Sec. 13. (A) In this Section "local government" means an incorporated city or town whether or not it has a home rule charter or a county whether or not it has a home rule charter.

(B) A local government may inspect the air and may go in and on public or private property within its boundaries and jurisdiction to determine whether or not the level of air contaminants in any area within its boundaries and jurisdiction meets the level set by the board, or in the case of a city or town its own governing body, and may make inspections in the same manner and under the same provisions and restrictions as are applicable to the board to determine whether or not the emissions from any source meet the level set by the board or its governing body for such source and whether or not a person is complying with an order, rule or regulation of the board issued under the provisions of this Act.

(C) A local government shall transmit the results of its inspections to the board as prescribed by the board in its rules.

However, a local government may not bring an action against a state agency or department, another local government or any other political subdivision of the state for the assessment of the penalty specified in Section 12. In any suit instituted by a local government under this subsection, the board is authorized to be and must be a necessary party to the local government's suit.

(F) A local government may make recommendations to the board concerning any rule, regulation, order, or determination of the board that affects any area within its boundaries or jurisdictions. The board shall give maximum consideration to recommendations of a local government.

Common law remedies; abatement of nuisances

Sec. 14. This Act shall not in any way affect the right of any private person, as defined herein, to pursue all common law remedies available to abate a condition of pollution or other nuisance or recover damages therefor, or both. Nor shall this Act diminish such rights and powers as are otherwise vested by law in any incorporated city or town to abate a nuisance or to enforce any ordinance for the control or abatement of air pollution, subject only to the provisions of Section 15 hereof.

Board as principal authority for setting standards; ordinances

Sec. 15. (A) The board is the principal authority in the state for setting standards, criteria, levels and emission limits for air content and pollution control.

(B) Subject to the provisions of Section 15(A), an incorporated city or town may enact and enforce any ordinance not inconsistent with the provisions of this Act or the rules, regulations, or orders of the board.

(C) Any ordinance adopted or enforced by an incorporated city or town shall be consistent with the provisions of this Act and the rules, regulations, or orders of the board, and shall not make unlawful any condition or act permitted, approved or otherwise authorized pursuant to this Act or the rules, regulations or orders of the board.

Each person so registered with the Texas Board of Chiropractic Examiners shall pay in connection with each annual registration and for the receipt hereafter provided for, a fee fixed by the Texas Board of Chiropractic Examiners not to exceed Twenty-five Dollars (\$25), which fee shall accompany the application of every such person for registration. Upon receipt of such application, accompanied by the registration fee, the Texas Board of Chiropractic Examiners, after ascertaining either from the records of the Board or from other sources deemed by it to be reliable, that the applicant is a licensed practitioner of chiropractic in this State, shall issue to the applicant an annual registration receipt certifying that the applicant has filed such

application and has paid the registration fee mentioned for the year in question; provided, that the filing of such application, the payment of the registration fee and the issuance of such receipt shall not entitle the holder thereof to lawfully practice chiropractic within the State of Texas unless he has, in fact, been previously licensed as such chiropractor by the Texas Board of Chiropractic Examiners, as prescribed by law, and has recorded his license certificate entitling him to practice, as issued by said Board, in the district clerk's office of the several counties in which same may be required by law to be recorded, and unless his license to practice chiropractic is in full force and effect; and providing further that, in any prosecution for the unlawful practice of chiropractic as denounced in Section 6 hereof, such receipt showing payment of the annual registration fee required by this Section shall not be treated as evidence that the holder thereof is lawfully entitled to practice chiropractic.

Art. 1.14—1. Unauthorized Insurance

Section 1. Purpose.—The purpose of this Article is to subject certain persons and insurers to the jurisdiction of the State Board of Insurance, of proceedings before the Board, and of the courts of this state in suits by or on behalf of the state and insureds or beneficiaries under insurance contracts. The Legislature declares that it is a subject of concern that many residents of this state hold policies of insurance issued by persons and insurers not authorized to do insurance business in this state, thus presenting to such residents the often insuperable ob-

For Annotations and Historical Notes, see V.A.T.S.

stacle of asserting their legal rights under such policies in forums foreign to them under laws and rules of practice with which they are not familiar. The Legislature declares that it is also concerned with the protection of residents of this state against acts by persons and insurers not authorized to do an insurance business in this state by the maintenance of fair and honest insurance markets, by protecting the premium tax revenues of this state, by protecting authorized persons and insurers, which are subject to strict regulation, from unfair competition by unauthorized persons and insurers and by protecting against the evasion of the insurance regulatory laws of this state. In furtherance of such state interest, the Legislature herein provides methods for substituted service of process upon such persons or insurers in any proceeding, suit or action in any court and substitute service of any notice, order, pleading or process upon such persons or insurers in any proceeding before the State Board of Insurance to enforce or effect full compliance with the insurance and tax statutes of this state, and declares in so doing it exercises its power to protect residents of this state and to define what constitutes doing an insurance business in this state, and also exercises powers and privileges available to this state by virtue of P.L. 79-15 (1945), (Chapter 20, 1st Sess., S. 340), 59 Stats. 33, as amended,¹ which declares that the business of insurance and every person engaged therein shall be subject to the laws of the several states.

Sec. 2. Insurance Business Defined.—(a) Any of the following acts in this state effected by mail or otherwise is defined to be doing an insurance business in this state. The venue of an act committed by mail is at the point where the matter transmitted by mail is delivered and takes effect. Unless otherwise indicated, the term insurer as used in this Article includes all corporations, associations, partnerships and individuals engaged as principals in the business of insurance and also includes interinsurance exchanges and mutual benefit societies.

1. The making of or proposing to make, as an insurer, an insurance contract.

2. The making of or proposing to make, as guarantor or surety, any contract of guaranty or suretyship as a vocation and not merely incidental to any other legitimate business or activity of the guarantor or surety.

3. The taking or receiving of any application for insurance.

4. The receiving or collection of any premium, commission, membership fees, assessments, dues or other consideration for any insurance or any part thereof.

5. The issuance or delivery of contracts of insurance to residents of this state or to persons authorized to do business in this state.

6. Directly or indirectly acting as an agent for or otherwise representing or aiding on behalf of another any person or insurer in the solicitation, negotiation, procurement or effectuation of insurance or renewals thereof or in the dissemination of information as to coverage or rates, or forwarding of applications, or delivery of policies or contracts, or inspection of risks, a fixing of rates or investigation or adjustment of claims or losses or in the transaction of matters subsequent to effectuation of the contract and arising out of it, or in any other manner representing or assisting a person or insurer in the transaction of insurance with respect to subjects of insurance resident, located or to be performed in this state. The provisions of this subdivision shall not operate to prohibit full-time salaried employees of a corporate insured from acting in the capacity of an insurance manager or buyer in placing insurance in behalf of such employer.

7. The doing of any kind of insurance business specifically recognized as constituting the doing of an insurance business within the meaning of the statutes relating to insurance.

8. The doing or proposing to do any insurance business in substance equivalent to any of the foregoing in a manner designed to evade the provisions of the statutes.

9. Any other transactions of business in this state by an insurer.

(b) The provisions of this section do not apply to:

1. The lawful transaction of surplus lines insurance.

2. The lawful transaction of reinsurance by insurers.

3. Transactions in this state involving a policy lawfully solicited, written, and delivered outside of this state covering only subjects of insurance not resident, located, or expressly to be performed in this state at the time of issuance, and which transactions are subsequent to the issuance of such policy.

4. Transactions involving contracts of insurance independently procured through negotiations occurring entirely outside of this state which are reported and on which premium tax is paid in accordance with this Article.

5. Transactions in this state involving group life, health or accident insurance (other than credit insurance) and group annuities where the master policy of such groups was lawfully issued and delivered in a state in which the company was authorized to do an insurance business and such transactions are authorized by other statutes of this state.

Sec. 3. Unauthorized Insurance Prohibited.—No person or insurer shall directly or indirectly do any of the acts of an insurance business set forth in this Article except as provided by and in accordance with the specific authorization of statute. In respect to the insurance of subjects resident, located or to be performed within this state this section shall not prohibit the collection of premium or other acts performed outside of this state by persons or insurers authorized to do business in this state provided such transactions and insurance contracts otherwise comply with statute.

Sec. 4. Service of Process on Commissioner.—(a) Any act of doing an insurance business as set forth in this Article by any unauthorized person or insurer is equivalent to and shall constitute an irrevocable appointment by such person or insurer, binding upon him, his executor, administrator or personal representative, or successor in interest if a corporation, of the Commissioner of Insurance, his successor or successors in office to be the true and lawful attorney of such person or insurer upon whom may be served all legal process in any action, suit or proceeding in any court arising out of doing an insurance business in this state by such person or insurer, except in an action, suit or proceeding by the State Board of Insurance or by the state. Any act of doing an insurance business as set forth in this Article by any unauthorized person or insurer shall be signification of its agreement that any such legal process so served shall be of the same legal force and validity as personal service of process in this state upon such person or insurer, or upon his executor, administrator or personal representative, or its successor in interest if a corporation.

(b) Such service of process shall be made by leaving two copies thereof in the hands or office of the Commissioner of Insurance. A certificate by the Commissioner showing such service and attached to the original or third copy of such process presented to him for that purpose shall be sufficient evidence thereof. Service upon the Commissioner as such attorney shall be service upon the principal.

(c) The Commissioner shall forthwith mail one copy of such process to the defendant at its last known principal place of business and shall keep a record of all process so served upon him which shall show the day and hour of service. Such service of process is sufficient, provided notice of such service and a copy of the process are sent within 10 days

For Annotations and Historical Notes, see V.A.T.S.

thereafter by registered mail by plaintiff or plaintiff's attorney to the defendant at the last known principal place of business of the defendant and the defendant's receipt, or receipt issued by the post office with which the letter is registered, showing the name of the sender of the letter and the name and address of the person or insurer to whom the letter is addressed, and the affidavit of the plaintiff or plaintiff's attorney showing compliance herewith are filed with the clerk of the court in which such action is pending on or before the date the defendant is required to appear, or within such further time as the court may allow.

(d) Service of process in any such action, suit or proceeding shall, in addition to the manner provided in Paragraphs (b) and (c), be valid if served upon any person within this state who on behalf of such unauthorized person or insurer is doing any act of an insurance business as set forth in this Article and if a copy of such process is sent within 10 days thereafter by registered mail by plaintiff or plaintiff's attorney to the defendant at the last known principal place of business of the defendant and the defendant's receipt, or receipt issued by the post office with which the letter is registered, showing the name of the sender of the letter and the name and address of the person or insurer to whom the letter is addressed and the affidavit of the plaintiff or plaintiff's attorney showing compliance herewith are filed with the clerk of the court in which such action is pending on or before the date the defendant is required to appear, or within such further time as the court may allow.

(e) No plaintiff or complainant shall be entitled to a judgment by default in any action, suit or proceeding in which the process is served under this subsection until the expiration of 45 days from the date of filing of the affidavit of compliance.

(f) Nothing contained in this section shall limit or abridge the right to serve any process, notice or demand upon any person or insurer in any other manner now or hereafter permitted by law.

Sec. 5. Service of Process on Secretary of State.—(a) Any act of doing an insurance business as set forth in this Article by any unauthorized person or insurer is equivalent to and shall constitute an irrevocable appointment by such person or insurer, binding upon him, his executor, administrator or personal representative, or successor in interest if a corporation, of the Secretary of State, his successor or successors in office to be the true and lawful attorney of such person or insurers upon whom may be served all legal process in any action, suit or proceeding in any court by the State Board of Insurance or by the state and upon whom may be served any notice, order, pleading or process in any proceeding before the State Board of Insurance and which arises out of doing an insurance business in this state by such person or insurer. Any act of doing an insurance business as set forth in this Article by any unauthorized person or insurer shall be signification of its agreement that any such legal process in such court action, suit or proceeding and any such notice, order, pleading or process in such administrative proceeding before the State Board of Insurance so served shall be of the same legal force and validity as personal service of process in this state upon such person or insurer, or upon his executor, administrator or personal representative, or its successor in interest if a corporation.

(b) Such service of process in such action, suit or proceeding in any court or such notice, order, pleading or process in such administrative proceeding authorized by Paragraph (a) shall be made by leaving two copies thereof in the hands or office of the Secretary of State. A certificate by the Secretary of State showing such service and attached to the original or third copy of such process presented to him for that purpose shall be sufficient evidence thereof. Service upon the Secretary of State as such attorney shall be service upon the principal.

(c) The Secretary of State shall forthwith mail one copy of such court process or such notice, order, pleading or process in proceedings before the State Board of Insurance to the defendant in such court proceeding or to whom the notice, order, pleading or process in such administrative proceeding is addressed or directed at its last known principal place of business and shall keep a record of all process so served on him which shall show the day and hour of service. Such service is sufficient, provided notice of such service and a copy of the court process or the notice, order, pleading or process in such administrative proceeding are sent within 10 days thereafter by registered mail by the plaintiff or the plaintiff's attorney in the court proceeding or by the State Board of Insurance in the administrative proceeding to the defendant in the court proceeding or to whom the notice, order, pleading or process in such administrative proceeding is addressed or directed at its last known principal place of business of the defendant in the court or administrative proceeding, and the defendant's receipt, or receipt issued by the post office with which the letter is registered, showing the name of the sender of the letter and the name and address of the person or insurer to whom the letter is addressed, and the affidavit of the plaintiff or plaintiff's attorney in court proceeding or of the State Board of Insurance in administrative proceeding, showing compliance herewith are filed with the clerk of the court in which such action, suit or proceeding is pending or with the State Board of Insurance in administrative proceedings, on or before the date the defendant in the court or administrative proceeding is required to appear or respond thereto, or within such further time as the court or the State Board of Insurance may allow.

(d) No plaintiff or complainant shall be entitled to a judgment or determination by default in any court or administrative proceeding in which court process or notice, order, pleading or process in proceedings before the State Board of Insurance is served under this section until the expiration of 45 days from the date of filing of the affidavit of compliance.

(e) Nothing contained in this section shall limit or abridge the right to serve any process, notice, order, pleading or demand upon any person or insurer in any other manner now or hereafter permitted by law.

(f) The Attorney General upon request of the State Board of Insurance is authorized to proceed in the courts of this or any other state or in any federal court or agency to enforce an order or decision in any court proceeding or in any administrative proceeding before the State Board of Insurance.

Sec. 6. Unauthorized Person or Insurer Defense of Action.—(a) Before any unauthorized person or insurer files or causes to be filed any pleading in any court action, suit or proceeding or in any notice, order, pleading or process in such administrative proceeding before the State Board of Insurance instituted against such person or insurer, by service made as provided in Sections 4 and 5, such person or insurer shall either:

1. Deposit with the clerk of the court in which such action, suit or proceeding is pending, or with the State Board of Insurance in administrative proceedings before the State Board of Insurance, cash or securities or bond with good and sufficient sureties to be approved by the court or the State Board of Insurance, in an amount to be fixed by the court or the State Board of Insurance sufficient to secure the payment of any final judgment which may be rendered in such court proceeding or in such administrative proceeding before the State Board of Insurance, provided that the court or the State Board of Insurance in administrative proceedings before the State Board of Insurance may in its discretion make an order dispensing with such deposit or bond where the insurer makes a showing satisfactory to such court or the State Board of Insurance that it maintains in a state of the United States funds or securities,

For Annotations and Historical Notes, see V.A.T.S.

in trust or otherwise, sufficient and available to satisfy any final judgment which may be entered in such court action, suit or proceeding or in such administrative proceeding before the State Board of Insurance; or

2. Procure proper authorization to do an insurance business in this state.

(b) The court in any action, suit or proceeding in which service is made as provided in Section 4 or the State Board of Insurance in any administrative proceeding before the State Board of Insurance in which service is made as provided in Section 5, may, in its discretion, order such postponement as may be necessary to afford the defendant reasonable opportunity to comply with Paragraph (a) and to defend such court action or administrative proceeding.

(c) Nothing in Paragraph (a) is to be construed to prevent an unauthorized person or insurer from filing a motion to quash a writ or to set aside service thereof made as provided in Sections 4 or 5 on the ground that such unauthorized person or insurer has not done any of the acts enumerated in this Article or that the person on whom service was made pursuant to Section 4(d) was not doing any of the acts therein enumerated.

Sec. 7. Attorneys' Fees.—In an action against an unauthorized person or insurer upon a contract of insurance issued or delivered in this state to a resident thereof or to a corporation authorized to do business therein, if the person or insurer has failed for 30 days after demand prior to the commencement of the action to make payment in accordance with the terms of the contract, and it appears to the court that such refusal was vexatious and without reasonable cause, the court may allow to the plaintiff a reasonable attorney's fee and include such fee in any judgment that may be rendered in such action. Failure of the person or insurer to defend any such action shall be deemed prima facie evidence that its failure to make payment was vexatious and without reasonable cause.

Sec. 8. Validity of Insurance Contracts.—Except for lawfully procured surplus lines insurance and contracts of insurance independently procured through negotiations occurring entirely outside of this state which are reported and on which premium tax is paid in accordance with this Article or Article 1.14-2, any contract of insurance effective in this state and entered into by an unauthorized insurer is unenforceable by such insurer. In event of failure of any such unauthorized insurer to pay any claim or loss within the provisions of such insurance contract, any person who assisted or in any manner aided directly or indirectly in the procurement of such insurance contract shall be liable to the insured for the full amount thereof pursuant to the provisions of such insurance contract.

Sec. 9. Investigation and Disclosure of Insurance Contracts.—(a) Whenever the State Board of Insurance has reason to believe that insurance has been effectuated by or for any person in this state with an unauthorized insurer the State Board of Insurance shall in writing order such person to produce for examination all insurance contracts and other documents evidencing insurance with both authorized and unauthorized insurers and to disclose to the State Board of Insurance the amount of insurance, name and address of each insurer, gross amount of premium paid or to be paid and the name and address of the person or persons assisting or aiding in the solicitation, negotiation or effectuation of such insurance.

(b) Every person who, for 30 days after such written order pursuant to Paragraph (a), neglects to comply with the requirements of such or-

der or who wilfully makes a disclosure that is untrue, deceptive or misleading shall forfeit \$50 and an additional \$50 for each day of neglect after expiration of said 30 days.

Sec. 10. Reporting of Unauthorized Insurance.—(a) Every person investigating or adjusting any loss or claim on a subject of insurance in this state shall immediately report to the State Board of Insurance every insurance policy or contract which has been entered into by any insurer not authorized to transact such insurance in this state.

(b) This section does not apply to transactions in this state involving a policy lawfully solicited, written, and delivered outside of this state covering only subjects of insurance not resident, located or expressly to be performed in this state at the time of issuance, and which transactions are subsequent to the issuance of such policy.

Sec. 11. Unauthorized Insurance Premium Tax.—(a) Except as to premiums on lawfully procured surplus lines insurance and premiums on independently procured insurance on which a tax has been paid pursuant to this Article or Article 1.14-2, every unauthorized insurer shall pay to the State Board of Insurance before March 1 next succeeding the calendar year in which the insurance was so effectuated, continued or renewed a premium receipts tax of 3.85 percent of gross premiums charged for such insurance on subjects resident, located or to be performed in this state. Such insurance on subjects resident, located or to be performed in this state procured through negotiations or an application, in whole or in part occurring or made within or from within or outside of this state, or for which premiums in whole or in part are remitted directly or indirectly from within or outside of this state, shall be deemed to be insurance procured, or continued or renewed in this state. The term "premium" includes all premiums, membership fees, assessments, dues and any other consideration for insurance. Such tax shall be in lieu of all other insurance taxes. On default of any such unauthorized insurer in the payment of such tax the insured shall pay the tax. If the tax prescribed by this subsection is not paid within the time stated, the tax shall be increased by a penalty of 25 percent and by the amount of an additional penalty computed at the rate of one percent per month or any part thereof from the date such payment was due to the date paid.

(b) If a policy covers risks or exposures only partially in this state, the tax payable shall be computed on the portions of the premiums which are properly allocable to the risks or exposures located in this state. In determining the amount of premiums taxable in this state, all premiums written, procured, or received in this state and all premiums on policies negotiated in this state shall be deemed written on property or risks located or resident in this state, except such premiums as are properly allocated or apportioned and reported as taxable premiums of any other state or states.

Sec. 12. Independently Procured Insurance.—(a) Every insured who procures or causes to be procured or continues or renews insurance with any unauthorized insurer, or any insured or self-insurer who so procures or continues excess loss, catastrophe or other insurance, upon a subject of insurance resident, located or to be performed within this state, other than insurance procured through a surplus lines agent pursuant to the surplus lines law of this state shall within 60 days after the date such insurance was so procured, continued or renewed, file a report of the same with the State Board of Insurance in writing and upon forms designated by the State Board of Insurance and furnished to such an insured upon request. The report shall show the name and address of the insured or insureds, name and address of the insurer, the subject of the insurance, a general description of the coverage, the amount of premium

For Annotations and Historical Notes, see V.A.T.S.

currently charged therefor, and such additional pertinent information as is reasonably requested by the State Board of Insurance.

(b) Any insurance in an unauthorized insurer of a subject of insurance resident, located or to be performed within this state procured through negotiations or an application, in whole or in part occurring or made within or from within or outside of this state, or for which premiums in whole or in part are remitted directly or indirectly from within or outside of this state, shall be deemed to be insurance procured, or continued or renewed in this state within the intent of Paragraph (a).

(c) There is hereby levied upon the obligation, chose in action, or right represented by the premium charged for such insurance, a premium receipts tax of 3.85 percent of gross premiums charged for such insurance. The term "premium" shall include all premiums, membership fees, assessments, dues and any other consideration for insurance. Such tax shall be in lieu of all other insurance taxes. The insured shall, before March 1 next succeeding the calendar year in which the insurance was so procured, continued or renewed, pay the amount of the tax to the State Board of Insurance. In event of cancellation and rewriting of any such insurance contract the additional premium for premium receipts tax purposes shall be the premium in excess of the unearned premium of the canceled insurance contract.

(d) If a policy covers risks or exposures only partially in this state, the tax payable shall be computed on the portions of the premium which are properly allocable to the risks or exposures located in this state. In determining the amount of premiums taxable in this state, all premiums written, procured or received in this state and all premiums on policies negotiated in this state shall be deemed written on property or risks located or resident in this state, except such premiums as are properly allocated or apportioned and reported as taxable premiums of any other state or states.

(e) If the insured fails to withhold from the premium the amount of tax herein levied, the insured shall be liable for the amount thereof and shall pay the same to the State Board of Insurance within the time stated in Paragraph (c). If the tax prescribed by this subsection is not paid within the time stated in Paragraph (c), the tax shall be increased by a penalty of 25 percent and by the amount of an additional penalty computed at the rate of one percent per month or any part thereof from the date such payment was due to the date paid.

(f) The Attorney General, upon request of the State Board of Insurance, shall proceed in the courts of this or any other state or in any federal court or agency to recover such tax not paid within the time prescribed in this section.

(g) This section shall not be construed or deemed to abrogate or modify any provision of this Article. This section does not apply as to individual life or individual disability insurance.

Sec. 13. Penalty for Unauthorized Insurance.—(a) Any unauthorized insurer who does any unauthorized act of an insurance business as set forth in this Article shall be fined not more than \$5,000.

(b) In addition to any other penalty provided for herein or otherwise provided by law, any person or insurer violating this Article shall forfeit to this state the sum of \$500 for the first offense and an additional sum of \$500 for each month during which any such person or insurer continues such violation.

Sec. 14. Unconstitutional Application Prohibited.—This Article and law does not apply to any insurer or other person to whom, under

the Constitution of the United States or the Constitution of the State of Texas, it cannot validly apply.

Section 2 of Acts 1967, 60th Leg., p. 401, ch. 185 is codified as article 1.14—2, section 3 of the act of 1967 is a severability provision and is set out as a note under article 1.14—2, and section 4 of the act, set out as a note under article 1.14—2, repealed conflicting laws, including article

21.38, made licenses issued thereunder effective until expiration according to their terms, and made taxes which, accrued under article 21.38, payable at rates in accordance with article 21.38 as they existed before the act of 1967 became effective.

Art. 1.14—2. Surplus Lines Insurance

Section 1. Purpose.—Insurance transactions which are entered into by citizens of this state with unauthorized insurers through a surplus lines agent as a result of difficulty in obtaining coverage from licensed insurers are a matter of public interest. The Legislature declares that such transaction of surplus lines insurance is a subject of concern and that it is necessary to provide for the regulation, taxation, supervision and control of such transactions and the practices and matters related thereto by requiring appropriate standards and reports concerning the placement of such insurance; by imposing requirements necessary to make such regulation and control reasonably complete and effective; by providing orderly access to insurers that are not authorized to transact the business of insurance in this state; by insuring the maintenance of fair and honest markets; by protecting the revenues of this state; and by protecting authorized insurers, which under the laws of this state must meet strict standards as to the regulation of the business of insurance and the taxation thereof, from unfair competition by unauthorized insurers. In order to properly regulate and tax such unauthorized insurance within the meaning and intent of P.L. 79-15 (1945), (Chap. 20, 1st Sess., S. 340), 59 Stat. 33,¹ the Legislature herein provides an orderly method for the insuring public of this state to effect insurance with unauthorized insurers through qualified, licensed and supervised surplus line agents in this state and under reasonable and practical safeguards so that such insurance coverage may be obtained by residents of this state to the extent that the coverage is not procurable from duly licensed, regulated insurers conducting business in this state.

Sec. 2. Definitions.—(a) "Surplus lines agent" means an agent authorized under Article 21.14 who is granted a surplus lines license in accordance with this Article.

(b) "Surplus lines insurer" means an unauthorized insurer in which an insurance coverage is placed or may be placed under this Article.

Sec. 3. Surplus Lines Insurance Authorized.—(a) If insurance coverages of subjects resident, located or to be performed in this state cannot be procured from licensed insurers after diligent effort, such coverages, hereinafter designated as surplus line insurance, may be procured from unauthorized insurers subject to the following conditions:

1. The insurance must be eligible for surplus lines under Section 5.
2. The insurer must be an eligible surplus lines insurer under Section 8.
3. The insurance must be placed through a licensed Texas surplus lines agent resident in this state.
4. The other applicable provisions of this section must be complied with.

(b) Any insurance of subjects resident, located or to be performed in this state, procured through negotiations or an application, in whole or in part occurring or made within or from within this state, or for which

For Annotations and Historical Notes, see V.A.T.S.

premiums in whole or in part are remitted directly or indirectly from within this state, shall be deemed to be insurance procured, or continued or renewed in this state within the intent of Paragraph (a).

Sec. 4. Surplus Lines Agent's License.—(a) The State Board of Insurance may issue a surplus lines license to any authorized agent which shall grant such agent authority to procure the kinds of insurance provided for in this Article from companies not licensed in this state under the conditions prescribed in this Article. Every license issued pursuant to this section shall be for a term expiring on the 31st day of December next following the date of issuance and may be renewed for ensuing periods of 12 months. Before any such license shall be issued and before each renewal thereof a written application shall be filed by the applicant in such form as the State Board of Insurance prescribes and the fee provided therefor by this Article shall be paid.

(b) The fee for the issuance of a surplus lines license shall be \$25.00, which fee shall be placed in the separate fund that is provided pursuant to Section 21 of Article 21.14 of the Insurance Code. No diminution of the license fee herein provided shall occur as to any license effective after January 1 of any year.

Sec. 5. Eligibility for Surplus Lines Insurance.—(a) No insurance coverage shall be eligible for surplus lines unless the full amount of insurance required is not procurable, after a diligent effort has been made to do so, from among the insurers licensed to transact and actually writing that kind and class of insurance in this state, and the amount of insurance eligible for surplus lines shall be only the amount in excess of the amount so procurable from licensed insurers.

(b) Policy or contract forms shall not be eligible unless the use is reasonably necessary for the principal purposes of the coverage or unless the use would not be contrary to the purposes of the coverage or unless the use would not be contrary to the purposes of this Article with respect to the reasonable protection of authorized insurers from unwarranted competition by unauthorized insurers.

Sec. 6. Procedure for Effecting Surplus Lines Contracts.—(a) Before any new or renewal insurance shall be procured in an unlicensed insurer the agent shall make an affidavit, which shall be promptly filed with the State Board of Insurance, that he is after diligent effort unable to procure from any licensed insurer or insurers the full amount of insurance required to protect the interest of the insured. If the annual premiums paid by the insured for such surplus lines coverage exceed \$25,000, the insured may execute the affidavit in lieu of the surplus lines agent.

(b) Upon placing a new or renewal surplus line coverage, the surplus lines agent shall promptly issue and deliver to the insured or his agent, as the case may be, evidence of the insurance consisting either of the policy as issued by the insurer or, if such policy is not then available, a certificate, cover note or other confirmation of insurance.

(c) Within 60 days after the effectuation of any new or renewal surplus lines insurance the surplus lines agent shall file with the State Board of Insurance an exact copy of the policy issued. If a policy has not been issued, the surplus lines agent shall so file an exact copy of his certificate, cover note or other confirmation of insurance as delivered to the insured. The surplus lines agent shall likewise promptly file with the State Board of Insurance an exact copy of any substitute certificate, cover note or other confirmation of insurance, and of every endorsement of an original policy, certificate, cover note or other confirmation of insurance, delivered to an insured, together with such surplus lines agent's memorandum informing the State Board of Insurance as to the substance of any change represented by such substitute certificate, cover

note or other confirmation, or of any such endorsement, as compared with the coverage as originally placed or issued. Except, however, as respects this Subsection (c), equivalent information may be filed as required by the Board.

(d) No surplus lines agent shall deliver any such document, or purport to insure or represent that insurance will be or has been granted by any unauthorized insurer unless he has prior written authority from the insurer for the insurance, or has received information from the insurer in the regular course of business that such insurance has been granted, or an insurance policy providing the insurance actually has been issued by the insurer and delivered to the insured.

(e) If after the delivery of any such document there is any change as to the identity of the insurers, or the proportion of the direct risk assumed by the insurer as stated in the original certificate, cover note or confirmation, or in any other material respect as to the insurance coverage evidenced by such a document, the surplus lines agent shall promptly deliver to the insured a substitute certificate, cover note, confirmation or endorsement for the original such document, accurately showing the current status of the coverage and the insurers responsible thereunder. No such change shall result in a coverage or insurance contract which would be in violation of this Article if originally issued on such basis.

(f) If a policy issued by the insurer is not available upon placement of the insurance and the surplus lines agent has delivered a certificate, cover note or confirmation, as hereinabove provided, upon request therefor by the insured the surplus lines agent shall as soon as reasonably possible procure from the insurer its policy evidencing the insurance and deliver the policy to the insured in replacement of the certificate, cover note or confirmation theretofore issued.

Sec. 7. Requirements for Surplus Lines Contracts.—(a) Every new or renewal insurance contract certificate, cover note or other confirmation of insurance procured and delivered as a surplus line coverage pursuant to this Article shall bear the name and address of the insurance agent who procured it and shall have stamped or affixed upon it the following: "This insurance contract is with an insurer not licensed to transact insurance in this state and is issued and delivered as a surplus line coverage pursuant to the Texas insurance statutes. Article 1.14—2, Texas Insurance Code, requires payment of 3.85 percent tax on gross premium."

(b) Such document shall show the description and location of the subject of the insurance, coverage, conditions and term of the insurance, the premium and rate charged and premium taxes to be collected from the insured, and the name and address of the insured and insurer. If the direct risk is assumed by more than one insurer, the document shall state the name and address and proportion of the entire direct risk assumed by each insurer.

Sec. 8. Eligibility of Surplus Lines Insurers.—(a) A surplus lines agent shall not knowingly place surplus lines insurance with financially unsound insurers. The agent shall make a reasonable effort to ascertain the financial condition of the unauthorized insurer before placing insurance therewith. An insurer shall not be eligible unless it has capital and surplus or its equivalent that is adequate in relation to its premium writings and the exposure it assumes.

(b) The unauthorized insurer must be of good repute and provide reasonably prompt service to its policyholders in the payment of just losses and claims.

(c) No unauthorized insurer shall be eligible if the management is incompetent or untrustworthy, or so lacking in insurance company managerial experience as to make its proposed operation hazardous to the insurance-buying public; or if the State Board of Insurance has good

For Annotations and Historical Notes, see V.A.T.S.

reason to believe that it is affiliated directly or indirectly through ownership, control, reinsurance transactions or other insurance or business relations, with any person whose business operations are or have been detrimental to policyholders, stockholders, investors, creditors or to the public.

(d) No unauthorized insurer shall be eligible if the insurer or its agents have failed to submit to any fine or penalty levied pursuant to statute. The State Board of Insurance may order revocation of insurance contracts issued by insurers that do not conform with the eligibility requirements of this section.

(e) No new or renewal surplus lines insurance shall be placed with any surplus lines insurer which requires as a condition precedent to writing such new or renewal insurance that the prospective insured or the insured place other insurance not eligible as surplus lines insurance with such surplus lines insurer.

(f) This section shall not be deemed to cast upon the State Board of Insurance any duty or responsibility to determine the actual financial condition or claims practice of any unauthorized insurer.

Sec. 9. Validity of Contracts.—(a) Insurance contracts procured as surplus line coverage from unauthorized insurers in accordance with this Article shall be fully valid and enforceable as to all parties, and shall be given recognition in all matters and respects to the same effect and extent as like contracts issued by authorized insurers.

(b) A contract of insurance placed in effect by an unauthorized insurer in violation of this Article is unenforceable by the insurer. The insured shall not be precluded from enforcing his rights in accordance with the terms and provisions of such contract.

Sec. 10. Liability of Surplus Lines Insurer for Losses and Unearned Premiums.—If the surplus lines insurer has assumed the risk in accordance with this Article and if the premium therefor has been received by the surplus lines agent who placed such insurance, then in all questions thereafter arising under the coverage as between the insurer and the insured the insurer shall be deemed to have received the premium due to it for such coverage; and the insurer shall be liable to the insured as to losses covered by such insurance, and for unearned premiums which may become payable to the insured upon cancellation of such insurance, whether or not in fact the surplus lines agent is indebted to the insurer with respect to such insurance or for any other cause. Each surplus lines insurer assuming a surplus lines risk under this Article shall be deemed thereby to have subjected itself to the terms of this subsection.

Sec. 11. Actions Against Insurer; Service of Process.—A surplus lines insurer may be sued upon any cause of action arising in this state under any surplus lines insurance contract issued by it or certificate, cover note or other confirmation of such insurance issued by the surplus lines agent, pursuant to the same procedure as is provided for unauthorized insurers in Article 1.14—1. Any such policy issued by the insurer, or any certificate of insurance issued by the surplus lines agent, shall contain a provision stating the substance of this section and designating the person to whom the Commissioner of Insurance shall mail process. Each surplus lines insurer assuming a surplus lines risk pursuant to this Article shall be deemed thereby to have subjected itself to the terms of this section. This section shall be cumulative to any other methods which may be provided by law for service of process upon the insurer.

Sec. 12. Surplus Lines Insurance Premium Tax.—(a) The premiums charged for surplus lines insurance are subject to a premium receipts tax of 3.85 percent of gross premiums charged for such insurance. The term premium includes all premiums, membership fees, assessments, dues or any other consideration for insurance. Such tax shall be in lieu of

all other insurance taxes. The surplus lines agent shall collect from the insured the amount of the tax at the time of delivery of the cover note, certificate of insurance, policy or other initial confirmation of insurance, in addition to the full amount of the gross premium charged by the insurer for the insurance. No agent shall absorb such tax nor shall any agent, as an inducement for insurance or for any other reason, rebate all or any part of such tax or his commission. The surplus lines agent shall report, under oath, to the State Board of Insurance within 30 days from the 1st day of January and July of each year the amount of gross premiums paid for such insurance placed through him in nonlicensed insurers, and shall pay to the Board the tax provided for by this Article. If a surplus lines policy covers risks or exposures only partially in this state, the tax payable shall be computed on the portions of the premium which are properly allocable to the risks or exposures located in this state. In determining the amount of premiums taxable in this state, all premiums written, procured, or received in this state and all premiums on policies negotiated in this state shall be deemed written on property or risks located or resident in this state, except such premiums as are properly allocated or apportioned and reported as taxable premiums of any other state or states. In event of cancellation and rewriting of any surplus lines insurance contract the additional premium for premium receipts tax purposes shall be the premium in excess of the unearned premium of the canceled insurance contract.

(b) All surplus lines premium receipt taxes collected by a surplus lines agent are trust funds in his hands and the property of this state. Such funds shall be maintained by the surplus lines agent in a separate account and shall not be mingled with any other funds, either business or private. Any surplus lines agent who fails or refuses to pay over to the state the surplus lines premium receipts tax at the time required in this section, or who fraudulently withholds or appropriates or otherwise uses such money or any portions thereof belonging to the state is guilty of theft and shall be punished as provided by law for the crime of theft, irrespective of whether any such surplus lines agent has or claims to have any interest in such money so received by him.

(c) If the property of any surplus lines agent is seized upon any mesne or final process in any court in this state, or when the business of any surplus lines agent is suspended by the action of creditors or put into the hands of any assignee, receiver or trustee, all surplus lines premium receipts tax money and penalties due the state from such surplus lines agent shall be considered preferred claims and the state shall be a preferred creditor and shall be paid in full.

(d) The Attorney General, upon request of the State Board of Insurance, shall proceed in the courts of this or any other state or in any federal court or agency to recover such license fees or tax not paid within the time prescribed in this section.

Sec. 13. Surplus Lines Agents May Advertise.—Any agent who is granted a surplus lines license in accordance with this Article may bring announcements or statements before the public in respect to his ability to place such surplus lines insurance as may be permitted by this Article.

Sec. 14. Surplus Lines Agents' Commissions.—Agents licensed in accordance with this Article may not pay the whole or any part of the commission on surplus lines insurance to any person, except that such commissions may be shared or divided with any other licensed agent.

Sec. 15. Records of Surplus Lines Agent.—(a) Each surplus lines agent shall keep in his office in this state a full and true record of each surplus lines contract procured by him, including a copy of the daily report, if any, and showing such of the following items as may be applicable:

1. Amount of the insurance and perils insured against;
2. Brief general description of property insured and where located;

For Annotations and Historical Notes, see V.A.T.S.

3. Gross premium charged;
4. Return premium paid, if any;
5. Rate of premium charged upon the several items of property;
6. Effective date of the contract, and the terms thereof;
7. Name and post office address of the insured;
8. Name and home office address of the insurer;
9. Amount collected from the insured; and
10. Other information as may be required by the State Board of Insurance.

(b) The record shall at all times be open to examination by the State Board of Insurance without notice, and shall be so kept available and open to the State Board of Insurance for three years next following expiration or cancellation of the contract.

Sec. 16. Annual Report of Surplus Lines Agent.—Each surplus lines agent shall, before March 1 in each year, make a report to the State Board of Insurance for the preceding calendar year, on the form prescribed by it, of such facts as it requires and including a showing that the amount of insurance procured from such unauthorized insurer or insurers is only the amount in excess of the amount procurable from licensed insurers.

Sec. 17. Penalty.—Any violation of this section shall subject the agent to suspension of his agent's license for a period of not less than 90 days and a fine of not more than \$500.

Sec. 18. Unconstitutional Application Prohibited.—This Article and law does not apply to any insurer or other person to whom, under the Constitution of the United States or the Constitution of the State of Texas, it cannot validly apply.

Section 1 of Acts 1967, 60th Leg., p. 401, ch. 185 is codified as article 1.14-1; sections 3 and 4 of the act of 1967 provided: "Sec. 3. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions and applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

"Sec. 4. All laws or parts of laws in conflict herewith, including Article 21.38 of the

Insurance Code, are hereby repealed; provided, however, licenses heretofore issued under authority of Article 21.38 shall remain in effect, subject to the provisions of Article 21.38 before this amendment, until they expire according to their terms; and provided further that all taxes which have accrued under Article 21.38 before this amendment shall be payable at the rates and in accordance with the provisions of Article 21.38 as they existed before this amendment became effective."

Art. 1.26. Mortgage Guaranty Insurance

Section 1. The definitions set forth herein shall govern the construction of the terms used in this Article but shall not affect any other provisions of this Code.

(a) "Mortgage guaranty insurance" means insurance against financial loss by reason of nonpayment of principal, interest and other sums agreed to be paid under the terms of any note or bond or other evidence of indebtedness secured by a mortgage, deed of trust, or other instrument constituting a valid first lien or charge on real estate.

(b) "Authorized real estate security" means an amortized note, bond or other evidence of indebtedness, not exceeding 90 percent of the fair market value of the real estate, secured by a mortgage, deed of trust, or

other instrument constituting a valid first lien or charge on real estate; provided:

(1) The real estate loan secured in such manner is one which a bank, savings and loan association, or an insurance company, which is supervised and regulated by a department of this state or an agency of the federal government, is authorized to make.

(2) The improvement on such real estate is a residential building or buildings designed for occupancy by not more than four families.

(3) The lien on such real estate may be subject and subordinate to the following:

(i) The lien of any public bond, assessment, or tax, when no installment, call or payment of or under such bond, assessment or tax is delinquent.

(ii) Outstanding mineral, oil or timber rights, rights-of-way, easements or rights-of-way or support, sewer rights, building restrictions or other restrictions or covenants, conditions or regulations of use, or outstanding leases upon such real property under which rents or profits are reserved to the owner thereof.

(c) "Contingency reserve" means an additional premium reserve established for the protection of policyholders against the effect of adverse economic cycles or losses.

Sec. 2. Qualifications for mortgage guaranty insurers shall be as follows:

(1) An insurer, in order to qualify for writing mortgage guaranty insurance, must have the same minimum capital and surplus as that required of a company by Chapter 8, Texas Insurance Code.

(2) A foreign or alien insurer writing mortgage guaranty insurance shall not be eligible for the issuance of a certificate of authority in Texas unless it has demonstrated a satisfactory operating experience in its state of domicile.

Sec. 3. The unearned premium reserve on mortgage guaranty insurance shall be computed in accordance with Article 6.01 of this Code.

Sec. 4. On such insurance, the case basis method shall be used to determine the loss reserve, which shall include a reserve for claims reported and unpaid and a reserve for claims incurred but not reported.

Sec. 5. In addition to the capital, surplus and reserves specified in Sections 2, 3, and 4 hereof, each mortgage guaranty insurer shall establish a contingency reserve, which shall be reported as a liability in the insurer's financial statements. To provide for and maintain such reserve, the company shall annually contribute to such reserve 50 percent of the earned premiums on its mortgage guaranty insurance business. The earned premiums so reserved may be released to the insurer's surplus, annually, after they have been so maintained for 120 months. However, withdrawals may be made from such reserve by the insurer in any given year in which the insurer can demonstrate to the Commissioner of Insurance that the incurred losses for such year exceed 35 percent of the corresponding earned premiums for such year. The amount so withdrawn and released for such losses shall reduce any subsequent annual release to surplus from the established contingency reserve by an amount equal to the amount so withdrawn, and any balance in excess of the normal annual release from such reserve shall carry over and be deducted from subsequent annual releases.

Sec. 6. A mortgage guaranty insurer shall not at any time have outstanding a total liability, net of reinsurance, under its aggregate mortgage guaranty insurance policies exceeding 25 times its capital, surplus and contingency reserve, such liability to be computed on the basis of the insurer's liability under its election as provided in Section 7. In the event that any insurer has outstanding total liability exceeding 25 times its capi-

For Annotations and Historical Notes, see V.A.T.S.

tal, surplus and contingency reserve, it shall cease writing new mortgage guaranty insurance policies until such time as its total liability no longer exceeds 25 times its capital, surplus and contingency reserve.

Sec. 7. A mortgage guaranty insurer shall limit its coverage to a maximum of 20 percent of the outstanding balance of the loan insured, but the insurer's liability shall in no event exceed the actual loss. In lieu of paying the percentage of the loan insured as specified in the policy, a mortgage guaranty insurer may elect to pay the entire indebtedness to the insured and acquire title to the authorized real estate security.

Sec. 8. A mortgage guaranty insurer shall not insure loans secured by properties in a single housing tract or a contiguous tract in excess of 10 percent of the insurer's capital, surplus and contingency reserve. In determining the amount of such risk, applicable reinsurance in any assuming insurer authorized to transact mortgage guaranty insurance in this state shall be deducted from the total direct risk insured. "Contiguous," for the purposes of this section, means not separated by more than one-half mile.

Sec. 9. No bank, savings and loan association or insurance company, any of whose authorized real estate securities are insured by a mortgage guaranty insurance company, may state in any brochure, pamphlet, report or any form of advertising that the real estate loans of the bank, savings and loan association or insurance company are "insured loans" unless the brochure, pamphlet, report or advertising also clearly states that the loans are insured by private insurers and the names of the private insurers are given and shall not make any such statement at all unless such insurance is by an insurer certificated to write in this state.

Sec. 10. All the applicable provisions of this Code and of other statutes of this state, except as the same may be in conflict herewith, shall apply to the operation and conduct of mortgage guaranty insurance business.

Added by Acts 1963, 58th Leg., p. 1318, ch. 504, § 1, eff. June 11, 1963; amended by Acts 1967, 60th Leg., p. 466, ch. 211, § 1, emerg. eff. May 19, 1967.

Acts 1967, 60th Leg., p. 468, ch. 211, §§ 2, 3 provided:

"Sec. 2. Corporations, domestic or foreign, operating with certificates of authority under the Texas Insurance Code, as amended, shall not have the right to engage in the business of mortgage guaranty insurance as defined in Section 1 hereof, and if any such corporations shall do so it shall forthwith forfeit and surrender its certificate to do business. Provided, however, that this section shall not apply to or be effective against any corporation which, on the effective date of this Act,

was actively engaged in such business under a certificate of authority issued by the State Board of Insurance or the Commissioner of Insurance.

"Sec. 3. If any provision of this Act or the application thereof to any person or circumstance is held to be invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Stockholders representing a majority of the capital stock of any such company may in such manner also increase or reduce the amount of its capital stock. The capital stock shall in no case be reduced to less than the minimum amount of fully paid up capital stock required by applicable provisions of law. A statement of any such increase or reduction shall be signed and acknowledged by two officers of the company and filed and recorded along with the certified copy of the resolution of the stockholders provided therefor in the same manner as the charter or amendment thereto. Any such securities, before being so originally deposited or substituted, shall be approved by the Board of Insurance Commissioners. When any such deposit is made, the Treasurer shall execute to the company making such deposit a receipt therefor, giving such description of said stock or securities as will identify the same, and stating that the same are held on deposit as the capital stock investments of such company; and such company shall have the right to advertise such fact or print a copy of the Treasurer's receipt on the policies it may issue; and the proper officer or agent of each insurance company making such deposit shall be permitted at all reasonable times to examine such securities and to detach coupons therefrom, and to collect interest thereon, under such reasonable rules and regulations as may be prescribed by the Treasurer and the Board of Insurance Commissioners. The deposit herein provided for, when made by any company, shall thereafter be maintained so long as said company shall have outstanding any liability to its policyholders in this State. For the purpose of state, county and municipal taxation, the situs of securities deposited with the treasurer by domestic insurance companies shall be in the city and county where the principal business office of such company is fixed by its charter.

(b) When two or more companies merge or consolidate or enter a total reinsurance contract by which the ceding company is dissolved and its assets acquired and liabilities assumed by the surviving company, and the companies have on deposit with the State Treasurer two or more deposits made under Article 3.15 of the Texas Insurance Code, as amended, all such deposits, except the deposit of greatest amount and value may be withdrawn by the new, surviving or reinsuring company upon proper showing before the Commissioner that the company is the owner thereof. The Treasurer of the State of Texas shall release, transfer and deliver such deposit or deposits to the owner as directed by order of the Commissioner.

Art. 3.40—1. Investments in Income Producing Real Estate

Section 1. Notwithstanding any provision or limitation of Article 3.40 of this Code, any life insurance company organized under the laws of this state may invest any of its funds and accumulations in improved income producing real estate or any interest therein, and may hold, improve, maintain, manage, lease, sell or convey such property or interest therein, subject to the following terms, conditions and limitations:

(1) The term "improved income producing real estate" as used in this Article shall include all commercial and industrial real property, a substantial portion of which has been materially enhanced in value by the construction of durable, permanent-type buildings and other improvements costing an amount at least equal to the value of such real estate exclusive of buildings and improvements, as may be held or acquired by purchase or lease, or otherwise, for the production of income, excepting any agricultural, horticultural, farm and ranch property, residential property, single or multiunit family dwelling property, which is expressly excluded.

¹ Vernon's Ann.Civ.St. art. 581—1 et seq.

Sec. 2. Qualification of Insurers.—No domestic insurance company shall issue, deliver or use any variable annuity contract and no foreign insurance company authorized to transact business in this state shall issue, deliver or sell any variable annuity contract in this state unless and until such company shall have satisfied the State Board of Insurance that its financial and general condition and its methods of operation, including the issue and sale of variable annuity contracts, are not and will not be hazardous to the public or to its policy and contract owners in this state. No foreign insurance company shall issue, deliver or sell any variable annuity contract in this state unless authorized to do so by the laws of its domicile. In determining the qualifications of a company requesting authority to issue, deliver or use variable annuity contracts pursuant to this article the State Board of Insurance shall consider the history of the company, its financial and general condition, the character, responsibility and general fitness and ability of its officers and directors, and the regulation of a foreign company by the state of its domicile. It is specifically provided that an insurer shall not qualify for authority to issue, deliver, or use variable annuity contracts in this State unless at the time of such issuance, delivery, or use it shall have at least the minimum capital and surplus, or in the case of a mutual insurer, the minimum free surplus, which would at such time be required by law for the incorporation of such a domestic insurer or the licensing in Texas of such a foreign insurer. If after notice and hearing the State Board of Insurance shall find that the company is qualified to issue, deliver and use variable annuity contracts in accordance with this article and the regulations and rules issued thereunder, it shall issue its official order of authorization, otherwise it shall issue its official order denying such authority and the request therefor and specifying the grounds for such denial.

Sec. 3. Contracts Shall Contain Certain Provisions.—(a) Every variable annuity contract delivered or issued for delivery in this state, and every certificate evidencing variable benefits issued pursuant to any such contract on a group basis, shall contain a statement of the essential features of the procedure to be followed by the issuing company in determining the dollar amount of the variable annuity benefits or other contractual payments or values thereunder and shall state in clear terms that such amounts may decrease or increase according to such procedure. Every such contract delivered or issued for delivery in this state, and every such certificate, shall contain on its first page, in a prominent position, a clear statement that the benefits or other contractual payments or values thereunder are on a variable basis.

(b) Every individual variable annuity contract delivered or issued for delivery in this state shall stipulate the method of determining the variations in the dollar amount of variable annuity benefits or other contractual payments or values thereunder due to variations in investment experience, and shall guarantee that the expense and mortality results shall not ad-

versely affect such dollar amounts. The first annuity payment to be made pursuant to such method shall not be in an amount in excess of the amount produced by the use of the Progressive Annuity Mortality Table or any other Annuity Mortality Table approved by the State Board of Insurance, and an annual interest assumption of three and one half percent (3½%).

(c) Every individual variable annuity contract delivered or issued for delivery in this state shall contain in substance the following provisions or other provisions more favorable or at least as favorable to the contract owner and approved by the State Board of Insurance:

(i) That, in the event of default in the payment of any consideration beyond the period of grace allowed by the contract for the payment thereof, the company will make payment of the value of the contract, as determined thereunder, in accordance with a plan provided by the contract or agreed upon by the contract owner and the company, such payments to commence not later than the date contractual payments were otherwise to have commenced in accordance with the contract;

(ii) That, upon written request of the contract owner and surrender of the contract the company will make payment of the value of the contract, as determined thereunder, in accordance with a plan provided by the contract and selected by the contract owner or as agreed upon by the contract owner and the company;

(iii) That, the company will mail to the contract owner not less than semiannually after the first contract year a report in a form approved by the State Board of Insurance which shall include a statement of the number of units of uniform value credited to such contract and the dollar value of each such unit as of a date not more than four (4) months previous to the date of mailing, and a statement in a form and as of a date approved by the State Board of Insurance of the investments held in the segregated portfolio or portfolios of investments or separate account or accounts designated in such contract.

(d) Every group variable annuity contract delivered or issued for delivery in this state shall stipulate the method of determining the variations in the dollar amount payable with respect to a unit of variable annuity benefits purchased thereunder due to variations in investment experience, and shall guarantee that expense and mortality results shall not adversely affect such dollar amounts.

Sec. 4. Optional Fixed Dollar Benefits and Payments.—Any domestic insurance company issuing variable annuity contracts pursuant to this article may in its discretion, but need not, issue annuity contracts providing a combination of fixed dollar amount and variable dollar amount benefits and for optional lump-sum payment of benefits.

Sec. 5. Filing and Approval Requirements.—Every variable annuity contract form delivered or issued for delivery in this state, and every certificate form evidencing variable benefits issued pursuant to any such contract on a group basis, and the application, rider and endorsement forms applicable thereto and used in connection therewith, shall be and are hereby expressly made subject to the filing and approval requirements of Article 3.42 of this Insurance Code and any and all amendments thereof.

Sec. 6. Certain Illustrations Prohibited.—Illustration of benefits payable under any variable annuity contract shall not include or involve projections of past investment experience into the future and shall conform with reasonable regulations promulgated by the State Board of Insurance.

Sec. 7. Separate Accounts and Operation of Same.—Every insurance company authorized pursuant to this article to issue, deliver or use variable annuity contracts shall, in connection with same, establish one or more separate accounts to be known as separate variable annuity accounts. All amounts received by the company in connection with any such contract which are required by the terms thereof to be allocated or applied to one

or more designated separate variable annuity accounts shall be placed in such designated account or accounts. The assets and liabilities of each such separate variable annuity account shall at all times be clearly identifiable and distinguishable from the assets and liabilities in all other accounts of the company. The assets held in any such separate variable annuity account shall not be chargeable with liabilities arising out of any other business the company may conduct but shall be held and applied exclusively for the benefit of the owners or beneficiaries of the variable annuity contracts applicable thereto. In the event of the insolvency of the company the assets of each such separate variable annuity account shall be applied to the contractual claims of the owners or beneficiaries of the variable annuity contracts applicable thereto. Except as otherwise specifically provided by the contract, no sale, transfer or exchange of assets may be made between any such separate variable annuity account and any other account of the company, and no asset of a separate variable annuity account shall be pledged, transferred or in any manner encumbered as collateral for a loan. All amounts and assets allocated to any such separate variable annuity account shall be owned by the company and with respect to same the company shall not be nor hold itself out to be a trustee.

Sec. 8. Investment of Separate Account Funds.—Any domestic insurance company which has established one or more separate variable annuity accounts pursuant to this article may invest and reinvest all or any part of the assets allocated to any such account in and only in the securities and investments authorized by Article 3.39 of this Insurance Code for any of the funds of a domestic life insurance company, free and clear of any and all limitations and restrictions in such Article 3.39, and in addition thereto in common capital stocks or other equities which are listed on or admitted to trading in a securities exchange located in the United States of America, or which are publicly held and traded in the "over-the-counter market" as defined by the State Board of Insurance and as to which market quotations have been available. None of the assets allocated to any such variable annuity account shall be invested in common stocks of corporations which shall have defaulted in the payment of any debt within five years next preceding such investment. No such company shall invest in excess of the greater of (a) Twenty-Five Thousand Dollars (\$25,000) or (b) five per cent (5%) of the assets of any such separate variable annuity account in any one corporation issuing such common capital stock. The assets and investments of such separate variable annuity accounts shall not be taken into account in applying the quantitative investment limitations applicable to other investments of the company. In the purchase of common capital stock or other equities, the insurer shall designate to the broker, or to the seller if the purchase is not made through a broker, the specific variable annuity account for which the investment is made.

Sec. 9. Valuation of Assets.—Assets allocated to any separate variable annuity account shall be valued at their market value on the date of any valuation, or if there is no readily available market then in accordance with the terms of the variable annuity contract applicable to such assets, or if there are no such contract terms then in such manner as may be prescribed by reasonable rules and regulations of the State Board of Insurance.

Sec. 10. Reserve Liability.—The reserve liability for variable annuity contracts shall be established by the State Board of Insurance pursuant to the requirements of the Standard Valuation Law as contained in this Insurance Code, and in accordance with actuarial procedures that recognize the variable nature of the benefits provided.

Sec. 11. Separate Annual Statements.—Every insurance company authorized pursuant to this article to issue, deliver or use variable annuity contracts shall annually file with the State Board of Insurance a separate

annual statement of its separate variable annuity accounts. Such statement shall be on a form prescribed or approved by the State Board of Insurance and shall include details as to all of the income, disbursements, assets and liability items of and associated with the said separate variable annuity accounts. Said statement shall be under oath of two officers of the company and shall be filed simultaneously with the annual statement required by Article 3.07 and Article 11.06 of this Insurance Code.

Sec. 12. Amendment of Domestic Company Charters.—Every domestic insurance company authorized pursuant to this article to issue variable annuity contracts and establish separate variable annuity accounts may amend its charter to provide for special voting rights and procedures for the owners of its variable annuity contracts to give them jurisdiction over matters relating to investment policies, investment advisory services and the selection of certified public accountants in relation to the administration of the assets in such separate variable annuity accounts, and in order to comply with the Investment Company Act of 1940 of the United States and such other requirements of federal law as shall be applicable to such separate variable annuity accounts.

Sec. 13. Variable Annuity Agents' Licenses.—Notwithstanding any other law of this State, no person shall, within this State, sell or offer for sale a variable annuity contract, or do or perform any act or thing in the sale, negotiation, making or consummating of any variable annuity contract other than for himself unless such person shall have a valid and current certificate from the State Board of Insurance authorizing such person to act within this State as a variable annuity insurance agent. No such certificate shall be issued unless and until the said Board is satisfied, after examination, that such person is by training, knowledge, ability and character qualified to act as such agent. Any such certificate may be withdrawn and cancelled by said Board, after notice and hearing, if it shall find that the holder thereof does not then have the qualifications required for issue of such certificate.

No such company shall be authorized to issue any annuity or insurance contract other than the type of variable annuity contract authorized to be issued and delivered by this Act.

Sec. 15. Rules and Regulations.—The State Board of Insurance is authorized and directed to issue such reasonable rules and regulations as may be necessary to carry out the various purposes and provisions of this article, and in augmentation thereof.

(a) One Hundred Thousand Dollars (\$100,000) capital until July 1, 1968 (no requirement as to minimum surplus during this period);

For Annotations and Historical Notes, see V.A.T.S.

(b) From July 1, 1968, to July 1, 1969, One Hundred Thirty Thousand Dollars (\$130,000) capital and Twenty Thousand Dollars (\$20,000) surplus;

(c) From July 1, 1969, to July 1, 1970, One Hundred Sixty Thousand Dollars (\$160,000) capital and Forty Thousand Dollars (\$40,000) surplus;

(f) After July 1, 1972, every such corporation shall be required to have and maintain unimpaired capital of not less than Two Hundred Fifty Thousand Dollars (\$250,000) and surplus of not less than One Hundred Thousand Dollars (\$100,000) as otherwise required by this Article. Acts 1967, 60th Leg., p. 493, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.07. Policy Forms and Premiums

Corporations organized under this Act, as well as foreign corporations and those created under Subdivision 57, Article 1302, of the Revised Civil Statutes of 1925, or under Chapter 8 of this Code, or any other law insofar as the business of either may be a title insurance business, shall operate in Texas under the control and supervision and under such uniform rules and regulations as to forms of policies and underwriting contracts and premiums therefor, and such underwriting standards and practices as may be from time to time prescribed by the Board; and no Texas or foreign corporation, whether incorporated under this Act or any other law of the State of Texas shall be permitted to issue any title policy of any character, or underwriting contract, on Texas property other than under this Act and under such rules and regulations. No policy of title insurance or guarantee of any character on Texas titles shall be issued or valid unless written by a corporation complying with all provisions of and authorized or qualified under this Act. Before any rate provided for herein shall be fixed or charged, reasonable notice shall issue, and a hearing afforded to the companies authorized or qualified under this Act. Under no circumstances may any company use any form until the same shall have been promulgated and approved by the Board.

The Board shall have the right and it shall be its duty to fix and promulgate the rates to be charged by corporations created or operating under this Act for premiums on policies or certificates, and underwriting contracts. The rates fixed by the Board shall be reasonable to the public and nonconfiscatory as to the company. For the purpose of collecting data on which to determine the proper rates to be fixed, the Board shall have the right to require the companies operating in Texas to submit such information in such form as it may deem proper, all information as to loss experience, expense of operation, and other material matter for its consideration.

Rates when once fixed shall not be changed until after a public hearing shall be had by the Board, after proper notice sent direct to all companies qualified or authorized to do business under this Act, and after public notice in such manner as to give fair publicity thereto for two (2) weeks in advance. The Board must call such hearing to consider rate changes at the request of a company writing title insurance, or if the Board thinks that a change in rates may be proper. Any company or other person interested, feeling injured by any action of the Board with regard to rates, shall have the right to file a suit in the District Court of Travis County, within thirty (30) days after the Board has made such order, to review the action. Such cases shall be tried de novo in the District Court in accordance with the provisions of Article 21.44 of the Insurance Code

and shall be governed by the same rules of evidence and procedure as other civil cases in said court; in which suit the court may enter a judgment setting aside the Board's order, or affirming, the action of the Board. Under no circumstances shall any rate or premium be charged for policies or underwriting contracts different from those fixed and promulgated by the Board.

Acts 1967, 60th Leg., p. 493, ch. 219, § 1, eff. Oct. 1, 1967.

**Art. 9.08. Prohibiting Guarantee of Payment of Obligations of Others
—and “Insuring Around”**

Title insurance companies, domestic or foreign, operating under this chapter shall not have the right to guarantee the payment of mortgages which cover real estate, and if any such corporation shall do so it shall forthwith forfeit and surrender its permit to do business.

“Insuring around” is defined as the willful issuance of a title binder or title insurance policy showing no outstanding enforceable recorded liens while the issuer knows that in fact a lien or liens are of record against the real property, and shall be prohibited, except under circumstances as the State Board of Insurance under its rule-making powers shall approve.

Any person who willfully violates the provisions of this Article 9.08, or who disobeys an order of the Board refusing to approve an application to insure around, shall, upon proof thereof to the satisfaction of the District Court of Travis County, Texas, forfeit and pay to the State of Texas a sum not to exceed \$5,000, which may be recovered in a civil action.

The Board, upon giving thirty (30) days' notice by registered mail, and upon hearing had for that purpose, may forfeit the Certificate of Authority to do business of any company violating the provisions of this Article 9.08.

Acts 1967, 60th Leg., p. 494, ch. 219, § 1, eff. Oct. 1, 1967.

**Art. 9.09. Prohibiting Transacting of Other Kinds of Insurance by Title
Insurance Companies or The Transacting of Title Insurance by
Other Types of Insurance Companies**

Corporations, domestic or foreign, operating under this Act, shall not transact, underwrite or issue any kind of insurance other than title insurance; nor shall title insurance be transacted, underwritten or issued by any company transacting any other kinds of insurance; provided, however, that the above prohibitions shall not apply as to any corporation, domestic or foreign, which on the effective date of this Act was transacting, underwriting and issuing within the State of Texas title insurance and any other kind of insurance. Any corporation now organized and doing business under the provisions of Chapter 8 and actively writing title insurance shall be subject to all the provisions of this Act except Article 9.18 relating to investments.

Acts 1967, 60th Leg., p. 494, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.10. Foreign Corporations

Corporations organized under the laws of any other state shall be permitted to do business in this state on exactly the same basis and subject to the same rules, regulations and prices and supervision as fixed for Texas corporations doing business under this Act.

Acts 1967, 60th Leg., p. 495, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.11. Revocation of License

Any foreign or domestic corporations issuing any form of policy or underwriting contracts, or charging any premium rates on either owners',

For Annotations and Historical Notes, see V.A.T.S.

mortgagee's or other policies, or on underwriting contracts on Texas properties other than forms and rates prescribed by the Board, under the provisions of this Act shall forfeit its right to do business in Texas; but this shall not be construed as intended to require the charge made by one title insurance company, qualified to do business under this Act and doing a general title insurance business for the public in this state, for reinsuring or underwriting all or any part of the business of another such company, to be the same as the charge to the public.

Acts 1967, 60th Leg., p. 495, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.12. Deposits

All title insurance companies, domestic and foreign, engaged in the title insurance business must at all times have and keep on deposit with the State Treasury or such other depository in the State of Texas as may be named by such corporation and approved by the Board, either cash or such securities as are listed in Article 9.18 of this Act as approved investments for title insurance companies, to an amount equal to one-fourth of the authorized capital of such corporation; provided, however, that such deposit shall in no event exceed the sum of One Hundred Thousand Dollars (\$100,000). Such corporation, at its option may withdraw from time to time such securities or any part thereof, first having deposited in such depository in lieu thereof other securities of sufficient value to maintain the required deposit. Funds deposited under this provision shall never be used for the payment of any obligation other than those connected with title insurance, and in the event of the insolvency or dissolution of a corporation, the fund hereby provided shall be used to protect title insurance policyholders even though there be no accrued title insurance claims and even though there be unpaid obligations of other sorts; provided, however, that same shall be applied to the payment of other obligations and liabilities of said corporation and/or distribution to stockholders after complete payment of the obligations and liabilities of the corporation connected with title insurance business and the establishment of adequate reserves or reinsurance for the protection of any subsequently accruing or maturing title insurance obligations and liabilities, the amount of such reserves and the handling and distribution of same to be subject to the control and discretion of the Board, same to be reviewable in judicial proceedings to be governed by like rules as are applicable to review of rates under Article 9.07 of this Act. This deposit shall be for the benefit of all policyholders.

If a foreign title insurance company has on deposit with insurance regulatory bodies in the United States sums aggregating the amount of deposit required by this Article in such manner as to secure all policyholders wherever located, then no deposit shall be required in this state, but a certificate of deposit under the hand and seal of such insurance regulatory body or bodies with whom the deposits have been made shall be filed with the Board.

Acts 1967, 60th Leg., p. 495, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.13. Fees

The general laws applicable to payment of filing fees of corporations having a capital stock are hereby made applicable to corporations coming under the provisions of this Act.

(c) As to insurers which have accumulated reserves as provided in (2) (c) above, such unearned premium shall be reduced at the rate of one-twentieth ($\frac{1}{20}$) of such sum per year beginning at the end of the calendar year in which such One Hundred Thousand Dollars (\$100,000) shall have been accumulated and a like amount at the end of each calendar year thereafter for nineteen (19) consecutive years.

The sums of items so estimated shall be the total expenses of such title insurance company.

Art. 9.29. Supervision, Conservation and Liquidation of Title Insurance Companies

Part I

Section A. If, upon examination or at any other time, it shall appear to the Board that any of the following conditions exist relative to any company organized under the laws of this state and doing a title insurance business in this state:

(1) the minimum surplus requirements of said company are impaired to the extent of fifty (50%) percent and have remained in such state of impairment continuously for at least sixty (60) days; or

(2) the capital stock of said company is impaired; or

(3) the company is issuing policies of title insurance contrary to law or regulations promulgated by the Board; or

(4) the company has refused to permit the examination of its books and records by the Board or by its duly commissioned examiners, and has failed and refused to answer inquiries made by the commissioner; or

(5) in the opinion of the Board, the condition of the company is such as to render the continuance of its business hazardous to the public or to its policyholders; or

(6) the business of a company is being conducted fraudulently; then the Board shall notify the company of its determination that such condition or conditions exist, and such company shall have thirty (30) days under the supervision of the Board in which to correct such condition in accordance with the requirements of the Board.

During the period of supervision, the Board may appoint a supervisor to supervise such company and may provide that the company shall not do any or all of the following things during the period of supervision without the prior approval of the Board or its supervisor:

(1) Dispose of, convey or encumber any of its assets;

(2) Withdraw any of its bank accounts;

(3) Lend any of its funds;

(4) Invest any of its funds;

(5) Transfer any of its property;

(6) Incur any debt, obligation or liability; or

(7) Merge or consolidate with another company.

Sec. B.

1. The Board after hearing and notice to any company organized under the laws of this state and doing a title insurance business in this state, may appoint the liquidator designated under the provisions of Article 21.28 of the Texas Insurance Code as conservator of any such company if it finds, based upon substantial evidence, any of the following:

For Annotations and Historical Notes, see V.A.T.S.

(a) The company has failed within the thirty-day time set out in any notice provided under this Article to correct any aforesaid condition set out in the notice in accordance with the requirements of the Board.

(b) The company has had its certificate of authority to do business in the State of Texas revoked or suspended or has voluntarily surrendered such certificate of authority.

