1968 SUPPLEMENT

This Supplement to Vernon's Texas Statutes includes the laws of a general and permanent nature enacted at the First Called Session of the 59th Legislature and at the Regular Session of the 60th Legislature. The sessions convened and adjourned as follows:

	Convened	Adjourned
First Called Session, 59th Leg. ...	Feb. 14, 1966	Feb. 23, 1966
Regular Session, 60th Leg.	Jan. 10, 1967	May 29, 1967

This volume supplements the 1948 edition of Vernon's Texas Statutes and the 1950, 1952, 1954, 1956, 1958, 1960, 1962, 1964 and 1966 Supplements.

The latest constitutional amendments, approved by the voters on November 11, 1967, are also included.

To assist the user in readily locating any article or section affected by legislation from 1949 through 1967, a special Table has been prepared and is printed on the colored pages herein.

Vernon's Texas Statutes 1948 and Supplements are under the same classification and arrangement as Vernon's Annotated Texas Statutes. This means that users of this popular edition may go from any article therein to the same article in Vernon's Annotated Texas Statutes where the complete constructions of the law by the state and federal courts, as well as complete historical data relative to the origin and development of the law, are conveniently available.

The same practical features which have served to popularize the 1948 Edition, such as a complete index, tables, etc., are continued in the Supplements.

The Publisher extends appreciative thanks to the office of the Secretary of State, as well as to other state officials, for guidance and suggestions during the preparation of this work.

§ 49—b. Veterans' land program

Sec. 49—b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated

CONSTITUTION—ADOPTED AMENDMENTS

and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

CONSTITUTION—ADOPTED AMENDMENTS

The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such ad-

CONSTITUTION—ADOPTED AMENDMENTS

ditional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

This Amendment shall become effective upon its adoption.

As amended Nov. 11, 1967.

Amendment adopted in 1967 was proposed by H.J.R. No. 17, Acts 1967, 60th Leg., p. 2983.

§ 49-d. Acquisition and development of water storage facilities; filtration, treatment and transportation of water; enlargement of reservoirs

Sec. 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell,

CONSTITUTION—ADOPTED AMENDMENTS

transfer or lease, in whole or in part, any reservoir and associated system or works which the Texas Water Development Board has financed in whole or in part.

Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds ($\frac{2}{3}$) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character. Adopted Nov. 6, 1962; As amended Nov. 8, 1966.

thority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

TAXATION AND REVENUE

§ 1-d. Assessment of lands designated for agricultural use

Sec. 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this

CONSTITUTION—ADOPTED AMENDMENTS

Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. "Agricultural use" means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section. Adopted Nov. 8, 1966.

GENERAL PROVISIONS

§ 6. Appropriations for private purposes; state participation in programs financed with private or federal funds for rehabilitation of blind, crippled, physically or mentally handicapped persons

Sec. 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

CONSTITUTION—ADOPTED AMENDMENTS

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

This subsection does not prohibit state agencies authorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law. gents of The University of Texas may invest the Permanent University Fund in securities, bonds or other obligations issued, insured, or guaranteed in any manner by the United States Government, or any of its agencies, and in such bonds, debentures, or obligations, and preferred and common stocks issued by corporations, associations, or other institutions as the Board of Regents of The University of Texas System may deem to be proper investments for said funds; provided, however, that not more than one per cent (1%) of said fund shall be invested in the securities of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; provided, further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for five (5) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors.

In making each and all of such investments said Board of Regents shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital.

The interest, dividends and other income accruing from the investments of the Permanent University Fund, except the portion thereof which is appropriated by the operation of Section 18 of Article VII for the payment of principal and interest on bonds or notes issued thereunder, shall be subject to appropriation by the Legislature to accomplish the purposes declared in Section 10 of Article VII of this Constitution.

This amendment shall be self-enacting, and shall become effective upon its adoption, provided, however, that the Legislature shall provide by law for full disclosure of all details concerning the investments in corporate stocks and bonds and other investments authorized herein."

3. The State ad valorem tax of Two Cents (2¢) on the One Hundred Dollars valuation levied by Article VII, Section 17, of this Constitution shall not be levied after December 31, 1976. AMENDMENTS TO CONSTITUTION OF UNITED STATES

AMENDMENT XXV—SUCCESSION TO PRESIDENCY AND VICE PRESIDENCY; DISABILITY OF PRESIDENT

Section 1. In case of the removal of the President from office or of his death or resignation, the Vice President shall become President.

Sec. 2. Whenever there is a vacancy in the office of the Vice President, the President shall nominate a Vice President who shall take office upon confirmation by a majority vote of both Houses of Congress.

Sec. 3. Whenever the President transmits to the President pro tempore of the Senate and the Speaker of the House of Representatives his written declaration that he is unable to discharge the powers and duties of his office, and until he transmits to them a written declaration to the contrary, such powers and duties shall be discharged by the Vice President as Acting President.

Sec. 4. Whenever the Vice President and a majority of either the principal officers of the executive departments or of such other body as Congress may by law provide, transmit to the President pro tempore of the Senate and the Speaker of the House of Representatives their written declaration that the President is unable to discharge the powers and duties of his office, the Vice President shall immediately assume the powers and duties of the office as Acting President.

Thereafter, when the President transmits to the President pro tempore of the Senate and the Speaker of the House of Representatives his written declaration that no inability exists, he shall resume the powers and duties of his office unless the Vice President and a majority of either the principal officers of the executive department or of such other body as Congress may by law provide, transmit within four days to the President pro tempore of the Senate and the Speaker of the House of Representatives their written declaration that the President is unable to discharge the powers and duties of his office. Thereupon Congress shall decide the issue, assembling within forty-eight hours for that purpose if not in session. If the Congress, within twenty-one days after receipt of the latter written declaration, or, if Congress is not in session, within twenty-one days after Congress is required to assemble, determines by two-thirds vote of both Houses that the President is unable to discharge the powers and duties of his office, the Vice President shall continue to discharge the same as Acting President; otherwise, the President shall resume the powers and duties of his office.

Sec. 6. (a) Except as otherwise provided in this section, no adoption shall be permitted except with the written consent of the living parents of the child; provided, however, that if a living parent or parents shall voluntarily abandon and desert a child sought to be adopted, for a period of two (2) years, and shall have left such child to the care, custody, control and management of other persons, or if such parent or parents shall have not contributed substantially to the support of such child during such period of two (2) years commensurate with his financial ability, then, in either event, it shall not be necessary to obtain the written consent of the living parent or parents in such default, and in such cases adoption shall be permitted on the written consent of the Judge of the Juvenile Court of the county of such child's residence; or if there be no Juvenile Court, then on the written consent of the Judge of the County Court of the county of such child's residence.

Title of Act: An Act prohibiting a person from taking off, landing, or maneuvering an aircraft on a public highway, road, or street; providing a penalty; and declaring an emergency. Acts 1967, 60th Leg., p. 865, ch. 371.

area to be included. The petition must also propose either a 6, 9, 12, or 15-member board.

Action by Commissioner; Public Hearing; Certification of Organization

Sec. 4. Within 30 days after receiving the petition filed by the organization, the commissioner shall hold a public hearing to consider the petition. If the commissioner determines on the basis of testimony presented at the public hearing that the petitioning organization is representative of the producers of the particular agricultural commodity, within the boundaries set forth in the petition, and finds that the petition is in conformity with the provisions of this Act and the purposes herein stated, then he shall certify the organization as the duly delegated and authorized organization representative of the producers of such agricultural commodity, within the boundaries set forth in the petition, to conduct among the producers a referendum and election for the purposes herein stated.

Authority of Certified Organization

Sec. 5. (a) Upon being certified by the commissioner, the organization is fully authorized to hold and conduct on the part of the producers of the agricultural commodity, within the boundaries set forth in the petition, a referendum on the proposition of whether or not such producers shall levy an assessment upon themselves, not to exceed one percent of the market value of the commodity, for the purposes stated in this Act.

(b) The certified organization is further authorized to hold and conduct, at the same time as the referendum, an election of members to a commodity producers board for the particular commodity, which shall have the responsibility of formulating and administering programs for the purposes stated in this Act.

Notice of Referendum and Election; Distribution of Ballots

Sec. 6. (a) At least 60 days before the date set for the referendum and election, the certified organization shall give public notice, as hereinafter provided, of the date of the election; the estimated amount and basis of the assessment proposed to be collected; and a description of the manner in which the assessment, if authorized, shall be collected and the proceeds administered and utilized.

(b) The above notice shall be given by publication thereof in a newspaper or newspapers published and distributed within the boundaries set forth in the petition, for not less than once a week for three consecutive weeks. In addition, direct written notice shall be given to each county agent in any county within the boundaries set forth in the petition.

(c) The certified organization shall prepare and distribute in advance of the referendum and election all necessary ballots.

Nomination of Candidates

Sec. 7. (a) Following the certification of an organization by the commissioner, and the issuance of notice by the certified organization of the holding of a referendum and election, any producer of the particular agricultural commodity who is qualified to vote at the referendum and election, if he desires to be a candidate for membership on the commodity producers board, shall file with the certified organization an application to have his name printed on the ballot to be used at the referendum and election. The application must be signed by the candidate and by at least 10 producers of such agricultural commodity who are qualified to vote at the referendum and election, and must be filed at least 30 days prior to the date set for the election.

(b) No candidate, unless so nominated, shall have his name placed on the official ballot. However, this does not prevent the writing of the

name of any candidate on such ballot by any qualified voter at the election, and spaces shall be provided on the ballot for such write-in candidates.

Basis of Referendum and Election; Eligibility of Voters; Expenses

Sec. 8. (a) Any referendum and election conducted under the provisions of this Act may be held either on an area or statewide basis, as determined by the certified organization in its petition to the commissioner of agriculture, and if approved by him at the public hearing herein provided for.

(b) All producers of the particular agricultural commodity, within the area defined in the call for the referendum and election, including owners of farms on which such commodity is produced, and their tenants and sharecroppers, are eligible to vote in the referendum and election.

(c) All expenses incurred in connection with the referendum and election shall be borne by the certified organization, but the organization may be reimbursed for actual and necessary expenses out of funds received and deposited in the treasury of the commodity producers committee for such commodity, in the event the assessment is levied and subsequently collected.

Conduct of Election; Ballots; Canvass; Reporting

Sec. 9. The commissioner shall make and publish rules to regulate the form of the ballot, the conduct of the election, the canvass of the returns, and the reporting of the returns to the commissioner. The purpose of the commissioner's rules is to insure efficient and honest elections and efficient canvassing and reporting of the returns. The ballot shall have a space for the voter to certify the volume of his production of the commodity within the area described in the referendum petition during the preceding year or other relevant production period as designated on the ballot. In any contest of the election, if it is determined that on any ballot the voter has overstated his volume of production by more than 10 percent, the ballot shall be declared void and the results adjusted accordingly. Any other error in stating volume of production is not grounds for invalidating the ballot, but the error shall be corrected on the returns and the total results adjusted accordingly.

Findings of Commissioner

Sec. 10. On receiving the report of the returns of an election, the commissioner shall determine:

(1) the number of votes cast for and against the referendum proposition;

(2) the total volume of production of the commodity during the last preceding calendar year or relevant production period in the area defined in the petition for certification;

(3) the percentage of the total volume of production which was produced by those voting in favor of the referendum proposition; and

(4) the 6, 9, 12, or 15 candidates, whichever is applicable, receiving the highest number of votes for membership on the commodity producers board.

Result Certified

Sec. 11. If the commissioner finds that two-thirds or more of those voting in the election voted in favor of the referendum proposition, or that those voting in favor of the proposition produced at least 50 percent of the volume of production of the commodity during the last preceding calendar year or relevant production period, he shall publicly certify the establishment of the commodity producers board and issue certificates of election to those elected members of the board as determined under Sec-

tion 10(4) of this Act. Otherwise, the commissioner shall publicly certify that the referendum proposition was defeated.

Commodity Producers Board Established

Sec. 12. If the commissioner certifies establishment of the commodity producers board, the board is established and it has all the powers and duties prescribed by this Act.

Terms of Office; Officers; Subsequent Elections; Vacancies; Quorum; Compensation

Sec. 13. (a) On receiving certificates of election from the commissioner, the members of the commodity producers board shall meet and organize. Members shall be divided into three classes by drawing lots. Those of class one hold office for two years beginning on the date the certificates of election were issued. Those of class two hold office for four years, and those of class three hold office for six years. Each member holds office until his successor is elected and has qualified. Successors hold office for terms of six years.

(b) The board shall elect from its number a chairman, a secretary-treasurer, and such other officers as it may deem necessary. The secretary-treasurer shall execute a corporate surety bond in such amount as may be required by the board. The condition of such bond shall be that he will faithfully account for all money which shall come into his custody. The bond shall be filed with the commissioner.

(c) The commodity producers board shall call and hold elections biennially for the purpose of electing members to the board. The giving of notice and the holding of the election are governed by the applicable provisions of this Act relating to the first election, and, to the extent necessary, by rules of the commissioner.

(d) In the event of a vacancy on the board, the board shall fill the vacancy by appointment for the unexpired term.

(e) A majority of the members of the board constitute a quorum for the transaction of any business; and for any action of the board to be valid, a majority vote of all members present shall be necessary.

(f) Members of the board shall receive no compensation for their services, but shall be entitled to receive all reasonable and necessary expenses incurred in the discharge of their duties.

Powers and Duties of Board

Sec. 14. A commodity producers board for any particular agricultural commodity has the following powers and duties:

(1) to employ necessary personnel, fix the amount and manner of their compensation, and incur other expenses that are necessary and proper to enable the committee to effectively carry out the purposes of this Act;

(2) to promulgate and adopt reasonable rules and regulations, not inconsistent with the purposes of this Act;

(3) to keep minutes of its meetings, and other books and records which will clearly reflect all of the acts and transactions of the board, and to keep these records open to examination by any person during normal business hours;

(4) to set the rate of the assessment which shall, however, in no instance exceed one percent of the market value of the commodity upon which the assessment is to be paid; and

(5) to act jointly and in cooperation with others, or separately, for the purpose of developing, carrying out, and participating in programs of research, education, and promotion, designed to encourage the production, marketing, and use of the commodity upon which the assessment is levied.

**Collection of Assessment; Participation Certificates;
 Right to Exemption; Refund**

Sec. 15. (a) The levying of an assessment which has been authorized by referendum vote shall be made and collected as provided in this section.

(b) The secretary-treasurer of the board shall notify each processor of the commodity, by registered or certified mail, that on and after the date specified in the letter, the processor, when making any purchase of the commodity or advancing any funds therefor shall

(1) place on file a participation certificate signed by the producer who wishes to participate in the assessment; and

(2) collect the assessment from the producer who has signed a participation certificate by deducting the amount thereof from the purchase price or funds advanced by the processor.

(c) The following commodities are exempt from the provisions of this Act: Rice, poultry, soybean, flax, cattle, and commodities of producers who do not sign participation certificates shall be exempt from all provisions of this Act.

(d) The secretary-treasurer of the board shall furnish each processor an adequate supply of participation certificate forms and exemption certificate forms. The board shall prescribe the form of the participation certificates and exemption certificates. Each processor shall keep records for each transaction with producers in such a manner as to correctly indicate whether or not the transaction is an exempt or participating transaction.

(e) If a producer has a participation certificate on record with a processor, the processor shall collect the assessment on all transactions with the producer until such time as the producer exempts himself with respect to that commodity by signing an exemption certificate.

(f) Each processor shall maintain an alphabetical file of participation and exemption certificates, and the file is open to inspection by the board and its authorized agents during ordinary and regular business hours.

(g) The amount of the assessment collected shall be clearly shown on the sales invoice or other document evidencing the transaction, and a copy of such receipt shall be furnished the producer by the processor.

(h) The processor collecting the assessment shall remit such funds monthly, not later than the 10th day of the month following that in which they were collected, to the secretary-treasurer of the commodity producers board for such commodity.

(i) Any producer who has paid such assessment may, if he desires to do so, obtain a refund of the amount paid, if application for a refund is made within 60 days after the date of payment. Such application shall be in writing on a form designed and furnished for such purpose by the commodity producers board. The application shall be filed with the secretary-treasurer of the board, accompanied by proof of the payment of the assessment, and it is the duty of the secretary-treasurer to promptly issue a check in payment of the refund to the producer.

Discontinuance of Assessment

Sec. 16. The levy and collection of an assessment which has been authorized by referendum vote as herein provided shall be terminated if a simple majority of the qualified voters voting in a referendum, held upon the petition of 10 percent of the producers participating in the program, shall vote in favor of termination. Such a petition shall be filed with the secretary-treasurer of the board, and it shall be the duty and responsibility of the board to call and hold a referendum for such purpose, after giving notice in the manner provided for the original referendum. A referendum on the discontinuance of the levying and collecting of an assessment shall be held within 90 days of the date of filing of the

petition. The referendum shall be held and the results declared in the manner provided for the original referendum, with any necessary exceptions as provided by rule of the commissioner.

Penalty

Sec. 17. A person who violates any provision of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$50 nor more than \$200, or by imprisonment in the county jail for not less than 10 days nor more than six months, or by both. MISCELLANEOUS LAWS

PREPAID FUNERAL SERVICES OR MERCHANDISE

Art. 548b. Sale of prepaid funeral services or funeral merchandise

Permit from State Banking Department authorizing transaction of business

Section 1. Any individual, firm, partnership, corporation, or association (hereinafter called "organization" or "seller") desiring to sell prearranged or prepaid funeral services or funeral merchandise (including caskets, grave vaults, and all other articles of merchandise incidental to a funeral service, but excluding grave lots, grave spaces, grave markers, monuments, tombstones, crypts, niches, and mausoleums), or accepting funds for such services or merchandise, in this state, under any contract, expressed or implied, providing for prepaid burial or funeral benefits or merchandise (hereinafter called "prepaid funeral benefits"), or who shall solicit the designations by an individual of the items of funeral merchandise or services which he desires to be provided out of any fund, investment, security, or contract to be created or purchased by such individual at the suggestion or solicitation of the organization shall obtain a permit from the State Banking Department (hereinafter called Department) of this state authorizing the transaction of this type of business, before conducting such business. Seller shall not be entitled to enforce a contract made in violation of this Act, but the purchaser or his heirs, or legal representative, shall be entitled to recover all amounts paid to the seller under any contract made in violation thereof, and all amounts paid whether or not paid seller, to any fund or for any investment, security, or contract where the seller has violated the provisions of this Act. Delivery of funeral merchandise prior to death shall not constitute performance or fulfillment, either wholly or in part, of any prepaid funeral benefits contract entered into after the effective date of this amendatory Act.

Provided, however, that grave lots, grave spaces, grave markers, monuments, tombstones, crypts, niches, and mausoleums shall not be excluded from the provisions of this Section when these items and articles are sold in contemplation of trade or barter for services and articles designated as included by the provisions of this Section.

Sec. 1 amended by Acts 1963, 58th Leg., p. 1304, ch. 496, § 1, eff. July 15, 1963.

Solicitation of designation of funeral services or merchandise without approval of fund, investment, security or contract

Sec. 1a. No organization covered by this Act shall solicit by any means whatsoever the designation by an individual of funeral services or merchandise which he desires to be provided to be paid out of any fund, investment, security, or contract, to be created or purchased by or for such an individual at the suggestion or solicitation of the organization, unless such a fund is to be created by a contract of insurance with an insurance company licensed in Texas, or unless such fund, investment, security, or contract shall have been approved by the Department as safeguarding the right and interests of the individual, his heirs and assigns, to substantially the same or greater degree as is provided with respect to funds regulated by Section 5 hereof. Provided, however, that the Department may require evidence of payment of premiums on any contract of insurance used to create a fund to guarantee prepaid funeral benefits. Any seller failing to provide such evidence to the Department after being so requested by written notice shall be subject to cancellation of its permit under the provisions of Section 4 of this Act.

Acts 1963, 58th Leg., p. 1304, ch. 496, § 2, eff. July 15, 1963.

Administration of Act by Banking Department; rules and regulations; contracts

Sec. 2. This law shall be administered by the State Banking Department. The Department is authorized to prescribe reasonable rules and regulations concerning the keeping and inspection of records, the filing of contracts and reports, and all other matters incidental to the orderly administration of this law; and the Department may approve forms for sales contracts for prepaid funeral benefits. All such contracts must be in writing and no contract form shall be used without prior approval of the Department. All such contracts shall state the name of the funeral home or other organization primarily responsible for providing the funeral services or merchandise specified in such contracts. In the event the seller is not the funeral home designated to provide the specified funeral services or merchandise, such contract shall not be valid unless the funeral home so designated is a party to the contract and therein agrees and obligates itself to provide such specified funeral services or merchandise. It is further provided, that all prearranged or prepaid funeral contracts shall set forth the particulars of the funeral merchandise, including a description and specifications of the material used in the caskets or grave vaults to be furnished, and such contracts shall set forth the particulars of the professional services to be performed and the funeral home facilities to be provided.

Application for and issuance of permit; filing fees; duration of permit

Sec. 3. Each organization desiring to sell prepaid funeral benefits shall file an application for a permit with the Department and shall pay a filing fee of \$25. The Banking Commissioner may issue a permit upon receipt of the application and payment of the filing fee. Permits shall expire on March 1st each year, but may be renewed for a period of one year upon payment of a fee of \$20. on or before March 1st.

Sec. 3 amended by Acts 1963, 58th Leg., p. 1304, ch. 496, § 3, eff. July 15, 1963.

Cancellation of permit; refusal to renew; appeal

Sec. 4. The Department may cancel a permit or refuse to renew a permit for failure to comply with any provision of this Act or any valid rule or regulation which the Department has prescribed, after reasonable notice to the permittee and after a hearing if the permittee requests a hearing.

No organization shall be entitled to a new permit for a period of one year after cancellation or refusal by the Department to renew its permit, but shall thereafter be entitled to a new permit upon satisfactory proof of compliance with this law.

Any person aggrieved by the action of the Department may appeal therefrom to a District Court in Travis County, Texas.

Handling of funds paid or collected under contract

Sec. 5. All sums heretofore or hereafter paid or collected on contracts for prepaid funeral benefits entered into prior to the effective date of this Act shall be handled in accordance with the manner in which they have heretofore been handled. All sums paid or collected on such contracts entered into after the effective date of this Act (with the exception of those paid where a contract of insurance is created or those approved by the Department, as both are provided for in Section 1a of this Act) shall be handled in the following manner:

(1) The funeral home (or other entity collecting said funds) may retain as its own money, for the purpose of covering its selling expenses, servicing costs, and general overhead, an amount not to exceed one-half

of all funds so collected or paid until it has received for its use and benefit an amount not to exceed ten percent of the total amount agreed to be paid by the purchaser of said prepaid funeral benefits as such total amount is reflected in the contract. No charges or assessments, except premiums collected on an insurance policy guaranteeing the payments on a prepaid funeral contract or the unpaid balance thereof, shall be collected from the purchaser other than those included in the total amount of said contract.

(2) All amounts paid or collected, with the exception of those permitted to be retained as set forth above, shall, within thirty days after such collection, be (a) deposited in a savings and loan association in this state, or (b) deposited in a state or national bank in this state, or (c) placed with the trust department in a state or national bank in this state to be invested by such trust department in accordance with the terms and provisions of the Texas Trust Act. Such deposits or trust accounts shall be carried in the name of the funeral home or other entity to whom the purchaser makes payment, but accounting records shall be maintained showing the amount deposited or invested with respect to any particular purchaser's contract.

(3) The date of death of the purchaser of such contract (or other individual who may be designated in the contract as the person for whose funeral such funds may be used) shall be the maturity date of the contract, and as soon as conveniently practicable after such maturity date and upon presentation of a certified copy of the death certificate of such person together with proper affidavits as may be required by the Department, such funds shall be released in fulfillment of the contract, and the funeral home (or other entity to the contract which has collected the funds) shall, if the amount so withdrawn does not equal one hundred percent of the total amount paid under such contract, make up the difference so that the amount available for funeral benefits shall equal one hundred percent of the total amount paid in under such contract. Any amounts accumulated at maturity on any particular contract in excess of one hundred percent of the amount paid in on such contract shall be available to the funeral home (or other entity collecting said funds) in making up the difference on any particular contract which at maturity did not have funds available equal to one hundred percent of the amount paid under such contract.

The seller may withdraw at any time funds out of accrued interest or income of the deposit accounts or trust accounts for the purpose of paying reasonable and necessary charges made by a savings and loan association, or bank, or trust department of a bank, and trustee's fees made by a savings and loan association, or bank, or trust department of a bank, with respect to such accounts, or for the purpose of paying any taxes caused or created by reason of the existence of such deposit accounts or trust accounts.

Upon the maturity date of a contract as above provided and only after the funeral home has fully performed its obligations under said contract with the purchaser, or at the time of cancellation prior to maturity as provided in Subsection (4) herein, the seller may additionally withdraw from said deposit account (whether a trust or other funded account) any enhanced value, accrued interest, or accrued income of said contract. Such withdrawal shall be the proportionate part of the total enhanced value, accrued interest or accrued income, that the amount deposited under said contract bears to the total amount deposited from all unmaturing contracts.

(4) In the event a purchaser under a contract should desire to cancel the contract prior to maturity, such cancellation may be accomplished by the purchaser giving fifteen days notice in writing to the Department and to the seller of the contract, and thereafter, upon written authorization from the Department, such purchaser may withdraw the funds in such depository being held for his use and benefit; provided, however, such

purchaser shall be entitled to withdraw and receive only the actual amounts paid in by him less the amounts permitted to be retained as provided in Subsection (1) hereof. Purchaser may make no partial cancellations or withdrawals.

Sec. 5 amended by Acts 1963, 58th Leg., p. 1304, ch. 496, § 4, eff. July 15, 1963.

**Agents responsible for funds collected; designation;
violation a misdemeanor**

Sec. 6. Each organization subject to this Act shall designate an agent or agents, either by names of the individuals or by titles of their offices or positions, who shall be responsible for deposit of funds collected under contracts for prepaid funeral benefits. The organization shall notify the Department of such designation within 10 days after it becomes subject to this Act, and shall also notify the Department of any change in such designation within 10 days after such change occurs. If any person acting on behalf of the seller collects any money under such a contract and fails to deliver it, within 30 days after collection, to a designated agent, or if any designated agent fails to deposit the money within 30 days after he receives it, he shall be guilty of a misdemeanor and a violation of this Act and shall be punished by those means prescribed in Section 9 of this Act.

Annual report

Sec. 7. The Department may require an annual report from any permit holder in such form as the Department may require. Any organization which has discontinued the sale of prepaid funeral benefits but which still has outstanding contracts shall not be required to obtain a renewal of its permit, but the Department may require annual reports of said organization until all such contracts have been fully discharged. If any officer of any organization fails or refuses to file an annual report or to cause it to be filed within 30 days after he has been notified of the requirement by the Department, he shall be guilty of a misdemeanor and a violation of this Act and shall be punished by those means prescribed in Section 9 of this Act.

Records required; examination by Banking Department

Sec. 8. Each organization which has outstanding contracts for prepaid funeral benefits shall maintain within this state such records as the Department may require to enable it to determine whether the organization is complying with the provisions of this Act. Such records shall be subject to annual examination by the Department or its agent and to such additional examinations as it deems necessary. The organization shall pay for the cost of examination, including the salary and traveling expenses paid to the person making the examination during the time spent in making the examination and in traveling to and returning from the point where the records are kept, and all other expenses necessarily incurred in the examination; but the cost to the organization shall not be less than \$15. per day nor more than \$40. per day, or more than a total cost of \$200. for each examination.

Violation of Act; punishment

Sec. 9. Any officer, director, agent, or employee of any organization subject to the terms of this Act who makes or attempts to make any contract in violation of this Act, or who refuses to allow an inspection of the organization's records, or who violates any other provision of this Act, shall be punished by a fine of not less than \$100. and not more than \$500., or by imprisonment in the county jail for not less than one month and not more than six months, or by both such fine and imprisonment. Each violation of any provision of this Act shall be deemed a separate offense and prosecuted individually.

For Annotations and Historical Notes, see V.A.T.S.

The Department may bring each such violation of this Act to the attention of the Attorney General of this state and it shall be the duty of the Attorney General to institute suit in the name of the State of Texas against such violator in any county in this state where such violation might occur.

In addition to the misdemeanor penalties prescribed above, the Attorney General shall have the power and authority to institute quo warranto proceedings in a District Court of Travis County, Texas to forfeit the charter and right to do business of a corporation whose officer, director, agent or employee refuses or fails to correct a violation of this Act after such violation has been called to the attention of said officer, director, agent or employee by the Department or the Attorney General. A period of 30 days shall be considered sufficient time to correct such violation after notice from the Department or Attorney General.

Fees, penalties and revenues; disposition

Sec. 10. All fees, penalties and revenues collected by the department shall be paid to the State Treasury, placed in the prepaid funeral account fund and shall be expended as authorized by legislative appropriation.

Insurance Code not affected

Sec. 10a. Nothing in this Act shall alter or affect any provisions of the Insurance Code of the State of Texas.

Section 1a of this article, as enacted by Acts 1955, 54th Leg., p. 1292, ch. 512, was repealed by Acts 1963, 58th Leg., p. 1304, ch. 496, § 2 and the present section 1a was added in lieu thereof. The section was subsequently amended in 1967.

TITLE 17—BEES

Art.
565a. Apiary equipment brands [New].

Art. 565a. Apiary equipment brands

System of registration; serial numbers; application for brand; fee

Section 1. (a) The Texas Department of Agriculture shall establish and maintain a system of registration of apiary equipment serial numbers, hereafter referred to as brands, to identify equipment used by beekeepers in their apiaries.

(b) A brand consists of three numbers separated by hyphens: the first number signifies that it is a state-registered brand; the second number identifies the registrant's county of residence; the third number identifies the registrant.

(c) The Texas Department of Agriculture shall issue a brand to any person who applies for a brand and pays the recording fee of 50 cents.

Affixing brand

Sec. 2. The beekeeper shall affix the brand to his apiary equipment by burning or pressing the number, in figures at least one inch high, into the wood or other material in such manner as to show identification. The location of the brand on all hives shall be on either or both ends, even with the handhold; other equipment, such as frames, intercovers, tops, bottoms, and planks may be branded with the same brand in any place.

Transfer of brands; sale of equipment

Sec. 3. A brand may be transferred only with the permission of the Texas Department of Agriculture and then only if the transferor is selling all his bees and equipment to the person to whom the brand is transferred. The seller shall give a bill of sale for all bees and equipment, setting forth the brand number in the bill of sale. Sale of separate branded equipment is permissible, but the brand itself is not transferable except as provided for in this section. If the buyer of the branded equipment has his own brand number, he shall place his brand below the brand of the prior owner.

Tampering with registered brand; penalty

Sec. 4. No unauthorized person may tamper with a registered apiary equipment brand. A person who violates this prohibition is guilty of a misdemeanor and upon conviction is punishable by a fine of not more than \$200 or by imprisonment in the county jail for not more than 30 days or both. Unauthorized possession of equipment on which the brand has been tampered with, possession of branded equipment without a bill of sale or written proof of ownership, or the use of a registered brand not issued to the one using it is prima facie evidence that the possessor or user has violated the prohibition of this section.

definitions; amount of assistance**

Sec. 16-B. (1) Assistance to the permanently and totally disabled shall be given under the provisions of this Act to any needy person:

1. Who is permanently and totally disabled as hereinafter defined; and
2. Who is eighteen (18) years of age or older but less than sixty-five (65) years of age; and
3. Who is a citizen of the United States; and
4. Who has resided in the State of Texas continuously for one (1) year immediately preceding the date of application; and

7. Who has not disposed of property, either personal or real, for the purpose of qualifying or increasing need for assistance, provided that the property, if still available, would affect either eligibility or the amount of the assistance payment.

No application for assistance under the provisions of this Act shall be approved until it has been established in accordance with the rules and regulations promulgated by the State Department of Public Welfare that the applicant is permanently and totally disabled by reason of a mental or physical impairment or a combination of both.

(2) The term "permanently and totally disabled," as used in this Act, means that the individual has a permanent physical or mental impairment, disease, or loss, or a combination of such which is verifiable by medical findings, which is irreversible, or progressive, and not amenable to treatment, or requires treatment that is continuous, extremely hazard-

ous, or of questionable benefit, and renders the individual totally disabled, as demonstrated by the fact that he is restricted in his performance of usual activities of daily living to the extent that he requires services, or the presence of another person in performing these activities, and which permanently precludes the applicant from engaging in a useful occupation as a homemaker or as a wage earner.

"Permanent and total disability," as defined herein, shall be established on the basis of a currently applicable medical report of examination by a physician legally licensed to practice medicine in the State of Texas and who has been approved by the State Department of Public Welfare to make such examinations. The examining physician shall certify in writing, upon forms prescribed by the State Department, such information as the Department may require for proper diagnosis, prognosis, and recommendations as to medical and surgical treatment. Said reports shall be reviewed by a physician legally licensed to practice medicine in the State of Texas and employed by the State Department of Public Welfare, who shall approve or disapprove the medical evidence to substantiate the finding of "permanent and total disability." Said reviewing physician shall also determine the feasibility of referring said applicant for vocational rehabilitation. The State Department of Public Welfare shall adopt a reasonable fee schedule for examinations, when examinations are considered necessary by the State Department of Public Welfare for the purpose of determining eligibility for assistance of individuals who are permanently and totally disabled under the provisions of this Act, and the Department of Public Welfare is hereby authorized to pay for such examinations out of the funds appropriated to the State Department for the purpose of assistance to the permanently and totally disabled persons under the provisions of this Act or for administrative expense. The State Department of Public Welfare is hereby authorized to incur claims for medical examinations which may be paid later out of subsequent appropriations for medical expenses when the current appropriation is inadequate to pay for such medical examinations.

Each recipient of assistance who is permanently and totally disabled shall submit to a re-examination whenever such re-examination is deemed necessary by the State Department of Public Welfare for the continuance of the assistance grant.

(3) The Department of Public Welfare is authorized to provide through employment of properly qualified personnel such medical, social and related services as are found necessary for proper administration of this Act, and for most effective use of other resources for rehabilitation and restoration to health and independence. The Department of Public Welfare shall refer recipients who can be benefited thereby to the appropriate public and private resources for rehabilitation through re-training, restorative services, or treatment and therapy.

(4) In determining "need," the State Department of Public Welfare shall adopt reasonable rules and regulations for the purpose of determining eligibility, and shall take into consideration all of the resources and income available to the individual from any source. Assistance may not be granted if such individual has available resources which are sufficient to provide a reasonable subsistence compatible with health and decency; provided that in consideration of income and resources actually available to an applicant, the State Department shall take into consideration the income and resources which may be available to the relatives of an applicant or a recipient who, under rules and regulations promulgated by the Department pursuant to Federal rules and regulations, are responsible for his support.

The State Department of Public Welfare shall adopt reasonable rules and regulations for determining the amounts of assistance given to an applicant. The amount of assistance given shall be determined by the State Department of Public Welfare through its District or County

Agents in the County or District in which the needy person resides. The amount granted shall provide such person with a reasonable subsistence compatible with health and decency and within the limitations and provisions of the Constitution of the State of Texas, as is now provided or may hereafter be provided. The amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of Federal funds. The method of investigation and the determination of the amount of assistance granted shall comply with the limitations and provisions of the Federal Social Security Act as is now provided or may hereafter be provided.

Assistance to needy family with dependent children living with relatives

Sec. 19. When the investigation discloses that a family with children in whose behalf application for assistance has been made is a needy family with dependent children as defined in this Act, and that such needy dependent child meets the other provisions of this Act and

that such child is living, or will live, with one or more of the relatives prescribed in this Act, assistance and/or services may be allowed for the support of such needy family with dependent children. It is expressly provided that the Department shall:

(1) Formulate policies for studying and improving the home conditions and specific needs of the child,

(2) Make plans for services for the protection of children especially in relation to specific needs of children such as health and educational opportunities. The State Department shall require that each dependent child between the ages of eighteen (18) and twenty-one (21) years to whose family or relatives or others assistance or services are allowed for the support of such dependent child shall remain enrolled in the regular term of school in the community in which the child resides, unless the State Department finds that good cause exists for the nonattendance of the child at school. Failure to comply with this requirement shall, under applicable rules and regulations of the State Department, constitute good cause for a termination of such assistance or services,

(3) Develop a mutual plan of co-ordination between the Aid to Needy Families with Dependent Children and the Child Welfare Services Programs in order to carry out its responsibilities for the protection and care of children as provided in this Act.

(1) For the purposes of carrying out the provisions of this Act, the "Old Age Assistance Fund," the "Blind Assistance Fund," and the "Children Assistance Fund" as provided for in House Bill No. 8, Acts of the Forty-seventh Legislature, Regular Session, 1941,¹ as amended; the "Disabled Assistance Fund" as created by House Bill No. 78, Acts of the Fifty-fifth Legislature, Regular Session, 1957,² as amended; and the "Medical Assistance Fund" as created by Senate Bill No. 79, Acts of the Fifty-seventh Legislature, Regular Session, 1961,³ as amended, are hereby made separate accounts of the "State Department of Public Welfare Fund." Provided, that all moneys in the separate accounts of the "State Department of Public Welfare Fund" shall be expended for the purposes of carrying out the provisions of this Act, and for the purposes for which said separate accounts were created or appropriated, and for such other purposes as the Legislature by statutory enactment may direct.

The State Comptroller of Public Accounts shall establish two (2) special funds in the State Treasury to be known as the "Department of Public Welfare Administration Operating Fund" and the "Department of Public Welfare Assistance Operating Fund."

The State Comptroller, after appropriate allocations, transfers, and credits to and from the various funds involved, is hereby authorized to transfer funds appropriated for the operation of the Department into the "Department of Public Welfare Administration Operating Fund" and/or the "Department of Public Welfare Assistance Operating Fund" and all other current revenues (including but not limited to grants, earnings, allotments, refunds and reimbursements) and balances on hand, such amounts as are designated and authorized by the Department of Public Welfare. Unencumbered balances thus identified with fund balances which revert to the General Revenue Fund under Legislative Acts, shall be returned to the appropriate funds as determined and designated by the Department of Public Welfare.

The revenues to, the balances in, and the appropriations out of the "Social Security Fund," the "Social Security Administration Fund," the "Commodity Distribution Fund" (including the "Food Stamp Fund"), and the "Donated Commodity Distribution Fund" are excluded from the two (2) special Public Welfare operating funds established herein.

(2) Should the State Department of Public Welfare determine that a transfer among appropriated State funds is needed to match Federal Medical Assistance funds then, upon written authorization of the State Department of Public Welfare, the State Comptroller of Public Accounts is hereby authorized to transfer moneys allocated and appropriated for payments for Old Age Assistance, Blind Assistance, Children's Assistance, and/or Disabled Assistance out of the respective special assistance funds into the "Medical Assistance Fund," and the State Department is authorized to pay Medical Assistance out of said funds so transferred and appropriated so as to provide Assistance and Medical Assistance to the greatest extent possible within Federal and State Laws, and within the limitations of the Texas Constitution and within the limits of total appropriated funds.

(3) The State Treasurer is hereby designated as the custodian of any and all moneys which may be received by the State of Texas (which the State Department of Public Welfare is authorized to administer), from any appropriations made by the Congress of the United States, for the purpose of cooperating with the several provisions of the Federal Social Security Act, or as it may hereafter be amended, and all moneys received from any other source; and the State Treasurer is hereby authorized to receive such moneys, pay such moneys into the proper fund or the proper account of the General Fund of the State Treasury, provide for the proper custody thereof, and to make disbursements therefrom upon the order of

Art. 695j. Medical assistance to recipients of public assistance

* * * * *

Saved from Repeal

The Medical Assistance Act of 1967, enacted by Acts 1967, 60th Leg., p. 310, ch. 151, codified as article 695j—1, provides in section 22 that this article is retained in the law and shall remain operable insofar as it is not in conflict with article 695j—1 so as to enable the State Department of Public Welfare to promulgate rules and regulations and to enter into agreements with the Federal Government to implement article 695j—1.

Art. 695j—1. Medical Assistance Act of 1967

Title

Section 1. This Act shall be known and may be cited as "The Medical Assistance Act of 1967."

Legislative intent; medical assistance defined; liberal construction of act

Sec. 2. It is the intent of the Legislature to make statutory provision which will enable the State of Texas to provide Medical Assistance on behalf of needy individuals of this state and to enable the state to obtain all benefits provided by the Federal Social Security Act as it now reads or as it may hereafter be amended, or by any other Federal Act now in effect or which may hereafter be enacted within the limits of funds available for such purposes. Wherever used in this Act the term "Medical Assistance" shall include all of the health care, services, assistance and benefits authorized or provided for in such Federal legislation.

This Act shall be liberally construed and applied in relation to Federal Laws and regulations so as to make adequate and high quality health care available to all children and adults who are in need of such care, but who are not financially able to pay for it. If by reason of any conflict between any Section, portion, clause, or part of this Act and the Federal Social Security Act, as it now reads or as it may hereafter be amended, or any other Federal Act now in effect or which may hereafter be enacted, the State Plan is rendered out of conformity with the Federal Law to the extent that Federal matching money is not available to the state, then

and in that event, the conflicting Section, portion, clause, or part of this Act is declared inoperative to the extent that it is in conflict, and such finding or determination shall not affect the remainder of this Act.

State Department of Public Welfare; administrative responsibilities

Sec. 3. The State Department of Public Welfare is hereby designated as the State Department to administer "The Medical Assistance Act of 1967" and any amendments thereto.

In fulfillment of its administrative responsibilities, the State Department shall:

(1) Cooperate with the Department of Health, Education, and Welfare or any other Federal Agencies which may hereafter be designated by Federal Statute to administer Medical Assistance on behalf of needy individuals, in any reasonable manner which may be necessary to qualify for Federal funds for Medical Assistance on behalf of individuals who are entitled to such Medical Assistance under the provisions of the Federal Social Security Act, as it now reads or as it may hereafter be amended, or any other Federal Act now in effect or which may hereafter be enacted, including the making of such reports, in such form and containing such information as the Department of Health, Education, and Welfare or any other proper agencies of the Federal Government may require from time to time, and to comply with such requirements as that agency, or any other agencies hereafter designated, may from time to time find necessary and in conformity with the provisions of this Act;

(2) Enter into agreements with the Department of Health, Education, and Welfare or any other Federal Agencies which may be designated by Federal Statute to administer Medical Assistance on behalf of needy individuals so as to provide Medical Assistance on behalf of all recipients of public assistance and/or such other needy individuals as the State Department may determine in compliance with agreements with the Federal Government and within the limits of appropriated funds available;

(3) Accept money from the Federal Government for purposes coming within the scope of this Act and expend such sums as may be received from the Federal Government for such purposes in the manner prescribed in this Act, or as otherwise provided by law, and in accordance with such agreements as may be appropriate and necessary between the Federal Government and the State of Texas;

(4) Administer and expend state funds in accordance with rules and regulations promulgated by the State Department and within the limitations and restrictions of this Act and within the limits of appropriated funds for such purposes;

(5) Appoint a Medical Care Advisory Committee and such other advisory committees as the State Department may deem necessary and appropriate;

(6) Establish and provide such methods of administration as may be necessary for the proper and efficient operation of the program;

(7) Enter into such cooperative agreements with other state agencies and departments as may be required by law or as may be deemed expedient by the State Department;

(8) Promulgate reasonable rules and regulations for making Medical Assistance available on behalf of all recipients of public assistance and/or such other needy individuals as the State Department may determine in compliance with agreements with the Federal Government;

(9) Define and determine the scope, duration, and amount of Medical Assistance which may be provided in accordance with this Act or as it may hereafter be amended and establish priorities therefor;

(10) Provide opportunities for fair hearings before the State Department;

- (12) Adopt rules and regulations for subrogation;
- (13) Adopt rules and regulations for detecting and processing cases of fraud; and
- (14) Adopt such other policies, rules, and regulations which will insure compliance with Federal Laws and rules and regulations necessary to implement Medical Assistance as contemplated by this Act or as it may hereafter be amended.

