original jurisdiction is not given to the Justices Court as the same is now or may hereafter be prescribed by law, and when the fine to be imposed shall exceed $200, and they shall have concurrent jurisdiction with the Justice Court in all civil cases when the matter in controversy shall exceed in value $200, and not exceed $500, exclusive of interest, unless otherwise provided by law, and concurrent jurisdiction with the District Court when the matter in controversy shall exceed $500, and not exceed $1,000, exclusive of interest, but shall not have jurisdiction of suits for the recovery of land. They shall have appellate jurisdiction in cases civil and criminal of which Justices Courts have original jurisdiction, but of such civil cases only when the judgment of the court appealed from shall exceed $20, exclusive of cost, under such regulations as may be prescribed by law. In all appeals from Justices Courts there shall be a trial de novo in the County Court, and appeals may be prosecuted from the final judgment rendered in such cases by the County Court, as well as all cases civil and criminal of which the County Court has exclusive or concurrent or original jurisdiction as may be prescribed by law and this Constitution.

The County Court shall have the general jurisdiction of a Probate Court; they shall probate wills, appoint guardians of minors, idiots, lunatics, persons non compos mentis and common drunkards, grant letters testamentary and of administration, settle accounts of executors, transact all business appertaining to deceased persons, minors, idiots, lunatics, persons non compos mentis and common drunkards, including the settlement, partition and distribution of estates of deceased persons and to apprentice minors, as provided by law; and the County Court, or judge thereof, shall have power to issue writs of injunctions, mandamus and all writs necessary to the enforcement of the jurisdiction of said Court, and to issue writs of habeas corpus in cases where the offense charged is within the jurisdiction of the County Court, or any other Court or tribunal inferior to said Court. The County Court shall not have criminal jurisdiction in any county where there is a Criminal District Court, unless expressly conferred by law, and in such counties appeals from Justices Courts and other inferior courts and tribunals in criminal cases shall be to the Criminal District Court, under such regulations as may be prescribed by law; and in all such cases an appeal shall lie from such District Court as may be prescribed by law and this Constitution. When the judge of the County Court is disqualified in any case pending in the County Court the parties interested may, by consent, appoint a proper person to try said case, or upon their failing to do so a competent person may be appointed to try the same in the county where it is pending in such manner as may be prescribed by law.

Proposed by Senate Joint Resolution No. 36, § 6, Acts 1979, 66th Leg., p. 3225. For submission to the people in November, 1980.

§ 26. Criminal Cases; Appeals by State

Sec. 26. The State shall have no right of appeal in criminal cases, except as provided by this section. In addition to the rights of appeal provided to an accused by law and subject to the guarantees of the

Bill of Rights of this constitution, both the State and the accused shall have the right, in a criminal case, to an interlocutory appeal, as provided by law, from a ruling of the trial court at a pretrial hearing as to the constitutionality of a particular statute or from a pretrial ruling of the trial court on a motion to quash, dismiss, or set aside an indictment or a motion to suppress evidence.

Proposed by House Joint Resolution No. 97, § 1, Acts 1979, 66th Leg., p. 3228. For submission to the people in November, 1980.

(b) A single appraisal within each county of all property subject to ad valorem taxation by the county and all other taxing units located therein shall be provided by general law. The Legislature, by general law, may authorize appraisals outside a county when political subdivisions are situated in more than one county or when two or more counties elect to consolidate appraisal services.

(c) The Legislature, by general law, shall provide for a single board of equalization for each appraisal entity consisting of qualified persons residing within the territory appraised by that entity. Proposed by Senate Joint Resolution No. 8, § 1, Acts 1979, 66th Leg., p. 3219. For submission to the people in November, 1980.

ARTICLE XVI

GENERAL PROVISIONS

§ 15. Separate and Community Property of Husband and Wife

Sec. 15. All property, both real and personal, of a spouse owned or claimed before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of that spouse; and laws shall be passed more clearly defining the rights of the spouses, in relation to separate and community property; provided that persons about to marry and spouses, without the intention to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property, then existing or to be acquired, or exchange between themselves the community interest of one spouse or future spouse in any property for the community interest of the other spouse or future spouse in other community property then existing or to be acquired, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property and estate of such spouse or future spouse; and the spouses may from time to time, by written instrument, agree between themselves that the income or property from all or part of the separate property then owned by one of them, or which thereafter might be acquired, shall be the separate property of that spouse; and if one spouse makes a gift of property to the other that gift is presumed to include all the income or property which might arise from that gift of property.

Proposed by House Joint Resolution No. 54, § 1, Acts 1979, 66th Leg., p. 3227. For submission to the people in November, 1980.

§ 16. Corporations with Banking and Discounting Privileges

Sec. 16. (a) The Legislature shall by general laws, authorize the incorporation of corporate bodies with banking and discounting privileges, and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

No such corporate body shall be chartered until all of the authorized capital stock has been subscribed and paid in full in cash. Except as may be permitted by the Legislature pursuant to Subsection (b) of this Section 16, such body corporate shall not be authorized to engage in business at more than one place which shall be designated in its charter.

No foreign corporation, other than the national banks of the United States domiciled in this State, shall be permitted to exercise banking or discounting privileges in this State.

(b) If it finds that the convenience of the public will be served thereby, the Legislature may authorize State and national banks to establish and operate unmanned teller machines within the county or city of their domicile. Such machines may perform all banking functions. Banks which are domiciled within a city lying in two or more counties may be

permitted to establish and operate unmanned teller machines within both the city and the county of their domicile. The Legislature shall provide that a bank shall have the right to share in the use of these teller machines, not situated at a banking house, which are located within the county or the city of the bank's domicile, on a reasonable, nondiscriminatory basis, consistent with anti-trust laws. Banks may share the use of such machines within the county or city of their domicile with savings and loan associations and credit unions which are domiciled in the same county or city.

Proposed by Senate Joint Resolution No. 35, § 1, Acts 1979, 66th Leg., p. 3222. For submission to the people in November, 1980.

REQUIREMENTS AND LIMITATIONS

§§ 48–a, 48–b. Repealed. April 22, 1975

See, now, art. 16, § 67.

§ 49–b. Veterans' Land Program

Sec. 49–b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member

had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

The Veterans' Land Board may provide for, issue and sell not to exceed Seven Hundred Million Dollars ($700,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Five Hundred Million Dollars ($500,000,000) of which have heretofore been authorized. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed the rate specified in Section 65 of this Article. All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the

Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application, and provided that in the event of the death of an eligible Texas Veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction. The unmarried surviving spouses of veterans who died in the line of duty may also apply to purchase a tract through the Board provided the deceased veterans meet the requirements set out in this Article with the exception that the deceased veterans need not have served ninety (90) continuous days and provided further that the deceased veterans were bona fide residents of the State of Texas at the time of enlistment, induction, commissioning, or drafting. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

This Amendment shall become effective upon its adoption.

[Amended Nov. 8, 1977.]

Each person holding office as a member of the Commission on the effective date of this amendment continues to hold the office for the term for which he was appointed.

[See Compact Edition, Volume 1 for text of (3) and (4)]

It shall annually select one of its members as Chairman. A quorum shall consist of six (6) members. (6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, and any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature. Any person holding an office named in this subsection may be suspended from office with or without pay by the Commission immediately on being indicted by a State or Federal grand jury for a felony offense; or, on the filing of a sworn complaint charging a person holding such office with willful and persistent conduct which is clearly inconsistent with the proper performance of his duties or which casts public discredit on the judiciary or on the administration of justice, the Commission, after giving the person notice and an opportunity to appear before the Commission, may recommend to the Supreme Court the suspension of such person from office. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

[See Compact Edition, Volume 1, for text of (11)]

(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, censure, retirement or removal. A recommendation of the Commission for the suspension, censure, retirement, or removal of a Justice of the Supreme Court shall be determined by a tribunal of seven (7) Court of Civil Appeals Justices selected by lot to serve in place of the Supreme Court.

TAXATION AND REVENUE

Section
1-d-1. Open-Space Land.
1-f. Ad Valorem Tax Relief.
21. Increase in Total Property Taxes; Notice and Hearing; Calculation.
22. Appropriations from State Tax Revenues; Rate of Growth.
23. Statewide Appraisal of Real Property; Enforcement of Uniform Standards and Procedures for Appraisal.

§ 1. Equality and Uniformity; Tax in Proportion to Value; Occupational Taxes; Income Tax; Exemption of Household Goods and Personal Property Homestead

Sec. 1. Taxation shall be equal and uniform. All real property and tangible personal property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may provide for the taxation of intangible property and may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing any business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax. The Legislature by general law shall exempt household goods not held or used for the production of income and personal effects not held or used for the production of income, and the Legislature by general law may exempt all or part of the personal property homestead of a family or single adult, "personal property homestead" meaning that personal property exempt by law from forced sale for debt, from ad valorem taxation. The occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one half of the tax levied by the State for the same period on such profession or business.

[Amended Nov. 7, 1978, eff. Jan. 1, 1979.]

§ 1-b. Residence Homestead Exemption

Sec. 1-b.

[See Compact Edition, Volume 1 for text of (a)]

(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars ($3,000) of the market value of residence homesteads of persons, married or unmarried, including those living alone, who are under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance or its successor or of married or unmarried persons sixty-five (65) years of age or older, including those living alone, from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall

call an election to determine by majority vote whether an amount not less than Three Thousand Dollars ($3,000) as provided in the petition, of the market value of residence homesteads of disabled persons or of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from the same political subdivision in the same year but may choose either if the subdivision has adopted both. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created. An exemption adopted under this subsection based on assessed value is increased, effective January 1, 1979, to an amount that, when converted to market value, provides the same reduction in taxes, except that the market value exemption shall be rounded to the nearest $100.

(c) Five Thousand Dollars ($5,000) of the market value of the residence homestead of a married or unmarried adult, including one living alone, is exempt from ad valorem taxation for general elementary and secondary public school purposes. In addition to this exemption, the legislature by general law may exempt an amount not to exceed Ten Thousand Dollars ($10,000) of the market value of the residence homestead of a person who is disabled as defined in Subsection (b) of this section and of a person sixty-five (65) years of age or older from ad valorem taxation for general elementary and secondary public school purposes. The legislature by general law may base the amount of and condition eligibility for the additional exemption authorized by this subsection for disabled persons and for persons sixty-five (65) years of age or older on economic need. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from a school district but may choose either. An eligible person is entitled to receive both the exemption required by this subsection for all residence homesteads and any exemption adopted pursuant to Subsection (b) of this section, but the legislature shall provide by general law whether an eligible disabled or elderly person may receive both the additional exemption for the elderly and disabled authorized by this subsection and any exemption for the elderly or disabled adopted pursuant to Subsection (b) of this section. Where ad valorem tax has previously been pledged for the payment of debt, the taxing officers of a school district may continue to levy and collect the tax against the value of homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature shall provide for formulas to protect school districts against all or part of the revenue loss incurred by the implementation of Article VIII, Sections 1-b(c), 1-b(d), and 1-d-1, of this constitution. The legislature by general law may define residence homestead for purposes of this section.

(d) Except as otherwise provided by this subsection, if a person receives the residence homestead exemption prescribed by Subsection (c) of this section for homesteads of persons sixty-five (65) years of age or older, the total amount of ad valorem taxes imposed on that homestead for general elementary and secondary public school purposes may not be increased while it remains the residence homestead of that person or that person's spouse who receives the exemption. However, those taxes may be increased to the extent the value of the homestead is increased by improvements other than repairs or improvements made to comply with governmental requirements.

[Amended Nov. 7, 1978, eff. Jan. 1, 1979.]

§ 1-d-1. Open-Space Land

Sec. 1-d-1. (a) To promote the preservation of open-space land, the legislature shall provide by general law for taxation of open-space land devoted to farm or ranch purposes on the basis of its productive capacity and may provide by general law for taxation of open-space land devoted to timber production on the basis of its productive capacity. The legislature by general law may provide eligibility limitations under this section and may impose sanctions in furtherance of the taxation policy of this section.

(b) If a property owner qualifies his land for designation for agricultural use under Section 1-d of this article, the land is subject to the provisions of Section 1-d for the year in which the designation is effective and is not subject to a law enacted under this Section 1-d-1 in that year.

[Adopted Nov. 7, 1978, eff. Jan. 1, 1979.]

§ 1-f. Ad Valorem Tax Relief

Sec. 1-f. The legislature by law may provide for the preservation of cultural, historical, or natural history resources by:

(1) granting exemptions or other relief from state ad valorem taxes on appropriate property so designated in the manner prescribed by law; and

(2) authorizing political subdivisions to grant exemptions or other relief from ad valorem taxes on appropriate property so designated by the political subdivision in the manner prescribed by general law.

[Adopted Nov. 8, 1977.]

§ 2. Occupation Taxes; Equality and Uniformity; Exemptions from Taxation

Sec. 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of

such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; solar or wind-powered energy devices; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void.

[See Compact Edition, Volume 1 for text of (b)]

[Amended Nov. 7, 1978.]

§ 21. Increase in Total Property Taxes; Notice and Hearing; Calculation

Sec. 21. (a) Subject to any exceptions prescribed by general law, the total amount of property taxes imposed by a political subdivision in any year may not exceed the total amount of property taxes imposed by that subdivision in the preceding year unless the governing body of the subdivision gives notice of its intent to consider an increase in taxes and holds a public hearing on the proposed increase before it increases those total taxes. The legislature shall prescribe by law the form, content, timing, and methods of giving the notice and the rules for the conduct of the hearing.

(b) In calculating the total amount of taxes imposed in the current year for the purposes of Subsection (a) of this section, the taxes on property in territory added to the political subdivision since the preceding year and on new improvements that were not taxable in the preceding year are excluded. In calculating the total amount of taxes imposed in the preceding year for the purposes of Subsection (a) of this section, the taxes imposed on real property that is not taxable by the subdivision in the current year are excluded.

(c) The legislature by general law shall require that, subject to reasonable exceptions, a property owner be given notice of a revaluation and of the amount of taxes that will result from the reappraised value if neither the tax rate nor the ratio of assessment in effect in the preceding year is reduced. The notice must be given before the procedures required in Subsection (a) are instituted.

[Adopted Nov. 7, 1978, eff. Jan. 1, 1979.]

§ 22. Appropriations from State Tax Revenues; Rate of Growth

Sec. 22. (a) In no biennium shall the rate of growth of appropriations from state tax revenues not dedicated by this constitution exceed the estimated rate of growth of the state's economy. The legislature shall provide by general law procedures to implement this subsection.

(b) If the legislature by adoption of a resolution approved by a record vote of a majority of the members of each house finds that an emergency exists and identifies the nature of the emergency, the legislature may provide for appropriations in excess of the amount authorized by Subsection (a) of this section. The excess authorized under this subsection may not exceed the amount specified in the resolution.

(c) In no case shall appropriations exceed revenues as provided in Article III, Section 49a, of this constitution. Nothing in this section shall be construed to alter, amend, or repeal Article III, Section 49a, of this constitution.

[Adopted Nov. 7, 1978, eff. Jan. 1, 1979.]

§ 23. Statewide Appraisal of Real Property; Enforcement of Uniform Standards and Procedures for Appraisal

Sec. 23. (a) There shall be no statewide appraisal of real property for ad valorem tax purposes; however, this shall not preclude formula distribution of tax revenues to political subdivisions of the state.

(b) Administrative and judicial enforcement of uniform standards and procedures for appraisal of property for ad valorem tax purposes, as prescribed by general law, shall originate in the county where the tax is imposed, except that the legislature may provide by general law for political subdivisions with boundaries extending outside the county.

[Adopted Nov. 7, 1978, eff. Jan. 1, 1979.]

§ 67. State and Local Retirement Systems

Sec. 67. (a) General Provisions. (1) The legislature may enact general laws establishing systems and programs of retirement and related disability and death benefits for public employees and officers. Financing of benefits must be based on sound actuarial principles. The assets of a system are held in trust for the benefit of members and may not be diverted.

(2) A person may not receive benefits from more than one system for the same service, but the legislature may provide by law that a person with service covered by more than one system or program is entitled to a fractional benefit from each system or program based on service rendered under each system or program calculated as to amount upon the benefit formula used in that system or program. Transfer of service credit between the Employees Retirement System of Texas and the Teacher Retirement System of Texas also may be authorized by law.

(3) Each statewide benefit system must have a board of trustees to administer the system and to invest the funds of the system in such securities as the board may consider prudent investments. In making investments, a board shall exercise the judgment and care under the circumstances then prevailing that persons of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital. The legislature by law may further restrict the investment discretion of a board.

(4) General laws establishing retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this section remain in effect, subject to the general powers of the legislature established in this subsection.

(b) State Retirement Systems. (1) The legislature shall establish by law a Teacher Retirement System of Texas to provide benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state. Other employees may be included under the system by law.

(2) The legislature shall establish by law an Employees Retirement System of Texas to provide benefits for officers and employees of the state and such state-compensated officers and employees of appellate courts and judicial districts as may be included under the system by law.

(3) The amount contributed by a person participating in the Employees Retirement System of Texas or the Teacher Retirement System of Texas shall be established by the legislature but may not be less than six percent of current compensation. The amount contributed by the state may not be less than six percent nor more than 10 percent of the aggregate compensation paid to individuals participating in the system. In an emergency, as determined by the governor, the legislature may appropriate such additional sums as are actuarially determined to be required to fund benefits authorized by law.

(c) Local Retirement Systems. (1) The legislature shall provide by law for:

(A) the creation by any city or county of a system of benefits for its officers and employees;

(B) a statewide system of benefits for the officers and employees of counties or other political subdivisions of the state in which counties or other political subdivisions may voluntarily participate; and

(C) a statewide system of benefits for officers and employees of cities in which cities may voluntarily participate.

(2) Benefits under these systems must be reasonably related to participant tenure and contributions.

(d) Judicial Retirement System. (1) Notwithstanding any other provision of this section, the system of retirement, disability, and survivors' benefits heretofore established in the constitution or by law for justices, judges, and commissioners of the appellate courts and judges of the district and criminal district courts is continued in effect. Contributions required and benefits payable are to be as provided by law.

(2) General administration of the Judicial Retirement System of Texas is by the Board of Trustees of the Employees Retirement System of Texas under such regulations as may be provided by law.

(e) Anticipatory Legislation. Legislation enacted in anticipation of this amendment is not void because it is anticipatory.

§ 1.01. Purpose of Code

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, 1963 (Article 5429b–1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the general and permanent alcoholic beverage law more accessible and understandable, by:

(1) rearranging the statutes into a more logical order;

(2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;

(3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and

(4) restating the law in modern American English to the greatest extent possible.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 1.02. Construction of Code

The Code Construction Act (Article 5429b–2, Vernon's Texas Civil Statutes) applies to the construction of each provision in this code, except as otherwise expressly provided by this code.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 1.03. Public Policy

This code is an exercise of the police power of the state for the protection of the welfare, health, peace, temperance, and safety of the people of the state. It shall be liberally construed to accomplish this purpose.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

This subsection shall not apply to original or renewal package store permits, wine only package store permits, local distributor's permits, or any type of wholesaler's permits.

(c) An applicant for an original or renewal package store permit, wine only package store permit, local distributor's permit, or any type of wholesaler's permit may not take advantage of the right conferred by Subsection (b) of this section except as permitted in Section 11.50 or 109.53 of this code.

(d) Any package store, wine only package store, wholesaler's, or local distributor's permittee who is injured in his business or property by another person (other than a person in his capacity as the holder of a wine and beer retailer's permit, wine and beer retailer's off-premise permit, private club registration permit, or mixed beverage permit or any person in the capacity of lessor of the holder of such a permit) by reason of anything prohibited in this section or Section 109.53 of this code is entitled to the same remedies available to a package store permittee under Section 109.53 of this code. Except for actions brought against a person in his capacity as the holder of or as the lessor of the holder of a wine and beer retailer's permit, wine and beer retailer's off-premise permit, mixed beverage permit, or pri-

vate club registration permit, the statute of limitations for any action brought under this section or Section 109.53 of this code for any cause of action arising after the effective date of this Act is four years unless a false affidavit has been filed with the commission in which event the statute of limitations is 10 years for all purposes.

(e) When a designation under Subsection (b) of this section is made by a wine and beer retailer or a beer retailer, selling primarily for off-premise consumption, or by a wine and beer retailer's off-premise permittee, no more than 20 percent of the retail floor and display space of the entire premises may be included in the licensed premises, and all the retail floor and display space in the licensed premises must be compact and contiguous and may not be gerrymandered. However, the retail floor and display space included in the licensed premises may be in two separate locations within the retail premises if the total retail floor and display space included in the licensed premises does not exceed 20 percent of the floor and display space of the entire premises and each of the two portions of floor and display space included in the licensed premises is itself compact and contiguous and not gerrymandered. In addition to the one or two separate locations of retail floor and display space on the premises, the licensed premises may include the cash register and check-out portions of the premises provided that (1) no alcoholic beverages are displayed in the check-out or cash register portion of the premises, and (2) the area of the check-out and cash register portions of the premises are counted towards the total of 20 percent of the retail floor and display space that may be dedicated to the sale and display of wine and beer. A storage area that is not accessible or visible to the public may be included in the licensed premises but shall not be considered retail floor and display space for purposes of this section. The commission or administrator shall adopt rules to implement this subsection and to prevent gerrymandering.

Section 5 of the 1979 amendatory act provided:

"This Act takes effect immediately, except that Section 11.49(d), Alcoholic Beverage Code, as it applies to injury caused by a wine only package store permittee takes effect September 1, 1980."

§ 11.491. Change of License or Permit

Text of section added effective until September 1, 1980

(a) Any licensee or permittee who wishes to obtain a different license or permit to replace a current one for the same location and who is qualified to hold the license or permit desired may obtain the different license or permit as provided by this section without having to file an original application as otherwise provided by this code.

(b) The licensee or permittee shall file with the commission an application for a change of license or permit. The application may be filed in lieu of a renewal application for the current license or permit or it may be filed before a renewal application is due.

(c) The application must be made on a form prescribed by the commission. It must show that the applicant is eligible to hold the license or permit sought. The commission shall consider and pass on the application in the same manner as it would consider and pass on a renewal application for the current license or permit of the applicant. Procedures applicable to the application for an original license or permit but not ordinarily applicable to a renewal application do not apply.

(d) The applicant shall submit with the application the fee required for the license or permit sought.

(e) If the commission or administrator finds that the applicant is eligible to hold the license or permit sought, the commission or administrator shall issue the license or permit to take effect on the expiration of the license or permit it is to replace unless the applicant has requested in the application that it take effect immediately on approval, in which case the issuance of the new license or permit cancels the existing one. The licensee or permittee is not entitled to a refund for the unexpired portion of the cancelled license or permit.

(f) An application under this section may not be filed after August 31, 1980. This section expires September 1, 1980, except that it continues in effect for the consideration and disposition of applications filed before September 1, 1980.

[Added by Acts 1979, 66th Leg., p. 1444, ch. 634, § 2, eff. Aug. 27, 1979.]

§ 11.50. Licensing a Portion of a Building as Premises

(a) This section applies to a package store permit which was issued on or before April 1, 1971, and which was in good standing, not under suspension, and in actual operation and doing business on that date, unless temporarily prevented from operation by a natural disaster. This section does not apply to a permit if a change in the size or location of the licensed premises has occurred subsequent to April 1, 1971, or if after that date a change in ownership has occurred, by majority stock transfer or otherwise, except by devise or descent where the holder of the permit died on or after April 1, 1971.

(b) Notwithstanding any other provision of this code, the holder of a package store permit to which this section applies may continue to operate a package store on premises comprising a portion of a building if not later than November 28, 1971, he clearly defined the licensed premises by isolating it from the remainder of the building by the erection

of a wall or screen so that the licensed premise is accessible from the remainder of the building only through a door or archway, eight feet or less in width, in the wall or screen. The door or archway must be kept closed during the hours in which it is not legal to sell liquor.

(c) If the right to continue operation under this exception terminates for any reason, the right shall not revive.

(6) the permittee is not of good moral character or his reputation for being a peaceable and law-abiding citizen in the community where he resides is bad;

(9) the permittee maintains a noisy, lewd, disorderly, or unsanitary establishment or has supplied impure or otherwise deleterious beverages;

(18) the permittee is residentially domiciled with a person whose permit or license was cancelled for cause within the 12-month period preceding his own application;

(19) the permittee is not a citizen of the United States or has not been a citizen of Texas for a period of three years immediately preceding the filing of his application, unless he was issued an original or renewal permit on or before September 1, 1948, and has been a United States citizen at some time; or

(20) the permittee permitted a person to open a container of alcoholic beverage or possess an open container of alcoholic beverage on the licensed premises unless a mixed beverage permit has been issued for the premises.

(c) The commission or administrator may refuse to renew or, after notice and hearing, suspend for not more than 60 days or cancel a permit if the commission or administrator finds that the permittee:

(1) no longer holds a sales tax permit, if required, for the place of business covered by the alcoholic beverage permit; or

(2) is shown on the records of the comptroller of public accounts as being subject to a final

(2) the offense was committed on the licensed premises or in connection with the operation of the permittee's business.

[Added by Acts 1979, 66th Leg., p. 1440, ch. 632, § 1, eff. Aug. 27, 1979.]

§ 11.62. Hearing for Cancellation or Suspension of Permit

The commission or administrator may, on the motion of either, set a date for a hearing to determine if a permit should be cancelled or suspended. The commission or administrator shall set a hearing on the petition of the mayor, chief of police, city marshal, or city attorney of the city or town in which the licensed premises are located or of the county judge, sheriff, or county or district attorney of the county in which the licensed premises are located. The petition must be supported by the sworn statement of at least one credible person. The commission or administrator shall give the permittee notice of the hearing and of his right to appear and show cause why the permit should not be cancelled.

[Acts 1977, 65th Leg., p. 412, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.64. Alternatives to Suspension, Cancellation

(a) When the commission or administrator is authorized to suspend a permit or license under this code, the commission or administrator shall give the permittee or licensee the opportunity to pay a civil penalty rather than have the permit or license suspended. The commission or administrator shall determine the amount of the penalty and in doing so shall consider the economic impact a suspension would have on the permittee or licensee. The amount of the civil penalty may not be less than $150 for each day the permit or license was to have been suspended. If the licensee or permittee does not pay the penalty before the sixth day after the commission or administrator notifies him of the amount, he loses the opportunity to pay it and the commission or administrator shall impose the suspension.

(b) In the case of a violation of this code by a permittee or a retail dealer's off-premise licensee, the commission or administrator may relax any provision of the code relating to the suspension or cancellation of the permit or license and assess a sanction the commission or administrator finds just under the circumstances, and the commission or administrator may reinstate the license or permit at any time during the period of suspension on payment by the permittee or licensee of a fee of not less than $75 nor more than $500, if the commission or administrator finds that any of the circumstances described in Subsection (c) of this section exists.

(c) The following circumstances justify the application of Subsection (b) of this section:

(1) that the violation could not reasonably have been prevented by the permittee or licensee by the exercise of due diligence;

(2) that the permittee or licensee was entrapped;

(3) that an agent, servant, or employee of the permittee or licensee violated this code without the knowledge of the permittee or licensee;

(4) that the permittee or licensee did not knowingly violate this code; or

(5) that the violation was a technical one.

(d) Fees and civil penalties received by the commission under this section shall be deposited in the confiscated liquor fund.

§ 11.65. Notice of Cancellation or Suspension

A notice of cancellation or suspension of a license or permit shall be given to the licensee or permittee personally or by registered or certified mail. Cancellation or suspension takes effect when the notice is given or delivered.

[Acts 1977, 65th Leg., p. 412, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.66. Suspension or Cancellation Against Retailer

Except for a violation of the credit or cash law, a penalty of suspension or cancellation of the license or permit of a retailer shall be assessed against the permit or license for the premises where the offense was committed.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.67. Appeal From Cancellation, Suspension, or Refusal of License or Permit

(a) An appeal from an order of the commission or administrator refusing, cancelling, or suspending a permit or license may be taken to the district court of the county in which the applicant, licensee, or permittee resides or in which the owner of involved real or personal property resides.

(b) The appeal shall be under the substantial evidence rule and against the commission alone as defendant. The rules applicable to ordinary civil suits apply, with the following exceptions, which shall be construed literally:

(1) the appeal shall be perfected and filed within 30 days after the date the order, decision, or ruling of the commission or administrator becomes final and appealable;

(2) the case shall have precedence over all other causes of a different nature;

(3) the case shall be tried before a judge within 10 days from the date it is filed;

(4) neither party is entitled to a jury; and

(5) the order, decision, or ruling of the commission or administrator may be suspended or modified by the court pending a trial on the merits, but the final judgment of the district court may not be modified or suspended pending appeal.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.68. Activities Prohibited During Suspension

No permittee may sell, offer for sale, distribute, or deliver any alcoholic beverage while his permit is suspended.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.69. Disposal of Beverages in Bulk

The commission may provide by rule the manner and time in which a person whose license or permit is suspended or cancelled or a receiver or successor in interest of a deceased, insolvent, or bankrupt permittee or licensee may dispose of in bulk the alcoholic beverages on hand at the termination of the use of the permit or license.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.70. Liability of Surety

(a) If a permittee or a person having an interest in a permit is finally convicted of the violation of a provision of this code or of a rule or regulation of the commission, or if a permit is cancelled by the commission and no appeal is pending, the commission may institute action in its own name, for the benefit of the state, on the bond supporting the permit. If the cancellation or conviction is proved, the court shall render judgment in favor of the commission for all fines, costs, and 15 percent of the face value of the bond.

(b) If a permittee fails to seasonably remit any money due the state, the surety on his bond is liable for the amount of money due the state plus a penalty of 15 percent of the face value of the bond.

(c) A suit for the collection of any of the amounts specified in this section shall be brought in a court of competent jurisdiction in Travis County.

(d) Nothing in this code shall be construed as imposing on a surety a greater liability than the total amount of the bond less any portion of the bond which has been extinguished by a prior recovery.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.71. Surety May Terminate Liability

A surety under the bond of a permittee may terminate its liability by giving 30 days' written notice of termination, served personally or by registered mail on the principal and the commission. The surety is discharged from all liability under the bond for any act or omission of the principal occurring after the expiration of 30 days from the date the notice is served. If the principal fails to duly file a new bond in the same amount and with the same conditions as the original bond before the expiration of the 30-day period, his permit shall terminate when the 30-day period expires.

Acts 1977, 65th Leg., p. 1713, ch. 681, § 1, purports to add art. 666–11b to Penal Code (1925), without reference to repeal of the Liquor Control Act by Acts 1977, 65th Leg., p. 557, ch. 194, § 2. As so added, art. 666–11b reads:

"(a) The Commission or Administrator shall refuse to issue an original or renewal permit authorizing the retail sale of alcoholic beverages unless the applicant for the permit files with his application a certificate issued by the Comptroller of Public Accounts stating that the applicant holds, or has applied for and satisfies all legal requirements for the issuance of, a sales tax permit, if required, for the place of business for which the alcoholic beverage permit is sought.

"(b) The Commission or Administrator may suspend for not more than sixty (60) days or cancel a permit under this Act if the Commission or Administrator finds, after notice and hearing, that the permittee:

"(1) no longer holds a sales tax permit, if required, for the place of business covered by the alcoholic beverage permit; or

Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b–2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.

§ 28.04. Change in Corporate Control

The transporter may acquire the alcoholic beverages only on the written order of the holder of the mixed beverage permit. The alcoholic beverages must be accompanied by a written statement furnished and signed by the local distributor showing the name and address of the consignee and consignor, the origin and destination of the shipment, and any other information required by the commission or administrator. The person in charge of the alcoholic beverages while they are being transported shall exhibit the written statement to any representative of the commission or any peace officer on demand, and the statement shall be accepted by the representative or officer as prima facie evidence of the lawful right to transport the alcoholic beverages.

(c) If a mixed beverage permittee holds a beverage cartage permit and his premises are located in a regional airport governed by a board, commission, or authority composed of members from two or more counties, and there is no local distributor at the airport, the mixed beverage permittee may purchase alcoholic beverages from any local distributor in a trade area served by the airport and transport them to his licensed premises. (b) Each holder of a mixed beverage permit shall provide at all service counters where distilled spirits are poured from bottles the necessary facilities for the invalidation of identification stamps on bottles so that persons emptying distilled spirits bottles may immediately invalidate the identification stamps on them.

(c) As to distilled spirits imported directly from the distiller, bottler, or the exclusive agent of either, or distilled spirits distilled or bottled by the nonresident seller or by a distiller or bottler for whom the nonresident seller is the exclusive agent, if the samples are approved under Subsection (b) of this section, the permittee is not required to submit additional samples unless there is a change in the label, contents, or style or size of the container, or unless he is directed to do so by the commission.

(d) As to all other distilled spirits, samples must be furnished to the commission for each brand and size in each proposed shipment into the state, together with a sworn statement of the quantity and sizes to be shipped, the permittee to whom the spirits are to be shipped, and the person or firm from whom they are to be shipped. The permittee may not ship the distilled spirits until he has in his possession a certificate of approval from the commission.

(e) Until January 1, 1980, the submission of samples and applications for label and container approval shall not be required for any distilled spirit imported direct from the distiller, bottler, or the exclusive agent of the distiller or bottler, or for any distilled spirit distilled or bottled by the holder of a

nonresident seller's permit or by a distiller or bottler for whom he is the exclusive agent if a certificate of approval has previously been granted and the only change in container size is to the metric system container most nearly equivalent to a previously approved United States standard gallon system container, and the only change in label is the substitution of the metric measure for the formerly used statement of quantity content. An officer may examine the records as often as he considers necessary.

(c) When a request for an examination is made, the person to whom it is directed shall immediately allow the officer to conduct the examination, and the person shall answer under oath any question asked by the officer relating to the records.

(d) The officer may investigate the organization, conduct, and management of any nonresident seller's permittee and may make copies of any records which in the officer's judgment may show or tend to show that the permittee has violated state law or the terms of his permit.

(e) An officer may not make public any information obtained under this section except to a law enforcement officer of this state or in connection with an administrative or judicial proceeding in which the state or commission is a party concerning the cancellation or suspension of a nonresident seller's permit, the collection of taxes due under state law, or the violation of state law.