2. The Board may without notice and hearing appoint the liquidator designated under the provisions of Article 21.28 of the Texas Insurance Code as conservator of any company organized under the laws of this state and doing a title insurance business in this state when requested to do so by the board of directors of said company. The board of directors of any such company shall also have the right to waive any notice provision provided in this Article by filing with the Board a written instrument in the form of a resolution passed by them or by an instrument signed by a majority of them specifically stating such waiver of notice.

Sec. C. After appointment, the conservator shall immediately take charge of such company and all of the property, books, records and effects thereof, and conduct the business thereof, and take such steps toward the removal of the causes and conditions, which have necessitated such order, as the Board may direct. During the pendency of conservatorship, the conservator shall make such reports to the Board from time to time as may be required by the Board, and shall be empowered to take all necessary measures to preserve, protect and recover any assets or property of such title insurance company, and to deal with the same in his own name as conservator including claims or causes of action belonging to or which may be asserted by such title insurance company, and shall be empowered to file, prosecute and defend any suit or suits which have been filed or which may thereafter be filed by or against such title insurance company which are deemed by the conservator to be necessary to protect all of the interested parties or any property affected thereby. If, at the time of appointment of a conservator or at any time during the pendency of such conservatorship, it appears that the interest of the policyholders or certificate holders of such title insurance company can best be protected by reinsuring the same, the conservator may, with the approval of or at the direction of the Board, reinsure all or any part of such company's policies or certificates of insurance with some solvent title insurance company or association authorized to transact title insurance business in this state, and to the extent that such title insurance company in conservatorship is possessed of funds and assets, including reserves and deposits, the conservator may transfer to the reinsuring title company such funds and assets or any portion thereof as may be required to consummate the reinsurance of such policies, and any such funds and assets so transferred shall not be deemed a preference of creditors.

If, upon the appointment of a conservator or at any time during the pendency of conservatorship, the Board finds that such title insurance company is not in condition to satisfactorily continue business in the interest of its policyholders or certificate holders under a conservatorship as above provided, the Board may proceed to liquidate such title insurance company through such conservator or request the Attorney General of Texas to institute proceedings to liquidate and dissolve the title insurance company.

Sec. D. The cost incident to the supervisor's or conservator's services shall be fixed and determined by the Board and shall be a charge against the assets and funds of the company to be allowed and paid as the Board may determine.

Part II

Section A. If, upon examination or at any other time, it shall appear to the Board that any of the conditions enumerated in Section A of Part

I of this Article exist relative to any company not organized under the laws of this state and conducting a title insurance business in this state, then the Board shall notify the company of its determination that such condition or conditions exist, and such company shall have thirty (30) days under the supervision of the Board in which to correct such condition in accordance with the requirements of the Board.

During the period of supervision, the Board may appoint a supervisor to supervise the assets in the State of Texas, and the policy liabilities owed to residents of the State of Texas and may provide, with reference to any of such assets and liabilities that such company shall not do any or all of the following things during the period of supervision without the prior approval of the Board or its supervisor:

- (1) Dispose of, convey or encumber any of its assets;
- (2) Withdraw any of its bank accounts;
- (3) Lend any of its funds;
- (4) Invest any of its funds;
- (5) Transfer any of its property;
- (6) Incur any debt, obligation or liability; or
- (7) Merge or consolidate with another company.

Sec. B.

1. The Board, after hearing and notice to any company not organized under the laws of this state or any person or noncorporate firm doing a title insurance business in this state, may appoint the liquidator designated under the provisions of Article 21.28 of the Texas Insurance Code as conservator of any such company if it finds, based upon substantial evidence, any of the following:

(a) The company has failed within the thirty-day time set out in any notice provided under this Article to correct any aforesaid condition set out in the notice in accordance with the requirements of the Board.

(b) The company has had its certificate of authority to do business in the State of Texas or the state of its domicile revoked or suspended or has voluntarily surrendered either of such certificates.

(c) The company, person or noncorporate firm does not have a certificate of authority to do business in this state.

Sec. C. The conservator as to records and assets in the State of Texas of such company, noncorporate firm and person and policyholder liabilities owed to residents of this state shall have the same rights, obligations and duties as provided to a conservator appointed under the provisions of Part I of this Article.

Sec. D. The cost incident to the supervisor's or conservator's services shall be fixed and determined by the Board and shall be a charge against the assets and funds in the State of Texas of the company to be allowed and paid as the Board may determine.

Part III

Any corporation organized and incorporated under the laws of any other state, territory or country for the purpose of transacting a title insurance or title guaranty business shall be required to pay the same filing fees and occupation tax as any foreign casualty company is required to pay in order to procure a permit to do business in Texas. Such foreign title companies will not be required to pay a franchise tax.

Art. 9.32. Prohibiting Further Chartering of Corporations Under Article 1302

No corporation shall be chartered under Subdivision 57, Article 1302, Revised Statutes of Texas, 1925, but all corporations heretofore incorporated and now doing business in Texas shall be permitted to continue in business and shall be subject to all the provisions of this Act, and such companies shall be required to comply with the requirements of this Act with reference to investments and deposits.

Art. 9.33. To Cancel License; Appeals by Companies

The terms and provisions of this Act are conditions upon which corporations doing the business provided for in this Act may continue to exist, and failure to comply with any of them or a violation of any of the terms of this Act shall be proper cause for revocation of the permit and forfeiture of charter of a domestic corporation or the permit of a foreign corporation.

Any company qualified or seeking to qualify under this Act, feeling aggrieved by any action of the Board, especially, but not limited to, any action against such company, shall have the right to file a suit in the District Court of Travis County, within thirty (30) days after the Board

has made its order or ruling; provided, however, that if the order or ruling is directed against such company, whether or not directed against other companies, such company shall have thirty (30) days after receipt of official notice of such ruling from the Board to review such action of the Board. Such cases shall be tried de novo in such District Court in accordance with the provisions of Article 21.44 of the Insurance Code and shall be governed by the same rules of pleading, including rights of amendments thereof, evidence, and procedure as are applicable to other civil cases in the original jurisdiction of a District Court.

Art. 9.34. Determination of Insurability

No policy or contract of title insurance shall be written unless and until the title insurance company (a) has caused a search of title to be made from the title evidence prepared from an abstract plant as herein defined, or if no such abstract plant of the county exists, or the owner of such plant refuses to furnish the title insurance company desiring to insure, such title evidence at its regular charge and within a reasonable period of time, then such policy or contract of title insurance shall be based upon the best title evidence available, and (b) has caused to be made a determination of insurability of title in accordance with sound title underwriting practices. Evidence thereof shall be preserved and retained in the files of the title insurance company or its agent for a period of not less than fifteen (15) years after the policy or contract of title insurance has been issued. In lieu of retaining the original copy, the title insurance company or the agent of the title insurance company, may in the regular course of business establish a system whereby all or part of these writings are recorded, copied or reproduced by any photographic, photostatic, microfilm, micro-card, miniature photographic, or other process which accurately reproduces or forms a durable medium for reproducing the original. This Article shall not apply to (a) a company assuming no primary liability in a contract of reinsurance, or (b) a company acting as a co-insurer if one of the other co-insuring companies has complied with this Article.

Acts 1967, 60th Leg., p. 506, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.36. Agent's Licenses: Application, Issuance, Renewal and Cancellation

A. Before an initial license is issued to any person, firm, association or corporation to act as agent within the State of Texas for any title insurance company, there shall first be filed by the title insurance company with the Board an application for agent's license, on forms to be provided by the Board, accompanied by a fee of Two Dollars (\$2). The application shall be signed and duly sworn to by the title insurance company and the proposed agent. Such application shall contain the following:

(1) That the proposed agent, if an individual, is a bona fide resident of Texas; or if a firm or association, that it is composed wholly of Texas

For Annotations and Historical Notes, see V.A.T.S.

residents; or if a corporation, that it is a Texas corporation or a foreign corporation which has been authorized to do business in Texas; and

(2) That the proposed agent (and if a corporation, its managerial personnel) has reasonable experience or instruction in the field of title insurance; and

(3) That the proposed agent is known to the title insurance company to have a good business reputation and is worthy of the public trust and said title insurance company knows of no fact or condition which would disqualify him from receiving a license; and

(4) That the proposed agent qualified as a title insurance agent as defined in this Act.

The Board shall grant such license if it determines from the application and its own investigation that the foregoing requirements have been met.

B. On or before the first day of June of each year, every title insurance company, domestic or foreign, operating under the provisions of this Act, shall certify to the Board, on forms provided by the Board, the names and addresses of every title insurance agent of said company within the state, and shall apply for and pay a fee of \$2.00 for an annual license in the name of each such agent included in said list; if any such company shall terminate any licensed agent, it shall immediately notify the Board in writing of such act and request cancellation of such license, notifying the agent of such action. No such title insurance company shall permit any agent appointed by it to write, sign, or deliver title insurance within the state until the foregoing conditions have been complied with, and the Board has granted said license. The Board shall deliver such license to the title insurance company for transmittal to the Agent.

Licenses shall continue until the first day of the next June unless previously cancelled; provided, however, that if any title insurance company surrenders or has its certificate of authority revoked by the Board, all existing licenses of its title insurance agents shall automatically terminate without notice.

Any title insurance agent may be licensed to represent one or more such title insurance companies, with a separate license granted for each.

The Board shall keep a record of the names and addresses of all licensed agents in such manner that the agents appointed by any company authorized to transact title insurance business within the State of Texas may be conveniently ascertained and inspected by any person upon request.

C. If a title insurance company terminates its contract with a title insurance agent or gives notice of termination to the title insurance agent, then any such agent may, within thirty (30) days after either occurrence apply to the Board for continuation of his license with an amendment thereto showing the name of another title insurance company for whom he is or will be authorized to act.

Art. 9.37. Agent's Licenses: Surrender, Forfeiture; Grounds for Revocation; Notice, Hearing and Appeal

A. Any title insurance agent may voluntarily surrender his license at any time by giving notice to the Board and to the title insurance company concerned. Any agent shall automatically forfeit the license under the title insurance company represented if he shall terminate his agency contract with such company.

B. The license of any agent may be denied, or a license duly issued may be suspended or revoked or a renewal thereof refused by the Board,

if, after notice and hearing as hereafter provided, it finds that the applicant for or holder of such license:

- (1) Has wilfully violated any provision of this Act; or
- (2) Has intentionally made a material misstatement in the application for such license; or
- (3) Has obtained, or attempted to obtain, such license by fraud or misrepresentation; or
- (4) Has misappropriated or converted to his own use or illegally withheld money belonging to a title insurance company, an insured or any other person; or
- (5) Has otherwise demonstrated lack of trustworthiness or competence to act as an agent; or
- (6) Has been guilty of fraudulent or dishonest practices; or
- (7) Has materially misrepresented the terms and conditions of title insurance policies or contracts; or
- (8) Is not of good character or reputation; or
- (9) Has failed to maintain a separate and distinct accounting of escrow funds, and has failed to maintain an escrow bank account or accounts separate and apart from all other accounts.

C. Before the license of any title insurance agent shall be denied, or suspended or revoked, or the renewal thereof refused hereunder, the Board shall give notice of its intention so to do, by registered mail, to the applicant for, or holder of such license and to the title insurance company or companies who desire that such license be granted or continued in effect, and shall set a date not less than twenty (20) days from the date of mailing such notice when the applicant or licensee and a duly authorized representative of the title insurance company may appear to be heard and produce evidence. In the conduct of such hearing, the Commissioner or any regular salaried employee specially designated by him for such purpose shall have power to administer oaths, to require the appearance of and examine any person under oath, and to require the production of books, records or papers relevant to the inquiry upon his own initiative or upon the request of the applicant or licensee. Upon termination of such hearing, findings shall be reduced to writing and, upon approval by the Commissioner, shall be filed in his office and notice of the findings sent by registered mail to the applicant or licensee and the title company or companies concerned.

D. No applicant or licensee whose license has been denied, refused or revoked hereunder shall be entitled to file another application for a license as an agent within one year from the effective date of such denial, refusal or revocation, or, if judicial review of such denial, refusal or revocation is sought, within one year from the date of final court order or decree affirming such action. Such application, when filed after one year, may be refused by the Board unless the applicant shows good cause why the denial, refusal or revocation of his license shall not be deemed a bar to the issuance of a new license.

E. If the Board shall refuse an application for any license provided for in this Act, or shall suspend, revoke or refuse to renew any such license at said hearing, then any such applicant or licensee, and any title insurance company or companies concerned, may appeal from said order by filing suit against the Board as defendant in any of the District Courts of Travis County, Texas, and not elsewhere, within twenty (20) days from the date of the order of said Board. Said action shall have precedence over all other causes of a different nature on the docket. The action shall not be limited to questions of law and shall be tried and determined upon a trial de novo to the same extent as now provided for in the case of an appeal from the justice court to the county court. Any party to said action may appeal to the appellate court having jurisdiction of said cause, and

For Annotations and Historical Notes, see V.A.T.S.

said appeal shall be at once returnable to said appellate court having jurisdiction of said cause and said action so appealed shall have precedence in said appellate court over all causes of a different character therein pending. The Board shall not be required to give any appeal bond in any cause arising hereunder.

Acts 1967, 60th Leg., p. 507, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.38. Bonds for Agents

(a) Every person, firm, association, or corporation which has been licensed as a title insurance agent shall make, file, and pay for a surety bond with a corporate surety company authorized to write surety bonds in this state, payable to the State Board of Insurance in the sum of Seven Thousand Five Hundred Dollars (\$7,500) which bond shall obligate the principal and surety to pay such pecuniary losses as may result to any participant in an insured real estate transaction which shall be sustained through acts of fraud, dishonesty, theft, embezzlement, or wilful misapplication on the part of any title insurance agent. In lieu of such bond any title insurance agent may deposit with the Board cash (or securities approved by the Board) which cash and securities shall be in the amount of Seven Thousand Five Hundred Dollars (\$7,500) and subject to the same conditions as provided for in said bond.

(b) If at any time it appears to the Board that the terms of any agent's bond may have been violated, the Board may require the agent to appear in Travis County with such records as the Board deems proper on a named date not earlier than ten (10) days nor later than fifteen (15) days from service of notice, and there conduct an examination into the matter. If upon such examination the Board is satisfied that the terms of said bond have been violated, the Board shall immediately notify the surety and prepare a written statement covering the facts and deliver it to the Attorney General of Texas, whose duty it shall be to investigate the charges, and if satisfied that the terms of said bond have been violated, then to enforce the liability against cash or securities, or by suit on said bond in Travis County in the name of the Board for the benefit of all parties who have suffered any loss because of breach of the terms of said bond.

Acts 1967, 60th Leg., p. 508, ch. 219, § 1, eff. Oct. 1, 1967.

Art. 9.39. Annual Audit and Report of Agents

Every title insurance agent shall have an annual audit, at its or his expense, made of trust fund accounts, and within ninety (90) days from the termination of its fiscal year, shall send by certified mail, postage prepaid, to the Board one copy of such audit report with a letter of transmittal, and each such agent, shall also send a copy of such letter of transmittal and audit report to every title insurance company which it represents.

The Board shall promulgate regulations setting forth the standards of audit and the form of audit report required.

Said audit shall be made by an independent certified public accountant or licensed public accountant, or a firm composed of either, recommended by said agent and approved by each title insurance company represented by said agent.

Each title insurance company shall examine and analyze the audit report furnished by each of its agents, and shall within three (3) months of receipt of same report to the Board on forms to be furnished by the Board the findings and results of its examination and analysis of such audit report. If a title insurance company fails to receive an audit report from any of its agents within the time specified above, it shall forthwith report such omission to the Board.

All such reports and analyses furnished by the title insurance company to the Board shall, at the election of the Commissioner, be classed as confidential and privileged after having been filed with the Board.

If any agent shall fail or refuse to furnish an audit report within the time required, or shall furnish an audit report which reveals any shortage or other irregularity, or any practice not in keeping with sound, honest business practices, the Board may, after notice to the agent and each title insurance company involved and after a hearing at which the agent and title insurance company may offer evidence explaining or excusing such omissions or irregularity, revoke the license of such agent.

Any agent or title insurance company feeling aggrieved by any action of the Board hereunder shall have the right to file a suit in the District Court of Travis County in the time and manner provided in Article 9.37. Acts 1967, 60th Leg., p. 509, ch. 219, § 1, eff. Oct. 1, 1967.

Acts 1967, 60th Leg., p. 509, ch. 219, § 1, eff. Oct. 1, 1967.

Every title insurance agent licensed and operating under the provisions of this Act shall on or before the first day of June of each year, certify to the Board on forms provided by the Board the names and addresses of every person employed by it to serve in the capacity of escrow officer within the state, and shall apply for and pay an annual license fee of Two Dollars (\$2) for each such person included in said list. If it shall terminate any licensed escrow officer, it shall immediately notify the Board in writing of such act and request cancellation of the license, notifying such escrow officer of such action. No agent shall permit any person to act as escrow officer within the state until the foregoing conditions have been complied with, and the Board has granted the said license.

Licenses shall continue until the first day of the next June, unless previously cancelled. Provided, however, that if any title insurance agent surrenders all its licenses, or has all its licenses revoked by the Board, all existing licenses of its escrow officers shall automatically terminate without notice.

In the conduct of such hearing, the Commissioner or any regular salaried employee specially designated by him for such purpose shall have power to administer oaths, to require the appearance of and examine any person under oath, and to require the production of books, records or papers relevant to the inquiry upon his own initiative or upon the request of the applicant or licensee. E. If the Board shall refuse an application for any license provided for in this Article, or shall suspend, revoke or refuse to renew any such license at said hearing, then any such applicant may appeal from said order by filing suit against the Board as defendant in any of the District Courts of Travis County, Texas, and not elsewhere, within twenty (20) days from the date of the order of said Board. Either party to said action may appeal to the appellate court having jurisdiction of said cause, and said appeal shall be at once returnable to said appellate court having jurisdiction of said cause and said action so appealed shall have precedence in said appellate court over all causes of a different character therein pending. Said taxes when collected shall be deposited with the State Treasurer to the credit of a special fund to be designated as the Title Insurance Fund, which fund shall be kept separate and apart from all other funds and moneys in his hands, to be used for the sole purpose of administering the provisions of this chapter; and to be expended only on warrants issued by the Comptroller upon vouchers drawn by the Board, such vouchers to be accompanied by itemized sworn statements of the expenditures, and to be in addition to all taxes now imposed, or which may hereafter be imposed, not in conflict with this Article. Should there be an unexpended balance at the end of any year in said fund, the Board shall reduce the assessment for the succeeding year so that the amount produced and paid into the Treasury will not exceed the amount necessary for the current year to pay all expenses of maintaining the division of the Board administering the provisions of this Act.

Art. 11.19. Other Laws to Govern

The provisions of Chapter 3 of this Code, when not in conflict with the Articles of this Chapter, shall apply to and govern mutual life insurance companies organized under the provisions of this Chapter, provided, however, that when any mutual life insurance company organized under the provisions of this Chapter has a surplus equal to or greater than the minimum of capital and surplus required of capital stock companies under the provisions of Article 3.02 of Chapter 3, Insurance Code of the State of Texas, Revised Civil Statutes of Texas of 1925, the following provisions of Chapter 11 only shall apply to such mutual companies: 11.01, 11.02, 11.03, 11.04, 11.05, 11.06, 11.07, 11.10, 11.11, 11.12, 11.14, 11.16, 11.17, 11.18, 11.19, 11.20, and 11.21. On all other matters the provisions of said Chapter 3 shall apply to and govern such mutual life insurance companies.

Amended by Acts 1963, 58th Leg., p. 1117, ch. 434, § 11, eff. Aug. 23, 1963; Acts 1967, 60th Leg., p. 219, ch. 121, § 1, emerg. eff. May 5, 1967.

Art. 11.20. Mergers and Consolidations

Section 1. Any two or more mutual life insurance companies may merge into one of such companies, domestic or foreign, or consolidate into a new mutual life insurance company, domestic or foreign, by compliance with the procedures provided in this Article.

Sec. 2. When it shall be determined by a majority vote of the Board of Directors, respectively, of two or more mutual life insurance companies, to either merge or consolidate, said Boards of Directors shall prepare a plan of merger or consolidation, as the case may be, and file such plan with the Commissioner of Insurance for approval. Such plan may contain provisions for future apportionment of then existing or prospective accumulations, or both, of divisible surplus, or any other equitable arrangement, whereby the equitable interests, if any, of affected policyholders may be adjusted.

Sec. 3. As soon as practicable after such filing, the Commissioner of Insurance shall hold a hearing on the question of whether he should approve such plan. As soon as practicable after such hearing, said Commissioner shall approve such plan unless he finds that such plan:

(1) is contrary to law, or

(2) effectuation of such plan would not be in the best interest of the policyholders of any one or more domestic mutual life insurance company which is a party to such plan, or

(3) effectuation of such plan would substantially reduce the security of or service to be rendered to policyholders, whether residents of this state or elsewhere, of any domestic mutual insurance company which is a party to such plan.

In making such decision, the Commissioner of Insurance may consider all facts, elements, matters and financial conditions relating thereto, including but not limited to past, present and prospective operations and accumulations of said companies desiring to merge or consolidate.

For Annotations and Historical Notes, see V.A.T.S.

If the Commissioner of Insurance disapproves such plan, he shall within a reasonable time after such hearing specify in detail his reasons therefor and so notify all of the parties to such plan. If the Commissioner of Insurance approves such plan, he shall so notify all of the parties thereto, whereupon each board of directors of each domestic company party thereto shall proceed to submit such plan for adoption or rejection to its respective policyholders as hereinafter provided.

Sec. 4. As soon as practicable after receipt of notice of approval of a plan of merger or consolidation to which a company is a party, each domestic party thereto shall cause such plan to be submitted to a vote of its policyholders at a meeting thereof, which meeting may be either an annual or a special meeting. Written or printed notice shall be given to each policyholder, addressed to his last known address, in accordance with the applicable bylaws, but not less than fifteen (15) days before such meeting. And each such notice shall specifically state that at least one of the purposes of such meeting is to vote upon such plan, a copy of which shall accompany such notice. At each such meeting of policyholders of a domestic party to such plan, each policyholder shall: (i) be entitled to a number of votes determined as provided in Article 11.04 of this Chapter of this Code, and (ii) may vote in person, by proxy to whomever the policyholder may designate in writing, or by mailed ballot. The plan of merger or consolidation shall be considered approved by the policyholders of such company upon receiving the affirmative vote of at least two-thirds ($\frac{2}{3}$) of the votes cast at such meeting on such question.

Sec. 5. (a) Upon the required approval of such plan by the policyholders of each domestic company which is a party to such plan and, if one or more foreign companies is a party thereto, upon the approval thereof in compliance with such foreign law or laws as may be applicable thereto, the president or a vice-president and the secretary or an assistant secretary of each company which is a party to such plan shall execute and file with the Commissioner of Insurance an affidavit that such plan has been approved as herein required.

(b) If the Commissioner of Insurance finds that such affidavit conforms to law, he shall endorse thereon the word "Filed," and the date of filing thereof; and

(1) if the plan be a plan of merger, the Commissioner shall then execute and deliver a Certificate of Merger to the surviving company or its representative; or

(2) if the plan be a plan of consolidation, the Commissioner shall execute and deliver a Certificate of Consolidation to the new company when such new company shall be issued a charter and license upon submission of proper articles of incorporation to the Commissioner of Insurance, and upon his approval together with approval of the Attorney General in accordance with the procedure now required for the issuance of a new charter, and proof that the new company has surplus of not less than the surplus of the mutual life insurance company involved in such consolidation having the largest surplus.

Sec. 6. Upon the issuance by the Commissioner of a Certificate of Merger or Consolidation, as the case may be, the merger or consolidation referred to in such certificate shall thereupon be deemed effective unless some subsequent date be specifically stated as the effective date thereof in the plan therefor.

Sec. 7. As of the time that such merger or consolidation is deemed effective:

(1) All policies of insurance outstanding against any company so merged or consolidated shall be deemed to be assumed by the new or surviving mutual life insurance company on the same terms and under

the same conditions as if such policies had continued in force against the original issuer thereof and the new or surviving company shall carry out the terms of such policies and be entitled to all the rights and privileges thereof and the reserves and surplus accumulating on such policy prior to such merger or consolidation.

(2) All the rights, franchises and interests of the companies so merged or consolidated, in and to every species of property, real, personal and mixed, and the things in action thereunto belonging, shall be deemed as transferred to and vested in the surviving or new mutual life insurance company, without any other deed or transfer; and simultaneously therewith the surviving or new mutual life insurance company shall be deemed to have assumed all of the liabilities of the merged or consolidated companies;

(3) All investments of each mutual life insurance company which was a party to such merger or consolidation that were authorized when made by the laws of the state in which such mutual life insurance company was organized, as proper securities or assets, including real property, for investment of funds of any mutual life insurance company and which investments are taken over by the surviving or new company by virtue of such merger or consolidation under the provisions of this Act, shall be, under the laws of this state, considered as valid securities or assets, including real property, of such new or surviving company, provided such investments are approved by the Commissioner of Insurance in this state, and the same are taken over on terms satisfactory to said Commissioner; provided, however, that in the event the new or surviving company acquires by virtue of such merger or consolidation real estate or property beyond or in excess of that permitted by the applicable Articles pertaining to owning or holding real estate, such company shall sell or dispose of all such excess real estate within the time specified in such applicable Articles unless it shall procure a certificate from said Commissioner that the interest of such company will materially suffer from the forced sale or disposition thereof, in which event the time for the sale or disposition thereof may be extended to such time as the Commissioner of Insurance shall direct in such certificate. Provided further, that this Section will not preclude the designation and use of such acquired excess real estate as branch offices in accordance with the applicable provisions of this Code.

(4) The divisible surplus of each company which is a party to such merger or consolidation which was available for apportionment to policyholders in accordance with the provisions of Article 11.12 of this Chapter of this Code immediately prior to the effectiveness of such merger or consolidation shall continue to be available to the policyholders of the surviving or new company in accordance with the provisions of such Article.

Sec. 8. Nothing herein shall be construed as affecting, modifying, amending or repealing in any manner the Anti-Trust Statutes of this state.

Total direct reinsurance agreements, whereby all policies of any ceding domestic mutual life insurance company, are totally assumed by another company, must first be so approved by the Commissioner of Insurance and thereafter by such affected policyholders of the domestic company in like mode and manner as is required under the provisions of Article 11.20 of this Chapter of this Code for policyholder approval of a merger or consolidation agreement. Upon consummation of any such total direct reinsurance agreement, the assuming company shall be entitled to all the rights, privileges and benefits accorded under Section 7, of Article 11.20 of this Chapter of this Code, the same as though such business had been assumed by merger or consolidation.

Art. 21.07—3. Managing General Agents' Licensing Act

Section 1. Name of Act.—This Act may be referred to as the "Managing General Agents' Licensing Act."

For Annotations and Historical Notes, see V.A.T.S.

Sec. 2. Definitions.—The following words and phrases when used in this Act shall be defined and construed as follows:

(a) "Managing General Agent" shall mean any person, firm or corporation who has supervisory responsibility for the local agency and field

operations of an insurance company or carrier within this state, or any part thereof, and who may perform any of the following acts for a company or carrier: receive and pass upon daily reports and monthly accounts; receive and be responsible for agency balances; handle the adjustment of losses; or, appoint or direct local recording agents, state agents, or special agents within this state, or any part thereof.

(b) "Company" or "Carrier" shall mean any insurance company, corporation, inter-insurance exchange, mutual, reciprocal, association, Lloyds, or other insurance carrier licensed to transact business in the State of Texas, excepting, however, those which write only life, health and accident insurance.

(c) "Commissioner" shall mean the Commissioner of Insurance.

(d) "Board" shall mean the State Board of Insurance.

Sec. 3. Acting without License Prohibited.—It shall be unlawful for any person, firm or corporation to act as a managing general agent in behalf of any insurance company or carrier without having in force the license provided for herein.

Sec. 4. Application for License; To Whom License May be Issued.—Each applicant for license shall be a resident of Texas and file a written sworn application on forms furnished by the Commissioner.

(a) The Commissioner shall issue a license to an applicant upon successful completion of the examination and compliance with the other requirements of this Act.

(b) The Commissioner shall issue a license to a partnership where each of the partners has qualified for a license under this Act.

(c) The Commissioner shall issue a license to a corporation if it finds:

(1) That the corporation is a Texas corporation organized or existing under the Texas Business Corporation Act having its principal place of business in the State of Texas and having as one of its purposes the authority to act as a managing general agent; and

(2) That every officer, director, and shareholder of the corporation is individually licensed as a managing general agent under the provisions of this Insurance Code; provided, however, that in the event ownership of the shares of such corporation is transferred to an unlicensed shareholder, the corporation shall still be entitled to a license if such unlicensed shareholder qualifies as a licensed managing general agent within 90 days from the date of such transfer.

(d) Nothing contained herein shall be construed to permit any unlicensed shareholder or any employee or agent of any corporation to perform any act of a managing general agent without obtaining a managing general agent's license.

(e) Since all officers, directors, and shareholders must be licensed as managing general agents in order for a corporation to receive a license as a managing general agent, the Commissioner shall not require a corporation to take the examination provided in Section 6 of this Act.

(f) If at any time, any officer, director, or shareholder of any corporation holding a managing general agent's license does not qualify as a licensed managing general agent, or if any unlicensed shareholder does not qualify within the 90-day period as herein provided, the license of such corporation to act as a managing general agent shall be cancelled or denied in accordance with the other provisions of this Act. Each corporation licensed as a managing general agent shall file, under oath, a list

of the names and addresses of all of its officers, directors, and shareholders with its yearly application for renewal license.

(g) Each corporation licensed as a managing general agent shall immediately notify the Commissioner upon any change in its officers, directors, or shareholders.

(h) Nothing in this section shall prevent any shareholder from selling or otherwise transferring his stock in any corporation to a company, carrier or managing general agency licensed to do business in Texas, nor prevent any such company or carrier from owning all or any portion of the stock of such corporation.

Sec. 5. Issuance of Licenses to Those Presently Acting as Managing General Agents; Renewals.—(a) Any person, partnership, or corporation having a certificate of authority under Article 21.01 of the Insurance Code to operate as a managing general agent in this state, and who was, in fact, acting as a managing general agent for one or more companies or carriers in this state on the effective date of this Act, shall be entitled to receive a license without having to comply with the requirements of Sections 4 and 6 of this Act, but shall be subject to the other provisions of this Act.

(b) Any such person, partnership, or corporation shall file a written sworn application on forms provided by the commissioner within 60 days from the effective date of this Act.

(c) Any corporation applying for or receiving a license under this section shall file, under oath, a list of names and addresses of its officers, directors, and agency manager with its application for license or renewal and the commissioner may require information, under oath, on forms provided by him as to the officers, directors, and agency manager of such corporation so as to satisfy himself concerning the provisions of Section 12 of this Act.

(d) Those applicants meeting the requirements of this section shall be issued licenses by the commissioner within 90 days from the effective date of this Act and shall be permitted to continue to act during said 90-day period without having a license.

(e) Any such licensee shall be entitled to the renewal of such license from year to year without reference to the provisions of Sections 4 and 6 of this Act, but shall be subject to all other provisions of this Act.

(f) No corporate licensee qualifying under this section, nor any shareholder owning stock in such corporation, shall ever issue or transfer any stock in said corporation to any person, partnership, corporation or other entity for the purpose of inducing the placement of any policy of insurance with said licensee.

(g) No individual or partnership qualifying for a license under this section shall ever transfer any interest in said proprietorship or partnership to any person, partnership, corporation or other entity for the purpose of inducing the placement of any policy of insurance with said licensee.

Sec. 6. Examination Required; Exceptions.—Each applicant for a license shall submit to, and must pass to the satisfaction of the commissioner, a written examination compiled and administered by the commissioner testing applicant's competence with respect to insurance and familiarity with the insurance laws of this state.

Sec. 7. Emergency License without Examination.—In the event of death or disability of a managing general agent or for other good cause satisfactory to the commissioner, he may issue to an applicant a temporary or emergency license for a period not longer than six months, without requiring an examination, provided the other requirements of this Act are met.

Sec. 8. Conduct of Examinations.—All examinations provided hereunder shall be conducted by the commissioner at such times and places

For Annotations and Historical Notes, see V.A.T.S.

as prescribed by the commissioner, but not less than four times annually. Applicants shall be given ten days' notice of the time and place of such examinations. All examinations shall be in writing.

Sec. 9. Expiration of License; Renewal.—Every license issued hereunder shall expire one year from the date of its issue, unless an application to qualify for renewal of such license shall be filed with the commissioner and fee paid on or before such date, in which event the license sought to be renewed shall continue in full force and effect until renewed or renewal is denied.

Sec. 10. Fees.—Any applicant for a managing general agent's license shall pay a fee of \$25 at the time application is made.

Any application for the renewal of a managing general agent's license shall pay a fee of \$15 at the time application is made.

Sec. 11. Only One License Required—Notices of Appointment by Company Required.—

(a) Any license issued under this Act shall entitle the licensee to represent or act for one or more companies or carriers as a managing general agent. A separate license for each individual company or carrier represented by a licensee shall not be required.

(b) Any license issued under this Act shall not lapse, nor shall an application for renewal be denied, for the reason that a licensee may not then be appointed to represent any company or carrier.

(c) Each appointment to act as a managing general agent must be reported to the commissioner on forms required by him.

Sec. 12. Denial, Refusal, Suspension, or Revocation of Licenses.—A license may be denied, suspended for a period of time, revoked or the renewal thereof refused by the commissioner if, after notice and hearing as hereinafter provided, he finds that the applicant for, or holder of such license:

(a) has wilfully violated or participated in the violation of any provisions of this Act or any of the insurance laws of this state; or

(b) has intentionally made a material misstatement in the application for such license; or

(c) has obtained, or attempted to obtain such license by fraud or misrepresentation; or

(d) has misappropriated or converted to his own use or has illegally withheld moneys required to be held in a fiduciary capacity; or

(e) has with intent to deceive materially misrepresented the terms or effect of any contract of insurance, or has engaged in any fraudulent transaction; or

(f) has been convicted of a felony, or of any misdemeanor of which criminal fraud is an essential element; or

(g) has shown himself to be, and is so deemed by the commissioner, incompetent, or untrustworthy, or not of good character and reputation.

Sec. 13. Notice and Hearings.—(a) Before any license shall be denied (except for the failure to pass any examination required pursuant to this Act), or suspended or revoked, or the renewal thereof refused hereunder, the commissioner shall give notice of his intention so to do by certified mail to the applicant for, or holder of such license, and shall set a date not less than 20 days nor more than 30 days from the date of mailing of such notice when the applicant or licensee may appear to be heard and to produce evidence. Such notice of hearing shall contain specific reasons for such hearing and a listing of matter to be heard at such hearing. In the conduct of such hearing, the commissioner or any regular employee thereof designated by him for such purpose shall have the power to administer oaths, to require the appearance of and examine any person under

oath, and to require the production of books, records, or papers relevant to the inquiry upon his own initiative or upon the request of the applicant or licensee. Upon the termination of such hearing, findings shall be reduced to writing, and upon approval by the commissioner, shall be filed in his office and notice of the findings contained in an order of the commissioner shall be sent by certified mail to the licensee or applicant. Such applicant or licensee shall then, if he so desires, appeal to the State Board of Insurance, as provided in the Insurance Code, from any order of the commissioner.

(b) No applicant or licensee whose license has been denied, refused or revoked hereunder (except for failure to pass any examination required by this Act) shall be entitled to file another application for license herein provided within one year from the effective date of such denial, refusal, or revocation, or, if judicial review of such denial, refusal, or revocation is sought, within one year from the date of final court order or decree affirming such action. Such application, when filed after one year, may be refused by the commissioner unless the applicant shows good cause why such denial, refusal, or revocation of his license shall not be deemed a bar to the issuance of a new license.

Sec. 14. Judicial Review of Acts of Commissioner and the Board.—If the commissioner shall refuse an application for license as provided in this Act, or shall suspend, revoke or refuse to renew any license at a hearing as hereinbefore provided, and such action is upheld upon review to the board as in this Code provided, and if the applicant or accused thereafter be dissatisfied with the action of the commissioner and the board he may appeal from such action by filing suit against the commissioner and the board as defendants in any of the district courts of Travis County, Texas, or in any district court in the county of applicant's residence, and not elsewhere, within 20 days from the date of the order and action of the said board.

Said action shall have precedence over all other causes of a different nature on the docket. Upon the filing and perfection of such appeal, orders of the commissioner and the board shall be suspended and held for naught until a final court order or decree affirming such action. This appeal shall not be limited to questions of law and shall be tried and determined upon trial de novo to the same extent as now provided in the case of an appeal from the justice court to the county court. Either party to said action may appeal to the appellate court having jurisdiction of said cause, and said appeal shall be at once returnable to said appellate court having jurisdiction of said cause and said action so appealed shall have precedence in said appellate court over all causes of a different character therein pending. The commissioner and the board shall not be required to give any appeal bond in any cause arising hereunder.

Sec. 15. Notice to Last Address.—Where notice to the applicant or accused is provided for in any part of this Act, notice by certified mail to his last known address shall be sufficient.

Sec. 16. Act Inapplicable to.—No provisions of this Act shall apply to the transaction of the Life, Health and Accident Insurance business nor shall it apply to any of the following:

(a) Any actual full-time salaried employee of any insurance company or carrier licensed to do business in Texas while acting for, and in connection with the insurance business of, such company or carrier.

(b) Any adjuster of losses, or inspector of risks, for an insurance company or carrier licensed to do business in Texas.

Sec. 17. Fees Collected.—The fees herein provided for, when collected, shall be placed with the state treasurer in a separate fund, which shall be known as the managing general agents' fund, provided that no expenditures shall be made from said fund except under authority of the Legis-

For Annotations and Historical Notes, see V.A.T.S.

lature as set forth in the general appropriations bill; provided further that no appropriation shall ever be made out of the general revenue fund for the purpose of administering this Act or any provision thereof.

Sec. 18. Repeal.—All laws or parts of laws pertaining to any phase of the insurance business, which are in conflict with this Act, shall be and the same are hereby repealed; but all laws, civil and criminal, affecting insurance agents, insurance companies or insurance carriers or the insurance business, which are not in conflict herewith, shall not be affected by the provisions of this Act; but this Act shall be deemed cumulative of such laws.

Sec. 19. Violations of Act.—Any person, firm, or corporation who violates any of the provisions of this Act shall be guilty of a misdemeanor, and upon conviction in a court of competent jurisdiction, shall be fined not more than \$200.

Sec. 20. Enforcement of Act.—The attorney general, or any district or county attorney, or the commissioner or board may institute any injunction proceeding or such other proceeding to enforce the provisions of this Act, and to enjoin any person, firm or corporation from engaging or attempting to engage in any of the business in violation of this Act or any of the provisions thereof. The provisions of this section are cumulative of the other penalties or remedies provided for in this Act.

Sec. 21. Administration of Act.—The administration of this Act shall be vested in the State Board of Insurance who may establish, and from time to time amend, reasonable rules and regulations for the administration of this Act.

Acts 1967, 60th Leg., p. 2048, ch. 757, § 22, provided: "Constitutionality and Severability. If any section, sentence, clause, or part of this Act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, sentence, clause, and part thereof despite the fact that one or more sections,

sentences, clauses, or parts thereof be declared unconstitutional."

Title of Act:

An Act relating to the licensing of managing general agents of certain insurance companies or carriers by the State Board of Insurance; providing penalties; and declaring an emergency. Acts 1967, 60th Leg., p. 2048, ch. 757.

SUBCHAPTER D. CONSOLIDATION, LIQUIDATION, REHABILITATION, REORGANIZATION OR CONSERVATION OF INSURERS

Art. 21.28—A. Insurer Delinquencies and Prevention of Insurer Delinquencies; Supervision of Insurers and Proceedings, Conservatorships, Liquidations—Additional and Alternate Provisions

Section 1. Purposes and Findings.—It is the sense of the Legislature that existing provisions and conditions of law and the ordered procedures of law are sometimes not adequate, nor appropriate under all circumstances, in respect of a need to remedy the financial condition and the management of certain insurers. Neither are the laws adequate for the rehabilitation of insurers who voluntarily request rehabilitation. A void exists in the laws with respect to those insurers most susceptible to rehabilitation or the regaining of solvency. The Legislature finds and determines that the placing of an insurer in receivership often destroys or diminishes, or is likely to destroy or diminish, one or more of the following values or assets: (a) the value of the insurance account or in-force business of the insurer, (b) the value of the insurer as a going concern, (c) the value of its agency force, and (d) the value of other of its assets. The Legislature declares that such values and assets should be

preserved if the circumstances of the insurer's financial condition warrant an attempt to conserve or rehabilitate such insurer and such rehabilitation or conservation is otherwise feasible. It is the purpose of the Legislature to provide for rehabilitation and conservation of insurers by authorizing and requiring the additional facility of supervision and conservatorship by the State Board of Insurance, to authorize action to resolve whether an attempt be made to rehabilitate and conserve an insurer, and to avoid, if possible and feasible, the necessity of temporary or permanent receivership. It is the further purpose of this Act to provide for protection of the assets of an insurer pending determination of whether or not an insurer can be successfully rehabilitated. It is not the sense of the Legislature that rehabilitation will be accomplished in every case, but it is the purpose of this Article to provide a facility and direction for attempting the rehabilitation without immediate resort to the harsher remedy of receivership. In the event that receivership ultimately becomes necessary, it is nevertheless the belief and finding of the Legislature that the preliminary supervision and conservatorship is preventive of a dissipation of assets and will thus benefit policyholders, creditors and owners; and the State Board of Insurance is directed, in its discretion, to the use of this authorization. The Legislature further finds that an insurer delinquency, or the state's incapacity to properly proceed in a threatened delinquency, directly or indirectly affects other insurers by creating a lack of public confidence in insurance and in insurance companies. As respects the state, insurer delinquencies are destructive of public confidence in the capacity of the state to regulate insurers. These and other harmful results of insurer delinquency are properly minimized by a further enactment designed to protect and in aid of insureds, creditors and owners. The Legislature intends and expects that the inappropriate as well as the appropriate concerns in respect of insurance and insurers will be reduced by the existence and operation of this law. The Legislature declares that it is a proper concern of this state and proper policy to attempt to correct or remedy insurer misconduct, ineptness or misfortune. It is the purpose of the Legislature to express, or to imply from context when not expressed, an authorization, provision and enabling of the promulgation of rules and regulations by the State Board of Insurance as directed in these legislative findings and in the augmentation of this law; and to provide also for any other requisite administrative action. In consequence of the foregoing, the substance and procedure of this Article is here declared to be the public policy of this state and necessary to the public welfare. Such policy and welfare requires the availability of this law and the application of this law whenever circumstances warrant; and it is therefore a condition of doing an insurance business in this state; and it is made applicable and is a consequence of any other transactions in respect of an insurer or insurance. And in conjunction with existing law, the rationale is effected in the provision herein for a generally ordered sequence, and review at each such step, of supervision, concurrent conservation and rehabilitation (including reinsurance), and, as may at any time or ultimately be indicated or determined, cessation of the conservation by accomplishment of rehabilitation or by receivership and liquidation.

Sec. 2. Definition, Application and Scope.—As used in this Article, the following words, terms and phrases (in single quotes in this Section of the Article but not in quotes in other Sections) include the meanings, significance or application described in this Section, except as another meaning is clearly requisite from the purposes or is otherwise clearly indicated by the context.

(a) "Insurance Company" (used interchangeably with "insurer") is any person, organization, association or company, (authorized or unauthorized, admitted or non-admitted) acting as an insurer, or as principal or agent of an insurer, including stock companies, reciprocals or inter-

insurance exchanges, Lloyds associations, fraternal benefit societies, stipulated premium companies, and mutual companies of all kinds, including state-wide mutual assessment corporations, local mutual aids, burial associations, and county mutual insurance companies and farm mutual insurance companies.

(b) In respect of an insurance company or insurer, "insolvent" or "insolvency" and the phrases in further identity of insurer delinquency and threatened insurer delinquency, mean and include, and the conditions to which this Article is applicable include, but are not limited to, any one or more of the following circumstances or conditions.

(1) if an insurance company's required surplus, capital, or capital stock is impaired to an extent prohibited by law, or

(2) if an insurance company continues to write new business when it is not possessed of the surplus, capital or capital stock which is required of it by law to permit it to do so, or

(3) if the business of any such insurance company is being conducted fraudulently, or

(4) if any such insurance company attempts to dissolve or liquidate without first having made provisions, satisfactory to the Commissioner of Insurance, for liabilities arising from policies of insurance issued by such company.

(c) 'Exceeded its Powers' includes and means but is not limited to the following circumstances:

(1) if an insurance company has refused to permit examination of its books, papers, accounts, records, or affairs by the Commissioner of Insurance, his deputy, or duly commissioned examiners; or if any insurance company, organized in the State of Texas, has removed from the state such books, papers, accounts or records necessary for an examination of such insurance company, or

(2) if an insurance company has failed to promptly answer inquiries authorized by Article 1.25 of this Code, or

(3) if an insurance company has neglected or refused to observe an order of the Commissioner to make good, within the time prescribed by law, any prohibited deficiency in its capital, capital stock, or surplus, or

(4) if an insurance company without first having obtained written approval of the Commissioner has by contract or otherwise: (i) totally reinsured its entire outstanding business, or (ii) merged or consolidated substantially its entire property or business with another insurer; or

(5) if any insurance company is continuing to write business after its license has been revoked or suspended.

(d) "Consent," as used in this Act, includes and means agreement to either supervision or conservatorship by the insurance company.

Notice to comply with written requirements of commissioner;
noncompliance; taking charge as conservator

Sec. 3. If upon examination or at any other time it appears to or is the opinion of the Commissioner of Insurance that any insurance company is insolvent, or its condition is such as to render the continuance of its business hazardous to the public or to holders of its policies or certificates of insurance, or if such company appears to have exceeded its powers (as defined herein) or has failed to comply with the law, or if such insurance company gives its consent (as defined herein), then the Commissioner of Insurance shall upon his determination (a) notify the insurance company of his determination, and (b) furnish to the insurance company a written list of the Commissioner's requirements to abate his determination, and (c) if the Commissioner makes a further determination to supervise he shall notify the insurance company that it is under the supervision of the Commissioner of Insurance and that the Commis-

sioner is applying and effecting the provisions of this Article. Such insurance company shall comply with the lawful requirements of the Commissioner of Insurance and if placed under supervision shall under supervision have sixty (60) days from the date of notice within which to comply with the requirements of the Commissioner, subject however to the provisions of this Article. In the event of such insurance company's failure to comply within such time, the Commissioner of Insurance, acting for himself, or through a conservator appointed by the Commissioner of Insurance for that purpose, shall immediately, after due and proper notice and hearing, take charge as conservator of the insurance company and all of the property and effects thereof.

Sec. 4. (a) Prohibited Acts During Sixty (60) Day Period of Supervision.—During the period of supervision, the Commissioner may appoint a supervisor to supervise such insurance company and may provide that the insurance company may not do any of the following things, during the period of supervision, without the prior approval of the Commissioner or his supervisor:

- (1) Dispose of, convey or encumber any of its assets or its business in force;
- (2) Withdraw any of its bank accounts;
- (3) Lend any of its funds;
- (4) Invest any of its funds;
- (5) Transfer any of its property;
- (6) Incur any debt, obligation or liability;
- (7) Merge or consolidate with another company; or
- (8) Enter into any new reinsurance contract or treaty.

(b) The Liquidator of the State Board of Insurance, or his duly appointed deputy, may be appointed to serve as the supervisor.

Sec. 5. Conservatorship or Liquidation.—If, after notice, and after hearing, at the conclusion of said sixty (60) day period, it is determined that such insurance company has failed to comply with the lawful requirements of the Commissioner, or upon consent by an insurance company, the Commissioner may appoint a conservator, who shall immediately take charge of such insurance company and all of the property, books, records, and effects thereof, and conduct the business thereof, and take such steps toward the removal of the causes and conditions, which have necessitated such order, as the Commissioner may direct. During the pendency of conservatorship, the conservator shall make such reports to the Commissioner from time to time as may be required by the Commissioner, and shall be empowered to take all necessary measures to preserve, protect, and recover any assets or property of such insurance company, including claims or causes of action belonging to or which may be asserted by such insurance company, and to deal with the same in his own name as conservator, and shall be empowered to file, prosecute, and defend any suit or suits which have been filed or which may thereafter be filed by or against such insurance company which are deemed by the conservator to be necessary to protect all of the interested parties or any property affected thereby. If at the time of appointment of a conservator or at any time during the pendency of such conservatorship it appears that the interest of the policyholders or certificate holders of such insurance company can best be protected by reinsuring the same, the conservator may, with the approval of or at the direction of the Commissioner: (1) reinsure all or any part of such insurance company's policies or certificates of insurance with some solvent insurance company authorized to transact business in this state, and (2) to the extent that such insurance company in conservatorship is possessed of reserves attributable to such policies or certificates of insurance, the conservator may transfer to the reinsuring company such reserves or any portion thereof as may be required to con-

For Annotations and Historical Notes, see V.A.T.S.

summate the reinsurance of such policies, and any such reserves so transferred shall not be deemed a preference of creditors. The liquidator of the State Board of Insurance, or his duly appointed deputy, may be appointed to serve as the conservator. If the Commissioner of Insurance, however, is satisfied that such insurance company is not in condition to continue business in the interest of its policy or certificate holders, under the conservator as above provided, the Commissioner of Insurance shall give notice to the Attorney General who shall thereupon apply to any Court in Travis County, Texas, having jurisdiction thereof for leave to file a suit in the nature of quo warranto to forfeit the charter of such insurance company or to require it to comply with the law or to satisfy the Commissioner of Insurance as to its solvency, and to satisfy the requirement that its condition is such as to render the continuance of its business not hazardous to the public or to the holders of its policies or certificates of insurance. It shall be in the discretion of the Commissioner of Insurance to determine whether or not he will operate the insurance company through a conservator, as provided above, or report it to the Attorney General, as herein provided. When all the policies of an insurance company are reinsured or terminated, and all of its affairs concluded, as herein provided, the Commissioner of Insurance shall report the same to the Attorney General, who shall take such action as may be necessary to effect the forfeiture or cancellation of the charter of the insurance company so reinsured and liquidated. Where the Commissioner of Insurance lends his approval to the merger, consolidation or reinsurance of all the policies of one insurance company with that of another, the same shall be reported to the Attorney General who shall proceed to effect the forfeiture or cancellation of the charter of the insurance company from which the policies were merged, consolidated or reinsured, in the same manner as is provided for the charters of companies totally reinsured or liquidated. The cost incident to the supervisor's and conservator's service shall be fixed and determined by the Commissioner of Insurance and shall be a charge against the assets and funds of the insurance company to be allowed and paid as the Commissioner of Insurance may determine.

Sec. 6. Out of State Companies.—This Article shall apply to insurance companies doing an insurance business but not domiciled in the State of Texas, whether authorized to do business in this state or not. In the event that the Commissioner of Insurance makes any of the findings provided for in Section 3 of this Article concerning any such insurance company or finds that any such insurance company is not possessed of the minimum surplus or capital or capital stock required by the Insurance Code of the State of Texas for similar type domestic companies, or if a conservator, rehabilitator, receiver, or liquidator has been appointed in the state of domicile, or if the insurance company gives its consent as defined herein, the Commissioner of Insurance shall have the same power and jurisdiction to appoint a supervisor or conservator as to the assets of such out of state insurer located in this state as provided herein for domestic insurance companies. In the event that any such out of state insurance company shall fail to comply with the provisions of Section 4 of this Article with respect to any of its assets or policies located within this state during any sixty (60) day period of supervision, such act or violation shall constitute sufficient grounds for the immediate revocation of its certificate of authority to do business in this state and for the immediate appointment of a conservator to take charge of its assets located within this state. Any supervisor or conservator appointed with respect to assets located in this state belonging to an out of state insurance company shall have all of the powers and authority provided for in Section 5 of this Article with respect to such assets located in this state and, in addition, may reinsure all or any part of such insurance company's policyholders or certificate holders located within this state with some

solvent insurance company authorized to transact business in this state and may transfer to the reinsuring company, as reserve funds, assets or any portion thereof in his possession as may be required to consummate the reinsurance of such policies and any of such assets transferred as reserve funds shall not be deemed a preference of creditors.

Sec. 7. Review and Stay of Action.—During the period of supervision and during the period of conservatorship, the insurance company may request the Commissioner of Insurance or in his absence, the duly appointed deputy for such purpose, to review an action taken or proposed to be taken by the supervisor or conservator, specifying wherein the action complained of is believed not to be in the best interests of the insurance company, and such request shall stay the action specified pending review of such action by the Commissioner or his duly appointed deputy. Any order entered by the Commissioner appointing a supervisor and providing that the insurance company shall not do certain acts as provided in Section 4 of this Article, any order entered by the Commissioner appointing a conservator, and any order by the Commissioner following the review of an action of the supervisor or conservator as hereinabove provided shall be immediately reviewed by the State Board of Insurance upon the filing of an appeal by the insurance company. The Board shall review the action complained of in a public hearing and render its decision at the earliest possible date thereafter, and the requirement of ten (10) days notice set out in Article 1.04(d) of this Code may be waived by the parties of record. The Board may stay the effectiveness of any order of the Commissioner, pending its review of such order. Such appeal shall have precedence over all other business of a different nature pending before the Board, and in the public hearing any and all evidence and matters pertaining to the appeal may be submitted to the Board, whether included in the appeal or not, and the Board shall make such other rules and regulations with regard to such applications and their consideration as it deems advisable. If such insurance company be dissatisfied with any decision, regulation, order, rule, act or administrative ruling adopted by the State Board of Insurance, such dissatisfied insurance company after failing to get relief from the State Board of Insurance, may file a petition setting forth the particular objection to such decision, regulation, order, rule, act or administrative ruling, or to either or all of them, in the District Court of Travis County, Texas, and not elsewhere, against the State Board of Insurance as defendant. Said action shall have precedence over all other causes on the docket of a different nature. The action shall not be limited to questions of law and the substantial evidence rule shall not apply, except as interpretation of the Constitution may require, but such action shall be tried and determined upon a trial de novo to the same extent as now provided for in the case of an appeal from the Justice Court to the County Court. Either party to said action may appeal to the Appellate Court having jurisdiction of said cause and said appeal shall be at once returnable to said Appellate Court having jurisdiction of said cause and said action so appealed shall have precedence in said Appellate Court over all causes of a different character therein pending. The Board shall not be required to give any appeal bond in any cause arising hereunder.

Sec. 8. Venue.—Except for causes of action based upon terms of an insurance policy or policy or policies issued by an insurance company placed in conservatorship, any suit filed against an insurance company or its conservator, after the entrance of an order by the Commissioner of Insurance placing such insurance company in conservatorship and while such order is in effect, shall be brought in a court of competent jurisdiction in Travis County, Texas, and not elsewhere. The conservator appointed hereunder for such company may file suit in any court of competent jurisdiction in Travis County, Texas, against any person for the

purpose of preserving, protecting, or recovering any assets or property of such insurance company including claims or causes of action belonging to or which may be asserted by such insurance company.

Sec. 9. Duration of Conservatorship.—As respects a conservatorship, the conservator shall serve for such time as is necessary to accomplish the purposes of the conservatorship as intended by this Act. If rehabilitated, the rehabilitated insurance company shall be returned to management or new management under such reasonable conditions as will best tend to prevent the defeat of the purposes for which it was placed in conservatorship.

Sec. 10. Administrative Election of Proceedings.—(a) If the Commissioner determines to act under authority of this Article, or is directed by the State Board of Insurance or a court of competent jurisdiction to act under this Article, the sequence of his acts and proceedings shall be as set forth herein. However, it is a purpose and substance of this Article to authorize administrative discretion—to allow the State Board of Insurance and the Commissioner administrative discretion in the event of insurance company delinquencies—and in furtherance of that purpose, the Commissioner is hereby authorized in respect of insurance company delinquencies or suspected delinquencies to proceed and administer either under this Article or under any other applicable law, or under this law in conjunction with other law, either as such law is now existing or as is hereafter enacted, and it is so provided.

Sec. 11. Rules and Regulations.—The State Board of Insurance shall be empowered to adopt and promulgate such reasonable rules and regulations as may be necessary for the augmentation and accomplishment of this Act, including its purposes.

Other laws; conflicts

Sec. 12. Other statutes authorized for use and application in conjunction with this Article are Section 14 of Article 17.25, and Articles 14.33 and 22.22 of the Insurance Code. Also authorized for use, in conjunction with this Article, in delinquency proceedings or threatened insolvencies of insurers, or any other statutes or laws possible of application with this Act or in the procedures of this Act, or in augmentation of this Act whether or not directed as applicable by such other statute; but in the event of conflict between this Article and any other Article, the provisions of this Article shall govern.

Acts 1967, 60th Leg., p. 677, ch. 281, §§ 2, 3 provided:

"Sec. 2. This Act shall be cumulative of all other laws, general and special, relating to the subject matter hereof, and if in conflict with any other laws, general and special, the provisions hereof shall control and govern.

"Sec. 3. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Art. 21.28B. Loss Claimant's Priorities Act

Title

Section 1. This Article shall be known as the Loss Claimant's Priorities Act.

Sec. 2. Purpose.—The purpose of this Article as amendatory of the Insurance Code is to provide for the protection of the person with a loss claim against an insurer subject to an insolvency, liquidation, or bankruptcy proceeding, by creating a preference in payment of his loss claim prior to, during or in respect of that proceeding. It is the sense of the Legislature that the purpose of insurance as an instrument of progress and as an invention of society is for the many to share the financial burdens of the few who suffer loss. An individual bands together with other

individuals by the purchase of insurance to assure that the financial burdens incurred by his loss which he alone cannot bear will be shared by others; the private insurer accomplishes this purpose by collecting premiums from its policyholders for distribution to those policyholders who suffer a loss. The purpose for which private insurers exist and the reason for which an individual purchases insurance are defeated by the failure to give preference in the payment of loss claims over other claims. It is the purpose of this Article to establish a preference in the payment of the whole of the amount of loss claims against an insurer that is the subject of an insolvency, liquidation, or bankruptcy proceeding.

Definition

Sec. 3. As used in this Article, loss claim is the claim of an insured, a third party beneficiary, or any other person entitled thereto, under a contract of insurance or indemnification, for a loss arising within the terms of coverage provided in a contract of insurance or indemnification for an amount within the express limits of such insurance policy, but excluding a claim for unearned premium.

Sec. 4. Scope and Application.—The provisions of this Article shall apply to all loss claims arising within the terms of coverage provided in any type of property-casualty insurance policy, including, but not limited to, insurance policies issued for the purpose of insuring those losses or risks mentioned or enumerated in the Insurance Code in Articles 6.03, 7.19—1, 8.01 (except Section 10 thereof), 16.01, and 17.01. The provisions of this Article shall apply to loss claims under all insurance policies issued by insurers organized or operating under Chapters 16, 17, 18, and 19 of the Insurance Code, any provisions of these Chapters to the contrary notwithstanding.

Consonant with the provision of Section 15, Article 1.10, Insurance Code, loss claims under insurance policies issued by insurers either organized or operating under Chapters 3, 9, 10, 11, 12, 13, 14, 20, and 22 of the Insurance Code, shall be excluded from the provisions of this Article. Provided, however, that the preceding exclusion shall not apply to loss claims under workmen's compensation insurance policies, and liability insurance policies issued by the insurers enumerated in the preceding exclusion, and loss claims under these insurance policies shall be entitled to the preference in payment of loss claims as provided in this Article.

Sec. 5. Preference of Loss Claims.—The whole of the amount legally or lawfully determined to be due upon the loss claim, or any award or judgment thereon, shall be entitled to the same preference in payment in a liquidation proceeding, insolvency proceeding, or bankruptcy proceeding, or in the administration of liquidation, as is given by any law of this state or by the Federal Bankruptcy Act to claims for wages. The expenses necessary to the administration of a liquidation proceeding, insolvency proceeding, or bankruptcy proceeding, shall be met before payment of loss claims. To the extent that any other law is in conflict with or inconsistent with the provisions of this Article, the provisions of this Article shall take precedence and be effected.

Sec. 6. Unconstitutional Application Prohibited.—This Article and law does not apply to any insurer or other person to whom, under the Constitution of the United States or the Constitution of the State of Texas, it cannot validly apply.

Added by Acts 1967, 60th Leg., p. 431, ch. 196, § 1, emerg. eff. May 15, 1967.

Section 2 of Acts 1967, 60th Leg., p. 432, ch. 196 amended article 17.22; section 3 thereof provides: "Severability Clause. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not

affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

**CHAPTER TWENTY TWO—STIPULATED PREMIUM
 INSURANCE COMPANIES**

Art. 22.05. Original Examination and Certificate

When the first meeting of the stockholders shall be held and the officers of the company elected, the President or Secretary shall notify the State Board of Insurance and such Board shall thereupon immediately make or cause to be made at the expense of the company a full and thorough examination thereof. If it finds that all of the capital stock of the company amounting to not less than the minimum amount required by law has been fully paid up and is in the custody of the officers either in cash or securities of the class such companies are authorized by this Chapter to invest or loan their funds, it shall issue forthwith to such stipulated premium company a temporary certificate of authority limiting the activities of such stipulated premium company solely to the negotiating and obtaining of a direct reinsurance agreement with a company chartered and doing business under the provisions of Chapter 14 of the Insurance Code of Texas on the effective date of this Act. Such certificate of authority shall terminate twelve (12) months from its date, unless renewed by the State Board of Insurance for an additional period of twelve (12) months, provided that such stipulated premium company has not theretofore consummated a direct reinsurance agreement with such a company doing business under the provisions of Chapter 14 of the Insurance Code.

Before such temporary certificate of authority is issued, not less than two (2) officers of such company shall execute and file with the State Board of Insurance a sworn schedule of all the assets of the company exhibited to the Board upon such examination showing the value thereof, together with a sworn statement that the same are bona fide, the unconditional and unencumbered property of the company, and are worth the amount stated in such schedule.

In the event a direct reinsurance agreement be not so consummated within such twelve (12) months period, unless renewed by the State Board of Insurance for an additional period of twelve (12) months, the certificate of authority shall automatically terminate and the incorporators of such stipulated premium company shall forthwith surrender its charter to the State Board of Insurance for cancellation.

In the event a direct reinsurance agreement as provided in this Chapter is consummated with such a company doing business under the provisions of Chapter 14 of this code, the State Board of Insurance shall forthwith and in accordance with the provisions of Article 22.15 of this Code issue to such a company a regular certificate of authority to transact business in the State of Texas. Likewise, such certificate of authority shall provide for the type of insurance business which may be written by the stipulated premium company; if the Chapter 14 company was engaged in the life business or was a burial association, the stipulated premium company shall be entitled and authorized to write life insurance policies as

regulated by the provisions of this Chapter, and if the Chapter 14 company was permitted by its charter to write accident insurance, or health and accident insurance, or life, health and accident insurance, then the stipulated premium company shall be so permitted.

As such stipulated premium company thereafter directly reinsures additional Chapter 14 companies chartered and doing business under the provisions of Chapter 14 of the Insurance Code of Texas, its regular certificate of authority shall be amended to write any type of such insurance coverage as those authorized for any such Chapter 14 company whose policies are so assumed by the stipulated premium company.

Any stipulated premium company holding a permanent certificate of authority on the effective date of this Act, and which permanent certificate of authority limits the territory of operation or writing of business of such company to an area or territory less than the entire State of Texas may, at any time thereafter, make application for, and thereafter be entitled to receive a permanent certificate of authority to operate and issue policies of insurance as so previously authorized (or as may thereafter be authorized by compliance with the provisions of this Chapter 22), anywhere within the State of Texas.

Amended by Acts 1967, 60th Leg., p. 1831, ch. 708, § 2, emerg. eff. June 17, 1967.

Acts 1967, 60th Leg., p. 1830, ch. 708, § 1 severability clause, is set out as a note amended article 12.03, section 3 thereof, a under article 12.03.

DECLARATION OF LEGISLATIVE INTENT

Section 1. DECLARATION OF LEGISLATIVE INTENT

The Legislature finds as facts and determines:

(1) Many citizens of our State are being victimized and abused in various types of credit and cash transactions. These practices impose a great hardship upon the people of our State.

(2) Credit in its various forms is one of the most essential and vital elements of our economy. It can be truly said that credit affects every citizen every day. Credit transactions in our State amount to many billions of dollars per year.

(3) Credit abuses now existing in our State stem from the fact that many types of credit transactions are not now subject to effective public regulation and control and the penalties imposed for usury do not provide effective or workable safeguards in this vital area of economic activity.

(4) Such abuses are especially prevalent in the area of consumer transactions both cash and credit. Unscrupulous operators, lenders and vendors, many of whom are transient to our State, are presently engaged in many abusive and deceptive practices in the conduct of their businesses. These unregulated practices bring great social and economic hardship to many citizens of our State. They impose intolerable burdens on those segments of our society which can least afford to bear them—the uneducated, the unsophisticated, the poor and the elderly.

(5) These facts conclusively indicate a need for a comprehensive code of legislation to clearly define interest and usury, to classify and regulate loans and lenders, to regulate credit sales and services, and place limitations on charges imposed in connection with such sales and services, to provide for consumer education and debt counseling, to prohibit deceptive trade practices in all types of consumer transactions, and to provide firm and effective penalties for usury and other prohibited practices.

(6) It is the intent of the Legislature in enacting this revision of Title 79 of the Revised Civil Statutes of Texas, 1925, to protect the citizens of Texas from abusive and deceptive practices now being perpetrated by unscrupulous operators, lenders and vendors in both cash and credit consumer transactions and to implement the mandate of Section II of Article XVI of the Constitu-

tion of Texas which authorizes the Legislature to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest, and thus serve the public interest of the people of this State.

Any failure to obey such order of the court may be punished by such court as contempt thereof.

(4) In the course of any investigation described in Section (3) of this Article, the Consumer Credit Commissioner may appoint a hearing officer to conduct such investigation and such hearing officer shall be vested for the purpose of such investigation with the power and authority as the Consumer Credit Commissioner would have if he were personally conducting such investigation, provided that such hearing officer shall not be authorized to make any order upon the subject matter of such investigation; and provided further, that the record of any investigation conducted before the hearing officer may be considered by the Consumer Credit Commissioner in the same manner and to the same extent as evidence that is adduced before him personally in any investigation.

(7) Whenever the Consumer Credit Commissioner has reasonable cause to believe that any person is violating any provisions of Subtitles Two and Three of this Title he may in addition to all actions provided for, and without prejudice thereto, enter an order requiring such person to desist or to refrain from such violation; and an action may be brought in any district court of this State having jurisdiction and venue, on the relation of the Attorney General at the request of the Commissioner, to enjoin such person from engaging in or continuing such violation or from doing any act or acts in furtherance thereof. In any such action, an order or judgment may be entered awarding such preliminary or final injunction

as may be deemed proper. In addition to all other means provided by law for the enforcement of a restraining order or injunction, the court in which such action is brought shall have power and jurisdiction to impound, and to appoint a receiver for, the property and business of the defendant, including books, papers, documents and records pertaining thereto or so much thereof as the court may deem reasonably necessary to prevent violations of Subtitles Two and Three of this Title through or by means of the use of said property and business. Such receiver, when appointed and qualified, shall have such powers and duties as he would have under Articles 2293 through 2319, inclusive, Revised Civil Statutes of Texas, 1925, as amended, if he had been appointed pursuant to paragraph four of Article 2293.

The Consumer Credit Commissioner shall, within twenty days after the service upon him of such petition, certify to said District Court the record of the proceedings to which the petition refers, or such portion thereof as may be required by the petitioner. The cost of preparing and certifying such record shall be paid to the Consumer Credit Commissioner by the petitioner and taxed as a part of the costs of the case. Upon the filing of an answer by the Consumer Credit Commissioner, the case before the District Court shall be at issue, without further pleadings, and upon application of either party shall be advanced and heard without further delay. The order of the Consumer Credit Commissioner shall be sustained unless the hearing was conducted in a manner contrary to the rudiments of a fair hearing; or the order was based upon an error of law which affected petitioner's substantial rights; or was arbitrary, capricious or unreasonable; or the findings of fact were not reasonably supported by substantial evidence in the record, considered as a whole, adduced before the Consumer Credit Commissioner. Provided, however, that any appeal to the District Court of Travis County, Texas, of an order, ruling or decision of the Consumer Credit Commissioner, refusing to grant a license or licenses to an applicant or revoking the license or licenses of a licensee, such appeal shall be upon trial de novo as that term is used in appealing from justice of the peace courts to county courts.

(3) Upon a showing of good cause therefor by a party in interest, the Consumer Credit Commissioner or the court may enter an order staying, pending appeal, the effect of an order of the Consumer Credit Commissioner from which the party in interest desires to appeal.