Scope of services; duration of medical assistance; recipients of public assistance; Federal matching funds; extension of medical assistance; optional medical services

Sec. 4. The State Department is hereby authorized and empowered to determine the scope of the services to be covered, the amounts to be paid, and the duration of Medical Assistance to be furnished; provided, however, that the State Department shall provide Medical Assistance on behalf of all recipients of public assistance and such other related groups as are mandatory under Federal Laws and rules and regulations, as they now are or as they may hereafter be amended, in order to obtain Federal matching funds for such purposes.

Medical Assistance provided for these groups shall not be not less in scope, duration, or amount than is currently furnished such groups, and in addition, shall include at least the minimum services required under Federal Laws and rules and regulations to obtain Federal matching funds for such purposes.

The State Department is authorized and empowered, at such times as the State Department may determine feasible and within the limits of appropriated funds, to extend the scope, duration, and amount of Medical Assistance on behalf of these groups of public assistance recipients and related groups as are mandatory so as to include, in whole or in part, the optional medical services authorized under Federal Laws and rules and regulations, and the State Department shall have the authority to establish and maintain the priorities to be given such optional medical services; provided, however, that Medical Assistance shall be provided to at least such groups and in such scope, duration, and amount as are required to obtain Federal matching funds, but in no event shall Medical Assistance be furnished on behalf of any groups or in any scope, duration, or amount for which Federal matching funds cannot be obtained.

Extension of medical assistance to needy individuals; minimum services; optional medical services; priorities; selection of provider of medical assistance

Sec. 5. In accordance with rules and regulations adopted by the State Department, Medical Assistance may be extended on behalf of such other groups as are found to be financially unable to meet the cost of medical services, and the State Department shall determine eligibility of such individuals.

As Medical Assistance is extended to such groups, the State Department shall include at least the minimum services required under Federal Laws and rules and regulations necessary to obtain Federal matching funds.

In addition to these minimum services required under Federal Laws and rules and regulations, the State Department is authorized and empowered, at such times as the State Department may determine feasible and within the limits of appropriated funds, to extend the scope, duration, and amount of medical services on behalf of these groups so as to include, in whole or in part, the optional medical services authorized under Federal Laws and rules and regulations, and the State Department shall have the authority to establish and maintain the priorities to be given such op-

tional medical services; provided, however, that no groups and no medical services may be included for which Federal matching funds are not available.

No recipient of Medical Assistance shall be denied freedom of choice in his selection of a provider of Medical Assistance that is authorized by the State Department of Public Welfare.

Fees, charges and rates; method of payment of claims

Sec. 6. The State Department is hereby authorized and empowered to determine under reasonable rules, regulations, and standards the reasonable fees, charges, and rates to which Medical Assistance Funds will be applied and paid as follows:

A. Reasonable fees, charges, and rates for professional fees or services shall be the usual and customary fees, charges, and rates prevailing in the community.

B. Reasonable fees, charges, and rates, paid for other Medical Assistance shall be the usual and customary fees, charges, and rates, provided, however, that if such payments are otherwise limited by Federal Law, such payments shall be as near the usual and customary fees, charges, and rates as may be permitted by law.

The State Department is hereby authorized and empowered to determine the method of payment of claims for Medical Assistance by establishing a direct vendor payment program administered by the State Department or by an insurance plan or hospital service plan, and/or a medical service plan, or any other health service plan authorized to do business in Texas or by any other fiscal intermediary or method of payment or a combination of such plans and/or methods which the State Department finds to be the most satisfactory and economical method of paying costs and/or processing claims, and said State Department may make whatever amendments or changes as it finds necessary from time to time in order to provide Medical Assistance in an economical and equitable manner consistent with simplicity of administration and in the best interest of the recipients.

If the State Department elects as part of its plan and/or methods to make payments directly to vendors of Medical Assistance as authorized in this Act, then such vendor payments provided for under the terms of this Act shall be paid by vouchers or warrants drawn by the State Comptroller on the proper accounts of a "State Department of Public Welfare Fund"; for the purpose of permitting the State Comptroller to properly draw and issue such vouchers or warrants, the State Department of Public Welfare shall furnish the Comptroller with a list of or roll of those entitled to such vendor payments from time to time, together with the amount to which each vendor is entitled. When such vouchers or warrants have been drawn they shall be delivered to the Commissioner of the State Department of Public Welfare, who in turn shall supervise the delivery of same to the vendors entitled thereto.

The amount of such Medical Assistance out of state funds on behalf of any individual shall not exceed the amount that is matchable out of Federal funds and provided further, that the total amount of Medical Assistance payments out of state funds on behalf of such eligible individuals shall not exceed the amount that is matchable out of Federal funds.

Transfer as assignment of assistance or funds; exemption from legal process

Sec. 7. Neither Medical Assistance nor amounts payable to vendors out of public assistance funds are transferable or assignable, at law or in equity, and none of the money paid or payable under the provisions of this Act shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any insolvency law.

Eligibility of recipients of public assistance grants for medical assistance

Sec. 8. All individuals who are receiving public assistance grants shall be automatically eligible for Medical Assistance as provided in this Act and an application for Old Age Assistance, Aid to the Blind, Aid to the Permanently and Totally Disabled, or Aid to Families with Dependent Children shall constitute an application for Medical Assistance as provided herein.

For any groups for which Medical Assistance is provided who are not recipients of public assistance, the State Department shall prescribe the necessary forms and shall adopt reasonable rules and regulations for accepting and processing applications for Medical Assistance.

Appeal

Sec. 9. Any individual whose application for Medical Assistance is denied or is not acted upon with reasonable promptness shall have the right to appeal to the State Department for a fair hearing. The provisions in the Public Welfare Act of 1941, as amended, or as it may hereafter be amended (codified as Article 695c, Section 25, Vernon's Texas Civil Statutes), granting the right of appeal to applicants and recipients of public assistance, shall be applied in relation to appeals for Medical Assistance insofar as applicable and the same rights and procedures shall be granted to applicants for and recipients of Medical Assistance.

**Disclosure of information concerning applicants or recipients;
 records, papers and files**

Sec. 10. The State Department shall provide safeguards which restrict the use and/or disclosure of information concerning applicants or recipients of Medical Assistance to purposes directly connected with the administration of the Program.

It shall be unlawful, except for purposes directly connected with the administration of general assistance, old age assistance, aid to the blind, aid to families with dependent children, aid to the permanently and totally disabled, or Medical Assistance, and in accordance with the rules and regulations of the State Department, for any person or persons to solicit, disclose, receive, make use of, or to authorize, knowingly permit, participate in, or acquiesce in the use of, any list of, or names of, or any information concerning, persons applying for or receiving such public assistance or Medical Assistance, directly or indirectly derived from the records, papers, files, or communications of the State Department or subdivisions or agencies thereof, or acquired in the course of the performance of official duties.

The rule-making power of the State Department shall include the power to establish and enforce reasonable rules and regulations governing the custody, use, and preservation of the records, papers, files, and communications of the State Department and its local offices. Wherever, under provisions of law, names and addresses of recipients of public assistance or Medical Assistance are furnished to or held by any other agency or department of government, such agency or department or government shall be required to adopt regulations necessary to prevent the publication of lists thereof or their use for purposes not directly connected with the administration of public assistance or Medical Assistance.

Subrogation

Sec. 11. The State Department or any person, firm, or institution which has furnished service shall be subrogated to any applicant's or recipient's right of recovery from personal insurance or other sources or the right of recovery for personal injuries occasioned by the negli-

gence or wrong of another to the extent of the cost of medical care services paid for by the State Department or to the extent of the services rendered by such person, firm, or institution which has furnished service. The State Department is authorized to adopt reasonable rules and regulations for the enforcement of its right of subrogation and the Commissioner of Public Welfare may, in his discretion, waive this right of subrogation to the extent that the Commissioner finds that the enforcement thereof would tend to defeat the purpose of the public assistance laws. The fact that an applicant for or a recipient of Medical Assistance has a claim for damages for personal injuries shall not be grounds for denying or discontinuing Medical Assistance.

Rules and regulations to minimize fraud; fraudulent representations; penalties

Sec. 12. The State Department shall adopt reasonable rules and regulations for minimizing the opportunity for fraud; for establishing and maintaining methods of detecting and identifying situations in which a question of fraud in the program may exist; and for referring cases where fraud appears to exist to the appropriate law enforcement agencies for prosecution.

Whoever obtains, or attempts to obtain, or aids or abets any person to obtain by means of a wilfully false statement or representation or by impersonation, or by other fraudulent means:

(1) Medical Assistance, services, or treatment to which he is not entitled;

(2) Medical Assistance, services, or treatment greater than that to which he is justly entitled;

(3) Or, with intent to defraud, aids or abets in buying, or in any way disposing of the property of a recipient of assistance or Medical Assistance without the consent of the State Department, or whoever violates Section 10 of this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined any sum not more than One Hundred Dollars (\$100) or be imprisoned for not less than six (6) months, nor more than two (2) years, or be both so fined and imprisoned. If any of the acts defined and punishable as a misdemeanor under this Act shall also constitute some other offense punishable under the laws of the State of Texas, the offender shall be amenable to prosecution, at the state's election, either under this Act, or for such other offense as may have been committed by him.

Rules and regulations to administer medical assistance program; personnel and administrative expenses

Sec. 13. The State Department is authorized to adopt reasonable rules and regulations for administering the Medical Assistance Program and is authorized to use such funds as may be appropriated for the administrative costs of the operation of the Medical Assistance Program including, but not limited to, the payment of salaries, travel expense, rent, bond premiums, postage, telephone and telegraph, freight, express, drayage, stationery, printed forms, office supplies, equipment, repairs, examining fees, medical services, maintenance, and miscellaneous and contingent expense (includes Merit System).

The personnel and other administrative expenses provided for in this Section shall constitute additional staff and additional administrative expenses of the State Department of Public Welfare, and said State Department is hereby authorized to establish position classifications, and such additional personnel and administrative expenses shall be integrated with the present staff and other costs of administration for the purpose of administering the Public Assistance and Medical Assistance Programs, and shall in no way lessen the authority or the power of the

Comprehensive staff development program

Sec. 14. In order to increase the effectiveness and efficiency of the administration of the Public Assistance and Medical Assistance Programs which will result in improved services to the needy of the State of Texas, it is necessary to assist employees to obtain the technical and professional education required in the administration of these Programs. The State Department is authorized and empowered under rules and regulations promulgated by the State Department and in conformity with the Plan of Administration with the Department of Health, Education, and Welfare, to establish personnel plans and policies which will enable the State Department to formulate a comprehensive Staff Development Program which shall include, among other things, a provision for granting paid educational leave to selected employees and to make payments in the form of grants, stipends, or other methods selected by the State Department out of Federal and State funds within the limits of appropriated funds.

Research and demonstration projects

Sec. 15. The State Department is authorized independently or in cooperation with any public or private agency or department to set up research and demonstration projects which in the judgment of the Commissioner of Public Welfare are likely to assist in promoting the objectives of Title I, Old Age Assistance; Title IV, Aid to Families with Dependent Children; Title X, Aid to the Blind; Title XIV, Aid to the Permanently and Totally Disabled; or Title XIX, Medical Assistance, as they now read or as they may hereafter be amended, or any other Federal Act now in effect or which may hereafter be enacted. Federal funds made available for assistance payments and/or Medical Assistance, and/or Federal funds made available for research and demonstration projects may be used in paying the costs of such research and demonstration projects. The State Department is also authorized to use any state funds appropriated for such purposes in conducting such research and demonstration projects.

The State Department may conduct such research and demonstration projects and use funds available for any purpose which in the judgment of the Commissioner of Public Welfare would be beneficial to the programs administered by the State Department and which is not contrary to or inconsistent with Federal and State Laws making such funds available.

Medical care advisory committee

Sec. 16. The Commissioner of Public Welfare shall establish a Medical Care Advisory Committee, which Committee shall be of such size, membership, and experience as may be determined by the Commissioner of Public Welfare to be essential for the accomplishment of the purposes of this Act and in compliance with the requirements of the Department of Health, Education, and Welfare or any other Federal Agencies or Departments responsible for the administration of the Medical Assistance Program.

The State Department shall adopt reasonable rules and regulations for establishing membership on the Committee which will provide for rotation, stability, continuity, efficiency of operation, and representa-

tion of the various professions and disciplines authorized to provide Medical Assistance.

The members of the Medical Care Advisory Committee shall receive no compensation for their services except that they may receive their actual expenses while engaged in the performance of their duties.

As requested by the Commissioner of Public Welfare from time to time in the furtherance of the objectives of the Program, the Medical Care Advisory Committee shall cooperate with and advise the State Department in developing and maintaining the Medical Assistance Program and provide professional advice on immediate and long-range plans with the view of reaching the overall objectives and goals in providing high quality comprehensive medical and health services to needy individuals in the state.

The Commissioner of Public Welfare also is authorized to appoint regional and local medical care advisory committees and is authorized to appoint any other state or local advisory committees as may be considered appropriate and necessary in the administration of public welfare.

Medical assistance fund; expenditures; transfer of monies

Sec. 17. At such time as appropriations are authorized by the Legislature for the purposes of carrying out the provisions of this Act, there shall be continued in the Treasury a special fund to be known as the "Medical Assistance Fund" created by Senate Bill No. 79, Acts of the 57th Legislature, Regular Session, 1961,¹ which constitutes a separate account of the "State Department of Public Welfare Fund," and shall be expended only for the purpose of carrying out the provisions of this Act or any amendments thereto, and for the purposes for which said separate account was created; provided, however, that the amount of Medical Assistance on behalf of such individuals qualifying for Medical Assistance out of state funds shall not exceed the amount that is matchable out of Federal funds.

Medical Assistance on a limited basis is currently provided for recipients of public assistance and with the implementation of Title XIX of the Federal Social Security Act, as it now reads or as it may hereafter be amended, or any other Federal Act now in effect or which may hereafter be enacted, it is imperative that Medical Assistance be extended, the cost of which is unpredictable and the assistance grants currently include, insofar as possible, amounts to meet medical needs within the limits of appropriated funds. Under Title XIX, some medical needs of recipients which were formerly included in assistance grants will be paid on a vendor basis; therefore, some of the funds allocated and appropriated for the purpose of paying assistance grants may be required for Medical Assistance payments.

If the necessity arises, the State Department by rules and regulations and as authorized in the Appropriations Act, may request the transfer of monies appropriated for the payment of assistance grants out of the Assistance Funds into the "Medical Assistance Fund" and is empowered and authorized to use such funds for the purpose of paying Medical Assistance in addition to the funds specifically appropriated out of the "Medical Assistance Fund" for such purposes.

Infringement on health programs; cooperative arrangements

Sec. 19. It is not the intention of this Act to preempt or dilute or in any way infringe upon the health programs for which any State Agency or Department is or may be responsible, and it is the intention of this Act that the state plan for Medical Assistance provide for entering into cooperative arrangements with other State Agencies and De-

partments responsible for administering or supervising the administration of health services in the state looking toward maximum utilization of such services in the provision of Medical Assistance under this plan.

Conflict with Federal statutes; money for medical assistance for needy persons

Sec. 20. If any portion of this Act or amendments thereto are found to be in conflict with the provisions of appropriate Federal Statutes as they now are or as they may be amended, then and in that event, the State Department is specifically authorized and empowered to prescribe in its rules and regulations such limitations and restrictions as may be necessary in order that money will be available for Medical Assistance for or on behalf of needy persons.

Effective date; implementation of plans for administration of program

Sec. 21. If this Act meets the Constitutional requirements for becoming effective upon being signed by the Governor, the State Department shall immediately implement plans for administering the Program, but the payments for Medical Assistance under the provisions of this Act shall be effective September 1, 1967.

Repealer

Sec. 22. All laws or parts of laws in conflict with this Act are hereby repealed to the extent of such conflict only and it is specifically provided that the Medical Assistance Act, being Senate Bill No. 79, Acts of the 57th Legislature, Regular Session, 1961, as amended by Senate Bill No. 405, Acts of the 59th Legislature, Regular Session, 1965, and being codified as Article 695j, Vernon's Texas Civil Statutes, is retained in the law and shall remain operable insofar as it is not in conflict with this Act so as to enable the State Department to promulgate rules and regulations and to enter into agreements with the Federal Government to implement this Act, and to assure continuity of Medical Assistance to the individuals receiving Medical Assistance under provisions of that Act until such time as plans can be implemented and approved, and funds, both State and Federal, made available for carrying out the provisions of this Act.

Partial invalidity

Sec. 23. If any Section, subsection, paragraph, sentence, clause, phrase, or word in this Act, or application thereof to any person or circumstance is held invalid, such holding shall not affect the validity of the remaining portions of this Act, and the Legislature hereby declares it would have passed such remaining portions despite such invalidity. Sec. 3. (a) In addition to any other powers which it may now have, each city and each county and each navigation district shall have without any other authority the following powers:

(1) to acquire, whether by construction, purchase, devise, gift, or lease, or any one or more of such methods, one or more projects, which shall be located within this state, and may be located within, without, partially within, or partially without the city or county or navigation district; but limited to the county or counties contiguous to the authorizing county or if authorized by a city or navigation district governing body the limits shall be within the county in which the city is located or in contiguous counties;

Sec. 4. (a) Before issuing any bonds hereunder the governing body of any city or county or navigation district which proposes to issue the

bonds shall adopt a resolution declaring its intention to do so, stating the amount of bonds proposed to be issued, the purpose for which the bonds are to be issued, and the date upon which the governing body proposes to direct the issuance of such bonds. Such resolution shall be published once a week for at least three consecutive weeks in at least one newspaper of general circulation published in the county proposing through its governing body to issue the bonds. The first publication of such resolution shall be made not less than 21 days prior to the date fixed in such resolution for the issuance of the bonds and the last publication shall be made not more than seven days prior to such date. If no newspaper be published in such county, then such notice shall be given by publishing the resolution for the required time in some newspaper having a general circulation in such county, and, in addition, by posting a copy of such resolution for at least 21 days next preceding the date fixed therein at three public places in such city or county or navigation district. If 10 percent of the qualified electors of the city or county or navigation district shall file a written protest against the issuance of such bonds on or before the date specified in such resolution, then an election on the question of the issuance of such bonds shall be called and held as herein provided. If no such protest be filed, then such bonds may be issued without an election on the question of the issuance thereof, at any time within a period of two years after the date specified in the above mentioned resolution; provided, however, that the governing body of such city or county or navigation district, in its discretion, may nevertheless call an election on such question, in which event it shall not be necessary to publish the resolution declaring its intention to issue bonds as herein provided.

(b) Where an election is to be called as provided in the preceding section, notice of such election shall be signed by the clerk of the governing body of the city or county or navigation district, and shall be published once a week for at least three consecutive weeks, in at least one newspaper of general circulation published in such county. The first publication of such notice shall be made not less than 21 days prior to the date fixed for such election and the last publication shall be made not more than seven days prior to such date. If no newspaper is published in such county, then such notice shall be given by publishing the same for the required time in some newspaper having a general circulation in such city or county or navigation district, and, in addition, by posting a copy of such notice for at least 21 days next preceding such election at three public places in such city or county or navigation district.

(c) Such election shall be held, as far as is practicable, in the same manner as other elections are held in the city or county or navigation district. At such election, all qualified electors of such city or county or navigation district may vote, and the ballots used shall have printed thereon a brief statement of the amount and purpose of the proposed bond issue and the words "FOR THE BOND ISSUE" and "AGAINST THE BOND ISSUE," and the voter shall vote by placing a cross (x) or check mark () opposite his choice on the proposition.

(d) When the results of the election on the question of the issuance of such bonds shall have been canvassed by the election commissioners of such city or county or navigation district and certified by them to the governing body of the city or county or navigation district, it shall be the duty of such governing body to determine and adjudicate whether or not a majority of the qualified electors who voted thereon in such election voted in favor of the issuance of such bonds, and unless a majority of the qualified electors who voted thereon in such election shall have voted in favor of the issuance of such bonds, then such bonds shall not be issued. Should a majority of the qualified electors who vote thereon in such election vote in favor of the issuance of such bonds, then the governing body of the city or county or navigation district may issue such bonds, either in whole or in part, within two years from the date of such election, or

within two years after the final favorable termination of any litigation affecting the issuance of such bonds, as such governing body shall deem best.

Bonds as limited obligations; execution and delivery of bonds; approval; construction as negotiable instruments

Sec. 5. (a) All bonds issued by a city or county or navigation district under the authority of this Act shall be limited obligations of the city or county or navigation district. Bonds and interest coupons, issued under the authority of this Act, shall not constitute nor give rise to a pecuniary liability of the city or county or navigation district or a charge against its general credit or taxing powers. Such limitation shall be plainly stated upon the face of each of such bonds.

(b) The bonds, referred to in Subsection (a) of this section, may (1) be executed and delivered at any time and from time to time, (2) be in such form and denominations, (3) be of such tenor, (4) be in registered or bearer form either as to principal or interest or both, (5) be payable in such installments and at such time or times not exceeding 30 years from their date, (6) be payable at such place or places, (7) bear interest at such rate or rates, payable at such place or places, and evidenced in such manner, (8) be redeemable prior to maturity, with or without premium, and (9) contain such provisions not inconsistent herewith, as shall be deemed for the best interest of the city or county or navigation district and provided for in the proceedings of the governing body whereunder the bonds shall be authorized to be issued.

(c) The bonds must be approved by the Attorney General before they may be issued, a copy of any lease on property acquired with the proceeds of the bonds must be filed with the Attorney General, and the bonds must also be registered with the Comptroller of Public Accounts.

(d) Any bonds, issued under the authority of this Act, may be sold at public or private sale in such manner and at such time or times as may be determined by the governing body to be most advantageous. The city or county or navigation district may pay all expenses, premiums, and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale, and issuance thereof from the proceeds of the sale of said bonds or from the revenues of the projects.

(e) All bonds, issued under the authority of this Act, and all interest coupons applicable thereto shall be construed to be negotiable instruments, despite the fact that they are payable solely from a specified source.

Pledge of revenues; agreements and provisions securing bonds; default in payments

Sec. 6. (a) The principal of and interest on any bonds issued under the authority of this Act (1) shall be secured by a pledge of the revenues out of which such bonds shall be made payable, (2) may be secured by a mortgage covering all or any part of the project, and (3) may be secured by a pledge of the lease of such project, or (4) may be secured by such other security device as may be deemed most advantageous by the issuing authority.

(b) The proceedings, under which the bonds are authorized to be issued under the provisions of this Act, and any mortgage given to secure the same may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting (1) the fixing and collection of rents for any project covered by such proceedings or mortgage, (2) the terms to be incorporated in the lease of such project, (3) the maintenance and insurance of such project, (4) the creation and maintenance of special funds from the revenues of such project, and (5) the rights and remedies available in the event of a default to the bond-

holders or to the trustee under a mortgage, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this Act. Provided, that in making any such agreements or provisions a city or county or navigation district shall not have the power to obligate itself except with respect to the project and the application of the revenues therefrom, and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

(c) The proceedings authorizing any bonds under the provisions of this Act and any mortgage securing such bonds may provide that, in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such proceedings or the provisions of such mortgage.

(d) Any mortgage, made under the provisions of this Act, to secure bonds issued thereunder, may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon a municipality or county or navigation district or any charge upon their general credit or against their taxing powers.

Determinations and findings of governing bodies

Sec. 7. (a) Prior to the leasing of any project, the governing body must determine and find the following: The amount necessary to pay the principal of and the interest on the bonds proposed to be issued to finance such project; the amount necessary to be paid into any reserve funds which the governing body may deem it advisable to establish in connection with the retirement of the proposed bonds and the maintenance of the project including taxes; and, unless the terms under which the project is to be leased provide that the lessee shall maintain the project and carry all proper insurance with respect thereto, the estimated cost of maintaining the project in good repair and keeping it properly insured.

(b) The determinations and findings of the governing body, required to be made by Subsection (a) of this section, shall be set forth in the proceedings under which the proposed bonds are to be issued. Prior to the issuance of the bonds authorized by this Act, the city or county or navigation district shall lease the project to a lessee or lessees under an agreement conditioned upon completion of the project and providing for payment to the city or county or navigation district of such rentals as, upon the basis of such determinations and findings, will be sufficient (1) to pay the principal of and interest on the bonds issued to finance the project, (2) to pay the taxes on the project, (3) to build up and maintain any reserves deemed by the governing body to be advisable in connection therewith, and (4) unless the agreement of lease obligates the lessees to pay for the maintenance and insurance of the project, to pay the costs of maintaining the project in good repair and keeping it properly insured. Subject to the limitations of this Act, the lease or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties, and notwithstanding any other provisions of law relating to the sale of property owned by the cities and counties and navigation districts, such lease may contain an option for the lessees to purchase the project on such terms and conditions as may be mutually acceptable to the parties.

Refunding bonds

Sec. 8. Any bonds issued under the provisions of this Act and at any time outstanding may at any time and from time to time be refunded by a city or county or navigation district by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding an amount sufficient to refund the principal of the bonds to be so refunded, together with any unpaid interest thereon and any premiums and commissions necessary to be paid in connection therewith; provided, that an issue of refunding bonds may be combined with an issue of additional revenue bonds on any project when the combined total meets the requirements of Subsection (a) of Section 7 of this Act. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof or by exchange of the refunding bonds for the bonds to be refunded thereby. Provided, that the holders of any bonds to be so refunded shall not be compelled without their consent to surrender their bonds for payment or exchange prior to the date on which they are payable by maturing date, option to redeem, or otherwise or, if they are called for redemption, prior to the date on which they are by their terms subject to redemption by option or otherwise. Any refunding bonds issued under the authority of this Act shall be subject to the provisions contained in Section 5 of this Act and may be secured in accordance with the provisions of Section 6 of this Act.

Application of proceeds from sale of bonds

Sec. 9. The proceeds from the sale of any bonds issued under authority of this Act shall be applied only for the purpose for which the bonds were issued; provided, that any accrued interest and premium received in any such sale shall be applied to the payment of the principal of or the interest on the bonds sold; and provided further, that if for any reason any portion of such proceeds shall not be needed for the purpose for which the bonds were issued, then such unneeded portion of said proceeds shall be applied to the payment of the principal of or the interest on said bonds. The cost of acquiring or improving any project shall be deemed to include the following: The actual cost of acquiring or improving real estate for any project; the actual cost of construction of all or any part of a project which may be constructed, including architects' and engineers' fees; fixed machinery and equipment on the premises; all expenses in connection with the authorization, sale and issuance of the bonds to finance such acquisition or improvement; and the interest on such bonds for a reasonable time prior to construction, during construction, and for not exceeding six months after completion of construction.

Taxation of projects

Sec. 10. Notwithstanding that title to a project may be in a city or county or navigation district, such projects shall be subject to taxation to the same extent, in the same manner, and under the same procedures as privately-owned property in similar circumstances, if such projects are leased to or held by private interests on both the assessment date and the date the levy is made in any year; provided, that where personal property owned by a city or county or navigation district is taxed under this section and such personal property taxes are delinquent, levy by distress warrant for collection of such delinquent taxes may only be made on personal property against which such taxes were levied.

**Powers of cities, counties or navigation districts; restrictions
or limitations**

Sec. 11. Neither this Act nor anything herein contained shall be construed as a restriction or limitation upon any powers which a city or county or navigation district might otherwise have under any laws of this state, but shall be construed as cumulative.

Approval of lease on projects; removal of business from existing facilities

Sec. 12. No bonds may be issued under authority of the Act unless the lease on the project acquired or to be acquired from the proceeds of the bonds has been approved by the Texas Industrial Commission. The Texas Industrial Commission has authority to establish criteria for an acceptable lease based on the economic feasibility of the project and the ability of the lessee to meet the contract commitments.

No city or county or navigation district may acquire or construct any project for any individual, firm, partnership, or corporation, or make any lease to any individual, firm, partnership, or corporation where the effect of such lease shall be to remove lessee's business from existing facilities within the State of Texas.

Legal investments

Sec. 13. Bonds issued under the provisions of this Act shall be legal investments for savings and loan associations, banks, and insurance companies organized under the laws of this state.

Authority to adopt tax; imposition and rate; election and ballots; canvass of returns; results of election; city boundaries; tax schedule and bracket system formula for joint collection of taxes; standards

Sec. 2. A. Any city may, by a majority vote of the qualified voters of said city voting at an election held for that purpose, adopt a local sales and use tax for the benefit of such city in accordance with the provisions of this Act.

B. The sales tax portion of any local sales and use tax adopted under this Section is hereby imposed at the rate of one percent (1%) on the receipts from the sale at retail of all tangible personal property within any city adopting such tax which property is subject to taxation by the State of Texas under the provisions of the Limited Sales, Excise and Use Tax Act, as enacted, and as heretofore or hereafter amended.

C. The governing body of any city may, by a majority vote of its members qualified and serving, or shall, upon petition of qualified voters of said city equal in number to at least twenty percent (20%) of the total number of votes cast in the last preceding regular city election, provide by ordinance for the calling and holding of an election on such question.

D. If such election is initiated by petition of qualified voters, the governing body of the city shall have thirty (30) days after receipt of such petition to determine the sufficiency thereof and, if such petition is sufficient, shall within sixty (60) days after receipt of such petition pass the ordinance calling such election.

E. The ordinance calling such election shall provide for the submission of such question at an election to be held not less than thirty (30) days nor more than ninety (90) days after the passage of said ordinance. If the next regular city election is to be held during such period, the submission of such question shall be at such election; otherwise, a special election shall be called for the purpose.

F. Notice of said election shall be given by causing a substantial copy of the ordinance calling the election to be published on the same day of two successive weeks in a newspaper of general circulation published within said city, the date of the first publication to be at least twenty-one (21) days prior to the date set for such election. If there be no newspaper

For Annotations and Historical Notes, see V.A.T.S.

published within the city, such ordinance may be published in some newspaper having general circulation within the city. The provisions of this Section shall prevail over any city charter provision to the contrary.

G. The ballot at such election shall have printed on it the following:

"FOR adoption of a one percent (1%) local sales and use tax within the city."

"AGAINST adoption of a one percent (1%) local sales and use tax within the city."

The election shall be conducted in the manner provided by law for other municipal elections unless otherwise specified herein. If a majority of the votes cast at such an election be in favor of the adoption of a local sales and use tax, the same shall be effective in such city as follows: In order to allow time for the Comptroller's administrative duties under this Act, there shall elapse one whole calendar quarter after the Comptroller receives notice of adoption of such tax provided for in this Act, after which such local sales and use tax shall be effective in such city beginning on the first day of the calendar quarter next succeeding such elapsed quarter.

H. In any city in which a local sales and use tax has been imposed in the manner provided for herein, in the same manner and by the same procedure such city may by majority vote of the qualified voters of said city voting at an election held for that purpose abolish such tax. The ballot for any such election shall have printed on it the following:

"FOR abolition of the local sales and use tax within the city."

"AGAINST abolition of the local sales and use tax within the city."

If a majority of the votes cast at any such election be in favor of the abolition of such tax, such local sales and use tax shall be thereby abolished effective in such city as follows: There shall elapse one whole calendar quarter after the Comptroller receives the notice of abolition of such tax, after which such local sales and use tax shall be abolished in such city beginning on the first day of the calendar quarter next succeeding such elapsed quarter.

I. Within ten (10) days after any election held under the provisions of this Section at which a majority of the qualified voters voting at such election in any city shall vote in favor of the adoption or the abolition of a local sales and use tax within such city, the governing body of such city shall canvass the returns of such election and by ordinance or resolution entered in the minutes declare the results of such election. Thereafter, the City Secretary shall forward to the Comptroller by United States Registered Mail or Certified Mail a certified copy of the ordinance or resolution of the governing body canvassing the returns and declaring the result of such election. Such ordinance or resolution shall reflect the date of the election in such city, the proposition voted on, the total number of votes cast for and against the proposition, and the number of votes by which the proposition was approved, and shall be accompanied by a map of the city clearly showing the boundaries thereof. If a majority of votes be found to be against any proposition, so that the tax status of such city under this Act is not changed, no notice of the results of the election shall be filed with the Comptroller.

J. If any city in which a local sales and use tax has been imposed in the manner provided for herein shall thereafter change or alter its boundaries, the City Secretary of such city shall forward to the Comptroller by United States Registered Mail or Certified Mail a certified copy of the ordinance adding or detaching territory from such city. Such ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the city clearly showing the territory added thereto or detached therefrom. Upon receipt of such ordinance and map, the tax imposed by this Act shall be effective in such added territory or abolished in such detached territory on the first day of the next succeeding quarter; provided that if the Comptroller shall notify the City Secretary in writing

within ten (10) days after receipt of such ordinance and map that he requires more time, the Comptroller shall be entitled to the elapsed calendar quarter referred to in Subsection G of this Section before such tax shall be imposed in such added territory or abolished in such detached territory.

K. (1) In each city in which a local sales and use tax has been imposed in the manner provided by this Act, every retailer shall add the tax imposed by the Limited Sales, Excise and Use Tax Act of the State of Texas and the tax imposed by this Act to his sale price, and when added, the combined tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. When the sale price in such city shall involve a fraction of a dollar, the two combined taxes shall be added to the sale price upon the schedule and bracket system formula set forth in Paragraphs (2) and (3) of this subsection.

(2) When such Limited Sales, Excise and Use Tax imposed by the State of Texas shall be at the rate of two percent (2%) on the receipts from the sale at retail of all tangible personal property within this State which is subject to such tax, and the Local Sales and Use Tax imposed in any city under authority of this Act shall be at the rate of one percent (1%) on the receipts from the sale of all tangible personal property within such city which is subject to such tax, the total gross rate of such combined taxes in such city shall be at the rate of three percent (3%) on the receipts from the sale of all tangible personal property within such city which is subject to such taxes. When the sale price shall involve a fraction of a dollar, the taxes shall be added to the sale price upon the following schedule:

Amount of Sale	Tax
\$.01 to \$.16	No Tax
.17 to .49	\$.01
.50 to .83	.02
.84 to 1.16	.03
1.17 to 1.49	.04
1.50 to 1.83	.05

Provided, that for successive brackets for this schedule in this paragraph, the tax shall be computed by multiplying three percent (3%) times the amount of the sale. Any fraction of one cent (\$.01) which is less than one half of one cent (\$.005) of tax shall not be collected. Any fraction of one cent (\$.01) of tax equal to one half of one cent (\$.005) or more shall be collected as a whole cent (\$.01) of tax.

(3) In the event the Legislature shall either increase or decrease the rate of such State Limited Sales, Excise and Use Tax, the combined rate of the State Limited Sales, Excise and Use Tax and the Local Sales and Use Tax shall be the sum of the two rates, in which event the schedule for collection of such combined taxes shall be calculated by multiplying the combined tax rate times the amount of the sale. Any fraction of one cent (\$.01) which is less than one half of one cent (\$.005) of tax shall not be collected. Any fraction of one cent (\$.01) of tax equal to one half of one cent (\$.005) or more shall be collected by the retailer as a whole cent (\$.01) of tax. The Comptroller may publish a schedule based on the above formula for use in those cities which have imposed a Local Sales and Use Tax under the authority of this Act, and which cities have a need for such schedule under the provisions of this paragraph.

Frequency of elections

Sec. 3. No election upon a proposition to adopt a local sales and use tax in any city or to abolish such tax in such city shall be held within two (2) years from the date of the last preceding election in such city on any of such propositions.

Deposit of revenues; suspense accounts; surety bonds

Sec. 7. A. Any local sales and use tax collected by the Comptroller under this Act on behalf of any city shall be deposited with the State Treasurer in trust and shall be kept in a separate suspense account for each such city.

B. The Comptroller, and any of his deputies, assistants, and employees, who shall have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the Comptroller under the provisions of this Act shall enter into a surety bond or bonds payable to any and all cities in whose behalf such funds have been collected under this Act in the amount of \$100,000; provided that the Comptroller may enter into a blanket bond or bonds covering himself and all such deputies, assistants, and employees. The cost of the premium or premiums for such surety bond or bonds shall be paid by the Comptroller from out of the share of such collections retained by the Comptroller for the benefit of the State. At any time when any premium or premiums on such bond or bonds are due and payable, the Comptroller shall pay the cost of same out of the State's share of such collection in his hands, and deposit the balance of the State's share as provided in Section 8 of this Act.

Transmission of revenues; deductions; retention of revenues; refunds; closing of accounts

Sec. 8. Each city's share of all local sales and use tax collected under this Act by the Comptroller shall be transmitted to the Treasurer or the officer performing the functions of such office of such city by the Comptroller payable to the city periodically as promptly as feasible. The funds so transmitted may be used by the city for any purpose for which the general funds of the city may be used. Before transmitting such funds, the Comptroller shall deduct two percent (2%) of the sum collected from each such city during such period as a charge by the State of Texas for its services specified in this Act, and the amounts so deducted, subject to the provisions of Section 7B of this Act, shall be deposited by the Comptroller in the State Treasury to the credit of the General Revenue Fund of the State. The Comptroller is authorized to retain in the suspense account of any city a portion of the city's share of the tax collected under this Act. Such balance so retained in the suspense account shall not exceed five percent (5%) of the amount remitted to the city. The Comptroller is authorized to make refunds from the suspense account of any city for overpayments made to such accounts, and to redeem dishonored checks and drafts deposited to the credit of the suspense accounts of such cities. When any city shall adopt the Local Sales and Use Tax, and shall thereafter abolish such tax, the Comptroller may retain in the suspense account of such city for a period of one year five percent (5%) of the final remittance to each such city at the time of termination of collection of such tax in such city to cover possible refunds for overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such

accounts. After one year has elapsed after the effective date of abolition of such tax in such city, the Comptroller shall remit the balance in such account to the city and close the account.

Pledge of anticipated revenue

Sec. 9. Money collected under this Act is for the use and benefit of the cities of the state; but no city may pledge anticipated revenue from this source to secure the payment of bonds or other indebtedness.

**Delinquent taxes; collection suits; notice and limitations; parties;
seizure and sale of property**

Sec. 12. A. In any city where the Local Sales and Use Tax has been imposed, if any person is delinquent in the payment of the amount required to be paid by him under this Act or in the event a determination has been made against him for taxes and penalty under this Act, the limitation for bringing suit for the collection of such delinquent tax and penalty shall be the same as that provided in Article 20.09, Chapter 20, Title 122A. Where the Comptroller has determined that suit must be filed against any person for the collection of delinquent taxes due the State under the Limited Sales, Excise and Use Tax Act, and where such person is also delinquent in payment of taxes under this Act, the Comptroller shall notify the Tax Collector of the city to which delinquent taxes are due under this Act by United States Registered Mail or Certified Mail at least ten (10) days before turning the case over to the Attorney General. The city, acting through its attorney, may join in such suit as a party plaintiff to seek a judgment for the delinquent taxes and penalty due such city.

B. Where property is seized by the Comptroller under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the State Limited Sales, Excise and Use Tax Act, and where such taxpayer is also delinquent in payment of any tax imposed by this Act, the Comptroller shall sell sufficient property to pay the delinquent taxes and penalty due any city under this Act in addition to that required to pay any amount due the State under the Limited Sales, Excise and Use Tax Act. The proceeds from such sale shall first be applied to all sums due the State, and the remainder, if any, shall be applied to all sums due such city.

Election contests; notice

Sec. 13. A. If the validity of any election held under authority of this Act or the result of such election based on the returns thereof shall be contested, such election contest shall be filed and tried as provided in the Election Code of the State of Texas; provided that the contestant shall notify the Comptroller by United States Registered Mail or Certified Mail within ten (10) days after filing such contest by mailing a copy of such Notice of Contest to the Comptroller showing the style of the contest, the date filed, the case number, and the Court in which the same is pending; and provided further that no such contest shall be heard unless the Comptroller is timely notified as provided herein.

For Annotations and Historical Notes, see V.A.T.S.

B. Upon receipt of a Notice of Contest, the date upon which such tax shall become effective in any city, or abolished in any city, as a result of such election shall be suspended. When a final judgment shall be entered in such election contest, the City Secretary shall notify the Comptroller by United States Registered Mail or Certified Mail, and shall enclose a certified copy of such final judgment. If the judgment sustains the validity of such election or the result of such election so that the tax status under this Act of such city is changed, the Comptroller shall place in effect such tax, or abolish the same, as the case may be, in such city, substituting the notice of final judgment and the date on which it is received for the notice of the result of such election elsewhere provided for in this Act.