SUBCHAPTER B. APPLICATION AND ISSUANCE OF LICENSES

§ 61.31. Application for License

(a) A person may file an application for a license to manufacture, distribute, or sell beer in termtime or vacation with the county judge of the county in which he desires to conduct business. He shall file the application in duplicate.

(b) The county judge shall set the application for a hearing to be held not less than 5 nor more than 10 days after the application is filed.

(c) Each applicant for an original license, other than a branch or temporary license, shall pay a hearing fee of $5 to the county clerk at the time of the hearing. The county clerk shall deposit the fee in the county treasury. The applicant is liable for no other fee except the annual license fee prescribed by this code.

(d) No person may sell beer during the pendency of his original license application. No official may advise a person to the contrary.

[Acts 1977, 65th Leg., p. 462, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.32. Hearing by County Judge

(a) On hearing an application, if the county judge finds that all facts stated in the application are true and no legal ground to refuse a license exists, he shall enter an order certifying those findings and give the applicant a copy of the order. If the county judge finds otherwise, he shall enter an order accordingly.

(b) If the county judge enters an order favorable to the applicant, the applicant shall present a copy of the order to the assessor and collector of taxes of the county and pay that officer the appropriate license fee. The assessor and collector of taxes then shall report to the commission on a form prescribed by the commission, certifying that the application was approved and that all required fees have been paid and furnishing any other information the commission requires. The assessor and collector of taxes shall attach a copy of the original application to the report.

(c) In the case of an application to sell beer at retail, the county judge shall give due consideration to any recommendations made by representatives of the commission, the sheriff or county or district attorney of the county where the license is sought, or the mayor or chief of police of the incorporated city where the applicant seeks to conduct business.

[Acts 1977, 65th Leg., p. 462, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.33. Action by Commission or Administrator

(a) On receiving a report from the assessor and collector of taxes under Section 61.32(b) of this code, the commission or administrator shall issue the appropriate license if the commission or administrator finds that the applicant is entitled to a license. The license shall show the class of business the applicant is authorized to conduct, the amount of fees paid, the address of the place of business, the date the license is issued and the date it expires, and any other information the commission considers proper.

(b) The commission or administrator may refuse to issue a license after receiving the report of the assessor and collector of taxes if the commission or administrator possesses information from which it is determined that any statement in the license application is false or misleading or that there is other legal reason why a license should not be issued. If the commission or administrator refuses to issue a license, it or he shall enter an order accordingly and the applicant is entitled to a refund of any license fee he paid the assessor and collector of taxes in connection with the application.

[Acts 1977, 65th Leg., p. 463, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.34. Appeal From Denial

(a) If the county judge, commission, or administrator denies an application, the applicant may appeal within 30 days from the date the order becomes final and appealable to the district court of the county where the application was made. The appeal is governed by Section 11.67 of this code, and the court may hear the appeal in termtime or vacation.

(b) If the judgment of the district court is in favor of the applicant, regardless of whether an appeal is taken, a copy of the judgment shall be presented to the assessor and collector of taxes of the county where the application was made. The assessor and collector of taxes shall accept the fees required by this code and proceed as provided under Section 61.32 of this code as if the county judge had approved the application.

(c) If a license is issued on the basis of a district court judgment and that judgment is reversed on appeal, the mandate of the appellate court automatically invalidates the license and the applicant is entitled to a proportionate refund of fees for the unexpired portion of the license. As much of the proceeds from license fees collected under this subtitle as is necessary may be appropriated for the payment of those refunds.

(d) A person appealing from an order under this section shall give bond for all costs incident to the appeal and shall be required to pay those costs if the judgment on appeal is unfavorable to the applicant, but not otherwise. No bond is required on appeals filed on behalf of the state.

[Acts 1977, 65th Leg., p. 463, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.35. License Fees

(a) A separate license fee is required for each place of business that manufactures, imports, or sells beer.

(b) All license fees, except those for temporary licenses, shall be deposited as provided in Section 205.02 of this code. The assessor and collector of taxes shall make statements of the amounts collected by him under this code to the commission at the times and in the manner required by the commission or administrator.

(c) No licensee may obtain a refund on the surrender or nonuse of a license except as provided by this code.

(d) If a licensee engaged in selling beer is prevented from continuing in business by a local option election, he is entitled to a refund of a proportionate amount of the license fees he has paid covering the unexpired term of his license. As much of the proceeds derived under the provisions of this subtitle as is necessary may be appropriated for that purpose.

[Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.36. Local Fee Authorized

(a) The governing body of an incorporated city or town may levy and collect a fee not to exceed one-half of the state fee for each license, except a temporary or agent's beer license, issued for premises located within the city or town. The commissioners court of a county may levy and collect a fee equal to one-half the state fee for each license, except a temporary or agent's beer license, issued for premises located within the county. Those authorities may not levy or collect any other fee or tax from the licensee except general ad valorem taxes, the hotel occupancy tax levied under Chapter 63, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 1269j–4.1, Vernon's Texas Civil Statutes), and the local sales and use tax levied under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes).

(b) The commission or administrator may cancel a license if it finds the permittee has not paid a fee levied by a city under this section. A licensee who sells an alcoholic beverage without first having paid a fee levied under this section commits a misdemeanor punishable by a fine of not less than $10 nor more than $200.

(c) Nothing in this code shall be construed as a grant to any political subdivision of the authority to regulate licensees except by collecting the fees authorized in this section and exercising those powers granted to political subdivisions by other provisions of this code.

[Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.37. Certification of Wet or Dry Status

(a) The county clerk of the county in which an application for a license is made shall certify whether the location or address given in the application is in a wet area and whether the sale of alcoholic beverages for which the license is sought is prohibited by any valid order of the commissioners court.

(b) The city secretary or clerk of the city in which an application for a license is made shall certify whether the location or address given in the application is in a wet area and whether the sale of alcoholic beverages for which the license is sought is prohibited by charter or ordinance.

[Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.38. Notice of Application

(a) When an application for a license to manufacture or distribute beer is filed, the county clerk shall post at the courthouse door a written notice containing the substance of the application and the date set for hearing.

(b) When an original application to sell beer at retail at a location previously licensed is filed, the county clerk shall post at the courthouse door a written notice containing the substance of the application and the date set for hearing.

(c) When an original application to sell beer at retail at a location not previously licensed is filed, the county clerk shall publish notice for two consecutive issues in a newspaper of general circulation published in the city or town in which the applicant's place of business is to be located. If no newspaper of general circulation is published in that city or town, the notice shall be published in a newspaper of general circulation in the county where the applicant's business is to be located. If no newspaper of general circulation is published in that county, the notice shall be published in a newspaper which is published in the closest neighboring county and is circulated in the county where the license is sought. The notice shall be in 10-point boldface type and shall set forth the type of license applied for; the exact location of the business; the name of the owner or owners; the trade name, if operating under an assumed name; and in the case of a corporate applicant, the names and titles of all officers of the corporation. At the time the application is filed, the applicant shall deposit with the clerk the cost of publishing notice, which the clerk shall use to pay for the publication.

[Acts 1977, 65th Leg., p. 465, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.39. May Contest Application

Any person may contest the facts stated in an application for a license to distribute, manufacture, or sell beer at retail, or the applicant's right to secure a license, if he gives security for all costs which may be incurred in the contest if the case should be decided in favor of the applicant. No security for costs may be required of an officer of a county or incorporated city or town.

Section 11.44 of this code, which describes certain premises that are ineligible for a license, applies to licenses issued under this subtitle.

[Acts 1977, 65th Leg., p. 465, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.41. Second License at Same Location; Effect on Existing License

No license may be issued for a premises, location, or place of business for which a license is in effect unless the holder of the existing license has shown to the satisfaction of the commission that he will no longer exercise any privilege granted by the existing license at that location. If the holder of the existing license desires to transfer the license to another location, he may apply for a transfer of location in accordance with this code. If the holder of the existing license has made a declaration required by the commission that he will no longer use the license, he may not manufacture or sell beer or possess it for the purpose of sale until the license has been reinstated. The holder may apply to the county judge for the reinstatement of his license in the same manner and according to the same procedure as in the case of an original license application. The county judge or the commission or administrator may deny reinstatement of the license for any cause for which an original license application may be denied.

[Acts 1977, 65th Leg., p. 465, ch. 194, § 1, eff. Sept. 1, 1977.]

(4) the applicant is in the habit of using alcoholic beverages to excess or is mentally or physically incompetent;

(5) the applicant is not a United States citizen or has not been a citizen of Texas for a period of three years immediately preceding the filing of his application, unless he was issued an original

(b) The county judge, commission, or administrator shall refuse to approve or issue an original retail dealer's or retail dealer's on-premise license unless the applicant for the license files with the application a certificate issued by the comptroller of public accounts stating that the applicant holds, or has applied for and satisfies all legal requirements for the issuance of, a sales tax permit for the place of business for which the license is sought.

The county judge shall not approve an application unless it is accompanied by the required sworn statement.

(b) This section does not apply to the holder of a manufacturer's license which was in effect on January 1, 1953.

[Acts 1977, 65th Leg., p. 474, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 62.04. Renewal of License During Preliminary Stages of Operation

(a) A renewal of a manufacturer's license may not be denied during the two-year period following the issuance of the original license on the ground that the licensee has not brewed and packaged beer in this state if the licensee is engaged in good faith in constructing a brewing plant on the licensed premises or is engaged in one of the following preparatory stages of construction:

(1) preliminary engineering;

(2) preparing drawings and specifications;

(3) conducting engineering, architectural, or equipment studies; or

(4) preparing for the taking of bids from contractors.

(b) During the three-year period following the issuance of a manufacturer's license, as long as the licensee is engaged in construction or in a preliminary stage of construction enumerated in Subsection (a) of this section, the commission shall issue each renewal license to take effect immediately on the expiration of the expiring license and shall not require the licensee to make an original application.

(c) After two years and 11 months has expired following the issuance of an original manufacturer's license, the commission shall not issue a renewal license if it finds that the licensee has not complied with his sworn statement filed with his original application or that he has not begun construction of a plant or initiated any of the preliminary stages of construction enumerated in Subsection (a) unless the commission also finds that the applicant has been prevented from doing so by causes beyond his reasonable control. If the commission finds that the licensee has been prevented from complying by causes beyond his reasonable control, it may grant one additional renewal for the licensee to comply with the terms of his sworn statement. Otherwise, the commission shall deny the renewal application and may not grant a subsequent original application by the licensee for a period of two years following the date of the denial.

(d) This section does not apply to the holder of a license that was in effect on January 1, 1953.

§ 62.09. Beer for Export

Regardless of any other provision of this code, a holder of a manufacturer's license may brew and package malt beverages or import them from outside the state, for shipment out of the state, even though the alcohol content, containers, packages, or labels make the beverages illegal to sell within the state. The licensee may export the beverages out of state or deliver them at his premises for shipment out of the state without being liable for any state tax on beer, ale, or malt liquor sold for resale in the state.

Amendment by Acts 1977, 65th Leg., p. 1714, ch. 681, § 3.

Acts 1977, 65th Leg., p. 1714, ch. 681, § 3, purports to add art. 667–5G to Penal Code (1925), without reference to repeal of the Liquor Control Act by Acts 1977, 65th Leg., p. 557, ch. 194, § 2. As so added, art. 666–11b reads:

"(a) The County Judge, Commission, or Administrator shall refuse to approve or issue an original or renewal Retail Dealer's or Retail Dealer's On-Premise License unless the applicant for the license files with his application a certificate issued by the Comptroller of Public Accounts stating that the applicant holds, or has applied for and satisfies all legal requirements for the issuance of, a sales tax permit for the place of business for which the license is sought.

"(b) The Commission or Administrator may suspend for not more than sixty (60) days or cancel a license if the Commission or Administrator finds, after notice and hearing, that the licensee:

"(1) no longer holds a sales tax permit for the place of business covered by the license; or

"(2) is shown on the records of the Comptroller of Public Accounts as being subject to a final determination of taxes due and payable under the Limited Sales, Excise and Use Tax Act (Chapter 20, Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, as amended), or is shown on the records of the Comptroller of Public Accounts as being subject to a final determination of taxes due and payable under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes)."

Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b–2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.

§ 69.07. Fingerprints

(a) An applicant for an original retail dealer's on-premise license shall submit to the county judge of the county in which the applicant desires to engage in business a complete set of fingerprints of the individual natural person applying for the license or, if the applicant is not an individual natural person, a complete set of fingerprints of the individual partner, officer, trustee, or receiver who is to be primarily responsible for the management of the premises.

(b) The county judge shall, no later than the next calendar day after receiving the prints, forward them by mail to the Texas Department of Public Safety. The department shall classify the prints and check them against their fingerprint files and shall certify their findings concerning the criminal record of the applicant, or the lack of record, to the county judge. No license may be issued until the certification is made to the county judge.

(c) The sheriff of any county, or any district office of the commission, shall take the fingerprints of an applicant for a license without charge on forms approved by and furnished by the Texas Department of Public Safety and shall immediately deliver them to the county judge of the county where the applicant desires to engage in business.

SUBCHAPTER A. GENERAL PROVISIONS

§ 102.01. Tied House Prohibited

(a) In this section, "tied house" means any overlapping ownership or other prohibited relationship between those engaged in the alcoholic beverage industry at different levels, that is, between a manufacturer and a wholesaler or retailer, or between a wholesaler and a retailer, as the words "wholesaler," "retailer," and "manufacturer" are ordinarily used and understood, regardless of the specific names given permits under Subtitle A, Title 3, of this code.

(b) In considering an original or renewal application for a permit issued under Subtitle A, Title 3, of this code, the commission or administrator may make any investigation or request any additional information necessary to enforce this section and to provide strict adherence to a general policy of prohibiting the tied house and related practices. The activities prohibited by this section are unfair competition and unlawful trade practices.

(c) No person having an interest in a permit issued under Subtitle A, Title 3, of this code may secure or hold, directly or indirectly, an ownership interest in the business or corporate stocks, including a stock option, convertible debenture, or similar interest, in a permit or business of a permittee of a different level who maintains licensed premises in Texas.

(d) No person may act or serve as officer, director, or employee of the businesses of permittees at different levels.

(e) No permittee may own the premises, fixtures, or equipment of a permittee of a different level.

(f) No permittee may secure or in any manner obtain the use of any premises, fixtures, or equipment on the credit of a permittee of a different level.

(g) No permittee may loan to, or by means of his credit secure a loan for, a permittee of a different level. If a permittee secures a loan from a source outside the state, there is a presumption of a tied house relationship or subterfuge, and the permittee securing the loan has the burden of showing that he has not violated this section.

(h) No permittee may enter with a permittee of a different level or with another person or legal entity into a conspiracy or agreement to control or manage, financially or administratively, directly or indirectly, in any form or degree, the business or interests of a permittee of a different level.

(i) No permittee may enter with another permittee into any type of profit-sharing agreement or any agreement relating to the repurchase of any assets or any agreement attempting to effectuate the shipment or delivery of an alcoholic beverage on consignment.

(j) On finding that a person has violated any provision of Subsections (c) through (i) of this section, the commission or administrator shall suspend for not less than six months or cancel the permit of any permittee involved. A person who held or had an interest in a permit cancelled under this subsection is ineligible to hold or have an interest in a permit for one year after the cancellation.

(k) This section does not apply to the application for renewal of a permit held by an applicant who was engaged in the legal alcoholic beverage business in this state under a charter or permit before August

24, 1935, or to an application for a nonresident seller's or wholesaler's permit held by an applicant who continuously has been the holder of a permit of that type since January 1, 1941.
[Acts 1977, 65th Leg., p. 498, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 102.02. Athletic Facility Owned by Manufacturer

The total or partial ownership by a manufacturer of premises primarily designed and used for athletic contests is not a ground for the denial, suspension, or cancellation of a retail license located on those premises.
[Acts 1977, 65th Leg., p. 499, ch. 194, § 1, eff. Sept. 1, 1977.]

(b) No holder of a permit named in Subsection (a) of this section may directly or indirectly, or through a subsidiary, affiliate, agent, employee, officer, director, or firm member, own an interest of any kind in the premises where a package store permittee, wine only package store permittee, or mixed beverage permittee conducts his business.

(b) Except as permitted in Section 23.01 of this code, no person to whom this section applies may:

(1) have a direct or indirect interest in the business, premises, equipment, or fixtures of a mixed beverage establishment;

(2) furnish or lend any money, service, or other thing of value to a mixed beverage permittee or guarantee the fulfillment of a financial obligation of a mixed beverage permittee;

If a check or draft is accepted in payment, it must be deposited in the bank for payment or presented for payment within two days after it is received. If the check or draft is dishonored by the drawee, the licensee or permittee who accepted it shall report that fact to the commission within two days after receiving notice of dishonor. SUBCHAPTER B. OUTDOOR ADVERTISING

§ 108.51. Definitions

In this subchapter:

(1) "Outdoor advertising" means any sign bearing a word, mark, description, or other device that is used to advertise an alcoholic beverage or the business of a person who manufactures, sells, or distributes an alcoholic beverage if the sign is displayed outside the walls or enclosure of a building or structure where a license or permit is issued or if it is displayed inside a building but within five feet of an exterior wall facing a street or highway so that

it is visible by a person of ordinary vision from outside the building. "Outdoor advertising" does not include advertising appearing on radio or television, in a public vehicular conveyance for hire, or in a newspaper, magazine, or other literary publication published periodically. For the purpose of this definition the word "sign," with respect to a retailer, does not include an identifying label affixed to a container as authorized by law or to a card or certificate of membership in an association or organization if the card or certificate is not larger than 80 square inches.

(2) "Billboard" means a structure directly attached to the land, a house, or a building having one or more spaces used to display a sign or advertisement of an alcoholic beverage or a person engaged in the manufacture, sale, or distribution of alcoholic beverages, whether or not the structure is artificially lighted. "Billboard" does not include a bench or a wall or other part of a structure used as a building, fence, screen, front, or barrier.

(3) "Electric sign" means a structure or device other than an illuminated billboard by which artificial light produced by electricity is used to advertise the alcoholic beverage business by a person who manufactures, sells, or distributes alcoholic beverages or to advertise an alcoholic beverage.

§ 108.52. Permissible Outdoor Advertising

(a) No outdoor advertising is permitted in this state except that which is authorized by this section or under rules of the commission or administrator promulgated pursuant to Section 108.03 of this code.

(b) Billboards and electric signs are permitted if they are not located in a manner contrary to this code.

Application shall be made under oath, addressed to the commission or administrator.

(c) The commission or administrator shall issue a permit if either of them finds that all statements in the application are true and the erection or maintenance of the billboard or electric sign will not be contrary to this code or to a rule of the commission. Otherwise, the commission or administrator shall refuse to issue a permit.

204.02. Form and Conditions.
204.03. Amount of Bond.
204.04. Multiple Permits, One Bond.

(a) Except as otherwise provided in this section, the following licensees and permittees shall furnish a bond:

(1) those authorized to import alcoholic beverages into the state;

(2) manufacturers of beer and brewers of ale or malt liquor in the state;

(3) permittees subject to the gross receipts tax on mixed beverages imposed by Section 202.02 of this code; and

(f) A permittee subject to the gross receipts tax on mixed beverages imposed by Section 202.02 of this code is not required to furnish a bond if for the

preceding 36 months the permittee has paid all taxes and fees required by this code on or before the due date. A finding of deficiency under Section 202.09 of this code does not constitute a failure to pay a tax when due for purposes of this subsection or Subsection (g) or (h) of this section if the deficiency and any applicable penalty are paid within 10 days of the date of demand for payment by the commission.

(g) An exemption under Subsection (f) of this section terminates and the permittee must furnish a bond if the permittee fails to pay a tax or fee imposed by this code on or before the due date.

Acts 1979, 66th Leg., p. 733, ch. 325, § 3, provided:

"For purposes of Subsections (f) through (h) of section 204.01, Alcoholic Beverage Code, as added, the 36 month period immediately preceding the effective date of this Act is counted in determining whether a permittee is entitled to an exemption from the requirement of furnishing a surety bond."

§ 204.02. Form and Conditions

(a) A bond required under this chapter must be executed with the permittee or licensee as principal, a qualified surety company doing business in this state as surety, and the state as payee. All bonds of permittees must be payable in Travis County.

(b) The bond must be conditioned as required by the commission. Bonds required of permittees must be conditioned that as long as the applicant holds the permit he will not violate any law of this state relating to the traffic in or transportation, sale, or delivery of liquor or any valid rule of the commission. The bonds of permittees who are required to account for taxes and fees must also be conditioned that the permittee will account for and pay all permit fees and taxes levied by this code.

(c) The form of all bonds must be approved by the attorney general.

(d) A certificate of deposit or savings furnished by a permittee to secure the payment of the gross receipts tax on mixed beverages must be assigned to the state in a manner approved by the administrator to secure the payment of the tax.

§ 204.03. Amount of Bond

(b) A permittee who furnishes certificates of deposit or savings or letters of credit in lieu of all or part of the amount of bonds required by the commission or administrator to secure the payment of the gross receipts tax on mixed beverages may furnish any combination of these methods of securing the tax which satisfies that amount. The total of the bonds, certificates, and letters of credit of a permittee subject to the gross receipts tax on mixed beverages must be in an amount that, in the opinion of the commission or administrator, will protect the state, but in no case may the commission or administrator set the amount at less than $1,000 or more than $25,000.

(c) Bonds of other permittees, except those permittees covered by Subsection (d) of this section, may not be set at an amount less than $1,000 or more than $25,000.

§ 204.04. Multiple Permits, One Bond

If another permit is required, incidental to the operation of a business for which a basic permit is procured, the commission may accept one bond to support all of the permits. The commission shall determine the amount of the bond.

[Acts 1977, 65th Leg., p. 542, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 204.05. Cancellation of Bond

The commission may not cancel a surety bond until the surety company has paid and discharged in full all of its liabilities on the bond to the state as of the date of cancellation.

[Acts 1977, 65th Leg., p. 542, ch. 194, § 1, eff. Sept. 1, 1977.]

The repealed section, relating to marking ballots, was derived from Acts 1977, 65th Leg., p. 552, ch. 194, § 1.

§ 251.40. County to Pay Election Expense

(a) The county shall pay the expense of holding a local option election authorized by this code in the county, justice precinct, or incorporated city or town in that county, subject to the limitations in this section.

(b) County expense is limited to the holding of one election in each of the political subdivisions in Subsection (a) of this section in a one-year period where the intent of the election is to legalize the sale of alcoholic beverages. County expense is limited to the holding of one election in each of the political subdivisions in Subsection (a) of this section in a one-year period where the intent of the election is to prohibit the sale of alcoholic beverages.

(c) All other local option elections shall be paid by the county from funds derived by the county as prescribed in Section 251.41 of this code.

[Acts 1977, 65th Leg., p. 553, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.41. Financing Election

(b) The deposit must be in the form of a cashier's check in the total amount of 25 cents per voter listed on the current list of registered voters residing in the county, justice precinct, or incorporated city or town where the election is to be held.

(c) The money received shall be deposited in the county's general fund. No refund may be made to the applicants regardless of whether the petition is returned to the county clerk or the election is ordered.

(d) The county clerk may not issue a petition to the applicants unless the deposit is made, if a deposit is required by this code.

(e) A violation of Subsection (d) of this section is a misdemeanor punishable by a fine of not less than $200 nor more than $500, or confinement in the county jail for not more than 30 days, or both.

SUBCHAPTER C. PROCEDURE FOLLOWING ELECTION

§ 251.51. Canvass of Votes; Declaration of Result

(a) On the fifth day after the election, or as soon after the fifth day as practicable, the commissioners court shall meet in special session to canvass the returns. On completing the canvass, the commissioners court shall make an order declaring the result and cause the clerk of the commissioners court to record the order as provided by law.

(b) If, in a prohibitory election, a majority of the votes cast favor the issue "Against the legal sale . . .," the court's order must state that the sale of the type or types of beverages stated in the issue at the election is prohibited effective 30 days after the order is entered. The prohibition remains in effect until changed by a subsequent local option election held under this code.

(c) If, in a legalization election, a majority of the votes cast favor the issue "For the legal sale . .," the legal sale of the type or types of beverages stated in the issue at the election is legal on the entering of the court's order. The legalization remains in effect until changed by a subsequent local option held under this code.

(d) The local option status of a subdivision is not changed if:

(1) in a prohibitory election, a majority of the votes cast favor the issue "For the legal sale . . .."; or

(2) in a legalization election, a majority of the votes cast favor the issue "Against the legal sale . . . ."

[Acts 1977, 65th Leg., p. 553, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.511. Recount: Paper Ballots

(a) A recount of the paper ballots may be obtained on the following grounds:

(1) the difference between the number of votes cast on the winning and losing sides of the measure is less than five percent of the number of votes cast on the winning side; or

(2) affidavit by an election judge and certification by the secretary of state that votes were miscounted, as provided by the Texas Election Code for a recount of paper ballots in a general election.

(b) The recount must be requested in writing by at least 25 registered voters of the territory covered by the election. To be valid, a request must contain the signature, residence address, and voter registration number of the requestor and be filed in accordance with the procedure for requesting a recount in a general election. A single document may contain the requests of more than one requestor.

(c) Except as otherwise provided by this section, the provisions of the Texas Election Code regulating the recount of paper ballots apply to a recount under this section with appropriate changes to account for the fact that the election is on a measure instead of for a public office.

[Added by Acts 1979, 66th Leg., p. 1158, ch. 560, § 4, eff. Sept. 1, 1979.]

Section 8(b) of the 1979 amendatory act provided:

"(b) The provisions of this Act relating to election recounts apply to any local option election held on or after the effective date of this Act. Those provisions do not apply to an election held before the effective date of this Act."

§ 251.512. Recount: Voting Systems

A recheck of the results registered on a voting machine, recount of the results of voting by an electronic voting system or an examination of the electronic system program, or a recount of the results of voting by any other method of voting other than paper ballot shall be conducted in the same manner as in a general election.

[Added by Acts 1979, 66th Leg., p. 1158, ch. 560, § 4, eff. Sept. 1, 1979.]

Nonapplication of provisions of this section to elections held before September 1, 1979, see note under § 251.511.

§ 251.52. Order Prima Facie Evidence

The order of the commissioners court declaring the result of the election is prima facie evidence that all provisions of law have been complied with in giving notice of and holding the election, counting and returning the votes, and declaring the result of the election.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.53. Certification of Result

Within three days after the result of a local option election has been declared, the county clerk shall certify the result to the secretary of state and the commission. The clerk may not charge a fee for this service.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.54. Posting Order Prohibiting Sale

A commissioners court order declaring the result of a local option election and prohibiting the sale of any or all types of alcoholic beverages must be published by posting the order at three public places in the county or other political subdivision in which the election was held. The posting of the order shall be recorded in the minutes of the commissioners court by the county judge. The entry in the minutes or a copy certified under the hand and seal of the county clerk is prima facie evidence of posting.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.55. Election Contest

(a) A qualified voter of the county, justice precinct, or incorporated city or town where a local option election is held may contest the election any time within 30 days after the result of that election is declared.

(b) The enforcement of local option laws in the political subdivision in which the election is being contested is not suspended during the election contest.

(c) The district court of the county in which the election is held has original and exclusive jurisdiction of all suits to contest the election. The district court has jurisdiction to try and determine all matters connected with the election. If it appears from the evidence that such irregularities existed in bringing about or holding the election that the true result of the election is impossible to determine or the result is very doubtful, the court shall hold the election to be void and order the proper officer to order another election to be held by having a certified copy of the judgment and order of the court to be delivered to that officer.

(d) The election contest is conducted in the same manner as an election contest of a general election.

(e) Election contests have precedence in the district and appellate courts.

(f) The result of an election contest finally settles all questions relating to the validity of that election.

No person may call the legality of that election in question again in any other suit or proceeding.

(g) If no election contest is instituted within the 30-day time limit, it is conclusively presumed that that election is valid and binding in all respects upon all courts.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

[Sections 251.56 to 251.70 reserved for expansion]

SUBCHAPTER D. MISCELLANEOUS LOCAL OPTION PROVISIONS

§ 251.71. Wet and Dry Areas

(a) An area is a "dry area" as to an alcoholic beverage of a particular type and alcohol content if the sale of that beverage is unlawful in the area. An area is a "wet area" as to an alcoholic beverage of a particular type and alcoholic content if the sale of that beverage is lawful in the area.

(b) Those areas that are wet or dry when this code takes effect retain that status until the status of the area is changed as provided in this code.

(c) All trial courts of this state shall take judicial notice of the wet or dry status of an area in a criminal prosecution.

(d) In an information, complaint, or indictment, an allegation that an area is a dry area as to a particular type of alcoholic beverage is sufficient, but a different status of the area may be urged and proved as a defense.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.72. Change of Status

Except as provided in Section 251.73 of this code, an authorized voting unit that has exercised or may exercise the right of local option retains the status adopted, whether absolute prohibition or legalization of the sale of alcoholic beverages of one or more of the various types and alcoholic contents on which an issue may be submitted under the terms of Section 251.14 of this code, until that status is changed by a subsequent local option election in the same authorized voting unit.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.73. Prevailing Status: Resolution of Conflicts

To insure that each voter has the maximum possible control over the status of the sale of alcoholic beverages in the area where he resides:

(1) the status that resulted from or is the result of a duly called election for an incorporated city or town prevails against the status that resulted from or is the result of a duly called election in a justice precinct or county in which the incorporated city or town, or any part of it is contained; and

(2) the status that resulted or is the result of a duly called election for a justice precinct prevails against the status that resulted from or is the result of a duly called election in an incorporated city or town in which the justice precinct is wholly contained or in a county in which the justice precinct is located.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.74. Airport and Stadium as Wet Areas

(a) This section applies to any county:

(1) that has a population of more than 500,000, according to the most recent federal census;

(2) in which the sale of all alcoholic beverages has been legalized in all or any part of the county; and

(3) where, at the general election on November 3, 1970, the voters approved the constitutional amendment authorizing the sale of mixed beverages on a local option basis.

(b) In a county covered by this section, the commissioners court may designate as an area wet for the sale of mixed beverages only:

(1) the area encompassed by the building structure of a professional sports stadium, used wholly or partly for professional sporting events and having a seating capacity of at least 40,000, and not more than 125 acres of adjacent land used for the benefit of the stadium, regardless of ownership of the land, if no registered voters reside there; and

(2) the area encompassed by a regional airport.

(c) The order of the commissioners court authorizes the issuance of a mixed beverage permit.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.741. Certain Airports as Wet Areas

In addition to those areas declared wet by order of the commissioners court under the authority of Section 251.74 of this code, in a county with a population of more than 175,000 according to the most recent federal census where the sale of mixed beverages only is legalized in the most populous city in the

county by a local option election held after May 18, 1971, the area actually encompassed by any municipal airport under the jurisdiction of that city is wet for the sale of mixed beverages only. Subsequent local option elections held by that city do not affect the local option status of the airport unless the result of the election prohibits the sale of mixed beverages, in which case the provisions of this section do not apply.

[Added by Acts 1977, 65th Leg., p. 1184, ch. 453, § 14, eff. Sept. 1, 1977.]

§ 251.75. Continuance of Operation as Manufacturer or Brewer

Notwithstanding any other provision of this code, if the sale of beer or ale is prohibited in an area by a local option election, a holder of a manufacturer's license or brewer's permit that was issued prior to the election may not be denied an original or renewal manufacturer's license or brewer's permit for the same location on the ground that the local option status of the area prohibits the sale of beer or ale. Except for the right to sell beer or ale contrary to the local option status of the area, the licensee or permittee may engage in all activities authorized by the license or permit, including the manufacturing, brewing, possessing, storing, and packaging of beer or ale, and transporting it to an area where its sale is legal. The licensee or permittee may deliver beer or ale at his licensed premises to a purchaser from outside the state, an authorized carrier, distributor, or class B wholesaler. The purchaser, carrier, distributor, or class B wholesaler may not receive the beer or ale for transportation unless there has first been an order, acceptance, and payment or legal satisfaction of payment in an area where the sale of beer or ale is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.76. Continuance of Operation as Distiller

Notwithstanding any other provision of this code, a person who has been issued a distiller's permit may not subsequently be denied an original or renewal distiller's permit for the same location on the ground that the sale of distilled spirits has been prohibited in the area by a local option election. A person holding a permit at the time of the election or issued a permit under this section may exercise all privileges granted by this code to the holder of a distiller's permit, including the manufacturing, possessing, storing, packaging, and bottling of distilled spirits and the transportation of them to areas in which their sale is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.77. Continuance of Operation as Distributor

(a) Notwithstanding any other provision of this code, if the sale of beer is prohibited by local option election, a licensed distributor of beer whose warehouse or other facilities used in connection with the distributorship are located in the area affected, has the right to continue to operate as a distributor in that area and maintain the necessary premises and facilities for distribution. The distributor continues to enjoy all the rights and privileges incident to distributorship, including the right to possess, store, warehouse, and sell beer in that area, and deliver beer into and out of that area.

(b) A distributor in the area affected may sell or deliver beer only to licensed outlets located where the sale of beer is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.78. Continuance of Operation as Wholesaler

(a) Notwithstanding any other provision of this code, if the sale of the type or types of liquor authorized to be sold by the holder of a wholesaler's permit whose warehouse or other facility used in connection with the wholesale operation is prohibited in an area by local option election, the holder of the wholesaler's permit shall have the right to continue to operate as a wholesaler in that area and maintain the necessary premises and facilities for the wholesale operation. The wholesaler shall enjoy all the rights and privileges incident to the permit, including the right to possess, store, warehouse, sell, deliver, and receive liquor.

(b) A wholesaler in the area affected may only sell or deliver liquor to permittees located where the sale of liquor is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.79. Areas in Which Certain Permits and Licenses May be Issued

Notwithstanding any other provision of this code, a wholesaler's permit, general class B wholesaler's permit, local class B wholesaler's permit, or general, local or branch distributor's license may be issued and licensed premises maintained in any area where the sale of any alcoholic beverage is legal. A person issued a permit or license under this section may exercise all rights and privileges of other permittees and licensees of the same class.

[Acts 1977, 65th Leg., p. 557, ch. 194, § 1, eff. Sept. 1, 1977.]