(2) The hearing shall be held upon twenty days' notice in writing setting forth the time and place thereof and a concise statement of the facts alleged to sustain the suspension or revocation. The hearing shall be full, fair and public. Such suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact and a copy thereof shall be forthwith delivered to the licensee. (2) No licensee shall conduct the business of making loans provided for by this Chapter under any name, or at any place of business within this State, other than that stated in the license.

(3) Nothing in this Chapter shall be construed to limit the loans of any licensee to residents of the community in which the licensed office is situated or to prohibit the licensee from making loans by mail.

Provisions of this article were formerly covered by art. 6165b, § 16 (repealed).

Art. 5069—3.15. Maximum rates of interest

(1) Every licensee may contract for and receive on any loan made under this Chapter repayable in consecutive monthly installments, substantially equal in amount, an add-on interest charge computed on the cash advance for the full term of the loan contract in accordance with the following schedule:

Eighteen Dollars per One Hundred Dollars per annum on that part of the cash advance not in excess of Three Hundred Dollars, and Eight Dollars per One Hundred Dollars per annum on that part of the cash advance in excess of Three Hundred Dollars but not in excess of Twenty-five Hundred Dollars.

(2) Interest authorized in Section (1) of this Article shall be computed at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a licensee may make loans which require repayment in irregular or unequal installments and may compute, contract for, charge or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article, provided the total interest charge as scheduled shall not produce an interest yield in excess of that permitted under Section (1) of this Article for the time the loan is scheduled to be outstanding.

(4) Notwithstanding any other provision of this Chapter, a borrower and a licensee may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time. The agreement shall contain the date of the agreement; the name and address of each borrower and of the licensee; the nature of the security, if any, the charges in addition to interest contracted for as authorized by this Chapter; and the charge for default and deferment authorized by this Chapter and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the maximum amount that may be borrowed; the method by which loans or advances are to be made, whether by check or draft drawn on the licensee or otherwise; a simple statement of the method by which the amount of the finance charge is to be calculated; the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made, a simple statement of the amount of such charge or the method by which it will be calculated.

If during a billing cycle the licensee makes a loan or advance or the borrower makes a payment, the licensee shall in accordance with any rules and regulations prescribed by the Commissioner give to the borrower within a reasonable time after the end of the billing cycle a written statement of: (a) the outstanding balance at the beginning of the billing cycle; (b) loans or advances during the billing period excluding interest and other charges; (c) the amount of interest and other charges accrued or debited during the period; (d) payments made by the borrower; (e) the balance at the end of the billing cycle; (f) the amount which must be paid and the date it must be paid to avoid a default.

(5) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the licensee may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full, as of the date of deferment and the refund which would be required for prepayment in full as one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period

For Annotations and Historical Notes, see V.A.T.S.

defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter.

(6) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the licensee shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the licensee shall retain for each elapsed day from the date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) No licensee shall induce or permit any person, or husband and wife, to be obligated, directly or indirectly, under more than one loan contract under this chapter at the same time for the purpose, or with the effect, of obtaining a higher authorized charge than would otherwise be permitted by this chapter; but such limitation shall not apply to the acquisition by purchase of bona fide retail installment contracts or revolving charge agreements of the borrower incurred for goods, or services, or to pledged loans made pursuant to Article 3.17, and provided further, if a licensee purchases all or substantially all the loan contracts of another licensee hereunder and has at the time of purchase loan contracts with one or more of the borrowers whose loans are purchased, the purchaser shall be entitled to collect principal and authorized charges thereon according to the terms of each loan contract.

(8) In addition to the authorized charges provided in this chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the licensee, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a licensee as court costs; attorney fees assessed by a court; lawful fees for filing, recording, or releasing in any public office any security for a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable

charge received in connection with the sale of insurance authorized under this Chapter.

(a) On any amount up to and including Twenty-nine Dollars and Ninety-nine Cents a charge may be added at the ratio of One Dollar for each Five Dollars advanced to the borrower.

(b) On any cash advance in an amount in excess of Twenty-nine Dollars and Ninety-nine Cents up to and including the amount of Thirty-five Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars per month.

(c) On any cash advance of an amount in excess of Thirty-five Dollars but not more than Seventy Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars and Fifty Cents per month.

(d) On any cash advance of an amount in excess of Seventy Dollars but not in excess of One Hundred Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Four Dollars per month.

(2) The maximum term of any loan made under the terms of this Article shall be one month for each Ten Dollars of cash advance up to a maximum term of six months.

(3) On such loans under this Article, no insurance charges or any other charges of any nature whatsoever shall be permitted.

(4) The acquisition charge authorized herein shall be deemed to be earned at the time a loan is made and shall not be subject to refund. On the prepayment of any loan under this Article the installment account handling charge shall be subject to the provisions of Article 3.15 as it relates to refunds. Provisions of Article 3.15 relating to default charges on loans and the deferment of loans shall apply to loans made under this Article.

Art. 5069—3.17. Loans secured by pledge of tangible personal property

(1) Any licensee may make a loan on the security of tangible personal property deposited in the licensee's keeping only if the borrower or any other party to the contract has no liability for the repayment of the obligation.

For Annotations and Historical Notes, see V.A.T.S.

(2) Any licensee who in the general course of his business lends money on the security of tangible personal property deposited in his keeping may hold himself out to the public as a "pawnbroker."

(3) A licensee shall be liable for the loss of any security or part thereof deposited in his keeping pursuant to this Article, or for injury thereto, whether caused by fire, theft, burglary, or otherwise, resulting from his failure to exercise reasonable care in regard to it, but he shall not be liable, in the absence of an express written agreement to the contrary, for the loss of any security or part thereof deposited in his keeping, or for injury thereto which could not have been avoided by the exercise of such care.

(4) Upon default in the payment of any loan made pursuant to this Article, a licensee may sell any security deposited in his keeping thirty days after giving written notice by registered or certified mail addressed to the borrower at the address of the borrower as shown in the loan contract, or ninety days after the due date without the giving of any notice to the borrower. The loan contract shall contain as part of its provisions, the notice requirements of this section and shall be conclusive evidence that all parties to the contract had agreed to any such provisions.

(5) Any licensee holding as security tangible personal property pursuant to this Article upon written notice by any law enforcement agency of the State of Texas or of the United States to hold or retain such security shall do so without incurring any liability whatsoever, either civil or criminal, until disposition of the security is directed pursuant to an order of a court of competent jurisdiction, or such request to hold such security has been withdrawn by the agency originally making the request.

(6) The borrower may, by delivery of the loan contract, assign all his right, title and interest in the loan contract and the security described therein. Except as otherwise provided herein, the person presenting a loan contract to the licensee shall be presumed to be the borrower and shall be entitled to redeem the security, and the licensee shall deliver the security to the person presenting such loan contract upon payment of principal, interest and charges on the loan and upon surrender of the loan contract.

(7) On all loans made pursuant to this Article, notice of a loan contract which has been lost, destroyed or stolen shall be furnished to the licensee by the borrower in person or by registered mail. Upon receipt of notice by registered mail of a lost, destroyed or stolen loan contract or personal notice by the borrower of a lost, destroyed or stolen loan contract, the licensee shall stop payment of the loan and hold the security until the alleged borrower has furnished an affidavit as to the loss, destruction or theft of the loan contract. The licensee upon receipt of such affidavit shall permit the borrower to redeem the loan or shall furnish the borrower with a duplicate loan contract. The licensee shall not be liable for any security released on such affidavit or written statement unless previous written notice by registered mail or previous personal notice upon affidavit of an adverse claim was received by the licensee.

Art. 5069—3.18. Insurance

(1) On any loan having a cash advance of One Hundred Dollars or more, made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Only one

policy of life insurance and one policy of health and accident insurance on any one obligor may be in force with respect to any one loan contract at any one time.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges therefor shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the licensee at a premium or rate of charge not fixed or approved by the State Board of Insurance, the licensee shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the loan statement required by Article 3.19(1).

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

For Annotations and Historical Notes, see V.A.T.S.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

(3) At any time during regular business hours, the licensee shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(2) Interest authorized in Section (1) of this Article shall be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a lender may make loans which require repayment in irregular or unequal installments and may compute, contract for, charge or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article, provided the total interest charge as scheduled shall not produce an interest yield in excess of that permitted under Section (1) of this Article for the time the loan is scheduled to be outstanding.

(4) Notwithstanding any other provision of this Chapter, a borrower and a lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time. The agreement shall contain the date of the agreement; the name and address of each borrower and of the lender; the nature of the security, if any, the charges in addition to interest contracted for as authorized by this Chapter; and the interest for default and deferment authorized by this Chapter and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the maximum amount that may be borrowed; the method by which loans or advances are to be made, whether by check or draft drawn on the lender or otherwise; a simple statement of the method by which the amount of the finance charge is to be calculated; the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made, a simple statement of the amount of such charge or the method by which it will be calculated. The agreement shall provide for repayment of principal on each installment payment date of not less than five percent of the principal amount of loan outstanding during the installment billing cycle preceding the payment date.

If during a billing cycle the lender makes a loan or advance or the borrower makes a payment, the lender shall in accordance with any rules and regulations prescribed by the Commissioner give to the borrower within a reasonable time after the end of the billing cycle a written statement of:

- (a) The outstanding balance at the beginning of the billing cycle;
- (b) Loans or advances during the billing period excluding interest and other charges;
- (c) The amount of interest and other charges accrued or debited during the period;
- (d) Payments made by the borrower;
- (e) The balance at the end of the billing cycle;
- (f) The amount which must be paid and the date it must be paid to avoid a default.

(5) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled install-

ment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual or deferment or at any time thereafter.

(6) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as court costs, attorney fees assessed by a court, lawful fees for filing, recording, or releasing to any public office any instrument securing a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as

Acts 1967, 60th Leg., p. 627, ch. 274, § 2, eff. Oct. 1, 1967.

Art. 5069—4.02. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Only one policy of life insurance and one policy of health and accident insurance on any one obligor may be in force with respect to any one loan contract at any one time.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the loan statement required by Article 4.03(1).

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the

loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

Acts 1967, 60th Leg., p. 629, ch. 274, § 2, eff. Oct. 1, 1967.

Art. 5069—4.03. Lender's duty to borrower

(1) When a loan is made under the authority of this Chapter, the lender shall deliver to the borrower, or if more than one to one of them, a copy of the note and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

- (a) The names and addresses of the borrower and of the lender;
- (b) The date and the amount of the cash advance, the maturity date, and the agreed schedule of payments or a description of such payments;

- (d) The fees for filing, recording, or releasing any security authorized by this Chapter;
- (e) The charges for default and deferment authorized by this Chapter;

- (g) The amount, in dollars and cents, of interest charges contracted for at the time the loan is made, or the percentage that the interest charges bears to the total amount of the loan expressed as the nominal rate on the average outstanding unpaid balance of the principal amount of the loan;
- (h) The total amount, in dollars and cents, of all the charges included in the amount of loan.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(2) The lender shall give a receipt to the person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

Art. 5069—4.04. Prohibited practices

(2) No lender shall take a lien upon real estate as security for any loan made under this Chapter, except such lien as is created by law upon the recording of an abstract of judgment.

(3) No lender shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding.

Art.

5069—5.03. Insurance.

5069—5.05. Prohibited practices.

Chapter 5, Secondary Mortgage Loans, consisting of articles 5069—5.01 to 5069—5.05, was enacted by Acts 1967, 60th Leg., p. 609, ch. 274, § 2, effective October 1, 1967.

Art. 5069—5.01. Definition

(1) As used in this Chapter, "secondary mortgage loan" means

(a) a loan made to any person not to be repaid in ninety days or less which is secured, in whole or in part, by any lien or security interest or any interest in real property improved by a dwelling designed for occupancy by four families or less, which property is subject to the lien of one or more liens or security interests, prior mortgages or deeds of trust, or

(b) the purchase of any interest in an existing secondary mortgage loan from the mortgagee made to secure such a loan.

(2) On or after the effective date of this Chapter, no person, except a bank, savings and loan association or credit union doing business under the laws of this State or of the United States and any person licensed to do business under the provisions of Chapter 8 of this Subtitle, shall engage in the business of making secondary mortgage loans and contract for, charge or receive, directly or indirectly in connection with any such loan, any charge for interest which exceeds ten percent per annum on unpaid principal balances and any lawful charge for compensation, consideration, expense, or any other thing incident to or in connection with the loan which exceeds the amounts a person authorized hereunder would be permitted to charge under Article 5.02(5).

(3) The provisions of this Chapter shall not apply to any seller of property who makes a secondary mortgage loan to secure all or part of the unpaid purchase price.

Acts 1967, 60th Leg., p. 632, ch. 274, § 2, eff. Oct. 1, 1967.

Art. 5069—5.02. Secondary mortgage loans authorized

(1) Any person authorized to do business under the provisions of this Chapter may contract for and receive on any secondary mortgage loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, an add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article shall be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular monthly installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (4) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter.

(4) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

For Annotations and Historical Notes, see V.A.T.S.

(5) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as:

(i) Appraisal and inspection fees: not to exceed Twenty-five Dollars per parcel or tract of land;

(ii) Investigation of the credit standing or credit worthiness of applicant: not to exceed Twelve Dollars and Fifty Cents;

(iii) Legal fees to an attorney who is not a salaried employee of the lender for the preparation of any and all documents in connection with the transaction: not to exceed Thirty-five Dollars;

(iv) Official filing, recording and construction permit fees;

(v) Insurance as regulated and restricted by Article 5.03;

(vi) Charge for title insurance or for title examination and opinion by an attorney who is not a salaried employee of the lender: not to exceed the charge or premium promulgated by the State Board of Insurance for title insurance for such transaction.

Acts 1967, 60th Leg., p. 632, ch. 274, § 2, eff. Oct. 1, 1967.

Art. 5069—5.03. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Only one policy of life insurance and one policy of health and accident insurance on any one obligor may be in force with respect to any one loan contract at any one time.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverages either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company author-

ized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the loan statement required by Article 5.04(1).

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

Acts 1967, 60th Leg., p. 634, ch. 274, § 2, eff. Oct. 1, 1967.

(g) "Retail charge agreement" means an instrument prescribing the terms of retail installment transactions which may be made thereunder from time to time (whether secured or unsecured), and under the terms of which a time price differential, as defined in this Article, is to be computed in relation to the buyer's unpaid balance from time to time.

For Annotations and Historical Notes, see V.A.T.S.

(h) "Time price differential," however denominated or expressed, means the amount which is paid or payable for the privilege of purchasing goods or services to be paid for by the buyer in installments over a period of time. The term includes the amounts authorized by this Chapter when the parties have amended the contract to renew, restate, or reschedule the unpaid balance thereof or to extend or defer the scheduled due date of all or any part of any installment or installments.

The term does not include the amount, if any, charged for insurance premiums, delinquency charges, attorneys' fees, court costs or official fees. Nor shall the term be in anywise considered as interest as defined by the laws of this State.

(i) "Cash sale price" means the price stated in a retail installment contract or in a sales slip or other memorandum furnished by a retail seller to a retail buyer under or in connection with a retail charge agreement, for which the seller would have sold or furnished to the buyer and the buyer would have bought or obtained from the seller the goods or services which are the subject matter of a retail installment transaction, if the sale had been a sale for cash. The cash sale price may include any taxes and charges for delivery, installation, servicing, repairs, alterations or improvements.

The term also includes, in a retail installment transaction involving modernization, rehabilitation, repair, alteration, improvement or construction of real property, the reasonable and necessary fees and costs actually to be paid as:

(i) Appraisal and inspection fees: not to exceed Twenty-five Dollars per parcel or tract of land;

(ii) Investigation of the credit standing or credit worthiness of applicant: not to exceed Twelve Dollars and Fifty Cents;

(iii) Legal fees to an attorney who is not a salaried employee of seller or holder for the preparation of any and all documents in connection with the transaction: not to exceed Thirty-five Dollars;

(iv) Official filing, recording and construction permit fees;

(v) Charge for title insurance or for title examination and opinion: not to exceed the charge or premium promulgated by the Texas Insurance Commission for title insurance for such transaction.

(j) "Official fees" means the amount of the fees prescribed by law for filing, recording, or otherwise perfecting, and releasing or satisfying, a retained title, lien or other security interest created in connection with a retail installment transaction.

(k) "Time sale price" means the total of the cash sale price of the goods or services and the amount, if any, included for insurance, if a separate identified charge is made therefor, and the official fees and the time price differential.

(l) "Principal balance" means the cash sale price of the goods or services which are the subject matter of a retail installment contract plus the amounts, if any, included therein, if a separate identified charge is made therefor and stated in the contract, for insurance and official fees, less the amount of the buyer's down payment in money or goods or both.

(m) "Holder" means the retail seller of the goods or services under the retail installment contract or retail charge agreement or the assignee if the retail installment contract or the retail charge agreement or outstanding balance under either has been sold or otherwise transferred.

(n) "Person" means an individual, partnership, corporation, joint venture, trust, association or any legal entity, however organized.

(o) Words of the masculine gender include the feminine and the neuter and, when the sense so indicates, words of the neuter gender may refer to any gender.

Art. 5069—6.02. Retail installment contracts—requirements—disclosure

(1) Each retail installment contract shall be in writing, dated, signed by the retail buyer, and completed as to all essential provisions, except as otherwise provided in Sections (7) and (8) of this Article.

(2) The printed or typed portion of the contract, other than instructions for completion, shall be in a size equal to at least eight-point type. The contract shall be designated "Retail Installment Contract" and shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER. DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE TIME PRICE DIFFERENTIAL. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

(3) The retail seller shall deliver to the retail buyer, or mail to him at his address shown on the retail installment contract, a copy of the contract as accepted by the seller. Until the seller does so, a buyer, who has not received delivery of the goods or been furnished or rendered the services, shall have the right to rescind the contract and to receive a refund of all payments made and return of all goods traded in to the seller on account of or in contemplation of the contract, or if such goods cannot be returned, the trade-in allowance thereof. Any acknowledgement by the buyer of delivery of a copy of the contract shall be in a size equal to at least ten-point bold type and, if contained in the contract, shall appear directly above the buyer's signature.

(4) The retail installment contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence or other address of the buyer as specified by the buyer and shall reasonably identify the goods sold or to be sold or services furnished or rendered or to be furnished or rendered. Multiple items of goods or services may be described in detail sufficient to identify them in separate writing.

(5) The retail installment contract shall contain and disclose the following items:

- (a) The cash sale price of the goods or services;
- (b) The amount of the buyer's down payment, specifying the amounts paid in money and allowed for goods traded in;
- (c) The difference between items (a) and (b);
- (d) The aggregate amount, if any, included for insurance, if a separate identified charge is made therefor, specifying the type or types of insurance and the term or terms of coverage;
- (e) The aggregate amount of official fees;
- (f) The principal balance, which is the sum of items (c), (d) and (e);
- (g) The amount of the time price differential;
- (h) The amount of the time balance owed by the buyer to the seller, which is the sum of items (f) and (g);

(i) The number of installments, the amount of each installment and the due date or period thereof. If installment payments other than the final payment are stated as a series of periodic payments equal in period and amount, the number of payments and the amount and due date of each

For Annotations and Historical Notes, see V.A.T.S.

payment need not be separately stated, and the amount of the scheduled final installment payment may be stated as the remaining unpaid balance. The due date of the first installment payment may be fixed by a calendar date or by reference to the date of the contract or to the time of delivery;

(j) The time sale price; and

(k) If any installment (except the down payment) is more than double the average of all other installments (except the down payment), the following legend printed in at least ten-point bold type or typewritten:

**THIS CONTRACT IS NOT PAYABLE IN INSTALLMENTS OF
EQUAL AMOUNTS**

followed, if there be but one such larger installment by:

AN INSTALLMENT OF \$ _____ WILL BE
DUE ON _____

or, if there be more than one such larger installment, by:

LARGER INSTALLMENTS WILL BE DUE AS FOLLOWS:

in such latter case, inserting the amount of every such larger installment and of its due date.

(l) Any promise, whether made in writing or orally, by the seller, made as an inducement to the buyer to become a party to the contract or which is part of the contract or which is made incidental to negotiations between the seller and the buyer with respect to the sale of the goods or services that are the subject of the contract, that the seller will compensate the buyer for referring customers or prospective customers to the seller for goods or services which the seller has for sale or for referring the seller to such customers or prospective customers. In any case in which, pursuant to the preceding provisions, the contract contains a promise to compensate the buyer for referring customers or prospective customers to the seller or the seller to such customers, the contract must contain a provision to the effect that the amount otherwise owing under the contract at any time is reduced by the amount of compensation owing pursuant to such promise.

(6) (a) A retail installment contract need not be contained in a single document.

(b) If the contract is contained in more than one document, one such document may be an original document signed by the retail buyer, stated to be applicable to purchases of goods or services to be made by the retail buyer from time to time. In such case, such document, together with the sales slip, account book or other written statement relating to each purchase, shall set forth all of the information required by this Article and shall constitute the retail installment contract for each purchase. On each succeeding purchase pursuant to such original document, the sales slip, account book or other written statement may at the option of the seller constitute the statement required by Section (18) of this Article.

(7) (a) Retail installment contracts or retail charge agreements negotiated and entered into by mail or telephone, without solicitations in person by salesmen or other representatives of the seller, and based upon a catalog of the seller or other printed solicitation which clearly sets forth the cash sale prices and other terms of sales to be made through such medium, may be made as provided in this section. The provisions of this Article with respect to retail installment contracts shall be applicable to such sales, except that:

(i) The designation and notice provisions of Section (2) of this Article shall not be applicable to such contract; and

(ii) The retail installment contract, when completed by the buyer, need not contain the items required by Section (5) of this Article.

(b) When the order is received from the retail buyer, the seller shall prepare a written memorandum containing all of the information required by Section (5) of this Article to be included in a retail installment contract. In lieu of delivering a copy of the contract to the buyer as provided in Section (3) of this Article, the seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment payable under the contract.

(8) A retail installment contract shall not be signed by any party thereto when it contains blank spaces for items which are essential provisions of the transaction; provided, however, if delivery of the goods is not made at the time of the execution of the contract, the identifying numbers or marks of the goods or similar information and the due date of the first installment may be inserted by the seller in the seller's counterpart of the contract after it has been signed by the buyer. The buyer's acknowledgment, conforming to the requirement of this section, of delivery of a copy of the contract shall be presumptive proof, or, in the case of a holder of the contract without knowledge to the contrary when he purchases it, conclusive proof, of such delivery and of compliance with this section and any other requirement relating to completion of the contract prior to execution thereof by the buyer, in any action or proceeding.

(9) (a) Notwithstanding provisions of any other law, a retail installment contract payable in substantially equal successive monthly installments beginning one month from the date of the contract may provide for, and the seller or holder may then charge, collect and receive a time price differential which shall not exceed an amount determined in accordance with the following schedule:

(i) On so much of the principal balance as does not exceed Five Hundred Dollars, Twelve Dollars per One Hundred Dollars per annum;

(ii) On so much of the principal balance as exceeds Five Hundred Dollars, but is not in excess of One Thousand Dollars, Ten Dollars per One Hundred Dollars per annum;

(iii) On so much of the principal balance as exceeds One Thousand Dollars, Eight Dollars per One Hundred Dollars per annum.

(b) Such time price differential shall be computed on the principal balance of the retail installment contract from the date of the contract until the due date of the final installment, notwithstanding that the balance thereof is payable in installments.

(c) If the retail installment contract is payable in successive monthly installments substantially equal in amount beginning one month from the date of the contract for a period less or greater than a year, or for amounts less or greater than One Hundred Dollars, the amount of the maximum time price differential set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(d) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in regular installments followed by or interspersed with an irregular, unequal or larger installment or installments, or if the first installment is not payable one month from the date of the contract, the time price differential may not exceed an amount which will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(e) Notwithstanding any other provisions of this Article, a minimum time price differential not in excess of the following amounts may be charged on any retail installment contract: Twelve Dollars on any retail

For Annotations and Historical Notes, see V.A.T.S.

installment contract involving an initial principal balance of Seventy-five Dollars or more; Nine Dollars on a retail installment contract involving an initial principal balance of more than Twenty-five Dollars and less than Seventy-five Dollars and Six Dollars on a retail installment contract involving an initial principal balance of Twenty-five Dollars or less.

(f) No seller shall induce a buyer or any husband and wife to become obligated at substantially the same time under more than one retail installment contract with the same seller for the deliberate purpose of obtaining a higher time price differential than would otherwise be permitted under this Article for one retail installment contract. Provided, however, a subsequent contract entered into between the same buyer and seller more than thirty days from the date of making a prior contract shall be presumed not to be in violation of this subsection.

(10) Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay in full the unpaid time balance thereof at any time before its final due date and, if he does so, shall receive a refund credit thereon for such prepayment. The amount of such refund credit shall represent at least as great a proportion of the original time price differential, after first deducting therefrom an amount equivalent to the minimum charge authorized in this Article, as

(a) the sum of the monthly unpaid balances under the schedule of payments in the contract (beginning as of the date after such prepayment which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment is prior to the due date of the first installment under the contract, then as of the date after such prepayment which is the next succeeding monthly anniversary date of the date of the contract) bears to

(b) the sum of all the monthly unpaid balances under the schedule of installment payments in the contract. Where the amount of refund credit is less than One Dollar, no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above described method, having due regard for the amount of each installment and to the irregularity of each installment period.

(11) The holder of any retail installment contract if it so provides may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney not a salaried employee of the holder of the contract, and for court costs and disbursements.

(12) (a) The holder of a retail installment contract, upon request of the buyer, may agree to an amendment to extend or defer the scheduled due date of all or any part of any installment or installments and may collect for same a charge computed on the amount of the scheduled installment or installments extended or deferred for the period of extension or deferment at the rate of Fifteen Cents for each Ten Dollars per month; provided that a minimum extension or deferment charge of One Dollar may be charged and collected. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance provided for in the contract and of any additional necessary official fees.

(b) The holder of a retail installment contract, upon request of the buyer may agree to an amendment to renew, restate or reschedule the unpaid balance of the contract and may collect for same a charge to be computed as follows: The sum of the unpaid balance as of the date of the amendment and the cost of any insurance, any additional necessary official fees and any accrued delinquency charges, after deducting an amount which would be equivalent to the required refund credit applicable in the case of prepayment in full as of the date of the amendment charges, shall constitute a principal balance on which a charge may be computed for the term of the amended contract at the applicable rate of charge as provided in Article 6.02.

(c) Any amendment to a retail installment contract must be confirmed in writing and signed by the buyer. The writing shall set forth the terms of the amendment and the new due dates and amounts of the installments, and a copy thereof shall be delivered to the buyer at the time of execution of same. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

(13) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for each additional statement. A buyer shall be given a written receipt for any payment when made in cash.

(14) (a) If, in a retail installment transaction, a retail buyer makes any subsequent purchases of goods or services from a retail seller from whom he has previously purchased goods or services under one or more retail installment contracts, and the amounts under such previous contract or contracts have not been fully paid, the subsequent purchases may, at the seller's option, be included in and consolidated with one or more of such previous contract or contracts. Each subsequent purchase shall be a separate retail installment contract under this Chapter, notwithstanding that the same may be included in and consolidated with one or more of such previous contract or contracts. All the provisions of this Chapter with respect to retail installment contracts shall be applicable to such subsequent purchases except as hereinafter stated in this section.

(b) In the event of such consolidation, in lieu of the buyer's executing a retail installment contract respecting each subsequent purchase, as provided in this Article, it shall be sufficient if the seller shall prepare a written memorandum of each subsequent purchase, in which case the provisions of Sections (1), (2), (3), and (5) of this Article shall not be applicable. Unless previously furnished in writing to the buyer by the seller, by sales slip, memorandum or otherwise, such memorandum shall contain with respect to each subsequent purchase items (a) through (h) of Section (5) of this Article and, in addition, the outstanding balance of the previous contract or contracts, the consolidated time balance, and the revised installments applicable to the consolidated time balance, if any. The seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment of such consolidated contract.

(c) When such subsequent purchases are made, if the seller has retained title or taken a lien or other security interest in any of the goods purchased under any one of the contracts included in the consolidation, the entire amount of all payments made prior to such subsequent purchases shall be deemed to have been applied to the previous purchases; and each payment after such subsequent purchase made on the consolidated contract shall be deemed to have been allocated to all of the various

For Annotations and Historical Notes, see V.A.T.S.

purchases in the same ratio as the original cash sale prices of the various purchases bear to the total of all. Where the amount of each installment payment is increased in connection with such subsequent purchases, at the seller's option, the subsequent payments may be deemed to be allocated as follows: an amount equal to the original periodic payment to the previous purchase, the balance to the subsequent purchase. However, the amount of any down payment on the subsequent purchase shall be allocated in its entirety to such subsequent purchase. The provisions of this Subsection (c) shall not apply to cases where such previous and subsequent purchases involve equipment, parts, or other goods attached or affixed to goods previously purchased and not fully paid, or to services in connection therewith rendered by the seller at the buyer's request.

Acts 1967, 60th Leg., p. 638, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—6.03. Retail charge agreements—requirements—disclosure

(1) A retail charge agreement may be established by a seller upon the request of a buyer or prospective buyer. Each such retail charge agreement shall be in writing and signed by the buyer. A copy of such agreement executed on or after the effective date of this Chapter shall be delivered or mailed to the buyer prior to the date on which the first payment is due thereunder. Any acknowledgment by the buyer of delivery of a copy of the agreement contained in the body thereof shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature. No agreement executed on or after the effective date of this Chapter shall be signed by the buyer when it contains blank spaces to be filled in after it has been signed. The buyer's acknowledgment, conforming to the requirements of this section, of delivery of a copy of an agreement, shall be presumptive proof, in any action or proceeding, of such delivery and that the agreement, when signed, did not contain any blank spaces as herein provided. If no copy of the agreement is retained by the seller, a notation in his permanent record showing that such agreement was mailed and the date of mailing shall serve as presumptive proof of such mailing. All retail charge agreements executed on or after the effective date of this Chapter shall state the maximum amount or rate of the time price differential to be charged and paid pursuant thereto. Any such agreement shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER—DO NOT SIGN THIS AGREEMENT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE AGREEMENT YOU SIGN. KEEP THIS AGREEMENT TO PROTECT YOUR LEGAL RIGHTS."

(2) The buyer under the retail charge agreement shall be supplied with a statement as of the end of each monthly period (which need not be a calendar month), or other regular period agreed upon in writing, at the end of which there is any unpaid balance thereunder, which statement shall recite and disclose the following:

(a) The unpaid balance under the retail charge agreement at the beginning and at the end of the period;

(b) The dollar amount of each purchase by or service to the buyer during the period;

(c) The cash price and the purchase or posting date of each purchase or service and, unless a sales slip or a memorandum of each purchase or service is furnished with or prior to the delivery of the statement, a brief description or a reasonable identification of each purchase or service;

(d) The payments made by the buyer and any other credits to the buyer during the period;

(e) The amount, if any, of any time price differential for such period; and

(f) A legend to the effect that the buyer may at any time pay his total unpaid balance or any part thereof.

(3) A retail charge agreement may provide for, and the seller or holder may then, notwithstanding the provisions of any other law, charge, collect and receive a time price differential for the privilege of paying in installments thereunder, which shall not exceed the following:

(a) On so much of the unpaid balance as does not exceed Five Hundred Dollars, Fifteen Cents per Ten Dollars per month; and

(b) If the unpaid balance exceeds Five Hundred Dollars, Ten Cents per Ten Dollars per month on that portion over Five Hundred Dollars.

(4) The time price differential under this Article shall be computed on all amounts unpaid thereunder from month to month (which need not be a calendar month) or other regular period; provided, however, if the regular period is other than a monthly period such time price differential shall be computed proportionately. The time price differential under this Article may be computed for all unpaid balances within a range of not in excess of Ten Dollars on the basis of the median amount within such range, if as so computed such time price differential is applied to all unpaid balances within such range. A minimum time price differential not in excess of Seventy-five Cents per month may be charged, received and collected for any billing cycle in which a balance is due. In addition, such retail charge agreement may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney, not a salaried employee of the holder of the contract, and for court costs and disbursements.

Acts 1967, 60th Leg., p. 643, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—6.04. Insurance

(1) On any retail installment contract or retail charge agreement made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract or agreement and include the cost of such insurance as a separate charge in such contract or agreement. Only one policy of life insurance and one policy of health and accident insurance on any one buyer may be in force with respect to any one contract or agreement at any one time.

(2) A seller or holder may, in addition, request or require a buyer to insure property involved in such contract or agreement, made under the authority of this Chapter, and include the cost of such insurance as a separate charge in such contract or agreement. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the contract or agreement, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the buyer a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder at a premium or rate of charge not fixed or approved by the State Board of Insurance, the seller or

For Annotations and Historical Notes, see V.A.T.S.

holder shall include such fact in the foregoing statement, and the buyer shall have the option for a period of five days from the date of the contract or agreement of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 6.02 or the retail charge agreement required by Article 6.03, respectively.

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The contract or agreement must state the kind, coverage, term and amount of premium for such insurance.

(6) The buyer shall have the privilege at the time of execution of the contract or agreement of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller or holder, but, in such case the inclusion of the insurance premium in the contract or agreement shall be optional with the seller or holder.

(7) If the insurance is to be procured by the seller or holder, he shall, within forty-five days after delivery of the goods or furnishing of the services under the contract or agreement, deliver, mail, or cause to be mailed to the buyer at his address as specified in the contract or agreement, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(8) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall be credited to the final maturing installments of the retail installment contract or retail charge agreement, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(9) Any gain, or advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any contract or agreement made under this Chapter except as specifically provided herein.

Acts 1967, 60th Leg., p. 645, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—6.05. Prohibited provisions

No retail installment contract or retail charge agreement shall:

(1) Provide that the holder may accelerate the maturity of any part or all of the amount owing thereunder unless (a) the buyer is in default in the performance of any of his obligations, or (b) the holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment, or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises unlawfully or to commit any breach of the peace in the repossession of goods;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of goods;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of goods;

(6) Provide that the buyer agrees not to assert against the seller any claim or defense arising out of the sale;

(7) Provide for or grant a first lien upon real estate to secure such obligation, except such lien as is created by law upon the recording of an abstract of judgment.

Acts 1967, 60th Leg., p. 646, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—6.06. Certificate of completion or satisfaction required in certain transactions

(1) A seller who has entered into a retail installment transaction to perform services or install goods for the modernization, rehabilitation, repair, alteration, improvement or construction of improvements on real property shall obtain a certificate of completion or certificate of satisfaction (hereinafter designated "certificate") signed by the buyer, when all such goods and/or services purchased under a retail installment contract have been performed or installed as required by such contract; and may obtain such a certificate whether or not any guarantee or warranty of the goods or services remains in force. Such certificate shall be a separate writing and shall have the following notation at the top thereof in at least ten-point bold type:

WARNING TO BUYER—DO NOT SIGN THIS CERTIFICATE UNTIL ALL SERVICES HAVE BEEN SATISFACTORILY PERFORMED AND MATERIALS SUPPLIED OR GOODS RECEIVED AND FOUND SATISFACTORY.

(2) Such signed certificate or a copy thereof shall be kept by the seller for a period of two years from the date of execution.

(3) No seller shall knowingly induce a buyer to sign such a certificate or knowingly take or accept from the buyer any executed certificate if performance of the services or installation of the goods required by the retail installment contract is not complete.

(4) Execution of such a certificate by a buyer shall not constitute a waiver of any guaranty or warranty made by a seller, manufacturer or supplier. Failure or refusal on the part of a buyer to execute such certificate, without good cause, shall not affect the validity of the retail installment contract.

Acts 1967, 60th Leg., p. 646, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—6.07. Assignment and negotiation

Notwithstanding the provisions of any other law, a person may purchase or acquire or agree to purchase or acquire any retail installment contract or retail charge agreement or any outstanding balance under either from another person on such terms and conditions and for such price as may be mutually agreed upon. Notice to the buyer of the assignment or negotiation and any requirement that the seller be deprived of dominion over payments upon a retail installment contract or retail charge agreement, or over the goods if returned to or repossessed by the seller, is not necessary to the validity of a written assignment or negotiation of the retail installment contract or retail charge agreement or any outstanding balance under either, as against creditors, subsequent purchasers, pledges, mortgagees and lien claimants of the seller. Unless the buyer has notice of the assignment or negotiation of his retail installment contract, retail charge agreement or any outstanding balance under either, payment therefor made by the buyer to the holder last known to him shall be binding upon all subsequent holders. No right of action or defense of a buyer arising out of a retail installment transaction which would be cut off by negotiation, shall be

For Annotations and Historical Notes, see V.A.T.S.

cut off by negotiation of the retail installment contract or retail charge agreement to any third party unless such holder acquires the contract relying in good faith upon a certificate of completion or certificate of satisfaction, if required by the provisions of Article 6.06; and such holder gives notice of the negotiation to the buyer as provided in this Article, and within thirty days of the mailing of such notice receives no written notice from the buyer of any facts giving rise to any claim or defense of the buyer. Such notice of negotiation shall be in writing addressed to the buyer at the address shown on the contract and shall: identify the contract; state the names and addresses of the seller and buyer; describe the goods or services; state the time balance and a description of the payment schedule. The notice of negotiation shall contain the following warning to the buyer in at least ten-point bold face type:

ARE THE TERMS OF THE CONTRACT DESCRIBED ABOVE
CORRECT AND ARE YOU SATISFIED WITH THE GOODS
OR SERVICES FURNISHED? IF NOT, YOU SHOULD NOTIFY
US GIVING DETAILS WITHIN 30 DAYS FROM THE DATE
THE ABOVE NOTICE WAS MAILED.

Acts 1967, 60th Leg., p. 647, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—6.08. Application

None of the provisions of this Chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this State, nor shall any of the provisions of the loan or interest statutes of this State affect or apply to any retail installment transaction. used primarily to transport persons or property on a public highway, excepting however, any boat trailer, any vehicle propelled or drawn exclusively by muscular power or which is designed to run only on rails or tracks or in the air, or other machinery not designed primarily for highway transportation, but which may incidentally transport persons or property on a public highway.

The term shall include every transaction wherein the promise or agreement to pay the deferred balance of such sum is made by the retail buyer to the retail seller notwithstanding the existence or occurrence of any one or more of the following events: (i) that the retail seller has arranged or arranges to sell, transfer or assign the retail buyer's obligation; (ii) that the amount of the charges is determined by reference to charts or information furnished by a financing institution; (iii) that the forms of instruments used to evidence the retail installment transaction are furnished by a financing institution; and (iv) that the credit standing of the retail buyer is or has been evaluated by a financing institution.

The term shall also include a contract which the parties have amended in order to renew, restate or reschedule the unpaid balance thereof, or to extend or defer the scheduled due date of all or any part of any installment or installments, in which case the retail installment contract shall consist of the original contract and the amendments thereto.

(f) "Cash Sale Price" means the price stated in a retail installment contract for which the seller would have sold to the buyer and the buyer would have bought from the seller, the motor vehicle which is the subject matter of such contract if such sale had been a sale for cash. Art. 5069—7.02. Requirements and prohibitions as to retail installment contracts

(1) Each retail installment contract shall be in writing, dated, signed by both the buyer and the seller, and completed as to all essential provisions before it is signed by the buyer; provided, however, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks or similar information and the due date of the first installment may be inserted in the contract after its execution. A retail installment contract need not be contained in a single document.

(2) The printed portion of the retail installment contract, other than instructions for completion, shall be in a size equal to at least eight-point type. Such contract shall contain substantially the following notice in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER—DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE TIME PRICE DIFFERENTIAL. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

(3) A retail installment contract shall also contain, in a size equal to at least ten-point bold type, a specific statement that liability insurance coverage for bodily injury and property damage caused to others is not included, if that is the case.

(4) The seller shall deliver to the buyer, or mail to him at his address shown on the retail installment contract, a copy of such contract as accepted by the seller. Until the seller does so, a buyer who has not received delivery of the motor vehicle shall have the right to rescind his contract and to receive a refund of all payments made and a return of all goods traded in to the seller on account of or in contemplation of such contract, or if the goods traded in cannot be returned, the value thereof. Any acknowledgment by the buyer of delivery of a copy of the retail installment contract shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer's signature.

(5) The retail installment contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence

or other address of the buyer as specified by the buyer, and a description of the motor vehicle sold or to be sold.

(6) The retail installment contract shall specifically set out the following items:

- (a) The cash sale price of the motor vehicle;
- (b) The amount of the buyer's down payment, if any, specifying the amounts paid in money and in goods traded in;
- (c) The difference between items (a) and (b);
- (d) The aggregate amount, if any, included for insurance if a separate identified charge is made therefor, specifying the type or types and the term of coverage;
- (e) The aggregate amount of official fees, if a separate identified charge is made therefor;
- (f) The principal balance, which is the sum of items (c), (d) and (e);
- (g) The amount of the time price differential; and
- (h) The sum of items (f) and (g), which is the balance to be paid by the buyer to the seller, the number of installments, the amount of each installment and the due date or period thereof. If installment payments other than the final payment are stated as a series of periodic payments equal in period and amount, the number of payments and the amount and due date of each payment need not be separately stated, and the amount of the scheduled final installment payment may be stated as the remaining unpaid balance. The due date of the first installment payment may be fixed by a calendar date or by reference to the date of the contract or to the time of delivery.

(i) If any installment (except the down payment) is more than double the average of all prior installments (except the down payment), the following legend printed in at least ten-point bold type or typewritten:

THIS CONTRACT IS NOT PAYABLE IN INSTALLMENTS OF EQUAL AMOUNTS

followed, if there be but one such larger installment, by:

AN INSTALLMENT OF \$_____ WILL BE DUE ON _____,

or if there be more than one such larger installment, by:

LARGER INSTALLMENTS WILL BE DUE AS FOLLOWS:

_____ in such latter case, inserting the amount of every such larger installment and of its due date.

(j) The above items need not be stated in the sequence or order set forth; additional items may be included to explain the calculations involved in determining the balance to be paid by the buyer.

(7) The buyer's acknowledgment, conforming to the requirements of this Article, of delivery of a copy of the retail installment contract shall be conclusive proof of such delivery, that such contract when signed by the buyer did not contain any blank spaces except as herein provided, and of compliance with this Article in any action or proceeding by or against a holder of such contract without knowledge to the contrary when he purchases it.

(8) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a

Art. 5069—7.03. Finance charge limitations

(1) Notwithstanding the provisions of any other law, the time price differential in a retail installment contract payable in substantially equal successive monthly installments beginning one month after the date of the contract shall not exceed the larger of Twenty-five Dollars or an amount determined under the following schedule:

Class 1. Any new domestic motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made and any new foreign motor vehicle—Seven Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 2. Any new domestic motor vehicle not in Class 1 and any used domestic motor vehicle designated by the manufacturer by a year model of the same or not more than two years prior to the year in which the sale is made and any used foreign motor vehicle not more than two years old—Ten Dollars per One Hundred Dollars per annum.

Class 3. Any used motor vehicle not in Class 2 and, if a domestic motor vehicle, designated by the manufacturer by a year model not more than four years prior to the year in which the sale is made, and, if a foreign motor vehicle, not more than four years old—Twelve Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 4. Any used motor vehicle not in Class 2 or Class 3—Fifteen Dollars per One Hundred Dollars per year. Provided, however, if the principal balance is Three Hundred Dollars or less, the time price differential shall be Eighteen Dollars per One Hundred Dollars per annum.

(2) Such charge shall be computed on the principal balance as determined under Article 7.02 of this Chapter from the date of the contract until the maturity of the final installment, notwithstanding that the balance thereof is required to be paid in installments.

(3) For a period less or greater than twelve months or for amounts less or greater than One Hundred Dollars, the amount of the maximum charge set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(4) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in equal successive monthly installments followed by or interspersed with an irregular, unequal or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract, the charge may not exceed an amount which, having due regard for the schedule of installment payments, will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(5) A buyer under a retail installment contract may, upon written consent of the holder, transfer his equity in the motor vehicle at any time to another person, but in that event the holder shall be entitled to a transfer of equity fee not exceeding Twenty-five Dollars.

(6) The holder of any retail installment contract may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge

may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney not a salaried employee of the seller or holder of the contract, and for court costs and disbursements, and in the event of repossession, sequestration, or other action necessary to secure possession of a motor vehicle securing the payment of a retail installment contract, such contracts may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with such repossession or foreclosure, including costs of storing, reconditioning and reselling such motor vehicle, subject to the standards of good faith and commercial reasonableness set by the Uniform Commercial Code as adopted in Texas.

Acts 1967, 60th Leg., p. 651, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—7.04. Refunds on prepayment

Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay it in full at any time before maturity, and if he does so, shall receive the following refund credit thereon:

On a contract payable in substantially equal successive monthly installments commencing one month after the date of the contract, the amount of such refund credit shall represent at least as great a proportion of the finance charge, after first deducting therefrom an acquisition cost of Twenty-five Dollars, as (i) the sum of the monthly balances under the schedule of payments in the contract beginning as of the date after such prepayment which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment is prior to the due date of the first installment under such contract, then as of the date after such prepayment, which is one month after the next succeeding monthly anniversary date of the date of such contract, bears to (ii) the sum of all the monthly balances under the schedule of payments in such contract. When the amount of refund credit is less than One Dollar no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above-described method, having due regard to the amount of each installment, to the irregularity of each installment period and to the provisions of Sections (2) and (4) of Article 7.03 hereof.

Acts 1967, 60th Leg., p. 652, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—7.05. Amendments of retail installment contracts

(1) The holder of a retail installment contract upon request by the buyer, may agree to an amendment thereto to extend or defer the scheduled due date of all or any part of any installment or installments or to renew, restate or reschedule the unpaid balance of such contract, and may collect for same a charge not to exceed an amount computed under either of the following:

(a) If all or any part of any installment or installments is deferred for not more than three months the holder may at his election charge and collect on the amount deferred for the period deferred a charge computed at a rate which will not exceed the same effective return as is permitted on monthly payment contracts under Article 7.03; provided that the minimum charge shall be One Dollar. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance coverages provided for in the contract and any additional necessary official fees.

(b) In any other extension, renewal, restatement or rescheduling of the unpaid balance, the charge may be computed as follows: The sum

For Annotations and Historical Notes, see V.A.T.S.

of the unpaid balance as of the date of amendment and the cost of any insurance incidental to the amendment, any additional necessary of ficial fees, and any accrued delinquency and collection charges, after deducting the prepayment refund credit required by Article 7.04, shall constitute a principal balance on which the charge may be computed for the term of the amended contract at the applicable time price differential provided in Article 7.03 after reclassifying the motor vehicle by its year model at the time of the amendment. The provisions of this Chapter relating to minimum charges under Article 7.03 and acquisition costs under the refund schedule in Article 7.04 shall not apply in calculating the principal balance of the amended contract. The amendment to the contract must be confirmed in a writing signed by the buyer. The writing shall set forth the terms of the amendment and the new due dates and amounts of the installments; a copy thereof shall either be delivered to the buyer or mailed to him at his address as shown on the contract. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

Acts 1967, 60th Leg., p. 652, ch. 274, § 2, eff. Jan. 1, 1968.

Art. 5069—7.06. Insurance

(1) On any retail installment contract made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract, and include the cost of such insurance as a separate charge in such contract. Only one policy of life insurance and one policy of health and accident insurance on any one buyer may be in force with respect to any one loan contract at any one time.

(2) A seller or holder may, in addition, request or require a buyer to insure tangible personal property involved in such a contract, made under authority of this Chapter, and include the cost of such insurance as a separate charge in such contract. Such insurance and the premiums or charges therefrom shall bear a reasonable relationship to the amount, term and conditions of the contract, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is requested or required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder at a premium or rate of charge not fixed or approved by the State Board of Insurance, the seller or holder shall include such fact in the foregoing statement, and the buyer shall have the option for a period of five days from the date of the contract or agreement of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 7.02.

(4) Such insurance shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The contract or agreement must state the kind, coverage, term and amount of premium for such insurance.

(6) If dual interest insurance on the motor vehicle is purchased by the seller or seller's assignee, as the case may be, it shall within thirty days after execution of the retail installment contract, send or cause to be sent to the buyer a policy, or policies, or certificates of insurance written by an insurance company authorized to do business in this State, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverage and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance. The buyer shall have the privilege at the time of execution of the contract of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the holder, but in such case the inclusion of the insurance premium in the retail installment contract shall be optional with the seller.

(7) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall be credited to the final maturing installments of the retail installment contract, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(8) The retail installment contract shall clearly and conspicuously disclose whether or not bodily injury and property damage liability insurance is provided pursuant thereto.

(9) Any gain, advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any retail installment contract made under this Chapter except as specifically provided herein.

Art. 5069—7.07. Prohibited provisions

No retail installment contract or retail charge agreement shall:

(1) Provide that the seller or holder may accelerate the maturity of any part or all of the amount owing thereunder unless (a) the buyer is in default on the performance of any of his obligations or (b) the seller or holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment in this State on an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises unlawfully or to commit any breach of the peace in the repossession of a motor vehicle;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of a motor vehicle;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of a motor vehicle;

(6) Provide that the buyer agrees not to assert against the seller or holder of any claim or defense arising out of the sale.

For Annotations and Historical Notes, see V.A.T.S.

Art. 5069—7.08. Assignment and negotiation

(1) Any person may purchase or acquire or agree to purchase or acquire any retail installment contract or any outstanding balance from any other person on such terms and conditions and for such price as may be mutually agreed upon;

(2) Notice to the buyer of the assignment or negotiation and any requirement that the seller be deprived of dominion over payments upon a retail installment contract, or over the motor vehicle if returned to or repossessed by the seller, is not necessary to the validity of a written assignment or negotiation of the retail installment contract or any outstanding balance as against creditors, subsequent purchasers, pledgees, mortgagees and lien claimants of the seller;

(3) Unless the buyer has notice of the assignment or negotiation of his retail installment contract, or any outstanding balance thereunder payment therefor made by the buyer to the holder last known to him shall be binding upon all subsequent holders;

(4) No right of action or defense of a buyer arising out of a retail installment sale which would be cut off by negotiation, shall be cut off by negotiation of the contract to any third party unless such holder acquires the contract in good faith and for value and gives notice of the negotiation to the buyer as provided in this Article, and within thirty days of the mailing of such notice receives no written notice of any facts giving rise to any claim or defense of the buyer. A notice of negotiation shall be in writing addressed to the buyer at the address shown on the contract and shall identify the contract, state the names of the seller and buyer; describe the motor vehicle; state the time balance and the number and amounts of the installments. The notice of negotiation shall contain the following warning to the buyer in ten-point bold face type:

Any order, rule or proceeding of said board when duly attested by any member of the board shall be admissible as evidence of the act of said board in any court of this state.

Safety engineer

Sec. 5. (a) The board shall employ a State Safety Engineer who shall be the director of the Division of Occupational Safety, under the control of the board, and who shall have the following qualifications:

(1) he shall have a degree in engineering from an accredited college or university or shall be a registered professional engineer and, in addition, shall have been engaged in safety engineering with at least three years' experience; or

(2) he shall have a college degree other than that specified in (1) hereof and, in addition, shall have been engaged in safety engineering with at least five years' experience; or

(3) in lieu of a college degree as specified in (1) and (2) hereof, he shall have been engaged in safety engineering for a period of not less than 10 years.

(b) The engineer shall administer the operation of the division, under control of the board. He shall employ and supervise such personnel as may be necessary for the proper conduct of the operation of the division. He shall devote full time to his duties as engineer and may not accept additional employment from any other source.

(c) The engineer shall make annual reports to the board and to the Governor of the State of Texas at the close of each fiscal year. The reports shall contain the following information to be obtained from the records: (i) accident frequency rates, (ii) accident severity rates, (iii) time loss from industrial accidents, (iv) location and cause of industrial accidents, and (v) all of such information shall be reported by industrial and occupational classification.

(d) The engineer shall cause to be inspected any plant or facility when he has reason to believe that the plant or facility has not complied with the rules, standards and regulations established by the board. No plant or facility shall be subject to this paragraph when it is entitled to credit on its workmen's compensation insurance rate.

Confidential information

Sec. 6. No information relating to secret processes or methods of manufacture or products shall be disclosed at any public hearing or otherwise, and all such information shall be kept strictly confidential by the engineer, the board, and all employees thereof. Wilful disclosure or conspiracy to disclose confidential information disclosed under this section constitutes an offense against the state. The engineer, the board, or any employee thereof, who, having knowledge of confidential information, wilfully discloses or conspires to disclose such information is guilty of a misdemeanor and upon conviction shall be subject to a fine not to exceed \$1,000 and forfeiture of his appointment.

Classification, consultative and educational powers

Sec. 7. (a) For purposes of establishing a safety classification for employers, the board is authorized, empowered, and directed to secure medical and compensation costs data regularly compiled by the State Board of Insurance in carrying out its rate-making duties and functions with respect to the employers' liability and workmen's compensation insurance law, to obtain from the Commissioner of Labor Statistics such statistical details as are collected by him and to collect and compile information relating to employers' accident frequency rate, existence and implementation of private safety programs, man-hour losses due to injuries, and other facts reflecting accident experience and, based upon all such factors to separate employers into such classifications as the board deems appropriate in order to carry out the purposes of this Act.

(b) The board is authorized and empowered, through any member, the engineer or any agent or employee in the division authorized by it for such purpose to endeavor to eliminate any impediment to occupational or industrial safety called to its attention, and to otherwise effectuate the purposes of this Act, by means of conference, conciliation, and persuasion; in carrying out such endeavor it is authorized and empowered to advise and consult with any employer directly involved and with representatives of employers and employees and public officials.

(c) The board is empowered to issue or cause to be issued such publications and such reports of study and research as in its judgment will tend to promote occupational and industrial safety and minimize or eliminate any impediment to safety called to its attention, and to otherwise effectuate the purposes and policies of this Act.

Rule-making power

Sec. 8. (a) In addition to such other powers and duties as may be conferred upon it by law, the board shall have authority to make and to modify reasonable rules and standards not inconsistent with this Act for the prevention of accidents and occupational injuries in every employment or place of employment, and for the construction, repair, and maintenance of places of employment, as the board shall find, upon the basis of substantial evidence presented at a public hearing held in accordance with the provisions of Section 9, to be reasonably necessary for the protection of the safety of employees. In making such findings, the board may consider among other relevant factors: (1) the cause of industrial accidents and occupational injuries and the extent to which they may result from the use of, or failure to use, particular equipment, devices, processes, plant layouts, and methods of inspection, maintenance and construction and from the existence of particular working conditions; (2) the effectiveness of particular equipment, devices, processes, plant layouts, and methods of inspection, maintenance, and construction in preventing industrial and occupational injuries; (3) the applicable code,

For Annotations and Historical Notes, see V.A.T.S.

if any, formulated and/or approved by the American Standards Association.

(b) It shall be the duty of the engineer to propose to the board such rules or amendments thereof as he may deem necessary to carry out the provisions of this Act. The board shall appoint a General Advisory Occupational Safety Committee which shall be composed of 10 representatives of employers, 10 representatives of employees, and the engineer who shall act as chairman.

(c) Such committee shall propose for appointment by the engineer, and for final approval of the board, the members of subcommittees, to whom shall be delegated the details of developing new rules and standards, deletions and amendments or changes in existing rules and standards. Such amendments, deletions, or changes shall be referred to the General Advisory Committee for final recommendation to the board for its consideration and official adoption or rejection. The members of such subcommittees shall be selected primarily for their general qualifications to cope expertly with the various subjects assigned to them, and, to the extent practicable, the same impartial balance of representation by employer members and employee members shall be preserved. Qualification to serve on subcommittees shall not require membership on the General Advisory Occupational Safety Committee, but members of such safety committee shall also be assigned to serve on such subcommittees by the engineer. The public member of the board shall be available to the subcommittees, upon their request or the request of the engineer, to aid the subcommittees in formulating their programs, recommended rules, and reports. The services of all such subcommittee members shall be voluntary and without compensation, except as provided for the public member of the board under Section 4(b).

(d) Every rule or standard promulgated under this Act shall have the force and effect of law and shall be enforced by the engineer through the Division of Occupational Safety of the Department of Health; provided, however, that notwithstanding any other provision of this Act, evidence that an alleged act or omission is violative of any rule or standard promulgated under this Act shall not be admissible in any civil proceeding wherein such evidence is offered to prove or tend to prove that such act or omission is negligent or grossly negligent.

Public hearing on proposed rules

Sec. 9. Before any rule or standard is adopted, amended, changed or repealed by the board, there shall be a public hearing thereon, notice of which shall be published at least once, not less than 10 days preceding such hearing, in such newspaper or newspapers of general circulation as the board may prescribe.

Hearings of reasonableness of safety regulations

Sec. 10. (a) Any employer or other person directly affected by any safety rule, standard or regulation, or by an amendment, modification, change or repeal thereof, may petition the engineer for a hearing on the reasonableness of such resulting rule, standard, or regulation.

(b) Such petition for hearing shall be by verified petition filed with the engineer, setting out specifically the regulation, standard, amendment, modification, change or repeal, upon which a hearing is desired, and the reasons why the same is unreasonable. All hearings shall be open to the public.

(c) Upon receipt of such petition, the engineer, after consultation with the board, may determine the same by confirming without hearing his previous determination. If the material issues presented by the petition have not been previously considered at a hearing, the engineer shall re-

fer the matter to the board for hearing for consideration of the issues involved and for its recommendations. Notice of the time and place of such hearing shall be given to the petitioner and to such other persons as the engineer may find directly interested in the issues involved in the petition.

(d) If the board shall find that the rule, standard, regulation, amendment, modification, change or repeal complained of is unreasonable, it shall, in accordance with the procedure set forth in the provisions of this Act, formulate and propose such substitute rule, standard or regulation as the board shall determine to be reasonable, and a hearing shall be directed and held upon such substitute rule as provided in Section 9 hereof.

Effective date of rules: publication

Sec. 11. (a) Every rule, standard, or regulation and all amendments, substitutions, changes and repeals thereof shall, unless otherwise prescribed by the board, take effect 30 days after the first publication thereof and certified copies thereof shall be filed in the office of the Secretary of State.

(b) Every rule, standard, or regulation adopted and every amendment, change or repeal thereof shall be published in such manner as the board may determine and the board shall deliver a copy to every person making application therefor. The engineer shall include the text of each rule or amendment thereto in an appendix to the Biennial Report of the Department of Health next following the adoption or amendment of such rule.

Judicial review

Sec. 12. (a) Any person aggrieved by a rule, standard, or regulation issued or changed by the board under this Act shall, within 10 days after issuance or change of said rule, commence an action in a court of competent jurisdiction in Travis County, Texas, and not elsewhere, against said board as defendant, to set aside or suspend such rule or other action on the ground that the same is unlawful, arbitrary or unreasonable, or for any other proper ground. Said action shall have precedence over all other causes on the docket of a different nature, and shall be tried and determined as other civil causes in said court. Either party to said action may appeal as in other civil cases to the court having jurisdiction of said causes; and said action so appealed shall have precedence in said appellate court of all causes of different character therein pending. Provided further that no preliminary injunction shall be issued without notice to the opposite party and a hearing had thereon.

Enforcement and penalties

Sec. 13. (a) The engineer shall administer and enforce the provisions of this Act through his powers and authority under the provisions of this Act, and under such powers as may be lawfully delegated to him by the board under this Act.

(b) Any person, firm, or corporation violating any of the provisions of this Act shall be deemed guilty of a misdemeanor and shall upon conviction be fined in a sum no less than \$50 nor more than \$500.

(c) Whenever called to his attention, and upon investigation, the engineer shall have reasonable cause to believe that an employer has violated or is violating the provisions of this Act, he shall at once give written notice of the facts thereof to the proper county or district attorney for institution of such proceedings as are appropriate under the provisions of this Act.

Accident reports

Sec. 14. The board may require of employers and of any other source, including the Industrial Accident Board of the State of Texas, which it

Cooperation with other state agencies

Sec. 15. (a) The board, the engineer, and the General Advisory Committee shall cooperate with, assist and secure the assistance of the State Board of Insurance, the Industrial Accident Board, and the Commissioner of Health and such other agencies as may be capable of providing assistance in the accumulation and compilation of industrial injury and occupational health statistics and other data and reports and these agencies shall cooperate with the board and the engineer in achieving the purposes of this section.

(b) Nothing in this Act shall be construed as conflicting in any manner with the provisions of Chapter 178, Acts of the 49th Legislature, 1945, and particularly with Section 19 thereof (Section 19, Article 4477—1, Vernon's Texas Civil Statutes); nor with the provisions of Chapter 68, Acts of the 48th Legislature, 1943, as amended (Article 5172a, Vernon's Texas Civil Statutes); nor with Articles 5173 through 5180 and Article 5182, Revised Civil Statutes of Texas, 1925; nor with Chapter 436, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 5221c, Vernon's Texas Civil Statutes); nor with Article 5144 through Article 5151, Revised Civil Statutes of Texas, 1925; but this Act shall be construed in harmony with same so that the provisions of this Act and of these previously existing articles shall complement each other insofar as specifically provided therein as if the same had been passed at one and the same time.

Labor disputes

Sec. 16. It is not intended that this Act, or any part thereof or act thereunder shall be an issue or be involved in any labor dispute, or be used or asserted to advantage in collective bargaining by employers or employees, and their respective representatives. To implement this section it is therefore provided, anything to the contrary elsewhere herein notwithstanding, that no provision of this Act shall apply to a place of employment while the same is subjected to picketing, strike, slowdown or other work stoppage.

Art. 5221b-4. Claims for benefits

* * * * *
 (b) An unemployed individual who has no current benefit year may file an initial claim in accordance with rules or regulations prescribed by the Commission. The Commission shall mail a notice of the filing of such initial claim to the individual or organization for which the claimant last worked prior to the effective date of the initial claim. If the individual or organization has more than one branch or division operating at different locations, notice of the filing of such initial claim shall be mailed to the branch or division where claimant last worked. Mailing of notice of the initial claim to the correct address of the individual or organization or the branch or division where claimant last worked shall constitute due notice to such individual or organization. If the individual or organization to which such notice is mailed has knowledge of any facts that may adversely affect such claimant's right to benefits, or that may affect a charge to its account, it shall notify the Commission of such facts promptly. If such individual or organization does not mail or deliver such notification to the Commission within ten (10) days from the date notice of a claim was mailed to it by the Commission, such individual or organization shall be deemed to have waived all rights in connection with such claim, including any rights it may have under subsection 7(c) (2) of this Act, except with respect to a clerical or machine error as to the amount of its chargeback or maximum potential chargeback in connection with such claim.

The Commission shall determine whether such initial claim is valid. If such initial claim is valid, the Commission shall determine the benefit year, the benefit amount for total unemployment and the duration of benefits. A notice of the determination of the initial claim shall be mailed to the claimant at his last known address as reflected by Commission records. The claimant may within twelve (12) calendar days from the date such notice was mailed request a redetermination or appeal in the manner provided in this Section.

If such individual or organization for which claimant last worked has filed a notification with the Commission in accordance with this Section, an examiner shall make a determination as to whether the claimant is disqualified from receipt of benefits under Section 5 of this Act, as to any other issue affecting the claimant's right to receive benefits which may have arisen under any other provision of this Act, and as to whether a chargeback shall be made to the account of the individual or organization if benefits are paid, and shall mail a copy of the determination to the claimant and to such individual or organization, or the branch or division for which the claimant last worked. In the absence of such notification from such individual or organization, if, from information on the claim or other information secured, an issue is raised affecting the claimant's rights to benefits under any provision of this Act, an examiner shall prepare a determination reflecting his decision and mail a copy of it to the claimant at his last known address.

Unless the claimant or the individual or organization or branch thereof to which the copy of the determination is mailed files an appeal

from such determination within twelve (12) calendar days after such copy of the determination is mailed to his or its last known address as reflected by Commission records, such determination shall be final for all purposes and benefits shall be paid or denied in accordance therewith; provided, that within the same period of time, an examiner may file an appeal from such determination, or may, if he discovers error in connection therewith or additional information not previously available, reconsider and redetermine any such determination, and such redetermination shall replace such determination and shall become final unless an appeal therefrom is filed by such claimant or such individual or organization within twelve (12) calendar days after a copy of such redetermination was mailed to his or its last known address as reflected by Commission records. If an appeal is duly filed, benefits with respect to the period of time prior to the final determination of the Commission shall be paid only after such determination; provided, that if an appeal tribunal affirms a determination of an examiner, or the Commission affirms a decision of an appeal tribunal, allowing benefits, such benefits shall be paid regardless of any appeal which may thereafter be taken, but if such decision is finally reversed, no chargeback shall be made to the employer's account by reason of such payment.

Repeal of conflicting laws and construction as to rights of individuals to benefits under the 1967 amendment to this article, see notes under article 5221b—1.

Art. 5221b—5. Contributions

(a) Payment: Contributions shall accrue and become payable by each employer for each calendar year, or portion thereof, in which he is subject to this Act, with respect to wages for employment paid during such calendar year, or portion thereof. Such contributions shall become due and be paid by each employer to the Commission for the fund in accordance with such rules or regulations as the Commission may prescribe, and shall not be deducted in whole or in part from the wages of individuals in such employer's employ.

(b) Rate of contributions: Each employer shall pay contributions equal to two and seven-tenths percentum (2-7/10%) of wages paid by him with respect to employment, except as provided in subsection (c) of this Section.

(c) Experience rating:

(1) Each employer's contribution rate shall be two and seven-tenths percentum (2-7/10%) until his account has been chargeable throughout each calendar month of the four (4) consecutive calendar quarters immediately preceding the date as of which such employer's rate is determined. For each calendar year commencing after December 31, 1968, the contribution rate of each employer who has had at least four (4) such calendar quarters of compensation experience shall be determined as provided below.

(2) (A) With respect to any benefit year beginning after September 30, 1967, the amount of benefit payments paid to a claimant shall be charged to the account of the claimant's base period employer or employers. With respect to any benefit year beginning prior to September 30, 1967, if the first benefit payment during such benefit year is not made until after September 30, 1967, then the amount of benefit payments shall be charged to the account of the claimant's base period employer or employers. When a benefit payment is made to a claimant who has two or more employers in his base period the chargeback to each employer shall be allocated in direct proportion to the percentage of the claimant's total

For Annotations and Historical Notes, see V.A.T.S.

benefit wage credits paid by such employer. This process may be designated as charging benefits to an employer's account, and benefits thus charged may be designated as chargebacks.

The chargebacks of each employer for a given calendar quarter shall be the benefits paid to all of his employees or former employees during such quarter; provided, that the chargebacks of an employer shall not include benefit payments which are based on wage credits of an employee or former employee, if the Commission finds that the employee's last separation from such employer's employment, prior to the benefit year in conjunction with which such base period was established, was (i) a separation required by a Federal or a Texas statute or a Texas municipal ordinance; or (ii) a separation for which a disqualification under subsections 5(a) or 5(b) of this Act would have been imposed if such employer's employment of the employee or former employee had been the employee's last work; or (iii) a separation with respect to which a disqualification was imposed under subsection 5(a) or 5(b) of this Act; and provided further that for the purpose of this paragraph the term 'last separation' shall, with respect to an employee whose initial determination disqualified him for benefits under subsection 5(d) of this Act, mean his next later separation from such employer's employment.

(2) (B) To each employer to whom notice of an initial claim has not already been mailed under subsection 6(b) of this Act, and whose account is potentially chargeable with benefits as the result of such initial claim and payment of benefits, a notice of his maximum potential chargebacks shall be mailed when benefits are first paid and an opportunity afforded for protest of his potential chargebacks. If any such employer desires to protest his potential chargebacks, he shall, within ten (10) days after such notice was mailed to him, mail his protest, including a statement of the facts upon which his protest is based, to the Commission at Austin, Texas. Any employer who does not protest his potential chargebacks within ten (10) days after notice was mailed to him shall be deemed to have waived his right to protest such chargebacks. If a timely protest is filed, the examiner shall promptly decide the issues involved in such protest and shall mail a notice of his decision thereon to the protesting employer. Such decision shall become final twelve (12) days from the date of mailing thereof, unless such employer mails to the Commission at Austin, Texas, a written appeal therefrom within such twelve (12) days. Administrative review hereunder shall be in accordance with Commission rules or regulations, and appeals to the Courts shall be permitted only after such employer has exhausted his administrative remedies (not including a motion for rehearing) before the Commission, and within the time prescribed by subsection 6(h) and subsection 6(i) of this Act with respect to Commission decisions on benefits. Venue and jurisdiction of appeals to the Courts with respect to chargebacks shall be the same as venue and jurisdiction of suits to collect contributions and penalties under this Act.

