written permission and on forms approved by the Comptroller as security to the State for the additional gallons the distributor desires to purchase tax free, supply the Comptroller with a lien or encumbrance upon real property in favor of the Comptroller executed on a form recordable in the deed records of the county in which such property may be located, by the owner of such real property who may be either the distributor or other person acting in such distributor's behalf.

Nothing herein shall be construed as prohibiting the Comptroller from accepting a bond in excess of Fifty Thousand Dollars (\$50,000) from any distributor who desires to furnish bond in a larger amount for obtaining a certificate of authority for greater quantities in lieu of depositing securities, certificates of deposit, or lien or encumbrance on real property, or in addition to such deposits.

Provided, however, that if, in the opinion of the Comptroller, the cash, securities, certificates of deposit or liens, so deposited shall become insufficient for the purpose for which they were deposited, he shall demand additional cash, securities, certificates of deposit or liens on real property, and upon the failure or refusal of the distributor to supply the additional deposits within ten (10) days after demand, the Comptroller shall cancel the distributor's permit as herein provided. When default of payment of taxes collected upon the sale or distribution of motor fuel and accruing upon the use of motor fuel by said distributor, is made by any distributor who has money and/or securities deposited with the State Treasurer in lieu of a bond as herein provided, suit shall be instituted by the State and after the State has established its debt for delinquent taxes by final judgment of Court, money on deposit in the suspense account shall be withdrawn therefrom and shall be used to pay off and satisfy such judgment; and provided further, if securities, certificates of deposit or liens or encumbrances on real property are on deposit with the State Treasurer or Comptroller, such securities or certificates of deposit shall be sold by the Comptroller and said liens or encumbrances shall be foreclosed and the property sold and the proceeds of sale shall be used in paying off and satisfying said judgment and accrued Court costs and interest. Provided, however, the defaulting distributor may acknowledge in writing the correctness of the State's claim for taxes, costs, and penalties, and may authorize the withdrawal of said money or securities to pay on said claim without having suit filed.

When the Comptroller determines that all taxes, penalties, interest and court costs due by a distributor have been paid to this State, or that the need no longer exists for the securities, certificates of deposit, or liens or encumbrances on real property deposited with the Comptroller, he may issue appropriate release of such securities, deposits or liens.

Provided further, that the cash, securities or certificates of deposit or any unpaid portion thereof,

deposited by said distributor in lieu of surety bond, shall not be returned or refunded to any person except the distributor, unless the person claiming any right, title, and interest in and to said funds or securities, shall have declared said right, title, and interest in writing, executed jointly by said distributor and said claimant, under oath, and filed with the Comptroller at the time such deposit was made. Provided further, that suit may be filed against any surety or sureties on any bond furnished by a distributor, without first resorting to or exhausting the assets of said distributor or without making said distributor, as principal obligor in said bond, a party to said suit.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1971, 62nd Leg., p. 2033, ch. 626, §§ 4, 5, eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 63, ch. 42, § 2, eff. April 18, 1973.]

Sections 3 to 5 of the 1973 Act provided:

"Sec. 3. Saving Clause. It is expressly provided that all existing bonds which have been issued for the calendar year, 1973, and are now in effect shall remain in full force and effect for the balance of the calendar year as if the law had not been amended, but all new bonds executed or issued after the effective date of this Act shall be subject to the provisions of this Act. It is further provided that all taxes, penalties, and interest incurred and all liens created and bonds executed to secure their payment under any laws repealed or amended by this Act prior to its effective date are hereby declared to be legal and valid obligations to this state; and any offense committed or any fines or penalties incurred under any laws repealed or amended by this Act prior to its effective date shall not be affected by the repeal or amendment of any such laws but the punishment of such offenses and recovery of such fines, penalties, and interest shall take place as if the laws repealed or amended had remained in force.

"Sec. 4. Severability. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application and to this end the provisions of this Act are declared to be severable.

"Sec. 5. Repealer. All laws or parts of laws in conflict herewith are, insofar as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provision of law."

#### Art. 9.08. Lien

All taxes, penalties, interest and costs due by any distributor under the provisions of this Chapter and all taxes collected and required to be paid by said distributor to the State, shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all the property of any distributor, devoted to or used in his business as a distributor, which property shall include refinery, blending plants, storage tanks, warehouses, office building and equipment, tank trucks or other motor vehicles, stocks on hand of every kind and character whatsoever used or usable in such business, including crude oil or other materials for the manufacture, refining, blending, or compounding of motor fuels and the refined products therefrom, and the proceeds from the sale of such materials and refined products, including cash on hand and in bank, accounts and notes receivable, and any and all other property of every kind and character whatsoever and wherever situated devoted to such use, and each tract of land on which such refinery, blending plant, tanks, or other property is located, or which is used in carrying on such business.

This lien shall not be valid as against any "mortgagee" of a "motor vehicle" as those terms are defined in the Certificate of Title Act,<sup>1</sup> provided such mortgagee does not have actual notice of the State's lien and has complied with the provisions of

the Certificate of Title Act prior to the filing by the Comptroller of Public Accounts with the State Highway Department a certificate showing the make, body type and motor number of a motor vehicle upon which a tax lien exists and the amount of the taxes, penalties, interests, and costs due the State. The Comptroller of Public Accounts' certificate is to be filed with the State Highway Department and the State's lien need not be placed of record upon the motor vehicle's certificate of title.

The Comptroller of Public Accounts shall file with the State Highway Department a certificate containing the information above provided in this Article as to any motor vehicle upon which a tax lien exists to secure the payment of the taxes owing by any distributor, and the filing of such certificate by the Comptroller of Public Accounts shall constitute sufficient notice of the existence and the assertion by the State of the statutory lien to secure the payment of the taxes owing to the State by such distributor, and any mortgagee of any mortgage, made after the filing of such certificate with the State Highway Department, shall be deemed to have notice of such lien, and the State's lien upon such motor vehicle shall continue to be a valid and prior lien as to any mortgagee. But such lien shall not be valid as to any mortgagee of a motor vehicle if the lien of such mortgagee was created and recorded prior to the filing of such certificate by the Comptroller of Public Accounts with the State Highway Commission.

#### Art. 9.09. Distributors' Records

(1) Every distributor shall keep in Texas for a period of two (2) years for the inspection at all times of the Comptroller and the Attorney General or their authorized representatives, a complete and well-bound book record of all crude oil and other oil or products from which such distributor may refine or blend any motor fuel or other derivatives of crude petroleum that is sold or used by him, and his record shall show the date of receipt, the name and address of the person from whom purchased, the means of delivery and the quantity in barrels, of all such crude oil and other oil or products; also it shall show all sales of the same as and when made from stocks on hand, the quantity refined or blended, and inventories on the first of each month. Provided further, a complete record in barrels or gallons shall be kept of all liquid by-products derived or obtained from any refining, absorption, or recycling operation. Said record shall also show separately the number of barrels or gallons of such products on hand at the first of each month and the number of barrels or gallons sold, used, or otherwise disposed of.

Every distributor shall also keep in Texas for a period of two (2) years, open to said inspection, a complete and well-bound book record of all motor fuel, casinghead gasoline, natural or drip gasoline and other derivatives or condensate of crude petrole-

um or natural gas, or their products, purchased or received by said distributor. Such records shall show the date received, from whom purchased or received, the quantity received, the commodity or kind of product received, and such other information as will provide a complete record of the disposition of said products. Said distributor shall also keep for a period of two (2) years a complete record of inventories on the first of each month of all motor fuel, casinghead gasoline, natural gasoline or drip gasoline, or other derivatives or condensates of crude petroleum, or natural gas, or their products.

(2) Every distributor shall keep also in Texas for a period of two (2) years, open to said inspection a complete record of each and every sale, distribution or use of motor fuel, crude oil, kerosene, naphtha, distillate, casinghead gasoline, drip gasoline, absorption and natural gasoline, and other derivative or condensates of crude oil or natural gas, including fuel oil and other liquid residues, regardless of whether or not a tax is due upon said products under the provisions of this Chapter; and providing that the record of each such sale, distribution, or use of such commodities shall include the date of any such transactions, the name and address of each purchaser or user, and the amount of any such commodity so sold or used. And it is especially provided that any such sale, distribution, or use of any of the foregoing commodities shall be recorded upon a form of manifest to be prescribed or approved by the Comptroller and furnished by the distributor. Said manifest shall be issued in not less than duplicate counterparts and numbered consecutively. Said manifest shall be printed and the counterpart shall be printed on paper of different color, and shall have printed thereon the name of the distributor, his address, the serial number of said manifest, and spaces shall be provided thereon wherein shall be shown the date of such sale, distribution or use, the purchaser or other recipient and his address, the quantity sold, the means of delivery, including the license number of and description if delivered into or by a motor vehicle or trailer, the number and initial if delivered by tank car, the name or description if delivered by boat or barge, and the opening and closing record of meter readings or tank gauges if delivered by pipeline, and the time of delivery into the tank wagon, trailer or other conveyance; provided, however, that rail shipments of motor fuel and other derivatives or condensates of crude products or natural gas shall be supported by regular bills of lading. Provided further, that the manifest shall reflect separately the tax involved in the sale of motor fuel apart from the cost thereof, less the tax. The manifest shall be properly made out and signed by both the distributor and the purchaser or recipient of said commodity. Every person receiving from a distributor any motor fuel and reselling or redelivering the same, shall likewise record each sale or delivery upon similar manifest. Provided, however, that manifests shall not be required upon retail sales in quantities of thirty (30) gallons or less.

(3) It is the intent and object of this Article to require that every person, except as herein expressly provided to the contrary, who shall transport any commodity required to be recorded upon a manifest shall carry with said commodity at all times a manifest covering said cargo, and said person shall issue a manifest to the purchaser or receiver of all or any part of the commodity so being transported, and to require that such purchaser or receiver shall receipt on said manifest for the quantity so delivered and received, and that one counterpart of the manifest shall be delivered to the purchaser, to be retained by him for the time and in the manner required herein, for inspection by the Comptroller and Attorney General, and that another counterpart shall be retained by the distributor or other seller for like purposes and periods. If no sale is involved in such transaction a notation showing such fact or information shall be recorded on said manifest. Provided further, that carriers-for-hire operating under valid permits or certificates of convenience and necessity issued by the Railroad Commission of the State of Texas, and not engaged in transporting motor fuel for sale or distribution for sale, and persons operating motor buses under franchises or licenses issued by municipalities shall not be required to carry or issue a manifest for motor fuel in quantities of one hundred (100) gallons or less, when said motor fuel is contained and transported in the fuel tank connected to and feeding the carburetor of any motor vehicle owned or operated by said carrier or person, and is used exclusively for the propulsion of such motor vehicle and is not transported for sale, distribution or delivery to any other person. This exemption shall not apply to the fuel tank of any motor vehicle used to transport motor fuel in any quantity for sale or distribution for sale.

Provided, however, that where a distributor markets his products through his own service stations, that as to said service stations, it will be sufficient to keep the records at said service stations, hereinafter required by this Chapter to be kept by dealers. [Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.10. Dealers' Records

Every dealer shall keep, at each place of business in Texas, for a period of two (2) years, for the inspection at all times of the Comptroller and the Attorney General, or their authorized representatives, the manifest furnished by the seller, as required herein, and in addition thereto a well-bound book record which will provide complete information of all motor fuels, naphtha, kerosene, distillate, gas oil, fuel oil and/or casinghead gasoline, natural gasoline, drip gasoline or absorption gasoline, and all other derivatives or condensates of crude oil or natural gas, purchased or received by him at each place of business, and inventories on the first of each month of all such products. Such record shall show the date received, the name and address of the person from whom purchased or received, the number of gallons, the designation by name of the par-

ticular kind of motor fuel or other products purchased or received, the point from which shipped or delivered, the point at which received, the number and initials of car if shipped by rail, the name of the boat or barge, if shipped by water, and the license number and description, if received by motor vehicle or trailer, and in addition, the total daily sales, designating the particular kind of motor fuel, kerosene, naphtha, distillate, gas oil, fuel oil, casinghead gasoline and/or natural gasoline, drip gasoline, absorption gasoline, or other derivatives or condensates of crude oil or natural gas, sold or delivered, whether the same be taxable or not under the provisions of this Chapter. Upon each sale or delivery of any of the commodities named herein at wholesale for the purpose of resale, and upon each retail sale, distribution or use of said commodities in quantities of more than thirty (30) gallons, every dealer shall be required to issue and keep for a period of two (2) years, a manifest made up as required by Art. 9.09 of this Chapter, giving full details of such sales, deliveries, distributions, or use, as said form manifest provides shall be given. The duplicate of said manifest shall be delivered to the purchaser or carrier and the original kept by said dealer. [Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.11. Carrier Records

(1) All common and contract carriers in this State shall keep for a period of two (2) years, open to inspection by the Comptroller or his authorized representatives, a complete record of each transportation of motor fuel, showing the date of transportation, the consignor and consignee, the means of transportation and the quantity and kind of motor fuel transported. Said record shall show such intrastate records separately from interstate records.

(2) All persons operating trucks, pipelines, and other conveyances as common or contract carriers in the transportation of motor fuel into and from this State, exclusive of railroads, shall render a sworn report to the Comptroller not later than the 20th of each month, on a form prescribed by said Comptroller, showing a description of the truck or other conveyances in which the same was transported, the date said motor fuel was transported, the consignor and consignee, and the quantity and kind of said motor fuel which was transported by such persons during the preceding month. There shall also be included in said report full data concerning the diversion of shipments en route as amount to a change from interstate to intrastate and intrastate to interstate commerce. Such report shall show the points of origin and destination, the number of gallons shipped or transported, the date, the consignee and the consignor, and the kind of motor fuel. All persons operating railroads as common carriers in the transportation of motor fuel into and from this State shall, as and when requested by the Comptroller, and in such form as may be prescribed, render, not later than the 20th of the following month, a sworn report for the preceding month, or for such other period or periods as may be requested, showing

a description of the tank car or other conveyance in which the same was transported, and shall render such other information concerning the diversion of or change of shipments en route from interstate to intrastate commerce or intrastate to interstate commerce, as may be required by the Comptroller.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.12. Liquid Residues

Every person operating a pipeline for the purpose of conveying or moving natural gas through such pipeline shall either collect and conserve for the purpose of sale, distribution, or use the liquid residue commonly known as "drip gasoline" which is formed and extracted from such pipelines, or if said product has no practical value to said person, he shall neutralize, burn, or otherwise destroy said product in a manner that will prevent its use as motor fuel in this State. If such drip gasoline is sold, distributed, or used as motor fuel, said person shall obtain the permit, make the reports, and keep the records of such sales, distributions, or use in compliance with the provisions of this Chapter.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.13. Claims for Refunds

(1) In all refund claims filed under this Article, the burden shall be on the claimant to furnish sufficient and satisfactory proof to the Comptroller of the claimant's compliance with all provisions of this Article; otherwise, the refund claim shall be denied.

(2) Any person (except as hereinafter provided), who shall use motor fuel for the purpose of operating or propelling any stationary gasoline engine, motorboat, aircraft, or tractor used for agricultural purposes, or for any other purpose except in a motor vehicle operated or intended to be operated upon the public highways of this State, and who shall have paid the tax imposed upon said motor fuel by this Chapter, either directly or indirectly, shall, when such person has fully complied with all provisions of this Article and the rules and regulations promulgated by the Comptroller, be entitled to reimbursement of the tax paid by him less any amount allowed distributors, wholesalers or jobbers, retailers or others under the provisions of Article 9.02(2) of this Chapter. Provided, however, no tax refund shall be paid to any person on motor fuel used in any construction or maintenance work which is paid for from any State funds to which motor fuel tax collections are allocated or which is paid jointly from any said State funds and Federal funds, except that when such fuel is used in maintenance of way machines, or other equipment of a railroad, operated upon stationary rails or tracks, then such railroad shall be entitled to a tax refund on such fuels.

(3) Any person desiring to sell to others, or to appropriate for his own use, refund motor fuel as defined herein, shall make separate application to the Comptroller for each separate place of business from which refund motor fuel will be sold, or appropriated for use, for a refund dealer's license to sell or

appropriate such product and it shall be unlawful to issue an invoice of exemption covering the sale or appropriation of refund motor fuel without possessing a valid refund dealer's license. The Comptroller shall make such examination of each application for license and the applicant therefor as he deems necessary and if in his opinion the applicant is qualified to perform the duties required of a refund dealer, and is otherwise entitled to the license applied for, a nontransferable license shall be issued by the Comptroller for the place of business named in the application. Each license so issued shall be continuous in force and effect until such time as the Comptroller shall require a renewal thereof, or until such license shall be terminated by the licensee or revoked or suspended by the Comptroller as provided by law.

No refund of the tax paid on any motor fuel shall be granted unless such motor fuel has been purchased from, or appropriated and used by, a refund dealer holding a valid license at the time of such purchase or use, except upon motor fuel exported, lost by accident, or purchased by the United States Government for its exclusive use.

Every refund dealer shall be required to maintain the records required of a dealer in this Chapter, and in addition each such refund dealer shall keep for a period of two (2) years for the inspection of the Comptroller and the Attorney General or their authorized representatives, the original copy of each invoice of exemption issued by such dealer. The license number of the refund dealer shall be inserted in the space provided on each invoice of exemption issued by him.

The Comptroller shall have the authority and it shall be his duty to revoke or suspend the license or licenses of any refund dealer who violates or fails or refuses to comply with any provision of this Chapter or any rule and regulation duly promulgated by the Comptroller. In the event the Comptroller revokes or suspends a license, the said license and all unissued invoices of exemption assigned to the dealer for said license shall be surrendered by the licensee to the Comptroller forthwith.

(4) When motor fuel is ordered or purchased for refund purposes the purchaser or recipient thereof shall state the purpose for which such motor fuel will be used or is intended to be used, and shall request an invoice of exemption which shall be made out by the selling refund dealer at the time of such delivery, or, if the motor fuel is appropriated for use by a refund dealer it shall be made out at the time the motor fuel is appropriated or set aside for refund purposes. The invoice of exemption shall state: the refund dealer's license number; the date of purchase and the date of delivery; the names and addresses of the purchaser and the selling dealer; the purpose for which such motor fuel will be used or is intended to be used; the number of gallons delivered, or appropriated for use; and any other information the Comptroller may prescribe. No refund shall be allowed unless an invoice of exemption is made out at

the time of delivery, except as hereinafter provided. If it be shown by evidence sufficient and satisfactory to the Comptroller that an invoice of exemption had been duly requested by a purchaser of refund motor fuel or his agent at the time of the purchase or delivery and that its failure to be issued was through no fault of the claimant, then the Comptroller may, if he finds the motor fuel has been used for refund purposes, issue warrant in payment of the claim.

The invoice of exemption shall be made out and executed in duplicate by the refund dealer, the duplicate of which shall be delivered to the purchaser of the motor fuel and the original shall be retained by the refund dealer at the place of business designated on his license for the time and in the manner herein provided. Each invoice of exemption shall be signed by the refund dealer and the person who purchases the motor fuel for refund purposes or a duly authorized employee or agent of said dealer or purchaser. But if neither the purchaser of the motor fuel nor an agent is present to sign the invoice of exemption at the time of delivery, the refund dealer shall mail or deliver the duplicate invoice of exemption to the purchaser within seven (7) days after delivery of the motor fuel.

(5) It shall be unlawful for any refund dealer, or any employee thereof, to prepare any claim for refund of tax paid on motor fuel purchased from said refund dealer, or to act in any capacity as agent or employee of any claimant for refund of tax paid on motor fuel purchased from said refund dealer by keeping his books, records, refund claim forms or other documents to be used or intended for use by said claimant in the preparation of his tax refund claim, and the Comptroller shall not approve the payment of any tax refund claim, in whole or in part, in which the claimant has permitted the seller of the motor fuel upon which tax refund is claimed, or any employee of said seller, to prepare or file his claim for tax refund, or to keep any books, records or documents used in the preparation or filing of said claim. Provided that the Comptroller may, after proper hearing as herein provided, cancel, suspend, or refuse the issuance or reinstatement of the license of any refund dealer who shall prepare or who shall permit any employee to prepare any claim for refund of tax paid on motor fuel purchased from said refund dealer by the claimant thereof, or who shall keep, or permit any employee to keep, any duplicate invoice of exemption for more than seven (7) days after it has been duly issued to a purchaser of refund motor fuel.

(6) Any person entitled to file claim for tax refund under the terms of this Article shall file such claim with the Comptroller on a form prescribed by the Comptroller within one (1) year from the date the motor fuel was delivered to him, or from the date the motor fuel was lost, exported or sold to the United States Government, and no refund of tax shall ever be made where it appears from the invoice of exemption or other evidence submitted, that the

sale or delivery of the motor fuel was made more than one (1) year prior to the date the refund claim was actually received in the Comptroller's office. The refund claim, with all duplicate invoices of exemption required by law to be issued with the sale of refund motor fuel included as a part of said claim, shall show the quantity of refund motor fuel acquired and on hand at the beginning and closing dates of the period covered in the refund claim filed.

If any claimant was not present when the refund motor fuel was used for any purpose, except in machines operated upon stationary rails or tracks, the Comptroller may require such affidavits as he may deem necessary to prove the correctness of the claim, from persons who were present and used or supervised the using of the refund motor fuel. The claim for tax refund shall include a statement that the information shown in each duplicate invoice of exemption attached to the tax refund claim is true and correct, and that deductions have been made from the tax refund claim for all motor fuel used on the public highways of Texas and for all motor fuel used or otherwise disposed of in any manner in which a tax refund is not authorized herein. If upon examination, and such other investigation as may be deemed necessary, the Comptroller finds that the claim filed for tax refund is just, and that the taxes claimed have actually been paid by the claimant, then he shall issue warrant due the claimant but no greater amount shall be refunded than has been paid into the State Treasury on any motor fuel, and no warrant shall be paid by the State Treasurer unless presented for payment within two (2) years from the close of the fiscal year in which such warrant was issued, but claim for the payment of such warrant may be presented to the Legislature for appropriation to be made from which said warrant may be paid.

If the refund motor fuel for which tax refund is claimed was used on a farm, ranch, or for any nonhighway agricultural purpose, the claim shall show the name and address of the claimant, the period covered in the claim, the total number of gallons delivered to him during such period, the total number of gallons used off the public highways and the purposes for which used, the total number of gallons delivered to vehicles for any use on the highway, and the number of gallons on hand at the beginning and at the end of the period of the claim. The claim shall also show the number and kinds of tractors, combines or other equipment in which the refund motor fuel was used, and shall show the number of automobiles, trucks, pickups and other licensed vehicles operated regularly by the claimant or his employees, on or in connection with the farm, ranch or other agricultural project during the period of the claim, and shall also contain a statement that the same is true and correct, and that the same is made subject to penalties of Article 1.12 of Chapter 1, Title 122A, Revised Civil Statutes of the State of Texas, 1925.

If the refund motor fuel was used in mining, quarrying, drilling, producing, exploring for minerals, or in construction, maintenance, repair work or in other functions similar to the above uses, a distribution schedule, or such other information as the Comptroller may require, shall be attached to and filed as a part of the refund claim which shall show the quantities of motor fuel delivered to and consumed in each vehicle or other unit of equipment used in such work during the period of the claim; provided, however, that no schedules shall be required to show the quantities of motor fuel used in machines operated upon stationary rails or tracks.

If the refund motor fuel was used in aircraft or motorboats, the claim shall show the make and description of such aircraft or motorboat and the quantities of motor fuel used during the period of the refund claim.

If the refund motor fuel was used for cleaning, or dyeing, or for industrial or domestic purposes, or was converted into a product other than motor fuel by any manufacturing or blending process, the claim shall show the purpose or purposes for which the motor fuel was used and the quantity used for each separate purpose.

Any person who shall file claim for tax refund on any motor fuel which has been used to propel a motor vehicle, tractor or other conveyance upon the public highways of Texas for any purpose for which a tax refund is not authorized herein, or who shall file any duplicate invoice of exemption in a claim for tax refund on which any date, figure or other material information has been falsified or altered after said duplicate invoice of exemption has been duly issued by the refund dealer and delivered to the claimant, shall forfeit his right to the entire amount of the refund claim filed.

(A6) The forfeiture provision of Subsection (6) of this Article shall not be construed as forfeiting a claim in which the amount of motor fuel deducted as taxable use on the public highway has been erroneously reported due to a mathematical error or a mistake in calculating the amount so used.

(6a) Allocation of unclaimed aircraft and motorboat fuel refunds to Available School Fund, Texas Aeronautics Commission Fund, and Special Boat Fund. Each month the Comptroller, after making the deductions for refund purposes as provided in Article 9.13, Section (13) of this Chapter, shall determine as accurately as possible the number of gallons of motor fuel used in aircraft and the number of gallons of motor fuel used in motorboats upon which the motor fuel tax has been paid to this State, and upon which refund of the tax thereon has not been made and against which a six (6) months' limitation has run for filing claim for refund of said tax (called "unclaimed refunds"), and from the number of gallons so determined the Comptroller shall compute the amount of taxes that would have been refunded under the law had claims for same been filed in

accordance with the law, and shall allocate and deposit such unclaimed refunds as follows:

(A) Twenty-five per cent (25%) of the revenues based on unclaimed refunds of taxes paid on motor fuel used in aircraft shall be allocated, deposited, and set aside in the State Treasury placed to the credit of the Available School Fund. The remaining seventy-five per cent (75%) of such revenues shall be allocated, deposited, and set aside in the State Treasury in a special fund to be called the Texas Aeronautics Commission Fund and the same shall be credited to, and is hereby appropriated to, the Texas Aeronautics Commission for the purposes set forth in this Section, and which said Texas Aeronautics Commission Fund shall be administered by the Texas Aeronautics Commission, together with any other funds appropriated by the Legislature, for the support, maintenance and operation of the Texas Aeronautics Commission in the performance of its safety and all of its other functions, duties and responsibilities as may be now or hereafter delegated to such Commission as prescribed by law, and also for the payment of the Commissioners, the director, assistant director, the staff, and for equipment and supplies, including aircraft and automotive equipment as authorized by law.

(B) Twenty-five per cent (25%) of the revenues based on unclaimed refunds of taxes paid on motor fuel used in motorboats shall be placed to the credit of the Available School Fund. The remaining seventy-five per cent (75%) of such revenues shall be allocated, deposited, and set aside in the State Treasury in the Special Boat Fund.

Any unexpended portion of the Texas Aeronautics Commission Fund not used, and on hand, at the end of each fiscal year shall be returned to the Comptroller of Public Accounts and he shall place the same to the credit of that fund to be used for the purposes stated herein.

(7) No tax refund shall be paid on motor fuel used in automobiles, trucks, pickups, jeeps, station wagons, buses, or similar motor vehicles designed primarily for highway travel, which travel both on and off the highway except as hereinafter provided. (a) If any such motor vehicles are used entirely for non-highway purposes except when propelled over the public highway to obtain repairs, oil changes, or similar mechanical or maintenance services, or when propelled over the public highway for other incidental purposes, or (b) if any such motor vehicles are operated exclusively during the period covered in any refund claim over prescribed courses lying between fixed terminals or bases, in which such vehicles travel the same mileage on the highway on each trip and the same mileage off the highway on each such trip, then in such cases a tax refund claim may be approved for the motor fuel used off the public highway in such vehicles, only when the claimant has kept a complete record of each trip traveled over

any part of the public highway showing the date, the highway mileage traveled and the quantity of motor fuel used in each of said vehicles during the period of such travel.

Any claimant who owns or operates more than one farm, ranch, or similar tract of land in the same vicinity, may move his farm tractors over the public highway for the purpose of transferring the base of operation of such tractors from one such farm, ranch, or other similar tract of land, to another, without measuring and deducting the refund motor fuel used in such incidental highway travel from his claim for tax refund. Motor fuel consumed in any tractor traveling more than ten (10) miles on the public highway during any one trip, shall not be construed to have been used for incidental purposes and shall not be subject to tax refund thereon, and motor fuel consumed in any tractor used in transporting produce, goods, wares, or other commodities or merchandise over the public highway, or consumed in any tractor used in custom work for others, or consumed in any tractor used upon the public highway for any purpose other than in moving said tractor from its base of operation on one farm, ranch, or other similar tract of land, to another within the limitations described hereinabove, shall be deducted, in the full amount so used, from any claim for tax refund filed by the user of said motor fuel.

A claimant may account for any part of refund motor fuel used upon the public highway, and not eligible for tax refund, by one of the following methods: (a) In motor vehicles which operate exclusively off the public highway except for incidental highway travel as described above, a claimant may drain all refund motor fuel from the fuel tank of any such motor vehicle, tractor or other conveyance before it moves upon the public highway, and then refill it with accurately measured motor fuel, which shall be deducted from the refund motor fuel set up in the claim if said fuel tank is refilled with refund motor fuel, or (b) claimant may, by accurately measuring the mileage any such vehicle, tractor or other conveyance travels upon the public highway, deduct from the refund motor fuel set up in the claim, an amount equal to one-fourth ( $\frac{1}{4}$ ) of a gallon for each mile or fraction of a mile any such motor vehicle, tractor or other conveyance travels on the public highway during the period of the claim, or (c) the Comptroller may prescribe regulations to permit any claimant who operates motor vehicles or other conveyance exclusively over prescribed courses lying between fixed terminals or bases in which the vehicles travel the same mileage on the public highways on each trip and the same mileage off the highway on such trip, to keep a record of the total miles traveled and the total quantity of accurately measured motor fuel consumed by each such vehicle during the period of the claim, from which the claimant may, for tax refund purposes, be permitted to calculate and determine the quantities used off the highway upon a basis of the average miles per gallon traveled by each such vehicle, or (d) if claim-

ant uses any part of refund motor fuel purchased on invoice of exemption in motor vehicles which operate regularly on the public highway in which no part of the motor fuel used is eligible for tax refund, he shall keep a complete record showing the date of each separate use or withdrawal for use, the make and description of the vehicle in which used, and the quantity so used, as measured through any type measuring device or standard measuring container acceptable to the Comptroller, and the quantity so used shall be deducted from the refund motor fuel set up in the claim filed by said claimant, or the Comptroller may in his discretion permit any claimant who has kept proper record to deduct from the refund motor fuel set up in his claim, a quantity equal to the true capacity of the fuel tank of the vehicle using any part of such refund motor fuel on the highway, each time such fuel tank is filled or serviced with refund motor fuel.

The records prescribed hereinabove shall be kept for a period of six (6) months from the date any claim, to which such records are pertinent, is filed in the Comptroller's office, and no tax refund shall ever be paid in whole or in part when a part of the motor fuel purchased on any invoice or exemption contained in the claim has been used to operate a motor vehicle, tractor or other conveyance of any kind or description upon any public highway for which a tax refund is not authorized herein, unless the claimant has kept for the time and in the manner herein provided a complete record of all such uses for which no tax refund is authorized.

(8) (a) Any person who shall export, or lose by fire or other accident motor fuel in any quantity of one hundred (100) gallons or more upon which the tax imposed herein has been paid, or who shall sell motor fuel in any quantity to the United States Government, for the exclusive use of said Government upon which the tax has been paid, may file claim for refund of the net tax paid to the State in the manner herein provided, or as the Comptroller may direct. Provided, that any bonded distributor holding a valid distributor's permit who establishes proof sufficient and satisfactory to the Comptroller of such export, loss by accident, or sale to the United States Government, may take credit for the net amount of the tax paid to the State on any subsequent monthly report and tax payment made to the Comptroller within one (1) year from the date of such exportation, loss or sale.

(b) It is expressly provided, however, that every bonded distributor shall be entitled to a credit equivalent to the tax rate per gallon paid on all motor fuel upon which the Texas motor fuel tax has been paid and which has thereafter been consumed in motor vehicles outside of this State. When the amount of credit herein provided to which the distributor is entitled for any calendar month exceeds the amount of tax for which such distributor is liable for motor fuel consumed in such vehicles during the same month, such excess shall under regulations promulgated by the Comptroller, be allowed as a

credit against the tax for which such distributor would be otherwise liable for any of the twelve (12) succeeding months; or upon claim filed with the Comptroller within one (1) year from the first day of any calendar month in which said motor fuel was used, such excess may be refunded as herein provided. Evidence of the mileage traveled and the gallonage consumed and the payment of the motor fuel tax, on such form as may be required by or is satisfactory to the Comptroller, shall be furnished by such distributor claiming the credit or tax refund herein allowed. Nothing herein shall be construed as requiring an invoice of exemption to be filed with the above described claim for tax refund.

(9) The right to receive a tax refund under the provisions of this Chapter shall not be assignable except as hereinafter provided. Any person residing or maintaining a place of business outside of the State of Texas who shall purchase motor fuel in any quantity of not less than one hundred (100) gallons and shall export the entire quantity so purchased out of Texas forthwith, may assign his right to claim tax refund to the licensed distributor from whom such motor fuel was purchased, or to any licensed distributor who has paid the tax on such motor fuel either directly or through another licensed and bonded distributor in Texas. When such distributor has secured the proof of export required by the Comptroller, he may file claim for refund of the tax paid on the motor fuel so exported, or, such distributor may take credit for an amount equal to said tax refund on any monthly report and tax payment filed with the Comptroller within six (6) months from the date the motor fuel was exported.

(10) For the purpose of enabling the Comptroller, and his authorized representatives, to ascertain whether or not refund motor fuel has been or is being used for the purposes for which it was purchased, they shall have the right to inspect the premises and the storage thereon where any motor fuel purchased on an invoice of exemption is stored or used and to examine any books and records kept by such purchaser, pertaining to such motor fuel, and it shall be a violation of the law for any person who has purchased or received motor fuel upon which an invoice of exemption has been issued to refuse permission to make such inspection or examination. It is further provided that the refusal of any such person to permit the inspection and examination described hereinabove shall constitute a waiver of all right to receive a tax refund on any claim under investigation.

(11) Any person who violates or fails to comply with any provision of this Article, or any rule and regulation duly promulgated by the Comptroller for the enforcement of the provisions of this Article, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200). Provided, however, that the penalties prescribed above shall not apply to offenses punishable under Art. 9.27 of this Chapter, but the said Art.

9.27 shall apply and control over such offenses. In addition to all other penalties prescribed in this Article, it is herein provided that a conviction for a violation of any provision of this Article shall, for the first offense, forfeit the right of said person to receive a tax refund for a period of six (6) months from the date of said conviction, and for each subsequent offense, shall forfeit the right of said person to receive a tax refund for a period of one (1) year from the date of said conviction.

(12) Concurrently with the issuance of a refund dealer's license the Comptroller shall issue and charge to the account of the licensee, a book or books of invoices of exemption which invoices shall be printed in duplicate sets and serially numbered. The Comptroller shall keep a record of the number of the books and their serial numbers issued to each refund dealer who shall be liable for a penalty in the amount of Five Dollars (\$5) for each book of invoices of exemption received by him for which he cannot properly account as hereinafter provided. Whenever a representative of the Comptroller audits the motor fuel records of a refund dealer, or whenever a refund dealer places a reorder for a book or books of invoices of exemption, such dealer shall prepare a written record showing the serial numbers of all books not previously accounted for and if such record does not account for each book previously issued to said refund dealer which has not been previously accounted for, the refund dealer shall be given thirty (30) days notice in writing to produce any missing book or to show that it has been used to cover sales of refund motor fuel made by said refund dealer. If the missing book or books are not accounted for within thirty (30) days from the date of said notice the refund dealer shall forfeit to the State of Texas as a penalty the sum of Five Dollars (\$5) for each book unaccounted for, which shall be paid to the Comptroller and allocated to the same funds to which the motor fuel taxes collected hereunder are apportioned. No further books of invoices of exemption shall be issued to any refund dealer who has incurred the penalty described hereinabove until said penalty has been paid. Any invoices of exemption which become mutilated or unusable shall be returned to the Comptroller by the refund dealer for credit to his account. The books of invoices of exemption shall not be transferable or assignable by such refund dealer unless such transfer or assignment is authorized by the Comptroller.

If any duplicate invoice of exemption issued to a purchaser is lost or destroyed said purchaser may make application to the Comptroller for forms to be issued and used in lieu of each lost duplicate.

The invoices of exemption bound in book form shall be furnished by the State of Texas, free of cost, to the refund dealer.