Notice and hearing; contents of notice

Sec. 9. No assessment herein provided for shall be made against any abutting property or its owners, nor against any railway, street railway or interurban, or owner, until after notice and opportunity for hearing as herein provided, and no assessment shall be made against any abutting property or owners thereof in excess of the special benefits of such property, and its owners in the enhanced value thereof by means of such improvements as determined at such hearing. Such notice shall be by advertisement inserted at least three (3) times in some newspaper published in the city where such special assessment tax is to be imposed, if there be such a paper; if not, then the nearest to such city of general circulation in the county in which such city is located; the first publication of such notice of hearing to be made at least twenty-one (21) days before the date of the hearing; and, additional written notice of the hearing shall be given by depositing in the United States mail, at least fourteen (14) days before the date of the hearing, written notice of such hearing, postage prepaid, in an envelope addressed to the owners of the respective properties abutting such highway, highways or portion or portions thereof to be improved, as the names of such owners are shown on the then current rendered tax rolls of such city and at the addresses so shown, or if the names of such respective owners do not appear on such rendered tax rolls, then addressed to such owners as their names are shown on the current unrendered rolls of the city at the addresses shown thereon; and, where a special tax is proposed to be levied against any railway or street railway using, occupying or crossing any highway, portion or portions thereof to be improved, such additional notice shall be given by depositing in the United States mail, at least fourteen (14) days before the date of the hearing, a written notice of such hearing, postage prepaid, in an envelope addressed to the said railway or street railway as shown on the then current rendered tax rolls of such city, at the address so shown, or, if the name of such respective railways do not appear on such rendered rolls of the city, then addressed to such railways or street railways as the names are shown on the current unrendered rolls of the city, at the addresses shown thereon. If any such notice shall describe in general terms the nature of the improvements for which assessments are proposed to be levied and to which such notice relates, shall state the highway, highways, portion or portions thereof to be improved, shall state the estimated amount or amounts per front foot proposed to be assessed against the owner or owners of abutting property and such property on each highway or portion with reference to which hearing mentioned in the notice is to be held, and shall state the estimated total cost of the improvements on each such highway, portion or portions thereof, and, if the improvements are to be constructed in any part of the area between and under rails and tracks, double tracks, turnouts, and switches, and two (2) feet on each side thereof of any railway, street railway or interurban, shall also state the amount proposed to be assessed therefor, and shall state the time and place at which such hearing shall be held, then such notice shall be sufficient, valid and binding upon all owning or claiming such abutting property, or any interest therein, and upon all owning or claiming such railway, street railway, or interurban, or any interest therein. The notice to be mailed may consist of a copy of the published notice. In those cases in which an owner of property abutting a highway or portion thereof which is to be improved is listed as 'unknown' on the then current city tax roll, or the name of an owner is shown on the city tax roll but no address for such owner is shown, no notice need

be mailed. In those cases where the owner is shown to be an estate, the mailed notice may be addressed to such estate. Such hearing shall be by and before the governing body of such city and all owning any such abutting property, or any interest therein, and all owning any such railway, street railway or interurban, or any interest therein, shall have the right, at such hearing, to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment authorized by this Act, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with such improvements and proposed assessments, and the governing body shall have power to correct any errors, inaccuracies, irregularities, and invalidities, and to supply any deficiencies, and to determine the amounts of assessments and all other matters necessary, and by ordinance to close such hearing and levy such assessments before, during or after the construction of such improvements, but no part of any assessment shall be made to mature prior to acceptance by the city of the improvements for which assessment is levied.

Anyone owning or claiming any property assessed, or any interest therein, or any railway, street railway, or interurban assessed, or any interest therein, who shall desire to contest any such assessment on account of the amount thereof, or any inaccuracy, irregularity, invalidity, or insufficiency of the proceedings or contract with reference thereto, or with reference to such improvements, or on account of any matter or thing not in the discretion of the governing body, shall have the right to appeal therefrom and from such hearing by instituting suit for that purpose in any court having jurisdiction, within fifteen (15) days from the time such assessment is levied, and anyone who shall fail to institute such suit within such time shall be held to have waived every matter which might have been taken advantage of at such hearing, and shall be barred and estopped from in any manner contesting or questioning such assessment, the amount, accuracy, validity, regularity, and sufficiency thereof, and of the proceedings and contract with reference thereto and with reference to such improvement for or on account of any matter whatsoever. And the only defense to any such assessment in any suit to enforce the same shall be that the notice of hearing was not mailed as required or was not published or did not contain the substance of one or more of the requisites therefor herein prescribed, or that the assessments exceed the amount of the estimate, and no words or acts of any officer or employee of the city, or member of any governing body shown in its written proceedings and records shall in any way affect the force and effect of the provisions of this Act.

If any word, phrase, clause, paragraph, sentence, part, portion, or provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act shall nevertheless be valid, and the Legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, portion, or provision."

Sec. 2. All assignable certificates of special assessment issued in evidence of such assessments hereby validated are hereby legalized, approved and validated according to their terms. Any city which has heretofore levied assessments validated hereby but has not yet issued assignable certificates of special assessment to evidence such assessments may issue same and such certificate shall be valid and legal.

Corporations

Section 1. Corporations organized under the Electric Cooperative Corporation Act¹ of this State, and all other corporations (including River Authorities created by the Legislature of this State) engaged in the generation, transmission and/or the distribution of electric energy in Texas and whose operations are subject to the Judicial and Legislative processes of this State, shall have the right to erect, construct, maintain and operate lines over, under, across, upon and along any State highway or county road in this State, except within the limits of an incorporated city or town; and to maintain and operate existing lines located on such highways and county roads; and to erect, maintain and operate lines over, across and along the streets, alleys and other public property in any incorporated city or town in this State, with the consent and under the direction of the governing body of such city or town. Except as modified or changed by ordinance or regulation in incorporated cities and towns, all lines for the transmission and distribution of electric energy, whether along highways or elsewhere, shall be constructed, operated and maintained, as to clearances, in accordance with the National Electrical Safety Code, as published in March, 1948, by the National Bureau of Standards, Handbook 30, as revised by Handbook 81, published by the National Bureau of Standards in November, 1961, provided that lines along highways and county roads shall be single pole construction, and provided that at any place where a transmission line crosses a highway or road it shall be at least twenty-two (22) feet above the surface of the traffic lane, and further provided that all lines shall be at least twenty-two (22) feet above the surface of any railroad track or railroad siding. Any such corporation shall notify the

State Highway Commission, or the Commissioners Court having jurisdiction, as the case may be, when it proposes to build lines along the right-of-way of any State highway, or county road, outside the limits of an incorporated city or town, whereupon the Highway Commission, or the Commissioners Court, may, if it so desires, designate the place along the right-of-way where such lines shall be constructed. The public agency having jurisdiction or control of a highway or county road, that is, the Highway Commission or the Commissioners Court, as the case may be, may require any such corporation, at its own expense, to re-locate its lines on a State highway or county road outside the limits of an incorporated city or town, so as to permit the widening of the right-of-way, changing of traffic lanes, improvement of the road bed, or improvement of drainage ditches located on such right-of-way by giving thirty (30) days' written notice to such corporation and specifying the line or lines to be moved, and indicating the place on the new right-of-way where such line or lines may be placed. Any such incorporated city or town authorized to build lines along highways and public roads under this Section shall notify the State Highway Commission or the Commissioners Court having jurisdiction, as the case may be, when it proposes to build lines along the right-of-way of any state highway, or county road, outside the limits of an incorporated city or town, whereupon the Highway Commission, or the Commissioners Court, may, if it so desires, designate the place along the right-of-way where such lines shall be constructed. The public agency having jurisdiction or control of a highway or county road, that is, the Highway Commission or the Commissioners Court, as the case may be, may require any such municipal corporation, at its own expense, to re-locate its lines on a State highway or county road outside the limits of an incorporated city or town, so as to permit the widening of the right-of-way, changing of traffic lanes, improvement of the road bed, or improvement of drainage ditches located on such right-of-way, by giving thirty (30) days' written notice to such municipal corporation owning such lines, and specifying the line or lines to be moved, and indicating the place on the new right-of-way where such line or lines may be placed. Nothing herein shall be construed as granting the right to such municipal corporation to maintain existing lines in any area, which is included within the corporate limits of another city or town prior to the effective date of this Act, without the consent of the governing body of such other city or town.

Art. 5.12. Procedure for Dissent by Shareholders as to Said Corporate Actions

A. In case any shareholder of any domestic corporation lawfully elects to exercise his right to dissent from any of the corporate actions referred to in the last preceding Article hereof, the following procedure shall be followed:

(1) Such shareholder shall file with the corporation, prior to the taking of the vote of shareholders on the proposed corporate action, a written objection to such proposed corporate action, setting out that his right to dissent will be exercised if such action is effective and giving his address, to which notice thereof shall be delivered or mailed in such event. If such corporate action be effected and such shareholder shall not have voted in favor thereof, the corporation shall, within ten (10) days after such corporate action is effected deliver or mail to such shareholder written notice thereof, and such shareholder may, within ten (10) days from the delivery or mailing of such notice, make written demand on the existing, surviving, or new corporation, as the case may be, domestic or foreign, for payment of the fair value of his shares. The fair value of such shares shall be the value thereof as of the day before the vote was taken authorizing such corporate action, excluding any appreciation or depreciation in anticipation of such proposed act. Such demand shall state the number and class of the shares owned by the dissenting shareholder and the fair value of such shares as estimated by him. Any shareholder failing to make demand within the ten (10) day period shall be bound by such corporate action.

(2) Within twenty (20) days after receipt by the existing, surviving, or new corporation, as the case may be, of a demand for payment of the fair value of his shares made by such dissenting shareholder in accordance with Subsection (1) hereof, such corporation shall deliver or mail to such dissenting shareholder a written notice which shall either set out that the corporation accepts the amount claimed in such demand and agrees to pay such amount within ninety (90) days after the date on which such corporate action was effected, upon the surrender of the share certificates duly endorsed, or shall contain an estimate by the corporation of the fair value of such shares, together with an offer to pay the amount of such estimate within ninety (90) days after the date on which such corporate action was effected, upon receipt of notice within sixty (60) days after such date from such shareholder that he agrees to accept such amount upon the surrender of the share certificates duly endorsed.

(3) If, within sixty (60) days after the date on which such corporate action was effected the value of such shares is agreed upon between the dissenting shareholder and the existing, surviving, or new corporation, as the case may be, payment therefor shall be made within ninety (90) days after the date on which such corporate action was effected, upon surrender of his certificate or certificates representing such shares. Upon payment of the agreed value, the dissenting shareholder shall cease to have any interest in such shares or in the corporation.

B. If, within such period of sixty (60) days after the date on which such corporate action was effected, the shareholder and the existing,

For Annotations and Historical Notes, see V.A.T.S.

surviving, or new corporation, as the case may be, do not so agree, then the dissenting shareholder or the corporation may, within sixty (60) days after the expiration of the sixty (60) day period, file a petition in any court of competent jurisdiction in the county in which the principal office of the corporation is located, asking for a finding and determination of the fair value of such shares. Upon the filing of any such petition by a shareholder, service of a copy thereof shall be made upon the corporation, which shall, within ten (10) days after such service, file in the office of the clerk of the court in which such petition was filed a duly verified list containing the names and addresses of all shareholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the corporation. If the petition shall be filed by the corporation, the petition shall be accompanied by such a duly verified list. The clerk of the court shall give notice of the time and place fixed for the hearing of such petition by registered mail to the corporation and to the shareholders shown upon such list at the addresses therein stated. The forms of the notices by mail shall be approved by the court. All shareholders thus notified and the corporation shall thereafter be bound by the final judgment of the court.

C. After the hearing of such petition, the court shall determine the shareholders who have complied with the provisions of this Article and have become entitled to the valuation of and payment for their shares, and shall appoint one or more qualified appraisers to determine such value. Such appraisers shall have power to examine any of the books and records of the corporation the shares of which they are charged with the duty of valuing, and they shall make a determination of the fair value of the shares upon such investigation as to them may seem proper. The appraisers shall also afford a reasonable opportunity to the parties interested to submit to them pertinent evidence as to the value of the shares. The appraisers shall also have such power and authority as may be conferred on Masters in Chancery by the Rules of Civil Procedure or by the order of their appointment.

D. The appraisers shall determine the fair value of the shares of the shareholders adjudged by the court to be entitled to payment therefor and shall file their report respecting such value in the office of the clerk of the court, and notice of the filing of such report shall be given by the clerk to the parties in interest. Such report shall be subject to exceptions to be heard before the court both upon the law and the facts. The court shall by its judgment determine the fair value of the shares of the shareholders entitled to payment therefor and shall direct the payment of such value by the existing, surviving, or new corporation, together with interest thereon, to the date of such judgment, to the shareholders entitled thereto. The judgment shall be payable only upon, and simultaneously with, the surrender to the existing, surviving, or new corporation, as the case may be, of the certificate or certificates representing such shares. Upon payment of the judgment, the dissenting shareholders shall cease to have any interest in such shares, or in the corporation. The court shall allow the appraisers a reasonable fee as court costs and all court costs shall be allotted between the parties in such manner as the court shall determine to be fair and equitable.

E. Shares acquired by the existing, surviving, or new corporation, as the case may be, pursuant to the payment of the agreed value thereof or to payment of the judgment entered therefor, as in this Article provided, may be held and disposed of by such corporation as in the case of other treasury shares.

F. The provisions of this Article shall not apply to a merger if, on the date of the filing of the articles of merger, the surviving corporation is the owner of all the outstanding shares of the other corporations, domestic or foreign, that are parties to the merger.

G. In the absence of fraud in the transaction, the remedy provided by this Article to a shareholder objecting to any corporate action referred to in Article 5.11 of this Act is the exclusive remedy for the recovery of the value of his shares or money damages to such shareholder with respect to such corporate action; and if the existing, surviving, or new corporation, as the case may be, complies with the requirements of this Article, any such shareholder who fails to comply with the requirements of this Article shall not be entitled to bring suit for the recovery of the value of his shares or money damages to such shareholder with respect to such corporate action.

Art. 5.13. Provisions Affecting Remedies of Dissenting Shareholders

A. Any shareholder who has demanded payment for his shares in accordance with Article 5.12 shall not thereafter be entitled to vote or exercise any other rights of a shareholder except the right to receive payment for his shares pursuant to the provisions of said Article 5.12 and the right to maintain an appropriate action to obtain relief on the ground that the corporate action would be or was fraudulent, and the respective shares for which payment has been demanded shall not thereafter be considered outstanding for the purposes of any subsequent vote of shareholders.

B. Within twenty (20) days after demanding payment for his shares in accordance with Article 5.12, each shareholder so demanding payment shall submit the certificate or certificates representing his shares to the corporation for notation thereon that such demand has been made. His failure so to do shall, at the option of the corporation, terminate his rights under Article 5.12 unless a court of competent jurisdiction for good and sufficient cause shown shall otherwise direct. If shares represented by a certificate on which notation has been so made shall be transferred, each new certificate issued therefor shall bear similar notation together with the name of the original dissenting holder of such shares and a transferee of such shares shall acquire by such transfer no rights in the corporation other than those which the original dissenting shareholder had after making demand for payment of the fair value thereof.

C. Any shareholder who has demanded payment for his shares in accordance with Article 5.12 may withdraw such demand at any time before payment for his shares or before any petition has been filed pursuant to Article 5.12 asking for a finding and determination of the fair value of such shares, but no such demand may be withdrawn after such payment has been made or, unless the corporation shall consent thereto, after any such petition has been filed. If, however, such demand shall be withdrawn as hereinbefore provided, or if pursuant to Section B of this Article the corporation shall terminate the shareholder's rights under Article 5.12, or if no petition asking for a finding and determination of fair value of such shares by a court shall have been filed within the time provided in Article 5.12, or if after the hearing of a petition filed pursuant to Article 5.12, the court shall determine that such shareholder is not entitled to the relief provided by Article 5.12, then, in any such case, such shareholder and all persons claiming under him shall be conclusively presumed to have approved and ratified the corporate action from which he dissented and shall be bound thereby, the right of such shareholder to be paid the fair value of his shares shall cease, and his status as a shareholder shall be restored without prejudice to any corporate proceedings which may have

(2) Written or printed notice shall be given to each shareholder of record entitled to vote at such meeting within the time and in the manner provided in this Act for the giving of notice of meetings of shareholders, and, whether the meeting be an annual or special meeting, shall state that the purpose, or one of the purposes, of such meeting is to consider the advisability of dissolving the corporation.

In this Act, unless the context requires a different definition, the word "court" means the juvenile court; the word "judge" means the judge of the juvenile court; the word "child" means any female person over the age of ten years and under the age of eighteen years and any male person over the age of ten years and under the age of seventeen years. (b) violates any penal law of this state of the grade of misdemeanor where the punishment prescribed for such offense may be by confinement in jail; or

(c) habitually violates any penal law of this state of the grade of misdemeanor where the punishment prescribed for such offense is by pecuniary fine only; or

Jurisdiction

Sec. 5. (a) The juvenile court has exclusive original jurisdiction in proceedings governing any delinquent child. However, in those cases specified in Section 6 of this Act, the juvenile court may waive jurisdiction to the appropriate district court or criminal district court. The juvenile court is considered in session at all times.

(b) Nothing in this Act deprives other courts of the right to determine custody of children either upon writs of habeas corpus or when such custody is incidental to the determination of cases pending in those courts.

(c) When the juvenile court obtains jurisdiction of a delinquent child, its jurisdiction continues until the child is discharged by the court or until he becomes twenty-one years of age unless committed to the control of the agency of the state charged with the care, training, control of, or parole of delinquent children. The court's continued jurisdiction does not prejudice or bar subsequent or additional proceedings against the child under the provisions of this Act.

(d) Nothing in this Act prevents criminal proceedings against a child for perjury.

Sec. 5 amended by Acts 1965, 59th Leg., p. 1256, ch. 577, § 2, eff. Aug. 30, 1965; Acts 1967, 60th Leg., p. 1083, ch. 475, § 3, eff. Aug. 28, 1967.

Transfer and waiver of jurisdiction

Sec. 6. (a) When a child under the jurisdiction of a court moves from one county to another the court may transfer the case to the court in the county of the child's residence if the transfer is in the child's best interest. The transferring court shall forward transcripts of records in the case to the judge of the receiving court, who shall file them in the office of his clerk.

(b) If a child is charged with the violation of a penal law of the grade of felony and was fifteen years of age or older at the time of the commission of the alleged offense, the juvenile court may, within a reasonable time after the alleged offense, waive jurisdiction by following the requirements set out in Subsections (c) through (j) of this section, and transfer the child to the appropriate district court or criminal district court for criminal proceedings.

(c) The juvenile court shall conduct an informal hearing under Section 13 of this Act on the issue of waiver of jurisdiction.

(d) Prior to the hearing, the juvenile court shall order and obtain a complete diagnostic study, social evaluation, and full investigation of the child, his circumstances, and the circumstances of the alleged offense.

(e) The juvenile court shall appoint counsel for any child who does not have retained counsel, and shall allow counsel at least ten days to prepare for the hearing. The presence of counsel at the hearing may not be avoided or waived. Appointed counsel is entitled to a fee for each day actually spent in court in the amount and from the same source as specified in Article 26.05 of the Code of Criminal Procedure, or any future amendment of that article.

(f) The juvenile court shall give counsel access to all the records relating to the child including the report of the investigation that must precede the hearing in the possession of the court, its staff, or employees. The juvenile court may refuse to reveal the source of any information if it finds that revelation would be injurious to the child or would prejudice the future availability of similar information. If the court refuses to reveal the source of any information and the child or his counsel objects to the refusal, the court shall preserve the identity of the source and make it available to the district or criminal district court if the child is transferred for criminal proceedings.

(g) After full investigation and hearing the juvenile court shall retain jurisdiction of the case unless it determines that, because of the seriousness of the offense or the background of the offender, the welfare of the community requires criminal proceedings.

(h) In making the determination under Subsection (g) of this section, the court shall consider, among other matters:

(1) whether the alleged offense was against person or property, with greater weight in favor of waiver given to offenses against the person;

(2) whether the alleged offense was committed in an aggressive and premeditated manner;

(3) whether there is evidence upon which a grand jury may be expected to return an indictment;

(4) the sophistication and maturity of the child;

(5) the record and previous history of the child;

(6) the prospects of adequate protection of the public and the likelihood of reasonable rehabilitation of the child by use of procedures, services, and facilities currently available to the juvenile court.

(i) If the juvenile court retains jurisdiction, the child is not subject to prosecution at any time for any offense alleged in the petition or for

any offense within the knowledge of the juvenile judge as evidenced by anything in the record of the proceeding.

(j) If the juvenile court waives jurisdiction it shall certify its action, including the written order and findings of the court and accompanied by a complaint against the child, and transfer the child to the appropriate district court or criminal district court for criminal proceedings. Upon transfer of the child for criminal proceedings he shall be dealt with as an adult and in accordance with the Code of Criminal Procedure. The transfer of custody is an arrest. However, the examining trial shall be conducted by the district court or criminal district court which may remand the child to the jurisdiction of the juvenile court.

(k) If the child's case is brought to the attention of the grand jury and the grand jury does not indict for the offense charged in the complaint forwarded by the juvenile court, the district court or criminal district court shall certify the grand jury's failure to indict to the juvenile court. Upon receipt of the certification the juvenile court may resume jurisdiction of the child.

Transfer from other courts

Sec. 12. If, while a criminal charge or indictment is pending against any person in a court other than a juvenile court, it is ascertained that the person is a child at the time of the trial for the alleged offense, it is the duty of the court in which the case is pending to transfer the child immediately together with all papers, documents, and records of testimony connected with the case to the juvenile court of the county unless the child is being held under the authority of Section 6 of this Act. The transferring court shall order the child to be taken forthwith to the place of detention designated by the juvenile court, or to the juvenile court itself, or to release the child to the custody of a probation officer or any suitable person to appear before the juvenile court or the probation department of the county at a time designated. The receiving juvenile court shall set the case for hearing and dispose of the case as if it had been instituted in that court originally. Unless the child is subsequently transferred by the juvenile court as provided by Section 6 of this Act, he is not subject to prosecution at any later date for the alleged offense.

Sec. 12 amended by Acts 1965, 59th Leg., p. 1256, ch. 577, § 4, eff. Aug. 30, 1965; Acts 1967, 60th Leg., p. 1084, ch. 475, § 5, eff. Aug. 28, 1967.

Hearing, judgment

Sec. 13. (a) The judge may conduct the hearing of any case in an informal manner and may adjourn the hearing from time to time. In the hearing the general public may be excluded. All cases involving children shall be heard separately from the trial of cases against adults.

(b) If no jury is demanded, the judge shall proceed with the hearing. No jury may be allowed in the hearing provided in Section 6 of this Act. When the proceeding is with a jury, the verdict shall state whether the child is a "delinquent child" within the meaning of this Act.

(c) If the judge or jury finds that the child is delinquent, or otherwise within the provisions of this Act, the court may by order duly entered proceed as follows:

(1) place the child on probation or under supervision in his own home or in the custody of a relative or other fit person, upon such terms as the court shall determine;

(2) commit the child to a suitable public institution or agency or to a suitable private institution or agency authorized to care for children;

For Annotations and Historical Notes, see V.A.T.S.

or place the child in a suitable family home or parental home for an indeterminate period of time, not extending beyond the time the child shall reach the age of twenty-one years;

(3) make such further disposition as the court may deem to be for the best interest of the child, except as herein otherwise provided.

(d) No adjudication upon the status of any child in the jurisdiction of the juvenile court shall operate to impose any of the civil disabilities ordinarily imposed by conviction, nor shall any child be deemed a criminal by reason of such adjudication, nor shall such adjudication be deemed a conviction, nor shall any child be charged with or convicted of any crime except perjury in any court except as provided in Section 6 of this Act.

(e) The disposition of a child or any evidence given in the court shall not be admissible as evidence against the child in any case or proceeding in any court other than the juvenile court, nor shall such disposition or evidence operate to disqualify a child in any further civil service examination, appointment or application. However, nothing in this subsection prevents a showing before the district court or the grand jury that the child has been transferred for criminal proceedings under Section 6 of this Act.

(f) Whenever the court commits a child to any institution or agency, it shall transmit with the order of commitment a summary of its information concerning such child and give in the order of commitment the birth date of the child or attach thereto a certified copy of the birth certificate." Sec. 13 amended by Acts 1965, 59th Leg., p. 1256, ch. 577, § 5, eff. Aug. 30, 1965; Acts 1967, 60th Leg., p. 1085, ch. 475, § 6, eff. Aug. 28, 1967.

Historical Note

Acts 1967, 60th Leg., p. 1082, ch. 475, §§ 2-7 amended sections 3, 5, 6, 12, 13 of this article and Vernon's Ann.P.C. art. 30; sections 1 and 8 of the act of 1967 provided:

"Section 1. Purpose. The purpose of this Act is to give the juvenile court exclusive jurisdiction in cases where children below the age of 15 years violate penal laws of the grade of felony; and to provide a procedure and grounds for the juvenile court to waive jurisdiction and transfer children for criminal proceedings in cases involving offenses committed by children 15 years of age or older; and to prevent children being proceeded against in both the juvenile court and district

court or criminal district court for offenses committed while of juvenile age. This Act is necessary because a portion of a similar Act was declared unconstitutional in *Foster v. State*, 400 S.W.2d 562 (Tex. Crim.App.1966), because the court was unable to determine the purpose and intent of the Legislature.

"Sec. 8. Severability. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Any and all such contracts or agreements hereafter made by any county or city in this state, without complying with the terms of this Section, shall be void and shall not be enforceable in any court of this state and the performance of same and the payment of any money thereunder may be enjoined by any property taxpaying citizen of such county or city. Thereafter they shall be incontestable. The bonds shall be negotiable and shall contain the following provision: "The holder hereof shall never have the right to demand payment thereof out of money raised or to be raised by taxation."

Sec. 9. It shall be the duty of the commissioners court to charge sufficient rentals under any leases entered into pursuant hereto or rates for services rendered by the parking station if operated by the

county and to utilize any other sources of its revenues so that revenues will be produced sufficient to pay all expenses in connection with the ownership, operation, and upkeep of the parking station, to pay the principal of and interest on the bonds as they become due, and to create and maintain a bond reserve fund and other funds as provided in the bond order or trust indenture. TITLE 47—DEPOSITORIES

CHAPTER ONE—STATE DEPOSITORIES

Art.
2529c. Selection and qualification of de-
positories of state agencies and
political subdivisions [New].

Art. 2529. 2423 Qualifications of depositories

As soon as practicable after the Board shall have passed upon said applications, the Treasurer shall notify all banks whose applications have been accepted, of their designation as State Depositories of state funds. The Treasurer shall require each bank so designated to qualify as a State Depository on or before the 25th day of November next, by (a) depositing a depository bond signed by some surety company authorized to do business in Texas, in an amount equal to not less than double the amount of state funds allotted, such bond to be payable to the Treasurer and to be in such form as may be prescribed by the Board and subject to the approval of such Board; or (b) by pledging with the Treasurer any securities of the following kinds: bonds and certificates and other evidences of indebtedness of the United States, and all other bonds which are guaranteed as to both principal and interest by the United States; bonds of this state; bonds and other obligations issued by The University of Texas; warrants drawn on the State Treasury against the General Revenue of the state; bonds issued by the Federal Farm Mortgage Corporation, provided both principal and interest of said bonds are guaranteed by the United States government; shares or share accounts of any building and loan association organized under the laws of this state, provided the payment of such shares or share accounts is insured by the Federal Savings and Loan Insurance Corporation, and in the shares or share accounts of any Federal Savings and Loan Association domiciled in this state, provided the payment of such shares or share accounts is insured by the Federal Savings and Loan Insurance Corporation; Home Owners Loan Corporation Bonds, provided both principal and interest of said bonds are guaranteed by the United States government, and such securities shall be accepted by the Board in an amount not less than five per cent (5%) greater than the amount of state funds which they secure; provided, that Texas Relief Bonds may be accepted at face value and without margin for the amount of state funds allotted, provided such State Relief Bonds have all unmatured coupons attached; bonds of counties located in Texas; road districts of counties in Texas; independent and common school districts located in Texas; bonds of any hospital district created under the laws of this state; tax bonds issued by municipal corporations in Texas; and bonds issued by a municipal corporation where the payment of such bonds is secured by a pledge of the net revenues of a utility system or systems (limited to those utility systems now authorized to be encumbered under the provisions of Articles 1111-1118a, Revised Civil Statutes, as amended, inclusive). All of such securities may be accepted by the Board, provided the aggregate amount thereof is not less than twenty per cent (20%) greater than the total amount of state funds that they secure; provided that the amount of all bonds and other obligations offered as collateral shall be determined by the Board on the basis of either their par or market value, whichever is less. The term "market value" as used herein shall mean the fair and reasonable prevailing price at which said bonds are being sold on the open market at the time of the appraisalment of the securities by the Board; and the action of the Board in fixing the valuation of said bonds shall be final, and not subject to review.

No state, county, road district bond, independent or common school district or municipal bonds, bonds of any hospital district created under the laws of this state, or obligations of the Board of Regents of the University issued by The University of Texas, shall be accepted as collateral security unless they shall be approved by the Attorney General. All bonds accepted as collateral security shall be registered under the same rules and regulations as are required for bonds in which the Permanent School Funds are invested. Subject to the approval of the Board, a state depository may secure its deposits of state funds in part by an acceptable surety bond and in part by acceptable collateral of the kind herein mentioned, and any losses sustained where a depository has secured its deposits in part by collateral and in part by a surety bond, the loss may be enforced against either the collateral security or the surety bond. No warrant drawn on the State Treasury shall be accepted as collateral unless said warrants are accompanied by affidavits, sworn to by some officer of the bank offering said warrants, which said affidavits shall affirm that none of the warrants offered as collateral security were transferred or assigned by the original payees of said warrants, or any of them, for a less consideration than ninety-eight per cent (98%) of the face value of said warrants, and that none of such warrants were obtained from the original payee by loaning money thereon at a rate of interest greater than eight per cent (8%) per annum. The Board shall have the power to reject any and all collateral or surety bonds tendered by a state depository, without assigning any reason therefor, and its action in so doing shall be final and not subject to review. Notwithstanding the foregoing provisions requiring security for state funds deposited in state depositories in the form of surety bond or collateral, security for such deposits shall not be required to the extent that said deposits are insured by the Federal Deposit Insurance Corporation under the provisions of Section 12b of the Federal Reserve Act as amended,¹ or as the same may hereafter be amended.

In the event the market value of the securities pledged by any depository shall decrease to the point where the collateral value of said securities, as fixed by the Board, is less than the amount of said funds on deposit in said depository, the Board shall require additional security in order to equalize such depreciation.

When the collateral pledged by a state depository to secure a deposit of state funds shall be in excess of the amount required under the provisions of this Act, the Treasurer may, subject to the approval of the Board, permit the release of any such excess. In the event the balance to the credit of the Treasurer on the books of such bank shall be thereafter increased, adequate security, as provided for in this Act, shall be deposited and maintained by such depository bank.

Amended by Acts 1967, 60th Leg., p. 1991, ch. 738, § 1, emerg. eff. June 18, 1967.

For the purpose of facilitating the transferring of such institutional receipts to the State Treasury, each institution shall open in a local depository bank a clearing account to which it shall deposit daily all such receipts, and shall, not less often than every seven (7) days, make remittances therefrom to the State Treasurer of all except Five Hundred Dollars (\$500) of the total balance in said clearing account, such remittances to be in the form of checks drawn on the clearing account by the duly authorized officers of the institution, and no disbursements other than remittances to the State Treasury shall be made from such clearing account. 2647c—2. Faculty development leaves of absence [New].

1. GENERAL PROVISIONS

Art. 2647c—1. Elective courses in dactylogy

Section 1. In this Act, "dactylogy" means the art of communicating ideas by signs made with the fingers, as in the manual alphabets of deaf-mutes.

Sec. 2. All state colleges and universities offering a fully accredited program for teachers of the deaf may offer a three-hour elective course in dactylogy.

Acts 1967, 60th Leg., p. 559, ch. 246, eff. Aug. 28, 1967.

Title of Act:

An Act permitting state colleges and universities offering a fully accredited program for teachers of the deaf to offer a three-hour elective course in dactylogy; and declaring an emergency. Added Acts 1967, 60th Leg., p. 559, ch. 246.

Art. 2647c—2. Faculty development leaves of absence

Legislative finding and purpose

Section 1. The Legislature finds that higher education is vitally important to the welfare, if not the survival, of Texas and the United States at this stage in history and that the quality of higher education is dependent upon the quality of college and university faculties. The Legislature finds, therefore, that moneys spent upon recognized means for producing an excellent system of public higher education is money spent to serve a public purpose of great importance. The Legislature finds further that a sound program of faculty development leaves of absence designed to enable the faculty member to engage in study, research, writing, and like projects for the purpose of adding to the knowledge available to himself, his students, his institution, and society generally is a well-recognized means for improving a state's program of public higher educa-

tion. The Legislature's purpose in establishing the faculty development leave program provided for by this Act is to improve further the higher education available to the youth at the state-supported colleges and universities and to establish this program of faculty development leaves as part of the plan of compensation for the faculty of these colleges and universities.

Definitions

Sec. 2. As used in this Act, unless the context otherwise requires:

(a) "Institution of higher education" means an institution of higher education as defined under the provisions of Chapter 12, Acts, Regular Session, 59th Legislature (1965), and including James Connally Technical Institute, except Public Junior Colleges and the Rodent and Predatory Animal Control Service.

(b) "Governing Board" means the body charged with policy direction of any institution of higher education.

(c) "Faculty member" means a person employed by an institution of higher education on full-time basis as a member of the faculty or staff and whose duties include teaching, research, administration, including professional librarians, or the performance of professional services but does not mean a person employed in a position which is in the institution's classified personnel system or a person employed in a similar type of position if the institution does not have a classified personnel system.

Granting the leave

Sec. 3. Upon application by a faculty member, the governing board of an institution of higher education may grant a faculty development leave of absence for study, research, writing, field observations or other suitable purpose, to a faculty member if it finds that he is eligible therefor by reason of service, that the purpose for which he seeks a faculty development leave is one for which a faculty development leave may be granted, and that granting leave to him will not place on faculty development leave a greater number of faculty members than that authorized. The governing board shall by regulation establish a procedure whereby the applications for faculty development leaves of absence are received by a committee elected by the general faculty for evaluation and whereby this faculty committee then makes recommendations to the chief administrative officer of the institution of higher education who shall then make recommendations to the governing board as to which applications should be granted.

Service required

Sec. 4. A faculty member is eligible by reason of service to be considered for a faculty development leave when he has served as a member of the faculty of the same institution of higher education for at least two consecutive academic years. This service may be as an instructor or as an assistant, associate or full professor or in an equivalent rank and must be full-time academic duty but need not include teaching.

Duration and compensation

Sec. 5. The governing board may grant to a faculty member a faculty development leave authorized by this Act either for one academic year at one-half of his regular salary or for one-half academic year at his full regular salary. Payment of salary to the faculty member on faculty development leave may be made from the funds appropriated for teaching or instructional salaries, or such other funds as may be available to the institutions for this purpose. A faculty member on faculty development leave may accept a grant for study, research or travel from any institu-

tion of higher education or from a charitable, religious or educational corporation or foundation, or from any federal, state, or local governmental agency. A faculty member on faculty development leave may not accept employment from any other person, corporation or government, unless the governing board determines that it would be in the public interest to do so and expressly approves the employment.

Number on leave at any one time

Sec. 6. Not more than six percent of the faculty members of any institution of higher education may be on faculty development leave at any one time.

Rights retained

Sec. 7. A faculty member on faculty development leave shall continue to be a member of the Teacher Retirement System of Texas or of the Optional Retirement Program of the institution of higher education, or of both, just as any other member of the faculty on full-time duty. The institution of higher education shall cause to be deducted from the compensation paid to a member of the faculty on faculty development leave the deposit and membership dues required to be paid by him to the Teacher Retirement System of Texas or to the Optional Retirement Program, or both, the contribution for Old Age and Survivors Insurance and such other amounts as may be required or authorized to be deducted from the compensation paid any faculty member. A member of the faculty on faculty development leave is a faculty member for purposes of participating in the programs and of receiving the benefits made available by or through the institution of higher education or the state to faculty members. as it may consider necessary. Bonds issued under this Act shall mature serially or otherwise in not exceeding forty (40) years from their date, shall be payable at such place or places, may contain option of payment prior to maturity and such provisions for registration as to ownership, as shall be determined by said Board. To assure the prompt payment of the principal and interest of said bonds, such Board is authorized to pledge all or any portion of the proceeds of the building use fee authorized in Section 1 of this Act, and said bonds may be additionally secured by a pledge of the net revenues from buildings and facilities to be constructed, acquired, or improved with the proceeds of such bonds and from other buildings or facilities heretofore or hereafter constructed or acquired. When such bonds are secured solely by the building use fees authorized in this Act, it shall be the duty of such governing body to fix the amount of such fees (within the maximum rate of Five Dollars (\$5) per semester) so that the proceeds therefrom will be sufficient to pay the interest and principal on said bonds as they mature and accrue and to provide a reasonable reserve in the interest and sinking fund of the bonds. When such bonds are secured in whole or in part by a pledge of the net revenues from buildings or facilities, it shall be the duty of such governing body to fix rentals and charges for the buildings and facilities whose net revenues are thus pledged, at rates sufficient to pay the maintenance and operating expense of such buildings and facilities and to produce net revenues which, together with the building use fee authorized in Section 1 of this Act, will be sufficient to pay the interest and principal of such bonds as they accrue and mature. Each such governing board may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the board and the institution, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six percent (6%) per annum, computed with relation to the absolute maturity of the bonds or notes in accordance with standard tables of bond values, excluding however, from such computation the amount of any premium to be paid on redemption of any bonds or notes prior to maturity. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations, agencies, or subdivisions of the State of Texas, and such bonds shall be lawful and sufficient security for said deposits to the extent of the principal amount thereof, or their value on the market, whichever is the lesser, when accompanied by all unmatured coupons appurtenant thereto.

Thereafter, the Board of Trustees of said district shall have the authority to adjust the assessment ratio so long as the assessment ratio does not exceed the assessment ratio most recently approved by a majority of the qualified property taxpaying voters of the district as provided herein. When the property of such districts is assessed at a greater value than that assessed for city or municipal purposes by the city assessor and collector, the city tax assessor and collector may assess the taxes for said district on separate assessment blanks furnished by said district and shall prepare the rolls for said district in accordance with the assessment values which have been equalized by a Board of Equalization appointed by the Board of Trustees for that purpose which may be a separate Board of Equalization or may be the same Board of Equalization that serves as the Board of Equalization for the incorporated city or town for which the assessor and collector serves as city assessor and collector of taxes. When the assessor and collector of an incorporated city, or town, as hereinbefore provided, is required to assess and collect the taxes of any independent school district, the Board of Trustees of such school district may contract with the governing body of said city for payment for such services as they may see fit to allow, not to exceed the actual cost incurred in assessing and collecting said taxes.

A petition requesting annexation and stating the metes and bounds of the school district to be annexed and added to such other district, signed by a majority of the Board of Trustees of the district seeking annexation, or by not less than twenty (20) qualified voters of such district, shall be filed with the County Board of Trustees of the county. Upon receipt of such petition, duly signed, and upon the filing of a consent to the proposed annexation by a majority of the Board of Trustees of the District to which any school district is sought to be annexed, if it appears to the County Board that said annexation will be to the best interest of the districts affected and the public schools involved the Board shall enter its order for an election to be held within the petitioning district, and at its expense, at which election there shall be submitted to the qualified voters within said district the following propositions:

“For the annexation of _____ School District to _____ School District,” and the contrary thereof.

Notice of said election shall be given and said election shall be held and the results thereof canvassed and certified in accordance with the provisions of Article 2815a of the General Laws of Texas.

Should the results of said election show that a majority of the qualified voters in such petitioning district voting at such election voted in favor of the question submitted, the County Board of Trustees shall certify such fact to the Board of Trustees of the receiving district and such Board and the County Board shall enter an order on their respective minutes declaring such petitioning district to be duly annexed to the receiving district and subject to all the laws governing the same and redefining the boundaries of the receiving district after annexation. A certified copy of the order of the County Board of Trustees shall be transmitted to the County Clerk of the county and recorded in the “Record of School Districts” of such county.

Effect of annexation

Sec. 2. In event a common, independent school district, rural high school district, or any other type of school district be annexed to an independent school district under this Act, title to all property, real and personal, shall vest in the receiving district, which shall also have complete authority over and management of the public schools in the territory annexed and the receiving district shall in consideration of the transfer of such property and the authority over the operation and maintenance of said schools assume all outstanding indebtedness of the annexed district, bonded or otherwise. Any tax in effect in said independent school district receiving such territory shall continue and become effective in the territory annexed so that said tax and the rate thereof shall be effective and apply to the entire independent district as constituted after said annexation is completed and said tax shall remain in effect until changed as provided by law.

Taxes; unissued bonds

Sec. 3. No election in the receiving district shall be necessary on the question of annexation and the governing board of the receiving independ-

ent school district, without the necessity of an additional election, shall have the power to assess, levy and collect ad valorem taxes on all taxable property within the boundaries of the district as changed, for the purposes of the maintenance of public free schools therein, and the payment of principal of and interest on all bonded indebtedness outstanding against, or attributable, adjusted or allocated to, such district or any territory therein, in the amount, at the rate, or not to exceed the rate, and in the manner authorized in the district prior to the change in its boundaries, and further in accordance with the laws under which all such bonds, respectively, were voted; and such governing body also shall have the power, without the necessity of an additional election, to sell and deliver any unissued bonds voted in the district prior to any such change in boundaries, and to assess, levy and collect ad valorem taxes on all taxable property in the district as changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted.

Independent district not affected

Sec. 4. The annexation of any district under this Act shall not affect the independent district to which said territory is added, whether created under General or Special Law, but such district shall continue as the same district and operate in all respects as it was prior to such annexation, save that the annexed territory shall become liable for all indebtedness, subject to all taxes, and be a part thereof for all purposes as though originally included therein.

Application; act as cumulative

Sec. 5. This Act shall apply to any independent school district, to any common school district, to any rural high school district, or to any other type of school district, however created, and the method of annexation herein provided shall not be exclusive, but shall be cumulative of all other laws relating to the subject.

Art. 2891c. Program to encourage entry into teaching and teacher-training programs

Duty of State Board of Education to develop and publicize program

Section 1. The State Board of Education shall develop and publicize a program specifically designed to encourage and facilitate the entry into public-school teaching and into teacher-training programs of a corps of intelligent, mature, and concerned persons who have received bachelor's degrees from accredited institutions of higher learning.

Procedures for individual evaluation and appraisal of training needs

Sec. 2. To accomplish the purposes of this Act, the State Board of Education and the institutions of higher learning in this state that are approved for teacher education shall cooperate to develop procedures for the individual evaluation and appraisal of the training and training needs of persons applying for teacher certification who have possessed a bachelor's degree from an accredited institution of higher learning for a period of three years or longer and who are eligible under the laws of Texas to be certified, and to provide to these persons teacher-training programs that are appropriate to their needs and that can be completed in a reasonable time.

Evaluation teams; membership

Sec. 3. To perform the individual evaluation and determine the individual training needs referred to in Section 2, there shall be appointed by the president or chancellor of each college or university in this state approved for teacher training, a three-member evaluation team to be comprised of two members of the faculty of the department or school of education and one member from the school or college of arts and sciences if the individual is applying for evaluation for elementary certification or from the teaching field of the individual if the applicant is applying for evaluation for secondary certification. More than one such team may be appointed at an institution when needed.

Evaluation of transcripts and work experience of applicants; recommendations; reevaluation

Sec. 4. When an applicant meeting the requirements in Section 2 of this Act seeks to become certified to teach in the public schools of Texas he shall present his transcript and also information covering any work experience or additional qualifications to an institution of higher learning approved for teacher education. The institution's evaluation team, as provided for in Section 3, shall evaluate the applicant's transcript and work experience, and when practicable interview the applicant, to determine any deficiencies in either professional or content preparation, with respect to the area of teaching specialization chosen by the applicant. The evaluation team shall give due consideration to the applicant's work experience, as well as to his academic record, and to any other evidence bearing upon his qualification as a teacher. The evaluation team shall then recommend what additional course work or other preparation is needed by the applicant to qualify for certification under standards established by the State Board of Education pursuant to Section 5 of this Act. While the applicant is pursuing the study and preparation recommended by the evaluation team, he will remain under its general guidance. His training may be reevaluated by the team when necessary, as when any teaching experience is acquired by the applicant either in student teaching or under emergency permit. When the team finds the applicant has satisfactorily met the requirements for certification, the team shall recommend him for a provisional certificate.