(d) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, provided, however, that an amendment to a financing statement which changes only the name of the secured party or the required address of either the secured party or the debtor is sufficient when it is signed by the secured party instead of the debtor. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(e) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, or a financing statement filed as a fixture filing (Section 9.313), must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(f) A mortgage is effective as a financing statement filed as a fixture filing or as a financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, from the date of its filing for record if (1) the goods or other collateral are described in the mortgage by item or type, (2) in the case of a fixture filing, the goods are or are to become fixtures related to the real estate described in the mortgage, (3) in the case of timber to be cut, the timber is standing on the real estate described in the mortgage, (4) in the case of minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, the minerals or the like (including oil and gas) or the accounts are to be financed at the wellhead or minehead of the well or mine located on the real estate described in the mortgage, (5) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (6) the mortgage is duly filed for record. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

In addition the filing officer shall index the financing statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the financing statement. The filing officer shall mark each continuation statement with the date and hour of filing and shall note it in the index of the original financing statement.

(e) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be $3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be $6.00, plus in each case, if the financing statement is subject to Subsection (e) of Section 9.402, $3.00.

(f) A mortgage which is effective as a filing under Subsection (f) of Section 9.402 remains effective as such a filing as to the types of collateral enumerated in Subsection (f) of Section 9.402 until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(g) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, or is filed as a fixture filing, it shall be filed for record and recorded, and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

§ 9.405. Assignment of Security Interest; Duties of Filing Officer; Fees

(a) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the financing statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in Section 9.403.

[See Compact Edition, Volume 1 for text of (b) and (c)]

[Amended by Acts 1975, 64th Leg., p. 942, ch. 353, § 6, eff. June 19, 1975.]

§ 9.406. Release of Collateral; Duties of Filing Officer; Fees

A secured party of record may by his signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with Subsection (b) of Section 9.405, including payment of the required fee. Upon presentation of such a statement of release to the filing officer he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release shall be $3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be $6.00, plus, in each case where the original financing statement was filed pursuant to Subsection (e) of Section 9.402, $3.00.

SUBCHAPTER E. DEFAULT

§ 9.504. Secured Party's Right to Dispose of Collateral After Default; Effect of Disposition

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) Disposition of the collateral may be by public or private proceedings and may be made by way of one or more contracts. Sale or other disposition may be as a unit or in parcels and at any time and place and on any terms but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, reasonable notification of the time and place of any public sale or reasonable notification of the time after which any private sale or other intended disposition is to be made shall be sent by the secured party to the debtor, if he has not signed after default a statement renouncing or modifying his

right to notification of sale. In the case of consumer goods no other notification need be sent. In other cases notification shall be sent to any other secured party who has a security interest in the same collateral and who has duly filed in the office of the Secretary of State or of the county clerk in the proper county in this state a financing statement indexed in the name of the debtor or from whom the secured party has received (before sending his notification to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. The secured party may buy at any public sale and if the collateral is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations he may buy at private sale.

§ 9.505. Compulsory Disposition of Collateral; Acceptance of the Collateral as Discharge of Obligation

[See Compact Edition, Volume 1 for text of (a)]

(b) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor if he has not signed after default a statement renouncing or modifying his rights under this subsection. In the case of consumer goods no other notice need be given. In other cases notice shall be given to any other secured party who has a security interest in the same collateral and who has duly filed in the office of the Secretary of State or the County Clerk in the proper county in this state a financing statement indexed in the name of the debtor or from whom the secured party has received (before sending his notice to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. If the secured party receives objection in writing from a person entitled to receive notification within twenty-one days after the notice was sent, the secured party must dispose of the collateral under Section 9.504. In the absence of such written objection the secured party may retain the collateral in satisfaction of the debtor's obligation.

[See Compact Edition, Volume 1 for text of (c)]

(d) If the filing for record of a mortgage would have been effective as to the types of collateral enumerated in Subsection (f) of Section 9.402 if the 1973 amendments had been in effect on the date of the filing for record of the mortgage, the mortgage shall be deemed effective as such a filing as to the types of collateral enumerated in Subsection (f) of Section 9.402 of this code, as amended, on January 1, 1974.

TITLE 2. COMPETITION AND TRADE PRACTICES

CHAPTER 17. DECEPTIVE TRADE PRACTICES

SUBCHAPTER E. DECEPTIVE TRADE PRACTICES AND CONSUMER PROTECTION

Section
17.50A. Notice: Offer of Settlement.
17.50B. Damages and Defenses.
17.51 to 17.56. Repealed.
17.55A. Indemnity.
17.56A. Limitation.

§ 17.43. Cumulative Remedies.

The provisions of this subchapter are not exclusive. The remedies provided in this subchapter are in addition to any other procedures or remedies provided for in any other law; provided, however, that no recovery shall be permitted under both this subchapter and another law of both actual damages and penalties for the same act or practice. A violation of a provision of law other than this subchapter is not in and of itself a violation of this subchapter. An act or practice that is a violation of a provision of law other than this subchapter may be made the basis of an action under this subchapter if the act or practice is proscribed by a provision of this subchapter or is declared by such other law to be actionable under this subchapter. The provisions of this subchapter do not in any way preclude other political subdivisions of this state from dealing with deceptive trade practices.

[Amended by Acts 1979, 66th Leg., p. 1327, ch. 603, § 1, eff. Aug. 27, 1979.]

(B) results in a gross disparity between the value received and consideration paid, in a transaction involving transfer of consideration.

[See Compact Edition, Volume 1 for text of (6) to (8)]

(9) "Knowingly" means actual awareness of the falsity, deception, or unfairness of the act or practice giving rise to the consumer's claim or, in an action brought under Subdivision (2) of Subsection (a) of Section 17.50, actual awareness of the act or practice constituting the breach of warranty, but actual awareness may be inferred where objective manifestations indicate that a person acted with actual awareness.

[Amended by Acts 1975, 64th Leg., p. 149, ch. 62, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 600, ch. 216, § 1, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1327, ch. 603, § 2, eff. Aug. 27, 1979.]

§ 17.46. Deceptive Trade Practices Unlawful

(a) False, misleading, or deceptive acts or practices in the conduct of any trade or commerce are hereby declared unlawful and are subject to action by the consumer protection division under Sections 17.47, 17.58, 17.60, and 17.61 of this code.

(b) Except as provided in Subsection (d) of this section, the term "false, misleading, or deceptive acts or practices" includes, but is not limited to, the following acts:

(1) passing off goods or services as those of another;

(2) causing confusion or misunderstanding as to the source, sponsorship, approval, or certification of goods or services;

(3) causing confusion or misunderstanding as to affiliation, connection, or association with, or certification by, another;

(4) using deceptive representations or designations of geographic origin in connection with goods or services;

(5) representing that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities which they do not have or that a person has a sponsorship, approval, status, affiliation, or connection which he does not;

(6) representing that goods are original or new if they are deteriorated, reconditioned, reclaimed, used, or secondhand;

(7) representing that goods or services are of a particular standard, quality, or grade, or that goods are of a particular style or model, if they are of another;

(8) disparaging the goods, services, or business of another by false or misleading representation of facts;

(9) advertising goods or services with intent not to sell them as advertised;

(10) advertising goods or services with intent not to supply a reasonable expectable public demand, unless the advertisements disclosed a limitation of quantity;

(11) making false or misleading statements of fact concerning the reasons for, existence of, or amount of price reductions;

(12) representing that an agreement confers or involves rights, remedies, or obligations which it does not have or involve, or which are prohibited by law;

(14) misrepresenting the authority of a salesman, representative or agent to negotiate the final terms of a consumer transaction;

(16) disconnecting, turning back, or resetting the odometer of any motor vehicle so as to reduce the number of miles indicated on the odometer gauge;

(17) advertising of any sale by fraudulently representing that a person is going out of business;

(18) using or employing a chain referral sales plan in connection with the sale or offer to sell of goods, merchandise, or anything of value, which uses the sales technique, plan, arrangement, or agreement in which the buyer or prospective buyer is offered the opportunity to purchase merchandise or goods and in connection with the purchase receives the seller's promise or representation that the buyer shall have the right to receive compensation or consideration in any form for furnishing to the seller the names of other prospective buyers if receipt of the compensation or consideration is contingent upon the occurrence of an event subsequent to the time the buyer purchases the merchandise or goods;

(19) representing that a guarantee or warranty confers or involves rights or remedies which it does not have or involve, provided, however, that nothing in this subchapter shall be construed to expand the implied warranty of merchantability as defined in Sections 2.314 through 2.318 of the Business & Commerce Code to involve obligations in excess of those which are appropriate to the goods;

(20) selling or offering to sell, either directly or associated with the sale of goods or services, a right of participation in a multi-level distributorship. As used herein, "multi-level distributorship" means a sales plan for the distribution of goods or services in which promises of rebate or payment are made to individuals, conditioned upon those individuals recommending or securing additional individuals to assume positions in the sales operation, and where the rebate or payment is not exclusively conditioned on or in relation to proceeds from the retail sales of goods;

which the defendant in fact signed the contract; provided, however, that a violation of this subsection shall not occur where it is shown by the person filing such suit he neither knew or had reason to know that the county in which such suit was filed was neither the county in which the defendant resides at the commencement of the suit nor the county in which the defendant in fact signed the contract; or

(23) the failure to disclose information concerning goods or services which was known at the time of the transaction if such failure to disclose such information was intended to induce the consumer into a transaction into which the consumer would not have entered had the information been disclosed.

(c)(1) It is the intent of the legislature that in construing Subsection (a) of this section in suits brought under Section 17.47 of this subchapter the courts to the extent possible will be guided by Subsection (b) of this section and the interpretations given by the Federal Trade Commission and federal courts to Section 5(a)(1) of the Federal Trade Commission Act [15 U.S.C.A. 45(a)(1)].

(2) In construing this subchapter the court shall not be prohibited from considering relevant and pertinent decisions of courts in other jurisdictions.

(d) For the purposes of the relief authorized in Subdivision (1) of Subsection (a) of Section 17.50 of this subchapter, the term "false, misleading, or deceptive acts or practices" is limited to the acts enumerated in specific subdivisions of Subsection (b) of this section.

[Amended by Acts 1977, 65th Leg., p. 601, ch. 216, §§ 2, 3, eff. May 23, 1977; Acts 1977, 65th Leg., p. 892, ch. 336, § 1, eff. Aug. 29, 1977; Acts 1979, 66th Leg., p. 1327, ch. 603, § 3, eff. Aug. 27, 1979.]

Section 9 of the 1979 amendatory act provided:

"This Act shall be applied prospectively only. Nothing in this Act affects either procedurally or substantively a cause of action that arose either in whole or in part prior to the effective date of this Act."

§ 17.47. Restraining Orders

(a) Whenever the consumer protection division has reason to believe that any person is engaging in, has engaged in, or is about to engage in any act or practice declared to be unlawful by this subchapter, and that proceedings would be in the public interest, the division may bring an action in the name of the state against the person to restrain by temporary restraining order, temporary injunction, or permanent injunction the use of such method, act, or practice. The consumer protection division may bring any action under this section against a licensed insurer or insurance agent for a violation of this subchapter, Article 21.21, Texas Insurance Code, as amended, or the rules and regulations of the State Board of Insurance issued under Article 21.21, Texas Insurance Code, as amended, only on the written request of the State Board of Insurance or the commissioner of insurance.

Nothing herein shall require the consumer protection division to notify such person that court action is or may be under consideration. Provided, however, the consumer protection division shall, at least seven days prior to instituting such court action, contact such person to inform him in general of the alleged unlawful conduct. Cessation of unlawful conduct after such prior contact shall not render such court action moot under any circumstances, and such injunctive relief shall lie even if such person has ceased such unlawful conduct after such prior contact. Such prior contact shall not be required if, in the opinion of the consumer protection division, there is good cause to believe that such person would evade service of process if prior contact were made or that such person would destroy relevant records if prior contact were made.

(b) An action brought under Subsection (a) of this section which alleges a claim to relief under this section may be commenced in the district court of the county in which the person against whom it is brought resides, has his principal place of business, has done business, or in the district court of the county where the transaction occurred, or, on the consent of the parties, in a district court of Travis County. The court may issue temporary restraining orders, temporary or permanent injunctions to restrain and prevent violations of this subchapter and such injunctive relief shall be issued without bond.

(c) In addition to the request for a temporary restraining order, or permanant injunction in a proceeding brought under Subsection (a) of this section, the consumer protection division may request a civil penalty of not more than $2,000 per violation, not to exceed a total of $10,000, to be paid to the state.

(d) The court may make such additional orders or judgments as are necessary to compensate identifiable persons for actual damages or to restore money or property, real or personal, which may have been acquired by means of any unlawful act or practice. Damages may not include any damages incurred beyond a point two years prior to the institution of the action by the consumer protection division. Orders of the court may also include the appointment of a receiver or a sequestration of assets if a person who has been ordered by a court to make restitution under this section has failed to do so within three months after the order to make restitution has become final and nonappealable.

[See Compact Edition, Volume 1 for text of (e) and (f)]

[Amended by Acts 1977, 65th Leg., p. 602, ch. 216, § 4, eff. May 23, 1977.]

§ 17.50. Relief for Consumers

(a) A consumer may maintain an action where any of the following constitute a producing cause of actual damages:

(1) the use or employment by any person of a false, misleading, or deceptive act or practice

that is specifically enumerated in a subdivision of Subsection (b) of Section 17.46 of this subchapter;

(2) breach of an express or implied warranty;

(3) any unconscionable action or course of action by any person; or

(4) the use or employment by any person of an act or practice in violation of Article 21.21, Texas Insurance Code, as amended, or rules or regulations issued by the State Board of Insurance under Article 21.21, Texas Insurance Code, as amended.

(b) In a suit filed under this section, each consumer who prevails may obtain:

(1) the amount of actual damages found by the trier of fact. In addition the court shall award two times that portion of the actual damages that does not exceed $1,000. If the trier of fact finds that the conduct of the defendant was committed knowingly, the trier of fact may award not more than three times the amount of actual damages in excess of $1,000;

(2) an order enjoining such acts or failure to act;

(3) orders necessary to restore to any party to the suit any money or property, real or personal, which may have been acquired in violation of this subchapter; and

(4) any other relief which the court deems proper, including the appointment of a receiver or the revocation of a license or certificate authorizing a person to engage in business in this state if the judgment has not been satisfied within three months of the date of the final judgment. The court may not revoke or suspend a license to do business in this state or appoint a receiver to take over the affairs of a person who has failed to satisfy a judgment if the person is a licensee of or regulated by a state agency which has statutory authority to revoke or suspend a license or to appoint a receiver or trustee. Costs and fees of such receivership or other relief shall be assessed against the defendant.

(c) On a finding by the court that an action under this section was groundless and brought in bad faith, or brought for the purpose of harassment, the court shall award to the defendant reasonable and necessary attorneys' fees and court costs.

(d) Each consumer who prevails shall be awarded court costs and reasonable and necessary attorneys' fees.

[Amended by Acts 1977, 65th Leg., p. 603, ch. 216, § 5, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1329, ch. 603, § 4, eff. Aug. 27, 1979.]

§ 17.50A. Notice: Offer of Settlement

(a) As a prerequisite to filing a suit seeking damages under Subdivision (1) of Subsection (b) of Section 17.50 of this subchapter against any person, a consumer shall give written notice to the person at least 30 days before filing the suit advising the person of the consumer's specific complaint and the amount of actual damages and expenses, including attorneys' fees, if any, reasonably incurred by the consumer in asserting the claim against the defendant.

(b) If the giving of 30 days' written notice is rendered impracticable by reason of the necessity of filing suit in order to prevent the expiration of the statute of limitations or if the consumer's claim is asserted by way of counterclaim, the notice provided for in Subsection (a) of this section is not required, but the tender provided for by Subsection (c) of this section and by Subsection (d), Section 17.50B of this subchapter may be made within 30 days after the filing of the suit or counterclaim.

(c) Any person who receives the written notice provided by Subsection (a) of this section may, within 30 days after the receipt of the notice, tender to the consumer a written offer of settlement, including an agreement to reimburse the consumer for the attorneys' fees, if any, reasonably incurred by the consumer in asserting his claim up to the date of the written notice. A person who does not receive such a written notice due to the consumer's suit or counterclaim being filed as provided for by Subsection (b) of this section may, within 30 days after the filing of such suit or counterclaim, tender to the consumer a written offer of settlement, including an agreement to reimburse the consumer for the attorneys' fees, if any, reasonably incurred by the consumer in asserting his claim up to the date the suit or counterclaim was filed. Any offer of settlement not accepted within 30 days of receipt by the consumer shall be deemed to have been rejected by the consumer.

(d) A settlement offer made in compliance with Subsection (c) of this section, if rejected by the consumer, may be filed with the court together with an affidavit certifying its rejection. If the court finds that the amount tendered in the settlement offer is the same or substantially the same as the actual damages found by the trier of fact, the consumer may not recover an amount in excess of the amount tendered in the settlement offer or the amount of actual damages found by the trier of fact, whichever is less.

(e) The tender of an offer of settlement is not an admission of engaging in an unlawful act or practice or of liability under this Act. Evidence of a settlement offer may be introduced only to determine the reasonableness of the settlement offer as provided for by Subsection (d) of this section.

§ 17.50B. Damages: Defenses

(a) In an action brought under Section 17.50 of this subchapter, it is a defense to the award of any damages or attorneys' fees if the defendant proves that before consummation of the transaction he gave reasonable and timely written notice to the plaintiff of the defendant's reliance on:

(1) written information relating to the particular goods or service in question obtained from official government records if the written information was false or inaccurate and the defendant did not know and could not reasonably have known of the falsity or inaccuracy of the information;

(2) written information relating to the particular goods or service in question obtained from another source if the information was false or inaccurate and the defendant did not know and could not reasonably have known of the falsity or inaccuracy of the information; or

(3) written information concerning a test required or prescribed by a government agency if the information from the test was false or inaccurate and the defendant did not know and could not reasonably have known of the falsity or inaccuracy of the information.

(b) In asserting a defense under Subdivision (1), (2), or (3) of Subsection (a) of Section 17.50B above, the defendant shall prove the written information was a producing cause of the alleged damage. A finding of one producing cause does not bar recovery if other conduct of the defendant not the subject of a defensive finding under Subdivision (1), (2), or (3) of Subsection (a) of Section 17.50B above was a producing cause of damages of the plaintiff.

(c) In a suit where a defense is asserted under Subdivision (2) of Subsection (a) of Section 17.50B above, suit may be asserted against the third party supplying the written information without regard to privity where the third party knew or should have reasonably foreseen that the information would be provided to a consumer; provided no double recovery may result.

(d) In an action brought under Section 17.50 of this subchapter, it is a defense to a cause of action if the defendant proves that he received notice from the consumer advising the defendant of the nature of the consumer's specific complaint and of the amount of actual damages and expenses, including attorneys' fees, if any, reasonably incurred by the consumer in asserting the claim against the defendant, and that within 30 days after the day on which the defendant received the notice the defendant tendered to the consumer:

(1) the amount of actual damages claimed; and

(2) the expenses, including attorneys' fees, if any, reasonably incurred by the consumer in asserting the claim against the defendant.

§ 17.51 to 17.54. Repealed by Acts 1977, 65th Leg., p. 605, ch. 216, §§ 10 to 13, eff. May 23, 1977

Prior to repeal, § 17.54 was amended by Acts 1975, 64th Leg., p. 149, ch. 62, § 2.

See, now, § 17.50B.

§ 17.55A. Indemnity

A person against whom an action has been brought under this subchapter may seek contribution or indemnity from one who, under the statute law or at common law, may have liability for the damaging event of which the consumer complains. A person seeking indemnity as provided by this section may recover all sums that he is required to pay as a result of the action, his attorney's fees reasonable in relation to the amount of work performed in maintaining his action for indemnity, and his costs.

[Added by Acts 1977, 65th Leg., p. 604, ch. 216, § 7, eff. May 23, 1977.]

§ 17.56. Venue

An action brought which alleges a claim to relief under Section 17.50 of this subchapter may be commenced in the county in which the person against whom the suit is brought resides, has his principal place of business, or has a fixed and established place of business at the time the suit is brought or in the county in which the alleged act or practice occurred or in a county in which the defendant or an authorized agent of the defendant solicited the transaction made the subject of the action at bar.

[Amended by Acts 1977, 65th Leg., p. 604, ch. 216, § 8, eff. May 23, 1977; Acts 1979, 66th Leg., p. 1332, ch. 603, § 7, eff. Aug. 27, 1979.]

§ 17.56A. Limitation

All actions brought under this subchapter must be commenced within two years after the date on which the false, misleading, or deceptive act or practice occurred or within two years after the consumer discovered or in the exercise of reasonable diligence should have discovered the occurrence of the false, misleading, or deceptive act or practice. The period of limitation provided in this section may be extended for a period of 180 days if the plaintiff proves that failure timely to commence the action was caused by the defendant's knowingly engaging in conduct solely calculated to induce the plaintiff to refrain from or postpone the commencement of the action.

[Added by Acts 1979, 66th Leg., p. 1332, ch. 603, § 8, eff. Aug. 27, 1979.]

§ 17.59. Post Judgment Relief

(a) If a money judgment entered under this subchapter is unsatisfied 30 days after it becomes final and if the prevailing party has made a good faith attempt to obtain satisfaction of the judgment, the following presumptions exist with respect to the party against whom the judgment was entered:

(1) that the defendant is insolvent or in danger of becoming insolvent; and

(2) that the defendant's property is in danger of being lost, removed, or otherwise exempted from collection on the judgment; and

(3) that the prevailing party will be materially injured unless a receiver is appointed over the defendant's business; and

(4) that there is no adequate remedy other than receivership available to the prevailing party.

(b) Subject to the provisions of Subsection (a) of this section, a prevailing party may move that the defendant show cause why a receiver should not be appointed. Upon adequate notice and hearing, the court shall appoint a receiver over the defendant's business unless the defendant proves that all of the presumptions set forth in Subsection (a) of this section are not applicable.

(c) The order appointing a receiver must clearly state whether the receiver will have general power to manage and operate the defendant's business or have power to manage only a defendant's finances. The order shall limit the duration of the receivership to such time as the judgment or judgments awarded under this subchapter are paid in full. Where there are judgments against a defendant which have been awarded to more than one plaintiff, the court shall have discretion to take any action necessary to efficiently operate a receivership in order to accomplish the purpose of collecting the judgments.

[Amended by Acts 1977, 65th Leg., p. 604, ch. 216, § 9, eff. May 23, 1977.]

Nothing in this chapter shall be construed to give a registrant of an assumed business or professional name any right to use the name when contrary to the common law or statutory law of unfair competition, unfair trade practices, common law copyright, or similar law. The mere filing of an assumed business or professional name certificate pursuant to this chapter shall not constitute actual use of the assumed name set out therein for purposes of determining priority of rights.

SUBCHAPTER A. GENERAL PROVISIONS

§ 3.02. Definitions and Qualifications of Terms

(a) In this chapter, unless the context clearly requires a different meaning, the words and phrases defined below in this section shall have the meanings hereinbelow given.

[See Compact Edition, Volume 1 for text of a(1) and a(2)]

(3) "Employee" means any person employed to render service on a full-time, regular salary basis by the governing board of any school district created under the laws of this state, by any county school board, by the State Board of Trustees of the Retirement System, by the State Board of Education, by the Central Education Agency, by the board of regents of any college or university, or by any other legally constituted board or agency of any public school.

(4) "Employer" means the State of Texas or any of its designated agents or agencies responsible for public education, to include those boards and agencies listed in Subsection (a)(3) of this section.

(5) "Member" means any employee included in the membership of the retirement system in accordance with this chapter.

(6) "State Board of Trustees" means the board established to administer the retirement system under the terms of this chapter.

(7) "Service" means service as an employee as defined in this section.

(8) "Prior service" means service by such person as an employee prior to:

(A) September 1, 1937, as relates to any person who became a member or who at any time on or before August 31, 1949, was eligible for membership in the retirement system; or

(B) September 1, 1949, as relates to any person who for the first time became eligible for membership in the retirement system on or after September 1, 1949.

(9) "Membership service" means service rendered as an employee while a member of the retirement system.

(10) "Creditable service" means the prior service, membership service, developmental leave, out-of-state service, and military duty for which a member of the retirement system is entitled to credit under the provisions of this chapter.

(11) "Accumulated contributions" means the sum of all the amounts deducted from the compensation of a member and credited with the authorized interest to his individual account in the member savings account.

(12) "Annual compensation" means the compensation that is paid or payable to an employee by his employers for service during a school year, except that compensation in excess of $25,000 for school years after September 1, 1969, but before September 1, 1979, and compensation in excess of $8,400 for school years prior to September 1, 1969, shall not be included as annual compensation.

(13) "Military duty" means active duty in the Armed Forces of the United States, other than as a student in the service academies, which meets one of the following criteria:

(A) the active duty was rendered as a direct result of being inducted into the Armed Forces or of first enlisting for duty on a date when the federal government was actively inducting personnel into the Armed Forces pursuant to federal draft laws;

(B) the active duty was rendered as a reservist or a member of the National Guard who is ordered to duty under the authority of federal law; or

(C) the active duty was rendered during a period when the federal government was actively inducting personnel into the Armed Forces pursuant to federal draft laws.

(14) "Retirement" means withdrawal from service with a retirement benefit granted under the provisions of this chapter.

(15) "Beneficiary" means any person receiving an annuity, retirement benefit, or other benefit provided in this chapter.

(16) "Designated beneficiary" means any person nominated to receive in case of a member's or annuitant's death any benefit payable after such death under the provisions of this chapter.

(17) "Standard annuity" shall have the meaning given such term by the laws in effect on a member's date of retirement for retirement benefits and on a member's date of death for death benefits. For benefits payable by reason of retirement or death on or after May 31, 1977, "standard annuity" means an annuity payable in equal monthly installments aggregating in twelve months and calculated as follows: two percent for each year of prior service credit and membership service credit multiplied by the member's "best-five-years-average compensation."

(18) "Best-five-years-average compensation" means the average annual compensation received by the member as an employee during the 5 years of membership service (whether or not consecutive) in which the member earned the highest annual compensation. Compensation in excess of the limits established in the definition of "annual compensation" shall be excluded in calculating the "best-five-years-average compensation" except that such average for a person retiring on or after the date that such limits are removed shall be based on actual compensation paid or payable for service as an employee.

(19) "School year" means the year beginning on or about September 1 of any calendar year and ending August 31 of the following calendar year. However, the school year for a member whose contract year begins on or after July 1 and extends after August 31 of the same calendar year shall commence from the beginning date of the contract for the school year, but in no case may the school year include more than twelve months. The employer shall certify annually the beginning date of the member's contract in such form and under such procedures as may be required by the Board of Trustees.

(20) "Actuarial equivalent" of any benefit means a benefit of equal monetary value when computed upon the basis of annuity or mortality tables and on an interest or discount rate adopted by the State Board of Trustees for such purpose from time to time and in force at the time the benefit is originally entered upon.

(21) "Developmental leave" means an absence from service for a school year which is approved by a member's employer for study, research, travel, or other purpose designed to improve the member's professional competence as determined by the employer.

(b) In case of doubt the State Board of Trustees of the retirement system shall determine whether a person is an employee within the contemplation of this chapter.

(c) In cases where the annual compensation includes maintenance, the retirement system shall fix the value of that part of the compensation not paid in money.

[Amended by Acts 1975, 64th Leg., p. 122, ch. 57, § 1, eff. April 18, 1975; Acts 1975, 64th Leg., p. 2373, ch. 732, § 1, eff. June 21, 1975; Acts 1977, 65th Leg., p. 1013, ch. 377, § 1, eff. June 10, 1977; Acts 1979, 66th Leg., p. 1174, ch. 570, §§ 1, 2, eff. Aug. 27, 1979.]

Section 2 of ch. 732 provided:

"The annual compensation beginning with the 1970–71 school year for members who retire after the effective date of this Act may be adjusted to conform to the provisions of Section 1 of this Act in accordance with such rules and procedures as the Board of Trustees shall adopt."

Section 16 of the 1979 amendatory act provided:

"In addition to the amounts authorized by Section 3.58 of the Texas Education Code the legislature may appropriate from the General Revenue Fund an amount to finance the actuarially determined liability created by the enactment of Sections 1 and 2 of this Act."

§ 3.03. Membership

(a) All persons who on the effective date of this code were members of the Teacher Retirement System of Texas shall continue as members subject to the provisions of this chapter, except as provided in

Subchapter G of Chapter 51 of the Texas Education Code.[1]

(b) Every employee in any public school or other branch or unit of the public school system of this State is a member of the retirement system as a condition of his employment. This subsection shall not apply to require membership of any person who

(1) has heretofore, pursuant to authority of former laws, executed and filed a waiver of membership in the retirement system; however, any such person may elect to become a member at the beginning of any school year, but shall not be entitled to credit for prior service unless payments for the waived service are made as provided in Section 3.25 of this code;

(2) was or may be for the first time employed at 60 years of age or older; however, such person may elect to become a member of the retirement system as of the effective date of employment by notifying his employer and the State of Board of Trustees within 90 days from the effective date of employment;

(3) elects to participate in the retirement program provided by Subchapter G of Chapter 51 of the Texas Education Code; or

(4) is solely employed by a public institution of higher education which requires as a condition of employment that the person be enrolled as a student in that institution; such employment shall be excluded from membership coverage beginning September 1, 1977.

[Amended by Acts 1977, 65th Leg., p. 1016, ch. 377, § 3, eff. June 10, 1977.]

SUBCHAPTER B. CREDITABLE SERVICE

§ 3.21. Determination

[See Compact Edition, Volume 1 for text of (a)]

(b) Years of service on which the amounts of a benefit is based shall consist of the number of years of creditable service as defined in this chapter to which the member is entitled. Such service credits shall be determined and regulated by Sections 3.22–3.27 of this code.

[Amended by Acts 1977, 65th Leg., p. 1016, ch. 377, § 4, eff. June 10, 1977.]

§ 3.22. Prior Service Credits

(a) Under the rules and regulations adopted by the State Board of Trustees, each person on becoming a member of the retirement system for the first time shall file a detailed statement of all his prior service.

[See Compact Edition, Volume 1 for text of (b) to (d)]

(e) Any member who has credit for five years of membership service and who has no unpaid waived, withdrawn, or delinquent service shall be entitled to credit for prior service.

[See Compact Edition, Volume 1 for text of (f)]

[Amended by Acts 1977, 65th Leg., p. 1016, ch. 377, § 5, eff. June 10, 1977.]

§ 3.23. Creditable Service

(a) Under such rules and regulations as the State Board of Trustees may adopt, a member shall be allowed membership service credit for each year of service rendered in accordance with the provisions of this chapter if he has made and maintained with the retirement system all deposits and payments required by this chapter or prior existing laws.

(b) Any member who performed one or more years of military duty while a member of the retirement system shall be permitted to deposit to his individual account in the member savings account for each year of duty an amount equal to his deposits made with the retirement system during the last preceding full year of service as an employee. He shall then be entitled to one year of creditable service for each year of military duty.

(c) Any member who performed one or more years of military duty prior to becoming a member of the retirement system shall be permitted to deposit to his individual account in the member savings account for each year of such military duty an amount equal to his deposits made with the retirement system during the first full year of service as an employee after becoming a member of the retirement system. He shall then be entitled to one year of creditable service for each year of military duty.

(d) In addition to the deposits required for the creditable service authorized in Subsections (b) and (c) of this section, the member shall be required to pay a fee of five percent per annum of such deposits from the date the member became eligible to make the deposit for credit until the date of deposit. Fees shall be credited to the state contribution account.

(e) A member shall not make deposits for military duty until he has credit for 10 years of actual service in the public schools of Texas and shall not be eligible for more than five years of credit for such duty.

[Amended by Acts 1975, 64th Leg., p. 122, ch. 57, § 2, eff. April 18, 1975; Acts 1977, 65th Leg., p. 1016, ch. 377, § 6, eff. June 10, 1977.]

Section 1 of the 1975 amendatory act amended Section 3.02; § 3 thereof provided: "Notwithstanding the provisions of Section 4 of this Act [emergency provision], the fee provided by Section 2 of this Act to be incorporated in Subsection (d), Section 3.23, Texas Education Code, shall become effective on September 1, 1975."

§ 3.25. Reinstatement of Service Credits

(a) Any employee who has executed a waiver of membership in the retirement system shall have the privilege of electing to receive full membership service credit, provided such employee after becoming a member of the retirement system shall deposit all back deposits, assessments, and dues which he would have paid or deposited had he been a member of the retirement system during each of the years he actually was employed in the public schools following the date on which he first became eligible for membership in the retirement system, together with interest from the date each amount was payable at the rate of five percent per annum. The interest shall be credited to the state contribution account.

(b) Any member who terminates or has terminated membership in the retirement system by withdrawal of deposits or by absence from service shall have the privilege of reinstating such terminated membership by rendering service during current membership for two subsequent consecutive creditable years or for a subsequent continuous period equal in duration to the period from the date of the relevant withdrawal to the beginning date of such period of creditable service, whichever is shorter, and by depositing the amount withdrawn plus membership fees for the years during which membership was terminated plus a reinstatement fee of five percent per annum from the date of withdrawal to date of redeposit. The reinstatement fee shall be credited to the state contribution account.

(c) Any person who terminates or has terminated membership in the retirement system by retiring under the provisions of Section 3.31 of this chapter shall have the privilege of reinstating such terminated membership by rendering service for five consecutive years and depositing an amount equal to service retirement benefits received plus a reinstatement fee of five percent per annum from the date of his return to employment to the date of redeposit and an amount equal to the percentage of each year's annual compensation which would have been deducted had the person been an active member of the retirement system after his return to employment plus a reinstatement fee of five percent per annum on such percentage of compensation from the end of the respective year of service to the date of deposit plus membership fees for the years after his return to employment. Upon payment of the amount required by this subsection the reinstated member shall receive credit for each year's service both before and after his initial retirement. Reinstatement fee shall be credited to the state contribution account.

(d) The amounts to be deposited shall be determined in each case by the State Board of Trustees and no person shall be granted retirement upon such service credits until the amount so determined is paid in full.

[Amended by Acts 1975, 64th Leg., p. 36, ch. 19, § 1, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1017, ch. 377, § 7, eff. June 10, 1977.]