(13) All net moneys paid into the Treasury under the provisions of this Chapter, except the filing fees provided herein, and except the funds placed in the Available School Fund, the Texas Aeronautics Com-

mission Fund and the Land and Water Recreation and Safety Fund as provided in Section (6a) of this Article, shall be set aside in a special fund to be known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until a report is made by the Comptroller to the Treasurer showing the total maximum amount of refunds that may be required to be paid by the State out of such funds, or allocated to the Texas Aeronautics Commission Fund or the Land and Water Recreation and Safety Fund as provided in Section (6a) of this Article. The Comptroller shall on the 25th of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on the sale of motor fuel during the preceding month upon which a refund may be due, or which shall be allocated to the Available School Fund, the Texas Aeronautics Commission Fund, and the Land and Water Recreation and Safety Fund as provided in Section (6a) of this Article, and shall certify to the Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds, or to allocate the unclaimed refunds as provided in said Section (6a), and shall not distribute that part of said fund until the expiration of the time in which a refund can be made as provided by law, but as soon as said report has been made by the Comptroller and the maximum amount of refunds, and unclaimed refunds provided in said Section (6a), shall have been determined, he shall deduct said maximum amount from the total taxes paid for the month, and apply the remainder as provided by law. If a claimant has lost or loses, or for any reason fails to receive a warrant after the same has been issued by the Comptroller, then, upon satisfactory proof thereof, the Comptroller may issue such claimant a duplicate warrant as provided in Article 4365, Revised Civil Statutes of Texas, 1925 (as amended by Section 1, Chapter 219, Acts of the 53rd Legislature, Regular Session, 1953).

(14) So much of said fund is hereby appropriated and set aside as may be necessary to pay the refunds, and to allocate and deposit the unclaimed refunds to the Available School Fund, the Texas Aeronautics Commission Fund, and the Land and Water Recreation and Safety Fund as provided in said Section (6a), and if a specific amount be necessary then there is hereby appropriated and set aside for said purposes the sum of Two Hundred Thousand Dollars (\$200,000), or so much thereof as may be necessary. In no event shall any refund be made to any person in excess of the actual amount paid by such person, and the one and one-half per cent (1½%) deducted originally by the distributor upon the first sale or distribution of the motor fuel shall be deducted in computing the refund if a refund is claimed, then the Comptroller shall deduct fifty cents (50¢) from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund, which said filing fee shall be set aside for the use and benefit of the Comptroller in the administration and enforcement

of this Article, as well as for payment of expenses in furnishing the form of invoice of exemption and other forms provided for herein, and the same is hereby appropriated for such purpose. All such filing fees shall be paid into the State Treasury and shall be paid out on vouchers and warrants in such manner as may be prescribed by law. In the event the refund on motor fuel used in aircraft or motorboats is not claimed within six (6) months, as provided by this Chapter, the Comptroller shall deposit the remainder as provided in said Section (6a).

#### Art. 9.14. Transit Companies

Provided that in lieu of the tax levied by Article 9.02 of this Chapter, there shall be and is hereby levied and imposed an excise tax of Four Cents (4¢) per gallon or fractional part thereof upon the first sale, distribution or use of motor fuel in this State which said tax shall be applicable only when such motor fuel is used or consumed, or is to be used or consumed for the propulsion of transit vehicles owned by a transit company

(a) the greater portion of whose business is the transportation of persons within the limits of an incorporated city or town in conveyances designed to transport twelve (12) or more passengers;

(b) which holds a franchise from such city or town;

(c) whose rates are regulated by such city or town; and

(d) which pays to such city or town a tax on its gross receipts.

Said taxes shall be collected and paid in the same manner as the taxes levied by Article 9.02 of this Chapter.

Where the first sale, distribution or use of motor fuel in this State is to or by a transit company, and such company shall furnish to the distributor or seller, or to the Comptroller, as the case may be, an affidavit to the effect that it possesses the aforementioned four (4) characteristics and that it will use such motor fuel only in the operation of its transit vehicles, the distributor or seller, or the Comptroller, as the case may be, shall collect from such transit company only the taxes levied herein.

Where the distributor or seller has collected the tax levied by Article 9.02 of this Chapter on motor fuel thereafter used by a transit company, such

transit company may obtain a refund in the amount of one cent (1¢) per gallon or fractional part thereof by conforming to the refund procedure set forth in Article 9.13 of this Chapter, and by furnishing to the Comptroller an affidavit to the effect that it possesses the aforementioned four (4) characteristics and that it has used such motor fuel only in the operation of its transit vehicles.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.15. Inspection

For the purpose of enabling the Comptroller, or his authorized representatives, to determine the amount of tax collected and payable to the State and the amount of said tax accruing and due for motor fuel used by a distributor, refinery, dealer, user, or other person, dealing in or possessing motor fuel, crude oil, or other derivatives or condensates of crude petroleum or natural gas, or their products or to determine whether a tax liability has been incurred, they shall have the right to inspect any premises where motor fuel, crude petroleum, natural gas, or any other derivatives or condensates of crude petroleum, natural gas, or their products are produced, made, prepared, stored, transported, sold or offered for sale or exchange, examine all of the books and records required herein to be kept, and any and all books and records that may be kept incident to the conduct of the business of said distributor, refinery, or other person, dealing in or possessing motor fuel, crude oil, or other derivatives or condensates of crude petroleum, natural gas or their products. The said authorized officers shall also have the right, as an incident to determining said tax liability or whether a tax liability has been incurred, to examine and gauge or measure the contents of all storage tanks, containers, and other property or equipment, and to take samples of any and all products stored therein. For the foregoing purposes, said authorized officers shall also have the right to remain upon said premises for such length of time as will be necessary to fully determine said tax liability, or whether a tax liability has been incurred.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.16. Permits; Cancellation, Renewal

The Comptroller, or any duly authorized representative of said Comptroller, is hereby authorized to cancel, or to refuse the issuance, extension, or reinstatement of any motor fuel distributor's permit, any user's permit, or any refund dealer's license, as provided under the terms of this Chapter, to any person who has violated or has failed to comply with any duly promulgated rule and regulation of the Comptroller, or any of the provisions of this Chapter, including any of the following offenses, which may be applicable to such permittee or licensee:

(a) failure or refusal to remit or pay to the State of Texas any tax levied herein, which said tax is shown to have accrued and to be owing to said State by a duly verified audit made by an authorized representative of the Comptroller,

from any report filed with said Comptroller or from any books or records required to be kept or any books or records authorized to be audited by the provisions of this Chapter;

(b) failure to file any return or report required under the provisions of this Chapter;

(c) the making and filing with the Comptroller any false or incomplete return or report required under the provisions of this Chapter;

(d) failure to keep any books and records for the period and in the manner required herein to be kept;

(e) the falsifying, destroying, mutilating, removing from the State, or secreting any such books and records;

(f) refusal to permit the Comptroller, Attorney General, or their authorized representatives, to inspect, audit, and examine any books and records required herein to be kept, or any pertinent records that may be kept, or to inspect any premises said persons are authorized herein to inspect;

(g) refusal to permit the Comptroller, Attorney General, or their authorized representatives, to inspect, examine, measure, gauge, and take samples from any truck, tank, pump, or container said persons are authorized to inspect, examine, measure, gauge, and take samples from, under the provisions of this Chapter;

(h) the forging or falsifying of any invoice of exemption herein provided, or the making of any false statement in any claim for refund filed with the Comptroller under the provisions of this Chapter;

(i) the engaging in any business requiring a permit or license under the provisions of this Chapter, without obtaining and possessing a valid permit or license.

Before any permit or license may be cancelled or the issuance, reinstatement, or extension thereof refused, the Comptroller shall give the owner of such permit or license, or applicant therefor, not less than five (5) days notice of a hearing at the office of the Comptroller, in Austin, Travis County, Texas, or at any district office maintained by the Comptroller, granting said owner or applicant an opportunity to show cause before said Comptroller, or his duly authorized representative, why such action should not be taken. Said notice shall be in writing and may be mailed by United States registered mail or certified mail to said owner or applicant, at his last known address, or may be delivered by a representative of the Comptroller, to said owner or applicant, and no other notice shall be necessary. The Comptroller may prescribe his own rules of procedure and evidence for such hearings.

If, after said hearing or opportunity to be heard, the permit or license is cancelled by the Comptroller, or his duly authorized representative, all taxes which have been collected or which have accrued, although said taxes are not then due and payable to the State,

except by the provisions of this Article, shall become due and payable concurrently with the cancellation of such permit or license, and the permittee or licensee shall forthwith make a report covering the period of time not covered by preceding reports filed by said permittee or licensee, and ending with the date of cancellation and shall remit and pay to the State of Texas all taxes, which have been collected and which have accrued from the sale, use, or distribution of motor fuel in this State.

After being given notice of any such order of cancellation, it shall be unlawful for any person to continue to operate his business under any such cancelled permit or license.

An appeal from any order of the Comptroller, or his duly authorized representative, cancelling or refusing the issuance, extension, or reinstatement of any permit or license may be taken to the District Court of Travis County, Texas, by the aggrieved permittee, licensee, or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions, which shall be considered literally, viz:

(1) all appeals shall be perfected and filed within thirty (30) days after the effective date of the order, decision, or ruling of the Comptroller or his duly authorized representative;

(2) such proceedings shall have precedence over all other causes of a different nature;

(3) trial of all such cases shall commence within ten (10) days from the filing thereof;

(4) the order, decision, or ruling of the Comptroller, or his duly authorized representative, may be suspended or modified by the Court pending a trial on the merits.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.17. Reports as Evidence

(1) If any distributor fails or refuses to collect and remit or to pay to the Comptroller any tax, penalties, or interest within the time and manner provided by this Chapter, and it becomes necessary to bring suit or to intervene in any manner for the establishment or collection of said claim, in any judicial proceedings, any report filed in the office of the Comptroller by such distributor or his representative, or a certified copy thereof certified to by the Comptroller or his Chief Clerk, showing the amount of motor fuel sold by such distributor or his representative, on which such tax, penalties, or interest have not been remitted or paid to the State, or any audit made by the Comptroller or his representatives, from any books or other records required to be kept or that may be kept by said distributor when signed and sworn to by such representatives as being made from said books and records of said distributor or from any books or records of any person from whom such distributor has bought, received, delivered, or sold motor fuel, crude oil, or the derivatives of crude oil, or natural gas, or from the books and records of any transportation agency, who has trans-

ported any of said products, such report or audit shall be admissible in evidence in such proceedings, and shall be prima facie evidence of the contents thereof; provided, however, that the prima facie presumption of the correctness of said report or audit may be overcome, upon the trial, by evidence adduced by said distributor.

(2) A certificate under the seal of the Comptroller executed by said Comptroller or his Chief Clerk, setting forth the terms of any order, rule, regulation, bond, or other instrument, referred to in this Chapter, and that the same had been adopted, promulgated and published or executed and filed with the Comptroller, and was in force and effect at any date or during any period specified in such certificate, shall be prima facie evidence of all such facts, and such certificate shall be admitted in evidence in any action, civil or criminal, involving such order, rule, and regulation, and the publication thereof, without further proof of such promulgation, adoption, or publication, and without further proof of its contents, and the same provisions shall apply to any bond or other instrument referred to herein. [Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.18. Civil Penalties

If any person affected by this Chapter

(a) shall fail to pay to the State of Texas any tax due and owing under the provisions of this Chapter, or

(b) shall fail to keep for the period of time provided herein any books or records required, or

(c) shall make false entry or fail to make entry in the books and records required to be kept, or

(d) shall mutilate, destroy, secrete, or remove from this State, any such books or records, or

(e) shall refuse to permit the Comptroller, the Attorney General, or their authorized representatives to inspect and examine any books or records, required to be kept, or any other pertinent books or records, incident to the conduct of his business that may be kept, or

(f) shall make, deliver to, and file with the Comptroller a false or incomplete return or report, or

(g) shall refuse to permit the Comptroller, or his authorized representatives, to inspect any premises where motor fuel, crude oil, natural gas, or any derivative or condensate thereof are produced, made, prepared, stored, transported, sold, or offered for sale or exchange, or

(h) shall refuse permission to said persons to examine, gauge, or measure the contents of any storage tanks, vehicle tanks, pumps, or other containers, or to take samples therefrom, or

(i) shall refuse permission to said persons to examine and audit any books, records, and gauge reports kept in connection with or incidental to said equipment, or

(j) shall refuse to stop and permit the inspection and examination of any motor vehicle transporting motor fuel upon demand of any person authorized to inspect the same, or

(k) shall fail to make and deliver to the Comptroller any return or report required herein to be made and filed, or

(l) shall forge or falsify any invoice of exemption herein provided, or

(m) shall make any false statement in any claim for refund of motor fuel taxes as to any material fact required to be given, or

(n) if any such person shall fail or refuse to comply with any provision of this Chapter or shall violate the same, or

(o) shall fail or refuse to comply with any rule and regulation promulgated hereunder by the Comptroller, or violate the same, he shall forfeit to the State of Texas as a penalty the sum of not less than Twenty-five Dollars (\$25) nor more than Five Hundred Dollars (\$500).

Such penalty, if not paid, shall be recovered in a suit by the Attorney General in a Court of competent jurisdiction in Travis County, Texas, or any other court of competent jurisdiction having venue under existing venue Statutes. Provided that in addition to the penalties shown, if any distributor does not make remittance for any taxes collected, or pay any taxes due the State of Texas by said distributor within the time prescribed by law, said distributor shall forfeit two per cent (2%) of the amount due; and if said taxes are not remitted or paid within ten (10) days from the date the Comptroller gives such distributor notice of the amount due in writing directed to the address shown in the application for permit filed by said distributor, an additional eight per cent (8%) shall be forfeited. All past due taxes and penalties shall draw interest at the rate of six per cent (6%) per annum.

The venue of any suit, injunction, or other proceeding at law or in equity available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing hereunder and the enforcement of the terms and provisions of this Article, shall be in a court of competent jurisdiction in Travis County, Texas, or in any other court having venue under existing venue Statutes.

Provided, further, that before any restraining order or injunction shall be granted against the Comptroller, or his authorized representatives, to restrain or enjoin the collection of any taxes, penalties, and interest imposed by this Chapter, the applicant therefor shall pay into the suspense account of the State Treasurer all such taxes, penalties, and interest showing to be due and owing to the State by any audit made by the Comptroller, or his duly authorized representative, when said audit has been certified to by the Comptroller or his Chief Clerk, and has been signed under oath by said authorized representative as having been made from the books and records of said applicant, whether or not required to

be kept under the provision of this Article, or from the books and records of any person from whom such applicant has purchased, received, delivered, or sold motor fuel, or from the books and records of any transportation agency, which has transported such products to or from said applicant. Provided, however, that said applicant may, in lieu of paying said taxes, penalties, and interest into the suspense account of the State Treasurer, file with said Treasurer a good and sufficient surety bond in the amount and form and under the conditions provided in Section 1, Chapter 310, Acts of the Regular Session of the Forty-fifth Legislature, and the provisions of said Section 1, Chapter 310, are hereby made applicable to any suit filed to restrain or enjoin the collection of any such taxes, penalties, and interest imposed by this Chapter. Any proceedings to enjoin the collection of such taxes, penalties, and interest, or the enforcement of any provision of this Chapter shall be in a court of competent jurisdiction in Travis County, Texas.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.19. Comptroller's Authority

(1) For the purpose of enforcing the collection of the tax levied by this Chapter, and to enable the Comptroller to ascertain whether or not the tax has been paid or accounted for on all motor fuel and other products which can be used as motor fuel, which may be transported in this State, the said Comptroller and his authorized representatives are hereby vested with the power and authority to measure, calibrate and determine the capacity in gallons of any vehicle tank or other container in which motor fuel, blending materials, liquefied gases and liquid fuels are transported. The Comptroller is hereby given the power and authority to promulgate and enforce any rules and regulations, which he may deem necessary to the best enforcement of the provisions of this Article.

All vehicle tanks, and all devices designed to be attached thereto and used in connection therewith, and all other containers in which any of the foregoing products are transported, shall be of such design and construction that they do not facilitate the perpetration of fraud. Each compartment of said vehicle tank or other container shall be conspicuously marked on, or immediately under, the dome thereof with a designating figure, or letter and the capacity of said compartment and each delivery faucet shall be marked with the capacity and a corresponding figure or letter to indicate the compartment of which it is the outlet. In addition, the total capacity of all compartments of each vehicle tank shall be conspicuously marked in letters of not less than two (2) inches in height on the rear of each such vehicle tank. The Comptroller's test or certificate number shall also be printed on the rear of each vehicle tank. When a motor vehicle carrying a vehicle tank is equipped with side tanks or other auxiliary tanks or compartments, such additional tanks and compartments shall comply with all of the specifications

applicable to vehicle tanks. No vehicle shall transport motor fuel upon the public highways of this State with connection from any cargo tank or container to the carburetor for the purpose of withdrawing motor fuel from said cargo tank or container, and fuel tanks, including auxiliary fuel tanks shall be separate and apart from the cargo tank, with no connection by pipe, tube, valve or otherwise. It shall be a violation of this Article to sell or distribute motor fuel from any fuel tank or auxiliary fuel tank connected with the carburetor of any motor vehicle or to withdraw said motor fuel from any such fuel tank or auxiliary fuel tank for the purpose of sale. The measurement certificate shall be carried with the vehicle tank for which it is issued and the Comptroller or his authorized representatives shall have the authority to impound and hold any truck, for a period of not to exceed seventy-two (72) hours, until said certificate is produced. The owner of any vehicle tank or other container tested and measured may be required to pay a reasonable fee to any city or any person for the water used in the measurement of such tank or container.

If any vehicle tank or other container shall, after having been tested, become damaged, repaired or modified in any way which might affect the accuracy or measurement of its receipts and deliveries, it shall not again be used for the sale or transportation of motor fuel, blending materials, liquefied gases and liquid fuels until officially reinspected, and, if deemed necessary, retested and remeasured.

(2) From and after the effective date of this Chapter, and before using any vehicle tank or other containers in the transportation of motor fuel, blending materials, liquefied gases and liquid fuels, except in quantities of thirty (30) gallons or less in the fuel tank feeding the carburetor of the motor vehicle, every person shall have every such vehicle tank or other containers, subject to the provision of this Article, tested, measured and calibrated by a representative of the Comptroller and shall obtain a measurement certificate from said Comptroller, showing the capacity of each such vehicle tank and other container. Provided, however, that the Comptroller may, at his discretion, accept any weights and measures certificate issued by the Division of Weights and Measures of the Department of Agriculture, State of Texas, without retesting or remeasuring said vehicle tank or containers.

It is further provided that carriers-for-hire operating under valid permits or certificates of convenience and necessity issued by the Railroad Commission of the State of Texas, and not engaged in transporting motor fuel or other taxable petroleum products for the purpose of sale or distribution for sale, and persons operating motor buses under franchises or licenses issued by municipalities, shall not be required to produce for inspection or measurement or to have tested, measured and calibrated, any fuel tank with a capacity not exceeding one hundred (100) gallons, connected to and feeding the carburetor of any motor vehicle owned or operated

by said carriers or said persons, when such fuel tank is used exclusively for furnishing fuel to propel the motor or engine of said motor vehicles, and none of the contents thereof is sold or transported for sale, distribution or delivery to any other person. Provided, however, that this exemption shall not apply to the fuel tank of any motor vehicle used to transport motor fuel or other taxable petroleum products for sale or distribution for sale.

All authorized representatives of the Comptroller shall have the power and authority to inspect, test, measure, or remeasure vehicle tanks and other containers used to transport motor fuel, blending materials, liquefied gases and other liquid fuels, or containers from which said products are sold, or to correct, condemn or mark "out of order" any such vehicle tanks or containers which may be so constructed as to prevent accurate measurement or which are not constructed in conformity with the provisions of this Chapter or the rules and regulations promulgated hereunder.

(3) Whoever shall remove, obliterate, or change any measurement certificate, tag, marking or device made by any authorized representative of the Comptroller, or placed upon any vehicle tank or other container, or shall refuse or neglect to produce for inspection and measurement, at the time and place fixed by the Comptroller, not to exceed one hundred (100) miles from the point which is the customary base of operation of such truck, any vehicle tank or other container in his possession or under his control, or shall transport such products in any vehicle tank or other container which has been condemned or tagged "out of order" by any authorized representative of the Comptroller, or whoever shall fail to comply with any provision of this Article or any reasonable rule and regulation promulgated under the provisions of this Article, or shall violate the same, shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than Twenty-five Dollars (\$25) nor more than Two Hundred Dollars (\$200).

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.20. Authority to Stop and Examine

(1) In order to enforce the provisions of this Chapter, the Comptroller, his authorized representative, or any Highway Patrolman, Sheriff, Constable, and their deputies, and all other peace officers are empowered to stop any motor vehicle which might appear to be transporting motor fuel or other derivatives of crude petroleum or natural gas, or their products, as cargo, for the purpose of examining the manifest required to be carried, for examination of the commodity in transit, to take samples of the cargo, and for such other investigations as could reasonably be made to determine whether the cargo was motor fuel or other derivatives of crude petroleum, natural gas, or their products, and whether the manifest indicates that the State tax was a part of the consideration involved in the sale or distribution of any motor fuel carried. If, upon said examina-

tion, it is found that the driver of any such motor vehicle transporting motor fuel does not possess or refuses to exhibit a manifest required herein, or if said manifest carried is false or incomplete, said authorized officers shall impound and take possession of the said motor vehicle and its contents, and unless proof is produced within seventy-two (72) hours from the beginning of such impoundment that the motor fuel has been sold with the State tax as a part of the consideration therefor, said motor vehicle and its contents shall be delivered to the Comptroller or his authorized representatives for forfeiture and sale as hereinafter provided.

(2) All motor fuel on which taxes are imposed by this Chapter, which shall be found in the possession, or custody, or within the control of any person for the purpose of being sold, transported, removed, or used by him in fraud of this Motor Fuel Tax Law, and all motor fuel which is removed or is deposited, stored, or concealed in any place with intent to avoid payments of taxes levied thereon, and any automobile, truck, tank truck, boat, conveyance, or other vehicle whatsoever used in the removal or transportation of such motor fuel for such purposes, and all equipment, paraphernalia, storage tanks, or tangible personal property incident to and used for such purpose found in the place, building, or vehicle where such motor fuel is found may be seized by the Comptroller, and the same shall be from the time of such seizure forfeited to the State of Texas, and a proceeding in the nature of a proceeding in rem shall be filed in a court of competent jurisdiction in the county of seizure to maintain such seizure and declare and perfect said forfeiture as hereinafter provided. All such motor fuel, vehicles and property seized as aforesaid, remaining in the possession or custody of the Comptroller, sheriff, or other officer for forfeiture or other disposition as provided by law, shall be deemed to be in the custody of law and irrepleviable for a period of thirty (30) days, after which time, if no suit has been filed or summary proceedings begun for forfeiture as hereinafter provided, such property shall be subject to replevy.

The Comptroller, when making the seizure aforesaid, shall immediately make a written report thereof showing the name of the agent or representative making the seizure, the place or person where and from whom such property was seized, and an inventory of same, and appraisalment thereof at the usual and ordinary retail price of the article seized, which report shall be prepared in duplicate, signed by the agent or representative so seizing, the original of which shall be given to the person from whom said property is taken, and a duplicate copy of which shall be filed in the office of the Comptroller and shall be open to public inspection.

The Attorney General, or the District or County Attorney of the county of seizure, shall, at the request of the Comptroller, file in the county and court aforesaid forfeiture proceeding in the name of the State of Texas as plaintiff, and against the owner or person in possession as defendant, if

known, and if unknown, then against said property seized and sought to be forfeited. Upon the filing of said proceeding, the Clerk of said court shall issue notice to the owner or person in possession of such property to appear before such court upon the date named therein, which shall not be less than two (2) days from service of such notice, to show cause why the forfeiture aforesaid should not be declared, which notice shall be served by the sheriff of said county. In the event the defendant in said proceeding is a nonresident of the State or his residence is unknown, or in the event the name of such defendant is unknown, upon affidavit by the Comptroller to this effect, notice or process shall be served or published in the mode and manner provided by existing Statutes for service of citation upon nonresidents or unknown defendants, or defendants whose residence is unknown; provided, however, such proceedings may be heard at any time after ten (10) days from completion of the service of such process or the first publication of such notice. And in such cases, the court shall appoint an attorney to represent such defendant, who shall have the rights, duties, and compensation as provided by existing Statutes in cases of attorneys appointed to represent nonresidents and unknown defendants.

In the event final judgment is rendered in the forfeiture proceeding aforesaid, maintaining the seizure, and declaring and perfecting the forfeiture of said seized property, the court shall order and decree the sale thereof to the highest bidder by the Sheriff at public auction in the county of seizure, after ten (10) day's notice by advertisement at least twice in any legal publication of such county, and the proceeds of such sale, less expenses of seizure and court costs, shall be paid into the State Treasury, and, after crediting the motor fuel tax fund with the tax, penalties and interest due, the balance of said proceeds, if any, shall be allocated as the Motor Fuel Tax is herein allocated. In the event the District or County Attorneys file and prosecute such cases, a fee of Fifteen Dollars (\$15) shall be paid to such officers in addition to all other fees allowed by law, which fee shall be collected as court costs out of the proceeds of such sale.

(3) In lieu of the forfeiture proceeding aforesaid, the Comptroller may elect to sell the motor fuel and property seized by him in cases where such property appears by the report or receipt of the officer seizing same to be of the appraised value of Five Hundred Dollars (\$500), or less, by the following summary proceedings:

(a) The Comptroller or his authorized representatives shall notify the person from whom such property was seized either in person or by registered or certified mail if said person's address is known and if unknown the Comptroller shall publish a notice in some newspaper of the county where the seizure was made, describing the property seized and stating the time, place, and cause of their seizure, and requiring any person claiming such property, or any interest

therein or thereto, to appear and make such claim within fifteen (15) days from the date of such publication of such notice.

(b) Any person claiming such property so seized, or any interest therein or thereto, within the time specified in such notice, may file with the said Comptroller his claim, stating his interest in the property seized, and may execute a bond to the State of Texas in the penal sum of Two Hundred and Fifty Dollars (\$250), with sureties to be approved by said Comptroller, conditioned that, in case of the establishment of forfeiture of the articles so seized, by final judgment in a court of competent jurisdiction as hereinabove provided, the obligors shall pay all the costs and expenses of the proceeding to obtain such forfeiture; and upon the delivery of such bond to the Comptroller, he shall transmit the same with a certified copy of the report of receipt of the property seized, filed in his office, to the Attorney General, or the County or District Attorney of the county of seizure, and forfeiture proceedings shall be instituted and prosecuted thereon in the court of competent jurisdiction as provided by law.

(c) If no claim is interposed and no bond is given within the time above specified, the Comptroller shall give ten (10) day's notice of a sale of the property under seizure by publication two (2) times in a newspaper of the county of seizure, and, at the time and place specified in such notice, shall sell the property so seized at public auction, and after deducting expenses of seizure, appraisal, custody, and sale, he shall, after crediting the Motor Fuel Tax Fund with the tax, penalties, and interest due, deposit the balance of such proceeds, if any, in the State Treasury, which shall be allocated to the funds to which the tax levied by this Chapter is apportioned.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.21. Seizure Not Defense

The seizure, forfeiture, and sale of motor fuel and any other property named hereinabove under the terms and conditions hereinabove set out, and whether with or without court action, shall not be or constitute any defense or justification to the person owning or having control or possession of such property from criminal prosecution for any act or omission made an offense hereunder, or operate to exempt or relieve said person from liability to the State to pay penalties provided by this law, with or without suit therefor.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.22. Waiver

(1) Authority is hereby conferred upon the Comptroller to waive any proceedings for the forfeiture of any of the property seized under the provisions of this Chapter, or any part thereof, provided that the offender shall pay into the State Treasury through

the Comptroller a penalty equal to twice the amount of the tax due on the motor fuel plus all other costs in connection with such seizure. A record of all such settlements and waivers of forfeiture shall be kept by the Comptroller and shall be open to public inspection.

(2) Provided further, that if the Comptroller finds from examination of records or from other investigation that motor fuel has been sold, delivered, or used for any taxable purpose without taxes levied by this Chapter having been paid to the State of Texas, or accounted for by a licensed distributor, he shall have the power to require the person making such taxable sale, delivery or use of such motor fuel to pay into the State Treasury through the Comptroller the taxes due and a penalty equal to the amount of such taxes due. If any person who has made any such taxable sale or taxable use is unable to furnish sufficient evidence to the Comptroller that said taxes have been paid, or accounted for by a licensed distributor, the prima facie presumption shall arise that such motor fuel was sold, delivered, or used without said taxes having been paid.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 9.23. Rules and Regulations

(1) It is hereby made the duty of the Comptroller to collect, supervise, and enforce the collection of all taxes, penalties, costs and interest due or that may become due under the provisions of this Chapter, and to that end the Comptroller is hereby vested with all of the power and authority conferred by this Chapter. Said Comptroller shall also have the power and authority to promulgate rules and regulations, not inconsistent with this Chapter or the Constitutions of this State or the United States, for the enforcement of the provisions of this Chapter and the collection of the revenues levied hereunder.

(2) Upon final adoption of any rule or regulation, the Comptroller shall file a copy thereof with the Secretary of State, State of Texas, and the same shall have the force and effect of law as of the date of the filing unless a subsequent date is specified therein. Any person who violates any valid rule and regulation which has been duly filed with said Secretary of State, or violates any provision thereof, shall be subject to the penalties prescribed in Articles 9.18 and 9.26 of this Chapter.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1967, 60th Leg., p. 1804, ch. 689, § 8, eff. Sept. 1, 1967.]

#### Art. 9.24. Comptroller May Act

The Comptroller, or any duly authorized representative under the direction of the Comptroller, shall, for the purpose contemplated by this Chapter, have power to issue subpoenas, compel the attendance of witnesses, administer oaths, certify to official acts, take depositions within or without the State of Texas, as now provided by law, and compel the production of pertinent books, accounts, records and documents.

If any witness refuses to obey such subpoena or refuses to produce any pertinent books, accounts, records, or documents, named in such subpoena and in the possession or control of said witness, or if any witness in attendance before the Comptroller or one of his authorized representatives refuses without reasonable cause to be examined or to answer any legal or pertinent question, or to produce any book, record, paper, or document when ordered to do so by the Comptroller or his authorized representative, said Comptroller or representative shall certify the facts and the names of the witnesses so failing and refusing to appear and testify, or refusing access to the books, records, papers, and documents, to the District Court having jurisdiction of the witness; said Court shall thereupon issue proper summons to said witness to appear before the said Comptroller, or his authorized representatives, at a place designated within the jurisdiction of said Court, on a day to be fixed, to be continued as occasion may require, and give such evidence and open for inspection such books, records, papers, and documents as may be required for the purpose of enforcing the provisions of this Chapter. Upon failure to obey such summons the Judge before whom the matter shall come for hearing shall examine under oath such witness or person, and such person shall be given an opportunity to be heard; and if the Judge shall determine that such person has refused, without reasonable cause or legal excuse, to be examined or answer a legal or pertinent question, or to produce a book, record, paper, or document, which he was ordered to bring or produce, he shall forthwith punish the offender as for contempt of court.

Subpoenas shall be served and witness fees and mileage paid as in civil cases in the District Court in the county to which such witness shall be called. Witnesses subpoenaed at the instance of the Comptroller, or his authorized representatives, shall be paid their fees and mileage by the Comptroller out of funds appropriated for court costs to said Comptroller.

The Comptroller may, if necessary to enforce the provisions of this Article, require such number of his representatives as he deems necessary to enforce the provisions hereof to subscribe to the constitutional oath of office, a record of which shall be filed in the office of the Comptroller.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### **Art. 9.25. Enforcement Fund, Allocation of Revenue**

Before any diversion or allocation of the motor fuel tax collected under the provisions of this Chapter is made, one per cent (1%) of the gross amount of said tax shall be set aside in the State Treasury in a special fund, subject to the use of the Comptroller in the administration and enforcement of the provisions of this Chapter, and so much of said proceeds of one per cent (1%) of the motor fuel tax paid monthly as may be needed in such administration and enforcement be and is hereby appropriated for

said purpose. Any unexpended portion of said fund so specified shall, at the end of each fiscal year, revert (1) to the Highway Motor Fuel Tax Fund, and (2) to the funds prescribed in Section (6a) of Article 9.13, as provided in this Chapter, in proportion to the amounts originally derived from such respective sources. The same shall then be allocated as provided in Article 9.13 of this Chapter and Section (6a) thereof, and in this Article 9.25, in the proportions above prescribed.

Each month the Comptroller of Public Accounts, after making all deductions for exempt refund purposes and for the funds derived from "unclaimed refunds" as provided in Article 9.13 of this Chapter, and for the enforcement of the provisions of this Chapter, shall allocate and deposit the net remainder of the taxes collected under the provisions of this Chapter, as follows: one-fourth ( $\frac{1}{4}$ ) of such tax shall go to, and be placed to the credit of, the Available Free School Fund; one-half ( $\frac{1}{2}$ ) of such tax shall go to and be placed to the credit of the State Highway Fund for the construction and maintenance of the State Road System under existing laws; and from the remaining one-fourth ( $\frac{1}{4}$ ) of such tax the Comptroller shall: (1) place to the credit of the County and Road District Highway Fund an amount determined by the Board of County and District Road Indebtedness and certified by the Board to the Comptroller of Public Accounts prior to August 31st of each year, for the fiscal year beginning September 1st each year, to be required in addition to any and all funds already on hand, for the payment by the Board of the principal, interest and sinking fund requirements for each year, on all bonds, warrants or other legal evidences of indebtedness heretofore issued by counties or defined road districts of this state, which mature on or after January 1, 1933, insofar as amounts of same were issued for and proceeds have been actually expended in the construction of roads that constituted and comprised a part of the system of designated state highways on September 17, 1932, or which subsequent to such date and prior to January 2, 1939, have been designated a part of the System of State Highways and declared by the Board of County and District Road Indebtedness prior to January 2, 1945, to be eligible to participate in the distribution of the moneys in the County and Road District Highway Fund under the provisions of existing laws; (2) for the fiscal year beginning September 1, 1951, and each fiscal year thereafter, the Comptroller shall place to the credit of the fund known as the County and Road District Highway Fund the sum of Seven Million, Three Hundred Thousand Dollars (\$7,300,000.00), said amount to be provided on the basis of equal monthly payments, payable on the first day of each calendar month, which sum shall be allocated by the Board of County and District Road Indebtedness to all of the counties of Texas not later than September 15th of each year, through the Lateral Road Account, as provided under Subsection (h) of Section 6 of Chapter 324 of the General and Special Laws of

the 48th Legislature, Regular Session, 1943, as amended by Section 1 of Chapter 319, Acts of the 50th Legislature, 1947;<sup>1</sup> and (3) the Comptroller shall place to the credit of the State Highway Fund the remainder of such one-fourth (¼) of such tax, said amount to be provided on the basis of equal monthly payments, payable on the first day of each calendar month, which sum shall be used by the State Highway Department for the construction and improvement of Farm-to-Market Roads having the same general characteristics as the roads eligible for construction under Subsection (4-b) of Article XX of House Bill No. 8, Chapter 184, Acts of the Regular Session of the 47th Legislature, as amended.<sup>2</sup> During any fiscal year, under the terms of Subsection (4-b) of Section 2 of Article XX of House Bill No. 8, Chapter 184, Acts of the Regular Session of the 47th Legislature, as amended, in which there shall be a valid, effective appropriation of Fifteen Million Dollars (\$15,000,000.00) in the Farm-to-Market Road Fund to the State Highway Department for the purpose of constructing Farm-to-Market Roads, the Highway Department may use up to one-half (½) the above remainder for the maintenance of Farm-to-Market Roads.

All receipts due the Available School Fund which are in the Highway Motor Fuel Tax Fund on August 31st of each fiscal year shall be credited to the Available School Fund on August 31st of each fiscal year.

#### Art. 10.02. Definitions

The following words and phrases as used in this Subchapter, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Diesel fuel" means diesel engine fuel, kerosene, and all other liquids suitable for the generation of power for the propulsion of motor vehicles except "liquefied gas" as defined below and "motor fuel" as defined in the Motor Fuel Tax Law by Chapter 9, Article 9.01 of this Title.

(2) "Liquefied gas" means all combustible gases which exist in the gaseous state at sixty (60) degrees Fahrenheit and at a pressure of

fourteen and seven-tenths (14.7) pounds per square inch absolute.

(3) "Bulk." Except for deliveries into fuel supply tanks of motor vehicles, the term "bulk" means any quantity of diesel fuel in excess of five (5) gallons.

(4) "Motor vehicle" means every self-propelled vehicle designed for operation or required to be licensed for operation upon the public highway. Tractors, combines, and other vehicles not required to be so licensed shall be deemed to be motor vehicles to the extent they are operated upon the public highway with diesel fuel on which the tax is required to be paid.

(5) "Public highway" means every way or place open to the use of the public as a matter of right for vehicular travel, including toll roads, notwithstanding that the same may be temporarily closed or travel thereon restricted for any purpose.