Pattern of minimum standards for certification; waiver of current requirements for provisional certificates

Sec. 5. The State Board of Education, with the advice and assistance of the State Commissioner of Education, shall develop a pattern of minimum standards for the certification of persons under this Act, said pattern to recognize the role and responsibility of the evaluation teams. So far as the training of persons under this Act is concerned, the board shall allow the waiver of any current requirements for the provisional certificate not stipulated or implied by the standards developed for the guidance of institutions for this particular program. However, nothing in this Act shall be construed as permitting more requirements of an applicant under this Act than would be made in an undergraduate program of teacher preparation; to the contrary, the legislative intent of this Act is that, in recognition of the maturity, experience, and level of achievement of applicants in this program, course requirements would more likely be reduced, compressed, or combined, and would be more freely interchangeable with similar courses.

Publicity materials; use of funds by Texas Education Agency

Sec. 6. The Texas Education Agency is hereby authorized and directed to prepare, or have prepared, publicity materials, and to make these materials available for use to television and radio stations, newspapers and

For Annotations and Historical Notes, see V.A.T.S.

other periodicals, and any other appropriate communications media, to encourage qualified persons to enter the teaching profession and to publicize the training program directed in this Act, as well as other teacher-training programs. The Texas Education Agency is hereby authorized to use for this purpose any funds that have been or may be appropriated to it, and to accept and spend for this purpose any gifts or donations of funds made for this purpose.

Trade or industrial courses; waiver of degree requirement

Sec. 7. When the Commissioner of Education shall so direct, in the case of applicants seeking to enter this program to qualify to teach in trade or industrial courses, the requirement herein for a bachelor's degree may be waived.

Rules and regulations

Sec. 8. The State Board of Education, with the advice and assistance of the State Commissioner of Education, is hereby authorized to establish such rules and regulations as are not inconsistent with the provisions of this Act and which may be necessary to implement and carry out the legislative policy expressed herein.

(d) "Immorality" means the commission of any act of felony gravity or any misdemeanor involving moral turpitude which would be punishable by law in case of conviction therefor.

(e) "Inefficiency" means the inability to perform, or the persistent failure to perform, the duties of a specified employment in a manner equal to or in excess of the minimum standard of competence generally required or accepted for the particular duties or position.

(f) "Neglect of duties" means the failure to perform assigned duties; habitual tardiness; repeated unexcused absences from post of duty.

(g) "Physical or mental incapacity" means such an ailment or condition of body or mind that materially impairs the teacher's ability to perform his assigned, normal duties, and is a condition which is established by competent medical opinion as is likely to continue for a period materially in excess of the sick leave permitted under the rules and regulations adopted by the board of trustees of the employing school district.

**Teachers to be employed by either probationary contracts
or continuing contracts**

Sec. 2. Each teacher hereafter employed by any school district in this State shall be employed under, and shall receive from such district, a contract that is either a "probationary contract" or a "continuing contract" in accordance with the provisions of this Act if the school board chooses to offer such teacher a "probationary contract" or a "continuing contract." All such contracts shall be in writing, in such form as may be promulgated by or approved by the State Commissioner of Education of the State of Texas, and shall embody the terms and conditions of employment hereinafter set forth, and such other provisions not inconsistent with this Act, as may be appropriate.

Probationary contracts

Sec. 3. (a) Any person who is employed as a teacher by any school district for the first time, or who has not been employed by such district for three (3) consecutive school years subsequent to the effective date of this Act, shall be employed under a "probationary contract," which shall be for a fixed term as therein stated; provided, that no such contract shall be for a term exceeding three (3) school years beginning on September 1st next ensuing from the making of such contract; and provided further that no such contract shall be made which extends the probationary contract period beyond the end of the third (3rd) consecutive school year of such teacher's employment by the school district, unless the board of trustees determines and recites that it is in doubt whether the particular teacher should be given a continuing contract, in which event a probationary contract may be made with such teacher for a term ending with the fourth (4th) consecutive school year of such teacher's employment with the school district, at which time the employment of such teacher by such school district shall be terminated, or such teacher shall be employed under a continuing contract as hereinafter provided.

(b) The board of trustees of any school district may terminate the employment of any teacher holding a probationary contract at the end of the contract period, if in their judgment the best interests of the school district will be served thereby; provided, that notice of intention to terminate the employment shall be given by the board of trustees to the teacher on or before the 1st day of April preceding the end of the employment

For Annotations and Historical Notes, see V.A.T.S.

term fixed in the contract. In event of failure to give such notice of intention to terminate within the time above specified, the board of trustees shall thereby elect to employ such probationary teacher in the same capacity, and under probationary contract status for the succeeding school year if the teacher has been employed by such district for less than three (3) successive school years, or in a continuing contract position if such teacher has been employed during three (3) consecutive school years.

(c) In event a teacher holding a probationary contract is notified of the intention of the board of trustees to terminate his employment at the end of his current contract period, he shall have a right upon written request to a hearing before the board of trustees, and at such hearing, the teacher shall be given the reasons for termination of his employment. After such hearing, the board of trustees may confirm or revoke its previous action of termination; but in any event, the decision of the board of trustees shall be final and non-appealable.

(d) The requirement set out in this section for the serving of a probationary period shall not apply to any teacher who has previously completed a probationary period under a contract with the school district where presently employed and who is considered on the effective date of this Act to be on a permanent contract status as defined by the school district in which he or she is employed.

Continuing contracts

Sec. 4. (a) Any teacher employed by a school district who is performing his third (3rd) or where permitted, fourth (4th) consecutive year of service with the district under probationary contract, and who is elected to employment by the board of trustees of such district for the succeeding year, shall be notified in writing of his election to continuing contract status with such district, and such teacher shall within thirty (30) days after such notification file with the board of trustees of the employing school district notification in writing of his acceptance of the continuing contract, beginning with the school year following the conclusion of his period of probationary contract employment. Failure of the teacher to accept the contract within such thirty (30) day period shall be considered a refusal on the part of the teacher to accept the contract. Each teacher with whom a continuing contract has been made as herein provided shall be entitled to continue in his position or a position as defined in Subsection (c), Section 1, with the school district at a salary authorized by the board of trustees of said district complying with the minimum salary provisions of the foundation aid law, for future school years without the necessity for annual nomination or reappointment, until such time as the person:

- (1) resigns, or retires under the Teacher Retirement System;
- (2) is released from employment by the school district at the end of a school year because of necessary reduction of personnel as herein defined;
- (3) is discharged for lawful cause, as defined in Section 5 below, and in accordance with the procedures hereinafter provided;
- (4) is dismissed at the end of a school year for any reason as set out in Section 6, and pursuant to the procedures hereinafter provided in such cases; or
- (5) is returned to probationary status, as authorized in Section 6 of this Act.

(b) The board of trustees may grant to a person who has served as superintendent, principal, supervisor, or other person employed in any administrative position for which certification is required, at the completion of his service in such capacity, a continuing contract to serve as a teacher as defined in Subsection (c) of Section 1 above; and the period of service in such other capacity shall be construed as contract service as a teacher within the meaning of this Act.

Discharge during school year

Sec. 5. Any teacher, whether employed under a probationary contract, or under a continuing contract, may be discharged during the school year, for one or more of the following reasons, which shall constitute lawful cause for discharge, viz.: immorality; conviction of any felony or other crime involving moral turpitude; drunkenness; repeated failure to comply with official directives and established school board policy; physical or mental incapacity preventing performance of the contract of employment; and repeated and continuing neglect of duties.

Dismissal or return to probationary contract status at end of school year

Sec. 6. Any teacher employed under a continuing contract may be released at the end of any school year and his employment with the school district terminated at that time, or he may be returned to probationary contract employment for not exceeding the three (3) succeeding school years, upon notice and hearing (if requested) as hereinafter provided, for any reason enumerated in Section 5 above or for any of the following additional reasons:

- (a) inefficiency or incompetency in performance of duties;
- (b) failure to comply with such reasonable requirements as the board of trustees of the employing school district may prescribe for achieving professional improvement and growth;
- (c) willful failure to pay debts;
- (d) habitual use of addictive drugs or hallucinogens;
- (e) excessive use of alcoholic beverages; or
- (f) necessary reduction of personnel by the school district (Such reductions shall be made in the reverse order of seniority in the specific teaching fields.);
- (g) for good cause as determined by the local school board, good cause being the failure of a teacher to meet the accepted standards of conduct for the profession as generally recognized and applied in similarly situated school districts throughout Texas.

Charges and hearings by board of trustees; appeals from administrative orders

Sec. 7. (a) Before any teacher shall be discharged during the year for any of the causes mentioned in Section 5 above, or before any probationary contract teacher shall be dismissed at the end of a school year before the end of the term fixed in his contract, or before any teacher holding a continuing contract shall be dismissed or returned to probationary contract status at the end of a school year for any of the reasons mentioned in Section 6 above, he shall be notified in writing by the board of trustees or under its direction of the proposed action and of the grounds assigned therefor. In the event the grounds for the proposed action relate to the inability or failure of the teacher to perform his assigned duties, the action shall be based upon the written recommendation by the superintendent of schools, filed with the board of trustees. Any teacher so discharged or dismissed or returned to probationary contract status shall be entitled, as a matter of right, to a copy of each and every evaluation report, or any other memorandum in writing which has been made touching or concerning the fitness or conduct of such teacher, by requesting, in writing, a copy of the same.

(b) If, upon written notification of the proposed action, the teacher desires to contest the same, he shall notify the board of trustees in writing within ten (10) days after the date of receipt by him of the official notice above prescribed, of his desire to be heard, and he shall be given a public hearing if he wishes, or if the board of trustees determines that a public hearing is necessary in the public interest. Upon any charges based upon

For Annotations and Historical Notes, see V.A.T.S.

grounds of inefficiency, or inability or failure of the teacher to perform his assigned duties, the board of trustees may in its discretion, establish a committee of classroom teachers and administrators, and the teacher may request a hearing before this committee prior to hearing of the matter by the board of trustees.

(c) Within ten (10) days after request for hearing made by the teacher, the board of trustees shall fix a time and place of hearing, which shall be held before the proposed action shall be effective. Such hearing shall be public unless the teacher requests in writing that it be private.

(d) At such hearing, the teacher may employ counsel, if desired, and shall have the right to hear the evidence upon which the charges are based, to cross-examine all adverse witnesses, and to present evidence in opposition thereto, or in extenuation.

(e) If the proposed action be discharge of the teacher for any of the reasons set forth in Section 5, the teacher may be suspended without pay by order of the board of trustees, or by the superintendent of schools if such power has been delegated to him by express regulation previously adopted by the board of trustees, but in such event the hearing shall not be delayed for more than fifteen (15) days after request for hearing, unless by written consent of the teacher.

(f) If the teacher upon notification of any such proposed action fails to request a hearing within ten (10) days thereafter, or after a hearing as hereinabove provided, the board of trustees shall take such action and shall enter such order as it deems lawful and appropriate; if the teacher is reinstated, he shall immediately be paid any compensation withheld during any period of suspension without pay. No order adverse to the teacher shall be entered except upon majority vote of the full membership of the board of trustees.

(g) If the board of trustees shall order the teacher discharged during the school year, pursuant to Section 5, the teacher shall have the right to appeal such action to the State Commissioner of Education, for review by him, provided notice of such appeal is filed with the board of trustees, and a copy thereof mailed to the Commissioner, within fifteen (15) days after written notice of the action taken by the board of trustees shall be given to the teacher; or, the teacher may challenge the legality of such action by suit brought in the District Court of any county in which such school district lies within thirty (30) days after such notice of the action taken by the board of trustees has been given to the teacher.

(h) If the board of trustees shall order the continuing contract status of any teacher holding such a contract abrogated at the end of any school year and such teacher returned to probationary contract status, or if the board of trustees shall order that any teacher holding a continuing contract be dismissed at the end of the school year, or that any teacher holding a probationary contract shall be dismissed at the end of a school year before the end of the employment period covered by such probationary contract, the teacher affected by such order by filing notice of such appeal with the board of trustees may appeal to the Commissioner of Education by mailing a copy of the notice of appeal to the Commissioner within fifteen (15) days after written notice of the action taken by the board of trustees has been given to the teacher.

(i) Either party to an appeal to the Commissioner shall have the right to appeal from his decision to the State Board of Education, according to the procedures prescribed by the State Board of Education. The decision of the State Board of Education shall be final on all questions of fact, but shall be subject to appeal to the District Court of any county in which such school district, or portion thereof, lies, if the decision of the State Board (1) is not supported in the record by substantial evidence, (2) is arbitrary or capricious, or (3) is in error in the application of existing law to the facts of the case. Trial procedure in the district court shall be the same as that accorded other civil cases on the docket of said court,

with the decision of the trial court to be subject to the same rights of appeal under the Texas Rules of Civil Procedure as is accorded other civil cases so tried.

Resignations by teachers; when permitted; penalty for failure to fulfill contract obligations

Sec. 8. (a) Any teacher holding a continuing contract with any school district, or holding a probationary contract with an unexpired term continuing through the ensuing school year, may relinquish the position and leave the employment of the district at the end of any school year without penalty by written resignation addressed to and filed with the board of trustees prior to the 1st day of August preceding the end of the school year that the resignation is to be effective. A written resignation mailed by prepaid certified or registered mail to the superintendent of schools of the district at the post office address of the district shall be considered filed at time of mailing.

(b) Any teacher holding a continuing contract or such unfulfilled probationary contract may resign, with the consent of the board of trustees of the employing school district at any other time mutually agreeable.

(c) A teacher holding a probationary contract or a continuing contract obligating the employing district to employ such person for the ensuing school year, who fails to resign within the time and in the manner allowed under Subsections (a) and (b) above, and who fails to perform such contract, shall be ineligible for employment by any other Texas school district during the ensuing school year covered by such contract, and his teaching certificate shall be suspended for that school year only.

Authority and power to construct, acquire, improve and equip utility plants

Section 1. The governing boards of Texas Technological College, Pan American College, West Texas State University, and The University of Texas System are severally authorized and empowered to construct, acquire, extend, improve, and equip a utility plant or plants, when the total cost, type of construction, capacity, and plans and specifications therefor have been approved by the authorizing governing board. It is expressly provided that as used herein the term "utility plant" does not include electrical generating facilities, except as expressly authorized herein at and for The University of Texas at Austin, Texas.

Bonds

Sec. 2. For the purpose of constructing, acquiring, extending, improving or equipping such plant or plants, each said governing board is authorized to issue, sell, and deliver its negotiable revenue bonds, from time to time and in such amount or amounts as it may consider necessary. All such bonds shall be fully negotiable and may be made redeemable before maturity, at the option of such governing board, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. Each such governing board may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the board and the institution, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six (6%) per cent per annum, computed with relation to the absolute maturity of the bonds or notes in accordance with standard tables of bond values, excluding however, from such computation the amount of any premium to be paid on redemption of any bonds or notes prior to maturity.

Services from plants; charges; pledge of revenues

Sec. 3. Each such board is authorized to furnish chilled water, domestic hot water, cold water, and steam, or any of such services, from any such utility plant or plants, and the governing board of The University of Texas System is authorized to furnish electricity from any such utility plant located at The University of Texas at Austin only, to any or all buildings and facilities as may have been or may be constructed at its institution or institutions, and to determine the amounts to be charged and allocated to such buildings and facilities as the cost of furnishing such services, but no such board shall furnish electricity from any such utility

plant except as expressly authorized herein. The amounts to be charged to such buildings and facilities as the cost of furnishing such services shall be no less than the actual expense of maintenance and operation of the plant or plants, the amount to pay the principal of and interest on the bonds issued pursuant to this Act to construct, acquire, extend, improve or equip such plant or plants, and establish reserves in accordance with the resolution or resolutions authorizing such bonds. Each board is authorized to pledge all or any part of the revenues from the amounts thus received for said services from revenue producing buildings and facilities to pay the principal of and interest on, and to create and maintain reserves for such bonds, and may secure said bonds additionally by pledging all or part of any of the revenues from any one or more revenue producing buildings or facilities heretofore or hereafter constructed or acquired.

Refunding bonds

Sec. 4. Each such board is authorized to issue negotiable refunding bonds for the purpose of taking up, at or prior to maturity, all or any part of an issue or issues of revenue bonds issued either under this Act or under other laws, and to refund with a single refunding issue the revenue bonds of several issues. It is authorized to include in a single refunding issue bonds for the purpose of refunding outstanding bonds and new bonds to obtain additional funds for purposes authorized in this Act. All of such refunding bonds, or refunding and new money bonds, shall be secured by a pledge of all or part of the revenues pledged for the payment of said refunded or underlying bonds, and all or part of the revenues from the buildings or facilities for which such new money bonds are issued, and may be additionally secured by pledging all or part of the revenues from any one or more other revenue producing buildings or facilities.

Subsequent pledge of revenues

Sec. 5. After the revenues of any building or of any facility, constructed, acquired, extended, improved or equipped pursuant to this Act, shall have been pledged to the payment of revenue bonds, any subsequent pledge of such revenues shall be inferior to such pledge or pledges previously made, provided that if the resolution or resolutions making the previous pledge or pledges have so provided, parity bonds may be issued.

Bonds as debt of State; demand by bondholders for payment of principal or interest

Sec. 6. The revenue bonds authorized in this Act shall not constitute indebtedness of the State of Texas or of the institutions, and the holders thereof shall never have the right to demand payment of principal or interest out of funds other than those pledged to the payment of such bonds.

Approval and registration of bonds and notes

Sec. 7. Prior to delivery thereof, all bonds and notes authorized to be issued hereunder and the records relating to their issuance shall be submitted to the Attorney General of Texas for examination and if he finds that they have been issued in accordance with the Constitution and this Act, and that they will be binding special obligations of the governing board authorizing their issuance, he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas, and after such approval and registration they shall be incontestable.

Cumulative effect

Sec. 8. This law shall be cumulative of all other laws applicable to said institutions and is not intended to repeal other existing laws on the subject, but to the extent that the provisions of this Act are inconsistent with or are in conflict with the provisions of other laws, the provisions of this Act shall be effective.

Sec. 9. All such bonds shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, saving and loan associations and insurance companies. Art. 2919d—1. Compact for Education

Text of compact

Section 1. The Compact for Education is hereby entered into and enacted into law in the form substantially as follows:

COMPACT FOR EDUCATION

ARTICLE I. PURPOSE AND POLICY

Section A. It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.

2. Provide a forum for the discussion, development, crystalization and recommendation of public policy alternatives in the field of education.

3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the Nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

Section B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

Section C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

ARTICLE II. STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE III. THE COMMISSION

Section A. The Education Commission of the States, hereinafter called "the Commission," is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor or his designated representative, and six shall be appointed by and serve at the pleasure of the Governor,

unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the State education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one may be the head of a State agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

Section B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(j).

Section C. The Commission shall have a seal.

Section D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.

Section E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for their personnel policies and programs of the Commission.

Section F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

Section G. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States, or the application thereof to any Government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any Government, agency, person or circumstance shall not be affected thereby. Said payments for the Expense Fund shall be made to the State Board of Trustees in the same way as payments to the Teacher Savings Fund shall be made, as provided for in this Act; provided however, that if said payment for the Expense Fund of any member is not made with said first payment of said member, the State Board of Trustees may deduct the amount of the payment for the Expense Fund from said first payment of said member.

Sec. 10, subsec. 5(b) amended by Acts 1967, 60th Leg., p. 134, ch. 68, § 1, eff. Aug. 28, 1967.

(c) If the amount estimated to be required to meet the expenses of the State Board of Trustees is in excess of Two Dollars (\$2.00) per contributor for the year, the State Board of Trustees, as evidenced by a resolution of that Board recorded in its minutes, shall transfer to the Expense Fund, from the Interest Fund, an amount necessary to cover the expenses as estimated for the year, including the expense of servicing mortgages insured by the Federal Housing Administration under the National Housing Act; but in no event shall the amount so transferred exceed, in any one year, one percent of the Interest Fund on the date of the transfer.

Acts 1967, 60th Leg., p. 134, ch. 68, § 1, amending subsection 5(b) of section 10 of this Article is effective 90 days after date of adjournment for 1967-68 school year and thereafter.

Art. 2922—1b. Re-employment of retired teachers

Section 1. (a) Any person receiving a service retirement benefit from the Teacher Retirement System of Texas may be employed in the public schools of Texas

(1) on a part-time day-to-day basis only not to exceed eighty (80) school days in a single school year as a substitute for an employee who is absent from duty,

(2) as a substitute in a vacant position until such position can be filled, but not to exceed 30 school days, without affecting existing benefits under the system, including the right to receive a retirement allowance. Any such person who reports for duty as a substitute during any day and works any portion of that day, shall be considered to have worked one day. Any substitute employment in a vacant position as outlined hereinabove shall be deducted from the 80 days permitted as a substitute for an absent employee. Substitute employment does not entitle the person to additional creditable service under the retirement system.

(b) Any person receiving service retirement benefits from the Teacher Retirement System of Texas and who is over age 60, may be employed in a public school of Texas on as much as a one-third time basis. This employment shall in no way affect his rights to continue receiving benefits under the Teacher Retirement System. However, this employment does

not entitle the person to receive additional creditable service under the system and the person so employed shall not be required to make further contributions to the Teacher Retirement System.

(c) Any retired person receiving a service retirement from the Teacher Retirement System of Texas and who is employed in any position in the public schools of Texas except as provided hereinabove, shall forfeit all retirement benefits for any month in which such employment occurs. Employment which begins as substituting may become permanent employment. A person who substitutes on a day-to-day basis in a regular position for an absent employee for more than 80 school days or for 30 school days in a vacant position and then continues in the same position shall be considered to have been a regular employee since the first day of employment and forfeits his retirement benefits for all months of employment in that position.

Sec. 2. Any term defined by Chapter 470, Acts of the 45th Legislature, Regular Session, 1937, as heretofore amended,¹ shall, when used in this Act, have the same meaning, unless the context plainly indicates otherwise. The Board of Trustees of the Teacher Retirement System of Texas shall by rule define "one-third time basis" and shall adopt rules governing the employment of a substitute.

The supplemental service retirement benefit herein provided for shall be payable only to and during the lifetime of such retired teacher, and shall be a monthly amount of One Dollar and Fifty Cents (\$1.50) multiplied by each year which has elapsed after the date such person retired under the Teacher Retirement System of Texas, and prior to the effective date of this Act. Such supplemental service retirement benefit shall be paid with the regular monthly service retirement benefit of the member, and out of the same moneys and reserves of the System.

Art. 2922—1i. Optional retirement program for teachers and administrative personnel employed by state-supported institutions of higher education

Legislative Finding and Purpose

Section 1. The Legislature finds that higher education is vitally important to the welfare, if not the survival, of Texas and the United States at this stage in history and that the quality of higher education is dependent upon the quality of college and university faculties. The Legislature finds, therefore, that moneys spent on recognized means for producing an excellent system of public higher education is money spent to serve a public purpose of great importance. The Legislature finds further that a sound faculty retirement program that provides full and complete retirement benefits to teachers and administrators who have given faithful service to state-supported institutions of higher education is a well-recognized means for improving a state's program of public higher education. The Legislature's purpose in establishing the retirement program provided for by this Act is to improve further the higher education available to the youth at the state-supported colleges and universities and to establish this retirement program as part of the plan of compensation for the faculty of these colleges and universities.

Definitions

Sec. 2. As used in this Act, unless the context otherwise requires:

(a) "State Board of Trustees" means the board established under the provisions of Chapter 470, Acts, Regular Session, 45th Legislature (1937), as amended.¹

(b) "Retirement System" means the Teacher Retirement System of Texas as defined under the provisions of Chapter 470, Acts, Regular Session, 45th Legislature (1937), as amended.

(c) "Institution of higher education" means an institution of higher education as defined under the provisions of Chapter 12, Acts, Regular Session, 59th Legislature (1965),² and including James Connally Technical Institute, except the Rodent and Predatory Animal Control Service.

(d) "Faculty member" means a person employed by an institution of higher education on a full time basis as a member of the faculty or staff and whose duties include teaching, research, administration, including professional librarians, or the performance of professional services but does not mean a person employed in a position which is in the institution's classified personnel system or a person employed in a similar type of position if the institution does not have a classified personnel system.

(e) "Governing Board" means the body charged with policy direction of any institution of higher education.

(f) "Optional Retirement Program" means the optional retirement program created by this Act to provide fixed or variable retirement annuities, including retirement unit annuity certificates of participation for faculty members.

Establishment of the Optional Retirement Program

Sec. 3.

(a) There is hereby established an Optional Retirement Program. Participation in the Optional Retirement Program is in lieu of active membership in the Retirement System. The Governing Boards for all institutions of higher education shall make available to all faculty members in their component institutions, agencies and units the Optional Retirement Program which shall provide for the vesting of benefits after one year of participation.

(b) All faculty members are eligible to participate in the Optional Retirement Program, subject to such rules as may be prescribed by the Governing Board of the institution of higher education at which they are employed.

Administration of the Optional Retirement Program

Sec. 4. In administering the Optional Retirement Program a Governing Board may provide for the purchase of annuity contracts from any insurance or annuity company qualified and admitted to do business in this state. Any life insurance or annuity company qualified and admitted to do business in this state shall be exempt from the payment of all franchise or premium taxes as to all annuity or group insurance contracts made pursuant to a benefit program authorized by the governing board of an institution of higher education, or by any private non-profit educational institution of higher learning, which benefit program is paid for in whole or in part from the funds of such institution. Where a Governing Board has more than one component institution, agency or unit under its jurisdiction, it may provide a separate Optional Retirement Program for each component institution, agency or unit or place two or more component institutions, agencies or units under a single program.

Membership in the Optional Retirement Program

Sec. 5. A faculty member (including one so employed on the effective date of this Act) who becomes eligible to participate in the Optional Retirement Program and who is a member of the Retirement System is hereby extended the option of continuing his membership in the Retirement System or participating in the Optional Retirement Program and retaining a limited membership in the Retirement System as hereinafter set forth. A faculty member who is eligible to participate in the Optional Retirement Program on the date the Optional Retirement Program becomes available at the institution of higher education at which such faculty member is employed, no later than the 1st day of August of the calendar year following the date on which the Optional Retirement Program becomes available at the institution of higher education at which such faculty member is employed, shall elect to participate or not to participate in the Optional Retirement Program. A faculty member who becomes eligible to participate in the Optional Retirement Program subsequent to the date on which the Optional Retirement Program becomes available at the institution of higher education at which such faculty member is employed shall make such election within ninety (90) days following the date on which such faculty member becomes eligible to participate in the Optional Retirement Program. A faculty member exercising the option to participate in the Optional Retirement Program as aforesaid shall not thereafter be eligible for membership in the Retirement System except as a limited member pursuant to Section 7 hereof unless such member ceases to be employed by an institution of higher education and becomes employed by the Texas Public School System other than in an institution of higher education. A faculty member not exercising the option to participate in the Optional Retirement Program as aforesaid shall be deemed to have chosen to continue membership in the Retirement System in lieu of exercising such option to participate in the Optional Retirement Program.

Withdrawal of Contribution to Retirement System

Sec. 6. A faculty member who elects to participate in the Optional Retirement Program as provided under Section 5 may further elect to withdraw the total amount of all contributions he has made to the Retirement System, upon application in writing as prescribed by the State Board of Trustees and the applicable amounts shall be paid within twelve (12) months from the date such application is received. Upon such withdrawal of funds, the faculty member shall thereby forfeit and relinquish all accrued rights as a member of the Retirement System.

**Limited Membership in the Retirement System for Faculty Members
Electing to Participate in the Optional Retirement Program**

Sec. 7. A faculty member with ten (10) or more years of creditable service under the Retirement System who has elected to participate in the Optional Retirement Program in accordance with the provisions of Section 5 and who has not further elected to withdraw his contribution as provided in Section 6 shall become a limited member of the Retirement System for the purpose of accruing Service Retirement Benefits as hereafter provided but shall no longer be considered as a member of the Retirement System for the purpose of accruing Disability, Death and Survivor Benefits thereunder and no such disability, death and survivor benefits shall be payable by reason of limited membership except as hereafter provided. If a limited member shall die before retirement and during any school year in which the member is in service, there shall be paid to his designated beneficiary the accumulated contributions standing to the account of the member in the Teacher Savings

For Annotations and Historical Notes, see V.A.T.S.

Fund; however, no other death or survivor benefit or option shall be payable by reason thereof. The faculty member on limited membership shall be required to make no further contributions to the Retirement System. A limited member shall be entitled to Service Retirement Benefits under the Retirement System; provided, however, that for the purpose of computing the Standard Annuity under the methods provided by law and thus the amount of such benefits only the faculty member's creditable service and compensation prior to making an election to participate in the Optional Retirement Program shall be considered.

Contributions

Sec. 8. With respect to a faculty member who has elected in accordance with Section 5 to participate in the Optional Retirement Program, the following amounts shall be disbursed and credited each fiscal year to the benefit of the faculty member in the Optional Retirement Program:

(a) by the faculty member the amount which he would have been required to deposit during that year as a member of the Retirement System;

(b) by the state the amount which it would have been required to allocate and contribute during that year to the Retirement System to the credit of the faculty member as a member of the Retirement System.

(c) by the faculty member an amount equal to six per cent of that portion of his salary for that year which exceeds the amount of annual salary which is subject to computation of contributions to the Retirement System that year to the extent that such contribution is not prohibited by other applicable laws of this state now or hereafter in force and effect; and

(d) by the state an amount equal to that required to be contributed by the faculty member under Subsection (c).

The contributions of faculty members participating in the Optional Retirement Program in each institution of higher education shall be deducted as provided by law applicable to the System. The contribution of the state for faculty members participating in the Optional Retirement Program in each institution of higher education shall be paid by the Comptroller of Public Accounts of the State of Texas to the applicable institution of higher education. The disbursing officer of such institution of higher education shall pay the total of such contributions from both the faculty member and the state to the company providing the Optional Retirement Program for that institution. Each institution of higher education shall certify estimates to the Comptroller of Public Accounts of funds required for payments under its Optional Retirement Program as required by law for the System.

Art. 2922—14. Salaries

Salary Schedules

Section 1. Beginning with the school year of 1967-68, the board of trustees of each and every school district in the State of Texas shall pay their teachers upon a salary schedule providing a minimum beginning base salary, plus increments above the minimum for additional experience in teaching as hereinafter prescribed. The salaries fixed herein shall be regarded as minimum salaries only and each district may supplement such salaries.

All teachers and administrators shall have a valid Texas Certificate. Salary increments for college training shall be based upon training received at a college recognized by the State Commissioner of Education for the preparation of teachers.

Provided that payment of at least the minimum salary schedule provided herein shall be a condition precedent: (1) to a school's participation in the Foundation School Fund; and (2) to its name being placed or continued upon the official list of affiliated or accredited schools. The annual salaries as provided herein may be paid in twelve (12) payments at the discretion of the local school boards.

The salary of each professional position listed in Section 2 of Article II of this Act¹ shall be determined as follows:

(1) Classroom teachers. The annual salary of classroom teachers shall be the monthly base salary, plus increments, multiplied by nine (9); provided that if the length of the school term is less than nine (9) months, the annual salary shall be such base salary and increments multiplied by the number of months of the term.

a. The minimum base pay for a classroom teacher who holds a Bachelor Degree and no higher shall be Five Hundred Twenty-Six Dollars (\$526) per month. Thirteen Dollars (\$13) per month shall be added for each year of teaching experience but not to exceed One Hundred Thirty Dollars (\$130) per month.

b. The minimum base pay for a classroom teacher who has less than a Bachelor's Degree shall be Three Hundred Forty-Eight Dollars (\$348) per month. Thirteen Dollars (\$13) per month shall be added for each year of teaching experience but not to exceed One Hundred Seventeen Dollars (\$117) per month.

For Annotations and Historical Notes, see V.A.T.S.

The annual salary of vocational teachers shall be the monthly base salary, plus increments, multiplied by nine (9), ten (10), or twelve (12) as applicable.

Provided that the minimum salaries hereinabove prescribed for vocational teachers means total salaries of such teachers to be received for public school instruction, whether they be paid out of state and/or Federal funds. Provided further, that none of the provisions of this Act shall apply to teachers in distributive adult education.

Expenses where allowable shall be paid from a separate Vocational Fund. No such expense shall be counted as part of the cost of the Minimum Foundation School Program.

(3) Special Service Teachers. The minimum monthly base salary and increments for teaching experience for special service teachers shall be the same as those provided herein for classroom teachers. The annual salary of such teachers shall be the monthly base salary, plus increments, multiplied by nine (9).

Provided that a registered nurse shall be considered, for the purpose of computing salaries, as having a Bachelor's Degree; and that a librarian having a recognized certificate or degree based upon five (5) years of recognized college training therefor shall be considered as having a Master's Degree.

(4) Teachers of Exceptional Children. The minimum monthly base salary and increments for teaching experience for teachers of exceptional children shall be the same as that prescribed in this Act for classroom teachers. The annual salary of such teachers shall be the monthly base salary, plus increments, multiplied by nine (9), except that in cases where the State Commissioner of Education approves such a unit for more than nine (9) months, the annual salary shall be the monthly base salary, plus increments, multiplied by the number of months approved by the State Commissioner of Education.

The annual salary of a part-time principal shall be the monthly base salary, plus increments, multiplied by nine and one-half (9½).

c. The classroom teacher who serves as a part-time principal on a campus to which are assigned three (3) to six (6) classroom teacher units shall receive an additional salary allowance equal to eight (8%) per cent of his salary. The sum of the amounts to be charged for the 1967-68 school year against the local school districts of the state toward such Foundation School Program shall be One Hundred Fifty-Four Million Eight Hundred Thousand Dollars (\$154,800,000). For the 1968-69 school year, and for each school year thereafter, the sum of the amounts to be charged against the local school districts of the state toward such Foundation School Program shall be twenty (20%) per cent of the estimated total cost of the Foundation School Program for the immediately preceding school year, plus an amount equal to the difference between the gross Local Fund Assignment and the net Local Fund Assignment for the immediately preceding school year. At its regular meeting in March 1966, and at each regular meeting in March thereafter, the State Board of Education after receiving the recommendation of the State Commissioner of Education, shall estimate the total cost of the Foundation School Program for the then current school year, based upon laws and approved school budgets in effect on the date when such estimate is made. Sec. 4. For the school year beginning 1968-69 and each school year thereafter, the State Commissioner of Education shall calculate and determine the total sum of local funds that the school districts of a county shall be assigned to contribute toward the total cost of the Foundation School Program by multiplying twenty (20%) per cent of the estimated Foundation Program cost for the immediately preceding school year, plus an amount equal to the difference between the gross Local Fund Assignment and the net Local Fund Assignment for the immediately preceding school year as determined under the provisions of this Act, by the economic index determined for each county. The product shall be regarded

as the local funds available in each respective county toward the support of the Foundation School Program and shall be used in calculating the portion of said amount which shall be assigned to each school district in the county.

Art. 2922—26. Quarterly semester pilot programs in public schools

Section 1. For purpose of exploring the feasibility of operating quarterly semester pilot programs, public school districts of this state are hereby authorized to operate (in lieu of the usual nine-month program) a twelve-month school year program and to receive allocation of state aid toward financing the extended three-month operation from the Foundation Program Fund, determined in the manner prescribed in this Act. Provided, however, that the district shall operate such twelve-month program under its proposed plan submitted to the Central Education Agency and subject to approval of the Agency as meeting policy and regulations established and adopted by the State Board of Education applicable thereto.

Sec. 2. Quarterly semester pilot programs, annually approvable under this Act, shall be restricted in number to involve a maximum of 10 programs not to exceed 100,000 pupils, based on average daily attendance in the preceding school year, and the attendance of eligible pupils shall be restricted to three quarterly semesters.

Sec. 3. The cost of operating such approved quarterly semester pilot programs shall be borne by the state and each participating district on the same percentage basis that applies to financing the Foundation School Program Act within the respective district.

Sec. 4. For purpose of computing authorized state aid and allocations under this Act, the cost of the program shall be ascertained as follows:

(a) The district's average daily attendance for classroom teacher unit eligibility and allocations shall be determined on a quarter semester basis, limiting eligible pupil attendance to three quarters within each scholastic year. Eligibility for special service teachers, supervisors and/or counselors, head teachers, part-time principals, and full-time principals shall be determined by dividing the total aggregate days of attendance in the pilot program by the number of days that instruction is offered during three semesters, determined to the best advantage of the district.

(b) An additional three-month salary adjustment, based on the state minimum salary schedule, shall be added for classroom teacher units occasioned by a twelve-month operation. Provided further that the number of months and salary, based on the state minimum salary schedule, for eligible special service teachers, supervisors and/or counselors, head teachers, part-time principals and full-time principals shall be allowed for 12 months.

(c) The total current operating costs of each pilot program as herein described, other than professional salaries and transportation, shall be determined by multiplying the number of classroom teacher units and exceptional teacher units times the number of months employed times \$67.

(d) An additional transportation allotment shall be added not to exceed the amount of one-third of the transportation allotment as normally computed for a nine-month operation.

Sec. 5. The state's share of the cost shall be paid from the Minimum Foundation Program Fund, and this cost shall be considered by the Foundation Program Committee in estimating the funds needed for Foundation School Program purposes.

Sec. 6. This Act is effective for the 1967-68 school year and subsequent school years.

* * * * *

(g) In any election for which the election precincts are required to be those formed under the provisions of Section 12 of this code, if in any county there is no local office or proposition to be voted on by the voters of only that county or a part of that county, the authority holding the elec-

tion may combine any two or more regular election precincts into consolidated precincts for such election in that part of the county having no such local office or proposition to be voted on if it appears that the voters included within each consolidated precinct can be adequately and conveniently served at one polling place; provided, however, that there shall always be at least one consolidated precinct wholly within each commissioners precinct of the county.'

Art. 2.03. Held in public buildings

(a) In all cases where it is practicable to do so, all elections—general, special, or primary—shall be held in some schoolhouse, fire station, or other public building within the limits of the election precinct in which such election is being held. No charge shall be made for the use of such building, except that any additional expense actually incurred by the authorities in charge of the building on account of the holding of the election therein shall be repaid to them by the authority liable for the expenses of holding the election under the existing law. The authority liable for the expenses of the election may demand an itemized statement of the additional expense incurred for use of the building before making its remittance for such expense. If no public building is available, the election may be held in some other building, and any charge for its use shall be paid as an expense of the election.

(b) The commissioners court of any county in this state is authorized to make the necessary expenditure from the permanent improvement fund of the county to construct or purchase a suitable building for holding elections in each precinct formed by the commissioners court for which no other public building is available. The building shall be made available without cost for the holding of any general, special, or primary election held within territory embracing the location of the building upon the request of the authority conducting the election, except that the county shall be reimbursed for any additional expense actually incurred on account of holding the election therein. If more than one authority requests the use of the building for the same day, the commissioners court shall determine within its discretion which authority shall be permitted to use it if all elections for which its use is requested for the same day cannot be held in the building simultaneously. The commissioners court may permit the building to be used for purposes other than the holding of elections, either with or without charge, when it is not being used for that purpose.

If in September of any year there exists any election precinct in the county which does not comply with the foregoing requirements, the commissioners court shall make the necessary changes before the first day of October, either at a regular meeting or at a special meeting called for that purpose; and the order shall be published as provided in Paragraph (a) of this section. Subject to the provisions of the first sentence of this paragraph, no election precinct shall have resident therein less than fifty nor more than two thousand voters as ascertained by the number of registered voters for the last preceding presidential general election year; provided, however, that in precincts in which voting machines have been adopted for use in accordance with Section 79 of this code,¹ the maximum number of voters shall be three thousand.

CHAPTER THREE—OFFICERS OF ELECTION

Art.

3.09a School of Instruction for election officers [New].

Art. 3.01 Appointment of election officers

(a) For county elections. The commissioners court at its July term shall appoint from among the citizens of each election precinct one qualified voter as presiding judge of elections held at the expense of the county in that precinct and one qualified voter as alternate presiding judge, each of whom shall continue to act until his successor is appointed. Whenever a vacancy arises in either of such offices, the commissioners court may fill the vacancy at any regular or special term of court. All orders appointing judges and alternates shall be entered of record. Each presiding judge shall appoint two qualified voters, who are residents of the precinct, to serve as election clerks, and shall appoint for each election as many additional clerks as he deems necessary for the proper conduct of the election, not to exceed the maximum number authorized by the commissioners court. The commissioners court shall fix the maximum number of clerks which may be appointed for each precinct, and may fix different maximums depending on the type of election. The clerks shall be selected from different political parties, when practicable. The chairman of the county executive committee of each of the two parties whose candidate for Governor received the most votes for Governor in the last prior general election may submit a list of not less than two qualified nominees to each election judge at least thirty days prior to the date of the election. If any such list is submitted to him, the election judge shall appoint at least one clerk from each list submitted.

Par. (a) amended by Acts 1967, 60th Leg., p. 1863, ch. 723, § 8, eff. Aug. 28, 1967.

(b) For municipal elections. If a city charter provides the method for appointing election officers for elections held by the city, its provisions shall control, but there shall be at least three election officers at each polling place. Unless a different method is prescribed by the city

charter, the mayor, or if he fails to do so, then the governing body of the municipality, shall appoint for each municipal election precinct a presiding judge and an alternate presiding judge for elections held by such municipality and shall fix the maximum number of clerks which may be appointed to serve in each precinct, which shall be not less than two, and the presiding judge for each precinct shall appoint two clerks, and as many additional clerks within the authorized limit as he deems necessary for the proper conduct of the election. In any city in which political parties nominate candidates for municipal offices, the election officers shall be selected from different political parties when practicable.

Pars. (b) amended by Acts 1967, 60th Leg., p. 1863, ch. 723, § 8, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Amends Paragraph (a) to change date for appointment of judges by commissioners court from February term to July term. Adds provision permitting the county chairman of each major political party to submit a list of nominees for clerks in each

precinct, from which list the precinct judge must appoint at least one clerk.

Amends Paragraph (b) to clarify that a city by charter provision may regulate the method for appointment of election clerks as well as election judges for city elections.

Art. 3.03. Qualifications of judges, clerks and watchers

(a) All judges and clerks of any general, special, or primary election shall be qualified voters of the election precinct in which they are named to serve. Unless otherwise provided in a statute pertaining to the specific type of election being held, in any general, special, or primary election all watchers shall be qualified voters of the county if the election is countywide, and shall be qualified voters of the city or other political subdivision in which the election is held if less than countywide, but it shall not be necessary that they reside within the election precinct in which they are named to serve.