Sections 2 to 9 of the 1975 Act amended Sections 3.26, 3.33, 3.34, 3.36, 3.37, 3.52 and 3.57; §§ 10, 11 thereof provided:

"Sec. 10. Notwithstanding the provisions of Section 12 of this Act, the fees and interest charges provided by Sections 1, 2, and 9 of this Act to be incorporated in Subsections (b) and (c) of Section 3.25, Subsection (b) of Section 3.26, and Subsection (g) of Section 3.57, Texas Education Code, shall become effective on September 1, 1975. Until that date the fees and interest charges, if any, in effect immediately prior to the adoption of this Act shall be continued."

"Sec. 11. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

§ 3.26. Purchase of Credit for Out-of-State Service

(a) Any member of the retirement system who has been employed in any public school system maintained in whole or in part by any other state or territory of the United States or by the United States for children of United States citizens may purchase equivalent membership service credits under this retirement system for such service. Specifically excluded from out-of-state service credit is service while a member of the Armed Forces rendered at any public school, for which service the member was compensated by the United States.

(b) For each year that out-of-state service credit is desired, the member shall deposit to his individual account with the retirement system 12 percent of the rate of annual compensation received during his first year of service as an employee of the public schools of this state which is both after the out-of-state service and September 1, 1956, or, in the event the member has no creditable service in Texas after September 1, 1956, 12 percent of his rate of annual compensation during his last creditable year of service in Texas prior to that date and subsequent to the out-of-state service. In addition the member shall pay a fee at the rate of five percent per annum of the amount which the member is eligible to deposit for each year of credit under Subsection (c)(1) of this section. Such fee shall accrue on each amount from the date the member is first eligible to make the deposit for credit until the date of deposit, except that no fees shall begin to accrue before the member completes 10 years of actual service in the public schools in Texas. A deposit for at least one year's credit including fees attributable to that credit must be made with the initial application and all payments for out-of-state service for which credit is desired must be made before retirement.

(c) For each year that deposits are made, the member shall be granted immediately upon payment of the required deposit and fees one year's member-

ship service credit subject, however, to the special conditions which are:

(1) No person shall be allowed to acquire credits on the basis of employment outside this state in excess of one year for each one year of service in Texas.

(2) No more than 10 years' total credit can be purchased under the provisions of this section.

(d) No member shall be entitled to purchase credit under this section until he has actually rendered at least 10 years of creditable service in Texas, excluding any credit for non-Texas employment. Equivalent membership service credits granted for out-of-state service shall not be used in computing the member's "best-five-years-average compensation."

(e) All such deposits shall be credited, pending retirement, to the member's individual account in the member's savings account. Fees for deposits made after the member becomes eligible for purchase of this credit shall be credited to the state contribution account.

[Amended by Acts 1975, 64th Leg., p. 37, ch. 19, § 2, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1018, ch. 377, § 8, eff. June 10, 1977.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.27. Purchase of Credit for Developmental Leave

(a) Any member of the retirement system with five years of service who subsequently takes a developmental leave may purchase equivalent membership service credit for up to two years of such leave, provided the member is rendering service as an employee of a Texas public school at the time of the purchase.

(b) On or before the date a member takes a developmental leave, the member shall file with the retirement system a notice of intent to take developmental leave, and the member's employer shall file a certification that the leave satisfies the requirements of developmental leave as defined in this chapter.

(c) To purchase credit for a developmental leave, the member shall deposit to his individual account with the retirement system an amount equal to

(1) the same percentage of annual compensation as required in this chapter for member contributions, based on the member's annual rate of compensation earned during the last creditable year of service preceding the developmental leave; plus

(2) the amount which the State of Texas would have contributed under this chapter if the member had received such rate of annual compensation for employment during the year in which the leave was taken; plus

(3) the membership fee in effect during the year the developmental leave is taken.

All amounts deposited shall be credited to the member savings account except that membership fees shall be credited to the expense account.

(d) No deposits for purchase of developmental leave credit may be made after the end of the first creditable school year following the developmental leave. Developmental leave credit may not be counted toward any service retirement benefit calculation until the member obtains 10 years of credit for actual service in the public schools of Texas. In the event such credit is not counted the accumulated deposits in the member's individual account attributable to the deposit for developmental leave credit and any fees attributable to such years shall be paid to the member or his beneficiary, if applicable. [Added by Acts 1977, 65th Leg., p. 1019, ch. 377, § 9, eff. June 10, 1977.]

§ 3.28. Repealed by Acts 1979, 66th Leg., p. 1175, ch. 570, § 3, eff. Aug. 27, 1979

The repealed section, added by Acts 1977, 65th Leg., p. 1029, ch. 377, § 24, related to the purchase of service credit by distributive education teachers.

§ 3.29. Purchase of Credit for Service with Certain University Components

(a) Any member of the retirement system may purchase equivalent membership service credit for service as an employee of the following entities that was performed before the entities became components of The University of Texas System:

(1) the Callier Center for Communication Disorders, now a part of The University of Texas at Dallas; or

(2) the Houston Speech and Hearing Center, now a part of The University of Texas Health Science Center at Houston.

(b) To purchase credit under this section, a member shall deposit with the retirement system for each year for which credit is sought an amount equal to the sum of:

(1) 12 percent of the rate of the member's annual compensation during the first full 12 months of service as a member of the retirement system that is after the date the service for which credit is sought was performed; plus

(2) a fee computed at the rate of five percent a year of the amount determined under Subdivision (1) of this subsection from the date the service for which credit is sought was performed to the date of deposit; plus

(3) any membership fees that would have been paid had the service for which credit is sought been performed as a member of the retirement system.

(c) The retirement system shall credit deposits made under this section to the member's individual account in the member savings account, except that membership fees shall be credited to the expense account.

(d) The retirement system shall count credit established under this section in determining eligibility for all benefits payable by the retirement system. [Added by Acts 1979, 66th Leg., p. 440, ch. 200, § 1, eff. Aug. 27, 1979.]

SUBCHAPTER C. BENEFITS

§ 3.31. Service Retirement Benefits

(a) The date of retirement for any eligible member shall be the last day of any month in which he makes written application to the State Board of Trustees, or in which he satisfies the age and service requirements of this subsection, whichever is later. A member who retires after the effective date of this chapter shall be eligible to retire with a standard service retirement benefit consisting of one of the following:

(1) a standard annuity payable in monthly installments during such retired member's life, provided he has completed 10 or more years of creditable service and has attained the age of 65 years;

(2) a standard annuity payable in monthly installments during such retired member's life, provided he has completed 20 or more years of creditable service and has attained the age of 60 years;

(5) a percentage of the standard annuity reduced for early retirement as shown in the table included in Subsection (a)(4) of this section at any age provided he has completed at least 30 years of creditable service. The State Board of Trustees shall extend the table in Subsection (a)(4) of this section to ages earlier than 55 years by decreasing the percentage by two percent for each year of age of the member under 55 years.

(b) The State Board of Trustees may adopt tables which reduce benefits for early retirement by each month of age, but such tables shall be limited to interpolations between the percentages for each year of age provided in this section.

(c) In lieu of any service retirement benefit allowable under Subsection (a) of this section, a member may elect, by giving notice to the State Board of Trustees in writing before the date fixed for retirement, to receive the actuarial equivalent of the benefit in the form of a reduced monthly amount payable throughout his lifetime, with provision for:

(1) Option One: on his death, the same monthly payments shall be made to and continued throughout the life of the person nominated by the member's written designation filed with the State Board of Trustees prior to his retirement; or

(2) Option Two: on his death, one-half of the same monthly payments shall be made to and continued throughout the life of the person nominated by the member's written designation filed with the State Board of Trustees prior to his retirement; or

(3) Option Three: on his death before 60 monthly payments have been made, they shall continue to the designated beneficiary until the remainder of the 60 payments have been made; or

(4) Option Four: on his death before 120 monthly payments have been made, they shall continue to the designated beneficiary until the remainder of the 120 payments have been made.

(d) A member shall in any event be entitled to a minimum benefit of $6.50 per month for each year of prior service credit and membership service credit or to its actuarial equivalent if the member has selected an option. Such minimum benefit is subject to the appropriate percentage reduction for early retirement, if applicable. A member who retires on or after attaining 65 years of age shall be entitled to such minimum benefit or to $75 per month, whichever is greater, or to the actuarial equivalent thereof.

(e) No annuity payment authorized under the provisions of this chapter shall be made for any fraction of a month in which the annuitant dies.

(f) At any time before his date of retirement a member by giving written notice to the State Board of Trustees may revoke his application for retirement and may make, revoke, or change his selection of an option as provided in Subsection (c) of this section. Except as specifically provided in this chapter, no person who has retired under the provisions of this chapter may revoke his retirement nor make, revoke, or change his selection of an option under Subsection (c) of this section.

(g) No member may receive a service retirement benefit from the retirement system with less than 10 years of credit for actual service in the public schools except as provided in Chapter 573, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6228i, Vernon's Texas Civil Statutes), and Chapter 75, Acts of the 54th Legislature, Regular Session, 1955, as amended (Article 6228a–2, Vernon's Texas Civil Statutes).

[Amended by Acts 1975, 64th Leg., p. 7, ch. 6, § 1, eff. Feb. 13, 1975; Acts 1977, 65th Leg., p. 1019, ch. 377, § 10, eff. June 10, 1977.]

Section 2 of the 1975 Act provided: "Section 1 of this Act applies to benefits payable on the last day of February, 1975, and subsequent months."

See, also, note under Section 3.38.

Section 29 of the 1977 amendatory act provided:

"Should this Act become effective at a date later than May 31, 1977, the retirement benefits payable on or after such later effective date to persons who retired on May 31, 1977, or thereafter shall be recalculated as if the member had retired under the provisions of Chapter 3 of the Texas Education Code as amended by this Act. Should this Act become effective on a date later than June 30, 1977, the increases in monthly benefits provided for persons in Section 16 of this Act shall become effective with the first monthly payment due on or after such effective date."

§ 3.32. Disability Benefits

(a) A member or the legal representative of a member may apply for the disability benefits provided in this section. The member shall make application for disability benefits and shall submit the results of a medical examination on forms prescribed by the retirement system and shall submit such additional information relating to the disability as the retirement system may by rule prescribe or as the medical board may require in an individual case. The member shall be retired on the applicable disability benefit upon the certification by the medical board that the member is mentally or physically disabled from the further performance of duty and that such disability is probably permanent.

The date of retirement on a disability for a member shall be the last day of the month in which the member made application or terminated employment, whichever is later. However, the member shall have 30 days following the certification of disability by the medical board in which to make deposits for any withdrawn account, waiver, out-of-state service, military duty, transferred state service, or other special service.

[See Compact Edition, Volume 1 for text of (b)]

(c) If the member has 10 or more years of creditable service, but is not eligible for service retirement without reduction, he shall receive for the duration of his disability the standard annuity calculated on the basis of his creditable service to date of retirement, or $6.50 per month for each year of service, whichever is greater. In the event the disability retirement occurs after or continues until he attains 60 years of age, his disability shall be conclusively presumed continuous for the remainder of his life.

(d) Once each year during the first five years following disability retirement and once every three years thereafter, the State Board of Trustees may require any member who retired on a disability benefit and who has not yet attained age 60 to undergo a medical examination by a physician or physicians designated by the medical board. Should he refuse to submit to at least one such medical examination during any authorized examination period, his benefit shall be discontinued until he consents to an examination.

(e) If a person under 60 years of age who is receiving a disability retirement benefit is restored to active service, if such person refuses to submit to a required medical examination for more than one year, or if the medical board certifies to the State Board of Trustees that he is no longer physically or mentally disabled from further performance of duty and the State Board of Trustees concurs, his benefit shall be discontinued, he shall again become a member of the retirement system and the sum in his account before disability retirement, less all disability benefits paid to him, shall be transferred from the retired reserve account to his individual account in the member savings account. On restoration to membership, any creditable service used to compute a member's benefit when he retired shall be restored to full force and effect.

(f) If a person receiving a disability retirement benefit is gainfully employed, his benefit shall be suspended or reduced to an amount by which his salary earned during his last year of creditable service exceeds his present earnings. Should his earnings later change, his benefit may be further modified, but shall never exceed his original benefit. To enforce the provisions of this subsection the State Board of Trustees shall adopt rules for reporting of income by each such person.

(g) No member eligible for service retirement without reduction shall be allowed to retire on a disability benefit.

(h) The medical board may rule on an application for disability in a regular or special meeting or by mail, telephone, telegraph, or other suitable means of communication.

[Amended by Acts 1977, 65th Leg., p. 1021, ch. 377, § 11, eff. June 10, 1977.]

§ 3.33. Beneficiary Designation

(a) Any member or annuitant may name one or more persons as his designated beneficiary to receive the benefits payable under this chapter in the event of his death, except in the case of an Option One or Option Two retirement benefit for which only one person may be designated as beneficiary. The designation of beneficiary must be in writing on a form prescribed by and filed with the retirement system. In like manner the member or annuitant may change or revoke a designation previously made, except that the beneficiary designations for Option One and Option Two retirement annuities may not be changed or revoked after the date of retirement. Unless the written designation of the retired member clearly indicates an intention to the contrary or the provisions of law require otherwise, the latest effective beneficiary designation shall be presumed to apply to all benefits payable upon the death of a member or retired member. The retirement system may provide for the designation of alternate beneficiaries.

(b) In the event a member or annuitant fails to designate a beneficiary, or a designated beneficiary does not survive the member or annuitant, or a designated beneficiary files with the retirement system a written waiver of any claim to amounts payable upon the death of the member or annuitant on a form satisfactory to the retirement system, benefits payable upon the death of the member or annuitant, other than payment under retirement Option One and Option Two, and election rights to survivor benefits, if applicable, shall be made available to one of the following classes of persons in the following order of precedence:

(1) any surviving joint designated beneficiaries;

(2) if none of the above, any alternate beneficiaries;

(3) if none of the above, the surviving spouse of the deceased;

(4) if none of the above, the children of the deceased or their descendants by representation;

(5) if none of the above, the parent or parents of the deceased in equal portions;

(6) if none of the above, the duly appointed executor or administrator of the estate of the member or annuitant;

(7) if none of the above, to such persons as are entitled to the distribution of the estate of the deceased member or annuitant under the laws of his domicile at the date of death.

(c) If, within one year of death, no claim for payment of benefits has been received by the retirement system from a person entitled under the designation or order of precedence provided in this section, payment of benefits, except for benefits under retirement Option One and Option Two, may be made in the order of precedence as if the person had predeceased the deceased member or annuitant. Payment under this subsection bars recovery by any other person. If, within four years after death, payment has not been made under this chapter and no claim for such payment is pending, the accumulated contributions of the deceased member or the balance of the reserve for the retired annuitant escheat to the benefit of the fund and shall be transferred to the state contribution account.

(d) No benefit payable upon the death of a member or other annuitant under this chapter shall be paid to a person convicted of causing that death but shall instead be paid to the person or persons who would be entitled to the benefit had the convicted killer predeceased his victim. Any person who becomes eligible under this subsection to elect among death or survivor benefit options provided by this chapter shall be entitled to select among options available as if such person were the designated beneficiary. Any annuity calculated in part on the life of the convicted killer shall be reduced to a lump sum equal to the present value of the remainder of the annuity, and such sum shall be paid to the person authorized under this section to receive the death or survivor benefit. The retirement system shall not be responsible for the payment of benefits pursuant to the provisions of this subsection unless it receives actual notice of the conviction of the beneficiary; however, the retirement system may delay payment of any benefit due upon the death of a member or annuitant pending the results of a criminal investigation and of legal proceedings against the beneficiary for causing that death. For the purposes of this chapter, a person shall be deemed to have been convicted of causing the death of a member or other annuitant when the person pleads guilty, pleads nolo contendere, or is found guilty by judge or jury of the said crime. The sentence which may or may not be probated shall have no bearing. The conviction shall be considered final when there are no appeals pending and the time for appeal has expired.

(e) A trust may be named as a beneficiary under the provisions of this chapter. For purposes of the calculation of, eligibility for, and duration of benefits, the beneficiary of the trust shall be considered as the designated beneficiary of the member. The trustee shall exercise any election rights to benefit options and name any subsequent beneficiaries. A trust with multiple beneficiaries may not receive benefits to which multiple designated beneficiaries are not entitled.

[Amended by Acts 1975, 64th Leg., p. 38, ch. 19, § 3, March 20, 1975; Acts 1977, 65th Leg., p. 1022, ch. 377, § 12, eff. June 10, 1977; Acts 1979, 66th Leg., p. 1175, ch. 570, § 4, eff. Aug. 27, 1979.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.34. Death Benefits

(a) If a member dies before retirement and during any school year in which he is in service, his eligible designated beneficiary shall be paid, at the beneficiary's election, the greatest of the following amounts in the manner the State Board of Trustees by rule may prescribe:

(1) the annual compensation of the member for the preceding school year not to exceed $25,000; or

(2) the rate of annual compensation of the member for the current school year not to exceed $25,000; or

(3) 60 monthly payments equal to the monthly installments of a standard annuity (calculated as provided in Section 3.02(a)(17) of this code); or

(4) an annuity payable for the designated beneficiary's life with payments equal to those under Option One in Section 3.31(c)(1) of this code had the member retired at the end of the month preceding his death; or

(5) the accumulated contributions of the member's member savings account.

(b) If a member dies during an absence from service, his designated beneficiary shall be paid:

(1) the same benefits payable upon the member's death in active service if the absence of the member from service was due to sickness, accident, or other cause which the State Board of Trustees determines to be involuntary or in furtherance of the objectives or welfare of the public school system, or during a period when he was eligible to retire or would become eligible without further service to retire within five years of his last covered employment; or

(2) the accumulated contributions in the member's individual account if the absence of the member from service was not the result of sickness, accident, or other justifiable cause determined in this chapter.

(c) Death benefit annuities shall only be available when the deceased member has sufficient creditable service to receive service retirement benefits under the provisions of this chapter upon reaching retirement age. Multiple beneficiaries shall not be eligible to elect the life annuity death benefit. For the purpose of determining the life annuity for death benefits the State Board of Trustees shall extend the table in Section 3.31(a)(3) to ages earlier than age 55 by decreasing the percentage to the actuarial equivalent of the age 55 benefit and shall extend the table in Section 3.31(a)(4) to ages earlier than the earliest retirement age provided by law to the actuarial equivalent of the benefit at the earliest retirement age.

[Amended by Acts 1975, 64th Leg., p. 38, ch. 19, § 4, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1024, ch. 377, § 13, eff. June 10, 1977.]

For effective date and severability provisions, see note under Section 3.25.

(1) if the designated beneficiary is the spouse or dependent parent of the deceased member, he may elect to receive for life a monthly benefit of $75 commencing at age 65 or immediately if the beneficiary has already attained that age; or

(2) if the designated beneficiary is the spouse of the deceased and has one or more children under 18 years of age or has the custody of one or more children of the deceased under 18 years of age, he may elect to receive a monthly benefit of $150 until the youngest child attains the age of 18 years, and at that time all payments shall cease until the beneficiary attains age 65 when he shall receive for life a monthly benefit of $75; or

(3) if the designated beneficiary or beneficiaries are the deceased's dependent children under the age of 18 years, they may, on election of their guardian, receive a total monthly benefit of $150 so long as there are two or more such children under 18 years of age; thereafter, when there is only one child remaining under 18 years of age, he may receive $75 per month until attaining 18 years.

(b) If the designated beneficiary is a spouse or dependent parent of the deceased, the benefits payable under Subsection (a)(1) and (2) of this section shall cease upon the beneficiary's death or remarriage; in that event, however, payment of the benefits provided in Subsection (a)(3) of this section will commence if applicable.

§ 3.36. Benefits Payable Upon Death After Retirement

Text of section effective September 1, 1980

(a) If a retired member dies while receiving a retirement benefit, his eligible designated beneficiary shall be entitled to the same survivor benefits provided for designated beneficiaries of members in active service at death. Any benefit payable to the designated beneficiary under a service retirement option previously elected by the deceased shall not be affected by the beneficiary's eligibility for survivor benefits. The lump sum payment of $1500 shall be made regardless of the beneficiary's eligibility for any other survivor benefit.

(b) If a member retires upon a disability retirement benefit and dies while drawing his benefit, his beneficiary may elect to receive, in lieu of the benefit provided in Subsection (a) of this section, the same death benefit to which he would have been entitled had the deceased been in active service at death.

(c) A widow or widower, as designated beneficiary of a member of the retirement system with 25 or more years of creditable service who died prior to April 8, 1957, shall be entitled to receive survivor benefits provided in this chapter for beneficiaries of members with a creditable year of service, except that the lump sum amount shall not be payable, and provided that such beneficiary did not receive or is

not receiving a death benefit other than the return of the member's deposits plus accumulated interest.

(d) Any widow or widower, as designated beneficiary of a retired member who did not have a creditable year of service after November 23, 1956, and who died prior to August 23, 1963, while receiving a retirement annuity from the retirement system, shall be entitled to receive survivor benefits provided elsewhere in this chapter, except that the lump sum amount shall not be payable.

(e) Benefits provided in Subsections (c) and (d) of this section shall become effective on the last day of the month in which the qualified beneficiary applies to the retirement system in such form as may be prescribed by the State Board of Trustees and payments shall be due from and after that date only, and the same age requirements specified elsewhere in this chapter shall apply to the provisions of these subsections.

(f) The amount of monthly benefits payable to retired members or their beneficiaries, to members retired on a disability, or to beneficiaries of deceased members pursuant to Section 3.31, Subsection (c) of Section 3.32, and Subsections (a)(3) and (a)(4) of Section 3.34 of this chapter, as amended, shall be increased by a percentage of the amount otherwise payable under the provisions of this chapter, including previously enacted applicable increases, in effect immediately prior to the effective date of this sub-

section. The amount of such percentage increase shall be as follows: 18 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to March 31, 1969; 12 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to May 31, 1971, but on or after March 31, 1969; 5 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to September 1, 1973, but on or after May 31, 1971. Annuity payments forfeited pursuant to this chapter are subject to the increases provided in this subsection with respect to both the transfer required in Section 3.53 of this chapter and any resumption in due course of such payments to the retired member or beneficiary.

(g) Upon the conditions hereinafter stated, the monthly benefits other than survivor benefits payable to retired members or their beneficiaries, to members retired on a disability with 10 or more years of membership service, or to beneficiaries of deceased members each of whose respective date of retirement or death occurred before May 31, 1977, shall be increased effective with the June, 1977, benefit payment. The amount of the increase shall be computed by multiplying each year of the member's creditable service by the sum of 75 cents plus two cents for each year between the accrual of the benefit and August 31, 1977. The reduction factors for early age retirement and for retirement under an option shall be applicable to the increases provided in this section. Any person also eligible for an increase by the application of Subsection (h) of this section to the June, 1977, benefit payment shall be entitled to the greater of the two increases only. The increase in benefits provided in this subsection shall become effective upon the appropriation and payment of $60,851,000 to the Teacher Retirement System of Texas to finance the increase. The increase shall continue in effect only until funds in the Benefit Increase Reserve Account attributable to this appropriation are exhausted, or if an additional amount of $60,851,000 is appropriated and paid to the Teacher Retirement System of Texas before the end of September, 1979, the increase shall continue for the duration of the benefit on which the increase is based pursuant to existing or future laws. Such appropriations shall be in addition to the state contribution provided by Section 3.58 of this chapter.

(h) Effective with the June, 1977, benefit payment, the monthly service retirement benefits of all retired members or their beneficiaries and of all members who have qualified for disability benefits shall equal at least the minimum benefits payable to a person whose retirement or qualification for disability benefits is effective at the end of that month. Effective with the June, 1977, benefit payment, death benefits based upon the retirement benefit minimums to which the deceased member would have been entitled and survivor benefits shall be increased to the amounts which would have been payable had the deceased member died at the end of that month. The reduction factors provided for early age retirement and for retirement under an option shall be applicable to minimum benefits payable under this section.

(i) Beginning with the September, 1979, benefit payment, monthly benefits except survivor benefits, shall be increased by a percentage of the payment otherwise due under this chapter as follows: 20 percent if retirement, or death in the case of death benefit annuities, occurred before March 31, 1969, 10 percent if retirement, or death if applicable, occurred on or after March 31, 1969, but before September 1, 1973, and 5 percent if retirement, or death if applicable, occurred on or after September 1, 1973, but before May 31, 1977.

Effective with the September, 1979, payment, monthly survivor benefits shall be increased to the amounts in effect for beneficiaries of members or retired members who die on or after September 1, 1980. The increase provided in this section for all benefits except survivor benefits shall become effective only upon the appropriation of $149,455,000 to the Teacher Retirement System of Texas to finance that increase. The increase in survivor benefits provided in this section shall become effective only upon the appropriation of $11,727,000 to finance that increase, and such amount shall be deposited in the retired reserve account. Appropriations authorized by this section must be in addition to the state contribution provided by Section 3.58 of this chapter. Should an amount less than the amount required to fund the increases provided by this Act be appropriated, the general appropriations bill may specify rates of increases other than those provided by this Act. If the rates of increases are not specified in the general appropriations bill, the State Board of Trustees shall adjust the rates of increases accordingly to rates which the actual amount appropriated will fund.

"Sec. 5. The amount of monthly benefits payable under the Teacher Retirement System to retired members or their beneficiaries, to members retired on a disability, or to beneficiaries of deceased members pursuant to Section 3.31, Subsection (c) of Section 3.32, and Subsections (a)(3) and (a)(4) of Section 3.34 of the Texas Education Code, as amended, shall be increased by a percentage of the amount otherwise payable under the provisions of Chapter 3 of the code, as amended, including previously enacted applicable increases, in effect immediately prior to the effective date of this section. The amount of such percentage increase shall be as follows: 18 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to March 31, 1969; 12 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to May 31, 1971, but on or after March 31, 1969; 5 percent if

Annuity payments forfeited pursuant to Chapter 3 of the Texas Education Code, as amended, are subject to the increases provided in this section with respect to both the transfer required in Section 3.53 of the code and any resumption in due course of such payments to the retired member or beneficiary.

"Sec. 6. Section 5 of this Act applies to benefits payable on the last day of February, 1975. Such increases in benefits shall be paid through the last day of the month in which the proposed amendment to the constitution is voted on by the qualified voters of this state, but not later than November 30, 1975, and shall not continue to be paid thereafter unless the qualified voters adopt the constitutional amendment.

"Sec. 7. Contingent on the adoption of the constitutional amendment, there is hereby appropriated from the General Revenue Fund to the Teacher Retirement System of Texas $98 million in addition to the amounts required by Section 3.58 of the Texas Education Code, such sum having been actuarially determined to be the amount necessary to fund the increases in benefits herein provided for the duration of the life expectancy of the annuitants eligible to receive such increases. The State Comptroller of Public Accounts, on adoption of the constitutional amendment, shall transfer this appropriated amount to the Teacher Retirement System of Texas for deposit in the system's retired reserve fund. In addition, there is hereby appropriated from the General Revenue Fund to the Teacher Retirement System of Texas $4 million which shall be transferred to the system immediately after the effective date of this Act."

§ 3.40. Waiver of Benefits

Under rules prescribed by the retirement system, any person entitled to benefits from the retirement system may waive all or a portion of them. A waiver or revocation of a waiver, if applicable, must be in writing on a form prescribed by the retirement system. The alternative beneficiary provisions of Section 3.33(b) of this chapter shall only apply if the waiver is irrevocable and is received by the retirement system before the first benefit payment is made to the person executing the waiver. A revocable waiver may be revoked only as to benefits payable after the date of revocation. Benefits not paid pursuant to a waiver shall be transferred to the state contribution account from the appropriate benefit reserve accounts.

§ 11.10. Regional Day Schools for the Deaf

(a) to (m) Repealed by Acts 1979, 66th Leg., p. 1326, ch. 602, § 35(a), eff. Aug. 27, 1979.

[See Compact Edition, Volume 1 for text of (n)]

(o) To carry out legislative intent and the objectives of subsections (n) and the following subsections of this Section 11.10, the Central Education Agency shall employ a director and assistant director of services to the deaf. The director of services to the deaf shall develop and administer a comprehensive statewide plan for deaf education services including continuing diagnosis and evaluation, counseling and teaching, and designed to accomplish the following objectives:

(1) Assisting and counseling parents of children of any age whose hearing is determined by professionally acceptable evaluation to be nonfunctional for education purposes, such assistance and counseling to be provided in each of the regional day school programs for the deaf hereinbelow authorized, and admitting all children between the ages of three and 21 whose hearing is determined by professionally acceptable evaluation to be nonfunctional for educational purposes to the regional day school programs for the deaf; and

(2) Enabling a majority or as many as may be practicable of deaf children to reside with their parents or guardians and be afforded compensatory education in their home school districts or in facilities of regional day school programs for the deaf; and

(3) Enabling deaf children who are unable to attend schools at their place of residence and whose parents or guardians live too far from facilities of regional day school programs for the deaf for daily commuting or to be accommodated five nights a week in foster homes or other residential school facilities provided for by the Central Education Agency in order that such children may attend a regional day school program for the deaf; and

(4) Enrolling in the Texas School for the Deaf at Austin or any other educational facility for the deaf as determined by the parents of deaf children only those children whose needs can best be met in that institution, designating the Texas School for the Deaf as the statewide educational resource for students to whom adequate educational opportunities are unavailable in local or regional programs; and

(5) Encouraging children enrolled in regional day school programs for the deaf who have demonstrated ability to do so to return to regular school classes on a part-time, full-time or trial basis. Supplemental aid from the regional day school program for the deaf shall be made available to such children; and

(6) Recognizing the need for development of oral communications abilities in deaf children and the ability of many to achieve high educational excellence through that method, but also recognizing the inability of some to gain their education successfully by this means, the comprehensive plan developed by the director of services to the deaf will call for the use of methods of communication which will best meet the needs of each individual deaf child in this state, with each child to be examined thoroughly so as to ascertain his potential for communications through oral means. The director of services to the deaf may establish separate programs to accommodate diverse communication methodologies.

[See Compact Edition, Volume 1 for text of (p)]

(q) It is the intent of the legislature that local resources be utilized to the fullest practicable extent in the establishment and operation of the regional day school programs for the deaf. The Central Education Agency is authorized and expected to contract with any qualified public or private organization or qualified individuals for diagnostic, evaluation and instructional services or any other services incidental to the education of deaf children, including transportation and/or maintenance.

The Central Education Agency shall employ educational and other personnel, may purchase or lease real or personal property, may accept gifts or grants of real or personal property or services from any source, public or private, including independent school districts and any institution of higher learning in this state, for the purpose of establishing and operating regional day school programs for the deaf.

The Central Education Agency may provide by rule or regulation that upon establishment of each regional school the countywide school(s) in that region shall become a part of the regional school operation and that all equipment, classroom supplies, and other personal property owned by the countywide schools shall become the property of the regional day school. When any such programs are combined, the directors and employees of the former countywide schools shall be employed in appropriate, substantially similar capacities within the regional day school program for that region.

(r) Except for certain transportation costs, costs of operation of the regional day school programs for the deaf shall be borne by the state and paid from the Foundation School Program Fund. Such costs shall be considered and included by the Foundation School Fund Budget Committee in estimating the needs for purposes of the Foundation School Program and the regional day school programs for the deaf. However, funds allocated to countywide schools shall remain so allocated except in those regions in which the countywide program has been made a part of the appropriate region, as aforesaid. Funds specially appropriated to the regional day school program by the General Appropriations Act of the 63rd Legislature, or any substitute therefor, shall be used so as to implement as completely as may be possible the provisions of this Act during the next biennium and in accordance with a budget of expenditures approved by the State Board of Education with the first funds, however, hereby required to be expended for staffing and planning of the regional day school program. Such funds may be used in conjunction with funds from the Foundation School Program Fund in accordance with rules and regulations adopted by the Central Education Agency, the allocation and reallocation of which is hereby authorized. While the principal cost of educating deaf children shall be borne by the state, independent school districts and all institutions of higher learning in the state are hereby authorized and encouraged to make available real or personal property or services in cooperation with the regional day school programs for the deaf for any activities related to education and betterment of education of deaf children including but not limited to research and personnel training and development. The school district in which a regional day school is located shall bear the costs of transporting students in the program who live within the district and is entitled to have those students counted in its allotment of transportation funds from the state. The regional day school program shall bear the costs of transporting children who live outside the district to the regional day school. It is the intent of the legisla-

ture in enacting this subsection that the use of all of the educational resources of this state be maximized to carry out the intent and objectives of this Act.

(s) Operating costs for the program in each regional day school program for the deaf shall be determined and paid on the following basis:

(1) An estimated allocation of $2,700 for each student enrolled in the program of the regional day school program for the deaf in any current year.

(2) Teachers, principals, supervisors, counselors, para-professional and supporting personnel shall be employed in such numbers as the Central Education Agency finds to be necessary to establish and operate the regional day school programs for the deaf, and such numbers shall not be less than student-professional ratios known to be requisite for success in education of deaf children. Salaries of all personnel employed in the regional day school programs for the deaf shall be determined in accordance with policies established by the State Board of Education.

(3) Local districts may receive allocations for transportation of students participating in the regional day school programs on the same basis as that provided for in Section 16.206 of this code.

(t) To assure effective implementation of this Act the Central Education Agency shall upon the passage of this Act institute planning and research designed to accomplish the intent and objectives set forth herein including employment of personnel considered essential to meet the operational date specified for this Act.

After receipt of a petition, the board shall hold a hearing. If after a hearing the board concludes that its findings should be changed, the board shall order the changes it finds appropriate and shall certify the changes to the commissioner of education. The board shall complete all protest hearings and certify all changes before January 1 of each odd-numbered year.

(e) A school district may appeal a determination of a protest by the board to the state district court within whose jurisdiction a majority of the area making up the school district is located.

If those statutes apply to the 1980 tax year, the board shall adjust the productivity values when the information becomes available in 1980 to show the actual amount of land that qualifies."

§ 11.87. Confidentiality

SUBCHAPTER C. PERSONNEL SUPPORT COMPONENT

§ 16.101. Personnel Support: General Rules

A school district's entitlement for personnel support is equal to the aggregate minimum salaries required by law for personnel units allotted to the district in accordance with the provisions of this subchapter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1301, ch. 602, § 3, eff. Aug. 27, 1979.]

§ 16.102. Education Program Personnel

(a) Education program personnel units shall be allotted to each school district on the basis of the district's current average daily attendance for the best five six-week reporting periods of the school term unless exceptions are authorized by other sections of this code.