#### Art. 10.03. Levy of Tax

(1) There shall be and is hereby levied and imposed (except as hereinafter provided) upon the first sale, distribution, or use of diesel fuel in this State an excise tax of Six and Five-Tenths cents (6.5¢) per gallon, or fractional part thereof so sold, distributed or used in this State. Upon each subsequent sale or distribution of diesel fuel for the propulsion of motor vehicles upon the public highways, on which the tax has been collected, the said tax shall be added to the selling price so that such tax is paid ultimately by the person using or consuming said diesel fuel for the propulsion of motor vehicles upon the public highways of this State.

(2) Provided, however, that in lieu of the tax rate specified and levied hereinabove an excise tax shall be and is hereby levied and imposed at six cents (6¢) per gallon of diesel fuel used for the propulsion of buses owned by a transit company

(a) the greater portion of whose business is the transportation of persons within the limits of an incorporated city or town in conveyances designed to transport twelve (12) or more passengers;

(b) which holds a franchise from such city or town;

(c) whose rates are regulated by such city or town; and

(d) which pays to such city or town a tax on its gross receipts, or which is a municipally owned and/or operated transit company.

(3) Every supplier shall collect and remit the tax, except as hereinafter provided to the contrary, upon

each gallon of diesel fuel sold or distributed by him to dealers, users and unlicensed suppliers, and upon each gallon of diesel fuel delivered into the fuel supply tanks of motor vehicles not operated by him, and shall pay the tax upon each gallon of diesel fuel delivered into the fuel supply tanks of motor vehicles owned or operated by him. Upon each sale or distribution of diesel fuel to a dealer for resale and delivery into motor vehicles, the tax shall be collected and remitted to this State on the gross or volumetric gallons of diesel fuel delivered to said dealer as shown by the Comptroller's measurement certificate issued for the vehicle tank making such delivery, or as shown by any other measuring device approved by the Comptroller for measuring bulk deliveries of diesel fuel to the storage facilities of dealers or service stations. It is further provided that when diesel fuel is delivered into the storage facilities of dealers or service stations by consignment or otherwise, the tax on the first sale or distribution of said diesel fuel shall be computed and paid to this State by the supplier upon the gross gallons delivered to such storage facilities as shown by the Comptroller's measurement certificate or other measuring device described above.

It is expressly provided, however, that the sale or distribution of diesel fuel may be made without collecting the tax otherwise imposed,

(a) when such sales or distributions are made by a licensed supplier to other suppliers holding valid permits, or to bonded users who have secured from the Comptroller and then and there hold valid permits authorizing them to purchase tax free diesel fuel which is predominantly for use off the public highways of this State, or

(b) when deliveries are made by a licensed supplier into a storage facility of a service station or of an airport fixed base operator from which diesel fuel or jet fuels will be resold and delivered to purchasers for exclusive non-highway use and not otherwise, and providing that the storage facility of each such service station is maintained separate and apart from facilities servicing fuel supply tanks of motor vehicles and is prominently labeled "NOT FOR HIGHWAY USE" in a manner to be prescribed by the Comptroller, and in plain view of the public to indicate that non-tax paid products are contained therein, or

(c) when deliveries are made into fuel supply tanks of railway engines, aircraft, boats, or vehicle refrigeration units powered by separate motors from separate fuel tanks; provided that invoices shall be issued showing the vehicle unit number, highway license number and other information required by Article 10.12 of this Subchapter, or

(d) when deliveries of kerosene having a flash-point not lower than 115 degrees Fahrenheit are made by a licensed supplier into a storage facility maintained and prominently la-

beled as kerosene by a store or mercantile establishment, or a gasoline retail station which does not handle other diesel fuel, for the storage of said kerosene for resale at retail to purchasers for illuminating, heating, cooking and similar non-highway consumption and not otherwise, or

(e) when the purchaser furnishes the seller a signed statement that none of the diesel fuel purchased in this State will be delivered by him or permitted by him to be delivered into fuel supply tanks of motor vehicles.

Except as otherwise prescribed by rule and regulation of the Comptroller, such statement when furnished to a licensed supplier shall remain in effect as long as said licensed supplier continues to sell and distribute diesel fuel to said purchaser, unless the statement is revoked in writing by the purchaser or supplier, or unless notification of a change in the status of the purchaser has been furnished the supplier by the Comptroller.

A taxable use of any part of the diesel fuel purchased pursuant to the above statement shall, in addition to the penal provisions otherwise provided by law, forfeit the right of said person to purchase diesel fuel tax free for a period of one (1) year from the date of the offense. Such person, may, however, file claim for refund of the tax paid on any diesel fuel used for non-highway purposes under the refund provisions of Article 10.14 of this Subchapter.

(4) Every dealer shall collect the tax, at the rate imposed, on each gallon of diesel fuel delivered by him into the fuel supply tanks of motor vehicles and shall report and pay to this State any tax so collected, which has not been paid to a licensed supplier.

(5) Every user shall report and pay to this State the tax at the rate imposed, on each gallon of diesel fuel delivered by him into the fuel supply tanks of motor vehicles, unless said tax has been paid to a licensed supplier. Every user shall also report and pay the tax, at the rate imposed, on each gallon of diesel fuel imported into this State in the fuel supply tanks of motor vehicles owned or operated by him and consumed in the operation of such motor vehicles upon the public highways of this State. No permits shall be required and no tax shall be paid on diesel fuel imported in the fuel supply tanks of a motor vehicle when the fuel supply tanks, and any additional containers, have an aggregate capacity of not more than thirty (30) gallons, and if said motor vehicle is not operated by said user for hire, or compensation, or for commercial purposes.

(6) The tax on one and one-half percent (1½%) of the taxable gallons of diesel fuel sold or distributed in this State shall be allocated to the persons selling, distributing or handling diesel fuel in this State which allocation or allowance shall be deducted by the supplier in the payment to the State of Texas of the taxes herein levied and shall be apportioned among all persons selling, distributing and handling diesel fuel in this State as follows:

I. One percent (1%) to the supplier making the first taxable sale or delivery of such diesel

fuel to dealers and users and paying the tax levied hereunder to the State of Texas for the expense of collecting, accounting for, reporting and remitting the taxes collected and keeping records.

II. One-half of one percent ( $\frac{1}{2}$  of 1%) of the taxable gallons to dealers, service station operators or consignors to cover evaporation and handling losses sustained by such dealers, service station operators or consignors from the time the diesel fuel is delivered to their storage facilities until it is sold and delivered into fuel supply tanks of motor vehicles.

Any user who holds a valid bonded user's permit to report and pay taxes directly to this State on diesel fuel used in the propulsion of motor vehicles upon the public highways of this State shall be entitled to deduct one-half of one percent ( $\frac{1}{2}$  of 1%) of the taxable gallons upon payment of the taxes to this State by him.

Any person who performs more than one (1) of the functions or activities referred to above (supplier or dealer), shall be entitled to the apportionment or allowance for each such function or activity, subject to the limitations prescribed for each such function or activity, and provided that the aggregate allowance shall never exceed one and one-half percent ( $1\frac{1}{2}\%$ ).

(7) No city, town, county, or other political subdivision of this State shall levy or collect any excise tax on the sale or use of diesel fuel.

"Sec. 5. Repealer. All laws or parts of laws in conflict herewith are, so far as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provisions of law."

#### Art. 10.04. Dual Carburetion—Presumption of Use

Any person who operates a motor vehicle that is equipped to use diesel fuel and motor fuel or liquefied gas interchangeably in the propulsion of said motor vehicle shall be prima facie presumed to have used taxable diesel fuel exclusively in the operation of said motor vehicle, unless proof of the amount of motor fuel or liquefied gas used is maintained.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.05. Unlawful Operations of Motor Vehicles

(1) It is unlawful to transport diesel fuel in any cargo tank from which diesel fuel is sold or delivered which has a connection by pipe, tube, valve, or otherwise with the fuel injector or with the fuel supply tank feeding the fuel injector of the motor vehicle transporting said products.

(2) It is unlawful to operate with diesel fuel any motor vehicle licensed for operation upon the public highway on which a speedometer is not kept at all times in good operating condition to measure and register correctly the miles traveled by such motor vehicle; it is provided, however, that any device other than a speedometer which measures and registers correctly the miles traveled may be used on motor vehicles of motor carriers operating under the provisions of the Motor Carrier Act,<sup>1</sup> provided the mileage recorded on such device is inserted in lieu of the speedometer reading on each invoice covering diesel fuel delivered into the fuel supply tanks of such motor vehicles.

#### Art. 10.06. Unlawful Sales

Except in the case of tax free sales or distributions of diesel fuel authorized by subdivisions (b), (c), and (d) of Article 10.03(3) of this Subchapter, it is unlawful to make bulk sales of diesel fuel tax free to any person who (1) is not licensed as a supplier, or (2) is not licensed as a user of diesel fuel, or (3) does not furnish to the seller the signed statement prescribed in subdivision (e) of said Article 10.03(3).

As a means of determining the validity of a supplier's or user's permit to purchase diesel fuel tax free, the selling supplier, or an employee or representative thereof, shall examine the permit or photocopy thereof, showing the name of the permit holder, the kind of permit, the permit number, and the period it covers. Provided, however, the Comptroller shall, on or before the twentieth (20th) day of December of each calendar year, prepare, and mail or distribute to all bonded suppliers a printed alphabetical list of bonded suppliers and users who are qualified to purchase diesel fuel tax free during the ensuing calendar year and a supplemental list of additions and deletions shall be delivered to said suppliers each month thereafter.

The current and effective permits so examined, or the list thereof furnished by the Comptroller, shall serve as evidence of the validity of such permits unless and until the Comptroller notifies such selling supplier of a change in the status of any such permit holder.

**Art. 10.07. Tax Liability on Leased Motor Vehicles**

(1) Except as otherwise provided in this Article, every user or import-user shall be liable for the tax on diesel fuel imported into this State in fuel supply tanks of motor vehicles leased to him and used on the Texas highways to the same extent and in the same manner as diesel fuel imported in his own motor vehicles and used on the public highways of Texas.

(2) Provided, however, a lessor who is engaged regularly in the business of leasing for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be the user or import-user when he supplies or pays for the diesel fuel consumed in such vehicles, and such lessor may be issued a permit as an import-user when application and bond have been properly filed with and approved by the Comptroller for such permit.

Any lessee may exclude motor vehicles of which he is lessee from his reports and liabilities pursuant to this Subchapter, but only if the motor vehicles in question have been leased from a lessor holding a valid permit as a bonded import-user for the calendar year.

(3) Every such lessor shall file with his application for a bonded import-user's permit one copy of the form lease or service contract he enters into with the various lessees of his motor vehicles. When the import-user permit has been secured, such lessor shall make and assign to each motor vehicle he leases for interstate operation a photocopy of such permit to be carried in the cab compartment of said motor vehicle, and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned, and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of said permit issued and its return to him with the motor vehicle to which it is assigned.

**Art. 10.08. Tax Computation on Mileage Basis**

(1) In the event the tax on diesel fuel imported into this State in the fuel supply tanks of motor vehicles for taxable use on the Texas public highways can be more accurately determined on a mileage basis the Comptroller is authorized to approve and adopt such basis. When an import-user imports diesel fuel into or exports diesel fuel from the State of Texas in the fuel supply tanks of motor vehicles, the amount of diesel fuel consumed in such vehicles on the Texas public highways shall be deemed to be such proportion of the total amount of such diesel fuel consumed in his entire operations within and without this State as the total number of miles traveled on the public highways within this State bears to the total number of miles traveled within and without the State. The Comptroller may also adopt such mileage basis for determining the tax-

ble use of diesel fuel used in motor vehicles which travel regularly over prescribed courses on and off the public highways within the State of Texas.

(2) In the absence of records showing the number of miles actually operated per gallon of diesel fuel consumed, it shall be prima facie presumed that not less than one (1) gallon of diesel fuel was consumed for every four (4) miles traveled.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1967, 60th Leg., p. 1062, ch. 465, § 2, eff. Sept. 1, 1967; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.09. Application for Permits**

(1) Every person defined herein as a supplier or import-user, or as a user whose purchases of diesel fuel are predominantly for nonhighway consumption, shall secure from the Comptroller the kind and class of permit required herein to act in such capacities or to perform such functions. Application shall be filed with the Comptroller for any such permit on a form prescribed by the Comptroller, showing the kind and class of permit desired, and such information as the Comptroller may require.

Provided, however, the Comptroller may, if in his opinion any supplier, import-user, or user holding a permit has fully performed all the conditions and requirements imposed upon him by this Subchapter, including the payment to this State of all taxes collected and required to be collected, and all taxes due and accruing upon the use of diesel fuel by said supplier, import-user, or user, waive the requirement for filing the application for permit or renewal thereof, and automatically issue to said supplier, import-user, or user, the kind and class of permit previously held by him to be effective for the ensuing calendar year.

Provided, that any supplier, or any user whose purchases of diesel fuel are predominantly for nonhighway consumption, and which supplier or user pays the tax imposed herein to a bonded supplier holding a valid permit on all diesel fuel purchased or acquired by him may perform such functions without securing a permit otherwise required, and may file claim for and secure a refund of taxes paid on any part of such diesel fuel used, or resold for use, entirely off the public highway.

(2) Any carrier operating motor vehicles into this State for commercial purposes may make application for a trip permit which shall be good for a period of not more than twenty (20) consecutive days beginning and ending on the dates specified on the face of the permit issued. A fee for such trip permits shall be required which shall be in an amount equivalent to the tax payable on the quantity of diesel fuel that could be imported in the fuel supply tanks of such motor vehicles, but never less than Five Dollars (\$5). Such fees shall be in lieu of the use tax otherwise assessable against the permit holder for importing and using diesel fuel in motor vehicles on the public highways of this State, and no reports of mileage shall be required with respect to such vehicles. All

such fees collected by the Comptroller shall be allocated to the same funds to which the diesel fuel taxes collected hereunder are allocated.

The above trip-permits may be issued in lieu of annual import-user permits if the applicant therefor does not operate motor vehicles into or from the State of Texas more than three (3) times during any calendar year.

#### Art. 10.10. Bonds

(1) Every person who is authorized by permit or required by law to make remittances or payments directly to this State of taxes collected upon the sale, distribution or use of diesel fuel shall file with his application for permit a bond in an amount to be set by the Comptroller at not less than two (2) times the amount of taxes that will accrue or may be expected to accrue during any month of the calendar year, but which bond shall never be less than One Thousand Dollars (\$1,000) if filed by a supplier nor less than Five Hundred Dollars (\$500) if filed by a user.

Every such bond shall be executed by a surety company authorized to do business in this State, payable to the State of Texas, and shall remain in force from the date it is made effective, until or unless released by the Comptroller as herein provided. Such bond shall be conditioned upon the full, complete, and faithful performance by the person for whom it is issued of all of the conditions and requirements imposed on said person by this Subchapter, or by rules and regulations promulgated by the Comptroller, and shall expressly guarantee the remittance or payment to the State of Texas within the time prescribed by law of all taxes, penalties, interest, and costs required herein to be remitted or paid to this State by said person.

Every such bond shall be continuous in form and shall be automatically extended from calendar year to calendar year and shall constitute a new and separate obligation, in the amount of the penal sum named therein, for each calendar year while such bond is in force; and provided further said bond shall remain in effect until the surety on said bond is released or discharged as herein provided in this Article.

(2) If the amount of any existing bond becomes insufficient, or any surety on a bond becomes unsatisfactory or unacceptable, the Comptroller may require the filing of a new or an additional bond. The Comptroller shall also have authority to require the filing of reports and tax remittances at shorter intervals than one month if, in his opinion, an existing bond has become insufficient. If any supplier or user licensed hereunder shall fail or refuse to file a new or an additional bond within ten (10) days after demand or shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the

Comptroller his permit shall be revoked or suspended in the manner herein provided. The filing of a new bond, or the cancellation or suspension of a permit, or recoveries on any bond, shall not invalidate an existing bond, but any surety on a bond shall be released and discharged from any and all liability accruing under such bond after the expiration of thirty (30) days from the date such surety has filed with the Comptroller at his Office in Austin, Travis County, Texas, written request to be released and discharged. Such request shall not operate to release or discharge such surety from liabilities incurred prior to the expiration of said thirty-day period. The Comptroller shall, upon receipt of any such request, promptly notify the person in whose behalf such bond was filed, and unless said person shall file with the Comptroller a new bond in the amount and form herein provided within fifteen (15) days from the date of such notice, the Comptroller shall proceed to cancel the permit of such person.

(3) Any person who has filed with the Comptroller a bond as a motor fuel distributor under the terms and conditions provided in the Motor Fuel Tax Law, Chapter 9, Article 9.07 of this Title, may extend the terms and conditions of said distributor's bond, by rider or bond form approved by the Comptroller, to include coverage of all liabilities and conditions imposed by this Subchapter upon the supplier or to the user to whom said extension is made applicable. The amount of any new bond that may be required of a supplier or user shall not exceed the maximum amount provided by said motor fuel tax law for a motor fuel distributor's permit.

(4) Any applicant for a permit may, in lieu of filing a surety bond, deposit cash in the amount of bond required in the Suspense Account of the State Treasury, or may deposit securities of a par value equal to the amount of bond required and of a class in which funds of the University of Texas may be legally invested.

Such cash or securities shall be released within sixty (60) days after cancellation or surrender of any permit held by the person in whose behalf they were deposited when said permit holder has been cleared of all tax liability by the Comptroller.

The Comptroller is hereby authorized and empowered to withdraw and use any such cash and to sell any such securities and use the proceeds therefrom to pay off and satisfy any judgment secured in any action by this State to recover diesel fuel taxes, costs, penalties, and interest found to be due this State by any person in whose behalf such cash or such securities were deposited. Any such person may acknowledge in writing the correctness of the State's claim against him for taxes, costs, penalties and interest and may authorize the use of said cash or the proceeds from the sale of such securities to pay on or pay off the claim without having suit filed.

[Acts 1959, 56th Leg., 3rd C.S., p. 197, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1973, 63rd Leg., p. 66, ch. 43, § 3, eff. Aug. 27, 1973.]

Sections 4 to 6 of the 1973 Act provided:

"Sec. 4. Saving Clause. It is expressly provided that all existing bonds which have been issued for the calendar year, 1973, and are now in effect shall remain in full force and effect for the balance of the calendar year as if the law had not been amended, but all new bonds executed or issued after the effective date of this Act shall be subject to the provisions of this Act. It is further provided that all taxes, penalties, and interest incurred and all liens created and bonds executed to secure their payment under any laws repealed or amended by this Act prior to its effective date are hereby declared to be legal and valid obligations to this state; and any offense committed or any fines or penalties incurred under any laws repealed or amended by this Act prior to its effective date, shall not be affected by the repeal or amendment of any such laws but the punishment of such offenses and recovery of such fines, penalties, and interest shall take place as if the laws repealed or amended had remained in force.

"Sec. 5. Severability. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

"Sec. 6. Repealer. All laws or part of laws in conflict herewith are, insofar as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provision of law."

### Art. 10.11. Permits

(1) Upon approval of an application and approval of the bond required, the Comptroller shall issue to the applicant a permit authorizing him to engage in the kind of business or other operations or to perform the functions set out in and authorized by the class of permit so issued. The permits shall be issued for each calendar year, or any unexpired part of a year, and shall be effective from the date of issue to the end of such calendar year, unless revoked or suspended for cause, as hereinafter provided. Such permits shall be of the kinds and classifications as set out hereinbelow:

#### A. BONDED SUPPLIER PERMITS.

Authorizing persons to engage in business as suppliers of diesel fuel to dealers, users, and to other authorized purchasers of diesel fuel.

#### B. BONDED USER PERMITS.

Authorizing users whose purchases of diesel fuel are predominantly for non-highway use by them to purchase diesel fuel tax free from their suppliers and to report and pay taxes to this State on the part of such diesel fuel which is delivered into the fuel supply tanks of motor vehicles by them.

#### C. BONDED IMPORT USER PERMITS.

Authorizing users to import or bring diesel fuel into this State in the fuel supply tanks of motor vehicles owned or operated by them, and to report and pay the tax due thereon to this State, and to claim credit or a refund of the tax paid on diesel fuel which is thereafter used in other States.

Nothing herein shall be construed as permitting any tax free sale or delivery of diesel fuel to an import-user, or of permitting any sale and delivery of diesel fuel directly into the fuel supply tanks of a motor vehicle without collecting the tax thereon from the purchaser of such diesel fuel.

The Comptroller shall determine from the information shown in the application or other investigation the kind and class of permit to be issued.

A supplier may operate under his supplier's permit as a user without securing a separate permit but he shall be subject to all other conditions, requirements,

and liabilities imposed by Subchapter A upon a user. A dealer may use diesel fuel in motor vehicles owned or operated by him without securing a permit as a user, subject to all other conditions, requirements, and liabilities imposed herein upon a user.

All permits shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. Permit holders shall reproduce the permit by photostat or other method and keep a copy on display for ready inspection at each additional place of business or other place of storage from which diesel fuel is sold, distributed or used and in each motor vehicle used by the permit holder to transport diesel fuel purchased by him for resale, distribution or use. Persons holding import-user permits shall reproduce the permit and carry a photocopy thereof with each motor vehicle being operated to or from the State of Texas.

(2) The Comptroller or any authorized representative of the Comptroller, is hereby authorized to cancel or to suspend any permit issued under the terms of this Subchapter or to refuse the issuance, extension, or reinstatement of any permit to any person who has violated, or has failed to comply with, any rule and regulation of the Comptroller or any provision of this Chapter. Before any such permit may be cancelled or suspended, or the issuance, or extension, or reinstatement of any such permit may be refused, the Comptroller shall give the owner of such permit, or applicant therefor, not less than five (5) days notice of a hearing at the Office of the Comptroller in Austin, Travis County, Texas, or at any district office maintained by the Comptroller's Department granting said owner or applicant an opportunity to show cause before the Comptroller, or his authorized representative, why such action should not be taken. Such notice shall be in writing and may be mailed by certified or registered mail to said owner or applicant at his last known address or may be delivered by a representative of the Comptroller to the owner or applicant, and no other notice shall be required. The Comptroller may prescribe his own rules of procedure and evidence for such hearings.

If, after said hearing or opportunity to be heard, the permit is cancelled, as above provided, all taxes which have been collected or required to be collected upon the sale, distribution or use of diesel fuel shall ipso facto become delinquent, and the permit holder shall forthwith file a report for any period not covered by preceding reports filed by him to the date of cancellation and shall remit and pay to the State of Texas all taxes which have been collected or required to be collected and which have accrued from the sale, distribution or use of diesel fuel up to and including the date of cancellation. A new permit shall not be issued to any person who is delinquent in the payment of taxes, penalties or interest.

After being given notice of any such order of cancellation, it shall be unlawful for any person to

continue to operate his business under a cancelled permit.

An appeal from any order of the Comptroller, or his authorized representative, cancelling, suspending or refusing the issuance, extension or reinstatement of any permit may be taken to the District Court of Travis County, Texas, by the aggrieved permit holder or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions, which shall be considered literally, viz:

(1) all appeals shall be perfected and filed within thirty (30) days after the effective date of the order, decision or ruling of the Comptroller, or his authorized representative;

(2) such proceedings shall have precedence over all other causes of a different nature;

(3) trial of all such cases shall commence within ten (10) days from the filing thereof;

(4) the order, decision, or ruling of the Comptroller or his authorized representative, may be suspended or modified by the Court pending a trial on the merits:

#### Art. 10.12. Records Required

(1) Every supplier, dealer, or user, whether or not required by the provisions of this Subchapter to secure a permit to sell, deliver, or use diesel fuel shall keep for a period of two (2) years open to inspection at all times by the Comptroller or Attorney General, or their authorized representatives, a complete record of all diesel fuel purchased or received and all of such products sold, distributed, or used by them showing the date of each receipt, the name and address of the person from whom purchased or received, the number of gallons received at each place of business or place of storage in Texas, and showing the date of each sale or distribution, the number of gallons sold, or distributed, for taxable purposes, and the number of gallons sold or distributed for any purpose not subject to the tax imposed herein, and if sold in bulk quantities the name and address of the purchaser, and showing inventories of diesel fuel on hand at each place of business at the end of each month.

(2) Each bulk sale and delivery of diesel fuel shall be covered by an invoice with the name and address of the supplier or dealer and a serial number printed thereon, showing the complete information set out hereinabove for each such sale, one counterpart of which shall be delivered to the purchaser and another counterpart kept by the supplier or dealer for the period of time and purposes above provided. Every delivery of diesel fuel into the fuel supply tank of a motor vehicle shall be recorded upon a serially numbered invoice issued in not less than duplicate on which shall be printed, or stamped with a rubber stamp, the name and address of the supplier, dealer, or user making such delivery and on which shall be

shown the name and address or credit card identification of the purchaser, the date of delivery, the number of gallons of diesel fuel so delivered, the total mileage recorded on the speedometer of the motor vehicle into which delivered, and the State highway license or unit number of said motor vehicle. The invoice shall be signed by the driver.

The invoice required above must be demanded by every person purchasing and receiving a delivery of diesel fuel into the fuel supply tank of a motor vehicle in Texas at the time of such delivery and such person shall carry the invoice with the vehicle until the fuel covered by same is consumed. The invoice shall show the tax rate or amount of tax paid or accounted for.

Every supplier, dealer or user making such sales or distribution of diesel fuel and every person so receiving and purchasing diesel fuel must each retain one copy of each such invoice as part of his permanent records for the time and purposes above provided.

(3) Every user shall keep, in addition to his record of deliveries into motor vehicles a complete record of the total gallons of diesel fuel used for other purposes during each month and the purposes for which said diesel fuel was used.

#### Art. 10.13. Tax Payments—Reports

(1) Every supplier who is required herein to collect taxes on the sale or distribution of diesel fuel and every user who is required to pay taxes on the delivery of diesel fuel into the fuel supply tanks of motor vehicles or on the use of imported diesel fuel shall, on or before the 25th day of each calendar month, pay to the State of Texas at the Office of the Comptroller in Austin, Travis County, Texas, the amount of such taxes required to be collected and the amount required to be paid during the month next preceding, unless said taxes have been paid by a user to a licensed supplier as provided in this Subchapter. At the time of making such tax payments every supplier or user who is required to pay any taxes directly to this State, shall file with the Comptroller a report of diesel fuel handled, in the form and manner as hereinafter provided.

(2) Every supplier shall, on or before the 25th day of each calendar month, file with the Comptroller upon a form prescribed by the Comptroller an itemized report made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the diesel fuel handled during the preceding month which report shall show the quantities of diesel fuel purchased or received from sources within this State and the quantities received from sources outside of this State, the quantities sold or delivered to dealers and users upon which taxes were required to be collected, the quantities sold and delivered to dealers and users without collecting said taxes, the quanti-

ties sold and delivered into the fuel supply tanks of motor vehicles, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such supplier and the quantities used by him for other purposes, the total quantities sold or delivered to persons other than dealers, users, or operators of motor vehicles, the quantities lost by fire or other accident, the quantities lost by shrinkage or evaporation, and the total quantities on hand at the beginning and at the end of the month covered by such report. The report shall include a schedule of the total quantities of diesel fuel sold or delivered to dealers and users without collecting taxes thereon, and the names and addresses of such dealers or users. The Comptroller may in his discretion require selective schedules from any supplier with respect to any purchases, sales or deliveries of diesel fuel. Every supplier shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(3) Every user who purchases or acquires diesel fuel tax-free for taxable use of any part of said products shall, on or before the 25th day of each calendar month, file with the Comptroller upon forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the diesel fuel handled during the preceding month which report shall show the quantities of diesel fuel purchased or received and the suppliers from whom received, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such user, the quantities used off the public highways of this State and the purposes for which used, the quantities lost by fire or other accident or disposed of in any other manner, and the total quantities on hand at the beginning and at the end of the month covered by such report. The Comptroller may in his discretion require schedules from any such user with respect to any purchases, deliveries or uses of diesel fuel. Every such user shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(4) Every user who imports diesel fuel in the fuel supply tanks of motor vehicles operated by him on the public highways of Texas for hire or compensation or for commercial purposes shall, on or before the 25th day of each calendar month, file with the Comptroller on forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for all diesel fuel imported and all diesel fuel used in such motor vehicles during the preceding calendar month, which report shall show for each motor vehicle operated by said user into or from the State of Texas for such purposes, the total miles traveled in Texas and elsewhere, the total quantities of diesel fuel consumed by each motor vehicle in such travel and the average miles traveled per gallon of fuel

consumed, the total miles traveled in the State of Texas and the quantities of diesel fuel purchased in Texas and delivered into the fuel supply tanks of each such motor vehicle, and such other information pertinent to the use of diesel fuel in such motor vehicles and the taxes paid or accrued thereon, as the Comptroller may require. The Comptroller may in his discretion permit the filing of such reports on a fleet basis and may require schedules to be submitted as a part of such report with respect to any diesel fuel purchased or used in connection with such operations. Every such user shall attach legal tender or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered in the report.

(5) When it shall appear to the Comptroller from evidence submitted by an import-user that records of diesel fuel used by him for taxable purposes on the public highways of this State in motor vehicles operated in interstate travel cannot be secured from all drivers of such vehicles in time to file accurate reports and tax remittances within the time prescribed by law, the Comptroller may agree to accept monthly reports and tax remittances computed on a fixed mileage basis by which the miles traveled in Texas by said vehicles will be divided by a fixed mileage factor to determine the taxable gallons of diesel fuel used in such vehicles upon the public highways of this State. It is expressly provided, however, that whenever an audit made by the Comptroller from the records of the import-user shows that more diesel fuel was consumed on the Texas highways on a basis of the average miles traveled per gallon of fuel consumed than was reported for tax purposes, the import-user shall be liable for the tax on the additional gallons shown as used, and any penalties and interest due thereon.

(6) When it shall appear that a supplier or user, to whom the provisions of this Chapter shall apply, has erroneously reported and remitted or paid more taxes than were due the State of Texas upon any diesel fuel during any taxpaying period, either on account of a mistake of fact or law, it shall be the duty of the Comptroller to credit the total amount of taxes due by such supplier or user for the current period, if any, with the total amount of taxes so erroneously paid, or said supplier or user may file claim for refund of the taxes erroneously paid. Such credit shall be allowed or the tax refund claim paid before any penalties and interest shall be applicable.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1965, 59th Leg., p. 334, ch. 158, § 8, eff. May 17, 1965; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.14. Refunds

(1) Except as otherwise provided by Article 10.15 of this Subchapter, any dealer who shall have paid the tax at the rate imposed by this Subchapter upon any diesel fuel which has been used or sold for use by such dealer for any purpose other than propelling a motor vehicle upon the public highways of this

State, or which have been sold to the United States Government for the exclusive use of said government, and any user who shall have paid said tax at the rate imposed upon any diesel fuel which has been used by such user for any purpose other than propelling a motor vehicle upon said public highways, may file claim for a refund of the tax or taxes so paid, less one and one-half percent (1½%) allowed vendors for the expense of collecting and reporting such taxes to this State. Such claims shall be filed with the Comptroller on forms prescribed by the Comptroller and shall show the date of filing and the period covered in the claim, the number of gallons of diesel fuel sold or used for purposes subject to tax refund, and shall show such other facts and information as the Comptroller may by rule and regulation require. Every such claim shall be supported by an invoice or invoices issued to or by the claimant, as hereinafter provided, or such other information as the Comptroller may require, and shall be filed in the Office of the Comptroller within one (1) year from the first day of the calendar month in which the diesel fuel was invoiced or required to be invoiced for sale or use, and no claim shall be made by the claimant or approved by the Comptroller after the expiration of one (1) year from the first day of the calendar month in which said diesel fuels were invoiced or required to be invoiced for sale or use.

Every bonded import-user shall be entitled to a credit equivalent to the tax rate per gallon paid on all diesel fuel upon which the Texas diesel fuel tax has been paid and which has thereafter been consumed in motor vehicles outside of the State of Texas. When the amount of credit herein provided to which the import-user is entitled for any calendar month exceeds the amount of tax for which such import-user is liable for diesel fuel consumed in such vehicles during the same month, such excess shall under regulations of the Comptroller, be allowed as a credit against the tax for which such import-user would be otherwise liable for a period of one (1) year from the first day of the calendar month in which the diesel fuel was used; or upon claim filed with the Comptroller within one (1) year from the first day of any calendar month in which said diesel fuel was used, such excess may be refunded as hereinabove provided. Evidence of the mileage traveled and the gallonage consumed and the payment of the diesel fuel tax, on such form as may be required by or is satisfactory to the Comptroller, shall be furnished by such import-user claiming the credit or tax refund herein allowed.

(2) When diesel fuel is sold by a dealer or supplier, or is appropriated for use by a user for any purposes for which a refund of the tax paid on said products may be claimed as provided herein, such dealer, supplier or user shall, at the time of each sale or appropriation for use and not thereafter, make out a serially numbered invoice in not less than duplicate counterparts with the name and address of the dealer, supplier or user printed thereon which shall show

the date of the sale or appropriation for use, the quantities of diesel fuel sold or appropriated for use, the purposes for which used, as declared by the purchaser or user, and such other information as the Comptroller may require. The invoice shall be signed by the recipient of any such diesel fuel purchased from a dealer or supplier. One counterpart of each invoice shall be kept by the dealer, supplier or user for a period of two (2) years open to the inspection of the Comptroller or his authorized representatives, and the other counterpart shall be filed as a part of the claim for tax refund as above provided. The Comptroller may authorize the filing of other information in lieu of the invoice counterpart.

(3) In the event the quantity of diesel fuel consumed by power pumping units or other power-take-off equipment of any motor vehicle can be accurately measured while the vehicle is stationary by any metering or other measuring device designed to measure such fuel separately from fuel used to propel the motor vehicle, the Comptroller is hereby authorized to approve and adopt the use of such device as a basis for determining the quantity of diesel fuel consumed in such operations for tax credit or tax refund.

(4) If upon examination or investigation the Comptroller finds that the claim is just and that the taxes claimed have been paid by the claimant, he shall issue warrant to the claimant in the amount due but no greater amount shall be refunded than has been paid into the State Treasury on any such diesel fuel.

(5) All the moneys paid into the Treasury under the provisions of this Subchapter, except the filing fees provided herein, shall be set aside in the special fund known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until a report is made by the Comptroller to the Treasurer, showing the total maximum amount of refunds that may be required to be paid by the State out of said funds. The Comptroller shall on the 20th day of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on the sale of diesel fuel during the preceding month, upon which a refund may be due, and shall certify to the State Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds and shall not distribute that part of said fund until the expiration of the time in which a refund can be made out of said fund, but as soon as said report has been made by the Comptroller and the maximum amount of refunds determined, he shall deduct said maximum amount from the total taxes paid for such month, and apply the remainder of such as provided by law. If the claimant loses, or for any reason fails to receive warrant after it has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue claimant duplicate warrant as provided in Article 4365, Revised Civil Statutes of Texas.

So much of said fund is hereby appropriated and set aside as may be necessary to pay the refunds provided herein. In no event shall any refund be made to any person in excess of the actual amount paid by such person, and the one and one-half percent (1½%) deducted originally by the supplier upon the sale or delivery of the diesel fuel shall be deducted in computing the refund. The Comptroller shall deduct fifty cents (50¢) from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund which said filing fee shall be set aside for the use and benefit of the Comptroller in the administration and enforcement of the provisions of this Subchapter, and for the payment of expenses in furnishing the claim forms and other forms provided for herein, and the same is hereby appropriated for such purpose. All such filing fees shall be paid out on vouchers and warrants in such manner as may be prescribed by law.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1967, 60th Leg., p. 1063, ch. 465, § 4, eff. Sept. 1, 1967; Acts 1969, 61st Leg., p. 1507, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.15. Exceptions to Tax Refunds

(1) No tax refunds shall be paid to any person on diesel fuel used in any construction, maintenance or repair work on the public highways of this State when and if such work is paid for from any State funds to which diesel fuel tax collections are allocated or is paid jointly from any such State funds and Federal funds.