(b) No person shall serve as a judge or a clerk in any general, special, or primary election who is employed by any candidate whose name appears on the ballot in that election either for a public office or for the party office of county chairman, or who is related to such candidate within the third degree either by affinity or consanguinity. Within the meaning of this section, a governmental employee is employed by the officer or officers who head the department or agency in which he is employed.

“(c) No watcher shall be an employee or employer of any election judge or clerk in the election precinct in which he is named to serve or related to any such election officer within the third degree either by affinity or consanguinity.

Amended by Acts 1967, 60th Leg., p. 1864, ch. 723, § 9, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Expands disqualification based on employment by or kinship to a candidate to include candidates for all public offices and the party office of county chairman (formerly applied only to candidates for a lucrative office). Also clarifies status of governmental workers as being employees of the head of the department or agency in which the individual is employed.

Adds a provision making residence requirement for watchers in this article not applicable if some other statute prescribes a different requirement for a specific type of election (e. g., a provision in the Texas Liquor Control Act requires that watchers in a local option liquor election be residents of the precinct in which they serve).

Art. 3.07. Service, duties, and privileges of watchers

(a) Each watcher shall be present at the polling place on election day when the polls are opened, and shall remain on duty without leaving the polling place until the polls are closed, except for such periods of absence for meals or other necessary reasons as may be permitted by the presiding judge. If the presiding judge permits the clerks to leave the polling

For Annotations and Historical Notes, see V.A.T.S.

place for meals or other necessary reasons during the time the polls are open, he must accord the same privilege to watchers. If the presiding judge adopts a general rule for the clerks and watchers which would prevent a watcher who is a resident of some other election precinct from leaving the polling place in order to vote in the precinct of which he is a resident, the presiding judge nevertheless must permit such watcher to leave the polling place, at some time within the first two hours after the polls open, for a sufficient length of time to enable him to vote in the precinct in which he resides. A watcher who leaves the polling place without proper authorization while the polls are open shall not be permitted to resume service. A watcher who leaves the polling place after the polls are closed shall be permitted to resume his service at any time thereafter until the election officers have completed their duties.

(b) On election day, the watcher shall present his certificate of appointment to the presiding judge of the precinct where he is to serve, and the presiding judge shall require the watcher to countersign the certificate to make certain he is the identical person referred to in the certificate. The presiding judge shall preserve the certificate and deliver it with other records of the election to the officer who has custody of the voted ballots, to be preserved by him for the length of time provided by law for preservation of the voted ballots.

(c) Before commencing his services, each watcher shall take an oath to be administered by the presiding judge, that he will mention and note any errors he may see in testing the voters, or counting the votes, or making out the returns, that he will well and truly discharge his duties as watcher impartially, and will report in writing all violations of the law and unrectified irregularities that he may observe to the authority which canvasses the returns of the election, and, if he deems it desirable, to the next grand jury.

(d) Each watcher appointed in accordance with this code shall be permitted to sit conveniently near the judges or clerks so that he can observe the conduct of the election, including but not limited to the reading of the ballots, the tallying and counting of the votes, the making out of the returns, the locking of the ballot boxes, their custody and safe return. He shall also be permitted to be present when assistance is given by any election judge in the marking of the ballot of any voter not able to mark his own ballot, to see that the ballot is marked in accordance with the wishes of the voter, but he must remain silent except in cases of irregularity or violation of the law. He shall not be permitted to enter into any conversation with the judges or clerks regarding the election while it is progressing, except to call the attention of the judges or clerks to any irregularity or violation of the law that he may observe. The watcher shall call the attention of officers holding the election to any fraud, irregularity or mistake, illegal voting attempted, or other failure to comply with the laws governing such election at the time it occurs, if practicable and if he has knowledge thereof at the time, and such complaint shall be reduced to writing and a copy delivered to the election judge.

(e) No watcher shall give any advice of any kind to any voter, or hold any conversation or discussion with any voter, or communicate with or signal to any voter in any manner, or interfere with any voter in any manner whatsoever.

(f) In addition to the foregoing duties and privileges, each watcher serving at an election where voting machines are used shall also have the duties and privileges of watchers as set forth in Section 79 of this code.¹

(g) Watchers appointed to observe absentee voting may be appointed in the same manner as watchers appointed to serve at regular polling places, and may serve at such hours as they desire.

(h) The authority holding the election shall not pay for the services of watchers, but they may be paid by the interest they represent."

Amended by Acts 1967, 60th Leg., p. 1865, ch. 723, § 10, eff. Aug. 28, 1967.

¹ Article 7.14.

Synopsis of Changes—1967

Adds a provision making it mandatory that the presiding judge permit a poll watcher who resides in some other election precinct to leave the polling place in

order to vote, but the presiding judge may require him to do so within the first two hours after the polls open.

Art. 3.08. Pay of judges and clerks

(a) In all elections, general, special, or primary, by whatever authority conducted, the rate of pay for judges and clerks of the election shall be determined by the appropriate authority, but shall not exceed one dollar and twenty-five cents per hour for each judge or clerk. In precincts where voting machines are used, no judge or clerk shall be paid for any period of time subsequent to two hours after the official time for closing the polls or subsequent to two hours after voting is concluded by all voters offering themselves for voting during regular voting hours, whichever is the later. The judge who delivers the returns of election may be paid an amount not to exceed five dollars for that service; provided, also, he shall make returns of ballots, ballot boxes, and election supplies not used when he makes returns of the election.

(b) In elections held at the expense of a county, the rate of pay shall be determined by the commissioners court of the county where such services are rendered. In elections held at the expense of a city, school district, or other political subdivision, the governing body of the city, district or political subdivision shall determine the rate. In primary elections, the rate shall be determined by the county executive committee of the party conducting the primary election.

(c) The compensation of judges and clerks of general and special elections shall be paid by the authority responsible for the expenses of the election, upon presentation of claims for such services approved in the manner required for other claims against its funds.

(d) The provisions of this section shall control over all other statutes relating to pay of election judges and clerks in any type of election whatsoever, and all other statutes are hereby repealed to the extent of any conflict with this section.

Amended by Acts 1967, 60th Leg., p. 1866, ch. 723, § 11, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Raises the maximum pay rate for election judges and clerks from \$1.00 to \$1.25 per hour. Reinstates a provision, omitted when this statute was amended in 1965, which limits the length of time for which election officers can be paid after the polls close in precincts using voting machines,

and also reinstates other provisions omitted in 1965. (See Art. 8.02 of the Election Code, as amended in this chapter, for a limitation on the length of time for which election officers can be paid before the polls open.)

Art. 3.09a. School of instruction for election officers

(c) The provisions of this section are cumulative of the provision in Section 79 of this code¹ which requires a school of instruction to be held for election officers before each election at which voting machines are to be used, and nothing in this section shall be construed to alter or amend Section 79 of this code.¹

CHAPTER FOUR—ORDERING ELECTIONS

Art. 4.08 In case of a tie

(a) At any election, general or special, if there be an equal number of votes given to two or more persons for the same office, except executive offices as provided in the Constitution, and no one elected thereto, the officer to whom the returns are made shall declare such election void as to such office only, and shall immediately order another election to fill such office, which shall be held not less than twenty nor more than thirty days after the canvass of the election which is declared void. Except as otherwise provided in this section, notice of such other election shall be given and the election shall be held in the same manner as the general or special election in which the tie vote occurred. At such election, only the names of the tying candidates shall be printed on the ballot, and any write-in votes cast for any other person shall be void and shall not be counted for any purpose.

(b) If the tying candidates agree in writing, filed with the returning officer, upon a different method of deciding which of them shall be declared elected, the decision shall be made in that manner and the new election not ordered.

(c) The provisions of this section shall not apply: (1) to any general or special election at which a majority vote is required for election, and for which a runoff election is required when no candidate receives a majority of the votes at the first election, or (2) to any general or special election for which resolution of a tie vote is governed by some other law. Art. 4.11 Special elections for United States representative

Subdivision 1. In any special election called to fill a vacancy in the office of United States representative in any congressional district of the

state, a majority vote of the electors participating in the election shall be necessary for election. In the event no candidate receives a majority of the votes cast at the first election, the Governor shall, within five days after the results of the election are officially declared, call a second election to be held on a specified day which shall be not less than thirty nor more than forty days after the date of the proclamation or order calling the election. In the second special election the candidates shall be limited to the participants in the first election who received the largest and next largest number of votes at the first election.

Subd. 2. In any special election called to fill a vacancy in the office of United States representative in any congressional district of the state, the filing fee shall be five hundred dollars.

Subd. 3. Whenever there shall be held a special election in any congressional district in this state for the election of United States representative, the commissioners court of each county in such district shall meet within three days after such election is held and canvass the returns thereof.

Subd. 4. When a special election shall have been held for United States representative in any district, the county judge of each county in which such election was held shall, within twenty-four hours after the commissioners court opens the returns and canvasses the result, as provided in Subdivision 3 of this section, make out duplicate returns of the election, one of which he shall immediately transmit to the seat of government of the state, sealed in an envelope, directed to the Secretary of State, and endorsed "Election Returns for _____ County, for United States Representative, District _____" (filling the first blank with the name of the county and the other blank with the number of the district for which the election was held); and the other of such returns shall be deposited in the office of the county clerk of the county where such election was held. Not later than the seventh day after the election, the day of the election excluded, the Secretary of State, in the presence of the Governor and the citizen appointed under Section 120 of this code,¹ shall open and canvass the returns of the election and declare the results thereof. If any person received a majority of the votes cast at the election, the Governor shall immediately make out, sign and deliver a certificate of election to such person for the unexpired term of the office for which he was a candidate. In the event no candidate received a majority of the votes cast at the election, the Governor shall call a second election as provided in Subdivision 1 of this section; and the Secretary of State shall within five days after the results of the first election are officially declared, certify to the county clerk of each county in the district the names of the two candidates who are eligible to participate in the second election and the clerks shall make up the ballot for election according to the certificate. The results of the second election shall be canvassed and the results declared in the same manner as herein provided for the first election, and the Governor shall issue to the candidate who receives the largest number of votes in the second election a certificate of election to the unexpired term of the office for which he was a candidate.

Subd. 5. The provisions of this section shall not apply to special elections for the office of congressman-at-large called and held in accordance with Section 177 of this code.²

Subd. 6. All special elections called for the purpose of filling vacancies in the offices to which this section applies shall be conducted according to existing law as supplemented by this section, but if there is a conflict between this section and the existing law, the provisions of this section shall prevail.

Synopsis of Changes—1967

Removes the Attorney General from the canvassing board and makes the composition of the board conform to the change made in the state canvassing board in 1963 (in lieu of the Attorney General, the Governor appoints a citizen to serve for 2 years).

Eliminates provision relating to time for canvassing returns where special election is held in conjunction with a general election—this is a situation theoretically possible but not likely to occur. Changes the time for canvass by the Secretary of State from "seventh day after the election, or as soon thereafter as possible" to "not later than the seventh day after the election".

Art. 4.12 Special elections for members of the Legislature

"Subdivision 1. Whenever there is a special election in any representative or senatorial district in this state for the election of any member of the Legislature, a majority vote of the electors participating in the election shall be necessary for election. If no candidate receives a majority of the votes cast at the first election, the Governor shall, within five days after the results of the election are officially declared, call a second election to be held not less than fifteen nor more than twenty-five days after the date of the proclamation or order calling the election. In the second special election the candidates shall be limited to the participants in the first election who received the largest and next largest number of votes at the first election.

Subd. 2. Whenever there is a special election in any representative or senatorial district in this state for the election of any member of the Legislature, the commissioners court of each county in the district shall meet within three days after the election is held and canvass the returns. The county judge of each county in which the election was held shall, within twenty-four hours after the commissioners court canvasses the result, make out duplicate returns of the election, one of which he shall immediately transmit to the seat of government of the state, sealed in an envelope, directed to the Secretary of State, and endorsed 'Election Returns for _____ County, for _____' (filling the first blank with the name of the county and the other blank with the name of the office for which the election was held); and the other of the returns shall be deposited in the office of the county clerk where the election was held.

Subd. 3. Not later than the seventh day after the election, the day of the election excluded, the Secretary of State in the presence of the Governor and the citizen appointed under Section 120 of this code¹ shall canvass the returns of the election and declare the results. If one person has received a majority of the votes cast at the election, the Secretary of State shall immediately make out, sign, and deliver a certificate of election to him for the unexpired term of the office for which he was a candidate. If no candidate has received a majority of the votes cast at the election, the Governor shall call a second election as provided in Subdivision 1 of this section; and the Secretary of State shall within five days after the results of the first election are officially declared, certify to the county clerk of each county in the district the names of the two candidates who are eligible to participate in the second election, and the clerks shall make up the ballot for election according to the certificate. Notice of the second election shall be given in the manner provided by law but ten days notice shall be sufficient, and the county judge shall, not later than ten days prior to the election, notify each presiding judge of his duty to hold the election. The returns of the second election shall be canvassed and the results declared in the same manner as provided for the first election, and the Secretary of State shall issue to the candidate who receives the largest number of votes in the second election a certificate of election to the unexpired term of the office for which he was a candidate.

Subd. 4. Notwithstanding any other provision of this code, whenever a vacancy occurs in the office of state representative or state senator in any representative or senatorial district in this state during a regular session of the Legislature and more than twenty-five days before the final date permitted by law for the continuation of the session, or within a period of sixty days prior to the convening of any session of the Legislature, the time intervals specified in this subdivision shall control the election. The proclamation of the Governor ordering the election shall be issued and mailed to the appropriate county judge or judges not less than twenty-one days before the election. If the election is called for a date less than thirty-five days after the date of the order, the application of any person desiring his name to appear on the official ballot at the election must be filed not later than five days after the date of the order, which shall state the deadline for filing applications. If a second election is necessary, it shall be called for a date not less than seven nor more than twenty-five days after the date of the order calling the election. If the first election is called for a date less than thirty days after the date of the election order, fifteen days notice of the election and fifteen days notification to the presiding judges shall be sufficient for that election. In a runoff election, six days notice and notification shall be sufficient. If ballots for absentee voting in either election cannot be made available by the twentieth day preceding the date of the election, absentee voting shall begin as soon after the twentieth day as the ballots are available, and in all events must begin not later than the third day after the date of the Secretary of State's certification of the names of the candidates to be placed on the ballot or after the date of the order calling the election, whichever is the later, if such third day is less than twenty days prior to the election. Except as modified herein, the election shall be held in accordance with provisions regulating other special elections for the Legislature.

Subd. 5. All special elections called for the purpose of filling vacancies in the offices to which this section applies shall be conducted according to existing law as supplemented by this section, but if there is a conflict between this section and the existing law, the provisions of this section shall prevail.

Art. 5.02 Qualification and requirements for voting

Text of article effective February 1, 1968.

Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, and who shall have registered as a voter, shall be deemed a qualified elector. No person shall be permitted to vote unless he has registered in accordance with the provisions of this code. The provisions of this section, as modified by Sections 35 and 39 of this code,¹ shall apply to all elections, including general, special, and primary elections, whether held by the state, by a county, municipality, or other political subdivision of the state, or by a political party. Amended by Acts 1966, 59th Leg., 1st C.S., p. 1, ch. 1, § 1; Acts 1967, 60th Leg., p. 936, ch. 414, § 1, eff. Feb. 1, 1968.

Synopsis of Changes—1967

Amended to require that all voters must be registered in order to vote at elections held on or after February 1, 1968. This change is in keeping with the constitutional amendment voted on at the general election in 1966. Persons over 60 years old living outside cities of 10,000 or more, who heretofore have not been required to register, may still vote without registration until February 1, 1968, in all counties except Bexar County. Under authority of this statute as it read before the amendment, the Commissioners Court of Bexar

County entered an order prior to the registration period for 1967 requiring all persons to register in that county.

Acts 1967, 60th Leg., p. 936, ch. 414, §§ 2-8 amended and added the following articles to the Election Code: 5.05, subd. 2a; 5.11b-1, 5.12a, 5.13b, 5.18b, 5.22b and 5.23a, respectively. Section 9 of the act provided: "Section 1 of this Act shall take effect on February 1, 1968, and Sections 2 through 8 shall take effect immediately upon passage."

Art. 5.04 Affidavit of voter in bond election, etc.

(a) Before any person desiring to vote in an election for the purpose of issuing bonds or otherwise lending credit, or expending money or assuming any debt, is allowed to vote, he shall sign an affidavit, which shall be furnished to him by the election judge or clerk who examines him, stating that he owns property, giving a description of one item, which was rendered for taxation for a stated year (which shall be the last year in which such rendition was made) to the political subdivision holding the election within the period of time fixed by law for such rendition, or was placed on the tax rolls of such political subdivision for a stated year by the tax assessor prior to the date on which the election was ordered. The voter's registration certificate number shall be shown on the affidavit.

(b) The Secretary of State shall prescribe the form of the affidavit. In addition to any other instructions or information which the Secretary of State deems desirable, the affidavit shall contain a statement that the affiant understands that the giving of false information in the affidavit is a felony punishable by a fine not to exceed five thousand dollars or by imprisonment in the penitentiary not to exceed five years, or by both such fine and imprisonment. The voter shall swear to the affidavit before an officer of the election, and all judges and clerks of the election shall have authority to administer the oath required herein.

(c) The description of a specific item of property which is required on the affidavit shall be sufficient as to personal property if it identifies the property by a general statement of its nature, as, for example, household furniture, automobile, livestock, jewelry, stock of merchandise, corporate securities, etc. For real property, a description of the property by abstract, survey, patent, subdivision, block, lot, or other legal description shall not be necessary. If the real property is located in an incorporated city, town, or village, a statement of the location of the property by street and number shall be sufficient; and if it is located in an unincorporated town or village, it shall be sufficient to identify the property by general description as so located, as, for example, "house and lot in the town of _____." It shall be sufficient to describe a farm, ranch, or other rural property by a statement of its location with reference to a town, community, or other well-known landmark, as, for example, "farm near _____." Upon request of the voter, the election officer attending him shall inform him as to what will be a sufficient description on the affidavit for the specific item of property which he wishes to list.

(d) The ballot of a voter who has been accepted by the election officer as eligible to vote at the election shall never be declared void for any defect or insufficiency in the affidavit or for any misstatement as to property asserted to have been rendered, if the voter in fact is the owner of any property which has been duly rendered for taxation to the subdivision holding the election.

(e) After voting is concluded, an officer of the election shall place all the affidavits in an envelope or other container which shall be securely fastened and marked to identify its contents, and the presiding judge shall deliver the affidavits to the officer having custody of the ballots voted at the election at the same time that he delivers the returns, and the affidavits shall be preserved by such officer under the same regulations applicable to preservation of ballots. The affidavits shall be open to public inspection, but the inspection must be in the presence of the custodial officer or a duly authorized deputy.

(f) A person who knowingly gives false information or makes any false statement in the affidavit required by this section is guilty of a felony punishable by a fine not to exceed five thousand dollars or by imprisonment in the penitentiary not to exceed five years, or by both such fine and imprisonment.

Amended by Acts 1967, 60th Leg., p. 1870, ch. 723, § 15, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Replaces provisions requiring the tax collector to furnish a certified list of owners of property duly rendered for taxation, for use at the polling place in a bond election, by providing that each voter must sign an

affidavit that he is the owner of duly rendered property, listing by specific description at least one item of property which has been rendered.

Art. 5.05 Absentee voting

* * * * *

Subdivision 2a. Absentee voting by members of the armed forces, etc. Notwithstanding any provision of Subdivision 1 or Subdivision 2 of this section, any qualified voter within any of the following categories

For Annotations and Historical Notes, see V.A.T.S.

shall be entitled to vote absentee by mail upon making a sworn application by mail for an absentee ballot on an official federal post card application for absentee ballot, and no further statement of his eligibility to vote absentee by mail shall be required of him, provided the application is mailed from outside the county and the ballot is to be mailed to an official address outside the county:

(1) a member of the armed forces of the United States while in the active service, his spouse and dependents residing with or accompanying him;

(2) a member of the merchant marine of the United States, his spouse and dependents residing with or accompanying him;

(3) a civilian employee of the United States serving outside the territorial limits of the several states and the District of Columbia, his spouse and dependents residing with or accompanying him; and

(4) a member of a religious group or welfare agency assisting members of the armed forces, who are officially attached to and serving with the armed forces, and his spouse and dependents residing with or accompanying him.

Application made on a federal post card application by a voter coming within either of the foregoing categories shall not be subject to the provisions of Paragraph (ii) of Subdivision 1 of this section which requires that the application be made not more than sixty days before the day of the election; and an application received earlier than that date, but within the voting year during which the election is held, shall be accepted. The application need not be accompanied by the voter's registration certificate or affidavit in lieu thereof, but before mailing a ballot in response to an application which is not accompanied by the certificate or affidavit:

(1) if the applicant's official address is outside the county but within the state, the clerk shall ascertain that the voter's name appears on the list of registered voters for the precinct of his residence and shall not mail a ballot to him unless his name is so listed; and

(2) if the applicant's official address is outside the state, the clerk shall follow the procedures outlined in Section 50b of this code¹ and shall mail him a ballot if he is entitled to register and vote under that section.

The foregoing provisions shall not be construed as preventing the clerk from accepting either a sworn or an unsworn federal post card application for absentee ballot from any other person who is permitted by federal law to use such application form, but unless the applicant comes within one of the categories listed above, he shall furnish the information required by Subdivision 2 of this section in addition to the information regularly supplied on the federal post card application, shall accompany the application with his registration certificate or affidavit in lieu thereof, and shall be subject to all of the provisions of Subdivision 1 of this section pertaining to absentee voting by mail.

Where a registration certificate accompanies a federal post card application, it shall be mailed back to the voter at the official address to which the ballot is mailed, unless the voter requests the clerk to mail it to some other address.

Subdivision 2b. Ballots for absentee voting. Before the beginning of the period for absentee voting, the authority charged with the duty of furnishing the supplies for the election shall furnish to the clerk a supply of official ballots for use in absentee voting. Before mailing or delivering a ballot to a voter, the clerk shall cause his signature to be placed on the back of the ballot. The absentee ballots may be signed by the clerk in his own handwriting, or they may be stamped with a facsimile of his

signature by the clerk or by a deputy under his direction. Where a stamp is used, the clerk shall take the necessary precaution to see that the stamp is properly safeguarded at all times so that no unauthorized use may be made of it.

Subd. 2b added by Acts 1967, 60th Leg., p. 1871, ch. 723, § 16, eff. Aug. 28, 1967.

Subdivision 3. Period for voting by personal appearance. (a) The period for absentee voting by personal appearance shall begin on the twentieth day and shall continue through the fourth day preceding the date of the election; provided, however, that when the twentieth day falls on a day which is not a regular working day for the clerk's office, the absentee voting by personal appearance shall begin on the next succeeding regular working day. Except as authorized in Subdivision 3d of this section, the clerk shall not permit anyone to vote absentee by personal appearance on any day which is not a regular working day for the clerk's office, and under no circumstances shall he permit anyone to vote absentee by personal appearance at any time when his office is not open to the public.

(b) At any time within the period for absentee voting, a voter who is eligible to vote absentee may do so by making his personal appearance before the county clerk of the county of his residence at the office of the clerk and delivering to such clerk his application aforesaid.

(c) Watchers, as provided for in Sections 19, 20, and 21 of this Code,¹ may be appointed to observe the conduct of absentee voting in the clerk's office. An appointing authority may appoint different watchers to serve on different days of the absentee voting period. The certificate of appointment need not designate the specific dates on which each watcher will serve, and all of them may be appointed for the entire period, but the total number of watchers appointed by the same authority under Section 19,² or appointed upon the same petition under Section 20,³ shall not exceed seven, of which number not more than two shall be on duty at the same time.

Subdivision 6. Counting of ballots in countywide elections.

(a) In all countywide elections, and in elections less than countywide where the authority holding the election has provided that absentee paper ballots shall be counted by a special canvassing board, on the day of the election the ballot box and stub box used for absentee voting by personal appearance, the keys to the ballot box, the jacket envelopes containing the ballots voted by mail and accompanying papers, the poll list for absentee voting on which the clerk has entered the names of persons voting by personal appearance, and the list of registered voters used by the county clerk, shall be delivered to a special canvassing board consisting of a presiding judge and two or more election clerks appointed in the same manner as provided for appointment of the election officers for regular

For Annotations and Historical Notes, see V.A.T.S.

polling places at that election. The county clerk shall deliver the ballots to the canvassing board at such hour as the presiding judge shall direct, but not earlier than the hour at which the polls are opened and not later than one o'clock p. m. If delivered before one o'clock p. m., the clerk shall deliver in like manner to the board, at one o'clock p. m., all ballots received by mail before one o'clock p. m. of the day of the election which have not previously been delivered to the board.

(b) This special canvassing board shall open the jacket envelopes, announce the voter's name and ascertain in each case if he is qualified to vote at that election and if he has complied with all applicable provisions of this section to entitle his ballot to be cast. The board shall compare the signatures on the application and upon the affidavit on the carrier envelope, and in case the board finds that the signatures correspond, that the application and the affidavit are duly executed, that the voter is a qualified elector, and that he has voted in a manner authorized in this section, they shall enter his name on the official poll list (on which voters voting by mail shall be listed separately from those who have voted by personal appearance) and shall open the carrier envelope so as not to deface the affidavit thereon, and shall place the sealed ballot envelope in the ballot box and the stub in the stub box. The carrier envelope, application and accompanying papers shall be replaced in the jacket envelope and returned to the county clerk at the same time the voted ballots are returned, and shall be preserved for the length of time provided by law for the preservation of the voted ballots.

(c) If the ballot be challenged by an election officer, watcher, or other person, the grounds of challenge shall be heard and decided according to law, including the consideration of any affidavits submitted in support of or against such challenge. If the ballot be not admitted, there shall be endorsed on the face of the carrier envelope and the jacket envelope the word "rejected." The carrier envelopes containing rejected ballots shall be enclosed, securely sealed, in an envelope on which the words 'rejected absentee ballots' have been written, together with a statement of the nature and date of the election, signed by the presiding judge, and shall be returned and preserved in the same manner as provided for return and preservation of official ballots voted at the election. The corresponding jacket envelopes containing the applications and accompanying papers shall also be returned to the clerk, and preserved for the length of time provided by law for preservation of the voted ballots.

(d) At such time as the presiding judge shall direct, the election officers whose duty it is to count the ballots shall open the absentee ballot box, remove the ballots from the sealed ballot envelopes, and proceed to count and make out returns of all ballots cast absentee, including the ballots voted by personal appearance, in the same way as is done at a regular polling place. The ballot envelopes for the ballots voted by mail may be discarded or destroyed.

(e) The special canvassing board, watchers, and all others connected with the conduct of absentee voting shall be subject to the provisions of Section 105 of this code¹ with respect to revealing information as to the results of the election.

(f) The special canvassing board shall possess the same qualifications, be subject to the same laws and penalties, and be paid the same wage as regular election judges; provided, however, that each member may be paid an amount not to exceed the compensation payable for ten hours of work if the time spent by the board in performing its duties is less than ten hours. Watchers may be appointed as for regular polling places.

Subdivision 11. Posting list of absentee voters; inspection of applications, etc. The county clerk shall post at a conspicuous place in his main office, and each other clerk for absentee voting designated in accordance with Subdivision 1a of this Section shall post at a conspicuous place in his office, for public inspection, a complete list of those to whom ballots have been delivered or sent out under this section, stating thereon the elector's name, address, precinct of residence and voter registration certificate number, and the date on which the ballot was delivered or mailed, which list shall be kept up from day to day. The applications and accompanying papers shall also be open to public inspection at regular office hours, but under such reasonable rules and regulations as the county clerk may adopt to safeguard the same and to reasonably economize his own time while they are in his keeping. It shall be the duty of the county clerk to deliver before the opening of the polls to each presiding judge, in person or by mail, the names of those who have voted absentee or made application to vote absentee for that election for that precinct.

Subdivision 14. Branch offices for absentee voting by personal appearance. (a) Absentee voting by personal appearance shall be conducted at each branch office of the county clerk which is regularly maintained for the performance of general clerical duties, during the full period of time for which absentee voting by personal appearance is conducted at the main office.

(b) In any town, other than the county seat, which has a population of four thousand or more inhabitants and does not have situated therein a regularly maintained general branch office of the county clerk, upon authorization of the commissioners court the county clerk may appoint a deputy clerk in such town for conducting absentee voting by personal appearance at a temporary branch office.

During the period for absentee voting by personal appearance, the applications and ballots of persons who have voted absentee may be retained in the branch office or may be delivered to the main office from time to time, but all applications and ballots shall be delivered to the main office not later than one o'clock p. m. on the third day prior to election day. Except as otherwise provided in this subdivision, the voting in a branch office shall be subject to the same regulations as the voting in the main office.

If the total number of votes actually counted by the absentee canvassing board differs from the number of votes shown on the precinct lists, the number on the precinct lists nevertheless shall be used as the basis of allocation under this subdivision.

Synopsis of Changes—1967

Under the changes made by this section and Sec. 6 of this chapter [Acts 1967, 60th Leg., p. 936, ch. 414, §§ 2, 6], persons in military service and related services who are stationed outside Texas may vote without having registered through the regular registration procedures administered by the tax assessor-collector. The official Post Card Application for Absentee Ballot for each election is treated as an application for registration for that election, and the county clerk (or other officer handling the absentee voting for the election) attends to the details of the registration, which is effective for that election only. The tax assessor-collector does not have any responsibility in connection with this type of registration, which is administered exclusively by the clerk for absentee voting. However, persons within the categories covered by these sections may still register by ordinary procedures through the assessor-collector, under the same rules as other voters, if they wish to do so.

Adds new Subdivision 2b requiring the clerk conducting absentee voting to authenticate the ballots by placing his signature on the back of each ballot.

Adds new Subdivision 4c on period for absentee voting in elections which may lawfully be called for a date which does not permit the full period for absentee voting (e. g., certain bond elections and local option elections).

Amends Subdivision 3 to allow appointment of different watchers for different days of the absentee voting period. Amends Subdivision 6 to make the pay provisions for members of the special canvassing board conform to changes made by the bill in the rate of pay for elections generally.

Amended [Subdiv. 11] to delete the criminal penalty, leaving this situation to be covered by the general Penal Code provision [Vernon's Ann.P.C. art. 241] on voting more than once at the same election.

Amended [Subdiv. 14] to provide that voting shall be conducted at each regular branch office of the county clerk, as well as at the main office.

Provides [in Subdiv. 17] that absentee votes shall be considered (formerly they were not taken into account) and states the formula for allocation.

Acts 1967, 60th Leg., p. 936, ch. 414, § 1 amended article 5.02; section 3 of the Act of 1967 added article 5.11b-1; section 4 of the act amended article 5.12a; sections 5-7 this act added articles 5.13b, 5.13b and

5.22b; section 8 of the act amended article 5.23a and section 9 thereof and provided an effective date and is set out as a note under article 5.02.

Art. 5.05a Voting by new residents of state in presidential elections

Subdivision 1. New residents eligible to vote. A person who has been a resident of this state for more than sixty days but less than one year prior to the date of a presidential election shall be entitled to vote for presidential and vice presidential electors in such election, but for no other offices, if

(1) he was either a qualified elector in another state immediately prior to his removal to this state or would have been eligible to vote in such other state had he remained there until such election, and

(2) he otherwise possesses the substantive qualifications of an elector in this state, as defined in Section 34 of this code,¹ except the requirements of residence and registration, and

(3) he complies with the provisions of this section.

¹ Article 5.02.

Subdivision 2. Application for presidential ballot. A person desiring to qualify to vote for presidential and vice presidential electors under this section is not required to register under the general voter registration laws of this state, but between the 60th day and the 45th day preceding the election, both dates included, he shall register by making an application to the county clerk of the county of his residence at the main office of the clerk or at any regularly maintained general branch office, in the form of an affidavit executed in duplicate in the presence of the county clerk or a duly authorized deputy, in substantially the following form:

I was a qualified elector in that state immediately prior to my removal to this state, or would have been eligible to vote in that state had I remained there until the next presidential election.

3. On the day of the next presidential election, I shall be at least 21 years of age. I have been a resident of Texas since _____, 19____, now residing at _____, street (post office address if no street address), in the city of _____, _____ County.

Subdivision 3. Proof of qualification in state of former residence. Subject to the provisions of Subdivision 4 of this section, upon receipt of an application, the county clerk shall immediately forward the duplicate of the application to the registrar of voters, or equivalent official, of the county and state of the applicant's former residence, together with a request for proof that the applicant was a qualified voter in the state of his former residence immediately prior to his removal to Texas, or that he would have been eligible to vote in that state at the forthcoming presidential election had he remained there until such election and complied with the state's legal requirements for voting. The request shall include a form of certificate of proof. The forms of request for proof and certificate of proof to be sent to the official of the applicant's former residence shall be prescribed by the Secretary of State. The Secretary of State shall also furnish to each county clerk in this state the necessary information as to

For Annotations and Historical Notes, see V.A.T.S.

the appropriate official in each of the other states to whom the request for proof should be sent.

Subdivision 4. Alternate method of proof. If the applicant delivers to the county clerk an official voter registration certificate, voter identification card, or other similar document from the state of his former residence showing that he was registered as a voter in that state at the time of his removal therefrom, the county clerk shall not be required to obtain the certificate of proof required by Subdivision 3 of this section. The document evidencing the applicant's qualification in the state of his former residence shall be retained by the county clerk and attached to the application.

Subdivision 5. Notification of acceptance of application. If from the certificate of proof required in Subdivision 3 or a document meeting the requirements of Subdivision 4, and from the information on the application it appears that the applicant satisfies the conditions of Subdivision 1 of this section, the county clerk shall notify the applicant, in writing, that satisfactory proof of eligibility has been received and that he is entitled to vote in person for the offices of President and Vice President not sooner than the fifteenth day nor later than the fourth day prior to the forthcoming presidential election.

Subdivision 6. Procedure for voting. Within the period specified in Subdivision 5, the applicant shall appear personally at the office of the county clerk or at a branch office for absentee voting and shall present his notification of eligibility, whereupon he shall be permitted to vote. The clerk may furnish the applicant with either a specially printed ballot on which no offices other than President and Vice President are printed, or he may use the regular official ballot from which all other offices and all propositions are stricken, or on which it is otherwise shown that the voter was not entitled to vote on such other offices and propositions, before the voter receives the ballot. If absentee voting is being conducted on a voting machine, the voter may be allowed to cast his vote for President and Vice President on a voting machine, on which all other races are locked out before the voter enters the machine. The procedure for absentee voting by personal appearance in a countywide election shall be followed insofar as it can be made applicable and is not inconsistent with this section. The ballots and ballot stubs shall be deposited in the same boxes as the ballots and stubs of persons voting absentee by personal appearance, and the ballots shall be counted and return made thereof along with and on the same forms as the absentee ballots.

Subdivision 7. Notation on list of applicants. When an applicant has been permitted to vote, the clerk shall note the fact on the applicant's notification of eligibility and shall file it with his application. He shall also enter on the posted list of applicants, required by Section 37d of this code,¹ a notation of the fact that the applicant has voted, with the date on which he voted.

Subdivision 8. Definition of word "state." As used in this section and Section 37b of this code,¹ the word "state" includes the District of Columbia.

Synopsis of Changes—1967

Sections 37a through 37d [Arts. 5.05a through 5.05d] implement the constitutional amendment adopted in November, 1966, authorizing the Legislature to permit new residents of the State having less than a year's residence to vote in presidential elections; to permit former residents to vote in presidential elections by absentee ballot until they acquire a voting residence

in another State; and to permit qualified voters of the State who have moved from one county to another within 6 months before an election to vote on all statewide offices and propositions. Under these new sections voting in all three categories is handled by the county clerk in manner similar to regular absentee voting.

Art. 5.05b Voting by former residents of state in presidential elections

Subdivision 1. Former residents eligible to vote. A former resident of this state who has become a legal resident of another state of the United States may vote for presidential and vice presidential electors by absentee ballot in the county of his former residence if:

(1) on the day of the election he will not have resided in the state of his present residence a sufficient length of time to meet the residence requirements of that state for voting for presidential and vice presidential electors, and

(2) the period of time since he ceased to be a resident of this state is less than 24 months, and

(3) he otherwise possesses the substantive qualifications of an elector in this state, as defined in Section 34 of this code,¹ except the requirements of residence and registration, and

(4) at the time of his removal he was registered as a voter in this state, if he was then eligible to register, and

(5) he complies with the provisions of this section.

¹ Article 5.02.

Subdivision 2. Application for presidential ballot. A person desiring to vote under the provisions of this section shall register by making a written, sworn application to the county clerk of the county of his former residence for an absentee ballot for President and Vice President only, on a form to be prescribed by the Secretary of State and furnished by the county clerk. The application shall be made under the same rules as apply to regular absentee ballots, insofar as they can be made applicable and are not inconsistent with this section, except that it shall not be necessary that the application be accompanied by the applicant's voter registration certificate. However, if the application is not accompanied by a voter registration certificate which was current at the time of the applicant's removal from this state and the applicant was eligible to register at the time of his removal, the county clerk shall ascertain that the applicant's name was on the list of registered voters for the voting year in which he changed his residence before furnishing him with a ballot. If from the information contained on the application it appears that the applicant was not eligible to register as a voter at the time of his removal from this state but would have been eligible to register for the current voting year and to vote in the forthcoming presidential election if he had continued to reside in this state, no former registration shall be required of the applicant.

Subdivision 3. Secretary of state to furnish information. The Secretary of State shall furnish to each county clerk in the state the necessary information to enable the county clerk to determine from such information and the information supplied by the applicant on his application form whether the applicant has resided in the state of his present residence a sufficient length of time to qualify to vote for presidential and vice presidential electors in that state.

Subdivision 4. Procedure for voting. Upon ascertaining that an applicant is entitled to vote under this section, the county clerk shall mail to him a ballot prepared in either of the manners specified in Subdivision 6 of Section 37a of this code,¹ together with a ballot envelope containing such markings and instructions as the Secretary of State prescribes, and a carrier envelope containing an appropriate affidavit, the form of which shall be prescribed by the Secretary of State, of the voter's eligibility to cast the ballot under this section. The procedure for absentee voting by mail shall be followed insofar as it can be made applicable and is not inconsistent with this section. The ballots shall be counted and return made thereof along with and on the same form as the other absentee ballots.

¹ Article 5.05a.

For Annotations and Historical Notes, see V.A.T.S.

Subdivision 5. Notices of applications received from other states. All notices of applications of former residents of this state to vote for presidential electors as new residents of the state of their present residence, which are received by any other state or county officer of Texas, shall be forwarded by such officer to the county clerk of the county of the applicant's former residence in Texas. The county clerk shall file each notice received by him from another state indicating that a former resident of this state has made application to vote at a presidential election in another state and shall maintain an alphabetical index thereof, for a period of six months after the election.

Synopsis of Changes—1967

See note under Sec. 37a.

Art. 5.05c Voting by persons having less than six months' residence in county

Subdivision 1. Persons eligible to vote. A person who is a qualified elector as defined in Section 34 of this code¹ except for the requirement of six months' residence in the county immediately preceding the election shall nevertheless be entitled to vote on all offices, questions or propositions to be voted on by electors throughout the state, including electors for President and Vice President of the United States, for which the person would be eligible to vote if he fulfilled the county residence requirement. A person having less than six months' residence in the county, if otherwise eligible, shall be entitled to vote for any district office or at any other election of a district composed of territory situated in more than one county if he has resided in the district for the last six months preceding the election. Where a district consists of only a part of one county or where a part of a county is joined with territory situated in another county or counties to form a district, a person who has resided in the county for the last six months and is a resident of the district on the date of the election fulfills the local residence requirement for voting in a district election.

¹ Article 5.02.

Subdivision 2. Registration; transfer of registration. No person shall be eligible to vote under this section unless he is registered as a voter under the general voter registration laws of this state for the year in which the election is held. If he has changed the county of his residence since receiving his registration certificate, he must comply with the provisions of this code on transfer of registration before being permitted to vote.

Subdivision 3. Application for limited ballot; procedure for voting. A person having less than six months' residence in the county who is entitled to vote a limited ballot as stated in Subdivision 1 of this section shall be permitted to vote upon making a written, signed application for a limited ballot to the county clerk of the county of his residence at the time of the election, upon an official application form to be prescribed by the Secretary of State and furnished by the county clerk. The procedure for voting a limited ballot shall be similar to the procedure for absentee voting. If the voter meets the requirements of Section 37 of this code¹ for voting an absentee ballot by mail, he shall be permitted to vote the limited ballot by mail under the procedure for absentee voting by mail upon submitting both an application for a limited ballot and an application for an absentee ballot. Otherwise, he shall vote by personal appearance during the period for absentee voting by personal appearance and under the procedure for voting by personal appearance in countywide elections insofar as it can be made applicable and is not inconsistent with this section.

Ballots cast under this section shall be counted and return made thereof along with and on the same forms as the absentee ballots.

¹ Article 5.05.

Subdivision 4. Ballot form. When paper ballots are used, the voter shall be furnished a regular official ballot for the election, from which all offices and propositions on which the voter is not entitled to vote have been stricken; and when a voting machine is used, all offices and propositions on which the voter is not entitled to vote shall be locked out before the voter is permitted to cast his ballot. When absentee voting by personal appearance is being conducted on a voting machine, the clerk may permit persons voting under this section by personal appearance to cast their ballots on the voting machine or he may furnish them with paper ballots, at his option.

Subdivision 5. Record of district offices voted on. The Secretary of State shall furnish to each county clerk the necessary information on the composition of the various districts to enable the clerk to determine whether a person entitled to vote a limited ballot for statewide offices is also entitled to vote for any district offices. The clerk shall note on each voter's application a list of all district offices for which he is permitted to vote.

Art. 5.05d General provisions on voting by persons not meeting full residence requirements

Subdivision 1. Lists of applicants to be posted. The county clerk shall post at a conspicuous place in his office, for public inspection, a complete list of persons who have applied for a ballot under Section 37a, 37b, or 37c of this code,¹ stating thereon the applicant's name, address, precinct of residence, the section of this code under which the application was made, and the date on which the ballot was delivered or mailed, which list shall be kept up from day to day. The names of persons applying for ballots under Section 37c² shall be included on the precinct lists of absentee voters which the clerk furnishes to the presiding judges of the election, as provided in Subdivision 11 of Section 37 of this code.³

state and the following statutory rules; but in case of a conflict, the statutory rules shall control.

(c) A person shall not be considered to have lost his residence by leaving his home to go to another place for temporary purposes only.

(d) A person shall not be considered to have gained a residence in any place to which he has come for temporary purposes only, without the intention of making such place his home.

(e) The residence of a single person, or of a married person permanently separated from his or her spouse, is considered to be where such person usually sleeps at night, but if it be a temporary establishment, or for a transient purpose, it shall not be so considered.

(f) For a married man not permanently separated from his wife, the place where his family lives shall be considered his residence, but if it be a temporary establishment for his family, or for transient purposes, it shall not be so considered.