If notice of the claim has been sent previously to the employer under the provisions of Section 6 of this Act, the employer shall be mailed a notice of the amount of his potential chargeback resulting from the claim, and may, within ten (10) days from the date such notice was mailed, protest any clerical or machine error as to amounts. Such employer shall be mailed a decision on such protest and may appeal within twelve (12) days from the date notice of such decision was mailed to him.

(3) For the purposes of this Section, benefits shall be deemed to have been paid at the time the claim therefor shall have been certified by the Commission to the State Comptroller for payment.

(4) The benefit ratio of each employer shall be a percentage equal to the total of his chargebacks for the thirty-six (36) consecutive completed calendar months immediately preceding the date as of which the

employer's tax rate is determined divided by his total taxable wages for the same months on which contributions have been paid to the Commission on or before the last day of the month in which the computation date occurs; provided that, in the event the employer has less than three (3) years but at least four (4) calendar quarters of compensation experience throughout which his account has been chargeable with benefits, his benefit ratio shall be a percentage equal to the total of all of his chargebacks for all completed calendar months immediately preceding the date as of which such employer's tax rate is determined divided by his total taxable wages for the same months on which contributions have been paid to the Commission on or before the last day of the month in which the computation date occurs.

Computation of benefit ratios in a transition period: For the purpose of computing benefit ratios to be used in determining tax rates for the calendar year 1969, chargebacks shall be defined as follows:

benefit payments charged to the employer in the 12 months ending September 30, 1968, for claimants who were paid on or after October 1, 1967, their first payment in a benefit year; plus

benefit wages charged to the employer in the 12 months ending September 30, 1967, multiplied by the result of dividing net total benefits paid out of the fund to all claimants by total benefit wages (charged and non-charged) for the same 12-month period; plus

benefit wages charged to the employer in the 12 months ending September 30, 1966, multiplied by the result of dividing net total benefits paid out of the fund to all claimants by total benefit wages (charged and non-charged) of all employers for the same 12-month period.

For the purpose of computing benefit ratios to be used in determining tax rates for the calendar year 1970, chargebacks shall be defined as follows:

benefit payments charged in the 12 months ending September 30, 1969, plus

benefit payments charged to the employer in the 12 months ending September 30, 1968, for the claimants who were paid on or after October 1, 1967, their first payment in a benefit year, plus

benefit wages charged to the employer in the 12 months ending September 30, 1967, multiplied by the result of dividing net total benefits paid out of the fund to all claimants by total benefit wages (charged and noncharged) for the same 12-month period.

(5) The replenishment ratio is a quotient, stated to the nearest hundredth, derived from the following numerator and denominator. The numerator of the replenishment ratio shall be the net amount required from employers, computed as follows: the total amount of benefits paid from the Texas Unemployment Compensation Fund during the 12 months ending September 30, of the preceding calendar year, less (i) the total amount of refunds of benefits credited to such fund during such period and (ii) the total amount of benefit warrants cancelled during such period. The denominator of the replenishment ratio shall be the total amount of chargebacks to the accounts of all employers during the twelve (12) months ending September 30 of the preceding calendar year. The replenishment ratio for each calendar year shall be determined prior to the due date of the first contribution payment with respect to wages for employment paid in that year and such determination shall be made upon the basis of figures for the one year period ending September 30 of the preceding calendar year; such replenishment ratio thus determined shall not be affected or revised by virtue of any subsequent adjustment of any chargebacks of any employer.

For Annotations and Historical Notes, see V.A.T.S.

(6) The tax rate for each rated employer shall be in accordance with the following table based upon the replenishment ratio and his benefit ratio:

The Commission is authorized to extend the foregoing table by supplying additional replenishment ratios and by supplying additional employer benefit ratios using the same mathematical principles used in constructing said table.

Provided, that when the amount in the Unemployment Compensation Fund on the October 1 computation date immediately preceding the calendar year for which rates are being computed is in excess of Three Hundred Million Dollars (\$300,000,000), a reduction in the tax rate shown on the foregoing table, as it may be extended, by one-tenth of one per cent ($\frac{1}{10}$ of 1%) for each Five Million Dollars (\$5,000,000) or fraction thereof by which the amount in the Unemployment Compensation Fund is in excess of Three Hundred Million Dollars (\$300,000,000) shall be granted to each employer entitled to an experience tax rate, provided that no employer shall receive a tax rate reduction greater than two and two-tenths per cent (2.2%) under this provision; provided further, notwithstanding the foregoing provisions, that no employer shall be permitted to pay contributions at a rate less than one-tenth of one per cent ($\frac{1}{10}$ of

1%) and that no employer shall be required to pay contributions at a rate greater than two and seven-tenths per cent (2.7%) except as hereinafter provided. When the amount in the Unemployment Compensation Fund on the October 1 computation date immediately preceding the calendar year for which rates are being computed is less than Two Hundred Twenty-five Million Dollars (\$225,000,000), an increase in the tax rate by one-tenth of one per cent ($\frac{1}{10}$ of 1%) for each Five Million Dollars (\$5,000,000) or fraction thereof by which the amount in the Unemployment Compensation Fund is less than Two Hundred Twenty-five Million Dollars (\$225,000,000) shall be applied to the tax rate of each employer eligible for an experience tax rate, including any employer whose tax rate would otherwise be limited to two and seven-tenths per cent (2.7%).

(7) If an employing unit acquires all or a part of the organization, trade or business of an employer, such acquiring successor employing unit and such predecessor employer may jointly make written application to the Commission for that compensation experience of such predecessor employer which is attributable to the organization, trade or business or the part thereof acquired to be treated as compensation experience of such successor employing unit. The Commission shall approve such application if it finds that: (i) immediately after such acquisition the successor employing unit continued operation of substantially the same organization, trade or business or part thereof acquired; and (ii) the predecessor employer has waived, in writing, all his rights to an experience rating based on the compensation experience attributable to the organization, trade or business or part thereof acquired by the successor employing unit; and (iii) in the event of the acquisition of only a part of a predecessor employer's organization, trade or business, such acquisition was of a part to which a definitely identifiable and segregable part of the predecessor's compensation experience was and is attributable; and (iv) if the successor employing unit was not an employer at the time of the acquisition, such successor has elected to become an employer as of the date of the acquisition or has otherwise become an employer during the year in which the acquisition took place.

If the application for transfer of experience is approved and the successor employing unit was an employer immediately prior to the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the rate applicable to the successor on the date of the acquisition. If such application is approved and the successor employing unit was not an employer immediately prior to the date of the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the highest rate applicable at the time of the acquisition to any predecessor employer who was a party to the acquisition with respect to which the joint application was made.

In the event the acquisition is the result of the death of the predecessor employer, the requirements of this subsection relating to the necessity for the predecessor to join in the application and the requirements of condition (ii) hereof shall not apply.

"Compensation experience," as used in this subsection includes duration of chargeability with benefit wages or benefits as well as all factors mentioned in subsection 7(c) of this Section necessary to the computation of experience rating under subsection 7(c) of this Section.

(d) The computation date for all experience tax rates shall be as of October 1 of the year preceding the calendar year for which such rates are to be effective, and such rates shall be effective on January 1 of the calendar year immediately following such computation date for the entire year; provided that the experience tax rate for each employer who, for the first time, and at the close of any calendar quarter, has completed four

For Annotations and Historical Notes, see V.A.T.S.

(4) full consecutive calendar quarters throughout each month of which the employer was chargeable with benefit payments, shall be computed and determined as of the first day of the calendar quarter next following such close, and such rate shall be effective on the date as of which it was computed, and for the remainder of the calendar year in which such computation date occurs.

(e) The contribution rate of each employer for the calendar years ending on or before December 31, 1968, shall be determined in accordance with the provisions of this Section prior to this amendment; the contribution rate of each employer for each calendar year commencing after December 31, 1968, shall be determined in accordance with the provisions of this Section. Nothing in this Section shall be construed as authorizing or requiring a refund of any contributions or portions thereof due and paid prior to January 1, 1969, under this Section, or as waiving the right to collect any contributions or portions thereof due and unpaid under this Section on December 31, 1968.

Amended by Acts 1967, 30th Leg., p. 685, ch. 287, § 4, eff. Oct. 1, 1967.

Repeal of conflicting laws and construction as to rights of individuals to benefits under the 1967 amendment to this article, see notes under article 5221b—1.

Art. 5221b—12. Collection of contributions

(a) Interest and Penalties on Past Due Contributions: If any employer subject to the provisions of this Act shall fail to pay contributions due under this Act on the date on which they are due and payable as prescribed by the Commission, such employer shall forfeit to the State of Texas a penalty of one per cent (1%) of such contributions, and after the expiration of one (1) month such employer shall forfeit an additional penalty of one per cent (1%) of such contributions for each month or fraction thereof, until such contributions and penalties shall have been paid in full; provided, however, that the penalties applicable to the contributions due for any period (as prescribed by the rules of the Commission) shall not exceed twenty-five per cent (25%) of the amount of contributions due at due date; provided, however, that for the exclusive purpose of this subsection, after July 1, 1965, the forfeit of penalty provided herein shall not apply to any employer who failed to pay contributions due under this Act because of the bona fide belief that all or some of their employees are covered under the unemployment insurance law of any other state if such employer paid, pursuant to the unemployment insurance law of such other state, the contributions thereunder when due on all such wages of such employees.

In addition to the penalties provided above, whenever the maximum penalty of twenty-five per cent (25%) shall accrue or shall have accrued as provided above in cases in which the liability of the employer is reduced to judgment, thereafter in addition to the penalties provided above, contributions included in such judgment shall bear interest at the rate of one-half of one per cent ($\frac{1}{2}$ of 1%) per month or part of a month. Subsec. (a) amended by Acts 1965, 59th Leg., p. 318, ch. 150, § 2, eff. July 1, 1965; Acts 1967, 60th Leg., p. 694, ch. 287, § 5, eff. Oct. 1, 1967.

(b) Collections: If, after notice, any employer defaults in any payment of contributions, penalties or interest thereon, the amount due shall be collected by civil action in a District Court in Travis County, Texas, in the name of the State and the Attorney General, and the employer adjudged in default shall pay the costs of such action; provided, however, that no court action shall be begun to collect contributions or penalties from an employer after the expiration of three (3) years from the due date of such contributions, except that, in any case of a willful attempt in any manner to evade any of the provisions of the Unemployment Compensation Law or Commission rules or regulations promulgated thereunder, such action may be begun at any time.

Subsec. (b) amended by Acts 1965, 59th Leg., p. 318, ch. 150, § 2, eff. July 1, 1965; Acts 1967, 60th Leg., p. 694, ch. 287, § 5, eff. Oct. 1, 1967.

(c) (1) If any employer shall fail to file any reports of wages paid or contributions due as required by this Act or by the rules or regulations of the Commission, such employer shall forfeit to the State for the Unemployment Compensation Special Administration Fund as penalties: (i) for the first fifteen days or part thereof of violation, the sum of Five Dollars (\$5); and (ii) for the remainder of the month or part thereof of violation, the sum of Five Dollars (\$5) plus $\frac{1}{20}$ th of 1% of wages paid which the employer failed to report when due to the Commission; and (iii) for the second successive month or part thereof of violation, an additional Ten Dollars (\$10) plus $\frac{1}{10}$ th of 1% of wages paid which the employer failed to report when due to the Commission; and (iiii) for the third successive month, or part thereof of violation, an additional Ten Dollars (\$10) plus $\frac{1}{3}$ th of 1% of wages which the employer failed to report when due to the Commission. The penalties hereinbefore provided in (i), (ii), (iii), and (iiii) are cumulative and in addition to any other penalties provided in this Act, and if such penalties are not paid to the Commission at the time they are forfeited, they shall be collected by civil action as provided in this Section.

(2) If any employing unit shall (i) fail to keep any of the records required to be kept by the provisions of this Act or by the rules or regulations of the Commission, (ii) make a false report to the Commission, or (iii) fail or refuse to abide by the provisions of this Act, or the rules or regulations of the Commission promulgated hereunder, or violate the same, and if no civil penalty is otherwise provided by this Act, such employing unit shall forfeit to the State for the Unemployment Compensation Special Administration Fund as a penalty the sum of Ten Dollars (\$10). In cases where the violation is of continuous and continuing nature, whether or not any other civil penalty is otherwise provided by this Act, each day's violation after written notice of the existence of the violation is given to the employing unit shall constitute a separate offense and incur another penalty of Ten Dollars (\$10). The penalty for each day's violation shall be forfeited and become cumulative on the tenth (10th) calendar day after date of written notice is given or mailed to the employing unit by the Commission or its authorized representative. If such penalties are not paid when demanded by the Commission or its duly authorized representative, they shall be collected by civil action as provided in this Section.

TITLE 84—LANDLORD AND TENANT

Art.
5236a. Notice for terminating certain tenancies [New].

Art. 5236a. Notice for terminating certain tenancies

Section 1. (a) A monthly tenancy or tenancy from month to month may be terminated by the landlord or the tenant by one month's notice given to the other party. When the rent reserved in a lease is payable at periods of less than a month, the time of the notice of termination is sufficient if it is equal to the interval between the times of payment. The notice is not void merely because it mentions a day for the termination of the tenancy not corresponding to the conclusions or commencement of the rent-paying period, but rather the notice terminates the tenancy at the end of a period equal in time to that in which the rent is made payable, unless a later date is specified.

(b) If the notice required by Subsection (a) of this section terminates the tenancy on a day which does not correspond to the conclusion or commencement of a rent-paying period, the tenant is liable only for rent up to the date of termination and not liable for rent for the balance of the rent-paying period.

(c) Subsection (a) of this section does not apply when

(1) by written agreement, signed by the landlord and tenant, a different period of notice, or no notice, is to be given; or

(2) there is any breach of contract recognized by law.

TITLE 86—LANDS—PUBLIC

CHAPTER TWO—SURVEYORS AND SURVEYS

Art. 5282a. Registered Public Surveyors Act of 1955

* * * * *

Qualifications for Registration

Sec. 6.

* * * * *

(c) All persons who apply to take, and successfully pass, an examination given by the Board to determine the fitness and qualification of the person examined shall be qualified for registration. Such examination shall be written and oral, and shall be designed to reflect knowledge and ability on the part of the applicant, showing to the Board that he is qualified to be placed in charge of surveying work. Any applicant for such examination must be able to show to the satisfaction of the Board that he has had the equivalent of six (6) years experience in land surveying. The successful completion of a course of study in an accredited school leading to a Bachelor of Science Degree in Civil Engineering shall be considered as four (4) years satisfactory experience.

Any person desiring to register as a Public Surveyor shall file with the Board an application therefor in writing, accompanying the application with a registration fee, the amount to be determined by the Board but in no event to exceed Twenty Dollars (\$20). If the Board finds that the applicant is qualified to register without examination as herein provided for, it shall issue to him a Certificate of Registration and assign to him a registration number which shall not thereafter be assigned to, nor used by any other surveyor. Such number shall be placed on the Certificate of Registration and recorded in the permanent records of the Board, and shall constitute the registration number of such surveyor and shall be used by him on all his official documents. The Certificate of Registration shall also show the full name of registrant and shall be signed by the Chairman and Secretary of the Board. If the Board finds that an applicant is not qualified to be registered at the time of making his application, but is qualified to take an examination, it shall set a time and name a place for the applicant to take such examination. Upon passing the examination to the satisfaction of the Board, the applicant shall be entitled to a Certificate of Registration as hereinabove provided.

Applications for registration shall be on forms prescribed and furnished by the Board, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be surveyors having personal knowledge of his surveying experience. The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability which shall insure safety to the public welfare and property rights. A candidate failing an examination may apply for re-examination at the expiration of six (6) months and will be re-examined without payment of additional fee.

All Certificates of Registration shall expire on the last day of the month of December, following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the Secretary of the Board to notify every person registered under this Act of the date of the expiration of his certificate and the amount of the fee that shall

For Annotations and Historical Notes, see V.A.T.S.

be required for its renewal for one (1) year; such notice shall be mailed at least one (1) month in advance of the date of the expiration of said certificate. Renewal may be effected at any time during the month of December by the payment of a fee to be set by the Board but not to exceed \$25.00. The failure on the part of any registrant to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten per cent (10%) for each month or fraction of the month that renewal payment is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fee; and provided further that if such failure to renew shall continue for more than one (1) year after the date of expiration of the registration certificate, the applicant must reapply for registration and must qualify under the foregoing provisions of this section before being registered. All renewal certificates shall carry the same registration number as the original certificate. All original and renewal Certificates of Registration shall be evidence that the person whose name and registration number appears thereon is qualified to practice as a Registered Public Surveyor so long as such Certificate is valid and in force. Each registrant hereunder shall, upon receiving his Certificate of Registration, obtain a seal of the design authorized by the Board, bearing the registrant's name and number and the legend "Registered Public Surveyor"; plats, field notes and reports prepared by a registrant or under his direction shall be stamped with the said seal when filed with public authorities or delivered to a private client. It shall be unlawful for anyone to stamp or seal any document with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or reissued.

When royalties paid during any year during the life of the lease equal or exceed the annual rental, no annual rental will be due for the following year; otherwise, there shall be due and payable on or before the anniversary date of said lease the annual rental specified by the Board for Lease less the amount of royalties paid during the preceding year. All rental and royalty payments shall be paid to the Commissioner of the General Land Office at Austin, Texas, and royalty payments shall be paid on or before the last day of each month following the month in which the oil, gas or other minerals may be produced. The payments shall be accompanied by sworn statements of the lessee, manager, or other authorized agent showing the gross amount of production since the last report and the market value of same, together with copies of all daily gauges of tanks, gas meter readings, pipeline run tickets and receipts and other checks or memoranda of the amounts produced. The books, accounts, records, and contracts pertaining to production, transportation, sale and marketing of the oil, gas or other minerals shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General and the Chairman, President or other member of the appropriate Board for Lease or the representative of either of them. The State shall have a first lien upon all oil, gas or other minerals produced from the area covered by the lease to secure the payment of all unpaid royalty and/or other sums of money that may become due under the lease.

Failure of lessee to comply with law or lease; forfeiture of lease; notice; reinstatement

Sec. 6. If the lessee, or his assignee, or sub-lessee, or receiver, or other agent in control of said lease, shall fail or refuse to make payment of any royalty within thirty (30) days after it becomes due, or if such person should fail or refuse the proper authorities access to the records pertaining to the operations, or if such person should knowingly fail or refuse to give correct information to the proper authorities, the lease and all rights thereunder shall be subject to forfeiture by the Commissioner, and he may forfeit same when sufficiently informed of the facts which authorize a forfeiture, and, in such event, shall write on the wrapper containing the papers relating to such lease, and sign officially, words declaring such forfeiture; and the lease and all rights thereunder shall thereupon be forfeited, together with all payments made thereunder. Notice of such action shall be forthwith mailed to the persons shown by the records of the General Land Office to be the owner of the soil and the owner of the forfeited lease at their last known addresses as shown by the records of said Office. Upon proper compliance with the provisions of this Act by the owner of the forfeited lease within thirty (30) days after the declaration of forfeiture, the lease may, at the discretion of the Commissioner, and under the terms of this Act, and such other terms as the Commissioner may prescribe, be reinstated. If such lease is not reinstated within the time prescribed above, the owner of the soil shall again have the right, as Agent of the State, to lease the minerals as herein provided.

Bond issue

Sec. 3. The Board, by appropriate action, is hereby authorized at one time, or from time to time, to provide by resolution for the issuance and sale of such negotiable bonds as have heretofore or may be hereafter authorized by the Constitution, the proceeds therefrom to become a part of the Veterans' Land Fund. At the option of the Board, said bonds may be issued in one or several installments. The bonds of each installment shall bear a rate or rates of interest as may be prescribed by the Board; but the "weighted average annual interest rate," as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds in each installment may not exceed four and one-half percent (4½%). The bonds shall be payable as prescribed by the Board; shall mature serially or otherwise and not later than forty (40) years from their date; provided, however, that any bonds previously issued shall mature in accordance with their provisions; shall be payable in such medium of payment as to both principal and interest as may be determined by the Board; and may be made redeemable before maturity, at the option of the Board, at such price or prices, and under such terms and conditions, as may be fixed by the Board in the resolution providing for the issuance and sale of the bonds. The Board shall determine the form of the bonds, including the forms of any interest coupon to be attached thereto, and shall fix the denomination or denominations of said bonds and the place or places of the payment of the principal and interest thereon. Said bonds shall be executed by and on behalf of the Veterans' Land Board as obligations of the State of Texas in the following manner: they shall be signed by the Chairman and Secretary respectively of the Board, and the seal of the Board shall be impressed thereon, and they shall be signed by the Governor of the State of Texas, and attested by the Secretary of State of the State of Texas with the seal of the State of Texas impressed thereon. The resolution authorizing the issuance of any installment or series of bonds may prescribe the extent to which facsimile signatures and facsimile seals in lieu of manual signatures and manually impressed seals may be used in executing such bonds and appurtenant coupons. Interest coupons may be signed by the facsimile signatures of the Chairman and Secretary of the Board. In the event any officer whose manual or facsimile signature appears on any bond, or whose facsimile signature shall appear on any coupon, shall cease to be such officer before the delivery of any bonds, the signature shall, nevertheless, be valid and sufficient for all purposes, the same as if he had remained in office until such delivery had been made. Before any such bonds so issued are delivered to the purchasers, the record pertaining thereto shall have been examined by the Attorney General of Texas and said record and bonds shall be approved by him. After such approval, the bonds shall be registered in the office of the State Comptroller of Public Accounts of Texas. Such bonds having been approved by the Attorney General and registered in the Comptroller's Office shall be held, in every action, suit or proceeding in which their

validity is or may be brought into question, valid and binding obligations of the State. In every action brought to enforce collection of such bonds or any rights incident thereto, the certificate of approval by the Attorney General, or a duly certified copy thereof, shall be admitted and received in evidence of their validity. The only defense which can be offered against the validity of such bonds shall be forgery or fraud. All bonds issued under the provisions of this Act shall have, and are hereby declared to have, all of the qualities and incidents of negotiable instruments under the laws of this State. The Board is fully authorized to provide for the replacement of any bond which becomes mutilated, lost or destroyed.

Veterans' land fund

Sec. 8. The Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by the Board, until the sale price therefor, together with any interest and penalties due, have been received by the Board (although nothing herein shall be construed to prevent the Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by the Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by the Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. All moneys comprising the Veterans' Land Fund shall be deposited in the State Treasury to the credit of the said Fund."

Sec. 8 amended by Acts 1967, 60th Leg., p. 270, ch. 129, § 2, Effective date, see notes at end of Article.

Payment of principal and interest; retirement of bonds;
deposit of unexpended moneys; fiscal agent;
appropriations; legal investments

Sec. 9. The principal and interest on the bonds heretofore and hereafter issued by the Board shall be paid out of the moneys of the Veterans' Land Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of the Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of the Fund and not expended for the purposes herein provided shall be a part of the Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by the Board, at which time all such moneys remaining in the Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in the Fund for the purpose of retiring all such bonds, shall be deposited

to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of the Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by the Board. Such use shall be a matter for the discretion and direction of the Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

Said Board may, if it so desires, designate the Treasurer of this State as fiscal agent for the payment of principal of and interest on the bonds; if said Treasurer is so designated he shall act without compensation. Alternatively, the Board may employ a private fiscal agent to perform such services in which event adequate compensation shall be paid.

If said Board, at any time during the existence of said Veterans' Land Fund, shall determine that during the following biennium there will not be sufficient moneys in said Fund to pay principal of and/or interest on said bonds which will fall due during the said following biennium, the Legislature shall appropriate from the General Fund of the State sufficient moneys to meet such obligation, such appropriated moneys to be used for said purposes only if at the time said principal and/or interest actually fall due there are not sufficient moneys in the Veterans' Land Fund to pay same.

All bonds heretofore or hereafter issued pursuant to the provisions of Section 49-b of Article III of the Constitution and Statutes enacted to implement the provisions thereof shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and all other political subdivisions and public agencies of the State of Texas. Such bonds, when accompanied by all unmatured coupons appurtenant thereto, shall be lawful and sufficient security for said deposits in the amount of the par value of said bonds.

"The Board is hereby authorized to use the moneys of the Veterans' Land Fund to purchase on the open market any of the bonds it has heretofore issued and sold or hereafter may issue and sell, upon the occurrence of which the debt represented by any such bonds so purchased shall be deemed cancelled. Any such bonds so purchased by the Board shall be mutilated, burned or otherwise destroyed by the State Treasurer, who shall certify such fact to the Board under the seal of his office, and no further interest thereon shall be paid."

Sec. 9 amended by Acts 1967, 60th Leg., p. 271, ch. 129, § 3, Effective date, see notes at end of Article.

Payment of fees and expenses

Sec. 9(A). The Board is hereby authorized to use the moneys of the Veterans' Land Fund attributable to any bonds hereafter issued and sold for the purpose of paying legal fees and fees for financial advice necessary in the opinion of the Board to the sale of bonds hereafter issued and sold; the expense of publishing notice of sale of any installment of such bonds; the expense of printing such bonds; and the

For Annotations and Historical Notes, see V.A.T.S.

expenses of delivering such bonds, including but not limited to the costs of travel, lodging, and meals of any officers or employees of the Board, the State Comptroller, the State Treasurer, and the Attorney General necessary in the opinion of the Board to effectuate delivery of such bonds, and the cost of manually signing such bonds. The Board further is hereby authorized to use the moneys of the Veterans' Land Fund attributable to any bonds hereafter issued and sold to remunerate any agent employed by the Board to pay the principal or interest due on any such bonds. No moneys of any Division of the Veterans' Land Fund created prior to the effective date of this Amendment may be used for paying the expenses listed herein until there are sufficient moneys of such Division to retire all of the bonds secured by such Division, at which time all such moneys, except such portion thereof as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, shall be usable to pay such expenses as fully as the moneys attributable to any bonds hereafter issued and sold by the Board.

Sec. 9(A) added by Acts 1967, 60th Leg., p. 272, ch. 129, § 4, Effective date, see notes at end of Article.

Purchase of lands; retirement of bonds and payment of interest

Sec. 10. All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to the Veterans' Land Fund and may, until December 1, 1965, be used for the purpose of purchasing additional lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation, to be sold as provided herein; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all such bonds, all of such moneys then remaining or thereafter becoming a part of the Veterans' Land Fund shall be governed as elsewhere provided herein.

All of the moneys attributable to any series of bonds hereafter issued and sold by the Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands, likewise situated and owned, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by the Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of the Veterans' Land Fund and thereafter becoming a part of the Fund shall be governed as elsewhere provided herein."

Subdivision of land; purchase and sale; payment of costs; rules and regulations for sale of lands

Sec. 12. Land acquired by the Board may be subdivided for the purpose of sale as provided herein into tracts of such size as the Board may deem advisable; and, with respect to land acquired with the moneys of the Veterans' Land Fund attributable to any bonds hereafter issued and sold, the Board is hereby authorized to use the moneys of the Veterans' Land Fund attributable to the bonds hereafter issued and sold for the purpose of paying the expenses of surveying and monumenting such land and the tracts thereof; the cost of constructing roads thereon; any legal fees, recordation fees, and advertising costs arising out of the purchase and sale or resale of such land and the tracts thereof; and other like costs necessary or incidental to the purchase and sale of any lands so acquired by the Board; but such expenses shall be added to the price of such lands when sold or resold by the Board. No moneys of any Division of the Veterans' Land Fund created prior to the effective date of this Act may be used for paying the expenses listed herein until there are sufficient moneys of such Division to retire all of the bonds secured by such Division, at which time all such moneys, except such portion thereof as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, shall be usable to pay such expenses as fully as the moneys attributable to any bonds hereafter issued and sold by the Board.

Land acquired and subdivided pursuant to this section shall be offered for sale in accordance with such rules and regulations as the Board may adopt and shall be sold by the Board to veterans qualified to participate in the Veterans' Land Program in conformance with the provisions of this Act governing the sale of lands purchased by the Board generally; but no tract may be sold under the provisions of this Section for a price, to include any addition of the expenses above mentioned, in excess of \$10,000.00 unless the purchaser pays in cash as a down payment the amount of the sale price in excess thereof in accordance with the Board's rules and regulations but by not later than the date of sale, in addition to the initial payment required by Section 17 of this Act. In the event that a sale hereunder is not consummated, any down payment received shall be refunded to the veteran.

The foregoing notwithstanding, any land acquired and subdivided pursuant to this Section which has first been offered for sale to veterans and which has not been sold to such purchasers may be sold to any purchaser in the same manner as lands forfeited under the provisions of this Act.

Purchase of land selected by veteran

Sec. 16. Anything contained in this Act to the contrary notwithstanding, it is expressly provided that where the veteran desires a particular tract of land located in this State, containing not less than fifteen (15) acres, he may, upon proper showing of eligibility to benefits hereunder, be authorized by the Board to select the land which he desires and submit his selection to such Board on such form as it may prescribe. The Board may purchase such land from the owner thereof upon the terms agreed, if the Board is satisfied of the value and desirability of the property submitted, and pay not to exceed Ten Thousand Dollars (\$10,000.00) therefor unless the veteran pays to the Board in cash that portion of the price in excess of the amount that the Board

For Annotations and Historical Notes, see V.A.T.S.

agrees to pay in accordance with the Board's rules and regulations but by not later than the date on which the Board acquires title thereto. Any such cash payment shall be considered a down payment on the price of the land when sold by the Board to a veteran selecting same and shall be in addition to the initial payment required by Section 17 of this Act. The Board shall cause to be made such appraisal of the property as it deems necessary in order to determine value, and before consummating a purchase shall satisfy itself as to title as provided in Section 11 of this Act. No transaction under this Act shall be considered together with any other transaction so as to constitute a block deal between the State and two or more veteran purchasers, and each tract of land shall be considered as a wholly separate entity without dependence upon any other tract of land, substance, matter, person or thing in determining its value, purchase or sale, under any of the provisions of this Act; provided, however, that nothing in this Act shall be construed so as to prevent the purchase and/or sale of contiguous tracts of land to separate purchasers so long as the value of the land is determined in the above manner. The property so acquired shall become a part of the Veterans' Land Fund, but the veteran who has selected the land so acquired shall have a preference right to purchase the same from the Board. The rules and regulations governing the sale of land under this section shall be governed by the provisions hereinafter made with reference to sale of land generally by the Board, except where same conflicts with this section. In order to be entitled to such preference right, the veteran shall, before the Board purchases said land, have agreed in writing to purchase said selected land from the Board for the price paid therefor; but if the veteran fails or refuses to exercise such preference right, the land may be sold by the Board in the same manner as provided for the sale of land forfeited under the provisions of this Act. If the title to said land is not approved and accepted by the Board, any amount paid to the Board in excess of the amount which the Board agreed to pay for such selected land shall be refunded to the veteran together with any other down payment remitted to the Board. In so far as practical, all applications shall be processed in the order in which they are received by the Board."

Contract of sale; payment; transfer; deed

Sec. 17. The sale of all lands hereunder by the Board may be properly initiated by Contract of Sale and Purchase, and said contract shall be recorded in the deed records in the County where the land is located. The purchaser shall make an initial payment of at least five percent (5%) of the selling price of the land if sold pursuant to Section 12 of this Act or at least five percent (5%) of the amount that the Board agrees to pay for the land if sold pursuant to Section 16 of this Act, in neither event to exceed five percent (5%) of Ten Thousand Dollars (\$10,000.00) together with any additional down payment as provided in said Sections 12 and 16. The balance of said selling price shall be amortized over a period to be fixed by the Board, but not exceeding forty (40) years, together with interest thereon at a rate to be fixed by the Board; not to exceed five and one-half percent (5½%) per annum; provided, however, that the purchaser shall have the right on any installment date to pay any or all installments still remaining unpaid; provided further, that in any individual case, the Board may, for good cause, postpone from time to time, upon such terms as the Board may deem proper, the payment of the whole or any part of any installment of the selling price or interest thereon. The Board is empowered in each in-

dividual case to specify the terms of the contract entered into with the purchaser, not contrary to the provisions of this Act, but no property sold under the provisions of this Act shall be transferred, sold, or conveyed in whole or in part, until the original veteran purchaser has enjoyed possession for a period of three (3) years from the date of purchase of said property, and complied with all the terms and conditions of this Act and the rules and regulations of the Board; provided, however, that should the veteran purchaser die or become financially incapacitated by reason of illness or accident, the property may be conveyed before the expiration of said three (3) years by said purchaser or his heirs, administrators, or executors by complying with the rules and regulations promulgated by the Board and by securing the approval of the Board. After said three year period, a purchaser may at any time, transfer, sell or convey land purchased under the provisions of this Act, provided all mature interest, principal and taxes have been paid and the terms and conditions of this Act and the rules and regulations of the Board have been met and the approval of the Board obtained; provided, however, if the sale is to other than a qualified Texas veteran, the assignee and all subsequent assignees shall assume an interest rate on the indebtedness to the Board to be fixed by the Board at not less than one percent (1%) per annum greater than the rate fixed by the Board for sales to veterans under Sections 12 and 16 of this Act as of the date on which such transfer, sale or conveyance is approved; provided, further, that property sold under the provisions of this Act may be transferred, sold or conveyed at any time after the entire indebtedness due the Board has been paid. No land purchased under the provisions of this Act may be leased by the purchaser for any term exceeding ten (10) years except for oil, gas or other minerals and so long thereafter as any minerals may be produced therefrom in commercial quantities, and no such lease shall contain any provision for option of any character or renewal of such lease or re-lease of such property for any term. The taking of any option of any character, renewal or re-lease agreement in a separate instrument to take effect in the future is prohibited; and any such lease or instrument containing such an option of any character, renewal or re-lease agreement executed after the effective date of this Act in violation hereof is expressly declared to be void. When the entire indebtedness due the State under the contract of sale is paid, the Chairman of the Board shall execute a deed under seal to the original purchaser of the land or to the last assignee whose assignment has been approved by the Board. Nothing herein, however, shall be construed to prohibit the Board from accepting full payment for a portion of a tract and issuing a deed thereto, in accordance with its rules and regulations; and all deeds issued by the Board and executed by the Chairman thereof under seal, whether conveying all the land contracted to be sold to a veteran or other purchaser or a part of such land, are hereby ratified, confirmed, and validated. If a deed is executed to other than the legal owner or to a deceased grantee, such deed and the rights conveyed therein shall nevertheless inure to the benefit of the lawful owner.

Rules and regulations; forms; forfeitures; fees for processing and servicing applications

Sec. 21. The Board is hereby authorized and empowered to make and promulgate such rules and regulations under this Act, and not inconsistent herewith, as it shall deem to be necessary or advisable. Such rules and regulations shall be considered a part of this Act and any violation thereof shall subject the offender to prosecution under the provi-

sions of Section 32 hereof. The Board shall likewise have the power to prescribe the form and contents of all notices, bids, applications, awards, contracts, deeds or instruments whatsoever in any manner used by it in so carrying out such project and plan when the same shall not be in conflict with the law. The Board is hereby made the sole judge of forfeiture of any purchase contract under this Act, and anyone availing himself of the provisions of this Act shall by so doing agree to abide by the same; and should the Board declare a forfeiture under said purchase contract, then the purchaser shall vacate the premises within forty-five (45) days after the date of letter giving notice of such declaration, such letter to be forwarded by registered mail to the last known address of such purchaser.

The Board is hereby authorized and required to collect a fee in the amount they feel necessary from each applicant under Section 16 of this Act and a fee of Twenty-five Dollars (\$25) from each successful bidder under Section 19(A) of this Act, which fees shall be held in a trust fund to be used for the purpose of payment for examination of title, recording fees and/or other expenses; and any unused balance remaining after payment for such items shall be refunded except as provided in Section 19(A) of this Act.

The Board is further authorized and required to charge and collect for the use of the State the following fees for the processing and servicing of purchase applications and Contracts of Sale and Purchase and matters incidental thereto. Any such fees, or a portion thereof, which in the opinion of the Board are unused shall be refunded:

- | | |
|---|---------|
| 1. Fee for each appraisal for each application under Section 16 of this Act | \$25.00 |
| 2. Contract of Sale and Purchase transfer fee for each transfer | \$25.00 |

| 7. Service fee for each Contract of Sale and Purchase | \$25.00 |
| 8. Fee for homesite, severance, or paid-in-full deed | \$10.00 |

All moneys received by payment of the above fees and not refunded shall be deposited in the State Treasury and credited to the Veterans' Land Board Special Fund and shall be expended as provided in the biennial appropriation bill.

Prospective Operation of Statutes

Sec. 3.02. A statute is presumed to be prospective in its operation unless expressly made retrospective.

(b) If the penalty, forfeiture, or punishment for any offense is reduced by a reenactment, revision, or amendment of a statute, the penalty, forfeiture, or punishment (if not already imposed) shall be imposed according to the statute as amended.

(c) The repeal of a statute by a code does not affect an amendment, revision, or reenactment of the statute by the same legislature which enacted the code. The amendment, revision, or reenactment is preserved and given effect as part of the code provision which revised the statute so amended, revised, or reenacted.

(d) If any provision of a code conflicts with a statute enacted by the same legislature which enacted the code, the statute controls.

Upon the filing of the petition, the court may make an order requiring such person to appear and testify. A subpoena for such deposition shall be issued by the clerk and the deposition shall be taken and returned, in the manner prescribed by law for depositions in civil actions. If the deposition is that of a person residing or present within this state, the petition shall be filed in the district court of the county in which such person resides or is present, otherwise in the district court of any county in which the commission maintains an office. Such retirement allowances shall continue to be paid by and from the same source as in the instance of a retired judge who had not been assigned duties. Payments of the additional amounts provided for by this section shall be upon certificates of approval by the State Judicial Qualifications Commission.

Physical and mental examinations

Sec. 15. The commission shall have authority to require a judge to submit to a physical and mental examination, at the expense of the commission, by physicians selected by the commission, where the proceeding before the commission involves the question of the involuntary retirement of such judge because of physical or mental incapacity to discharge his duties.

Such examination or examinations may be had upon 10 days' written notice to the judge specifying the name of the examining physician, the date, time and place it is to be made. The examination may be made at a place in the city, town, or village where the judge either permanently or temporarily resides, provided he may, with his consent, be examined elsewhere within this state.

For Annotations and Historical Notes, see V.A.T.S.

The examining physician shall make his written report to the commission and a copy of said report shall be furnished the judge by the commission upon his written request or that of his attorney.

Any such report shall be received as evidence without further formality, but subject to the right of the commission to require the oral or deposition testimony of any reporting physician whether for purposes of cross-examination or otherwise, in respect of the content of the report, and subject to the same right on the part of the judge, if duly demanded by or for him in writing.

Bond issues; resolution; proceeds; interest; form of bonds; registration and approval; replacement bonds

Sec. 4. The department, by appropriate action, is hereby authorized from time to time to provide, by resolution of the commission, for the issuance of negotiable bonds in a total aggregate amount not exceeding \$75,000,000. All of such bonds shall be issued on a parity and shall be called "Texas Park Development Bonds". The proceeds from the sale of any bond, or bonds, shall be used for the purpose of creating the Texas Park Development Fund provided for in the Constitution. At the option of the department, said bonds may be issued in one or several installments. The bonds of each issue shall bear such date as the department shall select, and shall bear interest as the department shall select at a rate not exceeding four and one-half percent per annum, which interest may, at the option of the department, be payable annually or semiannually; shall mature serially or otherwise not later than 10 years from their date; and may be redeemable before maturity, at the option of the department, at such price or prices, and under such terms and conditions as may be fixed

by the department in the resolution of the commission providing for the issuance of the bonds. The department shall determine the form of the bonds, including the form of any interest coupon to be attached thereto, and shall fix the denomination or denominations of said bonds and the place or places of the payment of the principal and interest thereon. Said bonds shall be executed on behalf of the department as general obligations of the State of Texas in the following manner: They shall be signed by the chairman and the director, and the seal of the department shall be impressed thereon, and they shall be signed by the Governor and attested by the Secretary of State of the State of Texas with the Seal of the State of Texas impressed thereon. The resolution of the commission authorizing the issuance of any installment or series of bonds may prescribe the extent to which facsimile signatures and facsimile seals in lieu of manual signatures and manually impressed seals may be used in executing such bonds and appurtenant coupons. Interest coupons may be signed by the facsimile signatures of the chairman and the director. In the event any officer whose signature or facsimile signature appears on any bond, or whose facsimile signature shall appear on any coupon shall cease to be such officer before the delivery of the bond, the signature shall, nevertheless, be valid and sufficient for all purposes the same as if he had remained in office until such delivery had been made. The resolution of the commission may provide for registration of the bonds as to ownership and for successive conversion and reconversion from registered to bearer bonds and vice versa. Before any such bonds so issued are delivered to the purchasers, the record pertaining thereto shall have been examined by the Attorney General of Texas and said records and bonds shall be approved by him. After which approval, the bonds shall be registered in the office of the Comptroller of Public Accounts of Texas. All such bonds, after approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of Texas, and delivery to the purchasers, shall be incontestable and shall constitute general obligations of the State of Texas. Such bonds having been approved by the attorney general and registered in the comptroller's office shall be held, in every action, suit or proceeding in which their validity is or may be brought into question, valid and binding obligations of the State of Texas. In every action brought to enforce collection of such bonds or any rights incident thereto, the certificate of approval by the attorney general and a certificate of registration by the comptroller, or duly certified copies thereof, shall be admitted and received in evidence as proof of their validity. All bonds issued in accordance with and under the provisions of this Act shall be, and are hereby declared to be negotiable instruments under the laws of this state. The department is fully authorized to provide for the replacement of any bond which might have become mutilated, lost, or destroyed.

Refunding bonds

Sec. 5. The department is hereby authorized to provide by resolution of the commission for the issue of refunding bonds for the purposes of refunding any bonds issued under the provisions of this Act and then outstanding, together with accrued interest thereon. The issuance of such refunding bonds, the maturities and all other details thereof, the rights of the holders thereof, and the duties of the department in respect to the same, shall be governed by the foregoing provisions of this Act in so far as the same may be applicable. The refunding bonds may be sold and the proceeds used to retire the outstanding bonds or may be used in exchange for the outstanding bonds.

Legal and authorized investments; security for deposit of state funds; taxation

Sec. 6. All state bonds hereafter issued pursuant to the provisions of this Act shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and all other political subdivisions and public agencies of the State of Texas. Such state bonds when accompanied by all unmatured coupons appurtenant thereto shall be lawful and sufficient security for all deposits of state funds, and all funds of any agency or political subdivision of the state, of counties, school districts, cities, and all other municipal corporations or subdivisions at the par value of said bonds. Such state bonds and the income therefrom, including the profits made in the sale thereof, shall at all times be free from taxation within this state.

Notice of sale of bonds; bids

Sec. 7. When the department shall have authorized the issuance of a series of said bonds and shall have determined to call for bids therefor, it shall be the duty of the department to publish at least one time not less than 10 days before the date of said sale an appropriate notice thereof. Said notice shall be published for such number of times as the department may determine in one or more recognized financial publications of general circulation published within the state and one or more such publications published outside the state. The department shall demand of bidders, other than the administrators of the state funds, that their bids be accompanied by exchange or bank cashier's check for such sum as it may consider adequate to be a forfeit guaranteeing the acceptance and payment for all bonds covered by such bids, and accepted by the department. No installment or series of said bonds shall be sold for an amount less than the face value of all of the bonds comprising such installment or series with accrued interest from their date, and all of such bonds shall be sold after competitive bidding to the highest and best bidder. The department shall have the right to reject any and all bids.

Entrance or gate fees; deposit of funds

Sec. 8. The department, from and after the effective date of this Act, and continuing so long as any of said bonds are outstanding, shall, wherever feasible, charge and collect entrance or gate fees to state park sites. All income derived from the charging of entrance or gate fees, less any amounts necessary to pay for expenses incurred in making these charges, shall be deposited in a special fund with the state treasurer, and said amounts to be deposited shall hereinafter be referred to as net income.

Special funds

Sec. 9. For the purposes of administering the moneys provided for in this Act, there are hereby created the following special funds:

(a) The "Texas Park Development Fund," hereinafter called "Development Fund"; into which shall be deposited the proceeds derived from the sale of the Texas Park Development Bonds, and which fund shall be used for the purpose of acquiring lands for state park sites and for developing said sites as state parks.

(b) The "Texas Park Development Bonds Interest and Sinking Fund," hereinafter called "Interest and Sinking Fund," to be used exclusively for the purpose of paying principal of and interest on the bonds herein provided as the same mature and exchange and collection charges in con-

nection therewith. Accrued interest received in the sale of any bonds shall be deposited in the Interest and Sinking Fund and the commission may, in the resolution authorizing any series of bonds, provide for the appropriation from the proceeds thereof an amount which, together with any payment for accrued interest received in the sale of such bonds, shall be sufficient to pay interest coupons to mature on such series of bonds within the then current State of Texas fiscal biennium. All net income derived from entrance or gate fees to state park sites shall also be deposited to the Interest and Sinking Fund.

Transfer of funds out of treasury to pay principal and interest on bonds

Sec. 9-A. In the event the amount of moneys on hand in the Interest and Sinking Fund at the end of any fiscal year is insufficient to pay the interest becoming due and the principal maturing on the bonds during the ensuing fiscal year, the state treasurer upon certification by the director as of August 15 of each fiscal year shall transfer out of the first moneys coming into the treasury of the State of Texas, not otherwise appropriated by the Constitution, such amount as stipulated in the certification of the director as shall be required to pay principal and interest on such bonds during such fiscal year. After all bonds have been paid, the balance of the Interest and Sinking Fund shall be transferred to the "State Parks Fund" established by Chapter 168, Acts of the 42nd Legislature, 1931, General Laws, page 287, as amended by Chapter 431, Acts of the 47th Legislature, Regular Session, 1941.¹

Administration

Sec. 4. This Act shall be administered by the State Board of Trustees of the Employees Retirement System of Texas, under rules and regulations adopted by said Board. stitutional provisions of Section 51—d, Article III, of the Texas Constitution, be observed in order that there be no uncertainty about which persons are custodial personnel and which are not.

Application

Sec. 10. This Act shall not apply to the death of any law enforcement officer, custodial personnel of the Texas Department of Corrections or full-paid fireman occurring before the effective date of this Act.

Participation

Sec. 3.

1. Participation of Subdivisions.

(a) Each subdivision electing to participate in this System shall be included within and subject to the provisions of this System. Election to participate shall be by vote of the governing body of the subdivision in accordance with the usual procedure prescribed for other official actions of the subdivision. The governing body of any subdivision so electing shall notify the Board of such action within ten (10) days thereafter. Participation of any subdivision shall begin as of the first day of any month designated by the governing body and approved by the Board.

(b) The Board is hereby authorized to make and enforce rules with reference to the time of beginning of participation, and to notice, information and reports required of subdivisions electing to participate in this System.

(c) A subdivision which once elects to participate in the System may subsequently elect to discontinue the enrollment of new employees into the System, but shall never discontinue as to any members.

2. Participation of Employees.

The membership of the System shall be composed as follows:

(a) All persons who are employees of a participating subdivision on the effective date of its participation in the System shall become members of the System as of that date; provided, however, that this provision shall not apply to any person, except by his consent, who on the effective date of participation has a basis of employment with the subdivision which would be violated by the requirement that he become a member; but each such person, being notified that the governing body has determined that the subdivision shall participate in the System, shall be deemed to have consented and elected to become a member of the System, unless prior to the date fixed for participation he shall file with the governing body, written notice of his election not to become a member. Any person so electing not to become a member, may at any time thereafter during his employment by the subdivision and before he becomes fifty-eight years of age elect to become a member of the System as of the first day of the calendar month following filing by him with the Board and with the governing body, of notice of his wish to become a member; but in such event he shall enter the System without credit or claim of credit for prior service or other service, and shall for purposes of this Act be considered as a person entering the employment of the subdivision for the first time on the date he becomes a member of the System.

(b) Any person not a member of this System, who becomes an employee for the first time of a participating subdivision after the effective date of participation of such subdivision, shall become a member of the System, upon the first day of the month following the date such person becomes an employee, provided he is then under the age of fifty-eight (58) years but any such person who is then fifty-eight (58) years or over shall not be eligible to become a member of this System.

(c) Any person, not a member of this System, who has been an employee of a participating subdivision prior to the effective date of participation of such subdivision but who is not an employee of such par-

ticipating subdivision on the effective date of participation of such subdivision, shall, if he again becomes an employee of such subdivision after the effective date of its participation become a member of the System upon the date he again becomes an employee, provided he is then under the age of fifty-eight (58) or as to persons fifty-eight (58) years or over, if such re-employment is within five (5) years after the effective date of the subdivision's participation, provided the extent of his prior service to such subdivision is equal to or in excess of the period by which his then attained age exceeds the age of fifty-eight (58) years; and otherwise such person shall not be eligible to become a member of this System.

(d) Any person who has been a member of this System and whose membership has terminated by withdrawal, shall, if he again becomes an employee of a participating subdivision, become a member of the System upon the first day of the month following the date such person again becomes an employee if he is then under the age of fifty-eight (58) years, but any such person who is then fifty-eight (58) years or over shall not be eligible to become a member of the System.

(e) Membership in the System shall cease and terminate if:

(1) A member is absent from service in a participating subdivision more than sixty (60) consecutive months prior to accumulating twenty (20) years of creditable service; provided, however, that during the time the United States is at war, and for a period of twelve (12) months thereafter, time spent by a member of the System (1) on active duty in the Armed Forces of the United States and their auxiliaries and/or in the Armed Forces Reserve of the United States and their auxiliaries and/or in the service of the American Red Cross as a result of having volunteered or having been drafted and/or conscripted thereinto; or (2) in war work as a direct result of having been drafted or conscripted by governmental action into said war work, shall not be construed as absent from service insofar as the provisions of this Act are concerned but shall count toward membership service. "War" means declared or undeclared war or any conflict between the Armed Forces of the United States and any foreign armed forces.

(2) A member's service in a participating subdivision is discontinued and the member withdraws his accumulated deposits, or

(3) A member dies, or

(4) A member becomes an annuitant.

Revenue

Sec. 4.

1. Member Deposits.

(a) Each subdivision electing to participate in this System shall designate by order or resolution of its governing body whether the deposits to be made to the System on account of current service of the employees of such subdivision shall be at the rate of four per centum (4%), five per centum (5%), six per centum (6%) or seven per centum (7%) of the current-service earnings of such employees. The rate so designated to be effective at and after the date of participation is the "initial deposit rate" of such subdivision. The rate of deposits fixed by the governing body of a participating subdivision shall not be changed until it has been in effect at least five (5) years. After a particular deposit rate has been in effect for at least five (5) years, the governing body of the subdivision may increase or decrease the same to one or the other permitted rates of contribution, and the rate so altered shall thereafter remain in effect for at least five (5) years before it shall again be changed. Any such change shall be effective only on an anniversary of the participation date of the subdivision, and upon ninety (90) days prior written notice to the Board; and provided further, that no reduction of a deposit rate shall be permitted, if the result thereof (according to cal-

For Annotations and Historical Notes, see V.A.T.S.

culations made by the actuary and approved by the Board) is to impair the ability of the subdivision to fund within twenty five (25) years from date of participation all obligations arising from Allocated Prior Service Credits granted by the subdivision.

(b) Each member shall make deposits to the System at the rate of four per centum (4%), five per centum (5%), six per centum (6%) or seven per centum (7%) of current-service earnings as fixed by the governing body of the employing subdivision.

(c) The governing body of any participating subdivision by appropriate order or resolution, certified to the Board, shall provide that earnings of the several employees of the subdivision in excess of the sum of Three Thousand Six Hundred Dollars (\$3,600) in any year, or earnings in excess of any other greater multiple of One Thousand Two Hundred Dollars (\$1,200) per year, shall be excluded in calculating the deposits and contributions to be made by reason of current service of its employee-members; and the amounts required to be paid in each month by the members as deposits shall not exceed deposits calculated on the basis of one-twelfth ($\frac{1}{12}$)th of the maximum annual earnings to be considered for retirement purposes as specified by such order or resolution. In like manner, the governing body may increase the amount of earnings on which such deposits and contributions shall be made.

(d) As to each and every payroll subsequent to the effective date of participation of the subdivision by which such person is employed, the employing subdivision shall cause to be deducted from the compensation due to each member of the System in the employment of the subdivision, the deposit which the member is required under this Act to pay to the System on account of such earnings.

(e) The Treasurer or proper disbursing officer of each participating subdivision shall make deductions from salaries of members as provided in this Act, and shall transmit monthly, or at such time as the Board shall designate, such payroll and other pertinent information in substance and form as the Board may prescribe, together with the amount specified to be deducted, which shall be paid to the Board at its home office. After making a record of all such receipts, the said Board shall deposit such receipts to the credit of the Employees Saving Fund, as hereinafter provided, and such funds shall be deemed as appropriated for use according to the provisions of this Act.

(f) For the purpose of efficient handling of members' deposits to be made as simple as possible, the Treasurer or other payroll disbursing officer of each participating subdivision shall prepare and file with the Director such reports as the Board may require, in such form and within the time specified by the Board.

(g) The records of the Board shall be open to public inspection and any member shall be furnished with a statement of the amount to the credit of his individual account upon written request, provided that the Board shall not be required to answer more than one such request of a member in any one year.

(h) Each member shall pay, along with his deposits to the Employees Saving Fund, an expense contribution to the System at a rate, not exceeding fifty cents (50¢) per month per member, as is set by the Board, and certified to the participating subdivision.

2. Subdivision Contributions.

(a) Each participating subdivision shall make benefit contributions to the System each month equal to the amount paid to the System by all of its employees for the same payroll period.

(b) Until such time as the participating subdivision shall have fully funded the reserves for all Allocated Prior Service Credits granted by it, and all such reserves have been transferred to the Prior Service Annuity Reserve Fund as hereinafter provided, the benefit contributions to the System by each participating subdivision shall be allocated into nor-

mal contributions to the System, determined as provided in subsection (c) of this section, and prior service contributions to the System determined as provided in subsection (d) of this section.

(c) Each participating subdivision shall make payment of normal contributions to the Subdivision Current Service Accumulation Fund of the System each month of an amount equal to the per cent of the current-service earnings during such month of the members of the System employed by such participating subdivision which per cent shall be calculated annually by the actuary and approved by the Board as being the necessary and required per cent: (1) to maintain a reserve in such subdivision's account in the Subdivision Current Service Accumulation Fund equal to the present and prospective liabilities of such subdivision's account in the Subdivision Current Service Accumulation Fund, and (2) to amortize over a period of five (5) years the amount by which the present and prospective liabilities of such subdivision's account in the Subdivision Current Service Accumulation Fund was greater or less than the amount in such account on January 1st of the year preceding the then current year. "Present and prospective liabilities" as used in this subsection shall mean, at any time, an amount equal to that amount in the Employees Saving Fund standing to the credit of a participating subdivision's members at that time which will eventually be transferred to the Current Service Annuity Reserve Fund, adjusted proportionately for all such amounts in the Employees Saving Fund for which the participating subdivision is obligated to provide reserves at retirement in a ratio other than one to one, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board.

(d) Each participating subdivision shall make payment of Prior Service Contributions to the Subdivision Prior Service Accumulation Fund of the System each month of an amount equal to a per cent of the current-service earnings during such month of the members of the System employed by such participating subdivision which per cent shall be the difference between the normal contribution rate, as above determined, and the subdivision benefit contribution rate as determined pursuant to paragraph (a) of subsection 1 of this section.

(e) The above percentages for each participating subdivision shall be determined annually from the most recent data available at the time of such determination, and shall be certified by the Board to each participating subdivision prior to the beginning of each calendar year.

(f) Each participating subdivision shall make payment of the expense contribution to the System each month of the same amount as the contributions made to the Expense Fund by all of its employees for the same payroll periods.

(g) On or before the fifteenth day of each month, each participating subdivision shall remit or cause to be paid to the System at its office the amounts of the normal contributions, prior service contributions and expense contributions due for the preceding month as herein provided.

(h) Unless otherwise provided for and paid by a subdivision all contributions of the subdivision shall be paid out of the fund from which earnings are paid to the members or out of the General Fund of the subdivision.

Method of financing

Sec. 5.

All the assets of the System shall be credited according to the purpose for which they are held to one (1) of eight (8) funds, namely, the Employees Saving Fund, the Subdivision Current Service Accumulation Fund, the Subdivision Prior Service Accumulation Fund, the Current Service Annuity Reserve Fund, the Prior Service Annuity Reserve Fund, the Interest Fund, the Endowment Fund and the Expense Fund.

For Annotations and Historical Notes, see V.A.T.S.

1. The Employees Saving Fund:

The Employees Saving Fund shall be a Fund in which shall be accumulated the deposits from the compensation of members plus current interest earnings. Contributions to and payments from the Employees Saving Fund shall be made as follows:

(a) Each participating subdivision shall cause to be deducted from the salary of each member, on each and every payroll of such employer for each and every payroll period, a sum of money equal to seven per centum (7%), six per centum (6%), five per centum (5%), or four per centum (4%) of his current-service earnings, as fixed by the governing body of the participating subdivision. In determining the amount earnable by a member in a payroll period, the Board may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from earnings for any period less than a full payroll period, if the employee was not a member on the first day of the payroll period, and to facilitate the making of deductions, it may modify the deduction required of any member for any payroll period by the amount of twenty-five cents (25¢) or less.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation and payment of salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Act. The employer shall certify to the Board on each and every payroll, or in such other manner as said Board may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said Employees Saving Fund, and shall be credited to the individual account of the member from whose compensation said deduction was made.

(c) During the time that the United States is at war (as hereinabove defined) and for twelve (12) months thereafter, a member of the System (1) in the Armed Forces of the United States or their auxiliaries or in the Armed Forces Reserve of the United States and their auxiliaries or in the service of the American Red Cross, as a result of having volunteered or having been drafted or conscripted thereto, or (2) in war work as a direct result of having been drafted or conscripted by governmental action into said war work, shall be permitted to deposit each year to the System a sum not to exceed the amount deposited by him to said System during the last year that he was employed as an employee under the provisions of this Act. The sum so deposited by such member and received by the System shall be deposited by said System in the Employees Saving Fund to the credit of the member's individual account and shall be treated in the same manner as funds deposited by the member while he was last employed as under the provisions of this Act. The subdivision by which such person was last employed shall make concurrent benefit contributions matching those so made by such member.

(d) Current interest on member's deposit shall be credited annually as of the thirty-first day of December and shall be allowed on the amount of the accumulated deposits standing to the credit of the member at the beginning of the year and shall not be allowed for parts of a year.

(e) Should a member cease to be an employee of a participating subdivision except by death or retirement under the provisions of this Act, upon the filing of formal application therefor, such member's accumulated deposits shall be paid to him and his account in the Employees Saving Fund closed.

Following the automatic termination of membership in the System for those members who have been absent from service in all participating subdivisions more than sixty (60) consecutive months, the Employees Saving Fund account of such members shall cease to draw interest.

(f) Should a member die before retirement the amount of his accumulated deposits shall be paid as provided in Section VII of this Act.

(g) Upon the retirement of a member his accumulated deposits shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund.

2. Subdivision Current Service Accumulation Fund:

The Subdivision Current Service Accumulation Fund shall be the Fund in which shall be accumulated all normal contributions made to the Texas County and District Retirement System by the participating subdivisions and from which shall be transferred to the Current Service Annuity Reserve Fund, at the retirement of a member, an amount equal to that proportion of the accumulated deposits of the member which the participating subdivision has agreed to provide.

Contributions to and payments from this Fund shall be made as follows:

(a) All normal contributions payable by participating subdivisions shall be paid into the Subdivision Current Service Accumulation Fund and shall be credited to the accounts of the respective participating subdivisions in such Fund.

(b) Upon the retirement of a member, an amount equal to that proportion of his accumulated deposits in the Employees Saving Fund which the participating subdivision has agreed to provide shall be transferred from the Subdivision Current Service Accumulation Fund into the Current Service Annuity Reserve Fund. If the accumulated deposits of such retiring members have accumulated from deposits made while an employee of a single participating subdivision, such subdivision's account in the Subdivision Current Service Accumulation Fund shall be reduced by the amount so transferred. If such accumulated deposits arose from service in more than one participating subdivision, the accounts of the involved participating subdivisions in the Subdivision Current Service Accumulation Fund shall be reduced by the respective amounts chargeable to such participating subdivisions.

3. Subdivision Prior Service Accumulation Fund:

The Subdivision Prior Service Accumulation Fund shall be the Fund in which shall be accumulated all prior service contributions made to the System by the participating subdivisions for the purpose of providing the amounts required for payment of prior service annuities; and from which prior service annuities shall be paid to the extent herein provided.

Contributions to and payments from this Fund shall be made as follows:

(a) All prior service contributions payable by participating subdivisions shall be paid into the Subdivision Prior Service Accumulation Fund and shall be credited to the accounts of the respective participating subdivisions in such Fund.

(b) All payments under prior service annuities arising from allocated prior service credits granted by a participating subdivision shall be paid from this Fund and charged to such participating subdivision's account in this Fund subject to the following: The Board shall have the power to reduce proportionately all payments under prior service annuities arising from allocated prior service credits granted by any participating subdivision, at any time and for such period of time as is necessary so that the payments under such prior service annuities in any year shall not exceed the amounts available in such participating subdivision's account in the Subdivision Prior Service Accumulation Fund for payment of prior service annuities in such year.

(c) Whenever, at the end of the twenty-fifth or any subsequent year of participation, the amount accumulated in any subdivision's account in the Subdivision Prior Service Accumulation Fund shall equal or exceed

For Annotations and Historical Notes, see V.A.T.S.

the reserve required, as of the end of such year, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, to meet all future payments in full under prior service annuities, arising from prior service credits granted by such participating subdivision, then in effect or to become effective thereafter, then,

(1) the amount of the reserve required at the end of such year under such prior service annuities as are then in effect shall be transferred from the Subdivision Prior Service Accumulation Fund to the Prior Service Annuity Reserve Fund and such subdivision's account in the Subdivision Prior Service Accumulation Fund shall be reduced by such amount so transferred; and

(2) future payments under such prior service annuities so transferred shall thereafter be paid by the System from the Prior Service Annuity Reserve Fund; and

(3) the payment of prior service contributions to the System by such participating subdivision shall be discontinued.

Thereafter, upon retirement of a member with prior service credits granted by such participating subdivision the amount of the reserve required as of the effective date of such retirement to meet all future payments in full under such member's prior service annuity shall be transferred from the Subdivision Prior Service Accumulation Fund to the Prior Service Annuity Reserve Fund and such municipality's account in the Subdivision Prior Service Accumulation Fund shall be reduced by such amount so transferred.

Thereafter, should it be determined, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, that the amount to the credit of such participating subdivision's account in the Subdivision Prior Service Accumulation Fund at the end of any year is less than the reserve required to meet all future payments in full under prior service annuities, arising from allocated prior service credits granted by such participating subdivision, to become effective after the end of such year, such subdivision shall resume payment of Prior Service Contributions, subject to the limitations of Section IV of this Act of such percentage as is required to amortize such deficiency over a period of five (5) years or less.

Whenever all prior service annuities, arising from allocated prior service credits granted by a participating subdivision have become effective and the reserves therefor transferred to the Prior Service Annuity Reserve Fund as provided above, any then remaining balance to the credit of such subdivision's account in the Subdivision Prior Service Accumulation Fund shall be transferred to such subdivision's account in the Subdivision Current Service Accumulation Fund, and the subdivision's account in the Subdivision Prior Service Accumulation Fund closed.

4. Current Service Annuity Reserve Fund:

The Current Service Annuity Reserve Fund shall be the Fund in which shall be held all reserves for current service annuities granted and in force and from which shall be paid all current service annuities and all benefits in lieu of current service annuities, payable as provided in this Act. This Fund shall be made up of transfers as follows:

(a) At the time of service or disability retirement, the accumulated deposits of a retiring member shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund as reserves for the current service annuity purchased by said member's deposits.

(b) An amount equal to that proportion of the accumulated deposits of each retiring member which the participating subdivision has agreed to provide at retirement, shall be transferred, upon such member's retirement, from the Subdivision Current Service Accumulation Fund as additional current service annuity reserves.

Transfers and payments from the Current Service Annuity Reserve Fund shall be made as provided in Section VII of this Act, upon the death, restoration to active service or removal from the disability list, of an annuitant retired on account of disability.

5. Prior Service Annuity Reserve Fund:

The Prior Service Annuity Reserve Fund shall be the Fund in which shall be accumulated all transfers from the Subdivision Prior Service Accumulation Fund as herein provided. All prior service annuity payments under prior service annuities, the reserves for which have been transferred to this Fund, shall be paid from this Fund. The Board shall have the power to reduce proportionately all payments for prior service annuities payable from this Fund at any time and for such period of time as is necessary so that payments under such prior service annuities in any year shall not exceed the available assets in the Fund in such year.

Transfers from this Fund shall be made as provided in Section VII of this Act, upon the restoration to active service as an annuitant retired on account of disability.

6. Interest Fund:

The Interest Fund is hereby created to facilitate the crediting of interest to the various other Funds. All income, interest and dividends derived from the deposits and investments authorized by this Act shall be paid into the Interest Fund. Once each year on the thirty-first day of December, interest shall be allowed and transferred to the other Funds respectively. After interest-bearing funds have been duly credited with interest for the year in the manner provided by this Act, the Board annually shall transfer all excess earnings from the Interest Fund to one or another of the several special accounts of the Endowment Fund as in its judgment the needs and condition of the System may require.

7. Endowment Fund:

The Endowment Fund shall be a Fund in which shall be accumulated gifts, awards, funds and assets accruing to the System which are not specifically required by other Funds established by this Act. The Endowment Fund shall consist of the following special accounts: the general reserves account; the distributive benefits account; the perpetual endowment account; and such other special accounts as the Board by resolution may establish.

(a) There shall be credited to the general reserves account all current interest allocable to the Endowment Fund, and there shall be transferred from the Interest Fund to said account such portion of the excess earnings, as in the judgment of the Board may be necessary: (1) to provide adequate reserves against insufficient future earnings on investments to allow regular interest on Funds entitled thereto under the provisions of this Act; (2) to provide adequate reserves against special and general contingency requirements of other funds of the System; and, (3) to provide such amount, if available, as is required for the administrative expenses of the System in the ensuing year. The requirements of this account shall constitute a first charge against excess interest earnings standing to the credit of the Interest Fund at the end of any year. If in the judgment of the Board, the amount to the credit of the general reserves account is in excess of that needed to provide adequate reserves against insufficient earnings on investments, and special and general contingent requirements, then so much of any excess as remains as is required to pay administrative expenses for the ensuing year may be transferred to the Expense Fund.

(b) After the requirements of the general reserves account of this Fund have been satisfied, the Board may transfer any balance of excess earnings remaining in the Interest Fund at the end of a calendar year to a special account in the Endowment Fund to be denominated the "distributive benefits account." If in the judgment of the Board the

For Annotations and Historical Notes, see V.A.T.S.

amount to the credit of the distributive benefit account at the end of the year is sufficient to warrant such action, the Board may by resolution:

(1) authorize the distribution and payment of all or part of said amount as a distributive benefit to the persons who were annuitants of the System on the last day of said calendar year in the ratio that the monthly benefit of each such annuitant bears to the total of all annuity payments made by the System for the final month of such year.

(2) authorize the distribution and application of all or part of said amount as supplemental interest earned by, and to be paid and credited to the respective individual accounts of members in the Employees Saving Fund, and to the respective accounts of participating subdivisions in the Subdivision Current Service Accumulation Fund, in the same manner that current interest was allowed to such accounts and in proportion to the current interest allowed such accounts for such calendar year.

(c) The perpetual endowment account shall be the account in which there shall be deposited and kept such funds, gifts and awards as the grantors thereof may designate as a perpetual endowment for the System.

8. Expense Fund:

The Expense Fund shall be the Fund from which the expenses of administration and maintenance of the System shall be paid.

(a) The Director shall prepare annually an itemized budget showing the amount required to defray the expenses for the ensuing fiscal year and shall submit the report to the Board for its review, amendment and adoption.

(b) The amount estimated to be required to meet the expenses of the System shall be paid from the general reserves account of the Endowment Fund to the extent available. The Board, as evidenced by a resolution of the Board recorded in its minutes, may transfer to the Expense Fund the amount required to cover the expenses as estimated for the year.

(c) If the amount estimated to be required to meet said expenses of the System is in excess of the amount in the general reserves account of the Endowment Fund which is available for administrative expenses, the Board, by a resolution recorded in its minutes, shall assess the estimated additional amount against and collect the same from the participating subdivisions and from members as Expense Fund contributions.

Creditable service

Sec. 6.