(2) The delivery of diesel fuel into the fuel supply tanks of any tractor, truck tractor, vehicle, or machine of any kind or description for use in hauling materials, supplies or products over the public highways to or from any highway construction, maintenance or repair work, shall constitute and be deemed to mean the delivery of diesel fuel into the fuel supply tanks of motor vehicles for taxable use.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.16. Prima Facie Presumptions

(1) Any supplier, dealer or user who shall fail to keep the records, issue the invoices or file the reports required by this Subchapter, shall be prima facie presumed to have sold, distributed or used for taxable purposes all diesel fuel shown by a duly verified audit by the Comptroller, or any authorized representative thereof, to have been sold or distributed to such supplier, dealer or user, and the Comptroller is hereby authorized to fix or establish the amount of taxes, penalties and interest due the State of Texas from such records of deliveries or from any records or information available to him and if the tax claim as developed from such procedure is not paid, such claim and any audit made by the Comptroller, or an authorized representative thereof, or any report filed by such supplier or user, shall be admissible in evidence in any suit or judicial proceedings filed by the Attorney General, and shall be prima facie evidence of the correctness of said claim or audit;

provided that prima facie presumption of the correctness of the claim may be overcome upon the trial by evidence adduced by said supplier, dealer or user.

(2) A certificate under the seal of the Comptroller executed by said Comptroller or his Chief Clerk, setting forth the terms of any order, rule, regulation, report, bond or other instrument referred to in this Subchapter, and that the same had been adopted, promulgated, or executed and filed with the Comptroller, and was in force and effect at any date or during any period specified in such certificate, shall be prima facie evidence of all such facts, and such certificate shall be admitted in evidence in any action, civil or criminal, involving such order, rule, regulation, report, bond, or other instrument without further proof of such adoption, promulgation, execution or filing, and without further proof of its contents.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.17. Liens

All taxes, penalties, interest and costs due by any supplier, dealer or user under the provisions of this Subchapter and all taxes collected by a supplier or dealer and required to be paid to this State, shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all of the property of any supplier, dealer or user, devoted to or used in his business or other operations as a supplier, dealer or user, which property shall include all plants, storage tanks, warehouses, office buildings, pumps, and equipment, vehicle tanks, trucks, trailers, or other vehicles, stocks on hand of every kind and character whatsoever used or usable in such business or other operations including diesel fuel and the proceeds from the sale or delivery of diesel fuel and including cash on hand and in banks, accounts and notes receivable, and any and all other property of every kind and character whatsoever and wherever situated, which is devoted to such use, and each tract of land on which such plants, storage tanks and other property is located, or which is used in carrying on such business or other operations.

This lien shall not be valid against any "mortgage" of a "motor vehicle" as those terms are defined in the Certificate of Title Act,<sup>1</sup> provided such mortgagee does not have actual notice of the State's lien and has complied with the provisions of the Certificate of Title Act prior to the filing by the Comptroller of Public Accounts with the State Highway Department a certificate showing the make, body type and motor number of the motor vehicle upon which a tax lien exists and the amount of taxes, penalties, interest, and costs due the State. The Comptroller of Public Accounts' certificate is to be filed with the State Highway Department and the State's lien need not be placed of record upon the motor vehicle's certificate of title.

The Comptroller of Public Accounts shall file with the State Highway Department a certificate containing the information above provided in this Section as to any motor vehicle upon which a tax lien exists to secure the payment of the taxes owing by any supplier, dealer or user, and the filing of such certificate by the Comptroller of Public Accounts shall constitute sufficient notice of the existence and the assertion by the State of the statutory lien to secure the payment of the taxes owing to the State by such supplier, dealer or user, and any mortgagee of any mortgage, made after the filing of such certificate with the State Highway Department, shall be deemed to have notice of such lien, and the State's lien upon such motor vehicle shall continue to be a valid and prior lien as to any mortgagee. But such lien shall not be valid as to any mortgagee of a motor vehicle if the lien of such mortgagee was created and recorded prior to the filing of such certificate by the Comptroller of Public Accounts with the State Highway Commission.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

<sup>1</sup> Civil Statutes, art. 6687—1.

#### Art. 10.18. Civil and Statutory Penalties

(1) If any person affected by this Subchapter shall fail or refuse to comply with any provision of this Subchapter or shall violate the same, or shall fail or refuse to comply with any rule and regulation promulgated hereunder by the Comptroller or shall violate the same, he shall forfeit to the State of Texas as a penalty the sum of Twenty-five Dollars (\$25). Such penalty, if not paid, shall be recovered in a suit by the Attorney General in a court of competent jurisdiction in Travis County, Texas, or any other court of competent jurisdiction having venue under existing venue Statutes. Provided that in addition to such penalty, if any supplier, dealer or user does not make remittance for any taxes collected, or pay any taxes due the State of Texas by said supplier, dealer or user, within the time prescribed by law said supplier, dealer or user shall forfeit two percent (2%) of the amount due; and if said taxes are not remitted or paid within ten (10) days from the date the Comptroller gives such supplier, dealer or user notice in writing directed to his last known address that all taxes which appear to be due have not been paid, an additional eight percent (8%) shall be forfeited. All past due taxes and penalties shall draw interest at the rate of six percent (6%) per annum.

(2) The venue of any suit, injunction or other proceedings at law or in equity available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing hereunder, and the enforcement of the terms and provisions of this Subchapter, shall be in a court of competent jurisdiction of Travis County, Texas, or in any other court of competent jurisdiction having venue under existing venue Statutes.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1965, 59th Leg., p. 334, ch. 158, § 9, eff. May 17, 1965; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.19. Impounding Vehicles

In order to enforce the provisions of this Subchapter, the Comptroller or his authorized representatives, or any Highway Patrolman of the Department of Public Safety, any sheriff, constable and their deputies, or any other peace officer, is empowered to stop any motor vehicle which appears to be operating with diesel fuel for the purpose of examining the invoice required to be carried, and examining any permit or copy thereof that may be required to be carried, to take samples from the fuel supply tanks, and for such other investigations as could reasonably be made to determine whether the taxes have been paid or accounted for by a licensed user upon the diesel fuel being used to propel the motor vehicle upon the public highways of Texas. If after said examination or other investigation it is found the owner or operator of said motor vehicle has not paid said taxes, or does not possess a valid permit as a user to use such diesel fuel in motor vehicles operating on said public highways, such authorized officers shall impound the motor vehicle, and unless proof is produced within seventy-two (72) hours from the beginning of impoundment that the owner or operator has paid said taxes, and has paid all other taxes established by audit or investigation by the Comptroller, or his authorized representatives, to be due upon the use of diesel fuel for the propulsion of motor vehicles upon the public highways of Texas, or that said owner or operator holds a valid user's permit to use diesel fuel for such purposes, the motor vehicle shall be held until all taxes, penalties and interest found to be due this state and all costs of impoundment have been paid, or until said owner or operator has filed bond with the Comptroller payable to the State Treasurer in an amount equal to twice the amount of taxes, penalties, interest and costs found to be due, to guarantee the payment of such liabilities to the State of Texas.

If the taxes, penalties, interest and costs found to be due are not paid, the Comptroller shall certify the claim to the Attorney General who shall file proceedings to foreclose the State's tax lien upon such motor vehicle, or take such other action to recover the amount due the State as provided by law.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.20. Subpoenas

The Comptroller, or any duly authorized representative under the direction of the Comptroller, shall, for the purposes contemplated by this Subchapter, have power to issue subpoenas, compel the attendance of witnesses, administer oaths, certify to official acts, take depositions within or without the State of Texas, as now provided by law, and compel the production of pertinent books, accounts, records, and documents.

If any witness refuses to obey such subpoena or refuses to produce any pertinent books, accounts, records, or documents, named in such subpoena and in the possession or control of said witness, or if any

witness in attendance before the Comptroller or one of his authorized representatives refuses without reasonable cause to be examined or to answer any legal or pertinent question, or to produce any books, record, paper, or document when ordered to do so by the Comptroller or his authorized representative, the Comptroller or representative shall certify the facts and the names of the witnesses so failing and refusing to appear and testify, or refusing access to the books, records, papers, and documents, to the district court having jurisdiction of the witness; said court shall thereupon issue proper summons to said witness to appear before the said Comptroller, or his authorized representatives, at a place designated within the jurisdiction of said court, on a day to be fixed, to be continued as occasion may require, and give such evidence and open for inspection such books, records, papers, and documents as may be required for the purpose of enforcing the provisions of this Subchapter. Upon failure to obey such summons the Judge before whom the matter shall come for hearing shall examine under oath such witness or person, and such person shall be given an opportunity to be heard; and if the Judge shall determine that such person has refused, without reasonable cause or legal excuse, to be examined or answer a legal or pertinent question, or to produce a book, record, paper or document, which he was ordered to bring or produce, he shall forthwith punish the offender as for contempt of court.

Subpoenas shall be served and witness fees and mileage paid as in civil cases in the district court in the county to which such witness shall be called. Witnesses subpoenaed at the instance of the Comptroller, or his authorized representatives, shall be paid their fees and mileage by the Comptroller out of any funds appropriated to said Comptroller.

The Comptroller may, if necessary to enforce the provisions of this Article, require such number of his representatives as he deems necessary to enforce the provisions hereof to subscribe to the constitutional oath of office, a record of which shall be filed in the Office of the Comptroller.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.21. Rules and Regulations

(1) It is hereby made the duty of the Comptroller to collect, supervise, and enforce the collection of all taxes, penalties, interest and costs, due or that may become due under the provisions of this Subchapter, and to that end the Comptroller is hereby vested with all the power and authority conferred by this Subchapter. The Comptroller shall also have the power and authority to promulgate rules and regulations, not inconsistent with this Subchapter or the Constitution of this State or the United States, for the enforcement of the provisions of this Subchapter and the collection of all taxes, penalties, interest and costs levied hereunder.

(2) Upon final adoption of any rule and regulation, the Comptroller shall file a copy thereof with

the Secretary of State, State of Texas, and the same shall have the force and effect of law as of the date of such filing unless a subsequent date is specified therein. Any person who violates or fails to comply with any valid rule and regulation which has been duly promulgated by the Comptroller and filed with said Secretary of State, or violates or fails to comply with any provision thereof, shall be subject to the penalties prescribed by Articles 10.18 and 10.25 of this Subchapter.

Any unexpended portion of such fund shall at the end of each fiscal year revert to the respective funds in the proper proportions to which the diesel fuel taxes are allocated.

Each month the Comptroller shall, after making deductions for refund purposes as provided in Article 10.14, of this Subchapter, and for the administration and enforcement of the provisions of this Subchapter allocate and deposit the remainder of the taxes collected under the provisions of this Subchapter, in the proportions as follows: One-fourth ( $\frac{1}{4}$ ) of such taxes shall go to and be placed to the credit of the Available Free School Fund and three-fourths ( $\frac{3}{4}$ ) of such taxes shall go to and be placed to the credit of the State Highway Fund.

(2) If any supplier or dealer, or any director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or any person, shall willfully fail or refuse to pay over to the State of Texas any such tax fund collected by him under the provisions of this Subchapter on or before the date such payment is required to be paid under the provisions of this Subchapter, such supplier or dealer, or such director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or such person, shall be guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than

one (1) year, or by a fine of not less than Five Hundred Dollars (\$500) nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

(3) If any director, officer, agent, employee, trustee, receiver of any supplier or dealer, or any person, shall fraudulently misapply or convert to his own use any tax fund collected for the State of Texas under the provisions of this Subchapter by such supplier or dealer, or any director, officer, agent, employee, trustee, receiver of such supplier or dealer, or by such person, which said money has come into the possession of or that is in the care of or under the control of such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or of such person, and which said money is required to be paid to the State of Texas under the provisions of this Subchapter, such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or such person shall be guilty of a felony and upon conviction, shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500), nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

Venue of a prosecution under Article 10.23 shall be in Travis County, Texas, or in the county where the offense occurred. [Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1969, 61st Leg., p. 1407, ch. 425, § 1, eff. Sept. 1, 1969.]

#### Art. 10.24. Felony Penalties

If any supplier, or user, or any director, officer, agent, employee, or receiver of such supplier or user

(a) shall sell, distribute, deliver or use diesel fuel for any purpose for which a permit is required under the provisions of this Subchapter without a valid permit being then and there held by such supplier or user, or

(b) shall fail or refuse to make and deliver to the Comptroller within the time prescribed by law any report required to be made and delivered to the Comptroller by such supplier or user, or

In addition to the foregoing penalties, a felony conviction for any of the above-named offenses shall automatically forfeit the right of said convicted person to obtain a permit as a supplier or user for a period of two (2) years from the date final judgment is entered.

If the penalties prescribed elsewhere in this Subchapter overlap as to offenses punishable under Article 10.24 of this Subchapter, then the penalties prescribed by said Article 10.24 shall control over all such penalties, except the penalties prescribed in Article 10.23 of this Subchapter. ##### Art. 10.52. Definitions

The following words and phrases as used in this Subchapter, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Liquefied gas" means all combustible gases which exist in the gaseous state at sixty (60) degrees Fahrenheit and at a pressure of fourteen and seven-tenths (14.7) pounds per square inch absolute, but does not include "motor fuel", as that term is defined in Article 9.01 of Chapter 9 of this Title, nor does it include diesel fuel, as defined in Article 10.02(1) of Subchapter A of this Chapter.

(2) "Bulk". Except for deliveries into fuel supply tanks of motor vehicles, the term "bulk" means any quantity of liquefied gas other than in cylinders with a capacity of one hundred (100) pounds or less. Cylinders, as used in this paragraph, do not include containers designed and fitted for use as fuel supply tanks of motor vehicles.

(3) "Motor vehicle" means any automobile, truck, pickup, jeep, station wagon, bus or other self-propelled vehicle designed for use on or required to be licensed for operation upon the public highway. Tractors, combines, and other vehicles not required to be so licensed shall be deemed to be motor vehicles to the extent they are operated upon the public highway with liquefied gas in propelling such vehicles to haul goods, wares, merchandise, or other commodities over the public highways for any purpose except in moving such products between farm or ranch lands owned or controlled by farmers or ranchers, or in traveling over the public highways for any other taxable purpose.

(4) "Public highway" means every way or place open to the use of the public as a matter of right for vehicular travel, including toll roads, notwithstanding that the same may be temporarily closed or travel thereon restricted for any purpose.

(5) "Supplier" means any person

(a) who sells or delivers liquefied gas in bulk quantities to dealers, users or other suppliers, or

(b) who is principally engaged in the business of selling or delivering liquefied gas to consumers, or

(c) who delivers liquefied gas as a dealer into the fuel supply tanks of motor vehicles owned or operated by others.

(6) "Dealer" means any person who, as the operator of a service station or otherwise, delivers liquefied gas into the fuel supply tanks of motor vehicles owned or operated by others.

(7) "User" means any person who delivers, or causes to be delivered, any liquefied gas into the fuel supply tanks of motor vehicles owned or operated by him for use on the public highways of the State of Texas.

(8) "Import-user" means any person who brings liquefied gas into this state in the fuel supply tanks of motor vehicles owned or operated by him for use on the public highways of the State of Texas.

(9) "Lessor" means any person

(a) whose principal business is the bona fide leasing or renting of motor vehicles without drivers for compensation to the general public, and

(b) who maintains established places of business and whose lease or rental contracts require such motor vehicles to be returned to the established places of business.

(10) "Consumer" means any person not a supplier, dealer or user who makes purchases of liquefied gas.

(11) "Person" means natural persons, partnerships, firms, associations, corporations (public, private or municipal), trustees, and receivers.

(12) "Service station" means a place of business regularly engaging in the sale and delivery of liquefied gas into motor vehicles for their propulsion.

(13) "Comptroller" means the Comptroller of Public Accounts of the State of Texas.

(14) "Farm Motor Vehicle" means any truck, pickup, automobile or any other self-propelled motor vehicle designed for use on or required to be licensed for operation upon the public highways, which is used primarily for or in connection with farming, ranching, and other agricultural operations.

(15) "Carburetor dealer" means any person engaged to any extent in the business of selling, leasing, renting, lending or installing any liquefied gas carburetion system on or for use on motor vehicles in this State.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1703, ch. 493, §§ 1, 2, eff. Sept. 1, 1971.]

The 1971 amendatory act, which by sections 1 to 9 amended this article and arts. 10.53, 10.58, 10.59, and 10.61 to 10.63, in sections 10 and 11 thereof provided:

"Sec. 10. All taxes, penalties and interest accrued, and all liens created and bonds executed to secure their payments under any laws amended or repealed by this Act prior to its effective date, are hereby declared to be legal and valid obligations to this State; and any offenses committed or any fines or

penalties incurred under any laws amended or repealed by this Act prior to its effective date shall not be affected by such amendments or repeal, but the punishment of such offenses and the recovery of such fines or penalties shall take place as if the laws amended or repealed had remained in force.

"Sec. 11. All laws or parts of laws in conflict herewith are, insofar as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provisions of law."

### Art. 10.53. Levy of Tax

(1) An excise tax is hereby levied and imposed upon the use of liquefied gas for the propulsion of motor vehicles upon the public highways of this State at the rate of five cents (5¢) per gallon, which said tax shall be collected, reported and paid to the State of Texas as hereinafter provided.

(2) Provided, however, that in lieu of the tax rate specified and levied hereinabove an excise tax shall be and is hereby levied and imposed at four cents (4¢) per gallon of liquefied gas used for the propulsion of buses owned by a transit company

(a) the greater portion of whose business is the transportation of persons within the limits of an incorporated city or town in conveyances designed to transport twelve (12) or more passengers;

(b) which holds a franchise from such city or town;

(c) whose rates are regulated by such city or town; and

(d) which pays to such city or town a tax on its gross receipts, or which is a municipally owned and/or operated transit company.

(3) Every supplier shall collect and remit the tax, except as hereinafter provided to the contrary, upon each gallon of liquefied gas sold or delivered by him and shall pay the tax upon each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles owned or operated by him. Upon each taxable sale or delivery of liquefied gas to a user or to a dealer or service station for resale and delivery into motor vehicles, the tax shall be collected and remitted to this State on the gross or volumetric gallonage of liquefied gas so sold or delivered without temperature adjustment of the volume so delivered.

It is expressly provided, however, that deliveries of liquefied gas may be made without collecting the tax otherwise imposed under the following circumstances:

(a) when bulk sales or deliveries are made by a bonded supplier to other suppliers holding valid permits, or to bonded dealers, bonded users or special farm users who have secured from the Comptroller and then and there hold valid permits authorizing them to purchase liquefied gas tax free, or

(b) when such deliveries are made by a bonded supplier into a stationary storage facility of a service station from which liquefied gas will be resold and delivered to purchasers for nonhighway use and not otherwise, providing such storage facility is maintained separate and apart from facilities servicing fuel supply tanks of

motor vehicles and is prominently labeled "NOT FOR HIGHWAY USE" in a manner prescribed by the Comptroller and in plain view of the public to indicate that non-tax paid products are contained therein, or

(c) when such deliveries are made into separate fuel tanks not connected, or fitted for connection, to the propulsion system of the motor vehicle, on invoices showing the vehicle unit or highway license number and other information required by Article 10.62 of this subchapter, or

(d) when such deliveries are made into the fuel supply tanks of farm tractors, or other farm or ranch vehicles designed primarily for nonhighway use, owned or operated by farmers and ranchers when said liquefied gas is used upon the public highway only to propel or move such tractors or vehicles to or from lands owned or operated by or under the control of such farmers or ranchers and located within a ten (10) mile radius of the point which is the customary base of operations of said farmers or ranchers, or

(e) when such deliveries are made to a purchaser for exclusive nonhighway use who furnishes the seller a signed statement that none of the liquefied gas purchased or acquired in Texas by him will be delivered by him or permitted by him to be delivered into the fuel supply tanks of motor vehicles; except as otherwise prescribed by rule and regulation of the Comptroller such statement, when furnished to a licensed supplier, shall be effective as long as said licensed supplier continues to sell and deliver liquefied gas to said purchaser, unless the statement is revoked in writing by the purchaser or supplier, or unless notice in writing of a change in the status of the purchaser is given the supplier by the Comptroller, or

(f) when such deliveries are made into the fuel supply tank of any farm motor vehicle displaying a special farm user permit decal issued by the Comptroller as provided in this subchapter.

A taxable use of any part of the liquefied gas purchased tax free pursuant to Subsection (e) above shall, in addition to the penal provisions otherwise provided by law, forfeit the right of the user thereof to purchase liquefied gas tax free for a period of one (1) year from the date of the offense. The Comptroller may, however, issue said person a special nonbonded user's permit, to be effective for the period of the forfeiture authorizing such person to file claim for refund of the tax paid on any liquefied gas used for nonhighway purposes under the refund provisions of Article 10.64 of this subchapter.

(4) Every dealer shall collect the tax, where provided, on each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles, and shall report and pay to this State any tax so collected which has not been paid to a bonded supplier.

(5) Every user except special farm users shall report and pay to this State the tax, at the rate imposed, on each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles, unless said tax has been paid to a supplier or dealer. Every import user shall also report and pay the tax, at the rate imposed, on each gallon of liquefied gas imported into this State in the fuel supply tanks of motor vehicles owned or operated by him and used in the operation of such motor vehicles upon the public highways of this State. No permit shall be required and no tax shall be paid on liquefied gas imported in the fuel supply tanks of any motor vehicle when said fuel supply tanks, and any additional containers, have an aggregate capacity of not more than thirty (30) gallons, and if said motor vehicle is not operated by said user for hire, or compensation, or for commercial purposes.

(6) The tax on one and one-half percent (1½%) of the taxable gallons of liquefied gas sold or distributed in this State shall be allocated to the persons selling, distributing or handling liquefied gas in said State which allocation or allowance shall be deducted by the supplier in the payment to the State of Texas of the taxes herein levied and shall be apportioned among all persons selling, distributing and handling liquefied gas in this State as follows:

I. One percent (1%) to the supplier making the first taxable sale or delivery of such liquefied gas to dealers and users and paying the tax levied hereunder to the State of Texas for the expense of collecting, accounting for, reporting and remitting the taxes collected and keeping records.

II. One-half of one percent (½ of 1%) of the taxable gallons to dealers to cover evaporation and handling losses from the time the liquefied gas is delivered to their storage facilities until it is sold and delivered by them into fuel supply tanks of motor vehicles.

Any user who holds a valid bonded user's permit to report and pay taxes directly to this State on liquefied gas used in the propulsion of motor vehicles upon the public highways of this State shall be entitled to deduct one-half of one percent (½ of 1%) of the taxable gallons upon payment of the taxes to this State by him.

Any person who performs more than one (1) of the functions or activities referred to above (supplier or dealer), shall be entitled to the apportionment or allowance for each such function or activity, subject to the limitations prescribed for each such function or activity, and provided that the aggregate allowance shall never exceed one and one-half percent (1½%).

It is also provided that every supplier who delivers the liquefied gas he sells in vehicle tanks which is unloaded by means of motor-powered pumping units operated by the same motor with liquefied gas fuel supplied from the same fuel tank which is used to propel the vehicle over the public highways shall,

when he has issued or secured an invoice upon each delivery of liquefied gas into the fuel supply tanks of such motor vehicles, containing all the information required to be shown thereon, and has kept the other records required of a supplier, be allowed a deduction from the taxable gallons delivered into the fuel supply tanks of each motor vehicle during the month reported at the rate of one (1) gallon per 1,000 gallons of liquefied gas unloaded by such pumping operation.

In the event the quantity of liquefied gas consumed by power pumping units or other power-take-off equipment of any motor vehicle regardless of the cargo carried can be accurately measured while the vehicle is stationary by any metering or other measuring device designed to measure such fuel separately from fuel used to propel the motor vehicle, the Comptroller is hereby authorized to approve and adopt the use of such measuring device or devices as a basis of determining the quantity of liquefied gas consumed off the highway in such operations.

(7) No city, town, county, or other political subdivision of this State shall levy or collect any excise tax on the sale or use of liquefied gas.

(8) In authorizing a special farm user to pay taxes in advance on the basis of one thousand two hundred (1200) gallons per calendar year for the privilege of thereafter purchasing such product tax free without securing another user's permit and performing the functions required of such user, it is expressly provided that if the Comptroller determines that taxes paid in advance for a special farm user's permit are wholly inadequate to compensate for the taxable gallons being used by the permittee on the public highways, he may require such permittee to pay taxes in advance based upon the actual taxable gallonage being so used which if not paid will be cause for revocation of the permit.

(9) No part of this subchapter shall prevent sale and delivery by a supplier or dealer to any person, user, or other consumer of liquefied gas for highway use when such user or consumer shall pay the prescribed tax to such supplier or dealer upon such delivery.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 9, 1969; Acts 1971, 62nd Leg., p. 1703, ch. 493, §§ 3, 4, eff. Sept. 1, 1971.]

#### Art. 10.54. Dual Carburetion—Presumption of Use

Any person who operates a motor vehicle that is equipped to use liquefied gas and motor fuel interchangeably in the propulsion of said motor vehicle shall be prima facie presumed to have used taxable liquefied gas exclusively in the operation of said motor vehicle, and such person shall be liable for the payment of the tax imposed by this Subchapter on the liquefied gas presumed to have been so used, unless proof of the amount of motor fuel used is maintained.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.55. Unlawful Operations of Motor Vehicles**

(1) It is unlawful to transport liquefied gas in any cargo tank from which liquefied gas is sold or delivered which has a connection by pipe, tube, valve, or otherwise with the carburetor or with the fuel supply tank feeding the carburetor of the motor vehicle transporting said products.

(2) It is unlawful to operate with liquefied gas any motor vehicle licensed for operation upon the public highway on which a speedometer is not kept at all times in good operating condition to measure and register correctly the miles traveled by such motor vehicle; it is provided, however, any device other than a speedometer which measures and registers correctly the miles traveled may be used on motor vehicles of motor carriers operating under the provisions of the Motor Carrier Act, provided the mileage recorded on such device is inserted in lieu of the speedometer reading on each invoice covering liquefied gas delivered into the fuel supply tanks of such motor vehicles.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.56. Unlawful Sales**

Except in the case of tax free deliveries of liquefied gas authorized by Article 10.53(3) of this Subchapter, it is unlawful to make bulk sales of liquefied gas tax free to any person who (1) is not licensed as a supplier, or (2) is not licensed as a dealer or user of liquefied gas, or (3) does not furnish to the seller the signed statement prescribed in Subsection (e) of said Article 10.53(3).

As a means of determining the validity of a supplier, dealer, or user's permit to purchase liquefied gas tax free, the selling supplier or dealer, or employee or representative thereof, shall examine the permit or photocopy thereof, showing the name of the permit holder, the kind of permit, the permit number, and the period it covers. Provided, however, the Comptroller shall on or before the twentieth (20th) day of December of each calendar year, prepare and mail or distribute to all bonded suppliers a printed alphabetical list of bonded suppliers, bonded dealers and bonded users who are qualified to purchase liquefied gas tax free during the ensuing calendar year and a supplemental list of additions or deletions shall be delivered to said supplier each month thereafter.

The current and effective permits so examined, or the list thereof furnished by the Comptroller, shall serve as evidence of the validity of such permits unless or until the Comptroller notifies such selling supplier of a change in the status of any such permit holder.

In any case where the list of permit holders furnished by the Comptroller or any permit issued to a person authorizing him to purchase liquefied gas tax free under the terms of this Subchapter is not readily available for examination, the selling supplier or other vendor shall make inquiry of the Comptroller

as to whether such person holds a proper permit before making such sale or delivery without collecting the tax imposed herein.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1973, 63rd Leg., p. 59, ch. 41, § 1, eff. April 18, 1973.]

**Art. 10.57. Tax Liability on Leased Motor Vehicles**

(1) Except as otherwise provided in this Article, every user or import-user shall be liable for the tax on liquefied gas imported into this State in fuel supply tanks of motor vehicles leased to him and used on the Texas highways to the same extent and in the same manner as liquefied gas imported in his own motor vehicles and used on the public highways of Texas.

(2) Provided, however, a lessor who is engaged regularly in the business of leasing for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be the user or import-user when he supplies or pays for the liquefied gas consumed in such vehicles, and such lessor may be issued a permit as an import-user when application and bond have been properly filed with the Comptroller for such permit.

Any lessee may exclude motor vehicles of which he is lessee from his reports and liabilities pursuant to this Subchapter, but only if the motor vehicles in question have been leased from a lessor holding a valid permit as a bonded import-user for the calendar year.

(3) Every such lessor shall file with his application for a bonded import-user's permit one copy of the form lease or service contract he enters into with the various lessees of his motor vehicles. When the import-user permit has been secured such lessor shall make and assign to each motor vehicle he leases for interstate operation a photocopy of such permit to be carried in the cab compartment of said motor vehicle, and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned, and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of said permit issued and its return to him with the motor vehicle to which it is assigned.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.58. Tax Computation on Mileage Basis**

(1) In the event the tax on liquefied gas imported into this State in the fuel supply tanks of motor vehicles for taxable use on the Texas public highways can be more accurately determined on a mileage basis the Comptroller is authorized to approve and adopt such basis. When an import-user imports liquefied gas into or exports liquefied gas from the State of Texas in the fuel supply tanks of motor vehicles, the amount of liquefied gas consumed in such vehicles on the Texas public highways shall be deemed to be such proportion of the total amount of such liquefied gas consumed in his entire operations

within and without this State as the total number of miles traveled on the public highways within this State bears to the total number of miles traveled within and without this State. The Comptroller may also adopt such mileage basis for determining the taxable highway use of liquefied gas used in motor vehicles which travel regularly over prescribed courses on and off the public highways within the State of Texas.

*[Text of section (2) as amended by Acts 1971, 62nd Leg., p. 711, ch. 775, § 1]*

(2) Any person who operates one or more motor vehicles propelled with liquefied gas within this State with a maximum gross loaded weight in excess of twelve thousand (12,000) pounds, without keeping the invoices and all other records required of him by law, from which the average miles traveled per gallon of liquefied gas consumed can be determined, shall be prima facie presumed to have consumed not less than one (1) gallon of liquefied gas for every four (4) miles traveled by each such motor vehicle. Any person who operates one or more pickups or other motor vehicles propelled with liquefied gas within this State with a maximum gross loaded weight of twelve thousand (12,000) pounds or less without then and there holding a valid permit as required by law, or without keeping the invoices and all other records required of him by law shall be prima facie presumed to have consumed one (1) gallon of liquefied gas for every eight (8) miles traveled, and the taxes due this State may be computed on this basis.

*[Text of section (2) as amended by Acts 1971, 62nd Leg., p. 1705, ch. 493, § 5]*

(2) Any person except persons holding special farm user permits, who operates one or more motor vehicles propelled with liquefied gas within or into this State with a maximum gross loaded weight in excess of twelve thousand (12,000) pounds, without keeping the invoices and all other records required of him by law, from which the average miles traveled per gallon of liquefied gas consumed can be determined, shall be prima facie presumed to have consumed not less than one (1) gallon of liquefied gas for every four (4) miles traveled by each such motor vehicle. Any person except persons holding special farm user permits who operates one or more pickups or other motor vehicles propelled with liquefied gas within or into this State with a maximum gross loaded weight of twelve thousand (12,000) pounds or less without keeping the invoices and all other records required of him by law shall be prima facie presumed to have consumed one (1) gallon of liquefied gas for every eight (8) miles traveled, and the taxes due this State shall be computed on this basis.

Sections 2 and 3 of Acts 1971, 62nd Leg., p. 711, ch. 75, provided:

"Sec. 2. Saving Clause. All taxes, penalties and interest accrued, and all liens created and bonds executed to secure their payments under any laws amended or repealed by this Act prior to its effective date, are hereby declared to be legal and valid obligations to this State; and any offenses committed or any fines or penalties incurred under any laws amended or repealed by this Act prior to its effective date shall not be affected by such amendments or repeal but the punishment of such offenses and the recovery of such fines or penalties shall take place as if the laws amended or repealed had remained in force.

"Sec. 3. Repealer. All laws or parts of laws in conflict herewith are, insofar as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provision of law."

#### Art. 10.59. Application for Permits

(1) Every person defined herein as a supplier, dealer, carburetor dealer, special farm user, import user or other user shall secure from the Comptroller the kind and class of permit required herein to act in such capacity or to perform such functions. Application shall be filed with the Comptroller for any such permit on a form prescribed by the Comptroller, showing the kind and class of permit desired, and such other information as the Comptroller may require. It is expressly provided, however, that each applicant for a special farm user permit shall file with and as a part of such application and each renewal thereof, information showing for each motor vehicle equipped to use liquefied gas for its propulsion, the make, the motor number or other identification number, and the total mileage recorded on the speedometer of the motor vehicle at the time application is filed, and said information shall be filed with the Comptroller for each and every motor vehicle equipped to use liquefied gas as a fuel which is thereafter purchased or acquired or put into operation by said permit holder.

The Comptroller may, if in his opinion any person holding a permit as a supplier, dealer, carburetor dealer, import user, or user other than a "special farm user," has fully performed all of the conditions and requirements imposed upon him by this Subchapter, including the payment to this State of all taxes collected or required to be collected, and all taxes due or accruing upon the use of liquefied gas by said person, waive the requirement for filing the application for permit or renewal thereof, and automatically issue said person the kind and class of permit previously held by him to be effective for the ensuing calendar year.

(2) Any carrier operating motor vehicles into this State for commercial purposes may make application for a trip permit which shall be good for a period of not more than twenty (20) consecutive days beginning and ending on the dates specified on the face of the permit issued. A fee for such trip permits shall be required which shall be in an amount equivalent to the tax payable on the quantity of liquefied gas that could be imported in the fuel supply tanks of such motor vehicles, but never less than Five Dollars (\$5). Such fees shall be in lieu of the use tax otherwise assessable against the permit holder for importing and using liquefied gas in motor vehicles on the public highways of this State, and no reports of mileage shall be required with respect to such vehicles. All such fees collected by the Comptroller shall be allocated to the same funds to which the liquefied gas taxes collected hereunder are allocated.

#### Art. 10.60. Bonds

(1) Every person who is authorized by permit or required by law to make remittances or payments directly to this State of taxes collected upon the sale or delivery of liquefied gas or of taxes incurred upon the use of said products shall file with his application for permit a bond in an amount to be set by the Comptroller at not less than two (2) times the amount of taxes that will accrue or may be expected to accrue during any month of the calendar year, but which bond shall never be less than One Thousand Dollars (\$1,000) if filed by a supplier nor less than Five Hundred Dollars (\$500) if filed by a dealer or user.

Every such bond shall be executed by a surety company authorized to do business in this State, payable to the State of Texas, and shall remain in force from the date it is made effective, until or unless released by the Comptroller as herein provided. Such bond shall be conditioned upon the full, complete, and faithful performance by the person for whom it is issued of all of the conditions and requirements imposed on said person by this Subchapter, or by rules and regulations promulgated by the Comptroller, and shall expressly guarantee the remittance or payment to the State of Texas within the time prescribed by law of all taxes, penalties, interest, and costs required herein to be remitted or paid to this State by said person.

Every such bond shall be continuous in form and shall be automatically extended from calendar year to calendar year and shall constitute a new and separate obligation, in the amount of the penal sum named therein, for each calendar year while such bond is in force; and provided said bond shall remain in effect until the surety on said bond is released or discharged as herein provided in this Article.

(2) If the amount of any existing bond becomes insufficient, or any surety on a bond becomes unsatisfactory or unacceptable, the Comptroller may require the filing of a new or an additional bond. The Comptroller shall also have authority to require the filing of reports and tax remittances at shorter intervals than one month if, in his opinion, an existing bond has become insufficient. If any supplier or any user licensed hereunder shall fail or refuse to file a new or an additional bond within ten (10) days after demand or shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the Comptroller, his permit shall be revoked or suspended in the manner herein provided. The filing of a new bond, or the cancellation or suspension of a permit, or recoveries on any bond, shall not invalidate an existing bond, but any surety on a bond shall be released and discharged from any and all liability accruing under such bond after the expiration of thirty (30) days from the date such surety has filed

with the Comptroller at his Office in Austin, Travis County, Texas, written request to be released and discharged. Such request shall not operate to release or discharge such surety from liabilities incurred prior to the expiration of said thirty-day period. The Comptroller shall, upon receipt of any such request, promptly notify the person in whose behalf such bond was filed, and unless said person shall file with the Comptroller a new bond in the amount and form herein provided within fifteen (15) days from the date of such notice, the Comptroller shall proceed to cancel the permit of such person.

(3) Any person who has filed with the Comptroller a bond as a motor fuel distributor under the terms and conditions provided in the Motor Fuel Tax Law, Chapter 9, Article 9.07 of this Act, may extend the terms and conditions of said distributor's bond, by rider or bond form approved by the Comptroller, to include coverage of all liabilities and conditions imposed by this Subchapter upon the supplier, dealer or user to whom said extension is made applicable. The amount of bond that may be required of a supplier, dealer or user shall not exceed the maximum amount provided by said Motor Fuel Tax Law for a motor fuel distributor's permit.

(4) Any applicant for a permit may, in lieu of filing a surety bond, deposit cash in the amount of bond required in the Suspense Account of the State Treasury, or may deposit securities of a par value equal to the amount of bond required and a class in which funds of the University of Texas may be legally invested.