(g) If a married man has his family living in one place and he does business in another, the former shall be considered his residence, but when a man has taken up his abode at any place with the intention of remaining there and making it his home, and his family refuses to reside with him, then such place shall be considered his residence.

(h) The residence of a married woman not permanently separated from her husband is considered to be the place where her husband has his residence, but a married woman not living in a household with her husband may establish a separate voting residence from that of her husband.

(i) The residence of one who is an officer or employee of the government of this state or of the United States shall be construed to be where his home was before he became such officer or employee unless he has become a bona fide resident of the place where he is in government service or of some other place. For the purpose of this section, teachers and other professional personnel employed in the public free school system of this state shall be considered to be employees of the government of this state.

(j) No person in the military service of the United States shall acquire a residence in this state while he is living on a military post in quarters which he is required to occupy. (l) The residence of an inmate of a public eleemosynary institution shall be construed to be where his home was before he became such inmate unless he has become a bona fide resident of the place where the institution is located or of some other place. No person who is an inmate of a prison or who is an involuntary inmate of any hospital or other eleemosynary institution shall acquire a residence, while he is an inmate, at the place where the institution is located.

Amended by Acts 1967, 60th Leg., p. 1879, ch. 723, § 21, eff. Aug. 28, 1967.

Subdivision 1. Registration upon removal to city of 10,000 or more inhabitants. A person who is over 60 years of age at the time of applying for registration and who did not reside at any time during the regular registration period for voting at elections held during the 1967 voting year, as prescribed in Section 43a of this code,¹ in a city of 10,000 or more inhabitants or in a county wherein the commissioners court had directed the registration of all voters irrespective of age or place of residence, but who later removes to such city or county, may register at any time thereafter for the 1967 voting year if at the time of applying for registration he is a qualified elector or will become a qualified elector before the end of the 1967 voting year. Any person registered under the provisions of this subdivision must have registered at least four days before the day of any election at which he offers to vote.

Subdivision 2. Registration for voting during February, 1968. Synopsis of Changes—1967

Subdivision 1 of this new section [art. 5.11b-1] preserves for the remainder of the 1967 voting year the pre-existing law permitting voters over 60 years old who did not live in a city of 10,000 or more during the regular registration period to register at any time during the voting year if they move to such a city. With the new requirement for registration of all voters for the 1968 voting year and thereafter, this provision will not be needed after the end of the 1967 voting year.

Subdivision 2 of Sec. 43b-1 [art. 5.11b-1, subd. 2] makes provision for registration of persons over 60 years old living outside cities of 10,000 or more to vote at elections held during February 1968. This is

made necessary by the fact that the requirement for their registration as a condition for voting becomes effective on February 1, 1968, a month before the end of the 1967 voting year. (The date of February 1, 1968, was used in the statute to coincide with the effective date of the constitutional amendment requiring all voters to register.) This statute provides that these voters may vote on their 1968 registration certificates during February 1968, although the regular voting year does not begin until March 1, 1968. The registrar is not required to prepare a registration list of these voters for use during the month of February.

Acts 1967, 60th Leg., p. 936, ch. 414, §§ 1, 2 amended articles 5.02; and 5.05, subd. 2a; section 4 of the act amended article 5.12a; sections 5-7 of the act added articles 5.13a,

5.18b and 5.22b; section 8 of the act amended article 5.23a, and section 9 thereof provided effective dates and is set out as a note under article 5.02.

Art. 5.12a Registration by former aliens, new residents, and persons reaching voting age

Subdivision 1. Former aliens. Any former alien upon becoming a naturalized citizen may register at any time thereafter for the voting year in which he becomes a naturalized citizen, and if naturalized during the month of February, for the ensuing voting year beginning on the first day of March thereafter, if at the time of applying for registration he is a qualified elector or will become a qualified elector before the end of the voting year for which he is registering. Before registering a voter under the provisions of this section, the registrar shall require the applicant for registration to present satisfactory evidence of his naturalization and of the date on which he was naturalized.

Subdivision 2. New residents. Any person who was not a resident of the state on the first day of the regular registration period but who becomes a resident before the beginning date of a voting year may register for that voting year at any time after he becomes a resident and up to thirty days before the end of the voting year, if at the time of applying for registration he is a qualified elector or will become a qualified elector before the end of the voting year.

Subdivision 3. Persons reaching voting age. Any person otherwise qualified to vote who is under twenty-one years old on the last day of the registration period but who will become twenty-one years old before the end of the voting year may register at any time beginning with the first day of the registration period and up to thirty days before the end of the voting year.

Subdivision 4. When certificate becomes effective for voting. Any person registering under the provisions of Subdivision 1 must have registered at least four days before the day of any election at which he offers to vote, and any person registering under the provisions of Subdivision 2 or 3 must have registered at least thirty days before the day of any election at which he offers to vote."

Amended by Acts 1967, 60th Leg., p. 938, ch. 414, § 4, eff. June 12, 1967.

Synopsis of Changes—1967

This amendment [Acts 1967, 60th Leg., p. 936, ch. 414, § 3] restores in modified form the provisions permitting new residents of the State and persons becoming 21 years old to register at any time during the voting year, with the requirement that they must have registered at least 30 days before any election at which they wish to vote. (Under the 1966 law, the regular registration period was the only time available to them for registration.) Under the

new law, a person who was not a resident of the State on the first day of the regular registration period, or a person who had not yet reached 21 years of age on the last day of the period, may register at any time during the voting year. As under the 1966 law, former aliens naturalized after the close of the regular registration period may register at any time during the voting year.

Acts 1967, 60th Leg., p. 936, ch. 414, §§ 1, 2 amended articles 5.02 and 5.05, subd. 2a; section 3 of the act added article 5.11b-1; sections 5-7 added articles 5.13b,

5.18b and 5.22b; section 8 of the act amended article 5.23a and section 9 of the act provided effective dates and is set out as a note under article 5.02.

Art. 5.13b Registrar may require written application when applicant applies in person

Whenever the registrar deems it desirable to do so, he may require persons who are applying for registration in person to fill out and sign an application form meeting the same requirements as the form used in applying for registration by mail, and may defer preparation of the registration certificate until a later time, to be mailed to the applicant or held for delivery to him in person if the applicant so directs. A certificate which is to be mailed to the voter must be mailed in time to be received before the date on which it becomes effective for voting. When application is made in writing, the provision of Section 47a¹ requiring signature of the registration certificate by the registrant or his agent does not apply.

Synopsis of Changes—1967

Heretofore the law provided that a voter applying in person would supply the necessary information orally, and the registrar would fill in the certificate and issue it immediately. This amendment [Acts 1967, 60th Leg., p. 936, ch. 414, § 5] allows the

registrar to require applicants for registration in person to fill out a written application form, and the registrar may complete the registration certificate and mail it to the voter at a later date.

Acts 1967, 60th Leg., p. 936, ch. 414, §§ 1, 2 amended articles 5.02 and 5.05, subd. 2a; section 3 of the act added article 5.11b-1; section 4 of the act amended article 5.12a; sections 6, 7 of the act added arti-

cles 5.18b and 5.22b; section 8 of the act amended article 5.23a and section 9 thereof provided effective dates and is set out as a note under article 5.02.

Art. 5.18b Registration by persons in military service, etc.

Any person in either of the following categories who is stationed outside the boundaries of the state at the time of applying for an absentee ballot in any general, special or primary election and who has not previously registered with the registrar of voters for that voting year shall be deemed to have applied for registration for that election by applying for an absentee ballot on an official federal post card application for absentee ballot:

- (1) a member of the armed forces of the United States while in active service, his spouse and dependents residing with or accompanying him;
- (2) a member of the merchant marine of the United States, his spouse and dependents residing with or accompanying him;

For Annotations and Historical Notes, see V.A.T.S.

(3) a civilian employee of the United States serving outside the territorial limits of the several states and the District of Columbia, his spouse and dependents residing with or accompanying him; and

(4) a member of a religious group or welfare agency assisting members of the armed forces, who are officially attached to and serving with the armed forces, and his spouse and dependents residing with or accompanying him.

Upon receipt of a federal post card application from a person in one of the above categories whose official address listed thereon shows him to be stationed outside the state, the clerk shall ascertain whether his name is on the list of registered voters for the precinct of his residence, and if his name does not appear thereon, the clerk shall examine the information on the federal post card application and if it shows the applicant to possess the qualifications for voting at that election in the precinct of his residence, the clerk shall enter his name on a list headed "Voters registering for the _____ election held on _____ by federal post card application for absentee ballot under Section 50b, Texas Election Code."¹ The list shall be made up in duplicate, and one copy shall be filed as a record of the clerk's office if the clerk conducting the absentee voting is a county clerk or a city secretary or city clerk, and as a record of the authority which appointed the clerk for absentee voting in other instances, to be preserved for a period of two years, after which it may be destroyed. The other copy shall be placed with the records of the election which are delivered into the custody of the officer designated in Paragraph (a)(2) of Section 111b of this code,² to be subject to the same regulations as those records. In entering on the posted list of absentee voters in his office the name of a person registered under the provisions of this section, the clerk shall place alongside the voter's name a notation showing that registration was effected in this manner.

Subsec. (f) amended by Acts 1967, 60th Leg., p. 1880, ch. 723, § 22, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Amends Subsection (f) to standardize the penalty for the misdemeanor offense defined in the subsection.

Art. 6.05 Form of the ballot

Subdivision 1. All official paper ballots for any general, special, or primary election shall be printed on white paper of uniform style and of sufficient thickness to prevent the marks thereon to be seen through the paper. A suitable number of sample ballots may be printed on yellow paper for any election, but no ballot on yellow paper may be cast or counted.

Subdivision 2. Upon each official ballot in every general, special, or primary election there shall be in the top right-hand corner a detachable stub formed by a perforated line which shall start two inches below the top right-hand corner of the ballot and shall extend two inches to the

For Annotations and Historical Notes, see V.A.T.S.

left and thence to the top edge of the ballot. Upon the stub thus formed there shall be no printing or writing except the number of such ballot and the date and designation of the election, and the words, "NOTE: VOTER'S SIGNATURE TO BE AFFIXED ON THE REVERSE SIDE." All ballots prepared for an election shall be numbered consecutively beginning with No. 1 in each county if the election is to be held in a single county or part thereof, or is to be held in more than one county or part thereof and the result in each county is to be canvassed separately prior to the final canvass. In elections held by a city or other political subdivision of the State, all ballots for the election shall be numbered consecutively beginning with No. 1. The number that appears on the stub shall also appear in the top left-hand corner of the ballot. The numbers shall be printed or stamped in consecutive order on all the ballots prepared for any election, with a separate number for each ballot, at the time of printing and before they are divided up and delivered to the election judges.

Subdivision 3. In any general or special election at which the name of any candidate is to be printed on the ballot as the nominee of a political party, the tickets of the political parties which have nominated a candidate or candidates shall be arranged side by side in vertical columns of uniform width separated by a parallel rule. The first vertical column on the left-hand side of the ballot shall be used for printing the titles of the offices to be voted on, with the words "Candidates for:" being printed at the top of the column, and thereunder shall be listed the titles of the offices. In the top space in the second and succeeding vertical columns shall be printed the names of the political parties having nominees on the ballot, in the sequence specified by law. Listed under each party name and opposite each office title shall be printed the name of the party's candidate for the office. If the name of any independent or nonpartisan candidate is to be printed on the ballot, the next succeeding column shall be headed "Independent" and shall contain the names of the independent candidates opposite the appropriate office titles. The last column shall be headed "Write-In." The office titles shall be separated from each other by parallel horizontal lines extending across the ballot, through the party columns, the column for independent candidates, and the column for write-in candidates.

Subdivision 4. When presidential electors are to be voted upon, their names shall not appear on the official ballot, but the names of the candidates for president and vice-president, respectively, of the political parties shall appear at the head of their respective tickets, printed as one race, and the votes for presidential electors of the various parties shall be canvassed, counted, and returns made in accordance with Section 171 and Section 172 of this Code.¹

Subdivision 5. In any general or special election for which no party nomination has been made, the titles of the offices to be voted on shall be arranged in a vertical column, and beneath the title of each office the names of the candidates shall be arranged in the order specified by law. In any election for which write-in votes are permitted, beneath the names of the candidates under each office there shall be a blank space with either a broken or a solid line underneath, as the space for a write-in vote, and when more than one candidate is to be elected for an office, the number of write-in spaces shall correspond to the number of candidates to be elected. If the over-all size of the ballot, arranged as one column, exceeds 18 inches in length, the office titles may be arranged in parallel vertical columns, all except the last of which shall be at least 16 inches in length.

Subdivision 6. On all official ballots for an election, the type for all office titles shall be of uniform style and size; the type for all column

headings shall be of uniform style and size; and the type for the names of all candidates shall be of uniform style and size.

Subdivision 7. On each official ballot where officers are to be elected or nominated, there shall be printed on the left hand side of the name of each candidate a square, [], and there shall be printed immediately below the words "Official Ballot" the following instruction note: "Vote for the candidate of your choice in each race by placing an 'X' in the square beside the candidate's name." On each official ballot on which party columns appear, a larger square shall be printed on the left-hand side of the name of the party, at the head of each party ticket, and the following shall be added to the instruction note: "You may vote a straight ticket by placing an 'X' in the square beside the name of the party of your choice at the head of the party column." Appropriate changes in the instruction note shall be made where only one race is listed on the ballot or where more than one person is to be elected in any given race.

Subdivision 8. When constitutional amendments or other propositions are to be voted on, they shall appear once on each ballot in uniform style and type. Each proposition shall be submitted by printing the word "FOR" and beneath it the word "AGAINST" on the left-hand side of a single statement of the proposition, with a brace or parallel horizontal lines or other suitable device to show clearly to which proposition each "FOR" and "AGAINST" belongs. A square shall be printed on the left-hand side of the word "FOR" and of the word "AGAINST" in the statements submitting each proposition, and the following instruction note shall be printed immediately above the propositions: "Place an 'X' in the square beside the statement indicating the way you wish to vote." The provisions of this subdivision shall supersede all existing statutes on the form in which propositions are to be submitted in all elections where paper ballots are used except local option elections held under the provisions of the Texas Liquor Control Act, and shall also supersede any conflicting enactment passed by the 60th Legislature at its regular session unless such enactment expressly excepts it from the operation of this subdivision.

Amended by Acts 1967, 60th Leg., p. 1026, ch. 452, § 1, eff. Aug. 28, 1967.

¹ Articles 11.02 and 11.03.

Synopsis of Changes—1967

Subdivisions 1 and 2, providing for a stub ballot printed on white paper, carry forward pre-existing provisions without change.

Subdivision 3, prescribing the form where party nominees appear on the ballot (e. g., the general election for state and county officers), provides that the office titles are to be printed in the first left-hand column, and only the names of the candidates are to be printed in the party columns opposite the appropriate office titles. (Heretofore, both the office titles and the names of the candidates were printed in the party columns.)

Subdivision 4, on voting for presidential electors, carries forward pre-existing law without change.

Subdivision 5, relating to the form of the ballot in general and special elections where no party nomination has been made, is new. It applies to elections for officers of cities (if no party nomination), school districts, conservation districts, and other political subdivisions, as well as to special elections called by the Governor to fill vacancies in office. Art. 6.03 of the Election Code, which heretofore provided that the ballot

form in local elections was to be prescribed by local authorities, has been repealed by Sec. 77 of Chapter 723, 60th Leg., Reg. Sess., p. 1932.

Subdivision 6, on style and size of type used, carries forward the substance of the pre-existing law.

Subdivision 7 provides for marking the ballot by the check method instead of the scratch method where offices are voted on. See Sec. 62 of the Election Code, below, for related provisions.

Subdivision 8, relating to submission of constitutional amendments and other propositions, makes two changes in the law. One change is to provide that the statement of the proposition will be printed only once, with "FOR" and "AGAINST" preceding the statement. (Under pre-existing law, the statement of the proposition was printed after the word "For" and again after the word "Against".) The other change is to provide for the check method of voting, instead of the scratch method. This subdivision does not apply to local option elections held under the Texas Liquor Control Act.

For Annotations and Historical Notes, see V.A.T.S.

This amendment of Sec. 61 [by Acts, 1967, 60th Leg., p. 1858, ch. 723] was superseded by the amendment of the same section in Chapter 452. The difference in the two amendments is that the amendment in

Chapter 452 provides for the "check" method of marking the ballot, whereas this amendment continued the former "scratch" method.

Acts 1967, 60th Leg., p. 1026, ch. 452, §§ 2, 3 amended articles 6.06 and 6.07 respectively; section 4 of the act of 1967 provided: "This Act shall supersede any other act passed at the Regular Session of the 60th Legislature which amends any section of the Texas Election Code amended herein, regardless of the relative date of passage or approval of such other act,

and the enactment of any such other amendment shall be deemed null and void, as though it had not been enacted." Acts 1967, 60th Leg., p. 1858, ch. 723, § 23, which purported to amend this article, was deemed null and void, as though it had not been enacted, by Acts 1967, 60th Leg., p. 1026, ch. 452, § 4.

Art. 6.05c Order of offices and names of candidates

Subdivision 1. Order of state, district, county, and precinct offices.
(a) Whenever there are to appear on the ballot for any general, special, or primary election, two or more office titles of offices which are regularly filled at the general election provided for in Section 9 of this code,¹ they shall be listed on the ballot in the following relative order:

(b) Whenever any new office within either of the above categories is created, the Secretary of State shall issue a directive designating its relative position on the ballot.

(c) Whenever the titles of party offices are to appear on the ballot for a primary election, they shall be listed following the public offices, in the order of "County Chairman" and "Precinct Chairman".

(d) Whenever any provision of this code authorizes or permits certain offices to be grouped and placed on a separate ballot or in a special column or section on the main ballot, the relative order as prescribed in Paragraph (a) of this subdivision shall be observed in listing such offices on the separate ballot or in the special column on the main ballot.

¹ Article 2.01.

Subdivision 2. Elections held by other political subdivisions. In elections held by municipalities, the office titles shall be listed on the ballot in the relative positions in which the offices are listed in the order calling the election, unless otherwise provided by charter or ordinance. In elections held by other political subdivisions, the authority calling the election shall determine the order of the offices on the ballot.

Subdivision 3. Order of names of candidates. (a) In any general or special election in which the names of more than one candidate for the same office are to be printed on the ballot in an independent or non-partisan column or are to be printed on the ballot without party designation, the order in which the names of such candidates are to be printed on the ballot shall be determined by a drawing, to be conducted by the county clerk in elections held at the expense of the county, by the city secretary in city elections, and by the officer with whom the applications for a place on the ballot are filed in elections held by other political subdivisions. The officer conducting the drawing shall post a notice in his office, at least three days prior to the date on which the drawing is to be held, of the time and place of the drawing, and shall also give personal notice to any candidate who makes written request for such notice and furnishes to the officer a self-addressed, stamped envelope; and each candidate involved in the drawing or a representative designated by him shall have a right to be present and observe the drawing.

(b) In primary elections, the order in which the names of the candidates appear on the ballot shall be determined in the manner provided in Section 195 of this code.¹

Amended by Acts 1967, 60th Leg., p. 1882, ch. 723, § 24, eff. Aug. 28, 1967.

¹ Article 13.17.

Synopsis of Changes—1967

Subdivisions 1 and 2, prescribing the order in which office titles are to be printed on the ballot, are new. Subdivision 3, relating to the order of the names of candidates on the ballot, carries forward the existing law without change.

Art. 6.06 How to mark ballot

In all elections, general, special, or primary, the voter shall place an "X" in the square beside the name of each candidate for whom he wishes to vote; provided, however, that if the voter places a plus sign (+) or a check mark (✓) or any other mark that clearly shows his intention, in such space, it shall be counted as a vote for that candidate, provided that no more names are thus marked than there are places to be filled. When party columns appear on the ballot, a voter desiring to vote a straight ticket may do so by placing an "X" or other clear mark in the square at the head of the column of the party for which he wishes to vote. If the name of the person for whom the voter wishes to vote is not printed on the ballot, the voter shall write in the name of the candidate for whom he wishes to vote, in the write-in column under the appropriate office title in elections where party columns appear on the ballot, and in an appropriate space under the title of the office in other elections; provided, however, that a voter shall not be entitled to vote for any candidate whose name is not printed on the ballot in any runoff election for nominating candidates or electing officers, and a space for write-in votes shall not be provided on the ballot for such elections. A voter shall also not be entitled to vote for any candidate whose name is not printed on the ballot in any other type of election where the law expressly prohibits votes for write-in candidates. In all elections where questions or propositions are to be voted on except local option elections held under the provisions of the Texas Liquor Control Act, the voter shall place an "X" or other clear mark in the square beside the statement indicating the way he wishes to vote on each proposition. The failure of a voter to mark his ballot in strict conformity with these directions or failure to vote a full ballot shall not invalidate the ballot, and a ballot shall be counted on all races and propositions wherein the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot. It is specifically provided that the election officers shall not refuse to count a ballot because of the voter's having marked his ballot by scratching out the names of candidates for whom or the statement of propositions for which he does not wish to vote.

Amended by Acts 1967, 60th Leg., p. 1028, ch. 452, § 2, eff. Aug. 28, 1967.

Synopsis of Changes—1967

The change in this section is to provide for marking ballots by the method of placing an X or a check mark in a square beside the names of candidates or statements of propositions for which the voter wishes to vote, instead of the scratch method of

marking out the names of opposing candidates or contrary statements of propositions. It does not apply to local option elections held under the Texas Liquor Control Act.

Acts 1967, 60th Leg., p. 1026, ch. 452, §§ 1, 3 amended articles 6.05 and 6.07 respectively.

Art. 6.06a Write-in votes when office title is not on ballot

Whenever at any general election there is no candidate whose name is to be printed in the ballot for an office subject to being filled at that election and the officer making up the official ballot fails to list the title of the office thereon, no person shall be declared elected to the office by virtue of write-in votes cast by writing in the title of the office and the name of the candidate unless the total number of votes cast for all write-in candidates for that office exceeds fifty percent of the total number of voters participating in the election who are eligible to vote for the office.

Added by Acts 1967, 60th Leg., p. 1884, ch. 723, § 25, eff. Aug. 28, 1967.

Synopsis of Changes—1967

This new section provides that where write-in votes are cast for an office not printed on the ballot, the total number of write-in votes cast for all candidates for the office must exceed 50 percent of the total number of persons participating in the election before a write-in candidate will be declared elected. The purpose of the section is to prevent election of a candidate by a small number of write-in votes where the voters generally may not have been aware of the possibility that someone could be elected by write-in voting.

Art. 6.07 Constitutional amendments and other questions

Subdivision 1. When a proposed constitutional amendment or other question submitted by the Legislature is to be voted on, the form in which it is submitted if the Legislature has failed to prescribe the same, shall be prescribed by the Governor in his proclamation, describing the same in such terms as give a clear idea of the scope and character of the amendment in question. When more than one (1) proposed constitutional amendment or other question is submitted by the Legislature at one (1) election, the Secretary of State shall give to each such proposition and question a separate number, and shall certify the same together with its separate number to the county clerk of each county in the State. The number given to each such proposition, question or proposed amendment shall be determined by lot. The Secretary of State shall hold such drawing at a time and place designated by him and such drawing shall be open to the public. The propositions and questions so submitted shall be printed and numbered on the official ballot in the serial order in which they are numbered by the Secretary of State.

Subdivision 2. Such constitutional amendments shall be published, under the authority of the Secretary of State as required by the Constitution. The Secretary of State shall apportion the amendments to the contracting newspapers; shall furnish affidavit forms, in duplicate, to be executed by the owner, editor or publisher of the newspaper, when four (4) publications shall have been made; shall furnish one (1) approved copy of each executed affidavit to the Comptroller, who shall then authorize the Treasurer to issue warrant in the amount specified. Executed affidavits must be returned from the owner, editor or publisher of the newspaper, to the Secretary of State within thirty (30) days from the date of the last publication; unless this time limit is observed, the Secretary of State shall refrain from approving affidavits for payment. Provided, however, if the Secretary of State shall deem it more expeditious or economical he may apportion such amendments and make a written contract with any state-wide association of daily and weekly newspapers in Texas for the publication of such constitutional amendments in newspapers designated by him. Such association shall cause such amendments to be published in said newspapers in the manner required by the Constitution; shall furnish such materials as are necessary for a correct and uniform publication of such amendments in said newspapers; shall furnish affidavit forms, in duplicate, to such newspapers, to be executed by the owner, editor, or publisher thereof, when four (4) publications shall have been made; shall make an itemized report to the Secretary of State showing the names of all the newspapers in which such amendments were published, the number of column inches submitted to each publication, the cost of publication in each newspaper, together with a clipping for such newspaper, and any other information desired by the Secretary of State pertaining to such task; shall return within thirty (30) days from the date of the last publication all affidavits executed by the owner, editor, or publisher of such newspapers, together with an affidavit executed in duplicate by the general manager of such association that the amendments have been published by said newspapers as required by the Constitution, to the Secretary of State, who shall, after satisfying himself as to the proper publication of such amendments, furnish one (1) approved copy

of the executed affidavit of the general manager of the association to the Comptroller, who shall authorize the Treasurer to issue warrant in the amount specified to the association. The Comptroller and Treasurer shall forthwith perform their duties in this connection, so that undue length of time shall not elapse between publication and payment therefor. The Legislature shall appropriate a sufficient fund for such publication, such fund to be estimated by the Secretary of State.

Subdivision 3. The form in which any proposition or question to be voted on by the people of any city, county or other subdivision of the State shall be submitted, unless prescribed by statute, city charter, or ordinance, shall be prescribed by the local or municipal authorities submitting it.

Amended by Acts 1967, 60th Leg., p. 1029, ch. 452, § 3, eff. Aug. 28, 1967.

Synopsis of Changes—1967

The change in this section is to delete a provision on method of marking ballots submitting constitutional amendments, which is now covered by Sections 61 and 62 of the Election Code [Arts. 6.05, 6.06]. Subdivision 3 has been amended to clarify that the local authorities prescribe the form in which a local proposition is to be

submitted only when the form has not been prescribed by statute, charter, or ordinance.

This amendment [Acts 1967, 60th Leg., p. 1858, ch. 723] was superseded by the amendment of the same section in Chapter 452. However, the changes made in the two amendments are identical.

Acts 1967, 60th Leg., p. 1026, ch. 452, §§ 1, 2 amended articles 6.05 and 6.06 respectively; section 4 of the act of 1967 provided: "This Act shall supersede any other act passed at the Regular Session of the 60th Legislature which amends any section of the Texas Election Code amended herein, regardless of the relative date of passage or approval of such other act, and

the enactment of any such other amendment shall be deemed null and void, as though it had not been enacted." Acts 1967, 60th Leg., p. 1858, ch. 723, § 26, which purported to amend this article, was deemed null and void, as though it had not been enacted, by Acts 1967, 60th Leg., p. 1026, ch. 452, § 4.

CHAPTER SEVEN—ARRANGEMENT AND EXPENSES OF ELECTION

Art. 7.15. Providing for Electronic Voting Systems [New].

Art. 7.07 County election board

In general and special elections for election of officers who are regularly elected at the general election provided for in Section 9 of this code,¹ the county judge, county clerk, sheriff, and county chairman of each political party which is required to nominate candidates by primary election shall constitute a board, a majority of whom shall act to provide the supplies necessary to hold and conduct the election. In all other elections held by the county, the board shall be composed of the county judge, county clerk and sheriff. As used herein, the word "supplies" means all supplies and equipment needed for the election, including, without limitation, ballot boxes, voting booths, guard rails, voting machines, and other voting equipment. The supplies shall be delivered to the presiding judges of

the election by the sheriff or any constable of the county, when not called for and obtained in person by the presiding judges, provided, however, that delivery of voting machines shall be made in accordance with the provisions of Section 79 of this code.² The board shall file with the commissioners court a written report of their action as to supplies furnished by the county, giving a detailed statement of the expenses incurred in procuring such supplies.

Amended by Acts 1967, 60th Leg., p. 1885, ch. 723, § 27, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Adds the county chairmen of the major political parties to the election board in general and special elections for the election of officers. (For other elections held by the county, the board continues to be composed of the county judge, county clerk, and sheriff.) Adds a provision clarifying that the board has jurisdiction over distribution of voting machines.

Sec. 14. Instructions for voters in the polls. In addition to the sample ballots and model hereinbefore mentioned, which shall be prominently displayed and the particular attention of each voter thereto called by the presiding officer, if any voter after entering the machine, but before the curtains thereof are closed, shall desire further instructions, an election officer shall give such instruction without asking, persuading, or otherwise trying to induce such voter to vote for or against any ticket, candidate, amendment, question, or proposition, and watchers may be present while such instruction is being given. Finishing instructions, the election officer and watchers shall retire, whereupon such voter shall close the curtain and vote as in the case of an unassisted voter.

Sec. 18. Making out the returns and proclamation of the result. (a) Prior to the day of election, the authority charged with furnishing the supplies for the election shall cause to be prepared the necessary blanks for the statement of canvass mentioned herein, which shall be delivered to the presiding judge with other supplies for the election. The statement of canvass shall be of a form to be approved by the Secretary of State and shall conform with the type of voting machine to be used, and the designating number and letter of each candidate or proposition shall be printed next to the candidate's name or the proposition on the statement of canvass.

(b) As soon as the polls are closed, the election officers shall immediately lock the machine against voting. They then shall sign a certificate stating that the machine was locked and sealed, giving the exact time, and giving the number of voters shown on the public counters, which shall be the total number of votes cast on such machine in that precinct, the number on the seal, and the number registered on the protective counter. (This also shall be the procedure at the close of absentee voting when the machines are used for absentee voting by personal appearance.) They then shall open the counting compartment in the presence of the watchers, giving full view of all the counter numbers. The presiding judge shall, under the scrutiny of the watchers, in the order of the offices as their titles are arranged on the machines read and announce in distinct tones the designating number and letter on each counter for each candidate's name, and the result as shown by the counter numbers, and shall then read the votes recorded for each office on the irregular ballots. He shall also in the same manner announce

For Annotations and Historical Notes, see V.A.T.S.

the result of each proposition voted on. The vote as registered shall be entered on the statements of canvass in ink by two clerks and verified by the three election officers and by two watchers of opposing interest (if there be such), the entries to be made in the same order on the space which has the same designating number and letter, after which the figures shall again be verified by being called off in the same manner from the counters of the machines by watchers of opposed interest (if there be such). The returns of the canvass as required by law shall then be filled out and verified, and shall show the number of votes cast for each candidate and the number of votes cast for and against any proposition submitted, and shall be signed by the three election officers and at least two watchers of opposed interest (if such there be). The counter compartments of the voting machine shall remain open throughout the time of making of all statements and certificates and the official returns and until they have been fully verified, and during such time any candidate or his representative or any representative of any newspaper or press association shall be admitted. The proclamation of the result of the votes cast shall be deliberately announced in a distinct voice by the presiding judge, who shall read the names of each candidate, with the designating number and letter of his counter, and the vote registered on such counter, and also the vote cast for or against any proposition submitted. During such proclamation ample opportunity shall be given to any person lawfully entitled to be in the polling place to compare the results announced with the counter dials of the machine, and any necessary corrections shall then and there be made, after which the doors of the voting machine shall be locked and sealed with the seal provided, so sealing the operating lever of the machine that operation of the voting and counting mechanism will be prevented.

(c) If the machine is provided with a device which produces a printed record of the numbers registered on the counters, the procedure outlined herein shall be followed in lieu of the procedure set out above for preparation of the statements of canvass. After preparation of the certificate giving the number of voters shown on the public counters and the other information as provided for in the preceding paragraph, the presiding judge, in the presence of at least two clerks and two watchers of opposed interest (if such there be) and of any other person lawfully present who wishes to observe, shall take the necessary steps to secure a printed record from each machine. The election officers shall then open the counter compartments and shall compare the printed record with the counters, verifying that the printed record correctly shows the designating number and letter on each counter and the result as shown by the counter numbers. Ample opportunity shall be given to all persons lawfully entitled to be present at the polling place to examine the printed record and compare it with the machine. The printed record shall then be signed by the presiding judge and two clerks and by two watchers of opposed interest (if such there be), certifying that the printed record was obtained from the machine designated thereon and that the printed record was compared with the machine and correctly records the results as shown on the counter dials, and the certified printed record shall constitute the official statement of canvass for that machine. The returns of the canvass shall then be filled out, verified, and signed as provided in the preceding paragraph.

(d) After the making out of the returns has been completed, the presiding judge shall deliver immediately, and in no event later than five hours after the closing of the polls, the statement of canvass and the returns to the proper authorities as provided by law. Irregular ballots, properly sealed and signed, shall be delivered to the officer designated by law as the custodian of voted paper ballots, and shall be preserved in the same manner and for the same length of time as provided by law for other ballots. The presiding judge shall deliver to the coun-

ty clerk the keys of the voting machine enclosed in a sealed envelope, across the seal of which shall be written his own name together with that of at least two watchers of opposed interest (if such there be) or of two other election officers, and on the envelope shall be recorded the date of the election, the number of the precinct, the number of the seal with which the machine was sealed, the number of the public counter and the number of the protective counter.
 Sec. 18 amended by Acts 1967, 60th Leg., p. 1886, ch. 723, § 29, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Amended [Sec. 14] to require that the instructions to the voter be given by an election judge or clerk rather than by watchers.

Amended [Sec. 18] to require that the returns be delivered by the election judge within five hours after the polls close. See first sentence of Paragraph (d). This is the only change.

Art. 7.15 Providing for Electronic Voting Systems

Subdivision 1. Purpose. The purpose of this section is to authorize the use of electronic voting systems in which the voter records his votes by marking or punching a ballot which is so designed that votes may be counted by data processing machines.

Subdivision 2. Definitions. As used in this section, unless otherwise specified:

- (a) "Electronic voting system" means a system of voting in which voted ballots are counted and tabulated by automatic tabulating equipment.
- (b) "Automatic tabulating equipment" means any apparatus which automatically examines and counts voted ballots and tabulates the results.
- (c) "Voting equipment" means any kind of equipment used in connection with an electronic voting system other than automatic tabulating equipment.
- (d) "Ballot card" means a card which is placed upon or inserted in a voting device and which is marked or pierced by the voter in the process of voting.
- (e) "Ballot labels" means card, papers, booklet, pages, or other material attached to a voting device containing the names of offices, candidates and parties and statements of measures to be voted on.
- (f) "Ballot" may refer to paper ballots, ballot cards, ballot labels, or combinations of ballot cards and ballot labels depending on the context.
- (g) "Central counting station" means one or more locations selected by the proper public official for the automatic counting and tabulating of ballots.

Subdivision 3. Examination and approval of electronic voting systems. (a) Any person, firm, or corporation desiring to have an electronic voting system adopted for use in this state may apply to the Secretary of State to have such system examined. Before the examination the applicant shall pay to the Secretary of State the sum of \$450. The Secretary of State shall cause such system to be examined as hereinafter provided and shall make and file and keep on file in his office a report of such examination, which shall show whether the system so examined meets the requirements set forth in Subdivision 4 of this section. If the report states that the system meets those requirements, it shall be approved, and the system may be adopted for use at elections as provided in this section.

(b) Before making and filing his report, the Secretary of State shall require the system to be examined by three examiners to be appointed by the Secretary of State for such purpose, one of whom shall be expert in patent law, one of whom shall be expert in electronic data proc-

For Annotations and Historical Notes, see V.A.T.S.

essing, and one of whom shall be expert in election law and procedure, and shall require from them a written report on their examination, which shall be attached to the Secretary of State's report and kept on file. Each examiner shall receive one hundred and fifty dollars as his compensation and expenses in making the examination and report. Neither the Secretary of State nor any examiner shall have any pecuniary interest in any electronic voting system. When a system has been approved, any improvement or change that does not impair its accuracy, efficiency, or capacity shall not make necessary a reexamination or reapproval thereof. Any electronic voting system not approved as herein provided cannot be used at any election in this state.

Subdivision 4. Requirements for electronic voting systems. (a) Any electronic voting system approved by the Secretary of State must meet the following requirements:

(1) It must permit voting in absolute secrecy, except in the case of voters who have received assistance as provided in this code.

(2) It shall permit each voter:

(A) to vote at any election for all persons and offices for whom and for which he is lawfully entitled to vote, and no others;

(B) to vote, in a general election, for any person for any office, whether or not nominated as a candidate by any party but whose name is legally on the ballot as an independent candidate;

(C) to vote for a person whose name does not appear on the ballot, in any election and for any office where write-in votes are permitted by law;

(D) to have his vote counted for no more than one person for the same office, unless permitted by law, and at the same time prevent his vote from being counted more than once for the same person for the same office;

(E) to vote for or against any question upon which he is entitled to vote;

(F) to vote, by means of a single mark or punch, for all candidates of one party or to vote a split ticket as he desires.

(b) No electronic voting system shall be approved by the Secretary of State unless he finds that it is suitable for the purpose for which it is intended, and that it will operate efficiently and accurately and provide adequate safeguards against fraudulent manipulation under the conditions under which it is intended to be used.

(c) In his certification of approval of any electronic voting system, the Secretary of State shall certify whether in cases where a voter splits a straight party vote, the system is capable of counting the straight party vote only for the candidates of that party for offices as to which the voter has not voted for individual candidates and of counting the votes cast for individual candidates. If the system is so certified, the voting of a split ticket in that manner shall be allowed in elections using that system.

Subdivision 5. Adoption by commissioners court. (a) The commissioners court of any county in the state may adopt one or more kinds of approved electronic voting systems for use in elections in part or all of the election precincts in the county. If a particular system is not adopted for use throughout the county, the commissioners court shall designate the precincts, which shall be not less than three in number, in which such system is to be used, and any other authorized method of voting may be used in the remaining precincts. The court may provide that in any precinct designated for use of a particular electronic voting system the voting in that precinct may be supplemented by use of some other authorized method of voting when in any election it appears that the number of available units of the system designated for use in that

precinct is inadequate for that election; and the officer or board charged with the duty of furnishing supplies of the election may make such supplementation under those conditions.

(b) The commissioners court at any time may rescind or modify its previous order or orders adopting any electronic voting system and may discontinue use of the system altogether, but use of the system shall be retained in at least three of the voting precincts if retained for use in any part of the county.

(c) The electronic voting system adopted by the commissioners court shall be used at the biennial general elections for state and county officers in all precincts designated by the court for use of such system. In all other elections, general, special, or primary, the authority holding the election shall determine within its discretion whether the voting in such precincts for the particular election shall be by use of such system or by some other authorized method of voting in any or all of the precincts for which the system has been adopted. The determination shall be made by the commissioners court in elections held at the expense of the county, by the governing body of the municipality or political subdivision in elections held by municipalities and other political subdivisions, and by the county executive committee of the party holding the election in primary elections of political parties.

Subdivision 6. Experimental use of electronic voting systems. The commissioners court of any county in the state may secure, for experimental use at elections in one or more precincts, without formal adoption thereof, any kind of electronic voting system approved by the Secretary of State, and its use at any election in such precinct within the period specified by the commissioners court for experimental use of such electronic voting system shall be as valid for all purposes as if it has been formally adopted; provided, however, that the period for experimental use shall not exceed two years from the date of the order authorizing its use.

Subdivision 7. Providing voting equipment. The commissioners court of a county which has adopted an electronic voting system for that county or any portion thereof, shall as soon as practicable and in no case later than six months after adoption thereof, provide for each election precinct designated the voting equipment which the court deems necessary for accommodation of voters in the general election for state and county officers, and shall thereafter preserve and keep such equipment in repair. The commissioners court may also, if it deems such action in the best interests of the county, provide for the county a suitable number of pieces of automatic tabulating equipment for use in the central counting stations in the county.

Subdivision 8. Payment for voting equipment and automatic tabulating equipment. (a) The commissioners court shall provide for the payment for voting equipment and automatic tabulating equipment to be used in such county in such manner as the court may deem for the best interests of the county, and for the purpose of paying for such voting equipment or automatic tabulating equipment, or both, the commissioners court is hereby authorized to issue bonds, certificates of indebtedness, warrants, or other obligations to be used for this purpose and no other, which shall be a charge against the general revenue fund of the county. Such bonds, certificates of indebtedness, warrants, or other obligations may be issued with or without interest payable at such time or times as the commissioners court may determine, but shall never be issued or sold for less than par. The commissioners court shall issue such bonds, certificates of indebtedness, warrants, or other obligations in the same manner and with the same authority as provided for the issuance of bonds, certificates of indebtedness, warrants, or other obligations by the general laws of this state. The necessary tax shall be set aside at the

For Annotations and Historical Notes, see V.A.T.S.

time of creating such obligation so as to meet the debt provisions of the Constitution.

(b) If the commissioners court of any county deems it for the best interests of such county, the court is hereby authorized to contract for the renting of an electronic voting system or any portion thereof by such county for use in elections for a term of not more than five years in any one contract of rental. Upon expiration of such terms of contract of rental, the commissioners court may renew or extend the contract from time to time. The commissioners court of any county is also authorized to accept proposals of rental and/or sale of electronic voting systems or any part thereof wherein the rentals paid by such county for the use of such an electronic voting system or a part of the rentals may be applied on the purchase price of such system if the commissioners court determines that it is to the best interest of the county to do so.

(c) The voting equipment and automatic tabulating equipment shall be the property of the county paying for or renting it, subject to the terms of the rental contract. When used in any election not held at the expense of the county, the voting equipment and county-owned tabulating equipment so used shall be leased to the authority holding the election, and payment shall be received by the county at such lease price as the commissioners court shall fix for each piece of voting equipment or tabulating equipment used, but not to exceed ten percent of the original cost of the unit for each election day such equipment is used; and the authority charged with the expense of holding the election shall pay the lease price, whether it be a municipality or other political subdivision, a political party, or any other organization or authority.

(d) Notwithstanding any other provision of this subdivision, the commissioners court may enter into agreements with the owners or lessees of automatic tabulating equipment located at central counting stations designated by the court pursuant to this section, under which the authority holding the election will pay to such owner or lessee a stipulated charge for use of the equipment under such terms as may be agreed upon. Any such agreement shall be for a term of not more than two years, but it may be renewed or extended from time to time.

Subdivision 9. Absentee voting. (a) In any election in which an electronic voting system is to be used in all or part of the voting precincts, the authority charged with holding the election shall within its discretion determine by proper resolution or order whether or not an electronic voting system shall be used for absentee voting by personal appearance at such election. If the electronic voting system is to be used for such absentee voting and more than one kind of system has been adopted by the commissioners court, the authority shall specify what kind is to be used.

(b) If the authority holding the election determines that an electronic voting system shall be used for absentee voting by personal appearance, the necessary ballots and voting equipment shall be provided in the clerk's office. The procedure for absentee voting by personal appearance where paper ballots are used shall be followed insofar as it can be made applicable. The clerk shall enter on a poll list the name of each such voter at the time he votes. If an electronic voting system is used for voting by personal appearance and the absentee ballots voted by mail are counted manually, such ballots shall be counted by a special canvassing board as provided in Subdivision 6 of Section 37 of this code.¹ The board shall also prepare the voted electronic voting system ballots for delivery to the central counting station in the manner provided in Subdivision 19 of this section, and such ballots shall be delivered to the central counting station and there tabulated, as provided in Subdivisions 19 and 20 of this section. The presiding judge shall add the results of any manually counted ballots and the results of any write-in votes to the

tabulation made on the automatic tabulating equipment, and shall make returns showing the totals thus obtained.