1. Under such rules and regulations as the Board shall adopt, each person who is an employee of a participating subdivision on the effective date of participation of such subdivision and who becomes a member on such effective date shall be entitled to receive credit for "prior service" as defined in this Act. Any person who has been an employee of such a participating subdivision prior to the effective date of participation of such subdivision, but who is not in the service of such subdivision on the effective date of such subdivision's participation, shall be entitled to receive credit for "prior service" as defined in this Act, if he again becomes an employee of such participating subdivision within five (5) years after the effective date of such subdivision's participation and becomes a member as of the date of such re-employment and continues as an employee of such subdivision for a period of five (5) consecutive years.

2. Each member entitled to receive credit for "prior service" shall file a detailed statement of all prior service for which he claims credit with the Treasurer or other disbursing officer of the subdivision to which such service was rendered.

3. Subject to the above provisions and to such other rules and regulations as the Board may adopt, each participating subdivision shall

verify, as soon as practicable after the filing of such statements of service, the service therein claimed, and shall certify to the Board the length of "prior service" for which credit is allowed to each employee-member and the "average prior service compensation" of each such employee-member.

4. After receipt of such certification from the participating subdivision, the Board shall issue prior service certificates certifying to each member the length of "prior service" with which he is credited, his "average prior service compensation" and his "allocated prior service credit" as herein defined. So long as membership continues, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that any member or participating subdivision may, within one (1) year from the date of issuance or modification of such certificate, request the Board to modify or correct such prior service certificate.

When membership ceases, such prior service certificate shall become void. Should a person whose membership has terminated again become a member, he shall enter the System as a member not entitled to credit for prior service.

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the current service rendered by him since he last became a member, and also, if he has a prior service certificate which is in full force and effect, the length of the service credited on his prior service certificate.

6. "Maximum Prior Service Credit" shall mean an amount equivalent to the accumulation at interest of a series of monthly payments for the number of months of prior service certified to in a member's Prior Service Certificate, each such monthly payment being equal to twice the subdivision's initial deposit rate multiplied by the member's "average prior service earnings." Such accumulation shall be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period and is allowed on the accumulation at the beginning of each such twelve (12) months period and is not to be allowed for parts of a year.

7. "Allocated Prior Service Credit" shall mean that percentage of the calculated "Maximum Prior Service Credit" of a member which is granted by the subdivision to the member, such percentage to be the same for all of the members of the subdivision and to be such that the total "Allocated Prior Service Credits" granted by the subdivision will not exceed in the aggregate an amount for which the prospective Prior Service Contributions of such subdivision will be adequate:

(a) to accumulate in such subdivision's account in the Prior Service Accumulation Fund by or before the end of the twenty-fifth (25) year of participation of such participating subdivision, a sum equal to the reserve required, according to calculations made by the actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board at the end of such period, to meet all payments in full due after the end of such period under prior service annuities arising from allocated prior service credits granted by such participating subdivision then in effect or to become effective thereafter, and

(b) to provide the amount required according to this Act to be paid during such period under prior service annuities arising from allocated prior service credits granted by such participating subdivision.

8. "Accumulated Allocated Prior Service Credit" shall mean the allocated prior service credit allowed a member as of the effective date of becoming a member, accumulated at regular interest from such date until the effective date of such member's retirement, but interest shall not be allowed for parts of a year.

9. "Current Service Credit" as used herein means an amount equivalent to a per centum (determined as hereinafter provided) of the deposits

For Annotations and Historical Notes, see V.A.T.S.

made to the System by a member during a given calendar year. Such per centum of deposits shall be 100% until the end of the calendar year in which five (5) years of participation by the employer-subdivision is completed; and for each calendar year thereafter such per centum shall continue to be 100% unless increased as permitted by and in conformity to the provisions of subsection 11 of this Section VI to 120% or some greater multiple of 20% as may be elected by the subdivision.

10. "Accumulated Current Service Credit" shall mean the "current service credit" allowed a member for a given calendar year, accumulated at interest (as provided in this subsection) from the end of such year until the effective date of such member's retirement. Interest shall be allowed for each respective year of the accumulation period at the rate of interest allowed by the System on members' deposits for such year, but interest shall not be allowed for part of a year.

11. (a) After five full years of participation, a subdivision may increase effective January 1st following benefits theretofore granted, or credits upon which future retirements will be determined, subject to the conditions set out in paragraphs (b), (c), (d), (e), (f) and (g) of this subsection.

(b) Such increase may apply to one or more of the following:

(1) Current service credits to be allowed thereafter, which may be increased by 20% multiples;

(2) Current service credits theretofore allowed, which may be increased by 20% multiples;

(3) Current Service Annuities in effect;

(4) Allocated Prior Service credits theretofore granted and in effect;

(5) Prior Service Annuities in effect.

(c) No increase in prior service annuities, allocated prior service credits, current service annuities or current service credits theretofore allowed shall be permitted which would produce greater benefits for such completed service than would be provided for current service credits allowable for comparable current and future service.

(d) The amount of the additional required reserves on account of any increase in Current Service Annuities or Current Service Credits shall be transferred from such subdivision's account in the Subdivision Prior Service Accumulation Fund account to the Current Service Annuity Reserve Fund and Subdivision Current Service Accumulation Fund accounts of such subdivision in the respective required amounts, calculated by the actuary and approved by the Board.

(e) No such proposed increase shall be permitted if the result thereof (on the basis of calculations made by the actuary and approved by the Board) would impair the ability of the subdivision to fund within twenty-five (25) years from date of participation all obligations arising from Allocated Prior Service Credits granted by the subdivision.

(f) No such increase shall be permitted unless it is determined and certified by the actuary that at the particular anniversary date as of which the proposed increase is to be effective, the allocable prior service credits and prior service annuity obligations of the subdivision existing before any such increase, would be amortized on or before the 20th anniversary of the participation of the subdivision.

(g) No such increase shall be effective unless and until the proposal is approved by the Board as conforming to all of the requirements above.

Benefits

Sec. 7.

1. Service Requirement Eligibility:

(a) Any member, after one (1) year from the effective date of his membership, shall be eligible for service retirement who (1) shall have attained the age of sixty (60) years and shall have completed at least

twelve (12) years of creditable service, or (2) shall have completed thirty (30) years of creditable service.

(b) Application for service retirement shall be made to the Board setting forth the date the member desires his retirement to become effective provided: (1) such application shall be executed and filed at least thirty (30) and not more than ninety (90) days prior to the date on which such retirement is to become effective; (2) the effective date specified in the application shall be the last day of a calendar month, and shall not be a date preceding the termination of the member's employment with an employing subdivision.

(c) With the provision that no retirement shall be effective within one (1) year after the effective date of his membership, each member shall be retired from employment by all subdivisions on the last day of the calendar year in which the age of seventy (70) is attained, or upon the last day of the calendar year in which he completes twelve (12) years of creditable service, whichever shall last occur; provided, however, that in exceptional cases and for substantial cause such retirement may be deferred by mutual consent of the member and the employing subdivision from year to year for a period of not to exceed one (1) year at any time.

(d) Any member who has accepted service retirement shall be ineligible and disqualified to resume or continue service in any participating subdivision.

2. Standard Service Retirement Benefit.

(a) A member who retires upon the basis of service eligibility shall be entitled to receive a "standard service retirement benefit" which shall be an allowance payable in equal monthly installments during the lifetime of the member. The "standard service retirement benefit" of a member shall consist of (1) a current service benefit which is the actuarial equivalent of his current service annuity reserve, and (2) a prior service benefit to which his accumulated allocated prior service credits under his Prior Service Certificate, if any, entitles him under the provisions of this Act.

(b) The current service annuity reserve of the member shall be derived from:

(1) His accumulated deposits credited to his account in the Employees Saving Fund at the time of retirement; and

(2) An additional sum, from the Subdivision Current Service Accumulation Fund, equal to his accumulated current service credits at the time of his retirement.

(c) If he has a Prior Service Certificate in full force and effect, the prior service benefit shall be the actuarial equivalent of his Accumulated Allocated Prior Service Credit at the time of retirement; subject, however, to the power of the Board, upon recommendation of the actuary, to reduce payments for prior service annuities as provided in Section V of this Act.

3. Optional Service Retirement Benefits:

(a) In lieu of the "standard service retirement benefit" allowable under the preceding subsection, and provided that he shall make such election and nomination within thirty (30) days after the date fixed for retirement, any member retiring for service may elect to receive the actuarial equivalent of his current service benefit in a reduced current service annuity payable to the member during his lifetime, but with the provision that:

Option One. Upon his death, the reduced current service annuity shall be continued throughout the life of, and paid to, such person as the member shall nominate by written designation duly acknowledged and filed with the Board within the time above provided; or

Option Two. Upon his death, one-half of the reduced current service annuity shall be continued throughout the life of, and paid to, such per-

son as the member shall nominate by written designation duly acknowledged and filed with the Board within the time above provided; or

Option Three. In the event of his death before sixty (60) monthly payments have been made of his reduced current service annuity, the payments shall be continued to his beneficiary (or to his estate) until the remainder of the sixty (60) monthly payments have been made; or

Option Four. Some other benefit or benefits may be paid either to the member or to such person or persons as he may nominate, provided the same shall be approved by the Board, and provided such other benefit or benefits, together with the reduced current service annuity of the member shall be certified by the actuary to be the equivalent in actuarial value of the current service annuity reserve to which the member is entitled at the date fixed for his retirement.

(b) Any member who makes an effective election to have his current service benefit paid in accordance with Option One, Option Two, Option Three or Option Four shall likewise receive his prior service benefit, if any, in an adjusted annuity payable upon the same conditions and to the same beneficiary as that selected for his current service benefit, but with the further provision that all prior service benefits shall be subject to reduction by the Board under the circumstances provided for in Section V of this Act.

(c) Any member retiring for service who dies within thirty (30) days after the effective date of his retirement and who has not made an election to receive his annuity under an optional plan as herein provided shall be considered to have elected Option Three above or, at the election of his beneficiary, such deceased member shall be considered as having been an active member at death and the beneficiary may thereby elect to receive the accumulated contributions of the deceased member.

4. Vesting. Deferred Service Retirement.

Any member who shall have accumulated at least twenty (20) years of creditable service may withdraw from service prior to the attainment of the age sixty (60) and shall become entitled to retirement with a Service Retirement Allowance upon his attainment of the age of sixty (60) years, or at his option at any date subsequent to his attainment of said age but not later than the date of his mandatory retirement as set out in paragraph (c) of subsection 1 of this Section VII provided that such member is then living and has not withdrawn his contributions and provided that such retirement may not be effective prior to one year after the effective date of his membership and will be effective only as of the last day of a calendar month and will be effective not less than thirty (30) days or more than ninety (90) days subsequent to the execution and filing with the Retirement Board of written application therefor.

Any member who has accumulated thirty (30) or more years of creditable service shall have the right, until the date of his mandatory retirement as set out in paragraph (c) of subsection 1 of this Section VII, to remain in service and to file a written selection with the Retirement Board, in such form as the Retirement Board may prescribe, of an optional allowance and designated nominee, as provided for in subsection 3 of this Section, and in the event such member thereafter dies while in service he shall be considered to have retired effective as of the last day of the calendar month next preceding the month in which death occurs or as of the end of one year after the effective date of his membership whichever date shall occur last; and any such member who has filed such selection of optional allowance and designated nominee, may at his option from time to time, prior to retirement or death, file an amended written selection of optional allowance and designated nominee. Any such member who has accumulated thirty (30) or more years of creditable service who dies in service without having a written selection of optional allowance and designated nominee on file with the Retirement Board or whose designated nominee under such written selection of Option One

or Option Two of the options provided by subsection 3 of this Section VII last filed with the Retirement Board is not living on the date of death of the member, shall be considered to have elected Option Three above or, at the election of his beneficiary, such deceased member shall be considered as having been an active member at death and the beneficiary may thereby elect to receive the accumulated contributions of the deceased member.

5. Disability Retirement Eligibility:

With the provision that no retirement shall be effective within one (1) year after the effective date of membership, upon the application of a member or of his employer or his legal representative acting in his behalf, any member with less than twelve (12) years of creditable service may be retired by the Board, not less than thirty (30) and not more than ninety (90) days next following the date of filing of such application, on a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is the direct result of injuries sustained subsequent to the effective date of membership by external and violent means as a direct and proximate result of the performance of his duties, that such incapacity is likely to be permanent and that such member should be retired.

With the provision that no retirement shall be effective within one (1) year after the effective date of membership, upon the application of a member or of his employer or his legal representative acting in his behalf, any member with twelve (12) years or more of creditable service, who is not eligible for service retirement, may be retired by the Board, not less than thirty (30) and not more than ninety (90) days next following the date of filing of such application on a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent and that such member should be retired.

6. Standard Disability Retirement Benefits:

Upon retirement for disability a member shall receive a disability retirement benefit consisting of a current service annuity, which shall be the actuarial equivalent of his current service annuity reserve, and a prior service annuity to which his Accumulated Allocated Prior Service Credit under his Prior Service Certificate, if any, entitles him under the provisions of this Act.

(a) His current service annuity reserve shall be derived from:

(1) His accumulated deposits credited to his account in the Employees Saving Fund at the time of retirement; and

(2) An additional sum from the Subdivision Current Service Accumulation Fund equal to his accumulated current service credits at the time of his retirement.

(b) If he has a Prior Service Certificate in full force and effect, the prior service annuity shall be the actuarial equivalent of his Accumulated Allocated Prior Service Credit at time of retirement. Upon the recommendation of the actuary, the Board shall have the power to reduce payments for prior service annuities as provided in Section V of this Act.

7. Requirements and Conditions Applicable to Disability Benefits:

Once each year during the first five (5) years following retirement of a member on a disability retirement benefit, and once in every three-year period thereafter, the Board may, and upon his application shall, require any disability annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said annuitant or any other place mutually agreed upon, by a physician or physicians designated by the Board. Should any disability annuitant who has not yet attained the age of sixty,

For Annotations and Historical Notes, see V.A.T.S.

(60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the Board, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the Board.

(a) Should the Medical Board report and certify to the Board that such disability annuitant is no longer physically or mentally incapacitated for the performance of duty, or that such disability annuitant is engaged in or is able to engage in a gainful occupation, and should the Board by a majority vote concur in such report, then his allowance shall be discontinued.

(b) Should a disability annuitant under the age of sixty (60) years be restored to active service in a participating subdivision, his retirement allowance shall cease, he shall again become a member of the System, and any reserves on his current service annuity at that time in the Current Service Annuity Reserve Fund shall be transferred to the Employees Saving Fund and to the Subdivision Current Service Accumulation Fund, respectively, in proportion to the original sum transferred to the Current Service Annuity Reserve Fund at retirement and the reserves under his prior service annuity, if any, in the Prior Service Annuity Reserve Fund at that time shall be transferred to the Subdivision Prior Service Accumulation Fund. Upon restoration to membership, any Prior Service Certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement, he shall be credited with all his membership service. Should a disability annuitant die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such annuitant's accumulated deposits at the time of disability retirement exceed the current service annuity payments received by such annuitant under his disability allowance, if any such excess exists, shall be paid from the Current Service Annuity Reserve Fund to such annuitant if living; otherwise, such amount shall be paid to his estate unless he has directed such amount to be paid otherwise.

8. Return of Deposits Upon Other Terminations:

Should a member cease to be an employee of a participating subdivision except by death or retirement under the provisions of this Act, he shall, upon application, be paid in full the amount of the accumulated deposits standing to the credit of his individual account in the Employees Saving Fund. In the event of death of a member before retirement, and prior to the accumulation of thirty (30) or more years of creditable service, the amount of his accumulated deposits standing to the credit of his individual account in the Employees Saving Fund shall be paid to his estate unless he has directed the account to be paid otherwise. Seven (7) years after cessation of service, if no previous demand has been made, any accumulated deposits of a contributor shall be returned to him or to his estate. If the contributor or the administrator of his estate cannot then be found, his accumulated deposits shall be escheated to the Retirement System, and shall be credited to the perpetual endowment account of the Endowment Fund.

Administration

Sec. 8.

1. This System shall be construed to be a Trust and shall be administered by a Board of Trustees consisting of nine (9) persons, who shall be appointed by the Governor with the advice and consent of the Senate, and shall hold office for a term of six (6) years; provided, however, that of the members of the first Board of Trustees, three (3) shall be appointed whose terms shall expire on December 31, 1969, three (3) shall be ap-

pointed whose terms expire December 31, 1971, and three (3) shall be appointed whose terms expire December 31, 1973. Members of the initial Board of Trustees shall be appointed from officers or employees of the subdivisions eligible to participate in the System; thereafter persons appointed to the Board of Trustees shall be members of the System who are employees (as defined in Subsection 6 of Section II) of a participating subdivision of the System, and any trustee (other than the initial Board of Trustees) who shall cease to be an employee of a participating subdivision shall thereupon vacate his office and shall be disqualified from continuing as a trustee of the System. The Board shall annually elect a chairman and vice-chairman from its membership; and it may designate the Director or one of its own members to serve as Secretary of the Board. All trustees shall serve without compensation, but shall be reimbursed for any reasonable traveling expenses incurred in attending meetings of the Board, authorized committee and association meetings, or in performance of other business for the System as authorized by the Board, and for the amount of any earnings withheld by any employing subdivision because of attendance of any Board meeting. Each trustee shall be entitled to one (1) vote on any and all actions before the Board for consideration at any Board meeting, and at least five (5) concurring votes shall be necessary for every decision or action by the Board at any of its meetings. Each trustee shall qualify by taking and subscribing the oath of office required of state officers.

2. The Board shall have, in addition to all other powers and duties arising out of this Act not otherwise specifically reserved or delegated to others, the following specific powers and duties and is hereby authorized and directed to:

(a) Hold regular meetings in March, June, September and December of each year, and such special meetings at such other times as may be called by the Director upon written notice to the trustees. Five (5) days notice of each special meeting shall be given to each trustee, unless such notice is waived. All meetings of the Board shall be open to the public and shall be held in the offices of the Board or in any other place specifically designated in the notice of any meeting.

(b) Consider and pass on all applications for annuities and benefits, authorize the granting of all annuities and benefits and suspend any payment or payments, all in accordance with the provisions of this Act.

(c) Certify all normal contribution rates, all prior service contribution rates and the current rate of interest as approved in writing by the actuary and notify all participating subdivisions thereof.

(d) Obtain such information from any member or from any participating subdivision as shall be necessary for the proper operation of the System.

(e) Establish an office in the Capital City or in one of the participating subdivisions. All books and records of the System shall be kept in such office.

(f) Appoint a Director for the purpose of managing this System, investing the Funds and carrying out the administrative duties of the System. The Board shall also appoint an actuary for the purpose of carrying out all the necessary actuarial requirements of the System; appoint an attorney; appoint a Medical Board; and employ such additional actuarial, clerical, legal, medical and other assistants as shall be required for the efficient administration of the System; and determine and fix the compensation to be paid.

(g) Have the accounts of the System audited at least annually by a Certified Public Accountant.

(h) Submit an annual statement to the governing body of each subdivision and to any member, upon request, as soon after the end of each calendar year as possible. Such statement shall include at least the following: a balance sheet showing the financial and actuarial condi-

tion of the System as of the end of the calendar year; a statement of receipts and disbursements during each year; a statement showing changes in the asset, liability, reserve and surplus accounts during the year; and such additional statistics as are deemed necessary for a proper interpretation of the condition of the System.

(i) The Board annually on December 31 shall allow regular interest on the mean amount in the Current Service Annuity Reserve Fund for the year then ending and shall allow regular interest on the mean amount in the Subdivision Prior Service Accumulation Fund for the year then ending and shall allow regular interest on the mean amount in the Prior Service Annuity Reserve Fund for the year then ending and shall allow current interest as defined in Section II of this Act on the amount in the Subdivision Current Service Accumulation Fund at the beginning of such year and on the amount in the Endowment Fund at the beginning of such year and on an amount in the Employees Saving Fund equal to the sum of the accumulated deposits standing to the credit at the beginning of such year of all members included in the membership of the System on December 31 of such year, before any transfers for retirement effective December 31 of such year are made. The amounts so allowed shall be due and payable to said funds and shall be credited thereto by the Board on December 31 of each year from the moneys of the System held in the Interest Fund, provided that current interest shall not be at a rate greater than three percent (3%) per annum and that any excess earnings over such amount required shall be paid to one or another of the several accounts of the Endowment Fund as provided in Section V of this Act.

(j) Accept any gift, grant or bequest of any money or securities for the purposes designated by the grantor, if such purposes are specified as providing an endowment or retirement benefits to some or all of the participating employees or annuitants of this System, or if no such purposes are designated, for deposit to the credit of the Endowment Fund.

(k) Determine the limitations on the amounts of cash to be invested in order to maintain such cash balances as may be deemed advisable to meet payments of benefits and expenses, and invest the remaining available cash in securities in accordance with Subsection (7) of this Section.

(l) Keep in convenient form such data as shall be necessary for all required calculations and valuations as required by the actuary and keep a permanent record of all the proceedings of the Board.

(m) The Board shall have power to incur indebtedness and to borrow money upon the faith and credit of the System for the purpose of paying and providing for the payment of the expenses incident to the operation of the System, and to renew, extend or refund such indebtedness heretofore incurred or hereafter incurred, and for such purposes to issue and sell the negotiable promissory notes or negotiable bonds of the System, maturing within twenty (20) years from date of issuance, and bearing interest at a rate not to exceed six percent (6%) per annum; and such notes or bonds shall be a charge against and shall be payable from the Expense Fund of the System, hereinabove provided for, but shall expressly provide that the same shall never be held or considered to be an obligation of the State of Texas; but the total indebtedness against the Expense Fund of the System shall never exceed at any one time the sum of One Hundred Thousand Dollars (\$100,000).

(n) Establish such rules and regulations not inconsistent with the provisions of the Act and generally carry on such other reasonable activities as are deemed necessary or desirable for the efficient administration of the System.

3. The Director shall be in charge of the technical administration of the System and shall have such additional powers and duties as are properly delegated by the Board.

4. The Board shall designate an actuary who shall be the technical adviser of the Board on matters regarding the operation of the Funds

created by the provisions of this Act and shall perform such other duties as are required in connection therewith.

As soon as practicable after the establishment of the System, and at least once in each five (5) year period thereafter, the actuary shall make such general investigation of the mortality, and service experience of the members and annuitants of the System as he shall recommend and on the basis of such investigation, he shall recommend for adoption by the Board such tables and rates as are required.

On the basis of such tables and rates as the Board shall adopt, the actuary shall:

(a) Calculate the normal contribution rate for participating subdivisions;

(b) Calculate the prior service contribution rate for participating subdivisions;

(c) Calculate the current interest rate;

(d) Certify the amounts of each annuity and benefits granted by the Board; and

(e) Make an annual valuation of the assets and liabilities of the funds of the System created by this Act.

5. The Board shall designate an attorney who shall be the legal adviser to the Board and shall represent the System in all litigation.

6. The Board shall designate a Medical Board to be composed of three (3) physicians not eligible to participate in the System. The physicians so appointed by the Board shall be legally qualified to practice medicine in Texas and shall be physicians of good standing in the medical profession. If required, other physicians may be employed to report on special cases. The Medical Board shall pass upon all medical examinations required under the provisions of this Act, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the Board its conclusions and recommendation upon all the matters referred to it.

7. The assets of the System in excess of the amount of cash required for current operations as determined by the Board, shall be invested and reinvested in the following types of securities:

(a) Interest-bearing bonds or other evidences of indebtedness: of the State of Texas, or of any county, school district, city or other municipal corporation within the State of Texas; of the United States or of any authority or agency of the United States, or any such securities which are guaranteed as to the payment of principal and interest by the United States or by any authority or agency of the United States.

(b) Corporate bonds or debentures of any company whose stocks are eligible hereunder as investments for the System, or which are rated A or better by at least two nationally-recognized rating services to be designated by the Board.

In addition to the above listed securities, the Board may invest not exceeding twenty percent (20%) of the total of the assets of the System in preferred stocks and common stocks of companies incorporated within the United States, which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase of such securities and which, except for bank and insurance company stocks, are listed upon an exchange registered with the Federal Securities and Exchange Commission or its successors; and provided further that not more than one percent (1%) of the assets of the System shall be invested in stocks issued by any one corporation, nor shall more than five percent (5%) of the voting stock of any one corporation be owned by the System. In making each and all such investments the Board shall exercise the judgment and care under the circumstances which men of prudence, discretion and intelligence exercise in the management of their own affairs, taking into consideration not only the probable income de-

rivable from such securities but as well the probable safety of the capital investment.

The Board shall have full power to sell, assign, exchange, or trade and transfer any of the securities in which the funds of the System at any time may be invested, and to use or reinvest the proceeds as, in the Board's judgment, the needs of the System require.

8. All money received by the System shall immediately be deposited with a depository for the account of the System. All disbursements shall be made only upon vouchers signed by the person or persons designated for such purpose by resolution of the Board, and the depository is hereby authorized to pay the vouchers or checks so signed. The depository shall accept all warrants so signed and shall be released from liability for all payments made thereon. Checks or warrants shall be drawn only upon proper authorization by the Board, properly recorded in the official minute books of the meetings of the Board. All securities of the System when received, shall be deposited in trust with a depository designated by the Board and the depository shall provide adequate safe deposit facilities for their preservation.

9. The assets of the System shall be invested as one Fund, and no particular person or subdivision shall have any right in any specific security or in any item of cash other than an undivided interest in the whole, as set forth in the provisions of this Act.

Depositories

Sec. 9.

In handling the funds of the System created by this Act, the Board shall have and is hereby given all the power, authority and duties granted the State Depository Board and shall designate depositories to qualify and serve such System in accordance with the provisions of Chapter I, Title 47, Revised Civil Statutes of Texas of 1925, together with all amendments thereto.

Merger of existing county systems

Sec. 10.

1. The voluntary merger into the System established by this Act (in this Section called the "state system") of pension systems heretofore established under Subsection (b) of Section 62 of Article XVI of the Constitution of Texas (in this Section called the "local system") is hereby authorized upon the terms and conditions stated in this section, and upon such additional terms and conditions as may be prescribed by the Board of Trustees of the state system, and after approval of the merger proposal by the governing body of the subdivision.

2. The terms of the merger agreement shall be generally consistent with the provisions of this Act pertaining to participation of subdivisions which do not now have any pension system for their employees, but the provisions of this section shall govern merger of such existing systems in event of variance from other provisions of this Act. The provisions of this Act shall apply to the local system subdivision and its employees after merger except as may be otherwise provided in this Section X.

3. In addition to those persons who conform to the definition of "employee" as set out in Subsection 6 of Section II, each person who at the effective date of merger, by virtue of the position or office then held is considered by the local system to be an employee of the subdivision, shall be classified by the state system as an employee of said subdivision while such person continues to occupy said position or office.

4. All persons who are then members of the local system at the effective date of merger shall become members of this state system. The number of months of creditable service allowed by the local system to the member for service to the date of merger shall be allowed as creditable service by the state system.

5. All persons who conform to the definition of "employee" as set out in Subsection 6 of Section II, but who were not eligible for membership in the local system as established, and are not members of the local system at the date of merger, shall become members of the state system under the merger agreement, unless such person executes a waiver of membership in the time and manner prescribed below: provided, however, that no employee who is fifty-eight (58) years of age or more at date of merger shall be eligible for membership unless his service to such subdivision prior to the date of merger is equal to or is in excess of the period by which his then attained age exceeds the age of fifty-eight (58) years.

Any person who becomes a member of the state system as of the date of merger under this Subsection 5 shall not be allowed any credit for service prior thereto except upon the following conditions:

If, for all months during which such person performed service as an employee (as defined in subsection 6, Section II, above) of the subdivision between the time the local system was established and the date of merger, such person shall pay to the state system (within 90 days after date of merger) a sum equal to the deposits which a member of the local system drawing the same compensation during the same period was required to make to the local system, and if the subdivision pursuant to the merger agreement contributes to the state system within the 90-day period an equal amount, then in such event:

(a) the sum so deposited by such member with the state system shall be deposited by it to the credit of such member's individual account in the Employees Saving Fund and shall be treated in the same manner as provided in subsection 9(a) below as to transfer upon merger of individual deposits of members of the local system;

(b) the sum so deposited by the subdivision shall be received and deposited in the subdivision's account in the Prior Service Accumulation Fund in the manner provided in subsection 9(c), below; and

(c) such member shall thereupon receive credit for all service to the subdivision antedating the effective date of merger.

Any person not a member of the local system, but who would become a member of the state system under the terms of this subsection may elect not to become a member if within thirty (30) days after the effective date of the merger agreement, he shall execute and file with the Director of the state system a written waiver of membership in such form as the Board may prescribe. Any such person who files such a waiver of membership may apply for membership in the state system as of the first day of any month thereafter, if the person would then be eligible for membership in the system as a beginning employee of the subdivision, and such person may thereupon become a member of the system but without credit for any service antedating date of membership.

6. Persons who are employees of the subdivision at the effective date of merger but who are not members of the local system by reason of prior voluntary election not to participate, or because of prior withdrawal from the local system, may apply for membership in the state system as of the effective date of merger or as of the first day of any month thereafter, if the person would then be eligible for membership in the system as a beginning employee of the subdivision, and such person may thereupon become a member of the system but without credit for any service antedating date of membership.

7. In determining the status and rights of persons who are members of the local system, but who are not employees of the subdivision at the time of the merger, the provisions of this Act regarding termination of the membership because of absence from service and membership status upon re-employment shall apply as if the local system at all pertinent times had been merged with the state system.

For Annotations and Historical Notes, see V.A.T.S.

8. All assets of the pension system being merged into this System shall be accepted by the System on the following basis:

(a) The value of every United States government bond will be determined on an amortized basis to yield three and one-fourth per centum ($3\frac{1}{4}\%$) per annum or on a market value basis, whichever is greater, and all other bonds shall be accepted at their market value, as of the date of merger;

(b) Cash shall be valued at actual value and time deposits shall be valued at face plus accrued interest.

9. Upon merger, the total assets of the local system shall be transferred to the state system, valued as provided in Subsection 8 above, and such assets shall be credited as follows:

(a) An amount equal to the sum of the accumulated deposits of the individual members of the local system will be credited to the Employees Saving Fund of the state system. The state system will establish individual accounts for all such members and will credit to such individual accounts the respective accumulated deposits of the individual members as of the effective date of merger. No current service credits shall accrue in this System to the members of the local system on account of the accumulated deposits so transferred and credited upon merger.

(b) An amount equal to the required annuity reserve, based on such annuity tables as shall be adopted by the Board with regular interest, for current service annuities in effect in the local system as of the date of merger shall be credited to the Current Service Annuity Reserve Fund of this System and such current service annuities shall thereafter be obligations of and paid from the Current Service Annuity Reserve Fund of this System.

(c) The remaining assets of the local system will be credited to the subdivision's account in the Subdivision Prior Service Accumulation Fund of the state system for the partial funding of the obligations assigned to such account in accordance with this Act.

(d) Each member transferred under the merger, and each person who becomes a member at the date of merger and qualifies for creditable service antedating merger as provided by Subsection 5 above, will be given an "allocated special prior service credit" determined as provided in paragraphs (e) and (f) following.

(e) "Maximum Special Prior Service Credit," as used in this Section shall mean an amount equivalent to the accumulation at interest of a series of monthly payments for the number of months of all creditable service allowed to the member pursuant to the merger agreement for service to the date of merger, each such monthly payment being equal to twice the subdivision's initial deposit rate multiplied by the member's "average local system earnings," with such accumulation then being reduced by an amount equal to the individual member's accumulated deposits transferred on merger or paid in by the member in accordance with Subsection 5 of this Section. Such accumulation shall be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period and is allowed on the accumulation at the beginning of each such twelve (12) months period and is not allowed for parts of a year.

"Average local system earnings" as used in this subsection means the average monthly earnings received by an employee for service rendered to the local system subdivision during the thirty-six (36) months immediately preceding the effective date of merger of such subdivision's local system into the System, or if there be less than thirty-six (36) months of such service, the average shall be computed for the number of months of such service within such thirty-six (36) months period, or if there be no such service during said thirty-six (36) months, the average shall be computed for the number of months of service rendered to the

local system subdivision during the twenty-four (24) months immediately preceding said thirty-six (36) months; provided however, that in calculating the "average local system earnings" of any employee, actual earnings in any month shall be excluded to the extent that they exceed the lower of the following rates of earnings: (i) the annual earnings prescribed by the governing body at the time of merger as the maximum current service earnings for current service deposits and contributions; or (ii) annual earnings in excess of Twelve Thousand Dollars (\$12,000.00) per annum.

(f) "Allocated Special Prior Service Credit" as used in this section shall mean that percentage of the calculated "Maximum Special Prior Service Credit" of a member which is granted by the subdivision to the member, such percentage, except as hereinafter provided in this paragraph, to be the same for all of the members of the subdivision and to be such that the total "Allocated Special Prior Service Credits" granted by the subdivision will not exceed in the aggregate an amount for which the assets credited to the Prior Service Accumulation Fund on merger and the prospective Prior Service Contributions of such subdivision will be adequate:

(i) to accumulate in such subdivision's account in the Prior Service Accumulation Fund by or before the end of the twenty-fifth (25th) year of participation of such participating subdivision or within the period of time which would have been required to fund the unfunded liability of the local system if greater, a sum equal to the reserve required, according to calculations made by the actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board at the end of such period to meet all payments in full due after the end of such period under prior service annuities chargeable to such participating subdivision then in effect or to become effective thereafter, and

(ii) to provide the amount required according to this Act to be paid during such period under prior service annuities chargeable to such participating subdivision.

It is specifically provided that the allocated special prior service credit granted to any member at merger shall be not less than an amount which together with the amount of such member's accumulated deposits at the time of merger will provide a benefit at retirement equal to that which under the provisions of the local system in effect at time of merger, he would have been entitled to receive at retirement based upon service prior to date of merger.

10. Prior to approval by the Board of the merger agreement, the governing body of the subdivision shall:

(a) Designate the initial deposit rate to be effective upon participation in the state system, in the manner provided in Subsection 1(a) of Section IV, above;

(b) Determine the maximum earnings upon which current service deposits shall be made, as provided in subsection 1(c) of Section IV, above.

If the local system has been in effect more than five years (and subject to the limitations below set out), the governing body of the subdivision may also provide (substantially in the manner delineated in subsection 11 of Section VI, above):

(c) for proportional increases in prior service annuities theretofore granted by the local system;

(d) for proportional increases in current service annuities theretofore granted by the local system;

(e) for allowance of current service credits after merger in excess of 100% of deposits as provided in subsection 9 of Section VI, above.

No proposal for merger shall be approved until actuarial studies shall have been made by the local system at its expense but in accordance

For Annotations and Historical Notes, see V.A.T.S.

with specifications approved by the Board, and provided that such studies establish to the satisfaction of the Board that the obligations undertaken by or on behalf of the subdivision will be discharged at the time and in the manner provided by this Act and by the merger agreement, and that the obligations incurred by the subdivision in the Prior Service Accumulation Fund will be fully funded within twenty-five (25) years from date of merger, or within such longer period as would have been required to amortize the unfunded liability of the local system as then existing.

11. No retirement of persons becoming active members of the state system by reason of merger, shall become effective until 120 days after the effective date of merger.

12. From and after date of merger, the rights and obligations of the employing subdivision and of persons who as its employees or pursuant to the merger agreement become members of the state system shall be governed by the provisions of Sections I through IX of this Act, except as modified by the terms of the merger agreement and by the provisions of this Section.

Merger of other local systems

Sec. 11.

The voluntary merger into the state system created by this Act of pension systems heretofore or hereafter established for employees of subdivisions as hereinabove defined (exclusive of such systems as are included within the provisions of Section X, above) is authorized to be effected upon terms and conditions to be prescribed by the Board of Trustees of this state system, and generally in accordance with the provisions of Section X, above, so far as applicable.

Miscellaneous

Sec. 12.

1. Each member shall, by virtue of the payment of the deposits required to be paid to this System, receive a vested interest in such deposits.

2. Venue of any action by or on behalf of the System or the Board against any participating subdivision or against any officer or Board of Officers of any participating subdivision to compel accounting by such subdivision or by such officer or officers of such participating subdivision for any sums due by the participating subdivision to the System, or due to the System as contributions of members, or to require withholding of and accounting for sums due from members, shall lie in Travis County, Texas, as well as in the county in which such subdivision is situated.

3. All annuities and other benefits payable under the provisions of this Act and all accumulated credits of employees in this System shall be unassignable and shall not be subject to execution, garnishment or attachment.

4. 5. The Board shall require and secure at the expense of the System such fidelity bond as it may deem proper for the faithful performance of the duties of the Director, and may likewise require bonds for other employees of the System.

Severability clause

Sec. 13.

If any section, paragraph, sentence or clause of this Act is held to be invalid or unconstitutional for any reason, the remaining articles, sections, paragraphs, sentences and clauses shall continue in full force and effect and shall be construed thereafter as being the entire provisions of this Act.

Sec. 3B. (a) This section applies to all cities having a population of less than one hundred sixty-five thousand (165,000) according to the last preceding Federal Census in which there is a "full paid" fire department participating in a Firemen's Relief and Retirement Fund.

(b) All of Section 3 of this Act applies to the Boards in these cities, except for those provisions which conflict, in which case this section controls.

(c) The Board of Firemen's Relief and Retirement Fund Trustees shall consist of the following:

(1) the mayor or his duly appointed and authorized representative;

(2) the chief financial officer, or if there is no chief financial officer, then the city treasurer, city secretary, city clerk, or such other person or officer as by law, charter provision, or ordinance performs the duties of chief financial officer;

(c) Elected officials in good physical condition shall have the option of becoming members of the Pension System. They shall be subject to physical examinations and shall exercise the option by written notice to the Pension Board within ninety (90) days after the effective date of this amendatory Act or within ninety (90) days of the date of taking office, whichever is later. Sec. 5. (a) There is hereby created a Pension Board of the Pension System, in which Board there is hereby vested the general administration management and responsibility for the proper and effective operation of the Pension System. The Board shall be organized immediately after its members have qualified and taken the oath of office and shall serve without compensation.

(b) The Pension Board shall be composed of seven (7) members as follows:

(1) The Mayor of the City, or the Director of the Civil Service Commission as his representative.

(2) The Treasurer of the City or person performing the duties of Treasurer.

(3) Three (3) employees of the city having membership in the Pension System and elected by the members of such System. No city department shall have more than one (1) representative. The persons now serving as employee members of the Board shall continue in office until the expiration of their terms, in cities having established systems under the original Act, as amended. The term of office of succeeding members so elected shall likewise be two (2) years and each such member shall continue to serve until his successor is duly elected and qualified. Vacancies occurring by death, resignation or removal of such representative shall be filled by appointments made by any two (2) of the Board members elected by the members of the Pension System. Such appointees shall serve for the remainder of the unexpired term of the member they replace. The first election of employee members in cities hereafter coming under this Act shall be held in such city at such time and place as shall be fixed by the governing body of the city, and to be not more than seventy-five (75) days from the date such city comes under the terms of this Act.

(4) Two (2) legally qualified taxpayers of such city, who have been residents of the county in which such city is located for the preceding five (5) years, to be chosen by the governing body of the city, being neither employees nor officers of such city. The two (2) members so chosen by the governing body of the city shall serve for two (2) years and until their successors are duly elected and qualified. Vacancies occurring by death, resignation, or removal of such representative shall be filled by the governing body of the city. Public members now on the Boards of cities having established Systems shall continue in office until the expiration of their terms.

(c) Each member of the Pension Board within ten (10) days after his appointment and election shall take an oath of office that so far as it devolves upon him he will diligently and honestly administer the affairs of the Pension System and that he will not knowingly violate, or willingly permit to be violated, any of the provisions of this law.

(d) The Board shall elect from its membership annually a Chairman, Vice-Chairman and Secretary. Pursuant to the powers granted under the charter of such city, the Chief Administrative Officer of the city shall

(e) Each member of the Board shall be entitled to one (1) vote in the Board. Four (4) concurring votes shall be necessary for a decision by the members at any meeting of the Board, and four (4) members shall constitute a quorum.

(f) A meeting of said Pension Board may be called at any time by the Chairman, Secretary, or by any four (4) members of such Pension Board.

(g) Notice shall be given to all members of such Pension Board unless waived in writing as to any proposed meeting by depositing of a written notice in the United States mail at least forty-eight (48) hours before such meeting, properly addressed to each such member. If a meeting is had, however, at which all of the members of the Board attend, no notice shall be necessary.

(h) No moneys shall be paid out of the Pension Fund except by warrant, check or draft signed by the Treasurer and countersigned by the Secretary, upon an order by said Pension Board duly entered in the minutes. Facsimile signatures may be authorized by the Board.

(i) The Pension Board shall determine the prior service to be credited to each member of the Pension System. The Board shall rely upon the personnel records of such city in determining such prior service credit or upon affidavits if the personnel records are incomplete.

(j) The Pension Board shall determine each member's credited service on the basis of the personnel and financial records of the city and the records of the Pension Board. The Board may permit any member to pay into the Pension Fund and thereby obtain credit for any service with the city for which credit would otherwise be allowable under this amended Act save only for the fact that no contributions were made by such member with respect to such service, or the fact that contributions, although made with respect thereto, were thereafter refunded to such member as a separation allowance and not subsequently repaid. Such payments shall be at the following rates:

(1) For service during period September 1, 1943, to the effective date of this amended Act, at the rate of Twelve Dollars (\$12) a month.

(2) For service subsequent to the effective date of this amended Act at the rate of three percent (3%) of his salary with the minimum monthly payment being Twelve Dollars (\$12) a month.

(3) Plus interest at the rate of six percent (6%) a year.

Sec. 6. The City Treasurer of any such city, or the person discharging the duties of the City Treasurer, is hereby designated as the Treasurer of said Pension Fund for said city and his official bond to said city shall operate to cover his position of Treasurer of said Pension Fund and his sureties shall be liable in connection with the Treasurer's actions pertaining to such Fund as fully as they are liable under the terms of said bond for the other actions and conduct of said Treasurer. All moneys of every kind and character collected or to be collected for said Fund shall be paid over to said Treasurer and shall be administered and paid out only in accordance with the provisions of this Act.

Contributions by members

Sec. 7. Beginning with the first full pay period from the date any city comes under the provisions hereof and continuing for each pay period thereafter each member of the Pension System shall pay into the Pension Fund three percent (3%) of his salary for such period, with the minimum payment being equal to Twelve Dollars (\$12) per month. These payments shall be deducted by the city from the salary of each and every member and paid to the Treasurer of said Pension Fund.

Contributions by city

Sec. 8. In addition to the payments provided for in the next preceding Section, such city shall pay monthly into such Pension Fund, from its general fund or other available source, an amount equal to one and one-half (1½) times the total sum paid into such Fund by members as set out in the next preceding Section.

Increase in contributions

Sec. 9. In the discretion of the governing body of such city, the payments or contributions to be paid into the Pension Fund by the members thereof may, at the request of the Pension Board, be increased by ordinance of any such city to an amount not to exceed four percent (4%) of each member's salary with minimum payments not to exceed Sixteen Dollars (\$16) a month payable by each member. In such event the city shall pay one and one-half (1½) times the total monthly amount payable by members, all of which payments shall be made in the same manner as provided in Sections 7 and 8 respectively of this Act, it being the intention hereof that such city shall contribute to such Pension Fund an amount equal to one and one-half (1½) times the amounts paid by each member thereto, but no more.

Surplus: Investment

Sec. 10. Whenever, in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon such Funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas or in first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time, and in such corporation bonds, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said Funds. In making each and all of such investments said Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the safety of their capital; provided, however, that not more than fifty percent (50%) of said Funds shall be invested at any given time in corporate stocks, nor shall investments in securities issued by any one corporation be more than five percent (5%) of this Fund, nor shall more than five percent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon

an exchange registered with the Securities and Exchange Commission or its successors, except that two percent (2%) of the Fund may be invested in common stocks that do not have a ten (10) year dividend record. The Board shall have authority to buy and sell any of its authorized investments.

Retirement on pension

Sec. 11. (a) Any member of such Pension System who has attained fifty-five (55) years of age and completed twenty (20) or more years of service and any member of such Pension System who has attained sixty (60) years of age and completed ten (10) or more years of service shall be eligible for a Pension.

(b) The amount of pension a month shall be one and one-half percent (1½%) of the member's average monthly salary, determined to have been the highest received by the member during any thirty-six (36) consecutive months period of past employment, for each year of credited service; provided, that no member's pension shall be less than Six Dollars (\$6) a month for each year of credited service.

(c) A member shall continue to accrue benefits in the Pension System as long as he remains an employee, regardless of his age. Any present employee who was prohibited by previous amendments from accruing any additional benefits upon reaching seventy (70) years of age and prevented from making further contributions into the Pension Fund shall be permitted to continue the accrual of credited service for the period from age seventy (70) until retirement by repaying in one lump sum Twelve Dollars (\$12) a month for each month of service with the city from the date that he reached seventy (70) years of age to the effective date of this amendment and making regular employee contributions thereafter. Any present employee who failed to become a member because he had passed sixty (60) years of age at the time his employment commenced shall now be permitted to become a member by repaying, in one lump sum, Twelve Dollars (\$12) a month for each month of service with the city to the effective date of this amendment and making regular employee contributions thereafter. Any elected official who becomes a member of the Pension System as permitted by this amended Act may receive credit for any service as an elected official that preceded the effective date of this amended Act by paying, in one lump sum, Twelve Dollars (\$12) a month for each month of such preceding service and making regular employee contributions for any service with the city after the effective date of this amended Act. The city shall also contribute one and one-half (1½) times the amounts so paid into the Fund by such employees and officials.

Disability pensions

Sec. 12. (a) Any member who has completed ten (10) or more years of service and who becomes totally disabled for further duty shall, regardless of age, be retired for "ordinary disability" and shall receive a monthly pension computed in accordance with Section 11(b).

(b) If any member who becomes totally disabled for further duty by reason of a personal injury sustained or a hazard undergone as a result of, and while in the performance of, his duties at some definite place and at some definite time on or after the date of his becoming a member, without serious and wilful misconduct on his part, shall be retired for "accidental disability" and shall receive a monthly pension equal to fifteen percent (15%) of his monthly salary on the date such injury was sustained or such hazard was undergone plus three-fourths of one percent (0.75%) of the above salary for each year of credited service; provided, that the total pension as so computed will not exceed thirty percent (30%) of such monthly salary, or a monthly pension computed in accordance with Section 11(b), whichever is greater.

For Annotations and Historical Notes, see V.A.T.S.

(c) By "totally disabled" is meant the sustaining of such disability as completely incapacitates a member from performing the usual and customary duties which he has been performing for such city or other full time duties that could be performed by such member. Before any disability pension is allowed, the Pension Board shall require such medical examination and such other evidence as it may see fit to establish such total disability, as above provided.

(d) Any member receiving a pension on account of "ordinary" or "accidental disability" shall, each January 1, submit a sworn affidavit stating his earnings, if any, obtained from any gainful occupation. If the earnings together with the pension being received by any member exceed the monthly salary of such member at the time of his separation from service, the Pension Board shall have authority to reduce the amount of pension. Failure to submit an affidavit of earnings or a materially false affidavit shall be cause for suspension of the pension upon proper action by the Pension Board.

If a member is eligible for retirement under Section 11 hereof, he shall not be retired under this Section.

When any member has been retired for ordinary or accidental disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member shall refuse to submit himself to any such examination, the Pension Board may, within its discretion, order said payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for said city, and such member is reinstated or tendered reinstatement to the position he had at the time of his retirement, then the Pension Board shall order such pension payments stopped.

Monthly allowance to widows and children

Sec. 13. If any member of the Pension System, as herein defined, shall die from any cause whatsoever after having completed ten (10) years of service with the city, or if, while in the service of the city, any member shall die from any cause growing out of or in consequence of the performance of his duty, or shall die after he has been retired on pension because of length of service or disability and shall leave a surviving widow or widower, or a child or children under the age of eighteen (18) years, or both such widow or widower and child or children, said Board shall order paid monthly allowances as follows:

(a) To the widow or widower, so long as she or he remains a single person and provided she or he shall have married such member prior to her or his retirement, a sum equal to one-half ($\frac{1}{2}$) of the retirement benefits that the deceased member would have been entitled to had she or he been totally disabled at the time of her or his retirement or death.

(b) To the guardian of each child the sum of Twelve Dollars (\$12) a month until such child reaches the age of eighteen (18) years.

(c) In the event the widow or widower dies after being entitled to her or his allowance as provided, or in the event there be no widow or widower to receive such allowance, the amount to be paid to the guardian of any child or children under the age of eighteen (18) years shall be increased to the sum of Twenty-four Dollars (\$24) a month for each such child; provided, however, that the total allowance to be paid all beneficiaries or dependents, as herein provided, shall not exceed the monthly pension that would have been paid the pensioner had he continued to live and retire on pension at the date of his death. Allowances or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries, provided that when there are only children

to collect a pension as beneficiaries, if at the time the last child reaches eighteen (18) years of age, the amount the employee contributed has not been paid out in pensions, the balance shall be refunded to the children. By the term "guardian," as used herein shall be meant the surviving widow or widower with whom the child or children reside, or any guardian appointed by law, or the person standing in "loco parentis" to such dependent minor child responsible for his or her care and upbringing.

Refund of contributions

Sec. 14. If any member's employment by the city is terminated for other than total and permanent disability arising as a result of or as a consequence of the performance of his duties prior to his having completed ten (10) years of service with the city, he shall not be paid any pension whatsoever, but he shall receive the amount paid by him into the Pension Fund by way of salary deduction without interest as provided in Section 16 of this Act. In the event of his death, if there are no widow or children to receive the allowance provided for in Section 13 above, his beneficiary, and if none, his estate shall receive the said amount.

Computing period of service

Sec. 15. In the computation of the years of service required for the receipt of a pension by a retiring member, the following rules shall apply:

(a) Interruptions of service of three (3) months or less shall be treated as continuous service, but the member shall be required to pay into the Pension Fund any contributions withdrawn at the time of separation plus the amount of the employee contributions allocable to each such period of interruption.

(b) If there have been interruptions of service of more than three (3) months and less than ten (10) years, no credit shall be allowed for the period of an interruption but credit shall be allowed for previous service and prior service if (1) the employee shall have repaid to the Pension Fund within three (3) months after resumption of service all moneys theretofore withdrawn by him upon separation from service, plus interest thereon at the rate of six percent (6%) per annum, or (2) if the employee shall at any time have made payments to the Pension Fund which, under then existing provisions of law, entitled him to credit for previous service.

(c) If any employee has been out of service for a period longer than ten (10) years, no credit for any service preceding the out-of-service period shall be allowed.

Termination of employment; death; reemployment

Sec. 16. When any member of such Pension System shall leave the employment of such city, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall thereupon cease to be a member of such Pension System, and shall have refunded to him all of the payments made by him into said Pension Fund by way of salary deductions without interest, subject to the following provisos:

(a) If such member has completed twenty (20) or more years of service at the time of termination of employment but has not yet attained the age of fifty-five (55) years he may, by written notice to the Pension Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of fifty-five (55) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from service.

(b) If such member has completed fifteen (15) or more years of service at the time of termination of employment but has not yet attained the age of sixty (60) years he may, by written notice to the Pension

For Annotations and Historical Notes, see V.A.T.S.

Board, make an irrevocable election to leave his contributions in the Pension Fund, in which event he shall, upon reaching the age of sixty (60) years, be entitled to a pension on the basis of the schedule of benefits for retiring members that was in effect at the time of his separation from service.

(c) If, while still employed by the city, whether eligible for a pension or not, a member dies, then, unless the provisions of Section 13 hereof are applicable, all of his rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary, if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee's contributions, without interest.

(d) The provisions of Section 13 concerning payments to widows, widowers and children shall apply in the case of any former member who has made the election permitted by (a) or (b) above, and who dies before reaching the age at which he would be entitled to a pension. If there be no surviving widow, widower or children, then all of such member's rights in the Pension Fund shall be satisfied by the refund to his designated beneficiary if any, or if none, to his estate, of all the payments theretofore made by him into the Pension Fund by way of employee's contributions, without interest.

(e) It is not the intention of this Amendatory Act to change the status of any former member of the Pension System whose services with the city were terminated under a previous Act. Refunds of contributions above provided for shall be paid such departing member, his beneficiary or estate in a lump sum, but if, in the opinion of the Pension Board, the funds on hand are too low to justify such lump sum payment, said payment shall be refunded on a monthly basis in such amounts as may be determined by the Pension Board.

(f) When a member has left the service of such city, as aforesaid, and has therefore ceased to be a member of such Pension System, if such person shall thereafter be reemployed by the city, he shall thereupon be reinstated as a member of such Pension System, provided he is in good physical and mental condition as evidenced by a written certificate by a duly licensed and practicing physician residing in said city, satisfactory to the Pension Board. Previous service of such member with such city shall not be counted toward his retirement pension unless such member returns to the service of the city within ten (10) years from his separation therefrom and also shall, within three (3) months after his reemployment by the city, repay in one lump sum to such Pension Fund all moneys withdrawn by him upon his separation from the service plus interest thereon at the rate of six percent (6%) a year from the date of such withdrawal. The three (3) months limitation above mentioned is subject, nevertheless, to the Board's authority as expressed in Section 5(j).

Reduction of benefits; dissolution of system

Sec. 17. (a) In the event said Pension Fund becomes seriously depleted in the opinion of the Pension Board, said Pension Board may proportionately and temporarily reduce the benefits of all pensioners and beneficiaries, but such reductions shall thereafter be paid to such pensioners and beneficiaries, as and when said Fund is, in the opinion of the Pension Board, sufficiently reestablished to do so. Should the reserve and surplus in the Pension Fund become exhausted and, at such time, the outgo of the Pension Fund exceeds the income thereto, then, in such event, the governing body of the city shall have the right, by ordinance duly passed, to dissolve the Pension System and require liquidation thereof without any liability to the city whatsoever.

(b) Any member or survivor receiving a retirement pension may, at his option, receive any smaller retirement pension after properly requesting same in writing to the Pension Board.

(c) In the event any member dies within three (3) years from his retirement date and leaves no widow or minor children, his estate shall be entitled to payment in a lump sum, the excess, if any, of his accumulated contributions to the date of his retirement over the aggregate monthly benefit payments received by the member.

Legal services

Sec. 18. The City Attorney of such city shall handle all legal matters for the Pension System which are referred to him by the Pension Board or city without additional compensation therefor. The Pension Board may, however, if it deems necessary, employ outside legal advice to the exclusion of, or to assist, the City Attorney, and pay reasonable compensation therefor out of said Pension Fund.

Actuary

Sec. 19. Such Pension Board may, at its discretion, from time to time, employ an actuary which cost shall be paid for by the city. The governing body of the city may require that an actuarial study, survey and report be made of such Pension System not more than once every five (5) years.

Exemption from execution, attachment or other writ

Sec. 20. No portion of any such Pension Fund, either before or after its order of disbursement by said Pension Board, and no amounts due or to become due any beneficiary or pensioner, under this Act, shall ever be held, seized, taken, subjected to, detained, or levied upon by virtue of any execution, attachment, garnishment, injunction, or other writ, and no order or decree, or any process or proceeding whatsoever, shall issue out of or by any court of this state for the payment or satisfaction in whole or in part out of said Pension Fund, of any debt, damage, claim, demand, or judgment against any such members, pensioners, dependents, or any person whomsoever, nor shall such Pension or any part thereof, or any claim thereto, be directly or indirectly assigned or transferred and any attempt to transfer or assign the same or any part thereof, or any claim thereto, shall be void. Said Fund shall be sacredly held, kept, and disbursed for the purposes provided by this Act, and for no other purpose whatsoever, except that the pensioner, survivor, or dependent, at his discretion, may have deducted from his pension the monthly premium cost of the city's group hospitalization and life insurance plan.

Members in military service

Sec. 21. Members of the Pension System engaged in active military service shall not be required to make the monthly payments into the Pension Fund provided for in this Act, nor shall they lose any previous years of service with the city caused by such military service. Furthermore, the city shall not be required to make any monthly payments into the Pension Fund on such member while he is engaged in the military service. Any member who engages in active military service shall, if he returns to employment by the city within three (3) months after termination of such service, receive credit for his time in such service and shall immediately at the beginning of his first full pay period begin repaying to the Pension Fund the equivalent of all monthly contributions for the total number of months elapsed since he went into such service, such repayment to be completed within twenty-four (24) months of reemployment, and the city shall pay into the Fund one and one-half (1½) times such amount. Credit for military service shall be limited to twenty-four (24) months, unless such period is extended by the Pension Board.

Employees on retirement when act enacted

Sec. 22. Subject to the provisions of Section 17, any former employee of any city now on retirement by such city shall hereafter be paid at the same rate he is now receiving and it is not the intention of this Act to change the status of any member now on Pension by such city.

Cities with pension provisions in their charter

Sec. 23. The terms of this Act shall not apply to any city operating a municipal employees pension program under the terms and provisions of its charter.

Creation of pension system for employees transferred en masse to newly created governmental subdivision

Sec. 23a. Notwithstanding any other provision of this Article 6243g should a governmental subdivision which has been or may be formed in the future to assume and perform the function of a department, agency, or other establishment which was formerly operated by the city or jointly by the city with another governmental subdivision and all employees who performed services for such a department, agency or other establishment were transferred en masse to the newly created governmental subdivision formed to assume and perform the function of the department, agency or other establishment for which such employees performed services prior to their transfer, then such newly created governmental subdivision through its governing body may elect to create a pension system for such transferred employees within ninety days of the enactment of this amendatory act or within ninety days of the creation of such newly created governmental subdivision, whichever occurs later, and the Pension Board of the Pension System established by the city shall, within thirty days after being notified by the governing body of the newly created governmental subdivision of its intention to create a pension system for such transferred employees, transfer to such governing body in cash and/or in obligations of the United States Government of equal fair market value at date of transfer all contributions made by the transferred employees to the Pension System of the city prior to their transfer, who were not eligible and had not elected benefits under the Pension System at the time of transfer, together with all contributions made by the city and/or any other governmental subdivision to the Pension System of the city on behalf of such transferred employees, all without interest. Such payment by the Pension Board of the Pension System of the city shall be in full satisfaction of all claims such transferred employees may have on the Pension System of the city. If the governing body of the newly created governmental subdivision elects not to create, or fails to elect to create, a pension system for the transferred employees within ninety days of the enactment of this amendatory act or within ninety days of the creation of such newly created governmental subdivision, whichever occurs later, then the Pension Board of the Pension System of the city shall refund to each of the transferred employees who was not eligible and had not elected benefits under the Pension System of the city at the time of transfer his own contributions, without interest, in satisfaction of any claim such transferred employee may have on the Pension System of the city. The rights of any transferred employee who was eligible at the time of transfer and had timely elected a benefit under the Pension System of the city shall not be affected by this Section and such employee shall be entitled to all benefits which had accrued to him or her under the Pension System of the city at the time of transfer without regard to this amendatory act.

Sec. 23a added by Acts 1967, 60th Leg., p. 843, ch. 354, § 1, emerg. eff. June 8, 1967.

All moneys of every kind and character collected or to be collected for the Fund shall be paid over to the treasurer and shall be administered and paid out only in accordance with the provisions of this Act.

Contributions by members

Sec. 6. Commencing with the first day of the month following the expiration of thirty (30) days after the passage of this Act or after the date of publication of the final census report which shows that the city has attained a population of nine hundred thousand (900,000) or more inhabitants, each member of the Pension Fund shall pay into such Fund each month, the sum of five percent (5%) of the base salary provided for the classified position in the police department held by the member. Monthly payment by city

Sec. 7. In addition to the payments in the next preceding Section, the city shall pay monthly into the Pension Fund, from the general or other appropriate fund of the city, an amount equal to seven and one-half percent (7½%) of the payroll of the police department. However, should the Police Pension Board deem it necessary for the welfare of the Pension System to increase the contributions of each member of the Police Pension

For Annotations and Historical Notes, see V.A.T.S.

System within the statutory limits of Section 6 of this Act, then the contribution made to the Police Pension System by the city shall, with the approval of the City Council, be increased by one and one-half (1½) times the percentage increase in contribution of the members. As an example: If contributing members are assessed at a six percent (6%) contribution rate, then the city shall, by appropriate Council action, raise its contribution to nine percent (9%) of the payroll of the police department. However, in no event shall the city be required to pay into such Pension Fund any amount in excess of eleven and one-quarter percent (11¼%) of the payroll of the police department as the city's contribution to the Pension Fund, nor shall the city be required to raise its rate of contribution before the next budget year following the effective date of this Act.

Reduction of benefits

Sec. 8. In the event the Pension Fund becomes seriously depleted, in the opinion of the Pension Board, the Pension Board may proportionately and temporarily reduce the benefits of all pensioners and beneficiaries, but such reductions shall thereafter be paid to such pensioners and beneficiaries as and when the Fund is, in the opinion of the Pension Board, sufficiently reestablished to do so.

Investment of surplus

Sec. 9. Whenever in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon such funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas, or in first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time and in such corporation bonds, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said funds. The funds may also be invested in a sum not to exceed ten percent (10%) with a Federal credit union restricted to employees of the city. In making each and all investments, such Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital; provided, however, that not more than fifty percent (50%) of said funds shall be invested at any given time in corporate stocks, nor shall more than five percent (5%) of said funds be invested in securities issued by any one (1) corporation, nor more than five percent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase, and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Security and Exchange Commission or its successors.

Investment Review Committee

Sec. 9a. The Mayor shall appoint an Investment Review Committee, consisting of three (3) qualified persons to be selected from the Trust Departments of the banks of the cities to which this law applies. Such persons shall be experienced in securities and investment matters. The Investment Review Committee shall be appointed for a two-year term. Such Committee shall (a) review the investments of the Fund to deter-

mine their suitability and desirability for the Fund; (b) review the investment procedures and policies pursued by the Board in the administration of the Fund; and (c) submit an annual report of its findings and recommendations to the Pension Board of the Police Officers' Pension System and the Mayor of the city within ninety (90) days after the end of each calendar year.

Transfer of existing pension fund

Sec. 10. Immediately upon passage of this Act, the city pension officer or anyone discharging the duties of the pension officer shall transfer the pro rata share of any existing pension fund to the Police Officers' Pension Fund.

Retirement: amount of pension

Sec. 11. (a) From and after passage of this Act, any member of such Pension System who has been in the service of the city police department for the period of twenty (20) years shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement.

(b) From and after the passage of this Act any member of such Pension System who has been in the service of the city police department for a period of years in excess of twenty (20) years, and who elects to retire from the service of the police department, shall in addition to the thirty percent (30%) of his base salary be paid an additional sum equal to two percent (2%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. For example, a member with twenty-five (25) years' service would be entitled to forty percent (40%); a member with thirty (30) years, fifty percent (50%); etc.

(c) It shall be compulsory for any member to retire from the service of the police department upon attaining the age of sixty-five (65) years. Failure of any member of the Pension System to comply with this provision shall deprive the member and his dependents of any of the benefits provided for herein. If at the time of retirement because of maximum age requirements, the member has completed less than twenty (20) years of service, his monthly retirement pension shall be prorated on the basis of one and one-half percent (1½%) of the base salary of the position of the member per month for each year of service completed.

(d) Upon a member's completion of twenty (20) years of service in the police department, the Pension Board shall issue to the member a certificate showing that he is entitled to the retirement pension. Thereafter when such member retires, whether such retirement be voluntary or involuntary, such monthly payment shall begin forthwith and continue for the remainder of the member's life. However, when such member has completed twenty (20) years' service in the police department and if the physicians of the Pension Board agree that the member is physically fit to continue his active duties in the police department, they may so certify, and the member may continue in the service of the city police department until the member attains the age of sixty-five (65) years, at which time his retirement pension shall be computed as hereinbefore stated.

(e) No member shall be required to make any payments into the Pension Fund after the member has received the aforesaid certificate and the member has retired from the service of the police department.

Disability benefits

Sec. 12. Any member of the police department who becomes incapacitated for the performance of his duty by reason of any bodily injury

For Annotations and Historical Notes, see V.A.T.S.

received in, or illness caused by, the performance of his duty shall, upon presentation to the Pension Board of proof of permanent disability, be retired and shall receive a retirement allowance equal to the percentage of his disability. Such allowance shall be computed on the same basis as a service retirement with regard to length of service; for example, if the member is fifty percent (50%) disabled he shall receive one-half ($\frac{1}{2}$) the retirement allowance granted a member as a service retirement for the period of service he has completed, provided that in case of a disability retirement before the member has completed twenty (20) years of service, he shall receive an allowance based on the minimum allowed for twenty (20) years' service. Such allowance as is granted by the Pension Board shall be paid the member for the remainder of his life or so long as he remains incapacitated. When any member has been retired for permanent, total or partial disability, he shall be subject at all times to reexamination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member refuses to submit himself to any such examination, the Pension Board may, within its discretion, order the payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover, so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for the city in the police department, and such member is reinstated or tendered reinstatement to the position he held at the time of his retirement, then the Pension Board shall order such payment stopped. No person shall be retired either for total or partial disability unless he files with the Pension Board an application for allowance, at which time the Pension Board shall have him examined by no fewer than three (3) physicians, to be chosen by the Pension Board and who are to make their report to the Pension Board.

Rights of survivors

Sec. 18. (a) If any member of the police department who has been retired on allowance because of length of service or disability thereafter dies from any cause whatsoever, or dies from any cause whatsoever after he has become entitled to an allowance or pension certificate, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty, and leaves surviving a widow to whom the member was married prior to his death or retirement, a child or children under the age of eighteen (18) years or a dependent parent, the Board shall order paid a monthly allowance as follows: (a) to the widow, so long as she remains a widow, a sum equal to the allowance which was granted to the member at the time of retirement or which would have been granted to the member upon service or disability pension based on his length of service in the police department; (b) to the guardian of each child, the sum of Twenty-five Dollars (\$25) a month until the child reaches the age of eighteen (18) years or marries; (c) to the dependent parent, only in case no widow is entitled to allowance, the sum the widow would have received, to be paid to but one (1) parent and such parent to be determined by the Pension Board.

(b) If any member of the Pension System has not completed ten (10) years or more years of service in the police department and is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving widow and/or dependent child or children shall be refunded any contributions which the member made to the Pension System, provided that only contributions made by the member himself shall be refunded.

(c) If any member who has completed ten (10) years or more of service in the police department is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual per-

formance of his official duty, his surviving widow and/or dependent child or children shall receive the same benefits as under Section 13(a) of this Act.

Computation of length of service

Sec. 14. In computing the length of service required for retirement pension, continuous service shall be required; provided, however, that in case of interruption of less than two (2) years, credit shall be given for previous service. If out of service more than two (2) years, no service prior to the interruption shall be counted, other than provided in Section 22.

Termination of employment: reemployment

Sec. 15. When any member of the Pension System leaves the employment of the police department other than as provided for in Section 12 or Section 22, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall cease to be a member of the Pension System. No member leaving the employment of the police department and the membership in the Pension System shall be refunded any money paid by the member into the System as contributions or any of the moneys paid into the System by any source except as stated in Section 13(b) and in Section 22. If such person is thereafter reemployed by the city police department, he shall thereupon be reinstated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician or physicians in the city, satisfactory to the Pension Board. Prior service of such member with the city police department shall not be counted toward his retirement pension unless such member returns to the service within two (2) years from his separation therefrom and makes within six (6) months after his reemployment by the city in the police department written application to the Pension Board for reinstatement in the Pension System.

Transfer from another department

Sec. 16. No prior credit shall be allowed for service to any person who transfers from some other department in the city to the police department. For example, if one is transferred from some other department of the city to the city police department, such person's service will be computed from the day he enters the city police department.

Donations

Sec. 17. The Police Officers' Pension System may accept gifts and donations, and such gifts and donations shall be added to the Pension Fund for the use of such system.

Conviction of felony

Sec. 18. Whenever any person who has been granted an allowance hereunder is convicted of a felony, then the Board shall order the allowance so granted or allowed such person discontinued, and in lieu thereof shall order to be paid to his wife or dependent child, children, or dependent parent the amount herein provided to be paid such dependent or dependents in case of the death of the person so originally granted or entitled to allowance.

Legal advice

Sec. 19. The city attorney of the city shall handle all legal matters for the Pension System which are referred to him by the Pension Board or city without additional compensation therefor. The Pension Board,

For Annotations and Historical Notes, see V.A.T.S.

may, however, if it deems necessary, employ outside advice to the exclusion of, or to assist, the city attorney, and pay reasonable compensation therefor out of the Pension Fund.