Such cash or securities shall be released within sixty (60) days after cancellation or surrender of any permit held by the person in whose behalf they were deposited when said permit holder has been cleared of all tax liability by the Comptroller.

The Comptroller is hereby authorized and empowered to withdraw and use any such cash and to sell any such securities and use the proceeds therefrom to pay off and satisfy any judgment secured in any action by this State to recover liquefied gas taxes, costs, penalties, and interest found to be due this State by any person in whose behalf such cash or such securities were deposited. Any such person may acknowledge in writing the correctness of the State's claim against him for taxes, costs, penalties and interest and may authorize the use of said cash or the proceeds from the sale of such securities to pay on or pay off the claim without having suit filed.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1973, 63rd Leg., p. 61, ch. 41, § 3, eff. April 18, 1973.]

Sections 4 to 6 of the 1973 Act provided:

"Sec. 4. It is expressly provided that all existing bonds which have been issued for the calendar year, 1973, and are now in effect shall remain in full force and effect for the balance of the calendar year as if the law had not been amended, but all new bonds executed or issued after the effective date of this Act shall be subject to the provisions of this Act. It is further provided that all taxes, penalties, and interest incurred and all liens created and bonds executed to secure their payment under any laws repealed or amended by this Act prior to its effective date are hereby declared to be legal and valid obligations to this state; and any offense committed or any fines or penalties incurred under any laws repealed or amended by this Act prior to its effective date shall not be affected by the repeal or amendment of any such laws but the punishment of such offenses and recovery of such fines, penalties, and interest shall take place as if the laws repealed or amended had remained in force.

"Sec. 5. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application and to this end the provisions of this Act are declared to be severable.

"Sec. 6. All laws or parts of laws in conflict herewith are, insofar as such conflict exists, hereby repealed and this Act shall prevail over any conflicting provision of law."

#### Art. 10.61. Permits

(1) Upon approval of an application and approval of any bond required, the Comptroller shall issue to the applicant a permit authorizing him to engage in the kind of business or other operation or to perform the functions set out in and authorized by the class of permit so issued. The permits shall be issued for each calendar year, or any unexpired part of a year, and shall be effective from the date of issue to the end of such calendar year, unless revoked or suspended for cause, as hereinafter provided. Such permits shall be of the kinds and classifications as set out hereinbelow:

##### BONDED SUPPLIER PERMITS.

Authorizing persons to engage in business as suppliers of liquefied gas to licensed dealers, users, other suppliers, and to other authorized purchasers of liquefied gas.

##### NONBONDED DEALER PERMITS.

Authorizing dealers whose purchases of liquefied gas are predominantly for sale and delivery into the fuel supply tanks of motor vehicles to operate as dealers who pay the tax imposed herein to the supplier of such fuel and claim refund of the tax paid on any liquefied gas thereafter sold for non-highway use.

##### BONDED DEALER PERMITS.

Authorizing dealers whose purchases of liquefied gas are predominantly for resale for nonhighway use to purchase liquefied gas tax free from their supplier and to report and pay taxes to this State on the part of such liquefied gas which is delivered into the fuel supply tanks of motor vehicles.

##### NONBONDED USER PERMITS.

Authorizing users whose purchases of liquefied gas are predominantly for delivery by them into the fuel supply tanks of motor vehicles owned or operated by them, or users whose right to purchase liquefied gas tax free has been forfeited, to pay the tax imposed herein to the supplier and claim refund of the tax paid on any liquefied gas thereafter used by them off the public highways.

##### BONDED USER PERMITS.

Authorizing users whose purchases of liquefied gas are predominantly for nonhighway use by them to purchase liquefied gas tax free from their suppliers and to report and pay taxes to this State on the part of such liquefied gas which is delivered into the fuel supply tanks of motor vehicles owned or operated by them.

#### SPECIAL FARM USER PERMITS.

Authorizing users of liquefied gas for the propulsion of farm motor vehicles on the public highways of this State to elect to pay taxes in advance on one thousand two hundred (1200) gallons of liquefied gas for each and every motor vehicle owned or operated by them and propelled in whole or in part with liquefied gas during the calendar year and thereafter to purchase liquefied gas tax free in lieu of securing a bonded user's permit and filing monthly reports and tax payments, and keeping records other than the annual mileage records provided herein. In the event any additional farm motor vehicles equipped to use liquefied gas as a fuel are placed in operation by a special farm user after the first month of any calendar year, a tax shall become due and payable to this State and is hereby imposed at the tax rate prescribed herein on one-twelfth ( $\frac{1}{12}$ ) of one thousand two hundred (1200) gallons per motor vehicle so added for each calendar month or fraction thereof remaining in the current calendar year. The Comptroller shall issue special permit decals for each motor vehicle on which taxes have been paid in advance, which shall be affixed on each such motor vehicle as the Comptroller may direct.

##### BONDED IMPORT-USER PERMITS.

Authorizing users to import or bring liquefied gas into this State in the fuel supply tanks of motor vehicles owned or operated by them, and to report and pay the tax due thereon to this State, and to claim credit or a refund of the tax paid on liquefied gas which is thereafter used in other states.

##### CARBURETOR DEALER PERMITS.

Authorizing persons holding such permits to sell, lease, transfer, or make installation of liquefied gas carburetion systems and requiring reports to be filed monthly with the Comptroller showing the date and recipient of each carburetion system sold, leased, transferred or installed on or for use on a farm motor vehicle and such other information as the Comptroller may require.

Nothing herein shall be construed as permitting any tax free sale or delivery of liquefied gas to an import user, or of permitting any sale and delivery of liquefied gas directly into the fuel supply tanks of a motor vehicle without collecting the tax thereon from the purchaser of such liquefied gas, except sales or deliveries into the fuel supply tanks of farm motor vehicles displaying valid special farm user permit decals issued and held pursuant to the provision of this subchapter.

The Comptroller shall determine from the information shown in the application or other investigation the kind and class of permits to be issued.

A supplier may operate under his supplier's permit as a dealer, an import-user, or as a user without securing a separate permit, but he shall be subject to all other conditions, requirements, and liabilities imposed by this subchapter upon a dealer, an import-

user, or a user. A licensed dealer may use liquefied gas in motor vehicles owned or operated by him without securing a separate permit as a user, subject to all conditions, requirements and liabilities imposed herein upon a user.

If any farm motor vehicle on which taxes have been paid in advance by a special farm user, for which a permit decal has been issued shall, prior to the end of the calendar year, be destroyed, sold, traded or otherwise disposed of, or for any reason the permittee ceases to be the owner or operator thereof, the permittee shall be required to remove such decal and immediately give notice in writing to the Comptroller of such destruction, sale or other disposition thereof. Failure to remove such permit decals and to notify the Comptroller in writing of said removals as above provided shall be grounds for cancellation of the special farm user permit or for requiring such person to secure a nonbonded user's permit; provided, however, when a motor vehicle upon which the tax has been paid in advance is sold or transferred by one special farm user to another special farm user or to a person who shall qualify for and obtain a special farm user permit, the Comptroller may issue written authority to transfer the decal issued and attached to said motor vehicle and all rights thereunder to the purchasing special farm user in such manner and form as may be required by the Comptroller.

If a farm motor vehicle shall be destroyed or sold or transferred so that it shall no longer qualify for the special farm user permit decal, then in that event the owner or operator shall be entitled to a return of the unused portion of the advance taxes theretofore paid to the Comptroller for that calendar year. The owner or operator shall submit to the Comptroller an affidavit identifying the vehicle, and stating the circumstances entitling him to a refund, the initial date of disuse or conversion, the permit and decal number assigned and all other information reasonably required by the Comptroller. Upon receipt of the affidavit and when satisfied as to the circumstances, the Comptroller shall cause to be refunded to the owner or operator that portion of his tax payment that corresponds to the number of complete months remaining in the calendar year for which the tax has been paid, beginning with the month following the date on which the vehicle was no longer utilized. No refund shall be made if the use of the vehicle ceased within the last month of the calendar year.

All permits shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. Permit holders shall reproduce the permit by photostat or other method and keep a copy on display at each additional place of business or other place of storage from which liquefied gas is sold, delivered or used and in each motor vehicle used by the permit holder to transport liquefied gas purchased by him for resale, distribution or use. Persons holding import-user permits shall reproduce the permit and carry a pho-

tocopy thereof with each motor vehicle being operated into or from the State of Texas.

(2) The Comptroller or any authorized representative of the Comptroller, is hereby authorized to cancel or to suspend any permit issued under the terms of this Subchapter or to refuse the issuance, extension, or reinstatement of any permit to any person who has violated, or has failed to comply with, any rule and regulation of the Comptroller or any provision of this Subchapter. Before any such permit may be cancelled or suspended, or the issuance, or extension, or reinstatement of any such permit may be refused, the Comptroller shall give the owner of such permit, or applicant therefor, not less than five (5) days notice of a hearing at the Office of the Comptroller in Austin, Travis County, Texas, or at any district office maintained by the Comptroller's Department, granting said owner or applicant an opportunity to show cause before the Comptroller, or his authorized representative, why such action should not be taken. Such notice shall be in writing and may be mailed by certified or registered mail to said owner or applicant at his last known address or may be delivered by a representative of the Comptroller to the owner or applicant, and no other notice shall be required. The Comptroller may prescribe his own rules of procedure and evidence for such hearings.

If, after said hearing or opportunity to be heard, the permit is cancelled, as above provided, all taxes which have been collected or required to be collected upon the sale or delivery of liquefied gas and all taxes which have accrued upon the use of said product shall ipso facto become delinquent, and the permittee shall forthwith file a report for any period not covered by preceding reports filed by him to the date of cancellation and shall remit and pay to the State of Texas all taxes which have been collected or required to be collected and which have accrued from the sale or delivery or use of liquefied gas up to and including the date of cancellation. A new permit shall not be issued to any person who is delinquent in the payment of taxes, penalties or interest.

After being given notice of any such order of cancellation, it shall be unlawful for any person to continue to operate his business under a cancelled permit.

An appeal from any order of the Comptroller, or his authorized representative, cancelling or refusing the issuance, extension or reinstatement of any permit may be taken to the District Court of Travis County, Texas, by the aggrieved permittee or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions, which shall be considered literally, viz.: (1) all appeals shall be perfected and filed within thirty (30) days after the effective date of the order, decision, or ruling of the Comptroller, or his authorized representative; (2) such proceedings shall have precedence over all other causes of a different na-

ture; (3) trial of all such cases shall commence within ten (10) days from the filing thereof; (4) the order, decision, or ruling of the Comptroller, or his authorized representative, may be suspended or modified by the Court pending a trial on the merits. [Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1706, ch. 493, § 7, eff. Sept. 1, 1971.]

#### Art. 10.62. Records Required

(1) Every supplier, dealer, import-user or user, whether or not required by the provisions of this Subchapter to secure a permit to sell, deliver, or use liquefied gas shall keep for a period of two (2) years open to inspection at all times by the Comptroller or Attorney General, or their authorized representatives, a complete record of all liquefied gas purchased or received and all of such products sold, delivered, or used by them showing the date of each receipt, the name and address of the person from whom purchased or received, the number of gallons received at each place of business or place of storage in Texas, and showing the date of each sale or delivery, the number of gallons sold or delivered for taxable purposes and the number of gallons sold or delivered for any purpose not subject to the tax imposed herein, and if sold in bulk quantities the name and address of the purchaser, and showing inventories of liquefied gas on hand at each place of business at the end of each month.

(2) Each bulk sale and delivery of liquefied gas shall be covered by an invoice with the name and address of the supplier or dealer and a serial number printed thereon, showing the complete information set out hereinabove for each such sale, one counterpart of which shall be delivered to the purchaser and another counterpart kept by the supplier or dealer for the period of time and purposes above provided. Every delivery of liquefied gas into the fuel supply tank of a motor vehicle shall be recorded upon a serially numbered invoice issued in not less than duplicate on which shall be printed, or stamped with a rubber stamp, the name and address of the supplier, dealer, or user making such delivery and on which shall be shown the name and address or credit card identification of the purchaser, the date of delivery, the number of gallons of liquefied gas so delivered, the total mileage recorded on the speedometer of the motor vehicle into which delivered, and the State highway license or unit number of said motor vehicle. The invoice shall be signed by the driver.

The invoice required above must be demanded by every person purchasing and receiving a delivery of liquefied gas into the fuel supply tank of a motor vehicle in Texas at the time of such delivery and such person shall carry the invoice with the vehicle until the fuel covered by same is consumed. The invoice shall show the tax rate or amount of tax paid or accounted for.

Every supplier, dealer or user making such sales or distribution of liquefied gas and every person so

receiving and purchasing liquefied gas must each retain one copy of each such invoice as part of his permanent records for the time and purposes above provided.

(3) a. Every user except a special farm user shall keep a record of deliveries into his motor vehicles and a complete record of the total gallons of liquefied gas used for other purposes during each month and the purposes for which said liquefied gas was used.

b. A special farm user who has paid taxes in advance on one or more farm motor vehicles shall not be required to issue and keep invoices of each delivery of liquefied gas into the fuel supply tanks of such motor vehicles when proper permit decals are affixed thereto, and shall not be required to keep any other records of liquefied gas purchased and used by him except a record of the total miles traveled by each farm motor vehicle operated by him on which taxes have been paid in advance, from the date the permit decal is issued or assigned to said motor vehicles to the end of the calendar year. Failure to keep such records shall be grounds for cancellation of the special farm user permit.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1708, ch. 493, § 8, eff. Sept. 1, 1971.]

#### Art. 10.63. Tax Payments—Reports

(1) Every supplier and dealer who is licensed herein to collect taxes for the sale or delivery of liquefied gas and every user who is required to pay taxes on the delivery of liquefied gas into the fuel supply tanks of motor vehicles or on the use of imported liquefied gas shall, on or before the 25th day of each calendar month, pay to the State of Texas at the Office of the Comptroller in Austin, Travis County, Texas, the amount of such taxes required to be collected and the amount required to be paid during the month next preceding, unless said taxes have been paid by a user to a licensed supplier as provided in this Subchapter. At the time of making such tax payments, every supplier, dealer, or user who is required to pay any taxes directly to this State, shall file with the Comptroller a report of liquefied gas handled in the form and manner as hereinafter provided.

(2) Every supplier shall, on or before the 25th day of each calendar month, file with the Comptroller upon a form prescribed by the Comptroller an itemized report made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the liquefied gas handled during the preceding month which report shall show the quantities of liquefied gas purchased or received from sources within this State and the quantities received from sources outside of this State, the quantities sold or delivered to dealers and users upon which taxes were required to be collected, the quantities sold and delivered to users without collecting said taxes, the quantities sold and delivered into the fuel supply tanks of motor vehicles, the quantities delivered into the fuel

supply tanks of motor vehicles owned or operated by such supplier and the quantities used by him for other purposes, the total quantities sold or delivered to persons other than dealers, users, or operators of motor vehicles, the quantities lost by fire or other accident, the quantities lost by shrinkage or evaporation, and the total quantities on hand at the beginning and at the end of the month covered by such report. The report shall include a schedule of the total quantities of liquefied gas sold or delivered to users without collecting taxes thereon, and the names and addresses of such users. The Comptroller may in his discretion require selective schedules from any supplier with respect to any purchases, sales or deliveries of liquefied gas. Every supplier shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(3) Every dealer who purchases or acquires liquefied gas tax-free for taxable resale or delivery of any part of said products shall, on or before the 25th day of each calendar month, make and file with the Comptroller on forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the liquefied gas handled during the preceding month which report shall show, the quantities of liquefied gas purchased or received and the suppliers from whom received, the quantities of liquefied gas sold and delivered into the fuel supply tanks of motor vehicles, the quantities of liquefied gas sold and delivered for use off the public highways and the purposes for which purchased, the quantities of liquefied gas delivered into the fuel tanks of motor vehicles owned or operated by such dealer and the quantities of liquefied gas used by him for other purposes, the quantities of liquefied gas lost by fire or other accident, and the total gallons of liquefied gas on hand at the beginning and at the end of the month covered by such report. The Comptroller may in his discretion require schedules from any such dealer with respect to any purchases, sales or deliveries of liquefied gas. Every such dealer shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(4) Every user except a special farm user who purchases or acquires liquefied gas tax-free shall, on or before the 25th day of each calendar month, file with the Comptroller upon forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this title, accounting for the liquefied gas handled during the preceding month, which report shall show the quantities of liquefied gas purchased or received and the suppliers from whom received, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such user, the quantities used off the public highways of this State and the purposes for which used, the quantities lost by fire or

other accident or disposed of in any other manner, and the total quantities on hand at the beginning and at the end of the month covered by such report. The Comptroller may in his discretion require schedules from any such user with respect to any purchases, deliveries or uses of liquefied gas. Every such user shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

Every carburetor dealer who sells, leases or transfers liquefied gas carburetion systems or who installs such systems for use in supplying liquefied gas to propel motor vehicles in this State, shall on or before the 25th day of each calendar month file with the Comptroller upon forms prescribed by the Comptroller a report made subject to the penalties of Article 1.12, Chapter 1 of this title, accounting for every liquefied gas carburetion system sold, leased, transferred, or installed by such carburetor dealer, and showing such other information as the Comptroller may deem necessary in the control of the taxable use of liquefied gas used to propel motor vehicles upon the public highways of this State.

(5) Every import-user who imports liquefied gas in the fuel supply tanks of motor vehicles operated by him on the public highways of Texas for hire or compensation or for commercial purposes shall, on or before the 25th day of each calendar month, file with the Comptroller on forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for all liquefied gas imported and all liquefied gas used in such motor vehicles during the preceding calendar month, which report shall show for each motor vehicle operated by said user into or from the State of Texas for such purposes, the total miles traveled in Texas and elsewhere, the total quantities of liquefied gas consumed by each motor vehicle in such travel and the average miles traveled per gallon of fuel consumed, the total miles traveled in the State of Texas and the quantities of liquefied gas purchased in Texas and delivered into the fuel supply tanks of each such motor vehicle, and such other information pertinent to the use of liquefied gas in such motor vehicles and the taxes paid or accrued thereon, as the Comptroller may require. The Comptroller may in his discretion permit the filing of such reports on a fleet mileage basis and may require schedules to be submitted as a part of such report with respect to any liquefied gas purchased or used in connection with such operations. Every such user shall attach legal tender or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered in the report.

(6) When it shall appear to the Comptroller from evidence submitted by an import-user that records of liquefied gas used by him for taxable purposes on the public highways of this State in motor vehicles operated in interstate travel cannot be secured from all drivers of such vehicles in time to file accurate

reports and tax remittances within the time prescribed by law, the Comptroller may agree to accept monthly reports and tax remittances computed on a fixed mileage basis by which the miles traveled in Texas by said vehicles will be divided by a fixed mileage factor to determine the taxable gallons of liquefied gas used in such vehicles upon the public highways of this State. It is expressly provided, however, that whenever an audit made by the Comptroller from the records required to be kept by the user shows that more liquefied gas was consumed on the Texas highways on a basis of the average miles traveled per gallon of fuel consumed than was reported for tax purposes, the import-user shall be liable for the tax on the additional gallons shown as used, and any penalties and interest accrued thereon.

(7) When it shall appear that a supplier, dealer, or user, to whom the provisions of this Subchapter shall apply, has erroneously reported and remitted or paid more taxes than were due the State of Texas upon any liquefied gas during any taxpaying period, either on account of a mistake of fact or law, it shall be the duty of the Comptroller to credit the total amount of taxes due by such supplier, dealer, or user for the current period, if any, with the total amount of taxes so erroneously paid, or said supplier, dealer, or user may file a claim for refund of the taxes erroneously paid. Such credit shall be allowed or the tax refund claim paid before any penalties and interest shall be applicable.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1709, ch. 493, § 9, eff. Sept. 1, 1971.]

#### Art. 10.64. Refunds

(1) Except as otherwise provided by Article 10.65 of this Subchapter, any dealer who shall have paid the tax at the rate imposed upon any liquefied gas which has been used or sold for use by such dealer for any purpose other than propelling a motor vehicle upon the public highways of this State, or which has been sold to the United States Government for the exclusive use of said government, and any user who shall have paid said tax at the rate imposed upon any liquefied gas which has been used by such user for any purpose other than propelling a motor vehicle upon said public highways, may file claim for a refund of the tax or taxes so paid, less one and one-half percent (1½%) allowed vendors for the expense of collecting and reporting such taxes to this State. Such claims shall be filed with the Comptroller on forms prescribed by the Comptroller and shall show the date of filing and the period covered in the claim, the number of gallons of liquefied gas sold or used for purposes subject to tax refund, and shall show such other facts and information as the Comptroller may require. Every such claim shall be supported by an invoice or invoices issued to or by the claimant, as hereinafter provided, or such other information as the Comptroller may require, and shall be filed in the Office of the Comptroller within one (1) year from the first day of the calendar month in

which the liquefied gas was invoiced or required to be invoiced for sale or use, and no claim shall be made by the claimant or approved by the Comptroller after the expiration of one (1) year from the first day of the calendar month in which said liquefied gas was invoiced or required to be invoiced for sale or use.

Every bonded import-user shall be entitled to a credit equivalent to the tax rate per gallon paid on all liquefied gas upon which the Texas tax has been paid and which has thereafter been consumed in motor vehicles outside of the State of Texas. When the amount of credit herein provided to which the import-user is entitled for any calendar month exceeds the amount of tax for which such import-user is liable for liquefied gas consumed in such vehicles during the same month, such excess shall under regulations of the Comptroller, be allowed as a credit against the tax for which such import-user would be otherwise liable for a period of one (1) year from the first day of the calendar month in which the liquefied gas was used; or upon claim filed with the Comptroller within one (1) year from the first day of any calendar month in which said liquefied gas was used, such excess may be refunded as hereinabove provided. Evidence of the mileage traveled and the gallonage consumed and the payment of the liquefied gas tax, on such form as may be required by or is satisfactory to the Comptroller, shall be furnished by such import-user claiming the credit or tax refund herein allowed.

(2) When liquefied gas is sold by a dealer or is appropriated for use by a user for any purposes for which a refund of the tax paid on said products may be claimed as provided herein, such dealer or user shall, at the time of each sale or appropriation for use and not thereafter, make out a serially numbered invoice in not less than duplicate counterparts with the name and address of the dealer or user printed thereon which shall show the date of the sale or appropriation for use, the quantities of liquefied gas sold or appropriated for use, the purposes for which used, as declared by the purchaser or user, and such other information as the Comptroller may require. The invoice shall be signed by the recipient of any such liquefied gas purchased from a dealer. One counterpart of each invoice shall be kept by the dealer or user for a period of two (2) years open to the inspection of the Comptroller or his authorized representatives, and the other counterpart shall be filed as a part of the claim for tax refund as above provided. The Comptroller may authorize the filing of other information in lieu of the invoice counterpart.

(3) Any dealer or user who shall file claim for refund of the tax on any liquefied gas which has been used to propel a motor vehicle, or other conveyance upon the public highways of Texas for any purpose for which a tax refund is not authorized herein, or who shall file any invoice in a claim for tax refund upon which any date, figure, signature, or other material information is false or incorrect,

shall forfeit his right to the entire amount of the refund claim filed.

(4) If upon examination or investigation the Comptroller finds that the claim is just and that the taxes claimed have been paid by the claimant, he shall issue warrant to the claimant in the amount due but no greater amount shall be refunded than has been paid into the State Treasury on any such liquefied gas.

(5) All the moneys paid into the Treasury under the provisions of this Subchapter, except the filing fees provided herein, shall be set aside in the special fund known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until a report is made by the Comptroller to the Treasurer, showing the total maximum amount of refunds that may be required to be paid by the State out of said funds. The Comptroller shall on the 20th day of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on the sale of liquefied gas during the preceding month, upon which a refund may be due, and shall certify to the State Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds and shall not distribute that part of said fund until the expiration of the time in which a refund can be made out of said fund, but as soon as said report has been made by the Comptroller and the maximum amount of refunds determined, he shall deduct said maximum amount from the total taxes paid for such month, and apply the remainder of such as provided by law. If the claimant loses, or for any reason fails to receive warrant after it has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue claimant duplicate warrant as provided in Article 4365, Revised Civil Statutes of Texas.

So much of said fund is hereby appropriated and set aside as may be necessary to pay the refunds provided herein. In no event shall any refund be made to any person in excess of the actual amount paid by such person, and the one and one-half percent (1½%) deducted originally by the supplier upon the sale or delivery of the liquefied gas shall be deducted in computing the refund. The Comptroller shall deduct fifty cents (50¢) from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund which said filing fee shall be set aside for the use and benefit of the Comptroller in the administration and enforcement of the provisions of this Subchapter, and for the payment of expenses in furnishing the claim forms and other forms provided for herein, and the same is hereby appropriated for such purposes. All such filing fees shall be paid out on vouchers and warrants in such manner as may be prescribed by law.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.65. Exceptions to Tax Refunds

(1) No tax refunds shall be paid to any person on liquefied gas used in any construction, maintenance or repair work on the public highways of this State when and if such work is paid for from any State funds to which liquefied gas tax collections are allocated or is paid jointly from any such State funds and Federal funds.

(2) The delivery of liquefied gas into the fuel supply tanks of any tractor, truck tractor, vehicle, or machine of any kind or description for use in hauling materials, supplies or products over the public highways to or from any highway construction, maintenance or repair work, shall constitute and be deemed to mean the delivery of liquefied gas into the fuel supply tanks of motor vehicles for taxable use.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.66. Prima Facie Presumptions

(1) Any supplier, dealer, or user who shall fail to keep the records, issue the invoices or file any reports required by this Subchapter, shall be prima facie presumed to have sold, delivered or used for taxable purposes all liquefied gas shown by a duly verified audit by the Comptroller, or any authorized representative thereof, to have been sold or delivered to such supplier, dealer or user, and the Comptroller is hereby authorized to fix or establish the amount of taxes, penalties and interest due the State of Texas from such records of deliveries or from any records or information available to him and if the tax claim as developed from such procedure is not paid, such claim and any audit made by the Comptroller, or an authorized representative thereof, or any report filed by such supplier or user, shall be admissible in evidence in any suit or judicial proceedings filed by the Attorney General, and shall be prima facie evidence of the correctness of said claim or audit; provided that the prima facie presumption of the correctness of the claim may be overcome upon the trial by evidence adduced or by an audit submitted by said supplier, dealer or user.

(2) A certificate under the seal of the Comptroller executed by said Comptroller or his Chief Clerk, setting forth the terms of any order, rule, regulation, report, bond or other instrument referred to in this Subchapter, and that the same had been adopted, promulgated, or executed and filed with the Comptroller, and was in force and effect at any date or during any period specified in such certificate, shall be prima facie evidence of all such facts, and such certificate, shall be admitted in evidence in any action, civil or criminal, involving such order, rule, regulation, report, bond, or other instrument without further proof of such adoption, promulgation, execution or filing, and without further proof of its contents.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.67. Liens**

All taxes, penalties, interest and costs due by any supplier, dealer, user or import-user under the provisions of this Subchapter and all taxes collected by a supplier or dealer and required to be paid to this State, shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all of the property of any supplier, dealer, user or import-user devoted to or used in his business or other operations as a supplier, dealer, user, or import-user, which property shall include all plants, storage tanks, warehouses, office buildings, pumps, and equipment, vehicle tanks, trucks, trailers, or other vehicles, stocks on hand of every kind and character whatsoever used or usable in such business or other operations including liquefied gas and the proceeds from the sale or delivery of liquefied gas and including cash on hand and in banks, accounts and notes receivable and any and all other property of every kind and character whatsoever and wherever situated, which is devoted to such use, and each tract of land on which such plants, storage tanks and other property is located, or which is used in carrying on such business or other operations.

This lien shall not be valid against any "mortgagee" of a "motor vehicle" as those terms are defined in the Certificate of Title Act, provided such mortgagee does not have actual notice of the State's lien and has complied with the provisions of the Certificate of Title Act prior to the filing by the Comptroller of Public Accounts with the State Highway Department a certificate showing the make, body type and motor number of the motor vehicle upon which a tax lien exists and the amount of taxes, penalties, interest, and costs due the State. The Comptroller of Public Accounts' certificate is to be filed with the State Highway Department and the State's lien need not be placed of record upon the motor vehicle's certificate of title.

The Comptroller of Public Accounts shall file with the State Highway Department a certificate containing the information above provided in this Section as to any motor vehicle upon which a tax lien exists to secure the payment of the taxes owing by any supplier, dealer, user, or import-user and the filing of such certificate by the Comptroller of Public Accounts shall constitute sufficient notice of the existence and the assertion by the State of the statutory lien to secure the payment of the taxes owing to the State by such supplier, dealer, user, or import-user and any mortgagee of any mortgage, made after the filing of such certificate with the State Highway Department, shall be deemed to have notice of such lien, and the State's lien upon such motor vehicle shall continue to be a valid and prior lien as to any mortgagee. But such lien shall not be valid as to any mortgagee of a motor vehicle if the lien of such mortgagee was created and recorded prior to the filing of such certificate by the Com-

troller of Public Accounts with the State Highway Commission.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.68. Civil and Statutory Penalties**

(1) If any person affected by this Subchapter shall fail or refuse to comply with any provision thereof or shall violate the same, or shall fail or refuse to comply with any rule and regulation promulgated hereunder by the Comptroller or shall violate the same, he shall forfeit to the State of Texas as a penalty the sum of Twenty-five Dollars (\$25). Such penalty, if not paid, shall be recovered in a suit by the Attorney General in a court of competent jurisdiction in Travis County, Texas, or any other court of competent jurisdiction having venue under existing venue Statutes. Provided that in addition to such penalty, if any supplier, dealer, user or import-user does not make remittance for any taxes collected, or pay any taxes due the State of Texas by said supplier, dealer, user or import-user, within the time prescribed by law said supplier, dealer, user or import-user shall forfeit two percent (2%) of the amount due; and if said taxes are not remitted or paid within ten (10) days from the date the Comptroller gives such supplier, dealer, user or import-user notice in writing directed to his last known address that all taxes which appear to be due have not been paid, an additional eight percent (8%) shall be forfeited. All past due taxes and penalties shall draw interest at the rate of six percent (6%) per annum.

(2) The venue of any suit, injunction or other proceedings at law or in equity available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing hereunder, and the enforcement of the terms and provisions of this Subchapter, shall be in a court of competent jurisdiction of Travis County, Texas, or in any other court of competent jurisdiction having venue under existing venue Statutes.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

**Art. 10.69. Impounding Vehicles**

In order to enforce the provision of this Subchapter, the Comptroller or his authorized representatives, or any Highway Patrolman of the Department of Public Safety, any sheriff, constable and their deputies, or any other peace officer, is empowered to stop any motor vehicle which appears to be operating with liquefied gas for the purpose of examining the invoice required to be carried, and examining any permit or copy thereof that may be required to be carried, to take samples from the fuel supply tanks, and for such other investigations as could reasonably be made to determine whether the taxes have been paid or accounted for by a licensed user upon the liquefied gas being used to propel the motor vehicle upon the public highways of Texas. If after said examination or other investigation it is found the owner or operator of said motor vehicle

has not paid said taxes, or does not possess a valid permit as a user or import-user to use such liquefied gas in motor vehicles operating on said public highways, such authorized officers shall impound the motor vehicle, and unless proof is produced within seventy-two (72) hours from the beginning of impoundment that the owner or operator has paid said taxes, and has paid all other taxes established by audit or investigation by the Comptroller, or his authorized representatives, to be due upon the use of liquefied gas for the propulsion of motor vehicles upon the public highways of Texas, or that said owner or operator holds a valid user's or import-user's permit to use liquefied gas for such purposes, the motor vehicle shall be held until all taxes, penalties and interest found to be due this state and all costs of impoundment have been paid, or until said owner or operator has filed bond with the Comptroller payable to the State Treasurer in an amount equal to twice the amount of taxes, penalties, interest and costs found to be due, to guarantee the payment of such liabilities to the State of Texas.

If the taxes, penalties, interest and costs found to be due are not paid, the Comptroller shall certify the claim to the Attorney General who shall file proceedings to foreclose the State's tax lien upon such motor vehicle, or take such other action to recover the amount due the State as provided by law.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.70. Subpoenas

The Comptroller, or any duly authorized representative under the direction of the Comptroller, shall, for the purposes contemplated by this Subchapter, have power to issue subpoenas, compel the attendance of witnesses, administer oaths, certify to official acts, take depositions within or without the State of Texas, as now provided by law, and compel the production of pertinent books, accounts, records, and documents.

If any witness refuses to obey such subpoena or refuses to produce any pertinent books, accounts, records, or documents, named in such subpoena and in the possession or control of said witness, or if any witness in attendance before the Comptroller or one of his authorized representatives refuses without reasonable cause to be examined or to answer any legal or pertinent question, or to produce any books, record, paper, or document when ordered to do so by the Comptroller or his authorized representative, the Comptroller or his representative shall certify the facts and the names of the witnesses so failing and refusing to appear and testify, or refusing access to the books, records, papers, and documents, to the district court having jurisdiction of the witness; said court shall thereupon issue proper summons to said witness to appear before the said Comptroller, or his authorized representatives, at a place designated within the jurisdiction of said court, on a day to be fixed, to be continued as occasion may require, and give such evidence and open for inspection such

books, records, papers, and documents as may be required for the purpose of enforcing the provisions of this Subchapter. Upon failure to obey such summons the Judge before whom the matter shall come for hearing shall examine under oath such witness or person, and such person shall be given an opportunity to be heard; and if the Judge shall determine that such person has refused, without reasonable cause or legal excuse, to be examined or answer a legal or pertinent question, or to produce a book, record, paper, or document, which he was ordered to bring or produce, he shall forthwith punish the offender as for contempt of court.

Subpoena shall be served and witness fees and mileage paid as in civil cases in the district court in the county to which such witness shall be called. Witnesses subpoenaed at the instance of the Comptroller, or his authorized representatives, shall be paid their fees and mileage by the Comptroller out of any funds appropriated to said Comptroller.

The Comptroller may, if necessary to enforce the provisions of this Article, require such number of his representatives as he deems necessary to enforce the provisions hereof to subscribe to the constitutional oath of office, a record of which shall be filed in the Office of the Comptroller.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.71. Rules and Regulations

(1) It is hereby made the duty of the Comptroller to collect, supervise, and enforce the collection of all taxes, penalties, interest and costs, due or that may become due under the provisions of this Subchapter, and to that end the Comptroller is hereby vested with all the power and authority conferred by this Subchapter. The Comptroller shall also have the power and authority to promulgate rules and regulations, not inconsistent with this Chapter or the Constitution of this State or the United States, for the enforcement of the provisions of this Subchapter and the collection of all taxes, penalties, interest and costs levied hereunder.

(2) Upon final adoption of any rule and regulation, the Comptroller shall file a copy thereof with the Secretary of State, State of Texas, and the same shall have the force and effect of law as of the date of such filing unless a subsequent date is specified therein. Any person who violates or fails to comply with any valid rule and regulation which has been duly promulgated by the Comptroller and filed with said Secretary of State, or violates or fails to comply with any provision thereof, shall be subject to the penalties prescribed by Articles 10.68 and 10.75 of this Subchapter.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.72. Allocation of Funds

Before allocation of the funds collected hereunder is made, one percent (1%) of the gross amount of said fund shall be set aside in the State Treasury in

a special fund for the use of the Comptroller in the administration and enforcement of the provisions of this Subchapter and so much of said amount as may be needed is hereby appropriated for said purpose. Any unexpended portion of such fund shall at the end of each fiscal year revert to the respective funds in the proper proportions to which the liquefied gas taxes are allocated.

Each month the Comptroller shall, after making deductions for refund purposes as provided in Article 10.64 of this Subchapter, and for the administration and enforcement of the provisions of this Subchapter allocate and deposit the remainder of the taxes collected under the provisions thereof, in the proportions as follows: One-fourth ( $\frac{1}{4}$ ) of such taxes shall go to and be placed to the credit of the Available Free School Fund and three-fourths ( $\frac{3}{4}$ ) of such taxes shall go to and be placed to the credit of the State Highway Fund.

[Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

#### Art. 10.73. Penalty, Failure to Pay or Conversion of Taxes

(1) All taxes collected under the provisions of this Subchapter shall be for the use and benefit of the State of Texas and shall not be appropriated or diverted to any other use. Said taxes shall be paid over to the State of Texas at the time and in the manner provided herein.