(c) When absentee ballots voted by personal appearance are to be marked with an ordinary pen or pencil in the manner that ordinary paper ballots are marked, and the absentee ballots are to be counted manually, the ballots shall be handled in the manner provided in Section 37 of this code for the handling of absentee paper ballots, and shall be counted and tallied by a central canvassing board or by the precinct election officers, as the case may be, in the same way that paper ballots are tallied. Absentee ballots sent to precinct polling places for counting shall be added to the results for ballots cast at the polling place.

(d) When absentee voting is conducted by paper ballots, the ballots prepared for use in the electronic voting system may be used, if practicable, in the absentee voting both by personal appearance and by mail; otherwise, the ballots shall be prepared as ordinary paper ballots provided for in this code.

(e) The authority holding the election may authorize true copies of paper absentee ballots voted by personal appearance or by mail to be made on electronic voting system ballots in the presence of watchers and the ballots counted and tabulated in the manner provided in Subdivisions 19 and 20 of this section. Both the original ballot and the duplicate shall be preserved. Each duplicate ballot shall be clearly labeled by the word "Duplicate" and shall bear a serial number, which shall also be recorded on the original ballot.

¹ Article 5.05.

Subdivision 10. Instruction of election officers. Not less than three days before an election, the authority holding the election shall cause to be held a public school of instruction on the use of the electronic voting system for those who will conduct the election at the polling places and those who will be at the central counting stations, such school to be open to any interested person. Notice of the meeting shall be given to the public press at least 48 hours before it is to be held.

Subdivision 11. Form of the ballot. (a) Except as otherwise provided herein, the ballot for electronic voting systems shall conform to the applicable provisions of this code governing voting by ordinary paper ballots to the extent that they are consistent with the use of electronic voting systems.

(b) This paragraph (b) shall govern the form of the ballot to be used with electronic voting systems in which the voter records his votes on a ballot on which the names of offices, candidates and parties and statements of measures to be voted on are set forth in a manner similar to ordinary paper ballots.

(1) Ballots may be of such size, composition, texture, and color (other than yellow, which shall be used for sample ballots only), and may be printed in any type of ink or combination of inks that will be suitable for use in the automatic tabulating equipment in which they are intended to be placed. Printing on the ballots shall be of such size that it will be clearly legible when read by the voter in the manner contemplated by the voting system being used.

(2) The ballots may contain printed code marks or prepunched holes necessary for placing the ballots in correct reading position in the tabulating equipment, but the code marks or prepunched holes shall not be used in any way that will reveal the identity of the voters voting the ballots.

(3) The ballot may be divided into parts and printed upon two or more pages. Where all candidates for the same office or all party columns cannot be placed on the same face of the same page, the candidates or columns may be carried on more than one page, but in such event the first page of the sequence shall contain a statement that the names of

For Annotations and Historical Notes, see V.A.T.S.

other candidates or other party columns appear on the following page or pages. If the ballot is printed on more than one page, different tints of paper other than yellow, or some other suitable means may be used to facilitate the sorting of ballots. Each page shall bear the ballot number, and other appropriate provision may be made for identifying the related parts of the ballot. When party columns appear on the ballot, there shall be printed at the head of the ballot the names of the parties and a space for voting a straight party ticket.

(4) Each ballot shall have attached at the top a detachable stub of such size and placement on the ballot as is appropriate for the tabulating equipment to be used for counting the ballots. The stub shall contain the printing specified in Section 61 of this code,¹ and shall contain no other printing or writing, except that it may contain the instructions for marking the ballot.

(c) This subparagraph (c) shall govern the form of the ballot to be used with electronic voting systems in which the names of offices, candidates and parties and statements of measures to be voted on are set forth on ballot labels attached to a voting device and the voter records his vote by marking or punching a ballot card which is placed upon or inserted in the voting device.

(1) Ballot cards may be of such size, composition, texture and color (other than yellow, which shall be used for sample ballots only) and may be printed in any type of ink or combinations of ink that will be suitable for use in the automatic tabulating equipment in which they are intended to be placed. Ballot labels may be of such size, composition, texture and color (other than yellow) that will be suitable for use on the voting device on which they are placed. Printing on the ballot label shall be of such size that it will be clearly legible when read by the voter in the manner contemplated by the voting system being used.

(2) Ballot cards may contain printed code marks or prepunched holes to assure that the card is properly positioned in the voting device or to assure that the card is placed in correct reading position in the tabulating equipment, but the code marks or prepunched holes shall not be used in any way that will reveal the identity of the voters voting the ballots.

(3) The names of candidates, offices, parties and statements of issues to be voted on may be printed on two or more ballot labels placed on the voting device. Where all candidates for the same office or all party columns cannot conveniently be placed on the same face of the same label, the candidates or columns may be carried on more than one page, but in such event the first page of the sequence shall contain a statement that the names of other candidates or other parties appear on the following page or pages. If the ballot is printed on more than one ballot label, different tints of paper, other than yellow, may be used for different pages of the ballot labels, and other suitable means may be adopted to facilitate the use of the ballot labels with the ballot card. When party columns appear on the ballot there shall be printed at the head of the ballot the names of the parties and a space for voting a straight ticket.

(4) In elections in which party columns appear on the ordinary paper ballot, the following method of showing party affiliations may be used in lieu of party columns. The title of each office shall be printed on the party labels followed by the names of the candidates for that office and their party affiliations, if any. Provision shall be made on the first page of the ballot labels for voting a straight party ticket, and the candidate of the party which is printed in the first party column on paper ballots shall be printed in the first position under the office title, the candidate of the party which is printed in the second column on paper ballots shall be printed in the second position, and so on. Uncontested races may be listed separately from contested races under the heading "Uncontested Races."

(5) Each ballot card shall have attached at the top a detachable stub of such size and placement on the card as is appropriate for the tabulating equipment to be used for counting the ballots. The stub shall contain the printing specified in Section 61 of this code,¹ and shall contain no other printing or writing, except that it may contain the instructions for marking the ballot.

(6) If the number of candidates and/or propositions to be voted upon in any election exceeds the capacity of one voting device, the ballot may be divided into parts and a different voting device used for each of the separate parts. A separate voting device shall be provided for each part at each polling place, but in all cases where more than one device is necessary to list the entire ballot, the names of all candidates for any particular office shall be placed on one device. Each ballot card shall bear the ballot number, and other appropriate provision may be made for identifying the related ballot cards. In lieu of using an additional voting device for listing the ballot, uncontested races may be listed separately under the heading "Uncontested Races," with the name of each candidate appearing under the title of the office for which he is a candidate, and if the election is one in which party columns appear on the ballot, the party affiliation of the candidate shall be indicated by printing the name of the party which nominated him (or the word "Independent" if he is an independent candidate) after the candidate's name; and all such uncontested races may be voted on as a bloc.

(7) If the authorities holding the election determine, in their discretion, that more than one voting device is necessary to accommodate the number of voters in an election precinct, as many voting devices shall be used for each precinct as such authorities deem necessary, and the same form of ballot containing the names of all candidates and/or propositions arranged in the same manner shall be provided for each device.

(8) A separate write-in ballot, which may be in the form of an envelope in which the voter places his ballot or ballot card after voting, shall be provided to permit voters to vote for a person whose name does not appear on the ballot.

(d) This subparagraph (d) shall apply to the form of the ballot for all electronic voting systems.

(1) Where officers are to be elected or nominated, there shall be printed on each ballot the following instruction note: "Vote for the candidate of your choice in each race by placing a punch hole in the space provided adjacent to the name of that candidate." Where the ballot is to be marked with a marking device using ink or other substance, the work "mark" shall be substituted for "punch hole." Appropriate changes in the instruction note shall be made where only one race is listed on the ballot or where more than one person is to be elected in any given race. Where measures or propositions are to be voted on, the instruction note shall be: "Place a punch hole (mark) in the space provided beside the statement indicating the way you wish to vote." The ballots shall also contain instructions on how to vote a straight ticket, how to vote a split ticket, and how to vote for a candidate whose name is not on the ballot. The wording of the instructions shall be prescribed by the Secretary of State.

(2) The statement of propositions and measures submitted to the voters may be abbreviated on the ballot if necessary, provided there is displayed in each voting booth or place prepared for the voter to mark his ballot the verbatim statement on each proposition or measure as it appears on paper ballots. Abbreviation of matter to be voted on throughout the state shall be done by the Secretary of State.

ing system is used shall provide sample ballots and printed instruction cards for voting. Without limitation on other instructions which may be included, the instruction card shall include instructions on how to mark the ballot, how to vote for a person whose name is not printed on the ballot, how to vote a straight ticket or a split ticket where party columns or party affiliations are on the ballot, and how to secure an additional ballot if the ballot is spoiled or marked erroneously. Throughout the time the polls are open, a sample ballot and instruction card shall be posted in each booth or place prepared for the voter to mark his ballot. Extra voting equipment for demonstration purposes may be placed in the polling place.

Subdivision 13. Instructions to voters. In addition to the sample ballots and instruction cards hereinbefore mentioned, if any voter desires further instructions, an election officer shall give such instruction without asking, persuading, or otherwise trying to induce such voter to vote for or against any ticket, candidate, or measure, and watchers may be present while such instruction is being given. Finishing instructions, the election officer and watchers shall retire and the voter shall proceed to mark his ballot.

Subdivision 14. Assistance to voter. If because of some bodily infirmity a voter is physically unable to operate the voting equipment or to see, he may be assisted by two election officers, or by a person selected by the voter, who shall mark the ballot in accordance with the voter's wishes. The provisions of Section 95 of this code¹ govern the assistance rendered insofar as they can be made applicable.

¹ Article 8.13.

Subdivision 15. Ballot box and stub box. For each polling place where an electronic voting system is used, there shall be supplied two ballot boxes for the deposit of voted ballots, which shall be of suitable design and with a suitable opening for placing the ballots therein in such manner that the ballots will not be damaged or rendered unfit for counting on the tabulating equipment. There shall be supplied a stub box prepared in the manner prescribed in Section 97 of this code,¹ except that the opening thereof shall be of such size as necessary, but no larger, to permit the convenient deposit of the ballot stubs used at the election. There shall also be supplied suitable containers for transporting the voted ballots to the central counting station.

¹ Article 8.15.

Subdivision 16. Preliminaries of opening the polls. There shall be provided for each polling place sufficient voting equipment to accommodate the voters at the election. Before the time set for opening the polls, the presiding judge shall inspect the equipment to ascertain whether it is in good working condition. Each voting booth shall be so placed that it will be in full view of all election officers and watchers at the polling place but will permit a voter to mark his ballot in secret.

Subdivision 17. Conduct of the voting. (a) The procedure at the polls where voting is by use of an electronic voting system shall be the same as at polling places where paper ballots are used, except as provided in this section. Where the portion of the ballot to be marked by the voter consists of more than one page or ballot card, the related parts may be placed in an envelope or otherwise secured so that the parts will not become separated before delivery to the voter. When a voter selects his ballot, he shall be instructed to use only the voting equipment provided for marking the ballot and that he is not to mark his ballot in any other way and is not to place any other marks thereon, except for write-ins. After a voter has marked his ballot, he shall follow the procedure prescribed in Section 97 of this code¹ for signing and detaching the ballot stub and for deposit of the ballot and stub.

(b) The election officers shall inspect the voting equipment from time to time while voting is in progress to ascertain that it has not been

injured or tampered with and is in proper working order. If any equipment becomes out of order at an election, it shall be repaired or replaced as promptly as possible. If repair or replacement cannot be made, the ballots may be marked with a pencil and counted manually in the same manner that paper ballots are counted.

¹ Article 8.15.

Subdivision 18. Procedure while polls are open. At any time after the expiration of one hour after the voting has begun, the presiding judge may direct the receiving officers to deliver ballot box No. 1 to the counting officers, who shall immediately deliver in its place ballot box No. 2, which shall be opened and examined and securely closed and locked; and until the boxes are again interchanged, the voters shall deposit their ballots in box No. 2. In this manner, ballot boxes No. 1 and No. 2 may be interchanged periodically as directed by the presiding judge, but the box for receiving the ballots shall not be delivered to the counting officers and the ballots shall not be removed from it at any time before the polls are closed unless there are more than ten ballots in the box. Once the box for receiving the ballots is delivered to the counting officers, they shall remove the voted ballots from the ballot box and carry out the procedures prescribed in Subdivision 19 of this section preparatory to making the ballots, envelopes, and other materials ready for delivery to the central counting station. The authority holding the election may in its discretion also provide that voted ballots of designated precincts shall be delivered by authorized election officials, in the presence of watchers, to a central counting station at stated intervals during the day and that the processing of such ballots in accordance with the procedures prescribed in Subdivision 20 may begin prior to the close of the polls. Such processing may be limited by the authority holding the election to procedures preparatory to the counting and tabulating of ballots, or the authority holding the election may also permit the preliminary counting and tabulating of ballots with automatic tabulating equipment; but in no event shall any results be disclosed prior to the close of the polls, and all persons connected with the handling and tabulating of the ballots shall be subject to the provisions of Section 105 of this code¹ with respect to revealing information as to the results of the election.

¹ Article 8.23.

Subdivision 19. Procedure after polls are closed. (a) As soon as the polls are closed and the last ballot has been deposited in the ballot box, the election officers shall immediately secure or inactivate all voting equipment in the polling place so that no equipment may be used or operated by any unauthorized person. They shall then count the number of names on the poll list, the number of unused ballots and the number of spoiled ballots returned by voters, and shall insert these totals on the report forms provided therefor. They shall then remove from the ballot box all voted ballots not theretofore removed in accordance with Subdivision 18 of this section. They shall examine the ballots for write-in votes and count the votes cast for candidates whose names have been written in; provided, however, that if the voting system is such that write-in votes can be detected and segregated by the tabulating equipment, the counting of write-in votes may be done at the central counting station. Before any write-in vote is counted, the election officers shall examine the ballot to ascertain whether the write-in vote is valid, and count it only if it is found to be valid. A notation shall be made on the invalid portion of a ballot and it shall be segregated from other ballots and placed in the container provided for that purpose. Write-in votes shall be added to the results of the count of the ballots at the central counting station and be included in the official returns for the precinct. If the ballot consists of more than one part, the precinct election officials, after checking for write-in votes, shall then sort the ballots according to types or parts.

For Annotations and Historical Notes, see V.A.T.S.

(b) The authority holding the election shall provide metal or wood ballot containers with numbered metal seals for use in delivering voted ballots from the polling place to the central counting station. A record of the serial numbers of the seals shall be preserved, and a copy of such records shall be furnished the central counting station. All voted ballots which are to be counted by automatic tabulating equipment shall be placed in a ballot container at the polling place for delivery to the central counting station. The poll lists and tally sheets for write-in votes shall be enclosed in envelopes provided for that purpose and placed in the container with the voted ballots. Before sealing the ballot container, the election judge shall execute a certificate in triplicate recording the number of ballots placed in the container and the serial number of the seal. The certificate shall also be signed by an election clerk as witness and by at least two watchers of opposed interests if such there be. The original of the certificate shall be placed in the container with the ballots, and the container shall then be sealed so that no additional ballots may be deposited and no ballots may be removed without breaking the seal. One copy of the certificate shall be immediately mailed to the authority holding the election in a pre-addressed stamped envelope at the nearest post office or postbox by two election officers other than those who deliver the ballot container to the counting station. The other copy of the certificate shall be retained with the election records at the polling place.

(c) After the ballot container is sealed, two authorized election officers shall immediately deliver the ballot container to the central counting station, and watchers shall have the privilege of accompanying them and of being present throughout the proceedings at the polling place and at the central counting station. The container shall be opened only by the person in charge of the central counting station or his designated representative, who shall inspect the container and the seal and shall verify the serial number on the seal with the record of serial numbers provided by the authority holding the election and with the original certificate enclosed in the container. Any irregularities shall be reported to the officer in charge of the counting station, who shall take appropriate action. After the container has been opened and the ballots removed, the original certificate and the broken seal shall be preserved with the other permanent election records of the central counting station.

(d) As an alternative to the procedure provided above, the authority holding the election may in its discretion provide pre-locked and pre-sealed ballot boxes for use in designated precincts and require that ballot boxes be delivered to the central counting station in their locked and sealed condition and that the processing of voted ballots required to be performed at the polling place by the above provisions be performed at the central counting station. In that event, the authority holding the election shall provide an adequate number of ballot boxes for each polling place, which shall be locked and sealed prior to delivery. Each ballot box shall be locked in such a way that it may not be opened except with a key of which only the election authority has possession and sealed with a numbered metal seal in such a way that the ballot box may not be opened without breaking the seal. A record of the serial numbers of the seals shall be preserved, and a copy of such record and the keys to the ballot box locks shall be furnished the central counting station. Upon completion of the voting at the polling place, or whenever a ballot box has been inactivated, the ballot box slot through which ballots are inserted shall be closed with a paper seal signed by the election judge, an election clerk, and two watchers of opposed interests if such there be. The ballot box containing the voted ballots shall then be delivered to the central counting station by the election officers in its locked and sealed condition under the same security measures as are provided in Paragraph (c) above for ballot containers. All procedures provided above to be performed at the polling place other than the processing of voted ballots shall be performed by the election

officers at the polling place, and copies of all poll lists and reports shall be enclosed in envelopes provided for that purpose and inserted in the final ballot box to be delivered to the central counting station before the ballot box slot is sealed. The ballot box shall be opened at the central counting station only by the person in charge or his designated representative, who shall inspect the ballot box, the metal seal and the paper seal and shall verify the serial number on the metal seal with the record of serial numbers provided by the election authority. Any irregularities shall be reported to the officer in charge of the counting station, who shall take appropriate action. The broken metal and paper seal shall be preserved with the other permanent election records of the central counting station. After the ballot box has been opened, the voted ballots shall be processed in the manner provided in Paragraph (a) above by authorized central counting station election officers. The presiding judge for the polling place or his designated representative shall have the privilege of being present during such processing, and watchers shall have the privilege of being present throughout the proceedings both at the polling place and the counting station. In the event the election authority permits early processing of ballots at the central counting station as provided in Subdivision 18, emptied ballot boxes may be relocked and resealed at the central counting station by representatives of the election authority for further use at polling places.

(e) After the election officers at the polling place have delivered all ballots to the central counting station, the stub box and all other election supplies and records, including all duplicate certificates and unused seals, shall be delivered to the proper authority designated by law to receive them.

Subdivision 20. Procedure at central counting station. (a) The commissioners court shall establish one or more central counting stations to receive and tabulate voted ballots. A central counting station shall be under the supervision and control of the commissioners court, and all persons employed and designated to handle the ballots or operate the tabulating equipment shall be approved by the commissioners court. No person except one employed and designated for the purpose shall touch any ballot card or ballot container.

(b) Prior to the start of the count of the ballots, the authority in charge of holding the election shall have the automatic tabulating equipment tested to ascertain that it will accurately count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least forty-eight hours prior thereto by publication once in one or more daily or weekly newspapers published in the county, city or other political subdivision where such equipment is used, if a newspaper is published therein, otherwise in a newspaper of general circulation therein. The test shall be conducted by processing a preaudited group of ballots marked or punched so as to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. In such test a different number of valid votes shall be assigned to each candidate for an office, and for and against each measure. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made and certified to by the person in charge of the test before the count of the official ballots is started. The tabulating equipment shall pass the same test at the conclusion of the count before the election returns are approved as official. On completion of the test count, the programs and test materials shall be sealed and retained as provided for paper ballots.

(c) The ballots for the various election precincts shall be separately tabulated by precincts. The ballots for a precinct shall be removed from their containers and prepared for processing by the automatic tabulating

For Annotations and Historical Notes, see V.A.T.S.

equipment. They shall be checked to ascertain that they are properly grouped and arranged so that all similar ballots from the precinct are together.

(d) The valid portion of a ballot which has been invalidated in part by the election officers as provided in Subdivision 19 of this section may be duplicated in the presence of watchers and substituted for the partially invalidated ballot, which shall be preserved, or such partially invalidated ballots may be counted manually.

(e) If it appears that a ballot cannot be counted by the automatic tabulating equipment, it may be counted manually or the person in charge of the counting station may cause a duplicate ballot to be made in the presence of the watchers and substituted for the original ballot, which shall be preserved. Each duplicate ballot prepared under either this paragraph or the preceding paragraph shall be clearly labeled with the word "Duplicate" and shall bear a serial number, which shall also be recorded on the original ballot.

(f) Upon completion of the count for each precinct, the presiding judge shall add to the results as so determined the results of the write-in votes as counted and tallied by the precinct election officers and shall thereupon make a written return of the election in the number of copies required for elections where paper ballots are used. The ballots, together with one copy of the returns, the poll list, and the tally list for write-in votes, shall be placed in a wooden or metallic box, which shall be securely locked. The voted ballots and all records of the election shall be delivered to the proper authorities as provided for election precincts where paper ballots are used.

(g) If for any reason it becomes impracticable to count all or a part of the ballots or ballot cards with tabulating equipment, the authority holding the election may direct that they be counted manually, following as far as practicable the provisions governing the counting of paper ballots.

(h) If the automatic tabulating equipment used with any electronic voting system produces a printed record of the votes tabulated by such equipment, such printed record to which have been added the write-in and absentee votes shall, after being duly certified, constitute the official return for that precinct.

Subdivision 21. Applicability of other laws. Except as otherwise provided in this section, the provisions of all other laws relating to the conduct of elections shall apply, so far as practicable, to the conduct of elections where electronic voting systems are used.

Added by Acts 1967, 60th Leg., p. 1888, ch. 723, § 29a, eff. Aug. 28, 1967.

Synopsis of Changes—1967

This new section is permissive legislation to authorize use of electronic voting systems. Before a system can be used, it must be approved by the Secretary of State in a manner similar to that prescribed for voting machines under existing law. County commissioners courts are authorized to adopt any approved system for use at elections within the county, in similar manner as authorized for voting ma-

chines under existing law. The Voting Machine Law (Art. 7.14 of the Election Code) is not affected, and a county may use electronic voting equipment in combination with voting machines, or paper ballots, or both. The new section details the procedures for voting and for counting of ballots in elections conducted by electronic systems.

CHAPTER EIGHT—CONDUCTING ELECTIONS AND RETURNS THEREOF

Art. 8.02 Preliminary arrangements

The presiding judge and such clerks as he designates shall meet at the polling place in sufficient time before opening of the polls to complete the preliminary arrangements required by this section. However,

no judge or clerk shall be paid for more than one hour of work before the polls open. Watchers may be present during any or all of the time that the preliminary arrangements are being made. Before opening of the polls, the election officers shall arrange the guard rail, the space within the guard rail, the voting booths, if any, and the furniture for the orderly and legal conduct of the election. The election officers shall then examine the ballot boxes and the blank official ballots to see that they are properly printed and numbered, removing any unnumbered or otherwise defectively printed ballots, and shall deposit such ballots as are found to be defective in printing in ballot box No. 4. for defective, mutilated, and unused ballots. They shall examine the sample ballots, instruction cards, distance markers, tally sheets, return sheets, certified list of voters, rubber stamps and all things required for the election. The package of official ballots shall remain in the custody of the presiding judge and shall not be opened until the morning of the election and at the polling place. The presiding judge shall cause to be placed, at the outer limits of the area prescribed in Section 109¹ within which loitering and electioneering are prohibited, visible distance markers in each direction of approaches to the polls, on each of which shall be printed in large letters the words: "Distance marker. No electioneering or loitering between this point and the entrance to the polls." The election officers shall examine the ballot boxes and then relock them, after all present can see that they are empty. The ballot clerks with official ballots, the presiding officer of the election, the poll clerk, the election supplies and the certified lists of registered voters for the precinct shall be as conveniently near each other as practicable within the polling place.

Amended by Acts 1967, 60th Leg., p. 1900, ch. 723, § 30, eff. Aug. 28, 1967.

¹ Article 8.27.

Synopsis of Changes—1967

Deletes statement of the specific distance within which electioneering is prohibited in the provision for placement of distance markers, the purpose of the change being to eliminate necessity for

amending this section each time the section regulating electioneering is amended. Adds a provision limiting pay of judges and clerks for work before the polls open to a period not exceeding one hour.

Art. 8.19 Deposit and count

In all elections, general, special, or primary, at the expiration of one hour after voting has begun, the receiving officers shall deliver ballot box No. 1 to the counting officers, who shall at once deliver in its place ballot box No. 2, which shall again be opened and examined and securely closed and locked; and until the ballots in box No. 1 have been counted, the voters shall deposit their ballots in box No. 2. Ballot box No. 1 shall, upon its receipt by the counting officers, be immediately opened and the ballots taken out by one of them, who shall read and distinctly announce while the ballot remains in his hand, the name of each candidate voted for thereon, which shall be noted on the tally sheet. The ballot shall then be placed in box No. 3, which shall remain locked and in view until the counting is finished, when the box shall be returned, locked and sealed, to the county clerk or other officer as provided by law. Ballot boxes No. 1 and 2 shall be used by the receiving officers and the counting officers alternately, as above provided, as often as the counting officers have counted and exhausted the ballots in either box. It is provided, however, that the box for receiving the ballots shall not be delivered to the counting officers and the ballots shall not be removed therefrom at any time before the polls are closed unless there are more than ten ballots in the box. After the polls have closed, the counting of votes shall proceed continuously until all of the votes are counted and the returns are properly certified and signed.

Amended by Acts 1967, 60th Leg., p. 1900, ch. 723, § 31, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Adds provision that ballots are not to be removed for counting during the time the polls are open unless there are more than 10 ballots in the box. Also adds provision that after the polls are closed, the counting of ballots shall proceed continuously until the counting is completed.

Art. 8.22 Death, declination or ineligibility of candidate before election

(a) If a nominee dies or declines the nomination before the election, or is declared ineligible to be elected to or to hold the office for which he is a candidate, and no one is nominated to take his place, his name shall be printed on the ballot and the votes cast for him shall be counted and return made thereof; and, if he shall have received a plurality of the votes cast for the office, the vacancy shall be filled as in case of a vacancy occurring after the election.

(b) If a candidate in the first primary dies after the thirtieth day preceding that election, his name shall be printed on the first primary ballot and the votes cast for him shall be counted and returned for him. If such a deceased candidate receives a majority of the votes, the proper executive committee shall choose a nominee and certify such name to the proper officer, as provided in Section 233 of this code,¹ to be printed on the general election ballot. If such a deceased candidate is one of the two highest candidates in that race in the first primary and if no one has a majority vote, the two living candidates with the highest votes shall be certified to have their names printed on the second primary ballot. If a candidate whose name is to appear on the second primary ballot dies between the dates of the first and second primaries, his name shall be printed on the second primary ballot and the votes cast for him shall be counted and returned for him; and if such a deceased candidate receives a majority of the votes in the second primary, the proper executive committee shall choose a nominee and certify his name to the proper officer, as provided in Section 233 of this code,¹ to be printed on the general election ballot.

¹ Article 13.56.

Synopsis of Changes—1967

The provision for keeping the name of a deceased candidate on the first primary ballot if death occurs after the deadline for filing is changed to provide for retention of his name if death occurs after the 30th day preceding the election, in keeping with an amendment to Art. 13.12, below. The provision for keeping on the ballot the name of a nominee who has died or declined the nomination if no one is nominated to take his place is amended to include an ineligible nominee also.

Art. 8.23 Revealing information before polls are closed

It shall not be unlawful for any presiding judge of an election to reveal at any time the number of votes that have been cast up to that time, but it shall be unlawful for any judge, clerk, watcher, or other person connected with the holding of an election, before the hour for closing the polls, to reveal any information as to the names of persons who have or have not voted at the election, or as to the votes that have been received for or against any proposition or candidate, or as to the candidate who is leading or trailing in the tabulation of the votes. Anyone who violates any provision of this section is guilty of a misdemeanor and upon conviction shall be fined not to exceed one thousand dollars.

Art. 8.27 Electioneering or loitering near polls

(a) It shall be unlawful for any sound truck to approach within one thousand feet of a polling place during the hours the polls are open for the purpose of making any political speeches or electioneering for or against any proposition or candidate.

(b) It shall be unlawful for any person to do any electioneering or loitering while the polls are open within one hundred feet of any outside door through which a voter may enter the building in which a polling place is located. The presiding judge shall prevent unlawful electioneering or loitering, and for this purpose he may appoint a special peace officer to enforce this authority upon approval of the appointment by the presiding officer of the canvassing authority for the election. Notwithstanding the general authority granted to election judges in Section 87 of this code,¹ a special peace officer appointed by the presiding judge shall not undertake to enforce the provisions of this section unless his appointment has been approved as required herein.

(c) Any person who operates a sound truck, either as the driver of the vehicle or as the speaker or operator of the sound equipment, in violation of this section, or who does any electioneering or loitering in violation of this section, is guilty of a misdemeanor and upon conviction shall be fined not to exceed one thousand dollars."

Clarifies the point from which prohibited distance for electioneering is measured. Adds a provision requiring approval by the presiding officer of the canvassing authority for the election before an election judge

can appoint a special peace officer to enforce the prohibitions against electioneering. Transfers the corresponding penal provision from Art. 259 of the Penal Code to this section.

Art. 8.32 Ballots and copy of returns delivered to county clerk

Immediately after the counting of the ballots is completed, the presiding judge shall place all the ballots voted, together with one copy of the returns, poll list, and tally list, into a wooden or metallic box, and shall securely fasten the box with nails, screws, or locks, and he shall immediately, and in no case later than twenty-four hours after the closing of the polls, deliver the box to the county clerk of his county. He shall deliver the key or keys to the sheriff, who shall keep the same for thirty days. It shall be the duty of the county clerk to keep the box securely, and it shall be unlawful for the county clerk or anyone else to burn or otherwise destroy these ballots and records, or permit it to be done, except where provided for by the law; and anyone violating this provision of this section upon conviction shall be fined not to exceed one thousand dollars. Also, the presiding judge shall deliver a copy of the returns, together with a copy of the poll list and tally list, to the county clerk at the same time that he delivers the ballot box, and the clerk shall immediately announce the returns of the election in the precinct reporting, and shall post the returns on a bulletin board within his office. In event of any contest or criminal investigation growing out of the election within sixty days after the day of the election, the county clerk shall deliver the ballot box to any competent officer having process therefor, for any tribunal or authority authorized by law to demand such box. If no contest or criminal investigation arose out of the election within sixty days after the day of such election, the clerk shall destroy the contents of the ballot box by burning same; provided, that the district judge, upon his own motion or upon the request of the county or district attorney, may, by an order entered on the minutes of the district court, defer the destruction of the contents of the

In all elections for State or district officers, including presidential electors, and including members of the Legislature, the county judge shall, within forty-eight (48) hours after the Commissioners Court shall have opened the returns and canvassed the result, as provided in Section 116,¹ make out duplicate returns of the election; one of which he shall immediately transmit to the seat of government of the State, sealed in an envelope, directed to the Secretary of State; and endorsed, "Election Returns for _____ county, for _____" (filling the first blank with the name of the county and the other blank with the name of the office for which the election was held, or a designation of the proposed Amendments to the Constitution voted upon, as the case may be); and the other of such returns shall be deposited in the office of the clerk of the county court of the county where such election was held.

CHAPTER NINE—CONTESTING ELECTIONS

Art.
9.38a. Recount of paper ballots [New].

Art. 9.38a Recount of paper ballots

Subdivision 1. Grounds for recount. (a) A candidate for nomination or election to any public office or to the party office of county chairman or precinct committeeman may obtain a recount of the votes cast for

the office on manually counted paper ballots, in the manner outlined in this section:

(1) if the difference in the number of votes received by him and the next highest candidate above him is less than five percent of the number of votes received by such next highest candidate, as shown by the returns of the election officers, and the candidate seeking the recount would gain the election or nomination or a place on a runoff election ballot if the recount showed him to have received a greater number of votes than that opponent, or

(2) if one or more judges of the election make an uncontradicted affidavit stating that certain ballots cast for the office were counted or were not counted, as the case may be, and the Secretary of State certifies that, on the basis of the statements in the affidavit, the election officers were in error in either counting or failing to count the ballots, as the case may be, and further certifies that from the affidavit or affidavits submitted to him and on the basis of the unofficial returns it appears likely that the number of miscounted ballots were of sufficient number to change the result of the election in that race as it affects the candidate seeking the recount.

(b) If the ground of the application for a recount is that the difference in votes is less than five percent, the request must be for a recount of all the ballots cast for the office in each and every election precinct, including the absentee ballots cast for the office; and the canvassing board shall order a complete recount.

(c) If the ground of the application is that election officers erroneously counted or failed to count certain ballots, the candidate at his option may request a recount of all the ballots cast in the election or only the ballots cast in the election precincts in which the miscounting is alleged to have occurred; and if only a partial recount is requested, the canvassing board shall order a recount only of all the ballots cast in those precincts in which the Secretary of State certifies that ballots were erroneously counted or not counted.

Subdivision 2. Procedure for requesting recount; general provisions. (a) A candidate desiring a recount must file a written, signed application with the presiding officer of the body which canvasses the returns of the election and makes the official declaration of the result (hereinafter called "canvassing board"). The application may be presented for filing at any time after the returns from all election precincts involved have been received from the presiding judges of the election, and it must be presented not later than the second day after the official declaration of the result; provided, however, that if the application is for a partial recount in any election wherein the unofficial returns show that a runoff election for the office involved will be necessary or wherein a runoff would be necessary if the recount changed the result of the election, the application must be filed not later than the fifth day after the day of the election. If the chairman of a state executive committee receives an application under the first ground stated in Subdivision 1 of this section, or receives the certification for a recount from the Secretary of State upon an application filed under the second ground, more than three days before the next scheduled meeting of the state committee, he may direct the county executive committee in each county involved to conduct the recount and to report the result to the state committee; and if the application is for a recount in a first primary election, which recount might affect a runoff election in the second primary, in the stated circumstances the state chairman shall direct the county committee in each county involved to proceed immediately with the recount.

(b) In addition to other requirements stated in this section, each application must show the name and address of each opposing candidate, and the name and address of the presiding judge of each election precinct

For Annotations and Historical Notes, see V.A.T.S.

for which a recount is requested. On the same day that a candidate delivers or mails his application to the presiding officer of the canvassing board, he must deliver in person or mail by certified or registered mail, with return receipt requested, a copy of the application and any supporting papers to each opposing candidate at the election.

Subdivision 3. Procedure where ground for recount is alleged error in counting or failing to count ballots. A candidate requesting a recount under the second ground stated in Subdivision 1 of this section must attach to his application a supporting affidavit or affidavits showing that the conditions for requesting the recount are met. On the same day that he delivers or mails his application to the presiding officer of the canvassing board, he must deliver or mail a copy of the application, together with a copy of each supporting affidavit, executed as an original, to the Secretary of State with the request that the Secretary of State make the certification described in Subdivision 4 of this section. Any opposing candidate shall be entitled to file with the Secretary of State a controverting affidavit or affidavits in denial of statements made in the supporting papers filed by the candidate requesting the recount, within three days after the date on which the application was delivered in person or mailed to him.

Subdivision 4. Action by Secretary of State on request for certification. Not sooner than three days nor later than five days after receipt of a request for certification under Subdivision 3 of this section, the Secretary of State shall consider the request and take action thereon. If from uncontroverted statements in the supporting papers it clearly appears, on the basis of the statutes and court decisions of this state, that the election officers were in error in counting or failing to count certain ballots and that the error likely affected the outcome of the race, he shall so certify. If the facts alleged fail to show a clear case of error or raise an unresolved legal question as to whether an error was committed with respect to certain ballots, the Secretary of State shall so find, and he shall not undertake to make a ruling on disputed facts or unresolved legal questions. Within the time stated above, the Secretary of State shall certify his findings and conclusions to the candidate making the request, with a copy to the presiding officer of the canvassing board and to each opposing candidate.

Subdivision 5. Deposit to cover costs of recount. A candidate requesting a recount shall deposit with the presiding officer of the canvassing board either cash, a cashier's check, a certified check, or a surety bond of an authorized corporate surety, in the amount of ten dollars for each election precinct in which a recount is to be made pursuant to his request, or in the amount of fifty dollars, whichever amount is the greater. If the application is filed under the first ground stated in Subdivision 1 of this section, the deposit must accompany the application; if the application is filed under the second ground, the deposit must be made within three days after the date on which the Secretary of State certifies that error which likely affected the outcome of the race was committed in one or more of the election precincts. For the purpose of this section, absentee ballots counted by a special board of election officers constitute ballots for a separate election precinct.

Subdivision 6. Right of opposing candidate to obtain full recount. If a candidate is granted a partial recount under Subdivisions 3 and 4 of this section, any opposing candidate may obtain a recount of all ballots in all precincts by filing a request for a full recount with the chairman of the canvassing board within three days after the date on which the Secretary of State makes his certification, and by accompanying the request with either cash, a cashier's check, a certified check, or a surety bond of an authorized corporation surety, in the amount of ten dollars for each additional election precinct for which a recount will be made

as a result of his request. On the same day that he delivers or mails his request, the opposing candidate must deliver in person or mail by registered or certified mail, with return receipt requested, a copy of the request to the original applicant. Within two days thereafter, the original applicant must make a similar deposit covering the additional precincts to be recounted.

Subdivision 7. Procedure for ordering recount. (a) Where a candidate has complied with all conditions for obtaining a recount, as soon as practicable the canvassing board conducting the recount shall set a date on which the recount is to begin and shall notify by mail each opposing candidate of the place or places where the recount will be conducted and the exact time when it will begin. The time for commencing the recount shall not be sooner than two days nor later than four days after the date of the notification. The recount shall be conducted in the office of the officer having custody of the voted ballots, who shall be entitled to be present or to have a representative designated by him present while the recount is in progress.

(b) The canvassing board shall appoint a committee of three disinterested registered voters of the political subdivision in which the ballots were cast, who shall make the recount. The board shall designate one member of the recount committee to serve as its chairman. Where ballots to be recounted are in the custody of different officers at more than one location, a committee shall be appointed for each location. No person who served as an election judge, clerk, or watcher in any precinct for which ballots are to be recounted shall be eligible for appointment to a recount committee. The committee shall permit any affected candidate or one person authorized in writing by such candidate to be present to watch the recount, to inspect the ballots, to observe the tallying of the votes, and to observe all other actions of the committee in connection with the recount.

Subdivision 8. Procedure for making the recount. (a) The canvassing board shall issue an order to the officer having custody of the voted ballots, stating the names of the recount committee and the time at which the recount is to begin, and directing him to deliver to the chairman of the committee the ballot box or boxes containing the ballots to be recounted. A similar order for delivery of the keys to the ballot boxes shall be issued to the officer having custody of the keys. A copy of each order shall be delivered to the chairman of the committee, who shall present it, as proof of his identity, to the officer named in the order.

(b) The committee shall proceed to make the recount as directed, working for at least seven hours each day on every day that is not a Sunday or a legal holiday until the recount is completed. During the time that the recount is not actually in progress, the ballot boxes shall be relocked and returned to the custody of the officer who delivered them to the committee, and the keys shall be retained in the custody of the chairman of the committee.

(c) After the recount is completed, the committee shall make out its report and deliver it to the presiding officer of the canvassing board. The chairman of the committee shall deliver the locked ballot boxes with the original contents intact and the ballot box keys to the respective officers who originally had custody of the boxes and the keys.

Subdivision 9. Action by canvassing board following recount. As soon as practicable, and not later than two days after receiving all the committee reports, the presiding officer of the canvassing board shall convene the board, which at such meeting shall declare the result of the election for the office involved on the basis of the revised returns. The board and its presiding officer shall take such further actions as may be necessary in the same manner as for an original canvass.

For Annotations and Historical Notes, see V.A.T.S.

Subdivision 10. Costs of recount. (a) The members of the recount committee shall be paid an amount to be fixed by the canvassing board, but not to exceed one dollar and twenty-five cents per hour to each member, which shall be charged as costs. Expenses incurred by the canvassing board or its chairman in giving the notices required by this section shall also be charged as costs.

(b) If the recount shows that the applicant received a greater number of votes than shown by the returns of the election judges, and if as a result of the recount the applicant is declared to have been nominated or elected to the office, or to have become entitled to be a candidate in a runoff election, or to have tied with another candidate between the two of whom the right of nomination, election, or a place on a runoff ballot is to be decided, the cost of the recount shall be paid by the authority charged with the duty of paying the expenses of the election for which the recount was made, and the amount deposited by the applicant shall be returned to him; provided, however, that if the original application was for a partial recount and the results of the election would have been changed in either of the foregoing manners on the basis of the partial recount only, the costs of the recount in additional precincts as the result of a request by an opposing candidate for a full recount shall be borne by the opposing candidate making the request. Otherwise, the cost of the recount shall be paid by the applicant, and any amount remaining from the deposit shall be returned to him. Any costs over the amount of the deposit shall be paid by the applicant if he is charged with the cost of the recount; and any costs of a recount in additional precincts over the amount of the deposit made by the opposing candidate requesting the full recount shall be paid by such candidate if he is charged with the costs in those precincts.

Subdivision 11. Application for a full recount following a partial recount. (a) Whenever there has been only a partial recount in which less than fifty percent of the total votes cast for the office, as shown by the original returns, were recounted, and as a result of the partial recount the number of votes received by any candidate is changed in such a manner that he would be entitled to request a recount under the first ground stated in Subdivision 1 of this section, but he had not been entitled to a recount on that ground on the basis of the original returns, he may obtain a recount in all additional precincts by following the procedure outlined in this subdivision.

(b) Whenever there has been a partial recount of more than fifty percent but less than seventy-five percent of the total votes cast, any candidate may obtain a recount in all additional precincts if he was not entitled to a recount on the first ground on the basis of the original returns, but as a result of the recount the difference in the number of votes received by him and the next highest candidate above him is less than two percent of the number of votes received by such next highest candidate, as shown by the revised returns, and he would gain the election or nomination or a place on a runoff election ballot if the full recount showed him to have received a greater number of votes than that opponent.

(c) An application under this subdivision for a recount in all additional precincts shall be made in the same manner and shall be treated in all other respects as an original application for a full recount, except that it covers only the additional precincts. The application may be made at any time after every recount committee involved in the partial recount has made its report, and must be filed not later than the second day after the canvassing board declares the result of the election on the basis of the revised returns following the partial recount. If as a result of the recount in the additional precincts the applicant therefor is declared to have been nominated or elected to the office, or to have become entitled to be a candidate in a runoff election, or to have tied with another candidate between

the two of whom the right of nomination, election, or a place on a runoff ballot is to be decided, the cost of the recount in the additional precincts shall be paid by the authority charged with the duty of paying the expenses of the election, and the amount deposited by the applicant shall be returned to him. Otherwise, the cost of the recount in the additional precincts shall be paid by the applicant therefor, and any amount remaining from the deposit shall be returned to him. Any costs for the recount in the additional precincts over the amount of the deposit shall be paid by the applicant therefor if he is charged with the cost of the recount.