(b) The attendance of kindergarten students may not be counted for personnel unit allotment purposes for more than one-half of a school day during the full school year or for the full school day for more than one-half of the school year unless the student is educationally handicapped. An educationally handicapped student is a student who cannot speak and comprehend the English language or who is from a family whose income, according to standards promulgated by the State Board of Education, is at or below a subsistence level.

(c) Each school district shall be allotted personnel units on the basis of the district's average daily attendance in education programs as follows:

(1) one personnel unit for each 18.5 students in average daily attendance in kindergarten and grades 1 through 3;

(2) one personnel unit for each 21 students in average daily attendance in grades 4 through 6;

(3) one personnel unit for each 20 students in average daily attendance in grades 7 through 9; and

(4) one personnel unit for each 18 students in average daily attendance in grades 10 through 12.

(d) The personnel unit allotment for a school district which contains at least 300 square miles and which has not more than 1,000 students in average daily attendance in its education program shall be adjusted according to the following formula:

$$[1 + (1000 - ADA)\ (.000455)] \times PU = APU$$

where PU is the district's personnel units determined in accordance with Subsection (c) of this section; and APU is the district's adjusted personnel units.

(e) The personnel unit allotment for a school district which contains less than 300 square miles and has not more than 1,000 students in average daily attendance in its education program shall be adjusted according to the following formula:

$$[1 + (1000 - ADA)\ (.0003)] \times PU = APU$$

where PU is the district's personnel units determined in accordance with Subsection (c) of this section; and APU is the district's adjusted personnel units.

(f) Fractional personnel units in excess of one-half shall be counted as whole units.

(g) A district's total personnel units, as adjusted, shall be reduced by an amount equal to one-half of the sum of the personnel unit values for vocational personnel allocated to the district under the provisions of Section 16.103 of this chapter, and by an amount equal to one-fourth of the sum of the personnel unit values for special education personnel allocated to the district under the provisions of Section 16.104 of this code.

(h) Under rules of the State Board of Education, the commissioner shall adjust a district's personnel units to take into account cooperative programs and contract services.

(i) A school district may use its personnel units for any combination of personnel classified under the Texas Public Education Compensation Plan which the district feels will best meet the needs of the students in the district, provided that the total of the number of personnel units for each position chosen multiplied by the personnel unit value for that position specified on the salary schedule, does not exceed the total number of personnel units to which the district is entitled under the provisions of this section. The commissioner, with the approval of the State Board of Education, shall establish minimum standards for staffing patterns for all personnel.

(j) A district need not employ personnel for the full number of personnel units to which it is entitled.

(k) Notwithstanding the provisions of Subsection (i) of this section, 95 percent of the personnel units, excluding fractional units, earned by a school district as a result of student attendance in kindergarten and grade one pursuant to Subsection (c) of this

section shall be used to employ personnel assigned instructional duties in kindergarten or grade one. Eighty percent of the personnel units, excluding fractional units, earned by a school district as a result of student attendance in grades two and three shall be used to employ personnel assigned instructional duties in grade two or three. This section does not prohibit a teacher or aide from performing instructional duties in more than one grade, and, for purposes of determining compliance with the provisions of this subsection, the State Board of Education shall promulgate rules governing the calculation of fractional personnel unit values based on class time to be assigned to personnel who teach at more than one grade level. Regular teachers assigned to classroom teaching duties, special area teachers, educational aides, and librarians assigned to these grades shall be included in these calculations. The commissioner of education may make a limited waiver of the provisions of this subsection for a period not to exceed two years for school districts that demonstrate an inability to assign personnel as required by this subsection because of a lack of classroom space.

(*l*) A qualified teacher, educational aide, or counselor may perform services in a combination of regular, special, or vocational education programs, and the State Board of Education shall promulgate rules governing the distribution of the personnel units utilized and the salary allocated among the programs involved in proportion to the services performed in each program.

(m) Where a school district is consolidated or contracted with another district, or annexed in whole or part to another district or districts, or where the number of grades taught has been reduced, or where the scholastics are transferred to another district, or where there is an annual fluctuation in the attendance in the district, or where for any reason there is a marked increase or decrease in the attendance of any school district, adjustments in personnel allotments shall be made by the state commissioner of education.

(n) Notwithstanding Subsections (d) and (e) of this section, a school district that has 1,000 or fewer students in average daily attendance shall be allotted not less than 12 personnel units if it offers a kindergarten through grade 12 program and has a prior year's average daily attendance of at least 90 students or is 30 miles or more by bus route from the nearest high school district. A district offering a kindergarten through grade 8 program whose prior year's average daily attendance was at least 50 students or is 30 miles or more by bus route from the nearest high school district shall be allotted not less than 7.2 personnel units. Not less than 4.2 personnel units shall be allotted if a district offers a kindergarten through grade 6 program and has a prior year's average daily attendance of at least 40 students or is 30 miles or more by bus route from the nearest high school district. In addition, each school district that has 1,000 or fewer students in average daily attendance shall be allotted .6 personnel unit to be used cooperatively with other districts to provide support services necessary to meet accreditation standards. Aug. 27, 1979.]

§ 16.103. Vocational Personnel Units

(a) Vocational personnel units for each school district shall be determined and allotted as prescribed by this section.

(b) Each school district having a four-year accredited high school shall be eligible, under rules and regulations of the State Board of Education, for two vocational teacher units to teach one or more vocational programs provided there is a need thereof, and provided the programs have been approved by the commissioner of education.

(c) Additional vocational teacher units for districts with four-year accredited high schools may be allotted according to needs determined by a survey of the community and approved by the commissioner of education.

(d) A district having an accredited high school which qualifies, according to the rules and regulations of the State Board of Education, for less than one vocational teacher unit, may be allotted by the commissioner of education a fractional part of a vocational teacher professional unit. A fractional part of a vocational teacher professional unit shall entitle a district to employ a part-time vocational teacher or assign a classroom teacher to serve as part-time vocational teacher.

(e) Each school district having a four-year accredited high school shall be eligible, under rules and regulations approved by the State Board of Education, for such specialized vocational supervisor units and vocational counselor units as there is a need, and in the number determined by application of formulas adopted by the State Board of Education and subject to approval by the commissioner of education.

(f) Vocational professional unit allotments, except classroom teachers who also served as part-time vocational teachers, shall be made in addition to other professional unit allotments. Any school district may, with the commissioner's approval, utilize its vocational professional unit allotments to employ vocational teachers, vocational supervisors, vocational counselors, and job placement coordinators on a 10-, 11-, or 12-month basis, in accordance with rules adopted by the State Board of Education. Vocational administrative units shall be approved on a 12-month contract, based on need. In addition to the

regular operating allowance, there shall be an additional allocation of $400 for each vocational teacher unit which shall be used for instructional materials related to vocational education programs operated by the district.

(g) School districts which, because of limited enrollments, tax resources, or facilities are unable to offer appropriate vocational education in all occupational areas needed may enter into contracts with post-secondary public institutions, as defined by the State Board of Education, to provide for such appropriate vocational education instruction provided the instructors and instructional materials and equipment utilized meet secondary school program requirements.

(h) The contract shall be executed pursuant to rules and regulations of the State Board of Education and the cost to the state shall not exceed the cost that would result if the programs were operated by the respective school districts entering into the contracts.

(i) The legislature shall set a limit on the amount of funds that may be expended under the provisions of this section each year in the General Appropriations Act. Should the amount of funds required to fully fund the provisions of this section pursuant to the rules and regulations of the State Board of Education exceed the amount set by the legislature, the commissioner, with the approval of the board, shall make such adjustments as are necessary to reduce the total cost of the vocational education program to the limit set by the legislature.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 19, ch. 1, § 6, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1304, ch. 602, § 6, eff. Aug. 27, 1979.]

§ 16.104. Comprehensive Special Education Program for Handicapped Children

(a) The commissioner of education, with the approval of the State Board of Education, shall develop, and modify as necessary, a statewide design for the delivery of services to handicapped children in Texas which includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all handicapped children between the ages of three and 21 by no later than September 1, 1980. The statewide design shall include, but may not be limited to, the provision of services primarily through local school districts and special education cooperatives, supplemented by a regional delivery structure. The commissioner shall further develop and implement a statewide plan with programmatic content which includes procedures designed to:

(1) ensure state compliance with requirements for supplemental federal funding for all state-administered programs involving the delivery of instructional or related services to handicapped students as defined in this section;

(2) facilitate interagency coordination when state agencies other than the Central Education Agency are involved in the delivery of instructional or related services to handicapped students;

(3) assess statewide personnel needs in all areas of specialization related to special education on a periodic basis and pursue strategies to meet those needs through a consortium of representatives from regional education service centers, local education agencies, and institutions of higher education and through other available alternatives;

(4) ensure that regional education service centers throughout the state maintain a regional support function, which may include direct service delivery and a component designed to facilitate the placement of handicapped students who cannot be appropriately served within their resident districts;

(5) allow the Central Education Agency to effectively monitor and periodically conduct site visits of all local districts to ensure that agency rules adopted under this section are applied in a consistent and uniform manner, to ensure that districts are complying with those rules, and to ensure that annual statistical reports filed by the districts are accurate and complete;

(6) ensure the availability of sequentially related, field-based, inservice special education training programs for regular and special educators serving handicapped students and further ensure that all local districts dedicate at least the equivalent of one full day of their required inservice program per school year to that special education inservice training for those personnel;

(7) ensure that appropriately trained personnel are involved in the diagnostic and evaluation procedures operating in all local districts and that those personnel routinely serve on local district admissions, review, and dismissal teams;

(8) ensure that an individualized education plan for each handicapped student is properly developed, implemented, and maintained in the least restrictive environment which is appropriate to meet the student's educational needs;

(9) ensure that, when appropriate, each handicapped student is provided an opportunity to participate in vocational and physical education classes, in addition to participation in regular or special classes; and

(10) ensure that each handicapped student is provided necessary related services.

(b) As used in this section:

(1) "Special services" means:

(A) "special teaching," which may be provided by professional and paraprofessional personnel in the following instructional settings:

(i) resource room;

(ii) self-contained classroom, regular or special campus;

(iii) hospital or community class;

(iv) homebound or bedside;

(v) speech or hearing therapy class; or

(B) "related services," which are developmental, corrective, supportive, or evaluative services, not instructional in nature, that may be required for the proper development and implementation of a handicapped student's individualized educational plan, including but not limited to special transportation, school health services, counseling with students or families, psychological services, audiological services, visual training, medical or psychiatric diagnostic services, occupational therapy, physical therapy, recreational therapy, social work services, parent counseling and training, adaptive equipment, special seating, orientation and mobility training, speech therapy, music therapy, and corrective therapy.

(2) "Resident district" means the local school district in which the parent or other person who has the primary legal obligation for care, control, and custody of a handicapped student resides, except that if the state is managing conservator of the student, the resident district is the district within which the student is placed by the state.

(c) The commissioner, with the approval of the State Board of Education, shall develop specific eligibility criteria based on the general classifications established by this section with reference to contemporary diagnostic or evaluative terminologies and techniques. Eligible handicapped students shall enjoy the right to a free appropriate public education, which may include instruction in the regular classroom, instruction through special teaching, or instruction through contracts approved under this section. Instruction shall be supplemented by the provision of related services when appropriate. The following classifications of handicapped students shall serve as the general eligibility criteria for participation in a district's special education program:

(1) "Handicapped students" means students between the ages of 3 and 21, inclusive;

(A) with educational handicaps (physically handicapped, auditorially handicapped, visually handicapped, mentally retarded, emotionally disturbed, learning disabled, speech handicapped, autistic, or multiply handicapped); and children leaving and not attending public school for a time because of pregnancy; and

(B) whose disabilities are so limiting as to require the provision of special services in place of or in addition to instruction in the regular classroom.

(2) "Physically handicapped students" means students whose body functions or members are so impaired from any cause that they cannot be adequately or safely educated in the regular classes of the public schools without the provision of special services.

(3) "Auditorially handicapped students" means students whose hearing is so impaired that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(4) "Visually handicapped students" means students whose sight is so impaired that they cannot be adequately or safely educated in the regular classes of the public schools without the provision of special services.

(5) "Mentally retarded students" means students with significantly subaverage general intellectual functioning existing concurrently with deficiencies in adaptive behavior and manifested during the developmental period such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(6) "Emotionally disturbed students" means students whose emotional condition is psychologically or psychiatrically determined to be such that they cannot be adequately and safely educated in the regular classes of the public schools without the provision of special services.

(7) "Learning disabled students" means students:

(A) who demonstrate a significant discrepancy between academic achievement and intellectual abilities in one or more of the areas of oral expression, listening comprehension, written expression, basic reading skills, reading comprehension, mathematics calculation, mathematics reasoning, or spelling;

(B) for whom it is determined that the discrepancy is not primarily the result of visual handicap, hearing impairment, mental retardation, emotional disturbance, or environmental, cultural, or economic disadvantage; and

(C) for whom the inherent disability exists to a degree such that they cannot be adequately served in the regular classes of the public schools without the provision of special services.

(8) "Speech handicapped students" means students whose speech is so impaired that they cannot be adequately educated in regular classes of the public schools without the provision of special services.

(9) "Autistic students" means students whose disturbances of speech and language, relatedness, perception, developmental rate, and motility are such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(10) "Multiply handicapped students" means students handicapped by any two or more of the handicapping conditions described in Subdivisions (2) through (9) of this subsection that may result in multisensory or motor deficiencies and developmental lags in the cognitive, affective, or psychomotor areas such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(d)(1) Except as provided in Subdivision (2) of this subsection a school district is allocated 30 special education personnel units for the first 3,000 students in refined average daily attendance, one special education personnel unit for each additional 100 students in refined average daily attendance up to a total of 6,000 students in refined average daily attendance, and .85 special education personnel unit for each additional 100 students in refined average daily attendance thereafter. The units may be used only for personnel listed in Subsections (e) and (f) of this section.

(2) If less than 12 percent of the district's students are identified as eligible handicapped students and provided with special services by the district's special education personnel, the number of special education personnel units to which the district is entitled under Subdivision (1) of this subsection shall be reduced to a percent of full allocation based on the percent of students served according to the following schedule:

Percent served	Percent of full allocation
12%	100%
11%	94%
10%	88%
9%	82%
8%	76%
7%	70%
6%	63%
0–5%	set by commissioner, not to exceed 56%

IM-407

(3) The percent of students served is determined by dividing the number of identified and eligible handicapped students served by the district's special education personnel by the district's refined average daily attendance and rounding the dividend to the nearest 10th. A district that serves less than 12 percent of the students in refined average daily attendance is entitled to an increase in the percent of allocation for a percent of students served specified in the schedule above equal to one percent of full allocation for each additional one-tenth of one percent of the students served but not exceeding the allocation specified on the schedule for the next highest percent of students served.

(4) Local districts may receive an additional allocation of $100 per personnel unit as a start-up allocation during the first year of a new unit's activation.

(5) In addition to all other allocations authorized in this section, any local district may receive supplemental special education personnel unit allocations through application by the district to the commissioner of education. The application shall include a thorough demonstration of the particular needs which justify the requested supplemental allocation. Under rules adopted by the State Board of Education, the commissioner may approve the allocations on a discretionary basis, having primary regard for those requests which demonstrate such circumstances as:

(A) an unusually high concentration of handicapped students or an unusually high concentration of severely handicapped students eligible to receive services required by law to be provided by the applicant district's personnel and to whom the actual demonstrated cost of providing an appropriate education to those students either individually or collectively overcomes the district's ability to meet those needs after a proper utilization of that district's allocations under this section;

(B) an unusual cost burden imposed on a rural school district due to the difficulty involved in serving handicapped students in sparsely populated areas; or

(C) an unusual difficulty involved in the administration of a special education cooperative which indicates a need for additional support personnel.

(6) Each local district is entitled to a basic support allocation of $400 for each personnel unit activated under this section. Local districts may expend these funds to provide special instructional materials and related services or for consultant services, pupil evaluation services, or personnel travel in multicounty or multicity school districts in accordance with rules adopted by the State Board of Education.

(7) Any personnel units allocated under this subsection but not utilized by the local district may be reallocated by the commissioner in the manner described in Subdivision (5) of this subsection.

(e) Professional personnel for the operation and maintenance of a program of special education shall be:

(1) handicapped students' teachers, including itinerant teachers whose duties may or may not be performed in whole or in part on the campus of a school;

(2) special education related service personnel, including occupational therapists, physical therapists, nurses, orientation and mobility instructors, and other noneducational personnel who are otherwise professionally licensed by state or national certification recognized by the commissioner of education; and

(3) special education support personnel, including special education directors, special education supervisors, special education counselors, special education visiting teachers, psychologists, educational diagnosticians, and other pupil evaluation specialists.

(f) Paraprofessional personnel for the operation and maintenance of a program of special education shall consist of persons engaged as teacher aides, who may or may not hold a teacher certificate.

(g) Certification standards for professional and paraprofessional personnel authorized in Subsections (e) and (f) of this section shall be developed by the commissioner, approved by the State Board of Education, and reviewed periodically. The standards shall be independent of certification or endorsement in other fields and shall include requirements for additional training and recertification as necessary.

(h) Except as provided by Subsection (i) of this section, the minimum salary levels, months of service, and personnel unit values for all authorized personnel shall be determined by the provisions of Section 16.056 of this code. If positions authorized in this section are not specifically provided for in Section 16.056, the commissioner shall add those positions to the Texas Public Education Compensation Plan in accordance with Subsection (e) of Section 16.056 of this code.

(i) Special education unit personnel may be employed on a full-time, part-time, or consultative basis. Any school district may, with the commissioner's approval, utilize its personnel unit allocations to employ authorized personnel on a 10-, 11-, or 12-month basis in accordance with rules adopted by the State Board of Education. Handicapped students' teachers, paraprofessional personnel, or related service personnel employed on an extended basis under this subsection shall, during the extended period of their contract, only be engaged in pupil evaluations or in direct service delivery to handicapped students for which the disruption of continuous services may result in severe regression.

(j) In accordance with rules adopted by the State Board of Education, local districts may jointly operate their special education programs. Personnel units and other funds to which the cooperating districts are entitled under this section may be allocated to the districts jointly as cooperative units or cooperative funds in accordance with the cooperative districts' agreement.

(k) Any local district, special education cooperative, or regional education service center may contract with any public or private facility, institution, or agency within or outside of this state for the provision of services to handicapped students under rules adopted by the State Board of Education. Contracts for residential placements, including placements with the Texas Department of Mental Health and Mental Retardation and its community facilities, Texas School for the Blind, Texas School for the Deaf, and other public or private agencies, institutions, or facilities, shall be approved by the commissioner. The rules shall provide for approval of residential placement contracts only after at least a programmatic evaluation of personnel qualifications, adequacy of physical plant and equipment, and curriculum content. Either the whole or a part of a facility or program may be approved. Rules relating to the residential contract approval process shall include provisions designed to ensure that no contract is approved which:

(1) involves the delivery of unapproved services;

(2) involves the delivery of services which the district is capable of providing or is developing the capability to provide; or

(3) is not cost-effective when compared with other alternatives.

(*l*) Except as provided by Subsection (m) of this section, contracts for residential placements when approved may be paid for from a combination of federal, state, and local funds. The local share of the total contract cost per pupil is that portion of the local tax effort (total dollars generated by debt service and maintenance taxes) which exceeds the district's local fund assignment, divided by the average daily attendance in the district. If the contract involves a private facility, the state share of the total contract cost is that which remains after subtracting the local share. If the contract involves a public facility other than a program or facility administered by the Central Education Agency, the state share is that which remains after subtracting the local share from that portion of the contract which involves the costs of instructional and related services. If the contract involves a program or facility administered by the Central Education Agency, there is no state share paid from this program.

(m) If the state is managing conservator of a student placed in a private residential facility, the total cost of the residential placement shall be paid from state and federal funds. If the contract involves a public facility other than a program or facility administered by the Central Education Agency, the total of that portion of the contract which involves the costs of instructional and related services shall be paid from state and federal funds. If the contract involves a program or facility administered by the Central Education Agency, there is no state share paid from this program. The State Board of Education shall adopt rules governing the use of federal funds as supplemental or partial payment of the local or state share under Subsections (*l*) and (m) of this section.

(n) The resident district has the ultimate responsibility for providing or causing the provision of appropriate services to each handicapped student. If the district contracts for the provision of services rather than providing the services of its own accord, then that district retains the responsibility of overseeing the implementation of the student's individualized education plan as well as the responsibility of an annual reevaluation of the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall assume as a part of the contract the responsibility of providing the district with periodic reports of services the student has received or will receive in accordance with the terms of the contract as well as diagnostic or other evaluative information which the district requires in order to fulfill its obligations under this section. The State Board of Education shall adopt rules designed to effectuate this subsection.

(*o*) The salary costs of special education teacher units, other professional and paraprofessional units authorized in this section, operating costs as provided in Subsection (d)(6) of this section and state-portion contract costs as provided in Subsections (*l*) and (m) of this section, computed as other costs of the Foundation School Program for local fund assignment purposes, shall be paid from the Foundation School Program Fund. Provided further, that any school district may supplement any part of the comprehensive special education program it operates or participates in with funds or resources available to it from local sources, public or private. Local enrichment may take the form of but is not limited to employing personnel in excess of the state allocation or supplementing minimum salaries of any personnel employed by the district, and any district may at local expense pay for all or part of further or continuing training or education of its special education personnel.

(p) The legislature shall set a limit on the amount of funds that may be expended under the provisions of this section each year in the General Appropriations Act. Should the amount of funds required to fully fund the provisions of this section pursuant to the rules and regulations of the State Board of Education exceed the amount set by the legislature, the commissioner, with the approval of the board, shall make such adjustments as are necessary to reduce the total cost of the special education program to the limit set by the legislature. The commissioner may make allocations under Subsection (d)(5) of this section not to exceed $3 million a year from the sum appropriated to fund the provisions of this section. The restriction on the dollar amount available under Subsection (d)(5) of this section does not apply to any funds remaining from the sum appropriated after all other allocations are made or to the remaining balance of unexpended funds carried over from the previous fiscal year.

(q) The commissioner, with the approval of the State Board of Education, shall adopt rules necessary to ensure that services to handicapped children shall be provided first to handicapped children not receiving an education and then to handicapped children, within each disability, with the most severe handicaps, who are receiving an inadequate education. The State Board of Education shall approve the definitions of levels of severity that the commissioner develops for the purposes of this subsection. The commissioner shall further develop rules necessary to ensure that sufficiently detailed records are kept and reports received to allow meaningful evaluation of the effectiveness of the policies and procedures adopted under this subsection.

Repeal

Subsection (q) of this section is repealed effective September 1, 1980, under the provisions of Acts 1979, 66th Leg., p. 1326, ch. 602, § 35(b).

Section 33 of the 1979 amendatory act provided:

"All residential placements of handicapped persons made prior to the effective date of this Act are subject to Subsections (k), (*l*), and (m), Section 16.104, Texas Education Code, as amended by this Act."

§ 16.105. [Blank]

§ 16.106. Support for Fast-Growing School Districts

(a) It is the purpose of this section to provide state aid to local school districts which experience unusually rapid growth in student enrollment from one year to the next so as to assist those districts in sustaining an adequate educational program for all students.

(b) A district is eligible to receive aid under this section if:

(1) the district's effective tax rate as determined under Subsection (c) of this section is greater than the statewide average effective tax rate as determined under that subsection;

(2) the district's current year's total number of students in average daily attendance as determined under Section 16.102 of this code is equal to or greater than 106 percent of its prior year's total number of students in average daily attendance; and

(3) the district raises its local fund assignment.

(c) For purposes of this section, a district's effective tax rate shall be determined by dividing the total amount of ad valorem tax revenue collected in the immediately preceding school year in the district by the total value of property which is used to calculate the district's local fund assignment. The statewide average effective tax rate shall be determined by dividing the total amount of ad valorem tax revenue collected by all the school districts in the state in the immediately preceding school year by the total index value of property in the state as determined pursuant to Section 11.86 of this code. For the 1979–1980 and 1980–1981 school years, the index values used herein shall be determined in accordance with Section 16.252(b) of this chapter.

(d) For the 1979–1980 school year and for each school year thereafter, the amount of state aid for each eligible school district under this section shall be determined by the formula:

$$FGA = \left(\frac{PDG}{.06} - 1\right) \times CADA \times \$30$$

where

"FGA" is the district's fast growth allotment;

"PDG" is the percentage of the district's student growth, as determined by dividing the difference between the district's current and previous year's number of students in average daily attendance by the district's previous year's number of students in average daily attendance; and

"CADA" is the district's current year's number of students in average daily attendance as determined under Section 16.102 of this code.

(e) If the district's index value per student in average daily attendance as determined under Section 16.252(b) of this code is more than $150,000 for each student in average daily attendance, the state aid provided in this section shall be determined by multiplying the following fraction to the otherwise computed amount:

$$\frac{1 - (\text{District's index value per ADA} - \$150{,}000)}{\$100{,}000}$$

(f) If the total amount of state aid under Subsections (d) and (e) of this section exceeds $2.5 million per year, each district's allotment shall be ratably reduced until the amount of state aid allocated equals $2.5 million per year.

§ 16.161. Responsiveness to Special Needs of Blind and Deaf Children

Text of Section 16.161, as added by Acts 1975, 64th Leg., p. 2399, ch. 734, § 25

In addition to the meaning of certain terms defined in the foregoing Section 16.16 of this code, when comprehensive special education services are required for children with serious visual or hearing handicaps or a combination of such handicaps, the following terms, in addition to continuing to have their usual defined meaning to the extent not inconsistent with the language of this chapter, shall have the following meanings:

(1) "Exceptional children" includes children from date of birth through age 22, inclusive;

(2) "Special services" includes parental counseling and training, competent orientation and mobility training, and express authority to provide nonacademic services either directly or through contract or working arrangements with other organizations, either within or without the classroom.

[Added by Acts 1975, 64th Leg., p. 2399, ch. 734, § 25, eff. June 21, 1975.]

SUBCHAPTER D. CURRENT OPERATING COST COMPONENT

§ 16.151. Operating Cost Allotment

Each school district shall be allotted $128 for each student in average daily attendance during the 1979–1980 school year and $139 for each student in average daily attendance each school year thereafter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 23, ch. 1, § 8, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1311, ch. 602, § 8, eff. Aug. 27, 1979.]

SUBCHAPTER E. CATEGORICAL PROGRAM AID COMPONENT

§ 16.176. Support for Educationally Disadvantaged Pupils

(a) In this section "educationally disadvantaged pupils" are pupils who are eligible for the free and reduced lunch program under the provisions of the national school lunch program. The commissioner of education with the approval of the State Board of Education shall review the standards established for educationally disadvantaged pupils and adjust the standards if they perpetuate inequities or become obsolete.

(b) Each school district which is eligible and which also receives aid under the national school lunch program is eligible to receive an allotment of $44 for each educationally disadvantaged pupil enrolled in its public schools. For purposes of the allocation made pursuant to this section, the number of educationally disadvantaged pupils in each district shall be determined by averaging the best six months' enrollment in the free and reduced lunch program for the 1978–1979 school year.

(c) Beginning with the 1979–1980 school year, and each year thereafter the Central Education Agency shall adopt and administer appropriate criterion referenced assessment instruments designed to assess minimum basic skills competencies in reading, writing, and mathematics for all pupils at the fifth grade level and shall also adopt and administer to all ninth grade pupils secondary exit level assessment instruments designed to assess minimum mathematics and English language arts competencies which it deems appropriate for a high school graduate. All ninth grade students who fail to demonstrate mastery of minimum exit level competencies shall be given the opportunity to retake the assessment instrument each year the assessment instrument is administered. Beginning with the 1980–1981 school year and each year thereafter, the Central Education Agency shall adopt and administer appropriate criterion referenced assessment instruments designed to assess basic skills competencies among all students at the third grade level. In addition to the assessment instruments adopted and administered by the Central Education Agency, a local school district may adopt and administer criterion and/or norm referenced assessment instruments at any grade level. Any student who has a physical or mental impairment or a learning disability that prevents the student from mastering the competencies which the assessment instruments are designed to measure may be exempted from the requirements of this section.

(d) In adopting assessment instruments pursuant to this section, the Central Education Agency and/or a local school district shall insure the security of the instruments in their preparation, administration, and grading. Meetings or portions of meetings held by the Central Education Agency and/or a local school district at which individual assessment instruments or assessment instrument items are discussed or adopted are not open to the public under Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252–17, Vernon's Texas Civil Statutes), and the assessment instruments and items are confidential.

(e) The results of individual student performance on assessment instruments administered pursuant to this section are confidential and may be made available only to the student, the student's parent or guardian, and to the school personnel directly involved with the student's educational program. However, overall student performance data shall be aggregated by campus and district and made available to the public, with appropriate interpretations, at regularly scheduled meetings of the governing board of each school district. The information may not contain the names of individual students or teachers. The commissioner of education shall compile all of the data and report it to the legislature, lieutenant governor, and governor no later than January 1 of each odd-numbered year.

(f) Each school district shall utilize the student performance data resulting from the assessment instruments administered pursuant to this section to design and implement appropriate compensatory instructional services for students in the district's schools and shall submit an annual report to the commissioner of education which describes how state compensatory funds received pursuant to this section have been used to provide for those services.

(g) If the total amount of compensatory education aid required by this section exceeds $42,900,000 per year, each district's allotment shall be reduced proportionately until the amount of aid allocated equals $42,900,000 per year.

(b) With the approval of the State Board of Education, the commissioner of education shall establish standards for the certification of professional and paraprofessional personnel who conduct the programs in the public schools.

(c) Beginning with the 1975–1976 school year, a school district is eligible to receive annually funds to finance a driver education program in an amount

not to exceed $25 multiplied by 20 percent of its high school enrollment in grades 10–12, but in no instance shall the allotment made to the district exceed $25 multiplied by the number of students actually enrolled in driver education during the school year for which the funds were provided.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

§ 16.178. Support for Demonstration Programs for the Gifted and Talented

(a) The purpose of this section is to provide state assistance to local school districts or combinations of school districts, pursuant to the applicable provisions of this code, for the establishment of demonstration programs for gifted and talented students in various regions of the state.

(b) Any school district or combination of school districts may make application to the state director of programs for the gifted and talented pursuant to the applicable provisions of this code.

(c) If the total cost of all approved demonstration programs for the gifted and talented exceeds the amount provided by Subsection (d) of this section, the allotment for each approved demonstration program shall be ratably reduced until the total amount of state aid allocated equals the applicable amount.

(d) For the 1979–1980 school year, the maximum allotment under this section shall be $2 million. For the 1980–1981 school year, the maximum allotment shall be $3 million. Thereafter, the maximum allotment shall be set in the General Appropriations Act.

(a) The county school boards, where funded under law, or local district school boards, subject to approval by the state commissioner of education, are authorized to establish and operate an economical public school transportation system within their respective counties or school districts.

(b) In establishing and operating such transportation systems, the county or local district school boards shall:

(1) requisition buses and supplies from the state board of control as provided for in this subchapter;

(2) prior to June 1 of each year, with the commissioner's approval, establish school bus routes in their respective counties or districts for the succeeding school year;

(3) employ school bus drivers certified in accordance with standards and qualifications promulgated jointly by the Central Education Agency and the Texas Department of Public Safety as required by law; and

State warrants for transportation, payable to the county or district school transportation fund, shall be for the total amount of transportation funds for which the county or district is eligible under the provisions of this subchapter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

§ 16.204. Use of Buses for Extracurricular Activities, etc.

(a) The county or district school boards and the state commissioner of education shall promulgate regulations in regard to the use of school buses, for other than transporting eligible children to and from school. Under rules and regulations of the State Board of Education, the appropriate allocation in the county transportation fund, when approved by the county school board, or the district transportation fund, when approved by the board of trustees of the independent school district operating its own transportation system, may be used for school bus transportation of its pupils and necessary personnel on extracurricular activities and field trips sponsored by the respective district.

(b) Subject to the rules of the commissioner of education, a school district or county school board governing a countywide transportation system may contract with nonschool organizations for the use of school buses. The district may provide services relating to the maintenance and operation of the buses in accordance with the terms of the contract.

§ 16.205. Approved School Bus Routes

School buses shall be operated to and from school on approved school bus routes and no variations shall be made therefrom. The penalty for varying from authorized routes and for unauthorized use of buses shall be the withholding of transportation funds from the offending county or school district. In the event the violation is committed by a district which receives no Foundation School Program funds, the penalty provisions of Section 4.02 of this code shall be applied.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

§ 16.206. Calculation of Allotment

(a) The total annual regular transportation cost allotment for each district or county shall be based on the rules and formulas of this section.

(b) As used in this section:

(1) "Regular eligible pupil" means a pupil who resides two or more miles from his or her campus of regular attendance, measured along the shortest route that may be traveled on public roads, and who is not classified as an eligible handicapped pupil.

(2) "Eligible handicapped pupil" means a pupil who is handicapped as defined in Section 16.104 of this code and who would be unable to attend classes without special transportation services.

(3) "Linear density" means the average number of regular eligible pupils transported daily, divided by the approved daily route miles traveled by the respective transportation system.

(c) For the 1979–1980 and 1980–1981 school years, allowable total base costs of maintenance, operation, salaries, depreciation, etc., for each bus route shall be:

Linear Density Grouping	Allocation per mile of approved route
2.40 and above	$ .94
1.65 to 2.40	.75
1.15 to 1.65	.68
.90 to 1.15	.59
.65 to .90	.52
.40 to .65	.48
up to .40	.44

Density grouping shall be based on the 1977–78 data compiled by the commissioner of education pursuant to Section 10, Chapter 1, Acts of the 65th Legislature, 1st Called Session, 1977.

(d) For the 1981–82 school year and thereafter, the commissioner of education shall determine the daily cost per regular eligible pupil of operating and maintaining the regular transportation system based on the linear density of that system. In determining the cost, the commissioner shall give consideration to factors affecting the actual cost of providing these transportation services in each district. The average actual cost is to be computed by the commissioner of education and included for consideration by the Foundation School Program Committee and the legislature in the General Appropriations Act.