(2) If any supplier or dealer, or any director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or any person shall wilfully fail or refuse to pay over to the State of Texas any such tax fund collected by him under the provisions of this Subchapter on or before the date such payment is required to be paid under the provisions of this Subchapter, such supplier or dealer, or such director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or such person, shall be guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500) nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

(3) If any director, officer, agent, employee, trustee, receiver of any supplier or dealer, or any person, shall fraudulently misapply or convert to his own use any tax fund collected for the State of Texas under the provisions of this Subchapter by such supplier or dealer, or any director, officer, agent, employee, trustee, receiver of such supplier or dealer, or by such person, which said money has come into the possession of or that is in the care of or under the control of such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or of such person, and which said money is required to be paid to the State of Texas under the provisions of Subchapter B of this Chapter, such director, officer,

agent, employee, trustee, receiver of such supplier or dealer, or such person shall be guilty of a felony and upon conviction, shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500), nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

(4) If the penalties prescribed elsewhere in this Subchapter overlap as to the offenses punishable under Article 10.73 of this Subchapter, then the penalties prescribed in Article 10.73 shall apply and control over all such penalties. Venue of a prosecution under Article 10.73 shall be in Travis County, Texas, or in the county where the offense occurred. [Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.]

In addition to the foregoing penalties, a felony conviction for any of the above-named offenses shall automatically forfeit the right of said convicted person to obtain a permit as a supplier, dealer, user or import-user for a period of two (2) years from the date final judgment is entered.

If the penalties prescribed elsewhere in this Subchapter overlap as to offenses punishable under Article 10.74 of this Subchapter, then the penalties prescribed by said Article 10.74 shall control over all such penalties, except the penalties prescribed in Article 10.73 of this Subchapter. Venue of prosecution under Article 10.74 shall be in Travis County, Texas, or in the county in which the offense occurred.

Nothing in this Article shall be construed as prohibiting an incorporated city or town from making a reasonable charge, otherwise lawful, for the use of its streets, alleys, and public ways by a public utility in the conduct of its business, and each such city shall have such right and power; but any such charges, whether designated as rentals or otherwise, and whether measured by gross receipts, units of installation, or in any manner, shall not in the aggregate exceed the equivalent of two per cent (2%) of the gross receipts of such utility within such municipality derived from the sale of gas, electric energy, or water. Any special taxes, rentals, contributions, or charges accruing after the effective date of this Act, under the terms of any pre-existing contract or franchise, against any utility paying an occupation tax under this Article, when paid to any such city, shall be credited on the amount owed by such public utility on any charge or rental imposed for the use of streets, alleys, and public ways, levied by ordinance, and accruing after the effective date of this Act; provided that where valid ordinances have been enacted heretofore by cities imposing a charge or rental in excess of two per cent (2%) of the gross receipts of such utilities, nothing herein shall be construed so as to prohibit the collection of such sum as may be due said cities thereunder from the date of said ordinances up to the time this Article shall become effective.

(4) And provided further that utilities paying an occupation tax under this Article shall not hereafter be required to pay the license fee imposed in Article 5a, House Bill No. 18, Chapter 400, Acts of the Forty-fourth Legislature, for the privilege of selling gas and electric appliances and parts for the repairs thereof, in towns of three thousand (3,000) or less in population according to the next preceding Federal Census.

##### (a) Basic Tax

(i) Two Dollars and Seventy-five Cents (\$2.75) per One Thousand Dollars (\$1,000) or fractional part thereof applied to that portion of the sum of the stated capital, surplus and undivided profits, the sum of which for the purposes of this Chapter is hereafter referred to as "taxable capital," allocable to Texas in accordance with Article 12.02 of this Chapter.

As used in this Chapter, the phrase "stated capital" shall have the same meaning as defined in Article 1.02 of the Texas Business Corporation Act.

(ii) Tax on Debt. In addition to the franchise tax due and payable under Subsection (1)(a)(i) of Article 12.01 of this Chapter, there is hereby levied on all corporations paying a franchise tax under said Subsection (i) for the privilege of doing business in the corporate form during the periods listed below, an additional tax as follows:

For the Period from:	An additional tax for the year of:

May 1, 1971, to and including April 30, 1972,	\$1.00
May 1, 1972, to and including April 30, 1973,	\$0.50

per One Thousand Dollars (\$1,000) or fractional part thereof applied to that portion of taxable debt allocable to Texas.

For the purposes of this Subsection (1)(a)(ii), "Taxable Debt" shall mean outstanding bonds, notes and debentures, including all written evidences of indebtedness which bear a maturity date of one (1) year or more from date of issue and all such instruments which bear a maturity date of less than one (1) year from date of issue which represent indebtedness which has remained continuously outstanding for a period of one (1) year or more from date of inception whether or not said indebtedness has been renewed or extended by the issuance of other evidences of the same indebtedness to the same or other parties, but this term shall not include instruments which have been previously classified as surplus.

Taxable debt allocable to Texas shall be determined by using the same percentage used to allocate taxable capital to Texas under the provisions of Article 12.02.

The additional franchise tax levied by this Subsection (1)(a)(ii) shall expire after April 30, 1973.

(b) Two Dollars and Seventy-five Cents (\$2.75) per One Thousand Dollars (\$1,000) or fractional part thereof applied to the assessed value for County ad valorem tax purposes of the property owned by the corporation in this State.

(c) Thirty-five Dollars (\$35).

(2) Corporations, other than those enjoying the use of public highways by virtue of a certificate of public convenience and necessity granted by the Railroad Commission of Texas, which are required

by law to pay annually a tax upon intangible assets, and corporations incorporated only for the purpose of owning or operating street railways or passenger bus systems in any city or town and suburbs thereof, and corporations incorporated only for the purpose of maintaining or owning or operating electric inter-urban railways, and corporations, four-fifths ( $\frac{4}{5}$ ) or more of whose assets are invested in, and four-fifths ( $\frac{4}{5}$ ) or more of whose gross income is received from, voting common capital stock which comprises four-fifths ( $\frac{4}{5}$ ) or more of the total fully voting common capital stock of one or more corporations which are public utility corporations under clause (3) hereof, shall be required hereafter to pay a franchise tax equal to one-fifth ( $\frac{1}{5}$ ) of the franchise tax herein imposed against all other corporations under Subsections (1)(a) or (1)(b), but not less than the entire tax imposed by Subsection (1)(c) of this Article.

(3) Except as provided in preceding Subsection (2), all public utility corporations, which shall include any such corporation engaged solely in the business of public utilities as defined by the laws of Texas whose rates or services are regulated, or subject to a regulation in whole or in part, by law, shall pay a franchise tax as provided in this Article which shall be based on whichever of the following shall yield the greatest tax:

(a) Two Dollars and Seventy-five Cents (\$2.75) per One Thousand Dollars (\$1,000) or fractional part thereof applied to that portion of the stated capital, surplus and undivided profits, allocable to Texas in accordance with Article 12.02 of this Chapter.

(b) Two Dollars and Seventy-five Cents (\$2.75) per One Thousand Dollars (\$1,000) or fractional part thereof applied to the assessed value for County ad valorem tax purposes of the property owned by the corporation in this State.

(c) Thirty-five Dollars (\$35).

(4) Corporations engaged partly in the business of a public utility as defined in Subsection (3) of this Article and partly in business embraced in Subsection (1) of this Article shall pay the franchise tax in the following manner: as to those businesses which come under Subsection (1) the tax shall be computed as provided in Subsection (1) on that proportion of the entire taxable capital under said Subsection (1) as the Texas gross receipts from such business or businesses bear to the entire Texas gross receipts of such corporation; and to those businesses which come under Subsection (3) the tax shall be computed as provided in Subsection (3) on that proportion of the entire taxable capital under said Subsection (3) as the Texas gross receipts from such business or businesses bear to the entire Texas gross receipts of such corporation. The period for which such gross receipts are taken shall be for the same period used in computing taxable capital allocable to Texas in accordance with Article 12.02 of this Chapter.

(5) A corporation now required to pay separate franchise tax for each purpose or business authoriz-

ed by its charter shall hereafter pay only the tax provided hereunder for one purpose, and, until said corporation adopts the provisions of the Texas Business Corporation Act, it shall, in addition, pay one-fourth (¼) of such amount for each additional purpose named in its charter; provided, however, this Article shall not apply to corporations organized under the Electric Cooperative Corporation Act. Provided further, that this Article does not amend, alter, or change in anywise any provisions of Chapter 86, page 163, Forty-fifth Legislature, Acts 1937,<sup>1</sup> and provided further that nothing in this Article shall repeal any total exemption from franchise taxes now provided by law.

#### Art. 12.011. Exemption for Homes for Elderly People

The additional franchise tax levied by Subsection (1)(a)(ii) of Article 12.01 of this Title shall not apply to corporations organized for the purpose of providing homes for elderly people sixty-two (62) years of age and older not for profit without regard to whether such corporations are for purely public charity.

#### Art. 12.02. Allocation Formula

(1) (a) Each corporation liable for payment of a franchise tax shall determine the portion of its entire taxable capital taxable by the State of Texas by multiplying same by an allocation percentage which shall be the percentage relationship which the gross receipts from its business done in Texas bear to the total gross receipts of the corporation from its entire business.

(b) For the purpose of this Article, the term "gross receipts from its business done in Texas" shall include:

(i) Sales of tangible personal property when the property is delivered or shipped to a purchaser within this State, regardless of the F.O.B. point or other conditions of the sale, reduced by the deduction, if applicable, allowable under Subsection (c) of this Section (1);

If any provision of this Subsection (c) or the application thereof to any person, corporation, or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Article which can be given effect without the invalid provision or application, and to this end the provisions of this Subsection (c) are declared to be severable and the deduction inapplicable.

(d) For the purpose of this Article, the term "total gross receipts of the corporation from its entire business" shall include all of the proceeds of all sales of the corporation's tangible personal property, all receipts from services, all rentals, all royalties and all other business receipts, whether within or outside of Texas. Provided, however, that, as to the sale of investments and capital assets, the term "total gross receipts of the corporation from its entire business" shall include only the net gain from such sales.

(2) If the allocation and apportionment provisions of Section (1) of this Article do not fairly represent the extent of the taxpayer's business activity in Texas, the taxpayer may petition for and the Comptroller may permit, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) separate accounting;

(b) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in Texas; or

When such notice has been filed, recorded and indexed, the same shall be and constitute notice to all parties dealing with the real and personal property of such corporation wherever situated, of the taxes and penalties then accrued and to accrue in the future and of the liens herein granted the State of Texas. The Comptroller of Public Accounts shall also file and record with the clerk of any county in which he has reason to believe any corporation owing franchise taxes and penalties has real or personal property a copy of said notice and it shall be the duty of the County Clerk of such county to file, record and index such notice in manner and form hereinbefore provided, and when the same has been so filed, recorded and indexed, such notice shall be and constitute additional notice to all parties dealing with the real and personal property of such corporation in said county of such taxes and penalties and the liens granted the State of Texas. Such releases shall be on a form prepared or approved by the Attorney General of the State of Texas. No suit in any event shall be brought or instituted for the enforcement of the liens granted the State of Texas by this Chapter unless the same shall be instituted within two (2) years from and after the time the corporation owing such taxes and penalties shall forfeit its right to do business in this State under the provisions of this Chapter; provid-

Any corporation, either domestic or foreign, which shall fail to pay any franchise tax provided for in this Chapter when the same shall become due and payable under the provisions of this Chapter or shall fail to file any report provided for in this Chapter when the same shall become due, shall thereupon become liable to a penalty of five per cent (5%) of the amount of such franchise tax due by such corporation, and if said report has not been filed or said taxes have not been paid within thirty (30) days from the date said report or taxes shall have become due, an additional five per cent (5%) of such tax shall be forfeited; said penalty shall never be less than One Dollar (\$1). Delinquent taxes shall draw interest at the rate of six per cent (6%) per annum beginning sixty (60) days from the date due. If the reports required by Articles 12.08, 12.09, and 12.19 be not filed in accordance with the provisions of this Chapter, or if the amount of such tax and penalties be not paid in full on or before the thirtieth day after notice of delinquency is mailed to such corporation, such corporation shall for such default forfeit its right to do business in this State; which forfeiture shall be consummated without judicial ascertainment by the Comptroller of Public Accounts. Any corporation whose right to do business shall be thus forfeited shall be denied the right to sue or defend in any court of this State, except in a suit to forfeit the charter or certificate of authority of such corporation. In any suit against such corporation on a cause of action arising before such forfeiture, no affirmative relief shall be granted to such corporation unless its right to do business in this State shall be revived as provided in this Chapter. Each director and officer of any corporation whose right to do business within this State shall be so forfeited shall, as to any and all debts of such corporation, which shall include all franchise taxes and penalties thereon which shall become due and payable subsequent to the date of such forfeiture, and which may be created or incurred, with his knowledge, approval and consent, within this State, after such forfeiture by any such directors or officers, and before the revival of the right of such corporation to do business, be deemed and held liable thereon in the same manner and to the same extent as if such directors and officers of such corporation were partners.

The Comptroller of Public Accounts shall notify each domestic and foreign corporation which may be

or become subject to a franchise tax under the laws of this State, which has failed to file such report or pay franchise tax on or before the 15th day of June, that unless such overdue report is filed or such overdue tax together with said penalties thereon shall be paid within thirty (30) days of the mailing of such notice, the right of such corporation to do business in this State will be forfeited without judicial ascertainment. This notice may be either written or printed and shall be verified by the seal of the office of the Comptroller of Public Accounts, and shall be addressed to such corporation and mailed to the post office named in its articles of incorporation as its principal place of business, or to any other known place of business of the corporation. A record of the date of mailing this notice shall be kept in the office of the Comptroller of Public Accounts, and such notice and record thereof shall constitute legal and sufficient notice thereof for all purposes of this Chapter. Any corporation whose right to do business may have been forfeited, as provided in this Chapter, shall be relieved from such forfeiture by paying to the Comptroller of Public Accounts at any time prior to the forfeiture of the charter or certificate of authority of such a corporation as hereinafter provided, the full amount of the franchise taxes, penalties, and interest due by it. When such taxes, penalties, and interest shall be paid to the Comptroller of Public Accounts, he shall revive the right of the corporation to do business within the State. If any domestic corporation or foreign corporation, whose right to do business within this State shall hereafter be forfeited under the provisions of this Chapter, shall fail to pay the Comptroller of Public Accounts within one hundred and twenty (120) days after such forfeiture, the amount necessary to entitle it to have its right to do business revived under the provisions of this Chapter, such failure shall constitute sufficient ground for the forfeiture of the charter of such domestic corporation, or of the certificate of authority of such foreign corporation. It shall be the duty of the Comptroller of Public Accounts, after such one hundred and twenty (120) days next following such forfeiture, to certify to the Attorney General the names of all corporations whose right to do business within the State has been forfeited as hereinbefore provided. The Attorney General, upon receiving such certificate, shall forthwith institute suit against such corporations as provided in Article 12.16 of this Chapter.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. VII, § 10, eff. Sept. 1, 1961; Acts 1969, 61st Leg., p. 2366, ch. 801, § 12, eff. Sept. 1, 1969.]

#### Art. 12.16. Attorney General to Bring Suit

(1) The Attorney General shall bring suit therefor, against any such corporation which may be or become subject to or liable for any franchise tax or penalty under this law; and, in case there may now be or shall hereafter exist valid grounds for the forfeiture of the charter of any domestic private

corporation or the permit of any foreign corporation, for failure to pay any franchise tax or franchise taxes or penalty or penalties to which it may have become or shall hereafter be or become subject or liable under this or former law, he shall bring suit for a forfeiture of such charter or permit; and, for the purpose of enforcing the provisions of this Chapter by civil suits, venue is hereby conferred upon the courts of Travis County concurrently with the courts of the county in which the principal office of such corporation may be located as shown by its articles or amended articles of incorporation or permit. Such courts shall also have authority to restrain and enjoin a violation of any provision of this Chapter. In any case in which any court having jurisdiction thereof shall make and enter judgment forfeiting the charter or permit of any such corporation, the court may appoint a receiver thereof and may administer such receivership under the laws regulating receiverships.

(2) In all suits instituted against any domestic corporation under the provisions of this Chapter for the forfeiture of its charter and/or the recovery of franchise taxes or penalties, where the officers named in the articles of incorporation, or amendments thereto, or annual reports on file in the office of the Secretary of State, or local agent of such corporation do not reside or cannot be located in the county wherein the principal office of such corporation is located, as stated in the original articles of incorporation of said company or amendments thereto on file in the office of the Secretary of State, or where the principal office of said corporation is not maintained or cannot be found in said County, then service of process, pleadings, and other legal notices of such action may be made upon the Secretary of State of the State of Texas and the same shall be held as due and sufficient service upon such corporation. Whenever process against such corporation is served upon the Secretary of State said service may be made by delivering to the Secretary of State or to the Assistant Secretary of State, duplicate copies of such process whereupon service of such process upon such corporation shall be deemed to be complete and shall constitute valid service upon such corporation. Upon receipt of such process the Secretary of State shall forthwith forward to said corporation a copy of such process by registered mail addressed to the post office named in its Articles of Incorporation or amendments thereto as its principal place of business or to any other place of business of such corporation as shown by the records in the office of the Secretary of State; provided, however, the failure of the Secretary of State to give such notice or to mail copies of such process shall not affect the validity of said service. The certificate of the Secretary of State, under his official seal, of such service shall be competent and sufficient proof thereof. The Secretary of State shall keep a record of all processes served upon him and shall record therein the time of said service and his action in respect thereto. This Act shall be cumulative of all existing Statutes. [Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 12.17. Forfeiture of Charter and Bill of Review

(1) Upon the rendition by the district court of any judgment of forfeiture under the provisions of this Chapter, the clerk of that court shall forthwith mail to the Secretary of State a certified copy of such judgment; and, upon receipt thereof, he shall endorse upon the record in his office of such corporation the words, "Judgment of Forfeiture," and the date of such judgment. In the event of an appeal from such judgment by writ of error or otherwise, the clerk of the court from which such appeal is taken shall forthwith certify to the Secretary of State the fact that such appeal has been perfected, and he shall endorse upon the record of such corporation in his office the word, "Appealed," and the date upon which such appeal was perfected. When final disposition of such appeal shall be made, the clerk of the court making such disposition thereof shall forthwith certify such disposition and the date thereof to the Secretary of State, who shall briefly note same upon the record of such corporation in his office and the date of such final disposition.

(2) Upon determination by the Secretary of State that any domestic corporation or foreign corporation whose right to do business has been previously forfeited by the Comptroller of Public Accounts, and which corporation has failed and refused to have its right to do business revived pursuant to the provisions of this Chapter, prior to the first day of January next succeeding the date of forfeiture of its right to do business, and which corporation has no assets from which a judgment for franchise tax, penalties, and court costs may be satisfied, the charter or certificate of authority of any such corporation may be forfeited, which shall be consummated without judicial ascertainment by the Secretary of State entering upon the records of such domestic corporation or upon the certificate of authority to do business of a foreign corporation filed in his office, the words, "Charter Forfeited" or "Certificate Forfeited," giving the date thereof and citing this Act as the authority therefor.

(3) In the event of the forfeiture of the charter or certificate of a domestic or foreign corporation, either by the Secretary of State or by judicial ascertainment, as provided by this Title, the right to do business and the charter or certificate may be revived by the following procedure:

(a) The corporation shall first file all delinquent franchise tax returns as required by law and also pay all franchise taxes, penalties and interest due by said corporation at the time of filing the suit hereinafter mentioned. In the case of forfeiture of a charter or certificate of authority by judicial ascertainment, any stockholder or director or officer of the corporation at the time of forfeiture of the right to do business, or the charter or certificate, may, in the name of the corporation, bring suit in the District Court of Travis County, Texas, in the nature of a bill of review to set aside such

forfeiture. The Secretary of State and Attorney General shall be made defendants in said suit. In the event judgment is rendered setting aside the forfeiture of the charter or the revocation of the certificate of authority, the Secretary of State shall endorse on the records of said corporation the words "Charter Reinstated by Court Order" or "Certificate Reinstated by Court Order" as the case may be, and state the cause and date on which such judgment was entered, and the Comptroller of Public Accounts shall administratively revive the corporation's right to do business in accordance with the provisions of Article 12.15 of this Title, by making the proper notations upon his record of said corporation.

(b) Any corporation, domestic or foreign, whose charter or certificate has been forfeited without judicial ascertainment by the Secretary of State may revive said charter or certificate, by first filing all delinquent franchise tax reports as required by law and by filing all franchise taxes, penalties, and interest due by said corporation at the time of the request for reinstating the charter or certificate hereinafter mentioned. Any stockholder or director or officer of the corporation at the time of the forfeiture of the right to do business, or the charter, or the certificate may, in the name of the corporation, initiate the above proceedings to set aside the forfeiture. Upon such request, and upon the determination that all delinquent franchise tax reports have been filed and all franchise taxes, penalties and interest due by said corporation at the time of the request for reinstatement have been paid, the Secretary of State shall administratively set aside the forfeiture and the Comptroller of Public Accounts shall administratively revive the corporation's right to do business in accordance with the provisions of Article 12.15 of this Title.

If any forfeited corporation's charter or certificate of authority is reinstated, it shall at the time of its request for reinstatement ascertain from the Secretary of State whether the name of the forfeited corporation is available, and if not available, file an amendment to its charter or its certificate of authority changing the name of the corporation. It is further provided that nothing in this Act shall affect the liability of the officers and directors of such corporation for any debts, obligations or liabilities incurred between the date of the forfeiture of the right to do business and the revival as herein provided.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1965, 59th Leg., p. 1268, ch. 582, § 1, eff. Aug. 30, 1965; Acts 1969, 61st Leg., p. 2366, ch. 801, § 13, eff. Sept. 1, 1969.]

#### Art. 12.18. Corporation in Process of Liquidation

If a corporation is actually in process of liquidation, such corporation shall only be required to pay a franchise tax calculated upon the difference between the amount of stock actually issued and the

amount of liquidating dividends actually paid upon such stock; provided, that the president and secretary of such corporation shall make affidavit as to the total amount of capital stock issued and as to the amount of liquidating dividends actually paid and that such corporation is in an actual bona fide state of liquidation.

The terms "process of liquidation" and "Actual bona fide state of liquidation" shall mean that the corporation by resolution of its board of directors, duly ratified by a majority vote of the stockholders of record thereof, has adopted and is pursuing in good faith a plan of assembling and marshalling the assets of the corporation, paying or settling with the creditors and debtors of the corporation and apportioning the remaining assets, if any, among and to the stockholders of the corporation, all in manner and form provided by the laws of Texas, thereby terminating the business of and dissolving the corporation in the manner and form provided by the laws of Texas. (3) It shall be unlawful for a person who has a financial interest in a business required to be licensed by this Article or for any agent on behalf of such person to contract either orally or in writing to convey an interest in real property whether by lease, sub-lease or otherwise if such contract contains a provision or provisions in any way limiting the other party's right to secure music or skill or pleasure coin-operated machines from any source.

(4) It shall be unlawful for a person to secure or attempt to secure a contract of lease or bailment of a music or skill or pleasure coin-operated machine by coercion, threats or intimidation, through the commission of, or threat to commit, any act prohibited by the penal laws of this State or the Consumer Credit Code of this State.

(5) A person who violates Subsection (1), (3), or (4) of this Section shall be guilty of a felony and upon conviction is punishable by imprisonment in the penitentiary for not less than two (2) years nor more than five (5) years or by a fine of not more than \$10,000.00 or by both.

(6) Any person required to be licensed by this Article may make an extension of credit to a lessee or a bailee of a music or skill or pleasure coin-operated machine for business or commercial purposes when the following terms and conditions have been

met and the following duties and obligations satisfactorily assumed and discharged.

(a) Before making the first such extension of credit, the licensee under this Article shall first notify the Comptroller and the Consumer Credit Commissioner of the State of Texas of the intent of such licensee to make extensions of credit in the conduct of the licensee's business.

(b) The consideration for such extensions of credit shall not exceed interest or its equivalent at the rate of one and one-half percent (1½%) per month, computed according to the United States Rule. Consideration excludes court costs and attorney's fees as determined by the court, but includes the aggregate interest, fees, bonuses, commissions, brokerage, discounts, expenses, and other forms of costs charged, contracted for, or received by a licensee or any other person in connection with investigating, arranging, negotiating, procuring, guaranteeing, making, servicing, collecting, and enforcing an extension of credit or forbearance of money, credit, goods, or things in action, or any other service rendered. If in any transaction any consideration in excess of that provided above is charged or received by the licensee directly, or indirectly, except as the result of an accidental and bona fide error corrected upon discovery, the unpaid balance of the indebtedness created by such transaction shall be void, and that portion of any indebtedness so created which has been paid to the licensee, either the principal or its equivalent or interest or its equivalent, or both, shall be repaid by the licensee to the person.

(c) No extension of credit may be made by any person required to be licensed by this Article unless it is evidenced by a written agreement signed by the parties thereto specifying both the amount of credit extended, the consideration for such extension of credit, and the terms according to which such extension of credit is to be repaid.

(d) Each licensee making extensions of credit authorized by this Section shall keep in this State books and records, which shall be consistent with accepted accounting practices, relating to all such extensions of credit authorized by this Section sufficient to enable any competent person to determine whether or not such licensee is complying with this Section. Such records shall be preserved for four (4) years from the date of the transaction to which they relate, or two (2) years from the date of the final entry made with regard to such transaction, whichever is later.

(e) At such times as the Consumer Credit Commissioner may deem necessary, or at the request of the Comptroller or the Attorney General, the Consumer Credit Commissioner, or his duly authorized representative, may make an examination of the place of business of each licensee hereunder, and may inquire into and

examine the transactions, books, accounts, papers, correspondence, or records of such licensee insofar as they pertain to the extensions of credit regulated by this Section. In the course of such examinations, the Consumer Credit Commissioner or his duly authorized representative shall have free access to the office, place of business, files, safes and vaults of such licensee, and shall have the right to make copies of such books, accounts, papers, correspondence and records. The Consumer Credit Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Section to consider, investigate or secure information. Any licensee who shall fail or refuse to let the Consumer Credit Commissioner or his duly authorized representative examine or make copies of such books or other relative documents shall thereby be deemed in violation of this Section. The information obtained in the course of such examination shall be confidential. Each licensee shall pay to the Commissioner an amount assessed by the Commissioner to cover the direct and indirect costs of such examination, including a proportionate share of general administrative expenses, which amount shall be retained and held by the Consumer Credit Commissioner, and no part of such fee shall ever be paid into the General Revenue Fund of this State. All expenses incurred by the Consumer Credit Commissioner in conducting such examinations shall be paid only from such fees, and no such expense shall ever be charged against the funds of this State.

(f) The Consumer Credit Commissioner may make regulations necessary for the enforcement of this Section and consistent with all its provisions. Before making a regulation the Consumer Credit Commissioner shall give each licensee at least thirty (30) days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Consumer Credit Commissioner, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form, stating the date of adoption and date of promulgation. Each regulation shall be entered in a permanent record book which shall be a public record and be kept in the Consumer Credit Commissioner's office. A copy of every regulation shall be mailed to each licensee, and no regulation shall become effective until the expiration of at least twenty (20) days after such mailing. On the application of any person and payment of the cost thereof, the Consumer Credit Commissioner shall furnish

such person a certified copy of any such regulation.

(7) Any person required to be licensed by this Article who co-signs, guarantees, or becomes surety for an extension of credit or loan of anything of value to any person engaged in selling or serving alcoholic beverages for on-premises consumption, or to any person who he has reason to believe is about to be engaged in selling or serving alcoholic beverages for on-premises consumption, shall file with the Comptroller and the Consumer Credit Commissioner, a copy of all documents related to the transaction.

(8) Any person who violates Subsection (5), (6), or (7) of this Section is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$200.00 nor more than \$1,000.00.

(A) The inheritance tax imposed by Article 14.01 shall be imposed upon the actual market value of taxable property transferred, if it has a market value, and in case it has none, then its real value. Any bonds of the United States, saving notes or other obligations which, upon the death of the decedent, constitute a part of his estate, and which may be and are received, by the United States at par and accrued interest, in payment of any estate or inheritance taxes or any other tax liability imposed by the United States shall for Texas inheritance tax purposes be valued in such estate at the amount for which same are used in payment of any such Federal tax liability.

(B) Date of Valuation. Property shall be valued at the time of the death of the decedent, provided that if the personal representative so elects, property may be valued as follows:

(1) In the case of property distributed, sold, exchanged, or otherwise disposed of, within six (6) months after the decedent's death such property shall be valued as of the date of distribution, sale, exchange, or other disposition.

(2) In the case of property not distributed, sold, exchanged, or otherwise disposed of, within six (6) months after the decedent's death, such property shall be valued as of the date six (6) months after the decedent's death.

(3) Any interest or estate which is affected by mere lapse of time shall be included at its value as of the time of death (instead of the later date) with adjustment for any difference in its value as of the later date not due to mere lapse of time.

(C) Determining Value. (1) If the Comptroller shall deem the value of any property reported by the personal representative to be incorrect, he may ap-

praise the property or have it appraised to determine the correct value.

(2) The Comptroller may take into consideration the Federal valuation of any property for Federal estate tax purposes and may value or revalue any or all property in an estate for a determination of the tax levied by this Chapter.

(3) The personal representative, a beneficiary, or any other interested person may petition the Comptroller for a redetermination of the value of any or all property.

(4) If the interested person is dissatisfied with the value set by the Comptroller after a redetermination hearing, said party shall have the right to appeal the same to the District Court of the county wherein the administration of the estate is being held, or if there is no administration, or if it be a non-resident estate, then in the county wherein the principal part of the estate is located, within twenty (20) days by giving notice of appeal. ## II. ADDITIONAL INHERITANCE TAX—FEDERAL ESTATE TAX CREDIT

### Art. 14.12. Additional Inheritance and Transfer Tax

(A) Impose Additional Tax. In addition to the inheritance tax already levied by this State under existing laws, an inheritance and transfer tax is hereby levied upon the net estate of every decedent dying after this Act shall take effect, and whose estate, or any portion thereof, is, or hereafter shall be, made taxable under the inheritance tax laws of this State, or that may be subject to such taxes under any law of this State that may be hereinafter enacted. Said tax shall be, and is, levied upon the entire net value of the taxable estate of the decedent situated and taxable in the State of Texas, and the tax on each such estate shall be equal to the difference between the sum of such taxes due this State as inheritance or transfer taxes and eighty per cent (80%) of the total sum of the estate and transfer taxes imposed on such estate by the United States Government under the Revenue Act of 1926, by reason of the property of such estate which is situated in this State and taxable under the laws of this State.

(B) When No Tax Due. In the event the amount of inheritance and transfer taxes assessed against any certain estate under the inheritance tax laws of this State shall equal or exceed eighty per cent (80%) of the estate or transfer taxes assessed and computed by the United States under the Revenue Act of 1926, against said estate or property belonging thereto and situated within the State of Texas, then no additional taxes shall be collected hereunder, it being the purpose and intention of this Article to

collect only a sufficient additional tax when necessary, for the State to get the full benefit of the eighty per cent (80%) credit to the States provided for by Section 301, Chapter 27, of the Federal Revenue Act of 1926.

(C) Tax on Estate Subject to Federal Tax But on Which No State Tax Is Due. Where no inheritance tax is imposed on an estate, which is situated in this State, under the laws of this State, by reason of its value not exceeding in value the amount of exemptions, and an estate tax is imposed on such estate by the Federal Government, then there shall be, and is hereby levied and shall be collected from such estate, an inheritance or transfer tax sufficient in amount to equal eighty per cent (80%) of said tax imposed by the Federal Government under the Revenue Act of 1926, on that portion of said estate which is situated in the State of Texas.

In computing and determining the rate of the tax in such cases named in this Section, the State Comptroller shall compute the same upon the net valuations of said estate as determined and used by the United States in computing the amount of the Federal Government tax due upon said estate, and said tax shall be paid from the whole of such estate before partition and distribution among the joint or several owners of same.

(D) Computation of Tax. In determining what is eighty per cent (80%) of the United States estate tax mentioned in the preceding Sections, the same shall be computed as eighty per cent (80%) of such taxes actually assessed and determined by the Federal Government under the Revenue Act of 1926, against every estate situated wholly in this State, or in case an estate is situated partly in this State and partly outside of this State, then such eighty per cent (80%) shall be computed as eighty per cent (80%) of the total amount of the Federal taxes finally determined and assessed by the Federal Government under the Revenue Act of 1926, on and against that part of the estate situated in the State of Texas, and said amount of Federal tax shall be determined by multiplying the total Federal estate tax on the entire estate by a percentage which shall be the same percentage as the percentage of the net estate located in Texas is to the total net estate of the decedent, wherever located, before deducting specific exemptions.

(E) Act Not to Increase Combined Tax Due to State and Federal Government. This Article shall always be construed so as not to increase the total amount of taxes payable to the State and the Federal Government combined upon the estates of decedents, the only purpose of said additional tax being to take full advantage of the eighty per cent (80%) credit allowed by the Federal Revenue Act of 1926, to those who have paid any estate, inheritance, legacy, or succession tax to any state or territory, or the District of Columbia, in respect to any property included in the decedent's gross estate.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1965, 59th Leg., p. 830, ch. 402, § 7, eff. July 1, 1965.]

(B) The Comptroller is authorized to examine any books, records, documents, or property that might be necessary for the proper enforcement of this Chapter. The Comptroller may bring suit in the name of the State of Texas through the Attorney General for the collection of any revenue levied by this Chapter or for the execution of the lien for such revenues. The Comptroller shall prescribe forms requiring whatever information he deems necessary and shall furnish all forms necessary in making the reports and collecting the tax provided for by this Chapter.

(C) Exchange Information. The State Comptroller is authorized and directed to confer with the Internal Revenue Service of the United States to ascertain the value of estates in Texas which have been assessed or valued for taxes by the Federal Government, and he shall cooperate with and may enter into an exchange of information agreement with the Internal Revenue Service, furnishing to said Service all available information concerning estates of decedents in Texas which said Service may request.

(D) Compromise Agreement. When the Comptroller claims that a decedent was domiciled in this State at the time of his death and the taxing authorities of another state or states make a like claim on behalf of their state or states, the Comptroller may with the approval of the Attorney General, make a written agreement of compromise with the other taxing authorities and the personal representative of the estate that a certain sum shall be accepted in full satisfaction of any and all death taxes imposed by this State, including any interest or penalties to the date of filing the agreement. The agreement shall also fix the amounts to be accepted by the other states in full satisfaction of death taxes.

or, in the absence of a will, proof of heirship. Said Clerk shall also give the Comptroller any other information which that official may call for in reference to any such estate, such information shall be furnished within ten (10) days after being called for. The Clerk shall be entitled to a fee of One Dollar (\$1) for making the reports herein required on each such estate, which shall be taxed against said estate as Court costs, and be accounted for as fees of office.

(C) Final Return. A final tax return must be filed within nine (9) months of the date of death of the decedent giving such information as the Comptroller deems necessary for the enforcement of this Chapter, unless the Comptroller has determined on the basis of the preliminary report that no tax is due. If complete information is not available at the time the final return is due, the Comptroller shall provide for an additional period of time for the filing of a supplementary report.

(D) Report of Determination of Federal Tax. Within thirty (30) days after receiving notice or information of the final assessment and determination of the value of the estate assessed and determined by the Federal Government for the purpose of fixing Federal estate taxes thereon, the personal representative shall make to the Comptroller a report of the value of said estate as so fixed and determined. Said report shall be made in such form and contain such information as the Comptroller directs.

(E) Failure to File Reports—Civil Penalty. A penalty of Ten Dollars (\$10) shall be assessed for failure to file any report or return required by this Article within the period provided.

(B) Any administrator, executor, or trustee of the estate of a decedent leaving property subject to taxation under the statutes relating to inheritance taxes who fails or refuses to file within the time prescribed by law a report with the Comptroller giving the information required by law as to such estate, shall be guilty of a misdemeanor and upon conviction shall be fined not less than One Hundred Dollars (\$100) nor more than One Thousand Dollars (\$1,000).

#### Art. 14.16. Payment of the Tax

(A) Date Due. The inheritance taxes levied by this Chapter shall be due and payable nine (9) months after the date of death of the decedent, unless such date for the filing of the return and the payment of the tax shall be extended by the Comptroller upon the showing that the payment thereof will result in undue hardship to the beneficiaries of the estate, in which event the inheritance taxes levied by this Chapter shall be due and payable on the date specified by the Comptroller in granting any request for extension.

(B) Extension of Time. In case of a redetermination hearing or litigation which affects the amount of tax due, the Comptroller shall extend the date for payment of the amount of tax under question for a period not to exceed thirty (30) days from the date of termination of said hearing or litigation.