Subdivision 12. Effect of recount on an election contest. Nothing in this section shall be deemed to prevent the filing of an election contest in a district court or to prevent the ordering of a recount in an election contest or to compel the court hearing the election contest to accept a recount under this section as conclusive of the results of the election.

Added by Acts 1967, 60th Leg., p. 1903, ch. 723, § 37, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Heretofore, the only way in which a recount of paper ballots could be obtained was through an election contest filed in a district court, upon prior allegation and proof that there had been a miscount. This new section allows a recount, under supervision of the canvassing board for the election, whenever the difference between the two highest candidates is less than

5 percent of the number of votes received by the highest candidate. Costs are borne by the candidate requesting the recount unless the recount causes a change in the result of the election. The amendment also allows a recount upon the uncontroverted affidavit of an election officer that error was made in the original count.

(1) The members of an organized political party who shall be permitted to participate in its convention procedure as set forth in this code shall be only those persons who have become qualified as members of the party by voting in the elections of the party or have otherwise qualified as provided in this section. Having once become a qualified member of a party, a person shall remain a qualified member of that party for the duration of that voting year.

(2) The election and convention procedure of the party shall include the general primary election and the second primary election provided for in Section 181 of this code,¹ and shall include the conventions of the

party at precinct, county and state level in both its state convention procedure and its national convention procedure insofar as they apply herein.

(3) Persons who have not qualified as members of a political party as required by this section shall be disqualified to participate in the convention procedure of the political parties and shall also be disqualified to be selected or to hold the position of executive committee member, precinct judge or chairman, delegate to any convention of a party, national committeeman, committeewoman or presidential elector of the party.

(4) An applicant for party affiliation shall become a qualified member of a political party which is holding primary elections when he has voted within that party's primary. Each voter shall present his voter registration certificate or an affidavit of its loss to the election judge the first time he participates in a primary election, and the election judge shall stamp within the party affiliation space on the face of the certificate the words "Democrat" or "Republican" or other party designation as the case may be. If the voter is voting upon an affidavit of a lost registration certificate, the election judge shall issue to him a certificate of his having voted, in the following form:

Date _____
 _____ has voted on this date in the
 (Name of Voter)
 primary election of the _____ Party.

 Presiding Judge, Precinct No. _____,
 _____ County, Texas.

In the event a voter votes by absentee ballot, the county clerk shall stamp the appropriate party designation within the party affiliation space on the face of the voter registration certificate, or if the voter is voting on an affidavit of a lost or unreturned registration certificate, the clerk shall deliver or mail to him, immediately upon receipt of his marked ballot, a certificate of his having voted, in the form prescribed above, substituting the clerk's title for that of the presiding judge of the election precinct.

(5) To become qualified to participate in any party convention of a party which does not hold a primary or to become qualified for party membership for any party convention held prior to a primary, each voter who desires to participate in such party convention shall present to the precinct chairman at the convention his voter registration certificate showing that he has not affiliated with another party, or an affidavit that he has lost his registration certificate and that he has not participated in the primary or convention of another party. Upon such presentation, the precinct chairman shall cause to be stamped on the face of the certificate or affidavit the appropriate party designation.

(6) A voter registration certificate, an affidavit of a lost registration certificate, or a certificate of having voted, which has been stamped with a party designation in accordance with the foregoing provisions of this section shall serve as evidence that the person whose name appears thereon is affiliated with the party designated thereon and is therefore eligible to participate in that party's conventions.

(7) No person who participates in the primary or convention of any political party during a voting year shall participate in any subsequent primary or convention of any other party during that same voting year. Any vote cast in a primary election in violation of this prohibition shall be void and shall not be counted for any purpose, and the violator shall be punishable as provided in Article 240 of the Texas Penal Code.

(8) Any person who participates or attempts to participate in a party convention held by a political party on a certification of qualifications

other than one prescribed in this section shall be guilty of a misdemeanor and upon conviction shall be fined not to exceed one thousand dollars. Amended by Acts 1967, 60th Leg., p. 1907, ch. 723, § 39, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Art. 13.04 Voting places of political parties

Subdivision 1. The chairman of the county executive committee of each party holding a primary shall designate the polling place in each precinct where voting in the primary of that party will be held.

Subdivision 2. Each political party holding a primary shall have a sign, showing the party name, prominently displayed immediately above each entrance to each of the party's precinct polling places.

If such primary elections or conventions are held in adjoining rooms, there shall be no avenue of communication from one such room to the other. The voting machines, ballots, election supplies, and election officers of one primary election or convention shall not be used in the election or convention of another political party.

building or in proximity to the polling place of another party, under the restriction of having to be conducted in separate rooms, without any direct avenue of communication between the polling places if they are in adjoining rooms.

Art. 13.07a Deposit to accompany application for place on ballot

(1) Every candidate for public office who is subject to assessment by the county executive committee for a portion of the expenses of holding the primary election, except candidates for the Legislature and for the State Board of Education, shall pay to the county chairman, at the time of filing his application for a place on the ballot, a deposit of fifty dollars. In case of district offices in districts containing more than one county or part thereof, the candidate shall pay a deposit of fifty dollars to each county chairman with whom his application is filed. A candidate for the Legislature shall pay to the county chairman, at the time of filing his application, a deposit in the amount of the maximum amount which he may be assessed in that county, or the amount of the filing fee in that county in cases where a fixed fee is prescribed. A candidate for the State Board of Education shall pay to each county chairman, at the time of filing his application, the quotient obtained upon dividing fifty dollars by the number of counties in the district in which he is a candidate. The fees and deposits accompanying the applications shall become a part of the primary fund.

(2) After the county executive committee makes the assessments provided for in Section 186 of this code,¹ it shall refund to each candidate within thirty days thereafter the amount of the payment in excess of the assessment against the candidate if the deposit exceeds the assessment. If the deposit does not exceed the assessment, the balance due on the assessment shall be paid as provided in Section 186.¹

¹ Article 13.08.

Synopsis of Changes—1967

This amendment revises provisions on changes made by this chapter in Art. 13.-
refund of the deposit to conform to the 08b.

Art. 13.08 Expenses of primary

(1) Prior to the assessment of the candidates, the county committee shall carefully estimate the cost of printing the official ballots, renting polling places where same may be found necessary, providing and distributing all necessary poll books, blank stationery and voting booths required, compensation of election officers and clerks, and all other necessary expenses of holding the general primary and second primary in such county and on the second Monday in February preceding each primary, shall apportion such cost in such manner as in their judgment is just and equitable among the various candidates for nomination for district, county, and precinct offices only as herein defined, except the offices of Justice of the Court of Civil Appeals and member of the State Board of Education, and except the office of state senator and state representative if the assessment or fee payable to the county chairman is fixed at a definite amount, but taking into account the assessments and filing fees received from candidates for the Legislature and the State Board of Education. Where a district office covers more than one county, the assessment of such candidate by the county shall be not more than a sum which is the quotient of the amount which he would be assessed if he represented only one county determined by the formula used to assess county candidates, when divided by the number of counties in his district. In making the assessment upon any candidate the committee shall give due consideration to the importance, emolument, and term of office for which the nomination is to be made. Within 24 hours after adjournment of the meeting, the chairman shall mail to each person against whom an assessment is made a notice stating the amount of such expenses apportioned to him and informing him that the difference between the amount of the assessment and the amount of the deposit which accompanied the

candidate's application must be paid to the chairman on or before the fourth Monday in February; and no person's name shall be placed on the ballot unless he pays the assessment within the prescribed time. The notices shall be sent to the candidates by registered or certified mail, and the chairman shall obtain a receipt for each letter, postmarked by the post office at which the letter is mailed, as evidence of the mailing, and shall preserve the receipts for a period of three months.

(2) A candidate filing after the date of the aforesaid meeting shall not be required to accompany his application with the deposit provided for in Section 185a of this code,¹ but shall pay the full amount assessed against him by the county executive committee within one week from the date on which his application is filed; provided, however, that where a fixed filing fee is required for an office included in this section, the amount of the fee must accompany the application.

(3) It shall be sufficient to meet the requirements of this law to mail by registered or certified letter to the chairman before the deadline herein provided, as shown by the postmark on the letter, a money order, a certified check, or a cashier's check; but it shall not be sufficient to make the payment by any other type of mail unless it is delivered before the deadline.

(4) A candidate for the State Board of Education shall pay a filing fee of fifty dollars, which shall be prorated equally among the counties comprising the district in which he is a candidate, and the prorated amount shall be paid to each county chairman at the time the candidate files his application for a place on the ballot.

Amended by Acts 1967, 60th Leg., p. 1910, ch. 723, § 42, eff. Aug. 28, 1967.

¹ Article 13.07a.

Synopsis of Changes—1967

Sets a deadline for notification to the candidates of the amount of their assessment and requires that the notice be by registered or certified mail. In Paragraph

(3), payment by personal check has been deleted as an authorized method, and payment by cashier's check has been added.

Art. 13.08b Refund upon death of candidate

If before the first primary a candidate dies or is declared ineligible to be a candidate for the office, all fees and assessments paid by the candidate, including the deposit which accompanied his application, shall be refunded to the candidate or to his estate, as the case may be. No refund shall be made upon the death or ineligibility of a nominee or of a candidate in the second primary, and no refund shall be made to a candidate who withdraws or who declines a nomination, with the exception that in the event a candidate who is subject to assessment by the county executive committee withdraws before the assessments are made, the committee shall determine the amount which would have been assessed against him if he had remained a candidate, and if the amount of the deposit made by the candidate exceeds that amount, the committee shall refund the difference to him; and with the further exception that a withdrawing, declining, or ineligible candidate and the estate of a deceased candidate shall be entitled to share in the distribution of the surplus in the primary fund the same as if he had not died, withdrawn, declined, or been declared ineligible for the nomination.

Amended by Acts 1967, 60th Leg., p. 1911, ch. 723, § 43, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Heretofore, a fixed filing fee could not be refunded under any circumstance, but the county executive committee within its discretion could refund assessments in excess of the deposit accompanying the application if the candidate died or withdrew before the first primary. This amendment

requires a refund of all fees and assessments, including the deposit accompanying the application, if the candidate dies or is declared ineligible before the first primary, but prohibits a refund under any other circumstances.

Art. 13.08c Repealed. Acts 1967, 60th Leg., p. 1932, ch. 723, § 77. Eff. Aug. 28, 1967

Synopsis of Changes—1967

Art. 13.08c, which provided for collection of filing fees and assessments against write-in candidates in the first primary who won nomination or got into the runoff primary, has been repealed because of the

amendment to Art. 13.09 (Sec. 44 of this chapter [Acts 1967, 60th Leg., p. 1858, ch. 723]) which prohibits write-in votes in the first primary.

Art. 13.09 Balloting at primaries: write-in votes permitted for party offices only

(a) The vote at all primary elections shall be by official ballot, which shall have a detachable stub as described in Section 61 of this code. The name of the party shall be printed at the head of the ballot, and under such head shall be printed the names of all candidates, those for each nomination being arranged in the order determined by the county executive committee as herein provided for, beneath the title of the office for which the nomination is sought. The ballot shall also contain the instruction note prescribed in Section 61 of this code.¹

(b) Write-in votes shall not be permitted in primary elections for any office other than the party offices of county chairman and precinct chairman, and a write-in vote for any other office shall be void and shall not be counted for any purpose. Write-in votes for the party offices of county chairman and precinct chairman shall be permitted in the general primary election but shall not be permitted in the second (runoff) primary. On the general primary ballot, an appropriate space for a write-in candidate shall be provided under the title of each of these two party offices, following the names of the candidates; and if for either office there is no candidate whose name is to be printed on the ballot, the title of the office shall nevertheless be printed on the ballot with a space for a write-in candidate provided thereunder.

(c) The official ballot shall be printed in black ink upon white paper. The ballot shall be printed by the county committee in each county, which shall furnish to the presiding judge of the general primary for each voting precinct at least as many of such official ballots plus ten percent as there are registered voters in the precinct, as shown by the current list of registered voters.

(d) Where two or more candidates are to be nominated for the same office, to be voted for by the qualified voters of the same district, county, or justice precinct, such candidates shall be voted for and nominations made separately, and all such nominations shall be separately designated on the official ballots by numbering the same "Place No. 1," "Place No. 2," etc. Each candidate for such nominations shall designate in the announcement of his candidacy, and in his request to have his name placed on the official ballot, the number of the nomination for which he desires to become a candidate, and the names of all candidates so requesting shall have their names printed beneath the title of the office and the number so designated. Each voter shall vote for only one candidate for each nomination. Amended by Acts 1967, 60th Leg., p. 1911, ch. 723, § 44, eff. Aug. 28, 1967.

¹ Article 6.05.

Synopsis of Changes—1967

This amendment outlaws write-in votes in a primary election, except for party offices (county chairman and precinct chairman) in the first primary. It also deletes

the provision for listing on the ballot the county of residence of candidates for state and district offices.

Art. 13.12 Application for place on ballot

The application to have the name of any person affiliating with any party placed on the official ballot for a general primary as a candidate

for the nomination of such party for any office for which a nomination may be made at such primary shall be governed by the following.

* * * * *

2. The application shall be filed with the state chairman in the case of statewide offices, with the county chairman of each county which is included wholly or partially within the district in the case of district offices, and with the county chairman of the particular county in the case of county and precinct offices; provided, however, that applications of candidates for Justice of the Court of Civil Appeals shall be filed with the state chairman. Except as provided in Paragraph 2a of this section, the application shall be filed not later than the first Monday in February preceding such primary. If the contestee cannot be found within the county in which the contest is filed, service may be had upon the agent or attorney of the contestee, or by leaving the process with some person over the age of sixteen years at the usual place of abode or business of the contestee, or his last address. If service cannot be effected within three days in any of the above methods, service upon the contestee may be had by serving the county clerk in the county where suit is filed, and any candidate who files for a place on the ballot in the primary election shall thereby appoint such county clerk as his agent to receive service for him under the circumstances above set forth. If a candidate for a district office in a district which includes territory situated in more than one county files a contest in one or more counties without filing a contest in every county having territory within the district, the contestee shall have five days from the date of first service of process on him in the suit or suits filed by the contestant, in which to file a contest in such other counties of the district as he may desire to do. In a suit filed by a contestee under the authorization of the preceding sentence, the parties shall be designated, and the suit shall proceed, in the same manner as original contests filed under this Section. Nothing herein shall be construed to prevent the contestee in a pending suit from himself filing a contest as a contestant, within ten days from the applicable date of canvass, in the district court of any county having venue of the contest preceeding.

of canvass by the county committee for county and precinct offices and district offices in districts of only one county or part of one county.

Also amended to add provisions applying to contest of a district office in a district containing territory in more than one county, so as to give the contestee five days after service of process on him in which he may file a contest in any county in which the contestant has not filed a contest.

Art. 13.34 Precinct, county, and senatorial district conventions

(a) On the first Saturday after the general primary election day in each election year, there shall be held in each county a county convention of each party holding primary elections; provided, however, that when-

For Annotations and Historical Notes, see V.A.T.S.

ever the territory of a county forms all or part of more than one state senatorial district, in lieu of the county convention in such county there shall be held on the day stated above a convention (hereinafter called senatorial district convention) in each part of the county constituting all or part of each of such senatorial districts. Each county convention or senatorial district convention shall be composed of one delegate from each election precinct in such county or senatorial district or part thereof for each twenty-five votes, or major fraction thereof, cast for the party's candidate for Governor in such precinct at the last preceding general election, which delegate or delegates shall be elected by the qualified members of the party in each precinct at precinct conventions to be held on the general primary election day. In case at the preceding general election there were cast for such candidate for Governor less than twenty-five votes in any precinct, then all such precincts shall elect one delegate. Where the boundaries of an election precinct have been changed or a new precinct formed since the last general election, the county executive committee shall allocate to each such precinct the number of delegates to be elected in that precinct, and may use any fair and reasonable method for making the allocation.

(b) At the meeting of the state executive committee provided for in Section 190 of this code,¹ the committee shall set the ratio for the selection of delegates to the state conventions of that party for that election year, which ratio shall be one delegate for not less than each three hundred votes and not more than each six hundred votes cast for the party's candidate for Governor in each county or in each part of a county forming all or part of a state senatorial district; and the state chairman shall notify the county chairman of each county and the temporary chairman of each senatorial district convention of the ratio set for that year's conventions within ten days after the date of such meeting. Each county convention or senatorial district convention shall elect one delegate for each such number of votes, or major fraction thereof, as set by the state committee. If at the preceding general election there were cast for the party's candidate for Governor in the territory represented at the convention less than the number set by the state committee, then the convention shall elect one delegate. In the state conventions each county or each part of a county which holds a senatorial district convention shall be entitled to one vote for each delegate which it is entitled to elect.

The delegates so elected shall be delegates for all state conventions held throughout the remainder of the year and such of them as may attend such state conventions shall cast the votes for the territory which they represent in such conventions.

¹ Article 13.12.

(c) The qualified members of the party in each election precinct of the county shall assemble on the date named and shall be called to order by the precinct chairman, or in his absence by any qualified member of the party presiding within the precinct. Before transacting any business, the precinct chairman shall cause to be made a list of all qualified members of the party present. The name of no person shall be entered upon the list nor shall he be permitted to vote, be present at, or participate in the business of the convention until it is made to appear that he is a qualified voter in the precinct, from a certified list of the qualified voters, the same as is required in conducting a general election, and that he has qualified as a member of the party as provided in Section 179a of this code.¹ The precinct convention shall elect from among those present and qualified a permanent chairman and such other officers as may be necessary to conduct its business. The chairman of the convention shall possess all the power and authority that is given to election judges by the provisions of this code. After the convention is organized it shall elect its delegates to the county convention or senatorial district convention,

as the case may be, and transact such other business as may properly come before it. The only qualifications for serving as a delegate to a county or senatorial district convention, or to a state convention, are that the person shall be a qualified voter residing within the territory which he is selected to represent and shall be affiliated with the party as prescribed in Section 179a of this code.¹ Such of the delegates selected at the precinct convention as may attend the county or senatorial district convention shall cast the number of votes equal to the full delegate strength of the precinct. The officers of the precinct convention shall keep a written record of its proceedings, including the list of persons present and a list of delegates elected to the county or senatorial district convention, with the residence address of each delegate shown thereon, which shall constitute the returns from the convention. The record, and a copy thereof, shall be signed officially, sealed up and safely transmitted by the permanent chairman of the precinct convention within three days after the precinct convention to the county clerk of the county, who shall affix his file mark thereto and who shall promptly deliver the original copy of such return to the chairman of the county executive committee, and the return filed with the county clerk shall be open to public inspection during the regular office hours.

¹ Article 13.12a.

(d) The chairman of the county executive committee shall deliver the lists of delegates named by the precinct conventions in the county to the county convention, or shall deliver the appropriate precinct lists to each of the temporary chairmen of the senatorial district conventions to be held within the county, as the case may be, and these lists shall constitute the temporary roll of those selected as delegates to the county convention or senatorial district conventions and only delegates on such temporary roll shall be permitted to vote in the temporary organization of the convention. No person shall be permitted to hold a proxy or vote a proxy at a county convention or senatorial district convention. The county chairman shall be the temporary chairman of the county convention. The senatorial district committeeman selected as provided in Section 196a of this code shall be the temporary chairman of the senatorial district convention for a part of a county which is joined with other territory in a senatorial district, and the chairman of the district executive committee selected as provided in Section 196a of this code¹ shall be the temporary chairman in a district composed of only a part of one county. After being called to order by the temporary chairman, the convention shall elect a permanent chairman and such other officers as may be necessary to conduct its business. Immediately upon the adjournment of each such county or senatorial district convention, the permanent chairman thereof shall make out a certified list of the delegates chosen, together with a copy of all resolutions adopted by the convention, and shall sign the same, the permanent secretary of such convention attesting his signature, and within five days after the convention shall forward such certified list, resolutions and copies of each thereof by sealed registered or certified letter to the Secretary of State in Austin, Texas, who shall affix his file mark thereon and who shall deliver the originals thereof to the chairman of the state executive committee, prior to any state convention. The state chairman shall call a meeting of the state executive committee, which shall, at the meeting, prepare a complete list of the delegates elected to the state conventions by each county convention or senatorial district convention as certified by the Secretary of State. The chairman shall then present the certified list to any state convention, at any time prior to its beginning, and such lists shall constitute the temporary roll of those selected as delegates to such conventions, and only delegates on such temporary roll shall be permitted to vote in the temporary

The time for convening of the precinct convention in each precinct must be set between the hours of two o'clock p.m. and nine o'clock p.m. The county chairman shall then be required to post a copy of this order on a bulletin board at the county courthouse and file a copy of the same in the office of the county clerk, where it shall be open to public inspection. This notice shall be posted and filed by the county chairman at least ten days prior to the holding of the precinct conventions. Also at this meeting the county executive committee, or, upon its failure to act, the county chairman, shall decide the hour and place at which the county convention shall be held, and the county chairman shall post this order on the bulletin board at the county courthouse and also file a copy of this notice with the county clerk, at least ten days prior to the date of the county convention. Should the above-designated persons fail to post such orders and file such notices, then any member of the county executive committee who was entitled to participate in the decision may post such orders and file such notices and such shall constitute the orders and notices required herein. Should more than one member of the county executive committee post such orders and file such notices, then the first posting and filing in point of time shall prevail.

(g) All nominees for the Legislature or the United States Congress and all state representatives, state senators and members of Congress shall be entitled to admission to the state conventions of their party, but unless elected as a delegate they shall not be entitled to vote or otherwise participate in the affairs of the convention.

(h) No person shall be ineligible to serve as a delegate to any county, senatorial district, state or national convention of any political party by reason of his holding any public office.

Amended by Acts 1967, 60th Leg., p. 1918, ch. 723, § 56, eff. Aug. 28, 1967.

Synopsis of Changes—1967

Amended to provide that in counties which comprise all or part of more than one senatorial district, a convention will be held in each part of the county constituting all or part of a senatorial district, in lieu of a county convention. Procedures for conducting the senatorial district conventions are provided by the amendment.

Also amended to make the following changes: In lieu of former provision fixing

delegate ratio of a county to the state convention at one delegate for each 300 votes, the state committee sets the ratio for each election year within the limits of one delegate for not less than 300 nor more than 600 votes. Clarifies that a person does not have to be present at the precinct or county (senatorial district) convention in order to be elected a delegate to the next higher convention; also that there can be no

proxies to the county (senatorial district) convention, but those delegates attending the convention have a voting strength equal to the entire delegate strength of the precinct. Requires that the list of persons at-

tending a precinct convention be forwarded as part of the convention record, and also that the delegate list show the residence address of each delegate.

The address and registration certificate number of each signer shall be shown on the petition. No person who, during that election year, has voted at any primary election or participated in any convention of any other party which has nominated candidates to be voted on at the general election shall be eligible to sign the petition. To each person who signs the petition there shall be administered the following oath, which shall be reduced to writing and attached to the petition: 'I know the contents of the foregoing petition, requesting that the names of the nominees of the _____ Party be printed on the ballot for the next general election. I am a qualified voter at the next general election under the Constitution and laws in force, and during the current election year I have not voted in any primary election or participated in any convention held by any other political party which has nominated candidates to be voted on at that election.' The petition may be in multiple parts. One certificate of the officer administering the oath may be so made as to apply to all to whom it was administered.

The chairman of the state executive committee shall be responsible for forwarding the precinct lists and petition to the Secretary of State.

At the time the Secretary of State makes his certifications to the county clerks as provided in Section 3 of this Code,³ he shall also certify to the county clerks the names of parties subject to this subdivision which have complied with its requirements, and the county clerks shall not place on the ballot the names of any nominees of such a party which have been certified directly to them unless the Secretary of State certifies that the party has complied with these requirements.

Synopsis of Changes—1967

Amended to provide that in order for a political party whose candidate for Governor received less than two percent of the total vote in the preceding election to have nominees on the ballot, it must submit records showing that its precinct conventions for the current year were attended by at least one percent of the total vote for Governor in the preceding general election, or must supplement the delegate list by a petition of voters bringing the combined number to that percent.

Art. 13.45a Regulation of party affairs and conventions

Subdivision 1. Party holding primary elections. If a political party whose nominee for Governor in the last preceding general election received less than two hundred thousand votes has chosen to make its nominations by the primary election method, the management of its party affairs and the conduct of its conventions during that election year shall be subject to the provisions of this code relating to the affairs and conventions of parties which are required to hold primaries.

Subdivision 2. Party not holding primary elections. The management of party affairs and the conduct of conventions of political parties

which are making nominations by the convention method are not subject to the provisions of Sections 196, 196a, 196b, 212, 213, 215, and 216 of this code.¹ Except as to matters regulated in this code by express provisions applying to such parties, each such party has authority to regulate its affairs and convention procedures.

¹ Articles 13.18, 13.18a, 13.18b, 13.34, 13.35, 13.37 and 13.38.

Subdivision 3. Time and place of precinct and county conventions. The county executive committee of each political party which is making nominations by the convention method shall determine, at a meeting held at least twenty days before the date of the precinct conventions, the hour and place of holding each precinct convention in such county, as well as the hour and place of holding the county convention. Should the county executive committee fail to do so, it shall be the duty of the county chairman to make such determination. It shall be the duty of the county chairman to post a notice of the hours and places of holding the conventions on a bulletin board at the county courthouse and to file a copy thereof in the office of the county clerk at least ten days prior to the precinct conventions. The notice filed with the county clerk shall be open to inspection by the public during office hours of the clerk. Failure of the county chairman to post or to file the above notice as provided herein shall make such chairman ineligible to be a delegate or alternate delegate, or to hold or vote a proxy at the next succeeding county, district and state conventions of the party.

Should the county chairman fail to file with the county clerk a notice of the hour and place of holding the precinct convention in any precinct, then any qualified voter, resident in such precinct, may file with the county clerk a notice of the hour and place of holding such precinct convention, and such shall constitute the legal hour and place therefor. Should more than one such qualified voter file such notice, then the first filing in point of time shall prevail. A certificate of the county clerk as to the filing or nonfiling of any notice provided in this section shall be conclusive.

Neither the county chairman nor the county executive committee shall appoint any precinct chairman during that period of time subsequent to the posting and filing of notices for the precinct conventions and prior to the time of holding such precinct conventions. Nothing herein, however, shall prevent qualified voters of a precinct having no chairman from meeting, electing their own chairman and holding a precinct convention of such party, but if an hour and place therefor has been designated in either of the methods provided above, then the convention shall be held at such hour and place.

The county convention of any such party shall be held in a public place at the county seat.

Subdivision 4. Precinct convention lists of certain parties. At each precinct convention of a party subject to the provisions of Subdivision 2 of Section 222 of this code,¹ the precinct chairman shall serve as the temporary chairman of the convention until a permanent chairman is elected. The temporary chairman shall cause a list to be made of the names of all persons attending the convention and participating therein, together with the address (including street address or post office address) and registration certificate number of each participant. Within three days after the precinct convention, he shall officially sign and certify to the list and shall transmit one signed, certified copy to the chairman of the state executive committee of the party, and shall file another signed, certified copy in the office of the county clerk of the county wherein the precinct is situated.

Declaration of public policy

Section 1. The Legislature finds that the federal government has established and continues to establish grant programs of direct assistance

to cities, counties, school districts, hospital districts and other political subdivisions of the state and political subdivisions of the county, and that, due to the large number of such local governmental agencies in this state and that the lack of coincidence of service needs and taxing power within such local jurisdictions, it is frequently difficult for local government to marshal the technical and financial resources needed to meet the needs of its residents. For the state to assume its proper responsibility and leadership in meeting the needs of its residents, the declared policy of the state is to render technical assistance and to assume responsibility for coordinating relationships between local governmental units governed by this Act and federal agencies with regard to such programs.

**Duty of Governor to coordinate actions of political subdivisions;
rules and regulations**

Sec. 2. Except where a single state agency is otherwise designated or established pursuant to any other law of this state, it shall be the duty of the Governor of the State of Texas or any state agency designated by the governor for such purpose to coordinate the actions of any city, county, school district, hospital district or any other political subdivision of the state or political subdivision of the county participating in any grant program established pursuant to an Act of Congress or administrative ruling pursuant thereto. Such coordination shall be established under such rules and regulations as the governor or the state agency designated for such purpose shall promulgate. Such rules and regulations shall be approved by the Attorney General of Texas and filed with the secretary of state.

**Requesting Governor or state agency to stand in place of political
subdivision; revocation of request**

Sec. 3. Any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county may in the discretion of the governing body of such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county by order or resolution request the governor or the state agency established for such purpose to stand in the place and stead of such city, county, school district, hospital district or political subdivision of the state or political subdivision of the county in any matter pertaining to requests for financial assistance, either grants or loans, as to any agreement or assurance of compliance or requirement in connection therewith and as to any enforcement action relating thereto, which may be designated in such request. The governing body of any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county which has requested the governor or the state agency designated by the governor for such purpose to stand in its place and stead may by order or resolution revoke such request under any authority delegated thereby to the governor or the state agency established for such purpose.

**Applications for federal grants submitted to Governor or state agency;
approval or disapproval of grants outlined in request**

Sec. 4. Whenever the governing body of any city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county has requested the Governor of the State of Texas or the state agency established for such purpose to stand in the place and stead of such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county, all applications for federal grants designated by such local governing body shall be submitted to the governor or such agency of the state established for such purpose. The governor or such state agency

shall approve or disapprove grants outlined in the request by the local governing body whenever any federal financial assistance, grant, loan or contract which would accrue to such city, county, school district, hospital district or other political subdivision of the state or political subdivision of the county under any existing federal assistance program is withheld from any such local governmental unit or if payment is deferred because of any action by any agency of the federal government in connection with the federal financial assistance program, the governor or the state agency established for such purpose shall take whatever action in the discretion of the governor or such state agency established for such purpose deems necessary or appropriate to meet the needs of such city, county, school district, hospital district, or other political subdivision of the state or political subdivision of the county. Acts 1967, 60th Leg., p. 920, ch. 403, emerg. eff. June 8, 1967.

Section 5 of the act of 1967 was a severability provision.

If, within 20 days after the personal service of such notice or such notice has been deposited in the United States mail, such person has not made a written request to the Department for this administrative hearing, the Department is authorized to suspend or revoke the commercial driver-training school's, branch office's, supervisory driver-training instructor's, or driver-training instructor's license without a hearing. The court in which the petition of appeal is filed shall determine whether or not the suspension or revocation of the license shall be abated until the hearing shall have been consummated with final judgment thereon, or whether any other action of the Department shall be suspended pending hearing, and enter its order accordingly, which shall be operative when served upon the Department, and the court shall provide the attorney representing the Department with a copy of the petition and order. The Department shall be represented in such appeals by the district or county

attorney of the county, or the Attorney General, or any of their assistants. The trial on such appeal shall be de novo as in cases appealed from the justice to the county court.

Surrender of license

Sec. 12. Upon the revocation or suspension of any license, the licensee shall within five days surrender the license or licenses to the Department; failure of a licensee to do so shall be a violation of this Act and upon conviction shall be subject to the penalties hereinafter set forth. The Department may restore a suspended license to the former licensee upon full compliance with the provisions of this Act. No suspension invoked hereunder shall be for a period less than 30 days nor longer than one year.

In case of violation of any order or decree issued under the provisions of this section, the court or any judge thereof may try and punish the offender for contempt of court. Proceedings under this section shall be in addition to and not in lieu of all other remedies and penalties provided by this Act.

It is further provided that said board is authorized to request, solicit, contract for, receive or accept money from any federal agency, state agency, political subdivision, private source, or other legal entity to carry out the duties required of it by this Act. (2) Encourage and conduct studies, investigations and research concerning air control.

(3) Collect and disseminate information on air control.

(4) Advise, consult and cooperate with other agencies of the state, political subdivisions of the state, industries, other states and federal government, and with interested persons or groups in regard to matters of common interest in air control.

(5) Represent the State of Texas in any and all matters pertaining to plans, procedures, or negotiations for interstate compacts.

(6) The basic personnel and necessary laboratory and other facilities as may be required to carry out the provisions of this Act shall

be personnel, laboratory, and other facilities of the Texas State Department of Health; provided, however, that the board, through the department of health acting as the agent of the board, may by agreement secure such services as it may deem necessary from any other departments and agencies of the state government and may arrange for compensation for such services, and may employ and compensate, within appropriations available therefor such consultant and technical assistants on a full or part-time basis as may be necessary to carry out the provisions of this Act and to prescribe their powers and duties.

(C) Nothing contained in this Act shall be deemed to grant to the board any jurisdiction or authority to make any rule, regulation, recommendation or determination or to enter any order with respect to air conditions existing solely within the property boundaries of commercial and industrial plants, works or shops or to affect the relations between employers and employees with respect to or arising out of any air condition. Provided further that nothing contained in this Act shall vest in the board any power with respect to any matter subject to the jurisdiction of the Texas Radiation Control Agency as defined in Article 4590F, Revised Civil Statutes of Texas, as amended, or over any source licensed by the Atomic Energy Commission under the Atomic Energy Act of 1954, Title 42 USC 2011-2281, Incl.

Executive secretary; powers and duties

Sec. 5. The executive secretary of the board shall have the following powers and duties:

(A) The executive secretary shall prepare and recommend to the board plans and procedures necessary to effectuate the aims and objects of this Act, including but not limited to rules and regulations, and proposals of administrative procedures not inconsistent with this Act.

(B) The executive secretary, or his authorized representative, shall attend all meetings of the board but shall not be entitled to a vote.

(C) The executive secretary, or his authorized representative, shall handle such correspondence, make or arrange for such inspections and investigations, and obtain, assemble or prepare such reports and data as the board may direct or authorize.

(D) The executive secretary shall exercise general supervision over all persons employed by the board. He shall be responsible for the investigation of complaints, the recommendation to the board of the issuance of formal complaints by the board and for the presentation of such complaints before the board, and shall have such other duties as the board may prescribe.

Rules and regulations; adoption, amendment or repeal

Sec. 6. (A) Any rule or regulation or amendment or repeal thereof shall not be deemed adopted or in force and effect until it shall have been approved in writing by at least five members of the board. A rule or regulation or any amendment or repeal thereof shall not be adopted until after a public hearing. Notice of such hearing shall be given at least thirty days prior to the scheduled date of the hearing by public advertisement in at least three newspapers with state-wide circulation of the date, time, place and purpose of such hearing as required for public notice in Article 29a, Revised Civil Statutes of Texas, as amended. At such hearing, opportunity to be heard by the board with respect to the subject thereof shall be given to any person. A record of the names and addresses of such persons shall be made by the executive secretary. A rule or regulation or an amendment or repeal thereof shall not become effective until a certified copy thereof has been filed with the secretary of state. Any person heard or represented at such hearing or requesting notice shall be given written notice by registered or certified mail of the action of the board with respect to the subject thereof.

For Annotations and Historical Notes, see V.A.T.S.

(B) A rule or regulation or any amendment thereof which shall be adopted by the board may differ in its terms and provisions as between particular conditions, as between particular sources and as between particular areas of the state. In exercising the power granted it by Section 4 to adopt and promulgate rules and regulations for air control, the board shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause a need for air control in one area of the state may not cause need for air control in another area of the state, and it shall take into consideration in this connection such factors, among others found by it to be proper and just, as existing physical conditions, topography, population, and prevailing wind directions and velocities and also the fact that a rule or regulation and the degrees of conformance therewith which may be proper as to an essentially residential area of the state may not be proper either as to a highly developed industrial area of the state or as to a relatively unpopulated area of the state.

(C) The board shall establish its rules and regulations concerning the emission of particulate matter from plants processing agricultural products in their natural state according to a formula derived from the process weight of the materials entering the process. The board may not require in its rules and regulations that such plants meet a standard which requires an emission of less than eight percent of the process weight of the materials entering the process.

Investigations; complaints and answers; hearing and determination

Sec. 7. (A) The executive secretary may cause investigations to be made as he may deem advisable in administering the provisions of this Act and the rules, regulations, orders and determinations of the board, including without limitation investigations of violations and general air pollution problems or conditions. The executive secretary shall cause such investigations to be made as may be requested or directed by the board.

(B) If an investigation discloses, in the opinion of the board or the executive secretary, that a violation does exist, the board may proceed under Section 12 of this Act or it may hold a public hearing. If the board decides to hold a public hearing thereon, the executive secretary shall prepare and submit to the board a formal complaint. The complaint shall specify the provision of this Act or the rule, regulation, order or determination of the board which is said to have been violated, the person alleged to have violated the same, and the manner in which the same is said to have been violated.

The board shall transmit to the person complained against a copy of the formal complaint together with a notice of hearing. The notice shall state the date, place and purpose of the hearing and shall be sent with the copy of the formal complaint by certified mail not less than thirty days before the date of the hearing. Notice shall also be sent by mail not less than thirty days before the hearing to such other interested persons as the board may designate.

(C) The respondent to such formal complaint may file a written answer thereto at any time not less than two days before the hearing and may appear at such hearing in person or by representative, with or without counsel, and may offer testimony and evidence, cross-examine any witnesses, make oral arguments or take any combination of such actions. The executive secretary, on behalf of the board, at the request of any respondent to a formal complaint made pursuant thereto, shall subpoena and compel the attendance of such witnesses as the respondent may reasonably designate and shall require the production for examination of any book or paper relating to the matter un-

der investigation at any such hearing as the respondent may reasonably designate.

(D) After due consideration of the written and oral statements, the testimony and arguments that shall be submitted at the hearing on the complaint, or upon default of the appearance of the respondent on the return day specified in the notice of the hearing, the board shall make such final determination and enter such order as is provided for in Section 4(A) (5) (a) as it shall deem appropriate under the circumstances, giving due regard to the matters required to be considered under Section 4 of this Act, and it shall immediately notify the respondent thereof in writing by certified mail. Any such order shall not be deemed finally made and entered until it shall have been approved in writing by at least five members of the board.

(E) Upon the failure of the board to enter a final order or determination within sixty days after the final argument in the hearing held on the complaint, interested parties shall be entitled to treat such failure to act as a determination that no violation, as alleged in the complaint, was found to have occurred.

Confidential information; disclosure

Sec. 8. No information identified as confidential when submitted relating to secret processes or methods of manufacture or production shall be disclosed at any public hearing or otherwise.

Variances

Sec. 9. (A) The board may grant individual variance beyond the limitations prescribed in this Act, whenever it is found, upon presentation of adequate proof, that compliance with any provision of this Act, or any rule or regulation, order or determination of the board, will result in an arbitrary and unreasonable taking of property or in the practical closing and elimination of any lawful business, occupation or activity, in either case without sufficient corresponding benefit or advantage to the people.

(B) In determining under what conditions and to what extent a variance from this Act or rule or regulation hereunder may be granted, the board shall give due recognition to the progress which the person requesting such variance shall have made in controlling or preventing any condition which may have existed as defined by Section 2(C). In such a case, the board shall grant such variance conditioned upon such person effecting a partial abatement over a period of time which the board shall consider reasonable under the circumstances; or the board, in conformity with the intent and purpose of this Act to protect health and property, may prescribe other and different requirements with which the person who receives such variance shall comply.

(C) Any variance granted pursuant to the provisions of this Section shall be granted for such period of time as shall be specified by the board at the time of the grant of such variance. Any variance may be granted by the board upon the condition that the person who received it shall make such periodic reports to the board as the board shall specify as to the progress which such person shall have made toward compliance with any rule or regulation as to which a variance has been granted. Such variance may be extended by affirmative action of the board upon recommendation of the executive secretary.

(D) Any person seeking a variance shall do so by filing a petition for variance with the executive secretary. The executive secretary shall send a copy of the petition or a summary of its contents to the mayor and health authorities of the city or town, and the county judge and health authorities of the county in which the source or sources are or will be located and to such officials of other counties, cities and

towns which, in the judgment of the executive secretary or the board, may be affected. The information shall be sent not less than thirty days before the date on which the petition is to be considered by the board. Any person may file comments or recommendations on the requested variance with the board. The executive secretary shall also proceed promptly to investigate such petition and to make a recommendation to the board as to the disposition thereof. Upon receiving the recommendation of the executive secretary, the board may, if such recommendation is for the granting of a variance, do so without hearing. If the recommendation of the executive secretary is against the granting of a variance, if a local government as defined in Section 13(A) of this Act requests a hearing, or if the board in its discretion concludes that a hearing would be advisable, then a hearing shall be held before the board acts on the petition for variance.

(E) Upon the failure of the board to take action within one hundred twenty days after receipt of a petition for variance, the petitioner shall be entitled to treat for all purposes such failure to act as a denial of the variance.

Fees

Sec. 10. Except as specifically authorized in this Act, no fees shall be charged by the executive secretary or the board for the performance of any of their respective functions under this Act.

Review

Sec. 11. Any person affected by any order, decision, determination or other act of the board, may, within thirty days after the date on which such act is performed, or in case of an order, decision or determination, within thirty days after the effective date thereof, file a petition in an action to review, set aside, or suspend such order, decision, determination or other act upon the ground or grounds that the same is invalid, arbitrary or unreasonable. The venue in any or all such actions is hereby fixed exclusively in the District Court of Travis County, Texas. In a suit brought to review, suspend, or set aside any act of the board, the trial shall be de novo, as that term is used and understood in an appeal from a justice of the peace court to the county court, and no presumption of validity, reasonableness or presumption of any character shall be indulged in favor of the act that is involved, but evidence as to the validity or reasonableness thereof shall be heard and the determination in respect thereto shall be made upon facts found by the court, as in other civil cases, and the procedure for such trials and the determination of the issues and the character of the judgment to be entered therein shall be governed solely by the rules of law, evidence and procedure prescribed for the district courts of this state by its Constitution, statutes and rules of procedure applicable to the trial of civil action.

Emission of air contaminants; violations; injunction; liabilities

Sec. 12. (A) It is unlawful for any person to cause, suffer, allow or permit the emission of air contaminants which cause or contribute to or which will cause or contribute to a condition of air pollution as defined in Section 2(D) of this Act.

(B) In the event the board determines that any provision of this Act or any rule, regulation, determination or order of the board is being violated, the board may cause to have instituted a civil action in the district court for any county in which the violation occurs for injunctive relief to prevent any further violation or for the assessment of a penalty of not less than \$50 nor more than \$1,000 per day for each day such violation continues as the court may deem proper, or for both injunctive relief and penalty. Upon application for an injunction and

a finding that Section 12(A) is being violated, the district court shall grant such injunction. It shall be the duty of the attorney general to bring such action, at the request of the board, in the name of the State of Texas.

(C) The liabilities which shall be imposed pursuant to any provision of this Act upon persons violating the provisions of this Act or any rule, regulation, determination or order hereunder shall not be imposed due to any violation caused solely by an act of God, war, strike, riot, or other catastrophe.