(e) A district may apply for and on approval of the commissioner of education receive an additional amount of up to 10 percent of its regular transportation allotment to be used for the transportation of children living within two miles of the school they attend who would be subject to hazardous traffic conditions if they walked to school. Each board of trustees shall provide to the commissioner the definition of hazardous conditions applicable to that district and shall identify the specific hazardous areas for which the allocation is requested. A hazardous condition exists where no walkway is provided and children must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition.

(f) The state commissioner of education may grant an amount not exceeding $600 per pupil per year in 1979–1980 and 1980–1981 for private or commercial transportation for eligible pupils from isolated areas. The per pupil per year allowable for the 1981–1982 school year and thereafter shall be determined by the commissioner of education and included for consideration by the Foundation School Program Committee and the legislature in the General Appropriations Act. The need for this type of transportation grant shall be determined on an individual basis and the amount granted shall not exceed the actual cost. The grants shall be made only in extreme hardship cases, and no grants shall be made if the pupils live within two miles of an approved school bus route.

(g) The cost of transporting vocational education students from one campus to another inside a district or from a sending district to another secondary public school for a vocational program or an area vocational school or to an approved post-secondary institution under a contract for instruction approved by the Central Education Agency shall be reimbursed based on the number of actual miles traveled times the district's official extracurricular travel per mile rate as set by their local board of trustees and approved by the Central Education Agency.

(h) A school district that provides special transportation services for eligible handicapped pupils is entitled to a state allocation. Allocations for handicapped transportation in district- or county-operated school buses shall be paid on a previous year's cost-per-mile basis. For the 1979–1980 and 1980–1981 school years, the maximum allowable per mile cost will be 80 cents. For the 1981–1982 and 1982–1983 school years and thereafter, the maximum rate per

mile allowable shall be recalculated based on data gathered from the first year of each preceding biennium. Districts may use a portion of their support allocation to pay transportation costs, if necessary. The commissioner of education may grant an amount not to exceed 18 cents per mile or a maximum of $600 per pupil per year for private transportation to reimburse parents or their agents for transporting eligible handicapped pupils. For the 1981–1982 and 1982–1983 school years and thereafter, the rate per mile and the maximum allowable per pupil will be determined by the commissioner of education for consideration by the Foundation School Program Committee and the legislature in the General Appropriations Act. The mileage allowed shall be computed along the shortest public road from the pupil's home to school and back, morning and afternoon. The need for this type transportation shall be determined on an individual basis and shall be approved only in extreme hardship cases.

(i) The allocation for eligible regular students transported by the regular transportation system shall be increased by five percent for any district or county school board which has complied with the provisions of Section 21.173 of this code in accordance with rules adopted by the State Board of Education.

(j) The total allocation for a district or county transportation unit for the 1979–1980 or 1980–1981 school year shall not be less than the total allocation received for the 1978–1979 school year based on an equal number of state-approved bus routes. If the district or county has deleted routes, the minimum allocation shall be proportionately reduced.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 23, ch. 1, § 9, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

Section 10 of the 1977 amendatory act provided:

"(a) Prior to the convening of the 66th Legislature, the commissioner of education shall determine the actual cost for regular transportation services per eligible student mile in each school district. The costs shall include the total base costs for transporting eligible students for maintenance, operation, salaries, depreciation, and all other costs attributable to the transportation of eligible students, including combined state and local expenditures for each school district. The cost per eligible student mile shall be derived by dividing the average actual daily cost by the average number of eligible student miles traveled daily.

"(b) An 'eligible student,' for purposes of this section, is a student who lives two or more miles from the school to which he is assigned.

"(c) For purposes of determining the actual costs in each school district, the commissioner shall designate one day per month on which each school district shall report the actual number of eligible students transported and the total route miles of operation required to transport the students. The average number of eligible students transported daily, divided by the average number of route miles traveled daily, shall determine the classification of school districts into eligible student population categories. The number of the eligible student population categories shall be determined by the commissioner.

"(d) The commissioner shall determine the average actual cost for regular transportation services per eligible student mile, including state and local expenditures, within each student population category for the 1977–1978 and 1978–1979 school years.

"(e) The commissioner may require any reports and information necessary to develop the cost data required by this section and shall establish any additional rules necessary to implement this section.

"(f) The commissioner shall prepare and submit to the 66th Legislature when it convenes in 1979 a recommended plan for funding transportation of eligible students."

§ 16.207. Routes and Systems: Evaluation and Approval

(a) All bus routes and transportation systems shall be reviewed by the state commissioner of education and he shall be responsible for establishing criteria for evaluating the several transportation systems of this state, but all the criteria shall be subject to approval by the State Board of Education.

(b) The commissioner shall evaluate all transportation systems as rapidly as possible.

(c) No new bus routes or extensions shall be approved prior to the survey of the transportation system of the district or county requesting them.

(d) In approving a transportation system for a district or county, consideration shall be given to providing transportation for only those pupils who reside in hazardous areas or live two or more miles from the school they attend except handicapped pupils. No consideration shall be given to providing transportation for pupils transferred from one district to another when their grades are taught in their home district unless transferred as provided by law and transportation has been approved as provided by law.

(e) There shall be no duplication of bus routes and services within sending districts by buses operated by two school districts and/or counties except on approval by the state commissioner of education.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 48, ch. 1, § 35, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

§ 16.208. Use of Transportation Funds for Other Purposes

No funds paid to the several transportation units for the operation of transportation systems in this state shall be expended for any other purpose.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

§ 16.209. Rules of Commissioner

The commissioner of education shall formulate rules and regulations, subject to approval by the State Board of Education for enforcing the provisions of this subchapter.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

§ 16.210. Appeals

Appeals to the commissioner of education and to the State Board of Education may be had from policy decisions of the school boards affecting transportation.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1314, ch. 602, § 12, eff. Aug. 27, 1979.]

§ 16.211. Purchase of Vehicles

(a) Motor vehicles used for the purpose of transporting school children, including school buses, their chassis and/or bodies purchased through the state board of control, shall be paid for by the state board of control as set out in applicable laws. The legislature may appropriate out of any money in the state treasury not otherwise appropriated a sum not exceeding $250,000, or as much thereof as necessary, for the state board of control to be used for such purposes.

(b) Any sum appropriated shall be known as the school bus revolving fund. When motor vehicles and school buses are delivered to the various schools coming within the provisions of this chapter, the governing bodies of those schools shall reimburse the state board of control for the money expended for such school buses including their chassis and/or bodies and the money shall be deposited by the state board of control in the school bus revolving fund.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

§ 16.212. Contract With Public Transportation Company

(a) As an alternative to maintaining and operating a complete public school transportation system under this subchapter, a county or district school board may contract with public transportation companies for all or any part of its public school transportation if the board is able to obtain an economically advantageous contract.

(b) A contract is economically advantageous if the cost of the service contracted for is equal to or less than the total cost to the school district for providing its own complete bus service. The total cost to the school district is the state transportation cost allotment plus the supplementary funds necessarily provided by the local school district to provide complete transportation services.

(c) This section in no way prohibits the local school board from supplementing the state transportation cost allotment with local funds necessary to provide complete transportation services.

(d) The state commissioner of education, subject to the approval of the State Board of Education, shall make rules for the administration of this section.

(e) Contracts for alternative public school transportation may include provisions for transporting students to and from approved school activities.

(f) Upon approval of the contract by the State Board of Education, the portion of the annual transportation allotment which is to be used to finance the contract for alternative transportation services shall be included in the annual transportation cost allotment for the respective county or district.

SUBCHAPTER G. FINANCING THE PROGRAM

§ 16.251. Financing; General Rule

(a) The sum of the approved minimum salaries for personnel, current operating expenses, categorical program aid, and transportation services for each district, computed in accordance with the provisions of this chapter, constitute the total cost of the Foundation School Program.

(b) The program shall be financed by:

(1) ad valorem tax revenue generated by an equalized local school district effort;

(2) state available school funds distributed in accordance with law; and

(3) state funds appropriated for the purposes of public school education and allocated to each district in an amount sufficient to finance the cost of each district's Foundation School Program not covered by other funds specified in this subsection.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 26, ch. 1, § 12, eff. Sept. 1, 1977.]

§ 16.252. Local Share of Program Cost

(a) For the 1981–1982 school year and each year thereafter, each school district's share of its guaranteed entitlement under the Foundation School Program shall be an amount equal to the product of an index rate of .0016 multiplied by the index value of property determined pursuant to Section 11.86 of this code. The commissioner of education shall utilize the official biennial report of the School Tax Assessment Practices Board estimates of index value in each school district for determining the local fund assignment.

(b) For the 1979–1980 school year, each school district's share of its guaranteed entitlement under the Foundation School Program shall be an amount equal to the product of an index rate of .0015 multiplied by the full market value of property in the district determined by Subsection (d) of this section or the product of an index rate of .00175 multiplied by the index value of property in the district determined by Subsection (e) of this section, whichever amount is smaller.

(c) For the 1980–1981 school year, each school district's share of its guaranteed entitlement under the Foundation School Program shall be an amount equal to the product of .0016 multiplied by the index

value of property in the district determined by Subsection (e) of this section.

(d) In determining the full market value of property, the commissioner of education shall utilize the official 1979 report of the School Tax Assessment Practices Board estimates of market value with the following adjustments:

(1) deduction of Category N (Intangible Personal Property); and

(2) deduction of that portion of Category M (Personal Property) which represents the estimated value of household and farm personal property exempt under the provisions of Article VIII, Section 1, of the Texas Constitution;

(3) deduction of that portion of Category H (Motor Vehicles) which represents the estimated value of motor vehicles exempted from school district taxation under the provisions of House Bill 1060, Acts of the 66th Legislature, Regular Session, 1979; [1]

(4) deduction of estimates of the value of homestead exemptions granted under the provisions of House Bill 1060, Acts of the 66th Legislature, Regular Session, 1979.

(e) In determining the index value of property, the commissioner of education shall make the following adjustments to the full market value of the district:

(1) deduction of the market value of open-space land devoted to agricultural production; and

(2) addition of the agricultural productivity value of open-space land devoted to agricultural production.

In making the calculations described in this subsection, the commissioner of education shall utilize wherever possible data provided by the School Tax Assessment Practices Board.

(f) For the 1979–1980 school year and each year thereafter, no district's local fund assignment as determined pursuant to this section shall exceed 120 percent of its prior year's local fund assignment.

(g) The commissioner of education shall adjust the values reported in the official report of the School Tax Assessment Practices Board to reflect reductions in taxable value of property resulting from natural or economic disaster after January 1 in the year in which the valuations are determined. The decision of the commissioner of education shall be final. Appeals of district values shall be held pursuant to Subsection (d) of Section 11.86 of this code.

(h) A district need not raise its total local share of its program cost.

§ 16.254. Distribution of Foundation School Fund

(a) The commissioner of education shall determine annually:

(1) the amount of money necessary to operate a Foundation School Program in each school district;

(2) the amount of local funds assigned to each school district for the support of the program; and

(3) the amount of state available school funds distributed to each school district.

(b) The commissioner of education shall then grant to each school district from the Foundation School Program appropriation the amount of funds necessary to provide the difference between Subdivision (1) and the sum of Subdivisions (2) and (3) of Subsection (a) of this section.

(c) The commissioner shall approve warrants to each school district equaling the amount of its grant. Warrants for all money expended according to the provisions of this chapter shall be approved and transmitted to treasurers or depositories of school districts in the same manner as warrants for state apportionment are transmitted.

(d) Notwithstanding the provisions of Subsection (b) of this section, for the 1979–1980 school year and each year thereafter, no school district shall receive less state aid, plus pay raises exclusive of service increments, for foundation personnel provided by Section 16.055(b) of this code, per student in average daily attendance than it received per student in average daily attendance under the Foundation School Program for the 1978–1979 school year.

§ 16.255. Falsification of Records; Report

(a) When, in the opinion of the director of school audits of the Central Education Agency, audits or reviews of accounting, enrollment, or other records of a school district reveal deliberate falsification of the records, or violation of the provisions of this chapter, whereby the district's share of state funds

allocated under the authority of this chapter would be, or has been, illegally increased, the director shall promptly and fully report the fact to the State Board of Education and the state auditor.

(b) In the event of overallocation of state funds, as determined by the State Board of Education or the state auditor by reference to the director's report, the Central Education Agency shall, by withholding from subsequent allocations of state funds, recover from the district an amount, or amounts, equal to the overallocation.

The district shall use the appraised values determined by the office required by law or contract to assess its taxes, but may impose taxes on the basis of a different proportion of appraised value than that of the taxing unit administering the tax office.

(b) A school district may not levy a tax for the maintenance and operation of its schools which would generate an amount of local maintenance revenues in excess of the amount determined by multiplying an index rate of $1.40 per $100 of the total market value of the district's taxable property as determined by the State Property Tax Board for the year on which the local fund assignment is based. Provided, however, that for the 1977–1978 and 1978–1979 school years the total market value of the district's taxable property shall be that determined by the Governor's Office, Education Resources.

(g) The tax bill or a separate statement accompanying the tax bill shall:

§ 20.43. Interest Bearing Time Warrants

(a) Any school district in the State of Texas in need of funds to repair or renovate school buildings; purchase school buildings and school equipment; to equip school properties with necessary heating, water, sanitation, lunchroom and electric facilities; or is in need of funds with which to employ an individual firm or corporation deemed to have special skill and experience to compile taxation data for use by its board of equalization; and said school district is financially unable out of available funds to make such repairs, renovations of school buildings, purchase school buildings, purchase school equipment, to equip school properties with necessary heating, water, sanitation, lunchroom or electric facilities or is unable to pay such individual or corporation for the performance of the professional duties hereinabove mentioned, may, subject to the provisions hereof, issue interest-bearing time warrants, in amounts sufficient to make such purchase and improvements, to pay all or part of the compensation of such individual, firm or corporation to compile such data, any law to the contrary notwithstanding. Such warrants shall mature in serial installments of not more than five years from their date of issue, and to bear interest at a rate not to exceed six percent per annum. Such warrants shall upon maturity be payable out of any available funds of such school district in the order of their maturity dates. Any such interest-bearing time warrants so issued may be issued and sold by such district for not less than their face value, and the proceeds thereof used to provide funds required for the purpose for which they are issued. Such warrants shall be entitled to first and prior payment out of any available funds of such district as they become due. Included in such purposes is the payment of any amounts owed by said school districts, which indebtedness was incurred in carrying out any of such purposes.

(b) No such interest-bearing time warrants shall be issued or sold by a common school district or rural high school district until the same shall have been approved by the county board of school trustees; and said board shall, upon application of such school district, inquire into the financial conditions and needs of such district, and shall not approve the issuance of such interest-bearing time warrants un-

less in its opinion said district is in need of such repair and renovation of school building, and school equipment and to equip school properties with necessary heating, water, sanitation, lunchroom and electric facilities, and will be able with the resources in prospect to liquidate said warrants at their maturity.

(c) No school district in the State of Texas shall issue such interest-bearing time warrants in excess of two percent of the assessed valuation of the district, for the year in which such interest-bearing time warrants are issued; nor shall the payment of such interest-bearing time warrants in any one year exceed the anticipated surplus income of the district for the year in which the warrants are issued. Based on the budget of the district for said year, such anticipated income to be computed by taking the entire expected income of such school district from every source for the year in which such interest-bearing time warrants are issued, less teachers' salaries, bus aid included in the foundation fund, and that part of the local maintenance tax earmarked for salaries and known in the Gilmer-Aiken Law as the economic index or fund assignment. The anticipated income computation as herein defined shall be exclusive of all bond taxes. No school district shall have outstanding at any one time warrants totaling in excess of $60,000 under the provisions of this section.

(d) In every instance wherein interest-bearing time warrants or other evidence of indebtedness have been issued by school districts within the State of Texas for any of the purposes herein provided for, the act of the board of trustees, and/or governing board of such district in issuing such interest-bearing time warrants are each and all hereby expressly validated. The indebtedness thus attempted to be created by such action is hereby declared to be the indebtedness of such district and shall be paid out of available funds as herein provided.

(e) Whenever any such interest-bearing time warrants have been issued under this section, and so long as any of them may be outstanding the officer in charge of the collection of delinquent taxes shall pay the same to legal depository of the district, to be deposited and held in a special fund for the payment of such interest-bearing time warrants, and except as herein otherwise provided, no part thereof shall be applied or used for any other purpose.

(f) Interest and penalties on delinquent taxes shall be deemed a part of such taxes for the purpose of this section. Should any delinquent taxes, including interest and penalties, be cancelled, waived, released or reduced either by such school district or in any other way, with or without its consent, the amount of the loss so sustained shall be paid by the district to the special fund provided for herein out of funds not otherwise pledged to such special fund.

(g) All school districts issuing interest-bearing time warrants shall have the power to fix lien on and encumber and mortgage any and all property purchased with the proceeds of such warrants, and to fix a lien on and encumber any property, including teacherages owned by the district to secure the payment of legally incurred obligations. Provided, however, there shall never be a valid lien authorized or fixed on any school building wherein actual classroom instruction of pupils attending such school is being carried on or conducted.

(h) The word "interest-bearing time warrant" as used in this section means promissory note, interest-bearing time warrant, obligation or other evidence of indebtedness issued under this section.

(i) Taxes levied in any year to pay principal and interest of bonds and which taxes subsequently become delinquent for the purpose of this section, shall not be included in the term taxes or revenues or delinquent taxes as herein used.

school district made at or before the delivery of such notes, to set aside and appropriate as a trust fund, and the sole and only fund, for the payment of the principal of and interest on such notes such part and portion of the local school funds, levied and collected by the school district in that year and/or subsequent years, as the governing body of the school district may determine, provided that in no event shall the aggregate amount of local school funds set aside in or for any subsequent year for the retirement of such notes exceed, in any one such subsequent year, 10 percent of the local school funds collected during such year. In those cases, the board of trustees of the independent school district may, on its own motion, order an election for the purpose of submitting to the qualified voters of the district the proposition of whether or not the authorized but unissued bonds may be issued, sold, and delivered for other and different purposes specified in the election order and the election notice. The election shall be ordered, held, and conducted in the same form and manner as that at which the bonds were originally authorized. If a majority of those voting at the election vote in favor of the sale and delivery of the unissued bonds and the use of the proceeds of the bonds for the purpose or purposes specified in the election order and the election notice, the board of trustees of the independent school district shall be authorized to issue, sell, and deliver the bonds and use the proceeds of the bonds for the purpose or purposes authorized at the election.

(12) courses offered for credit where the activity necessitates the use of facilities not available on the school premises, and participation in the course is optional on the part of the student.

SUBCHAPTER D. STATE PAYMENTS TO REPLACE SCHOOL TAXES LOST BECAUSE OF STATE-MANDATED REDUCTION OF THE AD VALOREM TAX BASE

This subchapter was added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1. Section 2 of art. 8 of said Act provided:

"Pursuant to the provisions of The Tax Relief Amendment to the Texas Constitution, [Acts 1978, 65th Leg., 2nd C.S., p. 54, H.J.R. No. 1] it is the intent of the legislature that this article fulfill the constitutional mandate to replace school district revenues lost as a result of implementation of The Tax Relief Amendment. It is further the intent of the legislature that the revenues distributed under the provisions of this article be utilized by school districts in such a manner as to provide the tax relief adopted by the voters of this state under the provisions of The Tax Relief Amendment."

§ 20.81. Replacement of Lost School District Revenue

Text of section added effective until August 31, 1981

(a) A school district other than a junior college district is entitled to an annual payment from the state, to the extent provided by legislative appropriation, to replace ad valorem tax revenue lost because of the residence homestead exemptions prescribed by Article 7150.5, Revised Civil Statutes of Texas, 1925, and because of appraisal of eligible timber and agricultural land as prescribed by Articles 7174A and 7174B, Revised Civil Statutes of Texas, 1925.

(b) The amount of the payment is determined by multiplying the total taxable value actually lost by application of Articles 7150.5, 7174A, and 7174B by the ratio of assessment in effect for the district and multiplying the product by the tax rate in effect for the district. The amount of the payment shall be further modified as directed in this subchapter.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.]

Section 1(d) of art. 13 of the 1979 Act provided that arts. 3 to 8 and 10 to 13 of said Act were to "take effect immediately and apply to ad valorem taxes imposed for the 1979 tax year."

This section expires effective August 31, 1981, under the provisions of § 20.85(i).

§ 20.82. Taxable Value Lost on Residence Homesteads

The amount of taxable value actually lost by application of Article 7150.5, Revised Civil Statutes of Texas, 1925, is the sum of the amounts of residence homestead exemptions granted under Article 7150.5 to each residence homestead, except that the amount of the exemptions applicable to a residence homestead for the purpose of this subsection may not exceed its market value according to the school district's tax roll.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.]

§ 20.83. Taxable Value Lost on Agricultural and Timber Land

The amount of taxable value lost by application of Articles 7174A and 7174B, Revised Civil Statutes of Texas, 1925, is the difference between the total of the market values or, if some parcels qualified for assessment under Article VIII, Section 1-d, of the Texas Constitution, the productive values, as determined by the school district in the 1978 tax year, of all parcels that are appraised as provided by Article 7174A or 7174B and the total of the productive values of those parcels as provided by Article 7174A or 7174B, as determined by the school district for the current year. In the case of property which is in a different district in the current year than in the 1978 tax year, the taxable value lost under the provisions of this section shall be calculated under rules adopted by the School Tax Assessment Practices Board

consistent with the treatment of other land under this section.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.]

§ 20.84. Application for Payment

(a) To receive the payment prescribed by this subchapter, a school district must file a completed application for the payment with the School Tax Assessment Practices Board, on a form prescribed by that board in conjunction with the commissioner of education, before November 1. However, for good cause the board may extend the filing deadline by not more than 60 days.

(b) In prescribing the form, the board shall ensure that it requires a school district to provide all the information necessary to administer this subchapter.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.]

§ 20.85. Procedure for Payments

Text of section added effective until August 31, 1981

(a) The School Tax Assessment Practices Board shall determine, using the district's application, its own records, and other available information, the amount of the taxable value lost by each school district. Before January 1, unless an extension has been granted under Section 20.84 of this code, the board shall notify the district of the determinations required by this section and shall certify them to the commissioner of education. In making this determination for years after the 1980 fiscal year, the board shall adopt procedures to ensure that no district receives an increased entitlement as a result of reduced appraisal level and that no district receives a reduction in entitlement from an increase in appraisal level in conjunction with changes in ratio of assessment or tax rate.

(b) After receipt of the School Tax Assessment Practices Board's certifications, the commissioner shall calculate the amount of the payment each district is entitled to receive.

(c) In calculating this amount for the 1979–80 and 1980–81 school years, the commissioner shall adjust the amount of the payment by deducting the following increases in state financial aid to the school district:

(1) any increase in state financial support caused by a reduction in a district's share of the Foundation School Program from the local shares which would be derived under the provisions of Section 16.252 of this code in effect on January 1, 1979, for the school years 1979–80 and 1980–81, excluding any portion of the local share attributable to values of property exempted by or authorized to be exempted by Articles 7150.6, 7150.2, and 7150.3, Revised Civil Statutes of Texas, 1925; and

(2) any allotment for current operating expenses under the provisions of Section 16.151 of this code above $125 per student in average daily attendance in the 1979–80 school year and $130 per student in the 1980–81 school year.

(d) For the fiscal year ending August 31, 1980, the entitlement calculated under Subsection (c) of this section shall not be less than 45 percent of the certified amount of revenue loss for the district. For the fiscal year ending August 31, 1981, the entitlement calculated under Subsection (c) of this section shall not be less than 45 percent, or such greater percentage as calculated under the provisions of Subsection (f) of this section, of the certified amount of revenue loss for the district.

(e) In the event that Section 16.151 and Section 16.252 of this code are not modified by the Acts of the 66th Legislature prior to January 1, 1980, total payments under this section shall not exceed $192,000,000 for the fiscal year ending August 31, 1980, and $192,000,000 for the fiscal year ending August 31, 1981, plus the unexpended balances from the prior fiscal year. In the event that Section 16.151 and Section 16.252 of this code are modified by the Acts of the 66th Legislature prior to January 1, 1980,[1] total payments under this section shall not exceed $107,500,000 for the fiscal year ending August 31, 1980, and $112,500,000 for the fiscal year ending August 31, 1981, plus the unexpended balances from the prior fiscal year. Any balances in the School Taxing Ability Protection Fund in excess of the amounts specified in this subsection shall be transferred by the comptroller of public accounts to the Foundation School Fund during the fiscal years 1980 and 1981.

(f) If the total of the amounts all districts are entitled to receive for the fiscal year ending August 31, 1981, is less than the amount provided by Subsection (e) of this section, the commissioner shall increase the minimum percentage of reimbursement to a level necessary to raise entitlements to the limit specified in Subsection (e) of this section.

(g) If the total of the amounts all districts are entitled to receive exceeds the amount provided by Subsection (e) of this section for that purpose, the amount of the payment to each district is determined by multiplying the maximum amount under Subsection (e) of this section by a fraction, the denominator of which is the total of the amounts all districts are entitled to receive and the numerator of which is the amount the district is entitled to receive.

(h) The commissioner shall calculate the amount of the payment to each district and certify that amount to the comptroller of public accounts. The comptroller shall pay each district from the School Taxing Ability Protection Fund the amount certified by the commissioner in six monthly installments beginning in January.

(i) This section and Section 20.81 of this code shall expire August 31, 1981.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.

[1] Sections 16.151 and 16.252 were amended by Acts 1979, 66th Leg., p. 1311, ch. 602, §§ 8, 13, eff. Aug. 27, 1979.

§ 20.86. Agency Audits

(a) At least once in each two-year period, the Central Education Agency with the assistance of the School Tax Assessment Practices Board shall conduct an audit of each school district tax office to determine if the district's applications under this subchapter are accurate, if the tax office administration of Articles 7150.5, 7174A, and 7174B, Revised Civil Statutes of Texas, 1925, conforms to the requirements of law, and if the market values the district's tax office assigns to property affected by those articles are consistent with and not higher than the market values assigned to other, similar property not affected by those articles.

(b) If the agency determines by audit or otherwise that a district has received a greater payment under this subchapter than it was entitled to receive because it improperly granted residence homestead exemptions, improperly granted eligibility pursuant to Article 7174A or 7174B, assigned excessive value to property affected by Article 7150.5, 7174A, or 7174B, or otherwise overstated the amount it was entitled to receive, the agency shall notify the district of its determination and the reasons for it and shall reduce the amount of the next and, if necessary, subsequent certifications under Section 20.85 of this code or payments of state aid under Sections 16.254(b) and 16.254(c) of this code until the amount of the overpayment is recovered.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.]

§ 20.87. Challenge of Board or Agency Determinations

(a) A school district may challenge a determination by the School Tax Assessment Practices Board or the Central Education Agency under Section 20.85 or 20.86 of this code by filing a petition with the appropriate agency specifying the grounds for the challenge within 30 days after the date on which the district receives notice of the agency's determination.

(b) The appropriate agency shall hold a hearing on the challenge within 60 days after the date on which it receives the petition. After the hearing, the agency shall issue an order based on evidence presented at the hearing reversing, modifying, or affirming its determination.

[Added by Acts 1979, 66th Leg., p. 692, ch. 302, art. 8, § 1, eff. May 31, 1979.]

§ 20.88. Effect of Land Use Change

Prior to April 1, each school district shall notify the Central Education Agency of the amount of payments received during the prior 12 months under the provisions of Section 5 of Article 7174A, Revised Civil Statutes of Texas, 1925, Section 6 of Article 7174B, and Section 1–d(f) of Article VIII of the Texas Constitution. Fifty percent of this amount shall be deducted from either current or subsequent payments under this subchapter or payments of state aid under Sections 16.254(b) and (c).

Support may be provided by the state senior colleges and universities in the pre-service preparation of teachers to carry out the provisions of this section. (c) A teacher may recommend for suspension, and remove from class immediately, any pupil who assaults that teacher on school property as defined in Section 4.23(b) of this code, or has been documented in that teacher's opinion to repeatedly interfere with that teacher's ability to communicate effectively with the majority of students in the class.

(d) Upon a recommendation for suspension under Subsection (c) of this section, the principal shall schedule a hearing within three class days following the pupil's removal between the principal, or a designated representative, a parent or guardian of the pupil, the teacher, and the pupil. Following the hearing, and whether or not all requested parties are in attendance after valid attempts to require their attendance, the principal shall:

See, now, § 23.022.

§ 23.022. Districts With Fewer Than 150 Students

(a) In accordance with this section, an independent school district with fewer than 150 students in gross average daily attendance may be governed by a board of three or five trustees.

(b) If at least 10 percent of the registered voters of the district sign and present to the board a petition requesting submission to the voters of the proposition that the district be governed by a board of three trustees or by a board of five trustees, the board shall order the proposition placed on the ballot at the next regular school board election. The petition must be presented before the 25th day preceding the election at which the proposition is to be submitted and must specify the number of trustees sought to govern the district.

(c) The board of trustees on its own motion may order by resolution that the proposition that the district shall be governed by a board of three trustees or by a board of five trustees be placed on the ballot at the next regular school board election. The order must be entered before the 25th day preceding the election at which the first three-member or five-member board is to be elected.

(d) Approval of the proposition is by majority vote. If the proposition is approved, the district shall be governed by a board of three or five trustees, as applicable, beginning with the next following regular school board election.

(e) At the first election following approval of a proposition, that the district shall be governed by a board of three or five trustees, all positions on the board shall be filled. If the board is to be composed of three trustees, the trustees then elected shall draw lots so that one member shall serve for a term of one year, one shall serve for a term of two years, and one shall serve for a term of three years. If the board is to be composed of five trustees, the trustees then elected shall draw lots so that one member will serve for a term of one year, two shall serve for terms of two years, and two shall serve for terms of three years. Thereafter, one or two members, as applicable, shall be elected annually to a term of three years.

(f) In an independent school district with a board of three trustees or a board of five trustees, the ballot shall be prepared and the election shall be conducted in the same manner as provided by this chapter for other independent school districts.

(g) An independent school district that adopts a three-member or a five-member board of trustees as provided by this section shall remain governed by a board of that size even if the gross average daily attendance increases to 150 or more students. If the attendance so increases, the membership of the board may be increased to seven members in the manner provided for special law districts under Section 23.021 of this code.

[Amended by Acts 1979, 66th Leg., p. 1786, ch. 725, § 1, eff. Aug. 27, 1979.]

§ 23.023. Districts With 66,000 or More Scholastics

(a) Any independent school district, whether created by special or general law, with 66,000 or more students in average daily attendance for the 1975–

1976 school year or thereafter shall be under the management and control of a board of nine trustees elected in accordance with the provisions of this section.

(b) At all elections held after December 31, 1977, seven members of the board of trustees shall be elected by the qualified voters of single-member districts and two members, who shall be the president and vice-president of the board, shall be elected at large.

(c) At least 120 days before the school board election to be held in April, 1978, the board shall divide the school district into seven trustee districts which are compact, contiguous, and contain as nearly as practicable an equal population according to the last preceding federal decennial census.

(d) Except as provided for the initial election under single-member districts, a candidate seeking to represent a trustee district must reside in the district he seeks to represent, and vacates his office if he ceases to reside in that district. A candidate for president or vice-president may seek election to only one position and shall be designated on the official ballot according to the position for which he seeks election. A candidate for president or vice-president must reside in the school district, and vacates his office if he ceases to reside in the district.

(e) The candidate receiving a majority of the votes cast in each position is elected. If no candidate receives a majority of the votes cast for that position, the board shall order a runoff to be held on the third Saturday in April immediately following the first election, and only the names of the two candidates receiving the highest number of votes in the first election shall be listed on the ballot. The candidate receiving the majority of the votes cast in the runoff election is elected.

(f) A member of the board may resign his position to seek election to the office of president or vice-president.

(g) At least 120 days before an election to be held in the second year following the calendar year in which the federal decennial census is taken, the board shall redivide the district into seven trustee districts if the census data indicate that the population of the most populous district exceeds the population of the least populous district by more than 10 percent.

(h) In districts with seven board members on January 1, 1978, members of the board serving on that date shall serve for the remainder of their terms, except those choosing to resign. At the election held in April, 1978, four members shall be elected—the president, vice-president, and two regular members. The president and vice-president then elected shall serve for a term of two years. The other two members then elected shall draw lots so that one will serve for a term of two years, and one will serve for a term of four years. The five members of the board holding the offices for which there was no election shall draw lots to determine which trustee district they will represent during the remainder of their terms. Thereafter, all members shall be elected to staggered terms of four years.

(i) A school district having 66,000 or more students in average daily attendance for the 1975–1976 school year or thereafter which has previously adopted single-member district representation may continue to operate under that plan.

(j) This section does not apply to a district with 66,000 or more students in average daily attendance for the 1975–1976 school year or thereafter all or part of which is located in a city with a population of between 600,000 and 700,000 according to the 1970 federal census.

(k) A school district with less than 66,000 students in average daily attendance for the 1975–1976 school year that later becomes subject to this section shall begin electing trustees from single-member districts in accordance with this section no later than the first regular election following the next calendar year in which the federal census is taken. A school district subject to this section whose average daily attendance drops below 66,000 students shall continue to be governed by this section.

[Added by Acts 1977, 65th Leg., p. 2134, ch. 852, § 1, eff. Aug. 29, 1977.]

Section 2 of the 1977 Act provides:

"If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Section 3 of the 1977 Act, the emergency clause, provides in part:

"The legislature finds:

"(1) that in the school districts with the largest number of students, the at-large election of all members of the board of trustees increases the number of constituents represented by each trustee and hinders communication between the trustee and the constituents, and therefore makes the representation of those constituents less effective;

"(2) that in the school districts with the largest number of students, the at-large election of all members of the board of trustees may work to dilute the voting power of identifiable ethnic groups;

"(3) that in structuring solutions to the dilution of ethnic group voting power, the federal courts have decided that preference should be given to some form of single-member district representation; and

"(4) that the need for increasing the effectiveness of political representation, preserving the voting power of all ethnic groups, complying with the preference for single-member district representation, and assuring the participation of all people in the political process creates an emergency * * *."

§ 23.03. Application to Get on Ballot

(a) Applications of candidates for a place on the ballot shall be filed not less than 30 days prior to the day of the election, and no candidate shall have his name printed on said ballot unless there has been compliance with the provisions of this section.

(b) Candidates for office of trustee of an independent school district must file their applications with the secretary of the school board of trustees.