Exemption of benefits from execution, etc., assignment

Sec. 20. No portion of the Pension Fund, either before or after its order of disbursement by the Pension Board, and no amounts due or to become due any beneficiary or pensioner under this Act, shall be held, seized, taken, subjected to, detained, or levied, upon by virtue of any execution, attachment, garnishment, injunction, or other writ, and no order or decree, and no process or proceedings whatsoever, shall issue out of or by any court of this State for the payment or satisfaction, in whole or in part, out of the Pension Fund, of any debt, damage, claim, demand, or judgment against any members, pensioners, dependents, or any person whomsoever, nor shall such pension funds or any part thereof or any claim thereto, be directly or indirectly assigned or transferred. Any attempt to transfer or assign the same or any part thereof or any claim thereto shall be void. The Pension Fund shall be sacredly held, kept, and disbursed for the purposes provided in this Act, and for no other purpose whatsoever, except that the pensioner, survivor, or dependent, at his discretion, may have deducted from his pension the monthly premium cost of any group insurance program in which the pensioner may be entitled to participate.

Actuary

Sec. 21. Such Pension Board may employ an actuary and pay his compensation therefor out of the Pension Fund no more than once every ten (10) years.

Members in military service

"Sec. 22. Members of the Pension System engaged in active military service shall not be required to make the monthly payments into the Pension Fund provided for in this Act, nor shall they lose any previous years' service with the city caused by such military service. Such military service shall count as continuous service in the police department provided that when the member is discharged from the military service, he shall return to the city police department under provisions of the city charter, and his military service shall not exceed the national emergency for that period of military service. The city, however, shall be required to make its regular monthly payments into the Pension Fund on each member while he is engaged in the military service. In the event of death of a member of the Pension System, either directly or indirectly caused from such military service, his widow or dependent parent or other dependents shall be entitled to receive a refund as stated in Section 13(b).

Actions for funds misapplied, etc.

Sec. 23. The Pension Board shall have the power and authority to recover by civil action from any offending party, or from his bondsman, if any, any moneys paid out or obtained from the Pension Fund through fraud, misrepresentation, theft, embezzlement, or misapplication, and may institute, conduct and maintain such action in the name of the Board for the use and benefit of such funds.

Former employees on retirement when act enacted

Sec. 24. The former employees of any such police department now on retirement shall hereafter be paid a monthly pension out of the Pension Fund provided for herein in the same amount and under the same conditions as are provided herein for present and future employees of the

police department becoming members of the Pension System, provided however, that from and after the passage of this Act, any member of such pension system who retired prior to January 1, 1968, and who has served more than the minimum required twenty (20) years, shall receive in addition to the minimum thirty percent (30%) of his base salary per month, an additional sum monthly equal to one percent (1%) of his monthly salary for each year in excess of 20, and provided that those members who retire after January 1, 1968, and who have served more than the minimum required twenty (20) years, shall receive in addition to the minimum thirty percent (30%) of his base salary per month, an additional sum monthly equal to two percent (2%) of his monthly salary for each year served in excess of the minimum twenty (20) years.

"Sec. 2. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given

(2) If the rights and interests conveyed to the State consist only of the right to use such property, and title is not held by the State, convey the State's rights and interests to the owner of the fee in said property.

(3) If title or any interest in such property was acquired and held by a county or city in its own name for use by the State, quitclaim to the county or city any interest of the State which might accrue from the State's use of the property; or if there is no record title to such property, quitclaim the State's interests, which might accrue from its use of the property, to the county or city wherein such land is located, or to abutting property owners at the request of the county or city.

The sale price shall be the same as the purchase price paid by or for the State, plus six percent interest per annum from the date of that payment by or for the State. When the Commission determines that the property is not needed for highway purposes, it shall give written notice of that determination to the grantor. The notice shall be mailed to the grantor at his address as of the time of acquisition. Within two years after the notice is mailed, the grantor, his heirs, successors, or assigns may request in writing that the State reconvey the property to them. If at the expiration of the two-year period, no such request has been received by the Commission, the State may then dispose of the property at public sale.

A license shall not be issued to any applicant who has not passed the examination required in Section 10 of Article 6687b, Vernon's Texas Civil Statutes. The Department shall carry out the duties required of it by the provisions of this Act in any manner that will expedite the performance of such duties, and in a manner that will provide the greatest convenience for the public; provided that any person who has satisfactorily completed and passed the class-room phase of an approved driver

education course may apply to the Department for an instruction permit if he is at least fifteen (15) years of age, and the Department may, in its discretion, after the applicant has successfully passed all parts of the driver examination required in Section 10 of this Act, other than the driving test, issue to the applicant an instruction permit which shall entitle the applicant while having such permit in his immediate possession to drive a motor vehicle upon the public highways when accompanied by a licensed operator, commercial operator, or chauffeur, who is at least twenty-one (21) years of age and has had at least one (1) year of driving experience and who is occupying a seat beside the driver; and provided further the Department may issue a license to any person who has attained the age of fifteen (15) years where, in the opinion of the Department, (1) it appears that the failure or refusal to issue such license to any such person will work an unusual economic hardship on the family of the applicant for the license, or (2) it appears that a license should be granted to the applicant because of the sickness or illness of members of the family of the applicant, or (3) a failure to issue such license would be detrimental to the general welfare of the applicant or of his or her family and provided further that the applicant has taken and passed the examination required in Section 10 of Article 6687b, Vernon's Civil Statutes. In no event shall an operator's license of any class be issued to any person of less than fifteen (15) years of age. Any person who has been refused a driver's license under the terms of this paragraph may appeal to the county court in the county in which he is a resident, where the matter may be tried upon request of petitioner or respondent. And provided further that a special combination operator and commercial operator restricted license may be issued to any person between the ages fifteen (15) and eighteen (18) years to operate only a motorcycle, motor scooter or motorized bicycle, the horsepower of any of which does not exceed five (5) brake horsepower. 6. To any person, as an operator, commercial operator, or chauffeur, who has previously, by a court of competent jurisdiction, been adjudged insane or an idiot, imbecile, or feebleminded, and who has not, at the time of such application, been restored to competency by judicial decree or released from a hospital for the insane or feebleminded upon a certificate of the superintendent that such person is competent;

7. To any person, as an operator, commercial operator, or chauffeur, who is required by this Act to take an examination, unless such person shall have successfully passed such examination;

8. To any person when in the opinion of the Department such person is afflicted with or suffering from such physical or mental disability or disease as will serve to prevent such person from exercising reasonable and ordinary control over a motor vehicle while operating the same upon the highways, nor shall a license be issued to any person who is unable to understand highway warnings or direction signs in the English language; provided, however, no person shall be refused a license because of any physical defect unless it be shown by common experience that such defect incapacitates him from safely operating a motor vehicle;

10. To a person who applies for or receives public assistance as a needy blind person.

(d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.

(e) "Nonbusiness income" means all income other than business income.

(f) "Public utility" means any business entity (1) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipe line, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and (2) whose rates of charges for goods or services have been established or approved by a Federal, State or local government or governmental agency.

(g) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this Article.

(h) "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any Territory or Possession of the United States, and any foreign country or political subdivision thereof.

(i) "This State" means the State in which the relevant tax return is filed or, in the case of application of this Article to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.

2. Any taxpayer having income from business activity which is taxable both within and without this State, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this Article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this Article, the taxpayer may elect to allocate and apportion his entire net income as provided in this Article.

3. For purposes of allocation and apportionment of income under this Article, a taxpayer is taxable in another State if (1) in that State he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that State has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the State does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this Article.

5. (a) Net rents and royalties from real property located in this State are allocable to this State.

(b) Net rents and royalties from tangible personal property are allocable to this State: (1) if and to the extent that the property is utilized in this State, or (2) in their entirety if the taxpayer's commercial domicile is in this State and the taxpayer is not organized under the laws of or taxable in the State in which the property is utilized.

(c) The extent of utilization of tangible personal property in a State is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the State during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the State in which the property was located at the time the rental or royalty payer obtained possession.

6. (a) Capital gains and losses from sales of real property located in this State are allocable to this State.

(b) Capital gains and losses from sales of tangible personal property are allocable to this State if (1) the property had a situs in this State at the time of the sale, or (2) the taxpayer's commercial domicile is in this State and the taxpayer is not taxable in the State in which the property had a situs.

(c) Capital gains and losses from sales of intangible personal property are allocable to this State if the taxpayer's commercial domicile is in this State.

7. Interest and dividends are allocable to this State if the taxpayer's commercial domicile is in this State.

8. (a) Patent and copyright royalties are allocable to this State: (1) if and to the extent that the patent or copyright is utilized by the payer in this State, or (2) if and to the extent that the patent or copyright is utilized by the payer in a State in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

(b) A patent is utilized in a State to the extent that it is employed in production, fabrication, manufacturing, or other processing in the State or to the extent that a patented product is produced in the State. If the basis of receipts from patent royalties does not permit allocation to States or if the accounting procedures do not reflect States of utilization, the patent is utilized in the State in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a State to the extent that printing or other publication originates in the State. If the basis of receipts from copyright royalties does not permit allocation to States or if the accounting procedures do not reflect States of utilization, the copyright is utilized in the State in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this State during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from sub-rentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this State if:

(a) the individual's service is performed entirely within the State;

(b) the individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or

(c) some of the service is performed in the State and (1) the base of operations or, if there is no base of operations, the place from which

For Annotations and Historical Notes, see V.A.T.S.

the service is directed or controlled is in the State, or (2) the base of operations or the place from which the service is directed or controlled is not in any State in which some part of the service is performed, but the individual's residence is in this State.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this State during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. Sales of tangible personal property are in this State if:

(a) the property is delivered or shipped to a purchaser, other than the United States Government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(b) the property is shipped from an office, store, warehouse, factory, or other place of storage in this State and (1) the purchaser is the United States Government or (2) the taxpayer is not taxable in the State of the purchaser.

17. Sales, other than sales of tangible personal property, are in this State if:

(a) the income-producing activity is performed in this State; or

(b) the income-producing activity is performed both in and outside this State and a greater proportion of the income-producing activity is performed in this State than in any other State, based on costs of performance.

18. If the allocation and apportionment provisions of this Article do not fairly represent the extent of the taxpayer's business activity in this State, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) separate accounting;

(b) the exclusion of any one or more of the factors;

(c) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this State; or

(d) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Article V. Elements of Sales and Use Tax Laws.

Tax Credit.

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another State and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the State, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

Exemption Certificates, Vendors May Rely.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate State or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

Article VI. The Commission.

Organization and Management.

1. (a) The Multistate Tax Commission is hereby established. It shall be composed of one 'member' from each party State who shall be the head of the State agency charged with the administration of the types of

taxes to which this compact applies. If there is more than one such agency the State shall provide by law for the selection of the Commission member from the heads of the relevant agencies. State law may provide that a member of the Commission be represented by an alternate but only if there is on file with the Commission written notification of the designation and identity of the alternate. The Attorney General of each party State or his designee, or other counsel if the laws of the party State specifically provide, shall be entitled to attend the meetings of the Commission, but shall not vote. Such Attorneys General, designees, or other counsel shall receive all notices of meetings required under paragraph 1(e) of this Article.

(b) Each party State shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the Commission member from that State.

(c) Each member shall be entitled to one vote. The Commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The Commission shall adopt an official seal to be used as it may provide.

(e) The Commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its Executive Committee may determine. The Commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The Commission shall elect annually, from among its members, a Chairman, a Vice Chairman and a Treasurer. The Commission shall appoint an Executive Director who shall serve at its pleasure, and it shall fix his duties and compensation. The Executive Director shall be Secretary of the Commission. The Commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel or other merit system laws of any party State, the Executive Director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the Commission and shall fix their duties and compensation. The Commission bylaws shall provide for personnel policies and programs.

(h) The Commission may borrow, accept or contract for the services of personnel from any State, the United States, or any other governmental entity.

(i) The Commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(j) The Commission may establish one or more offices for the transacting of its business.

(k) The Commission shall adopt bylaws for the conduct of its business. The Commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the party States.

(l) The Commission annually shall make to the Governor and legislature of each party State a report covering its activities for the preceding year. Any donation or grant accepted by the Commission or services borrowed shall be reported in the annual report of the Commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The Commission may make additional reports as it may deem desirable.

Committees.

2. (a) To assist in the conduct of its business when the full Commission is not meeting, the Commission shall have an Executive Committee of seven members, including the Chairman, Vice Chairman, Treasurer and four other members elected annually by the Commission. The Executive Committee, subject to the provisions of this compact and consistent with the policies of the Commission, shall function as provided in the bylaws of the Commission.

(b) The Commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the Commission, including problems of special interest to any party State and problems dealing with particular types of taxes.

(c) The Commission may establish such additional committees as its bylaws may provide.

Powers.

3. In addition to powers conferred elsewhere in this compact, the Commission shall have power to:

(a) Study State and local tax systems and particular types of State and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of State and local tax laws with a view toward encouraging the simplification and improvement of State and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party States in implementation of the compact and taxpayers in complying with State and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

Finance.

4. (a) The Commission shall submit to the Governor or designated officer or officers of each party State a budget of its estimated expenditures for such period as may be required by the laws of that State for presentation to the legislature thereof.

(b) Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party States. The total amount of appropriations requested under any such budget shall be apportioned among the party States as follows: one-tenth in equal shares; and the remainder in proportion to the amount of revenue collected by each party State and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the Commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party States. Each of the Commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The Commission shall not pledge the credit of any party State. The Commission may meet any of its obligations in whole or in part with funds available to it under paragraph (1) (i) of this Article: provided that the Commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it under paragraph 1(i), the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

(d) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Commission.

(e) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

(f) Nothing contained in this Article shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

Article VII. Uniform Regulations and Forms.

1. Whenever any two or more party States, or subdivisions of party States, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the Commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The Commission may also act with respect to the provisions of Article IV of this compact.

2. Prior to the adoption of any regulation, the Commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party States and subdivisions thereof and to all taxpayers and other persons who have made timely request of the Commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party States and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the Commission.

3. The Commission shall submit any regulations adopted by it to the appropriate officials of all party States and subdivisions to which they might apply. Each such State and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

Article VIII. Interstate Audits.

1. This Article shall be in force only in those party States that specifically provide therefor by statute.

2. Any party State or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records or other documents may request the Commission to perform the audit on its behalf. In responding to the request, the Commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The Commission may enter into agreements with party States or their subdivisions for assistance in performance of the audit. The Commission shall make charges, to be paid by the State or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The Commission may require the attendance of any person within the State where it is conducting an audit or part thereof at a time and place fixed by it within such State for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the Commission within

For Annotations and Historical Notes, see V.A.T.S.

the State of which he is a resident: provided that such State has adopted this Article.

4. The Commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this Article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the Commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the State or subdivision on behalf of which the audit is being made or a court in the State in which the object of the order being sought is situated. The provisions of this paragraph apply only to courts in a State that has adopted this Article.

5. The Commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable or of satisfactory performance. If the Commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party States or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the Commission.

6. Information obtained by any audit pursuant to this Article shall be confidential and available only for tax purposes to party States, their subdivisions or the United States. Availability of information shall be in accordance with the laws of the States or subdivisions on whose account the Commission performs the audit, and only through the appropriate agencies or officers of such States or subdivisions. Nothing in this Article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party States or any of their subdivisions are not superseded or invalidated by this Article.

8. In no event shall the Commission make any charge against a taxpayer for an audit.

9. As used in this Article, 'tax,' in addition to the meaning ascribed to it in Article II, means any tax or license fee imposed in whole or in part for revenue purposes.

Article IX. Arbitration.

1. Whenever the Commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this Article in effect, notwithstanding the provisions of Article VII.

2. The Commission shall select and maintain an Arbitration Panel composed of officers and employees of State and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ Article IV, or whenever the laws of the party State or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by written notice to the Commission and to each party State or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation, if he is dissatisfied with the final administrative determination of the tax agency of the State or subdivision with respect thereto on the ground that it would subject him to double or multiple taxation by two or more party States or subdivisions thereof. Each party State and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The Arbitration Board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the Commission's Arbitration Panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the Arbitration Panel. The two persons selected for the Board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the Board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the Arbitration Panel. No member of a Board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The Board may sit in any State or subdivision party to the proceeding, in the State of the taxpayer's incorporation, residence or domicile, in any State where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

6. The Board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The Board shall act by majority vote.

7. The Board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the Board. In case of failure to obey a subpoena, and upon application by the Board, any judge of a court of competent jurisdiction of the State in which the Board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in States that have adopted this Article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the Board in such manner as it may determine. The Commission shall fix a schedule of compensation for members of Arbitration Boards and of other allowable expenses and costs. No officer or employee of a State or local government who serves as a member of a Board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such Board member shall be entitled to expenses.

9. The Board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the Board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The Board shall file with the Commission and with each tax agency represented in the proceeding: the determination of the Board; the Board's written statement of its reasons therefor; the record of the Board's proceedings; and any other documents required by the arbitration rules of the Commission to be filed.

11. The Commission shall publish the determinations of Boards together with the statements of the reasons therefor.

12. The Commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party States.

13. Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceeding.

Article X. Entry Into Force and Withdrawal.

1. This compact shall enter into force when enacted into law by any seven States. Thereafter, this compact shall become effective as to any other State upon its enactment thereof. The Commission shall arrange for notification of all party States whenever there is a new enactment of the compact.

2. Any party State may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

3. No proceeding commenced before an Arbitration Board prior to the withdrawal of a State and to which the withdrawing State or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the Board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

Article XI. Effect on Other Laws and Jurisdiction.

Nothing in this compact shall be construed to:

(a) Affect the power of any State or subdivision thereof to fix rates of taxation, except that a party State shall be obligated to implement Article III 2 of this compact.

(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax; provided that the definition of "tax" in Article VIII 9 may apply for the purposes of that Article and the Commission's powers of study and recommendation pursuant to Article VI 3 may apply.

(c) Withdraw or limit the jurisdiction of any State or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.

(d) Supersede or limit the jurisdiction of any court of the United States.

Article XII. Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating therein, the compact shall remain in full force and effect as to the remaining party States and in full force and effect as to the State affected as to all severable matters.

Appointment of Commission Member

Sec. 2. (a) The governor shall appoint the Comptroller of Public Accounts of the State of Texas to represent this state on the Multistate Tax Commission created by Article VI of the compact.

(b) The comptroller may designate one of his division chiefs as an alternate representative on the commission.

Local Government Council

Sec. 3. After consultation with representatives of local governments, the governor shall appoint three persons who are representative of

political subdivisions affected or likely to be affected by the compact. The comptroller and his alternate shall consult regularly with these appointees in accordance with Article VI 1(b) of the compact.

Multistate Tax Compact Advisory Committee

Sec. 4. (a) The Multistate Tax Compact Advisory Committee is created. It consists of the comptroller and his alternate designated under Section 2(b) of this Act, the attorney general or his designee, two members of the Senate appointed by the President of the Senate, and two members of the House appointed by the Speaker of the House. The comptroller is chairman of the advisory committee.

(b) The committee shall meet at the call of its chairman, or at the request of a majority of its members, but in any event must meet at least three times a year. The committee may consider any matters relating to recommendations of the Multistate Tax Commission and the activities of the members representing this state on the commission.

(3) In the case of gross error in information reported in a return that would increase the amount of tax payable by twenty-five percent (25%) or more; the tax may be assessed and collected, or a proceeding in any court for the collection of such a tax may be begun without assessment, at any time.

(B) **Period for Sales and Use Tax.** For the purpose of the Limited Sales, Excise and Use Tax imposed by Chapter 20 of this Title, the period of time provided by this Article shall be four (4) years, and any provision of Chapter 20 to the contrary is hereby repealed to the extent of such conflict.

(C) **Agreement to Extend Period.** If, before the expiration of the period of time prescribed in this Article for the assessment and collection of any tax imposed by this Title, or before the expiration of any shorter period of time as may be otherwise provided in this Title, the Comptroller, or his representative, and the taxpayer have consented in writing to an assessment after such time, the tax may be assessed and collected, and an action may be commenced in any court to collect the amount delinquent, at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(D) **Beginning of Period.** The "date such tax is due and payable" as used in this Article, for purposes of any tax imposed by this Title, shall mean the day after the due date of the tax payment as prescribed by the Article of this Title imposing such tax, provided, however, that with respect to any tax, other than the Limited Sales, Excise and Use Tax, required to be paid by this Title prior to the effective date of this Article, such term shall mean September 1, 1965.

(E) **Suspension of Time for Litigation or Redetermination.** When, before the expiration of the period of time prescribed in this Article for the assessment and collection of any tax imposed by this Title, or before the expiration of any shorter period of time as may be otherwise provided for such assessment and collection by any Article of this Title, a tax payment is made under protest, a judicial proceeding is pending in a court of competent jurisdiction to determine the amount of tax due, or an administrative proceeding is pending before the Comptroller for redetermination of tax liability, the period of time prescribed in this Article or otherwise provided by any Article of this Title shall be suspended with respect to the amount of the tax in issue in the protest, court proceeding or administrative proceeding, until such matters are finally determined, whereupon the running of said period of time shall resume until finally expired.

(F) **Extension of Time for Action by Regulatory Bodies.**

(1) Notwithstanding any provision of any other Article of this Title, when any administrative proceeding before any local, state or federal regulatory agency or judicial proceeding arising therefrom, results in a final determination which affects the amount of tax liability imposed by any Article of this Title, such final determination shall be reported to the Comptroller within sixty (60) days after becoming final, with a statement of the reasons for the difference in tax liability, in such detail as the Comptroller may require.

(2) If, from such report or from investigation, it shall appear that the tax liability affected by such final determination has not been fully

For Annotations and Historical Notes, see V.A.T.S.

assessed, the Comptroller shall, within one year after the receipt of such report or within one year of discovery of such final determination, if unreported, assess the deficiency, with penalties and interest. The Comptroller may bring an action in the courts of this State, or of any other state, or of the United States within such one-year period to collect such deficiency together with penalties and interest. If no report of such final determination is filed within the prescribed sixty-day period, then the Comptroller shall have one year in which to assess any deficiency, penalties and interest, and bring an action to collect such deficiency, penalties and interest, from the date such final determination is reported to the Comptroller, or from the date the Comptroller discovers such final determination, whichever shall first occur.

(3) Should such report or investigation disclose an overpayment of such tax liability, the Comptroller shall issue a refund or credit for such overpayment within the aforementioned one-year period after receiving such report or discovering such final determination.

(4) No action may be commenced to collect any deficiency disclosed by such final determination after one year from the date the Comptroller receives such report or discovers such final determination unless the period prescribed for such an action by this Article or any other Article of this Title has not expired.

(G) Limitation for Refunds and Credits. Notwithstanding any provision of this Title, the period of time during which the Comptroller may refund any overpayment of tax or issue a credit for overpayment of any tax imposed by this Title shall not expire prior to the expiration of the period of time within which the Comptroller may assess a deficiency with respect to such tax. The Comptroller shall not issue any such refund or credit after the time for assessment of a deficiency has expired unless such tax was paid under protest and such refund or credit is made under court order.

"Sec. 2. Severability. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, this invalidity shall not affect other provisions or applications of this Act which

"Sec. 3. Effective date. This Act shall be effective July 1, 1967."

Art. 1.11A Tax Refunds

(1) This Article applies to any occupation, excise, gross receipts, franchise, license or other privilege tax or fee collected or administered by the Comptroller of Public Accounts. It does not apply to the State ad valorem tax nor to refunds for non-taxable use of any motor fuel or special fuels.

(2) When the Comptroller determines that any person, firm or corporation has through mistake of law or fact overpaid the amount due the State on any tax collected or administered by the Comptroller, the Comptroller may refund such overpayment by warrant on the State Treasury from any funds appropriated for such purpose.

"Sec. 3. Effective date. This Act shall be effective July 1, 1967."

Art. 1.13 Timely Filing of Reports

(a) Any report, required by any provision of this Title to be filed or made on or before a specific date shall be deemed timely filed if said report, shall be placed in the United States Post Office or in the hands of a common or contract carrier properly addressed to the Comptroller of Public Accounts on or before the date required for such payment, report, annual report, return, declaration, statement, or document to be filed or made.

(b) The postmark or receipt mark (if received by a common or contract carrier) will be prima facie evidence of the date that such report was deposited with the post office or the carrier. The person making the report or the Comptroller may show by competent evidence that the actual date of posting was to the contrary.

(c) The person making the report shall be deemed to have substantially complied with the filing requirements as to timeliness if he exercised reasonable diligence to comply and through no fault of his own the reports were not timely filed.

(d) If the report is filed within ten (10) days after the due date and as originally filed shows the correct amount of taxes due, no assessment for penalties and interest will be made solely on the grounds of late filing after the lapse of ninety (90) days immediately following the date the report was required to be filed.

(e) If the due date falls on a Saturday, Sunday, or legal holiday, the next business day thereafter will be considered to be the due date.

(f) The term "report" shall include any payment, report, annual report, return, declaration, statement or other document required by any provision of this Title to be filed with the Comptroller.

(g) The Comptroller is hereby authorized to refund or issue credits for penalties and interest paid solely as a result of returns timely mailed but postmarked after the required filing date; provided, however, that no refund or credit shall be allowed for such penalties incurred prior to September 1, 1961, the original effective date of this Article.

Art. 1.14 Injunction

(a) In this Article, "person" means any individual, firm, copartnership, agency, joint venture, association, social club, fraternal organization, corporation, estate, trust, business trust, receiver, assignee for the benefit of creditors, trustee, trustee in bankruptcy, syndicate, cooperative, assignee, any entity, or any other group or combination acting as a unit, and their successors, administrators, executors, and representatives.

(b) Every person engaged in any business pursuant to which he or it may receive, collect or withhold any money which has been paid or withheld as a tax imposed by the provisions of this Title who shall fail to file the reports or to pay any such tax or taxes, as required by this Title, may be enjoined by a suit brought by the Attorney General from continuing in such business until such report or reports are filed and such tax or taxes are paid. Venue of any such suit or injunction is hereby fixed in Travis County, Texas.

(c) In all cases where the Comptroller determines that tax collections are insecure, he may require a cash deposit, bond or other security as a condition for any person who receives, collects or withholds money as taxes to obtain or retain any permit issued pursuant to the provisions of this Title. The security shall be in the amount and form as the Comptroller deems sufficient except that it shall not exceed the persons estimated yearly tax liability.

CHAPTER 7—CIGARETTE TAX LAW

Art. 7.10 Possession of Unstamped Cigarettes

Every person, other than a distributing agent, bonded distributor, or common carrier, shall before receiving or accepting delivery of any cigarettes without stamps affixed to evidence the payment of the tax, obtain from the Treasurer the requisite amount or number of stamps necessary to stamp such cigarettes and the possession of any unstamped cigarettes without the possession of the requisite amount or number of stamps shall be prima facie evidence that said cigarettes are possessed for the purpose of making a "first sale" thereof without stamps and without payment of the tax levied herein.

Every distributor in this State shall cause all cigarettes received by him to have the requisite denominations and amount of stamps affixed to represent the tax as levied herein; provided, however, that any distributor who has obtained from the Treasurer and has in his possession the requisite amount and number of stamps necessary to stamp all cigarettes received by him may hold such cigarettes from a period of not longer than ninety-six (96) hours, excluding Saturdays, Sundays, and legal holidays, before affixing the stamps as required herein.

Amended by Acts 1967, 60th Leg., p. 2046, ch. 755, § 1, eff. Aug. 28, 1967.

Art. 7.23 Distributing agents; paying taxes and affixing stamps; licensing

(1) Every distributing agent in this State now engaged, or who desires to become engaged in the business of storing unstamped cigarettes previously sold in interstate commerce and received in interstate commerce for distribution or delivery only upon order received from without the State, shall within thirty (30) days from the date this law becomes effective, file with the Comptroller, an application for a distributing agent's permit, on a form prescribed by the Comptroller to be furnished upon written request, the failure to furnish which shall be no excuse for the failure to file the same unless an absolute refusal is shown. Said form shall set forth the name under which such distributing agent transacts or intends to transact such business as a distributing agent, the principal office and place of business in Texas for which the permit is to apply, and if other than an individual, the principal officers or members thereof and their addresses. The Comptroller may require any other information he may desire in said application. No distributing agent shall engage in such business until such application has been filed and the fee of One Hundred Dollars (\$100) paid for the permit and until the permit has been obtained. Said permit shall expire on the last day of February of each year but may be renewed upon like application and upon payment of another fee in the amount set out above. An application shall be filed and a permit obtained for each place of business owned or operated by a distributing agent.

Upon receipt of the application and permit fee herein provided for, the Comptroller shall issue to every distributing agent, for the place of business designated, a non-assignable, consecutively numbered permit, authorizing the storing and distribution of unstamped cigarettes within this State when such distribution is made upon interstate orders only. Notwithstanding anything in this Chapter which may provide to the contrary, the distribution or delivery of cigarettes by a distributing agent to a licensed distributor in Texas pursuant to instructions received from outside the State shall not constitute the "first sale" of such cigarettes. Sec. 1 amended by Acts 1965, 59th Leg., p. 1262, ch. 580, § 4A, eff. June 17, 1965; Acts 1967, 60th Leg., p. 106, ch. 50, § 1, emerg. eff. April 17, 1967.

(2) Upon cigars of all description weighing more than three (3) pounds per one thousand (1,000) retailing for over three and three-tenths cents (3.3¢) each, containing no substantial amount of non-tobacco ingredients, having a factory list price, exclusive of this tax, of One Hundred Seventy Dollars (\$170) or more per thousand (1,000), Fifteen Dollars (\$15) per thousand (1,000).

(4) All cigars described in this Paragraph (c) are presumed to contain a substantial amount of non-tobacco ingredients unless the report to the Comptroller made for the purpose of establishing the tax upon such cigars is accompanied by an affidavit, by the manufacturer when the manufacturer prepares such report or by both the manufacturer and the distributor, when the distributor prepares such report, stating that specific cigars described in such report contain no sheet wrapper, sheet binder, or sheet filler.

Par. (c) amended by Acts 1967, 60th Leg., p. 2056, ch. 760, § 2, eff. Aug. 28, 1967.

drip gasolines, regardless of their classification or uses; and (b) any liquid prepared, advertised, offered for sale or sold for use as or commonly and commercially used as a fuel in propelling motor vehicles, which when subjected to distillation in accordance with the standard method of test for distillation of gasoline, naphtha, kerosene, and similar petroleum products (American Society for Testing Materials Designation D-86) shows not less than ten per centum (10%) distilled (recovered) below three hundred forty-seven degrees (347°) Fahrenheit and not less than ninety-five per centum (95%) distilled (recovered) below four hundred sixty-four degrees (464°) Fahrenheit; provided, however, the term 'motor fuel' shall not include liquefied gases which would not exist as liquids at a temperature of sixty degrees (60°) Fahrenheit and at a pressure of fourteen and seven-tenths (14.7) pounds per square inch absolute; and provided further, that the term "motor fuel" shall not include commercial solvents or naphthas which have a distillation range of one hundred fifty degrees (150°) Fahrenheit or less, or raw petroleum products or petrochemical intermediates, when used as or sold for use in production or manufacture of plastics, detergents, synthetic rubber, herbicides, insecticides, or other chemicals or products which are not prepared, advertised, offered for sale or sold for use as fuel for generating power in internal combustion engines.

Subsec. 1 amended by Acts 1967, 60th Leg., p. 1800, ch. 689, § 1, eff. Sept. 1, 1967.

(2) "Motor vehicle" means every self-propelled vehicle designed for operation or required to be licensed for operation upon the public highway. Tractors, combines, and other vehicles not required to be so licensed shall be deemed to be motor vehicles to the extent they are operated upon the public highway with motor fuel on which the tax is required to be paid. Subsec. 2 amended by Acts 1967, 60th Leg., p. 1801, ch. 689, § 1a, eff. Sept. 1, 1967.

"Sec. 9. Saving Clause. All taxes, penalties and interest accrued, and all liens created and bonds executed to secure their payments under any laws repealed or amended by this Act prior to its effective date, are hereby declared to be legal and valid obligations to this State; and any offenses committed or any fines or penalties incurred under any laws repealed or amended by this Act prior to the effective date thereof, shall not be affected by the repeal or amendment of any such laws, but the punishment of such offenses and the recovery of such fines or penalties shall take place as if the laws repealed or amended had remained in force.

"Sec. 10. Repealer. All laws or parts of laws in conflict herewith are, insofar as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provision of law."

Art. 9.02 Rate of Tax; Allowances for Handling and Evaporation

* * * * *

(6) When a distributor imports motor fuel into or exports motor fuel from the State of Texas in the fuel supply tanks of motor vehicles having an aggregate capacity of more than thirty (30) gallons per vehicle, the amount of motor fuel consumed by him within this State shall be deemed to be such proportion of the total amount of such motor fuel consumed in his entire operations within and without this State as the total number of miles traveled on the public highways within this State bears to the total number of miles traveled within and without this State.

Subsec. 6 added by Acts 1967, 60th Leg., p. 1801, ch. 689, § 2, eff. Sept. 1, 1967.

(7) In the absence of records showing the number of miles actually operated per gallon of motor fuel consumed, it shall be prima facie presumed that not less than one (1) gallon of motor fuel was consumed for every four (4) miles traveled. Provided, however, that if a distributor

furnishes evidence sufficient and satisfactory to the Comptroller that records cannot be acquired from all of his vehicle operators in time to file reports within the time prescribed by law accounting for the amount of motor fuel consumed and the miles traveled in his operations as provided in (6) above, the Comptroller may agree to accept reports with the tax computed on a fixed mileage basis by which the miles traveled within the State will be divided by the mileage factor acceptable to the Comptroller to determine the amount of motor fuel consumed in his operations upon the highways of this State. It is expressly provided, however, that whenever an audit made by the Comptroller from the records of any such distributor shows that a greater amount of fuel was consumed than was reported by the distributor for tax purposes, said distributor will be liable for the tax on any additional amount shown, and any penalties and interest due thereon.

Subsec. 7 added by Acts 1967, 60th Leg., p. 1801, ch. 689, § 2, eff. Sept. 1, 1967.

Acts 1967, 60th Leg., p. 1800, ch. 689, §§ 1, 1a amended article 9.01; sections 3-8 of the 1967 act amended articles 9.03, 9.06, 9.13 and 9.23, and sections 9 and 10 thereof, a savings clause and repealer provision, are set out as notes under article 9.01.

Art. 9.03 Reports

* * * * *

(4) When it shall appear that a distributor to whom the provisions of this Chapter shall apply has erroneously reported and remitted or paid more taxes than were due the State of Texas upon any motor fuel during any taxpaying period, either on account of a mistake of fact or law, it shall be the duty of the Comptroller to credit the total amount of taxes due by such distributor for the current period with the total amount of taxes so erroneously paid, or said distributor may file claim for refund of the taxes erroneously paid. Such credit shall be allowed or the tax refund claim paid before any penalties and interest shall be applicable.

Subsec. 4 amended by Acts 1967, 60th Leg., p. 1801, ch. 689, § 3, eff. Sept. 1, 1967.

* * * * *

(6) Every distributor who imports into this State motor fuel in motor vehicle fuel supply tanks having an aggregate capacity of more than thirty (30) gallons per vehicle shall file, as a part of the monthly report required of distributors, schedules as the Comptroller by regulation may require, showing the mileage traveled and fuel purchased and consumed in motor vehicles operated into and from the State of Texas.

Subsec. 6 added by Acts 1967, 60th Leg., p. 1802, ch. 689, § 4, eff. Sept. 1, 1967.

Acts 1967, 60th Leg., p. 1800, ch. 689, §§ 1-2 amended articles 9.01 and 9.02; sections 5-8 of the 1967 Act amended articles 9.06, 9.13 and 9.23, and sections 9 and 10 thereof, a savings clause and repealer provision, are set out as notes under article 9.01.

Art. 9.06 Application for Distributor's Permit

* * * * *

(3) Before importing motor fuel into this State in fuel supply tanks of motor vehicles having an aggregate capacity of more than thirty (30) gallons per vehicle, the importer shall reproduce the distributor's permit he is required herein to obtain from the Comptroller authorizing the first sale, use, or distribution of motor fuel in this State, and shall carry a photocopy of said permit with each such motor vehicle as it is being operated into or from the State of Texas by him. If an applicant for a distributor's permit to import motor fuel in fuel supply tanks of motor vehicles for taxable use upon the public highways of Texas does not intend to sell or distribute motor fuel to other persons within the State of Texas,

For Annotations and Historical Notes, see V.A.T.S.

the distributor's permit so issued to him may be classified and referred to as a distributor-user's permit.

The Comptroller by regulations may exempt from the permit and reporting requirements of this Chapter highway users who maintain records in Texas, and all or substantially all of whose fuel uses are purchased within the State of Texas with the tax paid thereon, and require in such instances an annual affidavit attesting to the intrastate or substantially intrastate fuel purchases; provided that the enforcement of this Act is not adversely affected thereby and that the Comptroller is satisfied that an equitable amount of motor fuel is purchased with the tax paid thereon in this State.

Subsec. 3 added by Acts 1967, 60th Leg., p. 1802, ch. 689, § 5, eff. Sept. 1, 1967.

(4) Any carrier operating motor vehicles into or from this State for commercial purposes with fuel supply tanks exceeding thirty (30) gallons per vehicle, may obtain a trip-permit which shall be good for a period of not more than twenty (20) consecutive days beginning and ending on the dates specified on the face of the permit. A fee for each trip-permit shall be collected from the applicant therefor which shall be in an amount equivalent to the tax payable on the quantity of motor fuel that could be imported in the fuel supply tanks of such motor vehicles, but never less than Five Dollars (\$5). Such fees shall be in lieu of the use tax otherwise assessable against said permit holder for motor fuel imported and consumed in motor vehicles operating on the public highways of this State, and no reports shall be required with respect to such vehicles. All fees collected by the Comptroller shall be allocated to the same funds to which the motor fuel taxes collected hereunder are allocated.

The above trip-permits may be issued in lieu of annual distributor-user permits if the applicant therefor does not operate motor vehicles into and from the State of Texas more than three times during any calendar year.

Subsec. 4 added by Acts 1967, 60th Leg., p. 1802, ch. 689, § 5, eff. Sept. 1, 1967.

(5) (a) Except as otherwise provided in this Article, every distributor shall be liable for the tax on motor fuel imported into this State in fuel supply tanks of motor vehicles leased to him and used on the public highways of Texas to the same extent and in the same manner as motor fuel imported in motor vehicles owned or operated by such distributor and used on the public highways of Texas.

(b) Provided, however, a lessor who is engaged regularly in the business of leasing for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be a distributor-user when he supplies or pays for the motor fuel consumed in such vehicles, and such lessor may be issued a permit as a distributor when application and bond have been properly filed with the Comptroller for such permit.

(c) Every such lessor shall file with his application for a bonded distributor's permit a copy of the form lease agreement or service contract he usually enters into with his lessees. When the distributor's permit has been received by him such lessor shall make and assign to each motor vehicle he leases for interstate operation a photocopy thereof to be carried in the cab compartment of said motor vehicle, and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned, and the name of the lessee. Such lessor shall be responsible for the proper use of each photocopy of said permit issued and its return to him with the motor vehicle to which it is assigned.

Subsec. 5 added by Acts 1967, 60th Leg., p. 1802, ch. 689, § 5, eff. Sept. 1, 1967.

Acts 1967, 60th Leg., p. 1800, ch. 689, §§ 1-4 amended articles 9.01 to 9.03; sections 6-8 of the 1967 act amended articles 9.13 and 9.23, and sections 9 and 10 thereof, a savings clause and repealer provision, are set out as notes under article 9.01.

Art. 9.13 Claims for Refunds

* * * * *

(A6) The forfeiture provision of Subsection (6) of this Article shall not be construed as forfeiting a claim in which the amount of motor fuel deducted as taxable use on the public highway has been erroneously reported due to a mathematical error or a mistake in calculating the amount so used.

Subsec. A6 added by Acts 1967, 60th Leg., p. 1803, ch. 689, § 6, eff. Sept. 1, 1967.

* * * * *

(8) (a) Any person who shall export, or lose by fire or other accident motor fuel in any quantity of one hundred (100) gallons or more upon which the tax imposed herein has been paid, or who shall sell motor fuel in any quantity to the United States Government, for the exclusive use of said Government upon which the tax has been paid, may file claim for refund of the net tax paid to the State in the manner herein provided, or as the Comptroller may direct. Provided, that any bonded distributor holding a valid distributor's permit who establishes proof sufficient and satisfactory to the Comptroller of such export, loss by accident, or sale to the United States Government, may take credit for the net amount of the tax paid to the State on any subsequent monthly report and tax payment made to the Comptroller within one (1) year from the date of such exportation, loss or sale.

(b) It is expressly provided, however, that every bonded distributor shall be entitled to a credit equivalent to the tax rate per gallon paid on all motor fuel upon which the Texas motor fuel tax has been paid and which has thereafter been consumed in motor vehicles outside of this State. When the amount of credit herein provided to which the distributor is entitled for any calendar month exceeds the amount of tax for which such distributor is liable for motor fuel consumed in such vehicles during the same month, such excess shall under regulations promulgated by the Comptroller, be allowed as a credit against the tax for which such distributor would be otherwise liable for any of the twelve (12) succeeding months; or upon claim filed with the Comptroller within one (1) year from the first day of any calendar month in which said motor fuel was used, such excess may be refunded as herein provided. Evidence of the mileage traveled and the gallonage consumed and the payment of the motor fuel tax, on such form as may be required by or is satisfactory to the Comptroller, shall be furnished by such distributor claiming the credit or tax refund herein allowed. Nothing herein shall be construed as requiring an invoice of exemption to be filed with the above described claim for tax refund.

Art. 9.23 Rules and Regulations

(1) It is hereby made the duty of the Comptroller to collect, supervise, and enforce the collection of all taxes, penalties, costs and interest due or that may become due under the provisions of this Chapter, and to that end the Comptroller is hereby vested with all of the power and authority conferred by this Chapter. Said Comptroller shall also have the power and authority to promulgate rules and regulations, not inconsistent with this Chapter or the Constitutions of this State or the United States, for the enforcement of the provisions of this Chapter and the collection of the revenues levied hereunder.

For Annotations and Historical Notes, see V.A.T.S.

(2) Upon final adoption of any rule or regulation, the Comptroller shall file a copy thereof with the Secretary of State, State of Texas, and the same shall have the force and effect of law as of the date of the filing unless a subsequent date is specified therein. Sec. 2. If the defendant has pleaded as provided in Section 1 of this article and the court or jury finds that he is not the rightful owner of the land, but that he and those under whom he claims, being possessors of the land without the intent to defraud, have made permanent and valuable improvements on the land without the intent to defraud, then the court or jury shall at the same time determine whether or not the improvements can be removed without substantial and permanent damage to the land.

Sec. 3. If the court or jury determines that the improvements can be removed without substantial and permanent damage to the land, then the court shall fix the amount of the surety bond, and, upon the defendant's giving of a bond in that amount, conditioned as stated in Section 1 of this article, the court shall appoint a referee to supervise the removal of the improvements and to make such reports to the court as the court may direct. Sec. 5. The remedy provided by this article is cumulative of all other remedies provided by this title and by other applicable statutes and rules of law and equity, and the defendant may plead for this remedy as an alternative to any other remedy to which he may be entitled.

Such work shall be first undertaken by said Board in the territories where, in their judgment, the greatest need therefor exists, and in determining said need, said Board shall look to the interest and welfare of domestic and municipal uses, commercial uses, irrigation uses and all other beneficial uses which, in their judgment, are essential to the general welfare of the state. Such work may include investigation and exploration of water bearing formations by coring or other mechanical or electrical means or by contracting therefor when the area to be investigated has an influence on water resources which is more than local in character.

Amended by Acts 1961, 57th Leg., p. 1016, ch. 443, § 1, effective Aug. 28, 1961; Acts 1967, 60th Leg., p. 197, ch. 109, § 1, eff. Aug. 28, 1967.

3. REGULATION OF USE

Art. 7542a. Water Right Adjudication Act

Short title

Section 1. This Act may be cited as the Water Rights Adjudication Act.

Definitions

Sec. 2. As used in this Act:

“Section” and “Subsection” refer to parts of this Act.

“Person” means any individual, firm, association, organization, partnership, business trust, public or private corporation, company or political subdivision of the state, agency of the state, the United States, or any other legal entity.

“United States” means the United States of America, and in relation to any particular matter includes the officers, agents, employees, agencies or instrumentalities authorized to act in relation thereto.

“Commission” means the Texas Water Rights Commission.

“Water right” means a right under the laws of the State of Texas to impound, divert or use public waters of the state.

“Certified filing” means a record of appropriation filed with the Board of Water Engineers under the provisions of Section 14 of Chapter 171, Acts of the 33rd Legislature of Texas, 1913, and amendments thereof.

“Permit” means a permit to appropriate public water issued by the Texas Water Rights Commission or its predecessors or successors in interest.

Declaration of policy

Sec. 3. It is declared that the conservation and best utilization of the water resources of this state are a public necessity and it is in the interest of the people of the state to require recordation with the Commission of claims of water rights which are presently unrecorded, to limit the exercise of such claims to actual use, and to provide for the adjudication and administration of water rights to the end that the surface water resources of the state may be put to their greatest beneficial use. Therefore, the enactment of this Act is in furtherance of the public rights, duties and functions above set forth and in response to the mandate expressed in Section 59 of Article XVI of the Constitution of Texas and is in the exercise of the police powers of the state in the interest of the public welfare.

Recordation and limitation of certain water right claims

Sec. 4. (a) This Section applies to all claims of riparian water rights, all claims under Article 7500a, Revised Civil Statutes of Texas, 1925, to

For Annotations and Historical Notes, see V.A.T.S.

impound, divert or use public waters of the state for other than domestic or livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits or certified filings.

(b) Any claim to which this Section applies shall be recognized only if valid under existing law and only to the extent of the maximum actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where any claimant of a riparian right has prior to the effective date of this Act commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive.

(c) On or before September 1, 1969, every person claiming any water right to which this Section applies shall file with the Commission a statement setting forth the name and address of the claimant, the location and the nature of the right claimed, the stream or watercourse and the river basin in which the right is claimed, the date of commencement of works, the dates and volumes of use of water, together with such other information as may be required by the Commission to show the nature and extent of the claim. Each claimant or owner shall be required to certify under oath that the statements made in support of his claim are true and correct to the best of his knowledge and belief. Any claimant desiring recognition of a right based on use from 1968 to 1970, inclusive, as provided in Subsection (b) shall file an additional sworn statement on or before July 1, 1971. The Commission shall prescribe forms for the sworn statements, but use of Commission forms shall not be mandatory. On or before January 1, 1968, and June 1, 1969, the Commission shall cause notice of the requirements of this Section to be published once each week for two (2) consecutive weeks in newspapers having general circulation in each county of the state and by first class mail to each user of surface water who has filed a report of water use with the Commission. Upon sworn petition, notice and hearing in the manner prescribed for applications for permits and upon finding of extenuating circumstances and good cause shown for failure to timely file, the Commission may authorize the filing of the sworn statement or statements required by this subsection until entry of a preliminary determination of claims of water right in accordance with Section 5(d) of this Act which includes the area described in the petition or September 1, 1974, if a preliminary determination has not been entered.

(d) The filing of all claims to use public water is necessary for the conservation and best utilization of the water resources of the state; therefore, failure to file the sworn statement or statements with the Commission in substantial compliance with this Section shall extinguish and bar any claim of water rights to which this Section applies, and thereafter no such right shall be recognized. The sworn statements required by this Section shall be binding on the person submitting the statement and his successors in interest but shall not be binding on the Commission or any other person in interest. Nothing herein shall be construed to recognize any water right which did not exist prior to the effective date of this Act. This Section shall not apply to use of water for domestic or livestock purposes.

Adjudication of water rights

Sec. 5. (a) The water rights in any stream or segment thereof may be adjudicated as provided in this Act upon the Commission's own motion or upon a petition to the Commission signed by ten (10) or more claimants of water rights from the source of supply or upon petition of the

Texas Water Development Board. Promptly after the filing of a petition, the Commission shall investigate the facts and conditions necessary to determine whether the adjudication would be in the public interest. If the Commission finds that an adjudication would be in the public interest, it shall enter an order to that effect designating the stream or segment to be adjudicated and directing an investigation to be made of the area described to gather relevant data and information essential to the proper understanding of the claims of water rights involved. The results of the investigation shall be reduced to writing and made a matter of record in the Commission's office. In connection with the investigation, the Commission shall make a map or plat showing with substantial accuracy the course of the stream or segment, the location of reservoirs, diversion works and places of use including lands which are being irrigated or have facilities for irrigation.

(b) The Commission shall prepare a notice of adjudication which shall describe the stream or segment to be adjudicated and the date by which all claims of water rights in the stream or segment shall be filed with the Commission, which date shall not be less than ninety (90) days after notice is issued as hereinafter provided. The notice shall be published each week for two (2) consecutive weeks in one (1) or more newspapers having general circulation in the counties in which such stream or segment is located. Notice shall also be given by certified mail to each claimant of water rights whose diversion is within the stream or segment to be adjudicated insofar as such claimants can reasonably be ascertained from the records of the Commission. Every person claiming a water right of any nature whatsoever, except for domestic or livestock purposes, from the stream or segment under adjudication shall file a sworn claim with the Commission within the time prescribed in the notice, including any extensions thereof, setting forth the name and post office address of the claimant, the location and nature of the right claimed including a description of any permit or certified filing under which the claim is made, the purpose of use, a description of works and irrigated lands, if any, and all other information necessary to show the nature and extent of the claim. The Commission shall prescribe forms for claims, but use of Commission forms shall not be mandatory.

(c) The Commission shall set a time and place for hearing all claims. Not less than thirty (30) days prior to the commencement of such hearings, the Commission shall give notice thereof by certified mail to all persons who have filed claims in accordance with the preceding subsection or this notice may be included in the notice of adjudication provided in Subsection (b). The hearings shall be conducted as provided in Section 9 of this Act.

(d) Upon completion of the hearings, the Commission shall make a preliminary determination of the claims to water rights under adjudication. One copy of the preliminary determination shall be furnished without charge to each person who filed a claim in accordance with Subsection (b). Additional copies of the preliminary determination shall be made available for public inspection at convenient locations throughout the river basin, as designated by the Commission. Copies shall also be made available to other interested persons at reasonable cost, based on the cost of reproduction. All evidence presented to or considered by the Commission shall be open to public inspection for a period of not less than sixty (60) days, as fixed by the Commission, after the notice prescribed in this subsection is issued. The Commission shall also set a date for filing contests on the preliminary determination, which date shall not be less than thirty (30) days after the period for public inspection of the evidence presented to or considered by the Commission has closed. Promptly after the preliminary determination has been made, notice of the fact shall be published each week for two (2) consecutive weeks in one (1) or more newspapers having general circulation in the river basin in which

For Annotations and Historical Notes, see V.A.T.S.

the stream or segment is located. Notice shall also be sent by certified mail to each claimant of water rights within the river basin in which the stream or segment is located, insofar as such claimants can be reasonably ascertained from the records of the Commission. Each notice shall also state the place and the period of time that the preliminary determination and evidence presented to or considered by the Commission will be open for public inspection, the locations throughout the river basin where copies of the preliminary determination will be available for public inspection, the method of ordering copies of the preliminary determination and the charge therefor, and the date by which contests on the preliminary determination must be filed.

(e) If any water right claimant affected by the preliminary determination, including claimants to water rights within the river basin but outside the stream or segment under adjudication, disputes the preliminary determination, he shall within the time for filing contests prescribed in the notice, including any extensions thereof, file a written contest with the Commission, stating with reasonable certainty the grounds of his contest, which statement shall be verified by the affidavit of the contestant, his agent, or attorney. If the contest is directed against the preliminary determination of the rights of other claimants, a copy shall be served on each such claimant or his attorney by certified mail, and proof of service shall be filed with the Commission. After the time for filing contests has expired the Commission shall prepare a notice setting forth the part of the preliminary determination to which each contest is directed and the time and place of hearing of the contest. The notice shall be sent to each claimant of water rights within the river basin in which the stream or segment is located insofar as such claimants can reasonably be ascertained from the records of the Commission. The hearing shall be conducted as provided in Section 9 of this Act.

(f) Upon completion of hearings on all contests the Commission shall make a final determination of the claims to water rights under adjudication. A copy of the final determination and any modification thereof shall be sent to each claimant whose rights are adjudicated and each contesting party. Within thirty (30) days from the date of the final determination any affected party may apply to the Commission for a rehearing. Applications for rehearing which in the opinion of the Commission are without merit may be denied without notice to other parties, but no application for rehearing shall be granted without notice to each claimant whose rights are adjudicated and each contesting party.

(g) As soon as practicable after the disposition of all applications for rehearing, the Commission shall file a certified copy of the final determination, together with all evidence presented to or considered by the Commission, in a district court of any county in which the segment under adjudication is located; provided, however, if the segment under adjudication includes all or parts of three or more counties and if petitioned to do so by ten (10) or more affected persons who appeared in the proceedings, the Commission shall file the action in a convenient district court of a judicial district which is not within the river basin of the stream or segment under adjudication. The Commission shall obtain an order from the court fixing a time not less than thirty (30) days from the date of such order for the filing of exceptions to the final determination and fixing a time not less than sixty (60) days from the date of such order for the commencement of hearings on exceptions. The Commission shall immediately give written notice of such order by certified mail to all parties who appeared in the proceedings before the Commission, and proof of such service shall be filed with the court.

(h) Any affected person who appeared in the proceeding before the Commission may file exceptions to the final determination which exceptions shall state with a reasonable degree of certainty the grounds for the exception and shall specify the particular paragraphs and pages of

the determination to which exception is taken. Three (3) copies of such exceptions shall be filed in court, and a copy shall be served on the Commission. The Commission shall make copies of all exceptions available at reasonable cost, based upon the cost of reproduction.

(i) The court shall hear any exceptions which have been filed, and the Commission and all affected persons appearing in the proceedings before the Commission shall be entitled to appear and be heard on the exceptions. Other parties in interest may be permitted to appear and be heard by leave of court for good cause shown. The court shall have the power to conduct non-jury hearings and proceedings at any convenient location within the state. Actual expenses incurred by the court outside of its judicial district shall be taxed as costs.

(j) In passing on exceptions the court shall determine all issues of law and fact independently of the Commission's determination. The substantial evidence rule shall not be used. The court shall not consider any exception which was not brought to the Commission's attention by application for rehearing, nor shall the court consider any issue of fact raised by an exception unless the record of evidence before the Commission reveals that the question was genuinely in issue before the Commission. Any party in interest may demand a jury trial of any such issue of fact, but the court may in its discretion have a separate trial with a separate jury of any such issue or issues. The Legislature hereby specifically declares that the provisions of this subsection shall not be severable from the balance of this Act, and further specifically declares that this Act would not have been passed without the inclusion of this subsection. If this subsection is for any reason ever held by the courts to be invalid, unconstitutional or inoperative in any way, such holding shall apply to this entire Act, and in such event this entire Act shall be null, void and of no force and effect.

(k) Any exception heard by the court without a jury may be resolved on the record of evidence before the Commission, or the court may in its discretion take additional evidence or direct that additional evidence be heard by the Commission. After final hearing the court shall enter a decree affirming or modifying the order of the Commission and may assess such costs as it may deem just. Appeal may be taken from the decree in the same manner and with the same effect as in other civil cases. The final decree in every water right adjudication shall be final and conclusive as to all existing and prior rights and claims to water rights in the adjudicated stream or segment and shall be binding on all claimants to water rights within the river basin, including claimants to water rights outside the adjudicated stream or segment. Except for domestic and livestock purposes or rights subsequently acquired by permit, no water right shall be recognized in the adjudicated stream or segment unless included in the final decree.

(l) Upon the final determination of the rights to the waters of any stream and the expiration of the time for rehearing provided in Section (k) hereof, the Commission shall issue to each person adjudicated a water right a certificate of adjudication, signed by the Chairman and affixed with the seal of the Commission. The certificate of adjudication shall refer to the final decree of adjudication to which it relates and shall state the name and postoffice address of the holder of the adjudicated right, the priority, extent, and purpose of the right, and if for irrigation purposes, a description of the irrigated land, together with all other information relating to the adjudicated right contained in the final decree.

(m) The certificate of adjudication or a true copy shall be transmitted by the Commission to the county clerk of each county in which the appropriation is made. Upon receipt of the recording fee from the holder of the certificate, the county clerk shall file and record the same in a well-bound book provided and kept for that purpose only, and shall index the same alphabetically under the name of the holder of the certificate

For Annotations and Historical Notes, see V.A.T.S.

of adjudication and of the stream or source of water supply, and, thereupon, shall deliver the certificate of adjudication, upon demand, to the holder.

Permits issued after adjudication

Sec. 6. Permits, other than temporary permits, issued by the Commission to appropriate water from an adjudicated stream or segment shall be subject to administration in the same manner as provided in this Act for an adjudicated water right.

Abatement of certain civil actions

Sec. 7. Nothing in this Act shall prevent or preclude any person claiming the right to divert water from a stream from filing and prosecuting to conclusion a suit against other claimants of the right to divert or use water from the same stream; provided, however, that if the Commission has ordered a determination of water rights as provided in Section 5 of this Act, or if the Commission shall order such a determination within ninety (90) days after notice of the filing of such a suit, the suit shall be abated on motion of the Commission or any party in interest as to any issues involved in the water rights determination, except that the court may grant or continue any temporary relief necessary to preserve the status quo pending final determination of the water rights involved.

Administration of water rights

Sec. 8. (a) The Commission shall divide the state into water divisions for the purpose of administering adjudicated water rights. Water divisions may be created from time to time, as the necessity therefor arises, and shall be constituted to secure the best protection to the holders of water rights and the most economical supervision on the part of the state.

(b) One watermaster may be appointed by the Commission for each water division. The watermaster shall hold office until a successor is appointed and may be removed at any time by the Commission. The Commission may employ assistant watermasters and other employees necessary to aid the watermaster in the discharge of his duties. In any water division in which the office of watermaster is vacant, the Commission shall have the powers and authority of a watermaster. The watermaster shall perform his duties under the general direction and supervision of the Commission and shall be responsible to the Commission for the proper performance of his duties. Any person dissatisfied with any action of a watermaster may apply to the Commission for relief.

(c) It shall be the duty of the watermaster to divide the water of the streams or other sources of supply of his division in accordance with the adjudicated water rights, and to regulate or cause to be regulated the controlling works of reservoirs and diversion works in time of water shortage, as may be necessary by reason of the rights existing in the streams of his division, or as may be necessary to prevent the waste of water or its diversion or taking or storage or use in excess of the quantities to which the holders of water rights are lawfully entitled. The watermaster shall also have authority to regulate the distribution of water from any system of works that serves users whose rights have been separately determined. Whenever, in the performance of his duties, the watermaster regulates diversion works or the controlling works of reservoirs, it shall be his duty to attach to such diversion works or controlling works a written notice properly dated and signed, setting forth the facts that such diversion works or controlling works have been properly regulated and are wholly under his control, and such notice shall be legal notice to all parties interested in the diversion and distribution of the water served by such diversion works or reservoir.

(d) The compensation and necessary expenses of a watermaster, assistant watermasters and other necessary employees shall be paid by the Commission, and the Commission shall be reimbursed for such compensation and expenses by the holders of water rights that have been determined or adjudicated and whose rights are so administered. The Commission, after the adjudication decree becomes final, shall notify each holder of water rights under the decree of the amount of compensation and expenses that will be required annually for the administration of the water rights so determined. Following a public hearing under the provisions of Section 9, the Commission shall issue an order assessing the annual cost against the holders of water rights to whom the water will be distributed under the final decree. The Commission order shall equitably apportion costs; it may provide for payments in installments and shall specify the dates by which payments shall be made to the Commission. The Commission shall transmit all collections to the State Treasurer. No water shall be diverted, taken or stored by or delivered to any person while delinquent in the payment of his assessed costs. Each order assessing costs shall remain in effect until further order of the Commission and may be modified, revoked or superseded by subsequent order of the Commission. Supplementary orders may be issued from time to time to apply to new diversions.

(e) The owner of any works for the diversion or storage of water shall maintain to the satisfaction of the Commission a substantial headgate at the point of diversion, or a gate on each discharge pipe of a pumping plant, of such construction that it can be locked at the proper place by the watermaster, or a suitable outlet in a dam to allow the free passage of water that the owner of the dam is not entitled to divert or impound, the suitability of such outlet to be determined by the Commission. The owner of any works for the diversion or taking, or storage, or distribution of water, when required by the Commission, shall construct and maintain suitable measuring devices at such points as will enable the watermaster to determine the quantities of water to be diverted or taken, or stored or released, or distributed, in order to satisfy the rights of the respective users thereof. The Commission may order flumes to be installed along the line of any ditch if necessary for the protection of water rights or other property. If the owner of any such works shall refuse or neglect to comply with the directions of the Commission, as provided in this Section, the Commission after ten (10) days notice or such additional time as shall be reasonable under the circumstances, may order the watermaster to make such adjustment of the control works as will prevent the owner of the works from diverting or taking or storing or distributing any of the water to which he would otherwise be entitled until he shall have made full compliance with the order of the Commission.

(f) Any person injured by the exercise of the duties prescribed by this Act may bring suit against the Commission to review the action or to obtain an injunction. If the water right involved has been adjudicated as provided in this Act, an injunction shall be issued only if it is shown that the Commission has failed to carry into effect the decree adjudicating the water right involved.

(g) In any area in which water rights of record in the office of the Commission have not been adjudicated, the holders or claimants of such rights and the Commission may enter into a written agreement for their administration. The agreement shall provide the basis and manner of distribution of the waters to which the agreement relates; the services of a special watermaster, and assistants if necessary, to carry out the agreement; and the allocation, collection and payment of the annual costs of administration; and shall be recorded in the offices of the Commission and of the county clerk of each county in which any of the works or lands affected by the agreement are located. The administration of water rights under any such agreement shall be governed by the provision of this

For Annotations and Historical Notes, see V.A.T.S.

Section other than Subsection (d). No such agreement shall impair any vested right to the use of water nor create any additional rights to the use of any water.

Notice and procedure

Sec. 9. Notice of any hearing or other proceeding ordered by the Commission pursuant to this Act shall be given in the manner prescribed in the Rules and Regulations of the Commission unless otherwise specifically provided for in this Act. In any proceeding in any part of the state, the Commission shall have the power to take evidence, including the testimony of witnesses; to administer oaths; to issue subpoenas and compel the attendance of witnesses; which subpoenas shall be served in the same manner as subpoenas issued out of the courts of the state; to compel witnesses to testify and give evidence; to order the taking of depositions and issue commissions therefor in the same manner as depositions in civil actions. The evidence may be taken by a duly appointed reporter before the Commission or its authorized representative who also shall have the power to administer oaths. Witnesses shall receive the same fees and mileage as witnesses in civil actions, to be paid by the party calling such witnesses. Fees and mileage of witnesses called by the Commission shall be paid out of funds made available to the Commission by the Legislature. In case of neglect or refusal on the part of any person to comply with any order or subpoena issued by the Commission, or the refusal of any witness to testify to any matter regarding which he may lawfully be interrogated, he shall be punished in the manner provided by law for such disobedience in civil actions, upon application therefor by the Commission to a district court of the county in which the proceeding is held. The Commission may adjourn the proceedings from time to time and from place to place, and upon the conclusion of the proceeding, it shall render a decision as to the matters concerning which the proceeding was held.

Cancellation of water rights

Sec. 10. Nothing in this Act shall recognize any abandoned or cancelled water right or impair in any way the power of the Commission under general law to forfeit, cancel or find abandoned any water right, including adjudicated water rights.

Groundwater not affected

Sec. 11. This Act shall not apply to underground water as defined in Acts 1925, 39th Legislature, Chapter 25, as amended by Acts 1949, 51st Legislature, Chapter 306 (codified as Article 7880-3c, Section A(3)).

Savings clause

Sec. 12. No action or proceeding commenced prior to the effective date of this Act, and no right accrued save and except those specifically provided for herein, shall be affected by its enactment.

Severability

Sec. 13. If any provision of this Act or the application thereof to any person or circumstances, is held to be unconstitutional, the remainder of the Act, or the application of such provisions to other persons or circumstances, shall not be affected thereby.

Repealer

Sec. 14. All laws or parts of laws in conflict herewith are repealed to the extent of such conflict only.

Art. 7621d-1. Texas Water Quality Act of 1967

Statement of policy

Section 1. It is declared to be the policy of the State of Texas to maintain the quality of the waters in this state consistent with the public health and public enjoyment thereof, the propagation and protection of fish and wildlife, including birds, mammals and other terrestrial and aquatic life, the operation of existing industries, and the economic development of the state, and to that end to require the use of all reasonable methods to implement this policy.

Name of Act

Sec. 2. This Act shall be known as the "Texas Water Quality Act of 1967."

Definitions of terms

Sec. 3. When used in this Act, the following words and phrases shall have the meanings ascribed to them in this Section, unless the context clearly shows a different meaning:

(a) "Person" means any individual, public or private corporation, political subdivision, governmental agency, municipality, copartnership, association, firm, trust, estate or any other entity whatsoever.

(b) "Waters" or "waters in the state" means ground waters, percolating or otherwise, lakes, bays, ponds, impounding reservoirs, springs, rivers, streams, creeks, estuaries, marshes, inlets, canals, the Gulf of Mexico within the territorial limits of the State of Texas, and all other bodies of surface water, natural or artificial, inland or coastal, fresh or salt, that are wholly or partially within or bordering the state or within its jurisdiction. Nothing in this Act shall be construed as affecting the ownership, or the rights of owners of the land, in underground water.

(c) "Waste" means sewage, industrial waste, municipal waste, recreational waste, agricultural waste and other waste, or any of them, as hereinbelow defined.

(d) "Sewage" means the water-carried human or animal wastes from residences, buildings, industrial establishments, cities, towns, or other places, together with such ground water infiltration and surface waters with which it may be commingled.

(e) "Municipal waste" means any water-borne liquid, gaseous, solid, or other waste substance, or a combination thereof, resulting from any and all discharges within or emanating from within, or subject to the control of, any municipality, city, town, village, or any type of municipal corporation.

(f) "Recreational waste" means any water-borne liquid, gaseous, solid, or other waste substance, or a combination thereof, arising within or emanating from within any public park, beach, or recreational area of any kind, public or private.

(g) "Agricultural waste" means any water-borne liquid, gaseous, solid, or other waste substance arising from any type of agricultural pursuit, public or private, including but not limited to, poisons and insecticides used in such pursuits.

(h) "Industrial waste" means any water-borne liquid, gaseous, solid, or other waste substance, or a combination thereof, resulting from any process of industry, manufacturing, trade, or business.

(i) "Other waste" means garbage, refuse, decayed wood, sawdust, shavings, bark, sand, lime, cinders, ashes, offal, oil, tar, dyestuffs, acids, chemicals, salt water, and all other substances not sewage, industrial waste, municipal waste, recreational waste or agricultural waste, that may cause impairment of the quality of the waters in the state.

(j) "Pollution" means any discharge or deposit of waste into or adjacent to the waters in the state, or any act or omission in connection therewith that by itself, or in conjunction with any other act or omission or acts or omissions, cause or continues to cause or will cause such waters to be unclean, noxious, odorous, impure, contaminated, altered, or otherwise affected to such an extent that they are rendered harmful, detrimental, or injurious to public health, safety, or welfare, or to terrestrial or aquatic life, or the growth and propagation thereof, or the use of such waters for domestic, commercial, industrial, agricultural, recreational, or other lawful reasonable use.

Where water quality criteria have been established by the Board created by this Act, "pollution" means any discharge or deposit of waste into or adjacent to the waters in the state, or any act or omission in connection therewith, that by itself, or in conjunction with any other act or omission or acts or omissions, causes or continues to cause or

will cause such waters to be of a lesser quality than that established by the board as the criteria for those waters; notwithstanding the foregoing, nothing in this Subsection (j) is intended to limit the authority of the Water Quality Board to issue or to require permits for the discharge of waste into or adjacent to the waters in the state, or to establish criteria for any of the waters in the state.

The Board in considering the issuance of any permit to discharge effluent into any body of water having an established recreational standard shall consider any unpleasant odor quality of such effluent, and the possible adverse effect that same might have on the receiving body of water and its recreational uses before granting such permit, and may consider it as one of the elements of the water quality of such effluent proposed to be discharged into such recreational body of water.

(k) "Board" means the Texas Water Quality Board created by this Act.

(l) "Sewer system" or "sewerage system" means pipelines or conduits, canals, pumping stations, and force mains, and all other constructions, devices, and appliances appurtenant thereto, used for conducting sewage, industrial waste, municipal waste, recreational waste, or agricultural waste, or other wastes to a point of ultimate disposal.

(m) "Treatment facilities" means any plant, disposal field, lagoon, pumping station, constructed drainage ditch or surface water intercepting ditch, incinerator, area devoted to sanitary land fills, or other works not specifically mentioned herein, installed for the purpose of treating, neutralizing, stabilizing or disposing of sewage, industrial waste, municipal waste, recreational waste, agricultural waste, or other wastes.