(C) Payment. All taxes received and/or due under this Chapter by any personal representative shall be paid by him to the Treasurer of the State of Texas through the Comptroller. Upon receipt of such payment, the Comptroller shall issue proper receipt therefor, and shall deliver one to the party making payment or to his attorney of record. All taxes, penalties, and interest imposed by this Chapter shall be deposited to the General Revenue Fund.

(D) Partial Payment. Nothing in this Chapter shall prevent any part-owner or coparcener of property, against which taxes have been assessed under the provisions of this Chapter, from paying his pro rata of such taxes and thus relieving his property from any lien, interest, or penalties after such payment.

(E) Refunds. When it shall appear that a taxpayer to whom the provisions of this Chapter shall apply has erroneously paid more taxes than were due on account of a mistake of fact or law, the State Comptroller may refund such overpayment by warrant on the State Treasury from any funds appropriated for such purpose.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1; Acts 1965, 59th Leg., p. 830, ch. 402, § 7, eff. July 1, 1965; Acts 1971, 62nd Leg., p. 2946, ch. 974, § 6, eff. Aug. 30, 1971.]

If any tax imposed by the Chapter is not paid on or before the due date, a penalty of five percent (5%) of the tax due shall become due and payable, and if any tax is not paid within thirty (30) days of the due date, an additional penalty of five percent (5%) of the tax shall become due and payable, unless in each instance it is shown that the failure is due to reasonable cause and not due to willful neglect. Interest

at the rate of six percent (6%) per annum on any tax due shall be added to any tax and penalties imposed by this Chapter that are not paid within nine (9) months from the date of death of the decedent, unless the computed interest would be less than Five Dollars (\$5).

(B) Exemption. The lien provided by this Article shall not attach to the stock of goods of a business firm, but shall attach to the proceeds from the sale of such goods. "Stock of Goods" includes such tangible personal property as is normally sold in the operation of the business.

(C) Notice. All persons acquiring any portion of an estate subject to taxation under this Chapter shall be personally liable for the tax imposed by this Chapter and be charged with notice of the existence of all such unpaid taxes, penalties, interest, and costs, and of the lien securing their payment.

(D) Enforcement. The lien provided by this Article may be enforced in any suit brought for the collection of said taxes, penalties, interest, and costs or otherwise enforced under the laws of this state. The lien provided for by this Article shall remain in force on any property of the estate whether or not any probate proceedings are filed on the estate. If no inheritance tax is due, such fact must be shown by an instrument in writing approved by the State Comptroller of Public Accounts, and filed with the final papers closing the estate.

(A) Person. "Person" shall mean and include any individual, firm, copartnership, joint venture, association, social club, fraternal organization, corporation, estate, trust, business trust, receiver, assignee for the benefit of creditors, trustee, trustee in bankruptcy, syndicate, cooperative, assignee, or any other group or combination acting as a unit. (a) The cost of the taxable item sold. However, in accordance with such rules and regulations as the Comptroller may prescribe, a deduction may be taken if the retailer has purchased tangible personal property for some purpose other than resale, has reimbursed his vendor for tax which the vendor is required to pay to the State or has paid the use tax with respect to the tangible personal property, and has resold the tangible personal property prior

to making any use of the tangible personal property other than retention, demonstration or display while holding it for sale in the regular course of business. If such a deduction is taken by the retailer, no refund or credit will be allowed to his vendor with respect to the sale of the tangible personal property.

(b) The cost of the materials used, labor or service costs, interest paid, losses or any other expenses.

(c) The cost of transportation of the tangible personal property prior to its sale to the purchaser.

(d) The cost of transportation incident to the performance of a taxable service.

(2) "Receipts" does not include any of the following:

(a) Cash discounts allowed on sales.

(b) Sales price of tangible personal property returned by customers when the full sales price is refunded either in cash or credit, or refunds on the sales price of taxable services.

(c) The amount of any tax (not including, however, any manufacturers' or importers' excise tax) imposed by the United States upon or with respect to retail sales, whether imposed upon the retailer or the consumer.

(d) The amount charged for finance charges, carrying charges, service charges or interest from credit extended on sales of taxable items under conditional sale contracts or other contracts providing for deferred payments of the purchase price.

(e) The value of tangible personal property taken by a seller in trade as all or a part of the consideration for a sale of tangible personal property of any kind or nature.

(f) Charges for transportation of tangible personal property after sale.

[Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1, eff. July 1, 1963; Acts 1968, 60th Leg., 1st C.S., p. 4, ch. 2, § 4, eff. "Section 1. The passage of Public Law 91-156 [12 U.S.C.A. § 548] by the Congress of the United States shall not operate to impose or permit the imposition of any additional tax or taxes upon the institutions affected thereby unless:

 "(b) Such institutions are specifically designated as being subject to such additional tax or taxes other than the limited sales and use tax by an Act of the Legislature passed subsequent to the effective date of Public Law 91-156."

"(1) the items are used for the performance of a written contract entered into prior to the effective date of this Act, if the contract is not subject to change or modification by reason of the tax; or the items are used pursuant to an obligation of a bid or bids submitted prior to the effective date of this Act, if the bid or bids may not be withdrawn, modified, or changed by reason of the tax imposed by this Act; and

"(b) The exemptions provided by this section have no effect after three years following the effective date of this Act.

"Sec. 2. This Act takes effect on July 1, 1971, on the condition that it is passed by a vote of at least two-thirds of all members elected to each House as required by Section 39, Article III, Constitution of the State of Texas. Otherwise, this Act takes effect on September 1, 1971.

"Sec. 3. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

### Art. 20.021. Method of Collection; Bracket System

(A) Every retailer shall add the sales tax imposed by Article 20.02 of this Chapter to his sale price and when added the tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. It is further specified that where tangible personal property is segregated in contemplation of transfer of title or possession and is thereafter to be transported by common carrier from the seller to the buyer, with the price fixed F.O.B. the seller's place of business, and with transportation charges separately stated, the tax herein imposed shall be computed only upon the basis of the charge for the tangible personal property itself, exclusive of the separately stated and independently fixed transportation charges. When the sale price shall involve a fraction of a dollar, the tax shall be added to the sale price upon the following schedule:

Amount of Sale	Tax
\$.01 to \$ .12	No Tax
.13 to .37	\$.01
.38 to .62	.02
.63 to .87	.03
.88 to 1.12	.04

Provided, that for successive brackets for this schedule in this paragraph, the tax shall be computed by multiplying four percent (4%) times the amount of the sale. Any fraction of one cent (\$.01) which is less than one half of one cent (\$.005) of tax shall not be collected. Any fraction of one cent (\$.01) of tax equal to one half of one cent (\$.005) or more shall be collected as a whole cent (\$.01) of tax.

When several taxable items are purchased together and at the same time, the tax shall be computed on the total amount of the several items less the amount paid for any article or item of tangible personal property specifically exempt under the provisions of Article 20.04 of this Chapter.

The use of tokens or stamps for the purpose of collecting or of enforcing the collection of the tax imposed in this Chapter or for any other purpose in connection with such tax is prohibited.

(B) Assumption or Absorption of Tax by Retailer; Unlawful Advertising.

(1) It is unlawful for any retailer to advertise or to hold out or to state to the public or to any customer, either directly or indirectly, that the tax or any part thereof will be assumed or absorbed by him or that any part of it will be refunded or that it will not be added to the selling price of the taxable items sold. Provided, however, that this Section (B) does not prohibit any utility from billing its customers in one lump sum covering the utility sales price plus the tax imposed by this Chapter.

(2) Any person violating any provision of this paragraph is guilty of a misdemeanor.

(C) Limited Sales Tax Permit Application.

(1) Every person desiring to engage in or to conduct business as a seller within this State shall file with the Comptroller an application for a permit for each place of business.

(2) Every application for a permit shall:

(a) Be made upon a form prescribed by the Comptroller.

(b) Set forth the name under which the applicant transacts or intends to transact business and the location of his place or places of business.

(c) Set forth such other information as the Comptroller may require.

(d) The application shall be signed by the owner if he is a natural person; in the case of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.

(D) Limited Sales Permit Issuances. After compliance with Paragraphs (C) and (N) of this Article by the applicant, the Comptroller shall grant and issue to each applicant without charge a separate permit for each place of business within the State. A permit shall not be assignable and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall at all times be conspicuously displayed at the place for which issued.

(E) Revocation, Suspension of Permit; Procedure.

(1) Whenever any person fails to comply with any provision of this Chapter relating to the limited sales tax or with any rule or regulation of the Comptroller relating to such tax prescribed and adopted under this Chapter, the Comptroller upon hearing, after giving the person twenty (20) days' notice in writing specifying the time and place of hearing and requiring him to show cause why his permit or permits

should not be revoked, may revoke or suspend any one or more of the permits held by the person.

(2) The Comptroller shall give to the person written notice of the suspension or revocation of any of his permits.

(3) The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(4) The Comptroller shall not issue a new permit after the revocation of a permit unless he is satisfied that the former holder of the permit will comply with the provisions of this Chapter relating to the limited sales tax and the regulations of the Comptroller. The Comptroller may prescribe the terms under which a suspended permit may be reissued.

(5) The action of the Comptroller may be appealed by the taxpayer in the same manner as a final deficiency determination.

(F) **Presumption of Taxability: Resale Certificate.** For the purpose of the proper administration of this Chapter and to prevent evasion of the limited sales tax it shall be presumed that all gross receipts are subject to the tax until the contrary is established.

The burden of proving that a sale of tangible personal property is not a sale at retail is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the tangible personal property is purchased for the purpose of reselling, leasing or renting it in the regular course of business or for the purpose of subsequently transferring it as an integral part of a taxable service rendered in the regular course of business.

Provided, however, any purchase of beer or malt liquor by the holder of a retail license or permit issued under the provisions of the Texas Liquor Control Act from any holder of a manufacturer's license, General Class B Wholesaler's permit, Local Class B Wholesaler's permit, General, Local, Branch or City Distributor's license issued under the provisions of the Texas Liquor Control Act shall be presumed to be a purchase for resale. The holder of any such manufacturer's license, General Class B Wholesaler's permit, Local Class B Wholesaler's permit, General, Local, Branch or City Distributor's license shall not be required to secure a resale certificate covering sales to the holders of any such retail licenses or permits.

(G) **Effect of Resale Certificate.** The resale certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling, leasing or renting taxable items. A resale certificate may be given by a purchaser, who at the time of purchasing the tangible personal property, intends to sell, lease or rent it in the regular course of business, transfer it as an integral part of a taxable service in the regular course of business or is unable to ascertain at the time of purchase whether the tangible person-

al property will be resold, leased, rented, or transferred in the regular course of business or will be used for some other purpose.

(H) **Form and Contents of Resale Certificate.**

(1) The certificate shall:

(a) Be signed by and bear the name and address of the purchaser.

(b) Indicate the number of the permit issued to the purchaser or that an application for such permit is pending before the Comptroller.

(c) Indicate the general character of the tangible personal property sold, leased or rented by the purchaser in the regular course of business, or transferred as an integral part of a taxable service rendered in the regular course of business.

(2) The certificate shall be substantially in such form as the Comptroller may prescribe.

(I) **Liability of Purchaser Giving Resale Certificate.** If a purchaser who gives a resale certificate makes any use of the tangible personal property other than retention, demonstration or display while holding it for sale, lease or rental in the regular course of business or for transfer as an integral part of a taxable service in the regular course of business, the use shall be taxable to the purchaser as of the time when the tangible personal property is first so used, and the sales price of the tangible personal property to him shall be deemed the measure of the tax.

(J) **Improper Use of Resale Certificates.** Any person who gives a resale certificate to the seller for tangible personal property which he knows, at the time of purchase, is purchased for the purpose of use rather than for the purpose of resale, lease or rental by him in the regular course of business or for transfer by him as an integral part of a taxable service rendered in the regular course of business is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

(K) **Resale Certificate; Commingled Fungible Goods.** If a purchaser gives a resale certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of goods covered by the resale certificate until a quantity of such goods equal to the quantity of the goods so commingled has been sold.

(L) **Bad Debts.** Credit shall be allowed to the retailer for taxes paid on sales represented by that portion of an account determined to be worthless and actually charged off for federal income tax purposes or on the portion of the purchase price remaining unpaid at the time of a repossession made under the terms of a conditional sales contract.

(M) Refunds and Allowances. Credit shall be allowed to the retailer for taxes paid on the amount of any refunds or credits allowed to a purchaser as a result of a bona fide renegotiation of a sales price. Such renegotiation shall include agreements by which the seller refunds or allows credit for any amount in satisfaction for an alleged breach of warranty with respect to taxable items previously sold by him to the person with whom said agreement is made.

(N) Bonds or Securities.

(1) Every person who holds a sales tax permit under this Chapter as of January 1, 1974, and is delinquent in the payment of any taxes, penalties and/or interest on January 1, 1974, and every applicant for a sales tax permit on or after January 1, 1974, shall furnish to the Comptroller a cash bond, a bond from a surety company chartered or authorized to do business in the State of Texas, certificates of deposits, certificates of Savings or U.S. Treasury bonds or, subject to the discretion and approval of the Comptroller, an assignment of negotiable stocks or bonds, or such other security as the Comptroller may deem sufficient to secure the payment of taxes under this Chapter. Any surety bond furnished under this Paragraph shall be a continuing instrument and shall constitute a new and separate obligation in the penal sum named therein for each calendar year or a portion thereof while such bond is in force. Such bond shall remain in effect until the surety or sureties are released and discharged. The Comptroller shall fix the amount of such bond or security in each case, taking into consideration the amount of money that has or is expected to become due from such person under this Chapter and under the Local Sales and Use Tax Act.<sup>1</sup> The amount of the bond or security required by the Comptroller shall be such as will protect the State of Texas against failure to pay the amount which may become due from such person under this Chapter and under the Local Sales and Use Tax Act, but the amount of the bond or security required by the Comptroller shall not exceed three (3) times the amount of such person's average quarterly tax liability, or Fifty Thousand Dollars (\$50,000.00), whichever is lower.

(2) No sales tax permit shall be issued by the Comptroller on or after January 1, 1974, until the applicant provides the Comptroller with a bond or security as described in Subsection 1 of this Paragraph, together with a completed sales tax permit application form. Applicants for sales tax permits on or after January 1, 1974 may be issued temporary authority for a period to be determined by the Comptroller in order to arrange for and provide the bond or security required by this section. Said temporary authority shall expire automatically without fur-

ther notice on the expiration date shown on the temporary authority.

(3) Any person holding a sales tax permit under this Chapter on January 1, 1974 and who is not delinquent as that term is defined below shall not be required to furnish the bond or security described in Subsection 1 of this Paragraph.

The exemption shall continue for each such taxpayer until such time as he may be determined by the Comptroller to be delinquent, which term shall mean for the purposes of this section, the failure to file all reports due and/or the failure to pay any determination prior to the day such determination could be paid without additional penalty at which time as a condition precedent to being allowed to continue to engage in the business of selling taxable items at retail, such taxpayer shall be required to post the bond or security described in Subsection 1 of this Paragraph with the Comptroller. After such determination, the Comptroller shall notify such person by mail that he must furnish a bond or security and in such notice, shall state the amount of the bond or security required to be filed. Such notice shall be addressed to such person's address as shall be shown in the records of the Comptroller.

(4) Every person who holds a sales tax permit under this Chapter as of January 1, 1974, and is delinquent shall file with the Comptroller a bond or security as described in Subsection 1. The Comptroller shall notify such person by mail that he must file a bond or security within 30 days of the date of the notice. The notice shall state the amount of the bond or security required by the Comptroller and shall be addressed to such person's address as shown in the records of the Comptroller.

(5) Upon determination of the Comptroller of the continuous compliance with the condition of the bond or security under the provisions of the Chapter for a period of two (2) consecutive years from January 1, 1974, or from the date of the issuance of his permit, a person shall be exempt from the bonding or security requirements of Subsection 1 and the Comptroller shall return, refund or release all security held under the Act upon written request of same.

This exemption shall continue for each such taxpayer until such time as he may be determined by the Comptroller to be delinquent which term shall mean for the purposes of this section the failure to file all reports due and/or the failure to pay any determination prior to the day such determination could be paid without additional penalty at which time as a condition precedent to being allowed to continue to engage in the business of selling taxable items at retail, such taxpayer shall be required to post the bond or security described in Subsection 1 of this Paragraph with the Comptroller. After

such determination, the Comptroller shall notify such person by mail that he must furnish a bond or security and in such notice, shall state the amount of the bond to be filed. Such notice shall be addressed to such person's address as shall be shown in the records of the Comptroller.

(6) Upon the failure to pay the taxes and/or file returns required by this Chapter and/or the Local Sales and Use Tax Act by any person who has executed or provided a bond or security under the provisions of this Chapter, the Comptroller shall notify the person by the issuance of a Deficiency or Jeopardy determination of the amount of delinquent taxes, penalties and interest, containing a demand for payment therein. Such determination shall provide that if payment is not made when due, the bond or other security, or any part thereof, shall be forfeited no earlier than the day following the last day such deficiency could be paid without incurring additional penalty.

In the case of the surety bond, the Comptroller will send a copy of such Deficiency or Jeopardy Determination to each surety on the bond. The demand for payment will be addressed to both the surety or sureties and the person who owes the delinquency.

If payment is not made when due and:

(a) if the forfeiture of the bond or other security does not satisfy the delinquency, the Comptroller shall thereafter follow the provisions of Paragraph E of this Article. If the permit of such person is revoked or suspended as a result thereof:

(1) the Comptroller shall notify the applicable city of any delinquency under the Local Sales and Use Tax Act;

(2) the Comptroller shall certify the taxes, penalties and interest delinquent under Chapter 20, Title 122A, Taxation—General, V.C.S., to the Attorney General, who shall file suit against such person and/or surety or sureties to collect the amount or amounts due; provided that suit may be filed against any surety or sureties on any bond without making the person, who is the principal obligor on said bond, a party to said suit. If such person is still engaged in selling taxable items at retail, the Attorney General may file suit to enjoin such person from continuing in such business until the person's permit is reinstated by the Comptroller. The permit cannot be reinstated by the Comptroller until all taxes, penalty and interest are paid and until another bond or other security is furnished. The Comptroller shall fix the amount of such bond or other security, subject only to the limitations as to maximum amounts, which are stated in Subsection 1 of this Paragraph. Venue in any such suit or injunction action is fixed in Travis County, Texas;

(b) if the bond or other security is forfeited in whole or part with no remaining delinquency, the Comptroller shall notify the person and demand that such person furnish another or additional bond or security in the amount specified by the Comptroller in the notice within ten (10) days of the date of such notification. [Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1; Acts 1968, 60th Leg., 1st C.S., p. 5, ch. 2, § 6, eff. Oct. 1, 1968; Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 23, eff. Oct. 1, 1969.]

#### Art. 20.031. Administration and Enforcement of Use Tax

(A) Liability for Use Tax: Extinguishment of Liability. Every person storing, using or otherwise consuming in this State taxable items purchased from a retailer or leased or rented from another person for such purpose is liable for the tax. His liability is not extinguished until the tax has been paid to this State, except that a receipt from a retailer engaged in business in this State or from a retailer who is authorized by the Comptroller, under such rules and regulations as he may prescribe, to collect the tax and who is, for the purposes of this Chapter relating to the use tax regarded as a retailer engaged in business in this State, given to the purchaser pursuant to Section (B) of this Article is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(B) Collection by Retailer: Purchaser's Receipt. Every retailer engaged in business in this State and selling, leasing or renting taxable items for storage, use, or other consumption in this State shall at the

time of making the sale collect any use tax which may be due from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the Comptroller.

"Retailer engaged in business in this State" as used in this Section (B) and the preceding Section (A) means and includes any of the following:

(1) Any retailer maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place or other place of business.

(2) Any retailer having any representative, agent, salesman, canvasser or solicitor operating in this State under the authority of the retailer or its subsidiary for the purpose of selling, delivering, or the taking of orders for any taxable items.

(C) Assumption, Absorption of Tax by Retailers, Unlawful Advertising. It is unlawful for any retailer to advertise or to hold out or to state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the retailer or that it will not be added to the selling, renting, or leasing price of the taxable item sold, rented or leased, or that it or any part thereof will be refunded.

(D) Unlawful Acts. Any person convicted of violating Sections (B) or (C) of this Article shall be guilty of a misdemeanor and shall suffer the penalties set forth in Article 20.12(D) of this Chapter.

(E) Registration of Retailers. Every retailer selling, leasing or renting taxable items for storage, use or other consumption in this State shall register with the Comptroller and give:

(1) The names and addresses of all agents operating in this State.

(2) The location of all distribution or sales houses or offices or other places of business in this State.

(3) Such other information as the Comptroller may require.

(F) Presumption of Purchase for Use: Resale Certificate. For the purpose of the proper administration of this Chapter and to prevent evasion of the use tax and of the duty to collect the use tax, it shall be presumed that tangible personal property sold, leased or rented by any person for delivery in this State is sold, leased or rented for storage, use or other consumption in this State until the contrary is established. The burden of proving the contrary is upon the person who sells, leases or rents the property unless he takes from the purchaser a certificate to the effect that the tangible personal property is purchased for resale, leasing, or renting.

(G) Effect of Resale Certificate. The resale certificate relieves the seller from the burden of proof only if taken in good faith from a person who is engaged in the business of selling taxable items. A

resale certificate may be given by a purchaser who, at the time of purchasing the tangible personal property, intends to sell, lease or rent it in the regular course of business, transfer it as an integral part of a taxable service rendered in the regular course of business or is unable to ascertain at the time of purchase whether the tangible personal property will be sold, leased or rented or will be used for some other purpose.

(H) Form and Contents of Resale Certificate.

(1) The certificate shall:

(a) Be signed and bear the name and address of the purchaser.

(b) Indicate the number of the permit issued to the purchaser or that an application for such permit is pending before the Comptroller.

(c) Indicate the general character of the tangible personal property sold, leased or rented by the purchaser in the regular course of business or transferred as an integral part of a taxable service rendered in the regular course of business.

(2) The certificate shall be substantially in such form as the Comptroller may prescribe.

(I) Liability of Purchaser Giving Resale Certificate; Use of Article Bought for Resale. If a purchaser who gives a resale certificate makes any use of the tangible personal property other than retention, demonstration or display while holding it for sale, lease or rental, in the regular course of business or for transfer as an integral part of a taxable service rendered in the regular course of business, the use shall be taxable to the purchaser as of the time when the tangible personal property is first so used, and the sales price of the property to him shall be deemed the measure of the tax.

(J) Improper Use of Resale Certificates. Any person who gives a resale certificate to the seller for tangible personal property which he knows, at the time of purchase, is purchased for the purpose of use rather than for the purpose of resale, lease or rental by him in the regular course of business or for transfer as an integral part of a taxable service rendered in the regular course of business is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

(K) Resale Certificate: Commingled Fungible Goods. If a purchaser gives a resale certificate with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased but of such a similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales from the mass of commingled goods shall be deemed to be sales of the goods covered by the resale certificate until a quantity of commingled goods equal to the quantity of such goods so commingled has been sold.

(L) Presumption of Purchase from Retailer. It shall be further presumed in the absence of evidence

to the contrary, that tangible personal property shipped or brought to this State by the purchaser after the effective date of this Chapter was purchased from a retailer on or after the effective date of this Chapter for storage, use or other consumption in this State, and that any service used or consumed in this State on or after the effective date of inclusion of that service as a taxable service under this Chapter, was purchased from a retailer on or after that date for use or consumption in this State.

(M) A retailer as defined by this Article must comply with the provisions of Article 20.021(N) of this Chapter.

[Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24; Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 24, eff. Oct. 1, 1969; Acts 1973, 63rd Leg., p. 779, ch. 345, § 3, eff. Aug. 27, 1973.]

(B) Exemption Certificates. If a purchaser certifies in writing to a seller that the taxable items purchased will be used in a manner or for a purpose entitling the seller to regard the receipts from the sale as exempted by this Chapter from the computation of the amount of the limited sales tax, and if the purchaser then uses the taxable items in some other manner or for some other purpose, the purchaser shall be liable for payment of the limited sales tax as if he were a retailer making a retail sale of the taxable items at the time of the use, and the cost of the taxable items to him shall be deemed the receipts from such retail sale for the purpose of determining the amount of tax for which he is liable.

Any person who gives an exemption certificate to the seller for taxable items which he knows, at the time of purchase, will be used in a manner other than that expressed in the exemption certificate is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

(c) Receipts from the sale, lease or rental of property described in Subdivision (a) of this section are exempt when the property is shipped to any place in the State for further assembly or fabrication, and receipts from the sale, lease or rental of such property made upon completion of the assembly or fabrication are exempt if the property is forthwith removed beyond the territorial limits of the State.

(Y) Contracts with Exempt Organizations. There are exempted from the computation of the amount of taxes imposed by this Chapter, the receipts from the sale, lease or rental of any tangible personal property to, or the storage, use or other consumption of tangible personal property by, any contractor for the performance of a contract for the improvement of realty for an exempt organization as defined in Section 20.04(H) of this Chapter or otherwise exempt from the taxes imposed by this Chapter to the extent of the value of the tangible personal property so used or consumed or both in the performance of such contract.

(Z) There are exempted from the taxes imposed by this Chapter the receipts from the leasing or licensing of motion picture films of any kind to or by motion picture theatres which are subject to admission taxes as imposed by Chapter 21, Title 122A, Revised Civil Statutes of Texas, 1925, as amended, and to or by licensed television stations.

(AA) A "volunteer fire department" means any company, department or association organized for the purpose of answering fire alarms and extinguishing fires, the members of which receive no compensation or nominal compensation for their services thus rendered. There are exempted from the taxes imposed by this Chapter the receipts from

the sale, lease, or rental in this State of taxable items to any volunteer fire department for its exclusive use.

#### Art. 20.05. Return and Payments

(A) Due Date of Taxes. Except as otherwise provided in this Section, the taxes imposed by this Chapter are due and payable to the Comptroller quarterly on or before the last day of the month next succeeding each quarterly period. If a taxpayer owes in excess of \$750 for any one calendar month, the taxes for that month are due and payable to the Comptroller on or before the last day of the next succeeding month. Nothing in this section will preclude any taxpayer from prepaying his tax as set out in Section (E) of this Article. If such tax is prepaid the taxpayer shall not be required to file monthly reports but may file quarterly reports as provided herein.

(B) Method Retailer Is to Use in Computing Tax. The limited sales tax levied under Article 20.02 shall be computed and paid to the Comptroller on the basis of the same percentage rate as is provided in Article 20.02 of this Title, applied to all receipts from the total sales of taxable tangible personal property and taxable services sold by the retailer; provided any retailer who can establish to the satisfaction of the Comptroller that fifty per cent (50%) or more of his receipts from the sale of tangible personal property and taxable services arise from individual transactions where the total sales price is twelve cents (12¢) or less may exclude the receipts from such sales when reporting and paying the tax imposed by Article 20.02 of this Chapter. No retailer shall avail himself of this provision without prior written approval of the Comptroller. The Comptroller shall grant such approval when he is satisfied that the retailer qualifies on the basis set forth in this Section and when the retailer has submitted satisfactory evidence that he can and will maintain records adequate to substantiate the exclusion herein authorized. Any attempt on the part of any retailer to exercise this provision without prior written approval of the Comptroller shall be deemed to

be a failure and refusal to pay the Limited Sales, Excise and Use Tax and the retailer shall be subject to assessment for back taxes, penalties and interest as provided for in this Chapter.

(C) Return; Time for Filing; Persons Required to File; Signatures; Accounting Basis.

(1) On or before the last day of the month following each quarterly period of three (3) months, except as provided in Subsection (5) of this Section, a return for said quarterly period shall be filed with the Comptroller in such form as the Comptroller may prescribe. If the taxpayer is required to make payments on a monthly basis, the report shall be filed with the Comptroller on or before the last day of the month following the month covered by the report.

(2) For purposes of the limited sales tax a return shall be filed by every person subject to the tax. For purposes of the use tax a return shall be filed by every retailer engaged in business in the State and by every person who has purchased taxable items, the storage, use or other consumption of which is subject to the use tax, but who has not paid the use tax due to a retailer required to collect the tax.

(3) Returns shall be signed by the person required to file the return or by his duly authorized agent but need not be verified by oath.

(4) A taxpayer who keeps his regular books and records on a cash basis or on an accrual basis, or on any generally recognized accounting basis which correctly reflects the operation of the business, may file the tax returns required by this Chapter on the same accounting basis that is used for the regular books and records.

(5) A taxpayer whose business is solely manufacturing, as defined in Paragraph (U), Article 20.01 of this Chapter, and who derives less than two per cent (2%) of his receipts from taxable sales, leases, or rentals during a quarterly period may omit the return required under this Section provided he files annually on either a calendar year basis or on the basis of his fiscal year a like report for his yearly operation.

(D) Contents of Return.

(1) For the purposes of the limited sales tax, the return shall show the sale or receipts of the retailer or seller during the preceding reporting period. For purposes of the use tax, in case of a return filed by a retailer, the return shall show the total receipts from sales of taxable items sold by him during the preceding reporting period which was purchased for the purpose of storage, use or consumption in this State.

(2) Gross proceeds from taxable rentals or leases of tangible personal property shall be reported and the tax shall be paid with respect thereto in accordance with such rules and regulations as the Comptroller may prescribe.

(3) In case of a return filed by the purchaser, the return shall show the total sales price of the taxable items purchased by him, the storage, use or consumption of which became subject to the use tax during the preceding reporting period.

(4) The return shall also show the amount of the taxes for the period covered by the return and such other information as the Comptroller deems necessary for the proper administration of this Chapter.

(E) Reimbursement to Taxpayer for Collection of Tax; Prepayments. The taxpayer shall deduct and withhold from the taxes otherwise due from him on his quarterly or monthly tax return, one percent (1%) thereof to reimburse himself for the cost of collecting the tax. Provided, however, an additional two percent (2%) deduction shall be allowed a taxpayer who makes prepayments of his tax liability based upon a reasonable estimate of his tax liability for the quarter in which the prepayment is made, or for the month in which the prepayment is made. In order for the taxpayer to be entitled to the additional two percent (2%) discount, the prepayment must be made on or before the fifteenth day of the second month of the calendar quarter for which the payment is made, or in the case of a taxpayer required to make monthly payments, the prepayment must be made on or before the fifteenth (15th) day of the month for which the prepayment is made.

A taxpayer making a prepayment of his tax as provided for in this paragraph is not relieved from the filing of quarterly or monthly returns as provided for elsewhere in this Chapter. At the time the taxpayer files his quarterly or monthly return showing his actual tax liability any prepayments made by the taxpayer shall be credited against his tax liability; in the event that there is tax liability owed by the taxpayer in excess of the prepayment, the taxpayer shall remit such excess at the time of filing his quarterly or monthly return and from such excess shall deduct and withhold one percent (1%) of the amount of the excess. If the tax liability of the taxpayer is less than the prepayment of taxes, the excess of the prepayment shall be recorded as a credit against future tax liability or refunded to the taxpayer as provided for in Article 20.10.

In the event the payment of any taxes due under the applicable provisions of this Chapter are not paid within the time required, or in the event that the taxpayer does not file reports when due as provided by the provisions of this Chapter, the taxpayer forfeits his claim to any discount, including any discount that might have been taken by a taxpayer at the time of making a prepayment.

(F) Return Periods; Quarterly Periods Other Than Calendar Quarters. The Comptroller, if he deems it necessary in order to insure payment to or facilitate the collection by the State of the amount of taxes due, may require returns and payment of the amount of said taxes for quarterly periods other

than calendar quarters, in the case of a particular seller, retailer or purchaser, as the case may be, or for other than quarterly periods.

(G) Delivery of Return: Remittance. The person required to file the return shall deliver the quarterly or monthly return together with a remittance of the net amount of the tax due to the office of the Comptroller.

(H) Penalties for Failure to Pay or Report. If any person shall fail to file a report as required herein or shall fail to pay to the Comptroller the tax as imposed herein when said report or payment is due, he shall forfeit five per cent (5%) of the amount due as a penalty, and after the first thirty (30) days he shall forfeit an additional five per cent (5%). Provided, however, that the penalty shall never be less than One Dollar (\$1). Delinquent taxes shall draw interest at the rate of six per cent (6%) per annum, beginning sixty (60) days from the date due.

(I) Optional Reporting Methods for Certain Vendors.

(1) Notwithstanding any other provision of this Chapter, retail grocers as that term is defined herein, may elect to report their taxable receipts from the sale of tangible personal property by either of the following methods:

(a) Any retail grocer or any vendor who maintains a separate grocery department with separate records which may be audited by the State, as applies to the grocery department only, may determine his taxable receipts from the sale of tangible personal property in the following manner:

(i) Add all invoices for merchandise purchased during the next preceding calendar or fiscal year to obtain a total of such purchases.

(ii) Add all invoices for exempt merchandise purchased during the next preceding calendar or fiscal year to obtain a total of such purchases.

(iii) Divide the total amount of exempt merchandise purchases (item ii) by the amount of total purchases (item i) to obtain a percentage relationship.

(iv) Multiply the total receipts from all sales during the reporting period by the percentage thus obtained (item iii).

(v) Deduct the figure obtained by this multiplication (item iv) from total receipts for the reporting period. The remaining amount will be the taxable receipts from the sale of tangible personal property. To this must be added any purchases upon which the use tax is imposed by Article 20.03 of this Chapter.

This method of calculating taxable receipts from the sale of tangible personal property is available for reporting purposes only and is subject to such audits as the

Comptroller may require. If such audit indicates that the actual tax liability differs from the tax reported and paid, then the Comptroller shall assess additional tax or grant a refund or credit. No penalties or interest shall be assessed on additional taxes disclosed to be due by audit unless said audit discloses fraud or willful evasion of the tax. No interest shall be paid by the State on any overpayment of tax that may be disclosed upon audit.

(b) Any retail grocer whose total receipts do not exceed One Hundred Thousand Dollars (\$100,000) per annum may elect to report and pay the taxes imposed by this Chapter on the basis that his taxable receipts from the sale of tangible personal property are equal to fifteen per cent (15%) of his total receipts.

State audits covering the period during which this method of reporting is being or has been used shall be limited to a determination of the eligibility of the grocer to exercise this option. No additional taxes shall be assessed or refunds or credits allowed because of any showing that the amount of tax paid the State under this method of reporting differs from the amount that would have been paid under any other reporting method.

Grocers electing to use this method of reporting shall be required to continue in the manner prescribed for a period of three (3) years following such election provided the total receipts of such grocers continue to be One Hundred Thousand Dollars (\$100,000) or less. At such time as the gross receipts of any grocer exceed One Hundred Thousand Dollars (\$100,000), such grocer shall, upon the next succeeding calendar month, be ineligible to use this optional method and he shall promptly inform the Comptroller of this fact and shall cease to use such basis immediately. Any retail grocer who fails to inform the Comptroller of his ineligibility shall lose the immunity from audit assessment provided by this subsection and shall be liable for all back assessment, penalties and interest prescribed by this Chapter.

(c) For the purpose of this Section (I), the term "retail grocer" shall mean a retail vendor selling food for human consumption off the premises where sold together with household supplies and nondurable household goods.

(2) Notwithstanding any other provision of this Chapter, any vendor whose taxable receipts from the sale of taxable items are less than ten per cent (10%) of his total receipts may elect to report his taxable receipts from the sale of taxable items by the method set forth by para-

graph (a) of subsection (1) of this Section (I) irrespective of the fact that such vendor may not fall within the definition of the term "retail grocer" as that term is defined by paragraph (c) of subsection (1) of this Section (I).

(3) This Section (I) does not change either the reporting periods or the reporting dates as provided in Article 20.05(A) and elsewhere in this Chapter. The waiver of penalties and interest provided by this Section (I) does not apply to any penalty and interest which may be assessed as a result of failure to file a return or failure to file a return on the proper reporting date or failure to remit with the return the correct amount of the tax due.

(J) **Commingled Tax and Receipts.** Any retailer who establishes an accounting system under which the amount of tax collected pursuant to this Chapter is commingled with the receipts from the sale of taxable items may determine taxable receipts in the following manner:

(1) He shall subtract from his total receipts the receipts from any sales which are specifically exempt from or otherwise excluded from the tax imposed by this Chapter. The remainder shall consist of the receipts from the sale of taxable items plus the tax collected pursuant to the provisions of this Chapter.

(2) This remainder shall then be divided by 1.04. The answer resulting shall be the taxable gross receipts of the retailer for reporting purposes as prescribed by Section (B) of this Article.

The sole purpose of this Section is to permit the widest possible latitude in the internal accounting system of retailers and to avoid requiring certain retailers to remit to the State a tax computed upon a base which already includes the tax imposed by this Chapter. Nothing herein shall be construed to relieve the retailer of the obligation and duty of collecting the tax in the specific manner prescribed by Article 20.021 of this Chapter.