(c) In those districts in which the positions on the board of trustees are authorized to be designated by number, as provided in Section 23.11 of this code, each applicant shall also state the number of the

position for which he is filing as candidate. No candidate shall be eligible to have his name placed on the official ballot under more than one position to be filled at such election.

(d) In those districts in which the positions on the board of trustees are not authorized to be designated by number, it shall not be necessary for an applicant to state which other candidate, if any, he is opposing.

Said bond shall be payable to the school district and shall be signed by said depository bank and by some surety company authorized to do business in the state. SUBCHAPTER C. POWERS AND DUTIES

§ 53.47. Bonds for the Purchase of Student Loan Notes

(a) An authority heretofore created may, upon approval of the city or cities which created the same, issue revenue bonds to obtain funds to purchase student loan notes which are guaranteed under the provisions of the Higher Education Act of 1965 (Public Law 89–329).[1] Revenue bonds issued for such purpose shall be issued in accordance with and with the effect provided in this chapter, except Section 53.36 shall not apply, as said chapter has been modified by Chapter 3, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 717k–2, Vernon's Texas Civil Statutes), and by Chapter 784, Acts of the 61st Legislature, Regular Session, 1969 (Article 717k–3, Vernon's Texas Civil Statutes). Such bonds shall be payable from and secured by a pledge of revenues derived from or by reason of the ownership of student loan notes and investment income after deduction of such expenses or operating the loan program as may be specified by the bond resolution or trust indenture.

(b) The authority, acting through a bank with trust powers, may cause bond proceeds to be expended to purchase for its account student loan notes executed by students who (1) are residents of this state or (2) who have been admitted to attend an accredited institution within this state. An accredited institution shall mean an institution which has been recognized by a recognized accrediting agency, as defined by Section 61.003(12) of the Texas Education Code, and is a public or private institution of higher learning which is not organized for profit.

(c) The authority shall contract with a nonprofit corporation, organized under the laws of this state, whereby such corporation will provide the reports and other information required for continued participation in the federally guaranteed loan program provided by the Higher Education Act of 1965 (Public Law 89–329). The custody of student loan notes, purchased by the bank on behalf of the authority, shall be held by a bank with trust powers located within this state.

(d) The authority, as a municipal corporation of the state, is charged with a portion of the responsibility of the state to provide educational opportunities in keeping with all applicable state and federal laws. Nothing in this section shall be construed as a prohibition against establishing policies to limit the purchase of notes to notes executed by students attending school in a certain geographical area or by students who are residents of the area.

(e) In lieu of establishing an authority under the provisions of this chapter, the governing body of a home-rule city or cities may request a nonprofit corporation heretofore organized to exercise the powers enumerated and provided in this section for and on its behalf. If the corporation agrees to exercise such powers, the directors of such corporation shall thereafter be appointed by and be subject to removal by the governing body of the home-rule city or cities, and except as herein provided, Sections 53.14, 53.15, 53.31, 53.32, 53.38, and 53.41 through 53.43 of the Texas Education Code shall apply to and govern such corporation, its procedures, and bonds. (2) If the minimum tuition specified in this code for the first institution at which the student is registered is equal to or greater than the minimum tuition specified in this code for the second institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution in addition to the tuition charge paid to the first institution, but shall pay only the hourly rates, as provided in this code, to the second institution.

(3) If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified minimum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between his total tuition charge at the second institution and his total tuition charge at the first institution, but in no case shall the student pay to the second institution less than the hourly rates as provided in this code.

(4) If a student is considered to be a Texas resident and therefore qualified to pay Texas resident tuition rates by one institution at which he is registered, that student shall be considered a Texas resident at each of the institutions at which he is concurrently registered for the purposes of determining the proper tuition charges. Nothing in this subsection shall be so construed as to allow a nonresident to pay resident tuition except at institutions covered by Section 54.060 of this code.

The fee or fees may be either voluntary or compulsory as determined by the governing board. The total of all compulsory student services fees collected from a student for any one semester or summer session shall not exceed $60. All compulsory student services fees charged and collected under this section by the governing board of an institution of higher education, other than a public junior college, shall be assessed in proportion to the number of semester credit hours for which a student registers. Along with his own recommendations, the president may make known to the Board of Regents the student fee committee's recommendations. If the decision of the board differs from that of the student fee committee, the president may deliver to the student fee committee a written explanation of the board's decision within 30 days of that decision.

SUBCHAPTER B. REVENUE BONDS AND FACILITIES

§ 55.16. Rentals, Rates, Charges, and Fees

Each board shall be authorized to fix and collect rentals, rates, charges, and/or fees from students and others for the occupancy, services, use, and/or availability of all or any of its property, buildings, structures, activities, operations, or other facilities, in such amounts and in such manner as may be determined by the board; provided, however, that all student use fees shall be fixed and collected in proportion to the number of semester credit hours for which a student registers, and shall not exceed $6 per semester hour, except that those schools charging more than $6 per semester hour as of May

1, 1975, shall not exceed the amount being charged as of that date, and except that the legislature may specifically authorize individual boards to levy fees in excess of the $6 limit set herein. The board may waive all or any part of any such student use fees in the case of any student for whom the payment of such student use fee would cause an undue economic hardship, except that the number of such students for whom such waivers are granted shall not exceed 5% of the total enrollment; and further provided that nothing in this section shall affect, limit, or impair any pledge, covenant, or option made or reserved by the board with respect to any revenue bonds outstanding as of the 1975 amendment to this section, issued by the board pursuant to this chapter; and provided that hereafter if bonds are issued pursuant to Section 55.17 of this code, to be secured by a pledge of a limited or unlimited use fee, and if, at the time of authorizing the issuance of the bonds, (1) the estimated maximum amount per semester hour of such pledged use fee (based on then current enrollment and conditions) during any future semester necessary to provide for the payment of the principal of and interest on the bonds when due, together with (2) the aggregate amount of all use fees which were levied on a semester hour basis for the then current semester to pay the principal of and interest on all previously issued bonds, do not exceed $6 per semester hour, then such limited or unlimited use fee shall be levied and collected when and to the extent required by the resolution authorizing the issuance of the bonds in any amount required to provide for the payment of the principal of and interest on the bonds, regardless of any other provision of this section or the limitations contained herein.

[See Compact Edition, Volume 1 for text of (g) to (i)]

SUBCHAPTER G. REGULATION OF PRIVATE DEGREE-GRANTING INSTITUTIONS OF HIGHER EDUCATION

§ 61.301. Purpose

It is the policy and purpose of the State of Texas to prevent deception of the public resulting from the conferring and use of fraudulent or substandard college and university degrees; it is also the purpose of this subchapter to regulate the use of academic terminology in naming or otherwise designating educational institutions, the advertising, solicitation or representation by educational institutions or their agents, and the maintenance and preservation of essential academic records. Because degrees and equivalent indicators of educational attainment are used by employers in judging the training of prospective employees, by public and private professional groups in determining qualifications for admission to and continuance of practice, and by the general public in assessing the competence of persons engaged in a wide range of activities necessary to the general welfare, regulation by law of the evidences of college and university educational attainment is in the public interest. To the same end the protection of legitimate institutions and of those holding degrees from them is also in the public interest.

[Added by Acts 1975, 64th Leg., p. 1867, ch. 587, § 1, eff. June 19, 1975.]

§ 61.304. Requisite Authority to Grant Degrees and Offer Courses

(c) An institution in operation on the effective date of this subchapter which has submitted a complete application for a certificate which has not been evaluated or acted on by the board shall be issued a provisional certificate which shall be valid for purposes of compliance with this subchapter until the board has completed its evaluation and has issued or denied a regular certificate.

capable of producing gas in paying quantities, such payment to be made to the Board of Regents of The University of Texas System at Austin, Texas, prior to the expiration of the primary term of the lease, or if the primary term has expired, within 60 days after lessee ceases to produce gas from such well or wells; and if such payment is made, the lease shall be considered to be a producing lease and such shut-in gas well royalty payment shall extend the term of the lease for a period of one year from the end of the primary term or from the first day of the month next succeeding the month in which production ceased; and thereafter if no suitable market for such gas exists, the lessee may extend the lease for two additional and successive periods of one year each by the payment of a like sum of money each year on or before the expiration of the extended term. Provided, however, that if, while such lease is being maintained in force and effect by payment of such shut-in gas well royalty, gas should be sold and delivered in paying quantities from a well situated within 1,000 feet of the leased premises and completed in the same producing reservoir or in any case where drainage is occurring, the right to further extend the lease by such shut-in gas well royalty payments shall cease, but such lease shall remain in force and effect for the remainder of the current one year period for which the shut-in gas well royalty has been paid, and for an additional period not to exceed a combined total of three years from the expiration of the primary term or from the first day of the month next succeeding the month in which production ceased by the payment by the lessee of compensatory royalty, at the royalty rate provided for in such university lease as would be due on an equivalent amount of like quality gas produced and delivered from the well completed in the same producing reservoir from which gas is being sold and delivered and which is situated within 1,000 feet of, or draining, the leased premises on which shut-in gas well is situated, such compensatory royalty to be paid monthly to the Board of Regents of The University of Texas System at Austin, Texas, beginning on or before the last day of the month next succeeding the month in which such gas is sold and delivered from the well situated within 1,000 feet of, or draining, the leased premises and completed in the same producing reservoir; provided further, that in the event such compensatory royalties paid in any 12-month period are in a sum less than the annual shut-in gas well royalties provided for in this section, the lessee shall pay an additional sum equal to the difference within 30 days from the end of such 12-month period; provided further, that nothing herein shall relieve the lessee of the obligation of reasonable development, nor of the obligation to drill offset wells required by Section 66.75 of this code.

(f) Each lease shall provide that if, at the expiration of the primary term, production of oil and/or gas has not been obtained in paying quantities on the leased premises but drilling operations are being conducted thereon in good faith and in good and workmanlike manner, the lessee may, on or before the expiration of the primary term, file with the Board of Regents of The University of Texas System a written application for a 30-day extension of such lease, such application to be accompanied by a payment to the Board of Regents of The University of Texas System of $7.50 per acre for each acre in the lease, and the Chairman of the Board of Regents of The University of Texas System or a designee appointed by the Chairman shall, in writing, extend such lease for a 30-day period from and after the expiration of the primary term and so long thereafter as oil or gas is produced in paying quantities from the premises; provided further, that the lessee may, so long as such drilling operations are being conducted in good faith, make like application and payment during any 30-day extended period for an additional extension of 30 days not to exceed a combined total of 180 days; provided, however, lessee may, so long as such drilling operations are being conducted in good faith, make written application to the Board of Regents of The University of Texas System on or before the expiration of the initial extended period of 180 days for an additional extension of 180 days, such application to be accompanied by a payment to the Board of Regents of The University of Texas System of $50 per acre for each acre in the lease, and the Chairman of the Board of Regents of The University of Texas System or a designee appointed by the Chairman shall, in writing, extend such lease for an additional 180-day period from and after the expiration of the initial extended period of 180 days, and so long thereafter as oil or gas is produced in paying quantities from the premises; provided, that no lease shall be extended under the provisions of this section for more than a total of 360 days from and after the expiration of the primary term unless production in paying quantities has been obtained.

(b) Any rights to any lease and to any assigned portion thereof may be relinquished to the state at any time by having an instrument of relinquishment recorded in the county or counties in which the area relinquished is situated and an original certified copy filed with the Board of Regents of The University of Texas System, accompanied by $1 for each area relinquished and a filing fee of $5 for each lease involved in the relinquishment.

Payment of this penalty in no way operates to prohibit the state's right of forfeiture as provided by law and does not postpone the date on which royalties were originally due. The penalty does not apply in cases of title dispute as to the state's portion of the royalty or to that portion of the royalty in dispute as to fair market value. Except as provided in Subsection (g), Section 66.68 of this code, royalty payments shall be made in cash by bank draft drawn on a state or national bank in Texas, by a post-office or express money order, or in any other form that the law may provide for making payments to the State Treasury and are payable to the Board of Regents of The University of Texas System.

SUBCHAPTER E. BOARDS OF TRUSTEES OF JUNIOR COLLEGE DISTRICTS

§ 130.082. Governing Board of Junior College of Other than Independent School District

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) The number of members or trustees of the governing board shall be either seven or nine, in accordance with the laws applicable to the junior college district on the effective date of this code or on the date of the creation of a new district or a new board. Any seven-member board may be increased

to nine, and the two additional members shall be appointed by resolution or order of the board for terms of office as prescribed in Subsection (e) of this section. Any vacancy occurring on the board through death, resignation, or otherwise, shall be filled by appointment by resolution or order of the board. If the vacancy occurs on a board whose members are elected in at-large elections, the person appointed to fill the unexpired term shall serve until the next regular election of members to the board, at which time the position shall be filled by election for a term appropriately shortened to conform with what regularly would have been the length of the term for that position. If the vacancy occurs on a board whose members are elected from single-member districts, the person appointed to fill the unexpired term shall serve until the next regular election for that particular district. Each member of the board shall be a resident, qualified voter of the district and shall take the proper oath of office before taking up the duties thereof. Members of a board shall not receive any remuneration or emolument of office, but they shall be entitled to reimbursement for their actual expenses incurred in performing their duties, to the extent authorized and permitted by the board. The board shall elect one of its members as president of the board, and the president shall preside at meetings of said board and perform such other duties and functions as are prescribed by the board. The president of the board shall have a vote the same as the other members. The board shall elect a secretary of the board who may or may not be a member of the board, and who shall be the official custodian of the minutes, books, records, and seal of said board, and who shall perform such other duties and functions as are prescribed by the board. The board shall be authorized to elect any other officers as deemed necessary or advisable. Officers of the board shall be elected at the first regular meeting of the board following the regular election of members of the board in even-numbered years, or at any time thereafter in order to fill a vacancy. Said board shall be authorized to appoint or employ such agents, employees, and officials as deemed necessary or advisable to carry out any power, duty, or function of said board; and to employ a president, dean, or other administrative officer, and upon the president's recommendation to employ faculty and other employees of the junior college. Said board shall act and proceed by and through resolutions or orders adopted or passed by the board and the affirmative vote of a majority of all members of the board shall be required to adopt or pass a resolution or order, and the board shall adopt such rules, regulations, and bylaws as it deems advisable, not inconsistent with this section.

[See Compact Edition, Volume 1 for text of (e) to (h)]

(i) The governing board of a countywide junior or community college district that contains a city with a population of more than 800,000 residents may set the date for an election held under the provisions of this section on any day in April by a resolution adopted not less than 90 days before the date selected; provided, however, that such election may not be held on the same date as the election of the governing board of any independent school district in such county unless the election date of all independent school districts in such county is on such date. The elections in each trustee district may be conducted jointly with the elections held in April in a city or school district in the trustee district. When a runoff election is necessary, the board may order the election for a date to coincide with the date of the runoff election for city officials, if the city is holding a runoff election; otherwise, the board shall set the date of the runoff election for not later than three weeks following the regular election. When members of the board and municipal officers are to be elected on the same day, the governing bodies of the district and the city shall enter into an agreement governing the conduct of the joint election in accordance with the provisions of Article 978b, Revised Civil Statutes of Texas, 1925, as amended. [Amended by Acts 1975, 64th Leg., p. 2035, ch. 673, § 1, eff. June 20, 1975; Acts 1977, 65th Leg., p. 1386, ch. 554, § 1, eff. June 15, 1977.]

§ 130.0821. Governing Board of Certain Countywide Community College Districts

(a) The members of the governing board of a countywide community college district that contains a city with a population of more than 800,000 residents shall be elected from single-member trustee districts at all elections held after January 1, 1978.

(b) Before January 1, 1978, the board of trustees shall divide the district into seven compact trustee districts which contain as nearly as practicable an equal number of inhabitants according to the last preceding federal census. Residents of each trustee district shall be entitled to elect one member of the board, and each candidate seeking to represent a trustee district must reside in the trustee district he seeks to represent. Trustees shall, during their term of office, reside within the trustee district from which they were elected.

(c) Members of the board of trustees of the district shall serve for staggered terms of six years with the terms of two or three members expiring in even-numbered years.

(d) The trustees elected in 1978 shall draw lots for appropriate terms so that the terms of two trustees shall expire in 1980, two in 1982, and three in 1984.

(e) Within 90 days following the publication of census tract data compiled during each subsequent decennial federal census, the board of trustees shall

redivide the district into seven trustee districts if such census data indicates that the population of the most populous trustee district exceeds the population of the least populous district by more than 10 percent. At the next district election following the redivision of the district, each trustee district shall elect a member of the board, and the members elected shall draw lots for two two-year terms, two four-year terms, and three six-year terms.

(f) Any election held pursuant to the terms of this section shall be conducted in accordance with the provisions of Subsection (i), Section 130.082 of this code.

(g) Trustees elected under the provisions of this section take office on the first Tuesday in May.
[Added by Acts 1977, 65th Leg., p. 1868, ch. 743, § 1, eff. Aug. 29, 1977.]

§ 130.086. Branch Campuses

(a) The board of trustees of a junior college district may establish and operate branch campuses, centers, or extension facilities, without regard to the geographical bounds of the junior college district, provided that each branch campus, center, or extension facility and each course or program offered in such locations is subject to the prior and continuing approval of the Coordinating Board, Texas College and University System.

(b) Such branch campuses, centers, or extension facilities shall be within the role and scope of the junior college as determined by the Coordinating Board, Texas College and University System.

[See Compact Edition, Volume 1 for text of (c)]

(d) Before any course may be offered by a junior college within the district of another operating public junior college, it must be established that the second public junior college is not capable of or is unable to offer the course. If the course is to be offered in a county which has a population of more than 97,500 persons, according to the last preceding federal census, and which has no state-supported senior college or university within its boundaries, it must also be established that any other college or university in the county is not able and willing to offer the course. After the need is established and the course is not locally available, then the first junior college may offer the course when approval is granted by the Coordinating Board, Texas College and University System, under the provisions of Subsection (a).

[See Compact Edition, Volume 1 for text of (e)]

(f) Out-of-district branch campuses, centers, or extension facilities of junior colleges existing prior to September 1, 1971, shall be reviewed by the Coordinating Board, Texas College and University System, to determine their feasibility and desirability with respect to the junior college and the population of the geographical area served by the branch campus, center, or extension facility.

Tax assessors and tax collectors shall receive compensation in an amount agreed on between the appropriate parties, but not to exceed two percent of the ad valorem taxes assessed. (1) this state:

(A) is the principal residence of the child at the time the proceeding is commenced; or

(B) was the principal residence of the child at any time during the six-month period before the proceeding was commenced, and a parent or person acting as a parent resides in this state at the time the proceeding is commenced; or

(2) it is in the best interest of the child that a court of this state assume jurisdiction because:

(A) the child and the child's parents or the child and at least one contestant have a significant connection with this state and there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships;

(B) the child is physically present in this state and there is a serious immediate question concerning the welfare of the child; or

(C) it appears that no other state would have jurisdiction under prerequisites substantially in accordance with this section, or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine issues concerning the child.

(b) The physical presence in this state of the child or of the child and one of the contestants is alone insufficient to confer jurisdiction to the court to make a determination under this subtitle.

§ 11.05. Continuing Jurisdiction

Text of subsection as amended by Acts 1979, 66th Leg., p. 1201, ch. 584, § 1, and Acts 1979, 66th Leg., p. 1888, ch. 763, § 1

(a) Except as provided in Subsections (b), (c), (d), and (e) of this section and in Section 11.052 of this code, when a court acquires jurisdiction of a suit affecting the parent-child relationship, that court retains continuing jurisdiction of all parties and matters provided for under this subtitle in connection with the child. No other court of this state has jurisdiction of a suit affecting the parent-child relationship with regard to that child except on transfer as provided in Section 11.06 of this code.

Text of subsection as amended by Acts 1979, 66th Leg., p. 1471, ch. 643, § 2, and Acts 1979, 66th Leg., p. 1888, ch. 763, § 1

(a) Except as provided in Subsections (b), (c), (d), and (e) of this section and Section 17.05 of this code, when a court acquires jurisdiction of a suit affecting the parent-child relationship, that court retains continuing jurisdiction of all matters provided for under this subtitle in connection with the child, and no other court has jurisdiction of a suit affecting the parent-child relationship with regard to that child except on transfer as provided in Section 11.06 or 17.06 of this code.

(b) A final decree of adoption ends a court's continuing jurisdiction over the child, and any subsequent suit affecting the child shall be commenced as though the child had not been the subject of a suit for adoption or any other suit affecting the parent-child relationship prior to the adoption.

(c) A court shall have jurisdiction over a suit affecting the parent-child relationship if it has been, correctly or incorrectly, informed by the Texas Department of Human Resources that the child has not been the subject of a suit affecting the parent-child relationship and the petition states that no other court has continuing jurisdiction over the child.

(d)(1) In a suit in which a determination of paternity is sought, except as provided in paragraph (2), the jurisdiction of the court terminates when an order dismissing with prejudice a suit under Chapter 13 [1] becomes final, or when an order under Subsection (b), Section 13.08, declaring that the alleged father is not the father of the child becomes final, or when an order denying voluntary legitimation under Section 13.21 becomes final.

(2) The jurisdiction of the court does not terminate if the child was subject to the jurisdiction of the court or some other court in a suit affecting the parent-child relationship prior to the commencement of the suit to determine paternity.

Text of subsection as added by Acts 1979, 66th Leg., p. 1201, ch. 584, § 1

(e) A court does not acquire continuing, exclusive jurisdiction over the matters provided for under this subtitle in connection with the child before the entry of a final decree. A voluntary or involuntary dismissal of a suit affecting the parent-child relationship or the entry of a decree by another court having dominant jurisdiction of the suit terminates all jurisdiction of the court. Unless a final decree has been entered by a court of continuing, exclusive jurisdiction, a subsequent suit shall be commenced as an original proceeding.

Text of subsection as added by Acts 1979, 66th Leg., p. 1888, ch. 763, § 2

(e) A court acquires jurisdiction of a suit affecting the parent-child relationship without a transfer under Section 11.06 of this code, even though another court has continuing jurisdiction over the child, if the parents of the child have remarried after the dissolution of a previous marriage between the parents and file in the court acquiring jurisdiction a suit for the dissolution of their subsequent marriage combined with a suit affecting the parent-child relationship concerning the child.

§ 11.051. Acquiring Jurisdiction Over Nonresident

In a suit affecting the parent-child relationship, the court may exercise personal jurisdiction over a person on whom service of citation is required or over the person's personal representative, although the person is not a resident or domiciliary of this state, if:

(1) the child was conceived in this state and the person on whom service is required is a parent or an alleged or probable father of the child;

(2) the child resides in this state, as defined by Section 11.04 of this code, as a result of the acts or directives or with the approval of the person on whom service is required;

(3) the person on whom service is required has resided with the child in this state; or

(4) notwithstanding Subdivisions (1), (2), or (3) above, there is any basis consistent with the constitutions of this state or the United States for the exercise of the personal jurisdiction.

[Added by Acts 1975, 64th Leg., p. 1255, ch. 476, § 7, eff. Sept. 1, 1975.]

§ 11.052. Exceptions to Continuing Jurisdiction

(a) Except on the written agreement of all the parties, a court may not exercise its continuing jurisdiction to modify:

(1) the appointment of a managing conservator if the managing conservator and the child

have established and continued to maintain their principal residence in another state for more than six months unless the action was filed and pending before the six-month period; or

(2) any part of a decree if all of the parties and the child have established and continue to maintain their principal residence outside this state.

(b) This section does not affect the power of the court to enforce and enter a judgment on its decree.

[Added by Acts 1979, 66th Leg., p. 1202, ch. 584, § 3, eff. June 13, 1979.]

§ 11.053. Recognition of Out-of-State Decrees Affecting a Child

A court of this state shall recognize and enforce an original or modified final decree granted by a court of another state and entered in litigation that would have been a suit affecting the parent-child relationship in this state unless it is shown that the out-of-state court did not exercise jurisdiction under statutory authority substantially in accordance with the jurisdictional prerequisites of this code.

[Added by Acts 1979, 66th Leg., p. 1202, ch. 584, § 4, eff. June 13, 1979.]

§ 11.06. Transfer of Proceedings

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) If a court has continuing jurisdiction over a child but another court has acquired jurisdiction over the child in a suit affecting the parent-child relationship under Section 11.05(c) or (e) of this code, the court previously having jurisdiction over the child, on a motion of any party, on the court's motion or on the request of the other court, shall transfer the proceeding to the court which has acquired jurisdiction under Section 11.05(c) or (e) of this code.

[See Compact Edition, Volume 1 for text of (e), (f)]

(g) The court transferring a proceeding shall send to the proper court in the county to which transfer is made the complete files in all matters affecting the child, certified copies of all entries in the minutes, and a certified copy of any decree of dissolution of marriage issued in a suit joined with the suit affecting the parent-child relationship. If the transferring court retains jurisdiction of another child who was the subject of the suit, the court shall send a copy of the complete files to the court to which the transfer is made and shall keep the original files.

[Amended by Acts 1975, 64th Leg., p. 1255, ch. 476, § 8, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1888, ch. 763, § 3, eff. Aug. 27, 1979.]

§ 11.07. Commencement of Suit and Petition for Further Remedy

(a) A suit affecting the parent-child relationship shall be commenced by the filing of a petition as provided in this chapter.

(b) Except in a motion to modify as provided in Section 14.08 of this code, a request for further action concerning a child who is the subject of a suit affecting the parent-child relationship and who is under the jurisdiction of a court with continuing jurisdiction shall be initiated by the filing of a petition as provided in this chapter.

(c) On the receipt of a petition requesting further action concerning the child in the court of continuing jurisdiction, the clerk shall file the petition and all other papers relating to the request for further action in the file of the suit affecting the parent-child relationship under the same docket number as the prior proceeding.

[Amended by Acts 1975, 64th Leg., p. 1255, ch. 476, § 9, eff. Sept. 1, 1975.]

§ 11.071. Identification of Court of Continuing Jurisdiction

(a) The petitioner or the court shall request from the State Department of Public Welfare identification of the court that last had jurisdiction of the child in a suit affecting the parent-child relationship unless:

(1) the petition alleges that no court has continuing jurisdiction of the child, and the issue is not disputed by the pleadings; or

(2) the petition alleges that the court in which the suit, petition for further remedy, or motion to modify has been filed has acquired and retains continuing jurisdiction of the child as the result of a prior proceeding, and the issue is not disputed by the pleadings.

(b) The department shall, on the written request of the court, an attorney, or any party, identify the court that last had jurisdiction of the child in a suit affecting the parent-child relationship and give the docket number of the suit, or state that the child has not been the subject of a suit affecting the parent-child relationship. The child shall be identified in the request by name, birthdate, and place of birth. The department shall transmit this information within 10 days after the day the request is received.

(c) If a request for information from the department relating to the identity of the court having continuing jurisdiction of the child has been made pursuant to Subsection (a), no final order, except an order of dismissal, shall be entered until the information is filed with the court. If a final order is entered in the absence of the filing of the information from the department, the order is voidable on a showing that a court other than the court that entered the order had continuing jurisdiction.

(d) If the court in which a petition in a suit affecting the parent-child relationship is filed determines that another court has continuing jurisdiction of the child, the court in which the petition is filed shall dismiss the suit without prejudice.

[Added by Acts 1975, 64th Leg., p. 1255, ch. 476, § 10, eff. Sept. 1, 1975.]

§ 11.08. Contents of Petition

In any other suit under this subtitle, the court may appoint a guardian ad litem. (a) At the conclusion of the pretrial conference, if the court finds that the tests show by clear and convincing evidence that the alleged father is not the father of the child, the court shall dismiss the suit with prejudice.

(b) If the court finds that the blood tests fail to show by clear and convincing evidence the alleged father is not the father of the child, the court shall set the suit for trial.

(c) If the blood tests show the possibility of the alleged father's paternity, the court may admit this evidence if offered at the trial.

(d) Evidence of a refusal by the respondent to submit to a blood test is admissible to show only that the alleged father is not precluded from being the father of the child.

[Amended by Acts 1975, 64th Leg., p. 1261, ch. 476, § 24, eff. Sept. 1, 1975.]

SUBCHAPTER B. VOLUNTARY LEGITIMATION

§ 13.21. Voluntary Legitimation

The statement of paternity must be attached to the petition.

(b) The court shall enter a decree designating the child as the legitimate child of its father and the father as a parent of the child if the court finds that:

The statement must be executed before a person authorized to administer oaths under the laws of this state.

[Amended by Acts 1975, 64th Leg., p. 1261, ch. 476, § 24, eff. Sept. 1, 1975.]

§ 13.23. Effect of Statement of Paternity

(a) A statement of paternity executed as provided in Section 13.22 of this code is prima facie evidence that the child is the child of the person executing the statement and that the person has an obligation to support the child.

(b) If the father's address is unknown or he is outside the jurisdiction of the court at the time a suit is instituted under Section 13.21 of this code, his statement of paternity, in the absence of controverting evidence, is sufficient for the court to enter a decree establishing his paternity of the child.

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) The appointment of a managing conservator does not create, rescind, or otherwise alter a right to inherit as established by law or as modified under Chapter 15 of this code.[1]

Such relief shall not be granted unless one of the child's legal parents at the time the relief is requested is the child's natural parent. The court may issue any necessary orders to enforce said decree.

§ 14.07. Best Interest of Child

[See Compact Edition, Volume 1 for text of (a)]

(b) In determining the best interest of the child, the court shall consider the circumstances of the parents. In the event of the death of the parents, the grandparents may be considered but such consideration shall not alter or diminish the discretionary power of the court.

(c) In a nonjury trial the court may interview the child in chambers to ascertain the child's wishes as to his conservator. Upon the application of any party and when the issue of managing conservatorship is contested, the court shall confer with a child 12 years of age or older and may confer with a child under 12 years of age, but in either event the results of such interview shall not alter or diminish the discretionary power of the court. The court may permit counsel to be present at the interview. On the motion of a party or on the court's own motion, the court shall cause a record of the interview to be made when the child is 12 years of age or older, which record of the interview shall be made part of the record in the case.

[Amended by Acts 1975, 64th Leg., p. 1265, ch. 476, § 28, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1862, ch. 739, § 1, eff. Aug. 29, 1977.]

§ 14.08. Modification of Order

(a) A court order or the portion of a decree that provides for the support of a child or the appointment of a conservator or that sets the terms and conditions of conservatorship for support for, or access to a child may be modified only by the filing of a motion in the court having jurisdiction of the suit affecting the parent-child relationship. Any party affected by the order or the portion of the decree to be modified may file the motion.

(b) Each party whose rights, privileges, duties, or powers may be affected by the motion is entitled to at least 30 days' notice of a hearing on the motion to modify.

(c) After a hearing, the court may modify an order or portion of a decree that:

(1) designates a managing conservator if the circumstances of the child or parent have so materially and substantially changed since the entry of the order or decree to be modified that the retention of the present managing conservator would be injurious to the welfare of the child and that the appointment of the new managing conservator would be a positive improvement for the child; or

(2) provides for the support of a child, sets the terms and conditions for access to or possession of a child, or prescribes the relative rights, privileges, duties, and powers of conservators if the circumstances of the child or a person affected by the order or portion of the decree to be modified have materially and substantially changed since the entry of the order or decree; except that an order providing for the support of a child may be modified only as to obligations accruing subsequent to the motion to modify.

(d) If the motion is filed for the purpose of changing the designation of the managing conservator and is filed within one year after the date of issuance of the order or decree to be modified, there shall be attached to the motion an affidavit executed by the person making the motion. The affidavit must contain at least one of the following allegations along with the supportive facts:

(1) that the child's present environment may endanger his physical health or significantly impair his emotional development; or

(2) that the managing conservator is the person seeking the modification or consents to the modification, and the modification is in the best interest of the child.

(e) On the filing of a motion to which the provisions of Subsection (d) of this section apply, the court shall deny the motion and refuse to schedule a hearing unless the court determines, on the basis of the affidavit, that adequate facts to support an allegation listed in Subdivision (1) or (2) of Subsection (d) of this section are stated in the affidavit. If the court determines that the facts stated are adequate to support an allegation, a time and place for the hearing shall be set.

[Amended by Acts 1975, 64th Leg., p. 1265, ch. 476, § 29, eff. Sept. 1, 1975.]

§ 14.10. Habeas Corpus

[See Compact Edition, Volume 1 for text of (a)]

(b) The court shall disregard any cross action or motion pending for modification of the decree determining managing conservatorship, possession, or support of or access to the child unless it finds that:

(1) the previous order was granted by a court that did not have jurisdiction of the parties; or

(2) the child has not been in the relator's possession and control for at least 6 months immediately preceding the filing of the petition for the writ.

[See Compact Edition, Volume 1 for text of (c) and (d)]

(e) If the right to possession of a child is not governed by a court order, the court in a habeas corpus proceeding involving the right of possession of the child shall compel return of the child to the relator if, and only if, it finds that the relator has a superior right to possession of the child by virtue of the rights, privileges, duties, and powers of a parent as set forth in Section 12.04 of this code.

(f) The court shall disregard any motion for temporary or permanent adjudication relating to the possession of the child in a habeas corpus proceeding brought under Subsection (e) of this section unless at the time of the hearing an action is pending under this subtitle, in which case the court may proceed to issue any temporary order as provided by Section 11.11 of this code.

This section was added by Acts 1979, 66th Leg., p. 1193, ch. 580, § 3, without reference to the amendment of this chapter by Acts 1979, 66th Leg., p. 1471, ch. 643, § 4.

§ 17.02. Emergency Orders

(a) Before any temporary restraining order or attachment of the child is issued without a full adversary hearing in a suit affecting the parent-child relationship brought by a governmental entity, the court must be satisfied from a sworn petition or affidavit that:

(1) there is an immediate danger to the physical health or safety of the child; and

(2) there is no time, consistent with the physical health or safety of the child, for an adversary hearing.

(b) The petition or affidavit required by Subsection (a) of this section shall be sworn to by a person with personal knowledge and shall state facts sufficient to satisfy a person of ordinary prudence and caution that there is an immediate danger to the physical health or safety of the child and that there is no time, consistent with the physical health or safety of the child, for an adversary hearing.

(c) A temporary restraining order or attachment of the child issued under Subsection (a) of this section may not extend for more than 10 days.
[Amended by Acts 1979, 66th Leg., p. 1472, ch. 643, § 2, eff. Sept. 1, 1979.]