(n) "Disposal system" means a system for disposing of sewage, industrial waste, municipal waste, recreational waste, agricultural waste, or other wastes, and including sewer systems and treatment facilities.

(o) "Local government" means an incorporated city, a county, river authority, or a water district or authority acting under Section 52, Article III, or Section 59, Article XVI, of the Constitution of the State of Texas.

Creation and organization of the Texas Water Quality Board

Sec. 4. (a) There is hereby created and established a Texas Water Quality Board which shall be composed of seven members. The board shall carry out the functions and duties conferred upon it by this Act. Three members of the board shall be appointed by the governor with the advice and consent of the Senate of the State of Texas. It is provided, however, that the members of the Texas Water Pollution Control Board appointed by the governor under the provisions of Section 3(a) of Chapter 42, Acts of the 57th Legislature, 1st Called Session, 1961, as amended (Article 7621d, Vernon's Texas Civil Statutes), who are in office when this Act goes into effect are hereby constituted appointed members of the Texas Water Quality Board and shall serve for the balance of the respective terms for which they were appointed by the governor under said Section 3(a). Thereafter all appointments by the governor to this board to fill a vacancy at the end of a term shall be for a full six-year term. In the event of a vacancy among the members of this board appointed by the governor, then the governor shall appoint a new member to finish out the unexpired term of the position which became vacant. In addition to the three members appointed by the governor, the board shall consist of the Executive Director of the Texas Water Development Board, the State Commissioner of Health, the Executive Director of the Parks and Wildlife Department, and the Chairman of the Texas Railroad Commission, each of whom shall perform the duties required of a member of the board by this Act, which shall be additional duties required of him in his other official capacity.

(b) The members of the board created hereby shall receive no fixed salary for duties performed as a member of the board, but each of the

three members appointed by the governor shall be allowed, for each and every day he is in attendance at meetings or on authorized business of the board, the sum of \$25, including time spent in traveling to and from the place of meeting or other authorized business of the board, and all members of the board shall be allowed travel and other necessary expenses while in performance of official duty, to be evidenced by vouchers approved by the executive director of the board.

(c) A member of the board who is appointed by the governor shall serve until his successor has been appointed and has taken the oath of office.

Qualifications of members

Sec. 5. The members of the Texas Water Quality Board who are appointed by the governor and confirmed by the Senate shall qualify by taking the constitutional oath of office before any officer authorized to administer an oath within this state, and the official records of the board shall reflect the date of their certificate of appointment issued by the secretary of state, the date upon which and before whom their oath of office was taken, the date upon which their appointive term became effective and the date their term expires.

Personal representatives

Sec. 6. The Executive Director of the Texas Water Development Board, the Executive Director of the Texas Parks and Wildlife Department, the State Commissioner of Health, and the Chairman of the Railroad Commission of Texas may delegate to a personal representative from his office the authority and duty to represent him on the board, but by such delegation a member is not relieved of responsibility for the acts and decisions of his representative. The designated personal representative, while engaged in the discharge of official board duties on behalf of and as authorized by such member, stands in the place and stead of such member for purposes of attending board meetings and performing other business of the board, and for purposes of participating in and voting on matters arising at board meetings and hearings. The designated personal representative may exercise all of the powers, duties and responsibilities of such member, including the taking of testimony in any hearing called by the board under the provisions of this Act, and shall receive reimbursement for traveling and other necessary expenses while engaged in the performance of official board business in the same manner as the one he represents. A personal representative may serve as either chairman or vice chairman of the board under the provisions of this Act.

Selection of officers and meetings of the board

Sec. 7. The board shall elect a chairman and a vice chairman from its members and the terms of such officers of the board shall be for two years commencing on February 1st of each odd-numbered year hereafter. At the first meeting of the board, the chairman and the vice chairman shall be elected to serve until February 1, 1969. The chairman or, in his absence, the vice chairman shall preside at all meetings of the board and perform the other duties prescribed by this Act. The board shall meet at regular intervals at times provided by a majority vote of the board. Special meetings may be called by the chairman, on his own motion, at any time and must be called by him upon the receipt of written request therefor signed by at least two or more members of the board. A majority of the board shall constitute a quorum to transact business.

Rules, regulations and seal

Sec. 8. (a) The board shall adopt, prescribe, promulgate and enforce rules and regulations reasonably required to effectuate the pro-

visions of this Act, including rules governing procedure and practice before the board. In promulgating rules, the board shall comply, as appropriate, with the requirements of Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252—13, Vernon's Texas Civil Statutes).

(b) The Board shall adopt a seal.

Executive director

Sec. 9. (a) The board shall employ an executive director. The executive director shall keep full and accurate minutes of all transactions and proceedings of the board and shall be custodian of all of the files and records of the board. The executive director is the chief administrative officer of the activities of the board.

(b) The executive director shall employ the staff required by the board, including a deputy, which deputy is subject to approval of the board, to assume his duties and functions in his absence. In addition to its own staff the board may request and shall receive by interagency contract the assistance of any state-supported educational institution, experimental station, or other state agency.

Fiscal resources

Sec. 10. (a) The Legislature shall appropriate such funds as are reasonably necessary to carry out the provisions of this Act, and any agency of the state with the responsibilities under the laws of Texas for water pollution or water quality control and for which appropriations may be made in the biennial appropriation act passed by the Legislature for such responsibilities is hereby authorized to transfer to the board created herein such annual amounts as may be mutually agreed on by such agency and by the board, subject only to the concurrence of the governor. It is further provided that said board is authorized to apply for, request, solicit, contract for, receive, and accept money from any federal or state agency, political subdivision or other legal entity as well as private grants and assistance from any source to carry out the duties required by this Act. Such monies as may be transferred under the provisions hereof, and such gifts and grants as may be received by said board, shall be deposited in the state treasury in a special fund, to be used by the board for any of the purposes set forth in this Act including salaries, wages, professional and consulting fees, planning and construction grants and loans, travel expense, equipment, and other necessary expenses, as provided by legislative appropriation.

(b) The board shall make biennial reports in writing to the governor and to the Legislature, which reports shall include a statement of its activities. All information, documents and data collected by the board in the performance of its duties shall be the property of the State of Texas.

(c) Subject to the limitations imposed in Section 21, upon application of any person and upon payment of the fees, if any, prescribed therefor in the rules and regulations of the board, the board shall furnish copies, certified or otherwise, of its proceedings or other official acts of record, or of any map, paper, or document filed with the board. Certified copies under the hand of the chairman or the executive director and the seal of the board shall be admissible in evidence in any court or administrative proceeding in the same manner and with like effect as the original would be.

Authority, powers, and duties of the board

Sec. 11. (a) The board shall administer this Act and shall have authority to establish and control the quality of the waters in the state as herein provided.

For Annotations and Historical Notes, see V.A.T.S.

(b) The board, by official board order, shall set water quality criteria for the waters in the state and may change or amend such criteria from time to time and notwithstanding any general or special law heretofore enacted, is given hereby the sole and exclusive authority to set and establish and to amend and change the water quality criteria for all waters in the State of Texas. In arriving at such water quality criteria, or amendments thereto, the board shall:

(1) Hold public hearings at which any person may appear and present evidence, under oath, as is pertinent for consideration by the Board. Notice of such hearings shall be given to the local governments contiguous to, or which contain wholly or partially within their boundaries, or through which flow the waters in question, where in the judgment of the board the local government may be affected. Notice shall also be given to the holders of rights to appropriate water from the waters in question, as shown by the records of the Texas Water Rights Commission, and to the holders of permits from the board to discharge wastes into or adjacent to the waters in question, where in the judgment of the board the holder of a water right or the holder of a waste discharge permit may be affected.

(2) Consult with the Texas Water Development Board and Texas Water Rights Commission to insure that the criteria or amendments proposed to be set by this board are not inconsistent with the general state water plan objectives.

(c) The board shall publish the criteria set by it, together with any amendments thereto, and copies thereof shall be made available to the public on written request.

(d) Any water quality criteria heretofore adopted by the Texas Water Pollution Control Board before the effective date of this Act shall not be affected hereby but same shall remain in full force and effect unless and until amended by further order of the board created in this Act.

(e) The board, after notice to the parties who in the judgment of the board may be affected, and after a public hearing if the board deems a public hearing to be in the public interest, may issue permits for the discharge of waste into or adjacent to the waters in the state.

(f) Each permit shall set forth the conditions upon which it is issued by the board, including, but without limiting such conditions to, the duration of such permit, the maximum quantity of waste which may be discharged thereunder at any time and from time to time, and the quality, purity, and character of waste which may be discharged thereunder. The board shall issue a permit or a notice denying a permit to each applicant within 90 days after receipt of a permit application containing such information as may be reasonably required by the board. The permittee may be required, for good cause, from time to time, after notice to the permittee and after public hearing initiated by the board, to conform to new or additional conditions and terms imposed by the board following such hearing. The board shall allow the permittee a reasonable time to conform to such new or additional terms and conditions; provided, however, that upon application of the permittee, the board, in its discretion, may grant the permittee an additional period of time within which to conform to such new or additional terms and conditions. Such permit or amended permit shall never become a vested right in the permittee, and it may be revoked or suspended for good cause shown, after notice to the permittee and after public hearing initiated by the Board, in the event of the permittee's failure to comply with the terms and conditions of such permit as issued or as amended. Notices to the permittee shall be sent to his last known address, as shown by the records of the board.

(g) (1) The board, by order, may provide limits on the number and kind of septic tanks in any area defined in said order, may provide

no septic tanks may be used or employed in such area, or may provide that no new septic tanks may be installed in the area if it finds that because of the nature of the soil or drainage in the area the order is necessary to prevent pollution that may directly or indirectly injure the public health. The board shall consult with the Commissioner of Health of the State Department of Health prior to the entry of any such order. The board may enter an order under this subsection only after a public hearing held in the area to be affected by the order.

(2) The board may provide in the order for a gradual and systematic reduction of the number or kind of septic tanks in the area and may by the promulgation of rules and regulations provide for a system of licensing and issuing of permits for new installations of septic tanks in the area affected, in which event no person shall install septic tanks in such area without a license or permit from the board. Any person who knowingly violates any such order of the board shall be subject to the civil penalties provided in Section 15 of this Act.

(h) The board is hereby authorized to:

(1) hold hearings, receive pertinent and relevant proof from any party in interest who appears before the board, compel the attendance of witnesses, make findings of fact and determinations with respect to administering the provisions of this Act or of any orders, rules, or regulations of the board;

(2) delegate to one or more of its members, or his personal representative, or to one or more of its employees, the authority to take testimony in any hearing called by the board, or authorized by the Board to be held, with power to administer oaths, but all orders entered shall be made by and in the name of the board after its official action and attested to by the executive director;

(3) make, alter, or modify any orders, rules and regulations, and if any such order requires the discontinuance of the discharge of waste into any waters in the state, the order shall specify the conditions and time within which such discontinuance must be accomplished;

(4) institute, or cause to be instituted, in courts of competent jurisdiction, legal proceedings to compel compliance with the provisions of this Act and the rules, regulations, decisions, determinations, and orders of the board;

(5) conduct such investigations as it may deem advisable and necessary for the discharge of its duties under this Act; and

(6) make contracts and agreements and execute instruments that are necessary or convenient to the exercise of the powers, rights, duties and functions of the Board.

(7) perform such other and further functions as may be necessary to carry out effectively the duties and responsibilities of the board prescribed in this Act.

(i) It shall be the duty of the board to:

(1) encourage voluntary cooperation by the people, municipalities, industries, associations, agriculture, and representatives of other pursuits in preserving the greatest possible utility of the waters in the state;

(2) encourage the formation and organization of cooperative groups, associations, municipalities, or industrial and other users of the waters in the state for the purpose of providing a medium to discuss and formulate plans for the attainment of water quality control;

(3) establish policies and procedures for the purpose of securing close cooperation in the work of the agencies of the state with respect to water quality control functions carried on by such agencies;

(4) cooperate with governments of the United States and other states, and any other agencies or groups of agencies and organizations, official or unofficial, with respect to water quality control matters or for the formulation of interstate water quality control compacts or agreements; where representation of State interests on a basin plan-

ning agency is required in complying with Section 3(c) (1) of the Federal Water Pollution Control Act (33 USC 466 et seq.), such state representation shall include an officer or employee of the board;

(5) conduct or cause to be conducted studies and research with respect to water quality criteria or control problems, disposal systems, and treatment of sewage, industrial waste, municipal waste, recreational waste, agricultural waste, and other wastes; and

(6) prepare and develop a general comprehensive plan for the control of water quality in the state.

(j) The board and its duly authorized agents or employees shall have the right to enter at all reasonable times in or upon any property, public or private, for the purpose of inspecting and investigating conditions relating to water quality in the state. Agents and employees shall not enter private property having management in residence without notifying the management, or the person in charge at the time, of their presence and exhibiting proper credentials. Such agents or employees shall observe rules and regulations of the establishment being inspected concerning safety, internal security, and fire protection.

(k) The board, and any employee or agent thereof, when authorized by it, may examine any records or memoranda pertaining to the method of operation of a disposal system, treatment facilities, or discharges of wastes at reasonable business hours.

(l) In issuing, amending, modifying, revoking, or suspending any permit to discharge waste into or adjacent to the waters in this state, or in imposing any new or additional conditions upon any permittee hereunder, the board shall not impose upon the applicant for a permit or the permittee any condition which would require a higher standard of operation than that which is consistent with the best practice in the particular field affected under the conditions applicable to such applicant or permittee. This shall not be construed to prohibit the board from taking any means provided by this Act to prevent the discharge of waste which is injurious to public health.

(m) The board, after consultation with the State Department of Health, shall provide in its rules for a system of approved ratings for city-operated waste disposal systems. A city that operates a waste disposal system which attains an approved rating has the privilege of erecting signs of a design approved by the board on highways approaching that city. If the city's waste disposal system fails to continue to achieve an approved rating, the board may revoke the privilege. On due notice from the board, the city shall remove the signs.

(n) In fulfillment of its powers and duties under this Act, the board may: (1) Enter into agreements with the Department of Interior, the Federal Water Pollution Control Administration, or any other federal agencies now in existence or hereafter created which administer programs providing federal cooperation, assistance, loans, grants, or grants-in-aid for purposes of research, development, investigation, training, planning, studies, programming, and construction related to methods, procedures and facilities for the collection, treatment and disposal of wastes or other water quality control activities as may be necessary to qualify for federal funds, assistance or cooperation under the provisions of the Federal Water Pollution Control Act or any other federal act now in effect or hereafter enacted or amended.

(2) Accept funds from the federal government for purposes coming within the scope of the preceding subsection (1) or any other provision of this Act and expend such sums as may be received from the federal government for such purposes in the manner prescribed by law and in accordance with such agreements as may be necessary and appropriate between the federal government and the board.

(3) Administer and expend state funds provided to the board by legislative appropriations, as distinguished from funds received from

the federal government, for purposes coming within the scope of subsection (1), above, or any other provision of this Act in the manner prescribed by law and within the limits of funds appropriated for such purposes, including without limiting the foregoing:

(i) the making of grants to any municipality or interstate agency, as such terms are defined in the Federal Water Pollution Control Act (33 USC 466, et seq.), or to any local government for the construction of necessary treatment works, as defined in said Act, and necessary sewer and sewerage systems, treatment facilities and disposal systems.

(ii) the making of grants or interest free loans to any planning agency acting in furtherance of Section 3(c) (1) of the Federal Water Pollution Control Act (33 USC 466, et seq.), or to any local government to pay administrative and other expenses for a period of not to exceed three years for developing an effective, comprehensive water quality control and abatement plan for a basin, as such term is defined in Section 3(c) (1) of said Act; provided that any loans made under this paragraph shall be repaid to the board at such time as construction of the project for which the planning loan was made is begun.

(o) State grants under Section (n) for construction shall be subject to the following limitations:

(1) no grant of State funds shall be made in any instance unless the grantee agrees to pay not less than 20 per centum of the estimated reasonable cost (as determined by the board) of the project;

(2) no grant shall be made for any project unless the project has been approved by the board and unless the project is included in the state water quality program;

(3) no grant shall be made unless the grantee agrees to pay the remaining cost;

(4) no grant shall be made until the applicant has made provision satisfactory to the board for assuring proper and efficient operation and maintenance of the project after completion of the construction thereof;

(5) no grant shall be made unless the project is in conformity with the state water quality program and unless the board has determined that such project is entitled to priority over other eligible projects on the basis of financial as well as water quality needs.

In determining the desirability of construction projects under Section (n) and of approving state financial aid therefor, consideration shall be given by the board to the public benefits to be derived by the construction and the propriety of the state aid in such construction, the benefits from the protection and conservation of the waters and other natural resources in the state, the relation of the ultimate cost of constructing and maintaining the project to the public interest and to the public necessity for the project, and the adequacy of the provisions made or proposed by the applicant for such state financial aid for assuring proper and efficient operation and maintenance of the project after completion of the construction thereof. Funds paid for construction shall be used exclusively to meet the cost of construction of the project for which the amount was paid. As used in Section (n), "construction" includes preliminary planning to determine the economic and engineering feasibility of the project, the engineering, architectural, legal, fiscal, and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures, and other action necessary to the construction of the project; and erection, building, acquisition, alteration, remodeling, improvement, or extension; and the inspection and supervision of construction.

The board shall adopt rules, regulations and procedures to implement and administer the programs authorized in Section (n) which will assure such engineering review and supervision, fiscal-control and fund-accounting procedures as may be necessary to assure proper dis-

bursement of and accounting for funds paid by the board or for which the board may be responsible. To the extent that the provisions of federal law are deemed applicable by the board, such rules, regulations and procedures shall be compatible therewith. The fiscal-control and fund-accounting procedures shall be supplemental to such other procedures as may be prescribed by state law and procedures.

Court review of board decision

Sec. 12. Any person affected by any ruling, order, decision, or other act of the board, may, within 30 days after the date on which such act is performed, or in case of a ruling, order, or decision, within 30 days after the effective date thereof, file a petition in an action to review, set aside, or suspend such ruling, order, decision, or other act upon the ground or grounds that the same is invalid, arbitrary, or unreasonable, except that any appeal from an order of the board cancelling or suspending a permit granted under the authority of this Act or under the rules and regulations promulgated hereunder shall be by trial de novo and the question at issue subject to determination under the preponderance of evidence rule and not under the substantial evidence rule. Service of citation on the board must be accomplished within 30 days after the filing of the petition, and it shall be sufficient, in any such action, to serve citation on the Executive Director or the Deputy Director without the necessity of serving the individual members of the Board. The venue in any or all such actions is hereby fixed in the District Court of Travis County, or in any District Court of the county where the aggrieved person or persons reside.

Filing of disposal system plans

Sec. 13. For the purpose of aiding the board in effectuating the provisions of this Act, every person constructing or proposing to construct or materially alter the efficiency of any sewer system or sewerage system, treatment facilities, or disposal system, shall file with the board, at least 30 days prior to beginning of construction, the preliminary plans and specifications for the construction or material alteration of the same.

General prohibition against pollution

Sec. 14. It shall hereafter be unlawful for any person to throw, drain, run, or otherwise discharge into the waters in this state, or to cause, permit, or suffer to be thrown, run, drained, allowed to seep, or otherwise enter such waters, any waste, unless pursuant to and in accordance with a then existing permit, that shall cause a condition of pollution as defined in the first paragraph of Subsection (j) of Section 3 of this Act. This section shall also apply to any activity by any person which may cause pollution of the waters in the state which does not involve discharges of waste, provided that if the Parks and Wildlife Department, the General Land Office or the Railroad Commission of Texas has jurisdiction of such activity, then this section shall not apply.

Enforcement

Sec. 15. (a) Any person violating any of the provisions of Section 14 of this Act shall be subject to a civil penalty of not less than \$50 nor more than \$1,000 for each and every day of such violation and for each and every act of such violation. The penalty shall be recovered in the District Courts of Travis County, the district court of the county of residence of the defendant, or in the district court of the county in which the violation is alleged to have occurred. Any person aiding or abetting any other person in the violation of Section 14 of this Act shall be subject to the same penalties as a person who vio-

lates the provisions of Section 14 of this Act. An action for any such violation may be brought in the following manner:

(1) At the direction of the board, the attorney general shall institute and conduct a suit in the name of the State of Texas under this subsection.

(2) Upon formal resolution of its governing body, a local government may institute and conduct a suit under this subsection. However, the board created by this Act is authorized to be and is a necessary and indispensable party to any suit brought by a local government under this subsection.

(3) At the direction of the Texas Parks and Wildlife Department or the employees thereof duly authorized by such Department, the appropriate County or District Attorney shall institute and conduct a suit in the name of the State of Texas under this subsection for any violation which affects aquatic life, birds and animals.

(b) Whenever it appears that any person is violating or threatening to violate any provision of Section 14 of this Act, the board may bring suit against such person in the district court of the county in which the violation or threat of violation occurs, to restrain such person from continuing such violation or from carrying out the threat of violation. In any such suit, the court shall have jurisdiction to grant to the board, without bond or other undertaking, such prohibitory and mandatory injunctions as the facts may warrant, including temporary restraining orders, after notice and hearing, temporary injunctions, or permanent injunctions. It shall be the duty of the attorney general to represent the board when requested to do so. The action shall have precedence over all other causes on the docket of the trial or appellate court of a different nature, and either the board or the defendant or defendants may appeal as in civil cases.

(c) The Texas Water Development Board, the Texas Parks and Wildlife Department, the State Department of Health, and the Railroad Commission of Texas are charged with the following specific duties in addition to any other duties imposed on such agencies elsewhere in this Act:

(1) It shall be the duty of the Texas Water Development Board to investigate all water quality matters concerning the groundwater in the state, and it shall report all findings as to water quality to the board created herein together with its recommendations in regard thereto.

(2) It shall be the duty of the Texas Parks and Wildlife Department and the employees thereof duly authorized by such Department to enforce the provisions of this Act insofar as any violation hereof occurs which affects aquatic life, birds and animals.

(3) The Texas State Department of Health shall, when requested, continue to perform the research, training, planning and other functions presently being conducted by it in matters concerning pollution in cooperation with, or as a state agency contributing its services to, the board. It is the intent of the Legislature that full use be made of the Texas Sanitation and Health Protection Law, Chapter 178, Acts of the 49th Legislature, 1945, as amended (Article 4477—1, Vernon's Texas Civil Statutes), in the abatement of such nuisances as are set forth therein where not inconsistent with this Act.

(4) The Railroad Commission of Texas shall be solely responsible for the control and disposition of waste and the abatement and prevention of pollution of water, both surface and subsurface, resulting from activities associated with the exploration, development, or production of oil or gas. The commission may issue permits for the discharge of waste resulting from such activities, and discharge of waste hereunder into the waters in the state shall meet the water quality criteria established by the Texas Water Quality Board.

For Annotations and Historical Notes, see V.A.T.S.

(5) Notwithstanding any provision of this Act, the Railroad Commission of Texas and the Texas Water Development Board shall respectively continue to exercise the authority granted to them in Chapter 82, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 7621b, Vernon's Texas Civil Statutes); and the Railroad Commission of Texas shall continue to and be solely responsible for the exercise of the authority granted it in Article 6029a, Revised Civil Statutes of Texas, 1925; and the Texas Water Development Board and the Texas Water Well Drillers Board shall continue to exercise the authority granted to them in Chapter 264, Acts of the 59th Legislature, Regular Session, 1965 (Article 7621e, Vernon's Texas Civil Statutes).

Authority of local governments

Sec. 16. (a) All local governments shall be authorized to inspect the public waters in their areas and to determine whether or not (1) the quality of the water meets the state water quality criteria adopted by the board, (2) persons or local governments discharging effluent into the public waters located in the areas of which the local government has jurisdiction have obtained a permit for discharge of such effluent, and (3) persons and local governments who possess a permit to discharge into the public waters are making discharges in compliance with the requirements of the permit. A local government may make written recommendations to the board as to what in the judgment of such local government the water quality criteria should be for any public waters within the designated limits of the local government exclusive of any extraterritorial limits.

(b) A local government shall have the same authority to go in and on public and private property to make inspections as the board has under the same provisions and restrictions as are applicable to the agents and employees of the board. Any results of such inspections shall be transmitted to the board for its consideration.

(c) A local government, upon formal resolution of its lawful governing body, may sue in the appropriate district court to restrain any person from violating or threatening to violate the provisions of Section 14 of this Act, if the violation of such section causes or would cause a condition of pollution in any of the waters in its boundaries.

(d) The appropriate district court mentioned in the preceding Subsection (c) shall be the district court of the county in which the violation or threatened violation occurs.

(e) In any such action brought by a local government the district court shall have jurisdiction to grant to the local government such relief as in the judgment of the court the facts adduced at the trial may warrant, including but not limited to temporary restraining orders, temporary injunctions, and permanent injunctions.

(f) The local government and the defendant in any such action may appeal the order of a district court as in other civil cases.

(g) The board created by this Act is authorized to be and must be a necessary and indispensable party to any suit brought by a local government under this Section.

Cooperative agreement

Sec. 17. A local government may enter into cooperative agreements and contracts with other local governments or the Board:

(a) to perform water quality management, inspection and enforcement and give and provide technical aid and educational services to any entity that is a party to the agreement; and

(b) for the transfer of money or property from any entity which may be a party to the agreement to another such entity for the purpose of water quality management, inspection, enforcement, technical aid and education as well as construction, ownership, purchase, maintenance and operation of disposal systems.

Exceptions

Sec. 18. Any pollution which is caused by an act of God, war, strike, riot, or other catastrophe shall not be held to be a violation of this Act.

Notices

Sec. 19. (a) Form of notice. Notice of any hearing or of any other proceeding for which notice is required by this Act shall describe briefly and in summary form the purpose of the proceeding and the time, place, and date thereof.

(b) Publication of Hearing Notice. Notice of a hearing shall be published at least twice in a newspaper regularly published or circulated in the county or counties containing such persons as the board has reason to believe may be affected by action of the board taken by it as a result of the hearing, the first date of publication to be not less than 20 days before the date fixed for such hearing.

(c) Individual Service of Notice. Where notice of any proceeding is required by this Act to be given to a person, the notice shall be served personally or mailed to the person not less than 20 days before the date fixed for such proceeding, at his last known address. If the entity to whom notice is to be given is not an individual, the notice may be given to any officer, agent or legal representative thereof.

Private rights to abate pollution unaffected

Sec. 20. This Act shall not in any way affect the right of any private corporation or individual to pursue all common-law remedies available to abate a condition of pollution or other nuisances or recover damages therefor, or both.

Protection of confidential information

Sec. 21. Nothing herein contained shall require any person to disclose any classified data of the federal government or any confidential information relating to secret processes or economics of operation.

All such actions shall be administered by and shall be under the jurisdiction of the board created by this Act, the same as if originally performed by this board, and they shall remain in full force and effect unless and until changed and amended by order of this board. Art. 7621g. Regional Waste Disposal Act**Purpose and title of act**

Section 1. This Act is for the purpose of authorizing a cooperative effort by public agencies for the safe and economical collection, transportation, treatment and disposal of wastes in order to prevent and control the pollution of the waters in this state. This Act may be cited as the "Regional Waste Disposal Act."

Definitions

Sec. 2. Words and phrases, as used in this Act, shall have the following meanings:

(a) "Person" means any individual, any public agency, public or private corporation, political subdivision, governmental agency, municipality, copartnership, association, firm, trust, estate or any other entity whatsoever.

(b) "District" means any water district or authority or river authority created under Article XVI, Section 59, or Article III, Section 52, of the Constitution of Texas.

(c) "Public agency" means a district, an incorporated city or town, or any other political subdivision or agency of the state which has the power to acquire and operate waste collection, transportation, treatment or disposal facilities or systems.

(d) "Waste" means sewage, industrial waste, municipal waste, recreational waste and agricultural waste, and any other waste that may cause impairment of the quality of the waters in the state.

(e) "Sewer system" or "sewerage system" means pipelines or conduits, canals, pumping stations, and force mains, and all other constructions, devices, and appliances appurtenant thereto, used for conducting waste to a point of ultimate disposal.

(f) "Treatment facilities" means any plant, disposal field, lagoon, pumping station, constructed drainage ditch or surface water intercepting ditch, incinerator, area devoted to sanitary land fills, or other works not specifically mentioned herein, installed for the purpose of treating, neutralizing, stabilizing or disposing of waste.

(g) "Disposal system" means a system for disposing of waste, and including sewer systems and treatment facilities.

Authority of district

Sec. 3. A district is authorized to purchase, construct, improve, repair, operate and maintain one or more disposal systems, and it may make contracts with any person, as defined herein, under which the district will collect, transport, treat and dispose of wastes for such person. A district may also purchase or make contracts with any person for the use of any waste collection, transportation, treatment or disposal facilities or systems owned by such person.

Eminent domain

Sec. 4. The district shall have the power and right of eminent domain for the purpose of acquiring any and all property of any kind, real, personal or mixed, or any interest therein, within or without the boundaries of such district, necessary for the purposes authorized by this Act. Such power of eminent domain shall be exercised in the manner provided in the laws applicable or available to the district.

Public agencies; contracts; terms and provisions

Sec. 5. Public agencies are hereby authorized to make contracts with a district under which the district will make a disposal system available to such public agencies and furnish waste collection, transportation, treatment and disposal services by the district's disposal system. The contract may be upon such terms and for such period of time as the parties may agree, and may provide that it will remain in effect until any bonds issued or to be issued by the district and any bonds which may be issued to refund the same are paid. The contract may contain provisions to assure equitable treatment of parties who contract with the district for waste collection, transportation, treatment and disposal services from the same disposal system, provisions requiring the public agency to regulate the quality or strength of the waste to be handled by the disposal system, and such other provisions and requirements as the district and the governing body of the public agency may find reasonably necessary. The contract shall specify the method of determining the amounts to be paid by the public agency to the district. The contract may also provide for sale to or use of by the district of any disposal system, or any part thereof, at the time owned by the public agency. The public agency shall have the right to the continued performance of such services after the amortization of the district's investment in the disposal system during the useful life thereof, upon payments of reasonable charges therefor reduced to take into consideration such amortization.

Payments by public agencies

Sec. 6. Payments by a public agency to the district for waste collection, transportation, treatment and disposal services may be made from the income of the public agency's waterworks system or its sanitary sewer system or of both systems or of its combined water and sanitary sewer system, as may be prescribed in the contract between the district and the public agency. Such payments shall constitute an operating expense of the system or systems whose revenues are thus to be applied. Payments to be made under the contract by the public agency from the income of the water system shall be subordinate to amounts required to be paid from the net revenues of its water system for principal of and interest on bonds of the public agency which are outstanding at the time of the making of the contract and which are payable solely from such water system net revenues unless the ordinance or resolution authorizing such outstanding bonds of the public agency expressly reserves the right to accord such contract payments a priority over such public agency's bond requirements. Unless the alternative procedure prescribed in Section 7 is followed,

For Annotations and Historical Notes, see V.A.T.S.

neither the district nor the holder of any bonds of the district shall have the right to demand payment of the public agency's obligation out of any funds raised or to be raised by taxation.

Elections by public agencies; authority to levy ad valorem tax; contracts as obligations against taxing power; qualified electors

Sec. 7. (a) If an election is held by a public agency having taxing powers and carried, substantially according to applicable procedure prescribed in Chapter 1, Title 22, Revised Civil Statutes of Texas, as amended, in reference to the issuance of bonds by cities, determining that the governing body of the public agency is authorized to levy an ad valorem tax to pay all or a portion of the payments to be made by the public agency under a contract between the public agency and a district, to be authorized by the governing body of the public agency, the contract, in such event, will constitute an obligation against the taxing power of the public agency to the extent therein provided. No election is required for the exercise of any power conferred by this Act except for the levy of such tax.

(b) Only qualified electors of the public agency who own taxable property therein and who have duly rendered the same for taxation shall be entitled to vote at such election. Except as otherwise provided in this Section and in said Chapter 1, Title 22, the general election code shall govern such election.

Service charges; adjustment of rates

Sec. 8. Whenever the public agency shall have executed a contract with a district under this Act and the payments thereunder are to be made either wholly or partly from the revenues of the public agency's waterworks system or sanitary sewer system or from both systems or a combination of both systems, the duty is hereby imposed on the public agency to establish and maintain and from time to time to adjust the rates charged by the public agency for the services of such system or systems, to the end that the revenues therefrom together with any taxes levied in support thereof will be sufficient at all times to pay: the expense of operating and maintaining such system; and all of the public agency's obligations to the district under the contract; and all of the public agency's obligations under and in connection with revenue bonds theretofore issued, or which may be issued thereafter secured by revenues of such system or systems. The contract may require the use of consulting engineers and financial experts to advise the public agency whether and when such rates are to be adjusted.

Concurrent services; allocation of costs

Sec. 9. Any contract or group of contracts under this Act may provide for services to be rendered concurrently by the district to more than one public agency through the construction and operation of a disposal system and provide that the cost for such services shall be allocated among the several public agencies as determined in the contract or group of contracts.

Bonds; form and denomination

Sec. 10. For the purpose of acquiring, constructing, improving, enlarging and repairing a disposal system or disposal systems, the district is authorized to issue bonds payable from and secured by a pledge of revenues under any contract or contracts it enters into under this Act and from any other income pledged by the district. Said bonds shall constitute negotiable instruments. The bonds shall be in such form and denomination and shall bear such rate or rates of interest as are prescribed by the governing body of the district. A district is likewise authorized to refund any bonds issued under this Act upon such terms and conditions and bearing such rate or rates of interest as the governing body may prescribe.

Rates and charges

Sec. 11. While any such bonds are outstanding, it shall be the duty of the governing body of the district to fix, maintain and collect rates and charges, for services furnished or made available by the disposal system, adequate to pay maintenance and operation costs of and expenses allocable to the disposal system, payment of principal of and interest on such bonds, and to provide and maintain the funds created by the resolution authorizing the bonds. Interest to accrue on the bonds and administrative expenses to estimated date when the disposal system will become revenue producing and reserve funds created by the resolution authorizing the bonds may be set aside out of bond proceeds.

Approval of bonds; interest rate and sale price of bonds

Sec. 12. After any bonds are authorized to be issued by a district pursuant to the power provided in this Act, such bonds and the record relating to their issuance may be submitted to the Attorney General for his examination as to the validity thereof. Where such bonds recite that they are secured by pledge of the proceeds of a contract or contracts between the district and a public agency, a copy of such contract and the proceedings of the public agency authorizing same may also be submitted to the Attorney General. If the Attorney General finds that such bonds have been authorized and the contracts have been made in accordance with the Constitution and laws of the State of Texas, he shall approve the bonds and such contracts, and the bonds shall be registered by the Comptroller of Public Accounts. Thereafter the bonds and contracts, if any, shall be valid and binding and shall be incontestable for any cause. In lieu of, or in addition to, such approval by the Attorney General, the board of directors of the district may have any such bonds validated by suit in the District Court in the manner and with the effect provided in Chapter 316, Acts of the 56th Legislature. The interest rate and sale price of the bonds need not be fixed until after the termination of the validation proceedings or suit. If the proposed bonds recite that they are secured by the proceeds of a contract or contracts made by the district and one or more public agencies, the petition shall so allege and the notice of the suit shall mention such allegation and each public agency's fund or revenues from which such contract or contracts are payable. Such suit shall be in the nature of a proceeding in rem. The judgment shall be res adjudicata as to the validity of such bonds and any such contract or contracts and the pledge of revenues thereof.

Investment of bond proceeds

Sec. 13. Proceeds from the sale of bonds may be invested, pending their use, in such securities or time deposits as are specified in the resolution authorizing the issuance of the bonds or the trust indenture securing them, and the earnings on such investments applied as provided in such resolution, or trust indenture.

Legal and authorized investments

Sec. 14. All bonds issued under this Act shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking fund of cities, towns, villages, school districts, or any other political corporation or subdivision of the State of Texas. Such bonds shall be eligible to secure the deposits of any and all public funds of the State of Texas, and of any political subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value when accompanied by all unmatured coupons appurtenant thereto.

Relocation, raising, re-routing or changing grades of highways, railroads or transmission lines; sole-expenses defined

Sec. 15. In the event that any district, in the exercise of the powers granted hereunder, whether it be the power of eminent domain, the power of relocation, or any other power, makes necessary the relocation, raising, re-routing, or changing the grade of or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of such district. The term "sole expense" shall mean the actual cost of such relocation, raising, re-routing or change in grade or alteration of construction and providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from such facilities.

Cumulative effect of law

Sec. 16. This Act is cumulative of other statutes now or hereafter enacted governing the Texas Water Pollution Control Board or its successors, the Texas State Department of Health, and the Texas Water Rights Commission relating to the issuance of bonds; the collection, transportation, treatment or disposal of wastes; and the design, construction, acquisition or approval of facilities for such purposes.

Powers not in derogation to existing powers; repealer

Sec. 17. The powers granted under this Act shall be in addition to and not in derogation of any and all existing powers of any district or any public agency. Chapter 263, Acts of the 59th Legislature (codified as Article 8197g, Vernon's Texas Civil Statutes), is hereby repealed; otherwise this Act shall not be deemed to repeal, expressly or by implication, any power or right granted to any district or to any public agency, and any district or public agency having powers under existing law similar to or in the nature of those granted hereunder may continue to operate and act in the exercise of such powers or may operate and act under the powers granted herein, or both.

* * * * *

Purchase of bonds of political subdivision by board; bond requirements; sale

Sec. 15. After the Board has examined an application of a political subdivision for financial assistance from the Fund and determined by resolution that same should be approved, the Board may give financial assistance to the political subdivision by the purchase with moneys out of the Texas Water Development Fund of bonds or other securities issued by the political subdivision for the purpose of providing funds to finance a project. The Board is hereby empowered to purchase such political subdivision bonds or other securities even though such bonds or other securities be secondary, or subordinate to other bonds or other securities issued by the political subdivision to finance the same project for which assistance from the Fund is sought; the Board may use proceeds of the Texas Water Development Fund to purchase outstanding prior lien

bonds previously issued by the political subdivision whenever such purchase of outstanding prior lien bonds will avoid or reduce the necessity for issuing junior lien bonds for subsequent sale to the Board, provided, however, that the security for both prior lien and junior lien bonds shall be pledged from substantially the same sources of revenue. The Board shall never purchase bonds or other securities which have a maturity date in excess of forty (40) years from date of issuance. The Board shall never purchase bonds or other securities of a political subdivision in excess of Fifteen Million Dollars (\$15,000,000). Such bonds and other securities purchased from moneys in the Fund by the Board shall bear the weighted average effective interest rate on all state bonds theretofore sold under the provisions of this Act plus one-half ($\frac{1}{2}$) of one percent (1%). The bonds shall bear coupons evidencing interest at such a rate or combination of rates as shall approximate the effective rate as nearly as the Board shall deem practicable, and the effective rate shall be arrived at by the payment of premiums or the deduction of discounts as necessary. Before purchasing any bonds or other securities of a political subdivision, the Board shall be assured that such bonds or other securities have been approved by the Attorney General and registered by the Comptroller of Public Accounts and after such approval and registration and sale at not less than par and accrued interest, said bonds shall be valid, binding and incontestable. The Board is fully empowered and authorized to sell or dispose of political subdivision bonds purchased with moneys out of the Fund, provided that such bonds are sold at not less than par and accrued interest. The proceeds from such sale shall be deposited to the credit of the Fund and used in the same manner as other funds deposited therein, except accrued interest shall be deposited in the Interest and Sinking Fund. Should the Board determine to sell such political subdivision bonds, competitive bids therefor shall be received and notice of such sale shall be given and the sale conducted in the same manner as in the case of a sale of the state bonds authorized by this Act; provided, however, that the Board shall first have offered said bonds at their par value plus accrued interest to the issuing political subdivision at least thirty (30) days prior to the date of requesting competitive bids; and provided such political subdivision shall have failed within such thirty (30) day period to give notice to said Board of its desire to acquire such bonds at par and accrued interest.

Cooperation with federal agencies; designation as cooperating local sponsor of project; application

Sec. 24. (a) The Board shall be the state agency to cooperate with the Corps of Engineers of the United States Army and the Bureau of

Reclamation of the United States Department of the Interior in the planning of water resource development projects in this state.

(b) When a project is proposed for planning or development by the Texas Water Development Board, the Corps of Engineers of the United States Army, or the Bureau of Reclamation of the United States Department of the Interior, any political subdivision of Texas government may make application to the Commission for designation as the cooperating local sponsor of the project.

The application shall describe the purposes of the project, state the reasons for the application, the contemplated use of any water supplies the applicant might derive from the project in the event a valid permit for such use is subsequently granted by the Commission, and cite the contributions which the applicant is prepared to make to the planning or development of the project.

The Commission shall prescribe the form to be used in applications for designation as cooperating local sponsor. Before accepting the application for designation, the Commission may require that the applicant complete the prescribed forms. Before making any designation of local sponsorship, the Commission shall set the application for hearing and give public notice of such hearing. Any interested party may appear and be heard for or against the designation of the applicant as project sponsor at the hearing.

More than one cooperating local sponsor may be designated for each project, but each applicant must comply with the provisions stated herein. No application for designation as local sponsor shall cover more than one proposed project.

After a public hearing, the Commission shall designate a local sponsor in accordance with the application or reject the application in a formal order stating the reasons for acceptance or rejection. The Commission may set a reasonable time period for any sponsorship designation.

The Commission, in granting any future permit for the beneficial use of water supplies stored in a project for which it has designated a local sponsor, shall give full cognizance to that sponsor's contributions to the planning and development of the project.

(c) To the extent that no local cooperator is prepared to undertake local sponsorship of a federal project in whole or in part, or in the event the Texas Water Development Board has interest in such project, the Board may be designated as sponsor of the project, or as an additional cooperating sponsor.

Sec. 10. The District shall have the power and is hereby authorized to issue bonds from time to time as authorized by this Act, provided that the aggregate principal amount of such bonds outstanding at any one time shall not exceed One Hundred Twenty Million Dollars (\$120,000,000.00). Provided, however, that in the event that any outstanding bonds shall be paid at maturity, other than through the application of the proceeds of other bonds or through the issuance of other bonds in exchange therefor; or shall be retired prior to the stated maturity thereof by operation of any sinking fund provided for the bonds so retired and in the proceedings authorizing the same, or from the proceeds of the sale of property, the aggregate principal amounts of bonds herein authorized to be outstanding at any one time shall be reduced by the principal amount of the bonds so paid or retired. Any additional amount of bonds must be authorized by an Act of the Legislature. Such bonds (1) shall be sold for cash at public sale to the highest and best bidder, as determined by the Board of Directors with the advice and approval of the Attorney General of Texas, provided, however, that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed five per centum (5%) per annum, or (2) may be issued in exchange for like principal amounts of other obligations of the District, matured or unmatured, or (3) may be sold to the United States of America, or to any agency or corporation created or designated by the United States of America, in exchange for cash equal in amount to the principal amount of the bonds so sold, provided, however, that the interest cost of the money received therefor, computed to maturity in accordance with standard bond tables in general use by banks and insurance companies, shall not exceed five

per centum (5%) per annum. The proceeds of the sale of such bonds shall be deposited in such bank or banks or trust company or trust companies and shall be paid out pursuant to such terms and conditions, not in conflict with the provisions of this Act, as may be agreed upon between the District and the purchasers of such bonds. The proceeds of such bonds and any net operating revenues, derived from the sale of electric power or water, which may be available after paying the interest on outstanding bonds and the principal amount of such bonds, and setting aside sufficient funds for working capital, including a reasonable sum for contingencies and setting aside funds for reserves to secure payment of principal of and interest on outstanding bonds, shall be used (1) to build and construct dams within the District, on the Colorado River and its tributaries for the impounding and storage of flood and surface water; (2) to purchase and install in the dams on the Colorado River hydroelectric generators and other related facilities for the generation of hydroelectric power; and (3) for the construction of such additional lines and the purchase and installation of such additional equipment as the Board of Directors of the District may deem necessary or expedient to enable the District to continue to meet the demand for electric power in the area now served by its transmission lines and distribution systems, provided that no steam generating capacity shall be installed by the District, except that the District may acquire, install, construct, and enlarge and make additions to, and operate one or more steam generating plants, the sum of whose aggregate capacity shall not be more than 1,130,000 kilowatts, to be located within the boundaries of either one or more of Colorado, Fayette, Bastrop, Travis, Blanco, Burnet, Llano or San Saba Counties, and to be utilized for the sole purpose of serving the area served by the District's transmission lines and distribution systems on January 1, 1962; and (4) for the purpose of building levees or such other flood control structures between the City of Austin and the mouth of the Colorado River as may be deemed necessary and desirable by the Board of Directors and installing such facilities as may be necessary to supply water for irrigation and other useful purposes within the counties composing the Colorado River District; and (5) in aid of any soil conservation or soil reclamation projects within the District which the Board of Directors may deem to be in the public interest, provided, however, that any such soil conservation or soil reclamation project shall be approved by the Extension Department of Texas A&M University, providing that nothing herein shall be construed as establishing priorities as to the uses of water contrary to the present General Laws of this State or those hereinafter enacted with reference thereto. Any proceeds of bonds sold by the District to the extent not required by an outstanding trust indenture to be used to redeem outstanding bonds, and any net operating revenues not needed to carry out the projects set out in phrases (1), (2) and (3) of the preceding sentence shall be placed in a separate fund to be designated "The Irrigation, Conservation and Reclamation Fund of the District" and used only for carrying out the projects and purposes authorized in phrases (4), and (5), of the preceding sentence, unless and until otherwise directed by the Legislature of the State of Texas. Such dams as may be built on the tributaries of the Colorado River shall be used for the purpose of impounding and storing flood and surface waters to be used during emergencies created by subnormal rainfall in the drainage basin of the Colorado River watershed. All such bonds shall be authorized by resolution or resolutions of the Board of Directors concurred in by at least six (6) of the members thereof, and shall bear such date or dates, mature at such time or times, bear interest at such rates (not exceeding five per centum (5%) per annum) payable annually or semi-annually, be in such denominations, be in such form either coupon or registered, carry such registration privileges as to principal only or as to both principal and interest, and as to exchange of coupon bonds for registered bonds or vice versa, and exchange of bonds

of one denomination for bonds of other denominations, be executed in such manner and be payable at such place or places within or without the State of Texas, as such resolution or resolutions may provide. Any resolution or resolutions authorizing any bonds may contain provisions, which shall be part of the contract between the District and the holder thereof from time to time (a) reserving the right to redeem such bonds at such time or times, in such amounts and at such prices, not exceeding one hundred and five per centum (105%) of the principal amount thereof, plus accrued interest, as may be provided; (b) providing for the setting aside of sinking funds or reserve funds and the regulation and disposition thereof; (c) pledging to secure the payment of the principal of, and interest on such bonds and of the sinking fund or reserve fund payments agreed to be made in respect of such bonds, all or any part of the gross or net revenues thereafter received by the District in respect of the property, real, personal or mixed, to be acquired and/or constructed with such bonds or the proceeds thereof, or all or any part of the gross or net revenues theretofore or thereafter received by the District from whatever source derived; (d) prescribing the purposes to which such bonds or any bonds thereafter to be applied; (e) agreeing to fix and collect rates and charges sufficient to produce revenues adequate to pay the items specified in subdivisions (a), (b), (c), and (d), of Section 8 hereof, and prescribing the use and disposition of all revenues; (f) prescribing limitations upon the issuance of additional bonds and upon the agreements which may be made with the purchasers and successive holders thereof; (g) with regard to the construction, extension, improvement, reconstruction, operation, maintenance, and repair of the properties of the District and carrying of insurance upon all or any part of said properties covering loss or damage or loss of use and occupancy resulting from specified risks; (h) fixing the procedure, if any, by which, if the District shall so desire, the terms of any contract with the holders of such bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given; (i) for the execution and delivery by the District to a bank or trust company authorized by law to accept trusts, of indentures and agreements for the benefit of the holders of such bonds setting forth any or all of the agreements herein authorized to be made with or for the benefit of the holders of such bonds and such other provisions as may be customary in such indentures or agreements; and (j) such other provisions, not inconsistent with the provisions of this Act, as the Board may approve, provided that no agreement, contract or commitment shall ever be made which, under any contingency, could or would result in the Government of the United States or any of its agencies or bureaus claiming the right or privilege of controlling or managing the properties and facilities of the District or the control or disposition of the water of the Colorado River or its tributaries; provided nothing herein shall be construed as limiting or restricting the rights or powers as set out hereinbelow in the event of any default on the part of the District. Nothing herein provided is intended to prohibit compliance with existing Federal Regulations, provided compliance therewith is done upon the advice and approval of the Attorney General of the State of Texas.

Any such resolution and any indenture or agreement entered into pursuant thereto may provide that in the event that:

(a) default shall be made in the payment of the interest on any or all bonds when and as the same shall become due and payable; or

(b) default shall be made in the payment of the principal of any or all bonds when and as the same shall become due and payable, whether at the maturity thereof, by call for redemption or otherwise; or

(c) default shall be made in the performance of any agreement made with the purchasers or successive holders of any bonds, and such default shall have continued such period, if any, as may be prescribed

For Annotations and Historical Notes, see V.A.T.S.

by said resolution in respect thereof, the trustee under the indenture or indentures entered into in respect of the bonds authorized thereby, or, if there shall be no such indenture, a trustee appointed in the manner provided in such resolution or resolutions by the holders of twenty-five per centum (25%) in aggregate principal amount of the bonds authorized by such resolution or resolutions at the time outstanding, shall, in his or its own name, but for the equal and proportionate benefit of the holders of all such bonds; and with or without having possession thereof;

(1) by mandamus or other suit, action or proceeding at law or in equity, enforce all rights of the holders of such bonds;

(2) bring suit upon such bonds and/or the appurtenant coupons;

(3) by action or suit in equity, require the District to account as if it were the trustee of an express trust for the bondholders;

(4) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds, and/or;

(5) after such notice to the District as such resolution may provide, declare the principal of all of such bonds due and payable, and if all defaults shall have been made good, then with the written consent of the holders of twenty-five per centum (25%) in aggregate principal amount of such bonds at the time outstanding, annul such declaration and its consequences; provided, however, that the holders of more than a majority in principal amounts of the bonds authorized thereby and at the time outstanding, shall by instrument or instruments in writing, delivered to such trustee, have the right to direct and control any and all action taken or to be taken by such trustee under this paragraph. Any such resolution, indenture, or agreement may provide that in any such suit, action or proceeding, any such trustee, whether or not all of such bonds shall have been declared due and payable, and with or without possession of any thereof, shall be entitled as of right to the appointment of a receiver who may enter and take possession of all or any part of the properties of the District and operate and maintain the same and fix, collect and receive rates and charges sufficient to provide revenues adequate to pay the items set forth in subparagraphs (a), (b), (c), and (d), of Section 8 hereof and the costs and disbursements of such suit, action or proceeding, and to apply such revenues in conformity with the provisions of this Act and the resolution or resolutions authorizing such bonds. In any suit, action or proceeding by any such trustee, the reasonable fees, counsel fees and expenses of such trustee or the receiver or receivers, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the Court shall be a first charge upon any revenues pledged to secure the payment of such bonds. Subject to the provisions of the Constitution of the State of Texas, the Courts of the County of Travis shall have jurisdiction of any suit, action or proceeding by any such trustee on behalf of the bondholders and of all property involved therein. In addition to the powers hereinabove specifically provided for, each such trustee shall have and possess all powers necessary or appropriate for the exercise of any thereof, or incident to the general representation of the bondholders in the enforcement of their rights.

Before any bonds shall be sold by the District, a certified copy of the proceedings for the issuance thereof, including the form of such bonds, together with any other information which the Attorney General of the State of Texas may require shall be submitted to the Attorney General, and if he shall find that such bonds have been issued in accordance with law he shall approve such bonds and he shall execute a certificate to the effect which shall be filed in the office of the Comptroller of the State of Texas and be recorded in a record kept for that purpose. No bond shall be issued until the same shall have been registered by the Comptroller, who shall so register the same if the Attorney

General shall have filed with the Comptroller his certificate approving the bonds and the proceedings for the issuance thereof as hereinabove provided.

All bonds approved by the Attorney General as aforesaid, and registered by the Comptroller as aforesaid and issued in accordance with the proceedings so approved shall be valid and binding obligations on the revenues of the District and shall be incontestable for any cause from and after the time of such registration.

Annually hereafter the State Auditor shall audit the books and accounts of the District in such manner as to enable him to report to the Legislature as to the manner and purpose of the expenditure of all funds of the District. Such audit shall cover the fiscal year from July the first to June the thirtieth, and a report thereof shall be made before the first day of January of each year, a copy of which shall be filed with the Governor of Texas, the Attorney General of Texas, the Lieutenant Governor of Texas and the Speaker of the House of Representatives. The State Auditor, after completing such report, shall prepare a detailed statement showing the actual cost of such audit and certifying such account to the Governor of the State of Texas for his approval, and when approved by the Governor, the State Auditor shall deliver an official copy thereof to the Manager of the District, and the District shall forthwith deposit such sum of money with the State Treasurer, which sum shall be placed in the General Fund of the State of Texas. Nothing herein contained shall prohibit an independent audit as required under any bond indenture.

It is hereby declared to be the policy of this State that the District shall so manage and use its facilities, the water impounded by its dams on the Colorado River or its tributaries and the net operating revenues which may be available, to accomplish as nearly as possible, such of the purposes included in Section 59a, Article XVI of the Constitution of the State of Texas as are enumerated in the provisions of this Act, and the District shall market such electric power (as in the opinion of the Board will not be immediately needed by the District) under such contracts and on such conditions as will best enable the District to pay its operating expenses, meet its outstanding financial obligations as they mature, supply the increasing demand for electric power in the area now dependent upon its transmission lines and distribution systems for electric service and assure, as nearly as possible, an adequate supply of water for irrigation and other useful purposes, when and as it may be needed in the various counties comprising the District.

Art. 8280—188. Trinity River Authority of Texas

* * * * *

Sec. 5. The Authority is hereby invested with all of the powers of the State under Article XVI, Section 59 of the Constitution to effectuate flood control and the conservation and use, for all beneficial purposes, of storm and flood waters and unappropriated flow waters in the Trinity watershed, subject only to: (i) declarations of policy by the Legislature as to use of water; (ii) continuing supervision and control by the State Board of Water Engineers and any board or agency which may thereafter succeed to its duties; (iii) the provisions of Article 7471 prescribing the priorities of uses for water, and (iv) the rights heretofore or hereafter legally acquired in water by municipalities and other users. The Authority is hereby further invested with all of the powers of the State under Article XVI, Section 59 of the Constitution to encourage, promote and provide for the navigation of inland and coastal waters within the Trinity River Watershed, including the power to cooperate with the Chambers-Liberty Counties Navigation District in the development and construction of navigation canals and facilities or harbor and terminal facilities within the boundaries of the Chambers-Liberty Counties Navigation District. It shall be the duty of the Authority to exercise for the greatest practicable measure of the conservation and beneficial utilization of storm, flood and unappropriated flow waters of the Trinity River Watershed in the manner and for the particular purposes specified hereinafter in this Section and elsewhere in this Act, powers, including those:

(a) To store and conserve to the greatest beneficial use such waters, so as to prevent escape of any water without maximum beneficial use either within or outside of Authority.

(b) For the conservation of water for uses within and without the watershed, including providing water supply for cities and towns, and the right to sell water and standby service to any person, firm, or corporation, including cities and towns and other public agencies, within and outside the watershed of the Trinity River, provided, however, that the purchasers of conservation storage water for domestic, industrial, or

For Annotations and Historical Notes, see V.A.T.S.

irrigation uses shall not be required to pay any part of the cost of benefits accruing for flood control purposes.

(c) For the conservation of soils and other surface resources against destructive erosion, thereby preventing the increased flood menace incident thereto, and for the prevention of sedimentation and siltation of lands, channels, reservoirs, and coastal waters, including the right to aid and supplement the work of upstream soil and water conservation and flood prevention projects authorized by State or Federal Agencies in conjunction with Soil Conservation Districts, in furtherance of the "Master Plan" as defined in Section 11.

(d) To provide water for the irrigation of lands within and outside of the watershed.

(e) To provide water for the development of commercial and industrial enterprises, inside and outside the watershed.

(f) Power to execute contracts with municipalities and others involving the construction of reservoirs, dams, water supply lines, water purification and pumping facilities, and the furnishing of water supply service substantially in the manner prescribed by Chapter 342, Acts of the Regular Session of the 51st Legislature for Districts organized and created pursuant to Article XVI, Section 59 of the Constitution, extended so as to permit such contracts with individuals, partnerships, and all classes of corporations, and to permit the inclusion in the authorized contracts of provisions for operation and ownership of such properties.

(g) When, in the judgment of the Authority necessary for the interest of conservation, and subject to the approval of the State Board of Water Engineers, to bring water into the boundaries of the Authority for beneficial uses.

(h) For encouragement and development of recreational facilities and preservation of fish and wildlife, the Board of Directors shall have the power and duty to acquire sufficient additional land adjoining any lakes constructed on the Trinity River for purpose of developing recreational facilities and for the purpose of acquiring roads for ingress and egress of the public to said lakes. The Board shall use its discretion in determining the amount of such additional land required for a suitable recreational park, but shall secure approximately twenty percent (20%) of the adjoining lake front, such twenty percent (20%) being intended merely as a guide and not to be construed as a maximum or minimum limitation.

(i) To acquire, purchase, take over, construct, maintain, operate, develop and regulate canals, locks, wharves, docks, warehouse, grain elevators, bunkering facilities, belt railroads, floating plants, lighterage, lands, towing facilities, and all other facilities or aids incident to or necessary to the operation or development of ports or waterways, within the Trinity River Watershed and extending to the Gulf of Mexico, for the purposes added by this amendment, the Authority is authorized to issue bonds as provided in the Act hereby amended. The Authority is also authorized to borrow funds for current expenses, and to evidence the same by negotiable notes or warrants payable not later than the close of any calendar year for which loans are made. Any actions under this subsection within the boundaries of the Chambers-Liberty Counties Navigation District may be in cooperation with said District.

(j) Power to adopt through action of the Board of Directors, any powers permitted under Title 128, Revised Civil Statutes of the State of Texas.

(k) As a necessary aid to the conservation, control, preservation, and distribution of such water for beneficial use, the Authority shall have the power to construct, own and operate sewage gathering, transmission and disposal services, to charge for such service, and to make contracts in reference thereto with municipalities and others.

(1) To adopt all reasonable rules and regulations designed to facilitate the exercise of its rights and the performance of its duties, and to adopt and amend its bylaws.

Sec. 5 amended by Acts 1967, 60th Leg., p. 603, ch. 273, § 1, emerg. eff. May 23, 1967.

Sec. 6. Subject to the limitation as to the maximum rate of tax as prescribed in this Section, the Authority may levy and collect such ad valorem taxes as are voted at an election or elections, called by the Board for the purpose and conducted throughout the territory of the Authority. The maximum rate of tax which can be levied and collected for any year shall be Fifteen Cents (15¢) on the One Hundred Dollars (\$100) of taxable property based on its assessed valuation. Only qualified electors, owning taxable property within the boundaries of the Authority and who have duly rendered their property for taxation shall be entitled to vote in any such election. An elector otherwise qualified must vote in the County and precinct of his residence. The resolution calling any such election shall state the maximum rate or rates of taxes which are to be authorized. Such notice shall be published at least once in each of four (4) weeks on the same day of each week in a newspaper published in, or having general circulation in, each county within the Authority, the date of the first publication being at least thirty (30) days prior to the date of the election. The resolution calling the election shall specify the voting places in each of the several counties. The notice of election will be sufficient as to any county within the Authority if it states that the election is to be held throughout the territory comprising the Authority and if it specifies the voting places in such county. But it shall not be necessary to publish such details except in the county to which they are applicable. Returns of the election shall be made to the Board. If, and only if, a majority vote of the qualified voters voting in at least a majority of the counties which are wholly or partially within the Authority, together with a majority vote of the qualified voters voting in the entire Authority, shall be in favor of the levy of the tax, the Board may levy taxes within the maximum rate thus voted. The rate of tax shall be uniform throughout the territory comprising the Authority, and shall be certified by the President and Secretary of the Authority to the Tax Assessor and the Tax Collector of each included county. After an election has resulted favorably to the levy of a tax, the Board of Directors may borrow money payable therefrom, and may evidence such loan by a negotiable note given in the name of the Authority, and such loans may be for the purpose of providing funds for preliminary surveying and engineering and work in formulating the Master Plan.

Sec. 6 amended by Acts 1967, 60th Leg., p. 604, ch. 273, § 2, emerg. eff. May 23, 1967.

Sec. 6A. (1) Notwithstanding the provisions of Section 2 or any other section of the Act establishing the Trinity River Authority (Article 8280—188, Vernon's Texas Civil Statutes), it is hereby expressly found and determined that none of the lands and property owned or controlled by any railroad company or motor carrier regulated by the Texas Railroad Commission within this Authority are benefited by the exercise of any powers conferred by this Act, and such lands and property are expressly excluded from the Authority; nor shall any of the lands or property of such railroad companies or motor carriers regulated by the Texas Railroad Commission be subjected to any of the specific or general provisions hereof, and such finding and determination shall be considered paramount and shall supersede the provisions of the aforementioned section and any other sections of the Act.

(2) The taxing power and authority provided in this Act shall not extend to nor apply to the lands and property of any railroad company

For Annotations and Historical Notes, see V.A.T.S.

or motor carrier regulated by the Texas Railroad Commission required by law to pay a tax upon intangible assets and no tax assessor, collector or any other public official shall have any powers relating to taxation or otherwise over such properties.

(3) In the event that any tax assessor or collector of any county wholly or partly within the authority undertaking any official act for the authority exercises or attempts to exercise any act which could be construed by the railroad company or motor carrier regulated by the Texas Railroad Commission as extending any taxing power or authority over the lands and property of the railroad company or motor carrier regulated by the Texas Railroad Commission, then such railroad company or motor carrier regulated by the Texas Railroad Commission is expressly authorized or empowered to withhold payment to the county for which such tax assessor or collector normally performs his official duty for the reason that the lands and properties of said companies are:

(a) Not benefited by the exercise of any powers contained herein, nor

(b) Required to pay any taxes to this Authority because required by law to pay a tax upon intangible assets; and provided further that any court of competent jurisdiction within the State of Texas is hereby authorized and empowered and shall enforce the provisions of this section through injunction, mandatory injunction, writ of prohibition, or any other process entered or promulgated to effectuate the sense and purposes of this section.

(4) At any election called by the Authority or any authorized public official for the purpose of levying any tax provided by this Act, the notice of said election shall confine the property subject to taxation to that which is benefited by submitting to the voters the proposition substantially as follows:

Shall Trinity River Authority of Texas be authorized to levy a tax upon all taxable property in the Authority at a rate not to exceed 15¢ on the one hundred (\$100) dollars of assessed valuation?

and the ballot shall conform to such notice.

(5) If any word, clause, sentence, part, or provision of this section or its subsections or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of this section and of this Act shall nevertheless be valid, and the Legislature hereby declares that this section and this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, part or provision.

Sec. 16. (a) The Authority may make contracts with the United States, its agencies, the State of Texas, its agencies, all municipal corporations, political subdivisions and districts, and with private persons. It may obtain loans from and accept grants from the United States and its agencies, and from the State of Texas, and its agencies, and it shall have the right to participate in and be the beneficiary of any plan which may be evolved by the State or Federal Government for guaranteeing or otherwise subsidizing the obligations of the Authority; provided, however, that no contract shall be entered into between the Authority and the Federal Government for navigation purposes to any point on the Trinity River north of Ellis County, unless such contract provides for construction and operation of the navigation facilities to a point in Tarrant County.

Section 5 of the amendatory act of 1967 provided: "It is hereby found that notice of intention to introduce this bill has been published at least thirty (30) days and not more than ninety (90) days prior to its introduction in newspapers having general circulation in counties in which said Authority is situated and in the manner pro-

vided by Article XVI, Section 59(d) of the Constitution, that a copy of said notice and of this bill as introduced were delivered to the Governor, and the time, form and manner of giving said notice is hereby approved and ratified. The evidence of the foregoing was exhibited in the Legislature before the passage of this Act."

Art. 8280—200. Elm Creek Watershed Authority

* * * * *

Sec. 4. (a) The Authority herein created shall be and it is hereby empowered to control, store and distribute the water and floodwaters within the Authority for the conservation, preservation, reclamation and improvement of the soil and lands or in aid thereof within the Authority; to carry out flood prevention measures to prevent or aid in the prevention of damage to land and soil and the fertility thereof; to engage in land treatment measures to prevent deterioration, erosion and loss of land and soil; to carry out preventive and control measures within the Authority; to construct, acquire, improve, carry out, maintain, repair and operate dams, structures, projects and works of improvement for flood prevention (including structural and land treatment measures) and for agricultural and land treatment measures and for agricultural phases of the conservation, development, utilization and disposal of water within the Authority and to purchase or acquire other facilities and equipment necessary in connection therewith and to engage in activities necessary to carry out these functions; to obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interest therein within the Authority necessary to carry out the purposes of this Act and to maintain, administer, and improve any properties acquired; to purchase or acquire land, easements or rights-of-way within the Authority necessary to carry out the purposes of this Act; to cooperate with other conservation districts, county officials, conservation officials and personnel of the county, State and Federal Government, State Soil Conservation Board, State Agricultural Department, Secretary of Agriculture of the United States, and other county, State and Federal agencies and departments in order to carry out the purposes of this Act. Without limiting the generality of the foregoing the Authority shall be and it is hereby empowered to cooperate with the State and Federal Government, their agencies, departments and representatives in getting assistance, aid, benefits, grants, credit and money as provided in Public Law 566, Eighty-third Congress, Chapter 656, Second Session H.R. 6788, and amendments thereto, and as may now or hereafter be provided by any laws of the State of Texas, it being the intention of the Legislature that the Authority herein created shall have all the power and authority necessary to fully qualify and gain the full benefits of any and all such laws which are in any wise helpful in carrying out the purposes for which the Authority is created and the provisions of all such laws of which the Authority may lawfully avail itself are hereby adopted by this reference and made applicable to the Authority.

(b) Should the Directors of the Authority propose to carry out any program or plan of improvements relating to flood prevention measures, prevention of damage to land and soil and the fertility thereof, stream channel improvements or any works or activity related to any of such for the benefit of a particular area or areas within the Authority, in cooperation with the Soil Conservation Service of the United States Department of Agriculture (hereinafter referred to as a "program of improvements") the Board of Directors is hereby empowered to designate such area or

For Annotations and Historical Notes, see V.A.T.S.

areas as "improvement districts" (referred to in this law as "improvement districts" or "subordinate districts"), identifying them separately by number, and by entering in its minutes a resolution to such effect (1) defining the improvement district by metes and bounds, (2) adopting a proposed program of improvements, and (3) determining that the proposed program of improvements are of direct local benefit in nature but not of direct benefit to any other area of the Authority. In the entry of the resolution mentioned the Directors shall provide for a public hearing on the question of whether the proposed program of improvements should be adopted as submitted or altered or modified and whether such, including any alteration or modification, would be of benefit to all the area of the improvement district and whether taxes for the payment of bonds to provide the program of improvements should be levied and assessed on the basis of specific benefits to land in the improvement district or on the basis of assessment of benefits at an equal sum per acre upon the lands within the improvement district. Notice of such hearing shall be given by publication stating the time, place and purpose thereof and advising all property owners within the proposed improvement district and other interested parties of their right to appear for or protest against the final adoption of the program of improvements as altered or modified as a result of the hearing. Such notice shall be published in a newspaper of general circulation within the area of the Authority, including that of the improvement district, one time at least fifteen (15) days prior to the date set for the hearing. All property owners and interested persons may appear in support of or in opposition to the proposed improvement district, the proposed plan of improvements or the proposed plan of taxation, and after all persons desiring to be heard have been heard the hearing shall be closed, and the Board of Directors may enter such resolution or order as is appropriate with regard to designating the area of the improvement district, approving the program of improvements considered necessary for the benefit thereof and adopting a plan of taxation for the improvement district which in the Board's judgment under the evidence before it most equitably distributes the tax burden and conserves the public welfare but such resolution or order shall not become final until approved at an election at which a proposition for the designation of the improvement district, the authorization of the issuance of bonds and adoption of a method or plan of taxation shall be submitted as hereinafter provided.