(K) **Direct Payment Procedure Authorized.** The Comptroller shall establish a system of direct payment which shall be applicable to those consumers who meet the qualifications set forth in this Section and who, after approval by the Comptroller, are issued a direct payment permit. The holder of a direct payment permit may issue to all of the vendors or sellers from whom purchases of taxable items are made a blanket exemption certificate covering all future purchases made by the direct payment permit holder and such certificate shall show the number of the direct payment permit and shall specify that the direct payment permit holder agrees to accrue and pay to the State of Texas all taxes which are or may in the future be due on taxable items purchased pursuant to exemption certificate.

(1) Direct payment permits may be issued by the Comptroller after receipt of a written appli-

cation for such a permit. The application shall be accompanied by:

(a) Records establishing the fact that the applicant is a responsible person annually purchasing taxable items having a value when purchased equal to or in excess of Two Hundred Thousand Dollars (\$200,000) exclusive of any purchase for which a resale certificate authorized by Article 20.021(F) of this Chapter can be or could have been issued.

(b) A description, in such detail as the Comptroller may require, of the accounting methods by which the applicant proposes to differentiate between taxable and exempt purchases.

(c) An agreement, in a form prescribed by the Comptroller and signed by the applicant or, if a corporation, by a responsible officer thereof, under which the applicant agrees to accrue and pay all taxes imposed by Article 20.03 of this Chapter on all purchases not specifically exempted by Article 20.04 of this Chapter. The agreement shall stipulate that the applicant agrees to remit the taxes due quarterly on or before the last day of the month next succeeding each quarterly period. Such agreement shall also stipulate that the applicant agrees to waive any claim for the discount authorized by Article 20.05(E) of this Chapter on any tax paid by him pursuant to a direct payment permit, provided, however, that if the applicant holds a valid seller's permit issued under the provisions of Article 20.021(C) of this Chapter he shall continue to be entitled to claim the discounts authorized on sales made pursuant to such seller's permit.

(2) A direct payment permit shall be issued to any applicant who meets, to the satisfaction of the Comptroller, the qualifications set forth in subsection (1) of this Section. The Comptroller shall be the sole judge of whether such qualifications have been met and refusal by the Comptroller to issue a direct payment permit shall not be appealable. Any applicant may, however, request an opportunity to submit an amended application or if denied a direct payment permit, after a reasonable length of time, he may submit a new application.

(3) Persons holding direct payment permits hold them as a matter of revocable privilege and not as a matter of right and the Comptroller may, upon his own initiative and with reasonable notice, cancel any direct payment permit. A cancellation shall not be appealable. The Comptroller shall notify a direct payment permit holder that his permit has been cancelled by registered mail and, immediately upon receipt of such notification, the direct payment permit holder shall contact all of the vendors or sellers from whom purchases of taxable items are

made and notify them that the exemption certificates issued to them pursuant to the direct payment permit are no longer valid. Failure of a person to so notify the vendors or sellers from whom purchases of taxable items are made of the cancellation of a direct payment permit shall be considered as a failure and refusal to pay the Limited Sales, Excise and Use Tax by the person required to issue such notices.

(4) Any direct payment permit holder may voluntarily relinquish such permit by notifying the Comptroller of his desire to relinquish such permit. Such voluntary relinquishment of a direct payment permit shall not be effective until a termination notice is issued by the Comptroller. Immediately upon receipt of the Comptroller's termination notice, the direct payment permit holder shall contact all the vendors or sellers from whom purchases of taxable items are made and notify them that the exemption certificates issued to them pursuant to the direct payment permit are no longer valid. Failure of a person to so notify the vendors or sellers from whom purchases of taxable items are made of the voluntary relinquishment of a direct payment permit shall be considered as a failure and refusal to pay the Limited Sales, Excise and Use Tax by the person required to issue such notice.

Sections 1 to 5 of the 1973 Act amended §§ (A), (C)(1), (E), (G) of this article and § (B)(1) of art. 20.10; § 6 thereof provided: "This Act takes effect on January 1, 1974."

#### Art. 20.06. Deficiency Determination

##### (A) Recomputation of Tax; Determination on Discontinuance of Business.

(1) If the Comptroller is not satisfied with the return or returns of the tax or the amount of tax required to be paid to the State by any person, he may compute and determine the amount required to be paid upon the basis of the facts contained in the return or returns or upon the basis of any information within his possession or which may come into his possession. Nothing in this or any other Section of this Act shall be construed to preclude the Comptroller from proceeding against the consumer for any tax which the consumer should have paid but failed to pay.

(2) When a business is discontinued, a determination may be made at any time thereafter within the periods specified in paragraph (D) of this Article as to liability arising out of that

business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this Chapter.

(B) Penalty for Fraud, Intent to Evade. If any part of a deficiency for which a deficiency determination is made is due to fraud or an intent to evade this Chapter or authorized rules and regulations, a penalty of twenty-five per cent (25%) of the amount of the determination shall be added thereto.

(C) Notice of Comptroller's Determination; Service.

(1) The Comptroller shall give to the retailer or person storing, using or consuming taxable items written notice of his determination.

(2) The notice may be served personally or by mail; if by mail, the notice shall be addressed to the retailer or person storing, using or consuming taxable items at his address as it appears in the records of the Comptroller.

(3) In case of service by mail of any notice required by this Chapter, the service is complete at the time of deposit in the United States Post Office.

(D) Time Within Which Notice of Deficiency Determination to be Mailed; Consent to Later Mailing of Notice.

(1) Every notice of a deficiency determination shall be personally served or mailed within four (4) years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined or within four (4) years after the return is filed, whichever period expires the later. In the case of failure to make a return, every notice of determination shall be mailed or personally served within four (4) years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined.

(2) The limitation specified in this Article does not apply in case of a limited sales tax proposed to be determined with respect to sales of taxable items for the storage, use or other consumption of which notice of a deficiency determination has been or is given pursuant to paragraphs (C), (D)(1) and (G) of this Article, and paragraph (B) of Article 20.07. The limitation specified in this Article does not apply in case of an amount of use tax proposed to be determined with respect to storage, use or other consumption of taxable items for the sale of which notice of a deficiency determination has been or is given pursuant to paragraphs (C), (D)(1), and (G) of this Article, and paragraph (B) of Article 20.07 and to subparagraph 1 of this paragraph.

(3) If, before the expiration of the time prescribed in this Article for the mailing of a notice of deficiency determination, the taxpayer has consented in writing to the mailing of the notice after such time, the notice may be mailed any

time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

**(E) Determination if No Return Made; Estimate and Computation; Discontinuance of Business.**

(1) If any person fails to make a return, the Comptroller shall make an estimate of the receipts of the person, or, as the case may be, of the amount of the total sales, rent or lease price of taxable items sold, rented or leased or purchased, by the person, the storage, use or other consumption of which in this State is subject to the use tax. The estimate shall be made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the Comptroller's possession or may come into his possession. Upon the basis of this estimate, the Comptroller shall compute and determine the amount required to be paid to the State, adding to the sum thus arrived at a penalty equal to ten per cent (10%) thereof. One or more determinations may be made for one or for more than one period.

(2) When a business is discontinued, a determination may be made at any time thereafter within the periods specified in paragraph (D) of this Article as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this Chapter.

**(F) Offsets; Computation; Interest.**

(1) In making a determination, the Comptroller may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

(2) The interest on underpayments shall be computed in the manner set forth in paragraph (G) of Article 20.08.

**(G) Notice of Estimate, Determination and Penalty; Service.** Promptly after making his determination, the Comptroller shall give to the person written notice of the estimate, determination and penalty, the notice to be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

[Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1, eff. July 1, 1963; Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, §§ 32 to 34, eff. Oct. 1, 1969.]

**Art. 20.07. Jeopardy Determinations**

**(A) Jeopardy Determination; When Made; Due Date.** If the Comptroller believes that the collection of any tax or any amount of tax required to be collected and paid to the State or the amount of any determination will be jeopardized by delay, he shall

thereupon make a determination of the tax or amount of tax required to be collected, noting that fact upon the determination. The amount determined is due and payable immediately.

**(B) Nonpayments; Finality of Determination.** If the amount specified in the determination is not paid within twenty (20) days after service of notice thereof upon the person against whom the determination is made, the amount becomes final at the expiration of the twenty (20) days unless a petition for redetermination is filed within the twenty (20) days, a delinquency penalty of ten per cent (10%) of the tax or amount of the tax and the interest provided in paragraph (G) of Article 20.08 shall attach to the amount of the tax or the amount of the tax required to be collected.

**(C) Petition for Redetermination; Deposit of Security.** The person against whom a jeopardy determination is made may petition for the redetermination thereof pursuant to paragraphs (A) through (G) of Article 20.08. He shall, however, file the petition for redetermination with the Comptroller within twenty (20) days after the service upon him of notice of determination. The person shall also within the twenty-day period, deposit with the Comptroller such security as the Comptroller may deem necessary to insure compliance with this Chapter. The security may be sold by the Comptroller in the manner prescribed by paragraph (A), Article 20.09. [Acts 1961, 57th Leg., 1st C.S., p. 71, ch. 24, art. I, § 1; Acts 1963, 58th Leg., p. 371, ch. 138, § 1, eff. July 1, 1963.]

**Art. 20.08. Petition for Redetermination**

**(A) Time to File.**

(1) Any person against whom a determination is made under paragraphs (A) through (G) of Article 20.06, or any person directly interested, may petition for a redetermination within thirty (30) days after service upon the person of notice thereof.

(2) If a petition for redetermination is not filed within the thirty-day period, the determination becomes final at the expiration of the period.

**(B) Oral Hearing; Notice; Continuances.**

(1) If a petition for redetermination is filed within the thirty-day period, the Comptroller shall reconsider the determination and, if the person has so requested in his petition, shall grant the person an oral hearing and shall give him twenty (20) days' notice of the time and place of the hearing.

(2) The Comptroller may continue the hearing from time to time as may be necessary.

**(C) Increase, Decrease and Amount of Determination.** The Comptroller may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the Comptroller at or before the hearing, upon which the petitioner shall be entitled to a thirty-day continuance of the hear-

ing to allow him to obtain and produce further evidence applicable to the items upon which the increase is based.

(D) Order of Comptroller on Petition for Redetermination; Finality of Order. The order or decision of the Comptroller upon a petition for redetermination becomes final thirty (30) days after service upon the petitioner of notice thereof.

(E) Due Date of Determinations; Penalties. All determinations made by the Comptroller under paragraphs (A) through (G) of Article 20.06 are due and payable twenty (20) days after the time they become final. If they are not paid when due and payable, a penalty of ten per cent (10%) of the amount of the determination, exclusive of interest and penalties, shall be added thereto.

(F) Service of Notice. Any notice required by paragraphs (A) through (E) of this Article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(G) Interest for Failure to Pay Tax; Amount; Rates. Any person who fails to pay any tax to the State or any amount of tax required to be collected and paid to the State within the time required, shall pay, in addition to the tax or amount of tax, interest at the rate of six per cent (6%) per annum, beginning sixty (60) days from the date on which the tax or the amount of tax required to be collected became due and payable to the State until the date of payment.

#### Art. 20.09. Collection of Tax

(A) Notice of Delinquency to Persons Holding Credits or Property of Delinquent; Transfer or Disposition of Property or Debt after Notice; Bank Deposits.

(1) If any person is delinquent in the payment of the amount required to be paid by him or in the event a determination has been made against him which remains unpaid, the Comptroller may, not later than three (3) years after the payment became delinquent or within three (3) years after the last recording of a lien, give notice thereof personally or by registered mail to all persons, including any officer or department of the State or any political subdivision or agency of the State, having in their possession or under their control any credits or other personal property belonging to the delinquent, or owing any debts to the delinquent, or persons owing any debts to the delinquent or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or such person. In the case of any State officer, department or agency, the notice shall be given to such officer, department or agency prior to the time it presents the claim of the delinquent taxpayer to the State Comptroller.

(2) After receiving the notice, the persons so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they received the notice until the Comptroller consents to a transfer or disposition, or until sixty (60) days elapse, after receipt of the notice, whichever period expires earlier.

(3) All persons so notified shall, within twenty (20) days after receipt of the notice, advise the Comptroller of all such credits, other personal property, or debts in their possession, under their control, or owing by them.

(4) If such notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice, in order to be effective, shall be delivered or mailed to the office of such bank at which such deposit is carried or at which such credits or personal property is held.

(5) If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld hereunder, to the extent of the value of the property or the amount of the debts thus transferred or paid, he shall be liable to the State for any indebtedness due under this Chapter from the person with respect to whose obligation the notice was given.

(B) Action for Collection of Tax, Penalties, Interest; Limitation. At any time within three (3) years after any tax or any amount of tax required to be collected becomes due and payable, and at any time within (3) years after the delinquency of any tax or any amount required to be collected, or within three (3) years after the last recording of a lien, the Comptroller may bring an action in the courts of this State, or any other State, or of the United States, in the name of the people of the State of Texas, to collect the amount delinquent together with penalties and interest.

(C) Attorney General to Prosecute Action. The Attorney General shall prosecute the action, and the Rules of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals shall be applicable to the proceedings.

(D) Issuance of Writ of Attachment Without Bond, Affidavit. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachment is required.

(E) Evidentiary Effect of Delinquency Certificate. In the action a certificate by the Comptroller showing the delinquency shall be prima facie evidence of the determination of the tax or the amount of the tax, of the delinquency of the amounts set forth, and of the compliance by the Comptroller with all the provisions of this Chapter in relation to the computation and determination of the amounts.

(F) Action for Use Tax; Manner of Service of Process. In any action relating to the use tax brought under this Chapter, process may be served according to the Rules of Civil Procedure or may be served upon any agent or clerk in this State employed by any retailer in a place of business maintained by the retailer in this State. In the latter case, a copy of the process shall forthwith be sent by registered mail to the retailer at his principal or home office.

(G) Judgment for Taxes.

(1) Comptroller May Sue. If any amount required to be paid to the State under this Chapter is not paid when due, the Comptroller may, within three (3) years after the amount is due, file in a court of competent jurisdiction in Travis County, Texas, or any county where the person owing the tax may be a resident or have a place of business, an action for recovery of such tax, together with any penalties and interest. Such action shall be in the form of an action for debt, and the certificate of the Comptroller or his duly authorized agent that the tax is due, specifying the amount due together with penalty and interest, shall be prima facie evidence of the justness and correctness of such claim by the State. Service may be had according to the provisions of Article 20.09, paragraph (F) of this Chapter.

(2) Judgments May be Abstracted. Any judgment obtained in favor of the State by an action brought under this Article may be filed for record with the county clerk of any county in this State and when so filed, shall constitute a lien upon all of the real property in the county owned by the person named as defendant in the judgment or thereafter acquired by him. Such lien shall have the force and effect of a judgment lien for ten (10) years from the date of judgment unless sooner released or discharged.

(3) Release. Upon payment in full of the amount of any judgment obtained under this Article, the Comptroller may issue a release of any such judgment lien. Prior judgments for taxes and penalties shall not bar subsequent suit by the Comptroller for additional taxes, or penalties or interest accruing after any such prior judgment, provided such suits are instituted within three (3) years after such taxes are due.

(4) Execution. Execution may issue upon any judgment obtained under this Article in the same manner as execution may issue in other judgments for debt, and sale shall be held under such execution as prescribed in the Rules of Civil Procedure and Statutes of this State.

(H) Seizure and Sale.

(1) Seizure and Sale. At any time within three (3) years after any person is delinquent in the payment of any amount, the Comptroller may forthwith collect the amount in the following manner: The Comptroller shall seize any

property, real or personal, of the person and sell the property, or a sufficient part of it, at public auction to pay the amount due together with any interest or penalties on account of the seizure and sale. Any seizure made to collect a sales tax due shall be only of property of the vendor not exempt from execution under the laws of this State.

(2) Notice of Sale. Notice of the sale and the time and place thereof shall be given to the delinquent person in writing at least twenty (20) days before the date set for the sale in the following manner: The notice shall be enclosed in an envelope addressed to the person, in case of a sale for limited sales tax due, at his last known address or place of business, and in case of a sale for use taxes due, at his last known residence or place of business in this State. It shall be deposited in the United States mail, postage prepaid. The notice shall also be published for at least ten (10) days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in the county, notice shall be posted in three (3) public places in the county twenty (20) days prior to the date set for the sale. The notice shall contain a description of the property to be sold, a statement of the amount due, including interest, penalties, and costs, the name of the delinquent, and the further statement that unless the amount due, interest, penalties, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much of it as may be necessary, will be sold in accordance with the law and the notice.

(3) Bill of Sale; Deed. At the sale, the Comptroller shall sell the property in accordance with law and the notice and shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests the interest or title of the person liable for the amount in the purchaser. The unsold portion of any property seized may be left at the place of sale at the risk of the person liable for the amount.

(4) Disposition of Proceeds. If upon the sale the moneys received exceed the total of all amounts, including interest, penalties, and costs due the State, the Comptroller shall return the excess to the person liable for the amounts and obtain his receipt. If any person having an interest in or lien upon the property files with the Comptroller prior to the sale notice of his interest or lien, the Comptroller shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the person liable for the amount is not available, the Comptroller shall deposit the excess moneys with the State Treas-

sure, as trustee for the owner, subject to the order of the person liable for the amount, his heirs, successors, or assigns.

**(I) Payment on Termination of Business and Successor's Liability.**

(1) **Withholding by Purchaser.** If any vendor liable for any amount under this Chapter sells out his business or stock of goods or quits the business, his successors or assigns shall withhold sufficient of the purchase price to cover such amount until the former owner produces a receipt from the Comptroller showing that it has been paid or a certificate stating that no amount is due.

(2) **Liability of Purchaser; Release.** If the purchaser of a business or stock of goods fails to withhold purchase price as required, he becomes personally liable for the payment of the amount required to be withheld by him to the extent of the purchase price, valued in money. Within sixty (60) days after receiving a written request from the purchaser for a certificate, or within sixty (60) days from the date the former owner's records are made available for audit, whichever period expires the later, but in any event not later than ninety (90) days after receiving the request, the Comptroller shall either issue the certificate or mail notice to the purchaser at his address as it appears on the records of the Comptroller of the amount that must be paid as a condition of issuing the certificate. Failure of the Comptroller to mail the notice will release the purchaser from any further obligation to withhold purchase price as above provided. The time within which the obligation of the successor may be enforced shall start to run at the time the vendor sells out his business or stock of goods or at the time that the determination against the vendor becomes final, whichever event occurs the later.

**(J) Security for Tax May be Required.** In all cases where he deems that it is necessary to insure compliance with the provisions of this Chapter the Comptroller may require a cash deposit, bond, or other security as a condition to a person obtaining or retaining a permit under this Chapter. Such security shall be in the form and such amount as the Comptroller deems appropriate under the particular circumstances but shall not be in an amount in excess of four times the estimated average quarterly liability for taxes imposed by this Chapter or Fifty Thousand Dollars (\$50,000), whichever is the lesser. Any security required to be deposited may be sold by the Comptroller at public sale if it becomes necessary so to do in order to recover any tax, interest or penalty due. Notice of such sale may be served upon the person who deposited such security personally or by mail. If by mail, notice sent to the last known address, as the same appears in the records of the Comptroller's office shall be sufficient for the purpose of this requirement. Upon such sale the surplus, if any, above the amount due under this

Chapter, shall be returned to the person who deposited the security.

**Art. 20.10. Overpayments and Refunds**

**(A) Certification of Excess Amount Collected: Credit and Refund.** If the Comptroller determines that any amount, penalty or interest has been paid more than once or has been erroneously or illegally collected or computed, the Comptroller shall set forth that fact in his records, and the excess amount collected or paid may be credited on any amount then due and payable from the person under this Chapter. Any balance may be refunded to the person by whom it was paid, or his successors, administrators or executors.

**(B) Claims for Refund, Credit: Limitation.**

(1) No refund shall be allowed unless a claim therefor is filed with the Comptroller by the person who overpaid the tax or his attorney, assignee, executor, or administrator within three (3) years from the last day of the month following the close of the quarterly or monthly period for which the overpayment was made, or within six (6) months after any determination becomes final under paragraphs (A) through (G) of Article 20.06 or within six (6) months from the date of overpayment with respect to such determinations, whichever of these three (3) periods expires the later.

(2) No credit shall be allowed after the expiration of the period specified for filing claims for refund unless a claim for credit is filed with the Comptroller within such period, or unless the credit relates to a period for which a waiver is given pursuant to paragraph (D) under Article 20.06.

**(C) Claims for Refund, Credit: Form: Contents.** Every claim shall be in writing and shall state the specific grounds upon which the claim is founded.

**(D) Effect of Failure to File Claim: Waiver.** Failure to file a claim within the time prescribed in paragraph (B) of this Article constitutes a waiver of any demand against the State on account of overpayment.

**(E) Notice of Disallowance of Claim: Service.** Within thirty (30) days after disallowing any claim in whole or in part, the Comptroller shall serve notice of his action on the claimant in the manner prescribed for service of notice of a deficiency determination.

**(F) Injunction: Other Process to Prevent Tax Collection Prohibited.** No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against this State or enjoin the collection under this Chapter of any tax or any amount of tax required to be collected.

**(G) Action for Refund: Claim as Condition Precedent.** No suit or proceeding shall be maintained in

any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed.

(H) Action for Refund; Time to Sue; Venue of Action; Waiver.

(1) Within ninety (90) days after the mailing of the notice of the Comptroller action upon a claim filed pursuant to this Chapter, the claimant may bring an action against the Comptroller on the grounds set forth in the claim in a court of competent jurisdiction in Travis County, Texas, for recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

(2) Failure to bring action within the time specified constitutes a waiver of any demand against the State on account of alleged overpayment.

(I) Right of Action on Failure to Mail Notice. If the Comptroller fails to mail notice of action on a claim within six (6) months after the claim is filed the claimant may, prior to the mailing of notice by the Comptroller of his action on the claim, consider the claim disallowed and bring an action against the Comptroller on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

(J) Judgment for Plaintiff: Credits: Refund of Balance.

(1) If judgment is rendered for the plaintiff the amount of the judgment shall be credited on any limited sales tax, use tax, penalties or interest due from the plaintiff and the balance of the judgment shall be refunded to the plaintiff.

(K) Allowance of Interest. In any judgment, interest shall be allowed at the rate of six per cent (6%) per annum upon the amount found to have been illegally collected from the date of payment of the amount to date of allowance of credit on account of the judgment, or to a date preceding the date of the refund warrant by not more than thirty (30) days, the date to be determined by the Comptroller.

(L) Recovery of Erroneous Refunds: Action: Jurisdiction and Venue. The Comptroller may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought, within one year from the date of refund or credit, in the name of the State, in a court of competent jurisdiction in the county in which the person involved is located.

(M) Change of Venue in Action to Recover Erroneous Refund. The action shall be tried in the county in which the person involved is a resident unless the court with the consent of the Attorney General orders a change of place of trial.

(N) Attorney General to Prosecute Action for Recovery of Erroneous Refund. The Attorney General shall prosecute the action, and the provisions of State law and the Rules of Civil Procedure relating

to the service of summons, pleadings, proofs, trials and appeals are applicable to the proceedings.

However, the Comptroller may, by general or special order, authorize examination by other State officers, by tax officers of another state, by the Federal Government, if a reciprocal arrangement exists, or by any other person of the records maintained by the Comptroller under this Chapter.

### Art. 22.01. Levy of Tax; Rate and Calculation; Payment

(1) In addition to the occupation tax on producers of natural gas levied by Chapter 3 of this Act, there is hereby levied an occupation tax on the occupation or privilege of obtaining the production of Dedicated Gas within this State, and on the business or occupation of producing such gas, to be known as the "Severance Beneficiary Tax," and to be computed as follows:

The rate of said tax shall be one and one half per cent (1½%) of the market value of gas as and when produced.

In calculating the tax herein levied there shall be excluded:

- (1) gas injected into the earth in this State unless sold for such purpose;
- (2) gas produced from oil wells with oil and lawfully vented or flared;
- (3) gas used for lifting oil unless sold for such purposes;
- (4) gas used in connection with the irrigation of lands in Texas.

(2) The market value of gas subject to the tax hereby levied shall be the value thereof at the mouth of the well except in cases where liquid hydrocarbons are extracted or recovered therefrom in this State, in which event the market value shall be the value of the residue gas remaining after such extraction or removal, and no additional tax on liquid hydrocarbons extracted or recovered from gas is levied by this Chapter.

(3) The tax hereby levied is an occupation tax on the occupation or privilege of obtaining the production of "Dedicated Gas" and on the business or occupation of producing such gas as a "Severance Beneficiary," as these terms are defined herein.

(4) The tax hereby levied shall be a liability of the producer of gas, but if produced for or sold to a severance beneficiary other than the producer, the tax shall be the liability of and paid by the severance beneficiary. It is the intention of this Article that the producer shall be required to pay the tax hereby levied only if the gas is produced for his own use or independent sale and not under any prior contract to produce for sale to another. The provisions in this paragraph shall not be severable and producers shall not be liable for any tax under the provisions of this Article unless severance beneficiaries other than producers are also liable as provided under the terms hereof. If the tax hereby levied is held invalid as to any class of severance beneficiaries, other than gov-

ernmental entities or organizations held to be exempt from taxation, then it shall not be valid as to other severance beneficiaries or producers, and the non-severability provisions of this Article shall prevail over the general severability clause in Section 5 of this Act. It shall be the duty of each producer to keep accurate records in Texas of all gas produced and to make monthly reports under oath as hereinafter provided.

(5) The first purchaser of gas shall pay the tax on gas purchased, and if he is not the severance beneficiary, shall collect the tax so paid from the severance beneficiary, making such payments so collected to the Comptroller of Public Accounts by legal tender or cashier's check payable to the State Treasurer. Such moneys so collected for the payment of this tax shall be held by the purchaser in trust for the use and benefit of the State of Texas and shall not be commingled with any other funds held by such said purchaser, and shall be remitted to the State Treasurer in accordance with the terms and provisions of this Chapter; and it shall be the duty of each such purchaser to keep accurate records in Texas of all such gas purchased or obtained as hereinafter provided and to make and deliver to the Comptroller verified monthly reports thereof. If there is no first purchaser or severance beneficiary other than the producer, then the producer shall pay to the Comptroller the tax levied by this Chapter.

(6) The tax herein levied shall be due and payable at the office of the Comptroller at Austin on the last day of the calendar month, based on the amount of gas produced and saved during the preceding calendar month, and on or before said date each producer and severance beneficiary and first purchaser shall make and deliver to the Comptroller a verified report on forms prescribed by the Comptroller showing the gross amount of gas produced and purchased, less the exclusions and at the pressure base set out herein, upon which the tax herein levied accrues, together with details as to amounts of gas, from what leases said gas was produced, and the correct name and address of the severance beneficiary, and first purchaser and such other information as the Comptroller may desire, such report to be accompanied by legal tender or cashier's check payable to the State Treasurer for the proper amount of taxes herein levied.

(7) Provided, that unless such payment of tax on all gas produced during any month or fractional part thereof shall be made on or before the date due as hereinabove specified, such payment shall become delinquent and a penalty of ten per cent (10%) of the amount of the tax shall be added; such tax and penalty shall bear interest at the rate of six per cent (6%) per annum from date due until date paid. [Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

### Art. 22.02. Definitions

(1) For the purpose of this Chapter, "Producer" shall mean any person (other than a non-operating royalty owner) owning, controlling, managing, or

leasing any gas well or land producing gas, and any person who produces in any manner any gas by taking it from the earth or waters in this State.

(2) "First Purchaser" shall mean any person purchasing gas from the producer.

(3) "Dedicated Gas" shall include all gas withdrawn from the lands or waters of this State for the use and benefit of a severance beneficiary.

(4) "Severance Beneficiary" shall mean any person for whose use and benefit gas is withdrawn from the land or waters of this State. Where a contract in writing confers upon one person the prior right to take title to gas produced from particular lands, leases or reservoirs in this State and other persons are obligated to maintain and operate wells, gathering or dehydration facilities or to process or treat such gas so as to make delivery thereof as required by such contract, it shall be conclusively presumed

(i) that by such contract gas in place under lands or leases or within such reservoirs has been pledged, dedicated and set apart to satisfy such contract and

(ii) that any gas which is delivered and accepted under such contract has been withdrawn from the lands and waters of this State for the use and benefit of the person taking title to such gas by virtue of such contract.

If there be more than one such contract covering the same gas, the tax hereby levied shall be the liability of the person who ultimately takes title to the gas in this State by virtue of such contracts. In all other instances, it shall be conclusively presumed that gas when withdrawn from the lands and waters of this State is withdrawn for the use and benefit of the person taking it from the land or waters in this State and having the original possessory right there-to as and when the same is produced.

(5) "Gas" shall mean natural and casinghead gas or other gas taken from the earth or waters, regardless of whether produced from a gas well or from a well also productive of oil, distillate, and/or condensate, or other products.

(6) The term "Casinghead Gas" shall mean any gas and/or vapor indigenous to an oil stratum and produced from such stratum with oil.

(7) "Report" shall mean any report required to be furnished in this Chapter or that may be required by the Comptroller in the administration of its provisions.

(8) "Person" shall include any person, firm, concern, receiver, trustee, executor, administrator, agent, institution, association, partnership, company, corporation, and persons acting under declarations of trust as well as the trustees acting under such declarations of trust.

(9) "Production" or "Total Gas Produced" shall mean the total gross amount of gas produced. The tax imposed by this Chapter shall be measured or determined by meter readings showing one hundred per cent (100%) of the full volume expressed in cubic feet.

(10) For the purposes of this Chapter, the term "Cubic Foot of Gas" or "Standard Cubic Foot of Gas" means the volume of gas (including natural and casinghead) contained in one (1) cubic foot of space at a standard pressure base and at a standard temperature base. The standard pressure base shall be 14.65 pounds per square inch absolute, and the standard temperature base shall be sixty (60) degrees Fahrenheit. Whenever the conditions of pressure and temperature differ from the above standard, conversion of the volume from these conditions to the standard conditions shall be made in accordance with the Ideal Gas Laws, corrected for deviation.

(11) "Comptroller" shall mean Comptroller of Public Accounts of the State of Texas.  
[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.03. Erroneous Payment; Failure to Pay Tax

(1) When it shall appear that a taxpayer to whom the provisions of this Chapter shall apply has erroneously paid more taxes than were due during any tax-paying period either on account of a mistake of fact or law, it shall be the duty of the State Comptroller to credit the total amount of taxes due by such taxpayer for the current period with the total amount of taxes so erroneously paid.

(2) The failure of a first purchaser or a severance beneficiary to pay the tax levied by this Chapter shall not relieve any subsequent purchaser from the payment of same, and it shall be the duty of every person purchasing gas produced in Texas to satisfy himself or itself that the tax on said gas has been or will be paid by the person primarily liable therefor.  
[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.04. Reports and Investigations; Rules and Regulations; Administration of Chapter

The Comptroller shall employ auditors and/or other technical assistants for the purpose of verifying reports and investigating the affairs of producers, purchasers, and severance beneficiaries to determine whether the tax is being properly reported and paid. He shall have the power to enter upon the premises of any taxpayer liable for a tax under this Chapter, and any other premises necessary in determining the correct tax liability, and to examine, or cause to be examined, any books or records of any persons, subject to a tax under this Chapter, and to secure any other information directly or indirectly concerned in the enforcement of this Chapter, and to promulgate and enforce, according to law, rules and regulations pertinent to the enforcement of this Chapter, which shall have the full force and effect of law. Before any division or allotment of the occupation tax collected under the provisions of this Chapter is made, one half (½) of one per cent (1%) of the gross amount of said tax shall be set aside in the Treasury for the use of the Comptroller in the administration and enforcement of the provisions of this Chapter; and so much of the said proceeds of

one half (½) of one per cent (1%) of the occupation tax paid monthly as may be needed in such administration and enforcement is hereby allocated for such purpose, subject however to appropriation by the Legislature.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.05. Suits Against Delinquents for Injunction

In the event any severance beneficiary or first purchaser of gas in this State shall become delinquent in the payment of the proper taxes herein imposed, or fails to file required reports with the Comptroller, the Attorney General by a suit in the name of the State of Texas shall have the right to enjoin such persons from producing, purchasing, delivering or taking delivery of gas until the delinquent tax is paid or said reports filed, and the venue of any such suit for injunction is hereby fixed in Travis County.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.06. Penalties; Lien of State

Severance beneficiaries, first purchasers and producers shall be subject to a penalty of not less than One Hundred Dollars (\$100) nor more than One Thousand Dollars (\$1,000) for failure or omission to keep the records required herein or for the violation of any of the other provisions hereof, and each day's violation shall constitute a separate offense. The State shall have a prior lien for all delinquent taxes, penalties and interest on all property and equipment used by a severance beneficiary or first purchaser of gas in his business of producing gas or purchasing gas, and if any severance beneficiary or first purchaser of gas shall fail to remit the proper taxes, penalties, and interest due, or any of them, the Comptroller may employ auditors or other persons to ascertain the correct amount due, and the severance beneficiary and first purchaser of gas shall be liable, as additional penalty, for the reasonable expenses or the reasonable value of such services of representatives of the Comptroller incurred in such investigation and audit; provided, that all funds collected for audits and examinations shall be placed in the Natural and Casinghead Gas Audit Fund in the State Treasury and shall constitute a revolving fund which may be used from time to time by the Comptroller in making such audits in addition to the general appropriation made for such purposes, and all of said funds to be placed in said Natural and Casinghead Gas Audit Fund are hereby allocated for such purpose. The Attorney General shall file suit in the name of the State of Texas for all delinquent taxes, penalties, and other amounts due, and for the enforcement of all liens under this law; and the venue of any such suit is hereby fixed in Travis County.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.07. Evidence in Suit by State; Reports; Transfer of Lease

(1) If any severance beneficiary or first purchaser of gas fails or refuses to pay any tax, penalty, or

interest within the time and manner provided by this Chapter and it becomes necessary to bring suit or to intervene in any manner for the establishment or collection of said claim in any judicial proceedings, any report filed in the office of the Comptroller by such severance beneficiary or first purchaser or representative of said severance beneficiary or purchaser, or a certified copy thereof certified to by the Comptroller of Public Accounts showing the amount of gas produced on which tax, penalties or interest have not been paid, or any audit made by the Comptroller or his representative from the books of said severance beneficiary or purchaser when filed and sworn to by such representative as being made from the records of said severance beneficiary or first purchaser, such report or audit shall be admissible in evidence in such proceedings and shall be prima facie evidence of the contents thereof; provided, however, that the incorrectness of said report or audit may be shown; provided further, that such report or audit may be admitted in evidence only against the party by or from whom it was made.

(2) In the event the Attorney General shall file suit or claim for taxes, provided for in the foregoing, and attach or file as an exhibit any report or audit of said severance beneficiary or first purchaser, and an affidavit made by the Comptroller or his representative that the taxes shown to be due by said report or audit are past due and unpaid, and that all payments and credits have been allowed, then, unless the party resisting the same shall file an answer in the same form and manner as required by Article 3736, Revised Civil Statutes of Texas of 1925, as amended by Chapter 239, Acts of the Regular Session of the Forty-second Legislature, said audit or report shall be taken as prima facie evidence thereof, and the proceedings of said Chapter are hereby made applicable to suits to collect taxes hereunder.

(3) On notice from the State Comptroller, it shall be unlawful for any person to produce or remove any gas from any lease in this State whenever the severance beneficiary, first purchaser or producer has failed to file reports as required under the provisions of this Chapter.

(4) Whenever any lease producing gas changes hands, it shall be the duty of the owner or operator of said lease to note on his last report that said lease has been sold or transferred, showing the effective date of said change and the name and address of the person who will operate said lease and be responsible for the filing of reports provided for in this Chapter. It further shall be the duty of the new owner or operator of said lease to note on his first report that said lease has been acquired, showing the effective date of said change and the name and address of the person formerly owning and/or operating said lease.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.08. Nonliability of Producer

The tax hereinabove imposed shall never be the liability or the obligation of the producer, except in

those cases where the producer is the severance beneficiary as herein defined.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]

#### Art. 22.09. Nonseverability Clause

The provisions of this Chapter are hereby declared to be nonseverable; and if this Chapter is declared invalid by a final judgment of a court of competent jurisdiction as to any severance beneficiary, it shall be invalid from the beginning as to the producer and all other severance beneficiaries. The provisions of this Article shall prevail over the provisions of the general severability clause in Section 5 of this Act as to this Chapter.

[Acts 1959, 56th Leg., 3rd C.S., p. 187, ch. 1.]