§ 17.03. Taking Possession of a Child Without a Court Order

(a) An authorized representative of the Texas Department of Human Resources, a law enforcement officer, or a juvenile probation officer may take possession of a child without a court order under the following conditions and no others:

(1) upon discovery of a child in a situation of danger to the child's physical health or safety when the sole purpose is to deliver the child without unnecessary delay to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child;

(2) upon the voluntary delivery of the child by the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child;

(3) upon personal knowledge of facts which would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining order or attachment under Section 17.02 of this code; or

(4) upon information furnished by another which has been corroborated by personal knowledge of facts and all of which taken together would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining order or attachment under Section 17.02 of this code.

(b) When a child is taken into possession under Subdivision (3) or (4) of Subsection (a) of this section, the person taking the child into possession shall, without unnecessary delay, cause to be filed a suit affecting the parent-child relationship and request the court to cause hearing to be held by no later than the first working day after the child is taken into possession.

(c) The court in which the suit affecting the parent-child relationship has been filed under Subsection (b) of this section shall hold a hearing on or before the first working day after the child is taken into possession and shall make such orders as are necessary to protect the physical health and safety of the child. If the court is unavailable for a hearing on the first working day, then, and only in that event, the hearing shall be held no later than the first working day after the court becomes available, provided that the hearing is held no later than the third working day after the child is taken into possession. The hearing may be ex parte and proof may be by sworn petition or affidavit if a full adversary hearing is not practicable. If the hearing established by this subsection is not held within the time limits required, the child shall be returned to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child.

(d) Unless the court at the hearing required under Subsection (c) of this section is satisfied that there is a continuing danger to the physical health or safety of the child if the child is returned to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child, the court shall order the return of the child to the person entitled to possession.

(e) A full adversary hearing shall be held within 10 days of the taking of the child into possession under Subdivision (3) or (4) of Subsection (a) of this section and such orders made as are necessary for the protection of the physical health and safety of the child.

(f) When possession of the child has been acquired under Subdivision (2) of Subsection (a) of this section, the person taking the child into possession shall cause to be filed a suit affecting the parent-child relationship within 60 days from the date of the taking of the child into possession and a hearing to be held thereon.

(g) When a child is taken into possession under this section, that child shall not be held in a jail or juvenile detention facility.

(a) Unless the child has already been returned to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian entitled to possession and any temporary orders dissolved, a full adversary hearing shall be held within 10 days of:

(1) the taking of the child into possession by authority of Subdivision (3) or (4) of Subsection (a) of Section 17.03 of this code;

(2) the taking of the child into possession by authority of a temporary restraining order or attachment of a child issued under Section 17.02 of this code; or

(3) the filing of the suit provided under Subsection (f) of Section 17.03 of this code.

(b) At the conclusion of the full adversary hearing, the court shall order the return of the child to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian entitled to possession unless the court finds sufficient evidence to satisfy a person of ordinary prudence and caution that there is a danger to the physical health or safety of the child which was caused by any act or failure to act of the person entitled to possession.

(c) If the court finds sufficient evidence to satisfy a person of ordinary prudence and caution that there is a danger to the physical health or safety of the child, the court shall issue appropriate temporary orders under Section 11.11 of this code.

[Amended by Acts 1979, 66th Leg., p. 1471, ch. 643, § 4, eff. Sept. 1, 1979.]

(b) Immediately after the issuance of such temporary orders as are necessary for the protection of the child pending a final hearing, a governmental entity shall determine the court of continuing jurisdiction and shall institute any transfers as are necessary under Section 17.06 or 11.06 of this code.

[Amended by Acts 1975, 64th Leg., p. 1270, ch. 476, § 45, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1472, ch. 643, § 4, eff. Sept. 1, 1979.]

§ 51.04. Jurisdiction

(a) This title covers the proceedings in all cases involving the delinquent conduct or conduct indicating a need for supervision engaged in by a person who was a child within the meaning of this title at the time he engaged in the conduct, and the juvenile court has exclusive original jurisdiction over proceedings under this title.

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) If the judge of a court designated in Subsection (b) or (c) of this section is not an attorney licensed in this state, there shall also be designated an alternate court, the judge of which is an attorney licensed in this state. The alternate juvenile court shall rule on motions and hold hearings as provided in Section 51.18 of this chapter.

[See Compact Edition, Volume 1 for text of (e) and (f)]

(g) The juvenile board, or if there is no juvenile board, the juvenile court, may appoint a referee to conduct hearings under this title and in accordance with Section 54.10 of this code. § 51.05. Court Sessions and Facilities

[Amended by Acts 1975, 64th Leg., p. 2154, ch. 693, § 8, eff. Sept. 1, 1975.]

§ 51.09. Waiver of Rights

(a) Unless a contrary intent clearly appears elsewhere in this title, any right granted to a child by this title or by the constitution or laws of this state or the United States may be waived in proceedings under this title if:

(1) the waiver is made by the child and the attorney for the child;

(2) the child and the attorney waiving the right are informed of and understand the right and the possible consequences of waiving it;

(3) the waiver is voluntary; and

(4) the waiver is made in writing or in court proceedings that are recorded.

(b) Notwithstanding any of the provisions of Subsection (a) of this section, the statement of a child is admissible in evidence in any future proceeding concerning the matter about which the statement was given if:

(1) when the child is in a detention facility or other place of confinement or in the custody of an officer, the statement is made in writing and the statement shows that the child has at some time prior to the making thereof received from a magistrate a warning that:

(A) he may remain silent and not make any statement at all and that any statement he makes may be used in evidence against him;

(B) he has the right to have an attorney present to advise him either prior to any questioning or during the questioning;

(C) if he is unable to employ an attorney, he has the right to have an attorney to counsel with him prior to or during any interviews with peace officers or attorneys representing the state;

(D) he has the right to terminate the interview at any time;

(E) if he is 15 years of age or older at the time of the violation of a penal law of the grade of felony the juvenile court may waive its jurisdiction and he may be tried as an adult; and

(F) the statement must be signed in the presence of a magistrate by the child with no law enforcement officer or prosecuting attorney present. The magistrate must be fully convinced that the child understands the nature and contents of the statement and that the child is signing the same voluntarily. If such a statement is taken, the magistrate shall sign a written statement verifying the foregoing requisites have been met.

The child must knowingly, intelligently, and voluntarily waive these rights prior to and during the making of the statement and sign the statement in the presence of a magistrate who must certify that he has examined the child independent of any law enforcement officer or prosecuting attorney and determined that the child understands the nature and contents of the statement and has knowingly, intelligently, and voluntarily waived these rights.

(2) it be made orally and the child makes a statement of facts or circumstances that are found to be true, which conduct tends to establish his guilt, such as the finding of secreted or stolen property, or the instrument with which he states the offense was committed.

(3) the statement was res gestae of the delinquent conduct or the conduct indicating a need for supervision or of the arrest.

[Amended by Acts 1975, 64th Leg., p. 2154, ch. 693, § 9, eff. Sept. 1, 1975.]

§ 51.12. Place and Conditions of Detention

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) In each county, the judge of the juvenile court and the members of the juvenile board, if there is one, shall personally inspect the detention facilities at least annually and shall certify in writing to the authorities responsible for operating and giving financial support to the facilities that they are suitable or unsuitable for the detention of children in accordance with:

(1) the requirements of Subsection (a) of this section;

(2) the requirements of Article 5115, Revised Civil Statutes of Texas, 1925, as amended, defining "safe and suitable jails," if the detention facility is a county jail; and

(3) recognized professional standards for the detention of children.

[See Compact Edition, Volume 1 for text of (d)]

(e) If there is no certified place of detention in the county in which the petition is filed, the designated place of detention may be in another county.

[Amended by Acts 1975, 64th Leg., p. 2155, ch. 693, §§ 10 and 11, eff. Sept. 1, 1975.]

§ 51.15. Fingerprints and Photographs

(a) No child may be fingerprinted without the consent of the juvenile court except as provided in Subsection (f) of this section. However, if a child 15 years of age or older is referred to the juvenile court for a felony, his fingerprints may be taken and filed by a law-enforcement officer investigating the case.

(b) Except as provided in Subsection (h) of this section, no child taken into custody may be photographed without the consent of the juvenile court unless the child is transferred to criminal court for prosecution under Section 54.02 of this code.

[See Compact Edition, Volume 1 for text of (c) to (f)]

(g) When destruction of fingerprints or photographs is required by Subsection (e), (f), or (h) of this section, the agency with custody of the fingerprints or photographs shall proceed with destruction without judicial order. However, if the fingerprints or photographs are not destroyed, the juvenile court, on its own motion or on application by the person fingerprinted or photographed, shall order the destruction as required by this section.

(h) If, during the investigation of a criminal offense, a law enforcement officer has reason to believe that a photograph of a child taken into custody or detained as permitted under this title will assist in the identification of the offender and if not otherwise prohibited by law, the officer may photograph the face of the child. If the child is not identified as an offender, the photograph and its negative shall be destroyed immediately. If the child is identified through the photograph and the child is referred to the juvenile court for the offense investigated, the photograph and its negative shall be delivered to the juvenile court for disposition. If the child is not referred to the juvenile court for the offense investigated, the photograph and its negative shall be destroyed immediately.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, § 12, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1101, ch. 517, §§ 1 to 3, eff. June 11, 1979.]

§ 51.16. Sealing of Files and Records

[See Compact Edition, Volume 1 for text of (a) to (g)]

(h) A person whose files and records have been sealed under this Act is not required in any proceeding or in any application for employment, information, or licensing to state that he has been the subject of a proceeding under this Act; and any statement that he has never been found to be a delinquent child shall never be held against the person in any criminal or civil proceeding.

(i) On the motion of a person in whose name files and records are kept or on the court's own motion, the court may order the destruction of all files and

records concerning a person who has been adjudicated to be a child in need of supervision or a delinquent child if:

(1) seven years have elapsed since the child's 16th birthday; and

(2) the person has not been convicted of a felony.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, § 13, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 708, ch. 307, § 1, eff. Aug. 27, 1979.]

§ 51.18. Powers and Duties of Alternate Juvenile Court

If a juvenile court, the judge of which is not an attorney licensed in this state, issues an order that may be appealed as provided in Subsection (c) of Section 56.01 of this code, the child shall have a right to a trial de novo before the alternate juvenile court or may appeal the order of the court as provided in Section 56.01.

[Added by Acts 1977, 65th Leg., p. 1112, ch. 411, § 2, eff. June 15, 1977.]

CHAPTER 53. PROCEEDINGS PRIOR TO JUDICIAL PROCEEDINGS

§ 53.02. Release or Delivery to Court

[See Compact Edition, Volume 1 for text of (a)]

(b) A child taken into custody may be detained prior to hearing on the petition only if:

(1) he is likely to abscond or be removed from the jurisdiction of the court;

(2) suitable supervision, care, or protection for him is not being provided by a parent, guardian, custodian, or other person;

(3) he has no parent, guardian, custodian, or other person able to return him to the court when required;

(4) he is accused of committing a felony offense and may be dangerous to himself or others if released; or

(5) he has previously been found to be a delinquent child or has previously been convicted of a penal offense punishable by a term in jail or prison and is likely to commit an offense if released.

[Amended by Acts 1979, 66th Leg., p. 1102, ch. 518, § 1, eff. June 11, 1979.]

CHAPTER 54. JUDICIAL PROCEEDINGS

Section
54.041. Orders Affecting Parents and Others.
54.061. Payment of Probation Fees.
54.10. Hearings Before Referee.

§ 54.01. Detention Hearing

(a) If the child is not released under Section 53.02 of this code, a detention hearing without a jury shall be held promptly, but not later than the second working day after he is taken into custody; provided, however, that when a child is detained on a Friday or Saturday, then such detention hearing shall be held on the first working day after the child is taken into custody.

[See Compact Edition, Volume 1 for text of (b) to (d)]

(e) At the conclusion of the hearing, the court shall order the child released from detention unless it finds that:

(1) he is likely to abscond or be removed from the jurisdiction of the court;

(2) suitable supervision, care, or protection for him is not being provided by a parent, guardian, custodian, or other person;

(3) he has no parent, guardian, custodian, or other person able to return him to the court when required;

(4) he is accused of committing a felony offense and may be dangerous to himself or others if released; or

(5) he has previously been found to be a delinquent child or has previously been convicted of a penal offense punishable by a term in jail or prison and is likely to commit an offense if released.

[See Compact Edition, Volume 1 for text of (f) to (l)]

(m) The detention hearing required in this section may be held in the county of the designated place of detention where the child is being held even though the designated place of detention is outside the county of residence of the child or the county in which the alleged delinquent conduct or conduct indicating a need for supervision occurred.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, §§ 14 and 15, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 1102, ch. 518, § 2, eff. June 11, 1979.]

§ 54.02. Waiver of Jurisdiction and Discretionary Transfer to Criminal Court

[See Compact Edition, Volume 1 for text of (a) to (i)]

(j) The juvenile court may waive its exclusive original jurisdiction and transfer a person to the appropriate district court or criminal district court for criminal proceedings if:

(1) the person is 18 years of age or older;

(2) the person was 15 years of age or older and under 17 years of age at the time he is alleged to have committed a felony;

(3) no adjudication concerning the alleged offense has been made or no adjudication hearing concerning the offense has been conducted; and

(4) the juvenile court finds from a preponderance of the evidence that after due diligence of the state it was not practicable to proceed in juvenile court before the 18th birthday of the person because:

(A) the state did not have probable cause to proceed in juvenile court and new evidence has been found since the 18th birthday of the person; or

(B) the person could not be found.

(k) The petition and notice requirements of Sections 53.04, 53.05, 53.06, and 53.07 of this code must be satisfied, and the summons must state that the hearing is for the purpose of considering waiver of jurisdiction under Subsection (j) of this section.

(*l*) The juvenile court shall conduct a hearing without a jury to consider waiver of jurisdiction under Subsection (j) of this section.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, § 16, eff. Sept. 1, 1975.]

§ 54.03. Adjudication Hearing

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) Trial shall be by jury unless jury is waived in accordance with Section 51.09 of this code. Jury verdicts under this title must be unanimous.

[See Compact Edition, Volume 1 for text of (d)]

(e) A child alleged to have engaged in delinquent conduct or conduct indicating a need for supervision need not be a witness against nor otherwise incriminate himself. An extrajudicial statement which was obtained without fulfilling the requirements of this title or of the constitution of this state or the United States, may not be used in an adjudication hearing. A statement made by the child out of court is insufficient to support a finding of delinquent conduct or conduct indicating a need for supervision unless it is corroborated in whole or in part by other evidence. An adjudication of delinquent conduct or conduct indicating a need for supervision cannot be had upon the testimony of an accomplice unless corroborated by other evidence tending to connect the child with the alleged delinquent conduct or conduct indicating a need for supervision; and the corroboration is not sufficient if it merely shows the commission of the alleged conduct. Evidence illegally seized or obtained is inadmissible in an adjudication hearing.

§ 54.041. Orders Affecting Parents and Others

(a) When a child has been found to have engaged in delinquent conduct or conduct indicating a need for supervision and the juvenile court has made a finding that the child is in need of rehabilitation or that the protection of the public or the child requires that disposition be made, the juvenile court, on notice to all persons affected, may:

(1) order any person found by the juvenile court to have, by a wilful act or omission, contributed to, caused, or encouraged the child's delinquent conduct or conduct indicating a need for supervision to do any act that the juvenile court determines to be reasonable and necessary for the welfare of the child or to refrain from doing any act that the juvenile court determines to be injurious to the welfare of the child; or

(2) enjoin all contact between the child and a person who is found to be a contributing cause of the child's delinquent conduct or conduct indicating a need for supervision.

(b) If a child is found to have engaged in delinquent conduct arising from the commission of an offense in which property damage occurred, the juvenile court, on notice to all persons affected and on hearing, may order the child or a parent to make full or partial restitution to the victim of the offense. An order under this subsection may provide for periodic payments by the child or a parent of the child for the period specified in the order not to exceed five years after the 18th birthday of the child. If the child or parent is unable to make full or partial restitution or if a restitution order is not appropriate under the circumstances, the court may order the child to render personal services to a charitable or educational institution in the manner prescribed in the court order in lieu of restitution. Restitution under this section is cumulative of any other remedy allowed by law and may be used in addition to other remedies; except that a victim of an offense is not entitled to receive more than actual damages under a juvenile court order.

(c) A person subject to an order proposed under Subsection (a) of this section is entitled to a hearing on the order before the order is entered by the court.

(d) An order made under this section may be enforced as provided by Section 54.07 of this code.

[Added by Acts 1975, 64th Leg., p. 2157, ch. 693, § 18, eff. Sept. 1, 1975. Amended by Acts 1979, 66th Leg., p. 338, ch. 154, § 2, eff. Sept. 1, 1979.]

§ 54.05. Hearing to Modify Disposition

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) A hearing to modify disposition shall be held on the petition of the child and his parent, guardian, guardian ad litem, or attorney, or on the petition of the state, a probation officer, or the court itself. Reasonable notice of a hearing to modify disposition shall be given to all parties. When the petition to modify is filed under Section 51.03(a)(2) of this code, the court must hold an adjudication hearing and make an affirmative finding prior to considering any written reports under Subsection (e) of this section.

(e) After the hearing on the merits or facts, the court may consider written reports from probation officers, professional court employees, or professional consultants in addition to the testimony of other witnesses. Prior to the hearing to modify disposition, the court shall provide the attorney for the child with access to all written matter to be considered by the court in deciding whether to modify disposition. The court may order counsel not to reveal items to the child or his parent, guardian, or guardian ad litem if such disclosure would materially harm the treatment and rehabilitation of the child or would substantially decrease the likelihood of receiving information from the same or similar sources in the future.

[Amended by Acts 1979, 66th Leg., p. 1829, ch. 743, § 1, eff. Aug. 27, 1979.]

§ 54.061. Payment of Probation Fees

(a) If a child is placed on probation under Section 54.04(d)(1) of this code, the juvenile court, after giving the child, parent, or other person responsible for the child's support a reasonable opportunity to be heard, may order the child, parent, or other person, if financially able to do so, to pay to the court a fee of not more than $15 a month during the period that the child continues on probation.

(b) Orders for the payment of fees under this section may be enforced as provided by Section 54.07 of this code.

[Added by Acts 1979, 66th Leg., p. 338, ch. 154, § 1, eff. Sept. 1, 1979.]

§ 54.07. Enforcement of Order

[See Compact Edition, Volume 1 for text of (a)]

(b) The juvenile court may enforce its order for support or for the payment of restitution or probation fees by civil contempt proceedings after 10 days' notice to the defaulting person of his failure or refusal to carry out the terms of the order.

(c) On the motion of the juvenile court or any person or agency entitled to receive restitution or probation payments or payments for the benefit of a child, the juvenile court may render judgment against a defaulting person for any amount unpaid and owing after 10 days' notice to the defaulting person of his failure or refusal to carry out the terms of the order. The judgment may be enforced by any means available for the enforcement of judgments for other debts.

[Amended by Acts 1979, 66th Leg., p. 339, ch. 154, § 3, eff. Sept. 1, 1979.]

§ 54.10. Hearings Before Referee

(a) The hearing provided in Sections 54.01, 54.03, and 54.04 of Title 3 of this code and the hearing provided in Article IV, Article V, and Article VI of the Uniform Interstate Compact on Juveniles (Chapter 25 of this code) may be held by a referee appointed in accordance with Section 51.04(g) of this code provided:

(1) the parties have been informed by the referee that they are entitled to have the hearing before the juvenile court judge or in the case of a detention hearing provided for in Section 54.01 of this code, a substitute judge as authorized by Section 51.04(f) of this code; or

(2) the child and the attorney for the child have in accordance with the requirements of Section 51.09 of this code waived the right to have the hearing before the juvenile court judge or substitute judge.

(b) At the conclusion of the hearing, the referee shall transmit written findings and recommendations to the juvenile court judge. The juvenile court judge shall adopt, modify, or reject the referee's recommendations within 24 hours. In the same case of a detention hearing as authorized by Section 54.01 of this code, the failure of the juvenile court to act within 24 hours results in release of the child by operation of law and a recommendation that the child be released operates to secure his immediate release subject to the power of the juvenile court judge to modify or reject that recommendation.

[Added by Acts 1975, 64th Leg., p. 2157, ch. 693, § 19, eff. Sept. 1, 1975. Amended by Acts 1979, 66th Leg., p. 1830, ch. 743, § 2, eff. Aug. 27, 1979.]

CHAPTER 55. PROCEEDINGS CONCERNING CHILDREN WITH MENTAL ILLNESS, RETARDATION, DISEASE, OR DEFECT

§ 55.01. Physical or Mental Examination

(a) At any stage of the proceedings under this title, the juvenile court may cause the child to be examined by a physician, psychiatrist, or psychologist.

(b) If an examination ordered under Subsection (a) of this section is to determine whether the child

is mentally retarded, the examination must consist of a comprehensive diagnosis and evaluation as defined in the Mentally Retarded Persons Act [1] and shall be conducted at a facility approved by the Texas Department of Mental Health and Mental Retardation.

[Amended by Acts 1977, 65th Leg., p. 1453, ch. 591, § 1, eff. Jan. 1, 1978.]

"This Act takes effect January 1, 1978."

§ 55.02. Mentally Ill Child

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) If the juvenile court enters an order of temporary hospitalization of the child, the child shall be cared for, treated, and released in conformity to the Texas Mental Health Code except:

(1) a juvenile court order of temporary hospitalization of a child automatically expires when the child becomes 18 years of age;

(2) the head of a mental hospital shall notify the juvenile court that ordered temporary hospitalization at least 10 days prior to discharge of the child; and

(3) appeal from juvenile court proceedings under this section shall be to the court of civil appeals as in other proceedings under this title.

[See Compact Edition, Volume 1 for text of (d)]

(e) If the child is discharged from the mental hospital before reaching 18 years of age, the juvenile court may:

(1) dismiss the juvenile court proceedings with prejudice; or

(2) continue with proceedings under this title as though no order of temporary hospitalization had been made.

[Amended by Acts 1975, 64th Leg., p. 2157, ch. 693, §§ 20 and 21, eff. Sept. 1, 1975.]

§ 55.03. Mentally Retarded Child

(a) If it appears to the juvenile court, on the suggestion of a party or on the court's own notice, that a child alleged or found to have engaged in delinquent conduct or conduct indicating a need for supervision may be mentally retarded, the court shall order a comprehensive diagnosis and evaluation of the child to be performed at a facility approved by the Texas Department of Mental Health and Mental Retardation. If the court finds that the results of such comprehensive diagnosis and evaluation indicate a significantly subaverage general intellectual function of 2.5 or more standard deviations below the age-group mean for the tests used existing concurrently with deficits in adaptive behavior of Levels I–IV, the court shall initiate proceedings to order commitment of the child to a facility for the care and treatment of mentally retarded persons.

(b) The Mentally Retarded Persons Act (Article 3871b, Vernon's Texas Civil Statutes) [1] governs proceedings for commitment of a child meeting the criteria set forth in Subsection (a) of this section except that:

(1) the juvenile court shall conduct the proceedings whether or not the juvenile court is also a county court; and

(2) on receipt of the court's order entering the findings set forth in Subsection (a) of this section, together with those findings set forth in the Mentally Retarded Persons Act as prerequisites for court commitments, the Texas Department of Mental Health and Mental Retardation or the appropriate community center shall thereupon admit the child to a residential care facility for the mentally retarded.

[See Compact Edition, Volume 1 for text of (c) and (d)]

(e) If the child is discharged from the facility for the care and treatment of mentally retarded persons before reaching 18 years of age, the juvenile court may:

(1) dismiss the juvenile court proceedings with prejudice; or

(2) continue with proceedings under this title as though no order of commitment had been made.

[Amended by Acts 1975, 64th Leg., p. 2158, ch. 693, § 22, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1453, ch. 591, § 2, eff. Jan. 1, 1978.]

(1) "Court" means a court having jurisdiction of suits affecting the parent-child relationship under Subtitle A of Title 2 of this code or a county court.

(2) "Family violence" means the intentional use or threat of physical force by a member of a family or household against another member of the family or household, but does not include the reasonable discipline of a child by a person having that duty.

(3) "Family" includes individuals related by consanguinity or affinity, individuals who are former spouses of each other, and a foster child and foster parent, whether or not those individuals reside together.

(A) the residence is jointly owned or leased by the party receiving exclusive possession and by some other party denied possession;

(B) the residence is owned or leased by the party retaining possession; or

(C) the residence is owned or leased by the party denied possession but only if that party has an obligation to support the party granted possession of the residence or a child of the party granted possession;

If all or part of an agreement is approved by the court, the part of the agreement approved shall be attached to the protective order and become a part of the order of the court.

(b) An agreement that is made a part of the court's order is enforceable as a court order and is not enforceable as a contract. The agreement expires when the court order expires.

[Added by Acts 1979, 66th Leg., p. 185, ch. 98, § 11, eff. Sept. 1, 1979.]

(a) If the court finds from the information contained in an application that there is a clear and present danger of family violence, the court, without further notice to any other member of the family or household and without a hearing, may enter a temporary ex parte order for the protection of the applicant or any other member of the family or household. The court may direct any member of the family or household who is alleged to have committed family violence to do or refrain from doing specified acts.

(b) A temporary ex parte order is valid for the period specified in the order, not to exceed 20 days.

(c) On the request of an applicant or on the court's own initiative, a temporary ex parte order may be extended for an additional 20 days and may be extended thereafter for additional 20-day periods.

(d) The court in its discretion may dispense with the necessity of a bond in connection with a temporary ex parte order.

(e) Any member of the family or household may at any time file a motion to vacate a temporary ex parte order, and on the filing of the motion the court shall set a date for a hearing on the motion as soon as possible.

(f) During the period of its validity, a temporary ex parte order prevails over any other court order made under Subtitle A, Title 2, of this code,[1] except that on a motion to vacate the temporary ex parte order, the court shall vacate those portions of the temporary order shown to be in conflict with any other court order made under Subtitle A, Title 2, of this code.

TITLE 1. GENERAL PROVISIONS

CHAPTER 1. GENERAL PROVISIONS

Section
1.001. Purpose of Code.
1.002. Construction of Code.

§ 1.001. Purpose of Code

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b–1, Ver-

non's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the general and permanent human resources law more accessible and understandable by:

(1) rearranging the statutes into a more logical order;

(2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;

(3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and

(4) restating the law in modern American English to the greatest extent possible.

[Acts 1979, 66th Leg., p. 2334, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 1.002. Construction of Code

The Code Construction Act (Article 5429b–2, Vernon's Texas Civil Statutes) applies to the construction of each provision of this code, except as otherwise expressly provided by this code.

(b) The department may advise the relative that continued failure to use the funds in the child's best interest will result in the funds being paid to a substitute payee. If the department determines that protective payments are required to safeguard the best interest of the child, the department may pay the funds to a substitute payee on a temporary basis in accordance with the department's rules.

(c) If the situation in the home which made the protective payments necessary does not improve, and if the department determines that the relative with whom the child is living is unable or does not have the capacity to use the funds for the best interest of the child, then the department may make arrangements with the family for other plans for the care of the child. SUBCHAPTER A. PLACEMENT OF CHILDREN FROM ANOTHER STATE

§ 45.001. Definitions

In this subchapter:

(1) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship, or similar control.

(2) "Child-care facility" means a facility that provides care, training, education, custody, treatment, or supervision for a minor child who is not related by blood, marriage, or adoption to the owner or operator of the facility, whether or not the facility is operated for profit, and whether or not the facility makes a charge for the service offered by it.

(3) "Placement" means an arrangement for the care of a child in a family free, in a boarding home, or in a child-care facility or institution, including an institution caring for the mentally ill, mentally defective, or epileptic, but does not include an institution primarily educational in character or a hospital or other primarily medical facility.

(4) "Sending agency" means a state, a subdivision of a state, an officer or employee of a state or a subdivision of a state, a court of a state, or a person, partnership, corporation, association, charitable agency, or other entity, located outside this state, which sends, brings, or causes to be sent or brought a child into this state.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.002. Required Notice of Intention to Place a Child

(a) Prior to the placement in this state of a child from another state, the sending agency shall furnish the department written notice of its intention to place the child in this state. The notice must contain:

(1) the name and the date and place of birth of the child;

(2) the names and addresses of the child's parents or legal guardian, and the legal relationship of the named persons to the child;

(3) the name and address of the person, agency, or institution with which the sending agency proposes to place the child; and

(4) a full statement of the reasons for the placement and evidence of the authority under which the placement is proposed to be made.

(b) After receipt of a notice provided for in Subsection (a) of this section, the commissioner may request additional or supporting information considered necessary from an appropriate authority in the state where the child is located.

(c) No sending agency may send, bring, or cause to be sent or brought into this state a child for placement until the commissioner notifies the sending agency in writing that the proposed placement does not appear to be contrary to the best interests of the child.

(d) The commissioner may not approve the placement in this state of a child from outside this state without the concurrence of the individuals with whom the child is proposed to be placed or the head of an institution with which the child is proposed to be placed.

(e) No child-care facility in this state may receive a child for placement unless the placement conforms to requirements of this subchapter.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.003. Responsibilities of Sending Agency

(a) After placement in this state, the sending agency retains jurisdiction over the child sufficient to determine all matters relating to the custody, supervision, care, treatment, and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting, or is discharged with the concurrence of the commissioner. The sending agency may cause the child to be returned to it or transferred to another location, except as provided by Subsection (e) of this section.

(b) The sending agency has financial responsibility for support and maintenance of the child during each period of placement in Texas. If the sending

agency fails wholly or in part to provide financial support and maintenance during placement, the commissioner may bring suit under Section 14.05, Family Code, and may file a complaint with the appropriate prosecuting attorney, claiming a violation of Section 25.05, Penal Code.

(c) After failure of the sending agency to provide support or maintenance, if the commissioner determines that financial responsibility is unlikely to be assumed by the sending agency, or by the child's parents or guardian, if not the sending agency, the commissioner shall cause the child to be returned to the sending agency.

(d) After failure of the sending agency to provide support or maintenance, the department shall assume financial responsibility for the child until responsibility is assumed again by the sending agency, until it is assumed by the child's parents or guardian, or until the child is safety returned to the sending agency.

(e) The commissioner may not concur in the discharge of a child placed in a public institution in this state without the concurrence of the head of the institution.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.004. Delinquent Child

No child adjudicated delinquent in another state may be placed in Texas unless the child has received a court hearing, after notice to a parent or guardian, at which the child had an opportunity to be heard and the court found that:

(1) equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) institutional care in Texas is in the best interests of the child and will not produce undue hardship.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.005. Private Charitable Agencies

This subchapter does not prevent a private charitable agency authorized to place children in this state from performing services or acting as agent in this state for a private charitable agency in a sending state, or prevent the agency in this state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of a sending agency, without altering financial responsibility as provided by Section 45.003 of this code.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.006. Exemptions

This subchapter does not apply to:

(1) the sending or bringing of a child into this state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or the child's guardian, and the leaving of the child with a person described in this subdivision or with a nonagency guardian in this state; or

(2) the placement, sending, or bringing of a child into this state under the provisions of an interstate compact to which both Texas and the state from which the child is sent or brought are parties.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

§ 45.007. Penalties

(b) A child-care facility in this state that violates Subsection (e) of Section 45.002 of this code is guilty of a Class B misdemeanor. On conviction, the court shall revoke any license to operate as a child-care facility or child-care institution issued the facility by the department.

[Acts 1979, 66th Leg., p. 2371, ch. 842, art. 1, § 1, eff. Sept. 1, 1979.]

SUBCHAPTER B. INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

§ 45.021. Adoption of Compact; Text

The Interstate Compact on the Placement of Children is adopted by this state and entered into with all other jurisdictions joining therein in form substantially as follows:

INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

ARTICLE I. PURPOSE AND POLICY

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis on which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II. DEFINITIONS

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship, or similar control.

(b) "Sending agency" means a party state, officer, or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency, or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective, or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III. CONDITIONS FOR PLACEMENT

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing, or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) the name, date, and place of birth of the child;

(2) the identity and address or addresses of the parents or legal guardian;

(3) the name and address of the person, agency, or institution to or with which the sending agency proposes to send, bring, or place the child;

(4) a full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to Paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV. PENALTY FOR ILLEGAL PLACEMENT

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

ARTICLE V. RETENTION OF JURISDICTION

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment, and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized

public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in Paragraph (a) hereof.

ARTICLE VI. INSTITUTIONAL CARE OF DELINQUENT CHILDREN

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII. COMPACT ADMINISTRATOR

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII. LIMITATIONS

This compact shall not apply to:

(a) the sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or nonagency guardian in the receiving state;

(b) any placement, sending, or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX. ENACTMENT AND WITHDRAWAL

This compact shall be open to joinder by any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and, with the consent of congress, the government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties, and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X. CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Amendment by Acts 1979, 66th Leg., p. 399, ch. 186, § 7

Section 7 of Acts 1979, 66th Leg., p. 399, ch. 186, purports to amend § 8 of Civil Statutes, art. 4413(42) [now, this section] by adding subsecs. (e) and (f), without reference to repeal of said article by Acts 1979, 66th Leg., p. 2429, ch. 842, art. 1, § 2(1). As so added, subsecs. (e) and (f) read:

"(e) The commission shall compile a list of qualified interpreters who are available for assignment by a state agency, a court, or a political subdivision to interpret proceedings for deaf persons. The commission shall disseminate this list to the agencies, courts, political subdivisions, and the general public. The commission shall prescribe the qualifications for interpreters who are to appear on the list and in prescribing those qualifications shall consider interpreters who are certified by the Texas Society of Interpreters for the Deaf or the National Registry of Interpreters for the Deaf, or both.

"(f) The commission by rule shall adopt a schedule of reasonable fees recommended for the payment of interpreters required by law to be provided in proceedings of state agencies, courts, and political subdivisions. In adopting the schedule, the commission shall consider the recommendations of the Texas Society of Interpreters for the Deaf and the National Registry of Interpreters for the Deaf."

Section 3.11(c) of the Code Construction Act (Civil Statutes, art. 5429b–2) provides, in part, that the repeal of a statute by a code does not affect an amendment of the statute by the same legislature which enacted the code and that the amendment is preserved and given effect as part of the code provision.