(c) Before improvement district bonds are issued and sold, the Board of Directors shall apportion and assess benefits in accordance with the adopted plan of taxation, i. e., assessments in proportion to the respective individual benefits as the same may be specifically appraised or assessments of benefits at an equal sum on each acre of land benefited. The amounts assessed in either event shall not exceed the benefits accruing and to accrue to the property from the improvements to be constructed within or for the benefit of the improvement district but shall be sufficient to fully meet and discharge the requirements of the bonds issued to provide such improvements. The Board of Directors shall cause rolls and records reflecting the property assessments to be compiled and thereupon shall cause notice to be mailed (first class, prepaid) to each property owner at his last known address as shown on the tax roll of the Authority, advising the amount of the benefit taxes to be levied against such property and fixing a date and place where such owners may appear to contest the correctness and equitableness of such tax. After such hearing, the Directors may sustain, reduce or increase the same as in their judgment shall be just and equitable, and the decision of such Board shall be final, being subject to judicial review only by reason of fraud, palpable error or arbitrary and confiscatory abuse of discretion.

(d) Nothing herein shall be construed as prohibiting the holding of simultaneous public hearings on the matters mentioned in Sections 4(b) and 4(c) if the Directors determine the same would be in the best interest

of the inhabitants of the improvement district. In the event the hearings are to be held simultaneously, the notice required in Section 4(c) shall state the amount of tax proposed to be assessed if the program of improvements is adopted under either proposed plan of taxation, unless the directors have tentatively adopted a plan of taxation prior to the public hearing. If a plan is tentatively adopted, only the amount proposed to be assessed under such plan must be included in such mailed notice, and such tentatively adopted plan may be changed or revised by the Directors as a result of the public hearing without the necessity of another hearing.

(e) The Authority's Board of Directors shall have the power to issue bonds against the faith and credit of an improvement district for the construction of an approved program of improvements provided such bonds are authorized at an election as hereinafter set forth. At such election and as a part of the proposition for the issuance of such bonds there shall also be submitted the question of the designation of the improvement district and the question of the adoption of the proposed plan of taxation. Only resident qualified electors of the improvement district (against which the bonds are to be issued) who own taxable property therein which has been duly rendered for taxation shall be permitted to vote. Notice of election shall be given by publication of a substantial copy of the resolution or order calling same in a newspaper or newspapers having general circulation in the area of the Authority and in the improvement district, such notice to be published once a week for two consecutive weeks, the date of the first publication to be at least fourteen (14) days prior to the date set for the election. The election shall be held not less than fifteen (15) nor more than thirty (30) days from the date it is ordered. The improvement district involved shall constitute a single election precinct but the Board of Directors may make provision for as many polling places as they shall determine to be reasonably required in the conduct of the election; otherwise, where not in conflict herewith, the provisions of general law relating to calling and conducting bond elections in water control and improvement districts shall be applicable. The ballots for such elections held under the provisions of this Section shall have printed thereon substantially the following:

"FOR DESIGNATION OF IMPROVEMENT DISTRICT NO. _____,
THE ISSUANCE OF BONDS AND THE LEVY OF A TAX THEREFOR
ON THE _____ BASIS."

"AGAINST DESIGNATION OF IMPROVEMENT DISTRICT NO.
_____, THE ISSUANCE OF BONDS AND THE LEVY OF A TAX
THEREFOR ON THE _____ BASIS."

In the event the proposition aforementioned is sustained by a majority vote participating in the election, the Board of Directors shall enter its resolution or order confirming creation of the improvement district, setting forth the metes and bounds thereof, and confirming the method of taxation to be employed in meeting principal and interest requirements of the bonds to be issued on behalf of the improvement district. A certified copy of such resolution or order shall be filed for record in the office of the county clerk of the county or counties in which same is situated and shall be recorded in the deed records.

The Board of Directors may thereafter issue and sell bonds for and on behalf of and on the faith and credit of the improvement district upon such terms and conditions and in such denominations as the Board may deem to be in the best interests of the Authority and the improvement district. The bonds may be registrable as to principal and interest, either or both.

All maintenance taxes levied under the provisions of Section 8 of this Act, as amended, and all taxes to pay bonds issued by the Authority at large, except those which may be issued and supported by assessments of

For Annotations and Historical Notes, see V.A.T.S.

benefits in the manner herein provided for improvement districts, shall be assessed and levied on the ad valorem basis.

Sec. 4 amended by Acts 1967, 60th Leg., p. 1623, ch. 639, § 1, emerg. eff. June 16, 1967.

Sec. 5. In performing the functions for which the Authority is created, its Board of Directors is hereby granted all such powers and privileges as it may choose to exercise from among those conferred upon boards of directors of water control and improvement districts created pursuant to general law and, without limitation on the generality of the foregoing, may exercise all powers bestowed upon water control and improvement districts under general law relating to provisions for a board of directors; the purposes for and methods by which bonds may be issued and sold; the levy, assessment and collection of taxes; and powers of eminent domain, but to the extent that such general laws may be inconsistent or in conflict herewith the provisions of this Act shall prevail. In the event the Authority, in the exercise of the power of eminent domain or power of relocation, or any other power granted it pursuant to the provisions hereof, makes necessary the taking of any property or the relocation, raising, rerouting, or changing the grade or altering the construction of any highway, railway, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary taking, relocation, raising, rerouting, changing of grade or alteration of construction shall be accomplished at the expense of the Authority. It is provided, however, that the expense of the Authority shall be strictly confined to that amount which is equal to the actual cost of the property taken or work or in providing comparable replacement required without enhancement thereof and after deducting the salvage value that may be derived from any property taken.

Sec. 5 amended by Acts 1967, 60th Leg., p. 1626, ch. 639, § 2, emerg. eff. June 16, 1967.

Sec. 7. From and after the effective date of this Act, it shall be necessary for the Authority to have a hearing for exclusions of land and for the confirmation of its organization.

The Authority from and after the effective date of this Act shall be required to hold a hearing for the adoption of a plan of taxation.

From and after the effective date of this Act the provisions of Article 7880—77b, Vernon's Texas Civil Statutes, or any other General Law pertaining to the calling of a hearing for the determination of the dissolution of a District or an authority where a bond election has failed shall be applicable to this Authority.

Sections 4-6 of the amendatory act of 1967 provided: "Sec. 4. To the extent that the provisions of any general laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail.

"Sec. 5. Nothing in this Act shall be construed to violate any provision of the Federal or State Constitutions and all acts done hereunder shall be done in such manner as may conform thereto whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such Constitutions, the Authority shall have the power by resolution to provide an alternative procedure conformable to such Constitutions. If any provision of the Act shall

be invalid, such fact shall not affect the validity of any other provision of this Act, and the Legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof.

"Sec. 6. It is hereby found and determined that in conformity with Article XVI, Section 59, of the Constitution of Texas (as amended in 1964), notice of the intention to introduce this bill setting forth the general substance of this contemplated bill and law has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this bill in the Legislature in a newspaper or newspapers having general circulation in McLennan, Bell, Falls and Millam Counties

The time, form and manner of giving said notices and the performance of said acts as required by the Constitution are hereby found to be sufficient to comply with the Constitution and such notices and all acts in relation thereto are hereby approved and ratified."

The powers and duties herein granted to the district shall be subject to the continuing right of supervision of the state, to be exercised by and through the Texas Water Rights Commission.

Sec. 6. All powers of the district shall be exercised by a board of five (5) directors. Each director shall serve for his term of office as herein provided, and thereafter until his successor shall be elected or appointed and qualified. The president shall be the chief executive officer of the district and the presiding officer of the board, and shall have the same right to vote as any other director. The vice-president shall perform all duties and exercise all power conferred by this Act or the general law upon the president when the president is absent or fails or declines to act. The term "sole expense" shall mean the actual cost of such relocating, raising, lowering, rerouting, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 10. This district is created notwithstanding any of the provisions of the Municipal Annexation Act, being Article 970a, Revised Civil Statutes of Texas, as amended, and said Article 970a shall have no application to this district to the extent of creation only.

Sec. 11. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Bell County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Rights Commission, and said Texas Water Rights Commission has filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article 16, Section 59(d), Constitution of the State of Texas, have been fulfilled and accomplished as therein provided.

Sec. 15. Notice of all elections may be given under the hand of either the president or the secretary of the district.

Sec. 16. The returns of all elections may be canvassed by the board of directors of the district at any time within seven (7) days after the holding of an election, or as soon thereafter as reasonably practicable.

Sec. 17. The accomplishment of the purposes stated in this Act being for the benefit of the people of this state and for the improvement of their properties and industries, the district in carrying out the purpose of this Act will be performing an essential public function under the Constitution, and the district shall not be required to pay any tax or assessment on the project or any part thereof or on any purchases made by the district, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this state.

Sec. 18. All bonds and refunding bonds of the district shall be and are hereby declared to be legal, eligible and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Three Directors shall constitute a quorum at any meeting, and a concurrence of three shall be sufficient in all matters pertaining to the business of the District including the letting of construction contracts and the drawing of warrants in payment for construction work, the purchase of existing facilities, and matters relating to construction work. Warrants to pay current expenses, salaries and accounts may be drawn and signed by an officer or employee, designated by standing order entered on the minutes of the Board of Directors, when such accounts have been contracted and ordered paid by the Directors. The president may execute all contracts, construction or otherwise, entered into by the Board of Directors on behalf of the District. The vice-president shall perform all duties and exercise all power conferred by this Act or the general law upon the president when the president is absent or fails or declines to

Sec. 12. The power of eminent domain of the District shall be limited to the county or counties in which the District is situated. In the event that the District, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telegraph or telephone properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 13. This District is hereby created notwithstanding any of the provisions of the Municipal Annexation Act, being Article 970a, Revised Civil Statutes of Texas, as amended, and to the extent of the creation of the District only, said Article 970a shall have no application. In all other respects, the District hereby created is expressly made subject to all provisions of said Article 970a. Further, all plans and specifications and contracts for construction or the installation of facilities must be presented to the City of La Marque, Texas, for approval prior to such construction or installation, and such improvements shall conform to applicable city ordinances, rules and regulations pertaining thereto.

(30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article 16, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided.

Sec. 15. The Board of Directors of the District shall select any bank or trust company in the State of Texas to act as depository of the proceeds of the bonds or revenues derived from the operation of the facilities of the District, and said depository shall furnish such indemnity bonds or pledge such securities or meet such other requirements as determined by the Board of Directors of the District. The District may select one or more depositories.

Sec. 16. In no manner limiting the right, power or authority of the District, as heretofore granted, the District is specifically granted the right, power and authority to purchase and construct, or to purchase or construct, or otherwise to acquire waterworks systems, sanitary sewer systems, storm sewer systems and drainage facilities, or parts of such systems or facilities, and to make any and all necessary purchases, constructions, improvements, extension, additions, and repairs thereto, and to purchase or acquire all necessary land, rights-of-way, easements, sites, equipment, buildings, plants, structures and facilities therefor and to operate and maintain same, and to sell water and other services. The District is also granted the right, power and authority to construct and maintain all works and improvements necessary or proper for the prevention of floods within the area of District, to construct and maintain levees, bulkheading, and dams, to construct, maintain and operate canals, to reclaim and drain the overflowed lands within the District, and to alter land elevations where correction is needed or proper. The District may exercise any of the rights, powers and authorities granted in this Act within or without the boundaries of the District, and is specifically authorized to exercise any of said rights, powers and authorities in order to provide water and sewerage services to areas within or without the boundaries of the District. The District may vote and issue any kind of bonds or refunding bonds for any or all of such purposes herein provided, for contiguous or non-contiguous areas, and provide and make payment therefor and for necessary expenses in connection therewith.

Sec. 17. Bonds of the District, other than refunding bonds, may be sold at a price and upon the terms determined by the Board of Directors of the District, except that such bonds shall not be sold for less than par and shall not bear interest at a rate exceeding 6% per annum. Such bonds or refunding bonds may be sold in denominations of \$1,000 each or multiples thereof. Refunding bonds shall be sold at a price and under the terms of the general law applicable to water control and improvement districts. The District may exchange bonds or refunding bonds for property acquired by purchase, or in payment of the contract price of work done or materials furnished or services furnished for the use and benefit of the District; provided that no notice given pursuant to Article 7880—117, Revised Civil Statutes of Texas, as amended, shall be predicated upon or require the exchange of bonds or refunding bonds, and said Article shall otherwise be applicable to this District in all respects.

Sec. 18. The provisions of Article 7880—77b, Revised Civil Statutes of Texas, as amended, or any other general law, pertaining to the calling of a hearing for the determination of the dissolution of a district where a bond election has failed shall be inapplicable to this District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election. Upon the failure of any bond election, a subsequent bond election may be called after the expiration of six months from the date of the bond election which failed.

Sec. 19. Notice of all elections may be given under the hand of either the president or the secretary of the District.

For Annotations and Historical Notes, see V.A.T.S.

Sec. 20. The returns of all elections may be canvassed by the Board of Directors of the District at any time within seven (7) days after the holding of an election, or as soon thereafter as reasonably practicable. The election returns of the annual election of Directors may be canvassed by the Board of Directors as it was composed at the time of such election, or by the Directors elected at such election, or by a combination of both. At the Board of Directors meeting at which the returns are canvassed, composed as aforesaid, any Director newly elected at such election may qualify by filing his official bond and taking the oath of office, either before or after the returns are canvassed, and upon the filing of such bond the Board, composed as aforesaid, may approve same.

Sec. 21. The accomplishment of the purposes stated in this Act being for the benefit of the people of this state and for the improvement of their properties and industries, the District in carrying out the purposes of this Act will be performing an essential public function under the Constitution, and the District shall not be required to pay any tax or assessment on the project or any part thereof or on any purchases made by the District, and the bonds issued hereunder and their transfer and the income therefrom, including the profits made on the sale thereof, shall at all times be free from taxation within this state.

Sec. 22. All bonds and refunding bonds of the District shall be and are hereby declared to be legal, eligible and authorized investments for banks, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Sec. 18. The provisions of Article 7880--77b, Revised Civil Statutes of Texas, as amended, or any other General Law, pertaining to the calling of a hearing for the determination of the dissolution of a District where a bond election has failed shall be inapplicable to this District, and this District shall continue to exist and shall have full power to function and operate regardless of the outcome of any bond election. (a) The Legislature hereby exercises the authority conferred upon it by Section 59, Article XVI, Constitution of Texas, and declares that said district is essential to the accomplishment of the purposes of said constitutional provision, and declares the district to be a governmental agency, a body politic and corporate.

(b) In the event that the district, in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing grade of or alteration of construction shall be accomplished at the sole expense of the district. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Sec. 8. For the purpose of providing dams, structures, projects and works of improvement for flood prevention, the conservation and development of water, and for other necessary plants, facilities and equipment in connection therewith and for the improvement, repair and operation of same and for carrying out any other powers or authority conferred by this Act or by Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925, and the several amendments thereof, and for the purpose of paying all costs, charges and expenses of the district, the district is empowered to issue negotiable bonds in the manner provided by General Law for water control and improvement districts.

Sec. 9. No loan shall be consummated by the district from the federal government and no bonds shall hereafter be issued unless authorized at an election at which only qualified voters who reside in the district, and who own taxable property therein and who have duly rendered same for taxation, shall be qualified to vote unless a majority of the votes cast favor the proposition. Upon approval of the bonds by the Attorney General and registration by the Comptroller they shall be incontestable.

Sec. 10. If the plans for works and improvements or amendments thereto contemplated by the district are prepared by the Soil Conservation Service, United States Department of Agriculture, and approved by the

district's directors it shall not be necessary for an engineer's report covering the plans and improvements to be constructed, together with the maps, plats, profiles and data fully showing and explaining same to be filed in the office of the district before an election is held to authorize the issuance of bonds in connection with such works and improvements and it shall not be necessary for such plans and specifications, engineering reports, profiles, maps and other data, or subsequent amendments thereto to be approved by the State Board of Water Engineers prior to the issuance of such bonds; provided, however, that before the expenditure of any funds for the construction of any works and improvements, the approval of the State Board of Water Engineers shall be secured for that portion of the works and improvements to be constructed and it shall not be necessary for advance approval to be given for the entire project contemplated by the district, but approval may be secured or given on a separate or individual basis for that portion of the entire project or works and improvements to be constructed at any particular time and on which plans and specifications of the Soil Conservation Service, United States Department of Agriculture, have been prepared and submitted by the Directors to the State Board of Water Engineers.

Sec. 11. If any word, phrase, clause, sentence, paragraph, or provision of this Act is held to be invalid or unconstitutional by a court of competent jurisdiction in this state, it is the intention of the Legislature that the remaining provisions thereof shall be effective, and that such remaining portions shall remain in full force and effect.

For Annotations and Historical Notes, see V.A.T.S.

Sec. 3. It is expressly determined, and the Legislature hereby finds that the boundaries of the District form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of the District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, and such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. Without in any way limiting the generalization of the foregoing, it is expressly provided that the District shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authorities and functions conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to the navigation of its coastal and inland waters, the reclamation and drainage of its overflowed lands, and other lands needing drainage in the District, and the collection, transportation, processing, disposal and control of all domestic, industrial or communal waste; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District.

Not by way of limitation, the District shall have and is hereby expressly granted the following rights, powers, privileges and functions:

(a) The power and authority to make, purchase, construct, lease, or otherwise acquire property, works, facilities and improvements (whether previously existing or to be made, constructed or acquired) within or without the boundaries of the District necessary or useful to carry out the powers and authority granted by this Act and the General Laws.

(b) The right, power and authority to purchase, construct, maintain and operate navigable canals or waterways, including bulkheads therefor, and all navigational systems or facilities auxiliary thereto necessary or useful in the operation or development of the District's ports and waterways or in aid to navigation thereon.

(c) The right, power and authority to enter into contracts of not exceeding forty (40) years duration with persons, corporations, public or private, municipal corporations, political subdivisions of the State of Texas, and others, and on such terms and conditions as the Board of Directors may deem desirable, fair and advantageous for:

(1) the purchase and sale of water, or either;

(2) the transportation, treatment and disposal of its domestic, industrial or communal wastes or the transportation, treatment and disposal of domestic, industrial or communal wastes of others; and

(3) the performance of any of the rights or powers granted by this Act and the General Laws.

In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or al-

teration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility. The powers and duties herein granted to the District shall be subject to the continuing right of supervision of the State, to be exercised by and through the Texas Water Rights Commission.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be Stanton Brown, Roger Daily, Claude K. Williams, Mrs. Marguerite Lege, and Marvin West. Said members shall become Directors immediately after this Act becomes effective, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional oath of office. If any of the aforementioned members of the first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors; provided, however, if none of the members of the first Board of Directors qualify by the second Tuesday in January 1969, the County Judge shall, upon the petition of any landowner in the District, call an election for the purpose of electing a Board of Directors for the District to serve until the next general election for Directors. The manner of holding such election, the notice of such election, and the time of holding such election shall be governed by the provisions of Chapter 3A, Title 128, relating to Director elections with the exception that the County Judge shall canvass the results of said election. With the exception of the first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January 1969, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for any or all of the purposes set out or incorporated by reference in Section 4 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided however that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

For Annotations and Historical Notes, see V.A.T.S.

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.

In the orders or Resolutions authorizing the issuance of any revenue, tax-revenue, revenue refunding, or tax-revenue refunding bonds authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged), including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such orders or Resolutions may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in such orders or Resolutions. Such orders or Resolutions may contain other provisions and covenants, as the District's Board may determine, not prohibited by the Constitution of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of any such bonds.

From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest, administrative and operating expenses expected to accrue during the period of construction, as may be provided in the bond orders or Resolutions, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond orders or Resolutions may be invested in such manner and in such securities as may be provided in the bond order or orders or may be placed on interest-bearing time deposit. Such bonds may be in the denomination of \$100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in securities of the United States Government or any agency thereof or may be placed on interest-bearing time deposit, either or both. Any such revenue bonds, tax-revenue, revenue refunding bonds, or tax-revenue refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest.

By orders or Resolutions adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds or tax-revenue refunding bonds to refund revenue bonds or tax-revenue bonds (either original bonds or refunding bonds) theretofore issued by such District. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the orders or Resolutions authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the underlying bonds to their option or maturity date, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds.

After any bonds have been authorized by the District hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except for forgery or fraud. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (private or public) a copy of such contract or contracts and the proceedings authorizing the same may or may not be submitted to the Attorney General along with the bond record and, if so submitted, the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable for any cause except for forgery or fraud.

Sec. 7. Land contiguous or adjacent to the District may be added to the District in the manner provided by Article 7880—75, Vernon's Texas Civil Statutes, as now or hereafter amended, provided, however, that the Board of Directors may require the petitioners to assume their pro rata share of the voted but unissued bonds of the District and authorize the Board to levy a tax on their property in payment for such unissued bonds, when issued. If the petitioners consent, the District shall be authorized to issue its voted but unissued tax or tax-revenue bonds even though the boundaries of the District have been changed since the voting or authorization of such bonds. Land may be added to the District only as provided herein.

Sec. 8. It shall not be necessary for the District to call or hold, prior to voting any bonds or taxes, a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the time the Board calls the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusions hearing or hearings pursuant to the provisions of the General Law.

Sec. 9. If a majority of the Board of Directors shall determine that the name of the District needs changing, the Board may change the name of the District to any name which is descriptive of the locale of the District and descriptive of the principal powers to be exercised by such District; provided, however, that the word "District" shall be included in the designation and a consecutive number shall be used if other districts of the same name have been created in the county. Notice of

For Annotations and Historical Notes, see V.A.T.S.

the change in name shall be given to the Texas Water Rights Commission by sending a certified copy of the Resolution changing the District's name to the Secretary of the Texas Water Rights Commission. Notice shall also be given by filing a certified copy of the Resolution in the Water Control and Improvement District records of the county. The District, under its changed name, shall be deemed to be a continuation of the District as formerly named, for all purposes.

Sec. 10. The Board of Directors shall designate, establish and maintain a District office as provided by Article 7880—44. The minutes, contracts, notices, accounts, receipts and records of all kinds of the District shall be kept in a fireproof vault or safe at such District office and shall be subject to public inspection at all reasonable hours. The District office shall be established and maintained within the District, provided, however, if the Board of Directors finds that a location outside of the District is better suited for the transaction of the business of the District, the Board of Directors may designate, establish and maintain the District office at such location outside of the District.

If the Board of Directors establishes the District office outside the District, it shall give notice of the location of the District office by filing a true copy of its resolution establishing the location of the District office with the Texas Water Rights Commission, by filing a true copy in the Water Control and Improvement District records of Galveston County and also by publishing the location in a newspaper of general circulation in Galveston County.

If location of the District office is thereafter changed, notice of such change shall be given in the same manner.

Sec. 11. The provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified as Article 7880—77b, Vernon's Texas Civil Statutes), shall apply to the District; however, it shall be within the discretion of the Board of Directors to hold a hearing on the question of the dissolution of the District if a construction bond election fails and the Board of Directors shall not be required to hold a hearing on the question of the dissolution of the District unless twenty per cent of the qualified voters of the District petition the Board for such a hearing in the manner provided in Article 7880—77b.

Sec. 12. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 13. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district and it shall not be necessary to hold a confirmation election. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 14. As soon as practicable after the qualification of the first Board of Directors of said District, the Board shall by Resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of county funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been appointed by the Board and has qualified.

Sec. 15. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 16. If any word, phrase, clause, sentence, paragraph, Section or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 17. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Rights Commission, and said Texas Water Rights Commission had filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided.

- (2) the transportation, treatment and disposal of its domestic, industrial or communal wastes or the transportation, treatment and disposal of domestic, industrial or communal wastes of others; and
- (3) the performance of any of the rights or powers granted by this Act and the General Laws.

In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility. The powers and duties herein granted to the District shall be subject to the continuing right of supervision of the State, to be exercised by and through the Texas Water Rights Commission.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The

members of the first Board of Directors shall be Waters S. Davis, Ray Arterburn, Jack Idol, Charles Groves, and L. Thain Leonard. Said members shall become Directors immediately after this Act becomes effective, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional oath of office. If any of the aforementioned members of the first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors; provided, however, if none of the members of the first Board of Directors qualify by the second Tuesday in January 1969, the County Judge shall, upon the petition of any landowner in the District, call an election for the purpose of electing a Board of Directors for the District to serve until the next general election for Directors. The manner of holding such election, the notice of such election, and the time of holding such election shall be governed by the provisions of Chapter 3A, Title 128, relating to Director elections with the exception that the County Judge shall canvass the results of said election. With the exception of the first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January 1969, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for the purpose of purchasing, constructing, improving, extending or enlarging a waterworks and sanitary sewer system for the District, including the acquisition of all necessary land and rights-of-way therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided however that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

All bonds issued by the District shall expressly reserve the right of the District to redeem the bonds at any time subsequent to the fifteenth anniversary of the date of their issuance without premium. All bonds, other than refunding bonds shall be sold, only after the taking of public bids therefor, and no bonds, other than refunding bonds shall be sold for less than par plus accrued interest.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such

properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.

In the orders or Resolutions authorizing the issuance of any revenue, tax-revenue, revenue refunding, or tax-revenue refunding bonds authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged), including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such orders or Resolutions may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in such orders or Resolutions. Such orders or Resolutions may contain other provisions and covenants, as the District's Board may determine, not prohibited by the Constitution of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of any such bonds.

From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest, administrative and operating expenses expected to accrue during the period of construction, as may be provided in the bond orders or Resolutions, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond orders or Resolutions may be invested in such manner and in such securities as may be provided in the bond order or orders or may be placed on interest-bearing time deposit. Such bonds may be in the denomination of \$100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in securities of the United States Government or any agency thereof or may be placed on interest-bearing time deposit, either or both. Any such revenue bonds, tax-revenue, revenue refunding bonds, or tax-revenue refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest.

By orders or Resolutions adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds or tax-revenue refunding bonds to refund revenue bonds or tax-revenue bonds (either original bonds or refunding bonds) theretofore issued by such District. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the

For Annotations and Historical Notes, see V.A.T.S.

Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the orders or Resolutions authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the underlying bonds to their option or maturity date, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds.

After any bonds have been authorized by the District hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except for forgery or fraud. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (private or public) a copy of such contract or contracts and the proceedings authorizing the same may or may not be submitted to the Attorney General along with the bond record and, if so submitted, the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable for any cause except for forgery or fraud.

Sec. 7. Land contiguous or adjacent to the District may be added to the District in the manner provided by Article 7880—75, Vernon's Texas Civil Statutes, as now or hereafter amended, provided, however, that the Board of Directors may require the petitioners to assume their pro rata share of the voted but unissued bonds of the District and authorize the Board to levy a tax on their property in payment for such unissued bonds, when issued. If the petitioners consent, the District shall be authorized to issue its voted but unissued tax or tax-revenue bonds even though the boundaries of the District have been changed since the voting or authorization of such bonds. Land may be added to the District only as provided herein.

Sec. 8. It shall not be necessary for the District to call or hold, prior to voting any bonds or taxes, a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the time the Board calls the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusions hearing or hearings pursuant to the provisions of the General Law.

Sec. 9. If a majority of the Board of Directors shall determine that the name of the District needs changing, the Board may change the name of the District to any name which is descriptive of the locale of the District and descriptive of the principal powers to be exercised by such District; provided, however, that the word "District" shall be included in the designation and a consecutive number shall be used if other districts of the same name have been created in the county. Notice of the change in name shall be given to the Texas Water Rights Commission by sending a certified copy of the Resolution changing the District's name to the Secretary of the Texas Water Rights Commission. Notice shall also be given by filing a certified copy of the Resolution in the Water Control and Improvement District records of the county. The District, under its changed name, shall be deemed to be a continuation of the District as formerly named, for all purposes.

Sec. 10. The Board of Directors shall designate, establish and maintain a District office as provided by Article 7880—44. The minutes, contracts, notices, accounts, receipts and records of all kinds of the District shall be kept in a fireproof vault or safe at such District office and shall be subject to public inspection at all reasonable hours. The District office shall be established and maintained within the District, provided, however, if the Board of Directors finds that a location outside of the District is better suited for the transaction of the business of the District, the Board of Directors may designate, establish and maintain the District office at such location outside of the District.

If the Board of Directors establishes the District office outside the District, it shall give notice of the location of the District office by filing a true copy of its resolution establishing the location of the District office with the Texas Water Rights Commission, by filing a true copy in the Water Control and Improvement District records of Galveston County and also by publishing the location in a newspaper of general circulation in Galveston County.

If location of the District office is thereafter changed, notice of such change shall be given in the same manner.

Sec. 11. The provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified as Article 7880—77b, Vernon's Texas Civil Statutes), shall apply to the District; however, it shall be within the discretion of the Board of Directors to hold a hearing on the question of the dissolution of the District if a construction bond election fails and the Board of Directors shall not be required to hold a hearing on the question of the dissolution of the District unless twenty per cent of the qualified voters of the District petition the Board for such a hearing in the manner provided in Article 7880—77b.

Sec. 12. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 13. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district and it shall not be necessary to hold a confirmation election. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 14. As soon as practicable after the qualification of the first Board of Directors of said District, the Board shall by Resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of county funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been appointed by the Board and has qualified.

Sec. 15. Since the District will be located entirely within an incorporated city or town upon the effective date of this Act, it is expressly provided that the provisions of Article 1182c—1, Vernon's Texas Civil Statutes, as amended, shall not apply to this District unless and until the governing body of said city or town adopts an ordinance making the provisions of said Article 1182c—1, as presently or hereafter amended, applicable to such city or town and to the District. Upon the adoption of

For Annotations and Historical Notes, see V.A.T.S.

such an ordinance by a vote of not less than two-thirds ($\frac{2}{3}$) of the entire membership of the governing body of such city or town, the provisions of said Article 1182c—1 shall thereafter be applicable to such city or town and to the District.

Sec. 15(a). The construction of the District's water and sanitary sewer facilities shall be in accordance with the approved plans and specifications and with applicable standards and specifications of the City of League City, and during the progress of the construction and installation of such facilities the city shall make periodic on-the-ground inspections.

No construction shall be started or undertaken by the District unless it has in its possession a certificate of the District's engineer, who shall be a registered professional engineer under the laws of the State of Texas, that, in his opinion, such construction conforms to said city's established standards and specifications.

Sec. 16. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 17. If any word, phrase, clause, sentence, paragraph, Section or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 18. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and act to the Texas Water Rights Commission, and said Texas Water Rights Commission had filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided.

Acts 1967, 60th Leg., p. 1324, ch. 582.

Art. 8280—350. West End Municipal Utility District

Section 1. Under and pursuant to the provisions of Section 59 of Article XVI, Constitution of Texas, a Conservation and Reclamation District is hereby created and incorporated in Galveston County, Texas, to

be known as "West End Municipal Utility District of Galveston County, Texas" (hereinafter referred to as the "District"). The District shall be a body politic and corporate.

Sec. 2. The boundaries of the District shall be as follows:

All of Section 14 of the Hall and Jones Survey,
Galveston Island, Galveston County, Texas.

Sec. 3. It is expressly determined, and the Legislature hereby finds that the boundaries of the District form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of the District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, and such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. Without in any way limiting the generalization of the foregoing, it is expressly provided that the District shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authorities and functions conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to the navigation of its coastal and inland waters, the reclamation and drainage of its overflowed lands, and other lands needing drainage in the District, and the collection, transportation, processing, disposal and control of all domestic, industrial or communal waste; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District.

Not by way of limitation, the District shall have and is hereby expressly granted the following rights, powers, privileges and functions:

(a) The power and authority to make, purchase, construct, lease, or otherwise acquire property, works, facilities and improvements (whether previously existing or to be made, constructed or acquired) within or without the boundaries of the District necessary or useful to carry out the powers and authority granted by this Act and the General Laws.

(b) The right, power and authority to purchase, construct, maintain and operate navigable canals or waterways, including bulkheads therefor, and all navigational systems or facilities auxiliary thereto necessary or useful in the operation or development of the District's ports and waterways or in aid to navigation thereon.

(c) The right, power and authority to enter into contracts of not exceeding forty (40) years duration with persons, corporations, public or private, municipal corporations, political subdivisions of the State of Texas, and others, and on such terms and conditions as the Board of Directors may deem desirable, fair and advantageous for:

(1) the purchase and sale of water, or either;

(2) the transportation, treatment and disposal of its domestic, industrial or communal wastes or the transportation, treatment and disposal of domestic, industrial or communal wastes of others; and

(3) the performance of any of the rights or powers granted by this Act and the General Laws.

In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder,

For Annotations and Historical Notes, see V.A.T.S.

makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility. The powers and duties herein granted to the District shall be subject to the continuing right of supervision of the state, to be exercised by and through the Texas Water Rights Commission.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be Natalie L. Davis, Pate Meinzer, Rai D. Kelso, John Fossett, and James P. Grizzard. Said members shall become Directors immediately after this Act becomes effective, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional oath of office. If any of the aforementioned members of the First Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors; provided, however, if none of the members of the first Board of Directors qualify by the second Tuesday in January 1969, the County Judge shall, upon the petition of any landowner in the District, call an election for the purpose of electing a Board of Directors for the District to serve until the next general election for Directors. The manner of holding such election shall be governed by the provisions of Chapter 3A, Title 128, relating to Director elections with the exception that the County Judge shall canvass the results of said election. With the exception of the first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January 1969, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for any or all of the purposes set out or incorporated by reference in Section 4 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided however that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall

apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.

In the orders or Resolutions authorizing the issuance of any revenue, tax-revenue, revenue refunding, or tax-revenue refunding bonds authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged), including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such orders or resolutions may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in such orders or Resolutions. Such orders or Resolutions may contain other provisions and covenants, as the District's Board may determine, not prohibited by the Constitution of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of any such bonds.

From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest, administrative and operating expenses expected to accrue during the period of construction, as may be provided in the bond orders or Resolutions, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond orders or Resolutions may be invested in such manner and in such securities as may be provided in the bond order or orders or may be placed on interest-bearing time deposit. Such bonds may be in the denomination of \$100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in securities of the United States Government or any agency thereof or may be placed on interest-bearing time deposit, either or both. Any such revenue bonds, tax-revenue, revenue refunding bonds, or tax-revenue

For Annotations and Historical Notes, see V.A.T.S.

refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest.

By orders or Resolutions adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds or tax-revenue refunding bonds to refund revenue bonds or tax-revenue bonds (either original bonds or refunding bonds) theretofore issued by such District. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the orders or Resolutions authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the underlying bonds to their option or maturity date, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds.

After any bonds have been authorized by the District hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except for forgery or fraud. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (private or public) a copy of such contract or contracts and the proceedings authorizing the same may or may not be submitted to the Attorney General along with the bond record and, if so submitted, the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable for any cause except for forgery or fraud.

Sec. 7. Land contiguous or adjacent to the District may be added to the District in the manner provided by Article 7880—75, Vernon's Texas Civil Statutes, as now or hereafter amended, provided, however, that the Board of Directors may require the petitioners to assume their pro rata share of the voted but unissued bonds of the District and authorize the Board to levy a tax on their property in payment for such unissued bonds, when issued. If the petitioners consent, the District shall be authorized to issue its voted but unissued tax or tax-revenue bonds even though the boundaries of the District have been changed since the voting or authorization of such bonds. Land may be added to the District only as provided herein.

Sec. 8. It shall not be necessary for the District to call or hold, prior to voting any bonds or taxes, a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the time the Board calls the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusions hearing or hearings pursuant to the provisions of the General Law.

Sec. 9. If a majority of the Board of Directors shall determine that the name of the District needs changing, the Board may change the name of the District to any name which is descriptive of the locale of the District and descriptive of the principal powers to be exercised by such District; provided, however, that the word "District" shall be included in the designation and a consecutive number shall be used if other districts of

the same name have been created in the county. Notice of the change in name shall be given to the Texas Water Rights Commission by sending a certified copy of the Resolution changing the District's name to the Secretary of the Texas Water Rights Commission. Notice shall also be given by filing a certified copy of the Resolution in the Water Control and Improvement District records of the county. The District, under its changed name, shall be deemed to be a continuation of the District as formerly named, for all purposes.

Sec. 10. The Board of Directors shall designate, establish and maintain a District office as provided by Article 7880—44. The minutes, contracts, notices, accounts, receipts and records of all kinds of the District shall be kept in a fireproof vault or safe at such District office and shall be subject to public inspection at all reasonable hours. The District office shall be established and maintained within the District, provided, however, if the Board of Directors finds that a location outside of the District is better suited for the transaction of the business of the District, the Board of Directors may designate, establish and maintain the District office at such location outside of the District.

If the Board of Directors establishes the District office outside the District, it shall give notice of the location of the District office by filing a true copy of its Resolution establishing the location of the District office with the Texas Water Rights Commission, by filing a true copy in the Water Control and Improvement District records of Galveston County and also by publishing the location in a newspaper of general circulation in Galveston County.

If location of the District office is thereafter changed, notice of such change shall be given in the same manner.

Sec. 11. The provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified as Article 7880—77b, Vernon's Texas Civil Statutes), shall apply to the District; however, it shall be within the discretion of the Board of Directors to hold a hearing on the question of the dissolution of the District if a construction bond election fails and the Board of Directors shall not be required to hold a hearing on the question of the dissolution of the District unless twenty per cent of the qualified voters of the District petition the Board for such a hearing in the manner provided in Article 7880—77b.

Sec. 12. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Sec. 13. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district and it shall not be necessary to hold a confirmation election. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 14. As soon as practicable after the qualification of the first Board of Directors of said District, the Board shall by Resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of county funds. Such bank

or banks shall serve for a period of two (2) years and until a successor has been appointed by the Board and has qualified.

Sec. 15. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 16. If any word, phrase, clause, sentence, paragraph, Section or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 17. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and Act to the Texas Water Rights Commission, and said Texas Water Rights Commission had filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided. Sec. 3. It is expressly determined, and the Legislature hereby finds that the boundaries of the District form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of the District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, and such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. Without in any way limiting the generalization of the foregoing, it is expressly provided that the District shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authorities and functions conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to the reclamation and drainage of its overflowed lands, and other lands needing drainage in the District, and the collection, transportation, processing, disposal and control of all domestic, industrial or communal waste.

Not by way of limitation, the District shall have and is hereby expressly granted the following rights, powers, privileges and functions:

(a) The power and authority to make, purchase, construct, lease, or otherwise acquire property, works, facilities and improvements (whether previously existing or to be made, constructed or acquired) within or without the boundaries of the District necessary or useful to carry out the powers and authority granted by this Act and the General Laws.

(b) The right, power and authority to enter into contracts of not exceeding forty (40) years duration with persons, corporations, public or private, municipal corporations, political subdivisions of the State of Texas, and others, and on such terms and conditions as the Board of Directors may deem desirable, fair and advantageous for:

- (1) the purchase and sale of water, or either;
- (2) the transportation, treatment and disposal of its domestic, industrial or communal wastes or the transportation, treatment and disposal of domestic, industrial or communal wastes of others; and
- (3) the performance of any of the rights or powers granted by this Act and the General Laws.

In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility. The powers and duties herein granted to the District shall be subject to the continuing right of supervision of the State, to be exercised by and through the Texas Water Rights Commission.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvements districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the First Board of Directors shall be David Hannah, Jr., W. F. Burge, Harold D. Wallace, Arthur Coburn, II, and Lynch D. Smyth. Said members shall become Directors immediately after this Act becomes effective, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional oath of office. If any of the aforementioned members of the first Board of Directors shall die, become incapacitated or otherwise not qualified to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors; provided, however, if none of the members of the first Board of Directors qualify by the second Tuesday in January 1969, the County Judge shall, upon the petition of any landowner in the District, call an election for the purpose of electing a Board of Directors for the District to serve until the next general election for directors. The manner of holding such election, the notice of such election, and the time of holding such election shall be governed by the provisions of Chapter 3A, Title 128, relating to Director elections with the exception that the County Judge shall canvass the results of said election. With the exception of the first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January 1969, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for any or all of the purposes set out or incorporated by reference in Section 4 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided, however, that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.

In the orders or resolutions authorizing the issuance of any revenue, tax-revenue, revenue refunding, or tax-revenue refunding bonds authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged), including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such orders or resolutions may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued; subject to such conditions as are set forth in such orders or resolutions. Such orders or resolutions may contain other provisions and covenants, as the District's Board may determine, not prohibited by the Constitu-

For Annotations and Historical Notes, see V.A.T.S.

tion of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of any such bonds.

From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest, administrative and operating expenses expected to accrue during the period of construction, as may be provided in the bond orders or resolutions, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond orders or resolutions may be invested in such manner and in such securities as may be provided in the bond order or orders or may be placed on interest-bearing time deposit. Such bonds may be in the denomination of \$100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in securities of the United States Government or any agency thereof or may be placed on interest-bearing time deposit, either or both. Any such revenue bonds, tax-revenue, revenue refunding bonds, or tax-revenue refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest.

By orders or resolutions adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds or tax-revenue refunding bonds to refund revenue bonds or tax-revenue bonds (either original bonds or refunding bonds) theretofore issued by such District. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the orders or resolutions authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued provided an amount sufficient to pay the interest and principal on the underlying bonds to their maturity dates, or to their option dates if said bonds have been duly called for payment prior to maturity according to their terms, has been so deposited in the place or places where said underlying bonds are payable, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds.

After any bonds have been authorized by the District hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except for forgery or fraud. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (private or public) a copy of such contract or contracts and the proceedings authorizing the same may or may not be submitted to the Attorney General along with the bond record and, if so submitted, the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable for any cause except for forgery or fraud. The District shall reserve the right to redeem all bonds which it issues at any time subsequent to the fifteenth (15th) anniversary of the date of issuance of such bonds, without premium and the District's bonds shall only be sold after taking public bids therefor. No District

bonds shall be sold for less than par and accrued interest from their date or dates to the date of actual delivery thereof.

Sec. 7. Land contiguous or adjacent to the District may be added to the District in the manner provided by Article 7880—75, Vernon's Texas Civil Statutes, as now or hereafter amended, provided, however, that the Board of Directors may require the petitioners to assume their pro rata share of the voted but unissued bonds of the District and authorize the Board to levy a tax on their property in payment for such unissued bonds, when issued. If the petitioners consent, the District shall be authorized to issue its voted but unissued tax or tax-revenue bonds even though the boundaries of the District have been changed since the voting or authorization of such bonds. Land may be added to the District only as provided herein.

Sec. 8. It shall not be necessary for the District to call or hold, prior to voting any bonds or taxes, a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the time the Board calls the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusions hearing or hearings pursuant to the provisions of the General Law.

Sec. 9. If a majority of the Board of Directors shall determine that the name of the District needs changing, the Board may change the name of the District to any name which is descriptive of the locale of the District and descriptive of the principal powers to be exercised by such District; provided, however, that the word "District" shall be included in the designation and a consecutive number shall be used if other districts of the same name have been created in the county. Notice of the change in name shall be given to the Texas Water Rights Commission by sending a certified copy of the resolution changing the District's name to the Secretary of the Texas Water Rights Commission. Notice shall also be given by filing a certified copy of the resolution in the Water Control and Improvement District records of the County. The District, under its changed name, shall be deemed to be a continuation of the District as formerly named, for all purposes.

Sec. 10. The Board of Directors shall designate, establish and maintain a District Office as provided by Article 7880—44. The minutes, contracts, notices, accounts, receipts and records of all kinds of the District shall be kept in a fireproof vault or safe at such District Office and shall be subject to public inspection at all reasonable hours. The District Office shall be established and maintained within the District, provided, however, if the Board of Directors finds that a location outside of the District is better suited for the transaction of the business of the District, the Board of Directors may designate, establish and maintain the District Office at such location outside of the District.

If the Board of Directors establishes the District Office outside the District, it shall give notice of the location of the District Office by filing a true copy of its resolution establishing the location of the District Office with the Texas Water Rights Commission, by filing a true copy in the Water Control and Improvement District records of Fort Bend County and also by publishing the location in a newspaper of general circulation in Fort Bend County.

If location of the District Office is thereafter changed, notice of such change shall be given in the same manner.

Sec. 11. The provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified as Article 7880—77b, Vernon's Texas Civil Statutes), shall apply to the District; however, it shall be within the discretion of the Board of Directors to hold a hearing

on the question of the dissolution of the District if a construction bond election fails and the Board of Directors shall not be required to hold a hearing on the question of the dissolution of the District unless twenty per cent of the qualified voters of the District petition the Board for such a hearing in the manner provided in Article 7880—77b.

Sec. 12. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 13. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district and it shall not be necessary to hold a confirmation election. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 14. As soon as practicable after the qualification of the first Board of Directors of said District, the Board shall by resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of County funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been appointed by the Board and has qualified.

Sec. 15. The construction of the District's water, sanitary sewer and drainage facilities shall be in accordance with the applicable standards and specifications of the City of Houston, Texas, and of the City of Stafford, Texas, and no such construction shall be started or undertaken by the District unless it has in its possession a certificate of the District's engineer, who shall be a registered professional engineer under the laws of the State of Texas, that in his opinion such construction conforms to the established policies of each of said Cities, a letter or certificate of the Director of the Department of Public Works of said City of Houston (or the successor department or agency of said Department of Public Works) that, in his opinion, such construction conforms to the established policies of the City of Houston, and a letter or certificate of the Mayor of the City of Stafford that, in his opinion, such construction conforms to the established policies of the City of Stafford.

Sec. 16. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said Constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 17. If any word, phrase, clause, sentence, paragraph, Section or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 18. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Fort Bend County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and act to the Texas Water Rights Commission, and said Texas Water Rights Commission had filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided.

Sec. 3. It is expressly determined, and the Legislature hereby finds that the boundaries of the District form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of the District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, and such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. Without in any way limiting the generalization of the foregoing, it is expressly provided that the District shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authorities and functions conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to the navigation of its coastal and in-

land waters, the reclamation and drainage of its overflowed lands, and other lands needing drainage in the District, and the collection, transportation, processing, disposal and control of all domestic, industrial or communal waste; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District.

Not by way of limitation, the District shall have and is hereby expressly granted the following rights, powers, privileges and functions:

(a) The power and authority to make, purchase, construct, lease, or otherwise acquire property, works, facilities and improvements (whether previously existing or to be made, constructed or acquired) within or without the boundaries of the District necessary or useful to carry out the powers and authority granted by this Act and the General Laws.

(b) The right, power and authority to purchase, construct, maintain and operate navigable canals or waterways, including bulkheads therefor, and all navigational systems or facilities auxiliary thereto necessary or useful in the operation or development of the District's ports and waterways or in aid to navigation thereon.

(c) The right, power and authority to enter into contracts of not exceeding forty (40) years duration with persons, corporations, public or private, municipal corporations, political subdivisions of the State of Texas, and others, and on such terms and conditions as the Board of Directors may deem desirable, fair and advantageous for:

(1) the purchase and sale of water, or either;

(2) the transportation, treatment and disposal of its domestic, industrial or communal wastes or the transportation, treatment and disposal of domestic, industrial or communal wastes of others; and

(3) the performance of any of the rights or powers granted by this Act and the General Laws.

In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

The powers and duties herein granted to the District shall be subject to the continuing right of supervision of the State, to be exercised by and through the Texas Water Rights Commission.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be Sealy Hutchings, Robert K. Hutchings, John Henry Hutchings, Titus H. Harris, Jr., and G. G. Moore, III. Said members shall become Directors immediately after this Act becomes effective, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional oath of office. If any of the aforementioned members of the first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors; provided,

For Annotations and Historical Notes, see V.A.T.S.

however, if none of the members of the first Board of Directors qualify by the second Tuesday in January 1969, the County Judge shall, upon the petition of any landowner in the District, call an election for the purpose of electing a Board of Directors for the District to serve until the next general election for directors. The manner of holding such election, the notice of such election, and the time of holding such election shall be governed by the provisions of Chapter 3A, Title 128, relating to Director elections with the exception that the County Judge shall canvass the results of said election. With the exception of the first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January 1969, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the district shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for any or all of the purposes set out or incorporated by reference in Section 4 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided, however, that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.

In the orders or resolutions authorizing the issuance of any revenue, tax-revenue, revenue refunding, or tax-revenue refunding bonds authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and

sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged), including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such orders or resolutions may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in such orders or resolutions. Such orders or resolutions may contain other provisions and covenants, as the District's Board may determine, not prohibited by the Constitution of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance of any such bonds.

From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest, administrative and operating expenses expected to accrue during the period of construction, as may be provided in the bond orders or resolutions, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond orders or resolutions may be invested in such manner and in such securities as may be provided in the bond order or orders or may be placed on interest-bearing time deposit. Such bonds may be in the denomination of \$100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in securities of the United States Government or any agency thereof or may be placed on interest-bearing time deposit, either or both. Any such revenue bonds, tax-revenue, revenue refunding bonds, or tax-revenue refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest.

By orders or resolutions adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds or tax-revenue refunding bonds to refund revenue bonds or tax-revenue bonds (either original bonds or refunding bonds) theretofore issued by such District. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the orders or resolutions authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued provided an amount sufficient to pay the interest and principal on the underlying bonds to their maturity dates, or to their option dates if said bonds have been duly called for payment prior to maturity according to their terms, has been so deposited in the place or places where said underlying bonds are payable, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds.

After any bonds have been authorized by the District hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except

for forgery or fraud. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (private or public) a copy of such contract or contracts and the proceedings authorizing the same may or may not be submitted to the Attorney General along with the bond record and, if so submitted, the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable for any cause except for forgery or fraud.

Sec. 7. Land contiguous or adjacent to the District may be added to the District in the manner provided by Article 7880—75, Vernon's Texas Civil Statutes, as now or hereafter amended, provided, however, that the Board of Directors may require the petitioners to assume their pro rata share of the voted but unissued bonds of the District and authorize the Board to levy a tax on their property in payment for such unissued bonds, when issued. If the petitioners consent, the District shall be authorized to issue its voted but unissued tax or tax-revenue bonds even though the boundaries of the District have been changed since the voting or authorization of such bonds. Land may be added to the District only as provided herein.

Sec. 8. It shall not be necessary for the District to call or hold, prior to voting any bonds or taxes, a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the time the Board calls the first bond election for the District. Nothing in this Section shall be construed to prevent the Board on its own motion from calling and holding an exclusions hearing or hearings pursuant to the provisions of the General Law.

Sec. 9. If a majority of the Board of Directors shall determine that the name of the District needs changing, the Board may change the name of the District to any name which is descriptive of the locale of the District and descriptive of the principal powers to be exercised by such District; provided, however, that the word "District" shall be included in the designation and a consecutive number shall be used if other districts of the same name have been created in the county. Notice of the change in name shall be given to the Texas Water Rights Commission by sending a certified copy of the resolution changing the District's name to the Secretary of the Texas Water Rights Commission. Notice shall also be given by filing a certified copy of the resolution in the Water Control and Improvement District records of the County. The District, under its changed name, shall be deemed to be a continuation of the District as formerly named, for all purposes.

Sec. 10. The Board of Directors shall designate, establish and maintain a District Office as provided by Article 7880—44. The minutes, contracts, notices, accounts, receipts and records of all kinds of the District shall be kept in a fireproof vault or safe at such District Office and shall be subject to public inspection at all reasonable hours. The District Office shall be established and maintained within the District, provided, however, if the Board of Directors finds that a location outside of the District is better suited for the transaction of the business of the District, the Board of Directors may designate, establish and maintain the District Office at such location outside of the District.

If the Board of Directors establishes the District Office outside the District, it shall give notice of the location of the District Office by filing a true copy of its resolution establishing the location of the District Office with the Texas Water Rights Commission, by filing a true copy in the Water Control and Improvement District records of Galveston County and also by publishing the location in a newspaper of general circulation in Galveston County.

If location of the District Office is thereafter changed, notice of such change shall be given in the same manner.

Sec. 11. The provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified as Article 7880—77b, Vernon's Texas Civil Statutes), shall apply to the District; however, it shall be within the discretion of the Board of Directors to hold a hearing on the question of the dissolution of the District if a construction bond election fails and the Board of Directors shall not be required to hold a hearing on the question of the dissolution of the District unless twenty per cent of the qualified voters of the District petition the Board for such a hearing in the manner provided in Article 7880—77b.

Sec. 12. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 13. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district and it shall not be necessary to hold a confirmation election. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 14. As soon as practicable after the qualification of the first Board of Directors of said District, the Board shall by resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of County funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been appointed by the Board and has qualified.

Sec. 15. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said Constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 16. If any word, phrase, clause, sentence, paragraph, Section or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, Section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 17. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and act to the Texas Water Rights Commission, and said Texas Water Rights Commission had filed its recommendation as to such Act with the Gov-

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges, and duties conferred and imposed by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, and such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. For Annotations and Historical Notes, see V.A.T.S.

Not by way of limitation, the District shall have and is hereby expressly granted the following rights, powers, privileges and functions:

(a) The power and authority to make, purchase, construct, lease, or otherwise acquire property, works, facilities and improvements (whether previously existing or to be made, constructed or acquired) within or without the boundaries of the District necessary or useful to carry out the powers and authority granted by this Act and the General Laws.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for any or all of the purposes set out or incorporated by reference in Section 4 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided however that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.

In the orders or resolutions authorizing the issuance of any revenue, tax-revenue, revenue refunding, or tax-revenue refunding bonds authorized hereunder, the District's Board of Directors may provide for the flow of funds, the establishment and maintenance of the interest and sinking fund or funds, reserve fund or funds, and other funds, and may make additional covenants with respect to the bonds and the pledged revenues and the operation and maintenance of those improvements and facilities (the revenues of which are pledged), including provisions for the operation or for the leasing of all or any part of said improvements and facilities and the use or pledge of moneys derived from such operation contracts and leases, as such Board may deem appropriate. Such orders or resolutions may also prohibit the further issuance of bonds or other obligations payable from the pledged revenues, or may reserve the right to issue additional bonds to be secured by a pledge of and payable from said revenues on a parity with, or subordinate to, the lien and pledge in support of the bonds being issued, subject to such conditions as are set forth in such orders or resolutions. Such orders or resolutions may contain other provisions and covenants, as the District's Board may determine, not pro-

hibited by the Constitution of Texas or by this Act, and said Board may adopt and cause to be executed any other proceedings or instruments necessary and/or convenient in the issuance or any such bonds.

From the proceeds of sale of any bonds issued hereunder, the District may appropriate or set aside out of the bond proceeds an amount for the payment of interest, administrative and operating expenses expected to accrue during the period of construction, as may be provided in the bond orders or resolutions, and an amount necessary to pay all expenses incurred and to be incurred in the issuance, sale and delivery of the bonds. Moneys in the interest and sinking fund or funds, and the reserve fund or funds, and in the other fund or funds established or provided for in the bond orders or resolutions may be invested in such manner and in such securities as may be provided in the bond order or orders or may be placed on interest-bearing time deposit. Such bonds may be in the denomination of \$100, or in multiples thereof, and until such time as the bond proceeds are needed to carry out the bond purpose, such proceeds may be invested in securities of the United States Government or any agency thereof or may be placed on interest-bearing time deposit, either or both. Any such revenue bonds, tax-revenue, revenue refunding bonds, or tax-revenue refunding bonds hereinafter mentioned may be registrable as to principal, or as to both principal and interest.

By orders or resolutions adopted by its Board of Directors, said District shall have the power and authority to issue revenue refunding bonds or tax-revenue refunding bonds to refund revenue bonds or tax-revenue bonds (either original bonds or refunding bonds) theretofore issued by such District. Said refunding bonds shall be approved by the Attorney General as in the case of original bonds, and shall be registered by the Comptroller of Public Accounts upon the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the orders or resolutions authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the place or places where the underlying bonds are payable, in which case the refunding bonds may be issued provided an amount sufficient to pay the interest and principal on the underlying bonds to their maturity dates, or to their option dates if said bonds have been duly called for payment prior to maturity according to their terms, has been so deposited in the place or places where said underlying bonds are payable, and the Comptroller of Public Accounts shall register them without the surrender and cancellation of the underlying bonds.

After any bonds have been authorized by the District hereunder, such bonds and the record relating to their issuance shall be submitted to the Attorney General of the State of Texas for his examination as to the validity thereof, and after said Attorney General has approved the same, such bonds shall be registered by the Comptroller of Public Accounts of the State of Texas. When such bonds have been approved by the Attorney General, registered by the Comptroller of Public Accounts, and delivered to the purchasers, they shall thereafter be incontestable except for forgery or fraud. When any bonds recite that they are secured partially or otherwise by a pledge of the proceeds of a contract or contracts made between the District and another party or parties (private or public) a copy of such contract or contracts and the proceedings authorizing the same may or may not be submitted to the Attorney General along with the bond record and, if so submitted, the approval by the Attorney General of the bonds shall constitute an approval of such contract or contracts, and thereafter the contract or contracts shall be incontestable for any cause except for forgery or fraud.

Sec. 7. Land contiguous or adjacent to the District may be added to the District in the manner provided by Art. 7880—75, Vernon's Texas Civil Statutes, as now or hereafter amended, provided, however, that the

Board of Directors may require the petitioners to assume their pro rata share of the voted but unissued bonds of the District and authorize the Board to levy a tax on their property in payment for such unissued bonds, when issued. If the petitioners consent, the District shall be authorized to issue its voted but unissued tax or tax-revenue bonds even though the boundaries of the District have been changed since the voting or authorization of such bonds. Land may be added to the District only as provided herein.

Sec. 8. It shall not be necessary for the District to call or hold, prior to voting any bonds or taxes, a hearing on the exclusion of land or other property from the District; provided, however, that the Board of Directors shall hold such hearing upon the written request of any land or other property owner within the District filed with the Secretary of the Board prior to the time the Board calls the first bond election for the District. Nothing in this section shall be construed to prevent the Board on its own motion from calling and holding an exclusions hearing or hearings pursuant to the provisions of the General Law.

Sec. 9. If a majority of the Board of Directors shall determine that the name of the District needs changing, the Board may change the name of the District to any name which is descriptive of the locale of the District and descriptive of the principal powers to be exercised by such District; provided, however, that the word "District" shall be included in the designation and a consecutive number shall be used if other districts of the same name have been created in the county. Notice of the change in name shall be given to the Texas Water Rights Commission by sending a certified copy of the resolution changing the District's name to the Secretary of the Texas Water Rights Commission. Notice shall also be given by filing a certified copy of the resolution in the Water Control and Improvement District records of the County. The District, under its changed name, shall be deemed to be a continuation of the District as formerly named, for all purposes.

Sec. 10. The Board of Directors shall designate, establish and maintain a District Office as provided by Article 7880—44. The minutes, contracts, notices, accounts, receipts and records of all kinds of the District shall be kept in a fireproof vault or safe at such District Office and shall be subject to public inspection at all reasonable hours. The District Office shall be established and maintained within the District, provided, however, if the Board of Directors finds that a location outside of the District is better suited for the transaction of the business of the District, the Board of Directors may designate, establish and maintain the District Office at such location outside of the District.

If the Board of Directors establishes the District Office outside the District, it shall give notice of the location of the District Office by filing a true copy of its resolution establishing the location of the District Office with the Texas Water Rights Commission, by filing a true copy in the Water Control and Improvement District records of Galveston County and also by publishing the location in a newspaper of general circulation in Galveston County.

If location of the District Office is thereafter changed, notice of such change shall be given in the same manner.

Sec. 11. The provisions of Section 10, Chapter 280, Acts of the 41st Legislature of Texas, Regular Session, 1929 (codified as Article 7880—77b, Vernon's Texas Civil Statutes), shall apply to the District; however, it shall be within the discretion of the Board of Directors to hold a hearing on the question of the dissolution of the District if a construction bond election fails and the Board of Directors shall not be required to hold a hearing on the question of the dissolution of the District unless twenty per cent of the qualified voters of the District petition the Board for such a hearing in the manner provided in Article 7880—77b.

For Annotations and Historical Notes, see V.A.T.S.

Sec. 12. The bonds of the District shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas; and such bonds shall be lawful and sufficient security for said deposits to the extent of their value, when accompanied by all unmatured coupons appurtenant thereto.

Sec. 13. Upon the adoption of this Act, said District shall be a fully created and established water control and improvement district and it shall not be necessary to hold a confirmation election. The ad valorem basis or plan of taxation shall be used by said District, and it shall not be necessary for the Board of Directors to hold a hearing on the adoption of a plan of taxation.

Sec. 14. As soon as practicable after the qualification of the first Board of Directors of said District, the Board shall by resolution designate one or more banks within or without the District to serve as the District's depository, and all funds of said District shall be secured in the manner now provided for the security of County funds. Such bank or banks shall serve for a period of two (2) years and until a successor has been appointed by the Board and has qualified.

Sec. 15. The Legislature hereby exercises the authority conferred upon it by Section 59 of Article XVI, Constitution of Texas, and declares that the District created by this Act is essential to the accomplishment of the purposes of said constitutional provisions; finds that all of the land and other property included therein are, and will be, benefited thereby and by the improvements that the District will purchase, construct, or otherwise acquire; and declares the District to be a governmental agency, a body politic and corporate, and a municipal corporation.

Sec. 16. If any word, phrase, clause, sentence, paragraph, section or other part of this Act or the application thereof to any person or circumstance, shall ever be held by a court of competent jurisdiction to be invalid or unconstitutional, the remainder of the Act and the application of such word, phrase, clause, sentence, paragraph, section, or other part of this Act to other persons or circumstances shall not be affected thereby.

Sec. 17. It is determined and found that a proper and legal notice of the intention to introduce this Act, setting forth the general substance of this Act, has been published at least thirty (30) days and not more than ninety (90) days prior to the introduction of this Act in the Legislature of Texas, in a newspaper having general circulation in Galveston County, Texas; that a copy of such notice and a copy of this Act have been delivered to the Governor of Texas who has submitted such notice and act to the Texas Water Rights Commission, and said Texas Water Rights Commission had filed its recommendation as to such Act with the Governor, Lieutenant Governor and Speaker of the House of Representatives of Texas within thirty (30) days from the date such notice and Act were received by the Texas Water Rights Commission; and that all the requirements and provisions of Article XVI, Section 59(d) of the Constitution of the State of Texas have been fulfilled and accomplished as therein provided.

Sec. 3. It is expressly determined, and the Legislature hereby finds that the boundaries of the District form a closure, and if any mistake is made in copying the field notes in the legislative process, or otherwise a mistake is found to have occurred in the field notes, it shall in no way or manner affect the organization, existence or validity of the District, or its right to issue bonds or refunding bonds, or to pay the principal and interest thereon, or the right to assess, levy and collect taxes, or in any other manner affect the legality or operation of the District or its governing body.

Sec. 4. The District shall have and exercise, and is hereby vested with, all of the rights, powers, privileges and duties conferred and imposed

by the General Laws of the State of Texas now in force or hereafter enacted, applicable to water control and improvement districts created under authority of Section 59 of Article XVI, Constitution of Texas, and such General Laws are hereby incorporated by reference with the same effect as if incorporated in full in this Act, but to the extent that the provisions of such General Laws may be in conflict or inconsistent with the provisions of this Act, the provisions of this Act shall prevail. Without in any way limiting the generalization of the foregoing, it is expressly provided that the District shall have and exercise and is hereby vested with, all of the rights, powers, privileges, authorities and functions conferred and imposed by Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto, including all powers and authority relating to the navigation of its coastal and inland waters, the reclamation and drainage of its overflowed lands, and other lands needing drainage in the District, and the collection, transportation, processing, disposal and control of all domestic, industrial or communal waste; provided, however, that the exercise of the power of eminent domain shall not extend beyond the boundaries of the District.

Not by way of limitation, the District shall have and is hereby expressly granted the following rights, powers, privileges and functions:

(a) The power and authority to make, purchase, construct, lease, or otherwise acquire property, works, facilities and improvements (whether previously existing or to be made, constructed or acquired) within or without the boundaries of the District necessary or useful to carry out the powers and authority granted by this Act and the General Laws.

(b) The right, power and authority to purchase, construct, maintain and operate navigable canals or waterways, including bulkheads therefor, and all navigational systems or facilities auxiliary thereto necessary or useful in the operation or development of the District's ports and waterways or in aid to navigation thereon.

(c) The right, power and authority to enter into contracts of not exceeding forty (40) years duration with persons, corporations, public or private, municipal corporations, political subdivisions of the State of Texas, and others, and on such terms and conditions as the Board of Directors may deem desirable, fair and advantageous for:

(1) the purchase and sale of water, or either;

(2) the transportation, treatment and disposal of its domestic, industrial or communal wastes or the transportation, treatment and disposal of domestic, industrial or communal wastes of others; and

(3) the performance of any of the rights or powers granted by this Act and the General Laws.

In the event that the District in the exercise of the power of eminent domain or power of relocation, or any other power granted hereunder, makes necessary the relocation, raising, re-routing or changing the grade of, or altering the construction of, any highway, railroad, electric transmission line, telephone or telegraph properties and facilities, or pipeline, all such necessary relocation, raising, re-routing, changing of grade or alteration of construction shall be accomplished at the sole expense of the District. The term "sole expense" shall mean the actual cost of such relocation, raising, lowering, re-routing, or change in grade or alteration of construction in providing comparable replacement without enhancement of such facilities after deducting therefrom the net salvage value derived from the old facility.

The powers and duties herein granted to the District shall be subject to the continuing right of supervision of the State, to be exercised by and through the Texas Water Rights Commission.

Sec. 5. The management and control of the District is hereby vested in a Board of five (5) Directors which shall have all of the powers and

authority and duties conferred and imposed upon boards of directors of water control and improvement districts organized under the provisions of Chapter 3A of Title 128, Revised Civil Statutes of Texas, 1925, together with all amendments thereof and additions thereto. The members of the first Board of Directors shall be Jack Wilson, Joe Cobb, Walter Grover, Suzie Schuler, and J. C. Joy. Said members shall become Directors immediately after this Act becomes effective, and shall meet and organize as soon as practicable after the effective date of this Act, and shall file their official bonds and subscribe to the Constitutional oath of office. If any of the aforementioned members of the first Board of Directors shall die, become incapacitated or otherwise not qualify to assume their duties under this Act, the remaining members of said Board of Directors shall appoint his or their successors; provided, however, if none of the members of the first Board of Directors qualify by the second Tuesday in January, 1969, the County Judge shall, upon the petition of any landowner in the District, call an election for the purpose of electing a Board of Directors for the District to serve until the next general election for directors. The manner of holding such election, the notice of such election, and the time of holding such election shall be governed by the provisions of Chapter 3A, Title 128, relating to Director elections with the exception that the County Judge shall canvass the results of said election. With the exception of the first Board of Directors, the Board of Directors shall be selected as provided by the General Laws for water control and improvement districts. The first election of Directors of such District shall be held on the second Tuesday in January, 1969, and in accordance with Article 7880—37, Revised Civil Statutes of Texas, 1925. Thereafter, Directors of the District shall be chosen, and elections for Directors shall be held in accordance with the provisions of the General Laws relating to water control and improvement districts.

Sec. 6. The District is hereby authorized to issue its negotiable tax bonds, revenue bonds, or tax and revenue bonds to provide funds for any or all of the purposes set out or incorporated by reference in Section 4 hereof, including the acquisition of land therefor, and said bonds shall be issued in the manner provided and as authorized by Article 7880—90a, Vernon's Texas Civil Statutes and Chapter 3A of Title 128, Vernon's Texas Civil Statutes, as presently or hereafter amended, provided however that bonds payable solely from net revenues may be issued by resolution or order of the Board of Directors and no election therefor shall be necessary. Nothing contained herein shall relieve the District from complying with the provisions of Article 7880—139, Vernon's Texas Civil Statutes.

The bonds issued hereunder may be payable from all or any designated part or parts of the revenues of the District's properties and facilities or under specific contracts, as may be provided in the orders or resolutions authorizing the issuance of such bonds; and, except as the same may be inconsistent or in conflict with the provisions of this Act, the provisions of said Chapter 3A of Title 128, as presently or hereafter amended, shall apply to all bonds issued under the provisions of this Act (the provisions of this Act to govern and take precedence in the event of any such inconsistency or conflict).

Such bonds, within the discretion of the Board of Directors, may be additionally secured by a deed of trust or mortgage lien upon part or all of the physical properties of the District, and franchises, easements, water rights and appropriation permits, leases, and contracts and all rights appurtenant to such properties, vesting in the trustee power to sell such properties for payment of the indebtedness, power to operate the properties and all other powers and authority for the further security of the bonds. Such trust indenture, regardless of the existence of the deed of trust or mortgage lien on the properties, may contain provisions prescribed

For Annotations and Historical Notes, see V.A.T.S.

by the Board of Directors for the security of the bonds and the preservation of the trust estate, and may make provisions for amendment or modification thereof and the issuance of bonds to replace lost or mutilated bonds, and may condition the right to expend District money or sell District property upon approval of a registered professional engineer selected as provided therein and may make provision for investment of funds of the District. Any purchaser under a sale under the deed of trust or mortgage lien, where one is given, shall be absolute owner of the properties, facilities and rights so purchased and shall have the right to maintain and operate same.
